The BS program in parks, recreation and sport management provides a transdisciplinary education in the management of parks, protected areas, community-based recreation services, sport and special event management. The parks and recreation field emerged from the youth development, recreation and park movements of the late 19th century.

Students in the program learn about wilderness, environmental communication, parks and recreation management and policy, assessment and evaluation, and sport and recreation planning and programming. Students learn through classroom instruction and field experiences to integrate the natural, social and managerial sciences to make informed decisions for recreation services, both natural-resource based and community-based.

The required internship component of the program allows students to gain practical experience in the parks and recreation professions.

The Council on Accreditation of Parks, Recreation, Tourism and Related Professions accredits this degree program.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Community Resources and Development (Parks and Recreation Management), MS
- Community Resources and Development (Sustainable Communities), MS
- Community Resources and Development, MS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=PPPRMBS~null + &college=CPP>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Study abroad programs that include travel to some of the world's most renowned and pristine parks, wildlife reserves and other recreational facilities, to forests, reefs and deserts, provide students with invaluable professional development and insight for their future career. With over 250 programs available, study abroad allows students to tailor their experience to their unique interests and skill sets. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

This degree program prepares students for professional positions in a variety of public, private and nonprofit organizations. Graduates are employed in a variety of settings in Arizona, nationally and abroad. Graduates find employment in such diverse settings as:

- armed forces recreation
- city park and recreation departments
- county and state park agencies
- federal natural resource agencies
- hospitals and care facilities
- nonprofit recreation programs
- private and commercial recreation facilities
- special event management
- sport venues, theme parks
- youth agencies

In such settings, graduates design, develop and manage services that address the recreational needs of a particular clientele.

Public Service and Public Policy, BS (PPPAFBS)

Campus: Downtown Phoenix, Online

Program Description:

The BS program in public service and public policy prepares students for work in government at all levels and in nonprofit organizations through comprehensive coverage of topics in public policy, public leadership and management, and urban studies.

Students discover the challenges of management and learn how to lead a public organization and understand the process of policy development.

This program examines the public sector and addresses, in a practical way, the challenges facing the public. The program is unique because it

enables students to study public service, policy and administration with a professional focus.

Students can select one of the following concentrations areas to supplement their core courses. Concentrations must be applied to separately: American Indian studies, business, criminology, emergency management and homeland security, health policy, law and policy, nonprofit leadership and management, parks and recreation management, science and technology policy, social services delivery or sustainability.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Global Opportunities:

Global Experience:

Students in the public service and public policy program work to create policies that advance the public interest. When studying abroad, students gain a better understanding of how government functions at various levels around the world and understanding of which public policies used are beneficial to society and which policies need to be improved upon. Students increase their knowledge and experiential base through study abroad, to bring about positive change in their own communities. More information on available programs can be found on the Global Education website at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>).

Career Opportunities:

This degree program provides students with the knowledge and skills to transform government and policy in positions at all levels in city, county, state and federal agencies --- entry, mid-level supervisory, and managerial. For those who already have work experience, the degree provides further opportunity for promotion.

The public service sector offers sustainable, exciting and fulfilling career options. Graduates are empowered to use knowledge of the public sector as a catalyst to change the world. By understanding the challenges facing government and being well-versed in the development of multiple, useful and realistic solutions, graduates contribute to the development of local, national and global communities.

Global Opportunities:

Global Experience:

Understanding how different governments around the world manage disasters can provide insight in bringing solutions to students' own communities. Study abroad programs can help students gain real-world knowledge and experience in how governments function at varying levels in a community. Students' resumes are enhanced with the heightened cultural competency and the leadership and critical thinking skills they acquire through study abroad. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

The program is primarily focused on providing students with the knowledge and skills required for entry- and mid-level supervisory and managerial positions in the public sector, such as city, county, state and federal agencies, though they would successfully function in many other types of organizations as well. For those who already have work experience, the degree provides further opportunity for promotion. In addition, the program prepares students for future graduate study in law, public policy and public administration.

Retiring baby boomers, along with increasing demand for public services, has resulted in an increase in job opportunities for graduates in the public sector. The federal government is the nation's largest employer with nearly two million people employed across the country, and nearly 85% of those jobs exist outside the Washington, D.C. area. The federal government is anticipated to hire tens of thousands of new employees for mission-critical positions in the next few years. Students with preparation in academic areas related to public service will have an advantage in that market.

Through this concentration, students who have an interest in public policy focus on legal issues and the policy implications, broadening their educational experience while concentrating in an area that is in high demand.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Global Management, MGM
- Public Administration (Emergency Management), MPA
- Public Administration (Nonprofit Administration), MPA
- Public Administration (Public Finance), MPA
- Public Administration (Urban Management), MPA
- Public Administration, MPA
- Public Policy (Environmental Policy), MPP
- Public Policy (Policy Informatics), MPP
- Public Policy (Science and Technology Policy), MPP
- Public Policy, MPP

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

A minimum cumulative GPA of 2.00 is required to change into this program.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=PPPAFLPBS-null + &college=CPP>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Students seeking in-depth knowledge of the public sector related to legal systems in various capacities can benefit from study abroad. When studying abroad, students gain a better understanding of how governments function and intertwine with the law around the world, and they view the policy implications of different approaches to law worldwide. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

The program is primarily designed for individuals who work in the public sector or are interested in doing so. The skills and knowledge students acquire allow them to successfully function in many other types of organizations; however the primary focus is on public organizations.

This program prepares students for entry- and mid-level supervisory and managerial positions in city, county, state and federal agencies. For those who already have work experience, the degree provides further opportunity for promotion. In addition, the program prepares students for future graduate study in law, public policy and public administration.

Career Opportunities:

The BS program in public service and public policy is focused primarily on providing students with the knowledge and skills required for entry- and mid-level supervisory and managerial positions in the public sector, such as city, county, state and federal agencies, though they would successfully function in many other types of organizations as well.

For those who already have work experience, the degree provides further opportunity for promotion. In addition, the program prepares students for future graduate study in law, public policy and public administration.

Retiring baby boomers and an increasing demand for public services have resulted in an increase in job opportunities for graduates in the public sector. The federal government is the nation's largest employer with nearly two million people employed across the country and nearly 85% of those jobs exist outside the Washington, D.C. area. The federal government is anticipated to hire tens of thousands of new employees for mission-critical positions in the next few years. Students with preparation in academic areas related to public service and social services delivery will have an advantage in that market.

Public Service and Public Policy (Sustainability), BS (PPPAFSBS)

Campus: Downtown Phoenix

Program Description:

The BS program in public service and public policy prepares students for work in government at all levels and nonprofit organizations through comprehensive coverage of topics in public policy, public leadership and management, and urban studies. The sustainability concentration provides students with more specialized knowledge about the policy implication of sustainability-related decisions and action.

Sustainability continues to be a highly sought-after area and it presents broad policy implications. Through this concentration, students explore the challenges of sustainability and how it may be used to develop solutions to pressing issues at local and global levels.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Recreation Therapy, BS (PPRECTBS)

Campus: Downtown Phoenix

Program Description:

The BS program in recreational therapy prepares students to apply for national professional certification through the National Council for Therapeutic Recreation Certification through completion of the degree program, completion of the required supervised internship and sitting for the NCTRC exam. <https://www.nctrc.org/about-certification/ctrs-the-qualified-provider> (<https://nctrc.org/about-certification/ctrs-the-qualified-provider>)

The program prepares students to become competent, entry-level recreational therapists with the requisite knowledge, skills and abilities needed to improve functional outcomes and increase participation in life activities for individuals experiencing health conditions.

Through the curriculum, students learn to conduct assessments, develop service plans, implement therapeutic interventions, and evaluate and document outcomes of care. They gain skills to effectively provide comprehensive therapeutic recreation services that include program design and evaluation, individual and group service provision, and advocacy. The required fieldwork component of the program facilitates the development of competencies to provide quality recreational therapy services.

Students who choose this degree program are committed to improving people's lives and contributing to their communities. This degree program is one of two such programs in Arizona, both offered by the School of Community Resources and Development. This program has a heavier emphasis on health care settings such as hospitals and human service agencies while the Bachelor of Science in parks and recreation with a concentration in therapeutic recreation prepares students to provide recreational therapy services in community settings such as youth programs, adaptive sports, or parks and recreation.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Transfer Admission Requirements:

The MyPath2ASU[®] pathway allows Arizona transfer students to complete a prescribed sequence of courses that meet the requirements for the community college's Associate of Arts degree along with the lower-division requirements for the ASU major.

Students should visit <https://admission.asu.edu/transfer> (<https://admission.asu.edu/transfer>) for more information about ASU degrees offered at local community colleges.

