

Arizona State University

Academic Catalog Archive

2022-2023

This document provides an archival record of the academic programs offered during the 2022-2023 academic year. It is a printable option of the online catalog for accreditation organizations, agencies and university offices for data collection, evaluation purposes and referencing. The information and links presented in this archive may no longer be accurate. For current catalog information, refer to the online version of the academic catalog.

Corrections or additions to the Academic Catalog Archive 2022-2023 program information and major maps, as of August 2022, may be provided in a future addendum. For inquiries or questions, please contact academic.catalog@asu.edu.

About this document

To navigate this version of the Academic Catalog 2022-2023, refer to the table of contents and the bookmarks provided. The table of contents provides a hyperlinked listing of resources in the order in which they appear in this document. Keyword searches may be employed as an additional means of locating resources within this document.

This document contains program descriptions and requirements for graduate degrees and certificates, undergraduate degrees, minors and undergraduate certificates. Major maps, included for undergraduate degrees, outline each degree's requirements and a recommended sequence of courses. While Arizona State University continues their established special transfer partnerships with Arizona community colleges to facilitate the transition to ASU, Maricopa to ASU Pathways Program (MAPP) documents and Transfer Admission Guarantee (TAG) documents for established undergraduate degrees are no longer published as they are now being created on-demand and specific to the transferring student.

Our approach: ASU mission and goals

ASU charter

ASU is a comprehensive public research university, measured not by whom it excludes, but by whom it includes and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities it serves.

ASU Charter Video [1] on Youtube

Mission and goals

Demonstrate leadership in enabling academic excellence and accessibility at scale

Maintain the fundamental principle of accessibility to all students qualified to study at a research university.

Maintain university accessibility to match Arizona's socioeconomic diversity, with undifferentiated outcomes for success.

Ensure that **more than 90 percent** of students continue studies beyond their first year.

Enhance university graduation rate to **greater than 85 percent** and more than **40,000** graduates.

Continuously enhance quality while maintaining affordability.

Overcome geographic and financial barriers to education by enrolling **140,000** degree-seeking students.

Continuously increase measured student development and learning outcomes.

Engage learners of all socioeconomic, geographic and demographic backgrounds.

Establish national standing in academic quality and impact of colleges and schools in every field

Advance and maintain national standing in academic quality for each college and school.

Attain national standing in the learning and post-graduation outcomes for students in all colleges and schools.

Become the leading university academically (faculty, discovery, research, creativity) in at least one department or school within each college and school.

Establish ASU as the leading global center for interdisciplinary research, discovery and development by 2027

Become the leading American center for discovery and scholarship in the integrated social sciences, and comprehensive arts and sciences.

Enhance research competitiveness to more than **\$1 billion** in annual research expenditures.

Drive regional economic competitiveness through research, discovery and socioeconomically integrated programs.

Serve as a leading American center for innovation and entrepreneurship.

Enhance our local impact and social embeddedness

Become the leading American center for discovery and scholarship in the integrated social sciences, and comprehensive arts and sciences.

Enhance research competitiveness to more than **\$1 billion** in annual research expenditures.

Drive regional economic competitiveness through research, discovery and socioeconomically integrated programs.

Serve as a leading American center for innovation and entrepreneurship.

A New American University

Arizona State University exemplifies a new prototype for the American public research university.

More than a decade ago, ASU set forth a new and ambitious trajectory to become a comprehensive knowledge enterprise dedicated to the simultaneous pursuit of excellence, broad access to quality education, and meaningful societal impact. From that point forward, and founded on a vision for a new "gold standard", all of its energy, creativity and manpower have been brought to bear on the design of a uniquely adaptive and transdisciplinary university committed to producing master learners.

Learn more [2]

Eight design aspirations

Eight design aspirations guide the ongoing evolution of ASU as a New American University. These institutional objectives are integrated in innovative ways throughout the university to achieve excellence, access and impact.

Leverage our place

ASU embraces its culture, socioeconomic and physical setting.

Enable student success

ASU is committed to the success of each unique student.

Transform society

ASU catalyzes social change by being connected to social needs.

Fuse intellectual disciplines

ASU creates knowledge by transcending academic disciplines

Value entrepreneurship

ASU uses its knowledge and encourages innovation.

Be socially embedded

ASU connects with communities through mutually beneficial partnerships.

Conduct use-inspired research

ASU research has purpose and impact.

Engage globally

ASU engages with people and issues locally, nationally and internationally.

ASU President's Statement to Tribes

ASU Commitment to American Indian Tribes

Arizona State University is located in Indian Country; there are 22 tribal nations in Arizona. The Tempe campus sits on the ancestral homelands of those American Indian tribes that have inhabited this place for centuries, including the Akimel O'odham (Pima) and Pee Posh (Maricopa) peoples.

In keeping with the design aspirations of the New American University, ASU seeks to embrace our place, connect with tribal communities, and enable the success of each American Indian student. We reaffirm the university's commitment to these goals and acknowledge that everyone, the entire ASU community, is responsible for their achievement.

ASU continues to develop an impressive cohort of scholars engaged in American Indian cultural, social, educational, legal, and economic issues. We have built world-class programs in American Indian Studies, American Indian Legal Studies, and Indigenous conceptions of justice. Our work, however, is not complete. We must further enhance our capacity to leverage place, transform society, conduct use-inspired research, enable student success, work across disciplines, integrate Indigenous knowledge and engage Indigenous issues globally. We are committed to providing access, retaining and graduating American Indian students in a climate that is welcoming and respectful of their languages and cultures. Foundational to these goals, we commit to creating an environment of success and possibility for American Indian students at ASU.

We are dedicated to supporting tribal nations in achieving futures of their own making. We will partner with tribal nations to: address the ravages of paternalism; improve educational achievement of American Indian children, youth, and adults; create innovative and appropriate use and development of natural resources; conceptualize and implement responses to physical and mental health challenges; and build and strengthen leadership capacities to address challenges for Native nations in the 21st Century and beyond. And we will enhance and foster an environment of success and unlimited possibilities for American Indians at ASU.

This work acknowledges our indisputable recognition of place and reinforces our mission as the New American University.

[2] <https://inclusion.asu.edu>

Inclusion at ASU

Arizona State University is deeply committed to positioning itself as one of the great new universities by seeking to build excellence, enhance access and have an impact on our community, state, nation and the world. To do that requires our faculty and staff to reflect the intellectual, ethnic and cultural diversity of our nation and world so that our students learn from the broadest perspectives, and we engage in the advancement of knowledge with the most inclusive understanding possible of the issues we are addressing through our scholarly activities.

We recognize that race and gender historically have been markers of diversity in institutions of higher education. However, at ASU, we believe that diversity includes additional categories such as socioeconomic background, religion, sexual orientation, gender identity, age, disability, veteran status, nationality and intellectual perspective.

Diversity philosophy

Arizona State University is deeply committed to positioning itself as one of the great new universities by seeking to build excellence, enhance access and have an impact on our community, state, nation and the world.

To do that requires our faculty and staff to reflect the intellectual, ethnic and cultural diversity of our nation and world so that our students learn from the broadest perspectives, and we engage in the advancement of knowledge with the most inclusive understanding possible of the issues we are addressing through our scholarly activities.

As one part of this commitment, we have developed a strategic plan for diversity at ASU. Developed in consultation with a wide variety of constituencies within the university and the deans, this plan, called “Building blocks for success through people, programming and policies,” contains a statement that serves as an ongoing touchstone of our commitment, and several specific initiatives that will change and evolve over time, depending on the challenges and opportunities we have before us.

Diversity is defined in terms of representation and inclusion. Representation reflects the extent to which our students, staff, faculty and administrators proportionately reflect the regional and national populations served by our public institution. Inclusion encompasses empowerment and voice among all members of the university community in the areas of scholarship, teaching, learning and governance.

We recognize that race and gender historically have been markers of diversity in institutions of higher education; we further believe that diversity includes additional categories such as socioeconomic background, religion, sexual orientation, gender identity, age, disability, veteran status, nationality and intellectual perspective.

Academic accreditation

Arizona Board of Regents

Mission, vision, history

Mission

The Arizona Board of Regents is committed to ensuring access for qualified residents of Arizona to undergraduate and graduate institutions; promoting the discovery, application, and dissemination of new knowledge; extending the benefits of university activities to Arizona's citizens outside the university; and maximizing the benefits derived from the state's investment in education.

Vision

The Arizona Board of Regents seeks to provide leadership and a unifying voice on key higher education issues and to influence public policy through advocacy and initiatives founded upon evidence-based research. Synergies from a unified higher education system will provide access and the highest quality education to Arizona's citizens.

The Arizona public universities provide bachelor's level and higher public education, advance human knowledge through scholarly research and creative expression, and serve key roles as major partners in statewide economic development and community advancement.

The board's promise to Arizona

Increase postsecondary access and attainment for Arizona students; to seek solutions to societal challenges; and to do both while increasing quality, affordability and efficiency.

History

In 1864, the first Territorial Legislature authorized the establishment of the University of Arizona and provided for the management, direction, governance, and control by a Board of Regents. The state colleges, one in Tempe and one in Flagstaff, were governed by a three-member State Board of Education that included the Superintendent of Public Instruction and two members appointed by the Governor.

In March of 1945, the Governor signed House Bill 136 uniting the governing boards of the university and state colleges of Arizona. The authority of the Board of Regents expanded to include the Arizona State Teachers College at Tempe (since 1958 Arizona State University), and Arizona State Teachers College at Flagstaff (since 1966 Northern Arizona University).

Source URL: <https://www.azregents.edu/board/mission-vision-history>

Board members

The Arizona Board of Regents is the governing board for the state's public universities: Arizona State University, Northern Arizona University, and the University of Arizona. The board provides policy guidance in such areas as: academic and student affairs; financial and human resource programs; student tuition, fees, and financial aid programs; university capital development plans; strategic plans; legal affairs; and public and constituent outreach.

The board consists of twelve members, eleven voting and one non-voting. This includes the governor and superintendent of public instruction as ex-officio members, each serving while they hold office, and two student regents.

Except for ex-officio members and student regents, and as noted, the term of a regent is eight years. As regents finish their terms, new regents are appointed by the governor and confirmed by the Senate.

History

In 1864, the first Territorial Legislature authorized the establishment of the University of Arizona and provided for the management, direction, governance, and control by a Board of Regents. The state colleges, one in Tempe and one in Flagstaff, were governed by a three-member State Board of Education that included the superintendent of public instruction and two members appointed by the governor. In March of 1945, the governor signed House Bill 136 uniting the governing boards of the university and state colleges of Arizona. The authority of the Board of Regents expanded to include the Arizona State Teachers College at Tempe (since 1958 Arizona State University), and Arizona State Teachers College at Flagstaff (since 1966 Northern Arizona University).

History and selection of student regent

The student regent is chosen through a rigorous process that begins with candidates applying to the Board of Associated Students of Arizona. The student board forwards three final candidates to the local student government on campus where the nominees are then confirmed and forwarded to the governor's office. After the governor conducts interviews, he or she nominates one student for the position. The governor's nominee must then be confirmed by the Arizona Senate.

A student was first added to the board in a non-voting position in 1978, and the student regent was granted voting privileges during the 1989-90 term. During the 44th legislative session in 2000, a second, non-voting student member was added to the Arizona Board of Regents. Student regents are now appointed for two years; the first year is served as a non-voting member and the second year as the voting student regent.

University Program Review and Accreditation Office

The University Program Review and Accreditation Office is housed within the Office of the University Provost, and is responsible for ensuring the quality education provided at Arizona State University. We do this through a few branches of work which are outlined below. Please visit our individual web pages to get a more detailed overview of each section. All Arizona State University academic programs are fully accredited by the Higher Learning Commission. Verify status here [1].

Liaison to the Higher Learning Commission (HLC)

The UPRA Office monitors institutional compliance with HLC policies and assumed practices and coordinates the institutional reviews for continuing accreditation by the HLC. UPRA also facilitates HLC approval of program and/or institutional changes when required. Currently, our big project is preparing for our ten-year HLC comprehensive reaccreditation visit [2] in 2022–2023.

Specialized accreditation oversight

The UPRA Office works closely with academic units and programs that seek new accreditation or seek re-accreditation [3] from external governing bodies. These accreditations ensure our programs adhere to industry and national standards. Our oversight includes coordinating meetings between site visitors and university administrators, reviewing self-studies and briefing papers, collecting site visitor reports and responses to the report, as well as acting as the repository for all accreditation documents.

Academic program review oversight

The Arizona Board of Regents (2-208) requires academic program reviews [4] at least once every seven years. Periodic program reviews provide a mechanism for faculty to evaluate the effectiveness, progress and status of their academic programs on a continuous basis. The UPRA Office is responsible for oversight of program reviews. Our office coordinates the academic program review process, which covers all program inventory of an academic unit including undergraduate and graduate programs as well as other curricular and co-curricular offerings. The reviews include a review of faculty contributions to the unit, facilities and resources, attention to missions, and many other aspects of the unit to ensure continuous quality improvement.

Centers and institutes oversight

Arizona State University is home to various centers and institutes [5] that blend the passions of exceptional teachers and scholars across disciplines. Our centers and institutes address large, complex problems and challenges facing society in hopes of finding solutions and making the world a better place. University Program Review and Accreditation Office provides review oversight for these centers and institutes.

Academic program review

Purpose and guiding principles

The Arizona Board of Regents (2-208) requires Academic Program Reviews at least once every seven years. Periodic program reviews provide a mechanism for faculty to evaluate the effectiveness, progress and status of their academic programs on a continuous basis. At Arizona State University, the Executive Director for the University Program Review and Accreditation (UPRA) Office also serves as the Accreditation Liaison Officer (ALO) for ASU with the Higher Learning Commission. The UPRA Office in the Office of the University Provost coordinates the Academic Program Review process, which covers all program inventory of an academic unit including undergraduate and graduate programs as well as other curricular offerings housed within the unit under review.

The program review process is intended to provide a comprehensive assessment of the current status of an academic unit based on its programs, activities and achievements since its last program review while also providing the unit the opportunity to think strategically regarding its curricular offerings and its future direction. In doing so, the unit provides comparisons with its peers, identifies strengths and weaknesses in its curricula and pedagogy; assesses student quality and learning outcomes; provides an account of faculty contributions in teaching, research/creative activities, and service; assesses resource availability and needs; and summarizes special features or services provided by the unit. Finally, and perhaps most importantly, the program review should allow the unit, in conjunction with the university, to plan to build on existing strengths, maximize opportunities for growth and innovatively problem solve.

APR for units with specialized accreditation

Arizona Board of Regents Policy allows specialized accreditation reports to substitute for an APR, although expectations are that areas missed in the specialized review are addressed separately. For example, ABET reviews only undergraduate engineering programs, so the UPRA Office also gathers a review of graduate programs using a modified self-study template (see the example from the School of Electrical, Computer and Energy Engineering [1]).

The APR process allows the unit to evaluate thoroughly and candidly:

- The mission and goals of the program and it's relation to those of the university.
- Its future direction and strategic initiatives.
- The reputation of the program among peers in the discipline.
- The educational objectives, curriculum, and student learning outcomes of undergraduate and graduate programs.
- The quality of teaching and retention and graduation rates for undergraduate and graduate students.
- The quality and diversity of faculty and staff (including retention rates for underrepresented faculty) and their contributions to program mission and goals.
- Resources (e.g., laboratories, physical facilities)
- Readiness for accreditation, if appropriate.

The guiding principles for the APR process include:

- The process should be broadly participatory involving faculty, students, staff administrators, and relevant community constituents.
- The APR should provide a framework for excellence; an opportunity to explore, enhance, and integrate student learning and faculty teaching, service and scholarly efforts into the unit's mission and goals.

- The process should facilitate short-term and long-term strategic planning in areas such as curricula development, resource allocation (e.g., financial, physical), faculty/staff hiring/workload and research foci.
- The APR provides the opportunity for the university to account for its use of public resources and facilitate relationships with its various constituencies.

Those directly responsible for the APR process should familiarize themselves with all parts of the manual [2] along with the related checklists and appendices [3].

Programs with specialized accreditation

Arizona State University programs with specialized accreditation are listed by academic unit.

College of Health Solutions

Accredited programs	Accrediting agencies
BS, Dietetics MS, Nutritional Science with ACEND-Accredited Dietetic Internship	Accreditation Council for Education in Nutrition and Dietetics (ACEND)
MS, Genetic Counseling	Accreditation Council for Genetic Counseling (ACGC)
AuD, Audiology MS, Communication Disorders	Council on Academic Accreditation
BAS, Applied Science	National Accrediting Agency for Clinical Laboratory Sciences

College of Integrative Sciences and Arts

Accredited programs	Accrediting agencies
PhD, Counseling Psychology	American Psychological Association (APA)

Edson College of Nursing and Health Innovation

Accredited programs	Accrediting agencies
BSN, Nursing DNP, Advanced Nursing Practice MS, Nursing	Arizona State Board of Nursing/Commission of Collegiate Nursing Education (CCNE)
MS, Clinical Research Management	Commission on Accreditation of Allied Health Education Programs

Herberger Institute for Design and the Arts

School of Music

Accredited programs	Accrediting agencies
BMUS, Music Therapy MM, Music Therapy	American Music Therapy Association (AMTA)
BA, Music BMUS, Music Education BMUS, Music Therapy BMUS, Performance BMUS, Theory & Composition DMA, Music MA, Music MM, Composition MM, Music Education MM, Music Therapy MM, Performance PhD, Music	National Association of Schools of Music (NASM)

The Design School

Accredited programs	Accrediting agencies
BSLA, Landscape Architecture MLA, Landscape Architecture	Landscape Architectural Accreditation Board (LAAB)

MArch, Architecture	National Architectural Accrediting Board (NAAB)
BSD, Graphic Design BSD, Industrial Design MID, Industrial Design MVCD, Visual Communication Design	National Association of Schools of Art and Design (NASAD)
BSD, Interior Design MIA, Interior Architecture	Council for Interior Design Accreditation (CIDA)

Ira A. Fulton Schools of Engineering

Accredited programs	Accrediting agencies
BS, Graphic Information Technology	Accrediting Council for Collegiate Graphic Communications, Inc. (ACCGC)
BS, Construction Management & Technology	American Council for Construction Education (ACCE)
BS, Aeronautical Management Technology BS, Air Traffic Management	Aviation Accreditation Board International (AABI)
BS, Computer Science BS, Information Technology	Computing Accreditation Commission of ABET
BS, Manufacturing Engineering BS, Software Engineering BSE, Aerospace Engineering BSE, Biomedical Engineering BSE, Construction Engineering BSE, Chemical Engineering BSE, Civil Engineering BSE, Computer Systems Engineering BSE, Electrical Engineering BSE, Engineering BSE, Engineering Management BSE, Industrial Engineering BSE, Materials Science & Engineering	Engineering Accreditation Commission of ABET

BSE, Mechanical Engineering

Sandra Day O'Connor College of Law

Accredited programs	Accrediting agencies
JD, Law	American Bar Association (ABA)

The College of Liberal Arts and Sciences

Department of Psychology

Accredited programs	Accrediting agencies
PhD, Psychology (clinical training)	American Psychological Association (APA)
PhD, Psychology (clinical training)	Psychological Clinical Science Accreditation System (PCSAS)

School of Geographical Sciences and Urban Planning

Accredited programs	Accrediting agencies
MUEP, Urban & Environmental Planning	Planning Accreditation Board (PAB)

School of Mathematical and Statistical Sciences

Accredited programs	Accrediting agencies
BS, Actuarial Science	Society of Actuaries

School of Molecular Sciences

Accredited programs	Accrediting agencies
BS, Chemistry	American Chemical Society

Thunderbird School of Global Management

Accredited programs	Accrediting agencies
BGM, Global Management BS, International Trade MA, Global Affairs & Management MALM, Applied Leadership & Management MGM, Global Management	American Association of Colleges and Schools of Business (AACSB) International

Walter Cronkite School of Journalism and Mass Communication

Accredited programs	Accrediting agencies
BA, Journalism & Mass Communication BA, Sports Journalism MA, Investigative Journalism MA, Sports Journalism MCC, Mass Communication	Accrediting Council on Education in Journalism and Mass Communications (ACEJMC)

Watts College of Public Service and Community Solutions

School of Community Resources and Development

Accredited programs	Accrediting agencies
BS, Parks & Recreation Management BS, Recreation Therapy	Council on Accreditation for, Parks, Recreation, Tourism and Related Professions (COAPRT)
BS, Nonprofit Leadership & Management Master of Nonprofit Leadership & Management	Nonprofit Academic Centers Council (NACC)

School of Public Affairs

Accredited programs	Accrediting agencies
MPA, Public Administration	Network of Schools of Public Policy, Affairs, and Administration (NASPAA)

School of Social Work

Accredited programs	Accrediting agencies
BSW, Social Work MSW, Social Work	Council of Social Work Education (CSWE) Commission on Accreditation (COA)

W. P. Carey School of Business

Accredited programs	Accrediting agencies
BA, Business BS, Accountancy BS, Business Administration BS, Business Data Analytics BS, Business Entrepreneurship BS, Computer Information Systems BS, Economics BS, Finance BS, Management BS, Marketing BS, Supply Chain Management DBA, Global Financial Management MACC, Accountancy MBA, Business Administration MHSM, Health Sector Management MRED, Real Estate Development MS, Business Analytics MS, Economics MS, Finance MS, Global Logistics MS, Information Systems Management MS, Management MS, Supply Chain Management MS, Supply Chain Management & Engineering MSP, Business Administration MTAX, Taxation PhD, Business Administration	Association to Advance Collegiate Schools of Business (AACSB International)

Locations of record

For the 2022-2023 academic year, Arizona State University offered degree-granting programs at the following locations.

Downtown Phoenix campus

411 N Central Ave
Phoenix, AZ 85004

Polytechnic campus

7001 E Williams Field Rd
Mesa, AZ 85212

Tempe campus

1151 S Forest Ave
Tempe, AZ 85287

West campus

4701 W Thunderbird Rd
Glendale, AZ 85306

ASU at Cochise

901 Colombo Ave
Sierra Vista, AZ 85635

ASU at Hainan

Hainan, China

ASU at Lake Havasu

100 University Way
Lake Havasu, AZ 86403

ASU at Los Angeles

1111 S Broadway
Los Angeles, CA 90015

ASU at Mesa City Center

50 N Centennial Way
Mesa, AZ 85201

ASU at Mexico City

Mexico City, Mexico

ASU at Northeastern Arizona

1001 W Deuce of Clubs
Show Low, AZ 85901

ASU at Pima

2202 W Anklam Rd
Tucson, AZ 85709

ASU at Pinal

540 N Camino Mercado
Casa Grande, AZ 85122

ASU at The Gila Valley

615 N Stadium Ave
Thatcher, AZ 85552

Academic calendar

ASU regularly offers classes in the fall, spring and summer terms with the following components:

Fall/Spring session A:

first 7.5-week session

Fall/Spring session B:

second 7.5-week session

Fall/Spring session C:

full semester (15 weeks plus final exams)

Summer session A:

first 6-week session

Summer session B:

second 6-week session

Summer session C:

8-week session

If a class is scheduled in a session other than Session A, B or C, the drop/add/withdrawal deadlines are prorated based on the length of the class. Check the calendar icon  next to each class on your schedule in My ASU for the prorated deadline dates.

Fall 2022

Session A: Thursday, 8/18/2022 – Friday, 10/7/2022

Session B: Wednesday, 10/12/2022 – Friday, 12/2/2022

Session C: Thursday, 8/18/2022 – Friday, 12/2/2022 (Final Exams 12/5/2022 - 12/10/2022)

Action	Dates		
Schedule of Classes Available [2]	February 21, 2022		
Registration Dates Begin [3]	In-Person students: February 24, 2022 ASU Online students: February 25, 2022		
\$50.00 Late Registration Fee Begins [4] (does not apply to ASU Online students)	Session A August 10, 2022	Session B October 4, 2022	Session C August 10, 2022
Tuition Fee Payment Deadline - for registration through 8/18/2022. For more information see Tuition and Deadlines [5]	August 25, 2022		
Classes Begin	Session A August 18, 2022	Session B October 12, 2022	Session C August 18, 2022

Academic Status Reports [6] – Faculty have the opportunity to provide weekly feedback during each session. Students can view ASRs in MyASU within 24 hours after each weekly reporting period closes on Sundays	Session A August 18 - October 2, 2022	Session B October 12 - November 27, 2022	Session C August 18 - November 27, 2022
Extended Hours (Registration Sites Only)	TBD		
Last Day to Register or Drop/Add [7] Without College Approval	Session A August 19, 2022	Session B October 13, 2022	Session C August 24, 2022
Residency Classification Petition Deadline [8]	August 24, 2022		
Automatic ASU Payment Plan Enrollment - Students who registered through August 18 and who have unpaid tuition and other eligible payment plan charges will be automatically enrolled in the ASU Payment Plan [14].	August 29, 2022		
Tuition & Fees 100% Refund Deadline - For more information see Tuition and Deadlines [5]	Session A August 24, 2022	Session B October 18, 2022	Session C August 31, 2022
Labor Day Observed <i>Classes excused/University closed</i>	September 5, 2022		
University 21st Day	Session A September 7, 2022	Session B November 1, 2022	Session C September 7, 2022
Tuition Fee Payment Deadline - for registration from 8/19/2022 through 9/18/2022. For more information see Tuition and Deadlines [5]	September 25, 2022		
University 45th Day	October 1, 2022		
Deadline to Apply for Graduation	October 3, 2022		
Fall Break <i>Classes excused/University open</i>	October 8-11, 2022		
Tuition Fee Payment Deadline - for registration from 9/19/2022 through	October 25, 2022		

10/25/2022. For more information see Tuition and Deadlines [5]			
Course Withdrawal Deadline	Session A September 7, 2022	Session B November 1, 2022	Session C November 2, 2022
Veterans Day Observed <i>Classes excused/University closed</i>	November 11, 2022		
Thanksgiving Holiday Observed <i>Classes excused/University closed</i>	November 24-25, 2022		
Complete Session Withdrawal Deadline [13] As part of a complete session withdrawal a student must withdraw from all classes in a session. Beginning the first day of classes, undergraduate students are required to contact their college/school to facilitate the withdrawal process. For more information click here [15].	Session A October 7, 2022	Session B December 2, 2022	Session C December 2, 2022
Classes End/ Last Day to Process Transactions	Session A October 7, 2022	Session B December 2, 2022	Session C December 2, 2022
Study Days	Session A N/A	Session A N/A	Session A December 3-4, 2022
Final Exams [16]	Session A Last Day of Classes	Session B Last Day of Classes	Session C December 5 - 10, 2022
Final Grades Due	Session A October 10, 2022	Session B December 5 - 12, 2022	Session C December 5 - 12, 2022
Commencement Ceremony (Graduate and Undergraduate) http://graduation.asu.edu [17]	December 12, 2022		
Degree Conferral Date	December 12, 2022		
Grade Replacement/Academic Standing Processing	December 13-14, 2022		
Holiday Break	December 23 - 26, 2022		

Classes excused/University closed

Spring 2023

Session A: Monday, 1/9/2023 – Tuesday, 2/28/2023

Session B: Monday, 3/13/2023 – Friday, 4/28/2023 (ASU Online and iCourses may end on Tuesday, 5/2/2023)

Session C: Monday, 1/9/2023 – Friday, 4/28/2023 (Final Exams 5/1/2023 – 5/6/2023)

Action	Dates		
Schedule of Classes Available [2]	September 20, 2022 (tentative)		
Registration Dates Begin [3]	ASU Online students: September 27, 2022 In-Person students: October 17, 2022 (tentative)		
\$50.00 Late Registration Fee Begins [4] (does not apply to ASU Online students)	Session A January 2, 2023	Session B March 5, 2023	Session C January 2, 2023
Tuition Fee Payment Deadline - for registration through 1/18/23. For more information see Tuition and Deadlines [5]	January 25, 2023		
Automatic ASU Payment Plan Enrollment - Students who registered through 1/18/23 and who have unpaid tuition and other eligible payment plan charges will be automatically enrolled in the ASU Payment Plan [14].	January 27, 2023		
Classes Begin	Session A January 9, 2023	Session B March 13, 2023	Session C January 9, 2023
Academic Status Reports [6] – Faculty have the opportunity to provide weekly feedback during each session. Residency

Residency for tuition purposes

Your residency classification for tuition purposes is determined based on Arizona revised statutes [1] and guidelines provided by the Arizona Board of Regents' (ABOR) [2]. Students who have been classified as non-residents can request reclassification by submitting a Residency Petition. Use the Residency Navigator and the links below to learn more.

Students who graduated from an Arizona high school but do not otherwise qualify to be classified as residents for tuition purposes may be eligible to receive the Non-Resident Tuition Rate for Arizona High School Graduates [3].

Requesting residency reclassification

Once you know which petition is best for you, this is what you need to do.

1. Residency Navigator
2. Review Requirements
3. Submit your Petition

Residency navigator

We've designed this tool to help you determine which residency classification category may apply to you. Using the residency navigator will not have any influence on the outcome of your residency petition. It is not intended to predict whether your petition will be approved or denied.

Start here

[Archivist's Note: In-page Residency Navigator tool unable to be captured.]

Residency petition

You may fit into multiple categories. Determine which is the most appropriate for your situation.

Independent student

Requirements

The independent student petition requires you to:

- Provide proof of domicile and continuous physical presence in Arizona for 12 months
- Provide proof of financial independence
- Overcome the presumption that you are in Arizona primarily to be a student

Read more about this petition [4].

Request reclassification

Your petition is completed in three steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Step 3: Pay [5] the petition fee prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1.
- **Document deadline** – this is the last day to complete step 2 & 3
- **Priority deadline** – this is the last day to complete steps 1,2, & 3 if you want a decision before classes start.

Dependent student

Requirements

The dependent student petition requires you to:

- Provide proof that you and your parent(s) are domiciled in Arizona and your parent(s) are entitled to claim you as a dependent for tax purposes.

Read more about this petition [7].

Request reclassification

Your petition is completed in three steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Step 3: Pay [5] the petition fee prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2 & 3
- **Priority deadline** – this is the last day to complete steps 1,2, & 3 if you want a decision before classes start.

Spouse

Requirements

The spouse petition requires you to:

- Provide proof that you are domiciled in Arizona
- Provide proof that your spouse has maintained domicile in Arizona for 12 continuous months
- Provide proof that your spouse is financially independent
- Provide proof of marriage

Read more about this petition [17].

Request reclassification

Your petition is completed in three steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Step 3: Pay [5] the petition fee prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1.
- **Document deadline** – this is the last day to complete step 2 & 3
- **Priority deadline** – this is the last day to complete steps 1,2, & 3 if you want a decision before classes start.

Transferred employee

Requirements

The transferred employee petition requires you to:

- Provide proof that you are domiciled in Arizona
- Provide proof that you were transferred to Arizona for employment purposes OR provide proof that your spouse was transferred to Arizona for employment purposes
- Provide proof the transfer to Arizona meets the conditions described here.

Read more about this petition [16].

Request reclassification

Your petition is completed in three steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Step 3: Pay [5] the petition fee prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2 & 3
- **Priority deadline** – this is the last day to complete steps 1, 2, & 3 if you want a decision before classes start.

Military

Requirements

The military petition applies to U. S. military members (and their spouses/dependents) and requires you to:

- Provide proof that the military member is currently stationed in Arizona

OR

- Provide proof that the U.S. military member's state of legal residence is Arizona (and has been for at least 12 months)

Dependents are also eligible if the student provides proof of intent to be an Arizona resident and proof that they are using transferred post/911 G.I. bill benefits during a time in which the member of the U.S. uniformed services is serving on active duty (of 90 days or more).

Read more about this petition [15].

Request reclassification

Your petition is completed in two steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2
- **Priority deadline** – this is the last day to complete steps 1 & 2 if you want a decision before classes start.

Veteran

Requirements

The veteran petition applies to veterans of the U.S. military and requires you to:

- Provide proof that the veteran was discharged with a character of service of “honorable”, and proof of intent to establish domicile in Arizona.

OR

- Provide proof of active duty of 90 days or more, use of Ch. 30/33 educational benefits and proof of intent to establish domicile in Arizona.

The veteran petition applies to dependents and requires the student to:

- Provide proof that the student is using transferred Ch. 30/33 benefits and proof of intent to establish domicile in Arizona.

OR

- Provide proof of receiving benefits certified under the Marine Gunnery Sergeant John David Fry Scholarship and proof of intent to establish domicile in Arizona.

Read more about this petition [14].

Request reclassification

Your petition is completed in two steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2
- **Priority deadline** – this is the last day to complete steps 1 & 2 if you want a decision before classes start.

Native American

Requirements

The American Indian petition applies if you are an enrolled member of an Indian tribe whose reservation land lies wholly or partially in Arizona.

Read more about this petition [13].

Request reclassification

Your petition is completed in two steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** –this is the last day to complete step 2
- **Priority deadline** – this is the last day to complete steps 1 & 2 if you want a decision before classes start.

Teacher

Requirements

The teacher waiver applies if you are currently employed as a full-time teacher or classroom aide in an Arizona public school district, an approved Arizona charter school or an approved Arizona private school.

Teacher waivers are effective only for the semester for which they are submitted. A new teacher waiver petition must be submitted for subsequent semesters.

Read more about the this petition [12].

Request reclassification

Your petition is completed in two steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** –this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2
- **Priority deadline** – this is the last day to complete steps 1 & 2 if you want a decision before classes start.

AmeriCorps/VISTA

Requirements

The AmeriCorps/VISTA exception applies if teacher waiver applies if you have served one year in Arizona in either an AmeriCorps or Volunteers in Service to America (VISTA) program.

Read more about this petition [11].

Request reclassification

Your petition is completed in two steps:

Step 1: Start [5] and submit your online questionnaire prior to the petition deadline [6].

Step 2: Submit [5] your documents prior to the document deadline [6]

Deadlines

Don't miss your deadlines [6]:

- **Petition deadline** – this is the last day to complete step 1
- **Document deadline** – this is the last day to complete step 2
- **Priority deadline** – this is the last day to complete steps 1 & 2 if you want a decision before classes start.

Residency requirements

Student/petition types

ABOR policy broadly defines nine different paths to residency. Each has a unique set of requirements, which are summarized below. If you are unsure which petition is best for you, please contact us [1].

How to Petition [2].

Independent student

The Independent student petition is best suited for students that:

- Have been continuously and physically present in Arizona for more than 12 months (with no absences of more than 30 days)
- Are residents of Arizona and have maintained the legal and customary ties that would be expected of someone who claims Arizona as their “true, fixed and permanent home” for the same 12 months of continuous presence.
- Can provide objective evidence of financial independence.
- Are not in Arizona primarily to be a student and can overcome or rebut these basic presumptions:
 - Non-resident students are in Arizona primarily for the purpose of education and not to establish domicile;
 - Students can't establish domicile while in Arizona primarily for the purposes of education;
 - Students can't establish domicile in Arizona while enrolled at any educational institution in Arizona as a full-time student;
 - Decisions about permanent domicile are generally made after the completion of an education, and not before.

Additional information about the Independent student petition can be found here [3].

Dependent student

The Dependent student petition is best suited for students that:

- Can provide objective evidence that they are domiciled in Arizona
- Have parents (or a parent) who are domiciled in Arizona
- Can document that your parent (who is domiciled in Arizona) is entitled to claim you as an exemption for federal and state tax purposes.

Additional information about the Dependent student petition can be found here [4].

Spouse

The Spouse petition is best suited for students that:

- Are married but don't meet all requirements for the Independent Student petition
- Can provide objective evidence that they are domiciled in Arizona
- Can provide objective evidence that their spouse has been domiciled in Arizona for 12 months or more
- Can provide objective evidence that their spouse is financially independent

Additional information about the Spouse petition can be found here [5].

Transferred employee

The Transferred employee petition is best suited for students that:

- Can provide objective evidence that they have established domiciled in Arizona
- Are currently employed by an employer who transferred them to Arizona for employment purposes
- Were transferred within the last 12 months
- Are not self-employed or employed in a family-owned business that did not previously operate in Arizona
- Were transferred at the direction of and for the benefit of their employer.

Additional information about the Transferred employee petition can be found here [6].

Military

The Military petition is best suited for students that:

- Are members of the U.S. military (or the spouse/dependent of) who are:
 - stationed in Arizona or
 - stationed elsewhere and maintain Arizona as their state of legal residence (and has been for at least 12 months)

Or

- Are dependents of U.S. military members who are using transferred Post-9/11 G.I. Bill (Chapter 33) benefits during a time in which the member of the U.S. uniformed services is serving on active duty (90 days or more)

Additional information about the Military petition can be found here [7].

Veterans

The Veteran petition is best suited for students that:

- can provide objective evidence of intent to be an Arizona resident
- meet any of the following conditions:
- student is a veteran discharged with a character of service of "honorable"
- student is a veteran and is using Ch. 30/33 benefits
- student is the spouse or dependent of a veteran who was discharged from active duty service of ninety days or more and is using Ch. 30/33 benefits
- Student is receiving benefits certified under the Marine Gunnery Sergeant John David Fry Scholarship

Additional information about the Veteran petition can be found here [8].

American Indian

The American Indian petition is best suited for students that:

- Are enrolled members of an Indian tribe whose reservation land lies wholly or partially in Arizona. Eligible tribes are:
 - Ak Chin Indian Community of Maricopa
 - Cocopah Tribe of Arizona

- Colorado River Indian Tribes of the Colorado River Indian Reservation—includes Chemehuevi, Hopi, Mohave and Navajo
- Fort McDowell Yavapai Nation
- Fort Mojave Indian Tribe
- Gila River Indian Community
- Havasupai Tribe
- Hopi Tribe
- Hualapai Indian Tribe
- Kaibab Band of Paiute Indians
- Navajo Nation
- Pascua Yaqui Tribe
- Pueblo of Zuni
- Quechan Tribe
- Salt River Pima-Maricopa Indian Community
- San Carlos Apache Tribe
- San Juan Southern Paiute Tribe
- Tohono O’odham Nation
- Tonto Apache Tribe
- White Mountain Apache Tribe
- Yavapai-Apache Nation
- Yavapai-Prescott Tribe

Additional information about the American Indian petition can be found here [9].

AmeriCorps/Vista

The AmeriCorps/VISTA petition is best suited for students that:

- have completed one year of service in Arizona in either an AmeriCorps or Volunteers in Service to America (VISTA) program.

Additional information about the AmeriCorps/VISTA petition can be found here [10].

Teacher

The Teacher waiver is best suited for students that:

- Are domiciled in Arizona
- Under contract to either teach either teach on a full-time basis or work as a full-time classroom aide in:
 - an Arizona public school district, or
 - an approved Arizona charter school, or
 - an approved Arizona private school.

Teacher waivers are based on enrollment and are effective only for the semester in which they are submitted. A new teacher waiver petition must be submitted for subsequent semesters. The Teacher Waiver does not change your residency classification, but does allow the student to pay in-state tuition for courses required for teacher certification in Arizona.

Additional information about the Teacher Waiver can be found here [11].

Residency guidelines

Your initial residency classification is determined when you apply for admission to the University based on residency guidelines provided by the Arizona Board of Regents (ABOR) [12]. ABOR policy 4-204 defines the process for requesting reclassification and places the burden of proof on the student. Students seeking reclassification are responsible for providing objective evidence for all factors necessary to provide a basis for this change.

Residency petition

This is your formal request for reclassification. Your petition will consist of an online questionnaire your supporting documentation. The online residency petition [13] is only available to current, active, non-resident students. New or future students do not become current or active until they are admitted to the University and enrollment begins for the student's semester of admission (see the ASU Academic Calendar [14] for enrollment dates).

When you are ready to submit your petition, here are the steps:

Step One: Start [15] and submit your online questionnaire prior to the petition deadline.

Step Two: Submit [15] your documents prior to the document deadline

Step Three: Pay [15] the \$50 petition fee prior to the document deadline (if applicable)

Complete the steps in this order and Contact the Residency Office [16] if you need more information.

Deadlines

Deadlines are critical. Missing a deadline [16] means you have forfeited your right to request reclassification for that semester.

Requirements

Specific requirements are summarized, paraphrased and iterated in various places, including above. Before you start your petition, we encourage you to understand the requirements for your petition and ask questions when you need help. Don't make assumptions about what you think is required or what you need to provide. Successful petitions require you to do your homework and spend some time gathering thorough and credible documentation. Unsuccessful petitions are most often characterized by a lack of documentation or an incorrect understanding of the requirements.

Documentation

Your required documentation will be as unique as you are. The documents requested are based on how you answer the online questionnaire and there is not a fixed list of documents that applies to everyone. Petitions that are lacking sufficient documentation will be denied. Written or verbal statements of intent will not meet your burden to provide objective evidence. You will also have the ability to submit something we didn't ask for. It can be hard to know what might be helpful to students in every situation, but feel free to submit anything you think will support your request.

Burden of proof

The burden of proof is yours. Your documentation will need to support your claim that you are meeting all requirements for in-state classification. Per ABOR policy, verbal testimony and statements of intent are weighed in light of the fact that you understand a change in classification will result in a substantial reduction in tuition.

Petition fee

There is a \$50, non-refundable fee required if you are requesting reclassification as an independent student, dependent student, spouse or transferred employee. The petition fee can be paid online after you submit your petition. The Residency Classification Office cannot accept or process any fee payments. There are no fees associated with the following petition types: Military, Veteran, Native American, AmeriCorps/VISTA and Teacher Waiver.

Integrity

Misrepresentation or falsification of any information related to your residency classification can result in significant penalties. Students who have omitted, falsified, or misrepresented any information in effort to obtain resident status will be referred to Student Rights and Responsibilities [18] for disciplinary action. This may include dismissal from the university or forfeiting your right to request reclassification for current and future terms.

Processing time

Processing times vary and are largely dependent on when your petition and supporting docs are submitted. Average processing time is 4-6 weeks, but decisions will take longer for petitions that are submitted within one month of the petition deadline. If you need a decision prior to the first day of classes, you should submit everything (petition and all required documents) no later than the priority deadline [17].

Checking your petition status

The status of your petition can be viewed from the residency petition dashboard [15]. This is also where you submit your petition and all supporting documents.

The lifespan of a petition is characterized by different statuses and will vary from student to student: In most cases, the progression will look like this:

- **In queue:** You've submitted everything and your petition is now ready to be reviewed.
- **Documents needed:** Your petition has been reviewed, but we need additional documents. We will send you an email with details, including instructions on how to upload your new documents.
- **Contact residency:** Your petition has been reviewed, but we would like to talk with you about something. Give us call or send us an email so we can finish reviewing your petition.
- **Pending:** New information has been added to your petition and is ready for a 2nd review.
- **In review:** A decision will be sent to you in the next 7-10 days. We have all that we need, but need a little time to make our finalize our decision.
- **Approved:** Congrats! Your request has been approved. You will also get an email with details – please read this carefully as residency changes can affect other things besides tuition – for example, refunds or financial aid.
- **Denied:** Your request has been denied. We will also notify you via email. If denied, you will also be given a detailed decision summary that explains our decision.
- **Withdrawal Warning:** You have not submitted all of your required documentation and your petition is at risk of being withdrawn. Submit all required documents prior to the document deadline so that your petition can be put "in queue".
- **Withdrawn:** Your petition has been withdrawn and a decision will not be rendered.

Your petition may skip steps or bounce between different statuses. This is normal and how we manage workflow for hundreds of petitions every semester. Keep an eye on your email and track your status from the dashboard [20].

Petition outcome

Decisions are based on the quality of your documentation and the extent to which you have met your burden of proof. There are no exceptions granted due to unusual circumstances or financial hardship. ABOR policy defines the circumstances under which a student can be classified as a resident for tuition purposes and the Residency Classification Office and university does not have the authority to make exceptions.

Committee review

If your residency petition is denied and you believe this decision is erroneous, you can request a committee review [20]. This is a formal request to have your petition reviewed by the Residency Review Committee. The deadline to request a review will be indicated on your denial notification. Requests made after your deadline will not be processed.

Tuition and fees

Your tuition and fees are dependent on your residency classification. Until your classification is changed, you are a non-resident for tuition purposes and having a petition pending does not absolve you from your responsibility to pay your tuition and fees in full by the published deadline [14] per university policy. If your petition is approved, overpayments will be refunded to you; however, late fees and payment plan fees (if applied) are non-refundable.

Financial aid

Financial aid is calculated based partly on cost of attendance. Changes to your residency classification may cause your financial aid to be recalculated and adjusted accordingly. In some cases, your aid may be reduced or cancelled and you may be required to return funds that have already been disbursed to you. If you have questions, contact Financial Aid and Scholarship Services [21].

Citizenship and lawful immigration status

State law requires all students who are classified as residents for tuition purposes to provide verification of citizenship, permanent residency, or other lawful immigration status. Students that cannot meet this requirement cannot be classified as residents for tuition purposes. Visit Citizenship/Status Verification [22] for more information. If required from you, you will see a priority task on your My ASU [23] page with additional instructions.

Visa types and residency for international students

Students who hold a visa that requires them to maintain a foreign domicile or that otherwise prohibits establishing domicile in Arizona cannot be classified as residents for tuition purposes. Temporary or non-immigrant visas do not allow an individual to obtain a permanent status in Arizona regardless of the length of the visa or the number of times it is renewed. Students who are classified as residents but are then issued a non-eligible visa type will be changed to non-resident. Please see visa types and residency eligibility list [24] for additional information.

Residency documentation

Your documentation is a critical part of your petition. However, the list of documents needed can only be generated after you have completed the online questionnaire portion of your petition. Use the residency navigator [1] to help determine which petition type is most applicable to your situation and start your petition from here.

If you have questions or need assistance, contact the residency office [3] for help.

Submitting documentation

You will use the residency petition dashboard [2] to upload and submit all required documentation. This is a secure application that stores your documents directly to your student record. Be sure to submit all documents prior to the document deadline [4].

Here are some tips to help you with uploading your documents:

- Each requested item requires a separate file. For example, you will have one file for your driver's license, one for your voter registration, etc.
- You can and should upload multiple files for specific items. For example, 12 months of bank statements would be uploaded as 12 separate files. This simplifies the review process and makes it easier to keep track of your documents.
- You can add descriptions to your uploaded documents to clarify what that document is or why it is being provided.
- You can delete documents that were added by mistake; however, once you hit the "Submit Documents" button, your documents are saved to your student record and cannot be removed.
- Your required documents list is generated based on how you answer certain questions. All documents are important and not providing something may cause your petition to be denied.
- Per ABOR guidelines, "Objective Evidence" means documentation or information other than an individual's own statement(s) of intent. Statements of intent will not meet your burden to provide objective evidence.
- You can upload some documents and then return at a later date to finish, but nothing is official until you click on the "Submit Documents" button.
- You won't be able to submit your documents until request documents have been uploaded.
- Acceptable file types are: .BMP, .CSV, .DOC, .DOCX, .JPEG, .JPG, .PDF, .PNG, .RTF, .TIF, .TIFF, .TXT, .XLS, .XLSX
- Make it easy for your evaluator to quickly make sense of your documents by giving each file a unique or descriptive name, e.g., "May_2021_Bank_Statement".

If you get stuck or have an issue, try this: [How to Upload Documents \[5\]](#). Or, let us know - we can help you through the process.

Petition fees

Petition fees can be paid from the Residency Petition Dashboard [2]. If payment is required for your petition type, your petition will not be reviewed until this fee is paid. The Residency Classification Office cannot accept or process any fee payments.

Petition instructions

Click on the link below to find additional instructions for your petition type.

\$50 fee required

Independent Student [6]

Dependent Student [7]

Spouse of an Arizona Resident [8]

Transferred Employee [9]

No fee

Military Exception [10]

Veteran Exception [11]

American Indian Exception [12]

Teacher Waiver [13]

AmeriCorps/VISTA Exception [14]

Additional information

- Petitions are processed based on when they are completed (and marked as “in queue”). Submit your petition and supporting documents as early as possible.
- When you submit a petition, a priority task will appear in My ASU to remind you to support your petition with appropriate documentation. Once we have what we need, this task will be removed.
- The university considers all information relevant to your request – this includes anything in your academic record – e.g. admissions application, financial aid awards, etc.
- We may verify the authenticity of all documents provided and may add our own research or findings to your petition.
- You are expected to provide all required documents. If there is something you can't provide, please submit a written explanation instead.
- Your documentation must be clear and legible.
- All students are advised to redact sensitive information prior to the submission of certain documents, e.g., your social security number on your tax return.
- You may be asked for additional documents or written explanation.
- The burden of proof belongs to you. It is your responsibility to support your petition with appropriate documentation.
- Applications and accompanying documentation will be retained by Arizona State University in accordance with university approved requirements. All information will be kept confidential as required by law and university policy.

Residency deadlines

Deadlines

Deadlines are critical and missing a deadline can have significant consequences.

- **Petition deadline.** Per ABOR policy, failure to submit a petition by this deadline constitutes a waiver of your right to petition for that term. This deadline specifically applies to the online questionnaire portion of your petition.
- **Document deadline.** Your supporting documentation (and petition fee, if applicable) must be submitted by this date. Petitions that are not supported by all requested documentation will be withdrawn from consideration.
- **Priority deadline.** If an early decision is important to you, make sure you submit your petition is in its entirety prior to this date (but only if you are also meeting all requirements prior to this date see below for more information).

Deadline	Summer 2022	Fall 2021	Spring 2022	What it Means - Why It's Important
Petition Deadline ¹	5/17/2022	8/24/2022	1/15/2023	<ul style="list-style-type: none">• The questionnaire portion of your petition must be submitted before this deadline.• This date is used for determining domicile year. Requirements for any given petition type must be met by the date.
Document Deadline	6/6/2022	9/8/2022	1/30/2023	<ul style="list-style-type: none">• This is the last day to submit supporting documentation for your petition.• Petitions that are lacking supporting documentation will be withdrawn.

Priority Deadline	4/1/2022	6/1/2022	11/1/2022	<ul style="list-style-type: none"> • Petitions completed prior to the priority deadline will be evaluated before the first day of classes. • Meeting this deadline means your petition will be reviewed before tuition is due.
-------------------	----------	----------	-----------	--

¹ If the questionnaire portion of your petition is not completed and submitted before the petition deadline, you have forfeited your opportunity to request reclassification for that semester. Extensions are not granted and there is no option to appeal a missed deadline.

² The petition for spring 2023 will be available after September 9, 2022.

When to submit your petition

Submit your petition - which includes the online questionnaire and all requested supporting documentation - as early as possible, but not prior to when you are meeting all stated requirements for your petition type. For example, if you are petitioning as an independent student and won't meet the continuous physical presence requirement until August 1, then don't submit your petition until after August 1. Submitting your petition before you meet requirements may result in either your petition being denied or a request to provide additional documentation, which will further delay the process of reviewing your request.

Processing time

Processing times vary and are largely dependent on when your petition and supporting docs are submitted. Average processing time is 4-6 weeks, but decisions will take longer for petitions that are submitted within one month of the petition deadline. If you need a decision prior to the first day of classes, you should submit everything (petition and all required documents) no later than the priority deadline [1].

Residency petition committee review

Students that petitioned for residency reclassification [1] but were denied by the residency office can request a review of their decision per ABOR 4-205. Reviews are only conducted only after the student's petition has been denied by the residency office.

The petition review process gives the student an opportunity to meet with the Residency Classification Review Committee and to provide additional information in support of their request to be classified as a resident for tuition purposes. Decisions made by the review committee are final.

Deadlines

Per policy, all requests for review must be filed no later than 35 days after the last day of registration [2] for the term for which your petition was submitted. Failure to file a request for a review hearing within the time prescribed shall constitute a waiver of the right to request a review hearing and the determination made by the Residency Classification Office shall be final. Students cannot request a review until their residency petition has been denied. **The deadline to request a committee review will be noted on the decision summary prepared by the residency office.**

Submit your review request

Before submitting your request, please review your decision summary and denial letter [1] (and current Arizona Board of Regents (ABOR) guidelines [3].) If you do not have a denial letter or decision summary, you are not yet eligible to request a committee review.

- Form: Residency Petition Committee Review Request [4]
- Additional instructions are included on the form.

New documentation

New documentation should be submitted with your review request. You will have 7 days after submitting your request to upload and submit additional documentation. This ensures that all review committee members have sufficient time to consider this new information prior to your hearing.

Scheduling

Hearing schedules are created prior to each semester based on committee member availability. Every effort will be made to accommodate your class schedule; however, with limited dates and times there can be no guarantee that your hearing will be compatible with your schedule. Requests for changes must be submitted in writing no later than 5 business days prior to your scheduled hearing.

- Reviews are prioritized and scheduled based on receipt date of your request.
- You will receive notification of your scheduled review at least 7 business days prior to your hearing.
- Hearings are only scheduled on weekdays and may be scheduled during spring, fall or winter breaks.

Review hearing

All review hearings will be conducted via Zoom and hosted by a representative from the University (who otherwise does not participate). Committees will have 3, 4 or 5 voting members, all of whom will have a thorough understanding of your situation and applicable residency requirements. Members will review all aspects of your petition and ask questions relevant to your situation. Your hearing is limited to 30 minutes and a decision will be made at either the conclusion of your hearing or within 10 business days.

Attendance

It is preferable, but not required, that you attend this hearing. If you choose to not attend, your hearing will be held in absentia and the committee will make their final decision based on all information available to them. Hearings held in absentia cannot be rescheduled.

Counsel or representation

You are allowed to invite witnesses or have legal representation at your hearing. If an attorney or other person(s) will be representing you at your hearing, please provide the Residency Office with that information in advance. The format of your hearing will be determined by the committee.

Review committee decision

Decisions of the Residency Classification Review Committee are final. Overturning the decision to deny your petition requires a majority vote from the committee. In the unlikely event of a tie vote, the original decision made by the Residency Office shall stand.

Written notice of the decision made by the committee will be sent to the email address assigned to you by the University, i.e., your @asu email address.

Per ABOR policy, if your decision is upheld by the review committee (i.e. denied), there are no further procedures within the university available to you, but you may have the right to seek judicial review in the state courts. See ABOR 4-205 [3] for additional information.

Other considerations

- All review hearings are recorded, as required by ABOR policy.
- If the decision to deny your petition is overturned, your tuition will be adjusted and/or refunded for the term in question, as applicable.
- Committee members must comply with ABOR guidelines and have no authority to make exceptions.
- Having a review scheduled does not excuse you from other deadlines, obligations or commitments, including submitting a new petition for subsequent semesters.

Frequently asked questions - declaring Arizona residency

I indicated that I was an Arizona resident on my admissions application, yet I am classified as a non-resident and was charged the non-resident application fee? How can I fix this?

Your residency classification is determined by a review of all of the information provided on your admissions application in accordance with guidelines provided by the Arizona Board of Regents. Your status as a non-resident is a result of one or more factors used to determine this classification. Please review the Residency Classification [1] web page and contact a residency specialist [2] if you have any questions.

I am currently attending a community college in Arizona as a resident; does that make me a resident at ASU?

Not necessarily. Residency for tuition purposes for the three state universities is determined according to guidelines established by the Arizona Board of Regents (ABOR). The community colleges are not governed by ABOR and your classification as a resident at the community college may or may not be in compliance with current ABOR policies.

I am a continuing student; will my residency automatically change after one year?

No. Your status will remain non-resident and any student wanting to be re-classified must initiate the process by contacting the residency office and submitting a petition by the appropriate deadline. Simply being a student at ASU for one year is not sufficient for residency purposes per ABOR policy, which reads, "No individual has established residency for tuition purposes in Arizona while attending any education institution in Arizona as a full-time student in the absence of objective evidence to the contrary."

I was born and raised in Arizona then left for a short period of time before returning, can I still be classified as an Arizona resident for tuition purposes?

Leaving Arizona will not result in a loss of Arizona residency unless your absence is accompanied by actions that indicate intent to establish a new domicile elsewhere. Former residents of Arizona who established domicile elsewhere would be classified as non-residents upon return and would not be eligible for residency until current ABOR policies are met. Residency classification is re-visited after any break in enrollment or absence from the university.

How long does it take to review my petition and where can I track its progress?

Average processing time is 4-6 weeks. Petitions submitted closer to the deadline may take longer. If you need a decision prior to the first day of classes, you should submit everything (petition and all required documents) no later than the priority deadline [3].

You can monitor the status of your petition from the residency reclassification application portal [4].

When a decision is made, an email will be sent to your @ASU email address.

My parent is an ASU alumnus; does it have any effect on my residency classification?

No. Your residency classification is evaluated against current ABOR policy and your parent's status as an alumnus is not a consideration.

Does living in Arizona with a relative other than my parents have any effect on residency status?

No. Your status will be determined based on a review of your situation, but living with family members or friends is not an indicator of intent or domicile and will not influence your status.

I am a dual resident of Arizona; can I be considered a resident for tuition purposes?

No. Any person wishing to be classified as a resident would need to provide objective evidence of intent to be a permanent resident of Arizona and demonstrate that all ties to the former state have been severed.

My parents live out-of-state but I attend an Arizona high school; will I be considered a resident if I graduate from an Arizona high school?

No, you would be classified as a non-resident. Per ABOR guidelines, "The domicile of an unemancipated person is that of either parent." You may, however, qualify for the Non-Resident Tuition Rate for Arizona High School Graduates [5], which is 150% of in-state tuition.

I attended an Arizona institution using the WUE (Western University Exchange) or WICHE (Western Interstate Commission for Higher Education) program; will I be considered a resident?

The WUE/WICHE program allows residents of a participating state to pay a special, reduced tuition rate at participating institutions in other states. However, the student must maintain residency in the originating state. In other words, by participating as a WUE/WICHE student you are affirming that you are not an Arizona resident. ABOR requirements for physical presence and intent to be an Arizona resident cannot be satisfied as a WUE/WICHE student. Refer to the ASU WUE page for more information.

Are there any hardship exceptions?

No. Any person requesting classification as a resident for tuition purposes must prove they meet ABOR requirements or that they meet one of the approved exceptions.

I own property in Arizona; doesn't that make me a resident?

Owning property in Arizona does not automatically qualify you as a resident for tuition purposes. Property ownership is one factor to be considered, but would not be sufficient without other objective evidence of domicile and intent.

If I marry an Arizona resident, can I be classified as a resident?

Yes. There is a provision in current ABOR guidelines that would allow you to be re-classified if you marry a resident of Arizona. You would request reclassification by submitting a residency petition and providing appropriate documentation to support that both you and your spouse meet current ABOR guidelines for the spouse exception.

I am a research assistant, teaching assistant or graduate assistant and have been paying resident tuition. Am I a resident?

No. These positions are funded by waivers submitted by your college or department that pays the out-of-state portion of your tuition and fees; but, your status for residency purposes remains non-resident. To request reclassification, you would need to submit residency petition and appropriate supporting documentation.

I'm an ASU employee who is classified as a nonresident for tuition purposes, but am otherwise eligible for the Qualified Tuition Reduction Program. How should I proceed?

Please submit your Qualified Tuition Reduction Form (QTR) [6] to the Student Accounts Office. Once submitted, that office will notify the Residency Office who will adjust your residency status for the term in question.

Verification of citizenship or lawful immigration status

Arizona state law requires students to provide verification of citizenship, permanent residency or other lawful immigration status if they are classified as residents for tuition purposes or if they are seeking any type of financial assistance that is subsidized or paid in whole or in part with state monies. Students that need to complete this requirement are notified on My ASU [1] via a **Priority Task** or **Registration Hold**.

Verification process

Option 1: Free Application for Federal Student Aid (FAFSA) [2]

Verifying via the FAFSA is preferred. Students verified this way do not need to provide any additional documentation. Your priority task will be marked complete when ASU **receives and accepts** your FAFSA (which is typically five to seven days after your FAFSA is submitted to the US Department of Education). You may need to provide additional information if your FAFSA is rejected or selected for review by Financial Aid and Scholarship Services.

Option 2: Submit documents electronically [3]

Students can upload appropriate documents electronically using ASU's secure web form. A list of acceptable documents is provided on the web form. All documentation is subject to review and students may be asked to provide additional information. Processing time is 2-3 business days.

Option 3: Submit documents by email [3]

Students can submit documents by mail (see below) or by email to registrar@asu.edu [4]. Copies of your documentation is acceptable provided they are legible and unaltered. All documentation is subject to review and students may be asked to provide additional information. Processing time is 2-3 business days.

Mail to:

Arizona State University
University Registrar Services
P.O. Box 870312
Tempe, AZ 85287-0312

Documentation submitted by mail or by email must include a signed copy of the Citizenship Verification Form [5].

Completing this requirement is the student's responsibility. Students that do not provide verification will be charged non-resident tuition and will not be eligible for state-funded financial aid. If you have questions or concerns, please contact University Registrar Services at registrar@asu.edu [6] or 480-965-3124.

Acceptable documents for verifying citizenship or other lawful immigration status

Documents most frequently submitted by U.S. citizens:

- Arizona Driver's License
- U.S. Birth Certificate (with photo ID)
- Signed U.S. Passport
- Non-Arizona Driver's License (licenses and permits from the following states are NOT permissible: California, Colorado, Connecticut, Delaware, Hawaii, Illinois, Maryland, Nevada, New Jersey, New Mexico, New York, Oregon, Utah, Vermont, Washington and the District of Columbia).
- Bureau of Indian Affairs ID Card, Tribal ID Card, or Certificate of Indian Blood (with photo ID)
- Signed U.S. Social Security Card (with photo ID)
- Signed Certificate of U.S. Citizenship or Signed Certificate of Naturalization (with photo ID)
- U.S. Military ID or DD-214 documentation (with photo ID)
- U.S. Armed Forces Driver's License
- Voter's Registration Card (with photo ID)
- Military dependent's ID card
- Consular Report of Birth Abroad (Form FS-240) Issued by State Department

Documents most frequently submitted by non-U.S. citizens:

- Signed unexpired Foreign Passport and valid U.S. Visa
- Permanent Resident Card
- F1 Visa and I-20 (signed)
- J1 Visa and DS-2019 (signed)
- Refugee Travel Document (Form I-571) issued since 2003
- Form I-94 arrival/departure record with endorsement (expiration date must not have passed); stamp showing admission under section 207 (refugees) or section 208 (asylee) of the Immigration Nationality Act

If you are unable to provide verification or if you have questions, please contact University Registrar Services at registrar@asu.edu [7]

Tuition and fees

Understanding tuition and fees

Definitions of ASU tuition costs and fees

As an ASU student, you will pay tuition (the cost of taking your classes) and fees (a charge for the use of something like technology or the gym). Your tuition and fees will differ from other students based on a variety of factors.

What are the tuition and fees at ASU?

ASU tuition costs vary on a number of things, the biggest being whether you are a resident or nonresident of Arizona. ASU in-state tuition costs less than ASU out-of-state tuition (roughly \$10,700 per year vs. \$28,000 per year for a bachelor's degree).

ASU fees also vary by student type, but there are some fees, such as the athletics fee, that all students are required to pay. (But by paying it you get to attend all ASU Athletics events. Go Devils!)

Types of ASU tuition

Resident tuition

Students who have established that they are Arizona residents for tuition purposes typically attend college at a lower rate than out of state students. Students are asked to prove their residency status by meeting certain criteria [1].

Nonresident tuition

Students who are not residents of Arizona will pay an out of state tuition rate. Some non-resident students may be eligible for reduced tuition through programs such as the Western Undergraduate Exchange [2].

International tuition

As an international student, you'll pay ASU for tuition and fees. Housing and meals, books and supplies, transportation, and personal expenses will vary.

Learn more about tuition as an international student [3].

Online tuition

ASU Online tuition costs range between \$561–\$1,343 per credit hour, depending on your program, transfer credits and course load.

Learn more about ASU Online tuition [4].

Common ASU fees

Colleges charge students various fees to support certain programs that in turn support students. Read on for some examples of ASU student fees. This is not a complete list of ASU student fees, but is intended to give you an idea of what they are and what they're for.

Student initiated fees

Student initiated fees are fees that are used to enrich the student experience. At ASU they include:

- **Recreation fee (\$25)** to support programs and services at the Sun Devil Fitness Complex.
- **Student Service Facility fee (\$75)** to build and refurbish common student spaces.
- **Student Programs fee (\$35)** for programs that support the student experience.

- **Health and Wellness fee (\$55)** for health and counseling services.
- **Student Athletic fee (\$75)** to support Sun Devil Athletics (and get free tickets in return).

See a complete list of fees [5]

How can I find out how much my tuition will be?

1. Identify which ASU degree you want to earn.
2. Determine whether you are an in-state resident, or if you are an out-of-state, or international student.
3. Determine your general costs by using the tuition estimator [6].
4. Explore your financial aid options.
5. Receive an estimate of how much financial aid you can apply to tuition costs.
6. Existing students will receive monthly eBills on My ASU.

ASU tuition and fee descriptions

What are ASU tuition and fee descriptions?

ASU tuition and fees are approved annually by the Arizona Board of Regents. In addition to resident and nonresident tuition, commonly billed tuition and fees include:

Differential tuition and program tuition

Certain colleges and programs assess additional differential and program tuition as approved by the Arizona Board of Regents. Visit the Tuition and Fees Schedules [1] for college and program specific tuition and fees.

Excess hours tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold are required to pay an Excess Hours Tuition Surcharge. Students who have more than 145 credit hours will be assessed the Undergraduate Excess Hours Tuition Surcharge.

See exemptions [2]

Undergraduate college fee 1-4

The Undergraduate College Fee is one of four fee categories based on a student's program of study. ASU conducted a comprehensive review of all instructional costs for every program. Programs of study with similar costs were grouped together, and those fees were averaged to determine an amount for each category. *Visit the Tuition Estimator [3] to determine your Undergraduate College Fee.

College of Nursing and Health Innovation**

Undergraduate college fee 4

Ira A. Fulton Schools of Engineering
The College of Liberal Arts and Sciences: Sciences
Herberger Institute for Design and the Arts
Thunderbird School of Global Management
Walter Cronkite School of Journalism and Mass Communication
W.P. Carey School of Business

**The College of Nursing and Health Innovation post-bac BSN will continue to maintain a separate fee. All other nursing programs will be in Undergraduate College Fee 3

Technology fee

The Technology Fee, assessed to online students, funds technology initiatives including implementation of ASU's wireless network, delivering University-licensed software to all students, increasing the number of technology-enabled classrooms, reducing dependence on computing labs and expanding and improving online self-service environment. For more information, click here [4].

Graduate student support fee

The Graduate Student Support Fee helps fund resources and services that support graduate students, including technology resources and services, instructional and laboratory expenses in departments and schools, and graduate student services.

Special class, hybrid, oCourse, iCourse fees

Special Class, Hybrid, oCourse and iCourse fees are assessed based on enrollment in specific classes. These fees are published with each class through Class Search [5].

Late registration fee

All students who register beginning the week before the first day of the semester will be assessed a late registration fee of \$50.00, with the exception of students enrolling only in late start sessions. Students enrolling exclusively in late start sessions, will be assessed the late registration fee beginning one week before the session start date. Please see Tuition Deadlines [6] for specific dates. Registration after the published deadline may be permitted under extraordinary circumstances if approved by an authorized College designee. Late fees are not refundable.

Student initiated fee

ASU's student government leaders, on behalf of the students they represent, sought and received ABOR approval for the following Student Initiated Fees. Funding from these fees will be used to enrich the student experience.

Recreation fee

The Recreation Fee of \$25.00 per semester supports programs and services at the Sun Devil Fitness Complexes. Additionally, these funds are used to provide support for programs/services like intramural sports and activities, a broad array of fitness classes, aquatics programs, instructional classes, and health education workshops, events and programs. It also supplements student employment opportunities for over 500 on-campus student positions. There is an advisory board that provides routine feedback on services, hours and programs to support guidance for overall student well-being. Students interested in serving on a Sun Devil Fitness Advisory Board are encouraged to apply [7].

Student service facility fee

Students pay \$75.00 per semester to a combined fund which is then utilized to build and refurbish student spaces such as Memorial Union, Sun Devil Fitness Complexes, etc. The Student Service Facility Fee allows for the enhancements of existing facilities and the planning and development of new student service facilities to meet the needs of a growing student population. For a list of facilities built and supported by the fee click here [4]. Students interested in serving on the Facility Fee University Board to participate in discussions on these building projects are encouraged to apply [7].

Student programs fee

The Student Programs Fee provides funding for student programming initiatives. Undergraduate students pay \$35.00 per semester and Graduate students pay \$35.00. Managed by the student government at each location, this fee is used to create programming that supports the student experience, student needs and interests. Recipients of the programs fee funding include: Programming and Activities Board (PAB) [8], Clubs and Organizations [9], Sports Clubs [10], Council of Coalitions [11], and the Childcare Subsidy [12]. In addition to these, each USG and GPSA also uses this fee to help support professional development, travel funding to support research and attend conferences, and large-scale student programs and activities- to apply for these funding opportunities visit your student government website [13]. For detailed information about each student government's budget please visit this website [14]. To provide feedback or ask questions about the fiscal budget please reach out to your respective Student Government President [15]

Health and wellness fee

Students pay \$55.00 per semester to the Health and Wellness Fee supplement the operation of ASU Health and Counseling Services. Funding supports a portion of the operating budget for medical and psychological services and health education and promotion. The Health Services Advisory Board provides routine feedback to the Director of Health Services on services provided, quality and efficiency of care, new innovations, and student needs. Students interested in serving on the Health Services Advisory Board are encouraged to apply [7]

Student athletic fee

Students pay \$75.00 per semester for the Student Athletic Fee which supplements and supports the operations of Sun Devil Athletics, in exchange for a reinvestment of university funds into student identified priorities. Through the establishment of this fee, the tuition dollars traditionally allocated to Sun Devil Athletics will be reinvested into the university system in order to grant additional resources and services as identified by the Associated Students of Arizona State University, thereby establishing students as effective stakeholders in both Sun Devil Athletics and the university

system, and furthering transparency between the university and the Associated Students of Arizona State University [16] over tuition dollars. These priorities were established by the Athletic Fee Operations Board and over the years have included salary increases for Research and Teaching Assistants to a minimum standard, expanding transportation services to include weekends and holidays, free attendance to all ASU football games, and free graduate test prep programs [17]. Students interested in serving on the Athletic Fee Operations Board are encouraged to apply [7]

Financial aid trust fee***

The Financial Aid Trust Fee [18] assessed to all students as authorized by the Arizona Legislature. ***This is a fee that all ABOR students pay, including online students.

Student Financial Aid Trust grants are assistance provided in partnership between ASU students and the state legislature. All students are assessed this fee to create a Financial Aid Trust Fund, from which Financial Aid Trust Grants are awarded under the usual aid eligibility criteria. Fees collected from students are matched by the State of Arizona. Priority for these limited awards is given to eligible undergraduate students who file their FAFSA by the priority filing date of January 1 and who are Arizona residents or underrepresented students with high financial need

Undergraduate excess hours tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold are required to pay an excess hours tuition surcharge. Students who have more than 145 credit hours will be assessed the Undergraduate Excess Hours Tuition Surcharge.

The Undergraduate Excess Hours Tuition Surcharge is billed in addition to tuition, program tuition, mandatory fees and class fees.

Exemptions

The excess hours tuition surcharge must be assessed in accordance with Arizona State Statutes and is not subject to appeal. The Arizona Legislature, however, provided for certain exemptions to the credit hour threshold and surcharge:

1. Undergraduate degree programs that require credit hours above the credit hour threshold.
2. Credits earned in pursuit of up to two baccalaureate degrees: The excess hours tuition surcharge is not assessed if (a) student has previously earned a baccalaureate degree and is currently admitted to one undergraduate degree program or (b) has not previously earned a baccalaureate degree and is admitted to two or more undergraduate degree programs simultaneously. This exemption does not apply to students who have previously earned two or more baccalaureate degrees or students who have earned one baccalaureate degree and are currently admitted to two or more undergraduate degree programs.
3. Credits earned in the pursuit of up to two state regulated licensures or certificates: Student is not required to be enrolled in both programs simultaneously. Examples include accounting, nursing, social work, and certain engineering degrees.
4. Credits earned in the pursuit of a teaching certification.
5. Credits transferred from a private institution of higher learning.
6. Credits transferred from an institution of higher education in another state.
7. Credits earned at another institution of higher education but that are not accepted as transfer credits at ASU.
8. Credits earned by students who enroll at a university under the jurisdiction of the board more than twenty-four months after the end of that student's previous enrollment at a public institution of higher education in this state.

Tuition waivers and scholarships

Employee waivers and tuition scholarships do not apply to the Undergraduate Excess Hours Tuition Surcharge.

Academic year 2022–2023 rates

For resident students the surcharge is \$157 per credit hour up to a maximum of \$1,099 for enrollment in 7 or more hours. For nonresident students the surcharge is \$250 per credit hour up to a maximum of \$3,000 for enrollment in 12 or more credit hours. For online students, the excess hours tuition rate is \$110 per credit hour up to a maximum of \$1,320 for enrollment in 12 or more credit hours.

Source URL: <https://tuition.asu.edu/tuition-surcharge>

Non-resident tuition rate for Arizona high school graduates

The Arizona Board of Regents' "Non-Resident Tuition Rate for Arizona High School Graduates" is a non-resident undergraduate tuition rate that is 150% of in-state tuition for Arizona high school graduates who don't otherwise qualify for in-state tuition.

Arizona Board of Regents (ABOR) policy

- A. A student who graduated from an Arizona high school, but is not otherwise eligible for resident tuition status will be eligible for a non-resident undergraduate tuition rate of 150% of undergraduate resident tuition, if the student has attended high school in Arizona for a minimum of three years while physically present in Arizona and graduated from an Arizona high school (or attained the equivalent while physically present in Arizona for a minimum of three years).
- B. The non-resident rate for Arizona high school graduates would apply to tuition for undergraduate students. This rate does not apply to differential tuition, or tuition for on-line, accelerated or distributed programs.
- C. "High School" is defined as grades 9-12. Completion of the 9th grade while physically present in Arizona, whether at an Arizona middle school or high school or equivalent, will count toward the Arizona high school attendance requirement. The three years of Arizona high school attendance do not need to be consecutive.

- D. A student who meets the requirements of this policy will be eligible for the non-resident undergraduate rate regardless of when the student graduated from an Arizona high school.
- E. The policy is effective beginning with the fall 2015 semester.

ASU procedure for applying

Submit final Arizona high school transcript showing at least 3 years of attendance **with graduation date** to Admission Services [1].

After you have submitted this information your record will automatically be reviewed to determine if you are eligible for the Non-Resident Tuition Rate for Arizona High School Graduates.

You will be notified by email if you qualify or if we need further documentation.

If you have not received confirmation that you are eligible for this tuition rate, or if you completed the equivalent of a high school degree while physically present in Arizona for a minimum of three years, please complete and submit the Non-Resident Tuition Rate for Arizona High School Graduates Application [2] with supporting documentation.

Residency classification and financial aid

- Eligible students remain classified as non-residents. Visit Residency [3] for information about requesting reclassification.
- Changes to your tuition can affect financial aid awards. Contact Financial Aid [4] for questions about your aid.

Employee tuition reduction

The Qualified Tuition Reduction Program permits eligible employees to take advantage of educational opportunities at the University.

For additional information

Please review SPP 505 [1], Employee-Reduced In-State Tuition, for additional information regarding eligibility and benefits.

Eligibility

Reduced in-state tuition is available to faculty and staff who are employed at least 50% within the state university system, their spouses and dependent children. You must be employed on the first day of the session to be eligible for employee reduced in-state tuition. At ASU, the Qualified Tuition Reduction Form must be submitted on or before the first day of a session to qualify for reduced tuition.

Institutional merit-based aid provided by the University [2] will not exceed the value of stated resident tuition for each respective academic year when combined with the Qualified Tuition Reduction (QTR, a benefit for faculty and staff) or

other tuition reduction programs (or waivers). Students offered multiple awards designated for base tuition, cannot receive more than 100% of base tuition. For questions regarding how your qualified tuition reduction benefit may impact your other financial aid awards, please contact Financial Aid [3].

Qualified tuition reduction form(s)

ASU employees must complete and submit the Qualified Tuition Reduction Form **each** semester to receive the reduced in-state tuition benefit for classes taken at ASU, University of Arizona and Northern Arizona University.

Forms can be signed and submitted electronically utilizing Adobe Sign. Forms can be obtained online [4] and will be routed accordingly to Student Business Services for review and processing upon electronic signature by the employee. Please allow 3-5 business days before your qualified tuition reduction benefit will be reflected on your ASU student account. Forms should be submitted prior to the first day of classes and early to ensure timely processing.

The outstanding balance of the ASU tuition will remain on your student account and should be paid by the tuition payment deadline to avoid late fees.

NAU and U of A classes; ASU retirees

Please note there is a separate qualified tuition reduction form for classes at U of A or NAU and for ASU retirees taking classes at U of A, NAU or ASU. The qualified tuition reduction form for U of A/NAU/Retiree staff must be approved by staff in ASU Human Resources and then will be forwarded accordingly to the tuition payment office at the campus where classes are being taken.

Affiliate organizations

Employees of ASU affiliate organizations are also eligible for the qualified tuition reduction benefit upon verification of their employment with the affiliate organization. A different form is necessary for employees of ASU affiliates. Upon submission of the form, ASU Student Business Services will verify employment with the applicable affiliate contact and, when confirmed, will apply the tuition reduction benefit. Due to the additional verification involved, please allow 7-10 business days for your benefit to be reflected on your ASU student account.

All forms are available on the CFO website [4] along with additional information about the qualified tuition reduction benefit. For questions or for employees preferring to manually sign their qualified tuition reduction form, please contact Student Business Services at tuitionreduction@asu.edu [5].

ASU payment options

Paying your bill

Students and parents have a variety of options for easily paying their tuition and charges. Our team is here to help you figure out which option is right for you so that you can stay on track and keep your account current.

Watch video: How to make a payment [1].

Watch video: How to grant guest access [2].

How can I make payments?

You have a choice of convenient options to make your payments. See which option is best for you.

Pay online

To pay online, you can submit your payment on My ASU.

1. Sign in to My ASU [3].
2. Select the Finances link at the top of the page.
3. Click Pay Bill to be transferred to QuikPAY.

eChecks (electronic check payment)

eChecks are a fast and simple online payment method that can be made from a U.S. checking or savings accounts. You'll need your bank's routing number and your account number, which you'll find on the bottom of your checks or you can get it from your account with your financial institution. eChecks are ASU's preferred payment method and are free. Read the eCheck FAQs for more information.

Credit and debit cards

ASU does not directly accept credit or debit card payments for tuition and student account charges, but has arranged for a third-party processor to accept Visa, MasterCard, Discover and American Express payments online through QuikPAY. The processor charges a 2.5 percent service fee for credit and debit card payments. Credit and debit card payments are only accepted online and are not accepted by mail, over the phone or in person. Read the credit card FAQs for additional information.

International payments - Flywire

International students can make payments safely and securely through Flywire. With Flywire, you can make payments from banks worldwide with favorable exchange rates, typically in your home currency. You also have 24-hour multilingual customer support via email, live chat or phone to assist you with payment-related questions. See additional information about Flywire [4].

Note: Please be aware that Flywire is the only vendor authorized by ASU to facilitate international payments. For safety and security reasons, you should not attempt to make international payments through other companies or third-party vendors or via direct wire transfers to the university, especially those requesting My ASU login credentials, which should be kept private at all times.

In person

Personal checks, cashier's checks, money orders and cash payments are accepted in person at Cashiering Services locations on all four campuses [5].

By mail-in check or prepaid college savings plan

ASU accepts personal checks, cashier's checks, money orders, and prepaid or college savings plan (529) payments by mail. Please make the check or money order payable to the order of Arizona State University and include your student ID number on the memo line. Checks should be mailed to the following address:

ASU Cashiering Services
1151 S. Forest Ave., Ste. 244
PO Box 870303
Tempe, AZ 85287-0303

Mail checks at least two weeks prior to your tuition due date to avoid automatic enrollment in the ASU payment plan.

Federal Perkins Loan repayment

ASU is your lender, and you'll repay ASU once your Perkins Loan moves to repayment status (typically nine months after graduation, withdrawal from school or dropping below half-time enrollment). Monthly payments depend on your loan amount and length of your repayment period. Payments can be made online. For complete details on repaying your Federal Perkins Loan, visit tuition.asu.edu/perkins-loan-repayment [6].

What happens if I can't pay my charges on time?

If you miss paying your charges by the deadline, you'll be assessed late fees beginning at 30 days past due.

See the late fees that you may be assessed [7].

ASU payment plan

What is the ASU payment plan?

The ASU payment plan is an option to help you attend ASU if you cannot afford to pay your tuition charges by the tuition due date.

How does the ASU payment plan work?

The ASU payment plan offers you the option to budget your payment of certain university charges over several months within the semester. Eligible charges include tuition, housing, meal plans, parking permits and health insurance. See chart below that outlines specific ASU payment plan enrollment fee amounts and due dates [1].

Get enrolled

Voluntary enrollment

If you want to enroll in the ASU Payment Plan, log in to My ASU and select the Finances tab. Then click “ASU Payment Plan” in the Financial Success box. Note that you have to re-enroll in the ASU Payment Plan each semester.

Automatic enrollment

If you have outstanding charges of \$500 or more after the payment deadline, you'll be automatically enrolled in the ASU Payment Plan and be billed an ASU Payment Plan fee. If you wish to withdraw from your classes and avoid being enrolled in the ASU Payment Plan, you must do so before the semester or session starts. ASU does not withdraw students for nonpayment.

ASU payment plan due dates

Fall

ASU payment plan due dates

- August 25
- September 25
- October 25

ASU payment plan enrollment

- \$100 Resident Students
- \$200 Nonresident Students

Spring

ASU payment plan due dates

- January 25
- February 25
- March 25

ASU payment plan enrollment

- \$100 Resident Students
- \$200 Nonresident Students

Summer

ASU payment plan due dates

- May 25
- June 25
- July 25

ASU payment plan enrollment

- \$50 Resident Students
- \$200 Nonresident Students

*The summer sessions enrollment fee is \$50 for resident students or \$100 for nonresident students for each summer session registered in up to a maximum of two sessions.

Who is the payment plan for?

- Students who know they're not able to pay a full bill by the billing deadline.
- Students who have a past due balance of \$500 or more.
- Students who receive financial aid, if aid does not cover all charges.

Payment plan FAQs

How do I avoid enrollment in the ASU payment plan?

Make sure your balance is paid in full by the tuition due date, or is at least under \$500 to avoid automatic enrollment in the ASU Payment Plan. Note that if you owe a balance of under \$500, you will still be subject to a late fee. Review the ASU Late Charge Policy [2] for more information.

Do I need to re-enroll in the payment plan every session?

Yes. Because your financial circumstances can change from semester to semester, you have the option to enroll each semester.

If I enroll in the ASU payment plan before the semester begins and ends up not having a \$500 balance, am I still enrolled in the plan?

Yes. If you voluntarily enroll and charges are paid before the initial designated payment deadline, you will still be assessed the nonrefundable enrollment plan fee.

Can I pay ASU in payments?

Yes. You can enroll in a payment plan each semester, for an additional fee.

ASU tuition refund policy

Things to know about the ASU tuition refund policy

When you register for classes, you're obligated to pay all the tuition and registration fees. If you drop a class or officially cancel your enrollment during the 100 percent refund period, you'll get all your money back. If you're looking for information about a financial aid refund (financial aid funds left over after your tuition and charges are paid), visit the aid disbursement page [1].

Nonrefundable charges

After the 100 percent refund period passes, tuition and fee payments become nonrefundable.

Amount of refund

If you owe any university charges, they will be deducted from your refund and be subject to payment holding periods.

Withdrawal/cancellation date

Withdrawal or cancellation officially occurs on the calendar date that you request it, whether in person or online.

Refund by semester

Please note that if you cancel your enrollment after the refund period, you will be required to pay the tuition and fees charges.

Fall and Spring

For regular semester classes (session C) and sessions that are eight weeks or longer, the 100 percent refund period extends through the first two weeks of the semester.

For sessions that are shorter than eight weeks (sessions A and B) and dynamically dated classes, the 100 percent refund period is one week after the semester begins.

For classes that begin prior to the first day of the regular semester, the applicable 100 percent refund period begins on the class start date, not the semester start date.

Summer

For the summer session classes (sessions A, B and C, and dynamically dated classes), the 100 percent refund period is the first five days of the applicable summer session.

For classes that begin prior to the first day of the regular semester, the applicable 100 percent refund period begins on the class start date, not the semester start date.

Medical or compassionate withdrawal

The tuition refund policy does not apply to medical and compassionate withdrawals. Partial tuition adjustments or nonrefundable credits may be granted in these cases. Each request will be determined by individual circumstances on a case-by-case basis, and is an option only if approved within two years of the end of the semester. For specific semester or session deadlines, please refer to Tuition Dates and Deadlines [2].

Financial aid refund policy for students using chapter 31 and chapter 33 VA benefits

Students electing to use VA educational benefits at ASU under Veteran Readiness and Employment (Chapter 31) or the Post-9/11 GI Bill® (Chapter 33) must first establish their benefits eligibility, then verify their intent each semester. In accordance with 38 U.S.C 3679 (e), students who successfully establish their eligibility and elect to use benefits in any given semester are automatically given a tuition deferment that will prevent any late fees or penalties from being incurred during that semester. The deferred tuition due dates are as follows:

Fall Semesters – December 25

Spring Semesters – May 25

Summer Semesters – September 25

Additionally, Chapter 31 and Chapter 33 students who have accepted financial aid may elect to receive a credit for the anticipated amount of their VA benefit towards tuition. This credit will allow any excess financial aid to disburse in advance of the VA's actual payment to the school. Students should understand that ASU's "anticipated VA payment" is an estimate, and that settling their student account balances can only take place once all VA payments for the semester are received. It will be the student's responsibility to return any money that had been refunded in excess. For more information on the steps required, please contact the Pat Tillman Veterans Center at 480-965-7723 or PTVC@asu.edu [1]. For questions about your individual student account, please contact Student Business Services at 855-278-5080 or SBS@asu.edu [2].

Military/veteran tuition assistance return policy

ASU recognizes that active duty members may not always be able to complete their classes, due to unforeseen military commitments. Department of Defense (DoD) policy requires a return of TA funds, when a class is withdrawn, prior to completing at least 60% of the course. Returns of tuition assistance are prorated based on the percentage of completed class time, as noted in the schedules below. Students will be responsible for reimbursing ASU for the amount of TA that ASU refunds to the DoD.

For additional questions, please contact sponsorbilling@asu.edu [1] or call 855-278-5080 and ask to be connected to a Sponsored Billing Specialist.

Tuition and fees schedules

All amounts shown in the Tuition and Fees Schedules or in other University publications or web pages represent tuition and fees [1] as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

⁽¹⁾ Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students, the excess hours tuition is \$153 per credit hour up to a maximum of \$1,071 for enrollment in 7 or more credit hours. Students should see students.asu.edu/tuition-surcharge [1] for additional information regarding the Undergraduate Excess Hours Tuition.

⁽²⁾ Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

⁽³⁾ All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for the 2021-2022 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

⁽⁴⁾ ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

⁽⁵⁾ The Edson College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering Professional Flight program, and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

⁽¹⁾ Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For non-resident students, the excess hours tuition is \$250 per credit hour up to a maximum of \$3,000 for enrollment in 12 or more credit hours. Students should see students.asu.edu/tuition-surcharge [1] for additional information regarding the Undergraduate Excess Hours Tuition.

⁽²⁾ Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

⁽³⁾ All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently proposed for the 2022-2023 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

⁽⁴⁾ ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

⁽⁵⁾ The Edson College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering professional flight program, and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

Total Resident Undergraduate Tuition and Fees	\$528	\$897	\$1,266	\$1,635	\$2,003	\$2,372	\$2,786	\$3,078	\$3,370	\$3,662	\$3,924	\$3,924

⁽¹⁾ Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students, the excess hours tuition is \$157 per credit hour up to a maximum of \$1,099 for enrollment in 7 or more credit hours. Students should see students.asu.edu/tuition-surcharge [1] for additional information regarding the Undergraduate Excess Hours Tuition.

⁽²⁾ Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

(3) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for 2022-2023. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

(4) ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee, and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

(5) The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering Professional Flight program, and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

Total International Undergraduate Tuition and Fees	\$1,405	\$2,650	\$3,895	\$5,140	\$6,385	\$7,630	\$9,035	\$10,280	\$11,525	\$12,770	\$14,015	\$15,247

*Undergraduate Freshmen and Sophomores in the New College of Interdisciplinary Arts and Sciences are eligible to receive a 10% reduction in base tuition. In order to receive this discount, students must take all classes at the campus of their major. The discount is not affected by enrollment in iCourses.

⁽¹⁾ Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For non-resident students, the excess hours tuition is \$250 per credit hour up to a maximum of \$3,000 for enrollment in 12 or more credit hours. Students should see students.asu.edu/tuition-surcharge [1] for additional information regarding the Undergraduate Excess Hours Tuition.

⁽²⁾ Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

⁽³⁾ All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for the 2022-2023 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

⁽⁴⁾ ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

⁽⁵⁾ The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering professional flight program, and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

Important Reminder

By registering for classes you agree to pay all applicable tuition and registration fees. You will NOT be dropped from your classes for non-payment. If you do not have adequate financial aid to cover tuition costs, and if you do not pay tuition by the applicable deadline, you will be enrolled in the ASU Payment Plan and assessed a non-refundable \$100 resident/\$200 non-resident enrollment fee. **See page 13 for more information.**

Semester Calendar - Fall 2022

All dates and times published in this schedule are tentative and are subject to change without notice.

If a class is scheduled in a session other than Session A, B or C, the drop/add/withdrawal deadlines are prorated based on the length of the class. Check the calendar icon next to each class on your schedule in My ASU for the prorated deadline dates.

Session A: Thursday 8/18/2022–Friday 10/7/2022
Session B: Wednesday 10/12/2022–Friday 12/2/2022
Session C: Thursday 8/18/2022–Friday 12/2/2022 (Final exams 12/5/2022–12/10/2022)

Schedule of Classes Available	February 21, 2022		
Registration and Tuition Guide Available	February 21, 2022		
Registration Dates Begin	February 24, 2022		
\$50.00 Late Registration Fee Begins (does not apply to ASU Online students)	Session A August 10, 2022	Session B October 4, 2022	Session C August 10, 2022
Classes Begin	Session A August 18, 2022	Session B October 12, 2022	Session C August 18, 2022
Academic Status Reports – Faculty have the opportunity to provide weekly feedback during each session. Students can view ASRs in MyASU within 24 hours after each weekly reporting period closes on Sunday.	Session A Aug 18-Oct 2, 2022	Session B Oct 12-Nov 27, 2022	Session C Aug 18-Nov 27, 2022
Residency Classification Petition Deadline	August 24, 2022		
Automatic ASU Payment Plan Enrollment - Students who registered through August 18 and who have unpaid tuition and other eligible payment plan charges will be automatically enrolled in the ASU Payment Plan.	August 29, 2022

Commencement Ceremony - (Graduate and Undergraduate) https://graduation.asu.edu/	December 12, 2022		
Degree Conferral Date	December 12, 2022		
Grade Replacement/Academic Standing Processing	December 13-14, 2022		
Holiday Break <i>Classes excused/University closed</i>	December 23-26, 2022		

* See Residential Life for designated move in dates.

** Late Registration fee of \$50 assessed.

*** Classes start on Thursday 8/18/2022 in order to fully comply with ABOR contract hour requirements

Admission and Registration

Admission/Readmission

Undergraduate admission/readmission:

admission.asu.edu/first-year
admission.asu.edu/transfer
admission.asu.edu/international/first-year-apply
admission.asu.edu/international/transfer-apply

Graduate admission/readmission:

admission.asu.edu/graduate
admission.asu.edu/international/graduate-apply

Sandra Day O'Connor College of Law:

law.asu.edu

Students with an advising hold on their student account must meet with an academic advisor before submitting a registration request.

Nondegree undergraduate admission:

admission.asu.edu/undergrad/nondegree

Nondegree undergraduate students may enroll in up to eight credit hours each fall or spring semester, seven credit hours each five-week summer session, and nine credit hours in the eight-week summer session. Nondegree students may apply up to 15 credit hours to an undergraduate degree program at ASU. A student may not register in nondegree status after being admitted to a degree program.

Nondegree graduate admission:

admission.asu.edu/graduate/nondegree

A graduate student admitted to an ASU master's or doctoral degree program may apply up to 12 nondegree graduate credit hours taken prior to admission to their program.

Registration Procedures Overview

my.asu.edu

- Step 1: Log into My ASU to view your online Registration Dates. A registration date is the date/time that you may begin to register for classes. You may register online or in person anytime after your assigned registration date begins through the end of the drop/add period.*
- Step 2: Check for registration holds on My ASU. If you have an academic advising hold, plan to meet with your academic advisor well before your Registration Date occurs.
- Step 3: Review degree and catalog requirements.
- Step 4: Review your Major Map on My ASU (undergraduate students only).

Step 5: Search for available classes using the Class Search at my.asu.edu.

Step 6: Register for classes at my.asu.edu or in person at any registrar location <https://students.asu.edu/contact/office-university-registrar>

Step 7: Pay tuition. If you do not have adequate financial aid to cover tuition costs, and if you do not pay tuition by the applicable deadline, you will be enrolled in the ASU Payment Plan and assessed a non-refundable \$100 resident/\$200 non-resident enrollment fee.

*Students may register for Fall 2022, February 24, 2022 through August 19, 2022 for Session A, August 24, 2022 for Session C, and October 13, 2022 for Session B. However, a \$50 late registration fee is charged beginning August 10, 2022 for Session's A and C and October 4, 2022 for Session B. This fee does not apply to ASU online students.

Registration/Enrollment General Information

Registration Dates

All students are assigned an online **registration date** which will permit registration for the Fall 2022 semester. Students should log into MyASU to view their registration date as soon as possible.

A registration date is the date and time that a student may begin registering for the next semester. Students may register in person or online anytime after the assigned registration date begins, through the end of the drop/add period.

If you are an entering freshman in the Fall semester, your registration date will be the date of your orientation program. If you are not an entering freshmen, and you do not have a registration date assigned, contact the University Registrar Services at 480.965.3124.

Building Your Class Schedule

ASU's registration system will allow you to search the Schedule of Classes/Class Search and build a Fall class registration request. You can save that plan (shopping cart) and then later return to it. When you return, you will be able to see if the class status has changed since you built and saved the plan. You can view the online Schedule of Classes/Class Search via [MyASU](https://my.asu.edu). The Fall 2022 Schedule of Classes is available February 17, 2022.

Registration, cont.

Submitting Your Registration Request

Once you have submitted your schedule request, you will be able to immediately see which courses were successfully added to your schedule. **Note: You may choose to audit a course in which case you attend and participate in the class but do not earn credit. Be sure to obtain instructor's approval before registering and paying fees. Refer to your catalog and see your academic advisor for additional information about audit enrollment.**

Drop/Add

Anytime after you have a class schedule, you will be able to drop and add courses via My ASU or in person at any registration location through the published drop/add deadline. During this period, you may drop one or more (but not all) scheduled classes. Classes that are dropped do not appear on the student's transcript. A student who wishes to withdraw from their last course during the drop/add period must process a complete withdrawal. Colleges or departments may require approvals before a student can add specific classes.

Swap

You can use the swap feature when you want to ensure that you do not drop a class you are already registered for until you have successfully added a replacement class.

Registration Holds

You will be able to view a list of holds that will prevent registration. Items that can prevent you from registering are: unpaid fees, academic advising requirements, immunizations, etc. Do not delay your ability to get the classes you want. Take care of your University business now to eliminate any holds.

To Dos

You will be able to view a list of your To Do items. To Do items display tasks you need to complete, such as completing a financial aid form. To Do items do not restrict registration. However, if you do not accomplish an open To Do item, it can become a Hold on your record. Follow the instructions or contact the appropriate person to make arrangements to complete each pending task as soon as possible.

Registration Locations

Tempe campus	West campus	Polytechnic campus	Downtown Phoenix campus
Student Services Bldg, Room 140	University Center Bldg, Room 120	Administration Bldg	University Center Bldg, Room 166
480.965.3124	602.543.8203	480.727.1142	602.496.4372
Monday - Friday 8:00am - 5:00pm			
<p>Offices are closed in observance of the following holidays:</p> <p>Labor Day—September 5, 2022 Veteran's Day—November 11, 2022 Thanksgiving—November 24-25, 2022 Holiday Break—December 23-26, 2022</p>			

A photo ID is required to process transactions in person.

In order to process any registration transaction in a student's absence, a third party must present their photo ID and written authorization signed by the student. A Registration by Proxy Form for a third party must present their photo ID and written purpose is available on the web at students.asu.edu/forms/registration or at any University registration site.

Required Vaccine

All students born after January 1, 1957 are required to meet the following MMR immunization requirement before class registration:

- Option 1** - Provide proof of two MMR, Measles, Mumps and Rubella vaccinations: MMR #1 given on or after your first birthday. MMR #2 must be 4 weeks from the first or later.
- Option 2** - Provide a copy of Measles IgG or MMR IgG lab test showing positive immunity.

Upload required documentation in [My Health Portal](#).

To review the steps for uploading proof of MMR immunization, view the [How to Upload Your MMR Vaccine Record at ASU](#).

Registration, cont.

Advising

Admitted students have an academic advising team that assists them in setting personal and academic goals, understanding policies and creating strategies for staying on track towards graduation. Undergraduate students should contact an academic advisor in the college or school of their major for advising and information about their academic program and curricular requirements. Many programs require academic advisement prior to registration for classes.

Students may visit My ASU to learn their current academic advising office assignment, and for information on how to make an appointment with an advisor. For additional information regarding general academic advising for all ASU departments visit <https://students.asu.edu/academics>

Instructor-Initiated Drop Option

The instructor of a course has full authority within departmental or other higher-level policies to decide whether or not class attendance is required. During the second week of classes in Fall or Spring, or the first four days of each Summer Session, the instructor can drop a student for non-attendance. In classes which are full, this will allow accommodation of other students requesting the class and help instructors avoid excessive overrides. Instructor-initiated drops for non-attendance must be based upon concrete evidence of non-attendance and be signed by the Dean or Dean's Designee in the college offering the course. The college will notify the student by mail at the student's currently posted local address. Nothing in this policy contradicts any other policy regarding attendance, religious holidays, or the student's responsibility to notify the instructor in case of absences.

Note: Students should be aware that non-attendance will not automatically result in being dropped. Instructors have the right to exercise this option at their discretion. It is also the student's responsibility to contact the instructor before the end of the first week of classes if absences during that period cannot be avoided.

Withdrawal Policy

Course Withdrawal

After the drop/add period and up to September 7, 2022 for Session A, November 1, 2022 for Session B and November 2, 2022 for Session C, a student may withdraw from any course with a grade of "W". Withdrawals may be initiated online using My ASU or in person at any registration site. Courses with alternate begin and end dates may have an adjusted withdrawal schedule. Courses from which the student withdraws will remain on the student's transcript with a grade of "W". Any appropriate refunds are issued based on the published Refund Schedule and the date of the withdrawal. To determine whether you will be eligible for a refund after withdrawing, contact Student Accounts at 1-855-278-5080. It is the student's responsibility to initiate a withdrawal if unable to attend a class. Failure to do so will result in a grade of "E" being assigned for the class. Although students who do not attend class during the first week of a term may be administratively dropped from the class, such withdrawal is at the discretion of the instructor. In special circumstances, a medical withdrawal or academic record change may be authorized by the Dean of an academic unit if the student petitions for the change and presents documentation of reasons for being unable to attend the class. Please note academic record changes can only be requested after the semester has ended. It is the student's responsibility to petition for such change if appropriate.

Complete Withdrawal

A student may withdraw from all of his or her classes (the student will no longer be enrolled in any classes for the specified semester) through the transaction deadline or the last day of classes for any semester. A grade of "W" is awarded for each class from which the student withdraws. The complete withdrawal deadline is October 7, 2022 for Session A, and December 2, 2022 for Sessions B and C. Beginning the first day of the fall and spring semesters, you are required to connect with your college/school of your major to facilitate the withdrawal process. Making a complete withdrawal from the University is a difficult decision, and ASU has many resources in place to help. Because there may be serious academic and financial consequences to processing a complete withdrawal, you should view complete withdrawal as a final resort. You are encouraged to meet with your academic advisor to explore alternatives.

Note: A student may not avoid any penalty for academic dishonesty by withdrawing from a course. A student may be reinstated to a course to receive a penalty of a reduced or failing grade, or XE. Remember: If you have financial aid or scholarships, be sure you understand minimum credit hour requirements for maintaining those awards.

Registration, cont.

Military Withdrawal

To completely withdraw due to military activation, immediately contact the Pat Tillman Veterans Center (PTVC). For all campuses, email the PTVC's [Success Advocate](#) to determine whether the call to active duty qualifies for [ASU's Military Activation Policy](#). For example, students reporting to "boot camp" may not qualify for this policy. Students who qualify will receive some regulatory relief in the recalculation of financial aid and the calculation of tuition and fee charges. Students are also given options regarding their academic records, e.g., complete withdrawal, incomplete grades, etc.

Financial Assistance Withdrawal Policy

Circumstances may necessitate complete withdrawal from the University. For financial aid, a complete withdrawal from the full term or any individual session can affect financial aid eligibility. The outcome of a complete withdrawal on your financial aid depends on when the complete withdrawal is initiated and the types of financial aid you received. In all cases, Financial Aid and Scholarship Services must calculate a "Return of Title IV Funds" to determine if you were enrolled long enough to keep the aid paid to you. Any time you stop your enrollment (i.e., withdraw, drop, stop participating in classes or receive a combination of all EN, EU or W grades in a session or term) before the end of the term, you may need to return some of the financial aid you received. In addition, please note that receiving all EN grades ([failure to participate](#)) will result in the cancellation of all federal and institutional financial aid excluding earned Federal Work Study and Employee Waivers.

If you are considering withdrawing, please contact [Financial Aid and Scholarship Services](#) and request to speak with a financial aid counselor to understand the impact on your financial aid. Be sure to review [Withdrawing as a Financial Aid Recipient](#) for more information.

Official Complete Withdrawal

Federal regulations require the recalculation of Title IV financial aid in cases where a student received financial aid and officially withdrew on or before the point in which 60% of the semester has lapsed. If a return of aid is required, ASU returns the unearned portion of Title IV financial aid funds to the Federal Programs on behalf of the student. Any return of financial aid funds made by the University will be charged to the student's University account. Payment to the University will be due on demand.

Official Complete Withdrawal, cont.

Title IV funds include the Federal Pell Grant, the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Teach Grant, the Iraq and Afghanistan Service Grant, the Federal Direct Subsidized and Unsubsidized Student Loans and the Federal PLUS Loan. Federal Work Study earnings and non-

Title IV aid are not included in this formula. However, the student may not continue to work under the Federal Work Study program after their official date of withdrawal.

University Testing Requirements

All new, transfer, or readmitted undergraduate students must meet one of the following testing requirements:

- Take the ACT English, SAT verbal examination, WritePlacer Plus section of the ACCUPLACER, TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), or PTEA (Pearson Test of English Academic) and have scores submitted to ASU.
- Take the Advanced Placement exam, earning a score of 4 or 5 in English offered by the College Entrance Examination Board qualifies for placement into ENG 105 and elective credit (3). ENG 101 (3) for students who already have credit for ENG 102.
- Take the CLEP College Composition exam, earning a score of 50 that qualifies for placement into ENG 105 and elective credit (3). ENG 101 (3) for students who already have credit for ENG 102.
- Have previously taken or be currently enrolled in ENG101, ENG102, ENG105, ENG107, or ENG108 at ASU. If the course was taken at ASU before 1980, contact the Records and Enrollment Services Office at 480.965.3124, before registering for classes.
- Transfer a course equivalent to ENG101, ENG102, ENG105, ENG107, or ENG108 with a grade of "C" (2.00) or higher.

An official transcript showing the grade must be received by ASU.

The evaluations of transfer English courses at Arizona State University has been centralized and all evaluations will be processed through the new Transfer Credit Guide. All transfer students should visit www.asu.edu/transfercredit to request an evaluation of transfer course work. Any questions regarding the evaluation process should be sent to articulation@asu.edu.

Registration, cont.

Placement Exams

A. First-Year Composition

Placement exams for First-Year Composition courses ENG101 or ENG107 are no longer required. Enrollment in ENG 105 is determined by a qualifying score earned on the ACT English, SAT Verbal Exam, Accuplacer. Multilingual/international students should enroll in ENG 107 or have the option of taking ENG 101 if they have qualifying scores (from TOEFL, IELTS, or PTEA-Duolingo is not accepted) what would have placed them into ENG 101 using former English placement practice outlined in the placement chart below. If students would like to register for ENG 105 but have not taken an acceptable placement exam, the Accuplacer may be taken on campus at the University Testing and Scanning Services, located at 1130 E. University Dr. Suite 204 in Tempe, at regularly scheduled times. Contact the UTSS at 480.965.7146 or www.asu.edu/uts to make an appointment.

Students who have taken the Advanced Placement Exam in English offered by the College Entrance Examination Board, the International Baccalaureate English A Exam, or the CLEP College Composition Exam, should visit the Credit by Exam Search section of the Transfer Credit Guide at <https://webapp4.asu.edu/transfercreditguide/app/searchbyexam> or information about placement into first-year composition courses.

B. Mathematics Course Placement Exams

Arizona State University requires the **Math Placement Test** to assess a student's prerequisite knowledge for placement into several mathematics courses up to and including first semester calculus. The instrument used for testing is a powerful assessment tool with artificial intelligence that zeros in on the strengths and weaknesses of a student's mathematical knowledge, reports placement score to the student and then, if necessary, provides the student with a learning environment for bringing this knowledge up to an appropriate level for the desired course placement by retaking the Math Placement Test.

All incoming students must complete the **Math Placement Test** prior to enrollment unless they have transferred an equivalent prerequisite course for the one they intend to enroll in. The time limit to finish the assessment is 2 hours.

Placement in First-Year Composition will be determined as follows:	
Exam Score:	Register For:
All students; for students for whom English is not the native language, enroll in ENG 107	ENG 101
All international students whom English is not the native language	ENG 107
International students with these scores: TOEFL 560PBT / 220CBT / 83iBT and above	ENG107 or can take ENG101
International students with these scores: IELTS 6.5 and above	ENG107 or can take ENG101
International students with these scores: PTEA 56 and above	ENG107 or can take ENG101
SAT Verbal 620 and above	ENG105
SAT Read/Write 660 and above	ENG 105
ACT English 26 and above	ENG105
Accuplacer score 5, 6, or 7	ENG101 or ENG107
Accuplacer score 8	ENG 105

For international students, anything lower than the posted qualifying scores must register for ENG 107. **Duolingo is not an acceptable test for English placement and cannot be used.**

Registration, cont.

Veterans Educational Benefits

Veterans and eligible dependents who wish to use educational benefits from the Department of Veterans Affairs (VA) must verify their status with the [Pat Tillman Veterans Center](#) as soon as possible. They will then need to submit their intent to use VA benefits with each new semester. VA benefits cannot be collected for audited classes.

All Campuses
Pat Tillman Veterans Center Tempe Campus Memorial Union, Lower Level, Room 75

Student Identification

ASU Sun Devil Card Services

ASU requires all on campus and extended campus students to obtain an official ASU ID card. Online students are required to have an approved photo on file with Sun Devil Card Services. On campus students may choose between the Pitchfork ID Card offered by Mid-First Bank¹ or the basic Sun Card. The Pitchfork ID Card is an official ASU student photo ID and a Visa check card linked to a Sun Devil checking account. Both the Pitchfork ID Card and the basic Sun Card act as official university IDs and cost \$25*, which may be paid with MasterCard®, Visa® or through the student’s university account. As proof of identity, students need their ten-digit ASU ID number and a legal photo ID – driver’s license, military ID, passport, etc. – to obtain their ID card. Visit cardservices.asu.edu or email sundevil-cardinfo@asu.edu for more information. Both the Pitchfork ID Card and the basic Sun Card contain an iCLASS® chip that allows easy access into classrooms and residence halls without the use of a key.

Do not punch holes in your card, or you will damage your card’s functionality.

The Pitchfork ID Card and the basic Sun Card can both be used for a variety of services.

Card uses	Pitchfork ID Visa®	Basic Sun Card
Official ASU Student ID	*	*
Access to secure buildings	*	*
Access for meal plans**	*	*

Member FDIC

Tuition and Fees

Admission Application Fees

Admission application fees are nonrefundable and must be paid at the time of application. These fees are subject to change.

Fall 2022 General Tuition*

General tuition, program-specific tuition, special class fees and mandatory registration fees are set annually by the Arizona Board of Regents. Visit the following websites for more information.

- General tuition and mandatory registration fee information — [Tuition and Fees](#)
- Program-specific information — [ASU cost Calculator](#)

Special class fees can be viewed online at the time of class registration

By registering for classes you agree to pay all applicable tuition and registration fees.

*All amounts presented in any University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors.

Tuition Billing

Tuition charges will be billed on your student account and may be viewed online through [My ASU](#) after registration. From My ASU, select the “Finances” link on the upper left side.

By registering for classes you agree to pay all applicable tuition and registration fees.

If tuition is not paid by the applicable tuition due date, or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the ASU Payment Plan and charged a non-refundable enrollment fee of \$100 for resident students and \$200 for non-resident students. For students with accepted financial aid sufficient to cover tuition charges, financial aid will automatically pay tuition charges and no action is necessary. For students with accepted financial aid insufficient to cover tuition charges, payment in full is required by the due date to avoid automatic enrollment in the ASU Payment Plan. Refer to [Tuition and Billing Calendar](#) for your specific tuition payment due date.

Online Billing

Online billing provides reliable and secure access to billing statements any time of day from anywhere in the world along with immediate access to current account information. To view and pay your charges, login to [My ASU](#), select the link “Finances” on the upper left side, then click “Pay Bill”. Online billing statements are also available through QuikPAY by clicking “View Account”. Students are responsible to review their ASU e-mail account for notification of billing statements and to login to their student account on My ASU for current billing information. **Billing statements are not mailed.**

Students may authorize others to view and pay their ASU student account through QuikPAY. Log in to [My ASU](#), select the “Finances” link on the upper left side, then click “Pay Bill”. Once directed to QuikPAY select Authorized Payers from the left windowpane and enter the requested information for each person to be authorized on the account. Authorized Payers must have a valid email account.

eCheck Payments

eChecks are ASU’s preferred payment method and are accepted online with no service charge or additional cost to the student. Make eCheck payments on QuikPAY by logging in to [MyASU](#), select the “Finances” link on the upper left side, then click “Pay Bill” to be directed to the online payment processor. eChecks are a fast and simple payment method that can be made from regular U.S. checking and savings accounts in U.S. dollars. Checks issued from money market accounts, credit card companies, mutual funds, brokerage accounts, home equity or other lines of credit cannot be processed as an eCheck. Additional information is available at [Payment Options](#).

Tuition and Fees, cont.

Credit Card Payments

ASU does not directly accept credit or debit card payments for tuition or other student account charges. The University has arranged for a third-party processor to accept Visa, MasterCard, Discover, and American Express credit and debit card payments online. The processor will charge a 2.5% service fee for credit and debit card payments in addition to the ASU payment amount. The service fee is not paid to ASU and is non-refundable, even if related payment to ASU is refunded. Credit and debit card payments may be made on QuikPAY by logging in to My ASU [My ASU](#). Click on the “Finances” link on the upper left side, then click “Pay Bill” to be directed to the online payment processor. Credit and debit card payments are not accepted by mail, in person, or over the phone.

International Payments

ASU has partnered with Flywire to offer a streamlined and cost effective payment method for you to make international payments to ASU through QuikPAY. Initiate your international wire transfer payment at least one week before the applicable due date to ensure timely receipt.

Personal Checks

Checks payable to Arizona State University and without restrictive endorsement are generally acceptable. Mail checks to Cashiering Services, Arizona State University, PO Box 870303, Tempe, AZ 85287-0303. Include your ASU ID number. Check payments should be mailed at least two weeks prior to the applicable tuition due date to avoid automatic enrollment in the ASU Payment Plan. Check payments are also accepted in person at all campuses. **See Tuition Hours and Locations on page 14.**

Residency Classification

Residency (tuition) status is determined at the time a student submits an application for admission to the University. Non-resident students can request reclassification by submitting a completed residency petition no later than the last day of regular registration. Failure to petition by this deadline constitute a waiver of the student’s rights for requesting residency reclassification or appeal for the current semester. Information about residency classification, including all requirements, deadlines and necessary documentation, can be found at students.asu.edu/residency.

Citizenship or Lawful Presence Requirement

Arizona law requires that students who are seeking consideration for in-state tuition status or aid that is funded in part or in whole by state money to provide verification of citizenship, permanent residency or other lawful immigration status. Most students will be able to be verified through automatic processes such as the financial aid application ([FAFSA](#)). Students choosing to go through the FAFSA process should be verified no later than the beginning of July for the Fall term, December for the Spring term and May for the summer term. If the FAFSA has not cleared the verification requirement by the recommended month it is highly possible that documentation is still required.

Veterans Educational Benefits

Veterans and eligible dependents must apply for veterans educational benefits and then verify their status with the Pat Tillman Veterans Center as soon as possible with each new semester. Distance Learning classes have veterans education benefit restrictions. Veterans cannot collect benefits for audited classes.

All Campuses
Pat Tillman Veterans Center Tempe Campus Memorial Union Lower Level, Room 75
480.965.7723

Tuition and Fees, cont.

ASU Payment Plan

The ASU Payment Plan provides students with the option to budget payment of certain eligible university charges over several months. Eligible charges are tuition, housing, meal plan, parking decals and health insurance. Students may enroll themselves in the plan through [My ASU](#) or they will be automatically enrolled if tuition charges are not paid in full by the applicable due date. There is a per-semester non-refundable fee of \$100 for resident students and \$200 for non-resident students. For additional information, please visit [ASU Payment Plan](#). Please note, the enrollment fee is non-refundable, even if the student withdraws from classes.

All students are eligible to enroll in the ASU Payment Plan after they register for classes. Once a student enrolls for classes, he or she will not be withdrawn from classes during the current semester for non-payment. Students must withdraw from classes if they decide not to attend. If students enrolled in the plan do not make scheduled payments, monthly late fees will be assessed until the account is brought current on payments, registration in future semesters will be blocked, and access to other University services, such as official transcripts and diplomas, will be withheld.

Tuition Payment with Financial Aid

Financial aid is posted to your student account and used to pay tuition and other student account charges, with any excess financial aid immediately refunded to you. Any institutional charges incurred after financial aid disbursement are the student's responsibility to pay by the due date. Financial aid awards generally only pay charges in the semester for which the aid is intended, and you may be refunded excess financial aid for one semester and still have a balance owed for another semester. If you receive a refund, ensure that all charges have been paid by logging in to My ASU [My ASU](#) and select the "Finances" link on the upper left side.

For students with accepted financial aid sufficient to cover tuition charges, financial aid will automatically pay tuition charges and no further action is necessary. Students with unpaid tuition charges in excess of pending aid will be automatically enrolled in the ASU Payment Plan.

Note: If financial aid is not awarded and accepted by the tuition due date, tuition charges must be paid in full to avoid automatic enrollment in the ASU Payment Plan and assessment of the non-refundable ASU Payment Plan fee of \$100 for resident students and \$200 for non-resident students.

By registering for classes you agree to pay all applicable tuition and registration fees. Classes are not automatically cancelled for non-attendance or non-payment.

Taxability of Scholarships and Fellowships: Scholarships, grants, fellowships and stipends (but not loan funds) are taxable income to the recipient, except for the portion of these funds used for tuition, registration, other University fees, and books, supplies and equipment required for the courses being taken. Special tax regulations also apply to non-resident alien students and may require withholding of taxes at the time of aid disbursement to these individuals. Information on the taxability of scholarships can be obtained from the following IRS publications and forms: Publication 970, Tax Benefits for Education, Pub 519-U.S. Tax Guide for Aliens, Form 1040EZ and instructions - Income Tax Return for Single and Joint Filers with No Dependents, Form 1040NR and instructions - U.S. Non-resident Alien Income Tax Return. These publications and forms can be obtained from the Internal Revenue Service at their toll free number 1.800.829.FORM or online at www.irs.gov.

The Student Financial Assistance Withdrawal Policy will apply when a student receives financial aid funds and subsequently withdraws, drops out, takes an unapproved leave of absence, fails to return from an approved leave of absence, is expelled, or otherwise fails to complete the period of enrollment for which he or she was charged. **See page 8 in this handbook or online at [Financial Aid Payment](#).**

Students with loans who would like to cancel or reduce their loans must inform the Student Financial Assistance Office in person within 14 days of the disbursement.

Tuition and Fees, cont.

Tuition Payment with Prepaid or College Savings Plans

Prepaid or College Savings Plan payments made payable to Arizona State University are generally accepted. Mail checks to Cashiering Services, Arizona State University, PO Box 870303, Tempe, AZ 85287-0303. Include the student's ASU ID number. Prepaid or College Savings Plan payments should be mailed at least two weeks prior to the applicable tuition due date to avoid automatic enrollment in the ASU Payment Plan and assessment of the non-refundable payment plan fee. Notification to Arizona State University of pending payments by the Prepaid or College Savings Plan does not exempt a student from automatic enrollment in the ASU Payment Plan and assessment of the non-refundable payment plan fee.

Sponsorship by ASU Approved Governmental and Third-Party Agencies

Submit sponsorship authorization in person at the Student Accounts Office, by fax to 480.965.9242, or by e-mail sponsorbilling@asu.edu. Failure to do so by the tuition payment deadline will result in automatic enrollment in the ASU Payment Plan and assessment of a non-refundable enrollment fee of \$100 for resident students and \$200 for non-resident students. An acceptable letter of authorization must be submitted to the Student Accounts Office by **August 25, 2022**.

A **per semester** Sponsored Tuition Fee will be assessed to each sponsored student. Sponsored students are responsible for all tuition, fees, and late charges if the sponsoring agency fails to pay by the due date of the invoice. Questions about third party sponsorship may be directed to the Student Accounts Office. For additional information please visit <https://students.asu.edu/thirdpartysponsorships>.

International students who are required to carry student health insurance and are using coverage through their sponsor must receive approval from ASU Campus Health Services by e-mailing insurance@asu.edu.

Qualified Tuition Reduction Program

A Qualified Tuition Reduction Program is available to faculty and staff who are employed at least 50% time within the state University system, and to their spouses and dependent children. Employees must complete the Qualified Tuition Reduction Form every semester they attend, which can be signed and submitted electronically. Qualified Tuition Reduction Forms are available at [HR Forms under Tuition Reduction Program](#). The Qualified Tuition Reduction Program does not cover 100% of your tuition and fees. The outstanding portion of the tuition and fees will be billed on your student account and should be paid by the due date to avoid late fees. **Please submit early.**

Offices are closed in observance of the following holidays: Labor Day—September 5, 2022 Veteran's Day—November 11, 2022 Thanksgiving—November 24-25, 2022 Holiday Break—December 23-26, 2022			

Tuition and Fees, cont.

Non-residents are not eligible for the Qualified Tuition Reduction Program. Please contact Residency Classification at 480.965.7712. Residency processing can be time-consuming, so apply early. You must be employed on the first day of the semester to be eligible for the Qualified Tuition Reduction Program. The Qualified Tuition Reduction Form must be processed by the Student Accounts Office on or before the first day of the session to qualify for reduced tuition. Forms submitted after the first day of the session will not be accepted and you will be held responsible for the full tuition and fees.

Graduate Assistants

Students identified as Research and Teaching Assistants receive tuition assistance if they meet employment and class enrollment requirements. RA/TA remissions do not cover 100% of tuition and fees. If eligible for a remission, the remaining tuition and fees will be billed on your student account with a **August 25, 2022** due date.

Differential Tuition and Program Tuition

Certain graduate, undergraduate, colleges and programs assess additional differential tuition and program tuition which differs according to college and/or program. Contact your program advisor for details on these fees or see the [Tuition Estimator](#).

Excess Hours Tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold of 145 hours are required to pay a tuition surcharge. The tuition surcharge is billed in addition to tuition, program tuition, mandatory fees and class fees. Please see the [Tuition and Fees](#) website for additional information.

Undergraduate College Fee 1-4

The Undergraduate College Fee is one of four fee categories based on a student's program of study. ASU conducted a comprehensive review of all instructional costs for every program. Programs of study with similar costs were grouped together, and those fees were averaged to determine an amount for each category.

Special Class, Hybrid, ocourse and icourse Fees

Special class, hybrid, ocourse and iCourse fees are assessed based on enrollment in specific classes. Class fees are published with each class through [class search](#).

Financial Aid Trust Fee

All students are assessed a mandatory financial aid trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund, from which Financial Aid Trust Grants are awarded under the usual aid eligibility criteria. Fees collected from students are matched by the State of Arizona. See the [Tuition and Fees Schedule](#) for additional information.

Technology Fee

All students are assessed a mandatory technology fee as authorized by the Arizona Board of Regents to fund technology initiatives and improve access on all campuses. See the [Tuition and Fees Schedule](#) for additional information.

Student Initiated Fee

ASU's student government leaders, on behalf of the students they represent, sought and received ABOR approval for the following Student Initiated Fees. Funding from these fees will be used to enrich the student experience.

Student Programs Fee

All students are assessed a mandatory student programs fee as authorized by the Arizona Board of Regents to provide funding for new or enhanced facilities and student support programming. See the [Tuition and Fees schedule](#) for additional information.

Recreation Fee

All students are assessed a recreation fee allowing access to recreation facilities on all four ASU campuses. See the [Tuition and Fees Schedule](#) for additional information. Faculty/staff who are attending classes and all online students are not assessed the recreation fee. Please contact the Student Recreation Complex at 480.965.8900 for information on how to become a member.

Tuition and Fees, cont.

Health and Wellness Fee

All students are assessed a health and wellness fee as authorized by the Arizona Board of Regents to enhance services for students who seek both preventative and acute care and to expand outreach and wellness education and services.

Student Service Facility Fee

All students are assessed a Student Services Facility Fee as authorized by the Arizona Board of Regents to provide funding for new and enhanced student service facilities. See the [Tuition and Fees Schedule](#) for additional information.

Student Athletic Fee

The Student Athletic Fee will fund reinvestment in academic support areas, strengthen undergraduate and graduate academic experiences, and enhance student engagement in athletics, including access to Sun Devil Athletics sporting events and enhanced game day experiences in Sun Devil Stadium, Wells Fargo Arena and other athletic venues. This fee was initiated and supported by Undergraduate Student Government and the Graduate and Professional Student Assembly.

Late Registration Fee

All students who register for Sessions A & C on **August 10, 2022** and after, will be **assessed a late registration fee of \$50.00**. For Session B, students who register on **October 4, 2022** or after will be assessed the late registration fee. Registration after the published deadline may be permitted under extraordinary circumstances if approved by an authorized College designee. Late registration fees are not refundable.

Tuition Receipt

For students requiring tuition receipts for insurance, reimbursement, or other reasons, login to [My ASU](#) and select the "Finances" link on the upper left side, then click the Tuition Receipt link. For in person assistance or additional documentation, see campus locations under "Tuition Payment Hours", page 14.

Delinquent Financial Obligations

Students with delinquent accounts will not be allowed to register for classes or obtain official transcripts or diplomas. The University reserves the right to involuntarily withdraw students with severely delinquent accounts from current semester courses. University billings not paid by the due date are subject to monthly late charges beginning 30 days past due and continuing monthly until paid in full. The monthly late charge for past due balances between \$20-\$50 is \$5, for balances between \$51-\$400 is \$10, for balances between \$401-\$1,000 is \$25, for balances between \$1,001-\$3,000 is \$50, for balances between \$3,001-\$5,000 is \$75, and for balances greater than \$5,000 is \$100. Former students with outstanding charges may be referred to an outside collection agency with late fee assessment continuing monthly until paid in full.

Returned Checks

A \$25 fee is assessed for returned checks and eChecks. Students with multiple returned checks or eChecks are subject to a permanent registration hold requiring advanced payment in secure funds prior to registration or access to other University services.

Student Health Insurance

Eligibility: Group Health insurance is available to:

- **Undergraduate students** registered for at least six units or have a consortium agreement to take courses at another qualified college with an overall credit hour total of at least six units
- **Graduate students** enrolled in degree or certificate programs, and taking at least three credit hours or one dissertation/thesis hour

Graduate, Teaching or Research Assistants who are offered insurance as part of their employment must enroll in the insurance, enrollment is not automatic.

Online students are not eligible for the student health insurance.

- **International student** enrollment in Student Health Insurance is mandatory and the cost of insurance is automatically

Tuition and Fees, cont.

added to registration fees. Waiver exception may be available. For additional information or waiver application <https://eoss.asu.edu/health/resources/international>.

Student Health Insurance enrollment is available through [My ASU](#) by selecting Campus Services, Health and Wellness Resources. Once enrolled for Student Health Insurance, you will be automatically re-enrolled into the plan each subsequent semester once you have registered for classes as you must meet the eligibility requirements each semester. The premium will be billed to your student account.

Coverage may be added or dropped through the first 2 weeks of each semester/session. Complete withdrawal from the University on or before the end of this two week period may not result in automatic cancellation of student health insurance. To cancel or add insurance prior to the end of open enrollment, go to MyASU under Campus Services, Health & Wellness Resources. The insurance **cannot** be cancelled if complete withdrawal from the University occurs after this two week period or if the insurance has been utilized. You may also direct questions and concerns to insurance@asu.edu.

Additional information about coverage, eligibility, cost, payment options and coverage can be found at <https://eoss.asu.edu/health> or <https://www.aetnastudenthealth.com>, enter ASU.

Institutional Refund Policy

Tuition and Fees

Tuition and fees are subject to a 100% refund if enrollment is officially cancelled within the refund period. In the Fall and Spring semesters, for classes eight weeks or longer, the refund period is two weeks, and for classes shorter in length the refund period is one week. Please see the [Tuition Refund Policy](#) for additional information.

Beginning the first day of classes, undergraduate students are required to work with the College of their major to facilitate the withdrawal process.

The 100% refund period is one week for sessions shorter than eight weeks and dynamically dated classes. All refunds are less any amounts owed to the University and are subject to payment holding periods. Students withdrawing for medical or other extenuating circumstances must contact their college to initiate the process. Tuition is non-refundable after the first week of these sessions/classes.

The University provides a prorated refund for students receiving financial aid; therefore, the refund schedule is the minimum amount refundable to these students. Withdrawal or cancellation occurs on the calendar day that withdrawal is processed either in person at any Registrar site or online using My ASU. See the [Financial Aid Withdrawal Policy](#) for additional information.