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=PPSWUSWU-null + &college=CPP>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Program Learning Outcomes:

Program learning outcomes identify what a student will learn or be able to do upon completion of their program. This program has the following program outcomes:

- Plan, implement and evaluate evidence-based interventions

- Advocate for advanced human rights, social and economic justice
- Apply professional case management intervention skills when working with individuals, families, groups and communities

Global Opportunities:

Global Experience:

When participating in a study abroad program, students examine social work through an international lens as it relates to community-building, service organizations, support for disenfranchised people, and human rights advocacy. Cross-cultural understanding is one of the main learning outcomes of study abroad programs and is also one of the most important skills of students moving into social work careers. Students then can take the knowledge and skills learned in the program along with the unique intercultural focus gained from study abroad to enhance their work in the U.S. Information on available programs can be found on the Global Education website at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>).

Career Opportunities:

The program prepares students to be generalist social work practitioners, focusing on advocacy, referrals, case management and problem-solving functions with individuals, groups, families, organizations and the community.

Employment in social work is expected to increase commensurately with the needs of a growing and diverse population.

Social workers are employed in public and private agencies dealing with a wide variety of social issues, including:

- adoption and teen pregnancy
- aging
- child abuse and foster care
- corrections and delinquency
- disability
- discrimination
- domestic violence and family dysfunction
- health and mental health
- homelessness and poverty
- substance abuse

Social work skills such as problem-solving, resource utilization, counseling, group work and community organization are also useful for positions with industry in employee relations and mediation.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Tourism Development and Management, BS (PPTDMBS)

Campus: Downtown Phoenix

Program Description:

Through the BS program in tourism development and management, students acquire the planning, management and leadership skills related to the growth and development of tourism throughout the world.

The curriculum takes full advantage of its strong connections with the professional tourism community in Phoenix. The required internship component of the program allows students to gain practical experiences leading to professional positions in various travel, tourism and related fields. Students are exposed to the practices of heritage tourism, sustainable tourism, resort management, and meeting and convention planning.

While pursuing the bachelor's degree in tourism development and management, a student also may choose to complete a certificate in convention sales and meeting planning. Additionally, students have the opportunity to participate in a study abroad program.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Community Resources and Development (Sustainable Communities), MS
- Community Resources and Development (Tourism), MS
- Community Resources and Development, MS
- Sustainable Tourism, MAS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=PPTDMBS~null + &college=CPP>) to outline a list of recommended courses to take prior to transfer.

Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future tourism professionals need to develop an understanding of how and why people travel to destinations around the world and need to know how to share the local environment with visitors. Through study abroad, students gain valuable immersive experience in the various subsets of tourism development and management around the world, including in Europe, Latin America, Oceania, Asia and Africa. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

Graduates are ready for successful careers in the rapidly expanding travel and tourism industry, the largest industry in the world and the second largest in Arizona. Based upon interests, graduates can seek work across a wide variety of occupations in the public, nonprofit or private and

commercial sectors, in such diverse settings as resorts, meeting planning, convention and visitor bureaus, tour operations and commercial recreation businesses. In such settings, graduates design, develop and manage services that address the needs of a particular clientele.

The metropolitan Phoenix area is a major hub of tourism in the southwestern U.S. and has experienced rapid growth in:

- air transportation
- business and corporate travel
- gaming and casinos
- meetings and conventions
- resorts and hotels
- sports tourism
- state and national parks

Tourism Development and Management (Meetings and Events), BS (PPTDMMEBS)

Campus: Downtown Phoenix

Program Description:

The concentration in meetings and events allows students enrolled in the BS program in tourism development and management to focus their electives on courses that cover meetings and events planning topics. The concentration draws from both the special events program and the meeting management program, and it prepares students to be competitive in the events sector.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Tourism Development and Management (Resort and Hotel Leadership), BS (PPTDMRBS)

Campus: Downtown Phoenix

Program Description:

The BS program in tourism development and management with a concentration in resort and hotel leadership attracts students and professionals who have interests in the diverse areas of knowledge needed within the accommodations sector, knowledge such as:

- ecological, social, economic and cultural sustainability practices in the industry
- hospitality management and leadership
- meeting the expectations of hotel and resort guests
- the interrelated functions within departments of the lodging, food and beverage industries and other stakeholders such as recreation organizations and heritage institutions.

The program provides students an academic option to study in depth the resort and accommodations system and gain knowledge of the importance of the business relationships between suppliers, intermediaries and vendors, guests, and the public and private sectors.

The comprehensive coursework, integrating resilient and sustainable practices, career exposure opportunities, study abroad options and culminating internship experiences of this program prepares students for a management and leadership position in the world's largest service industry. It also prepares them to serve their communities with the skills, knowledge, techniques and capabilities needed for addressing major issues related to resorts and other tourism accommodations.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Tourism Development and Management (Sustainable Tourism), BS (PPTDMSBS)

Campus: Downtown Phoenix

Program Description:

The BS program in tourism development and management provides students with the theoretical understanding necessary to maneuver the complexities of one of the world's largest industries. A concentration in sustainable tourism allows students to hone their understanding of the key concepts of resilience and sustainability and of how these concepts can be applied to tourism destinations and development.

Students learn the dominant theories and language that make up sustainability science and the skills necessary to measure, create and implement sustainability policies in tourism destinations, from the planning to management stages of development.

Students take courses offered by the School of Sustainability in addition to courses in the School of Community Resources and Development, guaranteeing a strong foundation in the basic theories of the growing field of sustainability while applying these newfound skills to tourism development and management.

The comprehensive coursework in tourism and sustainability science, career exposure opportunities, study abroad options and culminating internship experiences of this program prepare students for management and leadership opportunities.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Career Opportunities:

Sustainable tourism is becoming increasingly important, and many tourism businesses are hiring sustainability coordinators. These businesses include hotels, airlines, museums, convention and visitor bureaus, and large attractions. Travel agents and tour companies, such as those that implement ecotourism and volunteer tourism experiences, are especially interested in employees with a strong sustainable tourism background. Numerous sustainable tourism nonprofit organizations have emerged in recent years, and many government-related tourism organizations also hire those with a strong sustainability focus. Consulting opportunities are available to assist tourism businesses in developing sustainable practices as well.

Tourism and Recreation Management, BS (PPTRMBS)

Campus: ASU@Lake Havasu, Online

Program Description:

Through the BS program in tourism and recreation management, students acquire the planning and management skills required for work in the growing tourism, recreation, sport and event industries throughout the world.

Selecting one of four emphasis areas --- tourism, recreation, events or sport --- lets students hone in on what most interests them. The curriculum offers both broad understanding of each sector as well as the specific skills needed within a chosen field enabling students to prepare to contribute to communities' economic and social development and to positively influence quality of life both domestically and abroad.

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Urban and Metropolitan Studies, BA (PPURBBA)

Campus: Downtown Phoenix

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

Located in the heart of downtown Phoenix, the BA program in urban and metropolitan studies is for students who have a yearning to study and understand urban theory in order to effectively address the challenges of rapid growth along with other contemporary urban issues.

Students discover what makes the city tick --- and the city is their classroom. They examine challenges and solutions by researching history, society, culture, economy and politics in order to understand urban theory, and they use that knowledge to get involved in their communities. This gives them an outlet through which they can experience practical ways of solving complex problems faced by metropolitan regions. The students are invested in their neighborhoods. Many of them live and work downtown and they learn how to improve urban health and well-being, often training themselves to be the future leaders of urban environments. Others focus on making a wide variety of other contributions to society, studying the role of arts and culture, business and property development, revitalization and community-building in the life of the region.

This major is eligible for the Western Undergraduate Exchange program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150% of Arizona resident tuition plus all applicable fees. Students should click the link for more information and eligibility requirements of the WUE program (<https://admission.asu.edu/wue>).

Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

As populations grow and lead to urban sprawl, countries around the world grapple with how to best serve society. Study abroad programs expose students to challenges facing large urban and metropolitan cities in Europe, Latin America, Africa and Asia. Students experience cultural immersion and research ways to improve and solve complex issues faced by urban and metropolitan cities on a global scale. <https://goglobal.asu.edu/>
(<https://goglobal.asu.edu/>)

Career Opportunities:

The urban and metropolitan studies program prepares students for work in a wide range of fields. The transdisciplinary approach of the program allows graduates to successfully enter fields as diverse as urban management, revitalization, community development, urban sustainability and urban planning.

There are many careers and advanced degrees that may be pursued with a bachelor's degree in urban and metropolitan studies. Some of these careers require additional graduate-level studies and professional experience. Students in the program are advised to explore their options with academic and career advisors to prepare an appropriate program of study and plan to participate in an internship that complements their long-term professional goals.

Teachers College, Mary Lou Fulton

Applied Science (Early Childhood Studies), BAS (TEAPSECBAS)

Campus: Online

Program Description:

The BAS with a concentration in early childhood studies is a two-year program for students who already have an AAS in early childhood education or a similar field.

Students gain skills in communication, critical thinking and leadership so they can positively affect school readiness for children from birth to age 5. Through online coursework, students deepen their understanding of the social, emotional, cognitive and physical development of young children. Students learn to set developmentally appropriate learning goals, create and support effective instructional strategies and develop highly individualized instruction for young learners.

This program integrates experiential learning opportunities into the curriculum, allowing students to put coursework into practice. Students must be able to work or volunteer with learners in an early childhood setting for at least 15 hours per month throughout their junior and senior year.

Individuals who don't have an Associate of Applied Science degree may consider the Bachelor of Applied Science in educational studies with a concentration in early childhood studies program, which has a parallel curriculum.

This program does not lead to teacher certification. Students seeking teacher certification should enroll in one of the other Mary Lou Fulton Teachers College undergraduate programs.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)
Transfer (<https://admission.asu.edu/transfer/apply>)
International (<https://admission.asu.edu/international/undergrad-apply>)
Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

This program is not available to first-year students.

Transfer Admission Requirements:

Students applying to this program must have completed an AAS degree from a regionally accredited institution AND be employed in an early childhood setting (e.g., Head Start, child development center, daycare or childcare center, private or public preschools, home-based child care) in order to successfully participate and complete coursework.

Students with an Associate of Applied Science degree, which consists of courses in specialized occupational areas built upon a general education core, will receive 60 hours of credit through a block transfer to the university. The block transfer applies only to the Bachelor of Applied Science degree program. Students may receive up to 15 more credit hours for additional coursework completed at the community college or university that, through transcript evaluation, is determined to match a course in the degree program major map.

Change of Major Requirements:

A current ASU student must have completed an Associate of Applied Science in early childhood education or a closely related field from a regionally accredited institution to change to this major.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/early-childhood-applied-science/>)

ASU Local: It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support. Those interested may learn more about ASU Local here. (<https://asulocal.asu.edu>)

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TEAPSECBAS-null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future educators must learn to create inclusive and inspiring learning environments and they can do this by expanding their horizons through study abroad. They can explore how schooling works in countries that are leaders in education and conduct comparative research. Students can make a difference in a community by volunteering at schools and engaging in local educational programs through service-learning opportunities.

Students may learn more at ASU's study abroad website. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

This program is a great option for students who are already working in the field of early childhood education.

Career opportunities for graduates include early childhood educators (birth to 5 years) in various settings, such as Head Start programs, child care centers, private preschools, nonprofit centers and home-based service providers. Other career opportunities include center-based administrators or directors; topic specialists that provide resources, training and technical assistance to teachers and programs; program managers; family specialists; and consultants.

Early Childhood Education, BAE (TEECDEDBAE)

Campus: Tempe, ASU Sync

Program Description:

The BAE program in early childhood education prepares students to meet the educational, behavioral and social-emotional needs of children, ages birth to age 8 or grade 3. This program focuses on child development and best practices in early childhood education, including the skills to create inclusive learning environments; conduct instructional design, planning and facilitation; and assess, monitor and report the progress of young children.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Students complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates are eligible to earn an institutional recommendation from ASU for Arizona teacher certification in Early Childhood, birth--grade 3 or age 8, as well as a Structured English Immersion, preK--12, endorsement from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option: This program is also offered via ASU Sync for transfer students who reside in Arizona. These students must either have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. Students can learn more about ASU Sync for undergraduates at Mary Lou Fulton Teachers College on the college's website at <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at <https://www.benefits.va.gov/gibill>.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra
or MAT 142

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

The ASU Sync option is only available to transfer students residing in Arizona due to state regulations and student teaching placement requirements. Students should have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. Students on I-20 visas are not allowed to complete courses via Sync.

Change of Major Requirements:

Academic Catalog Archive 2022-2023

2542

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TEECDEDBAE~null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future educators must learn to create inclusive and inspiring learning environments, and they can do this by expanding their horizons through study abroad.

Students can learn how schooling works in countries that are leaders in education, and they can conduct comparative research, make a difference in a community by volunteering at schools, and engage in local educational programs through service-learning opportunities.

To explore available programs, students may visit ASU's Global Education website at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>).

Career Opportunities:

There is a strong demand for early childhood educators in Arizona and nationwide. Many graduates with a degree in early childhood education hold leadership positions in Head Start, private nonprofit and private for-profit center-based programs, and public school early childhood environments.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Early Childhood and Early Childhood Special Education, BAE (TEECSEBAE)

Campus:

ASU is not currently accepting applications to this program. Please see other options in the Mary Lou Fulton Teachers College, including the BAE in Early Childhood Education (<https://degrees.apps.asu.edu/bachelors/major/ASU00/TEECDEDBAE/early-childhood-education>).

Program Description:

The BAE program for early childhood education and early childhood special education prepares students to be eligible for dual certification in both early childhood education and early childhood special education (birth to age 8).

This program focuses on child development; research-based instructional and assessment practices in early childhood education; and the skills to assess, monitor and report the progress of children with and without disabilities. It prepares students to collaborate effectively with family members of young children to support the growth and development of those children.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates are eligible to earn an institutional recommendation from ASU for Arizona teacher certification in Early Childhood and Early Childhood

Special Education, and an endorsement in Structured English Immersion, preK-12, from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option: Transfer students who live in Arizona and outside of Maricopa County may be eligible to take regularly scheduled classes remotely via ASU Sync. More information is available on the program website at <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

Education Exploratory, (TEEDUEXPL)

Campus: Polytechnic, Tempe, West

Program Description:

The education exploratory program provides first-year students with the ability to explore various areas in education prior to selecting a major at Mary Lou Fulton Teachers College.

During the program's first year of coursework, which includes four foundational education courses, and through specific cocurricular events scheduled throughout the first and second terms, students on this track are exposed to all programs and certification areas. Students are able to make an informed decision about the grade level or area of specialization they are interested in while staying on track to graduate from a bachelor's degree program.

Education exploratory is an introductory program offered prior to declaring a major. It does not lead to a degree, and students need to declare a major after completion of 30 credit hours.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

Educational Studies, BAE (EDSLSTBAE)

Campus: Polytechnic, Tempe, West, Online

Program Description:

The BAE program in educational studies prepares students to work with children, youth and adults within nonprofit settings, community institutions, civic organizations and businesses. Students develop skills for effective communication, collaboration, leadership, advocacy and innovation, all of which are essential to education professionals.

Students focus on one of 11 core tracks, pursuing additional coursework and expertise in:

- business
- community health
- environmental education
- family and human development
- global studies
- health innovations
- nonprofit administration
- organizational leadership
- personal health
- political science
- recreation management

Educational studies students complete a series of internships as well as a capstone project. The first internship supports students in examining an education challenge at a nonprofit. The second internship provides students with the opportunity to prototype a solution to an education challenge in their choice of nonprofit, business or government setting. For the senior capstone, students return to one of their previous internships to implement a solution.

An educational studies minor is also available to ASU students in other degree programs.

This program does not lead to teacher certification. Students seeking teacher certification should enroll in one of the other Mary Lou Fulton Teachers College undergraduate programs.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated Program Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and

master's degree with:

Educational Policy, MA
Learning Sciences, MA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students are advised by their academic departments to apply.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-education-educational-studies/>)

ASU Local: It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support. Educational Studies (Instructional Design), BAE (TEEDUSTBAE)

Campus: Online

Program Description:

The BAE program in educational studies with a concentration in instructional design helps students build critical competencies related to designing effective online learning to meet the needs of learners.

The curriculum is grounded in modern learning theory and design. Coursework addresses a variety of components within the field of education including foundations of instructional design, theory and design of digital learning, and digital learning evaluation. All courses are taught online and combine a range of resources and technologies to facilitate direct interaction between and among students and program faculty.

This program culminates with an internship where students create and present a project that demonstrates their knowledge of instructional design by applying it in a professional context. Students work with an organization to identify an instructional need, problem or performance gap, and then they develop and deploy a solution to be delivered in an online or blended format.

An instructional design minor is also available to ASU students in other degree programs.

This program does not lead to teacher certification. Students seeking teacher certification should enroll in one of the other Mary Lou Fulton Teachers College undergraduate programs.