Student Account Refund (Disbursement)

Financial aid is posted to your student account and used to pay University charges such as tuition, Residential Life, meal plan and health insurance fees. Refunds of excess financial aid will be processed beginning the week before classes and will continue to be processed throughout the semester. Any changes to your schedule that results in a fee increase or any other fees incurred after financial aid disbursement, will be your responsibility to pay by the due date. You may view details of your student account, including financial aid refunds, by logging into [My ASU](#) select the “Finances” link on the upper left side, and select the Refunds link.

Note: To receive your financial aid refund beginning the week before classes, you must register for classes, complete your financial aid packet, and accept your loans at least two weeks before the semester begins. Financial aid refunds will be mailed or direct deposited to your bank account.

Refund by direct deposit to your bank account is available and is the most convenient way to receive student account refunds. Direct deposit enrollment is available at My ASU [My ASU](#) by selecting the “Finances” link on the upper left side, and clicking “Direct Deposit” in the Financing Tasks box under “Manage Payments”. Further information is available at [Tuition and Billing](#) or in the Student Accounts Office on the 2nd floor of the Student Services Building (Tempe campus). Direct deposit enrollment must be completed a minimum of two weeks prior to your refund being issued. For students not enrolled in direct deposit, or who do not meet the direct deposit enrollment deadline, refund checks will be mailed. Keep your mailing address up to date to ensure that refund checks are received in a timely manner. View and update your address on My ASU by clicking on “My Profile” in the top-right corner. If you request a replacement check there is a \$20 per check reissue fee. **All student account refund checks will be mailed.**

Transportation Options

For all transportation-related inquiries, including bicycling on campus, free campus shuttle services, parking permit locations and rates, Valley Metro transit passes and visitor parking, please visit the ASU Parking and Transit Services website at parking.asu.edu.

	Kevin Ellsworth	College of Integrative Sciences and Arts	480.727.7090
	To be determined		

University Policies

Family Educational Rights and Privacy Act

General Information

The federal Family Educational Rights and Privacy Act (also known as FERPA, and/or the Buckley Amendment) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

Note: Students must provide photo identification in order to access their education records.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students who believe their record is inaccurate or misleading should write to the University official responsible for the record. Clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing about the request for amendment. Additional information about the hearing procedures will be provided to the student when notified of the right to a hearing.

Note: FERPA does not address grade disputes or grievances which are pursued through other University and/or college procedures.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. School officials are administrators, faculty, professional staff, academic advisors, clerical or support employees, including ASU law enforcement unit personnel and ASU health staff, volunteers, a person or company with whom the University has contracted as its agent, acting with legitimate educational interest to provide a service instead of using University employees or officials (such as an attorney, auditor, collection agent, service provider); a person serving on the Board of Regents; staff in the Alumni Association and ASU Foundation offices, or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Additional exception categories may be found in SSM 107-01: Release of Student Information which is located on the web at <http://www.asu.edu/aad/manual/ssm/ssm107-01.html>

A school official has a legitimate educational interest if the interest in an education record is justified under one or more of the following conditions:

- The information or records requested are relevant and necessary to accomplish some task or determination related to the legitimate educational interest of the student;
- the official needs to review an education record in order to fulfill his or her professional responsibilities for the University;
- the task or determination is an employment responsibility or a properly assigned subject for the inquirer's determination and/or
- the task or determination is consistent with the purpose for which the records, information, or data are maintained.

Note: A parent of a dependent student may challenge denial of access to the dependent student's record by producing the most current copy of Internal Revenue Form 1040. (Dependency is defined in Section 152 of the Internal Revenue Code.) If that form lists the student in question as a dependent, the parent

University Policies, cont.

will be required to sign an Affidavit of Dependency which affirms that the student is his/her tax dependent. The affidavit will be retained by the University Registrar Services and must be renewed each tax year. Upon receipt of these documents, the dependent student records will be made available to the parent as specified under FERPA.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Arizona State University to comply with the requirements of FERPA. Students are encouraged to first contact the University Registrar's Administration Office at 480.965.7302. A complaint may be filed with the Department of Education at the following address:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, SW

Washington, DC 20202

Definitions:

Student is any individual formally admitted and is or has been in attendance at ASU. The term does not apply to applicants for admission, nor does it apply to persons who have been admitted but who have not registered.

Education Record is any record(s) directly related to a student and maintained by Arizona State University or by a party acting for the University. This includes any information or data recorded in any medium, including, but not limited to: handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

Directory Information (or releasable information) is general information that may be released to anyone without the consent of the student, unless the student indicates otherwise, except to the extent that FERPA authorizes disclosure without consent, including:

- Student Name
- Addresses (e.g., local, home, mailing and ASU e-mail, including directory number)

- Telephone Number(s)
- Date of Birth
- College
- Major
- Academic Level
- Dates of Attendance
- Enrollment status (e.g., undergraduate or graduate, full-time or part-time)
- Most Recently Attended Institution
- Participation in Officially Recognized Activities/Sports
- Weight/Height of Members of Athletic Teams
- Degrees, Honors and Awards Received (including Dean's List, National Merit, National Achievement, and National Hispanic Scholars)

Personally Identifiable Information (or non-releasable information) includes all information not defined as directory information, plus any information including directory information that the student has instructed ASU not to release. Personally identifiable information may not be released without the prior written consent of the student, except to the extent that FERPA authorizes disclosure without consent.

Student Control of Directory Information

Students may control release of directory information by submitting the appropriate form to any University registration location.

Unless otherwise requested, a student's name, email address, academic level, college and major may appear in the directory of faculty, staff, and students on ASU's web directory. To avoid the release of directory information in the directory, complete the appropriate form located at students.asu.edu/forms/withhold-directory-information-request.

University Policies, cont.

ASU has a policy that regulates and permits the sale of enrolled student directory information only through the University Registrar's Office. Unless otherwise directed by the student, directory information is subject to sale to outside purchasers.

Students accessing education records or receiving University services must provide proof of identification.

Questions or requests for additional information may be directed to any University registration location. Additional information, including FAQ's, is available on the web at <http://students.asu.edu/policies/ferpa>.

ACD 401: Prohibition Against Discrimination, Harassment, and Retaliation

Arizona State University is committed to providing an environment free of discrimination, harassment, or retaliation for the entire university community, including all students, faculty member, staff employees, and guests. ASU expressly prohibits discrimination, harassment, and retaliation by employees, students, contractors, or agents of the university based on any protected status: race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, gender identity, and genetic information.

Inappropriate conduct need not rise to the level of a violation of federal or state law to constitute a violation of this policy and to warrant disciplinary action/sanctions.

All employees, students, volunteers, contractors and agents are responsible for participation in and assisting with creating and maintaining an environment at ASU free from all forms of prohibited discrimination, including harassment and retaliation.

ACD 402: Romantic or Sexual Relationship Between Faculty Members and Students.

ACD 815: Romantic or Sexual Relationships Between Staff/Volunteers and Students

TA/RA Handbook: Prohibition of Amorous Relationships

SPP 205: Nepotism and Relationships Between Employees

No employee of the university may hire, review, supervise, direct, discipline, promote, influence, or participate in decisions involving hire, retention, supervision, promotion, evaluation or compensation of a relative or member of the employee's established household, or a person with whom the employee is in a romantic or sexual relationship.

Additionally, all employees, including Faculty, staff and volunteers as well as TA/RA's are prohibited from engaging in a romantic or sexual relationship with a student over whom they exercise, or can reasonably be expected to exercise, academic or employment authority or influence. Such authority or influence includes, but is not limited to, employment-related decisions such as hiring,

evaluation or discipline, and academic-related decisions such as grading, transfers, evaluations, formal mentoring or advising, supervision of research, employment of a student as a research or teaching assistant, exercising substantial responsibility for honors or degrees, or considering academic disciplinary action involving the student.

Title IX Compliance

Title IX of the Education Amendments of 1972 as amended protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education, Assistant Secretary or both.

ASU is committed to providing an environment free from discrimination based on sex and provides a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence.

Title IX Sexual Harassment, including sexual violence, sexual harassment, stalking and relationship violence have a profound impact on a victim's academic, social, working, and personal life, and negatively affects victims' friends and families, other students, co-workers, and members of the university community. To combat this complex social problem, ASU provides a variety of resources and education programs designed to prevent sexual violence and other acts of sexual misconduct, including sexual harassment, provide information about what to do when an incident has occurred, and increase awareness of campus and community resources for support and response. For information about specific resources, educational opportunities, and policies and procedures, please go to ASU's Sexual Violence Awareness and Response website at:

<https://sexualviolenceprevention.asu.edu/>

Discrimination Complaints

Complaints of alleged discrimination in employment and educational programs and activities on the basis of race, color, religion, national origin, sex, gender identity, sexual orientation, age, disability, and qualified veteran statuses may be referred to the offices listed on the following page for review, investigation and resolution.

No Retaliation

A report of alleged discrimination can be made without fear of jeopardizing the employment or academic standing of an employee or student.

University Policies, cont.

File a Report of Discrimination/Harassment or a Formal Complaint of Title IX Sexual Harrassment

Any incidents that include faculty or staff can be reported to the Office of University Rights and Responsibilities (URR). Reporting to URR can be done in addition to reporting to the police for criminal prosecution. File an incident report with the Office of University Rights and Responsibilities at 480-965-5057 or urr@asu.edu. Formal Complaints of Title IX Sexual Harassment must be filed with the Title IX Coordinator. A list of all reporting options can be found at: asu.edu/reportit/

Accommodations for Students with Disabilities

Students with disabilities attending ASU, regardless of location (on site or online), can utilize the Student Accessibility and Inclusive Learning Services. Students with disabilities should use the following process to facilitate access to programs and services at ASU from the first day of classes:

- Register for classes on their assigned Registration Date, and
- Register with the Student Accessibility office if you are not already registered
- Request accommodations immediately following enrollment (**please note**, you need to request accommodations each semester).

Note: Some accommodations, including but not limited to: alternative print formats, (e.g., Braille, e-text, large print), interpreting services, lab materials conversions, assistive technology, and the hiring of lab assistants, may require up to one semester in preparation time.

Returning Students: Go to <https://eoss.asu.edu/accessibility>, sign into the Student login, Connect to request accommodations for ASU classes.

New Students: Go to <https://eoss.asu.edu/accessibility>, select New Registration Form link and submit it to initiate your registration with Student Accessibility. Make sure to use your ASURITE username and password. If you have questions, do not hesitate to contact us.

Contact Information: You can reach any of our offices by utilizing the information below:

Student Right to Know Act and Higher Learning Commission Data

As part of the federal Student Right to Know Act, institutions receiving Title IV funding are required to disclose certain information, such as completion or graduation rates of degree-seeking, full-time students entering the institution, to current and prospective students. Similarly, the Higher Learning Commission requires that institutions publish student achievement information, such as completion rates, job placement rates or other information useful for current and prospective students. In furtherance of those mandates, the following "Facts About ASU" section provides valuable consumer information about the success of ASU's students.

Facts About ASU

Arizona State University enjoys a national reputation as a leading research institution. ASU produces more graduates than any other university in the state. Students from around the nation and the world choose ASU because of its diversity and quality of academic, student, and research programs, a beautiful campus setting, and the value of the ASU degree in today's world.

Academic Environment

ASU offers 206 bachelor's degree programs, 228 master's degree programs, 90 doctoral programs, and one law degree program.

Undergraduate Students

ASU enrolled 16,830 first-year students for the Fall 2021 semester. **Of the first-year students, 25.6% graduated in the top 10% of their high school class.** The average ACT composite score of full-time first-year student is 24. The average SAT combined score is 1245.

ASU enrolled 14,513 new transfer students for the Fall 2021 semester with 28.0% of the new transfers coming from community colleges in Arizona.

The graduation rate for 2016 lower division transfer students graduating in 5 years or less was 60.9%

The graduation rate for 2017 upper division transfer students graduating in 4 years or less was 72.6%

Undergraduate Enrollment

ASU enrolled 107,431 undergraduates in the Fall 2021 semes-

ter. Seniors (Seniors: 38,864; Juniors: 29,231; Sophomores: 20,319; Freshmen: 18,318) compose the largest class, representing more than a quarter of the student body and over a third of the undergraduate enrollment. ASU enrolled students from every state and from 120 countries in the Fall 2021 semester.

Undergraduate Student Profile

43.4% are from ethnic minority backgrounds

3.9% are international students

The average age is 24.

Graduate Enrollment

ASU enrolled 28,322 graduates in the Fall 2021 semester

Graduate Student Profile

30.3% are from ethnic minority backgrounds.

24.0% are international students.

Student Athlete Profile

For information on student athlete graduation rates, please visit the following webpage

<http://www.ncaa.org/about/resources/research/graduation-rates>

Degrees Awarded

In 2020-2021, ASU awarded 22,067 bachelors, 8,829 masters, 701 doctoral and 282 law degrees.

The graduation rate for 2015 full-time first-year students graduation in six years or less was 66.9%. Information on students who transfer out from ASU is not recorded, therefore is not available.

The six-year graduation rate for 2015 full-time first-year students receiving Pell grants, receiving subsidized Stafford Loans but no Pell grant, and receiving neither Pell grant nor Stafford loan was 60.s%, 61.0% and 72.0% respectively.

Career and Professional Development Services

ASU's Career and Professional Development Services posts career outcomes data at the following address: <https://career.asu.edu/>

University policies

Academic integrity

At Arizona State University, we place great value on the research and scholarship of our students and faculty and are committed to a culture of academic integrity and scholarly ethics. We welcome you into our culture of academic excellence and integrity and hope you will help foster and promote ethical and honest behavior in connection with your scholarly work and interactions with your peers.

Academic integrity video [1] on Youtube.

What is academic integrity?

No matter what stage of your educational or professional career pursuits, acting with integrity is a cornerstone of leadership and good citizenship. Integrity is a character-driven commitment to honesty, doing what is right, and guiding others to do what is right. Arizona State University students and faculty are expected to act with integrity in their educational pursuits.

Academic dishonesty falls into five broad areas that include but are not limited to:

1. Cheating on an academic evaluation or assignment.
2. Plagiarizing [2].
3. Academic deceit, such as fabricating data or information.
4. Aiding academic integrity policy violations and inappropriately collaborating.
5. Falsifying academic records.

It is important that you understand what constitutes a violation of academic integrity. The ASU community is here to help you stay informed and to provide resources to avoid these kinds of violations. Please read ASU's academic integrity policy found here and visit the student resource page found here.

Mostly importantly, if you are not sure if something is really cheating, ask your professors, academic integrity officers, T.A.s or academic advisors.

ASU student honor code

Links:

[1] https://youtu.be/_re07sKys_o

[2] <https://provost.asu.edu/academic-integrity/resources/students#avoiding-plagiarism>

ASU student honor code

The ASU student honor code affirms the commitment of ASU students to uphold the values, principles, and ethics of academic integrity.

Honor code

"We, the students of Arizona State University, adopt this code as an affirmation of our commitment to academic integrity and our participation in ethical education.

We embrace our duty to uphold ASU's Honor Code, and in light of that duty,

We promise to refrain from academic dishonesty.

We pledge to act with integrity and honesty and to promote these values among our peers. We agree to always abide by the **Sun Devil Way [1]** and uphold the values of the **New American University [2]**.”

[Archivist’s note: embedded Google slides presentation; no link available]

Source URL: <https://provost.asu.edu/academic-integrity/honor-code>

Links:

[1] <https://eoss.asu.edu/sundevilway>

[2] <https://newamericanuniversity.asu.edu/about/asu-charter-mission-and-goals>

Why is academic integrity important?

Foundational value

Academic integrity is a fundamental value and is paramount to your success as a student. Protecting the ASU community from violations of academic integrity is everyone’s responsibility.

Academic Integrity Violations negatively impact:

You as a student

If you cheat in a course or another academic exercise, you are taking away your opportunity to learn, develop and improve your skills, and obtain an educational degree that reflects your own academic achievements.

The ASU community

ASU is an intellectual community focused on teaching, research and the values of the New American University. The creation, transmission, sharing and applying of knowledge are central activities of the community. Cheating violates fundamental values of the university community.

Future employers, clients or patients

Cheating can hurt the people you will work with in the future. You are preparing for careers where you will provide services to others—legal, journalistic, medical, research, etc. If you do not learn how to do this work, you have cheated your future employers and clients of a knowledgeable professional.

Student policy

Why is academic integrity important? [1] video on YouTube

Keon McGuire, Assistant Professor in Mary Lou Fulton Teacher College, shares why academic integrity is important. We want your time spent here at ASU to be enriching, engaging and full of wonderful educational experiences that prepare you for your future.

What is a violation of the academic integrity policy?

Academic dishonesty falls into five broad areas that include but are not limited to:

1. Cheating on an academic evaluation or assignment.
2. Plagiarizing.
3. Academic deceit, such as fabricating data or information.
4. Aiding academic integrity policy violations and inappropriately collaborating.
5. Falsifying academic records.

What are the consequences?

At Arizona State University, academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to: appropriate grade penalties, loss of registration privileges, disqualification and dismissal. ASU strictly adheres to the academic integrity policy.

This policy sets forth the ASU Student Academic Integrity Policy and appeal procedures.

[View full policy \[2\]](#)

Additional policies to be aware of:

Student Code of Conduct

Violations of the ASU Student Code of Conduct, other than the provision concerning academic dishonesty, are more generally considered inappropriate behavior. The Office of Student Rights and Responsibilities [3] reviews and sanctions these matters. If a student violates both the academic integrity provision and additional provisions of the Student Code of Conduct, both the college and the Office of Student Rights and Responsibilities will review the matter. Each independently makes determinations concerning violations and appropriate sanctions.

Misconduct in research

For graduate students and undergraduates involved in research, there can be overlapping areas between Academic Integrity Policy violations, responsible conduct of research and research misconduct. The five areas listed above describe the kinds of Academic Integrity Policy violations and are handled under the ASU Student Academic Integrity Policy by faculty members, colleges and the provost.

If a student is working on a federally-funded research project, some of these items may also be considered misconduct in research [4]. Misconduct is defined as:

Fabrication, falsification, plagiarism and other practices that seriously deviate from those that are commonly accepted within the academic community for proposing, conducting or reporting research. Instances of honest error and honest differences in interpretations or judgments of data are not considered misconduct. (From RSP 004: Definitions [5])

A student who violates both ASU's Misconduct in Research Policy and Student Academic Integrity Policy will be reviewed by both the college and the Office of Knowledge Enterprise Development's Office of Research Integrity and Assurance [6] (ORIA). Each independently makes determinations concerning violations and appropriate sanctions.

In addition, some actions might be considered violations of the norms of responsible conduct of research, but not Academic Integrity Policy violations or misconduct in research. Many of these incidents fall into the general category of "collaborator disputes." For example, if a doctoral graduate of ASU continued a line of research begun at ASU in a new lab external to ASU, and the ASU mentor objected, generally speaking the matter would be addressed as a collaborator dispute, rather than as an Academic Integrity Policy violation or misconduct in research. Many conflicts over appropriate authorship credit on publications also fall into this area.

Student policy

At Arizona State University academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to: appropriate grade penalties, loss of registration privileges, disqualification and dismissal. ASU strictly adheres to the academic integrity policy. This policy sets forth the ASU Student Academic Integrity Policy and appeal procedures.

A. Purpose

1. This Policy sets forth the ASU Student Academic Integrity Policy and appeal procedures. These procedures are designed to encourage a fair and appropriate process for student and faculty to resolve allegations of academic dishonesty. They may be modified in individual cases, so long as the student is provided notice and an opportunity to respond to allegations of academic dishonesty.
2. This Policy does not apply to differences of opinion over grades issued by an instructor.

B. Definitions

Academic Deceit Any deceptive or fraudulent act that creates or attempts to create an advantage or disadvantage for any member of the academic community.

Academic Evaluation Any academic assignment, project, paper, performance, quiz, exam, comprehensive exam, candidacy exam, thesis, dissertation, clinical or internship experience, or other evaluation assigned or offered for credit (including extra or optional credit), intended to fulfill an academic requirement, or considered by the University to provide academic or research experience (such as a paid research position).

Academic Integrity Officer The person responsible for managing the academic integrity investigation and adjudication process in a College or School. The Academic Integrity Officer works with both the student and Instructor to ensure that all procedures are followed. The Academic Integrity Officer is responsible for guiding both the student and Instructor through the investigation and adjudication process. The Academic Integrity Officer may pursue the academic dishonesty allegation if, for any reason, the Instructor is unable or unwilling to do so.

Advisor An individual selected by the student to assist him/her during the academic integrity process. The advisor may be a faculty or staff member, student, or other representative of the student.

College/School Board College or School Board is appointed by the academic Dean to review allegations of academic dishonesty. Each College or School Board is a standing committee comprised of faculty members and at least one student.

University Academic Integrity Hearing Board Hearing board appointed by the Provost or designee to review allegations of academic dishonesty, typically through student appeals from a College/School Board.

Instructor An academic supervisor or any person holding a faculty appointment as defined in the Arizona State University Academic Affairs Manual and is responsible for or authorized to conduct an academic evaluation. The Academic Integrity Officer may take the place of the Instructor throughout this process.

Day University business day, not including Saturday, Sunday, any officially recognized university employee holiday, or any day the University is closed.

C. Student obligations

1. All students must act with honesty and integrity. ASU believes that any form of Academic Dishonesty negatively impacts not only the student involved but all ASU students. The ASU student honor code affirms this commitment to integrity and can be found here.
2. Academic Dishonesty includes attempting or engaging in the following:
 - a. Academic Deceit;
 - b. Referring to unauthorized materials, sources, or devices (e.g., Internet resources, computer disks, audio recorders, cellular phones, personal electronic devices, text messages, crib sheets, calculators, solution

manuals, materials from previous classes, or commercial research services) during an Academic Evaluation;

- c. Possessing, reviewing, buying, selling, obtaining, posting on a site accessible to others, reviewing materials from a site accessible to others, or using, without appropriate authorization, any materials intended to be used for an Academic Evaluation in advance of its administration;
- d. Using a substitute or acting as a substitute for another person in any Academic Evaluation;
- e. Relying on the aid of others, including other students, tutors, or for-hire agents, in connection with any Academic Evaluation to the extent that the work is not representative of the student's abilities;
- f. Providing inappropriate aid to another person in connection with any Academic Evaluation, including the unauthorized use of materials, cellular phones, text messages, photocopies, notes, or other means to copy or photograph materials used or intended for Academic Evaluation;
- g. Plagiarism, or the use of another's words, ideas, materials, or work from the Internet or any other source without properly acknowledging and documenting the source. Students are responsible for knowing the rules governing the use of another's work or materials and for acknowledging and documenting the source appropriately.
- h. Claiming credit for or submitting work done by another or through the unauthorized use of technology;
- i. Signing an attendance sheet for another student, allowing another person to sign on the student's behalf, or otherwise obtaining credit for attendance for oneself or another without attending;
- j. Falsifying or misrepresenting hours or activities regarding an internship, externship, field experience, clinical activity, or similar activity; or
- k. Attempting to influence or change any Academic Evaluation, or academic record for reasons having no relevance to academic achievement.

D. Academic dishonesty investigation and procedures

1. Anyone with a good faith basis for believing that a student has engaged in Academic Dishonesty may report the alleged violation to the Instructor or Academic Integrity Officer for the college or school in which the Academic Dishonesty occurred.
2. If the Instructor or Academic Integrity Officer conclude that there is a sufficient basis to believe the student engaged in Academic Dishonesty, the Academic Integrity Officer will notify the student of the alleged violation and initiate the investigative process.
3. Before concluding the investigation, the Academic Integrity Officer will provide the student a summary of the information gathered. The student will have 5 business days after the notice was sent to respond on his/her own behalf to the allegation.
4. At any point in the process, the student can contact the Academic Integrity Officer to seek consultation or clarification.
5. The student may be accompanied by an Advisor at any point in the process. The Advisor is not permitted to participate directly or speak for the student.
6. Once the investigation is complete, in consultation with the Academic Integrity Officer, the instructor will recommend a sanction. The student will be notified of the result of the investigation and the sanction to be imposed, if any.

E. Sanctions and appeal

1. The following sanctions may be imposed for Academic Dishonesty:
 - a. Reduced or failing grade for the Academic Evaluation;
 - b. Reduced or failing grade for the course.
 - c. An XE grade as described in section K below;
 - d. Withdrawal of credit for a previously accepted course or requirement;
 - e. Suspension from the University for a specific period of time;
 - f. Expulsion from the University without expectation of readmission; and/or
 - g. Other sanctions as consistent with this policy and the Student Code of Conduct: <https://eoss.asu.edu/dos/srr/codeofconduct> [1]
2. At any time, the student and the Instructor may agree on the sanction and inform the Dean. The Dean may reject the proposed resolution and appoint a designee to pursue the case on behalf of the University.

3. The student will also be notified of their right to appeal to the Dean. The student must file their appeal no later than 10 business days after the date the notification was sent. If the student does not file a timely appeal, the sanction is final.
4. A student's appeal of a recommended sanction must be submitted in writing and include the following:
 - a. A description of the alleged academic dishonesty, including a factual narrative of events, the dates and times of occurrences, and any other reason why the sanction should not be imposed;
 - b. The names of persons having information about relevant circumstances or events; and
 - c. The general nature and description of all evidence.
5. If the student files an appeal, the student must meet with the Academic Integrity Officer to discuss hearing procedures. The Academic Integrity Officer will help the student navigate the process and provide additional information when needed.
6. If the student wishes to dispute any aspect of the allegation or sanction, the student may file an appeal. If the student files a timely appeal, the sanction will not be imposed until the appeal is resolved. If the student files an appeal at the end of a semester, or during the last semester of enrollment, the course grade or degree may be withheld until the matter is resolved. If a grade or degree will be withheld for any period, the Academic Integrity Officer or Dean must notify the Registrar's Office.

F. College/School board hearing

1. The Academic Integrity Officer will forward a student's timely appeal to the Instructor.
2. Pre-Hearing Proceedings
 - a. The Academic Integrity Officer will send a notice of hearing to the student, Instructor, College/School Board, and the head of the College/School/academic unit where the alleged dishonesty occurred. The notice will include the following information:
 - i. Statement of time and place of the hearing before the College/School Board. Unless the parties and Academic Integrity Officer agree otherwise, the hearing will take place during the regular fall or spring semester;
 - ii. A copy of this Policy or instructions on accessing the Policy electronically;
 - iii. Requirement that the parties provide to each other and the College/School Board a written list of witnesses and a description of any documents or other evidence they intend to use at the hearing. Unless the Chair provides otherwise, this information must be exchanged at least 5 business days before the hearing.
 - iv. The length of time set for the hearing, the time limitation for the presentation of evidence, and any other procedural requirements.
3. Conduct of the Hearing
 - a. In order to preserve the confidential nature of the disciplinary process and to protect the privacy of those involved, the hearing will be closed to the public.
 - b. The College/School Board Chair will preside at the hearing and will rule upon all procedural matters. The formal rules of evidence will not apply, although objections to the introduction of specific statements or documents may be considered by the Chair. Irrelevant, immaterial, privileged, or unduly repetitious information will be excluded.
 - c. The Instructor shall have the burden of showing it is more likely than not that the student engaged in Academic Dishonesty. The Instructor must also explain the reason for the sanction. If the student accepts responsibility for Academic Dishonesty, then the College/School Board may focus the hearing on the appropriate sanction.
 - d. Information regarding prior violations or informal resolutions of previous allegations may not be used as proof of a current violation, but may be admitted for other purposes, such as to show that the student had prior experience relevant to the allegations or to show that the student had been informed previously that the conduct was unacceptable. The College/School Board may also consider information regarding prior violations in determining an appropriate sanction.
 - e. A student who fails to appear or refuses to participate at the hearing will be deemed to have abandoned his/her appeal, unless the student can demonstrate that extraordinary circumstances prevented his/her appearance or participation.

- f. The student and Instructor may each have an Advisor present, but the Advisors shall not be permitted to address the College/School Board directly, except as the College/School Board Chair deems necessary or appropriate.
 - g. The hearing will be recorded and the student may request a copy of the recording. The student may also request a transcript, but will be responsible for its cost.
 - h. Except as otherwise permitted by the College/School Board Chair, witnesses will be excluded from the hearing except during their own testimony. The Chair may remove a party, Advisor, or witness from the hearing if that person's conduct is disruptive.
 - i. When necessitated by fairness or extraordinary circumstances, the College/School Board may permit the parties to make arrangements for recorded, written, or telephonic testimony from their witness (es) for use in the proceeding.
 - j. The Instructor shall proceed first at each stage of the presentation.
 - i. Each party may present an opening statement, which summarizes what information is expected to be presented.
 - ii. Each party will call witness(es) to provide statements under oath.
 - iii. At the conclusion of each witness's statement, he/she may be questioned by the other party.
 - iv. The College/School Board may ask further questions of each witness.
 - v. Each party may present a closing statement, which summarizes the information that was presented.
4. If the alleged Academic Dishonesty involves the work of multiple students, the College/School Board may modify these procedures to address the circumstances. The College/School Board should provide prior written notice of any modification of the procedures to all parties. Each student must file his/her own appeal. A student who has not filed an appeal should not expect to benefit from another student's appeal.

G. College/School board deliberations and recommendations

1. Following the presentation of information and closing statements, the College/School Board will discuss the information that has been presented and the reasonable inferences to be drawn from it. Only the Board, its legal advisor, if any, and the Academic Integrity Officer may be present during the deliberations. Neither the student nor the Instructor may be present during the deliberations.
2. Based solely upon the information presented, the College/School Board will formulate a recommendation to the Dean as to whether the student more likely than not engaged in academic dishonesty and the appropriate sanction. Recommendations must be supported by a simple majority of the Board.
3. The College/School Board will prepare and send a written recommendation to the Dean within 5 business days of the hearing. The written recommendation will include findings of fact and a statement of the reasons for the recommendation. It will also be signed by the College/School Board Chair. If the recommendation is not unanimous, dissenting opinions should be reflected in the recommendation.

H. Review and decision by dean

1. After reviewing of the College/School Board's Recommendation, the Dean will render a written decision which affirms, denies, or accepts the College/School Board's recommendation with modifications.
2. The Dean may not make new findings adverse to the student or increase the severity of a sanction, unless
 - a. The Dean provides the student notice and an opportunity to respond to the new findings or sanction, and
 - b. Remands the matter to the College/School Board for further proceedings.
3. The Dean will provide written notice of the decision to the student, the Academic Integrity Officer, the instructor, the College/School Board, and the head of the College/School/academic unit where the alleged dishonesty occurred within 20 business days following receipt of the College/School Board's recommendation. A delay may occur if it becomes necessary to conduct further investigation or to remand the matter to the College/School Board. In those cases, the written decision will be transmitted no later than 20 business days following completion of the investigation or the College/School Board's subsequent recommendation.
4. The Dean's decision is final and may not be further appealed unless the Dean recommends that the Provost suspend or expel the student from the University.
5. If the Dean recommends the suspension or expulsion of an international student, both the student and Academic Integrity Officer should consult with the ASU International Students and Scholars Center.

6. If the Dean recommends that the Provost suspend or expel the student from the University, the letter from the Dean will state that the student may appeal the recommendation by filing a written request for review with the Provost within 10 business days of the date of the letter.
7. If the student does not timely appeal, the Provost or designee will review the Dean's recommendation and issue a final decision on suspensions or expulsions from the University.

I. Review and decision of a suspension or expulsion from the university

1. A student may seek to have a Dean's decision reviewed by the University Academic Integrity Hearing Board only if the Dean recommends that the Provost suspend or expel the student from the University. However, a student who failed to appeal or abandoned his/her appeal at the College/School Board hearing may not appeal to the University Academic Integrity Hearing Board.
2. The appeal must be in writing and must be filed with the Provost within 10 business days of the date of the Dean's decision letter.
3. The Provost or designee will appoint and charge a University Academic Integrity Hearing Board to conduct the hearing. The Hearing Board will be comprised of three members. One member must be a student and one of the other members will act as Hearing Board Chair. The hearing shall follow the procedures set forth in the Student Code of Conduct Procedures, except that the College/School will take the role of the Dean of Students and the Provost or designee will take the role of the Senior Vice President for Educational Outreach and Student Services.

J. Review and decision of a degree or certificate revocation

1. Anyone with a good faith basis to believe that an ASU alumnum has engaged in Academic Dishonesty may report the alleged violation to the Office of the University Provost.
2. The Provost's designee will investigate and make an initial determination as to whether there is a sufficient basis to believe that the alumnum engaged in Academic Dishonesty and whether the appropriate sanction includes degree or certificate revocation.
3. If the Provost's designee decides to initiate an Academic Dishonesty complaint, he/she will notify the alumnum of the allegations and provide the alumnum an opportunity to respond.
4. The Dean of the College/School that awarded the degree or certificate may choose to convene an ad hoc committee to review the evidence and make a recommendation as to whether the alumnum engaged in Academic Dishonesty and the appropriate sanction.
5. In cases not involving graduate students, after reviewing the evidence and committee recommendation, if any, the Dean of the College/School that awarded the degree or certificate will render a written decision as to whether the alumnum more likely than not engaged in Academic Dishonesty and the appropriate sanction.
6. In cases involving graduate students, after reviewing the evidence and committee recommendation, if any, the Dean of Graduate College in consultation with the Dean of the College/School that awarded the graduate degree or certificate, will render a written decision as to whether the alumnum more likely than not engaged in Academic Dishonesty and the appropriate sanction.
7. If the Dean recommends that the Provost revoke a degree or certificate, the letter from the Dean will state that the alumnum may appeal the recommendation by filing a written request for review with the Provost within 10 business days after the date the notification was sent.
8. If the alumnum does not timely appeal, the Provost or designee will review the recommendation and issue a final decision.
9. If the alumnum files a timely appeal, the Provost or designee will establish a University Academic Integrity Hearing Board to conduct the hearing. The hearing shall follow the procedures set forth in the Student Disciplinary/Grievance Procedures, except that the College/School will take the role of the Dean of Students and the Provost will take the role of the Senior Vice President for Educational Outreach and Student Services.

K. XE grade

1. The XE grade will be recorded on the student's official and unofficial transcript with the notation "failure due to academic dishonesty." The XE grade shall be treated in the same way as an E for the purposes of grade point average and determination of academic standing.

2. No student with an XE grade on his/her transcript shall be permitted to represent the University in any extracurricular activity or to run for or hold office in any recognized student organization.
3. Generally, the XE grade will remain on the transcript permanently. For other cases, after at least 12 months have elapsed since the XE grade was imposed, the student may file a written petition to the Dean to have the XE grade removed and replaced with an E grade. The decision to remove the XE grade and replace it with an E grade is within the discretion and judgment of the Dean.
4. Before replacing an XE grade with an E grade, the Dean may confer with other University officials and may require the student to attest that he/she has not been involved in any other act of academic dishonesty or similar disciplinary offense at ASU or another institution. If the student's representation is later discovered to be false, the Dean may reinstate the XE grade and recommend suspension or expulsion.

L. Procedures following final decision

1. If any student work affected by the finding of Academic Dishonesty has been placed in the library or forwarded to a third party in partial fulfillment of degree requirements, that work may be removed from the library or withdrawn from the third party.
2. A student's official and unofficial transcript may reflect that an XE grade, suspension from the university, expulsion from the university, or degree or certificate revocation was the result of Academic Dishonesty.
3. One year after the completion of a suspension for Academic Dishonesty, a student may petition to have the notation of suspension for Academic Dishonesty removed from his or her transcript. The student must submit a written petition to the Provost which summarizes his or her academic and personal history since the suspension which justifies removing the notation. The decision to remove the notation that the student was suspended for Academic Dishonesty is within the sole discretion and judgment of the Provost.
4. A notation of expulsion from the university or degree or certificate revocation resulting from Academic Dishonesty is permanent.
5. A degree may be revoked if its requirements were not adequately fulfilled.
6. If a degree is revoked and a transcript was forwarded to another institution, ASU will notify the institution of the revocation.

M. Other university policies

The University's Misconduct in Research Policy is independent of the Student Academic Integrity Policy and the Guidelines for Graduate Appeals. Individual conduct may also violate and be subject to review and sanctions under these policies.

Meet your Academic Integrity Officer

The Academic Integrity Officer for a college/school serves as the lead educator for faculty and students to sustain a culture of academic integrity at ASU and to increase awareness of the university's academic integrity policy [1].

Both student and faculty can contact the Academic Integrity Officer for your College/School to report an academic integrity violation or to ask questions related to academic integrity policies and procedures.

Meet some of your academic integrity officers in this video. They are here for you. They will help you find an answer that avoids problems with academic integrity. We invite you to meet with your academic integrity officer and know who they are.

Meet Your Academic Integrity Officer [2] video on Youtube.

Student resources

Over the course of your academic journey here at Arizona State University, you will be challenged to continually build upon your skills and academic abilities. At times, pressure and stress can arise from balancing busy schedules, academic commitments, and personal commitments. In these moments of adversity, it's important that you make ethical decisions and uphold a high standard of integrity for you and for others.

Behavior and actions

What does Sun Devil integrity look like?

To see the behaviors and actions of Sun Devil Integrity, view the infographic below or download the PDF [1].

Sun Devil Integrity

Engages in learning

Chooses to engage in learning in college courses to fully understand the content so he/she can be a knowledgeable professional when entering the career world.

Takes notes

Diligently takes notes during class and during readings to begin preparing for exams. Studies his/her own notes, making flashcards and study materials, without seeking shortcuts.

Reports cheating

Reports cheating to the department's academic integrity officer.

Studies diligently

Studies for exams and assessments diligently and well in advance of exam day. Collaborates with classmates to study for exams by quizzing each other, but completes the exams entirely by himself/herself.

Cites sources

Cites all sources that are referenced, paraphrased, and/or quoted in full or in part, using appropriate source citation (such as APA or MLA format).

Avoids cheating

Avoids online or contract cheating websites where offers to complete college coursework, in full or in part, are made.

Completes tasks

Breaks long papers into parts (bibliography, outline, introduction, body, conclusion, and further sub-parts) to complete the task in stages ahead of deadlines.

Works in advance

Works in advance of assignment deadlines to plan out projects and papers, and create a checklist and a study plan with a daily or weekly schedule.

Encourages others

Encourages classmates to do their own work and to learn materials so they can be knowledgeable aspiring professionals.

Respects Honor Code

Treats instructors and classmates with respect and upholds the ASU Student Honor Code.

Academic integrity at ASU tutorial

The Academic Integrity at ASU tutorial [2] also will walk you through the importance of academic integrity. Upon completion of the tutorial you will be able to:

- Describe the five types of academic integrity
- Identify the do's and don'ts of academic integrity at ASU

- Recognize the consequences of academic dishonesty

Strategies

Strategies for how to complete your work with integrity

Be informed: Understand ASU's expectations regarding academic integrity by understanding the Academic Integrity Policy [3] and Student Code of Conduct [4].

Ask questions: If you are not sure if something is really cheating, ask your professors, T.A.s, academic integrity officers, or academic advisors.

Seek tutoring: Ask your professors and others in your department for help in finding academic support. Help is available from the following sources:

- On-campus, in-person writing support [5]
- Online support for citations and style manuals [6]
- Tutoring and academic success resources [7]

Stay healthy: Checkout the Live Well at ASU [8] webpages to obtain information, resources and involvement opportunities found in each element are designed to positively impact you academic performance, personal well-being and assist you in reaching your full potential.

Avoiding plagiarism

Plagiarism may be the most common form of academic dishonesty and is often unintentional. Protect yourself by understanding how to avoid plagiarism at Arizona State University using the following resources.

What is plagiarism?

Defining plagiarism

Acts of plagiarism can be glaringly obvious or very subtle. Understanding plagiarism, with all of its intricacies and nuances, provides a foundation of knowledge one can use to make sound decisions and avoid getting caught up in a plagiarism scandal—whether intentional or unintentional.

Document sources appropriately

Lapses in one's technique for paraphrasing ideas, quoting information or citing sources can make way for accusations of plagiarism. Make it a point to learn how to integrate the ideas of others and to document the sources of “borrowed” information appropriately. View citation styles [9].

Avoiding unintentional plagiarism

Keeping track of the deluge of notes and source material can become a mind-boggling undertaking, and mistakes can lead to unintentional plagiarism. Learn about web-based citation management tools at ASU Library's Citation Management Tools [10] library guide.

Self-plagiarism

Quoting words or borrowing ideas without reference to the author is a problem, even if you happen to be the author.

Same story – different outlets

You cannot:

- submit the same paper for different classes.
- use sections of your previous work for a comp exam answer.
- expand on your master's thesis for your dissertation.
- submit the same research article to different journals.

Learn more about the complicated issue of self-plagiarism. Talk to your Academic Integrity Officer about what this means for you.

Recycling is not always good

Not when it comes to your own words. Many researchers use the same literature, research methods or analyses across studies and find it time consuming to write new versions of these sections. Yet blind journal reviewers or electronic cross-checking may indicate you are plagiarizing. Take the time to rephrase and remember you need to cite yourself.

Avoid salami-slicing

Or publishing multiple studies from the same data set. You may need to reduce a complex set of distinct hypotheses into separate papers. If so, let the readers know you did this. If the slices can be combined to make a whole, then it is better to go with the whole salami. To learn more about the nuances of “salami-slicing” in your discipline just pop this term into Google scholar and it will open your eyes.

Self-plagiarism resources

2. Scanlon, P. M. (2007). *Song From Myself: An Anatomy of Self-Plagiarism*. vol. II. Ann Arbor, MI: Scholarly Publishing Office, University of Michigan Library <http://hdl.handle.net/2027/spo.5240451.0002.007> [12] retrieved July 2010

Plagiarism tutorial

Take the Plagiarism Awareness: Don't Stumble Into it Accidentally! [13] tutorial. Upon completion of the tutorial you will be able to:

- Define and recognize plagiarism.
- Explain the importance of citation in the scholarly environment.
- Demonstrated strategies to avoid unintentional plagiarism.
- Recognize and explain the consequences of plagiarism.

Resources for citations

Visit the ASU Library citation styles [14] webpage as a reference for citing resources appropriately using APA, MLA, Chicago, or other citation-style guidelines. The site also offers exercises to help you practice the appropriate use of citations.

Contract cheating

Definition of contract cheating

Contract cheating is a type of academic dishonesty where a student asks another person to complete all or part of their work for them. The student may ask someone they know to write a paper for them, as a favor, or they may pay someone to do it. Regardless of whether money changes hands or not, presenting someone else's work as your own is always cheating.

What are some of the ways contract cheating negatively impacts you and the ASU community?

There are numerous ways in which contract cheating negatively impacts you, your fellow students, and the ASU community. Here are a few:

- You do not acquire any of the knowledge that your instructor intended for you to learn when you have someone else do your work. By doing so, you are taking away your opportunity to grow as a student and professional contract cheating is a very serious academic integrity violation which could result in suspension or expulsion permanently from the University.
- Students who complete their work on their own are disadvantaged by students who are cheating.

- When you ask someone to do work for you, you are asking them to cheat on your behalf. Your request for their help will lead to negative consequences for them as well.

What are some things I can do if I am overwhelmed and notice that I am becoming tempted by contract cheating?

Part of the learning process as a college student is to work your way through challenging times in an honest and ethical manner. Spending time prioritizing your assignments and engaging in good time management practices is ideal. However, you may still experience times where you feel overwhelmed by multiple deadlines and projects.

There are resources to support you:

- Communicate and/or meet with your instructor.
- Schedule an appointment to talk to your advisor.
- Meet with the Academic Integrity Officer [15] in your college/school.
- Utilize your college/school tutoring resources.
- Utilize the ASU resources [16] offered from the Dean of students' office.
- Contact the ASU First Year Success Center [17].
- Contact the International Students and Scholars Center [18].

Remember, it is better to do poorly on an assignment or even fail an examination than it would be to commit an academic integrity violation. The skills you develop working through challenging situations, enhances your resiliency and makes you an even more effective college graduate.

Attendance

The instructor has full authority to decide whether class attendance is required.

Source URL: <https://catalog.asu.edu/attendance>

Confirmation of participation

Students who receive financial aid are expected to earn their aid by participating in all of their classes every session.

Attending and participating in all of the courses a student is enrolled in not only ensures that they are getting the most out of the college experience, but it also helps students remain eligible for financial aid. Students must show participation in their courses by the 21st day after the course start date. If a student's participation is not confirmed by the 21st day of class, their aid may be reduced or canceled, and they may be required to pay for charges without aid.

How does a student confirm participation?

- **Completing a survey in My ASU.** This is the simplest way to confirm participation. Survey links will be available seven days after classes begin. You can access the surveys you need to complete next to each course listed in the **My Courses** box in My ASU. You will also see a task listed in your Priority Tasks box.

How do I know if my participation still needs to be confirmed?

- A Priority task in **My ASU** will link you to the participation survey(s) you need to complete. You will be notified by ASU email only if your participation **has not** been confirmed. After the 21st day, if you still have not participated in a course, your aid may be reduced or canceled. You will see this change in the **Finances** tab in **My ASU** almost immediately.

Student FAQs

How do I confirm my participation?

Students, follow these steps to complete a quick survey that confirms participation:

- Log in to My ASU [1].
- Visit **My Classes** on the left side of your home page.
- Click the \$ icon next to each class.
- Complete the survey.

Click **Submit**.

Why the 21st day?

The Department of Education requires early participation in order to ensure students earn the financial aid eligibility for the class.

Why does ASU confirm participation?

Confirmation of participation helps ASU administer financial aid within the regulations established by the Department of Education. By confirming participation, ASU helps students stay on track to earn financial aid for the semester and keep their financial aid to pay charges.

Do I have to do this every session?

Yes. ASU must confirm participation for each class for each session start.

What happens if I don't participate by the 21st day?

If you are a loan recipient, your loans will be returned if you do not participate in at least one course.

If you are a Pell, Supplemental Education Opportunity Grant (SEOG) or Teacher Education Assistance for College and Higher Education (TEACH) grant recipient, your full grant amount will be canceled if you do not demonstrate participation in **every** course you are enrolled in,

In either case, the funds may be returned, any funds already disbursed to you will need to be paid back, and you will need to pay your charges without that aid.

What happens if my loans were returned and I don't plan on enrolling for any more courses?

If you do not enroll in more courses, you will be responsible for your bill.

My loans were returned but I am going to register for more courses.

If you enroll in more courses, and participation is confirmed by the 21st day of those courses, you will have aid eligibility reinstated for future sessions you are participating in, as long as you're attending at least half time for the semester (6 credits for undergraduates, 5 credits for graduates).

Will I be dropped from courses?

No. You will remain enrolled in the courses, but your aid will be reduced or canceled and you will be billed for your charges.

When does confirmation of participation start?

This requirement applies to all students receiving financial aid, beginning fall 2022.

I was going to participate, I just haven't yet. Can I get my aid back?

If you haven't participated in a course by the 21st day, and are still enrolled in the course, you can still complete a course survey to have your aid reinstated. Course surveys will remain posted in My ASU through the end of the term, as long as you are still enrolled in the course. Aid will be automatically reinstated once you complete the survey.

How does this affect my other financial aid, i.e.: private scholarships, etc....?

The confirmation of participation standard applies to all financial aid. Check your course list in My ASU [2] and complete the survey for any course that has the dollar sign icon next to it.

Who can I contact with questions?

You can email participation@asu.edu [3] with questions about this federal financial aid policy.

Distance education complaint policies

University policies

The U.S. Department of Education requires that certain information be disclosed in a clear, prominent, user-friendly and easily understood manner. The intent of the requirement is to enable students to make an informed choice.

Learn about complaint filing and resolution at Arizona State University, as well as out-of-state student policies, international students policies, and credit transfer and refund policies below.

ASU complaint procedure

ASU is committed to the success of each student and strives to resolve issues that may arise. All ASU distance education students should attempt to resolve complaints with the university through the university process first before contacting external agencies.

Available processes and links to policies and contacts are listed below.

University process

ASU greatly values the student experience and expects all students to adhere to the Student Code of Conduct [1]. Please refer to the Student Code of Conduct for student expectations and rights.

When an issue is brought to our attention, ASU takes appropriate action to seek resolution.

Academic issues

For academic concerns, a student is encouraged to first speak with the course instructor. If an issue cannot be resolved at that level, a student may contact the appropriate college or school for guidance on how to proceed. Please refer to our list of colleges and schools [2] for more information.

Non-academic issues

For non-academic concerns, please contact the Dean of Students [3]. The Office of Student Rights and Responsibilities is responsible for reviewing and handling student disciplinary incident reports.

Non-academic issues not resolved by the university process

ASU is an institutional participant of the State Authorization Reciprocity Agreement (SARA). If an issue has not been satisfactorily resolved through the university's internal process, a distance education student may submit a non-academic complaint to the Arizona SARA Council by filing a complaint form.

Instructional complaints, such as grade grievances, are not reviewed by the council and should not be submitted for resolution.

Students located in American Samoa, California and Guam may not submit a complaint to the council. These territories and states do not participate in SARA.

Other agencies

A student may contact higher education regulatory agencies, accrediting agencies or consumer protection agencies for specific issues that are unresolved through the university process.

Arizona Board of Regents

If an issue submitted by a student is unresolved and involves a complaint arising under state law, an Arizona Board of Regents policy or any other matter, the student may contact the Arizona Board of Regents [5] (in accordance with 75 Fed. Reg. 66865-66, October 29, 2010).

Accrediting agencies

ASU is accredited by the Higher Learning Commission (HLC) [6]. If an issue is unable to be resolved through the university process, a student may follow the HLC complaint process [7].

For specialized accreditation, please see this page [8].

Consumer protection agencies

A student located outside of Arizona may share an unresolved concern with the appropriate agency where the student is physically located. Please refer to our state authorization page [9] for consumer protection agency contact information by state.

International students

ASU works to provide global access to its online degree programs. While requirements related to authorization and licensure are carefully tracked, **it is the student's responsibility to understand the requirements for whether an online degree will be recognized in the country in which the student intends to work**; how the collection of student data may be used in that country; and whether there are any tax implications in addition to the price of tuition.

Several countries will not formally recognize foreign online degrees, which may have implications for students who later seek to enroll in other educational programs, or for those who seek employment in another country's government or employers requiring specific credentials. **International students considering an academic program that leads to a professional license should first confirm with the appropriate professional licensing board in the country in which the student intends to work as to whether a degree from ASU is recognized when seeking licensure or certification.**

Professional licensure

There are certain careers or fields that require professional license to practice, and licensure requirements vary by state. ASU's professional licensure programs are designed to prepare students for a license in the State of Arizona. Students who wish to practice in a state other than Arizona should check the professional licensure each session for the most up-to-date information.

Professional licensure info [10]

Residency and student location

Course and program availability varies by state. Admission into a program is granted at the time of initial acceptance into the program and is dependent on program availability in the state where the student **is physically located** at the time of admission.

If a student moves to a different state after admission to the program, continuation within the program will depend on the availability of the program within the new state where the student is physically present. Relocating may impact whether a student can remain in the program, meet the state licensure requirements and/or continue to receive financial aid funding.

Prior to considering relocation, please contact your program advisor to discuss authorization and licensure eligibility requirements. **It is the student's responsibility to notify the institution of a change in physical location.**

MILITARY PERSONNEL: The state where military personnel are stationed will determine whether they may enroll or continue in an ASU Online program.

Transfer of credit

ASU does not imply, promise or guarantee that credits earned at the university will transfer to other institutions, since such determinations are made according to the policies of the receiving institution. **If a student is considering transferring to another school, prior to such transfer, the student will need to work with that school to determine if ASU's academic credits will be accepted.**

Some medical schools and other health science schools may require additional information for alternative classroom experiences, such as online courses. Students may be asked to provide detailed information about the course or courses that transfer credit is being sought for and provide evidence to the requesting institution of the textbook and topics covered that can be found in a complete syllabus.

Learn more about being a transfer student [11]

Drop/add and withdrawal

How to drop, add and withdraw

How to add a class

The easiest way to add a class is by signing into My ASU [1], clicking on the **Registration** link in your **My Classes box**, and selecting **Add**. You may add a class to your schedule up until the drop/add deadline for that class.

Adding a class after the drop/add deadline is considered a Late Add [2] and requires instructor, department and college approval.

Policies and procedures for late adds vary by college/school, click here [2] for detailed instructions.

Dropping/withdrawing from a class

How to drop/withdraw from a class

You may remove a class from your current schedule by dropping/withdrawing from it up until the appropriate deadline for that class. You can request a drop/withdrawal from a class by signing into My ASU [1], clicking on the **Registration** link in your **My Classes box**, and selecting **Drop/Withdrawal**. Please refer to the Tuition Refund Policy [3] to determine if dropping or withdrawing from classes will generate a tuition refund. The timing of when you make your request determines whether it is a drop or a withdrawal.

Before the drop/add deadline

A drop/withdrawal request made prior to the drop/add deadline for your class will be considered a drop. A drop will remove the class from your current schedule with no record of your enrollment in the class on your official transcript.

After the drop/add deadline

A drop/withdrawal request made after the drop/add deadline for your class will be considered a withdrawal. A withdrawal will remove the class from your current schedule and will result in a grade of 'W' on your official transcript. The grade of 'W' has no impact on your GPA.

Swapping classes

How to swap classes

You may simultaneously add a class while dropping another by swapping them. You can swap classes by signing into My ASU [1], clicking on the "Registration" link in your My Classes box, and selecting "Swap." A swap will not drop you from your original class unless your add request was successful. This is especially helpful when attempting to switch from one section of a class to another section of the same class.

Complete session drop/withdrawal

See Complete Session Withdrawal policy [4]

Other types of drops/withdrawals

This section covers special types of drops/withdrawals due to extenuating circumstances (such as a personal mental/physical condition, death or serious illness of a family member or close friend, or military duty/activation), lack of attendance or disruptive behavior.

Medical/compassionate withdrawal

You may be eligible for a medical/compassionate withdrawal if your withdrawal is due to extenuating circumstances such as a serious physical or mental illness (medical withdrawal) or the death/serious illness of a family member (compassionate withdrawal). To request a medical/compassionate withdrawal, you must submit a Request for Documented Medical/Compassionate Withdrawal [5] form along with appropriate documentation to the college of your major. Approved medical/compassionate withdrawals may generate tuition refund if approved within two years of the end of the semester, please see the Tuition Refund Policy [3] for more information.

Military activation withdrawal

A student who is a member (or the spouse of a member) of the National Guard, Reserve, or other U.S. Armed Forces branch and is unable to complete classes because of military activation, may request complete withdrawal or course withdrawals, incompletes, or grades, depending on the timing of the activation and the individual student's needs. Absences resulting from military activation will not adversely affect a student's catalog year.

To receive consideration under the military activation policy, a student should complete a Military Activation Form [6] and return the completed form, along with a copy of the military activation order, to the Pat Tillman Veterans Center. The Pat Tillman Veterans Center staff will coordinate the processing of the form for the student, including verification of orders, counseling on available options, referrals to academic departments, referrals or notification to offices regarding potential refunds, and initiation of processing administrative withdrawals or incomplete grades.

Instructor-initiated drop

Instructors have full authority within departmental or other higher-level policies to decide whether or not class attendance is required. If you are unable to attend class it is your responsibility to notify your instructors and/or follow their attendance policy. If you are absent from class through the second week of classes (for a fall or spring semester) or the first four days of a summer session, your instructors may exercise the option to drop you from the class (this is often done to create an open seat for another student wishing to add the class).

Please be aware that nonattendance will not automatically result in you being dropped from a class. Instructors have the right to exercise this option at their discretion. If you are unable to attend or complete a class it is your responsibility to drop/withdraw from the class prior to the appropriate deadline.

Instructor-initiated drops for nonattendance must be based upon concrete evidence of nonattendance and be signed by the Dean or Dean's Designee in of the college offering the class. The college will notify students that they have been dropped for nonattendance by mail at the student's currently posted mailing address. Nothing in this policy contradicts any other policy regarding attendance, religious holidays or the students' responsibility to notify instructors in case of their absences.

Instructor-initiated withdrawal

Instructor-initiated withdrawals are made when an instructor withdraws a student from a class with a grade of "W" or "E" in cases of disruptive behavior.

Drop/add and withdrawal deadlines

Registration deadlines determine the last day you are able to add, drop or withdraw from classes. Each class has its own set of registration deadlines which are based on the length of the class as well as the session in which the class is held. The drop/add/withdrawal deadlines listed on the Academic Calendar [7] apply to classes scheduled in the regular A/B/C sessions. If your class does not follow the A/B/C session timelines, the drop/add/withdrawal deadlines are prorated. The best way to determine the registration deadlines for a class you are registered for is to sign in to My ASU [1] and click on the calendar icon  next to the class in the **My Classes** box. To determine the registration deadlines for a class you have not yet registered for, use the online Class Search and Course Catalog [8] to search for the class and click on the **Dates** column in the search results.

Drop/add deadline

This is the last day to add a class or to drop a class without receiving a grade of "W" on your transcript. Adding a class after the drop/add deadline is considered a Late Add [9] and requires instructor, department, and college approval. All withdrawals after this date will result in a grade of "W" on your transcript for each class withdrawn.

Course withdrawal deadline

This is the last day to request a withdrawal from a class while staying enrolled in other classes in the same session. A withdrawal from a class after this date is only available as part of a complete session withdrawal (see below).

Complete session withdrawal deadline

This is the last day to request a complete withdrawal from a session. As part of a complete session withdrawal you must withdraw from all of your classes in the session. Beginning the first day of the fall and spring semesters undergraduate students are required to contact their college/school [4] to facilitate the withdrawal process.

Editing a class

Some classes allow you to select the number of credit hours, grading basis, and instructor for the class. If you are registered for one of these classes you may edit these options by signing into My ASU [1], clicking on the Registration link in the My Classes box, and selecting Edit.

Registration and Tuition Payment Guide [10]

Complete session withdrawal

A complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences.

Undergraduate students

Beginning the first day of the fall and spring semesters, you are required to connect with your college/school of your major to facilitate the withdrawal process. Select your college or school below for instructions regarding the complete withdrawal process.

The College of Liberal Arts and Sciences [1]
Edson College of Nursing and Health Innovation [2]
Herberger Institute for Design and the Arts [3]
Ira A. Fulton Schools of Engineering [4]
Mary Lou Fulton Teachers College [5]
New College of Interdisciplinary Arts and Sciences [6]
College of Integrative Sciences and Arts [7]
College of Global Futures [8]
College of Health Solutions [9]
Thunderbird School of Global Management [10]
Walter Cronkite School of Journalism and Mass Communication [11]
Watts College of Public Service and Community Solutions [12]
W. P. Carey School of Business [13]
University College [14]

During the fall or spring semester, submit your withdrawal request by signing in to My ASU [15], click on the **Registration** link in your **My Classes** box, and select **Drop/Withdrawal**. Your request will be electronically routed to your college or department for review and next steps. If the semester has not yet begun, or you wish to withdraw from a summer session, sign in to My ASU [15], click on the **Registration** link in your **My Classes** box, and select **Drop/Withdrawal** and follow the steps to withdraw from your classes.

Graduate students

You may request a complete session drop/withdrawal by signing in to My ASU [15], clicking on the **Registration** link in your **My Classes** box, and selecting **Drop/Withdrawal**, or by submitting the Complete Session Withdrawal [16] form to any University Registrar Services office location [17]. Be sure to review the Graduate College's continuous enrollment policy [18] and discuss your withdrawal with your program advisor, if needed.

Please refer to the Tuition Refund Policy [19] to determine if dropping/withdrawing from classes will generate a tuition refund.

ASU support resources & options

Withdrawing from one or two classes (course withdrawal)

After the drop/add deadline through the course withdrawal deadline for a class, students can withdraw from the class while remaining enrolled in other classes. Students are encouraged to contact their academic advisor to discuss the impact this may have on meeting critical requirements.

Medical/compassionate withdrawal

Medical/Compassionate withdrawals are available for students needing to withdraw from one or more classes due to a personal mental/physical health condition or the death or serious illness of a family member/close friend. More information concerning medical/compassionate withdrawal requests can be found here [20].

Tutoring & academic support services

ASU tutoring centers provide a variety of services to help students become better learners and gain the confidence and skills to achieve their academic goals. Services include: writing centers, math tutoring, subject area tutoring, and supplemental instruction. More information about tutoring centers can be found here [21].

ASU Counseling Services

Counseling and mental health services are provided at each of the four ASU campuses. ASU students may seek services at any of the campus counseling centers, regardless of their college affiliation. ASU Counseling Services locations and contact information can be found here [22].

“I” (Incomplete) grade

If approved, a mark of “I” (Incomplete) may be given by the instructor when students are otherwise doing acceptable work but are unable to complete the class because of illness or other conditions beyond their control. Students interested in incompletes should discuss this option with their instructors and arrange for the completion of the class requirements.

Possible consequences resulting from a complete session withdrawal:

- **Financial Aid:** Financial aid recipients who completely withdraw from the university may be responsible for immediate repayment of funds. The effect of a complete withdrawal on financial aid depends on when the withdrawal is dated and the type of financial aid. More information concerning the return of financial aid is available here [23].
- **Tuition and Refunds:** The date of a complete withdrawal will determine whether or not a tuition refund will be generated. Please review the Tuition Refund Policy [24] for more information.
- **Health Insurance:** Students should contact their health insurance company to determine whether or not withdrawing from the university affects their coverage.
- **Residential Life:** Students who live on campus should contact their residential hall community staff to determine what impact withdrawing will have on their eligibility to live on campus, to complete a License Agreement Release (LAR) form, and to arrange an appointment to officially check out. More information concerning housing cancellations is available here [25].
- **Veteran Benefits & Certifications:** Students should contact the appropriate Veteran Benefits & Certifications office to discuss information regarding veterans’ educational benefits and/or military activation. Veteran Benefits & Certifications office locations and contact information can be found here [26].

For more information on Complete Withdrawals, contact University Registrar Services at registrar@asu.edu [27] or 480-965-3124.

Enrollment and degree verification

Arizona State University is frequently asked to certify a student's earned degrees and/or enrollment status (full-time, part-time, etc.). Enrollment status is determined by the number of credits for which a student is enrolled during the term in which certification is requested. Courses a student has withdrawn from are not included. Note that classes taken for audit are included in total enrolled hours.

How to obtain an enrollment or degree Verification

1. Log in to My ASU [1] and navigate to the **My Classes** box
2. Select **Grades & Transcripts**
3. Select **Transcripts & Test Scores**
4. Select **Enrollment Verification**

You will be able to select from several options including your major, earned degrees, and semester and cumulative GPA, and print out the Enrollment Verification as a PDF.

If you need special information on your Enrollment Verification, or if you need a specialty verification form completed such as the Canadian or Alaskan form, submit an Enrollment Verification Request [2] form at any University Registrar Services location [3] (photo ID required for in-person visits). Requests by email, mail or fax **must** include the student's verifiable signature. Please allow up to two business days for processing.

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on how to obtain verification of your Thunderbird coursework or degree can be found here [4].

If you have questions or need additional information, please contact University Registrar Services, Records & Enrollment Services at registrar@asu.edu [5].

Enrollment & degree verification for outside agencies and third parties

ASU has contracted with the National Student Clearinghouse [6] to process all enrollment and degree verification requests for employers, employment agencies, background search firms, and various other businesses that offer products or services based on the individual's status as an enrolled student.

- If you need assistance, contact National Student Clearinghouse [6] directly at 703-742-4200.
- If the National Student Clearinghouse can confirm the degree or enrollment, the response is immediate and requestors will be able to print or obtain a PDF version of the verification.
- Enrollment verifications for each term will be available starting the first week of classes for that term.
- A fee will be charged for this service.

Full-time and half-time credit requirements for enrollment verification purposes

Fall & Spring semesters

Status	Undergraduate	Graduate
Full time	12+ credit hours	9+ credit hours
3/4 time	9 - 11 credit hours	7 - 8 credit hours
Half time	6 - 8 credit hours	5 - 6 credit hours
Less than half time	1 - 5 credit hours	1 - 4 credit hours

Summer sessions

Status	Undergraduate	Graduate
Full time	4+ credit hours	3+ credit hours
Half time	2 - 3 credit hours	2 credit hours
Less than half time	1 credit hour	1 credit hour

Research and Teaching Assistants: For fall and spring semesters research and teaching assistants must be enrolled in at least six credit hours to be considered full time. For summer sessions they must be enrolled in at least two credit hours to be considered full time and one credit hour to be considered half time.

Financial Aid Recipients: Full-time and half-time credit requirements may be different for financial aid disbursement purposes. Please review the Award Disbursement Rules [7] to determine the required enrolled hours needed for financial aid disbursement.

Co-operative education

Students are required to be enrolled in a designated co-op course within their college for a minimum of one credit hour during the co-op semester. Co-op students will be identified for enrollment verification purposes as being in full-time status. This will include verification to the National Student Clearinghouse for loan deferment purposes. The co-op experience must meet the clock time in hours of work to meet the full-time enrollment requirement, as monitored by the student's college. A credit hour is defined as a minimum of 45 clock hours. Please review the Award Disbursement Rules [7] to determine the required enrolled hours needed for financial aid disbursement.

Glossary of academic terms

University Academic Good Standing (undergraduate) [1]

2.00 cumulative GPA

- College-specific academic good standing rules can be developed. Example: W. P. Carey Academic Good Standing. Use the college name in a policy title to differentiate it from university policy.

University Academic Warning

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester (fall or spring) is considered to be in the status of university academic warning.

University Academic Probation [2]

An undergraduate student is placed on university academic probation if, at the end of a semester (fall or spring) that is not the student's first semester at ASU, the student has a cumulative GPA of less than 2.00, or the student received an academic warning in the prior term.

- Colleges may establish specific criteria for their own academic probation status, to be defined as "College Name" academic probation. The college academic probation status may take the place of university academic probation but may not replace the university academic warning. Example: Fulton Schools of Engineering academic probation.

University Continuing Academic Probation [2]

A student is said to be on university continuing academic probation each semester (fall or spring) that student (previously on university academic probation) earns a semester GPA greater than 2.00, but yet has a cumulative GPA of less than 2.00.

- Colleges may establish individual time limits and specific semester GPA requirements for continuing academic probation, to be defined as "College Name" continuing academic probation.

Co-enrolled Continuing Probation program [3]

Select disqualified students may participate in the co-enrolled continuing probation program at the discretion of their college or school. Under this program, the student takes UNI 220 Academic Refresher plus one ASU course selected by the student's advisor, and the student co-enrolls at a Maricopa Community College with a schedule selected in consultation with the ASU advisor. If, upon completion of the term, the student has a combined semester cumulative GPA of 2.50, the student may continue regular enrollment at ASU. Parameters regarding the number of co-enrolled hours required are at the discretion of each college or school.

Ineligible

A student who is in university academic good standing, but is ineligible to remain in their major based on college specific academic requirements. This status was phased out during the 2015-2016 academic year with new tracking requirements and university academic good standing policies.

Disqualified [4]

A student on university academic probation who does not earn a semester GPA of 2.00 or greater (fall or spring) will be disqualified. Students who are disqualified are not permitted to enroll at ASU in any subsequent fall or spring semester unless they are readmitted.

Satisfactory progress [5]

This term is used in different ways for students, such as with regard to financial aid, sponsored international programs, athletics and veterans' benefits. Satisfactory progress is a complex calculation specific to major and situation. This term does not refer to academic standing.

Progression [5]

This term refers to how a student meets milestones and degree requirements in movement toward achieving degree completion. This term does not refer to academic standing.

Reinstatement [6]

A student who has previously been academically disqualified and seeks to return either for a fall or spring semester a) immediately or b) after a period of absence and has met college admissions standards.

Quick re-entry [7]

The term quick re-entry refers to a streamlined process in which students do not need to submit a new application or application fee if they are undergraduate degree-seeking students who previously attended ASU but have not been enrolled at ASU for up to seven consecutive fall or spring semesters. Students absent on military deployment, on service for official church missions, for foreign aid service of the Federal government or for permanent disability reasons should follow leave of absence [8] procedures.

Readmitted [7]

Students not eligible for quick re-entry (i.e., because they have not been enrolled at ASU for seven or more semesters, completed their academic program or were academically disqualified), must apply for readmission and submit applicable fees. Candidates for readmission who are not in academic good standing are subject to college review. A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible.

eAdvisor [9]

A suite of tools used to monitor student progression towards degree completion including Degree Search, major maps and the tracking of critical and necessary requirements (8 semester tracking application).

Major map

A major map is an eight-semester, optimal course plan that outlines a recommended sequence of courses, enabling full-time students to graduate in four years. The major map is posted on a student's My ASU in the My Programs box under Degree Progress.

eAdvisor tracking

ASU's eAdvisor tracking outlines critical courses, GPA requirements and milestones that predict success in each major and tracks students' progress toward meeting them. Sometimes called critical tracking, eAdvisor tracking evaluates how a student's completed courses meet degree requirements in a specific term, including both critical and necessary courses. Students who have not completed critical course requirements for two consecutive fall or spring semesters may be required to change their major.

Critical requirement [10]

As identified on the major map, as a curricular or noncurricular degree requirement that the faculty have identified as critical predictors of success in a specific major. Critical requirements can be courses, grades, GPAs or non-curricular requirements such as submitting a fingerprint clearance card. Critical requirements appear in terms 1-4.

Necessary requirement

As identified on the major map, as a curricular or noncurricular degree requirement that the faculty have identified as necessary for timely completion of degree requirements. Necessary requirements appear in terms 5-8.

Off track

This refers to a student who has not met one or more critical requirements as stated in terms 1-4 of their major map in a given fall or spring semester.

Twice off track

This refers to a student who has not met one or more critical requirements as stated in terms 1-4 of their major map in two consecutive fall or spring semesters. Students who are twice off track may be required to change their major.

On track

This refers to a student who has met all critical requirements identified in terms 1-4 of the major map in the current term and previous terms against which they are being evaluated (as identified in the major map).

On track to graduation

This refers to a student who has met all necessary requirements (terms 5-8) in the current term and necessary or critical requirements in previous terms against which they are being evaluated (as identified in the major map).

Off track to graduation

This refers to a student who has not met one or more necessary requirements (terms 5-8) as stated in their major map in a given fall or spring semester.

Academic Status Reports

ASRs allow faculty to provide weekly feedback to students regarding class performance. Through My ASU [11] students see an indicator notifying them that they have received an ASR, which can include suggested follow-up items and information about academic resources so that they can get the help they need to be successful.

Academic support team

Each student has an academic advising committee that helps them set personal academic goals, understand policies and create strategies for staying on track toward graduation. The committee is listed on the student's My ASU page. Also included is information about how advising services work in the student's department, how to get answers to advising questions and how to make an appointment with an advisor.

Milestone

This is a curricular or noncurricular requirement that needs to be completed by a specific point in time. Examples: portfolio review or audition.

Progress reports

Progress reports from eAdvisor allow students to track their progress through audits available on My ASU [12]. The DARS Graduation Audit outlines a complete list of degree requirements, including university graduation requirements, General Studies and major requirements. The DARS Graduation Audit is the official record used to verify degree completion. A major map is an eight-semester, optimal course plan that outlines a recommended sequence of courses, enabling full-time students to graduate in four years.

In addition to traditional progress reports, eAdvisor students can run a critical requirement audit and view their tracking status in My Major Map at any time during the semester. My Major Map, also available on My ASU, provides students the ability to track how their courses are meeting degree requirements as well as their progress toward completing other critical requirements (GPAs and milestones required to stay on track). A student's record may change multiple times during the semester because of dropped courses, transferred credit, completed milestones or changed majors. The system accounts for changes to student records and updates eAdvisor status, My Major Map and the DARS Graduation Audit nightly.

Priority tasks

eAdvisor places important notes and reminders in the Priority Tasks box on students' My ASU page. If students become off track, an advising hold is placed on their record. While they may drop and withdraw from a course, they will not be able to add courses to the current semester. Students with off-track status will not be able to register for future fall and spring semesters until they have contacted their advisor and discussed strategies for getting back on track. The advisor will then remove the hold. Other tasks, from student support areas such as Financial Aid and the Registrar's Office will also appear in this box.

Concurrent degree [13]

Internal to the university, two degrees, same level, same time, and may include some shared courses. Concurrent degrees can either be preapproved combinations or unique combinations added by the student via petition. Examples: JD/PhD or BS/BSE. Two diplomas are awarded.

Multiple concentration

Internal to the university, one degree awarded, same level, same time, some shared courses. For undergraduate degrees with multiple concentrations, students may not share coursework between the core concentration curricula. Multiple concentrations are typically added by petition. Example: Business (Global Leadership), BA and Business (Sustainability), BA.

Joint degrees

Joint programs, or jointly conferred degrees, are a single program of study offered by more than one college at ASU that provide opportunities for students to take advantage of the academic strengths of two academic units. Upon graduation, students are awarded one degree and one diploma conferred by both colleges. Both colleges will appear on the transcript and diploma.

Dual degree

This is an offering that is both internal and external to ASU. The student pursues two degrees simultaneously, one with ASU and one with an external institution. Example: ASU and Mayo Clinic.

Accelerated bachelor's/master's (4 + 1) [14]

The 4+1 accelerated bachelor's and master's degrees are designed by the academic units to provide select high-achieving undergraduate students with the opportunity to combine advanced undergraduate coursework with graduate coursework to accelerate graduate degree completion. These programs allow accelerated students to obtain a bachelor's degree and a master's degree within five years. These programs are preapproved combinations and are internal to ASU.

Accelerated bachelor's/master's degree (3 +2)

This is a preapproved pathway to achieving a bachelor's degree and a graduate level degree in five years. These are pre-established relationships, typically with international institutions.

Experiential Learning

Experiential learning such as internships and co-ops are integral to the preparation of an ASU graduate.

- An **internship** is a structured practical experience which allows students to gain work-based skills with the possibility of earning academic credit. Students follow a contract or a plan and are supervised by faculty or practitioners in the career field. Credit-bearing internships are an approved way to meet elective requirements and can count towards the University 120 hour graduation requirement at the undergraduate level. The department and individual faculty determine whether or not a specific internship experience meets the requirements of the unit and how many credit hours should be awarded.
- A **cooperative education program**, commonly known as a co-op, is a structured method of combining classroom-based education with practical work experience. Co-ops allow students to earn academic credit for structured job experience as well as a paycheck to help finance their college education. Co-ops are a joint venture between a college or university, a selected employer, and the student.

Grades and grading policies

Credit enrollment

The semester hour is the unit on which credit is computed. It represents one 50-minute class exercise per week per semester. To obtain credit, a student must be properly registered and must pay fees for the course.

Grading options and definitions

Ordinarily a grade of "A+," "A," "A-," "B+," " B," "B-," "C+," "C," "D," or "E" is given upon completion of a course, unless another grading option such as "audit" or "pass/fail" is indicated at the time of registration.

Grading options cannot be changed after the close of the drop/add period.

The instructor of a course has full discretion in selecting which grades to use and report from the available grading options on the grade roster.

Fall 2004 and after ¹			
Grade	Undergraduate definition	Graduate definition	Value
A+			4.33
A	Excellent	Excellent	4.00
A-			3.67
B+			3.33
B	Good	Good	3.00
B-			2.67

C+			2.33
C	Average	Passing	2.00
D	Passing	No Graduate Credit	1.00
E	Failure	Failure	0.00
EN	Failing Never Participated ²	Failing Never Participated ²	0.00
EU	Failing Did Not Complete ³	Failing Did Not Complete ³	0.00
I	Incomplete	Incomplete	—
NR	No Report	No Report	—
P	Pass	n/a ⁴	—
W	Withdrawal	Withdrawal	—
X	Audit	Audit	—
Y	Satisfactory	Satisfactory	—
Z	Course In Progress	Course In Progress	—
XE	Academic Dishonesty	Academic Dishonesty	0.00

¹ Although the plus/minus scale includes a grade of A+ with a value of 4.33, the cumulative GPA is capped at 4.00. Questions about the grade scales may be referred to the University Registrar Services at registrar@asu.edu [1]. For grading scales prior to fall 2004 click here [2].

² Effective fall 2016 and later.

³ Effective fall 2019 and later.

⁴ Not applicable for graduate classes.

Law grading [3]				
Fall 2009 and after			Fall 2009 and after additional grades	
A+		4.33	CR	Credit
A	Excellent	4.00	NR	No Report
A-		3.67	P	Pass
B+		3.33	X	Audit

B	Good	3.00	W	Withdrawal
B-		2.67	I	Incomplete
C+		2.33	H	Honors
C	Average	2.00	HH	High Honors
D	Deficient	1.00	XE	Academic Dishonesty
E	Failing	0.00		
EN	Failing Never Participated ⁴	0.00		
EU	Failing Did Not Complete ⁵	0.00		

⁴ Effective fall 2016 and later.

⁵ Effective fall 2019 and later.

For grading scales prior to fall 2009, click here [2].

Incomplete (I)

A mark of "I" (incomplete) is given by the instructor when you are otherwise doing acceptable work but are unable to complete the course because of illness or other conditions beyond your control. You are required to arrange with the instructor for the completion of the course requirements. The arrangement is recorded on the Request for Grade of Incomplete form [4]. Do not re-register or pay fees to complete the course. The completion date is determined by the instructor but may not exceed one calendar year from the date the mark of "I" is recorded. When you complete the course, the instructor must submit an online grade change request. If you receive an "I" in an undergraduate course in the fall 1983 or thereafter, your grade will be automatically changed to a failing grade "E" if you do not complete the course within one calendar year. If you receive an "I" in a graduate course (500-level or above) your "I" grade will become a permanent part of your transcript if you do not complete the course within one year, and you will have to reregister and pay fees to repeat the course for credit. Marks of "I" are changed to a grade of "E" (0.00) for purposes of evaluating graduation requirements for undergraduate students.

No report (NR)

The "NR" grade simply means that a grade has not yet been reported. Once final grade processing takes place for the semester, most classes will have an actual grade posted instead of the "NR". If an "NR" grade appears for a course in a prior semester, you should contact the instructor of the course to find out why a final grade was not recorded.

Pass (P)

The "P" grading option is used to indicate a passing grade in a class when an individual student receives permission from both the class instructor and his/her college or school. For further information about this grading option, contact your advisor. If you earn a "P" grade, you will earn hours, but the grade is not used for computing your GPA.

A "P" grade should only be assigned when an individual student receives permission to take a course as pass/fail. Permission is recorded on the Pass/Fail Enrollment form [5]. If the course only awards pass/fail grades, the "Y" grade should be utilized to indicate successful completion of the course.

Withdrawal (W)

If you withdraw from a class after the first week of school, you will receive a mark of "W" on your transcript. You earn no credit or grade for withdrawn classes.

Audit (X)

A student may choose to audit a course, in which case the student attends regularly scheduled class sessions, but no credit is earned. The student should obtain the instructor's approval before registering and paying the fees for the course. Selected courses may not be audited. Veteran students using education benefits should see Veterans Services.

The mark of "X" is recorded for completion of an audited course unless the instructor determines that the student's participation or attendance has been inadequate, in which case the mark of "W" (withdrawal) may be recorded. This grading option may not be changed after the close of the drop/add period. The "X" is not included in earned hours and is not computed in the GPA.

Satisfactory (Y)

The "Y" grade is generally used as a grade for successfully completed internships, projects, readings and conference, research, seminars, theses, dissertations, and workshops. You earn hours for a "Y" grade, but the grade is not used for computing your GPA.

Course in progress (Z)

The "Z" grade is typically used for courses where work will not be completed within one semester's time, such as research, thesis, and dissertation. Once coursework is complete, your instructor will submit a grade change to assign an appropriate grade. Some courses, such as continued registration, do not earn credit and the "Z" grade will remain on your transcript.

Failing never participated (EN)

The grade of "EN" denotes failure due to the student never participating in a course and is treated the same as an "E" for the purposes of GPA, course repeatability, and academic standing determination. The "EN" grade assists ASU in determining a student's financial aid eligibility. For federal aid purposes, we must determine if a student participated in all courses for which they received federal aid. When a student does not participate, the financial aid office must recalculate the student's eligibility. A grade of "EN" will display on the student's transcript beginning fall 2016. Please review the "Grades and Grade Selection" section of the Grade Posting FAQs [6] page for more information about the "EN" grade.

Failing did not complete (EU)

The grade of "EU" should be used to indicate that a student never officially withdrew from the course, but failed to participate in course activities through the end of the course. The EU grade should be used when, in the opinion of the instructor, the student's completed assignments, course activities or both were insufficient to make normal evaluation of academic performance possible because the student stopped participating in the course. This grade distinction is critical to federal financial aid administration. A grade of "EU" will display on the student's transcript beginning fall 2019. Please review the "Grades and Grade Selection" section of the Grade Posting FAQs [6] page for more information about the "EU" grade.

Academic dishonesty (XE)

The grade of "XE" denotes failure due to academic dishonesty and is treated the same as an "E" for the purposes of GPA, course repeatability, and academic standing determination. A student may not avoid any penalty for academic dishonesty by withdrawing from a course. A student may be reinstated to a course to receive a penalty of a reduced or failing grade or XE. The grade of XE may only be assigned in accordance with ASU's Student Academic Integrity Policy, and not as part of the normal end of the semester grading process.

Grading resources for faculty and staff

Support and roster contacts [7].

Grade reports

You can obtain your final grades after every semester by using any of the following methods:

- To view or print your grades, sign in to My ASU [8] using your ASURITE UserID and Password.
- Submit a request for an official grade report that will show the grades for the last semester in which grades have been processed. You may submit a request to any registration site [9].

Grade changes

Ordinarily the instructor of a course has the sole and final responsibility for any grade reported. Once the grade has been reported to the registrar, it may be changed upon the authorization of the faculty member who issued the original grade, a department chair, and the dean of the college concerned. This policy also applies to the grade of "I" (incomplete).

Grade changes are submitted online and receive approval by the department chair (or designee) and the dean of the college (or designee) in which the course is offered. Once approvals are received, the new grade will be reflected on your transcript immediately.

Repeating courses

An undergraduate course taken by undergraduate students at ASU may be repeated for credit if the grade or mark of "D", "E", (including EU, EN, and XE) "W", "X" is received. To be eligible for the deletion of "D" or "E" grades from calculations of the GPA, the course must be repeated at ASU. Independent Learning courses may not be used to repeat "D" or "E" grades. Students who have graduated are not eligible to delete the grade for a course taken before the award of the ASU bachelor's degree. Undergraduate courses in which grades of "D" or "E" (including EU, EN, and XE) are received may be repeated only once. Generally, students may not repeat an undergraduate course for credit when a grade of "C" or higher is earned.

For additional information on repeating courses please refer to the following policies:

SSM 203-06: Deletion of a "D" or "E" Grade Received by an Undergraduate in an Undergraduate Course [10]

SSM 203-05: Duplication of Credit by an Undergraduate Student [11]

Graduate students see the ASU Graduate Policies and Procedures [12].

Financial aid & repeating courses

Federal regulations limit the number of times a student may repeat a course and receive federal financial aid for that course.

- A student may receive federal financial aid when repeating a course that was previously failed.
- A student may receive federal financial aid to repeat a previously passed course (with a D or better) one additional time, whether or not a student received federal financial aid for an earlier enrollment of the course.
- Once a student has completed any course twice and earned a passing grade (with a D or better) they are no longer eligible to receive federal financial aid for that course
- If a student retakes a course that is no longer eligible for financial aid, the units are excluded from the total enrollment calculated for financial aid and the student's financial aid will be adjusted to exclude these units.

Grade adjustments will be processed automatically after the grades are reported each term. For additional information on repeating a course or the deletion process, contact Records & Enrollment Services at registrar@asu.edu [1]

Demonstration of mastery

An undergraduate student who receives a "D" in a course in which a "C" or higher is required may use the grade from an equivalent course taken elsewhere to demonstrate mastery at the "C" or higher level. However, the course may neither be transferred to ASU (since credit has already been given for the course) nor computed in the student's GPA.

Grades appeal

ASU has informal and formal processes students may follow to appeal a grade. See the Catalog [13].

GPA calculation

The following grades and their values are used in computing your semester and cumulative ASU GPA:

Grade*	Grade point value
A+	4.33
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
D	1.00
E**	0.00
*Other grades (W, X, Y, etc.) are not included in the GPA calculation.	
**Grades EN, EU, XE, E1, E2, E3, E4, E5, and E8 are equivalent to an E for GPA calculation purposes.	

To calculate your GPA, follow these steps below, or use the GPA Calculator [14].

1. Multiply the **grade point** value by the number of credit hours for which the course was taken to determine the honor points.
2. Add together all the **honor points**.

3. Add together all the credit hours that received one of the above grades to determine **net hours**.
4. Divide the honor points by the net hours to calculate the GPA.

$$\text{Honor Points} \div \text{Net Hours} = \text{GPA}$$
 GPAs are rounded to the nearest 100th of a decimal point.
 Semester GPA is based on semester net hours. Cumulative GPA is based on total net hours.
 Although the plus/minus scale includes a grade of A+ with a value of 4.33, the cumulative GPA is capped at 4.00.

Example

Course	Credit hours	Grade	Grade point value	Honor points
ENG 101	3.0	A	4.00	12.00
MAT 117	3.0	B-	2.67	8.01
ECN 111	3.0	E	0.00	0.00
Total:	(net hours) 9.0			20.01
20.01 ÷ 9.0 = 2.22 GPA				

Credit by examination

Students may receive credit for an ASU course by taking an examination in place of the actual course. Learn more [15].

Grades - University policy for student appeal procedures on grades

The steps outlined here, beginning with step A, must be followed by any student seeking to appeal a grade. Student grade appeals must be processed in the regular semester immediately following the issuance of the grade in dispute (by commencement for fall or spring) regardless whether the student is enrolled at the university. It is university policy that students filing grievances and those who are witnesses are protected from retaliation. A student who believes they are a victim of retaliation should immediately contact the dean of the college or school in which the course is offered.

Informal

- A. The aggrieved student must first undergo the informal procedure of conferring with the instructor, stating any evidence and reasons for questioning that the grade received was not given in good faith. The instructor is obliged to review the matter, explain the grading procedure used and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course (regular faculty member or director of the course sequence).
- B. If the grading dispute is not resolved in step A, the student may appeal to the department chair or other appropriate chair of the area within the department (if any). The department chair may confer with the instructor to handle the problem. Step B applies only in departmentalized colleges or schools.
- C. If these discussions are not adequate to settle the matter to the complainant's satisfaction, the student may then confer with the dean of the college or school concerned (or the dean-designate) who will review the case. If unresolved, the dean or designate may refer the case to the college or school academic grievance hearing committee to review the case formally. In most instances, however, the grievance procedure does not go beyond this level.

Formal

The following procedure takes place after steps A, B and C (or A and C) have been completed.

- D. Each college or school has on file in the office of the dean (and in each department of the college or school) the procedures and composition of the undergraduate or graduate academic grievance hearing committee for student grievances. Each college or school committee shall operate under grievance procedures as stated, which satisfy due process requirements. The committee shall always meet with the student and the instructor in an attempt to resolve the differences. At the conclusion of the hearing, the committee shall send its recommendations to the dean.
- E. Final action in each case will be taken by the dean after full consideration of the committee's recommendation. Any recommended grade changes may be made by the dean. The dean shall inform the student, instructor, department chairperson (if any), registrar and grievance committee of any action taken.

Professional licensure degree programs

Arizona State University offers degree programs that lead to professional licensure with the State of Arizona and may allow graduates to be eligible for licensure in other states. Students and prospective students are strongly encouraged to contact the state's licensure entity where they intend to practice using the links provided to review all licensure and certification requirements imposed by the state(s) of choice. This information is provided per U.S. Federal Regulations, 34 CFR § 668.50 (2016 Rules) [1], 34 CFR § 668.43 (2019 Rules) [2], and in compliance with the State Authorization Reciprocity Agreement [3] (SARA) Manual. **These disclosures are strictly limited to the university's determination of whether the degree programs, if successfully completed, would be sufficient to meet the educational licensure or certification requirements in a state.** States vary in which professions are required to be licensed and how licensure functions. The terms related to licensure and certification, among others, also vary by state as well. ASU cannot provide verification of an individual's ability to meet licensure or certification requirements unrelated to its educational programming. Some states require individuals to complete additional requirements that are unrelated to educational prerequisites.

These disclosures do not provide any guarantee that any particular state licensure or certification entity will approve or deny an application. Additionally, these disclosures do not account for changes in state law or regulation that may affect an application for licensure that occurs after these disclosures have been made. **Students should check the Professional Licensure material before registering for classes each session for the most up-to-date information.** Arizona State University is a member of the National Council State Authorization Reciprocity Agreements (NC-SARA) [3] which allows the university to provide distance learning programs (both online and learning placements) and coursework to students located in states other than Arizona. Membership does not grant reciprocity or exemption from state professional licensing requirements. Licensing requirements in Arizona may not be recognized as sufficient to obtain a license in other states.

ASU shall not be held liable if a student is unable to qualify for licensure or certification in any jurisdiction. Relocating to a different state after admission into a degree program may impact whether a student can remain in the degree program, meet the state licensure requirements and/or continue to receive financial aid funding. Prior to considering relocating, it is recommended that students contact their program advisor to discuss authorization and licensure eligibility requirements. **It is the student's responsibility to notify the institution of a change in physical location.**

Licensure by college

Select the college/school and then the program.

State authorization

Is ASU authorized in my state?

Arizona State University has met the state authorizations for all states, districts and territories; however, state regulations and authorizations can change. Select your state in the dropdown to see how ASU is authorized to operate in your state and to learn about policies and program exceptions in your state.

Alabama

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Alabama in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Alaska

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Alaska in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Arizona

Arizona State University is a public university operating in good standing.

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies, please see Policies [2] for further information.

Arkansas

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Arkansas in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

California

Arizona State University is a public university in Arizona with physical presence in the State of California. ASU does not fall under the regulatory authority of the California Bureau for Private Postsecondary Education [3] to offer education to persons located in California. ASU is in compliance with California regulations concerning postsecondary education.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Distance education students should see Policies [2] for further information.

Colorado

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Colorado in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Connecticut

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Connecticut in accordance with NC-SARA established policies and standards; program exceptions are noted below. A program exception means that the following programs are not available to students located within the state.

Mary Lou Fulton Teachers College

- Educational Leadership (Principalship), MEd [4] (Campus, ASU Sync, Online)

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Delaware

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Delaware in accordance with NC-SARA established policies and standards.

Mary Lou Fulton Teachers College

- Special Education (Teacher Certification), MEd [5] (ASU Sync, Online)
- Special Education (Visual Impairment), BAE [6] (Campus)

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies.

Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

District of Columbia

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in District of Columbia in accordance with NC-SARA established policies and standards.

Arizona State University is licensed by the Higher Education Licensure Commission [7] to operate the ASU Barrett & O'Connor Washington Center.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Florida

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Florida in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Georgia

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Georgia in accordance with NC-SARA established policies and standards; program exceptions are noted below. A program exception means that the following program is not available to students located within the state.

Mary Lou Fulton Teachers College

- Educational Leadership (Principalship), MEd [4] (Campus, ASU Sync, Online)

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Hawaii

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Hawaii in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Idaho

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Idaho in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Illinois

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Illinois in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Indiana

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Indiana in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Iowa

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Iowa in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. College of Health Solutions

The Doctor of Behavioral Health [47] (DBH) program is an international education and training program provided by the College of Health Solutions that is designed to develop future leaders in integrated primary behavioral health care. There are two concentrations that may be pursued: clinical [48] and management [49].

Admission to the clinical concentration of the DBH program is restricted in New York State to those applicants with an active license to practice in a clinical field such as: Applied Behavioral Analysis, Creative Arts Therapy, Marriage and Family Therapy, Mental Health Counseling, Occupational Therapy, Physician Assistant, Psychoanalysis, Psychology, Social Work, and other clinical fields. Clinicians must possess an appropriate clinical license prior to admission to the program and are expected to work within the restrictions of their current license and professional scope of practice while completing all aspects of the DBH program, including clinical internship. Applicants without a proper license will not be accepted into the clinical concentration, or may risk dismissal from the DBH program if accepted contingent upon attaining a license, if the applicant is unable to attain the requisite license within the required timeframe.

It is recommended for applicants in New York State to contact the NYS Office of Professions [50] and speak with the appropriate professional board for information regarding their license status and whether there are limitations on how

knowledge obtained in the DBH program may be utilized in their practice.

Edson College of Nursing and Health Innovation

Due to legislative regulations, Edson College of Nursing and Health Innovation cannot consider applications for certain nursing degree or certificate programs from prospective students located in New York. Clinical rotation, field experience, internship, or practicum components of either online and/or ground courses are not currently available to Edson College students in this state.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

North Carolina

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in North Carolina in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

North Dakota

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in North Dakota in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Distance education students should see Policies [2] for further information.

Ohio

As a participating National Council for State Authorization Reciprocity Agreements (NC-SARA) member since May 5, 2015, Arizona State University is authorized to offer distance education to persons located in Ohio in accordance with NC-SARA established policies and standards.

Complaint procedure

Arizona State University will take appropriate action to seek resolution when a student complaint is brought to our attention. Students wishing to file a complaint are encouraged to first utilize the University's internal complaint policies. Additionally, distance education students may seek redress for a non-academic complaint, after first completing the institutional complaint procedure, by filing a Complaint Form via the AZ SARA complaint process [1]. Transcripts

Official and unofficial ASU academic transcripts are available through University Registrar Services.

Sending your transcripts to ASU? Contact Admissions [1] for mailing address information.

Official transcripts

An official transcript is a copy of the student's permanent academic record issued by the University Registrar. It displays all courses taken for credit at ASU and includes all grades received. Unlike unofficial transcripts, it is signed and dated by the registrar and displays the ASU seal. **Official transcripts are not issued for students with outstanding financial obligations to the university.**

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on ordering official transcripts can be found here [2].

ASU cannot send official transcripts by email or fax.

University Registrar Services has partnered with Parchment, a digital credentials service, to manage the ordering, processing, and secure electronic delivery of your official ASU transcripts.

All students are encouraged to go online to place their transcript order. This is the easiest and most efficient way to place an order for either a traditional paper transcript or electronic transcript delivery.

Electronic delivery of official transcripts

Official electronic transcripts may only be ordered using Parchment's online request system. Students choosing this option will identify their recipients by selecting them from a list within the ordering system or by providing the email address of their intended recipients.

To expedite and ensure accurate delivery, students should:

- Make sure the transcript recipient will accept the electronic transcripts, so they can avoid paying to send a replacement copy.
- Double check that the email address they provided for an institution or individual is correct, so they can avoid paying again to send a replacement electronic or paper copy.
- Provide their email addresses for notification purposes (the student's email address assists with tracking and confirming delivery by notifying the student when the transcript is sent and when it is received by the selected institution or individual).
- Instruct recipients to allow emails from Parchment (noreplyint@parchment.com [3]) to avoid potential problems with spam filters.

Orders are generally processed immediately, unless you request a hold for degree or grades. (Degrees are posted approximately 6 weeks after the conferral date for the semester.)

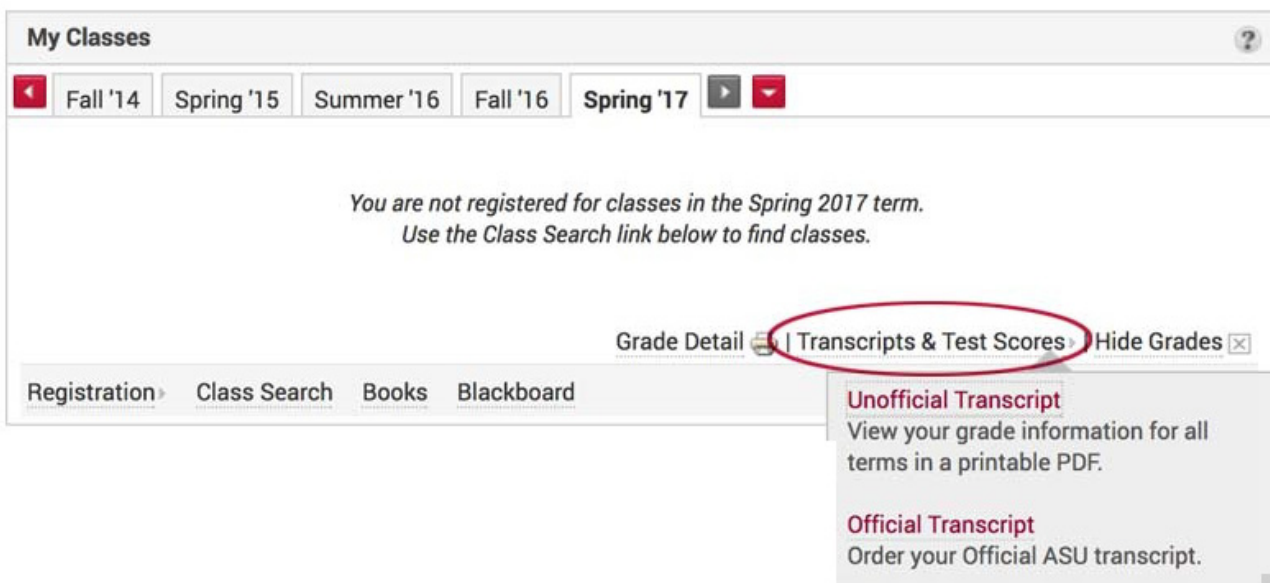

The transcript is not delivered by email; the recipient's email address is used for notification and reminder messages regarding delivery of the student's transcript to a secure site where it can be accessed.

Ordering official transcripts

Official transcripts can be ordered online or by mail.

Online

- Students who have an ASURITE ID — Sign in to My ASU [4] and order official transcripts online. In the **My Classes** box, click **Grades & Transcripts** and then **Transcripts & Test Scores** (see sample My ASU navigation screenshot below).
- Students who attended ASU after 1980 and who do not yet have an ASURITE ID [5] or do not know their ASURITE ID and password — Please contact the ASU Help Desk at 855-278-5080 for assistance requesting your ASURITE ID.
- Students who attended ASU prior to 1980 and do not have an ASURITE ID — Request transcripts in person or by mail.

By mail

Students may order transcripts by submitting a Request for Official Transcript Form [6] or signed letter including the following information:

- Name
- Former names (if applicable)
- Arizona State University identification number (or SSN)
- Date of birth
- First and last dates of attendance
- Current return address
- Daytime phone number
- Specific mailing address for each transcript ordered

Pre-payment is required. See costs for official transcripts below. Make check or money order payable to Arizona State University.

Send requests for official transcripts to:

Outgoing Transcripts
University Registrar Services
Arizona State University
P.O. Box 870312
Tempe, AZ 85287-0312

For further assistance, please contact Outgoing Transcripts at 480-965-7276 or academicfiles@asu.edu [7]

In person

Students presenting photo ID may order official transcripts in person at the Cashier's Office at the following locations:

- Downtown Phoenix campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., University Center Building, Suite 112
- Polytechnic campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., Administration Building, Room 160
- Tempe campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., Student Services Building, 244
- West campus — Mon. - Fri. 8:15 a.m. to 4:30 p.m., University Center Building, Room 101

Costs

All charges for official transcripts must be paid at time of request. Official transcripts cost \$15.00 per official transcript copy requested.

Rush transcripts (same day service): \$10.00 in addition to the costs for the total number of transcripts ordered. **Available for in-person requests only.**

- Special delivery in the U.S. — Special delivery processing, instead of regular mail, is available via FedEx or U.S. Express Mail at \$22.00 per U.S. delivery address in addition to the costs for the total number of transcripts ordered.
- Special delivery outside the U.S. — Express delivery to addresses outside the U.S. is available through International FedEx Express or International Express Mail at \$38.00 per delivery address in addition to the costs for the total number of transcripts ordered.

FedEx requires a street address for delivery. FedEx charges an additional fee for all returned shipments, and the student will be responsible for paying the total amount before the transcript(s) will be mailed.

Transcripts will not be reissued after 90 days from the processed date.

Fees subject to change without notice.

Apostille

For information on requesting an Apostille. [8]

Unofficial transcripts

An unofficial transcript is an uncertified copy of the student's academic record. In addition to courses taken for credit at ASU and grades received, unofficial transcripts also include information such as note records regarding Dean's List achievement, grade changes, semester GPAs and probation/disqualification status.

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on ordering unofficial transcripts can be found here [9].

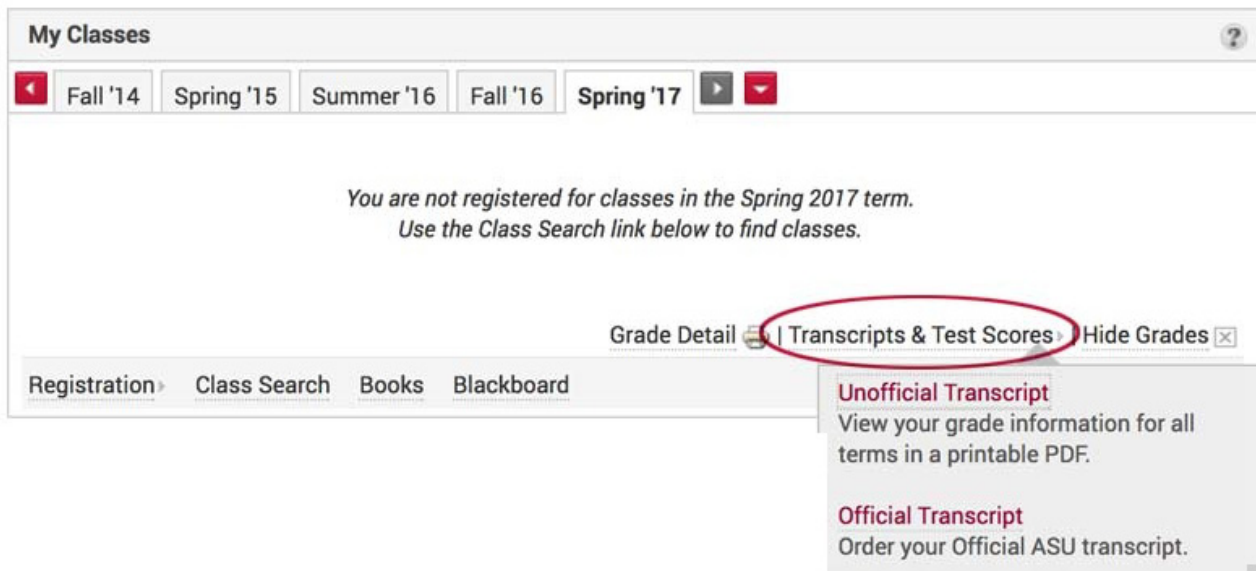

Accessing and ordering unofficial transcripts

Here's how to view and request unofficial transcripts:

Online

- Students and former students who have an ASURITE ID — Sign in to view and print an unofficial transcript [10]. **You may need to temporarily disable pop-up blocker for this site to retrieve your transcript.**
- Students who attended after 1980 and who do not have an ASURITE ID or do not know their ASURITE ID and password — Request an ASURITE ID [5] to access unofficial transcripts online by contacting the ASU Help Desk at 855-278-5080.
- Students who attended prior to 1980 — ASU does not offer online transcript services for students who attended prior to 1980. Request the unofficial transcript in person, by mail or by fax.

You should be in your My ASU student view to access your transcripts. If you have both a student and staff view, this will be indicated in the top right of your screen.

The screenshot shows the 'My Classes' interface. At the top, there are navigation tabs for 'Fall '14', 'Spring '15', 'Summer '16', 'Fall '16', and 'Spring '17'. Below the tabs, a message states: 'You are not registered for classes in the Spring 2017 term. Use the Class Search link below to find classes.' At the bottom of the page, there is a navigation bar with links for 'Registration', 'Class Search', 'Books', and 'Blackboard'. A dropdown menu is open over the 'Transcripts & Test Scores' link, which is circled in red. The dropdown menu contains two options: 'Unofficial Transcript' (with a sub-description: 'View your grade information for all terms in a printable PDF.') and 'Official Transcript' (with a sub-description: 'Order your Official ASU transcript.').

By mail or fax

Students may order an unofficial transcript by mailing or faxing a **signed** letter including the following information about the student:

- Name and former names (if applicable)
- Arizona State University identification number (or SSN)
- Date of birth
- First and last dates of attendance
- Current return address
- Daytime phone number
- Return Fax number or specific mailing address

Requests for unofficial transcripts by mail or fax must be signed by the student. No computer-generated signatures will be accepted. Please send requests for unofficial transcripts to:

Outgoing Transcripts
University Registrar Services
Arizona State University
P.O. Box 870312
Tempe, AZ 85287-0312

Fax: 480-965-2295

In person

Students presenting photo ID may order unofficial transcripts in person at any campus registration site [11].

Costs

There is no fee for an unofficial transcript. For assistance, please contact University Registrar Services [12].

Transcript FAQs

Have questions? Here are the most common FAQs [13].

If you have an ASURITE ID, want to order online, and are familiar with the applicable transcript policies, you can access your transcripts through My ASU [14].

My ASU [14]

Click **Grades & Transcripts** in the My Classes box, then **Transcripts & Test Scores**.

Apostille

Some international organizations may ask for the attachment of an apostille to certain documents. An apostille is an additional level of authentication given to a notarized document to certify that the document is a true, i.e., exact, copy of the original.

Arizona State University can provide notarization of official transcripts or your diploma to submit to the Arizona Secretary of State's Office for apostille purposes. Before requesting notarization, please check with the agency requesting your documents to determine what level of document verification is required.

For more information on how to request **notarized official transcripts**, please contact Outgoing Transcripts at 480-965-7276 or academicfiles@asu.edu [1].

For more information on how to request a **notarized diploma**, please visit this page [2] or contact Graduation at 480-965-3256 or graduation@asu.edu [3].

If you need both, either office will be able to assist.

You will be responsible for submitting the notarized document(s) to the Arizona Secretary of State's Office to request the apostille. Review the complete instructions for filing an apostille request [4].

Transcript FAQs

Answers to the most common transcript questions

Q: What is the procedure to change my name on my ASU transcript?

Currently enrolled, newly admitted/readmitted or former ASU students may submit a Student Change of Legal Name Form electronically through DocuSign, by mail, in person or by scanning and e-mailing. All requests require two different forms of documentation, one of which must be picture identification (state/government issued photo ID or ASU Sun Card) and one of the following: marriage license/certificate, adoption papers, court order, divorce decree, social security card or passport/permanent visa. The link to the DocuSign form and paper form can be found at <https://students.asu.edu/forms/name-change> [1]. For further assistance email registrar@asu.edu [2] or call 480-965-7276.

Q: Will ASU hold my transcript and not send it out until my degree or a specific grade is posted?

On the Request for Official Transcript form or the online ordering system, you may request one of the following holds:

- Hold until degree is posted - Your transcript will not be sent until your degree is posted to your ASU transcript.
- Hold until grades are posted - Your transcript will not be sent until all grades for the term you specified on your order are posted to your ASU transcript.

Q: Does my ASU transcript list courses I transferred from other institutions?

No. Credit is awarded for traditional course work successfully completed at institutions of higher learning as indicated by ASU and the Arizona Board of Regents. However, only the name of the institution(s) and degrees awarded are listed on the ASU transcript.

Q: How can I obtain a copy of previous school transcripts?

You may request unofficial copies of transcripts from other schools if they were submitted to ASU and if they remain on file. If you are requesting transfer transcripts for official purposes, you must order transcripts from the issuing institutions.

Q: Can someone else order/pick up my official transcript for me?

Yes, someone else may order or pick up your official transcript as long as you give written and signed authorization to do so. The request must include all the information requested for ordering an official transcript.

Q: What if I have a delinquent account? Can I still obtain a transcript?

You may obtain an unofficial transcript only. All financial obligations must be cleared before an official transcript will be issued. For further assistance call 480-965-7276 during business hours. The Delinquent Accounts Office can be reached at 480-965-5220.

Q: How do I get a course description for courses listed on my ASU transcript?

Course descriptions for catalogs after 1996 can be printed from the web at the catalog web site [3]. For course descriptions prior to 1996, contact University Archives archives@asu.edu [4] or 480-965-4932.

Q: How long does it take for my degree to post to my transcript?

The majority of degrees are posted within 10-14 days of the degree conferral date. If you need to request an official transcript with your degree posted, you have the option to "hold for degree" which will ensure your official transcript will not be issued until your degree is posted.

Undergraduate policies and procedures

Admission

First-year student college admission requirements

We're here to help make each step toward becoming a Sun Devil a smooth experience. Follow the steps below to apply to become a first-year student at ASU.

Admission requirements

Course competency requirements

To be admitted to ASU, you need the following coursework:

- 4 years math
- 4 years English (non-ESL/ELL courses)
- 3 years lab sciences (1 year each from biology, chemistry, earth science, integrated sciences or physics)
- 2 years social sciences (including 1 year American history)
- 2 years same second language
- 1 year fine arts or 1 year career and technical education

Detailed course requirement [1]

Aptitude requirements

To be admitted to ASU, you will need one of the following:

- top 25% in high school graduating class
- 3.00 GPA in competency courses (4.00 = "A")
- ACT: 22 (24 nonresidents)
- SAT: 1120 (1180 nonresidents)

These are the general university admission requirements. Students who do not meet these aptitude requirements may be reviewed individually before a final admission decision is made. Some degree programs have higher aptitude requirements. To find the requirements for your specific program, please visit ASU's Degree Search [2].

Applicants must successfully complete the ASU competency requirements. Admission may be granted with one deficiency in no more than two competency areas. Deficiencies cannot be in both math and laboratory science. Students must earn a minimum 2.00 in each subject area. Most competencies may also be met by test scores or college courses. See detailed competency requirements [3] for more information.

How to apply to ASU

Step 01: Complete an undergraduate admission application

Apply online with ASU's Application for Admission [1], Common Application [5]. You need to submit only one application to be considered for admission to ASU.

To expedite the admission decision, self-report your high school grades [6] in the application.

Choose to not self-report → quicker application process, but takes a little longer for an admission decision.

Choose to self-report → application takes longer to complete, but the admission decision comes much faster.

ASU does not have a preference for which application you use to apply. ASU does not require an essay or personal statement in any of these options.

ASU's Application for Admission [7]

Common Application [8]

Step 02: Submit the nonrefundable application fee

Arizona residents: \$50

Domestic nonresidents: \$80

ASU Online: \$70

International nonresidents: \$85

You can pay using a credit card (Visa or Mastercard) or eCheck at the time you submit your application or when you log in to My ASU [9]. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing
Arizona State University
PO Box 871004
Tempe, AZ 85287-1004

If you applied for admission through the Common Application [10], pay the application fee through those applications.

Fee waivers

There is no form, paper or code to submit for an application fee waiver. If your financial circumstances qualify you for an application fee waiver, you will answer a series of questions in the application that will automatically qualify you and post to your account.

Step 03: Transcripts

If you do not self-report your high school grades in the application, you must have your high school send an official copy of your transcripts [11] to ASU.

If you have earned college or university credit, request to have your official transcripts [11] sent to ASU from the issuing institution.

Step 04: ACT or SAT scores (optional)

ACT or SAT scores are not required for admission, but may be submitted for ASU course placement or as supplemental information. Have your scores sent to ASU from ACT [12] or College Board [13] when you register for the test. Learn more about sending your test scores to ASU in our FAQ section [14].

Step 05: Check application status

Once you've completed all these steps, ASU will review your application. To see if you have any missing items and to review your admission status, sign in at My ASU using your ASURITE UserID, which is sent to you after you apply for admission.

Check application status [18]

Step 06: Fill out the FAFSA

The Free Application for Federal Student Aid [15] is used to award grants, loans, Federal Work-Study and certain scholarships. We encourage you to compare financial aid and college costs. ASU's Federal School Code is 001081. Submit your completed FAFSA by ASU's Jan. 15 priority filing date to be considered for the most need-based aid.

Important deadlines

To help you stay on track with the fall 2022 admission and financial aid processes, check out our important deadlines page

Priority admission date

Complete your application for fall 2023 admission [25] by the **Nov. 1 priority admission deadline** to ensure you're considered for the maximum amount of scholarship opportunities.

Regular admission date

ASU's regular admission date is Jan. 15. Make sure to complete your fall 2023 admission application by this date.

ASU scholarship portal

ASU's Scholarship Portal [26] opens on **Sept. 1**. The Scholarship Portal stores responses to basic questions such as your name, birthday and more, to make it easier for you to fill out multiple applications.

FAFSA priority date

The 2023-2024 Free Application for Federal Student Aid [15] is available beginning Oct. 1. Submit your completed FAFSA by ASU's Jan. 15 priority filing date to be considered for the most need-based aid.

ASU's Federal School Code is 001081.

Arizona resident financial support programs

Obama Scholars Program

To be considered for the Obama Scholars Program [27], you must submit a completed application for admission, including application fee or waiver, official transcripts, and the FAFSA, by **Jan. 15**.

College Attainment Grant

To be considered for the College Attainment Grant [27], you must submit a completed application for admission, including application fee or waiver, official transcripts, and the FAFSA, by **July 1, 2023**. The sooner you complete all these items, the sooner you receive your notification. Don't wait until July 1, do it today!

Barrett, The Honors College regular admission date

Barrett, The Honors College [28] is a selective honors experience for outstanding students that offers exclusive research, internship and study abroad opportunities. You must apply to Barrett through a separate application to be admitted.

The Barrett application opens in early September and the early action deadline is Nov. 1.

National Scholars and College Board National Recognition Program awardees

Students who've been designated as National Scholars or College Board National Recognition Program Awardees [29] must apply to ASU in order to be eligible for their scholarship.

Next Generation Service Corps

Students who join the Next Generation Service Corps [30] at ASU are committed to more than academic achievement and career preparation. This program builds a culture of service in future leaders who will go on to tackle some of the world's toughest challenges.

The application opens Nov. 15.

ASU Future Law Scholars

You don't have to wait until you earn your bachelor's degree and go to law school to start on the road to earning your JD. The ASU Future Law Scholars program [31] can put you on the path to making a smooth transition into the Sandra Day O'Connor College of Law by offering access to programs, seminars and other benefits.

To be considered for the ASU Future Law Scholar program, please submit the interest form [32] by **January 15**.

Edson Entrepreneurship + Innovation Fellows

For students who are ready to think big and make their mark at ASU, look no further than our Edson E+ I Fellowship [33]. Entrepreneurship and innovation are big parts of what ASU is all about. With this scholar program, you will have the opportunity to express your creativity and inner innovator.

The application opens Nov. 15.

Tips for applying to college

Higher admission requirements

If your first-choice major has higher requirements, you will be instructed to select a second major without higher requirements.

Explore degrees [18]

Common Application

ASU accepts the Common Application [5] and our own online application [4] for incoming first-year students. Only one application will be accepted, with no preference between the ASU application and the Common Application. If two applications are submitted, one will be canceled in our system. Application fees are nonrefundable.

Self-report your grades

ASU accepts self-reported high school grades on the undergraduate admission application. Submission of an ACT or SAT score is highly recommended for merit-based scholarship consideration.

More about self-reporting [19]

Individual review

ASU admission decisions begin the first week of September. Students who do not meet the admission standards will be evaluated through individual review and may experience a longer wait time for an admission decision.

Homeschool or online/virtual high schools students

ASU welcomes applications from home-educated students and students who have attended an accredited online/virtual high school. You can easily fill out the application and then include additional information to accurately demonstrate your accomplishments.

More about homeschooling and online high schools [20]

Homeschool or online/virtual high school students

ASU welcomes applications from home-educated students and students who have attended an accredited online/virtual high school. You can easily fill out the application and then include additional information to accurately demonstrate your accomplishments.

How to apply if you completed a high school equivalency diploma

Students may also meet admission requirements by meeting one of the following:

***GED** battery average score of

- 50 or above for tests taken between 1998-2001
- 500 or above for tests taken between 2002-2013
- 170 or above for tests taken after 2013

***HiSet** total score of 75

***TASC (Test Assessing Secondary Completion):**

- Minimum total score of 2700
- Minimum score of 500 on each of the five content areas
- Score of 2 or above on essay

California High School Proficiency Examination and other high school equivalency diplomas are recognized as high school diplomas, but do not satisfy course competency and aptitude requirements needed for admission. Students should submit their diploma to show completion of high school, but will also need to submit additional high school transcripts or SAT or ACT scores to satisfy course competency and aptitude requirements for admission.

Alternatively, enrollment and successful completion of 24 semester credits with a 2.75 minimum GPA through Earned Admission [21], or completion of 24 or more college credits from a regionally accredited college or university with a minimum of 2.50 cumulative GPA on a 4.00 scale may be used to satisfy requirements for admission.

College Credit Pathway

Some states, including Arizona, offer a College Credit Pathway as an option for students to obtain a high school equivalency (HSE). If the HSE is obtained, ASU will accept that credential as completion of high school graduation requirement but the student may still need additional high school coursework and/or SAT/ACT scores to meet course competency requirements and high school aptitude if the student does not have 24 transferable credits taken post high school.

**Some higher requirement programs may require ACT/SAT scores or additional coursework in order to satisfy aptitude and/or course competency requirements.*

Get a jump-start on your college experience

Now is the perfect time to imagine what your future will look like, and ASU is here to help you get there. See how you can start earning scholarship money, find the perfect degree program and campus, and more — all while you're in high school.

How to meet course competency requirements at ASU

Competency requirements may be met with high school work, college work or test scores. These requirements must be met regardless of your major or the number of transferable hours you have earned. Students must earn a minimum 2.00 GPA in each competency area.

Admission may be granted with one deficiency in no more than two competency areas. Deficiencies in both math and laboratory science are not acceptable.

For exceptions to the competency requirements, see below [1].

English competency requirement

Meet one of the following:

- four years of high school English (composition or literature based)
- minimum test score of 21 on ACT English, or 580 on SAT evidence-based reading and writing
- one transferable three-credit college English composition course

English composition placement

All first-year and transfer students who have not earned a "C" or better in a transferable first-year English composition course, or who have not received a score of 4 or 5 on the Advanced Placement examination in English offered by the College Entrance Examination Board, must submit ACT or SAT scores before registration to be placed in an appropriate English course.

Mathematics competency requirement

Meet one of the following:

- four years of high school courses: one year each of algebra I, geometry, algebra II, and an advanced math class for which algebra II is a prerequisite
 - minimum test score of 24 on ACT math, or 580 on SAT math
 - one transferable three-credit college math course for which at least intermediate algebra is a prerequisite
-

Laboratory science competency requirement

You may meet one of the following or any combination of the three as long as you have three different laboratory-based sciences:

- three years of different high school laboratory sciences
Lab sciences should be an entire year in length. Please select three from the following list: biology, chemistry, earth science or physics. A laboratory-based integrated science course may be allowed to substitute for one of the three lab sciences. Additionally, an advanced placement course, a higher level international baccalaureate course, or other honors course taken in the last two years of high school in the same subject as a previous course can still satisfy one lab science requirement.
- minimum test scores in three standardized tests from three different subject matters
The following tests may be taken: SAT II subject test score in chemistry-600, biology-590, physics-620 or ACT test score in science-20.
- three transferable four-credit college laboratory science courses from the following: biology, chemistry, earth science or physics
An integrated laboratory science or advanced level laboratory-based science may be substituted for one of these laboratory subjects.

Laboratory Science Courses: (For online high schools only)

ASU requires students to complete 3 different lab sciences. In order to determine if your lab sciences meet our lab science requirement, we may need additional information from you. If we require additional information once your admission application reaches our evaluation team, you will see a Priority Task displayed on your My ASU page titled 'Course Description'.

You can provide the additional information required through one of the following:

1. You can have your high school submit your lab sciences to the courseapproval.asu.edu [2] website for ASU to review if it is not already listed on the website.
 2. You can submit a course description form for each lab science taken in an accredited online high school environment if not already approved for your entire high school to ASU's homeschool representative.
-

Second language competency requirement

Meet one of the following:

- two years of the same high school second language
 - attainment of minimum score on a national standardized second language test or placement into a third semester college second language class based on university placement exam results
 - two transferable three- or four-credit, college-level courses in the same second language
-

Social science competency requirement

Meet one of the following options from Section A and one from Section B:

Section A

- one year of high school American history
- minimum SAT II subject test score of 560 on American history/social studies
- one transferable three-semester-hour college American history course

Section B

- one year of high school social science (e.g., European history, world history, economics, sociology, geography, government, psychology or anthropology)
 - minimum SAT II subject test score of 580 on world history
 - one transferable three-semester-hour college social science course
-

Fine arts or career and technical education competency requirement

Meet one of the following:

- one year (or a combination of two semesters) of high school fine arts or career and technical education
- one transferable three-credit college fine arts course

Exceptions

You do not need to meet competency requirements if one of the following statements is true:

- You have completed an associate or higher level degree from a regionally accredited postsecondary institution with a minimum 2.00 GPA ("A"=4.00) if you are an Arizona resident, or you have a minimum 2.50 GPA ("A"=4.00) if you are a nonresident.
- You have completed the Arizona General Education Curriculum (AGEC) with a minimum 2.00 GPA ("A"=4.00) if you are an Arizona resident or a 2.50 GPA ("A"=4.00) if you are a nonresident.

Self-reported admission application

To expedite admission decisions, ASU accepts self-reported high school grades on the undergraduate admission application. After you graduate from high school, submit a final high school transcript that includes your graduation date. Submission of an ACT or SAT score is highly recommended for merit-based scholarship consideration.

ASU admission decisions for the fall semester begin the first week of September. If you do not meet initial eligibility, you may be placed into individual review and experience a longer wait time for an admission decision.

Incoming Arizona resident freshmen who are eligible for the Obama Scholars Program must have a completed admission application, the application fee or a waiver, and the FAFSA submitted by Jan. 1, 2019. Transcripts and test scores are due by Jan. 15, 2019, in order to be considered for the program.

Step-by-step self-reporting application guide

Step 01: Start your ASU application

Apply online with ASU's Application for Admission [1] or the Common Application [2]. You need to submit only one application to be considered for admission to ASU.

ASU Application for Admission [3]

Common Application [4]

Step 02: Click "Yes, I would like to accurately report my grades..."

There will be a drop-down menu where you will enter your overall academics and most importantly, required high school courses.

Step 03: Enter all your courses and grades as they appear on your official transcript

- For each academic year 9 – 12, you will enter all courses and grades individually for English, math, science, social science, language, fine arts, electives, etc.
- Select from a list of course names or write the course in the Course Title section.
- Choose whether this course was taken in a semester, trimester, quarter or full year.
- Enter the level of the course. You can choose from a normal high school course, an honors course, an Advanced Placement course or an International Baccalaureate course.
- Enter your course grade in the Grade section.

Step 04: Click on "Add Course" and repeat Step 3 as needed

Keep adding courses until all courses have been submitted.

Frequently asked questions about the self-reported application to ASU

What does it mean to self-report my grades?

During the application process, you will be asked to enter all your courses and grades for years 9 to 11 as they appear on your official high school transcript. You will also be asked to enter your in-progress courses for year 12. Self-reporting your grades speeds up the admission decision process. ASU will verify your grades based on your final transcripts prior to your enrollment.

How do I enter my courses and grades?

To accurately enter all information, you must have your high school transcript when filling out the Required High School Courses section in My Grades. All semester, trimester or quarter grades must be listed in the Required High School Courses section.

Am I able to include college courses or dual credit courses I have taken while in high school?

Yes, the application gives you the option to self-report any college courses or dual credit courses you have taken before enrolling at ASU.

What should I do if my high school lists my grades numerically?

If your transcript includes a numerical grading scale, click on 100 point based in the Grading System section and then select the number range for your grades in the Grades section.

When do I submit my final transcripts?

If you have been admitted and intend to enroll at ASU, you will need to send your official high school transcript once you graduate. Do not send any official transcripts during the application process or before you graduate.

Transcripts

Request that your official transcript(s) be sent to Admission Services

Your official transcripts are certified copies from each high school, college, university or technical school you attended that shows the courses you took, grades you earned, and certificates or degrees you were awarded. Arizona State University requires you to send transcripts from every institution you attended.

Upon graduation or the completion of the semester, request that your school or schools send a final transcript directly to ASU to determine final university admission status. Official transcripts must be sent directly to Admission Services at ASU from the issuing institution's records office either by mail [1] or electronically through a secured transcript service approved by ASU.

- Transcripts may not be faxed.
- Transcripts sent via e-mail may be accepted if sent directly from an authorized school official at the issuing institution to ASU at transcripts@asu.edu [2]. If ASU is unable to verify the sender is from the issuing institution the emailed transcript will not be accepted as official.
- Official transcripts delivered by hand will only be accepted if they are sealed in the original envelope provided by the community college or university and bear the university seal and the signature of the Registrar of the issuing institution.
- Emails sent to transcripts@asu.edu [2] or gradtranscripts@asu.edu [3] must not exceed 35MB total. Any attachments must be in one of these approved file types.
 - Microsoft Word (.doc or .docx)
 - Microsoft Excel (.xls or .xlsx)
 - Image (.jpg .jpeg .gif .png)
 - Adobe PDF (.pdf)
 - Text (.txt)

If the file size is exceeded and/or the document type is not supported the email will be rejected

We will accept transcripts received from the following secured transcript services*:

- Accellion
- Acclaim / Credly
- Advanced Secure Technologies
- Arizona HSE State Tracking and Report System
- Barracuda
- BridgeU
- Cambridge International
- CDGDC
- CHESSIC
- Cialfo
- CISCO
- Concourse Global

- Credential Solutions
 - Digitary
 - Docswallet
 - Elmira College
 - Escript
 - eTranscript California
 - George Brown College
 - Greenlight
 - Kiteworks
 - LinShare
 - LiquidFiles
 - MaiaLearning
 - MyeQuals
 - Nanyang Technological University Singapore
 - National Archives at Riverside
 - National Student Clearinghouse
 - Naviance
 - Overgrad
 - Parchment
 - Proofpoint
 - Scoir
 - Scribbles Software
 - SendThisFile
 - Serv-U
 - SPEEDE
 - Transcripts Plus
 - Truecopy
 - Unifrog
 - Univariety
 - University of Edinburgh
 - Virtru
 - Vitnemalsportalen
 - XAP
 - ZIX
- For transcripts sent through a secured transcript service, please select Arizona State University from the vendor's dropdown list to ensure the transcript is routed to the correct place. If an email address is requested you can route to transcripts@asu.edu [2] or for graduate applicants to gradtranscripts@asu.edu [3]. Please note that transcripts sent by students to transcripts@asu.edu [2] or gradtranscripts@asu.edu [3] will not be accepted as official. These addresses are only for transcripts received from secured and approved transcript services.
 - If you are required to submit a degree certificate along with your transcripts, a scan may be made of the front and back of your certificate and emailed to transcripts@asu.edu [2] for undergraduate applicants or gradtranscripts@asu.edu [3] for graduate applicants. Please make sure that ASU is in possession of your official, final degree posted transcript prior to submission of your degree certificate. The original certificate does not need to be mailed.