Additional Program Fee: Y

These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

With over 250 programs in more than 65 countries (programs vary in length, from one week to one year), study abroad is possible for all ASU students who wish to acquire global skills and knowledge in preparation for a 21st century career. Students earn ASU credit for completed courses, while staying on track for graduation, and they may apply financial aid and scholarships toward program costs. Students can find more information on the Global Education website at <https://goglobal.asu.edu> (<https://goglobal.asu.edu>).

Career Opportunities:

There is growing demand for online educators, including in companies that develop the materials for online students and any organization focused on digital learning. Graduates are prepared for instructional design roles in K-12, higher education, nonprofits and corporate settings.

Career examples include:

- curriculum coordinator
- curriculum designer or developer
- distance learning manager
- instructional designer
- media center specialists

Elementary Education, BAE (TEEDBAE)

Campus: Polytechnic, Tempe, West, ASU Sync

Program Description:

The BA program in education with a concentration in elementary education prepares you to work with children, grades K-8, in an educational setting. This program leads to K-8 elementary education certification in the state of Arizona.

Students receive a firm grounding in academic content with current research and best practices from nationally recognized faculty in their fields of expertise, accompanied by professional experiences. This program also provides extensive experience in integrating technology into teaching

practices.

The teacher certification program for elementary education is clinically embedded during both the junior and senior years. Mary Lou Fulton Teachers College students complete internships during their junior year and a full-time, year-long apprenticeship, known as their senior year residency, in K-8 classrooms. Coursework is designed to support the development of instructional competencies, professional skills and content knowledge. Coursework is complemented by professional experiences which provide interns and teacher candidates opportunities to apply and reflect upon their knowledge and skills in teaming and collaborative models. Mary Lou Fulton Teachers College faculty and highly qualified mentor teachers from partner school districts and charter schools work in collaboration to support professional growth aligned to each student's personal goals. Additionally, the professional experience pathway provides students an opportunity to work directly with children and make an immediate impact on student achievement. This intensive, hands-on professional experience model of teacher preparation creates highly sought-after graduates and is unmatched in Arizona.

Graduates are recommended for grades K-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona educator exams (National Evaluation Series or Arizona Educator Proficiency Assessments) to be certified to teach in the state of Arizona.

Format option: This program is also offered via ASU Sync for transfer students who reside in Arizona. Students must either have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. Students can learn more about ASU Sync for undergraduates at Mary Lou Fulton Teachers College on the college's website at <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at <https://www.benefits.va.gov/gibill>.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

The ASU Sync option is only available to transfer students residing in Arizona due to state regulations and student teaching placement requirements. Students should have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. Students on I-20 visas are not allowed to complete courses via Sync.

Transfer Admission Requirements:

The MyPath2ASU² pathway allows Arizona transfer students to complete a prescribed sequence of courses that meet the requirements for the community college's Associate of Arts degree along with the lower-division requirements for the ASU major.

Students should visit <https://admission.asu.edu/transfer> (<https://admission.asu.edu/transfer>) for more information about ASU degrees offered at local community colleges.

Change of Major Requirements:

A current ASU student has no additional requirements for changing majors.

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TEEDBAE~null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future educators must learn to create inclusive and inspiring learning environments and they can do this by expanding their horizons through study abroad. They can explore how schooling works in countries that are leaders in education, and they can conduct comparative research. Students can make a difference in a community by volunteering at schools and engaging in local educational programs through service-learning opportunities. Students may visit ASU's study abroad website to explore programs. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

There is a demand for highly qualified elementary teachers in Arizona. A high percentage of students from this program receive job offers during their residencies. Many graduates with a degree in elementary education work in:

- charter schools
- nontraditional settings
- private school settings
- public elementary schools

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Elementary Education (Educating Multilingual Learners), BAE (TEDLLBAE)

Campus: Tempe

ASU is no longer accepting new students to the program. Please explore Degree Search for other similar program options.

Program Description:

The BAE program for elementary education with a concentration in educating multilingual learners prepares students for certification in grades K-8, as well as a preK-12 bilingual education or English as a second language endorsement in the state of Arizona.

This program offers students a firm grounding in current research and critical pedagogy for English language learners. Candidates take several courses that focus on language diversity, dialectal variation, funds of knowledge and practices that value cultural and community engagements. Students learn processes for developing and supporting the needs of students with individual language learning plans. Students also receive preparation in elementary academic content areas, including math, language arts, social studies and science with a specific focus on meeting the academic and linguistic needs of emergent bilinguals.

Students will learn about the foundations of second language acquisition, biliteracy, culturally relevant pedagogy and effective language instruction. Knowledge of these subjects prepares prospective educators to develop critical perspectives that will help them to advocate for bilingual children and families.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to

address the academic and social-emotional needs of learners.

Graduates earn an institutional recommendation from ASU for Arizona teacher certification in Elementary Education, K-8, as well as an endorsement in either bilingual education or English as a second language from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments. In addition, students must complete six credit hours of a foreign language or equivalent and pass an appropriate language proficiency test to be eligible for the bilingual education or English as a second language endorsement.

Elementary Education (Science, Technology, Engineering and Mathematics), BAE (TEESTEMBAE)

Campus: Polytechnic

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

The BAE program in elementary education with a concentration in science, technology, engineering and mathematics --- STEM --- prepares students for certification in grades K-8 in the state of Arizona. This program includes coursework designed for students looking to advance their skills in STEM disciplines and wishing to learn techniques to effectively engage learners in the 21st century.

The program equips prospective educators with the specialized STEM knowledge they need to solve challenging problems and apply critical thinking skills. The elementary education STEM program offers students a firm grounding in the language, current research and best practices in STEM education.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates earn an institutional recommendation from ASU for Arizona teacher certification in Elementary Education, K-8, and an endorsement in Structured English Immersion, preK-12, from the Arizona Department of Education. Elementary Multilingual Education, BAE (TEEMLEBAE)

Campus: Tempe

Program Description:

This BAE program in elementary multilingual education prepares students to become educators for linguistically and culturally diverse learners in grades K–8. Students have opportunities to specialize in several areas, including transborder and cultural studies, Indigenous education and Spanish.

Course topics include language diversity, dialectal variation, funds of knowledge (i.e., collections of knowledge-based cultural practices), and practices that value cultural and community engagement. Students learn processes for identifying English language learners, as well as how to develop and support the needs of students with individual language learning plans. Students also receive preparation in teaching elementary content areas, including math, language arts, social studies and science with a specific focus on meeting the academic and linguistic needs of English language learners.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Students complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Physical Education, BAE (TEPPEBAE)

Campus: Polytechnic, Tempe

Program Description:

The BAE program in physical education prepares students to successfully teach quality physical education programs to learners in grades preschool through grade 12.

The curriculum directly aligns with national beginning teacher standards of The Society of Health and Physical Education Teachers of America.

Students take foundational coursework in the areas of growth and motor development, movement activities and lifelong physical fitness. The

coursework covers elementary, secondary and adaptive physical education methods, including topics such as instructional design, lesson planning and modifications, and accommodations for preK--12 learners. Students build skills in cultivating a positive and productive learning environment, assessing, monitoring and reporting progress, as well as conducting themselves as responsible and ethical professionals.

Extensive professional experiences are built into the program to prepare students to enter the teaching profession after graduation. Students complete internships prior to a full-time student teaching residency that takes place senior year. Mary Lou Fulton Teachers College has developed a team-based approach to teacher preparation, allowing students to participate in internships and residencies with a team of peers while receiving guidance and support from faculty members and highly qualified certified teachers. Team-based professional experiences are designed to prepare students to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates earn an institutional recommendation for teacher certification in Physical Education, preK--12, as well as a Structured English Immersion, preK--12, endorsement through the Arizona Department of Education. In order to teach in a public school, graduates must pass the appropriate Arizona educator exams (National Evaluation Series or Arizona Educator Proficiency Assessments) to be certified to teach in the state of Arizona.

Secondary Education, BAE (TESEDBAE)

Campus: Polytechnic, Tempe, West, ASU Sync

Program Description:

The BAE in secondary education is offered in two formats:

ASU Sync: This program is also offered via ASU Sync for transfer students who reside in Arizona. These students must either have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. Students can learn more about ASU Sync for undergraduates at Mary Lou Fulton Teachers College on the college's website at <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at <https://www.benefits.va.gov/gibill>.

Concurrent degree --- ASU students at the Tempe, Polytechnic and West campuses can add the Bachelor of Arts in education in secondary education to their primary degree in any secondary education content area. With this option, students can graduate with two degrees, a greater understanding of the field of education and certification to teach. More information is available on the Mary Lou Fulton Teachers College (<https://education.asu.edu/degree-programs/undergraduate-programs/secondary-education> (<https://education.asu.edu/degree-programs/undergraduate-programs/secondary-education>)) website.

Additional degree programs in secondary education are offered at the ASU Tempe, Polytechnic and West campuses. Students can view a complete list of programs here: <https://education.asu.edu/degree-programs/undergraduate-programs> (<https://education.asu.edu/degree-programs/undergraduate-programs>).

The Bachelor of Arts in education in secondary education prepares individuals to teach youth enrolled in grades 6-12. While teacher candidates develop a strong theoretical background in their specific content areas, the education program courses focus on developing the skills and teaching abilities required to be successful in the classroom. This program offers a Structured English Immersion endorsement for working with English language learners and also provides extensive experiences integrating technology into teaching.

Specializations are typically available in the following content areas, depending on campus location: biology, business, chemistry, earth and space sciences, economics, English, general science, geography, history, math, physics, political science and some foreign languages.

The program's professional experience component provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. The primary goal of all professional experiences is to provide students with multiple opportunities to apply knowledge learned in coursework to practice in the classroom.

The culminating experience is a residency which requires working alongside a highly qualified certified lead teacher, full-time, for the entire semester. Mary Lou Fulton Teachers College faculty and highly qualified certified lead teachers from partner school districts and charter schools collaboratively coach interns and residents during required professional experiences. This intensive, hands-on model of teacher preparation creates highly sought-after graduates.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: Moderate

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Career Opportunities:

Graduates from secondary education are recommended for certification in an approved area for grades 6-12. The demand for well-prepared secondary teachers is strong, particularly in the areas of math and science. Job opportunities in a fast growing state such as Arizona are numerous. Graduates with a degree in secondary education work in:

- charter schools
- private school settings
- public schools
- online schools

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> ([¿https://admission.asu.edu/academics/licensure¿](https://admission.asu.edu/academics/licensure)).

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future science educators can enrich their experience and stay on track academically with study abroad. They can learn about ecology, health sciences, disease tracking and medical studies while being immersed in a new culture and working alongside peers from other countries. Students can also explore how schooling works in countries that are leaders in education, and they can conduct comparative research. Students may explore the ASU study abroad programs at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>).

Career Opportunities:

Graduates of Mary Lou Fulton Teachers College are highly sought out teachers in public, charter and private education institutions. The demand for well-prepared secondary teachers is strong, particularly in the areas of math and science. Job opportunities in a fast growing state such as Arizona are numerous.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information,

students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Secondary Education (Chemistry), BAE (TECHMBAE)

Campus: Polytechnic, Tempe, West

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

BAE programs in secondary education prepare educators to teach youth enrolled in grades 6-12. While teacher candidates develop a strong theoretical background in their specific content areas, education program courses focus on developing the skills and teaching abilities required to be successful in the classroom. This program offers the Structured English Immersion instruction that qualifies them to receive the endorsement that enables them to work with English language learners, and also provides extensive experiences throughout the program in integrating technology into teaching.

Secondary education professional pathway programs are clinically embedded during the junior and senior years. The primary goal of all professional experiences is to provide students with multiple opportunities to apply knowledge learned in ASU coursework to classroom practice in grades 6-12. Mary Lou Fulton Teachers College students complete internships one day a week during the junior year and first semester of the senior year. In the final semester, students complete a full-time teaching residency. Mary Lou Fulton Teachers College faculty and highly qualified lead teachers from partner school districts and charter schools collaboratively coach interns and residents during required professional experiences. The professional experience provided by the program provides students an opportunity to work directly with youth and make an immediate impact on classroom achievement. Students are also given the opportunity to work collaboratively with fellow interns in content area and interdisciplinary teams. This intensive, hands-on model of teacher preparation creates highly sought-after graduates.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona educator exam to be certified to teach in the state of Arizona.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 270 - Calculus w/Analytic Geometry I

Program Math Intensity: Substantial

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TECHMBAE~null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Science educators can experience physical sciences and chemistry outside the classroom through study abroad. STEM programs in Europe, Asia and Latin America offer hands-on opportunities that explore climate change, engineering and the intersection of humanities and science. Opportunities include research and learning alongside peers from other countries. Program lengths range as short as a week, a semester or a summer. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

Graduates from secondary education are recommended for certification in an approved area for grades 6-12. The demand for well prepared secondary teachers is strong, particularly in the areas of math and science. Job opportunities in a fast growing state such as Arizona are numerous. Graduates with a degree in secondary education work in:

- charter schools
- private school settings
- public schools

Secondary Education (Earth and Space Sciences), BAE (EDESSBAE)

Campus: Polytechnic, Tempe, West

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

The BAE in secondary education with a concentration in earth and space sciences prepares students to educate learners in grades 6-12. Aligned with strong content knowledge of earth and space sciences, this program also focuses on integrating technology into teaching and provides the professional experience needed to develop teaching skills that lead to success in the classroom.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates from this program earn a bachelor's degree in their content area and will receive an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in Secondary Education, 6-12. To be eligible for secondary certification in Arizona, students must also earn a passing score on the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 210 - Brief Calculus
or MAT 270 Calculus w/Analytic Geometry I

Program Math Intensity: Moderate

Secondary Education (Physical Education), BAE (ECPPEBAE)

Campus: Polytechnic

ASU is no longer accepting new students to this program. A new program for students interested in teaching physical education will be available soon. Interested students should contact the Mary Lou Fulton Teachers College for more information.

Program Description:

The BAE program in secondary education with a concentration in physical education prepares students to successfully teach quality physical education programs to learners in preK-12.

The curriculum directly aligns with national beginning teacher standards of The Society of Health and Physical Education Teachers of America (SHAPE America). Students take foundational coursework in the areas of growth and motor development, movement activities and lifelong physical fitness. The coursework covers elementary, secondary and adaptive physical education methods, including topics such as instructional design, lesson planning and modifications and accommodations for preK-12 learners. Students will build skills in cultivating a positive and productive learning environment, assessing, monitoring and reporting progress, as well as conducting themselves as responsible and ethical professionals.

Extensive professional experiences are built into this program to prepare candidates to enter the teaching profession after graduation. Students complete internships prior to a full-time teaching residency that takes place senior year. Mary Lou Fulton Teachers College has developed a team-based approach to teacher-preparation, allowing students to participate in internships and residencies with a team of peers while receiving guidance and support from faculty members and highly qualified certified teachers. Team-based professional experiences are designed to prepare students to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates earn an institutional recommendation from ASU for Arizona teacher certification in Secondary Education, and an endorsement in physical education, PreK-12, from the Arizona Department of Education. To be eligible for secondary certification in Arizona, students must receive a passing score on the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 117 - College Algebra

or MAT 142 College Mathematics

Program Math Intensity: Moderate

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Additional Requirements:

Students are admitted to the preprofessional status and must complete additional requirements for entrance to the professional status. Students should see the department website for more information.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=ECPPEBAE~null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=TEPOLBAE~null + &college=CTE>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Future teachers of political science can experience new cultures firsthand through study abroad. Students can explore borders, economics, identity and conflict through programs around the world. Students see politics as a lived experience that adds critical value to an education degree. Students may visit ASU's study abroad website at <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>) to explore programs.

Career Opportunities:

Graduates of Mary Lou Fulton Teachers College are highly sought teachers in public, charter and private education institutions. The demand for well prepared secondary teachers is strong. Job opportunities in a fast growing state such as Arizona are numerous.

Professional Licensure:

ASU programs that may lead to professional licensure or certification are intended to prepare students for potential licensure or certification in Arizona. Completion of an ASU program may not meet educational requirements for licensure or certification in another state. For more information, students should visit the ASU professional licensure webpage: <https://admission.asu.edu/academics/licensure> (<https://admission.asu.edu/academics/licensure>).

Secondary Education (Spanish), BAE (TESPABAE)

Campus: Polytechnic, Tempe, West

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

Program Description:

The BAE in secondary education with a concentration in Spanish prepares students to educate learners in grades 6-12. Aligned with strong content knowledge of Spanish language, this program also focuses on integrating technology into teaching and provides the professional experience needed to develop the teaching skills that lead to success in the classroom.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates from this program earn a bachelor's degree in their content area and will receive an institutional recommendation from ASU that is recognized by the Arizona Department of Education for teacher certification in secondary education, 6-12. To be eligible for secondary certification in Arizona, students must also earn a passing score on the professional knowledge exam offered through the National Evaluation Series or Arizona Educator Proficiency Assessments.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Special Education, BAE (TESPCEDBAE)

Campus: Tempe, ASU Sync

Program Description:

Special educators make a difference in the lives of children and families. They are curious about how people learn and develop throughout their lifespan. A special education degree prepares students to understand human diversity, communicate effectively and develop problem-solving skills that support their success and that of others.