* *Note: List is subject to change.*

Important: If you email a copy of your degree certificate, please only email the degree certificate. Do not include copies of transcripts. Transcripts will not be accepted as official if sent by you and will delay processing of your degree certificate. The transcripts@asu.edu [2] and gradtranscripts@asu.edu [3] email addresses are for receipt of transcripts from vendors

and institutions and copies of degree certificates from students. This inbox does not respond to general questions. Questions should be routed to your admission representative [4].

High school transcripts from the United States

Official transcripts must be sent directly to Admission Services at ASU from the issuing institution's records office either by mail or electronically. Domestic high school transcripts delivered by hand will only be accepted if they are sealed in the original envelope provided by the high school. High school transcripts must show courses, grades, GPA and date of graduation. Sealed official high school transcripts can be sent in the mail or dropped off at the Admission Services customer service counter on the first floor in the Student Services Building [5], window 9, on the Tempe campus.

Community college or university transcripts from the United States

An official college transcript must be in a sealed envelope sent directly from the issuing institution's records office either by mail or electronically. Transcripts delivered by hand will only be accepted if they are sealed in the original envelope provided by the community college or university.

International transcripts and exam results

Graduate applicants: official, original or authenticated transcripts from every college or university from which you earned a comparable credential to a U.S. bachelor's degree or higher must be sent to ASU in the original language and accompanied by an English translation (if the original document was not issued in English).

Undergraduate applicants: official, original or authenticated transcripts and exam results from every secondary or higher-secondary school (grades 9-12) and transcripts from any college or university attended must be sent to ASU in the original language and accompanied by an English translation (if the original document was not issued in English).

Request transcripts from each international educational institution you attended and exam boards from which you have official results. Official transcripts must be mailed or sent directly from the issuing institution's records office electronically, and must include a certified English translation of all documents not issued in English. ASU will accept transcripts sent as email attachments if the email can be verified as coming from an authorized school official at the sending institution. If your school(s) cannot send them directly to ASU, you may send them yourself, making sure they meet one of the following requirements:

- Original academic credentials issued by the registrar of the institution attended, bearing the original raised or colored seal of the institution and the signature of the institution's registrar, academic official or recognized international organization.
- Photocopies of academic credentials that have been verified as true copies of the original by a responsible official of the institution attended or by an education representative of the country's government or embassy. Each page must bear the verifying official's signature and stamp.
- Photocopies of academic credentials that have been certified by a recognized international educational organization, such as EducationUSA, the U.S. Educational Foundation, AMIDEAST or the Institute for International Education.
- Photocopies of an international high school academic credential that has been verified as official by a recognized US high school.

ASU recommends that you have your international transcripts sent to ASU directly from the issuing institution, utilize a secured transcript service (where available), or obtain an attested copy of the transcript (where possible). Sending your only original copy to ASU should be the last option.

- We recommend students sending documents from abroad use FedEx or DHL in order to obtain a tracking number. If possible, include your ASU student ID number and name written on each page of the transcript(s) you send.

- Any document ASU receives becomes property of ASU and will not be returned to you, unless it is a situation where another copy cannot be obtained.
- Photocopies certified by a notary public are not official and will not be accepted. Scanned copies are also not accepted in lieu of original official academic documents.

Transcripts can be sent by mail to the following locations:

Regular mail

Admission Services Applicant Processing
 Arizona State University
 PO Box 871004
 Tempe AZ 85287-1004

FedEx, DHL (any sender who will not send to a P.O. Box)

Arizona State University
 Admission Services Applicant Processing
 1150 East University Drive Building C, Room 226
 Tempe, AZ 85281

International transcript translations

Transcripts and degree certificates not issued in English require submission of an English translation in addition to the original language documents. Translations must be literal, complete versions of the originals and must be translated by one of the following:

- Issuing university or college
- Official translation services. Need assistance locating a translation service? Visit American Translators Association [6] to search for a translator for your target language.
- Ministry of Education, consulate or embassy
- Education USA (EdUSA) [7], AMIDEAST [8], U.S. Indian Education Foundation (USIEF) [9]

The translation does not take the place of submitting official academic records in the original language. The translation is in addition to the official academic record. Translations may not be completed by the student. Translations certified by a notary public are not acceptable.

You may not complete your own translation. Please have the translation service mail the official translation to ASU. Translations may also be emailed to transcripts@asu.edu [2] by the translation service.

Note: some third-party evaluation agencies are also members of American Translators Association and provide both translation and credential evaluation services. If using a third-party evaluation agency for translation services, be sure you are requesting a literal translation. A literal translation is an exact translation of the document (including notation of seals, signatures, etc.). Credential Evaluation reports will have grade and credit conversions and interpretation of the document and are not literal translations.

Instructions on requesting original international transcript return (only in cases where another copy is unable to be obtained)

To request a return of your original documents (only in cases where another copy is unable to be obtained) you may use the eShipGlobal service to have your document(s) express mailed to you through FedEx, DHL, or UPS at your own expense. To do so, visit <https://study.eshipglobal.com> [10] (do not visit FedEx, DHL, or UPS sites directly). You will be required to create a user name and password to set up an eShipGlobal account. To request shipment, you will need your ASU ID number, mailing address, e-mail address, phone number, and payment information.

1. After creating your eShipGlobal account. Follow the steps below to create your shipping label.
2. **Get Started:** Click on the 'get started' link on the home page and select 'receive documents from university'.

3. **Choose University:** Proceed to the university selection and choose Arizona State University-All Locations. You will see two options. One for Intl Students and Scholars Center and one for Admission Services. Be sure to select Admission Services' or your request will not be able to be fulfilled.
4. **Confirm Address:** Next page requests for you to enter your shipping details. There will be a drop down on this page for type of document. Select documents/transcripts.
5. **Select Carrier:** You will see a list of carriers that deliver to your area and the cost for delivery. Select the carrier and option you prefer.
6. **Confirm Payment:** You will see a page requesting your payment information. The payment options for your country will be listed. Options may include one or more of the following: credit/debit, wire transfer, or PayPal.

If you have questions about how to use this service, review the Help section of the eShipGlobal website or e-mail support@eshipglobal.com [11].

Once you have requested the shipment, please allow up to one month for return of your documents. Admission Services will review your request and if the request can be fulfilled you will receive an email from eShipGlobal to track your return.

If a request for return is not made within 60 days of receipt of your documents, we cannot guarantee that we will still have the documents to return. We regularly purge all physical documents after scanning. Email transcriptreturn@asu.edu [2] with questions.

Applicants with credentials from India

If you have secondary or postsecondary study from India, you should have your credentials verified through Truecopy and Truecopy will send to ASU electronically through Parchment.

You can begin your order at <http://www.electronictranscripts.com/about-us.php#etquery> [12]

Applicants with credentials from China- required documents

Secondary education (中学在校生或毕业生)

Junior Secondary (初中生)

1. Official transcript for grade 9 (初三成绩单) sent directly to ASU from issuing institution

General Senior Secondary (普通高中生)

1. Official Transcript (高中成绩单) sent directly to ASU from issuing institution
2. Official Verification report (认证报告) from CHESICC (学信网) for:

Secondary School Graduation Certificate (高中毕业证书)

You can begin your order at https://www.chsi.com.cn/en/help/howtoapply_p_en.jsp [13]. Your order will be sent electronically to ASU through Parchment.

3. Graduation Certificate (高中毕业证书) (photocopy or scan sent to transcripts@asu.edu [2])

Vocational Secondary (中职/中专生)

1. Official transcript (高中成绩单) sent directly to ASU from issuing institution
2. Graduation Certificate (毕业证书) (photocopy or scan sent to transcripts@asu.edu [2])

Post-secondary (university) programs (大学生或研究生) - complete and incomplete

Zhuanke (专科) required document

1. Official Verification Report
 - CHESICC verification for zhuanke Graduation Certificate (毕业证书)
 - CHESICC verification for zhuanke Transcript (成绩单)

Your fulfilled order will be sent to ASU electronically through Parchment. Please request English language version. You can begin your order at https://www.chsi.com.cn/en/help/howtoapply_p_en.jsp [13]

2. Graduation Certificate (毕业证书) (photocopy or scan sent to transcripts@asu.edu [2])
3. Official Transcript (成绩单) (photocopy or scan sent to transcripts@asu.edu [2] if you have CHESICC send reports otherwise official sent directly to ASU by issuing institution)

Benke or higher (本科及以上学历) required documents

1. Official Verification Report (认证报告)

CHSI* verification report for each degree certificate earned (学信网 : 学位在线验证报告或学位认证报告).

CHSI* verification for each Official transcript (学信网 : 成绩验证报告).

Your fulfilled order will be sent to ASU electronically through Parchment. Please request English language version. You can begin your order at https://www.chsi.com.cn/en/help/howtoapply_p_en.jsp [13]

Graduation Certificate (毕业证书) (photocopy or scan sent to gradtranscripts@asu.edu [3])

Degree Certificate (学位证书) (photocopy or scan sent to gradtranscripts@asu.edu [3])

Official Transcript (成绩单) (photocopy or scan sent to gradtranscripts@asu.edu [3] if you have CHSI* verification reports sent otherwise official transcripts should be sent directly to ASU by issuing institution)

*CHSI: China Higher Education Student Information website is maintained by the Center for Student Services and Development (CSSD), Ministry of Education, P.R. China, CHSI is the only MOE-designed website for qualification verifications.

Admitted first-year student next steps

Welcome, new student

You're now on your way to becoming part of the most innovative and forward-thinking university in the nation.

They say the longest journey begins with a single step. Well, enrolling at ASU isn't really a "long journey," but it does begin with one step, followed by a few more. Start taking your steps and check them off as you complete them so you can get closer to becoming a Sun Devil.

Important deadlines

To help you stay on track with the fall 2022 admission and financial aid processes, check out our important deadlines page.

[View dates \[1\]](#)

Countdown to ASU

As you prepare to attend Arizona State University, you might have some questions. Use this Countdown to ASU website as your go-to resource for everything you need to know about getting ready for college, and register for some helpful events to get all your questions answered.

[View countdown \[2\]](#)

Need help?

We're here for you.

ASU admission team members can answer your questions and guide you through each step of your enrollment process between now and the time you get started. Connect and get to know yours. We're here for you.

[Schedule an appointment \[3\]](#)

First-year student next steps

Activate your ASURITE user ID

Your ASURITE User ID grants you access to My ASU and university services. You'll find reminders for things like submitting your final transcripts, sending in your test scores and submitting your immunization forms.

When you activate your ASURITE User ID, you will select to have your ASU email forwarded to a personal account. It's important to check your email often for time-sensitive notifications and next steps about enrollment. You'll have access to your official ASU email when classes begin. You can check which email your ASU email is forwarding to by looking in the profile tab in My ASU.

[Active ASURITE \[4\]](#)

If you need help logging in, you can have your activation code for My ASU sent to you by visiting admission.asu.edu/resentcode [5] or by contacting your admission team member [6].

Give your parents access to your records and account

Through My ASU Parent Guest Access, you can share your academic records with your parent or guardian, and even better, give them access to pay your tuition and bills. Go to My ASU [7], select the Profile tab at the top and find “Add a Guest” under My ASU Guest Access Permissions.

Pay your enrollment deposit

Beginning Oct. 1, you can confirm your place in the fall 2022 class by submitting your deposit. Then make sure to check My ASU [7] often for any Priority Tasks you need to complete to enroll for fall 2022.

Confirm your spot [34]

Submit your FAFSA and apply for scholarships

The 2022–2023 Free Application for Federal Student Aid is available beginning Oct. 1. **Submit your completed FAFSA by ASU’s Jan. 15 priority filing date** to be considered for the most need-based aid. ASU’s Federal School Code is 001081.

Submit FAFSA [8]

Watch tutorial [9]

Interested in learning more about completing your FAFSA? Attend one of our live-hosted virtual programs focused on everything you need to know to submit and complete the FAFSA.

Search and apply for departmental and private scholarships through ASU’s Scholarship Portal. The general scholarship application, which is used for many ASU scholarships, is typically **available in September and closes by Feb. 1**.

Scholarship Portal [10]

Interested in learning more about paying for college? Register for one of our live hosted virtual events [11] about this topic.

Submit your measles, mumps and rubella immunization record

All students born after Jan. 1, 1957, are required to meet the following MMR immunization requirement [12] before classes begin. You can upload required documentation in your ASU My Health Portal [13].

The MMR vaccine is available for a fee at any of ASU’s Health Services [14] locations.

Submit MMR [13]

My ASU to view details.

Learn more [14]

Confirm your housing and dining

ASU first-year students live in the residential college of their academic major. Barrett students live in the Barrett residential community for their first two years. **Once you’ve paid your enrollment deposit**, you can select your housing and dining preferences in ASU’s housing portal [15].

Select your housing [16]

Learn more [17]

Prepare to take your next steps to become a Sun Devil

Check My ASU to stay on top of things like the new student orientation module, where you will become prepared to attend classes in the fall by completing essential next steps for enrollment — including academic advising and finalizing your class schedule.

First-year student FAQs

What does it mean to self-report my courses on the admission application?

During the application process, you will be asked to enter all your courses and grades for school years 9 to 11 as they appear on your official high school transcript. You will also be asked to enter your in-progress courses for year 12.

How do I enter my courses and grades into the admission application?

To accurately enter all information, you must have your high school transcript when filling out the Required High School Courses section in My Grades. All semester, trimester, or quarter grades must be listed in the Required High School Courses section.

The information entered in the Required High School Courses section must match your official transcript if you have been admitted and intend to enroll. Any inaccurate information can result in your admission being revoked.

Am I able to include college courses or dual credit courses I have taken while in high school on my admission application?

Yes, the application gives you the option to self-report any college courses or dual credit courses you have taken before enrolling at ASU.

What should I do if my high school lists my grades numerically?

If your transcript includes a numerical grading scale, click on 100 point based in the Grading System section of your application and then you will select the number range for your grades in the Grades section.

When do I submit my final transcripts for admission to ASU?

If you have been admitted and intend to enroll at ASU, you will need to have your official high school transcripts sent directly to ASU once you graduate. Do not send any official transcripts during the application process or before you graduate.

Admission for homeschool students

Homeschool students at ASU

Arizona State University welcomes homeschool students and recognizes the unique academic experiences these students contribute to our rich, scholarly environment. We have a growing community of home-educated students who thrive at ASU.

We understand that your academic background differs from students who attended traditional public, private or charter schools. As a homeschool student, you can easily fill out the application and then include additional information to accurately demonstrate your accomplishments.

Admission requirements

As a homeschool student, you must meet the general requirements for ASU admission, including specific documentation with your application to confirm your completion of the requirements.

First-year student requirements [1]

Transfer student requirements [2]

Steps to apply to ASU as a home school student

Step 01: Complete an undergraduate admission application.

Apply online with ASU's Application for Admission [3] or the Common Application [4]. You need to submit only one application to be considered for admission to ASU.

To expedite the admission decision, self-report your high school grades [5] in the application.

ASU does not have a preference for which application you use to apply. ASU does not require an essay or personal statement in any of these options.

ASU's Application for Admission [6]

Common Application [3]

Step 02: Submit the nonrefundable application fee

Arizona residents: \$50

Domestic nonresidents: \$70

International nonresidents: \$85

You can pay using a credit card (Visa or Mastercard) or eCheck at the time you submit your application or when you log in to My ASU [7]. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing

Arizona State University

PO Box 871004

Tempe AZ 85287-1004

If you applied for admission through the Common Application [4], pay the application fee through that application. There is no form, paper or code to submit for an application fee waiver. If your financial circumstances qualify you for an application fee waiver, you will answer a series of questions in the application that will automatically qualify you and post to your account.

Step 03: Transcripts

If you do not self-report your high school grades in the application, you must have your high school send an official copy of your transcripts [8] to ASU.

If you have earned college or university credit, request to have your official transcripts [8] sent to ASU from the issuing institution.

Step 04: Laboratory science courses: (for online high schools ONLY)

ASU requires students to complete 3 different lab sciences. In order to determine if your lab sciences meet our lab science requirement, we may need additional information from you. If we require additional information once your admission application reaches our evaluation team, you will see a Priority Task displayed on your MyASU page titled 'Course Description'. You can provide the additional information required through one of the following:

1. You can have your high school submit your lab sciences to the courseapproval.asu.edu [9] website for ASU to review if it is not already listed on the website.
2. You can submit a course description form [10] for each lab science taken in an accredited online high school environment if not already approved for your entire high school to ASU's homeschool representative [11].
3. You can choose to be evaluated without some or all of your lab science requirements met. Note, if you choose this option, you may not be admissible to the university.

Step 05: Send ACT or SAT scores (not required).

ACT or SAT scores are not required for admission, but may be submitted for ASU course placement and to meet aptitude requirements if you have less than a 3.00 GPA in your competency courses. To find the requirements for your specific program, please visit ASU's Degree Search [12]. Have your scores sent to ASU from ACT [13] or College Board [14] when you register for the test. Learn more about sending your test scores to ASU in our FAQ section [15].

Step 06: Check application status.

Once you've completed all these steps, ASU will review your application. To see if you have any missing items and to review your admission status, log in to My ASU [7] using your ASURITE User ID, which is sent to you after you apply for admission.

Step 07: Fill out the FAFSA.

The Free Application for Federal Student Aid is used to award grants, loans, Federal Work-Study and certain scholarships. We encourage you to compare financial aid and college costs [16]. You can file the FAFSA [17] now. ASU's Federal School Code is 001081.

Step 08: Submit a secondary school education affidavit and high school transcript (if applicable).

Upon completion of your secondary school education, and for any courses completed through homeschool, complete the Affidavit of Completion of Secondary School Education [18]. The affidavit must be completed by a parent or guardian and notarized.

Homeschool applicants may self-report their grades or send a homeschool transcript. A homeschool transcript is a list of courses you have taken and the credit and grade associated with each course.

If you have completed courses through a traditional high school, you may self-report your grades or have your high school send an official copy of your transcripts [8] to ASU.

If you have coursework from both a traditional high school and from homeschool, please self-report grades for both or have a transcript for each sent to ASU.

If you have earned college or university credit, request to have your official transcripts [8] sent directly to ASU from the issuing institution.

Admission to Barrett, The Honors College

Homeschool students who want to be considered for admission to Barrett, The Honors College [19] are encouraged to submit a separate application — early application is strongly suggested. Please contact the Barrett admission staff [20] for help with any questions about the college and application process.

Scholarship opportunities

Homeschool students will be considered for ASU scholarships upon admission. Explore scholarships and additional types of financial aid [21].

Frequently asked questions about homeschool student admission at ASU

Can I be admitted to ASU as a homeschool student?

Yes, ASU welcomes and values all our homeschool students and the special academic experiences they bring to the university. Homeschool students submit the same ASU admission application as students who went to public or private school.

Are homeschool student admission requirements the same as high school student admission requirements?

Yes, like public and private high school students, homeschool students must meet and demonstrate completion of ASU's general requirements for university admission [1].

Can homeschool students apply for financial aid?

Yes, homeschool students are eligible to apply for and receive financial aid. You should submit the Free Application for Federal Student Aid [17] to see how much federal aid you may be eligible to receive. By submitting ACT or SAT scores, ASU will automatically consider you upon admission for a merit scholarship.

Homeschool affidavit and lab sciences evaluation

Homeschool applicants can submit their homeschool transcript with a signature from a parent/guardian to meet their proof of high school graduation. Should a homeschool transcript not be available, an Affidavit of Completion of Secondary School Education [1] can be completed in lieu of the homeschool transcript but **note** this affidavit will only meet the proof of high school graduation requirement. The affidavit must be completed/signed by the parent or guardian who oversaw the education.

Homeschool students without a high school transcript who need the high school transcript to meet the first year student requirement [2] may complete one of the following high school equivalency exams with scores mentioned below to fulfill their first year student requirement.

***GED** battery average score of

- 50 or above for tests taken between 1998-2001
- 500 or above for tests taken between 2002-2013
- 170 or above for tests taken after 2013

***HiSet** total score of 75

***TASC** (Test Assessing Secondary Completion):

- Minimum total score of 2700
- Minimum score of 500 on each of the five content areas
- Score 2 or above on essay

Laboratory science for online high schools or nonstandard homeschool laboratory science courses ONLY

ASU requires students to complete 3 different lab sciences. In order to determine if your lab sciences meet our lab science requirement, we may need additional information from you. If we require additional information once your admission application reaches our evaluation team, you will see a Priority Task displayed on your MyASU page titled "Course Description." You can provide the additional information required through one of the following:

You can have your high school submit your lab sciences to the

1. the courseapproval.asu.edu [3] website for ASU to review if it is not already listed on the website.
2. You can submit a course description form [4] for each lab science taken in an accredited online high school environment if not already approved for your entire high school to ASU's homeschool representative [5].
3. You can choose to be evaluated without some or all of your lab science requirements met. Note, if you choose this option, you may not be admissible to the university.

Affidavit of Completion of Secondary School Education [1]

Evaluation of Laboratory Science Courses [6]

Transfer and second bachelor student admission

How to transfer colleges

Learn how and when to apply to ASU.

Step 1

Your info

Your information video [1] on Youtube

Step 2:

Academic history

Prior education video [2] on Youtube

Step 3:

Grades

My grades video on [3] Youtube

Step 4:

Residency

Arizona residency video [4] on Youtube

Step 5:

Choose a major

Choose major video [5] on Youtube

Step 6:

Submit

Review and certify my application video [6] on Youtube

Step 01: Complete the undergraduate application for admission.

Apply online with ASU's Application for Admission or the Common Application. ASU accepts only one application. We have no preference between the ASU application or the Common Application. If two applications are submitted, one will be canceled in our system. Application fees are nonrefundable.

ASU's Application for Admission [7]

Common Application [8]

Step 02: Activate My ASU and your ASURITE user ID

You will receive your ASURITE User ID and activation code via email within one to three business days of submitting your application. If you have previously applied to ASU, your ASURITE User ID will remain the same. You'll use your ASURITE User ID to login to My ASU.

Step 03: Submit the nonrefundable transfer application fee

Arizona residents: \$50

Domestic nonresidents: \$80

ASU Online: \$70

International nonresidents: \$85

You can pay for the ASU application fee using a credit card (Visa or MasterCard) or eCheck at the time you submit your transfer application or when you log in to My ASU [9]. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing
Arizona State University
PO Box 871004
Tempe, AZ 85287-1004

If you applied for admission through the Common Application [8], pay the application fee through that application.

Step 04: Request to have your official transcripts sent to ASU

College or university transcripts

ASU requires official transcripts from all previous institutions attended in order to process your application. Please contact the registrar's office at your college or university and request your official transcripts be sent directly to Admission Services. Official transcripts delivered by hand will be accepted only if they are sealed in the original envelope provided by the community college or university and bear the university seal and the signature of the registrar of the issuing institution.

If your college or university uses Parchment, eSCRIP or National Clearinghouse to send electronic transcripts, please request that your institution sends us your official transcripts by choosing Arizona State University on the request form.

Upon graduation or completion of your final semester at your current school, request a final transcript be sent directly to ASU Admission Services [10] to determine final admission status. Receipt of your final transcript impacts financial aid disbursement and your eligibility to register for classes. (Note: ASU does not accept faxed college transcripts.)

Find out more about transferring credits to ASU [11].

High school transcripts

If you haven't completed an associate degree or higher from a regionally accredited university or college you must submit one of the following:

- Official high school transcript with a graduation date
- Official GED/HiSet transcripts
- Affidavit of Completion of Secondary School Education

ASU accepts hand-delivered official high school transcripts in sealed envelopes from applicants. (ASU does not accept faxed high-school transcripts.)

NOTE: Transfer applicants with 24 or more transferable semester credit hours from a regionally accredited college or university, including previously completed ASU credits, and who will be 22 or older by the start of the requested semester of admission, will not be required to submit a high school transcript for admission. Once all prior college or university transcripts and outstanding admission items are received and verified, the high school transcript requirement will be waived. Transfer applicants are required to have graduated from an approved high school (or equivalent) prior to the semester of requested admission at ASU, and to include this information on the application for admission.

Test scores

If applicable, have your ACT or SAT scores sent directly to ASU. If you have taken AP, IB or CLEP exams, request your scores be sent directly to ASU.

Have your test scores (e.g., ACT, SAT, TOEFL) and official high school or college transcripts sent from the issuing institution to the address below.

Admission Services Applicant Processing
Arizona State University
PO Box 871004
Tempe, AZ 85287-1004

Second bachelor degree students

Students seeking a second baccalaureate degree must meet admission criteria for that degree. High school transcripts are not required unless you have selected a higher requirement degree program that requires it. If admitted, a minimum of 30 credit hours in resident credit courses at ASU must be successfully completed to earn the second baccalaureate degree and all degree and university requirements of the second degree must be met. After admission, your academic advisor in your college will help you determine if there are enough courses to meet the criteria for your chosen program. For more information on additional degrees please visit https://catalog.asu.edu/ug_grad_req [12].

Are you an international transfer student? [International transfer student information](#) [13]

Transfer and second bachelor student admission requirements

A transfer applicant is a student who has attended one or more colleges or universities and has completed 12 or more transferable credits post-high school. Students with 11 or fewer transferable credits are considered incoming freshmen.

A second bachelor applicant is a student who has obtained a bachelor degree from another U.S. regionally accredited institution, or an accredited international institution, who has not taken any ASU undergraduate degree seeking courses and who is seeking to apply for a second bachelor degree from ASU.

Competency requirement

You must have completed one of the following:

- graduated from high school
- earned a GED

Aptitude requirement

You must meet one of the following:

- Transfer students with 12–23 transferable credits must also have a minimum 2.50 cumulative transfer GPA and meet first-year student admission requirements [14].
- Transfer students with 24 or more transferable credits must have a minimum 2.50 cumulative transfer GPA.
- Transfer students who have earned an associate degree or higher from a regionally accredited higher education institution must have a minimum 2.00 cumulative GPA (for Arizona residents) or 2.50 cumulative GPA (for nonresidents).

Some majors have higher admission requirements. To find the requirements for your specific program, please visit ASU's Degree Search [15].

“A” = 4.00; ASU accepts college-level courses in which you have earned a “C-” or better.

Schedule a transfer appointment

Make a half-hour appointment with an ASU transfer specialist or college representative to learn more about studying at ASU and get all your questions answered.

Jan. 9, 2023

Classes begin

*Students must submit their FAFSA and application materials by Jan. 15 to be considered for ASU merit and need-based awards. Late applicants will be considered for university admission, but ASU undergraduate degree programs with higher transfer admission standards will give priority consideration to applications submitted by Feb. 1. You can find other important dates on ASU's academic calendar [17].

Frequently asked questions about transferring to ASU

What are ASU transfer requirements?

To apply to ASU as a transfer student, you must have earned either a high school diploma or a GED. Additionally, you must have transferable college credits or an associate degree and meet GPA requirements.

When should I apply to ASU? What are the application deadlines?

ASU uses a rolling admission process that allows for a flexible time frame. ASU typically recommends that students start their steps to apply at least one semester prior to their starting term at ASU. It may take approximately two to six weeks to receive an admission decision once all requested materials are received. Although there are no "hard" deadlines to apply to ASU, there are a few priority dates to keep in mind if you'd like to maximize your opportunities for financial aid. You can review these dates, as well as admission requirements and steps to apply, at admission.asu.edu/transfer/apply [18].

How do I apply for transfer admission to ASU?

If you meet university admission requirements, you can apply for transfer admission by completing the undergraduate student application [7], paying the application fee, and having your official transcripts and test scores to ASU.

Transfer FAQs

How do I know if I'm considered a transfer student?

At ASU, a transfer student is anyone applying for admission who has attended another college or university and has completed 12 or more transferable credits post-high school, at the time of application. If you are completing college courses while in high school you are considered a freshman and not a transfer student.

Do I have to take the ACT or SAT to transfer to ASU?

It depends on your particular situation. If you transfer fewer than 24 transferable credits, you must also meet freshman admission requirements, which may require ACT and SAT scores. Also, some majors, such as business, require a particular ACT or SAT score for admission into the program. Take a peek at the ASU undergraduate Degree Search [9] for admission information specific to your major.

Who can I speak with about my transfer to ASU?

ASU's expert transfer specialists are available to answer your questions and help with your transfer to ASU. Find your transfer specialist [10].

Do I need to send my high school transcripts to apply for admission?

Transfer applicants with 24 or more transferable semester credit hours from a regionally accredited college or university, and who will be 22 or older by the start of the requested semester of admission, will not be required to submit a high school transcript for admission. Once all prior college or university transcripts and outstanding admission items are received and verified, the high school transcript requirement will be waived. Transfer applicants are required to have

graduated from an approved high school (or equivalent) prior to the semester of requested admission at ASU, and to include this information on the application for admission.

Do I have to send all my college transcripts as part of my admission application?

Yes, for ASU to determine whether you meet admission requirements, we must evaluate your entire academic history, including course work completed at each college or university attended, regardless of academic performance. College transcripts should be sent directly from your college to:

ASU Admission Services
P.O. Box 871004
Tempe, AZ 85287-1004

I attended ASU previously. Am I a transfer student or a readmission student? Do I need to reapply?

If you have previously attended ASU as a degree-seeking student, you will be considered a readmission student. Please see readmission information [11].

I applied to ASU and was admitted, but did not attend. Do I need to reapply?

Yes, you need to reapply. Be sure to sign in to My ASU [5] to see if any additional items are needed to complete your file.

Do I have to have an associate degree to transfer to ASU?

No, you can transfer to ASU at any time as long as you meet the transfer admission requirements. However, ASU recommends attaining your associate degree before transferring.

As a transfer student, how do I know how many credits can be applied toward my major?

Once you are admitted, you'll work with your academic advisor and review your DARS (Degree Audit Report System) to see which credits apply to your major.

What prerequisites do I need to complete before I can transfer to ASU?

There are no prerequisites required to be admitted to ASU, unless you have fewer than 24 transferable credits. Students with fewer than 24 transferable credits are required to meet freshman admission requirements [12], including aptitude and competency requirements.

Can I live on campus as a transfer student?

Yes, ASU has housing devoted specifically to upper-division students and strongly encourages all students to live on campus during their first year at ASU. For more information, please refer to University Housing [13].

There are also a variety of off-campus housing options in close proximity to ASU's campuses. For more information on off-campus housing, check out Off-Campus Housing [14].

If I'm attending a California community college, is the IGETC/CSU GE required to transfer to ASU?

The IGETC/CSU GE is not a requirement for admission to ASU but is highly recommended. Completing either of the GE patterns and getting certified by your community college will satisfy the General Studies requirements at ASU. Learn more about how to transfer to ASU from a California community college.

What does it mean to get IGETC/CSU GE certified?

Getting certified means you have completed all General Education requirements at your California community college. If you have confirmed with your community college counselor that you are eligible for the certification, ASU will require that you submit the official certification along with your official transcripts to Admission Services.

Currently, I don't meet the Western Undergraduate Exchange admission requirements. Should I wait to apply?

No. Even though you may not currently qualify for WUE, we will always re-evaluate your admission to the program if you currently have courses in progress and submit your final transcripts.

I live in California but would like to meet with an ASU representative in person to discuss the transfer process. Is this possible?

ASU representatives will be attending college transfer fairs and hosting various visits at community colleges throughout California. Find your transfer specialist [10] to ask about upcoming opportunities near you.

How do my credits transfer to ASU?

ASU awards transfer credit for college-level coursework as long as it was completed at a regionally accredited institution, you earned a grade of “C” or higher, and ASU offers an equivalent course. To see how your credits transfer to ASU, use our online Transfer Guide [15]. Click on Course Search to get started. Read more about how your credits transfer to ASU [16], and if you have additional questions, contact your transfer representative [17].

When should I apply to ASU? What are the application deadlines?

ASU uses a rolling admission process that allows for a flexible time frame. ASU typically recommends that students start their steps to apply at least one semester prior to their starting term at ASU. It may take approximately two to six weeks to receive an admission decision once all requested materials are received. Although there are no “hard” deadlines to apply to ASU, there are a few priority dates to keep in mind if you’d like to maximize your opportunities for financial aid. You can review these dates, as well as admission requirements and steps to apply, at admission.asu.edu/transfer/apply [18].

- Apply [5] to transfer to ASU
- Become a Sun Devil

Finish your ASU degree

- You're one step closer to achieving your academic goals

The benefits of transferring with MyPath2ASU

Guaranteed general admission

Guaranteed general admission to ASU and admission into major of choice if all requirements are satisfied*. Some majors have additional or higher admission requirements.

400+ on-campus and online pathways

Every student experiences a different degree path. MyPath2ASU™ includes over 400+ immersive and online pathways, so every transfer student can fuel their own college experience.

Minimize loss of credit

Use personalized course-by-course transfer maps that are curated to take the guesswork out of transfer work. MyPath2ASU™ assists you in selecting the right courses to take at your current transfer institution for your ASU bachelor's degree.

Self-service transfer tools

Receive direct access to my MyPath2ASU™ and the additional Transfer Guide tools that are available to assist in planning your path to ASU. You will be able to manage your Transfer Pathways, request course evaluations, save course searches, save exam searches and more.

Personalized support

Receive communication per major of choice to help you academically prepare for your ASU major. Access to ASU's transfer specialists and pre-enrollment services and invitations to special events to ASU.

Save time and money

MyPath2ASU™ features My Transfer Guide, a personalized portal to effortlessly track your own degree progress. From the very beginning, ASU works with you to figure out how your credits will transfer and plan your path to graduation.

Learn more by attending an ASU virtual event

Explore your visit options

Welcome all transfer students. Explore the many live-hosted sessions [6] with ASU enrollment and academic team members and current students who can answer your questions. Admission requirements

*General university admission is guaranteed upon successful completion of the following conditions:1) Completion of an associate degree from a regionally accredited higher education institution with a minimum 2.00 cumulative GPA (Arizona residents) or 2.50 cumulative GPA (nonresidents) or 2) completion of 24 or more transferable semester credits post-high school with a minimum cumulative transfer GPA of 2.50 (4.00 = "A") and verification of high school graduation or the equivalent. NOTE: Some ASU colleges and schools have additional or higher requirements for admission into their majors. Students will also need to submit an Arizona State University admission application, including an application fee and other required documents, such as official college/university transcripts. MyPath2ASU™ pathway programs are based on a minimum of 24 transfer credit hours; students with fewer than 24 credit transfer credit hours will need to meet the appropriate admission [10] requirements. International students will need to meet international admission requirements [24].

Frequently asked questions about transfer pathway programs

What is MyPath2ASU™ and how does it affect my MAPP, TAG, or GPA agreement?

MyPath2ASU™ is a new set of customized tools to help students transfer from community college to ASU. It makes transferring colleges seamless by allowing students to plan their path to transfer into their major at ASU by taking the right classes. Your MAPP, TAG or GPA agreement has been updated to a MyPath2ASU™. No changes are necessary.

When should I sign up for MyPath2ASU™ and how long do I have to complete it?

Students can sign up for MyPath2ASU™ when they enroll in community college. Upon signing your MyPath2ASU™ agreement, you have four academic years to complete a MyPath2ASU™.

Can I change my major after I sign up for MyPath2ASU™?

Yes, you can change your major.

If you are a student from Maricopa County Community College District you can update your pathway agreement by signing up for a new MAPP MyPath2ASU™. For all other students, you can change your pathway agreement by logging into My Transfer Guide account and updating your current MyPath2ASU™ agreement.

Maricopa Community College transfer students

Welcome, Maricopa Community College students

Transferring from the Maricopa County Community College District to Arizona State University can be a smooth process when planned. As a Maricopa student, you have a couple of ways to earn your bachelor's degree at ASU. Find what works best for you and we'll help you plan your path.

MyPath2ASU™

MyPath2ASU™ helps you plan and complete prescribed coursework designed for a smooth transition to ASU to earn your bachelor's degree.

Sign up for MAPP MyPath2ASU™ [1]

MyPath2ASU™ majors

These ASU degree programs are available through the MyPath2ASU™ and are options for all Maricopa Community Colleges, though course offerings vary by Maricopa location. Search by campus, area of interest, keyword, or ASU college or school, or show all available MyPath2ASU™.

[Archivist's note: major selector tool unable to be archived]

Get started with your MAPP MyPath2ASU™ transfer experience

Step 01: Sign up for MyPath2ASU™

Visit mapp.maricopa.edu [1], enter your Maricopa Enterprise ID (MEID) and password and click **Login**. Identify your current transfer institution, complete your profile, and choose from more than 400 on-campus and online pathways.

MAPP MyPath2ASU™ sign-up [1]

Step 02: Access ASU My Transfer Guide

Once you have received your ASURITE User ID in your email (about two weeks after signing up), go to mypath2asu.asu.edu [2] and click **Sign Up**. Then click **Sign In** below "I have an ASU account." Enter your ASURITE User ID and password and click **Sign In** again. You'll be taken to the Transfer Guide homepage, where you can access your personalized ASU My Transfer Guide.

Access my Transfer Guide [3]

Step 03: View your transfer coursework

Now that you have signed in, create your MyPath2ASU™ and favorite ♡ your pathway in your My Transfer Guide to keep track of your transfer coursework. Remember, you do not need to sign up for MyPath2ASU™ on the ASU website, as you have already signed up on the Maricopa website.

Access [2] your ASU My Transfer Guide any time to use ASU's self-service tools. View MyPath2ASU™ to see how your courses apply to your ASU bachelor's degree, request course evaluations from non-Maricopa schools, save your transfer courses and more!

Step 04: Prepare to transfer to ASU

Meet with ASU transfer coordinators [4] for assistance applying to ASU and attend special ASU events [5]. Apply to ASU one year before completing your MyPath2ASU™ for the fall semester and six months for spring semester. Make sure to report your ASU ID number on the application and use the same ASURITE User ID to check your application status.

Learn more by attending an ASU virtual event

Explore your visit options

Welcome all transfer students. Explore the many live-hosted sessions [6] with ASU enrollment and academic team members and current students who can answer your questions. Navigate the MyPath2ASU™ transfer experience and learn more about ASU's admission and enrollment processes. Explore each of our campuses through live-hosted virtual visit [6] experiences, walking tours [7] and on-demand virtual tours [8].

Sign up [6]

MyPath2ASU™ benefits

MyPath2ASU™ is your suite of customized self-service transfer tools.

Guaranteed general admission

Earn guaranteed general admission to ASU and to your MyPath2ASU™ major of choice if all requirements are satisfied. (Some majors have additional or higher admission requirements.)

Self-service transfer tools

Fully connect your academic progress to ASU by gaining direct access to self-service transfer tools that provide information about course applicability and degree progress tracking.

Save

Save time and money by planning your path to degree completion.

Connect

Connect with transfer student ambassadors and ASU transfer coordinators, access pre-enrollment services, and receive invitations to special ASU events.

Customized pathways

Select classes through customized course-by-course pathways to minimize loss of credit.

Personalized communication

Prepare academically with personalized communication for your major of choice.

MyPath2ASU™ tools and resources

Transfer Guide

Learn how credits from other colleges and universities that you have attended will transfer to ASU. Search for ASU course equivalencies or request a transfer course evaluation.

More about the Transfer Guide [9]

ASU career services

As a MyPath2ASU™ student, you'll have access ASU Career and Professional Development Services, career advising, career assessment and job search tools. You will need your ASURITE UserID and password to access services. Note that some services have fees.

Go to career services [10]

AAS to BAS: Bachelor of Applied Science

Bachelor of Applied Science degrees are designed specifically for students who have earned an Associate of Applied Science.

- Students who have earned an AAS from a regionally accredited institution may transfer **60 credit hours** toward their BAS.
- Students who have earned an AAS degree from a regionally accredited Arizona community college may be eligible to transfer **up to 75 credits** toward their BAS.

Plan to meet with an academic advisor to ensure your courses will meet degree requirements.

ASU at Pinal

Earn your ASU degree at Central Arizona College

Earn a bachelor's degree from Arizona State University without leaving Pinal County. ASU and Central Arizona College have established a partnership that allows you to complete your associate degree at CAC and then pursue your ASU bachelor's degree through classes delivered at the CAC Corporate Center. You can also take advantage of additional cost savings with a reduced ASU tuition rate.

Students must be (or previously have been) enrolled and completed credits at Central Arizona College to continue taking classes through the Pinal location.

Available undergraduate programs at CAC

Applied Science (Applied Leadership), BAS* [1]

The applied leadership program prepares students for leadership positions in a wide variety of organizations and career fields. The coursework focuses on the practice of innovative and effective leadership and helps students develop skills and knowledge that leaders need in order to solve problems, communicate effectively, resolve conflicts, assess program effectiveness, lead projects and manage resources.

This BAS program is a valuable degree option for students with an Associate of Applied Science degree. Students learn and apply the leadership skills necessary to prepare them to become more effective leaders in diverse environments – to be team leaders, floor managers and shift captains.

Learn more about this AAS to BAS program and see what AAS programs are compatible with this degree [2].

Organizational Leadership, BA [3]

This degree program is ideal for helping to advance your career in business, government, nonprofit, health care or service industries. Through this interdisciplinary program, you will gain valuable knowledge to become an organizational leader who is well-versed in leadership styles, communication strategies, resource management, project management and emerging technologies. It is highly recommended that you complete the Arizona General Education Curriculum prior to applying to this program. Complete the course requirements as outlined in the TAG agreement and the AGECE requirements to transfer up to 75 credit hours from the community college. Then, you can complete this bachelor's degree with 45 ASU credits.

See course descriptions and sample schedule [4].

Organizational Leadership (Project Management), BA [5]

With a concentration in project management, you'll develop the skills and knowledge to advance in your career as a project manager and project manager leader. Covering many fields, organizational leadership courses prepare you for complex project oversight, organizational assessment, project leadership and more.

For more information, contact Gerry West at gerald.l.west@asu.edu [6].

**Up to an additional 15 hours of lower-division general studies coursework can be completed prior to transferring to ASU. Transfer up to 75 community college credits toward this degree, with 45 credits to be completed at ASU. If lower-division*

general studies requirements are not complete prior to transferring, the courses can be taken at CAC or ASU. All degree requirements must be met prior to graduation from ASU.

The MyPath2ASU™ transfer process

Create MyPath2ASU™ [7]

- Pick your ASU major
- Sign up for MyPath2ASU™
- Track progress towards transfer

Complete your MyPath

- Apply [8] to transfer to ASU
- Become a Sun Devil

Finish your ASU degree

- You're one step closer to achieving your academic goals

Save money

Through the ASU and Central Arizona College partnership, you're able to learn from ASU instructors and earn the same high quality degree you'd earn on an ASU campus, all at a reduced tuition rate. And you can use financial aid and scholarships toward your costs. That, along with the money you'll save by staying in your hometown, adds up to one affordable degree.

ASU at Yuma

Earn your ASU degree at Arizona Western College

Earn a bachelor's degree from Arizona State University without leaving Yuma. ASU and Arizona Western College have established a partnership that allows you to complete your associate degree at AWC and then pursue your ASU bachelor's degree through classes delivered on the AWC campus. You can also take advantage of additional cost savings with a reduced ASU tuition rate.

Students must be (or previously have been) enrolled and completed credits at Arizona Western College to continue taking classes through the @Yuma location.

Available undergraduate programs at AWC

Criminology and Criminal Justice, BS [1]

Earn a degree that will help prepare you for a career in law enforcement, probation, parole, corrections, private security, court personnel, legal offices or victim advocate agencies. This program introduces you to the fundamental foundations of criminal justice and criminology by preparing you to think critically, contribute to society and enhance public safety. Learn about the causes of crime, the role of criminal justice agencies in the control of crime and the consequences of crime. Study the sociological, psychological, biological and economical explanations for individual crime as well as the differences in crime over time and across neighborhoods, states and countries. Gain an understanding of the history, legal issues and current practices of crime control via police agencies, the court system, prisons, probation and parole.

See course descriptions and sample schedule [2].

For more information about this program, contact Jim Eustace at jeeustac@asu.edu [3].

Organizational Leadership, BA* [4]

This degree program is ideal for helping to advance your career in business, government, nonprofit, health care or service industries. Through this interdisciplinary program, you will gain valuable knowledge to become an organizational leader who is well versed in leadership styles, communication strategies, resource management, project management and emerging technologies. It is highly recommended that you complete the Arizona General Education Curriculum prior to applying to this program. Complete the course requirements as outlined in the TAG agreement and the AGEC requirements to transfer up to 75 credit hours from the community college. Then, you can complete this bachelor's degree with 45 ASU credits.

For more information, contact Gerry West at gerald.l.west@asu.edu [5].

Complete your teaching degree with ASU Sync

In the ASU Sync classroom, students and professors connect together from different locations across the state of Arizona, in real time via Zoom. Students progress through evening classes together, along with their professors, who provide support toward earning a bachelor's degree. Students complete the professional experiences required for certification in person at a school in their community. At this time, students interested in earning a bachelor's degree leading to teacher certification and living outside of Maricopa County can take advantage of ASU Sync.

Elementary education and special education, BAE [6]

Earn a dual certification to educate children: Mild-moderate disabilities special education in grades K–12 and elementary education for grades K–8. Develop the knowledge and skills to successfully teach elementary school students, as well as children requiring special education in any grade.

Secondary education, BAE [7]

Prepare to be an educator for youth enrolled in grades 6-12. You'll develop a strong theoretical background and gain the requisite teaching knowledge and abilities to successfully teach middle or high school students.

Note: Both education programs provide quality preparation through Mary Lou Fulton Teachers College Professional Pathways, our suite of internships and residencies that expose you to more ways of teaching and learning. You'll work with the support of ASU faculty members, helping you problem-solve while offering you as much support as possible. The result? School hiring managers tell us Teachers College graduates enter the education workforce with the poise and skills of second-year teachers.

For additional information, visit education.asu.edu/awc [8] or contact Laura Corr, laura.corr@asu.edu [9] or 928-317-6205.

**Up to 15 additional hours of lower-division general studies coursework can be completed prior to transferring to ASU. Transfer up to 75 community college credits toward this degree, with 45 credits to be completed at ASU. If lower-division general studies requirements are not complete prior to transferring, the courses can be taken at Arizona Western College or ASU. All degree requirements must be met prior to graduation from ASU.*

This BAS program is a valuable degree option for students with an Associate of Applied Science degree. Students learn and apply the leadership skills necessary to prepare them to become more effective leaders in diverse environments – to be team leaders, floor managers and shift captains.

Organizational Leadership, BA [2]

This degree program is ideal for helping to advance your career in business, government, nonprofit, health care or service industries. Through this interdisciplinary program, you will gain valuable knowledge to become an organizational leader who is well-versed in leadership styles, communication strategies, resource management, project management and emerging technologies. It is highly recommended that you complete the Arizona General Education Curriculum prior to applying to this program. Complete the course requirements as outlined in the TAG agreement and the AGECE requirements to transfer up to 75 credit hours from the community college. Then, you can complete this bachelor's degree with 45 ASU credits.

Organizational Leadership (Project Management), BA [3]

With a concentration in project management, you'll develop the skills and knowledge to advance in your career as a project manager and project manager leader. Covering many fields, organizational leadership courses prepare you for complex project oversight, organizational assessment, project leadership and more

For more information, contact Gerry West at Gerald.L.West@asu.edu [4]

Complete your teaching degree with ASU Sync

In the ASU Sync classroom, students and professors connect together from different locations across the state of Arizona, in real time via Zoom. Students progress through evening classes together, along with their professors, who provide support toward earning a bachelor's degree. Students complete the professional experiences required for certification in person at a school in their community. At this time, students interested in earning a bachelor's degree leading to teacher certification and living outside of Maricopa County can take advantage of ASU Sync.

Secondary education, BAE [5]

Prepare to be an educator for youth enrolled in grades 6-12. You'll develop a strong theoretical background and gain the requisite teaching knowledge and abilities to successfully teach middle or high school students.

For more information, contact Kurt Palmer at kwpalme1@asu.edu [6].

** Up to an additional 15 hours of lower-division general studies coursework can be completed prior to transferring to ASU. Transfer up to 75 community college credits toward this degree, with 45 credits to be completed at ASU. If lower-division general studies requirements are not complete prior to transferring, the courses can be taken at Pima or ASU. All degree requirements must be met prior to graduation from ASU.*

ASU at Northeastern Arizona

Earn your ASU degree at Northland Pioneer College

Earn a bachelor's degree from Arizona State University without leaving Holbrook, Show Low, Snowflake, and Winslow. ASU and Northland Pioneer College have established a partnership that allows you to complete your associate degree at NPC and then pursue your ASU bachelor's degree through classes delivered on an NPC campus or center location. You can also take advantage of additional cost savings with a reduced ASU tuition rate.

Students must be (or previously have been) enrolled and completed credits at Northland Pioneer College to continue taking classes through the at Northeastern Arizona location.

Available undergraduate programs at NPC

Complete your teaching degree with ASU Sync

In the ASU Sync classroom, students and professors connect together from different locations across the state of Arizona, in real time via Zoom. Students progress through evening classes together, along with their professors, who provide support toward earning a bachelor's degree. Students complete the professional experiences required for certification in person at a school in their community. At this time, students interested in earning a bachelor's degree leading to teacher certification and living outside of Maricopa County can take advantage of ASU Sync.

Secondary education, BAE [1]

Earn your certification and develop the knowledge and skills to successfully teach grades 6–12. While teacher candidates develop a strong theoretical background in their specific content areas, the education program courses focus on developing the skills and teaching abilities required to be successful in the classroom. The program's professional experience component provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. Choose from concentrations in math, science, English or history.

For additional information, visit education.asu.edu/npc [2] or contact Kurt Palmer, kwpalme1@asu.edu [3] or 928-792-8030.

BYU Idaho transfer student

BYU Idaho students who wish to transfer to ASU have two transfer options.

MyPath2ASU™

MyPath2ASU™ is a set of customized tools to help transfer students from U.S. regionally accredited institutions (including international students transferring from U.S. regionally accredited institutions). MyPath2ASU™ creates a seamless transfer experience to ASU after earning credits or an associate's degree from a U.S. community college or university. Plan a path into your major of choice by taking classes that transfer to ASU—shortening your time to degree completion.

Get Started with MyPath2ASU [1]

Search MyPath2ASU majors [2]

The Associate of Applied Science to Bachelor of Applied Science program

The AAS to BAS programs is for students who have completed an Associate of Applied Science from BYU-Idaho and want to complete a Bachelor of Applied Science in a complementary discipline at ASU.

The completed Associate of Applied Science must be transcribed on a BYU-Idaho transcript.

Learn more [3]

Learn more by attending an ASU virtual event

Explore your visit options

Welcome all transfer students. Explore the many live-hosted sessions [4] with ASU enrollment and academic team members and current students who can answer your questions. Navigate the MyPath2ASU™ transfer experience and learn more about ASU's admission and enrollment processes. Explore each of our campuses through live-hosted virtual visit [4] experiences, walking tours [5] and on-demand virtual tours [6].

AAS to BAS for Brigham Young University Idaho

Transfer simplified

If you're pursuing an Associate of Applied Science from BYU-Idaho, then an ASU Bachelor of Applied Science degree might be the perfect fit for you. This program allows you to transfer 60 credit hours from your Associate of Applied Science degree toward a compatible Bachelor of Applied Science at ASU, with guaranteed admission if you have earned at least a 2.5 grade point average from BYU-Idaho. The completed Associate of Applied Science must be transcribed on a BYU-Idaho transcript.

Identify the AAS degree you are currently earning at BYU-Idaho and determine your preference for your BAS.

Acceso ASU

Acceso ASU [1]

Becas ASU-CONACYT [2]

Becas Arizona-Sonora [3]

The objective

To increase access to higher education at ASU, to interested DREAMers and other bilingual English-Spanish students, while offering them an international and intercultural experience at select Mexican universities.

Who is eligible?

Currently enrolled ASU undergraduate students, both immersive and online.

What is it?

Acceso ASU allows students to take online courses included in the ASU's Transfer Guide [4], offered by select Mexican university partners. While enrolled at a Mexican university, students pay that university's tuition and can benefit from different tuition rates. Mexican partners' tuition starts from approximately \$150 USD [5] per course.

Once students successfully pass courses at the Mexican university partners, they can submit their transcript to ASU to have credits evaluated for transfer to their ASU program.

How does it work?

Students are encouraged to consult their academic advisors to identify which courses included in the ASU's Transfer Guide [4], offered by Acceso ASU's Mexican partners, are suitable for transfer to their specific program. A list of advisors is available here [6].

For course descriptions offered by Mexican partners, not provided in the ASU's Transfer Guide, please visit this  link for Tecmilenio [7] and this  link for UNITEC [8].

In addition to the potential economic benefit, students can:

1. Practice Spanish language skills through academic immersion
2. Enrich their academic experience with an international focus
3. Earn an acknowledgement of international experience, upon taking three online courses with a university partner

How do I search for courses offered by the participating Mexican universities?

To search for course equivalencies, access the ASU's Transfer Guide [4] and select "International" for the institution type, then enter "Mexico" for the country, and enter the name of the university partner:

- University of Guadalajara (UdeG)
- Technological University of Mexico (UNITEC)
- Universidad Tecmilenio

What types of courses have been evaluated for the Acceso program?

The courses evaluated for the Acceso program include undergraduate online courses that transfer to ASU elective, department elective, general studies, and/or direct equivalency:

- University of Guadalajara's subjects include: organization management, educational development, cultural management, digital journalism, technologies and information, citizen security, librarianship and knowledge management.
- Technological University of Mexico (UNITEC)'s subjects include: business administration, public accounting, law (BA), marketing, pedagogy, international business, animation and digital design, psychology, industrial engineering and administration, software and network engineering.
- Universidad Tecmilenio's subjects include: administrative computing engineering, administration, law (BA), publicity and marketing, industrial and systems engineering, international business and trade, education and development, business psychology.

Information about our Mexican university-partners

Tecnológico de Monterrey

Tecnológico de Monterrey (ITESM) is a private, not-for-profit, world-renowned university in Mexico. It has 26 campuses throughout Mexico, and more than 90,000 students that attend its high school, undergraduate and graduate programs.

It is a world pioneer on virtual education, which it launched in 1989.

Among other accreditations, ITESM is affiliated to the Southern Associations of Colleges and Schools (SACS), recognized by the U.S. Department of Education.

*** The program with Tecnológico de Monterrey (ITESM) is managed by the Global Education office as a special virtual exchange opportunity. For more info visit:**

Transferring credits to ASU

When you transfer to ASU from another college or university, the following general standards for transfer credits apply. You can use ASU transfer tools to learn how credits will transfer and begin creating your roadmap to graduation.

Transfer Guide

ASU's Transfer Guide is a helpful online tool to assist you in your transfer planning process. Manage your Transfer Pathways, requested course evaluations, saved courses searches, saved exam searches and more.

View the Transfer Guide [1]

How credits transfer to ASU

When you transfer to ASU from another college or university, the following general standards for transfer credits apply. You can use ASU transfer tools to learn how credits will transfer and begin creating your roadmap to graduation.

Accepted credits

ASU accepts college-level (not remedial) courses in which transfer students have earned a grade of "C" (4.00="A") or better from regionally accredited colleges and universities.

Applicability

The applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU.

Credit hours

A maximum of 64 semester hours of credit will be accepted as lower-division credit when transferred from a regionally accredited community, junior or two-year college, with the exception of some special programs. An unlimited number of credits hours will be accepted from four-year institutions. Upon admission to the university, you will work with an ASU academic advisor to determine how your transferable credits apply toward your selected major.

Credit conversion

Acceptable academic credits earned at other institutions that are based on a different unit of credit than the one prescribed by the Arizona Board of Regents are subject to conversion before being transferred to ASU. All ASU students must meet graduation requirements (university, college, major and general studies requirements) to earn a four-year degree.

Degree requirements

The ASU college of your major determines how transfer courses fulfill the degree requirements of your ASU major. You should review the degree requirements of the program into which you intend to transfer and talk with an academic advisor about your transfer credits and how they will apply to your degree program.

Determining GPA

Grades and honor points that you earned at other colleges and universities are considered for admission, but your ASU cumulative grade point average is based solely on coursework taken at ASU.

Types of transfer credits not accepted by ASU:

- courses in which you earned below “C-” as your final grade
- credit awarded by postsecondary schools in the United States that lack candidate status or are not accredited by a regional accrediting association
- credit awarded by postsecondary schools for life experience
- credit awarded by postsecondary schools for courses taken at noncollegiate institutions (e.g., governmental agencies, corporations, industrial firms, etc.)
- credit awarded by postsecondary schools for noncredit courses, workshops and seminars offered by other postsecondary schools as part of continuing education programs

Students wishing to transfer to ASU and who feel they have been unjustly denied credit for transfer courses may appeal to the appropriate committee.

Military credits

ASU is proud to welcome transfer student veterans of the Army, Navy, Air Force, Marines, Coast Guard and National Guard to our undergraduate student community.

Evaluation of military transcripts

ASU uses the American Council on Education's Guide to the Evaluation of Educational Experiences in the Armed Services [2] to assess how to transfer military credits to ASU. In general, a military course must be similar to an ASU undergraduate course to transfer to ASU.

Military credits that transfer to ASU through educational experiences in the armed services are not applicable toward completing ASU's general studies requirements [3] for graduation, but do count for total credits toward completion. No transfer credit is awarded for vocational certificate category ACE recommendations.

The JST is reviewed for potential transfer credit in accordance with VA guidelines and Arizona statutes related to awarding credit for military training and education. Credits are evaluated at the time of JST submission to ASU. It is recommended the JST be sent to ASU upon application to ensure timely processing and evaluation.

Military transcripts accepted by ASU

ASU accepts the following military transcripts to transfer credits:

- JST [4] (Joint Services Transcript)
- Air University Transcript (formerly Community College of the Air Force) [5]

The CCAF is a regionally accredited community college. This transcript must be submitted as part of a student veteran's admission package for anyone who served in the United States Air Force, Air Force Reserve or Air Guard.

Veterans exception

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college before military service may be considered when determining admissibility. This exception may be used only one time and applies only to veterans who:

- are honorably discharged
- have served in the armed forces of the United States for a minimum of two years
- have previously enrolled at a university or community college in Arizona

Military service records must be submitted, including form DD 214.

Credit by exam

You may earn no more than 60 hours of credit by exam for any degree program, including ASU comprehensive and proficiency exams.

ASU's credit by exam policy [6]

Frequently asked questions about transferring college credits

How do I transfer college credits to ASU?

You can transfer credits to ASU by requesting your transcripts from all colleges you have attended and have them sent directly to ASU. Then, when you have completed the admission application, paid the application fee and are admitted to ASU, your qualifying credits will automatically be added to your ASU Degree Audit.

How many college credits can be transferred to ASU?

You can transfer a maximum of 64 college credits from a regionally accredited community, junior or two-year college for courses in which you have earned a "C" (4.00 = "A") or better.

What is the ASU Transfer Guide?

ASU's Transfer Guide [7] is a useful tool that shows how college courses you've already taken will transfer to ASU. If you don't see a particular course in the Transfer Guide, you can request a course evaluation.

Admitted transfer student next steps

Welcome to Arizona State University

You're now on your way to becoming part of the most innovative and forward-thinking university in the nation. And by choosing ASU, you will become a part of a community of master learners and doers who will support you during your journey at ASU.

We've gathered your next steps to help you prepare for your transition to ASU — plus we've added some extras for you to enjoy. You'll be getting a lot of information about ASU in the coming months. This guide highlights the most important things to know so you'll be prepared for your new Sun Devil status.

First day of classes

Enrolling for spring

2022 Classes begin Jan. 10, 2022

Enrolling for fall 2022

Classes begin Aug. 18, 2022

[View Academic Calendar \[1\]](#)

Countdown to ASU

As you prepare to attend Arizona State University, you might have some questions. Use this Countdown to ASU website as your go-to resource for everything you need to know about getting ready for college, and register for some helpful events to get all your questions answered.

[View the countdown \[2\]](#)

Need help?

We're here for you.

ASU admission specialists can answer your questions and guide you through each step of the enrollment process between now and the time you get here. Get to know yours.

[Find my rep \[3\]](#)

Your next steps as an admitted transfer student

They say the longest journey begins with a single step. Well, enrolling at ASU isn't really a "long journey," but it does begin with one step, followed by a few more. Start taking your steps and checking them off as you complete them so you can be on your way to becoming a Sun Devil.

Activate your ASURITE User ID

Your ASURITE User ID grants you access to My ASU and university services. See your admission letter for details if you haven't activated your ASURITE User ID yet.

When you activate your ASURITE User ID, you will select to have your ASU email forwarded to a personal account. It's important to check your email often for time-sensitive notifications and next steps about enrollment. You'll have access to your official ASU email when classes begin. You can check which email your ASU email is forwarding to by looking in the profile tab in My ASU.

If you previously applied to ASU, use your existing ASURITE User ID to activate and log in to My ASU and your ASU email.

[Activate ASURITE \[4\]](#)

Need help? You can find your activation code in an email from computer.accounts@asu.edu [5] with the subject line "ASU Account Activation." If you need assistance, call 1-855-278-5080 or 480-965-6500.

Start the New Transfer Student Orientation experience

In the New Transfer Student Orientation, you will prepare to take classes in the fall by completing essential next steps for enrollment. To access it, log into My ASU [6] to view details under Priority Tasks, or check out the New Transfer Student Orientation Experience website [7].

[Transfer Orientation \[7\]](#)

Register for classes

You must meet with an academic advisor before you can register for classes. You can find your advisor's contact information in My ASU [6] under the Academic Support Team box. You may want to review the Transfer Guide [8] to view course equivalencies before meeting with your academic advisor.

Register on My ASU [6]

Submit your FAFSA

The Free Application for Federal Student Aid is available now. Submit your completed FAFSA as soon as possible. **ASU's Federal School Code is 001081.**

Spring 2023: Complete the 2022-2023 FAFSA

Fall 2022: Complete the 2022-2023 FAFSA

Submit your FAFSA [9]

Apply for scholarships

Transfer scholarships are available to help pay for tuition, housing, books and other costs when you transfer to ASU.

Apply [10]

Submit your MMR immunization verification form

You must submit your measles (rubeola), mumps and rubella immunization form **before classes begin**. You can fax, email or mail your records to ASU Health Services [11].

Immunization form [11]

Explore housing options

On-campus housing is **limited** for transfer students. You are encouraged to submit your housing application as soon as possible.

Learn more [12]

Request final transcripts

As soon as you graduate or complete your current semester or term, request an official final transcript be sent from your college or university to ASU's Admission Services.

Learn more [13]

Review parking and transportation

Cars are not the only way to get to ASU. The bus and light rail are affordable options too, and students walk, bike or skateboard on campus.

Review options [14]

Visit campus

If you haven't toured campus already, visiting is the best way to get an idea of what life is like as a Sun Devil. Schedule a socially-distanced walking tour [15] with a campus tour guide at all of ASU's campuses. If you can't make it in person, take a virtual tour [16] — or if you'd rather explore campus on your own, take a self-guided audio tour [17] to hear about every major campus attraction.

Visit campus [18]

Attend welcome events

Get to know your campus and meet other transfer students at ASU's free welcome events. Explore the event schedule to discover which ones to attend.

International student admission

International first-year student admission

Review the requirements and follow the steps below to apply to become an international first-year student at ASU.

Applying to ASU as an international student

Academic requirements

First-year students must have a 3.00 grade point average (GPA) (a "B" or better where "A"=4.00) from a secondary school.

Some ASU programs may have higher admission or English proficiency requirements and may consider a minimum ACT or SAT score.

Must have three years of high school work (If you are currently in high school, ASU needs to see 9–11 grade work. If you have completed high school then ASU needs to see 10–12 grade work).

Must have and present a completed high school diploma or certificate.

Conditional admission

ASU may offer conditional undergraduate admission to international applicants to an on-campus program who meet the academic (aptitude) requirements but who are not proficient in English. This offer of conditional admission will give you time to improve your English proficiency before you start classes at ASU. Your conditional admission offer is good for up to three semesters, during which time you must meet one of these requirements [1] to begin your ASU experience.

Competency requirements

International students who completed high school outside the U.S. are required to meet the following competency requirements:

- Math: four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).
- Laboratory science: three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics).

International students who attended four years of high school in the U.S. are required to meet the competency requirements.

Comparable degree requirements in different countries and territories

Arizona State University recognizes that educational systems are different across the world. To help you determine if your academic credentials are comparable to a U.S. high school degree and to understand the documents that need to be submitted for admission, **please review the requirements for the country from which your credential was earned.**

[Archivist's Note: In-page by-country requirements tool unable to be captured.]

U.S citizen?

If you are a U.S. citizen and completed all of your coursework in the U.S., visit our domestic first-year admission web page [2].

Find an international first-year ASU representative

Find my rep [3]

Find your degree program

Degree search [4]

How to apply to ASU

Step 01: Complete the undergraduate application for admission.

Apply online with ASU's Application for Admission [5] or the Common Application [6]. ASU accepts only one application. We have no preference between the ASU application or the Common Application. If two applications are submitted, one will be canceled in our system. Application fees are nonrefundable.

ASU's Application for Admission [5] Common Application [6]

Step 02: Submit the nonrefundable application fee.

International nonresidents: \$85 (\$70 for ASU online programs)

You can pay using a credit card (Visa or Mastercard) at the time you submit your application or when you log in to My ASU [7]. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing

Arizona State University
PO Box 871004
Tempe, AZ 85287-1004

If you applied for admission through the Common Application [8], pay the application fee through that application.

My ASU [7]

Step 03: Have official transcript(s) and examination results sent directly from your school(s) or exam board to Admission Services. Provide English translations of all documents not issued in English.

Official transcripts are certified copies of official documents from each secondary school, college, university or technical school attended. Records must include courses completed, grades or marks earned, and certificates or degrees awarded. Include a certified English translation of all documents not issued in English.

Visit the transcripts page for detailed information on submitting international transcripts and English translations

Transcripts Information [8]

Step 04: Provide evidence of English language proficiency.

Have your TOEFL, IELTS, PTE, or DuoLingo English test score, sent directly to ASU, or provide proof of completion from Global Launch.

TOEFL

The official TOEFL score report can be sent directly to ASU from the Educational Testing Service. ASU's TOEFL institutional code is 4007. For information about this test and registration procedures, contact ETS at PO Box 6151, Princeton, NJ 08541-6151, USA or visit www.toefl.org [9].

Duolingo English test

Learn more about the Duolingo test [10]

Global Launch

ASU accepts completion of the Global Launch **English Language program** or **English for Undergraduate Admission and Achievement** online self-paced course.

Learn more about Global Launch [11].

IELTS

For information about this test and registration procedures, contact the IELTS Office, University of Cambridge Local Examination Syndicate, 1 Hills Road, Cambridge/CB1 2EU, UK or visit www.ielts.org [12].

PTE

For information about the Pearson Test of English, visit www.pearsonpte.com [13].

Undergraduate English proficiency [14]

Step 05: American university admission reminders

Documentation

All documents must be an original or an attested copy with an original institutional seal and/or signature. Photocopies, notarized copies, faxes or scans are not considered original documents. All documents must be translated into English if the original is not issued in English.

Note: Before mailing or sending any documentation, you must fill out an ASU application. Sending documents before doing so will delay the processing of your application. It is also recommended that you include your ASU EMPLID on the envelope of any documents being mailed to ASU.

Do you have any college credits?

- All college work must be reported at the time of filling out your application.
- We must see all transcripts/academic records from all institutions that you have ever attended (regardless if you have finished the program at that institution or not).
- All documents not issued in English must be accompanied by an English translation.
- Access the transfer credit guide [14] to check your college credits.

Professional third-party evaluations

ASU provides in-house credential evaluations of your secondary and postsecondary academic records at no extra cost. However, if you have already had your academic credentials evaluated, ASU will consider course-by-course evaluations from the three agencies below:

- Educational Credential Evaluators [15]
- Foreign Credentials Service of America [16]
- Academic Credentials Evaluation Institute [17]

Note: Official evaluations do not take the place of official academic records. The evaluation is in addition to the official academic record. If the evaluation agency includes academic records they used to complete their evaluation and indicates that the evaluation was based on official or authenticated records, we may accept those documents as official.

Transfer guide [18]

Step 06: Submit your ACT or SAT scores (optional).

ACT or SAT scores are not required for admission, but may be submitted for ASU course placement or as supplemental information. Have your scores sent to ASU from ACT or [19] College Board [20] when you register for the test.

FAQs [21]

Step 07: Check application status.

Once you've completed all these steps, ASU will review your application. To see if you have any missing items, and to review your admission status and I-20 status, sign in at My ASU using your ASURITE UserID, which is sent to you after you apply for admission.

Activate My ASU and your ASURITE UserID

You will receive your ASURITE UserID and activation code via email within one to three business days of submitting your application. If you have previously applied to ASU, your ASURITE UserID will remain the same. You'll use your ASURITE UserID to login to My ASU. If you have previously applied to ASU, your ASURITE UserID will remain the same. If you have not previously activated My ASU, have your activation code sent to you [23] by submitting your ASU ID number and last name. If you have trouble logging in with your ASURITE UserID, contact the ASU Help Desk at 855-278-5080 or contact.asu.edu [24].

Check application status [7]

Step 08: Submit your student visa application.

All international students planning to attend Arizona State University will need to first apply for an I-20 in order to apply for an F-1 or J-1 student visa.

Student visa info [25]

Application deadlines

You must submit your application for admission to ASU, along with the application fee, by the deadline specified for each semester. To expedite the evaluation of your application, please remember to submit official transcripts, test scores and supporting credentials along with your application.

Frequently-asked questions about International first-year admissions

How do I apply to an American university as an international student?

To apply to ASU as an international student, you must meet certain academic requirements, as well as demonstrate proof of English proficiency. Review this page for admission and English proficiency requirements, application procedures and deadlines for undergraduate students.

Do I have to know English to study at ASU?

Yes. ASU requires proof of English proficiency from all international student applicants, or applicants whose native language is not English. ASU accepts TOEFL, PTE, IELTS, or DuoLingo English test scores or completion of ASU's Global Launch English and academic preparation courses as proof of English proficiency.

What is Global Launch?

Global Launch is Arizona State University's English language and academic preparation unit, providing face-to-face and online English and Pathways programs for international students seeking admission to the university.

International transfer student admission

How to transfer colleges as an international student

Comparable requirements to a high school diploma

Arizona State University recognizes that educational systems are different across the world. To help you determine if your academic credentials are comparable to a U.S. high school degree and to understand the documents that need to be submitted for admission, please review the requirements for the country from which your credential was earned.

[Archivist's Note: In-page by-country requirements tool unable to be captured.]

U.S. citizen?

If you are a U.S. citizen and completed all of your coursework in the U.S., visit our domestic transfer admission web page [1].

International Transfer Guide

Download brochure [2]

International transfer student admission requirements

Academic requirements

Transfer students with 12 or more transferable credits must have a minimum 2.50 cumulative GPA (a "C+" or better where "A"=4.00). Some majors have higher admission requirements. To find the requirements for your specific program, please visit ASU's Degree Search [3].

Some ASU programs may have higher admission and English proficiency requirements and may consider a minimum ACT or SAT score.

Must have and present a completed high school diploma or certificate.

You must submit an official transcript from every high school, college and university you attended, regardless if a degree was earned.

For more information on the process, additional requirements for students with additional credits and other information, visit transfer apply [1].

Competency requirements

International students who attended four years of high school in the U.S. are required to meet the competency requirements.

- **English:** four years (composition/literature based).
- **Math:** four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).
- **Laboratory science:** three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences, and physics).
- **Social science:** two years (including one year American history).
- **Foreign language:** two years (same language).
- **Fine arts:** one year.

International students who completed high school outside the U.S. are required to meet the following competency requirements:

- **Math:** four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).
- **Laboratory science:** three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics).

Application deadlines

You must submit your application for admission to ASU, along with the application fee, by the deadline specified for each semester. To expedite the evaluation of your application, please remember to submit official transcripts, test scores and supporting credentials along with your application.

Fall 2022

May 1, 2022

Application priority deadline

Aug. 18, 2022

First day of classes

Note: Applications for summer that are not completed in time for the start of the summer sessions will be reviewed for admission for the fall semester.

Note: International students who have been admitted for the fall semester who would like to begin attending classes during the summer must contact Admission Services [4] by May 1. Otherwise, I-20s will be created for the fall semester.

Make sure to apply as early as possible to allow time for all documentation and processes to be completed.

How to apply to ASU

Step 01: Complete the undergraduate application for admission.

Apply online with ASU's Application for Admission [5] or the Common Application [6]. ASU accepts only one application. We have no preference between the ASU application and the Common application. If two applications are submitted, one will be cancelled in our system. The application fee is \$85 (U.S. Dollars) and is nonrefundable.

ASU's Application for Admission [7] Common Application [6]

Step 02: Check application status.

Once you've completed all these steps, ASU will review your application. To see if you have any missing items, and to review your admission status and I-20 status, sign in at My ASU [8] using your ASURITE User ID, which is sent to you after you apply for admission.

Activate My ASU and your ASURITE User ID

You will receive your ASURITE User ID and activation code via email within one to three business days of submitting your application. If you have previously applied to ASU, your ASURITE User ID will remain the same. You'll use your ASURITE User ID to login to My ASU. If you have previously applied to ASU, your ASURITE User ID will remain the same. If you have not previously activated My ASU, have your activation code sent to you [9] by submitting your ASU ID number and last name. If you have trouble logging in with your ASURITE User ID, contact the ASU Help Desk at 855-278-5080 or contact.asu.edu [10].

Check application status [8]

Step 03: Have official transcript(s) and examination results sent directly from your school(s) or exam board to Admission Services. Provide English translations of all documents not issued in English.

Official transcripts are certified copies of official documents from each secondary school, college, university or technical school attended. Records must include courses completed, grades or marks earned, and certificates or degrees awarded. Include a certified English translation of all documents not issued in English.

For more detailed information on submission of international transcripts and English translations, please visit our transcripts page [11].

Step 04: Provide evidence of English language proficiency.

Have your TOEFL, IELTS, PTE, or DuoLingo English test score, sent directly to ASU, or provide proof of completion from Global Launch.

TOEFL

The official TOEFL score report can be sent directly to ASU from the Educational Testing Service. ASU's TOEFL institutional code is 4007. For information about this test and registration procedures, contact ETS at PO Box 6151, Princeton, NJ 08541-6151, USA or visit www.toefl.org Font Awesome fontawesome.com --> [12].

IELTS

For information about this test and registration procedures, contact the IELTS Office, University of Cambridge Local Examination Syndicate, 1 Hills Road, Cambridge/CB1 2EU, UK or visit www.ielts.org > [13].

PTE

For information about the Pearson Test of English, visit www.pearsonpte.com [14].

Global Launch

ASU accepts completion of the Global Launch **English Language program** or **English for Undergraduate Admission and Achievement** online self-paced course. Learn more about Global Launch [15].

Frequently-asked questions about International transfer admissions

How do I apply to ASU as a transfer student?

To apply to ASU as an international student, you must meet certain academic requirements, as well as demonstrate proof of English proficiency. Review this page [34] for admission and English proficiency requirements, application procedures and deadlines for undergraduate students.

Requirements [34]

How do I transfer credits to an American university?

When you transfer to ASU from another college or university, the following general standards for transfer credits apply. You can use ASU transfer tools [35] to learn how credits will transfer and begin creating your roadmap to graduation.

Transfer tools [35]

How many credits can be transferred to ASU?

You can transfer a maximum of 64 credits from a regionally accredited community, junior or two-year college for courses in which you have earned a "C" (4.00 = "A") or better.

English proficiency for international undergraduate applicants

Pass the TOEFL, IELTS or PTE or Duolingo English test

Test of English as a Foreign Language (TOEFL)

ASU accepts the TOEFL iBT® taken in a testing center. ASU does not accept TOEFL iBT® Home Edition, TOEFL iBT® Paper Edition, or TOEFL Essentials Exams.

TOEFL iBT (internet-based test)

For the general requirement programs, the minimum score is 61 (iBT). ASU's institutional code is 4007. ASU accepts only electronic copies of the TOEFL score report.

Bachelor of Science in Nursing: minimum score of 76.

Ira. A Fulton Schools of Engineering (higher admission requirement programs only): minimum score of 79.

Walter Cronkite School of Journalism and Mass Communication: minimum score of 100.

Learn more about the TOEFL. [1]

International English Language Testing System (IELTS)

ASU accepts IELTS Academic, IELTS Online, IELTS UKVI, and IELTS Indicator exams

The overall band score requirement for the academic test is at least 6.0. The general training exam is not accepted. No institutional code is needed.

Bachelor of Science in Nursing: minimum score of 6.5.

Ira. A Fulton Schools of Engineering (higher admission requirement programs only): minimum score of 6.5.

Walter Cronkite School of Journalism and Mass Communication: minimum score of 7.0.

Learn more about IELTS. [2]

Pearson Test of English (PTE)

ASU requires a score of at least 53.

This test is not accepted for admission to the Bachelor of Science in Nursing program.

Ira. A Fulton Schools of Engineering (higher admission requirement programs only): minimum score of 58.

Walter Cronkite School of Journalism and Mass Communication: minimum score of 73.

ASU does not accept the PTE Academic Online exam.

Learn more about PTE. [3]

Duolingo English test

General requirement programs: minimum score of 95.

Bachelor of Science in Nursing: minimum score of 100.

Ira. A Fulton Schools of Engineering (higher admission requirement programs only): minimum score of 105.

Walter Cronkite School of Journalism and Mass Communication: minimum score of 120.

Learn more about the Duolingo English test. [4]

The exam cost \$49 (USD) and may be taken from any computer that has a camera, audio and reliable internet. The exam portion of the Duolingo English test contains a series of speaking, reading, writing and listening exercises. Following the exam, there will be an interview portion that will ask you to respond to various prompts in 30 to 90 seconds. The exam will take about 45 minutes to complete and you will need either a passport, driver license, or national or state ID to show the camera. The score results are generally received within a few days of exam completion.

Should you choose to take the Duolingo English test, the access information is below.

Information on preparing for the exam [4] | Take the exam or practice exam [5]

A verification email will be sent to you a few days after completing the exam containing a link to send your score to ASU.

For additional information, please review the frequently asked questions [6].

An IELTS, PTE or TOEFL must have been taken no longer than two years prior to the student's start date at ASU. Applicants who have scores that are more than two years old (or will be more than two years old by the time of ASU's start date) may be requested to submit updated test scores or demonstrate English proficiency through one of the other listed options.

Complete Global Launch courses at ASU*

English language program

Complete the highest level of the Campus or Online Immersion English language program with a passing grade of B- (80%) or better.

Online self-paced English course

Complete the English for Undergraduate Admission and Achievement online course with a passing score.

Learn more about Global Launch [7]

*Individual academic units may have higher requirements for English proficiency. Review your degree program of interest for details. Visit ASU's degree search to find your program.

Other ways to demonstrate English proficiency

1. U.S. citizens or U.S. permanent residents.
2. Citizen of a country/territory on the ASU English speaking country and territory list
3. Junior and senior year of high school completed in the U.S. AND ACT English score of 23 or higher or SAT EBRW score of 580 or higher, AND two years English.
4. Four years of high school in the U.S. with four years of English.
5. 48 transferable credits from a regionally accredited U.S. college or university with a GPA of 2.50 or higher, of which six credits are in first-year English (comparable to ASU ENG 107 and 108).
6. Undergraduate applicants who have earned a secondary or high school degree or higher from an international institution that is officially recognized by that country, and whose sole medium of instruction for the degree program was in English. If the transcript does not indicate language of instruction, the applicant should email asuinternational@asu.edu [8] to request exemption and include a letter from the institution on letterhead indicating language of instruction or provide information on the institution website to verify language of instruction.

Note: English as a Second Language (ESL) courses are not accepted as proof of English proficiency

Student visas

I-20 updates for summer and fall 2022 semesters

We look forward to your summer or fall arrival and have been hard at work making plans to welcome our new international students to campus.

We know there may still be some disruptions to the I-20 and visa process, including consulate and bank closures, visa interview delays and flight interruptions due to Covid-19. ASU is here to help you through, and will be flexible with your arrival to campus.

What we want you to know

1. **Do not delay in submitting your documents required for issuance of your I-20 to us.**
Upload what you have to My ASU [1] as soon as you have them. If you are waiting for other documents, submit what you have so far, then upload your final documents once you have them.

2. **As soon as you receive your visa and are ready to travel, contact ASUinternational@asu.edu [2] or +1 480-965-2437.**

We will work with you to schedule your arrival date to ASU.

3. **If you are unable to submit your documentation needed to receive an I-20 from ASU or are unable to obtain your F1 visa in time to arrive by the start of the semester of your admission, contact ASUinternational@asu.edu [2] and we can advise you on your options.**
4. **If you have any questions, please contact our International Admission Services team at ASUinternational@asu.edu [2] or +1 480-965-2437.**

We will work with you to keep you on track.

Helpful reminder

Be sure to **check wait times for your local embassy** [3], as some areas may be experiencing wait times longer than 30 days. Complete these steps as soon as possible so that when your local embassy can take your appointment, you will be ready to proceed with your next steps.

Types of international student visas

As an international student at Arizona State University, you will need to obtain an F-1 or J-1 student visa.

F-1 student visa

The F-1 visa is the most common student visa and is issued to full-time students enrolled in an academic or language program at a U.S. institution. Any student who is funded either by personal or outside funds, or a combination of the two, is eligible for F-1 status. If you are a student applying for an F-1 visa, you must request the SEVIS Form I-20 from the appropriate ASU admission office once admitted to ASU.

J-1 student visa

The J-1 visa is an exchange visitor visa issued to students at all academic levels. Students must have a substantial portion of their funding coming from a source other than their personal finances (e.g., their home institution or government). If you are a student applying for a J-1 visa, you must request Form DS-2019 from the appropriate ASU admission office once admitted to ASU.

F-2 dependent visa (undergraduate)

The F-2 visa is a nonimmigrant visa that allows dependent spouses and children of F-1 student visa holders to enter the U.S. and enroll in an educational institution. As a student with F-2 visa status, you can attend ASU only as a part-time student. For the undergraduate level, this means you may register for up to 11 credit hours for the spring and fall terms.

More F-2 information [4]

F-2 dependent visa (graduate)

The F-2 visa is a nonimmigrant visa that allows dependent spouses and children of F-1 student visa holders to enter the U.S. and enroll in an educational institution. As a student with F-2 visa status, you can attend ASU only as a part-time student. For the graduate level, this means you may register for up to eight credit hours for the spring and fall terms. Some graduate programs do not allow students to attend part time. For additional information, please contact your program of interest.

More F-2 information [4]

SEVIS form I-20

An initial I-20 is issued for students with a new SEVIS record. A transfer I-20 is issued for students who have an active SEVIS record at a U.S. high school or higher education institution, and are transferring their records to ASU.

Initial I-20

If you have not been issued an I-20 in the past, or if you have but the SEVIS record affiliated with that I-20 was terminated or completed, you should request an initial I-20.

Once you have uploaded all required documents in My ASU [1] for the I-20, ASU Admission Services will begin the process of creating your initial I-20.

Transfer I-20

If you have an active SEVIS record at another U.S. school (high school or higher education institution) and are requesting an I-20 through ASU, you should follow the Request Transfer SEVIS Form I-20 [5] section below. Once you have uploaded all required documents in My ASU [1] for the I-20, ASU Admission Services will begin the process of creating your transfer I-20.

Transfer Sevis section [6]

Getting an I-20

An I-20 is an important immigration document that F-1 students need in order to obtain their student visa and enter the U.S. ASU guides each student through the process of obtaining their I-20. **Priority Tasks** on My ASU [1] alerts students to the steps they need to take. The process of obtaining an I-20 can take some time, so it is important not to wait until the last minute to begin gathering the necessary documents and uploading them.

For sponsored students, the steps to obtaining an I-20 are slightly different than for nonsponsored students. Students should use the descriptions below to determine whether or not they are a sponsored student.

Sponsored student

A sponsored student's school and living expenses are paid by a sponsoring agency recognized by ASU.

Some examples of sponsoring agencies are ADNOC, ARAMCO, Dubai Electricity & Water Authority, Kuwait Cultural Office, Oman Cultural Division, Qatar Airways, Qatar Defense Attaché, Qatar Higher Education Institute, Qatar Petroleum, RasGas, Saudi Arabian Cultural Mission, Sidra, UAE Cultural Division and the UAE Scholarship Coordination Office.

Most of ASU's sponsored students come from Saudi Arabia, Kuwait, UAE, Qatar and Oman.

Note: Students receiving an ASU scholarship or TA/RA position are not considered sponsored students.

Once you have uploaded all required documents in My ASU [1] for the I-20, ASU Admission Services will begin the process of creating your initial I-20.

Nonsponsored student

A non-sponsored student's school and living expenses are paid for through personal or family funds, loans or through other means not associated with an ASU-recognized sponsoring agency.

Students who are unsure if they are a sponsored student should contact ASU Admission Services at ASUinternational@asu.edu [2] or +1 480-965-2437.

How to request an I-20

Step 01: Fill out the Financial Guarantee form

In compliance with the Department of Homeland Security and SEVIS regulations, all international applicants on the F-1 student visa must provide evidence of sufficient funds available for their studies in the U.S. For this purpose, a Financial Guarantee form [7] must be completed and submitted along with bank statements dated within the past 12 months and signed or wet stamped by an authorized bank or representative, or by a recognized sponsoring agency in the U.S. Please

submit your Financial Guarantee form along with your bank statements or sponsor letter from an authorized sponsoring agency. ASU will not be able to process your SEVIS Form I -20 without receipt of your Financial Guarantee.

Please refer to the Financial Guarantee form to determine the amount of funds required for your specific program and campus. You can access the form here [7].

Students with dependents (a spouse and/or child) who will be joining them in the U.S. during their time on an F-1 or J-1 visa will need to provide proof of the following additional funds:

Additional financial support needed for dependents

Spouse – \$7,000

Each child – \$5,000

Financial Guarantee form [7]

Step 02: Provide bank statements

The **Financial Guarantee form is separate** from the financial documentation that you will need to provide. Examples of **financial documents** valid for I-20 processing are listed below.

Bank statements that show liquid funds (funds that can be immediately accessed and used). These can be one statement covering the entire amount displayed on the financial guarantee form for one year of attendance at the university, or a collection of bank statements from the people listed on the financial guarantee as sponsors. Note that the summary of available balances on these statements will still need to total the amount listed on the financial guarantee form for one year of attendance at the university. These statements need to be dated within the last 12 months. Please note that an Affidavit of Support cannot be used in lieu of a bank statement.

For sponsored students, a **sponsor letter** produced by a sponsoring agency recognized by ASU stating the applicant's full name, academic program in ASU, term of the sponsorship and amounts covered by it. Some of the agencies are: ADNOC, ARAMCO, Dubai Electricity & Water Authority, Kuwait Cultural Office, Oman Cultural Division, Qatar Airways, Qatar Defense Attaché, Qatar Higher Education Institute, Qatar Petroleum, RasGas, Saudi Arabian Cultural Mission, Sidra, UAE Cultural Division and the UAE Scholarship Coordination Office. You can read more about this in the sponsored student section.

Step 03: Upload a copy of your passport

You may take a clear photo or scan of the biographic page of your passport and upload it to the link on My ASU [1]. The bio page is the page that shows your picture and personal details. Your passport must be valid for at least six months after your proposed date of entry into the U.S. If it is not valid, the I-20 will not be processed.

Step 04:

Request initial SEVIS form I-20 or form DS-2019

Undergraduate students

Once you are admitted to ASU and submit your financial guarantee, you will need to complete two steps for us to create and send your SEVIS Form I-20 or Form DS-2019. The tasks will appear in your Priority Tasks list on My ASU [1]. Upload the following items through My ASU, then request Form I-20 or Form DS-2019:

- Financial Guarantee form [7]
- Proof of finances (bank statement)
- Passport

Click on Priority Tasks to notify us if you are in the U.S. and to request the delivery option for your SEVIS Form I-20.

If you are already studying in the U.S. on a SEVIS Form I-20, you will need to have your records transferred to ASU by following the Transfer SEVIS Form I-20 steps (see Step 03 below).

Graduate students

Once you are admitted to a graduate program at ASU, you will see new items on your My ASU [1] Priority Tasks list. The items include:

- Financial Guarantee form
- Proof of finances
- Passport
- “Request I-20” or “Request DS-2019”

When you click on the items in your Priority Tasks, a pop-up box will provide you with additional information and directions for what you need to do.

You will also see two Graduate Admission Services holds, which will be removed only when your SEVIS Form I-20 or Form DS-2019 is issued.

When you submit your Financial Guarantee form and proof of finances, allow three business days for the items to be processed and removed from your Priority Tasks list. When the documentation has been added to your electronic file, you will be assigned to a student services assistant who will process your SEVIS Form I-20 or DS-2019, and who will contact you if there is a problem. Processing a SEVIS Form I-20 or Form DS-2019 usually takes three to seven business days.

OR

Request transfer SEVIS form I-20 or form DS-2019

Undergraduate students

Print the ASU Undergraduate SEVIS Transfer Request form [8] and submit it to your current school informing your intent to enroll at ASU.

Pick up the new ASU SEVIS Form I-20 in ASU's Office of Undergraduate Admission Services when you arrive at ASU, then report to the International Students and Scholars Office.

If you are going to travel outside the U.S. before your studies at ASU, you will need to re-enter the U.S. with the ASU SEVIS Form I-20. Contact ASU International Admission Services [9] to make arrangements to receive the ASU SEVIS Form I-20 before leaving the U.S. ASU will not mail the SEVIS Form I-20 unless you request it. If you need your SEVIS Form I-20 sent to your home country, ASU can send it through FedEx if you provide a credit card number and expiration date to charge the FedEx fee. Present the ASU SEVIS Form I-20 at the U.S. Port of Entry.

If you have any questions, please contact the international student advisor at the school that you are now attending or contact:

Admission Services
1151 S Forest Avenue
Tempe, AZ 85287-0112
Phone: 480-965-2437
Email: asuinternational@asu.edu [2]

Graduate students

Print the ASU SEVIS Transfer Request form [10]. Fill out the top part of the form and submit it to your current school to inform them of your intent to transfer to ASU. They need to fill out the bottom portion indicating a specific transfer date.

Your SEVIS Form I-20 or Form DS-2019 will be mailed to you or will be available for pick up according to the information you provided when you submitted the “Request I-20” or “Request DS-2019.”

If you will travel outside the U.S. before your studies at ASU, contact Admission Services at 480-965-6113 or gograd@asu.edu [11] to provide details about your travel plans.

Step 05: Review SEVIS form I-20 or form DS-2019

It is important to understand your SEVIS document; each page contains important information that you must read. You must ensure that all information is correct (spelling, dates, etc.). If there are any mistakes, please contact the admission office as soon as possible to have the information corrected. You will need the SEVIS Form I-20 or Form DS-2019, your ASU notification of admission, the Financial Guarantee form and your passport in order to obtain your student visa at the U.S. consulate nearest you [12].

Understanding the SEVIS form I-20

The SEVIS Form I-20 is a three-page government document used for students to obtain an F-1 visa.

- Page 1 contains program and biographical information.
 - Your SEVIS Identification Number is on the top right side of the form. You will need this number for your visa application and to pay the SEVIS fee.
 - F-1 students will be permitted to enter the U.S. 30 days prior to their report date, which is No. 5 on their SEVIS Form I-20. Please note that if you enter the U.S. after the report date, you may encounter difficulty with immigration officials at the Port of Entry. By signing the Student Certification No. 11 on the SEVIS Form I-20, you are acknowledging that you have read and understand the terms and conditions of F-1 status.
- Page 2 contains instructions for the school and student. It is important that you read Page 2 of your SEVIS Form I-20, which has important immigration information for maintaining your F-1 status while pursuing your studies as ASU.
- Page 3 contains spaces for future travel authorization. You will not need a signature on this page when you travel to the U.S. using your SEVIS Form I-20 for the first time.

Note: Dependents accompanying the F-1 student in F-2 status must have their own SEVIS Form I-20, issued in the name of the dependent.

Understanding the SEVIS form DS-2019

The SEVIS Form DS-2019 is a two-page government document used for students and scholars to obtain a J-1 visa.

- Page 1 contains program and biographical information.
 - Your SEVIS Identification Number is on the top right side of the form. You will need this number for your visa application and to pay for the SEVIS fee.
 - This page also contains spaces for future travel authorization. You will not need a signature on this page when you travel to the U.S. using your SEVIS Form DS-2019 for the first time.
- Page 2 contains instructions for the school and student. It is important that you read Page 2 of your SEVIS Form DS-2019, which has important immigration information for maintaining your J-1 status while pursuing your studies at ASU.

Note: Dependents accompanying the J-1 student in J-2 status must have their own SEVIS Form DS-2019, issued in the name of the dependent.

Step 06: Process SEVIS form I-901 and payment

Upon receipt of SEVIS Form I-20 or Form DS-2019, you will have the information needed to pay the SEVIS fee and the SEVIS Form I-901 [13] fee. You must pay the SEVIS fee and have a receipt prior to applying for a student visa.

The SEVIS Form I-901 [13] fee is mandated by the U.S. Congress to support the program office and the automated system that keeps track of students and exchange visitors, and ensures that they maintain their status while in the U.S.

I-20 and DS-2019 issuance timeline

The U.S. government has strict regulations on the issuance of I-20 and DS-2019 documents to international students who wish to attend an educational institution in the U.S. The dates below are for issuance of an I-20 or DS-2019, the latest date to report to the appropriate international student office, and the final day to be enrolled full time. Any noncompliance with these dates may preclude you from registering for classes. International students not enrolled full time will have their SEVIS record terminated and become subject to detainment and deportation

Fall 2022 semester

MANDATORY SEVIS check-in with ISSC

May 16, 2023

First day of classes and deadline to check-in with ISSC

The student visa application process

Step 01: Apply for nonimmigrant visa, DS-160

As a visa applicant, you must submit a completed DS-160, Online Nonimmigrant Visa Application [14] for all nonimmigrant visa categories. Read complete details about student visas [15].

Note: After you have completed the DS-160, you will need to print and keep the DS-160 barcode page.

Step 02: Schedule visa interview

To schedule your interview, locate your local U.S. Embassy or Consulate [16]. Each consulate sets its own timeline for accepting and processing [3] student visa applications. If the consulate says apply “at least” 60 days before your program departure, this means no fewer than 60 days. To avoid problems, submit your visa application at the earliest date the consulate will accept it.

Step 03: Pay visa application fee

Please read information about nonimmigrant visa application fees [17]. Applicants must pay these fees as directed prior to their visa interview, and they must bring the receipt to their interview.

If the visa is issued, please note that a visa issuance reciprocity fee may be applicable based on your country of citizenship. Please refer to the Visa Reciprocity Table [18] to see if this fee applies to you.

Step 04: Prepare for visa interview

Start gathering the required documents for your student visa application the moment you apply to your program. Read through all information provided online by the U.S. Embassy or Consulate [16] that you will be visiting. At your interview, you will need to provide:

- SEVIS Form I-20 or Form DS-2019 with your SEVIS record number issued by ASU
- a receipt of your SEVIS Form I-901 fee
- confirmation page for application form DS-160
- passport valid for at least six months after your proposed date of entry into the U.S.
- one 2x2 inch photograph of yourself
- a receipt of your visa application fee(s) — pay before your appointment
- financial evidence showing you, your parents, or your sponsor have sufficient funds to cover your tuition and living expenses during your studies
- transcripts or diplomas from previous schools attended
- scores from standardized tests required by the college, such as the TOEFL

Tips on preparing for your interview [19]

Step 05: Prepare documents for travel

As you get ready to arrive in Arizona, be sure to prepare your documents for travel. Here are some items you should carry with you. It is advisable to keep a copy in your checked luggage and one with your family at home. Make sure you have these original documents available at all times while traveling to and within the U.S.:

- I-20 or DS-2019
- valid passport
- current visa
- copy of immunization records
- original supporting financial documents
- dependents' I-20 or DS-2019 and passports if your spouse and children will be traveling with you
- international travel coverage documents, if you purchased this coverage.

Frequently asked questions about student visa

How do I get a student visa?

To get a student visa, you must first apply and be admitted to ASU. Once admitted, you must apply for an I-20 through ASU by uploading the required documentation. Once you receive your SEVIS number from the I-20 created by ASU, you'll apply for your student visa through your country's embassy. The visa process includes some paperwork and an in-person interview with an immigration officer at your local embassy. The embassy then creates the student visa with your passport and will indicate the dates you can arrive in the U.S. for your studies.

What is SEVIS?

SEVIS stands for Student and Exchange Visitor Information System. You must complete a SEVIS form I-20 to get an F-1 student visa or a SEVIS form DS-2019 to get a J-1 student visa.

Can I get a job while in the U.S. as a student?

Yes, you may work as a student, though ASU recommends you work no more than 20 hours per week. Many international students work for ASU, as the university employs more than 10,000 students. You may also work off campus, but if you do, it's important that your employer understands that you are an ASU student and that your education is one of your top priorities.

Next steps for international students

Congratulations on your admission to ASU

It is our pleasure to welcome you.

We are excited that you have chosen to pursue your degree at Arizona State University.

This is your guide through the important steps you need to take to enroll in classes and prepare for the beginning of your academic year. Here you will find information about the visa application process, preparing for travel, arriving at ASU, registering for classes and much more.

Be sure to check My ASU [1] regularly and complete any pending items under your Priority Tasks. We look forward to seeing you in Arizona soon.

International student tips

Important deadlines

To help you stay on track with the fall 2022 admission and financial aid processes, check out our important deadlines page.

[View dates \[2\]](#)

Need help?

We're here for you.

ASU admission team members can answer your questions and guide you through each step of your enrollment process between now and the time you get started. Connect and get to know yours. We're here for you.

Travel and arrival

Arizona State University is committed to your safe and seamless transition from your home country to the U.S.

[Travel info \[4\]](#)

International first-year student next steps

Activate your ASU ID to check My ASU

After you applied to ASU, you were issued an ASURITE User ID in an email with the subject line "ASU Account Activation." **This ID gives you access to ASU's online student services in My ASU [1]**, where you'll see next steps and to-do items for enrollment. You must activate your ASURITE User ID online [5].

When you activate your ASURITE User ID, you will select to have your ASU email forwarded to a personal account. It's important to check your email often for time-sensitive notifications and next steps about enrollment. You'll have access to your official ASU email when classes begin. You can check which email your ASU email is forwarding to by looking in the profile tab in My ASU.

Don't forget to save your admit letter, which is posted to My ASU, so you have it for travel.

[Visit My ASU \[1\]](#)

Request your I-20 and apply for your visa

International students who wish to pursue their studies at ASU must obtain an F-1 or J-1 visa. To obtain a visa, students must first receive a SEVIS number and I-20 document from ASU.

ASU guides each student through the process of obtaining their I-20 using the I-20 Tracker in My ASU.

[More about I-20 \[6\]](#)

Give your parents or family access to your records and account

Through My ASU Parent Guest Access, you can share your academic records with your parent or guardian, and give them access to pay your tuition and bills. Go to My ASU, select the Profile tab at the top and find “Add a Guest” under My ASU Guest Access Permissions.

[Go to My ASU \[1\]](#)

Pay your enrollment deposit

Pay your enrollment deposit [7] through My ASU [1] to confirm you will attend.

[Pay deposit \[8\]](#)

Complete the math placement test

All first-year students are required to take the math placement test at least seven calendar days before their Academic Orientation Session. You will see the item “Take Math Placement Test” under **Priority Tasks** in My ASU [1], and you will also see this task in ASU’s New Student Orientation Experience step 2, Academic Orientation.

Submit your measles, mumps and rubella immunization record

All students born after Jan. 1, 1957, are required to meet the following MMR immunization requirement [8] before classes begin. You can upload required documentation in your ASU My Health Portal [9].

The MMR vaccine is available for a fee at any of ASU’s Health Services [10] locations.

[My Health Portal \[9\]](#)

ASU’s New Student Orientation experience

Through ASU’s New Student Experience, accessed online in My ASU, you will prepare to take classes in the fall by completing essential next steps for enrollment. There are three steps — log in to My ASU [1] to view details. Step 2 is the Academic Orientation Session, where you’ll meet with your academic college and finalize your class schedule. All students must complete the New Student Orientation Experience in order to enroll in classes.

[New Student Experience \[11\]](#)

Confirm housing and dining options

All ASU first-year students live in the residential college of their academic major. Barrett students live in the Barrett residential community for their first two years. Once you’ve paid your enrollment deposit, you can select your housing and dining preferences starting in early January in ASU’s housing portal [12].

[Select housing \[13\]](#)

Learn about housing options [14]

Health insurance

Health insurance is mandatory for all registered international students and a condition of enrollment, and requires that international students have adequate medical and accident insurance coverage. Mandatory student health insurance is automatically charged for all international students.

Insurance info [15]

Learn about tuition and fees

Tuition charges will be billed to your student account and may be viewed online through My ASU. By registering for classes, you agree to pay all applicable tuition and registration fees. If you decide not to attend, you must completely withdraw from all classes before the semester begins.

If tuition is not paid by the applicable due date, you will automatically be enrolled in the tuition installment plan and charged a nonrefundable enrollment fee.

ASU has partnered with Flywire [16] to offer a streamlined and cost-effective payment method for you to send international payments. Flywire offers favorable exchange rates and a secure portal for processing your payment to ASU. Create a Flywire login to make payments and review your payment activity and history.

Visit the Tuition and Billing [17] website for more information.

Military and veterans at ASU

Benefits

Are you ready to enroll for your education benefits? Are you looking for the right forms to fill out? Are you a dependent and not sure what to do next?

Check out these steps [1] for getting your benefits started.

For additional assistance, contact ASU's veteran and military admissions specialist.

Contact us [2]

Pat Tillman Veterans Center

ASU's Pat Tillman Veterans Center is one of the reasons ASU is a top university for veteran, military and dependent students. The center's mission is to empower and engage our ASU military and veteran community with their academic and personal success here at ASU and beyond.

Pat Tillman Veterans Center [3]

Campuses and ASU Online

ASU options let you choose the best learning environment for you, from a location known for outdoor adventures and one-on-one attention (ASU at Lake Havasu) to highly ranked ASU Online with the same degrees and professors as our on-campus programs to a large traditional campus (Tempe campus) — and everything in between (Downtown Phoenix, Polytechnic and West campuses).

Find your fit [4]

Are you looking for a veteran application to ASU?

We make it easy — there's no separate application for veteran and military applicants. Just submit the application for your student level.

First-year [5] Transfer [6] Graduate [7]

Connect with a veteran and military admissions specialist [8] in the Pat Tillman Veterans Center if you have any questions about applying to ASU.

Why so many veteran and military students choose ASU

ASU and the Pat Tillman Veterans Center [3] welcome you to your next adventure — accomplishing your education and career goals. Student veterans and active duty service members are a valuable part of the ASU community and our academic environment. Whether you're planning to earn your degree online or on campus, you can:

- continue serving as a leader by getting involved
- take advantage of job and career opportunities
- attend virtual or in-person career fairs
- earn your service honor stole to wear at graduation

You've already proven you can succeed in one world-class organization. We believe in you and know you can succeed here as well. ASU's Pat Tillman Veterans Center team is here to help you every step of the way. It's why ASU is consistently included among the best schools for veterans and military students.

LIA 294: Student Success for Veterans

Have you registered for ASU's veteran-specific introductory course? Designed for the student veteran, LIA 294: Student Success for Veterans provides you with support systems, academic resources and transitional aid. Meet other student

veterans and learn about how ASU, the state of Arizona, and the VA can assist you throughout your college experience. There are only 19 seats per class on each campus, so secure your spot today.

“If you are a veteran in need of an orientation class, then you have no business taking the regular ASU orientation course. Do yourself a favor and take LIA 294; it will put you at a running start for successful and expedient graduation.”

- Kenny Chiaghana, Marine Corps, philosophy major

Military transcripts

ASU accepts the following military transcripts:

- CCAF Transcript [10] (Community College of the Air Force Transcript)
- JST [11] (Joint Services Transcript)

The CCAF is a regionally accredited community college. If you received credit for courses taken through the CCAF while serving in the Air Force, submit this transcript as part of your undergraduate application. The JST will be reviewed for possible transfer credit but is not evaluated for admission. Submit your JST as early as possible for timely evaluation, but it will not delay your admission decision.

More about transferring military credits [12]

Frequently asked questions about being a veteran at ASU

What's it like to be a veteran or military student at ASU?

There are more than 7,200 veterans and military students on campus and online. You'll receive support from the Pat Tillman Veterans Center, the VA VetSuccess on Campus counselor, and ASU's faculty and staff to succeed in your goals — from applying to ASU, getting your benefits set up, making sure you are using your benefits to your best advantage, and getting connected to events and opportunities for veterans and military students.

Is ASU a military friendly school?

ASU is consistently recognized as one of the best schools in the country, both on campus and online, for veterans and the military community. We want veteran and military students and their families to succeed, achieve their goals and move on to the next chapter in their lives, and we're here to help you get there. Learn more [14].

What are the steps to getting admitted as a student veteran?

We understand the admission process can be complicated, so we've created a checklist to help guide you through it. Start your application [5] and refer to this checklist [15] throughout the admission process for helpful tips about applying and succeeding as an active veteran or military student at ASU.

Are there any degree programs just for veterans or military students?

ASU does not yet offer exclusive degree programs for veteran or military students. However, we encourage you to take advantage of two courses specifically designed to connect you with other veteran and military students on campus and online, and introduce you to various resources available through the university, the state of Arizona and the Department of Veteran Affairs.

Veteran benefits

Veteran and dependent checklist

The Pat Tillman Veterans Center is here to assist you in checking off your to-do list prior to attending Arizona State University. Your next steps are provided below to help you prepare for your enrollment, but we acknowledge that each students' experience and requirements differ. If you have any questions as you review these tasks, PTVC is here to help.

Steps to ASU enrollment

Prior to admission

Step 01: Apply or update my VA benefits

It takes approximately one to two months for benefits to be approved. Start the process early to ensure a smooth transition to the university.

Start VA benefit forms [1]

If you need to update the location of your VA benefits

Please complete the appropriate VA Request for Change of Program or Place of Training form. Submit this form to the VA as indicated in the form directions.

Submit to the Pat Tillman Veterans Center your VA Certificate of Eligibility or most recent letter from the VA that details your remaining benefits. You will receive your COE via mail from the VA or you can obtain a copy through VA/DoD eBenefits [19]. Once received, please submit to the Pat Tillman Veterans Center via the options below:

Scan and email the form to PTVCforms@asu.edu [7].

Fax the form to the Pat Tillman Veterans Center at 480-522-3058.

Take the form to any Pat Tillman Veterans Center location [20].

Step 02: Apply to ASU

Learn how and when to apply to ASU.

Apply to ASU [3]

After admission to ASU

Step 03: Receive academic advising and register for classes

Incoming students are required to meet with an academic advisor to enroll in classes [4].

Classes to consider

ASU offers a veteran-specific introductory course to support veterans' transition to academic life. Both first-year and transfer student veterans from any major are welcome to register.

Learn more [5]

Step 04: Complete ASU's documents for VA benefits processing

Processing times vary. See [PTVC/VA Benefits Flowchart](#) [6].

Please send a copy of your VA issued Certificate of Eligibility to ptvcforms@asu.edu [7] for processing.

How to obtain your COE [8].

PTVC documents

VA Benefits Responsibility form

You'll fill this form out only once while at ASU. It notifies the Pat Tillman Veterans Center of your intent to use VA education benefits, such as the GI-Bill®, while at ASU. Please note that it contains important information regarding the use of VA benefits throughout your school enrollment. Fill out the form online and submit it directly to the Pat Tillman Veterans Center. You will receive a confirmation email indicating you have completed the form.

VA Benefits Responsibility form [9]

Prior to your first semester at ASU, fill out this form if you intend to use VA education benefits. The form provides important information about your particular benefit program. Your completed form will submit directly to the Pat Tillman Veterans Center, and you'll receive an email confirmation.

VA Enrollment Activity form

This form notifies the Pat Tillman Veterans Center of your intent to use (or not use) your VA education benefits for the semester's enrollment. Submit this form each semester after finalizing your schedule. Additionally, you can revise your EAF to tell us about classes you or your college may have added since your original submission. Once completed, the form will submit directly to PTVC, and a confirmation will be sent to your ASU email address.

Enrollment activity form [10]

Prior Credit Evaluation form

Submit this form following your acceptance to ASU to ensure that all your prior course credit and/or previous experience is evaluated for potential transfer credit. Follow the directions on the form and work with your academic advisor to complete and submit it to the Pat Tillman Veterans Center.

Prior Credit Evaluation form [11]

Step 05: Register for LIA 294 or another first-year success course

LIA 294: Student Success for Veterans is designed for the student veteran, and provides you with support systems, academic resources and transitional aid. Meet other student veterans and learn about how ASU, the state of Arizona, and the VA can assist you throughout your college experience. Speak with your academic advisor to see if this class or another first-year success course would benefit you. Find their contact information in MyASU.

My ASU [12]

Step 06: Register for a Veterans and Dependents Welcome event

The Veterans and dependents Welcome event is a seminar-style orientation. It is expected that all incoming graduate and undergraduate student veterans and dependents attend the welcome event prior to their first semester at ASU. Hosted by ASU and the Pat Tillman Veterans Center, the Veterans and Dependents Welcome event introduces you to valuable benefits information and procedures that will apply each semester that you use your benefits. Spouses and dependent students do not need to attend this event.

If you are a new student, you will receive notifications by mail and email prior to the event so you can RSVP and plan to attend. Events are scheduled before both fall and spring semesters. Refreshments are provided and space is limited, so we request that you don't bring guests. We look forward to seeing you there.

Register for welcome event [13]

Step 07: Complete your next steps for enrollment to the university

Select your student status to review your enrollment steps.

First-year [14] Transfer [15] Graduate [16] Online [17]

"GI Bill®" is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill.

Admitted veteran student next steps

Welcome to Arizona State University

You've already learned how to succeed in a world-class organization, and you're moving on to another one: ASU. We're glad you're joining us.

Student veterans and members of the military are a valuable part of the ASU community and our academic environment. We encourage you to continue serving as a leader and stay connected through student clubs and organizations, virtual career fairs, research positions, and other internship and career opportunities, whether you're an online or on-campus student.

First day of classes

Enrolling for spring 2022

Classes begin Jan. 10, 2022

Enrolling for fall 2022

Classes begin Aug. 18, 2022

Apply to Barrett

ASU offers 400+ undergraduate degree programs on four campuses and through ASU Online. Enhance your degree with the top ranked honors college experience in the country.

Barrett admission

Barrett, The Honors College, is a community of students within Arizona State University who enjoy the considerable resources of a premier Research I university combined with the close, personal attention provided by the staff, faculty, and deans of the highest ranked honors college in the nation. Students interested in Barrett must first apply to Arizona State University and then may begin the separate and free Barrett application. Prospective students should apply to ASU at least 4 - 6 weeks before the Barrett deadline to which they are applying.

How and when to apply to Barrett

I am a:

First-year student [1]

Transfer student [2]

Current ASU student [3]

International student [4]

ASU Online student [5]

Nondegree and visiting student admission

Nondegree student admission

Some individuals may be interested in studying in a nondegree status, either through pre-college summer programs or for their own personal learning experience. A nondegree student is one who has not attended ASU as a degree-seeking student, has not earned a bachelor's degree, is not attending full time, and is not, at this time, applying to a degree program.

If you are a **visiting university student** interested in taking classes in the 2020-2021 academic year, see this information on how to apply and enroll in classes [1].

- Once admitted to a degree program, a student is not permitted to register in a nondegree status.
- Nondegree students may enroll in eight credit hours each fall or spring semester, seven credit hours for each six-week summer session, and nine credit hours for the eight-week summer session.
- Nondegree students may apply up to 15 hours taken in nondegree status to a degree program if they choose to pursue an undergraduate degree in the future.
- Nondegree students are not eligible for financial aid.
- Nondegree students may not be eligible for academic advising.

Nondegree admission requirements

To be admitted to ASU as a nondegree student, you must either be a high school graduate or currently enrolled in high school.

If you're currently enrolled in high school or under the age of 18, you may be admitted as a nondegree student by submitting an official high school transcript and a letter of approval from a high school counselor or principal. You must have a 3.00 cumulative GPA in Arizona Board of Regents competency courses to be considered for admission.

Apply now [2]

Application procedures

- 1. Complete an undergraduate admission application.**
- 2. Submit the non-refundable application fee.**
 - Arizona Residents - \$50
 - Non-Residents - \$80
 - ASU Online - \$70
 - International - \$85
- 3. If needed, have your transcripts sent directly to ASU.**

ASU will review your application for admission once all materials are on file. To see if your file is complete, sign in to My ASU using your ASURITE UserID provided to you after you submit your application.

Mailing address (all materials, all campuses)

Admission Services Applicant Processing
Arizona State University
PO Box 871004

Undergraduate admission contact information and office locations [3]

Frequently asked questions about nondegree admission

Can I apply to ASU as a nondegree-seeking student?

Yes, ASU accepts nondegree-seeking students. To be admitted as a nondegree-seeking student [4] you must meet certain requirements and follow certain guidelines. See if you qualify for nondegree admission.

Can I get financial aid as a nondegree-seeking student?

Nondegree-seeking students are not eligible for financial aid.

Will I need transcripts to apply as a nondegree-seeking student?

If you are currently enrolled in high school and under 18 years old, you are required to submit official high school transcripts and a letter of approval from a high school counselor or principal. If you are a high school graduate, you may be admitted as a nondegree-seeking student without submitting transcripts.

Undergraduate readmission

Quick re-entry

If you are an undergraduate degree-seeking student who previously attended ASU but who has not been enrolled at ASU for up to seven consecutive fall or spring semesters, you may be eligible to return through Quick Re-entry. You do not need to submit a new application or application fee. You may sign in to My ASU and register for classes. You may have a hold or Priority Tasks that you need to complete before you are able to register for classes. Your catalog year upon reentry will be determined via current policy.

International students are still responsible for all SEVIS requirements and should check with the International Students and Scholars Office at ASU.

If your absence is due to military deployment, service on an official church missions or with a foreign aid service of the Federal government, or a permanent disability, you should submit a Leave of Absence [1].

Note: You must submit official transcript(s) from all institutions you attended during your absence from ASU. Official transcripts must be mailed or sent electronically directly to Admission Services by the records office of the issuing institutions. Please check our contact page for the mailing address [2]. ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax.

International students (F1/J1 visa) eligible for quick re-entry, should contact ASU's International Students and Scholars Center (ISSC) ISSC@asu.edu [3] to submit documentation for issuance of an I-20 for visa purposes. Visit issc.asu.edu [4].

Readmission requirements

If you are not eligible for Quick Re-entry (because you have not been enrolled at ASU for eight or more semesters, have completed your academic program or were academically disqualified), you must apply for readmission and submit applicable fees. An applicant for readmission must have an ASU GPA of 2.00 or higher, depending on the ASU school or college AND must have left on Good Academic Standing. Students who do not meet this GPA and Academic Standing requirement may appeal. In these cases, the completed application for readmission may be subject to a due date that is earlier than the application deadline.

If a readmission appeal is required, please note that the decisions may take 4-6 weeks.

Note: You must submit official transcripts from all institutions you attended during your absence from ASU. Official transcripts must be mailed or sent electronically directly to Admission Services by the records office of the issuing institutions. ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax. Please go to our contact page for the mailing address [2].

Priority readmission application deadlines

Fall semester

The priority readmission application deadline for fall semester is June 1. Readmission applications received after June 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

Spring semester

The priority readmission application deadline for spring semester is Dec. 1. Readmission applications received after Dec. 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

Summer sessions

The priority readmission application deadline is May 1.

What needs to be submitted by the deadline?

You must submit the application for undergraduate admission, along with the application fee, by the deadline specified for each semester. In order to expedite the evaluation of your application, also submit official transcripts, test scores and supporting credentials immediately.

I was previously admitted to ASU but did not attend. Am I a readmission student?

If you have previously been admitted to ASU but did not attend, you will be considered a freshman student or a transfer student.

Steps to apply for readmission

Step 01: Complete the undergraduate admission application

ASU prefers that you apply online.

[Apply now \[5\]](#)

Step 02: Submit the nonrefundable application fee

Arizona residents: \$50

Nonresidents: \$70

International: \$85

If you're applying to an ASU Online degree program, a nonrefundable application fee of \$70 will be charged regardless of residency classification.

Step 03: Request that an official transcript be sent directly from your school(s) to Admission Services

Upon completion of the semester, request that a final transcript be sent directly to ASU to determine final admission status. If you do not meet readmission requirements for your selected major, you must submit complete transcripts before an admission decision is made. You need only submit transcripts from institutions other than ASU.

Note: Receipt of your final transcript impacts financial aid disbursement and eligibility to register for future classes.

[Find out more about transferring credits to ASU \[6\]](#).

Veterans exception

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college before military service may be considered when determining admissibility. This exception applies only to veterans who fulfill these three criteria:

- are honorably discharged
- have served in the armed forces of the United States for a minimum of two years
- have previously enrolled at a university or community college in Arizona

Military service records must be submitted, including form DD 214.

Disqualification

If you have been disqualified, you will need to wait one Fall or Spring semester immediately preceding your disqualification before applying for readmission.

Academic renewal

Academic renewal is a university policy administered to recalculate the cumulative ASU GPA of an undergraduate student who fulfill these three criteria.

- is pursuing their first undergraduate degree and has not previously received an academic renewal
- has a cumulative ASU GPA below 2.00 (individual colleges may elect to consider applications for students whose GPA is a 2.00 or higher)
- is readmitted to a degree program after an absence of at least five continuous calendar years (including summer sessions)

Courses (including transfer credits) completed before the five-year absence with a grade of "C" (2.00) or higher are treated in the same manner as if all the credits were transfer credits, up to a maximum of 60 credit hours.

The cumulative GPA is based only on credits earned subsequent to the student's re-entry. Graduation requirements for resident credit hours and GPA must be fulfilled after the academic renewal. Graduation requirements for academic recognition (resident credit hours and GPA) must also be fulfilled after the academic renewal.

Courses completed before and after the academic renewal remain on the transcript and may be considered when students apply for undergraduate professional or graduate programs.

A request for academic renewal follows this procedure:

1. Students interested in academic renewal must fill out the Application for Academic Renewal and submit the form to the Dean's Office in the college of their major.
2. The Application for Academic Renewal may be submitted immediately upon readmission but must be submitted no later than the start of the third semester after readmission.
3. The Dean's Office specifies in advance a minimum of 12 semester hours required for completion.
4. When the approved credits are completed with a cumulative GPA of 2.50 or higher, and no grade lower than "C" (2.00) in each course, the Dean's Office will forward the Application for Academic Renewal to the University Registrar's Office for processing.

Only readmission students working toward their first undergraduate degree are eligible to apply for academic renewal, which may be implemented only once during a student's academic career.

Academic renewal is transferable among colleges.

All students with a cumulative ASU GPA below 2.00 and who have been absent from ASU for five consecutive calendar years or more are eligible to petition for academic renewal. Individual colleges may elect to entertain petitions for academic renewal from students with ASU GPAs above 2.00. College standards committees have final authorization on academic renewal petitions.

Undergraduate readmission contact information and office locations

Phone: 480-965-7788

Fax: 480-965-3610

Location: Student Services Building [7], room 112, Tempe campus.

Frequently asked questions about readmission

Am I eligible for quick re-entry?

If you're an undergraduate degree-seeking student who has attended ASU before but have not been enrolled for up to seven consecutive fall or spring semesters, you are eligible for quick re-entry. If you haven't been enrolled at ASU for eight or more semesters, you are not eligible for quick re-entry and must apply for readmission.

How do I know if I have to reapply for admission?

If you have not been enrolled at ASU for eight or more semesters, you have to apply for readmission and submit all applicable fees. If you have not been enrolled at ASU for one or two fall or spring semesters, you are eligible to return through quick re-entry.

Are readmission requirements different than when I was first admitted?

They may be, depending on when you were first admitted. ASU admission requirements change from time to time, so the admission standards you met previously may be different than they are currently.

Visiting university students

Arizona State University welcomes visiting university students. We know there's a lot of uncertainty about the future right now. During this challenging time, ASU is proud to provide students enrolled in other colleges and universities with opportunities to stay on track academically and advance toward your goals.

[Apply as a visiting student \[1\]](#)

Courses for visiting university students

As a national leader in online and remote learning, ASU's robust catalog of classes is available wherever you are. ASU has the class you need to get back on track or get ahead on progress toward your degree.

Humanities courses

Literature, history, film studies, Shakespeare and more offered online (self-paced) or through live, digital classes.

[Search humanities courses \[2\]](#)

Science courses

Geography, marine biology, software engineering and more offered online (self-paced) or through live, digital classes.

[Search science courses \[3\]](#)

Art and design courses

Architecture, art history, animation, dance and more offered online (self-paced) or through live, digital classes.

[Search art and design courses \[4\]](#)

Social science courses

Criminal justice, forensic anthropology, counseling and more offered online (self-paced) or through live, digital classes.

[Search social science courses \[5\]](#)

Health courses

Biostatistics, health care management, psychopharmacology and more offered online (self-paced) or through live, digital classes.

[Search health courses \[6\]](#)

Business courses

Accounting, data analytics, information systems and more offered online (self-paced) or through live, digital classes.

[Search business courses \[7\]](#)

Engineering courses

Aviation, civil engineering, computer science, digital design and more offered online (self-paced) or through live, digital classes.

[Search engineering courses \[8\]](#)

Search for courses

Browse the Class Search tool for classes available for Visiting University students, including courses offered in-person and via ASU Sync, as well fully online iCourses and classes offered through ASU Online.

Search courses [9]

Steps to become a visiting university student at ASU

Step 01: Find a course [10] you want to take.

Search the entire catalog of ASU classes – find those available to help Visiting University Students catch up, stay on track or accelerate your degree.

Step 02: Submit your application [11].

Our Visiting University Student application is streamlined, taking only 10—15 minutes to complete. Decisions are made within 24—48 hours.

Step 03: Get an ASU email and activate your account [12].

Check your email for ASURITE credentials to activate your My ASU portal.

Step 04: Register [13] for classes and pay your bill [14].

Though financial aid is not available for Visiting University Students, affordable tuition rates have been set to support any students interested in advancing their degree through ASU credits.

We recommend checking the course number and name with your home institution advisor before you register to make sure it transfers back to your home institution.

Tuition for Visiting University Students is set at our ASU Online tuition rates [15] regardless of course modality.

Step 05: Take the class.

Your admission to ASU with nondegree-seeking status permits you to register for up to eight credit hours per semester. You may apply a maximum of 15 credit hours toward a degree at ASU. Nondegree-seeking students are not eligible for financial aid. For more information, visit this page [16].

Step 06: Order your ASU transcript [17].

Use this official document to submit to your home institution and apply toward your degree.

Visiting university student frequently asked questions

Are all classes taught online?

All classes are offered remotely. Pardon the ASU jargon and technicalities, but some are offered as our traditional ASU Online courses, some are iCourses and some are taught remotely through ASU Sync.

What is an ASU Online class?

ASU Online courses are part of our industry-leading online education platform and most are delivered asynchronously, meaning they do not have specific dates and times that the class meets. These classes are listed in ASU's course search as "ASU Online Classes".

What is an iCourse?

iCourses are online classes and may be offered asynchronously or they may be taught in live, digital sessions, or other synchronous methods. If an iCourse has a day and time listed, you will meet remotely during that time. If there is no

specific time listed, this means that the class is asynchronous, meaning they do not have specific dates and times that the class meets. These classes are listed in ASU's course search as "In-Person & iCourses".

What is ASU Sync?

ASU Sync allows any student to attend a live-taught, on-campus class via Zoom during its regularly scheduled day and time. These classes include a live lecture or class presentation by a faculty member alongside other virtual learners in Zoom and students in the classroom.

How much does a class cost?

ASU is committed to providing our high quality instruction at an affordable tuition rate. Tuition for Visiting University Students is set at our ASU Online tuition rates [15] regardless of course modality.

When do classes start?

ASU classes begin six times a year. ASU regularly offers classes in the fall, spring and summer terms. Follow this link to review the start dates for upcoming terms: <https://students.asu.edu/academic-calendar> [18]

Is there a credit limit that Visiting University Students can take?

Yes. Visiting University Students can take a maximum of 24 credit hours over the course of the academic year.

Can students who already have a bachelor degree take undergraduate or graduate-level classes as a Visiting University Student?

While we do not have a visiting university student application for those with a bachelor degree already completed, students who already have a bachelor's and are looking to enroll in courses at the undergraduate or graduate level are welcome to apply as a Graduate Non-Degree applicant.

Who is eligible to be a Visiting University Student?

If you are an undergraduate student in good academic standing at any community college, college or university, you are eligible to take courses for credit with Arizona State University as a Visiting University Student.

Can master's students take graduate-level classes as a Visiting University Student?

Yes, students who already have a bachelor's or are looking to enroll in ASU courses at the graduate (Master's) level are welcome to apply as a Graduate Nondegree applicant [19].

How long does it take to apply and get accepted?

In response to these unprecedented times, we have worked to make the application process as simple as possible. The application takes 10-15 minutes to complete. You'll have an answer on your application within 48 hours.

Do all classes transfer back to my home college/university?

Most of ASU's courses do transfer and count toward your degree at your home institution. **However, we strongly encourage you to speak with your advisor at your home institution** to ensure that the ASU class(es) you are taking will transfer back to your home institution. Ultimately, it is up to your home school if ASU classes count toward your degree.

Western Undergraduate Exchange (WUE)

Reduced tuition at ASU — it's the neighborly thing to do

The Western Undergraduate Exchange (WUE) is a program coordinated by the Western Interstate Commission for Higher Education. Residents of western states (other than Arizona) may enroll in the ASU WUE program at a tuition rate of 150 percent of Arizona base resident tuition plus all applicable fees for fall and spring terms only. WUE programs are limited to select majors at ASU's Downtown Phoenix, Polytechnic and West campuses.

Explore WUE majors [1]

Nonresident tuition

\$29,952

Nonresident WUE tuition

\$16,467

WUE enrollment and eligibility information

General eligibility requirements

- Students must be a permanent resident of **Alaska, California, Colorado, Guam, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming or the Commonwealth of the Northern Mariana Islands.**
 - Students must apply to one of the ASU WUE-eligible majors or programs [2].
 - To maintain WUE eligibility, you must follow certain requirements including remaining enrolled in your WUE-eligible major and campus. See all the requirements for maintaining WUE eligibility [3].
 - Any currently enrolled ASU student who does not meet initial eligibility requirements as a first-year student or a transfer student, can be re-evaluated after completing 12 credit hours at ASU with a minimum 2.50 ASU cumulative GPA. Students can email WUE@asu.edu [4] to be reviewed once final grades have been posted.
-

First-year student requirements

- First-year students must have a high school GPA of 3.00 or higher in competency courses [5] (this is known as the ABOR GPA), or have an SAT of 1180 or ACT of 24 (not including the writing portion of these exams) or higher.
 - First-year students are expected to live in an ASU residence hall during their first year. Please see asu.edu/housing [6] for more information.
 - WUE first-year students may be eligible for an ASU nonresident merit-based WUE scholarship [7]. ASU will notify qualified admitted first-year students in writing of this award.
-

Transfer student requirements

- Transfer students must have an overall GPA of 2.50 or higher on a 4.00 scale in all transferable coursework.
 - Transfer students must have less than 120 transferable semester credits.
 - Community college transfer students must have a minimum of an associate degree or 60 transferable semester credits (90 quarter credits are needed for students transferring from a community college on the quarter system).
 - BAS degree programs are only open to students who have an AAS or equivalent degree
 - All final transcripts must be filed two weeks prior to the start of your first semester at ASU in order to be evaluated for WUE.
 - No individual review is conducted for transfer students.
-

Individual review

Students who don't meet the above standards will be considered for the WUE program through individual review. Through this process, Admission Services will review all available information about a student's application, carefully considering all aspects of a student's academic background and accomplishments. Submission of an ACT or SAT score is highly recommended. In some cases, additional information might be requested.