The BAE in special education prepares graduates to work with K-12 students with disabilities in inclusive settings. Teacher candidates learn to use evidence-based practices that promote students' success with general education content, including high leverage practices in literacy, math, sciences and social studies. They develop adaptive techniques for students with disabilities and learn to use instructional and assistive technologies to facilitate success.

Students participate in professional experiences designed to expose them to numerous ways of teaching and learning. These internships and residencies are embedded during the junior and senior years to provide teacher candidates with multiple opportunities to work directly with children and youth. With the support of a certified lead teacher and an ASU faculty member called a site lead, students are able to practice what is learned during coursework in authentic settings.

Program graduates are eligible for the Standard Professional Mild/Moderate Disabilities Special Education Certificate - Grades K-12. Those desiring to teach in a public school in Arizona must pass the appropriate Arizona educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option: This program is also offered via ASU Sync for transfer students who reside in Arizona. These students must either have a completed associate degree or will have completed an associate degree by the time they are enrolled at ASU. ASU Sync enables students to attend live classes remotely via Zoom. Classes are designed to foster active collaboration and discussion in real-time with faculty and peers. Students can

learn more about ASU Sync for undergraduates at Mary Lou Fulton Teachers College on the college's website at <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

Students on I-20 visas are not permitted to complete courses via Sync and should speak with an advisor about other options to complete this program.

Students seeking to use GI Bill® benefits for ASU Sync programs should contact the Pat Tillman Veterans Center regarding certain limitations.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs. More information about education benefits offered by VA is available on the official U.S. government website at <https://www.benefits.va.gov/gibill>.

Global Opportunities:

Global Experience:

With over 250 programs in more than 65 countries (programs vary in length, from one week to one year), study abroad is possible for all ASU students who wish to acquire global skills and knowledge in preparation for a 21st century career. Students earn ASU credit for completed courses, while staying on track for graduation, and they may apply financial aid and scholarships toward program costs. <https://goglobal.asu.edu> (<https://goglobal.asu.edu>)

Career Opportunities:

The Bachelor of Arts education in special education leads to teacher certification in order to support a critical market demand for special education teachers in Arizona and beyond. Graduates of the program are poised to find employment in any career that supports learners with disabilities. This includes careers with community- and youth-serving organizations, higher education institutions and health-related organizations. Advanced degrees or certifications may be required for academic or clinical positions.

Special Education (Visual Impairment), BAE (TESPEVIBAE)

Campus: Tempe, West

Program Description:

The BAE program in special education with a concentration in visual impairment provides a strong foundation in evidence-based, high-leverage practices in special education. The visual impairment concentration focuses on diagnostic assessment, orientation and mobility skills, and specific teaching methodologies for students with visual impairments. It includes a strong focus on assistive technology to advance learning in the classroom and in daily life.

Students are taught to collaborate with parents, classroom teachers and related service personnel to meet the needs of learners with visual impairments. The curriculum is aligned with Arizona and national standards consistent with the Council for Exceptional Children.

Starting in Term 5, the program is delivered in partnership with the Foundation for Blind Children in Phoenix, Arizona. Courses are taught by faculty associates from FBC and full-time ASU faculty to provide candidates with theoretical and practical perspectives on teaching and learning for individuals with visual impairments.

Professional experiences take place at the Foundation for Blind Children and within a local school district, providing experiences that prepare students to teach in both self-contained and inclusive settings.

Graduates earn an institutional recommendation from ASU for Arizona teacher certification in Visually Impaired Special Education, birth-grade 12 and Mild-Moderate Disabilities Special Education, K-12, and an endorsement in Structured English Immersion, preK-12, from the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate professional knowledge and/or subject knowledge educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Additional Program Fee: N

Second Language Requirement: N

First Required Math Course: MAT 142 - College Mathematics

OR MAT 117 College Algebra

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Special Education and Elementary Education, BAE (TESPEBAE)

Campus: Polytechnic, Tempe, West, ASU@Northeastern Arizona, ASU@The Gila Valley, ASU@Yuma

ASU is not currently accepting applications to this program. Please see other options in the Mary Lou Fulton Teachers College.

Program Description:

The BAE program in special education and elementary education prepares students to work with all learners in inclusive settings.

Since the general education classroom is a viable placement option for many students with mild and moderate learning and behavioral disabilities, students in this program learn to use evidence-based practices that promote success with general education content, including high leverage practices in literacy, math, sciences and social studies. They develop adaptive techniques for learners with disabilities and use instructional and assistive technologies to facilitate success in the general education curriculum.

Extensive professional experiences are built into this program to prepare students to enter the teaching profession after graduation. Graduates will complete internships prior to a full-time teaching residency. Mary Lou Fulton Teachers College has developed a distinctive approach to teacher-preparation, which includes student participation in internships and residencies while receiving guidance and support from faculty members and highly qualified certified teachers. Professional experiences are designed to prepare graduates to work with mutually supportive colleagues to address the academic and social-emotional needs of learners.

Graduates earn an institutional recommendation from ASU for Arizona teacher certification in Mild/Moderate Disabilities Special Education, K-12, Elementary Education, K-8, and an endorsement in Structured English Immersion, preK-12, through the Arizona Department of Education. In order to teach in an Arizona public school, graduates must pass the appropriate professional knowledge or subject knowledge educator exams: National Evaluation Series or Arizona Educator Proficiency Assessments.

Format option: Transfer students who live in Arizona and outside of Maricopa County may be eligible to take regularly scheduled classes remotely via ASU Sync. Students can learn more on the college's website: <https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide> (<https://education.asu.edu/degree-programs/undergraduate-programs/asu-sync-statewide>).

University College

Exploratory Health and Life Sciences, (UCHSCIEXPL)

Campus: Downtown Phoenix, Polytechnic, Tempe, ASU@Lake Havasu, Online

Program Description:

The exploratory health and life sciences track offers students an opportunity to explore a variety of majors related to the health and life science professions.

ASU recognizes that many students are not ready to choose a specific academic program of study when first entering the university. Allowing students the option to declare exploratory status permits them to begin meeting General Studies requirements that all ASU graduates must fulfill while affording them some time to explore a variety of academic courses that may lead to a potential major interest.

All University College exploratory students are required to enroll in the following major and career exploration courses, which must be taken sequentially:

UNI 150 Major and Career Exploration

UNI 250 Choosing a Major

UNI 270 Career Direction for a Successful Future

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: Math courses needed are determined by potential major choice.

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

Students who have completed fewer than 45 college credit hours may change to exploratory status.

Details for declaring an exploratory major is available on the University College website at <https://universitycollege.asu.edu/explore/advising> (<https://universitycollege.asu.edu/explore/advising>).

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/>)

ASU Local: It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support. Those interested may learn more about ASU Local here. (<https://asulocal.asu.edu>)

Transfer Options:

Campus: Downtown Phoenix, Polytechnic, Tempe, ASU@Lake Havasu, Online

Program Description:

The exploratory social and behavioral sciences track offers students an opportunity to explore a variety of majors related to the social and behavioral sciences, such as psychology, history, education, journalism and business-related careers.

ASU recognizes that many students are not ready to choose a specific academic program of study when first entering the university. Allowing students the option to declare exploratory status permits students to begin meeting General Studies requirements that all ASU graduates must fulfill while taking some time to explore a variety of academic courses that may lead to a potential major interest.

All University College exploratory students are required to enroll in the following major and career exploration courses, which must be taken sequentially:

UNI 150 Major and Career Exploration

UNI 250 Choosing a Major

UNI 270 Career Direction for a Successful Future

Additional Program Fee: Y

Second Language Requirement: N

First Required Math Course: Math courses needed are determined by potential major choice.

Program Math Intensity: General

Concurrent Program Options:

Students pursuing concurrent degrees (also known as a "double major") earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://admission.asu.edu/freshman/apply>)

Transfer (<https://admission.asu.edu/transfer/apply>)

International (<https://admission.asu.edu/international/undergrad-apply>)

Readmission (<https://admission.asu.edu/undergrad/readmission>)

Change of Major Requirements:

Students who have completed fewer than 45 college credit hours may change to exploratory status.

Details for declaring an exploratory major is available on the following University College webpage.

<https://universitycollege.asu.edu/explore/advising> (<https://universitycollege.asu.edu/explore/advising>)

Students should refer to <https://changemajor.apps.asu.edu> for information about how to change a major to this program.

Attend Online:

ASU Online: ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/>)

ASU Local: It is now possible to earn an ASU degree with ASU Local, an integrated college experience in which students take advantage of in-person success coaching and programming experiences on site while completing one of 130+ undergraduate online degree programs, all of which come with online faculty interaction and tutoring support. Those interested may learn more about ASU Local here. (<https://asulocal.asu.edu>)

Transfer Options:

ASU is committed to helping students thrive by offering tools that allow personalization of the transfer path to ASU. Students may use MyPath2ASU (<https://webapp4.asu.edu/transfercreditguide/app/transfermap?major=UCSBSEXPL~null + &college=CUC>) to outline a list of recommended courses to take prior to transfer.

ASU has transfer partnerships in Arizona and across the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources, and help students save time and money in their college journey. Students may learn more about these programs by visiting the admission site: <https://admission.asu.edu/transfer/pathway-programs>.

Global Opportunities:

Global Experience:

Exploring social and behavioral sciences on the global scale can be beneficial to students narrowing down their focus of study. While taking courses abroad, students are able learn more about themselves and what career path they want to pursue. Students earn ASU credit for completed courses, while gaining global skills applicable to many careers, and they may apply financial aid and scholarships toward program costs. More information is available on the Global Education website. <https://goglobal.asu.edu/> (<https://goglobal.asu.edu/>)

Career Opportunities:

Career opportunities are specific to the ultimate major of choice.

Prelaw (LALAWPRE)

Campus: Downtown Phoenix, Polytechnic, Tempe, West

Program Description:

The prelaw program at Arizona State University is not a degree program. There is no single major that prepares students for becoming a lawyer and there are no specific courses required for law school. Rather, students are encouraged to take a variety of courses --- classes that challenge students intellectually through heavy amounts of reading, writing, critical thinking and analysis. It is also recommended that students engage with more practical experiences in fields related to law (e.g., through internships, job shadowing and so forth).

Challenging courses and real-world experiences, in conjunction with the requirements for a student's major, constitute a prelaw program that prepares students for the next steps in pursuing a career in the legal field.

Additional Program Fee: No

Second Language Requirement: No

Notes:

-

- **First-Year Composition:** All students are placed in ENG 101 unless submission of SAT, ACT, Accuplacer, IELTS, or TOEFL score, or college-level transfer credit or test credit equivalent to ASU's first-year composition course(s), determine otherwise. Students on Polytechnic, Downtown Phoenix and West Campuses are encouraged to complete the Directed Self-Placement survey to choose the first-year composition option they believe best suits their needs. Visit: <https://cisa.asu.edu/DSP>
- **Mathematics Placement Assessment** score determines placement in first mathematics course.

Digital Culture (Music), BA

School/College: Herberger Institute for Design and the Arts

Location: Tempe campus

HIDGCMBA

Term 1 0 - 16 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
 AME 111: Introduction to Digital Culture (CS)	3	C	<ul style="list-style-type: none"> ASU 101 or college-specific equivalent First-Year Seminar required of all first-year students. Digital culture students complete AME 101 to fulfill this requirement. Only students with posted credit for ENG 101 may enroll in AME 130 in Term 1.
AME 101: ASU Digital Culture Experience	1	C	
Complete 2 courses:			
AME 112: Computational Thinking for Digital Culture OR AME 130: Prototyping Dreams (L) OR AME 230: Programming for the Media Arts (CS)	6	C	
ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition	3	C	
MAT 117: College Algebra (MA)	3	C	
 Maintain 3.00 GPA in Digital Culture coursework.			
 Minimum 2.50 GPA ASU Cumulative.			
Term hours subtotal:	16		
Term 2 16 - 31 Credit Hours Critical course signified by 	Hours	Minimum Grade	Notes
AME 112: Computational Thinking for Digital Culture OR AME 130: Prototyping Dreams (L) OR AME 230: Programming for the Media Arts (CS)	3	C	<ul style="list-style-type: none"> All Digital Culture majors must have a minimum 3.00 Digital Culture GPA at the end of Term 2 to continue in the program. If a student's Digital Culture GPA is below a 3.00, the student will be placed on a probationary status for one term. If the student is not successful in raising their Digital Culture GPA to a 3.00 after the probationary term, the student will not be able to continue in the Digital Culture program. MTC 125 is only offered in the fall term and requires a placement diagnostic exam. Please see the your advisor to prepare this term to be able to take this course in the fall semester. Join a student club or professional organization.
ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition	3	C	
MUS 100: Fundamentals of Music Notation OR MTC 125: Basic Music Theory	3	C	
Digital Culture Flexible Elective	3	C	
Social-Behavioral Sciences (SB) AND Cultural Diversity in the U.S. (C)	3		
 Complete ENG 101 OR ENG 105 OR ENG 107 course(s).			
 Milestone: GPA First-Year Review			
Term hours subtotal:	15		
Term 3 31 - 47 Credit Hours Critical course signified by 	Hours	Minimum Grade	
Digital Media Course OR Digital Culture Studies Course	3	C	

Music Production Elective	3	C
Humanities, Arts and Design (HU) AND Global Awareness (G)	3	
Natural Science - Quantitative (SQ) (PHY 101 recommended)	4	
Social-Behavioral Sciences (SB)	3	
◆ Complete Mathematics (MA) requirement.		
Complete First-Year Composition requirement.		
Term hours subtotal:	16	

- Digital Media courses include digital media projects within a trans-disciplinary area of study. See the course list below or talk to your advisor for specific course options.
- Build your skills.

Term 4 47 - 63 Credit Hours Critical course signified by ◆	Hours	Minimum Grade	Notes
◆ Digital Media Course OR Digital Culture Studies Course	3	C	
History/Theory Course	3	C	
MUS OR MUP OR MUE OR MTC Elective	3	C	
Humanities, Arts and Design (HU) AND Historical Awareness (H)	3		
Natural Science - Quantitative (SQ) OR Natural Science - General (SG)	4		
Term hours subtotal:	16		

Term 5 63 - 78 Credit Hours Necessary course signified by ★	Hours	Minimum Grade	Notes
★ Upper Division Digital Culture Studies Course	3	C	
Upper Division Digital Culture Studies Course OR Related Digital Culture Course	3	C	
Upper Division Digital Media Course OR Upper Division Digital Culture Studies Course	3	C	
Upper Division Humanities, Arts and Design (HU) OR Upper Division Social-Behavioral Sciences (SB)	3		
Elective OR AME 484: Internship	3		
Term hours subtotal:	15		

- Related Digital Culture courses are selective electives that allow students to take courses in an area of interest that connects to their study of Digital Culture and personal career interests.
- Build a digital portfolio.

Term 6 78 - 92 Credit Hours Necessary course signified by ★	Hours	Minimum Grade	Notes
★ Upper Division Digital Culture Studies Course	3	C	
MTC 436: Electronic Studio Techniques I OR MTC 437: Electronic Studio Techniques II OR MUE 441: Psychology of Music OR MUP 319: Advanced Audio Engineering in the Arts	2-3	C	
Upper Division Digital Media Course OR Upper Division Digital Culture Studies Course	3	C	
Upper Division History/Theory Course	3	C	
Upper Division Literacy and Critical Inquiry (L)	3		
★ Complete Cultural Diversity in the U.S. (C) AND Global Awareness (G) AND Historical Awareness (H) course(s).			
Term hours subtotal:	14-15		

- If you take MTC 436, MTC 437, or MUP 319 (2 credits each) in this term, you will need to complete one additional hour (or 4 hours total) of MUS OR MUP OR MUE OR MTC Upper Division Elective in Term 8.
- Explore an internship.

Term 7 92 - 107 Credit Hours Necessary course signified by ★	Hours	Minimum Grade	Notes
★ AME 485: Digital Culture Capstone I	3	C	
MUS 354: Popular Music OR MUS 362: Rap Music and Hip Hop Culture (HU & C)	3	C	
Upper Division Digital Culture Studies Course	3	C	
Upper Division Related Digital Culture Course	3	C	

- All Digital Culture majors must have a minimum 3.00 Digital Culture GPA to meet graduation requirements. If you are not meeting this GPA requirement, please see your advisor.

Elective	3
Term hours subtotal:	15

- Any MUS 354 topic can be used to fulfill the concentration requirement.
- Gather **professional references**.