More information about WUE

If you have questions about WUE, please contact your ASU admission representative or visit the Western Undergraduate Exchange website [8].

Contact my rep [9]

Current students with questions on maintaining eligibility, should contact University Registrar Services at WUE@asu.edu [4].

Maintaining WUE eligibility

WUE requirements for maintaining eligibility

- Western Undergraduate Exchange status is available for new first-time freshmen for up to eight semesters, for new community college transfer students for up to five semesters and for new transfer students from four year institutions for up to 120 credit hours (including all transfer credits).
- Students must maintain continuous enrollment defined as enrollment in both fall and spring semesters. Students must earn a minimum of 24 credits during this time period. Students not continually enrolled will no longer be eligible for WUE tuition status.
- A cumulative institutional GPA of 2.50 or higher is required.
- The following do not satisfy full-time credit-hour requirements for maintaining eligibility; however, they may be used toward your overall credits for degree completion:
 - Summer sessions and consortium agreement courses, repeating a course, a grade of incomplete or auditing a course.
 - Any credits received by examination, including Advanced Placement, CLEP, IB and other tests
- **Effective spring 2018**, students may take courses in any other WUE program at the Polytechnic, Downtown Phoenix, or West campus, as well as any additional non-WUE courses required for their WUE degree completion, e.g., specific courses on your major map or courses which meet a General Studies or elective requirement. If necessary, class exception requests should be submitted via email directly to wue@asu.edu [1] for consideration.
- Students may take iCourses without requesting a class exception.
- Students may take special courses offered only at Tempe, such as Marching Band, Dance, ROTC, Foreign Language, Internships, Public Service and Community Solutions courses.

- Students in Study Abroad and off-campus internships will maintain their WUE status.
- Concurrent majors: students that are in a WUE major and also in a major that is not WUE at the Tempe campus must take at least 12 hours at the WUE campuses. Any credits over 12 hours may be at Tempe. This policy also applies to minors and certificates.
- Students must maintain enrollment in an ASU declared WUE-eligible major/program. Students who change majors to a non-WUE major/program will be charged out-of-state tuition.
- Students must remain residents of their home state.
- Students cannot apply time accrued while participating in the WUE program to establish Arizona residency.
- Violation of the ABOR Student Code of Conduct [2] may result in loss of a student's WUE eligibility.

Arizona General Education Curriculum (AGEC)

The Arizona public community colleges and universities have agreed upon a common structure for a general education core. This curriculum provides students attending any Arizona public community college with the opportunity to build a general education program that is transferable to any other state institution without loss of credit. This common agreement is called the Arizona General Education Curriculum or AGEC.

The AGEC is composed of 35 to 37 credit hours of lower-division general education coursework in which a student may prepare for transfer.

The AGEC has three forms: AGEC-A, AGEC-B and AGEC-S. A detailed description of each AGEC is available at <https://aztransfer.com/generaleducation/> [1].

Community colleges are responsible for certifying the date of completion of the AGEC on the official institutional transcripts.

Completion of the appropriate AGEC will fulfill university lower-division general education requirements of the baccalaureate degree with which the AGEC articulates. Students completing the AGEC will still be required to fulfill lower-division program requirements and prerequisites within their college and major and minor areas of study. To complete a degree program most efficiently, students should select courses that concurrently satisfy AGEC and major requirements.

Completion of any AGEC from an Arizona community college guarantees admission to the university provided that a cumulative GPA of 2.50 or higher has been achieved. AGEC completion, however, does not guarantee admission to any specific university program. Many majors (e.g., architecture, engineering, business, the fine and creative arts, or health professions) have significant prerequisites or program requirements that must be completed before a student may be admitted to upper-division coursework. Community college students who are undecided about which of the universities they plan to attend or what program of study they intend to pursue are advised to explore educational options while they complete the AGEC. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Students who complete both the AGEC and an approved associate degree will be assigned junior class standing by the state universities. Junior class standing is based on the number of credit hours a student has earned and does not necessarily indicate the remaining number of credit hours needed to complete degree requirements. Course prerequisites, major requirements and upper-division requirements continue to be specified by each university. Appropriate sequencing of courses and timely completion of course prerequisites are essential to ensure efficient progress toward a baccalaureate degree. Students who have identified the university they plan to attend or a major area of study are advised to fulfill requirements and prerequisites identified by these programs through ASU's MyPath2ASU™ [2]. The AGEC does not replace articulation agreements developed to enhance the transfer process between specific institutions, nor does the AGEC eliminate the possibility that students who have identified the university they plan to attend and a major area of study will follow transfer guides provided by the state universities.

[2] <https://admission.asu.edu/transfer/pathway-programs>

Course load and concurrent enrollment

Course load

A minimum full-time course load for an undergraduate student is 12 credit hours.

The maximum course load for which a student may register is 18 credit hours (it is 19 credit hours for students enrolled in the Ira A. Fulton Schools of Engineering), with a maximum of nine credit hours in each A or B session. A student wishing to register for more than the maximum must petition the standards committee of the college in which the student is enrolled and must obtain an approved overload before registration.

Summer session credit hour load

The summer session credit hour load limit is seven credit hours for each six-week session and nine credit hours for the eight-week session, and the load limit may not exceed 14 credit hours for any combination of sessions.

Graduate credits earned by undergraduate students

ASU undergraduate students who have achieved senior status (they cannot be postbaccalaureate) with a cumulative GPA of 3.00 or higher may count up to 12 credit hours of graduate-level coursework toward their graduate degree at ASU (preadmission credit hours). Only graduate courses with a grade of "B" (3.00) or higher may be included on a graduate plan of study. Preadmission graduate courses cannot be used to meet any baccalaureate graduation requirements. Before registering for these courses, students are advised to check with their academic advisor to ensure the correct internal academic unit or college process is followed. Permission to take a preadmission graduate course does not guarantee admission to a graduate degree program or that the course may be used toward graduate degree requirements.

Use of graduate course credit by undergraduates

Graduate course credit earned by an undergraduate student that is used to fulfill requirements for an undergraduate degree program cannot also be used in a graduate degree program unless the student is enrolled in an approved accelerated program. Students must contact their advisor before enrolling in a graduate course they wish to use toward a future graduate program at ASU.

Concurrent enrollment

Provided that the other institution's regulations concerning enrollment, graduation requirements and transfer of credits are not violated, a student may enroll in classes at other institutions or in independent learning courses while enrolled at ASU. However, the student is urged to seek advising before concurrent enrollment to assure orderly progress toward a degree. If the total credit hours exceed the maximum course load, prior permission must be granted by the college standards committee.

Enrollment verification guidelines

The registrar is responsible for verifying enrollment, according to general guidelines; students should review the enrollment verification [1] page.

Source URL: https://catalog.asu.edu/course_load

Links:

[1] <https://students.asu.edu/enrollment-verification>

Credit by examination

Students may receive credit for an ASU course by taking an examination in place of the actual course. Some exams may be taken prior to admission to ASU. Information is provided below for each type of exam, the courses that are equivalent and other conditions that may apply to credit being awarded.

- A student may earn no more than 60 hours of credit by examination for any or all programs, including ASU comprehensive and proficiency exams.
- Credit will not be awarded for any course in which the student has been given credit from any educational institution.
- Credit will not be granted for a course taken at an educational institution after credit by examination has been awarded.

Exception: Students who take the advanced placement exams may choose either to have the credit earned by advanced placement kept in their cumulative university hours or to complete the ASU course and have the credit and grade instead, regardless in which order the test or course is taken. Students should see the advanced placement section, below, for additional details on the exam and its equivalent scores.

- Credit may not be received for a lower-level or prerequisite course when credit has already been received in a higher-level course within the same field.
- Only credit earned by comprehensive examination will count toward the resident credit requirement for graduation.
- Credit by exam is awarded based on the date the exam was taken. Students who take the exam during the current catalog year (August 2022–July 2023) will earn credit based on the credit equivalency found in the current catalog. **If the test was taken in a prior academic year, the student should refer to the catalog of that year or search the Transfer Guide [1] for more information.**

Types of examinations

College-level Examination Program (CLEP) [2] can be taken before or during enrollment at ASU.

Advanced Placement (AP) [3] is taken during secondary school or before enrollment at ASU.

DANTES or DSST (Defense Activity for Nontraditional Education Support Subject Standardized Test) [4] is taken by military or approved government personnel before or during enrollment at ASU.

International Baccalaureate (IB) exam [5] credit is earned by students of an International Baccalaureate®-approved school before enrollment at ASU.

Cambridge International Exam [6] is taken by students who have completed a Cambridge course in their secondary school.

Comprehensive examinations [7] can be taken by current ASU students.

Proficiency examinations [8] can be taken by current ASU students.

For information about placement testing for mathematics and English classes prior to orientation, students should refer to the placement and testing requirements [9] in the ASU Catalog.

College-Level Examination Program (CLEP)

Students who have taken a College-Level Examination of the College Entrance Examination Board may receive university credit. The table of CLEP credit applies to all students enrolled in the university for the first time in August 1975 and any student enrolling thereafter. CLEP examination credit is not given where it duplicates credit previously earned by the student at the university or accepted by the university for work done elsewhere. All examinations are given monthly by University Testing and Scanning Services [10].

The General Studies requirements in natural science (SQ and SG) and literacy and critical inquiry (L) are not satisfied by CLEP. There is no limit to the number of CLEP credits that can be used to fulfill the other parts of the General Studies requirement. A student who has received ASU credit for a course due to special programs credit may not duplicate the credit by enrolling in the same class for credit at ASU or transferring it to another institution.

Subject examinations

To obtain credit or placement for all subject exams except English, History, French, German, and Spanish, a student must receive a score of 50 (computer-based testing [CBT] scale) or higher. To obtain credit for College Composition, a student must receive a standard score of 610 (1978 scale), 500 (1986 scale), or 50 (CBT scale). Test scores for French, German, History and Spanish are shown below in the CLEP credit table.

All equivalency is subject to future review and possible catalog change. Students should refer to the Transfer Credit Guide for equivalencies of exams taken outside of the current catalog year. For more information on registering for CLEP testing, students should contact University Testing and Scanning Services [10] at 480-965-7146 or visit the office at 1130 E. University Dr., Suite 204, Tempe, Ariz.

*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

Examination	Credit hours	Equivalency
American Government	3	POS 110
American Literature	3	ENG DEC* (Students must score 55 or higher.)

Western Civilization II — 1648 to the Present	3	HST 104 (Students must score 56 or higher.)

Advanced Placement

Students who have taken an advanced placement course of the College Entrance Examination Board in their secondary school and who have taken an AP examination of the CEEB may receive university credit. No credit is given for any examination with a score of two or one. There is no limit to the number of AP credits that can be used to meet the General Studies requirement, including the requirements in natural sciences (SQ and SG) and literacy and critical inquiry (L).

When the scores are received by the university directly from the CEEB, credit is awarded as shown in the Advanced Placement Credit table below.

Examination	Score	Credit hours	Equivalency

DANTES/DSST

Students who have taken a DSST (DANTES [Defense Activity for Nontraditional Education Support] Subject Standardized Test) may receive university credit. Credit is awarded for score results at or above the American Council on Education's recommended score if the subject examination is applicable to a program of study at ASU, or credit may be assigned as elective. To receive credit, a transcript showing the DSST results must be received by ASU directly from the Educational Testing Service.

*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

Students should refer to the Transfer Credit Guide for equivalencies of exams taken outside of the current catalog year. To register for the exam or for more information about exam fees, students should contact University Testing and Scanning Services [11] at 480-965-7146 or visit the office at 1130 E. University Dr., Suite 204, Tempe, Ariz.

International Baccalaureate (IB) exam

Students who present an International Baccalaureate exam may qualify for university credit, depending on the level of the examination and the grade received. Arizona State University grants credit for higher-level courses and some standard-level courses. A high-level grade of five qualifies the student to receive credit for up to two introductory courses while a grade of four qualifies a student to receive credit for one introductory course. No credit is awarded for English as a second language (English B). Credit is awarded according to the International Baccalaureate credit table below.

*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

Travel and Tourism A-Level	E or better	1-5	6	TDM 205 and TDM DEC*

**Credit awarded depends on the content of the course completed; students should see an advisor once admitted.

Comprehensive Examinations

A comprehensive examination is intended to permit a student to establish academic credit in a field in which the student has gained experience or competence equivalent to an established university course. Applications are given only for courses listed in the current catalog and only for courses in which a comprehensive examination can serve as a satisfactory measure of accomplishment.

A number of restrictions apply. To be eligible to apply to take a comprehensive examination to establish undergraduate course equivalence, a student must:

1. have earned not more than 60 credit hours through comprehensive, CLEP, International Baccalaureate and Advanced Placement examinations
2. have earned no credit for a duplicate course

3. have earned no credit for a course for which this course is a prerequisite

The decision on the suitability of course material for a comprehensive examination, the development of a comprehensive examination and the administration of an examination are strictly departmental functions. An application is for one course only. The student should complete an application form with the number, title and number of credit hours for the course. When completed, the application must be approved by the student's advisor and the chairperson of the department responsible for offering the course.

The student must then pay the stated fee for such examinations at cashiering services. The receipt must be taken to the departmental office.

The examination is prepared by the instructor who normally conducts the course, and it is comprehensive in nature and scope. The instructor and other experts designated by the chairperson grade the examination, using letter grades "A+", "A", "A-", "B+", "B", "B-", "C+", "C", "D" or "E". If the grade is "C" or higher, a mark of "Y" is entered on the student's permanent record; otherwise, no entry is made. Credit by examination is indicated as such on the record. The student is notified by mail of the result of the examination. In cases of failure ("D" or "E"), the student is not given an opportunity to repeat the examination.

A student pursuing a second baccalaureate degree may not receive credit by comprehensive examination, but with prior approval of the college the student may use the examination to waive a course requirement if a grade of "C" or higher is earned.

Proficiency Examinations

Proficiency examinations and auditions are given:

1. to waive a course requirement
2. to validate certain transfer credits in professional programs
3. to determine a student's ability in a field where competence is an important consideration

Detailed information may be obtained from the dean's office of the college in which the student is registered.

Leave of absence (undergraduate)

The Undergraduate Leave of Absence (LOA) policy assists and encourages undergraduate degree-seeking students to return and graduate after an absence due to military deployment, service on an official church mission or with a foreign aid service of the Federal government, or a permanent disability. If your absence is for any other reason, you may be eligible to return to ASU through Quick Re-entry [1], which permits undergraduate students to enroll without submitting a new application or application fee if they previously attended ASU but have not enrolled at ASU for up to seven consecutive fall or spring semesters.

Eligibility requirements

To be eligible for an Undergraduate LOA, students must be eligible to register for classes and meet the following criteria:

1. Be a degree-seeking undergraduate student.
2. Be registered during the semester immediately prior to the beginning of the LOA.
 - o Students who were admitted as new first semester freshmen or transfer students but did not attend will not be eligible for an LOA. Instead, they should contact the Undergraduate Admissions office.
 - o Students who were readmitted but did not attend will not be eligible for an LOA. Instead, they should contact the Undergraduate Admissions office.
 - o Students who are participating in an ASU-sponsored study abroad program need not apply for an LOA.
3. Be in academic good standing, warning, probation, or continuing probation with their college.
4. Have no hold (e.g., disciplinary, financial, testing, etc.) which would restrict registration. *Note: Students with financial holds may be given consideration for an LOA if authorized by the Collections Office [2].*
5. Have submitted any outstanding high school and/or transfer transcripts, if prior admission/readmission and continued enrollment was contingent upon receipt of those transcripts.

Download the Undergraduate Leave of Absence Request [3] form.

Leave of absence FAQ's

Information for students returning from a Leave of Absence.

Q. My LOA is about to expire; what do I do now?

A. View your registration date as well as any current registration holds and "To Do" list items on My ASU [4]. Schedule an appointment with your advisor to discuss course selection. Submit transcripts for coursework you completed during your LOA.

Q. How will the university inform me regarding upcoming enrollment, deadlines and holds that may occur while on I'm on an LOA?

A. We recommend checking your My ASU [4] page often during your LOA so that you may stay informed about registration dates, financial aid and tuition deadlines and advising holds that may occur prior to the end of your leave.

Q. If I qualify for an LOA, does this defer my scholarship?

A. No. In order to request a deferment of your scholarship, you will need to complete the Scholarship Deferment Application [5] found on the Scholarship website. To have your scholarship reinstated after the deferment period, you will need to complete the Scholarship Reinstatement Request [6] form.

Q. Can I come back earlier than what my original LOA was processed for?

A. Yes. If you wish to return to ASU prior to the end of your scheduled leave you will need to contact University Registrar Services at 480-965-3124 so that your return may be updated immediately to maximize enrollment opportunities and meet any college, financial aid, etc. deadlines.

Q. Can I request an extension of my LOA?

A. Yes. If you are unable to return to ASU by the term you initially identified, then you may request an extension through the college of your major. To extend your LOA, please complete the LOA form [7] and submit to your college for approval.

Q. Am I able to view my unofficial transcripts?

A. Yes. Student can view their unofficial transcripts through their My ASU [4] page.

Q. Will my loans be deferred while on an LOA?

A. No. In order to defer loans, students must be currently enrolled. While the LOA keeps student records up to date, it does not allow for deferment. Please contact your lender for more information.

Q. Can I attend another institution while on an LOA?

A. Yes. Once all coursework is complete and graded, please request official transcripts to be sent directly from the transfer institution to ASU at the following address:

Arizona State University
PO Box 870112
Tempe, AZ 85287-0112

Minors and undergraduate certificates

Minors and certificates are available to currently enrolled undergraduate students in a variety of academic disciplines. Students can explore Degree Search [1] for more information on and enrollment requirements for available minors and certificates, as well as request to add one to their program of study.

Minors

A minor is an approved, coherent concentration of academic study in a single discipline, involving substantially fewer hours of credit than a corresponding major. Most ASU colleges offer undergraduate minors in addition to majors.

Current ASU undergraduate students may pursue a minor and have it recognized on their ASU transcript at graduation. Minor requirements appear on the degree audit once the minor is added.

Certain major and minor combinations may be deemed inappropriate by the college or department of either the major program or the minor. Courses taken for the minor may not count toward both the major and minor.

A student pursuing a second baccalaureate degree in the same discipline as a minor previously conferred by ASU will have that minor removed from the original academic record upon completion of the second degree.

Undergraduate certificates

With the exception of special programs, undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding a baccalaureate degree may pursue an undergraduate certificate as a non degree-seeking graduate student.

The Pathways for the Future [2] program offers upskilling options through select ASU certificate programs for professionals without a bachelor's degree.

Placement and testing requirements

English placement

All students must meet the university First-Year Composition requirement through completion of both ENG 101 and ENG 102 or ENG 105 with a grade of "C" (2.00) or higher. All incoming students will be placed in ENG 101 or appropriate first-year composition course based on submission of test scores, exam scores or transfer credit.

Math placement

ASU requires all incoming first-year students to complete the ASU mathematics placement test [1] for mathematics prior to orientation in order to determine the appropriate math course for enrollment.

Source URL: https://catalog.asu.edu/test_req

Links:

[1] <https://students.asu.edu/math>

Retention and academic standards

Class standing

A student's class standing is determined by the number of credit hours earned, as shown in the table below.

Student	Credit hours earned
Freshman	24 or fewer credit hours earned
Sophomore	25 to 55 credit hours earned
Junior	56 to 86 credit hours earned
Senior	87 or more credit hours earned
Graduate	bachelor's degree from accredited institution

Academic good standing

For the purpose of retention, university academic good standing [1] for degree-seeking students is defined as maintaining a minimum cumulative GPA of 2.00. This standard is in effect for all students, regardless of catalog year, beginning in fall 2013.

An ASU student who does not achieve the minimum GPA standard at the completion of the first term of study will receive an academic warning [2]. If after one term with an academic warning a student still does not achieve the minimum GPA standard, the student will be placed on probation for at least one additional term. If a student's minimum GPA first falls below the standard in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

A student with an academic warning or on academic probation is considered in conditional good standing and is permitted to enroll.

Whether a student's has received an academic warning or is on probation, the student must meet with an academic success advisor to discuss academic success strategies for the subsequent semester and develop a success plan for returning to university academic good standing. At the discretion of the student's college or school, that plan may require successful completion of UNI 220 Academic Refresher.

Dean's list

Undergraduate students are eligible for the Dean's List if they earn 12 or more graded credit hours ("A+", "A", "A-", "B+", "B", "B-", "C+", "C", "D" or "E") during a semester in residence at ASU with a GPA of 3.50 or higher. A notation regarding Dean's List achievement appears on the unofficial transcript. The Dean's List is generated at the completion of the fall and spring semesters.

Satisfactory academic progress

The university is required to publish and enforce standards of satisfactory academic progress for certain students (e.g., student athletes, students receiving financial aid and students receiving veterans benefits).

Certification of satisfactory progress for student athletes is verified by the academic advisor and the dean's designee for certifying satisfactory progress. Certification of satisfactory progress [3] for students receiving financial aid or veterans benefits is verified by the Financial Aid and Scholarship Services office or the Office for Veteran and Military Academic Engagement, respectively. Students should contact their advisors or the appropriate office for additional information on satisfactory progress requirements.

Probation

A student's college assumes responsibility for enforcing academic standards and may place on university academic probation [4] any student who has failed to maintain good standing as previously defined. For purposes of probation and retention, an individual college may set higher GPA standards. A student on academic probation is required to observe any rules or limitations the college may impose as a condition for retention, including college-established policies regarding continuing probation.

Co-enrolled continuing probation program

Select disqualified students may participate in the co-enrolled continuing probation program at the discretion of their college or school. Under this program, the student takes UNI 220 Academic Refresher plus one ASU course selected by the student's advisor. The student co-enrolls at a Maricopa County Community College with a schedule selected in consultation with the ASU advisor. Upon completion of the term, students with a combined semester cumulative GPA of 2.50 may continue regular enrollment at ASU. Parameters regarding the number of co-enrolled hours required are at the discretion of each college or school.

Disqualification

A student who is placed on probation at the end of a semester is subject to disqualification [5] by the college or school at the end of the following semester if the conditions imposed for retention are not met.

Disqualification is exercised at the discretion of the college or school. A student is notified of disqualification by the dean of the college and is not allowed to register in a fall or spring semester at the university. If the student has already registered for a future fall or spring semester, the registration is canceled. A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible. A disqualified student may not attend as a nondegree student. If a disqualified student elects to attend another university or two-year college, any credits earned there will not affect the ASU cumulative GPA. A course repeated elsewhere will not result in a replacement of a grade earned at ASU. Disqualified students must consult with an academic advisor to determine eligibility to attend ASU in the summer session, to raise the ASU cumulative GPA.

Select disqualified students may participate in the co-enrolled continuing probation program. Information about this is available in the Glossary of Academic Terms, at Probation [4].

Readmission

Students not eligible for quick re-entry [6] (i.e., because they have not been enrolled at ASU for seven or more semesters, completed their academic program or were academically disqualified) must apply for readmission and submit applicable fees.

Candidates for readmission who are not in academic good standing are subject to college review.

A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible.

Academic integrity

All students should be familiar with ASU's Academic Integrity Policy. More information about academic integrity at ASU is available here: <https://provost.asu.edu/academic-integrity> [7].

University undergraduate General Studies requirement

A baccalaureate education should prepare students for a particular profession or advanced study and for constructive and satisfying personal, social and civic lives as well. In addition to acquiring a depth of knowledge in a particular academic or professional discipline, students should also be broadly educated, including with knowledge of transdisciplinary solutions that would enable them to address interdependent economic, environmental and social challenges, and they should develop the general intellectual skills they will need to continue learning throughout their lives. Thus, the General Studies requirement complements the undergraduate major by helping students gain mastery of critical learning skills, investigate the traditional branches of knowledge, and develop the broad perspective that frees one to appreciate diversity and change across time, culture and national boundaries.

Critical learning skills include proficiency in the use of language, mathematics and quantitative methods as tools for acquiring, renewing, creating and communicating knowledge. A broad education includes an understanding of the methods and concerns of traditional branches of knowledge — the arts and humanities, the social sciences and the natural sciences. Developing perspective requires historical, global and cross-cultural examination of knowledge of all kinds.

The General Studies requirement is composed of courses in five core areas and three awareness areas. The courses are approved by the General Studies Council and are noted in the course catalog [1] for each academic term. General Studies courses are regularly reviewed and are occasionally added to and deleted from the list. Students should always consult the course catalog [1] each semester to see which courses currently meet the General Studies requirement.

A student receives the General Studies credit that a course carries during the semester in which the course is taken.

Five core areas (General Studies)

L: Literacy and critical inquiry (three credit hours)

Literacy is competence in written and oral discourse. Critical inquiry is the gathering, interpretation and evaluation of evidence. The literacy and critical inquiry requirement helps students sustain and extend their ability to reason critically and communicate clearly through language.

Students must complete three credit hours from courses designated as L. Students must have completed ENG 101, ENG 105 or ENG 107 to take an L course.

The three credit hours required to meet the General Studies L requirement are in addition to the upper-division L university graduation requirement. Students should review the university graduation requirements [2] for more information.

MA and CS: Mathematical studies (combined six credit hours)

This core area has two categories. Mathematics (MA) is the acquisition of essential skills in basic mathematics. Computer/statistics/quantitative applications (CS) applies mathematical reasoning and requires students to complete a course in either the use of statistics and quantitative analysis or the use of a computer to assist in serious analytical math work.

This requirement has two parts: At least three credit hours must be selected from courses designated MA and at least three credit hours must be selected from courses designated CS, and all students are expected to fulfill the MA requirement by the time they accumulate 30 credit hours in residence at ASU. Any student who has more than 30 hours of resident ASU credit and has not fulfilled the MA requirement must enroll in an MA course or an appropriate prerequisite and continue to do so every semester until the mathematics requirement is met. College officers may grant waivers to the immediate and continual enrollment requirement only when there are scheduling conflicts detrimental to the student's academic progress.

HU: Humanities, arts and design and SB: Social-behavioral sciences (combined 12 credit hours)

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the productions of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in arts and design comprise the study of aesthetic experiences and the processes of artistic creation. They also may feature a design emphasis in which material culture is studied as a product of human thought and imagination.

The social-behavioral sciences provide scientific methods of inquiry and empirical knowledge about human behavior, within society and individually. The forms of study may be cultural, economic, geographic, historical, linguistic, political, psychological or social. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a world of diminishing economic, linguistic, military, political and social distance.

Twelve credit hours must be completed in the following two core areas: humanities, arts and design (HU) and social-behavioral sciences (SB). At least six credit hours must be taken in each of these two core areas.

The 12 credit hours required to meet the General Studies HU/SB requirement are in addition to the upper-division HU/SB university graduation requirement. Students should review the university graduation requirements [2] for more information.

SQ and SG: Natural sciences (combined eight credit hours)

The natural sciences help students appreciate the scope and limitations of science and its contributions to society. Natural science areas of study include anthropology, astronomy, biology, biochemistry, chemistry, experimental psychology, geology, microbiology, physical geography, physics and plant biology. Knowledge of the methods of scientific inquiry and mastery of basic scientific principles and concepts are stressed, specifically those that relate to matter and energy in living and nonliving systems. Firsthand exposure to scientific phenomena in the laboratory is important for developing and understanding the concepts, principles and vocabulary of science.

General Studies courses that satisfy the natural science requirement are given one of two classifications: quantitative (SQ) and general (SG).

- quantitative (SQ): These laboratory courses include a substantial introduction to the fundamental behavior of matter and energy in physical and biological systems.
- general (SG): These laboratory courses cover aspects of scientific inquiry that lend themselves to more qualitative or descriptive discussions of science.

Eight credit hours of courses designated SQ or SG must be selected. Of these, at least four credit hours must be taken from the SQ category.

Three awareness areas (General Studies)

Students must complete courses that satisfy three awareness areas. Courses that are listed for a core area and one or more awareness areas may satisfy requirements concurrently, up to a maximum of two of the awareness areas listed for that course. These awareness areas promote appreciation of cultural diversity within the contemporary U.S., the development of an international perspective and an understanding of current human events through study of the past.

1. Cultural diversity in the United States (C)

The objective of the cultural diversity (C) requirement is to promote awareness and appreciation of cultural diversity within the contemporary U.S. This is accomplished through the study of the cultural, social or scientific contributions of women and minority groups, examination of their experiences in the U.S., or exploration of successful or unsuccessful interactions between and among cultural groups. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present and future and also help students achieve greater mutual understanding and respect.

2. Global awareness (G)

The objective of the global awareness (G) requirement is to help students recognize the need for an understanding of the values, elements and social processes of cultures other than those of the U.S. The global awareness area includes courses that recognize other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

3. Historical awareness (H)

The objective of the historical awareness (H) requirement is to help students develop knowledge of the past, which can be useful in shaping the present and future. History is present in languages, art, music, literature, philosophy, religion and the natural sciences as well as in the social science traditionally called history.

Meeting the General Studies requirement

All students enrolled in a baccalaureate degree program must complete successfully a minimum of 29 credit hours of approved General Studies courses. Many General Studies courses are approved as satisfying more than one requirement. The following conditions govern the application of courses toward the General Studies requirement:

- A single course may be used to satisfy one core area and a maximum of two awareness area requirements.
- A single course may be used to satisfy a maximum of two awareness area requirements.
- A single course cannot be used to satisfy two core area requirements, even if it is approved for more than one core area.

There is no limit to the number of advanced placement or College-Level Examination Program credits that can be used to meet the General Studies requirement; students should see credit by examination [3]. However, CLEP credits do not satisfy the natural sciences (SQ and SG) and literacy and critical inquiry (L) portions of the General Studies requirement.

In July 2019, the Arizona Board of Regents approved Policy 2-210 General Education [4], calling for a restructuring of general education programs. Faculty at ASU are developing a thematic approach to general education. The program is organized around four key competencies, reflective of ASU:

1. **Inquiry:** The ability to critically think, analyze and evaluate data or evidence in an ethical, systematic manner to determine the strength of an argument or conclusion.
2. **Collaboration:** The ability to listen to diverse views, to empathize with others' perspectives, to seek to understand others, and to effectively disagree through civil discourse. Additionally, collaboration entails the ability to successfully communicate knowledge and points of views while respecting others.
3. **Innovation:** The ability to innovate requires convergent and divergent thinking across multiple disciplines by pushing boundaries in one's discoveries, creations, oral or written communication, philosophical thinking, or systematic inquiries.
4. **Engagement:** The ability to engage diverse people, cultivate cultural understanding, promote civil discourse, understand American institutions, build inclusive networks, and direct democratic capital in pursuit of complex goals. Engagement is the foundation for applying academic knowledge to effective leadership at a local, national and global level.

Students will take courses from a controlled and curated selection, including studies in:

- literature, fine arts and humanities
- social and behavioral sciences
- American institutions (including economic theory and U.S. history)
- natural sciences
- composition, communication and rhetoric
- mathematics and quantitative reasoning

Embedded in the core competencies of inquiry, collaboration, innovation and engagement are topics and skills related to ethics, civility, diversity and inclusion, and the challenges of sustainability.

Transfer credit

Completion of General Studies and composition requirements at a domestic institution accredited by an organization recognized by ASU as certified on the official transcript will fulfill ASU's lower-division General Studies and composition requirements. Certification of completed General Studies may include students' completion of a general education package (ex: AGECE, CSUGE, IGETC), an associate of arts degree, or bachelor's degree, or comparable, as documented on an official transcript. These students are still required to fulfill lower-division program requirements and prerequisites within their college and major and minor areas of study. Additionally, students still must take six upper-division credit hours (three for L and three for SB or HU) to complete the ASU university-level graduation requirements. If students transfer from Arizona community colleges without completing the AGECE or from other accredited postsecondary institutions, they receive credit for General Studies based on course-by-course equivalency. Students should see the Arizona General Education Curriculum [5] page for more information.

University requirements

In addition to the 29 credit hours of lower-division general education coursework, university graduation requirements [2] also require students to take six additional upper-division credit hours. Three hours with a Literacy (L) designation are required to be chosen from approved upper-division courses, preferably in the major. Three hours with either a humanities, arts and design (HU) or social-behavioral sciences (SB) designation should also be chosen from approved upper-division courses, preferably in the major.

College or school and major requirements

In addition to the General Studies requirement, students also must complete college or school and major requirements. Students are encouraged to work with their academic advisors to develop a program of study that efficiently meets all graduation requirements. A well-planned program should enable a student to satisfy concurrently requirements at the university, college or school levels, and within their major.

University undergraduate baccalaureate graduation requirements

All students enrolled in a baccalaureate degree program must fulfill the following university requirements to graduate.

Credit requirements

A minimum of 120 credit hours is required for graduation with a baccalaureate degree; at least 45 credit hours must be in upper-division courses. Some programs may require more than 120 credit hours and 45 upper-division credit hours for graduation. Associate degrees require a minimum of 60 credit hours. Students should check the program's graduation audit and major map for graduation requirements.

No more than 60 credit hours earned in independent learning courses or earned by comprehensive examination (including Advanced Placement, College-Level Examination Program, DANTES Subject Standardized Test, Cambridge International Exam and International Baccalaureate exams) are accepted for credit toward the baccalaureate degree.

Grade point requirement

A minimum cumulative grade point average of 2.00 for all courses taken at ASU is required to graduate with a baccalaureate degree. Some programs may require a cumulative GPA higher than 2.00; students should refer to the specific program's graduation audit and major map for graduation requirements.

General Studies requirement

All students enrolled in a baccalaureate degree program must satisfy the university requirement of a minimum of 29 credit hours of approved General Studies coursework. Students should refer to the General Studies [1] page for more information.

Completion of General Studies and composition requirements at a domestic institution accredited by an organization recognized by ASU as certified on the official transcript will fulfill ASU's lower-division General Studies and composition requirements. Certification of completed General Studies may include students' completion of a general education package (ex: AGECE, CSUGE, IGETC), an associate of arts degree or bachelor's degree or comparable, as documented on an official transcript. If students transfer from Arizona community colleges without completing the AGECE or from other accredited postsecondary institutions, they receive credit for General Studies based on course-by-course equivalency. Students should review the Arizona General Education Curriculum [2] page.

In addition to 29 credit hours of General Studies coursework, students enrolled in a baccalaureate degree program must complete an additional six upper-division credit hours, preferably chosen from within the major, comprised of three credit hours of literacy (L) and three credit hours of humanities, arts and design (HU)/social-behavioral sciences (SB).

Mathematics requirement

All undergraduate degree-seeking students are expected to fulfill the university's mathematics requirement by the time they have accumulated 30 credit hours in residence at ASU. Any student who has more than 30 credit hours and has not fulfilled the mathematics requirement must enroll in a mathematics course or an appropriate prerequisite course and continue to do so every semester until the mathematics requirement is met. A waiver may be granted for continuous enrollment if there are scheduling conflicts detrimental to the student's academic progress. Students should also see the Math Intensive Programs: Required Course Policy [3].

First-year composition requirement

Completion of both ENG 101 and ENG 102, or ENG 105 with a grade of "C" (2.00) or higher is required for graduation from ASU in any baccalaureate or associate program. A student whose native language is not English may meet the first-year composition requirement by completing ENG 107 and 108 with a grade of "C" (2.00) or higher. Students who are

required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

Transfer credit

Composition courses transferred from other postsecondary institutions may require evaluation. After consultation with an advisor, if evaluation is necessary, the student should submit a request for evaluation through the ASU Transfer Guide [4]. The process should be completed upon transfer of coursework to ASU so the student is able to enroll in additional courses if required to do so. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

Resident credit requirement

Resident credit refers to a course that is offered in a regular semester or summer session. Credit earned through comprehensive examinations also is included when calculating ASU resident hours. Credit earned through independent learning, Advanced Placement testing, the College-Level Examination Program or an International Baccalaureate exam are excluded when calculating ASU resident hours.

Every candidate for an undergraduate degree is required to earn a minimum of 30 credit hours in resident-credit courses at ASU.

Guidelines for determination of catalog year

The ASU Academic Catalog is published annually. Department, school, division, college and university requirements are upgraded often, and may change. In determining graduation requirements, an undergraduate student will use only one edition of the catalog but may elect to follow any subsequent catalog edition under which the student attends. Students may not use an edition of the catalog that was in effect before their high school graduation or completion of GED. Students maintaining continuous enrollment at any Arizona community college or public university may graduate according to the requirements of the catalog in effect at the time of initial enrollment following high school graduation or completion of a GED or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment while pursuing their degrees, whether attending a single Arizona community college or public university or transferring among public institutions in Arizona. Students transferring among Arizona public higher education institutions must meet all requirements of the degree-granting institution: admission, residency, curricular and academic.

1. A semester in which a student earns course credit is counted toward continuous enrollment. Noncredit courses, audited courses, failed courses and courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes (examples A and B in the continuous enrollment table below).
2. Students who do not meet the minimum enrollment standard stipulated above during three consecutive semesters (fall/spring/fall or spring/fall/spring) and the intervening summer term at any Arizona community college or public university are no longer considered continuously enrolled. These students must meet requirements of the Arizona community college or public university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission (examples C and D in the continuous enrollment table below). Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.
3. Students admitted or readmitted to an Arizona community college or public university during a summer term must follow the requirements of the catalog in effect for the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment (example E in the continuous enrollment table below).
4. In areas of study in which the subject matter changes rapidly, material in courses taken long before graduation may become obsolete or irrelevant.
5. Coursework that is more than eight years old is applicable to completion of degree requirements at the discretion of the department of the student's major. Departments may accept or reject such coursework or request that the student revalidate the substance of the coursework. The eight-year limit on coursework applies except when

program accreditation agencies limit the life of coursework to fewer than eight years. Departments also may require students to satisfy current major requirements rather than major requirements stated in earlier catalogs when completing earlier requirements is no longer possible or educationally sound.

6. Enrollment by Arizona community college students in nontransferable courses still constitutes enrollment for purposes of determining whether the student has been continuously enrolled. For example, if a student takes two semesters of cooperative education classes that are not transferable to the university but constitute continuous enrollment at the community college, the university should consider it continuous enrollment.
7. Exceptions made by an institution apply only to the institution that made the exception. For example, if the community college departments accepted credit that was more than eight years old, the university department to which the student transfers might not; the university department has the right and the obligation to reevaluate any credit more than eight years old.

Inquiries about these guidelines may be directed to the student's academic advisor.

Continuous enrollment		
Student's activity	Semester/year	Status
Example A		
Admitted and earned course credit at an Arizona community college	Fall 2019	Active
Continued at an Arizona community college	Spring 2020 Fall 2020	Active
Transferred to an Arizona university	Spring 2021	Student enrolled under 2019–2020 or any subsequent catalog
Example B		
Admitted and earned course credit at an Arizona community college	Fall 2015	Active
Enrolled but earned all "W"s or "E"s (0.00)	Spring 2016	Inactive
Enrolled in audit courses only	Fall 2016	Inactive
Nonattendance	Spring 2017	Inactive
Transferred to an Arizona university	Fall 2018	Student enrolled under 2018–2019 or any subsequent catalog
Example C		
Admitted and earned course credit at an Arizona community college	Fall 2018	Active
Nonattendance	Spring 2019 Fall 2019 Spring 2020	Inactive
Readmitted and earned course credit at an Arizona community college	Fall 2020	Active
Transferred to an Arizona university	Spring 2021	Student enrolled under 2020–2021 or any subsequent catalog

Example D		
Admitted and earned course credit at an Arizona community college	Fall 2018	Active
Nonattendance	Spring 2019	Inactive
Readmitted and earned course credit at an Arizona community college	Summer 2019	Active
Nonattendance	Fall 2019 Spring 2020	Inactive
Transferred to an Arizona university	Fall 2020	Student enrolled under 2018–2019 or any subsequent catalog
Example E		
Admitted and earned course credit at an Arizona community college	Summer 2017	Active
Continued at an Arizona community college	Fall 2018 Spring 2019	Active
Nonattendance	Fall 2019	Inactive
Readmitted and earned course credit at an Arizona community college	Spring 2020	Active
Transferred to an Arizona university	Summer 2020	Student enrolled under 2017–2018 or any subsequent catalog
Example F		
Admitted and earned course credit at an Arizona university	Summer 2018	Active
Nonattendance	Fall 2018	Inactive
Nonattendance	Spring 2019	Inactive
Readmitted and earned course credit at an Arizona university	Fall 2019	Active
Continued at an Arizona community college	Spring 2020	Student enrolled under 2018–2019 or any subsequent catalog

Application for graduation

For information on how to apply for graduation and deadline dates, students should visit <https://students.asu.edu/graduation> [5].

Petition for variance from degree

Any student wishing to have a college or university degree requirement variance must petition the standards committee of the college in which the student is enrolled. All petitions must originate with the student's advisor.

The University Undergraduate Standards Committee advises the Office of the University Provost regarding undergraduate student petitions that concern university-wide academic requirements. These requirements include: requirements on the amount of transfer credit, graduation requirements, limits on credit by examination, and requirements for a second baccalaureate degree. To petition for a variance from such university requirements, the University Undergraduate Standards Committee petition [6] is used. Most petitions heard by the University Undergraduate Standards Committee start at the college level and are forwarded for final review and decision to the university-level committee.

Overview of graduation requirements

At ASU, students take classes that fulfill four types of requirements. As illustrated in the graduation requirements diagram below, some courses can fulfill two or more types of requirements but other courses fulfill only one requirement. The total credit hours needed to graduate are represented by the largest circle. The university minimum is 120 credit hours. Some majors, however, require more than 120 credit hours.

Although the three shaded circles in the illustration below are equal in size and the white circle is larger than all three, the total number of credit hours for each type of requirement may vary.

University requirements

The yellow circle represents university requirements. The General Studies requirement and first-year composition requirement are among these requirements.

College requirements

The gray circle represents college requirements. Some colleges and schools such as The College of Liberal Arts and Science have additional requirements.

Major requirements

The red circle represents the requirements of the major. The credit hours required for a major may be as low as 30 credit hours or as high as 65 hours.

Electives/minor/certificate

The white circle represents electives and the requirements of a minor or certificate. A minor typically adds an additional 15 to 25 credit hours of coursework. Although every student eventually must declare a major, minors and certificates are not required. Some courses, while providing credit hours toward graduation, fall outside the shaded circles and are not required in a program for graduation. These courses are electives. Some majors leave no room for electives within the minimum 120 credit hours required to graduate.

Other requirements

The separate units of ASU — such as colleges, schools and departments — have specific requirements for graduation that must be satisfied for a baccalaureate degree. Students are encouraged to consult with an academic advisor in planning a program to ensure it meets the various requirements. A well-planned program may enable a student to concurrently satisfy a portion of the General Studies requirement together with a portion of a college or major requirement.

Graduation with academic recognition

An undergraduate student must have completed at least 56 hours of resident credit at ASU to qualify for graduation with academic recognition for a baccalaureate degree.

The cumulative GPA determines the designation, as shown in the academic recognition table below.

Academic recognition	
Cumulative GPA	Designation
3.40–3.59	cum laude
3.60–3.79	magna cum laude
3.80–4.00	summa cum laude

The cumulative GPA for these designations is based on ASU resident coursework only. All designations of graduation with academic recognition are indicated on the diploma and the ASU transcript. Graduation with academic recognition applies only to undergraduate degrees.

A student who has a baccalaureate degree from ASU and is pursuing a second baccalaureate degree at ASU (with a minimum of 30 hours of resident credit) is granted academic recognition on the second degree based on the credit hours earned subsequent to the posting of the first degree. If fewer than 56 credit hours are completed at ASU subsequent to completion of the first ASU degree, the level of academic recognition can be no higher than that obtained on the first degree. If 56 or more credit hours are completed at ASU after completion of the first ASU degree, the level of academic recognition is based on the GPA earned for the second ASU degree. Inquiries about graduation with academic recognition may be directed to University Registrar Services [7].

Additional degrees

Second baccalaureate degree

The student seeking a second baccalaureate degree must meet admission criteria for that degree. After conferral of the first degree, a minimum of 30 credit hours in resident credit courses at ASU must be successfully completed to earn the second baccalaureate degree. The student must meet all degree and university requirements of the second degree.

Admission to a specific second baccalaureate degree program may be deemed inappropriate based on the discipline or degree type of the original baccalaureate degree, regardless of whether that degree was earned at ASU or another institution (e.g., admission to a BS in psychology after earning a BA in psychology).

A student pursuing a second baccalaureate degree in the same discipline as a minor previously conferred by ASU will have the minor removed from the original academic record upon completion of the second degree.

Students who wish to use courses taken while in graduate nondegree status toward a second bachelor's degree may have up to 15 credit hours applied toward this degree.

Concurrent degrees

More than one baccalaureate degree may be pursued concurrently if prior approval is given by the standards committees of the colleges or schools offering the degrees. Students may receive concurrent degrees if they meet the minimum requirements for both degrees. Specific combinations of degree may be deemed inappropriate due to high curricular overlap.

For additional information, students are asked to review the glossary description [8].

eAdvisor and critical requirements

eAdvisor [9] ensures that students get off to a good start and stay on track toward graduation by helping them find a major that fits their talents and career goals and then monitors progress. Students use eAdvisor to do the following:

1. Learn more about graduation requirements for their major.
2. Discern the critical courses and grades that are required to stay on track to successfully complete their degree.
3. Plan for and schedule appropriate courses in the correct sequence to maximize success.
4. Monitor progress toward their degree.
5. Find out how courses may fit into other majors if they decide to change majors.

Through eAdvisor, students follow a major map that outlines the critical requirements and optimal eight-semester plan. If students do not meet the critical requirements, an advising hold may be placed on the students' records, and an advising session is required before future registration activities can take place. When students do not meet the critical requirements for two consecutive semesters, they are considered off track and may be advised to change majors.

Critical requirements are identified by the faculty and academic units as predictors of success in a major. To ensure students are able to enroll in critical courses, ASU academic units coordinate to offer sufficient seats to meet demand. Specific class schedules (days and times) are not guaranteed.

Math-intensive programs: required course policy

ASU undergraduate degree programs are categorized in the area of math intensity [10] as either general, moderate or substantial based on the number and type of required math courses. Students enrolled in a degree program categorized as substantial in math intensity who receive a failing grade of "E" twice in the same required math course may be required to change their major to a major categorized as general or moderate. This policy is applicable even if the required math course is not marked as critical through the eAdvisor tracking tool.

Disestablished programs

A disestablished program is a major, minor or certificate which the institution has chosen to discontinue. Upon the effective term and year of disestablishment, ASU may choose to stop admitting new students into the program. This includes current ASU students seeking to change into the disestablished major, to add the disestablished major as a concurrent degree, or to add the disestablished minor or certificate. Active students in a disestablished program have a period of four academic years to complete the program requirements. This includes active, not enrolled students typically eligible for Quick Re-entry. Students choosing Quick Re-entry to the institution after a period of non-enrollment cannot re-enroll in a disestablished program if four academic years have passed since the effective term of disestablishment.

Students who have not completed the requirements for a disestablished program four academic years after disestablishment will be changed administratively to a different major, or have the minor or certificate removed from their record.

University associate degree graduation requirements

The AA program in military studies has been designed with and is offered in partnership with the U.S. Naval Community College. It is designed for enlisted sailors, marines and coast guards to gain a broad view of the historical and political contexts of contemporary U.S. national security and naval actions. The program draws on ASU's strengths in history, politics, global studies, interdisciplinary studies, and the causes and future of war, with the USNCC providing specific military content and expertise and ASU providing civilian framing and expertise.

All students enrolled in the Associate of Arts in military studies must fulfill the following Arizona State University requirements to graduate from ASU.

Credit requirements

A minimum of 60 credit hours is required for graduation with an associate degree. Students should check the program's graduation audit and major map for graduation requirements.

Grade point requirement

A minimum cumulative grade point average of 2.00 for all courses taken at ASU is required to graduate.

General Studies requirement

All students enrolled in an associate degree program must satisfy the university required minimum number of approved lower division General Studies courses. Students should refer to the General Studies [1] page for more information.

Completion of General Studies and composition requirements at a domestic institution accredited by an organization recognized by ASU as certified on the official transcript will fulfill ASU's lower-division General Studies and composition requirements. Certification of completed General Studies may include students' completion of a general education package (ex: AGECE, CSUGE, IGETC), an associate of arts degree or bachelor's degree or comparable, as documented on an official transcript. If students transfer from Arizona community colleges without completing the AGECE or from other accredited postsecondary institutions, they receive credit for General Studies based on course-by-course equivalency. Students should review the Arizona General Education Curriculum [2] page.

Mathematics requirement

All associate degree-seeking students are expected to fulfill the university's mathematics requirement by the time they have accumulated 30 credit hours in residence at ASU. Any student who has more than 30 credit hours and has not fulfilled the mathematics requirement must enroll in a mathematics course or an appropriate prerequisite course and continue to do so every semester until the mathematics requirement is met. A waiver may be granted for continuous enrollment if there are scheduling conflicts detrimental to the student's academic progress.

First-year composition requirement

Completion of both ENG 101 and ENG 102, or ENG 105 with a grade of "C" (2.00) or higher is required for graduation from ASU in any associate degree program. A student whose native language is not English may meet the first-year composition requirement by completing ENG 107 and 108 with a grade of "C" (2.00) or higher. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

Transfer credit

Composition courses transferred from other postsecondary institutions may require evaluation. After consultation with an advisor, if evaluation is necessary, the student should submit a request for evaluation through the ASU Transfer Guide [3]. The process should be completed upon transfer of coursework to ASU so the student is able to enroll in additional courses if required to do so. Students who are required to take first-year composition must enroll in their first required

composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

Resident credit requirement

Resident credit refers to a course completed at ASU in a regular semester or summer session. Credit earned through ASU comprehensive examinations also is included when calculating ASU resident hours. Credit earned through independent learning, Advanced Placement testing, the College-Level Examination Program or an International Baccalaureate exam are excluded when calculating ASU resident hours.

Every candidate for an associate degree is required to earn a minimum of 30 credit hours in resident-credit courses at ASU.

Transfer credit

Students can review the general transfer credit requirements here [4].

Application for graduation

For information on how to apply for graduation and deadline dates, students should visit <https://students.asu.edu/graduation> [5].

Petition for variance from degree

Any student wishing to have a college or university degree requirement variance must petition the standards committee of the college in which the student is enrolled. All petitions must originate with the student's advisor.

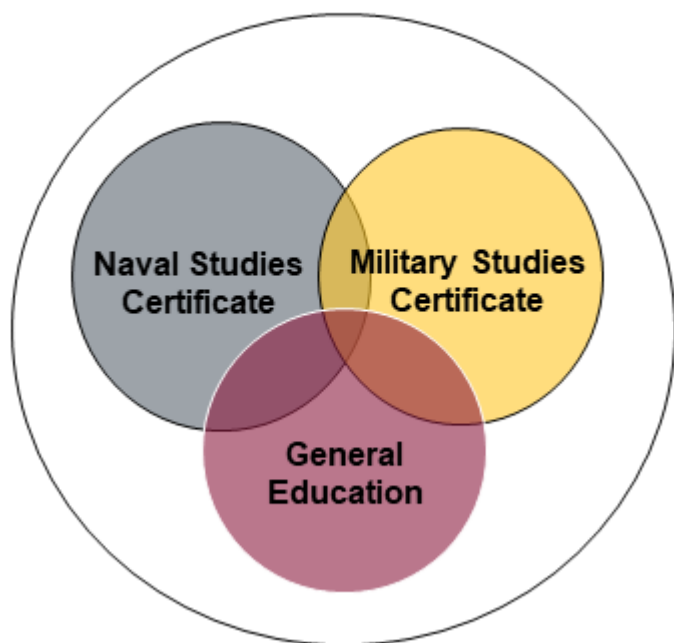

The University Undergraduate Standards Committee advises the Office of the University Provost regarding undergraduate student petitions that concern university-wide academic requirements. These requirements include: requirements on the amount of transfer credit, graduation requirements and limits on credit by examination. To petition for a variance from such university requirements, the University Undergraduate Standards Committee petition [6] is used. Most petitions heard by the University Undergraduate Standards Committee start at the college level and are forwarded for final review and decision to the university-level committee.

Overview of graduation requirements

The Associate of Arts in military studies comprises four parts; the Naval Studies certificate courses, the Military Studies certificate courses, general education and university requirements. As illustrated in the graduation requirements diagram below, some courses can fulfill two or more types of requirements but other courses fulfill only one requirement. The total credit hours needed to graduate are represented by the largest circle. The university minimum is 60 credit hours for an associate degree.

Although the three shaded circles in the illustration below are equal in size and the white circle is larger than all three, the total number of credit hours for each type of requirement may vary.

Graduation Requirements

Naval Studies certificate

The gray circle represents the naval studies certificate curriculum as taught by the USNCC. These courses transfer to ASU and are applied to the associate degree curriculum as transfer credit.

Military Studies certificate

The yellow circle represents the certificate in military studies. The certificate requirements are embedded in the associate degree requirements. The certificate is conferred by ASU in addition to the associate degree at the time of completion.

General education

The red circle represents the general education requirements, comprising both major requirements and ASU General Studies requirements.

Graduation with academic recognition

Graduation with academic recognition is applicable only to bachelor's degree programs.

Minors and certificates

Students enrolled in the associate degree in military studies are not permitted to add a minor or additional certificates.

Admission to a bachelor's degree program

Students admitted to and enrolled in the associate degree program in military studies (and accompanying military studies certificate) must apply for admission [7] to ASU to pursue any other degree or credential.

Students enrolled in the associate degree in military studies are not eligible to change their major.

Additional policies

Students enrolled in this degree are held to all other ASU and College of Integrative Sciences and Arts [8] policies, including:

Academic Good Standing and Probation [9]
Grades and Grading Policies [10]
Repeating Courses [11]

The Graduate College admits students into programs leading to both professional and research-oriented advanced degrees and certificates beyond the bachelor's degree. The master's and doctoral degrees are awarded to students completing programs that culminate in research and creative endeavors. The doctoral degree is the highest university award, conferred on candidates who have proven their ability as scholars and original researchers.

Students are admitted, therefore, both to their academic programs and to the Graduate College of Arizona State University. This Policy and Procedures Manual outlines those policies and procedures that apply across the board to all graduate students who matriculate at Arizona State University, from application to graduation. Graduate College policies supersede all academic program policies, although units may impose stricter policies. The Graduate College Dean has final authority in matters of Graduate College policy and procedure.

Academic Integrity

The highest standards of academic integrity and compliance with the university's Student Code of Conduct are expected of all graduate students in academic coursework and research activities. The failure of any graduate student to uphold these standards may result in serious consequences including suspension or expulsion from the university and/or other sanctions as specified in the academic integrity policies of individual colleges as well as the university.

Violations of academic integrity include, but are not limited to: cheating, fabrication of data, tampering, plagiarism, or aiding and/or facilitating such activities. At the graduate level, it is expected that students be familiar with these issues and that students assume personal responsibility in their work. Toward this end, the Graduate College makes available an online Academic Integrity Tutorial, which all newly admitted graduate students are expected to complete within their first semester of coursework. This Tutorial appears under "Priority Tasks" in their [MyASU](#) screen.

Additionally, graduate students pursuing research that is funded by external sponsors are responsible for understanding and undertaking the trainings necessary to ensure the responsible conduct of such research. It is very important that students check with their thesis/dissertation advisor well in advance of data collection to ensure compliance with university regulations, and may seek further assistance from the university's Office for Research Integrity Assurance. It is very important that students check with their thesis/dissertation advisor well in advance of data collection to ensure compliance with university regulations regarding the collection of research data. Please see the section of this guide titled "Research Involving Human and Animal Subjects."

Notice of Non-Discrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy please see asu.edu/aad/manuals.

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education, Assistant Secretary, or both.

Contact titleixcoordinator@asu.edu or 480-965-0696 for more information. Office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report please go to asu.edu/reportit/.

Graduate College Diversity and Anti-Racism Statement

As part of the ASU community, the Graduate College upholds, values, and enacts the ASU Charter on behalf of its graduate students and postdoctoral scholars. Our commitment to just and equitable treatment starts with our policies, continues with our processes, and imbues our practices in all we do, from admissions to alumni relations.

That means treating every graduate student and postdoctoral fellow fairly and justly, adopting a holistic approach toward assessing their academic achievement and potential for contributions to their chosen field, whatever their culture or circumstance, and regardless of race, religion, gender, sexual identity and preference, disability status, or socioeconomic background.

It means supporting them, in collaboration with their academic units, along their academic and postdoctoral journeys with targeted mentoring, professional development and networking opportunities. And it means listening deeply to the voices and perspectives of graduate students and postdoctoral scholars on all matters affecting their academic and professional progress, and working together to effect change. Nurturing a culture of inclusive excellence is an ongoing endeavor, by which the actions of each contribute meaningfully to lasting equity for all.

Ensuring inclusivity and the success of those we include means we must also recognize and condemn systemic racism as a reality. We actively fight against both overt and covert racism in all our policies, practices, and initiatives across the college.

Our commitment to anti-racism manifests in our unflinching support for graduate research aimed at uncovering the roots of institutional racism and the routes it takes throughout society, as well as for programs offering just and equitable visions of justice, equity, and success within our own institution, the communities we serve, and the world at large.

We approach anti-racism as an active orientation to institutional transformation and social justice. Toward this end, over the years, the Graduate College has instituted specific actionable measures, initiatives, and impactful reforms to fight racism and racial discrimination in its multiple manifestations in our policies, processes, and practices.

The Graduate College also understands that facing and combatting racism is a lifelong endeavor. We commit to the ongoing evaluation of our progress in the battle against racism, discrimination, and other kinds of prejudice and injustice, with the objective of making our campus more inclusive, inviting, and safe for all members of our community.

Now and in the future, the Graduate College remains committed to the fight against racism. We stand in solidarity as active partners with the historically marginalized members of the communities we serve in realizing a just institution and society where everyone can live in dignity and succeed in their chosen academic and nonacademic endeavors.

Graduate Student Responsibilities

Graduate students are responsible for familiarizing themselves with all university and graduate policies and procedures. Students should also communicate directly with their academic unit to be clear on expectations for degree completion.

Communications with the Graduate College

Important information from the Graduate College is provided to students via their [MyASU](#) portal, their interactive plan of study (iPOS) and their ASU email account. Students should frequently check their [MyASU](#) account, iPOS and ASU email account for the most up-to-date information regarding their status, holds, items to attend to and other important information. All email communication to the Graduate College must come from the secure ASU email account.

Expressing Concerns and Resolving Conflicts

Occasionally, it may happen that a student will run into difficulties with a peer, faculty member, or even advisor or supervisor that seem to defy resolution. While every situation is different, we encourage the following steps for reporting issues within and beyond a program or school:

For matters related to sexual harassment, discrimination, and/or retaliation, follow the reporting procedures detailed here: provost.asu.edu/policies/procedures.

For matters that appear to be outside the scope of formal reporting to the Title IX Office or Office of University Rights and Responsibilities, but are nevertheless difficult to resolve and interfere with the student's effective academic progress, we recommend the following:

- 1) If possible, students should report program-specific issues to the program area head or area coordinator.
- 2) If this report does not resolve the issue or the student is uncomfortable speaking to the program area head or area coordinator, the student may approach the appropriate graduate administrator in their school (e.g., Director of Graduate Studies).
- 3) If a student feels that their concern has not been adequately heard or resolved, they may schedule a meeting with the Director of their school.
- 4) If a student feels that their concern has not been adequately heard or addressed after meeting with individuals in the school, they may report to the appropriate Dean's Office representative.
- 5) If a student is uncomfortable working through the school procedure for any reason, they may go directly to the Dean's Office representative.

Ombudspersons

Designated as impartial fact-finders who can facilitate problem-solving, ombudspersons at the university can help students who are unsure how to resolve their complaints or unsure where to go next. The list of designated ombudspersons is here: provost.asu.edu/committees/ombudspersons-committee.

Application

Submission of an Application

For general admission information and procedures, see students.asu.edu/graduate. Applications for all graduate degree programs, certificate programs and/or non-degree seeking student must be submitted via the students.asu.edu/graduate/apply portal.

Prior to applying to the Graduate College, applicants should review information regarding their specific [graduate program](#) and academic unit application requirements and deadlines.

Note: Students who are returning to school after an approved Leave of Absence are not required to re-apply, so long as the following applies: they must have a Graduate College-approved Leave of Absence on file with the Graduate College prior to their semester of non-registration, and be re-entering the same graduate program for the semester immediately following the approved request.

Application Deadlines*

Application deadlines are set by the graduate programs. Consult the program website or the [Graduate Degree and Certificate Search](#) tool for specific application deadlines.

*Please note that international students wishing to attend an in-person program must apply to Sessions A or C only (Applications for Session B are not available to international students due to visa requirements).

Application Fee

Each application to an ASU graduate program must be accompanied by a non-refundable application fee, payable by credit or debit card at the time of submission. The application fee covers Graduate Admission Services' administrative costs of processing all applications and is not refundable under any circumstance.

- Domestic application fee: \$70;
- International application fee: \$115.

Applicants receive an email acknowledgement once the application has been successfully submitted. The acknowledgement includes an ASURITE ID and activation code so that students may follow the progress of their application through [MyASU](#). Applicants should review [MyASU](#) to monitor their application status, "To Do" items and "Holds".

Application Requirements

Applicants must submit official transcripts from their bachelors granting post-secondary institution. Additional transcripts may be required. 1. To verify that international credentials are comparable to a U.S. bachelors. 2. If significant coursework used towards the bachelor's degree was completed at another institution. 3. If the applicant intends on transferring coursework into a graduate program. Specific program requirements see degrees.apps.asu.edu/masters-phd. General requirements see admission.asu.edu/graduate/apply.

Academic units may have admission requirements in addition to those of Graduate Admission Services. Many graduate programs require scores from a national admissions test such as the Graduate Record Examination (GRE), Graduate Management Admission Test (GMAT) or the Miller Analogies Test. Some programs require a portfolio, letters of recommendation, a statement of goals and/or a resume.

Applicants should consult the academic unit regarding program admission requirements prior to submitting an online application. Programs will submit a recommendation to the Dean of the Graduate College regarding their willingness to admit an applicant.

All documents received by Graduate Admission Services in connection with an application become property of ASU and will not be returned.

Academic Credentials

Applicants who attended school in the United States must hold a bachelor's degree or higher from a regionally accredited U.S. institution in order to be eligible for admission. Applicants are required to provide proof that a bachelor's or graduate degree was awarded before completion of their first semester of graduate studies at ASU.

Applicants who attended school outside of the U.S. must hold a bachelor's or graduate degree, or equivalent, from an institution that is officially recognized by that country. If original credentials are issued in a language other than English, applicants must provide the original language transcripts as well as an official and literal translation. Applicants who attended school outside of the U.S. are required to provide proof that a bachelor's or graduate degree was awarded before completion of their second semester of graduate studies at ASU.

Photocopied documents certified by a notary public are not official. For more information regarding official academic credentials see students.asu.edu/graduate. For additional information regarding official international academic credentials see students.asu.edu/graduate/apply.

Applicants must have maintained a minimum grade point average of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of undergraduate coursework. Provisional admission is possible to some programs for students whose GPA is below a 3.0 (see the section on Admissions).

Because ASU receives applications from many highly qualified students, some applicants may be denied admission for reasons not related to their academic performance. Examples include, but are not limited to: program capacity, mentor availability and/or program match.

ASU may make an exception to the U.S. equivalent bachelor's requirement for admission to certain preapproved programs. This exception requires specific documentation including, but not limited to: postsecondary education, significant work experience in the discipline and/or a non-U.S. equivalent degree that the college leadership and the ASU Graduate College Dean deems equivalent to the learned skills of a bachelor's in that discipline. Specific program requirements see degrees.apps.asu.edu/masters-phd.

Additional International Requirements

International Applicants

Please consult the Graduate Admission Services websites at students.asu.edu/graduate, and students.asu.edu/international/immigration for complete information.

Applicants who will hold an F-1 or J-1 visa must:

- 1) Meet the regulations of the U.S. Immigration and Customs Enforcement (ICE) agency.
- 2) Obtain insurance coverage against illness and accidents before being permitted to register for classes. Insurance must be maintained throughout the students' enrollment at the university.
- 3) Submit proof of [English proficiency](#).
- 4) Submit additional materials as outlined on the Graduate Admission Services website at students.asu.edu/graduate/apply.
- 5) Verify that they have the financial resources to cover their expenses during graduate study at ASU. The [Financial Guarantee form](#). In addition to the **Financial Guarantee** form, if ASU is providing an assistantship, an official offer letter must be sent to the

Graduate Admission Services office. Similarly, if a governmental entity is funding the student, an official letter from the government must be submitted to the Graduate Admission Services office in addition to the **Financial Guarantee** form.

The I-20 or the DS-2019 (documents needed to obtain a student visa) is issued only after the completed and properly verified **Financial Guarantee** form, proof of [English proficiency](#) and supporting documents have been received by the office of Graduate Admission Services. International students may enroll at ASU only if they have been admitted to a degree program or the post-baccalaureate teacher education program.

International students must be enrolled in a graduate degree program to enroll in an in-person certificate program.

International students may enroll in an online certificate program without enrolling in a degree program. After arrival in the U.S., students need to complete the online SEVIS check-in.

Applicants residing in the U.S. on a valid visa must provide proof of a current visa. Please email information to gograd@asu.edu

English Language Requirement

English proficiency is required for all students that wish to enter an ASU graduate program. There are several ways to meet the English proficiency requirement:

- [TOEFL](#) score of at least 66 (PBT) or 80 (iBT). The TOEFL is administered by TOEFL/TSE Services. ASU's institutional code is 4007. ASU accepts only electronic copies of the TOEFL score report.
- [IELTS](#) overall band score of at least 6.5. The IELTS is administered by the University of Cambridge. No institutional code is needed.
- [Pearson](#) Test of English (PTE) score of at least 60. The PTE is administered by Pearson.
- [Duolingo](#) English Test score of at least 105.

Alternatively, Global Launch provides options for satisfying the ASU English Proficiency requirement with completion of Advanced Level 2. It is recommended you check with your department first before enrolling to ensure the college which your program resides in will accept one of these options.

Graduate Options:

- English for Graduate Admissions and Achievement Online Course.
- Completion of online course with a passing score.
- English Language Program – In-person or Online.
- Complete Advanced Level 2 with passing score.

Individual academic units may have higher requirements for English proficiency.

Consult the academic unit's website. English proficiency is only valid for two years and must be taken within two years from the beginning of the semester for which the student applied. Some applicants are exempt from the English proficiency requirement. The following exceptions must be met exactly to be considered for an exemption:

- Applicants who are U.S. Citizens or U.S. Permanent Residents.
- Applicants who have earned a bachelor's degree or higher from a regionally accredited

college/university in the United States.

- Applicants who have earned the equivalent of a U.S. bachelor's degree or higher from an international institution that is officially recognized by that country, and the country is on the ASU English Speaking Country and Territory List (official transcript required).
- Applicants who have earned the equivalent of a U.S. bachelor's degree or higher from an international institution that is officially recognized by that country, and the sole medium of instruction for the program was in English (official transcript required). Student should email gograd@asu.edu to request exemption and include a letter from the institution on letterhead indicating language of instruction or provide information on the institution website to verify language of instruction.
- Applicants who have completed at least 9 semester hours of graduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher at a regionally accredited college/university in the United States or from an international institution that is officially recognized in that country and is on the [ASU English Speaking Country and Territory List](#) (official transcript required).
- Applicants who have completed at least 90 semester hours of undergraduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher in residence at a regionally accredited college/university in the United States (official transcript required).
- Applicants who have completed ASU Global Launch's English for Graduate Admissions and Achievement Online Course with a passing score.
- Applicants who have completed Advanced Level 2 of ASU Global Launch's English Language Program – either in-person or online with passing scores.
- Applicants who have a U.S. High School Diploma (official transcript required).
- Applicants who are citizens from a country or territory listed on the [ASU English Speaking Country and Territory List](#).

All international applicants from countries where the native language is not English must pass an examination that certifies their skill in speaking English before applying for teaching assistantships. Please follow this link to the International Teaching Assistant website for information on how to fulfill this requirement: globallaunch.asu.edu/learn-english/other-services/international-teaching-assistant. Departmental requirements may differ so it is recommended that applicants contact their departments for specific details.

Non-Degree Seeking Applicants

Applicants who do not immediately intend to pursue a graduate degree may apply as non-degree seeking students at students.asu.edu/graduate/nondegree. The application process does not require the submission of academic credentials or test scores

Non-degree applicants must have earned a bachelor's degree or higher from a U.S. regionally accredited institution or the equivalent of a U.S. bachelor's or graduate degree from an international institution that is officially recognized by that country.

There is no limit to the total cumulative credit hours students can take as non-degree students. However, to apply the credit hours toward an ASU master's or doctoral degree, students are limited to twelve credit hours taken within three years of admission to the degree program.

Non-degree students may not be eligible to enroll in some classes. Students should check the enrollment requirements before registering and contact the academic unit offering the courses with questions regarding qualification for registration. See Non-Degree Programs in the Section "Other Graduate Educational Opportunities" for more information.

Financial aid is not available to non-degree students.

In-person non-degree study is typically not available to international students on F-1 or J-1 visas. For exceptions, prior to applying, you must obtain written approval from your Designated School Official (DSO) granting permission for you to take classes.

After Applying

Applicants receive an email acknowledgement once the application has been successfully submitted. The acknowledgement includes an ASURITE ID and activation code so that students may follow the progress of their application through [MyASU](#). Applicants should review [MyASU](#) to monitor their application status, “To Do” items and “Holds”.

Admissions

A minimum grade point average of 3.00 (scale is 4.00 = “A”) in the last 60 semester hours or 90 quarter hours of undergraduate coursework is required to be considered for admission to an ASU graduate degree program.

Academic units submit recommendations regarding admission decisions to Graduate Admission Services, but only the Dean of the Graduate College can make formal offers of admission.

Applicants monitor the status of their application through [MyASU](#). If admitted, the formal letter of admission can be downloaded from [MyASU](#). If denied admission, letters are sent via email to the address on record.

Upon Admission

Students may apply to programs that are both campus-based immersion programs, as well as online-based digital immersion. However, students have to choose one modality to attend if admitted to both.

Admission Types

- **Regular Admission:** Applicant satisfies all requirements for admission and is academically acceptable to both the degree or certificate program and the Graduate College.
- **Provisional Admission:** Applicant does not meet minimum academic standards, but has potential for success. It allows the academic unit to assign a required minimum number of credits, GPA, and/or specific graduate courses so that the student can prove their ability to meet academic standards for the program.
- **Regular Admission with Deficiencies:** Applicant’s grades and test scores are at an acceptable level but applicant does not have the academic background expected by the degree or certificate program and the university. Monitoring deficiency completion is the responsibility of the academic unit.

Admission Deferrals

Students may, with the recommendation of the degree program, defer their initial start semester and year of admission. Requests for deferrals must be submitted by the start of the term of original admission. Students who miss the deferral deadlines have the option to submit a petition for an enrollment exception for the original admit term.

International Student Admission

International students planning to attend ASU on an F-1 student visa or a J-1 exchange visitor visa must provide documentation required by the United States Citizenship and Immigration Services. Visa documents are only issued for international students enrolled in a degree program or the post baccalaureate teacher education program. There are strict regulations regarding when an I-20 or DS-2019 can be issued. Detailed information may be found at: students.asu.edu/international/immigration.

Registration and Enrollment

All students enrolled in on-campus programs are required to have proof of measles immunizations on file with [Student Health](#) prior to registration.

Graduate students register through [MyASU](#) according to their enrollment appointment. Details regarding registration and course drop/add procedures are provided in the [Registration and Tuition Payment Guide](#).

Enrollment Verification Guidelines

The University's Registrar's Office will verify student enrollment each semester according to the general guidelines that follow.

Enrollment Verification Guidelines for Graduate Students

	Full Time*	Half Time	Less Than Half Time
Regular Semester			
Graduate	9 or more hours	5-8 hours	4 or fewer hours
Six-Week Summer Sessions			
Graduate	3 or more hours	2 hours	1 hour
Eight-Week Summer Session			
Graduate	5 or more hours	3-4 hours	2 or fewer hours

*Audited courses do not count toward full-time enrollment

International F-1 and J-1 students are required to maintain full-time enrollment status.

Any exception to full-time enrollment must be previously approved by the [International Student and Scholars Center \(ISSC\)](#).

Registration for Students Holding Graduate Appointments

All Graduate Teaching Assistants and Associates (TAs), and Graduate Research Assistants and Associates (RAs) must register for a minimum of six semester hours of appropriate credit during each academic term of their appointment. The six hours cannot include audit enrollment. **Academic units may have specific requirements regarding RA/TA appointments; students should consult with their degree program unit.**

TAs and RAs are treated as residents for tuition purposes.

TAs and RAs appointed for 10 hours per week (25 percent FTE) will receive a partial tuition

award (reflected as RA/TA Remission on the student account). **Student will be responsible for 50% of the Arizona base resident tuition costs.**

TAs and RAs appointed for 20 hours per week (50 percent FTE) will receive a tuition award (reflected as RA/TA Remission on your student account) for 100% of tuition charges. This appointment also provides premium coverage for ASU individual health insurance if you elect health insurance coverage.

Tuition awards do not cover program-specific tuition charges and fees.

Due to federal regulations, international students on F-1 and J-1 visas are allowed to work a maximum of 20 hours per week while school is in session (fall and spring semesters). International students are allowed to work 40 hours per week during summer sessions with academic unit approval. International students typically are not allowed to seek employment outside the university; students must consult with the International Student and Scholars Center (ISSC).

Detailed information and application procedures regarding Graduate Assistantships can be found at graduate.asu.edu/current-students/funding-opportunities/graduate-appointments-and-assistantships.

Maximum Course Load

The Graduate College does not have a maximum credit hour enrollment policy. It is expected that academic units will set course loads for their students that facilitate academic success.

Continuous Enrollment

Once admitted to a graduate degree program or graduate certificate program, students must be registered for a minimum of one graduate-level credit hour during all phases of their graduate education, including the terms in which they were admitted and graduate. This includes periods when students are engaged in research, conducting a doctoral prospectus, working on or defending theses or dissertations, taking comprehensive examinations, taking Graduate Foreign Language Examinations or in any other way utilizing university resources, facilities or faculty time.

Registration for every fall semester and spring semester is required. Summer registration is required for students taking examinations, completing culminating experiences, conducting a doctoral prospectus defense, defending theses or dissertations or graduating from the degree program. Summer registration is also required for students whose first matriculation term is the summer and for those graduating in the summer.

To maintain continuous enrollment, the credit hour(s) must satisfy one or more of the following:

- Appear on the student's Interactive Plan of Study (iPOS).
- Be research (592, 692, 792), thesis (599, 699), dissertation (799), or continuing registration (595, 695, 795).
- Be a graduate-level course.
- Be a 400-level course that is listed on an approved iPOS.
- Be a deficiency course that is listed on the student's admit letter.

Grades of "W" and/or "X" are not considered valid registration for continuous enrollment purposes. "W" grades are received when students officially withdraw from a course after the drop/add period. "X" grades are received for audit courses. All other grades, including "E," "EU" and/or "EN" are considered valid registration for continuous enrollment purposes despite

receiving no credit. “E” is a failing grade, “EU” is for failing and did not complete the course, and “EN” is for failing and never participated in the course. Undergraduate courses not included on the iPOS do not satisfy the Graduate College continuous enrollment policy.

Additionally, students completing work for a course in which they received a grade of “I” must maintain continuous enrollment as defined previously. Graduate students have one year to complete work for an incomplete grade; if the work is not complete and the grade changed within one year, the “I” grade becomes permanent and will remain on the students’ transcripts. Additional information regarding incomplete grades can be found at asu.edu/aad/manuals.

Leaves of Absence

Graduate students planning to discontinue registration for a semester or more must submit a [Leave of Absence request via their Interactive Plan of Study \(iPOS\)](#). This request must be submitted and approved before the anticipated semester of non-registration. Students may request a maximum of two semesters of leave during their entire program. Having an approved **Leave of Absence** by the Graduate College will enable students to re-enter their program without re-applying to the university.

Students who do not register for a fall or spring semester without an approved Leave of Absence are considered withdrawn from the university under the assumption that they have decided to discontinue their program. Students removed for this reason may re-apply for admission to resume their degree program; the application will be considered along with all other new applications to the degree program.

Students with a Graduate College approved **Leave of Absence** are not required to pay tuition and/or fees, but in turn are not permitted to place any demands on university faculty or use any university resources. These resources include university libraries, laboratories, recreation facilities or faculty and staff time.

Voluntary Withdrawal from ASU

Students who wish to withdraw from their graduate degree or certificate program and the university must complete and submit a [Voluntary Withdrawal form](#). Students must separately complete the appropriate forms with the University Registrar to withdraw from their courses. International students should contact the [International Student and Scholars Center \(ISSC\)](#) before submitting a **Voluntary Withdrawal** form, as it most likely will affect their visa status.

Voluntary Withdrawal for Choosing a New Program

Students who wish to discontinue a graduate program should complete and submit a [Voluntary Withdrawal form](#). Students should not take this action until they have been admitted to the other graduate degree program.

Medical/Compassionate Withdrawal

There are appropriate circumstances when students may need to withdraw from the university (i.e., medical withdrawal, compassionate leave). The policies for such withdrawals are the same for both undergraduate and graduate students. An approved **Medical/Compassionate Complete Withdrawal** is valid towards meeting the continuous enrollment policy.

Academic Progress

Satisfactory Academic Progress

All graduate students are expected to make systematic progress toward completion of their graduate program. This progress includes satisfying the conditions listed below, and achieving the benchmarks and requirements set by the individual graduate programs as well as the Graduate College. If a student fails to satisfy the requirements of their program and/or the benchmarks outlined below, the student may be dismissed from their program based on the academic unit's recommendation to the Graduate College, at which time the Dean of the Graduate College makes the final determination.

Satisfactory academic progress includes:

- 1) Maintain a minimum 3.00 for all GPAs (see definitions below).
- 2) Satisfy all requirements of the graduate program.
- 3) Satisfy the maximum time limit for graduation for the student's graduate program (six years for masters and certificates, ten years for doctoral), see "Time Limit" sections.
- 4) Successfully pass comprehensive exams, qualifying exams, foreign language exams, and the oral defense of the proposal/prospectus for the thesis or dissertation.
- 5) Successfully complete the culminating experience.
- 6) Graduate students must **remain continuously enrolled** in their graduate program. Failing to do so without a Graduate College approved **Leave of Absence** is considered to be lack of academic progress and may result in the Graduate College withdrawing the student from their program. See full **Leave of Absence** rules above.

Grade Point Averages

Graduate students must maintain a minimum 3.00 (scale is 4.00 = "A") grade point average (GPA) to maintain satisfactory academic progress and to graduate. The minimum 3.00 GPA must be maintained on all GPA's (Plan of Study (iPOS) GPA, Overall Graduate GPA and Cumulative GPA).

- 1) The iPOS GPA is calculated on all courses that appear on the student's approved iPOS.
- 2) Cumulative GPA represents all courses completed at ASU during each graduate career. Students completing one graduate program and beginning another (including certificates) will have their cumulative GPA "reset" to begin again.
- 3) The Overall Graduate GPA is based on all courses numbered 500 or higher that appear on the transcript after admission to a graduate program (or graduate non-degree). This includes shared 500-level coursework taken as part of an approved accelerated bachelor's/master's program.

Transfer credits and some courses taken in the Sandra Day O'Connor College of Law are not calculated on in the iPOS GPA or the Graduate GPA.

Courses lower than a "C" cannot appear on the iPOS but will be included when calculating the Graduate GPA. Courses with an "I" grade cannot appear on the iPOS.

Academic Dismissal by the Graduate College

Students who do not comply with Graduate College policies for continuous enrollment and satisfactory academic progress may be withdrawn from their graduate program after review by the Dean of the Graduate College.

In addition, academic units may recommend withdrawal of students from graduate programs for lack of compliance with published departmental policies or lack of satisfactory academic progress. All such recommendations must be submitted to the Graduate College with

appropriate documentation (e.g., nature of issue, communications with student). Students may appeal such recommendations at the level of their program, department, and/or college level. When they come to the Graduate College, they will be reviewed for procedural due diligence only. If the Dean of the Graduate College (or the Dean's designee) concurs with the recommendation, the student will receive the official notification of dismissal from the Graduate College. Only the Dean of the Graduate College may withdraw students from a graduate program due to lack of compliance with satisfactory academic progress policies.

Students who have been withdrawn from a graduate program due to lack of compliance with published departmental or Graduate College policies, or lack of satisfactory academic progress are eligible to apply for admission to the same program only after one year has passed from the term of the withdrawal.

It is important to note that program dismissal is **not** an option for students who have been found in serious violation of ASU's Academic Integrity policies by their unit; they must be recommended either for suspension (for a specified period of time) or expulsion (with no expectation of readmission) to the Provost's office, which has the ultimate authority in matters of suspension and expulsion. Students are afforded a final appeal at the university level in such cases. For further information on policy and procedures, consult the [Academic Integrity Student Policy](#).

Graduate Program Requirements

Determination of Academic Requirements

The requirements and policies that students must follow are based on the catalog and manuals for the semester and year of their admission to a graduate program. Students who fail to maintain continuous enrollment and are re-admitted to the graduate program, graduate under the requirements and policies in effect at the time of the new admission date. All programs are required to have program handbooks specifying all program requirements and to make them available to students at the beginning of their degree programs.

Master's Degree Programs

A minimum of 30 credit hours of graduate-level coursework including a culminating experience is required for a master's degree, although individual programs may have higher requirements. The culminating experience may be a written comprehensive examination, a capstone course, an applied project, a written portfolio, a thesis or equivalent.

Students who have a capstone or applied project course requirement must receive a grade of "B" or better. Students who fail to achieve a final grade of "B" or better must retake the course and earn a "B" or better to complete the program.

Doctoral Degree Programs

A minimum of 60 credit hours of graduate-level coursework are required for a professional doctorate degree. A minimum of 84 credit hours of graduate-level coursework and a written comprehensive examination are required for a PhD degree, although individual programs may have higher requirements. Additionally, the Foreign Language Examination, oral comprehensive examination and/or dissertation or equivalent may be required. A written comprehensive examination and prospectus (research proposal) is required for all programs requiring a dissertation.

The Interactive Plan of Study (iPOS)

The Interactive Plan of Study (iPOS) functions as an agreement between the student, the academic unit and the Graduate College. The iPOS contains certain requirements such as coursework, a committee and a culminating experience which must be specified before the final plan of study can be approved. The academic unit's graduate support staff should be the primary contact for questions regarding iPOS, degree and certificate requirements. The iPOS must be approved by a student's committee, the head of the academic unit, and the Dean of the Graduate College.

Graduate students are required to complete their iPOS in their first enrolled semester. This requirement will be monitored by your academic unit and is considered critical to satisfactory academic progress.

Coursework

Graduate-level courses are those numbered 500 or higher. All core courses required by a graduate program must be at least 500-level. A maximum of 6 credit hours of 400-level coursework can be included on an iPOS with program approval. 400-level courses taken prior to admission and 400-level courses graded as "Pass/Fail" are not acceptable. Courses with grades of "D", "E", or "W" and audited courses (graded as "X") cannot be included on an iPOS. **Courses applied to a previously awarded degree cannot be included on an iPOS unless the student is enrolled in an approved course-sharing degree program.**

Any course with a grade of Incomplete ("I") must be completed within one calendar year of the end of the scheduled course. If a regular grade is not assigned within the calendar year, the "I" becomes permanent. The student will have to re-register for the course to receive credit. For additional information regarding incomplete grades, consult the [Student Services Manual](#).

Graduate students may register to audit one or more courses with the approval of the supervisory committee chair and the consent of the instructor involved. An audited course does not count toward the minimum number of credits required for international students with visa restrictions, students employed as TA/RAs, or students receiving financial assistance. Courses taken for audit do not satisfy the Graduate College continuous enrollment policy. Undergraduate courses not included on the iPOS do not satisfy the Graduate College continuous enrollment policy unless they are notated on the admission letter as a deficiency.

Master's degree students whose culminating experience is a thesis must include 6 (and only 6) credit hours of 599 Thesis on the iPOS. Doctoral students whose culminating experience is a dissertation must include 12 (and only 12) credit hours of 799 Dissertation on the iPOS. Thesis and Dissertation credit hours may only receive grades of "Z" (research is in progress), or "Y" (research is satisfactorily complete). PhD students may apply up to 30 credit hours, sometimes referred to as a blanket 30, of appropriate coursework from a previously awarded master's degree toward their PhD plan of study with approval of their academic unit and the Graduate College. Professional doctorates may apply either up to 15 or up to 30 credit hours of appropriate coursework from a previously awarded master's degree toward their doctoral plan of study with approval of their academic unit and the Graduate College. Students should consult their program handbook for specific rules regarding their professional doctorate.

Petitions

A formal request for an exception to any Graduate College policy requires a petition to be completed by the student, and must be approved by the committee chair and the head of the academic unit. The Graduate College office will review the petition and make a final determination. Petitions to utilize coursework older than 3 years may result in maximum time limit being adjusted. The Graduate College Dean has final authority in all matters of Graduate College policy.

Pre-Admission Credits

Credit hours completed at ASU or at another regionally accredited U.S. institution or international institution officially recognized by that country, before the semester and year of admission to an ASU graduate degree program, are considered pre-admission credits. With the approval of the academic unit and the Graduate College, students may include a maximum of 12 graduate-level credit hours with grades of “B” or better that were not used towards a previous degree. Coursework taken while completing another degree awarded at another institution cannot apply to an ASU graduate degree, except for the blanket credit hours of appropriate coursework from a previously awarded master’s degree that can be used towards a doctoral degree, or unless enrolled in an approved course-sharing degree program. Pre-admission credits must have been taken within 3 years of admission to the ASU degree or certificate program to be accepted. If coursework older than 3 years from the admission term of a new program is being applied towards the program as pre-admission coursework, the maximum time limit may be updated to reflect the start date of the pre-admission coursework.

Note: All ASU credits used to earn a certificate may also be used towards a graduate degree provided they were completed within the last 3 years, and a grade of “B” or better was earned.

Accelerated Master’s programs may use a maximum of 12 pre-admission credit hours which may be shared between a Bachelor’s and Master’s program. Students may not exceed the 12-credit hour pre-admission policy. Students in accelerated programs should contact their advisor to ensure proper sharing of credit hours. See “Accelerated Master’s Programs” under “Other Graduate Educational Opportunities” for more information.

Official transcripts must be sent to Graduate Admission Services from the records office of the institution where the credits were earned.

Certain types of graduate credits cannot be transferred to ASU, including credits awarded in the following situations:

- By post-secondary institutions that lack candidate status or accreditation by a regional accrediting association, or an equivalent international institution.
- Life experience.
- Courses taken at non-collegiate institutions (e.g., government agencies, corporations, and industrial firms).
- Courses, workshops and seminars offered by other postsecondary institutions as part of continuing education programs.
- Extension courses.

Academic credits earned at institutions other than ASU that base their credit calculation on a different scale from ASU’s are subject to conversion before inclusion on the iPOS. In all cases, the inclusion of transfer courses on the iPOS is subject to approval by the academic unit and the Dean of the Graduate College.

Graduate Credits Earned by ASU Undergraduate Students

ASU students enrolled in an approved Accelerated Master’s degree program (formerly referred to as 4+1), may share ASU credit hours. Students must contact their ASU undergraduate advisor and graduate support staff to ensure proper sharing of credit hours. Accelerated Master’s students may earn up to a maximum of 12 graduate credit hours during their undergraduate degree to be used later towards the master’s degree.

Reserved Credit - Upon approval by the unit and the Graduate College, undergraduate ASU seniors with at least a 3.0 cumulative GPA may reserve up to 12 graduate-level credit hours (6 credits of which may be 400-level), for possible use towards a future ASU graduate program. Reserved courses must have grades of “B” or better for use in a future graduate program and have been completed within 3 years. Courses must be officially reserved in the Degree Audit System (DARS) for eligibility, and may not be used towards any baccalaureate graduation requirement. Students may not exceed the 12-credit hour pre-admission policy.

An undergraduate degree and a graduate degree may not be awarded during the same term of enrollment. Students must apply, be admitted and be registered as graduate students to earn a master’s or doctoral degree at ASU. See “Accelerated Master’s Programs” under “Other Graduate Educational Opportunities” for more detailed information.

Sandra Day O’Connor College of Law Credit

The Graduate College accepts a numerical grade of 70 or above for courses taken in the ASU Sandra Day O’Connor College of Law as part of an approved Plan of Study. These grades are not used in the two GPAs calculated for graduation unless needed, as determined by the Graduate College. The Sandra Day O’Connor College of Law also utilizes a letter grade system for coursework; letter grades are submitted as part of an approved Plan of Study and are calculated in the GPAs.

Repeating ASU Courses

Graduate students (degree or non-degree) may retake any course at ASU; however, all grades are part of the students’ permanent academic record, remain on the transcript and are used in all GPA calculations.

Graduate Foreign Language Examination (FLE)

Graduate programs may require at least a reading level proficiency of a foreign language relevant to the area of study. Students who are required to demonstrate proficiency in a foreign language must pass the [Graduate Foreign Language Examination](#) specific to their particular graduate program. Students must be enrolled for a minimum of one credit hour during the term in which they take the examination.

Students must successfully complete the Foreign Language Examination before taking any required comprehensive examinations or scheduling the final oral defense of the thesis or dissertation. Students may submit a petition to the Graduate College for a re-examination but must pass the examination in no more than three attempts.

Master’s Degree

Master’s Degree Plan of Study (iPOS)

Graduate students are required to complete their iPOS in their first enrolled semester. This requirement will be monitored by your academic unit and is considered critical to satisfactory academic progress. Students are not eligible to schedule a comprehensive examination or defense without an approved iPOS.

Master’s Degree Minimum Credit Hours

A minimum of 30 credit hours of graduate work is required for a master’s degree at ASU. If a thesis is required, 6 (and only 6) of the minimum required credit hours on an iPOS must be 599

Thesis credits. Interactive Plans of Study submitted for master's degrees that do not have a thesis requirement cannot include 599 Thesis credits. If an applied project is required, the Applied Project course (XXX 593) must be included on the iPOS and requires a grade of "B" or better.

Master's Degree Maximum Time Limit

All work toward a master's degree must be completed within six consecutive years. The six years begin with the semester and year of admission to the program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program. If coursework completed over 3 years ago is being applied towards a degree program as pre-admission coursework, the maximum time limit may be updated to reflect the start date of the pre-admission coursework.

Master's Degree Supervisory Committee

A master's supervisory committee must be appointed before the student may apply for the comprehensive examination or before the student can register for 599 Thesis credits (if applicable). The committee is appointed by the Dean of the Graduate College upon the recommendation of the head of the academic unit. For programs requiring a thesis or written examination, the supervisory committee comprises a minimum of three members, including a chair or two co-chairs. At a minimum, the Chair or Co-Chair of the committee is required to be ASU faculty or an approved faculty affiliate.

Tenured/tenure-track faculty may serve as members of a master's graduate supervisory committee, chair or co-chair. The chair of the committee is typically from the student's degree program and should be carefully selected by the students to guide their work.

Master's Thesis/Thesis Defense

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress") prior to scheduling a defense. See the Supervisory Committee section and the Thesis/Dissertation section below for more information.

Other Master's Culminating Experiences

A written comprehensive examination, capstone course, applied project or written portfolio is required as a culminating experience in master's programs that do not have a thesis requirement. The Graduate College office requires a written component to the comprehensive examination; academic units may also require an oral component. Students must have an approved iPOS prior to scheduling their comprehensive examination and/or registering for their applied project or capstone course. An applied project requires registration in the Applied Projects course (XXX 593) and requires a grade of "B" or better. A capstone course requires a grade of "B" or better.

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress") in the semester of the culminating experience.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they complete their culminating experience.

Master's Comprehensive Examination

Students must be in good academic standing regarding GPA requirements (see previous section titled “Satisfactory Academic Progress”) prior to taking master’s comprehensive examinations. Foreign language requirements, if applicable, must be fulfilled before taking the comprehensive examinations.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they take their comprehensive examinations. If the date of defense falls between semesters, the student is required to register for the next available semester.

The master’s comprehensive examination must have a written component; however, individual master’s degree programs may require an additional oral component of the comprehensive exam for all of their students based on the academic progress policy of the program.

Students must schedule the comprehensive examination with their academic unit. All comprehensive examination results must be reported to the Graduate College office via the students’ iPOS immediately upon completion.

Failing the comprehensive examination(s) is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a re-examination. **Only one re-examination is permitted.** A petition with substantial justification for re-examination, endorsed by the members of the students’ supervisory committee and the head of the academic unit, must be approved by the Dean of the Graduate College before students can take the examination a second time.

Re-examination may be administered on a timeline recommended by the committee chair, which should be no later than one year from the date of the original examination. The Graduate College office may withdraw students from the degree program if the students’ petition for re-examination is not approved, or if the students fail to successfully pass the retake of the comprehensive examination(s).

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

Students who have received a final result of failure in the comprehensive examination will be recommended for dismissal by the Academic Unit.

Doctor of Philosophy Degree

Doctor of Philosophy (PhD) Degree Interactive Plan of Study (iPOS)

Graduate students are required to complete their iPOS in their first enrolled semester. This requirement will be monitored by your academic unit and is considered critical to satisfactory academic progress.

Students are not eligible to apply for the Foreign Language Examination (if applicable), comprehensive examinations, dissertation proposal/prospectus or dissertation defense (if applicable) without an approved iPOS.

PhD Degree Minimum Credit Hours

A minimum of 84 credit hours of graduate work is required for a PhD degree at ASU. If a dissertation is required, 12 (and only 12) of the minimum required credit hours on the iPOS must be 799 Dissertation credits. Interactive Plans of Study submitted for PhD degrees that do

not have a dissertation requirement cannot include 799 Dissertation credits. Students may apply up to 30 credit hours from a previously awarded master's degree toward their PhD iPOS with approval of the program and supervisory committee and the Dean of the Graduate College. The credit hours must be from a regionally accredited or internationally recognized institution.

PhD Degree Maximum Time Limit

PhD students must complete all program requirements within a ten-year period. The ten-year period begins with the semester and year of admission to the PhD program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program (previously awarded master's degrees used on the Interactive Plan of Study are exempt). If older coursework is being applied towards a degree program as pre-admission coursework, the maximum time limit may be updated to reflect the start date of the pre-admission coursework.

Any exception to the time limit policy must be approved by the supervisory committee, the head of the academic unit and the Dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

The Supervisory Committee

Students are guided by faculty mentors who advise them through their degree program. Students should identify their advisors early in their graduate career and look to them for guidance in their graduate work. Once students have selected a supervisory committee, the head of the academic unit recommends the supervisory committee to the Dean of the Graduate College who reviews and appoints the committee. Graduate supervisory committees must consist of a minimum of three individuals, including a chair or two co-chairs.

PhD programs may have additional requirements for committee composition. This committee serves as the intellectual guide for students and must approve the research/scholarly focus and substance of the dissertation. The members of the dissertation committee have the necessary knowledge and skills to advise the student during the formulation of the research topic and during the completion of the research and the dissertation.

Dissertation chairs and co-chairs must be approved by the Dean of the Graduate College and each degree program maintains a list of faculty members approved by the office for the Graduate College. Most resident faculty at ASU may serve on dissertation committees with the proviso that they have appropriate expertise in the discipline. At a minimum, the Chair or Co-Chair of the committee is required to be ASU or approved ASU-affiliate faculty.

All PhD programs have a [Graduate Faculty](#). The Graduate Faculty in a PhD program may also include highly qualified individuals from outside the university who have been approved to serve on committees. Each PhD program maintains a list of faculty members approved by the Graduate College to chair or co-chair PhD dissertations. Additional information regarding ASU Graduate Faculty can be found at [graduate faculty guidelines](#).

Doctoral students (including PhD, DMA, DPP, DBH, DNP, DBA, AuD and EdD) are urged to communicate with their academic unit to confirm eligibility of faculty to chair doctorate committees early on in the planning of their dissertation projects.

The final committee membership must be appointed by the Dean of the Graduate College before the student may apply for comprehensive examinations, defend the dissertation prospectus, and register for 799 Dissertation course credits (if applicable).

Supervisory Committee Roles and Responsibilities

The chair or supervisor is principally responsible for directing student work and facilitating the work of the committee. Typically, this involves working with the student to develop the overall approach to and plan of work for the project, including its timeframe and budget; providing initial review and guidance for the proposal and chapter drafts; reviewing and approving all subsequent drafts; helping to reconcile the comments of committee members on those drafts; ensuring the document meets ASU format and publication standards; and facilitating the defense and final revisions, as necessary.

The other members of the committee are responsible for providing additional research guidance according to their expertise; providing detailed feedback on prospectus and thesis/dissertation drafts; working with the student and the chair to reconcile differing comments; attending the defense; and reviewing any final revisions required.

The student is responsible for coordinating prospectus and thesis/dissertation defense meeting times and places; for providing all materials requested/approved by the chair to be distributed to committee members; and for communicating with committee members about review timeframes in order to meet all Graduate College deadlines.

On the occasion that committee members must be replaced, students may do so with the approval of their chairs via an iPOS petition to the Graduate College. In instances where the chair must be replaced, or if a complete committee reconstitution must occur, students are advised to consult with the director of the graduate program and/or school leadership for assistance. The Dean would need to appoint a qualified designee to serve as a replacement for a Chair.

PhD Comprehensive Examination

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress") prior to taking PhD comprehensive examinations.

When students have essentially completed the coursework on an approved iPOS, they must request permission to take the PhD comprehensive examination. The PhD comprehensive examination must have a written component; however individual PhD programs may require an additional subsequent oral component of the comprehensive exam for all of their students based on the academic progress policy of the program. These examination(s) are designed to assess students' mastery of the field of specialization.

PhD comprehensive examination(s) are administered by a committee consisting of a minimum of three members. Specific professional doctorate programs may not require a written or comprehensive exam.

Foreign language requirements, if applicable, must be satisfied before taking the comprehensive examination(s).

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they take their comprehensive examinations. If the date of defense falls between semesters, the student is required to register for the next available semester.

Students must schedule the comprehensive examination with their academic unit. All comprehensive examination results must be reported to the Graduate College office via the students' iPOS immediately upon completion.

Failing the comprehensive examination(s) is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a re-examination. **Only one re-examination is permitted.** A petition with substantial justification for re-examination, endorsed by the members of the students' supervisory committee and the head of the academic unit, must be approved by the Dean of the Graduate College before students can take the examination a second time. Re-examination may be administered no sooner than three months and no later than one year from the date of the original examination.

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

Students who have received a final result of failure in the comprehensive examination will be recommended for dismissal by the Academic Unit.

PhD Prospectus Defense

All students in programs that require a dissertation are required to conduct a dissertation proposal/prospectus defense. Results of the defense are submitted via the student's iPOS. Failure of the proposal/prospectus oral defense is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a second proposal defense. If a second defense is approved, students must submit the new prospectus by the end of six months (beginning from the date that the first PhD dissertation proposal defense was held). If the academic unit does not grant the students permission to retake the proposal defense, or if the students fail to pass the retake of the proposal defense, the Graduate College may withdraw the students from the degree program.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they conduct their PhD prospectus.

PhD Candidacy

PhD students (with specific degree program exceptions approved by the Dean of the Graduate College) achieve candidacy status upon the successful completion of the comprehensive examination(s), the Foreign Language Examination (if applicable), and successfully defending the dissertation prospectus (if applicable). PhD students who have been advanced to candidacy are required to maintain continuous enrollment until all degree requirements have been completed and they have graduated.

PhD Dissertation/Dissertation Defense

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress") prior to scheduling the defense. Also see "Thesis/Dissertation Consideration" section for more information.

Professional Doctorate Degree

Professional Doctorate Degree Interactive Plan of Study (iPOS)

Graduate students are required to complete their iPOS in their first enrolled semester. This requirement will be monitored by your academic unit and is considered critical to satisfactory academic progress.

Students are not eligible to apply for the following, if applicable, without an approved iPOS: Foreign Language Examination, comprehensive examinations, dissertation proposal/prospectus or dissertation defense, applied project or capstone.

Professional Doctorate Degree Minimum Credit Hours

A minimum of 60 credit hours of graduate work is required for a professional doctorate degree at ASU. If a dissertation is required, 12 (and only 12) of the minimum required credit hours on the iPOS must be 799 Dissertation credits. Interactive Plans of Study submitted for professional doctorate degrees that do not have a dissertation requirement cannot include 799 Dissertation credits. With approval of the program and supervisory committee and the Dean of the Graduate College, students may apply up to 15 credit hours from a previously awarded master's degree towards the iPOS for professional doctorate programs requiring less than 84 credits. Students may apply up to 30 credit hours from a previously awarded master's degree towards the iPOS for professional doctorate programs requiring 84 credits. The credit hours must be from a regionally accredited or internationally recognized institution.

Professional Doctorate Degree Maximum Time Limit

Professional doctorate students must complete all program requirements within a ten-year period. The ten-year period begins with the semester and year of admission to the professional doctorate program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program (previously awarded master's degrees used on the Interactive Plan of Study are exempt). If older coursework is being applied towards a degree program as pre-admission coursework, the maximum time limit may be updated to reflect the start date of the preadmission coursework.

Any exception to the time limit policy must be approved by the supervisory committee, the head of the academic unit and the Dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

The Supervisory Committee

Students are guided by faculty mentors who advise them through their degree program. Students should identify their advisors early in their graduate career and look to them for guidance in their graduate work. Once students have selected a supervisory committee, the head of the academic unit recommends the supervisory committee to the Dean of the Graduate College who reviews and appoints the Committee.

ASU offers professional doctorate degrees that require a dissertation and some that do not. Professional doctorate programs that require a dissertation must follow the same committee guidelines as PhD programs. Professional doctorate programs that do not require a dissertation may have different requirements for committee composition, including the minimum number of committee members. All professional doctorate programs require an approved faculty committee.

Like PhD programs, all Chairs and co-chairs must be approved by the Dean of the Graduate College and each degree program maintains a list of faculty members approved by the office for the Graduate College. Most resident faculty at ASU may serve on committees with the proviso that they have appropriate expertise in the discipline. At a minimum, the Chair or Co-Chair of the committee is required to be ASU or approved ASU-affiliate faculty.

All doctoral-level students (including PhD, DMA, DPP, DBH, DNP, DBA, AuD and EdD) are urged to communicate with their academic unit to confirm eligibility of faculty to chair their committees early on in the planning of their culminating experience.

The final committee membership must be appointed by the Dean of the Graduate College before the student may apply for, if applicable, comprehensive examinations, dissertation proposal/prospectus or dissertation defense, or register for culminating event course credits. Standard supervisory committee roles and responsibilities apply to professional doctorate committees.

Professional Doctorate Degree Culminating Events

Professional doctorate degrees that require a dissertation follow all standard policies regarding the comprehensive exams, prospectus, defense, and dissertation. Specific professional doctorate degree programs may not require a dissertation, but may still require a written or oral comprehensive exam. For professional doctorate programs that require comprehensive exams, students must follow the same standards for comprehensive exams for PhD students.

Instead of a dissertation, some professional doctorate programs may require a culminating event of an independent applied project or a capstone course, both of which require a written component and a final grade of B or better. Specific academic programs may also require an oral presentation or poster session as a component of these culminating event options. The written component, oral presentation, and poster sessions do not follow the same requirements as outlined by the Graduate College for the standard PhD defense and format process.

All students are required to register for at least one semester hour of graduate level credit during the fall, spring or summer session in which they conduct their culminating event.

Other Graduate Educational Opportunities

Graduate Certificates

The graduate certificate is a programmatic series of linked courses. Graduate certificates facilitate professional growth for people who already hold the baccalaureate degree. For more information on current graduate certificates see the [Graduate Degree and Certificate Search tool](#).

Certificate Admission

All applications for graduate certificate programs must be submitted through asu.edu/gradapp.

Certificate Requirements

A minimum of 15 semester hours of graduate work is required to complete a graduate certificate. No more than one-fifth (20 percent) of the minimum required credit hours for a graduate certificate may be transferred from another university. All transfer work must meet the Graduate College transfer policies. All coursework used to complete an ASU graduate certificate must be completed within a six-year time limit. Courses at a 400-level may be allowed with prior approval from the appropriate certificate program; however, a minimum of two-thirds of the courses taken to complete the certificate must be at the 500-level or above. No more than 40 percent of coursework towards the requirements of a graduate certificate can be completed prior to admission to the certificate program. Following standard pre-admission policies, all ASU credit hours earned in a certificate program may also be used towards a degree program and credits earned in a degree program may also be used towards a

certificate. Students completing two certificates may share up to 20% of the minimum required credit hours for the certificates.

Awarding of a Graduate Certificate

Students will be eligible for the official posting of the graduate certificate to their transcripts when all applicable coursework has been successfully completed and Graduate College requirements have been met (including a 3.0 minimum iPOS, Graduate and Cumulative GPA). Students must submit an approved Interactive Plan of Study, and apply for graduation in order to complete the certificate program.

Completing Degree Programs Concurrently

Students may pursue concurrent degrees, provided the degree programs are graduate level and in different academic areas, with prior written approval from the head of the academic unit for each degree program and the Graduate College. A separate online application is required for each degree program, except in the case of predefined concurrent programs. For concurrent master's programs, a maximum of 20 percent of the minimum total credit hours for the completion of both degrees may be shared. For concurrent programs that include a doctoral program, a maximum of 12 credit hours may be shared. The total number of credit hours common to both degree programs may vary from this maximum value only when the Graduate College has formally approved coordinated degree programs.

Coursework common to both programs must constitute a well-planned and meaningful part of each of the programs and may only include coursework completed after admission to both degree programs. In all cases, the guidelines below must be followed:

- 1) Students must maintain continuous enrollment as previously defined. Registration in both programs *may* be required each semester. Please see the academic unit for specific satisfactory academic progress and program rules. Students may request a leave of absence to maintain continuous enrollment, but a separate request must be submitted for each program. Students may not be registered for coursework for either program while on a leave of absence.
- 2) Graduate credit transferred from another institution may be applied toward only one of the degree programs.
- 3) Culminating experiences (e.g. capstone courses, theses, applied projects) and comprehensive examinations cannot be shared between concurrent programs.
- 4) The 15 to 30 blanket hours allowed for doctoral programs from a previously awarded master's degree may only be applied to one of the doctoral programs.
- 5) The maximum time limit for completing degree requirements and graduation apply to each concurrent degree individually (6 years for master's; 10 years for doctoral).

Pre-approved Concurrent Degree Programs

The Graduate College has formally approved coordinated concurrent degree programs that students can pursue. These programs have specific set shared hours approved in their proposals. Units should refer to these to review the proper shared credit hours and other applicable policies.

Non-Degree Programs

Continuous enrollment is not required for students admitted as non-degree seeking. Students should check the enrollment requirements for courses before registering and contact the academic unit offering the course regarding registration questions. Non-degree seeking students who decide to apply to a degree program may be allowed to apply up to 12 applicable

credit hours taken within three years of admission to the degree program. Students should seek advising from the intended program for applicable course options.

Master's in Passing (MIP)

Where there is an approved Master's in Passing (MIP) program in place for a doctoral degree, those doctoral students who complete the requirements of the approved MIP may be awarded the related master's degree. Students should check with their doctoral program to see if there is an approved MIP for their degree. Students with an existing master's degree with the same major are not eligible.

Students who include any blanket hours from a previously awarded master's degree on their doctoral Interactive Plan of Study are not eligible for a Master's in Passing. All coursework included in an MIP Interactive Plan of Study must have been completed after the semester and year of admission to the doctoral program.

Accelerated Master's Programs

ASU allows for the simultaneous pursuit of an undergraduate and graduate degree in certain pre-approved programs. In such cases, the program must be approved by the Dean of the Graduate College. The undergraduate students must meet the unit's criteria for approval to pursue their accelerated program and be granted consent to complete up to 12 credits of graduate coursework.

Students must contact their ASU undergraduate advisor and graduate support staff to ensure proper sharing of credit hours. Students may not share any credit hours taken as an undergraduate student unless they are participating in an approved accelerated program pairing (Bachelor's/Master's). Students must meet minimum admissions standards to be admitted to the Master's portion of the accelerated program.

The Thesis/Dissertation

Thesis/Dissertation Research

The master's thesis and doctoral dissertation (or equivalent) must be based on original and independent research/creative activity conducted by students, under the guidance of the graduate supervisory committee. The thesis is an introduction to scholarly writing and is intended to create an understanding of theory and methods applicable to one's field. The dissertation should demonstrate the candidates' mastery of research and scholarly methodologies, theory and tools of the discipline. Both the thesis and dissertation should demonstrate the candidates' ability to address a major intellectual problem and to propose meaningful questions and hypotheses, as well as utilize the methods with which to study the proposed research question(s) and related hypotheses, and draw justifiable conclusions based on the research conducted.

The written doctoral dissertation is based on original and substantial scholarly work that constitutes a significant contribution to knowledge in the student's discipline. The dissertation research must be conducted during the time of the student's doctoral studies at ASU, under guidance of ASU Graduate Faculty and in accordance with the Graduate College policies and procedures. The composition of the dissertation is defined by the degree program with the approval of the Dean of the Graduate College.

Research Involving Human and Animal Subjects

Theses or dissertations that make use of research involving human or animal subjects must include a statement indicating that the research has been approved by the appropriate university body.

Research involving human subjects conducted under the auspices of Arizona State University is reviewed by the University Human Subjects Institutional Review Board (IRB) in compliance with federal regulations. Documents containing any data collection from human subjects require that applications be submitted to the ASU Office of Research Integrity and Assurance for approval **before** data collection or recruitment of subjects is initiated at researchintegrity.asu.edu/human-subjects.

Research involving the use of animals conducted under the auspices of Arizona State University is reviewed by the Institutional Animal Care and Use Committee (IACUC) in compliance with federal regulations. Documents containing any data collection from animal research require that applications be submitted to ASU Office of Research Integrity and Assurance for approval at researchintegrity.asu.edu/animals.

It is very important that students check with their supervisory committee or chair well in advance of data collection to ensure compliance with university regulations regarding the collection of research data. Students who are required to submit their document through Graduate College format review must attach the IRB (or IACUC) approval as an appendix to their document.

The Thesis/Dissertation Defense

Thesis and dissertation defenses are open to all members of the university community and the general public. The oral defense engages the supervisory committee and the candidate in a critical and analytical discussion of the research and findings of the study, as well as a review of the contribution of the research topic to advancing knowledge in that discipline. The presentation of a thesis or dissertation defense in an open forum fosters a broader awareness of the state of graduate research at ASU, promotes a wider scholarly dialogue among disciplines, and recognizes publicly the scholarly contributions of master's or doctoral candidates. The defense information will be published on the Graduate College [Master's/Doctoral Defense Schedule](#) website.

Scheduling and Holding the Defense

Students with a thesis or dissertation as a culminating event are required to present and defend it in a public oral examination and to the satisfaction of the supervisory committee. Students must schedule the defense in the iPOS at least 10 business days prior to the planned defense and have it approved by the program and the Graduate College. See [Graduation Deadlines](#).

Students work with their supervisory committee and the academic unit's graduate support staff to identify a suitable date and reserve a room (for in-person defenses). Defenses that are held without being scheduled with the Graduate College are considered invalid.

Students must be registered for:

- At least one semester hour of credit that appears on the Interactive Plan of Study; OR
- At least one semester hour of appropriate graduate-level credit, for example: Research (592/792), Thesis (599/799), or Continuing Registration (595 or 795)

Students must be physically present at the oral defense of their thesis, dissertation or

equivalent document unless the student is in an online program that requires a thesis/dissertation and the defense was approved by the committee and the Graduate College. It is expected that oral defenses will be held on an ASU campus (for in-person defenses) and during regular business hours (8am-5pm AZ Mountain Standard Time) in order to facilitate student, faculty, and public accessibility. A student has the option to include a virtual link to encourage audience attendance. When there are sound educational reasons for holding a defense under different circumstances, contact the Graduate College for approval before scheduling the defense.

All members of a student's supervisory committee must attend the final oral defense of a thesis or dissertation. However, there are situations (e.g. faculty travel, faculty emergencies and/or faculty leave) that may necessitate holding a defense with one or more committee member(s) absent. The committee chair must be in attendance, but if a committee member cannot attend, a qualified substitute must be appointed to attend in their place. The substitute should be a regular faculty member within the academic unit. In these circumstances, the Graduate College must be notified with the name of the member who will be absent, the faculty member who will attend as a substitute, and the student's name and ID number. This information must be submitted **before** the defense.

Once a defense has been scheduled and approved in the iPOS, students must submit within 10 days, a complete draft copy of the thesis/dissertation to be defended by uploading the document to their Interactive Plan of Study.

Passing the Defense

At the completion of the defense, faculty will determine if the student has passed or failed the defense, or if the submitted document requires revisions. The preliminary defense results must be submitted by all committee members via the defense results tab in the iPOS within 10 days after the defense occurrence. If there are revisions required by the committee, they will need to be completed and approved by the committee before a full "Pass" can be designated in the iPOS. If the committee's requested revisions are not completed by the graduation deadlines for the semester of the defense, the student will need to maintain continuous enrollment until they are completed. If they are not successfully completed within one year of the defense, re-submission of the document and a re-defense of the thesis or dissertation may be required in order to ensure currency of the research.

Format Review

Students who are required to complete a thesis or dissertation as part of their graduate program must submit their document to the Graduate College for [format review](#). Students must use the Format Manual to prepare their thesis/dissertation. The [Format Manual](#) is a comprehensive guide to formatting a thesis, dissertation or equivalent document and it always overrides a style guide if the two conflict. Questions regarding the *Format Manual* requirements should be directed to gradformat@asu.edu.

Use of the Graduate College's [Format Wizard](#) is required for all students going through the format process. The Format Wizard generates a template into which students can insert their document's text. It is designed to help students with the basic format requirements such as margins and spacing, and greatly improves the format review process for students.

Format revisions are typical and must be completed in a timely manner. If students are unable to complete format revisions and submit to UMI/ProQuest by the deadline for the semester in which the defense is held, they must complete the revisions, remain continuously enrolled and present the final document to UMI/ProQuest within one year of the defense. Failure to do so will require the re-submission of the document for format review and may result in re-defense of the thesis or dissertation to ensure currency of the research.

All students that have a culminating event document that requires format review are also required to complete the Design Aspirations tab within the iPOS. In addition, all PhD students are required to complete the Survey of Earned Doctorates (SED) as part of the format process.

ProQuest ETD Submission

Students are required to create a new user account specific to the submission of their document, and must use their ASU email address. ProQuest ETD requires all students to submit a PDF version of their final document. The Graduate College requires that the PDF document follow the formatting standards presented in the format manual. Students will receive final format approval only after the submitted PDF document has successfully passed a format review. Students are able to order bound copies of their document for themselves through ProQuest ETD. The final document will also appear archived in the ASU Digital Repository: <https://repository.asu.edu>.

Degree Conferral

Graduation

Students must apply for graduation through MyASU in accordance with the University Registrar policies. See [Application for Graduation](#). Students must meet all University and Graduate College degree requirements prior to the conferral of their degree or awarding of their certificate, including achieving a 3.0 GPA in the graduate GPA, the iPOS GPA, and the cumulative GPA. Students must continue to be registered until all degree requirements have been met. All students seeking a degree or certificate must apply for graduation.

The graduation deadlines and procedures are set by the Graduate College and are available online at [graduation deadlines](#). Deadline dates vary slightly depending on the calendar year, so students should check them carefully in advance of the semester they plan to defend their thesis/dissertation. It is very important that students become familiar with these deadlines so that graduation can occur during the expected term.

College policies

W. P. Carey School of Business policies

The W. P. Carey School of Business is one of the largest and highest-ranked business schools in the country, repeatedly lauded by publications like The Wall Street Journal, Financial Times, The Princeton Review and U.S. News & World Report. The school is internationally regarded for its leadership in business education, its research productivity and its distinguished faculty that includes a Nobel Prize winner. Students come from all over the world, and among them are dozens of National Merit Scholars.

The school's academic choices are as diverse as they are abundant. Undergraduates can earn a BS in one of nine business disciplines or a BA that combines core business classes with a concentration outside the Business school. Its programs of study reflect and respond to the demands of business and industry today and beyond, and the school has dedicated career placement services. The school is located in the heart of the fast-growing Phoenix metropolitan area, which provides opportunities for internships, employment and networking, and its classes are offered on ASU's Tempe, Polytechnic and West campuses as well as online.

More information is available on the W. P. Carey School of Business [1] website.

Academic integrity

Academic dishonesty

The faculty of the W. P. Carey School of Business follow the guidelines on academic dishonesty in the ASU Student Academic Integrity Policy [2].

The W. P. Carey School of Business honor code may be found online [3]. Additional resources and information may be found at the W. P. Carey Academic Integrity website [4].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [5].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [6], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [7].

Undergraduate policies

Academic standing

Probation

All business students, freshman through senior, must maintain a minimum 2.00 GPA for all courses completed at ASU in order to remain in academic good standing. If this standard is not maintained, the student is placed on university academic probation.

Students on university academic probation must see an advisor before further registration and must do one of the following:

1. raise their ASU cumulative GPA to 2.00 or more in order to return to academic good standing
2. obtain a semester GPA of 2.50 with no grade less than a "C" in order to be granted one additional semester on continued college probation, and at the end of the continued college probation must return to academic good standing with a minimum cumulative ASU GPA of 2.00 to avoid disqualification

W. P. Carey continued probation: If a student's ASU cumulative GPA is still less than 2.00 at the end of the probationary semester but the student has earned a semester GPA of 2.50 or greater with no grades less than "C", the student will be placed on CONTINUED PROBATION in the subsequent semester. The student will then have only one more semester to raise the ASU cumulative GPA to 2.00 or greater.

ASU continued probation: If a student's ASU cumulative GPA is still less than 2.00 at the end of the probationary semester but the student has earned a semester GPA of 2.00 or greater with no grades less than "C", the student will be placed on CONTINUED PROBATION with ASU but will be INELIGIBLE to remain in the W. P. Carey School of Business as a business student. The student will have to change to a major that is not offered through the Business school.

Disqualification

A student who does not meet college probation requirements is academically disqualified and is not allowed to register in a fall or spring semester at the university. If the student has already enrolled in a future fall or spring semester, the student will be dropped from those courses and the registration will be cancelled. Disqualified students may attend ASU during the summer session only immediately following the semester in which the student is disqualified.

A disqualified student must wait for one year to apply for readmission to ASU, and if the student intends to return to the W. P. Carey School of Business they may do so only after completing the following eight skill courses, or the equivalent, with a minimum GPA of 3.00 and with no grade less than "C": ACC 231/232, ACC 241/242, CIS 105, ECN 211, ECN 212, ECN 221, MAT 210 and MAT 211.

Disqualified students should contact their academic advisor immediately to determine what is needed to earn readmission to the university in the future.

Advising

W. P. Carey School of Business offers undergraduate program academic advising at the Polytechnic, Tempe and West campuses. Students may find personalized advising information and may schedule appointments in advance through Advising SOS [8].

Students are encouraged to schedule appointments each semester to ensure they are making progress toward their degrees. Advising is required for:

- newly admitted students, prior to enrollment for the first term (at orientation)
- first-year students, prior to enrollment for the second term
- seniors, upon completion of 87 or more credit hours
- any student who is off track in regard to eAdvisor tracking requirements
- any student who is on university academic probation
- disqualified students interested in attending ASU in the future

Additional information regarding academic advising is available online [9] or through the W. P. Carey School of Business undergraduate programs office at 480-965-4227.

Credit/registration

Pass/fail

Business majors may not enroll on a pass/fail basis in any course required for graduation. Pass/fail credits taken at another institution may be petitioned for use but only if the student can demonstrate proof that the pass grade was equivalent to a "C" (2.00) or higher.

Transfer credit

Credit from other institutions is accepted subject to the following guidelines:

Students planning to take their first two years of coursework at a community college or another four-year college should plan to take business and economics courses that are offered as freshman- or sophomore-level courses for transfer equivalency as supported through the Transfer Guide [10]. Frequently, these lower-division courses are numbered 100 through 299, but that can vary with each transferring institution. A maximum of 30 credit hours of business and economics courses from community colleges are accepted toward a bachelor's degree in business, and these are applied as lower-division credits.

Students may transfer up to nine credit hours of approved upper-division business coursework required for the business degree to ASU. Business courses completed at a two-year college may not be used for upper-division transfer credit in the business core or major. Such courses may be acceptable for general university credit but may not be applicable toward the degree requirements of the major. Courses taught in the upper-division business core must be completed at an accredited four-year institution. Upper-division business course transfer credits will be considered for upper-division business credit in the ASU major only when the course was taken at an AACSB International-accredited school.

Credit is granted for transferred courses deemed equivalent by the W. P. Carey School of Business to corresponding courses in the selected program of study and is subject to grade and ASU resident credit requirements. No grades less than "C" (2.00 on a 4.00 scale) transfer to ASU. To be accepted for credit as part of a degree program in business, all courses transferred from other institutions must carry prerequisites similar to those of the courses they are replacing at ASU.

Degree requirements

Critical requirements

All business students must meet the critical requirements for their majors. Students who are required to follow eAdvisor tracking requirements yet do not comply with the critical requirements are considered off track, and a hold will be placed on their records. These students must work with an advisor to have the hold removed.

Undergraduates in the W. P. Carey School of Business are expected to be strong academically, especially with regard to grades earned in business courses. Careful course planning in consultation with an academic advisor will assist students in maintaining satisfactory academic performance and progress.

Concurrent degrees

ASU students not enrolled in a W. P. Carey School of Business degree program who wish to pursue a concurrent degree with the business school:

- must be in good academic standing
- must have completed 30 credit hours of college coursework
- must meet direct admission criteria [11] for the degree program they wish to pursue

If direct admission requirements have been met, students should file a paper curriculum petition form [12] to request the concurrent degree. Students who do not meet direct admission requirements for business degree programs must complete the admission portfolio [13] and be admitted prior to filling out the curriculum petition form. Students are allowed a maximum of two concurrent degree request attempts.

Students currently enrolled in the W. P. Carey School of Business who wish to pursue concurrent degrees within the business school:

- must be in good academic standing
- must have completed 30 credit hours of college coursework with a grade of “C” (2.00) or greater, including the following skill courses or the equivalents:
 - ACC 231 Uses of Accounting Information I
 - CIS 105 Computer Applications and Information Technology
 - ECN 211 Macroeconomic Principles OR ECN 212 Microeconomic Principles
 - MAT 210 Brief Calculus
 - MAT 117 College Algebra (BA major) OR MAT 211 Math for Business Analysis (BS major)
- must have completed or currently be enrolled in the following courses or the equivalents:
 - ACC 241 Uses of Accounting Information II
 - ECN 211 Macroeconomic Principles OR ECN 212 Microeconomic Principles
 - ECN 221 Business Statistics

W. P. Carey students who meet the criteria shown above should submit a concurrent degree request [14]. Review and submission times are on the website. Business students are unable to change their major status after they are admitted to a concurrent degree program unless they submit a new concurrent degree request. The direct admission criteria only apply to a single major within the W. P. Carey School of Business; students are not able to freely change majors within their concurrent degree or dual concentration combinations. Students are allowed two concurrent degree request attempts. Current W. P. Carey students wishing to pursue a concurrent degree outside of business should submit a paper curriculum petition form [12] and receive approval from both colleges (e.g., finance and psychology).

Reinstatement/readmission

Students seeking readmission after an absence from the university should visit the undergraduate readmission [15] website for further information.

Other special requirements

Major proficiency requirements

Students must receive a grade of “C” (2.00) or higher in upper-division courses for the major. If a student receives a grade lower than “C” (2.00) in any course in the major, the course must be repeated. If a second grade lower than “C” (2.00) is received in either an upper-division course in the major already taken or in a different upper-division course in the major, the student is no longer eligible to take additional upper-division courses in that major.

Student appeal procedure on grades

W. P. Carey School of Business students follow the university policy for the student appeal procedure on grades [15].

Admission

Because of the additional requirements for the BS, students who do not meet minimum admission standards automatically will be considered for the BA in the W. P. Carey School of Business. First-year admission requirements for the Bachelor of Arts program are the same as the university's first-year admission requirements. Transfer students who want to be admitted to the Bachelor of Arts program must have a 3.00 GPA for all transfer coursework and a 3.00 GPA for all ASU coursework and must meet university transfer admission requirements.

Graduate policies

All graduate students in the W. P. Carey School of Business are required to maintain minimum cumulative, graduate and iPOS GPAs of 3.00 ("B"). Students should see individual graduate degree programs for additional requirements on satisfactory academic progress, probation and disqualification.

Advising

Advising of graduate students is normally handled by graduate programs' support service members. Once admitted, students meet with a program manager to prepare a plan of study. Students are encouraged to begin discussions with their program managers early in their studies so coursework can be geared toward supporting their academic progress. All students, whether in a thesis or nonthesis option, must file a plan of study.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the W. P. Carey School of Business.

Herberger Institute for Design and the Arts policies

The college is built on a combination of disciplines unlike any other program in the nation, comprising the Schools of Art [1]; Arts, Media and Engineering [2]; Music, Dance and Theatre [3]; The Design School [4]; The Sidney Poitier New American Film School [5]; and the ASU Art Museum [6].

The institute is dedicated to the following design principles:

- **Creativity is a core 21st century competency.** Its students develop the ability to be generative and enterprising, work collaboratively within and across artistic fields, and generate nonroutine solutions to complex problems. With this broad exposure to creative thinking and problem-solving, graduates are well prepared to lead in every arena of the economy, society and culture.
- **Design and the arts are critical resources for transforming society.** Designers and artists must be embedded in their communities and dedicate their creative energy and talent to building, reimagining and sustaining the world. Design and the arts must be socially relevant and never viewed as extras or as grace notes. The Herberger Institute for Design and the Arts is committed to placing designers, artists and arts-trained graduates at the center of public life.
- **The institute is committed to enterprise and entrepreneurship.** For most college graduates today, the future of work is unpredictable, nonlinear and constantly evolving. A recent study found that 47% of current occupations will likely not exist in the next few decades. Design and the Arts faculty, students and graduates are inventing the jobs and the businesses of the future; reimagining how design, art and culture get made and distributed; and coming up with new platforms and technology for the exchange of culture and the enrichment of the human experience. The legendary author and expert on city life Jane Jacobs talks about the abundance of "squelchers" — parents, educators, managers and leaders who tend to say "no" to new ideas. At Design and the Arts, there are no squelchers. All embrace the cardinal rule of improvisation: Always say "Yes, and..."
- **Every person, regardless of social background, deserves an equal chance to help tell the stories of this nation and the world.** Creative expression defines everyone, what each aspires to, and how all hope to live together. The Herberger Institute for Design and the Arts is committed to projecting all voices — to providing an affordable education to every student who has the talent and the desire to boldly add their creative voice to the world's evolving story.
- **Effectiveness requires excellence.** The ability to solve problems, build enterprises and create compelling and socially relevant design and art requires high levels of mastery. By each being the best in their chosen fields, all can stretch themselves and their talents to make a difference in the world.

Students with questions about the Herberger Institute for Design and the Arts policies or procedures may review the Herberger Institute Student website [7], contact the Office of Student Success at 480-965-4495 to speak with advising staff, or contact the institute's dean's office at 480-965-0050.

Academic integrity

The Herberger Institute for Design and the Arts strictly adheres to the ASU Student Academic Integrity Policy. Academic honesty is expected of all students in all examinations, papers, academic transactions and records. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. Information about the academic integrity policy can be found at <https://provost.asu.edu/academic-integrity> [8] as well as <https://students.herbergerinstitute.asu.edu/academic-advising/academic-integrity-grading-disputes> [9].

Professionalism

Professionalism entails a set of skills critical for workplace and creative successes, and professional behavior creates an atmosphere promoting safe and high-quality spaces for constructive learning as well as individual and community well-being. The institute expects students to show professional behavior with clients, members of the community, and others in the university environment (e.g., classrooms, clinics, labs, studios) including members of the faculty and administration, other students and staff. Students are expected to conduct themselves in a professional manner, including arriving on time with an open attitude to learning, engaging in ethical behavior, resolving conflicts in an appropriate manner at all times, holding partnership information confidential, and using prudence in written and verbal communications.

Professionalism includes:

- self-control
- respectful communication
- following all university and studio safety protocols and behavioral expectations
- attendance and punctuality
- honesty and integrity

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [10].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [11], call 480-965-0696 for more information, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [12].

Undergraduate policies

Academic standing

University academic warning

A new incoming freshmen or transfer student with a cumulative GPA that has dropped below 2.00 at the end of the first semester (fall or spring) at ASU is placed on academic warning. All students who are placed on academic warning are encouraged to complete academic success modules online through Canvas. Students are also encouraged to meet with their academic advisor to discuss any challenges they may have experienced to develop a plan to improve their standing. If a student does not earn a cumulative GPA of a 2.00 or higher in their second semester, the student is placed on probation. On-campus students are required to enroll in UNI 220 Mindset Connections during their academic warning semester; this becomes a graduation requirement once a student's cumulative GPA falls below 2.00. If a student is not successful in this course, they must enroll in the course until it is successfully completed.

Probation

Students in any of the institute's degree programs are placed on probation when they fail to maintain a minimum cumulative GPA of 2.00. Students on probation must observe rules or limitations the institute imposes on their probation as a condition of retention. All students who are placed on probation are required to complete academic success modules online through Canvas. Students also are required to attend mandatory advising appointments in an effort to improve their academic standing. On-campus students are required to enroll in UNI 220 Mindset Connections in the semester of their probation; this becomes a graduation requirement once a student's cumulative GPA falls below 2.00. If a student is not successful in this course, they must enroll in the course until it is successfully completed.

Continuing probation

A student who is already on probation and earns a GPA of 2.00 or higher for the term but is not successful in raising their cumulative GPA above a 2.00 will be placed on continuing probation. Continuing probation is meant to acknowledge the student's academic progress while still providing academic support to help the student reach the required 2.00 GPA. Students on continuing probation must continue to attend mandatory advising appointments until the student earns a cumulative GPA of 2.00 or higher.

Disqualification

If the ASU cumulative GPA is not at 2.00 or higher and the conditions of probation have not been met after one semester on probation, the student is disqualified for a minimum of two full academic semesters. Disqualification is exercised at the discretion of the institute and becomes effective on the first day of the fall or spring semester following institute action. A disqualified student is notified by the dean's office of the institute and is not allowed to register for a fall or spring semester at the university until reinstated. Students should consult with their academic advisor to discuss this academic standing and their options for returning to ASU.

Co-enrolled continuing probation program

Select disqualified students may participate in the co-enrolled continuing probation program at the discretion of their college or school. This program allows the student the opportunity to attend ASU during the fall or spring semester part time to take UNI 220 plus one ASU course co-enrolled with at least eight credit hours at a Maricopa County Community College. The student will select these courses in consultation with their ASU academic advisor. Upon completion of the term, if the student achieves a combined semester cumulative GPA of 2.50, they may continue regular enrollment at ASU for the upcoming semester.

If the student is receiving financial aid, they need to check with the financial aid office to see how participation in this program will affect their eligibility for financial aid.

Reinstatement

A student who has been academically disqualified and seeks to return to ASU either for a fall or spring semester, at any time, and has met college admissions standards will be required to seek readmission to the university [13] and reinstatement to the institute. Applications for readmission to ASU must be made to admission services; the application for readmission will automatically generate a letter of appeal for reinstatement to the institute for consideration.

All disqualified students should contact the Herberger Office of Student Success [14] regarding procedures and guidance for reinstatement and returning to academic good standing. Disqualified students may attend summer sessions at ASU to raise their cumulative GPA. If a 2.00 or higher cumulative GPA is achieved upon completion of summer coursework, the student may petition the institute for early reinstatement. By following recommendations and meeting established standards for summer coursework or coursework completed at other institutions, the possibility of successful reinstatement is enhanced. All students who are academically disqualified should contact an institute advisor to discuss their options.

Also available in the Office of Student Success is information on the college policies and procedures for student grievances with respect to grades [15] and various petitions regarding standards and graduation requirements.

Advising

Undergraduate academic advising is handled as a centralized activity within the institute. Students are encouraged to make appointments through the Herberger Institute Office of Student Success. Appointments are recommended and should be scheduled in advance with the lead academic advisor.

There are multiple ways to schedule an advising appointment:

- online through a student's MyASU page [16]
- phone: 480-965-4495
- email: HerbergerAdvising@asu.edu [17]
- in-person: Design South (CDS), room 101 (M-F, 8 a.m.-5 p.m.) or Fusion on First (FOF), Room 320 (M-F, 8 a.m.-noon; 1 p.m.-5 p.m.)

More information is available on the advising website. <https://students.herbergerinstitute.asu.edu/academic-advising> [14]

While the institute provides academic advising, it is ultimately each student's responsibility to fulfill academic and program requirements. Administration of program requirements is the responsibility of the head of the academic unit and the dean.

Credit/registration

Course load

First-semester freshmen and entering transfer students are not permitted to register for more than 18 credit hours in Session C or nine credit hours in Session A and nine credit hours in Session B. Continuing students who wish to register for more than 18 credit hours must meet the academic criteria for an overload petition and work with their academic advisor in the Herberger Office of Student Success. No student should assume that the petition for overload will be granted.

For summer sessions, the maximum course load is 14 credit hours, seven per six-week summer session. Overloads are rarely granted for these sessions and requests must be petitioned to the Herberger Office of Student Success.

Audit grade option

Students may choose to audit certain courses in which they attend regularly scheduled class sessions but earn no credit. Students should obtain instructor approval before registering for the courses. The option to audit is not available for all courses.

This grade option may not be changed after the drop/add period.

Pass/fail or credit/no credit

The only courses accepted toward graduation with a grade of pass/fail or credit/no credit are courses designated by the academic unit as such, or internships and field studies.

Transfer credits

While the university accepts credits transferred from other accredited institutions, transfer coursework must be equivalent in content and level of offering. Arts or design transfer credits are not applied to specific degree programs until reviewed and accepted by the appropriate academic units. The Design School and the School of Art require a review of samples of work in portfolio format from previous studio classes in order to evaluate some transfer studio credits.

Incompletes

Students are responsible for contacting their course instructors regarding the process of requesting and fulfilling requests for an incomplete. The grade of "I" (incomplete) can only be given by an instructor (and it is subject to unit director approval) when a student who is doing otherwise acceptable work is unable to complete a course (e.g., final exam or term paper) because of illness or other conditions beyond the student's control. To begin the request for a grade of incomplete, a student must obtain the official form at <http://students.asu.edu/forms/incomplete-grade-request> [18]. A completed form must include a justification, a listing of requirements that have not been fulfilled, and a proposed schedule of completion. The instructor will review the request and determine whether to accept or deny the request. The instructor may propose modifications when submitting a copy of the accepted request to the appropriate office.

An incomplete in any course that is a prerequisite for sequential courses automatically denies the student enrollment in subsequent courses and could result in the student being administratively dropped from a subsequent course if the student has already enrolled.

The student has a maximum of one calendar year from the date the grade of "I" is recorded to complete the course, but faculty can place lesser time limitations at their discretion. A student does not reregister or pay fees for a course for which an "I" has been received in order to complete the course. Grades of "I" for undergraduate coursework that have been on a student's record for more than one calendar year will be automatically changed to "E."

Withdrawals

University withdrawal regulations apply to all courses. In certain of the institute's degree programs, curricula are modular and sequential, and because space in these programs is limited a student is expected to progress through the curriculum with the class. In order to fully understand all potential repercussions of withdrawal from any courses, the student should discuss their plans with their academic advisor.

Degree requirements

Critical requirements

All Design and the Arts students must meet the program and critical requirements for their majors. Students who do not comply with the critical requirements are considered off track and their records will be placed on hold; students are required to meet with an institute academic advisor to have a hold removed. For more information about critical requirements, students should refer to the corresponding major map.

Concurrent degrees

A student who wishes to obtain concurrent degrees must submit a standards committee petition [19] for review by the Herberger Curriculum and Standards Committee after successfully meeting the following criteria: minimum cumulative GPA of 3.00, successful completion of six credit hours in both programs, and successful admission into both intended programs of study. A student pursuing concurrent degrees within the institute must complete 24 unique credit hours in each major.

Change of major

A current ASU student who wishes to change majors to one of the institute's degrees must have a cumulative ASU GPA of 2.50 or greater. Students wishing to enter a major that requires an audition, interview, milestone or portfolio review may be required to successfully complete this requirement before changing the major.

Reinstatement/readmission

Undergraduate degree-seeking students who previously attended ASU in the Herberger Institute for Design and the Arts but have not been enrolled at ASU for up to seven consecutive fall or spring semesters may be eligible to return through quick re-entry [20]. Students do not need to submit a new application or application fee, but they must contact an academic advisor in their program for registration.

Undergraduates who have been away from the university for eight or more semesters and want to return to ASU in a Herberger Institute for the Design and the Arts program are required to apply for readmission through the admission services office.

- Readmission is only considered after a student has remained out of the institute for a minimum of eight semesters.
- A student is required to supply proof he or she is now capable of successfully completing courses in the discipline by the completion of at least 12 credit hours of appropriate coursework with a GPA of 2.50 or greater.
- If the readmission request requires a change of major, then admission decisions are made by the college that offers the intended major.
- If a student seeks readmission to his or her previous Design and the Arts major and that major requires a creative review, a new review may be required.
- If readmission is approved within the institute, the student returns with continued probation status in the appropriate degree program.

Once readmitted, returning students are required to meet with an institute advisor before enrolling in courses at ASU.

Other special requirements

Creative reviews

A creative review (audition, interview, milestone, portfolio submission) is required for entrance into many majors in the Herberger Institute for Design and the Arts. Students should visit <https://herbergerinstitute.asu.edu/admissions> [21] for details.

Graduate policies

Advising is handled as a decentralized activity within the institute. To offer personalized attention, each academic unit establishes its own graduate advising procedures. Students are encouraged to make appointments through the central office of their major discipline. Students should consult their academic unit's website for general information about the programs, admission and advising procedures:

- School of Art: <https://art.asu.edu/> [22]; 480-965-6303
- School of Arts, Media and Engineering: <https://artsmediaengineering.asu.edu/> [2]; 480-965-9438
- The Design School: <https://design.asu.edu/degree-programs> [23]; 480-965-3536
- School of Music, Dance and Theatre: <https://musicdancetheatre.asu.edu/> [3]; 480-965-3371

Students must fulfill all requirements of their graduate program to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Herberger Institute for Design and the Arts.

Ira A. Fulton Schools of Engineering policies

The Ira A. Fulton Schools of Engineering educate undergraduate and graduate students, giving them the knowledge, skills and attitudes they need for success in technically oriented careers. The schools provide students with a range of educational opportunities through which they may achieve excellence in the major branches of engineering, computer science, informatics, construction management, aviation, technology, human systems engineering, environmental resource management, and technological entrepreneurship and management.

The Ira A. Fulton Schools of Engineering take pride in their diversity, their economic and cultural heritages, and the quality of their graduates. The schools strive to be integral to the community they serve and a lifelong presence in the lives of those within their compass. The schools' educational and research programs are built around the following principles: entrepreneurship, use-inspired research and scholarship, a focus on the individual, the intellectual fusion of unique and distinct disciplines, social embeddedness in communities (local, national and international), and global engagement.

More information is available at <https://engineering.asu.edu/> [1].

Ira A. Fulton Schools of Engineering aspirations

Graduates from any of the schools' programs possess a solid technological background. Additionally, the Ira A. Fulton Schools of Engineering aspire to develop leaders who are well-read, well-spoken and knowledgeable about current business practices. Experiential education is recognized as a complementary praxis and integral to the overall academic experience. To this end, the schools offer enhanced curricula, special courses and extracurricular activities to enrich the student's stay and to offer every student opportunities to achieve the schools' aspirations.

All the programs within the schools are professional programs, and professionalism is an important component of all the curricula. The schools strive to help students understand and value the various aspects of professionalism, including ethical behavior, a desire for lifelong learning, the ability to communicate with others, and an awareness of how the profession fits into society and impacts it. As the first step in ethics, all students are expected to follow the student code of conduct and rules of academic integrity [2] defined by the university.

Academic integrity

Students enrolled in the Ira A. Fulton Schools of Engineering must adhere to ASU's Academic Integrity Policy [3]. Students are responsible for reviewing this policy and understanding each of the areas in which academic dishonesty can occur. In addition, all engineering students are expected to adhere to the ASU Academic Integrity Honor Code [4]. Students are notified of an alleged violation by their instructor and then reported to the Fulton Schools of Engineering Academic Integrity Office for processing.

The Ira A. Fulton Schools of Engineering have developed and enforce a number of academic standards. These standards are designed to support students and ensure the quality of the schools' graduates.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [5].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [6], call 480-965-0696 or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [7].

Undergraduate policies

Academic standing

Student responsibilities

Students need to make many decisions as they complete their degree programs. While the schools and the university have a number of resources available to help with decision-making (e.g., faculty, courses, advisors and tutors), students are expected to take responsibility for their decisions.

Ira A. Fulton Schools of Engineering good standing

Students are expected to select and successfully complete courses that lead to the timely completion of their degree programs. Students are said to be in good standing if they fulfill all the following:

- maintain acceptable GPAs
- enroll in and complete critical tracking requirements
- complete courses each semester that are applicable to their degrees

University academic warning

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester (fall or spring) is considered to be on academic warning. If after one term with an academic warning a student still has not achieved the minimum GPA standard of 2.00, the student will be placed on probation for at least one additional term. If a student's minimum GPA first falls below the standard in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

A student with an academic warning is considered in conditional good standing and is permitted to enroll.

Whether a student's status is an academic warning or probation, the student must meet with an academic success specialist to discuss academic success strategies for the subsequent semester and develop a success plan for returning to university academic good standing. At the discretion of the student's college or school, that plan may require successful completion of UNI 220 Academic Refresher/Mindset Connections.

Ira A. Fulton Schools of Engineering probation

There are many reasons why some students do not make satisfactory progress. These students are placed on Ira A. Fulton Schools of Engineering academic probation to ensure they get the extra attention and resources they need in order to get back in good standing. Working with an academic advisor to plan a strategy for success is crucial. Students may be required to reduce their course loads (13 credit hours maximum), retake courses or even take courses outside of their programs.

To return to academic good standing in the Ira A. Fulton Schools of Engineering, students on probation need to earn a minimum semester GPA of 2.25 and earn a minimum cumulative ASU GPA of 2.00 at the end of the probation semester. If a student is enrolled in only one course, a grade of "C+" (2.33) or better and a minimum cumulative ASU GPA of 2.00 are required for obtaining academic good standing. Students who meet either the semester GPA requirement or the cumulative ASU GPA requirement at the end of their first probationary semester may be continued on probation. Courses completed during summer sessions are not used to reevaluate a student's probationary status.

Conditions for Ira A. Fulton Schools of Engineering probation

A student is placed on college or university probation when specific academic expectations are not met. Some conditions trigger an automatic placement on probation whereas others trigger an automatic review of the student's case to determine if probation is warranted. When a probation review is triggered, the final decision and any conditions of probation are determined at the program level.

Automatic probation is triggered by either of the following:

- two successive semesters with GPAs less than 2.00
- an ASU cumulative GPA less than 2.00

Automatic review (borderline) is triggered by either of the following:

- a semester with a GPA less than or equal to 2.00
- a cumulative GPA in the major of less than 2.00

Ira A. Fulton Schools of Engineering continuing probation

A student on probation or continuing probation at the university level is placed on college-level continuing probation status when specific academic expectations are not met. When a continuing probation review is triggered, the final decision and any conditions of continuing probation are determined at the college level.

To return to academic good standing in the Ira A. Fulton Schools of Engineering, students on continuing probation need to earn a minimum semester GPA of 2.25 and earn a minimum cumulative ASU GPA of 2.00 at the end of the probation semester. If a student is enrolled in only one course, a grade of "C+" (2.33) or better and a minimum cumulative ASU GPA of 2.00 are required to obtain academic good standing.

Automatic continuing probation is triggered by either of the following:

- a student on probation does not attain a semester GPA of 2.25 or greater and has a cumulative GPA of at least 2.00 at the end of the probation semester
- a student on probation or continuing probation obtain a semester GPA of 2.25 or greater and has a cumulative GPA less than 2.00

Ira A. Fulton Schools of Engineering ineligibility

Students who are on continuing probation and fail to meet the schools' retention standards become ineligible to continue working toward a degree within the Ira A. Fulton Schools of Engineering.

Ineligibility occurs if the continuing probationary student does any of the following:

- does not attain a semester GPA of 2.25 or greater and has a cumulative GPA of at least 2.00 at the end of the probationary semester
- has already been on probation for two consecutive semesters
- fails to complete any courses appropriate for the degree during each semester

Ineligible students are subject to the following limitations:

- Students who change colleges may not register for courses in the Ira A. Fulton Schools of Engineering unless the courses are required by their new majors.
- Students who register for courses in the Ira A. Fulton Schools of Engineering may be withdrawn from these courses any time during the semester they are registered.

Ineligible students are encouraged to consider these options:

- Students may be eligible to change their majors to other colleges if they are in university academic good standing and have acceptable cumulative GPAs; the acceptable GPA level depends on the number of credit hours of completed coursework. Students should contact their advisor to determine if this is an option for them.
- Students may take nonengineering courses during summer sessions.
- An ineligible student may apply for readmission to the college after one calendar year.
- Students may request a status review by contacting the Office of Academic and Student Affairs.

Ira A. Fulton Schools of Engineering disqualification

Students who are on probation or continuing probation and fail to meet the schools' retention standards become disqualified to continue working toward a degree within the Ira A. Fulton Schools of Engineering.

Disqualification occurs if the student on probation or continuing probation does not attain a semester GPA of 2.25 or greater and has a cumulative GPA less than a 2.00 at the end of the probation semester.

Disqualified students are subject to the following limitations:

- A disqualified student is not allowed to register in a fall or spring semester at the university. If the student has already registered for a future fall or spring semester, the registration is canceled.
- A student who has been disqualified may apply for readmission to the college after one calendar year.
- A disqualified student may not attend as a nondegree student.
- If a disqualified student elects to attend another university or two-year college, any credits earned there will not affect the ASU cumulative GPA. A course repeated elsewhere will not result in a replacement of a grade earned at ASU.

Advising

Successful completion of a program in the Ira A. Fulton Schools of Engineering requires careful planning. While final responsibility lies with each student for becoming familiar with and understanding academic degree requirements, each program employs professional academic advisors who work with students to help them set academic and career goals, understand school and university policies and procedures, meet degree requirements, and become familiar with sources of academic support within the university. Students also may work with faculty advisors familiar with the chosen fields of specialization. Students should consult their advisors prior to registering each semester. A list of program advisors can be viewed at <https://advising.engineering.asu.edu/> [8].

Students are encouraged to use eAdvisor tools [9] for academic planning. This service provides critical requirements and major maps, which are reports individualized for each student that lay out a specific, clear and accurate path to timely completion of the student's intended degree.

Many students find it necessary to work while attending ASU. The working student should endeavor to create a careful balance of work and class responsibilities that enables them to avoid academic problems. Students should inform their academic advisors of any outside work or activity so that course loads may be adjusted accordingly.

Staff in the Office of Academic and Student Affairs in the Ira A. Fulton Schools of Engineering are available to assist individual students with many different types of advising issues. They work with students to answer general questions about policies and procedures; help with registration transactions; administer the probation, disqualification and readmission processes; oversee disciplinary actions; hear grade grievances; and assist with other administrative matters.

Mandatory advising

All first-year students, student athletes and students who are found to be having academic difficulty are required to receive advisement before they can register for any classes, including during summer sessions. Some programs relax the advising requirement after the first year, so students should consult their academic advisor or review the My Tasks list in My ASU [10] to determine if advising is required.

Credit/registration

Students are required to register for courses using one of the university-provided processes. As part of the registration process, the school enforces the following registration restrictions.

Maximum hours

Students enrolled in undergraduate degree programs in the Ira A. Fulton Schools of Engineering may register for a maximum of 19 credit hours per semester. Any student wanting to register for more than the maximum must submit a college standards petition and have an approval on file prior to registering for the overload.

Ira A. Fulton Schools of Engineering probationary status

Students who have been placed on academic probation with the Ira A. Fulton Schools of Engineering must meet with their academic advisors and complete their probation success plan. The success plan is designed to assist students in identifying a path to academic success; it can be found at <https://advising.engineering.asu.edu/wp-content/uploads/2020/02/Probation-Success-Plan.docx> [11]. Students on academic probation with the Fulton Schools may enroll in a maximum of 13 credit hours per semester.

Degree requirements

Undergraduate nondegree status

Students who are enrolled in an undergraduate nondegree status in the schools must obtain advising and approval to register from the Office of Academic and Student Affairs before registering each semester.

Course prerequisites

Students should consult the schedule of classes and the catalog for course prerequisites. Students who register for courses without the designated prerequisites may be withdrawn without their consent at any time before the final examination. Such withdrawals may be initiated by the course instructor, the program chair of the program offering the course or the dean of the college. In such cases, students will not receive monetary reimbursement.

Pass/fail grades

Students requesting credit for pass/fail courses taken at another institution must file an Ira A. Fulton Schools of Engineering standards petition. Each request is judged on its particular merits.

Non-Ira A. Fulton Schools of Engineering students

Students who are not admissible to programs in the Ira A. Fulton Schools of Engineering and who enroll in another college at ASU may not register for any 300- or 400-level courses in the schools unless the courses are required in their degree programs and the students have the proper course prerequisites.

First-year composition requirement

Completion of the first-year composition requirement is required for graduation. Any student whose written or spoken English is unsatisfactory in any course may be required by the appropriate school director or program chair to take additional course work. The first-year composition requirement policy is at https://catalog.asu.edu/ug_grad_req [12].

Concurrent degrees

Students interested in pursuing a concurrent degree should consider several aspects:

- The degree conferral date occurs when all degree requirements are satisfied for each undergraduate degree program; that is, students receive both degrees at the same time regardless whether coursework for one degree is completed prior to the other degree.
- Admission criteria, policy for double-counting credits, and other requirements and rules are defined by the school or college offering the degree program.
- Financial aid and scholarship limits apply and may not cover all semesters; therefore, students may need to invest more time, and hence more funds, to complete concurrent degrees.

Once a decision is made to pursue a concurrent degree, the process must be set in motion:

- A student pursuing a concurrent degree must meet with both program advisors to learn about degree and graduation requirements of both degree programs and the eligibility requirements for filing a petition. Both advisors should review the graduation plan that outlines courses the student will take each semester.
- The student must file a standards petition form [13] with each respective school or college offering the desired degree programs to request permission to pursue the concurrent degrees. The petition form is also available in-person from the program academic advisor.

Petition approvals result in the posting of concurrent degrees in PeopleSoft. If the student later decides to drop one of the degrees, the student should inform the University Registrar Services [14] Graduation Office that they are no longer interested in pursuing concurrent degrees.

Change of major

Students interested in switching majors to one of the programs within the Ira A. Fulton Schools of Engineering must meet the schools' admission requirements for transfer students. This requirement is true for students admitted to ASU as first-year or transfer students. A change of major is not guaranteed, and students interested in changing majors are encouraged to make an appointment with an advisor in the program of interest to discuss the probability of success and to develop a plan of action to ensure successful advancement to upper-division courses. For admission information, students should visit <https://engineering.asu.edu/admission-requirements/> [15].

Students who were admitted as first-year students into the Ira A. Fulton Schools of Engineering, with the exception of The Polytechnic School, and who have maintained continuous enrollment in any Fulton Schools major may choose to change to any other major within the Ira A. Fulton Schools of Engineering provided they are in good academic standing [16]. Students admitted to The Polytechnic School must meet the transfer admission requirements in order to change to a Fulton Schools major outside of The Polytechnic School.

Evaluation of previous coursework

Transferring from one institution to another or between programs can result in a net loss of credits that count toward the degree. Thus, it is important for students who contemplate transferring into the Ira A. Fulton Schools of Engineering from other institutions, whether community colleges or four-year institutions, to carefully study the requirements of their degree programs to get a sense of which courses may transfer.

Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades lower than "C" (2.00) are accepted as transfer credit to meet the graduation requirements of the schools. Credits transferred from a community college or two-year institution are applied only as lower-division credits. For a listing of the acceptable courses transferable to the various degree programs, prospective Arizona transfer students should consult their advisors and refer to the ASU transfer tools available at <https://admission.asu.edu/transfer> [17].

Some courses taken at ASU or other universities may be acceptable for general university credit but may not be applicable toward the degree requirements of the schools. Determination of those particular courses applicable to a specific degree program is made within the appropriate academic unit with approval of the dean.

Currency of coursework

Courses taken more than five years before admission to degree programs in the Ira A. Fulton Schools of Engineering are not normally accepted for credit in the engineering major, at the option of the program in which the applicant wishes to enroll. However, students still may earn university elective credit or General Studies credit for these courses. Courses completed within the five years preceding admission are judged for their applicability to the student's curriculum.

General education development

Students admitted to the university after successful completion of a GED examination are directly admitted to the Ira A. Fulton Schools of Engineering Bachelor of Science or Bachelor of Science in engineering program within their majors, provided they meet the minimum ACT or SAT score required for first-year admission to the Ira A. Fulton Schools of Engineering.

Graduation requirements

To qualify for graduation, an Ira A. Fulton Schools of Engineering student must have a minimum cumulative ASU GPA of 2.00 in addition to having a GPA of at least 2.00 for the courses in the major.

University graduation requirements

In addition to program and the Fulton Schools' requirements, students must meet all university graduation requirements [12]. A well-planned program of study enables students to meet all requirements in a timely fashion. Students are encouraged to consult with an academic advisor in planning a program, to ensure they comply with all necessary requirements.

Reinstatement/readmission

Readmission

Undergraduate degree-seeking students who previously attended ASU in the Ira A. Fulton Schools of Engineering but have not been enrolled at ASU for up to seven consecutive semesters are eligible to return through quick re-entry [18]. Students do not need to submit a new application or application fee, but they must contact an academic advisor in their program for registration.

Undergraduates who have been away from the university for more than seven semesters and want to return to ASU in an Ira A. Fulton Schools of Engineering program are required to apply for readmission through the admission services office. Readmission requests are processed as follows:

1. School of Engineering students seeking readmission to the same program they left and who left ASU with either academic good standing or probation status are readmitted to that degree program with the same academic standing they had when they left ASU (i.e., good academic standing or probation).
2. Students seeking readmission to an Ira A. Fulton Schools of Engineering program other than the program they left and who have an ASU GPA of 3.00 or greater are readmitted to the degree program with the same academic standing they had when they left ASU (i.e., good academic standing or probation).
3. Students seeking readmission to an Ira A. Fulton School of Engineering program other than the program they were in when they left ASU with either academic good standing or probation status and who have an ASU GPA less than 3.00 are subject to the process of admission by change of major. These requests for readmission are reviewed on an individual basis. If the request for readmission is approved, the student is readmitted to the new degree program with the same academic standing he or she had when leaving ASU (i.e., good academic standing or on probation).
4. Students seeking readmission to an Ira A. Fulton Schools of Engineering program and who left ASU with either ineligible or disqualified status are subject to review by the Office of Academic and Student Affairs and the program. Readmission is only considered after a student has remained out of the Ira A. Fulton Schools of Engineering for a minimum of 12 months. A student is required to supply proof of now being capable of successfully completing courses in the discipline by the completion of at least 15 hours of appropriate coursework with a GPA of 3.00 or higher and a cumulative GPA (ASU plus transfer) of at least 2.50. If the readmission request requires a change of major, then the student must complete the review process for admission by change of major. If readmission is approved, the student will return with continued probation status in the appropriate degree program.

Once readmitted, returning students are required to meet with a program advisor before enrolling in courses at ASU.

Other special requirements

Advancing to upper-division courses

The faculty in the Ira A. Fulton Schools of Engineering have identified a set of critical requirements in the first four semesters of each program whereby performance in these critical requirements is a key component in progressing in the chosen major. These critical requirements include a set of courses and performance levels required in those courses and are outlined on the major maps.

Graduate policies

Policy for maintaining satisfactory academic progress

A student who has been admitted to a graduate degree program in the Ira A. Fulton Schools of Engineering, with either regular or provisional admission status, must maintain a GPA of 3.00 or greater in all the following:

1. all work taken for graduate credit (courses numbered 500 or higher)
2. coursework in the student's approved plan of study
3. all postbaccalaureate coursework taken at ASU (overall GPA)

A student will be placed on academic probation if one or more of the student's GPAs listed above is less than 3.00. Students will be notified by mail when placed on academic probation.

A student will earn academic good standing by obtaining a 3.00 or greater in the GPAs listed above by the time the next nine credit hours are completed. Coursework such as research and dissertation and any course that is graded with a "Z" (in progress) or "Y" (satisfactory) cannot be included in these nine hours.

A student may be recommended for dismissal from a graduate program if the student fails to increase all the GPAs listed above to 3.00 or greater by the time he or she completes at least nine credit hours as defined in the previous paragraph. A student may appeal actions concerning dismissal by petitioning the program in which they are enrolled.

Academic units in the Ira A. Fulton Schools of Engineering can expand this policy statement to include additional policy governing the satisfactory academic progress of the students in their graduate programs.

Additional graduate policies

Full details of policies related to graduate students in the Ira A. Fulton Schools of Engineering can be found on each program's webpage. For a list of programs, students should visit the Engineering website [1]. University policies related to graduate students can be found on the Graduate College [19] webpages.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and they must abide by all university policies including those of the Graduate College and the Ira A. Fulton Schools of Engineering.

College of Global Futures policies

The College of Global Futures [1] prepares next-generation leaders with the knowledge, skills and mindsets they need to tackle complex global challenges. Home to the School for the Future of Innovation in Society [2], the School of Sustainability [3] and the School of Complex Adaptive Systems [4], the college fosters new interactions between students, staff, faculty and partners that elevate our ability to understand complex, integrated social, environmental and technical systems; drive responsible innovation; and lead to ethical interventions that ensure a just, healthy and fulfilling future for everyone. Students learn how to develop enduring solutions that benefit all people everywhere on a thriving, healthy planet.

Student responsibilities

Students need to make many decisions as they complete their degrees. While the college and the university have a number of resources available (e.g., faculty, courses, advisors and tutors) to help in the decision-making process, students are expected to take responsibility for their decisions.

Academic integrity

The College of Global Futures adheres to ASU's academic integrity policies and procedures [5]. Students are part of an academic community that is engaged in learning and inquiry and based on the quest for truth, thus committing themselves to a path of honesty and integrity. Therefore, it is expected that they integrate that responsibility with their conduct, in line with the ASU Student Honor Code [6]. Students' coursework, research and projects must be original and reflect individual effort and integrity. When in doubt about appropriate conduct, students should consult a faculty mentor, advisor or the college's academic integrity officer [7] to seek clarification. The college has a policy of zero tolerance for any form of academic misconduct. Penalties for unethical behavior range from failing grades to expulsion from the university.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [8].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [9], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [10].

Undergraduate policies

Academic standing

Good standing

Students with a cumulative ASU grade point average of 2.0 or higher are considered in good standing.

Academic warning and academic probation

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester at the university (fall or spring) is considered to be on academic warning during their second term. If a student on academic warning does not achieve the minimum GPA standard of 2.00 at the end of the warning period in the second term, the student is placed on probation for the following term.

Students who are no longer in their first semester at ASU and do not maintain a cumulative GPA of 2.00 or greater in all courses taken at ASU are placed on academic probation.

Whether a student's status is academic warning or probation, the student must meet with an academic advisor to discuss academic success strategies for the subsequent semester and develop a success plan for returning to academic good standing.

The student and advisor will discuss campus academic resources, plan current and future semester goals and discuss strategies to attain academic success. Students on academic warning or probation may be limited in the number of credit hours they may enroll in, must enroll in UNI 220 Academic Refresher, and must also do one of the following:

1. Students must raise their cumulative ASU GPA to 2.00 or greater by the end of the next semester in order to return to good academic standing.
2. If a cumulative GPA of 2.00 can't be reached in one semester, students must obtain a semester GPA of 2.00 or greater with no grade lower than a "C" in order to be granted one additional semester on continuing probation, providing them with two semesters in which to return to good academic standing and avoid disqualification.

Disqualification

Students who do not meet probation requirements are subject to disqualification. Students who have been disqualified may attend summer sessions to try to bring their GPA to good standing, but they are not permitted to register for fall or spring sessions. If disqualified students choose to register for courses in the summer, they first should meet with an advisor to better understand grade replacement policies and determine which courses would be best for them. Students who already registered for future fall or spring semesters will have their registrations canceled.

Academic advising

The College of Global Futures Student Services Center [11] supports students' achievement of their personal, educational, cultural and career goals while becoming self-directed, lifelong learners. The college encourages students to meet with an advisor at least once a semester and requires that students meet with an advisor at certain points during their academic career:

- prior to the first semester: all newly admitted students
- first semester: during the first semester to plan for the second semester
- fifth semester: when students are starting to focus their studies and think about steps leading to graduation
- seventh semester: to prepare for any capstone experiences required and planning for post graduation

Office hours are Monday through Friday, 9 a.m. to 4 p.m., excluding university holidays. Students should schedule their advising appointments in advance through My ASU [12] or this direct link [13] so advisors can set aside the appropriate time to answer all their questions.

Critical requirements

All College of Global Futures students must meet critical requirements for their intended majors. Students who do not comply with the critical requirements are considered off track, and holds are placed on their records; to have the holds removed, they must meet with their advisors. Students who still do not meet all critical requirements in the following semester are not permitted further registration in their intended majors. Students who are off track for two consecutive semesters may be required to change their major.

Registration and credit

Students enrolling in courses offered by the College of Global Futures are expected to follow the rules and deadlines specified in this catalog and the ASU academic calendar. Students are encouraged to meet with their academic advisor before registration.

Maximum hours and course load

Students enrolled in undergraduate degree programs in the College of Global Futures may register for a maximum of 18 credit hours per semester (fall and spring), with a maximum of nine credit hours per session A or session B. Students may register for a maximum of 14 credit hours per summer term, with a maximum of seven credit hours per session A or session B.

Students wanting to register for more than the maximum must submit a credit overload request on the College of Global Futures website and meet the stated criteria. Students generally are not permitted to exceed the maximum credit limit in their first term at ASU or in the hybrid year of an accelerated bachelor's and master's degree program; however, each request is reviewed on an individual basis.

More details on credit hour limits are available on the course load and concurrent enrollment policy [14] site.

Late enrollment transactions

The College of Global Futures adheres to all posted university deadlines for course enrollment, including add, drop and withdrawal. Late drops from College of Global Futures courses are not approved; however, students can withdraw from courses following the regular course withdrawal process [15]. If students wish to add a College of Global Futures course after the official drop/add deadline, they may request special permission to do so. Instructor approval is required; however, instructor approval does not guarantee college-level approval. Drop/add deadlines are posted on the Academic Calendar [16].

Repeat and replacement policy

Students wishing to repeat courses and possibly replace prior course grades must follow ASU's repeating courses policies [17] regarding the number of credit hours that are allowed to be repeated and the types of courses that are eligible for a grade replacement.

Generally, students may not repeat an undergraduate course for credit when a grade of "C" or higher is earned unless the higher grade is required for the course as part of the major.

Students wishing to repeat a course for a third time must submit a petition. Students should contact the advising office for information.

Pass/fail grade options

Some instructors may offer courses on a grading basis of satisfactory "Y" and failing "E". With a "Y" grade, students earn credit hours but the grade is not factored into the GPA. The pass "P" grade works similarly but is only used when an individual student receives permission from both the class instructor and the college or school prior to the drop/add deadline for the session. Permission is recorded on the pass/fail enrollment form [18]. A grade of failing, or "E", is factored into the GPA. Students should see ASU grading options and definitions [17] for more information.

Degree requirements

All undergraduate students in the College of Global Futures must complete the university's General Studies requirement [19] as well as all requirements for their majors.

Minors

Students in schools in the College of Global Futures may not use courses in their majors to fulfill the requirements of their minors. Similarly, they may not use courses in their minors toward their majors, with the exception of the related discipline requirement for the BA or BS in sustainability.

Concurrent degrees

Students may seek approval to pursue concurrent degrees with the College of Global Futures after they have completed at least 30 graded credit hours. To be eligible to add a School of Sustainability program as a concurrent degree, students must have a cumulative ASU GPA of 3.00. To be eligible to add a School for the Future of Innovation in Society program as a concurrent degree, students must have a cumulative ASU GPA of 2.00.

Students interested in declaring a concurrent College of Global Futures degree or current College of Global Futures degree should schedule an appointment with a Global Futures advisor to complete a College of Global Futures Standards Petition. Concurrent degrees must be approved by the academic units for both degree programs, so students also need to meet the eligibility criteria of the other academic unit and follow the process outlined by that unit as well.

Degree combinations with too great an overlap between the required courses for each major are not approved. For example, students may not pursue a BA or BS in sustainability as well as a BS in sustainable food systems, a BA in business with a concentration in sustainability, or a BA in interdisciplinary studies with a concentration in sustainability.

Readmission

Students seeking reinstatement after disqualification or readmission after absence from the university should contact the College of Global Futures Student Services Center regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made through the ASU readmission process [20]. Students are eligible for readmission into the College of Global Futures once they complete either of the following:

1. Raise their ASU cumulative GPA to good academic standing (2.00) by taking ASU summer session courses.
2. Complete 24 or more transferable credit hours at a community college or university with no grades less than “C” and a GPA of 3.00 or greater. Courses in which the student failed or received a “D” grade at ASU should not be repeated at another institution.

Other special requirements

Grade appeals

The College of Global Futures follows the university policy for student appeal procedure on grades [21] and has outlined more information about the process within the college on the Global Futures website [22].

Graduate policies

The college’s graduate policies are guided by the university policies on graduate studies [23]. Graduate advising and student services are currently offered directly through each of the schools within the College of Global Futures: School for the Future of Innovation in Society [24], School of Sustainability [25] and School of Complex Adaptive Systems [26].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those outlined by the Graduate College and the College of Global Futures. Additional information about program requirements and what is required to maintain good academic standing can be found in program handbooks.

Thunderbird School of Global Management policies

For more than 70 years, Thunderbird School of Global Management has been the vanguard for global leadership and management education. Since 1946, Thunderbird has guided exceptional individuals to shape meaningful and impactful careers all over the world — as entrepreneurs and innovators; as leaders of multinational corporations and family businesses; and as individuals in government agencies, international organizations and in the nonprofit sector.

Today, people live in a time of great upheaval across the globe. The advent of the Fourth Industrial Revolution is transforming people's lives and poses seemingly unlimited opportunities for the achievement of sustainable prosperity and peace in the world. At the same time, the rise of reactionary nationalisms and parochialisms pose a fundamental challenge to the progress made, from decades of global openness and integration, while the perils of overconsumption and climate change have made the planet ever more fragile.

Thus, perhaps more than ever, the world needs Thunderbird graduates, those who possess contextual global mindsets and unparalleled fluencies that enable them to work across countries, across sectors and across cultures.

Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Student Academic Integrity Policy [1] is strictly enforced for students found in violation of this policy. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal.

For more information on graduate-specific policies, students should refer to the specific graduate student handbook and should review the Graduate College's academic integrity page. <https://graduate.asu.edu/current-students/policies-forms-and-deadlines/academic-integrity> [2]

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [3].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [4], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [5].

Undergraduate policies

Academic standing

To maintain satisfactory academic progress, all students in the Thunderbird School of Global Management must:

1. maintain a minimum GPA of 2.00 each semester
2. maintain a minimum cumulative GPA of 2.00

Probation

A student is placed on probation at the end of the fall or spring semester if their GPA is less than 2.00.

Continuing probation

A student is placed on continuing probation when their cumulative GPA is less than 2.00 for two consecutive semesters but they have shown academic progress.

eAdvisor tracking

In addition to being in good academic standing with the university, all students at Thunderbird School of Global Management must adhere to ASU critical tracking requirements, per the pertinent major map. Students are off track if they fail to meet ASU critical tracking requirements. For more information on critical tracking courses, students should see <https://webapp4.asu.edu/programs/t5/MajorMaps> [6].

Students who remain in off-track status for two or more consecutive semesters may be required to change majors.

Disqualification

Students are disqualified from ASU if their cumulative GPA remains less than 2.00 for more than two consecutive semesters. Students who are disqualified are not allowed to enroll in the following fall or spring semester. They may take courses during the summer to raise their GPA; however, this does not guarantee reinstatement for the following fall semester. Disqualified students must follow the procedures for readmission; requests will be reviewed by the college on a case-by-case basis.

Remediation

Students are required to meet with an academic advisor if they are placed on probation, continuing probation, off-track status or are at risk for disqualification, at which point an appropriate remediation plan will be discussed.

Advising

Thunderbird School of Global Management is committed to the personal, social and academic experiences of students by providing high-quality, student-centered academic advising, ensuring the accuracy and accessibility of information and resources, and partnering with students to help them reach their career goals.

Academic advising is required for the following students:

- All first-year and new transfer students are required to meet with an academic advisor before course registration. Thus, first-year students are required to meet with an academic advisor prior to both their first and second semesters.
- Students not in good academic standing status (i.e., on probation, continuing probation, off-track status, disqualification, etc.) are required to meet with an academic advisor to discuss a remediation plan.

Faculty and staff utilize academic status reports [7] to provide student feedback over the course of the academic semester and year. Academic status reports may be used to identify students who are struggling academically or professionally or to recognize students who are excelling in coursework. Academic advisors and faculty mentors may access ASRs to provide students with valuable insight into performance improvement.

Credit/registration

Course load

Students are allowed to register for a maximum of 18 credit hours per semester. To register for more than the maximum allowable, students may petition their Thunderbird School of Global Management academic advisor. No student should assume that a petition for overload will be granted. For more information, students should review the course load and concurrent enrollment policy [8] page.

Transfer work

Transfer credits from other institutions may be accepted and applied based on the student's major. Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades lower than "C" (2.00) transfer to ASU. Credits transferred from a community college or two-year institution are applied as lower-division credits. Thunderbird School of Global Management recommends that students work closely with their academic advisor to determine the process for applying pertinent

transfer credit hours to their program of study. For more information on the transfer process and a list of the courses transferable to the various degree programs, students should consult their advisor and refer to the ASU transfer tools [9].

Course prerequisites

Course prerequisites are established to ensure student success in a course. Students must complete all course prerequisites prior to enrolling in the desired course. Prerequisite overrides may be granted under the following conditions:

- A transfer course has been accepted by advisor to fulfill required course prerequisite.
- A prerequisite override has been granted by an advisor, instructor or other authority.

Grade of incomplete

A grade of incomplete for a course may be granted by permission of the instructor under the following conditions:

- The student is in good standing academically at ASU.
- The student has completed a substantial portion of the required coursework.
- The student has experienced extenuating circumstances prior to the end of the semester, preventing completion of the course. <https://students.asu.edu/forms/incomplete-grade-request> [10]

If qualified, students have one calendar year to complete course requirements. If requirements are not met per the standards agreed upon with the course instructor after one calendar year, the incomplete will be adjusted to reflect a course failure.

Pass/fail grade option

A grade of "Y" (satisfactory) contributes to a student's earned credit hours but does not affect the GPA. A failing grade of "E" is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted by the instructor and college offering the course.
- The pass/fail option was chosen during initial registration for the course, if available.

Thunderbird students may not enroll under the pass/fail option in the following courses:

- those taken to satisfy first-year composition requirements
- those taken from the student's major, minor or certificate program
- those taken for honors credits
- those counted toward satisfying Thunderbird General Studies requirements
- those counted toward satisfying Thunderbird language and culture proficiency requirements

Pass/fail credit taken at another institution may be petitioned for use, but only if the student can demonstrate proof that the pass grade was equivalent to a "C" (2.00) or greater.

Withdrawal

Complete session withdrawal information

Since a complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences, undergraduate students are required to contact the college or school of their major to facilitate the withdrawal process.

Students must complete the following steps in the order in which they are listed:

1. Fill out a complete session withdrawal form. <https://students.asu.edu/forms> [11]
2. Meet with a Thunderbird academic advisor.

ASU has many resources in place to help students. Students may want to consider one or more of the following:

- **Withdraw from just one or two classes (course withdrawal).** Students may withdraw from a class while remaining enrolled in other classes as long as the withdrawal is completed between the drop/add deadline and the course withdrawal deadline. Students are encouraged to contact their academic advisor to discuss the impact this may have on meeting critical requirements. Students also are encouraged to contact a financial aid representative to consider any impact withdrawing will have on scholarships, grants and loan packages.
- **Request a medical or compassionate withdrawal.** Medical or compassionate withdrawals are available for students withdrawing from one or more classes due to extraordinary personal mental or physical health conditions or the death or serious illness of a family member or close friend. If approved, students are allowed one medical or compassionate withdrawal during their academic career with Thunderbird. For information concerning medical or compassionate withdrawal requests, students should see the medical and compassionate withdrawal policy [12] page, and they may obtain the form here: <https://students.asu.edu/files/Medical-Compassionate%20Withdrawal%20Request.pdf> [13].
- **Seek tutoring or academic support services.** The Student Success Center [14] provides a variety of services to help students become better learners and gain the confidence and skills they need in order to achieve their academic goals. Services include writing centers, math tutoring, subject area tutoring and supplemental instruction.
- **Make an appointment with ASU's Counseling Services.** Counseling and mental health services are provided at each of the four ASU campuses. ASU students may seek services at any of the campus counseling centers [15], regardless of their college affiliation.
- **Explore the possibility of an "I" (incomplete) grade.**

The following are possible consequences that result from a complete session withdrawal:

- **financial aid** --- Financial aid recipients who completely withdraw from the university may be responsible for immediate repayment of funds. The effect of a complete withdrawal of financial aid depends on when the withdrawal is dated and the type of financial aid. More information is at ASU Financial Aid and Scholarship Services [16].
- **tuition and refunds** --- The date of a complete withdrawal determines whether or not a tuition refund will be generated. Students should review the tuition refund policy [17] for more information.
- **health insurance** --- Students should contact their health insurance company to determine whether or not withdrawing from the university affects their coverage.
- **University Housing** --- Students who live on campus should contact their residence hall community staff to determine what impact withdrawing will have on their eligibility to live on campus; to complete a license agreement release form; and to arrange an appointment to officially check out. More information is at <https://housing.asu.edu/housing-communities/residential-colleges/casa-de-oro> [18].
- **veteran benefits and certifications** --- Students should contact the appropriate veteran benefits and certifications office to discuss information regarding veterans' educational benefits and military activation. For more information, students should email ptvc@asu.edu [19] or visit <https://veterans.asu.edu> [20].

For general university withdrawal procedures, students should review <https://students.asu.edu/drop-add> [21].

Degree requirements

All candidates for graduation in the BGM or BS curricula are required to present at least 120 credit hours, of which at least 45 credit hours must consist of upper-division coursework. A minimum cumulative GPA of 2.00 is required for graduation.

It is the student's responsibility to be aware of the degree program requirements and to select courses accordingly.

To graduate, a student must satisfy the following requirements:

1. ASU 101 or equivalent (first-year students)
2. college proficiency requirements for language
3. university first-year composition and General Studies requirements

4. an additional six credit hours consisting of three credit hours of literacy (L) and three hours total of humanities, arts and design (HU)/social-behavioral sciences (SB) at the upper-division level in addition to 29 credit hours of General Studies coursework
5. major requirements that involve concentrated coursework in one program
6. successful completion of critical-tracking courses as required on the student's major map

For more information regarding eAdvisor tools, students should visit <https://eadvisor.asu.edu> [22].

Language proficiency requirement

Each student is required to demonstrate proficiency in the analysis of language by passing an examination or by completing the courses specified below with a grade of "C" (2.00) or greater in each course. Students considering graduate work after completion of the bachelor's degree should consult with faculty advisors regarding language requirements in their intended areas of study. Students should see the program major map for the specific language requirement and contact the advising office for information on applicable coursework.

The language proficiency requirement may be satisfied through one of the following:

- completion of secondary education at a school in which the language of instruction is not English
- completion of a language course at the intermediate level (202 or equivalent)
- completion of an upper-division course or courses taught in a foreign language, taken in the United States or the relevant country
- completion of six credit hours of upper-division courses that have the global awareness designation (G) or cultural diversity in the U.S. designation (C) in addition to the courses used to meet the university General Studies requirements

Students whose native language is not English who choose to take a second language must meet or exceed a TOEFL score of 100 or more to register for a non-English language class in the first or second semesters. All students whose native language is not English may register for a language class in their third semester. The first two semesters of English immersion will solidify their English proficiency before a new language is attempted.

Concurrent degrees

Students who are interested in pursuing concurrent degrees may petition the Thunderbird School of Global Management Standards Committee through their academic advisor. The petition may be found at https://catalog.asu.edu/sites/default/files/attachment/tbird_concurrent_degree_petition.pdf [23]

Thunderbird School of Global Management requires that students interested in applying for a concurrent degree meet the following criteria:

1. a minimum cumulative GPA of 3.00
2. have completed 30 credit hours in their first program of study
3. have completed a full fall or spring semester at ASU
4. must complete 30 credit hours unique to each program
5. must follow approval criteria procedures for both colleges

For more information on degree requirements, students should see Degree Search [24].

Minors

Thunderbird students may pursue minors [25] in other colleges at ASU. Courses used in the minor may not be used in the student's major program.

Readmission

Undergraduate degree-seeking students are eligible to return through quick re-entry [26] if they previously attended ASU but have not enrolled at ASU for up to seven consecutive semesters. These students are not required to submit a new application or application fee, but they must contact a Thunderbird academic advisor to enroll.

Undergraduates who have been away from the university for eight or more semesters and want to return to ASU in a Thunderbird program are required to apply for readmission [27] through Admission Services.

Disqualified students must follow the procedures for readmission; requests will be reviewed by the college on a case-by-case basis.

Other special requirements

Grievance policy

Undergraduate students with grievances pertaining to an enrolled course should first address issues with the course instructor. If an identified grievance is not resolved with the course instructor, the student should next seek resolution through the academic advisor and, lastly, from Thunderbird's academic director of undergraduate programs. Finally, if no resolution has been achieved, the student should contact the dean of faculty at Thunderbird School of Global Management.

Graduate policies

Academic progression

Each graduate program in the Thunderbird School of Global Management adheres to specific academic requirements. Students are strongly encouraged to become familiar with the expectations listed for their respective graduate program as well as review ASU graduate education policies found at <https://graduate.asu.edu/current-students/policies-forms-and-deadlines/policy-manuals> [28] and in the Thunderbird Graduate Student Handbook. Each student should also communicate directly with their program coordinator or academic advisor to ensure a clear understanding of all degree requirements and program expectations. Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and must abide by all university policies including those of the Graduate College and the Thunderbird School of Global Management.

All Thunderbird graduate programs require a minimum cumulative, graduate and iPOS GPA of 3.00. Students should see the individual graduate degree programs for additional requirements on satisfactory academic progress, probation and disqualification.

Credit/registration

Because of the intensity of the Thunderbird graduate programs, the maximum number of credit hours students may take each semester may be limited. Students should see the Thunderbird Graduate Student Handbook for more information.

Students may petition the Thunderbird School of Global Management Standards Committee through their academic director to register for more than the maximum allowable number of credit hours. No student should assume that a petition for overload will be granted.

College of Health Solutions policies

The College of Health Solutions translates health research and discovery into practice and prepares students to be able to address the challenges facing people who wish to stay healthy, improve their health and manage chronic disease. Programs are offered in biomedical informatics and biomedical diagnostics; kinesiology, sports and exercise science; health care delivery; nutrition; population health; and speech and hearing science. Students, faculty and staff at the College of Health Solutions work together toward a common goal of improving health outcomes by optimizing health and human performance across the lifespan and addressing systems of health care and health needs of populations. Graduates of the college are uniquely prepared to make an impact in the health workforce and shift the focus of health from sickness to wellness.

Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Academic Integrity Policy [1] is strictly enforced, and for students found in violation of this policy possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal.

For more information on graduate-specific policies, students should refer to the specific graduate program manual, and they should review the information on the Graduate College [2] website.

Procedure:

Any student, staff member or faculty member may report a suspected violation of the university's academic integrity policy. If a student is suspected of violating the academic integrity policy, the individual who suspects the violation will contact the college's academic integrity officer to discuss details and proposal of a sanction. The academic integrity officer will communicate to the student regarding the alleged violation, giving the student the opportunity to respond. Once an investigation has taken place and a determination made as to whether it is more likely than not that the student did violate the academic integrity policy of the university, the officer will send communication of the official sanction to the student along with steps by which the student may appeal the decision. If the student decides to appeal, he or she must meet with the officer to discuss hearing procedures.

After meeting with the academic integrity officer following the receipt of the sanction, a student may appeal to the College of Health Solutions' Academic Standards and Grievances Committee. Students should be aware that if an appeal is heard, the committee could award a sanction more severe than that originally proposed. Students have 10 working days from the date of the meeting with the AIO to initiate an appeal. After the 10 days, the sanction determined by the academic integrity officer is imposed and the matter will be closed.

The college's Academic Standards and Grievances Committee is a body composed of faculty from across the college and includes one student member. It meets no more than once a month during regular fall and spring semesters but not during summer, winter or the midterm breaks. After hearing the case, the committee deliberates and makes a written recommendation to the dean for review. The final decision of the dean is communicated to the student and all appropriate parties in writing.

Unless a student successfully appeals the finding that an academic integrity policy violation has occurred, the academic integrity officer will maintain a record of the incident and the sanctions on the university database. If students are found to have committed prior academic integrity violations, the intensity of sanctions will increase beyond the level which might have been warranted by the current offense.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [3].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education

programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [4], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [5].

Undergraduate policies

Academic good standing

For the purpose of retention, university academic good standing [6] for degree-seeking students is defined as maintaining a minimum cumulative GPA of 2.00. This standard is in effect for all students, regardless of catalog year, beginning in fall 2013.

An ASU student who does not achieve the minimum GPA standard at the completion of the first term of study will receive an academic warning [7]. If after one term with an academic warning a student still does not achieve the minimum GPA standard, the student will be placed on probation for at least one additional term. If a student's minimum GPA first falls below the standard in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

A student with an academic warning or who is on academic probation is considered in conditional good standing and is permitted to enroll.

Whether a student's status is an academic warning or probation, the student must follow the guidelines provided in their notification from the college which could include either meeting with an academic success advisor or academic success advising coordinator or completing an online course to review academic success strategies for the subsequent semester and developing a success plan for returning to university academic good standing. That plan may require successful completion of UNI 220 Academic Refresher.

Continuing probation

Students are placed on continuing probation when their cumulative GPA is less than 2.00 for two consecutive semesters but they have shown academic progress and not earned less than a "C" in any course in the most recent semester.

eAdvisor tracking

In addition to being in university good academic standing, all students in the College of Health Solutions must adhere to ASU critical tracking coursework [8], per the pertinent major map. For more information on critical tracking courses, students should review the major map for their degree program. Students are off track if they fail to meet ASU critical tracking requirements for two consecutive semesters. All off-track students will receive a hold requiring them to meet with their academic advisor and set a plan for getting back on track with their degree program.

Examples:

- Speech and hearing science majors must maintain a GPA of 2.80 in ASU critically tracked courses.
- Dietetics students must maintain a cumulative GPA of 3.00.
- Medical studies students must maintain a cumulative GPA of 3.00.
- Kinesiology students must maintain a cumulative GPA of 3.00.
- Clinical exercise science students must maintain a cumulative GPA of 3.00 by term 3.
- Sports science and performance programming students must maintain a cumulative GPA of 2.50 by term 3.

Students who remain off track for two or more consecutive semesters may be required to change majors to a program that does not have the same critically tracked courses. For example, students not succeeding in chemistry may not change into another major that also critically tracks chemistry courses.

Disqualification

Students are disqualified from the College of Health Solutions and ASU if their cumulative GPA remains less than 2.00 for two consecutive semesters after they were placed on probation. Students who are disqualified cannot enroll in classes at ASU for a minimum of two semesters (fall and spring). Disqualified students may take courses during the summer to raise their GPA; however, this does not guarantee reinstatement for the following fall semester. Disqualified students must apply for readmission or reinstatement for the semester they wish to return to the university. The college will not reinstate a student into any major that prepares students for professional school or professional credentialing nor will the college reinstate students into majors in which they have twice failed to complete a required course at ASU.

Remediation

Students are required to meet with an academic advisor if they are placed on probation, continuing probation, off-track status or are at risk for disqualification, at which point an appropriate remediation plan will be discussed.

Advising

The Student Success Hub in the College of Health Solutions is committed to maximizing the personal, social and academic experiences of students by providing high-quality, student-centered academic advising, ensuring the accuracy and accessibility of information and resources, and partnering with students to help them reach their career goals in health and the health care industry. Advisors are available to meet with students in each of the undergraduate programs in person, virtually, by email and by phone.

Academic advising is required for the following students:

1. All first-year and new transfer students are required to meet with an academic advisor prior to course registration.
2. Students not in satisfactory academic standing (i.e., probation, continuing probation, off-track status, disqualification, etc.) are required to meet with an academic advisor to discuss a remediation plan.

Faculty and staff utilize Academic Status Reports [9] to provide student feedback over the course of the academic semester. The ASRs may be used to identify students who are struggling academically or professionally or to recognize students who are doing well. Academic advisors and faculty mentors may access ASRs to provide students with valuable insight into performance improvement.

In order to be successful in the College of Health Solutions, students are strongly encouraged to be proficient in the basic concepts in writing, math and science. Students are encouraged to use the following resources.

Tutoring and academic support

Student Success Centers, located on all ASU campuses, offer free academic support resources for all students including:

- tutoring [10] — In-person and online tutoring options are available.
- writing support [11] — Students may receive help with a class writing assignment, a resume and all other writing needs, from structuring a paper to proofreading.
- structured study groups [12] — Classmates get together to discuss concepts, compare notes and share strategies.

ASU Libraries, located on all ASU campuses, offer free online and in-person research support for all students including:

- subject librarians [13] — Research experts in each major are available to work one-on-one, and students are encouraged to make an appointment.
- ask a librarian [14] — Students receive help via chat (24/7), email, phone or by visiting one of the library information desks.
- library guides [15] — Quick access to the best library resources is available online for specific majors, subjects and courses.

Career services

ASU Career and Professional Development Services [16] offers students, alumni and employers services on four university campuses across the Phoenix metropolitan area. Each location offers services such as career advising, interview and resume preparation, class and group presentations, on-campus recruitment and interviewing space, and recruitment and networking events.

Credit/registration

For fall or spring semesters, a minimum full-time course load for an undergraduate student is 12 credit hours. The maximum course load for which a student may register is 18 credit hours during a fall or spring semester, with a maximum of nine credit hours in session A and B, and the load limit may not exceed a total of 18 credit hours for any combination of sessions. A student wishing to register for more than the maximum must petition the college standards committee [17] and must obtain an approved overload prior to registration. The summer session credit hour load limit is seven credit hours for each six-week session and nine credit hours for the eight-week session, and the load limit may not exceed a total of 14 credit hours for any combination of sessions.

Graduate credits earned by undergraduate students

ASU undergraduate students who have achieved senior status (cannot be postbaccalaureate) with a cumulative GPA of 3.00 or greater may count up to 12 graduate-level credit hours with grades of "B" or better that were not used toward a previous degree toward their graduate degree at ASU (preadmission credit hours) with the approval of the degree program and the Graduate College. Preadmission credits must have been taken within three years of admittance to the ASU degree program to be accepted.

Accelerated bachelor's/master's degree programs may use a maximum of 12 preadmission credits which may include up to a maximum of 12 credit hours shared between the programs. Students in accelerated programs should contact their advisor to ensure proper sharing of credit hours. If a student has been accepted to an accelerated degree program, they do not have to petition the standards committee to take the shared courses.

Before registering for a graduate-level course, undergraduate students must petition [17] the College of Health Solutions Academic Standards and Grievance Committee through their academic advisor for permission to enroll in a specific course.

Degree requirements

Concurrent degrees

Students at Arizona State University are permitted to pursue concurrent degrees as long as they meet the requirements for both programs and receive permission in advance from the colleges offering their chosen majors. For example, a student in the clinical exercise science degree program may also petition to pursue a degree in Spanish. A student interested in pursuing a concurrent degree may petition the College of Health Solutions Standards Committee if both degrees are offered by this college. If the second degree is offered by another college, the standards committees of both colleges must be petitioned separately.

Students earn a separate diploma for each degree. Degrees may not be too closely related.

Minimum requirements

1. sophomore standing or higher
2. minimum GPA of 3.00
3. minimum of 12 credit hours of coursework completed in the first major
4. minimum of nine credit hours of coursework completed in the second major
5. minimum of 30 unique credit hours of coursework in each major

In order to begin the process in the College of Health Solutions, students must petition [17] the college's Academic Standards and Grievances Committee.

Reinstatement/readmission

Disqualified students must follow ASU procedures for readmission [18]. Readmitted students are required to meet with a College of Health Solutions academic advisor prior to course enrollment. Exceptions may apply, including for students on leaves of absence and students who serve in the military. The college will not reinstate a student into any major that is meant to prepare students for professional school or professional credentialing nor will the college reinstate students into majors in which they have twice failed to complete a required course at ASU.

Special considerations

Medical or compassionate withdrawals

Medical or compassionate withdrawals are available for students needing to withdraw from a semester due to a personal mental or physical health condition or the death or serious illness of a close family member. More information concerning medical or compassionate withdrawal requests can be found on the Medical and Compassionate Withdrawal Request Policy [19] page. Students must meet specific criteria for a medical or compassionate withdrawal and must be able to provide the college's medical or compassionate withdrawal designee with supporting documentation. Students who are eligible or have questions about eligibility are encouraged to meet with their academic advisor.

Military

Students with military or veteran status should utilize the Pat Tillman Veterans Center [20].

Americans with Disabilities Act (ADA)

The College of Health Solutions is supportive of and compliant with the Americans with Disabilities Act. Reasonable accommodations will be made for qualified students. Reasonable accommodation is defined as the provision of an auxiliary aid or modification to the course or program which will allow access to the job duties, the educational process, program and degree, or activity. Students are encouraged to visit Student Accessibility and Inclusive Learning Services [21].

The Americans with Disabilities Act (ADA) 1990 provides comprehensive Civil Rights protection and is designed to remove barriers which prevent persons with disabilities from accessing the same educational and employment opportunities as persons without disabilities. The law also provides access to public accommodations, state and local government services, transportation, and telecommunications. The Americans with Disabilities Act also prohibits discrimination against a qualified individual with a disability with regard to admission to educational institutions or vocational training programs (public or private); employee compensation; job training; and other terms, conditions and privileges of employment.

Students must fulfill all requirements of their individual programs to remain in good academic standing and abide by all university policies including those of the Graduate College (if applicable) and the College of Health Solutions.

Title IX policy

Title IX of the Education Amendments of 1972 protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. ASU does not discriminate on the basis of sex in the employment, education programs or activities it operates. ASU and the College of Health Solutions are committed to providing an environment free from discrimination based on sex and provide a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence. Victims of sexual violence, sexual harassment, stalking and relationship violence are encouraged to seek support and report the incident.

Graduate policies

Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Academic Integrity Policy [1] is strictly enforced for students found in violation. Possible sanctions could include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. For more information, students should refer to the specific graduate program handbook.

Academic standing

Each graduate program in the College of Health Solutions adheres to specific academic requirements. Students are strongly encouraged to become familiar with the expectations listed in their respective graduate program handbook.

Academic advising

It is important for graduate students in the College of Health Solutions to cultivate the following skills in their development as a health professional:

1. Proactively identify problems and possible solutions.
2. Accept feedback in a positive manner.
3. Modify performance in response to feedback.
4. Communicate with others in a respectful and confident manner.
5. Assume responsibility for learning.

Academic advising at the graduate level is facilitated by graduate support staff [22] in the Student Success Hub.

Faculty advisors meet with students in the academic area of concentration.

Special considerations

Medical or compassionate withdrawals

Medical or compassionate withdrawals are available for students needing to withdraw from a semester due to a personal mental or physical health condition or the death or serious illness of a close family member. More information concerning medical or compassionate withdrawal requests can be found on the Medical and Compassionate Withdrawal Request Policy [19] page. Students must meet specific criteria for a medical or compassionate withdrawal and must be able to provide the college's medical or compassionate withdrawal designee with supporting documentation. Students who are eligible or have questions about eligibility are encouraged to meet with their academic advisor.

Military

Students with military or veteran status should utilize the Pat Tillman Veterans Center [20].

Americans with Disabilities Act (ADA)

The College of Health Solutions is supportive of and compliant with the Americans with Disabilities Act. Reasonable accommodations will be made for qualified students. Reasonable accommodation is defined as the provision of an auxiliary aid or modification to the course or program which will allow access to the job duties, the educational process, program and degree, or activity. Students are encouraged to visit Student Accessibility and Inclusive Learning Services [21].

The Americans with Disabilities Act (ADA) 1990 provides comprehensive Civil Rights protection and is designed to remove barriers which prevent persons with disabilities from accessing the same educational and employment opportunities as persons without disabilities. The law also provides access to public accommodations, state and local government services, transportation, and telecommunications. The Americans with Disabilities Act also prohibits discrimination against a qualified individual with a disability with regard to admission to educational

institutions or vocational training programs (public or private); employee compensation; job training; and other terms, conditions and privileges of employment.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and abide by all university policies including those of the Graduate College and the College of Health Solutions.

Title IX policy

Title IX of the Education Amendments of 1972 protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. ASU does not discriminate on the basis of sex in the employment, education programs or activities it operates. ASU and the College of Health Solutions are committed to providing an environment free from discrimination based on sex and provide a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence. Victims of sexual violence, sexual harassment, stalking and relationship violence are encouraged to seek support and report the incident.

Honors - Barrett, the Honors College policies

Students who have demonstrated high levels of academic achievement in high school or college may apply for admission to Barrett, the Honors College. Each candidate must file an application to the college separate from the ASU application, in accordance with the appropriate Barrett deadlines.

Applicants are evaluated on the basis of their academic records, high school class ranking within their graduating class, and their performances on the SAT or ACT. The college also values students who have special talents and aptitudes, exhibit exceptional leadership qualities, have unusual life experiences and display significant community involvement. High school GPAs used in the evaluation process are calculated in accordance with the Arizona Board of Regents competency requirements, pursuant to ABOR Policy 2-121 [1].

The Barrett admission application and additional information about the college and its activities are available at <https://barretthonors.asu.edu> [2].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [3].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [4], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [5].

Undergraduate policies

Advising

Barrett students have advisors in their major, an assigned Barrett honors advisor [6], and faculty honors advisors in departments throughout the university. Students are encouraged to stay in regular contact with all these resources and are required to complete mandatory advising sessions with their Barrett honors advisor during the first, second and third year of study. To schedule an appointment with a Barrett honors advisor, students should call 480-965-9155 (Tempe campus), 602-496-1757 (Downtown Phoenix campus), 480-727-5539 (Polytechnic campus) or 602-543-3410 (West campus).

Students can review honors opportunities in majors at <https://barretthonors.asu.edu> [7]. There are also special prelaw and prehealth advising opportunities for Barrett students. Students should contact the Barrett advising office for more information.

Degree requirements

Barrett academic course requirements

Honors students must maintain high standards of academic performance and show progress toward completion of graduation requirements in their disciplinary majors and in Barrett.

In order to graduate from Barrett, students must complete the following, which includes 36 credit hours of honors coursework:

1. HON 171 The Human Event and HON 272 The Human Event must be completed in sequence during a student's first two semesters in the college.
2. Thirty additional credit hours of honors coursework must be earned with a letter grade of "C" (2.00) or higher. This may include HON prefix classes, honors sections of classes, honors enrichment contracts, internship and research credit, honors study abroad programs, and graduate level coursework.
3. Included in the 36 credit hours of honors coursework are at least 18 hours of upper-division or graduate-level honors credits for an earned letter grade of "C" (2.00) or higher, including six credit hours of honors coursework outside the academic major. Students should investigate specialized honors, upper-division tracks within their majors.
4. Those admitted as upper-division transfer students (students who, after high school, completed 48 university credits by the time of planned enrollment in Barrett) must complete HON 370 History of Ideas and 18 credit hours of upper-division honors coursework, six credits of which must be outside the academic major. Upper-division transfer students are required to complete 21 credit hours of upper-division honors coursework.
5. Students are required to complete an honors thesis or creative project that will earn them a maximum of six credit hours. These credit hours will be included in the 18 required hours of upper-division honors coursework. The honors thesis or creative project is launched with a prospectus that is due one academic semester before the defense. Prior to enrolling for credit for a thesis or for creative project work, students must complete a required preparatory workshop or course. The final copy of the honors thesis or creative project must be filed by the posted deadline during the student's graduation semester.
6. ASU graduation requirements in an academic major must be met.
7. Students must earn a cumulative GPA of 3.25 or higher by graduation.

Barrett course requirements may be met in a variety of ways. Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet Barrett requirements.

Those entering the college as lower-division students may take as many as 18 lower-division honors credits, which include HON 171 The Human Event and HON 272 The Human Event, and at least 18 upper-division credits (total honors credits must be 36). HON 171 and HON 272 are transdisciplinary seminars that acquaint students with ideas that form the foundation of a university education and emphasize critical thinking, discussion and writing.

Those who enter as upper-division students must take 21 upper-division honors credits, including HON 370 History of Ideas taught by an Honors Faculty Fellow. This seminar course introduces students to critical thinking, discussion and writing in a topical area chosen by the instructor. All students are expected to complete this course during the first semester upon entering Barrett.

Departmental honors-only courses are limited to honors students. Enrollment in these courses is limited. Compared to their nonhonors equivalents, these courses are designed to offer a richer, more complex intellectual experience appropriate to the discipline and the level of the course for all students enrolled. Other disciplinary honors courses group honors students in small cohorts to work on research projects of common interest.

Honors enrichment contracts are available in many departmental courses, allowing honors students to contract with the instructors of designated non-honors courses to earn honors credit by pursuing enrichment activities, which include supplemental sessions with the instructor. Honors enrichment contracts must be filed during the first four weeks of class and be completed during the semester in which the course is offered. The enrichment contract form offers guidelines to aid students and faculty in developing appropriate contracts.

Courses reserved for students in Barrett and that always count for honors credit are those listed in the online ASU Class Search and Course Catalog [8] as course numbers 492 Honors Directed Study, 493 Honors Thesis, and 497 Honors Colloquium; all classes with the HON prefix; and those with a departmental prefix that carry the honors designation.

Departmental courses numbered 492 and 493 are reserved for honors students completing their honors thesis or creative project. A student may enroll for these courses only with approval from the sponsoring academic department and the faculty member who serves as the student's thesis or creative project director. Course numbers listed in the ASU schedule of classes as 493 fulfill the student's upper-division literacy and critical inquiry (L) General Studies requirement.

Specific courses carry automatic honors credit. These include ACT 310 Mathematics of Finance, ACT 430 Mathematics of Financial Derivatives, CHE 211 Introduction to Chemical Processing, CEE/CNE 212 Engineering Mechanics II: Dynamics, CEE 486 Integrated Civil Engineering Design, CPI 310 Web-Based Information Management Systems, CSE 230 Computer Organization and Assembly Language Programming, EEE 230 Computer Organization and Assembly Language Programming, ENG 105 Advanced First-Year Composition, FSE 104 EPICS Gold Feasibility and Planning, FSE 150 Perspectives in Grand Challenges for Engineering, GRK 101 Elementary Ancient Greek, LAT 421 Roman Literature, PHY 201 Mathematical Methods in Physics I, and PHY 333 Electronic Circuits and Measurements. Graduate courses, 500 level and above, taught in an in-person format automatically earn honors credit.

For a full list of honors courses, including those that carry automatic honors credit, students should visit the Barrett Signature Courses webpage [9] and review the Honors Courses document.

College of Integrative Sciences and Arts policies

The College of Integrative Sciences and Arts provides students throughout the university with the knowledge and skills to comprehend and effectively engage the changing world of the 21st century at local, national and global levels. The college offers graduate and undergraduate degree programs that prepare students for a rapidly changing marketplace and offers foundational instruction in humanities, social sciences, mathematics, sciences and professional fields.

Academic integrity

Academic honesty is expected of all students in all examinations, papers, projects, partnerships, internships, academic transactions and records. Possible sanctions include appropriate grade penalties, loss of registration privileges and disqualification. The College of Integrative Sciences and Arts adheres strictly to the ASU Academic Integrity Policy [1], and all concerns related to academic integrity must be reported to the college's academic integrity officer.

To learn more about academic integrity for CISA students or to report a concern, students should visit <https://cisa.asu.edu/academic-integrity/students#> [2].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [3].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, Students should email titleixcoordinator@asu.edu [4], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [5].

Undergraduate policies

Academic standing

To be considered in academic good standing in the College of Integrative Sciences and Arts, students must achieve a cumulative GPA of 2.00 or higher.

Academic warning

Students who do not achieve a 2.00 GPA at the completion of their first term of study will be placed on academic warning. Upon the completion of a second term, students who achieve a cumulative GPA of 2.00 or higher will be placed in university good standing. Students who do not achieve a cumulative GPA of 2.00 or higher after the completion of a second term will be placed on university academic probation.

Probation

Students who do not achieve a 2.00 GPA will be placed on university academic probation and must meet with an academic success advisor to discuss academic success strategies. Students on academic probation will be required to take UNI 220 Mindset Connections. UNI 220 will appear on the students' DARS as a graduation requirement.

Within one semester, a student on academic probation must do either of the following:

1. Achieve a cumulative ASU GPA of 2.00 or higher, to return to academic good standing.
2. Obtain a semester GPA of 2.00 or higher, to be continued on probation. Students on continued academic probation may continue for as many semesters as needed to achieve academic good standing.

Disqualification

Students who fail to meet the criteria for continued probation may be disqualified from ASU. Students who have been disqualified may attend summer sessions but not fall or spring sessions.

Once readmitted, the student may be placed on academic probation for at least one semester. Students on probation will have one semester to raise their cumulative or semester GPA to meet ASU academic good standing (2.00). Failure to do so will result in disqualification from the university.

Academic policy appeals

Academic appeals regarding college policies or other variances or exceptions should be discussed with the student's academic success advisor, and students may be required to submit a College of Integrative Sciences and Arts Standards Committee petition. Some petitions may require a secondary review by the ASU University Undergraduate Standards Committee. For more details, students should visit the Integrative Sciences and Arts standards and petitions [6] website.

Academic advising

All students are encouraged to seek advising from their academic success advisor prior to registration. Students must review the academic calendar [7] each semester for information and deadlines pertaining to enrollment including course adds, drops and withdrawals.

The ASU academic catalog is the governing source for all degree requirements. Students are expected to read the requirements for university general studies, college graduation and major degree requirements.

Advising Information: <https://cisa.asu.edu/advising> [8]

Mandatory advising

The following students in the College of Integrative Sciences and Arts must receive advising clearance prior to course registration:

- new students in their first semester of attendance
- readmitted students in their first returning semester
- students on academic probation or continued probation
- students who have been disqualified
- students who are off track for graduation

Students are encouraged to use My ASU [9] to check their advising status requirements each semester before attempting any registration transactions.

Credit/registration

Students enrolling in courses offered by the College of Integrative Sciences and Arts are expected to follow the rules and deadlines specified in this catalog and the current registration and tuition payment guide. Students are encouraged to meet with their academic success advisors prior to registration.

Course load

Students may enroll in a maximum number of 18 credit hours per fall or spring semester, with a maximum number of nine credits taken in session A or Session B. Students may enroll in a maximum of 14 credit hours for a summer session, with no more than seven credits in session A or B. Students may enroll in a maximum of nine credit hours for the summer session C (eight weeks).

Any student wishing to enroll in more than the 18 credit hour limit in the fall or spring (or 14 in summer) or more than the nine credit hour limit in an A or B session (or seven hour limit in summer) should first meet with their academic success advisor to discuss a course overload. Some overload requests may require College of Integrative Sciences and Arts standards petition approval.

For more details on credit hour limits, students should visit https://catalog.asu.edu/course_load [10]. More details on the petitioning process are available at https://cisa.asu.edu/standards_petitions [6].

Repeat/replace policy

Students wishing to repeat courses and possibly replace prior course grades must follow the repeat/replace policy [12] stated in the University Student Services Manual [11] regarding the number of credit hours that can be repeated and the types of courses that are eligible for a grade replacement.

Students wishing to repeat a course for a third time must petition the College of Integrative Sciences and Arts Standards Committee.

Pass/fail grade options

A satisfactory grade of “Y” contributes to a student’s earned hours but does not affect the GPA. A failing grade of “E” is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted from the instructor and college offering the course.
- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.
- A maximum of 12 hours taken for pass/fail may be counted toward graduation.

College of Integrative Sciences and Arts students may not enroll under the pass/fail option in the following courses:

- first-year composition requirements
- major, minor, concentration area, or certificate program
- honors credits
- language proficiency requirements
- general studies requirements

Audit grade option

Students may choose to audit certain courses in which they attend regularly scheduled class sessions but earn no credit. Students should obtain instructor approval before registering for the courses. The option to audit is not available for all courses. This grade option may not be changed after the drop/add period.

Degree requirements

All candidates for graduation are required to complete at least 120 credit hours, of which at least 45 hours must consist of upper-division courses. A minimum ASU cumulative GPA of 2.00 is required for graduation. All new College of Integrative Sciences and Arts first-year students are required to enroll in an ASU 101 course during their first ASU semester.

Minors

The college offers minors in many of its disciplines. All minors must entail a minimum of 15 credit hours in the discipline, with at least 12 of those hours as upper-division courses.

- Six of the upper-division credit hours must be taken from courses offered by the College of Integrative Sciences and Arts.
- Students may not use courses in their minors toward major core requirements and, similarly, students may not use courses in their major core requirements to fill the requirements of their minors. Students should see an academic success specialist for more details.
- Some disciplines are too close in content for a student to choose a particular combination of minor and major.

Concurrent degrees

The college allows students to request approval from the college to pursue a concurrent degree if they have completed at least 30 graded credit hours with a minimum GPA of 2.50. Concurrent degrees may not be from the same discipline or have overlap in the courses required for each major. Students must earn at least 30 unique credit hours for each degree.

To request a concurrent degree, students must meet with an academic success advisor in each degree program and complete a College of Integrative Sciences and Arts Standards Petition form available at https://cisa.asu.edu/standards_petitions [6].

Critical and necessary requirements

All undergraduate majors at ASU provide an eight-term course plan (major map) leading to four-year graduation. College of Integrative Sciences and Arts students must meet the critical and necessary requirements listed on their major maps.

A student who does not comply with the critical requirements is off track and will have a hold placed on their record preventing enrollment. To remove the enrollment hold, the student will be required to meet with a College of Integrative Sciences and Arts academic success advisor to discuss their progression toward graduation. For more information about critical requirements, students should refer to the corresponding major map or eAdvisor [13].

Readmission

Students who have been disqualified from ASU may be readmitted to the College of Integrative Sciences and Arts for a fall or spring semester if they complete either of the following:

1. Achieve a cumulative ASU GPA of 2.00 by taking ASU summer session courses.
2. Complete 12 or more transferable credit hours at a community college or university with no grade lower than a "C" and a GPA of 2.50 or better. Courses in which the student failed or received a "D" at ASU should not be repeated at another institution.

Once readmitted, the student may be placed on academic probation for at least one semester. Students on probation will have one semester to raise their cumulative or semester GPA to meet the required 2.00 GPA to remain at ASU. Failure to do so will result in disqualification from the university.

Graduate policies

Students should review graduate policies at <https://graduate.asu.edu/current-students/policies-forms-and-deadlines/policy-manuals> [14].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those established by the Graduate College and the College of Integrative Sciences and Arts.

New College of Interdisciplinary Arts and Sciences policies

The New College of Interdisciplinary Arts and Sciences offers interdisciplinary programs built upon the foundation of disciplines such as English, history, philosophy, psychology, forensic psychology, social justice and human rights, sociology, communication, mathematics, biology and statistics. Through unique combinations and innovative partnerships, the college offers many diverse degrees, among them forensic science, applied computing, Latin American studies, interdisciplinary arts and performance, conflict resolution, and political science. New College degrees provide students with 21st century skills, allowing them to contribute meaningfully to solving the most critical and complex challenges of today and tomorrow. Students are prepared to steward sustainable societies that incorporate ethics and a respect for human rights, a regard for the environment, and an appreciation of culture and language while at the forefront of innovation in science and technology.

For more information, students should visit the New College [1] website.

Academic integrity

The New College of Interdisciplinary Arts and Sciences adheres to ASU's Student Academic Integrity Policy [2]. At Arizona State University, academic honesty is expected of all students in all examinations, papers, assignments, academic transactions and records. If academic integrity is compromised, possible sanctions include grade penalties, loss of registration privileges, failure of course, disqualification and dismissal from the university. For information on the New College Academic Integrity Policy, students should visit <https://newcollege.asu.edu/integrity> [3].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [4].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [5], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [6].

Undergraduate policies

Academic standing

New College students must achieve a cumulative GPA of 2.00 in order to be considered in good academic standing at ASU. Students with a semester or cumulative GPA of less than 2.00 are placed on academic probation and are required to meet with an advisor to effectively plan academic progress toward graduation. Further information is available at https://catalog.asu.edu/retention_standing [7].

Advising

All students in the New College of Interdisciplinary Arts and Sciences are expected to meet with their academic advisors regularly, especially prior to course enrollment each semester.

To ensure students are making timely progress toward degree completion, advising may be required for the following:

- newly admitted students
- first-year students
- students on academic probation
- students off-track for eAdvisor tracking requirements

Advising information for New College is available at <https://newcollege.asu.edu/college-advisor> [8].

For eAdvisor tracking and other general academic program information, students should see <https://students.asu.edu/academics> [9].

Credit/registration

Audit grade option

Students may choose to audit a course, allowing them to attend classes but not earn credit. Students must obtain instructor approval prior to enrollment: <https://students.asu.edu/grades> [10]. This grade option may not be changed after the drop/add period.

The audit option may be used under the following conditions:

- Approval has been granted from the instructor and college offering the course.
- The audit option is chosen during initial registration for the course.

Course load

Students are limited to a maximum of 18 credit hours per term. Enrollment in additional credit hours requires completion of an overload request form and approval from the college academic advisor. <https://newcollege.asu.edu/advising/forms> [11]

Course prerequisites

Course prerequisites are established to ensure student success in a course. Students must complete all course prerequisites prior to enrolling in the desired course. Prerequisite overrides may be granted under the following conditions:

- A transfer course has been accepted by an advisor to fulfill required course prerequisite.
- A prerequisite override has been granted by an advisor.

Grade of incomplete

A grade of incomplete for a course may be granted by permission of the instructor under the following conditions:

- The student is in good standing academically at ASU.
- The student has completed a majority of the required coursework.
- The student has experienced extenuating circumstances prior to the end of the semester, preventing completion of the course.

Students can download the Incomplete Grade Request form at <https://students.asu.edu/forms/incomplete-grade-request> [12].

Pass/fail grade option

The "P" grading option is used to indicate a passing grade in a class when an individual student receives permission from both the class instructor and their college or school. If the student earns a "P" grade, they will earn credit hours, but the grade is not used for computing the GPA. If requirements for the "P" grade are not met, a "E" grade (failing) is applied. The failing grade of "E" is calculated into the GPA. The "P" grade does not meet requirements where a "C" or better is required.

For further information about this ASU grading option or to determine how a "P" or "Y" grade transfers from another institution, students should contact their advisor.

The pass/fail grade option may only be used under the following conditions:

- The pass/fail option is available for the specific course.
- Approval has been granted by the instructor and the college offering the course, prior to the start of class.
- The pass/fail option was chosen during initial registration for the course, if available.

New College students may not enroll under the pass/fail option in the following courses:

- those taken to satisfy first-year composition requirements
- those taken from the student's major, minor or certificate program
- those counted toward satisfying New College General Studies requirements
- those counted toward satisfying New College proficiency requirements in math or language and cultures
- those requested after the start date of the class

Satisfactory ("Y") grade option

The "Y" grade is generally used as a grade for successfully completed internships, projects, readings and conference, research, seminars, theses, dissertations and workshops. Students earn credit hours for a "Y" grade, but the grade is not used for computing the GPA. If requirements for the "Y" grade are not met, a failing grade ("E") is applied. The failing grade of "E" is calculated into the GPA. The "Y" grade may meet requirements where a "C" or better is required. However, there may be some exceptions. For more information about the "Y" grade option, students should contact their academic advisor.

The "Y" grade option only may be used under the following conditions:

- The "Y" grading option is available for the specific course.
- Approval has been granted by the instructor and the college offering the course, prior to the start of class.
- The "Y" grading option was chosen during initial registration for the course, if available.

Academic (grade) grievance policy

The following steps must be followed by any student seeking to appeal a grade. This process does not address academic integrity allegations or faculty misconduct.

Student grade appeals must be processed in the regular semester immediately following the issuance of the grade in dispute (by commencement for fall or spring), regardless of whether the student is enrolled at the university.

There are two stages to the grade grievance process: the informal process and the formal process. Each process contains a series of steps.

Informal process

Step 1: An aggrieved student must first confer with the instructor; the student must state the reasons for questioning that the grade received was not given in good faith. The instructor must review the matter, explain the grading procedure used and explain how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course.

Step 2: If the grading dispute is not resolved in Step 1, the student may appeal to the school academic director or designee within the school offering the course. The school director or designee may confer with the instructor to handle the problem. In most instances, the grievance procedure can be resolved with Steps 1 or 2 and does not go beyond this level.

Step 3: If the matter is not resolved to the student's satisfaction after completing Steps 1 and 2, the student may then confer with the dean's designee at 602-543-7000, who will review the case and explain the formal process to the student. If still unresolved, the student may proceed to the formal process.

Formal process

Step 4: No later than ten business days after meeting with the dean's designee, the student must provide a written statement stating the evidence, if any, and reasons for determining the grade received was not given in good faith. Supporting materials should be attached as exhibits to the statement.

Step 5: The dean's designee will provide the student's statement (with any exhibits) to the instructor and request the instructor to respond to the dean's designee within 10 business days.

Step 6: When the official, written response is received from the instructor, the dean's designee will contact the student, who can then schedule an appointment to review the instructor's response. After reviewing the instructor's response, the student may submit a written request for a hearing before the New College of Interdisciplinary Arts and Sciences Grievance Committee. This written request for hearing must be submitted no later than 10 business days after the dean's designee notifies the student that the instructor's response was received. The committee is a regular committee and meets monthly, as necessary, during the fall and spring terms when classes are in session. The dean's designee serves as a nonvoting, ex-officio member of the committee.

Step 7: The committee will meet with the student and the instructor in an attempt to resolve differences. In order to preserve the confidential nature of the grade grievance process and to protect the privacy interest of those involved, the hearing will be closed to the public. The committee chairperson will preside at the hearing and will rule upon all procedural matters. A student who fails to appear or refuses to participate at the hearing will be deemed to have abandoned the request for a hearing, unless the student can demonstrate that extraordinary circumstances prevented his/her appearance or participation.

Step 8: After all parties have been heard, they will be excused and the committee will deliberate in closed session. Upon reaching consensus, the committee chairperson will submit their recommendation to the dean of the New College of Interdisciplinary Arts and Sciences. The dean will review the report and make a final determination regarding the appropriate course of action. The dean's office will inform the student, instructor, school director, registrar, and grievance committee in writing of the decision. The dean's decision is final.

It is university policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean's office in the New College of Interdisciplinary Arts and Sciences.

Transfer coursework

Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades less than "C" (2.00) transfer to ASU. Credits transferred from a community college or two-year institution are applied as lower-division credits. For a listing of the acceptable courses transferable to the various degree programs, prospective Arizona transfer students should consult their advisors and refer to the ASU transfer tools at <https://admission.asu.edu/transfer> [13].

Some courses taken from other ASU colleges or other universities may be acceptable for general university credit but may not be applicable toward the degree requirements of the schools. Determination of those particular courses applicable to a specific degree program is made within the appropriate academic unit.

Withdrawal

Complete session withdrawal information

Since a complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences, undergraduate students are required to connect with their academic advisor to facilitate the withdrawal process.

Students must complete the following steps and in the order shown here:

1. Review the Academic Calendar [14] for complete session withdrawal and tuition refund deadlines.
2. Log into MyASU [15].
3. Under the My Classes section, select Registration, followed by Drop/Withdrawal.
4. Indicate all the classes and sessions for the withdrawal, answer the required questions, and select Submit Withdrawal Request.

5. The request will be reviewed, and the academic advisor may contact the student for further discussion. If approved, the Complete Session Withdrawal request will be sent to the University Registrar's Office for processing.

Prior to requesting a complete session withdrawal, the student is encouraged to discuss a potential complete session withdrawal with an academic advisor. To schedule an appointment, students should call 602-543-3000. ASU has many resources in place to help students. Students may want to consider one or more of the following:

- **Withdraw from just one or more classes, not all (course withdrawal).** Students may withdraw from one or some of the classes in a session while remaining enrolled in other classes as long as the withdrawal is completed between the drop/add deadline and the course withdrawal deadline. Students are encouraged to contact their academic advisor to discuss the impact this may have on meeting critical requirements. Students are also encouraged to contact a financial aid representative to consider any impact withdrawing will have on scholarships, grants and loan packages.
- **Request a medical or compassionate withdrawal.** A medical or compassionate withdrawal request [16] may be made in extraordinary cases in which serious illness or injury (medical) or another extraordinary personal situation such as a death in the family (compassionate) prevents a student from continuing their classes and incompletes or other arrangements with the instructors are not possible.. For information on the New College Medical/Compassionate Withdrawal policy and procedures, students should visit <https://newcollege.asu.edu/advising/medical-compassionate-withdrawal> [17].
- **Seek tutoring or academic support services.** The Student Success Center [18] provides a variety of services to help students become better learners and gain the confidence and skills they need in order to achieve their academic goals. Services include writing centers, math tutoring, subject area tutoring and supplemental instruction.
- **Make an appointment with ASU's Counseling Services.** Counseling and mental health services are provided at each of the four ASU campuses. ASU students may seek services at any of the campus counseling centers [19], regardless of their college affiliation.
- **Explore the possibility of an "I" (incomplete) grade.**

Possible consequences resulting from a complete session withdrawal:

- **Financial aid:** Financial aid recipients who completely withdraw from the university may be responsible for immediate repayment of funds. The effect of a complete withdrawal from financial aid depends on the date of the withdrawal and the type of financial aid. Students should see the Financial Aid and Scholarship Services [20] website for more information.
- **Tuition and refunds:** By registering for classes, students agree to pay all applicable tuition and registration fees. Students are required to pay all tuition and fees for any registered course unless enrollment is officially cancelled during the 100% refund period. For more information, students should visit the ASU Tuition Refund Policy [21].
- **Health insurance:** Students should contact their health insurance company to determine whether or not withdrawing from the university affects their coverage.
- **University housing:** Students who live on campus should contact their residential hall community staff to determine what impact withdrawing will have on their eligibility to live on campus and to complete a license agreement release form and arrange an appointment to officially check out. For more information, students should see <https://housing.asu.edu/housing-resources/license-agreements/release> [22].
- **Veteran benefits and certifications:** Students should contact the appropriate veteran benefits and certifications office to discuss information regarding veterans' educational benefits and military activation. For more information, students should send an email to w.westvso@asu.edu [23] or visit <https://veterans.asu.edu> [24].

Procedures for general university withdrawal are at <https://students.asu.edu/drop-add> [25].

Degree requirements

All candidates for graduation in the BA, BS and BAS curricula are required to present at least 120 credit hours, of which at least 45 credit hours must consist of upper-division work. A minimum cumulative GPA of 2.00 is required for graduation. Students must complete a New College residency requirement of a minimum of 12 credit hours of upper-division (300- and 400-level) coursework from the school housing the student's major.

It is the student's responsibility to be aware of the degree program requirements and to select courses accordingly.

To graduate, a student must satisfy the following requirements:

- NEW 101 or equivalent (first-year students)
- IAS 300 (transfer students)
- college proficiency requirements for language and cultures and for mathematics
- university first-year composition and General Studies [26] requirements
- major requirements that involve concentrated coursework in one program
- successful completion of critical-tracking courses as required on the student's major map

Information on critical tracking and eAdvisor tools, such as the student's major map, is available at <https://eadvisor.asu.edu> [27].

Proficiency requirements

Each student is required to demonstrate proficiency in the analysis of language and cultures and also mathematics by passing an examination or by completing the courses specified below with a grade of "C" (2.00) or better in each course. Students considering graduate work after completion of a bachelor's degree should consult with faculty advisors regarding language requirements in their intended areas of study.

Language and cultures

This requirement may be satisfied through one of the following:

- completion of secondary education at a school in which the language of instruction is not English
- completion of a language course at the intermediate level (202 or equivalent), including American Sign Language IV
- completion of an upper-division course or courses taught in a foreign language, taken in the United States or the relevant country
- completion of six credit hours of upper-division courses that have a global awareness designation (G) or cultural diversity in the U.S. designation (C) in addition to the courses used to meet the university General Studies requirements
- completion of two sequential semesters of coursework in a current computer language

Students may obtain information about applicable coursework through the college advising office.

Mathematics

Students are required to complete MAT 142 or any MAT course for which MAT 117 or a higher-level MAT course is a prerequisite.

Major requirements

Each student is required to select a major from among the programs offered by the New College of Interdisciplinary Arts and Sciences.

All candidates for graduation for bachelor's degrees in New College are required to complete at least 120 credit hours of which at least 45 credit hours must consist of upper-division courses. A minimum cumulative ASU GPA of 2.00 is required for graduation.

No credit is granted toward fulfilling major or minor requirements in any upper-division course in the subject field of the major unless the grade in that course is at least a “C” (2.00). Normally, a passing grade (“Y”, for satisfactory) needs confirmation that it is equivalent to a “C” (2.00) or better.

General electives

Upon completion of all other requirements, the remainder of the minimum 120 credit hours required for graduation is general electives. Students should contact college advisors for assistance in selecting elective courses.

Concurrent degrees

Students in the New College of Interdisciplinary Arts and Sciences are eligible to seek concurrent degrees. Concurrent degrees with significant course overlap may not be approved.

Students are eligible to pursue a concurrent degree when the following criteria have been met:

- Students must be in good standing with a cumulative GPA of 2.00 or higher.
- Students must have completed 30 credit hours in their first program of study.
- Students must complete 30 credit hours unique to each program.
- Students may connect with advising to determine appropriate combinations.

To be approved to pursue a concurrent degree, students must file a Petition to Pursue Concurrent Degree form available at <https://newcollege.asu.edu/advising/forms> [11].

Minors

New College offers minors in many of its disciplines. All minors require a minimum of 15 credit hours in the discipline with at least nine of those hours completed as upper-division coursework. Six of the upper-division hours must be taken from courses offered by the New College of Interdisciplinary Arts and Sciences. Courses used in the minor may not be used in the student's major program. <https://catalog.asu.edu/index.php?q=minors> [28]

Readmission

Undergraduate degree-seeking students having previously attended ASU but not enrolled at ASU for no more than seven consecutive semesters are eligible to return through quick re-entry. These students are not required to submit a new application or application fee but must contact an academic advisor in their school to enroll.

Undergraduates who have been away from the university for seven or more semesters and want to return to ASU in a New College program are required to apply for readmission through Admission Services; more information is available on the Admission Services website. <https://admission.asu.edu/undergrad/readmission> [29]

Disqualified students must follow the procedures for readmission and will be reviewed by the college on a case-by-case basis.

Graduate policies

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the New College of Interdisciplinary Arts and Sciences.

Graduate students should review the New College Standards of Satisfactory Progress [30] and policies established by the Graduate College.

Walter Cronkite School of Journalism and Mass Communication policies

The Walter Cronkite School of Journalism and Mass Communication has a student-centered culture focused on helping students complete their degrees in a timely manner. Students are encouraged to visit the school's website at <https://cronkite.asu.edu> [1] or contact its student services center at 602-496-5055 with questions about any of the school's policies.

Academic integrity

Academic dishonesty in any form will not be tolerated in the Walter Cronkite School of Journalism and Mass Communication. The crux of the school's democracy is the ability of citizens to obtain honest, truthful and balanced information, and the credibility and integrity of individual journalists and communications professionals are crucial in that effort. In light of the school's mission to prepare students to become journalists and communication professionals, it is critical that credibility and integrity are fostered within the educational environment of the school.

The school has zero tolerance for academic dishonesty; academic integrity is enforced within every course and educational activity offered or sanctioned by the school. Any allegation of academic dishonesty will be referred to an appointed academic integrity officer for investigation, with cases elevated to the school's standards committee for review and recommendation to the dean of the school. If any student is found to have engaged in academic dishonesty in any form — including cheating, plagiarizing and fabricating (see examples here [2]) — that student shall receive a grade of "XE" for the class and may face suspension or expulsion from ASU.

At the beginning of every class, every student must digitally sign their agreement to uphold the Walter Cronkite School of Journalism and Mass Communication commitment to academic integrity as well as the ASU Academic Integrity Policy [3] and the Student Honor Code [4]. This agreement indicates that each student has read and understood the terms of academic integrity violations and all potential sanctions. Full information on academic Integrity policies and procedures [5] can be found on the ASU provost site.

The school will notify the Graduate College if a graduate student is being recommended for dismissal from the school for having engaged in academic dishonesty.

Responsibilities related to academic integrity

Accuracy: Since accuracy is the most important aspect of journalism, students must adhere to rigid standards for all submitted work, regardless of the intent to publish. Any major error of fact, anything that would require a printed correction if the story were to appear in a newspaper — a misspelled proper name, an erroneous phone number, an incorrect address, a libelous statement or a misstatement of a major fact — will result in a grade of "E" (55 percent) on that assignment. Minor misspellings or errors of grammar will bring down the grade. Carelessness will cause students to lose points fast.

Attendance and makeup work: Students are expected to attend every class and arrive on time. Students who miss an in-class assignment, quiz or test will receive a zero. Excused absences are not given. Instructors may allow up to two absences for any reason or drop designated grades. Specific language regarding absences and makeup work are included in each syllabus.

Deadlines: Because deadlines are important in journalism, students are expected to meet class assignment deadlines. Late assignments, even late by a minute, will not be graded, and the student will receive a grade of zero for the assignment.

Diversity principles: The Walter Cronkite School of Journalism and Mass Communication practices inclusivity in student, staff and faculty populations in order to create an academic environment that embraces diversity of thought and acceptance of all people regardless of race, gender, age, sexual orientation or societal, political, cultural, economic, spiritual or physical differences. To this end, the school directs efforts to the following four principles:

- Actively seek out and encourage diverse populations to become productive members of the faculty, staff and the student body.
- Create and maintain a work, learning and social environment that is cognizant and supportive of a diversity of human differences and beliefs.
- Incorporate within the formal content of the curriculum and in each course an affirmation of the core journalistic values of accuracy, fairness, ethical behavior and sensitivity when reflecting an increasingly multicultural world.
- Foster and support a climate in which events and activities of the school reflect diversity of awareness, sensitivity to and support for people of different origins, orientations and abilities.

Student expectations: Students are expected to attend all classes for their full duration on the days and times and in the locations indicated on the class syllabus and My ASU, as well as examinations as noted by the ASU final exam schedule. If students experience events or extreme circumstances (e.g., natural disasters, regional emergencies, and extenuating personal circumstances such as a family death or emergent or chronic health issues), they must notify their instructor immediately. That instructor is obligated to report extreme or extenuating circumstances to the dean's office for coordination of student support.

ACEJMC values and competencies: As a member of the Accrediting Council on Education in Journalism and Mass Communication, the school is committed to classroom learning that achieves ACEJMC professional values and competencies. These include the core areas of freedom of speech, ethics, diversity, critical thinking, research, writing and use of tools and technologies related to the field. For a full list of ACEJMC values and competencies, students should see <http://www2.ku.edu/~acejmc/PROGRAM/PRINCIPLES.SHTML#vals&comps> [6].

Social media guidelines: It is important that students of journalism and communication know how to use social media ethically and professionally. The school has developed standards drawn from The Poynter Institute for Media Studies and the Society of Professional Journalists. Those guidelines may be found at <https://cronkite.asu.edu/degree-programs/admissions/student-resources/social-media-guidelines> [7].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [8].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [9], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [10].

Undergraduate policies

Academic standing

Probation

All ASU students, freshman through senior, must maintain a minimum GPA of 2.00 for all courses completed at ASU. If this standard is not maintained, the student is placed on probation. Students on probation must see an advisor before further registration and must do one of the following:

1. Achieve an ASU GPA of 2.00 or greater in order to return to academic good standing.
2. Obtain a semester GPA of 2.50 with no grade less than a "C" in order to be granted one additional semester on continued probation. At the end of the continued probation, the student must return to academic good standing (a minimum cumulative ASU GPA of 2.00) to avoid disqualification.

Disqualification

Students who do not meet probation requirements are academically disqualified. Disqualified students should meet with their academic advisors. These students may attend ASU only during the summer session immediately following disqualification.

Journalism and mass communication and sports journalism majors: Students in these majors must maintain a minimum cumulative GPA of 2.50 for all courses completed at ASU in order to be in good standing in the major. Students who have a cumulative GPA less than 2.50 have one semester to raise their cumulative GPA to meet the requirement. Failing to raise the cumulative GPA to a 2.50 or greater results in them having to change their major from journalism and mass communication or sports journalism.

Mass communication and media studies and digital audience majors: Students in this major follow the university policies for GPA requirements, probation and disqualification [11].

Advising

Undergraduate students are assigned an advisor by the student's last name. Students should see the undergraduate advising page [12] for specifics.

To ensure students are making progress toward their degrees, the school encourages students to check in with their advisors each semester. Advising is mandatory for:

- first-time first-year students, both semesters their first year at ASU
- students who have completed 75 credit hours
- transfer students prior to enrolling for their first semester at ASU
- students on probation
- students who are off track in the major

ASU Online students are strongly encouraged to make an appointment with their respective advisors before enrolling for their first semester.

For additional information, students should contact the school's advising center at 602-496-5055.

Students should follow the sequence of courses outlined on major maps and online degree audits and contact their advisor with any questions. Critical requirements for first-year students in the school are available at <https://cronkite.asu.edu/undergraduate-programs/> [13].

Credit/registration

Changes of major

Students are eligible to change their major if they meet the criteria below.

Journalism and mass communication and sports journalism degree programs: Current ASU students are eligible for admission if they have a cumulative GPA of at least 3.00 in 12 or more hours of credit earned at ASU in courses that can be used to satisfy the school's nonelective General Studies requirements.

Transfer students with at least 12 hours of academic credit earned after high school and at least a 3.00 cumulative GPA are eligible for admission.

Online mass communication and media studies, digital audience and digital media literacy degree programs: Current ASU students who have a cumulative GPA of at least 2.00 are eligible for admission.

Prospective transfer students (not yet admitted to ASU) and ASU students who have a cumulative GPA less than 3.00 are encouraged to meet with a school advisor. To schedule a meeting, students should contact the advising center at 602-496-5055.

Transfer credit

Students may apply up to 64 credits of coursework from an accredited two-year institution to their degree. Students may apply up to nine credit hours of approved upper-division journalism coursework from a four-year ACEJMC-accredited institution to the school's journalism degree requirements. Students interested in having these courses reviewed should provide detailed syllabi and course schedules to the school's academic standards committee. Students should see their academic advisors for assistance.

Degree requirements

All students must meet the critical requirements for their majors. Students who are required to follow eAdvisor tracking requirements and do not comply with the critical requirements are off track, and a hold is placed on their records. These students must meet with an advisor to have the hold removed.

Specific requirements for the journalism and mass communication degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSJMCBA/undergrad/false> [14].

Specific requirements for the sports journalism degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSSPJBA/undergrad/false> [15].

Specific requirements for the mass communication and media studies degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSMCMSTBA/undergrad/false> [16].

Specific requirements for the digital audiences degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSDIGABS/undergrad/false> [17].

Specific requirements for the digital media literacy degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSDMLBA/undergrad/false> [18].

Concurrent degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

General rules for students pursuing concurrent degrees in the Walter Cronkite School of Journalism and Mass Communication:

- Currently enrolled journalism and mass communication or sports journalism majors who would like to add a concurrent degree must have a cumulative ASU GPA of 2.50 or greater and must have completed 30 credit hours of coursework.
- Currently enrolled mass communication and media studies or digital audiences majors who would like to add a concurrent degree must have a cumulative ASU GPA of 2.00 or greater and must have completed 30 credit hours of coursework.
- ASU students not enrolled in the school who would like to add a concurrent degree in journalism and mass communication or sports journalism must be in good academic standing within ASU, have a cumulative GPA of at least 3.00 and must have completed 30 credit hours of coursework.
- ASU students not enrolled in the school who would like to add a concurrent degree in mass communication and media studies or digital audiences, offered online, must be in good academic standing, have a cumulative GPA of at least 2.00 in an ASU Online degree program and must have completed 30 credit hours of coursework.
- The school requires that students enrolled in journalism and mass communication or sports journalism majors take a minimum of 36 credit hours of the school's courses.
- The school requires that students enrolled in the mass communication and media studies or the digital audiences majors take a minimum of 30 credit hours of the school's courses.
- A student may not take concurrent degrees in journalism and mass communication, sports journalism, mass communication and media studies, or digital audiences simultaneously.

Procedures for adding a concurrent degree:

1. Once a student has decided to declare a concurrent degree, the student should inform the academic advisor for each degree in order to receive proper information about requirements such as degree requirements and courses.
2. When a student meets the requirements for a concurrent degree, the student should complete a Standards Committee Petition [19] and turn it in to the assigned academic advisor [20]. Students in the school are assigned an advisor by the student's last name.
3. The student also needs to contact the college offering the concurrent degree that is to be added and follow that college's procedures for requesting and pursuing concurrent degrees.
4. If a student no longer wishes to pursue a concurrent degree, the student should email that intention to the academic advisor, and the message should include the student's full name and ASU ID number as well as which degree the student wants to have removed from the academic record.

Any questions should be directed to Cronkiteadvising@asu.edu [21].

Additional information about specially designed concurrent degrees can be found on the Cronkite School Concurrent Degree Programs [22] page.

Reinstatement/readmission

Students seeking readmission after being discontinued from the university should contact undergraduate admission services at <https://admission.asu.edu/contact> [23].

Other special requirements

Major proficiency requirements: All students must receive at least a "C" (2.00) or better in all JMC and MCO courses. Journalism and mass communication and sports journalism majors must also receive a grade of "B-" (80%) or better in JMC 101 Grammar for Journalists. Students also must maintain at minimum a cumulative GPA of 2.50 to be eligible to enroll in JMC and MCO classes.

Graduate policies

The Walter Cronkite School of Journalism and Mass Communication is a nationally recognized professional program that prepares students for careers as reporters, editors, producers, correspondents, anchors, multimedia journalists and strategic communicators. Students go on to news organizations, digital media and production companies, public relations firms, nonprofit organizations and corporate brands around the world.

More information on the school's academic standards, policies and procedures and those of the Graduate College can be found at <https://graduate.asu.edu/current-students/policies-forms-and-deadlines/policy-manuals> [24]. Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Walter Cronkite School of Journalism and Mass Communication.

Academic integrity

Academic dishonesty in any form will not be tolerated in the Walter Cronkite School of Journalism and Mass Communication. The crux of the school's democracy is the ability of citizens to obtain honest, truthful and balanced information, and the credibility and integrity of individual journalists and communications professionals are crucial in that effort. In light of the school's mission to prepare students to become journalists and communication professionals, it is critical that credibility and integrity are fostered within the educational environment of the school.

To that end, a zero-tolerance policy toward academic dishonesty will be enforced within every course and educational activity offered or sanctioned by the school. Any allegations of academic dishonesty will automatically be referred to the school's standards committee for review and recommendation to the dean of the school. If any student is found to have engaged in academic dishonesty in any form – including cheating, plagiarizing and fabricating (see examples here [2]) — that student shall receive a grade of "XE" for the class and may face suspension or expulsion from ASU.

The school's academic integrity policy is available at <https://cronkite.asu.edu/about/academicinteg/> [25].

The school will notify the Graduate College if a graduate student is being recommended for dismissal from the school for having engaged in academic dishonesty.

Admission

Candidates for the on-campus Master of Mass Communication, Master of Arts in investigative journalism or Master of Arts in sports journalism degrees apply online at <https://admission.asu.edu/graduate/apply> [26].

The graduate application opens September 1. Applications are reviewed on a rolling basis. Applications received before December 1 are given priority for both admission and funding. The final application deadline is June 1.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

They must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement of interest (350 to 500 words in length)
- resume
- proof of English proficiency

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. TOEFL scores must be at least 100 for the internet-based test. Students should see the program website for application deadlines and admission terms. Applicants must meet all deadlines and application requirements to be considered. The school's master's degree committee reviews complete and on-time applications. Recommendations for admission are made to Graduate Admission Services, where the final admission decisions are made.

Candidates for the online Master of Science in digital audience strategy apply online at <https://webapp4.asu.edu/dgsadmissions/Index.jsp?program=GRCS&plan=CSDASMS&subplan=&campus=ONLNE> [27]. Candidates must submit a graduate application, application fee, resume, statement of personal interest (300-500 words) and official transcripts. An applicant whose native language is not English must provide proof of English proficiency regardless of current residency, with an internet-based TOEFL score greater than 100. The Master of Science in digital audience strategy is only available to candidates who have not completed the BS in digital audiences or the undergraduate minor in digital audiences.

Degree requirements

Plan of study

After completing 50 percent of the minimum credit hours required for master's degrees, students must submit an official plan of study with the Walter Cronkite School of Journalism and Mass Communication. The plan of study is available online in the My Programs box on My ASU [28].

The student selects the ASU courses that have been taken, those in progress and those the student plans to take in future semesters. Once the plan of study is completed, it is electronically forwarded to the school's graduate advisor. It must be approved by the school's associate dean responsible for the master's degree programs. The completed plan of

study is sent to the Graduate College and then to the graduation office. The approved plan of study is a contract between the student and the school verifying the classes the student intends to take during the course of study. Students who do not have an approved plan of study on file are not eligible for graduation. Changes in the plan of study may be made by using the form Course Changes to the Graduate Plan of Study available online on My ASU [28].

Students who need to file a plan of study will be notified by the Graduate College via email. If the student fails to file the plan of study within the specified time period, a hold is placed on the student's ASU record. The hold will prevent the student from registering for classes. Once the student has filed the plan of study and it has been approved, the hold is removed. The Graduate College monitors students' iPOS statuses and places or removes the holds.

Academic standing

Satisfactory academic progress

All graduate students are expected to make systematic progress toward completion of their degree. This progress includes satisfying the conditions listed below and achieving the benchmarks and requirements set by the individual degree programs. Each degree program should have in place policies for satisfactory academic progress. Students are responsible for verifying additional satisfactory progress policies as described in the program handbook. If a student fails to satisfy the requirements of their degree program and the benchmarks outlined below, the student may be dismissed from their program based on the academic unit's recommendation to the Graduate College. The dean of the Graduate College makes the final determination.

1. Maintain a minimum GPA of 3.00 on the iPOS, graduate and cumulative GPAs. If a GPA is less than 3.00, the student must develop, with their advisor, an academic performance improvement plan that includes the conditions and time frames for making satisfactory academic progress in the degree program.
 - o The iPOS GPA is calculated from all courses that appear on the student's approved iPOS.
 - o The graduate GPA is calculated from all courses numbered 500 or greater that appear on the transcript, with the exception of courses counted toward an undergraduate degree at ASU (unless shared with a master's degree in an approved bachelor's and master's degree program) and from courses identified as deficiencies in the original letter of admission. The student is considered to be on academic probation until the conditions specified in the academic performance improvement plan are met and both GPAs are greater than 3.00.
 - o The cumulative ASU GPA represents all courses completed at ASU during the graduate career.
2. Satisfy all requirements of the graduate degree program.
3. Satisfy the maximum time limit for graduation from the student's graduate degree program.
4. Complete all program requirements within 10 consecutive years (this applies to doctoral students).
5. Successfully pass any comprehensive exams, qualifying exams, foreign language exams and the oral defense of the proposal or prospectus for the thesis or dissertation that are required for the specific graduate program.
6. Successfully complete the culminating experience and, if required, the oral defense of the culminating experience.
7. Stay continuously enrolled in the graduate program. Failing to do so without a Graduate College-approved Request to Maintain Continuous Enrollment is considered to be a lack of academic progress and may lead to automatic dismissal of the student from the graduate program. Persistent "W" (withdrawal) and "I" (incomplete) grades during multiple semesters on a plan of study or transcript may reflect a lack of academic progress.

In addition to the Graduate College satisfactory academic progress policies, the Walter Cronkite School of Journalism and Mass Communication has adopted the following:

1. If any of a student's GPAs are less than 3.00, the student will be placed on probation. If the student's GPAs are not raised to at least 3.00 by the end of the next semester, a recommendation is made to the Graduate College to remove the student from the graduate program.
2. If a student in the Master of Mass Communication, Master of Arts in investigative journalism or Master of Arts in sports journalism earns less than a "C" (2.00) in MCO 502 Journalism Skills (Bootcamp), the school recommends to the Graduate College that the student should be removed from the program immediately.
3. To receive their degrees, Master of Mass Communication, Master of Arts in investigative journalism and Master of Arts in sports journalism students who have MCO 570 Capstone as their culminating experience are required to earn at least a "B" (3.00).

4. Students in the online Master of Science in business journalism must earn at least a "B" (3.00) in the applied project MCO 593.
5. Students in the Master of Science in digital audience strategy program must earn a "B" (3.00) or better in MCO 561 - Defining the Digital Audience before enrolling in MCO 562, 563, 564 or 565. To receive their degrees, students also are required to earn at least a "B" (3.00) in MCO 566 - Digital Audience Management (Capstone). To enroll in the MCO 566, students must earn a B (3.00) or better in MCO 561, and a "C" (2.00) or better in all other courses.

Appeals

Students who want to appeal a course grade must first discuss the issue with the instructor. If the issue is not resolved, the student may appeal the decision to the school's standards committee; the standards committee reviews the issue and makes a recommendation to the dean. The dean's decision is final. Students should be aware the standards committee may recommend a grade lower than the one awarded by the course instructor.

If a student fails to make satisfactory academic progress and a recommendation is made to the Graduate College to remove the student from their graduate program, the student has 10 business days to file a written appeal with the dean. The dean's decision regarding appeals is final.

Credit/registration

Transfer credit

Students admitted to the 30 credit hour mid-career MMC program may transfer up to six credit hours of approved coursework taken before beginning the program not used toward a previous degree; the six credit hours may include nondegree coursework. Only courses with a grade of "A" (4.00) or "B" (3.00) and taken within three years of admission to an ASU graduate program may be accepted as transfer credit.

In order to have graduate coursework that was completed at other accredited institutions included on a plan of study, a student must petition the school's master's or doctoral committee. The student also must complete the petition section of the plan of study.

Students who are in the 36 credit hour professional master's degree program are not permitted to transfer coursework from another institution or from another ASU program.

400-level courses taken for graduate credit

The Walter Cronkite School of Journalism and Mass Communication may allow graduate students to enroll in and use up to two three-credit 400-level courses on their plans of study (a total of six credit hours). Students must receive permission from the program director prior to enrolling in any 400-level course they intend to include in their plans of study. Students taking these courses are responsible for obtaining and completing the 400-level course contract form. This form specifies what the student must do to receive graduate credit for the course. It must be signed by the professor.

Preadmission credit

Credit earned in graduate-level courses (per the Graduate College pre-admission policy) by undergraduate students may count toward their graduate degrees at ASU provided the credit hours have not been used toward a previously awarded degree. Before awarding a bachelor's degree, ASU undergraduate students should contact their undergraduate advisor to set aside graduate courses for use toward a graduate degree.

Reserving a course does not guarantee the student will be admitted to a graduate degree program or that the course will be used to meet graduate degree requirements. A maximum of nine semester hours of credit may be reserved, and only courses with a grade of "B" (3.00) or better are applicable. Reserved credit is classified as nondegree credit and must be taken within the six-year time limit to be included on a plan of study.

Grades of incomplete

The Graduate College requires students who receive an incomplete in graduate coursework (500 level or above) to complete the necessary work within one calendar year or a shorter time frame as agreed up on by the instructor and student. If the incomplete is not removed within one calendar year, it becomes part of the student's permanent transcript and cannot be used on a student's plan of study. To receive credit for the course, the student must repeat the course by re-registering, paying fees and fulfilling all course requirements.

Master's degree students with more than one incomplete at any time are considered failing to make adequate progress, and they are placed on probation. If the student does not complete the work to remove the incomplete and earn a letter grade by the end of the calendar year, a recommendation may be made to the Graduate College to remove the student from the program.

With 400-level courses taken for graduate credit, students are required to complete the necessary work to remove an incomplete grade within one calendar year. If the incomplete grade is not removed within one calendar year, the "I" will become an "E". An "E" cannot be used to meet the requirements for a graduate degree, but it is used to calculate the student's GPA. Students may retake the class to earn a higher grade; however, both the "E" and the new grade are used in calculating the student's GPA. If this results in a GPA of less than 3.00, a recommendation to withdraw the student from the program is made to the Graduate College.

Other special requirements

Time limitations

Students have three years from the start of their program to complete the Master of Science in digital audience strategy, six years from the start of their program to complete other Cronkite School master's degrees, and 10 years from the start of the program for doctoral degrees.

Financial aid

Many graduate students receive financial aid from ASU to assist in financing their education. More information can be found at <https://graduate.asu.edu/current-students/funding-opportunities> [29].

ACEJMC values and competencies

As a member of the Accrediting Council on Education in Journalism and Mass Communication, the school is committed to classroom learning that achieves ACEJMC professional values and competencies. These include the core areas of freedom of speech, ethics, diversity, critical thinking, research, writing and use of tools and technologies related to the field. For a full list of ACEJMC values and competencies, students should see <http://www2.ku.edu/~acejmc/PROGRAM/PRINCIPLES.SHTML#vals&comps> [6].

Applied project

Students enrolled in the 30 credit hour mid-career Master of Mass Communication program have the option of completing an applied project and are eligible to enroll in MCO 593, Applied Project, when they have no more than six credit hours of coursework remaining on their plan of study. Students interested in completing an applied project are encouraged to meet with the master's program director no later than the end of their first year in the program.

Diversity principles

The Walter Cronkite School of Journalism and Mass Communication practices inclusivity in student, staff and faculty populations in order to create an academic environment that embraces diversity of thought and acceptance of all people regardless of societal, political, cultural, economic, spiritual or physical difference, age or sexual orientation.

To this end, the school directs efforts to the following four principles:

1. Actively seek out and encourage diverse populations to become productive members of the faculty, staff and the student body.

2. Create and maintain a work, learning and social environment that is cognizant of and supportive of a diversity of human differences and beliefs.
3. Incorporate within the formal content of the curriculum and in each course an affirmation of the core journalistic values of accuracy, fairness, ethical behavior and sensitivity when reflecting an increasingly multicultural world.
4. Foster and support a climate in which events and activities of the school reflect diversity of awareness, sensitivity to and support for people of different origins, orientations and abilities.

Social media guidelines for student journalists

The Cronkite School encourages participants in its professional programs to make use of social networking sites such as Facebook and Twitter, which are valuable reporting tools and promotional and distribution channels for the school's content. To ensure the highest journalistic standards in these programs, participants must abide by the standards for social media use drawn from The Poynter Institute for Media Studies and the Society of Professional Journalists' Code of Ethics. Those guidelines are found at <https://cronkite.asu.edu/degree-programs/admissions/student-resources/social-media-guidelines> [7].

Sandra Day O'Connor College of Law policies

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [1].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [2], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference <https://www.asu.edu/reportit/> [3].

Graduate policies

Academic integrity

Academic integrity code

The legal profession, a self-regulating association, depends on the integrity, honor and personal morality of each member. Similarly, the integrity and value of a Sandra Day O'Connor College of Law degree depends on a reputation for fair competition. ASU Law's Academic Integrity Code [4] is intended as a measure to preserve the integrity of the school's diploma and to create an arena in which students can compete fairly and confidently.

Academic standing

Retention standards - JD students

If a student's 1L GPA is above 2.00 but below 2.33 after the first year, that student shall be disqualified from ASU Law but may be reconsidered for readmission if the student applies. If a student's 1L cumulative GPA is below 2.00, that student shall be permanently disqualified in accordance with ASU Law policies. If an upper-class student's cumulative GPA is below 2.33 (2.00 for students who started law school prior to fall 2020), that student shall be disqualified from ASU Law but may apply for readmission.

Retention standards - all students

The ASU Law Statement of Student Policies contains additional retention and academic policies. The Statement of Student Policies can be found here [5].

Advising

Academic advising for currently enrolled law students is available through the Office of Academic Services with designated points of contact for different degree programs.

Degree requirements

Concurrent degrees

ASU Law students must be in academic good standing to be eligible to pursue a concurrent degree.

Shared credit

Per the Graduate College policy for concurrent master's degrees, a maximum of 20% of the minimum total credit hours for the completion of both degrees may be common hours shared between the degree programs. The total number of credit

hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

The Graduate College policy also states that for a concurrent master's/doctoral degree, a maximum of 12 credit hours may be common hours shared between the degrees and may only include coursework completed after admission to both degree programs. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

The Graduate College policy for concurrent doctoral degrees states that a maximum of 12 credit hours may be common hours shared between the degrees. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

Process

Current ASU Law Juris Doctor students who are interested in pursuing a concurrent degree should contact ASU Law's assistant dean for academic affairs or the assistant registrar prior to applying to ASU Law or department offering the desired concurrent degree.

Students in one of ASU Law's master's degree programs who are interested in pursuing a concurrent degree should contact ASU Law's associate dean for new education initiatives prior to applying to the college or department offering the concurrent degree.

Current ASU students who are not enrolled in ASU Law and who wish to pursue a concurrent degree with ASU Law should contact the admissions office at <https://law.asu.edu/admissions> [6].

Admission process

Applicants must fulfill the requirements of both the Graduate College and the Sandra Day O'Connor College of Law.

JD admission

For the JD program, the Sandra Day O'Connor College of Law enrolls only one first-year JD class per year, beginning in the fall semester. The program is a three-year program, and almost all students study on a full-time basis. The college does offer a flexible scheduling option for students with circumstances that make full-time enrollment impossible. To be considered for admission to the Juris Doctor program, applicants must have taken the LSAT (excludes applicants applying to the ASU Achievement Program) and have earned or will earn by the time of enrollment in law school, a bachelor's degree that has been awarded by an institution that is accredited by an accrediting agency recognized by the United States Department of Education.

ASU Law is committed to a more sustainable and resilient future and requires applicants to apply electronically through the Law School Admission Council website at [LSAC.org](https://lsac.org) [7].

An application for admission must include:

- electronic application (application fee waived for all 2022 applicants)
- personal statement (no more than two pages, double-spaced and font size no smaller than 11 point)
- resume (no more than two pages and font size no smaller than 11 point)
- character and fitness statements; if applicable, explaining affirmative answers to questions 1-9 in the character and fitness section
- binding admission contract, if applicable
- valid LSAT score (excludes applicants applying to the ASU Achievement Program)
- transcripts from each undergraduate and graduate institution attended must be sent to LSAC
- proof of English proficiency for applicants whose native language is not English, regardless of current residency.

The application may also include:

- letters of recommendation: Applicants may submit no more than two letters, and they should be submitted through LSAC to be included in the CAS report. Applicants should note that since they are not required, the admission office will not wait for letters to complete the file for review.
- optional addenda: undergraduate performance, standardized test performance and other
- diversity statement

Application deadlines:

- Priority deadline: March 1, 2022
- Final deadline: August 1, 2022

For detailed information about the JD application process, students are asked to visit <https://law.asu.edu/admissions/apply/jd>.

The College of Liberal Arts and Sciences policies

These are the current policies in The College of Liberal Arts and Sciences.

Academic integrity

Academic honesty is expected of all students in all examinations, assignments, papers, laboratory work, academic transactions and records. More information about academic honesty is available at <https://provost.asu.edu/academic-integrity> [1] and information about The College of Liberal Arts and Sciences policies and procedures can be found at <https://thecollege.asu.edu/resources/academic-integrity> [2]. The College tracks all reports of academic integrity violations internally and shares that information with other ASU colleges and schools.

Academic dishonesty investigation and procedures

- Anyone with a good faith basis for believing that a student has engaged in academic dishonesty may report the alleged violation to the instructor or academic integrity officer for the college or school in which the academic dishonesty occurred.
- If the instructor or academic integrity officer concludes that there is a sufficient basis to believe the student engaged in academic dishonesty, the instructor or the academic integrity officer will notify the student of the alleged violation and initiate the investigative process.
- Before concluding the investigation, the instructor or academic integrity officer will provide the student a summary of the information gathered. The student has five business days after the notice was sent to respond to the allegation.
- At any point in the process, the student can contact the academic integrity officer to seek consultation or clarification.
- The student may be accompanied by an advisor at any point in the process. The advisor is not permitted to participate directly or speak for the student.
- Once the investigation is complete, in consultation with the academic integrity officer, the instructor will recommend a sanction. The student will be notified of the result of the investigation and of any sanction to be imposed.

Sanctions and appeal

The following sanctions may be imposed for academic dishonesty:

- reduced or failing grade for the academic evaluation
- reduced or failing grade for the course
- a grade of "XE"
- withdrawal of credit for a previously accepted course or requirement
- suspension from the university for a specific period of time
- expulsion from the university without expectation of readmission
- other sanctions as consistent with this policy and the Student Code of Conduct [3]

At any time, the student and the instructor may agree on the sanction and inform the academic integrity officer or the dean. The academic integrity officer or the dean may reject the proposed resolution and appoint a designee to pursue the case on behalf of the college.

A student alleged to have violated the Academic Integrity Policy has the following rights:

- The student will also be notified of their right to appeal to the dean. The student must file their appeal no later than 10 business days after the date the notification was sent. If the student does not file a timely appeal, the sanction is final.
- A student's appeal of an allegation of an academic integrity violation or recommended sanction must be submitted in writing and include the following:

- a description of the alleged academic dishonesty, including a factual narrative of events, the dates and times of occurrences, and any other reason why the sanction should not be imposed
- the names of persons having information about relevant circumstances or events
- the general nature and description of all evidence
- If the student files an appeal, the student must meet with the academic integrity officer to discuss hearing procedures. The academic integrity officer will help the student navigate the process and provide additional information when needed.
- If the student wishes to dispute any aspect of the allegation or sanction, the student may file an appeal. If the student files a timely appeal, the sanction will not be imposed until the appeal is resolved. If the student files an appeal at the end of a semester, or during the last semester of enrollment, the course grade or degree may be withheld until the matter is resolved. If a grade or degree will be withheld for any period, the academic integrity officer or dean must notify the Registrar's Office.

Student affairs and grievances committee hearing

The academic integrity officer will forward a student's timely appeal to the instructor.

Pre-hearing proceedings

The academic integrity officer will send a notice of hearing to the student; instructor; The College of Liberal Arts and Science's Student Affairs and Grievances Committee; and the head of the college, school or academic unit where the alleged dishonesty occurred. The notice will include the following information:

- the time and place of the hearing before the Student Affairs and Grievances Committee (Unless the parties and academic integrity officer agree otherwise, the hearing will take place during the regular fall or spring semester.)
- a copy of this policy or instructions on how to access the policy electronically
- the requirement that the parties provide to the academic integrity officer a written list of witnesses and a description of any documents or other evidence they intend to use at the hearing (Unless the chairperson provides otherwise, this information must be exchanged at least 5 business days before the hearing.)
- the length of time set for the hearing, the time limitation for the presentation of evidence, and any other procedural requirements

Conduct of the hearing

In order to preserve the confidential nature of the disciplinary process and to protect the privacy of those involved, the hearing will be closed to the public.

The chairperson of the Student Affairs and Grievances Committee will preside at the hearing and will rule upon all procedural matters. The formal rules of evidence will not apply, although objections to the introduction of specific statements or documents may be considered by the chairperson. Irrelevant, immaterial, privileged or unduly repetitious information will be excluded.

The instructor shall have the burden of showing it is more likely than not that the student engaged in academic dishonesty. The instructor must also explain the reason for the sanction. If the student accepts responsibility for academic dishonesty, then the Student Affairs and Grievances Committee may focus the hearing on the appropriate sanction.

Information regarding prior violations or informal resolutions of previous allegations may not be used as proof of a current violation, but may be admitted for other purposes, such as to show that the student had prior experience relevant to the allegations or to show that the student had been informed previously that the conduct was unacceptable. The Student Affairs and Grievances Committee may also consider information regarding prior violations in determining an appropriate sanction.

A student who fails to appear or refuses to participate at the hearing will be deemed to have abandoned the appeal, unless the student can demonstrate that extraordinary circumstances prevented appearance or participation.

The student and instructor may each have an advisor present, but the advisors shall not be permitted to address the Student Affairs and Grievances Committee directly, except as the chairperson deems necessary or appropriate.

The hearing will be recorded and the student may request a copy of the recording. The student may also request a transcript, but will be responsible for its cost.

Except as otherwise permitted by the Student Affairs and Grievances Committee, witnesses will be excluded from the hearing except during their own testimony. The chairperson may remove a party, advisor or witness from the hearing if that person's conduct is disruptive.

When necessitated by fairness or extraordinary circumstances, the Student Affairs and Grievances Committee may permit the parties to make arrangements for recorded, written or telephonic testimony from their witnesses for use in the proceeding.

The instructor shall proceed first at each stage of the presentation.

- Each party may present an opening statement, which summarizes what information is expected to be presented.
- Each party will call witnesses to provide statements.
- At the conclusion of each witness's statement, the witness may be questioned by the other party.
- The Student Affairs and Grievances Committee may ask further questions of each witness.
- Each party may present a closing statement, which summarizes the information that was presented.

If the alleged academic dishonesty involves the work of multiple students, the Student Affairs and Grievances Committee may modify these procedures to address the circumstances. The college Student Affairs and Grievances Committee should provide prior written notice of any modification of the procedures to all parties. Each student must file his or her own appeal. A student who has not filed an appeal should not expect to benefit from another student's appeal.

College board deliberations and recommendations

Following the presentation of information and closing statements, the Student Affairs and Grievances Committee will discuss the information that has been presented and the reasonable inferences to be drawn from it. Only the committee, its legal advisor, if any, and the academic integrity officer may be present during the deliberations. Neither the student nor the instructor may be present during the deliberations.

Based solely upon the information presented, the Student Affairs and Grievances Committee will formulate a recommendation to the dean as to whether the student has more likely than not engaged in academic dishonesty and the appropriate sanction. Recommendations must be supported by a simple majority of the Student Affairs and Grievances Committee.

The Student Affairs and Grievances Committee will prepare and send a written recommendation to the dean within five business days of the hearing. The written recommendation will include findings of fact and a statement of the reasons for the recommendation. It will also be signed by the Student Affairs and Grievances Committee chair. If the recommendation is not unanimous, dissenting opinions should be reflected in the recommendation.

Review and decision by dean

After reviewing the Student Affairs and Grievances Committee's recommendation, the dean will render a written decision which affirms, denies or accepts the Student Affairs and Grievances Committee's recommendation with modifications.

The dean may not make new findings adverse to the student or increase the severity of a sanction, unless:

- The dean provides the student notice and an opportunity to respond to the new findings or sanction.
- The dean remands the matter to the Student Affairs and Grievances Committee for further proceedings.

The dean will provide written notice of the decision to the student; the academic integrity officer; the instructor; the Student Affairs and Grievances Committee; and the head of the college, school or academic unit where the alleged dishonesty occurred within 20 business days following receipt of the Student Affairs and Grievances Committee's recommendation. A

delay may occur if it becomes necessary to conduct further investigation or to remand the matter to the Student Affairs and Grievances Committee. In those cases, the written decision will be transmitted no later than 20 business days following completion of the investigation or the Student Affairs and Grievances Committee's subsequent recommendation.

The dean's decision is final and may not be further appealed unless the dean recommends that the provost suspend or expel the student from the university.

If the dean recommends the suspension or expulsion of an international student, both the student and academic integrity officer should consult with the ASU International Students and Scholars Center.

If the dean recommends that the provost suspend or expel the student from the university, the letter from the dean will state that the student may appeal the recommendation by filing a written request for review with the provost within 10 business days of the date of the letter.

If the student does not timely appeal, the provost or designee will review the dean's recommendation and issue a final decision on suspensions or expulsions from the university.

Review and decision of a suspension or expulsion from the university

A student may seek to have a dean's decision reviewed by the University Academic Integrity Hearing Board only if the dean recommends that the provost suspend or expel the student from the university. However, a student who failed to appeal or abandoned the appeal at the Student Affairs and Grievances Committee hearing may not appeal to the University Academic Integrity Hearing Board.

The appeal must be in writing and must be filed with the provost within 10 business days of the date of the dean's decision letter.

The provost or designee will appoint and charge a University Academic Integrity Hearing Board to conduct the hearing. The board will be comprised of three members; one member must be a student and one of the other members will act as chairperson. The hearing shall follow the procedures set forth in the Student Code of Conduct Procedures, except that the college or school will take the role of the dean of students and the provost or designee will take the role of the Senior Vice President for Educational Outreach and Student Services.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [4].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [5], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference www.asu.edu/reportit/ [6].

Undergraduate policies

Student responsibilities

Students enrolling in courses offered by The College of Liberal Arts and Sciences are expected to follow the rules and deadlines specified in this catalog pertaining to enrollment, adding or dropping classes, withdrawals and tuition payment.

Students are encouraged to meet with their academic advisors regularly. Students with additional questions regarding the academic rules of the college and the university are welcome to meet with their academic advisor. Academic advisor contact information and appointment scheduling tools are available on My ASU [7] under the Academic Support Team heading.

In addition, students must understand and follow the requirements for the university's General Studies [8] and college graduation requirements [9] in their edition of ASU's academic catalog. The academic catalog is the governing source for all degree requirements.

Academic standing

The standards for GPA and the terms of academic warning, academic probation or continuing probation, disqualification and reinstatement are identical to those of the university, as set forth under retention and academic standards [10].

After students are placed on academic warning or probation, one of three things can happen:

- They can return to academic good standing by raising the cumulative GPA to 2.00 or greater.
- They can remain on probation by earning the required semester GPA of at least 2.00 but not raising the cumulative GPA to academic good standing (i.e., cumulative GPA to 2.00 or greater). Students may continue on academic probation, earning the required semester GPA, for as many semesters as it takes to raise the cumulative GPA to academic good standing.
- They can be disqualified if they fail to achieve the required semester GPA of 2.00.

Students who are placed on academic warning or academic probation are required to interact with their major academic advisor in each term they remain on continuing probation prior to enrollment in subsequent terms.

Students who leave the university for a semester or more while on academic probation are automatically readmitted, except when reapplying to degrees in the Hugh Downs School of Human Communication, which has specific readmission criteria. Students should review the reinstatement and readmission portion of this section for more information about policies and procedures.

Students who fail to meet the minimum semester GPA of 2.00 in the fall or spring semester after being placed on academic probation are disqualified from further attendance at Arizona State University for a minimum of one semester. Students who are academically disqualified should contact their academic advisor to discuss options for returning to ASU.

Academic advising

All students are encouraged to seek academic advising before registering for courses each semester. Academic advisor contact information and appointment scheduling tools are available on My ASU [7] under the Academic Support Team heading.

eAdvisor

eAdvisor provides students the tools to successfully follow their major maps to graduation and assists the students with:

- learning more about graduation requirements for their majors
- discerning what critical requirement courses and grades are required to stay on track to successfully complete their degrees
- planning for and scheduling appropriate courses in the correct sequence to maximize success
- monitoring progress toward their degrees
- finding out how courses may fit into other majors if they decide to change majors or to add concurrent degrees

Students can learn more about eAdvisor and access it at <https://eadvisor.asu.edu> [11].

Academic advising locations

The College of Liberal Arts and Sciences continuing on-campus students and all new and continuing online students should seek routine academic advising in the department or school of their major. Locations of each advising office can be found at <https://thecollege.asu.edu/advising/departments> [12].

All on-campus first-year students and first-term transfer students in The College of Liberal Arts in Sciences should seek academic advising with advisors located in the Academic Advising Hubs located on the first floor of Armstrong Hall.

The Office of Student and Academic Programs, located in Armstrong Hall, 1st floor south, is the central resource center for academic information in the college. Clarification of rules, procedures and academic advising needs of The College and university should be directed to that office. The Office of Student and Academic Programs also provides information on policies and procedures regarding academic integrity, student grievances with respect to grades, and various petitions involving college and university degree and graduation requirements.

Required advising

The following groups of students are required to consult with their academic advisor in order to be eligible to register for their courses:

- all students registering for their first semester at ASU
- first-year students registering for their second semester at ASU (Successful completion of LIA 101 class assignment will meet academic advising requirement.)
- students on academic probation or continuing probation
- students newly readmitted to the university
- students who are off track in their major

Students listed above should consult an advisor in the department or school of their major. Disqualified students seeking readmission should first apply to the university for readmission [13]. Once students have been readmitted to ASU, they should consult an academic advisor in the department or school of their major.

Advising for preprofessional programs

Professional Field	Advisor Location
Dentistry	ARM 112
Foreign Service	Diplomat in Residence, Laura Gritz DIRSouthwest@state.gov
Law	ARM 112
Medicine	ARM 112
Ministry	School of Historical, Philosophical and Religious Studies, COOR 3309
Occupational Therapy	ARM 112
Optometry	ARM 112
Pharmacy	ARM 112
Physical Therapy	ARM 112

Physician Assistant	ARM 112
Veterinary Medicine	ARM 112

Health professions

Students who plan to pursue a health profession should meet regularly with the preprofessional advising staff located in the Futures Center (ARM 112). For each of the health-related fields listed above, specific courses must be taken to complete graduate or professional school prerequisites and to prepare for required standardized admission exams (e.g., MCAT). To schedule a meeting with a prehealth advisor, students should email prehealthtempe@asu.edu [14] or visit Handshake [15].

Prelaw

Students who plan to pursue a law-related profession should seek out guidance from the preprofessional advising staff located in the Futures Center (ARM 112). There are no specific course requirements for entrance into law school. Courses that engage students in intense critical analysis and include substantial amounts of writing, however, are recommended as are practical experiences outside of the classroom (e.g., internships). Students can schedule a meeting with a prelaw advisor by emailing prelawadvising@asu.edu [16] or visit Handshake [15].

Academic (grade) grievance

Academic grievances occur when a student is appealing a final grade issued in a course. This process does not address academic integrity allegations, faculty misconduct or discrimination. Grievances must be resolved within the regular semester immediately following the session in which the grade was issued (by commencement for fall or spring) regardless whether the student is enrolled at the university.

The grievance procedures of The College of Liberal Arts and Sciences are as follows:

- An aggrieved student must first confer with the instructor and state any evidence and the reasons for questioning that the grade received was given in good faith. The instructor must review the matter, explain the grading procedure used and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course.
- If the grading dispute is not resolved at the course instruction level, the student may appeal to the chairperson or the chair-designated representative of the department responsible for the course.
- If the matter is not resolved after completing the steps above, the student may then request a meeting with a representative in The College of Liberal Arts and Sciences dean's office. In order to request a meeting, the student must complete this form [17]. After receipt of the submitted form, the student will be contacted to schedule a meeting. Questions about this process can be directed to TheCollegeDean@asu.edu [18].
- After meeting with the dean's representative in the Office of Student and Academic Programs, the student has 10 business days to file a formal written grievance with the Office of Student and Academic Programs. The grievance is then forwarded by the Office of the Dean to the instructor with a request to provide a written response within 10 business days.
- The student is then informed they are to review the response when it arrives in the dean's office and confer with the dean's designee before deciding whether to request a hearing before The College of Liberal Arts and Sciences Student Affairs and Grievances Committee. The request for a hearing must be in written form. Upon receiving the student's request, the dean's designee will arrange a formal hearing before The College Student Affairs and Grievances Committee. The committee meets once per week during the fall and spring terms. The committee does not meet during summer and winter breaks or during fall or spring intersessions.

The hearing, which shall be closed, shall be conducted by the committee chair. The arrangements for the order of appearance of submission of materials, testimony and related matters should be made through and by the dean's delegate in the Office of Student and Academic Programs. The dean's designee serves as an ex-officio member of the committee but has no vote in the decision-making process. The committee shall make a confidential, written report through the committee chair to the graduate or undergraduate associate dean in The College of Liberal Arts and Sciences.

The respective associate dean for Student and Academic Programs will take final action after fully considering the committee's recommendation, in keeping with university policy [19]. The associate dean will inform the student, instructor, department chair or school director (if any), registrar (if appropriate) and grievance committee of any action taken. The associate dean's decision is final.

Credits, degrees and course registration

Credit requirement

All candidates for graduation for bachelor's degrees in The College of Liberal Arts and Sciences are required to complete at least 120 credit hours of which at least 45 credit hours must consist of upper-division courses. A minimum cumulative ASU GPA of 2.00 is required for graduation.

Minors

The College of Liberal Arts and Sciences offers minors in many of its disciplines. All minors require a minimum of 18 credit hours in the discipline with at least 12 of those credit hours as upper-division courses. Six of the upper-division credit hours must be taken from courses offered by The College. Students should work with their major academic advisors to make certain they are making the most effective choices to complete their minors. If there are additional questions regarding the minor, the major academic advisor will consult with the department offering the minor. Students may not use courses in their minors toward their majors and, similarly, students may not use courses in their majors to fill the requirements of their minors. Additionally, there may be some disciplines that are too close in content for a student to choose a particular combination of minor and major.

Course load

Undergraduate students are normally limited to 18 credit hours per fall or spring semester (or nine credit hours each in sessions A and B) and 14 total credit hours in summer session (seven credit hours each in sessions A and B; nine credit hours in session C). The typical student course load is 15 or 16 credit hours for a full 15-week semester.

Students who wish to register for more than 18 hours must meet GPA criteria based on the number of additional credit hours requested. Specific criteria, further guidelines, and the course overload petition form are at <https://thecollege.asu.edu/resources/advising/credit-overload> [20]. Students meeting these requirements may seek an overload for 19 or more credit hours (or up to 10 credit hours in either session A or B) from the academic advising office in the departments or schools of their majors.

Students should not assume that their petitions for overload will be granted. Overload requests are evaluated based on the student's most recent academic performance, cumulative performance and the reasons for requesting the overload. First-year students and transfer students are not permitted to receive course overloads for their first semester at ASU.

Pass/fail grade option

The pass/fail grade option is intended to broaden the education of liberal arts and sciences undergraduates by encouraging them to take advanced courses outside their specializations. A grade of "P" (pass) contributes to a student's earned hours but does not affect the GPA. A failing grade is computed into the GPA.

Students in The College of Liberal Arts and Sciences with at least 60 credit hours may take courses under the pass/fail option. The following conditions apply:

- Enrollment for the pass/fail option must be approved both by the instructor and the college offering the course, as well as the student's college or school. Permission is recorded on the Pass/Fail Enrollment Form [21].
- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.
- A maximum of 12 credit hours taken for pass/fail may be counted toward graduation.

Students may not enroll under the pass/fail option in courses that are:

- taken to satisfy the second-language or first-year composition requirements
- in the student's major, minor or certificate program
- counted toward or required to supplement the major
- counted as 499 Individualized Instruction
- taken for honors credits
- counted toward satisfying The College of Liberal Arts and Sciences graduation requirements or ASU's General Studies requirements

Audit grade option

Students may choose to audit courses in which they attend regularly scheduled class sessions but earn no credit. Students wishing to audit a course should obtain instructor approval before registering.

The audit grade option may not be changed after the drop/add period.

Degree requirements

The College graduation requirements

All students in The College of Liberal Arts and Sciences must complete the university General Studies requirements [8] as well as all requirements of their major. In addition, the college has established requirements that are specific to the BA, BS and BS in planning degrees.

Requirements for all undergraduates in The College of Liberal Arts and Sciences:

All students are required to take a minimum of MAT 117 or higher. A grade of "C" (2.00 on a 4.00 scale) or better must be earned in the chosen mathematics course.

Each student admitted as a first-time first-year student is required to complete a first-year success course or first-year seminar. These courses are designed to introduce students to the college and help them gain an understanding of what they will need to do to be successful students at ASU. Topics include academic success, academic integrity and student engagement.

Bachelor of Arts:

- completion of second language coursework at the intermediate level (202 or equivalent)*
- a foreign language course at the 300 level or higher taught in the foreign language and having 202 or its equivalent as a prerequisite
- demonstrated completion of secondary education at a school in which the language of instruction is not English
- completion of ASL 202 American Sign Language IV or its equivalent

*Those students completing this requirement in Ancient Greek must take GRK 301 and 302.

Bachelor of Science:

Each student pursuing a Bachelor of Science degree must complete six credit hours (two courses) of science and society courses. At least one course must be completed at the upper-division level and certain limitations apply to how courses may be cross-counted toward other degree requirements. Students should consult an advisor in the department or school of their major for a list of appropriate courses. More information about the requirement and a current list of science and society courses are available on the college's website at <https://thecollege.asu.edu/resources/science-society> [22].

Major requirements

Each student is required to select a major from among the fields of study offered by the college. Major maps describe the requirements for completion of each degree program.

The department or school of the major may require up to 45 credit hours of coursework. The minimum is 30 hours. A maximum of 15 additional credit hours may be required in related courses and prerequisites. No more than 60 credit hours of coursework may be required to complete the major, related courses and prerequisites. Some departments require calculus-level mathematics, and up to five of these credit hours may be excluded from the 60 credit hour maximum as they satisfy the college's mathematics proficiency requirement. A minimum of 12 upper-division hours in the major must be taken in residence and from courses offered by The College of Liberal Arts and Sciences.

No credit is granted toward fulfilling major or minor requirements in any upper-division course in that subject field unless the grade in that course is at least a "C" (2.00 on a 4.00 scale). In The College of Liberal Arts and Sciences, the assignment of a grade of "Y" (satisfactory) indicates a level of performance that would have resulted in a grade of at least "C" (2.00 on a 4.00 scale) had the normal grading scheme been used.

Students should see individual departmental websites for other minimum grade requirements.

Major fields of study are classified into the following three areas:

Humanities

- Asia studies
- Asian languages (Chinese/Japanese)
- English*
- film and media studies
- French
- German
- history*
- international letters and cultures
- Italian
- Jewish studies
- philosophy
- religious studies
- Russian
- Spanish

Natural sciences and mathematics

- astronomical and planetary sciences
- biological sciences
- biophysics
- chemistry
- computational mathematical sciences
- data science

- earth and environmental studies
- earth and space exploration
- mathematics*
- microbiology
- molecular bioscience and biotechnology
- neuroscience
- physics*
- psychology
- technological leadership

Social sciences

- African and African American studies
- American Indian studies
- American studies
- anthropology
- applied mathematics for the life and social sciences
- Asian Pacific American studies
- civic and economic thought and leadership
- communication
- economics
- family and human development
- geographic information science
- geography
- global health
- global studies
- justice studies
- meteorology-climatology
- political science
- politics and the economy
- sociology
- transborder Chicana/o and Latina/o studies
- urban planning
- women and gender studies

*These degree programs offer a concentration in secondary education.

General electives

Most liberal arts and sciences majors can meet all the requirements stated above with fewer than the 120 credit hours required for graduation. Remaining hours are general electives that may be selected from any of the departments of The College of Liberal Arts and Sciences or from the offerings of other ASU schools and colleges.

Concurrent and second baccalaureate degrees

In order to complete a second baccalaureate degree or concurrent degree, students must earn at least 30 unique credit hours applied toward the requirements for each majors' degree.

Specific combinations of degrees may be deemed inappropriate. Students are advised to refer to The College of Liberal Arts and Sciences concurrent and second baccalaureate degree [23] website for more information.

Pursuing a concurrent degree in The College of Liberal Arts and Sciences requires approval. In order to petition the college for approval to pursue a concurrent degree, students must have completed at least 30 credit hours, have completed at least one fall or spring semester at ASU, and have a minimum GPA of 2.00. Petition forms are available

within the concurrent degree checklist section of the Advising Resources and Forms [24] page on The College of Liberal Arts and Sciences website. The completed forms must be submitted to the academic advisor of the current major.

Reinstatement/readmission

Students who have been academically disqualified from the university and have not attended for at least one regular semester can earn readmission to the college and to their majors. The first step for students seeking readmission is to complete the online undergraduate admission application [25]. Students should work with the academic advisor in the desired major to discuss a plan and strategies for being readmitted to ASU. The plan may include taking coursework at a two-year college or ASU summer classes, or both, and meeting specific GPA requirements to demonstrate readiness to return to ASU.

Disqualified students who were off track for two or more semesters at the time of their disqualification will not be automatically readmitted into their former majors.

Graduate policies

Students should consult their program handbooks or the individual school or department for information about requirements for graduate study.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies set forth by the Graduate College and The College of Liberal Arts and Sciences. Any questions in regards to graduate policies for the college can be directed to TheCollege-Grad@asu.edu.

Edson College of Nursing and Health Innovation policies

The Edson College of Nursing and Health Innovation periodically needs to implement new policies, protocols and procedures to comply with accreditation, regulatory or clinical health care agency requirements; therefore, policies, protocols and procedures are subject to change. Students should confirm current policies, protocols and procedures for clinical placements with the respective student handbook [1]. Commonly referenced policies, protocols and procedures are given in the appendices of student handbooks.

Students interested in the prelicensure nursing programs (programs leading to RN licensure), RN to BSN, or the RN to BSN concurrent enrollment program who want to obtain the most current information on college policies should contact the college's Student Academic Services office at 602-496-0888 or edsoncollege@asu.edu [2]. The capacity to provide clinical learning experiences is subject to change; therefore, the capacity to enroll students in these programs may vary depending upon the availability and requirements of clinical learning experiences.

Academic integrity

Academic and professional integrity

Academic honesty is expected of all students. Possible sanctions include appropriate grade penalties, disqualification and dismissal. The Edson College of Nursing and Health Innovation adheres to the ASU Student Code of Conduct, the ASU Academic Integrity Policy, and the college academic and professional integrity protocol located in student handbooks. A copy of the ASU Academic Integrity Policy may be obtained online at <https://provost.asu.edu/academic-integrity> [3] and a copy of the Edson College Academic and Professional Integrity protocol may be obtained online at <https://nursingandhealth.asu.edu/student-life/current-students/policies-handbook> [4]. Academic dishonesty is not tolerated in any course and is subject to specific Edson College of Nursing and Health Innovation policies and procedures.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [5].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [6], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284.

Undergraduate policies

Academic standing

University standards for academic good standing [7] are followed for all majors in the college. Students who do not maintain the minimum GPA after each fall or spring semester are placed on academic probation. Students on academic probation or continuing probation must meet with an academic advisor before registering for the subsequent semester. Students placed on academic probation have one semester to raise their cumulative or semester GPA to meet the criteria for academic good standing; otherwise, they may be disqualified or be determined to be ineligible for the majors in this college. Disqualified students are not permitted to enroll for the fall or spring semesters.

eAdvisor tracking focuses on students who initially enroll as full-time first-year students, and the tool tracks their progress during the first four semesters. It identifies and outlines the critical courses, GPA requirements and milestones that predict success in each major. Students use major maps and progress reports to plan which courses to take each semester.

Students who do not meet critical requirements are notified they are off track, and this off-track status is displayed on the students' My ASU [8] pages. Off-track students are required to see an academic advisor before registering for or adding classes. Students off track for two consecutive semesters may be required to change majors, depending on the major. Students in the BSN nursing traditional prelicensure clinical nursing program, in alignment with continuing eligibility criteria, are required to change their major if they are off track for one semester.

Students pursuing the RN to BSN or concurrent enrollment program or who are enrolled as a postbaccalaureate student (pursuing a second degree) are not critically tracked.

Advising

Academic advising is an essential aspect of the educational experience and is provided by the college through the Student Academic Services office. Academic success advisors assist students with program planning, registration, preparation of petitions, verification of graduation requirements, referrals to university and community resources and career planning. ASU accepts coursework transferred from other accredited institutions, and the Edson College of Nursing and Health Innovation determines if and how the courses will be applied.

The Student Academic Services office is committed to ensuring that students reach their academic goals. This is done by monitoring student progress and providing the academic resources and personalized tools students need to get off to a good start and stay on track toward graduation. Students can monitor their own progress with the eAdvisor academic success resources at My ASU. More information on eAdvisor can be found at <https://eadvisor.asu.edu> [9].

Student responsibilities include following university guidelines regarding submission of transcripts from all colleges other than ASU, obtaining the necessary signatures or computer verifications required by the university, and following university procedures for matriculation. It is ultimately the responsibility of each student to fulfill academic and program requirements.

Students are encouraged to schedule appointments each semester to ensure they are making progress toward their degrees. Advising is required for:

- newly admitted students, prior to enrollment for the first term
- students not making satisfactory progress (probation, continuing probation, off-track, etc.)
- students wishing to pursue concurrent degrees, who must petition the university standards committee and have approval from the Edson College of Nursing and Health Innovation and from the college that offers the other chosen degree

Students may schedule an advising appointment through the appointment scheduler [10] or by calling 602-496-0888.

Mandatory advising

All first-year students and new undergraduate transfer students are required to meet with an academic advisor before registering for courses. Students with academic probationary status and off-track students are required to meet with an academic advisor to plan strategies for improving academic standing. Students interested in the prelicensure nursing program must attend or view a BSN information session before a one-on-one academic advising appointment will be scheduled. Information session information is located at <https://nursingandhealth.asu.edu/admissions/information-sessions> [11].

Credit/registration

Course load

Students wishing to register for more than the maximum allowable credits in a term must contact their academic advisor to obtain an approved overload before registration.

All upper-division nursing courses must be taken for a grade, except for selected clinical courses in the prelicensure program that are taken for "P" (pass) or "Y" (satisfactory).

Degree requirements

RN to BSN program

Applicants who have an associate degree in nursing or a nursing diploma and have their RN license must apply to the online RN to BSN program [12]. Potential students must have an active RN license in good standing in the state in which they are working. A minimum GPA of 2.50 is required for all undergraduate coursework. All prerequisites, including a statistics course, require a grade of a “C” (2.00) or better.

The RN to BSN program courses are offered online and can be completed in 14 to 24 months. There are five starts per year: two in the fall, two in the spring, and one in the summer.

The RN to BSN program builds on the knowledge and skills students learned in their associate degree or diploma programs. The course assignments enhance students' written and verbal communication skills, clinical reasoning skills and technology skills. Faculty members are leaders and experts in their practice areas. The faculty strive to prepare graduates who will be engaged, professional and innovative leaders who use evidence-based practice to facilitate positive change in the work environment and community. Graduates will demonstrate holistic, population-based perspectives and be solution identifiers, client advocates and effective communicators.

Traditional prelicensure clinical nursing program

Admission requirements for the traditional prelicensure clinical nursing program are more rigorous than university requirements. Some entering first-year students will be admitted directly to the nursing major. Other students will be admitted to an alternative major, the BS in community health, and then compete for space in the nursing program. A competitive advancement process is utilized to fill any available seats in the TPCNP after the placement of directly admitted nursing major students. Spaces will be given to those students with the highest advancement score. Directly admitted nursing major students must meet continuing eligibility criteria each semester. If they fail to meet one or more of the criteria, they forfeit their direct admission nursing major status and may compete for advancement to the TPCNP.

Direct admission

Students admitted with direct admission status upon entering ASU as a first-year nursing major must meet the continuing eligibility criteria outlined in their major map, each semester, to maintain this status. If direct admission is retained throughout the advancement process, students are guaranteed placement into the clinical nursing program within one year of the semester in which all 17 critical courses are completed. Direct admission students are not guaranteed their first preference. In the event the number of direct admission students requesting placement in a specific cohort is greater than the number of spaces available, placement will be determined by random selection.

Competitive advancement process

Students in majors other than nursing are all eligible to compete for a space in the program through the competitive application process, provided they have completed the prerequisite courses and all screening items. The advancement score for the traditional prelicensure clinical nursing program is composed of the select GPA and the TEAS score. Seats are given to the students with the highest advancement scores. For students applying through the competitive application process, the select GPA and the TEAS scores are used to rank the students from high to low. After directly admitted students who meet continuing eligibility criteria are advanced, students who are the highest on the list are offered the remaining spaces in the traditional prelicensure clinical nursing program. Students not selected may choose to compete again in the next term. There is no limit on the number of times students may compete; a waiting list is not maintained. Students who do not meet the minimum select GPA and TEAS scores are withdrawn from consideration. Nursing faculty may opt to use additional criteria in the selection process.

Select GPA for competitive selection: The select GPA is computed based on 13 critical (prerequisite) courses and must include ENG 101, ENG 102, and three of the four lab sciences: BIO 201, BIO 202, CHM 101, MIC 205/206. Critical courses with a grade of “C” or better may not be repeated to improve the select GPA. Students should see an academic advisor for possible replacement course options. Students who have already earned a bachelor’s degree may choose to use a “pass” grade rather than letter grades for ENG 101 and 102. Nursing faculty may opt to adjust the courses and the GPA requirements in the selection process.

Prerequisite and select GPA for competitive students: Students must have a minimum score of 3.25 in both their prerequisite GPA and select GPA. The average select GPA has been much greater than 3.25 for those who advanced into the program in previous semesters.

TEAS for competitive students: Students will be measured in the basic essential skills in academic content areas of reading, mathematics, science, and English and language usage. To prepare for the exam, students should visit the ATI testing [13] website to review the resources available from the creators of the exam. The minimum required TEAS score is 58.7%. Direct admit students are not required to take the TEAS, but it is highly recommended.

Students who do not meet the minimum select GPA and TEAS scores are withdrawn from consideration due to ineligibility.

Admission requirements may change with each advancement cycle. Students are to refer to the advancement guide for current requirements.

Accelerated BSN prelicensure clinical nursing program

Placement in the accelerated prelicensure clinical nursing program is based on clinical space availability. More students may request placement than clinical space will allow. Placement is not guaranteed. The program is a 12-month year-round program with starting semesters in spring (Downtown Phoenix) and fall (Lake Havasu). Summer tuition rates apply for the summer semester, and the program has a program fee.

The prerequisites for this program are BIO 201, BIO 202, CDE 232, CHM 101, HCR 220, HCR 240, MIC 205/206, NTR 241, PSY 101 and a statistics course that meets the General Studies CS requirement. Eight of the 10 courses must be completed by the application deadline with a minimum GPA for the semester in which the student applies. Science courses must be taken within seven years of the semester in which the program will start.

Grades of "C" (2.00) or better must be earned in each prerequisite course and a minimum cumulative GPA of 3.00 for the prerequisites mentioned above is required by December 15. Courses with a grade of "C" or better may not be repeated to improve the prerequisite GPA. Students should see their academic advisor for limited replacement course options.

Placement is based on a select GPA and a TEAS score of 58.7% or higher and the test must have been taken less than one year prior to the application deadline. Eligibility requirements, criteria for placement and measurements are subject to change. The select GPA will be computed based on eight of 10 prerequisite courses. If only eight prerequisite courses are completed by the placement deadline, the student's select GPA will include all eight of the courses, four of which must be science courses. If the student has more than eight courses completed, they must select at least three of four lab sciences and then choose five other courses.

Nursing faculty may opt to adjust the courses and the GPA requirements in the selection process.

Admission requirements may change with each advancement cycle. Students are to refer to the advancement guide for current requirements.

Program fee – accelerated BSN prelicensure clinical nursing program: There is a \$5,500 program fee per semester or term for the accelerated BSN pathway in addition to regular tuition and fees. This totals approximately \$16,500 in program fees plus regular tuition and fee charges. Fees are subject to change and are nonrefundable. All tuition and fees are subject to change.

Concurrent enrollment program

The concurrent enrollment program is designed for qualified nursing students who are interested in earning their BSN in nursing while simultaneously pursuing their AAS in nursing at a community college. Selected students will be enrolled in the community college program and ASU RN to BSN courses concurrently. RN to BSN courses taken at ASU will be delivered in an online format. The concurrent enrollment program allows students to pursue an AAS in nursing via the

community college while providing an affordable, concurrent course of study that enables students to complete their BSN degree in approximately one to two semesters after graduating with their AAS degrees.

Course grades and currency

Students in the nursing programs must earn grades of “C” (2.00) or better in all nursing coursework except in nursing practice courses in which a designation of a “Y” (satisfactory) or “P” (pass) grade is required. In addition, students are allowed only one nursing course failure (i.e., grade below “C”). The second failure in a nursing course will result in disqualification from the nursing major.

For the traditional prelicensure and accelerated clinical nursing programs, the science courses CHM 101, BIO 201, BIO 202, MIC 205, MIC 206, and HCR 240 must be current within seven years of the program start date.

Undergraduate nursing courses (prefix: NUR) expire after five years. After course expiration, students must re-enroll in the course and must earn a grade of "C" or higher. Students may earn university elective credit or General Studies credit for the original course.

Concurrent degrees

Concurrent degrees are multiple degrees with one conferral date. The student receives both degrees at the same time regardless whether coursework for one degree is completed prior to the other degree. To pursue concurrent degrees, students must be in good academic standing.

A student desiring a concurrent degree program must meet with an academic advisor in both degree programs to learn about degree and graduation requirements and the eligibility requirements for submitting a petition. Both academic success specialists should review the graduation plan that outlines the courses the student will take each semester through graduation.

A student pursuing a concurrent degree must submit a university petition requesting the concurrent degree. Students can find more information on Nursing and Health Innovation website at <https://nursingandhealth.asu.edu/student-life/current-students/policies-handbook> [1].

The concurrent degree petition must include:

1. an accurate degree completion plan that has been reviewed by academic success specialists from both degree programs and that shows the courses to be taken each semester through graduation
2. a formal statement outlining the request for concurrent degrees which may include short- and longer-term personal and career objectives and goals

The Edson College of Nursing and Health Innovation petitions subcommittee will review the student’s concurrent degree request. Concurrent degrees may not be from the same discipline or have significant overlap in the courses required for each major.

Approved petitions are forwarded to the university registrar for notation on the student’s record.

To remove a concurrent degree, the student should email edsoncollege.advising@asu.edu [14] with the student’s full name and ASU ID number as well as which degree the student wants to be removed from the academic record. If the student is pursuing any minors, the student must indicate if they wish to retain the minors.

Reinstatement/readmission

Disqualified students who have skipped a fall or spring semester must follow the procedures for readmission. Information about readmission to the university is at <https://admission.asu.edu/undergrad/readmission> [15]. Applications for reinstatement and readmission to nursing are subject to rigorous requirements that reflect admission and progression standards.

Other special requirements

Special note: The Edson College of Nursing and Health Innovation periodically needs to implement new policies, protocols and procedures to comply with accreditation, regulatory or clinical health care agency requirements; therefore, policies, protocols and procedures with respect to clinical placement are subject to change. Students should confirm current policies, protocols and procedures with the student handbook at <https://nursingandhealth.asu.edu/current-students> [16].

Professional licensure

The Edson College of Nursing and Health Innovation prepares graduates for excellence upon entering the workplace. Since certification and licensure requirements vary by profession and from state-to-state, students should review professional licensure information on the ASU Professional Licensure [17] website to determine if a program meets educational requirements for licensure or certification in a specific state; state licensing contact information also is available on the website.

State authorization

As a participating National Council for State Authorization Reciprocity Agreements member, Arizona State University is authorized to offer distance education to persons located in individual SARA states in accordance with the council's established policies and standards. California does not participate in SARA and the California Bureau of Private Postsecondary Education does not regulate out-of-state public institutions. ASU may offer educational activities in California. There are some exceptions for specific programs at Edson College of Nursing and Health Innovation. These exceptions are noted on the ASU State Authorizations [18] website.

Titers and immunizations

Prelicensure nursing and DNP students should refer to the appropriate student handbook [16] and application guide for the most recent health and safety requirements.

Level one fingerprint clearance card

Level one fingerprint clearance, in the form of a fingerprint clearance card, is required by Arizona state law in order to work with and care for children, the elderly and vulnerable adults. Fingerprint clearance is determined after a background screening process at the state and federal levels to check for criminal records. Students must have a valid, unrestricted fingerprint clearance card to advance to and remain in the clinical nursing programs. Students with concerns about a restriction may call the Arizona Department of Public Safety at 602-223-2279.

Arizona State Board of Nursing requirement for RN licensure

Once students have completed their clinical nursing program, they must pass a national licensing examination known as the NCLEX-RN in order to obtain a nursing license. Application for and passage of the NCLEX-RN is the sole responsibility of the student. Arizona state law prohibits an individual convicted of a felony from applying for nursing licensure or certification until five years after the date of absolute discharge of the sentence. This means that all court-ordered terms of probation or parole must be completed at least five years prior to the date of application for nurse licensure. Each case is considered by the Arizona State Board of Nursing on its own merits. The elapse of five years does not guarantee licensure or certification; it simply permits the submission of an application and board consideration. In addition, the Arizona State Board of Nursing may deny any application for a license if the applicant has committed any acts of unprofessional conduct. Students should see the Arizona State Board of Nursing [19] website.

Equal access

Students with a disability who have need of assistance or special accommodations can find information about support and access as well as contact information through Student Accessibility and Inclusive Learning Services [20]. Students requesting accommodations for a disability must register with SAILS and must submit appropriate documentation to the instructor from SAILS. For more information, students are asked to review the ASU policy on Eligibility for Accommodations--Required Disability Documentation - SSM 701-02 [21].

Supplemental requirements for the clinical nursing programs

The requirements specified in this section affect a student's progression in the clinical nursing program coursework, eligibility for clinical placement and, ultimately, their licensure as an RN.

Cardiopulmonary resuscitation/basic life support certification: Proof of CPR/BLS health care provider certification is required. Currently, only CPR certification from the American Heart Association as a BLS provider is accepted. Students are required to keep the CPR/BLS certification current throughout advancement consideration and when enrolled in the prelicensure clinical nursing program.

Federal and state background screening: Students must have an unrestricted security background check to advance to and remain in clinical nursing programs.

Substance screening: All students in clinical nursing programs will be required to complete a substance screening. Results of the screen must be negative. Dilute specimens are considered positive. Students will also be tested for nicotine; however, the presence of nicotine will not restrict enrollment in clinical coursework but it will affect the clinical placements while in the program.

Lawful presence: The college follows the Arizona State Board of Nursing policy regarding lawful presence in the United States [22].

On January 2, 2008, ARS 1-504 (HB2467) was implemented by the board requiring ALL applicants to provide the board with satisfactory documentation demonstrating the applicants' citizenship, alien status, legal residency or lawful presence in the United States.

Required clinical experiences: Clinical hours vary with facility placement and may include 12-hour blocks of time, weekends and evenings. Flexibility is required since there are a limited number of available clinical sites for student experiences. Students must have the ability to utilize written, verbal and computerized communication with faculty, peers and other health care professionals. Students are expected to demonstrate the ability to think critically and apply nursing knowledge to clinical situations. Students are also required to accept professional supervision from faculty and designated staff and effectively integrate feedback into practice.

Graduate policies

Additional policies

Academic advising

Prospective graduate students may receive information through the college recruitment office at 602-496-0937 or edsoncollege@asu.edu [2]. Upon admission, each student is assigned a faculty advisor or mentor within the degree or certificate program or area of concentration.

Handbooks

Students should review the student handbooks for the Edson College of Nursing and Health Innovation for information regarding graduate academic procedures and protocols: Graduate Programs in the Edson College of Nursing and Health Innovation Student Handbooks [1].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Edson College of Nursing and Health Innovation.

Watts College of Public Service and Community Solutions policies

Watts College of Public Service and Community Solutions believes our students are our greatest resource. We strive to put the well-being of our students at the center of every policy and program. Each student situation is unique, and we encourage our students to work directly with our talented advising staff to address concerns and issues within the stated policies and procedures.

Academic integrity

Watts College of Public Service and Community Solutions' academic integrity process models the ASU process. For more information on the process, including next steps, students should review <https://publicservice.asu.edu/grievance-process> [1].

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [2].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [3], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference www.asu.edu/reportit/ [4].

Undergraduate policies

Academic standing

Students in Watts College of Public Service and Community Solutions are considered to be in good standing for the purpose of retention if they maintain a cumulative GPA of 2.00 or greater in all courses taken at ASU. Certain majors within Public Service and Community Solutions may require a progressively higher GPA than 2.00 as a student advances toward their degree. These requirements are outlined in the student's major map.

Changing majors

A student changing their major into Watts College of Public Service and Community Solutions should have a GPA of 2.00 or greater.

Probation

Any student who does not maintain good standing is placed on academic probation. A student on academic probation is required to observe any limitations or rules the college may impose as a condition for retention.

Disqualification

A student who is on probation becomes disqualified if either of the following occurs:

- The student has not returned to good standing.
- The student has not met the required semester GPA.

Disqualification is exercised at the discretion of the college and becomes effective on the first day of the fall or spring semester following college action. A disqualified student is notified by the dean of the college and is not allowed to register for a fall or spring semester at the university until reinstated. A student who is disqualified may not attend as a nondegree student.

Advising

The mission of Watts College of Public Service and Community Solutions' professional academic advising staff is to assist students in developing meaningful educational plans for meeting their academic, career and personal goals; this is done through an ongoing process of evaluation and clarification. The advisors strive to perform their duties in a professional, ethical, confidential, accurate and supportive manner, respecting student diversity and needs and always holding the individual in highest regard. The student and advisor should accomplish this process in a spirit of shared responsibility to help the student develop academic excellence, strong decision-making skills and self-reliance. A student who has been admitted to Watts College of Public Services and Community Solutions works with professional advisors and student services staff with expertise in the student's major area of study. Questions about advising should be directed to the student's advising team or to the Public Service and Community Solutions student services office.

Contact information for college advising can be found at <https://publicservice.asu.edu/advising> [5].

Mandatory advising

The following categories of students are required to receive advising and be cleared by a program advisor before they may register for classes:

- all first-year students
- all students majoring in social work
- readmitted students
- students on probation
- students who have been disqualified
- students with special admission status
- students with admission competency deficiencies
- transfer students in the first semester at ASU

Credit/registration

Course load

A normal course load per semester is 15 or 16 credit hours. The maximum number of hours for which a student can register is 18 credit hours (fall or spring semesters) unless an overload petition has been approved by the department or school standards committee and dean or dean's designee. Semester course loads may be further limited for students in mandatory advising status. Petitions for overload ordinarily are not approved for students who have a cumulative GPA less than 3.00 and who do not state valid reasons for the need to register for the credits. Students who register for an excess of 18 credit hours and do not have an approved overload petition on file may have courses randomly removed through an administrative drop action. Specific degree requirements are explained in detail under the respective college, school and department sections.

Degree requirements

Interdisciplinary public service requirement

Watts College of Public Service and Community Solutions has a college-level graduation requirement for all undergraduate students majoring within the college. This degree requirement is called the interdisciplinary public service requirement. Each student must complete coursework from other schools within the college. Students may choose a core course from their major and two courses from the approved course list for this requirement in addition to completing ASU 101-CPP, which must be completed in the first year at ASU; the other courses can be taken while completing the degree. The approved course list for each catalog year is available on the major map. Questions about this requirement should be directed to the academic advisor for the major.

Solution-based learning requirement

Watts College of Public Service and Community Solutions has a second college-level graduation requirement for all undergraduate students majoring within the college. This degree requirement is called the solution-based learning requirement. Each student must complete coursework from their school or another school within the college that has an SBL designation. Students must choose a course from the SBL list to meet this requirement. The approved course list for each catalog year is available on the major map. Questions about this requirement should be directed to the academic advisor for the major.

Concurrent degrees

Watts College of Public Service and Community Solutions supports students who wish to pursue concurrent degrees. The structure of a student's academic program is customized to meet degree requirements for both programs of study. Students are encouraged to meet with an academic advisor from each degree to establish a feasible program of study and fill out a concurrent degree petition. Students should note that pursuing a concurrent degree will require paperwork from both colleges.

Reinstatement/readmission

Students seeking reinstatement after disqualification should contact Watts College of Public Service and Community Solutions student services office regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made through the ASU readmission process [6]. All academic disciplinary action is the function of the Watts College of Public Service and Community Solutions student services office under the direction of the dean of the college. Students having academic problems should contact Watts Advising at 602-496-1658 or <https://publicservice.asu.edu/advising> [7].

Graduate policies

Advising

Advising is usually handled by a professional academic graduate advisor, graduate faculty or a committee. Once admitted, each student is typically assigned an advisor in their degree's department; this advisor assists in planning a course of study. For degree programs that require the completion of a thesis or dissertation, a chairperson and thesis or dissertation supervisory committee is selected by the student, approved by their degree program's director of graduate studies, and appointed by the dean of the Graduate College. Each graduate degree program in Watts College of Public Service and Community Solutions has its own set of policies regarding academic performance expectations. Students should contact their graduate advisor to review policies relevant to their degree.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and Watts College of Public Service and Community Solutions.

Mary Lou Fulton Teachers College policies

ASU's Mary Lou Fulton Teachers College creates knowledge, mobilizes people and takes action to improve education. Mary Lou Fulton Teachers College faculty create knowledge by drawing from a wide range of academic disciplines to gain insight into important questions about the quality of teaching and learning and the performance of education systems. Mary Lou Fulton Teachers College mobilizes people through bachelor's, master's and doctoral degree programs, through nondegree professional development programs and through socially embedded, multilateral community engagement. Mary Lou Fulton Teachers College takes action by bringing people and ideas together to increase the innovation capabilities of individual educators, schools and organizations, districts and communities.

Mary Lou Fulton Teachers College embraces a core value of principled innovation through which we hold ourselves accountable to three imperatives:

Economic imperative: We need to prepare learners for the next economy.

Democratic imperative: We need to prepare students to become part of an educated citizenry capable of assuming the responsibilities of self-government and of participating in a thriving civil society.

Equity imperative: We need to deliver equitable and excellent education to all learners.

For more information, students should visit the Education website [1].

Academic integrity

Academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal.

Mary Lou Fulton Teachers College strictly adheres to the ASU Student Academic Integrity Policy and appeal procedures. Further information can be found on the Academic Integrity [2] website. The associate dean of academics handles all questions and concerns related to academic integrity violations in the Mary Lou Fulton Teachers College. Both students and faculty can contact the academic integrity officer to report an academic integrity violation or to ask questions related to academic integrity policies and procedures.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [3].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [4], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference www.asu.edu/reportit/ [5].

Undergraduate policies

Academic standing

Satisfactory academic progress and professional conduct policy

In order to remain in good standing in the Mary Lou Fulton Teachers College, students must maintain satisfactory academic progress consisting of both academic performance and adherence to the Teachers College Professional

Responsibilities Standards. This document sets forth the standards and expectations for satisfactory academic progress and good standing and explains the consequences of failure to meet these standards.

In addition to the policies stated herein, students are expected to abide by applicable university and Arizona Board of Regents policies, including the ASU Student Code of Conduct [6], the ASU Student Academic Integrity Policy [7], as well as all policies, procedures, rules, regulations and requirements established by the local education agency, school district or school in which they are engaged in professional experiences, internships or residency. Failure to do so may lead to consequences that include dismissal from the program and expulsion from the university.

Section I: Academic performance requirements

A. Satisfactory academic progress

Advisors conduct ongoing reviews of students' academic and professional performances in order to determine retention and continuation status. Students with records containing indicators of professional or academic concerns may be placed on academic probation or academic suspension or may be dismissed (permanently removed) from their programs or from the college.

These are the requirements all undergraduate students must meet in order to achieve a satisfactory academic performance:

1. Undergraduate students in teacher preparation programs must maintain an overall cumulative GPA of 2.25 or higher. Students enrolled in educational studies must maintain an ASU GPA of 2.0 or higher.
2. Students must achieve a "C" grade or better in all courses listed on the plan or program of study, including secondary education content area courses. Earning a grade of "W" or "I" in more than one course may be considered a lack of academic progress.
3. Students must pass all required professional experiences, including internships and residencies, with a grade of "C" or better.
4. Students must maintain good standing as outlined in the professional responsibilities standards section. Students who violate professional responsibilities may be placed on academic probation or suspension or may be recommended for dismissal.

Definitions

Academic probation: This is the status assigned to a student who has failed to maintain satisfactory academic progress; this is also referred to as being not in good academic standing. A student placed on academic probation is informed of the areas in which program standards are not being met and the actions the student must take to be removed from academic probation and restored to good standing. A student failing to meet the conditions for reinstatement to good standing may be recommended for dismissal from the program.

A student placed on academic probation will be permitted to progress into the next term (unless the next term includes residency) while addressing the deficiency. A student who is on academic probation in which the next term requires residency needs to meet with their advisor to discuss options for the semester.

Academic suspension: An undergraduate student placed on academic suspension may not progress into the next term until all deficiencies have been resolved. Students are required to complete their deficiencies within one calendar year. Failure to do so results in dismissal from the program.

Deficiency: This term describes a required course or another program criterion, such as coursework or GPA, which was not met or was not successfully completed.

Dismissal: Administrative removal from the internship, from residency, from the degree program, or from the college is referred to as dismissal.

When the student is notified of a dismissal, he or she must participate in a meeting with college administration. The student's current and future status is determined after further review by administration.

Professional improvement plan: A professional improvement plan is a tool designed to support students who may be at risk of not progressing in their major or academic plan. The PIP outlines specific action steps a student must complete in order to maintain or return to good standing within their major or academic plan. These are the typical reasons for receiving a PIP:

- poor academic standing (i.e., ongoing academic deficiencies across coursework)
- issues regarding professionalism (classes or professional experience)
- academic integrity violation (plagiarism, cheating, etc.)

Any ASU representative or district partner may refer a student for a PIP. Students who are referred for a PIP will meet with a faculty representative and director of student services to develop a plan for success in the Teachers College.

A student is prevented from further enrollment in any initial teacher or administrator program for any of the following reasons:

- expulsion from Arizona State University
- failure to meet the professional responsibilities outlined in the Mary Lou Fulton Teachers College Professional Responsibilities Standards and the ASU Student Code of Conduct
- failure to resolve academic deficiencies
- noncompliance with a professional improvement plan

B. Unsatisfactory academic progress consequences

GPA and grade deficiencies

Academic probation: Academic probation may be imposed if a student has one of the deficiencies listed below. A student placed on probation will be permitted to progress into the next term (unless the next term includes residency, an applied project or culminating experience) while addressing the deficiency. A student who is placed on probation in which the next term requires residency will need to meet with their advisor to discuss options for the semester.

Academic suspension: Academic suspension will be imposed if an undergraduate student has two or more of the deficiencies listed OR a cumulative GPA below 2.25 (if in a teacher certification program). An undergraduate student placed on academic suspension may not progress into the next term until all deficiencies have been resolved. Students are required to complete their deficiencies within one calendar year. Failure to do so may result in removal from professional program coursework and dismissal from the program.

Deficiencies for undergraduate students:

1. a cumulative GPA less than 2.00, or 2.25 for teacher certification students in the junior and senior years
2. an "I" in an education course or secondary education content course
3. a grade of "D", "E", or "W" in an education course
4. a grade of "D" or "E" in a required secondary education content course

Undergraduate students are not approved for student teaching if they are on academic probation or suspension. Once a student returns to good standing, the student is approved for student teaching.

Professional experience deficiencies --- undergraduate students

The following policies apply to students enrolled in initial teacher certification programs.

1. A student who fails a professional experience or internship may be allowed to retake the professional experience or internship one time if the reasons for failure are judged to be remediable as determined through an appeal process. The first step in the process is a mandatory meeting with a representative of the Executive Director of Academic Services and Division. Details regarding the appeal process and steps will be provided at the meeting. If after an appeal, a student is permitted to retake the professional experience or internship and fails to pass the second time, the student will be dismissed from the teacher or administrator certification program.
2. In some cases, professional experience or internship issues may be nonremediable. These may include actions that cause the sponsoring school district or other organization to suspend or dismiss an intern or teacher or administrator candidate or to demand that the student teacher or intern be removed from the professional

experience or internship due to violations of professional responsibilities standards, violations of a professional code of conduct, district policy, or state or federal law or other inappropriate behavior. The division will determine, based on information from the supervisor, the mentor teacher, the school district, other sponsoring organization, and the student, whether the student actions warrant immediate dismissal from the teacher or administrator certification program without benefit of a period of academic probation or another attempt to pass the professional experience or internship.

3. An alternative certification student whose clinical field placement is terminated by the school district due to reasons unrelated to performance, such as reductions-in-force, will not be recommended for academic probation or involuntary withdrawal on that basis alone. However, if the student does not secure another full-time teaching position, he or she must complete the degree and certification requirements by transferring to a Masters and Certification track and successfully completing the requirements of that program. This means the student may not continue to take classes with an Alternative Certification Pathway cohort.

If a student is in a paid residency, employment is a decision of the local education agency. Decisions related to employment are not made by the college. Students who are dismissed from a professional experience will be required to attend a meeting with college leadership to determine if they are able to retake the professional experience. Students are to refer to the grade appeal process for more information.

C. Reinstatement to good academic standing

To be restored to good academic standing:

1. A student must maintain or improve grades to meet the academic performance requirements.
2. An initial teacher candidate must meet the expectations of any professional improvement plan related to satisfactory academic progress or professionalism while in the program.
3. Students in noncertification programs must meet the expectations of any professional improvement plan related to satisfactory academic progress or professionalism while in the program.

Special note: A student on probation for lack of satisfactory progress in one area (e.g., academic progress or professional responsibilities) who subsequently fails to maintain good standing in the other area is recommended for dismissal. Return to good standing requires satisfactory progress in both areas during the time on probation. Sequential semesters of probation for repeated failures to maintain satisfactory progress are not considered.

Section II: Professional responsibilities (conduct)

A. Satisfactory progress

Professional work is marked by a particular responsibility to the clients served. Educators are trusted with significant power and authority over students and must demonstrate that they adhere to the standards of the profession. Therefore, in addition to academic progress requirements, students are evaluated with regard to Professional Responsibilities Standards as described in this document.

The Mary Lou Fulton Teachers College Professional Responsibilities Standards show the required expectations for all students.

- All initial teacher certification students are expected to meet the professionalism standards in Sections A, B, C, and D at the applying level, as a minimum, throughout their course of study.
- Students in noncertification programs are expected to exhibit professional conduct by meeting all standards in Sections A and B at the emerging level, as a minimum, throughout their course of study. Showing professionalism and growing and developing professionally are expected in all clinical experiences, in preK-12 school-related settings, and in university settings, including in interactions with university faculty and staff.

B. Unsatisfactory progress --- professional responsibilities

Students are informed of an allegation of a violation of or lack of compliance with the Professional Responsibilities Standards, and they have an opportunity to respond. As a general rule, the college seeks to assist students to become professionals by working with the students to develop and improve professional conduct. Students accused of violating or not complying with the professional responsibilities standards meet with the division director or designee and the director

of student services or those otherwise appointed to discuss allegations, and they will be informed of their status in the program after the meeting. Possible sanctions include academic probation, suspension, disqualification or dismissal from the initial teacher certification program.

All other university policies regarding student conduct are in addition to these requirements, and infractions of the ASU Student Code of Conduct may result in additional investigations and consequences through university procedures.

C. Dismissal from clinical experiences (internship or student teaching)

The following policies apply to students enrolled in initial teacher certification programs.

In the event a school district requests that a student be dismissed from an internship or student teaching placement for unprofessional or inappropriate behavior, the intern or teacher candidate will be required to attend a meeting with college leadership to discuss the concerns submitted in the request for dismissal submitted by the school district representative. The student will receive a copy of the dismissal recommendation prior to the meeting with college leadership. During the dismissal meeting, the student will have the opportunity to share details, provide evidence or other supporting documentation to explain the situation from the student's perspective.

Residents who are employed by the local education agency should report their program dismissal to their direct supervisor at the local education agency; this is usually the school principal or human resources director. Continued employment after a dismissal is a decision of the local education agency. If a student is dismissed from their residency placement, their employment with the local education agency may be terminated by the agency. Decisions related to employment are not made by the college.

The student has the option to appeal the dismissal to the Associate Director of Professional Experiences. If it is determined that the allegations of a violation of unprofessional behavior that result in the request for dismissal from the school or the district, or from both, are warranted, one or all of the following actions may result. The intern or teacher candidate:

- will be dismissed from the internship or student teaching placement
- will receive a failing grade (E) for the internship or student teaching course*
- will not be assigned another internship or student teaching placement during the same semester
- in which the teacher candidate was assigned a failing grade
- may not withdraw from the internship or professional experience course or student teaching course, and if a withdrawal is processed by the Office of the Registrar, the grade will be administratively changed to an "E"
- must withdraw from all courses that require concurrent enrollment with internship or student teaching, including any applied project courses taken concurrently with student teaching

*If an intern or teacher candidate wishes to appeal the "E" grade, they can follow the grade appeal process as outlined on the Teachers College [8] website. The first step in the grade appeal process is to meet with the course instructor. Students have 10 business days to appeal a grade. If a teacher candidate wishes to repeat the internship or student teaching and concurrent coursework during the semester following the dismissal, the teacher candidate must show evidence of how they plan to resolve the situation or circumstances which resulted in the removal from the internship or student teaching. The teacher or administrator candidate will be required to meet with college leadership to develop a professional improvement plan outlining expectations for continued professional growth and academic development.

*In the event that the teacher or administrator candidate violates the rules, policies, or procedures for conduct established by the school, district, local education agency, ASU, Teachers College, or the law while working on a professional improvement plan for unprofessional behavior, the teacher or administrator candidate will be dismissed from the teacher or administrator program. Teacher or administrator candidates who are dismissed may not petition to continue in their current academic plan, but they may be eligible to pursue other noncertification degree options within Teachers College or within other colleges at ASU.

Students enrolled in the Professional Pathways Program who are dismissed from a professional experience or fail a professional experience and would like to complete the program without obtaining teacher certification (master's degree

only) must submit a petition for review. Petitions are reviewed on a case by case basis and not all students will be approved to enroll or continue to be enrolled in Professional Pathways Program coursework. Students approved to remain in the professional pathways noncertification option will be required to adhere to the same professionalism standards as students enrolled in certification programs. Failure to adhere to these standards will result in dismissal from the Teachers College.

Appeal process

Academic probation

There is no appeal from the action of being placed on probation. Probation provides warning to the student of the potential for suspension or dismissal.

Grade appeals

Reasons for grade appeal

A student may appeal a grade only when the student can document that one or a combination of the following has occurred:

1. The instructor erred in calculating points or acknowledging timely submission of assignments.
2. The instructor did not apply grading standards equitably; for example, there is evidence of bias due to race, age, sex, religion or national origin.
3. The instructor did not assign grades consistently with the standards and procedures for evaluation announced at the beginning of the course in the course syllabus. The instructor may amend or supplement the standards and procedures during the course by providing written or oral notice to the entire class.

Grade appeal procedure

To receive consideration, grade appeals must be submitted to the course instructor within 10 business days of the last date for posting final grades, as noted in the academic calendar. The academic calendar is available at <https://students.asu.edu/academic-calendar> [9].

Step one: informal meeting with instructor --- This step is mandatory and applies to an appeal of course grades only.

1. The student must contact the instructor of the course and submit the attached grade appeal. The student must provide to the instructor any additional relevant documentation to support the appeal and reasons for disputing the grade. The narrative accompanying the grade appeal form may not exceed five double-spaced pages.
2. The student must meet with the instructor either face to face or, in the case of online classes only, virtually. If this meeting does not resolve the grievance, the student may move to step two and submit the grade appeal form to the appropriate contact in the Office of Student Services.

If the required meeting with the instructor has not taken place, the appeal will be accepted only if the student supplies evidence that the student contacted the instructor and has received no reply for five business days or has been unable to schedule a meeting within 10 business days of the date of contact. If the student does not receive a response from the course instructor within five business days, the student should move the appeal to step two. Appeals received after 10 business days will not be accepted.

Step two: grievance submittal --- If the grievance is not resolved in step one, the student should contact the executive director of Academic Services at 480-965-5555.

Step three: reviews of the grade appeal --- The executive director of student services will review the grade appeal and may request additional information. The grade appeal will be forwarded to the vice dean for review. The vice dean will review all information and will notify the student of the outcome.

Step four: appeal of the decision

- Per university policy, if not satisfied with the outcome, the student may appeal the vice dean's decision to the dean within five business days of receiving the vice dean's decision.
- To submit an appeal to the Student Issues Committee, the student must forward the original appeal and the vice dean's response to the associate dean of academic systems, who will begin the appeal process with the committee.
- Only the issue appealed to the vice dean may be appealed; no new issues or complaints may be added.
- The student has the option to request to appeal before the committee.
- The Student Issues Committee will make a recommendation to the dean. The dean's decision is final.
- The student will be notified by mail of the outcome.

It is university policy that students filing grievances and those who are witnesses are protected from retaliation. A student who believes they are a victim of retaliation should immediately contact the dean of the college in which the course is offered.

More information on university grading policies is available on the ASU Catalog grade appeal policy page at <https://catalog.asu.edu/appeal> [10].

During the time of the appeal, a student may register for courses; however, if the appeal is denied and the student is withdrawn, university policies on tuition refunds will be applied. Any concerns about tuition charges should be addressed to the Student Business Services office.

Advising

The Office of Student Services is dedicated to providing students with the very best academic support and guidance in every phase of a student's academic program. Academic program advisors provide students with assistance in selecting classes and in fulfilling program requirements. Each ASU campus has dedicated academic advisors knowledgeable about all Mary Lou Fulton Teachers College programs. Students should see the Education undergraduate student services [11] webpage for advising locations and contact information. Students are encouraged to meet with their advisors every semester.

Credit/registration

Students are limited to a maximum of 18 credit hours per term. Enrollment in additional credit hours requires college academic advisor approval.

Audit

Teachers College students are permitted to audit any course that is not part of the professional pathways curriculum. Additional university fees are assigned to courses when the audit option is chosen.

Course prerequisites

Enrollment in upper-division professional pathways coursework requires approval from Teachers College. Students should review current course descriptions for course prerequisites.

Incomplete grades

Incomplete grades are only issued if a student is in good standing in the course and experiences an extenuating situation resulting in the inability to complete the course on time. Incompletes issued for courses not leading to Arizona teacher certification must be completed one calendar year from the initial grade assignment. Students enrolled in an initial teacher certification program must complete courses for which they received "I" (incomplete) grades before the start of student teaching.

Grade appeals

The grade appeal policy for courses offered in the Mary Lou Fulton Teachers College is available on the Education student forms and policies [12] page. Students attempting to appeal grades must first discuss the reasons with the course instructors. Appeals must be filed by the deadline stated in the policy.

Pass/fail

A “Y” (satisfactory) grade is assigned to a passed course and an “E” grade is assigned to a failed course. Only the “E” grade is computed in the ASU cumulative GPA.

Transfer

Students may transfer a maximum of 64 credit hours from two-year institutions. There is no limit to the number of credits transferred from four-year institutions. Students interested in substituting previous teacher preparation courses for current professional pathway Teachers College courses must submit the petition for adjustment of requirements to the Office of Student Services at their chosen campuses.

Any transfer student who is interested in starting an initial teacher certification pathway must submit an online form, have a cumulative GPA of 2.50, have completed 60 credit hours, and fulfill specific course requirements as outlined by each education major. Students who complete the Associate of Arts in elementary education, Arizona community college MyPath2ASU and Maricopa MAPP MyPath2ASU meet the requirements for progression into the professional pathway.

Withdrawal

Students should review the Mary Lou Fulton Teachers College undergraduate withdrawal policy [12] and the current university withdrawal procedures [13]. It is each student's responsibility to withdraw from courses. Students are not automatically withdrawn for nonattendance.

Degree requirements

Students who begin at ASU as first-year students follow the major maps for their chosen programs. The major map is an outline that students follow each term for enrollment. Students who have attended only ASU have their progress reviewed at the completion of each term to ensure that they are on track for graduation. Transfer students must attend an advising session in which they will learn the degree requirements as well as minimum eligibility requirements for degree completion. Students must fulfill clinical experience, student teaching or service learning requirements as part of degree completion. Mary Lou Fulton Teachers College is committed to providing support and resources for students needing academic or professional growth assistance.

To be in good standing in Mary Lou Fulton Teachers College, undergraduate students in teacher preparation programs must maintain an overall cumulative GPA of 2.25 or higher. Students enrolled in educational studies must maintain an ASU GPA of 2.00 or higher. Students are evaluated in accordance with the Mary Lou Fulton Teachers College retention and continuation policy. Students in the professional pathway are formally reviewed regarding their academic progress to determine retention and continuation status. Students with records that contain indicators of professional or academic concerns will be placed on probation, suspension or permanently removed from their programs.

Students who exhibit unprofessional behaviors or attributes are required to meet with a Mary Lou Fulton Teachers College administrator to develop a professional improvement plan, which outlines the expectations for continuing in the program. Such students are placed on probation or suspension and are subject to the disqualification policy of Mary Lou Fulton Teachers College. Students should refer to the retention and continuation policy [12] for additional information.

Concurrent degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

Requirements for students who wish to pursue a concurrent degree:

- Students must be in good academic standing, maintaining a minimum cumulative GPA of 2.50 or greater. (Exception: Students enrolled in the educational studies degree program must maintain a minimum cumulative GPA of 2.00.)
- Students must inform their Teachers College advisor of each degree being pursued as a concurrent degree. This information is important to the department's record-keeping, and it may affect recommended courses.
- Students studying secondary education may not pursue a concurrent degree in the same area as their content area.
- If one of the degrees is offered through another college, the student must contact that college and complete its required procedures for requesting and pursuing concurrent degrees.

Reinstatement/readmission

Applications for reinstatement and readmission are reviewed by the director of undergraduate student services on a case-by-case basis.

Other special requirements

Student teaching requirements

The following policies apply to students enrolled in initial teacher certification programs.

Academic requirements

To be eligible to progress into residency, a student must be in good academic standing with the Teachers College and all outstanding courses. Students who have academic deficiencies as outlined above will not be approved to participate in residency until the deficiencies are completed. For undergraduates, this includes General Studies, foundational course requirements, electives in major and minor requirements.

Students wish to take a course concurrently with student teaching, in addition to the courses required during student teaching, must submit a petition for review by the advising coordinator. The course must be offered in the evening or online and not conflict with student teaching contracted hours.

Essential functions of student teaching or administrator internship

As a credentialing institution of the State of Arizona, the mission of the Mary Lou Fulton Teachers College is to prepare teachers for service in preK-12 school settings. Teachers College students are required to complete multiple clinical experiences (internships and student teaching) in which they must be able to perform the essential functions of teaching. The essential functions required by Teachers College are in the areas of physical capacity, cognitive flexibility and communication. The ability to perform these essential functions is a requirement for successful completion of the teacher preparation program.

Teaching is a demanding profession that requires a great deal of physical, mental and emotional stamina and in which the safety and well-being of children and youth is paramount. Interns and student teachers spend the majority of their days standing while interacting with preK-12 students in the classroom and other areas of the school grounds. Walking students from one classroom to another and maneuvering through tight spaces between desks or other classroom furniture is commonplace. In early childhood and elementary settings, walking and moving quickly along uneven surfaces on the playground is necessary. Working with preK-12 students also entails kneeling or squatting, stooping and bending from the waist at 50- to 70-degree angles frequently throughout the day. Reaching at, below or above shoulder height to write on chalkboards or white boards and using technology and audio visual equipment requires significant manual dexterity. Occasionally, interns and student teachers will be required to lift or move items weighing up to 30 pounds.

These physical requirements allow the effective teacher candidate to engage students in activities and materials that challenge and sustain the attention of students while carrying out instructional plans.

The cognitive demands of internships and student teaching require that teacher candidates master relevant content in all subjects taught in the assigned classroom, use personal modeling to demonstrate performance expectations with precise and correct command of the English language, provide oral and written feedback that is academically focused, frequent and of high quality, and use content-specific instructional strategies that enhance students' knowledge of content. Student teachers also must be able to provide differentiated instruction to ensure that all children have the opportunity to master what is being taught. In addition, student teachers must maintain emotional control under stress and establish rules for learning and behavior both inside the classroom and on all other areas of the school grounds by monitoring for student safety and behavior. Student teachers are evaluated using the TAP rubric across these essential functions of student teaching. The TAP rubric can be accessed in the Clinical Experiences Handbook provided at orientation.

The physical, cognitive and communicative demands described here are representative of those that must be met by interns and student teachers to perform successfully the essential functions of their assigned clinical experiences. Reasonable accommodations may be made to enable qualified individuals with disabilities to perform these essential functions.

Definitions

Institutional recommendation: All Teachers College certification programs are approved by the State of Arizona Department of Education to issue institutional recommendations to students who have fulfilled the state's requirements for certification. The institutional recommendation allows for expedited issuance of the teaching or administrative certificate.

Student support

Pregnancy leave policy

In accordance with Title IX, students requiring leave are entitled to leave for as long as it is deemed medically necessary by their physician. For absences of less than two weeks for session C courses or one week of leave for session A/B or summer courses, students should be able to make up the missed work without affecting field placement. Longer leaves will be accommodated; however, students are still required to complete all assignments and other requirements that accumulate during their leave prior to the last day of classes. Students who are unable to make up requirements prior to the end of the semester will receive a grade of incomplete ("I") or have the option of applying for a medical withdrawal without loss of any tuition paid that semester. During the leave, absences will be excused and will not negatively impact final grades. Students who need to request leave should meet with the college's coordinated care strategist to develop leave plans.

Accommodations

Mary Lou Fulton Teachers College is committed to student success and ensures an inclusive learning environment for all students. Students with disabilities or disabling health conditions who need accommodations are required to document their condition with Student Accessibility and Inclusive Learning Services. The Mary Lou Fulton Teachers College encourages admitted students with disabilities or disabling health conditions who believe they may need an accommodation to register with SAILS prior to enrolling in the program. That way, all reasonable accommodations can be in place at the beginning of the program. Students who are registered with SAILS will be key participants in establishing reasonable and appropriate accommodations with course instructors. Students must re-register with SAILS every semester for which they would like to receive accommodations.

Additional requirements for teacher certification candidates

Fingerprint clearance card

Per Arizona state statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted in order to work in the classroom are required to have an identity-verified fingerprint clearance card. All students enrolling in programs leading to certification must participate in professional experiences. Students participating in a professional experience

must have proof of a fingerprint clearance card on file in the Office of Professional Experiences before clinical placement hours begin.

Intent to progress

All students who start at ASU as first-time first-year students must submit their intent to progress forms to the Office of Student Services during term three, before beginning the Professional Pathway Program in term five. The intent to progress form is located on the Education student forms and policies webpage at <https://education.asu.edu/mymlftc/student-forms-policies> [12].

Graduate policies

The college offers master's degree and doctoral programs as well as graduate certificates. Some programs also allow students to obtain state or professional certification.

After admission to a degree program, specific advice related to degree requirements and activities is provided by academic advisors in the Office of Student Services. Once admitted, all graduate students are required to submit a plan of study. The plan of study functions as a contract between the student, the academic unit and the Graduate College. The interactive plan of study contains certain degree requirements such as coursework, a committee and a culminating experience. Students can contact an academic advisor for assistance completing the interactive plan of study through the contact information found on their My ASU.

Academic standing

Satisfactory academic progress and professional conduct policy

In order to remain in good standing in the Mary Lou Fulton Teachers College, students must maintain satisfactory academic progress consisting of both academic performance and adherence to the Teachers College Professional Responsibilities Standards. This document sets forth the standards and expectations for satisfactory academic progress and good standing and explains the consequences of failure to meet these standards.

In addition to the policies stated herein, students are expected to abide by applicable university and Arizona Board of Regents policies, including the ASU Student Code of Conduct [6], the ASU Student Academic Integrity Policy [7], Graduate policies and procedures, as well as all policies, procedures, rules, regulations and requirements established by the local education agency, school district or school in which students are engaged in professional experiences. Failure to do so may lead to consequences that include dismissal from the program and expulsion from the university. Graduate students should also refer to the Graduate College [14] website for further information about Graduate College policies.

Section I: Academic performance requirements

A. Satisfactory academic progress

Advisors conduct ongoing reviews of students' academic and professional performances in order to determine retention and continuation status. Students with records containing indicators of professional or academic concerns may be placed on academic probation or academic suspension or may be dismissed (permanently removed) from their programs or the college (graduate students should refer to Graduate College policies).

These are the requirements all graduate students must meet in order to achieve a satisfactory academic performance:

1. Every semester, maintain at minimum a score of 3.00 on the Interactive Plan of Study GPA, the overall graduate GPA, and the cumulative GPA.
 - o Interactive Plan of Study GPA: The iPOS GPA is calculated on all courses that appear on the student's approved iPOS.
 - o Overall Graduate GPA: The overall graduate GPA is calculated on all courses numbered 500 or higher that appear on the transcript, except courses that counted toward an undergraduate degree at ASU (unless shared with a master's degree in an approved bachelor's or master's degree program) and courses identified as outstanding in the original letter of admission.

- Cumulative GPA: The cumulative GPA represents all courses completed at ASU.
2. Achieve a "C" grade or higher in all courses listed on the plan or program of study, including secondary education content area courses. Earning a "W" or "I" grade in more than one course may be considered a lack of academic progress.
 - Students in master's degree or graduate certificate programs must earn a grade of "B" or better in culminating experience courses (applied project, thesis, capstone, etc.)
 - Doctoral students carrying more than three credits of "I" grades will be considered to not be making satisfactory academic progress.
 3. Pass all required professional experiences, including internships, apprentice teaching and residency, with a grade of "C" or better.
 4. Maintain good standing as outlined in the professional responsibilities standards section. Students who violate professional responsibilities may be placed on academic probation or may be recommended for dismissal.
 5. Doctoral students must pass comprehensive exams by the end of the sixth academic-year semester of enrollment, pass a proposal defense by the end of the seventh academic-year semester of enrollment, and pass a dissertation final defense by the end of the eleventh academic-year semester of enrollment.

Definitions

Academic probation: This is the status assigned to a student who has failed to maintain satisfactory academic progress, also referred to as not in good academic standing. A student placed on academic probation is informed of the areas in which program standards are not being met and the actions the student must take to be removed from academic probation and restored to good standing. A student failing to meet the conditions for reinstatement to good standing may be recommended to the Graduate College for dismissal from the program.

A student placed on academic probation is permitted to progress into the next term while addressing the deficiency, unless the next term includes residency, an applied project or a culminating experience. A student who is on academic probation in which the next term requires residency needs to meet with the advisor to discuss options for the semester.

Deficiency: This term describes a required course or another program criterion, such as coursework or GPA, which has not been met or was not successfully completed.

Dismissal: Administrative removal from the professional experience, from residency, from the degree program or from the college is referred to as dismissal.

Professional improvement plan: A professional improvement plan is a tool designed to support students who may be at risk of not progressing in their academic plan. The PIP outlines specific action steps a student must complete in order to maintain or return to good standing within their major or academic plan. There are three reasons for making a PIP referral:

- poor academic standing (i.e., ongoing academic deficiencies across coursework)
- issues regarding professionalism (classes or clinical experience)
- academic integrity violation (plagiarism, cheating, etc.)

Any ASU representative or district partner may submit a notice of concern to refer a student to college administration for a PIP. Students who are referred will meet with the division representative and director of student services to develop a plan for success in the program.

A student is prevented from further enrollment in any initial teacher or administrator program for any of the following reasons:

- expulsion from Arizona State University
- failure to meet the professional responsibilities outlined in the Mary Lou Fulton Teachers College Professional Responsibilities Standards and the ASU Student Code of Conduct
- failure to resolve academic deficiencies
- noncompliance with a professional improvement plan
- failure to meet ASU Graduate College policies

B. Unsatisfactory academic progress consequences:

GPA and grade deficiencies

Academic probation may be imposed if a student has one of the deficiencies listed below. A student placed on probation will be permitted to progress into the next term (unless the next term includes residency, an applied project or culminating experience) while addressing the deficiency. A student who is placed on probation in which the next term requires residency needs to meet with their advisor to discuss options for the semester. A graduate student with a single semester GPA at or less than 2.00 may be recommended for dismissal without the benefit of a semester of probation.

Students should carefully review the Graduate College policies [15] as Graduate College policies are required of all graduate students at ASU. Students should pay special attention to the policies regarding GPA, the time limit for degree completion, and continuous enrollment.

Deficiencies for graduate students:

1. interactive Plan of Study (iPOS) GPA less than 3.00
2. overall graduate GPA less than 3.00
3. cumulative GPA less than 3.00
4. a grade below a "C" in any required course*
5. a grade of "I" or "W" in a required course, or carrying more than three credit hours of "I" for students in doctoral programs

*Students must repeat a course with a grade below a "C" the following semester it is offered and earn a "C" grade or better. Failure to achieve a "C" or better on the second attempt may result in a recommendation for dismissal from the program.

Students will not be approved for residency if they are on academic probation or suspension. Once a student returns to good standing, the student can be approved to progress into residency.

Graduate students who are placed on academic probation may not be permitted to complete culminating experiences, such as an applied project, until they return to good standing. Doctoral students must be in good academic standing to complete comprehensive exams or to schedule oral defenses.

BAE Educational Studies + MA in Learning Sciences (4+1 Accelerated Program)

Students in the BAE to MA 4+1 program are considered undergraduate students until all undergraduate requirements have been met. Undergraduate students enrolled in the accelerated program will be eligible to enroll in graduate level courses and seminars. However, they will not be eligible for most graduate prerequisites including teaching and research assistantships and related health insurance, financial aid, or graduate award programs until the undergraduate degree is completed.

Students are reviewed on an ongoing basis to ensure academic progress in both bachelor's and master's degree requirements.

- An undergraduate student must maintain a cumulative GPA of 3.00 from the time they have applied to the program (at 75 credit hours completed in the BAE Educational Studies degree) to the time the student begins taking graduate courses (at 90 credits completed in the BAE Educational Studies degree). A student must continue to maintain the 3.00 GPA in all coursework. If a student's GPA drops below a 3.00 between the time they are admitted to the accelerated program and the time they begin their coursework, their admission to the accelerated program may be revoked.
- If the student drops below the 3.00 GPA requirement once the student has started the accelerated program, the student will fall under the policy for graduate students. The student will still be allowed to complete their undergraduate degree, but will no longer be able to complete the graduate degree as part of the accelerated program.

Deficiencies for students in accelerated programs:

1. interactive plan of study (iPOS) GPA below 3.00
2. overall graduate GPA below 3.00
3. cumulative GPA below 3.00
4. a grade below a "C" in any required course (Students must repeat a course with a grade below a "C" the following semester it is offered and earn a "C" grade or better. Failure to achieve a "C" or better on the second attempt may result in recommendation for dismissal from the program.)
5. a grade of "I" or "W" in a required course
6. failure to complete the undergraduate degree within 12 months of the first day of the semester for which the student was admitted to the accelerated program

Professional experience deficiencies

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

- A student who fails a professional experience or internship course may be allowed to retake the professional experience or internship one time if the reasons for failure are judged to be remediable as determined through an appeal process. The first step in the process is a mandatory meeting with representatives for the director of academic services and the division. Details regarding the appeal process and steps are provided at the meeting. If after an appeal, a student is permitted to retake the professional experience or internship and fails to pass the second time, the student is dismissed from the teacher or administrator certification program.
- In some cases, professional experience or internship issues may be nonremediable. These may include actions that cause the sponsoring school district or other organization to suspend or dismiss an intern or teacher or administrator candidate or to demand that the student teacher or intern be removed from the professional experience or internship due to violations of Professional Responsibilities Standards, violations of a professional code of conduct, district policy, or state or federal law or other inappropriate behavior. The division will determine, based on information from the supervisor, the mentor teacher, the school district, other sponsoring organization, and the student, whether the student actions warrant immediate dismissal from the teacher or administrator certification program without benefit of a period of academic probation or another attempt to pass the professional experience or internship.
- An alternative certification student whose clinical field placement is terminated by the school district due to reasons unrelated to performance, such as reductions-in-force, will not be recommended for academic probation or involuntary withdrawal on that basis alone. However, if the student does not secure another full-time teaching position, he or she must complete the degree and certification requirements by transferring to a Masters and Certification track and successfully completing the requirements of that program. This means the student may not continue to take classes with an Alternative Certification Pathway cohort.

If a student is in a paid residency, employment is a decision of the local education agency. Decisions related to employment are not made by the college. Students who are dismissed from a professional experience will be required to attend a meeting with college leadership to determine if they are able to retake the professional experience. Students are asked to refer to the grade appeal process for more information.

Special Note: Students enrolled in the Applied Behavior Analysis Practicum (PSB 580) must follow the policies and procedures found in the ABA Practicum Handbook provided as part of the course, located in the ABA Practicum Canvas Org.

C. Reinstatement to good academic standing

To be restored to good academic standing:

1. A student must maintain or improve grades to meet the academic performance requirements.
2. Students in noncertification programs must meet the expectations of any professional improvement plan related to satisfactory academic progress or professionalism while in the program.

Special note: A student on probation for lack of satisfactory progress in one area (e.g., academic progress or professional responsibilities) who subsequently fails to maintain good standing in the other area is recommended for dismissal. Return

to good standing requires satisfactory progress in both areas during the time on probation. Sequential semesters of probation for repeated failures to maintain satisfactory progress are not considered.

Section II: Professional responsibilities (conduct)

A. Satisfactory progress

Professional work is marked by a particular responsibility to the clients served. Educators are trusted with significant power and authority over students and must demonstrate that they adhere to the standards of the profession. Therefore, in addition to academic progress requirements, students are evaluated with regard to Professional Responsibilities Standards as described in this document.

The Mary Lou Fulton Teachers College Professional Responsibilities Standards show the required expectations for all students.

- All initial teacher or administrator students are expected to meet the professionalism standards in sections A, B, C, and D at the applying level, as a minimum, throughout their course of study.
- Students in noncertification programs are expected to exhibit professional conduct by meeting all standards in sections A and B at the emerging level, as a minimum, throughout their course of study. Students are expected to showing professionalism and grow and develop professionally (sections A and B of the Professional Responsibilities Standards) in all clinical field experience, preK-12 school-related and university settings, including interactions with university faculty and staff.

B. Unsatisfactory progress --- professional responsibilities

Students will be informed of and have an opportunity to respond to an allegation of a violation of or lack of compliance with the Professional Responsibilities Standards. As a general rule, the college seeks to assist students to become professionals by working with the students to develop and improve professional conduct. Students accused of violating or not complying with the Professional Responsibilities Standards will attend a meeting with the college leadership and will be informed of their status in the program after the meeting. Possible sanctions include academic probation, suspension, disqualification or dismissal from the initial teacher or administrator program or graduate program.

All other university policies regarding student conduct are in addition to these requirements, and infractions of the ASU Student Code of Conduct may result in additional investigations and consequences through university procedures.

Notices of concern

The notice of concern is a referral process designed to support all undergraduate and graduate students who may be at risk of not progressing in their academic plan and/or may need additional support from the college.

Students who receive a notice of concern due to unsatisfactory academic or professional conduct may require a meeting with the college leadership. Failure to comply with requests related to such notice may result in probation or dismissal due to unsatisfactory progress.

C. Dismissal from professional experiences (internship or student teaching)

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

In the event a school district requests that a student be dismissed from an internship or student teaching placement for unprofessional or inappropriate behavior, the intern or teacher candidate will be required to attend a meeting with college leadership to discuss the concerns submitted in the request for dismissal submitted by the school district representative. The student will receive a copy of the dismissal recommendation prior to the meeting with college leadership. During the dismissal meeting, the student will have the opportunity to share details and provide evidence or other supporting documentation to explain the situation from their perspective.

Residents who are employed by the local education agency should report their program dismissal to their direct supervisor at the local education agency (usually the school principal or human resources director). Continued employment after a dismissal is a decision of the local education agency. If a student is dismissed from their residency

placement, their employment with the local education agency may be terminated by the agency. Decisions related to employment are not made by the college.

The student has the option to appeal the dismissal to the associate director of professional experiences. If it is determined that the allegations of a violation of unprofessional behavior that result in the request for dismissal from the school or the district, or from both, are warranted, one or all of the following actions may result. The intern or teacher candidate:

- will be dismissed from the internship or student teaching placement
- will receive a failing grade of "E" for the internship or student teaching course*
- will not be assigned another internship or student teaching placement during the same semester in which the teacher candidate was assigned a failing grade
- may not withdraw from the internship or professional experience course or student teaching course (If a withdrawal is processed by the Office of the Registrar, the grade will be administratively changed to an "E").
- must withdraw from all courses that require concurrent enrollment with internship or student teaching, including any applied project courses taken concurrently with student teaching

*If an intern or teacher candidate wishes to appeal the "E" grade, they can follow the grade appeal process as outlined on the Teachers College website at <http://education.asu.edu> [8]. The first step in the grade appeal process is to meet with the course instructor. Students have 10 business days to appeal a grade. If a teacher candidate wishes to repeat the internship or student teaching and concurrent coursework during the semester following the dismissal, the teacher candidate must show evidence of how s/he plans to resolve the situation or circumstances which resulted in the removal from the internship or student teaching. The teacher or administrator candidate will be required to meet with college leadership to develop a professional improvement plan outlining expectations for continued professional growth and academic development.

*In the event that the teacher or administrator candidate violates the rules, policies, or procedures for conduct established by the school, district, local education agency, ASU, Teachers College, or the law while working on a PIP for unprofessional behavior, the teacher or administrator candidate will be dismissed from the teacher or administrator program. Teacher or administrator candidates who are dismissed may not petition to continue in their current academic plan, but may be eligible to pursue other non-certification degree options within Teachers College or within other colleges at ASU.

Students enrolled in the Professional Pathways Program who are dismissed from a professional experience or fail a professional experience and would like to complete the program without obtaining teacher certification (master's degree only) must submit a petition for review. Petitions are reviewed on a case by case basis and not all students will be approved to enroll or continue to be enrolled in Professional Pathways Program coursework. Students approved to remain in the Professional Pathways noncertification option will be required to adhere to the same professionalism standards as students enrolled in certification programs. Failure to adhere to these standards will result in dismissal from the Teachers College.

Special situations

Intern certificate students: Students in a professional pathways program are in multiple interdependent roles as:

- employees of a school or school district
- holders of an Alternative Teaching Certificate from the Arizona Department of Education, and
- graduate students at Arizona State University

The teaching position may require that the student hold the Alternative Teaching Certificate; however, not all teaching positions require students to hold the certificate and may vary by state. Out-of-state students need appropriate certification in their state, if required. The Alternative Teaching Certificate requires the college to certify to the Arizona Department of Education that the student is enrolled in a teacher preparation program and in good academic standing. The intern certificate is valid for two years. If a third year is required for program completion, the intern cert needs to be renewed. At the completion of the second year, only students in good academic standing will be eligible for an institutional recommendation to obtain a provisional teaching certificate.

An alternative teaching student who ceases to be eligible for his or her intern certificate is no longer eligible to continue in the alternative pathway to teacher certification program. The student may be allowed to complete the degree and certification requirements by enrolling in the Masters and Certification Professional Pathway track of the program. More information is available from the Office of Student Services.

Note: Due to the intensity of program coursework and apprentice teaching, students participating in an alternative pathway are not permitted to enroll in courses outside of the prescribed program of study without approval from the program. Students wishing to concurrently enroll in a graduate certificate or degree program should work with their advisor to complete a Mary Lou Fulton Teacher's College petition, which will be reviewed on a case-by-case basis by program and may require approval from the academic division.

Completion of residency and applied project: As a part of a student's degree requirements, all students must complete an applied project course (secondary: SED 593; special education: SPE 593; elementary education: EED 593). The purpose of the applied project is to act as a culmination of student work throughout the program and to enhance the student teaching experience. As a part of this course, students will begin by formulating a topic that they will be researching with a group of students throughout the entire semester, typically those in their internship, student teaching, or apprentice teaching placement and with their placement school's permission. A grade of "B" or better is required to pass the course and graduate from the master's program.

In those cases in which a student enrolled in an applied project course must leave their placement or has completed the required placement hours, they will be required to use data from past placement courses or retain permission from a previous placement to gather additional data as needed. This is vital as students will need to complete the necessary research for the project. Students dropping both courses will still need to maintain the ASU Graduate College policy of continuous enrollment, either by completing at least one credit of graduate level coursework or with an approved medical or compassionate withdrawal for the semester.

Applied project retake: Students who successfully complete their student teaching placement but do not pass the applied project ("B" or better) are required to complete the next available corresponding applied project course; this also applies to students who must complete the program without certification. Students must have access to a group of children in the relevant age group (preapproved by any organization they might belong to) which they must locate themselves. Students must also contact the instructor of the applied project course before the end of the first week of class to discuss their situation, including that they will not be completing their project in an ASU placement.

Appeal process

Academic probation

There is no appeal from the action of being placed on probation. Probation provides warning to the student of the potential for suspension or dismissal.

Grade appeal procedure:

To receive consideration, grade appeals must be submitted to the course instructor within 10 business days of the last date for posting final grades, as noted in the Academic Calendar [9].

Official course grades are listed on My ASU via the student's transcript. Students should check their transcripts regularly following the grade posting date for each term. In the event there is a discrepancy between the final grade noted in the transcript and the grade the student expected to receive based on the Blackboard gradebook, students must contact the instructor within 10 business days of the last date for posting final grades, and they may then follow the appeal process outlined below.

Reasons for grade appeal

A student may appeal a grade only when they can document that any of the following has occurred:

1. The instructor erred in calculating points or acknowledging timely submission of assignments.

2. The instructor did not apply grading standards equitably; that is, there is evidence of bias such as due to race, age, sex, religion or national origin.
3. The instructor did not assign grades consistently with the standards and procedures for evaluation announced at the beginning of the course in the course syllabus. (The instructor may amend or supplement the standards and procedures during the course by providing written or oral notice to the entire class.)

Grade appeal procedure

To receive consideration, grade appeals must be submitted to the course instructor within 10 business days of the last date for posting final grades, as noted in the Academic Calendar [9].

Step one: informal meeting with the instructor --- This step is mandatory and applies to an appeal of course grades only.

1. The student must contact the instructor of the course and submit the attached grade appeal. The student must provide to the instructor any additional relevant documentation to support the appeal and reasons for disputing the grade. The narrative accompanying the grade appeal form may not exceed five double-spaced pages.
2. The student must meet with the instructor either face to face or, in the case of online classes only, virtually. If this meeting does not resolve the grievance, the student may move to step two and submit the grade appeal form to the appropriate contact in the Office of Student Services.

Note: If the required meeting with the instructor has not taken place, the appeal will be accepted only if the student supplies evidence that the student contacted the instructor and has received no reply for five business days or has been unable to schedule a meeting within 10 business days of the date of contact. If the student does not receive a response from the course instructor within five business days, the student should move the appeal to step two. Appeals received after 10 business days will not be accepted.

Step two: grievance submittal --- If the grievance is not resolved in step one, the student may forward the grade appeal to the executive director of Student Services.

Step three: reviews of the grade appeal --- The executive director of student services will review the grade appeal and may request additional information. The grade appeal will be forwarded to the vice dean for review. The vice dean will review all information and will notify the student of the outcome.

Step four: appeal of the decision

- Per university policy, if not satisfied with the outcome, the student may appeal the vice dean's decision to the dean. The student must appeal within five business days of receiving the vice dean's decision.
- To submit an appeal to the Student Issues Committee, the student must forward the original appeal and the vice dean's response to the associate dean of academic systems, who will begin the appeal process with the committee.
- Only the issue appealed to the vice dean may be appealed; no new issues or complaints may be added.
- The student has the option to request to appeal before the committee.
- The Student Issues Committee makes a recommendation to the dean. The dean's decision is final.
- The student will be notified by mail of the outcome.

It is university policy that students filing grievances and those who are witnesses are protected from retaliation. A student who believes they are a victim of retaliation should immediately contact the dean of the college in which the course is offered.

For more information on university grading policies, students should see the ASU graduate appeal policy [10] page. During the time of the appeal, a student may register for courses; however, if the appeal is denied and the student is withdrawn, university policies on tuition refunds will be applied. Any concerns about tuition charges should be addressed to Student Business Services.

Graduate students - appealing a recommendation for dismissal from a program

The ASU Graduate College admits students to graduate study at Arizona State University. Students who fail to make satisfactory academic progress may be involuntarily withdrawn (dismissed) from their academic programs by the ASU Graduate College upon the recommendation of the college. The student has the right to appeal a recommendation for dismissal.

These are the steps in the dismissal process:

1. The advisor sends an informal notice of dismissal recommendation to the student. The student has 10 days to respond to the notice and provide any supporting documentation for review and reconsideration of the recommendation for dismissal.
2. The student receives formal notice from the executive director of student services that a recommendation for dismissal from the program is being made to the ASU Graduate College.
3. Within 10 business days of receiving this notice, the student may appeal in writing to the appropriate vice dean in Mary Lou Fulton Teachers College.
4. If the appeal is denied by the vice dean, the student may continue the appeal process to the Mary Lou Fulton Teachers College Student Issues Committee (Dean's Designee). Appeal materials can be sent to the associate dean of academics. Failure to file the appeal within 10 business days of the date of notification will result in an automatic denial of the appeal.

If the appeal is denied by the Student Issues Committee (MLFTC Dean), the dismissal recommendation will be forwarded to the Graduate College for final review and recommendation.

Other graduate policies

Continuous enrollment and re-entry for graduate programs

Once admitted to a graduate program, the student must be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. If a plan of study must be interrupted for one semester, the student may apply to the Graduate College for a leave of absence not to exceed one semester. An application for leave status, endorsed by the division director or designee, must be approved by the Graduate College; for a doctoral student, the leave must also be endorsed by the members of the student's supervisory committee. This request must be filed and approved prior to the semester of anticipated absence. A student on leave is not required to pay fees and is not permitted to place any demands on university faculty or use any university facilities. Students may be continuously enrolled by registering for one credit hour of continuing registration; students should contact an academic advisor for more details. A student who interrupts a program without obtaining an approved leave of absence may be removed from the degree program by the Graduate College.

Concurrent degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

For concurrent master's degrees, concurrent master's and doctoral degrees and concurrent doctoral degrees, students must follow the Graduate College policies [16].

Graduation requirements

A candidate for a graduate degree must satisfactorily complete the culminating experience requirements required by the program. Information is available for each program from the Office of Student Services.

Master's degree programs

In addition to the Graduate College policy and procedures that govern graduate programs at ASU and which are provided elsewhere in this catalog, the policies specific to each master's degree program are provided to students at the time of enrollment in the program. Students are limited to 15 credit hours per semester. Online students are limited to nine credit hours per semester. Exceptions must be approved by the division director. Students who enroll in additional hours may be administratively withdrawn.

Doctoral programs

In addition to the Graduate College policies and procedures that govern doctoral programs at ASU and which are provided elsewhere in this catalog, the satisfactory academic progress and professional conduct policies apply. Additional information specific to a degree program may be provided when students first register for the program.

PhD and EdD satisfactory academic progress and professional conduct policy

Students in doctoral programs may be placed on academic probation for reasons stated in the Satisfactory Academic Progress and Professional Conduct Policy. These include but are not limited to:

- failure to meet the academic requirements of the Graduate College, to have a GPA of 3.00 or to meet the academic requirements of the particular program as stated in the program handbook
- unsatisfactory progress as noted on annual review form by mentor or failure to meet for annual review
- failure to meet the standards of professional conduct or violations of the student conduct code which may result in academic probation, or, for egregious violations, immediate recommendation to the Graduate College for dismissal

In addition to minimum academic requirements and conduct requirements, a student must maintain progress to degree completion. A student can be recommended to the Graduate College for dismissal for failure to meet the Graduate College policies.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and abide by all university policies.

Student support process

The notice of concern is a referral process designed to support all graduate students who may be at risk of not progressing in the academic plan for their major and who may need additional support from the college.

The following outlines the steps taken in the referral process.

1. The instructor, site coordinator or other university representative discusses concerns with the student and informs the student that a notice of concern will be submitted to college leadership. Depending on the nature of the referral, the student may be required to attend a meeting with college leadership to offer additional support.
2. If the referral is made for a violation of the academic or professional code of conduct or unprofessionalism, the student will be required to attend a mandatory meeting to discuss the alleged violations. This meeting provides the student with an opportunity to share their side of the situation. At the meeting, a professional improvement plan agreement is developed with input from the student and college administration. Students working on a PIP are placed in probationary status in the college until requirements of the PIP are met. Some violations of professionalism or academic integrity may result in immediate dismissal from the program or placement.
3. If the referral is not for a violation of academic or professional conduct, a student support consultation meeting is conducted. This meeting provides students with resources and additional university-wide support. At the meeting, student needs are identified and a plan for success is created along with follow-up recommendations.

4. Students are required to attend a follow-up meeting to discuss their status in meeting requirements outlined in their plan. Failure to attend a required meeting or to fulfill expectations outlined in the PIP agreement may result in dismissal from the program.

Additional requirements

Fingerprint clearance card

Per Arizona state statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted to work in the classroom are required to have an identity-verified fingerprint clearance card. All students enrolling in programs leading to certification must participate in clinical experiences and student or apprentice teaching. Students participating in clinical experiences must have proof of a fingerprint clearance card on file in the Office of Professional Experiences before field placement hours begin.

University College policies

University College is spearheading the evolutionary next step in higher education. The college seeks to end achievement disparities for learners of all backgrounds through designing personalized learning experiences, preparing learners for a future of integrated working and learning, and supporting learners at scale using automation, analytics and intelligent systems.

Academic integrity

University College values academic honesty in academia as the basis of shaping students who will become productive workers and contributors to society. University College is committed to supporting student success by supporting accountability. The college uses every opportunity, including academic violations, as learning opportunities for students to gain experience, resources and personal growth.

Academic dishonesty falls into five broad areas that include but are not limited to:

1. cheating on an academic evaluation or assignment
2. plagiarizing
3. academic deceit such as fabricating data or information
4. aiding academic integrity policy violations and inappropriately collaborating
5. falsifying academic records

It is important that students understand what constitutes a violation of academic integrity. Students may view full policy on the ASU Academic Integrity Policy [1] page.

Why is it important?

Academic integrity violations have a negative impact on students, the ASU community and students' future career aspirations.

Academic dishonesty undermines a student's ability to demonstrate their academic excellence. Furthermore, academic dishonesty does not allow instructors the opportunity to develop a student's educational aptitude to prepare them for a career and diminishes the integrity of the ASU academic community.

Who can report academic dishonesty?

Anyone with a good faith basis for believing that a student has engaged in academic dishonesty may report the alleged violation to the instructor or Academic Integrity Officer for the college or school in which the academic dishonesty occurred.

Make a report [2]

Student resources

If students ever find themselves in a situation where they are unsure as to whether an issue could be construed as academic honesty, they should use the resources linked below. Sun Devils are champions of integrity and making the right decision.

Sun Devil integrity resources [3]

Students with questions about ASU's Academic Integrity Policy or alleged violations should contact University College's academic integrity officer Samantha Carter [4] with any questions.

Notice of nondiscrimination

ASU prohibits all forms of discrimination, harassment and retaliation. To view ASU's policy, students should review <https://www.asu.edu/aad/manuals/acd/acd401.html> [5].

Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities that we operate, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the ASU Title IX coordinator or to the U.S. Department of Education Office for Civil Rights or to both. For more information, students should email titleixcoordinator@asu.edu [6], call 480-965-0696, or visit the office located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, students should reference www.asu.edu/reportit/ [7].

Undergraduate policies

Academic standing

To be considered in academic good standing in University College, students must achieve a cumulative GPA of 2.00 or higher. Academic standing is determined twice annually --- in December after fall semester grades have posted, and in May after spring grades have posted. Grades earned during summer affect GPA but are not considered for academic standing purposes until the next review period.

Academic warning

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester (fall or spring) is placed on university academic warning.

Academic probation

If a student's minimum cumulative GPA first falls below 2.00 in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

What happens to a student on academic warning or academic probation?

A student on academic warning or academic probation is considered in conditional good standing and is permitted to enroll.

All University College students who are not in good standing are required to meet with an academic advisor and complete an academic success agreement. During the appointment, the advisor will review the prior semester, discuss the student's academic standing status, possibly make adjustments to the course schedule and help the student explore strategies to return to good standing.

Improved performance will help a student earn either a good standing or continued probation status. Students who achieve a cumulative GPA above 2.00 are considered in good standing. Students who achieve a semester GPA above a 2.00 but retain a cumulative ASU GPA below 2.00 are placed on continued probation. Students who fail to achieve a semester or cumulative GPA above 2.00 are subject to disqualification from the university.

All students who receive an academic warning or are placed on academic probation for at least one semester must successfully complete UNI 220 Mindset Connections as a requirement of graduation.

Disqualification

Students who have been disqualified from ASU are not eligible to take classes at ASU during fall or spring semesters; however, enrollment in summer classes is permitted and encouraged. Students may enroll in summer classes at ASU to improve the GPA and bring the cumulative ASU GPA back into good academic standing (2.00).

Students who have had a fall or spring semester lapse in enrollment while on disqualification status will need to submit an application for readmission to ASU [8] to enroll in summer classes or be considered for a future fall or spring enrollment.

Academic advising

All students are encouraged to seek advising from their academic success specialist (this is their academic advisor) prior to registration. Students must review the academic calendar [9] each semester for information and deadlines pertaining to enrollment including course adds, drops and withdrawals.

The ASU academic catalog is the governing source for all degree requirements. Students are expected to read the requirements for university General Studies [10], college graduation [11] and major degree requirements. The academic success specialist will provide guidance.

Contact advising: exploratory@asu.edu [12]

Mandatory advising

The following students in University College must receive advising clearance prior to course registration:

- new students in all exploratory tracks
- new students in their first semester of attendance
- readmitted students in their first returning semester
- students on academic probation or continued probation
- students who have been disqualified
- students who are off track for graduation

Students are encouraged to use My ASU [13] to check their advising status requirements each semester before attempting any registration transactions.

Credit/registration

Credit overload petition

A student may take 18 credit hours per semester and 7 credit hours each summer session. Prior to submitting the request for credit overload the student must do the following:

- meet with advisor
- have a legitimate academic reason for making the request
- have a written plan describing in detail how the demands of a heightened workload will be met
- complete a full semester at ASU before the overload semester
- be in good academic standing
- not be repeating a course during the overload term
- be a degree-seeking student
- submit the form at least a week prior to the start of the session
- meet the GPA requirements as outlined on the Credit Overload Petition [14] form

Class overrides

Class overrides will not be considered unless there are specific extenuating circumstances (e.g., if the prerequisite has been completed or will be completed at another institution prior to the start of the class in question). Class override requests will not be considered after the drop/add period for that session (A, B, C) has ended.

The student must complete the Class Override form [14].

Space overrides

Under certain circumstances, the college may approve a student to enroll in a class that has filled the number of allotted seats. Space overrides will not be considered if the room has reached maximum fire code occupancy or if other sections

of the same class are available at another time. Override requests will not be considered after the drop/add period for that session (A, B, C) has ended.

The student must complete the Space Override [14] form.

Transfer credit and appeals

ASU will accept transfer credit for traditional coursework a student has successfully completed at regionally accredited institutions of higher education as documented on an official transcript.

When a student transfers to ASU from another college or university, the following general standards for transfer credits apply:

- ASU accepts college-level (not remedial) courses in which the student has earned a grade of "C-" (scale is 4.00="A") or better from regionally accredited colleges and universities.
- A maximum of 64 semester hours of credit will be accepted as lower-division credit when transferred from a regionally accredited community, junior or two-year college, with the exception of some special programs.
- Acceptable academic credits earned at other institutions that are based on a different unit of credit than the one prescribed by the Arizona Board of Regents are subject to conversion before being transferred to ASU. All ASU students must meet graduation requirements (university, college, major and General Studies requirements) in order to earn a bachelor's degree.
- Grades and honor points earned at other colleges and universities are considered for admission, but the ASU cumulative grade point average is based solely upon coursework taken at ASU.

University College standards

- Requests for General Studies credit may be approved for transfer courses or for ASU omnibus classes (e.g., 294, 394, or 494 classes), which are not reviewed by ASU's General Studies committee, and thus, do not carry preapproved General Studies designations.
- Requests for established ASU courses are discouraged; typically, established ASU courses that are not already designated as General Studies courses either do not meet the criteria or the department has decided not to submit them for General Studies designation. Sometimes an instructor will insist that his or her class meets General Studies criteria, but if the university General Studies committee has decided otherwise, the petition will not be approved.

Types of transfer credits NOT accepted by ASU:

- courses for which the student earned a final grade that was lower than "C-"
- credit awarded by postsecondary schools in the United States that lack candidate status or are not accredited by a regional accrediting association
- credit awarded by postsecondary schools for life experience
- credit awarded by postsecondary schools for courses taken at noncollegiate institutions (e.g., governmental agencies, corporations, industrial firms, etc.)
- credit awarded by postsecondary schools for noncredit courses, workshops and seminars offered by other postsecondary schools as part of continuing education programs

A student wishing to transfer to ASU who feels they have been unjustly denied credit for transfer courses may appeal by completing the Transfer Appeal Petition [14].

Repeat/replace policy

Students wishing to repeat courses and possibly replace prior course grades must follow the repeat/replace policy [15] stated in the University Student Services Manual [16] regarding the number of credit hours that can be repeated and the types of courses that are eligible for a grade replacement.

All prerequisites for the course must be met with the required grades before submitting the petition to enroll in a course for the third time or more (even if registration has previously been permitted without them). Students may not repeat a course

for a third time or more if they have passed the course with a "C" grade or higher. Approval to retake a course does not imply that enrollment in a class after the drop/add deadline is permitted or that the student may register for a class section that is already full.

Pass/fail grade options

A grade of "Y" (satisfactory) contributes to a student's earned credit hours but does not affect the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted from the instructor and college offering the course.
- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.
- A maximum of 12 credit hours taken for pass/fail may be counted toward graduation.

Students may not enroll under the pass/fail option in the following courses:

- first-year composition requirements
- General Studies requirements

Late registration

In order to add, drop or swap sections of the same course after the official drop/add deadline, the course must be open and course prerequisites must be met or overrides must have been authorized and posted. If this criteria is met, the student should do the following:

1. complete the enrollment change request [14] form
2. include instructor's email approval, which includes course information
3. submit an enrollment change request form to the department up to three business days after the late add deadline to register for a course

Requests received after the three business day deadline will not be approved unless the instructor provides confirmation that the student's grade will not be impacted.

Students should allow at least 24 hours for University College to process the request. If approved, University College will forward the request to the Registrar's Office for processing.

Withdrawals

Course withdrawals

Requests to drop a course after the drop/add deadline are not considered unless there are extenuating circumstances beyond the student's control. In these cases, the student will need to attach an email outlining the extenuating circumstances to the Enrollment Change [14] form. Students may initiate a late withdrawal up to three business days after the deadline by emailing ucacademicservices@asu.edu [17]. Backdated drops will need department approval.

Medical/compassionate withdrawals

What is a medical or compassionate withdrawal?

Students who experience a serious illness, injury, or other significant personal situation that prevents them from continuing classes may request a medical/compassionate withdrawal from the college of their major.

Medical/compassionate withdrawals require relevant and detailed supporting documentation for consideration. Approval is at the discretion of the college and there is no guarantee a request will be approved.

Students may view the full ASU medical/compassionate withdrawal policy at <https://students.asu.edu/forms/medical-compassionate-withdrawal-request> [18].

Steps for submitting a medical/compassionate withdrawal:

1. meet with an academic advisor to explore the withdrawal procedures
2. work with faculty for alternative class arrangements or incomplete grades
3. consult with a Student Financial Assistance counselor to determine financial obligation
4. review guidelines of required documentation sections below
5. submit the request [14]

Required documentation for medical withdrawal

Students must obtain an official letter from a health care provider on health care provider's letterhead stationery that details:

- the circumstances or challenges of the student
- the date of onset of illness
- dates the student was under professional care
- general nature of the medical condition and why or how it prevented the student from completing the coursework or attending class
- the date of anticipated return to school
- the last date the student was able to attend class

Students making a request for some courses in a semester and not all courses must provide a statement as to why they were successful in some courses, but not others.

Required documentation for a compassionate withdrawal

The official documentation must include a statement from the student explaining the circumstances or challenges they are facing. Documentation should corroborate the request either by strengthening the request or providing a timeline for events.

Example: If the request involves a death, attach a copy of the death certificate, airline itinerary and receipt, and funeral pamphlet showing dates.

Medical/compassionate withdrawal for international students

International students on an F1/J1 visa must consult with the International Students and Scholars Center to discuss the serious immigration consequences that may result from a withdrawal from ASU. Students on an F-1/J-1 visa must provide medical documentation from a U.S. licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist.

Complete session withdrawal

Since a complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences, beginning the first day of the fall and spring semesters, undergraduate students are required to contact the college or school of their major to facilitate the withdrawal process. Students should review the Academic Calendar [9] for complete session withdrawal deadlines.

To complete a full session withdrawal, students must complete the Complete Session Withdrawal [19] form. Note: International students must contact the International Students and Scholars Center regarding intent to seek a complete session withdrawal by sending an email to issc@asu.edu [20]. Students will be notified of the status of the submission. If approval is granted, the completed session withdrawal will be forwarded to the ASU Registrar's Office for processing.

Degree requirements

Exploratory tracks

All first-year students who choose to become an exploratory student are required to declare an exploratory track in one of four areas:

- exploratory health and life sciences
- exploratory humanities and fine arts
- exploratory math, physical sciences, engineering and technology
- exploratory social and behavioral sciences

Each of these tracks is designed to provide students with introductory courses in a field of choice (e.g., Introduction to Psychology, Introduction to Environmental Design), General Studies education, and elective courses that reinforce student interests. Each exploratory track is composed of a three-semester major map, culminating in the declaration of a major no later than the completion of 45 credit hours.

All exploratory students are required to enroll in a major and career exploration class (UNI 150, 250, or 270) each semester the student remains designated as an exploratory student.

Readmission/reinstatement

Students who have been disqualified from ASU may be reinstated to University College for a fall or spring semester if they complete either of the following:

1. Raise their cumulative ASU GPA to academic good standing levels (2.00) by taking ASU summer session courses.
2. Complete 12 or more transferable credit hours of ASU General Studies courses at a community college or university with no grade lower than a "C" and a GPA of 2.50 or better. Courses in which the student failed or received a "D" at ASU should not be repeated at another institution.

Once readmitted, the student may be placed on academic probation for at least one semester. Students on probation will have one semester to raise their cumulative or semester GPA to meet the required 2.00 GPA to remain at ASU. Failure to do so will result in disqualification from the university. Students should meet with a University College advisor to identify their options, and develop a plan for success

Students who have been disqualified two or more times will not be reinstated until they achieve an ASU GPA of 2.00 or better by taking summer courses.

Quick re-entry: Students who have had up to a seven-semester absence from ASU may be encouraged to apply for academic renewal as part of the reinstatement process. Students should see an advisor or review the Academic Renewal [21] policy for additional information.

Readmission: Students not eligible for Quick Re-entry must submit an application for readmission for the semester for which they wish to return to ASU. This readmission will be contingent on completing the requirements stated above.

 Gender Studies, PHD (LAGSTPHD)
 Gender Studies (certificate), Certificate (LAWSTGRCT)
 Geographic Education, MAS (LAGEOEDMAS)
 Geographic Information Science, PHD (LAGISPHD)
 Geographic Information Science (certificate), Certificate (LAGEOGISCE)
 Geographic Information Systems, MAS (LAGISMAS)
 Geography, MA (LAGEOGMA)
 Geography, PHD (LAGEOGPHD)
 Geological Sciences, MS (LAGEOSCMS)
 Geological Sciences, PHD (LAGEOSCPHD)
 German, MA (LAGERMMA)
 Global Health, MA (LASSHMA)

Global Health, MS (LASSHMS)
 Global Health, PHD (LASSHPHD)
 Global Security, MA (LAGSCMA)
 Global Security (Cybersecurity), MA (LAGSCSECMA)
 Global Security and Competitive Statecraft (Certificate), Certificate (LAGSCSGRCT)
 History, MA (LAHISTMA)
 History, PHD (LAHISTPHD)
 History and Philosophy of Science, PHD (LAHPSCIPHD)
 Immigration Studies (certificate), Certificate (LAIMMSTUCE)
 Indigenous Education, MA (LAIEDMA)
 Infant Family Practice, MAS (LACDEMAM)
 International Affairs and Leadership, MA (LAIALMA)
 Justice Studies, MS (LAJUSSTMS)
 Justice Studies, PHD (LAJUSSTPHD)
 Language Teaching, MA (LALANTCHMA)
 Linguistics (certificate), Certificate (LALINGUICE)
 Linguistics and Applied Linguistics, MA (LALINMA)
 Linguistics and Applied Linguistics, PHD (LALINPHD)
 Marriage and Family Therapy, MAS (LAMFTMAS)
 Mathematics, MA (LAMATHMA)
 Mathematics, PHD (LAMATHPHD)
 Mathematics Education, PHD (LAMTEPHD)
 Medieval Studies (certificate), Certificate (LAMEDSTCE)
 Microbiology, MS (LAMICROMS)
 Microbiology, PHD (LAMICROPHD)
 Molecular and Cellular Biology, MS (LACELLMS)
 Molecular and Cellular Biology, PHD (LACELLPHD)
 Museum Studies, MA (LAMUSSTMA)
 Museum Studies (certificate), Certificate (LAMUSEUMCE)
 Nanoscience, PSM (LANANPSM)
 Natural Science (Geological Sciences), MNS (LANATSCIMN)
 Natural Science (Physics), MNS (LAPHYSMNS)
 Neuroscience, PHD (GCBMENPHD)
 Philosophy, MA (LAPHILMA)
 Philosophy, PHD (LAPHILPHD)
 Physics, MS (LAPHYSIMS)
 Physics, PHD (LAPHYSIPHD)
 Plant Biology and Conservation, MS (LAPLBIOMS)
 Political Psychology, MA (LAPPSMA)
 Political Science, MA (LAPOLSCMA)
 Political Science, PHD (LAPOLSCPHD)
 Psychology, PHD (LAPSYCHPHD)
 Psychology (Quantitative Research Methods), PHD (LAPSYQUPHD)
 Religious Studies, MA (LARELIGMA)
 Religious Studies, PHD (LARELIGPHD)
 Renaissance Studies (certificate), Certificate (LARENAISCE)
 Scientific Teaching in Higher Education (certificate), Certificate (LASTHEGRCT)
 Sexuality Studies (Certificate), Certificate (LASXSGRCT)
 Social and Cultural Pedagogy, MA (LASCPMA)
 Social Science Research Methods (Certificate), Certificate (LASSRMGRCT)

Social Transformation Certificate, Certificate (LASOTGRCT)
 Socio-Economic Justice (certificate), Certificate (LAECJUGRCT)
 Sociology, MA (LASOCMA)
 Sociology, PHD (LASOPHD)
 Spanish, MA (LASPANMA)
 Spanish, PHD (LASPANPHD)
 Spanish Language Pedagogy (certificate), Certificate (LASPAPGRCT)
 Spanish Linguistics, PHD (LASPALIPHD)
 Statistics, MS (GCSTATMS)
 Statistics, PHD (LASTPPHD)
 Statistics and Data Science (certificate), Certificate (GCSTATCE)
 Teaching English to Speakers of Other Languages, MTESOL (LAENGMTESL)
 Transborder Studies, MAS (LATCLMAS)
 Transborder Studies, PHD (LATCLPHD)
 Transdisciplinary Transportation Studies (certificate), Certificate (GCTRANSCE)
 Translation Studies (Certificate), Certificate (LALTSGRCT)
 Urban and Environmental Planning, MUEP (ARURBMUEP)
 Urban Planning, PHD (ARPUPPHD)
 Women and Gender Studies, MA (LAWSTMA)
 World War II Studies, MA (LAWWSMA)

Nursing and Health Innovation, Edson College of

Acute Care Pediatric Nurse Practitioner (certificate), Certificate (NUACPNGRCT)
 Adult Gerontology Nurse Practitioner (Certificate), Certificate (NUAGNPGRCT)
 Advanced Nursing Practice, DNP (NUANPDNP)
 Advanced Nursing Practice (Acute Care Pediatric Nurse Practitioner), DNP (NUANPACDNP)
 Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP (NUANPAGDNP)
 Advanced Nursing Practice (Family Nurse Practitioner), DNP (NUANPFNDNP)
 Advanced Nursing Practice (Family Psychiatric and Mental Health Nurse Practitioner), DNP (NUANPCFDNP)
 Advanced Nursing Practice (Innovation Leadership), DNP (NUANPILDNP)
 Advanced Nursing Practice (Neonatal Nurse Practitioner), DNP (NUANPNDNP)
 Advanced Nursing Practice (Pediatric Nurse Practitioner), DNP (NUANPPDNP)
 Advanced Nursing Practice (Women's Health Nurse Practitioner), DNP (NUANPWHDNP)
 Aging, MS (LAALDMS)
 Clinical Research Management, MS (NUCRMMS)
 Clinical Research Management (certificate), Certificate (NUHCRGRCC)
 Clinical Research Management (Regulatory Science), MS (NUCRMRSMS)
 Emergency Nurse Practitioner (Certificate), Certificate (NUEMNPGRCT)
 Family Nurse Practitioner (certificate), Certificate (NUFMPGRCE)
 Family Psychiatric and Mental Health Nurse Practitioner (certificate), Certificate (NUPMNUPRCE)
 Food Safety and Protection (certificate), Certificate (NUFDSPGRCT)
 Health Care Innovation, Certificate (NUHCINGRCT)
 Health Care Simulation, MS (NUHCSMS)
 Healthcare Innovation, MHI (NUHCINNMHI)
 Innovation Leadership, Certificate (NUINLSGRCT)
 International Health for Healthcare Professionals (certificate), Certificate (NUHCRGRCI)
 Interprofessional Healthy Aging (certificate), Certificate (NUGNCERT)
 Nurse Education in Academic and Practice Settings (certificate), Certificate (NUNURSEDCE)
 Nursing, MS (NUNURDTMS)
 Nursing (Entry to Nursing Practice), MS (NUNRENPRMS)
 Nursing (Nursing Education), MS (NUNURSEDMS)

Nursing and Healthcare Innovation, PHD (NUNHIPHD)
 Pediatric Nurse Practitioner (Certificate), Certificate (NUPDNPGRCT)
 Regulatory Science, MS (NURSHSMS)
 Regulatory Science (Food Safety), MS (NURGSCFSMS)
 Women's Health Nurse Practitioner (Certificate), Certificate (NUWHNPGRCT)
 Public Service and Community Solutions, Watts College of
 Assessment of Integrative Health Modalities (certificate), Certificate (PPSWGGRCH)
 Community Development Practice, MPS (PPCMDVPMPS)
 Community Resources and Development, MS (PPRECDTMS)
 Community Resources and Development, PHD (PPCRDPHD)
 Community Resources and Development (Nonprofits and NGOs), MS (PPCRDNPMS)
 Community Resources and Development (Parks and Recreation Management), MS (PPCRDPRMS)
 Community Resources and Development (Sustainable Communities), MS (PPCRDSCMS)
 Community Resources and Development (Tourism), MS (PPCRDTMMS)
 Corrections Leadership and Management (Certificate), Certificate (PPCMGGRCT)
 Crime Analysis, MS (PPCRIMANMS)
 Crime Analysis (Certificate), Certificate (PPCRMAGRCT)
 Criminal Justice, MA (PPCRIMJMA)
 Criminal Sentencing and Sentencing Advocacy (Certificate), Certificate (PPCSAGRCT)
 Criminology and Criminal Justice, MS (PPCRJMS)
 Criminology and Criminal Justice, PHD (PPCRJPHD)
 Domestic Violence and Evidence-Based Practice (Certificate), Certificate (PPDVEPGRCT)
 Emergency Management (Certificate), Certificate (PPEMEGRCT)
 Emergency Management and Homeland Security, MA (PPEMHSMA)
 Emergency Management and Homeland Security (Biosecurity and Threat Management), MA (PPEMHSBTMA)
 Emergency Management and Homeland Security (Community Resilience), MA (PPEMHSCRMA)
 Emergency Management and Homeland Security (Cybersecurity Policy and Management), MA (PPEHSCPMMA)
 Emergency Management and Homeland Security (Emergency Management), MA (PPEMHSEMMA)
 Emergency Management and Homeland Security (Homeland Security), MA (PPEMHSHSMA)
 Homeland Security (certificate), Certificate (PPHLSGRCT)
 Latino Cultural Competency in Social Work (certificate), Certificate (PPSWGGRCL)
 Law Enforcement Administration (Certificate), Certificate (PPLEAGRCT)
 Nonprofit Leadership and Management, MNLM (PPNPSMNS)
 Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)
 Participatory Governance (certificate), Certificate (PPPGOGRCT)
 Policy Advocacy, MA (PPPLADVMA)
 Policy Informatics (Certificate), Certificate (PPPOIGRCT)
 Program Evaluation (Certificate), Certificate (PPPGEVGRCT)
 Program Evaluation and Data Analytics, MS (PPPGEMS)
 Public Administration, EMPA (PPPUAEMPA)
 Public Administration, MPA (PPPADTMPA)
 Public Administration (Certificate), Certificate (PPPUAGRCT)
 Public Administration (Emergency Management), MPA (PPPAFEMPA)
 Public Administration (Nonprofit Administration), MPA (PPNONPRMPA)
 Public Administration (Public Finance), MPA (PPPAFPMPA)
 Public Administration (Urban Management), MPA (PPPAFUMPA)
 Public Administration (Urbanism), PHD (PPPAURBPHD)
 Public Administration and Policy, PHD (PPPUBADPHD)
 Public Policy, MPP (PPPUBPMPP)
 Public Policy (Certificate), Certificate (PPPUPGRCT)

Public Policy (Environmental Policy), MPP (PPPUPEMPP)
 Public Policy (Policy Informatics), MPP (PPPUPPIMPP)
 Public Policy (Science and Technology Policy), MPP (PPPUPSTMPP)
 Public Policy (Urban Policy), MPP (PPPUPUPMPP)
 Public Safety Leadership & Administration (Emergency Medical Services-Mobile Integrated Healthcare), MPSLA (PPPSEMMPSL)
 Public Safety Leadership and Administration, MPSLA (PPPSLAMPSL)
 Public Safety Leadership and Administration (Executive Fire Administration), MPSLA (PPPSEFMPSL)
 Public Safety Leadership and Administration (Executive Police Administration), MPSLA (PPPSEPMPMSL)
 Social Entrepreneurship and Community Development (certificate), Certificate (PPSECDGRCT)
 Social Work, MSW (PPSWDMSW)
 Social Work, PHD (PPSW2PHD)
 Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)
 Social Work (Policy, Administration and Community Practice), MSW (PPCPDTMSW)
 Social Work - Advanced Standing - Advanced Generalist, MSW (PPASWMSW)
 Sustainable Tourism, MST (PPSUSTMST)
 Sustainable Tourism (certificate), Certificate (PPSTGRCT)
 Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

Teachers College, Mary Lou Fulton

Advanced Analytics in Higher Education, Certificate (TEAAHEGRCT)
 An Overview of Autism Spectrum Disorders (certificate), Certificate (EDSPEGRCA)
 Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)
 Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)
 Curriculum and Instruction (Applied Behavior Analysis), MEd (TEABAMED)
 Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)
 Curriculum and Instruction (Early Childhood Education), MEd (TEECDMED)
 Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)
 Early Childhood Education, MEd (TEECEDMED)
 Early Childhood Education (Teacher Certification), MEd (TEECDTCMED)
 Educating Multilingual Learners (Certificate), Certificate (TEESLGRCT)
 Education, MA (TEEDUMA)
 Education (Accomplished Teaching), MA (EDACCTCMA)
 Education (Educating Multilingual Learners), MA (EDESLMA)
 Education (Literacy Education), MA (EDLANGMA)
 Education Sciences, MS (TEEDUSCIMS)
 Educational Leadership, MEd (EDSUPVMED)
 Educational Leadership (Principalship), MEd (TEPRINMED)
 Educational Policy, MA (EDSPFMA)
 Educational Policy and Evaluation, PHD (EDLDRSHPHD)
 Educational Technology, PHD (EDTECHPHD)
 Elementary Education, MEd (TEELEMED)
 Elementary Education (Teacher Certification), MEd (TEEEACLMEDE)
 Gifted Education (Certificate), Certificate (TEGEDGRCT)
 Global Education, MEd (TEGLOEDMED)
 Higher and Postsecondary Education, MEd (EDPOSTMED)
 Institutional Research and Policy Analysis (certificate), Certificate (EDINSRESCE)
 Instructional Design and Performance Improvement (certificate), Certificate (EDEDTGRCT)
 Leadership and Innovation, EdD (TELINEDD)
 Leadership and Innovation (Policy and Administration), EdD (TEINNPAEDD)
 Leadership and Innovation (Teaching), EdD (TEINNTEEDD)

Learning Design and Technologies, MEd (EDTECHMED)
Learning Sciences, MA (EDPSYCHMA)
Learning, Literacies and Technologies, PHD (EDCIPHD)
Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)
Physical Education, MPE (ECPHYEDMPE)
Secondary Education, MEd (TESECEMED)
Secondary Education (Teacher Certification), MEd (TESCERTMED)
Special Education, MA (EDSPEDMA)
Special Education, MEd (ECSPEDMED)
Special Education (Applied Behavior Analysis), MA (TESPEABAMA)
Special Education (Autism Spectrum Disorder), MA (TESPEASDMA)
Special Education (Teacher Certification), MEd (TESECRTMED)
Teacher Certification (Certificate), Certificate (TETEACGRCT)
Technology for Teaching and Learning (certificate), Certificate (EDEDTTGRCT)

Undergraduate Programs

Minors (Program Descriptions and Requirements)

African and African American Studies Minor (LAAFRMIN)
Aging Minor (ASALDMIN)
American Indian Studies Minor (LAAISMIN)
American Studies Minor (ASAMSMIN)
Anthropology Minor (LAASBMIN)
Applied Biological Sciences Minor (TSABSMIN)
Applied Computing Minor (ASACOMIN)
Applied Ethics Minor (ASAPETHMIN)
Applied Mathematics Minor (ASAPMMIN)
Applied Mathematics Minor (LSAPMMIN)
Arabic Studies Minor (LAARBMIN)
Architectural Studies Minor (ARSTDMIN)
Art History Minor (FAARTHMIN)
Asian Languages (Chinese) Minor (LACHIMIN)
Asian Languages (Japanese) Minor (LAJPNMIN)
Asian Pacific American Studies Minor (LAAPAMIN)
Astronomy Minor (LAASTMIN)
Astrophysics Minor (LAASTPHMIN)
Biochemistry Minor (LABCHMIN)
Biological Sciences Minor (LABIOMIN)
Biology Minor (ASLSCMIN)
Business Minor (BABUSMIN)
Chemistry Minor (ASCHMMIN)
Chemistry Minor (LACHMMIN)
Civic and Economic Thought and Leadership Minor (LACELMIN)
Communication Minor (HSCMNMIN)
Communication Minor (LACOMMIN)
Communication Minor (LSCOMMIN)
Community Health Minor (NUCHLTMIN)
Community Sports Management Minor (PPCSMMIN)
Computational Mathematical Sciences Minor (LACMSMIN)
Conflict Resolution Minor (ASCNRMIN)
Construction Management Minor (ESCMGMIN)
Counseling and Applied Psychological Science Minor (LSCAPSMIN)

Criminology and Criminal Justice Minor (PPCRJMIN)
Dance Minor (FADANMIN)
Data Science Minor (LADATSCMIN)
Design Studies Minor (ARDSNMIN)
Digital Audiences Minor (CSDAUMIN)
Digital Culture Minor (HIDGCMIN)
Digital Media Literacy Minor (CSDMLMIN)
Disability Studies Minor (ASDISASMIN)
Early Childhood Education Minor (TEECEDMIN)
Economics Minor (LAECNMIN)
Educational Studies Minor (TEEDSTMIN)
Engineering Management Minor (ESENMMIN)
English Minor (ASENGMIN)
English Minor (LAENGMIN)
English Minor (LSENGMIN)
English (Linguistics) Minor (LAENGMINN)
English (Literature) Minor (LAENGMINT)
Environmental Science Minor (ASENVMIN)
Environmental and Resource Management Minor (ESERMMIN)
Ethnic Studies Minor (ASETHMIN)
Family and Human Development Minor (LAFASMIN)
Fashion Minor (HIFSHMIN)
Film and Media Production Minor (FAFMPPMIN)
Film and Media Studies Minor (LAFMSMIN)
Food and Nutrition Entrepreneurship Minor (ECFNTRMIN)
French Minor (LAFREMIN)
Gender, Women and Sexuality Studies Minor (ASWSTMIN)
Gender, Women and Sexuality Studies Minor (LAWSTMIN)
Geography Minor (LAGCUMIN)
Geological Sciences Minor (LAGLGMIN)
German Minor (LAGERMIN)
Global Health Minor (LASSHMIN)
Global Studies Minor (LASGSMIN)
Health Care Compliance and Regulations Minor (NUHCCRMIN)
Health Care Coordination Minor (NUHCCOMIN)
Health Innovation Minor (NUHCIMIN)
History Minor (ASHISMIN)
History Minor (LAHISMIN)
History Minor (LSHISMIN)
History of Science, Technology and Innovation Minor (LSHSIIMIN)
Human Nutrition Minor (ECNTRMIN)
Human Systems Engineering Minor (ESHSEMIN)
Innovation in Society Minor (FIFISMIN)
Instructional Design Minor (TELDTMIN)
Integrative Health Minor (NUIHLTMIN)
Integrative Social Science Minor (LSISSMIN)
Interdisciplinary Organizational Studies Minor (ASIOSMIN)
Interior Design History Minor (ARINTMIN)
Italian Minor (LAITAMIN)
Justice Studies Minor (LAJUSMIN)

Kinesiology Minor (NHKINMIN)
 Korean Minor (LAKORMIN)
 Landscape Studies Minor (ARLNDMIN)
 Latin American Studies Minor (ASLASMIN)
 Materials Science and Engineering Minor (ESMSEMIN)
 Mathematics Minor (ASMATHMIN)
 Mathematics Minor (LAMATMIN)
 Media Analysis Minor (CSCMOMINA)
 Medical Studies Minor (NHMESTMIN)
 Military Leadership Minor (LAMISMIN)
 Music Minor (FAMUSMIN)
 Music Performance Minor (HIMUSPMIN)
 Music Theatre Minor (HIMUTHRMIN)
 Nonprofit Leadership and Management Minor (PPNLMMIN)
 Nutrition and Healthy Living Minor (NUNHLMIN)
 Organizational Leadership Minor (LSORGLMIN)
 Parks and Protected Area Management Minor (PPPRMMINT)
 Personal Health Minor (NHPHLMIN)
 Pharmacology and Toxicology Minor (ASPTXMIN)
 Philosophy Minor (ASPHIMIN)
 Philosophy Minor (LAPHIMIN)
 Physics Minor (LAPHYMIN)
 Physics Minor (LSPHYMIN)
 Political Science Minor (ASPOLMIN)
 Political Science Minor (LAPOSMIN)
 Project Management Minor (LSPROMAMIN)
 Psychology Minor (ASPGSMIN)
 Psychology Minor (LAPGSMIN)
 Psychology Minor (LSPGSMIN)
 Public Relations and Strategic Communications Minor (HSPRSMIN)
 Public Service and Public Policy Minor (PPPAFMIN)
 Real Estate Minor (BAREAMIN)
 Recreation Management Minor (PPRECMIN)
 Recreation Therapy Minor (PPRECTMIN)
 Religious Studies Minor (ASRELMIN)
 Religious Studies Minor (LARELMIN)
 Romanian Minor (LAROMMIN)
 Russian Minor (LARUSMIN)
 Science, Technology and Society Minor (ECSTSMIN)
 Slavic Studies Minor (LASLVMIN)
 Social Justice and Human Rights Minor (ASJHRMIN)
 Social Welfare Minor (LASSWMIN)
 Social and Behavioral Sciences Minor (ASSBSMIN)
 Sociocultural Anthropology Minor (ASASBMIN)
 Sociology Minor (ASSOCMIN)
 Sociology Minor (LASOCMIN)
 Spanish Minor (ASSPAMIN)
 Spanish Minor (LASPAMIN)
 Spanish Minor (LSSPAMIN)
 Special Events Management Minor (HSEVNMIN)

Speech and Hearing Science Minor (LASHSMIN)
Statistics Minor (ASSTAMIN)
Statistics Minor (LASTAMIN)
Studio Art Minor (HISTARTMIN)
Sustainability Minor (SUSUSMIN)
Sustainable Tourism Minor (PPTDMSMIN)
Technical Communication Minor (LSTWCMIN)
Technological Entrepreneurship and Management Minor (ESTEM2MIN)
Technological Leadership Minor (LATECLDMIN)
Theatre Minor (FATHEMIN)
Tourism Development and Management Minor (PPTDMMIN)
Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)
Urban Planning Minor (ARPUPMIN)
Urban and Metropolitan Studies Minor (PPURBMIN)
Wellness Foundations Minor (ECEXWMIN)
Writing, Rhetorics and Literacies Minor (LAWRHLMIN)
Youth Services Leadership Minor (HSYSLMIN)

Undergraduate Programs

Undergraduate Certificates (Program Descriptions and Requirements)

Actuarial Science Certificate (LAACTCERT)
African and African American Studies Certificate (LAAFRCERT)
American Indian Nation Governance Certificate (LAAIGVCERT)
Analysis and Management of Insurance Risk Certificate (LAAMIRCERT)
Applied Business Data Analytics Certificate (BABDACERT)
Applied Cybersecurity Certificate (ASACSCERT)
Applied Social Sciences Certificate (ASAPSSCERT)
Arabic Studies Certificate (LAARBCERT)
Arts Entrepreneurship Certificate (HITHAECERT)
Arts and Humanities in Games Certificate (ASAHGCERT)
Arts in Education Certificate (HIAEDCERT)
Asian Pacific American Studies Certificate (LAAPACERT)
Asian Studies Certificate (LAASNCERT)
Atmospheric Sciences Certificate (LAATMSCERT)
Bilingual Education and English as a Second Language Certificate (TEESLCERT)
Biomedical Research Certificate (ASBMRCERT)
Biomimicry Certificate (SUBMYCERT)
Brazilian Studies Certificate (LABZSCERT)
Civic Education Certificate (LACVECERT)
Civil Communication Certificate (LACCOMCERT)
Classical Studies Certificate (LACLGCERT)
Communication Sciences and Disorders Certificate (NHCSDCERT)
Communication Training and Assessment Certificate (ASCTACERT)
Community-Engaged Practices in Design and the Arts Certificate (HISEPCERT)
Computational Life Sciences Certificate (LACLSICERT)
Computer Gaming Certificate (ESSCICERT)
Convention Sales and Meeting Planning Certificate (PPTDMCERT)
Correctional Studies Certificate (PPCRTSCERT)
Creative City Certificate (PPURBCERC)
Criminal Investigations Certificate (PPCRICERT)
Cross-Sector Leadership Certificate (PPCSLDCERT)

Cryptology Certificate (LACRYCERT)
Data Science Certificate (ASDTSCERT)
Desert Food Production Certificate (LSDFPRCERT)
Digital Business Innovation Certificate (BADBICERT)
Digital Culture Certificate (HIDGCCERT)
Disability Studies Certificate (LADISCERT)
Diversity and Equity Studies Certificate (ASDESCERT)
Domestic Violence and Evidence-based Practice Certificate (PPDVEPCERT)
Early Childhood Education Certificate (TEECDCERT)
Early Childhood Special Education Certificate (TEECSCERT)
Economic Justice Certificate (LAECNJCERT)
Elementary Education Certificate (TEEEDCERT)
Energy and Sustainability Certificate (SUESUCERT)
Entrepreneurship and Innovation Certificate (BAKEICERT)
Environmental Education Certificate (TEEVEDCERT)
Environmental Humanities Certificate (LAENHCERT)
Environmental Humanities Certificate (LSENHCERT)
Ethics Certificate (LAETHCERT)
Ethnic Studies Certificate (ASETHCERT)
European Studies Certificate (LAESCERT)
Evolutionary Medicine Certificate (LAEVMDCERT)
Family Communication Certificate (ASFAMCCERT)
Field Geology Certificate (LAFDGCERT)
Film and Video Studies Certificate (ASVIDCERT)
Food Industry Management and Marketing Certificate (BAFIMMCERT)
Gender, Women and Sexuality Studies Certificate (ASWSTCERT)
Gender, Women and Sexuality Studies Certificate (LAWSTCERT)
Geographic Information Science Certificate (LAGISCERT)
Global Management Certificate (TBTGMCERT)
Globalization and Culture Certificate (LAGLCCERT)
Hazardous Materials and Waste Management Certificate (TSETMCERT)
Health Care Policy and Delivery Certificate (NHHCPDCERT)
Health Education Specialist Certificate (NHHEDSCERT)
Health and Wellness Coach Certificate (NHHWCCERT)
History and Philosophy of Science Certificate (LAHPSCERT)
Homeland Security Certificate (PPHSLCERT)
Hospice and Palliative Care Certificate (NHHAPCCERT)
Human Rights Certificate (LAHRTSCERT)
Indoor Farming Certificate (LSIFRMCERT)
Informatics Certificate (ESCPICERT)
Innovation for Impact Certificate (FIIFICERT)
Interdisciplinary Health Humanities Certificate (LAIHHUCERT)
International Business Studies Certificate (BAIBSCERT)
International Cinema Certificate (LAICINCERT)
International Studies Certificate (LAINSCERT)
International Trade Certificate (TBINTRCERT)
Islamic Studies Certificate (LAISLCERT)
Jewish Studies Certificate (LAJUDCERT)
Juvenile Justice Certificate (PPJVJUCERT)
Korean Studies Certificate (LAKORCERT)

Latin American Studies Certificate (LALASCERT)
Latino Politics and Policy Certificate (LALPPCERT)
Law and Human Behavior Certificate (PPLWHBCERT)
Leadership and Ethics Certificate (PPLDECERT)
Leadership in Business Certificate (BALIBCERT)
Leadership, Ethics and Service Certificate (PPLETSCERT)
Legal Issues in Criminal Justice Certificate (PPLCRJCERT)
Lesbian, Gay, Bisexual and Transgender Studies Certificate (PPLGBTCERT)
Mathematical Concepts of Engineering Certificate (LAMACECERT)
Medieval and Renaissance Studies Certificate (LAMRSCERT)
Mild/Moderate Special Education Certificate (TEMSPECERT)
Military Studies Certificate (LSMILSCERT)
Modern Hebrew Certificate (LAHEBCERT)
Music Entrepreneurship Certificate (HIMERTCERT)
Nonprofit Professional Certificate (PPNPYCERT)
Oral History and Storytelling Certificate (ASOHCCERT)
Peace Corps Prep Certificate (LSPCPRCERT)
Personal Fitness Training Certificate (NHPFITCERT)
Philosophy, Politics and Economics Certificate (LAPHPECERT)
Philosophy, Rhetoric and Literature Certificate (ASPRLCERT)
Political Economy Certificate (LAPLECERT)
Political Entrepreneurship through Internships: Local to Global Certificate (LAPEICERT)
Political History and Leadership Certificate (LAPTLCERT)
Power and Society Certificate (ASPWSOCERT)
Professional Sales Certificate (BAPRSCERT)
Public Administration and Public Management Certificate (PPPAFCERT)
Religion, Conflict and Peace Certificate (LARELCERT)
Risk Communication Certificate (ASRCMCERT)
Risk Management Certificate (BARMGTCERT)
Russian and East European Studies Certificate (LAREECERT)
Sales and Marketing Essentials Certificate (BASMECERT)
School Nutrition Certificate (ECNTRCERC)
Secondary Education Certificate (TESEDCERT)
Security Studies Certificate (PPSCSCERT)
Small Business and Entrepreneurship Certificate (BASMBCERT)
Social Science Research Methods Certificate (LASSRMCERT)
Social Transformation Certificate (LASOTCERT)
Socio-Legal Studies Certificate (LASLSTCERT)
Spanish for the Professions Certificate (LSSPPRFCER)
Special Events Management Certificate (HSRTMUERT)
Speech-Language Pathology Assistant Certificate (LASLPACERT)
Sports Business Certificate (BASPBCERT)
Sports, Cultures and Ethics Certificate (LASPCECERT)
Sustainable Food Systems Certificate (SUFSUCERT)
Symbolic, Cognitive and Linguistic Systems Certificate (LAPHICERT)
Teaching English to Speakers of Other Languages (TESOL) Certificate (LATESLCERT)
Technical Communication Certificate (LSTECCERT)
Transformation and Change Certificate (ASTNCHCERT)
Translation Certificate (LASPACERT)
Veterans, Society and Service Certificate (LAVSSCERT)

Water Resources Certificate (LAWATRCERT)
Wildlife Management Certificate (LSWLMCERT)
Working with Military Families Certificate (LAWWMFCERT)
Writing (Liberal Arts and Sciences) Certificate (LAENGCERT)
Writing (New College) Certificate (ASWRTCERT)

Undergraduate Programs

Undergraduate Degrees (Program Descriptions)

Business, W. P. Carey School of

Accountancy, BS (BAACCBS)
Business, BA (BABUSBA)
Business (Business Administration), BA (BABUSBABA)
Business (Chinese Language and Culture), BA (BABUSCLBA)
Business (Communication), BA (BABUSCBA)
Business (Corporate Accounting), BA (BABUSCABA)
Business (Financial Planning), BA (BABUSFPBA)
Business (Food Industry Management), BA (BABUSFIMBA)
Business (Global Agribusiness), BA (BABUSGAGBA)
Business (Global Leadership), BA (BABUSGBA)
Business (Global Logistics Management), BA (BABUSGLBA)
Business (Global Politics), BA (BABUSGPBA)
Business (Health Care), BA (BABUSHCBA)
Business (Human Resources), BA (BABUSHRBA)
Business (Information Security), BA (BABUSISBA)
Business (Language and Culture), BA (BABSLACUBA)
Business (Law), BA (BABUSLBA)
Business (Public Service and Public Policy), BA (BABUSPBA)
Business (Retail Management), BA (BABUSRBA)
Business (Spanish Language and Culture), BA (BABUSSLBA)
Business (Sports Business), BA (BABUSMSBA)
Business (Statistics), BA (BABUSTABA)
Business (Sustainability), BA (BABUSSBA)
Business (Technology), BA (BABUSTCBA)
Business (Tourism), BA (BABUSTBA)
Business Data Analytics, BS (BABDABS)
Business Entrepreneurship, BS (BABUENTBS)
Business Exploratory, (BABUSEXP)
Computer Information Systems, BS (BACISBS)
Economics, BS (BAECNBS)
Finance, BS (BAFINBS)
Management, BS (BAMGTBS)
Marketing, BS (BAMKTBS)
Marketing (Digital and Integrated Marketing Communications), BS (BAMKDIMCBS)
Marketing (Professional Sales), BS (BAMKTPSBS)
Supply Chain Management, BS (BASCMBS)

Design and the Arts, Herberger Institute for

Architectural Studies, BSD (ARSTDBSD)
Art (Animation), BFA (HIARTANBFA)
Art (Art Education), BFA (FAARTEBFA)
Art (Art History), BA (FAARTHBA)
Art (Art Studies), BA (FAARTSTDBA)

Art (Ceramics), BFA (FAARTCBFA)
 Art (Digital Photography), BFA (HIARTDPBFA)
 Art (Drawing), BFA (FAARTDBFA)
 Art (Intermedia), BFA (FAARTIBFA)
 Art (Museum Studies), BA (FAARTMSBA)
 Art (Painting and Drawing), BFA (HIARTPDBFA)
 Art (Painting), BFA (FAARTPABFA)
 Art (Photography), BFA (FAARTPHBFA)
 Art (Printmaking), BFA (FAARTPMBFA)
 Art (Sculpture), BFA (FAARTSBFA)
 Art (Textiles), BFA (FAARTFBFA)
 Arts (BA in the Arts), BA (FAATSBA)
 Dance, BFA (FADANBFA)
 Dance (Dance Education), BFA (FADANEBFA)
 Design Studies, BA (ARDSNBA)
 Design Studies (Design Management), BA (ARDSNMBA)
 Digital Culture, BA (HIDGCBA)
 Digital Culture (Art), BA (HIDGCABA)
 Digital Culture (Arts and Design Studies), BA (HIDCADSBA)
 Digital Culture (Design), BA (HIDGCDBA)
 Digital Culture (English), BA (HIDGCENBA)
 Digital Culture (Film), BA (HIDGCFBA)
 Digital Culture (Graphic Information Technology), BA (HIDGCTEBA)
 Digital Culture (Interdisciplinary Arts and Performance), BA (HIDCIAPBA)
 Digital Culture (Media Processing), BA (HIDGCMPPBA)
 Digital Culture (Media Processing), BS (HIDGCMPPBS)
 Digital Culture (Music), BA (HIDGCMBA)
 Digital Culture (Theatre), BA (HIDGCTBA)
 Environmental Design, BS (HIEDSBS)
 Fashion, BA (HIFSHBA)
 Film (Film and Media Production), BA (FAFLMBA)
 Film (Filmmaking Practices), BA (FAFPRBA)
 Film and Media Production, BFA (HIFMPBFA)
 Graphic Design, BSD (ARGRABSD)
 Industrial Design, BSD (ARINDBSD)
 Interior Design, BSD (ARINTBSD)
 Landscape Architecture, BSLA (ARPLABSLA)
 Music, BA (FAMUSBA)
 Music (Music and Culture), BA (HIMUSMCBA)
 Music (Popular Music), BA (HIMUSPMBA)
 Music Learning and Teaching, BMUS (FAMUSEBM)
 Music Therapy, BMUS (FAMUSTHBM)
 Performance (Collaborative Piano), BMUS (FAMUSPPBM)
 Performance (Guitar), BMUS (FAMUSPGBM)
 Performance (Jazz), BMUS (FAMUSPJBM)
 Performance (Keyboard), BMUS (FAMUSPKBM)
 Performance (Music Theatre), BMUS (FAMUSPMBM)
 Performance (Orchestral Instrument), BMUS (FAMUSPOBM)
 Performance (Voice), BMUS (FAMUSPVBM)
 Performance and Movement, BA (HIPERMVBA)

Theatre, BA (FATHEBA)
 Theatre (Acting), BA (FATHEABA)
 Theatre (Design and Production), BA (FADSNPRBA)
 Theory and Composition (Composition), BMUS (FAMUSTCBM)
 Theory and Composition (Theory), BMUS (FAMUSTTBM)

Graduate Programs

Graduate Degrees and Certificates (Program Descriptions and Requirements)

Business, W. P. Carey School of

Accountancy and Data Analytics, MAcc (BAACCMACC)

Online Degree Search Title: Accountancy and Data Analytics, MAcc

Campus: Tempe, ASU@Los Angeles

This program's name has changed effective Fall 2022. The previous name was Accountancy.

Program Description:

The nine-month MAcc program is full-time, cohort-based and delivered by the W. P. Carey School of Accountancy, highly ranked by the Public Accounting Report.

Infused with a data and analytics emphasis, the cutting-edge curriculum is structured to provide students with an in-depth working knowledge of advanced accounting topics that are most relevant in today's business environment and reviewed every year with input from accounting professionals and alumni. Esteemed faculty experts bring real-world experience into each class, giving the degree even more long-term value.

The Master of accountancy and data analytics program is designed for individuals who want to immerse themselves in full-time graduate studies, take classes during the day and fulfill course requirements for the CPA exam in both Arizona and California. Because of the quality of the Master of accountancy and data analytics program, students gain the skills and knowledge needed to launch their accounting careers while opening the door to top hiring firms.

As a STEM-designated program, eligible graduates on student visas have access to an Optional Practical Training extension for up to 36 months. This longer work authorization term may help international students gain additional skills and experience in the U.S.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: W. P. Carey MBA - Full-Time Program

Degree Requirements:

30 credit hours including the required capstone course (ACC 586).

Required Core (3 credit hours)

ACC 512 Advanced Auditing (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

ACC 586 Shareholder Value Creation and Financial Statement Analysis (3)

Additional Curriculum Information

Students should see the academic unit for an approved list of elective coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in accountancy from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all coursework completed at institutions other than ASU
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- short-answer question responses
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

Applicants must complete program prerequisites prior to admission to the program. Students should refer to the master's degree program website for a current list of required course prerequisites. Graduate-level accounting courses are only open to students admitted to the graduate program.

Career Opportunities:

The Master of accountancy and data analytics program includes the essential academic preparation for students who are interested in pursuing professional careers in public, corporate and governmental accounting, as well as consulting or financial planning.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states that employment for Accountants and Auditors is projected to grow 4 to 6 percent between 2018 and 2028.

Career examples include:

- accountant
- auditor
- budget analyst
- tax auditor

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Business Administration (Accountancy), PHD (BAACCTPHD)

Online Degree Search Title: Accountancy, PhD

Campus: Tempe

Program Description:

The PhD in business administration with a concentration in accountancy develops students' capability to review, analyze, conduct and publish research. The curriculum consists of a series of research seminars and theory-building and statistical coursework that supplement and complement students' abilities and desires. In addition, doctoral students participate in ongoing research projects in conjunction with faculty members in the School of Accountancy.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

This program consists of 12 credit hours of dissertation and 72 credit hours of coursework and research. Students may not apply credit hours earned from a previously awarded doctoral degree from ASU or another institution toward their current ASU doctoral degree. However, at the academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Students work with their study committees to determine an appropriate plan of study. Common areas of functional specialization include financial and managerial accounting, auditing and taxation. Within these functional areas, doctoral studies may emphasize experimental or archival research methods. All accountancy doctoral students are required to take a three-semester sequence of accountancy doctoral coursework. A maximum of 12 approved graduate credit hours may be transferred to satisfy program requirements.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam; an oral exam may also be required, at the discretion of the academic unit.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate degree. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled in at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester (including a summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policy and procedures for a Doctor of Philosophy.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT scores
- portfolio
- letters of recommendation
- personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applications are initially reviewed by a School of Accountancy doctoral committee using a portfolio approach. In addition to GMAT scores and prior academic performance, letters of recommendation and a personal statement are reviewed to ensure a good match of students' goals and the school. Recommendations for action are then made to the director of doctoral programs in the W. P. Carey School of Business who, in turn, makes recommendations to Graduate Admission Services.

Career Opportunities:

Graduates are prepared for careers at leading research universities. Career opportunities include:

- professor
- research professor

- researcher in accounting

Business Administration (Agribusiness), PHD (BAAGRIPHD)

Online Degree Search Title: Agribusiness, PhD

Campus: Polytechnic

Program Description:

The discipline of agribusiness applies theory and quantitative methods in economics, finance, marketing and management to issues involved in the production, distribution and marketing of food and fiber. Doctoral students of agribusiness are involved with research in the following:

- agribusiness management
- derivatives, commodity marketing and risk management
- food and fiber supply chain management
- food marketing
- food policy and promotion
- global agricultural trade and policy
- strategic marketing by food retailers

The interdisciplinary PhD in business administration with a concentration in agribusiness produces scholars trained in the latest methods of business and economic analysis who can emerge on the forefront of problem-solving in a vital sector of the global economy. Agribusiness graduates are expected to assume teaching and research positions at top-ranked research universities.

This program is offered by the W. P. Carey School of Business and the Morrison School of Agribusiness.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

At least 30 credit hours (including research credit) of the approved doctoral program and 12 dissertation credit hours must be completed after admission to the student's doctoral program. Students may not apply credit hours earned for a previously awarded doctorate degree from ASU or another institution toward their current ASU doctorate. However, at the individual academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Agribusiness doctoral students are expected to develop a program of study consisting of three elements. Students study core theory and quantitative methods coursework in economics and management from the Morrison School of Agribusiness as well as advanced courses in at least one of these areas in the W. P. Carey School of Business: economics, finance, marketing, supply chain management or management. Students also complete a three-course sequence of doctorate-level theory and methods from the Morrison School of Agribusiness as applied to issues and concepts specific to the agribusiness sector.

The agribusiness doctorate is designed to allow flexibility with focus, so each student's program of study is unique, but is designed to produce the highest level of research competency in the student's chosen area of interest.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved program of study, the academic unit may initiate the student's comprehensive examination process. The comprehensive examination consists, at minimum, of a written exam, and at the discretion of the academic unit an oral exam may also be required.

Candidacy

Doctoral students are notified of achieving candidacy status in a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled in at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester (including summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policies and procedures.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE general exam or GMAT scores
- personal statement
- current curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Complete information on the English proficiency exams and other required documents can be found on the Graduate Admission Services website:

<https://admission.asu.edu/international/graduate-apply> (<https://admission.asu.edu/international/graduate-apply>).

Applicants must submit all the items listed above to complete an application file. Incomplete files will not be reviewed or considered until complete.

An explanation of the applicant's goals should be addressed in the personal statement.

Students should see the program website for application deadlines. Late applications may still be considered for the same application term or for the next term of admission; however, the department reserves the right to deny or not review a late application.

Career Opportunities:

Graduates of the doctoral program in business administration at America's largest public university have learned from thought leaders in their respective fields and benefitted from the university's tremendous resources. These graduates are fully prepared for careers in research and academia.

Careers opportunities include:

- data scientist
- economic consultant
- market analyst
- professor
- research economist

Online Degree Search Title: Business Administration (Business Analytics), MBA

Campus: Tempe

ASU is not currently accepting applications for this program. Students interested in the business analytics concentration should apply directly to the full time W. P. Carey MBA program (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/BAFULLMBA/graduate/false>).

Program Description:

Students who graduate from the W. P. Carey School of Business' MBA program have a foundational understanding of how to use data to drive insights that solve business challenges or help capitalize on an opportunity. The concentration in business analytics is intended to extend the student's quantitative and analytical skills and assist in their discovery of how to derive value from data, so they can lead data-driven analyses and create a business advantage across markets and industries.

The business analytics concentration program seeks to capitalize on the explosion of data being captured and stored by organizations. Students develop skills in decision modeling, enterprise systems, data mining, information security and analytical decision making.

Degree Requirements:

60 credit hours including the required capstone course (MGT 589).

Required Core (1.5 credit hours)

LES 582 Ethical Issues for Managers (1.5)

Concentration (12 credit hours)

CIS 505 Introduction to Enterprise Analytics (3)

CIS 508 Data Mining I (3)

SCM 518 Analytical Decision Modeling I (3)

SCM 519 Analytical Decision Modeling II (3)

Electives or Research (43.5 credit hours)

Culminating Experience (3 credit hours)

MGT 589 Strategic Management (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- two letters of recommendation
- current resume
- short-answer question responses
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Letters of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

A personal interview, arranged by invitation only, must be completed before an offer of admission may be made.

Applicants should see the department's website for more information.

Career Opportunities:

The Master of Business Administration program in business analytics includes the essential academic preparation for students who are interested in

pursuing professional careers leading within organizations in diverse functions such as human resources, finance or marketing.

Career examples include:

- business intelligence analyst
- computer database architect
- data analyst
- IT project manager

Business Administration (Computer and Information Systems), PHD (BAINFSYPHD)

Online Degree Search Title: Computer Information Systems, PhD

Campus: Tempe

Program Description:

The Department of Information Systems offers a computer information systems concentration within the PhD in business administration. The objective of the full-time program is to prepare scholars for careers at leading research-focused educational institutions.

This program allows doctoral students to participate in ongoing research projects in conjunction with faculty members in the department. Research topics include business analytics and big data, health care IT, IT-enabled services and process innovation, information economics and strategy, security and privacy, and social media and e-commerce and mobile platforms.

Business faculty and doctoral students present their research at leading national and international conferences and publish their research in academic journals. In addition to publishing in top information systems journals, doctoral students are often published in leading journals in other disciplines, including accounting, economics, finance, health care management, marketing, managerial decision-making, operations management and strategic management.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

The doctoral program consists of a minimum of 84 credit hours of graduate-level coursework beyond the bachelor's degree. A minimum of 42 credit hours of doctoral coursework and 12 credit hours of dissertation are required to be taken at Arizona State University's Tempe campus. At the department's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Students work with their program committees to determine an appropriate plan of study. Common areas of specialization for doctoral studies include:

- business analytics and big data
- health care information technology
- information economics and strategy
- IT-enabled services and process innovation
- security and privacy
- social media, e-commerce and mobile platforms

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examination. At minimum, the comprehensive examination consists of a minimum of a written exam, and an oral exam may also be required by the academic unit.

Candidacy

Doctoral students are notified of achieving candidacy status by receipt of a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctoral degree. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester, including summer session, in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policies and procedures.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT score
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International applicants whose native language is not English must submit scores from the TOEFL. For more information on requirements, students should review the program's website. They should also review the Graduate College website for specific ASU admission requirements.

A master's degree or MBA is recommended (30 credit hours may count toward the minimum total of 84 hours of coursework in the doctoral program). At least two years of full-time related work experience is recommended.

Doctoral students admitted to the W. P. Carey School of Business must have demonstrated competency in mathematics, strong quantitative ability, competency in the use of computer technology for analytical purposes, and an undergraduate degree in a related field from an accredited university.

Applications are reviewed by the department's faculty committee using a portfolio approach. The committee reviews each individual application and examine all parts equally.

Career Opportunities:

A graduate of the doctorate in business administration with a concentration in information systems from the W. P. Carey School of Business is prepared for a career at leading research universities.

Career opportunity positions include:

- data scientist
- professor
- research professor

Business Administration (Finance), PHD (BAFINANPHD)

Online Degree Search Title: Finance, PhD

Campus: Tempe

Program Description:

The primary objective of the PhD in business administration with a concentration in finance is to train students for careers as professors of finance at major research universities.

The program provides a challenging course of study in the most recent developments in both the theoretical and empirical aspects of financial economics. This course of study, along with work in economics and statistics, serves as preparation for the understanding and critical analysis of current issues in finance.

Students in the program learn from thought leaders in their respective fields and draw on the resources of America's largest public university. Doctoral students work with distinguished faculty who comprise one of the most productive research groups in the world. Recent surveys of research productivity rank the Department of Finance among the best in the world for research output in the top journals. The faculty produce cutting-edge empirical research in the areas of equity markets, corporate finance, organization structure, international finance, financial institutions and asset pricing. The program is relatively small, promoting faculty-student mentoring relationships; doctoral students receive personal attention.

The program seeks highly capable students with strong academic backgrounds and preferably with work experience.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

At least 30 credit hours of the approved doctoral degree program, which may include research credit, and 12 dissertation credit hours must be completed after admission to the student's doctoral program. Students may not apply credit hours earned for a doctoral degree previously awarded at ASU or at another institution toward this doctoral degree. However, at the individual academic unit's discretion, students may apply up to 30 relevant credit hours from a previously awarded master's degree toward their doctoral plan of study.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of the comprehensive examination. At minimum, the examination consists of a written exam, and an oral exam also may be required by the academic unit.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or for one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester in which the student defends the dissertation, even if it is a summer session.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policy and procedures for the Doctor of Philosophy.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- three academic letters of recommendation
- scores from the GMAT or GRE
- a brief statement of their career objectives
- a resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The minimum TOEFL requirement is a score of 550 (PBT) or 80 (iBT). An iBT score of 26 is required on the ASU Speaking Proficiency English Assessment Kit for applicants who wish to apply for teaching associateships.

Admission to the program is granted to applicants who present convincing evidence of high-order analytical skills, intellectual curiosity and the ability to work independently in pursuing scholarly research. Applicants should possess the intellectual curiosity and discipline required for original inquiry.

While many accepted students have an MBA or MS in a business-related field, others have a background in other areas, such as engineering, economics, mathematics or physics.

ASU is not currently accepting applications for this program. Students interested in the information systems management concentration should apply directly to the full time W. P. Carey MBA program (<https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/BAFULLMBA/graduate/false>).

Program Description:

In order to be effective business operators, students who graduate from the W. P. Carey School of Business' MBA program must be prepared with foundational knowledge of how to manage data and enterprise information. The information systems management concentration extends this foundational knowledge that all students receive by helping them build the additional technical skills needed by business professionals who aspire to work specifically in the information technology department of the enterprise.

The program educates students in the strategic use of technology to create shareholder value and provides them with an outstanding foundation of technical and managerial expertise. Students develop skills in enterprise modeling, database systems, electronic commerce, data warehousing and business process analysis.

Graduates of the information systems management concentration program are prepared to help shape organizations in a rapidly changing, globally competitive, technologically sophisticated environment.

Business Administration (Management), PHD (BAMGMTPHD)

Online Degree Search Title: Management, PhD

Campus: Tempe

Program Description:

Students in the PhD program in business administration with a concentration in management gain current and relevant knowledge of practice and theory from an esteemed faculty of world-class researchers and teachers in the Department of Management and Entrepreneurship, including multiple Academy of Management Fellows.

The doctoral program places primary emphasis on the development of research competence and also emphasizes teaching as a vehicle to academic professionalism. It is not intended for those seeking careers in industry or consulting.

The program develops scholars who are prepared to assume the diverse responsibilities of faculty positions at leading research universities. Although management is a broad field, this doctoral program is best suited for students interested in specializing in organizational behavior, strategic management or organization theory.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

At least 30 credit hours of the approved doctoral program, which may include research credit, and 12 dissertation credit hours must be completed after admission to the doctoral program. Students may not apply credit hours earned for a doctoral degree previously awarded at ASU or another institution toward their current ASU doctorate program. However, at the individual academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Doctoral students are required to commit full time to the program, at least until they have successfully defended the dissertation proposal. Full-time enrollment entails a minimum of six credit hours of coursework in any regular academic semester. To reach a total of 84 credit hours for the program, most students enroll for nine to 12 credit hours per semester. In addition, students work closely with faculty members through a research assistantship. The program is relatively small, with an emphasis on high quality, offering a great deal of individual attention and mentoring to students.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam also may be required.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation proposal.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit during the semester (including summer sessions) in which the student defends the dissertation.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT scores
- prior academic performance records
- three letters of recommendation
- a personal statement
- employment summary

- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between students' goals and research interests and those of the department. Graduate Admission Services admits or denies each applicant and notifies them in writing.

Career Opportunities:

Graduates are prepared for careers at leading research universities. Possible career opportunities include:

Business Administration (Marketing), PHD (BAMARKPHD)

Online Degree Search Title: Marketing, PhD

Campus: Tempe

Program Description:

Each doctoral student in the PhD program in business administration with a concentration in marketing receives a comprehensive, broad-based education in marketing concepts and research techniques.

All students complete a core curriculum yet tailor their work to achieve personal goals. Further, students at ASU have the ability to specialize in one of three research domains:

- consumer behavior
- quantitative marketing models
- service strategy

Students do not need to declare a specialization during the application process, but if known, applicants can indicate their intended specialized direction of study. It is expected that by the end of their first year, students will commit to one of these three domains.

This is a full-time program only and is not intended for people who want to work in industry positions. The program is typically completed in five years.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

At least 30 credit hours of the approved doctoral program, which may include research credit, and 12 dissertation credit hours must be completed after admission to the doctoral program. A student may not apply credit hours earned for a doctoral degree previously awarded at ASU or another institution toward their current ASU doctorate program. However, at the academic unit's discretion, a student may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam also may be required.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the

comprehensive examinations and successfully defending the dissertation proposal.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as MKT 795 Continuing Registration, during the semester in which the student defends the dissertation, including summer session.

Students should refer to the Graduate College policies and procedures for detailed information regarding the university's doctoral degree requirements.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years. Any exception must be approved by the supervisory committee and the dean of the Graduate College.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE scores
- prior academic performance records
- letters of recommendation
- a personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between the student's goals and research interests and those of the department. Recommendations for action are then made to Graduate Admission Services, which admits or denies each applicant and notifies them in writing.

Business Administration (Supply Chain Management), PHD (BASCMPHD)

Online Degree Search Title: Supply Chain Management, PhD

Campus: Tempe

Program Description:

Supply chain management incorporates the core areas of logistics management, operations management and supply management. The PhD in business administration with a concentration in supply chain management is a full-time residential program for students whose career goals are full-time university research and teaching. The curriculum guides students in conducting high-quality research and teaching at the university level.

Students are trained to develop the capability to recognize problems related to supply chain management and frame these problems into research questions which are then addressed in a scholarly way, and they are required to review, analyze, conduct and publish research. They are prepared to do this through a series of doctoral seminars and research methods courses and by participating in active research projects. Students also develop their teaching skills through assignments as teaching assistants or instructors. Teaching assignments typically take place during the last two years of the program.

This program is designed to be completed in four years.

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program requires the completion of coursework, the completion of academic papers for submission to journals, a comprehensive exam and a dissertation. The program is generally viewed as a four-year process. Most students serve in research assistantships for all four years. During the program, students are expected to actively participate in required courses as well as in seminars and presentations from colleagues, department faculty and visiting scholars. Students also have the opportunity to teach courses during their doctoral program. Teaching assistantships typically are made available during the last two years of the program. This allows doctoral degree students to get research projects and manuscripts into the multiyear pipeline typical of accepted research articles. Through areas of excellence, centers and the faculty, the supply chain management program has special opportunities for industry-based research projects.

Coursework

The program consists of a minimum of 84 credit hours of approved graduate coursework beyond the bachelor's degree. The department requires doctoral students to take 48 credit hours of graduate coursework in residence at ASU during their first two years. The specific classes must be approved by faculty members in the students' areas of excellence. Students are also required to take 12 hours of research and 12 hours of dissertation credit. A maximum of 12 credit hours can be transferred from previous graduate coursework. Moreover, students' plans of study must be approved in advance by their program chair.

Academic Papers

Students are expected to work on academic papers for submission to journals during their doctoral program. Summer months are intended for manuscript writing for those students who have yet to successfully defend their dissertation proposals. At the end of each summer, all doctoral students are required to have at least one new manuscript ready for submission to a journal for publication. Faculty in the areas of excellence supervise manuscript planning and writing. The bulk of the writing is done during the summer by the students. Faculty in the students' areas of excellence evaluate the papers and provide detailed feedback and instructions for rewriting of papers.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam also may be required.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester (including a summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College's policies and procedures.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE scores
- prior academic performance records
- letters of recommendation
- a personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between students' goals and research interests and those of the department. Recommendations for action are then made to Graduate Admission Services, which admits each applicant or denies their admission and notifies them in writing.

Business Analytics, MS (BABUSANMS)

Online Degree Search Title: Business Analytics, MS

Campus: Tempe, ASU@Los Angeles, Online

Program Description:

Delivered by the highly ranked W. P. Carey departments of Information Systems and Supply Chain Management, the STEM-designated MS program in business analytics builds on the quantitative skills and knowledge needed to advance on the analytics career ladder.

Data is becoming vital to today's world, making business analytics specialists one of the most valuable careers. Students learn to extract value from data, lead data-driven projects and create an overall impact within business organizations.

Two pathways are available for the master's degree program. The first pathway is the nine-month full-time program, and it is designed for individuals who want to immerse themselves in full-time graduate studies. The second is the online delivery option in which students deepen their skills in business analytics and learn more about evolving topics in this field. This option is designed for busy working professionals seeking to continue working full-time while attending school.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Los Angeles location: Currently, programs of study are offered in a hybrid learning model. Select courses are offered through in-person instruction in the Herald Examiner Building. The majority of courses are offered virtually from Arizona through a combination of synchronous and asynchronous

learning technologies. Students should consult their advisor and schedule of classes for additional information.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: W. P. Carey MBA - Full-Time Program

Degree Requirements:

30 credit hours including the required applied project courses (SCM 593 and CIS 593).

Required Core (6 credit hours)

CIS 508 Data Mining I (3)

SCM 517 Data-Driven Quality Management (3)

Restricted Electives (18 credit hours)

CIS 505 Introduction to Enterprise Analytics (3)

CIS 509 Data Mining II (3)

Additional Curricular Information

Students choose courses totaling at least 18 credit hours from the restricted electives list. If approved by the academic unit, other courses may be used.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- short-answer question responses
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department website.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-business-analytics/>)

Career Opportunities:

Graduates have the essential academic preparation required for roles that derive value from data and modeling, lead data-driven analyses and that create critical business advantages.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for Business Intelligence Analysts is projected to grow between 7% and 10% between 2018 and 2028, faster than average.

Career examples include:

- business intelligence analyst
- computer database architect
- data analyst
- IT project manager

Economics, PHD (BAECONPHD)

Online Degree Search Title: Economics, PhD

Campus: Tempe

Program Description:

The PhD program in economics provides rigorous training in microeconomic theory, macroeconomic theory, applied economics and econometrics. Additionally, students may select a primary area of specialization for study:

- applied microeconomics
- econometrics
- economic theory
- environmental and resource economics
- financial economics
- macroeconomics

This full-time doctoral program prepares students for teaching and research positions at four-year institutions of higher education and for research positions in public agencies or private business organizations.

The program is relatively small in size, with about 45 doctoral students in residence at any time. This low student-to-faculty ratio affords greater faculty attention and mentoring than larger programs. Students become valued members of the department, involved in teaching, research and seminar activities.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

In addition to completing 60 credit hours beyond the bachelor's degree (30 credit hours beyond the master's degree) and 24 credit hours of research and dissertation, the doctoral student must accomplish five tasks:

- meet the qualifying examination requirement
- present at least one area of emphasis
- pass the comprehensive examination (both written and oral components)
- pass the dissertation proposal defense
- complete a dissertation with an oral defense

Students should see the Department of Economics graduate student handbook for details concerning these tasks.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The Department of Economics requires applicants to send official scores from the GRE directly to Graduate Admission Services. Applications are not reviewed until the GRE scores are received.

The admission policy weighs several factors, including letters of reference, overall GPA, GRE scores and performance in selected mathematics and economics courses. There are no absolute standards for any of the factors, but performance on each clearly should suggest academic potential that is far above those of the normal undergraduate student.

Admission guidelines are available on the Graduate Admission Services website. Applicants should see the program website for application deadlines and admission terms.

Career Opportunities:

W. P. Carey economic doctorate graduates embark on careers in research and academia, learning from thought leaders in their respective fields and gaining the resources of America's largest public university.

Career opportunities include:

- assistant professor
- economist
- research associate

Finance, MS (BAFINMS)

Online Degree Search Title: Finance, MS

Campus: Tempe

Program Description:

In only nine months, students in the MS program in finance develop deep expertise in corporate finance and asset or portfolio management and are equipped with the tools needed to manage complex financial institutions. The program is one of the few advanced finance degrees offered by a top-ranked business school, providing a foundation in business and finance. Students have access to world-renowned faculty, motivated classmates and personalized career resources.

Faculty members bring cutting-edge research and decades of real-world experience into the classroom. Classes are offered full-time, during the week, utilizing a lock-step course format allowing students to build on concepts throughout the program. Upon completion of the program, students can graduate with a Chartered Financial Analyst® designation.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: W. P. Carey MBA - Full-Time Program

Degree Requirements:

32 credit hours including the required capstone course (FIN 575).

Required Core (26-27 credit hours)

ACC 502 Financial Accounting (2.5 or 3)

FIN 502 Managerial Finance (2.5 or 3)

FIN 509 Quantitative Methods in Finance I (3)

FIN 525 Investment Strategies (2.5)

FIN 530 Derivatives (2.5)

FIN 535 Quantitative Methods in Finance II (3)

FIN 545 Advanced Corporate Finance (2.5)

FIN 550 Fixed Income (2.5)

FIN 560 International Finance (2.5)

FIN 565 Risk Management in Banks and Financial Institutions (2.5)

Other Requirement (2.5 credit hours)

FIN 555 Entrepreneurial Finance (2.5) or FIN 591 Topic: AI and Machine Learning Applications in Finance (2.5)

Electives (0-1 credit hours)

Culminating Experience (2.5 credit hours)

FIN 575 Finance Capstone (2.5)

Additional Curriculum Information

To account for the difference in the numbers of credit hours offered in the core courses, one credit hour of electives may be required.

For other requirements, substitutions may be allowed with approval of the academic unit.

The schedule follows the seven-week quarterly schedule of the MBA program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or masters degree from a regionally accredited institution in business and management, economics, statistics, computer science or other types of science, engineering, technology and mathematics degree areas.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- short answer question responses
- current resume
- proof of English language proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

There are two main audiences for the master's degree program: first, recent undergraduates from business, economics or related majors or from programs where quantitative skills have been emphasized; and second, career advancers who have strong quantitative skills and seek to adapt

those skills to be more competitive in the job market. Career advancers must be able to commit to a full-time plan of study; the program may not cater to working professionals as it is currently designed.

This program is appropriate for students who have completed undergraduate programs with quantitative underpinnings, at either ASU or other universities.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

Career Opportunities:

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for financial analysts is projected to grow 4 to 6 percent between 2018 and 2028.

The Master of Science program in finance includes the essential academic preparation for students who are interested in pursuing professional careers in corporate finance, risk management, money management, financial planning, investment banking, consulting or real estate.

Career examples include:

- budget analyst
- financial analyst
- financial manager
- investment specialist

Global Financial Management, DBA (BAGFMDBA)

Online Degree Search Title: Global Financial Management, DBA

Campus: Tempe

Program Description:

China is globalizing at an astonishing rate. This pace of change is profoundly affecting not only China's domestic situation, but also the global economy.

The DBA in global financial management is an applied professional doctorate designed for senior corporate leaders and government officials in China seeking a terminal degree alternative to the traditional PhD intended for those pursuing an academic career. The leaders emerging from this program are prepared to transform China's economic structure, its financial markets and shape the future of China's leadership roles in the global economy of the 21st-century.

All such initiatives depend on the development of human capital, for it is the catalyst for all. Hence, the Doctor of Business Administration program is designed to sustain and amplify leaders who aspire to affect transformative changes in this exciting and dynamic global environment.

This program is offered by the W. P. Carey School of Business and Shanghai Advanced Institute of Finance.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (12 credit hours)

DBA 702 Global Financial Systems: Markets and Institutions (3)

DBA 703 Global Financial Systems-Institutional Investing (3)

DBA 705 Global Corporate Strategy (3)

DBA 708 Challenges of Corporate Finance and Governance (3)

Electives (21 credit hours)

Research (9 credit hours)

Culminating Experience (12 credit hours)

DBA 799 Dissertation (12)

Additional Curriculum Information

Thirty credit hours from a previously awarded master's degree may be applied to this degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned from a regionally accredited college or university of recognized standing a degree of Master of Business Administration, Master of Economics, Master of Finance, Master of Accountancy or a related field of specialization in business.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Additional Application Information

Proficiency in English is not required.

Official bachelor's and master's degree transcripts should be submitted listing all coursework in both the native language and official English translation.

This degree is offered in China only. All applicants are required to contact the program coordinator before submitting the online graduate admission application.

Career Opportunities:

The Doctor of Business Administration program in global financial management includes the essential academic preparation for students who are interested in pursuing professional careers leading within organizations in diverse functions such as human resources, finance or marketing.

Career examples include:

- CEO
- finance manager
- marketing manager
- supply chain manager

Global Logistics, MS (BAGLSMS)

Online Degree Search Title: Global Logistics, MS

Campus: West

Program Description:

Classes for the nine-month MS in global logistics are offered in a full-time, weekday format. The full-time curriculum, with courses offered during the day, provides specialized knowledge and practical perspectives on global operations, logistics and multicultural approaches, thus preparing graduates for a growing career field. Students in this program have access to world-renowned faculty, motivated classmates and personalized career resources. Students build a foundation for a growing global field through curriculum developed by one of the leading supply chain management departments in the country.

A recent \$15 million investment by the W. P. Carey Foundation in career services provides students with an opportunity to meet with a wide range of employers along with excellent career coaches and the tools to help students thrive in their careers.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Degree Requirements:

30 credit hours including the required applied project course (SCM 593).

Required Core (27 credit hours)

- MGT 502 Organizational Behavior (3)
- SCM 502 Operations and Supply Chain Management (3)
- SCM 515 Decision Models for Supply Chain Management (3)
- SCM 516 Descriptive and Predictive Supply Chain Analytics (3)
- SCM 520 Strategic Procurement (3)
- SCM 532 Supply Chain Cost and Design Issues (3)
- SCM 541 Logistics in the Supply Chain (3)
- SCM 542 Logistics, Globalization, and Economic Development (3)
- SCM 545 Cases in Global Logistics (3)

Culminating Experience (3 credit hours)

- SCM 593 Applied Project (3)

Additional Curriculum Information

The schedule follows a combination of ASU scheduling options. Three courses follow schedule C and have a semester-long duration. The other seven courses follow the 7.5-week quarterly schedule of the MBA program. Those courses require some online and extra class time to meet the 40 contact hours standard of The Association to Advance Collegiate Schools of Business.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in business and management, computer information systems, economics or other types of global studies or similar degree areas.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- essays
- GMAT or GRE test scores
- one letter of recommendation
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

There are two main audiences for the master's degree program: recent undergraduates from logistics-related majors and career advancers with a background in supply chain management and operations whose skills can be expanded to include a broader global context and exposure to emerging markets. Students must be able to commit to a full-time plan of study; the program may not cater to working professionals as it is currently designed.

This program is appropriate for applicants who have strong quantitative skills and seek to adapt those skills to be more competitive in the job market.

All applicants must submit either the GMAT or GRE. For more information on GMAT, students should visit <https://www.mba.com/> (<https://www.mba.com/>). For GRE, they should see <https://www.ets.org/gre> (<https://www.ets.org/gre>). Applicants should expect to score above 600 on the GMAT to be competitive.

There is no requirement for a foreign language exam for this program.

Career Opportunities:

The MS program in global logistics includes the essential academic preparation for students who are interested in pursuing professional careers with an international perspective in logistics, supply chain and global operations.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for logistics managers is projected to grow 4 to 6 percent between 2018 and 2028.

Career examples include:

- logistics analyst
- logistics manager
- supply chain analyst
- transportation manager

Information Systems Management, MS (BAINFOMS)

Online Degree Search Title: Information Systems Management, MS

Campus: Tempe

Program Description:

The STEM-designated MS program in information systems management is consistently ranked top 15 in the nation by U.S. News & World Report.

Building off a rigorous core curriculum, students use the degree specializations to deepen their problem-solving and, ultimately, leadership skills.

Students can choose a focus in data analytics, cloud or tech consulting to add greater value to their degree and to align it with their career goals.

Through the latest techniques and methodologies, hands-on experience and relevant case studies, students discover how digital innovations, data analytics and information systems are transforming business.

With the STEM-designation, the master's degree program in information systems management allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional real-world skills and experience in the U.S.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

Legal Studies, MLS

W. P. Carey MBA - Full-Time Program

Degree Requirements:

30 credit hours including the required capstone course (CIS 575).

Required Core (3 credit hours)

CIS 565 Artificial Intelligence and Business (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

CIS 575 Emerging Technologies (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- short-answer question responses
- two letters of recommendation
- GMAT or GRE test scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants are expected to have two years of full-time related work experience and prerequisite college-level courses or equivalent experience in statistics, brief calculus and a programming language.

Complete application instructions may be obtained from the department's website.

Career Opportunities:

The Master of Science program in information systems management includes the essential academic preparation for students who are interested in pursuing professional careers in diverse industries, utilizing skills in big data, cloud and tech consulting.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states employment for IT project managers is projected to grow 7 to 10 percent between 2018 and 2028.

Management, MS (BACMRMS)

Online Degree Search Title: Management, MS

Campus: Tempe

Program Description:

Arizona State University's MS in management, offered by the W. P. Carey School of Business, is an innovative business degree program providing new liberal arts, science, engineering and other nonbusiness graduates with the intellectual and professional skills needed to succeed in today's business environment. This one-year program is designed to develop critical thinking skills, as applied to fundamental business procedures and processes, and leadership skills.

Designed for graduates of nonbusiness programs with fewer than two years of work experience, students achieve the capability and motivation to rapidly progress in any profession where business plays an important role. The management program differs substantially from a traditional MBA program in that no work experience is required for admission and the coursework is completed in one year, giving a broad overview of the essentials of managerial decision-making.

Three distinct components of the Master of Science program in management prepare students to immediately add value and lead in all types of business environments: core business courses that deliver necessary business skills through integrative cases, project-based learning and teamwork; leadership courses that develop understanding of strategic vision, instituting change, information systems, and the role and importance of sustainability; and a culminating experience that bridges the gap between academic learning and real-world business application.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: Legal Studies, MLS

Degree Requirements:

36 credit hours including the required applied project course (MGT 593).

Required Core (28.5 credit hours)

- ACC 501 Fundamentals of Financial Accounting (1.5)
- ACC 504 Fundamentals of Managerial Accounting (1.5)
- ECN 504 Fundamentals of Managerial Economics (3)
- FIN 501 Basics of Finance: The Art of Managing Resources to Create Value (3)
- LES 586 Fundamentals of Ethical Issues for Managers (1.5)
- MGT 501 Fundamentals of Organizational Behavior (3)
- MGT 528 Basics of Mastering the Art of Influence and Negotiations (3)
- MGT 586 Fundamentals of Strategic Management (1.5)
- MKT 501 Fundamentals of Marketing Management (3)
- SCM 501 Basics of Operations and Supply Management (3)
- SCM 587 Project Management (1.5)
- WPC 504 Fundamentals of Statistics for Managers (3)

Other Requirements (3 credit hours)

- MGT 591 Topic: Business Communication (1.5)
- WPC 594 Topic: Job Search Strategies (1.5)

Culminating Experience (4.5 credit hours)

- MGT 593 Applied Project Consulting Project Capstone (3) AND
- MGT 593 Applied Project Consulting Project Lab (1.5)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.50 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- GRE or GMAT test scores
- one letter of recommendation
- current resume
- short-answer question responses
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

Career Opportunities:

The Master of Science in management includes the essential academic preparation for students who are interested in pursuing professional careers in diverse roles and industries, focusing on practical, universal business knowledge.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states that management analysts will have a much faster than average growth between 2018 and 2028 at 11% or higher.

Management, MS (BAMCCMS)

Online Degree Search Title: Management in China/Corporate, MS

Campus: Tempe

Program Description:

The W. P. Carey School of Business at Arizona State University is directly involved in the development of top leadership in China. The MS custom corporate program in China is designed for participants of a single company in China. Upon successful completion of the program curriculum, a participant is granted an ASU Master of Science degree in management through the W. P. Carey School of Business.

The curriculum is designed to leverage participants' existing strengths in a chosen management concentration and it provides intensive knowledge on managerial decision-making and strategic formulation. Accordingly, the curriculum is designed with a strong transdisciplinary focus while achieving cycle time efficiency. At the core of the curriculum delivery is emphasis on practical applications with direct business connectivity. A noteworthy feature of the curriculum is its integration of global practices and local market characterizations to enable participants' ability to excel in the modern economy.

The hallmarks of prestigious programs include two key elements: the faculty and the students. No other master of science program in China offers a more impressive list of faculty or students than the W. P. Carey China program. The faculty includes renowned faculty from the W. P. Carey School of Business as well as from other prestigious American business schools.

Degree Requirements:

36 credit hours including the required capstone course (MGT 588).

The curriculum consists of 12 courses, concentrating on management. It is a world-class master's degree program with immersion in financial accounting, managerial finance, statistics and economics, marketing management, organizational theory and behavior, human resources management, supply chain management and information technology management.

All students must successfully complete the comprehensive requirement for Master of Science graduates established by the W. P. Carey School of Business and the Graduate College. As a lock-step program, there are no opportunities for participants to make up missed courses or to substitute courses. Therefore, students must complete all 12 courses before graduation with a grade of "B" or higher (3.00 on a 4.00 scale) for each course to satisfy the comprehensive requirement. A thesis is not required.

Admission Requirements:

The Master of Science custom corporate program in China requires that students be nominated into the program by the company, and it is only delivered in China. Applicants are required to contact the program coordinator before submitting the online graduate admission application.

Career Opportunities:

The Master of Science in management program includes the essential academic preparation for students who are interested in pursuing professional careers leading within organizations in diverse functions such as human resources, finance or marketing.

Career examples include:

- CEO
- finance manager
- marketing manager
- supply chain manager

Real Estate (Certificate), Certificate (BAREAGRCT)

Online Degree Search Title: Real Estate (Graduate Certificate)

Campus: Tempe

Program Description:

The real estate graduate certificate program encompasses foundational courses in real estate education including valuation, investment, finance, law and development. The curriculum includes a culminating experience that partners classroom knowledge with experiential learning to further develop the requisite skills students need to succeed as real estate professionals in the built environment.

The program is intended to supplement students' major area of study and provide the understanding necessary for critical thinking and application within the field of real estate. The certificate does not apply to any outside licensing programs.

Degree Requirements:

16 credit hours including the required capstone course (RED 514).

Required Core (2 credit hours)

RED 510 Real Estate Development Business and Project Management (2)

Electives (11 credit hours)

Culminating Experience (3 credit hours)

RED 514 Synthesis Project #2 Income Property Development (3)

Additional Curriculum Information

Students should see the academic unit for approved elective coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in law, architecture, landscape architecture,
Academic Catalog Archive 2022-2023

urban design, construction, civil engineering, marketing, geography, planning, finance, real estate or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Career Opportunities:

The skills and knowledge students gain in the real estate certificate are applicable to a variety of career opportunities throughout real estate such as law, architecture, urban design, marketing, planning and more.

Real Estate Development, MREDev (ARREMREDEV)

Online Degree Search Title: Real Estate Development, MRED

Campus: Tempe

Program Description:

Students participating in the W. P. Carey MRED program participate in group projects focused on real estate development in a collaborative class environment. Students learn to address the physical, legal, economic, political and financial conditions of property in order to find solutions and complete projects.

This transdisciplinary program is a partnership with the Sandra Day O'Connor College of Law, the Herberger Institute for Design and Arts and the Del E. Webb School of Construction.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: Legal Studies, MLS

Degree Requirements:

36 credit hours including the required capstone course (RED 515).

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The program is offered in an intense format covering two academic semesters. Students take required core course modules in a variety of formats, including:

- comprehensive module exams to assess aggregate knowledge
- face-to-face classroom instruction
- group work
- independent research
- synthesis projects
- topical quizzes
- weekly assignments

The business school does not accept graduate credits earned while students are in nondegree status or from courses taken prior to admission to the program or taken while enrolled in another program outside the W. P. Carey School of Business.

There is no foreign language requirement.

There is no thesis requirement.

All students must successfully complete the final synthesis project requirement established by the W. P. Carey School of Business and the Graduate College for the Master of Real Estate Development. The comprehensive culminating experience is integrated with RED 515 Capstone Project: Mixed Use Property Development. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the culminating experience requirement.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all coursework completed at institutions other than ASU
- one letter of recommendation
- current resume
- short answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

Career Opportunities:

The Master in Real Estate Development program includes the essential academic preparation for students who are interested in pursuing professional careers in corporate finance, risk management, money management, financial planning, investment banking, consulting or real estate.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment in Real Estate is projected to grow 7 to 10 percent between 2018 and 2028, faster than average.

Career examples include:

- financial analyst
- real estate broker
- real estate manager
- regional planner

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Supply Chain Management, MS (BASCMMMS)

Online Degree Search Title: Supply Chain Management, MS

Campus: Online

Program Description:

The MS program in supply chain management prepares students for advancement in supply chain management careers across a broad diversity of industries and functions or to pursue careers in management, consulting, business development and supply chain management information technology. Students discover the technical elements of supply chain and learn how to manage the flow of products and the processes that generate them.

The program provides an understanding of the role the supply chain manager can play in an enterprise supply chain and in the overall strategy. The program exposes students to leading supply chain management operating practices, analysis methods, technology applications and strategy development.

Degree Requirements:

30 credit hours including the required capstone course (SCM 551).

Required Core (3 credit hours)

SCM 520 Strategic Procurement (3)

Electives or Research (24 credit hours)

Culminating Experience (3 credit hours)

SCM 551 Operations Planning and Execution (3)

Additional Curriculum Information

Students choose elective and research coursework from a restricted list. Students should see the academic unit for the approved course list. Other coursework may be used with approval of the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W.P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in business, engineering or sciences (such as math or statistics) or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

To be eligible for this program, applicants must have successfully completed the MITx MicroMasters® program in Supply Chain Management with an 80% or better: <https://www.edx.org/micromasters/mitx-supply-chain-management> (<https://www.edx.org/micromasters/mitx-supply-chain-management>)

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- letter of recommendation
- letter of intent or written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Complete application instructions may be obtained from the department's website.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/supply-chain-management-ms/>)

Career Opportunities:

The Master of Science in supply chain management includes the essential academic preparation for students who are interested in pursuing professional careers in purchasing and procurement, operations or logistics.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for supply chain managers is projected to grow 4 to 6 percent between 2018 and 2028.

Career examples include:

- logistics manager
- purchasing analyst
- supply chain analyst
- supply chain manager

Supply Chain Management (certificate), Certificate (BASCMCERT)

Online Degree Search Title: Supply Chain Management (Graduate Certificate)

Campus: Online

ASU is not currently accepting applications for this program.

Program Description:

The certificate program in supply chain management is composed of courses with content that is tightly integrated and offers a comprehensive coverage of core topics in supply chain management.

The intended audiences for this certificate include working professionals who are graduates of general management undergraduate or graduate business programs who wish to supplement their degrees with focused, graduate-level courses in supply chain management. Students are either relatively new to supply chain management and desire a foundational knowledge of supply chain management complexities as well as a strong understanding of how companies leverage their supply chains to achieve competitive advantage, or they are experienced supply chain management professionals who wish to update their knowledge of current thinking and best practices through interaction with faculty engaged in broad-based research and consulting.

Degree Requirements:

15 credit hours including the required capstone course (SCM 532).

Required Core (12 credit hours)

SCM 502 Operations and Supply Chain Management (3)

SCM 520 Strategic Procurement (3)

SCM 521 Supply Management and Negotiation (3)

SCM 541 Logistics in the Supply Chain (3)

Culminating Experience (3 credit hours)

SCM 532 Supply Chain Cost and Design Issues (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- evidence of a minimum of two years of full-time work experience
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Career Opportunities:

The certificate program in supply chain management includes the essential academic preparation for students who are interested in pursuing professional careers in purchasing and procurement, operations or logistics.

Supply Chain Management and Engineering, MS (BASCMEMS)

Online Degree Search Title: Supply Chain Management and Engineering, MS

Campus: Online

ASU is not currently accepting applications for this program.

Program Description:

The MS in supply chain management and engineering is a two-year, 30 credit hour program for working professionals in supply chain management, industrial engineering or a related field.

The program consists of 15 credit hours of courses from the Department of Supply Chain Management in the W. P. Carey School of Business and 15 credit hours from the industrial engineering program in the School of Computing and Augmented Intelligence in the Ira A. Fulton Schools of Engineering.

Most students have an undergraduate degree in a technical field, such as business, engineering or science. The objective is twofold: to provide students with knowledge of the fundamental foundations across the full spectrum of supply chain management functions and to provide them with the ability to use state-of-the-art engineering tools to analyze, control and optimize modern supply chains.

Degree Requirements:

30 credit hours including the required applied project course (SCM 593).

Required Core (27 credit hours)

Culminating Experience (3 credit hours)

SCM 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- GMAT or GRE test scores
- personal statement
- one letter of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The W. P. Carey School of Business and the Ira A. Fulton Schools of Engineering seek exceptional individuals who are working supply chain professionals or are in closely related fields. Applicants must be highly motivated and have strong intellectual capabilities. The admission committee looks for outstanding academic credentials, character qualities such as maturity, integrity and leadership, and diversity in perspectives and experiences.

Career Opportunities:

The Master of Science program in supply chain management and engineering includes the essential academic preparation for students who are interested in pursuing professional careers in purchasing professional and procurement, operations or logistics.

The U.S. Bureau of Labor Statistics Occupational Outlook (2019) states, employment for supply chain managers is projected to grow 4 to 6 percent between 2018 and 2028.

Career examples include:

- logistics manager
- purchasing analyst
- supply chain analyst
- supply chain manager

Taxation and Data Analytics, MTax (BATAMTAX)

Online Degree Search Title: Taxation and Data Analytics, MTax

Campus: Tempe

This program's name has changed effective Fall 2022. The previous name was Taxation.

Program Description:

The nine-month MTax program is delivered by the W. P. Carey School of Accountancy and is highly ranked by the Public Accounting Report. The cutting-edge curriculum is structured to provide students with an in-depth working knowledge of the highly technical and demanding skills required to provide tax and business advice in the private and public sectors. Esteemed faculty experts bring real-world experience into each class, giving the degree even more long-term value. Students gain preparation for their career through case-based courses and team assignments.

Students dive into taxation in greater depth. Five of the 10 courses are technical, with small classes and personalized instruction.

The Master of Taxation program is designed for individuals who want to immerse themselves in full-time graduate studies, take classes during the

day and fulfill course requirements for the CPA exam in Arizona and in California. Because of the quality of the Master of Taxation program, students gain the skills and knowledge needed to launch their careers, while opening the door to top hiring firms.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: W. P. Carey MBA - Full-Time Program

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Accountancy, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours including the required capstone course (ACC 589).

Required Core (3 credit hours)

ACC 571 Taxation of Corporations and Shareholders (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

ACC 589 International Taxation (3)

Additional Curriculum Information

The Master of Taxation program is a nine-month, full-time, lock-step program that offers classes during the day and is completed in one academic year. Applicants must complete program prerequisites prior to admission to the program. Students should refer to the W. P. Carey School of Business graduate programs website for a current listing of required course prerequisites. Graduate-level accounting courses are only open to students admitted to the graduate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- answers to short-answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

In addition to the ASU graduate admission application, applicants also must submit all supplemental application materials required by the W. P. Carey Graduate Programs Office. Complete application instructions may be obtained from the department's website.

Career Opportunities:

The Master of Taxation program includes the essential academic preparation for students who are interested in pursuing professional careers in public, corporate and governmental in tax and auditing.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states that employment for financial analysts is projected to grow between 4 and 6 percent between 2018 and 2028.

Career examples include:

- budget analyst
- revenue agent
- tax auditor
- tax preparer

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

W. P. Carey MBA, MBA (BAEVEAMBA)

Online Degree Search Title: W. P. Carey MBA - Fast-Track Program

Campus: Tempe

Program Description:

The purpose of the W. P. Carey School of Business MBA program is to provide a solid foundation and knowledge base in the core business disciplines and to develop the analytic capabilities, decision-making and leadership skill sets essential for making sound business decisions.

The curriculum is delivered in a case-based, team-oriented and discussion-style learning environment. Elective courses provide additional depth and breadth to enhance the student's area of emphasis, knowledge base and career goals.

The fast-track Master of Business Administration is perfect for working professionals who need an MBA to advance in their careers. Classes are held two nights a week --- with online courses also available --- allowing students to graduate with an MBA in 12 to 18 months, depending on the student's incoming discipline.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Degree Requirements:

30 credit hours including the required capstone course (MGT 589).

Required Core (3 credit hours)

LES 582 Ethical Issues for Managers (3)

Electives and research (24 credit hours)

Culminating Experience (3 credit hours)

MGT 589 Strategic Management (3)

Additional Curriculum Information

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The business school does not accept graduate credits earned while students are in nondegree status or courses taken prior to admission to the Master of Business Administration program or taken while enrolled in another Master of Business Administration program outside the W. P. Carey School of Business. Registration in School of Business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The core course is designed to provide a foundation in business knowledge and skills. Elective courses build upon the business core and center on the further development of an optional area of emphasis. There may be additional requirements that vary by area of emphasis.

All students must successfully complete the comprehensive exam requirement established by the school of business and the Graduate College for the Master of Business Administration. The comprehensive exam is integrated with the MGT 589 Strategic Management capstone course culminating experience. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- current resume
- essays
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

In addition to having two years of work experience, successful applicants for the fast-track MBA have earned a master's degree in a specific business discipline. If the previously earned master's degree is not from an AACSB-accredited school, GRE or GMAT test scores may be requested from applicant.

Applicants should see the department's website for more information.

Career Opportunities:

The Master of Business Administration program includes the essential academic preparation for students who are interested in pursuing professional careers leading within organizations in diverse functions such as human resources, finance or marketing.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for business managers is projected to grow between 4 and 11 percent between 2018 and 2028.

W. P. Carey MBA, MBA (BAEVENMBA)

Online Degree Search Title: W. P. Carey MBA - Evening Program

Campus: Tempe

Program Description:

The W. P. Carey School of Business MBA program provides a solid foundation in the core business disciplines; students develop analytic capabilities, decision-making and leadership skill sets essential to making sound business decisions. Through a comprehensive business curriculum taught by world-renowned faculty, the W. P. Carey evening Master of Business Administration program enhances students' current strengths and helps them immediately impact their organizations.

Students can personalize their Master of Business Administration through evening and online classes while earning their degree in two to four years. The curriculum is delivered in a case-based, team-oriented and discussion-style learning environment. Elective courses provide additional depth and breadth to enhance an area of emphasis, students' knowledge base and career goals.

The evening Master of Business Administration program is designed for working professionals seeking to continue working full time while attending school. The program starts in August and can be completed in 21 months, depending on course formats.

A W. P. Carey Master of Business Administration stands apart from many part-time MBA programs that offer a core business curriculum with very little specialization. With more than 20 electives and options to add concurrent degrees, students can fit their Master of Business Administration with their passions, and pursue a degree at the same time. The MBA program is supported by each of the eight academic units within the W. P. Carey School of Business.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: Legal Studies, MLS

Degree Requirements:

48 credit hours including the required capstone course (MGT 589).

Required Core (3 credit hours)

LES 582 Ethical Issues for Managers (3)

Electives (42 credit hours)

Culminating Experience (3 credit hours)

MGT 589 Strategic Management (3)

Additional Curriculum Information

The executive MBA program is designed for senior leaders with increasing responsibility managing people, projects and budgets.

The W. P. Carey School of Business Master of Business Administration program provides a solid foundation and knowledge base in the core business disciplines and develops the analytic capabilities and decision-making and leadership skill sets required to effectively integrate decisions into the business environment. Students learn how to refine their management skills and contribute more substantially to their organization and society.

Classes meet one weekend per month on campus, convenient for travel from within Arizona and surrounding states. A summer experience in Washington, D.C. and an international practicum help students see the world of business in a new way. The executive Master of Business Administration is completed in 21 months and is supported by each of the eight academic units within the W. P. Carey School of Business. The comprehensive approach equips students with:

- the fundamentals of business and the confidence to see projects to completion
- a data-driven mindset
- strategic leadership skills and exposure
- the understanding of public policy here and abroad

Degree Requirements:

48 credit hours including the required capstone course (MGT 589).

Required Core (1.5 credit hours)

LES 582 Ethical Issues for Managers (1.5)

Electives and Research (43.5 credit hours)

Culminating Experience (3 credit hours)

Capstone: MGT 589 Strategic Management (3)

Additional Curricular Information

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The business school does not accept graduate credits earned while students are in nondegree status or from courses taken prior to admission to the Master of Business Administration program or taken while enrolled in another Master of Business Administration program outside of the W. P. Carey School of Business. Registration in School of Business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The executive curriculum must be taken in the prescribed sequence and is augmented by a series of lectures on thought leadership and off-site learning programs, including a business and public policy course in Washington, D.C. An additional off-site course exploring issues and strategies in the global business environment is held in partnership with an international business school. The program is completed in 21 months.

All students must successfully complete the comprehensive requirement established for the Master of Business Administration by the W. P. Carey School of Business and the Graduate College. The comprehensive culminating experience is integrated with MGT 589 Strategic Management. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume
- two letters of recommendation
- answers to short-answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Letters of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

A personal interview, arranged by invitation only, will be completed before an offer of admission may be made.

Applicants should see the department's website for more information.

Career Opportunities:

The Master of Business Administration includes the essential academic preparation for students who are interested in pursuing professional careers leading within organizations in diverse functions, such as human resources, finance or marketing.

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2019) states, employment for business managers is projected to grow between 4 and 11 percent between 2018 and 2028.

Career examples include:

- CEO

- finance manager
- marketing manager
- supply chain manager

W. P. Carey MBA, MBA (BAFULLMBA)

Online Degree Search Title: W. P. Carey MBA - Full-Time Program

Campus: Tempe

Program Description:

Highly ranked by U.S. News & World Report, the full-time MBA program meets the rapid changes and new realities in business and prepares students to be adaptable in the face of the uncertainty and ambiguity of a rapidly changing global economy. This program prepares students for immediate success through a cutting-edge curriculum, dedicated career services and a supportive community.

In tandem with rethinking the way the world does business, the W. P. Carey School of Business is rethinking the way business is taught. This program is designed for individuals who want to immerse themselves in full-time graduate studies and take classes during the day. Small class size in the program supports individual learning, promotes student-faculty interaction and encourages personal and professional development.

The Master of Business Administration curriculum is rooted in transformation of both the students and current business practices and is supported by each of the eight academic units within the W. P. Carey School of Business. Group projects and access to different organizations give students the tools to graduate ready to make a difference in their community and in the world. Connect with internationally renowned faculty, who bring years of real-world experience and innovative research into the classroom. The Master of Business Administration transforms students into leaders who can navigate circumstances filled with ambiguity.

As a STEM-designated master's degree, the program allows eligible graduates on student visas access to an Optional Practical Training extension for up to 36 months, helping international students gain additional skills and experience in the U.S.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as concurrent degree program with:

- Accountancy and Data Analytics, MACC
- Architecture, MArch
- Business Analytics, MS
- Finance, MS
- Information Systems Management, MS
- Juris Doctor, JD
- Legal Studies, MLS
- Taxation and Data Analytics, MTax

Degree Requirements:

60 credit hours including the required capstone course (MGT 589).

Required Core (1.5 credit hours)

LES 582 Ethical Issues for Managers (1.5)

Electives (55.5 credit hours)

Culminating Experience (3 credit hours)

MGT 589 Strategic Management (3)

Additional Curricular Information

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability as well as effective written and

oral communication skills.

The business school does not accept graduate credits earned while students are in nondegree status or from courses taken prior to admission to the Master of Business Administration program or taken while enrolled in another Master of Business Administration program outside of the W. P. Carey School of Business. Registration in School of Business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The core course is designed to provide a foundation in business knowledge. Elective or specialization courses build upon the business core and center on the further development of a specialization. There may be additional requirements that vary by specialization. The program is typically completed in two years, with a required internship in the summer between the first and second year of study.

All students must successfully complete the comprehensive requirement established for the Master of Business Administration by the W. P. Carey School of Business and the Graduate College. The comprehensive culminating experience is integrated with capstone course MGT 589 Strategic Management. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

W. P. Carey MBA, MBA (BASHANGMBA)

Online Degree Search Title: W. P. Carey MBA - Shanghai Program

Campus: Tempe

Program Description:

The business leaders emerging from the W. P. Carey MBA - Shanghai program can shape U.S.-Sino trade relationships during China's continued global expansion. This academic program is the cornerstone of a number of new offerings that include knowledge transfer and access to the highest level of decision-makers in China.

The W. P. Carey School of Business at Arizona State University is directly involved in the development of top leadership in China. In 2003, the Master of Business Administration program launched in Shanghai, China. The program is delivered in collaboration with Shanghai National Accounting Institute, an entity under the governance of China's Ministry of Finance.

This degree program is only offered in China.

Degree Requirements:

48 credit hours including the required capstone course (MGT 589).

The curriculum is based on the integration of core management principles with an immersion in accounting, finance, information management, supply chain management, service marketing, customer relation management and management of services innovation. At the core of the curriculum delivery is emphasis on the practical applications with direct business connectivity. The school prides itself on the curriculum's integration of global practices and local market characterizations, to enable participants' ability to excel in the modern economy.

In addition, the curriculum is designed with a strong transdisciplinary focus while achieving cycle-time efficiency. Each course is delivered in an intensive manner over two consecutive weekends, with four full days of face-to-face instruction supplemented by online instruction materials to enable learning interactions between faculty and participants.

All students must successfully complete the comprehensive requirement for the Master of Business Administration established by the W. P. Carey School of Business and the Graduate College. The comprehensive culminating experience is integrated with MGT 589 Strategic Management. Students passing this course with a grade of "B" (3.00 on a scale of 4.00) or higher satisfy the comprehensive examination requirement. A thesis is not required.

Design and the Arts, Herberger Institute for

Architecture, MArch (ARARCMARCH)

Online Degree Search Title: Architecture, MArch

Campus: Tempe, Online

Program Description:

The MArch degree program is designed for students interested in:

- design and analysis of economically and ecologically sustainable built environments and communities
- design and construction of beautiful new spaces and buildings
- digital design and prototyping of innovative new building systems and technologies
- research and advocacy for new definitions of the expansive public role of architects in professional practice and broader civic dialogue

The Master of Architecture is an accredited professional degree program at ASU. The architecture program has been educating aspiring architects, as well as other professionals involved in the construction of cities and the broader built environment since the 1950s. The program has matured to include undergraduate and graduate degrees with a focus on designing for a sustainable and innovative future.

The curriculum has been designed specifically for students to be able to leverage other majors at ASU. Students can pursue concurrent options such as sustainability, real estate development, construction management, interior design, landscape architecture and many more.

Concurrent Program Options:

Students can choose to create their own concurrent degree combination to match their interests by working with their academic advisor during or after their first semester of study. Some concurrent combinations are not possible due to high levels of overlap in curriculum; students should speak with their academic advisor for more details.

This degree is also offered as a concurrent program with the following: W. P. Carey MBA - Full-Time Program

Degree Requirements:

48 credit hours including the required capstone course (ARC 602).

Required Core (42 credit hours)

ARC 501 Advanced Architecture Studio I (6)

ARC 502 Advanced Architecture Studio II (6)

ARC 522 Advanced Architecture Technology I (3)

ARC 531 Advanced Architecture History (3)

ARC 532 Architectural Theory I (3)

ARC 541 Advanced Architecture Representation (3)

ARC 601 Advanced Architecture Studio III (6)

ARC 622 Advanced Architecture Technology II (3)

ARC 631 Architectural Theory II (3)

ARC 651 Architecture Research (3)

ARC 662 Architectural Practice (3)

Culminating Experience (6 credit hours)

ARC 602 Advanced Architectural Studio IV (6)

Additional Curriculum Information

The culminating experience course is a final design studio with a written component, taken under guidance of studio faculty and industry professionals.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of two references submitted via SlideRoom (<https://asudesign.slideroom.com>)
- proof of English proficiency

Additional Admission Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Admission Requirements to the Two-Year Pathway:

Applicants must have completed a four-year Bachelor of Science degree with a major in architectural studies or similar preprofessional degree in architecture. The undergraduate degree must be granted by an institution that is recognized by ASU and offers a National Architectural Accreditation Board-accredited degree program in architecture.

Admission Requirements to the Three-Year Pathway:

Applicants must have earned a baccalaureate or graduate degree in any field other than architectural studies.

Deficiency Coursework:

If a student is assigned any deficiency coursework by the academic unit upon admission depending on the undergraduate background, those courses must be completed with a grade of "B" or higher before completing the master's program required coursework.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/masters-architecture/>)

Career Opportunities:

Graduates of the architecture program often pursue careers as:

- architects
- building information modelling managers
- contractors
- developers
- energy modelers
- facilities managers
- film and media producers
- politicians or public servants
- professors

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Architecture (Energy Performance and Climate Responsive Architecture), MS (ARENERGYMS)

Online Degree Search Title: Architecture (Energy Perf/Climate Responsive Arch), MS

Campus: Tempe

Program Description:

The MS program in architecture with a concentration in energy performance and climate-responsive architecture educates students to become experts in energy-efficient building design and energy technology.

Courses in this concentration establish a basic core of knowledge of the principles of the natural energies available at the building boundary due to climate and site; thermal and optic behavior of building materials and components; passive and low-energy architectural systems for heating, cooling and lighting; and appropriate integration with mechanical systems. Additional courses are available to support advanced study and research in a variety of related specialties.

Degree Requirements:

30 credit hours and a thesis, or 30 credit hours including the required applied project course (ATE 593).

Required Core (21 credit hours)

Electives (3-6 credit hours)

Culminating Experience (3-6 credit hours)

ATE 593 Applied Project (3)

ATE 599 Thesis (6)

Additional Curriculum Information

The applied project option consists of six credit hours of electives and three credit hours of ATE 593. The thesis option consists of three credit hours of electives and six credit hours of ATE 599.

Students should see the academic unit for an approved course list.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in one of the professions or fields of study outlined below:

- a five- or six-year National Architectural Accrediting Board-accredited professional degree in architecture (BArch or MArch)*
- a four-year Bachelor of Science in landscape architecture or a master's degree in landscape architecture which must be granted by an institution that offers the Landscape Architectural Accreditation Board-accredited degree program in landscape architecture
- an engineering degree (BS or MS) with a background in building sustainability issues**
- a science degree (BS or MS) with a background in building sustainability issues

*Applicants should refer to the NAAB website for more information about the Bachelor of Architecture or Master of Architecture.

**Mechanical and civil engineering and construction majors are particularly suited for application to the BS or MS program in engineering.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official copy of GRE scores
- portfolio; or, a writing sample from applicants who have a science background
- statement of intent
- contact information for two references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Unofficial copies of GRE scores are not accepted. More information is available at the GRE website or at <https://uoeee.asu.edu/testing> (<https://uoeee.asu.edu/testing>).

The portfolio or writing sample, statement of intent, and contact information for three references must be submitted via Slideroom.

<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com/#/Login>).

Admission to the program is selective. Admission to the program cannot be deferred. Students must enroll in the semester for which they are admitted; otherwise, they need to go through the entire application process again during the year for which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting The Design School.

Applicants should see the program website for application deadlines and admission terms.

Career Opportunities:

Graduates of the Master of Science in architecture program often pursue the following careers:

- architect
- energy modeler
- sustainability consultant

Art, MFA (HIARTMFA)

Online Degree Search Title: Art, MFA

Campus: Tempe

Program Description:

The ASU School of Art's MFA program provides artists with both a formal and a conceptual foundation in contemporary art. Situated in the context of a public research university renowned for innovation, students work closely with distinguished art faculty to develop the skills to produce culturally relevant work and sustain a lifelong creative practice. Students are encouraged to work across disciplines and also select a focus from a range of media including animation, ceramics, intermedia, metals, painting and drawing, photography, printmaking, sculpture, textiles and woods.

In addition to the expansive curriculum, students benefit from a visiting artist and scholar lecture series, professionalization workshops, teaching opportunities and pedagogical training. Students also supplement their arts curriculum by taking advantage of the vast resources afforded by a Research 1 university, engaging with world-renowned researchers or taking courses in a variety of departments. The ASU Art Museum offers vital opportunities for students to learn from and connect with artists and curators.

Graduate students are provided world class studio space at Grant Street Studios (<https://art.asu.edu/galleries-and-facilities/grant-street-studios>) located in the cultural hub of downtown Phoenix. This facility is also home to two galleries and enhanced resources, including a common wood shop, printmaking presses, photography darkroom, ceramics kilns, computer lab and 3D print lab. Students also have access to the vibrant community of museums, galleries, businesses, and cultural organizations in Phoenix as well as in nearby Los Angeles, Santa Fe and Denver.

The Master of Fine Arts program culminates in a solo thesis exhibition in one of the School of Art's galleries (Step Gallery, Northlight Gallery, or Harry Wood Gallery). In addition to being one of few tuition funded three-year Master of Fine Arts programs nationally, students also benefit from various funding opportunities including teaching assistantships as well as scholarships and awards supporting student travel and research. Special initiatives in the School of Art add dynamic opportunities for the professionalization, collaboration and immersive learning essential to being an artist in the 21st century.

Degree Requirements:

60 credit hours and an oral comprehensive exam (defense of MFA exhibition).

The 60 hours of graduate credit are subject to committee approval and must include:

ART 680 Practicum, resulting in an MFA exhibition (10-15 credit hours)
graduate studio (18-27 credit hours)
graduate-level academic coursework (at least 6 credit hours)
graduate-level ART seminars (9-18 credit hours)

required courses in contemporary art theory (3) and cross-practice critique (3) (6 credit hours)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume or curriculum vitae
- portfolio
- statement of intent
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Admission is a two-step process. Although applicants fill out one application through the online graduate application process, they must be admitted into both the MFA program and to the Graduate College.

The portfolio should be 20 images, sized with a maximum dimension of 1024 pixels; video files less than 60MB each; and accompanied by an image list and the statement of intent (this is not to exceed 1,000 words) that addresses the applicant's artistic interests, reasons for applying to graduate school in general and the ASU School of Art in particular as well as professional goals.

The three letters of recommendation should be from faculty members with whom the applicant has studied or from recognized professionals in the field. All the instructions for letters of recommendation must be followed when submitting them with the application to the Graduate College.

The method for submitting the resume or vitae, portfolio, statement of intent and letters of recommendation is online via SLIDEROOM:

<https://asuherberger.slideroom.com/#/Login> (<https://asuherberger.slideroom.com/#/Login>). Applicants may upload images (.jpg), video (.mov, .wmv, .flv), music (mp3) or PDF documents.

Applicants should see the program website for application deadlines.

Career Opportunities:

Master of Fine Arts degree holders have the credentials necessary for teaching courses in their discipline at colleges and universities as well as entering the art market, working in art administration or other competitive creative fields. Graduates of this program also go on to start their own galleries or small businesses, exhibit at notable institutions, and are awarded prestigious grant and residency opportunities.

Art (Art Education), MA (FAARTEDMA)

Online Degree Search Title: Art Education, MA

Campus: Tempe

Program Description:

Students in the MA program in art with a concentration in art education investigate issues in art teaching and learning from multiple perspectives, including art inquiry, curriculum theory, spatial design, studio practice, visual culture, social intervention, human development and cultural context.

The culminating experience may be conducted in a range of contexts where art learning takes place, such as in K-12 art classrooms, art centers and museums, public settings, university studios or in a teacher's own classroom.

Degree Requirements:

30 credit hours, a thesis and a written comprehensive exam (qualifying research proposal).

Required Core (18 credit hours)

ARE 510 Visual Culture Research (3)

ARE 520 Issues in Teaching Inquiry in Art (3)

ARE 525 Research on Art Instruction (3)

ARE 530 Issues in Teaching Studio Art (3)

ARE 535 Research on Teaching Studio Art (3)

ARE 540 Teaching Art in Cultural Contexts (3)

Other Requirements (6 credit hours)

special topics on research related to integrating the teaching of studio art, art history and criticism or aesthetics (6)

Culminating Experience (6 credit hours)

thesis (6)

Additional Curriculum Information

Before the end of the first semester of coursework (six or more credit hours), a plan of study must be submitted to the Graduate College. Additional program requirements are indicated in the guidelines for the master's degree in art education.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants should submit:

- graduate admission application and application fee
- official transcripts
- a formal art education research paper for review
- resume
- statement of intent
- two letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants must have a bachelor's degree from a regionally accredited college or university with a major of no fewer than 45 credit hours of art, including 12 credit hours of art history and six credit hours of art education. Additional hours may be required by the school.

Applicants must have a GPA of at least 3.00 (scale is 4.00 = "A") in undergraduate coursework during the junior and senior years. Applicants who do not meet these requirements must submit scores from the MAT or the GRE.

The resume should demonstrate how professional experience will help the student succeed in this program.

Applicants should see the program website for application deadlines.

Career Opportunities:

Graduates may earn an increased salary in some districts, have the potential to become a district art administrator, are prepared for doctoral study, and are qualified to be a museum or community art educator.

Art (Art History), MA (FAARTHISMA)

Online Degree Search Title: Art History, MA

Campus: Tempe

Program Description:

The MA in art with a concentration in art history is a comprehensive degree program designed to train students to engage with visuality in multiple ways.

A diverse curriculum fosters critical understanding of aesthetics, production, patronage and consumption of art. Nine internationally recognized faculty members offer classes covering many cultures, time periods and geographies, using multiple approaches and methodologies. The program stresses intersections between disciplines, borders, margins, points of mediation and technological developments throughout history and offers focused study in the areas of images and digital technologies, art in social and political contexts, and the histories and theories of visual culture.

Degree Requirements:

30 credit hours, a thesis and a foreign language exam.

Required Core (3 credit hours)

ARS 501 Methodologies and Art History (3)

Focus Area Coursework (12 credit hours)

seminars (12)

Electives (6 credit hours)

Research (3 credit hours)

ARS 592 Research (3)

Culminating Experience (6 credit hours)

ARS 599 Thesis (6)

Additional Curriculum Information

This program must include a minimum of 24 credit hours in art history, with at least 12 of these earned in 500-level seminars.

Four courses in the areas shown below are required, with two of these courses outside the geographical area of specialization:

- ancient
- Asian
- contemporary
- global
- Latin American
- Medieval
- modern
- pre-Columbian
- Renaissance

For elective coursework, students may choose to take either 500-level courses in art history or related areas, such as in anthropology, history, museum studies, religion or up to six credit hours of the following omnibus courses:

ARS 584 Internship

ARS 590 Reading and Conference

ARS 592 Research

Students must have reading knowledge of one research language in addition to English. The selected language needs to be appropriate for the area of research concentration and must be approved by the faculty mentor. This requirement can be met by taking a language for reading knowledge course in the School of International Letters and Cultures with a grade of "B" or better or by passing the Graduate Foreign Language Examination offered by SILC, which requires a fee.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. In addition, applicants must have an undergraduate major or minor in art history or at least four upper-division art history courses in which a GPA of 3.00 or higher was maintained.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation.
- one formal research paper for review
- statement of intent
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The statement of intent should be one-page and indicate the objectives for graduate study.

Students should see the program website for application deadlines and admission terms.

Career Opportunities:

A graduate degree is necessary for many professional positions. A Master of Arts in art history or museum studies prepares individuals for the following:

- enhancing one's own practice as an artist
- gaining entry into museums, archives, historical societies, auction houses, publishing companies and academic presses, as well as to art libraries.
- practicing and publishing as an art critic or writer
- teaching at the community college level

ART 102

SOAGradCoordinator@asu.edu

480-965-8521

Art (Digital Technology), MFA (FADIGITMFA)

Online Degree Search Title: Art (Digital Technology), MFA

Campus: Tempe

Program Description:

The MFA program in art with a concentration in digital technology combines technological and artistic goals and is designed for students with skills and experience in both realms.

The program is offered by the School of Art in collaboration with the School of Arts, Media and Engineering. The School of Art offers graduate-level courses in digital audio, video, photography, printing, compositing, interactive sculpture and rapid prototyping. Graduate courses offered by the School of Arts, Media and Engineering focus on topics such as interactive media methodology and theory, sensing and understanding activity, perception and cognition for artists and designers, advanced programming, interaction design for media installations, and digital and physical fabrication.

Prospective students should demonstrate accomplishments in art and technology, particularly in having developed new digital technology for the arts.

Degree Requirements:

60 credit hours and an oral comprehensive exam.

Graduate credit is subject to committee approval and includes:

- 36 graduate studio credit hours in the major areas of concentration of which 18 credit hours are ART studio classes and 18 credit hours are graduate-level courses in the School of Arts, Media and Engineering
- 6 credit hours of ART 621 Seminar
- 6 credit hours of graduate-level art history
- 6 credit hours of ART 680 Practicum and 6 credit hours of AME 593 Applied Project, leading either to a final exhibition or an applied project

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- an art and digital technology resume
- current resume or curriculum vitae
- portfolio
- statement of intent
- statement and evidence of work demonstrating digital technology skills beyond end user applications
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency via a TOEFL score. <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

Admission is a two-step process. Although applicants fill out one application through the online graduate application process, they must be admitted into the Master of Fine Arts program and to the Graduate College.

The portfolio must be of 20 images sized with maximum dimension of 1024 pixels; video files of less than 60 MB each; and an image list that accompanies the portfolio. The method for submission for the portfolio is online via SLIDEROOM: <https://asuherberger.slideroom.com> (<https://asuherberger.slideroom.com>). Applicants may upload images (.jpg), video (.mov, .wmv, .fly), music (.mp3) or PDF documents.

The statement of intent should not exceed 1,000 words and should address the applicant's artistic interests, reasons for applying to graduate school in general and the ASU School of Art in particular and the applicant's professional goals.

The letters of recommendation should be from faculty members with whom the applicant has studied or from recognized professionals in the field. All instructions for the letters of recommendation must be followed when submitting the application to the Graduate College.

Applicants should see the program website for application deadlines.

Career Opportunities:

Master of Fine Arts degree holders have the credentials necessary for teaching courses in their discipline at colleges and universities. They also are fully prepared to enter the art market or art administration or to work in other competitive creative fields. Graduates of this program also go on to start their own galleries or small businesses, exhibit at notable institutions, and are awarded prestigious grant and residency opportunities. Graduates who concentrated in digital technology are also engaged as technology consultants, freelance artists and technologists, and they join a variety of art and technology collaborations.

Community-Engaged Practices in Design and the Arts (Certificate), Certificate (HISEPGRCT)

Online Degree Search Title: Community-Engaged Practices in Design and the Arts (Graduate Certificate)

Campus: Tempe

Program Description:

This certificate program in community engaged design and the arts places designers, artists, scholars and educators in public life and prepares students to use their creative capacities to advance culture, strengthen democracy and imaginatively address today's most pressing challenges.

This certificate is an integrated, community-engaged design and arts program serving all Herberger Institute students as the larger ASU community. Participants engage in direct and ethical partnership and collaboration with communities, civic and industry partners to learn and practice programming that activates partner goals and facilitates experiential learning and creation.

Degree Requirements:

15 credit hours including the required applied project course (ART 593 or AME 593 or DCE 593, or DCE 693, or DSC 593 or DSC 693, or MUP 593 or MUP 693, or THP 593 or THP 693).

Required Core (6 credit hours)

ART 542 Art and Community (3) or THP 514 Projects in Community-Based Theatre (3)

HDA 510 Design and the Arts Corps Seminar (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)

Applied Project (3)

Additional Curriculum Information

The applied project is a 593 course in AME, DCE, DSC, MUP, THP or a 693 course in DCE, DSC, MUP or THP.

Students should see the academic unit for appropriate elective coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.50 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.50 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letter of intent
- written recommendation or nomination letter
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Students must maintain a 3.50 GPA in the certificate program.

Admission examinations are not required.

Career Opportunities:

This certificate program allows students to develop unique pathways that also earn micro-credentials across a broad range of competencies including:

- asset-based community cultural development
- ethical communication
- ethics
- group facilitation
- project management
- project structuring and evaluation

Composition, MM (FAMCOMPMM)

Online Degree Search Title: Music Composition, MM

Campus: Tempe

Program Description:

The MM program in composition focuses on the development of skills required for a career in music composition.

Composers learn through experiential opportunities, including composing for fellow student performers leading to performances of their works in venues on campus and off. Project-based experiences include working with the Visiting Quartet Residency program and creating new works for student string quartets.

Students develop advanced skills such as orchestration, electronic studio techniques, film and video scoring, and jazz composition in the degree program. Collaboration with music scholars, theorists, performers, educators and other composers under the guidance of renowned composition faculty provides students with a broad and well-rounded foundation for advanced careers in music.

Degree Requirements:

32 credit hours, a thesis and a written comprehensive exam, or 32 credit hours, a thesis, a written comprehensive exam, and an oral comprehensive exam, or 32 hours including a written comprehensive exam and an applied project (MTC 593), or 32 hours including a written comprehensive exam, an oral comprehensive exam, and an applied project (MTC 593).

The credit hour requirements for the degree are distributed as follows:

composition (9 credit hours)

electives (8 credit hours)

music theory and music history (9 credit hours)

thesis or applied project (6 credit hours)

Additional Curriculum Requirements

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Additional information about degree requirements for all graduate music programs may be found on the check sheets at

<https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- School of Music, Dance and Theatre application (including a resume and personal statement):

<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)

- official transcripts
- prescreening portfolio
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music, Dance and Theatre does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students must have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music may wish to take foundational courses in music theory and history as recommended by their advisor.

Applicants should see the program website for application deadlines. After receipt of complete application materials, including recommendation letters, transcripts and English proficiency, and review of prescreening materials, an applicant may be invited for an interview. Information on the interview may be found at <https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions>).

Career Opportunities:

The School of Music, Dance and Theatre graduate programs inspire and empower students to become creative leaders who transform society through music.

Musicians with expertise in performing, composing, teaching, researching and arts advocacy are in high demand across many sectors and industries, including performing arts organizations, educational institutions, entertainment companies, health and wellness industries and community arts organizations. Skills such as creativity, collaboration, innovation, entrepreneurship and the focused discipline needed for success as musicians are all highly valued by a wide range of companies and professions.

Career examples include:

- arts administrator
- community arts advocate
- composer for film, video games, or television
- performing musician
- public or community school teacher
- university professor

Creative Enterprise and Cultural Leadership, MA (HICECLMA)

Online Degree Search Title: Creative Enterprise and Cultural Leadership, MA

Campus: Tempe

Program Description:

Creative enterprise and cultural leadership students are changemakers and innovators working toward more just and sustainable futures that connect art and design to society. The program has a particular emphasis on impact and place, looking at how art practice intersects with the social, political, economic and other structures that shape communities. This cross-disciplinary, collaborative program merges theory and practice in arts management, civic practice, creative placemaking, leadership and the management of innovation in the expanded creative fields.

The MA program in creative enterprise and cultural leadership offers classes that mix theory and practice through applied learning in collaboration with a range of community, nonprofit, business and public sector partners. Local and national leaders engage with students in classes, site visits and collaborative projects. The program culminates with a capstone applied project that can take the form of research or the launch of a new project. In addition to core classes, students select additional focused coursework to advance their own professional goals and interests. The program offers several areas of curricular emphasis including creative placemaking and placekeeping, civic practice, cross-sector work and new business models.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Art (Art History), BA
- Art (Museum Studies), BA
- Arts (BA in the Arts), BA
- Digital Culture, BA
- Environmental Design, BS
- Film (Film and Media Production), BA
- Film (Filmmaking Practices), BA
- Music, BA
- Theatre, BA

departments to apply.

Degree Requirements:

30 credit hours including a written comprehensive exam and the applied project course (HDA 593).

Required Core (10 credit hours)

HDA 511 Purpose, Collaboration and Accountability (3)

HDA 512 Proposal Development (1)

HDA 513 Applied Creative Research and Evaluation Methods (3)

HDA 514 Creativity and Impact, Opportunities for Change (3)

Electives (3 credit hours)

Focus Area Coursework (9 credit hours)

Other Requirements (2 credit hour)

HDA 583 Fieldwork (2)

Culminating Experience (6 credit hours)

HDA 593 Applied Project (6)

Additional Curriculum Information

For electives, students may choose from a list of approved courses or choose their own with advisor approval.

For focus area coursework, students select three classes from a curated list of options that intersect with the Master of Arts in creative enterprise and cultural leadership's core themes of art, place and impact to create their own emphasis.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's degree in an arts, design, business, public policy or a related discipline from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letters of recommendation
- letter of intent
- professional resume
- example of academic or professional work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letter of intent must outline the applicant's reasons for choosing to pursue a Master of Arts in creative enterprise and cultural leadership and outline how their unique background and abilities make them a suitable candidate.

Applicants are required to submit an example of academic or professional work that demonstrates, within a maximum of 30 pages, the ability and potential to be successful in the program. Following are examples of appropriate submissions:

- business plan for a new or existing enterprise
- critical essay from previous academic work
- critical essay for professional audiences
- curatorial materials
- marketing materials designed or written by applicant
- material produced for professional creative practice
- other professional or technical writing relevant to the creative industries

An online interview may be held for applicants who reach the finalist stage of consideration for admission.

Career Opportunities:

Using arts and design-based methods to advance a spectrum of enterprises, graduates are equipped to pursue positions such as:

- arts managers
- cultural producers
- civic leaders
- cultural entrepreneurs and business leaders

Dance, MFA (FADANCEMFA)

Online Degree Search Title: Dance, MFA

Campus: Tempe

Program Description:

The ASU MFA program in dance is normally accomplished during three years of residency.

The dance program welcomes a diversity of applicants, including returning professionals, who have experience and interest in choreography, dance science and somatics, dance teaching praxis, dance and technology, community engagement, practices of equity and inclusion, professional partnerships and dance scholarship and theory. Students whose approaches are interdisciplinary, cross-cultural in nature, and who are self-motivated, have clear and demonstrated objectives, and are willing to explore new possibilities in the field of dance and beyond are ideal for this program.

This program encourages in-depth study in a range of dance practices and related fields.

Each graduate student will develop their potential as a creator, performer, teacher, thinker and art advocate. Frequent showings, a final Master of Fine Arts project, a written document and oral defense are required for degree completion.

Degree Requirements:

60 credit hours and a portfolio.

Students in the Master of Fine Arts program in dance take coursework in dance and related fields that have been designed to provide a broad and fundamental preparation for future careers. Opportunities on and off campus further develop the knowledge and skills students need to become leaders in the dance community through teaching, performing, creating, engaging in scholarship, and arts advocacy.

The Master of Fine Arts applied project in dance serves as the culminating experience in the graduate dance curriculum. The applied project takes into consideration the future goals of the student and serves as a bridge to careers beyond graduate school.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- teaching sample
- recent creative works
- current resume

- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

All applicants should thoroughly review the application materials and deadlines on this website:

Global Opportunities:

Global Experience:

Graduates with an Master Fine Arts in dance are successful securing employment at diverse international venues and events, and working abroad as dance artists and educators. These opportunities might include teaching abroad at a university, professional training program, or dance festival; choreographing for community or professional organizations, performing with a dance company, or working as an independent artist. A number of full- and part-time employment opportunities exist in the U.K., Scandinavia, South America and beyond.

Career Opportunities:

Dance artists and educators who complete the Master of Fine Arts program in dance are prepared to work in a variety of settings and industries including higher education dance programs, commercial dance venues, community dance and wellness programs, professional dance companies and stage production settings.

Career examples include:

- choreographer
- community engagement and social activist artist
- dance researcher, scholar or reviewer
- dance works curator
- performing artist
- performing arts program developer
- social engagement practitioner
- somatics educator
- teaching artist
- university dance educator

Dance (Interdisciplinary Digital Media and Performance), MFA (FADANDIMFA)

Online Degree Search Title: Dance (Interdisciplinary Digital Media and Perform.), MFA

Campus: Tempe

Program Description:

The MFA program in dance with a concentration in interdisciplinary digital media and performance builds on the strength of the School of Music, Dance and Theatre and expands into the specific area of new media practices.

The concentration provides a select group of graduate students a rigorous, in-depth opportunity to specialize in dance as well as transdisciplinary digital arts. The degree is normally accomplished within three years of residency. The interdisciplinary classes and research activities of the transdisciplinary School of Arts, Media and Engineering that are part of this concentration give students access to advanced media equipment, studios, project funding and interdisciplinary collaborators.

The program welcomes a diversity of students, including returning professionals, who have experience or interest in choreography, dance science and somatics, dance teaching praxis, dance and technology, community engagement, practices of equity and inclusion, professional partnerships, and dance scholarship and theory. Students whose approaches are interdisciplinary and cross-cultural in nature, and who are self-motivated, have clear and demonstrated objectives, and are willing to explore new possibilities in the field of dance and beyond are ideal for this program.

Each graduate student will develop their potential as a creator, performer, teacher, thinker and art advocate. Frequent showings, a final Master of Fine Arts (IDMP focused) project, a written document and oral defense are required for degree completion.

Degree Requirements:

60 credit hours and a portfolio.

The degree program involves three years of residency:

a final Master of Fine Arts applied project (8 credit hours)
a written document
an oral defense
required coursework in the concentration taught by AME (18 credit hours)
electives (15 credit hours)
required courses in the School of Dance (19 credit hours)
ongoing showings of work

The current Master of Fine Arts program is normally accomplished during three years of residency in the School of Music, Dance and Theatre. Ongoing showings of creative work are required. Foundational coursework is offered in areas of creative practice, movement practices, pedagogy, professional development, technology and theory.

Students enrolled in the program specialize in areas related to independent research. The Master of Fine Arts applied project, which may involve producing original choreography, presenting a lecture demonstration on a body of research or another form of original work, acts as the culminating experience of the program. Completing the process are a presentation, a final written document, reflective in nature, as well as an oral defense.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- teaching sample
- recent creative work
- current resume
- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

All applicants should thoroughly review the application materials and deadlines on this website:

<https://musicdancetheatre.asu.edu/admissions/dance/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/dance/graduate-steps-to-apply>).

Global Opportunities:

Global Experience:

Dance interdisciplinary media artists have a wide ranging opportunities to work internationally as independent multimedia artists and performers, as well as digital media consultants and specialists. In addition to working in traditional performance spaces and venues, dance media artists are finding employment opportunities in rapidly evolving global digital performance and entertainment spaces.

Career Opportunities:

Dance artists, educators and media specialists who complete the Master of Fine Arts program in dance with an emphasis in interdisciplinary digital media and performance are prepared to work in a variety of settings and industries, including higher education dance, digital media and arts programs, commercial dance venues, media production companies, community arts organizations, and dance production and performance settings.

Career examples include:

- choreographer
- community engagement and social activist artist
- dance filmmaker
- dance lighting and sound designer
- dance technology specialist
- interactive performance artist
- intermedia specialist
- performing artist
- stage production and design specialist
- teaching artist

Dance Teaching Artist Praxis (Certificate), Certificate (HIDTAPGRCT)

Online Degree Search Title: Dance Teaching Artist Praxis (Graduate Certificate)

Campus: Tempe

Program Description:

This program equips students with the practical and theoretical knowledge, skills and credentials that deepen their understanding of dance pedagogy. Students receive a mix of studio-based courses, seminar and experiential learning in order to fully explore and scaffold appropriate teaching practices for dancers of any age and skill level.

Students completing the dance teaching artist praxis certificate fulfill the coursework requirements they need in order to obtain a Provisional Arts Education, preK-12 certificate in dance from the Arizona Department of Education. They also gain the qualifications and credentials required for developing and teaching university teacher preparation courses and training programs as well as the skills and perspectives necessary for working effectively as a teaching artist in diverse sociocultural and learning contexts.

Degree Requirements:

28 credit hours and a portfolio.

Required Core (28 credit hours)

DCE 530 Somatic Movement Inquiry I (3)

DCE 531 Somatic Movement Inquiry II (3)

DCE 554 Teaching Praxis I: Postsecondary Teaching Philosophies, Foundations and Practices (3)

DCE 654 Teaching Praxis II: Theories, Contexts, Populations, Psychomotor Development and Curriculum Design (3)

DCE 656 Teaching Praxis III: Secondary Practices and Teacher Preparation Course Development/Implementation (4)

SED 578 Residency/Student Teaching in Secondary Education (12)

Additional Curriculum Information

Students must submit the written portfolio culminating experience in the last semester of enrollment in the certificate program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a minimum of a master's degree in dance or a related field from a regionally accredited college or university, or have successfully completed their first semester of the Arizona State University MFA degree program in dance.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the applicable master's degree program or in the ASU Master of Fine Arts program in dance at the time of their application submission.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the United States on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants who are currently enrolled ASU students are not required to submit letters of recommendation.

Global Opportunities:

Global Experience:

Dance teaching artists are successful in securing employment in diverse international venues and events, working abroad as resident dance teaching artists, and as dance educators and performers. A number of employment opportunities for teaching artists exist in the United Kingdom, Scandinavia, South America, and beyond.

Career Opportunities:

Dance artists and educators who complete a dance teaching praxis graduate certificate are prepared and credentialed to work as dance teaching artists, K-12 dance educators, higher education dance professors specializing in teacher preparation, and dance pedagogy scholars. Graduates can work across a number of sectors, including public and private K-12 schools, higher education institutions, local, national and international dance communities and organizations, and dance studio settings.

Career examples include:

- community arts facilitator
- community engagement and social activist artist
- dance education researcher or scholar
- dance studio owner
- K-12 dance educator
- K-12 performing arts administrator
- performing arts curriculum and program developer
- social engagement practitioner
- somatics educator
- teaching artist
- university dance professor and teacher preparation specialist
- wellness instructor

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Design (Design of Healthcare and Healing Environments), MSD (ARHHEMSD)

Online Degree Search Title: Healthcare and Healing Environments, MSD

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The MSD program with a concentration in design of health care and healing environments is focused on the science and experiences behind the built environment's real and perceived impacts on health and wellness. To this end, the program emphasizes the intersection and integration of evidence-based research and practice, transdisciplinary studies, best practices, and innovation in supporting and advancing the design of healthy environments, products and processes. Students explore and synthesize principles from a variety of disciplines that include innovation, architecture, design, communication, human behavior, policy, quality and performance improvement, among others, to arrive at a thorough understanding of the critical issues facing the health care industry.

Students in this concentration have opportunities to:

- be mentored by local health care design consultants
- communicate with forward-thinking health care research centers
- engage directly with real clients
- interact with prominent health care organizations
- participate in industry conferences
- team with nursing and health innovation faculty and students

Degree Requirements:

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete the graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- contact information for three references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based). Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

When applying for admission, applicants must declare one of seven concentrations:

- arts, media and engineering
- design of health care and healing environments
- industrial design
- interaction design
- interior design
- new product innovation
- visual communication design

The portfolio, letter of intent and contact information for three references need be submitted to SlideRoom (<https://asuherberger.slideroom.com/#/Login> (<https://asuherberger.slideroom.com/#/Login>)). The Design School requires that these be submitted in addition to Graduate Admission Services application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Teaching or Research Assistantships

Applicants wishing to be considered for teaching or research assistantships should submit an additional statement outlining areas in which they feel competent to serve as a teaching or research assistant. All interested applicants can apply for a teaching assistantship position online. The link to the application is provided on the MSD website.

All international teaching or graduate assistants whose primary language is not English are required to be certified in their English language abilities. Those individuals whose native language is not English will be required to submit a Speaking Proficiency English Assessment Kit score, which is administered at ASU. Students also have the option of completing the Test of Spoken English, administered directly by the Educational Testing Service. For this group, no personnel action form will be signed until this examination has been successfully completed.

Design (Experience Design), MSD (HIDEDMSD)

Online Degree Search Title: Design (Experience Design), MSD

Campus: Tempe, ASU@Mesa City Center

Program Description:

The MSD program with a concentration in experience design focuses on design practices for virtual experiences in extended reality technologies, including environmental design, programmatic in both real and virtual universes, rapid prototyping, storytelling and worldbuilding. This program is unique among emerging media programs, with the application of these technologies and practices in socially engaged and transdisciplinary modalities, taking tools that evolved primarily from and for entertainment and applying them to the modeling of real-world challenges and futures.

Students develop human-centered design methods to improve user experience using theories and concepts from cognition and psychology, in addition to developing the ability to manage projects, work effectively in teams, and transform research into creative and technological products.

Degree Requirements:

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Required Core (3 credit hours)

DSC 501 Qualitative Research in Design (3)

Concentration (9 credit hours)

DSC 550 Prototyping Futures (3)

DSC 551 Immersive Experience Design I (3)

HDA 581 Emerging Media Colloquium (3)

Research Methods (3 credit hours)

DSC 500 Research Methods (3)

Electives (11 credit hours)

Other Requirements (4 credit hours)

DSC 584 Internship (4)

DSC 590 Reading and Conference (4)

DSC 592 Research (4)

HDA 580 Practicum (4)

Culminating Experience (6 credit hours)

DSC 593 Applied Project (6) or

DSC 599 Thesis (6)

Additional Curriculum Information

For other requirements, students must complete a minimum of 4 credit hours of faculty-led research (DSC 592), individualized instruction (DSC 590), the design and implementation of public programs (HDA 580), or an internship (DSC 584).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in design and media arts or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- resume
- contact information of two references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students are required to submit proof of English proficiency through either the TOEFL or the IELTS if their native language is not English. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The portfolio, letter of intent, resume and contact information of two references must be submitted via Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com>)). The Design School requires that these be submitted in addition to the graduate application requirements.

Admission to the program is selective. Students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

Career Opportunities:

Graduates of this program are well prepared for careers in a variety of fields related to the application of immersive experience design and extended reality technologies and practices.

Virtual and augmented reality have obvious and popular applications in entertainment, gaming, workforce development and research, but alumni of this program also had direct experience with the application of these tools to other areas that can expand their available pathways: architecture, interior design, urban planning, health care and education, among others. They are ideally suited for the rapidly changing climate of this field.

Career opportunities include:

- architects and interior designers
- experience designers
- film and video editors
- graphic designers
- mobile developers
- software developers
- 3D modelers and visualizers
- web developers

Design (Industrial Design), MSD (ARINDDMSD)

Online Degree Search Title: Industrial Design, MSD

Campus: Tempe

Program Description:

The MSD program in industrial design is meant for individuals interested in advanced studies in:

- criticism and methodology
- design processes
- history
- human factors
- technology
- theory

This program helps students develop an understanding of contemporary design issues and develop skills by conducting specialized research. It also prepares the graduate student for a career in industrial design education.

This is a research-based degree. Students interested in a studio-based program should refer to the Master of Industrial Design.

Degree Requirements:

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete their graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- resume
- contact information of two references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency through either the TOEFL or the IELTS regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS.

Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

When applying for admission, applicants must declare one of the concentrations.

The portfolio, letter of intent, resume and contact information of two references must be submitted via Slideroom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). The Design School requires that these be submitted in addition to the graduate application requirements.

GRE scores are not required.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Career Opportunities:

Graduates work for global design consultancies, corporate design teams, universities, research institutes and manufacturing companies.

Design, Environment and the Arts, PHD (HIDEAPHD)

Online Degree Search Title: Design, Environment and the Arts, PhD

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The PhD in design, environment and the arts is an individualized, institute-wide, transdisciplinary degree program that integrates graduate courses and faculty research with expertise in design; health care and healing environments; history, theory and criticism; and digital culture in design.

Broad in scope, the program is at the cutting edge of creating new knowledge in architecture, design and the arts. It complements transdisciplinary research in other disciplines within the university. The program provides research experience for students wishing to pursue careers in industry as members of interdisciplinary design teams on environmental and energy issues as well as for those wishing to teach in the architecture, design or the arts fields.

Applicants should apply to the concentration appropriate to their area of research interest as applications to the stand-alone degree program are not being accepted at this time.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being

admitted to the program. Up to 30 credit hours from a previously awarded master's degree can count toward the requirements of the doctoral program.

Of the 54 credit hours remaining after the master's degree, 12 must be dissertation credit and 12 may be research. These 24 credit hours plus the remaining 30 credit hours must be completed after admission to the program. No transfer credits are allowed to fulfill the 54 credit hour minimum requirement completed after admission to the program.

The student is required to take 15 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the area of focus; a minimum of six credit hours in current research and research methods is required.

Each student entering the program is required to submit a plan of study during the first year.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in the field of architecture, graphic design, industrial design, interior design, landscape architecture, or fine arts from a regionally accredited institution. Students must be familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design; history, theory and criticism; digital culture in design; or health care and healing environments)
- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. A TOEFL score of at least 100 iBT or 600 PBT or an overall IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English. <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, administered at ASU, and become certified. Additional information is available on the department website.

Students are admitted to the program only upon completion of a degree in architecture, graphic design, industrial design, interior design, landscape architecture or fine arts, or upon the demonstration of equivalent standing. Applicants must be familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program.

Applicants must have identified a doctoral program faculty member who has agreed to serve as a mentor. The faculty mentor should be from the Herberger Institute for Design and the Arts. Students are recommended to introduce themselves by email to the faculty members who they feel have related research interests and to inquire about their availability to be mentors.

The letters of recommendation preferably would be academic, although they could be professional. Applicants must provide the names and contact information of three recommenders at the time of their online application. Recommenders will receive an email with a link to the online letter of recommendation to complete. Candidates are able to see which recommenders have already completed their recommendation by logging into the My ASU system and viewing their To Do list. Once a recommender has submitted the letter of recommendation, the recommender's name is removed from the To Do list. All letters must be in English.

Applicants should identify a proposed research topic, or list of possible topics, that aligns with the research mission of the program and the research interests of faculty.

The application is considered incomplete if any of the items is missing.

The doctoral executive committee evaluates the applications and supporting materials. Admission decisions are based on the ability of the potential mentor to devote time to the student; the compatibility of the applicant's career goals with the purpose of the degree program; GRE scores; previous academic training and performance; recommendation letters; and the research mission of the institute and the research interests of faculty. The recommendations of the committee are forwarded to the program director for approval. Upon receipt of the written recommendation from the program director, the dean of the Graduate College notifies all applicants in writing of the admission decision.

Applicants should see the program website for application deadlines.

Design, Environment and the Arts (Design), PHD (HIDEADSPHD)

Online Degree Search Title: Design, Environment and the Arts (Design), PhD

Campus: Tempe

Program Description:

The PhD in design, environment and the arts with a concentration in design is a flexible, interdisciplinary program that permits designers to develop the experience, skills and framework to become competent researchers, scholars, innovators, visionaries and leaders in the various disciplines of design, environment and the arts. Broad in scope, the program involves interdisciplinary research interests at both the micro- and macro-scales of design, environment and the arts. There are opportunities for research specialization in areas such as:

- global health and human factors
- history, culture, theory and philosophy
- social justice, placemaking and placekeeping
- sustainability and resilience
- technology, innovation and entrepreneurship

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Concentration (15 credit hours)

DSC 558 Lighting Design (3)

DSC 594 Conference and Workshop (3)

EPD 791 Seminar (3)

GRA 501 Creative Environment and Collaborative Leadership (3)

GRA 561 Methods in Visual Communication I (3)

GRA 562 Methods in Visual Communication II (3)

GRA 581 Internship in Teaching Design (3)

GRA 590 Reading and Conference (3)

INT 515 Decorative Arts in Historic Interiors: A Thematic Overview (3)

INT 516 Textiles in Historic Interiors: Appearance, Function, Symbolism (3)

Electives or Research (21 credit hours)

EPD 790 Reading and Conference (9)

EPD 792 Research (12)

Culminating Experience (12 credit hours)

EPD 799 Dissertation (12)

Additional Curriculum Information

Students choose five courses from the list of concentration courses above. Other equivalent courses may be used as concentration coursework with approval of the supervisory committee.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in a closely related field from a regionally accredited institution. Examples of appropriate fields include art history, architectural history and design history. Fields in the humanities such as history, literature, archaeology and anthropology also may be considered. Students without graduate experience in the history of art, history of architecture and history of design may be asked to fulfill deficiencies.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the applicable master's degree.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letters of recommendation
- personal statement
- abstract of proposed research
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants must submit the personal statement, abstract of proposed research and contact information for two references to Slideroom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). It is required that these be submitted in addition to the Graduate College application requirements.

Career Opportunities:

More than 80 people have completed the program, and many are pursuing university teaching and research careers in design, environment and the arts fields. Others have careers leading planning and design firms or are engaged in business, industry, government and advocacy careers.

Design, Environment and the Arts (Digital Culture in Design), PHD (HIENVDGPHD)

Online Degree Search Title: Design, Environment and the Arts (Digital Culture in Design), PhD

Campus:

ASU is not currently accepting applications to this program.

Program Description:

The PhD program in design, environment and the arts with a concentration in digital culture in design focuses on the role of computational systems in enhancing creativity and the quality of human design. Graduates of the program should be thinkers as well as doers; they should learn to question the existing paradigms that govern the digital world as they impact design and the arts; they should be able to analyze systematically how digital tools affect the way designers and artists think, conceptualize, create and evaluate their designs and artwork; and, as a result, they should be able to come to a unique synthesis, leading the way in these fields.

This concentration program primarily explores the impact of digital culture on how built environments, products and visual communications are designed and analyzed by design professionals and are utilized by their intended audience. Students should be able to systematically question existing paradigms and ontologies of digital tools, evaluate the new paradigms that emerge as a result of digital culture, and propose new frameworks for design disciplines. Issues such as user interface design for new products, computer simulation of performance of buildings and products, effects of digital tools on architectural form giving, digital design processes, better incorporation of human factors into design tools,

usability and interaction design are some examples of faculty expertise and areas of focus.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Required Concentration (12 credit hours)

Research and Approved Electives (24 credit hours)

Culminating Experience (12 credit hours)

EPD 799 Dissertation (12)

Other Requirements (30 credit hours)

a previously awarded master's degree or approved relevant coursework (30)

Additional Curricular Information

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program. Up to 30 credit hours from a previously awarded master's degree can count toward the requirements of the doctoral program.

Of the 54 credit hours remaining after the master's degree, 12 must be dissertation credit and 12 may be research. These 24 credit hours plus the remaining 30 credit hours must be completed after admission to the program. No transfer credits are allowed to fulfill the 54 credit hour minimum requirement completed after admission to the program.

The student is required to take 12 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the concentration; a minimum of six credit hours in current research and research methods is required.

Each student entering the program is required to submit a plan of study during the first year.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the field of architecture, graphic design, industrial design, interior design, landscape architecture, arts media or engineering from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design, history, theory and criticism; digital culture in design; or health care and healing environments)
- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. A TOEFL score of at least 100 iBT or 600 PBT or an overall IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, Academic Catalog Archive 2022-2023

administered at ASU and become certified. Additional information is available on the department website.

Students are admitted to the program only upon completion of a degree in architecture, graphic design, industrial design, interior design, landscape architecture or fine arts, or upon the demonstration of equivalent standing. Applicants must be familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program.

The letters of recommendation preferably would be academic, although they could be professional. Applicants are to provide the names and contact information of three recommenders at the time of their online application. Recommenders will receive an email with a link to the online letter of recommendation to complete. Applicants are able to see which recommenders have already completed their recommendation by logging into the My ASU system and viewing their To Do list. Once a recommender has submitted the letter of recommendation, the recommender's name is removed from the To Do list. All letters must be in English.

Applicants should identify a proposed research topic or list of possible topics that aligns with the research mission of the program and the research interests of faculty.

Applicants must have identified a doctoral program faculty member who has agreed to serve as a mentor. The faculty mentor should be from the Herberger Institute for Design and the Arts. Students are recommended to introduce themselves by email to the faculty members who they feel have related research interests and to inquire about their availability to be mentors.

The application is considered incomplete if any of the application items is missing.

The doctoral executive committee evaluates the applications and supporting materials. Admission decisions are based on the ability of the potential mentor to devote time to the student; the compatibility of the applicant's career goals with the purpose of the degree program; GRE scores; previous academic training and performance; recommendation letters; and the research mission of the institute and the research interests of faculty. The recommendations of the committee are forwarded to the program director for approval. Upon the written recommendation from the program director, the dean of the Graduate College notifies all applicants in writing of the admission decision.

Design, Environment and the Arts (Healthcare and Healing Environments), PHD (ARENHHEPHD)

Online Degree Search Title: Design, Environment and the Arts (Healthcare and Healing Environments), PhD

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The health care and healing environments concentration under the PhD program in design, environment and the arts focuses on the integration of evidence-based design, sustainable science and best practices benchmarks when planning health care facilities. Facility-related responsibilities supported by this area cluster into seven functional work units:

- facilities analysis (physical and environmental)
- human factors and user needs
- interior planning and design
- programming (long-range planning)
- research methodologies
- space management and planning
- strategic planning

This multidisciplinary program integrates the principles of medical and clinical innovations, interior architecture, human health services, communication studies, architecture and behavioral and engineering sciences. Students in this program are mentored by local health care design consultants, teaming with nursing students and working directly with real clients and corresponding with forward-thinking health care research centers.

Graduating students are able to address contemporary issues facing the health care industry, address health care environments on multiple levels, apply evidence-based research techniques and effectively communicate with clinicians.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Concentration (18 credit hours)

Electives or Research (18 credit hours)

EPD 792 Research (12)

other electives or research (6)

Culminating Experience (12 credit hours)

EPD 799 Dissertation (12)

Additional Curriculum Information

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program. Up to 30 credit hours from a previously awarded master's degree can count toward the requirements of the doctoral program. If the student has not completed a master's degree, elective courses approved by the supervisory committee may be substituted.

The student is required to take 18 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the area of concentration.

Students are not allowed to use transfer credits to fulfill the 54 credit hour minimum requirement for resident credit. Each student entering the program is required to submit a plan of study during the first year.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in the field of design, interior design, architecture, nursing or other related fields from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design, history, theory and criticism; digital culture in design; or health care and healing environments)
- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. A TOEFL score of at least 100 iBT or 600 PBT or an overall International IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English (<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)).

International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, administered at ASU, and become certified. Additional information is available on the department website.

Ideal candidates must already hold a master's degree in design, interior design, architecture, nursing or other related fields. A statement of intent will express interest in the health care research/design concentration. If students enter the program with no design or health care background, they must take certain deficiency courses.

The letters of recommendation preferably would be academic, although they could be professional. Applicants provide the names and contact information of three recommenders at the time of their online application. Recommenders receive an email with a link to the online letter of recommendation to complete. Applicants are able to see which recommenders have already completed their recommendation by logging into the My ASU system and viewing their To Do list. Once a recommender has submitted the letter of recommendation, the recommender's name is removed from the To Do list. All letters must be in English.

Applicants should identify a proposed research topic, or list of possible topics, that aligns with the research mission of the program and the research interests of faculty.

Applicants must have identified a doctoral program faculty member who has agreed to serve as a mentor. The faculty mentor should be from the Herberger Institute for Design and the Arts. Applicants are recommended to introduce themselves by email to the faculty members who they feel have related research interests and to inquire about their availability to be mentors.

The application will be considered incomplete if any of the application items is missing.

The doctoral executive committee evaluates the applications and supporting materials. Admission decisions are based on the ability of the potential mentor to devote time to the student; the compatibility of the applicant's career goals with the purpose of the degree program; GRE scores; previous academic training and performance; recommendation letters; and the research mission of the institute and the research interests of faculty. The recommendations of the committee are forwarded to the program director for approval. Upon the written recommendation from the program director, the dean of the Graduate College notifies all applicants, in writing, of the admission decision.

Career Opportunities:

Graduates may pursue advanced positions in the following arenas:

- elite consulting firms as facility programmers
- large health care systems and corporations as strategic planners
- leading manufacturers and vendors as expert representatives
- planning divisions in architectural and planning firms as medical planners
- research centers as decision-makers

Design, Environment and the Arts (History, Theory, and Criticism), PHD (HIDEAHTPHD)

Online Degree Search Title: Design, Environment and the Arts (History, Theory, and Criticism), PhD

Campus: Tempe

Program Description:

The history, theory and criticism concentration within the PhD program in design, environment and the arts focuses on the theoretical dimensions of architectural, design and art histories including critical discourse in the design or art disciplines. The program offers classes and research across many cultures, geographies and time periods as well as many approaches and methodologies within the art history program.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus, a dissertation and two foreign language exams.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Required Concentration (15 credit hours; choose five courses)

APH 515 Current Issues and Topics (3)

APH 590 Reading and Conference (3)

APH 598 Special Topics (3)

ARS 501 Methodologies and Art History (3)

ARS 506 Critical Studies in Roman Art (3)

ARS 514 Monasteries, Madonnas and Manuscripts (3)
ARS 533 The Pre-Raphaelites (3)
ARS 574 Studies in Japanese Art (3)
ARS 575 Approaches to Chinese Painting (3)
ARS 584 Internship (3)
ARS 585 Women in the Visual Arts (3)
ARS 591 Seminar (3)
ARS 598 Special Topics (3)
ARS 790 Reading and Conference (3)
EPD 790 Reading and Conference (3)

Electives or Research (21 credit hours)

EPD 792 or ARS 792 Research (12)

three 3-credit hour courses at the 500 to 700 level as agreed upon by faculty mentor

Culminating Experience (12 credit hours)

EPD 799 or ARS 799 Dissertation (12)

Additional Curricular Requirements

A foreign language exam is required in order to show reading knowledge of two foreign languages as demonstrated by the exam administered by the School of International Letters and Cultures (or equivalent) during the program or by a "B" or better (scale is 4.00 = "A") in a reading course such as a 400- or 500-level special topics course (example: ITA 494 or FRE 598 for reading knowledge). These credits do not count toward the degree total unless taken at the 500 level or above and approved by the faculty mentor as a concentration course.

When approved by the student's supervisory committee, this program allows 30 credit hours from a previously awarded master's degree to be used for this program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in any field from a regionally accredited institution. Examples of appropriate fields include art history, architectural history, design history or fields in the humanities, such as history or literature; archaeology and anthropology may also be considered. Students without graduate experience in the history of art, history of architecture and history of design may be asked to fulfill deficiencies.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- abstract of proposed research
- personal statement
- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants must submit to Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com/>)) the personal statement, abstract of proposed research, and contact information for three references. It is required that these be submitted in addition to the Graduate College application requirements.

Global Opportunities:

Global Experience:

Study abroad is possible for graduate students with more than 50 program opportunities spanning all seven continents. Faculty-directed programs tend to be the best fit for graduate students; taking courses over the summer or during academic breaks with ASU professors offers close mentorship and professional network growth in many fields of study while earning ASU credit. Exchange program participation is also possible with careful planning. Students can find more information on the Global Education website at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>).

Career Opportunities:

Graduates are able to draw on scholarship outside their own areas of concentration, which capitalizes on the eclecticism of the field and facilitates integration of diverse perspectives, enhancing their chances for success on the academic job market. Within this broad-based, on-demand program students gain an encyclopedic knowledge of basic issues in the areas of architecture, design, and art history making them more effective in a variety of locations including authentication, antiques, gallery spaces and more. A doctorate degree is necessary for responsible administrative posts in museums and higher education and for employment as a university or college faculty member.

Digital Culture, MA (HIDGCMA)

Online Degree Search Title: Digital Culture, MA

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The MA program in digital culture is geared toward practitioners of design and the arts who have an interest in engaging in scholarly knowledge creation at the intersection of computational arts and sciences and seek to enhance their practice through expanded engagement with interactive and embodied media theory and design. The degree program allows artists and designers to explore new avenues for real-time media creation that seek to go beyond current paradigms.

The School of Arts, Media and Engineering educates the next generation of learners and empowers them with technofluency --- its development, application and implications --- and prepares students to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that will be increasingly shaped by new technologies. Its mission is to improve and facilitate learning, creativity and communication; it does this through the integration of human physical experience and computational and digital media practice-based methods.

Students admitted into the Master of Arts program in digital culture can explore the intersection of:

- critical media theory --- philosophical technologies, speculative design
- engineering --- social and embedded design, system engineering
- experiential media --- interaction design, responsive environments
- machine learning --- AI, augmented reality, virtual reality
- science --- mediated rehabilitation, public participation in science
- sensory --- food design and sensory science, somatic and movement studies
- sound design --- digital composition and performance, acoustic ecology
- sustainability --- sustainability and critical climate studies, urban climate infrastructure

Degree Requirements:

33 credit hours including the applied project course (AME 593).

Required Core (12 credit hours)

AME 520 Understanding Activity (3)

AME 530 Experiential Media Studies I (3)

AME 531 Experiential Media Studies II (3)

AME 532 Media Synthesis (3)

Electives or Research (18 credit hours)

Culminating Experience (3 credit hours)

AME 593 Applied Project (3)

Additional Curriculum Information

Students should check with the academic unit regarding appropriate electives coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in one of the following areas from a regionally accredited institution: arts, humanities, design, media studies, computer science, engineering or a closely related field.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letters of recommendation
- portfolio
- statement of purpose
- writing sample
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

A portfolio is required; however, submissions will vary depending on the background of each prospective student due to the transdisciplinary nature of the program. Applicants from a wide variety of disciplines are expected to be interested in the master's degree. Key works will be requested from applicants to illustrate the types of skills they wish to develop in the master's degree program. Examples include games they have designed and programmed, interactive installations and performances (submitted as video), websites they have created or programmed, music they have composed digitally or films they have made.

The statement should explain, in a concise and persuasive manner, how the student's educational, professional and personal experiences inform their research and creative interests, and it should elaborate on any aspect of their background that supports candidacy to the School of Arts, Media and Engineering.

Career Opportunities:

Graduates of the Master of Arts program in digital culture go on to careers in areas such as:

- acoustics research
- communications
- graphic design
- marketing
- mobile development
- sound design
- 3D modeling

Digital Culture, MS (HIDGCMS)

Online Degree Search Title: Digital Culture, MS

Campus: Tempe

Program Description:

The MS program in digital culture is designed for practitioners and makers in design and the arts who have an interest in software and system development and seek to enhance their practice through expanded engagement with interactive, embodied media design in an interdisciplinary environment. The program allows artists and designers to explore new avenues for real-time media creation that seek to go beyond current paradigms.

Coursework also explores current practices in various contexts (performance environments, health and wellbeing, social media and communication) as well as engineering-based approaches to developing experiential systems with social impact.

Degree Requirements:

33 credit hours including the required applied project course (AME 593).

Required Core (9 credit hours)

AME 520 Understanding Activity (3)

AME 530 Experiential Media Studies I (3)

AME 532 Media Synthesis (3)

Electives (21 credit hours)

Culminating Experience (3 credit hours)

AME 593 Applied Project (3)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field such as arts, humanities, design, media studies, computer science or engineering.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- letter of intent
- professional resume
- portfolio
- writing sample
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Writing samples can include research writing, published articles and other scholarly work.

Due to the transdisciplinary nature of the program, portfolio submissions can vary based on the prospective student's background. Materials may illustrate the types of skills the applicant possess. Portfolios can be submitted in the form of a website, photos, video, PDFs and other physical documentation. Examples include: games designed and programmed by the applicant, music composed by the applicant, performances (submitted as video), and websites they have created or programmed.

The letter of intent should explain the how the applicant's educational, professional and personal experiences inform their research and creative interests, and it should elaborate on any aspect of the background that supports candidacy to the School of Arts, Media and Engineering.

Career Opportunities:

Graduates of the Master of Science program in digital culture go on to careers in areas such as:

- acoustics research
- communications
- graphic design
- marketing
- mobile development
- museum and curatorial work
- sound design
- 3D modeling

Online Degree Search Title: Digital Culture (Extended Reality Technologies), MS

Campus: Tempe, ASU@Mesa City Center

Program Description:

The MS program in digital culture with a concentration in extended reality technologies focuses on the development of innovative tools and methodologies for extended reality and immersive technologies, including simulation, visualization, interaction, computer vision, human-computer interaction, experience design, artificial intelligence and machine learning.

Students develop a fundamental understanding of how emerging media technologies can be used to create virtual worlds that simulate the existing world alongside entirely new ones. In addition, students develop skills in programming languages and software applications necessary to these production workflows, and they have the ability to manage projects; work effectively in collaborative teams transform research into creative and technological products and reflect upon the ethical, cultural and social frameworks within which their work occurs.

This program is unique among emerging media programs through the application of these technologies and practices in socially engaged and transdisciplinary modalities, taking tools that evolved primarily from and for entertainment and applying them to the modeling of real-world challenges and futures.

Degree Requirements:

33 credit hours including the required applied project course (AME 593).

Required Core (9 credit hours)

AME 520 Understanding Activity (3)

AME 530 Experiential Media Studies I (3)

AME 532 Media Synthesis (3)

Concentration (12 credit hours)

AME 550 Prototyping Futures (3)

AME 551 Designing Extended-Reality Experiences (3)

GIT 550 Digital Workflow in the Graphics Industry (3)

HDA 581 Emerging Media Colloquium (3)

Electives (6 credit hours)

Other Requirements (3 credit hours)

AME 584 Internship (3)

AME 590 Reading and Conference (3)

AME 592 Research (3)

HDA 580 Practicum (3)

Culminating Experience (3 credit hours)

AME 593 Applied Project (3)

Additional Curriculum Information

For other requirements, students must complete a minimum of 3 credit hours of faculty-led research (AME 592), individualized instruction (AME 590), the design and implementation of public programs (HDA 580), or an internship (AME 584).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in media arts, engineering, design or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letter of intent
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

In the letter of intent, applicants should detail their professional goals and the alignment of those goals with the program.

Career Opportunities:

Graduates of this program are well prepared for careers in a variety of fields related to the application of extended reality technologies and practices. Virtual and augmented reality have obvious and popular applications in entertainment, gaming, workforce development and research, but alumni of this program also have had direct experience with the application of these tools to other areas that can expand their available pathways: urban planning, health care and education, among others. They are ideally suited for the rapidly changing climate of this field.

Industrial Design, MID (HIINDMID)

Online Degree Search Title: Industrial Design, MID

Campus: Tempe

Program Description:

The MID in industrial design is a studio-based program in which students learn to design new products and service systems that solve critical global problems.

Students engage in research, brainstorming, idea visualization, prototyping and testing of creative solutions that address critical problems faced in the world today.

Graduates of this program are adept in using principles of design innovation, sustainability and systems thinking in problem-solving.

Degree Requirements:

60 credit hours including the required capstone course (IND 622).

Required Core (40 credit hours)

Electives (12 credit hours)

Other Requirement (3 credit hours)

IND 584 Internship (3)

Culminating Experience (5 credit hours)

IND 622 Advanced Industrial Design Studio IV (5)

Additional Curriculum Information

Students should see the academic unit for an approved course list.

The Master of Interior Design program includes sequential studio courses. Requirements involve an average of 14 credit hours per semester. An internship is required during the summer prior to the final year.

Additional deficiency coursework is required for students who are in the three-year plus program; students should see the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio
- letter of intent
- contact information of two references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency through either the TOEFL or the IELTS regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS.

Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The Design School requires that the portfolio, letter of intent and references be submitted via SlideRoom in addition to the Graduate College application requirements. <https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they need to go through the entire application process again for the year in which they are applying.

A GRE test is not required.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary; this may cause the student to take longer than two years to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Admission requirements for the two-year program

Applicants must hold a minimum of a bachelor's degree or equivalent or a graduate degree from a regionally accredited college or university of recognized standing in a related field such as industrial design or product design.

Admission requirements for the three-plus year program

Applicants must hold a bachelor's degree or equivalent from a regionally accredited college or university of recognized standing in a field other than industrial design.

Career Opportunities:

Graduates are able to apply critical thinking and design processes to global opportunities needing change. They often find positions in industry and academia. Some examples include:

- civil drafter
- commercial designer
- designer
- furniture designer
- industrial designer
- mechanical drafter
- package designer
- product designer
- set and exhibit designer

Innovation and Venture Development, MS (HIIVDMS)

Online Degree Search Title: Innovation and Venture Development, MS

Campus: Tempe

Program Description:

The MS program in innovation and venture development integrates the most advanced practices and technologies from business, engineering and design in a transdisciplinary, experience-based program that prepares the next generation of leaders with skills needed for launching successful ventures in any industry or sector, inside existing organizations or as new entities.

Graduates are prepared to lead cross-disciplinary teams in a world of growing uncertainty and ambiguity. They can identify needs and evaluate opportunities, generating insights from real-world problems; innovate solutions; and create and launch scalable business models that provide value to all stakeholders. Founders with this innovation and venture development degree from ASU can define a new standard for venture development.

Degree Requirements:

30 credit hours including the required capstone course (IVD 661).

Required Core (18 credit hours)

IVD 525 Fundamentals of Entrepreneurial Leadership (3)

IVD 560 Innovation Studio I: Discovery and Insight (3)

IVD 561 Innovation Studio II: Problem Reframing (3)

IVD 562 Innovation Studio III: Explore, Fail, Solve (3)

IVD 630 Scaling Entrepreneurial Leadership (3)

IVD 660 Innovation Studio IV: Business Model (3)

Electives or Research (6 credit hours)

Culminating Experience (6 credit hours)

IVD 661 Innovation Studio V: Scale (6)

Additional Curriculum Information

Students should see the academic unit for a list of approved elective coursework.

Admission Requirements:

Applicants must fulfill the requirements of the Graduate College, the Herberger Institute for Design and the Arts, the Ira A. Fulton Schools of Engineering and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in business, design, engineering or a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- professional resume
- written statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The applicant's written statement should describe an instance from the professional background outlining the applicant's use of innovation and entrepreneurial experience.

Career Opportunities:

Career opportunities include:

- chief innovation officer
- creative developer
- director of engineering
- founder or CEO
- innovation manager
- management consultant
- marketing director
- product developer

Interior Architecture, MIA (HIAMIA)

Online Degree Search Title: Interior Architecture, MIA

Campus: Tempe

Program Description:

The MIA is a studio-based degree program that provides a focused experience for students with an undergraduate degree in interior design or architecture. For students without this background, an additional three semesters of study are available.

Focusing on the development of groundbreaking design solutions to contemporary and emergent societal issues such as sustainability and community engagement, this program draws upon history, theory and criticism to inform a collaborative, evidence-based approach to the design of interior environments. This provides a foundation of transdisciplinary learning to assist in the understanding of integrated practice.

The Master of Interior Architecture degree is accredited by the Council for Interior Design Accreditation. Completion of the degree qualifies a graduate to seek work experience as an interior designer and then sit for the National Council of Interior Design Qualification examination.

Degree Requirements:

56 credit hours including the required capstone course (INT 622).

Students should see the academic unit for the course list. Additional coursework is required if the student needs to take deficiency courses.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of two references submitted via SlideRoom (<https://asudesign.slideroom.com/#/Login>)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency:
<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

A GRE test is not required.

The Design School requires that the portfolio, letter of intent and reference information be submitted in addition to the Graduate College application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they need to go through the entire application process again for the year in which they are applying.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. Student should keep in mind that this may cause the student to take longer than two years to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Admission Requirements for the Two-year Program:

All applicants must have completed a minimum of a bachelor's degree or equivalent in interior design or interior architecture from a Council for Interior Design Accreditation-accredited program or a four-year degree in architecture from a National Architectural Accrediting Board-accredited program.

Admission Requirements for the Three-plus-year Program:

All applicants must have completed a minimum of a bachelor's degree or equivalent in a field other than in interior design, interior architecture or architecture.

Career Opportunities:

The Master of Interior Architecture is a studio-based, professional degree program that prepares graduates to fill leadership positions in interior architecture, interior design practice and education.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Landscape Architecture, MLA (ARLDEMLA)

Online Degree Search Title: Landscape Architecture, MLA

Campus: Tempe

Program Description:

The MLA program is designed to enable students to work with communities in planning and design projects for improving the ecological and social health of their built environments, with emphasis on sustainable environments for community resilience. ASU's Master of Landscape Architecture program provides students with the ecological literacy and fluency to lead socially just urban transformations in areas of greening, decolonizing and healing places. These urban transformations are urgently needed to build better and more just neighborhoods, cities and regions.

The curriculum in this accredited degree program is designed to prepare future leaders in landscape architecture practice and for advanced study at the doctoral level. In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. This Master of Landscape Architecture degree is qualified as a STEM-designated degree program in the U.S. education designation.

There are three program paths of study available in this master's degree program:

- a 2-year program for applicants who have completed the four-year or five-year bachelor's degree in landscape architecture
- a 2-plus program (two years plus one spring) for applicants with an undergraduate degree in architecture, planning, urban design, urban planning, environmental design or a related design field
- a 3-year program for applicants with an undergraduate degree in a discipline or field other than landscape architecture or a related design field

Studio projects range from large-scale work encompassing green infrastructure, resilient design, sustainable systems design, future climate scenarios and actions, urban ecological design, urban agriculture, landscape restoration, open space preservation and planning, community planning and design, biophilia and landscape ecological design to projects at the more intimate scale of a neighborhood park, streetscape, vacant lot transformation, campus design or residential back yard. Emerging areas of focus include climate adaptation, health and equity, creative place-making and place-keeping; environmental justice, living structures (e.g., green roofs and living walls), restorative environments, sustainable design, urban climate design, and climate justice design.

The Design School is committed to the merging of global and local contexts and concerns and, toward this end, graduate students may travel as part of their studio experience. To date, students have traveled to Argentina, Brazil, England, Ethiopia, Germany, Japan, the Netherlands, Rwanda, Spain and Turkey. The school also offers a number of summer study abroad programs in an effort to extend the student opportunities for global engagement.

Degree Requirements:

56 credit hours and a thesis, or 56 credit hours including the required applied project course (LDE 593), or 56 credit hours including the required capstone course (LDE 622).

Required Core (15 credit hours)

LDE 521 Advanced Landscape Architectural Studio I (5)
LDE 522 Advanced Landscape Architectural Studio II (5)
LDE 621 Advanced Landscape Architectural Studio III (5)

Research (9 credit hours)

DSC 598 Topic: Principles of Collaboration in Design (3)
LPH 513 Research in LA Seminar (3)
LPH 598 Topic: Landscape Architecture Research (3)

Electives (8 to 9 credit hours)**Other Requirements (18 credit hours)**

LAP 584 Internship (1)
LAP 584 Internship (2)
LPH 598 Topic: Current Issues and Topics in Landscape Architecture (3)
LPH 598 Topic: Urban Landscape Water Systems and Management (3)
LPH 691 Topic: Landscape Architecture Seminar (3)
LTC 598 Topic: Landscape Construction III (3)
LTC 598 Topic: Planting Design (3)

Culminating Experience (5 or 6 credit hours)

LDE 593 Applied Project (5) or
LDE 599 Thesis (6) or
LDE 622 Advanced Landscape Architectural Studio IV (5)

Additional Curriculum Information

Students take eight to nine credit hours of design professional electives depending on the culminating experience. Students should see the academic unit for an approved elective list. For the research and other requirements sections, other courses may be used with approval of the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- online graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of two references submitted via SlideRoom (<https://asudesign.slideroom.com/#/Login>)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS.

Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The Design School requires that the portfolio, letter of intent and reference information be submitted in addition to the Graduate College application requirements.

Applicants are encouraged to report GRE scores, especially if the applicant's background is broad or other than a traditional design major, but it is not required.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted; otherwise, they need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Additional Admission Information

Admission Requirements to the 2-Year Pathway

An applicant must have completed a four-year or five-year bachelor's degree with a major in landscape architectural studies or be a licensed landscape architect. The undergraduate degree must be granted by an institution that offers the Landscape Architectural Accreditation Board or equivalent accredited degree program in landscape architecture.

Admission Requirements to the 2-Plus Pathway

Applicants must have earned an undergraduate or graduate degree in architecture, urban design, landscape design, planning, urban design, environmental or a related design field or applicants with a baccalaureate degree with a major or minor in landscape design.

Admission Requirements to the 3-Year Pathway

Applicants must have earned a baccalaureate or graduate degree in any field other than landscape architecture or a design-related field.

Deficiency Coursework

If a student is assigned any deficiency coursework by the academic unit upon admission depending on the undergraduate background, those courses must be completed with a grade of "B" (3.00) or higher before completing the master's program required coursework. As an MLA student assigned deficiencies, there are two pathways.

Deficiency courses may include:

- LAP 231 Introduction to Digital Applications for Designers
- LAP 251 Plant Materials for Sustainable Landscapes
- LAP 311 History of Landscape Architecture
- LAP 312 20th Century Landscape Architecture
- LAP 332 GIS Applications in Environmental Design
- LAP 341 Landscape Construction I
- LAP 342 Landscape Construction II
- LAP 352 Ecosystems and Sustainable Design
- LDE 590 Topic: Core Landscape Architectural Studio I
- LDE 590 Topic: Core Landscape Architectural Studio II

Career Opportunities:

Alumni of this program have found careers with nationally recognized landscape architects in multinational firms, within public municipalities and agencies in the United States and abroad, and with urban greening nonprofit, community development and environmental justice organizations.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Media Arts and Sciences, PHD (FAMASPHD)

Online Degree Search Title: Media Arts and Sciences, PhD

Campus: Tempe

Program Description:

Media arts and sciences is a PhD program housed in the transdisciplinary School of Arts, Media and Engineering.

The school educates the next generation of learners and empowers them with technofluency --- its development, application and implications. Students are prepared to be socially aware, critically thinking global citizens who strive to bring about positive change in a society that is increasingly shaped by new technologies.

Doctoral students in this program are provided unique opportunities to engage in knowledge creation at the intersection of computational arts and sciences using the most advanced practice-based and theoretical methods. The opportunity for active participation in transdisciplinary research teams allows media arts and sciences doctoral students to gain valuable experience as both agents of their own research and education, while fostering opportunities for collaborative and embedded research.

At the core of this program is a commitment to designing curriculum tailored to each student-researcher in conjunction with the diverse faculty, labs and centers. This allows students to facilitate the development of innovative, experiential media systems that can respond to the world's most pressing challenges. Students admitted into the media arts and sciences doctoral program can pursue research at the intersection of any of these fields, among others:

- AI, system engineering and machine learning
- auditory culture, digital composition and performance
- critical media theory and philosophical technologies
- food design and sensory science
- interaction design, experiential media and responsive environments
- mediated rehabilitation, and somatic and movement studies
- public participation in science
- social and embedded design
- sustainability and critical climate studies
- VR and AR

Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The requirements for this program are comprised of 39 course credit hours, which include 30 from the transdisciplinary media courses offered by the School of Arts, Media and Engineering; 33 research credit hours; and 12 dissertation credit hours. All students are required to take a minimum of two courses under each of the five constituting areas of experiential media (30 credit hours).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in arts, humanities, design, media studies, computer science, engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- curriculum vitae
- statement of purpose

- three letters of recommendation
- portfolio of supporting material
- writing sample
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The statement of purpose should explain in a concise and persuasive manner how the student's educational, professional and personal experiences inform their research and creative interests, and the student should elaborate on any aspect of their background that supports candidacy to the School of Arts, Media and Engineering program.

Each applicant must demonstrate entry-level competencies. This can be demonstrated primarily through a portfolio. The portfolio may include previously developed media products, projects or publications demonstrating an understanding of and involvement with digital media and computation. Entry-level competency can also be partially demonstrated through coursework and may include such courses as:

- advanced computer programming
- computer graphics and animation
- computer music
- digital design
- film theory
- interactive technologies
- media authoring tools
- media theory
- multimedia systems
- signal processing

Students should see the program website for application deadlines and admission terms.

Career Opportunities:

Graduates can go on to careers in areas such as:

- academia
- mobile and web development
- product design
- programming
- research and development across diverse industries
- software engineering
- 3D modeling
- user experience design

Music (Conducting), DMA (FACONDDMA)

Online Degree Search Title: Conducting, DMA

Campus: Tempe

Program Description:

The DMA program in music with a concentration in conducting offers emerging conductors the opportunity to improve their art, craft and scholarship while becoming well-versed in multiple areas of conducting.

Those pursuing this degree take several common courses regardless of emphasis and become acquainted with the repertory and conducting issues for each medium. Coursework emphasizes a thorough knowledge of repertory, historical and analytical issues; an understanding of efficient, effective rehearsal technique; and clear, expressive conducting technique. Doctoral students of conducting receive considerable individual attention and have regular opportunities to rehearse and to conduct a variety of ensembles.

There are three tracks in this degree program:

Choral conducting --- Conductors specializing in choral conducting expand their expertise in vocal technique and work to integrate this into their pedagogy and rehearsal process. Score study integrates musical and textual analysis in order for students to gain insights into the unique interpretive demands of each work. Through these studies and those described above, conductors enhance their musical and interpretive skills and develop a collaborative leadership style.

Orchestra and opera conducting --- Conductors specializing in orchestra and opera conducting work closely with the director of orchestras and the artistic director of the music theatre and opera program and gain a breadth of experience in both orchestral and opera conducting. Time in front of an ensemble is essential; therefore, conductors have significant podium time as well as twice-weekly studio chamber orchestra classes. Study includes conducting technique, rehearsal technique, leadership, interpretation, score study, audience development and outreach, and career development.

Wind band conducting --- Conductors specializing in wind band conducting study privately with the director of bands and work closely with other members of the conducting faculty, including the director of athletic bands in order to develop their conducting and rehearsal skills. If interested, wind band conducting students also have opportunities to enhance their work with athletic bands and, if desired, may elect individual study with the director of athletic bands. Furthermore, many students select integrated conducting as their cognate, allowing for in-depth work in a second conducting area.

The doctoral program lecture recital is a performance with the top pool of wind and percussion players in the School of Music, Dance and Theatre and includes repertoire chosen from the complete body of wind band and chamber wind literature.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam and a research paper.

Conducting Core (18 credit hours)

Specialty Courses (9 credit hours)

Electives (9 credit hours)

Cognate (integrated conducting, instrumental performance or music learning and teaching) (9 credit hours)

Music History and Music Theory (21 credit hours)

Recitals and Research (24 credit hours)

Other Requirement

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to course enrollment in the ASU School of Music, Dance and Theatre.

Additional Curriculum Information

Thirty credit hours from a master's degree may be applied toward the 90 credit hour degree requirement. Once admitted to the program, a student is required to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. In general, the student should expect to spend at least the equivalent of three academic years beyond the bachelor's degree in the program. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted here: <https://musicdancetheatre.asu.edu/degree-programs> (<https://musicdancetheatre.asu.edu/degree-programs>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Students seeking admission typically hold an MM degree. Applicants with other degrees are considered if they have received graduate training similar to that normally expected in a Master of Music program.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)

- official transcripts
- School of Music, Dance and Theatre Application, including a resume and personal statement; also, from choral applicants, an uploaded writing sample: <https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)
- prescreening video
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency: TOEFL score of at least 550 (PBT) or 80 (iBT), IELTS overall band score of at least 6.5, or Pearson Test of English score of at least 60.

The School of Music, Dance and Theatre does not offer conditional admission under any circumstances.

Students should see the program website for application deadlines. After receipt of complete application materials, including recommendation letters, transcripts and English proficiency requirements, and review of prescreening materials, an applicant may be invited for a live audition. Information on the audition may be found at <https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions>).

Career Opportunities:

School of Music, Dance and Theatre graduate programs inspire and empower students to become creative leaders who transform society through music.

Musicians with expertise in performing, composing, teaching, researching, arts advocacy and serving as therapists are in high demand across many sectors and industries, including performing arts organizations, educational institutions, entertainment companies, health and wellness industries, and community arts organizations. Skills such as creativity, collaboration, innovation, entrepreneurship and the focused discipline needed for success as musicians are all highly valued by a wide range of companies and professions.

Career examples include:

- artistic director
- arts administrator
- community arts advocate
- performing musician
- public or community school teacher
- university professor

Music (Ethnomusicology), MA (FAETHNMA)

Online Degree Search Title: Ethnomusicology, MA

Campus: Tempe

Program Description:

The MA program in music with a concentration in ethnomusicology helps students develop skills in scholarship and performance as they focus on aspects of one or more of the world's musical cultures.

Students can explore performance styles outside the Western European canon through participation in ensembles such as Javanese gamelan, Latin marimba, mariachi, steel pan and African drumming. As a culminating demonstration of professional capability in the major field, the student must submit a final project that demonstrates advanced competence in research and writing in musicology or ethnomusicology. The final project may be a thesis, a series of special papers or a written work of equivalent scope and depth.

Degree Requirements:

30 credit hours, a thesis, a written comprehensive exam, an oral comprehensive exam and a foreign language exam.

Required Core (13 credit hours)
MHL 532 Music Bibliography (3)
MHL 668 Introduction to Ethnomusicology (3)
MUP 587 Ethnomusicology Ensembles (2)
music theory (5)

Electives (9 credit hours)
music electives (6-9)
open electives (0-3)

Research (2 credit hours)
MHL 592 Research (2)

Culminating Experience (6 credit hours)
MHL 599 Thesis (6)

Additional Curriculum Information

MHL 592 Research is taken concurrently with the second semester of MUP 587 Ethnomusicology Ensembles.

At least 20 credit hours for the program must be in the field of ethnomusicology or related fields approved by the student's advisor, complemented by courses in music theory, performance and cultural anthropology as listed above. Appropriate elective coursework is reviewed and approved by the academic unit prior to inclusion on the student plan of study. No more than three credit hours of musicology may apply to the music electives requirement.

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in courses for these programs through the ASU School of Music, Dance and Theatre. This is tracked internally within the academic unit.

A passing grade on the foreign language exam in French, German, Italian or Spanish is required for graduation.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted under each degree here: <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution or from an international institution officially recognized by that country.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00= "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music, Dance and Theatre application, including a resume, personal statement and writing sample:

<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)

- three letters of recommendation
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music, Dance and Theatre does not offer conditional admission under any circumstances.

A bachelor's degree in music is not required for admission to a master's program. However, all applicants without a bachelor's degree in music should contact MDTAdmissions@asu.edu for information on potential remedial courses. Remedial courses may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to starting graduate-level course requirements in music history and music theory.

Students should see the program website for application deadlines.

Music (Interdisciplinary Digital Media), DMA (FAINTDDMA)

Online Degree Search Title: Music (Interdisciplinary Digital Media), DMA

Campus: Tempe

Program Description:

The DMA program in music with a concentration in interdisciplinary digital media is a unique collaboration of the School of Music, Dance and Theatre and School of Arts, Media and Engineering. This degree program is designed for students who have interests and the creative skills to work within a cross-section of the arts and sciences.

Program offerings extend beyond typical music coursework of the School of Music, Dance and Theatre, to allow more opportunities for digital sound and experimental media projects.

The program also allows the School of Music, Dance and Theatre and its students to be actively involved in current developments in the ever-changing field of media and digital culture. The state-of-the-art media facilities of the School of Arts, Media and Engineering and its hybrid arts-engineering faculty and courses in electronic music are invaluable assets to music students, with resources that complement existing and future courses in electronic music.

This program provides extensive faculty interaction from both the School of Music, Dance and Theatre and the School of Arts, Media and Engineering.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (25-27 credit hours)

Music Theory Core Area (12-19)

Music History Core Area (6-15)

Concentration (33 credit hours)

MTC 523 Advanced Composition (6)

MTC 723 Advanced Composition (6)

Arts, Media and Engineering coursework (21)

Electives (9-11 credit hours)

Research (9 credit hours)

MTC 792 Research (9)

Culminating Experience (12 credit hours)

Additional Curriculum Information

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Concentration coursework for the Arts, Media and Engineering area must be from the AME prefix.

This program accepts up to 30 credit hours from a previously awarded master's degree with approval from the academic unit and the Graduate College that may be used toward the hours required for the elective and concentration coursework.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted at <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country and officially recognized by that country.

Applicants must have achieved a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music, Dance and Theatre application (including a resume and personal statement):

<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)

- official transcripts
- GRE or MAT scores
- prescreening portfolio
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The School of Music, Dance and Theatre does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or IELTS overall band score of at least 6.5, or Pearson Test of English score of at least 60.

Students should see the program website for application deadlines.

After all application materials are received and reviewed, including recommendation letters, transcripts and English proficiency requirements, an applicant may be invited for a live interview. Information about the interview may be found at <https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions>).

Music (Music Composition), DMA (FACOMPDMA)

Online Degree Search Title: Music Composition, DMA

Campus: Tempe

Program Description:

The DMA in music with a concentration in music composition is a comprehensive professional degree program designed for outstanding students of acoustic, electronic and multimedia composition who are preparing for professional careers, including teaching positions at the university level.

This degree program provides extensive faculty interaction as well as opportunities to develop advanced skills in compositional techniques from a wide variety of styles and traditions with emphasis on fostering students' personal approach to composition. The opportunity to collaborate with music scholars, theorists, performers, educators and other composers provides students with a broad and well-rounded foundation for advanced careers in music.

Degree Requirements:

90 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The credit requirements for the degree are distributed as follows:

- major area (composition, music technology, electives) (36 credit hours)
- music theory and music history (30 credit hours)
- research (12 credit hours)
- dissertation (12 credit hours)

The music composition concentration requires the creation of a significant original work of music (considered to be a dissertation) and either two article-length research papers or a substantial paper.

Additional Curriculum Requirements

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Thirty credit hours from a master's degree may be applied toward the 90 credit hour degree requirement. Once admitted to the program, a student is required to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. In general, the student should expect to spend at least the equivalent of three academic years in the program beyond the master's degree. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Additional information about degree requirements for all graduate music programs may be found on the check sheets at <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Music (Music Learning and Teaching), PHD (FAMUSEDPHD)

Online Degree Search Title: Music (Music Learning and Teaching), PhD

Campus: Tempe

Program Description:

The PhD in music with a concentration in music learning and teaching is a world-class transformative degree for musician-teacher scholars who seek careers in musical and educational leadership.

Music learning and teaching doctoral students are immersed in an open, inclusive and multifaceted community of dynamic partnerships, research, and teaching collaborations. Students work each semester with outstanding faculty on creative projects and initiatives that lead to independent and co-authored research and publication, and they have opportunities to diversify their thinking and further their goals by collaborating with internationally recognized faculty in other schools and colleges at ASU.

The music learning and teaching doctoral program includes highly specialized study in music education, elective studies with scholars and artists in the Herberger Institute for Design and the Arts, and opportunities for transdisciplinary elective study with faculty in schools and colleges across the university. A plan of study is designed by the student in consultation with the faculty to support a research trajectory identified by the student.

Research conducted by students in the music learning and teaching concentration aims to reexamine, interrogate and broaden discourse, practice and policy in music education, and to expand music and education scholarship by challenging methodological and disciplinary boundaries. The program concludes with dissertation research.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (10 credit hours)

MSI 601 Contemporary Topics in Music Research (2)

MSI 602 Current Issues in Music Research (2)

MSI 755 Historical Research in Music (3)

MTC 520 Analytical Techniques (3)

Concentration (30 credit hours)

Electives (29 credit hours)

Research (6 credit hours)

Other Requirements (3 credit hours)

MUE 784 Internship (3)

Culminating Experience (12 credit hours)

MUE 799 Dissertation (12)

Additional Curriculum Information

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Students should see the academic unit for a complete list of approved electives.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. A minimum of two semesters must be spent in continuous full-time residence at ASU.

Additional information on degree requirements for all graduate music programs may be found on the check sheets at

<https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Music (Musicology), PHD (HIMUSMPHD)

Online Degree Search Title: Music (Musicology), PhD

Campus: Tempe

Program Description:

The PhD program in music with a concentration in musicology focuses on the scholarly study of sound and music in historical contexts, musical traditions as sociocultural artifacts and behaviors, and performance. These areas are approached through the investigation of genres, styles, forms, performance and listening practices, instruments, spaces, philosophies, musical infrastructures and geographic locations.

Faculty members include Sabine Feisst, Dave Fossum, Kay Norton, Catherine Saucier, Peter Schmelz, Ted Solis, Christi Jay Wells, and faculty associate Bliss Little. They are leading scholars specializing in western and non-Western music, particularly traditions in the Americas and Eastern Europe (Russia, Ukraine, USSR), and music of the Middle East, Central Asia, Latin America, and Indonesia as well as Medieval music cultures, the long nineteenth century, jazz, music in popular cultures, musical modernism and experimentalism, intellectual property law, cultural policy, improvisation, sound studies, ecomusicology, dance and embodiment, and music's role in well-being.

Coursework includes historiography, applied musicology, methodologies and pedagogy. Transdisciplinary studies are encouraged with scholars and artists in the School of Music, Dance and Theatre (e.g., a studio professor, music theorist, or composer), the Herberger Institute for Design and the Arts (e.g., a design or dance faculty member), and faculty in schools and institutes across the university (e.g., specialists in languages, regions or cultures).

A plan of study is designed by the student with the faculty to support an individualized research trajectory. Research conducted by students in the doctoral program in musicology aims to examine and interrogate the discipline of musicology and to expand the traditional boundaries of music scholarship by challenging methodological and disciplinary boundaries. The program concludes with a dissertation.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, two foreign language exams and a dissertation.

Required Core (10 credit hours)

MSI 601 Contemporary Topics in Music Research (2)

MSI 602 Current Issues in Music Research (2)

MSI 755 Historical Research in Music (3)

MTC 520 Analytical Techniques (3)

Concentration (15 credit hours)

MHL 632 Applied Musicology (3)

MHL 668 Introduction to Ethnomusicology (3)

MHL 691 Seminars (9)

Electives and Research (17 credit hours)

Teaching Experience (6 credit hours)

MHL 684 Internship (3)

MHL 691 Topic: Music History Pedagogy (3)

Culminating Experience (12 credit hours)

MHL 799 Dissertation (12)

Additional Curriculum Information

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

As part of the concentration coursework, students take three seminars for three credit hours each. Equivalent courses may be used with preapproval by the student's faculty advisor. No more than six credit hours outside of the School of Music, Dance and Theatre may apply to this requirement.

Teaching experience requirements consist of MHL 691 Music History Pedagogy, in which students examine multiple facets and modalities of teaching music history, and MHL 684 Internship, in which students teach an appropriate undergraduate musicology course as instructor of record, with guidance of the musicology faculty.

Students should see the academic unit for a complete list of approved electives and research courses.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree program. Students entering the program without an earned MA degree will complete the requirements for the Master of Arts in music with a concentration in ethnomusicology or musicology.

Additional information on degree requirements for all graduate music programs may be found on the check-sheets at <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U. S. bachelor's degree in music or a graduate degree from an accredited college or university of recognized standing in music history, musicology, ethnomusicology or music theory.

Applicants must have achieved a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music, Dance and Theatre application
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The School of Music, Dance and Theatre does not offer conditional admission under any circumstances: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

The School of Music, Dance and Theatre application must include a curriculum vitae, a two-page personal statement expressing the goal in pursuing this degree and two writing samples: <https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>). It's preferable that each of the writing samples be a paper from a course, either an upper-level undergraduate course or a graduate course, or an article or document written by the applicant.

Students should see the program website for application deadlines.

Career Opportunities:

Musicians with expertise in performing, composing, teaching, researching and arts advocacy are in high demand across many sectors and industries, including performing arts organizations, educational institutions, entertainment companies, health and wellness industries, and community arts organizations. Skills such as creativity, collaboration, innovation, entrepreneurship and the focused discipline needed for success as musicians are all highly valued by a wide range of companies and professions. The School of Music, Dance and Theatre graduate programs inspire and empower students to become creative leaders who transform society through music.

Career examples include:

- arts administrator
- community arts advocate
- music and sound art curator
- musicologist
- performing musician
- public or community school teacher
- university professor

Music (Performance), DMA (FAPERFDMA)

Online Degree Search Title: Music Performance, DMA

Campus: Tempe

Program Description:

The DMA in music with a concentration in performance is a professional degree program for advanced musicians who desire high levels of performance instruction and experience as well as preparation for teaching positions at the university level.

Students work with faculty mentors toward achieving a professional level of performance through individual recitals, chamber music, and ensembles including choral, orchestral, jazz, musical theatre and opera ensembles, depending on their area of emphasis.

Performance opportunities both on and off campus further develop the knowledge and abilities necessary to become a leader in a musical community through teaching, performing or arts advocacy. The program provides students the opportunity to work closely with an individual faculty mentor and distinguished guest artists to further enhance musical growth. Students serve as leaders, mentors and models for their younger colleagues in performances, pedagogical experiences and community engagement. The opportunity to collaborate with music scholars, theorists, composers, educators, dancers and theatre artists provides students with the variety of experiences and skills necessary for artistic excellence and leadership.

Additionally, students learn skills that are needed to be a highly successful working musician, including audition preparation, networking, learning organizational strategies, opportunity creation, and developing an entrepreneurial mindset.

Degree Requirements:

90 credit hours, a research paper, a written comprehensive exam and an oral comprehensive exam.

Required Core (4 credit hours)

MUP 727 Studio Instruction (4)

Performance Concentration (24 credit hours)

MUP 727 Studio Instruction (12)

MUP 796 Solo Performance (Recital) (12)

Emphasis Area Coursework (23 credit hours)

Music History and Music Theory (27 credit hours)

Research (12 credit hours)

MUP 792 Research (12)

Culminating Experience (0)

Research paper in the form of a bound document

Additional Curriculum Information

Students select an area of emphasis from the following: piano pedagogy, collaborative piano, instrumental, keyboard, and voice. Emphasis coursework depends on the area selected. Students should work in consultation with their academic advisor in the development of their plan of study.

The performance concentration requires at least three recitals after admission to the program and a research paper. Five recitals are required for the collaborative piano emphasis.

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Thirty credit hours from a previously awarded master's degree may be applied toward the 90 credit hour degree requirement with approval from the academic unit and the Graduate College. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Vocalists: Placement tests in both foreign language diction and sight-singing are required upon entry into the program. Students who are judged to be deficient in diction are required to complete and pass a course in advanced diction. Students who are judged to be deficient in sight-singing are required to complete and pass the Musicianship for Singers course.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country. Students seeking admission typically hold a Master of Music degree. Applicants with other degrees are considered if they have received graduate training similar to that normally expected in a Master of Music program.

Applicants must have achieved a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music, Dance and Theatre application, including a resume and personal statement repertoire list:

<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)

- official transcripts
- prescreening recording
- three letters of recommendation
- teaching demonstration video (piano pedagogy applicants)
- writing sample (solo piano and piano pedagogy applicants)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The School of Music, Dance and Theatre does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Students should see the program website for application deadlines.

After the applicant's complete application materials are received, including recommendation letters, transcripts and English proficiency, and a review has been conducted of prescreening materials, an applicant may be invited for a live audition. Information about the audition may be found at <https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions>).

Career Opportunities:

Musicians with expertise in performing, composing, teaching, researching, arts advocacy and serving as therapists are in high demand across many sectors and industries, including performing arts organizations, educational institutions, entertainment companies, health and wellness industries, and community arts organizations. Skills such as creativity, collaboration, innovation, entrepreneurship and the focused discipline needed for success as musicians are all highly valued by a wide range of companies and professions. The School of Music, Dance and Theatre graduate programs inspire and empower students to become creative leaders who transform society through music.

Career examples include:

- arts administrator
- community arts advocate
- composer for film, video games, television
- music therapist
- performing musician
- public or community school teacher
- university professor

Music Entrepreneurship (Certificate), Certificate (HIMERTGRCT)

Online Degree Search Title: Music Entrepreneurship (Graduate Certificate)

Campus: Tempe

Program Description:

Music entrepreneurship is a discipline that intersects the traditional music disciplines. Music entrepreneurship harnesses the skills and mindset of the entrepreneur to empower musicians to create work that is meaningful, sustainable and oriented to community and market need.

Students in music and students with a background in music benefit from the business, marketing and organizational skills offered by certificate courses as applied specifically to and within the arts.

Degree Requirements:

15 credit hours.

Required Core (3 credit hours)

MUP 538 The Enterprising Musician (3)

Electives (9 credit hours)

Internship (3 credit hours)

MSC 584 Internship (3)

Additional Curriculum Information

In consultation with the faculty coordinator, students select three electives based on their interests and goals for the certificate.

Students should review the check sheet on the program website for examples of elective coursework: <https://musicdancetheatre.asu.edu/degree-programs/music-entrepreneurship-graduate-certificate-certificate> (<https://musicdancetheatre.asu.edu/degree-programs/music-entrepreneurship-graduate-certificate-certificate>)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in music or related field, from a regionally accredited institution, or can demonstrate a background in music.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- written statement
- interview
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa need to first apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants may be admitted to the certificate by submitting a statement of interest outlining their music background and personal goals. Applicants also interview with program faculty to demonstrate their music-related skills.

Career Opportunities:

A certificate in music entrepreneurship can help students enhance the marketable skills they acquire in their major program and help them develop new skills, including marketing, business practices, grant writing, arts administration and fundraising management.

Career examples include:

- arts administrator
- community arts advocate
- performing musician
- public or community school teacher
- university professor

Music Learning and Teaching, MM (FAMUSEDMM)

Online Degree Search Title: Music Learning and Teaching, MM

Campus: Tempe

Program Description:

The MM program in music learning and teaching is designed for music educators, teaching artists and music professionals seeking new and expanded opportunities for career development in learning and teaching.

Program flexibility affords students opportunities to customize degree pathways, advance their goals, and develop musical, scholarly and leadership roles in their professional settings. Students in the master's degree program develop their capacity to address pressing issues in music learning and teaching and contribute to professional dialogue.

Students may elect courses in each part of the degree program and may design a course of study that meets their specific interests and needs. The program provides opportunities to study full time, part time (through evening courses), in the summers only, or by combining full-time, part-time and summer study. Full-time students may complete the program in as little as one year. Digital commuting for some courses is available through the ASU Sync platform.

Individuals interested in teacher certification can pursue those requirements concurrently with or separate from master's degree study.

Degree Requirements:

32 credit hours and a written comprehensive exam.

The degree credit requirements are distributed as follows:

music education core (10 credit hours)
musicianship core (10 credit hours)
specialization (12 credit hours)

Additional Curriculum Requirements

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Six credit hours may be transferred from another regionally accredited graduate institution. Up to nine credit hours may be taken prior to admission.

As part of the portfolio, students also must participate in an oral review that is monitored internally by the academic unit.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.

<https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program.

All applicants must submit:

- online graduate admission application and application fee
- School of Music, Dance and Theatre application (including a resume): <https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)
- official transcripts
- three letters of recommendation
- proof of English proficiency:

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music, Dance and Theatre does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

A bachelor's degree in music is not required for admission to a master's program. However, all applicants without a bachelor's degree in music should contact MDTAdmissions@asu.edu (<mailto:MDTAdmissions@asu.edu>) for information on potential remedial courses. Remedial courses may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to starting graduate-level course requirements in music history and music theory.

Applications are accepted until all spaces are filled and are reviewed on a rolling basis. Applicants are encouraged to apply as early as possible and should see the program website for more information about application deadlines. To ensure prompt processing of application, applicants should email MDTAdmissions@asu.edu (<mailto:MDTAdmissions@asu.edu>) after submitting an application.

Career Opportunities:

The flexibility of the Master of Music program in music learning and teaching affords students opportunities to customize degree pathways toward multiple kinds of careers while still working as a music educator, teaching artist, or music professional.

Career examples include:

- arts administrator
- community arts advocate
- performing musician
- public or community school teacher
- teaching artist
- worship music leader
- youth development facilitator

- university professor

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

480-965-5069

Music Theory Pedagogy (Certificate), Certificate (HIMTPGRCT)

Online Degree Search Title: Music Theory Pedagogy (Graduate Certificate)

Campus: Tempe

Program Description:

This certificate in music theory pedagogy offers specialized study in music theory to help prepare students to teach undergraduate courses in fundamentals, harmony, musicianship and basic form analysis. Completion of this certificate indicates the student is prepared to offer instruction in basic music theory at the college level.

The certificate is intended to be pursued concurrently with enrollment in a master's degree program or doctoral degree program in the School of Music, Dance and Theatre.

Degree Requirements:

15 credit hours.

Required Core (3 credit hours)

MTC 525 Pedagogy of Theory (3)

Other Requirement (3 credit hours)

MTC 584 Internship (3)

Electives (9 credit hours)

Additional Curriculum Information

Completion of diagnostic examinations in music history and music theory, administered by the School of Music, Dance and Theatre, is required of all new graduate music students before enrolling in any graduate academic courses towards the certificate program.

Electives are selected with advisor approval from MTC courses in analytical topics. Students should see the academic unit for a complete list of approved electives.

Admission Requirements:

Students who are interested in this certificate should email the academic unit prior to submitting an official application, to express their interest in the certificate.

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree in music or music education from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an international institution officially recognized by that country. Other majors may be considered if applicants submit transcripts showing formal study in music theory and musicianship at least equivalent to what is required of ASU's undergraduate music majors (MHL 140, MHL 341 and MHL 342, MTC 125, MTC 221, MTC 222, and MTC 223). The music theory faculty review transcripts for equivalency. In some cases, course descriptions or syllabi are required to verify equivalency.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in any applicable graduate work.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- samples of work
- statement of interest
- proof of English language proficiency

Additional Admission Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

International students who need an F1 or J1 visa first need to apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

- TOEFL score of at least 550 (PBT) or 80 (iBT)
- IELTS overall band score of at least 6.5
- Pearson Test of English score of at least 60

Official transcripts must show a completed bachelor's degree from a regionally accredited institution in the U.S. or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that country. Also, if applicable, transcripts showing all coursework in music at the graduate level are required. The committee supervising this certificate program consider an applicant's undergraduate record (and graduate record if appropriate) in music theory, evaluating courses taken and grades received. A minimum GPA of 3.00 in these courses is required. International students applying to this certificate must also be in a degree program at ASU.

Applicants must submit a statement of interest offering reasons for applying to the certificate program and describing their experience and coursework in music theory. The essay should also indicate the applicant's level of piano proficiency (a necessary classroom skill) through a description of their study and their experience in keyboard performance.

Applicants also are asked to show proficiency in music theory by submitting samples of work, such as analytical papers and examples of music writing (harmonic part-writing or counterpoint exercises).

Career Opportunities:

A certificate in music theory pedagogy can help students enhance the marketable skills they acquire in their major program and help them develop new skills apart from it, though most career areas do require more training than a certificate alone can provide.

Career examples include:

- arts administrator
- performing musician
- public or community school teacher
- university professor

Music Therapy, MM (FAMTHERMM)

Online Degree Search Title: Music Therapy, MM

Campus: Tempe

Program Description:

The MM program in music therapy provides students with graduate-level study in the theory, practice and research of music therapy.

There is a two-year track for those who have completed either the undergraduate music therapy degree or its equivalent and who are board-certified or hold a similar international music therapy credential. Additionally, a three-year track is offered for those who have an undergraduate degree in music but not in music therapy.

The master's degree program fosters an expanded research perspective in music therapy, emphasizing community partnerships and program development with a concentration in the student's area of choice, drawing from a number of possible options. Cognate areas include counseling and counseling psychology, special education, gerontology, social work, audiology and speech-language or other areas of choice from the many options.

Degree Requirements:

33 credit hours including the required applied project course (MUE 586) and a written comprehensive exam, or 33 credit hours, a thesis and a written comprehensive exam, or 63 credit hours including the required applied project course (MUE 586) and a written comprehensive exam, or 63 credit hours, a thesis and a written comprehensive exam.

The degree credit requirements for the two-year track are distributed as follows:

music therapy core (16 credit hours)
other studies in music (8 credit hours)
clinical cognate (9 credit)

Three-Year Track: In addition to the requirements stated above, the three-year track requires 30 credit hours of deficiency coursework for a total of 63 credit hours, including completion of an internship required for certification.

Additional Curriculum Requirements

Completion of diagnostic exams in musicology and music theory is required of all new graduate-level music students prior to enrollment in the ASU School of Music, Dance and Theatre.

Additional information about degree requirements for all graduate music programs may be found on the check sheets at <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Graduates are eligible to sit for the music therapy certification examination given by the Certification Board for Music Therapists.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's or master's degree in music or music therapy from a regionally accredited institution or the equivalent of a U.S. bachelor's or master's degree from an institution in another country that is officially recognized by that country.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music, Dance and Theatre application, including a resume and personal statement:

<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>
(<https://musicdancetheatre.asu.edu/admissions/music/undergraduate-steps-to-apply>)

- official transcripts
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency (<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)). The School of Music, Dance and Theatre does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

All applicants are required to perform a live audition or submit an audition recording (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-auditions>)). Auditions are scheduled only after complete application materials have been received.

Applicants to the three-year track must complete the prerequisite courses listed below, which are not a part of the coursework for the MM program in music therapy (three-year track) but are required for eligibility to sit for the board-certification exam (www.cbmt.org (<http://www.cbmt.org>)). These

prerequisites may be taken during undergraduate study, at a community college or other university before beginning the Master of Music program in music therapy (three-year track), during summer sessions at ASU, or online through an accredited institution recognized by ASU. An applicant is eligible to apply to the Master of Music program in music therapy (three-year track) while completing these prerequisites and may finish these courses during the first year in the music therapy program, although this additional work may present a hardship. The prerequisite courses must be completed before a student begins the internship at the end of their first year of study at ASU, unless prior arrangements have been made. Completing the prerequisite courses prior to beginning the Master of Music program in music therapy (three-year track) is highly recommended.

- Introduction to Psychology
- Abnormal Psychology
- Overview of Exceptional Children/Special Education

Applicants should visit the program website for more information on application deadlines. To ensure prompt processing of application, applicants should email MDTAdmissions@asu.edu (<mailto:MusicAdmissions@asu.edu>) after submitting an application. An in-depth interview emphasizing the applicant's music therapy philosophy, research activities and clinical interests is scheduled after receipt of complete application materials. A phone interview may be arranged.

Narrative and Emerging Media, MA (CSNEMMA)

Online Degree Search Title: Narrative and Emerging Media, MA

Campus: ASU@Los Angeles

Program Description:

In the MA program in narrative and emerging media, students learn how to tell stories that aren't just watched or read --- they're experienced. In under one year, students learn innovative storytelling techniques, explore the emerging media marketplace, connect with the field's top professionals, and develop critical media project management skills.

Through hands-on learning, students explore the entire landscape of emerging immersive media techniques including augmented reality, virtual reality, extended reality, 360 video, animated graphics, short-form digital video and documentary production to tell creative fictional stories or nonfiction journalistic work. Students capture and create content for workflow in multiple industries, and they learn to lead teams of producers, engineers, writers and artists across different technologies. They build business acumen too; central to the program is enhanced insight on research, development and the finance and business models driving the future of emerging media.

Delivered exclusively at ASU's California Center, the program immerses students in a state-of-the-art emerging media hub. The building includes a green screen studio that allows for virtual reality productions and live broadcasts, and a second Planar LCD studio, which allows for immersive film and video shoots. Students learn and work in these spaces to create compelling visual storytelling for client productions and their own passion projects.

Students engage in courses that anchor content creation and project management with communication theory and current case studies, along the way building a cohesive portfolio of professional work aligned with industry standards. Students also network and get critiques from industry professionals whose work may inspire their own. Students who complete the program are well-prepared to leap into creation, production and project management roles across the media industry, or pursue independent work.

Note: This program is not eligible for federal financial aid in Los Angeles.

Degree Requirements:

30 credit hours including the required applied project course (NEM 693).

Required Core (21 credit hours)

NEM 501 Emerging Media (3)

NEM 510 Narrative Development and Pre-Production (3)

NEM 515 Emerging Media Production (3)

NEM 530 Emerging Media Project Management (3)

NEM 550 Diversity and Ethics in Emerging Media (3)

NEM 585 Portfolio (1)

NEM 630 Emerging Media for Clients (3)

Other Requirements (3 credit hours)

NEM 520 AR/VR/XR for Storytelling (3)

NEM 525 Virtual Production for Storytelling (3)

NEM 601 Short Form and 360 Video Production (3)

Electives (3 credit hours)

Culminating Experience (3 credit hours)

NEM 593 Applied Project (3)

Additional Curriculum Information

NEM 585 is a one credit hour course that must be taken three times, for a total of three credit hours.

Students must complete one course from the Other Requirements list.

Admission Requirements:

Applicants must fulfill the requirements of the Graduate College, the Walter Cronkite School of Journalism and Mass Communication and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or they must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- professional resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. TOEFL scores must be at least 100 for the internet-based TOEFL (iBT).

Global Opportunities:

Global Experience:

Students may use elective slots to participate in applicable study abroad experiences. Students are also encouraged to pursue work globally for their applied projects.

Career Opportunities:

This degree prepares students to thrive in a growing emerging media industry. According to a Burning Glass industry report in tandem with Epic Games (<https://www.burning-glass.com/research-project/visualizing-future-3d-skills-workforce/>), "Demand for 3D technology skills is growing quickly in the job market --- so quickly, in fact, that demand for these skills is outpacing the growth of the labor market overall." And according to EMSI data, job postings requiring skills in virtual reality are at an all-time high, with more than 13,000 jobs posted in August alone for roles such as advertising specialists and product developers at firms from Facebook to Deloitte.

Graduates are well-suited to careers in AR/VR/XR production, immersive storytelling, journalism and documentary production, and media project management, or to become entrepreneurial storytellers ready to seek funding for their own projects.

Performance (Collaborative Piano), MM (FACPIANOMM)

Online Degree Search Title: Piano, Collaborative, MM

Campus: Tempe

Program Description:

The MM program in performance with a concentration in collaborative piano gives students the opportunity to perform with all instrumental areas and voice, focusing on collaborative endeavors such as song recitals, instrumental duos and chamber music, operatic and musical theatre productions, and participation in large ensembles.

Students refine their pianistic technique while developing the specific knowledge and abilities necessary to be skilled and sensitive musical collaborators. Collaborative piano students have an impact on every area of the School of Music, Dance and Theatre, and their work with opera and musical theatre singers, orchestral instrumentalists, choral and large ensembles, composers, theatre artists and dance colleagues leads toward advanced careers in music.

Degree Requirements:

32 credit hours and a written comprehensive exam.

Required Core (4 credit hours)

MUP 527 Studio Instruction (4)

Concentration (14 credit hours)

MUP 511 Studio Instruction: Piano (4)

MUP 527 Studio Instruction: Collaborative Piano (4)

MUP 588 Collaborative Piano (2)

MUP 596 Solo Performance (2)

MUP 597 Solo Performance (2)

Electives (2-3 credit hours)

Other Studies in Music (11-12 credit hours)

music history (6)

music theory (5-6)

Culminating Experience (0 credit hours)

written comprehensive exam (0)

Additional Curriculum Requirements

The other studies in music requirement includes six credit hours of MHL coursework and five to six credit hours of MTC coursework.

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in courses for these programs through the ASU School of Music, Dance and Theatre. This is tracked internally within the academic unit.

Additional information on degree requirements for all graduate music majors may be found on the check sheets posted under each degree: <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- School of Music, Dance and Theatre application (including a resume, personal statement and repertoire list):

<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/music/graduate-steps-to-apply>)

- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music, Dance and Theatre does not offer conditional admission under any circumstances.

Applicants must perform an audition for admission. Auditions are scheduled following receipt of complete application materials. Information about the audition may be found at <https://musicdancetheatre.asu.edu/> (<https://musicdancetheatre.asu.edu/>).

A bachelor's degree in music is not required for admission to a master's program. However, all applicants without a bachelor's degree in music should email MDTAdmissions@asu.edu for information on potential remedial courses. Remedial courses may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to starting graduate-level course requirements in music history and music theory.

Applicants should see the program website for application deadlines. After an applicant's completed application materials have been received, including recommendation letters, transcripts and English proficiency, the applicant is confirmed for an audition.

Career Opportunities:

Musicians with expertise in performing, composing, teaching, researching and arts advocacy are in high demand across many sectors and industries, including performing arts organizations, educational institutions, entertainment companies, health and wellness industries, and community arts organizations. Skills such as creativity, collaboration, innovation, entrepreneurship and the focused discipline needed for success as musicians are all highly valued by a wide range of companies and professions.

School of Music, Dance and Theatre graduate programs inspire and empower students to become creative leaders who transform society through music. Career examples for collaborative pianists include:

- collaborative work in music-related fields such as media production, music business, publishing and marketing
- performing as a collaborative pianist with singers, instrumentalists, choral ensembles, or large instrumental ensembles
- pianist for musical theatre or opera productions
- pianist for music recording and studio work
- teaching in a private studio or community music program
- university professor or staff pianist
- working as a vocal coach

Performance (Conducting), MM (HIPERCOMM)

Online Degree Search Title: Performance (Conducting), MM

Campus: Tempe

Program Description:

The MM in performance with a concentration in conducting presents conductors of orchestras or wind bands with the opportunity to improve their art, craft and scholarship in pursuit of both professional and academic career aspirations. This program is also beneficial for public school teachers of orchestras and wind bands who want to strengthen their skills.

There are three tracks within this concentration.

The wind band track allows conductors to study privately with the director of bands and work closely with other members of the conducting faculty, including the director of athletic bands, to develop their conducting and rehearsal skills.

Podium time is essential for the development of conducting skills; therefore, wind band conductors enjoy significant time leading the ASU Wind Ensemble and Wind Symphony, serving as assistant conductor of the Maroon Band, and co-directing the Gold Band. Another exciting opportunity is the ASU Chamber Winds, a stand-alone graduate-level chamber wind group that the wind band conducting students have the opportunity to work with twice a week.

The orchestral track is designed to meet the needs of the conductor who focuses on orchestral conducting. Required courses are specific to orchestral conducting, and elective courses provide additional opportunities for further orchestral study.

The music direction track is designed to meet the needs of the musical director focusing on musical theatre and opera conducting. Required courses focus on music theatre and opera rehearsal techniques, technical production and repertoire.

Degree Requirements:

32 credit hours including a written comprehensive exam.

Required Core (4 credit hours)

MUP 527 Studio Instruction (4)

Concentration (7 credit hours)

MUP 596 Solo Performance (1)

MUP 597 Solo Performance (1)

Choose from the following for a total of 5 credit hours:

MUE 564 Instrumental Music, Advanced Rehearsal Techniques (3)

MUP 540 Principles of Integrated Conducting (2)

MUP 551 Repertoire: Music Theatre Repertoire (2)

MUP 571 Music Theatre: Workshops (2)

MUP 573 Music Theatre: Performance (1)

Track (9-10 credit hours)

Other Studies in Music (11-12 credit hours)

music history (6)

music theory (5-6)

Culminating Experience (0 credit hours)

written comprehensive exam (0)

Additional Curriculum Requirements

Students select a track from the following: wind band, orchestral or music direction. Students should see the academic unit for specific concentration and track course requirements for each track.

The other studies in music requirement includes six credit hours of MHL coursework and five to six credit hours of MTC coursework.

Track credit hours may include electives depending on course selections.

Completion of diagnostic exams in musicology and music theory is required of all new graduate music students prior to enrollment in courses for these programs through the ASU School of Music, Dance and Theatre. This is tracked internally within the academic unit.

Additional information on degree requirements for all graduate music majors may be found on the check sheets posted under each degree. <https://musicdancetheatre.asu.edu/degree-programs/music/graduate> (<https://musicdancetheatre.asu.edu/degree-programs/music/graduate>)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's or master's degree from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)

Performance (Performance), MM (FAPERF3MM)

Online Degree Search Title: Music Performance, MM

Campus: Tempe

Program Description:

The MM program in performance concentrates on the performance and teaching of music with an emphasis in performance.

Students work with faculty mentors to achieve a professional level of performance through individual recitals; chamber music; and choral, orchestral, jazz, music theatre and operatic ensembles, depending on their area of emphasis. Performance opportunities both on and off campus further develop the knowledge and abilities necessary to become leaders in a musical community through teaching, performing or art advocacy. The opportunity to collaborate with music scholars, theorists, composers, educators, dancers and theatre artists provides students with a broad and well-rounded foundation for advanced careers in music or continued study at the doctoral level.

Additionally, students learn skills that are needed to be a highly successful working musician including audition preparation, networking, learning organizational strategies, opportunity creation, and developing an entrepreneurial mindset.

Theatre, MA (FATHEAMA)

Online Degree Search Title: Theatre, MA

Campus: Tempe

Program Description:

The MA program in theatre introduces students to graduate study in the field of theatre and performance studies and provides a broad base of knowledge in the areas of history, theory, dramaturgy, research methods and practice.

Students have the opportunity to tailor their plan of study to specific research pathways and artistic subject areas such as performance studies, history and historiography, theory, dramatic writing, theatre for youth, performance as research, technology in performance, drama for teaching and learning, dramaturgy, devising, directing, civic engagement and performance.

The program is designed for those who wish to ultimately enter a doctoral program, for K-12 educators seeking to expand and amplify their expertise, and for those seeking to advance their knowledge of theatre and performance studies.

Degree Requirements:

30 credit hours, a thesis and a written comprehensive exam.

Required Courses (15 credit hours)

Electives (9 credit hours)

Culminating Experience (6 credit hours)

THE 599 Thesis (6)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current curriculum vitae
- sample of scholarly writing
- statement of purpose
- three letters of recommendation from professionals familiar with the applicant's work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The statement of purpose should address the applicant's background, experiences, research interests, and future career goals as they relate to their reasons for pursuing the degree program.

Applicants should see the program website for application deadlines.

Career Opportunities:

Professionals with an MA in theatre have successfully been recruited to doctoral programs in theatre, have obtained jobs as teaching artists, and have taught theatre in K-12 settings. Other career examples include:

- creating and forming a theatre company
- creating and producing original devised work
- obtaining highly competitive local and national arts grants and arts residencies
- working within an established arts organization as a teaching artist, program coordinator or event curator

Theatre (Arts Entrepreneurship and Management), MFA (HITHEAEMFA)

Online Degree Search Title: Theatre (Arts Entrepreneurship and Management), MFA

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The MFA program in theatre with a concentration in arts entrepreneurship and management teaches the skills of arts entrepreneurship, arts management and arts marketing within the context of the Master of Fine Arts degree in theatre, also grounding students in theories of performance, community-based arts, and theatre history and literature. Thus, students develop a holistic understanding of the role of arts managers as enablers of art-making.

Students in this program can earn a concurrent certificate in nonprofit leadership and management.

Degree Requirements:

60 credit hours including the required applied project course (THP 693), a practicum and an oral comprehensive exam.

Required Core (15 credit hours)

Concentration (27 credit hours)

Electives or Research (12 credit hours)

Other Requirements (3 credit hours)

THP 680 Practicum (2)

THP 684 Internship (1)

Culminating Experience (3 credit hours)

THP 693 Applied Project (3)

Additional Curriculum Information

Twelve elective credit hours are required for the 60 credit hour Master of Fine Arts. However, if students elect to pursue the NLM certificate concurrently, then they need to take an additional three credit hour elective course in the nonprofit leadership and management program to complete the certificate and degree requirements.

THP 680 is a one credit hour course students are required to take twice.

As part of the applied project requirement, students must submit a written document. An oral defense is also required.

Students should see the academic unit for a complete list of approved electives and required coursework for the core and concentration.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

In addition, the School of Music, Dance and Theatre requires a minimum of 30 undergraduate credit hours of coursework in theatre, film, dance, music, art or business with a minimum GPA of 3.20 overall.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- three letters of recommendation
- sample of critical writing (in lieu of GRE scores)
- statement of educational and professional objectives
- sample of entrepreneurial or managerial materials
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from professionals who can speak to the applicant's potential for success in arts entrepreneurship or management.

Examples of a critical writing sample include a term paper or research project.

The sample of entrepreneurial or managerial materials should be indicative of the candidate's potential to succeed as an arts entrepreneur or manager that might include but are not limited to publicity materials, marketing plans, budgets, stage management prompt books, grant proposals or business plans.

Interviews may be conducted on campus or remotely.

Applicants should see the program website for application deadlines and admission terms.

Theatre (Directing), MFA (FADIRMFA)

Online Degree Search Title: Theatre (Directing), MFA

Campus: Tempe

Program Description:

The MFA in theatre with a concentration in directing is a program for students who demonstrate serious purpose, professional aspirations, theatrical daring and the desire to explore new work in collaborating with playwrights and in the devising and creation process. Respect for fellow artists and a desire to learn about how all the parts fit together are essential qualities in the successful candidate and the successful director.

Students are introduced to varied critical viewpoints from select artists and scholars. A hands-on, mentor-student approach is emphasized, with the intent of developing the skill, artistry and communication skills required to be an excellent professional director.

Degree Requirements:

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project. Practical directing and directing classes are approximately 50% of the coursework. Classes also include:

- acting (viewpoints and composition)
- assistant directing for a professional or faculty director working on the main stage
- design collaboration
- devising methodologies
- directing the new play
- dramatic theory and criticism
- dramaturgy
- performance technology
- projects in community-based drama
- re-envisioning
- research methods
- theatre for social change
- theatre history and literature

MFA directors will direct a new work every year. Major assignments may include:

- creating and directing an adaptation of an existing work
- directing a new play by a Master of Fine Arts playwright
- directing one applied project in the Theatre or Music Theatre season
- guiding an ensemble in the devising process and directing the resulting devised piece

Directing faculty mentor all student projects. Academic and artistic progress is evaluated at the end of each semester by a faculty committee. Program continuation is contingent upon a successful review. A professional internship is required for each Master of Fine Arts director.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- current resume
- written directorial approach to a play selected by the reviewing committee
- three letters of reference from professionals familiar with the student's work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

A personal interview is required. Interviews via phone, video conference or campus visit are available by appointment.

The MFA in theatre with a concentration in directing recruits every three years. The next round of applications will be accepted in January 2024 for Fall 2024. Interested students should check back for updates.

Students should see the program website for application deadlines and admission terms.

<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply>)

Career Opportunities:

Professionals with a Master of Fine Arts in directing have obtained a variety of creative roles within the arts including directing professionally, starting theatre companies, working within established theatres and arts organizations, and building entrepreneurial ventures that bridge the arts with other sectors.

Career examples include:

- creating entrepreneurial ventures that bridge the arts with other sectors of society
- creating and producing original devised theatres for festivals or communities
- directing professionally at established theatres
- teaching in a variety of contexts from adjunct, visiting faculty, and professor of practice to tenure-track professor
- working as a teaching artist at a public or community school

Theatre (Dramatic Writing), MFA (FADRWRTMFA)

Online Degree Search Title: Theatre (Dramatic Writing), MFA

Campus: Tempe

Program Description:

The concentration in dramatic writing under the MFA in theatre includes coursework in playwriting, screenwriting, historical studies in theatre, dramatic theory, directing new work, literary management, electives and related topics such as writing for solo performance, storytelling, devising and collaborative writing.

The School of Music, Dance and Theatre supports the production of new plays and performance works written by its Master of Fine Arts students. Student-written work is included in the Theatre Labs and is considered for main stage productions.

Degree Requirements:

60 credit hours including the required applied project course (THP 693).

Required Core (27 credit hours)

THE 500 Research Methods (3)

THE 504 Studies in Dramatic Theory and Criticism (3)

THE 520 Theatre History and Literature (3)

THP 560 Dramatic Writer's Workshop (15)

THP 561 Scripts in Progress (3)

Concentration (9 credit hours)

THE 562 Dramaturgy Workshop (3)

THP 520 Directing the New Play (3)

THP 598 Special Topics (3)

Electives (18 credit hours)

Culminating Experience (6 credit hours)

THP 693 Applied Project (6)

Additional Curriculum Information

As part of the electives coursework, students have the option to complete an internship (THP 684) for three credit hours.

Students should see the academic unit for a complete list of approved electives and they should consult the degree check sheet.

<https://musicdancetheatre.asu.edu/degree-programs/theatre-dramatic-writing-mfa> (<https://musicdancetheatre.asu.edu/degree-programs/theatre-dramatic-writing-mfa>)

The applied project is the writing of a thesis play, which is to be developed as one of the following: a full production on the school's main stage, a staged reading, or a workshop production.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in theatre or in creative writing from a regionally accredited institution. An applicant may have an undergraduate degree outside of theatre and may be admitted on the basis of excellent creative writing and academic work. Deficiencies in undergraduate preparation may be removed while pursuing the MFA degree.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- current resume
- statement of career goals, including writing endeavors or interests
- manuscript sample of either a full-length play (60 pages or more) or a series of one-act plays (30 pages minimum)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Career Opportunities:

Professionals with an Master of Fine Arts in dramatic writing regularly have their work produced at festivals, staged readings and theatres across the country. They have obtained highly competitive artist residencies and awards for their work. Some have had their plays published.

Career examples include:

- publishing plays
- readings and full productions of work at theatre festivals
- teaching in a variety of contexts from adjunct, visiting faculty, and professors of practice

- working at an established arts organization in a variety of roles
- working as a teaching artist
- work produced and staged professionally at established theatres and venues

Theatre (Interdisciplinary Digital Media), MFA (FATHEADMFA)

Online Degree Search Title: Theatre (Interdisciplinary Digital Media), MFA

Campus: Tempe

Program Description:

Digital media as a way of making and thinking about art and experience is a growing importance in society today. Courses combined with research activities prepare students to become sophisticated developers, makers, evaluators and entrepreneurs of digital media while at the same time completing a sequence of core courses in theatre.

This graduate program is offered through the School of Music, Dance and Theatre in collaboration with the School of Arts, Media and Engineering.

Degree Requirements:

60 credit hours including the required applied project course (THP 693).

Core School of Arts, Media and Engineering courses, to be selected in consultation with each student's School of Arts, Media and Engineering graduate advisor (minimum of 18 credit hours)

Research and applied project (15 credit hours)

Core courses in theatre theory, history and practice (27 credit hours)

The overall course of study is developed with the advisor to ensure a breadth of transdisciplinary knowledge.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee.
- official transcripts
- current resume
- statement of purpose
- portfolio that supports the statement of purpose
- academic writing sample from a previous degree, independent work or publication
- three letters of recommendation from professionals familiar with the applicant's work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The statement of purpose should describe the applicant's background in theatre and interest in and suitability for work in the intersection of theatre and digital media.

Applicants should thoroughly review application deadlines and requirements on the Music, Dance and Theatre department website:

<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply>)

Applicants should see the program website for application deadlines but should note that for financial aid purposes, the School of Arts, Media and Engineering deadline is February 1.

Career Opportunities:

Graduates are prepared to work in a variety of settings and industries including interactive and experience design, themed entertainment, higher education, event design, professional theatre companies and community arts organizations.

Graduates from this program have a very high rate of early career placement, and alumni have gone on to a diverse array of positions, including tenured and tenure track positions at research universities, lead technicians for Cirque du Soleil, designers and technicians for Obscura Digital and similar companies, projection department heads at major regional theatres, and freelance designers from Korea to Broadway.

Career examples include:

- AR/VR/XR designer
- digital media artist or designer
- digital media arts educator or professor
- digital media composer
- interactive media designer
- interactive performance artist
- media technician
- performance designer

Theatre (Performance Design), MFA (FAPERDMFA)

Online Degree Search Title: Theatre (Performance Design), MFA

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

ASU offers a strenuous and innovative MFA program in theatre with a concentration in performance design that focuses on a nontraditional approach to design training in preparation for the theatrical design challenges of the future. The design student works with an ensemble of designers, directors and performers to create new projects that redefine the role of the traditional designer.

Skills for approaching and creating new work include:

- design applications in multimedia
- development of artistic entrepreneurship and integrity
- drafting and computer imaging
- new work development

Performance design students work in multiple venues, including the 481-seat Galvin Playhouse, 164-seat Lyceum Theatre, two studios and one experimental space. In addition, students work in the shops, a design studio and a computer-imaging lab.

Admission to the directing, performance and performance design concentrations is cohort-based.

Degree Requirements:

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project. Academic and artistic progress is evaluated at the end of each semester by a faculty committee. Program continuation is contingent upon a successful review. A professional internship is required and can be fulfilled anytime after the

first year of study. Students conclude with an applied ensemble design project suited to their needs and interests.

The first year is dedicated to creating an ensemble as well as honing the skills needed to visually communicate ideas to a director and audience. The second year concentrates on new work development that culminates in a tour. This year also concentrates on strengthening design abilities. The third year serves as a bridge between the educational and professional theatre and the communities they serve.

Admission Requirements:

Applicants must fulfill the requirements of the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- academic writing sample
- current resume
- portfolio of 10 samples of visual work to be presented at interview
- three letters of recommendation from professionals familiar with the student's work
- written statement of purpose
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants also are required to do an interview.

Students are admitted to this program every three years, forming a cohort with their colleagues in the other Master of Fine Arts programs in theatre practice.

Students should see the program website for application deadlines and admission terms.

Theatre (Performance), MFA (FAPERFMFA)

Online Degree Search Title: Theatre (Performance), MFA

Campus: Tempe

Program Description:

The MFA program in theatre with a concentration in performance focuses on cultivating the actor-creator and fostering the conceptual thinker and collaborator by teaching students to develop and create original devised works and developing their skills as artist entrepreneurs. Innovative performance applications in multimedia and transdisciplinary collaboration are informed by artistic integrity and social responsibility.

The school offers multiple approaches to devising and new work development:

- Fitzmaurice voicework
- Lecoq training
- new play development
- performance technology
- Rasaboxes
- solo and collaborative performance
- various devising methodologies
- Viewpoints

In addition to core physical and vocal training, the program offers undergraduate-level teaching opportunities, funding for national and international conference travel, and career development internship opportunities.

During the third year of study, candidates conduct professional career development internships. In the past, students have completed internships at:

- Childsplay, AZ
- Cleveland Playhouse
- Dah Theatre, Belgrade, Serbia
- North Coast Rep
- One Yellow Rabbit
- SITI Company
- Synetic Theatre
- The Actor's Gang (Los Angeles)
- Theatre L'Homme Dieu
- Victory Gardens

Degree Requirements:

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project.

The first year is dedicated to intensive movement; acting and Fitzmaurice voice training; and ensemble-building and devising with a focus on Lecoq, Rasaboxes, Viewpoints and Meisner.

Second-year training provides opportunities for students to explore their work in a wide range of performance modalities such as community-embedded drama, solo performance, performance and technology, and devising original work. Performers collaborate with the MFA designers, directors and playwrights to devise a new scripted performance for the mainstage season.

The third year culminates in an applied performance project, serving as a bridge between the educational and professional worlds and the communities they serve.

Academic and artistic progress is evaluated at the end of each semester by a faculty committee. Program continuation is contingent upon a successful review. A professional career development internship is required.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume
- statement of purpose
- academic writing sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The letters of recommendation should be from professionals familiar with the student's work.

Students are admitted to this program every three years, forming a cohort with their colleagues in the other Master of Fine Arts programs in theatre practice.

Applicants need to do an interview either on campus or at one of the university or resident theatre association sites.

Students should see the program website for application deadlines and admission terms.

Career Opportunities:

Professionals with a Master of Fine Arts in performance have successfully obtained tenure-track jobs in movement, voice, acting and devising as well as post-graduate fellowships, visiting faculty positions and adjunct faculty positions at prestigious colleges and universities across the country.

The program builds skills for creating one's own theatre and theatre company and several of the program's graduates have successfully created their own theatre companies. Several graduates have become professional actors working in regional and professional theatres as well as joining established theatre companies or work within an established theatre company as teaching artists, program coordinators and event curators.

Career examples include:

- creating and forming a theatre company
- creating and producing original devised work
- obtaining highly competitive local and national arts grants and arts residencies
- obtaining tenure-track jobs in acting, voice and movement
- obtaining visiting faculty and adjunct faculty positions
- performing and touring with established theatre companies
- presenting work at national and international conferences
- publishing articles and books that impact the field
- working within an established arts organization as a teaching artist, program coordinator or event curator

Theatre (Theatre for Youth and Community), MFA (FAYOUTHMFA)

Online Degree Search Title: Theatre (Theatre for Youth and Community), MFA

Campus: Tempe

Program Description:

The internationally recognized theatre for youth and community MFA program features distinguished faculty, excellent facilities, comprehensive coursework and practical experiences in all areas of theatre, educational theatre, community cultural development and theatre for youth. The faculty provide students individualized attention and focused mentorship in a challenging and supportive atmosphere designed to prepare students for teaching, art making and community engagement.

Degree Requirements:

60 credit hours including the required applied project course (THP 693), a written comprehensive exam and an oral comprehensive exam.

This is a three-year program.

Required core courses are supplemented by elective courses in an emphasis area which are focused on preparation for suitable career paths and options. An internship with a professional theatre company, school or arts organization and a final applied project complete the program.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- current curriculum vitae
- statement of purpose
- work sample
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Applicants should thoroughly review application deadlines and requirements on the department's website:

<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply>).

A highly competitive program, this degree accepts only a small number of students each year in order to provide highly individualized attention.

The statement of purpose should clearly explain the applicants aesthetic and educational philosophies and future career goals. After reading the statement, the faculty should understand not only the applicant's current passions but also why the theatre for youth and community program at ASU would be an appropriate fit to meet the student's educational, practical and scholarly goals. The program accepts thoughtful, well-informed artists, scholars, educators and citizens.

The three letters of recommendation should be from professionals familiar with the applicant's work.

Career Opportunities:

Graduates are prepared to be engaged and innovative leaders in a variety of careers in diverse settings and industries, including:

- arts entrepreneurship
- community arts
- elementary, secondary and tertiary education systems
- professional theater
- youth theater

Examples of careers include:

- activist
- director
- facilitator
- organizer
- practitioner
- specialist
- teacher

Theatre (Theatre for Youth and Community), PHD (FAYOUTHPHD)

Online Degree Search Title: Theatre (Theatre for Youth and Community), PhD

Campus: Tempe

ASU is not currently accepting applications for this program. The next round of applications will be accepted in January 2023 for Fall 2023.

Interested students should check back for updates.

Program Description:

The internationally recognized PhD program in theatre with a concentration in theatre for youth and community at ASU features distinguished faculty, excellent facilities and comprehensive coursework, research guidance, and practical experiences in all areas of theatre, educational theatre, community cultural development and theatre for youth.

Students receive individualized attention and focused mentorship in a challenging and supportive atmosphere designed to educate future leaders and researchers in the field.

Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (30 credit hours)

Research (12 credit hours)

THE 792 Research (12)

Research Methodology (6 credit hours)

Culminating Experience (12 credit hours)

THE 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

In meeting these requirements, students, with the advice of the supervisory committee, may select theatre courses in areas such as community-based theatre, theatre education, theatre for social change, theatre history, theatre theory and criticism, and tutorial courses.

Students also may take courses outside the School of Music, Dance and Theatre in areas such as aesthetic theory, area studies, children's literature, critical and cultural studies, educational theory and methodology, languages and literatures, arts education, policy research and democracy studies.

Research methodology coursework is chosen in consultation with the supervisory committee. Where appropriate, the supervisory committee may approve certification of literacy in a foreign language as meeting the research methodology requirement. This approval is granted only in those circumstances wherein fluency in that language is necessary for the dissertation research.

Additional Curricular Requirements:

- ongoing reviews of a student's performance in courses and development of research skills, artistic skills and teaching competencies conducted by the supervisory committee at the end of each semester
- comprehensive examinations composed of written and oral components centering on theatre history, literature and criticism, theatre for youth and theatre education and the research area
- dissertation developed from an approved prospectus, based on original research work of high quality, demonstrating proficiency in the student's special field and adding new knowledge

All activities are selected to help students meet the goals of the program and develop the capability of becoming leaders in the field.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in theatre or education from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- curriculum vitae
- sample of scholarly writing
- statement of purpose
- three letters of recommendation
- proof of English proficiency

An interview is optional.

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

For the statement of purpose, applicants should cogently explain their research, educational philosophies and future career goals. After reading these statements, the PhD faculty should understand not only their current passions, but also why the theatre for youth and community program at ASU would be an appropriate fit to meet their educational, philosophical and scholarly goals.

Three letters of recommendation from professionals familiar with the applicant's work should address, specifically, the applicant's potential for success in a doctoral program.

Applicants should thoroughly review application deadlines and requirements on the school's website:

<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply>).

Theatre (Theatre/Performance Americas), PHD (FAPERAMPHD)

Online Degree Search Title: Theatre (Performance America), PhD

Campus: Tempe

ASU is not currently accepting applications for this program. The next round of applications will be accepted in January 2023 for Fall 2023. Interested students should check back for updates.

Program Description:

The PhD in theatre with a concentration in theatre and performance of the Americas trains scholars to examine the histories, theories and practices associated with cultural performance from a hemispheric point of view.

Through coursework, seminars, research and study opportunities, doctoral students work from diverse critical perspectives that mobilize thought across geographical and disciplinary borders. They develop skills to reexamine and interrogate the canon of theatre as text and as performance, expanding the traditional boundaries of theatre studies in two ways: via a perspective that considers the shared histories and practices of theatre and performance in the Americas as central to an intervention in traditionally narrated histories and theories of theatre; and via the methodologies of cultural and performance studies that accommodate other forms of embodied expression related to but distinct from formal theatrical expression.

The course of study is designed to provide substantive historical and theoretical grounding in the field while allowing flexibility in specialized seminar and practical experiences. The first year of study immerses students in the theoretical and practical groundwork of performance research in general, and in modalities of performance in the Americas in particular. In the second year, students build on research interests identified in the first year through specialized coursework and practical experience.

Degree Requirements:

90 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (24 credit hours)

Electives (12 credit hours)

Research (12 credit hours)

THE 792 Research (12)

Culminating Experience (12 credit hours)

THE 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Two of the elective courses must come from outside the school, and they must be approved by the supervisory committee.

In meeting these requirements, students, with the advice of the supervisory committee, may select theatre courses in areas such as community-based theatre, dramaturgy, theatre for social change, theatre history, theatre theory and criticism, and related topics seminars.

Students also may take courses outside the School of Music, Dance and Theatre in areas such as critical and cultural studies, area studies, languages and literatures, and aesthetic theory. All activities are selected to help students meet the goals of the program and develop the capability of becoming leaders in the field.

Preliminary Reviews:

Reviews of the student's performance in courses and development of research skills, artistic skills and teaching competencies are conducted by the supervisory committee at the end of each semester.

Comprehensive Examinations:

Examinations are comprised of written and oral components centering on theatre history, literature and criticism, theatre and performance of the Americas and the research area.

Dissertation Requirements:

A dissertation based on original high-quality research work demonstrating proficiency in the student's special field is required.

Admission Requirements:

Applicants must fulfill the requirements of the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in a relevant area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's program and a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- curriculum vitae
- sample of scholarly writing
- statement of purpose
- three letters of recommendation from professionals familiar with the student's work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

The statement of purpose should address the student's background and experiences as they relate to the student's reasons for pursuing the doctorate, and it should describe the student's research interests and indicate future career goals.

An interview is strongly recommended.

Students should see the program website for application deadlines. <https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply> (<https://musicdancetheatre.asu.edu/admissions/theatre/graduate-steps-to-apply>)

Career Opportunities:

Many alumni with a doctoral degree in theatre and performance of the Americas go on to teaching and research positions in higher education, while some have chosen careers in arts and culture organizations where their expertise in curation and dramaturgical framing of artistic work finds expression. There is also a strong record of article and book publications that represent significant contributions to the field.

Career examples include:

- post-graduation fellowships at prestigious universities
- tenure-track jobs
- visiting faculty positions
- working within an established arts or cultural organization in a variety of positions

Urban Design, MUD (ARMUDMUD)

Online Degree Search Title: Urban Design, MUD

Campus: Tempe

Program Description:

The MUD is a transdisciplinary post-professional graduate program in The Design School which provides students with actionable knowledge of urban systems that enables them to lead socially just urban transformations for community resilience.

Students study and apply newly emerging design knowledge from architecture, landscape architecture, creative placemaking and keeping, urban planning, community development, civil engineering and real estate development. Students also draw from critical works in nondesign disciplines including climate science, social justice, sustainability science, urban ecology, urban climate, smart city, law, and systems theory.

Program studio projects are run as service-learning studios whenever possible. This approach partners students with cities and communities to exchange knowledge and learn from each other. Recent studio topics have covered the climate crisis, urban watershed design, indigenous design knowledge and practice, social justice, community health, the integration of wildlife corridors in compact urban development, and smart city approaches to rapid technological change.

The Master of Urban Design curriculum is built around the analysis and understanding of these dynamic urban systems specific to rapidly urbanizing and arid regions of the world. The program leverages a number of local factors --- the rapidly expanding Phoenix metropolis, the arid climate and the area's cultural diversity --- in the development of responsible global initiatives and innovative design strategies for urban environments.

This program addresses the urban design transformations that are needed in order to build just, sustainable and resilient communities that can address a multitude of crises.

Degree Requirements:

36 credit hours including the required applied project course (MUD 593).

Required Core (10 credit hours)

MUD 521 Advanced Urban Design Studio I (5)

MUD 522 Advanced Urban Design Studio II (5)

Electives (9 credit hours)

Other Requirements (12 credit hours)

LAP 598 Topic: Smart City Sustainability and the Environment (3)

MUD 598 Topic: Great Cities (3)

MUD 598 Topic: Principles of Collaboration in Design (3)

MUD 598 Topic: Urban Issues (3)

Culminating Experience (5 credit hours)

MUD 593 Applied Project (5)

Additional Curriculum Information

Students should see the academic unit for an approved design professional elective list.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- two references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency through either the TOEFL or the IELTS regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS.

Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Applicants who hold a studio-based four-year undergraduate design degree will be considered for the one-year MUD program. The Master of Urban Design is a postprofessional program.

Applicants must hold an undergraduate or graduate degree from a college or university recognized by ASU in a studio-based design discipline.

The portfolio, letter of intent and contact information for three references need to be submitted to SlideRoom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). The Design School requires that these be submitted in addition to the graduate admission application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

Applicants may be admitted to the one-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. This may cause the student to take longer than one year to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome, and the candidate should make arrangements by contacting the department.

Career Opportunities:

Alumni of the Master of Urban Design have found careers with nationally recognized urban design firms, within public municipalities and agencies in the United States and abroad, and with nonprofit organizations.

Visual Communication Design, MVCD (HIVCDMVCD)

Online Degree Search Title: Visual Communication Design, MVCD

Campus: Tempe

Program Description:

The MVCD is a studio-based degree program.

Students in this program work on strategic visual communication design projects with a focus on visual design communication proposals as well as related practices that improve human experiences, enhance interaction with technology, increase business value, and speculate critically about social issues. Students engage in visual and theoretical research, ideation, visualization, prototyping and testing of creative solutions that address critical problems faced in the contemporary designed world.

Graduates of this program are adept in working with principles of visual communication design, emotional intelligence, and systems thinking in problem identification and its appropriate contextual solutions.

Degree Requirements:

60 credit hours including the required capstone course (GRA 622).

Required Core (43 credit hours)

Electives (6 credit hours)

Other Requirement (6 credit hours)

GRA 581 Internship in Teaching Design (3)

GRA 584 Internship (3)

Culminating Experience (5 credit hours)

GRA 622 Advanced Visual Communication Design Studio IV (5)

Additional Curriculum Information

The Master of Visual Communication Design program includes sequential studio courses. Requirements involve an average of 14 credit hours per semester. A summer internship is required during the summer prior to the final year.

The three-plus-year program adds the following requirement to the plan of study: deficiency courses (42 credit hours).

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution. Students should see below for information on the qualifications for a two-year program of study or a three-plus-year program of study.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- additional required application items submitted to SlideRoom (see below)
- two letters of reference
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency through either the TOEFL or the IELTS regardless of current residency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Additional information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

A portfolio, letter of intent, resume, and contact information for three references need be submitted to SlideRoom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). The Design School requires that these be submitted in

addition to the Graduate College application requirements.

Admission to the program is selective. Admission cannot be deferred. Students must enroll in the semester for which they are admitted; otherwise, they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Admission Requirements to the Two-Year Program

All applicants must have completed a minimum of a bachelor's degree or equivalent or a graduate degree from a regionally accredited college or university of recognized standing in visual communication design or graphic design, or other design discipline, or have significant experience in design demonstrated with a portfolio where visualization and visual communication skills are presented.

Admission Requirements to the Three-Plus-Year Program

All applicants must have earned a bachelor's degree or equivalent in a field other than in visual communication design or graphic design, or no significant experience in visual communication or graphic design.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. This may cause the student to take longer than two years to complete the program.

Career Opportunities:

Graduates pursue professional practice in visual communication, experience design and strategic design as well as in academia. Career opportunities include:

- creative lead
- design critic
- design futures professional
- design manager
- design researcher
- experience designer
- interaction designer
- senior visual communication designer
- service designer
- social designer
- strategic designer
- UX designer
- visual design consultant
- visual sense-maker

Engineering, Ira A. Fulton Schools of

Aerospace Engineering, MS (ESAEROSPMS)

Online Degree Search Title: Aerospace Engineering, MS

Campus: Tempe

Program Description:

The MS program in aerospace engineering prepares engineers for doctoral study or industrial positions specializing in research, project management and product innovation in aerospace engineering.

The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport

phenomena; thermodynamics; and energy.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Aerospace Engineering (Aeronautics), BSE
- Aerospace Engineering (Astronautics), BSE
- Aerospace Engineering (Autonomous Vehicle Systems), BSE
- Mechanical Engineering, BSE
- Mechanical Engineering (Computational Mechanics), BSE
- Mechanical Engineering (Energy and Environment), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours and a portfolio, or 30 credit hours and a thesis, or 30 credit hours including the required applied project course (MAE 593).

Major Area of Emphasis (12 or 15 credit hours)

Technical Electives (6 or 9 credit hours)

Mathematics (6 credit hours)

Culminating Experience (0 to 6 credit hours)

MAE 593 Applied Project (3) or

MAE 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

All students are admitted to the nonthesis option unless a faculty thesis advisor is secured, at which time the student can initiate a change to the thesis option.

The plan of study must be in accordance with university and program requirements. A minimum cumulative GPA of 3.00 (scale is 4.00 = "A") is required throughout the program. Candidates for the program must complete a minimum of 30 credit hours of courses at the 500 level and above, with a minimum cumulative GPA of 3.00 or above.

Students completing a portfolio for the culminating experience must complete at least 15 credit hours of graduate MAE coursework (500 level and above) for the major area of emphasis requirement. An additional three credit hours of elective coursework, for a total of nine credit hours, is also required.

Coursework for the major area of emphasis is restricted to MAE coursework.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency via a minimum score of 80 on the internet-based Academic Catalog Archive 2022-2023

TOEFL regardless of current residency.

Admission to the aerospace engineering graduate program is highly competitive.

Admission to the 4+1 degree program requires an ASU GPA of 3.50 (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review, and admission is not guaranteed.

Career Opportunities:

Professionals with a master's degree in aerospace engineering have strong opportunities at most levels in aerospace engineering in research, design and manufacturing at companies of all sizes as well as national laboratories (DOE, DOD, NASA). Analytical skills learned in aerospace engineering are also valued for other nonengineering positions.

Career examples include:

- engineer
- engineering manager or director
- research engineer

Aerospace Engineering, PHD (ESAERSPPHD)

Online Degree Search Title: Aerospace Engineering, PhD

Campus: Tempe

Program Description:

The PhD program in aerospace engineering emphasizes original research and provides students with a strong background for employment by academic institutions, government laboratories and industrial research laboratories with a focus on aerospace engineering.

The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport phenomena; thermodynamics; and energy. Modern computational and laboratory facilities are available to support timely research investigations.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

All students pursuing the doctorate are required to pass both a qualifying and a comprehensive examination administered by the program committee. In addition, the following are required:

coursework directly related to the research area (18)
mathematics (9)
graduate courses outside the major research area (9)
MAE 792 Research
MAE 799 Dissertation credit hours (12)

Students in the doctoral program who have not completed an MS degree previously will be allowed to apply for a Master of Science in Passing after successfully completing the comprehensive exams.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from an accredited U.S. or international institution.

Applicants must have a minimum cumulative GPA of 3.25 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or

applicants must have a minimum cumulative GPA of 3.25 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency via a minimum of score of 80 on the internet-based TOEFL regardless of current residency.

Admission to the aerospace engineering doctoral program is highly competitive and preferred applicants have an undergraduate or master's degree in aerospace engineering or mechanical engineering. The admission process considers all aspects of the student's application. The typical successful applicant has a cumulative GPA of at least 3.25 (scale is 4.00 = "A") in engineering and science coursework in a bachelor's or master's degree program and has high GRE and TOEFL scores.

Career Opportunities:

Professionals with a doctorate in aerospace engineering have strong opportunities at all levels in aerospace engineering in research, design and manufacturing at companies of all sizes as well as national laboratories (DOE, DOD, NASA). Analytical skills learned in aerospace engineering are also valued for other nonengineering positions.

Career examples include:

- engineer
- engineering manager or director
- engineering professor
- research engineer

Applied Ethics and the Professions (Ethics and Emerging Technologies), MA (LAAEPEETMA)

Online Degree Search Title: Applied Ethics (Ethics and Emerging Technologies), MA

Campus: Tempe

ASU is not currently accepting applications for this program.

Program Description:

The MA program in applied ethics with a concentration in ethics and emerging technologies examines ethical challenges posed by emerging technologies, including nanotechnology, neurotechnology, biotechnology, robotics, and advanced information and communication technology. Not only are these technologies being developed at an unprecedented pace, they also share several unique characteristics, including system complexity, social embeddedness and the potential to converge with one another.

Emerging technologies are changing how humans live and work and have the potential to alter the very nature of human existence. Challenges considered by courses in the program include emerging technologies and public policy, ethical responsibilities of professionals engaged in development of emerging technologies, promise and perils of emerging technologies, and whether traditional ethical concepts and processes can and should be applied to emerging technologies.

Degree Requirements:

30 credit hours including the required applied project course (AEP 593).

Required Core (6 credit hours)

Concentration (3 credit hours)

Elective (15 credit hours)

Culminating Experience (6 credit hours)

AEP 593 Applied Project (6)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores sent directly to Graduate Admission Services
- statement of interest in applied ethics and career goals
- three letters of recommendation

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency by meeting the Graduate College English proficiency requirements regardless of current residency.

Applicants required to demonstrate English proficiency and who are seeking a teaching assistantship must demonstrate proficiency in spoken English; a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL is required.

Biological Design, MS (ESBDEMS)

Online Degree Search Title: Biological Design, MS

Campus: Tempe

Program Description:

Students pursuing the MS degree in biological design are trained in the continuum between technology and biology by participating in a flexible training program that requires students to take one program core course (Principles of Biological Design), one course from a suite of biotechnology courses, and one from a suite of statistics courses. The flexibility of this program, while maintaining key instructional structure, allows students from both traditional and non-traditional engineering backgrounds to have access to training and mentoring simultaneously in both engineering and technology with a biological focus. This allows students from diverse backgrounds to have access to transdisciplinary education and training that they would not have in traditional program settings.

As part of coursework and applied projects or theses, students read literature; identify critical problems related to energy, environment, human health, sustainability and security; and develop solutions to these problems using a synergy of technological and biological solutions, either in teams (course projects) or individually (thesis or applied project). Students are mentored by faculty from different colleges and schools at ASU.

Degree Requirements:

30 credit hours and a thesis, or 30 credit hours including the required applied project course (BDE 593).

Required Core (3 credit hours)

BDE 502 Biological Design II (3)

Statistics (3 credit hours)

CHE 598 Topic: Six Sigma Methodology/Engineering Experimentation (3)

IEE 572 Design Engineering Experiments (3)

IEE 578 Regression Analysis (3)

IEE 670 Mathematical Statistics (3)

Biotechnology (3 credit hours)

BME 598 Topic: Bioenergy and Microbial Biotechnology (3)

BME 598 Topic: Cellular and System Modeling (3)

BME 598 Topic: Chimeras and Recombinant Organisms in Medicine (3)

CEE 565 Advanced. Environmental. Biotechnology (3)

CEE 567 Environmental Microbiology (3)

CEE 598 Topic: Bio-inspired Design (3)

CHE 579 Microbial Bioprocess Engineering (3)

CHE 598 Topic: Nanobiotechnology (3)

CHE 598 Topic: Synthetic Biology and Metabolic Engineering (3)

Electives (12 or 15 credit hours)

Other Requirements (3 credit hours)

BDE 591 Seminar (3)

Culminating Experience (3 or 6 credit hours)

BDE 593 Applied Project (3)

BDE 599 Thesis (6)

Additional Curriculum Information

BDE 591 Seminar is a one credit hour course to be taken in three semesters. This course may be substituted with the academic unit's approval.

Students select electives in consultation with their advisor. Students completing the applied project for the culminating experience must complete 15 credit hours of electives, and students completing the thesis option take 12 credit hours of electives.

Students must complete three credit hours for each requirement in statistics and in biotechnology from the courses listed. If approved by the academic unit, courses may be substituted with an appropriate alternative.

Coursework selected as part of the statistics or biotechnology requirements may not be used as elective coursework on the same plan of study.

Students should check with their academic advisor to ensure that the total credit hours of their plan of study are equal to 30.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering. Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field, including physical sciences, biological sciences, and engineering from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Applicants whose native language is not English are required to achieve a minimum score of 90 on the TOEFL iBT.

The application process is very competitive and candidates are strongly encouraged to adhere to all priority deadlines.

Career Opportunities:

The master of science program in biological design trains a new type of student at this very interface, with cutting-edge skills at the continuum spanning technology and biology. It is anticipated that graduates will find placement in the broader biotechnology industry including biopharmaceutical processing, biomanufacturing, sustainable biotechnology, and food and agribusiness industries. Some graduates will likely pursue careers in entrepreneurship (e.g. start-up companies), law (e.g. patent law), regulatory affairs and medicine.

Career examples include:

- clinical laboratory technologists
- environmental engineers
- environmental scientists and specialists
- epidemiologists
- health and safety engineers
- microbiologists

Biological Design, PHD (GCBDSPHD)

Online Degree Search Title: Biological Design, PhD

Campus: Tempe

Program Description:

The PhD program in biological design seeks to develop a new type of scientist by training students in core disciplines related to biomedicine and biotechnology while simultaneously preparing them to participate successfully in the interdisciplinary research teams of the future.

The research emphasis is on projects that are use-inspired, contributing directly to solutions for important societal challenges. This is a highly mentored program of personalized study that provides significant interaction with the large and vibrant local research community.

There are four key distinguishing features of the curriculum: a personalized plan of study that allows students to explore the disciplinary and interdisciplinary areas of greatest interest; encouragement to choose dissertation research projects that are use-focused, contribute to solving a large-scale challenge and promise rich transdisciplinary experiences; opportunities to participate in a proseminar format to encourage broad research interactions and discuss problems and challenges in biological design research; and three 10-week laboratory rotations during the first year of study. Rotations can be in any ASU laboratory that is centered largely on biological research.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (3 credit hours)

BDE 702 Fundamentals of Biological Design II (3)

Other Requirements (2 credit hours)

BDE 598 Special Topics: Biological Design Seminar (1)

BDE 791 Seminar: Biological Design Proseminar (1)

Electives and Research (67 credit hours)

Culminating Experience (12 credit hours)

BDE 799 Dissertation (12)

Additional Curriculum Information

Other requirements courses may be substituted with approval of the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Three letters of recommendation relative to the candidate's academic career are required. The personal statement should reflect the candidate's career and educational goals and should explain why the candidate is interested in pursuing this degree. The resume should include prior research and employment experience, honors, awards, memberships held, publications, etc.

For additional admission requirements, including transcripts, fees and international application requirements, students should see the Graduate Admission Services website.

Career Opportunities:

Graduates are trained at the intersection of biological sciences, physical sciences and technology through innovation, design and production. They find career opportunities in health care, biotechnology, pharmaceutical discovery, biomanufacturing, security, environmental and food agribusinesses.

Career examples include:

- biochemists and biophysicists
- clinical scientists
- environmental engineers
- health and safety engineers
- medical scientists and engineers
- microbiologists

Biomedical Engineering, MS (ESBIOENMS)

Online Degree Search Title: Biomedical Engineering, MS

Campus: Tempe

Program Description:

The School of Biological and Health Systems Engineering faculty offer a graduate program leading to the MS in biomedical engineering.

Areas of study include:

- biomaterials, biosensors, biomarkers and biomimetic materials
- biomedical imaging
- molecular, cellular and tissue engineering
- neural and rehabilitation engineering
- synthetic and systems biology

Biomedical engineering offers an accelerated BSE/MS in biomedical engineering degree for students in the Bachelor of Science in Engineering program who have maintained a GPA of 3.50 (scale is 4.00 = "A") into their junior year. The program allows up to 12 credit hours of graduate-level coursework taken during the senior year to be applied toward both the undergraduate and graduate degrees.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Biomedical Engineering, BSE
- Biomedical Engineering (Biological Devices), BSE
- Biomedical Engineering (Biomedical Devices), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours and a thesis, or 30 credit hours including the required applied project course (BME 593).

All candidates pursuing a master's degree in biomedical engineering are required to complete an approved plan of study. Special course requirements for the different areas of study are established by the faculty.

A candidate whose undergraduate degree is in a field other than biomedical engineering may be required to complete more than the required credit hours of the program of study.

The following are program requirements for the applied project option:

- biomedical engineering coursework (13)
- biomedical engineering seminar (2)
- general electives (6)
- quantitative electives (6)
- applied project (3)

The following are program requirements for the thesis option:

- biomedical engineering coursework (9)
- biomedical engineering seminar (3)
- general electives (6)
- quantitative electives (6)
- thesis (6)

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume or curriculum vitae
- a statement of purpose
- two letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Career Opportunities:

Professionals who specialize in biomedical engineering research areas are in high demand across sectors and industries, including business, academia, hospitals, government agencies and research facilities. The skill sets gained by graduates of the Master of Science program in biomedical engineering are sought by local, national and international employers.

Career examples include:

- biochemical engineer
- bioinformatics scientist
- biomedical engineer
 - geneticist
 - health sciences manager
- medical scientist
- molecular biologist
 - nanosystems engineer

Biomedical Engineering, PHD (ESBIOENPHD)

Online Degree Search Title: Biomedical Engineering, PhD

Campus: Tempe

Program Description:

The School of Biological and Health Systems Engineering faculty offer a graduate program leading to the PhD in biomedical engineering.

Areas of study include:

- biomaterials, biosensors, biomarkers and biomimetic materials
- biomedical imaging
- molecular, cellular and tissue engineering
- neural and rehabilitation engineering
- synthetic and systems biology

The doctoral degree in biomedical engineering is conferred upon evidence of excellence in research resulting in a scholarly dissertation that is a contribution to knowledge.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Bioengineering Courses (18 credit hours)

Doctoral students are required to complete six credit hours from each of the following three areas:

BME graduate courses (BME prefix) (6)

life science or biology graduate courses (6)

quantitative math or engineering (6)

Other Requirement (3 credit hours)

BME 780 Teaching Practicum (3)

Technical Electives (9 credit hours)

Research (37 credit hours)

BME 792 Research (37)

Seminar (5 credit hours)

BME 591 Seminar (5)

Culminating Experience (12 credit hours)

BME 799 Dissertation (12)

Additional Curriculum Information

Up to six credit hours of the required biomedical engineering courses and technical electives combined may be at the 400 level.

Courses used to satisfy the technical electives requirement must be selected from the list of 400- to 700-level courses that are not selected as required BME courses.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a statement of purpose
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency.

Students should view the School of Biological and Health Systems admissions checklist on the Arizona State University website for specific admission procedures and deadlines.

Career Opportunities:

Professionals who specialize in biomedical engineering research areas are in high demand across sectors and industries, including business, academia, hospitals, government agencies and research facilities. The skill sets gained by graduates of the doctorate program in biomedical engineering are sought by local, national and international employers.

Career examples include:

- bioinformatics scientist
- biomedical engineer
- geneticist
- medical scientist
- molecular biologist
- professor

Chemical Engineering, MS (ESCHEMEMS)

Online Degree Search Title: Chemical Engineering, MS

Campus: Tempe

Program Description:

The chemical engineering faculty offer a graduate program leading to the MS in chemical engineering.

Areas of research emphasis include atmospheric aerosols, biomolecular engineering, biosensors, chemical therapies for neurodegenerative diseases, electrochemistry, electronic materials processing, engineering education, flexible display technology, fuel cells, inorganic membranes, process design and operations, protein synthesis, transport phenomena in living systems and water purification.

A graduate handbook detailing information on graduate studies in chemical engineering is available on the school website. For additional details,
Academic Catalog Archive 2022-2023

students should contact the Graduate Advising Office in the School for Engineering of Matter, Transport and Energy.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Chemical Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

33 credit hours and a thesis, or 33 credit hours including the required applied project course (CHE 593).

Required Core (9 credit hours)

CHE 533 Transport Processes I (3)

CHE 543 Thermodynamics of Chemical Systems (3)

CHE 544 Chemical Reactor Engineering (3)

Technical Electives (15 or 18 credit hours)

Other Requirement (3 credit hours)

CHE 591 Seminar (3)

Culminating Experience (3 or 6 credit hours)

CHE 593 Applied Project (3)

CHE 599 Thesis (6)

Additional Curriculum Information

This degree has two options: a thesis option and a nonthesis option. The nonthesis option requires an applied project. Both options require a faculty advisor. All students are admitted to the nonthesis option until a faculty advisor has been secured and agrees to allow the student to change to the thesis option.

The composition of technical electives depends on the student's final culminating experience. At least one technical elective course of three credit hours must be taken outside of chemical engineering, and the academic unit must approve all elective coursework in order for the credits to be utilized on the plan of study.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency via a minimum score of 90 on the internet-based TOEFL, regardless of current residency.

Admission to the 4+1 degree program requires a 3.50 ASU GPA (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review, and admission is not guaranteed.

Career Opportunities:

Professionals with a Master of Science in chemical engineering have strong opportunities at all levels in chemical engineering in research, design and manufacturing at companies of all sizes, national (DOE, DOD, NASA) laboratories, and academics. Analytical skills learned in chemical engineering are also valued for other non-engineering positions.

Career examples include:

- engineer
- engineering manager or director
- engineering professor
- lecturer
- process engineer
- research engineer

Civil, Environmental and Sustainable Engineering, MS (ESCIVILMS)

Online Degree Search Title: Civil, Environmental, and Sustainable Engineering, MS

Campus: Tempe

Program Description:

The faculty in civil, environmental and sustainable engineering offer a graduate program leading to an MS in civil, environmental and sustainable engineering. The program is designed to enhance the knowledge gained in the undergraduate program by requiring students to understand and practice fundamental concepts in engineering, mathematics and the basic sciences.

The pattern of coursework applicable to the degree is potentially unique for each student, although it must conform to the general guidelines for subject matter content for the degree as authorized here and on the program's website.

Students are admitted to one of the following specialty areas in engineering:

- environmental
- geotechnical
- hydrosystems
- structural
- sustainable
- transportation

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Civil Engineering, BSE
- Civil Engineering (Environmental Engineering), BSE
- Civil Engineering (Sustainable Engineering), BSE
- Environmental Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours and an applied project (CEE 593).

All candidates for the master's degree thesis option are required to complete 24 credit hours of approved graduate coursework and a minimum of six credit hours of CEE 599 Thesis. The written thesis must be original research in nature. Additional courses may be assigned by the graduate supervisory committee, depending on the background of the candidate. A final oral examination in defense of the thesis written work is required.

Candidates in the applied project option must complete 27 credit hours of approved graduate coursework and three credit hours of CEE 593 Applied Project.

Candidates in the comprehensive exam option must complete 30 credit hours of approved graduate coursework and complete a written comprehensive exam.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to this program if they have earned a bachelor's or master's degree with a major in engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program. Applicants with a lower GPA may be admitted provisionally at the discretion of the admission committee.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Those seeking a teaching assistantship must demonstrate proficiency in spoken English with a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL.

The student's credentials for admission are evaluated by the graduate program chair and a committee chaired by the specialty area coordinator. A student whose undergraduate degree is not in civil engineering is required to take appropriate undergraduate courses as deficiency courses to establish a base of knowledge in the discipline. Deficiencies for admission to the graduate degree program are specified at the time of admission, and details can be obtained at the graduate studies section of the program's website.

Prospective students should note the following two requirements need to be met for consideration for admission: minimum GRE score in the quantitative section of 155 and minimum combined score for the quantitative and verbal sections of 301. More information regarding how to send official GRE scores is on the Graduate Admission Services website.

Applicants are encouraged to submit a resume and personal statement.

Career Opportunities:

This program prepares graduates to be civil engineers who typically focus on large projects such as buildings, roads, bridges, subway systems, dams and water supply networks.

Civil, Environmental and Sustainable Engineering, PHD (ESCIVILPHD)

Online Degree Search Title: Civil, Environmental and Sustainable Engineering, PhD

Campus: Tempe

Program Description:

The faculty in civil, environmental and sustainable engineering offer a graduate program leading to the PhD in civil, environmental and sustainable engineering.

A broad range of theoretical and experimental research programs have been established in civil and environmental engineering to prepare graduate students for careers in professional practice and research. These programs are constantly evolving with the changes in society and the profession, and many are transdisciplinary in nature.

The pattern of coursework applicable to the degree is potentially unique for each student, although it must conform to the general guidelines for subject matter content for the degree as authorized here and in the program's graduate handbook.

Students are admitted to one of the following specialty areas in engineering:

- environmental
- geotechnical
- hydrosystems
- structural
- sustainable
- transportation

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

All candidates for the doctorate are required to complete 84 approved graduate credit hours; of these, 30 credit hours can be from the previously awarded master's degree. Additional graduate credit work may be assigned by the graduate supervisory committee, depending on the background of the candidate.

The graduate credit hours must include a minimum of 12 credit hours of research and 12 credit hours of dissertation work.

This degree program also requires written and oral comprehensive examinations and approval of the dissertation prospectus for the student to be eligible for doctoral candidacy.

After entering candidacy, the student completes the research and writes and successfully defends a dissertation.

A final oral examination in the defense of the dissertation work is required for all students.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a master's degree in engineering or a closely related master's degree program from a regionally accredited institution. Exceptionally qualified students with a bachelor's degree may be admitted to the doctoral program.

Applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- GRE scores
- three letters of recommendation
- a resume
- a personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. Those seeking a teaching assistantship must demonstrate proficiency in spoken English with a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL.

A student whose undergraduate or master's degree is not in civil engineering is required to take appropriate undergraduate or graduate courses as deficiency courses, to establish a base of knowledge in the discipline. Deficiencies for admission to the program are specified at the time of admission, and details can be obtained at the graduate studies section of the program's website.

Prospective students should note that GRE scores are used in the admission decision. The average scores for those who were admitted to the graduate programs over the last five years are 732 for MS/MSE and 751 for PhD (GRE General Test) or 157 for MS/MSE and 159 for PhD (GRE revised General Test) in the quantitative section; 1203 for MS/MSE and 1239 for PhD (GRE General Test) or 308 for MS/MSE and 311 for PhD (GRE revised General Test) as combined quantitative and verbal scores. More information regarding how to send official GRE scores to Graduate Admission Services can be found at <https://admission.asu.edu/contact/faqs#graduate> (<https://admission.asu.edu/contact/faqs#graduate>).

Students' credentials for admission are evaluated by the graduate program chair and a committee chaired by the specialty area coordinator.

Career Opportunities:

Graduates in professional practice become civil engineers who typically focus on large projects such as buildings, bridges, subway systems, dams and water supply networks. Doctoral graduates also go into research and higher education.

Computer Engineering (Computer Systems), MS (ESCENCMS)

Online Degree Search Title: Computer Engineering (Computer Systems), MS

Campus: Tempe

Program Description:

The MS in computer engineering is a transdisciplinary program that builds on the fundamentals of computer science, electrical engineering, applied mathematics and physical sciences. Students can take courses and participate in projects across two schools and among the core areas.

The program is intended for students who want to gain knowledge deeper than that provided at the bachelor's degree level and sufficient for designing and implementing state-of-the-art systems in industrial research and development positions. The program is also appropriate for students contemplating future doctoral study and those who wish to gain experience in research.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Computer Systems Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Degree Requirements:

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Required Core (6 credit hours)
CSE 551 Foundations of Algorithms (3)

EEE 554 Probability and Random Processes (3)

Electives (18-24 credit hours)

Culminating Experience (0-6 credit hours)

CEN 599 Thesis (6) or
portfolio (0)

Additional Curriculum Information

This program has a thesis and a nonthesis option for the culminating experience. Students in the nonthesis option take 24 credit hours of electives and students in the thesis option take only 18 credit hours to reach the 30 credit hour requirement. Electives are selected in consultation with the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree or equivalent or a master's degree from a regionally accredited college or university of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- GRE scores*
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency via a TOEFL score regardless of current residency. Students should visit the Admission Services website for more information. <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

*GRE scores are required unless the student has graduated with an undergraduate degree in computer science or computer systems engineering from ASU. Students, international and domestic, are also exempt from taking the GRE if they have a degree from an ABET-accredited program from a U.S. or overseas institution and meet the minimum GPA requirements of the academic units. Students who do not meet these requirements as outlined are required to take the GRE.

Letters of recommendation are optional.

The personal statement should indicate professional goals and reasons for desiring to enroll in the program.

Depending upon an applicant's prior academic preparation and accomplishments, it is recommended that students consider taking the following courses to ensure adequate background preparation:

CSE 230 Computer Organization and Assembly Language Programming

CSE 310 Data Structures and Algorithms

EEE 203 Signals and Systems I

EEE 335 Analog and Digital Circuits

MAT 243 Discrete Mathematical Structures

A reading list of the topics covered in the placement exam is provided in advance of the exam.

Students should see the program website for application deadlines.

Career Opportunities:

Graduates from the Master of Science program in computer engineering are able to analyze and synthesize key theories and methods used in the field of computer engineering. These graduates can apply new theories, methods and designs that can advance the field of computer engineering. More specifically, computer engineering program graduates have the skills to advance the design, system integration, testing, evaluation and deployment of the state-of-the-art hardware and software for systems that include computing, communications and networking (wired and wireless),

control functions, sensing, signal processing, and actuation. These skills can be applied in high-demand growth areas, such as autonomous systems and robotics; distributed, dependable and secure systems; as well as embedded systems for media processing and communications.

Master's degree program graduates may work under the direction of scientists and engineers who hold doctorates in high-tech lab settings, assisting in developing innovative products and systems that require strong foundational knowledge in the underlying sciences and the ability to synthesize and analyze engineering principles as they relate to the development of new computer engineering technology.

Career examples include:

- computer hardware engineer
- computer systems engineer
- systems software engineer

Computer Engineering (Computer Systems), PHD (ESCENCPHD)

Online Degree Search Title: Computer Engineering (Computer Systems), PhD

Campus: Tempe

Program Description:

The PhD program in computer engineering is a transdisciplinary program that builds on the fundamentals of computer science, electrical engineering, applied mathematics and physical sciences. Students can take courses and participate in projects across two schools and among the core areas.

The program in computer engineering with a concentration in computer systems is intended for students with excellent ability in mathematics and physical science who are interested in gaining an in-depth knowledge of the foundational principles of engineering and wish to pursue a career in academia, research or highly technical entrepreneurial innovation.

This doctoral program provides broader and more in-depth preparation than the MS programs, in anticipation of a demonstrated ability to independently pursue more creative and substantive innovation with higher impact.

Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

CSE 551 Foundations of Algorithms (3)

EEE 554 Random Signal Theory (3)

Concentration (9 credit hours)

Focus Area Electives (3 credit hours)

Technical Electives (30 credit hours)

Research (24 credit hours)

CEN 792 Research (24)

Culminating Experience (12 credit hours)

CEN 799 Dissertation (12)

Additional Curriculum Information

Concentration, focus area and technical elective courses are selected in consultation with the academic unit.

The concentration and focus area course lists are located on the computer engineering website, and students need to meet the following requirements: at least nine credit hours of graduate level coursework in computer engineering (CEN XXX) or computer science (CSE XXX); and at least three credit hours of graduate level coursework in electrical engineering (EEE XXX) or computer engineering.

This program requires a qualifying exam. Students should see the academic unit for information on timeline and satisfactory progress standards.

Students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral Interactive Plan of Study with approval of the program and supervisory committee and the dean of the Graduate College.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited institution of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- personal statement
- three letters of recommendation
- official transcripts
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency regardless of current residency. The TOEFL is required for an applicant whose native language is not English. Further details are available on the Admission Services website:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The personal statement should explain the professional goals and reasons for desiring to enroll in the doctoral program as well as describing any research experiences and indicating personal research interest.

A student, whether international or domestic, is exempt from taking the GRE if they have a degree from an ABET-accredited program from a U.S. or overseas institution and meet the minimum GPA requirements of the academic units. A student who does not meet these requirements as outlined is required to take the GRE.

Depending on prior academic preparation and accomplishments of an applicant, it is recommended that the student consider taking the following courses to ensure adequate background preparation:

CSE 230 Computer Organization and Assembly Language Programming
CSE 310 Data Structures and Algorithms
EEE 203 Signals and Systems I
EEE 335 Analog and Digital Circuits
MAT 243 Discrete Mathematical Structures

Career Opportunities:

Graduates from the doctoral program in computer engineering are able to analyze and synthesize key theories and methods used in the field of computer engineering. These graduates can generate and evaluate new theories, methods and designs that can advance the field of computer engineering. More specifically, computer engineering program graduates have the skills to advance the design, system integration, testing, evaluation and deployment of the state-of-the-art hardware and software for systems that include computing, communications and networking (wired and wireless), control functions, sensing, signal processing, and actuation.

These skills can be applied in high-demand growth areas, such as autonomous systems and robotics, distributed, dependable and secure systems, as well as embedded systems for media processing and communications. Career examples include:

EEE 554 Random Signal Theory (3)

Electives (18-24 credit hours)

Culminating Experience (0-6 credit hours)

CEN 599 Thesis (6) or

Portfolio (0)

Additional Curriculum Information

This program has a thesis and a nonthesis option for the culminating experience. Students in the nonthesis option take 24 credit hours of electives, and students in the thesis option take only 18 credit hours to reach the 30 credit hour requirement. Electives are selected in consultation with the academic unit.

Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a master's degree from a regionally accredited college or university of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- personal statement
- three letters of recommendation (optional)
- GRE scores (required if undergraduate program is not ABET-accredited)*
- proof of English proficiency

*International and domestic applicants are exempt from taking the GRE if they have earned a degree from an ABET-accredited program (<https://www.abet.org/> (<https://www.abet.org/>)) from a U.S. or overseas institution, and if they meet the minimum GPA requirement for admission. Students who do not meet these requirements are required to provide GRE scores.

Additional Application Information

An applicant whose native language is not English must provide proof of English proficiency via a TOEFL score regardless of current residency. More information can be found on the Admission Services English proficiency website: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The personal statement should indicate professional goals and reasons for desiring to enroll in the program.