Term 8 107 - 120 Credit Hours Necessary course signified by ★	Hours	Minimum Grade	Notes
★ AME 486: Digital Culture Capstone II	3	C	<ul style="list-style-type: none"> • If you took MTC 436, MTC 437, or MUP 319 in Term 6, you will need to complete one additional hour (or 4 hours total) of MUS OR MUP OR MUE OR MTC Upper Division Elective in this term.
Upper Division Digital Culture Studies Course	3	C	
Upper Division Media Engineering Course	3	C	
MUS OR MUP OR MUE OR MTC Upper Division Elective	4-3	C	
Term hours subtotal:	13-12

TSIMCOBAS

This program allows students who have earned an AAS from an accredited institution to transfer 60 credit hours toward a BAS at ASU. Students pursuing this degree may have more than 60 credit hours to complete in order to obtain their Bachelor of Applied Science upon transfer to ASU. Students transferring from a regionally accredited Arizona public community college may be able to transfer up to 15 additional credit hours of transferable general studies courses (75 credit hours total). Students should work with their academic advisor to ensure their courses will meet degree requirements.

Notes:

- First-Year Composition: All students are placed in ENG 101 unless submission of SAT, ACT, Accuplacer, IELTS, or TOEFL score, or college-level transfer credit or test credit equivalent to ASU's first-year composition course(s), determine otherwise. Students on Polytechnic, Downtown Phoenix and West Campuses are encouraged to complete the Directed Self-Placement survey to choose the first-year composition option they believe best suits their needs. Visit: <https://cisa.asu.edu/DSP>
- Mathematics Placement Assessment score determines placement in first mathematics course.

★ CSE 486: Computer Science Capstone Project II (L)	3	C	

Complete 3 courses:

9

C

Upper Division Informatics Elective

Term hours subtotal: 12

- Upper-Division Coursework: A minimum of 21 hours of upper-division coursework is required across the Informatics Focus Area and Informatics Elective requirements.
- Informatics Focus Area: All Focus Area coursework must be completed from the same Focus Area.
- Informatics Electives: It is recommended that you work with your academic advisor when making course selections.
- For additional information on major curriculum, including Informatics Focus Area courses, please visit the [Informatics Degree Requirements website](#).

Hide Course List(s)/Track Group(s)

Informatics Focus Area (Data Science)	Informatics Focus Area (Digital Culture Studies)	Informatics Focus Area (Enterprise Informatics)
CSE 450: Design and Analysis of Algorithms	Recommended first course is AME 111.	Required courses:
CSE 467: Data and Information Security	AME 111: Introduction to Digital Culture (CS)	IEE 376: Operations Research Deterministic Techniques/Applications
CSE 471: Introduction to Artificial Intelligence	AME 112: Computational Thinking for Digital Culture	IEE 385: Engineering Statistics: Probability
CSE 475: Foundations of Machine Learning	AME 130: Prototyping Dreams (L)	IEE 470: Stochastic Operations Research
CSE 476: Introduction to Natural Language Processing	AME 220: Programming for the Web	MAT 266: Calculus for Engineers II (MA)
DAT 250: Data Science and Society	AME 230: Programming for the Media Arts (CS)	Select One:
DAT 300: Mathematical Tools for Data Science	AME 240: Introduction to Physical Computing	IEE 421: Urban Operations Research
DAT 301: Exploring Data in R and Python	AME 3** Elective	IEE 426: Operations Research in Healthcare
DAT 401: Statistical Modeling and Inference for Data Science	AME 4** Elective	IEE 461: Production Control
DAT 402: Machine Learning for Data Science	ART 116: Introduction to Digital Media	IEE 474: Quality Control
	ART 206: Digital Photography I	IEE 475: Simulating Stochastic Systems (CS)
	ART 217: Introduction to Computer Animation	IEE 477: System Dynamics and Thinking
	ART 218: 3D Tools	SCM 300: Global Supply Operations
	ART 308: 2D Digital Animation	
	ART 345: Visualization and Prototyping	
	ART 346: 3-D Computer Imaging and Animation (CS)	
	ART 348: Animation Motion Studies	
	ART 394: Digital Photography for Non-Majors	
	ART 424: Stop Motion Animation	
	ART 440: Experimental Video Art	
	ART 494: Visual Prototyping	
	CIS 300: Web Design and Development	

CPI 111: Game Development I (CS)

DCE 294:
Hybrid Action: Physical Intelligence in Digital Culture

EDT 440: Creating and Marketing Mobile Apps

FMP 225: Introduction to Visual Effects

FMP 240: Introduction to Animation for Film

FMP 255: Media Authorship (CS)

GIT 215: Introduction to Web Authoring

GIT 230: Digital Illustration in Publishing

GRA 294: InDesign

IAP 103: Foundations I: Interdisciplinary Art Practice

IAP 104: Foundations I: Fundamentals of Sound Art

MDC 211: Introduction to Digital Sound

MDC 311: Composing and Performing for Hybrid Ensembles

Informatics Focus Area (Game Informatics)	Informatics Focus Area (Geo-Informatics)	Additional Informatics Electives
Fall Only Courses: CPI 311, CPI 421	Required:	Students may take additional coursework from their selected focus area or any course in another focus area as Informatics Electives in addition to the courses listed below:
Spring Only Courses: CPI 321, CPI 411	GIS 205: Geographic Information Science I (CS)	
Required:	GIS 211: Geographic Information Science II (CS)	AME 394: Philosophies of Technology
CPI 111: Game Development I (CS)	GIS 311: Geographic Information Science III (CS)	BIO 355: Introduction to Computational Molecular Biology (CS)
CPI 211: Game Development II	Select two:	BIO 411: Quantitative Methods in Conservation and Ecology
CPI 311: Game Engine Development	ABS 485: GIS in Natural Resources	BMI 102: Introduction to Population Health Informatics
CPI 321: Fundamentals of Game Art	GCU 441: Economic Geography (SB)	BMI 201: Introduction to Clinical Informatics
Select one:	GCU 442: Geographical Analysis of Transportation (SB)	CIS 308: Advanced Excel in Business
CPI 394: Game Design Fundamentals	GIS 202: Drones to Satellites: Observing Earth from Above (CS)	CIS 310: Business Data Visualization
CPI 411: Graphics for Games	GIS 222: Programming Principles in GIS I	CIS 365: Business Database Systems Development
CPI 421: 3-D Modeling and Texturing	GIS 3** Elective	CIS 405: Business Intelligence
CPI 462: Design for Learning in Virtual Worlds	GIS 4** Elective	CPI 394: Special Topics
FMS 394: Video Games and Narrative	Not from GIS 484, GIS 492, GIS 493, GIS 499, GIS 494 "GIS Methods for Non-Majors"	CPI 441: Gaming Capstone
SER 431: Advanced Graphics		CPI 460: Intelligent Interactive Instructional Systems
		CPI 484: Internship

CPI 494: Special Topics

CSE 220: Programming for Computer Engineering

CSE 240: Introduction to Programming Languages

CSE 259: Logic in Computer Science

CSE 294: Algorithmic Problem Solving

CSE 310: Data Structures and Algorithms

CSE 335: Principles of Mobile Application Development

CSE 360: Introduction to Software Engineering

CSE 365: Information Assurance

CSE 394: Special Topics

CSE 408: Multimedia Information Systems

CSE 412: Database Management

CSE 434: Computer Networks

CSE 445: Distributed Software Development

CSE 446: Software Integration and Engineering

CSE 460: Software Analysis and Design

CSE 464: Software Quality Assurance and Testing

CSE 470: Computer Graphics

CSE 471: Introduction to Artificial Intelligence

CSE 476: Introduction to Natural Language Processing

CSE 477: Introduction to Computer-Aided Geometric Design

CSE 494: Special Topics

FSE 301: Entrepreneurship and Value Creation

FSE 404: EPICS Gold: EPICS in Action

GIT 335: Computer Systems Technology

GIT 340: Information Design and Usability

GRA 294: Photoshop

HSE 101: Introduction to Human Systems Engineering (SB)

IEE 380: Probability and Statistics for Engineering Problem Solving (CS)

IEE 385: Engineering Statistics: Probability
MAE 318: System Dynamics and Control I
MAE 417: System Dynamics and Control II
MAT 267: Calculus for Engineers III (MA)
MAT 275: Modern Differential Equations (MA)
MAT 300: Mathematical Structures (L)
MAT 342: Linear Algebra or MAT 343: Applied Linear Algebra
MAT 421: Applied Computational Methods (CS)
SER 216: Software Enterprise: Personal Process and Quality
SER 316: Software Enterprise: Construction and Transition
SER 334: Operating Systems and System Programming
SOC 334: Technology and Society (L or SB)
STS 304: Science, Technology and Society (SB)
TEL 313: Technology in an Educational Setting
TEL 494: Introduction to Computer Science for Educators
TWC 414: Visualizing Data and Information
TWC 444: User Experience

Notes:
