## Linguistics and Applied Linguistics, PHD (LALINPHD)

**Online Degree Search Title:** Linguistics and Applied Linguistics (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in linguistics and applied linguistics focuses on the study of human language and the application of that study to the human condition. The curriculum will provide foundational and advanced training in linguistics and applied linguistics with focused research in several areas such as phonetics, phonology, syntax, semantics and pragmatics. Second language acquisition and second language teaching and learning, TESOL (teaching English to speakers of other languages), language contact and change (including World Englishes,) are also research possibilities in addition to sociolinguistics, language planning, discourse analysis, language and cognition.

The degree will encourage students to work with faculty from across the university and its various units and to develop transdisciplinarity and interdisciplinarity in their research.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a foreign language exam, a prospectus and a dissertation.

Required Core Courses (18 credit hours):

APL 555 Disciplinary Discourses (3)  
LIN 515 or LIN 516 American English or Pragmatics and Discourse Analysis (3)  
APL 601 Introduction to Applied Linguistics (3)  
LIN 511 Phonetics and Phonology (3)  
LIN 514 Syntax (3)  
LIN 655 Disciplinary Discourses (3)

Elective or Research Courses (24 credit hours):

LIN 500 Research Methods (3)  
Specialization (21)  
Foreign Language Requirement\*

Culminating Experience (12 credit hours):

LIN 799 or APL 799 Dissertation (12)

Other Requirements (30 credit hours):

If students do not have a previously awarded master's degree, then 30 hours will be made up of additional elective course work approved by their supervisory committee. If they have not taken the equivalent of LIN 510 in the 30 hours, they will have to take that course.

Total required credit hours: 84

\*Students must demonstrate evidence of a competent knowledge of a natural language other than modern English, to be selected by the student, subject to the approval of the chair of the dissertation committee. The language requirement must be completed before the student is eligible to take the doctoral examinations. This requirement may be met by any of the following:

- Earning a B (3.00) or higher in a 400- or 500-level course in an appropriate (approved) language.
- Demonstrating comparable proficiency by taking a language examination, administered by the School of International Letters and Cultures, in a

language approved by the student's supervisory committee.

- Demonstrating native speaker proficiency, as determined by the School of International Letters and Cultures, in a language approved by the student's supervisory committee.
- Earning a B (3.00) or higher in both ENG 530 Old English and ENG 531 Old English Literature or their equivalent.
- Holding a bachelor's degree in an approved foreign language.
- Having fulfilled a foreign language requirement towards a previously awarded master's degree that has been completed within five years of the semester for which the student has been admitted to the doctoral program. This foreign language must be in a language approved by the student's doctoral supervisory committee.
- For languages which the School of International Letters and Cultures does not offer or does not offer above the 200 level, two years (4 semesters) of successfully completed college level coursework at least at the 100 and 200 level with a C or better would fulfill the requirement. The coursework must have been successfully completed no more than six years prior to admission to the degree program.

**Admission Requirements:**

Degree: Faculty will consider undergraduate degrees in such related fields as anthropology, applied linguistics, communication, cognitive science, comparative languages and literatures, literature, education, history, law, linguistics, modern languages, philosophy, political science, psychology, religious studies, rhetoric, composition, sociology, speech and hearing science.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of a student's first bachelor's degree program. Minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree.

English Proficiency Requirement for International Applicants: An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. International students applying to graduate programs in the Department of English at ASU must submit evidence of English proficiency. This can be done in one of three ways:

- one of the following results on a standardized English proficiency test\*: (a) 100 (iBT) or 600 (PBT) or higher on the TOEFL; (b) 7.0 or higher on the IELTS.
- a grade of "A" in all Advanced 2 classes in the ASU American English and Culture Program (AECP) (<http://aecp.asu.edu/> (<http://aecp.asu.edu/>));
- one of the following from a regionally accredited college or university in the US: (a) a bachelor's degree or higher; (b) at least 90 semester hours of undergraduate course work with a cumulative GPA of 3.00 or higher on a 4.00 scale; (c) at least 12 semester hours of graduate course work with a cumulative GPA of 3.00 or higher on a 4.00 scale

\*The MTESOL program will also accept a 68 or higher on the Pearson Test of English Academic (PTEA).

A minimum score of 55 on the Test of Spoken English (TSE) or Speaking Proficiency English Assessment Kit (SPEAK) is also required for teaching assistants.

Required Admission Examinations: GRE

Letters of Recommendation: Yes

## Literary Translation Studies (Certificate), Certificate (LALTSGRCT)

**Online Degree Search Title:** Literary Translation Studies

**Campus:** Tempe

### Program Description:

The graduate certificate in literary translation studies is an interdisciplinary program offering course work that provides:

- intensive engagement of students in translation practice
- investigation of issues related to the cultural role of the translator and translation
- studies in the variety of theoretical approaches to translation in the 20th and 21st centuries
- studies in trans-historical and cross-cultural theories of translation

These areas of emphasis enable students to gain expertise in practical and theoretical knowledge of the field of literary translation and to engage in developing new models for the practice of translation today. The program offers interested students the opportunity to develop an understanding of intercultural intersections and interdisciplinary approaches to the practice of translation and advanced training and mentorship in what is one of the most globally relevant fields in the 21st century.

**Degree Requirements:** 15 credit hours including an applied project course (ENG 593 or SLC 593)..

Required Courses: (6)

ENG 550 Translation (3)

SLC 551 Global Approaches to Translation (3)

Electives: (6) (students choose two from the list below)

CHI 543 Chinese Language and Linguistics (3)

CHI 691 Seminar Topic: Critical Perspectives on Modern Chinese Literature (3)

ENG 603 Advanced Studies in Comparative Literature (3)

ENG 656 Studies in Cross-Cultural Discourse (3)

FRE 421/598 Structure of French (3)

FRE 598 Special Topic: Text and Performance in Medieval France (1-4)

GER 494/598 Special Topic: German Modernism (1-4)

GER 494/598 Special Topic: Weimar German Cinema (1-4)

GER 521 History of German Language (3)

JPN 543 Japanese Language and Linguistics (3)

LIN 510 Linguistics (3)

SLC 494/598 Special Topic: Interdisciplinary Approaches to Syntax (1-4)

SLC 429/598 Topic: Politics and Culture in European Short Fiction (3)

SPA 539 General Spanish Linguistics (3)

SPA 543 Structure of Spanish (3)

SPA 565 20th-Century Spanish Drama (3)

SPA 567 Contemporary Spanish Novel (3)

SPA 575 Contemporary Spanish American Novel (3)

TCL 445/598 Transborder Latin American Short Story (Spanish Language only) (3)

TCL 446/598 Comparative Bilingual Latina/o Poetics (3)

TCL 488/598 Border Global Narratives (3)

THE 504 Studies in Dramatic Theory and Criticism (3)

Culminating Experience: (3)

ENG 593 Applied Project (3) or SLC 593 Applied Project (3)

Total required credit hours: 15

### Admission Requirements:

Students eligible for admission into the literary translation studies certificate program will meet the following eligibility requirements:

- Students should have an undergraduate degree from an accredited college or university or be a current ASU graduate student or nondegree-seeking applicant with demonstrated language proficiency. Because this is a certificate program in literary translation, it is to be expected that the majority of students applying for admission may be drawn from a discipline in the humanities or the fine arts (for example, English, history, theatre, or modern or classical languages taught in the School of International Letters and Cultures). However, prospective students from any discipline who would find intensive study of literary translation of use and interest may apply if they meet the required criteria.
- A minimum cumulative GPA of 3.00 or higher (scale is 4.00=A) in the last 60 credit hours of a student's first bachelor's degree program and a minimum of 3.00 cumulative GPA (scale is 4.00=A) in the applicable master's degree is required.

- Students who are not in the College of Liberal Arts and Sciences must fulfill the requisite language requirements for admission. The language requirements can be fulfilled at the undergraduate level at ASU or another accredited institution.

Students should have knowledge of a language other than English, a minimum of six semesters of a second language, or the equivalent (for example, Advanced Placement in high school).

OR

- Students should have passed a language proficiency exam achieving advanced level in the target language. The language proficiency test in reading and writing will be administered by the relevant language program (i.e. French, German, Italian, Spanish, etc.).

- All students must attain advanced level (equivalent of advanced American Council on the Teaching of Foreign Languages requirements, approximately equivalent to six semesters of undergraduate study) in reading and writing as measured by a written exam in the target language (i.e., French, German, Italian, Spanish) as a prerequisite for taking SLC 551 Global Approaches to Translation (3). See ACTFL (<http://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012> (<http://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012>)).

Applicants must fulfill both the requirements of Graduate Education and those of College of Liberal Arts and Sciences.

## Marriage and Family Therapy, MAS (LAMFTMAS)

**Online Degree Search Title:** Marriage and Family Therapy (MAS)

**Campus:** Tempe

**Program Description:**

The purpose of this self-contained accelerated program is to provide high-quality course work and supervised internship experiences that meet the degree requirements for licensure in the State of Arizona to practice marriage and family therapy as determined and laid out by the Arizona Board of Behavioral Health Examiners. The degree requirements are specified by the board, and the program is designed to train practitioners who wish to practice marriage and family therapy.

**Degree Requirements:** 39 credit hours and a master's research paper.

The MAS in marriage and family therapy program requires the successful completion of a minimum of 39 credit hours and a project, including required course work and completion of 300 client-contact hours in a community internship placement approved by the master's degree in marriage and family therapy faculty. Internships are expected to last approximately 12 months. Students must maintain a GPA of 3.00 in all course work and satisfactorily meet the expectations of the agency supervising their internship.

Foreign Language Requirements: none

Thesis Requirements: none

GRE Scores: GRE scores are waived for this program.

Transportation: Students are required to have a vehicle and a valid Arizona driver's license for internship placement.

Written/Oral Internship Examination: An internship entrance examination will be held at the end of the first 7-1/2-week semester, to demonstrate readiness for internship placement.

**Admission Requirements:**

Applicants must submit the online Graduate Education application.

Admission to the program is determined by the following criteria:

- a personal statement
- admission to ASU Graduate Education
- official transcripts of the applicant's academic record
- three letters of recommendation from individuals familiar with the applicant's academic background

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Mathematics, MA (LAMATHMA)

**Online Degree Search Title:** Mathematics (MA)

**Campus:** Tempe

**Program Description:**

The MA is designed to increase mathematical knowledge beyond the traditional bachelor's degree in order to prepare students for careers requiring sophisticated mathematical skills. Students may choose to specialize in:

- applied mathematics
- core mathematics
- mathematics education
- statistics

**Degree Requirements:** 30 credit hours and 2 written comprehensive exams, or 30 credit hours, a thesis and a written comprehensive exam.

Thesis option

The degree program requires:

- 30 credit hours of math or math-related graduate course work
- six of the 30 credit hours must consist of the thesis (599)
- one qualifying sequence examination
- a final oral examination in defense of the thesis

Nonthesis Option

The degree program requires:

- 30 credit hours of math or math related graduate course work
- two qualifying sequence examinations

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Computational Mathematical Sciences, BS  
Mathematics, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Applicants must submit:

- the Graduate Education online application
- official general GRE scores from ETS
- official transcripts
- a statement of education and career goals
- three letters of recommendation

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Minimum background for consideration of admission to the master's program includes:

- a bachelor's degree in mathematics or a closely related area with a 3.00 GPA (4.00 scale)
- course work in linear algebra (equivalent to ASU course MAT 342 or MAT 343) and advanced calculus (equivalent to ASU course MAT 371)

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Contact Information:**

**Mathematics, PHD (LAMATHPHD)**

**Online Degree Search Title:** Mathematics (PhD)

**Campus:** Tempe

**Program Description:**

The PhD is intended for students with superior mathematical ability. It emphasizes a solid mathematical foundation and promotes creative scholarship in mathematics and its many related disciplines.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

- Students must pass two qualifying examinations, a written comprehensive examination and an oral dissertation prospectus. See the school website for examination information.
- Students must register for 12 credit hours of dissertation (799).
- Students must write a dissertation and defend it orally in front of five dissertation committee members.

**Admission Requirements:**

Applicants must submit:

- the Graduate Education online application
- the general GRE scores from ETS
- official transcripts from all undergraduate and graduate studies
- a statement of education and career goals
- three letters of recommendation

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The minimum background for consideration of admission to the doctoral program in mathematics includes:

- a bachelor's degree in mathematics or a closely related area with a 3.00 or better GPA ( on a 4.00 scale)
- course work in linear algebra (equivalent to ASU course MAT 342 or MAT 343) and advanced calculus (equivalent to ASU course MAT 371)

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

 480-965-3951

**Mathematics Education, PHD (LAMTEPHD)**

**Online Degree Search Title:** Mathematics Education (PhD) (Mathematics and Statistics Dept - Grades 9-20)

**Campus:** Tempe

**Program Description:**

This interdisciplinary program accommodates students from a variety of academic backgrounds. It provides students with a solid foundation in graduate-level mathematics as well as research skills and perspectives that will allow them to deal broadly with mathematics problems of:

- curriculum
- equity
- learning
- policy
- teaching
- technology

Conducting individual and collaborative research in the learning and teaching of mathematics is an integral part of the program.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Program requirements include the following:

- 12 credit hours of Research in Undergraduate Mathematics Education (RUME) 1-4, with qualifying exams given in RUME 1 and 2
- four graduate math courses from a list of options (see the school website for examination information)
- six credit hours of research (MTE 792)
- a written comprehensive examination
- an oral comprehensive examination
- an oral dissertation prospectus defense
- 12 credit hours of dissertation (MTE 799)

Each student must write a dissertation and defend it orally in front of five dissertation committee members.

**Admission Requirements:**

Applicants must submit:

- the Graduate Education online application
- the official general GRE scores (students must be competitive in an applicant pool)
- official transcripts
- a statement of education and career goals
- three letters of recommendation (at least two of these must be from faculty)
- a writing sample

Minimum background for consideration of admission to the PhD program in mathematics education includes a master's in mathematics or a closely related area with a 3.00 GPA (on a 4.00 scale) or a bachelor's degree in mathematics or a closely related area with exceptionally high grades and advanced course work in mathematics.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

**Medieval Studies (certificate), Certificate (LAMEDSTCE)**

**Online Degree Search Title:** Medieval Studies (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The certificate program prepares students for advanced study or for academic positions by augmenting their skills and knowledge, thereby making them better equipped to meet the demands of their fields.

**Degree Requirements:** 18 credit hours (MA certificate), or 27 credit hours (PhD certificate).

Medieval Latin:

- one semester (three to four credit hours) for MA students, two semesters (six to eight credit hours) for PhD students
- proficiency attested either by achieving a grade of "B" (3.00) or better in the Medieval Latin courses or by satisfactory performance on the Medieval/Renaissance Latin examinations offered by the Centre for Medieval Studies at the University of Toronto\*

\*This requirement presupposes two years or 12 to 16 credit hours or equivalent of undergraduate training in Latin.

Medieval vernacular language (e.g., Old English, Old Norse, Old French):

- two semesters (six credit hours) for MA students, three semesters (nine credit hours) for PhD students

Paleography: one semester (three credit hours).

Medieval course work outside the major discipline:

- two semesters (six credit hours) for MA students, three semesters (nine credit hours) for PhD students

#### **Admission Requirements:**

All applicants to any certificate program must submit the Graduate Education online application. Graduate students admitted to a degree program in any field may earn one of two master's or doctorate-level certificates: the certificate in medieval studies or the certificate in Renaissance studies.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## **Microbiology, MS (LAMICROMS)**

**Online Degree Search Title:** Microbiology (MS)

**Campus:** Tempe

#### **Program Description:**

The MS in microbiology is designed to prepare students for careers in teaching and research on various aspects of microbiology. Teaching or research may be performed in:

- educational institutions
- government agencies
- industry

**Degree Requirements:** 30 credit hours and a thesis.

Core (3)

MIC 501 Foundations of Microbiology (3)

Electives and Research (21)

Culminating Experience:

MIC 599 Thesis (6)

**Admission Requirements:**

Applicants who meet the following requirements are eligible to apply.

- A minimum of a bachelor's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited college or university is required.
- A minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program is required.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency\*
- letters of recommendation
- GRE scores

\* Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of the Division of Graduate Education and the College of Liberal Arts and Sciences.

**Contact Information:**

Liberal Arts & Sciences, College of  
School of Life Sciences  
<https://sols.asu.edu/graduate>

480-965-1768

**Microbiology, PHD (LAMICROPHD)**

**Online Degree Search Title:** Microbiology (PhD)

**Campus:** Tempe

**Program Description:**

The microbiology graduate program offers a dynamic research environment, broad range of basic, translational and use-inspired research areas, cutting-edge interdisciplinary training, and opportunities to work with world-class faculty and collaborative research partners committed to training scientific leaders with skills necessary to address significant global microbiological problems and challenges.

The program prepares students for research and teaching careers in universities and colleges, government agencies and industry.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The plan of study is designed by the student and the supervisory committee, consisting of a major professor and three additional faculty members. The program is tailored to the needs of the individual student.

- Eighty-four credit hours are required.
- A formal defense of the final written dissertation is required prior to graduation.
- The remaining credit hours are comprised of course work showing breadth in microbiology and related disciplines, seminars and research.
- Twelve credit hours of dissertation are required.
- Written and oral comprehensive examinations are required in order to advance to candidacy.

**Admission Requirements:**

Applicants must submit the Graduate Education online application.

Applicants should have:

- a 3.00 minimum GPA during the last two years or last 60 credit hours of undergraduate or master's studies, with a significant number of science credits included in these
- completion of the requirements for an undergraduate major in biology, microbiology, chemistry or related discipline, with a strong background in mathematical and physical science
- minimum GRE scores in verbal (50th percentile), quantitative (70th percentile) and writing (5)
- proof of English proficiency for an applicant whose native language is not English, regardless of current residency\*

\*The following minimum test scores are acceptable as proof of English proficiency:

- Test of English as a Foreign Language (TOEFL): 600 paper-based or 100 Internet-based
- International English Language Testing System (IELTS): overall band score of at least 6.5 with no band below 6.0
- Pearson Test of English (PTE): 60

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Contact Information:**

**Molecular and Cellular Biology, MS (LACELLMS)**

**Online Degree Search Title:** Molecular and Cellular Biology (MS)

**Campus:** Tempe

**Program Description:**

The interdisciplinary molecular and cellular biology program is led by an interactive community of scientists dedicated to promoting a collaborative environment that encourages interdisciplinary, innovative, world-class research. The molecular and cellular biology master's program is designed to provide diverse training opportunities for graduate students to prepare for successful careers in biological sciences.

**Degree Requirements:** 30 credit hours and a thesis.

Core: (9)

MCB 555 Advanced Molecular and Cellular Sciences (6)

MCB 556 Advanced Molecular and Cellular Biology II (3)

Elective or Research (11)

Additional Requirement:

MCB 501 Seminar: Molecular and Cellular Biology Colloquium (4)\*

Culminating Experience:

MCB 599 Thesis (6)

\*Students are required to take MCB 501 each semester they are registered. If a student is registered for more or less than 4 semesters, the research hours and MCB 501 hours may be adjusted accordingly to reach 30 credit hours.

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Biological Sciences, BS
- Biological Sciences (Biology and Society), BS
- Biological Sciences (Biomedical Sciences), BS
- Biological Sciences (Conservation Biology and Ecology), BS
- Biological Sciences (Genetics, Cell and Developmental Biology), BS
- Biological Sciences (Neurobiology, Physiology and Behavior), BS
- Microbiology, BS
- Molecular Biosciences and Biotechnology, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Applicants should have:

- a bachelor's degree in the biological sciences, biochemistry or a closely related field from a regionally accredited college or university
- minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program.

Applicants must submit all the items below to complete an application file. Incomplete files will not be reviewed or considered until complete. Please see the program website for application deadlines.

- an online Graduate Education application
- official transcript from each college or university attended
- an English proficiency exam for an applicant whose native language is not English\*
- official GRE general exam scores
- letters of recommendation

\*International applicants can find complete information on the English proficiency exams and other required documents on the Graduate Education website: <https://students.asu.edu/graduate/international> (<https://students.asu.edu/graduate/international>).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Molecular and Cellular Biology, PHD (LACELLPHD)

**Online Degree Search Title:** Molecular/Cellular Biology (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in molecular and cellular biology prepares students for careers that span traditional disciplinary boundaries. Research in this exciting field is focused on understanding the fundamental molecular events that are at the core of all life. The goal of the program is to provide a diverse range of research and training opportunities for doctoral students interested in pursuing a multidisciplinary approach to their studies that extends beyond the traditional boundaries of biological research. The broad-based training provides the necessary skills for professional careers in academic institutions, governmental institutions and industry, particularly those related to health and chemical sciences.

Participating faculty members and researchers are drawn from multiple departments, colleges, centers and institutes across the university, including the School of Life Sciences; the Department of Chemistry and Biochemistry; the School of Biological and Health Systems Engineering; the School for Engineering of Matter, Transport and Energy; the School of Mathematical and Statistical Sciences; the School of Human Evolution and Social Change; the Department of Psychology; and the New College of Interdisciplinary Arts and Sciences. Participating faculty members are also based at partner institutions in the greater Phoenix area, including the Translational Genomics Research Institute, Mayo Clinic in Arizona, Barrow Neurological Institute, Carl T. Hayden Veteran's Administration Medical Center and University of Arizona College of Medicine-Phoenix.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The plan of study is designed by the student and the supervisory committee, consisting of a professor in the major and three additional faculty members (the professor in the major and one other must be from the molecular and cellular biology core faculty).

- Eighty-four credit hours are required.
- A formal defense of the final written dissertation is required prior to graduation.
- An oral and written comprehensive examination are required in order to advance to candidacy.
- Twelve credit hours of dissertation are required and the remaining credit hours are comprised of core course work, seminars and research.

**Admission Requirements:**

All applicants must submit the Graduate Education online application. Admission criteria are as follows:

- a 3.00 minimum GPA during the student's last two years or last 60 credit hours
- minimum General GRE scores in verbal, quantitative and writing (subject GRE not required)
- Test of English as a Foreign Language (TOEFL) scores of 600 paper-based or 100 Internet-based for nonnative-English speakers

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Museum Studies, MA (LAMUSSTMA)

**Online Degree Search Title:** Museum Studies (MA)

**Campus:** Tempe

**Program Description:**

The museum studies master's program examines how museums produce and reflect culture and the role museums play worldwide. Students develop theoretical questions and applied skills that engage the functions, practices and critical analyses of museums. They also gain practical experience while being encouraged to challenge preconceived notions about museums and the way they affect (and are affected by) societies and cultures. Designed to be use-inspired, socially embedded and transcultural, the program ensures that students understand the meaning and significance of museums in contemporary society and prepares them for diverse museum careers.

**Degree Requirements:** 30 credit hours and a research portfolio.

The MA in museum studies requires that all students complete the following three core courses, two of which must be taken during the first year of study:

ASB 500 Museum Studies Research Methods (3)

ASB 574 Exhibit Design and Development (3)

ASB 579 Critical Issues in Museum Studies (3)

Students must complete six credit hours of internship (ASB 584) approved by their supervisory committees, usually in a museum setting or museum quality collection or archive related to their chosen area of study: anthropology, art history, theory and criticism or public history. On completion, students must submit a journal or portfolio about the internship and skills acquired.

Additionally, six hours of ASB 592 Research and three approved elective courses are required. For a list of approved courses, please contact the school.

**Admission Requirements:**

Students must submit an online Graduate Education application. Please see the program website for application deadlines and admission terms. In addition to the general requirements for admission to the Graduate Education office, applicants must also provide:

- a statement of purpose outlining career and educational goals
- a current curriculum vitae or resume
- an optional sample of their written work
- three letters of recommendation
- official GRE scores
- transcripts of all undergraduate and graduate course work

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Suitable backgrounds for admission include disciplines related to museum studies, anthropology, history or art (fine art or art history).

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## Museum Studies (certificate), Certificate (LAMUSEUMCE)

**Online Degree Search Title:** Museum Studies (Grad Certificate)

**Campus:** Tempe

### **Program Description:**

The museum studies program examines how museums produce and reflect culture and the role museums play worldwide. Students develop theoretical questions and applied skills that engage the functions, practices and critical analyses of museums. They also gain practical experience while being encouraged to challenge preconceived notions about museums and the way they affect (and are affected by) societies and cultures. Designed to be use-inspired, socially embedded and transcultural, the program ensures that students understand the meaning and significance of museums in contemporary society and prepares them for diverse museum careers.

**Degree Requirements:** 18 credit hours.

Eighteen credit hours are required, which include 12 hours of required course work and a six-credit-hour internship at an approved museum.

For a list of approved courses, please contact the school. Certificate students may choose to specialize in areas such as anthropology, art history and public history.

For students currently enrolled in an ASU graduate degree program, applicable certificate courses may count toward their degree program with the approval and consent of the degree granting program.

For certificate students who are later admitted to an ASU graduate degree program, up to 12 credit hours from the certificate program may count toward their doctoral degree or up to 12 credit hours may count toward their master's, with the approval and consent of the degree-granting program.

All requirements for the certificate program should be completed within a three-year time limit with a cumulative GPA of at least 3.00. Students who require more time to finish the program (because of their part-time status or lack of desirable or available courses) must obtain approval from the executive committee.

### **Admission Requirements:**

Students must submit an online application to Graduate Education. Please see the program website for application deadlines. For information on spring admission, please contact the school. In addition to the general requirements for admission to Graduate Education, applicants must also provide:

- a current curriculum vitae or resume
- a statement of purpose outlining career and educational goals
- an optional sample of their written work
- official GRE scores
- three letters of recommendation
- transcripts of all undergraduate and graduate course work
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Suitable backgrounds for admission include disciplines related to museum studies, anthropology, history or art (fine art or art history).

For U.S. Department of Education Gainful Employment Program Disclosure information, see <https://catalog.asu.edu/files/disclosures/LAMUSEUMCE/Gedt.html> (<https://catalog.asu.edu/files/disclosures/LAMUSEUMCE/Gedt.html>).

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## Nanoscience, PSM (LANANPSM)

**Online Degree Search Title:** Nanoscience (PSM)

**Campus:** Tempe

**Program Description:**

The PSM in nanoscience is a cohesive program of interdisciplinary courses that provide the knowledge base required for research and innovation in nanoscience. The program incorporates courses in:

- chemistry and biochemistry
- electrical engineering
- materials science
- physics

Commercial innovation is a particular target goal of the degree, including applications in:

- health care
- nanomedicine
- optics
- semiconductor electronics and optoelectronics
- sensors

The PSM in nanoscience program is suitable for working professionals as well as for students who have obtained a traditional bachelor's or master's in related fields.

**Degree Requirements:** 30 credit hours including the required applied project course (NAN 593).

Core courses account for 15 of the 30 credits, including society- and intellectual-property-based courses in addition to core science courses. Many of the requisite elective courses are currently offered within the Departments of Physics, and Chemistry and Biochemistry. Most are cross-listed with other units.

The program includes a two-semester, student-centered professional seminar where the central role of the program as a vehicle for innovation emerges. During the spring semester and summer session, students conduct an individual applied project in association with a research group. The degree does not require a thesis. Rather, the applied project forms the basis of the final capstone presentation.

Courses (two or three credit hours each):

NAN 505 Nanoscience and Society (2) (final summer session)

NAN 506 Innovation and IP Management (2) (final summer session)

NAN 571 Quantum Physics for Nanoscience (3) (fall semester)

NAN 591 Professional Seminar (2) (each fall and spring)

NAN 593 Applied Project (3) (each spring and final summer session)

The NAN 505 and NAN 506 courses are designated as alternate core courses, which in some years will be given within the professional seminar.

Three alternate program options may be found at: <http://nanoscience.asu.edu/psm-program-study-and-program-options>

(<http://nanoscience.asu.edu/psm-program-study-and-program-options>).

Throughout the program, students interact with research faculty and other students in a variety of disciplines related to nanoscience. Students also meet with visiting speakers and industrialists in the professional seminar as well as other seminars.

If taken full time, the PSM in nanoscience can be completed in 12 months (fall semester, spring semester and two eight-week summer sessions). Another option is our two-year, part-time program, which allows prospective students and their employers flexibility in scheduling their program of study.

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biochemistry, BS

Biochemistry (Medicinal Chemistry), BS

Chemistry, BS

Materials Science and Engineering, BSE

Physics, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:** • Applicants must submit an online Graduate Education application, with accompanying materials as specified on the Graduate Education website.

- Applicants who hold a bachelor's from a regionally accredited institution in physics, chemistry or a related field are eligible to apply to the

program.

- GRE scores are not required for application, but will be taken into consideration if submitted.
- This program also seeks to attract students already employed in related areas, and who wish to become knowledgeable and skilled in nanoscience.
- A Test of English as a Foreign Language (TOEFL) or equivalent score for non-native English speakers will be required when applicable.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Natural Science (Geological Sciences), MNS (LANATSCIMN)

**Online Degree Search Title:** Geological Sciences (MNS)

**Campus:** Tempe

**Program Description:**

The School of Earth and Space Exploration participates in the program leading to the MNS in natural science, concentration in geological sciences. This interdisciplinary degree is designed to meet the needs of professionals seeking a graduate-level degree. The program offers the opportunity for interdisciplinary graduate training in the natural sciences (i.e., biological sciences, mathematics and physical sciences) and cognate areas.

The degree program is especially suited for individuals who desire professional training rather than research training. Because of designed flexibility, the degree also offers the opportunity for individualized professional graduate programs depending upon the backgrounds and goals of the students. Students are expected to emphasize course work in two or more areas of concentration. The program must be interdisciplinary.

**Degree Requirements:** 30 credit hours and an applied project.

The supervisory committee is chosen by the student in conjunction with the advisor. The composition of the supervisory committee must reflect the interdisciplinary nature of the program. The student will develop a suitable applied project with the approval of the supervisory committee.

A program of study is recommended by the supervisory committee after conferring with the student. While the minimum of 30 credit hours is required for the degree, more credit hours may be required by the supervisory committee, depending upon the background of the student and the nature of the proposed program. All students admitted to this program are also required to take two seminars:

GLG 500 SESE Colloquium (1)

GLG 591 Faculty Research Seminar (1)

In some cases, undergraduate courses may be required to remove deficiencies. An applied project is required; however, a thesis is optional. For the thesis option, a final written or oral examination, or both, is required. Each examination is administered by the supervisory committee.

**Admission Requirements:**

Students applying for admission to the program must submit:

- an online Graduate Education application
- GRE scores
- a statement of purpose
- three letters of recommendation

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

Please see the program website for application deadlines.

## Natural Science (Physics), MNS (LAPHYSMNS)

**Online Degree Search Title:** Physics (MNS)

**Campus:** Tempe

### Program Description:

The MNS curriculum provides interdisciplinary graduate training in physics, physical science or physics education. The degree is especially suited for high school science teachers who desire professional training rather than research training. Designed for flexibility, the curriculum also features individualized professional graduate programs. These programs are well suited to the backgrounds and goals of students. Students are expected to emphasize course work in two or more areas of concentration. The program must be interdisciplinary.

**Degree Requirements:** 30 credit hours including the required applied project course (PHS 593).

Supervisory Committee:

- The graduate advisor and the student suggest persons to serve on the supervisory committee. The supervisory committee recommends the plan of study, after conferring with the student.
- The supervisory committee, consisting of three faculty members, is appointed by the vice provost for Graduate Education upon the recommendation of the chair of the Department of Physics.
- The supervisory committee is formed soon after the student has been admitted to the degree program and must reflect the interdisciplinary nature of the program.
- The supervisory committee may require more courses, depending upon the background of the student and the nature of the proposed program. In some cases undergraduate courses may be required to overcome deficiencies.

Teachers may enroll in these courses in order to earn credit toward recertification or to pursue an MNS degree. These courses are held during the summer. Depending on teacher interest, they may be offered at other times. For some courses, the prerequisites are two semesters of trigonometry-based college physics and an introductory calculus course. Additional information about the MNS for high school physics teachers is available at: <https://physics.asu.edu/graduate/mns/> (<https://physics.asu.edu/graduate/mns/>).

**Admission Requirements:** • Applications must be submitted online with accompanying materials as specified by Graduate Education. To obtain application forms, access the Graduate Education website.

- Requirements for admission are the availability of resources for the proposed program and a Department of Physics faculty member designated to serve as a graduate advisor.
- A Test of English as a Foreign Language (TOEFL) or equivalent score will be required from applicants whose native language is not English.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Neuroscience, PHD (GCBMENPHD)

**Online Degree Search Title:** Neuroscience (PHD)

**Campus:** Tempe

### Program Description:

Neuroscience involves the study of the nervous system and its relation to an organism's function. It encompasses how gene and nerve networks interact with the environment throughout an organism.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The PhD in neuroscience degree program will integrate aspects of graduate-level training from many different units on campus as well as from the program's partner institutions distributed across the greater Phoenix area. Partner institutions will include but are not limited to The Barrow Neurological Institute, Translational Genomics Research Institute, University of Arizona College of Medicine, the Mayo Clinic and Sun Health.

The program requires the completion of 84 credit hours of which 12 hours, and only 12, are dissertation credits. At least 18 credits of formal course work are required. In consultation with their committee and their supervisor or mentor, students will be able to customize their plan of study to suit their particular interests and goals. Each student completes six credit hours of the core course credits. The core course sequence must be completed before the oral and written evaluation examinations are taken. Additional credits will be comprised of specialized disciplinary courses or research credits chosen in consultation with their mentor and advisory committee.

A one-credit-hour journal club seminar will be required each semester.

Advancement to candidacy will be dependent on successfully passing a formal comprehensive examination that includes a written proposal of the dissertation research and an oral examination in the broader areas that pertain to that research study. When the research is completed, the dissertation must be written and presented in a public seminar and successfully defended before the supervisory committee.

**Admission Requirements:**

Applicants must submit an online Graduate Education application plus the appropriate documents, including three letters of recommendation and official GRE scores.

The graduate committee will be responsible for decisions concerning potential recruitment of students and admission recommendation of students to the program.

They will also be highly active in the recruitment procedure each year.

Requirements

A bachelor's in science or engineering from a regionally accredited institution (or equivalent degree) is required. Applicants must submit the following:

- an official ASU Graduate Education application
- a statement of career and educational goals
- names of at least three neuroscience faculty in area of interest
- official GRE scores
- official transcripts of all undergraduate and graduate course work
- three letters of recommendation (two of which should be academic recommendations)
- official TOEFL scores (international students)
- current curriculum vitae or resume
- the Interdisciplinary PhD in Neuroscience Program Academic Record Form

Regular admission may be granted to applicants who have achieved a GPA of 3.00 (on a 4.00 scale) or better in the last two years of work leading to a bachelor's and who are competitive in the applicant pool as evidenced by GRE verbal, quantitative and analytical scores, the statement of educational and career goals and the letters of recommendation. Particular attention will be paid to research experience and overall preparation in problem-solving abilities as evidenced by previous course work, research experiences and GRE scores.

Because this program draws on an extremely broad range of disciplinary backgrounds in recruiting students, there is no specific set of undergraduate course requirements other than those implied by the degree requirements described above. Most students will be expected to have had course work in biology, chemistry and math, or demonstrated ability through a subject test GRE. During the first semester, student progress in the core course will be closely monitored for difficulty in specific areas.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Nonfiction Writing and Publishing (Certificate), Certificate (LANWPGRCT)

**Online Degree Search Title:** Nonfiction Writing and Publishing

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

### Program Description:

Students in the nonfiction writing and publishing certificate program will learn good writing, which includes the ability to read, analyze and synthesize information and concepts and to express them with words. Graduates will have a portable, professional skill that can transcend disciplines and equip them for life both within and beyond the academy. Graduates will have the skills to publish analyses and narratives of complex ideas and knowledge for diverse audiences, from scholars to various public audiences. The certificate embraces all varieties of nonfiction:

- biography
- blogs and other types of web writing
- creative nonfiction
- essays
- formal scholarship
- genre-specific rhetoric
- journalism
- op-eds
- popular science writing
- narrative history
- young adult literature
- and any other types of prose not based on fiction

The certificate program is unique as it is embedded in specific academic content areas including disciplinary-specific and transdisciplinary areas.

**Degree Requirements:** 15 credit hours.

Core Courses: (3 credit hours)

HPS 520/HST 520 Masters of Nonfiction Writing (3)

Electives: 12 credit hours

Culminating Experience: None Required

Total required credit hours: 15

### Admission Requirements:

Degree: Applicants must hold a bachelor's degree or higher from a regionally accredited U.S. institution. Applicants who attended school outside of the U.S. must hold a bachelor's or graduate degree, or equivalent, from an institution that is officially recognized by that country. Applicants are encouraged to enroll in a graduate degree program in conjunction with this certificate but are not required to do so.

Applicants must submit:

- the nonfiction writing and publishing certificate application
- official transcripts
- writing sample

GPA: Applicants must have maintained a minimum GPA of 3.00 (on a 4.00 scale) in the last 60 semesters or 90-quarter hours of undergraduate course work.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Online Degree Search Title:** Philosophy (MA)

**Campus:** Tempe

**Program Description:**

The MA in philosophy program is designed to prepare students to:

- be employed in any areas that require critical and analytical thinking (such as medicine, law, government or publishing)
- enter doctoral programs in philosophy at other institutions
- teach philosophy at the community college level

**Degree Requirements:** 30 credit hours and a portfolio, or 30 credit hours and a thesis.

There are two options for the master's in philosophy: the thesis option and the nonthesis portfolio option.

The thesis options requires 30 total credit hours of course work, including six credit hours of PHI 599 Thesis.

The nonthesis portfolio option requires 30 total credit hours of course work, including three credit hours of PHI 592 Research.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. All applications for admission to the master's in philosophy must be accompanied by:

- the applicant's current curriculum vitae
- the applicant's score in the GRE
- complete transcripts
- a sample of philosophical writing
- a statement of purpose
- three letters of recommendation from persons qualified to judge the applicant's potential for graduate work in philosophy

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

Please see the program website for application deadlines.

## Philosophy, PHD (LAPHILPHD)

**Online Degree Search Title:** Philosophy (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in philosophy is designed to prepare students for careers:

- as philosophers
- as teachers of philosophy
- in areas that may benefit from advanced training in philosophy (such as law, civil service and publishing)

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

To ensure breadth in the traditional areas of philosophy, students must pass with a grade of "B" (3.00) or better:

Core course work (18)

One approved course in each of the following areas:

Applied philosophy (3)

Epistemology (3)  
Formal methods (3)  
History of philosophy (3)  
Metaphysics (3)  
Value theory (3)

Electives (42)

At least nine credit hours and no more than 18 credit hours must be from other disciplines supporting the student's proposed dissertation area; 30 credit hours of master's degree credit allowance from a previously awarded master's may apply toward this requirement.

Research (12)  
Dissertation (12)

Total credit hours: 84

**Admission Requirements:**

Applicants must submit the Graduate Education online application. All applications must be accompanied by:

- the applicant's current curriculum vitae
- the applicant's score in the GRE
- complete transcripts
- a sample of philosophical writing
- a statement of purpose
- three letters of recommendation from persons qualified to judge the applicant's potential for graduate work in philosophy

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Philosophy (History and Philosophy of Science), MA (LAHPSMA)

**Online Degree Search Title:** Philosophy (History and Philosophy of Science) MA

**Campus:** Tempe

**Program Description:**

Nationally, there is great interest in science and in understanding the nature of science and the forces that change scientific research. The job market in philosophy is strong for philosophers of science (and especially in the life sciences) with some positions remaining unfilled even when the market is intensely competitive in other areas. In addition, the history and philosophy of science is becoming a strong disciplinary emphasis within growing professional societies.

Some programs, elsewhere, focus primarily on philosophy or primarily on history, but those that bring the two together are regarded among the strongest in each area. The objective here is to provide a program for students who come to history and philosophy of science from the humanities and who seek a career based in philosophical analysis of the sciences. We have the research strength competitive with any international program.

**Degree Requirements:** 30 credit hours, including the required capstone course (HPS 551) and a thesis.

Graduate course work for the MS includes:

history of science (3)  
philosophy of science (3)  
topics in the history of science (3)  
topics in the philosophy of science (3)  
research methods in the history and philosophy of science (3)  
prospectus writing (3)  
research and thesis (12)

**Admission Requirements:**

No longer accepting applications.

## Philosophy (History and Philosophy of Science), PHD (LAHPSPHD)

**Online Degree Search Title:** Philosophy (History and Philosophy of Science) PHD

**Campus:** Tempe

**Program Description:**

This degree combines solid training in the core areas of philosophy with an emphasis on interdisciplinary studies of the sciences, and their:

- conceptual structure
- epistemology
- history
- impacts on society

The strength of ASU's history and philosophy of science program is to bring philosophy, history and the study of science together.

This degree program is especially appropriate for students with a background in philosophy who seek to broaden their disciplinary studies with a historical perspective. Applicants will typically come from undergraduate programs that have included philosophical, historical, or history and philosophy of science training or with a master's degree in one of those fields. Science students are eligible as well, and will make up relevant undergraduate humanistic core courses during their first years. Most graduates will seek a career based in philosophical or historical analyses of the sciences.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Graduate course work includes:

history of science (3)  
philosophy of science (3)  
prospectus writing (3)  
research methods in the history and philosophy of science (3)  
dissertation (12)  
topics in the history of science (3)  
topics in the philosophy of science (3)  
Additional courses required for the degree include:  
advanced logic or approved equivalent (3)  
approved philosophy or other relevant courses (9)  
a course in history of philosophy (3)  
a course in value theory (3)  
HPS 615 Biology and Society Lab (3 hours, one credit each)  
research or elective courses approved by dissertation chair (33)

**Admission Requirements:**

This program is no longer accepting applications.

## Physics, MS (LAPHYSIMS)

**Online Degree Search Title:** Physics (MS)

**Campus:** Tempe

### **Program Description:**

The MS in physics program provides graduate instruction and research experience appropriate to many physics-related careers. The structure of the program is flexible enough to allow a wide range of programs of study and a wide range of student backgrounds. It is also suitable for part-time study.

Completion of the program requires a minimum of two years, with students typically taking courses for the first three semesters and completing a research project in their final semester. The student defends a master's thesis at the end of the program.

**Degree Requirements:** 30 credit hours and a thesis.

The master's in physics can emphasize either physics alone or physics in combination with other fields.

### **Admission Requirements:**

Applications must be submitted online with accompanying materials as specified on the Graduate Education website.

To be admitted to the master's program in physics without deficiencies, applicants should have adequate undergraduate preparation equivalent to an undergraduate major of 30 credit hours in physics and 20 credit hours in mathematics. Courses in analytic mechanics, electromagnetism and modern physics, including quantum mechanics, are particularly important.

Students applying for admission must submit:

- test scores for the verbal, quantitative and analytical sections of the GRE\*
- proof of English language proficiency\*\*

\*Submission of scores for the physics GRE subject test is recommended, although not mandatory.

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency in the form of a Test of English as a Foreign Language (TOEFL) or equivalent score.

Financial support in the form of teaching or research assistantships is contingent upon:

- satisfactory performance in course work
- timely completion of the final examination for the master's degree
- need and availability of such support

Students on probation are offered financial support only under exceptional circumstances.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

### **Contact Information:**

Liberal Arts & Sciences, College of

## Physics, PHD (LAPHYSIPHD)

**Online Degree Search Title:** Physics (PhD)

**Campus:** Tempe

### **Program Description:**

The PhD in physics is intended for highly capable students having the interest and ability to follow a career in independent research. Graduates find positions in a variety of settings:

- academic faculty
- administration

- government labs
- industrial labs
- management

The recent advent of the graduate faculty initiative at ASU extends the spectrum of potential physics doctoral topics and advisors to include highly multidisciplinary projects that draw upon:

- biochemistry
- biology
- chemistry
- electrical engineering
- materials science
- other related fields

Consequently, students and doctoral advisors can craft novel doctoral projects that transcend the classical palette of physics subjects. Multidisciplinary expertise of this nature is increasingly vital to modern science and technology.

Current areas of particular emphasis within the department include:

- biological physics
- cosmology
- electron diffraction and imaging
- nanoscale and materials physics
- particle physics and astrophysics

The department has more than 100 doctoral students and more than 40 faculty members.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The physics doctoral program requires a student to:

- complete 84 credit hours of course work
- pass a written and an oral comprehensive examination
- prepare and defend a doctoral dissertation

Within the newly redesigned and modernized physics graduate curriculum, all doctoral students are required to take 18 credit hours of core physics courses, specifically:

First Semester:

PHY 500 Research Rotation I (3)  
 PHY 521 Classical and Continuum Mechanics (3)  
 PHY 541 Statistical Physics (3)

Second Semester:

PHY 500 Research Rotation II (3)  
 PHY 531 Electrodynamics (3)  
 PHY 576 Quantum Theory (3)

Course work beyond these core courses is established by the student's doctoral advisor and supervisory committee, working in partnership with the student. The intent is to tailor the doctoral training to the specific research interests and aptitudes of the student while ensuring that each graduating student emerges with the expertise, core knowledge and problem-solving skills that define a successful doctoral degree in physics.

Of particular note within the core courses are the PHY 500 Research Rotations, which are specifically designed to engage doctoral students in genuine, faculty-guided research starting in their very first semester at ASU.

**Admission Requirements:**

Applications must be submitted online with accompanying materials as specified on the Graduate Education website.

Applicants to the Department of Physics doctoral program must hold at least a baccalaureate from a recognized institution and must have had adequate undergraduate preparation equivalent to an undergraduate major of 30 credit hours in physics and 20 credit hours in mathematics. Courses in analytic mechanics, electromagnetism and modern physics, including quantum mechanics, are particularly important.

Applicants must submit test scores for the verbal, quantitative and analytical sections of the GRE. The subject GRE test scores should also be submitted; submission can be waived in extraordinary circumstances.

A Test of English as a Foreign Language (TOEFL) or equivalent score will be required, when applicable, from an applicant whose native language is not English (regardless of current residency).

Applicants requesting credit for prior graduate courses, taken either at ASU or elsewhere, must demonstrate mastery of the relevant course material to the graduate level standards of the Department of Physics.

Financial support in the form of teaching or research assistantships is contingent upon:

- satisfactory performance in course work
- timely completion of examinations (including the written and oral PhD comprehensive examinations)
- the need and availability of such support

Students on probation are offered support only under exceptional circumstances. The period for which a doctoral candidate may receive financial support through the Department of Physics does not normally exceed six years.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Plant Biology and Conservation, MS (LAPLBIOMS)

**Online Degree Search Title:** Plant Biology and Conservation (MS)

**Campus:** Tempe

**Program Description:**

Conservation addresses a growing need for botanists and conservation biologists in academic institutions, government agencies, and nongovernmental organizations. The MS in plant biology and conservation provides students with advanced training in plant ecology, evolution, and floristics, as well as in theory and practice of conservation biology. Students have the opportunity to work with faculty and researchers from ASU and the Desert Botanical Garden, which is located near the ASU's Tempe campus.

**Degree Requirements:** 30 credit hours and a thesis.

Core: (3)

PLB 502 Perspectives in Plant Biology (3)

Research: (3)

PLB 592 Research (3)

Electives (17)

Other requirements: (1)

PLB 591 Seminar (1)

Culminating experience: (6)

PLB 599 Thesis (6)

Total credit hours: 30

**Admission Requirements:**

An applicant must have a minimum of a bachelor's or master's degree in biology, botany, or a closely related field from a regionally accredited college or university.

A minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program is required. A minimum of 3.00 cumulative GPA (scale is 4.00=A) in the applicable master's degree is required.

Applicants to this program are required submit the following:

- Graduate Education online admission application, including application fee
- official transcripts
- letters of recommendation
- GRE scores
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## Political Science, MA (LAPOLSCMA)

**Online Degree Search Title:** Political Science (MA)

**Campus:** Tempe

**Program Description:**

The MA in political science program provides advanced education for students preparing for teaching, research or applied careers in political science. This degree may be taken as a terminal program or as a step toward eventual fulfillment of the requirements for the PhD. Students who plan to obtain the doctorate at ASU should apply directly to the doctoral program.

**Degree Requirements:** 30 credit hours and a portfolio, or 30 credit hours and a thesis.

- Additional hours must be taken in graduate-level courses and seminars each semester until course work is completed.
  - All candidates must take POS 503 and the core courses in the student's major field.
  - A maximum of six credit hours in approved courses may be taken outside the department.
  - A minimum of 30 credit hours is required for the master's in political science.
  - Six credit hours of reading and conference (POS 590) or independent study (POS 592) courses may count toward the 30-credit-hour requirement.
- This program includes both a thesis and portfolio (nonthesis) option. If the thesis option is followed, the program must include a combination of three credit hours of research (POS 592) and three credit hours of thesis (POS 599).

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Global Studies, BA
- Political Science, BA
- Political Science, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Applicants must submit the ASU Graduate Education online application.

Please see the program website for application deadlines and admission terms.

All required materials will be submitted through the Arizona State University Graduate Education admission application. These include:

Letters of Recommendation:

Three letters of recommendations are required from people capable of evaluating the applicant's political science expertise. Please provide the name and email addresses of recommenders as directed on the graduate admission application form.

Personal Statement:

Applicants should write a personal statement of one to three pages indicating what area of political science is intended to be studied and why.

If applicable, please include any honors, scholarships, prizes, honorary societies, etc., that have been received or the applicant belongs to.

Writing Sample:

Please submit a writing sample (i.e., research paper) that best represents the applicant's thinking and writing skills in political science or a related subject.

Political Science Courses:

To assist in evaluating all candidates, please list titles and related information for all previous undergraduate and graduate courses or course work in political science or related fields.

Please complete the information in a table with the following column headings:

Crs Title | Undergrad Credit Hrs | Graduate Credit Hrs | Grade | Institution | Year

Save this file in a .doc, .rtf or .txt format and upload it on the Graduate Education admission application.

Test Scores:

GRE scores are required of all applicants. Applicants should ensure that GRE scores are reported on the application form, and they should request to have an official score report sent directly from ETS to Graduate Education. Photocopies are not acceptable.

The institution code with ETS is 4007.

Additional Information

Undergraduate course work in political science is not a prerequisite for admission. However, master's students should have a basic understanding of elementary statistics and the undergraduate content of the political science fields of concentration that they wish to study. Students should allow sufficient time to acquire such a background.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Political Science, PHD (LAPOLSCPHD)

**Online Degree Search Title:** Political Science (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in political science is intended to develop scholars who demonstrate a high level of excellence in teaching and research as professional political scientists. It is distinguished by a wide variety of areas of specialization, including:

- American politics
- comparative politics
- international relations
- political theory
- public policy

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program in political science requires:

- 84 credit hours, including 12 credit hours of dissertation research
- a formal oral defense of the dissertation
- an oral comprehensive examination covering the dissertation prospectus
- POS 503 and POS 603 which are included in the 84 required credit hours

- the supervisory committee of three members, including the committee chair from the student's major field
- a written comprehensive examination in the major and minor fields

A maximum of 12 credit hours of approved course work outside the department but within ASU may count toward the 84 credit hours.

A maximum of 30 credit hours from a postgraduate program elsewhere may be transferred in and counted toward the 84 credit hours.

**Admission Requirements:**

Applicants must submit the ASU Graduate Education online application.

Please see the program website for application deadlines and admission terms.

All required materials should be submitted through the Arizona State University Graduate Education admission application. These include:

Letters of Recommendation:

Three letters of recommendation are required from people capable of evaluating the applicant's political science expertise. Please provide the name and email addresses of recommenders as directed on the graduate admission application form.

Personal Statement:

Applicants should write a personal statement of one to three pages, indicating what area of political science is intended to be studied and why.

If applicable, please include any honors, scholarships, prizes, honorary societies, etc., that have been received or the applicant belongs to.

Writing Sample:

Please submit a writing sample (i.e., research paper) that best represents the applicant's thinking and writing skills in political science or a related subject.

Political Science Courses:

To assist in evaluating the applicant's candidacy, list the titles and related information for all previous undergraduate and graduate courses or course work in political science or related fields.

Please complete the information in a table with the following column headings:

## Psychology, PHD (LAPSYCHPHD)

**Online Degree Search Title:** Psychology (PhD)

**Campus:** Tempe

### Program Description:

The Department of Psychology offers doctoral programs designed to provide outstanding training in innovative research, methodology and the application of psychological principles to a wide variety of human conditions. The department is organized into six major areas of interest:

- behavioral neuroscience
- clinical
- cognitive science
- developmental

quantitative (must apply to the Quantitative Research Methods PhD)

- social psychology

Students pursue their graduate studies within one of these six areas, and each area determines the basic curriculum for their graduate program. There is, however, substantial opportunity to integrate courses of study across areas in the department.

Further, specialized emphases are available that integrate across programs in the university (e.g., integrating psychology and law).

At the core of doctoral training in psychology is an emphasis on the development of skill in research and quantitative methods. Faculty in all six areas are actively engaged in major research programs. These theoretically grounded research programs address the breadth of psychological processes:

- cognitive processes (e.g., attention, language, memory) as they occur within the context of perception and action, personality and issues of stigma and prejudice
- cultural influences on psychological processes
- evolution and behavior
- individual resilience
- lifespan developmental aspects of emotion and cognition
- neurobiological and psychosocial processes that underlie behavior and health (e.g., drug abuse, stress, heart disease)
- prevention of child mental health problems

A particularly unique strength of the Department of Psychology is the wealth of outstanding faculty whose specialization is quantitative methods. A breadth of courses and experiences in quantitative methods are available that are well integrated into the areas of research that characterize the department and offer students a rare opportunity to develop expertise in this critical domain.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

In addition to required course work (determined by training area), students take courses related to their area of interest as determined in consultation with their supervisory committees. All doctoral students complete 12 dissertation credit hours. Requirements vary across training areas.

### Concurrent Degrees:

This degree is also offered as concurrent degree with Juris Doctor (JD)

### Admission Requirements:

Applicants must submit an online Graduate Education application.

In addition to the general requirements for admission to Graduate Education, applicants must also provide the following:

- scores on the GRE
- transcripts

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

Deadlines:

The Graduate Education online application, including all letters and supporting documents, must be received by the application deadline. Please see the program website for application deadlines.

## Psychology (Quantitative Research Methods), PHD (LAPSYQUPHD)

**Online Degree Search Title:** Psychology (Quantitative Research Methods) (PhD)

**Campus:** Tempe

**Program Description:**

The quantitative research methods concentration of the PhD in psychology focuses on the broad class of quantitative and methodological issues that arise in the conduct of both basic and applied psychological research. There are seven core faculty members in the quantitative concentration, of whom several are also affiliated with a substantive area. This dual affiliation supports the training of students of quantitative methods against a backdrop of methodological issues associated with the development of the substance of psychological science. The quantitative concentration is committed to training the next generation of psychological methodologists who will make contributions in developing methods in the areas of measurement, design and analysis, and evaluating the utility of new and existing methods for use in psychological research.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The quantitative curriculum is structured as a series of progressively more advanced courses. New quantitative courses may be implemented under an omnibus number (PSY 591) at the interest of the faculty.

Students complete the following course work:

PSY 530 Analysis of Variance (3)  
PSY 531 Multiple Regression Analysis (3)  
PSY 532 Analysis of Multivariate Data (3)  
PSY 533 Structural Equation Modeling (3)  
PSY 534 Psychometric Methods (3)  
PSY 555 Experimental and Quasi-Experimental Designs (3)  
PSY 591 Quantitative Seminar (3 credit hours annually)

During the course of training, students also complete these requirements:

Psychological methodology electives (12)  
Substantive course work (6)  
Additional substantive or psychological methodology electives (6)  
PSY 599 Master's Thesis (6)  
PSY 792 Post-Master's Research (12)  
PSY 799 Dissertation (12)

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Deadlines for the application, which includes the online application, all letters and supporting documents, can be found on the program's website.

In addition to the general requirements for admission to Graduate Education, applicants must also provide the following:

- scores on the GRE
- transcripts
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Contact Information:**

Liberal Arts & Sciences, College of  
Department of Psychology

## Religious Studies, MA (LARELIGMA)

**Online Degree Search Title:** Religious Studies (MA)

**Campus:** Tempe

### Program Description:

The faculty in religious studies offer a graduate program leading to the MA in religious studies. Candidates are offered an opportunity to develop knowledge of various religious traditions in their historical and cultural contexts and to learn research methods. Although students often concentrate upon a single religious tradition for their thesis work, the program seeks to provide a broadly comparative understanding of religions, not simply a specialist's training in a single tradition.

**Degree Requirements:** 30 credit hours including the required applied project course (REL 593) and a foreign language exam, or 30 credit hours, a thesis and a foreign language exam.

### Thesis Option:

This option is recommended for students intending to seek admission to a doctoral program upon completion of the master's or planning to teach in the discipline at community colleges. For the thesis option, the student must satisfy the following requirements:

- an oral defense of the thesis
- reading knowledge of all languages relevant to the proposed thesis topic
- a thesis that earns six credit hours of 599 Thesis credit
- 24 credit hours of course work, including six credit hours in methods and theory (REL 501 and 502), six credit hours of graduate seminar (REL 591), offered each semester on varying topics within the academic study of religion and three credit hours of research (REL 592) to prepare the thesis proposal

### Applied Project Option:

This option is recommended for students intending to augment their primary area of expertise and professional training in fields such as:

- counseling
- journalism
- K-12 education
- law
- the ministry
- social work

For the applied project option, the student must satisfy the following requirements:

- an oral defense of the applied project
- three publishable papers: one on theory and method, one on the student's minor area of study, and one on the major area of study
- reading knowledge of a foreign language relevant to the proposed area of concentration
- 30 credit hours of course work, including six credit hours in methods and theory (REL 501, 502), six credit hours of graduate seminar (REL 591), four courses in a major area of concentration and two courses in a minor area

### Admission Requirements:

Applicants must submit an online Graduate Education application. To be eligible for admission to the graduate program in religious studies, an applicant must submit the following:

- email addresses of three academic references\*
- evidence of having completed the equivalent of 15 credit hours of undergraduate work in the study of religions, including advanced courses in both western and Asian or other non-Western religions\*\*
- a statement of purpose of approximately 1,000 words outlining the academic background, career goals and specific area of interest in religious studies in relation to fields offered by the faculty, to be sent to the graduate coordinator of the department
- test scores from the GRE
- a writing sample
- proof of English proficiency\*\*\*

\*Referees will be contacted by Graduate Education with a request to complete a reference questionnaire.

\*\*Students without the necessary background in religious studies may remove deficiencies by taking additional specified courses at the beginning of  
Academic Catalog Archive 2015-2016

their program of study, which may not count toward the fulfillment of degree requirements.

\*\*\*The Test of English as a Foreign Language (TOEFL) is required for an applicant whose native language is not English (regardless of current residency).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

Please see the program website for application deadlines.

## Religious Studies, PHD (LARELIGPHD)

**Online Degree Search Title:** Religious Studies (PhD)

**Campus:** Tempe

**Program Description:**

The academic study of religion is a central component of the humanities and has become increasingly recognized as a critical tool in understanding society and politics in a globalized world. The PhD program has two main goals:

- to provide supplementary training for graduate students in a range of related programs (including history, anthropology, political science, journalism, secondary education and justice studies) who would benefit from greater expertise regarding the nature and role of religion around the world
- to train graduate students for careers as scholars and teachers in the academic study of religion

Doctoral tracks in the study of religion approach the study in a variety of contexts. Specifically offered are tracks in:

- anthropology of religion
- global Christianity
- Islam in global contexts
- religion in Asia
- religion in the Americas

**Degree Requirements:** 84 credit hours, foreign language exams, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

**Course Work:**

The plan of study must contain a minimum of 84 credit hours, including 12 hours of dissertation. Courses and research hours are approved by the student's supervisory committee.

**Admission Requirements:**

All applicants must submit an online Graduate Education application. In addition to the general requirements for admission to Graduate Education, applicants must also submit:

- email addresses of three academic references\*
- GRE scores
- a statement of purpose of approximately 1,000 words
- Test of English as a Foreign Language (TOEFL) for applicants whose native language is not English\*\*
- a writing sample

\*Referees will be contacted by Graduate Education to complete a reference questionnaire.

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

Please see the program website for application deadlines.

## Renaissance Studies (certificate), Certificate (LARENAISCE)

**Online Degree Search Title:** Renaissance Studies (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The certificate program prepares students for advanced study or for academic positions by augmenting their skills and knowledge, thereby making them better equipped to meet the demands of their fields.

**Degree Requirements:** 18 credit hours (MA certificate), or 27 credit hours (PhD certificate).

Renaissance Language:

- one semester (three to four credit hours) for MA students, two semesters (six to eight credit hours) for PhD students of Medieval/Renaissance Latin, Spanish literature or Portuguese literature\*
- proficiency attested either by achieving a grade of "B" (3.00) or better in the medieval Latin courses or by satisfactory performance on the Medieval/Renaissance Latin examinations offered by the Centre for Medieval Studies, University of Toronto

\*This requirement presupposes two years or 12 to 16 credit hours or equivalent of undergraduate training in Latin.

Early modern language at the upper-division level:

- two semesters (six credit hours) for MA students; three semesters (nine credit hours) for PhD students\*

\*Literature or linguistics classes may apply.

Paleography: One semester (three credit hours)

Course work outside the major discipline: Two semesters (six credit hours) for MA students three semesters (nine credit hours) for PhD students.

**Admission Requirements:**

All applicants to graduate certificate programs must submit the Graduate Education online application. Graduate students admitted to a degree program in any field may earn one of two master's or doctorate-level certificates: the certificate in medieval studies or the certificate in Renaissance studies.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

480-965-8097

## Scholarly Publishing (certificate), Certificate (LASCHPUBCE)

**Online Degree Search Title:** Scholarly Publishing (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The scholarly publishing certificate program offers training in publishing studies to graduate students from any discipline. The program focuses on publishing wherever it occurs: museums, corporations, cultural institutions, university presses, commercial houses, digital startups, libraries, journal and textbook publishers, and learned societies. Students create the future world of publishing as it is expressed in the digital world of e-books, apps, blogs, websites, interactive media, online scholarship and popular writing. Graduates work for publishing houses, museums, corporations, cultural institutions, government agencies and libraries.

**Degree Requirements:** 20 credit hours.

Course work includes four required core courses and electives from a variety of disciplines. The certificate requirement includes a summer internship. Some courses may be applied to both the certificate and the student's degree program.

**Admission Requirements:**

Graduate students in any discipline may pursue a certificate in scholarly publishing in conjunction with their degree programs. The program is also open to students who already hold graduate degrees.

Please see the program website for application deadlines and admission terms. Applications will also be reviewed after the deadline if space remains in the class.

Applicants are required to submit a Graduate Education online application solely for the scholarly publishing program, regardless of any applications to other programs.

Please submit the following materials:

- Applicants must submit an online Graduate Education application.
- A resume or curriculum vitae is required, and it must be uploaded into the online application.
- A letter of intent should be addressed to the history review committee explaining the applicant's scholarly background and training, career goals and why they want to pursue graduate study at ASU (about 500 words in length).
- Three reference letters are required. Students should contact their references and inform them that they will be contacted by Graduate Education and asked to submit an electronic recommendation. Students are required to submit a minimum of three email addresses from faculty or others qualified to speak to the student's suitability for graduate study in scholarly publishing.
- Official transcripts should be mailed to Graduate Education. (It is not necessary to mail transcripts to the certificate program).
- A writing sample is required. Applicants are to submit a sample of their written work electronically. The writing sample may be an article (published or unpublished), a research paper or any other extended example of expository skill no longer than 35 double-spaced pages in length. Longer writing samples should not be submitted without first consulting the graduate director. Documents should not be password protected. Acceptable file types are .rtf, .pdf and .doc.
- Proof of English proficiency is required for an applicant whose native language is not English (regardless of current residency).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

For U.S. Department of Education Gainful Employment Program Disclosure information, see <https://catalog.asu.edu/files/disclosures/LASCHPUBCE/Gedt.html> (<https://catalog.asu.edu/files/disclosures/LASCHPUBCE/Gedt.html>).

## Scientific Teaching in Higher Education (certificate), Certificate (LASTHEGRCT)

**Online Degree Search Title:** Scientific Teaching in Higher Education Certificate (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate in scientific teaching in higher education prepares graduate students with the skills and knowledge needed to implement and evaluate evidence-based teaching at the college level. The program consists of three major components: significant teaching experience, including use of evidence-based teaching; course work in teaching and education; and a culminating experience related to significant teaching, curriculum development, or discipline-based education research focused on undergraduate science education under the guidance of a faculty member.

**Degree Requirements:** 17 credit hours including an applied project course (BIO 593).

Core (6):

BIO 530 Scientific Teaching (2)

BIO 531 Advanced Scientific Teaching (3)

BIO 532 Recent Papers in Discipline-based Education Research (1)

Electives (6)

Other Requirement (2)\*

Culminating Experience: BIO 593 Applied Project (3)

\*Students have to select a teaching internship course from a restricted list.

**Admission Requirements:**

Applicants who meet the following requirements are eligible to apply:

- Students currently enrolled in a graduate degree program at ASU will be eligible to apply to this certificate program. A bachelor's degree or equivalent is required.
- This certificate requires a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program or good standing in a PhD program at ASU.

Applicants are required to submit:

- Division of Graduate Education admission application and application fee
- official transcripts
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of the Division of Graduate Education and the College of Liberal Arts and Sciences.

## Social and Cultural Pedagogy, MA (LASCPMA)

**Online Degree Search Title:** Social and Cultural Pedagogy (MA)

**Campus:** Tempe

**Program Description:**

The MA in social and cultural pedagogy is an innovative degree that immerses students in the theory and practice of social pedagogy and prepares them for working with diverse populations in a variety of organizational and community settings.

The program is geared to those working in education-related settings primarily in the independent and nonprofit sector. This degree is relevant for individuals interested in areas such as childhood and youth studies, adult education and workplace learning, popular and digital cultures, social movement learning, restorative justice, disabilities, indigenous knowledge, and ecopedagogy.

The program emphasizes research, theory and practice related to nonformal and informal education dynamics throughout the lifespan, focusing on change-oriented processes and foregrounding anthropological and sociological perspectives. It includes core courses in historical and current developments in social pedagogy, lifelong and experiential learning, and sociocultural approaches to education.

Courses will be offered through the Internet (iCourses) and face-to-face. Social pedagogy is both an interdisciplinary academic field of inquiry and a field of professional practice. It has a long tradition that can be traced back to 1844, and it is currently experiencing a surge in scholarly and professional interest. There are many master's programs in social pedagogy around the world (especially in Europe and Latin America), but the master's degree in social and cultural pedagogy at ASU is the first of its kind in North America.

**Degree Requirements:** 30 credit hours and a thesis, or 30 credit hours including the required applied project course (SST 593).

Required courses:

JUS 500 Research Methods (3)

SST 501 Foundations of Social Transformation (3)

SST 510 Social and Cultural Pedagogy (3)

electives: 15 credit hours

research: 3 credit hours of SST 592\*

culminating experience: 3 credit hours of SST 593 applied project or 6 credit hours SST 599 thesis

\*only for students who elect to complete the applied project option; must be taken prior to SST 593

**Admission Requirements:**

All applicants must complete the Graduate Education online application.

A bachelor's degree from a regionally accredited college or university recognized by ASU is required. Minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program is required.

Writing sample: Applicants should supply a two- to three-page application letter in which they explain why they want to study in this program and why they feel well-prepared to succeed in this graduate program.

Resume: The resume should describe prior educational history, related work or volunteer experiences.

Test of English as a Second Language (TOEFL) scores are required for applicants whose native language is not English.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Social Transformation Certificate, Certificate (LASOTGRCT)

**Online Degree Search Title:** Social Transformation (Certificate)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:**

This certificate is designed for graduate and postbaccalaureate students interested in how change is catalyzed by social movements, protest, law, social entrepreneurship, activism and community organizing. Through the exploration of theories and research related to social change, students are able to augment their disciplinary degrees and be prepared to contribute as leaders and change makers in their communities.

**Degree Requirements:** 15 credit hours and a practicum.

The electives taken will be selected with the faculty advisor. The faculty advisor will directionalize the electives to ensure they focus on a common theme. That will help to ensure students' experiences in the courses align with the learning goals outlined for the certificate.

The culminating experience will be a community-based practicum experience and a paper that synthesizes students' interests with their implications for social transformation. The practicum placement will be with a local nonprofit or governmental organization working toward social innovation and social change. Students will be assisted in identifying a practicum placement by the program advisor. At the end of the practicum, students will produce a paper which will analyze the social and political dimensions of some issue within (or aspect of) social transformation. The paper should also identify the implications of this aspect or issue for social policy and social justice. The paper should begin within the context of the practicum experience and will be presented to the designated subset of the certificate executive board for final approval. Students will take three credits of SST 580 Practicum to complete the practicum and then revise, improve and finalize the paper with a certificate faculty member.

**Admission Requirements:**

To be considered for admission, students should submit the following documents to the School of Social Transformation program office:

- Students must submit a statement of purpose for pursuing the certificate that is no longer than 250 words. The statement should indicate any demonstrated interest in the study of social transformation (e.g., previous course work, professional experience, internships, career plans).
- Students who are not regularly admitted to an ASU graduate program must submit an official transcript showing the completion of a bachelor's degree in any academic field. These students should have maintained at least a 3.00 GPA or equivalent during their junior-senior years of work on the bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the School of Social Transformation.

Admission Decision Process

Applicants must meet the above criteria as judged by the School of Social Transformation graduate committee to have strong academic credentials (undergraduate or graduate GPA) as well as demonstrated interest in the area of social transformation. The committee will review applications for the certificate program in the fall and spring semesters of each year and make recommendations for admission to Graduate Education.

## Socio-Economic Justice (certificate), Certificate (LAECJUGRCT)

**Online Degree Search Title:** Socio-Economic Justice (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate in socioeconomic justice addresses the social and political implications of global and local economies for economic inequality and social justice. This transdisciplinary program fuses interests in political economy, socioeconomic inequality and analysis of related policies and their consequences for social welfare in areas of income, housing, employment and education. This certificate complements the current graduate curriculum at ASU and is structured to allow students to draw upon a combination of core courses in justice and social inquiry and course work from units from throughout the university. Our approach is transdisciplinary (i.e., inclusive of courses in a variety of disciplines but transcending disciplinary boundaries through an integrative core curriculum), intersectional (i.e., considering gender, race, class, nation and sexual relations) and transnational (courses that examine global and local concerns). It will strengthen student understanding of the justice implications of the convergence of social and economic inequalities in the global economy.

**Degree Requirements:** 15 credit hours.

This includes two core (required) courses and three elective courses.

Required Certificate Core Courses (6)

Students must select one course from each of the following two areas of study:

1. Economic Justice (3)

Students must select one of the following courses:

JUS 550 Gender, Race and Economic Justice (3)

JUS 660 Globalization and Socio-Economic Justice (3)

2. Conducting Research in Communities (3)

Students must select one of the following courses:

JHR 525 Action Research (3)

JUS 633 Community Research (3)

Elective Courses (9)

Students must select three electives on socioeconomic justice from among the following courses:

ASB/POL 447 Citizenship, Nationalism and Identity (3)\*

ASB 591 Environmental Justice and the City (3)

DCI 691 Topic: Consumption and Education (3)

JHR 510 Problem-Based Seminar in Seminar in Social Justice and Human Rights (3)

JHR 525 Action Research (3)

JHS 511 Community-Embedded Seminar: Contemporary Slavery and Trafficking (3)

JUS 405 Economic Justice (3)\*

JUS 415 Gender and International Development (3)\*

JUS 494 Advanced Topics in Global Justice (3)\*

JUS 550 Gender, Race and Economic Justice (3)

JUS 555 Migration, Immigration and Justice (3)

JUS 591 Family Work and Justice (3)

JUS 591 Globalization and Livable Cities (3)

JUS 591/691 Difference, Citizenship and Globalization (3)

JUS 591/691 Governance, Citizenship and Justice (3)

JUS 591 Social enterprise, Innovation, and Justice (3)

JUS 660 Globalization and Socio-Economic Justice (3)

JUS 633 Community Research (3)

JUS 691 Globalization and the Changing Word of Work (3)

PAF 566 Participatory Governance and Civic Engagement (3)

POS 598 North-South Relations (3)

POS 598 Urban Politics and Policy (3)

SOS 514 Human Dimensions of Sustainability (3)

SST 501 Foundations of Social Transformation (3)

SWG 531 Social Policy and Services (3)

SWG 533 Diversity and Oppression (3)

SWG 591 Border Family and Community Asset Building Policies (3)

WST 598 Gender and Globalization in Latin America (3)

WST 691 State, Markets, Biopolitics (3)

\*Note: Only one 400-level courses listed above is allowed.

Students must have prior approval from the director of the certificate in economic justice program for any 400-level course.

**Admission Requirements:**

All applicants must submit the Graduate Education online application.

Graduate students who are regularly admitted to a graduate degree program at ASU or students who have completed a bachelor's at a regionally accredited U.S. institution or equivalent are welcome to apply for the socioeconomic justice graduate certificate program.

To be considered for admission, applicants must meet the Graduate Education office criteria for admission to a graduate certificate program at ASU. Students also should submit the following documents to the justice and social inquiry program office:

- at least one letter of recommendation
- a statement of purpose for pursuing the certificate
- a writing sample demonstrating excellent writing and analytical skills
- transcripts\*

\*Students who are already enrolled in an ASU graduate program must submit an unofficial copy of their graduate transcripts and be in good standing with Graduate Education; students who are not regularly admitted to an ASU graduate program must submit an official transcript showing

the completion of a bachelor's in any academic field with a junior and senior GPA of at least 3.00 or equivalent.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Sociological Inquiry, PHD (LASOCPHD)

**Online Degree Search Title:** Sociological Inquiry (PhD)

**Campus:** Tempe

**Program Description:**

This degree provides advanced training in theory, research methodology and substantive fields to prepare sociologists for teaching and research with special emphasis on family, medical sociology and demography.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Thirty credit hours from a previously awarded master's degree may be applied to the 84-credit-hour requirement.

The PhD requires 54 credit hours beyond the master's degree:

core (6)

theory (3)

methods (3)

statistics (3)

dissertation (12)

elective courses and research credits (27)

previously awarded master's degree allowance (30)

total hours required for the program (84)

A minimum of 30 credit hours of the approved doctorate program, exclusive of dissertation and research hours, must be completed after admission to the program.

**Admission Requirements:**

Applicants must submit the online Graduate Education application.

An earned master's degree from an accredited institution is required in sociology or another social science (e.g., anthropology, economics, political science, etc.).

Admission to the program is determined by the following criteria:

- a current resume or curriculum vitae
- a personal statement detailing professional goals and research experiences
- a writing sample
- a master's or its equivalent in sociology or a related field
- GRE scores (verbal, quantitative and writing)
- three letters of appraisal from persons familiar with the applicant's academic background
- valid transcripts of the applicant's academic record

Please see the program website for application deadlines.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Contact Information:**

## Sociology, MA (LASOCMA)

**Online Degree Search Title:** Sociology (MA)

**Campus:** Tempe, Online

**Program Description:**

The MA in sociology program provides advanced training for those preparing for applied careers in sociology.

**Degree Requirements:** 30 credit hours and a capstone course.

The MA in sociology program includes:

Core (12):

- SOC 501 Social Statistics (3)
- SOC 585 Sociological Theory (3)
- SOC 586 Capstone I (3)
- SOC 587 Capstone II (3)

Electives (12):

Other requirements (3):

- SOC 500 Research Methods (3)

Culminating experience:

- Capstone Course SOC 588 Capstone III (3)

**Admission Requirements:**

All applicants must submit a Graduate Education online application.

Admission to the program is determined by the following criteria:

- minimum 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of the student's first bachelor's degree program
- a current resume or curriculum vitae
- a personal statement detailing professional goals and research experiences
- a writing sample
- three letters of appraisal from persons familiar with the applicant's academic background
- valid transcripts of the student's academic record

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Spanish, MA (LSPANMA)

**Online Degree Search Title:** Spanish (MA)

**Campus:** Tempe

**Program Description:**

The MA in Spanish program combines Spanish, Spanish American and Mexican American literature, linguistics and culture. All programs have a research component: candidates for the master's in Spanish write a thesis.

The program has two concentrations: literature and culture, and linguistics. It is possible to concentrate courses in one of two subconcentrations within the linguistics track:

- sociolinguistics
- second language acquisition and applied linguistics.

Students admitted to the master's program with a major in secondary education may elect Spanish as the subject matter field.

**Degree Requirements:** 30 credit hours and a portfolio, or 30 credit hours, a thesis and a written comprehensive exam.

Students seeking a master's in Spanish should consult with the respective graduate representative.

**Comprehensive Examination:** All candidates are required to pass a comprehensive written examination designed to evaluate the candidate's knowledge in the area of specialization. A reading list is provided as a guide to preparation for this examination.

**Thesis:** All candidates must write a thesis.

**Admission Requirements:**

Students interested in applying to this program must submit the following documentation using the online application:

- a Graduate Education online application
- an academic writing sample; for example, an academic term paper, critical paper or research paper approximately 10-25 pages prepared in an upper-division or graduate Spanish course
- a personal statement (preferably in Spanish) that is no more than two pages summarizing past educational experiences and goals in pursuing a graduate degree
- a resume, if interested in a teaching assistantship
- three letters of recommendation\*

\*The online application will ask for recommender's names and email addresses. They will be notified and given instructions. If a candidate is interested in obtaining a teaching assistant position, the two letters of recommendation included with their application to the program should also address the candidate's competence in Spanish and ability (potential or demonstrated) to conduct a university-level language course. If the authors of the academic letters are unfamiliar with a candidate's teaching ability, a separate letter addressing this issue from a more appropriate source should be included in the application package.

See <https://international.clas.asu.edu/graduate/spanish-ma> (<https://international.clas.asu.edu/graduate/spanish-ma>) for more information.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

**Contact Information:**

LL 440  
silc@asu.edu

## Spanish, PHD (LASPANPHD)

**Online Degree Search Title:** Spanish (PhD)

**Campus:** Tempe

### **Program Description:**

The School of International Letters and Cultures offers a graduate program in Spanish leading to the PhD in Spanish with concentrations in literature and culture studies.

**Degree Requirements:** 84 credit hours, two foreign language exams, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program in Spanish has four available tracks:

#### Early-Modern Iberian Studies Track

Core (3)

Required track courses (18)

Elective or research courses (51)\*

Dissertation (12)

\*Students are required to take 12 credit hours of SPA 792 Research as part of the available 51 hours of elective or research course work.

#### Spanish Linguistics Track

Core (3)

Required track courses (18)

Focus area courses (12)\*

Electives or research courses (39)\*\*

Dissertation (12)

\*Available focus areas are: second language acquisition and teaching methodologies; heritage language research and pedagogy; and sociolinguistics, bilingualism and Spanish in the U.S.

\*\*Students are required to take 12 credit hours of SPA 792 Research as part of the available 39 hours of elective or research course work.

#### Mexican American Studies Track

Core (3)

Required track courses (18)

Elective or research courses (51)\*

Dissertation (12)

\*Students are required to take 12 credit hours of SPA 792 Research as part of the available 51 hours of elective or research course work.

#### Visual Studies Track

Core (3)

Required track courses (18)

Elective or research courses (51)\*

Dissertation (12)

\*Students are required to take 12 credit hours of SPA 792 Research as part of the available 51 hours of elective or research course work.

- The candidate must present an acceptable dissertation based on original investigation. The dissertation must represent a significant contribution to knowledge and demonstrate the candidate's ability to do independent, scholarly research.
- Each candidate is expected to demonstrate a reading knowledge of two languages other than English and Spanish. The language requirements must be satisfied before the candidate is eligible to take the comprehensive examination.
- The candidate must complete 84 credit hours of graduate-level work.
- A final oral examination is required. This examination covers the subject matter of the dissertation and appropriate field.
- The candidate must complete 12 (and only 12) credit hours of dissertation (SPA 799).
- Thirty hours of credit from a previously awarded master's degree in Spanish may count toward the 84 credit hours with approval from the academic unit and Graduate Education.
- A written and oral comprehensive examination, designed to ascertain the candidate's knowledge and orientation in the field of study and competency to proceed with the dissertation, is required at or near the end of course work.

**Admission Requirements:**

All candidates for the doctoral program in Spanish must submit the Graduate Education online application and fulfill the general requirements of the Graduate Education office concerning admission.

Candidates for the program will be required to demonstrate a near-native oral proficiency in Spanish and to show that they have developed a high order of expository prose in English and Spanish by presenting a term paper or a chapter of the master's thesis.

The Spanish graduate program requires a 3.75 overall GPA (on a 4.00 scale).

Admission to the Spanish doctoral program requires the candidate to present a master's in Spanish or equivalent from an accredited institution.

The committee may request letters of recommendation regarding the applicant's command of Spanish and potential for doctoral work. A personal interview may also be appropriate.

It is recommended, but not required, that students applying for admission to the master's or doctoral program submit scores on the GRE; this is especially advisable for the applicants for the Spanish Graduate Fellowship Award.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Statistics, MS (GCSTATMS)

**Online Degree Search Title:** Statistics (MS)

**Campus:** Tempe

**Program Description:**

The School of Mathematical and Statistical Sciences offers a program leading to an MS degree in statistics. The program draws upon a wide spectrum of faculty research and teaching interests, including from faculty outside of the school. As a result, plans of study can be interdisciplinary and tailored to reflect individual needs and goals.

**Degree Requirements:** 30 credit hours including the required applied project course (STP 593 or IEE 593 or ECN 593) and an oral comprehensive exam, or 30 credit hours, a thesis and an oral comprehensive exam, or 30 credit hours, a written comprehensive exam and an oral comprehensive exam.

Completion of the degree requires 30 credit hours of approved credit, none of which may be from the prerequisites. The program must include the nine credit hours from three required theory courses:

STP 501 Probability (3)

STP 502 Mathematical Statistics (3)

STP 526 Theory of Statistical Linear Models (3)

The required theory courses are fundamental to the education of statisticians and are necessary for more advanced graduate study. Two courses in applied linear statistical models are also required:

applied analysis of variance and design of experiments (ECN 530, IEE 572 or STP 531) (3)

applied regression analysis (ECN 525, IEE 578 or STP 530) (3)

The program must also include either three credit hours of applied project (ECN 593, IEE 593 or STP 593); six credit hours of thesis (ECN 599, IEE 599 or STP 599); or an oral and written comprehensive exam on advanced statistics course work to be administered by the School of Mathematical and Statistical Sciences. The applied project or thesis must be defended at an oral examination. The content of the applied project report or thesis, in its final form, must be suitable for submission to an academic journal or conference proceedings. The thesis must conform to Graduate Education format requirements.

The remaining credit hours come from elective courses chosen by the student with the approval of supervising faculty. A maximum of six credit hours may be chosen from a related field on which statistics relies (such as computer science) or in which statistics is an essential tool (e.g., biostatistics, quality control). The elective courses allow the student to emphasize a particular area of statistical inference, culminating in an applied project report or a thesis on a topic in that area. No foreign language or written comprehensive examinations are required.

The student has considerable flexibility in selecting an area of specialty.

**Admission Requirements:**

Applicants must submit:

- the Graduate Education online application
- official transcripts
- a statement of education and career goals
- three letters of recommendation
- general GRE score
- proof of English language proficiency\*

Applicants should have completed the following courses (equivalents at ASU are given in parentheses):

- advanced calculus (MAT 371)
- calculus (MAT 270, MAT 271 and MAT 272)
- computer programming (CSE 100)
- introductory statistics (STP 420)
- linear algebra (MAT 342)

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants who lack any of these prerequisite courses must complete the prerequisites before being considered for admission. Although most applicants earn the bachelor's in a quantitative area (such as statistics, quantitative business analysis, mathematics, engineering or computer science), this is not required for admission to the program. The submission of GRE scores is required.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

**Contact Information:**

## Statistics, PHD (LASTPPHD)

**Online Degree Search Title:** Statistics (PHD)

**Campus:** Tempe

**Program Description:**

The School of Mathematical and Statistical Sciences offers a program leading to the PhD degree in statistics. As a science, statistics focuses on data collection and data analysis by using theoretical, applied and computational tools and considerations. The doctoral degree program reflects this breadth in tools and considerations while allowing students sufficient flexibility to select a program of study that is tailored to reflect individual interests and goals. Research can be of a disciplinary or interdisciplinary nature.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

This program includes:

core course work (mathematical statistics, probability, STP 526, STP 527, STP 530 or IEE 578, STP 531 or IEE 572) (15)

elective statistics or related area courses approved by the student's supervisory committee (45)

MAT 792 Research (12)

MAT 799 Dissertation (12)

Students must pass:

- one qualifying examination and course work in analysis\*
- a written comprehensive examination
- a dissertation prospectus defense

\*See the school website for examination information.

Each student must write a dissertation and defend it orally in front of five dissertation committee members. See the department website for examination information.

**Admission Requirements:**

Applicants must submit:

- Graduate Education online application
- the general GRE scores
- official transcripts
- a statement of education and career goals
- three letters of recommendation

The minimum requirements for consideration of admission to the doctoral program in statistics are:

- a bachelor's degree in statistics, mathematics or a closely related area with a 3.00 GPA (4.00 scale)
- completion of the following courses (equivalents at ASU are given in parentheses): calculus (MAT 270, 271 and 272), advanced calculus (MAT 371), linear algebra (MAT 342), computer programming (CSE 100), and introductory applied statistics (QBA 221 or STP 420)

Applicants who lack any of these prerequisite courses must complete the prerequisites before being considered for admission.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Statistics (certificate), Certificate (GCSTATCE)

**Online Degree Search Title:** Statistics (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The School of Mathematical and Statistical Sciences offers a program leading to the certificate in statistics. The program draws upon a variety of faculty research and teaching interests from various academic units so that programs of study can be tailored to reflect individual needs and goals. The certificate seeks to provide statistical training for graduate students at ASU and professionals in the metro Phoenix area.

**Degree Requirements:** 15 credit hours.

To qualify for the certificate, students must complete:

STP 530 Applied Regression Analysis (3) (or ECN 525 or IEE 578)

STP 531 Applied Analysis of Variance and Design of Experiments (3) (or ECN 530 or IEE 572)

The remaining nine credits are taken from a set of courses approved by the School of Mathematical and Statistical Sciences.

The certificate program requires no applied project. Students must have a GPA of at least 3.00 in the courses which apply to the certificate.

**Admission Requirements:**

All applicants to the statistics certificate program must submit the Graduate Education online application.

Applicants must have a bachelor's and should have completed the following courses (equivalents at ASU are given in parentheses):

- introductory applied statistics (ECN 221, STP 226 or STP 420)
- one semester of calculus (MAT 210, MAT 265 or MAT 270)

Applicants are also required to have some computer literacy with knowledge of a programming language, a spreadsheet program or a statistical software program.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Teaching English to Speakers of Other Languages, MTESOL (LAENGMTESL)

**Online Degree Search Title:** Teaching English to Speakers of Other Languages (MTESOL)

**Campus:** Tempe

**Program Description:**

The Department of English at Arizona State University offers a professional program leading to the MTESOL. This well-established, specialized degree program provides students with knowledge and skills necessary to teach English to speakers of other languages in various parts of the world (including the United States). The focus of the program is on theories and methods of language teaching and the aspects of linguistics that teachers need for effective classroom performance. The master's degree in Teaching English to Speakers of Other Languages is intended for those who wish to build a career in the field of English language teaching.

Established in 1969, the MTESOL program has graduated students from various countries and regions in Africa, Asia, Europe, Latin America, Melanesia, the Middle East and throughout the United States. The program features internationally known faculty members whose expertise includes computer assisted language learning, curriculum design, English for academic purposes, English as an international language, English grammar and grammar for TESOL, intercultural rhetoric, interlanguage pragmatics, language testing and assessment, materials development, nonnative English speakers in TESOL, second language acquisition, second language phonology and second language writing. Also, these faculty have extensive practical experience designing and teaching ESOL courses in the US and internationally, including general English courses for students of all ages, academic English courses for university students, settlement English courses for refugees and immigrants, and occupational English courses.

Graduates of the MTESOL program have been successful in finding employment in a variety of TESOL-related positions locally, nationally and internationally. Many also continue on to pursue doctoral degrees at Arizona State University and elsewhere.

**Degree Requirements:** 30 credit hours including the required capstone course (ENG 597) and a Foreign Language Exam.

Approved graduate course work must include:

LIN 500 Research Methods (3)  
LIN 510 Linguistics (3)  
LIN 520 Second-Language Acquisition Theories (3)  
LIN 521 Methods of Teaching English as a Second Language (3)  
LIN 584 Internship (3)  
ENG 597 Graduate Capstone Seminar (3)

Foreign Language Requirement: A foreign language is required and must be completed during the program.

Capstone: A three-credit-hour capstone course (ENG 597) is required, which will be overseen by a director who will be chosen from the English department linguistics and TESOL faculty.

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with English (Linguistics), BA  
Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Applicants may have undergraduate majors in fields such as, but not limited to:

- anthropology
- applied linguistics
- cognitive science
- communication

- comparative languages and literatures
- education
- English literature
- history
- law

Graduate Education requires a GPA of "B" (3.00) or better in the last two years of work leading to the bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International students must submit a TOEFL score of at least 250 computer-based, 100 Internet-based, an IELTS score of 7.0 or above, or a 68 on the Pearson Test of English Academic (PETA) to be considered for admission. International students should refer to the Department of English webpage for English proficiency requirements. <http://english.clas.asu.edu/gradstudies-international> (<http://english.clas.asu.edu/gradstudies-international>)

Please see the program website for application deadlines. (<http://english.clas.asu.edu/gradstudies-international>)

The following documents are required:

- official transcripts
- online Graduate Education application
- resume
- statement of purpose
- three letters of recommendation

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

**Contact Information:**

**Transborder Studies, MAS (LATCLMAS)**

**Online Degree Search Title:** Transborder Studies (MAS)

**Campus:** Tempe

**Program Description:**

The MAS in transborder studies is designed for the postbaccalaureate professional who seeks training in an integrated program that also provides for differentiation via three thematic options. The course of study is designed to provide a cohesive and holistic program of learning that focuses on the complex economic, political, ecological, social and cultural issues of a coevolving border region of the U.S. Southwest and Mexico. Students will be required to engage in an intensive internship process in which they will apply their learning. The program will also provide a choice to explore one of the following three areas more deeply:

- Transborder culture, language and learning: focuses on the interrelated processes of cultural emergence, language development and learning as they interact with each other in conjunction with the development of mathematical and scientific reasoning skills, literacy skills and critical thinking in the transborder context.
- Transborder media and expressive culture: provides students with an interdisciplinary understanding of how representation, interpretation and language shape and are shaped by Chicana/o, Mexican and Latina/o culture in a transborder context.
- Transborder migration, health and applied social policy: provides students with theoretical and applied frameworks for understanding border communities in the areas of migration, health, education, environment and other areas affecting social development.

**Degree Requirements:** 30 credit hours including the required capstone course (TCL 608), a written comprehensive exam, an oral comprehensive exam and a foreign language exam.

Required Courses:

TCL 502 A Deep History of the United States/Mexico Borderlands II (3)

TCL 503 Epistemologies and Transborder Thought (3)

TCL 504 Tools for Transborder Research (3)

Select one of the following three:

TCL 505 Theories and Methods of Migration, Health and Applied Social Policy (3)

TCL 506 Theory and Methods of Transborder Media and Expressive Culture (3)

TCL 507 Theory and Methods of Transborder Cultural Acquisition, Language Development and Learning (3)

In Addition:

TCL 601 Internship (3 semesters) (9)

TCL 608 Capstone Course: Transmitting Transborder Studies to Publics and Institutions (3)

TCL 691 Seminar (6)

**Admission Requirements:** • Applicants must submit an online Graduate Education application.

• A minimum of a bachelor's (or equivalent) or a graduate degree from a regionally accredited college or university is required. The bachelor's must be in the social sciences, humanities, sciences, health, education, business or professional field.

• A minimum of a 3.00 cumulative GPA (4.00=A) is required in the last 60 hours of a student's bachelor's degree program.

• The GRE is required.

• The Test of English as a Foreign Language (TOEFL) is required for an applicant whose native language is not English; see <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## Transborder Studies, PHD (LATCLPHD)

**Online Degree Search Title:** Transborder Studies (PhD)

**Campus:** Tempe

**Program Description:**

This program is intended for students who seek rigorous study that concentrates on the transborder and transnational economic, political, social, ecological, and cultural dynamics of Mexican origin and Latina/o populations residing on the Southwest U.S. and the Northern Mexican border, as well as other regions of the United States.

Students will develop the following knowledge, skills, and competencies for transborder research, scholarship, and innovation:

• Historical understanding of the development of transborder ecologies, economies, social organization, culture, language, and expressive culture and media

• Competency in the most pertinent theoretical and methodological approaches to the study of transborder and transnational contexts

• Ability to design and develop interdisciplinary research

• Ability to create pedagogical models, learning units and assessment protocols for the transmission of learned concepts, theories, and methods

• Ability to communicate their findings, creation, or productions to an academic and community public

Ability to display and apply concepts, methods, and theories in each of their courses

**Degree Requirements:** 84 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Core (6)

Electives and Research (36)

Previously awarded master's degree (30)\*

Dissertation (12)

Total credit hours (84)

\*Please note that if students do not already have a master's degree in a related field, then the remaining 30 hours will be made up of electives and research to reach the 84 credit hours required for the doctoral program.

#### **Admission Requirements:**

Applicants who meet the following requirements are eligible to apply.

- A minimum of a bachelor's degree (or equivalent) or a graduate degree is required from a regionally accredited college or university of recognized standing in a related field such as anthropology, economics, education, sociology, literature, and psychology.
- Applicants may come from any undergraduate major or with a master's degree from another discipline, but their scholarly interests should coincide with the program's mission and concentrations.
- A minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program is required.

Applicants are required to submit:

- Graduate Education admission application and application fee
- official transcripts
- GRE scores
- reference letters (from academicians)
- statement of purpose\*
- proof of English proficiency\*\*

\*Statement of purpose should include explanations of past experiences and current scholarly interests but concentrate on potential areas of research that draw upon the specific resources of the department and faculty.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Liberal Arts and Sciences.

## **Transportation Systems (certificate), Certificate (GCTRANSCE)**

**Online Degree Search Title:** Transportation Systems (Grad Certificate)

**Campus:** Tempe

#### **Program Description:**

Transportation has emerged as one of the highest priority issues for policymakers, employers and citizens. The transportation systems certificate program enhances the education of current and future transportation professionals to respond to this challenging environment. It builds upon existing programs in five disciplines, offered in five colleges and two campuses in the ASU system. The program approaches the subject from an integrated systems perspective. It exposes students to a range of transportation alternatives and the interrelationships among transportation, economic development, land use, energy and the environment.

The certificate program offers current ASU graduate students and transportation professionals the opportunity to pursue a wide range of transportation-related issues from a multimodal and interdisciplinary perspective. The certificate is intended to be either a specialization within an existing master's degree or as a stand-alone, 15-credit-hour nondegree program.

**Degree Requirements:** 15 credit hours including the required applied project course (PUP 593).

the applied project course, PUP 593 (3)

a seminar course (3)

three electives from an approved list of transportation-related courses (including at least one from a field outside the student's major)

Students are strongly encouraged to include as one of the three elective courses a course in methods or techniques applicable to transportation systems planning. In the applied project course, students are encouraged to work with transportation professionals in their area of interest to identify a project that is of interest to the broader public.

All decisions related to program offerings and departmental participation are made in cooperation with the transportation systems certificate admissions and advisory committee, which includes a member from each participating department.

**Admission Requirements:**

Admission to the transportation certificate program is the same for both new students and current degree-seeking students.

Applicants must:

- complete the online Graduate Education application

submit responses to two essay questions:

- What do you expect to gain from the transportation certificate?
- What types of courses within the certificate would be the most helpful in meeting your objective?
- provide a current resume
- provide official transcripts
- provide proof of English proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Information regarding English proficiency requirements can be found on the Graduate Education website.

Questions regarding transcript requirements need to be directed to Graduate Education.

Applicants who wish to seek a graduate degree in any of the cooperating departments and who are not currently enrolled in ASU must complete the full graduate school application process as specified by the department of interest, in addition to an online application for the transportation certificate. Please see department guidelines for admission to a degree program. Please be aware that admission to a degree program and the transportation certificate program are independent of each other. Applicants interested in applying for the transportation certificate in addition to a degree program must also complete an admission essay for the certificate program that is independent from an admission essay for a degree program.

Admission to the program will be determined by the transportation systems certificate admissions and advisory committee, consisting of representatives from each of the participating programs.

For US Department of Education Gainful Employment Program Disclosure information, see <https://catalog.asu.edu/files/disclosures/GCTRANSCE/Gedt.html> (<https://catalog.asu.edu/files/disclosures/GCTRANSCE/Gedt.html>).

Applicants must fulfill the requirements of both Graduate Education and those of the College of Liberal Arts and Sciences.

## Urban and Environmental Planning, MUEP (ARURBMUEP)

**Online Degree Search Title:** Urban and Environmental Planning (MUEP)

**Campus:** Tempe

**Program Description:**

The MUEP is accredited by the Planning Accreditation Board. It is an interdisciplinary, professional degree designed to prepare students for leadership roles in planning in the public and private sectors. The curriculum includes a common core of required courses which provide linkage between knowledge and practice and fundamental theories and skills.

As active scholars and teachers in an accredited planning program, our faculty have a wide range of interests and expertise, including in the areas of:

- desert cities
- disaster recovery planning
- housing
- infrastructure planning
- international development
- land use and environmental planning
- planning history
- public participation
- regional development

Faculty research and teaching interests especially focus on the following broad interdisciplinary themes:

- community development for social equity: [https://geoplan.asu.edu/muep\\_communitydevelopment](https://geoplan.asu.edu/muep_communitydevelopment) ([https://geoplan.asu.edu/muep\\_communitydevelopment](https://geoplan.asu.edu/muep_communitydevelopment))
- spatial and economic analysis: [https://geoplan.asu.edu/muep\\_spatialeconomic](https://geoplan.asu.edu/muep_spatialeconomic) ([https://geoplan.asu.edu/muep\\_spatialeconomic](https://geoplan.asu.edu/muep_spatialeconomic))
- transportation planning and policy: [https://geoplan.asu.edu/muep\\_transportation](https://geoplan.asu.edu/muep_transportation) ([https://geoplan.asu.edu/muep\\_transportation](https://geoplan.asu.edu/muep_transportation))
- urban design and sustainable cities: [https://geoplan.asu.edu/muep\\_cities](https://geoplan.asu.edu/muep_cities) ([https://geoplan.asu.edu/muep\\_cities](https://geoplan.asu.edu/muep_cities))

The master's program in urban and environmental planning offers a unique opportunity to integrate urban and environmental aspects of planning in a rapidly developing metropolitan area. Individual practical experience in planning is provided through an optional internship program and applied research. In addition to the planning faculty, the program is enriched by the interdisciplinary participation of faculty from other academic units of the university and leading planning practitioners from the Phoenix area.

**Degree Requirements:** 47 credit hours and a thesis, or 47 credit hours including the required applied project course (PUP 593), or 47 credit hours including the required capstone course (PUP 580).

The plan for the 47-credit-hour master's program has the typical distribution as follows:

Electives (21)

Required core courses (21):

- PUP 501 Planning History and Theory (3)
- PUP 520 Planning Practice, Ethics and Processes (3)
- PUP 531 Planning and Development Control Law (3)
- PUP 548 Planning for Sustainable Communities (3)
- PUP 571 Socio-Economic Impact Analysis (3)
- GIS 515 or PUP 576 GIS Workshop for Planners (3)
- PUP 642 Urban and Regional Economic Analysis (3)

Capstone studio, thesis or professional project

Students must complete the required core courses and select an area of specialization. Students must also select a capstone studio, a professional project or a thesis option. Successful completion of an approved statistics course, if not achieved by the student as an undergraduate, will be required as a deficiency.

#### **Concurrent Degrees:**

This degree is also offered as concurrent degree with:

- Public Administration (MPA) - Downtown Phoenix
- Public Policy (MPP)
- Sustainability Solutions (MSUS)

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with Urban Planning, BSP

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### **Admission Requirements:**

To be considered for the master's program in urban and environmental planning, the applicant must submit the Graduate Education online application and fulfill all admission requirements of Graduate Education, in addition to meeting admission requirements of the School of Geographical Sciences and Urban Planning. The following materials are required:

- an application to Graduate Education
  - current resume
  - GRE scores
  - official transcripts from all other colleges and universities attended
- statement of intent (maximum 600 words) explaining the applicant's:
- academic and professional background and if appropriate, preparation for the selected area of specialty (this may include written samples or a portfolio, but these are not required)
  - educational objectives
  - interest in planning
  - proof of English language proficiency\*
  - three letters of recommendation from references who are qualified to comment on the applicant's potential in the selected area of study

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency in the form of Test of Academic Catalog Archive 2015-2016

English as a Foreign Language (TOEFL) scores.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Urban Planning, PHD (ARPUPPHD)

**Online Degree Search Title:** Urban Planning (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in urban planning will educate scholars for positions in leading universities, research institutions, nongovernmental organizations, international multilateral institutions, national, state and local governments, and high-level consulting firms. The program will provide a strong foundation for undertaking research in planning, urbanism, urban design and urban sustainability.

While topics and methods will be wide-ranging and will include spatial, theoretical and urban design inquiry, the focus of the doctorate will be on the built environment, its problems and potential solutions that improve the quality of life of urban residents.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required core courses (6)

Program electives and research (34)

PUP 701 Urban Planning Colloquium (two semesters, for total of two hours)

PUP 799 Dissertation (12)

**Admission Requirements:** • Applicants must submit the online Graduate Education application.

• A minimum of a master's degree (or equivalent) is required or a graduate degree from a regionally accredited college or university of recognized standing in a related field such as: urban studies, geography, environmental studies, sustainability, architecture, public policy or public administration.

• A minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 credit hours of a student's bachelor's degree program is required. A minimum GPA of 3.00 is required in the master's work for acceptance into the PhD program.

• The GRE is required.

• The Test of English as a Foreign Language (TOEFL) required for applicants whose native language is not English. Please visit <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Women and Gender Studies, MA (LAWSTMA)

**Online Degree Search Title:** Women and Gender Studies

**Campus:** Tempe

**Program Description:**

The MA in women and gender studies provides students with advanced training, preparing them with: a sound academic foundation in feminist theory and methodologies; contemporary research about women, gender and sexuality; and skills in critical analysis, research methods, and verbal and written communication --- all of which can be applied to diverse career and academic contexts. The degree program is housed in the School of

Social Transformation, providing students access to a wealth of additional resources at the master's level, which will allow them to tailor their program so that it best fits their specific professional aspirations.

**Degree Requirements:** 30 credit hours and a thesis, or 30 credit hours including the required applied project course (SST 593).

Required Core Courses (6 credit hours):

WST 501 Foundations of Feminist Thought (3)

WST 502 Interdisciplinary Gender Research Methods (3)

Electives (18 credit hours)

Culminating Experience (6 credit hours; choose one):

SST 593 Applied Project (6)

SST 599 Thesis (6)

Other Requirements:

Students must successfully provide an oral defense of their thesis or applied project.

Total required credit hours: 30

**Admission Requirements:**

Degree: BA or BS in any field as long as students have completed two courses in women and gender studies or have equivalent experience. Majors may come from women, gender and sexuality studies; history, English; sociology; religious studies; social work; psychology; communication; or ethnic studies. Students who have previously majored in a STEM field and have interests in gender and education or gender and science may also apply for this program.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program. Minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree.

English Proficiency Requirement for International Applicants: The English proficiency requirements are the same as the Graduate Education requirement. Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: None

Letters of Recommendation: Yes

Applicants must fulfill both the requirements of Graduate Education and those of the College of Liberal Arts and Sciences.

## Nursing and Health Innovation, College of

### Adv Nursing Practice (Women's Health NP), DNP (NUANPWHDNP)

**Online Degree Search Title:** Women's Health Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become advanced-practice nurses as women's health nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; advanced pharmacology and advanced-practice nursing role.

Women's health care theory and clinical courses include theories, principles and clinical skills in the care of women and their families. Courses focus on critical thinking, diagnosis, problem-solving and nursing management of women throughout the maternity cycle and with common gynecological problems. Client education, communication and collaboration are emphasized.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determines the student needs additional faculty supervision of skills, the student will be required to complete the clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a nurse practitioner doctoral program. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency per the Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Please see the program website for application deadlines.

Applicants must fulfill the requirements of both Graduate Education and the College of Nursing and Health Innovation.

## Advanced Nursing Practice, DNP (NUANPDNP)

**Online Degree Search Title:** Advanced Nursing Practice - DNP

**Campus:** Downtown Phoenix

### Program Description:

The DNP in advanced nursing practice program is designed for master's prepared, advanced practice nurses. Courses are designed for clinical experts and are innovative, interesting and organized to provide students with expert colleagues and mentors across the U.S. who can challenge them to take their practice to a new level.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Applicants to the post-master's program should identify a relevant clinical issue related to advanced practice nursing that they would like to pursue during their doctoral program. Students will complete 540 hours of clinical practice residency and the program courses. Completion of an evidence-based doctoral applied project is required. Each project will be developed individually with each student. Each student will have a primary mentor working with them on the project. Clinical practice residency hours will be used to complete the project in a practice setting; work settings may be included, but specific objectives will be developed individually with each student that may be different from the student's job. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

### Admission Requirements:

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a Master of Science degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse. All students must have current certification as an advanced practice nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools (CGFNS).

Please see the program website for application deadlines.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Adult Nurse Practitioner), DNP (NUANPADDNP)

**Online Degree Search Title:** Adult Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

### Program Description:

The DNP in advanced nursing practice with a concentration in adult nurse practitioner is designed for registered nurses who seek to become advanced-practice nurses as adult nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; and advanced practice

nursing role. The program is designed to be accessible for students living or working at a distance, with course work delivered in a hybrid online format in which students attend on-campus sessions two or three times each semester.

Graduates in the adult nurse practitioner concentration are prepared to provide primary care to adults who are in various states of health in a variety of settings. Health promotion and illness prevention are among the essential threads integrated throughout the plan of study. Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete the clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing the DNP. The program includes 1,170 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must submit the Graduate Education online application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential along with one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse. All students must have current certification as an advanced practice nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Applicants must fulfill requirements of both Graduate Education and the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Adult Psychiatric Mental Health Nurse Practitioner), DNP (NUANPPMDNP)

**Online Degree Search Title:** Adult Psychiatric Mental Health Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become advanced-practice nurses as adult psychiatric mental health nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; and advanced practice nursing role. Graduate education in psychiatric mental health nursing gives opportunities for greater autonomy in practice, diverse employment opportunities, research and teaching capabilities and advanced assessment and intervention skills. Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine that the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area.

Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

The program is designed to be accessible to students living or working at a distance, with course work delivered in a hybrid online format in which students attend on-campus sessions two to three times each semester.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a DNP. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must submit the Graduate Education online application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse. All students must have current certification as an advanced practice nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP (NUANPAGDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner) DNP

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become advanced practice nurses as nurse practitioners to adult and geriatric patients. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; advanced pharmacology; and advanced practice nursing roles. A major focus of this program is the acquisition of advanced knowledge and skills for primary care, case management, screening and health promotion of adults through the lifespan in a variety of settings, including private practice, ambulatory clinics, long-term care facilities and the patient's home.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area. Rural health and experiences with disadvantaged and multicultural populations are encouraged, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing the DNP. The program includes 1,125 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must complete an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential along with one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Please see the program website for application deadlines.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Family Nurse Practitioner), DNP (NUANPFNDNP)

**Online Degree Search Title:** Family Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become advanced-practice nurses as family health nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice, application of evidence to advanced practice, advanced pathophysiology, advanced health assessment, advanced pharmacology and advanced practice nursing role. The focus in courses is on development of expertise in providing primary care to individuals of all ages within traditional, nontraditional and culturally diverse families. Theory and practicum courses are designed to prepare the student for certification in advanced practice nursing as a family nurse practitioner.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a DNP. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- international applicants: proof of English proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Students are admitted once a year to start in the fall semester.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Family Psychiatric and Mental Health Nurse Practitioner), DNP (NUANPCFDNP)

**Online Degree Search Title:** Family Psychiatric Mental Health Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become family psychiatric and mental health nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; advanced pharmacology and advanced-practice nursing.

Graduate education in psychiatric and mental health nursing gives opportunities for greater autonomy in practice; diverse employment opportunities; research and teaching capabilities; and advanced assessment and intervention skills.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

## Advanced Nursing Practice (Geriatric Nurse Practitioner), DNP (NUGNPDNP)

**Online Degree Search Title:** Advanced Nursing Practice (Geriatric Nurse Practitioner) (DNP)

**Campus:** Downtown Phoenix

**Program Description:**

The program is designed for nurses seeking to become advanced-practice nurses as nurse practitioners of geriatric patients. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; pharmacology; and advanced practice nursing roles. The DNP program is designed to be accessible to students living or working at a distance, with course work delivered in a hybrid online format in which students attend on-campus sessions two to three times each semester.

A major focus of this program is acquisition of advanced knowledge and skills for primary care, case management, screening and health promotion of older adults in a variety of settings, including private practice, ambulatory clinics, acute care, long-term care facilities and the patient's home. Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours and an applied project.

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 post-baccalaureate practicum hours for all students completing a DNP. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

**Admission Requirements:**

Applicants must submit the Graduate Education online application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained

- a current unencumbered license\*
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse. All students must have current certification as an advanced practice nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

**Advanced Nursing Practice (Innovation Leadership), DNP (NUANPILDNP)**

**Online Degree Search Title:** Advanced Nursing Practice (Innovation Leadership) DNP

**Campus:** Downtown Phoenix

**Program Description:**

The DNP in advanced nursing practice with a concentration in innovation leadership is directed toward professional nurses seeking the scholarship, skills and capacity to lead effective change in systems, organizations and practice environments using innovation theories and methodologies as the frame for their leadership practice. This concentration focuses on improving health care through facilitating a culture of best practice and providing skills necessary to develop advanced practice nursing leaders for the future. Graduates of this program will be able to facilitate the application and integration of research into clinical practice using innovative approaches across multiple settings to improve health care, patient outcomes and health care systems.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 712).

16 core credit hours

16 concentration credit hours

10 credit hours of electives or research courses

12 credit hours of capstone applied project (DNP 712 Clinical Residency and Management)

**Admission Requirements:**

All applicants must complete the Graduate Education online application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- undergraduate junior and senior GPA=3.00 (4.00=A) or cumulative GPA=3.00
- completion of a Master of Science degree from a nationally recognized, regionally accredited academic institution
- submission of GRE scores for the analytical writing portion only
- letters of recommendation from three faculty or professional persons knowledgeable about the applicant's academic and nursing leadership potential\*
- evidence of unencumbered active licensure as Registered Nurse in the state where clinical practice will be conducted
- an interview with a faculty member in any offered specialty of nursing
- proof of English language proficiency\*\*

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Advanced Nursing Practice (Neonatal Nurse Practitioner), DNP (NUANPNDNP)

**Online Degree Search Title:** Neonatal Nurse Practitioner (DNP)

**Campus:** Downtown Phoenix

### Program Description:

This program is designed for nurses seeking to become advanced practical nurses as neonatal nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced pharmacology and advanced health assessment. Advanced neonatal nursing theory and clinical courses focus on the development of a framework for developmentally supportive, family-centered, culturally appropriate advanced nursing practice with infants, children and families.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete the clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 84 credit hours including the required applied project course (DNP 707).

Completion of an evidence-based doctoral applied project focused on a clinical issue relevant to advanced practice nursing is required.

The American Nurses Credentialing Center has recommended a minimum of 1,000 postbaccalaureate practicum hours for all students completing a DNP. This program includes 1,125 practicum hours, exceeding the ANCC requirement.

### Admission Requirements:

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

## Biospecimen Repository Administration (certificate), Certificate (NUBRAGRCT)

**Online Degree Search Title:** Biospecimen Repository Administration (Graduate Certificate)

**Campus:** Online

**Program Description:**

This certificate program prepares students to oversee the operations of a biospecimen repository from a business perspective. This emerging, global field oversees the collection, storage and disbursement of biological samples for use in basic science, translational and clinical research. The program curriculum includes ethical and practical considerations of biospecimen resource management and operations. Students will learn through exercises in case study analysis, process and procedure development, resource evaluation and implementation and project management. Related business concepts such as cost-benefit analytics, personnel and sustainability of the repository are also covered in the program. Emphasizing principles of ethical and quality practices, this program will prepare students to work in this highly regulated field.

**Degree Requirements:** 15 credit hours.

Required Courses: (15 credit hours)

HCR 545 Foundations of Bio-specimen Repository Administration (3)  
HCR 546 Management of Bio-specimen Repository Operations (3)  
HCR 547 Bio-specimen Resource and Technology Management (3)  
HCR 548 Regulation and Ethics in Bio-specimen Repository Administration (3)  
HCR 549 Scientific Innovation and Bio-specimen Repository Administration (3)

Total required credit hours: 15

**Admission Requirements:**

Degree: bachelor degree in any business, science, engineering, nursing, medicine, math, technology or health-related field or a bachelor's degree in any other field (not mentioned above) with more than six months vocational experience in the biospecimen repository administration field

GPA: minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program; a minimum of 3.00 cumulative GPA (scale is 4.00=A) in the applicable master's degree

English Proficiency Requirement for International Applicants: An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: None

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Care Coordination (certificate), Certificate (NUCRCDGRCT)

**Online Degree Search Title:** Care Coordination (Graduate Certificate)

**Campus:** Downtown Phoenix, West

**Program Description:**

The graduate certificate in care coordination provides registered nurses with advanced preparation in nursing practice and the ability to provide effective patient-centered care through the application of care coordination services that improve health outcomes, enhance health care quality and reduce health care costs. Graduates are specialists able to synthesize innovation principles and best available evidence to lead interprofessional

teams to design, deliver and evaluate care coordination practices that are patient centered, improve health, safety and cost outcomes, as well as enhance quality and access to care across diverse populations. This program supports preparation for national certification as a case manager through the American Nurses Credentialing Center (ANCC) or through the Case Management Society of America (CMSA).

**Degree Requirements:** 15 credit hours.

Required Courses: (15 credit hours)

NUR 510 Foundations of Care Coordination Practice (3)

NUR 511 Concepts of Care Coordination and the Nurse's Role (3)

NUR 512 Improving Quality and Safety Outcomes through Effective Care Coordination (3)

NUR 513 Interprofessional Collaborative Practice and Transforming Health Care Policy (3)

NUR 519 Role-Focused Practicum: Care Coordination (3)

Total required credit hours: 15

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Admission to the certificate is based upon meeting the following requirements:

- completion of a BS degree in nursing at a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for the baccalaureate or graduate degree attained
- a current unencumbered license to practice as a registered nurse in the state where the nursing clinical practicums will be conducted; or a current unencumbered license to practice as a registered nurse in Arizona to enroll in nursing clinical practicum courses
- three online recommendations from individuals knowledgeable about the applicant's academic potential
- submission of a one- to- two-page essay describing career and professional goals and how this program will support attainment of those goals
- proof of English proficiency per Graduate Education requirement\*

Due to licensure and regulatory requirements, international students must meet the same educational requirements (hold a bachelor of science degree in nursing from a nationally recognized, regionally accredited academic institution) and licensure requirements (hold a current unencumbered license to practice as a registered nurse in the state where the nursing clinical practicums will be conducted; or a current unencumbered license to practice as a registered nurse in Arizona to enroll in nursing clinical practicum courses).

\*International applicants: Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Required Admission Examinations: none

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Child and Adolescent Mental Health Intervention (certificate), Certificate (NUCAMHICE)

**Online Degree Search Title:** Child and Adolescent Mental Health Intervention Specialist (Graduate Certificate)

**Campus:** Downtown Phoenix

### Program Description:

The College of Nursing and Health Innovation at ASU offers the nation's first child and adolescent mental health intervention specialist graduate certificate program. This innovative program is designed specifically for pediatric and family nurse practitioners, physicians and other interdisciplinary health care providers who desire to enhance their knowledge and skills in the assessment and management of common mental and behavioral health problems in children and adolescents. This graduate certificate curriculum is predominantly an online distance education program with two daylong visits to the ASU Downtown Phoenix campus for orientation and intensive learning.

**Degree Requirements:** 15 credit hours.

Nine credit hours of this program can be transferred into the college's postmaster's child and family psychiatric mental health nurse practitioner program for those students desiring more depth in assessing and treating child and adolescent mental health problems as a child and family psychiatric mental health nurse practitioner.

### Admission Requirements:

Applicants must submit the Graduate Education online application.

- Applicants must either have an MS in nursing and work as a pediatric and family nurse practitioner or pediatric clinical nurse specialist or be a health-related professional (e.g., physician, social worker, physician assistant) with experience in child and adolescent behavioral and mental health.
- Current health care licensure in the applicant's state of residence is needed for admission to this certificate program.
- Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Clinical Research Management, MS (NUCRMMS)

**Online Degree Search Title:** Clinical Research Management (MS)

**Campus:** Online

### Program Description:

The MS in clinical research management program prepares students to lead complex global clinical research operations at multiple types of employer settings in the rapidly growing clinical research industry. Graduates of the program will be qualified to fill specialized positions in regulatory affairs and clinical research operations. Potential employers include medical drug, device and product developers, governmental regulatory agencies, health care institutions, organizations conducting clinical research, academic medical institutions, and national and international contract research organizations.

The clinical research management program offers a transdisciplinary approach to education in the fiscal practices of conducting clinical research, the ethical and regulatory aspects of clinical research, and the overall operational management of clinical drug, biological and medical device trials. The program is designed to be flexible, making it convenient for the adult learner.

**Degree Requirements:** 33 credit hours including the required capstone course (HCR 566).

Core (12):

HCR 551 Clinical Research Monitoring (3)

HCR 564 Capstone Clinical Research Management Project (3) OR HCR 552 Medical Device Approval and Regulation (3)

HCR 567 Research Management and Contemporary Research Topics (3)  
HCR 574 Institutional Review Board (IRB) in Human Research (3)

Electives (18)

Culminating experience:

HCR 566 Capstone Clinical Research Management Project II (3)

**Admission Requirements:** • submission of an online Graduate Education application

- six months full-time, related clinical research work or internship experience demonstrated on applicant's resume or curriculum vita\*
- bachelor's degree that includes courses with content in anatomy and physiology and medical terminology, or bachelor's degree and evidence that the applicant has successfully completed additional courses in anatomy and physiology and medical terminology
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 or higher for any undergraduate or graduate degree attained
- three online references from colleagues, supervisors or other professional contacts attesting to the applicant's academic and leadership experiences
- proof of English language proficiency\*\*

\*Applicant may be required to submit employer job description or internship transcript.

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Clinical Research Management (certificate), Certificate (NUHCRGRCC)

**Online Degree Search Title:** Clinical Research Management (Graduate Certificate)

**Campus:** Online

**Program Description:**

The graduate certificate in clinical research management is a fully online program that prepares graduates to lead complex global clinical research operations at multiple types of employer settings in the rapidly growing clinical research industry.

The clinical research management program offers a multidisciplinary approach to education in the fiscal practices of clinical research, the ethical and regulatory aspects of clinical research, and the overall operational management of clinical drug, biological and medical device trials. The program is designed to be flexible and conducive to the adult learner.

**Degree Requirements:** 15 credit hours including the required capstone course (HCR 564).

core (12):

HCR 561 Responsible Conduct of Research (3)

HCR 562 Clinical Research Data Management and Technology (3)

HCR 563 Fundamentals of Regulatory Affairs (3)

HCR 565 Clinical Research Operations (3)

restricted elective (3)

**Admission Requirements:**

Minimum requirements for admission to the graduate certificate in clinical research management are:

- submission of an online graduate admission application
- six months of full-time, related clinical research work or internship experience demonstrated on applicant's resume or curriculum vitae\*
- bachelor's degree from a nationally recognized, regionally accredited academic institution that includes courses with content in anatomy and physiology and medical terminology, or bachelor's degree and evidence the applicant successfully completed additional courses in anatomy and physiology and medical terminology
- a minimum GPA of 3.00 (on a 4.00 scale) in the last 60 semester hours or 90 quarter hours of undergraduate course work, or a cumulative GPA equal to 3.00 or higher for any undergraduate or graduate degree attained
- three online references from colleagues, supervisors or other professional contacts attesting to the applicant's academic and leadership experiences
- proof of English language proficiency\*\*

\*Applicants may be required to submit a job description or internship transcript from their employer.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of the Division of Graduate Education and those of the College of Nursing and Health Innovation.

Please see the program website for application deadlines.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Clinical Research Management (Regulatory Science), MS (NUCRMRSMS)

**Online Degree Search Title:** Clinical Research Management (Regulatory Science) (MS)

**Campus:** Online

**Program Description:**

The purpose of this concentration is to prepare students for careers in the regulatory aspects of clinical research. The regulatory science concentration uses a multidisciplinary approach and encompasses course work in regulatory writing techniques, quality systems, and medical device or pharmaceutical regulation. The concentration is designed to develop the student's understanding of how to meet regulatory oversight requirements as they relate to the conduct of clinical studies. The concentration offers an alternative course option for students pursuing the clinical research management degree.

**Degree Requirements:** 33 credit hours including the required capstone course (HCR 566).

Core (12)

Concentration Courses (18)

Culminating Experience (3)

**Admission Requirements:** Minimum requirements for admission to the MS degree in clinical research management are: • submission of an online Graduate Education application

- six months of full-time, related clinical research work or internship experience demonstrated on applicant's resume or curriculum vitae (may be required to submit employer job description or internship transcript)
- bachelor's degree that includes courses with content in anatomy and physiology and medical terminology, or bachelor's degree and evidence the applicant successfully completed additional courses in anatomy and physiology and medical terminology
- a minimum GPA of 3.00 (on a 4.00 scale) in the last 60 semester hours or 90 quarter hours of undergraduate course work, or a cumulative GPA equal to 3.00 or higher for any undergraduate or graduate degree attained
- three online references from colleagues, supervisors or other professional contacts attesting to the applicant's academic and leadership experiences
- proof of English language proficiency as required by Graduate Education\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Community and Public Health Practice (certificate), Certificate (NUCHPGRCH)

**Online Degree Search Title:** Community and Public Health Practice (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

The graduate certificate in community and public health practice is directed toward students with bachelor's degrees who currently work in community or public health or other relevant fields and who want to solve public health problems and apply a breadth of knowledge and expertise in the community.

**Degree Requirements:** 16 credit hours.

The graduate certificate in community and public health practice includes three credit hours (135 clock hours) of internship.

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing (or related field) from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered professional license in the state where the internship will be conducted or an unencumbered Arizona professional practice license (if necessary)
- three online professional recommendations from individuals knowledgeable about the applicant's academic and leadership potential
- an interview with the program faculty
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Evidence-Based Practice in Nursing and Healthcare (certificate), Certificate (NUEVIDNSCE)

**Online Degree Search Title:** Evidence-Based Practice in Nursing and Healthcare (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

The evidence-based practice in nursing and health care graduate certificate program is designed to prepare nurse clinicians, educators and other health care professionals as experts in evidence-based practice. This 18-month program is user friendly and constructed in a distance-learning,

online format to facilitate involvement of participants throughout the U.S. and the world. Two on-site visits to ASU are required. The initial visit is an orientation and the final visit is an immersion.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of an accredited master's degree with a 3.00 cumulative GPA (4.00=A) or current enrollment in an accredited master's degree program with a cumulative 3.00 GPA and approval by program director
- letter of support from the applicant's agency
- official transcripts from the applicant's academic degree institution

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Family Nurse Practitioner (certificate), Certificate (NUFMPGRCE)

**Online Degree Search Title:** Family Nurse Practitioner (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

This program is designed for nurses seeking to become advanced-practice nurses as family nurse practitioners. Providing a foundation for this specialty are graduate courses in application of theory to advanced practice; application of evidence to advanced practice; advanced pathophysiology; advanced health assessment; and advanced pharmacology. The course focus is on development of expertise in providing primary care to individuals of all ages within traditional, nontraditional and culturally diverse families.

Focused clinical experiences are arranged with appropriate preceptors and administrators. Every attempt will be made to arrange this in the student's geographical area. In the event that clinical sites are unavailable in that area or if the faculty determine the student needs additional faculty supervision of skills, the student will be required to complete their clinical experience in the Phoenix area. Experiences with disadvantaged and multicultural populations are encouraged as are experiences in rural areas, and sites are available for these experiences.

**Degree Requirements:** 22 credit hours.

This graduate certificate program (including 585 clinical hours) prepares nurses with their master's to become family nurse practitioners.

Prerequisites required or equivalent courses taken in master's program:

- DNP 604 Advanced Human Pathophysiology Across Lifespan (4)
- DNP 605 Advanced Health Assessment Across Lifespan (3)
- DNP 608 Advanced Pharmacotherapeutics Across Lifespan (3)
- DNP 609 Advanced Practice Nursing Role I (1)
- DNP 610 Advanced Practice Nursing Role II (1)

Students will have an individual review of their transcripts and an individualized program of study designed to meet certification requirements. This may add up to one year of additional study to complete this certificate.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a master's degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license\*

- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- international applicants: proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per the Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

For U.S. Department of Education Gainful Employment Program Disclosure information, see <https://catalog.asu.edu/files/disclosures/NUFMPGRCE/Gedt.html> (<https://catalog.asu.edu/files/disclosures/NUFMPGRCE/Gedt.html>)

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

**Family Psychiatric and Mental Health Nurse Practitioner (certificate), Certificate (NUPMNUPRCE)**

**Online Degree Search Title:** Family Psychiatric and Mental Health Nurse Practitioner (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

This post-master's certificate program is designed for advanced-practice nurses seeking to become a family psychiatric mental health nurse practitioner. This certificate is delivered using a hybrid format with the majority of course work completed online. In-person attendance is required for several immersion sessions at the ASU Downtown Phoenix campus. Please contact the graduate program office for specific details.

**Degree Requirements:** 28 credit hours.

This graduate certificate program (including 585 clinical hours) prepares nurses with a master's to become family psychiatric mental health nurse practitioners.

Prerequisites required or equivalent courses taken in master's program:

- DNP 604 and 630 Human Pathophysiology (3) - across the lifespan
- DNP 605 and 631 Advanced Health Assessment (3) - across the lifespan
- DNP 608 Pharmacology (2) - across the lifespan
- DNP 609 and 610 Advanced Practice Nursing Role (3)

Students will have an individual review of their transcripts and an individualized plan of study designed to meet certification requirements. Depending on how many prerequisite courses are completed in the master's, up to one year of additional study may need to be added to complete this specialty.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- master's degree in nursing from a nationally recognized, regionally accredited academic institution
- official transcripts from all academic institutions
- unencumbered RN license in the state where the student plans to do the clinical practicum experience\*
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with a representative of the specialty area
- international applicants: proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current, unencumbered RN license in the state where clinical practice will be conducted. Clinical agencies must be contracted with ASU prior to the start of any clinical rotation.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per the Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Health Care Innovation, Certificate (NUHCINGRCT)

**Online Degree Search Title:** Health Care Innovation (Graduate Certificate)

**Campus:** Online

**Program Description:**

The health care innovation graduate certificate provides students with the cognitive and affective competencies to create and sustain transformative change in health care. The emerging field of health care innovation requires individuals who can lead and facilitate change. Students will learn through reflection, personality assessment, exercises in interdisciplinary team-case study analyses, system intervention, idea pitching and change-readiness assessment. Related entrepreneurial and intrapreneurial concepts such as prototyping, business plan or project plan design, budgeting and presentation skills are also covered in the program. Emphasizing complexity leadership and vulnerability along with emotional competence, this certificate will prepare students to work in this interdisciplinary and highly sought-after area.

**Degree Requirements:** 15 credit hours including the required capstone course (HCI 570).

Required Courses: (15 credit hours)

HCI 538 Innovation and the Individual (3)

HCI 542 Systems Thinking in a Complex Environment (3)

HCI 554 Outcomes Evaluation (3)

HCI 561 Innovation Methods (3)

HCI 570 Capstone Course: Innovation Project (3)

Total required credit hours: 15

**Admission Requirements:**

Degree: bachelor's degree in any health-related business, social science, hard science, health care practice or technology field

GPA: minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program; minimum of 3.00 cumulative GPA (scale is 4.00=A) in the applicable master's degree

English Proficiency Requirement for International Applicants: An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: none

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Healthcare Innovation, MHI (NUHCINNMHI)

**Online Degree Search Title:** Healthcare Innovation (MHI)

**Campus:** Online

**Program Description:**

The MHI is the first degree of its kind in the country --- an interdisciplinary, fully online, asynchronous program that prepares students to lead transformation in health care.

Students will learn how to create and sustain cultures of innovation in health care from multiple perspectives: personal competence for innovation, use of evidence in decision-making, remodeling system infrastructures, financing, communication, entrepreneurship, technology and policy-making. Students will develop competence in the design, application and testing of innovative processes and products, with a primary focus on preparing students to lead processes of innovation and transformation. Innovative thinking, planning, implementing and evaluation are emphasized throughout the program. The curriculum incorporates the latest trends in health care and is built upon collaboration with other professionals and faculty across diverse disciplines.

Graduates of the program will gain leadership skills to influence the future of health care and help transform and improve health care outcomes for consumers and communities.

**Degree Requirements:** 34 credit hours including the required capstone course (HCI 563).

Core (26):

HCI 538 Innovation and the Individual (3)

HCI 540 Understanding and Applying Principles of Evidence-Based Practice (3)

HCI 542 Systems Thinking in a Complex Environment (3)

HCI 544 IT for Healthcare Innovation (3)

HCI 548 Advanced Principles and Concepts of Innovation (3)

HCI 550 Healthcare Policy and Innovation (3)

HCI 552 Financing for Innovation (3)

HCI 554 Outcomes Evaluation (3)

HCI 561 Innovation Methods (2)

Electives (3)

Culminating experience:

HCI 563 Capstone: Final Innovation Project (5)

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- a bachelor's degree from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- three professional recommendations from individuals knowledgeable about the applicant's academic and leadership potential
- submission of a personal statement and essays along with a current resume
- proof of English proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## International Health for Healthcare Professionals (certificate), Certificate (NUHCRGRCI)

**Online Degree Search Title:** International Health for Healthcare Professionals (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

The international health for health professionals graduate certificate prepares health care personnel to meet the global health challenges of the 21st century. Students receive comprehensive education in the promotion of holistic, culturally responsive evidence-based care within and outside the U.S.

Course content includes the provision of care in the presence and absence of natural (e.g., earthquakes) and human-made disasters (e.g., war), the spread of chronic and infectious diseases, economic and political issues, and other factors that pose substantial challenges to world health promotion and disease prevention.

This graduate certificate is offered as a part- or full-time hybrid online distance program with two daylong visits to ASU Downtown Phoenix campus and a capstone immersion experience.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- undergraduate-prepared nurse or health-related professional (e.g., social worker, physician, psychologist, dentist) with a baccalaureate or graduate degree from a nationally or internationally recognized and regionally accredited academic institution, or equivalent
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- professional license in the state where the individual capstone project will be conducted, if required (e.g., RN, NP, MSW, PA or MD)
- resume or curriculum vitae
- email addresses of three professional references (not friends or relatives) who will be contacted for completion of online recommendations\*
- fingerprint clearance, or proof of application, for U.S. citizens and applicants with permanent U.S. resident status
- photocopy of current, valid passport
- proof of English proficiency\*\*

\*References will be contacted by Graduate Education, with a request to complete a reference questionnaire.

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

Applications are accepted once a year for enrollment in the fall semester.

## **Nurse Education in Academic and Practice Settings (certificate), Certificate (NUNURSEDCE)**

**Online Degree Search Title:** Nurse Education in Academic and Practice Settings (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

This 15-credit-hour graduate certificate in nurse education prepares post-master's registered nurses to teach in academic or practice settings. This graduate certificate is delivered using a hybrid format that optimizes in-person and online delivery methods. Courses include: curriculum development, teaching methods, design and delivery of mediated instruction, producing and evaluating educational programs, and a 135-hour teaching practicum.

**Degree Requirements:** 15 credit hours.

A three-credit-hour teaching practicum (comprised of 135 clock hours) is required.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- minimum of a bachelor's degree in nursing (or a health care-related field) from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for any baccalaureate or graduate degree attained
- a current unencumbered license in the state where clinical practice will be conducted or an unencumbered Arizona license to practice as a registered nurse (or health care professional) to enroll in the teaching course
- three online recommendations from individuals knowledgeable about the applicant's academic or leadership potential
- an interview with program faculty
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## **Nursing (Care Coordination), MS (NUCRCDMS)**

**Online Degree Search Title:** Nursing (Care Coordination), MS

**Campus:** Downtown Phoenix, West

**Program Description:**

The MS in nursing with a concentration in care coordination provides registered nurses with advanced preparation in nursing practice and the ability to provide effective patient-centered care through the application of care coordination services that improve health outcomes, enhance health care quality and reduce health care costs.

Graduates are specialists able to: synthesize innovation principles and best available evidence to lead interprofessional teams to design, deliver, and evaluate care coordination practices that are patient centered, improve health, safety and cost outcomes, enhance quality and access to care across diverse populations. This program supports preparation for national certification as a case manager through the American Nurses Credentialing Center (ANCC) or through the Case Management Society of America (CMSA).

**Degree Requirements:** 35 credit hours including the required Applied Project Course (NUR 593).

Required Core Courses: (22 credit hours)

DNP 601 Theoretical Foundations for Advance Practice Nursing (3)

DNP 602 Principles of Research Methods & Evidence-based Practice (3)

DNP 604 Advanced Human Pathophysiology Core (4)

DNP 605 Advanced Health Assessment Core (3)

DNP 608 Advanced Pharmacotherapeutics Core (3)

DNP 633 Family Health Promotion in Primary Care (3)

NUR 501 Individual and Innovation Leadership in Advanced Nursing Practice Role (3)

Required Concentration Courses: (12 credit hours)

NUR 510 Foundations of Care Coordination Practice (3)

NUR 511 Concepts of Care Coordination and the Nurse's Role (3)

NUR 512 Improving Quality and Safety Outcomes through Effective Care Coordination (3)

NUR 513 Interprofessional Collaborative Practice and Transforming Health Care Policy (3)

Culminating Experience: (3 credit hours)

NUR 593 Applied Project (3)

Other Requirements: (5 credit hours)

NUR 509 Clinical Prevention and Population Health Practicum (2)

NUR 519 Role-Focused Practicum (3)

Total required credit hours: 42

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Admission to the master's is based upon meeting the following requirements:

- completion of a BS degree in nursing at a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for the baccalaureate or graduate degree attained
- a current unencumbered license to practice as a registered nurse in the state where the nursing clinical practicums will be conducted; or a current unencumbered license to practice as a registered nurse in Arizona to enroll in nursing clinical practicum courses
- three online recommendations from individuals knowledgeable about the applicant's academic potential
- submission of a one- to- two page essay describing career and professional goals, and how this program will support attainment of those goals
- proof of English proficiency per Graduate Education requirement\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Required Admission Examinations: none

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

**Contact Information:**

## Nursing (Community Health Advanced Practice Nursing), MS (NUCHNDTMS)

**Online Degree Search Title:** Community Health Nursing (MS)

**Campus:** Downtown Phoenix

### Program Description:

The community health nursing graduate program provides theoretical and practical foundations for advanced practice in community and public health nursing in public or private sector health care settings. Graduate courses in nursing theory, research, epidemiology and biostatistics provide a foundation for practice in community and public health nursing. By combining public and community health theory with nursing theory and research, the community health nurse considers all influences on the population and community in decision-making and outcome evaluation. The major focus in this specialty area is on utilizing public health sciences and skills in the assessment of communities and populations, policy development, program planning, effective communication and the impact of cultural influences on health. The graduate in community and public health is actively engaged in education (e.g., community, staff, students and colleagues), case management, expert clinical practice, consultation, research and administration.

**Degree Requirements:** 45 credit hours including the required applied project course (NUR 593).

The practicum and internship requirements include 540 clock hours. At the completion of the program, students are eligible to take the American Nurses Credentialing Center exam for national certification as an advanced public health nurse.

### Admission Requirements:

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00=A) or higher for any undergraduate or graduate degree attained
- a current unencumbered license in the state where internship or practicum will be conducted or an unencumbered Arizona license to practice as a registered nurse to enroll in nursing practicum courses
- satisfactory completion of the analytical writing section of the GRE
- three online recommendations from individuals knowledgeable about the applicant's academic and nursing leadership potential and one self-evaluation submitted by the applicant
- an interview with the program faculty
- proof of English proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Nursing (Nursing Education), MS (NUNURSEDMS)

**Online Degree Search Title:** Nursing (Nursing Educator), MS

**Campus:** Downtown Phoenix

### Program Description:

The MS program is designed to foster scholarship, creativity and innovation that prepares the nurse educator for leadership roles in academic and practice settings. The program offers advanced-level courses that can be used to provide a seamless transition to the PhD or the DNP program, depending on career goals. At the completion of the program, graduates with two years of teaching experience may be eligible to take the National League for Nursing certification examination.

**Degree Requirements:** 35 credit hours including the required applied project course (NUR 593).

This degree program culminates in an applied project related to learner-centered education. The core of the program consists of 22 hours of courses and a practicum, which focuses on the science and art of nursing education, theory and practice courses related to one of the current clinical specialties.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing at a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (4.00="A") or higher for any baccalaureate or graduate degree attained
- current unencumbered license\*
- three online recommendations from individuals knowledgeable about the applicant's academic potential and a self-assessment form submitted by the applicant
- an interview with program faculty
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse. All students must have current certification as an advanced practice nurse.

\*\*International applicants: Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per the Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## **Nursing (Nursing Informatics), MS (NUNINFMS)**

**Online Degree Search Title:** Nursing (Nursing Informatics) MS

**Campus:** Downtown Phoenix

**Program Description:**

The MS in Nursing program with a concentration in Nursing Informatics provides registered nurses with advanced preparation to integrate technological expertise and data management skills in health care settings to improve access to health care, enhance health care quality and safety, and reduce health care costs.

Graduates are specialists able to: manage nursing and health informatics systems; create systems for planning, implementing and evaluating nursing and health information systems; appraise data management and health care technology systems for clinical implementation; and participate in the design of innovative nursing and health information systems to enhance evidence-based practice. This program supports preparation for national certification in Informatics (RN-BC) and Certified Professionals in Health Information and Management Systems (CPHIMS).

**Degree Requirements:** 35 credit hours including the required Applied Project Course (NUR 593).

Core (15)

DNP 601 Theoretical Foundations for Advanced Practice Nursing (3)

DNP 602 Evaluating Research for Practice (3)

NUR 501 Individual and Innovation Leadership in Advanced Nursing Practice (3)

NUR 502 Advanced Health Assessment, Pathophysiology, and Pharmacotherapeutics for Health Promotion I (3)

NUR 503 Advanced Health Assessment, Pathophysiology, and Pharmacotherapeutics for Health Promotion II (3)

Concentration (15)

BMI 601 Fundamentals of Health Informatics (3)

BMI 603 Health Informatics Database Modeling and Applications (3)

NUR 530 Foundational Concepts for Nursing Informatics (3)

NUR 531 Advanced Concepts in Nursing Informatics (3)

NUR 539 Role-Focused Practicum: Nursing Informatics (3)

other requirement (2)

NUR 509 Clinical Prevention and Population Health Practicum (2)

culminating experience:

three credit hours of Applied Project course NUR 593

total credit hours required: 35

**Admission Requirements:**

Applicants must submit an online graduate admission application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's degree in nursing at a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00 or a cumulative GPA equal to 3.00 (scale is 4.00 = "A") or higher for any baccalaureate or graduate degree attained
- current unencumbered license\*
- three online recommendations from individuals knowledgeable about the applicant's academic potential and a self-assessment form submitted by the applicant
- an interview with program faculty
- proof of English language proficiency\*\*

\*If clinical practice will occur outside of Arizona, the student must have a current unencumbered license in the state where clinical practice will be conducted. If clinical practice will occur within Arizona, the student must have a current unencumbered Arizona license to practice as a registered nurse.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per the Division of Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools.

Applicants must fulfill the requirements of both the Division of Graduate Education and the College of Nursing and Health Innovation

## Nursing (Patient Safety and Health Care Quality), MS (NUPSHCMS)

**Online Degree Search Title:** Nursing (Patient Safety & Health Care Quality), MS

**Campus:** Downtown Phoenix, West

### Program Description:

The MS in nursing with a concentration in patient safety and health care quality provides nurses with advanced preparation in nursing practice and the ability to translate concepts, practices and principles of safety and improvement science to enhance safe, effective patient care.

Graduates are specialists able to: synthesize innovation principles and best available evidence to develop interventions for implementation; and, lead interprofessional teams to design, deliver, and evaluate safety and quality improvement efforts that are patient centered, minimize risk, and improve outcomes across diverse practice settings. This program supports preparation for national certification as a Certified Professional in Health Care Quality (CPHQ), and Certified Patient Safety Officer (CPSO).

**Degree Requirements:** 35 credit hours including the required Applied Project Course (NUR 593).

Required Core Courses: (22 credit hours)

DNP 601 Theoretical Foundations for Advance Practice Nursing (3)  
DNP 602 Principles of Research Methods and Evidence-based Practice (3)  
DNP 604 Advanced Human Pathophysiology Core (4)  
DNP 605 Advanced Health Assessment Core (3)  
DNP 608 Advanced Pharmacotherapeutics Core (3)  
DNP 633 Family Health Promotion in Primary Care (3)  
NUR 501 Individual and Innovation Leadership in Advanced Nursing Practice Role (3)

Required Concentration Courses: (12 credit hours)

NUR 520 Patient Safety and Health Care Quality Principles, Assessment and Methods (3)  
NUR 521 Healthcare Evidence, Informatics and Analysis (3)  
NUR 522 Designing Systems for Patient Safety and Healthcare Quality (3)  
NUR 523 Interprofessional Collaboration for Improving Patient Safety and Healthcare Quality Outcomes (3)

Culminating Experience: (3 credit hours)

NUR 593 Applied Project (3)

Other Requirements: (5 credit hours)

NUR 509 Clinical Prevention and Population Health Practicum (2)  
NUR 529 Role-Focused Practicum: Patient Safety and Healthcare Quality (3)

Total required credit hours: 42

### Admission Requirements:

Applicants must submit an online Graduate Education application.

Admission to the master's is based upon meeting the following requirements:

- completion of a BS degree in nursing at a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00=A) or higher for the baccalaureate or graduate degree attained
- a current unencumbered license to practice as a registered nurse in the state where the nursing clinical practicums will be conducted; or a current unencumbered license to practice as a registered nurse in Arizona to enroll in nursing clinical practicum courses
- three online recommendations from individuals knowledgeable about the applicant's academic potential
- submission of a one- to- two page essay describing career and professional goals, and how this program will support attainment of those goals
- proof of English proficiency per Graduate Education requirement\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency per Graduate Education requirement and all requirements for the Commission on Graduates of Foreign Nursing Schools, if considered an international student.

Required Admission Examinations: none

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

## Nursing and Healthcare Innovation, PHD (NUNHIPHD)

**Online Degree Search Title:** Nursing and Healthcare Innovation (PhD)

**Campus:** Downtown Phoenix

**Program Description:**

The PhD in nursing and health care innovation is designed for scholars who wish to pursue careers as leaders in health policy, education and research. This degree will also help to address a national need for faculty and researchers who are increasingly in short supply.

This program is offered in traditional onsite delivery format and innovative synchronous online delivery, designed to maintain our commitment to a highly mentored, interactive learning experience. Several different modalities are used to enhance the student's learning, including multimedia presentations, asynchronous discussion boards and live chats.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Up to 30 credit hours from a previously awarded master's may count toward this requirement. Twelve credit hours are required in a substantive area of specialization and may be taken in any semester, based on availability and student interest. Twenty-four credit hours of course work with a research focus are required, including 12 hours of dissertation credit.

Students are required to enroll in a minimum of nine credit hours per semester for years one and two of their plan of study. The plan of study can be as broad or as narrow as the student and the supervisory program committee deem necessary for the student's career goals. Students may choose from the following five substantive areas of study:

- aging
- education
- health care innovation leadership
- healthy families
- world health

The program may incorporate courses from other disciplines to further refine substantive areas of study.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to the doctoral program in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- completion of a bachelor's or master's degree in nursing or a related field from a nationally recognized, regionally accredited academic institution
- a cumulative undergraduate GPA of at least 3.00 or a cumulative graduate GPA of at least 3.50 (4.00=A)
- submission of a current resume, goal statement essay, and a writing sample
- completion of a current inferential statistics prerequisite course by post-master's applicants
- GRE scores are recommended, but not required
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the College of Nursing and Health Innovation.

Students are admitted once a year to start in the fall semester.

## Regulatory Science and Health Safety, MS (NURSHSMS)

**Online Degree Search Title:** Regulatory Science and Health Safety (MS)

**Campus:** Downtown Phoenix

**Program Description:**

The MS in regulatory science and health safety is designed to prepare students for careers in the field of regulatory affairs. The aim of the program is to instruct students about the development and commercialization of medical drugs, devices and other regulated products. The program will focus on safety, as a fundamental aspect of regulatory science, and on leadership development. The program uses a multidisciplinary approach to meet the unique needs of regulating bodies and the regulated industry. It encompasses course work in clinical research, ethics, quality systems, quantitative methods and statistics, leadership and project management in the regulatory field. Students will develop skills that incorporate an evidence-based approach to decision-making, clinical research, regulations and the evaluation of the safety of health products, including drugs, medical devices and nutritional products. They will also develop leadership and project management skills.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Admission to graduate status in the College of Nursing and Health Innovation is based upon meeting the following requirements:

- a bachelor's degree from a nationally recognized, regionally accredited academic institution
- an undergraduate junior and senior GPA equal to 3.00, or a cumulative GPA equal to 3.00 (4.00 = "A") or higher from any undergraduate or graduate degree attained
- three online recommendations from individuals knowledgeable about the applicant's academic and leadership potential
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applications are accepted once per year for fall semester enrollment.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Nursing and Health Innovation.

## Public Service and Community Solutions, College of

### Applied Ethics and the Professions (Leadership, Management, and Ethics), MA (LAAEPLMEMA)

**Online Degree Search Title:** Applied Ethics (Ldrshp, Mgmt, and Ethics) MA

**Campus:** Downtown Phoenix

**Program Description:**

Students pursuing the MA in applied ethics and the professions concentration (leadership, management and ethics) examine a variety of considerations facing managers and leaders in public, private and nonprofit organizations and consider the question of how ethical judgments might be made in these settings.

Topics covered include, but are not limited to, the following issues:

- How does management or leadership contribute to the organization's overall sense of social responsibility? Is the manager or leader seeking moral objectives or moral ends, the right policies or outcomes?
- Is the manager or leader doing the right things for the right reasons and with the proper attention to matters of character and integrity?
- What is the relationship between managers or leaders and followers, and how, if at all, does the act of leadership itself appreciably alter the values of the group in a positive way?

Completion of this degree concentration prepares the student to act more ethically and responsibly as an individual in their organization and in society, as well as to help those groups develop more ethical cultures.

**Degree Requirements:** 30 credit hours including the required applied project course (AEP 593).

Graduate course work is distributed as follows:

- required core courses (6)
- required concentration course (3)
- elective concentration courses (15)
- required capstone courses (6)

**Admission Requirements:**

All applicants must submit the Graduate Education online application and meet all Graduate Education admission criteria, including those regarding English proficiency, and submit the following:

- GRE, LSAT or MCAT scores
- official transcripts from all postsecondary institutions attended
- statement of interest in applied ethics and career goals
- three letters of recommendation

Applicants must fulfill both the requirements of Graduate Education and the College of Public Service and Community Solutions.

## Assessment of Integrative Health Modalities (certificate), Certificate (PPSWGGRCH)

**Online Degree Search Title:** Assessment of Integrative Health Modalities (Grad Certificate)

**Campus:** Downtown Phoenix

### Program Description:

The School of Social Work graduate certificate in assessment of integrative health modalities will focus on integrative health, the current term used by practitioners in the field who feel strongly that treating the whole person --- body, mind and spirit --- is the route to the highest quality of health.

The purpose of the certificate is to enhance students' knowledge of integrative health practices. It will provide students with extensive knowledge of integrative health practices through directed readings in evidence-based journal articles, expert lectures from community health professionals and ASU faculty drawn from across disciplines, field observation, an individual research paper and a mindfulness in-class practice and class interaction that can enhance the quality and effectiveness of treating clients holistically.

**Degree Requirements:** 15 credit hours.

The certificate will require the completion of credits hours distributed among three required courses, including two approved interdisciplinary electives:

SWG 655 Quality of Life (3)

SWG 656 Treating the Whole Person (3)

SWG 657 Ancient Healing Traditions (3)

In addition, after the completion of three approved courses and prior to completing the last course of the program, students are required to complete a research project highlighting their certificate experience.

### Admission Requirements:

Students interested in applying to this program must submit the online Graduate Education application, official transcripts (if not on file with ASU), and the Graduate Education application fee. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

In addition, applicants are required to submit to the School of Social Work:

- a resume
- a one- to two-page statement
- the School of Social Work application to the assessment of integrative health modalities certificate program

No more than two certificate courses may be completed before applying for admission to the certificate program.

This certificate is open to professionals in social work, nursing or related health and human service professions from the community as well as to students currently admitted to a health and human services degree program at the master's or doctoral level. A minimum of a bachelor's in health or human services or related field is required for entry into the certificate program.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Community Resources and Development, MS (PPRECDTMS)

**Online Degree Search Title:** Community Resources and Development (MS)

**Campus:** Downtown Phoenix

### Program Description:

The MS in community resources and development is offered by the School of Community Resources and Development. The master's program prepares students to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities.

Students choose between two academic options: the thesis or the professional option.

**Degree Requirements:** 30 credit hours and a thesis, or 36 credit hours and a master's research paper.

Completion of the master's in community resources and development requires two years of study, on the average. Students may select a thesis or professional option. The thesis option is a research-oriented degree and is recommended for students planning to continue graduate studies beyond the master's degree. The professional option is intended for students seeking additional knowledge and expertise relevant to professional career development. Advising and direction in both options are under the direct supervision of an assigned faculty member.

Program Requirements: Thesis Option

The thesis option consists of a minimum of 30 credit hours, including six credit hours of thesis, which must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom resides in another department.

CRD 500 Research Methods (3)  
CRD 502 Statistical and Data Analysis (3)  
CRD 552 Critical Issues in Recreation and Tourism (3)  
CRD 555 Theoretical Perspectives in Community Development (3)  
advanced inquiry (3)  
electives (9)  
CRD 599 Thesis (6)

Program Requirements: Professional Option

The professional option consists of 36 credit hours, including six credit hours of practicum. A signed affiliation agreement is required to be on file with the graduate coordinator before registration. The purpose of the 300-hour practicum is to provide graduate students with in-depth, agency-based professional experiences. The student committee consists of two school faculty members and one community or agency professional. At the end of the practicum, the student is required to submit a written description and analysis of the project and to present the results to the committee.

CRD 500 Research Methods (3)  
CRD 502 Statistical and Data Analysis (3)  
CRD 530 Recreation and Tourism Service Management (3)  
CRD 552 Critical Issues in Recreation and Tourism (3)  
CRD 555 Theoretical Perspectives in Community Development (3)  
CRD 580 Practicum (6)  
electives (15)

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Nonprofit Leadership and Management, BS
- Parks and Recreation Management, BS
- Parks and Recreation Management (Therapeutic Recreation), BS
- Tourism Development and Management, BS
- Tourism Development and Management (Resort and Hotel Leadership), BS
- Tourism Development and Management (Sustainable Tourism), BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### **Admission Requirements:**

Students applying to the master's program must have achieved a GPA of 3.00 or the equivalent in the last two years of work leading to the bachelor's degree. Please see the program website for application deadlines.

Applicants should submit the following items to Graduate Education:

- all undergraduate transcripts
- an online Graduate Education application
- application fee
- statement of professional and academic goals
- GRE scores
- three letters of recommendation
- current resume
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Only complete application files are reviewed or considered for admission. Students without undergraduate academic work in related disciplines are required to take six credit hours of deficiency course work in addition to the master's requirements. Deficiency course work may be taken in conjunction with master's classes.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Community Resources and Development, PHD (PPCRDPHD)

**Online Degree Search Title:** Community Resources and Development (PhD)

**Campus:** Downtown Phoenix

**Program Description:**

The School of Community Resources and Development offers a graduate program leading to the PhD in community resources and development.

The doctoral program in community resources and development is a theoretically grounded, research-intensive degree program designed to prepare graduates for research-oriented careers in higher education, governmental agencies, nonprofit organizations and private-sector businesses. The program is based on the concept of building sustainable and healthy communities as the unifying principle in the established focus areas of:

- community studies
- nonprofit leadership and management
- parks, recreation and leisure
- tourism development and management

The theoretical and methodological approaches embedded in this program serve to integrate scholarship in these areas, in order to gain a more meaningful understanding of and impact on community life and dynamics. The program is interdisciplinary in nature. The core faculty engaged in this program is housed in the School of Community Resources and Development at the Downtown Phoenix campus. In addition, the program builds on current collaborations with faculty with related research interests from many ASU departments, schools and centers.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Up to 30 hours from a previously awarded master's degree can count toward the doctoral requirements.

All students are advised initially by the doctoral program director as a cohort. Students are required to take 24 credit hours of core course work, 15 hours of which are with the cohort during the first year and six hours of which are with the cohort during the second year. Students are assigned an individual advisor or mentor at the end of the first year of study. A supervisory committee is also formed at the end of the first year which reflects the interests of the student and faculty.

Each student develops a plan of study in consultation with the doctoral program coordinator, advisor and supervisory committee. Students complete at least 12 credit hours of elective course work, including courses from contributing disciplines, selected in consultation with their advisor to foster the interdisciplinary nature of the degree program. Students also complete at least six hours of CRD 792 Research and 12 hours of CRD 799 Dissertation. When the majority of course work has been completed and before dissertation research is started, students must complete a written examination followed by an oral examination. These examinations must be completed within five years of admission.

**Admission Requirements:**

Applicants must submit an online Graduate Education application. Applications are reviewed by the admission committee and recommendations for admission are then made by the graduate program director to the vice provost for Graduate Education. Minimum Graduate Education requirements must be met. Additionally, each applicant must provide:

- a current and professional resume
- a statement of academic and professional goals in sufficient detail to indicate compatibility with the educational objectives and capabilities of the doctoral program
- GRE test scores
- Test of English as a Foreign Language (TOEFL) scores\*

- three letters of recommendation\*\*

\*International applicants are also required to submit Test of English as a Foreign Language (TOEFL) scores and a financial guarantee statement. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

\*\*The letters may be a mix of academic and professional references, but each must address the applicant's capacity to successfully complete the doctoral program.

Please see the program website for application deadlines and admission terms.

Students applying to the program are expected to have from an accredited institution a master's which included a master's-level research methods and statistics class or classes. If deficiencies exist in community resource and development-related course work at the master's level, appropriate classes are suggested.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Community Resources and Development (Nonprofits and NGOs), MS (PPCRDNPMS)

**Online Degree Search Title:** Community Resources and Development (Nonprofits and NGOs)

**Campus:** Downtown Phoenix

**Program Description:**

The MS in community resources and development (nonprofits and NGOs concentration) is offered by the School of Community Resources and Development at ASU's Downtown Phoenix campus. This master's is research-oriented. It is designed to prepare graduates for careers in governmental agencies, nonprofit organizations and private-sector businesses by teaching them to analyze and understand critical topics and issues pertinent to the fields of tourism, parks and recreation management, nonprofits and nongovernmental organizations, and sustainable communities.

Students choose between two academic options: thesis or professional.

**Degree Requirements:** 30 credit hours and a thesis, or 36 credit hours including the required capstone course (CRD 580).

Completion of the master's in community resources and development requires two years of study, on the average. Students may select a thesis or professional option. The thesis option is a research-oriented degree and is recommended for students planning to continue graduate studies beyond the master's degree. The professional option is intended for students seeking additional knowledge and expertise relevant to professional career development. Advising and direction in both options are under the direct supervision of an assigned faculty member.

Program Requirements: Thesis Option

The thesis option consists of a minimum of 30 credit hours, including six credit hours of thesis, which must be defended in an oral examination before a supervisory committee of at least three faculty members, one of whom will reside in another department.

CRD 500 Research Methods (3)  
CRD 502 Statistical and Data Analysis (3)  
CRD 552 Critical Issues in Recreation and Tourism (3)  
CRD 555 Theoretical Perspectives in Community Development (3)  
CRD 599 Thesis (6)  
NLM 510 Foundations of Nonprofit Management (3)  
NLM 562 Social Entrepreneurship (3)  
advanced inquiry (3)  
electives (3)

Program Requirements: Professional Option

The professional option consists of 36 credit hours, including six credit hours of practicum. A signed affiliation agreement is required to be on file with the graduate coordinator before registration. The purpose of the 300-hour practicum is to provide graduate students with in-depth, agency-

based professional experiences. The student committee consists of two school faculty members and one community or agency professional. At the end of the practicum, the student is required to submit a written description and analysis of the project and to present the results to the committee.

CRD 500 Research Methods (3)

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with Nonprofit Leadership and Management, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### **Admission Requirements:**

Students applying to the master's program must have achieved a GPA of 3.00 or the equivalent in the last two years of work leading to the bachelor's degree.

Please see the program website for application deadlines. Applicants should submit the following items to Graduate Education:

- an online Graduate Education application
- all undergraduate transcripts
- application fee
- statement of professional and academic goals
- GRE scores
- three letters of recommendation
- current resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Only complete application files are reviewed or considered for admission. Students without undergraduate academic work in related disciplines are required to take six credit hours of deficiency course work in addition to the master's requirements. Deficiency course work may be taken in conjunction with master's classes.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Corrections Management (Certificate), Certificate (PPCMGGRCT)**

**Online Degree Search Title:** Corrections Management (Grad Certificate)

**Campus:** Online

**Program Description:**

The graduate certificate in corrections management will prepare corrections administration professionals and enhance their work by providing course work in criminal justice organizations, corrections and community supervision, institutional management and in cross-disciplines such as public administration. The certificate is designed to give students a solid foundational understanding of correctional administration, leadership and policy analysis.

**Degree Requirements:** 15 credit hours.

Required Courses: 12 credit hours

CRJ 514 Seminar in Corrections (3)  
CRJ 516 Seminar in Criminal Justice Organization & Management (3)  
CRJ 528 Prison and Jail Administration or  
CRJ 529 Community Corrections (3)  
PAF 520 Public Management (3)

Electives: 3 credit hours

CRJ 515 Seminar on Women and Crime (3)  
CRJ 517 Seminar on Juvenile Delinquency and Justice (3)  
CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)  
CRJ 519 Seminar on Victimization (3)  
CRJ 520 Seminar on Violent Crime (3)  
CRJ 521 Seminar on Nature of Crime (3)  
CRJ 522 Seminar on Gangs and Crime (3)  
CRJ 524 Seminar on Punishment & Society (3)  
CRJ 525 Seminar on Life Course Criminology (3)  
CRJ 598 ST: Crime Mapping (3)  
CRJ 598 ST: Criminal Justice Ethics (3)  
CRJ 598 ST: Death Penalty (3)  
CRJ 598 ST: Ecology of Crime (3)  
CRJ 598 ST: Forensics (3)  
CRJ 598 ST: Politics of Criminal Justice Policymaking (3)  
CRJ 598 ST: Sex Offenders and Sex Crimes (3)

Culminating Experience: None Required.

Total required credit hours: 15

**Admission Requirements:**

Please see the program website for application deadlines and admission terms. Potential applicants must meet all Graduate Education admissions requirements and submit all materials online through the graduate application.

Degree: Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply to the program. Students from related fields, such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program in particular. However, all eligible students will be considered. Although the target students would most likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school will accept applicants with undergraduate degrees from all educational backgrounds.

GPA: Regular admission may be granted to applicants who have achieved a GPA of 3.00 or better (on a 4.00 scale) in the last two years of course

work leading to a bachelor's degree.

For nondegree-seeking students (those not admitted to a graduate degree program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and graduate (if applicable) course work
- a written statement of career and educational goals

For graduate-degree-seeking students (those admitted to a graduate program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- a written statement of career and educational goals

Required Admission Examinations: None required.

Applicants must fulfill the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Criminal Justice, MA (PPCRIMJMA)

**Online Degree Search Title:** Criminal Justice (MA)

**Campus:** Online

**Program Description:**

The MA in criminal justice is designed to provide criminal justice agency professionals with course work in criminology and the operation of the criminal justice system, and training in research methods and statistics. The degree program also provides students with advanced training in program planning and management, policy analysis and program evaluation.

**Degree Requirements:** 33 credit hours including the required capstone course (CRJ 505).

The program includes 12 credit hours of required core courses, 18 credit hours of electives and a three-credit-hour capstone project. Students can develop specializations in areas such as policing, corrections and management by combining required and elective course work.

**Core Courses:**

CRJ 501 Seminar in Criminal Justice (3)

CRJ 502 Seminar in Criminology (3)

CRJ 510 Criminal Justice Planning and Program Evaluation (3)

CRJ 511 Applied Data Analysis in Criminal Justice (3)

**Electives (18)**

Students select a minimum of 18 hours of 500-level elective course work:

CRJ 512 Seminar on Policing (3)

CRJ 513 Seminar on Courts and Sentencing (3)

CRJ 514 Seminar in Corrections (3)

CRJ 515 Seminar on Women and Crime (3)

CRJ 516 Seminar in Criminal Justice Organization and Management (3)

CRJ 517 Seminar on Juvenile Delinquency and Juvenile Justice (3)

CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)

CRJ 519 Seminar on Victimization (3)

CRJ 520 Seminar on Violent Crime and Criminal Behavior (3)

CRJ 521 Seminar on the Nature of Crime (3)

CRJ 522 Seminar on Gangs and Crime (3)

CRJ 524 Seminar on Punishment and Society (3)  
CRJ 525 Seminar on Life-Course Criminology (3)  
CRJ 584 Internship (3)  
CRJ 598 Special Topics on Crime and Criminal Justice (3)

Capstone Course:

CRJ 505 Theory and Practice in Criminal Justice (3)

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Criminal Justice and Criminology, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Students must submit an online Graduate Education application for admission, an official transcript from every university or institution attended and the application fee to Graduate Education.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Please see the Graduate Education admission website for specific application deadlines.

In addition to the application material required by Graduate Education, applicants must submit:

- two letters of recommendation
- a personal statement that addresses the applicant's prior education and professional experience, discusses the applicant's career goals and explains how the degree will help the applicant achieve those goals
- a resume

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## **Criminal Sentencing and Sentencing Advocacy (Certificate), Certificate (PPCSAGRCT)**

**Online Degree Search Title:** Criminal Sentencing and Sentencing Advocacy (Graduate Certificate)

**Campus:** Online

**Program Description:**

Social workers and other criminal justice professionals perform a number of roles in the disposition and sentencing of various offenders and in the provision of services to victims. The certificate provides social workers with the kinds of knowledge and skills required to practice as mitigation specialists. This is a burgeoning area of practice in the field of social work. It also provides criminal justice majors with exposure to classes on topics dealing with treatment alternatives and mental health concerns that are not currently available to students in many traditional criminal justice programs.

**Degree Requirements:** 15 credit hours.

Required Courses: (9 credit hours)

CRJ 513 Seminar in courts and sentencing (3)

SWG 528 Presentence Investigations (3)

SWG 529 Alternatives to Penal Sanctions (3)

Electives: (6 credit hours, choose two)

CRJ 524 Seminar on punishment and society (3)  
CRJ 519 Seminar on victimization (3)  
SWG 526 Seminar on mental health for sentencing professionals (3)  
SWG 527 Seminar on mitigation in death and life cases (3)  
CRJ 518 Seminar on Race/ethnicity and crime issues (3)  
CRJ 598 Seminar in Death Penalty (3)

Total required credit hours: 15

**Admission Requirements:**

Degree: bachelor degree in social work, criminal justice or related field; or individuals who are currently in the master of criminal justice program; or individuals who have an advanced degree in social work, criminology or criminal justice

GPA: minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program; minimum of 3.00 cumulative GPA (scale is 4.00=A) in the applicable master's degree

English Proficiency Requirement for International Applicants: An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: None required

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. ## Criminology and Criminal Justice, MS (PPCRJMS)

**Online Degree Search Title:** Criminology and Criminal Justice (MS)

**Campus:** Downtown Phoenix

**Program Description:**

The MS in criminology and criminal justice is a research degree designed to provide students with a high level of theoretical and empirical knowledge about crime and criminal justice. The program also is designed to provide students with the advanced research skills needed for careers as criminal justice researchers and continued study in doctoral programs in criminology or criminal justice. The degree consists of 24 credit hours of course work and a six-hour thesis.

**Degree Requirements:** 30 credit hours and a thesis.

Required hours for this program includes 24 credit hours of course work and six credit hours of thesis. There are five required courses. Each student will write a thesis that reflects original research and scholarship, makes a contribution to knowledge in the field, and demonstrates the ability to design and carry out an independent research project.

**Core Courses:**

CRJ 501 Seminar in Criminal Justice (3)  
CRJ 502 Seminar in Criminology (3)  
CRJ 503 Research Methods for Criminal Justice (3)  
CRJ 504 Statistical Tools for Criminal Justice (3)  
CRJ 604 Advanced Statistical Analysis (3)

Electives:

Choose three, in consultation with the supervisory committee, for a minimum of nine hours of elective course work. Students may take either 500-level or, with the permission of the instructor, 600-level courses.

CRJ 510 Criminal Justice Planning and Program Evaluation (3)

CRJ 511 Applied Data Analysis in Criminal Justice (3)

CRJ 512 Seminar on Policing (3)

CRJ 513 Seminar on Courts and Sentencing (3)

CRJ 514 Seminar in Corrections (3)

CRJ 515 Seminar on Women and Crime (3)

CRJ 516 Seminar in Criminal Justice Organization and Management (3)

CRJ 517 Seminar on Juvenile Delinquency and Juvenile Justice (3)

CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)

CRJ 519 Seminar on Victimization (3)

CRJ 520 Seminar on Violent Crime and Criminal Behavior (3)

CRJ 521 Seminar on the Nature of Crime (3)

CRJ 522 Seminar on Gangs and Crime (3)

CRJ 524 Seminar on Punishment and Society (3)

CRJ 525 Seminar on Life-Course Criminology (3)

CRJ 584 Internship (3)

CRJ 590 Reading and Conference (3)\*

CRJ 592 Research (3)

CRJ 598 Special Topics on Crime and Criminal Justice (3)

CRJ 601 Seminar on Criminological Theory (3)

CRJ 602 Seminar on Criminal Justice Policies and Practices (3)

CRJ 603 Advanced Research Design (3)

CRJ 605 Special Topics in Quantitative Methods (3)

CRJ 606 Advanced Topics in Theoretical Criminology (3)

CRJ 607 Advanced Topics in Policing (3)

CRJ 608 Advanced Topics in Courts and Sentencing (3)

CRJ 609 Advanced Topics in Corrections (3)

CRJ 610 Advanced Topics in Juvenile Justice (3)

CRJ 611 Advanced Topics in Crime and Victimization (3)

CRJ 612 Advanced Topics in Race, Gender, Class, and Justice (3)

CRJ 613 Qualitative Methods (3)

\*A maximum of three hours of CRJ 590 may be included on the program of study.

Thesis (6)

**Concurrent Degrees:**

This degree is also offered as concurrent degree with:

Public Administration (MPA) - Downtown Phoenix

Public Policy (MPP)

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Criminal Justice and Criminology, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Students must submit an online Graduate Education application for admission, an official transcript from every university or institution attended, GRE scores and the application fee to Graduate Education.

Please see the program website for application deadlines.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

In addition to the application material required by Graduate Education, applicants must submit two letters of recommendation and a personal statement that addresses the applicant's prior education and professional experience, discusses the applicant's career goals and explains how the degree will help the applicant achieve these goals.

Personal statement and letters of recommendation should be submitted online.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Criminology and Criminal Justice, PHD (PPCRJPHD)

**Online Degree Search Title:** Criminology and Criminal Justice (PhD)

**Campus:** Downtown Phoenix

### Program Description:

The School of Criminology and Criminal Justice at Arizona State University offers a program of course work and research leading to the PhD in criminology and criminal justice. This program emphasizes criminal justice theory, research and policy. The program is designed to produce highly skilled criminology and criminal justice faculty and agency researchers and administrators.

The doctoral program is organized around five components:

- a comprehensive examination
- a core of required courses in theory and research on crime and the criminal justice system
- a core of required courses on research methods and analytical techniques
- a dissertation
- elective courses in criminology, criminal justice and related fields

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program in criminology and criminal justice includes a minimum of 72 credit hours of course work and 12 credit hours (and only 12) of dissertation. A maximum of 30 credit hours of course work from a previously awarded master's or JD may, with the approval of the supervisory committee, be applied toward the doctoral plan of study.

Each student is required to complete course work in two core areas. This includes six credit hours of course work in theory and research on crime and the criminal justice system and nine credit hours of course work on research methods and analytical techniques. Elective courses comprise the remainder of the course work required for the doctorate. All students must demonstrate proficiency in research design and quantitative and qualitative methods.

Credit hours for course work from master's or JD (30)

Core courses:

CRJ 601 Seminar on Criminological Theory (3)  
CRJ 602 Seminar on Criminal Justice Policies and Practices (3)  
CRJ 603 Advanced Research Design (3)  
CRJ 604 Advanced Statistical Analysis (3)  
CRJ 605 Special Problems in Quantitative Methods (3)

Electives: Choose a minimum of nine courses in consultation with the supervisory committee (27)

Dissertation (12)

### Admission Requirements:

Students must submit an online Graduate Education application for admission, an official transcript from every university or institution from which they were awarded a degree, GRE scores, and the application fee to Graduate Education.

Please see the program website for application deadlines and admission terms.

In addition to these basic requirements established by Graduate Education, the School of Criminology and Criminal Justice requires the following:

- An applicant must hold a master's degree from an accredited institution. The master's may be a degree in criminal justice, criminology or another field (e.g., sociology, political science, history, social work, public administration, psychology or philosophy).
- An applicant must submit two letters of reference from faculty members or others qualified to evaluate the applicant's academic potential for doctoral study.
- An applicant must submit their resume.
- An applicant must submit a personal statement, not exceeding five pages, that describes the applicant's prior education, relevant professional

experience, and career goals. The statement must explain how the doctorate in criminology and criminal justice will help the applicant attain the his or her career goals. The statement should explicitly explain how the student's plans are consistent with the role and mission of the School of Criminology and Criminal Justice at ASU.

- International students seeking admission to the program must meet ASU graduate faculty requirements governing the admission of international students, which can be found at (<http://graduate.asu.edu/international>)<https://students.asu.edu/graduate/international> (<https://students.asu.edu/graduate/international>).

- A sample of the applicant's written work should be submitted electronically. The writing sample may be an article (published or unpublished), a research paper, or any other extended sample of expository skill, and the sample must be no longer than 35 pages in length. Longer writing samples should not be submitted without first consulting the graduate director. Documents should not be password protected. Acceptable file types are .rtf, .pdf, and .doc.

Personal statement and letters of recommendation should be submitted online.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Service and Community Solutions.

## Emergency Management (Certificate), Certificate (PPEMEGRCT)

**Online Degree Search Title:** Emergency Management (Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

The graduate certificate in emergency management provides motivated students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management. More specifically, an all hazards and all-threats orientation provides the student with a generalist perspective which is critically important for today's and tomorrow's disaster managers. The certificate program may be of interest to students in disciplines such as public policy, planning, political science, nonprofit management, social work, criminology and other related fields.

**Degree Requirements:** 15 credit hours.

Required Courses: (9 credit hours)

PAF 520 Public Management (3)

PAF 552 Integrated Emergency Management (3)

PAF 555 Information Technology in Emergency Management (3)

Electives: (6 credit hours)

PAF 525 Public Entrepreneurship (3)

PAF 531 Community Conflict Resolution (3)

PAF 534 Urban Infrastructure (3)

PAF 541 Program Evaluation (3)

PAF 562 Intergovernmental Relations (3)

PAF 571 Geographic Information Systems (GIS) and Analysis (3)

PAF 584 Internship (3)

PAF 591 Topic: Introduction to Policy Informatics (3)

PAF 591 Topic: E-Public Administration (3) Other electives may be substituted with approval by the School of Public Affairs

Total required credit hours: 15

**Admission Requirements:**

Please see the program website for application deadlines. Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply to the program. Target students will most likely come from related fields including political science, planning, urban and metropolitan studies, sociology, as well as other social science degrees. Although target students would most likely come from the aforementioned degree fields, the school may accept applicants from all educational backgrounds provided they meet the minimum requirements. Current ASU graduate students are eligible for the certificate as a supplement to their existing degree program. In addition, students not enrolled in a graduate

program at ASU are also eligible to apply as nondegree students provided they meet the admission criteria stated above. However, MPA students in the proposed emergency management concentration would not be eligible for admission. Admission may be granted to applicants who have achieved a GPA of 3.00 or better (on a 4.00 scale) in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

For nondegree-seeking students (those not admitted to a graduate degree at ASU):

Applicants will be required to submit an official ASU graduate application, official transcripts of undergraduate and graduate (if applicable) course work, and a statement of career and educational goals.

For graduate degree-seeking students (those admitted to a graduate program at ASU):

Applicants will be required to submit an official ASU graduate application and a statement of career and educational goals.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Emergency Management and Homeland Security, MA (PPEMHSMA)

**Online Degree Search Title:** Emergency Management and Homeland Security (MA)

**Campus:** Downtown Phoenix, Online

**Program Description:**

This degree program provides students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management and homeland security. Concepts of public policy and management, science, technology and criminal justice are blended together to enhance and foster critical thinking within the general field of study. Based upon integrative science, this degree transcends the confining boundaries of traditional programs and emphasizes the systems approach. More specifically, an all hazards and all-threats orientation provides the student with a generalist perspective which is critically important for today's and tomorrow's disaster managers.

**Degree Requirements:** 30 credit hours including an applied project course (CRJ 593 or PAF 593).

Required Core Courses: (21 credit hours)

PAF 520 OR PAF 503 Public Management or Public Affairs (3)

PAF 552 Integrated Emergency Management (3)

PAF 554 Homeland Security (3)

PAF 555 Information Technology in Emergency Management (3)

PAF 560 Community Resilience and Recovery (3)

PAF 561 Interoperability for Emergency Managers (3)

SWG 579 Critical Incident Stress Management (3)

Elective or Research Courses: (6 credit hours)

Required Research Course:

CRJ 511 Applied Data Analysis in Criminal Justice (3)

Electives (choose one):

CRJ 412 International Terrorism (3)

CRJ 419 Domestic Terrorism (3)

CRJ 512 Seminar on Policing (3)

CRJ 514 Seminar on Corrections (3)

CRJ 516 Seminar in Criminal Justice Organization and Management (3)

CRJ 520 Seminar on Violent Crime (3)

CRJ 521 Seminar on the Nature of Crime (3)

CRJ 522 Seminar on Gangs and Crime (3)

CRJ 598 Police and International Terrorism (Israel study abroad program) (3)

NLM 545 Volunteer Resource Management (3)

PAF 506 Public Budgeting and Finance (3)

PAF 507 Public Human Resource Management (3)  
PAF 553 Terrorism and Weapons of Mass Destruction (3)

Culminating Experience: 3 credit hours  
CRJ 593 Applied Project (3) OR  
PAF 593 Applied Project (3)

Total required credit hours: 30

**Admission Requirements:**

Degree: Minimum of a bachelor's degree in criminology, public administration, psychology, sociology, applied sciences or other related field.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program.

English Proficiency Requirement for International Applicants: Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Foreign Language Exam: Not required

Required Admission Examinations: None

Letters of Recommendation: Two

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Latino Cultural Competency in Social Work (certificate), Certificate (PPSWGGRCL)

**Online Degree Search Title:** Latino Cultural Competency in Social Work (Grad Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

In response to the need, ASU offers a graduate certificate in Latino cultural competency through the College of Public Service and Community Solutions, School of Social Work. The School of Social Work offers Latino-oriented courses with an emphasis on Spanish language development for professional social workers.

The goal of the program is to enhance a social worker professional's capacity for engaging in culturally grounded practice with Latino clients and their families.

The program is intended for professionals who want to:

- expand their employment potential by adding an expertise in professional services with Latinos
- learn the critical cross-cultural factors that influence a worker's competency in forming professional helping relationships with Latinos
- learn the social and cultural context and theoretical principles of social work practice with Latinos
- learn the social service delivery issues involved in providing services for bilingual and limited- or non-English-speaking Latino populations

**Degree Requirements:** 15 credit hours.

The following is required for students enrolled in the Master of Social Work program:

- completion of 480 hours of field practicum with Latino clients and communities (60 percent of case load to be Spanish-speaking)

- field practice consisting of six credit hours of field practicum
- six credit hours of Latino-oriented course work\*
- SWG 533 Diversity and Oppression in a Social Work Context (3)

\*At least three hours are required to be taken from within the School of Social Work.

Requirements for those already working in the field of social work as a community professional social worker and community worker:

- six credit hours of independent study field practice consisting of the completion of 480 hours with Latino clients and communities (60 percent of client caseload to be Spanish-speaking)\*
- six credit hours of Latino-oriented course work\*\*
- SWG 533 Diversity and Oppression in a Social Work Context (3)\*\*\*

\*Students may petition to use their place of employment.

\*\*At least three hours are required to be taken from within the School of Social Work.

\*\*\*Students with an MSW or BSW who have completed this course in the past five years may substitute another Latino-oriented course.

#### **Admission Requirements:**

All students interested in applying to this program must submit:

- the online Graduate Education application
- transcripts (if not on file with ASU)
- the Graduate Education application fee
- proof of English proficiency\*
- the School of Social Work the Latino Cultural Competency Application form and the required \$50 application fee

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

No more than two certificate courses may be completed before applying for admission to the certificate program.

Social Work graduate student admission requirements:

- graduate status in the College of Public Service and Community Solutions' School of Social Work
- demonstrated proficiency in Spanish language

Community professional social worker admission requirements:

- possess an MSW, BSW or related master's degree
- demonstrate proficiency in Spanish language

Community worker admission requirements:

- the equivalency of a two-year work experience in the social service field
- an undergraduate degree
- demonstrated proficiency in Spanish language

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## **Law Enforcement Administration (Certificate), Certificate (PPLEAGRCT)**

**Online Degree Search Title:** Law Enforcement Administration (Grad Certificate)

**Campus:** Online

#### **Program Description:**

The graduate certificate in law enforcement administration will prepare and enhance the work of law enforcement professionals by providing course work in criminal justice organizations, policing and program analysis and in cross-disciplines such as public administration. The certificate is designed to give students a solid foundational understanding of law enforcement agency administration, leadership and policy analysis.

**Degree Requirements:** 15 credit hours.

Required Courses: (12 credit hours)

CRJ 512 Seminar in Policing (3)

CRJ 516 Seminar in Criminal Justice Organization and Management (3)

CRJ 527 Police Accountability (3)

PAF 520 Public Management (3)

Electives: (3 credit hours)

CRJ 515 Seminar on Women and Crime (3)

CRJ 517 Seminar on Juvenile Delinquency and Justice (3)

CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)

CRJ 519 Seminar on Victimization (3)

CRJ 520 Seminar on Violent Crime (3)

CRJ 521 Seminar on Nature of Crime (3)

CRJ 522 Seminar on Gangs and Crime (3)

CRJ 524 Seminar on Punishment and Society (3)

CRJ 525 Seminar on Life Course Criminology (3)

CRJ 598 ST: Crime Mapping (3)

CRJ 598 ST: Criminal Justice Ethics (3)

CRJ 598 ST: Death Penalty (3)

CRJ 598 ST: Ecology of Crime (3)

CRJ 598 ST: Forensics (3)

CRJ 598 ST: Politics of Criminal Justice Policymaking (3)

CRJ 598 ST: Sex Offenders and Sex Crimes (3)

Culminating Experience: None Required.

Total required credit hours: 15

**Admission Requirements:**

Applicants to the certificate program will be accepted year-round. Students may be granted admission for fall, spring and summer semesters.

Potential applicants must meet all Graduate Education admission requirements and submit all materials online through the graduate application.

Degree: Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply to the program. Students from related fields, such as public policy, political science, psychology, sociology, as well as other social science degrees, might be interested in this program in particular. However, all eligible students will be considered. Although the target students would most likely come from the aforementioned degree fields, there is no specific undergraduate degree major required for admission; the school will accept applicants with undergraduate degrees from all educational backgrounds.

GPA: Regular admission may be granted to applicants who have achieved a GPA of 3.00 or better (on a 4.00 scale) in the last two years of course work leading to a bachelor's degree.

Admission requirements:

For nondegree-seeking students (those not admitted to a graduate degree program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and graduate (if applicable) course work
- a written statement of career and educational goals

For graduate degree-seeking students (those admitted to a graduate program at ASU): Applicants will be required to submit:

- an official ASU graduate online application
- a written statement of career and educational goals

Required Admission Examinations: None required

Applicants should fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Nonprofit Leadership and Management, MNLM (PPNPSMNS)

**Online Degree Search Title:** Nonprofit Leadership and Management (MNLM)

**Campus:** Downtown Phoenix

**Program Description:**

Offered through the School of Community Resources and Development, the MNLM program is intended for professionals who work in or desire to work in the nonprofit sector at senior leadership and management levels. The program provides an opportunity to obtain an advanced degree that addresses the unique challenges and opportunities of nonprofit, nongovernmental organizations with attention on those who lead, manage and support nonprofits. Students explore research, theory and innovative nonprofit practice that advances individual and societal goals for social, cultural, environmental, educational and economic development. The program considers the nexus among nonprofit management, social enterprise and entrepreneurship, and philanthropy that are evinced through nonprofit organizational forms.

**Degree Requirements:** 33 credit hours including the required capstone course (NLM 620).

Students are required to take 18 credit hours of core course work, in which three hours are a capstone course that is completed at the end of the program of study. The capstone course is integrative and case-based, allowing students to synthesize material from prior course work. Successful completion of this course is required in place of a thesis or applied project.

Students complete 15 credit hours of related elective course work. Courses are selected from two contributing disciplines (public affairs and social work) to foster the interdisciplinary nature of the degree. Students may include two three-credit-hour courses not listed below as approved electives in their program of study as long as students can establish an intellectual and professional development objective that substantiates the course selection.

NLM 510 The Nonprofit Sector (3)

NLM 520 Financial Management in Nonprofit (3)

NLM 530 Program Evaluation and Information Management (3)

NLM 550 Philanthropy: Theory and Practice (3)

NLM 620 Capstone: Critical Issues in Nonprofit Management (3)

Choose one:

NLM 540 Strategic Human Resources Management (3)

NLM 545 Volunteer Resource Management (3)

Electives (15)

**Admission Requirements:**

Potential applicants who hold a bachelor's degree from a regionally accredited institution are eligible to apply. Please see the program website for application deadlines. Students must submit the following to apply for the MNLM:

- a completed online application through ASU Graduate Education
- a curriculum vitae or resume
- statement of educational and career goals in sufficient detail to indicate compatibility with the educational objectives and capabilities of the school
- three reference letters
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants whose junior and senior GPA is 3.00 or higher are eligible to apply for admission to the program. Certificate students who are interested in applying for the master's program must apply to the degree program before the completion of nine credit hours in their certificate program.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)

**Online Degree Search Title:** Nonprofit Leadership and Management (Grad Certificate)

**Campus:** Downtown Phoenix

### Program Description:

The graduate certificate in nonprofit leadership and management, offered through the College of Public Service and Community Solutions, is a program that provides students with an understanding of the nonprofit sector's role in society and with knowledge applicable to those who wish to lead and manage these organizations. The objective of this program is to provide students from diverse academic backgrounds with exposure to content needed by leaders in the nonprofit sector, including the understanding of the historical and philosophical context for nonprofit organizations in society, the theory and practice of philanthropy, financial management practices and other topical content areas. The certificate is ideal when combined with graduate degrees in other areas and when used to provide a core concentration in nonprofit leadership and management.

**Degree Requirements:** 15 credit hours.

Required courses: (9)

NLM 510 The Nonprofit Sector (3)

NLM 520 Financial and Resource Management (3)

choose one:

NLM 540 Strategic Human Resources Management (3)

NLM 545 Volunteer Resource Management (3)

Elective courses (6)

### Admission Requirements:

All applicants must submit the Graduate Education online application. Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The program is available to students who are pursuing their graduate degree in a chosen field of study and who have expressed interest in pursuing careers in the nonprofit sector. In addition, the program is well suited for working professionals who may be pursuing a graduate degree but who wish to strengthen their skills and connections to the nonprofit community.

For more information, see the College of Public Service and Community Solutions website.

Applicants must fulfill both the requirements of Graduation Education and those of the College of Public Service and Community Solutions.

For U.S. Department of Education Gainful Employment Program Disclosure information, see

## Participatory Governance (certificate), Certificate (PPPGOGRCT)

**Online Degree Search Title:** Participatory Governance (certificate)

**Campus:** Downtown Phoenix, Tempe

### Program Description:

This certificate provides students with the knowledge and skills to develop, implement and evaluate participatory governance programs and public engagement activities. This interdisciplinary program combines academic rigor with practical skills. Students examine the main theories and

research findings on participatory governance and public engagement and familiarize themselves with past and current democratic innovations in the U.S. and around the world. Students also develop the capacity to design, carry out and examine processes of participatory governance and public engagement. The certificate, administered by the School of Public Affairs, can be pursued as a specialization within an existing ASU graduate program or as a stand-alone, 15-credit-hour program.

**Degree Requirements:** 15 credit hours.

Fifteen credit hours are required for the certificate: three required courses and two electives chosen from a list of preapproved courses. The electives taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the electives to ensure that they focus on a common theme, and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a B-minus in courses taken to complete the certificate program.

**Admission Requirements:**

Please see the program website for application deadlines.

Applicants must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants will be required to submit:

- an official ASU graduate online application
- official transcripts of undergraduate and, if applicable, graduate course work
- a statement of career and educational goals

All materials are submitted online through the Graduate Education application.

Applicants must fulfill the requirements of both Graduate Education and those of the College of Public Service and Community Solutions.

## Policy Informatics (Certificate), Certificate (PPPOIGRCT)

**Online Degree Search Title:** Policy Informatics Certificate

**Campus:** Downtown Phoenix

**Program Description:**

Policy informatics provides knowledge and skills for students seeking careers that will use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions as well as explore new governance infrastructures. The policy informatics certificate emphasizes theories and research concerning decision-making, complexity theory, and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

This certificate helps us advance evidence-driven policy design, wherein scientific models and analyses drive decision-making for resolution of complex policy challenges, dilemmas and problems. Policy informatics is both an emerging field of research and a community of practice focusing on advancing decision-making in the public sector through information-centric analysis of evidence that leverages computational and technological advances; and designing, managing and evaluating information systems and infrastructures for policy construction, analysis and implementation.

Policy informatics advances the multidisciplinary nature of the public administration discipline by infusing it with the advances of information technology, management of information systems, and computational and informational science perspectives.

**Degree Requirements:** 15 credit hours.

Fifteen credit hours are required for the certificate: four required courses and one elective chosen from a list of preapproved courses. The elective taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the elective to ensure a focus on a

common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a B-minus in courses taken to complete the certificate program.

**Admission Requirements:**

Please see the program website for application deadlines.

Applicants must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants will be required to submit:

- an official ASU Graduate Education online application
- official transcripts of undergraduate and, if applicable, graduate course work
- a statement of career and educational goals

All materials are submitted online through the Graduate Education application.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Program Evaluation, MS (PPPGEMS)

**Online Degree Search Title:** Program Evaluation

**Campus:** Downtown Phoenix

**Program Description:**

The MS in program evaluation provides students with a solid grounding in the applied and conceptual tools of conducting program evaluations. It is designed to provide graduate-level instruction and experience in conducting evaluation research with training in a broad spectrum of evaluation research methods. Upon graduation, students will be specialists in this area of research and their training will have broad applicability for public, nonprofit and private sector programs and policies.

**Degree Requirements:** 30 credit hours including the required applied project course (CRD 593 or CRJ 593 or PAF 593).

Required Core Courses: 6 credit hours

Electives: 18 credit hours

Culminating Experience: 6 credit hours

CRD/CRJ/PAF 593 - Applied Project

Total required credit hours: 30

**Admission Requirements:**

Degree: Minimum of a bachelor's or master's degree in criminology and criminal justice, social work, public service, nonprofit management, parks and recreation management, tourism management, business, education, family studies, public health, education, psychology, or a related social and applied sciences field from a regionally accredited college or university is required.

GPA: Minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program is required.

Minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree is required.

English Proficiency Requirement for International Applicants: The English proficiency requirements are the same as the Graduate Education  
Academic Catalog Archive 2015-2016

requirement. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Foreign Language Exam: None

Required Admission Examinations: None required

Applicant must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Program Evaluation (Certificate), Certificate (PPGGEVGRCT)

**Online Degree Search Title:** Program Evaluation (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

The graduate certificate in program evaluation will provide students with a solid grounding in the applied and conceptual tools of conducting evaluation research. Professionals in the government, nonprofit and private sectors are increasingly required to demonstrate effectiveness of programs and activities; this certificate program will provide them with the necessary skills to implement evaluations. The program will provide students with a basic grounding in the applied and conceptual tools of conducting program evaluations.

**Degree Requirements:** 18 credit hours including the required applied project course (CRD 593 or CRJ 593 or PAF 593).

Required Courses: 6 credit hours

Courses should be selected from the following lists:

Select one required course from:

NLM 530 Program Evaluation and Information Management (3)  
PAF 541 Program Evaluation (3)  
CRJ 534 Program Evaluation in Criminal Justice (3)

Select one required course from:

CRD 502 Statistics and Data Analysis (3)  
CRD 504 Statistical Tools for Criminology and Criminal Justice (3)  
PAF 502 Public Service Research II (3)

Electives: 9 credit hours

Culminating Experience: 3 credit hours

CRD/CRJ/PAF 593 Applied Project

Total required credit hours: 18

**Admission Requirements:**

Degree: minimum of a bachelor's or master's degree in criminology and criminal justice, social work, public service, nonprofit management, parks and recreation management, tourism management, business, education, family studies, public health, education, psychology, or a related social and applied sciences field from a regionally accredited college or university

GPA: minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program; minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree.

English Proficiency Requirement for International Applicants: An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: None required.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration, MPA (PPADTMPA)

**Online Degree Search Title:** Public Administration (MPA) - Downtown Phoenix

**Campus:** Downtown Phoenix

**Program Description:**

The MPA is an interdisciplinary, professional degree program designed to prepare students for public service, public management and policy analysis at the local, state and national levels of government. The master's in public administration program is accredited by the National Association of Schools of Public Affairs and Administration.

Students may also elect to specialize in one of three of the approved MPA concentrations: urban management, nonprofit administration or emergency management.

The urban management concentration provides knowledge and skills for students seeking careers in local urban government management, and enables students to develop the skills and techniques used by city and urban leaders and managers.

The concentration in nonprofit administration is intended for professionals who work in or desire to work in the nonprofit sector and who wish to explore research, theory and the practice of management and leadership in the nonprofit sector.

The concentration in emergency management prepares graduates for a challenging career as a professional emergency manager. This program allows students to focus on concerns related to emergency management within the larger field of public administration.

In addition, the school offers concurrent programs in planning, sustainability, criminology and criminal justice, and social work. For admission and program requirements, please see <http://spa.asu.edu/programs/masters/concurrent> (<http://spa.asu.edu/programs/masters/concurrent>).

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509 or PAF 579).

The MPA program consists of 42 hours of graduate credit. Students take 27 of these hours in nine core classes in the School of Public Affairs. Students take 15 additional hours of approved elective courses which may include courses offered by the school or other academic units in the university.

**Concurrent Degrees:**

This degree is also offered as concurrent degree with:

- American Indian Studies (Tribal Leadership and Governance) MS
- Criminology and Criminal Justice (MS)
- Social Work - Standard Program (MSW)
- Sustainability Solutions (MSUS)
- Urban and Environmental Planning (MUEP)

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Public Service and Public Policy, BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

All applicants must submit the following materials. All materials should be submitted online through the ASU Graduate Education application.

- an official ASU Graduate Education application online: <http://asu.edu/gradappapplication> (<http://asu.edu/gradappapplication>)
- application fee: \$70 domestic \$90 international (note: fees increase after deadline; see <https://students.asu.edu/graduate/apply>) (<https://students.asu.edu/graduate/apply>)
- official transcripts of all undergraduate and graduate work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation, at least two of which should be from faculty members or other academic staff who can evaluate applicant's

academic performance

- a written statement, one- to two-pages in length, that describes the applicant's educational and career goals
- proof of English language proficiency\*

\*An applicant whose native language is not English (regardless of current residency) must submit proof of English proficiency. See additional requirements for international students at <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Applicants may also submit a resume or other documents.

Contact the School of Public Affairs at 602-496-0450 or email [spa@asu.edu](mailto:spa@asu.edu) if there are questions about the application process.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration (Certificate), Certificate (PPUAGRCT)

**Online Degree Search Title:** Public Administration Certificate

**Campus:** Downtown Phoenix

**Program Description:**

The graduate certificate in public administration prepares students for work in government at all levels and nonprofit organizations through comprehensive coverage of topics in public administration, management and policy. Students discover the challenges of management, learn how to lead a public organization, and understand the process of policy development. The certificate is designed to give students a solid foundational understanding of administration, leadership and policy analysis in the service of public goods.

**Degree Requirements:** 15 credit hours.

Fifteen credit hours are required for the certificate: two required courses and three electives chosen from a list of preapproved courses. The electives taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the electives to ensure that they focus on a common theme and to see that the student's experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

**Admission Requirements:**

Please see the program website for application deadlines and admission terms.

Applicants must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants will be required to submit an official ASU graduate online application, official transcripts of undergraduate and (if applicable) graduate course work, and a statement of career and educational goals. All materials are submitted online through the Graduate Education application.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration (Emergency Management), MPA (PPPAFEMPA)

**Online Degree Search Title:** Public Administration (Emergency Management)

**Campus:** Downtown Phoenix

### Program Description:

The graduate concentration in emergency management as part of the Master of Public Administration degree program provides motivated students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management. More specifically, an all-hazards and all-threats orientation provides the student with a generalist perspective which is critically important for today's and tomorrow's disaster managers. In addition, this program examines community resilience from a systems perspective, embracing governments, private, nonprofit and civic roles. The program also provides an understanding of how community members respond to the need to prepare for, endure and recover from disasters; and the ability to utilize multiple communication methods to help community members before, during and after these emergencies.

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509 or PAF 579).

Required Core Courses: 24 credit hours

PAF 501 Public Service Research I (3)

PAF 502 Public Service Research II (3)

PAF 503 Public Affairs (3)

PAF 504 Public Affairs Economics (3)

PAF 505 Public Policy Analysis (3)

PAF 506 Public Budgeting and Finance (3)

PAF 507 Public Human Resource Management (3)

PAF 508 Organization Behavior (3)

Required Concentration Courses: 9 credit hours

PAF 520 Public Management (3)

PAF 552 Integrated Emergency Management (3)

PAF 555 Information Technology in Emergency Management (3)

Elective or Research Courses:\* 6 credit hours

PAF 525 Public Entrepreneurship (3)

PAF 531 Community Conflict Resolution (3)

PAF 534 Urban Infrastructure (3)

PAF 541 Program Evaluation (3)

PAF 560 Community Resilience (3)

PAF 562 Intergovernmental Relations (3)

PAF 571 Geographic Information Systems (GIS) and Analysis (3)

PAF 584 Internship (3)

PAF 591 Topic: Introduction to Policy Informatics (3)

PAF 591 Topic: E-Public Administration (3)

\*Other electives may be substituted with approval by the School of Public Affairs.

Culminating Experience: 3 credit hours

PAF 509 Public Affairs Capstone (3) or PAF 579 Public Policy Capstone (3)

Total required credit hours: 42

### Admission Requirements:

Please see the program website for application deadlines.

Potential applicants who hold a bachelor's degree from a regionally accredited institution in a related field are eligible to apply to the program. Related fields include political science, criminology, planning, business, urban and metropolitan studies, as well as other social science degrees. Although the target students for the graduate concentration would most likely come from the aforementioned degree fields, the department may accept applicants with undergraduate degrees from all educational backgrounds provided they meet the minimum requirements for the degree program.

The following entry-level competencies are needed for admission the program:

- an undergraduate social statistics course such as PAF 301 Applied Statistics (3)

- undergraduate course work in American National Government such as POS 310 American National Government (3)\*

\*Students may also satisfy the American National Government competency by taking the College-Level Examination Program exam in American Government and receiving a passing score.

Regular admission may be granted to applicants who have achieved a GPA of 3.00 (on a 4.00 scale) or higher in the last two years of work leading to a bachelor's degree. GRE verbal, quantitative and analytical scores will be used as one of the indicators to see how competitive an applicant is within the applicant pool.

Applicants will be required to submit:

- an official ASU graduate application
- official GRE scores
- official transcripts of all undergraduate and graduate course work
- a statement of career and educational goals
- three letters of recommendation (two of which should be academic recommendations)

An applicant whose native language is not English (regardless of current residency) must submit proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration (Nonprofit Administration), MPA (PPNONPRMPA)

**Online Degree Search Title:** Public Administration (NonProfit Administration) (MPA)

**Campus:** Downtown Phoenix

**Program Description:**

The MPA is an interdisciplinary, professional degree program designed to prepare students for public service, public management and policy analysis at the local, state and national levels of government. The MPA program is accredited by the National Association of Schools of Public Affairs and Administration.

The concentration in nonprofit administration is intended for professionals who work in or desire to work in the nonprofit sector and who wish to explore research, theory and the practice of management and leadership in the nonprofit sector.

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509 or PAF 579).

The MPA concentration in nonprofit administration program consists of 42 hours of graduate credit. Students take 24 of these hours in eight core classes in the School of Public Affairs, 12 hours in four concentration classes, and six hours in two approved elective courses. Approved elective hours may include courses offered by the school or other academic units in the university.

**Admission Requirements:**

All applicants must submit the following materials. All materials should be submitted online through the ASU Graduate Education application.

- an official online Graduate Education application, <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)
- application fee: \$70 domestic \$90 international (see <https://students.asu.edu/apply> (<https://students.asu.edu/apply>))\*
- official transcripts of all undergraduate and graduate work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation\*\*
- a one- to two-page written statement of applicant's educational and career goals\*\*\*

\*Note: Fees increase after the deadline.

\*\*At least two letters should be faculty or other academic staff who can evaluate applicant's academic performance.

\*\*\*This statement is also used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

An applicant whose native language is not English (regardless of current residency) must also submit proof of English proficiency. See additional requirements for international students at <https://students.asu.edu/graduate/international> (<https://students.asu.edu/graduate/international>).

Contact the School of Public Affairs at 602-496-0450 or email [spa@asu.edu](mailto:spa@asu.edu) if there are questions about the application process.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration (Urbanism), PHD (PPPAURBPHD)

**Online Degree Search Title:** Public Administration and Policy (Urbanism) PHD

**Campus:** Downtown Phoenix

**Program Description:** The PhD in public administration and policy is a theoretically grounded research degree designed to prepare students for an academic career. The degree is also appropriate for individuals who want to conduct high-level research and policy development in public and nonprofit agencies, foundations and research institutes. It is designed for students who seek full-time study.

Our goal is to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research.

The doctoral program in public administration and policy with an urbanism concentration permits students to draw upon the extensive resources in urban affairs at ASU. As a result, our doctoral students are poised for success as productive and active scholars, researchers and teachers upon graduation.

The concentration in urbanism is a mechanism for organizing varied perspectives on urbanism into a collective body of scholarship. The study of public administration is enriched by grounding it in a comprehensive understanding of the characteristics of urban context and the dynamic forces that shape them. The concentration in urbanism leverages the varied interests in urbanism and helps emerging scholars as they attempt to compare, contrast and take stock of urbanism. Working with faculty from across a range of departments and programs at ASU, doctoral students will be able to capture the creative tensions that scholarship on urbanism has inspired in order to stimulate a provocative, constructive kind of inquiry.

**Degree Requirements:** 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program is designed to promote the mastery of the core knowledge of public administration and public policy and to develop more specialized expertise in chosen areas of study and research. Accordingly, in the first year doctoral students take four core courses as a cohort. These courses focus on the foundations of the field, the philosophy of science, and theories and issues in governance, public policy, systems, organizations and human behavior. Additionally, first-year students enroll in at least two elective courses. In the second year, students hone both their quantitative and qualitative research skills, enroll in additional electives, and develop a program of study for their areas of specialization. In the third year, students take an advanced seminar in research and teaching, complete their work in their selected areas of specialization and move forward to a proposal for completing their dissertation.

The program consists of a minimum of 60 credit hours of graduate work beyond the master's degree. Of the 60 credit hours, at least 24 must be research and dissertation credit (of which no more than 12 hours may be dissertation credit). A minimum of 30 credit hours of approved course work, exclusive of dissertation and research, must be taken at ASU after admission to the program. In addition to the core courses above, doctoral students are required to complete course work in two areas of specialization. Specializations are developed in consultation with the student's program of study committee and can focus on a variety of topics related to public administration and public policy. Doctoral students may work with faculty from other departments, if appropriate, to complete their specializations. As an alternative, students may opt for the urbanism concentration.

In addition to the required doctoral core courses, students take a required concentration core course (GCU 516 Principles of Urbanism) and 12 credit hours selected from an approved list of applicable courses related to the four areas below.

- natural environment: includes global, ecological, biological, and other environmental and natural systems and resources
- built form: includes architecture, urban design, urban morphology, urban planning, and transportation and infrastructure
- institutions and governance: includes public policy, politics, and other governmental, economic, legal and political institutions
- culture and society: includes historical, cultural and sociological aspects of urbanism

### Admission Requirements:

All applicants are expected to have completed graduate level statistics and research methods classes before admission. Applicants also are expected to have sufficient formal course work in public administration to pursue doctoral study in the field. Admitted students are required to take PAF 501, PAF 502, PAF 503, PAF 504, PAF 508 (or their equivalents) and statistics prior to beginning the doctoral core courses. Applicants who are not pursuing an MPA should not take these courses until they consult with the doctoral program director.

Applicants are admitted for fall only. Admission is competitive; a limited number of well-qualified applicants will be admitted each year. Please see the program website for application deadlines.

All applicants must submit the following materials:

- a completed checklist (submit online)
- an official online ASU Graduate Education application and application fee
- a written statement of educational and career goals that includes a discussion of research interests (submit online)
- a current resume or curriculum vitae (submit online)
- three letters of recommendation (submit online)\*
- samples of research reports or papers (submit online)
- official transcripts of all undergraduate and graduate course work
- scores on the GRE (verbal, quantitative, analytical) - GRE institution code: 4007\*\*
- proof of English proficiency\*\*\*

\*These should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, their ability to communicate effectively, both orally and in writing, and their commitment to completion of the program.

\*\*Only test scores from within the past five years will be accepted, and analytical scores will be considered in admission decisions.

\*\*\*An applicant whose native language is not English (regardless of current residency) must submit TOEFL scores to be considered for admission (institution code: 4007). This is true even for those who have a master's degree from a United States university. To be considered for admission to the PhD in public administration and policy program, the applicant's minimum score on a traditional TOEFL test must be 600; the minimum score for a TOEFL iBT must be 100. Applicants with scores below the minimum will not be considered. For more on the English proficiency requirement, please see <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Administration and Policy, PHD (PPPUBADPHD)

**Online Degree Search Title:** Public Administration and Policy (PhD)

**Campus:** Downtown Phoenix

**Program Description:**

The PhD in public administration and policy is a theoretically grounded research degree designed to prepare students for an academic career. The degree is also appropriate for individuals who want to conduct high-level research and policy development in public and nonprofit agencies, foundations and research institutes. It is designed for students who seek full-time study.

This degree is designed to develop well-rounded, independent scholars who are grounded in the classic and current literatures of public administration and public policy, skilled in research methods, and ready to make a positive and important contribution to the field through teaching and research. As a result, upon graduation, our doctoral students are poised for success as productive and active scholars, researchers and teachers.

**Degree Requirements:** 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program is designed to promote the mastery of the core knowledge of public administration and public policy and to develop more specialized expertise in chosen areas of study and research. Accordingly, in the first year, doctoral students take four core courses as a cohort. These courses focus on the foundations of the field, the philosophy of science, and theories and issues in governance, public policy, systems, organizations and human behavior. In the second year, students hone both their quantitative and qualitative research skills, enroll in additional electives, and develop a plan of study for their areas of specialization. In the third year, students take an advanced seminar in research and teaching, complete their work in their selected areas of specialization, and move forward to a proposal for completing their dissertation.

The program consists of a minimum of 60 credit hours of graduate work beyond the master's degree. Of the 60 credit hours, at least 24 must be research and dissertation credit (of which no more than 12 hours may be dissertation credit). A minimum of 30 credit hours of approved course work, exclusive of dissertation and research, must be taken at ASU after admission to the program. In addition to the core courses above, doctoral students are required to complete course work in two areas of specialization. Specializations are developed in consultation with the student's plan of study committee and can focus on a variety of topics related to public administration and public policy. Doctoral students may work with faculty

from other departments, if appropriate, to complete their specializations. As an alternative, students may opt for the urbanism concentration.

**Admission Requirements:**

ASU's School of Public Affairs expects doctoral student applicants to have demonstrated competency in the following subject areas at the time of application: organizational theory, public policy analysis, economics and quantitative analysis.

Applicants who have obtained a master's degree from a NASPAA-accredited program in public affairs, public administration or public policy will not be required to complete prerequisites for admission to ASU's School of Public Affairs. In some cases, applicants from allied fields (e.i., political science, economics, sociology, business) will not be required to complete prerequisites, depending upon the extent to which previous training aligns with the competencies described above.

As is the case with all applicants, the doctoral program director or advisors may require or recommend completion of courses when there is a perceived deficit, especially if the deficit relates to graduate-level quantitative analysis and economics (PAF 502 and PAF 504, respectively, or equivalent courses). However, these requirements or recommendations, if any, are not a barrier to admission.

In cases where the doctoral student applicant has graduated from a public affairs, public administration or public policy program from another nation, or from a program not accredited by NASPAA, the applicant may be admitted and required to meet prerequisites after a review by the doctoral committee and doctoral program director.

Students applying with master's degrees from programs not closely related to public affairs (e.g., engineering, modern languages, chemistry) will be required to meet prerequisites equivalent to the courses required for either ASU's Master's of Public Administration or Master's of Public Policy: <http://spa.asu.edu/programs/masters/the-mpa-mpp-degree> (<http://spa.asu.edu/programs/masters/the-mpa-mpp-degree>).

Prior to enrolling in any of the school's core classes, all students are expected to be familiar with the foundational competency readings related to organizational theory, public policy analysis, economics, and quantitative analysis.

Please see the program website for application deadlines and admission terms.

Admission is competitive; a limited number of well-qualified applicants will be admitted each year.

All applicants must submit the following materials:

- a completed checklist (submit online)
- an official ASU Graduate Education application and application fee
- a written statement of educational and career goals that includes a discussion of research interests (submit online)
- a current resume or curriculum vitae (submit online)
- three letters of recommendation\*
- samples of research reports or papers (submit online)
- official transcripts of all undergraduate and graduate course work
- scores on the GRE (verbal, quantitative, analytical) - GRE institution code: 4007\*\*
- proof of English language proficiency\*\*\*

\*These letters of recommendation should be primarily from faculty members. All letters should address the candidate's capacity to successfully complete the doctoral program. They should assess the student's capacity for critical and analytic thought, their ability to communicate effectively, both orally and in writing, and their commitment to completion of the program (submit online).

\*\*Only test scores from within the past five years will be accepted and analytical scores will be considered in admissions decisions.

\*\*\*An applicant whose native language is not English (regardless of current residency) must submit TOEFL scores to be considered for admission; institution code: 4007. This is true even for those who have a master's degree from a U.S. university. To be considered for admission to the doctorate in public administration and policy program, the minimum score on a traditional TOEFL test is 600, the minimum score for a TOEFL iBT is 100. Applicants with scores below the minimum will not be considered. For more on the English proficiency requirement, please see <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Policy, MPP (PPPUBPMPP)

**Online Degree Search Title:** Public Policy (MPP)

**Campus:** Downtown Phoenix

### Program Description:

The MPP program allows students to approach the study of public policy with a focus on public policy in the urban setting. The master's in public policy program prepares students for professional careers as policy analysts and leaders in public service involved in the formulation, approval, implementation and evaluation of public policy at all levels of government and in the private and nonprofit sectors. It can also serve as a platform for preparation for doctoral studies in public policy, public administration, urban studies or other related programs. Students learn analytical techniques and conceptual frameworks for understanding policy issues and identifying potential solutions, and applying these skills to real-world issues --- especially relating to the needs of cities in the region. Students also gain an understanding of policies addressing issues such as poverty, education, the environment and public safety.

The program trains people capable of leading by making positive policy decisions, addressing the difficult questions associated with public policy, and managing the process of policy creation, approval, implementation and evaluation. At the conclusion of the master's program, students will be able to identify, analyze and interpret the challenges and dilemmas of public policies, especially those facing urban areas. Students will also be able to approach policy analysis with a variety of quantitative and qualitative methods, and be prepared to develop innovative processes and tools to deal with changing realities of public policy and address issues on a global, regional and local scale.

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509 or PAF 579).

The MPP program consists of 42 hours of graduate credit. Students take 33 of these hours in 11 core classes in the School of Public Affairs. Students take nine additional hours of approved elective courses.

Students enrolling in core MPP courses must demonstrate minimum competency in statistics and American national government. Courses taken to fulfill competencies do not count toward the 42-hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

### Concurrent Degrees:

This degree is also offered as concurrent degree with:

- Criminology and Criminal Justice (MS)
- Sustainability Solutions (MSUS)
- Urban and Environmental Planning (MUEP)

### Admission Requirements:

All materials should be submitted online through the ASU Graduate Education application. Contact the School of Public Affairs at 602-496-0450 or email [spa@asu.edu](mailto:spa@asu.edu) if there are questions about the application process.

All applicants must submit the following materials:

- an official ASU Graduate application online <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)
- application fee (note: fees increase after deadline; see <https://students.asu.edu/apply> (<https://students.asu.edu/apply>))
- official transcripts of all undergraduate and graduate work sent to Graduate Education
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation (at least two from faculty or other academic staff who can evaluate applicant's academic performance)
- a one- to two-page written statement of the applicant's educational and career goals which will also be used as a sample of the applicant's writing abilities
- proof of English language proficiency\*

Applicants may also submit a resume or other documents.

\*An applicant whose native language is not English (regardless of current residency) must also submit proof of English proficiency. See additional requirements for international students at <https://students.asu.edu/graduate/international> (<https://students.asu.edu/graduate/international>) (<http://graduate.asu.edu/international>).

Applicants must fulfill requirements of both Graduate Education and those of the College of Public Service and Community Solutions.

## Public Policy (Certificate), Certificate (PPPUPGRCT)

**Online Degree Search Title:** Public Policy Certificate

**Campus:** Downtown Phoenix

### Program Description:

This certificate prepares students for professional careers as policy analysts and leaders in public service involved in the formulation, approval, implementation and evaluation of public policy at all levels of government and in the private and nonprofit sectors. The program is designed to give students analytical techniques and conceptual frameworks for understanding policy issues as well as identifying potential solutions and applying these skills to real-world issues.

**Degree Requirements:** 15 credit hours.

Fifteen credit hours are required for the certificate: three required courses and two electives chosen from a list of preapproved courses. The electives taken toward the certificate will be selected with the faculty advisor. The faculty advisor will direct the selection of the electives to ensure that they focus on a common theme, and to see that the students' experiences in the courses align with the learning goals outlined for the certificate. Students are required to maintain at least a 3.00 GPA and to have no more than one grade below a "B-" in courses taken to complete the certificate program.

### Admission Requirements:

Please see the program website for application deadlines and admission terms.

Students must meet all Graduate Education admission requirements. Regular admission may be granted to applicants who have achieved a GPA of 3.00 (4.00 scale) or better in the last two years of work leading to a bachelor's degree.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants will be required to submit an official ASU Graduate Education online application, official transcripts of undergraduate and (if applicable) graduate course work, and a statement of career and educational goals. All materials are submitted through the online application.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Public Policy (Environmental Policy), MPP (PPUPEPMPP)

**Online Degree Search Title:** Public Policy (Environmental Policy)

**Campus:** Downtown Phoenix

### Program Description:

The MPP with a concentration in environmental policy prepares master's-level students to apply sustainability principles and approaches to careers in a variety of fields that address environmental and, inevitably, human challenges. Students with a concentration in environmental policy will have the knowledge base and skills to bring sustainability solutions to corporate, government and nonprofit sectors. The concentration begins by building a foundation in environmental policy and theory through the core course work, followed by one elective that develops and deepens student expertise in specific areas and issues. The concentration is uniquely positioned to allow students to build careers in public policy analysis and administration, international development and nonprofit organizations.

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509 or PAF 579).

Required Core Courses: 30 credit hours\*

PAF 501 Public Service Research I (3)  
PAF 502 Public Service Research II (3)  
PAF 504 Microeconomics of Public Policy I (3)  
PAF 505 Public Policy Analysis (3)  
PAF 540 Advanced Policy Analysis (3)  
PAF 541 Program Evaluation (3)  
PAF 570 Microeconomics of Public Policy II (3)  
PAF 571 Geographic Information Systems (GIS) and Analysis (3)  
PAF 573 Advanced Regression (3)  
PAF 574 Diversity, Ethics and Leading Public Change (3)

\*Students enrolling in core MPP courses must demonstrate minimum competency in statistics and American national government. Courses taken to fulfill competencies do not count toward the 42-hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

Required Concentration Courses: 6 credit hours

PAF 545 or SOS 545 Organizations, Sustainability and Public Policy (3)

PAF 546 Environmental Policy and Management (3)

Electives: 3 credit hours (choose one)

CRD 572 Community and Social Innovations (3)

PAF 584 Internship (3)

PUP 548 Planning for Sustainable Communities (3)

PUP 565 Sustainable Urbanism (3)

SOS 512 Sustainable Resource Allocation (3)

SOS 513 Science for Sustainability (3)

SOS 514 Human Dimensions of Sustainability (3)

SOS 517 Sustainability and Enterprise (3)

SOS 530 International Development and Sustainability (3)

SOS 532 Sustainable Urban Dynamics (3)

SOS 533 Sustainable Water (3)

SOS 534 Sustainable Energy and Material Use (3)

SOS 536 Food System Sustainability (3)

SOS 553 Ecological Anthropology (3)

SOS 591 Topic: Adaptation, Resilience and Transformation (3)

SOS 591 Topic: Environmental Ethics and Policy Goals (3)

SOS 598 Topic: Human and Social Dimensions of Global Climate Change (3)

SOS 598 Topic: Urban Ecological Systems (3)

SOS 598 Topic: US Energy: Pathways to Sustainability (3)

SOS 598 Topic: Sustainable Futures Studio (3)

TDM 570 Sustainable Tourism (3)

Culminating Experience: 3 credit hours (choose one)

PAF 509 Public Affairs Capstone (3)

PAF 579 Public Policy Capstone (3)

Total required credit hours: 42

#### **Admission Requirements:**

All applicants must submit the following materials. All materials should be submitted online through the ASU Graduate Education application.

- an official ASU graduate application, <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)
- application fee, see <https://students.asu.edu/apply> (<https://students.asu.edu/apply>)\*
- official transcripts of all undergraduate and graduate course work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007)
- three letters of recommendation\*\*
- a one- to two-page written statement of applicant's educational and career goals\*\*\*

Applicants may also submit a resume or other documents.

\*Note: Fees increase after the deadline.

\*\*At least two letters should be faculty or other academic staff who can evaluate applicant's academic performance.

\*\*\*This statement also used as a sample of the applicant's writing abilities.

## Public Policy (Policy Informatics), MPP (PPPUPPIMPP)

**Online Degree Search Title:** Public Policy (Policy Informatics) MPP

**Campus:** Downtown Phoenix

**Program Description:**

The MPP in public policy (concentration in policy informatics) provides the knowledge and skills for students who seek careers that will require them to use informatics tools, models and simulations to help individuals and groups deliberate and evaluate policy decisions as well as explore new governance infrastructures. This concentration emphasizes theories and research concerning decision-making, complexity theory and visualization of quantitative and qualitative information, collective intelligence, behavioral economics and persuasive technologies.

The concentration in policy informatics combines mastery of advanced methods for processing information with domain expertise that will help humans understand complex social phenomena and achieve goals within public and governance applications. The program's design responds to the need for professionals with domain knowledge that can take a problem-driven, system-level, user-oriented perspective in developing and applying informatics systems to address societal and governance needs.

**Degree Requirements:** 42 credit hours including the required capstone course (PAF 509/PAF 579).

The MPP program consists of 42 hours of graduate credit. Students take 33 of these hours in 11 core classes in the School of Public Affairs. Students take nine additional hours of approved concentration courses.

Students enrolling in core MPP courses must demonstrate minimum competency in statistics and American national government. Courses taken to fulfill competencies do not count toward the 42-hour degree program. Completion of prerequisite courses is not a requirement for admission but must be completed within one semester after starting the program.

**Admission Requirements:**

All application materials should be submitted online through the ASU Graduate Education application. All applicants must submit the following materials:

- an official ASU Graduate application online, <http://asu.edu/gradapp> (<http://asu.edu/gradapp>)\*
- official transcripts of all undergraduate and graduate work
- verbal, quantitative and analytical scores on the GRE (institution code: 4007) or GMAT
- three letters of recommendation (at least two from faculty or other academic staff who can evaluate applicant's academic performance)
- written statement, one- to- two pages in length, describing the applicant's educational and career goals\*\*

\*Note: Application fees increase after deadline, see <https://students.asu.edu/apply> (<https://students.asu.edu/apply>).

\*\*This statement is also used as a sample of the applicant's writing abilities.

Applicants may also submit a resume or other documents.

## Public Safety Leadership and Administration, MPSLA (PPPSLAMPSL)

**Online Degree Search Title:** Master of Public Safety Leadership and Administration

**Campus:** Downtown Phoenix, Online

**Program Description:**

The MPSLA is a graduate degree program designed primarily for public safety professionals. An advanced degree is an important key to career progression within public safety administration. Those with an advanced degree have an advantage that makes a difference as they seek to advance in their professions --- a practical understanding of public safety organization administration. Graduates of this program should expect to find employment and advancement in all levels of government agencies including those within the local, state and federal level, as well as private sector organizations.

**Degree Requirements:** 30 credit hours including the required capstone course (PAF 509 or CRJ 505).

Required Core Courses: 24 credit hours

CRJ 501 Seminar in Criminal Justice (3)  
CRJ 510 Criminal Justice Planning and Program Evaluation (3)  
CRJ 511 Applied Data Analysis in Criminal Justice (3)  
CRJ 516 Seminar in Criminal Justice Organization and Management (3)  
PAF 503 Public Affairs (3)  
PAF 506 Public Budgeting and Finance (3)  
PAF 507 Public Human Resource Management (3)  
PAF 508 Organization Behavior (3)

Electives: 3 credit hours (choose one course)

CRJ 512 Seminar in Policing (3)  
CRJ 513 Seminar in Courts and Sentencing (3)  
CRJ 514 Seminar in Corrections (3)  
CRJ 518 Seminar on Race/Ethnicity, Crime and Justice (3)  
CRJ 521 Seminar on the Nature of Crime (3)  
PAF 522 Public Labor Relations (3)  
PAF 531 Community Conflict Resolution (3)  
PAF 574 Diversity, Ethics and Leading Public Change (3)  
PAF/CRJ Other PAF or CRJ 400 or 500-level courses with advisor approval (3)

Culminating Experience: 3 credit hours

PAF 509 Public Affairs Capstone or CRJ 505 Theory and Practice in Criminal Justice (capstone)

Total required credit hours: 30

**Admission Requirements:**

Degree: minimum of a bachelor's or master's degree in criminology, public administration, sociology, public safety, social work, parks and recreation management, applied sciences, or a closely related field from a regionally accredited college or university

GPA: minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program; minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree

English Proficiency Requirement for International Applicants: The English proficiency requirements are the same as the Graduate Education requirement. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Admission Examinations: none

Letters of Recommendation: two letters of recommendation

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated,7.5-week classes. View the program description and request more information here. ## Social Entrepreneurship and Community Development (certificate), Certificate (PPSECDGRCT)

**Online Degree Search Title:** Social Entrepreneurship and Community Development (Graduate Cert)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The online social entrepreneurship and community development graduate certificate, offered through the School of Community Resources and Development, provides a framework for harnessing entrepreneurial and enterprise opportunities, creating transformative responses to challenges prevalent in societies and communities. This transdisciplinary program combines social entrepreneurship with innovative community development, providing a basis for exploring capacity building and fostering positive change for organizations, corporations, societies and economies. The certificate complements well the Master of Nonprofit Studies program for students interested in pursuing their degree and social entrepreneurship certificate. Consisting of 15 credit hours of graduate credit course work, the certificate is designed for students studying nonprofit leadership and management, social entrepreneurship, public policy and related fields across disciplines and includes a hands-on portfolio component.

**Degree Requirements:** 15 credit hours..

Required courses: (9 credit hours)

NLM 520 Financial and Resource Management (3)

NLM 562 Social Entrepreneurship (3)

NLM 572 Community and Social Innovation (3)

Elective courses (6 credit hours)

**Admission Requirements:**

Applicants must complete the Graduate Education online application. A bachelor's degree from a regionally accredited college or university recognized by ASU is required, with a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of the program.

A Test of English as a Foreign Language (TOEFL) score is required from applicants whose native language is not English (regardless of current residency). Please visit <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. ## Social Work, MSW (PPSWDMSW)

**Online Degree Search Title:** Social Work - Standard Program (MSW)

**Campus:** Downtown Phoenix, Tucson, Online

**Program Description:**

The professional program leading to the MSW prepares social workers for advanced professional social work practice. The program is designed to prepare social workers to be capable of responding effectively to the needs of special populations, particularly in the Southwest. The MSW program is accredited by the Council on Social Work Education.

**Degree Requirements:** 45 credit hours and a portfolio, or 45 credit hours and a thesis, or 45 credit hours and an applied project (SWG 593), or 45 credit hours including the required capstone course (SWG 621), or 60 credit hours and a portfolio (MSW/MPA dual degree), or 60 credit hours and a thesis (MSW/MPA dual degree), or 60 credit hours and an applied project (SWG 593), or 60 credit hours including the required capstone course (SWG 621) (MSW/MPA dual degree).

Students begin the standard MSW program in the fall, and in the fall or spring for the online MSW program. The program may be completed within four semesters (full time) or six semesters (part time). It is a 45-to-60-credit-hour program, including course work and field instruction. It is divided into a foundation year (30 credit hours of core curriculum) taken by all students and a concentration year (30 credit hours).

The foundation year includes basic courses in direct practice, organizational and community change, social policy, human behavior and research.

In the second year, students pursue a concentration in one of the following:

- advanced direct practice
- advanced generalist
- policy, administration and community practice

Students who pursue the advanced direct practice concentration also select one of the following three specializations:

- children, youth and families
- health, behavioral health
- public child welfare

Students are required to complete two internships: a foundation field placement (480 hours) and a concentration field placement (480 hours) in a different setting.

**Culminating Events:** The culminating events that are available for campus students are Thesis, SWG 593 Applied Project, SWG 621 Capstone Course and the master's portfolio. The culminating events that are available for online students are SWG 593 Applied Project, SWG 621 Capstone Course and the master's portfolio. The academic unit will advise and monitor the online campus students to ensure they choose the appropriate culminating event.

**Concurrent Degrees:**

This degree is also offered as concurrent degree with:

- Juris Doctor (JD)
- Public Administration (MPA) - Downtown Phoenix

**Admission Requirements:**

Please see the program website for application deadlines. Applicants admitted to the standard MSW program begin classes in the fall, and applicants admitted to the online MSW program begin classes in the fall or the spring.

All applicants must have 120 hours of volunteer or work experience in social services during a six-month period within the past five years.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at  
Academic Catalog Archive 2015-2016

<https://graduate.asu.edu/> (<https://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- online Graduate Education application
- application fee
- official transcripts of all undergraduate and graduate work
- three letters of reference\*
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals
- signed standards of ethical and professional behavior form

\*A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's BSW field instructor or, if employed in a social work-related job for two or more years, a recommendation from the applicant's supervisor.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Test scores from either the GRE or the Miller Analogies Test are required only if the applicant's junior and senior GPA was below a 3.20 (on a 4.00 scale).

The School of Social Work requires one of the following:

- undergraduate degree, with 30 credit hours in liberal arts courses at the undergraduate or graduate level
- BSW from a Council on Social Work Education-accredited school of social work
- liberal arts undergraduate degree

All students are required to successfully complete a course in human biology before enrollment in the graduate program and a course in statistics, either by Dec. 31 or before registering for SWG 519.

#### Part-time Program

Students are admitted each fall to a planned part-time program and for the MSW online program in the fall or spring. Students interested in this option must specifically apply to the part-time program and complete it in accordance with the plan developed to finish the degree in three years.

#### Transfer Credit

Upon recommendation of the admission committee, the first year of graduate study (up to 30 graduate credit hours) earned at another Council on Social Work Education-accredited school of social work may be transferred and applied toward the MSW at ASU. Under these circumstances, the student must complete the second full year of graduate study (at least 30 credit hours of graduate work) at ASU. Transfer work must have been completed within three years of the semester and year of admission to the MSW program at ASU with a grade of "B" (3.00) or better.

#### Exemption and Waiver Examinations

The number of hours required to complete the standard MSW ranges from 45 to 60 credit hours. In addition to transferring in credit, per the recommendation of the School of Social Work director and the MSW coordinator, admitted students may meet requirements of up to 15 hours of credit toward the degree by exempting up to 15 hours of foundation course work without examination or successfully completing examinations in SWG 501, SWG 502 or SWG 519. Please note that, when applicable, the academic unit will provide a rationale for exemption for students if the student is not from a BSW program accredited by the Council on Social Work Education.

Concurrent degrees are currently unavailable for the online MSW program.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Social Work, PHD (PPSW2PHD)

**Online Degree Search Title:** Social Work (PhD)

**Campus:** Downtown Phoenix

### Program Description:

The purpose of the doctoral program in social work is to prepare future social work scholars. While there are many possible definitions of scholarship, the Arizona State University School of Social Work adheres to a broad definition.

A scholar in social work engages in research, teaching and service. The program introduces students to the complex range of roles and responsibilities of faculty and other social work roles of leadership. Critical thinking and creativity in research, teaching and service are at the core of our program.

Given the cultural and economic diversity of the Southwest, the program also strives to elaborate the human potential embedded in our region's distinct experiences and perspectives. The university offers opportunities for scholarship integrating diverse cultural experiences such as those offered through specialized programs, including American Indian studies and Chicana and Chicano studies, African and African American studies and Asian Pacific American studies. We hope our graduates will play key roles in integrating diversity in their social welfare activities with local, state and regional groups.

The program emphasizes enhancement of scholarship through:

- applied social work research in diverse community settings and populations of the Southwest
- participation in collegial decision-making
- participation in field education and community services
- teaching, from syllabus development to classroom teaching across the professional continuum

Students are expected to participate fully in research teaching and field liaison activities during their course of studies.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program requires students to take a minimum of 36 course credit hours beyond the MSW and 84 beyond the bachelor's. Students may need to take additional course work to achieve the competency requirements set by the program or set by their graduate supervisory committees. Students must also take a minimum of 24 credit hours of dissertation related research (12 hours of SWG 792 and 12 hours of SWG 799).

### Residency

Within the first year of matriculation, all students must complete the School of Social Work residency requirement (a minimum of nine credit hours in each semester of consecutive fall/spring or spring/fall semesters excluding summers).

### Foreign Language Requirement

None.

### Qualifying Examination

Students are given a qualifying examination in the semester following the completion of the first 18 hours of approved doctoral course work. Students who fail the examination may retake it. Students failing the qualifying examination twice will be dropped from the program.

### Comprehensive Examination

Upon completion of course work and the qualifying examination, but before beginning dissertation research, students are given a written examination covering research, theory and methods in their substantive areas. If students should fail one or more components of the examination, a reexamination may be administered no sooner than three months and no later than one year from the date of the original examination. Approval of the reexamination must be obtained from the supervisory committee and dean of graduate studies.

### Research and Dissertation Requirements

Each candidate must register for a minimum of 12 hours of research credit (SWG 792) and 12 hours of dissertation credit (SWG 799).

### Final Examination

The final oral examination in defense of the dissertation is scheduled and conducted by the student's dissertation committee. A candidate must pass the final examination within five years after completing the comprehensive examination.

The following courses are required:

- nine hours of directed electives in an identified and chair-approved substantive area of which no more than three of these hours may be used in readings and conference or independent study courses
- three hours of theory course in a social science discipline
- 12 hours of required 700-level social work courses approved by the doctoral program committee
- 12 hours of research methods and statistics courses selected from an approved list provided by the doctoral program committee

Once the minimum 36 credit hours are completed, students are also required to register for 24 hours of dissertation research credit, SWG 792 before proposal defense and SWG 799 after. Students must be registered for at least one credit hour during the semester (including summer) when they do their dissertation proposal defense. At least one of the dissertation hours must be taken in the semester the student expects to defend his or her dissertation.

**Admission Requirements:**

Admission to the doctoral program in the School of Social Work is based on the following criteria:

- an MSW from an accredited school of social work, preferably with two or more years of post-MSW employment in human services\*
- experience in social work teaching or research and other scholarly activities
- experience with diverse populations
- goodness-of-fit with program goals
- good professional standing
- undergraduate and graduate GPA
- quality and extensiveness of social work experience
- research potential and creativity as demonstrated in requested essays and references
- scores of the GRE, with emphasis on verbal and analytic scores

\*Though an MSW is preferred, exceptions may be made for students with a BSW from an accredited school of social work and a master's in a related field and for students from countries without accreditation.

Admission to the doctoral program requires completion of all admission requirements and procedures set forth by Graduate Education.

Please see the program website for application deadlines.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at <https://graduate.asu.edu/> (<https://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- a completed online Graduate Education application
- application fee
- official transcripts of all undergraduate and graduate work
- curriculum vitae or resume
- GRE test scores
- personal statement\*
- proof of English proficiency\*\*
- three letters of reference
- required writing sample: social problem essay
- optional writing sample\*\*\*

\*Guidelines for writing the statement can be found at: <http://ssw.asu.edu/admissions-degrees/phd-folder> (<http://ssw.asu.edu/admissions-degrees/phd-folder>) in "PhD Application and Admission Information."

\*\*An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

\*\*\*Applicants have the option of submitting a sample of their written work. Examples include a referred journal article, a class paper, and a professional report, such as one might write in an agency setting. The writing sample should illustrate your ability to succeed in the doctoral program.

Applicants must fulfill both the requirements of Graduate Education and the College of Public Service and Community Solutions.

## Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)

**Online Degree Search Title:** Social Work - Advanced Standing - Direct Practice (MSW)

**Campus:** Downtown Phoenix, Tucson

### Program Description:

The professional program leading to the MSW in social work program prepares social workers for advanced direct practice. The program is designed to prepare social workers who are capable of responding effectively to the needs of special populations in the Southwest. This program is located at the Downtown Phoenix campus and in Tucson. It is accredited by the Council on Social Work Education.

**Degree Requirements:** 39 credit hours and a thesis, or 39 credit hours including the required capstone course (SWG 621).

Students must start the program in summer (beginning with the first summer session) and complete three credit hours in each six-week summer session and three credit hours during the eight-week session, for a total of nine credit hours. The seven credit hours of summer courses are offered in Phoenix only. The summer practicum is available in Tucson. The remainder of the program is completed within two semesters (full time).

Students complete their practicum during the fall and spring semesters and select one of three specializations: children, youth and families health; health, behavioral health; or public child welfare. Students must also complete a capstone course.

### Summer Session Course Work

SWG 598 ST: Advanced Standing Bridge Seminar I (3)

SWG 598 ST: Advanced Standing Bridge Seminar II (3)

SWG 598 ST: Bridge Field Seminar (1)

SWG 580 Practicum (2)

The following specialization courses are required:

### Children, Youth and Families

SWG 606 Assessment of Mental Disorders (3)

SWG 608 Ecological Approach to Practice with Children, Youth and Families (3)

SWG 617 Advanced Social Work Practice with Children and Adolescents (3)

SWG 619 Practice-Oriented Research (3)

SWG 621 Integrative Seminar

SWG 641 Advanced Practicum: Direct Practice I (3)

SWG 642 Advanced Practicum: Direct Practice II (3)

Electives: Two electives must be from an approved list of electives. (9)

### Health, Behavioral Health

SWG 603 Practice in Health/Behavioral Health Settings (3)

SWG 606 Assessment of Mental Disorders (3)

SWG 619 Practice-Oriented Research (3)

SWG 621 Integrative Seminar (3)

SWG 641 Advanced Practicum: Direct Practice I (3)

SWG 642 Advanced Practicum: Direct Practice II (3)

Choose one of the following courses:

SWG 604 Advanced Social Work Practice in Health (3)

SWG 613 Advanced Social Work Practice in Behavioral Health (3)

Electives: Two electives must be from an approved list of electives (9)

### Public Child Welfare

SWG 606 Assessment of Mental Disorders (3)

SWG 608 Ecological Approach to Practice with Children, Youth and Families (3)

SWG 609 Advanced Social Work Practice with Child Welfare Families (3)

SWG 619 Practice-Oriented Research (3)

SWG 621 Integrative Seminar (3)

SWG 633 Child Welfare Services (3)

SWG 641 Advanced Practicum: Direct Practice I (3)

SWG 642 Advanced Practicum: Direct Practice II (3)

Electives: Must be approved by the Child Welfare Training Project (6)

### Admission Requirements:

Applicants must have a BSW from a Council on Social Work Education-accredited program with at least a 3.20 GPA (on a 4.00 scale) in the last two years of work leading to the BSW (junior and senior GPA). Applicants must have received their BSW no more than six years prior to the date of

admission to the MSW program. All applicants are required to have completed a course in human biology and a course in statistics prior to enrollment in the advanced standing program.

Please see the program website for application deadlines. Applicants admitted to the advanced standing program begin classes in the summer.

All applicants must submit the following materials. All required admission materials are submitted directly to Graduate Education at <https://graduate.asu.edu/> (<https://graduate.asu.edu/>). Contact the School of Social Work at 602-496-0800 if there are questions about the application process.

- online Graduate Education application
- application fee
- original transcripts of all undergraduate and graduate work
- three letters of reference\*
- professional resume that includes volunteer and paid work experience
- statement of educational and career goals\*\*

\*A combination of academic and professional references is desirable. References from friends, family members or personal therapists are not accepted. At least one of the three required references must be from the applicant's BSW field instructor or, if employed in a social work-related job for two or more years, a recommendation from the applicant's supervisor.

\*\*Guidelines for writing the statement can be found at <http://ssw.asu.edu/admissions-degrees/msw-folder> (<http://ssw.asu.edu/admissions-degrees/msw-folder>) in "MSW Application Procedures/Materials."

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of the Graduate Education and the College of Public Service and Community Solutions.

## Sustainable Tourism, MAS (PPSUSTMAS)

**Online Degree Search Title:** Sustainable Tourism (MAS)

**Campus:** Online

**Program Description:**

Students in the MAS in sustainable tourism receive a comprehensive education with a focus on the environmental, economic and social aspects of tourism, equipping them with the skills necessary to create pioneering sustainable development solutions to the challenges facing tourism today. This holistic curriculum focuses on integrating all three pillars of sustainability into existing tourism theories and concepts. The program prepares future sustainable tourism professionals to meet the increasing demand for people trained in sustainability practices and the application of those practices in tourism. The program is offered both online and face-to-face and is offered by the School of Community Resources and Development.

**Degree Requirements:** 31 credit hours including the required applied project course (TDM 593).

Core Course Requirements: (24)  
CRD 569 Advanced Tourism and Recreation Studies (3)  
TDM 520 Sustainable Thinking in Tourism (3)  
TDM 521 Sustainable Thinking in Tourism II (3)  
TDM 530 Sustainable Tourism Destination Planning and Management I (3)  
TDM 531 Sustainable Destination Planning and Management II (3)  
TDM 540 Sustainable Food Management in Tourism (3)  
TDM 550 Managing the Sustainable Tourism Business (3)  
TDM 570 Sustainable Tourism (3)

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Tourism Development and Management, BS
- Tourism Development and Management (Resort and Hotel Leadership), BS
- Tourism Development and Management (Sustainable Tourism), BS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

- submission of Graduate Education online application
- minimum of a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited college or university of recognized standing in a related field such as tourism, hospitality, sustainability, environmental studies, business, geography or planning
- minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program
- three letters of recommendation\*
- proof of English language proficiency\*\*

\*The online application will require three letters of recommendation; these should be from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics. Required are the names, email addresses, titles and organizations from whom the student will be requesting recommendations. The three referees will be emailed a link to complete an online recommendation form.

\*\*A Test of English as a Foreign Language (TOEFL) is required for any applicant whose native language is not English, regardless of current residency, <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>).

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ## Sustainable Tourism (certificate), Certificate (PPSTGRCT)

**Online Degree Search Title:** Sustainable Tourism (Cert)

**Campus:** Online

**Program Description:**

The online graduate certificate in sustainable tourism, offered by the School of Community Resources and Development, is intended for professionals who work in or desire to work in the tourism industry. The program addresses the unique character of sustainability and sustainable practices in tourism development and management. Students interested in sustainable tourism management explore the practice of management and development of sustainable tourism businesses and destinations.

Students who complete the 18-credit-hour certificate will have knowledge in topics such as the integration of economic, social and environmental aspects of sustainability as it relates to tourism; conducting sustainability audits for destinations and businesses; community impacts of tourism; and sustainable destination and business planning and management.

The program allows graduates enhanced recognition and credentials in an area experiencing a great deal of interest and growth. Students in the program will be able to further their careers by obtaining advanced education specific to sustainability practices in tourism.

**Degree Requirements:** 18 credit hours.

Core Required Courses:

TDM 520 Sustainable Thinking in Tourism I (3)  
TDM 521 Sustainable Thinking in Tourism II (2)  
TDM 530 Sustainable Destination Planning and Management I (3)  
TDM 531 Sustainable Destination Planning and Management II (2)  
TDM 561 Best Practices Workshop Preparation (1 credit-Fall B)  
TDM 562 Best Practices Workshop Presentation (1)  
TDM 570 Sustainable Tourism (3)

Electives: (choose one)

TDM 540 Sustainable Food Management in Tourism (3)  
TDM 550 Managing the Sustainable Tourism Business (3)

**Admission Requirements:**

All applicants must complete the Graduate Education online application. A bachelor's degree from a regionally accredited college or university recognized by ASU is required, with a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's bachelor's degree program.

Two letters of recommendation from current or former employers, current or former faculty members, or others who are familiar with the applicant's scholarly and professional abilities and characteristics, will be submitted through the online application.

The Test of English as a Foreign Language (TOEFL) is required for any applicant whose native language is not English (regardless of current residency). Please visit <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

Applicants must fulfill both the requirements of Graduate Education and those of the College of Public Service and Community Solutions.

## Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

**Online Degree Search Title:** Trauma and Bereavement (Grad Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

There is a growing need in society for health care workers and clinicians to be better prepared to help clients and patients experiencing trauma. The School of Social Work graduate certificate in trauma and bereavement prepares individuals to work in the field of death and dying as well as trauma and bereavement in clinical, organizational and administrative settings. The certificate provides students with enhanced knowledge about grief responses and the effects of trauma and opportunities for students to research an often under-explored topic, while helping transform the sociopolitical management of grief, traumatic losses and end-of-life issues in contemporary society.

In addition to tuition and class fees, there is a \$500 one-time program fee.

**Degree Requirements:** 18 credit hours including the required capstone course (SWG 541/SWG 542/SWG 584/SWG 641/SWG 642/SWG 645/SWG 646/SWG 690/SWG 693).

The certificate requires 15 credit hours of graduate course work and a culminating experience: Research/Applied Project/Internship (3).

**Admission Requirements:**

Please see the program website for application deadlines.

All applicants must submit the online Graduate Education application, official transcripts (if not on file with ASU) and the Graduate Education application fee.

In addition, the following materials are to be submitted to the School of Social Work:

- two- to four-page, doubled-spaced, personal statement (guidelines are listed on the application)
- resume
- School of Social Work certificate application (available on the department website)
- three references, on the forms available on the department webpage

No more than two certificate courses may be completed before applying for admission to the certificate program.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill requirements of both Graduate Education and the College of Public Service and Community Solutions.

## Sustainability, School of

### Complex Adaptive Systems Science (certificate), Certificate (SUCASGRCT)

**Online Degree Search Title:** Complex Adaptive Systems Science Certificate

**Campus:** Downtown Phoenix, Polytechnic, Tempe

**Program Description:**

The complex adaptive systems science graduate certificate trains the next generation of scientists in advanced concepts and methods needed for approaching diverse phenomena in the social and life sciences. The program is tightly integrated with diverse, ongoing, university-wide research on complex adaptive system science at Arizona State University and emphasizes the value of a complex adaptive systems perspective to give science better insight and a more active role in seeking solutions to a broad array of critical issues facing our society today. Students will be fluent in the common language of complexity while also receiving a solid foundation in the domain knowledge of existing academic disciplines. Students pursuing the certificate will need to have a complex adaptive systems science faculty member on their supervisory committee.

**Degree Requirements:** 15 credit hours.

core course credit hours (12)

elective course credit hours (3)

**Admission Requirements:**

All students must be enrolled and in good standing in an ASU doctoral program or be accepted into such a program for incoming students.

Students must complete an application and submit a statement of intent to the complex adaptive system science graduate faculty as well as a copy of their current transcript and a letter of support from an ASU faculty member (for existing ASU students) or other faculty member (for incoming students).

Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the School of Sustainability.

**Contact Information:**

## Global Sustainability Leadership (certificate), Certificate (SUSUSGGRCT)

**Online Degree Search Title:** Global Sustainability Leadership (Graduate Certificate)

**Campus:** Online

### Program Description:

The graduate certificate in global sustainability leadership will provide training to U.S. Army and Army National Guard leaders (e.g., field-grade officers, senior civilians and state environmental program managers) to enhance their ability to instill and manage sustainable practices throughout the Army and Army National Guard. Courses will emphasize providing leadership across lines of operation and areas of responsibility. The program emphasizes the application of sustainability tools, techniques and concepts to issues on bases and installations in the U.S., Europe and Asia, and to bases in Iraq, Afghanistan or other areas to which the Army may be deployed.

**Degree Requirements:** 15 credit hours.

Students are expected earn a "B" (3.00) or better in each course. It is also expected that they complete the program in three years, but they can finish the program in one or two years depending on how many courses they take each semester.

**Admission Requirements:** • An applicant must be a soldier or civilian in the Army or Army National Guard.

- A minimum of a bachelor's (or equivalent) or a graduate degree from a regionally accredited college or university is required.

A minimum of a 3.00 cumulative GPA (4.00="A" scale) in the last 60 hours of a student's bachelor's program is required.

- A resume or curriculum vitae is optional.
- A statement of intent is required (details are noted in the application).

Applicants must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Sustainability, MA (SUSUSTMA)

**Online Degree Search Title:** Sustainability (MA)

**Campus:** Tempe

### Program Description:

The MA in sustainability is a research-oriented degree that culminates with research writing (either a thesis or capstone in the form of a publishable, scientific paper). Although the graduate degree programs emphasize the integration of a broad range of expertise in student training, this master's program is best suited to students inclined toward social sciences, humanities, planning or related fields, and interested in a career in research or academia. Students learn how different disciplines view and approach the challenges of sustainability in theory, research and practice. They develop the academic and technical skills as well as the ethical insights that will help them understand, research and provide solutions to complex sustainability challenges at the local, regional, national and global levels. Students can also apply to participate in the Master's International Peace Corps Program or the USAID Research and Innovation Fellowship, which works in conjunction with this program.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines and to policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic, environmental and technical systems
- the critical thinking skills to approach sustainability challenges from a systems perspective

- the skills needed to work effectively in interdisciplinary teams
- the technical skills to formulate and solve problems at the appropriate scale

**Degree Requirements:** 40 credit hours and a thesis, or 40 credit hours including a capstone course (SOS 596).

Each student will formulate a plan of study in consultation with their supervisory committee. The master's program is divided into the following:

Core: (19 credit hours)

SOS 510 Perspectives on Sustainability (3)

SOS 520 Research Design and Methods for Sustainability (3)

SOS 525 Social-Ecological-Technical Systems: Domains and Interfaces (3)

SOS 579 Proposal Writing (3)

SOS 581 Synthesis for Sustainability Research (3)

SOS 589 SOS Community of Graduate Student Scholars (1) taken over 4 semesters for 4 credit hours total

Electives: (15 credit hours)

Methods and Methodology Electives (6)

Normative Dimensions of Sustainability Electives (3)

General (6) electives including but not limited to the following prefixes:

SOS, ASB, ART, PAF, SGS, POS, SOC, PSB, PGS, PHI, COM, CPP, CRD, ESS, PGV, NTR, MCO, GCU, SCM, HPS, HST, JHR, JMC, JUS, LAW, LES, PUP, SBS, RTM, STS, TDM, URB

Culminating Experience: (6 credit hours)

SOS 596 Capstone (Scientific Paper) (6) or SOS 599 Thesis (6)

Students who are also part of the Master's International Peace Corps Program must complete a Peace Corps assignment abroad, and it is expected that their thesis or capstone scientific paper will be drawn from their experience in the Peace Corps. Students in the program will earn six credit hours toward the master's program requirements.

The taught-course element of the program will be evaluated through course-specific examinations, research papers or applied projects and will be considered to have been successfully completed if the student obtains a GPA of 3.25 or higher. Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

#### **Admission Requirements:**

Applicants must submit an online application.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate course work
- a statement of intent
- GRE scores
- three letters of recommendation
- resume or curriculum vitae

The statement of intent should not exceed 600 words and should:

- Describe how the applicant's background will contribute to success in the program.
- Describe how completion of the degree will support long-term career goals.
- Elaborate on key research questions the applicant wishes to address or problems to solve as part of the plan of study.
- Identify potential faculty advisors.

Students interested in applying to participate in the Master's International Peace Corps Program will be able to do so after they've been admitted to the master's program.

Applicants must fulfill both the requirements of Graduate Education and the School of Sustainability.

## Sustainability, MS (SUSUSTMS)

**Online Degree Search Title:** Sustainability (MS)

**Campus:** Tempe

### Program Description:

The MS in sustainability is a research-oriented degree that culminates with research writing (either a thesis or capstone in the form of a publishable, scientific paper). Although the graduate degree programs emphasize the integration of a broad range of expertise in student training, this master's program is best suited to students inclined toward natural sciences, economics, engineering or related fields, and interested in a career in research or academia. Students learn how different disciplines view and approach the challenges of sustainability in theory, research and practice. They develop the academic and technical skills as well as the ethical insights that will help them understand, research and provide solutions to complex sustainability challenges at the local, regional, national and global levels. Students can also apply to participate in the Master's International Peace Corps Program or the USAID Research and Innovation Fellowship, which works in conjunction with this program.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines and to policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic, environmental and technical systems
- the critical thinking skills to approach sustainability challenges from a systems perspective
- the skills needed to work effectively in interdisciplinary teams

**Degree Requirements:** 40 credit hours and a thesis, or 40 credit hours including a capstone course (SOS 596).

Each student will formulate a plan of study in consultation with their supervisory committee. The master's program is divided into the following:

Core (19 credit hours):

SOS 510 Perspectives on Sustainability (3)

SOS 520 Research Design and Methods for Sustainability (3)

SOS 525 Social-Ecological-Technical Systems: Domains and Interfaces (3)

SOS 579 Proposal Writing (3)

SOS 581 Synthesis: Sustainability Research (3)

SOS 589 SOS Community of Graduate Student Scholars (1) (taken over four semesters for 4 credit hours total)Electives:

Methods and methodology electives (6)

Normative dimensions of sustainability elective (3)

General electives including but not limited to the following prefixes:

SOS, ABS, ART, PAF, SGS, POS, SOC, PSB, PHI, COM, CPP, CRD, ESS, PGV, NTR, MCO, GCU, SCM, HPS, HST, JHR, JMC, JUS, LAW, LES, PUP, SBS, RTM, STS, TDM, URB - (6 credit hours)

Culminating Experience:

SOS 599 Thesis (6) OR

SOS 596 Capstone (Scientific Paper) - (6)

Students who are also part of the Master's International Peace Corps Program must complete a Peace Corps assignment abroad, and it is expected that their thesis or capstone scientific paper will be drawn from their experience in the Peace Corps. Students in the program will earn six credit hours toward the master's program requirements.

The taught-course element of the program will be evaluated through course-specific examinations, research papers or applied projects and will be considered to have been successfully completed if the student obtains a GPA of 3.25 or higher. Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

### Admission Requirements:

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent\*
- GRE scores

- three letters of recommendation
- resume or curriculum vitae

\*The statement of intent should not exceed 600 words and should:

- describe how the applicant's background will contribute to success in the program
- describe how completion of the degree will support long-term career goals
- elaborate on key research questions the applicant wishes to address or problems to solve as part of the plan of study
- identify potential faculty advisors

Students interested in applying to participate in the Master's International Peace Corps Program will be able to do so after they've been admitted to the master's program.

Applicants must fulfill both the requirements of Graduate Education and the School of Sustainability.

## Sustainability, PHD (SUSUSTPHD)

**Online Degree Search Title:** Sustainability (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in sustainability is offered for students who have completed a bachelor's or master's program. The doctoral program prepares students to become scientists and leaders in research, to investigate the urgent sustainability challenges of this century. Graduates will possess an advanced understanding of the dynamics of coupled socioecological systems and be able to lead others in research providing adaptive solutions to specific sustainability challenges. The flexible, interdisciplinary nature of the program allows students to focus on problems of interest to them, drawing upon relevant knowledge from a variety of disciplines.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines and to policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic, environmental and technical systems
- the critical thinking skills to approach sustainability challenges from a systems perspective
- the skills needed to work effectively in interdisciplinary teams
- the technical skills to formulate and solve problems at the appropriate scale

In addition to the common learning outcomes, students will be able to:

- conduct research on particular sustainability challenges using standard skills, including the capacity to identify problems; formulate and test hypotheses; use statistical, econometric and geographical information-system techniques to construct and analyze datasets; and build and apply models
- lead others in the analysis and design of the built environment and institutions' policies, regulations and technologies to support sustainable development
- lead others in applying these concepts and methods to the development of sustainable strategies for water, land, air and urban management at the local and global levels
- understand the concepts and methods of a number of critical disciplines bearing on the sustainability of systems at different spatial and temporal scales

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Students may be admitted to the program with a bachelor's or master's from relevant fields. The degree requirement is 84 credit hours of work beyond the bachelor's level. Up to 30 credit hours from a previously awarded master's in a related field can be accepted toward the fulfillment of the doctoral requirements. Each student formulates a plan of study in consultation with his or her supervisory committee. The doctoral program is divided into the following four areas:

- core courses

- applied workshops
- elective courses
- required research and dissertation

Each plan of study must include 24 credit hours of a combination of research and dissertation. The taught-course element of the program will be evaluated through course-specific examinations and also research papers or applied projects and will be considered to have been successfully completed if the student obtains a GPA of 3.25 or higher. Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission graduate study, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent\*
- GRE scores
- three letters of recommendation
- resume or curriculum vitae

\*The statement of intent should not exceed 600 words and should:

- describe how the applicant's background will contribute to success in the program
- describe how completion of the degree will support long-term career goals
- elaborate on key research questions the applicant wishes to address or problems to solve as part of the plan of study
- identify potential faculty advisors

Applicants may also be interested in applying to the Integrative Graduate Education and Research Traineeship: Solar Utilization Network (IGERT SUN) program and will have the opportunity to do so through the doctoral application. Information about this additional program can be found at <http://igert.asu.edu/sun> (<http://igert.asu.edu/sun>).

Applicants must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

**Sustainability (Complex Adaptive Systems Science), PHD (SUSUSTCPHD)**

**Online Degree Search Title:** Sustainability (Complex Adaptive Systems Science) (PhD)

**Campus:** Tempe

**Program Description:**

The complex adaptive systems science concentration under the PhD in sustainability trains the next generation of scientists in advanced concepts and methods needed for approaching diverse phenomena in the social and life sciences. The program is tightly integrated with diverse, ongoing, university-wide research on complex adaptive systems science at Arizona State University and emphasizes the value of a complex adaptive systems science perspective, to give better insight and a more active role in seeking solutions to a broad array of critical issues facing our society today. Students will be fluent in the common language of complexity while also receiving a solid foundation in the domain knowledge of existing academic disciplines.

The PhD in sustainability is offered for students who have completed a bachelor's or master's program. The doctoral program prepares students to become scientists and leaders in research, to investigate the urgent sustainability challenges of this century. Graduates will possess an advanced understanding of the dynamics of coupled socioecological systems and be able to lead others in research providing adaptive solutions to specific sustainability challenges. The flexible, interdisciplinary nature of the program allows students to focus on problems of interest to them, drawing upon relevant knowledge from a variety of disciplines.

All sustainability graduate students will possess:

- an understanding of the need for an interdisciplinary approach to solving sustainability challenges
- the ability to communicate their work to professionals in other disciplines, policymakers and the general public
- the breadth of vision to recognize the interconnectedness of social, economic, environmental and technical systems
- the critical thinking skills to approach sustainability challenges from a systems perspective
- the skills needed to work effectively in interdisciplinary teams
- the technical skills to formulate and solve problems at the appropriate scale

In addition to the common learning outcomes, students will be able to:

- conduct research on particular sustainability challenges using standard skills, including the capacity to identify problems; formulate and test hypotheses; use statistical, econometric and geographical-information-system techniques to construct and analyze datasets; and build and apply models
- lead others in the analysis and design of the built environment and institutions' policies, regulations and technologies to support sustainable development
- lead others in applying these concepts and methods to the development of sustainable strategies for water, land, air and urban management at the local and global levels
- understand the concepts and methods of a number of critical disciplines bearing on the sustainability of systems at different spatial and temporal scales

Students pursuing the concentration will need to have a complex adaptive systems science faculty member as the chair or co-chair of their supervisory committee.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The requirements of the PhD in sustainability must be met. In addition to those requirements, students pursuing the concentration in complex adaptive systems science must fulfill:

approved course work related to complexity (12)

CASS-related research credit (3)

At least one member of the student's doctoral supervisory committee must be a complex adaptive systems science faculty member, and the dissertation must include complex adaptive systems science approaches.

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The school encourages applicants with diverse educational backgrounds and experience that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.25 GPA in the last 60 credit hours of undergraduate work
- a statement of intent\*
- GRE scores
- resume or curriculum vitae
- three letters of recommendation

\*The statement of intent should not exceed 600 words and should do the following:

- Describe how the applicant's background will contribute to success in the program.
- Describe how completion of the degree will support long-term career goals.
- Explain why the applicant is applying to the School of Sustainability and, more specifically, the doctoral program with the complex adaptive systems science concentration.
- Elaborate on key research questions the applicant wishes to address or problems to solve as part of the plan of study.
- Identify potential faculty advisors.

Applicants must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

## Sustainability Leadership, EMSL (SUEMSLEMSL)

**Online Degree Search Title:** Sustainability Leadership (EMSL)

**Campus:** Tempe

### Program Description:

The Executive Master of Sustainability Leadership prepares experienced professionals to significantly advance sustainability practices in the workplace. The program will equip graduates to lead institutional and cultural change for their companies, organizations, communities and their own careers. The accelerated curriculum is designed specifically for the working professional and can be completed in one year through a combination of unique in-person experiences (including an international immersive), online course content and a capstone project. The degree program, which includes focus areas in leadership, strategy, communications and global context, is uniquely powerful because it is backed by the extensive knowledge base of the Julie Ann Wrigley Global Institute of Sustainability at ASU and its more than 300 sustainability scientists and scholars and a host of world-class sustainability and leadership professionals.

**Degree Requirements:** 30 credit hours including the required capstone courses (EMS 515 and EMS 516).

The curriculum for this program is focused around four principal themes: global context, strategy, communications and leadership. Students are required to complete a total of 30 credit hours including three in-person sessions --- two sessions at ASU campus and one abroad (EMS 508).

Core course credit hours: (27 credit hours)

EMS 501 Sustainability Leadership Workshop I (1)

EMS 502 Global Context I (2)

EMS 503 Strategic Sustainability I (2)

EMS 504 Communications and Sustainability I (2)

EMS 505 Sustainability Leadership I (2)

EMS 506 Global Context II (2)

EMS 507 Strategic Sustainability II (2)

EMS 508 International Immersive (2)

EMS 509 Communications and Sustainability II (2)

EMS 510 Sustainability Leadership II (2)

EMS 511 Global Context III (2)

EMS 512 Strategic Sustainability III (2)

EMS 513 Communications and Sustainability III (2)

EMS 514 Sustainability Leadership III (2)

Culminating experience: (3 credit hours)

EMS 515 Capstone I (2) and EMS 516 Capstone II - Sustainability Leadership Workshop II (1)

### Admission Requirements:

**Degree:** Applicants must have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that country.

**GPA:** The School of Sustainability requires the equivalent of a minimum GPA of 3.00 in the last 60 semester hours or 90 quarter hours of undergraduate work. Given that this is an executive master's for experienced professionals, work and life experience may be taken into account in lieu of minimum GPA or other aspects of past bachelor degree program experience. Applicants whose GPA is below 3.00 may be admitted on a provisional status. Applicants should contact the program for more details if their GPA falls below the 3.00 requirement.

**Work Experience:** This program is designed for working professionals who ideally have experience managing or advancing some aspect of sustainability in their organizations, either directly or indirectly. Successful candidates will be expected to draw from and apply solutions to actual professional challenges and opportunities. Applicants should contact the program for more details if they are currently not employed.

**English Proficiency:** An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. For more details about the English proficiency requirement or to determine if an applicant qualifies for an exemption, please review the ASU graduate admissions English proficiency requirements or contact the program for further guidance.

Applicants must fulfill both the requirements of Graduate Education and those of the School of Sustainability.

For a complete list of application requirements, please visit: <https://sustainabilitysolutions.asu.edu/programs/executivemasters/#apply> (<https://sustainabilitysolutions.asu.edu/programs/executivemasters/#apply>).

## Sustainability Leadership, MSL (SUSUSLMSL)

**Online Degree Search Title:** Sustainability Leadership (MSL)

**Campus:** Online

### Program Description:

The Master's of Sustainability Leadership program will equip graduates to drive high-impact transformative results for their companies, organizations, communities and their own careers. The curriculum includes four synergistic thematic areas:

- communications and change management
- global context of sustainability
- leadership for sustainability
- sustainability and strategy

The program also includes opportunities for students to include electives that are related to their specific area of interest.

**Degree Requirements:** 35 credit hours including the required Applied Project Course (SOS 593).

Core Courses (25 credit hours):

EMS 502 Global Context (2)  
EMS 503 Strategic Sustainability I (2)  
EMS 504 Communications and Sustainability (2)  
EMS 505 Sustainability Leadership I (2)  
EMS 506 Global Context II (2)  
EMS 507 Strategic Sustainability II (2)  
EMS 509 Communications and Sustainability II (2)  
EMS 510 Leadership II (2)  
EMS 511 Global Context III (2)  
EMS 512 Strategic Sustainability III (2)  
EMS 513 Communications and Sustainability III (2)  
EMS 514 Leadership III (2)  
SOS 501 Foundations of Sustainability (1)

Focus Area Electives (6)

Culminating Experience

SOS 593 Applied Project (4)

### Admission Requirements:

A wide array of academic backgrounds will be considered in combination with professional and life experience for those applying to the MSL program. Students should have a minimum of three years of professional or organizational experience or the equivalent. In addition to the general requirements for admission to Graduate Education, the school requires:

- a minimum of a bachelor's or master's degree
- 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program\*
- a CV or resume
- a portfolio exemplary of their work\*\*

\*For applicants that have a GPA below a 3.00, professional experience and statement of intent may be submitted in order to be considered for  
Academic Catalog Archive 2015-2016

admission provisionally.

\*\*Where appropriate, given the background experience described, students may be asked to provide a portfolio of their work. This can include samples of writing, presentations, planning documents and professional reports.

Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the School of Sustainability.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Sustainability Solutions, MSUS (SUSUSOMSUS)

**Online Degree Search Title:** Sustainability Solutions (MSUS)

**Campus:** Tempe

**Program Description:**

The MSUS in sustainability solutions is designed to prepare students to apply sustainability principles and approaches to careers in a variety of fields, addressing complex human and environmental challenges. Students will have a knowledge base and skill set to bring sustainability solutions to corporate, government and NGO sectors. Students begin the program with a foundation in sustainability theory and methods, then are allowed to specialize in a customizable focus area or select from other focus areas such as:

- communication
- entrepreneurship
- international development
- nonprofit organization
- policy and administration
- technology and society

A distinguishing element of the program is its applied approach and emphasis on solutions. This includes a course on managing sustainability projects as well as the capstone experience, in which students will do an internship, applied project or workshop (in lieu of a thesis). Students are encouraged to apply sustainability principles and approaches to their chosen career field. They will be teaming up with a company, government agency or nongovernmental organization to develop a real-world sustainability solution. This practical experience will position graduates perfectly in today's competitive, knowledge-intensive job market. Students can also apply to participate in the USAID Research and Innovation Fellowship, which works in conjunction with this program.

**Degree Requirements:** 33 credit hours including the applied project requirement of (SOS 593).

The curriculum is made up of the following:

Total semester hours required (33)

core courses (6)

SOS 510 Perspectives on Sustainability (3)

SOS 511 Methodology of Sustainability Research and Problem Solving (3)

foundational courses (9)

methods courses (5)

career preparation course (1)

SOS 531 Achieving Career Success in Sustainability (1)

project management course (3)

SOS 582 Project Management for Sustainability (3)

focus electives (6)  
culminating experience (3)

SOS 584 Internship OR  
SOS 593 Applied Project OR  
SOS 594 Workshop

Graduate Education policies and procedures for fulfillment of degree requirements must also be met.

**Concurrent Degrees:**

This degree is also offered as concurrent degree with:

- Legal Studies (MLS)
- Master of Mass Communication (MMC)
- Public Administration (MPA) - Downtown Phoenix
- Public Policy (MPP)
- Urban and Environmental Planning (MUEP)

**Admission Requirements:**

Applicants must submit an online Graduate Education application.

Applicants whose native language is not English (regardless of current residency) must provide proof of English language proficiency.

The school encourages applicants with diverse educational backgrounds and experiences that are relevant to the school's core objectives. In addition to the general requirements for admission to Graduate Education, the school requires:

- a 3.00 GPA in the last 60 credit hours of undergraduate work
- a statement of intent
- GRE scores
- three letters of recommendation
- resume or curriculum vitae

The statement of intent should not exceed 600 words and should:

- Explain the goals the applicant intends to achieve through the plan of study.
- Describe how the applicant's background will contribute to success in the program.
- Explain how completion of the degree will support long-term career goals.
- Elaborate on project ideas the applicant wishes to pursue as part of the program of study.

Applicants are required to fulfill the requirements of both Graduate Education and the School of Sustainability.

## Teachers College, Mary Lou Fulton

### An Overview of Autism Spectrum Disorders (certificate), Certificate (EDSPEGRCA)

**Online Degree Search Title:** An Overview of Autism Spectrum Disorders (Grad Certificate)

**Campus:** Online

**Program Description:**

ASU's graduate certificate in an overview of autism spectrum disorders is ideal for educators, interventionists, paraprofessionals, psychologists, pathologists, behavior analysts or family members who want to enhance their preparation for working with children and adults affected with autism spectrum disorder.

The online program can benefit those interested in the fields of teaching, counseling, social work, speech pathology, various fields of therapy and program management in any area which provides services to individuals on the autism spectrum.

The graduate certificate can be completed within a two-year period while concurrently pursuing a graduate degree or as a stand-alone certificate. Students interested in sitting for the national Board Certified Behavior Analyst exam should apply for the MEd in curriculum and instruction applied behavior analysis concentration or the applied behavior analysis graduate certificate, depending on interest and need.

**Degree Requirements:** 15 credit hours.

SPE 520 Reading and Communication Strategies for Individuals with Autism (3)

SPE 521 Foundations of Autism Spectrum Disorders (3)

SPE 531 Methods of Applied Behavior Analysis for Exceptional Populations (3)

SPE 566 Applied Behavior Analysis in Inclusive Settings (3)

SPE 580 Practicum (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)

**Online Degree Search Title:** Applied Behavior Analysis

**Campus:** Online

**Program Description:**

The graduate certificate in applied behavior analysis pairs research and experience to prepare professionals to work with individuals with special learning and behavior needs using the principles of applied behavior analysis.

Applied projects and assignments allow students to focus on the population with which they plan to work, while gaining the knowledge and skills to use ABA across various populations and settings. Graduates will be well prepared to provide ABA and evidence-based consultative services and support to clients, community and family members across a variety of settings.

Teachers College offers university course work preapproved by the Behavior Analyst Certification Board for students interested in sitting for the Board Certified Behavior Analyst examination. BCBA certificants are equipped to meet diverse behavior needs and make a lasting difference in the community. The ASU course sequence meets the Behavior Analyst Certification Board required 270 classroom hours of graduate-level instruction aligned with the Fourth Edition Task List. BCBA supervision hours, required for certification, are arranged and completed by the student separately from ASU course work. Students seeking the master's as well as the preapproved university course work for the BCBA exam should apply to the MEd in curriculum and instruction, applied behavior analysis concentration.

**Degree Requirements:** 18 credit hours.

Required Courses (18 credit hours):

SPE 531 Methods of Applied Behavior Analysis for Exceptional Populations (3)  
SPE 565 Behavior Change Systems (3)  
SPE 566 Applied Behavior Analysis in Inclusive Settings (3)  
SPE 567 Basic Concepts and Ethics of Applied Behavior Analysis (3)  
SPE 568 Behavior Assessment (3)  
SPE 569 Research Methods in Applied Behavior Analysis (3)

Electives: None

Culminating Experience: None required

**Admission Requirements:**

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admissions application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)

**Online Degree Search Title:** Teaching and Learning (MED)

**Campus:** Online

**Program Description:**

The MEd in curriculum and instruction, teaching and learning concentration, facilitates the development of advanced level professional knowledge, skills and understanding through research and applied experiences. The program provides a customized experience in a content area related to education.

The concentration in teaching and learning is for practitioners across all disciplines and grades and has three areas of specialization:

- applied behavior analysis
- autism spectrum disorders
- gifted education

Students interested in pursuing a degree in one of the specialization areas listed should apply for the Master of Education in curriculum and instruction with that concentration.

**Degree Requirements:** 30 credit hours including the required applied project course (SPE 593), or 30 credit hours including the required capstone course (SPE 597).

Students will complete 30 hours in their focus area and a culminating project to be embedded within a course, depending on the specialization.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Curriculum and Instruction (Accomplished Teaching), MA (EDACCTCMA)

**Online Degree Search Title:** Accomplished Teaching (MA)

**Campus:** Tempe

**Program Description:**

The MA in curriculum and instruction, accomplished teaching concentration, is designed for classroom teachers who want to enhance their instructional performance and deepen their understanding of educational theory and practice. Students will improve their understanding of student learning and assessment, and develop skills in conducting action research.

Students completing this degree will focus on improving their practice and strengthening their foundation in teaching and research. To enhance their knowledge and skills, students may select from an array of elective courses in educational psychology, educational foundations and subject-specific courses offered online and on campus. Students should consult with a faculty advisor or academic advisor on their selections.

Students who wish to deepen their knowledge of a specific area may select from the following foci:

Special Education:

Choose electives from an array of online courses that focus on autism spectrum disorders or applied behavioral analysis. Students may elect to take the course work that prepares them for the Board Certified Behavior Analyst examination.

Gifted Education:

Online electives are designed to meet the Arizona gifted education, K-12 endorsement.

Educational Technology:

Students may choose from campus-based or online electives that provide the skills and knowledge to develop skills in online instruction or to develop a broader knowledge base of technology uses in education.

English as a Second Language:

Students may choose from online electives that provide the skills and knowledge to work with English Language Learners in a variety of settings.

Early Childhood Education:

Students may choose from online electives that provide the skills and knowledge to work with young children in a variety of settings.

Each degree candidate completes an applied project under the direction of an advisor.

**Degree Requirements:** 30 credit hours including the required applied project course (DCI 593).

Required core courses (15)

Elective courses (12)

DCI 593 Applied Project (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of the Graduate Education office and the Mary Lou Fulton Teachers College.

## Curriculum and Instruction (Applied Behavior Analysis), MEd (TEABAMED)

**Online Degree Search Title:** Curriculum and Instruction (Applied Behavior Analysis)

**Campus:** Online

**Program Description:**

The MEd in curriculum and instruction, applied behavior analysis concentration, pairs research and experience to prepare professionals to work with individuals with special learning and behavior needs using the principles of applied behavior analysis.

The course work prepares students to use ABA to address a variety of learning and behavior needs across a range of professions and settings. All courses are online, combining a range of resources and technologies to provide students the opportunity to interact directly with program faculty and classmates. Our graduates will be well prepared to provide ABA and evidence-based consultative services and support to clients, community and family members across a variety of settings.

Teachers College offers university course work preapproved by the Behavior Analyst Certification Board for students interested in sitting for the Board Certified Behavior Analyst examination. BCBA certificants are equipped to meet diverse behavior needs and make a lasting difference in the community. The ASU course sequence meets the Behavior Analysis Certificate Board required 270 classroom hours of graduate-level instruction aligned with the Fourth Edition Task List. BCBA supervision hours, required for certification, are arranged and completed by the student separately from ASU course work. Students not seeking the masters but interested in only the preapproved university course work for the BCBA exam may apply to the applied behavior analysis graduate certificate.

**Degree Requirements:** 30 credit hours including the required capstone course (SPE 597).

This program requires:

required concentration courses (24)

research course (3)

SPE 597 Capstone Project (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee

- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

## Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)

**Online Degree Search Title:** Curriculum and Instruction (Autism Spectrum Disorders)

**Campus:** Online

**Program Description:**

The MEd in curriculum and instruction, autism spectrum disorders concentration, equips individuals with specialized skills and knowledge to work effectively with children and adults affected with autism.

The steady rise in number of those affected by autism has caused a public demand for professionals who are aware of the issues and needs facing these special individuals, their families and service providers. Our graduates will be well prepared to provide important services and care for individuals with autism spectrum disorder in a variety of roles, including educators, interventionists, paraprofessionals, psychologists, speech pathologists, behavior analysts or family members.

Each student completes a practicum customized to individual interests and abilities. The program culminates with a capstone experience in which students demonstrate analysis and synthesis of material learned in the master's program and evidence of competency in the six Council for Exceptional Children autism standards.

Students interested in sitting for the national Board Certified Behavior Analyst exam should apply to the master's in curriculum and instruction, applied behavior analysis concentration or the applied behavior analysis graduate certificate, depending on interest and need.

**Degree Requirements:** 30 credit hours including the required capstone course (SPE 597) and Practicum (SPE 580).

core credit hours (3)

concentration credit hours (18)

elective credit hours (3)

culminating experience: SPE 597 Capstone (3)

SPE 580 Practicum (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Curriculum and Instruction (Early Childhood Education), MEd (TEECMED)

**Online Degree Search Title:** Early Childhood Education - Certification/Endorsement (MED)

**Campus:** Online

**Program Description:**

The MEd in curriculum and instruction, early childhood education concentration, prepares individuals to meet the educational, social and emotional needs of children from birth through age eight.

Through online course work, applied activities and in-person clinical experiences, the program equips students with specialized skills and advanced knowledge in early childhood pedagogy, community collaboration, technology, administration, policy analysis and advocacy.

The master's degree is appropriate for students interested in learning about early childhood education research and working with infants and children in grades K-3. This track may be of interest to students who already have a teaching certificate and are interested in furthering their knowledge and skills or pursuing doctoral studies in the future.

Another option is the master's degree with an early childhood education endorsement (birth through age eight or through grade three), which familiarizes students with the most current trends and issues in the field. This track may be of interest to students with an elementary or special education teaching certificate who want to serve children birth through kindergarten.

A third option is the Masters and Arizona Certification in Early Childhood Education program, which provides students with the course work and practical experiences necessary to become licensed to teach children birth through grade three in the public schools. The program provides participants an institutional recommendation for an Arizona Early Childhood Education (birth through age eight or through grade three) certification and the master's degree.

All courses are online, but clinical experiences are completed in person.

**Degree Requirements:** 30 credit hours including the required applied project course (ECD 593).

Students in this program will complete an applied project within their plan of study as a culminating activity.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. ## Curriculum and Instruction (English as a Second Language), MA (EDESLMA)

**Online Degree Search Title:** English as a Second Language (MA)

**Campus:** Online

**Program Description:**

The MA in curriculum and instruction, English as a second language concentration, prepares students to teach English language learners in a variety of settings including U.S. schools.

The program caters to professionals with a wide range of roles, including both new and experienced teachers, administrators, policymakers and community workers.

Graduate students will gain strategies to assist their students in developing ESL skills for reading, writing and listening, and involve community and families as partners.

The program teaches educators specific skills for assessing English learner proficiency and content area knowledge, knowledge of various program models, and a stronger foundation in supporting ESL students' language acquisition. Students will leave the program with a historical perspective of English learners in the U.S. and context of past and current policy toward ESL.

All program faculty have worked with English learner students, have a good mix of elementary and secondary level focus and field-tested research strategies, and are advocates for ESL students.

While the program is an excellent choice for teachers seeking to improve their preparation to work with English learners and includes course work supporting the Arizona ESL endorsement for certified teachers, it does not lead to teacher certification. There is no requirement that students entering the program hold a teaching certificate or seek to obtain one.

Note: This degree is not the same as the Master of Teaching English to Speakers of Other Languages that is offered through the English department.

**Degree Requirements:** 30 credit hours including the required capstone course (BLE 597).

core course work (3)

concentration course work (24)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

GRE scores are not required for admission.

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)

**Online Degree Search Title:** Gifted Education MEd

**Campus:** Online

**Program Description:**

The MEd in curriculum and instruction, gifted education concentration, prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. Students will gain the theory and pedagogy needed to identify and serve gifted children as well as the knowledge and skills required to develop and provide the most current instructional methods and services for their gifted students.

Graduates will understand how to identify learning potential and address specific needs of gifted and talented students. They will gain an understanding of gifted students' unique affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction so that gifted students may develop to their full potential.

Graduates will know how to develop a continuum of gifted programs and services, work with administrations, teachers, school boards and parents, and be able to advocate for gifted students at local and national levels.

The program is designed for public and private teachers in regular classrooms, honors classrooms and gifted classrooms, and also for school administrators and coordinators.

Students who complete the program will be qualified to earn a Gifted Education (K-12) endorsement from the Arizona Department of Education.

**Degree Requirements:** 30 credit hours including the required capstone course (SPE 597).

core course (3)

concentration course work (21)

elective course work (3)

culminating experience: SPE 597 Capstone Project (3)

overall required credit hours (30)

**Admission Requirements:**

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated,7.5-week classes. View the program description and request more information here.

## Curriculum and Instruction (Literacy Education), MA (EDLANGMA)

**Online Degree Search Title:** Literacy Education (MA)

**Campus:** Downtown Phoenix

**Program Description:**

The MA in curriculum and instruction, literacy education concentration provides students the opportunity to investigate theoretical and pedagogical perspectives in literacy education. Students will study literacy assessment, essential elements of instruction, content area reading, leadership, children's literature, multiliteracies, literacy research and theoretical foundations. Students will choose from specializations in multiliteracies education or programs that lead to Arizona Department of Education reading endorsements. Embedded within the courses in this program are six strands of inquiry:

**Literacy Leadership** - A primary goal of this program is to develop a cadre of literacy leaders to serve the needs of teachers and students in Arizona and beyond.

**Theoretical Foundations** - Literacy educators need to understand the relationship between theories and instructional practices in order to develop sound instructional practices and provide effective literacy instruction for all students.

**Pedagogical Knowledge and Resources** - This program provides a foundational knowledge base for literacy educators, addressing both pedagogical and content knowledge. Literacy educators need to understand how to use a variety of resources to assess students' literate abilities and use these assessments to construct appropriate instructional strategies.

**Technology and Digital Resources** - Teachers and students alike need to be prepared to face the impact and challenges technology brings to today's learning environments. This program will focus on the use of technology in our lives and the classroom to enhance learning experiences for students.

**Critical Literacy and Social Justice** - This program is designed to enhance teachers' skills and dispositions for supporting inclusive educational practices, critical thinking skills and multiliteracies to face the challenges of a diverse and global society.

**Reflective Practice** - In this program, teachers will be supported to inquire into their own instructional approaches, analyze the resources available for literacy instruction, and critically examine the environments and learning experiences constructed in their classrooms.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Educational Leadership, MEd (EDSUPVMED)

**Online Degree Search Title:** Educational Leadership (MEd)

**Campus:** West

### Program Description:

The MEd in educational leadership is designed for aspiring principals or teachers interested in becoming leaders in their schools and districts. Students learn to facilitate transformative change, successfully manage the challenges of curriculum development, interpret and use test results, interact with the community, and lead teachers to achieve school goals.

Mary Lou Fulton Teachers College offers options tailored to a student body with diverse experiences and goals.

This page describes the in-person options for the educational leadership program.

The 15-month standards-based leadership development program features hybrid course work (a blend of face-to-face and Web-based learning) taken at an ASU campus and includes a full-year, school-based internship. It is available to students who have a bachelor's degree and at least two years of preK-12 teaching experience. Students must have access to a school site that will serve as the laboratory of practice for applying the concepts, principles and leadership approaches learned through the course work.

For information on the online concentration in principalship, see the master's program in educational leadership (principalship) (TEPRINMED).

The master's in the educational leadership program is designed to prepare teachers to meet Arizona requirements for principal certification. Students interested in the online program who are seeking certification in a state other than Arizona should contact their state department of education to determine the principal certification requirements prior to applying.

**Degree Requirements:** 36 credit hours and a portfolio, or 36 credit hours including the required applied project (EDA 593).  
concentration requirements (27)  
core requirements (3)  
culminating experience: 3 credit hours of EDA 593 applied project

### Admission Requirements:

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Educational Leadership (Principalship), MEd (TEPRINMED)

**Online Degree Search Title:** Educational Leadership (Principalship) (MEd)

**Campus:** Online

### Program Description:

The MEd in educational leadership is designed for aspiring principals or teachers interested in becoming leaders in their schools and districts.

Students learn to facilitate transformative change, successfully manage the challenges of curriculum development, interpret and use test results, interact with the community, and lead teachers to achieve school goals.

Mary Lou Fulton Teachers College offers options tailored to a student body with diverse experiences and goals.

This page describes the online principalship concentration option, which is designed for students who want to complete the course work and field experiences required to attain a principalship but take advantage of the college's Internet-based course work. The program is available to students who have a bachelor's degree and at least two years of preK-12 teaching experience as a teacher of record. Students must have access to a school site that will serve as the laboratory of practice for applying the concepts, principles, and leadership approaches learned throughout the course work.

For information on the in-person program, see the master's program in educational leadership (EDSUPVMED).

The master's in educational leadership program is designed to prepare teachers to meet Arizona requirements for principal certification. Students interested in the online program who are seeking certification in a state other than Arizona should contact their state department of education to determine the principal certification requirements prior to applying.

**Degree Requirements:** 36 credit hours and a portfolio, or 36 credit hours including an applied project (EDA 593).  
concentration requirements (27)  
core requirements (3)  
graduation portfolio demonstrating mastery of Interstate School Leaders Licensure Consortium standards

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ## Educational Leadership (Supervision), MEd (TESPRVIMED)

**Online Degree Search Title:** Educational Leadership (Supervision) (MEd)

**Campus:** Online

**Program Description:**

The MEd in educational leadership is designed for aspiring principals or teachers interested in becoming leaders in their schools and districts. Students learn to successfully lead the challenges of curriculum development, interpret and use test results, engage the community and lead other teachers to achieve school goals.

Mary Lou Fulton Teachers College offers options tailored to a student body with diverse experiences and goals.

This page describes the online supervision concentration (teacher leader) program, which is designed for PreK-12 teachers who want a more

defined role in their school district by becoming an Arizona certified supervisor. The program focuses on building important leadership and curriculum skills and allows students to take advantage of the college's Internet-based course work. The program is available to students who have a bachelor's degree and at least one year of teaching experience. Students must have access to a school site that will serve as the laboratory of practice for applying what they learn in the program.

Other options available:

- in-person program, see master's program in educational leadership (EDSUPVMED)
- online concentration in supervision, see master's program in educational leadership (principalship) (TEPRINMED)

Available options under the master's in educational leadership program are designed to prepare teachers to meet Arizona requirements for principal or supervision certification. Students interested in the online program who are seeking certification in a state other than Arizona should contact their state department of education to determine the principal or supervision certification requirements prior to applying.

**Degree Requirements:** 36 credit hours and a portfolio, or 36 credit hours including the required applied project (EDA 593).  
concentration requirements (27)  
core requirements (3)  
graduation portfolio demonstrating mastery of Interstate School Leaders Licensure Consortium standards

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ## Educational Policy, MA (EDSPFMA)

**Online Degree Search Title:** Educational Policy

**Campus:** Tempe

**Program Description:**

The MA in educational policy is designed to provide participants with training in education policy and applied data analysis. It is particularly well suited for individuals whose careers require the use and interpretation of data, such as overseeing assessments or conducting program evaluations. Classroom teachers will gain a new perspective on their schools, classrooms and teaching with the skills they develop in the masters program.

The course work will deepen students' understanding of research and policy making, allow them to critically assess education programs and policies, and develop the skills they need to engage in data-driven decision making. Courses address key issues in contemporary education policy, evaluating and synthesizing research literature, analyzing and interpreting data, and conducting applied research projects. With the assistance of a faculty or academic advisor, students will also customize their elective courses in educational policy, research methods and areas of interest to enhance their knowledge and skills.

In the culminating experience in the final semester, students will design and execute an individual or group project that will utilize their new knowledge and research skills.

**Degree Requirements:** 30 credit hours including an applied project (EPA 593).

Core Course Requirements: (15)

EPA 532 Becoming an Informed Consumer of Education Research (3)

EPA 555 Translating Research for Education Change (3)

EPA 556 Data Analysis for Education Decisionmakers (3)

EPA 559 Systematic Inquiry for Problem Solving (3)

EPA 565 Critical Topics in Education Policy (3)

Restricted Elective or Research Course Work (12)

Culminating Experience: EPA 593 Applied Project (3)

Total credit hours required for the program: 30

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with Educational Studies, BAE

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:** Applicants to this program are required to meet Graduate Education admission standards and submit the following: •

Graduate Education online admission application, including application fee

- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

A minimum of a 3.00 cumulative GPA in the last 60 hours of a student's first bachelor's degree program is required by Graduate Education.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

## **Educational Policy and Evaluation, PHD (EDLDRSHPHD)**

**Online Degree Search Title:** Educational Policy and Evaluation (PhD)

**Campus:** Tempe

#### **Program Description:**

The PhD in educational policy and evaluation prepares scholars who teach and conduct rigorous, high-impact and interdisciplinary research on education policy that advances our collective understanding of preK-20 education.

Doctoral students in the educational policy and evaluation program engage in systematic analyses of education policies in a variety of settings, including schools, universities, research centers, government agencies and nongovernmental organizations.

The program emphasizes intensive training in the theory, methods and practice of education policy research and evaluation and an area of specialization.

Areas of specialization include, but are not limited to:

- American Indian education
- comparative, international and global education
- economics and finance of education
- higher and postsecondary education
- language policy and linguistic diversity
- Latino and Latina education
- research, evaluation and assessment methods
- science, technology, engineering and mathematics (STEM)
- sociocultural foundations of education

Educational policy and evaluation students work closely with nationally and internationally recognized faculty members on collaborative and independent research projects that result in policy briefs, reports, scholarly articles and engagement in education policy. The program also provides opportunities for internships in applied settings and varied experiences in scholarly publishing.

Students are expected to engage in the doctoral program full time. Funding packages that include a competitive stipend, tuition remission and health insurance are available. A limited number of additional awards will be available for outstanding candidates. These funding packages can be renewed each year, if students make satisfactory progress, for a total of four years.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Of the 84 hours required for the degree 54 must be earned at ASU and 24 of the ASU hours must be earned in research or dissertation. The course work includes classes in policy analysis, research methods and an area of specialization.

Students entering the doctoral program with a master's degree in a related discipline may count up to 30 credit hours from the master's degree toward the 84 credits. In addition, a student may use up to 12 additional credit hours toward the doctorate if documentation is provided showing that those credit hours were not part of the master's degree. Students without a master's degree in a related discipline may transfer no more than 12 credit hours toward the degree.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's and master's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- GRE scores\*
- an academic writing sample
- curriculum vitae
- proof of English proficiency\*\*

\*There is no minimum requirement.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Educational Technology, MEd (EDTECHMED)

**Online Degree Search Title:** Educational Technology (MEd)

**Campus:** Tempe

**Program Description:**

The MEd in educational technology emphasizes the design, development, implementation and management of educational technology applications

in learning settings.

The program has a strong focus on current and emerging trends and technologies including human performance technology, training, Web-based learning, distance learning, distance education, technology integration, multimedia learning, animated pedagogical agents and interactive learning environments.

Students may choose from one of two specializations designed to meet the needs of the program's main client groups ---- teachers and instructional designers. Graduates of the program typically are employed as educational technologists in schools, community colleges and universities, or as instructional designers and training specialists in corporate settings.

The program's success is rooted in the accomplishments of its faculty, the placement and achievements of its graduates and the quality of its students.

The college also offers graduate certificates in instructional design and performance improvement and K-12 online teaching. Each certificate program can be completed within a two-year period while pursuing a graduate degree or as a stand-alone certificate.

**Degree Requirements:** 30 credit hours including the required applied project course (EDT 593).

In consultation with an academic advisor, each student develops a plan of study in one of two tracks: technology for teaching or instructional design and technology.

Required Courses (12):

EDT 501 Foundations and Issues in Educational Technology (3)

EDT 502 Design and Development of Instruction (3)

EDP 540 Theoretical Views of Learning (3)

EDT 593 Applied Project (3)

Specialization Courses (9)

Electives (9)

#### **Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- GRE or MAT scores\*
- resume
- proof of English proficiency\*\*

\*An admissions exam will not be required for applicants with a minimum of three years' experience as a teacher, trainer or instructional designer. Applicants who do not meet this professional experience requirement must have a score of 500 or above on the verbal section of the Graduate Record Exam or a score of 400 or above on the Miller Analogies Test.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

## **Educational Technology, PHD (EDTECHPHD)**

**Online Degree Search Title:** Educational Technology (PhD)

**Campus:** Tempe

**Program Description:**

The focus of the PhD program in educational technology is on the design, development and evaluation of instructional systems and on educational technology applications to support learning. The doctoral program emphasizes research using educational technology in applied settings.

The program prepares students for a variety of professional positions. Graduates are typically employed as university faculty, educational technologists or instructional designers in universities, community colleges and schools or as training managers in corporate settings.

**Degree Requirements:** 84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The following course work is required for all students in the program:

Required Courses (24 hours)

- EDP 540 Theoretical Views of Learning (3)
- EDP 552 Multiple Regression and Correlation Methods (3)
- EDP 554 Analysis of Variance Methods (3)
- EDT 501 Foundations and Issues in Educational Technology (3)
- EDT 502 Design and Development of Instruction (3)
- EDT 503 Instructional Media Design (3)
- EDT 504 Development of Computer-Based Instruction (3)
- EDT 506 Educational Evaluation (3)
- EDT 701 Research in Educational Technology (3)

Elective Courses (30 hours)

Students select a minimum of 30 credit hours of elective course work in consultation with a faculty advisor or doctoral committee chair.

Practicum Hours (6 and research, below)

Students must earn at least 18 semester hours of credit for practicum courses. Students will complete three different practica while in the program: instructional design (typically EDT 780, 3 credits), teaching (typically EDT 680, 3 credits) and a research practicum.

Research & Dissertation (24 hours)

**Admission Requirements:**

All applicants must meet Graduate Education admission standards and submit the Graduate Education online application. The online application requires:

- transcript showing conferral of a bachelor's from a regionally accredited institution; a four-year undergraduate GPA of 3.20 or above
- three email addresses for professional recommendations
- personal statement
- resume
- GRE scores: scores of 500 or above on the verbal reasoning and quantitative reasoning sections of the GRE; a score of four or above on the analytical writing section of the GRE
- English proficiency: a score of 600 (paper-based) or above on the TOEFL or 100 (Internet-based)

Applicants must fulfill requirements of both Graduate Education and Mary Lou Fulton Teachers College.

**Elementary Education (Teacher Certification), MEd (TEEEACLME)**

**Online Degree Search Title:** Elementary Education (Teacher Certification) (MEd)

**Campus:** Downtown Phoenix, Tempe, West

**Program Description:**

The MEd in elementary education program offers three options for students to earn a master's degree and Arizona teacher certification: Masters and Arizona Certification, Induction, Masters and Arizona Certification, and iTeachAZ.

This program is for those who already have a bachelor's degree in any field and want to become licensed to teach grades 1-8.

Our elementary education program builds strong connections between theory and practice through quality classroom instruction paired with extensive clinical experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Teachers College faculty members actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers our students to engage in their own research through the applied project course work.

A series of clinical experiences or field placements are designed to assist our students in developing a thorough understanding of teaching and learning as they apply knowledge from their course work in varied school settings. Individualized guidance through our clinical framework provides our students with the support they need to become effective educators.

The Masters and Arizona Certification program students take classes at an ASU campus two nights a week and are required to do a field experience one day per week for at least two semesters. During the last semester of the MAC program, students complete a full-time student teaching experience.

The Induction, Masters and Arizona Certification program features a partnership with Teach For America, various school districts and charter schools. The InMAC program provides an alternative pathway to teacher certification for full-time teachers on an intern teaching certificate. To qualify, individuals must secure a full-time teaching position. Participants take classes one night per week and must be continuously enrolled in apprentice teaching course work.

In the iTeachAZ program, students take classes and complete all field work in a partner school district. This is a daytime program in which students take classes two to three days per week and complete three days of field experience. In their next-to-last semester, students complete a full-time student teaching experience.

**Degree Requirements:** 33 credit hours including the required applied project course (EED 593).

Students in this program will complete an applied project as part of their plan of study. The applied project is conducted in the student teaching or apprentice teaching school setting.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*
- IVP Fingerprint Clearance Card issued by the State of Arizona

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

## English as a Second Language (Certificate), Certificate (TEESLGRCT)

**Online Degree Search Title:** English as a Second Language

**Campus:** Online

**Program Description:**

The graduate certificate in English as a second language prepares students to teach English language learners in a variety of settings, including

U.S. schools. The program caters to professionals with a wide range of roles, including both new and experienced teachers, administrators, policymakers and community workers. Students of this program will gain strategies to assist their students in developing ESL skills in reading, writing and listening, and will involve the community and families as partners.

The program teaches educators specific skills for assessing English learner proficiency and content area knowledge, knowledge of various program models, and a stronger foundation in supporting ESL students' language acquisition. Students will leave the program with a historical perspective of English learners in the U.S. and context of past and current policy towards ESL. The course work in the ESL graduate certificate leads to the ESL endorsement in the State of Arizona.

**Degree Requirements:** 18 credit hours.

Required Courses (15 credit hours):

- BLE 511 Introduction to Language Minority Education (3)
- BLE 520 ESL for Children (3)
- BLE 522 Literacy/Biliteracy Development (3)
- BLE 529 Language Assessment and Evaluation of ESL/BLE Students (3)
- BLE 561 Parent Involvement in Language Minority Education Programs (3)

Electives (3 credit hours, choose one):

- BLE 535 Sociolinguistic Issues in Bilingual Education (3)
- BLE 537 Language Structure Acquisition (3)

Culminating Experience: none

Total required credit hours: 18

#### **Admission Requirements:**

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admissions application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## **Gifted Education (Certificate), Certificate (TEGEDGRCT)**

**Online Degree Search Title:** Gifted Education

**Campus:** Online

#### **Program Description:**

The graduate certificate in gifted education prepares teachers, school administrators, school psychologists, early interventionists and family members to work effectively with gifted children. The graduate certificate provides students with the theory and pedagogy needed to identify and serve gifted children as well as the knowledge and skills required to develop and provide the most current instructional methods and services for

their gifted students.

Graduates will understand how to identify learning potential and address specific needs of gifted and talented students. They will gain an understanding of gifted students' unique affective and academic needs and know how to design and provide appropriately challenging, differentiated curriculum and instruction so that gifted students may develop their full potential.

Graduates will know how to develop a continuum of gifted programs and services, work with administrators, teachers, school boards and parents, and be able to advocate for gifted students at local and national levels.

The course work in the graduate certificate leads to the gifted education endorsement in the State of Arizona.

**Degree Requirements:** 15 credit hours.

Required Courses (12 credit hours):

SPE 585 Creativity: Foundations of Research and Development in Gifted Education (3)

SPE 586 Advising the Gifted Learner: Social and Emotional Needs (3)

SPE 587 Special Populations in Gifted Education (3)

SPE 588 The Gifted Learner: Foundations of Identification, Education and Development (3)

Electives (3 credit hours, choose one):

SPE 572 Testing and Measurement in Gifted Education: Methods (3)

SPE 573 Differentiating Instruction for Gifted Learners: Teaching Methods (3)

SPE 589 Teaching the Gifted Learner: Models, Methods and Programs (3)

Culminating Experience: none required

Total required credit hours: 15

**Admission Requirements:**

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Higher and Postsecondary Education, MEd (EDPOSTMED)

**Online Degree Search Title:** Higher and Postsecondary Education (MEd)

**Campus:** Downtown Phoenix, Tempe

**Program Description:**

The MEd in higher and postsecondary education is designed to facilitate the professional development of those who work in colleges and

universities in administrative or support positions.

The higher and postsecondary education program's mission is to develop leaders who are characterized by a strong foundation in the theory and practice of higher education administration; capacity to analyze the issues confronting contemporary colleges and universities; and expertise in designing solutions to innovate administrative decision-making. The program is guided by the ethos of discovery present at Arizona State University and the Mary Lou Fulton Teachers College. The goal of this program is to better understand the challenges that face contemporary colleges and universities through innovation, excellence, inclusion and collaboration. Students will have the opportunity to make a local impact to support the success of higher education in the state of Arizona.

Course work addresses a range of practice-focused topics in the field, including the history of higher education in the United States, organizational characteristics of colleges and universities, important laws and policies pertaining to administrative practice in higher education, how colleges and universities are funded, how to successfully work with the diverse stakeholders in contemporary higher education, and how to collect and use data to improve decision-making.

This 30-credit, 10-course program is offered on a 7.5-week calendar in fall and spring semesters (six weeks in summer). Students may enroll part time or full time.

Most courses are offered in a hybrid format with 50 percent of the content delivered face-to-face (weekday evenings) and 50 percent delivered through independent or technology-supported learning experiences and fieldwork.

This program culminates with the creation and presentation of an applied project that demonstrates a student's learning and development and is designed to promote this student's career advancement in higher education.

**Degree Requirements:** 30 credit hours including the required applied project course (HED 593).

The following course work is required for all students in the program:

- core requirements (9)
- foundation courses (18)
- applied project (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## **Institutional Research and Policy Analysis (certificate), Certificate (EDINSRESCE)**

**Online Degree Search Title:** Institutional Research and Policy Analysis (Grad Certificate)

**Campus:** Tempe

**Program Description:**

People working in or with schools are increasingly being asked to interpret and make decisions based on data. The graduate certificate in institutional research and policy analysis provides participants with the training and skills in education policy and applied data analysis that will allow

them to critically assess education programs and policies and engage in data-driven decision-making. The certificate consists of five courses in which students will analyze data from real-world settings, including their own schools or organizations.

This certificate program will allow students to:

- glean insights from data that will help them make effective decisions in classrooms, schools, districts and other organizations
- present reliable and pertinent data to their colleagues and administrators
- develop analyses that can help them identify instructional changes aimed at improving student achievement

**Degree Requirements:** 15 credit hours.

Required Courses: (15 hours)

EPA 532 Becoming an Informed Consumer of Education Research (3)

EPA 555 Translating Research for Educational Change (3)

EPA 556 Data Analysis for Education Decision Makers (3)

EPA 559 Systematic Inquiry for Problem Solving (3)

EPA 565 Critical Topics in Education Policy (3)

**Admission Requirements:**

Applicants to this program are required to meet the Graduate Education admission standards and submit the following:

## **Instructional Design and Performance Improvement (certificate), Certificate (EDEDTGRCT)**

**Online Degree Search Title:** Instructional Design and Performance Improvement (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

Mary Lou Fulton Teachers College offers a graduate certificate in instructional design and performance improvement that focuses on how to facilitate learning and improve performance in a variety of settings.

The certificate program focuses on design and development of instruction, instructional media design, development of computer-based instruction and trends in performance improvement.

Students can concurrently pursue the graduate certificate while enrolled in other graduate programs at ASU.

The graduate certificate includes a specific series of courses that will help a student achieve professional growth.

**Degree Requirements:** 15 credit hours including the required capstone course (EDT 504).

EDT 501 Foundations and Issues in Educational Technology (3)

EDT 502 Design and Development of Instruction (3)

EDT 503 Instructional Media Design (3)

EDT 504 Development of Computer-Based Instruction (3)

EDT 507 Trends in Performance Improvement (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English language proficiency.

GRE scores are not required for admission.

## Leadership and Innovation, EdD (TELINEDD)

**Online Degree Search Title:** Leadership and Innovation (EdD)

**Campus:** Downtown Phoenix, West, Online

**Program Description:**

The EdD in leadership and innovation is designed for practicing educator-leaders who want to transform and better their practice, and create better learning opportunities for students of all ages in a range of preK-20 educational settings.

The focus of the 60-credit program is research in action. Students conduct multiple cycles of action research throughout the program and learn by doing research within their own workplace.

Students in the program begin as accomplished teachers, teacher leaders, principals and superintendents, and higher education professionals, and develop into edupreneurs. Through course work, they deepen their abilities to lead change and implement innovation in their local educational organizations. The program is not designed to prepare students for academic tenure-track positions.

The program is offered in two formats, face-to-face and online, with both offerings sharing similar course work and structure. Please see the program website for application deadlines.

The three-year cohort-based program begins with an introduction to doctoral studies course and the formation of a professional learning community that draws on the strengths of all group members. Students take seven more required courses as well as five elective courses over the next two years.

Required courses are typically team-taught by faculty and task students with conducting research in their workplace, which lays the foundation for the culminating project: the action research dissertation.

Leader-scholar communities, formed at the end of the first year and consisting of five to seven students and one or two faculty members, meet regularly for the second and third years of the program to supply academic and personal support. Students register for required research and dissertation hours as part of the LSC requirement.

Through these LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Students share their research during formal research days through roundtables, posters and symposia.

Successful graduates have made a commitment to continuing systematic study of their professional practice and to make a positive difference in their local workplaces by putting their research into action. The program aims to enable more thoughtful, intentional and informed leaders, willing and able to implement and study change.

The program will make a difference in the way a student thinks and works as a leader in education, for the immediate and local benefit of school children, adult learners, the student's school or organization, the community and the world.

**Degree Requirements:** 90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Professional core (15)  
Research core (9)  
Advanced professional studies (15)  
Directed field-based study (3)  
Participation in leader scholar communities (6)  
Dissertation (12)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's and master's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- an academic writing sample
- curriculum vitae
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Students must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Leadership and Innovation (Policy and Administration), EdD (TEINPAEDD)

**Online Degree Search Title:** Educational Leadership and Innovation (Policy/Admin) (EdD)

**Campus:** West

**Program Description:**

The EdD in leadership and innovation program is designed for practicing educator-leaders who want to participate in creating better learning opportunities for students of all ages in a range of settings with the ultimate goal of transforming the practice of education.

The focus of the program is research in action. Students conduct multiple studies throughout the program to learn by doing and to influence change based on scholarship applied in their workplace.

Students in the program begin as accomplished teachers, teacher leaders, principals and superintendents, and "edupreneurs" or higher education professionals. Through their learning, they deepen their abilities to lead and innovate in educational organizations. The program is not designed to prepare students for academic tenure-track positions.

The cohort-based program begins in summer with an introduction to doctoral studies and the formation of a professional learning community that draws on the strengths of all group members.

Required courses are team-taught by faculty and require students to conduct research in their workplace, laying the foundation for the culminating project: the action research study documented in the dissertation.

Leader-Scholar Communities, formed at the end of the first year and consisting of five to seven students and two faculty members, meet regularly for the second and third years of the program. Students register for required research and dissertation hours as part of the LSC requirement.

Through these LSCs, students support each other, under faculty guidance, in the conceptualization, implementation and study of change initiatives. Students share their research at the end of each semester through roundtables, posters and symposia in a public research day.

Successful graduates have made a commitment to continuing systematic study of their professional practice and make a positive difference in their local workplaces putting their research in action. ## Learning Sciences, MA (EDPSYCHMA)

**Online Degree Search Title:** Learning Sciences (MA)

**Campus:** Tempe

**Program Description:**

The MA in learning sciences combines social and technological innovations in order to enhance learning and teaching systems in formal and informal settings. This program focuses on the power of design to merge theoretical insights and usable tools in order to refine and optimize these systems. The systems-level approach encourages consideration of cognitive, social and contextual foundations of learning and teaching as well as the complex interactions among them. Together, these emphases enable students to become leaders in the development, integration and improvement of sustainable and impactful innovations that organize learning and teaching experiences.

**Degree Requirements:** 30 credit hours including the required applied project course (LSE 593), or 30 credit hours, a thesis and a written comprehensive exam.

Thesis Option:

Core (3)

Electives or Research (21)

LSE 599 Thesis (6)

Nonthesis Option:

Core (3)

Electives or Research (24)

LSE 593 Applied Project (3)

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Educational Studies, BAE

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

An applicant must have a minimum of a bachelor's or master's degree in any field from a regionally accredited college or university and a minimum of a 3.00 cumulative GPA (scale is 4.00=A) in the last 60 hours of a student's first bachelor's degree program.

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume

- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Learning, Literacies and Technologies, PHD (EDCIPHD)

**Online Degree Search Title:** Learning, Literacies and Technologies (PhD)

**Campus:** Tempe

**Program Description:**

The PhD in learning, literacies and technologies is designed to prepare scholars who will address socially significant educational programs and transform preK-20 educational programs through rigorous research and educational interventions. Graduates rely on interdisciplinary theoretical and methodological perspectives to engage, influence and transform educational institutions and their practices.

The program graduates educational researchers who serve as scholars, leaders and teacher educators engaged in the design, development and use of literacies and technologies that promote learning. Graduates are stewards of their educational field, working across disciplinary boundaries to address the learning challenges of the new millennium.

Students will begin researching during their first semester and continue throughout the four-year program. An interdisciplinary team of scholars led by distinguished faculty members will collaborate with doctoral students, individually and in teams, to design powerful studies, implement them in authentic settings, collect and analyze data, write research reports, and present and publish the results.

Academic study and research in the learning, literacies and technologies program focuses on the nature of human learning and literacies across diverse learners and contexts, the use of technologies to support learning, the design of learning environments, and the conditions under which learning occurs.

As a future scholar, teacher educator or researcher, the student will develop areas of emphasis with their faculty advisor and doctoral committee members to work at the cutting edges of educational science, leading the way to innovation and exploration of new technologies and literacies for learning.

Students are expected to engage in the doctoral program on a full-time basis. Funding packages that include a competitive stipend, tuition remission and health insurance are available. A limited number of additional awards will be available for outstanding candidates. These funding packages can be renewed each year, if students make satisfactory progress, for a total of four years.

**Degree Requirements:** 85 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Core courses (13)

Specialization courses (12)

Elective or research courses (12)

Dissertation (12)

Research (3)

Internship (3)

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- GRE scores\*
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- an academic writing sample
- curriculum vitae

- proof of English proficiency\*\*

\*There is no minimum requirement.

\*\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

## Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)

**Online Degree Search Title:** Online Teaching for Grades K-12 (Grad Certificate)

**Campus:** Tempe, Online

**Program Description:**

The online teaching for grades K-12 graduate certificate program prepares students to teach in an online environment. The goal of the program is to prepare current K-12 teachers to teach in an online and blended learning environment and to become leaders in the development, implementation and evaluation of online and blended programs.

The program consists of online courses that prepare K-12 educators for online teaching in technological, pedagogical and content-related areas.

Graduates will be better able to help students understand how various topics within a subject area are effectively represented using technology and pedagogical strategies required to teach these concepts online.

This is accomplished through offering course work that addresses all three domains along with field experience opportunities. Through these experiences, students will be better prepared to teach in online and blended educational environments.

The graduate certificate in online teaching for grades K-12 is open to all ASU graduate students irrespective of their major, however, students should have an interest or focus on educational technology as it applies to the K-12 classroom.

The graduate certificate can be completed within a two-year period along with a graduate degree or as a stand-alone certificate. This means that students can be enrolled in the graduate certificate and the Master of Education in educational technology at the same time, or they may complete the graduate certificate separately. Please note that students intending to complete both the graduate certificate and the Master of Education program must be enrolled in both programs. A separate enrollment process for each program is required.

**Degree Requirements:** 15 credit hours including the required capstone course (EDT 580).

The certificate requires five courses, each consisting of three credit hours. The culminating experience for this certificate program is an electronic portfolio that will be completed in EDT 580.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English language proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants should have at least one year of K-12 classroom teaching experience and should be able to function successfully in an online environment.

Applicants must fulfill both the requirements of Graduate Education and those of the Mary Lou Fulton Teachers College.

## Physical Education, MPE (ECPHYEDMPE)

**Online Degree Search Title:** Physical Education - Polytechnic Campus (MPE)

**Campus:** Polytechnic

**Program Description:**

The MPE program offers three options for students interested in gaining knowledge of current curriculum and instructional and administrative practices and procedures in physical education. Emphasis is placed on improving instructional effectiveness and developing quality physical education programs in school settings as well as expanded physical activity programming beyond the physical education lessons within school environments. Students will learn about designing, implementing and assessing Comprehensive School Physical Activity Programs. This type of programming reflects current global trends in promoting physical activity for children, youth, school staff, and families in communities surrounding school campuses. The MPE degree gives candidates the flexibility to design a plan of study that enhances their interests and professional specialization.

- The MPE, pedagogy research track is appropriate for students interested in learning more about research on teaching in physical education settings. This track may be of interest to students who already have a teacher certificate in physical education and are interested in pursuing doctoral studies in the future.
- The MPE with a physical education endorsement (grades K-12) familiarizes students with the most current trends and issues in school physical education. Students can focus on numerous topics within elementary physical education, secondary physical education and adapted physical education. This track may be of interest to students with a teaching certificate in a different subject matter who are interested in a K-12 physical education endorsement.
- The master's and Arizona certification in physical education program provides students with the course work and practical experiences necessary to become certified to teach physical education in the public schools. The program provides participants an institutional recommendation for an Arizona secondary education (grades 6-12) certification with a Physical Education endorsement (grades K-12) and the Master of Physical Education degree.

**Degree Requirements:** 33 credit hours including the required applied project course (PPE 593) and a written comprehensive exam.

The degree has three tracks.

Physical Education K-12 Teaching Track:

core studies (24)  
electives (6)  
applied project (3)

Physical Education Pedagogy Research Track:

core studies (24)  
electives (6)  
applied project (3)

Physical Education Initial Teacher Certification track:

core studies (24)  
electives (6)  
applied project (3)  
additional courses for certification

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- a personal statement describing the applicant's interests and reason for seeking this degree

- resume
- proof of English proficiency for applicants whose native language is not English (regardless of current residency)
- IVP Fingerprint Clearance Card issued by the State of Arizona

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and Mary Lou Fulton Teachers College.

## Secondary Education (Teacher Certification), MEd (TESCERTMED)

**Online Degree Search Title:** Secondary Education (Teacher Certification) (MEd)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:**

The MEd in secondary education with teacher certification offers three options for students to earn a master's degree and Arizona teacher certification. This program is for those who want to become certified to teach grades 6-12 in the public schools and already have a bachelor's degree in any field and at least 24 college credits in math, science, English, history, political science, fine arts or foreign language.

Our secondary education program builds strong connections between theory and practice through quality classroom instruction paired with extensive clinical experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Mary Lou Fulton Teachers College faculty members actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers our students to engage in their own research through the culminating action research applied project.

A series of clinical experiences or field placements are designed to assist our students in developing a thorough understanding of teaching and learning as they apply knowledge from their course work in varied school settings. Individualized guidance through our clinical framework provides our students with the support they need to be successful in today's rapidly evolving educational environment.

In the Masters and Arizona Certification (MAC) program, students take classes at an ASU campus two nights a week and are required to do a field experience one day per week for at least two semesters. During the last semester of the program, students complete a full-time student teaching experience in their content area.

The Induction, Master of Education and Arizona Certification (InMAC) program provides an alternative pathway to teacher certification for full-time teachers on a Teaching Intern Certificate. To qualify, individuals must secure a full-time teaching position. The InMAC program also features a partnership with Teach For America. Participants take classes one night per week.

The iTeachAZ Teacher Education for Arizona Math and Science (TEAMS) program seeks to promote STEM (Science, Technology, Engineering, and Mathematics) learning within secondary schools. To apply, students must have at least 24 college credits in math, biology, chemistry, physics, or earth and space science. TEAMS students complete a year-long student teaching experience during the day and take course work both at the ASU Polytechnic campus and the Mesa Unified School District in the afternoon and evening hours.

**Degree Requirements:** 33 credit hours including the required applied project course (SED 593).

The MEd in secondary education requires an applied project, which is included in the student's plan of study and must be completed during student teaching or apprentice teaching.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume

- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill both the requirements of Graduate Education and the Mary Lou Fulton Teachers College.

**Contact Information:**

## Special Education (Teacher Certification), MEd (TESECRTMED)

**Online Degree Search Title:** Special Education (Teacher Certification) (MEd)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:**

The MEd in special education with Arizona teacher certification program offers two options for students to earn a master's degree and Arizona teacher certification. This program is for those seeking Arizona teacher certification in cross-categorical special education (grades K-12). The cross-categorical areas include mild forms of emotional, learning, behavioral and orthopedic disabilities as well as intellectual disabilities and other health impairments.

Our special education program builds strong connections between theory and practice through quality classroom instruction paired with extensive clinical experiences.

Students gain a strong foundation in teaching and content knowledge from experts in the field of education. Mary Lou Fulton Teachers College faculty members actively engage in the educational research community and embed this vital knowledge throughout the program. This connection further empowers our students to engage in their own research through the culminating action research applied project.

A series of clinical experiences or field placements are designed to assist our students in developing a thorough understanding of teaching and learning as they apply knowledge from their course work in varied school settings. Individualized guidance through our clinical framework provides our students with the support they need to be successful in today's rapidly evolving educational environment.

In the Masters and Arizona Certification (MAC) program, students take classes at an ASU campus two nights a week and are required to complete daytime field experiences for at least two semesters. Students in the MAC program receive dual Arizona teacher certification in cross-categorical special education (grades K-12) and elementary education (grades 1-8). During the last semester of the program, students complete a full-time split student teaching experience: half the semester in a special education classroom and the other half in an elementary classroom.

The Induction, Master of Education and Arizona Certification (InMAC) program provides an alternative pathway to Arizona teacher certification in cross-categorical special education (grades K-12) for full-time teachers on the Teaching Intern Certificate. To qualify, individuals must secure a full-time teaching position. The InMAC program also features a partnership with Teach For America. Participants take classes one night per week.

**Degree Requirements:** 33 credit hours including the required applied project course (SPE 593).

Students must complete 33 credit hours and an applied project. The applied project is completed during the student teaching or apprentice teaching experience.

**Admission Requirements:**

Applicants to this program are required to meet Graduate Education admission standards and submit the following:

- Graduate Education online admission application, including application fee
- official transcripts showing a bachelor's degree conferred from a regionally accredited institution
- three letters of recommendation from individuals who can speak to the applicant's potential for success in a graduate program
- personal statement describing the applicant's interests and reason for seeking this degree
- resume
- proof of English proficiency\*

\*Applicants whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required for admission.

Applicants must fulfill the requirements of both Graduate Education and Mary Lou Fulton Teachers College.

## Technology for Teaching and Learning (certificate), Certificate (EDEDTTGRCT)

**Online Degree Search Title:** Technology for Teaching and Learning (Grad Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate in technology for teaching and learning is geared toward classroom teachers who want to become skilled at integrating technology in the curriculum. Students will acquire the knowledge and skills needed to meet the National Education Technology Standards for Teachers, developed by the International Society for Technology in Education and being adopted by the National Council for Accreditation for Teacher Education. All courses will be offered online and face-to-face. The certificate program can be completed within a two-year period.

**Degree Requirements:** 15 credit hours including the required capstone course (EDT 591).

Students must successfully complete four out of a possible six educational technology courses before completing a three-credit required capstone course.

**Admission Requirements:**

Applications are currently closed.

## **Thunderbird School of Global Management Program Offerings**

Thunderbird School of Global Management academic programs transitioned to Arizona State University in the 2014-2015 academic year. The following programs were offered only to continuing Thunderbird School of Management students.

## **Global Finance, MS (TXGFINMS)**

### **Program Description:**

The MS in Global Finance focuses on global financial regulations, regional dynamics, national laws, and cultural variations that drive international finance. Students are able to develop skills, insight, and training for effective financial decision-making and strategy on an international scale.

### **Degree Requirements:**

45 credit hours:

Required Courses (30)

Elective or Research Courses (12)

Global Culminating Experience: (3)

Proficiency in a second language is required for graduation from the MS degree. Nonnative English speakers who meet the admission requirements for the MS program satisfy the language requirement. Non-English speakers must satisfy the graduation requirements for language proficiency by waiving this requirement through an oral proficiency interview administered by a 3rd party vendor within the first 60 days of starting classes OR the student must successfully complete six hours of 400 level or higher of foreign language course work.\*

\*If students opt to take the six credit hours of 400-level language course work to fulfill this requirement, they may use these credits towards their elective course work.

### **Admission Requirements:**

Students must be already admitted into the degree program at the Thunderbird School of Global Management prior to spring 2015.

Admitted students will have supplied:

- official transcripts of all course work completed at institutions other than ASU
- GMAT or GRE test scores
- confirmation from Thunderbird School of Global Management admission into the program

**Degree:** A minimum of a bachelor's or master's degree in global management fields, or a closely related field from a regionally accredited college or university is required.

**GPA:** A minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of a student's first bachelor's degree program is required; a minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree is required.

**English Proficiency Requirement for International Applicants:** The English proficiency requirements are the same as the Graduate Education requirement.

## **Global Management, MBA (TXGMMBA)**

### **Program Description:**

The MBA in global management provides students a broad global business perspective to help foster emerging global leaders in their careers. The program is intended for students who have had less than two years of full time work experience post undergraduate degree conferral that wish to start a career in a global business setting. The MBA includes the executive MBA, the traditional MBA and the executive Saudi Arabia MBA.

### **Degree Requirements:**

46.5 credit hours

Required Courses (40.5)

Culminating Experience (6)

### **Admission Requirements:**

Students must be already admitted into the degree program at the Thunderbird School of Global Management prior to spring 2015.

Admitted students will have supplied:

- official transcripts of all course work completed at institutions other than ASU
- GMAT or GRE test scores
- confirmation from Thunderbird School of Global Management admission into the program

**Degree:** A minimum of a bachelor's or master's degree in global management fields, or a closely related field from a regionally accredited college or university is required.

**GPA:** A minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of a student's first bachelor's degree program is required; a minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree is required.

**English Proficiency Requirement for International Applicants:** The English proficiency requirements are the same as the Graduate Education requirement.

## **Global Marketing, MS (TXGMKTMS)**

### **Program Requirements:**

The MS in global marketing will allow students to dive deeper into the area of global marketing specifically as the degree provides a general overview of global management. It will allow for students to position themselves in the job market to enter in with both global management and global marketing skills.

### **Degree Requirements:**

45.5 credit hours

Required Courses (30.5)

Elective or Research Courses (12)

Culminating Experience (3)

Proficiency in a second language is required for graduation from the MS degree. Nonnative English speakers who meet the admission requirements for the MS program satisfy the language requirement. Non-English speakers must satisfy the graduation requirements for language proficiency by waiving this requirement through an oral proficiency interview administered by a 3rd party vendor within the first 60 days of starting classes OR the student must successfully complete six hours of 400 level or higher of foreign language course work.\*

\*If students opt to take the six credit hours of 400-level language course work to fulfill this requirement, they may use these credits towards their elective course work.

### **Admission Requirements:**

Students must be already admitted into the degree program at the Thunderbird School of Global Management prior to spring 2015.

Admitted students will have supplied:

- official transcripts of all course work completed at institutions other than ASU
- GMAT or GRE test scores
- confirmation from Thunderbird School of Global Management admission into the program

**Degree:** A minimum of a bachelor's or master's degree in global management fields, or a closely related field from a regionally accredited college or university is required.

**GPA:** A minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of a student's first bachelor's degree program is required; a minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree is required.

**English Proficiency Requirement for International Applicants:** The English proficiency requirements are the same as the Graduate Education requirement.

## **Global Management, MS (TXGMGTMS)**

### **Program Requirements:**

The MS in global management provides students a broad global business perspective to help foster emerging global leaders in their careers. The program is intended for students who have had less than two years of full-time work experience post undergraduate degree conferral that wish to start a career in a global business setting.

### **Degree Requirements:**

45 credit hours

Required Courses (30.5)

Required Concentration Courses (18)

Elective or Research Courses (12)

Culminating Experience (3)

Proficiency in a second language is required for graduation from the MS degree. Nonnative English speakers who meet the admission requirements for the MS program satisfy the language requirement. Non-English speakers must satisfy the graduation requirements for language proficiency by waiving this requirement through an oral proficiency interview administered by a 3rd party vendor within the first 60 days of starting classes OR the student must successfully complete six hours of 400 level or higher of foreign language course work.\*

**English Proficiency Requirement for International Applicants:** The English proficiency requirements are the same as the Graduate Education requirement.

## **Master of Global Management, MGM (TXGMMGM)**

### **Program Description:**

The MGM in global management provides students a broad global business perspective to help foster emerging global leaders in their careers. The program is intended for students who already have an MBA that is AACSB accredited and wish to start a career in a global business setting or supplement their knowledge in global business.

### **Degree Requirements:**

30.5 credit hours

Required Courses (12)

Culminating Experience (3)

Second language proficiency (or electives if language requirement already met) (15)

Thunderbird Edge Professional Development Course (.5)

### **Admission Requirements:**

Students must be already admitted into the degree program at the Thunderbird School of Global Management prior to spring 2015.

Admitted students will have supplied:

- official transcripts of all course work completed at institutions other than ASU
- GMAT or GRE test scores
- confirmation from Thunderbird School of Global Management admission into the program

**Degree:** A minimum of an AACSB-accredited MBA is required.

**GPA:** A minimum of a 3.00 cumulative GPA (scale is 4.00 = A) in the last 60 hours of a student's first bachelor's degree program is required; a minimum of 3.00 cumulative GPA (scale is 4.00 = A) in the applicable master's degree is required.

**English Proficiency Requirement for International Applicants:** The English proficiency requirements are the same as the Graduate Education requirement.

## **Global Management (Certificate), TXGMGRCT**

### **Program Description:**

In order to drive progress in today's global business environment, leaders of all disciplines need a firm understanding of management principles, cross-cultural relations and regional dynamics. Students in Purdue University's Online Master of Science in Engineering (Engineering Management and Leadership specialization) have the opportunity to pursue a Thunderbird Certificate in Global Management concurrently with their Purdue degree — complementing their technology training with in-depth study in global business, strategy, negotiations and communications.

### **Degree Requirements:**

12 credit hours.

### **Admission Requirements:**

Admission is dependent upon the partnership with Purdue University's Online Master of Science in Engineering.

# Undergraduate Programs

## Minors (Program Descriptions and Requirements)

### African and African American Studies Minor (LAAFRMIN)

**Campus:** Tempe

**Description:**

The minor program examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African Diaspora, especially in the Caribbean, Central America and South America. The goal is to prepare students for lifelong learning, advanced study in a variety of fields and successful careers and productive public service in an increasingly diverse society, especially in Arizona.

**Program Requirements:**

Students will be required to complete 18 credit hours. Six credits will be prescribed core and the remaining 12 elective credit hours will be selected from the program prefix:

Required Core Course:

AFR 200 Introduction to Africana Studies, SB, G, H (3)

Elective Core Course (3): (select one course)

AFR 300 Precolonial Africa, SB, G, H (3)

AFR 301 Race and Racism in Africa/African Diaspora, SB, G (3)

AFR 302 History of Black Women in America, SB, H (3)

AFR 305 The Global History of the Trans-Atlantic Slave Trade, SB, H (3)

Elective Courses:

The remaining 12 hours will be completed by selecting courses not taken to fulfill the six required hours and will be selected from the program prefix: AFR.

At least 12 of the 18 credit hours must be upper-division courses (300 or higher). All courses must have a "C" (2.00) grade or higher. No course may be used to satisfy more than one requirement in the minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

### American Indian Studies Minor (LAAISMIN)

**Campus:** Tempe

**Description:**

The minor in American Indian studies is designed for students interested in developing an understanding of American Indian issues and analyzing

issues through critical inquiry.

**Program Requirements:**

Eighteen credit hours are required.

Required courses:

AIS 180 Introduction to American Indian Studies, C (3)

AIS 285 Federal Indian Policy, H, C (3)

AIS 380 Contemporary Issues of American Indian Nations, C (3)

Electives:

Three additional upper-division elective courses (minimum of nine credit hours) must be chosen in any combination from the two areas of emphasis in the major: legal, policy, and community and economic development; and arts, languages and cultures.

No pass/fail or credit/noncredit course work may be applied to the minor. A minimum of nine hours must be courses offered by the College of Liberal Arts and Sciences. Students must receive a minimum grade of "C" (2.00 on a scale of 4.00) for all courses in the minor and meet all course eligibility requirements.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## American Studies Minor (ASAMSMIN)

**Campus:** West

**Description:**

The American studies minor offers students the opportunity to pursue an interest in the interdisciplinary study of American culture. This interdisciplinary minor is particularly appropriate for students majoring in one of the humanities or social sciences disciplines.

**Program Requirements:**

The American studies minor consists of 18 credit hours, 12 of which must be upper-division (300 or 400 level).

Core Requirements: (6 credit hours)

AMS 201 American Style, L (3)

HRC 200 Introduction to Social and Cultural Analysis (3)

Students must choose 12 credit hours of elective courses from the following list:

AMS 326 Popular Culture (3)

AMS 330 Documenting American Lives, HU, C (3)

AMS 334 American Class (3)

AMS 335 American Biography (3)

AMS 412 Studies in American Politics and Law (3)

AMS 428 Chicano Cultures in the Southwest, SB (3)  
ENG 334 The American Southwest in Literature and Film, L or HU, C (3)  
ENG 337 Major American Novels, L or HU (3)  
ENG 432 The American Renaissance, HU (3)  
HST 320 US Urban History since 1850, SB, H (3)  
HST 413 Contemporary America, L or SB, H (3)  
REL 321 Religion in America, L or HU, C, H (3)

**Enrollment Requirements:**

Students wishing to pursue the American studies minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to ensure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Anthropology Minor (LAASBMIN)

**Campus:** Tempe, Online

**Description:**

The minor in anthropology provides students with a great deal of flexibility in selecting courses. The program has been designed to allow students to focus on areas within the discipline that articulate well with their major. All students interested in the anthropology minor are encouraged to discuss the options available with a School of Human Evolution and Social Change undergraduate advisor.

**Program Requirements:**

The anthropology minor requires a minimum of 18 credit hours.

Required introductory courses (choose two):

ASB 102 Culture in a Globalizing World, SB, G (3)  
ASB 222 Buried Cities and Lost Tribes or ASB 223 Aztecs, Incas and Mayas, HU or SB, G, H (3)  
ASM 104 Bones, Stones and Human Evolution, SB or SG (4)

However, the particular introductory courses selected may limit the anthropology courses available in the upper-division.

Twelve credit hours must be upper-division and represent at least two of the three subfields of anthropology.

The three subfields are:

- archaeology
- evolutionary anthropology
- sociocultural anthropology (with linguistics)

The courses chosen to represent two of the three subfields must be drawn from the distribution requirements of those two subfields. A listing of courses by subfield can be found at <https://shesc.asu.edu/undergraduate/scheduling-courses-curricula>.  
(<https://shesc.asu.edu/undergraduate/scheduling-courses-curricula>)

A minimum grade of "C" (2.00 on a scale of 4.00) is required for all courses taken for the minor in anthropology.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification

procedures, that all requirements for the minor have been met, and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Applied Biological Sciences Minor (TSABSMIN)

**Campus:** Polytechnic

**Description:**

Applied biological sciences offers rigorous and practical programs in applications of the biological sciences. Consistent with a polytechnic vision, this minor involves extensive student interaction with faculty through experience-based learning activities, including:

- faculty-guided research and service-learning projects
- field trips
- internships
- laboratories

Mastery of fundamental biological principles is emphasized through quality learning in the classroom and hands-on activities in laboratories and in outdoor settings that include the Sonoran Desert, surrounding ecosystems and the landscape of the greater Phoenix area.

**Program Requirements:**

The applied biological sciences minor consists of 23 credit hours, including:

BIO 181 General Biology I, SQ (4)

BIO 182 General Biology II, SG (4)

At least 15 hours must be selected with the approval of an advisor.

At least nine hours must be in upper-division courses offered by the applied biological sciences program.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Applied Psychology Minor (ECPSYMIN)

**Campus:** Polytechnic

### **Description:**

Americans spend more than 54 percent of their waking hours at work. As a result, students who want to make a real impact on peoples' lives are beginning to use industrial and organizational psychology to focus on the psychology of work. Industrial and organizational psychology helps employers identify the right job candidates to hire, determine the best job fit for each worker, and design enjoyable and effective workplaces, taking into account work-life balance. Finally, one specialty, human factors, focuses on designing tools and products that are easy to use and that reduce human error.

In addition to a strong educational foundation in human learning, memory, emotion, judgment and social psychology that prepares students for employment or graduate school, students can choose to focus in two of the following five focus areas:

- consumer psychology
- human resources and organizational behavior
- human systems engineering
- learning technology
- user experience

### **Program Requirements:**

This minor in applied psychology consists of 22 credit hours, including at least 12 upper-division courses. The following are required courses that must be completed with a grade of "C" (2.00) or higher:

Required Courses:

PSY 101 Introduction to Psychology, SB (3)

PSY 230 Introduction to Statistics, CS (3)

PSY 290 Research Methods, L or SG (4)

PSY 437 Human Factors, L (3) or PSY 438 Human-Computer Interaction (3) or PSY 440 Industrial/Organizational Psychology (3)

Electives:

Additional hours of upper-division PSY courses (9)

A maximum of three credit hours from PSY 399, PSY 499 or PSY 492 may be used toward the minor requirements.

A minimum of three classes, including two at the upper-division level, must be taken in residence at ASU.

### **Enrollment Requirements:**

Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Arabic Studies Minor (LAARBMIN)

**Campus:** Tempe

### **Description:**

The minor in Arabic studies provides students with instruction in Modern Standard Arabic as well as Arabic culture and literature. Students who successfully complete the prescribed course work of the Arabic minor are expected to be able to communicate effectively in Arabic and interact with native speakers of Arabic.

Students will be able to communicate in Arabic in the other two areas of language acquisition: reading and writing through reading authentic material in Arabic and writing paragraphs in Modern Standard Arabic.

Literature courses expand students' knowledge in Arabic, Middle East, and Islamic culture and civilization. Students of all academic disciplines doing research or seeking employment in areas related to the Middle East or parts of the Arab world will find the minor in Arabic highly beneficial.

Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

#### **Program Requirements:**

The minor in Arabic studies requires 26 credit hours of courses detailed below. A minimum grade of "C" (2.00) or better is required in each course. Course substitutions are allowed for heritage and advanced speakers of the language.

Required courses:

ARB 201 and ARB 202 Intermediate Arabic I and II, G (8)

ARB 311 Advanced Arabic Skills I (3)

ARB 331 Arabic/Islamic Culture and Literature (3)

ARB 341 Quran Text and Women (3)

ARB 351 Classical Arabic Literature (3)

ARB 411 Advanced Arabic Skills II (3)

Choose one upper-division course from the following:

ARB 321 Arabic Conversation I (3)

ARB 335 Arabic Culture and Islam, G (3)

ARB 336 Intro to the Qur'an (3)

ARB 337 Hadith and Prophetic Tradition (3)

ARB 352 Modern Arabic Literature in Translation (3)

ARB 421 Arabic Conversation II (3)

HST 372 Modern Middle East, SB, G, H (3)

REL 365 Islamic Civilization, HU, H (3)

REL 366 Islam in the Modern World, HU, H, G (3)

Students must complete the sequence of elementary Arabic, ARB 101 and ARB 102, as prerequisite courses.

#### **Enrollment Requirements:**

Students who wish to add a minor in Arabic studies to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Architectural Studies Minor (ARSTDMIN)**

**Campus:** Tempe

**Description:**

The architectural studies minor is available to nonarchitecture majors interested in this field who wish to pursue another major. The courses are designed to provide an overview of architecture throughout history while focusing on architectural design, with the intention to explore the process of design thinking.

**Program Requirements:**

A minimum of 18 credit hours (to include 12 credit hours of upper-division course work) are required for the minor.

Required Courses:

ALA 100 Introduction to Environmental Design, HU, G, H (3)

ALA 102 Landscapes and Sustainability, HU, G (3)

APH 313 History of Architecture I, L or HU, G, H (3)

APH 314 History of Architecture II, L or HU, G, H (3)

Six additional upper-division credit hours of electives in the architectural history and theory concentration must be selected from the following list:

ANP 494 Special Topics (1-3)

APH 394 Special Topics (1-3)

APH 414 History of the City, L or HU, H (3)

APH 421 First Concepts: What is ... The Writing, Philosophy and Culture of Architecture, L or HU (3)

APH 441 Ancient Arch (3)

APH 494 Special Topics (3)

APH 499 Individualized Instruction (3)\*

ARP 451 Architecture Field Studies (6)

\* This course requires a petition to The Design School.

A minimum GPA of 2.50 in minor courses is required to earn the minor in architectural studies. In addition, students may not use a core course to count toward the minor. Students pursuing the BS in landscape architecture must petition the school to request a substitution for any core courses that are also included in the architectural studies minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Art History Minor (FAARTHMIN)

**Campus:** Tempe, Online

**Description:**

The art history minor is designed for students who are interested in a broad introduction to the study of the history of art. In giving a broad chronological exposure to the history of art from diverse cultures, the minor strengthens academic preparation and provides students with many options to select courses based on their individual interests.

**Program Requirements:**

The School of Art offers a minor in art history consisting of 18 credit hours of course work, including 12 upper-division electives. A minimum grade of "C" (2.00) is required in all classes for the minor. For those pursuing a minor, a minimum overall GPA of "C" (2.00) is required. Courses may not be double counted in a major and the minor, and a minimum of 12 credit hours of resident credit at the Tempe campus are required.

ARS 100 and ARS 300 may not be used toward an art history minor if the student is an art major or has credit in ARS 101 and ARS 102. If a student has completed ARS 100 or ARS 300, then they must complete ARS 201 and ARS 202.

**Required Courses**

Select one of the two following pairs of courses:

ARS 101 Art from Prehistory Through Middle Ages, HU, H (3)

ARS 102 Art from Renaissance to Present, HU, H (3)

or

ARS 201 Art of Asia, HU, G, H (3)

ARS 202 Art of Africa, Oceania and the Americas, HU, G, H (3)

**Elective Courses**

Students pursuing an art history minor select four three-credit-hour, upper-division courses. A seminar is strongly recommended for those considering graduate study.

Students need to be aware of lower-division prerequisites for all upper-division courses. Interested students should contact the School of Art for specific requirements and admission procedures.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. Please contact the department for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Asian Languages (Chinese) Minor (LACHIMIN)

**Campus:** Tempe

**Description:**

Students pursuing a minor in Asian languages (Chinese) gain an understanding of the language, literature and cultures of China. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. See

<https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>) for more information. Highly motivated students interested in learning Chinese to professional-level proficiency, while simultaneously pursuing the Asian

languages (Chinese) minor and undergraduate major of their choice, are encouraged to apply to the Chinese Language Flagship Program: <https://international.clas.asu.edu/chineseflagship> (<https://international.clas.asu.edu/chineseflagship>).

**Program Requirements:**

The minor in Asian languages (Chinese) consists of 18 credit hours, of which 12 credit hours must be upper-division.

**Required Courses:**

200-level Chinese (up to 6 credit hours)

CHI 301 Third-Year Chinese I, G (5)

CHI 302 Third-Year Chinese II, G (5)

CHI course work chosen in consultation with a School of International Letters and Cultures advisor (2)

Course substitutions are allowed for heritage and advanced speakers of the language.

**Enrollment Requirements:**

Students who wish to add a minor in Asian Languages (Chinese) to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Asian Languages (Japanese) Minor (LAJPNMIN)

**Campus:** Tempe

**Description:**

Students pursuing a minor in Asian languages (Japanese) gain an understanding of the language, literature and cultures of Japan. There are opportunities to partake in study abroad programs, which can serve to enhance students' minor experience and education. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

**Program Requirements:**

The minor in Asian languages (Japanese) consists of 18 credit hours, of which 12 credit hours must be upper-division.

**Required Courses:**

200-level JPN courses (up to 6 credit hours)

JPN 301 Third-Year Japanese I, G (3)

JPN 302 Third-Year Japanese II, G (3)

additional upper-division JPN courses chosen in consultation with a School of International Letters and Cultures advisor (6)

Course substitutions are allowed for heritage and advanced speakers of the language.

**Enrollment Requirements:**

Students who wish to add a minor in Asian Languages (Japanese) to the bachelor's degree program they are pursuing may do so by contacting the Academic Catalog Archive 2015-2016

School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Asian Pacific American Studies Minor (LAAPAMIN)

**Campus:** Tempe

**Description:**

Asian Pacific American Studies gathers and develops research, scholarship and archival information on the long history and rich contemporary experiences, cultures and communities of Asian Pacific Americans in the Southwest. This minor will target students interested in careers serving and relating to the complex and rapidly changing Asian American and Pacific Islander population and more broadly, with culturally diverse populations.

**Program Requirements:**

Students will be required to complete 18 credit hours for the minor. Six hours will be a prescribed core and the remaining 12 elective hours will be selected from any of the courses with an APA prefix.

Required Core Course (6):

APA 200 Introduction to Asian Pacific American Studies, HU or SB, C (3)

APA 360 Asian Pacific American Experience, HU or SB, C (3)

Elective Courses (12):

The remaining 12 credit hours will be completed by selecting courses not taken to fulfill the six required hours and will be selected from any APA course.

Examples of APA electives include but are not limited to:

- APA 210 Introduction to Ethnic Studies in the U.S., C (3)
- APA 310 Asian Pacific American Arts and Cultures, HU, C (3)
- APA 315 Asian Pacific American Literature, HU, C (3)
- APA 330 Asian Pacific American Genders and Sexualities, SB, C (3)
- APA 340 Asian Pacific Americans and Media, HU, C (3)
- APA 345 Asian Pacific Americans and Film, HU, C, H (3)
- APA 360 Asian Pacific American Experience, HU or SB, C (3)\*

\*Note: One APA 360 course is required for the core; other sections may be repeated for credit with different topics.

- Asian Pacific American Psychology
- Chinese American
- Filipino American
- Japanese American
- Korean American
- Multiracial experiences
- Pacific Islander

- South Asian
- Southeast Asian American

APA 394 Special Topics (may be repeated for credit with a different topic) (3)

APA 450 Asian Pacific American Contemporary Issues, SB, C (3)

APA 484 Internship (3)

APA 494 Special Topics (may be repeated for credit with a different topic) (3)

APA 499 Individualized Instruction (1-3 credits, may be repeated for credit) (3)

#### Other Requirements and Restrictions

- At least 12 of the 18 credit hours must be upper-division courses (300 or higher).
- All courses for the minor must have a "C" (2.00) grade or higher.
- A minimum of nine credit hours must be taken in residency at ASU.
- No course may be used to satisfy more than one requirement in the minor.

#### Enrollment Requirements:

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Astronomy Minor (LAASTMIN)

**Campus:** Tempe

#### Description:

The astronomy minor is designed for students interested in developing a basic understanding of astronomy and astrophysics and analyzing issues through a scientific viewpoint.

#### Program Requirements:

The minor in astronomy consists of a minimum of 24 credit hours. At least 12 credit hours must be upper-division courses.

Required courses:

AST 113 Astronomy Laboratory I, SQ (1)\*

AST 114 Astronomy Laboratory II, SQ (1)\*\*

AST 321 Introduction to Planetary and Stellar Astrophysics, SQ (3)\*

AST 322 Introduction to Galactic and Extragalactic Astrophysics, SQ (3)\*\*

Choose between the course combinations below:

PHY 150 Physics I, SQ (4) OR

PHY 121 University Physics I: Mechanics, SQ (3) AND

PHY 122 University Physics Laboratory, SQ (1)\*\*\*

and

PHY 151 Physics II, SQ (4) OR

PHY 131 University Physics II: Electricity and Magnetism, SQ (3) AND  
PHY 132 University Physics Laboratory II, SQ (1)\*\*\*\*

or

PHY 252 Physics III, SQ (4)

Eight credit hours of electives are chosen with the approval of an advisor in the School of Earth and Space Exploration. Electives should consist of upper-division courses in physics and astronomy.

\*Both AST 113 and 321 must be taken to secure SQ credit.

\*\*Both AST 114 and 322 must be taken to secure SQ credit.

\*\*\*Both PHY 121 and 122 must be taken to secure SQ credit.

\*\*\*\*Both PHY 131 and 132 must be taken to secure SQ credit.

Courses required for the astronomy minor may have additional prerequisites.

#### **Enrollment Requirements:**

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. The Degree Audit Reporting System will be used for tracking student progress and verifying completion of the minor.

#### **Minimum Residency Requirement**

Students must take at least 12 of the 24 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

The College of Liberal Arts and Sciences and the School of Earth and Space Exploration must officially certify, through established verification procedures, that all requirements for the minor have been met. The college of the student's major allows recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

## **Astrophysics Minor (LAASTPHMIN)**

**Campus:** Tempe

#### **Description:**

The astrophysics minor is designed for students interested in developing a background in the theoretical modeling and observational techniques of galactic and stellar astronomy, extragalactic astronomy and cosmology. Students completing the minor will acquire the following abilities: to think critically about scientific problems, to reduce complex problems to their most important attributes, and to design experiments, observations and theoretical models to address those attributes. Students pursuing an astrophysics minor are expected to have a strong background in physics and mathematics.

#### **Program Requirements:**

The minor in astrophysics consists of a minimum of 20 credit hours.

The following courses are required for the minor, adding up to 12 credit hours.

AST 321 Introduction to Planetary and Stellar Astrophysics, SQ (3)\*  
AST 322 Introduction to Galactic and Extragalactic Astrophysics, SQ (3)\*  
AST 421 Astrophysics I (3)  
AST 422 Astrophysics II (3)

Students must also choose one of the following options for the additional eight credit hours:

Option 1:

SES 121 Earth, Solar System and Universe I, SQ (3)\*  
SES 122 Earth, Solar System and Universe II (3)  
SES 123 Earth, Solar System and Universe Laboratory I (1)  
SES 124 Earth, Solar System and Universe Laboratory II (1)

Option 2:

AST 111 Introduction to Solar Systems Astronomy, SQ (3)\*  
AST 112 Introduction to Stars, Galaxies and Cosmology, SQ (3)\*  
AST 113 Astronomy Laboratory I, SQ (1)\*  
AST 114 Astronomy Laboratory II, SQ (1)\*

Option 3:

At least eight credit hours of AST or SES upper-division electives; these may include (but are not limited to):

AST 494 Topic: Observing Instrumentation and Data Analysis (3)  
SES 311 Essentials of Astrobiology: Exploration for Life in the Universe (3)

Courses required for the astrophysics minor may have additional prerequisites.

\*In order to satisfy SQ natural science General Studies requirements, both a lecture and its corresponding laboratory section must be completed.

#### **Enrollment Requirements:**

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. The Degree Audit Reporting System system will be used for tracking student progress and verifying completion of the minor.

#### **Minimum Residency Requirement**

Students must take at least 12 of the 20 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

The College of Liberal Arts and Sciences and the School of Earth and Space Exploration must officially certify, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

#### **Contact Information:**

## **Biochemistry Minor (LABCHMIN)**

**Campus:** Tempe

#### **Description:**

The biochemistry minor is designed to give students majoring in other disciplines a solid grounding in the basics of biochemistry in order to complement their major degree. It is especially appropriate for students whose majors are in the various disciplines of life sciences, physics, engineering and geology and for students planning careers in medical disciplines.

**Program Requirements:**

A minor in biochemistry is awarded to students who complete 28 credit hours in the following required courses:

BCH 461 General Biochemistry (3)

BCH 462 General Biochemistry (3)

BCH 467 Analytical Biochemistry Laboratory, L (3)

CHM 113 General Chemistry I, SQ (4)

CHM 116 General Chemistry II, SQ (4)

CHM 233 General Organic Chemistry I (3)

CHM 234 General Organic Chemistry II (3)

CHM 237 General Organic Chemistry Laboratory I (1)

CHM 238 General Organic Chemistry Laboratory II (1)

CHM 341 Elementary Physical Chemistry (3)\*

\*Prerequisites for CHM 341 include CHM 114, 116 or 118 with "C" or better; CHM 231, 233 or 333 with "C" or better; MAT 210, 251, 265 or 270 with "C" or better; and PHY 101, 112 or 131 with "C" or better.

A minimum grade of "C" (2.00 on a scale of 4.00) is required for each of the courses.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Biological Sciences Minor (LABIOMIN)

**Campus:** Tempe

**Description:**

Biological sciences encompasses the study of all living things and includes the study of basic organization and function, how organisms evolve, their roles in the natural environment, how hereditary information is transferred and the development of biotechnology. The biological sciences minor is designed to provide students interested in the biological sciences with a flexible curriculum that can be tailored to their interests.

**Program Requirements:**

The minor consists of 24 credit hours, which can be taken in one of two options.

**Option 1**

BIO 281 Conceptual Approaches to Biology for Majors I, SQ (4)

BIO 282 Conceptual Approaches to Biology for Majors II (4)

BIO 340 General Genetics (4)

BIO 345 Organic Evolution (3)

## Option 2

BIO 281 Conceptual Approaches to Biology for Majors I, SQ (4)

BIO 282 Conceptual Approaches to Biology for Majors II (4)

MBB 347 Molecular Genetics: From Genes to Proteins (4)

MIC 220 Biology of Microorganisms and MIC 206 Microbiology Laboratory, SG (4)

The remaining hours are selected by the student with the approval of a School of Life Sciences advisor.

### Notes:

- At least 12 hours must be upper-division courses in the life sciences and at least six upper-division hours taken in the College of Liberal Arts and Sciences.
- Courses which are not available for credit in the life sciences majors cannot be used for the minor (e.g., BIO 100 The Living World, BIO 201 Human Anatomy and Physiology I, and BIO 202 Human Anatomy and Physiology II).
- Internship courses cannot be used to fulfill the 24-credit-hour requirement.

### Enrollment Requirements:

This minor is not available to students majoring in the life sciences. Students in most majors may pursue at least one minor and upon successful completion of the prescribed course work have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

### Contact Information:

## Biology Minor (ASLSCMIN)

**Campus:** West

### Description:

A minor in biology can be a valuable asset particularly when paired with an appropriate major. For instance, a minor in biology paired with a major in political science would provide a good background for someone who wanted to practice environmental law.

### Program Requirements:

Required Courses:

BIO 181 General Biology I, SQ (4)

BIO 182 General Biology II, SG (4)

BIO 320 Fundamentals of Ecology (3)

BIO 353 Cell Biology (3)

BIO 354 Cell Biology Laboratory (1)

CHM 113 General Chemistry I, SQ (4)

CHM 116 General Chemistry II, SQ (4)

LSC 322 Fundamentals of Ecology Laboratory (1)

LSC 347 Fundamentals of Genetics (3)

LSC 348 Fundamentals of Genetics Laboratory (1)

To receive this minor, a grade of "C" or better is required in all courses.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

**Business Minor (BABUSMIN)**

**Campus:** Tempe, Online

**Description:**

A minor in business is available to students across the university who are interested in business courses but wish to pursue majors in other colleges. The courses available for the minor are designed to appeal to and inform the nonbusiness student while covering a broad range of topics that are important to managers, such as:

- accounting
- computer information systems
- economics
- finance
- management
- marketing
- supply chain management

**Program Requirements:**

Students must complete 18 credit hours (12 of which must be upper division) of the specified business courses with a grade of "C" (2.00) or higher in each course. At least 12 credit hours must be taken at ASU.

Students may not double count any courses with other business certificates.

The upper-division courses specified for the minor will be restricted to students with 56 earned credit hours and a minimum 2.00 ASU cumulative GPA.

Business students are not eligible to apply for the minor.

**Required Courses:**

ACC 382 Accounting and Financial Analysis (3)\*  
ECN 212 Microeconomic Principles, SB (3)  
FIN 380 Personal Financial Management (3)  
MGT 380 Management and Strategy for Nonmajors (3)  
MKT 390 Essentials of Marketing (3)

**Electives (select one):**

CIS 300 Web Design and Development (3)  
CIS 394 Special Topics (3)  
ECN 211 Macroeconomic Principles, SB (3)  
FIN 331 Financial Markets and Institutions (3)  
MKT 391 Essentials of Selling (3)

MKT 394 Special Topics (3)  
MKT 395 Essentials of Advertising and Marketing Communication (3)  
REA 380 Real Estate Fundamentals (3)  
SCM 301 Introduction to Modern Global Supply Chain Management (3)  
SCM 394 Special Topics (3)

\*Students who have taken ACC 230 or ACC 231 should see a business advisor.

Note: If a student has taken one of the approved courses above and it is not showing in the DARS audit, they are asked to call 480-965-4227 or go to BA 160 for assistance.

#### **Enrollment Requirements:**

Application:

A student seeking the business minor must see an advisor in the student's major in order to add the minor to the student's degree audit (DARS).

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Chemistry Minor (ASCHMMIN)**

**Campus:** West

#### **Description:**

The minor in chemistry gives students expanded proficiency in the area of chemistry. Many of the growing career fields, such as forensics, medicine and environmental quality, require a greater degree of chemistry than in the past. Therefore, students with a greater chemistry background will have a competitive advantage in these fields. The chemistry minor gives students more experience in the advanced and integrative fields of chemistry through additional biochemistry and analytical chemistry courses. The awarding of the chemistry minor highlights the students' expanded chemistry knowledge to future schools and employers.

#### **Program Requirements:**

The minor in chemistry consists of a minimum of 26 credit hours, of which nine credit hours must be taken in the life sciences department. Students may have to take additional prerequisites in order to enroll in BCH 371 and BCH 372.

Required Courses:

BCH 371 Modern Concepts in Biochemistry (3)  
BCH 372 Modern Concepts in Laboratory (1)  
CHM 113 General Chemistry I, SQ (4)  
CHM 116 General Chemistry II, SQ (4)  
CHM 233 General Organic Chemistry I (3)  
CHM 234 General Organic Chemistry II (3)  
CHM 237 General Organic Chemistry Laboratory I (1)  
CHM 238 General Organic Chemistry Laboratory II (1)  
LSC 375 Analytical Chemistry for Life Sciences (3)  
LSC 376 Analytical Chemistry for Life Sciences Lab (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Chemistry Minor (LACHMMIN)

**Campus:** Tempe

**Description:**

The chemistry minor is designed to give students majoring in other disciplines a solid grounding in the basics of chemistry in order to complement their major degree. It is especially appropriate for students whose majors are in the various disciplines of physics, materials science, geology, engineering and life sciences.

**Program Requirements:**

A minor in chemistry is awarded to students who complete a minimum 28 credit hours. The following courses are required:

CHM 113 General Chemistry I, SQ (4)  
CHM 116 General Chemistry II, SQ (4)  
CHM 233 General Organic Chemistry I (3)  
CHM 234 General Organic Chemistry II (3)  
CHM 237 General Organic Chemistry Laboratory I (1)  
CHM 238 General Organic Chemistry Laboratory II (1)  
CHM 325 Analytical Chemistry (3)  
CHM 326 Advanced Analytical Chemistry Laboratory (1)

Choose between the course combinations: (8 credit hours)

BCH 361 Advanced Principles of Biochemistry (3)  
BCH 367 Elementary Biochemistry Laboratory (1)  
CHM 341 Elementary Physical Chemistry (3)  
CHM 343 Elementary Physical Chemistry Laboratory (1)

--- or ---

CHM 345 Physical Chemistry I (3)  
CHM 346 Physical Chemistry II (3)  
CHM 348 Physical Chemistry Laboratory I, L (1)  
CHM 349 Physical Chemistry Laboratory II, L (1)

A minimum grade of "C" (2.00 on a scale of 4.00) is required for each of the courses in the minor. Some courses require prerequisite work in calculus and physics.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment  
Academic Catalog Archive 2015-2016

officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Communication Minor (HSCMNMIN)

**Campus:** West

**Description:**

The communication minor offers students the opportunity to understand the role and function of communication in cultural, public, organizational and relational contexts. The program offers a flexible set of courses and is designed for students majoring in another field. A maximum of six credit hours are allowed from lower-division course work.

**Program Requirements:**

The minor consists of 18 credit hours of communication courses. Students wishing to pursue a minor must meet with an academic advisor to construct a set of courses that reflect a particular area of specialty and interest. At least 12 credit hours must come from upper-division courses. To graduate with the minor, students must earn a minimum cumulative GPA of 2.00 in communication courses. All courses must be passed with a minimum grade of "C" (2.00).

Required courses (6 credit hours):

COM 100 Introduction to Human Communications, SB (3)

COM 225 Public Speaking, L (3)

COM elective courses (12 credit hours)

**Enrollment Requirements:**

The minor in communication is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and determine if the major allows the recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor.

## Communication Minor (LACOMMIN)

**Campus:** Tempe

**Description:**

The minor in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities.

Our mission statement is "Through the study and critique of human communication, we generate knowledge, creativity and understanding to facilitate healthy relationships and workplaces, civil and secure communities, and constructive intercultural interaction."

**Program Requirements:**

The minor in communication consists of 18 credit hours of courses:

COM 100 Introduction to Human Communication, SB (3)

COM 225 Public Speaking, L (3) or COM 259 Communication in Business and the Professions (3)

Two of the following courses:

COM 310 Relational Communication (3)

COM 312 Communication, Conflict and Negotiation (3)

COM 316 Gender and Communication, SB, C (3)

COM 323 Communication Approaches to Popular Culture, C (3)

Two upper-division related courses in Global Studies, Asian Pacific American Studies, African and African American Studies, Transborder Chicana/o and Latina/o Studies or American Indian Studies (SGS, APA, AFR, TCL or AIS) (6)

Nine of the 18 credit hours must be in courses offered by the College of Liberal Arts and Sciences. No pass/fail, "Y" credit or credit/no-credit courses are allowed. Communication courses required for one's major may not also count for the minor. All prerequisites and GPA requirements must be met. The "C" (2.00) minimum grade requirement must be met for each class.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation. The college or department of the minor must officially certify, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Community Health Minor (NUCHLTMIN)

**Campus:** Downtown Phoenix, West

**Description:**

The minor in Community Health is designed for students who want to create healthy, sustainable communities with an emphasis on working with specific populations. Community health is a specialized field within public health and concentrates on the actions and conditions needed for the health and well-being of defined groups of people. Students will learn to work with teams in diverse settings to formulate research-based strategies that assist communities to make healthy and sustainable lifestyle choices.

**Program Requirements:**

Required Minor Courses (18 credits):

HCR 220 Introduction to Nursing and Health Care Systems (3) OR HCR 430 Foundation to Health Care Systems (3)  
HCR 330 Fundamentals of Community Health (3)  
HCR 331 Communication with Communities (3)  
HCR 335 Program Development and Management for Community Health (3)  
HCR 336 Environmental Community Health (3)  
HCR 435 Leaders in Community Health

A "C" or better is required in all minor courses.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this minor.

**Enrollment Requirements:**

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Community Sports Management Minor (PPCSMMIN)

**Campus:** Downtown Phoenix

**Description:**

The community sports management minor focuses on the role that amateur and recreational sports play in a community. Emphasis is on the role of sports across the life span provided through sports organizations and programs that also support community development.

**Program Requirements:**

Students must complete the courses for the minor with a grade of "C" or better.

Core Courses:

CSM 201 Introduction to Community Sports (3)  
CSM 305 Sports Facility Operations and Management (3)  
CSM 407 Ethics and Legal Issues in Sports (3)  
PRM 315 Community Recreation Systems (3)

Students must select six credits of electives from the following:

CSM 335 Sports and Recreation for Youth Development (3)  
CSM 483 Sports Tourism (3)  
CSM 485 Sports Events (3)  
NLM 220 Introduction to Nonprofit Organizations (3)  
NLM 310 Volunteer Management (3)  
PRM 364 Foundations of Therapeutic Recreation, SB (3)  
others with advisor approval

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification

procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Computational Mathematical Sciences Minor (LACMSMIN)

**Campus:** Tempe

**Description:**

The computational mathematical sciences curriculum strives to provide students with a background in computer science and the natural or physical sciences in addition to a core of course work in mathematics.

**Program Requirements:**

The minor in computational mathematical sciences consists of a minimum of 18 credit hours. Required courses are the following, for a total of 18-20 credit hours:

MAT 266 Calculus for Engineers II, MA (3) OR

MAT 271 Calculus with Analytic Geometry II, MA (4)

MAT 267 Calculus for Engineers III, MA (3) OR

MAT 272 Calculus with Analytic Geometry III, MA (4)

MAT 342 Linear Algebra (3) OR

MAT 343 Applied Linear Algebra (3)

MAT 420 Scientific Computing (3)

MAT 421 Applied Computational Methods, CS (3)

MAT 423 Numerical Analysis I, CS (3) OR

MAT 425 Numerical Analysis II, CS (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. ## Construction Management Minor (ESCMGMIN)

**Campus:** Tempe

**Description:**

This minor will be comprised of course work in construction management processes incorporating the technology and industry practices required to ensure a quality-built environment. Due to industry demands for increased numbers of skilled personnel, this minor will provide much needed supplementary knowledge for architects, engineers and business majors as well as students majoring in sustainability.

**Program Requirements:**

The minor requires 18 credit hours.

Core Required: (12 credit hours)

CON 244 Working Drawing Analysis (2)

CON 271 Construction Safety (3)

CON 383 Construction Estimating (4)

CON 453 Construction Project Management I (3) or CON 487 Heavy Construction Project Management

Electives: (6 credit hours)

CON 252 Building Construction Methods, Materials and Equipment (3) or CON 243 Heavy Construction Equipment, Methods and Materials (3)

CON 448 Sustainable Construction (3)

CON 495 Construction Planning and Scheduling, CS (3)

CON 496 Construction Contract Administration, L (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Criminology and Criminal Justice Minor (PPCRJMIN)

**Campus:** Downtown Phoenix, Online

**Description:**

The minor in criminology and criminal justice allows students in other undergraduate programs at ASU to explore issues of crime, law and the criminal justice system. The minor provides students with the tools to analyze complex issues and policies within the criminal justice system, enhancing students' ability to understand the nature of crime and the system response to law breaking. In addition to the three required courses, which provide a solid understanding of the field, each student will be able to select electives to meet his or her specific interests. Criminal justice majors cannot earn a minor in criminal justice.

**Program Requirements:**

Students are required to:

- at minimum, be in junior standing to take upper-division courses
- complete CRJ 100 as the prerequisite for all upper-division CRJ courses
- complete a minimum of 18 credit hours of graded classroom and online course work (internship or independent study not applicable)
- complete a minimum of 12 credit hours of CRJ resident credit at ASU
- earn a grade of "C" (2.00) or higher for all classes in the minor
- meet with a criminal justice advisor prior to registration
- take a minimum of 12 credit hours of upper-division CRJ course work from the approved list

Required core courses (9)

CRJ 100 Introduction to Criminal Justice, SB (3)

Choose one of the following:

CRJ 201 Criminal Justice Crime Control Policies and Practices (3)

CRJ 203 Courts and Sentencing (3)

CRJ 204 Juvenile Justice (3)

CRJ 225 Introduction to Criminology, SB (3)

CRJ 230 Introduction to Policing (3)

CRJ 240 Introduction to Corrections (3)

Choose one of the following:

CRJ 305 Gender, Crime and Criminal Justice, C (3)

CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)

CRJ 350 Law and Social Control, SB (3)

CRJ 410 Procedural Criminal Law (3)

Electives (9)

Choose any three additional upper-division CRJ courses. They must be selected from 300- and 400-level courses.

#### **Enrollment Requirements:**

Applicants are asked to please meet with a criminal justice advisor prior to registration.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

#### **Contact Information:**

Public Service and Community Solutions, College of  
School of Criminology and Criminal Justice

## **Dance Minor (FADANMIN)**

**Campus:** Tempe

#### **Description:**

The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop their creativity as artists, scholars and educators. The interdisciplinary curriculum promotes creative collaboration and a holistic approach to acquiring skills for successful career transitions. Movement practices, performance and creativity practice define the core of the program. The rich educational experience is further enhanced by studies in:

- criticism
- dance cultures
- dance history
- digital media
- movement science
- music
- pedagogy and leadership
- philosophy

- production
- somatics

**Program Requirements:**

The minor in dance consists of 18 semester hours of course work, including 12 upper-division semester hours.

A minimum grade of "C" (2.00) or higher is required in all courses that fulfill the dance minor.

Dance Minor Requirements:

Choose one from the following courses, for a total of three credit hours:

DCE 100 Introduction to Dance, HU, G (3)

DCE 201 Dance, Culture and Global Contexts, HU, G (3)

Choose one from the following courses, for a total of three credit hours:

DCE 240 Media for Dance, CS (3)

DCE 300 Moving Histories, HU (3)

DCE 301 Meaning in Motion, L or HU (3)

DCE 350 Dance in the Classroom: Learning Through Movement, HU (3)

DCE 394/494 Special Topics\*

DCE 402 Ethnography of Dance Practices, L or HU, G (3)

Choose two from the following courses, for a total of four credit hours:

DCE 110 Argentine Tango I (2)

DCE 111 Raqs Sharqi I (2)

DCE 112 Capoeira I (2)

DCE 113 Dances of Africa I (2)

DCE 114 Dances of India I (2)

DCE 115 Yoga I (2)

DCE 116 T'ai Chi Ch'uan I (2)

DCE 117 Feldenkrais I (2)

DCE 118 Yoga/Pilates (2)

DCE 120 Modern Dance 1 (2)

DCE 121 Ballet 1 (2)

DCE 122 Jazz I (2)

DCE 123 Hip Hop I (2)

DCE 124 Latin/Swing/Ballroom I (2)

DCE 125 Latin/Salsa I (2)

DCE 126 Country-Western (2)

DCE 194/294 Special Topics\*

DCE 210 Argentine Tango II (2)

DCE 211 Raqs Sharqi II (2)

DCE 216 T'ai Chi Ch'uan II (2)

DCE 220 Modern Dance II (2)

DCE 221 Ballet II (2)

DCE 222 Jazz II (2)

DCE 223 Hip Hop II (2)

DCE 224 Latin/Swing/Ballroom II (2)

DCE 225 Latin/Salsa II (2)

DCE 324 Latin/Swing/Ballroom III (2)

Choose eight hours of dance electives (to complete 18 hours overall); must include 12 upper-division hours.

\*See an academic advisor for approved special topics courses.

Note: Students interested in enrolling in movement courses reserved for dance majors only must attend the course on the first day of class for placement and instructor permission. Dance major courses: DCE 133 Urban Movement Practices I (2), DCE 134 Postmodern Contemporary I (3), DCE 135 Contemporary Ballet I (2), DCE 136 Somatic Practices I (2).

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification

procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Design Studies Minor (ARDSNMIN)

**Campus:** Tempe

**Description:**

Students interested in design can earn a minor in design studies. This minor is a nonstudio-based program of study in design that focuses on the design disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

The courses may also appeal to students who wish to pursue the study of design within the BIS.

**Program Requirements:**

Courses selected must satisfy the minimum requirement of 18 credit hours for the minor. Twelve of the credit hours must be in 300-level or 400-level course work; the 18 credits may be chosen from any of the categories. To enhance understanding of the subject matter, some of the designated courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which these particular courses are offered. All designated courses for the minor in design studies are lecture courses. To pursue the minor in design studies, students must have a minimum cumulative GPA of 2.50.

Designated Courses for the Minor:

Architecture and Landscape Architecture

- ALA 100 Introduction to Environmental Design, HU, G, H (3)
- ALA 102 Landscapes and Sustainability, HU, G (3)
- APH 313 History of Architecture I, L or HU, G, H (3)
- APH 314 History of Architecture II, L or HU, G, H (3)
- APH 421 First Concepts: What is ... The Writing, Philosophy and Culture of Architecture, L or HU (3)
- APH 494 Topic: Culture of Place in the Built Environment (3)
- LPH 310 History of Landscape Architecture, HU, H, G (3)
- LPH 311 20th-Century Landscape Architecture, HU (3)

Design

- DSC 101 Design Awareness, HU, G (3)
- DSC 194 Topic: Design Thinking, HU (3)
- DSC 394 Topic: Design Entrepreneurship and Society (3)

Graphic Design

- GRA 101 Designing Life (3)
- GRA 111 Graphic Design History I, HU (3)
- GRA 112 Graphic Design History II (3)
- GRA 225 Communication/Interaction Design Theory (3)

GRA 345 Design Rhetoric, L (3)  
GRA 401 Creative Environment (3)  
GRA 440 Finding Purpose (3)

#### Industrial Design

IND 242 Materials and Design (3)  
IND 243 Design for Ecology and Social Equity (3)  
IND 316 20th-Century Design I, HU, H (3)  
IND 317 20th-Century Design II, HU, H (3)  
IND 344 Human Factors in Design (3)  
IND 354 Principles of Product Design (3)  
IND 470 Professional Practice for Industrial Design, L (3)

#### Interior Design

INT 111 Interior Design Issues and Theories, HU (3)  
INT 121 Introduction to Computer Modeling for Interior Design, CS (3)  
INT 123 Introduction to Computer-Aided Design and Building Information Modeling (3)  
INT 131 Design and Human Behavior, SB (3)  
INT 310 History of Interior Design I, HU, H (3)  
INT 311 History of Interior Design II, HU, H (3)  
INT 412 History of Decorative Arts in Interiors, HU (3)  
INT 413 History of Textiles in Interior Design (3)  
INT 415 Latin American Design (3)

#### Enrollment Requirements:

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Digital Culture Minor (HIDGCMIN)

**Campus:** Tempe

#### Description:

The digital culture minor in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing our culture, or rather the way we live, learn, create and communicate. The digital culture minor allows students to enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

The curriculum is outcomes-based rather than course sequence-based. The curriculum uses an innovative proficiency-based network to connect courses across academic disciplines, instead of traditional methods such as course prerequisites. Proficiencies in the curriculum identify common generalized learning outcomes across disciplines participating in the initiative.

#### Program Requirements:

The digital culture minor requires 21 credit hours (12 upper-division) in four areas:

Capstone culminating project: (3)

## AME 485: Digital Culture Capstone I

Required digital culture studies: (9)

AME 111 Introduction to Digital Culture, CS (3)

AME 230 Programming for the Media Arts (3)

A third digital culture elective course chosen from the list

Digital media - media arts and design (6)

Historical/theoretical or related digital culture (3)

For a list of digital culture courses, please visit: [http://herbergerinstitute.asu.edu/degrees/digital\\_culture/minor.php](http://herbergerinstitute.asu.edu/degrees/digital_culture/minor.php)

([http://herbergerinstitute.asu.edu/degrees/digital\\_culture/minor.php](http://herbergerinstitute.asu.edu/degrees/digital_culture/minor.php)).

A student must have a minimum GPA of 2.50 to be eligible to pursue the minor. A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all classes for the minor. Courses for the minor may not be used as part of a major. A minimum of 12 upper-division semester hours of credit at ASU is required.

### **Enrollment Requirements:**

There is no special application process for the digital culture minor.

Students add the minor by meeting with the academic advisor for their major. Students are also required to meet with the digital culture academic success coordinator to develop the digital culture pathway that best meets the proficiencies for the work they are interested in pursuing.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Early Childhood Education Minor (TEECEDMIN)**

### **Campus:**

### **Description:**

A minor in early childhood education will allow students to combine their knowledge of their major discipline with an understanding of educational practices and issues. The ultimate goal of this minor is to produce graduates who are educated in their major field of study and who understand and appreciate education that positively impacts the community. The service learning experience embedded in this minor will enable students to apply their knowledge and skills to meaningful service experiences in the community.

### **Program Requirements:**

The minor in early childhood education requires 18 credit hours. Courses that will be required for minor:

ECD 211 The Developing Child: Theory into Practice, Prenatal to Grade 3, SB (3)

ECD 220 Introduction to Nutrition, Health and Safety (2)

ECS 312 Social and Emotional Development of the Young Child, SB (3)

ECS 431 Family, Community and Professional Support Systems (3)

EDP 310 four one-hour electives in Educational Psychology for Non-Teachers, SB (4)

USL 210 Service Learning: Intro to Diverse Community Issues/410 Service Learning: Diverse Community Issues, L, C (3)

### **Enrollment Requirements:**

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

### **Contact Information:**

## Economics Minor (LAECNMIN)

**Campus:** Tempe

### **Description:**

Students who pursue the minor in economics create a personalized program of study that covers economic theory and applications. Students complete introductory courses (ECN 211 and ECN 212) and choose from a large set of upper-division offerings to suit individual interest and goals.

### **Program Requirements:**

This minor (and BIS area of concentration) requires 18 credit hours of course work, which includes:

ECN 211 Macroeconomic Principles, SB (3)

ECN 212 Microeconomic Principles, SB (3)

twelve credit hours of ECN courses at the 300 level or above for which all prerequisites have been met

Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet these requirements. Six credit hours of upper-division course work must be completed in courses offered by the W. P. Carey School of Business. Upper-division economics courses offered at ASU require prerequisite courses in addition to ECN 211 and 212.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their major to make sure the college or department of their major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor.

## Educational Studies Minor (TEEDSTMIN)

**Campus:**

### **Description:**

A minor in educational studies is designed for students who want to work with children, youth and adults outside of a formal classroom setting. This minor provides a foundation in the field of education by studying current issues and educational practices for the community setting and applies to a wide variety of programs and opportunities.

### **Program Requirements:**

Courses that will be required for the minor:

EDP 310 Educational Psychology for Non-Teachers, SB (3)

EDT 463 Games for Impact: The Full Life Cycle (3)

SPE 222 Orientation to Education of Exceptional Children, SB, C (3)

SPF 301 Culture and Schooling, L (3)

TEL 111 Exploration of Education, SB (3)

**Enrollment Requirements:**

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Engineering Management Minor (ESENMMIN)

**Campus:** Tempe, Online

**Description:**

The minor in engineering management is designed to provide the student with the skills for effective management and leadership of engineering-driven enterprises. The minor curriculum supplements the student's major by adding to the breadth of engineering science and design, and equips the student with additional management and design skills. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the graduate to succeed in the management of a scientific or engineering enterprise. Topics such as project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management are covered, in addition to product design and process development.

**Program Requirements:**

The program of study for a minor in engineering management requires a minimum of 18 credit hours. Note that industrial engineering or engineering management majors will NOT be eligible for the minor.

The minor requires completion of four core courses (12 credit hours) and two elective courses (six credit hours) for a total of 18 credit hours. All courses must be passed with a "C" or better. At least 12 credit hours must be completed in residency at ASU or through ASU Online. The required core courses include:

IEE 220 Business and Industrial Engineering (3)\* or IEE 380 Probability and Statistics for Engineering Problem Solving, CS (3)

IEE 300 Economic Analysis for Engineers (3)

IEE 431 Engineering Administration, L (3)

IEE 458 Project Management (3) or CEE 481 Civil Engineering Project Management (3)\*\*

\*Students whose major requires IEE 380 Probability and Statistics for Engineering Problem Solving (3) will need to take IEE 220 Business and Industrial Engineering (3) for the engineering management minor.

\*\*CEE 481 may not be used for both the civil engineering degree (major) and the engineering management minor.

The two elective courses must be selected from the following list:\*

IEE 369 Work Analysis and Design, L (3)

IEE 376 Operations Research Deterministic Techniques/Applications (3)

IEE 381 Lean Six Sigma Methodology (3)

IEE 412 Introduction to Financial Engineering (3)

IEE 454 Risk Management (3)

IEE 456 Introduction to Systems Engineering (3)

IEE 474 Quality Control (3)

\*Please note that there may be additional prerequisites for the courses in the elective list above.

**Enrollment Requirements:**

Prior to enrolling in the minor, students must have completed MAT 265 and MAT 266 (or an equivalent calculus sequence) with a grade of "C" or better in each.

Interested students should consult with a CIDSE advisor to verify eligibility and to review all courses required for the minor. To schedule a CIDSE advising appointment, go to <https://fultonapps.asu.edu/advising> (<https://fultonapps.asu.edu/advising>).

Students interested in the engineering management minor should also consult with the advisor of the major to ensure recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## English Minor (ASENGMIN)

**Campus:** West

**Description:**

A minor in English represents an ideal choice for students who enjoy English but who are committed to another major. The requirements ground the student in the basics of literary and cultural study, and then allow for a range of course offerings in creative writing, linguistics, rhetoric, literature, and technical and professional communication. The minor will help the student to become a better writer, reader and thinker, making the English minor the perfect complement to any major.

**Program Requirements:**

The minor in English requires a minimum of 24 credit hours, of which 18 must be upper-division (300 or 400 level). Students must complete a minimum of six upper-division credit hours in courses offered by the New College of Interdisciplinary Arts and Sciences.

**Required Core Course:**

ENG 200 Critical Reading and Writing about Literature, L or HU (3)

**Distribution Cluster Requirement:**

Select one course from each distribution cluster (see advisor or posted check sheet for specific course offerings:

<https://newcollege.asu.edu/harcs/degrees/minors/english-courses> (<https://newcollege.asu.edu/harcs/degrees/minors/english-courses>). Fifteen credits are required, and at least two courses, for six upper-division credits, must be at the 400 level. Students may, once only, use one course to satisfy two distribution requirements:

- literature and culture after 1860
- literature and culture before 1860
- critical theories
- ethnicity, gender and post-coloniality
- writing and linguistics

Additional hours, to complete 24 credit hours, are electives chosen from program offerings. Eighteen credit hours overall must be upper-division.

**Enrollment Requirements:**

Students wishing to pursue the English minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## English Minor (LAENGMIN)

**Campus:** Online

### **Description:**

A minor in English provides students with preparation for any profession requiring strong analytical and communication skills, including careers in: publishing, journalism, public relations, nonprofit organizations, professional and technical writing, education, business, banking, grassroots activism, law and medicine as well as numerous others throughout industry and government.

The minor in English is also delivered entirely online and serves as a complement to the chosen major of undergraduate students who are pursuing an ASU major online.

### **Program Requirements:**

The online minor in English consists of 24 credit hours, including ENG 200 Critical Reading and Writing About Literature, L or HU (3). The program also requires:

a minimum of six credits in ENG courses at the 300 level

a minimum of six credits in ENG courses at the 400 level

To complete the 24 credit hours, students choose electives from among the department's offerings. At least four courses (12 of the 24 hours) must be taken at the 300 or 400 level with the remaining nine credit hours to be completed with ENG 200-499 courses. A grade of "C" (2.00) or higher is required in all courses taken for the minor.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## English Minor (LSENGMIN)

**Campus:** Polytechnic

### **Description:**

The minor in English focuses on effective writing, critical thinking and sophisticated reading of literary and nonliterary texts.

### **Program Requirements:**

This minor requires 24 credit hours of ENG courses, to include ENG 200 Critical Reading and Writing About Literature, L or HU (3) and a minimum of 12 upper-division hours of which six credit hours must be taken through the College of Letters and Sciences. All course work for the minor must be completed with a grade of "C" (2.00) or higher.

**Enrollment Requirements:**

Please contact the school for details.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## English (Linguistics) Minor (LAENGMINN)

**Campus:** Tempe

**Description:**

Students pursuing a minor in English with a concentration in linguistics study the nature, variation and structure of language.

**Program Requirements:**

The minor in English with a concentration in linguistics consists of 24 credit hours. A minimum of 12 upper-division credits are required, with at least six of these credits from courses offered by the College of Liberal Arts and Sciences. Required courses are as follows:

ENG 200 Critical Reading and Writing About Literature, L or HU (3)

ENG 213 Introduction to the Study of Language (3)\*

ENG 221 Survey of English Literature, HU (3) or ENG 222 Survey of English Literature, HU, H (3) or ENG 241 Literatures of the United States to 1860, HU (3) or ENG 242 Literatures of the United States, 1860 to Present, HU (3)

ENG 312 English in its Social Setting, L or HU or SB (3)

ENG 314 Modern Grammar (3)

ENG 413 History of English Language, HU (3)

\*ASB 480 Principles of Linguistics (3) or SLC 201 Introduction to Linguistics, HU or SB (3) may be substituted with approval of advisor.

The six additional hours are electives chosen from the department's offerings, with at least one course (three credit hours) required at the 300 or 400 level. A grade of "C" (2.00) or higher is required in all courses for the minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## English (Literature) Minor (LAENGMINT)

**Campus:** Tempe

**Description:**

Students pursuing a minor in English with a concentration in literature study British, American and global literatures in English from the earliest writings to the present.

**Program Requirements:**

The minor in English with a concentration in literature consists of 24 credit hours.

Required:

ENG 200 Critical Reading and Writing About Literature, L or HU (3)

Student also choose one course from three of the following distribution areas:

- literature and culture after 1800
- literature and culture before 1800
- literary theory and interdisciplinary studies
- transnational, postcolonial and global literatures

At least one of these three distribution area courses must be a 400-level course. More information on distribution areas is available at <http://english.clas.asu.edu/files/Minor%20and%20BIS%20emphasis%20in%20Literature%2013-14.pdf> (<http://english.clas.asu.edu/files/Minor%20and%20BIS%20emphasis%20in%20Literature%2013-14.pdf>).

To complete the 24 credit hours, students choose electives from among the department's offerings. At least 12 hours must be upper-division, with a minimum of six upper-division credits from courses offered by the Department of English in the College of Liberal Arts and Sciences. A grade of "C" (2.00) or higher is required in all courses taken for the minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Ethnic Studies Minor (ASETHMIN)

**Campus:** West

**Description:**

Students take courses that introduce a general conceptual framework regarding race and ethnicity and how these intersect in the construction of social formations.

**Program Requirements:**

The minor consists of 18 credit hours, 12 of which must be at the upper-division level. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Up to three credit hours of individualized instruction may be applied toward the minor. All courses must be passed with a minimum grade of "C" (2.00).

Core requirements (6 credit hours):

ETH 100 Introduction to Ethnic Studies, SB, C (3)

HRC 200 Introduction to Social and Critical Analysis (3)

Ethnic studies elective course work (12 credit hours):

These courses must be chosen from the approved ethnic studies course list in consultation with the ethnic studies advisor.

**Enrollment Requirements:**

Students wishing to pursue the minor in ethnic studies should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Family and Human Development Minor (LAFASMIN)

**Campus:** Tempe, Online

**Description:**

A minor in family and human development from the School of Social and Family Dynamics exposes students to the basic course work and issues within the discipline. This program provides an exceptional balance to studies in psychology, communication, education, business or nursing.

**Program Requirements:**

The minor in family and human development consists of 18 credit hours in which students specialize in family studies or child development. At least 12 of the 18 credit hours must be in upper-division courses.

Students take the following required courses:

CDE 232 Human Development, SB (3)

FAS 101 Personal Growth in Human Relationships, SB (3)

FAS 370 Family Ethnic and Cultural Diversity, SB, C (3)

Three courses (or nine credit hours) must be selected from the following and at least one course must be a CDE course:

CDE 312 Adolescence, SB (3)

CDE 337 Early Childhood Intervention (3)

CDE 430 Infant/Toddler Development in the Family, SB (3)

CDE 498 Pro-Seminar (3) or FAS 498 Pro-Seminar (3)

FAS 301 Introduction to Parenting (3)

FAS 331 Marriage and Family Relationships, SB (3)

FAS 332 Human Sexuality, SB (3)

SOC 418 Aging and the Life Course, SB, H (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or

department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Film and Media Production Minor (FAFMPMIN)

**Campus:** Tempe

**Description:**

Students pursuing the film minor will study the basic production processes of film while exploring its history and contemporary social issues.

**Program Requirements:**

The school offers a minor in film and media production, consisting of 18 credit hours of course work. A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met. Transfer students may transfer up to six credit hours toward the minor.

The following courses are required, for a total of 12 credit hours:

FMP 201 Film: The Creative Process I, HU (3)\*  
FMP 250 Sex and Violence in Film and TV: Ethics Survey (3)  
FMP 300 Focus on Film: Film Production for Nonmajors (3)  
THE 403 Independent Film, HU (3)

\*Students considering a minor in theatre concurrently must complete an additional course in theatre or film to make up for the overlapping FMP 201 course.

Also required are six credit hours of upper-division electives related to film and media production. Choose from courses with the FMP, THP or THE prefix. Contact the school for options and course requirements.

Courses ordinarily limited to majors only are available to minors on a second-priority basis; that is, minors may not register for these courses early, but are allowed to register after all major students' needs have been met.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Film and Media Studies Minor (LAFMSMIN)

**Campus:** Tempe, Online

### **Description:**

The film and media studies minor is useful for students who want to explore the critical and creative study of film and media. Students can select to study a range of courses that emphasize media and society, media industries, styles and genres and screenwriting.

### **Program Requirements:**

The film and media studies minor consists of 18 credit hours. Of the 18 credit hours, 12 credit hours must be upper-division courses.

Required courses include:

FMS 100 Introduction to Film, HU (3)

FMS 200 Film History, L or HU, H (3)

FMS 300 Television and Cultural Studies, L or HU (3)

three FMS courses that are upper division (300-499) (9)

For more information contact the film and media studies advisor.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have the accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering the minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allow the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Food and Nutrition Management Minor (ECFNTRMIN)

**Campus:** Downtown Phoenix

### **Description:**

This minor is available to any ASU student interested in developing a greater understanding of nutrition, the food industry and food service operations.

### **Program Requirements:**

The minor requires students to take the following courses, for a total of 18 credit hours:

NTR 100 Introductory Nutrition (3) or NTR 241 Human Nutrition (3)

NTR 142 Applied Food Principles (3)

NTR 300 Computer Applications in Nutrition, CS (3)

NTR 343 Food Service Purchasing (3)

NTR 344 Nutrition Management and Leadership, L (3)

NTR 445 Management of Food Service Systems (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## French Minor (LAFREMIN)

**Campus:** Tempe

**Description:**

Students pursuing a minor in French gain an understanding of the language, literature and cultures of French-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. For more information, go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

**Program Requirements:**

The French minor requires 18 upper-division credit hours. Course substitutions are allowed for heritage and advanced speakers of the language.

Required courses include:

FRE 305 Readings in French Literature, G (3)

FRE 311 Oral and Written Expression I, G (3)

FRE 312 Oral and Written Expression II, G (3)

FRE 321 French Literature, L or HU, H (3) or FRE 322 French Literature, L or HU (3)

Six credit hours of upper-division French courses with at least three credit hours from the 400 level are also required.

**Enrollment Requirements:**

Students who wish to add a minor in French to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Geography Minor (LAGCUMIN)

**Campus:** Tempe

### **Description:**

The minor in geography enables students to be as broad or as specific in their geographic education as they wish. Beyond the two required lower-division courses, at least four upper-division courses in geography must be completed.

### **Program Requirements:**

A minor in geography is awarded to students who complete a minimum of 18 hours in geography (at least 12 hours must be upper division). A grade of "C" (2.00) or higher is required for all courses in the minor. The following lower-division courses are required:

GCU 102 Introduction to Human Geography, SB, G (3)  
GPH 111 Introduction to Physical Geography, SQ (4) OR GPH 211 Landform Processes, SQ (4)

The remaining upper-division courses (12 hours) must be taken from the GCU or GPH prefixes.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Geological Sciences Minor (LAGLGMIN)

**Campus:** Tempe

### **Description:**

The geological sciences minor is designed for students interested in developing a basic understanding of earth science and analyzing issues through a scientific viewpoint.

### **Program Requirements:**

The minor in geological sciences consists of a minimum of 21 credit hours.

The following courses are required for the minor, adding up to 15 credit hours:

GLG 101 Introduction to Geology I (Physical), SQ (3)\*  
GLG 102 Introduction to Geology II (Historical), SG, H (3)\*\*  
GLG 103 Introduction to Geology I-Laboratory, SQ (1)\*  
GLG 104 Introduction to Geology II-Laboratory, SG (1)\*\*  
GLG 310 Structural Geology (3)  
GLG 321 Mineralogy (3)  
GLG 400 Earth and Space Exploration Colloquium (1)

\*Both GLG 101 and 103 must be taken to secure SQ credit.

\*\*Both GLG 102 and 104 must be taken to secure SG credit.

The remaining six credit hours of electives must be upper-division GLG courses, except GLG 300 and 400. Courses should be approved by an academic advisor in the School of Earth and Space Exploration.

Courses required for the geological sciences minor may have additional prerequisites.

#### **Enrollment Requirements:**

All students will be required to meet with an academic advisor in the School of Earth and Space Exploration to declare the minor and confirm that the requirements are being met. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor. The Degree Audit Reporting System will be used for tracking student progress and verifying completion of the minor.

#### **Minimum Residency Requirement**

Students must take at least 12 of the 21 units required for the minor at ASU and at least six of the upper-division hours must be taken from courses offered by the College of Liberal Arts and Sciences. Transfer course work must be evaluated by an advisor in the School of Earth and Space Exploration before it can be applied toward the minor requirements.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

## **German Minor (LAGERMIN)**

**Campus:** Tempe

#### **Description:**

Students pursuing a minor in German gain an understanding of the language, literature and cultures of German-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>) for more information.

#### **Program Requirements:**

The German minor requires 18 hours, 15 of which must be upper-division. Course substitutions are allowed for heritage and advanced speakers of the language.

Required courses include:

GER 310 Advanced German Grammar, G (3)

Choose two courses (six credit hours) from:

GER 311 German Conversation, G (3)

GER 312 Readings in German Culture, G (3)

GER 313 German Composition, G (3)

Choose one 400-level GER course (3)

Choose two GER elective courses (6)\*

\*A maximum of three credit hours are allowed from GER 202.

**Enrollment Requirements:**

Students who wish to add a minor in German to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Global Health Minor (LASSHMIN)

**Campus:** Tempe, Online

**Description:**

The minor in global health is an interdisciplinary program designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved. Global is understood in the anthropological sense, meaning ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of health's social, historical, biological and ecological dimensions.

**Program Requirements:**

The minor is comprised of 18 credit hours, with a minimum of 12 credit hours being upper-division. Students must complete the following:

ASB 100/SSH 100 Introduction to Global Health, SB, G (3)

SSH 403 Cross-Cultural Studies in Global Health, L or SB, G (6) or other approved global health study abroad (summer session, six credits minimum)

Three upper-division global health core courses (9) chosen from:

ASB 300 Food and Culture, L or SB, C (3)

ASB 327 Disaster!, L or SB, C (3)

ASB 355 Traditional Medicine and Healing, HU or SB (3)

ASB 370 Production, People, and Environments, L or SB (3)

ASB 410 Poverty, Social Justice and Global Health, L or SB, G (3)

ASB 462 Medical Anthropology: Culture and Health, SB, C (3)

ASM 345 Disease and Human Evolution (3)

ASM 401 Health and the Human Biology (3-4)

ASM 414 Urban and Environmental Health, SB (3)

SSH 301 Global History of Health, SB, G, H (3)

For additional core course options students may refer to the global health course lists found here: <https://shesc.asu.edu/undergraduate/scheduling-courses-curricula> (<https://shesc.asu.edu/undergraduate/scheduling-courses-curricula>).

Students in the ASU Online minor choose three upper-division global health core courses (9) from:

ASB 300 Food and Culture, L or SB, C (3)

ASB 327 Disaster!, L or SB, C (3)

ASB 410 Poverty, Social Justice and Global Health, L or SB, G (3)

ASB 462 Medical Anthropology: Culture and Health, SB and C (3)

ASM 345 Disease and Human Evolution (3)

ASM 414 Urban and Environmental Health, SB (3)

**Enrollment Requirements:**

Students must speak with an advisor in the School of Human Evolution and Social Change to declare a minor.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Global Studies Minor (LASGSMIN)

**Campus:** Tempe

**Description:**

The minor in global studies offers students, from a transdisciplinary perspective, exposure to global processes and institutions. The minor aims to provide students with an introduction to the tools and skills necessary to make connections linking theory with challenging global issues.

**Program Requirements:**

The minor in global studies consists of 18 credit hours in global studies courses, 12 credit hours of which must be upper-division courses. Students who minor in global studies must complete two required courses:

SGS 101 Thinking Globally: The Individual and Authority, SB (3) or SGS 301 Principles of Global Studies (3) (but not both courses)

SGS 303 Global Trends, SB (3)

The remaining 12 credit hours must be chosen among global studies electives with an SGS prefix. Courses that count toward the minor must have a grade of "C" (2.00) or higher. A maximum of three credit hours of SGS 484 Internship or three credit hours of SGS 499 Individualized Instruction may be applied to the minor. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

**Enrollment Requirements:**

Students who wish to pursue a minor in global studies may do so with the permission of the department, school or college of their major as well as the advisor in the School of Politics and Global Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of

courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Health Care Compliance and Regulations Minor (NUHCCRMIN)

**Campus:** Downtown Phoenix, West

**Description:**

A minor in health care compliance and regulations will allow students to combine the knowledge of their major discipline with the foundational and advanced knowledge required to support regulatory compliance in a health care environment. The minor integrates best practices from business, regulatory, ethics and engineering fields as well as the medical industry to enhance students' major discipline with a focus on regulatory and ethical compliance in the health care industry.

**Program Requirements:**

This minor requires the following courses:

- HCR 260 Health Care Industry and Regulation (3)
- HCR 261 Health Care Compliance (3)
- HCR 263 Introduction to Medical Billing and Compliance (3)
- HCR 360 Data Security and Privacy in Health Care Compliance (3)
- HCR 362 Monitoring and Auditing for Health Care Compliance (3)
- HCR 460 Investigations and Disclosures in Health Care Compliance (3)

A "C" or better is required in all required courses.

Students pursuing the minor may seek advising on minor requirements through advisors in the College of Nursing and Health Innovation.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this minor.

**Enrollment Requirements:**

Students must have a minimum of a 2.00 GPA to select this minor.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Health Care Coordination Minor (NUHCCOMIN)

**Campus:** Downtown Phoenix, West

### Description:

A minor in health care coordination will allow students to combine the knowledge of their major discipline with the foundational and advanced concepts of health care coordination. This innovative program will prepare graduates to effectively coordinate resources to optimize health outcomes for individuals and families. Students completing this minor will have the knowledge to navigate the health care system and assist in the coordination of health care for individuals and families.

### Program Requirements:

The following courses are required:

HCR 220 Introduction to Nursing and Health Care Systems (3)  
HCR 302 Social Determinants of Health (3)  
HCR 320 Foundational Concepts for Health Care Coordination (3)  
HCR 321 Advanced Concepts for Health Care Coordination (3)  
HCR 420 Professional Role Development: Health Care Coordination (3)  
HCR 422 Policy and Financial Principles in Health Care Coordination (3)

A "C" or better is required in all required courses.

Students pursuing the minor may seek advising on minor requirements through advisors in the College of Nursing and Health Innovation.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this minor.

### Enrollment Requirements:

Students must have a minimum of a 2.00 GPA to select this minor.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## History Minor (ASHISMIN)

**Campus:** West

**Description:**

The minor in history educates students in the use of basic tools and methods of the historical discipline. Students are exposed to a broad span of history, both temporally and geographically, ranging from the ancient world through the modern period and extending from Europe to Latin America and the United States.

**Program Requirements:**

The minor in history consists of 18 credit hours in history, with a grade of "C" (2.00) or higher, of which 12 credit hours must be upper-division (300 or 400 level). Students must complete a minimum of six upper-division credit hours in courses offered by the New College of Interdisciplinary Arts and Sciences.

Choose one of the following combinations (6 credit hours):

HST 100 Global History to 1500, HU, H, G (3) and

HST 101 Global History since 1500, HU, H, G (3)

or

HST 109 United States to 1865, HU or SB, H (3) and

HST 110 United States since 1865, SB, H (3)

or choose two of three offered:

HST 102 Western Civilization: Ancient and Medieval Europe, SB, H (3)

HST 103 Western Civilization: Renaissance to Enlightenment, HU or SB, H (3)

HST 104 Western Civilization: French Revolution to European Union, HU or SB, G, H (3)

Required Methods Course (3 credit hours):

HST 495 Methods of Historical Inquiry, L (3)

History upper-division electives (9 credit hours)

**Enrollment Requirements:**

Students wishing to pursue the history minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken, to sign the minor check sheet and to have the minor added to their program of study. Students should also consult an academic advisor in the college or department of their major to make sure the college or department of the major recognizes the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## History Minor (LAHISMIN)

**Campus:** Tempe, Online

**Description:**

Students who pursue the minor in history study the growth and development of human society from all aspects political, social, economic and cultural. The school covers the history of Europe, the U.S., Asia, Latin America and Africa, and courses are designed to give students both breadth and depth in understanding today's complex world.

**Program Requirements:**

The history minor consists of 18 credit hours of course work, at least 12 credit hours of which must be in upper-division course work. On-ground

students earning a minor in history must complete one 12-credit-hour HST geographic concentration (United States, Europe, Asia or Latin America). ASU Online students earning a history minor must complete a minimum of 12 credit hours in U.S. history courses. The School of Historical, Philosophical and Religious Studies requires a grade of at least "C" (2.00) in all courses in the minor. A minimum of six upper-division hours in the minor must be taken from courses offered by the College of Liberal Arts and Sciences.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation providing the college (and in certain colleges, the academic unit) of their major allows the official recognition of the minor and the academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Human Nutrition Minor (ECNTRMIN)

**Campus:** Downtown Phoenix

**Description:**

This minor program is available to any ASU student interested in a strong scientific understanding of human nutrition.

**Program Requirements:**

The minor requires students to take the following courses, for a total 18 credit hours:

NTR 241 Human Nutrition (3)  
NTR 340 Applications in Human Nutrition (3)  
NTR 341 Medical Nutrition Therapy I (3)  
NTR 440 Advanced Human Nutrition I (3)  
NTR 441 Advanced Human Nutrition II (3)  
NTR 444 Medical Nutrition Therapy II (3)

Additional prerequisite requirements: CHM 101 or 113, BIO 201, BIO 202 and BCH 361

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Human Systems Engineering Minor (ESHSEMIN)

**Campus:** Polytechnic

**Description:**

The minor in human systems engineering provides students with the theoretical background and methodological skills to consider human capabilities and limitations when designing and building technology and systems for humans. Human systems engineering is a unique blend of psychology and engineering offered by psychologists in an engineering college. By extending psychology (cognitive, physiological, perceptual, social, organizational) to engineering applications, the minor will produce students familiar with the science of human cognition and behavior, and students will be capable of understanding the implications of this science for engineering endeavors.

Human systems engineering skills are increasingly valued by industry, yet are not typically covered in traditional psychology programs. Students with a major or a minor in human systems engineering will enhance their employment potential.

**Program Requirements:**

The minor requires 21 credit hours.

Required Minor Courses (18):

EGR 103/HSE 101 Introduction to Human Systems Engineering (3)  
EGR/HSE 225 Human Systems Integration (3)  
EGR/HSE 230 Human Systems and Statistics I (3)  
EGR/HSE 290 Experimental Research Methods in Human Systems Engineering (3)  
EGR/HSE 323 Perception and Human Systems or EGR 322/HSE 324 Cognition and Human Systems (3)  
PSY 438 Human-Computer Interaction (3)

Elective Courses (3):

EGR 422/HSE 425 Human Medical Systems (3) or EGR/HSE 429 Product Design and Evaluation (3)  
EGR/HSE 424 Human Automation Interaction (3) or EGR/HSE 428 Judgment and Decision Making in Human Systems (3)  
HSE 422/PSY 449 Human Factors in Sports (3)  
HSE 423/PSY 448 Human Factors in Transportation (3)

HSE 426/PSY 439 Training and Skill Acquisition (3) or EGR 472/HSE 427 Learning and Human Systems Engineering (3)

Total required credit hours: 21

All required minor courses must be passed with a "C" (2.00 on a 4.00 scale) or better.

**Enrollment Requirements:**

To add the minor in human systems engineering, a student must be in junior status and have at least a 2.00 cumulative GPA.

## Integrative Health Minor (NUIHLTMIN)

**Campus:** Downtown Phoenix, West

**Description:**

Integrative health provides students with the foundational knowledge to approach health from, a holistic perspective that focuses on the mind, body and spirit. The minor will provide an overview of holistic approaches, as well as emphasize research, evidence-based approaches, and the legal, ethical, historical and cultural foundations of integrative health care.

**Program Requirements:**

Required Courses:

HCR 340 Foundations of Integrative Health (3)  
HCR 341 Biological, Manipulative and Body-Based Therapies (3)  
HCR 342 Mind-Body and Energy Therapies and Modalities (3)  
HCR 343 Historical and Cultural Foundations of Integrative Health Care (3)  
HCR 440 Interprofessional Approaches to Integrative Health Care (3)

Electives:

CHM or BIO Any CHM or BIO course (3-4)

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this minor.

A "C" or better is required in all required courses. Students pursuing the minor may seek advising on minor requirements through advisors in the College of Nursing and Health Innovation.

**Enrollment Requirements:**

Students must have a minimum of a 2.00 GPA to select this minor.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Interdisciplinary Organizational Studies Minor (ASIOSMIN)

**Campus:** West

**Description:**

The minor in interdisciplinary organizational studies is designed to increase students' understanding of the behavior and the dynamics of individual, group and organizational processes in the workplace. It incorporates perspectives from the behavioral and social sciences, communication studies and management. The minor is learner-centered and allows students to select course work that matches their career and educational goals.

**Program Requirements:**

This minor consists of 21 credit hours, of which 18 must be upper-division course work.

## Required Courses (6)

PSY 453 Organizational Behavior, SB (3)

Research methods course (3)\*

## Cluster 1: Courses Focused on Organizations

Choose four courses from the following list, for a total of 12 credit hours:

COM 320 Communication and Consumerism, SB (3)

COM 400 Communication in Professions Topic: Dissent in Organizations HU, C (3)

COM 450 Theory and Research in Organizational Communication, SB (3)

COM 451 Communication and Work Relationships (3)

COM 453 Communication Training and Development (3)

PHI 360 Business and Professional Ethics, HU (3)

PSY 482 Social Influence and Consumer Behavior, SB (3)

PSY 484 Internship (3) or COM 484 Internship (3) or SOC 484 (or others) Internship (3)

SOC 443 Sociology of Corporations, SB, G (3)

The internship site must be approved by the SBS advisor.

## Cluster 2: Courses Focused on Diversity Within Organizations

Choose one from the following courses for a total of three credit hours:

COM 463 Intercultural Communication Theory and Research, SB, G (3)

POS 437 Women, Power and Politics, G (3)

SOC 270 Racial and Ethnic Relations, SB, C (3)

SOC 400 Perspectives on Aging, SB (3)

SOC 426 Social Inequality, SB (3)

\*SBS advisor's approval is required.

**Enrollment Requirements:**

The minor in interdisciplinary organizational studies is open to all ASU undergraduate majors. Students should consult an academic advisor in the department of their major to determine if the minor is consistent with their educational goals and if the major allows the recognition of the minor.

A student wishing to pursue this minor should consult an academic advisor in the School of Social and Behavioral Sciences to ensure an appropriate set of courses are taken.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Interior Design History Minor (ARINTMIN)

**Campus:** Tempe

**Description:**

The minor in interior design history is available to students interested in design and culture. The courses designated for the minor are part of the professional studies in interior design environments and serve to inform students about the evolution of interiors, furnishings and decorative arts from ancient Egypt to the present. They introduce theories informing the profession of interior design. They examine cultures from around the globe, as they influence human needs and behaviors in the living and working environment.

**Program Requirements:**

A minimum of 18 credit hours (12 credit hours of which must be from the 300 or 400 level) are required for the minor. To enhance the understanding of the subject matter, the selected courses are sequential in nature and require certain prerequisites. Consequently, students should carefully note the semester in which any of these courses are offered.

**Required Courses:**

DSC 101 Design Awareness, HU, G (3)  
INT 111 Interior Design Issues and Theories, HU (3)  
INT 310 History of Interior Design I, HU, H (3) \*  
INT 311 History of Interior Design II, HU, H (3)

**Choose two courses from:**

INT 412 History of Decorative Arts in Interiors, HU (3)  
INT 413 History of Textiles in Interior Design (3)  
INT 415 Latin American Design (3)  
INT 494 ST: Contemporary Design Issues in Europe (3) or \*\*  
INT 494 ST: Design and Context (3) \*\*

\*prerequisite: ARS 102 Art from Renaissance to Present (3) with a "C" (2.00) or better

\*\*summer study abroad course, offered in summer term only

Students must have an overall GPA of 2.50 or higher and achieve a minimum 2.50 GPA in minor classes to be awarded the minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Italian Minor (LAITAMIN)

**Campus:** Tempe

### **Description:**

Students pursuing a minor in Italian gain an understanding of the language, literature and cultures of Italian-speaking peoples and regions. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. Go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>) for more information.

### **Program Requirements:**

The Italian minor requires 18 credit hours. A minimum of 12 credit hours must be upper-division.

Required courses include:

ITA 311 Italian Conversation, G (3) or ITA 312 Italian Composition, L, G (3) or ITA 315 Italian Civilization, HU, G (3)  
ITA 321 Introduction to Italian Literature I (3) or ITA 322 Introduction to Italian Literature II, HU (3)  
one 400-level ITA course (3)

Elective courses:

Students may use a maximum of six credits from the 200-level ITA courses. All remaining electives must be upper-division ITA courses. Course substitutions are allowed for heritage and advanced speakers of the language.

### **Enrollment Requirements:**

Students who wish to add a minor in Italian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Justice Studies Minor (LAJUSMIN)

**Campus:** Tempe, Online

### **Description:**

The minor in justice studies is designed for students interested in developing an understanding of meanings of justice and injustice and analyzing controversial issues. In addition to the two required courses, which provide a solid understanding of the field, students will be able to select electives to meet their specific interests. Criminal justice majors may not earn a minor in justice studies.

**Program Requirements:**

The minor is 18 total credit hours. Students will be required to take two specific classes and will then have the option to select four JUS classes as their minor electives.

**Required courses (6):**

JUS 105 Introduction to Justice Studies, SB (3) or JUS 305 Principles of Justice Studies, SB (3)

JUS 303 Justice Theory, L (3)

**Elective courses (12):**

Students can select any JUS course except JUS 301, JUS 302 or any course listed as a required course.

- A minimum of nine credit hours must be courses offered by the School of Social Transformation.
- No pass/fail or noncredit course work may be applied to the minor.
- Students must receive a minimum grade of "C" (2.00) for all courses in the minor.
- Student must meet all course eligibility requirements, including prerequisites.
- Twelve credit hours must be upper-division.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Landscape Studies Minor (ARLNDMIN)

**Campus:** Tempe

**Description:**

The minor in landscape studies is designed for students who have an interest in landscape architecture but are pursuing a major in another field. The course selection is intended to provide greater understanding of landscape architecture issues that may be relevant in related professional disciplines and to broaden knowledge about the landscape in which we live.

**Program Requirements:**

A minimum of 18 credit hours (to include 12 credit hours of upper-division course work) are required for the minor.

**Required Courses:**

ALA 100 Introduction to Environmental Design, HU, G, H (3)

ALA 102 Landscape and Sustainability HU, G (3)

LPH 310 History of Landscape Architecture, HU, H, G (3)

LPH 311 20th-Century Landscape Architecture, HU (3)

Six additional upper-division credit hours of electives in the landscape architecture history and theory concentration must be selected from the following list:

LAP 354 Plant Materials (3)  
LDE 494 Topic: Applied Landscape Architecture (3)  
LPH 394 Special Topics (3)  
LPH 411 Landscape Architecture Theory and Criticism, L (3)  
LPH 494 Special Topics (3)  
LPH 499 Individualized Instruction (3)\*

\*This course requires a petition to The Design School.

A minimum GPA of 2.50 in minor courses is required to earn the minor in landscape studies. In addition, students may not use a core course to count toward the minor. Students pursuing the BSD in architecture must petition the school to request a substitution for any core courses that are also included in the landscape studies minor.

#### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Latin American Studies Minor (ASLASMIN)**

**Campus:** West

#### **Description:**

The Latin American studies minor is designed for students who have an interest in becoming proficient in Spanish and who wish to carry out work and research in areas not related exclusively to literature. This minor offers a student-driven model in which the student's specific interests are deepened through the study of Latin America. It is interdisciplinary and allows for flexibility on the part of students, while also instilling a breadth and depth of knowledge about issues surrounding Latin America. This minor allows students to be more widely marketable upon graduation for fields as diverse as business, arts administration, teaching, nonprofit, science and more.

#### **Program Requirements:**

The Latin American studies minor is 18 credit hours and consists of two lower-division credit hours and 12 upper-division credit hours (300-400 level). Students must demonstrate Spanish language proficiency by meeting the prerequisites of the upper-division Latin American emphasis courses, one of which must be taught in Spanish, or by taking Spanish language classes up through SPA 325. Students must complete a minimum of six upper-division credit hours offered by the School of Humanities, Arts and Cultural Studies. A minimum of 12 credit hours must be completed at ASU.

Required Minor Core: (9 credit hours)

LAS 205 Deep Roots: Latin America (3)  
LAS 206 Locating Latin America: Interdisciplinary Methods (3)  
LAS 330 From the Inside: The Latin American Journey (3)

Latin American Studies Electives: (9 credit hours)

Choose three upper-division courses from any Latin American Emphasis track below, one of which must be taught in Spanish (courses with a SPA prefix are taught in Spanish).

#### TRACK 1: ARTS

IAP 305 20th and 21st Century Art, Performance and Media, L or HU (3)  
IAP 354 Visual Representation (3)  
IAP 361 Digital Editing and Media Literacy, CS (3)  
IAP 473 Aesthetic Research, L or HU (3)  
IAP 474 Art and Film, L or HU (3)  
LAS 471 Treaties and Cultural Production in Spain and the Americas (3)  
LAS 480 Current Trends in Theatre and New Media in Latin America and Spain (3)  
MUS 354 Popular Music: Latin American Music, HU (3)  
SPA 434 Drama of the Golden Age (3)  
SPA 487 Mexican American Drama (3)

#### TRACK 2: NARRATIVE (Literature and Film)

LAS 340 Latin American Women Writers (3)  
LAS 351 Cityscapes: Urban Mexican Literature and Culture (3)  
LAS 355 Contemporary Mexican Cinema: Changing Cartographies (3)  
LAS 481 Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (3)  
SPA 325 Introduction to Hispanic Literature, HU (3)\*  
SPA 394 Special Topics (3)  
SPA 426 Spanish Literature, HU (3)  
SPA 427 Spanish American Literature, L or HU (3)  
SPA 429 Mexican Literature, L or HU, G (3)  
SPA 431 Prose of Golden Age, L or HU (3)  
SPA 435 Cervantes-Don Quixote, L or HU, H (3)  
SPA 454 19th Century Spanish American Narrative (3)  
SPA 456 20th Century Spanish American Fiction (3)  
SPA 485 Mexican American Short Story, L, C (3)  
SPA 486 Mexican American Novel (3)

\*SPA 325 is not available as an elective to LAS majors.

#### TRACK 3: HISTORY/POLITICAL SCIENCE

AMS 428 Chicano Cultures in Southwest, SB (3)  
ASB/SBS/SOC 342 Mexico-US Borderlands, SB, C (3)  
HST 305 Studies in Latin American History, SB, H (3)  
HST 375 Colonial Latin America, SB, H (3)  
HST 376 Modern Latin America, SB, H (3)  
HST 404 Conquest, L, G (3)  
HST 494 Topic: Latin America and the World Economy (3)  
LAS 350 The Construction of a Nation: Chile in the 20th/21st Century (3)  
LAS 481 Dictatorships and Dirty Wars: Latin American Cinema from Resistance to Reconciliation (3)  
POS 354 Central American Studies, SB, G (3)  
POS 454 Mexico, SB, G (3)  
POS 456 Latin American Cities, SB, G (3)  
POS 464 Border Cities: Action Research on Globalization, SB, G (3)

#### TRACK 4: EDUCATION/LINGUISTICS

SPA 400 Introduction to Spanish Linguistics (3)  
SPA 413 Advanced Spanish Grammar, G (3)  
SPA 417 Spanish Phonetics and Phonology (3)  
SPA 418 Spanish Syntax (3)  
SPA 420 Applied Spanish Linguistics, L (3)  
SPA 421 Spanish in the Southwest, L or SB, C (3)  
SPA 422 Spanish Lexicology and Lexicography (3)

#### TRACK 5: SOCIOLOGY/ANTHROPOLOGY

AMS 330 Documenting American Lives, HU, C (3)  
ASB/SBS/SOC 342 Mexico-U.S. Borderlands, SB, C (3)  
SPA 464 Mexican American Literature, HU or SB, C (3)  
SPA 471 Civilization of the Spanish Southwest, L or HU, C (3)  
SPA 472 Spanish American Civilization, HU, H, G (3)  
SPA 474 Mexican Culture, L or HU, G (3)  
WST 430 Gender on the Borderlands, SB, G (3)  
WST 473 Indigenous and Latina/Chicana Representation, SB, C (3)

## TRACK 6: BUSINESS AND PROFESSIONS

IAS 406 Moral Dilemmas, L or HU (3)

LAS 471 Treaties and Cultural Production in Spain and the Americas (3)

PHI 306 Applied Ethics, HU (3)

PHI 360 Business and Professional Ethics, HU (3)

PHI 406 Moral Dilemmas, L or HU (3)

SPA 394 Special Topics (3)

SPA 401 Spanish Oral Communications for the Professions (3)

SPA 402 Written Communications for the Professions (3)

SPA 403 Spanish Grammar and Stylistics for the Professions (3)

SPA 404 Spanish in U.S. Professional Communities, C (3)

SPA 405 Latino Cultural Perspectives for the Professions, C (3)

### **Enrollment Requirements:**

Students must demonstrate Spanish language proficiency by meeting the prerequisites of the upper-division Latin American emphasis courses, one of which must include a course taught in Spanish, or by taking Spanish classes up through SPA 325.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses are taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Materials Science and Engineering Minor (ESMSEMIN)**

**Campus:** Tempe

### **Description:**

The materials science and engineering minor is designed to give other science and engineering majors an in-depth understanding of materials, including their structure, processing, properties and performance.

### **Program Requirements:**

Students are required to take five courses and one lab (minimum of 16 credits), listed below:

Required Courses:

MSE 250 Structure and Properties of Materials (3)

MSE 355 Structure and Defects (3)

Two MSE courses at the 300 level or higher (6)

One materials-related lab from the following list:

MSE 356 Structure, Properties and Defects Lab (1)

MSE 421 Physical Metallurgy Lab (1)

MSE 451 Introduction to Materials Characterization Lab (1)

One materials-related course from the following list:

Any MSE course at the 300 level or higher (3)  
BME 318 Biomaterials (4)  
CEE 353 Civil Engineering Materials (3)  
CHE 458 Semiconductor Material Processing (3)  
CHM 471 Solid-State Chemistry (3)  
EEE 352 Properties of Electronic Materials (4)  
EEE 436 Fundamentals of Solid-State Devices (3)  
PHY 481 Materials Physics I (3)

**Enrollment Requirements:**

Students need sophomore status and a minimum 2.75 ASU and transfer GPA to enroll in the minor in materials science and engineering and a 2.50 GPA in all courses in the minor to receive the minor. Students adding the minor will also need to complete MAT 265 (270), MAT 242 (342 or 343), and CHM 114 or CHM 113 and 116.

Interested students should consult with a SEMTE advisor to verify eligibility and to review all courses required for the minor. To schedule an advising appointment, please contact the SEMTE advising office at 480-965-2335 or [semte@asu.edu](mailto:semte@asu.edu).

Students interested in the materials minor should also consult with their major advisor to ensure recognition of the minor and to have their minor added to their DARS.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Mathematics Minor (ASMATHMIN)

**Campus:** West

**Description:**

The minor in mathematics explores the study of higher mathematics. It is designed to enable the student to understand the mathematics most commonly used in business, economics and science. It is expected that students in the minor will be able to reason and to find creative solutions to problems that were either presented to them or meaningfully formulated by them. The minor is recommended for students who plan to major in integrative studies, life sciences and business and for those who are preparing for further graduate study.

**Program Requirements:**

The minor in mathematics consists of a minimum of 27 credit hours, of which nine credit hours must be taken from the School of Mathematical and Natural Sciences.

**Required Courses:**

MAT 270 Calculus with Analytic Geometry I, MA (4)  
MAT 271 Calculus with Analytic Geometry II, MA (4)  
MAT 272 Calculus with Analytic Geometry III, MA (4)  
MAT 300 Mathematical Structures, L (3)  
MAT 342 Linear Algebra (3)

**Elective Courses:**

Choose three electives from the following courses, or other approved courses, in consultation with a departmental advisor, for a total of nine credits.

MAT 310 Introduction to Geometry (3)  
MAT 371 Advanced Calculus I (3)  
MAT 411 History and Philosophy of Mathematics, HU, H (3)  
MAT 443 Introduction to Abstract Algebra (3)  
MAT 445 Theory of Numbers (3)  
STP 420 Introductory Applied Statistics, CS (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met, and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Mathematics Minor (LAMATMIN)

**Campus:** Tempe

**Description:**

The minor in mathematics is designed for students who want to further their knowledge of mathematics and is recommended for students who are majoring in such disciplines as physics, engineering, business, economics, and the life and social sciences where the need for quantification in the analysis of phenomena is strong.

**Program Requirements:**

The minor in mathematics consists of a minimum of 18 credit hours. Required courses are as follows, for a total of nine to 11 hours:

MAT 271 Calculus with Analytic Geometry II, MA (4) or MAT 266 Calculus for Engineers II, MA (3)

MAT 272 Calculus with Analytic Geometry III, MA (4) or MAT 267 Calculus for Engineers III, MA (3)

MAT 342 Linear Algebra (3) or MAT 343 Applied Linear Algebra (3)

Three electives for a total of nine or more credits must be upper-division courses in mathematics (MAT) or statistics and probability (STP). Students may not apply MAT 411 or 485 or any course not offered by the College of Liberal Arts and Sciences to the minor, unless otherwise approved by an academic advisor in the School of Mathematical and Statistical Sciences.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Contact Information:**

## Media Analysis Minor (CSCMOMINA)

**Campus:** Downtown Phoenix, Online

### Description:

The mass media, more than ever before, plays a vital role in how information is disseminated and how societies are shaped and function. As traditional forms of media and information dissemination change rapidly in an increasingly technological world, it is more important than ever for students to understand the way that media work, as well as learn to evaluate the messages that are sent. All students can benefit from the study of mass communications institutions, functions and techniques. In this minor, students will learn to understand the roles that media play, how they are changing and their impact. They will be given the tools they need to critically evaluate, analyze and interpret media messages in order to become wise consumers of media themselves.

### Program Requirements:

The minor of media analysis consists of 18 credit hours of course work. This is a requirement consistent with many other minor programs at Arizona State University and at other colleges and universities. The focus of the program is on media analysis. Students in the minor will concentrate on evaluating the impact of information dissemination rather than on topics that focus on the practice of gathering and distributing messages. Students in the minor may not register for courses in the professional journalism major.

To take upper-division courses, students must be at least a sophomore (25 credit hours). To pursue the minor in media analysis, students must maintain a minimum 2.00 overall GPA, obtain a minimum grade of "C" (2.00) in each course in the minor and have a major other than journalism and mass communication.

Three specific classes will be required (nine hours). The required classes are:

- MCO 120 Media and Society, SB (3)
- MCO 240 Media Issues in American Pop Culture (3)
- MCO 418 History of Mass Communication, SB, H (3)

In addition, students select three additional courses (nine credit hours) from the list of electives offered by the journalism school. The common element of these courses is that they focus on understanding specific aspects of the mass media and how those aspects impact individuals and societies in terms of function, effects and enculturation. Electives offered include:

- MCO 302 Media Research Methods (3)
- MCO 430 International Mass Communication, G (3)
- MCO 435 Social Media (3)
- MCO 450 Visual Communication, HU (3)
- MCO 455 War and Mass Media (3)
- MCO 456 Political Communication, SB (3)
- MCO 460 Race, Gender and Media, C (3)
- MCO 465 Sports and Media (3)
- MCO 473 Sex, Love and Romance in the Mass Media, SB (3)
- MCO 494 Special Topic (3)

### Enrollment Requirements:

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information:  
[http://cronkite.asu.edu/undergrad/minor\\_media\\_analysis](http://cronkite.asu.edu/undergrad/minor_media_analysis) ([http://cronkite.asu.edu/undergrad/minor\\_media\\_analysis](http://cronkite.asu.edu/undergrad/minor_media_analysis)).

year, and you learn in accelerated, 7.5-week classes.

## Military Leadership Minor (LAMISMIN)

**Campus:** Tempe

**Description:**

The minor in military leadership is designed to enhance the student's learning experience by providing tools to prepare them for leadership roles in various organizations. Students complete courses that will cover academic and practical skills in many areas, including:

- effective communication
- leadership ethos
- leading, motivating and empowering others
- negotiating
- problem-solving
- team-building

**Program Requirements:** The minor in military leadership requires 18 credit hours, 12 of which must be at the 300 or 400 level. There are five options available, as noted below. Twelve credit hours must be taken in residence on an ASU campus. The required courses are as follows:

Army option:

MIS 301 Advanced Military Science I, L (3)  
MIS 302 Advanced Military Science II, L (3)  
MIS 401 Advanced Military Science III (3)  
MIS 402 Advanced Military Science IV (3)

Air Force option:

AES 301 Air Force Leadership Studies I, L (3)  
AES 303 Air Force Leadership Studies II, L (3)  
AES 401 National Security Affairs, L (3)  
AES 403 Preparation for Active Duty II (3)

Navy option:

NAV 301 Naval Ship Systems I (3)\*  
NAV 302 Naval Ship Systems II: Weapons (3)\*  
NAV 401 Naval Operations and Seamanship (3)  
NAV 402 Naval Leadership and Ethics (3)\*

Marine option:

NAV 303 Evolution of Warfare (3)  
NAV 402 Naval Leadership and Ethics (3)\*  
NAV 403 Amphibious Warfare (3)\*

Non-ROTC option:

A minimum of three of the above upper-division courses for nine credits, in any combination, in conjunction with the below electives satisfying 18 credit hours, to include 12 upper-division credits.

Approved Electives:

Note: Any courses from the above can be used as an elective for a complementary option

AES 101 Air Force Today I (2)  
AES 103 Air Force Today II (2)  
AES 201 The Evolution of USAF Air and Space Power I (2)  
AES 203 The Evolution of USAF Air and Space Power II (2)  
AES 499 Individualized Instruction (3)

FAS 101 Personal Growth in Human Relationships, SB (3)  
FAS 331 Marriage and Family Relationships, SB (3)  
HST 372 Modern Middle East, SB, G, H (3)  
HST 408 Civil War and Reconstruction, L or SB, H (3)  
HST 456 The Vietnam War, SB, G, H (3)  
MIS 101 Introduction to the Military I (3)  
MIS 102 Introduction to the Military II (3)  
MIS 201 Introduction to Leadership Dynamics I (3)  
MIS 202 Introduction to Leadership Dynamics II (3)  
MIS 410 American Defense Policy I, SB, G, H (3)  
MIS 412 American Defense Policy II, SB, G, H (3)  
MIS 499 Individualized Instruction (3)  
NAV 101 Introduction to Naval Science (3)  
NAV 102 Sea Power and Maritime Affairs (3)\*  
REL 100 Religions of the World, HU, G (3)  
REL 366 Islam in the Modern World, HU, H, G (3)

**Alternative Electives:**

Additional electives may be selected by the student with prior approval from the department chair.

\*These courses will not be available until spring 2016.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate by either the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Music Minor (FAMUSMIN)

**Campus:** Tempe

**Description:**

The music minor is designed for those students who are interested in a broad introduction to the study of music. The program allows for a diverse exposure to traditional through contemporary music practices, with numerous options to select courses based on students' interests.

**Program Requirements:**

The School of Music offers a minor in music consisting of 24 credit hours of course work, including a minimum 12 upper-division credit hours. A minimum grade of "C" (2.00) is required in all courses.

**Required Courses (12):**

MHL 201 Media Literacy for Musicians, CS (3)\*  
MUS 100 Fundamentals of Music Notation (3)\*  
MUS 131 Bach to Bebop (3)  
MUS 340 Music for the Concert Hall, Stage and Screen HU, H (3)

Music history (select two of the following four courses) (6):

MUS 347 Jazz in America, HU, C (3)  
MUS 355 American Music, HU, C, H (3)  
MUS 356 Broadway and the American Musical, HU (3)  
MUS 410 History of Women in Music, HU, C, H (3)

Electives (choose two of the following five courses) (6):

MUS 354 Beatles, HU (3)  
MUS 354 Classic Rock: 1950-1975, HU (3)  
MUS 354 Elvis, HU (3)  
MUS 354 Rock Since 1975, HU (3)  
MUS 362 Rap Music and Hip Hop Culture, HU, C (3)

\*The online version of this course is required.

Notes: MHL, MTC, MUP courses may be accepted as electives if the appropriate prerequisites are met and with instructor approval. Music reading and notation skills are a prerequisite for the music minor.

Please note: MUS 131 Bach to Bebop is only offered during the fall semester.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Music Performance Minor (HIMUSPMIN)**

**Campus:** Tempe

### **Description:**

The minor or BIS concentration in music performance allows students who have a background playing an instrument or singing to continue their studies in music. The course work develops these skills through individual instrumental or vocal instruction and performance opportunities through various ensemble experiences. The program also includes the study of theoretical and historical elements of music. Students interested in pursuing the minor in music performance should contact the School of Music's Office of Academic Affairs for audition information and to schedule the audition.

### **Program Requirements:**

The minor or BIS concentration requires 21 hours (12 upper division) in performance, history, theory and electives.

Core required courses: (10)

MUP 121 Secondary/Minor Instrument Instruction (two semesters) (2)  
MUP 321 Secondary/Minor Instrument Instruction (1)  
MUP 442/443 Ensembles (three semesters) (3)  
MUS 131 Bach to Bebop (3)

Choose one of the following:

a fourth semester of MUP 442/443 ensembles (1)

one semester of MUS 494 Topic: Urban Dance Music Ensemble (1) or one semester of MUS 294 Topic: Rock Band (3)

History: (6)\*

Choose two of the following (upper division only):

MUS 340 Music for the Concert Hall, Stage, and Screen, HU, H (3)

MUS 347 Jazz in America, HU, C (3)

MUS 354 Classic Rock: 1950-1975, HU (3)

MUS 355 American Music, HU, C, H (3)

MUS 356 Broadway and the American Musical, HU (3)

MUS 362 Rap Music and Hip Hop Culture, HU, C (3)

MUS 410 History of Women in Music, HU, C, H (3)

Theory: (3)

MUS 100 Fundamentals of Music Notation (3) or MTC 125 Basic Music Theory (3)

Electives: (2)

MUP, MUS, MUE, MTC or MHL (upper-division only) (2)

TOTAL 21 (12 upper-division)

\*MHL courses may be accepted if the appropriate prerequisites are met or with instructor approval.

Admission requirement: An audition is required for entrance into the minor or BIS concentration and MUP 121 study. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage: <http://music.asu.edu/admissions/auditions/> (<http://music.asu.edu/admissions/auditions/>).

#### **Enrollment Requirements:**

Prospective students must successfully complete an audition for the faculty in the applicable instrument area. Audition criteria are determined by area faculty and will be similar to the MUP 111 and MUP 311 criteria found in the Audition Requirements section on this webpage: <http://music.asu.edu/admissions/auditions/> (<http://music.asu.edu/admissions/auditions/>).

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Nonprofit Leadership and Management Minor (PPNLMIN)**

**Campus:** Downtown Phoenix

#### **Description:**

The minor in nonprofit leadership and management empowers students to positively impact the community in which they work. Course work introduces students to knowledge and skills for successful professional careers with nonprofit, social sector organizations that exist to improve the quality of life of communities. The nonprofit sector in the U.S. is unique in form and function, with more than 1.6 million organizations in the U.S. The minor is ideal for students enrolled in other degrees or majors at ASU who wish to earn a minor that concentrates on the management of nonprofit organizations. Students from such various disciplines as business, communication, education, global studies, museum studies, nursing, public affairs, religious studies, social work, sustainability and others find this program a beneficial supplement to their existing program as many find their

career pathways from their degree occur within nonprofit organization forms. This program affords students the opportunity to start their pursuit of the National Certified Nonprofit Professional credential awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.). For more information about completing the CNP credential and requirements, please see the school website.

**Program Requirements:**

The minor requires 18 credit hours: 12 credit hours of required core courses and six credit hours of elective courses.

**Required Core Courses:**

NLM 220 Introduction to Nonprofit Organizations (3)  
NLM 300 Fundraising and Resource Development (3)  
NLM 310 Volunteer Management (3)  
NLM 430 Managing Nonprofit Organizations, L (3)

**Elective Courses (choose six elective credit hours from one of two blocks):**

Block A: choose this block if interested in the CNP credential:

NLM 320 Professional Development Seminar (4)\*  
NLM 420 Nonprofit Leadership Alliance Institute (2)

Block B: choose two courses if interested in minor only, without CNP credential:

NLM 160 Voluntary Action and Community Leadership, SB (3)  
NLM 380 Financial Management for Nonprofit Organizations (3)  
NLM 435 Service Learning for Community Development (3)  
PRM 486 Special Events Management (3)

\*This seminar is for one credit hour for four semesters.

**Standards**

- minimum grade of "C" (2.00) required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor; a major or premajor, other than BS in nonprofit leadership and management
- meet the curricular and cocurricular requirements (if also pursuing the CNP credential)
- 15 hours of graded classroom course work (no internship, no independent study)
- students should be a junior to take 400-level classes
- no double counting of courses for both a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the nonprofit leadership and management minor should consult an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing a bachelor's in nonprofit leadership and management are not eligible to complete this minor. Students pursuing the nonprofit leadership and management bachelor's degree, however, may earn the certified nonprofit professional credential along with their major upon successfully completing both curricular and cocurricular requirements (see advisor for details).

## Nutrition and Healthy Living Minor (NUNHLMIN)

**Campus:** Downtown Phoenix

**Description:**

The nutrition and healthy living minor will provide a greater understanding of how nutrition contributes to healthy lifestyles and disease prevention.

**Program Requirements:**

The minor requires completion of a minimum of 18 nutrition credit hours.

Required Courses: (12)

NTR 241 Human Nutrition (3)

NTR 340 Applications in Human Nutrition (3)

NTR 341 Medical Nutrition Therapy I (3) or NTR 345 Development of Healthy Cuisines (3)

NTR 450 Nutrition in the Life Cycle, SB (3) or HSC 355 Eating for Lifelong Health (3)

Upper-Division Electives: (6)

select two courses from the following list:

NTR 320 History of Human Nutrition (3)

NTR 348 Cultural Aspects of Food, SB, C, G (3)

NTR 350 Nutrition Counseling (3)\*

NTR 351 Nutrition and Health Communications, L (3)

NTR 353 Perspectives on the Western Diet: Food, Health and Sustainability (3)

NTR 444 Medical Nutrition Therapy II (3)\*

NTR 453 Nutrition and the Media (3)

NTR 457 Sports Nutrition (3)\*

\*This course is not available to ASU Online students.

Many courses in this minor require CHM 101 (or CHM 113) or BIO 201 and BIO 202 as a prerequisite. Please ensure all prerequisites are met when planning this minor.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Organizational Leadership Minor (LSORGLMIN)**

**Campus:** Polytechnic, Online

**Description:**

The minor in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need to solve problems, communicate effectively, assess programs, manage resources and use emerging technologies in organizations. Students in the program will be prepared for a range of positions in government, health care administration, nonprofit agencies and the service industry.

**Program Requirements:**

The minor in organizational leadership requires 18 credit hours to complete, including 12 upper-division and six lower-division credit hours. It is

available to all majors. There are no prerequisite courses or requirements.

Students complete two required courses:

OGL 200 Introduction to Organizational Leadership, SB (3)

OGL 300 Theory and Practice of Leadership (3)

Students may choose any four of the following elective courses as long as three courses are upper division.

BIS 357 Assessment in Organizations (3)

OGL 220 Behavioral Dynamics in Organizations (3)

OGL 240 Introduction to Project Management (3)

OGL 260 Resource Allocation in Organizations (3)

OGL 321 Project Leadership, Strategy and Scope (3)

OGL 350 Diversity and Organizations (3)

OGL 355 Leading Organizational Innovation and Change, L (3)

OGL 360 Assessment of Leadership Effectiveness (3)

#### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor. Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## **Parks and Protected Area Management Minor (PPPRMMINT)**

**Campus:** Downtown Phoenix

#### **Description:**

As the Southwest continues to develop and urbanize, the demands and pressures on public lands and natural resources continues to grow. The interplay between society and natural resources is key to understanding modernity and continues to be at the center of policy issues and quality of life debates in the West. The minor in parks and protected area management introduces students to the role of parks and protected areas, with a focus on the unique issues faced by urban-proximate natural area managers. The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, education, nursing, public affairs, social work and many others might find this program a beneficial supplement to their existing program. Students interested in the parks and protected area management minor may also be interested in therapeutic recreation, available through the parks and recreation management program.

#### **Program Requirements:**

Completion of a parks and protected area management minor in the School of Community Resources and Development requires the following:

Required Core Courses (12)

PRM 120 Leisure and the Quality of Life, SB (3)

PRM 370 Public Lands Management (3)

PRM 380 Wilderness and Parks in America, SB, H (3)

TDM 480 Sustainable Tourism (3)

Elective (choose one course from the following list)

CRD 301 Sustainable Communities (3)

PRM 340 Outdoor Survival (3)  
PRM 470 Environmental Communication (3)  
TDM 448 Heritage and Cultural Tourism (3)  
TDM 494 Special Topics, as approved by a SCRD advisor (3)

#### Standards

- 15 hours of graded classroom course work (no internship, no independent study)
- 12 hours of course work at the upper-division level, from the approved list
- minimum grade of "C" (2.00) required for all classes in the minor
- no double counting of courses for a major and the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than a bachelor's in parks and recreation management.
- should be a junior to take 400-level courses

#### Enrollment Requirements:

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the parks and protected area management minor should consult an academic advisor in the college or department of their major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing the bachelor's in parks and recreation management major are not eligible to complete this minor.

## Personal Health Minor (NPHLMIN)

**Campus:** Downtown Phoenix, Online

#### Description:

This minor will allow students with academic interests that lie outside the realm of medical and health sciences to explore and learn the latest information related to healthy lifestyles, including the attainment and retention of a high quality of personal health. Students will gain the knowledge and skills necessary to optimize their personal health and assume increased responsibility for their own personal health and well-being. The minor reflects the interdisciplinary nature of personal health by including courses from the nutrition, exercise and wellness, and health sciences disciplines.

#### Program Requirements:

Required minor courses: (12)

EXW 325 Fitness for Life (3)  
HSC 210 Cultural Aspects of Health, C (3)  
HSC 300 Complementary Healthcare (3)  
NTR 100 Introductory Nutrition (3)

Elective minor courses: (6)

EXW 400 Stress Management for Wellness (3)  
HSC 355 Eating for Lifelong Health (3)  
HSC 410 Supporting the Health of Older Adults (3)  
HSC 412 Health Issues in Later Life (3)  
HSC 435 Environmental Health Issues in the U.S. (3)

A "C" (2.00) minimum is required for all courses.

#### Enrollment Requirements:

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Philosophy Minor (ASPHIMIN)

**Campus:** West

**Description:**

The philosophy minor is designed to provide students with an understanding of central philosophical issues. The minor provides students with:

- a capacity for critical thinking and analytical reasoning
- a knowledge of the most important problems and ideas in the philosophical areas studied
- the ability to present one's positions effectively through oral and written communication

**Program Requirements:**

The minor in philosophy consists of 18 credit hours of philosophy course work, of which 12 must be upper-division hours (300 or 400 level). Only courses in which the student earns a grade of "C" (2.00 on a scale of 4.00) or higher will fulfill requirements for the minor.

Courses are to be selected from the following list, in consultation with an advisor, to create a coherent and complete program of study:

IAS 410 Evolution of Ideas, L or HU (3)  
IAS 430 Science and Religion, L or HU (3)  
PHI 101 Introduction to Philosophy, HU (3)  
PHI 103 Principles of Sound Reasoning, L or HU (3)  
PHI 304 Existentialism, HU (3)  
PHI 306 Applied Ethics, HU (3)  
PHI 318 Philosophy of Religion, HU (3)

PHI 407 Environmental Philosophy and Policy, L or HU (3) or IAS 407 Environmental Philosophy and Policy, L or HU (3)  
PHI 408 Feminist Ethics, HU (3) or IAS 408 Feminist Ethics, HU (3)  
PHI 494 Special Topics (3)  
PHI 499 Individualized Instruction (3)

**Enrollment Requirements:**

Students wishing to pursue the philosophy minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Philosophy Minor (LAPHIMIN)

**Campus:** Tempe, Online

**Description:**

The minor in philosophy provides students with an understanding of philosophical inquiry and method. The minor offers an introduction to central themes both in the history of philosophy and in the current literature. Students in this minor have the opportunity to sharpen their critical reasoning skills while addressing profound questions regarding the nature of:

- existence
- knowledge
- law
- morality
- politics
- science

**Program Requirements:**

A minor in philosophy consists of 18 credit hours, of which at least 12 must be upper-division and approved by an advisor in the School of Historical, Philosophical and Religious Studies. All courses must be passed with a minimum grade of "C" (2.00). No more than two courses may be taken in any one of the following philosophical subdisciplines:

- epistemology
- ethics and political philosophy
- history of philosophy
- logic
- metaphysics

Students should consult with an academic advisor in the School of Historical, Philosophical and Religious Studies about a proposed selection of courses before registering.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation providing the college (and in certain colleges, the academic unit) of their major allows the official recognition of the minor and the academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult with an academic advisor in the college or department of their majors to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the School of Historical, Philosophical and Religious Studies for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Physics Minor (LAPHYMIN)

**Campus:** Tempe

### **Description:**

Physics is concerned with the nature, structure and interactions of matter and radiation. Adding a physics minor to another major program of study provides a student with the fundamental scientific basis to address the most challenging opportunities faced in a student's career.

### **Program Requirements:**

Required Courses (24)

Choose between the following course combinations:

PHY 150 Physics I, SQ (4) or

PHY 121 University Physics I: Mechanics, SQ (3) and PHY 122 University Physics Laboratory I, SQ (1)\*

and

PHY 151 Physics II, SQ (4) or

PHY 131 University Physics II: Electricity and Magnetism, SQ (3) and PHY 132 University Physics Laboratory II, SQ (1)\*\*

Also required:

PHY 252 Physics III, SQ (4)

PHY 361 Introductory Modern Physics (3)

two upper-division electives (to be selected with the approval of the physics advisor) (6)

one lab course: PHY 333 Electronic Circuits and Measurements (3) or PHY 334 Advanced Laboratory I (3)

\*Both PHY 121 and PHY 122 must be taken to secure SQ credit.

\*\*Both PHY 131 and PHY 132 must be taken to secure SQ credit.

A minimum of 12 upper-division credit hours are required to complete this minor.

### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Physics Minor (LSPHYMIN)

**Campus:** Polytechnic

### **Description:**

The physics minor in the College of Letters and Sciences at the Polytechnic campus provides a rigorous foundation in physics with an emphasis on fundamental concepts and applied hands-on experience. It broadens and deepens a student's understanding of their major and increases their

options for graduate study and employment. The primary emphasis of the physics minor is to give students experience through applied and computational physics projects. The projects will be guided by faculty with expertise in the physics of semiconductors and graphene, quantum nano-optics, laser physics and materials science.

**Program Requirements:**

A minimum of 23 credit hours are required.

Required Minor Courses (14 credit hours minimum):

PHY 121 University Physics I: Mechanics, SQ (3)  
PHY 122 University Physics Laboratory I, SQ (1)  
PHY 131 University Physics II: Electricity and Magnetism, SQ (3)  
PHY 132 University Physics Laboratory II, SQ (1)  
PHY 361 Introductory Modern Physics (3)  
MAT 420 Scientific Computing (3)

Elective Minor Courses (6 credit hours minimum):

MAT 275 Modern Differential Equations, MA (3)  
PHY 321 Vector Mechanics and Vibration (3)  
PHY 331 Principles of Modern Electromagnetism (3)  
PHY 456 Laser Optics (4)

Required project research (PHY 499, individual projects under guidance of physics faculty) (3 credit hours minimum).

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Political Science Minor (ASPOLMIN)

**Campus:** West

**Description:**

The political science minor is designed to help students gain an understanding of theory, practice and policy underlying political processes locally, nationally and internationally and to train students with the research skills necessary for the analysis of complex sociopolitical issues locally and globally.

The program strives to meet these goals by offering students learner-centered course work in political theory, American political institutions, and international relations and world affairs. These goals are accomplished by offering a flexible program of course work focusing on international urban, race or ethnic sociopolitical areas, internships and service-learning or action research opportunities. Under the direction of faculty, students focus on intellectual and concrete policy issues in the greater Phoenix metropolitan area, Arizona, the Arizona-Mexico borderlands, the Americas and the world.

**Program Requirements:**

The minor in political science consists of 18 credit hours in POS courses, 12 of which must be in upper-division courses.

Required Courses:

Select two from among the following:

POS 110 Government and Politics, SB (3) or POS 310 American National Government, SB (3)

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)

POS 210 Political Ideologies, SB (3)

POS upper-division electives (12)\*

\*A maximum of three credit hours of internship and three credit hours of individualized instruction may be used to fulfill requirements.

#### **Enrollment Requirements:**

The minor in political science is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and if the major allows the recognition of the minor. A student wishing to pursue a specific minor should also consult with an academic advisor in the unit offering that minor to ensure an appropriate set of courses are taken.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising> ) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## **Political Science Minor (LAPOSMIN)**

**Campus:** Tempe, Online

#### **Description:**

The minor in political science offers students exposure to the skills and knowledge that help them participate effectively as citizens in a democratic political system and flourish in the rapidly developing globalization of the world's political institutions, cultures and economies. The minor aims to provide students with an introduction to the tools and skills necessary to link theory with real-world problems and issues.

#### **Program Requirements:**

The minor in political science consists of 18 credit hours in political science courses, 12 credit hours of which must be upper-division courses. Students who minor in political science must have two courses from among the following in addition to four political science electives:

POS 110 Government and Politics, SB (3) or POS 310 American National Government, SB (3) (but not both courses)

POS 150 Comparative Government, SB, G (3)

POS 160 Global Politics, SB, G (3)

POS 210 Political Ideologies, SB (3)

Students who minor in political science must have a minimum GPA of 2.00 for all courses that count toward the minor. Courses that count toward the minor must have a grade of "C" (2.00) or higher. No more than three credit hours of POS 484 Internship and three credit hours of POS 499 Individualized Instruction may be applied to the minor. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

#### **Enrollment Requirements:**

Students who wish to pursue a minor in political science may do so with the permission of the department, school or college of their major as well as the advisor in the School of Politics and Global Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification

procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Psychology Minor (ASPGSMIN)

**Campus:** West, Online

**Description:**

Psychology is the scientific study of the behavior and mental processes of individuals and groups. The study of psychology includes basic and applied courses in the subfields of clinical, developmental, organizational, cross-cultural and social psychology, cognitive systems and behavioral neuroscience. The psychology minor prepares students for more advanced study in psychology at the graduate level, in either graduate or professional schools. The program emphasizes the development of wide-ranging skills in critical thinking and reasoning, quantitative and qualitative research methods, working collaboratively on teams, and presentation of information in oral and written form.

**Program Requirements:**

The minor consists of 22 credit hours in psychology, including the following:

Foundations of Psychological Science

PSY 101 Introduction to Psychology, SB (3)

PSY 230 Introduction to Statistics, CS (3)

PSY 290 Research Methods, L or SG (4)

Social and Developmental Core

Choose one course from the following list:

PSY 315 Personality Theory and Research, SB (3)

PSY 341 Developmental Psychology, SB (3)

PSY 350 Social Psychology, SB (3)

Neuroscience Core

Choose two courses from the following list:\*

PSY 320 Learning and Motivation (3)

PSY 323 Sensation and Perception (3)

PSY 324 Memory and Cognition (3)

PSY 325 Physiological Psychology (3)

PSY 330 Statistical Methods, CS (3)

PSY 369 Biology of Human Sexuality (3)

PSY 470 Psychopharmacology (3)

Psychology elective

PSY upper-division elective (3)

\*At least one choice must be PSY 320, PSY 323, PSY 324 or PSY 325. A maximum of three credit hours of research (PSY 399 Supervised Research and PSY 499 Individualized Instruction) may be used to meet the minor requirements. PSY 484 Internship may be taken for elective

credit only. All courses must be passed with a minimum grade of "C" (2.00 on a scale of 4.00) or higher.

**Enrollment Requirements:**

The minor in psychology is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and to determine if the major allows the recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Psychology Minor (LAPGSMIN)

**Campus:** Tempe

**Description:**

The minor in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view. Students completing the minor in psychology should possess breadth of knowledge pertaining to the major principles, theoretical approaches and findings in psychology.

They should also understand and be able to use basic research and quantitative methods in psychology and be able to gather and synthesize psychological findings.

Finally, they should be able to understand the relevance and applicability of psychological principles, approaches and findings to individual, group and social issues. In so doing, they will be prepared as educated citizens to pursue productive careers and engage on a daily basis with their increasingly complex, information-rich world.

**Program Requirements:**

The minor in psychology consists of completing the 22 credit hours of course work in the foundations of psychology and the breadth within psychology categories described below. Six credit hours of upper-division (300-499 level) psychology course work must be completed through courses offered by the College of Liberal Arts and Sciences, Department of Psychology.

Required Foundation Courses:

- PSY 101 Introduction to Psychology, SB (3)
- PSY 230 Introduction to Statistics, CS (3)
- PSY 290 Research Methods, L or SG (4)

Take one course each from four of the following five clusters:

Biological

- PSY 325 Physiological Psychology (3)

Personality/Mental Health

- PSY 315 Personality Theory and Research, SB (3)
- PSY 366 Abnormal Psychology, SB (3)

Cognitive/Learning

- PSY 320 Learning and Motivation (3)

PSY 323 Sensation and Perception (3)  
PSY 324 Memory and Cognition (3)

Developmental

PSY 341 Developmental Psychology, SB (3)

Social

PSY 350 Social Psychology, SB (3)

PSY 351 Honors Social Psychology, L or SB (3)

Note: If a nonpsychology statistics course is approved by the psychology department to substitute for PSY 230 Introduction to Statistics, an additional psychology course must be taken to complete the 22 credit hours of required psychology course work. Internship credit and teaching assistant credit may not be used to satisfy this requirement. For more information, please contact a psychology advisor.

**Enrollment Requirements:**

Students who wish to pursue a minor in psychology may do so with the permission of the department, school or college of the major as well as the advisor in the Department of Psychology. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Public Relations and Strategic Communications Minor (HSPRSMIN)

**Campus:** West

**Description:**

The public relations and strategic communications minor will provide students with professional and academic expertise in persuasion and campaign communications, public relations, crisis communications, special-events planning, marketing, professional writing and editing (among other areas). Additionally, students will refine the presentation skills needed for public and community relations.

**Program Requirements:**

The minor consists of 18 credit hours of upper-division course work, including nine credit hours of required course work and nine credit hours of electives.

Required core courses, nine credit hours (choose three):

COM 319 Persuasion and Social Influence, SB (3)  
COM 320 Communication and Consumerism, SB (3)  
COM 353 Professional Communication (3)  
COM 454 Rhetorical and Critical Approaches to Public Relations (3)

Elective courses, nine credit hours

COM 400 Communication in Professions, HU, C (3)  
COM 414 Crisis Communication (3)  
COM 429 Semiotics and Visual Communication (3)

COM 450 Theory and Research in Organizational Communication, SB (3)  
COM 457 New Media (3)  
COM 459 Theory and Methods of Social Media Networks (3)  
COM 484 Internship\*  
ENG 301 Writing for Professions, L (3)  
ENG 311 Persuasive Writing, L (3)  
ENG 410 Writing for Publication (3)  
ASB/POS/SBS/SOC 374 Cultures and Politics of the Internet (3)  
or any unused courses from the "required core courses" list above

\*See academic advisor for additional information.

**Enrollment Requirements:**

The minor in public relations and strategic communications is open to all undergraduate majors. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Students should consult an academic advisor in the department of their major to determine if the minor is consistent with their educational goals and that the college allows for recognition of the major.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

All students are required to complete a minimum of six upper-division credit hours offered by the School of Social and Behavioral Sciences.

## Public Service and Public Policy Minor (PPPAFMIN)

**Campus:** Downtown Phoenix

**Description:**

The minor in public service and public policy prepares students for work in government at all levels and nonprofit organizations through comprehensive coverage of topics in public policy, public leadership and management, and urban studies. Students discover the challenges of management and learn how to lead a public organization and understand the process of policy development.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. The minor has an applied and professional focus which can enhance many other majors and will make students more competitive in securing public sector jobs.

**Program Requirements:**

The minor in public service and public policy requires 18 credit hours.

**Required Courses:**

PAF 200 Public Service and Policy in the 21st Century (3)  
PAF 300 Public Management and Administration (3)  
PAF 340 Contemporary Policy Challenges (3)

**Electives (select three courses from the following list):**

PAF 201 Economics and Public Policy, SB (3)  
PAF 410 Building Leadership Skills, SB (3)  
PAF 420 Public Leadership (3)  
PAF 470 Topics in Public Economics and Financial Management (3)  
PAF 471 Public Policy Analysis (3)

URB 300 Urban and Metropolitan Studies (3)  
URB 305 Urban Governance (3)

Other related electives may be selected with advisor approval.

A total of 12 credit hours must be taken in the School of Public Affairs at ASU.

To earn the minor, students must complete all course work in the minor with a minimum grade of "C" (2.00) or higher.

**Enrollment Requirements:**

Students wishing to pursue a minor should consult an academic advisor in the unit offering the minor to ensure the appropriate courses are taken. Students should also consult an academic advisor in the college or department of the major to ensure the college or department of the major recognizes the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Real Estate Minor (BAREAMIN)

**Campus:** Tempe

**Description:**

A minor in real estate is designed to provide an understanding of the real estate industry and to complement the major area of study. The minor consists of a strong foundation that includes real estate fundamentals, law, appraisal and land development. Students may choose from a variety of courses such as investing, economics and urban issues to complement the foundation. Students who complete the minor will have established a competitive knowledge base for careers in the real estate industry.

**Program Requirements:**

Students must complete a minimum of 18 credit hours, including 12 hours of required courses and six credit hours of electives.

Students must complete a minimum of 12 hours of resident credit for the minor. All courses must be completed with a grade of "C" (2.00) or higher.

The upper-division business courses required or elected for this minor will be restricted to students with 56 earned credit hours, a minimum 2.50 ASU GPA and completed course prerequisites.

Upper-Division Courses:

REA 380 Real Estate Fundamentals (3)  
REA 401 Real Estate Appraisal (3)  
REA 411 Real Estate Law (3)  
REA 456 Real Estate Investments (3)

Elective Courses:

ALA 100 Introduction to Environmental Design, HU, H, G (3)  
CON 472 Development Feasibility Reports, L (3)  
GCU 361 Urban Geography, SB (3)  
PUP 434 Economic Development Planning, L or SB (3)  
REA 441 Real Estate Land Development (3)  
SGS 310 Global Urban Systems (3)  
SOS 325 The Economics of Sustainability (3)  
URB 300 Urban and Metropolitan Studies (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment

officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Recreation Management Minor (PPRECMIN)

**Campus:** Downtown Phoenix

**Description:**

The minor in recreation management introduces students to community recreation programming and planning for a variety of populations. The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, education, nursing, public affairs, social work and many others might find this program a beneficial supplement to their existing program. Students interested in the recreation management minor may also be interested in the school's therapeutic recreation program.

**Program Requirements:**

The recreation management minor requires completion of 15 credit hours, six credit hours of required courses and nine credit hours of elective courses.

Required core courses:

PRM 120 Leisure and the Quality of Life, SB (3)  
PRM 303 Program Planning (3)

Electives (choose three courses from the following list):

CRD 302 Inclusive Community Development, C (3)  
CSM 201 Introduction Community Sports (3)  
PRM 304 Recreation Planning and Facility Development, L (3)  
PRM 315 Community Recreation Systems (3)  
PRM/CSM 335 Sports and Recreation for Youth Development (3)  
PRM 364 Foundations of Recreation Therapy, SB (3)  
PRM 475 Entrepreneurial Recreation and Tourism (3)  
PRM 486 Special Events Management (3)  
PRM 494 Special Topics (3)

Standards

- 15 hours of graded classroom course work
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than parks and recreation management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the recreation management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. Students pursuing a bachelor's in parks and recreation management are not eligible to complete this minor.

## Religious Studies Minor (ASRELMIN)

**Campus:** West

**Description:**

The minor in religious studies introduces students to the world's religious traditions and how these are used by humans to interpret experiences and find meaning. Students learn to think critically about religious world views and presuppositions and to explore the relation to contemporary challenges in the world.

**Program Requirements:**

The minor in religious studies consists of 18 credit hours of religious studies course work, of which 12 must be upper-division hours (300 or 400 level). Only courses in which the student earns a minimum grade of "C" (2.00) can be counted toward the minor. Courses are to be selected in consultation with a program advisor to create a coherent and complete program of study for the minor.

Courses are to be selected from the following list, in consultation with an advisor, to create a coherent and complete program of study:

- REL 200 Exploring the World's Religions, L or HU, G (3)
- REL 201 Religion and the Modern World, L or HU (3)
- REL 202 Religion and Popular Culture, HU, C (3)
- REL 203 Saints and Sinners: Explorations in Sacred Biography, HU, H (3)
- REL 205 Life, Sex and Death, HU (3)
- REL 207 Ritual, Symbol and Myth, L or HU (3)
- REL 300 The Future of Religions, L or HU (3)
- REL 310 Western Religious Traditions, HU, H (3)
- REL 320 American Religious Traditions, HU, C, H (3)
- REL 321 Religion in America, L or HU, C, H (3)
- REL 345 Asian Religious Traditions, HU, G (3)
- REL 381 Religion and Moral Issues, L or HU (3)
- REL 390 Women and Religion, HU, G (3)
- REL 391 Historical Perspectives on Philosophy and Religion (3)
- REL 401 Sacred Scriptures and Social Choices, HU, G (3)

**Enrollment Requirements:**

The minor in religious studies is open to all undergraduate majors. However, students should consult with the advisors in the department of their major to determine if the minor is consistent with their educational goals. Students are encouraged to take courses outside their major and college. Please contact the department for more information.

Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Religious Studies Minor (LARELMIN)

**Campus:** Tempe, Online

**Description:**

A minor in religious studies encourages students to engage in a comparative, cross-cultural exploration of religions and cultures that complements a variety of undergraduate majors while promoting a deeper understanding of human nature and interaction. Students may pursue the minor in religious studies with regional, national, hemispheric, global and a variety of thematic emphases.

**Program Requirements:**

The minor in religious studies consists of 18 credit hours, at least 12 of which must be in the upper division. At least six upper-division hours must be in courses offered by the College of Liberal Arts and Sciences. All courses must be passed with a minimum grade of "C" (2.00). REL 207 Ritual, Symbol and Myth, L or HU (3) is required. For minor verification and assistance in course selection, students must consult an academic advisor in the School of Historical, Philosophical and Religious Studies.

**Enrollment Requirements:**

Students who wish to pursue a minor in religious studies may do so with the permission of the department, school or college of their major as well as an advisor in the School of Historical, Philosophical and Religious Studies.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the academic unit) of the student's major allows the official recognition of the minor and the college and academic unit of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the School of Historical, Philosophical and Religious Studies for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Romanian Minor (LAROMMIN)

**Campus:** Tempe

**Description:**

The minor in Romanian provides students with the means to develop their interests in social, cultural and political matters that are marked by a strong language dimension. Students are encouraged to participate in a study abroad program to enhance their education and overall minor experience. For more information go to <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

**Program Requirements:**

The Romanian minor consists of 18 credit hours of ROM courses beyond ROM 201. This minor is structured so that it requires all ROM courses to be at the upper-division level (300 and above).

Required courses include:

- ROM 313 Romanian Composition and Conversation (3)
- ROM 314 Romanian Composition and Conversation (3)
- ROM 411 Advanced Spoken and Written Romanian I (3)
- ROM 412 Advanced Spoken and Written Romanian II (3)

ROM 494 Topic: Advanced Romanian Grammar (3)\*  
ROM 499 Individualized Instruction (3)

\*Advanced Romanian Grammar I or II fulfills the requirement.

Requirements:

- A grade of "C" (2.00) or better is required in all courses to be counted toward the minor.
- A minimum of six upper-division hours in the minor must be taken in residence at ASU.
- Pass/Fail courses cannot be used for the minor.
- ROM 101 through 201 are not applicable to the minor.
- Course substitutions are permitted for heritage speakers and other advanced speakers of Romanian.

**Enrollment Requirements:**

Students who wish to add a minor in Romanian to the bachelor's degree program they are pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Russian Minor (LARUSMIN)

**Campus:** Tempe

**Description:**

Students pursuing a minor in Russian gain novice to intermediate language skills and an understanding of the literature and cultures of Russian-speaking peoples and regions. Russian is the fourth most commonly spoken language in the world (after Chinese, English and Spanish) and is the lingua franca of the former Soviet empire, with more than 300 million speakers worldwide. Since the fall of the Soviet Union in 1991, Russian, other Slavic languages and Central Asian languages remain strategic, critical languages, with government scholarships to study abroad, do research and internships, and find jobs in government agencies.

The Russian language program cooperates with the Melikian Center to offer an interdisciplinary baccalaureate certificate in Russian, Eurasian and East European Studies for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Students are encouraged to study abroad. The ASU exchange program in Russian language and translation offers students the opportunity to study in Moscow, St. Petersburg or Kazan.

**Program Requirements:**

The Russian minor consists of 18 credit hours of Russian courses above RUS 202. Course substitutions are allowed for heritage and advanced speakers of the language.

All minors require at least nine hours of upper-division course work.

**Enrollment Requirements:**

Students who wish to add a minor in Russian may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Science, Technology and Society Minor (ECSTSMIN)

**Campus:** Polytechnic

**Description:**

The science, technology and society program offers a minor to students outside the science, technology and society major, regardless of their major field of specialization. Living in a 21st-century world is characterized by rapid technological change and uncertainty. Mastering the intricacies of the interrelationships between technology and human systems will enhance a degree in any area and arm graduates with the insights and skills required for success in any endeavor.

**Program Requirements:**

The minor in science, technology and society (STS) requires:

- a minimum of six upper-division hours in the minor must be College of Letters and Sciences courses
- courses that count toward the minor must have a grade of "C" (2.00) or higher
- 18 credit hours of course work, 12 hours of which must be STS upper-division courses

One course in general STS and one in internationalization are required to complete the minor as follows:

General:

STS 101 Introduction to Science, Technology and Society, SB (3) OR STS 304 Science, Technology and Society, SB (3)

Internationalization:

STS 110 Global Technology and Development, SB, G (3) OR STS 317 Science, Technology and Global Engagement, SB, G (3)

The following are examples of courses available to complete the minor:

STS 301 Research in Science and Technology Studies, SB (3)  
STS 302 Philosophy of Science and Technology, SB (3)  
STS 303 History of Science and Technology, H (3)  
STS 305 Science and Social Theory, SB (3)  
STS 306 Social Effects of Science and Technology, SB (3)  
STS 318 Science, Technology and Government, SB (3)  
STS 325 Science, Technology and Public Policy, SB (3)  
STS 328 Science, Technology and Culture, SB (3)  
STS 329 Cultivating Technology in Newly Industrializing Countries, SB, G (3)  
STS 330 Information Technology and Globalization, SB, G (3)  
STS 331 Ethical Issues in Science and Technology, SB (3)  
STS 332 Global Issues in Science and Technology, SB, G (3)

STS 364 Science, Technology and National Security, SB (3)  
STS 425 Law, Values, Science and Technology, SB (3)

**Enrollment Requirements:**

A GPA of 2.00 or higher is required for all resident applicants and 2.50 for nonresident applicants.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Slavic Studies Minor (LASLVMIN)

**Campus:** Tempe

**Description:**

This minor focuses on Slavic languages and cultures with a concentration in either Bosnian/Croatian/Serbian or Polish. It is intended primarily for the students of other departments (e.g., history, cultural anthropology, music, political science, economics) whose professional interests lie in Poland or the countries of South-Eastern Europe. The program places equal emphases on languages, culture and regional studies. The minor develops limited professional linguistic proficiency in either BCS or Polish along with adequate cultural sensitivity.

**Program Requirements:**

The minor in Slavic studies requires 18 credit hours, including a minimum of 12 upper-division hours.

**Required Courses:**

any 300- or 400-level RUS, SLV, PLC or BCS literature or culture course (3)  
BCS 311 and BCS 312 Bosnian/Croatian/Serbian Composition and Conversation (6) or PLC 311 and PLC 312 Advanced Polish (6)  
SLV 304 Computational Linguistics of Slavic Languages, CS (3)  
SLV 440 History of Slavic Languages, SB (3)  
SLV 498 Pro-Seminar: Senior Capstone (3)

**Notes for Minor**

A grade of "C" (2.00) or better must be achieved in all courses to be counted toward the minor. A minimum of six upper-division hours in the minor must be taken in residence at ASU. Course substitutions are permitted for heritage speakers and other advanced speakers of Slavic languages. Please contact the School of International Letters and Cultures for more information. Pass/fail courses cannot be used for the minor. No 201 and 202 language courses are applicable to the minor.

**Enrollment Requirements:**

Students who wish to add the minor in Slavic studies to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Social Welfare Minor (LASSWMIN)

**Campus:** Downtown Phoenix

**Description:**

The social welfare minor prepares students for work in human service settings where a fundamental knowledge of human relations is required. It complements careers in journalism, communications, public administration, nursing and related fields and provides a foundation for students who seek to pursue an MSW. The minor enhances and broadens the ability of students to analyze complex family, individual and societal problems in the context of societal values, cultural diversity and other social and economic variables. The minor also contributes to students' understanding of society and social behavior, encourages critical thinking and helps develop communication skills.

**Program Requirements:**

Students should:

- be at sophomore standing to take 300- or 400-level courses
- complete 18 credit hours of graded course work (internship or independent study not applicable)
- complete a minimum of 12 credit hours of resident credit at ASU
- complete SWU 171 as the prerequisite for all upper-division SWU courses
- earn a grade of "C" (2.00) or higher for all classes in the minor
- maintain a cumulative GPA of 2.00 (4.00 scale) or higher
- meet with a social welfare advisor prior to registration
- take a minimum of 12 credit hours of upper-division course work from the approved list

Required Courses:

SWU 171 Introduction to Social Work, SB, H (3)

SWU 291 Social Service Delivery Systems (3)

SWU 432 Social Policy and Services (3)

Select three credit hours from the list below:

SWU 374 Diversity and Oppression in a Social Work Context, C (3)

SWU 455 Social Work Practice Skills with Latinos (3)

SWU 456 Immigrants and Refugees, C (3)

SWU 457 Southwest Borderland Immigration Issues, C (3)

SWU 459 Spirituality and the Helping Professions (3)

SWU 461 Lesbian, Gay, Bisexual, Transgender and Queer Issues, C (3)

Select six credit hours from the following list:\*

SWU 303 Micro Human Behavior and the Social Environment, L or SB (3)

SWU 340 Macro Human Behavior and the Social Environment, SB (3)

SWU 498 Pro-Seminar (3)

\*Note: Student may select one additional course from the cultural diversity in the U.S. options above.

Lower-division credit hours required: 6

Upper-division credit hours required: 12

Total credit hours required: 18

**Enrollment Requirements:**

Please meet with a social welfare advisor prior to registration.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Social and Behavioral Sciences Minor (ASSBSMIN)

**Campus:** West

**Description:**

The minor offers students an interdisciplinary focus across several fields of the social and behavioral sciences, including communication, sociocultural anthropology, geography, political science, psychology and sociology.

**Program Requirements:**

The minor consists of 18 credit hours, at least 12 credit hours of which must be in upper-division courses and at least six credit hours taken from the New College of Interdisciplinary Arts and Sciences.

All courses must be completed with a minimum grade of "C" (2.00 on a scale of 4.00). Students wishing to pursue a minor must meet with an academic advisor in the School of Social and Behavioral Sciences to construct a minor that reflects a particular area of specialty and interest.

**Required Courses:**

SBS 200 Introduction to Social and Behavioral Sciences, SB (3)

select one additional course from the following list:

COM 308 Advanced Research Methods in Communication, L (3)

COM 309 Rhetorical, Interpretive and Critical Methods in Communication (3)

PSY 290 Research Methods, L or SG (4)

SBS 302 Qualitative Methods (3)

SBS 303 Quantitative Methods (3)

SOC 391 Research Methods, L or SB (3)

Electives (12)

A maximum of three semester hours of internship and three semester hours of individualized instruction may be used to fulfill requirements. Courses approved for the 12 credit hours in the minor would come from one of the approved themes from the major.

**Enrollment Requirements:**

The minor in social and behavioral sciences is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and if the major allows the recognition of the minor. A student wishing to pursue a specific minor should also consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Sociocultural Anthropology Minor (ASASBMIN)

**Campus:** West

**Description:**

The minor is designed to provide students with a substantive understanding of the theoretical assumptions and methodological techniques underlying the field of sociocultural anthropology. Courses provide students with knowledge about and theoretical approaches to cross-cultural studies and transnational research, emphasizing culture and political economy in historical context. Specifically, students minoring in sociocultural anthropology will be expected to demonstrate knowledge and skill in the following areas:

- anthropological approaches to and explanatory frameworks for the study of social issues in culture and political economy
- application of theoretical knowledge to understanding sociocultural practices across local and global contexts
- awareness of cultural, ethnic, gender, sexual, class and age differences and commonalities across world social formations
- critical thinking and analytical reasoning
- development of their own anthropological perspective for use in their everyday lives and future studies or employment
- effective oral presentation and written communication
- interpretation of cultural practices, social theory and social texts
- qualitative research methods in anthropology and other social sciences and interpretive humanities, including ethnographic field research and library research

**Program Requirements:**

This minor requires 18 credit hours, at least 12 of which must be in upper-division courses.

Please complete ASB 311 and SBS 302 as they are required courses. The remaining 12 credit hours may be drawn from ASB courses and from several key SBS courses. All courses must be passed with a minimum grade of "C" (2.00) or higher. Up to six credit hours of lower-division courses and three credit hours of ASB 499 Individualized Instruction may also be applied toward the minor.

Complete two required courses (6 credit hours):

ASB 311 Principles of Social Anthropology, SB, G, H (3)

SBS 302 Qualitative Methods (3)

Choose four courses from the following list (12 credit hours):

ASB 102 Culture in a Globalizing World, SB, G (3)

ASB 211 Women in Other Cultures, HU or SB, G (3)

ASB 319 The North American Indian (3)

ASB 339 Grassroots Social Movements, SB (3)

ASB 340 Migration and Culture, SB, G (3)

ASB 342 Mexico-U.S. Borderlands, SB, C (3)

ASB 346 Marriage and Family Diversity, SB, C (3)

ASB 350 Anthropology and Art, HU (3)

ASB 353 Death and Dying in Cross-Cultural Perspective, HU or SB, G (3)

ASB 356 Central American Studies, SB, G (3)

ASB 374 Cultures and Politics of the Internet, SB (3)

ASB 389 Ethnographic Field Lab (1-6)

ASB 394 Special Topics (1-4)

ASB 440 Women in the Global Factory, SB, G (3)

ASB 442 Urban Studies, SB (3)

ASB 445 Globalization, Development and Resistance, SB, G (3)

ASB 447 Citizenship, Nationalism and Identity, SB, C (3)

ASB Electives (3)

SBS 301 Cultural Diversity, L or SB, C (3)

SBS 450 Topics in Local/Global, SB, G (3)

SBS 460 Urban Studies, SB (3)

SBS 480 Global Justice, G (3)

**Enrollment Requirements:**

The minor in sociocultural anthropology is open to all ASU undergraduate majors. Students should consult an advisor in the department of their major to determine if the minor is consistent with their educational goals and if the major allows the recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses are taken.

Please see the School of Social and Behavioral Sciences website at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

## Sociology Minor (ASSOCMIN)

**Campus:** West

**Description:**

The sociology program provides students with an understanding of the theory, practice and policy underlying issues of social change, inequality and diversity. These issues are approached from multiple perspectives, including race or ethnicity, gender, economic position, age, geographic location and position in the global political economy.

The student minoring in sociology will learn how it enhances one's understanding of social realities and institutions at local, national and international levels, and how sociology contributes to the other social sciences and to the humanities.

Students gain a basic understanding of the assumptions underlying the discipline of sociology and develop the research skills necessary for analysis of complex social issues. These objectives are met by offering a flexible program and by providing the student with individual and group experiences in working with faculty members on concrete intellectual and policy issues.

**Program Requirements:**

The minor in sociology requires 18 credit hours in sociology, of which 12 credit hours must be upper-division courses.

Required Courses:

SOC 101 Introductory Sociology, SB (3)

select one course from the following list:

SBS 303 Quantitative Methods (3)

SBS 304 Social Statistics I, CS (3)

SOC 390 Social Statistics I, CS (3)

SOC 391 Research Methods, L or SB (3)

SOC 483 History of Social Thought, SB (3)

SOC 486 Contemporary Theory, SB (3)

Additional Sociology Electives (12)

**Enrollment Requirements:**

The minor in sociology is open to all ASU undergraduate majors. Students should consult an academic advisor in the department of their major to determine if the minor is consistent with their educational goals and if the major allows the recognition of the minor. A student wishing to pursue a specific minor should also consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken.

Please see the School of Social and Behavioral Sciences at <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>) for more information.

## Sociology Minor (LASOCMIN)

**Campus:** Tempe, Online

**Description:**

A minor in sociology from the Sanford School of Social and Family Dynamics exposes students to the basic course work and issues within the discipline. This program provides an exceptional balance to studies in psychology, communication, education, business and nursing.

**Program Requirements:**

The minor in sociology requires 18 credit hours, of which 12 credit hours must be upper-division courses. A minimum of six upper-division SOC courses must be completed from offerings on the Tempe campus.

**Required Courses:**

SOC 101 Introductory Sociology, SB (3)

SOC 391 Research Methods, L or SB (3) or SOC 483 History of Social Thought, SB (3) or SOC 486 Contemporary Theory, SB (3)

12 credit hours of SOC electives, of which a minimum nine credit hours must be upper-division

**Enrollment Requirements:**

Students who wish to pursue a minor in sociology may do so with the permission of the department, school or college of their major as well as the advisor in the School of Social and Family Dynamics. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. Students should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Spanish Minor (ASSPAMIN)

**Campus:** West

**Description:**

The Spanish minor consists of three emphases: language, literature and cultures. These emphases are integrated within the discipline and with other disciplines within the New College of Interdisciplinary Arts and Sciences.

The program also allows credit for internships in social and business agencies. This school-to-work experience, in addition to offering the student possible entry-level job opportunities, provides stimulating linguistic and cultural rewards outside the campus environment.

**Program Requirements:**

The minor in Spanish consists of 18 upper-division credit hours (300 or 400 level).

The following courses cannot be used to fulfill requirements for the minor:

SPA 313 Spanish Conversation and Composition, G (3) or SPA 315 Spanish Conversation and Composition for Bilinguals (3)  
SPA 314 Spanish Conversation and Composition, G (3) or SPA 316 Spanish Conversation and Composition for Bilinguals (3)

Preparatory course work may not be used to satisfy minor requirements. Preparatory course work includes:

SPA 111 Fundamentals of Spanish (4)  
SPA 201 Intermediate Spanish, G (4)  
SPA 202 Intermediate Spanish, G (4) (or test equivalent to placement in Spanish composition)  
SPA 313 Spanish Conversation and Composition, G (3) or SPA 315 Spanish Conversation and Composition for Bilinguals (3)  
SPA 314 Spanish Conversation and Composition, G (3) or SPA 316 Spanish Conversation and Composition for Bilinguals (3)

Students must complete all course work in the minor with a grade of "C" (2.00) or better. No pass/fail credit may be used for minor requirements.

No course may be used to satisfy more than one of these requirements. Other courses must be approved by an advisor.

**Enrollment Requirements:**

Students wishing to pursue the Spanish minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Spanish Minor (LASPAMIN)

**Campus:** Tempe, Online

**Description:**

Students pursuing a minor in Spanish gain an understanding of the language, literature and cultures of Spanish-speaking peoples and regions. There are opportunities to partake in study abroad programs, which can serve to enhance a student's minor experience and education. For more information go to <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

**Program Requirements:**

The minor in Spanish requires a total of 21 credit hours, 18 hours of which must be upper division. Course substitutions are allowed for heritage and advanced speakers of the language. Visit <https://international.clas.asu.edu/undergrad/placement-testing> (<https://international.clas.asu.edu/undergrad/placement-testing>) or consult with an academic advisor in the School of International Letters and Cultures regarding placement into Spanish language courses.

Required courses (12 credit hours):

SPA 202 Intermediate Spanish, G (4)\* or SPA 204 Intermediate Spanish for Bilinguals, G (4)  
SPA 313 Spanish Conversation and Composition, G (3) or SPA 315 Spanish Conversation and Composition for Bilinguals (3)  
SPA 314 Spanish Conversation and Composition, G (3) or SPA 316 Spanish Conversation and Composition for Bilinguals (3)  
SPA 412 Advanced Conversation and Composition, G (3)

\*Only three credit hours from SPA 202 are counted toward the minor. The additional credit hour is credited toward university elective hours.

In addition to 13 credit hours in required courses, student complete nine credit hours from one of three tracks provided to permit specialization in ways beneficial to their personal or academic goals:

Spanish language studies track (9):

Required course:

SPA 413 Advanced Spanish Grammar, G (3)

One course from:

SPA 400 Introduction to Spanish Linguistics (3)

SPA 471 Civilization of the Spanish Southwest, L or HU, C (3)

SPA 472 Spanish American Civilization, HU, H, G (3)

SPA 473 Spanish Civilization, HU or SB, G (3)

One course from:

SPA 394 Topic: Hispanidades: Documenting Local Culture (3)

SPA 484 Internship (3)

SPA upper division study abroad course (3)

Spanish literary and cultural studies track (9)

Required course:

SPA 325 Introduction to Hispanic Literature, HU (3)

One course from:

SPA 425 Spanish Literature, HU (3)

SPA 426 Spanish Literature, HU (3)

SPA 427 Spanish American Literature, L or HU (3)

SPA 428 Spanish American Literature, L, G (3)

SPA 464 Mexican American Literature, HU or SB, C (3)

SPA 471 Civilization of the Spanish Southwest, L or HU, C (3)

SPA 472 Spanish American Civilization, HU, H, G (3)

SPA 473 Spanish Civilization, HU or SB, G (3)

One course from:

SPA 319 Business Correspondence and Communication, G (3)

SPA 394 Special Topics (3)

SPA 400-level (3)

Spanish linguistics track (9):

Required course:

SPA 400 Introduction to Spanish Linguistics (3)

Two courses from:

SPA 417 Spanish Phonetics and Phonology, (3)

SPA 418 Spanish Syntax (3)

SPA 419 Language Variations of Spanish (3)

SPA 420 Applied Spanish Linguistics, L (3)

SPA 421 Spanish in the Southwest, L or SB, C (3)

A grade of "C" or better is required for all courses toward the minor. Pass/fail courses cannot be used. A minimum of six upper-division credit hours must be taken from courses offered by the College of Liberal Arts and Sciences. Some upper-division course options have additional prerequisites.

Students who test into higher Spanish language courses may need overrides to enroll.

Certain courses can be completed in faculty-directed summer study abroad programs. More information on study abroad opportunities can be found at <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

#### **Enrollment Requirements:**

Students who wish to add the minor in Spanish to the degree they are currently pursuing may do so by contacting the School of International Letters and Cultures advising office.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification

procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Spanish Minor (LSSPAMIN)

**Campus:** Downtown Phoenix

**Description:**

The series of courses in this 18-credit-hour minor will help students hone Spanish communication skills and cultural knowledge that will help them serve the needs of the U.S. Latino community in professional settings (i.e., criminology, education, health care, journalism, social work). The combination of professionally focused courses and practical experience in this minor will enhance students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S.-Latino culture.

**Program Requirements:**

Prerequisite: SPA 314 or SPA 316 or permission of instructor.

Required Courses (12 credits)

SPA 317 Spanish for the Professions (3)  
SPA 404 Spanish in U.S. Professional Communities, C (3)  
SPA 405 Latino Cultural Perspectives for the Professions, C (3)  
SPA 484 Internship (3)\*

Elective Course Options (six credits chosen from the following list)

SPA 300- or 400-level Spanish courses focused on the professions (e.g., business, education, engineering and urban planning, health care, journalism, legal and justice studies, medical or legal interpretation, social work, sustainability) (3)\*  
SPA 403 Spanish Grammar and Stylistics for the Professions (3)

All courses for this minor will require a minimum grade of "C" (2.00) or better to receive credit toward fulfilling minor requirements.

\*Prerequisite: A minimum of 12 credit hours completed in this minor and permission of the instructor.

**Enrollment Requirements:**

For additional admission and registration requirements, please visit the school website.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Special Events Management Minor (HSEVNMIN)

**Campus:** Downtown Phoenix

**Description:**

The minor in special events management is designed to offer students a solid understanding of special events programming and management. In addition to the two-tiered special events course, which provides basic and advanced instruction as well as experiential learning opportunities through event production, students will be able to select electives to meet their interests.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program. For more information, access the school's website.

**Program Requirements:**

The minor requires 15 credit hours: six credit hours of required courses and nine credit hours of elective courses.

**Required Core Courses:**

PRM 486 Special Events Management (3)

PRM 487 Advanced Special Events Management (3) or CSM 485 Sports Events (3)

**Electives:** (choose three courses from the following list)

NLM 300 Fund Raising and Resource Development (3)

PRM 303 Program Planning (3)

PRM 304 Recreation Planning and Facility Development, L (3)

PRM 475 Entrepreneurial Recreation and Tourism (3)

PRM 484 Internship (3)

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 345 Meeting and Convention Planning (3)

TDM 350 Tourism, Recreation and Sports Marketing (3)

TDM 458 International Tourism, G (3)

**Standards:**

- 15 credit hours of graded course work (no independent study)
- minimum grade of "C" (2.00) required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor
- a major other than parks and recreation management or tourism development and management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the special events management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward the major degree and the minor. For example, students pursuing a BS in either parks and recreation management or tourism development and management are not eligible to complete this minor.

## Speech and Hearing Science Minor (LASHSMIN)

**Campus:** Tempe

**Description:**

The Department of Speech and Hearing Science offers an undergraduate minor in speech and hearing science. This is an academic program with emphasis on normal aspects of speech, language and hearing.

**Program Requirements:**

The required courses are listed below for your information, but students are strongly encouraged to visit an advisor from the Department of Speech and Hearing Science at ASU. The minor in speech and hearing science consists of 24 credit hours with the following classes required:

SHS 105 Introduction to Human Communication Disorders (3)  
SHS 250 Introduction to Phonetics (3)  
SHS 310 Anatomical and Physiological Bases of Speech (3)  
SHS 311 Hearing Science (3)

Choose one from the following:

SHS 367 Language Science, SB (3)  
SHS 375 Speech Science (3)

The remainder of the credits must come from the following courses:

SHS 401 Introduction to Audiology (3)  
SHS 402 Clinical Methods and Treatment of Communication Disorders (3)  
SHS 465 Speech and Language Acquisition, SB (3)  
SHS 470 Developmental Speech and Language Disorders (3)  
SHS 485 Acquired Speech and Language Disorders (3)  
SHS 496 Aural Rehabilitation (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information at <https://chs.asu.edu/shs/speech-hearing-science-minor> (<https://chs.asu.edu/shs/speech-hearing-science-minor>).

## Statistics Minor (LASTAMIN)

**Campus:** Tempe

**Description:**

The minor in statistics is recommended for students majoring in a variety of disciplines such as physics, engineering applications, business, economics, and in the life and social sciences where the need for quantification in the analysis of phenomena is strong.

**Program Requirements:**

The minor in statistics consists of 18 to 20 credit hours.

Required courses:

MAT 271 Calculus with Analytic Geometry II, MA (4) or MAT 266 Calculus for Engineers II, MA (3)  
Academic Catalog Archive 2015-2016

MAT 272 Calculus with Analytic Geometry III, MA (4) or MAT 267 Calculus for Engineers III, MA (3)

MAT 300 Mathematical Structures, L (3)

STP 420 Introductory Applied Statistics, CS (3)

STP 421 Probability (3)

STP 427 Mathematical Statistics (3) or STP 429 Experimental Statistics, CS (3)

#### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult with an academic advisor in the college or department of his or her major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Studio Art Minor (HISTARTMIN)**

**Campus:** Tempe

#### **Description:**

The art minor or BIS concentration in studio art is designed for students who have an interest in studio arts but are pursuing another major. The program includes foundation art courses that address formal issues in art and upper-division courses that develop a conceptual basis for the student while increasing technical proficiency in one or more studio areas. Course work in art history, both lower and upper division, helps foster critical understanding of aesthetics and the production of art. The designated course work is flexible enough for students to concentrate in a single area of the studio arts or explore several mediums.

#### **Program Requirements:**

The minor requires 21 credit hours (12 upper-division) in studio art and art history, art education or a related area of study.

Core Studio (6)

Required:

ART 110 Drawing as Seeing and Thinking, HU (3)

Complete one of the following: (3)

ART 112 2-D Design (3)

ART 113 Color (3)

ART 115 3-D Design (3)

ART 116 Introduction to Digital Media (3)

Studio Courses\* (9)

Choose three from the following courses:

ART 311 Drawing III (3)

ART 314 Life Drawing II (3)

ART 323 Painting II (3)

ART 327 Watercolor II (3)

ART 331 Sculpture II (3)

ART 333 Foundry Casting Methods (3)

ART 346 3-D Computer Imaging and Animation, CS (3)  
ART 351 Intaglio I (3)  
ART 352 Lithography I (3)  
ART 354 Screen Printing I (3)  
ART 360 Ceramic Throwing (3)  
ART 364 Ceramic Handbuilding I (3)  
ART 365 Ceramic Handbuilding II (3)  
ART 376 Woven Structures I (3)  
ART 377 Surface Design (3)  
ART 394 ST: Beginning Relief (1-4)  
ART 394 ST: Ceramic Vessels (1-4)  
ART 394 ST: Fantasy Figure Foam Carving (1-4)  
ART 394 ST: Figurative Sculpture (1-4)  
ART 394 ST: Maker Workshop (1-4)

## **Sustainability Minor (SUSUSMIN)**

**Campus:** Tempe, Online

#### **Description:**

Students in the sustainability minor will learn about the concept of sustainability and how it may be used to develop solutions to pressing issues affecting society, organizations and the world. The minor introduces sustainability principles and explains how sustainability can be applied to all academic disciplines and professional fields. Students will explore the challenges of sustainability within human institutions, organizations, cultures and technology, and in local, national and international contexts. The minor is intended to draw from and inform any major in the university.

#### **Program Requirements:**

The sustainability minor requires 18 credit hours of study, at least nine of which must be upper-division courses. The program includes six credit hours of required core courses, six credit hours of required theme courses, and six credit hours of upper-division, sustainability-related electives that relate to the student's major.

**Required Core Courses:**

SOS 100 Introduction to Sustainability (3), G  
SOS 300 Advanced Concepts and Integrated Approaches in Sustainability (3)

**Required Theme Courses:**

two courses at the 100 or 200 level, each one from a different sustainability theme area (6)

Courses for the following theme areas can be found at: <https://schoolofsustainability.asu.edu/undergraduate/sustainability-minor/index.php>  
(<https://schoolofsustainability.asu.edu/undergraduate/sustainability-minor/index.php>):

- coupled human-environment systems
- earth systems
- human transformation of the earth
- social, political and economic treatment of natural resources and environment

**Upper-Division, Sustainability-Related Electives:**

two courses that are sustainability related and ideally make a connection between the student's major and the minor (6)

Students should consult with their major advisor for course selection. Possible courses for these electives can be explored at <https://schoolofsustainability.asu.edu/undergraduate/undergraduate-courses.php>  
(<https://schoolofsustainability.asu.edu/undergraduate/undergraduate-courses.php>), but still need to be approved by an academic advisor.

**Enrollment Requirements:**

Students who wish to declare a minor in sustainability should obtain advisor approval from the department, school or college of their major. The sustainability minor is available to students pursuing a major outside of the School of Sustainability.

Note: Courses taken as part of a minor may not count toward both the major degree and the minor. Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. For example, this minor is not available to business students pursuing the sustainability concentration.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

**Contact Information:**

## Sustainable Tourism Minor (PPTDMSMIN)

**Campus:** Downtown Phoenix

**Description:**

As sustainability expands in popularity as a discipline, students are looking to find ways to better understand how they can apply the principles of sustainability to specific areas of interest. A minor in sustainable tourism development will allow students from any major to learn the basic concepts and theories of tourism development and management and help them identify ways in which tourism can contribute to sustainable development, locally and globally.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as sustainability, business and many others will find this program a beneficial supplement to their existing program. Students may also choose to complete a study abroad program.

**Program Requirements:**

The minor requires a total of 15 credit hours, 12 credit hours of required courses and one three-credit-hour course from the list of electives.

**Required Core Courses:**

TDM 205 Introduction to Travel and Tourism, G (3)

TDM 372 Tourism Planning, L (3)

TDM 458 International Tourism, G (3)

TDM 480 Sustainable Tourism (3)

**Elective Courses:**

PRM 475 Entrepreneurial Recreation and Tourism (3)

TDM 394/494 Special Topics (3)

TDM 448 Heritage and Cultural Tourism (3)

TDM 481 Sustainable Food Management in Tourism (3)

TDM 482 Sustainable Revenue Management (3)

**Standards:**

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor; a major other than tourism development and management
- should be a junior or higher to take 400-level courses
- no double counting of courses for a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, a student may have that accomplishment officially recognized on the ASU transcript at graduation if the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue the sustainable tourism minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. For example, students pursuing a BS in tourism development and management are not eligible to complete this minor.

## Theatre Minor (FATHEMIN)

**Campus:** Tempe

**Description:**

Students pursuing the theatre minor will study the literatures, histories and basic production practices of theatre while having opportunities to concentrate in an area such as:

- design and production
- directing and performance
- new work development
- theatre and performance studies
- theatre for youth

**Program Requirements:**

The school offers a minor in theatre consisting of 22 credit hours of course work (nine credit hours must be upper-division). A grade of "C" (2.00) or higher is required for all courses in the minor. All prerequisites for the minor courses must be met (see course listings). Transfer students may transfer up to nine credit hours toward the minor.

The following courses are required, for a total of 13 credit hours:

FMP 201 Film: The Creative Process I, HU (3)\*

THE 100 Introduction to Theatre, HU (3)  
THE 322 Theatre History and Culture, HU, H (3)  
THF 101 Acting Introduction (3)  
THP 201 Theatre Production Crew (1)

\*Students considering a minor in film concurrently must complete an additional course in theatre or film to make up for the overlapping FMP 201 course (and THF 101, if taken for the filmmaking practices concentration).

Also required are nine credit hours of upper-division course work related to theatre. Choose from courses with the FMP, THE, THF or THP prefix. Contact the school for options and course requirements.

Courses ordinarily limited to majors only are available to minors on a second-priority basis; that is, minors may not register for these courses early but are allowed to register after all majors' needs have been met.

#### **Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## **Tourism Development and Management Minor (PPTDMMIN)**

**Campus:** Downtown Phoenix

#### **Description:**

The minor in tourism development and management provides students with the planning and development skills needed to enter the largest industry in the world. Exposure to the businesses of sustainable tourism, heritage tourism, and meeting and convention planning will begin to prepare students for successful careers in the fast-growing travel and tourism industry. According to the World Tourism Organization and the World Travel and Tourism Council, the travel and tourism industry is the largest industry and employer in the world. It is the third largest industry in the United States and ranks as the second largest industry in Arizona.

The minor allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from such various disciplines as business, communication and many others find this program a beneficial supplement to their existing program. Having completed the minor in tourism development and management, a student may also complete a certificate in convention sales and meeting planning. For more information, access the school's website. Students may also choose to participate in a study abroad program.

#### **Program Requirements:**

The tourism development and management minor requires 15 credit hours, six credit hours of required core courses and nine credit hours of elective courses.

#### **Required Core Courses:**

TDM 205 Introduction to Travel and Tourism, G (3)  
TDM 480 Sustainable Tourism (3)

#### **Elective Courses (choose three from the following list):**

CSM 483 Sports Tourism (3)  
PRM 486 Special Events Management (3)

TDM 225 Introduction to Resort and Hotel Management (3)  
TDM 345 Meeting and Convention Planning (3)  
TDM 350 Tourism, Recreation and Sports Marketing (3)  
TDM 386 Convention Sales and Management (3)  
TDM 394/494 Special Topics (3)  
TDM 415 Tourism Transportation Systems (3)  
TDM 448 Heritage and Cultural Tourism (3)  
TDM 458 International Tourism, G (3)

**Standards:**

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum grade of "C" (2.00) required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than tourism development and management
- students should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor. Students wishing to pursue the tourism development and management minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor. For example, students pursuing a BS in tourism development and management are not eligible to complete this minor.

## Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)

**Campus:** Tempe

**Description:**

In the transborder Chicana/o and Latina/o studies minor, students will gain general knowledge about the Chicana/o and Latina/o populations in the United States and on the U.S.-Mexico border. The core requirements will focus on this population's experiences, history, culture and socioeconomic status. Students can then take the remaining 12 hours of electives in courses specific to Chicana/o and Latina/o film, literature, performance and visual art, Latino health issues, community development and health, immigration, politics and policy, demographic change, diversity in education, among other topics. The minor will enhance students' understanding of the Latino population in the United States, preparing them to work with this population in any field or career they may be pursuing.

**Program Requirements:**

The minor requires 18 credit hours of TCL course work.

Core Requirements (6 credit hours):

TCL 201 Transborder Society and Culture I: Interdisciplinary Approaches, HU, C (3) or TCL 202 Transborder Society and Culture II: Contemporary Issues, SB, C (3) AND

TCL 331 Mexican American History to 1900, SB, H, C (3) or TCL 332 Mexican American History Since 1900, SB, H, C (3)

The remaining 12 hours are taken from TCL courses, including at least nine hours of upper-division course work.

**Enrollment Requirements:**

Students who wish to pursue a minor in transborder Chicana/o and Latina/o studies may do so with the School of Transborder Studies. An ASU student who is pursuing a degree at any ASU campus may elect to add a minor offered at any other ASU campus.

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment

officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Urban Planning Minor (ARPUPMIN)

**Campus:** Tempe

**Description:**

The planning minor introduces students to the field of urban planning. Students can select courses that include:

- administration
- comprehensive planning
- planning law
- public policy formulation
- site planning
- socioeconomic and environmental analysis
- urban design

Many students continue to specialize in planning at the graduate level. Students in planning are exposed to the theories, methods and practices of the profession.

**Program Requirements:**

A minimum of 18 credit hours are required for the minor, at least 12 of which must be upper-division.

Required Course:

PUP 301 Introduction to Urban Planning, L (3)

The remaining 15 credit hours (at least nine of which must be upper-division) must be chosen from among the following courses:

- PUP 190 Sustainable Cities, HU or SB, G (3)
- PUP 200 Cities in Cinema, HU, H, G (3)
- PUP 363 History of Planning (3)
- PUP 410 Public Participation in Planning (3)
- PUP 412 History of the City, L or HU, H (3)
- PUP 420 Theory of Urban Design, HU (3)
- PUP 425 Urban Housing Issues (3)
- PUP 430 Transportation Planning and the Environment (3)
- PUP 432 Planning and Development Control Law (3)
- PUP 433 Zoning Ordinances, Subdivision Regulations and Building Codes (3)
- PUP 436 City Structure and Planning (3)
- PUP 442 Environmental Planning (3)
- PUP 444 Preservation Planning (3)
- PUP 445 Women and Environments, C (3)
- PUP 452 Ethics and Theory in Planning, L (3)
- PUP 465 Sustainable Urbanism (3)
- PUP 484 Internship (1-12)
- PUP 485 International Field Studies, G (1-12)
- PUP 494 Special Topics (1-4)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Urban and Metropolitan Studies Minor (PPURBMIN)

**Campus:** Downtown Phoenix

**Description:**

The minor in urban and metropolitan studies offers students interested in the urban environment the opportunity to explore the wide variety of issues that influence the quality of life in urban communities. Students are encouraged to learn about cities as historical, social, cultural, economic and political phenomena in order to gain a strong understanding of the complex relationships that contribute to the problems and opportunities of urban living. As the population in the state's urban areas continues to grow, so will the demand for leaders who are skilled in new and innovative ways with which to address the challenges such growth generates. The program allows students enrolled in other undergraduate programs at ASU to broaden their educational experiences. Students from various disciplines such as planning, business, political science, nonprofit management and leadership, communication, social work, geography and many others might find this program a beneficial supplement to their existing program.

**Program Requirements:**

- 12 hours of residence credit at ASU
- 15 hours of course work with a "C" (2.00 on a scale of 4.00) or better in each course
- nine hours of upper-division course work from the approved list

Eligibility to pursue the minor requires a major other than urban and metropolitan studies.

**Required Courses:**

URB 300 Urban and Metropolitan Studies (3)  
URB 305 Urban Governance (3)

**Core Courses (choose two of the following):**

PAF 302 Public Service Research Methods (3)  
PAF 410 Building Leadership Skills, SB (3)  
URB 220 Introduction to Urban America (3)  
URB 240 Urban Policy, C (3)  
URB 302 Urban Theory (3)

Urban Electives (select a combination of courses from the following prefixes): URB, PAF, POS, PUP, GPH, GCU, MGT, HST, SBS, SOS, ASB, SOC, WST, TWC, COM, CRJ, SWU, NLM, TDM, PRM

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure an appropriate set of courses is taken. Students should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Wellness Foundations Minor (ECXWMIN)

**Campus:** Downtown Phoenix

**Description:**

The exercise and wellness program offers this minor program to any ASU student interested in learning about health and wellness. Students will develop a greater understanding of the behavioral, psychological, social, cultural and environmental factors that impact personal wellness behaviors, healthy lifestyles and disease prevention to assist them in developing enhanced personal wellness. This course of study does not prepare students to pursue national certifications for professional practice in fields of study related to health, fitness and wellness.

**Program Requirements:**

The minor in wellness foundations consists of 18 credit hours. The minor requires that students complete the following courses with a grade of "C" (2.00 on a scale of 4.00) or higher:

EXW 100 Introduction to Health and Wellness, SB (3)

EXW 325 Fitness for Life (3)

EXW 380 Body Image and Wellness (3)

HSC 210 Cultural Aspects of Health, C (3)

HSC 300 Complementary Healthcare (3)

One elective (3)

EXW Elective:

Three credit hours must be selected from the following approved list of electives:

EXW 344 Physical Activity in Health and Disease (3)

EXW 350 Substance Abuse and Addictive Behavior (3)

EXW 400 Stress Management for Wellness (3)

NTR 100 Introductory Nutrition (3) OR NTR 241 Human Nutrition (3)

NTR 345 Development of Healthy Cuisines (3)

NTR 348 Cultural Aspects of Food, SB, C, G (3)

NTR 353 Perspectives on the Western Diet: Food, History and Sustainability (3)

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

## Women and Gender Studies Minor (ASWSTMIN)

**Campus:** West

**Description:**

The minor in women and gender studies, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts.

**Program Requirements:**

The women and gender studies minor consists of 18 credit hours of course work, of which 12 credit hours must be upper-division (300 or 400 level).

Core Requirements (6 credit hours):

HRC 200 Introduction to Social and Cultural Analysis (3)

WST 100 Women, Gender, and Society, SB, C (3)

Electives:

Upper-division WST elective course work (12 credit hours)

**Enrollment Requirements:**

Students wishing to pursue the women and gender studies minor should consult an academic advisor in the unit offering that minor to ensure the appropriate set of courses is taken. The student should also consult an academic advisor in the college, division or department of his or her major to make sure the minor is recognized and to have the minor added to the program of study.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Please contact the division for more information. The Academic Affairs Manual (ACD 305-12) regulates undergraduate academic minors and expressly forbids double counting of courses between majors and minors.

## Women and Gender Studies Minor (LAWSTMIN)

**Campus:** Tempe, Online

**Description:**

The minor in women and gender studies provides students with an intensive interdisciplinary liberal arts education that enables them to write well, think critically and analyze problems effectively. Students can take a variety of courses, including an option for a capstone seminar requiring original research and writing or an internship that can then prepare students for life after college. Original undergraduate research is encouraged, and some course options may involve studying community problems and formulating policy solutions.

**Program Requirements:**

The women and gender studies minor consists of 18 credit hours, 12 of which must be upper-division. A minimum "C" grade or higher is required.

Students take one of the following courses (3):

WST 100 Women, Gender and Society, SB, C (3) or WST 300 Women and Gender in Contemporary Society, SB, C (3)

Students choose one from the following courses (3):

WST 377 History of American Feminist Thought, H, C (3)

WST 378 Global Feminist Theory, L, C, G (3)  
WST 380 Race, Gender and Class, SB, C (3)

Twelve additional credit hours of women and gender studies electives must be taken and can be selected from any WST prefix course.

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

## Youth Services Leadership Minor (HSYSLMIN)

**Campus:** Downtown Phoenix

**Description:**

The minor in youth services leadership is designed to explore the area of youth leadership from the perspective of those who work face-to-face with youth in a variety of settings. The minor allows students enrolled in a variety of undergraduate programs at ASU to broaden their knowledge of youth services. Students from programs such as education, nursing, social work, criminal justice and others may find this program a beneficial supplement to their existing program.

**Program Requirements:**

The minor requires 15 credit hours, three credit hours of required courses and 12 credit hours of elective courses.

Required Core Course:

PRM 303 Program Planning (3)

Elective Courses (choose four from the following list):

CRJ 204 Juvenile Justice (3)

CRJ 462 Gangs (3)

NLM 220 Introduction to Nonprofit Organizations (3)

NLM 310 Volunteer Management (3)

PRM 302 Inclusive Community Development, C (3)

PRM 364 Foundations of Recreation Therapy, SB (3)

PRM 394/494 Special Topics (3)

PRM 451/NLM 451 Grant Writing (3)

PRM 486 Special Events Management (3)

Standards:

- 15 hours of graded classroom course work (no internship, no independent study)
- minimum "C" (2.00) grade required for all classes in the minor
- minimum GPA of 2.00 for those pursuing the minor, a major or premajor, other than tourism development and management
- should be a junior to take 400-level courses
- no double counting of courses for a major and the minor

**Enrollment Requirements:**

Students in most majors may pursue at least one minor and, upon successful completion of the prescribed course work, have that accomplishment officially recognized on the ASU transcript at graduation if the college (and in certain colleges, the department) of the student's major allows the official recognition of the minor.

Students wishing to pursue the youth services leadership minor should consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Note: Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a university minor may not count toward both the major degree and the minor.

## Undergraduate Programs

### Undergraduate Certificates (Program Descriptions and Requirements)

#### Actuarial Science Certificate (LAACTCERT)

**Campus:** Tempe

**Description:**

Actuarial science is an area of mathematical and statistical science that requires expertise in specializations of probability and interest theory, coupled with a strong foundation in accounting, finance and economics. This certificate provides students with preparation for professional actuarial credentialing exams offered by the Society of Actuaries and the Casualty Actuarial Society.

**Program Requirements:**

Students must complete a minimum of 15 credit hours of course work from the ACT classes listed below. Course prerequisites include: 3.00 GPA minimum and "B" or better in Multivariate Calculus, Linear Algebra, Introductory Statistics and Computer Programming course work (completed at ASU or an equivalent institution).

ACT 310 Mathematics of Finance (4)  
ACT 415 Probability for Risk Management (3)  
ACT 430 Mathematics of Financial Derivatives (3)  
ACT 440 Life Contingencies I (3)  
ACT 441 Life Contingencies II (3)  
ACT 450 Actuarial Models and Modeling I (3)  
ACT 451 Actuarial Models and Modeling II (3)

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

Although no specific degree is required for admission to the actuarial science certificate, a strong mathematical background is essential (found in majors including mathematics, statistics, engineering and natural sciences). Students with a major or degree other than those listed will require additional preparation beyond the certificate. Students are required to have a 3.00 cumulative GPA minimum and "B" or better in Multivariate Calculus, Linear Algebra and Introductory Statistics at ASU or an equivalent institution.

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admission online application. Please contact the unit for additional information.

**Contact Information:**

#### African and African American Studies Certificate (LAAFRCERT)

**Campus:** Tempe

**Description:**

The certificate program examines the culture, arts, history, politics, economics and current status of African Americans, Africans and the African diaspora, especially in the Caribbean, Central America and South America. The goal is to prepare students for lifelong learning, advanced study in a variety of fields, and successful careers and productive public service in an increasingly diverse society, especially in Arizona.

**Program Requirements:**

Students will be required to complete 24 credit hours. Six credits will be a prescribed core and the remaining 18 elective hours will be selected from the program prefix (AFR).

Required Certificate Core Course:

AFR 200 Introduction to Africana Studies, SB, G, H (3)

Elective Core Course (choose one course):

AFR 300 Precolonial Africa, SB, G, H (3)

AFR 301 Race and Racism in Africa/African Diaspora, SB, G (3)

AFR 302 History of Black Women in America, SB, H (3)

AFR 305 The Global History of the Trans-Atlantic Slave Trade, SB, H (3)

Elective Courses:

The remaining 18 credit hours will be completed by selecting courses not taken to fulfill the six core credit hours and will be selected from the program prefix (AFR). At least 18 of the 24 credit hours must be upper-division courses (300 or higher). All courses must have a "C" (2.00) grade or higher. No course may be used to satisfy more than one requirement in the undergraduate certificate.

**Enrollment Requirements:**

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the university's online admission application. Please contact the unit for additional information.

## American Indian Nation Governance Certificate (LAAIGVCERT)

**Campus:** Tempe

**Description:**

The American Indian Nation governance certificate is designed to prepare students to develop greater understanding and applicable knowledge of government and governance in Native American communities. The curriculum covers several themes that range from the history, policies and sovereign status of American Indians to the legal relationships between the Native American Nations and the U.S. federal government as well as state governments. Students will be better prepared to work with Indian nations, federal and state agencies, and nonprofits regardless of their academic major or place of employment.

**Program Requirements:**

The requirements include course work in American Indian studies (AIS prefix courses) and political science (POS prefix courses), including an optional applied internship. Students majoring in any subject at the university may be awarded the certificate upon the completion of 15 credit hours (12 of which must be upper division and nine of which must be taken from the College of Liberal Arts and Sciences). As noted below, six American Indian studies credits are required, and six political science credits are required. The student must select an additional three credits from the approved list of AIS and POS courses.

AIS core courses:

Choose two of the following:

AIS 180 Introduction to American Indian Studies, C (3)

AIS 380 Contemporary Issues of American Indian Nations, C (3)

AIS 470 Tribal Governance (3)

POS core courses:

Choose two of the following:

POS 110 Government and Politics or POS 310 American National Government, SB (3)

POS 325 Public Policy Development, SB (3)

POS 346 Problems of Democracy, HU (3)

POS 368 Ethics and Human Rights (3)

POS 370 Law and Society, SB (3)

POS 439 Minority Group Politics in America, SB and C (3)

AIS or POS policy and applied courses:

Choose one of the following:

AIS 280 American Indian Sovereignty and the Courts, H and C (3)

AIS 285 Federal Indian Policy, H and C (3)

AIS 394 Topic: Reservation Economic Development (3)

AIS 455 Human Rights and Cultural Resource Laws (3)

AIS 484/POS 484 Internship (3)

AIS 498 Pro-Seminar, L (3)

Students earning the certificate must have a minimum GPA of 2.00; only courses in which students have a grade of "C" (2.00) or better count toward the certificate.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this certificate.

**Enrollment Requirements:**

In order to be admitted to the university, complete the Office of Admissions online application. Please contact the unit for additional information.

**Contact Information:**

## Applied Business Data Analytics Certificate (BABDACERT)

**Campus:** Tempe, Online

**Description:**

The certificate in applied business data analytics is for students who are interested in practical uses for computer-based tool suites that are capable of managing vast amounts of data; providing sophisticated but easy to use means to manage and analyze that data; and to leverage those tools for making good decisions about projects, process designs and fundamental decision-making tasks. Exposure to predictive analytics and modeling, big-data techniques, and visualization provides significant insight into the advanced uses of the computer-based tools. Critical thinking is an important skill and mindset that is required to establish and evaluate evidence-based benchmarks for making good decisions leading to high-quality outcomes.

**Program Requirements:**

The certificate in applied business data analytics requires 18 credit hours to complete and is available to all majors. There are no prerequisite courses. At least 12 credit hours must be upper division.

Required courses include:

CIS 105 Computer Applications and Information Technology, CS (3)

CIS 308 Advanced Excel in Business (3)

CIS 309 Business Process Management (3)

CIS 311 Business Project Management (3)

CIS 405 Business Intelligence (3)

one statistics course (3)\*

\*approved statistics courses:

AGB 360 Agribusiness Statistics, CS (3)  
ECN 221 Business Statistics, CS (3)  
GIS 470 Statistics for Geographers, CS (3)  
IEE 380 Probability and Statistics for Engineering Problem Solving, CS (3)  
JUS 302 Statistical Analysis for Justice Studies, CS (3)  
PAF 301 Applied Statistics, CS (3)  
POS 401 Political Statistics, CS (3)  
PSY 230 Introduction to Statistics, CS (3)  
QBA 221 Statistical Analysis, CS (3)  
STP 226 Elements of Statistics, CS (3)  
STP 280 Probability and Statistics for Researchers (3)  
STP 326 Intermediate Probability, CS (3)  
STP 420 Introductory Applied Statistics, CS (3)

Note: If you have a statistics course not listed, you must consult with Maria Chomina in the W. P. Carey School of Business for approval.

CIS 105 is a prerequisite to the other four courses. To earn the certificate, students must complete all courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Arabic Studies Certificate (LAARBCERT)

**Campus:** Tempe

**Description:**

The certificate in Arabic studies provides students with skills that will enable and qualify them to communicate effectively in Arabic in the four areas of language acquisition:

- listening
- reading
- speaking
- writing

Simultaneously, students gain a broad knowledge and understanding of the culture, literature and traditions of the vast Arabic-speaking world.

The certificate provides critically needed educational and cultural diversity that will enrich students' undergraduate experience and prepare them for life as employees and employers.

Graduate students in the liberal arts, social sciences and humanities seeking academic or professional careers in any of the three disciplines or thematic concentrations are also expected to be attracted to this certificate because of the added advantage the program gives them in the job market, given the demonstrably high need for graduates with Arabic knowledge.

**Program Requirements:**

The Arabic studies certificate requires proficiency in Arabic language at the intermediate level (ARB 202) or above and 18 hours of courses detailed below. A minimum grade of "C" or better is required in each course. Students must demonstrate proficiency in Arabic language at the intermediate level or above (ARB 202+)

Core courses: (9 credit hours)

ARB 311 Advanced Arabic Skills I (3) or ARB 411 Advanced Arabic Skills II (3)

ARB 321 Arabic Conversation I (3) or ARB 421 Arabic Conversation II (3)

ARB 331 Arabic/Islamic Culture and Literature (3)  
ARB 335 Arabic Culture and Islam, G (3)  
ARB 341 Qur'an Text and Women (3)  
ARB 351 Classical Arabic Literature (3)

Elective courses: (9 credit hours)

ARB 336 Introduction to the Qur'an (3)  
ARB 337 Hadith and Prophetic Tradition (3)  
ARB 352 Modern Arabic Literature in Transition (3)  
GCU 328 Geography of Middle East and North Africa, SB, G (3)  
HST 307 Studies in African History, H (3)  
REL 365 Islamic Civilization, HU, H, (3)  
REL 366 Islam in the Modern World, HU, H, G (3)  
REL 369 Women in Islam (3)  
REL 460 Studies in Islamic Religion, HU, G (3)

#### **Enrollment Requirements:**

Students must first be accepted into an appropriate degree program at ASU and will then apply directly to the director of the Arabic studies certificate in the School of International Letters and Cultures for admission into the certificate program.

The application will consist of:

- name
- address
- phone number
- email address
- student ID number
- major
- year in college
- anticipated graduation date
- name of their advisor for their academic major

Please contact the department for more information.

## **Arts Entrepreneurship Certificate (HITHAECERT)**

**Campus:** Tempe

#### **Description:**

Arts entrepreneurship is an emerging transdisciplinary field that harnesses the skills and mindset of the entrepreneur to empower artists to create work that is meaningful, sustainable, and oriented to community and market need. Students across art, dance, design, film, music and theatre disciplines will benefit from the business, marketing and organizational skills offered by certificate courses as applied specifically to and within the arts.

#### **Program Requirements:**

The undergraduate certificate in arts entrepreneurship consists of 15 credits including nine credit hours of required courses. Of the remaining credits, three credits must be taken from each category of electives shown below: art business; and arts policy, community, and socially engaged arts. A grade of C or better is required in all courses.

Required Courses:

HDA 420 Design and the Arts Business Administration (3)  
THP 352 Foundations of Arts Entrepreneurship (3)  
THP 452 Arts Entrepreneurship Seminar (3)\*

\*This is a culminating experience to the certificate program.

Electives:

Arts Business\*

ARA 396 Professional Practices for Design and the Arts (3)

ARA 460 Gallery Exhibitions (3)

DSC 394 Design Entrepreneurship and Society (3)

FMP 417 Business Ethics in Entertainment (3)

FMP 494 Business of Media Industries (3)

MUE 494 Collaborative Entrepreneurship in the Arts (3)

MUP 494 The Enterprising Musician (3)

THP 351 Arts Management (3)

THP 450 Theatre Organization and Management (3)

Arts Policy, Community or Social Engaged Arts

ARS 494 Arts and Public Policy (3)

ARS 498 Art and Politics (3)

ARS 441 Public Art (3)

HDA 310 Socially Engaged Practice (3)

MHL 494 Music and Movement in Urban Culture (3)

MUP 494 Music Product Creation and Development (3)

THP 482 Theatre for Social Change, C (3)

\*Other course options may be approved by the certificate program coordinator.

Plan of study:

The plan includes a significant final project in the eighth semester seminar that serves as a capstone for the certificate:

Semester 4: THP 352 Foundations of Arts Entrepreneurship (3), followed by application to the certificate program

Semester 5: HDA 420 Design and the Arts Business Administration (3)

Semester 6: Arts Business course from the list above (3)

Semester 7: Arts Policy, Community or Socially Engaged Arts course from list above (3)

Semester 8: THP 452 Arts Entrepreneurship Seminar (3)

**Enrollment Requirements:**

The certificate in arts entrepreneurship, meant to extend the study of an individual arts discipline, will be available only to current students with a major within the Herberger Institute for Design and the Arts. Students will be admitted to the certificate program upon completion of THP 352 Foundations of Arts Entrepreneurship (3) with a grade of "B" or better and an overall GPA of 3.00 or higher. Students will submit an application to the Herberger Institute Office of Student Success. Herberger Institute students meeting the course and GPA requirements may enroll in the certificate, and a Herberger Institute advisor will add the certificate plan code to the student's record.

## Arts in Education Certificate (HIAEDCERT)

**Campus:** Tempe

**Description:**

The certificate in arts in education is specifically designed for prospective preK-8 educators who wish to enhance their teaching practices by developing the necessary skills to use the arts throughout the curriculum. By weaving the principles and practices of the arts and other disciplinary curricula together, teachers can create rich and engaging environments that enhance student learning by capitalizing on the critical thinking, communication, collaboration and creativity inherent in the arts and arts experiences.

**Program Requirements:**

The certificate in arts in education requires 18 credit hours (12 upper division). All upper-division courses must be completed with a minimum grade of "C" (2.00).

Arts Education Lower-Division Core (choose two courses from this list):

ARA 195 Art in My World, HU (3)  
ARA 218 Art and Visual Learning, HU (3)  
ART 110 Drawing as Seeing and Thinking, HU (3)  
FMP 222 Education in Film, L (3)  
MUS 210 The Arts Around Us, HU (3)  
MUS 211 Dance, Music and Meaning, HU (3)  
MUS 212 Music, Meaning and Imagination, HU (3)  
MUS 213 Critical Thinking in the Arts, HU (3)  
MUS 214 Art, Music and Learning, HU (3)  
THP 212 Puppetry with Children (3)

Arts Education Upper-Division Core (choose three courses from this list):

ARA 311 Art Appreciation and Human Development, HU (3)  
ARE 301 Studio Art and Human Development (3)  
DCE 350 Dance in the Classroom: Learning through Movement, HU (3)  
MUE 310 Music in Early Childhood, HU (3)  
MUE 311 Music in the Lives of Children and Youth, HU (3)  
THP 311 Creative Drama with Youth, L (3)

Arts Elective Course List (choose three credit hours from this list):\*

ARS 300 Introduction to Art, HU (may receive credit for ARS 100 or 300) (3)  
DCE 300 Moving Histories, HU (3)  
DCE 301 Meaning in Motion, L or HU (3)  
DCE 303 The Body Condition(ed), SB (3)  
DCE 402 Ethnography of Dance Practices, L or HU, G (3)  
DCE 404 Dance and Ethics (3)  
DCE 405 Rhetorical Moves, L or HU (3)  
MUP 442 Instrumental Ensembles (1-2)  
MUP 443 Choral Ensembles (1-2)  
MUP 450 Choral Union (1-2)  
MUP 455 Men's Chorus (1-2)  
MUP 457 Women's Chorus (1-2)  
MUP 459 Barrett Choir (1 -2)  
MUP 489 Ethnomusicology Ensembles (1)  
MUP 494 Topic: Concert Band (1-2)  
MUS 340 Music for the Concert Hall, Stage and Screen, HU, H (3)  
MUS 347 Jazz in America, HU, C (3)  
MUS 354 Jazz Giants, HU (3)  
MUS 355 American Music, HU, C, H (3)  
MUS 356 Broadway and the American Musical, HU (3)  
MUS 362 Rap Music and Hip Hop Culture, HU, C (3)  
MUS 494 Topic: Urban Dance Music Ensemble (1)  
THE 322 Theatre History and Culture, HU, H (3)  
THP 411 Methods of Teaching Drama (3)  
THP 482 Theatre for Social Change, C (3)

\*Some courses are less than three hours and may be repeated for credit.

**Enrollment Requirements:** Any student may pursue this certificate. Please see an advisor in the department for details.

## Asian Pacific American Studies Certificate (LAAPACERT)

**Campus:** Tempe

**Description:**

Asian Pacific American studies addresses the historical and contemporary experiences of Asian Americans and Pacific Islanders, what they have contributed to our society, and the complexity of racial formations in the U.S. The certificate program encourages students to learn about local Asian American and Pacific Islander communities and organizations through research, courses and community internships.

**Program Requirements:**

Students will be required to complete 18 credit hours for the certificate. Nine hours will be a prescribed core and the remaining nine elective hours will be selected from any of the courses with an APA prefix. Examples of elective course options with the APA prefix include but are not limited to those shown in the list of elective courses below.

## Required Core Courses:

APA 200 Introduction to Asian Pacific American Studies, HU or SB, C (3)  
APA 360 Asian Pacific American Experience, HU or SB, C (3)  
APA 484 Internship (3)

## Elective Courses:

APA 210 Introduction to Ethnic Studies in the U.S., C (3)  
APA 310 Asian Pacific American Arts and Cultures, HU, C (3)  
APA 315 Asian Pacific American Literature, HU, C (3)  
APA 330 Asian Pacific American Genders and Sexualities, SB, C (3)  
APA 340 Asian Pacific Americans and Media, HU, C (3)  
APA 345 Asian Pacific Americans and Film, HU, C, H (3)  
APA 360 Asian Pacific American Experience (3)\*  
APA 394 Special Topics (may be repeated for credit with a different topic) (3)  
APA 450 Asian Pacific American Contemporary Issues, SB, C (3)  
APA 484 Internship (3)  
APA 494 Special Topics (may be repeated for credit with a different topic) (3)  
APA 499 Individualized Instruction (1-3 credits; may be repeated for credit)

\*Note: One APA 360 course is required for the core. The other sections may be repeated for credit with different topics:

- Asian Pacific American psychology
- Chinese American
- Filipino American
- Japanese American
- Korean American
- Multiracial Experiences
- Pacific Islander
- South Asian
- Southeast Asian American

## Other Requirements and Restrictions:

- At least 12 of the 18 credit hours must be upper-division courses (300 or higher).
- All courses for the certificate must have a "C" (2.00) grade or higher.
- A minimum of nine credit hours must be taken in residency at ASU.
- No course may be used to satisfy more than one requirement in the certificate.

**Enrollment Requirements:**

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Admission Services online application. Please contact the unit for additional information.

**Asian Studies Certificate (LAASNCERT)**

**Campus:** Tempe

**Description:**

The Asian studies certificate supplements a bachelor's degree, demonstrating knowledge of an Asian language as well as general knowledge of Asian history, art, culture and society. The certificate provides students with official transcript recognition of specialization in Asian studies related to their major area of study.

**Program Requirements:**

The certificate requires 24 credit hours of course work, including:\*

- 15 credit hours of upper-division area studies course work chosen from at least three disciplines outside the School of International Letters and Cultures (such as anthropology, art, geography, history, political science and religious studies)
- nine elective credit hours in some combination of lower- and upper-division courses

\*Six of the 24 credit hours may be satisfied with courses offered by the School of International Letters and Cultures, limited to courses numbered 321 and above.

In addition, certificate students must demonstrate proficiency in an Asian language at the intermediate level. The language requirement can be satisfied by completing the 201 and 202 sequence, one year of study abroad at the intermediate level, or satisfactory placement on a proficiency exam. Asian languages include:

- Chinese
- Hindu/Urdu
- Indonesian
- Japanese
- Korean
- Thai
- Vietnamese

Students pursuing an Asian studies certificate may apply courses in East, South and Southeast Asia to meet the certificate requirements. A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements.

**Enrollment Requirements:**

There are no specific admission requirements other than a student's desire to learn about Asia. For U.S. Department of Education Gainful Employment Program Disclosure information, see: <https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.html> (<https://catalog.asu.edu/files/disclosures/LAASNCERT/Gedt.html>).

## Brazilian Studies Certificate (LABZSCERT)

**Campus:** Tempe

**Description:**

The certificate in Brazilian studies will allow students to present a plan of studies in line with current sociocultural circumstances and compete more successfully in the job market. The Brazilian studies program consists of 18 credit hours covering five essential components:

- proficiency in the Portuguese language at the intermediate level (POR 313 and POR 314)
- advanced skills development in third- and fourth-year language courses
- grounding in major texts of Brazilian literature
- examination of major themes in Brazilian popular and urban culture, with particular emphasis on Afro-Brazilian society
- complementary courses in specific issues in Brazilian culture as offered by collateral department

**Program Requirements:**

The certificate in Brazilian studies requires 18 credit hours. A "C" (2.00) or better is required in all upper-division course work.

Required Courses:

Language (6 credit hours)

POR 313 Portuguese Composition and Conversation, G (3)

POR 314 Portuguese Composition and Conversation, G (3)

Four Content Courses: (12 credit hours) (select from the following courses)

GCU 323 Geography of Latin America, SB, G (3)

GCU/PUP 485 International Field Studies, G (1-12)

POR 321 Luso-Brazilian Literature, HU (3)

POR 394 Topic: Brazilian Culture (3)

POR 472 Luso-Brazilian Civilization, HU, G (3)

POR 492 Honors Directed Study

POR 494 Topic: Afro-Brazilian Ritual and Performance (3)

POR 494 Topic: Brazilian Filmmaking (3)

POR 494 Topic: Brazilian Popular Culture (3)

POR 494 Topic: Brazilian Urban Narrative(3)

POR 494 Topic: Cinema Brasileiro (3)

POR 494 Topic: São Paulo (3)

POR 499 Individualized Instruction

REL 332 South American Indian Religion, HU, G (3)

Other content courses may be used with approval from an advisor in the School of International Letters and Cultures, but at least 12 of the 18 required credit hours must be upper-division course work.

**Enrollment Requirements:**

ASU students admitted to a degree program in any field of study would be eligible for the Brazilian studies certificate program.

Once enrolled in the certificate, students must demonstrate proficiency in the Portuguese language at the intermediate level. In addition, the student must take POR 313 and POR 314 Portuguese Composition and Conversation, and other courses in Portuguese language or Brazilian culture, for a total of 18 credit hours.

## Child Life Certificate (LACHLFCERT)

**Campus:** Downtown Phoenix, Tempe

**Description:**

Child life specialists are experts in child development who promote effective coping among children who face challenges related to health care and hospitalization. This cross-disciplinary program offered through the School of Community Resources and Development and the Sanford School of Social and Family Dynamics is designed to assist students to prepare for the national qualifying child life exam.

A portion of the national certification exam eligibility requirements, as outlined by the Child Life Council, are met by obtaining this certificate.

**Program Requirements:**

The certificate requires 21 credit hours. Courses taken as part of a university major may count toward both the degree and the certificate.

An application to the program is required.

Required Courses:

CDE 337 Early Childhood Intervention (3)

CDE 450 Child Dysfunction in the Family (3)

PRM 364 Foundations of Recreation Therapy, SB (3)

PRM 384 Child Life Practicum (3)

PRM 406 Program Design and Administration in Recreation Therapy (3)

PRM 455 Play in Child Life (3)

PRM 460 Assessment and Documentation in Recreation Therapy (3)

**Standards:**

- A minimum of "B" (3.00) is required for all classes in the certificate.
- A minimum cumulative GPA of 3.00 is required for those pursuing the certificate.
- Program consists of 18 hours of graded classroom course work (no internship, no independent study) plus a three credit hour practicum.
- Students must be juniors to take 400-level courses.

**Enrollment Requirements:**

A minimum cumulative GPA of 3.00 is required to enroll in the certificate.

Students wishing to pursue the child life certificate must complete two prerequisites before applying for the program:

- CDE 232 Human Development (3) with a grade of "B" (3.00) or higher
- CDE 338 Child Development Practicum (or comparable experience working with children, as determined by certificate directors of admission)

For additional information and application, students should consult with an academic advisor in either the School of Community Resources and Development or the School of Social and Family Dynamics.

## Child Nutrition Certificate (ECNTRCERC)

**Campus:** Downtown Phoenix

**Description:**

This certificate program is directed toward current degree-seeking students, postbaccalaureate students and nondegree-seeking students who are interested in eligibility for the school nutrition specialist credential offered by the School Nutrition Association. More information for this credential is available at: <http://www.schoolnutrition.org/topics/?\Find-By-Topic\SNS-Credentialing> (<http://www.schoolnutrition.org/topics/?\Find-By-Topic\SNS-Credentialing>).

**Program Requirements:**

The certificate requires that students take the following courses, for a total of 31 credit hours:

ACC 382 Accounting and Financial Analysis (3)

EXW 100 Introduction to Health and Wellness, SB (3) or EXW 325 Fitness for Life (3)

NTR 142 Applied Food Principles (3)

NTR 343 Food Service Purchasing (3)

NTR 344 Nutrition Management and Leadership, L (3)

NTR 345 Development of Healthy Cuisines (3) or NTR 341 Medical Nutrition Therapy I (3)

NTR 401 Field Experience in Food and Nutrition (3)

NTR 445 Management of Food Service Systems (3)

NTR 448 Community Nutrition, L (3)

NTR 450 Nutrition in the Life Cycle, SB (3)

NTR 498 Topic: Child Nutrition Seminar (1)

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

To enroll in the certificate program, the applicant must be admitted to ASU as a degree-seeking or nondegree-seeking student in the nutrition program. The curriculum committee of the nutrition program will approve applications to the certificate program.

**Contact Information:**

Health Solutions, College of  
School of Nutrition and Health Promotion

## Civic Education Certificate (LACVECERT)

**Campus:** Tempe

**Description:**

The civic education certificate is designed to contribute to the preparation of undergraduate students for:

- careers in primary and secondary education (where the teaching of government and civics may be involved)
- careers or voluntary participation in politics, public service, civic and social movements
- further education in law, journalism, business, history, sociology, political science and other fields where an understanding of questions of citizenship, leadership, community, democracy, public responsibility and ethics is crucial

**Program Requirements:**

The certificate does not substitute for degree requirements in any subject, including political science; rather, it is a complement to the student's chosen major. The certificate program is intended to guide students to a variety of courses whose successful completion indicates their special accomplishment in the area of civic education. Students majoring in any subject at the university may be awarded the civic education certificate upon completion of the following 15 credit hours of political science courses:

POS 210 Political Ideologies, SB (3)  
POS 346 Problems of Democracy, HU (3)  
POS 442 American Political Thought, HU (3)

Choose one from the courses below:

POS 340 History of Political Philosophy I, HU, H (3)  
POS 341 History of Political Philosophy II, HU, H (3)  
POS 443 Topics in Contemporary Political Theory, HU (3)

Choose one from the courses below:

POS 300 Contemporary Global Controversies, SB, G (3)  
POS 313 The Congress, SB (3)  
POS 314 The American Presidency, SB (3)  
POS 315 The Supreme Court, SB (3)  
POS 330 Contemporary Controversies in Domestic Politics, SB (3)  
POS 332 American Political Parties, SB (3)  
POS 333 Interest Groups, SB (3)  
POS 370 Law and Society, SB (3)  
POS 417 Arizona Politics, SB (3)  
POS 435 Women and Politics, SB, C (3)  
POS 439 Minority Group Politics in America, SB, C (3)

Certificate students must have a minimum GPA of "C" (2.00); only courses in which students have a grade of "C" or higher count toward the certificate. At least 12 of the 15 credit hours must be upper-division course work. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the School of Politics and Global Studies for more information about completing the civic education certificate.

## Civil Communication Certificate (LACCOMCERT)

**Campus:** Tempe

### **Description:**

The Hugh Downs School of Human Communication has designed specific courses that offer students a certificate in the area of civil communication. Students are provided specific training in dialogue-based methods of civility, application of critical civil communication skills in public spheres, and civil and productive modes of argumentation. This specialization provides students with the ability to recognize, competently practice, and facilitate the ever-increasing demand for civil discourse in society and workplace organizations. Our foundational courses provide the opportunity for interdisciplinary collaboration and community engagement.

### **Program Requirements:**

The certificate requires 18 credit hours, nine of which are chosen from the list of elective courses:

Required courses: (9 credit hours)

COM 222 Argumentation, L (3)

COM 225 Public Speaking, L (3)

COM 327 Civil Communication (3)

Elective courses: (9 credit hours)

COM 312 Communication, Conflict and Negotiation (3)

COM 319 Persuasion and Social Influence, SB (3)

COM 321 Rhetorical Theory and Research, L or HU, H (3)

COM 341 Social Contexts for Performance (3)

COM 421 Rhetoric of Social Issues, HU (3)

A "C" or better is required for all upper-division course work.

### **Enrollment Requirements:**

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Admission Services online application. Please contact the Hugh Downs School of Human Communication for additional information.

## Classical Studies Certificate (LACLG CERT)

**Campus:** Tempe

### **Description:**

The classical studies program offers students a wide variety of opportunities to study the language, literature and culture of the ancient Greeks and Romans. The School of International Letters and Cultures offers a certificate in classical studies for those students interested in pursuing a classical education in conjunction with another major or as part of their general studies.

### **Program Requirements:**

Students admitted to undergraduate degree programs in any field are eligible for the classical studies certificate program. In addition to the course work and examinations required in the student's major, the student is responsible for fulfilling the following minimum requirements:

Five semesters of ancient Greek (17 credit hours; GRK 301 and GRK 302 may be repeated for credit) or Latin language and literature instruction (19 credit hours)

Four semesters in courses related to classical studies (12 credit hours) from:

ARS 402 Art of Ancient Egypt, HU, H (3)  
ARS 404 Greek Art, HU, H (3)  
ARS 406 Roman Art, HU, H (3)  
ENG 303 Classical Backgrounds of English Literature, HU (3)  
ENG 422 Special Topics in Shakespeare, HU (3)  
GRK 301 Ancient Greek Literature I, HU (3)  
GRK 302 Ancient Greek Literature II, HU (3)  
HST 347 Ancient Greece I: Bronze Age through the Peloponnesian War (3)  
HST 348 Rome, SB, H (3)  
HST 349 Early Middle Ages, HU or SB, H (3)  
HST 350 Later Middle Ages, HU or SB, H (3)  
HST 362 Sex and Society in Classical and Medieval Europe, SB, H (3)  
LAT 421 Roman Literature, HU (3)  
LAT 422 Roman Literature, HU (3)  
PHI 328 History of Ancient Philosophy, HU, H (3)  
POS 340 History of Political Philosophy I, HU, H (3)

Two of these courses must be above the 300 level (6 credit hours). Other courses may be used with the approval of an academic advisor in the School of International Letters and Cultures.

A minimum grade of "C" (2.00) is required in each course leading to the certificate. A minimum of 12 credit hours must be upper-division. A minimum of six credit hours must be taken at ASU.

**Enrollment Requirements:**

Students interested in the classical studies certificate program need to contact the coordinator of the certificate before being accepted into the program. Please contact the department for more information.

## Computer Gaming Certificate (ESSCICERT)

**Campus:** Tempe

**Description:**

The computer gaming certificate is designed to provide a game development skill set that the student can apply to domain-specific applications in the student's major. The skill set includes:

- architecture of game engines
- art design and computer graphics for gaming
- game software development

In this certificate program, students will learn to apply gaming technology to the rapidly growing video game industry and to business, medicine, geography, biotechnology and education. Examples of projects include:

- building a game that teaches linear algebra by incorporating trigonometric rules into the game design
- creating a game that teaches correct sentence construction to early English learners
- creating a game to help patients with physical therapy
- creating an interactive virtual world for corporate training
- designing a game platform incorporating geographic information systems
- inventing a surgical simulation to educate medical students

**Program Requirements:**

Students will complete nine credit hours of core courses, including a final capstone project and nine credit hours of elective courses. The certificate requires 12 credit hours of upper-division course work. Students need to allow at least two years to complete the certificate program due to the prerequisite structure.

**Core Courses:**

- CPI 111 Game Development I, CS (3)
- CPI 211 Game Development II (3)
- CPI 441 Gaming Capstone (3)

**Elective Courses:** (select three listed through the CIDSE website)

<http://cidse.engineering.asu.edu/forstudent/undergraduate/certificates/computer-gaming/>  
(<http://cidse.engineering.asu.edu/forstudent/undergraduate/certificates/computer-gaming/>)

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

The computer gaming certificate is open to any student admitted to an undergraduate degree program at ASU and in good academic standing. This certificate can also be used by BIS students as part of their degree program.

All students are eligible to take CPI courses. Students who want to declare the certificate need to complete the Undergraduate Certificate form on the registrar's website and submit it to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center located in BYENG, Room 225. BIS students need to contact their BIS advisor to add the computer gaming concentration to their degree program.

## Convention Sales and Meeting Planning Certificate (PPTDMCERT)

**Campus:** Downtown Phoenix

**Description:**

The U.S. meetings, conventions and exhibitions industry generates more than \$120 billion a year, supporting nearly two million jobs. Students can explore this exciting growth industry with the convention sales and meeting planning certificate. The demand for professionals is strong, and we provide an excellent foundation for enhancing career opportunities nationally, regionally and locally. Phoenix is a major convention and meeting destination.

There is a need for qualified professionals to service conventions and meetings due, in large part, to the \$600 million investment in the Phoenix Convention Center expansion; development of new hotels and other visitor-related products; and the steady influx of corporate headquarters relocating to the greater Phoenix area. The certificate, which has been endorsed by the Greater Phoenix Convention and Visitors Bureau and the Arizona Sunbelt Chapter of Meeting Professionals International, will enhance a graduate's career opportunities as a tourism professional.

**Program Requirements:**

The certificate requires 15 credit hours: four required core courses (12 credits) and one elective course (3 credits). Courses taken as part of a university major may count toward that degree and the certificate. Requirements can be met online. All core classes and some elective classes are taught online at least once a year. To earn the certificate, students must complete a minimum of 12 upper-division credit hours. An application to the program is required.

**Required Core Courses:**

- TDM 205 Introduction to Travel and Tourism, G (3)
- TDM 345 Meeting and Convention Planning (3)\*
- TDM 350 Tourism, Recreation and Sports Marketing (3)\*
- TDM 386 Convention Sales and Management (3)

**Elective:** (choose one)

- PRM 486 Special Events Management (3)
- TDM 225 Introduction to Resort and Hotel Management (3)
- TDM 458 International Tourism, G (3)

\*Prerequisite: TDM 205, grade of "C" (2.00) or better

- Fifteen credit hours of graded classroom course work are required (no internship, no independent study).
- A minimum "C" (2.00) grade is required for all classes in the certificate.
- A minimum GPA of 2.00 is required for those pursuing the certificate.
- A student should be a junior to take 400-level courses.

**Enrollment Requirements:**

Students wishing to pursue the convention sales and meeting planning certificate should consult an academic advisor in the School of Community Resources and Development. For additional information, please visit the school's website.

**Contact Information:**

**Creative City Certificate (PPURBCERC)**

**Campus:** Downtown Phoenix

**Description:**

The creative city certificate prepares students to engage effectively in revitalizing cities and communities by tapping their inherent potential for cultural innovation, place-making, and social and economic entrepreneurship. Exploring best practices in a global context, students develop asset-based proposals for specific locales including implementation plans. The creative city certificate adds value to other majors as well as work and life experience for students aspiring to assume leadership roles in improving quality of life, specifically by enhancing quality of place.

Cities are centers of human creativity and cultural innovation. They both attract and breed these. Such creativity and innovation are apparent in the vitality of the arts as well as that of businesses (large and small), research (basic and applied) and the everyday life unique to any given locale. These are the ingredients that make our places sustainable, economically, socially and environmentally, by endowing a sense of place along with a sense of community.

This certificate also serves professionals in the community working in the areas of:

- community development
- land-use law
- parks and recreation
- philanthropy
- planning
- public art
- urban governance and others

Flexible class times and locations make the certificate a viable option for those unable to attend classes during the day.

**Program Requirements:**

The five-course sequence comprising the certificate will enable students to build upon their own strengths in order to help cities and communities creatively build upon their capacities. The creative city certificate consists of a maximum of 15 credit hours of course work. All courses must be taken at ASU. Required courses and electives are shown below.

Required Core Courses:

- URB 405 Citizen Engagement and Community Building (3)
- URB 406 Public Administration and Community Development (3)

Elective Courses:

- GRA 401 Creative Environment (3)
- NLM 160 Voluntary Action and Community Leadership, SB (3)
- NLM 220 Introduction to Nonprofit Organizations (3)
- NLM 300 Fund Raising and Resource Development (3)
- NLM 402/TDM 402 Assessment and Evaluation of Community Services (3)
- PAF 420 Public Leadership (3)
- PRM 120 Leisure and the Quality of Life, SB (3)
- PRM 210/NLM 210/TDM 210 Community Services and Professions (3)

PRM 301/NLM 301/TDM 301 Sustainable Communities (3)  
PRM 302/NLM 302/TDM 302 Inclusive Community Development, C (3) [CRD majors only]  
TDM 448 Heritage and Cultural Tourism (3)  
URB 220 Introduction to Urban America (3)

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

The creative city certificate is available to all admitted undergraduate students (regular or nondegree) at ASU. Nondegree students are required to apply to ASU (as a nondegree student) and once admitted, contact the School of Public Affairs to be admitted into the certificate program. Students may begin taking courses before they formally apply for the certificate; however, they should apply for admission as soon as possible.

## Cryptology Certificate (LACRYCERT)

**Campus:** Tempe

**Description:**

The certificate in cryptology is designed to provide a strong foundation in the mathematical topics that are most applicable to modern cryptosystems. It also provides specialized knowledge required to understand and work in the field of mathematical cryptology.

**Program Requirements:**

This certificate requires 18 credit hours.

Required courses:

MAT 440 Group Theory (3) or MAT 444 Intermediate Abstract Algebra (3)  
MAT 445 Theory of Numbers (3)  
MAT 447 Cryptography I (3)  
MAT 448 Cryptography II (3)

Electives: (select two from the following list)\*

MAT 415 Introduction to Combinatorics (3)  
MAT 416 Introduction to Graph Theory (3)  
MAT 441 Ring Theory (3)  
STP 421 Probability (3)  
STP 427 Mathematical Statistics (3)

\*may substitute MAT 484 approved cryptology-related internship experience (3) for one elective

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

This program has additional admission requirements. Applicants should be in good academic standing with "B" or better in MAT 300 Mathematical Structures (3) or equivalent.

**Contact Information:**

## Digital Culture Certificate (HIDGCCERT)

**Campus:** Tempe

### **Description:**

The digital culture certificate program in the Herberger Institute for Design and the Arts focuses on the creative exploration of how new media is influencing our culture, or rather the way we live, learn, create and communicate. The digital culture certificate will allow students to enhance their program of study with integrated, interdisciplinary training in creative processes and technical skills in new media with cultural applications.

The digital culture curriculum is outcomes-based rather than course sequence-based. The curriculum uses an innovative proficiency-based network to connect courses across academic disciplines, instead of traditional methods such as course prerequisites. Proficiencies in the curriculum identify common generalized learning outcomes across disciplines participating in the initiative.

### **Program Requirements:**

The digital culture certificate requires 18 credit hours (12 upper-division) in three areas:

digital culture studies (9)\*

digital media - media arts and design (6)

capstone culminating project (3)\*\*

\*AME 111 Introduction to Digital Culture, CS (3) and AME 230 Programming for the Media Arts (3) required

\*\*AME 485: Digital Culture Capstone I

For a list of digital culture courses, please visit the certificate link available on the following website: <https://digitalculture.asu.edu/education/degrees> (<https://digitalculture.asu.edu/education/degrees>).

A minimum grade of a "C" (2.00) and an overall GPA of 3.00 is required in all classes in the certificate. Courses in the certificate may not be used as part of a major. All upper-division certificate course work must be taken at ASU.

Generous substitution rules allow for course flexibility. Students receiving the digital culture certificate can petition to substitute up to six credit hours. Three credit hours can come from any course related to digital culture through courses offered by any ASU unit on any ASU campus, including the interdisciplinary arts and performance program on the West campus and the film and media studies program on the Tempe campus. Courses may include any on the list of related subjects and substitutions (below) or courses with comparable content.

The other three substitution hours can be achieved through the following path:

- The three-hour media arts and design course requirement may be substituted with a three-hour course in the digital culture related category.

### **Enrollment Requirements:**

For current ASU students, there is no special application process for the digital culture certificate. Students add the certificate by meeting with the academic advisor for their major and the digital culture education coordinator to develop the digital culture pathway that best meets the proficiencies for the work they are interested in pursuing. This pathway will be contingent upon the student's academic performance in 100-level course work.

For students not currently enrolled at ASU, students must apply and be admitted to ASU in a degree or nondegree program. Students must meet with the digital culture academic success coordinator before enrolling in the certificate program. The coordinator and student will develop a pathway that best meets the proficiencies for the work he or she is interested in pursuing. The coordinator will review the student's previous academic work to determine which proficiencies the student has completed.

Digital culture certificate students will work with the digital culture academic success coordinator and successfully complete the required sequence of courses and proficiencies for a digital culture certificate. The digital culture academic success coordinator and the digital culture faculty committee in the Herberger Institute for Design and the Arts will help to craft the best path for the student.

## East Asian Studies Certificate (LAEASCERT)

**Campus:** Tempe

### **Description:**

The certificate in East Asian studies can supplement a bachelor's degree, demonstrating knowledge of an Asian language as well as knowledge of Asian history, art, culture or society. The certificate helps prepare students for admission to graduate programs in Asian area studies, an academic discipline with an Asian focus, or professional programs in international law or business. Recent Asian studies graduates have gone on to enter medical school, law school, MBA programs or PhD programs. An earned certificate will appear on student transcripts as an East Asian studies emphasis.

### **Program Requirements:**

The certificate requires 24 credit hours of course work, including:

- 15 credit hours of upper-division area studies course work in at least three disciplines outside of languages and literature courses (such as anthropology, art, geography, history, political science and religious studies)
- nine credit hours in some combination of lower- and upper-division courses (six credit hours may be satisfied with language and literature courses limited to courses numbered 321 and above)
- demonstrated proficiency in an East Asian language at the intermediate level

The language requirement can be satisfied by one of the following:

- completing the 201 and 202 sequence
- one year of study abroad at the intermediate level
- satisfactory placement on a proficiency exam

East Asian languages include:

- Chinese
- Japanese
- Korean

Students pursuing an East Asian studies certificate must fulfill the language requirement in either Chinese, Japanese or Korean, and the 15 hours of upper-division course work must be courses with significant focus on East Asia chosen in consultation with an advisor in the School of Historical, Philosophical and Religious Studies.

A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements.

Students should plan courses for their plan of study in consultation with an academic advisor in the School of Historical, Philosophical and Religious Studies.

### **Enrollment Requirements:**

There are no specific admission requirements other than a student's desire to learn about East Asia.

### **Contact Information:**

Liberal Arts & Sciences, College of  
Historical, Philosophical & Religious Studies, Sch

## Economic Justice Certificate (LAEJCERT)

**Campus:** Tempe

### **Description:**

Students will gain knowledge of economic justice that will promote the growth of sustainable communities locally, nationally and globally. The course work in this certificate will prepare students to:

- analyze and develop policies to build local skills
- develop the capacity to design, control, manage and evaluate initiatives aimed at economically revitalizing communities
- increase research abilities

- lay the groundwork for new approaches to economic justice

**Program Requirements:**

The certificate economic justice requires 18 total credit hours. All courses must be completed with a grade or "C" (2.00) grade or better.

Theories and Foundation in Economic Justice (3)

Students acquire a background in theories and philosophies of economic justice by selecting one of the following courses:

- ASB 316 Money and Culture, L or SB (3)
- COM 450 Theory and Research in Organizational Communication, SB (3)
- ECN 360 Economic Development, SB, G (3)
- JUS 321 Wealth Distribution and Poverty, SB, C (3)
- JUS 323 Justice and the Development of the Welfare State, SB (3)
- JUS 325 Globalization and Socio-Economic Justice, SB, G (3)
- Economic Justice Praxis (3)

To better understand community, nongovernmental organizations, government policies and other collective efforts aimed at improving economic conditions through various strategies, including asset building to low-income communities, community-based microfinance, economic development, advocacy and training efforts, students select one of the following courses:

- ASB 328 Rules, Games and Society, L (3)
- ECN 331 Economics of the European Economic Union, SB, G (3)
- JUS 320 Community and Social Justice, SB, C (3)
- JUS 405 Economic Justice, L or SB, G (3)
- PUP 434 Economic Development Planning, L or SB (3)
- SGS 350 Economic Development and Globalization (3)
- SWU 432 Social Policy and Services (3)
- SWU 498 Border Families/Community Asset Building Policies (3)
- Interdisciplinary Component (9)

To provide students an opportunity to focus on a particular racial group, nation or region or specific historical event while also providing a broad interdisciplinary framework, students will select three electives. Courses must be taken from both of the substantive areas listed below and from two or more academic units. Any course listed below may count toward this requirement, as well as other courses as approved by the certificate program director.

Race, Gender, Class, Citizenship and Economic Justice:

- AIS 380 Contemporary Issues of American Indian Nations, C (3)
- APA 350 Inequality and Diversity in Education, L, C (3)
- APA 394 Topic: Asian Pacific Americans and Immigration (3)
- ASB/POS/SBS 447 Citizenship, Nationalism and Identity, SB, C (3)
- CRJ 305 Gender, Crime and Criminal Justice, C (3)
- CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)
- ETH 300 Principles of Ethnic Studies, C (3)
- FAS/AFR 370 Family, Ethnic and Cultural Diversity, SB, C (3)
- HST 325 Immigration and Ethnicity in the United States, SB, H, C (3)
- HST 333 African American History to 1865, SB, H (3)
- IAS 305 Work and Identity, SB (3)
- JUS 415 Gender and International Development, L, G (3)
- JUS 420 Women, Work and Justice, L or SB, C (3)
- JUS 425 Race, Gender and Justice, L or SB, C (3)
- JUS 438 Human Differences: Dilemmas of Justice, L or HU, C (3)
- JUS 479 Law and Disputing, L or SB (3)
- SOC/FAS 324 Work and the Workplace, SB, H (3)
- SWU 374 Diversity and Oppression in a Social Work Context, C (3)
- TCL 314 Transborder Regional Immigration and Economy, L or SB, H, C (3)

National and Global:

- AFR/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)
- ASB/SOC/SBS 342 Mexico-U.S. Borderlands, SB, C (3)
- JUS 408 Comparative Development of the Welfare State, L, G (3)
- JUS 469 Political Deviance and the Law, L or SB, C (3)
- PHI 336 Social and Political Philosophy, HU (3)
- POS 480 Global Justice, G (3)
- POS 486 International Political Economy, SB, G (3)

SGS 394 Global Markets (or SGS 350 Economic Development and Globalization) (3)  
SOS 430 Sustainable Economic Development and Social Transformation (3)

**Enrollment Requirements:**

In order to declare this certificate, students must have a minimum of 56 earned credit hours and must first meet with an academic advisor.

## Energy and Sustainability Certificate (SUESUCERT)

**Campus:** Downtown Phoenix, Polytechnic, Tempe

**Description:**

The interdisciplinary certificate examines the current affairs of energy and sustainability. Students begin with an overview of how energy affects peoples' lives and of policy options for energy as well as the science of energy and how energy is generated for today's society. Students then select additional energy courses from across many disciplines, depending on their specific interests.

**Program Requirements:**

Total minimum credit hours required for certificate: 15

Required Courses: (9 credit hours)

SOS/GCU 171 The Thread of Energy, SB, G (3)

SOS 314 Basic Energy Science (3)\*

SOS 315 Energy Policy (3)

Elective Courses: (6 credit hours)

ALT 360 Renewable Energy Technologies: Fundamentals and Integration (3)\*\*

ALT 412 Village Energy Systems (3)\*\*

CHM 394 Topic: Chemistry, Energy and Society (3)

EGR 371 Best Practices for Humanitarian Engineering (3)

EGR 476 Energy Infrastructures (3)\*\*

EGR 494 Topic: Design for the Developing World (3)

ERM 494 Topic: Energy Economics (3)\*\*

GCU 364 Energy in the Global Arena, SB, G (3)

GCU 442 Geographical Analysis of Transportation, SB (3)

GLG 304 Minerals, Energy and Society (3)\*

GPH 405 Energy and Environment (3)

HST 306 Topic: Energy History, HU or SB, H (3)\*

JUS 332 Politics of Energy Policy and Justice (3)\*

JUS 444 Environment and Justice, L, C (3)\*

MET 435 Alternate Energy Sources (3)\*\*

PHY 498 Topic: The Science of Sustainable Energy (3)\*\*

POS 394 Topic: Global Environmental Politics (3)

PUP 430 Transportation Planning and Environment (3)

SOS 394 Topic: Introduction to Solar Energy for Non-Engineers (3)\*

SOS 394 Topic: Sustainability in Organizations and Public Policy

SOS/BIO/HST/PHI 394 Topic: History and Philosophy of Sustainability (3)\*

SOS 494 Topic: Renewable Energy (3)\*

SOS 494 Topic: US Energy: Pathways to Sustainability (3)\*

STS 317 Science, Technology and Global Engagement, SB, G (3)

STS 329 Cultivating Technology in Newly Industrializing Countries, SB, G (3)

STS 332 Global Issues in Science and Technology, SB, G (3)

Notes:

\*This course has prerequisite courses.

\*\*This is a more technical course, which may require additional math and science knowledge or prerequisites.

Electives are not limited to courses from this list only. Other courses on energy may be offered (special topics, etc.). Students can request to have those approved as an elective for this certificate by submitting a School of Sustainability petition:

[https://students.asu.edu/College\\_Standards\\_Petitions](https://students.asu.edu/College_Standards_Petitions) ([https://students.asu.edu/College\\_Standards\\_Petitions](https://students.asu.edu/College_Standards_Petitions)).

Students must earn a grade of "C" or better in all upper-division courses.

**Enrollment Requirements:**

Students wanting to declare a certificate in energy and sustainability should make an appointment with a School of Sustainability advisor. To be eligible, students must have a 3.00 cumulative GPA. Nondegree-seeking students will need to complete an application (<https://students.asu.edu/admission/nondegree>) and be admitted to ASU as a nondegree student in order to declare the certificate and enroll in courses.

To schedule an advising appointment or request additional information, please call 480-727-6963.

## Entertainment and Technology Certificate (LAFMSUERE)

**Campus:** Tempe

**Description:**

The entertainment and technology certificate is for students who have completed a course of study that includes 18 credit hours of entertainment and technology history, theory and convergence. It certifies the student has had the training to analyze industry changes through time, to identify current industry trends, and to develop likely entertainment and technology models and scenarios for the future.

**Program Requirements:**

ASU students admitted to a degree program in any field of study are eligible for the entertainment and technology certificate. In addition to the course work and examinations required in the major field of interest, students are responsible for fulfilling the requirement of 18 credit hours to earn the certificate. At least 12 credit hours must be upper-division course work. A minimum grade of "C" or better is required in each course.

Choose two courses: (6)

FMS 100 Introduction to Film, HU (3)  
FMS 110 Introduction to New Media, L or HU (3)  
FMS 200 Film History, L or HU, H (3)

The following upper division courses are required: (12)

FMS 302 U.S. Media Now (3)  
FMS 340 Contemporary American Film and Popular Culture, HU (3)  
FMS 481 Entertainment Technologies (3)  
FMS 483 Techno-Entertainment Convergences (3)

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the department for more information and see <http://english.clas.asu.edu/film-entertech> (<http://english.clas.asu.edu/film-entertech>).

**Contact Information:**

Liberal Arts & Sciences, College of  
Department of English

## Entrepreneurship and Innovation Certificate (BAKEICERT)

**Campus:** Tempe

### Description:

The certificate program is comprised of three university-wide core courses followed by two courses within a student's disciplinary college. Individual colleges will be encouraged to offer a capstone course as part of the program. Beyond topics related specifically to entrepreneurial business practices, courses include such topics as social entrepreneurship, arts entrepreneurship, idea generation and storytelling as additional perspectives for the student entrepreneur.

Students completing the certificate in entrepreneurship and innovation have their achievements recognized on their transcripts. Career services markets the certificate to potential employers, highlighting the innovative skills that students with this designation can offer.

### Program Requirements:

Required Core

CORE 1: MGT 290 My Life Venture (3) or TEM 200 My Technology Venture (3)

CORE 2: MGT 340 Creativity and Innovation, L or HU (3) or TEM 230 Creativity and Business Innovation (3)

CORE 3: MGT 360 Entrepreneurship and Value Creation (3) or TEM 400 Technology Entrepreneurship (3)

Capstone Experience (at least 6 credit hours)

- It is the student's responsibility to check the prerequisites required by courses in their discipline.
- Capstone courses will be designated and approved by individual disciplinary colleges.
- Capstone courses will consist of existing courses or new courses created by departments.

At least 12 credit hours must be upper-division. A "C" (2.00) or better is required in all upper-division course work.

Prerequisite Information

- In order to enroll in MGT 360 Entrepreneurship and Value Creation the student should be a W. P. Carey BS, BA or a Secondary Education (Business) student who has taken ACC 240, ACC 241 or ACC 242 with a grade of "C" (2.00) or better. A nonbusiness student with 2.50 ASU cumulative GPA with 56 earned credit hours who has taken MGT 290 My Life Venture may enroll. This course also has a prerequisite or corequisite requirement of MGT 340 Creativity and Innovation with a grade of "C" (2.00) or better.
- MGT 340 Creativity and Innovation has a prerequisite requirement of W. P. Carey School of Business BS or BA student, or nonbusiness student with 2.50 ASU Cumulative GPA, 56 earned credit hours, and prerequisite or corequisite of MGT 290 My Life Venture.

### Enrollment Requirements:

Students need to complete an application. Please contact the department for more information and see

<https://my.wpcarey.asu.edu/undergrad/academics/my-life-venture.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/my-life-venture.cfm>).

## Environmental Education Certificate (TEEVEDCERT)

**Campus:** Polytechnic, Tempe

### Description:

The Mary Lou Fulton Teachers College certificate in environmental education is for both traditional and nontraditional educators and is designed to establish standards for professional excellence in environmental education. Environmental education is taught in traditional classrooms and as community programs such as those at nature centers, museums, parks and zoos. The course work required in the certificate increases the environmental literacy of future educators, fosters community leadership strategies, and provides practice in environmental education teaching methods. Students who complete the certificate are eligible to apply for the environmental education certificate recognized by the North American

Association for Environmental Education.

**Program Requirements:**

This certificate requires 15 credit hours; 12 of which must be upper division. A "C" or better is required in all upper-division course work.

Required certificate courses (12 credit hours):

- SCN 300 Foundations of Environmental Education (3)
- SCN 301 Ecology and Natural History of the Sonoran Desert (3)
- SCN 302 Outdoor Education (3)
- SCN 307 Learning from Nature: Biomimicry and STEM (3)

Elective certificate courses (3 credit hours):

- EED 309 Project Learning Tree, Project WET, Project Wild, GLOBE, Outdoor Guide to the Universe, Outdoor Guide to Geology, Wild Aquatic, Flying WILD (1)
- SCN 303 Environmental Education Internship (3)
- SCN 304 Sonoran Desert Flora (3)
- SCN 305 Tropical Ecosystems of Costa Rica (3)
- SCN 494 Humanitarian Project for Educators (3)
- SCN 400\* Sustainability Science for Teachers (3)
- SCN 401 Sustainability Science, Technology and Society (3)

\*Teacher certification students will take SCN 400.

**Enrollment Requirements:**

Any degree-seeking student at ASU may seek this certificate.

## Environmental Humanities Certificate (LAENHCERT)

**Campus:** Tempe

**Description:**

The environmental humanities certificate offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus in this vital area of study. Students take three ENG courses and four electives from selected programs that are focused wholly or in large part on the human relationship to the environment and the relationship between nature and culture. To gain practical experience, certificate students also complete a required English internship in environmental activism, policy development, education or other pertinent areas.

**Program Requirements:**

The environmental humanities certificate consists of 24 hours, of which at least six must be upper-division courses offered by the Department of English in the College of Liberal Arts and Sciences.

Core Required Courses (9)

complete three English courses from the list below:

- ENG 359 Indigenous American Literature, L or HU, C (3)
- ENG 363 Transborder Mexican and Chicano/a Literature of Southwest North America, L or HU, C (3)
- ENG 367 Environmental Issues in Literature and Film, L or HU (3)

ENG 370 Science, Values, and the Public (3)  
ENG 371 Rhetoric of the Environmental Movement (3)  
ENG 378 Environmental Creative Nonfiction, L or HU (3)  
ENG 452 Topic: The Indigenous Novel, HU (3)  
ENG 457 Topic: Indigenous Poetry, HU (3)  
ENG 465 Topic: Indigenous Americans in Film (3)  
ENG 468 Environmental Literary Criticism, L or HU (3)  
ENG 469 Science and Literature, L or HU (3)

Internship:

ENG 484 Topic: Environmental Humanities Certificate (3)

Electives (12)

complete four additional courses from the list below:\*

AFR 320 Africa: Politics, Environment and Development (3)  
ASB 326 Human Impacts on Ancient Environments, SB, H (3)  
ASB/SOS 370 Production, People and Environments, L or SB (3)  
BIO 300 Natural History of Arizona, SG (3)\*\*  
BIO 311 Biology and Society (3)  
BIO 324 Environmental Ethics, HU (3)  
GCU 102 Introduction to Human Geography, SB, G (3)  
GCU 357 Social Geography, SB (3)  
GPH 210 Society and Environment, G (3)  
HST 342 US West 20th Century, SB, H (3)  
HST 345 Environmental History, L (3)  
JUS 332 Politics of Energy Policy and Justice (3)  
JUS 444 Environment and Justice, L, C (3)  
PSY 306 Environmental Psychology, SB (3)  
PHI 310 Environmental Ethics, HU (3)  
REL 483 Religion and Science (3)  
SGS 310 Global Urban Systems (3)  
SGS 330 Globalization and the Environment: Problems and Solutions (3)  
SOC 331 Environmental Sociology, SB, G (3)  
SOS 110 Sustainable World (3)  
SOS 320 Society and Sustainability, L or SB (3)

\*Other courses may be approved by an English advisor depending on special topics courses or variable topics courses available in given semesters.

\*\*Students must take both BIO 300 and BIO 301 to receive SG General Studies credit.

A "C" or better is required in all upper-division course work.

#### **Enrollment Requirements:**

## **Environmental Humanities Certificate (LSEHCERT)**

**Campus:** Polytechnic

#### **Description:**

The environmental humanities certificate offers students who are interested in humanities-based approaches to the current global environmental crisis an option to focus on this vital area of study. Students take courses and electives from selected programs that are focused on the human

relationship to the environment and the relationship between nature and culture.

**Program Requirements:**

This certificate is comprised of 24 credit hours.

Core:

Pick four ENG courses from the list below, with a minimum of at least one 400-level course:\*

ENG 334 The American Southwest in Literature and Film, L or HU, C (3)

ENG 359 Indigenous American Literature, L or HU, C (3)

ENG 367 Environmental Issues in Literature and Film, L or HU (3)

ENG 371 Rhetoric of the Environmental Movement (3)

ENG 378 Environmental Creative Nonfiction, L or HU (3)

ENG 468 Environmental Literary Criticism, L or HU (3)

ENG 469 Science and Literature (variable-topics course), L or HU (3)

Electives (12):

Complete four additional courses (see advisor for approved list). Some courses are limited to students majoring in the discipline, have prerequisites or cannot be taken in combination with another course on the list. Additional courses may be approved by the College of Letters and Sciences English advisor depending on special- or variable-topics courses available in given semesters.

\*Note: Other ENG courses may be approved by CLS advisors depending on special- or variable-topics courses available in given semesters.

Requirements:

- A minimum of 12 upper-division hours are required.
- Six hours must be taken from the College of Letters and Sciences at ASU.
- A grade of "C" (2.00) or higher is required in all courses taken for the certificate.

**Contact Information:**

## Ethics Certificate (LAETHCERT)

**Campus:** Tempe

**Description:**

The ethics certificate is designed to give students a richer understanding of systematic philosophical thinking about ethics. Students with majors in business, nursing, journalism and public administration, and students planning to pursue legal careers, among others, may well find that training in ethics is beneficial to their career goals. The certificate program permits some flexibility regarding course selection, thereby facilitating particular student interests. Students must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies to declare the certificate.

**Program Requirements:**

The certificate in ethics consists of 18 credit hours approved by an undergraduate advisor in the School of Historical, Philosophical and Religious Studies.

The student must take:

PHI 335 History of Ethics, HU (3) or PHI 337 Ethical Theory, HU (3)

At least 15 credit hours must be chosen from:

PHI 105 Intro to Ethics, HU (3)

PHI 304 Existentialism, HU (3)

PHI 306 Applied Ethics, HU (3)

PHI 307 Philosophy of Law, HU (3)

PHI 310 Environmental Ethics, HU (3)

PHI 320 Bioethics, HU (3)

PHI 335 History of Ethics, HU (3)  
PHI 336 Social and Political Philosophy, HU (3)  
PHI 337 Ethical Theory, HU (3)  
PHI 338 Metaethics (3)  
PHI 360 Business and Professional Ethics, HU (3)  
PHI 420 Topics in Philosophy (when its topic is within ethics)

One course outside this list, and perhaps outside the school, may be used with written approval from the director of undergraduate studies. All courses must be passed with a minimum grade of "C" or better. At least 12 credit hours must be upper division.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services undergraduate online application. Please contact the School of Historical, Philosophical and Religious Studies for more information.

## Ethnic Studies Certificate (ASETHCERT)

**Campus:** West

**Description:**

The certificate in ethnic studies in the New College of Interdisciplinary Arts and Sciences' School of Humanities, Arts and Cultural Studies explores the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The course work combines topics and methods in the humanities, arts, and social sciences to critically analyze racial, ethnic, gender and sexual identities, transnational movements, and diverse forms of cultural, literary and political expression.

This certificate will prepare students for careers or graduate school in a variety of fields, including business, health care, criminal justice, social services, education, public relations, community development, public policy and government.

**Program Requirements:**

A certificate in ethnic studies is recommended for graduate students, nondegree students and students majoring in professional programs.

The certificate consists of 18 credit hours, 12 of which must be at the upper-division level. Students are encouraged to take courses that develop breadth rather than limiting their selection to courses in one particular discipline. Up to three credit hours of individualized instruction may be applied toward the certificate. All courses must be passed with a minimum grade of "C" (2.00).

Core Requirements: (6 credit hours)

ETH 100 Introduction to Ethnic Studies, SB, C (3)

HRC 200 Introduction to Social and Cultural Analysis (3)

Ethnic Studies elective course work: (12 credit hours)

For elective options, please see the 2015-2016 certificate check sheet available at the following website:

<https://newcollege.asu.edu/harcs/degrees/certificates/ethnicity-race-first-nations-studies> (

<https://newcollege.asu.edu/harcs/degrees/certificates/ethnicity-race-first-nations-studies>)

**Enrollment Requirements:**

Students wishing to pursue the ethnic studies certificate should consult an academic advisor in the unit offering that certificate to ensure that the appropriate set of courses is taken and required paperwork submitted.

**Contact Information:**

Interdisciplinary Arts & Sciences, New College of  
School of Humanities, Arts, and Cultural Studies

## European Union Studies Certificate (LAEUSCERT)

**Campus:** Tempe

### **Description:**

The European Union, or EU, is the biggest economic bloc in the world and also one of the most important economic and political partners of the United States. This certificate enables students to develop expertise in the cultures, governments and economies of the EU, making them valuable to potential employers doing business in the EU. It may serve as a beneficial complement to a bachelor's degree or as a nondegree program for training business professionals and others who wish to enhance their knowledge of European cultures, politics, economics and societies.

### **Program Requirements:**

Required core course: (3 credit hours)

ECN 331 Economics of the European Economic Union, SB, G (3) or POS 356 European Union, SB, G (3)

Five elective courses: (15 credit hours)

Of these 15 credits, at least three must be in history (HST) or cultural geography (GCU), at least three must be from a School of International Letters and Cultures civilization course, and at least three must be taken in a non-English EU language.

Approved elective courses include:

ENG 429 Studies in European Literature and Culture (3)  
FRE 322 French Literature, L or HU (3)  
FRE 325 French Language and Culture Through Film (3)  
FRE 416 French Civilization II, HU, G (3)  
GCU 325 Geography of Europe, SB, G (3)  
GER 416 German Civilization, HU, H, G (3)  
GER 422 German Literature Survey, 1800-Today, L or HU (3)  
GER 453 German Literary Masterpieces on Film, HU, H, G (3)  
HST 304 Studies in European History, SB, H (3)  
HST 351 Renaissance Europe, L or HU or SB, H (3)  
HST 356 Europe since 1945, SB, G, H (3)  
HST 364 Sex and Society in Modern Europe, L or SB, H (3)  
HST 367 Modern Britain, SB, H (3)  
HST 368 Culture and Imagination in European History, HU, H (3)  
HST 370 Eastern Europe in Transition, SB, G, H (3)  
HST 427 French Revolution/Napoleonic Era, SB, H (3)  
HST 428 Modern France, SB, G, H (3)  
HST 429 Modern Germany, SB, G, H (3)  
HST 432 Eastern Europe the Balkans, 20th Century, SB, G, H (3)  
HST 438 Modern Spain, HU or SB, G, H (3)  
HST 465 Women in Europe, 1750 to Present, L or HU or SB, H (3)  
ITA 315 Italian Civilization, HU, G (3)  
ITA 322 Introduction to Italian Literature II, HU (3)  
ITA 420 Italian Cinema (3)  
SLC 494 Society and Culture in Modern Europe (3)  
SLV 394 Societies and New Eastern Europe (3)  
SPA 426 Spanish Literature, HU (3)  
SPA 473 Spanish Civilization, HU or SB, G (3)

Additional courses may be approved by the coordinator of the certificate program.

A "C" or better is required in all upper-division course work.

### **Enrollment Requirements:**

Degree-seeking students: ASU students with a minimum 2.00 cumulative GPA and sophomore standing or above in any degree program will be eligible for the European Union certificate program.

Nondegree-seeking students must have completed two years or more of college.

## Family Communication Certificate (ASFAMCCERT)

**Campus:** West

**Description:**

The certificate in family communication in the New College of Interdisciplinary Arts and Sciences' School of Social and Behavioral Sciences focuses on issues affecting communication in the family.

This certificate complements the current communication program by bringing together an array of courses that have implications for the family unit, such as courses in new media and health. Students are encouraged to also take courses in other disciplines that complement family-related communication courses.

This is a valuable certificate for students planning to enter careers or graduate study in fields like psychology, counseling, family studies, social work, medicine or nursing, law, aging, pastoral care, human services, media or communication technology.

**Program Requirements:**

The certificate consists of 19 credit hours: 12 credits must be upper-division, six must be noncommunication credits, and a one-credit exit portfolio course is to be taken after a minimum of 12 credits have been completed. Twelve of the 19 credits must be ASU credit. Six credits may be double counted with one's ASU major. Each class must be passed with a "C" (2.00) or better.

Required Core Courses: (6)

COM 411 Communication in the Family, SB (3)

Select one:

COM 312 Communication, Conflict and Negotiation (3)

COM 410 Interpersonal Communication Theory and Research, SB (3)

COM 417 Communication and Aging (3)

Four courses must be selected from at least two content areas listed below (12):

Social and Cultural Elements of the Family

AFR 370 Family, Ethnic and Cultural Diversity, SB, C (3)

ASB 346 Marriage and Family Diversity, SB, C (3)

COM 316 Gender and Communication, SB, C (3)

COM 410 Interpersonal Communication Theory and Research, SB (3)

FAS 301 Introduction to Parenting (3)

FAS 331 Marriage and Family Relationships, SB (3)

FAS 370 Family, Ethnic and Cultural Diversity, SB, C (3)

FAS 435 Advanced Marriage and Family Relationships, L or SB (3)

SBS 440 Family Studies (3)

SOC 415 The Family, SB (3)

Technology, Media and the Family

COM 424 Television Studies and Criticism (3)

COM 457 New Media (3)

ENG 244 Introduction to Researching Family History (3)

MCO 473 Sex, Love and Romance in the Mass Media, SB (3)

Health and Family Development

ALD 403 Aging, Lifespan Development and the Family (3)

ALD 420 Health Issues and Older Adults, SB (3)

ALD 431 Caregiving for Older Adults (3)

CDE 430 Infant/Toddler Development in the Family, SB (3)

CDE 437 Infant Family Assessment and Observation, L or SB (3)

COM 417 Communication and Aging (3)

CRJ 204 Juvenile Justice (3)  
FAS 332 Human Sexuality, SB (3)  
FAS 431 Parent-Adolescent Relationships, SB (3)  
FAS 436 Sexuality in Mid-Life and Beyond (3)  
PSY 341 Developmental Psychology, SB (3)  
PSY 443 Abnormal Child Psychology, L or SB (3)  
PSY 444 Adolescent Psychology and Psychopathology (3)  
SOC 312 Adolescence, SB (3)

#### Community Application

COM 314 Inner-City Families: The Cycle of Poverty (3)  
COM 484 Internship (in consultation with FCC advisor)

#### Portfolio

COM 498 Pro-Seminar: Family Communication Portfolio (1)\*

This course is a synthesis of students' family communication academic experience. The portfolio itself integrates each student's family communication experience with theory and concepts from family communication courses. The portfolio may take a variety of forms, to be negotiated by each student with the instructor. This course is to be taken after a minimum of 12 credits toward the certificate have been completed.

\*Substitutions allowed with faculty advisor approval.

#### Enrollment Requirements:

Please contact the SBS Academic Advising Center to meet with an advisor: <https://newcollege.asu.edu/sbs/college-advising> (<https://newcollege.asu.edu/sbs/college-advising>).

## Film and Video Studies Certificate (ASVIDCERT)

**Campus:** West

#### Description:

The certificate in film and video studies in the New College's School of Humanities, Arts and Cultural Studies explores film theory and the practice of the moving image.

Through this interdisciplinary program, students have an opportunity to develop their interests, skills and understanding of the forms, channels, technologies and histories of the media arts.

Course work helps students become more astute critics of film and media arts. Students learn about the history of film, television and video arts as well as their place in social, cultural and political expression. This program also helps students strengthen their critical-thinking skills through an analysis of the ongoing philosophical, aesthetic, political and technological debates about film, media and video.

Through this certificate, students will gain valuable skills for future careers or graduate study in areas such as video and film production, film studies, media studies or digital design.

#### Program Requirements:

A certificate in film and video studies is awarded for the successful completion of 18 credit hours, 12 of which must be upper-division (300 and 400 level). Students must complete a minimum of six upper-division credit hours offered by the School of Humanities, Arts and Cultural Studies and 12 credit hours at ASU. A "C" (2.00) or better is required in all upper-division course work.

Students choose a focus in media and video studies or film studies. The film studies emphasis focuses on the impact of film and video. The media and video studies emphasis is concerned with the rendering of film and video.

Film Studies Emphasis (18 credit hours):

Core course (3 credits, choose one course):

IAP 201 Introduction to Interdisciplinary Arts, HU (3) OR

IAP 202 Perspectives on Interdisciplinary Arts and Performance (3)

Foundational courses (3 credits, choose one course):

IAP 101 Art, Artist and Culture, HU (3)

IAP 102 Foundations I: Performance Techniques and Composition (3)

IAP 103 Foundations I: Interdisciplinary Digital Media (3)

IAP 104 Foundations I: Fundamentals of Sound Art (3)

IAP 105 Foundations I: Fundamentals of Visual Art (3)

Theoretical, conceptual and historical courses (3 credits, choose one course):

ENG 365 History of Film, HU (3-4)

IAP 364 Documentaries (3)

IAP 465 Media Technologies and the Arts (3)

IAP 473 Aesthetic Research, L or HU (3)

Applied and practical courses (6 credits, choose two courses):

COM 429 Semiotics and Visual Communication (3)

IAP 322 Multitrack Digital Recording (3)

IAP 361 Digital Editing and Media Literacy, CS (3)

IAP 364 Documentaries (3)

IAP 394 Topic: Acting for the Camera (3)

IAP 466 Digital Interactivity, Advanced (3)

IAP 467 Acoustic Ecology (3)

IAP 474 Art and Film, L or HU (3)

Capstone project (3 credits):

IAP 480 Senior Project (3)\*

\*The project should reflect the integration of course work with creative initiative to generate a product that stands alone as a piece of original work. For the film studies emphasis, the project will focus on an intellectual analysis of some dimension of film products, reception, institutions, economics and so forth.

Media and Video Studies emphasis (18 credit hours):

Core course (3 credits, choose one course):

IAP 201 Introduction to Interdisciplinary Arts, HU (3) OR

IAP 202 Perspectives on Interdisciplinary Arts and Performance (3)

Foundational courses (3 credits, choose one course):

IAP 101 Art, Artist and Culture, HU (3)

IAP 102 Foundations I: Performance Techniques and Composition (3)

IAP 103 Foundations I: Interdisciplinary Digital Media (3)

IAP 104 Foundations I: Fundamentals of Sound Art (3)

IAP 105 Foundations I: Fundamentals of Visual Art (3)

Theoretical, critical, performance or production courses (9 credits, choose three courses):

COM 429 Semiotics and Visual Communication (3)

ENG 365 History of Film, HU (3-4)

IAP 334 Conceptual Development in the Arts (3)

IAP 361 Digital Editing and Media Literacy, CS (3)

IAP 363 Sound, Image and Media (3)

IAP 364 Documentaries (3)

IAP 365 Digital Interactivity (3)

IAP 394 Topic: Acting for the Camera (3)

IAP 465 Media Technologies and the Arts (3)

IAP 466 Digital Interactivity, Advanced (3)

IAP 467 Acoustic Ecology (3)

IAP 473 Aesthetic Research, L or HU (3)

IAP 474 Art and Film, L or HU (3)

Capstone project (3 credits):

IAP 480 Senior Project (3)\*\*

\*\*The project should reflect the integration of course work with creative initiative to generate a product that stands alone as a piece of original work. In the media and video studies emphasis, the project may be intellectual or creative (performance or production) in nature. Projects will be examined and evaluated by at least one faculty member involved in the film and video studies minor.

**Enrollment Requirements:**

The certificate in film and video studies is open to all undergraduate majors.

Students wishing to pursue the certificate should consult an academic advisor in the unit offering that certificate to ensure the appropriate set of courses is taken and required paperwork submitted.

## Food Industry Management and Marketing Certificate (BAFIMMCERT)

**Campus:** Polytechnic

**Description:**

The certificate in food industry management and marketing allows both business and non business students the opportunity to acquire specialized business skills which will provide a competitive advantage for employment with firms and agencies that operate within the global food industry. Upon certificate completion, students will have a deep understanding of the business, economic, and market environment of the global food industry, with particular emphasis on food marketing and distribution. The certificate explores the role that consumers' food choices and purchases play in the allocation of resources throughout the food chain from farm to retail.

**Program Requirements:** The program is offered on the ASU Polytechnic Campus, but students may choose to take the entire certificate in iCourse format.

Required courses (6 credit hours):

AGB 250 Economics of Resource Allocation: Food and Agriculture (3) \*\*

and select one from the following list of marketing courses:

- MKT 300 Marketing and Business Performance (3) \*\*
- MKT 302 Applied Marketing Management and Leadership (3)
- MKT 303 Honors Marketing Theory and Practice (3)
- MKT 390 Essentials of Marketing (3) \*\*

Choose any three from the following list (9 credit hours):

- AGB 394 Topics: Current Topics in Food Retail (3)
- AGB 414 Agribusiness Analysis (3)
- AGB 420 Food Advertising and Promotion (3) \*\*
- AGB 424 Agribusiness Sales (3)
- AGB 425 Food Supply Networks (3) \*\*
- AGB 434 Agricultural Risk Management and Insurance (3)
- AGB 435 Commodity Futures and Options Markets (3) \*\*
- AGB 440 Food Safety (3)
- AGB 445 Food Retailing (3) \*\*
- AGB 452 International Agricultural Policy (3)
- AGB 454 International Trade (3)
- AGB 456 Food Product Innovation and Development (3) \*\*

AGB 481 Microeconomic Analysis of Food Markets (3) \*\*  
AGB 494 Topics: NAMA Marketing Plan (3)

Note: Courses designated with \*\* are taught in iCourse format. The program is offered at the ASU Polytechnic Campus, but students may choose to take the entire certificate in iCourse format.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this certificate.

## Food System Sustainability Certificate (SUFSUCERT)

**Campus:** Tempe

**Description:**

Food systems are particularly important for human societies to sustain; however, these systems are particularly vulnerable to multiple threats. Many students from a wide variety of disciplines are interested in food systems, especially as food and sustainability become increasingly relevant issues to employers in fields across the public and private sectors.

This certificate allows ASU students to take advantage of the diversity of courses offered that address challenges to food system sustainability. The certificate encourages students to cover a breadth of topics and perspectives related to food system issues while providing the opportunity to focus on particular skills and approaches suitable for their career paths. Career paths can range from agriculture to marketing and retail to policy or ethics. This certificate offers an innovative and exciting approach to the challenges of food system sustainability. Due to the interdisciplinary nature of the certificate many courses may be found across all four ASU campuses, allowing students to choose both the focus area and location of study that best fits their needs.

**Program Requirements:**

There are no prerequisites for the required course; however, students should plan carefully as some of the electives have prerequisites.

Required Course (3):

SOS 117 Introduction to Food System Sustainability (3)

Elective Courses (12):

Students must choose four electives. A minimum of two courses must be selected from tier 1 core electives and no more than two courses from the same prefix across both tiers 1 and 2 should be selected.

Tier 1 - Core Electives (choose two):

ABS 460 Organic Gardening (2)

AGB 456 Food Product Innovation and Development (3)

ASB 300 Food and Culture, L or SB, C (3)

ASB 463/TCL 443 Political Ecology of the Border, SB, G (3)

BIO 429/SOS 429 Human Impacts on Ecosystem Functioning (3)

ENG 367 Environmental Issues in Literature and Film, L or HU (3)

GPH 314 Global Change, HU, G (3)

HON 394 History and Evolution of Food (3)

NTR 353 Perspectives on the Western Diet: Food, Health and Sustainability (3)

PLB 302 Plants and Civilization (3)

PUP 498 Pro-Seminar: Urban Food Systems (3)

SOS 327 Sustainable Food and Farms (3)

Tier 2 - Electives (choose two):

ABS 368 Plant Propagation (3)

ABS 498 Pro-Seminar: Desert Horticulture (3)

AGB 321 Agribusiness Marketing (3)  
AGB 420 Food Advertising and Promotion (3)  
AGB 452 International Agricultural Policy (3)  
ASB 370/SOC 370/SOS 370/SSH 370 Production, People and Environments, L or SB (3)  
ASB 410 Poverty, Social Justice and Global Health, L or SB, G (3)  
ASB 464/TCL 444 The Ethnography of Mexico and the Borderlands, SB, G (3)  
BIO 311 Biology and Society (3)  
BIO 324 Environmental Ethics, HU (3)  
BIO 418 Soil Ecology (3)  
BIO 434 People and Nature: Ecosystem Services (3)  
GLG 327/SOS 374 Earth's Critical Zone (3)  
NTR 348 Cultural Aspects of Food, SB, C, G (3)  
NTR 448 Community Nutrition, L (3)  
PHI 394/HST 394/SOS 394/BIO 394 History and Philosophy of Sustainability (3)  
SOS 322 International Development and Sustainability (3)  
TCL 394 Health Policy in a Transborder Context (3)

Electives are not limited to courses from this list only. Other courses on food systems may be offered (special topics, etc.). Students can request to have those approved as an elective for this certificate by submitting a School of Sustainability petition:

[https://students.asu.edu/College\\_Standards\\_Petitions](https://students.asu.edu/College_Standards_Petitions) ([https://students.asu.edu/College\\_Standards\\_Petitions](https://students.asu.edu/College_Standards_Petitions)).

Students must earn a grade of "C" or better in all upper-division courses.

#### **Enrollment Requirements:**

Students wanting to declare a certificate in food system sustainability should make an appointment with a School of Sustainability advisor. To be eligible, students must have a 3.00 cumulative GPA. Nondegree-seeking students will need to complete an application (<https://students.asu.edu/admission/nondegree>) and be admitted to ASU as a nondegree student in order to declare the certificate and enroll in courses.

To schedule an advising appointment or request additional information, please call (480) 727-6963. Advising is by appointment only.

## **Games and Impact Certificate (TEGIMCERT)**

**Campus:** Tempe

#### **Description:**

The certificate in games and impact is intended for undergraduates with a desire to become change agents in their current and future areas of interest, study and training. The certificate provides a solid grounding in the theory, design and use of games as tools for effecting change in education, health and social justice, among other fields. For this reason, it is appropriate for students in a wide range of majors, including interested students in design and programming. Students will study the ethics of design and its consequences, both intended and unintended; how games can lead to social change by improving understanding of complex global systems; transforming conflict and building skills in problem recognition and creative solution design. Certificate students will work on real games, alongside experts and clients, and learn how to design, test and evaluate their impact in real-world environments.

#### **Program Requirements:**

All students must complete the following courses:

EDT 210 Games, Technology and Society (3)  
EDT 461 Understanding Games for Impact (3)  
EDT 462 Designing Games for Impact (3)\*  
EDT 463 Games for Impact: The Full Cycle (3)  
EDT 494 Capstone Project (3)\*\*

\*Students may opt to complete an equivalent upper-division course on game design that is selected in consultation with an advisor.

\*\*The capstone project will be designed in consultation with the certificate coordinator.

Requirements:

- A minimum of 15 credit hours is required.
- A grade of "C" or higher is required in all courses taken for the certificate.

**Enrollment Requirements:**

The program is available only to ASU degree-seeking students.

## Geographic Information Science Certificate (LAGISCERT)

**Campus:** Tempe

**Description:**

The undergraduate geographic information science certificate program is open to students of all majors at ASU and is built on GIS course work currently being taught at the university. Students who earn the certificate exit the program with standardized skills that are based on the learning outcomes of each required course.

**Program Requirements:**

The certificate is awarded to students completing at least 23 credit hours with a grade of "C" (2.00) or higher. At least 12 of the 23 credit hours must be upper-division courses.

Required courses:

CSE 100 Principles of Programming with C++, CS (3) or CSE 110 Principles of Programming with Java, CS (3) or CST 100 Object-Oriented Software Development (3) or GIS 321 Programming Principles in GIS (3)

GIS 205 Geographic Information Technologies, CS (3)

GIS 211 Geographic Information Science I, CS (4)

GIS 311 Geographic Information Science II, CS (4)

GIS 470 Statistics for Geographers, CS (3)

Electives: (6)

Choose one from the following:

GCU 361 Urban Geography, SB (3)

GCU 441 Economic Geography, SB (3)

GCU 442 Geographical Analysis of Transportation, SB (3)

GCU 474 Public Land Policy, SB (3)

GCU 484 Internship (1-12)

GPH 484 Internship (1-12)

PUP 484 Internship (1-12)

And one from the following:

GIS 341 Introduction to Cartography and Georepresentation, CS (3)

GIS 351 Air Photo Interpretation (3)

GIS 441 Geographics: Interactive and Animated Cartography and Geovisualization, CS (3)

GIS 471 Geographic Information Analysis (3)

**Enrollment Requirements:**

Any student admitted to study at ASU may complete this certificate. To apply to the university, please complete the online ASU application for admission. Please contact the school for more information.

## Hazardous Materials and Waste Management Certificate (TSETMCERT)

**Campus:** Polytechnic

**Description:**

The certificate program in hazardous materials and waste management is designed to provide current and prospective employees of industry and government with a comprehensive and practical curriculum of study in hazardous materials management. The certificate program features instruction by faculty, attorneys and professionals who work in the specific area in which they teach.

The certificate program is available for nondegree- and degree-seeking students.

**Program Requirements:**

The certificate requires 21 hours. Students must complete seven selected courses (four required and three electives) and earn a grade of "C" (2.00 on a scale of 4.00) or higher to receive the certificate.

## Required Courses:

ERM 401 Hazardous Waste Management (3) or ERM 501 Principles of Hazardous Materials and Waste Management (3)  
ERM 407 Occupational Hygiene (3) or ERM 507 Industrial Hygiene (3)  
ERM 502 Regulatory Framework for Toxic and Hazardous Substances (3) or ERM 527 Environmental/Resources Regulations Concepts (3)  
ERM 506 Chemistry of Hazardous Materials (3)

## Electives:

ERM courses at the 400 or 500 level (9)

Please see an advisor to register for 500-level courses.

**Enrollment Requirements:**

For U.S. Department of Education Gainful Employment Program Disclosure information, see  
<https://catalog.asu.edu/files/disclosures/TSETMCERT/Gedt.html> (<https://catalog.asu.edu/files/disclosures/TSETMCERT/Gedt.html>).

## History and Philosophy of Science Certificate (LAHPSCERT)

**Campus:** Tempe

**Description:**

The School of Life Sciences offers an undergraduate certificate in the history and philosophy of science. This program is designed to give students an understanding of both traditional philosophic issues surrounding science and the historical development of concrete scientific theories and ideas.

The philosophic questions about how we understand nature through science and how scientific claims gain authority are enriched when they are considered in a historical context. Such philosophic and historical study will also often include the examination of contemporary sciences and their place within the larger society, including the study of bioethics, policy and law.

This certificate is a valuable addition for students in the sciences or the humanities. It crosses disciplines to help students engage in unfamiliar and familiar paths of inquiry in new and interesting ways.

**Program Requirements:**

All courses counting toward the certificate must be approved by an undergraduate advisor in the School of Life Sciences and passed with a grade of "C" (2.00) or higher. The certificate requires a total of 18 credit hours from the HPS and PHI prefixes.

**Required Course:**

PHI 314 Philosophy of Science, HU (3)

**Electives:**

Of the remaining 12 hours to be completed, at least nine credit hours must be taken in HPS courses.

At least 12 credit hours must be upper division.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the School of Life Sciences for more information and see <https://sols.asu.edu/> (<https://sols.asu.edu/>).

## Homeland Security Certificate (PPHSLCERT)

**Campus:** Downtown Phoenix, Online

**Description:**

The 21-credit-hour homeland security certificate will provide students with the skills and credentials necessary to prepare them to enter fields specializing in homeland security. Students will receive extended education in topics such as domestic and international terrorism, cyber terrorism and advanced crime courses.

**Program Requirements:**

The following courses are required: (15 credits)

CRJ 100 Introduction to Criminal Justice, SB (3)  
CRJ 201 Criminal Justice Crime Control Policies and Practices (3)  
CRJ 412 International Terrorism (3)  
CRJ 417 Cyber Terrorism (3)  
CRJ 419 Domestic Terrorism (3)

The following courses are electives: (6 credits)

CRJ 350 Law and Social Control, SB (3)  
CRJ 422 Violence in America (3)  
CRJ 462 Gangs (3)  
CRJ 463 White Collar Crime (3)  
CRJ 464 Organized Crime (3)  
CRJ 494 Media, Crime and Criminal Justice (3)

A grade of "C" or better is required for all upper-division course work.

**Enrollment Requirements:**

There are no additional admission requirements other than those required for admission to ASU.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Honors Business Consulting Certificate (BAECNUERT)

**Campus:** Tempe

**Description:**

This certificate is designed to enhance a student's knowledge in a major while also adding to the understanding of business strategy in a global market. The required curriculum strengthens skills in:

- business judgment
- conceptualization of strategic solutions
- critical thinking and problem-solving

**Program Requirements:**

The program consists of 15 credit hours of course work. Students must meet all prerequisites and course requirements as listed in the catalog. All 15 credit hours must be ASU credit.

Honors Business Core, with a grade of "B" or higher in each course: (6)

ECN 303 Honors Managerial Economics (3)

FIN 303 Honors Finance (3)

MGT 303 Honors Organizational Strategies, Leadership and Behavior (3)

MKT 303 Honors Marketing Theory and Practice, L (3)

SCM 303 Honors Global Supply Operations (3)

Business Modeling and Analysis, with a GPA of 3.00 or higher; only courses in which a student earns a grade of "C" (2.00) or higher may be used: (9)

WPC 494 Topic: Consulting in Business (3)

WPC 494 Topic: Consulting Projects (3) or WPC 493 Honors Thesis, L (3)

WPC 494 Topic: Modeling Tools in Consulting (3)

**Enrollment Requirements:**

The certificate is limited to honors students in the W. P. Carey School of Business. Students must submit an application for admission during the spring semester of their sophomore year.

Please contact the department for more information.

## Human Rights Certificate (LAHRTSCERT)

**Campus:** Tempe

**Description:**

The certificate provides students with historical, legal and philosophical perspectives from which to think broadly and critically about human rights issues. Course work will prepare students to design solutions to dilemmas such as:

- child welfare
- economic development

- education
- environment
- health
- indigenous rights
- labor rights
- violence against women
- water and energy resources

**Program Requirements:**

Students must complete 18 hours of qualifying course work, at least 12 hours of which must be from ASU. A minimum grade of "C" (2.00) is required for a course to count toward the certificate.

Required Certificate Core Courses:

Global Politics of Human Rights (3) (students must select one of the following courses):

JUS 352 The Global Politics of Human Rights (3)

POS 368 Ethics and Human Rights (3)

POS 480 Global Justice, G (3)

Human Rights Institutions and Organizations (3) (students must select one from the following options):

JUS 394 Topic: Human Rights Organizations and Institutions (3)

HON 494 Topic: International Human Rights Law (3) (open to Barrett students only)

POS 465 International Organization and Law, SB, G (3)

SGS 321 International Institutions and Global Governance (3)

Interdisciplinary Component (9)

Students must select three electives on current issues in human rights. Courses must be taken from at least two of the substantive areas listed below and from two or more academic units. Any course listed below may count toward this requirement, as well as other courses as approved by the certificate program director.

Marginalization and Human Rights

AFR 301/JUS 300 Race and Racism in the Africa/African Diaspora, SB, G (3)

AFR 304/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)

AFR 420 Race, Ethnicity and Politics in the African Diaspora, SB, G (3)

APA 330/WST 331 Asian Pacific American Genders and Sexualities, SB, C (3)

APA 360 Asian Pacific American Experience, HU or SB, C (3)

ASB/SBS/SOC/POS 339 Grassroots Social Movements, SB (3)

JUS 430 Social Protest, Conflict and Change, L or SB, C (3)

JUS 438 Human Differences: Dilemmas of Justice, L or HU, C (3)

JUS 456 Human Rights and Sustainability, L or SB, G (3)

JUS 468 Protest, Justice, Law and the Media, SB (3)

JUS 469 Political Deviance and the Law, L or SB, C (3)

JUS/POS 473/REL 482 Religion, Violence and Conflict Resolution (3)

POS 480 Global Justice, G (3)

REL 388 Religion, Ethics and International Politics (3)

SGS 343/REL 379 Religion, Nationalism and Ethnic Conflict, HU, G (3)

SOC 445 Globalization, Development and Resistance, SB, G (3)

WST 313 Women and Sexuality SB, C (3)

WST 345 Gender, Religion, and Global Violence, SB, G (3)

WST 378 Global Feminist Theory, L, C, G (3)

WST/ASB 410/SSH 400 Poverty, Social Justice and Global Health, L or SB, G (3)

Social Stratification and Human Rights

AFR 305 The Global History of the Trans-Atlantic Slave Trade, SB, H (3)

AFR 470 Women's International Human Rights (3)

APA/CDE/SOC 350/TCL 360/JUS 365 Inequality and Diversity in Education, L, C (3)

JUS 321 Wealth Distribution and Poverty, SB, C (3)

JUS 325 Globalization and Socio-Economic Justice, SB, G (3)

JUS 405 Economic Justice, L or SB, G (3)

JUS 415 Gender and International Development, L, G (3)

JUS 477 Youth and Justice, L or SB, (3)

PHI 336 Social and Political Philosophy, HU (3)

WST 365 Women and International Health, G (3)

WST 470 Gender and Popular Culture, HU, C (3)

#### States and Conflict

HST 370 Eastern Europe in Transition, SB, G, H (3)

HST 436 The Soviet Experiment, SB, G, H (3)

JUS 374 The Holocaust, Genocide and Human Rights (3)

JUS 452 Justice Issues in Israel and Palestine: The Political is Personal (3)

JUS 467 Terrorism, War and Justice, SB (3)

JUS 469 Political Deviance and the Law, L or SB, C (3)

JUS 479 Law and Disputing, L or SB (3)

JUS 494 Justice in Times of Transition (3)

PHI 448 Justice and Reparations (3)

POS 368 Ethics and Human Rights (3)

POS 465 International Organizations and Law, SB, G (3)

REL 388 Religion, Ethics and International Politics (3)

REL 486 Holocaust on Film (3)

SGS 340 Violence, Conflict and Human Rights (3)

SPA 472 Spanish American Civilization, HU, H, G (3)

Experiential Learning Component (3)

Students will choose one of the following, in consultation with the advisor:

JUS 484 Internship (3)

JUS 498 Topic: Research Apprenticeship (3)

#### Enrollment Requirements:

Students who have attained junior standing (56 credit hours) in any undergraduate degree program in any field at ASU are eligible for admission to the certificate in human rights. There are no formal admission procedures to begin certificate course work, but students should contact the certificate in human rights program director or an advisor as soon as they decide to begin pursuing the certificate.

## Informatics Certificate (ESCPICERT)

**Campus:** Tempe

#### Description:

The certificate in informatics teaches students to use computer technology to gather, synthesize, store, visualize and interpret information. These skills are critical to a broad range of disciplines. This certificate provides students with an understanding of the capabilities and technologies of informatics as it applies to domain specific problems in their field of study.

Students completing this certificate are able to use methods for and understand the basic computational principles behind the operation of:

- communication, networking and interaction
- decision-making and problem-solving
- modeling, inference and visualization
- representing, creating and running routine activities
- storing, indexing and retrieving information

Graduates should be in high demand within the software industry, but also in government, education, science, medicine and other fields that make use of computer technology. Students with the applied and user-oriented focus of the certificate will be attractive to such employers.

#### Program Requirements:

This program requires 21 credit hours of course work. Students will take 15 credit hours of required courses and will select six credit hours of elective course work. The certificate requires at least 12 credit hours of upper-division course work. Note: some of the required courses have additional prerequisites. Students need to allow at least two years to complete the certificate due to the prerequisite structure.

**Core Courses:**

- CPI 101 Introduction to Informatics, CS (3)
- CPI 200 Mathematical Foundations of Informatics, MA (3)
- CPI 220 Applied Data Structures and Algorithms (3)
- CPI 221 Advanced Object-Oriented Principles Using Java (3)

**Statistics Course: (select one)**

- IEE 380 Probability and Statistics for Engineering Problem Solving, CS (3)
- STP 226 Elements of Statistics, CS (3)
- STP 231 Statistics for Life Science, CS (3)
- STP 420 Introductory Applied Statistics, CS (3)

**Electives: (six credit hours)**

Refer to the CIDSE website for list of approved electives: <http://cidse.engineering.asu.edu/forstudent/undergraduate/certificates/informatics/>.  
(<http://cidse.engineering.asu.edu/forstudent/undergraduate/certificates/informatics/>)

A "C" (2.00) or better is required in all upper-division course work.

**Enrollment Requirements:**

The undergraduate certificate in informatics is available to students in noncomputing majors who are in good standing at ASU and may be used by BIS students as part of their degree program. Students need to submit an undergraduate certificate form to the School of Computing, Informatics and Decision Systems Engineering Academic Advising Center located in BYENG, Room 225. This form is available on the registrar's website. BIS students need to contact their BIS advisor to add the informatics concentration to their degree program.

**Contact Information:**

## International Business Certificate (BAIBSCERT)

**Campus:** Tempe

**Description:**

Students can expand their horizons and opportunities by learning about the global economy. The certificate is designed to:

- develop competence in a foreign language
- develop sensitivity to foreign cultures
- provide an awareness of global social processes
- provide an understanding of international business environments, principles and operations

The W. P. Carey School of Business has partnerships with universities in Europe, Asia and Latin America, so students can experience new cultures, visit new places, and build intercultural and language skills. International internships also are offered in conjunction with the ASU Study Abroad Office.

**Program Requirements:**

This certificate program requires a minimum of 18 credit hours (at least 12 credit hours must be upper division), which are outlined below. All business course work must be completed through the W. P. Carey School of Business or through an approved ASU international study program. Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet the certificate requirements, and an overall certificate GPA of at least 2.50 must be earned. Students must meet all course prerequisites and requirements as listed in the ASU catalog. Certificate requirements must be completed within one year of graduation date.

The four required areas of completion for the certificate are:

- international business course work (9)
- international study experience
- language proficiency
- nonbusiness global awareness course work (9)

#### A. International Business Course Work (9)

Three international business courses must be taken. Students must choose one foundation course and two electives.

Foundation course:

MGT 302 Principles of International Business, G (3) or ECN 306 Survey of International Economics, SB, G (3)

Electives (choose two for a total of six credits):

ECN 331 Economics of the European Economic Union, SB, G (3)

ECN 335 South Asia and the World Economy, SB, G (3)

ECN 360 Economic Development, SB, G (3)

ECN 365 Economics of Russia and Eastern Europe, SB, G (3)

ECN 436 International Trade Theory, SB, G (3)

ECN 438 International Monetary Economics, SB, G (3)

FIN 456 International Financial Management, G (3)

MGT 400 Cross-Cultural Management, C, G (3)

MGT 425 Global Human Resources (3)

MGT 459 International Management, G (3)

MKT 425 Global Marketing Management, G (3)

SCM 463 Global Supply Chain Management, G (3)

study abroad business courses\*

\*300+ level WPC-prefixed courses earned on a sponsored ASU Study Abroad program may be applied toward the IBC elective area, per approval of the International programs coordinator. Courses applied toward the W. P. Carey business core cannot be used toward the IBC elective area.

#### B. Nonbusiness Global Awareness Course Work (9)

These hours may be satisfied by any combination of the following:

- **Recommended:** It is recommended to choose courses related to the area of study abroad experience. Additional courses may be approved by the international program coordinator.
- Students can choose any of the university designated nonbusiness global awareness ("G") courses.
- Nonbusiness global awareness hours may also be satisfied by:
  - An ASU or W. P. Carey School of Business education abroad program for one semester fulfills all nine credit hours of nonbusiness global requirements.
  - An ASU or W. P. Carey School of Business education abroad program earning six credit hours fulfills six of the credit hours of nonbusiness global requirements.
  - An ASU or W. P. Carey School of Business education abroad program earning three credit hours fulfills three of the credit hours of nonbusiness global requirements.

#### C. Foreign Language Proficiency

The certificate program requires the equivalent of one year of college-level study of a foreign language. Foreign language proficiency is met in one of the following ways:

- completion of one year (two semesters) of the same foreign language at the college level
- completion of one semester of the equivalent of 101- and 102-level course work
- completion of two years of the same foreign language in high school with a minimum grade of "C" (2.00)
- documentation of a proficiency test confirming preparedness to start at least the second year of a foreign language (201 level or above)

A student whose first language is not English may have this requirement waived.

#### D. International Study Experience

Participation in an ASU-approved international study program is required.

#### **Enrollment Requirements:**

Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and see <https://my.wpcarey.asu.edu/undergrad/academics/ibc.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/ibc.cfm>).

## International Cinema Certificate (LAICINCERT)

**Campus:** Tempe

**Description:**

The power of international cinema lies in its ability to underscore national differences and engage diverse viewpoints. The certificate program in international cinema provides undergraduates with the means to explore and understand the role that international film plays in highlighting cultural diversity; reflecting the sociocultural, political, and economic currents of the period and cultural setting depicted; and calling into question an accepted idea of the dominance of Hollywood film. The certificate provides an integrated pathway through the variety of international film courses already offered in the School of International Letters and Cultures. It explores facets of international film history and production often not covered by American programs in film studies and allows students majoring in a second language the opportunity to explore a particular culture's filmic heritage and avenues for comparative analysis between the filmic heritage of two or more cultures. Students majoring in other areas can encounter visual narratives different from their own, and connect international cinema to their own respective experiences.

**Program Requirements:**

The certificate requires 18 credit hours. A "C" or better is required in all upper-division course work.

Required core course (3 credit hours):

SLC 440 Film Theory and Criticism, HU (3)

Five elective courses (15 credit hours):

CHI 345 Chinese Film and Civilization (3)

FMS 426 Films of India (3)

FMS 427 Identity and World Film (3)

FMS 430 Artists in Film: Artists' Biopics (3)

FMS 441 Global Cinema, HU and G (3)

FRE 325 Introduction to French Film (3)

GER 445 The Holocaust in German Mediated Memory (3)

GER 446 Weimar Era German Film (3)

ITA 420 Italian Cinema (3)

KOR 347 Korean Film and Literature (HU) (3)

RUS 424 Tolstoy and War and Peace in Russian Literature and Cinema, L or HU (3)

SLC 450 Experimental Narrative (3)

SLC 476 Literature and Film in 20th Century Eastern Europe (3)

SPA 494 ST: Latin American Film (3)

THE 404 World Cinema (G) (3)

THE 422 Latina and Latino Theatre and Film, HU and C (3)

Additional courses may be approved by the coordinator of the certificate program.

**Enrollment Requirements:**

Degree students: ASU students in sophomore standing or above, with at least a 2.50 GPA in any degree program will be eligible for the international cinema certificate program.

Ordinary School of International Letters and Cultures Learning Support Service fees will apply --- currently \$30 per class for some School of International Letters and Cultures classes.

Admission to the certificate program will be approved by the certificate coordinator Daniel Gilfillan, in consultation with advisors.

## International Studies Certificate (LAINSCERT)

**Campus:** Tempe

**Description:**

The international studies certificate is designed to prepare students for careers in government agencies, international governmental and nongovernmental organizations, multinational firms and banks, and for graduate studies in international relations or political science. The certificate is not a substitute for degree requirements in any subject, including political science; rather, the required courses add an international and comparative dimension to the student's chosen major.

**Program Requirements:**

Requirements for the certificate are intended to provide an understanding of international relations and comparative government, an awareness of global, social and political-economic processes, and sensitivity to foreign political systems and cultures. These objectives are met by a sequence of political science courses in the areas of international relations, comparative politics and area studies. Students majoring in any subject at the university may be awarded the international studies certificate upon completion of the following 15 credit hours of political science courses.

Choose one from the courses below:

- POS 150 Comparative Government, SB, G (3)
- POS 160 Global Politics, SB, G (3)

Choose one from the courses below:

- POS 361 American Foreign Policy, SB, G (3)
- POS 364 National Security, Intelligence and Terrorism, SB (3)

Choose two from the courses below:

- POS 300 Contemporary Global Controversies, SB, G (3)
- POS 368 Ethics and Human Rights (3)
- POS 465 International Organization and Law, SB, G (3)
- POS 467 International Security, SB, G (3)
- POS 486 International Political Economy, SB, G (3)

Choose one from the courses below:

- POS 350 Comparative Politics, SB, G (3)
- POS 356 European Union, SB, G (3)
- POS 357 South Asia Politics, SB, G (3)
- POS 358 Southeast Asia, SB, G (3)
- POS 359 African Politics and Society, SB, G (3)
- POS 360 World Politics, SB, G (3)
- POS 451 China, Japan and the Koreas, SB, G (3)
- POS 452 China, SB, G (3)
- POS 453 Latin America, SB, G (3)
- POS 454 Mexico, SB, G (3)
- POS 468 Comparative Asian Foreign Policies, SB, G (3)

Certificate students must have a minimum GPA of "C" (2.00); only courses in which students have a grade of "C" (2.00) or higher count toward the certificate. A minimum of six upper-division credit hours must be taken in courses offered by the College of Liberal Arts and Sciences.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the School of Politics and Global Studies for more information about completing the international studies certificate.

## Islamic Studies Certificate (LAISLCERT)

**Campus:** Tempe

### **Description:**

The certificate program is designed to prepare students for graduate programs in religious studies, Islamic studies and area studies or for any academic discipline (such as professional programs in international law and business) that focuses on global Muslim society. Students wishing to add the certificate in Islamic studies to their plan of study must consult with an academic advisor in the School of Historical, Philosophical and Religious Studies.

Any student admitted to study at ASU is eligible for the Islamic studies certificate program. Students who complete all the requirements of their undergraduate major, their college and the certificate program receive the certificate plus transcript recognition of its completion.

### **Program Requirements:**

Students complete a minimum of 26 credit hours, chosen in consultation with the Islamic studies program coordinator. A minimum grade of "C" (2.00) is required in each course. A minimum of 12 upper-division credit hours are required. To earn the certificate, students must complete these requirements:

- eight credit hours of Arabic, Indonesian, Farsi or other Islamic language approved by the program coordinator\*
- nine credit hours of required core courses: REL 260 Introduction to Islam, HU, G (3), REL 365 Islamic Civilization, HU, H (3) and REL 366 Islam in the Modern World, HU, H, G (3)
- nine elective credit hours in courses from a variety of disciplines that deal with Islam or Islamic studies, including courses from at least two of three geographic regions (Africa and the Middle East, American and Europe, Asia)

\*Students who are native speakers of these languages or who otherwise have equivalent knowledge may substitute two additional courses approved by the program coordinator.

### **Enrollment Requirements:**

There are no specific admission requirements other than a student's desire to learn about Islam and Islamic societies and culture.

### **Contact Information:**

## Jewish Studies Certificate (LAJUDCERT)

**Campus:** Tempe

### **Description:**

The Jewish studies program is designed with the following goals in mind:

- to examine the history and culture of the Jews
- to generate and facilitate research on Judaica
- to provide a model for interdisciplinary teaching and research
- to provide the community with programs, courses and research, furthering the understanding of Judaica
- to stand as an example of the university's commitment to a program of meaningful ethnic studies on a firm academic base

### **Program Requirements:**

To complete the certificate in Jewish studies, a student must successfully complete 21 credit hours in approved Jewish studies with a grade no lower than a "C" (2.00) in any course. At least 12 credit hours must be completed at the upper-division level. Students should declare the Jewish studies certificate as early as possible in their program of study with an academic advisor in the School of Historical, Philosophical and Religious Studies. Curriculum requirements include the following:

- formal declaration of intent through the submission of the Certificate in Jewish Studies Application to the School of Historical, Philosophical and Religious Studies advising center
  - completion of at least two semesters of Hebrew language or equivalent approved courses
- one Jewish studies course in three of the following five areas:
- history
  - humanities
  - literature
  - religious studies
  - social studies
  - two courses of the student's choice in any Jewish studies-related subject

Students petition for receipt of the certificate by notifying the School of Historical, Philosophical and Religious Studies advising center upon completion of courses.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate.

## Korean Studies Certificate (LAKORCERT)

**Campus:** Tempe

**Description:**

The certificate in Korean studies aims to train and produce students who are linguistically able and culturally informed. The program consists of two major components. The first is to build students' Korean language proficiency in the areas of speaking, listening, reading and writing. The second is to offer students a broad range of knowledge of the culture, literature, history, art and religions of Korea. The certificate allows students to focus on Korean studies, which cannot be attained through the existing degree or nondegree programs in East Asian studies at ASU.

The program will enrich students' perspectives on different cultures and societies at the intellectual level and also equip students with practical knowledge of Korea that will benefit careers in various professions, including academe, government work, international trade, nongovernmental organizations and translations.

**Program Requirements:**

The certificate in Korean studies requires 22 credit hours, at least 12 credit hours of which must be upper- division:

Required Korean language courses: (10 credit hours)\*

KOR 101 First-Year Korean I (5) and KOR 102 First-Year Korean II (5) or KOR 201 Second-Year Korean I, G (5) and KOR 202 Second-Year Korean II, G (5)

\*Course substitutions may be permitted for heritage speakers and other advanced speakers of the Korean language based on their Korean language proficiency level as determined by the Korean Placement Test.

Students must take at least 12 credit hours (4 courses) from the following course list:

- KOR 321 Korean Literature and Translation (3)
- KOR 347 Korean Film and Literature, HU (3)
- KOR 350 Women of Korea, H (3)
- KOR 353 Folk Religions of Korea (3)
- KOR 354 Religious Traditions of Korea, HU (3)

Additional courses may be approved by the coordinator of the certificate. These credit hours will be chosen in consultation with a School of International Letters and Cultures advisor or the coordinator of the certificate. The completion of the requirements will be reviewed both by the students' designated advisors and the coordinator of the program. A minimum grade of "C" or better is required in each course. In the end, the coordinator will sign off on the certificates.

**Enrollment Requirements:**

ASU students admitted to a degree program in any field of study would be eligible for the Korean studies certificate program. Other than the course work and examinations required in the major field of interest, students would be responsible for fulfilling the minimum requirements of 18 credit hours (at least 12 credit hours for core courses) in addition to the basic language requirement to earn the Korean studies certificate.

## Latin American Studies Certificate (LALASCERT)

**Campus:** Tempe

**Description:**

The Latin American studies certificate program is designed to give students an understanding of culture, economies, political structures and the history of Latin American nations. The certificate combines six courses across disciplinary boundaries to provide a diverse perspective of the Latin American experience. The Department of Economics, the School of Geographical Sciences and Urban Planning, the School of Historical, Philosophical and Religious Studies, the School of Politics and Global Studies, the School of Human Evolution and Social Change, the School of International Letters and Cultures (Spanish and Portuguese) and the School of Transborder Studies offer courses that combine in the interdisciplinary certificate.

**Program Requirements:**

Language Requirement:

The certificate requires Spanish or Portuguese proficiency through the 313 level of conversation and composition. Native speakers, or those with in-field experience equivalent to SPA 313 or POR 313, can have this requirement waived. The School of International Letters and Cultures, under the leadership of its director, is charged with the evaluation of language competency.

Language instruction courses dealing with Spanish and Portuguese conversation and composition cannot be used to satisfy the content course requirement. While students are encouraged to enroll in language instruction courses (i.e., conversation and composition) above the 313 level, they cannot apply such course work to the Latin American Studies certificate course requirements.

Latin American Content Course Requirements:

Students will take 18 upper-division credit hours (six courses) from the list of undergraduate Latin American content courses. See the advisor in the School of International Letters and Cultures for the list of courses. Students are required to select nine credit hours (three courses) from within their major and nine credit hours (three courses) outside their major.

Courses include but are not limited to:

POR 321 Luso-Brazilian Literature, HU (3)  
POR 472 Luso-Brazilian Civilization, HU, G (3)  
SPA 427 Spanish-American Literature, L or HU (3)  
SPA 428 Spanish-American Literature, L, G (3)  
SPA 429 Mexican Literature, L or HU, G (3)  
SPA 454 19th-Century Spanish American Narrative (3)  
SPA 456 20th-Century Spanish American Fiction (3)  
SPA 471 Civilization of the Spanish Southwest, L or HU, C (3)  
SPA 472 Spanish American Civilization HU, H, G (3)  
SPA 474 Mexican Culture, L or HU, G (3)

Courses may be taken from those offered by any ASU campus, but at least four of the six courses must be taken from courses offered by the College of Liberal Arts and Sciences. Only courses completed with a grade of "C" (2.00) or better may be used to satisfy the requirements for the certificate.

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate.

For more information, contact the School of International Letters and Cultures and see the school's website for more information.

## Leadership and Ethics Certificate (PPLDECERT)

**Campus:** Downtown Phoenix

**Description:**

The certificate in leadership and ethics is designed for undergraduate students who are interested in developing leadership skills or wish to enhance their degree in an existing major at ASU, working adults who may wish to further their education yet may not be looking for a degree program, or BIS students who seek to combine certificates with their degree.

The certificate program provides a catalyst for students to become ethical leaders of organizational and community change. This certificate is designed to:

- explore the relationship between leadership and the capacity for individuals to assume responsibility for their actions and to act with a sense of ethics and integrity
- focus on understanding the broad interdisciplinary field of leadership and its application to various elements of society and community
- prepare individuals for positions of leadership and responsibility in the university, in student organizations, in their communities and throughout their careers in business, government and society

**Program Requirements:**

The certificate in leadership and ethics requires four core courses (12 credit hours), including a leadership capstone experience, and one elective discipline-based course in leadership or ethics (3 credit hours). The three hours of elective course work may be selected from an approved list of elective classes or upon the recommendation of the department.

All courses applied to the certificate must be completed with a grade of "C" (2.00 on a 4.00 scale) or better.

**Core Courses:**

PAF 311 Leadership and Change, SB (3)  
PAF 410 Building Leadership Skills, SB (3)  
PAF 421 Leadership Capstone (3)  
PAF 460 Public Service Ethics (3)

**Electives:** (choose one from the following list)

BUS 497 or HON 497 Honors Colloquium (3)  
COM 430 Leadership in Group Communication (3)  
MGT 300 Organization and Management Leadership (3)  
PAF 420 Public Leadership (3)  
POS 314 The American Presidency, SB (3)  
NLM 430 Managing Nonprofit Organizations (3)

All core courses and the leadership capstone must be taken at Arizona State University. Any course substitutions for the certificate are at the discretion of the School of Public Affairs.

**Enrollment Requirements:**

There are different application requirements, depending on the student's enrollment status with ASU. Students are also encouraged to schedule an appointment with the undergraduate academic adviser in the School of Public Affairs.

**Undergraduate Students Currently Enrolled at ASU**

Current students interested in earning the certificate must complete a request to add an undergraduate certificate and return it to the undergraduate academic advisor in the School of Public Affairs at the University Center on the Downtown Phoenix campus. Students may begin taking courses before they formally register for the certificate; however, they are encouraged to complete the paperwork as soon as possible.

Download the request to add an undergraduate certificate at <https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>).

#### Individuals Not Currently Enrolled at ASU

Individuals who are not currently enrolled as students at Arizona State University must complete an application to enroll as a nondegree-seeking student before they may begin taking courses. For information on admission and to complete an application, visit the university's nondegree student admission page at <https://students.asu.edu/admission/nondegree> (<https://students.asu.edu/admission/nondegree>).

Once students have been admitted, they are eligible to enroll in courses to complete the certificate program.

## Leadership in Business Certificate (BALIBCERT)

**Campus:** Polytechnic, Tempe, West

#### Description:

The leadership in business certificate is designed to help students understand the concept of leadership, to cultivate their leadership identity and to understand how the development of their leadership skills will impact their professional development. Through this certificate program, students will develop a strong set of skills necessary for success in a dynamic workplace including communication, teamwork and collaboration, and problem solving skills.

#### Program Requirements:

Required leadership course work (6):  
MGT 310 Collaborative Team Skills (3)  
MGT 411 Leading Organizations (3)

Elective course work (9):  
two courses of leadership development electives (6)  
one cultural competency elective (3)

Completion of four cocurricular experiences:

- Complete an approved internship. This must include internship or employment supervisor documentation. This requirement must be completed after approval to add the certificate.
- Hold an approved leadership position on an executive board with a registered ASU club or organization on campus. This must be approved by organization's staff or faculty advisor.
- Hold an approved leadership role in support of the W. P. Carey School of Business or ASU community.
- Complete an ASU-affiliated study abroad program or 75 hours of service learning or community service.

#### Enrollment Requirements:

W. P. Carey students may apply to this program once they have completed MGT 310 Collaborative Team Skills (3), and at least one of the four required experiences.

## Leadership, Ethics and Service Certificate (PPLETSCERT)

**Campus:** Downtown Phoenix

### **Description:**

The certificate program includes course work with an emphasis on values, ethics, leadership and public service. In addition to in-class instruction, the certificate includes a service learning component during the summer and out-of-classroom activities.

### **Program Requirements:**

The certificate consists of the following courses:

CRD 435 Service Learning for Community Development (3)  
NLM 235 Leadership and Ethics (3)  
NLM 410 Social Entrepreneurship (3)  
PAF 400 Senior Capstone Project (3)  
PAF 410 Building Leadership Skills, SB (3)

A "C" or better is required in all upper-division course work.

### **Enrollment Requirements:**

A limited number of students will be admitted to the program based on the following:

- GPA
- a personal statement
- two reference letters
- evidence of community engagement

### **Contact Information:**

Public Service and Community Solutions, College of  
School of Public Affairs

## Lesbian, Gay, Bisexual and Transgender Certificate (PPLGBTCERT)

**Campus:** Downtown Phoenix

### **Description:**

The undergraduate certificate in lesbian, gay, bisexual and transgender studies is offered by the Committee on Lesbian, Gay, Bisexual and Transgender Studies, administered through the College of Public Service and Community Solutions. Advising is provided through the College of Letters and Sciences. Lesbians, gay men, bisexuals and transgendered people play important roles as colleagues, clients, parents, children, siblings, neighbors, employees, employers, religious leaders and friends. Given the increasing visibility and changing political climate for LGBTQ people in the United States, all students, not only those who identify themselves as gay, lesbian, bisexual or transgender, are served well by learning about the histories, communities and contemporary social issues regarding people from LGBTQ backgrounds.

The educational experience is enhanced when students are introduced to complex intersections between and among sexual, racial, ethnic, religious, geographic and national identities. The philosophy of this certificate program is to promote intellectual and pedagogical diversity as one of the university's greatest assets, and this is done, in part, by instilling in students a sensitivity to cultures different from their own and through careful analysis of the self in historical, artistic and sociocultural contexts.

The goals of the certificate program are to give students:

- knowledge about the history, evolution of and current issues facing the LGBTQ community
- practical experience utilizing course work knowledge in the community through an internship or community service project
- theoretical perspectives on heterosexuality as a presumptive sexual identity
- an understanding of lesbian, gay, bisexual and transgender studies as an academic area of inquiry
- an understanding of community politics, dynamics and conflicts
- use-inspired education that culminates in a public presentation

**Program Requirements:**

The certificate requires 15 credit hours; a minimum of 12 must be upper division.

**Required Courses:**

SWU 180 Introduction to Lesbian, Gay, Bisexual and Transgender (LGBT) Studies, SB, C (3)

**Electives (9):**

electives are selected from an approved list\*

**Capstone (3)**

\*Please see: <https://cls.asu.edu/lgbt/checksheets> (<https://cls.asu.edu/lgbt/checksheets>).

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

Students interested in admission to the certificate program should meet with a LGBT certificate academic advisor in the College of Letters and Sciences as soon as possible in order to complete a certificate declaration form and to select courses that most appropriately meet students' individual needs. For more information see: <https://cls.asu.edu/index.php?q=lgbt/> (<https://cls.asu.edu/index.php?q=lgbt/>).

## Medieval and Renaissance Studies Certificate (LAMRSCERT)

**Campus:** Tempe

**Description:**

In order to reflect the interdisciplinary nature of the field, the Arizona Center for Medieval and Renaissance Studies has established a certificate program for undergraduate students in medieval and Renaissance studies.

The program provides students the opportunity to take classes from several disciplines and to receive training in both Latin, the international language of the periods, and early vernacular languages. Obtaining the certificate prepares undergraduate students for advanced study in their fields.

**Program Requirements:**

In addition to the course work and examinations required in a student's major field of study, students must complete a minimum of 18 credit hours to earn the certificate:

two semesters (6-8 credit hours) of Classical Latin or Biblical Hebrew

two semesters (6-8 credit hours) of either Classical or Medieval Latin, Biblical Hebrew, or of a vernacular language of the period (e.g., Old English, Old Norse, Old French, Renaissance Italian)

two semesters (6 credit hours) of upper-division course work (300-level or above) in medieval and Renaissance studies outside the student's major discipline

a thesis of approximately 25 pages in length written within the student's major discipline for an upper-division course on a topic concerning the Middle Ages or Renaissance\*

\*Students may earn three course credits for the thesis if taken as an individualized instruction course (e.g., ENG 499, HST 499, REL 499 at ASU), and the thesis may be used to fulfill the Honors College thesis requirement for students enrolled in the Honors College.

A minimum of a "C" is required in all course work leading to the certificate.

**Enrollment Requirements:**

Any student admitted to a degree program at ASU may complete a certificate. Please contact the Arizona Center for Medieval and Renaissance Studies for more information and to complete the online application: <https://acmrs.org/academic-programs/certificate/undergrad> (<https://acmrs.org/academic-programs/certificate/undergrad>).

**Modern Hebrew Certificate (LAHEBCERT)**

**Campus:** Tempe

**Description:**

The certificate in modern Hebrew provides students with a firm foundation in modern Hebrew language and a broad knowledge of Israeli culture, leading to advanced skills in reading, writing and conversing in modern Hebrew. The certificate also includes study of the Israeli culture, literature, politics and history. It enriches students' perspectives on the Middle East and offers them deeper understanding of the current affairs. Students pursuing careers in foreign politics, international business, tourism, media, translation and in different levels of education, will benefit from this certificate.

**Program Requirements:**

The certificate requires 20 credit hours. A "C" or better is required in all courses.

Required courses:

HEB 201 Intermediate Modern Hebrew, G (4)  
HEB 202 Intermediate Modern Hebrew, G (4)  
HEB 313 Advanced Modern Hebrew, G (3)  
HEB 314 Advanced Modern Hebrew, G (3)

Elective courses: (6 credit hours)

HEB 347/JST 347/SLC 347 Modern Israeli Literature in Translation, HU & G (3)  
HEB 348/JST 348/SLC 348 or REL 311 Israeli Society and Culture, HU & G (3)  
HST 372 Modern Middle East, SB & G & H (3)

Note: A minimum of 12 credit hours must be earned at ASU or in an ASU-approved study abroad program.

Depending upon a student's undergraduate program of study, additional courses may need to be completed as prerequisites in order to complete the requirements of this certificate.

**Enrollment Requirements:**

ASU students admitted to a degree program in any field of study will be eligible to enroll in the modern Hebrew certificate. In order to be admitted to the certificate, students must complete HEB 101 and 102 to satisfy the requirements to enroll in HEB 201.

## Nonprofit Professional Certificate (PPNPYCERT)

**Campus:** Downtown Phoenix

### **Description:**

This nationally recognized certificate program awards qualified students from diverse academic fields with the National Certified Nonprofit Professional credential. The CNP is awarded through the Nonprofit Leadership Alliance (formerly American Humanics, Inc.), a consortium of universities, nonprofits and funders that are committed to preparing students for management careers in the nonprofit sector. The NLA/ASU program provides curricular and cocurricular programs that prepare students through its competency-based, experiential educational framework. The program is ideal for students wishing to complement their majors with a strong core of nonprofit management knowledge and skills through professional affiliation with and certification by the Nonprofit Leadership Alliance, the nation's leader in education for nonprofit careers. NLA collaborates with a number of national nonprofit organizations as well as locally based grassroots organizations that actively seek NLA/ASU program interns and job candidates.

### **Program Requirements:**

The program includes active participation by nonprofit professionals who offer workshops, seminars, mentoring and field trips. The certified nonprofit professional credential can be earned in conjunction with any bachelor's degree and requires successful participation in cocurricular, experiential activities in addition to required academic course work.

### **Required Courses:**

NLM 220 Introduction to Nonprofit Organizations (3)  
NLM 300 Fund Raising and Resource Development (3)  
NLM 310 Volunteer Management (3)  
NLM 320 Professional Development Seminar (4) (one credit each, over four semesters)  
NLM 420 Nonprofit Leadership Alliance Institute (2)  
NLM 430 Managing Nonprofit Organizations, L (3)  
NLM 463 Senior internship (12)

### **Standards:**

- 30 hours of graded course work
- minimum "C" (2.00) grade required for all classes in the certificate
- minimum GPA of 2.00 for those pursuing the certificate
- should be a junior to take 400-level courses

### **Enrollment Requirements:**

Applications for the Certified Nonprofit Professional certificate are available through the School of Community Resources and Development academic advisors and the Nonprofit Leadership Alliance senior program coordinator.

For U.S. Department of Education Gainful Employment Program Disclosure information, see <https://catalog.asu.edu/files/disclosures/PPNPYCERT/Gedt.html> (<https://catalog.asu.edu/files/disclosures/PPNPYCERT/Gedt.html>).

## Oral History Certificate (ASOHCCERT)

**Campus:** West

### **Description:**

The certificate in oral history in the New College's School of Humanities, Arts and Cultural Studies introduces the interdisciplinary theories and methods required to collect, document and preserve the stories of people's lives.

Through the oral history certificate, students will gain an understanding and appreciation of diverse cultures, past and present, and engage in oral history research and interviewing. Students may build on existing projects or develop new community relationships at local, national and international levels.

With the knowledge and skills to abide by the professional standards involved in oral history documentation, research and presentation, students leave the program better prepared for graduate programs or careers that integrate oral history.

**Program Requirements:**

Students must meet with the program coordinator to review the requirements and sign the certificate check sheet agreement. The student should also consult an academic advisor in the college or department of his or her major to make sure the college or department recognizes the certificate. All course work in the program must be completed with a grade of "C" (2.00) or higher. A total of 18 credit hours is required.

**Residency Requirement**

Of the 18 upper-division credit hours required for the certificate, students must complete a minimum of six upper-division (300 and 400 level) credit hours offered by the School of Humanities, Arts and Cultural Studies.

**Core Requirements**

HRC 310 Social and Cultural Studies: Method and Theory (3)

HRC 480 Capstone: Practices and Approaches (3)

The course bank includes upper-division courses offered throughout the university. Students may choose from the following prefixes, upon approval by appropriate faculty or advisor:

- American Studies (AMS)
- Communication Studies (COM)
- English (ENG)
- Ethnic Studies (ETH)
- History (HST)
- Humanities, Arts and Cultural Studies (HRC)
- Interdisciplinary Arts and Performance (IAP)
- Integrative Studies (IAS)
- Latin American Studies (LAS)
- Philosophy (PHI)
- Religious Studies (REL)
- Sociology (SOC)
- Spanish (SPA)
- Women and Gender Studies (WST)

**Recommended Courses:**

COM 342 Oral History and Storytelling (3)

ENG 317 Cross-Cultural Writing, L or HU, G (3)

ENG 361 Scriptwriting (3)

ENG 376 Writing a Personal History, L (3)

ENG 377 Editing Family History for Public Audiences, L (3)

ENG 412 Creative Nonfiction (3)

ENG 476 Studies in Folklore, L or HU or SB, C (3)

IAP 331 Performance, Acting and the Individual (3)

IAP 364 Documentaries (3)

SOC 389 Ethnographic Field Lab (3)

WST 370 Chronicling Women's Lives, HU, C (3)

WST 473 Indigenous and Latina/Chicana Representation, SB, C (3)

**Enrollment Requirements:**

The certificate in oral history is open to any student admitted to study at Arizona State University. The certificate program is also available for graduate students, nondegree students and students majoring in professional programs. Contact an advisor in the School of Humanities, Arts and Cultural Studies for admission to the certificate program.

## Philosophy, Rhetoric and Literature Certificate (ASPRLCERT)

**Campus:** West

### **Description:**

The certificate in philosophy, rhetoric and literature in the New College's School of Humanities, Arts and Cultural Studies is an interdisciplinary humanities program that integrates continental philosophy and religion, critical theory, rhetoric, literary criticism, aesthetics and communication.

Through course work, students examine philosophical approaches to literary studies, conflicts between rhetoric and philosophy, and rhetorical elements of literature and theory.

This certificate will prepare students for advanced study in the humanities, social and behavioral sciences, and the arts as well as lifelong learning in a variety of fields.

### **Program Requirements:**

The program is open to any student admitted to study at Arizona State University. A certificate in philosophy, rhetoric and literature is awarded for successful completion of 18 upper-division credit hours of course work:

- one course (3 credit hours) in Core I: Rhetorical Perspectives
- one course (3 credit hours) in Core II: Continental Philosophy
- twelve elective credit hours from the approved course list in philosophy, rhetoric and literature (6 credit hours from Pool A and 6 credit hours from Pool B)

All elective course offerings from the course bank will be regularly updated and overseen by the facilitators of the certificate program. Students must meet with the program academic advisor to review the requirements and sign the certificate check sheet. Students should also consult an academic advisor in the college or department of their major to make sure the college or department recognizes the certificate. All course work in the program must be completed with a grade of "C" (2.00) or higher.

Of the 18 upper-division credit hours required for the certificate, 12 credit hours must be completed at ASU.

### Core I Requirements

Rhetorical Perspectives (3 credit hours)

ENG 400 History of Literary Criticism, L or HU, H (3)

ENG 472 Rhetorical Studies, L (3)

### Core II Requirements

Philosophical Perspectives (3 credit hours)

ENG 401 Topics in Critical Theory (3)

PHI 304 Existentialism, HU (3)

PHI 311 Philosophy and Literature, HU (3)

PHI 411 Continental Philosophy (3)

### Pool A (6 credit hours):

ENG 394/494 Special Topics (3)

ENG 400 History of Literary Criticism, (L or HU) and H (3)

ENG 401 Topics in Critical Theory (3)

ENG 440 Studies in American Literature and Culture, HU (3)

ENG 454 Gender and Literature, L or HU (3)

ENG 461 Studies in Women and Literature, HU (3)

ENG 472 Rhetorical Studies, L (3)

ENG 478 Studies in Modernism, L or HU (3)

ENG 479 Studies in Postmodernism, HU, G (3)

HON 394/494 Special Topics (3)

IAP 371 Verbal Art (3)

IAP 373 The Critical Artist (3)

IAP 471 Language, Culture and Performance, L or HU (3)

IAP 472 Theories of Arts and Performance (3)

IAP 473 Aesthetic Research, L or HU (3)

### Pool B (6 credit hours):

COM 321 Rhetorical Theory and Research, L or HU, H (3)

COM 324 Rhetoric and Media Criticism (3)

COM 394/494 Special Topics (3)  
COM 421 Rhetoric of Social Issues, HU (3)  
COM 429 Semiotics and Visual Communications (3)  
ENG 401 Topics in Critical Theory (3)  
PHI 303/REL 300 The Future of Religions, L or HU (3)  
PHI 304 Existentialism, HU (3)  
PHI 311 Philosophy and Literature, HU (3)  
PHI 318 Philosophy of Religion, HU (3)  
PHI 336 Social and Political Philosophy, HU (3)  
PHI 339 Philosophy of Art, HU (3)  
PHI 390/REL 314 Jewish Philosophy (3)  
PHI 391/REL 391 Historical Perspectives on Philosophy and Religion (3)  
PHI 394/494 Special Topics (3)  
PHI 411 Continental Philosophy (3)  
PHI 494/REL 494 ST: Philosophical and Spiritual Issues in Death and Dying (3)  
PHI 494/REL 494 ST: Post-Holocaust and Reparative Ethics (3)  
REL 345 Asian Religious Traditions, HU, G (3)

**Enrollment Requirements:**

The certificate in philosophy, rhetoric and literature is open to all undergraduate majors.

Students wishing to pursue the certificate should consult an academic advisor in the unit offering the certificate to ensure the appropriate set of courses are taken and required paperwork submitted.

## Political Entrepreneurship through Internships: Local to Global Certificate (LAPEICERT)

**Campus:** Tempe

**Description:**

The certificate is designed to prepare students for careers in public policy in global and domestic environments whether they be in governance organizations, nongovernmental organizations, nonprofit agencies, or private enterprises engaged in policy-making, implementation and critical assessment. The requirements include applied practice in these settings and an internship. A variety of internship opportunities exist for students with global national, state or local interests. Course work in the social sciences, humanities and business will prepare students to be participants in policy processes as an avenue of civic engagement.

**Program Requirements:**

The requirements include applied practice in public policy settings and internship opportunities. Students majoring in any subject at the university may be awarded the certificate upon completion of the following 15 credits (12 of which must be upper-division and nine of which must be taken from the College of Liberal Arts and Sciences):

Part One: Introductory course

Select one of the following:

POS 110 Government and Politics, SB (3)  
POS 150 Comparative Government, SB, G (3)  
POS 160 Global Politics, SB, G (3)  
POS 310 American National Government, SB (3)  
SGS 101 Thinking Globally: The Individual and Authority, SB (3)  
SGS 301 Principles of Global Studies (3)

Part Two: Policy and Leadership

Select one of the following:

POS 220 Political Issues and Public Policy, SB (3)  
POS 325 Public Policy Development, SB (3)

POS 351 Democratization, SB, G (3)  
POS 361 American Foreign Policy, SB, G (3)  
POS 364 National Security, Intelligence and Terrorism, SB (3)  
POS 410 Governing American Cities, SB (3)  
POS 426 Elements of Public Policy, SB (3)  
POS 468 Comparative Asian Foreign Policies, SB & G (3)  
POS 486 International Political Economy, SG, G (3)  
SGS 320 Mechanisms of Governance (3)  
SGS 321 International Institutions and Global Governance (3)  
SGS 340 Violence, Conflict and Human Rights (3)  
SGS 350 Economic Development and Globalization (3)

#### Part Three: Internship

Students may use three or six credits of the following:

POS 484 Internship  
SGS 484 Internship

#### Part Four: Related Elective

Select one or two of the following depending on the number of credits taken in part three:

BUA 380 Small Business Leadership (3)  
BUA 383 Small Business Working Relationships (3)  
COM 222 Argumentation, L (3)  
COM 225 Public Speaking, L (3)  
COM 230 Small Group Communication, SB (3)  
COM 250 Introduction to Organizational Communication, SB (3)  
COM 259 Communication in Business and the Professions (3)  
COM 312 Communication, Conflict and Negotiation (3)  
ENG 301 Writing for the Professions, L (3)  
FIN 380 Personal Financial Management (3)  
JUS 320 Community and Social Justice, SB, C (3)  
MGT 290 My Life Venture (3)  
MGT 380 Management and Strategy for Nonmajors (3)  
NLM 160 Voluntary Action and Community Leadership, SB (3)  
NLM 220 Introduction to Nonprofit Organizations (3)  
NLM 410 Social Entrepreneurship (3)  
PAF 200 Public Service and Policy in the 21st Century (3)  
PAF 201 Economics and Public Policy, SB (3)  
PAF 300 Public Management and Administration (3)  
PAF 311 Leadership and Change, SB (3)  
PAF 340 Contemporary Policy Challenges (3)  
PAF 410 Building Leadership Skills, SB (3)  
PAF 420 Public Leadership (3)  
PAF 460 Public Service Ethics (3)  
POS 494 Topic: McCain Policy Design (3)  
SGS 204 Professional Global Career Development (or equivalent career exploration course) (3)  
SOS 111 Sustainable Cities, HU or SB, G (3)  
SOS 321 Policy and Governance in Sustainable Systems (3)  
USL 210 Service Learning: Intro to Diverse Community Issues, L, C (3)  
USL 410 Service Learning: Diverse Community Issues, L, C (3)

Students earning the certificate must have a minimum GPA of 2.00; only courses in which students have a grade of "C" or higher count toward the certificate.

**Enrollment Requirements:** Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the School of Politics and Global Studies for more information about completing this certificate.

## Political Thought and Leadership Certificate (LAPTLCERT)

**Campus:** Tempe

### **Description:**

The certificate in political thought and leadership provides students with a strong foundation in the history of politics and political thought with a special emphasis on the role of leadership in that history. The certificate will prepare students for leadership in their own careers, political or otherwise. Required courses combine academic study and mentoring contact with political, media and business leaders from the wider Phoenix area and Arizona communities, while electives drawn from a variety of disciplines are used to broaden the scope of emphasis.

### **Program Requirements:**

This certificate requires 15 credit hours.

#### Required Courses:

HST 112 Foundations of Democracy (3)  
HST 414 Political Thought and Leadership (3)

Nine credit hours of upper-division electives from at least two different disciplines. Such courses may include, but are not limited to:

HST 315 Political History of the U.S., SB, H (3)  
HST 317 History of Postwar U.S. Conservatism (3)  
JUS 321 Wealth Distribution and Poverty, SB, C (3)  
JUS 332 Politics of Energy Policy and Justice (3)  
PHI 336 Social and Political Philosophy, HU (3)  
POS 341 History of Political Philosophy II, HU, H (3)  
REL 420 Religion in American Life and Thought, HU (3)

Additional upper-division courses from disciplines such as economics, history, justice studies, philosophy, public service and public policy, and religious studies may be used with approval. All courses must be taken in residence at Arizona State University.

A "C" or better is required in all upper-division course work.

### **Enrollment Requirements:**

Students wishing to declare the certificate must meet with an academic advisor in the School of Historical, Philosophical and Religious Studies and one of the program's co-directors.

## Professional Sales Certificate (BAPRSCERT)

**Campus:** Tempe

### **Description:**

Designed for the nonmarketing business major, the certificate in professional sales was created for business students who are interested in pursuing the many opportunities in professional sales. Including courses in professional sales as well as sales management, this certificate prepares students to be successful account managers or sales team leaders in both business-to-business and business-to-consumer settings. An optional internship in sales is strongly encouraged as part of the professional sales certificate.

### **Program Requirements:**

Prerequisite course:

MKT 300 Marketing and Business Performance (3) or MKT 303 Honors Marketing Theory and Practice, L (3)

Required courses:

MKT 370 Professional Sales and Relationship Management (3)

MKT 410 Sales Management (3)

Choose any two courses from the following set:

MGT 430 Negotiations (3)

MKT 435 Entrepreneurial Marketing (3)

MKT 441 Sports Relationship Management (3) or MKT 460 Sports Revenue Generation (BS students only) (3)

MKT 484 Internship (in sales) (3)

MKT 493 Honors Thesis (3)

To receive the certificate, students must complete the specified business courses with a grade of "C" or higher (2.00 on a scale of 4.00).

## Public Administration and Public Management Certificate (PPPAFCERT)

**Campus:** Downtown Phoenix

**Description:**

The certificate in public administration and public management prepares students for citizenship, leadership and careers in governmental and nonprofit agencies. Students will learn the context and principles of public administration and how to apply these in a practitioner setting; the role of the public administrator in the design, implementation and evaluation of public policy; and how to lead change and address ethical issues in public service. It is designed for undergraduate students who are interested in developing leadership skills or wish to enhance their degree in an existing major at ASU; for working adults who may wish to further their education yet may not be looking for a degree program; or for BIS students who seek to combine certificates with their degree.

The program is designed for students interested in public service who want to learn skills to:

- analyze critical issues
- build and bridge communities
- deliver and manage public programs
- improve the quality of life
- lead change in public policy
- provide public safety
- preserve natural resources
- reform welfare
- strengthen democratic governance

**Program Requirements:**

The certificate in public administration and public management consists of 15 credit hours of course work; students take 12 credit hours of core classes and three credit hours of elective courses. The three credit hours of elective course work may be selected from an approved list of elective classes, taken upon the recommendation of the department.

Core Courses:

PAF 300 Public Management and Administration (3)

PAF 340 Contemporary Policy Challenges (3)

PAF 420 Public Leadership (3)

PAF 460 Public Service Ethics (3)

A list of electives can be found here: <https://spa.asu.edu/programs/undergraduate/certificates/pmgt/requirements>.

(<https://spa.asu.edu/programs/undergraduate/certificates/pmgt/requirements>)

A "C" or better is required in all upper-division course work. (<https://spa.asu.edu/programs/undergraduate/certificates/pmgt/requirements>)

**Enrollment Requirements:**

There are different application requirements, depending on the student's enrollment status with ASU. Students are also encouraged to schedule an appointment with the undergraduate academic advisor in the School of Public Affairs.

**Undergraduate Students Currently Enrolled at ASU**

Current students interested in earning the certificate must complete a request to add an undergraduate certificate and return it to the undergraduate academic advisor in the School of Public Affairs at the University Center on the Downtown Phoenix campus. Students may begin taking courses before they formally register for the certificate; however, they are encouraged to complete the paperwork as soon as possible. Download the application at <https://students.asu.edu/forms/undergraduate-certificate> (<https://students.asu.edu/forms/undergraduate-certificate>).

**Individuals Not Currently Enrolled at ASU**

Individuals who are not currently enrolled as students at Arizona State University must complete an application to enroll as a nondegree-seeking student before they may begin taking courses. For information on admission and to complete an application, visit the university's nondegree student admission page at <https://students.asu.edu/admission/nondegree> (<https://students.asu.edu/admission/nondegree>).

Once students have been admitted, they are eligible to enroll in courses to complete the certificate program.

## Religion and Conflict Certificate (LARELCERT)

**Campus:** Tempe

**Description:**

The certificate may be of particular interest for students pursuing careers in journalism, law, policy work, diplomacy, the military, public advocacy, publishing, education, ministry or other fields in which an enhanced understanding of religion and conflict is increasingly vital.

**Program Requirements:**

Students complete 18 credit hours of qualifying course work (at least 12 credit hours from ASU and at least 12 upper-division credit hours), consisting of regional, political and cultural components. To ensure that students are exposed to a wide variety of approaches to the study of religion and conflict, an interdisciplinary component requires that at least six of the 18 credit hours be fulfilled with courses from the humanities and at least three credit hours from the social sciences. In many cases, the same course can be used to fulfill several component requirements simultaneously.

- Regional component (six credit hours): Courses in this category provide students specific regional knowledge of how religion has been implicated in human conflict. Required course work in at least two different regions fosters a comparative understanding of the dynamics of religion and conflict in historical and global contexts.
- Political component (three credit hours): Courses in this category explore how religion influences, or is influenced by, matters of state, law, government or other dimensions of political life.
- Cultural component (three credit hours): Courses in this category provide students with an understanding of how religion operates as a powerful force that impacts and intersects with expressions of human identity, thought and culture.
- Electives (six credit hours): Any approved or qualifying course (either from the above categories or other approved classes) may be used as an elective to fulfill remaining requirements toward the total number of credit hours and to meet the interdisciplinary requirement.
- Of the total 18 credit hours taken to fulfill the certificate, at least three must be from the social sciences (COM, JUS, POS, SGS, SOC or WST) and six from the humanities (ARB, HST, POR or REL).

**Religion and Conflict Course Offerings**

A minimum grade of "C" (2.00) is required for a course to fulfill a certificate requirement. For a current list of approved courses, see the Center for the Study of Religion and Conflict website at <http://csrc.asu.edu/education/certificate-program> (<http://csrc.asu.edu/education/certificate-program>).

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete an online admission application.

Students wishing to pursue the certificate must complete enrollment documents located in the student portal on the Center for the Study of Religion and Conflict website before formally declaring the certificate with an academic advisor in the School of Historical, Philosophical and Religious Studies. For questions about the program, contact the certificate director in the Center for the Study of Religion and Conflict.

## Risk Communication Certificate (ASRCMCERT)

**Campus:** West

**Description:**

The certificate in risk communication combines the strengths of two schools within the New College of Interdisciplinary Arts and Sciences: the School of Social and Behavioral Sciences and the School of Mathematical and Natural Sciences. The rising importance of the field of risk communication stems from the need to name, understand and manage physical and social risks as we are faced with increasingly challenging decisions concerning stressed social and environmental infrastructures. Proficiency in risk communication requires understanding the complex interfaces of physical, biological, psychological and social systems. The certificate will prepare students for a range of diverse careers in risk management, crisis communications and environmental public affairs. Specifically, students will develop expertise suited to work as risk-management specialists and environmental advocates, preparing them to translate complex scientific ideas and analyses into information that can be evaluated meaningfully by all members of society.

**Program Requirements:**

The certificate in risk communication requires 15 credit hours, 12 of which must be upper division. Eight credit hours must be unique credit hours not already being counted towards the students' BA or BS degree requirements in communication or environmental science. To earn the certificate a "C" or better must be earned in each upper-division course.

**Required Certificate Courses:**

BIO 130 Introduction to Environmental Science, SQ (4) or ENV 201 Fundamentals of Environmental Science (3) (for ENV or BIO majors)  
COM 415 Risk Communication (3)

**Elective Certificate Courses (complete three courses):**

COM 414 Crisis Communication (3)  
COM 454 Rhetorical and Critical Approaches to Public Relations (3)  
IAS 340 Bioethics, HU (3)  
IAS 407 Environmental Philosophy and Policy, L or HU (3)  
IAS 409 Eco-Community Ethics, HU (3)

**Enrollment Requirements:**

Students wishing to pursue the risk communication certificate should consult an academic advisor in the unit offering that certificate to ensure that the appropriate set of courses is taken and required paperwork submitted.

## Russian and East European Studies Certificate (LAREECERT)

**Campus:** Tempe

**Description:**

The certificate in Russian and East European studies encourages students to develop special competency in Russian or East European languages and area studies. Course work leading to the certificate is offered in agribusiness, architecture, biology, economics, Eurasian languages (Armenian, Tajik, Tatar and Uzbek), geography, history, international business, music, political science, religious studies, Slavic and East European languages (Albanian, Bosnian/Croatian/Serbian, Macedonian, Polish, Romanian and Russian), and sociology and women's studies; however, the certificate program is open to all students, regardless of major.

Certificate holders enhance their prospects for study abroad fellowships and graduate admissions and also qualify for unique entry-level government employment opportunities. Past certificate awardees have moved into positions of leadership in government, academia and the private sector.

**Program Requirements:**

The requirements for the Russian and East European studies certificate are 22 credit hours of Russian or another Eurasian or East European language and 30 credit hours in Russian, East European and Eurasian area-related course work, of which at least 24 credit hours are upper-division.

At least three disciplines must be represented in the area-related course work, and at least 12 credit hours must be outside the School of International Letters and Cultures (i.e., non-RUS, SLC and SLV courses). Fulfillment of these requirements is certified by the Melikian Center for Russian, Eurasian and East European Studies and is recognized on the transcript as a certificate in Russian and East European studies. The purpose of this undergraduate certificate program is to encourage students majoring in a chosen discipline to develop special competency in Russian, Eurasian or East European languages and area studies. A student with a major in any school or department may pursue this certificate.

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

Any student admitted to study at ASU may pursue a certificate program. In order to apply to study at ASU, complete the Office of Admission online application. Please contact the Melikian Center for more information.

## Sales and Marketing Essentials Certificate (BASMECERT)

**Campus:** Tempe

**Description:**

Designed for undergraduate nonbusiness majors, the certificate in sales and marketing essentials offers a set of courses that cover essential marketing knowledge in a wide variety of marketing application domains. While students are required to enroll in two fundamental courses in marketing for three credit hours each (MKT 390 Essentials of Marketing and MKT 391 Essentials of Selling), students can then choose three other courses from a larger set (services marketing, business marketing, global marketing, sports business and advertising) to tailor their certificate to their particular interests. While some courses are offered in a face-to-face setting, the entire certificate is offered online for flexibility and convenience.

**Program Requirements:**

The certificate in sales and marketing essentials requires 15 credit hours to complete and is available to undergraduate nonbusiness majors or nondegree-seeking students at ASU. The entire certificate may be taken online.

Required:

MKT 390 Essentials of Marketing (3)  
MKT 391 Essentials of Selling (3)

Choose any three of the following set:

MKT 392 Essentials of Business Marketing (3)  
MKT 395 Essentials of Advertising and Marketing Communication (3)  
MKT 396 Essentials of Services Marketing (3)

MKT 397 Essentials of Global Marketing (3)  
MKT 398 Essentials of Sports Business (3)

To receive the certificate, students must complete the specified business courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

**Enrollment Requirements:** Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and see <https://my.wpcarey.asu.edu/undergrad/academics/sales-and-mkt-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/sales-and-mkt-certificate.cfm>).

## Secondary Education Certificate (TESEDCERT)

**Campus:** Polytechnic, Tempe, West

**Description:**

The secondary education certificate program prepares students who wish to teach students enrolled in grades 6-12. While students develop a strong content background, the secondary education certification focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students. In order to integrate teacher preparation with the academic specialization, Teachers College collaborates and communicates with academic departments across the university. Clinical experience and student teaching are required components of this certificate. Students who complete this certificate program will be issued an Institutional Recommendation for certification in Arizona. Students desiring to teach in a public school must also pass the appropriate Arizona Educator Exams (AEPANES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

**Program Requirements:**

All students must complete the following courses:  
BLE 220 Foundations of Structured English Immersion (3)  
BLE 407 SEI for Secondary Students (3)  
RDG 323 Literacy Processes in Content Area (3)  
SED 322 Classroom Leadership in Secondary Schools, L (3)  
SED 464 Middle School Curr/Org (3)\*  
SED 478 Student Teaching in the Secondary School (8)  
SED 496 Clinical Experience III (1)  
SPE 417 Inclusion Practices at the Secondary Level (3)  
TEL 311 Instruction and Management in the Inclusive Classroom (3)

\*This course will be replaced with a methods course in the students specialization if it is not already included in the major.

Students are required to complete a minimum of one semester of field experience which includes one full day per week in a grade 6-12 classroom. A full-time 15-week student teaching experience is also required. Degree requirements for student's major must be completed prior to student teaching.

**Requirements:**

- A minimum of 30 credit hours are required.
- A grade of "C" or higher is required in all courses taken for the certificate.

**Enrollment Requirements:**

Available only to ASU degree-seeking students. Students will need a 2.50 GPA to enroll in course work, a valid Arizona DPS fingerprint clearance card, a passing score in the content area exam, appropriate content area course work and Teachers College advisor approval. This certificate is not available to Mary Lou Fulton Teachers College students.

## Security Studies Certificate (PPSCSCERT)

**Campus:** Downtown Phoenix

### **Description:**

The 24-credit-hour security studies certificate will provide students with the skills and credentials necessary to expand their employment opportunities in corporate and public security. Students will receive extended education in cross-disciplinary topics such as accounting, computer studies, and advanced crime and law courses. Upon completion of this certificate, students will be well-equipped to have fluid conversations with professionals from different backgrounds.

### **Program Requirements:**

The following courses are required: (12)

ACC 382 Accounting and Financial Analysis (3)  
CIS 105 Computer Applications and Information Technology, CS (3)  
CRJ 201 Criminal Justice Crime Control Policies and Practices (3)  
CRJ 419 Domestic Terrorism (3)

Select two from the following: (6)

CRJ 410 Procedural Criminal Law (3)  
CRJ 412 International Terrorism (3)  
CRJ 413 Forensics (3)  
CRJ 450 Crime Analysis (3)  
CRJ 463 White Collar Crime (3)  
CRJ 464 Organized Crime (3)

Select one from the following: (3)

CIS 235 Introduction to Information Systems (3)  
CPI 101 Introduction to Informatics, CS (3)  
CSE 100 Principles of Programming with C++, CS (3)  
CSE 110 Principles of Programming with Java, CS (3)  
CSE 180 Computer Literacy, CS (3)

Select one from the following: (3)

CRJ 484 Internship (3)  
LES 305 Business Law and Ethics for Managers (3)  
LAW 480 Business, Law and Society (3)

A grade of "C" or better is required for upper-division course work.

### **Enrollment Requirements:**

There are no additional admission requirements other than those required for admission to ASU.

## Small Business and Entrepreneurship Certificate (BASMBCERT)

**Campus:** Tempe

**Description:**

Students learn how to launch their own business or work with small or startup operations. Courses include small business, entrepreneurship and business plan development. Classroom work is complemented by frequent interaction with successful founders and leaders of entrepreneurial ventures.

**Program Requirements:**

This certificate in small business and entrepreneurship is available only to business majors at ASU. The certificate requires 15 credit hours of courses, including the following six credit hours:

MGT 440 Entrepreneurship (3)

MGT 445 Business Model Development (3)

The remaining nine credit hours consist of three additional upper-division courses relevant to small business. A copy of the approved electives for business majors pursuing the certificate in small business and entrepreneurship is available in the undergraduate programs office, BA 160. To receive the certificate, students must complete the specified business courses with a grade of "C" (2.00 on a scale of 4.00) or higher.

**Enrollment Requirements:**

Students need to complete an application, which is available online or in BA 160. Please contact the department for more information and also see <https://my.wpcarey.asu.edu/undergrad/academics/small-business-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/small-business-certificate.cfm>), then click on the embedded link "course requirements for the Small Business and Entrepreneurship Certificate."

## Social Transformation Certificate (LASOTCERT)

**Campus:** Tempe

**Description:**

Students enrolled in the certificate learn how diverse communities, locally and globally, have achieved social change and consider how to apply what they have learned with an eye towards finding just solutions to the social problems facing communities today. The areas of focus include, but are not limited to:

- civil rights movements
- democracy movements
- gender equality
- gender justice
- labor movements

**Program Requirements:**

Students pursuing the certificate must complete 15 credit hours of course work, at least 12 credit hours of which must be from ASU.

A minimum grade of "C" (2.00) is required for a course to count toward the certificate. The same course may be used to satisfy multiple graduation requirements.

There are no language requirements.

**Required Certificate Courses**

There will be two required courses:

- a lower division course: SST 220 Introduction to Social Transformation (3)
- an upper-division capstone internship or independent study: SST 484 Internship (3) or SST 499 Individualized Instruction (3)

**Certificate Elective Courses**

In addition to the two required courses, certificate students must take three upper-division courses, or nine credit hours, related to social transformation and transformational knowledge. These courses may be chosen from the following course list. Additional related courses can be applied to the certificate with advisor approval.

AFR 325/JUS 326 Music as Political Discourse: Reggae, Calypso and Hip Hop, HU, H, G (3)

AFR 355 Democracy and Civil Society in Africa (3)

AFR 365/WST 364 Unruly Voices: Black Women and Cultural Narratives, HU, C (3)

AFR 415 Black Political Thought and the Limits of Liberal Democracy, SB, G, H (3)

AFR 420 Race, Ethnicity and Politics in the African Diaspora, SB, G (3)

AFR 470/WST 471 Women's International Human Rights (3)

AIS 394 Topic: Innovation for American Indian Sustainability (3)

APA 350 Inequality and Diversity in Education, L, C (3)

APA/AFR 352 Race, Space and the Production of Inequality (3)

COM 312 Communication, Conflict and Negotiation (3)

COM 341 Social Contexts for Performance (3)

ENG 333 American Ethnic Literature, L or HU, C (3)

ENG 367 Environmental Issues in Literature and Film, L or HU (3)

ENG 371 Rhetoric of the Environmental Movement (3)

HST 306 Studies in United States History, HU or SB, H (3)

HST 354 Revolutionary Europe, SB, H (3)

HST 498 Topic: Segregation and Desegregation in U.S. History and Law, L (3)

JUS 320 Community and Social Justice, SB, C (3)

JUS 321 Wealth Distribution and Poverty, SB, C (3)

JUS 350 Immigration and Justice, SB, C (3)

JUS 375 Justice and Mass Media, SB (3)

JUS 394 Topic: Black Political Movements (3)

JUS 394 Topic: Cyberpolitics (3)

JUS 394 Topic: Prison Social Movement (3)

JUS 430 Social Protest, Conflict and Change, L or SB, C (3)

JUS 444 Environment and Justice, L, C (3)

JUS 460 Feminism and Justice, C (3)

JUS 474 Legislation of Morality, L or SB, C (3)

JUS 497 Topic: Social Enterprise: Innovation and Justice (3)

MHL 494 Topic: Music and Movement in Urban Culture (3)

MHL 494 Topic: Urban Movement Practices (3)

NLM 410 Social Entrepreneurship (3)

REL 379 Religion, Nationalism and Ethnic Conflict, HU, G (3)

REL 482 Religion, Violence and Conflict Resolution (3)

REL 494 Topic: Inquiry into Religion and Conflict (3)

SOC 352 Social Change, SB, G, H (3)

TCL 340 Chicana/o and Latina/o Politics and Policy, L, C (3)

TCL 341 Policy Issues in Chicana/o and Latina/o Urban Settings, C (3)

THP 482 Theatre for Social Change, C (3)

URB 405 Citizen Engagement and Community Building (3)

WST 375 Women and Social Change, SB, C (3)

WST 377 History of American Feminist Thought, H, C (3)

WST 378 Global Feminist Theory, L, C, G (3)

WST 380 Race, Gender and Class, SB, C (3)

WST 394 Topic: Women, Power and Leadership (3)

## Socially Engaged Practice in Design and the Arts Certificate (HISEPCERT)

**Campus:** Tempe

### **Description:**

Socially engaged practice centers around participation, reciprocal relationships, and collaborations in which arts and design promote civic dialogue and investigate pressing issues of our time. This certificate program provides a theoretical framework, rigorous training and field experience in arts and design in civic and applied settings.

### **Program Requirements:**

The certificate in socially engaged practice in design and the arts requires 18 credit hours; 12 hours of upper-division course work is required. All upper-division courses must be completed with a minimum grade of "C" (2.00).

Required Courses:

HDA 210 Creativity and Innovation in Design and the Arts (3)

HDA 310 Socially Engaged Practice (3)

HDA 410 Seminar in Socially Engaged Practice (3)

Electives (6)

one upper-division and one upper- or lower-division elective\*

Fieldwork (3)

\*Electives are to be selected from the master list of courses flagged as socially engaged practice shown on the Herberger Institute website, [http://herbergerinstitute.asu.edu/institute/initiatives/socially\\_engaged\\_certificate/ugrad\\_courses.php](http://herbergerinstitute.asu.edu/institute/initiatives/socially_engaged_certificate/ugrad_courses.php).  
([http://herbergerinstitute.asu.edu/institute/initiatives/socially\\_engaged\\_certificate/ugrad\\_courses.php](http://herbergerinstitute.asu.edu/institute/initiatives/socially_engaged_certificate/ugrad_courses.php))

Students will complete a fieldwork assignment through an internship (HDA 484 or a 484 course in a specific Herberger Institute arts or design discipline) or an individualized study (a 499 course in a Herberger Institute arts or design discipline) or other capstone course approved by petition through the Herberger Institute Office of Student Success.

### **Enrollment Requirements:**

A minimum GPA of 3.00 is required to complete the certificate. The certificate is administered through the Office of Student Success in the Herberger Institute and is open to all undergraduate students admitted to ASU or nondegree undergraduate students wishing to complete the certificate only.

Students enrolled in the BA in the arts in the Herberger Institute must complete three additional hours of course work unique to the certificate program that does not also count toward their major (due to the overlapping requirements of HDA 210 and HDA 310).

## Socio-Legal Studies Certificate (LASLSTCERT)

**Campus:** Tempe

### **Description:**

The distinction between law "on the books" and law "in action", which refers to how people experience law in their everyday lives, is a cornerstone of the certificate program. The undergraduate certificate in socio-legal studies offers a model for educating and training students in the study of legal ideas, institutions and practices from the perspectives of the social sciences, law and the humanities.

### **Program Requirements:**

Students must complete 15 credit hours of qualifying course work from ASU. A minimum grade of "C" (2.00) is required for a course to count toward the certificate.

Core Theory and Foundation Courses:

Student select two courses from the following list for a total of six credit hours:

HON 494 Topic: Great Traditions of Jurisprudence (3)

JUS 303 Justice Theory, L (3)

JUS 308 Courts and Society (3)

JUS 360/CRJ 350 Law and Social Control, SB (3)

JUS 410 Punishment: Logic and Approach (3)

JUS 463 Discretionary Justice or CRJ 470 Discretionary Justice, L or SB (3)

JUS 465 Death Penalty in the United States, L (3)

JUS 479 Law and Disputing, L or SB (3)

PHI 307 Philosophy of Law, HU (3)

PHI 336 Social and Political Philosophy, HU (3)

PHI 408 Feminist Ethics, HU (3)

POS 315 The Supreme Court, SB (3)

POS 465 International Organization and Law, SB, G (3)

POS 471 Constitutional Law I, SB (3)

POS 472 Constitutional Law II, SB (3)

Interdisciplinary Elective Component (9)

To provide students an opportunity to focus on a particular area of socio-legal justice, students will select three electives. Courses must be taken from at least two academic units. For questions pertaining to any courses listed or options for courses not listed need to be approved in advance of enrollment by the certificate program director.

AFR 215 Bob Marley and Reggae: Lyrics of Resistance, HU, G (3)

AFR 301/JUS 300 Race and Racism in Africa/African Diaspora, SB, G (3)

AFR 304/JUS 304 Islands of Globalization: Caribbean Politics and Political Economy, SB, G, H (3)

AFR 414/JUS 414 Black Political Movements: Pan Africanism to Black Power, SB, G, H (3)

AFR 420/JUS 421 Race, Ethnicity and Politics in African Diaspora, SB, G (3)

AFR/APA/JUS/SST 428 Critical Race Theory (3)

ASB 445 Globalization, Development and Resistance, SB, G (3)

CRJ 305 Gender, Crime and Criminal Justice, C (3)

CRJ 306 Race, Ethnicity, Crime and Criminal Justice, C (3)

HON 310 Justice and Law (3)

HON 410 Philosophy, Politics and Law (3)

HST 306 Topic: US Race and the Law, HU or SB, H (3)

JUS 329 Domestic Violence, SB (3) or CRJ 461 Domestic Violence (3)

JUS 350 Immigration and Justice, SB, G (3)

JUS 374 The Holocaust, Genocide and Human Rights (3)

JUS 422/WST 422 Women, Law and Social Control (3)

JUS 425 Race, Gender and Justice, L or SB, C (3)

JUS 430 Social Protest, Conflict and Change, L or SB, C (3)

JUS 432 Racial Justice, L (3)

JUS 450 Alternatives to Incarceration, L (3)

JUS 467 Terrorism, War and Justice, SB (3)

JUS 469 Political Deviance and the Law, L or SB, C (3)

JUS 470 Alternative Dispute Resolution, L, C (3)

JUS 474 Legislation of Morality, L or SB, C (3)

JUS 484 Internship (3)

JUS 498 Pro-Seminar (3)

POS 370 Law and Society, SB (3)

POS 470 Law and the Political Order, SB (3)

PSY 468 Psychology and Law (3)

SOC 340 The Sociology of Deviance, SB (3)

SOC 445 Globalization, Development and Resistance, SB, G (3)

SOC 446 Sociology of Crime, SB (3)

TCL 335/HST 323/AFR 335 Historical Studies in Race, Crime and the Law (3)

TCL 340 Chicana/o and Latina/o Politics and Policy, L, C (3)

WST 345 Gender, Religion and Global Violence, SB, G (3)

WST 375 Women and Social Change, SB, C (3)

#### **Enrollment Requirements:**

Students who have attained junior standing (56 credit hours) in any undergraduate degree program at ASU are eligible for admission to the certificate in socio-legal studies. There is no formal admission procedure, but students should contact the certificate in socio-legal studies program

director or advisor as soon as they decide to pursue the certificate.

## Southeast Asian Studies Certificate (LASALCERT)

**Campus:** Tempe

**Description:**

The certificate in Southeast Asian studies can supplement a bachelor's degree by demonstrating knowledge of a Southeast Asian language and knowledge of Southeast Asian history, art, culture and society.

This certificate prepares students for admission to graduate programs in Southeast Asian area studies, or in an academic discipline with a focus on Southeast Asia, or for advanced programs in international law, journalism, business or other professional fields.

Recent graduates have gone on to enter medical school and MBA and doctoral programs. An earned certificate will appear on student transcripts as a Southeast Asian studies emphasis.

**Program Requirements:**

The certificate requires a simultaneous two-year sequence in a Southeast Asian language (Indonesian, Thai or Vietnamese) and 18 credit hours, of which a minimum of 12 credit hours must be upper-division, including the three courses listed below plus two electives (selected from an approved list available at the advising office) and a three-credit capstone project.

**Required Courses:**

ASB 240 Introduction to Southeast Asia, HU or SB, G (3)\*  
ASB 325 Peoples of Southeast Asia, G (3)  
HST 391 Modern Southeast Asia, SB, G, H (3)

**Suggested electives include but are not limited to:**

GCU 433 Geography of Southeast Asia (3)  
HST 456 The Vietnam War, SB, G, H (3)  
POS 358 Southeast Asia, SB, G (3)  
REL 357 Theravada Buddhism In South and Southeast Asia, L or HU, G (3)

**Capstone:**

HST 496 South, Southeast and East Asia in the Global Matrix (3)\*\*

\*Also offered as GCU 240, HST 240, POS 240, REL 240 and SGS 240.

\*\*The capstone is only offered for the spring semester.

A minimum grade of "C" (2.00) is required for each course that is used to fulfill the certificate requirements.

**Enrollment Requirements:**

A certificate in Southeast Asian studies is available to any undergraduate student. There are no specific admission requirements other than a student's desire to learn about Southeast Asia. Please contact the School of Historical, Philosophical and Religious Studies advising center for more information.

## Spanish for the Professions Certificate (LSSPPRFCER)

**Campus:** Downtown Phoenix

### **Description:**

The series of courses in this 18-credit-hour certificate will help students hone Spanish communication skills and cultural knowledge to serve the needs of the U.S.-Latino community in professional settings (i.e., education, social work, health care, criminology, journalism). This certificate is open to ASU students and to the community at large. The combination of professionally focused courses and practical experience in this certificate will enhance students' professional preparation for employment in positions that require advanced proficiency in Spanish and an in-depth understanding of U.S.-Latino culture.

### **Program Requirements:**

Prerequisite: SPA 314, SPA 316 or permission of instructor.

Required Courses (12 credit hours)

SPA 317 Spanish for the Professions (3)

SPA 404 Spanish in U. S. Professional Communities, C (3)

SPA 405 Latino Cultural Perspectives for the Professions, C (3)

SPA 484 Internship (3)\*

Elective Course Options (six credits chosen from the following list):

SPA 300- or 400-level Spanish courses focused on the professions (e.g., health care, business, medical/legal interpretation, journalism, social work, education, legal and justice studies, sustainability, engineering and urban planning) (3)

SPA 403 Spanish Grammar and Stylistics for the Professions (3)

All courses for this certificate will require a minimum grade of "C" (2.00) or better to receive credit toward fulfilling certificate requirements.

\*Students should complete a minimum of 12 credit hours in the certificate and seek instructor approval before enrolling in SPA 484.

### **Enrollment Requirements:**

For additional admission and registration requirements, please visit the school's website.

## Special Events Management Certificate (HSRTMUERT)

**Campus:** Downtown Phoenix

### **Description:**

The special events management certificate is a career enhancement program offered to nondegree-seeking students or those who already have a degree from an accredited university in any major or to students currently pursuing a bachelor's in any major.

### **Program Requirements:**

The certificate requires 18 credit hours: 15 credit hours of required core courses and three credits of electives. Courses taken as part of a university major may count toward that degree and the certificate. To earn the certificate, students must complete all course work in the certificate with a minimum grade of "C" or better. An application to the program is required.

Required Core Courses:

PRM 486 Special Events Management (3) (must take this first as prerequisite for the following required courses):

PRM 422 Entertainment, Protocol and Programming for Special Events (3)

PRM 423 Special Event On-Site Operations (3)

PRM 427 Revenue Generation for Special Events Management (3)

PRM 488 Event Marketing and Promotion (3) (iCourse, offered summers only)

Elective Courses (select one course from the following):

- CRD 301 Sustainable Communities (3)
- NLM 220 Introduction to Nonprofit Organizations (3)
- NLM 310 Volunteer Management (3)
- PRM 470 Environmental Communication (3)
- PRM 475 Entrepreneurial Recreation and Tourism (3)
- PRM 487 Advanced Special Events Management (3)
- TDM 205 Introduction to Travel and Tourism, G (3)
- TDM 345 Meeting and Convention Planning (3)
- TDM 350 Tourism, Recreation and Sports Marketing (3)
- TDM 448 Heritage and Cultural Tourism (3)

Standards:

- 18 hours of graded classroom course work (no internship, no independent study)
- minimum of a "C" (2.00) grade required for all classes in the certificate
- minimum GPA of 2.00 for those pursuing the certificate
- should be a junior to take 400-level courses

**Enrollment Requirements:**

Students wishing to pursue the special events management certificate should consult with an academic advisor in the School of Community Resources and Development. For additional information, please visit the official website.

## Speech-Language Pathology Assistant Certificate (LASLPACERT)

**Campus:** Tempe

**Description:**

The speech-language pathology assistant certificate prepares students to work with individuals with communication disorders under the direction of a speech language pathologist. Students majoring in speech and hearing science or persons already holding a bachelor's in speech and hearing science receive additional course work and clinical training to be eligible for the speech-language pathology assistant licensure and for positions working under the direction of an speech-language pathologist in schools, clinics and rehabilitation agencies that provide speech and language services.

**Program Requirements:**

The speech-language pathology assistant certificate includes 15 credit hours of course work and clinical internships completed in conjunction with the bachelor's in speech and hearing science. The student must take:

- SHS 402 Clinical Methods and Treatment of Communication Disorders (3)
- SHS 473 Implementation of Treatment Plans for Individuals with Communication Disorders (3)
- SHS 483 Professional Issues and Ethical Considerations for the SLPA (3)
- two internships (6 credits) of clinical practice (SHS 484)

Twelve of the 15 credit hours for the speech-language pathology assistant certificate must be completed at ASU. A minimum grade of "B-" is required for a course to count toward the certificate.

**Enrollment Requirements:**

Students who have completed 15 credit hours in speech and hearing science course work with at least a 2.75 GPA in those courses are eligible to apply. Applications will also be accepted from students who have completed a bachelor's in speech and hearing science or communication disorders from a program accredited by the American Speech-Language-Hearing Association, providing their GPA in the major was at least 2.75. Please contact the Department of Speech and Hearing Science for more information.

## Sports Business Certificate (BASPBCERT)

**Campus:** Tempe

**Description:**

The certificate in sports business is an innovative curriculum designed for BS undergraduate students in the W. P. Carey School of Business who are interested in deepening their knowledge in the sports business domain. Particular attention is given to providing a foundation in marketing and sales as it is applied to the sports business discipline. The certificate prepares students for success by complementing course work from a degree program with specialized business knowledge in the sports business area of interest.

**Program Requirements:**

The certificate in sports business is available to BS undergraduate business majors in the W. P. Carey School of Business. The certificate requires 15 credit hours of classes.

## Required:

MKT 430 Sports Business (3)

Choose at least two of the following three courses:

MKT 460 Sports Revenue Generation (3)

MKT 465 Projects in Sports Business (3)

MKT 484 Internship or MKT 493 Honors Thesis, L (3)

Choose up to two of the following courses:

MKT 370 Professional Sales and Relationship Management (3)

MKT 410 Sales Management (3)

MKT 435 Entrepreneurial Marketing (3)

MKT 442 Services Marketing Strategy (3)

MKT 484 Internship or MKT 493 Honors Thesis, L (3)

A "C" or better is required in all upper-division course work.

**Enrollment Requirements:**

Prerequisites: This program is available to W. P. Carey bachelor of science students with a 2.50 ASU cumulative GPA and 56 earned hours. Students must have completed MKT 300, MKT 302 or MKT 303 with a grade of "C" or better.

Students complete the certificate application, which is available online or in BA 160. Please contact the Department of Marketing for more information and also see <https://my.wpcarey.asu.edu/undergrad/academics/sports-business-certificate.cfm> (<https://my.wpcarey.asu.edu/undergrad/academics/sports-business-certificate.cfm>).

## Symbolic, Cognitive and Linguistic Systems Certificate (LAPHICERT)

**Campus:** Tempe

**Description:**

The symbolic, cognitive and linguistic systems certificate program takes an interdisciplinary approach to the symbolic representation and processing of information in human cognition, in natural languages, and in formal mathematical, logical and computing systems. Course work covers three

areas: human cognition and theories of mind, philosophy of language and linguistics, and computing and logic.

**Program Requirements:**

The certificate consists of 18 credit hours approved by an academic advisor in the School of Historical, Philosophical and Religious Studies.

Students must complete at least one computer science and engineering CSE prefix course and at least one philosophy course, preferably PHI 333 Symbolic Logic (3).

Fifteen credit hours are chosen from the following, with at least one course required from each area:

**Cognitive Systems:**

- PHI 313 Probability, Evidence, and Decision (3)
- PHI 330 Theory of Knowledge, HU (3)
- PHI 334 Philosophy of Mind, HU (3)
- PHI 401 Rationalism (3)
- PHI 402 Empiricism, HU (3)
- PSY 323 Sensation and Perception (3)
- PSY 324 Memory and Cognition (3)
- PSY 434 Cognitive Psychology, L (3)
- PSY 437 Human Factors, L (3)

**Linguistic Systems:**

- ASB 480 Principles of Linguistics (3)
- ASB 481 Language and Culture, SB (3)
- ASB 483 Sociolinguistics and the Ethnography of Communication, SB (3)
- ENG 213 Introduction to the Study of Language (3)
- ENG 312 English in its Social Setting, L or HU or SB (3)
- ENG 313 Phonology and Morphology (3)
- ENG 314 Modern Grammar (3)
- PHI 331 Philosophy of Language, HU (3)

**Symbolic Systems:**

- CSE 110 Principles of Programming with Java, CS (3)
- CSE 205 Object-oriented Programming and Data Structures, CS (3)
- CSE 240 Introduction to Programming Languages (3)
- MAT 243 Discrete Mathematical Structures (3)
- MAT 300 Mathematical Structures, L (3)
- MAT 420 Scientific Computing (3)
- PHI 313 Probability, Evidence and Decision (3)
- PHI 330 Theory of Knowledge, HU (3)
- PHI 334 Philosophy of Mind, HU (3)

Since some of the approved courses in each area have special prerequisites, students should plan their certificate course work carefully. With written approval from the director of undergraduate studies for philosophy, one substitution of a course from outside the approved list may be made. At least 12 of the 18 credit hours must be upper-division and all courses must be passed with a minimum grade of "C" (2.00).

**Enrollment Requirements:**

Any student admitted to study at ASU may complete a certificate. To apply to the university, please complete the Admission Services online application. Please contact the School of Historical, Philosophical and Religious Studies advising center for more information.

**Contact Information:**

**Teaching English to Speakers of Other Languages (TESOL) Certificate (LATESLCERT)**

**Campus:** Tempe

**Description:**

The undergraduate certificate in teaching English to speakers of other languages consists of a coherent set of courses that are related to teaching English to speakers of other languages. This certificate is designed for students who are interested in teaching English as a foreign language. It will also be a good preparation for students who want to later pursue graduate studies in the Master's of Teaching English as a Second Language program at ASU or in a similar program at another institution. Note that this certificate does not certify students to teach in Arizona public schools (K-12).

**Program Requirements:**

Any student admitted to ASU can elect to pursue the certificate program. To complete the certificate, students must complete 18 credit hours with a minimum grade of "C." Twelve of these credits will come from upper-division undergraduate classes and six of those credits must be from courses offered by the College of Liberal Arts and Sciences.

## Required classes (12):

ENG 213 Introduction to the Study of language (3)\*  
ENG 404 Studies in Second Language Acquisition (3)  
ENG 404 Studies in Second Language Acquisition (3)  
ENG 484 Internship (3)

## Electives (6):

one additional ENG 404 course (3) on a topic not used to satisfy required courses  
one course such as ENG 214, ENG 312, ENG 313, ENG 314, ENG 413  
or others approved by the advisor

\*ASB 480 Principles of Linguistics (3) or SLC 201 Introduction to Linguistics, HU or SB (3) may be substituted with approval of advisor.

**Enrollment Requirements:**

For more information about the TESOL certificate, contact an advisor in the Department of English.

## Technical Communication Certificate (LSTECERT)

**Campus:** Polytechnic

**Description:**

Through the technical communication program, students learn how to produce, design and manage information using traditional and developing technologies.

**Program Requirements:**

The undergraduate certificate requires 18 hours.

## Required courses:

TWC 301 Fundamentals of Writing for Digital Media, L (3)  
TWC 401 Fundamentals of Technical Communication, L (3)

## Choose one of the following courses:

TWC 411 Principles of Visual Communication, L (3)  
TWC 421 Principles of Web Authoring, L (3)  
TWC 431 Principles of Technical Editing, L (3)

## Electives (9):

Choose three other 400-level TWC courses.

A "C" grade or better is required for all upper-division courses in the certificate.

**Enrollment Requirements:**

The certificate is available to all admitted undergraduate students (regular or nondegree) at ASU. Once students have been admitted, they are eligible to enroll in courses to complete the certificate program. Applications are accepted throughout the year.

Please contact the college for more information.

## Technology Entrepreneurship Certificate (ESTNECERT)

**Campus:** Tempe

**Description:**

Engineers and scientists around the globe launch high-tech companies to move their ideas to the market. Studies show that the majority of innovative products and services in the economy evolve from entrepreneurial ventures. By providing knowledge and skills important to the creation and leadership of such startups, the certificate program in technology entrepreneurship aims to train the founders and leaders of tomorrow's high-tech ventures. The certificate program is designed specifically for engineers. Courses are approached from the perspective of the student whose primary interest is in technological innovation, whose primary concentration is engineering and who has little or no prior business education.

**Program Requirements:**

This 15-credit-hour certificate program is limited to students in the Ira A. Fulton Schools of Engineering and is designed to help technically oriented students analyze, launch and operate an entrepreneurial venture. The certificate program in technology entrepreneurship requires that students enroll in and complete five courses. Admission to the cohort portion of the certificate program can only occur after successful completion of the introduction course, FSE 301 Entrepreneurship for Engineers (prerequisite: junior standing in a bachelor's program in the Ira A. Fulton School of Engineering). Once admitted to the certificate program, students must also successfully complete the remaining certificate courses:

FSE 400 Creating and Launching a Technology Venture (3)  
FSE 401 Intellectual Property for Technology Ventures (3)  
FSE 402 Operating a Technology Venture (3)  
FSE 403 Entrepreneurship Practicum (3)

Certificates require a grade of "C" or better in all upper-division courses.

**Enrollment Requirements:**

The qualifications for admission to the certificate in technology entrepreneurship program are having junior standing in a bachelor's program in the Ira A. Fulton Schools of Engineering and successful completion of the selection interview process.

The selection interview process consists of two parts: a letter of intent written by the student to the selection committee and a live interview with the selection committee, which consists of at least one faculty member, one entrepreneurship program advisory board member and one member of the regular engineering faculty.

Each selection interview is conducted according to a fixed format, with each certificate program candidate having the opportunity to respond to the same set of questions. Please contact the department for more information.

## Translation Certificate (LASPACERT)

**Campus:** Tempe

### **Description:**

The translation certificate program, which focuses on Spanish and English, is designed to provide:

- advanced training required for professional translation in both public and private sectors
- preparation for the rigorous examinations required by national and international agencies
- training as an ancillary skill for professional fields, such as international business, public health, medicine and law, in accordance with guidelines recommended by the American Translators Association

### **Program Requirements:**

The certificate program consists of the following requirements:

#### Prerequisites:

SLC 400 Linguistics, SB (3) or SPA 400 Introduction to Spanish Linguistics (3) or equivalent

SPA 412 Advanced Conversation and Composition, G (3)

#### Required:

SLC 401 Translation Theory and Practice (3)

SLC 484 Internship: Translation Certificate (2)

Also required are nine hours of applied translation electives in specialized areas chosen from the following courses:

SLC 481 Technical and Scientific Translation (3)

SLC 482 Business and Financial Translation (3)

SLC 483 Medical and Legal Translation (3)

A "C" or better is required in all upper-division course work.

### **Enrollment Requirements:**

Since entry into the field of professional translation is gained through work, cultural experience and examination, the entrance requirements to this certificate program include:

- a written proficiency examination in both the source and receptor languages at the level of completion of an advanced composition course in Spanish (SPA 412) and English (ENG 301)
- extensive work experience using Spanish and English or demonstrated bilingual writing competence in English and Spanish

Please contact the school for more information.

## Women and Gender Studies Certificate (ASWSTCERT)

**Campus:** West

### **Description:**

The certificate in women and gender studies in the New College's School of Humanities, Arts and Cultural Studies examines the changing political, social, economic and cultural realities of racial, ethnic and indigenous communities in the United States and the Americas.

The certificate combines interdisciplinary topics and methods to critically analyze, unpack and address how relations of gender are embedded in, and connected to, social, political and cultural transformations. Our intellectual core draws from theories, methods and teachings in women and gender studies while engaging complementary fields of social justice, cultural studies, sexuality studies, queer studies, literature, history, sociology, psychology, oral history, ethnicity, race and indigenous studies, and transnational studies.

**Program Requirements:**

The women and gender studies certificate consists of 18 credit hours of course work, of which 12 credit hours must be upper-division (300 or 400 level).

Core Requirements (6 credit hours):

HRC 200 Introduction to Social and Cultural Analysis (3)

WST 100 Women, Gender and Society, SB, C (3)

Electives:

WST elective course work (12 credit hours)

A "C" or better is required in all upper-division courses.

**Enrollment Requirements:**

This certificate will prepare students for graduate study or a variety of fields, including business, health care, criminal justice, social services, education, public relations, nonprofits, community development, public policy and government.

Students wishing to pursue the certificate should consult an academic advisor in the unit offering that certificate to ensure the appropriate set of courses is taken and required paperwork submitted.

## Women and Gender Studies Certificate (LAWSTCERT)

**Campus:** Tempe

**Description:**

Women and gender studies, in the School of Social Transformation, provides students with an intensive interdisciplinary liberal arts education that enables them to write well, think critically and analyze problems effectively. The certificate program is equivalent to an interdisciplinary minor.

**Program Requirements:**

The women and gender studies certificate consists of 18 credit hours, 12 of which must be upper-division. Students take one of the following courses (3 credit hours):

WST 100 Women, Gender and Society, SB, C (3) or WST 300 Women and Gender in Contemporary Society, SB, C (3)

Students choose one from the following courses (3 credit hours):

WST 377 History of American Feminist Thought, H, C (3)

WST 378 Global Feminist Theory, L, C, G (3)

Twelve additional credit hours of women and gender studies electives must be taken and can be selected from any WST prefix course.

A minimum grade of "C" or higher is required in all courses.

**Enrollment Requirements:**

Students admitted to study at Arizona State University are eligible to pursue the requirements of a certificate. In order to be admitted to the university, complete the Office of Admission online application. Please contact the unit for additional information.

## Working with Military Families Certificate (LAWWMFCERT)

**Campus:** Tempe

**Description:**

There are important complexities surrounding the dynamics of military families. Military personnel, veterans and their families face unique issues and challenges such as navigating military culture and dealing with multiple deployments, trauma and deaths. Students interested in careers focusing on these families have a need to understand normative family processes, stress and coping, and military culture and leadership. The working with military families certificate is a joint program between ROTC and the T. Denny Sanford School of Social and Family Dynamics. Students enrolled in the program will take a unique combination of courses designed to focus on human development, marital and familial relationships, and military culture and family dynamics (offered by the Sanford School), as well as military leadership (offered by ROTC). Students who complete the certificate program are expected to pursue careers working to enhance the well-being of military personnel and their families as they face deployments, war, combat and stress.

**Program Requirements:**

The certificate requires 18 credit hours. A "C" or better is required in all upper-division courses.

Required Courses (12 credit hours):

FAS 101 Personal Growth in Human Relationships, SB (3)

FAS 331 Marriage and Family Relationships, SB (3)

FAS 410 Military Family Systems in a Democracy (3)

MIS 401 Advanced Military Science III (3)

Electives (3 credit hours; students may choose one of the following):

CDE 232 Human Development, SB (3)

MIS 301 Advanced Military Science I, L (3)

Internship Requirement:

FAS 484 Internship (3)\*

\*Students will be required to complete a capstone internship project that includes a field work experience, a written integrative paper and an oral presentation.

**Enrollment Requirements:**

Students in related majors can apply for the certificate through the T. Denny Sanford School of Social and Family Dynamics. Admission will be determined by the admissions committee. A student must have a minimum GPA of 3.00 in order to be considered for admission to the certificate.

## Writing (Liberal Arts and Sciences) Certificate (LAENGCERT)

**Campus:** Tempe

**Description:**

The writing certificate provides advanced writing instruction for students in any major. Students pursuing the writing certificate gain practical skills in effective communication and enhance their ability to create, structure and present information in a variety of professional settings.

**Program Requirements:**

The writing certificate consists of 19 credit hours, at least 12 of which must be completed at the upper-division level. All courses must be completed with a grade of "C" (2.00) or better. Required courses are as follows:

ENG 216 Persuasive Writing on Public Issues, L (3) or ENG 301 Writing for the Professions, L (3)

ENG 372 Document Production, L (3)

ENG 412 Creative Nonfiction (3)  
ENG 472 Rhetorical Studies, L (3)  
ENG 484 Internship: Writing Certificate Internship (3)  
ENG 498 Pro-Seminar: Writing Certificate Portfolio (1)

Also required is an additional writing course in English (three credit hours) or a writing or design course (three credit hours) selected from an approved list of courses. A list of course options is available at <http://english.clas.asu.edu/files/Writing%20Certificate%20Program2.pdf> (<http://english.clas.asu.edu/files/Writing%20Certificate%20Program2.pdf>).

All students are required to submit a portfolio before receiving the certificate.

**Enrollment Requirements:**

Application to the program requires a minimum GPA of 3.00 in ENG 101 and ENG 102, ENG 105 or ENG 107, and ENG 108. Students must also have completed at least 30 hours of course work and must have a minimum cumulative GPA of 3.00. A minimum of six upper-division hours must be courses offered by the Department of English in the College of Liberal Arts and Sciences. Please contact the department for more information.

## Writing (New College) Certificate (ASWRTCERT)

**Campus:** West

**Description:**

The certificate in writing in the New College's School of Humanities, Arts and Cultural Studies is a practical program for many students.

The writing certificate includes intensive course work that culminates in an impressive exit portfolio, a collection of work that demonstrates the skills mastered by each student during his or her studies.

Since the program offers five track options (creative writing, generalist, nonfiction writing, professional and technical writing, publishing and editing), students can tailor the certification program to their individual interests and career goals.

The School of Humanities, Arts and Cultural Studies offers this program to students enrolled in any unit of any college at ASU. Certification of advanced writing skills opens the way to a vast array of opportunities, from journalism and publishing to public advocacy, military and government careers, elementary and secondary education, business management, economic development, the law and high-tech industry. Ability to communicate clearly and directly is a key to career advancement in all aspects of business, government and community service.

Because of the value placed on good writing both in graduate programs and across all career tracks, this program is valuable to all students.

**Program Requirements:**

The writing certificate consists of 19 credit hours, 13 of which must be upper division (300-400 level). Students must complete the required track courses (18 credit hours) as well as the required writing portfolio (AMS 490 for one credit hour).

Students must complete a minimum of six upper-division credit hours offered by the School of Humanities, Arts and Cultural Studies. Students must complete 12 credit hours at ASU.

A 3.00 GPA is required in all courses taken for the certificate.

**Enrollment Requirements:**

To gain admission to the program, students must demonstrate fundamental writing skills through the completion of English composition. Students are required to submit an application, which includes at least three samples of writing from lower-division courses or independent writing projects. Applications must be submitted at least two months before the start of the semester they anticipate being admitted.

# Undergraduate Programs

## Undergraduate Degrees (Program Descriptions)

### Business, W. P. Carey School of

#### Accountancy, BS (BAACCBS)

**Campus:** Tempe, West

**Program Description:**

The School of Accountancy's undergraduate program offers two tracks during the senior year. The accounting track is followed by most students and is designed to provide a rich educational experience. The accounting master's internship is the track designed for our most highly qualified students who wish to commit to the MAcc program or the MTax program during the second semester of the junior year. The internship provides a particularly rich and individualized educational experience during the senior year. It includes a number of distinct advantages for students:

- a full-time paid internship for credit
- early consideration for scholarships and graduate assistantships
- waiver of the GMAT requirement for admission to the MAcc or MTax program

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Taxation (MTax)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Freshmen admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of high school class, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in W. P. Carey School of Business.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

#### **Career Opportunities:**

The major in accountancy includes the essential academic preparation for students who are:

- planning to pursue a graduate degree or attend law school
- pursuing professional careers in public, corporate and governmental accounting
- seeking positions in consulting, or planning to operate a business
- seeking positions in personal financial planning and portfolio analysis

The U.S. Bureau of Labor Statistics' Occupational Outlook Handbook (2010-2011) states, "Employment of accountants and auditors is expected to grow by 22 percent between 2008 and 2018, which is much faster than the average for all occupations. Job opportunities should be favorable; accountants and auditors who have a professional certification, especially CPAs, should have the best prospects."

## **Agribusiness (Global Agribusiness), BS (AGAGBGABS)**

**Campus:** Polytechnic

#### **Program Description:**

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The programs offered through the highly respected Morrison School of Agribusiness and Resource Management prepares graduates for success in graduate school or a wide range of careers.

The BS in agribusiness teaches students the business of agricultural production, finance, marketing and distribution. Through a technology-rich curriculum that focuses on real-world projects, students explore global agribusiness issues such as international trade, food safety and sustainability.

The concentration in global agribusiness is an applied, industry-oriented curriculum. This concentration is specifically designed to meet the needs of the students interested in studying the business aspects of agriculture in the domestic and global economy. Students learn to analyze and manage issues involved in food manufacturing, input and output supply activities, commodity trading and food distribution.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Freshman and transfer students must submit either an SAT Reasoning test score or an ACT test score by the end of the first semester in the program (we do not require the writing portion of these tests). There is no minimum score requirement.

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Accounting for more than 50 percent of the global economy and employing 25 percent of Americans, agribusiness brings food from the farm to the global table. Possible career paths include

- finance and technical positions with private agribusiness firms and governmental agencies
- management
- marketing
- veterinary medicine

## Business, BA (BABUSBA)

**Campus:** Polytechnic, Tempe, West

**Program Description:**

The BA in business provides an innovative, interdisciplinary approach to learning, which broadens career options upon graduation. Not only will students acquire a strong grounding in the principles of business, they will also immerse themselves in course work outside the business school, supplementing the business degree.

Students in this program will learn how to apply core business knowledge in one of the following disciplines:

- agribusiness (global agribusiness)
- Chinese language and culture
- communication
- food industry management
- global leadership
- global logistics management
- global politics
- human resources
- law
- public service and public policy
- retail management

- Spanish language and culture
- sports and media studies
- statistics
- sustainability
- technology
- tourism management
- urban policy

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## **Business (Chinese Language and Culture), BA (BABUSCLBA)**

**Campus:** Tempe

**Program Description:**

The mission of the concentration in Chinese language and culture within the BA in business degree is to create global business professionals who can function culturally and linguistically in the business environment in China and domestically. As China becomes an increasingly important participant in the global economy and as the manufacturing and financial sectors become more globalized, the need for business professionals skilled in communicating in the Chinese language is growing. Through a network of 26 flagship programs at 22 institutions of higher education across the U.S., the language flagship graduates students who will take their place among the next generation of global professionals, commanding a superior level of proficiency in languages critical to U.S. national security and economic competitiveness. This program will prepare participants to function professionally in Chinese within diverse business fields.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

### **Career Opportunities:**

This degree provides students with fundamental business skills, linguistic training, critical thinking and the intercultural competencies required to work in the increasingly globalized world markets that now rely on trade and commerce with China. Students who successfully complete this program will be equipped to play a key role in companies and organizations seeking out new markets or dealing with international interests in the U.S. Graduates will be suited to the demands of small business enterprises as well as multinational companies. Currently there are demands for Mandarin-speaking business professionals in the hotel and tourism industry and the consulting, banking and finance, international trade, sports management and media fields.

## **Business (Communication), BA (BABUSCBA)**

**Campus:** Lake Havasu, Polytechnic, Tempe, West, Online

### **Program Description:**

The BA in business with a concentration in communication is an innovative, interdisciplinary program intended to prepare students for positions in a variety of professions in which business and communication play an important role in ensuring success. Graduates of this program will have specific knowledge of business practices and the capacity to effectively communicate complex business information. Students in this program will complete rigorous courses within the communication concentration in addition to the skill and core courses required of all W. P. Carey School of Business majors.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-business-concentration-communication?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-business-concentration-communication?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

#### **Career Opportunities:**

Business communication has exploded as a distinct professional field as companies require rapid and considered responses, from conveying ordinary information to crisis communications. Historically, these positions have been staffed with people trained in communication, English, journalism or other fields but lack specific business knowledge. Graduates of this program will be qualified to enter these positions with knowledge that will be immediately useful to potential employers while advancing their careers.

## Business (Global Agribusiness), BA (BABUSGAGBA)

**Campus:** Polytechnic

**Program Description:**

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The concentration in global agribusiness teaches students the business of agricultural production, finance, marketing and distribution. Through a technology-rich curriculum that focuses on real-world projects, students explore global agribusiness issues such as international trade, food safety and sustainability. The concentration is an applied, industry-oriented curriculum. It is specifically designed to meet the needs of students interested in studying the business aspects of agriculture in the domestic and global economy. Students learn to analyze and manage issues involved in food manufacturing, input and output supply activities, commodity trading and food distribution.

**Additional Program Fee:** Y

**Second Language Requirement:** N

## Business (Global Logistics Management), BA (BABUSGLBA)

**Campus:** West, Online

#### Program Description:

An efficient logistics management system is critical to the success of global corporations, making sure the supply of goods and services flowing through the system closely matches the demand. Logistics management professionals manage, coordinate and transport products from raw materials to the finished goods sitting on a local store shelf or offered by an online retailer. Efficient logistics is a key reason consumers can buy an ever-increasing variety of goods and services at remarkably low prices. Not surprisingly, logistics also plays a major role in the health care industry where efficient, effective delivery systems are gaining significant traction.

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

Logistics management focuses on integration and partnerships necessary to meet customer needs on a timely basis, with relevant and high-quality products produced and delivered in a service-effective manner. This program will train students to be strategic thinkers, excellent analysts, effective communicators and team leaders who are focused on efficiency, effectiveness and increasing revenue. Logistics management professionals hold a range of job titles and engage in a wide variety of activities in the private, nonprofit and governmental sectors. The current CEOs of Apple and Walmart previously held logistics-related positions at those organizations. This demonstrates the high value of leaders who understand the importance logistics adds to enterprise success.

**Campus:** Online

### Program Description:

The BA in business with a concentration in retail management provides a business curriculum focused on the knowledge and skills needed for leadership roles in the retail industry. The program provides the full business core plus 18 hours of retail-specific course work. The degree has been developed in collaboration with faculty and industry professionals to provide a curriculum responsive to industry needs.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements.

Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

### Career Opportunities:

The bachelor's in business with a concentration in retail management will prepare students to work in the retail industry. Students will gain knowledge in all business core areas as well as specific knowledge in retail. Drawing on course work from four areas in the concentration, students will have broad preparation and leadership skills to assume positions of responsibility in the retail industry. Below are several anticipated career opportunities for students completing the bachelor's in business with a concentration in retail management.

- administrative services manager

- business manager
- food service managers
- general and operations management
- management analyst
- operations specialist
- purchasing or buying manager
- sales managers
- training and development managers
- wholesale and manufacturing representative

## **Business (Sports and Media Studies), BA (BABUSMSBA)**

**Campus:** Polytechnic, Tempe

**Program Description:**

The W. P. Carey BA in business with a concentration in sports and media studies is attractive to a number of students with an interest in the sports industry. This concentration has been planned to provide students the necessary skills to build knowledge and understanding of the development of the strategic business process in sports organizations and its relationship to media. The proliferation of mass communication (including television, game systems and social networks) has transformed sports into a highly commercialized industry, and in turn sports continue to generate revenues for these businesses. The interaction between sports and media has led to a multitude of applications of business knowledge to these fields. The sports and media studies program will offer a strong focus on applied elements of the sports industry, especially as it relates to media and its impact on the industry.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

#### **Career Opportunities:**

Interest in sustainability issues is growing and, most likely, will be increasingly important to business in the next few years. People around the world are asking serious questions about how they can understand, evaluate and act on issues related to sustainability while making sensible business decisions for both the short and long run. Qualified individuals are needed, those who understand the societal, scientific and business aspects of the issues. Graduates from this degree program will fill these needs.

## **Business Data Analytics, BS (BABDABS)**

**Campus:** Tempe, Online

#### **Program Description:**

The BS in business data analytics prepares business students with the requisite knowledge, skills and experience to create and manage big data initiatives as well as associated business processes to facilitate large-scale business data analytics in organizations. The program cultivates organizational and technical competencies to implement data gathering, cleansing, integration and modeling tasks as well as data asset analysis for business applications. Graduates will serve as architects, change agents and analytics tool suite operators for business and government. The program covers data warehousing, dimensional modeling, big-data analytics methods, and visualization tools and techniques, and it introduces topics such as data mining and predictive analytics.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of the high school class, OR have an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT

score OR 25 ACT score OR the student must have graduated in the top eight percent of the high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside W. P. Carey School of Business.

Students with less than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in exploratory social and behavioral sciences in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The demand for employees with business analytics skills is strong, with close to 89 percent of employers indicating that their needs for skilled new recruits in business data analytics will increase in the future (Occupational Information Network O\*NET). Students can become data analysts, data architects, data visualization developers, data change agents and data operators.

## Business Entrepreneurship, BS (BABUENTBS)

**Campus:** Tempe

**Program Description:**

The BS degree prepares students to identify, evaluate and develop entrepreneurial opportunities in existing companies or through new ventures. Students earning the degree may choose to start a new venture, work for a start-up or a small business, or work as an innovator within an existing organization. The degree has an emphasis on collaboration, leadership, communication and team-building as well as development in refined analytical, managerial and leadership skills appropriate for people who want to change the world through innovation.

Students in the degree will frequently collaborate with students from across the university. The program gives students a breadth of understanding in all business disciplines and a depth of understanding in opportunity recognition, feasibility, management of resources and strategy. Students completing the program will have an understanding of the unique requirements of an entrepreneur and will learn how to operate effectively to identify market opportunities, innovative solutions and execution strategies.

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshmen admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of high school class, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside of the W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside of the W. P. Carey School of Business.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

## **Business Exploratory, (BABUSEXP)**

**Campus:** Tempe

#### **Program Description:**

Virtually every profession and organization uses business in some way. Business exploratory students have an opportunity to explore a variety of areas in business prior to selecting one of our nine majors:

- accountancy
- business data analytics
- business entrepreneurship
- computer information systems
- economics
- finance
- management
- marketing
- supply chain management

the skills and knowledge needed in today's companies --- whether they are starting their own businesses or working in large multinational corporations. Additionally, many graduates attend some of the best graduate schools in the country in a variety of disciplines.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

This major has higher admission standards. To be admitted, freshmen need a 1160 SAT Reasoning score OR 25 ACT score, OR they must be among the top eight percent of their graduating high school class OR have an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Transfer students (with 30 or more semester hours of credit after high school) must have a 3.00 GPA or higher, AND an SAT Reasoning score of 1160 OR a ACT score of 25 OR graduated in the top eight percent of their high school class.

**Career Opportunities:**

Students in business exploratory will graduate from one of nine degree programs in the W. P. Carey School of Business. See those programs for career opportunities.

## Computer Information Systems, BS (BACISBS)

**Campus:** Tempe

**Program Description:**

Computer information systems are part of every business and organization. This degree teaches students about the exciting and innovative ways that information technology is used to help organizations succeed. Our dedicated faculty members teach students how to design, build and maintain information systems that support business operations and managerial decision-making. In particular, students will learn about:

- business intelligence for competitive advantage
- business process for workflow redesign
- data management for decision-making
- distributed systems for collaboration and globalization
- enterprise integration for synergy
- project management
- solution development for value creation

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Currently there is a shortage of information systems professionals and many more jobs than graduates. With a degree in computer information systems, career choices are limitless. A computer information systems degree offers job opportunities in a variety of industries, including:

- education
- entertainment
- finance
- health care
- national defense
- transportation

Information systems are key components in the success of other functional business areas such as accounting, supply chain, finance and marketing. Entry-level information systems positions include:

- computer forensics analyst
- database administrator
- information systems consultant
- information technology security manager
- network administrator
- project manager
- software or systems developer
- systems administrator
- systems analyst

Long-term career aspirations for a student with a computer information systems degree include:

- chief executive officer
- chief information officer
- chief knowledge officer
- chief security officer

- chief technology officer

## Economics, BS (BAECNBS)

**Campus:** Tempe

**Program Description:**

The program requires a strong core of economic theory, supplemented by mathematics and data analysis. Students in our BS program choose from a variety of electives within the department as well as from within the W. P. Carey School of Business and the university. All students are encouraged to develop programs of study tailored to individual needs and interests. The undergraduate program provides students with the critical thinking and communication skills needed to succeed in business or graduate school. The department's mission is to provide the highest quality instruction to students, conduct cutting-edge research in economics and provide leadership and service to professional communities.

**Additional Program Fee:** Y

**Second Language Requirement:** N

### **Career Opportunities:**

A major in economics provides students with the analytical and quantitative skills needed to prepare them for careers in business, government or public policy. The program of study can also be tailored to prepare students for graduate programs in economics, business or law. Students interested in pursuing a PhD in economics are strongly encouraged to minor or major in mathematics as well.

Graduates have taken positions such as:

- consultants who serve as advisers to state and federal governments as well as private corporations
- corporate economists who collect data and make forecasts relevant to the firm's business
- employment in banking and financial services firms

Each year, many graduates pursue studies at other prestigious universities.

## **Finance, BS (BAFINBS)**

**Campus:** Tempe

### **Program Description:**

The finance department has a rich tradition of educating leaders who excel in all aspects of the discipline of finance. Whether ascending to the top ranks of the venture capital industry, executing multimillion-dollar real estate deals or becoming successful entrepreneurs with their own ideas and drive, our graduates are equipped to succeed.

In particular, our Investment Banking Industry Scholars program mentors students interested in going to Wall Street. Our student investment management fund provides undergraduates the opportunity to manage a real-world investment portfolio worth hundreds of thousands of dollars.

The faculty members are considered among the top in the world. Our professional advisory board, comprised of leading professionals from the financial services, manufacturing, energy, investment banking and real estate sectors, provides a sounding board for new ideas and is a resource of jobs for our top graduates.

## Food Industry Management, BS (BAFIMBS)

**Campus:** Polytechnic

**Program Description:**

This food industry management program is unique and has been developed in close coordination with partners in the food industry to help ensure

graduates have the knowledge and skills needed to become immediate leaders in the industry. Students will combine core courses in business disciplines (finance, marketing, management, accounting, supply chain management and economics) with courses specific to the food industry.

Students will select from courses in:

- environmental management and sustainability
- food industry sales and management
- food marketing strategy
- food supply networks
- food retailing
- futures and options markets
- innovation and food product development
- insurance
- pricing and promotion strategy in food markets
- retail information analysis
- risk management

Each of these courses addresses a different issue in which fundamental concepts, theoretical approaches, analytical methods and industry practice are unique to the food industry.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Freshman and transfer students must submit either an SAT Reasoning test score or an ACT test score by the end of the first semester in the program (we do not require the writing portion of these tests). There is no minimum score requirement.

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Readmission requirements: must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer applicants must have a 3.00 GPA for all transfer work and meet university transfer admission requirements. Transfer students should select an additional major, which must be outside W. P. Carey School of Business, when applying for admission.

Students with fewer than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to the College of Letters and Sciences will be contacted to select an appropriate major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The BS in food industry management prepares students for business careers in the food industry, which is defined as the group of firms and organizations involved with manufacturing, marketing and distributing food beyond the farm to retail stores, restaurants and institutions such as schools and hospitals. Employing one in six people nationwide, there is a growing demand for professional management in an industry that is becoming increasingly competitive, sophisticated and global.

Potential careers for graduates include, but are not limited to:

- brand manager for a food manufacturing firm
- commodities trader for an investment bank or hedge fund
- district manager for a food retailer
- loan officer for a bank with a food-industry portfolio

## Management, BS (BAMGTBS)

**Campus:** Polytechnic, Tempe, West, Online

**Program Description:**

The BS in management prepares students to become effective managers and team leaders by providing theoretical and conceptual knowledge and building critical skills such as:

- analytical research and problem-solving
- communication
- critical thinking
- global applications
- leadership
- personal ethics and integrity
- teamwork

The curriculum includes the fundamentals of the global economy, the world of e-business, ethics, human resource and strategic management, and collaborative team skills. Throughout the program, theories and concepts of management and ethical leadership are enhanced by experiencing and testing these concepts in skill-based exercises, case discussions and real-world team-based project work.

**Additional Program Fee:** Y

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of the high school class OR have an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside of the W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: must meet Freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of the high school class.

Transfer students should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other business or other degree program outside of the W. P. Carey School of Business.

Students with less than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social and behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 transfer hours who are not admissible to a W. P. Carey School of Business major and who did not select a second

major or are not admissible to their second major choice will be prompted in My ASU to select a new major.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

While the number and quality of job opportunities in advertising and brand management is relatively small, the number of entry-level positions in digital marketing has exploded. A sampling of career opportunities include:

- digital account manager
- digital marketing analyst
- digital marketing coordinator
- digital marketing specialist
- electronic marketing specialist

## Marketing (Professional Sales), BS (BAMKTPSBS)

**Campus:** Tempe

**Program Description:**

The BS in marketing with a concentration in professional sales was designed for undergraduate students of marketing who are interested in pursuing the many opportunities in professional sales. Including courses in professional sales as well as sales management, this program prepares students to be successful account managers or sales team leaders in both business-to-business and business-to-consumer settings. An internship in sales, as a component of the professional sales concentration, is required.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements: 1160 SAT Reasoning OR 25 ACT score, OR graduated in the top eight percent of the high school class OR have an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

Freshmen should select an additional major when applying for admission. Additional choices may include any of the W. P. Carey business BA programs or any other degree program outside of the W. P. Carey School of Business. Students who are not admissible to a W. P. Carey business BS major and who did not select a second major or are not admissible to their second major choice will be placed in a business BA program in the W. P. Carey School of Business.

Readmission requirements: must meet freshman admission requirements by way of high school GPA, test score or class rank and must have a 3.00 transfer GPA (if applicable) and a 3.00 cumulative ASU GPA.

Transfer admission requirements (30 or more semester hours of credit after high school): 3.00 transfer GPA and one of the following: 1160 SAT score OR 25 ACT score OR the student must have graduated in the top eight percent of the high school class.

## **Supply Chain Management, BS (BASCMBMS)**

**Campus:** Tempe

#### **Program Description:**

Supply chain managers coordinate the purchase of raw materials, manufacturing and transportation of materials across multiple vendors and multiple countries to provide the services and finished goods sitting on a local store shelf or available through an online retailer. It is a key reason that people can buy an ever-increasing variety of goods and services at remarkably low prices.

The supply chain management program provides W. P. Carey School of Business students with an in-depth knowledge of integrated supply chain management. The curriculum focuses on:

- execution systems
- logistics
- negotiations
- operations
- planning
- procurement
- strategy development

Classes are small and use projects and case studies to bring the material to life.

This program is consistently ranked as one of the top supply chain programs in the world, providing students an opportunity to be recruited by many leading international companies in many different industries.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Sustainability, BA

**Career Opportunities:**

Career track progression can lead to the vice president level in supply-chain-related areas. Firms recruit ASU supply chain management graduates from around the world and in all sectors of the economy, including:

- health care
- manufacturing
- public and private
- retail
- service

Students from our program are highly sought after, and we have excellent placements. The following are some positions that our graduates have obtained:

- buyer or planner
- commodity manager
- distribution manager
- Internet marketing analyst
- inventory specialist
- logistics planner
- materials manager
- operations planner or analyst
- planner or analyst
- product forecaster
- production coordinator
- production line manager
- production scheduler
- quality control specialist
- supply management analyst

## Design & the Arts, Herberger Institute for

### Architectural Studies, BSD (ARSTDBSD)

**Campus:** Tempe

**Program Description:**

Architects design buildings and environments that are useful, sustainable and aesthetically pleasing. This implies an understanding of people's needs; the science and technology of building and the concepts of aesthetics. The faculty in The Design School offer a BSD in architectural studies. In addition to developing knowledge and skills in architectural design, building technology, landscape architecture and professional practice, students are encouraged to select electives from a broad range of approved courses within the institute and across the university. These electives may be selected to devise a minor, to further professional study or in some other fashion enrich the student's academic experience.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates of the bachelor's program who wish to become licensed can complete their professional studies by attending graduate school and

earning the accredited professional master's. In Arizona, other graduates work for registered architects for several years before taking their licensing examination. Some begin their careers working for small offices of 10 to 20 people; others work for very large firms, industries, corporations or governmental agencies.

## Art (Art Education), BFA (FAARTEBFA)

**Campus:** Tempe

**Program Description:**

The BFA in art with a concentration in art education involves:

- facilitation of the teaching of art
- art learning strategies and processes
- policy-making in art
- the study of art

The program focuses on public and private K-12 instruction, art in higher education, and educational programs in art museums. Students investigate issues in art teaching and learning from multiple perspectives, including:

- art inquiry
- context
- development
- studio
- visual culture

In addition to their art education course work, students are required to take course work in the various studio programs offered in the School of Art.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

All art students will be admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements including foundational course work and successfully passing a portfolio review to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division course work in the studio. There is no portfolio review process at the time of admission to ASU for freshmen.

Students in their second year who are interested in studio art and art education will obtain a signed BFA declaration form after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies will submit a declaration form in the semester in which they complete 30 hours. The student's major will be changed upon successful completion of the portfolio. Students may choose to remain in and complete the Bachelor of Arts (art studies) in which case no portfolio is required.

Transfer students who have completed the foundational core and pre-art requirements may submit a portfolio for review before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two year degree and have completed the foundational core and pre-art requirements, apply and submit a portfolio in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

**Career Opportunities:**

Graduates who also complete the state certification requirements for an art specialist certificate can teach in public and private elementary schools, middle schools and high schools. Graduates who do not seek state certification may find opportunities for jobs with art museums and recreational or community service groups that offer art instruction.

## Art (Art History), BA (FAARTHBA)

**Campus:** Tempe, Online

**Program Description:**

The BA in art history is a comprehensive degree designed to train students to engage with visuality in multiple ways. It offers a diverse curriculum intended to foster critical understanding of the aesthetics, production, patronage and consumption of art. Internationally recognized faculty offer classes across many cultures and time periods, geographies and multiple approaches and methodologies.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen students applying to the Herberger Institute School of Art enter ASU as art exploratory majors in the School of Art. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically students in their second year interested in studio art and art education will submit a portfolio for review once they have completed their core requirements and are completing the last of the 12 hours of 200-level art requirements or if they are interested in art history or museum studies, they will submit a declaration form in the semester in which they complete 30 hours.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel

and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-art-history?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-art-history?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates in art history at the bachelor's level find employment opportunities in commercial art galleries, entry-level jobs with art publications and in museums. A graduate degree is essential for professional jobs; a master's degree prepares individuals to teach at the community college level or to gain entry into museums, auction houses and publishing companies. The PhD is a necessity for employment as a university or college teacher and for responsible administrative posts in the museum and publishing world.

## Art (Art Studies), BA (FAARTSTDBA)

**Campus:** Tempe

**Program Description:**

The art studies curriculum offers students a broad educational foundation in the arts and general studies. The BA in art with a concentration in art studies is an interdisciplinary program featuring course work in art history, studio art, performing arts and a range of arts-related courses throughout the university. This concentration offers students a great deal of flexibility in planning course work. The scope of offerings in art and elsewhere on campus is unparalleled at smaller institutions. An art studies student can assemble an art-related curriculum focused on individual student needs, in consultation with a faculty advisor.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen may apply directly to the art studies program; there is no portfolio review for this major.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 semester hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 semester hours of resident credit in the major as approved by the faculty.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates work in arts-related fields such as:

- arts administration
- galleries
- service-related art fields

Career opportunities are also available with employers who seek graduates with a well-rounded humanities education.

## Art (Ceramics), BFA (FAARTCBFA)

**Campus:** Tempe

**Program Description:**

The BFA ceramics program provides a stimulating and challenging environment for artistic and intellectual growth. With the realization that discipline, familiarity with historical precedents and freedom go hand in hand with creative activities, the area strikes a balance between the acquisition of traditional skills and the promotion of independence and innovation. Responsibility is placed on the individual student to find personally meaningful content and an effective means to express that content within the ceramic arts. The ceramics program features a complete and varied line of kilns, wheels and other equipment. World-renowned faculty ensure that graduates of the program learn the techniques and concepts that will enable their work to take any direction they wish. A strong guest artist schedule enhances the program and the Ceramics Research Center at the ASU Art Museum, with its collection of more than 3,000 pieces, provides unparalleled opportunities to study and research ceramics.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

## Art (Drawing), BFA (FAARTDBFA)

**Campus:** Tempe

**Program Description:**

The BFA drawing program offers a learning environment for creative, intellectual and technical growth that leads to quality art practice and professionalism. The program encourages a wide spectrum of approaches to contemporary drawing as visual expression, ranging from traditional to innovative. Students work under the guidance of a large full-time faculty of active professionals who are nationally and internationally recognized. Visiting artists of national stature enhance the program with lectures and individual undergraduate critiques.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

#### **Career Opportunities:**

Graduates complete the program with drawing skills that enable them to apply for positions that require knowledge in drawing or two-dimensional conceptual skills. Further education, either formal or informal, is usually necessary to refine their skills in a very competitive marketplace. Many graduates continue their education in an MFA graduate program, which allows them to develop their talent further and to teach. Some take jobs in related fields, such as galleries and museums, allowing them to continue producing their own creative work.

## **Art (Fibers), BFA (FAARTFBFA)**

**Campus:** Tempe

#### **Program Description:**

The BFA fibers program cultivates an environment that stimulates creative and intellectual growth. Students are encouraged to discover their distinctive expression informed by knowledge and skills related to surface design, woven structures and 3-D structures. Course work covers processes from basic carding, spinning, dyeing and felting to the use of the loom. Throughout, students are challenged to utilize and interpret textile traditions while considering innovative and interdisciplinary approaches to contemporary art.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

All art students will be admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements including foundational course work and successfully passing a portfolio review to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division course work in the studio. There is no portfolio review process at the time of admission to ASU for freshmen.

Students in their second year who are interested in studio art and art education will obtain a signed BFA declaration form after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies will submit a declaration form in the semester in which they complete 30 hours. The student's major will be changed upon successful completion of the portfolio. Students may choose to remain in and complete the Bachelor of Arts (art studies) in which case no portfolio is required.

Transfer students who have completed the foundational core and pre-art requirements may submit a portfolio for review before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two year degree and have completed the foundational core and pre-art requirements, apply and submit a portfolio in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

#### **Career Opportunities:**

Graduates are prepared to establish their own studios and begin making art or design fabrics for use as interior fabrics or as one-of-a-kind garments. Students are also prepared to begin a graduate program. Some undergraduates have gone to New York City to work in the field of designing textiles. Others prefer to focus on their own art for exhibition. Graduates also set up their own studios and design wearable or fabrics for interior use, while others make their living by doing commissioned work for interior spaces.

## **Art (Intermedia), BFA (FAARTIBFA)**

**Campus:** Tempe

#### **Program Description:**

The BFA intermedia program is conceptually driven, with an interdisciplinary approach to art-making. Students work with experimental studio practices, performance and digital media to explore new avenues for self-expression, collaborative practice and community action. The program covers a wide range of conceptual and media orientations reflecting the professional practices of a growing team of faculty members. Currently, emphasis in performance, installation, mixed media, digital video, digital sculpture, animation and Web art are offered. Interaction and collaboration across other areas in the School of Art, including sculpture and photography, are encouraged and supported.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Additional Program Fee:** N

**Second Language Requirement:** N

## **Art (Metals), BFA (FAARTMBFA)**

**Campus:** Tempe

**Program Description:**

The BFA metals program offers a wide range of traditional and nontraditional approaches to:

- attention to detail
- creativity
- critical thinking
- emphasizing craft skills
- metalworking

A well-equipped studio with a wide variety of metal-smithing tools is offered. Students explore the close relationship with the School of Art's sculpture and foundry programs, learn important entrepreneurial skills, and receive a strong foundation in technical vocabulary and methods for working with metal while being encouraged to experiment with alternative materials and techniques.

Students have the opportunity to gain knowledge and skills through additional educational opportunities that include:

- conferences and symposia
- internship possibilities
- lectures
- visiting artists
- visits to artist studios, museums and exhibitions
- workshops

ASU is located in proximity to numerous galleries and museums as well as local organizations such as:

- The Arizona Artist-Blacksmith Association
- The Arizona Designer Craftsmen
- Metalink

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Art (Museum Studies), BA (FAARTMSBA)**

**Campus:** Tempe

**Program Description:**

Museum studies students explore:

- art galleries
- art history
- art museums
- public art programs
- visual arts organizations

The BA in art with a concentration in museum studies undergraduate program at ASU is one of the most rigorous in the U.S. The program ensures that students are knowledgeable in:

- art history
- critical writing skills
- foreign languages
- museums, galleries and visual arts organizations

The curriculum includes art history courses taught by faculty with diverse specialties. Museum professionals and arts administrators teach specialized classes in their areas of expertise. Internships enable students to work directly with working arts professionals in their field of interest.

Students must take courses in:

- art history
- galleries and museums
- research
- small business

Course work may also include classes in nonprofit management and arts policy.

Students must also demonstrate an ability to read at least one foreign language.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students meeting the university requirements for admission may matriculate in the Herberger Institute for Design and the Arts. Separate admission procedures and approvals are required for some programs within the college. Students must contact specific departments or schools for details.

Freshmen students applying to the Herberger Institute School of Art enter ASU as art exploratory majors in the School of Art. There is no portfolio review process at the time of admission to ASU for freshmen.

Typically students in their second year interested in studio art and art education will submit a portfolio for review once they have completed their core requirements and are completing the last of the 12 hours of 200-level art requirements or if they are interested in art history or museum studies, they will submit a declaration form in the semester in which they complete 30 hours.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### **Career Opportunities:**

Museum studies graduates find employment in art galleries, art-based organizations and entry-level positions with art publications and museums. A graduate degree is necessary for professional positions. An MA prepares individuals to teach at community colleges and to gain entry into museums, auction houses and publishing companies. The PhD is necessary for employment as a faculty member at a university or for administrative posts in museums and higher education.

## **Art (Painting), BFA (FAARTPABFA)**

**Campus:** Tempe

#### **Program Description:**

The BFA program in painting offers a learning environment for creative, intellectual and technical growth that leads to quality art practice and professionalism. The program encourages a wide spectrum of approaches to contemporary painting as visual expression, ranging from traditional to innovative. Students work under the guidance of a large full-time faculty of active professionals who are nationally and internationally recognized. Visiting artists of national stature enhance the program with lectures and individual undergraduate critiques.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

#### **Career Opportunities:**

Graduates complete the program with the painting skills that enable them to apply for positions that require knowledge in painting or two-dimensional conceptual skills. Further education, either formal or informal, is usually necessary to refine their skills in a very competitive marketplace. Many graduates continue their education in an MFA graduate program, which allows them to develop their talent further and to teach. Some take jobs in related fields, such as galleries and museums, allowing them to continue their own creative work.

## **Art (Photography), BFA (FAARTPHBFA)**

**Campus:** Tempe

#### **Program Description:**

Students in the BFA program in photography are offered a solid education in the creation and analysis of photographs as a form of creative expression. Students work in a wide range of photographic media including specialized nineteenth century processes, traditional black and white and state-of-the-art digital output. The internationally recognized photography faculty at ASU is diverse, representing and encouraging a wide range of approaches to the creation of photo-based art. Students learn to be self-disciplined, self-directed, to understand complex ideas around how images function in their work and to develop a strong sense and control of the craft of photography. The Northlight Gallery engages students and provides opportunity to learn about gallery and museum practice through mounting exhibitions, working with artists and the collection.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Career Opportunities:**

A degree in the arts offers students a pathway to a rich and varied choice of careers. Students with a photography degree may work as independent studio photographers or contract for commercial work for firms, museums, galleries, individuals and other artists. The bachelor's is essential for advanced study leading to the terminal MFA. This advanced degree offers opportunities in:

- curatorial work in galleries, museums and historical collections
- history or studio areas
- nonprofit arts organization management
- university teaching

## Art (Printmaking), BFA (FAARTPMBFA)

**Campus:** Tempe

**Program Description:**

The BFA program in printmaking provides a complete studio experience with regular courses in:

- book arts
- digital processes
- intaglio
- lithography
- papermaking
- photogravure
- relief
- screenprint
- other graphic applications

Four full-time accomplished faculty teach in spacious, well-equipped studios, offering a complete range of print media. While individual students are encouraged to pursue a personal direction, the faculty encourages students to become well-rounded printmakers by experiencing and

understanding many media, processes and approaches. No style, technique or aesthetic approach is stressed over another, so that the individual quality of each student's work is the essential measure of achievement. Collaboration, experimentation and interdisciplinary approaches to making art are encouraged and students often work with other areas in the School of Art, such as photography, intermedia, painting and drawing, and sculpture.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit: <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

**Career Opportunities:**

Trained printmakers are working artists, practicing the expression of a personal understanding of their place in the world. They may find employment as artists or printmakers in schools of all levels teaching the execution and appreciation of visual art. They also work in fine art print studios, executing original prints for other artists. Printmaking skills such as screenprinting or photomechanical, and digital techniques, acquired for the production of art, also have commercial, nonart applications that may afford skilled employment. Artists with printmaking skills may also work with graphic designs, illustrations and signage or may work in museums, conservation, publishing, galleries and in other art-related activities. Additionally, their art may sell successfully in the open marketplace.

ART 102

## Art (Sculpture), BFA (FAARTSBFA)

**Campus:** Tempe

### Program Description:

The BFA program in sculpture recognizes the broad, interdisciplinary nature of sculpture today. A wide range of media now falls within an expanded definition of sculpture. Course work includes:

- architectural sculpture
- foundry
- interactive and kinetic sculpture
- neon
- small metals
- wood
- video and sound installation

While classes run the gamut of the contemporary sculpture environment, there also is an emphasis on helping students put today's creations in the contexts of the history of sculpture and the larger field of contemporary art. Critical inquiry is augmented by courses in the art history program. Visiting artists, curators and critics connect students to the contemporary context.

All students who are admitted to the major must pass a portfolio review to continue in the major after successful completion of the art foundational course work. For more information on the portfolio review process, visit <http://art.asu.edu/admissions/undergrad/applying/> (<http://art.asu.edu/admissions/undergrad/applying/>).

**Program Math Intensity:** General

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

All art students will be admitted to ASU into the Bachelor of Arts (art studies) program. They must complete a series of requirements including foundational course work and successfully passing a portfolio review to be eligible for study in one of the school's Bachelor of Fine Arts degree programs, which include upper-division course work in the studio. There is no portfolio review process at the time of admission to ASU for freshmen.

Students in their second year who are interested in studio art and art education will obtain a signed BFA declaration form after completing the core requirements and during completion of the last of the 12 hours of 200-level art requirements. Students interested in art history or museum studies will submit a declaration form in the semester in which they complete 30 hours. The student's major will be changed upon successful completion of the portfolio. Students may choose to remain in and complete the Bachelor of Arts (art studies) in which case no portfolio is required.

Transfer students who have completed the foundational core and pre-art requirements may submit a portfolio for review before they have been admitted to ASU. To complete an undergraduate degree in four years, it is recommended that community college transfer students, who are completing a two year degree and have completed the foundational core and pre-art requirements, apply and submit a portfolio in the semester they are completing their community college degree or the semester before they plan to enter Arizona State University.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

college must complete a minimum of 15 credit hours of resident credit in the major as approved by the faculty.

**Career Opportunities:**

Graduates are prepared to embark on a lifetime exploration of the many aspects of 3-D art. Positions are available in:

- 3-D design
- the fabrication and design of exhibitions
- the motion picture industry
- set design
- teaching
- welding

Academic posts and positions with museums generally require advanced degrees. Many students also prefer to establish their own studios after graduation.

## Arts (BA in the Arts), BA (FAATSBA)

**Campus:** Tempe

**Program Description:**

The BA in the arts is an interdisciplinary degree program designed for students who are passionate about the arts and interested in combining knowledge about multiple arts disciplines. Students will gain an increased understanding of the theoretical, historical and cultural forces that shape the arts through an open-ended path for exploration and development of a range of skills that will be valuable for advanced study in multiple areas.

The major includes a common core for all students, and students choose a focus from:

- arts administration
- entertainment design
- fashion design
- historical and theoretical studies in the arts
- individualized focus designed by the student and subject to approval by the institute's standards committee and the dean's office

**Additional Program Fee:** N

**Second Language Requirement:** Students pursuing the historical and theoretical studies focus area must demonstrate foreign language proficiency. Remaining focus areas do not have a second language requirement.

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

As the population in the state of Arizona grows, numerous arts organizations are developing to provide cultural and artistic experiences for our residents. These organizations will need and demand individuals with the necessary critical thinking skills who understand the impact the arts have

on society and who will be passionate employees committed to the arts. This program will provide the skill set necessary for such careers as:

- arts administrators
- arts critics
- entertainment designers
- fashion historians
- media arts authors and publishers
- museum curators and directors
- public art specialists

## Dance, BFA (FADANBFA)

**Campus:** Tempe

**Program Description:**

The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop as creative artists, scholars and educators. The BFA in dance offers an interdisciplinary curriculum that emphasizes collaboration and a holistic approach to education. The program encourages the thought that artists of the 21st century need to develop multiple skills for success in the arts and related fields. The core values of the program include creativity, research, leadership, reflection, humanity and context. These values are embedded in a broad range of academic experiences that emphasize:

- Creative Practices: the study of the creative process and dance making using improvisation, choreography and interdisciplinary approaches
- Movement Practices: the study of the theory, history and technique of a range of dance forms and mind-body practices, including:
  - contemporary ballet
  - postmodern contemporary dance
  - somatic practices
  - urban dance practices
  - dance and digital arts
  - dance history, ethnography, and philosophy
  - seminars

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Admission to the BFA in dance is selective and based on an interview process. Students are admitted to ASU as dance interview students and must successfully complete an interview and audition before enrolling in the dance major. If you pass your interview, the School of Film, Dance and Theatre will change your major to the BFA in dance. In the event that you are admitted to ASU, but not selected as a dance major or you miss the interview application deadline, you will enter ASU as a dance interview student and will need to successfully pass the dance interview and audition milestone in the first semester in order to gain admission into the program.

Interview days take place in November, February and April of each year. To ensure a smooth curricular progression, we strongly encourage all prospective dance students, including transfer students, to participate in the interview day during the semester prior to their intended date of enrollment. More information on the interview process and deadlines can be found at <https://filmdancetheatre.asu.edu/degree-programs>

(<https://filmdancetheatre.asu.edu/degree-programs>).

Dance Interview Days 2015-2016

Materials due October 30th, 2015 for November 21st, 2015 interview.

Materials due January 30th, 2016 for February 20th, 2016 interview.

Materials due March 25th, 2016 for April 16th, 2016 interview.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

#### **Career Opportunities:**

The comprehensive academic foundation of the Bachelor of Fine Arts degree in dance prepares students to be leading dance professionals of the 21st century. Graduates of the bachelor's program have the expertise to pursue professions as choreographers, performers, educators, community artists, scholars and much more. After leaving ASU, many graduates:

- conduct academic research
- curate or produce dance festivals and events
- direct or manage performing art companies, studios or dance-related organizations
- facilitate community partnerships and projects
- produce dance media for performance or instruction
- pursue certification in somatic practices (Laban Movement Analysis, Feldenkrais, Alexander Technique, Body-Mind Centering, etc.)
- teach and design curriculum
- work as a dance critic
- work in the areas of health and wellness (fitness, yoga, massage therapy, etc.)
- work in the field of arts management and administration
- work in technical theatre and dance production
- write scholarly publications

## **Dance (Dance Education), BFA (FADANEBFA)**

**Campus:** Tempe

#### **Program Description:**

The BFA in dance education prepares students for certification to teach dance in K-12 schools in the state of Arizona. Students in this degree program are required to complete additional state certification requirements. The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment where students develop as creative artists, scholars and educators. Studies in dance cultures, music, digital media, dance history, philosophy and criticism, movement science, somatics, and stage and screen production enhance the rich educational setting. Creativity and research, the core program values, are embedded in a broad range of academic experiences emphasizing movement and creative practices, artistic process, leadership and pedagogy.

**Additional Program Fee:** N

**Second Language Requirement:** N

**Dance Interview Days 2015-2016**

Materials due October 30th, 2015 for November 21st, 2015 interview.

Materials due January 30th, 2016 for February 20th, 2016 interview.

Materials due March 25th, 2016 for April 16th, 2016 interview.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 hours of resident credit in the major as approved by the faculty.

**Career Opportunities:**

The concentration in dance education lays the foundation for a career in teaching in public and private settings. Students earn an Arizona teaching certification while pursuing the dance education degree and they can expect to find employment in one of many thriving middle school and high school dance programs throughout the state or in more informal community settings.

## Design Studies, BA (ARDSNBA)

**Campus:** Tempe

**Program Description:**

The BA in design studies is a four-year, nonstudio program of study in design that focuses on the design disciplines offered in the ASU Herberger Institute:

- architectural studies
- graphic design
- industrial design
- interior design
- landscape architecture

It is a highly flexible program of study, much like a liberal arts degree, in which students select design and design-related courses offered in the institute and throughout the university. Students acquire a breadth of design knowledge via courses taken from three categories:

- communication for design
- design history
- general design

It provides a design education, general and specific, to students who seek opportunities in the broader design sector or in graduate education.

Students may undertake the program in one of two specific concentrations: design studies, which allows students to discover the myriad possibilities of design as a subject area as well as the flexibility that it provides for further exploration; or design management, which offers a selection of courses in management and human communication that complement design.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Although a specific career path is not the principal intention, recent graduates of the program have become involved in sales and marketing in the design sector or have gone on to graduate studies in architecture and planning. Other possible career paths include journalism and education.

## Digital Culture (Art), BA (HIDGCABA)

**Campus:** Tempe

**Program Description:**

The School of Arts, Media and Engineering offers a first-of-its-kind BA in digital culture. The degree is for students who are interested in helping shape the future creative uses of digital technology in our day-to-day lives. Digital culture majors learn to go beyond merely using digital tools; they develop the ability to program media and integrate computational systems with everyday physical human experience. This dynamic curriculum not only prepares students with tangible skills in cultural media but also with the critical-thinking skills to understand the broader impact of technologies on life and culture. Graduates interested in continuing their education are well prepared to apply for the top interdisciplinary new media programs in the nation.

Digital Culture - Art Concentration

The program is for students wishing to specialize in visual composition aspects of new media. Students complement their knowledge of digital culture with discipline-specific courses in the School of Art focused on the historical and theoretical aspects of visual arts, foundational visual arts skills and hands-on knowledge of visual composition through digital means.

For more information on the art concentration, visit: [https://digitalculture.asu.edu/education/art\\_concentration](https://digitalculture.asu.edu/education/art_concentration)  
([https://digitalculture.asu.edu/education/art\\_concentration](https://digitalculture.asu.edu/education/art_concentration)).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Upon graduation, digital culture students have a wide array of career opportunities in new media involving the fields of:

- communications (CISCO, Google, Facebook)
- computing (Apple, Microsoft)
- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multimedia shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex sociotechnical problems, such as:

- diagnostic, monitoring, and assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates of the digital culture program who are interested in continuing their higher education will be well prepared to apply for admission to the top interdisciplinary new media programs in the nation, including the graduate programs through the School of Arts, Media and Engineering at ASU.

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Upon graduation, digital culture students have a wide array of career opportunities in new media involving the fields of:

- communications (CISCO, Google, Facebook)
- computing (Apple, Microsoft)
- gaming and entertainment (Industrial Light and Magic, Electronic Arts, Pixar)
- media arts (engineering multimedia shows, video and sound production)

The digital culture curriculum also prepares students for roles in the development of modern media systems that address complex sociotechnical problems, such as:

- diagnostic, monitoring, and assistive cyber-physical tools and systems that can be used by health care providers
- new systems for collaborative, participatory content creation and sharing
- social networking and reflection tools for promoting sustainability
- systems for interactive, adaptive learning and computational assessment in educational organizations

Graduates who are interested in continuing their higher education will be well prepared to apply for admission to the top interdisciplinary new media programs in the nation, including the graduate programs through the School of Arts, Media and Engineering at ASU.

## Digital Culture (Media Processing), BA (HIDGCMPPBA)

**Campus:** Tempe

**Program Description:**

The School of Arts, Media and Engineering offers a first-of-its-kind BA in digital culture. The degree is for students who are interested in helping shape the future creative uses of digital technology in our day-to-day lives. Digital culture majors learn to go beyond merely using digital tools; they develop the ability to program media and integrate computational systems with everyday physical human experience. This dynamic curriculum not only prepares students with tangible skills in cultural media but also with the critical-thinking skills to understand the broader impact of technologies on life and culture.

Graduates interested in continuing their education are well prepared to apply for the top interdisciplinary new media programs in the nation.

Digital Culture - Media Processing Concentration

This concentration is offered in partnership with the Ira A. Fulton Schools of Engineering.

The program is for students wishing to specialize in media processing aspects of new media. Students complement their knowledge with a more advanced understanding of programming, data structures, signals processing and system architecture aspects of new media.

For more information on this concentration, visit: [https://digitalculture.asu.edu/education/media\\_processing\\_concentration](https://digitalculture.asu.edu/education/media_processing_concentration)  
([https://digitalculture.asu.edu/education/media\\_processing\\_concentration](https://digitalculture.asu.edu/education/media_processing_concentration)).

## Environmental Design, BS (HIEDSBS)

**Campus:** Tempe

### Program Description:

The BS in environmental design offers an integrated curriculum in environmental design primarily in a nonstudio format. This undergraduate program is designed to create a deep awareness and knowledge of issues that influence the design of built environments and the design of artifacts in general. The program of study emphasizes general knowledge and design research as well as focus areas. Focus areas include histories and theories of design; innovation, technology and design strategies; and sustainability in environmental design. The curriculum will provide special

understanding of theories, technologies, social issues and management aspects related to the student's chosen focus area. While studio courses cannot be taken as electives, students will be able to take career-specific design electives, and the degree prepares students for all graduate programs in The Design School.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates of this program may take on roles in offices, businesses, public institutions and industries that require an awareness of issues that affect environmental design. Additionally graduates may choose to apply to graduate programs in related disciplines to pursue professional or other graduate degrees. The program itself is not a professional degree program but intends to provide a broad base of skills and knowledge in environmental design.

## Film (Film and Media Production), BA (FAFLMBA)

**Campus:** Tempe

**Program Description:**

The School of Film, Dance and Theatre offers a BA in film with a concentration in film and media production. The concentration provides students with a comprehensive practical knowledge of production, awareness of the impact of media and entertainment on the audience, and an understanding of the role of the artist in society. The program teaches students to thoughtfully consider not only how to look through a lens but why they should, and this is accomplished through a unique emphasis in ethical decision-making in both content creation and business practices. Students in the film and media production concentration have access to digital cameras, lighting and sound equipment in a teaching studio. Postproduction facilities include multiple computer editing stations.

All successful applicants to the Herberger Institute for Design and the Arts bachelor's in film begin their studies at ASU in the filmmaking practices concentration. All students complete the same 15-hour core requirements in their first two years of study.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

All film students will be admitted to ASU into the Bachelor of Arts in film, filmmaking practices concentration. Students who wish to pursue the highly-selective, studio-based Bachelor of Arts in film, film and media production concentration must complete the 15-hour film core and successfully pass an interview and review of their creative work to enter the concentration. This interview and creative work review generally takes place in the second or third term at ASU.

**Career Opportunities:**

The film and media production concentration provides students with the knowledge and experience to prepare them to enter careers in media and entertainment as:

- cinematographers
- directors
- editors
- producers
- screenwriters

The bachelor's program is an excellent broad-based foundation for work in the profession or to prepare students for further training at graduate schools or conservatories.

## Film (Filmmaking Practices), BA (FAFPRBA)

**Campus:** Tempe

**Program Description:**

A BA in film with a concentration in filmmaking practices provides students with a comprehensive film education within the context of the liberal arts.

Students pursuing the filmmaking practices concentration of the bachelor's in film receive grounding in production practice, independent film producing, entertainment ethics and an understanding of the role of the artist in society. Students are encouraged to participate in the production-oriented environment of the Herberger Institute for Design and the Arts. The curriculum's course work in ethics in entertainment and dramatic analysis are two unique components of the program.

Bachelor's students in film begin their studies at ASU in the filmmaking practices concentration. All students complete the same 15-hour core requirements in their first two years of study.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The filmmaking practices concentration provides students with the knowledge and experience to prepare them to enter entry-level positions in

media and entertainment production, producing and film management or to enter advanced graduate-level education.

## Graphic Design, BSD (ARGRABSD)

**Campus:** Tempe

**Program Description:**

Graphic designers are responsible for designing how information is communicated. Forms of communication include print, video, film and electronic (Web). The faculty in The Design School offers the BSD in graphic design.

Graphic designers are concerned with:

- appearance
- choosing the appropriate mechanism for communication
- clarity of information and its effectiveness
- how communication is transferred and received

This program places an emphasis on strategic communication, developed through a design process that includes research, analysis, conceptualization, planning and realization. The process leads to innovative visual communication design solutions for contemporary design problems that are local to global in scope.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Based on a very diversified portfolio upon graduation, students opting for the graphic design profession gain employment in:

- advertising and marketing design
- brand and corporate identity design
- broadcast (TV graphics) design
- interaction and interface design
- museum or exhibition design
- publication design
- visual communication design
- Web design

Specific examples of graphic designers' work include:

- annual reports

- books
- environmental graphics
- information design
- motion graphics
- multimedia presentations
- publications
- Web sites

Students may also pursue graduate studies leading to careers in design education and other fields of professional endeavor in design.

## Industrial Design, BSD (ARINDBSD)

**Campus:** Tempe

**Program Description:**

Industrial designers are responsible for the design of product and service systems that people use in their everyday lives. The industrial design program at ASU focuses on a new model of interdisciplinary product development called integrated innovation.

Using this model of innovation, students systematically work through a matrix of four questions:

- What is valuable to users?
- What is possible through engineering?
- What is desirable to business?
- What is good for society and the environment?

The goal of the program is to help students learn how to create product and service systems that:

- benefit society while minimizing impacts on the environment
- can be realized through appropriate technology and engineering
- create measurable value for business
- satisfy people's needs

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>).

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

After completing the program successfully, graduates have the option of working as designers in several capacities:

They can work as members of in-house design teams in corporations in a variety of industries including but not limited to:

- consumer goods

- furniture
- health care and medical products
- packaging design
- sports and outdoor goods
- toys
- trade show and exhibit design
- transportation and mobility
- user interface design

- They can get jobs with consulting firms that design products and services for a variety of different clients.
- A third option includes entrepreneurship, as some graduates have established their own design and manufacturing ventures.
- Designers can also obtain employment with nonprofit institutions or nongovernmental organizations and use their skills to address specific social or environmental problems.
- Designers are also in a position to teach a variety of courses in art and design schools, colleges or universities, part time or full time.

**Interior Design, BSD (ARINTBSD)**

**Campus:** Tempe

**Program Description:**

Course work in the BSD in interior design examines the context and spaces in which individuals and groups live and work. Interior designers create environments within buildings that meet the physical and psychological needs of individuals and institutions, providing a useful, rich and rewarding environment for their lives. Interior design involves the design of space, equipment and furniture. It requires substantial technical and organizational understanding, sensibility to form, lighting, color and texture, and an awareness of design history and theory.

All students who are admitted to the major must pass a degree milestone to continue in the major at the end of the first year. For more information on the milestone process, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>)

This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent) at any point of entry.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates find employment opportunities with interior design firms or architecture firms specializing in interior design for residential, commercial, retail, hospitality, institutional and health care spaces. Career specialties include historic restoration, branding, sustainability, new product innovation and incorporation of new technology. Firms range from small to large corporations and governmental entities.

## Landscape Architecture, BSLA (ARPLABSLA)

**Campus:** Tempe

### Program Description:

The BS in landscape architecture offers students the opportunity to engage with the community in applied projects that focus on designing sustainable outdoor environments and improving the ecological and social health of the urban environment.

Undergraduate landscape architecture program projects can range from large-scale work encompassing urban design, landscape reclamation, open space preservation planning, and landscape ecological design to projects at the more intimate scale of a neighborhood park or residential back yard. Emerging areas of focus include biotechnical design; urban agriculture; construction of greenways, green roofs and living walls; and the design of healing environments. Students complement their design learning with electives from a broad range of approved courses.

All students must pass a degree milestone at the end of the first year to continue in the major. For more information, visit: <http://herbergerinstitute.asu.edu/degrees/milestone.php> (<http://herbergerinstitute.asu.edu/degrees/milestone.php>). This is an eight-semester program requiring sequential completion of studio course work (or approved equivalent).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### Career Opportunities:

The bachelor's program is designed to prepare students for landscape architecture professional practice and advanced study at the graduate level. Our students have found employment in nationally recognized firms working with notable landscape architects in large multinational firms or in public agencies. Students also have gone on to pursue graduate study at universities with distinguished graduate programs in landscape architecture and allied design fields.

The U.S. Bureau of Labor Statistics projects employment for landscape architects will grow 16 percent from 2010 to 2020, about as fast as the average for all occupations. The bureau also notes that "employers prefer to hire entry-level landscape architects who have internship experience, which significantly reduces the amount of on-the-job training required." The bachelor's program has an internship requirement meant to address this preference and better prepare our graduates for employment.

## Music, BA (FAMUSBA)

**Campus:** Tempe

### Program Description:

The BA in music provides students with a broadly based liberal arts degree applicable to careers in music and many other fields. The music curricular core, together with more elective flexibility than a BMUS, leads students to develop mainstream and alternative musical competencies, to explore music as human history, cultural artifact and social behavior, and to pursue other areas of interest.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Admission to the School of Music is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. In the event you are admitted to ASU but not to the School of Music or you miss the audition deadline, you will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines.

Spring 2016: The deadline to apply for admission to the Bachelor of Arts in Music is Oct. 15, 2015.

Fall 2016: The deadline to apply for admission to the Bachelor of Arts in Music is Jan. 4, 2016.

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates are prepared to work in various professional capacities, including:

- music criticism and research, ethnomusicology and musicology
- music entrepreneurship, concert management and promotion
- music publishing
- performing in community and professional ensembles in a variety of styles and traditions
- teaching in a private studio or community program
- work in music-related fields

Many graduates pursue a master's or a doctorate in music or in another professional field.

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Admission to the School of Music is highly selective and based on an audition process. Students are admitted as music audition students and must successfully complete the audition before enrolling in music major courses. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. In the event you are admitted to ASU but not to the School of Music or you miss the audition deadline, you will remain as a music audition major and will need to successfully pass the music audition milestone in the first semester in order to gain admission into the program.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines.

Spring 2016: The deadline to apply for admission to the Bachelor of Music in music education is Oct. 15, 2015.

Fall 2016: The deadline to apply for admission to the Bachelor of Music in music education is Jan. 4, 2016.

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

**Career Opportunities:**

Graduates are prepared to teach in public and private school music programs that offer a variety of music classes including general music, choir, band, orchestra, strings or other innovative music programs. Graduates are also prepared to work in various professional capacities, including:

performing in community and professional ensembles in a variety of styles and traditions

- teaching in a private studio or community program
- work in music-related fields

## Music Therapy, BMUS (FAMUSTHBM)

**Campus:** Tempe

**Program Description:**

The BMus in music therapy prepares students for a career in the mental health or special education professions. Music therapists use carefully planned music interventions to achieve desired changes in client behavior and functioning. Music therapy is a profession in which engagement in active music-making helps a client achieve nonmusical therapeutic goals. Educating the potential music therapist requires both a wide range of musical skills and the ability to work with people in a therapeutic manner. Music therapy students have many opportunities to develop their clinical skills. Students also study:

- human anatomy
- musical improvisation
- popular music styles
- psychology
- songwriting
- special education
- world music

**Performance (Collaborative Piano), BMUS (FAMUSPPBM)**

**Campus:** Tempe

**Program Description:**

The BMus in performance with a concentration in collaborative piano offers private instruction in both solo and collaborative piano, faculty coaching of chamber music repertoire, and ample opportunity for extensive collaborative performance experiences. The program focuses on the core repertoire of art song, piano chamber music, and selected works from the operatic, musical theatre and oratorio repertoire. Collaboration within the School of Music involves all performance areas, including:

- classes and opportunities with the Lyric Opera Theatre
- concerts with large ensembles and choirs
- duo recitals with instrumental and voice colleagues
- performances of great chamber music literature

## Performance and Movement, BA (HIPERMVBA)

**Campus:** Tempe

### **Program Description:**

The BA in performance and movement, with specialized tracks, provides students with a wide diversity of movement and performance arts training as well as a solid foundation in creative practice within the context of a liberal arts degree. This degree provides a place for those students interested in dance, acting and performance across a wide diversity of stages, platforms and communities. The School of Film, Dance and Theatre provides a dynamic and culturally diverse learning environment in which students develop as creative artists, scholars and educators. The bachelor's in performance and movement provides an interdisciplinary performance curriculum promoting innovative collaboration and a holistic approach to acquiring skills for successful career transitions.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### **Career Opportunities:**

The bachelor's in performance and movement provides an excellent broad-based foundation for work in the arts or entertainment professions or readies students for further training at graduate schools or conservatories. The program's liberal arts emphasis, combined with a focus on physical presence, prepares graduates for a variety of occupations in both performance and nonperformance fields. Opportunities may include work with:

- arts entrepreneurship
- professional performing
- studio ownership and management
- themed entertainment

## Theatre, BA (FATHEBA)

**Campus:** Tempe

### **Program Description:**

A BA in theatre provides students with a comprehensive theatre education within the context of the liberal arts while offering specialty course work in the following areas:

- design and production
- film and media
- new work development
- performance and directing
- theatre and performance studies
- theatre for youth

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Admission Requirements:

Students interested in the BA in theatre are admitted directly into the major by indicating their degree preference on their ASU admission application.

Students interested in the BA in theatre, BA in theatre with a concentration in acting, or BA in theatre with a concentration in design and production will enter as BA theatre majors. Once students begin to complete classes at ASU in the BA theatre program, they may apply to a concentration in either acting or design and production.

Direct transfer of courses from other accredited institutions to the Herberger Institute for Design and the Arts are subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 semester hours in resident credit at ASU. Transfer students enrolled in the college must complete a minimum of 15 semester hours of resident credit in the major as approved by the faculty.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The bachelor's in theatre program provides an excellent broad-based foundation for work in the arts or entertainment professions or readies students for further training at graduate schools or conservatories. The program's liberal arts emphasis prepares graduates for a variety of occupations in both theatre and nontheatre fields. Opportunities may include work with:

- arts entrepreneurship
- production companies in theatre, television or film
- schools
- themed entertainment

## Theatre (Acting), BA (FATHEABA)

**Campus:** Tempe

**Program Description:**

The BA in theatre with a concentration in acting involves comprehensive academic and hands-on theatre study with an emphasis on performance. Students gain a general appreciation of the principal fields of human knowledge while acquiring training in such areas as:

- design and production

- film and media
- new work development
- performance and directing
- theatre and performance studies
- theatre for youth

ASU offers well-equipped theatrical facilities including:

- design and media labs
- extensive and professionally staffed production shops
- fully equipped rehearsal and instructional spaces
- The Galvin Playhouse
- The Lyceum Theatre
- The Prism Theatre for student-produced work

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

## Theory and Composition (Composition), BMUS (FAMUSTCBM)

**Campus:** Tempe

**Program Description:**

The BMus in theory and composition with a concentration in composition focuses on developing techniques for writing music. The School of Music offers students the opportunity to study with theorists and composers who have established national and international reputations. This program may be used as the first step toward a master's or doctorate in music theory and composition.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra OR MAT 119 OR MAT 142

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Important: Applicants must submit an ASU application for undergraduate admission in addition to a separate School of Music application. Visit <http://music.asu.edu/admissions/undergrad/applying> (<http://music.asu.edu/admissions/undergrad/applying>) for details. Admission to the School of Music is based on an audition. Live auditions take place on campus in November (spring admission), and January and February (fall admission) of each year. Review audition information at <http://music.asu.edu/admissions/auditions> (<http://music.asu.edu/admissions/auditions>).

Applicants are required to select a second-choice major in addition to music. Upon admission to both ASU and the School of Music, the applicant's major will be changed to music. If admitted to ASU but not to the School of Music, the applicant will be placed in the second-choice major. Students admitted to ASU in a non-music major may apply and audition to change to their major to music during their first semester at ASU. After the deadlines below, applicants should not select music as a major on the application for undergraduate admission.

Application Deadlines: Visit <http://music.asu.edu/admissions/deadlines> (<http://music.asu.edu/admissions/deadlines>) for complete music deadlines. Submission of a prescreening portfolio is required for all composition applicants: See <http://music.asu.edu/admissions> (<http://music.asu.edu/admissions>).

Spring 2016: The deadline to apply for admission to the Bachelor of Music in composition is Oct. 1, 2015. An uploaded prescreening portfolio is required for this program: <http://music.asu.edu/admissions/prescreening> (<http://music.asu.edu/admissions/prescreening>).

Fall 2016: The deadline to apply for admission to the Bachelor of Music in composition is Dec. 1, 2015. An uploaded prescreening portfolio is required for this program: <http://music.asu.edu/admissions/prescreening> (<http://music.asu.edu/admissions/prescreening>).

Transfer Applicants: Transfer of courses from other accredited institutions is subject to the existence of parallel and equal courses in the college's curriculum, and departmental or school evaluation of studio and class piano courses with respect to performance standards.

Every candidate for the bachelor's degree must earn a minimum of 30 credit hours in resident credit at ASU. Transfer students enrolled in the institute must complete a minimum of 15 resident credit hours in the major as approved by the faculty.

**Career Opportunities:**

Graduates are prepared to work in various professional capacities, including:

- arranging
- composing
- performing in community and professional ensembles in a variety of styles and traditions
- school programs, or state or community arts councils as artist-in-residence
- teaching in a private studio and community program
- teaching theory and composition
- work in music-related fields

Many graduates pursue a master's or a doctorate in music or in another professional field.

## Engineering, Ira A. Fulton Schools of

### Aeronautical Management Technology (Air Traffic Management), BS (ESAMTATBS)

**Campus:** Polytechnic

**Program Description:**

The BS in aeronautical management technology with a concentration in air traffic management offers students exceptional training and state-of-the-art facilities in the field of aviation. Students learn air traffic control procedures and operations in tower, Terminal Radar Approach Control (TRACON) facilities and en route environments. Students learn the skills needed to be air traffic controllers with the Federal Aviation Administration, among other career possibilities.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

To be considered for employment by the Federal Aviation Administration, graduates of the program need to be aware of minimum requirements for employment. See [https://www.faa.gov/jobs/career\\_fields/aviation\\_careers/](https://www.faa.gov/jobs/career_fields/aviation_careers/) ([https://www.faa.gov/jobs/career\\_fields/aviation\\_careers/](https://www.faa.gov/jobs/career_fields/aviation_careers/)) for more information. Graduates of the program are not guaranteed employment by the Federal Aviation Administration. Students who do not have U.S. citizenship may be admitted to the program but will not be eligible for employment by the Federal Aviation Administration.

**Career Opportunities:**

The number of controllers projected to be hired by the FAA through 2021 is 11,747. Increases in the volume of air traffic will require more air traffic controllers to handle the additional work. New computerized systems will assist controllers by automatically making many of the routine decisions. This will allow controllers to handle more traffic, thus increasing their productivity.

To prepare for this challenge, students receive training in the methodologies and technologies that are currently being developed for the next generation air traffic control systems. Despite the obvious demand for new controllers in the immediate future, competition to get into the FAA-approved training programs is expected to remain intense, as there generally are many more applicants than there are openings. Graduates who have met all of the FAA requirements will be considered for employment.

## Aeronautical Management Technology (Air Transportation Management), BS (TSAMTMBS)

**Campus:** Polytechnic

**Program Description:**

The air transportation management concentration, under the BS in aeronautical management technology, provides students with a strong foundation of aviation concepts, including aviation law, policy and human factors as well as technical knowledge focusing on power plants, structures and aerodynamics. Students will then progress into courses focusing on business and management and operational aspects of aviation such as airline administration and airport planning. All students will finish the program by participating in an internship within industry and completion of a capstone project. This program prepares students for leadership positions within airlines, airports, government, consulting and entrepreneurial enterprises.

The Aviation Accreditation Board International (AABI) accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Aviation Management and Human Factors) (MSTech) Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

A degree in air transportation management prepares graduates for these careers:

- airline manager

- airline operations manager
- airport manager
- aviation consulting
- Fixed Based Operations (FBO)
- general aviation operations manager
- governmental positions with the Federal Aviation Administration, Department of Transportation, and National Transportation Safety Board
- entrepreneurial ventures

**Aeronautical Management Technology (Professional Flight), BS (TSAMTFBS)**

**Campus:** Polytechnic

**Program Description:**

Students in the professional flight concentration learn to fly in an academic environment that prepares graduates for careers as professional pilots. Flight training is offered by an ASU-approved flight provider in late-model aircraft equipped with state-of-the-art avionics. Students may take advantage of pathway agreements for guaranteed interviews with regional airline companies.

Arizona's clear skies offer the best flying environment in the country. The Polytechnic campus is adjacent to the Phoenix-Mesa Gateway Airport where flight instruction takes place. Students have access to state-of-the-art flight training devices, including a Level 5 regional jet flight simulation training device. Other facilities, like the high-altitude simulation chamber, provide students with educational opportunities unique among collegiate aviation programs.

This program is for students who are seriously interested in becoming professional airline pilots. Graduates are prepared to assume responsibilities in a wide variety of technically related areas within professional aviation flight operations.

The Aviation Accreditation Board International accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

Additional course-related fees apply; please see the program website for more information.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Aviation Management and Human Factors) (MSTech) Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

- General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)  
 Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
 International (<https://students.asu.edu/international/future>)  
 Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: This major has additional admission requirements including Federal Aviation Administration requirements. Students will be admitted to the preprofessional status and then complete additional requirements for admission to the professional program. See <http://innovation.asu.edu/degrees-programs/human-environmental-systems/professional-flight-undergraduate> (<http://innovation.asu.edu/degrees-programs/human-environmental-systems/professional-flight-undergraduate>) for more information.

**Career Opportunities:**

The professional flight concentration offers students private pilot, commercial pilot and flight instructor certificates, as well as instrument pilot, instrument instructor and multiengine pilot ratings. With these flight qualifications and the technically based bachelor's, the graduate has a wide

variety of career opportunities, including flight crew service on commercial and business aircraft.

Career opportunities include:

- airline pilot
- corporate pilot

## **Aeronautical Management Technology (Unmanned Aerial Systems), BS (TSAMTUASBS)**

**Campus:** Polytechnic

**Program Description:**

The unmanned aerial systems concentration prepares students for careers in the rapidly growing area of unmanned aerial systems, including operations, remote sensing, data collection and analysis. The concentration incorporates all aviation management technology core courses, as well as unmanned aerial systems concentration courses. This provides an overview of unmanned aerial systems operations followed by detailed knowledge of unmanned aerial systems-specific systems and technology (ground control stations, data links; flight planning and operations, search, detect and avoid technologies; and payloads) and unmanned aerial systems sensor operations. A critical aspect of this academic area of study is the data capture and transfer of the sensor information collected from the unmanned aerial vehicle. This innovative concentration brings together the most up-to-date and relevant aspects facing multiple industries today by addressing flight system planning and operations and the employment of the systems in the congested National Airspace System.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Aviation Management and Human Factors) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Students graduating from this program will find various employment opportunities as unmanned aerial vehicle pilots and sensor operators in both the U.S. and worldwide. In 2015, the FAA will allow UAVs to operate in the U.S. National Airspace System that will enable governmental and civilian entities to operate these vehicles for new endeavors or to replace current fixed- and rotor-craft operations. This concentration will prepare students to operate small to mid-range platforms that will be used by emergency responders, forestry, agriculture, energy and oil, and other similar industries. Entry-level pay is competitive for this highly specialized field.

## Aerospace Engineering (Aeronautics), BSE (ESAEROBSE)

**Campus:** Tempe

### Program Description:

The aerospace engineering curriculum provides students with an education in technological areas critical to the design and development of aerospace vehicles and systems. The aeronautics concentration, under the BSE in aerospace engineering, emphasizes engineering and the design of aircraft, helicopters, missiles and other vehicles that fly through the atmosphere. Topics in required courses cover:

- aerodynamics
- aerospace materials
- aircraft structures
- flight mechanics
- propulsion
- stability and control

Required astronautics topics include:

- attitude control
- orbital mechanics

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Aerospace Engineering (MS)

Mechanical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and

- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A majority of students entering the field of aerospace engineering desire to work on the design and analysis of aerospace vehicles. Most graduates are employed in the aerospace industry or in government positions related to aerospace. Specific careers in aerospace engineering include:

- aeronautical and space systems integration
- configuration development
- material and structural design
- propulsion engineering
- space mission design and analysis
- vehicle and component analysis using computer-aided tools
- vehicle design and performance
- wind tunnel and flight testing

The objectives of the aerospace engineering program are for graduates to be employed in aerospace engineering or a related field or accepted into graduate school. Our graduates will:

- be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school
- contribute to the design of solutions to complex problems
- demonstrate professionalism and will hold positions of increasing responsibility within their organizations

**Aerospace Engineering (Astronautics), BSE (ESAEASBSE)**

**Campus:** Tempe

**Program Description:**

The aerospace engineering curriculum provides students with an education in technological areas critical to the design and development of aerospace vehicles and systems.

The astronautics curriculum covers:

- attitude determination and control
- elective topics in aeronautics
- gas dynamics
- orbital mechanics
- rocket propulsion
- space environment
- space structures
- telecommunications

Students in the astronautics concentration culminate their major study with a capstone design project that incorporates the multiple disciplines involved in the creation of a space-going vehicle.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Aerospace Engineering (MS)
- Mechanical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A majority of students entering the field of aerospace engineering desire to work on the design and analysis of aerospace vehicles. Most graduates are employed in the aerospace industry or in government positions related to aerospace. Specific careers in aerospace engineering include:

- aeronautical and space systems integration
- configuration development
- material and structural design
- propulsion engineering
- space mission design and analysis
- vehicle and component analysis using computer-aided tools
- vehicle design and performance
- wind tunnel and flight testing

The objectives of the aerospace engineering program are for graduates to be employed in aerospace engineering or a related field or accepted into graduate school. Our graduates will:

- be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school
- contribute to the design of solutions to complex problems
- demonstrate professionalism and will hold positions of increasing responsibility within their organizations

## Aerospace Engineering (Autonomous Vehicle Systems), BSE (ESAEAVSBSE)

**Campus:** Tempe

### Program Description:

Emerging emphasis on autonomous aircraft technology and operations in both military and civilian sectors signals a new era within the aeronautical community focused on autonomous vehicles and systems. The autonomous vehicle concentration will provide graduates with knowledge and skills required for any career in aerospace engineering plus those specific to unmanned aerial vehicles and systems. The concentration curriculum is structured so that students will have general exposure to engineering of autonomous aircraft plus track courses in one area important to this field. The tracks, are: guidance, navigation and control; and communications. Both tracks are intended for aerospace engineering students. All paths through this concentration satisfy accreditation criteria for aerospace engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Aerospace Engineering (MS)

Mechanical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Academic Catalog Archive 2015-2016

**Career Opportunities:**

Students who earn a degree in this concentration will be prepared for a career in the aerospace industry, focusing on unmanned vehicles.

The objectives of the aerospace engineering program are for graduates to be employed in aerospace engineering or a related field, or accepted to graduate school. Our graduates will:

- be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school
- contribute to the design of solutions to complex problems
- demonstrate professionalism and will hold positions of increasing responsibility within their organizations

## Air Traffic Management, BS (TSATMBS)

**Campus:** Polytechnic

**Program Description:**

The air traffic management program provides a technical foundation in the air traffic control procedures used by air traffic controllers in air traffic control towers and air traffic control radar facilities. Students gain a strong background in aircraft operations, management skills and business principles through course work specific to air traffic control.

This is an intensive program of classroom study and laboratory practice using state-of-the-art air traffic control simulators to enhance and reinforce classroom study. Students develop the following skills:

- analytical thinking
- clear and concise communication
- problem-solving
- teamwork

The Aviation Accreditation Board International (AABI) accredits this program and the Federal Aviation Administration certifies flight and ground instruction.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Aviation Management and Human Factors) (MSTech) Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

To be considered for employment by the Federal Aviation Administration, graduates of the program need to be aware of minimum requirements for employment. See [https://www.faa.gov/jobs/career\\_fields/aviation\\_careers/](https://www.faa.gov/jobs/career_fields/aviation_careers/) ([https://www.faa.gov/jobs/career\\_fields/aviation\\_careers/](https://www.faa.gov/jobs/career_fields/aviation_careers/)) for more information. Graduates of the program are not guaranteed employment by the Federal Aviation Administration. Students who do not have U.S. citizenship may be admitted to the program but will not be eligible for employment

by the Federal Aviation Administration.

**Career Opportunities:**

The Federal Aviation Administration's 2014 Controller Workforce Plan has projected that the Federal Aviation Administration plans to hire more than 6,600 new controllers over the next five years to keep pace with the expected attrition rate and traffic growth. The total number of planned hires for the period of 2014--2023 is 11,317 new controllers. Increases in the volume of air traffic will require more controllers to handle the additional work. New computerized systems will assist controllers by automatically making many of the routine decisions. This will allow controllers to handle more traffic, thus increasing their productivity.

To prepare for this challenge, students receive training in the methodologies and technologies that are currently being developed for the next generation of air traffic control systems. Despite the obvious demand for new controllers in the immediate future, competition to get into the FAA-approved training programs is expected to remain intense as there generally are many more applicants than there are openings. Graduates who have met all the FAA requirements will be eligible for consideration for employment.

## Applied Computer Science, BS (TSACSB)

**Campus:** Polytechnic

**Program Description:**

The BS in applied computer science provides students with an education that targets the computing profession. Students will learn to use mathematics, science and economics, along with technological knowledge and skill in the application of programming languages and software processes, to design, analyze, implement and test software systems and applications. The program is problem and project based, utilizing the languages, tools and methods of computing best practices. Graduates gain significant exposure to team-based software development through industry-driven projects.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The current demand for software and computer hardware personnel is high, and the starting salaries for these employees are typically well above the average. Graduates find opportunities as members of an engineering team in software applications areas such as:

- databases
- embedded systems
- game development
- graphics
- mobile systems
- networks

- security
- Web applications

**Contact Information:**

**Applied Science, BAS (TSAPSBAS)**

**Campus:** Polytechnic

**Program Description:**

The BAS program is a transfer pathway specifically for students who have earned a community college AAS degree. The goal of the program is to provide students with management, leadership, critical thinking and communication skills along with significant work in a professional specialization. Students must complete an Associate of Applied Science degree to be eligible for this program. AA and AS students are not eligible for this program.

This program allows students who have earned an Associate of Applied Science from a regionally accredited institution to transfer 60 or 75 credit hours toward a Bachelor of Applied Science at ASU. Students may opt to complete additional general studies course work at a community college to be eligible to transfer up to 75 credits toward the BAS. The BAS curriculum builds on the general education content of the AAS and includes four blocks of credits: general studies, core, concentration and assignable credits.

The ASU general studies requirements will be completed through upper-division course work. The BAS core curriculum includes content in management and organization, professional communication, statistical processes and computer competency. The concentration has a 20-semester hour minimum of specialization courses. The assignable credits (six semester hours) are traditional electives selected in consultation with an advisor to enhance the curriculum. Assignable credit also can be used to strengthen math and science capabilities or computer skills.

Students in the BAS program can select one of six specialty concentrations shown below. Students who choose to create their own specialty should select the courses in conjunction with an advisor.

- aviation management technology
- electronic and energy systems
- graphic information technology
- Internet and Web development
- manufacturing technology and management
- operations management technology

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** ASC 315-M - Numeracy in Technology

**Admission Requirements:**

General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)  
 Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
 International (<https://students.asu.edu/international/future>)  
 Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Career Opportunities:**

The wide range of concentrations provides graduates diverse career opportunities. Bachelor's program course work gives the graduate greater

skills to be successful as a professional working in a technical area. Graduates have the ability to supervise and manage people in highly specialized technical and service industry positions.

## Applied Science (Aviation), BAS (TSAMTABAS)

**Campus:** Polytechnic

**Program Description:**

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution.

The concentration in aviation is for students who have received training and education in some aspect of the air transportation industry (other than aviation maintenance), such as flight certificates and ratings as part of their associate degree.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. Not available for freshmen.

**Career Opportunities:**

Students receive an orientation in management practices that prepares them for advanced positions in the aviation management field.

**Contact Information:**

Engineering, Ira A. Fulton Schools of  
Aviation Programs  
<http://poly.engineering.asu.edu>  
WANER 201  
technology@asu.edu

## Applied Science (Electronic Energy Systems), BAS (TSEESBAS)

**Campus:** Polytechnic

**Program Description:**

The BAS program is a flexible degree designed specifically for students who have earned an AAS from a regionally accredited institution.

The electronic and energy systems concentration serves students with an electronics background via three paths or emphasis areas: alternative energy, electronic systems and integrated electronic systems (focused on the semiconductor industry).

The alternative energy technologies emphasis explores various alternative energy resources. This program provides hands-on laboratory experience on energy conversion and storage technologies, including photovoltaics, fuel cells, batteries, electrolyzers and supercapacitors.

The electronic systems emphasis allows students to continue to develop a knowledge of electrical and electronic fundamentals, with an applications perspective and a focus on the general topics of microcontrollers and advanced digital controllers and how these are used in industry.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Career Opportunities:**

Graduates from the alternative energy emphasis are able to work in a number of different companies involved in alternative energy. These companies may be traditional energy production companies expanding into new production technologies or start-up companies involved in solar energy or fuel cells.

Graduates from the electronic systems emphasis are able to work as members of engineering teams in applied design, product development, manufacturing, production or operations. They may also be employed in technical services capacities, including field engineering, marketing or sales.

## Applied Science (Graphic Information Technology), BAS (TSGITBAS)

**Campus:** Polytechnic

**Program Description:**

The BAS is a flexible, 60-credit-hour degree program designed specifically for students who have earned a relevant AAS from a regionally accredited institution.

This concentration in graphic information technology prepares graduates in the cross-media graphic industry that includes:

- commercial photography and video
- digital design, print and publishing
- Web design and development

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N  
**Second Language Requirement:** N

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Graphic Information Technology) (MSTech)  
Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Students applying to this program must have completed an Associate of Applied Science degree in computer graphic design, digital arts, digital photography, eLearning design specialist, game technology, graphic design, animation and Web publishing design, graphic design: visual communication, information technology: Web and graphic design, media arts: desktop publishing, media arts: Web design, multimedia, multimedia and business technology, and video production technology.

**Career Opportunities:**

Because the program combines technical course work with management content, graduates are prepared to assume supervisory positions such as:

- art director
- client support specialist
- commercial photographer or videographer
- graphic designer
- production manager
- user interface designer
- Web designer

The Web design and development focus area prepares graduates for careers in website design.

The digital design, print and publishing focus area prepares graduates for lead technical and management positions in print, imaging and digital publishing.

The commercial photography and video focus area prepares students for commercial photography, videography and 2-D to 3-D interactive communications.

## Applied Science (Internet and Web Development), BAS (TSIWDBAS)

**Campus:** Polytechnic, Online

**Program Description:**

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned a relevant AAS from a regionally accredited institution.

The concentration in Web design and development focuses on the development of web sites, including user experience design, usability, multimedia design, emerging Web technologies, and cross-media and cross-platform graphic applications. All courses for this program are available online through ASU Online.

Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Graphic Information Technology) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students applying to this program must have completed an Associate of Applied Science degree in Web design, Web development, media arts: digital animation, media arts: Web design, Web developer, Web designer, and graphic design, animation and Web publishing design.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Applied Science (Operations Management), BAS (TSIMCOBAS)

**Campus:** Polytechnic, The Gila Valley, Online

**Program Description:**

The BAS in operations management prepares students for supervisory and management functions in industry, manufacturing, public service and other service organizations. Our students provide strategic focus to implement best practices, manage people and create value to meet organizational objectives.

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution.

Arizona State University and Eastern Arizona College have established a partnership that will allow students to complete their associate degree at EAC and then pursue this bachelor's degree through classes delivered on the EAC Thatcher campus. Visit <https://transfer.asu.edu/eac> (<https://transfer.asu.edu/eac>) for more information about ASU degrees offered at Eastern Arizona College Thatcher campus. View the check sheet for this program here: [https://catalog.asu.edu/files/majormap15/TSIMCOBAS\\_2015\\_EAC.pdf](https://catalog.asu.edu/files/majormap15/TSIMCOBAS_2015_EAC.pdf) ([https://catalog.asu.edu/files/majormap15/TSIMCOBAS\\_2015\\_EAC.pdf](https://catalog.asu.edu/files/majormap15/TSIMCOBAS_2015_EAC.pdf)).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Applied Science (Software and Computing Systems), BAS (TSCSTBAS)

**Campus:** Polytechnic

**Program Description:**

The BAS program with a concentration in software and computing systems is a 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution in a computing area. Students are expected to have an AAS with course work in object-oriented programming, data structures, computer organization, and assembly language programming. to enroll in upper-division major courses. The program requires upper-division course work and laboratories, and culminates in a capstone senior project.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Career Opportunities:**

The program exposes students to advanced concepts and critical thinking skills that prepare them for expanded career opportunities and professional advancement. Graduates from this concentration are prepared to work in systems administration and cybersecurity for Internet and telecommunication companies, a wide variety of information technology providers, and information technology centers within most midsize to large corporations. Demand for graduates with these skills continues to rise even while the job market in many other areas is stagnant or declining.

## Biomedical Engineering, BSE (ESBMEBSE)

**Campus:** Tempe

**Program Description:**

Biomedical engineering applies principles of engineering to study and solve problems in biology and medicine.

Our goal is to produce high-quality graduates with broad-based education in biomedical engineering who are well prepared for careers in industry and further study in graduate, medical or other health professional schools.

Our graduates are trained to apply their skills in an ethical, sustainable and environmentally responsible manner to make contributions that address societal and individual needs.

Our objective is to prepare students:

- for productive employment, graduate study or professional programs, especially in human and animal medicine, biotechnology and related biology-based engineering fields
- who continue to develop technical knowledge, awareness and leadership abilities to address domestic or global issues in human health
- who will ethically and responsibly contribute to society, drawing from an integrated, multidisciplinary biomedical engineering education, focusing on sustainability and environmentalism

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Biomedical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 3.00 in all critical courses for Terms 1 and 2 (see major map for critical courses), and

- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Biomedical engineers are primarily employed in:

- governmental regulatory agencies
- hospital and research facilities
- medical and educational institutions
- the medical device, biotechnology and pharmaceutical industries

In industry, they may work in all aspects of product development including:

- business development
- manufacturing
- marketing
- quality
- regulatory
- research and design
- sales

Because of their background in both the engineering and medical fields, they often serve a coordinating or interfacing function and provide a key role for interdisciplinary teams. Government positions may involve:

- evaluating new technologies
- product testing and safety
- setting standards

In the hospital, biomedical engineers serving in a clinical engineering function may provide advice on the selection and use of medical equipment and supervise performance testing and maintenance. Biomedical engineers may also build customized devices for special health care, rehabilitation or research needs.

## Chemical Engineering, BSE (ESCHEBSE)

**Campus:** Tempe

**Program Description:**

Chemical engineering deals with the application of chemistry, physics and mathematics to the process of converting raw materials or chemicals into more useful or valuable forms. Chemical engineering also involves the design of valuable new materials and chemical products.

The BSE offered in the chemical engineering program builds on a broad base of knowledge within the basic and mathematical sciences and engineering, and it offers excellent career opportunities. Chemical engineers are engaged in the development and production of a diverse range of products, including high-performance materials needed for aerospace, automotive, biomedical, electronic, environmental and military applications. The modern discipline of chemical engineering is intertwined with biology and biomedical engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Chemical Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours:

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Chemical engineers have traditionally played a key role in industries as varied as:

- artificial fibers
- ceramics
- food
- glass
- petrochemicals
- petroleum
- plastics
- primary metals
- specialty chemicals

Newer areas, such as semiconductors, biotechnology, biomedical engineering, modern materials (composites, superconductors) and the solution of environmental problems, have also generated more opportunities for chemical engineers. These, along with the recent recovery and reported record earnings of the chemical and petroleum industries, have created a great demand for chemical engineering graduates.

## Civil Engineering, BSE (ESCEEBSE)

**Campus:** Tempe

### **Program Description:**

Civil engineering majors in the Ira A. Fulton Schools of Engineering have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

Civil engineering involves the analysis, planning, design, construction, maintenance and application of sustainable practices in all areas of urban infrastructure for government, commerce, industry and the public domain. These include:

- airports
- bridges
- canals
- dams
- factories
- office towers
- roadway systems
- schools
- tunnels and subway systems
- water purification facilities

Civil engineers are concerned with the impact their projects have on the public and the environment; they coordinate the needs of society with technical and economic feasibility.

The curriculum exposes students to the following areas of civil engineering, with a strong emphasis on sustainability:

- construction engineering
- environmental engineering
- geotechnical engineering
- hydrosystems engineering
- structures
- transportation

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Civil, Environmental and Sustainable Engineering (MSE)

Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International  
Academic Catalog Archive 2015-2016

students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <https://students.asu.edu/international/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

ASU graduates with a bachelor's degree in civil engineering readily find employment. Civil engineers work in many different types of companies, from large corporations to small, private consulting firms or governmental agencies. A civil engineering background is an excellent foundation for jobs in management and public service. Civil engineering is one of the best engineering professions from the viewpoint of international travel opportunities or for eventually establishing one's own consulting business. The bachelor's prepares graduates for the fundamentals of engineering examination, the professional engineering examination and graduate degrees.

## Civil Engineering (Environmental Engineering), BSE (ESCEEEBSE)

**Campus:** Tempe

**Program Description:**

Civil engineering majors have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

The bachelor's in civil engineering, with a concentration in environmental engineering, is a multidisciplinary field based on traditional civil engineering principles, chemistry, biology and geology. Environmental engineers are involved with:

- air pollution technology
- analysis of the fate and transport of pollutants
- application of sustainable practices in all areas of urban infrastructure
- construction of hazardous waste containment systems
- design and operation of water and wastewater treatment systems
- remediation of contaminated soils and waters
- surface water quality management
- water conservation and reuse

The curriculum also exposes students to other traditional civil engineering areas.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Civil, Environmental and Sustainable Engineering (MSE)
- Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

ASU graduates with a bachelor's in civil engineering with a concentration in environmental engineering find employment in:

- consulting firms
- industry
- municipalities
- regulatory agencies

The growth of environmental engineering positions has been balanced by the growing number of students entering the field, resulting in a stable job market.

A civil engineering background is an excellent foundation for jobs in management and public service. International opportunities are abundant and are likely to expand. The bachelor's in civil engineering prepares graduates for the fundamentals of engineering examination, the professional engineering examination and graduate degrees.

## Civil Engineering (Sustainable Engineering), BSE (ESCEESUBSE)

**Campus:** Tempe

**Program Description:**

Civil engineering majors have three choices within the accredited BSE program:

- civil engineering
- civil engineering with environmental engineering concentration
- civil engineering with sustainable engineering concentration

The first choice allows students to choose among design and technical elective courses in their senior year. The other choices specify design and technical courses to students with minimal choices. Regardless of choice, the Bachelor of Science in Engineering in civil engineering is accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

The bachelor's in civil engineering with a concentration in sustainable engineering incorporates systems modeling and life cycle approaches to assessing the resiliency and material selection across all areas of urban infrastructure, or built environment, currently addressed within the civil engineering degree. The program is designed to provide students with exposure to material from several disciplines that comply with the principles of economic, social and ecological sustainability and apply them to traditional civil engineering areas.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Civil, Environmental and Sustainable Engineering (MSE)

Civil, Environmental, and Sustainable Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

#### Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

#### Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

#### Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

Many jobs are currently available that are applicable to the civil engineers with sustainable engineering concentration in different types of companies, from large corporations to small, private consulting firms or governmental agencies. Civil engineering is one of the best engineering professions from the viewpoint of international travel opportunities or for eventually establishing one's own consulting business. The bachelor's in civil engineering prepares graduates for the fundamentals of engineering examination, the principles and practice of engineering examination and graduate degrees.

## Computer Science, BS (ESCSEBS)

**Campus:** Tempe

#### Program Description:

Computer science professionals design, analyze and improve the quality of computer software and systems for a variety of applications, including:

- artificial intelligence
- computer vision
- graphics
- information management
- multimedia
- networking
- security

Examples of projects a computer scientist might work on include:

- computer networking
- database and information systems
- distribution processing systems
- gaming systems
- next-generation computing systems
- search engines
- software engineering
- web services

The program focuses on the design of computers, computational processes for problem solving, and information transfer and transformation with an emphasis on improving software and system quality, security, performance and usability. The program supports the evolution of the computing and informatics disciplines, the integration of computer and information sciences with engineering, science and other disciplines.

Accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

Computer science graduates secure employment in a variety of capacities ranging from computer and software design to development of information technologies. Their jobs are often distinguished by the high level of theoretical expertise applied to solving complex problems and to the creation and application of new computing technologies. Some computer science-related jobs may include:

- creating computer games and graphics systems
- designing artificial intelligence systems
- developing mobile computing applications
- developing network security applications
- discovering data management and mining solutions for large scale data analytics
- inventing and implementing more efficient computing systems for managing data and information, including information retrieval and search on the Internet

With the theoretical foundation built into the program, computer science graduates can excel in system and software development as well as in designing effective computing solutions for emerging and challenging problems in modern society. Skills in system development and research can lead to entrepreneurial activity that produces innovative computing products and services.

## Computer Science (Information Assurance), BS (ESCSEIBS)

**Campus:** Tempe

#### Program Description:

The BS in computer science with a concentration in information assurance provides students with the knowledge and skills needed to build dependable and secure information systems and networks, and to ensure the integrity and quality of information being stored, processed and transmitted.

ASU has been certified as a National Center of Academic Excellence in Information Assurance Education and a National Center of Academic Excellence in Information Assurance - Research by the National Security Agency and the Department of Homeland Security. Information assurance courseware at ASU has been certified by the Information Assurance Courseware Evaluation Program to satisfy the standards for Information Systems Security Professionals (NSTISSI 4011) and Senior Systems Managers (CNSSI 4012). For more information on information assurance courseware at ASU, see <http://ia.asu.edu/education.php> (<http://ia.asu.edu/education.php>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

#### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their

academic department to apply.

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### **Career Opportunities:**

Students enrolled in the information assurance concentration are eligible for federal fellowships, such as the Department of Defense Information Assurance Scholarship Program and the Federal Cyber Service Scholarship for Service Program. For more information on the scholarship programs, see <http://ia.asu.edu/scholarship.php> (<http://ia.asu.edu/scholarship.php>).

Graduates with a degree in computer science with an information assurance concentration find employment in a variety of capacities ranging from computer system and software development to research on information assurance technologies. Some related jobs may include:

- analyzing computer forensic data
- designing secure information systems and databases
- developing secure software
- information security consulting
- secure computer and network applications

### **Contact Information:**

## Computer Science (Software Engineering), BS (ESCSESBS)

**Campus:** Tempe

### Program Description:

The software engineering concentration is appropriate for computer science students seeking careers as software engineers. Students will learn advanced processes, methodologies and tools for developing and testing large and small software applications in emerging areas such as:

- databases
- enterprise systems
- interoperable systems
- mobile computing
- service-orientated computing

They will also learn information assurance concepts and techniques, or principles of human computer interaction and methods, for developing these applications. The curriculum prepares students to assume leadership roles in software development organizations and to practice professional standards and emerging software technology to the software engineering life-cycle activities.

Accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

#### Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

Career opportunities are strong and numerous for software engineering concentration graduates. Graduates possess the knowledge and skills to work across the spectrum of software development process activities including:

- architecture
- coding
- project management
- quality assurance
- requirements engineering
- testing

Career paths include:

- software analyst
- software architect
- software engineer
- software task leader
- software tester

Software engineering concentration graduates find employment in large and small organizations that develop, deploy and manage software systems. They work on all types of projects that include large, complex engineering systems; distributed banking; financial and government software; and gaming.

## Computer Systems (Computer Hardware Technology), BS (TSCSTHBS)

**Campus:** Polytechnic

#### Program Description:

The computer hardware technology concentration, under the BS in computer systems, offers students the opportunity to develop knowledge and skills in the broad area of digital systems, computer hardware and computer network applications. Current computing industry needs drive the program's curriculum. The computer systems program uses mathematics, science and economics along with technological knowledge and skill in the application of programming languages, computer hardware, operating systems and networking to design, analyze, implement and test systems that integrate hardware and low-level software. The program is problem-based with exercises utilizing the languages, tools and methods of computing best practices.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates find employment opportunities as members of engineering teams working in computer hardware technology, systems development and system analysis. The current demand for highly trained software and computer hardware personnel is high, and the starting salaries for these employees are typically well above the average.

## Computer Systems Engineering, BSE (ESCSEBSE)

**Campus:** Tempe

**Program Description:**

The computer systems engineering program focuses on the analysis, design, testing, integration and evaluation of hardware and software systems. The curriculum is grounded in many engineering disciplines, including the applications of science and technology to the design of:

- computer architecture
- computer security
- digital circuits
- distributed and embedded systems
- networking
- operating systems

Students engage in the design of integrated hardware and software solutions for computing, communication and control applications. They practice many aspects of engineering activities, such as the development of:

- computer networks
- embedded and ubiquitous systems
- high performance computer systems
- individual digital components

Students become skilled at interfacing different pieces of hardware and software components and integrating systems and products with new capabilities and improved quality and performance.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Computer Science (Art, Media and Eng) (MS)
- Computer Science (Big Data Systems)
- Computer Science (Biomedical Informatics)(MS)
- Computer Science (Information Assurance) (MS)
- Computer Science (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of

550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Computer systems engineers are employed in industry, government, education and consulting firms where they engage in the design, development and operation of hardware and software systems of computer and networking equipment.

Computer systems engineers often find themselves focusing on engineering problems or challenges of emerging computer systems, from chips to device controllers, embedded systems and high performance computing servers. Their jobs usually involve the research, design and development of computer hardware and software for practical applications. Their work can result in innovative, state-of-the-art products that integrate computing and communication capabilities, such as those in:

- avionics and space vehicles
- digital television and photography
- intelligent highways and control systems for vehicles
- mobile devices and smart applications
- new apparatuses for health care and for the sight-impaired or others with physical disabilities
- security and defense systems

## Construction Engineering, BSE (ESCONBSE)

**Campus:** Tempe

**Program Description:**

The BSE in construction engineering focuses on a combination of design and management topics, preparing the student for a career in the engineering and construction industry. The degree prepares students who wish to gain a professional engineering license while working at the interface of design and construction; it is desirable to those students who are interested in a career that emphasizes construction of infrastructure. The degree makeup includes engineering design and construction management courses with a focus on sustainability and building information modeling topics. Construction management content includes:

- construction methods
- contract management
- cost and schedule control
- people management
- project estimating

The curriculum's design content includes structures, geotechnical engineering and transportation. Students are further prepared with the computer, management, technical and people skills needed to succeed. This degree is the third in the Southwestern U.S. and one of about 20 worldwide.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Construction Engineering (MSE)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

#### Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

#### Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer student with 24 or more transferable college credit hours must meet EITHER the primary OR secondary criteria (not both):

#### Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

The construction engineering graduate will be prepared to begin as a field engineer, project engineer or project designer working for:

- construction companies
- design firms
- facility owners
- material suppliers
- specialty subcontractors

The graduate will have unique skills which will allow them to take on the role of integrator in the delivery of design-build projects or development activities. As the graduate's career progresses, they should be able to take on leadership roles in the delivery of sustainable facilities in the built environment and then progress through successively higher levels of management responsibility. The graduate should be particularly attuned to design and construction of heavy civil and industrial facilities meeting the infrastructure needs of society.

## Construction Management, BS (ESCONMGTB)

**Campus:** Tempe

#### Program Description:

The BS in construction management allows students to specialize in commercial, heavy construction, residential, specialty construction and facility management. Students learn to organize, lead and manage the building construction business processes related to real estate, facility and infrastructure projects. Construction management is the most vital function on a job site. Construction managers represent the interests of the building owner or the contractor and interact with architects, engineers, subcontractors, vendors and suppliers to ensure the success of the construction projects in the built environment. This degree focuses on the business of construction and technology (such as building information modeling).

Students learn:

- the basics of design
- the construction methods specific to each type of construction (heavy, residential, commercial, specialty)

- how to estimate, schedule and control the costs of a project
- what it takes to manage the people involved and the various types of contracts
- the process of sustainable or green construction

Students are prepared with the computer, management, technical and people skills needed to succeed. This is one of two construction programs in the state of Arizona and one of approximately 80 accredited programs in the nation.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Construction Management (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.50 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The construction management program provides a foundation for students who wish to pursue careers as project managers, project engineers, estimators or schedulers and eventually become principals of firms engaged in the construction of industrial, commercial or residential projects. The heavy construction emphasis area prepares students for careers related to public works such as highways, airports, bridges, utility systems and water or waste treatment facilities.

The commercial and residential emphasis areas prepare students for careers in real estate development, home production systems, commercial construction, health care and special industrial building projects. Students are also prepared to enter the sustainable or green construction market.

The specialty construction emphasis prepares students to organize, lead and manage the building process at the subcontractor level and prepares students for careers as contractors working with mechanical and electrical systems. It also prepares students for careers in management at specialty contracting firms, such as control systems, electrical distribution or heating, ventilation and air conditioning systems for large and complex facilities such as data centers, health care organizations and semiconductor manufacturing plants as well as commercial facilities.

## Construction Management (Concrete Industry Management), BS (ESCONIMBS)

**Campus:** Tempe

**Program Description:**

The Del E. Webb School of Construction offers the BS in construction with a concentration in concrete industry management. Concrete industry management graduates are broadly educated, articulate managers grounded in basic construction management, who are knowledgeable about concrete technology and techniques, and are able to manage people and systems and to promote products or services in the concrete industry.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

#### Career Opportunities:

The concrete industry management concentration provides a foundation for students who wish to pursue careers as project managers, estimators, schedulers or a combination of all three at an executive level. Concrete industry management career opportunities include:

- advanced mixing technology or equipment manufacturing
- cement
- concrete or general contracting
- concrete production
- development
- field sales
- operations
- project and production management
- technical service

## Electrical Engineering, BSE (ESEEEBSE)

**Campus:** Tempe, Online

#### Program Description:

The goal of the electrical engineering undergraduate program is to prepare graduates for positions as electrical engineers. Faculty in the Ira A. Fulton Schools of Engineering offer a BSE in electrical engineering. Following initial course work in mathematics and sciences, the foundation classes build a solid base of engineering knowledge. The electrical engineering curriculum includes a number of required upper-division electrical engineering and technical elective courses; areas include:

- circuits
- communication, signal processing and control systems
- computer engineering
- electromagnetics
- power
- solid-state devices

Approved technical elective courses provide students with an opportunity either to broaden their background in electrical engineering or to study, in greater depth, technical subjects in which they have special interest.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

#### Accelerated Degrees:

This degree is also offered as an accelerated degree with Electrical Engineering (MSE)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-engineering-electrical-engineering?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-engineering-electrical-engineering?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates with the bachelor's in electrical engineering find many exciting opportunities in industry. These include:

- communication equipment and network providers
- computer and peripheral device manufacturers and defense organizations
- consulting companies
- electric power utilities
- semiconductor chip designers and manufacturers

The program also prepares graduates for continued learning experiences, either in a formal graduate program or in continuing education applications.

# Electrical Engineering (Electric Power and Energy Systems), BSE (ESEEEPBSE)

**Campus:** Tempe

## **Program Description:**

The goal of the electric power and energy systems concentration is to prepare graduates for positions in industries dealing with generation, transmission and utilization of electric power. Generation includes conventional power generation (fossil fuel and nuclear) and alternative energy systems, including solar, wind and fuel cells.

Students in this concentration will complete the foundation courses in math, science and engineering. They are then required to take the pathway course in electric power and complete nine of the 15 technical elective credit hours with power classes. In addition, the senior design capstone project should be in the area of electric power and energy systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

## **Accelerated Degrees:**

This degree is also offered as an accelerated degree with Electrical Engineering (MSE)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

## **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

Transfer students with fewer than 24 transferable college credit hours:

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

Primary Criteria

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

Secondary Criteria

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

**Career Opportunities:**

Career opportunities for graduates with a concentration in electric power and energy systems include:

- consulting engineering firms
- employment in utility companies
- entrepreneurial opportunities
- power equipment manufacturers
- research and design organizations
- state, federal and municipal agencies

This concentration will also prepare students to pursue graduate degrees in the areas of:

- power generation
- power systems
- power transmission and distribution
- renewable and sustainable energy sources

The program also prepares graduates for continued learning experiences, either in a formal graduate program or in continuing education applications.

## Electronics Engineering Technology (Alternative Energy Technologies), BS (TSEETABS)

**Campus:** Polytechnic

**Program Description:**

The curriculum of the BS program in electronics engineering technology serves the needs of students interested in applied aspects of electronics technology. The electronics engineering technology program has a practice-based approach and uses laboratories to make electronics technology real to students. Major components of the program include:

- design
- electronics-related technical courses
- engineering science
- general education
- science and mathematics

The alternative energy technologies concentration explores the demands of energy resources in the new economy. This program strives to educate individuals in the use of energy sources such as solar, wind, ocean, geothermal and biomass and provides hands-on laboratory experience on several energy conversion and storage technologies, including photovoltaics, fuel cells, batteries, electrolyzers and supercapacitors.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

Graduates have an understanding of energy and power technology, the contribution of materials and components to the performance of electronic systems, and how to exploit the power of integrated electronics to enhance productivity and technology solutions. The alternative energy technologies concentration is designed to prepare graduates for careers in alternative energy as related to electric power conditioning, control systems, electronics and instrumentation. The specific positions might include:

- application interface
- environmental and reliability analysis
- policy analysis
- process control
- system design
- technology analysis

## **Electronics Engineering Technology (Electronic Systems), BS (TSEETEBS)**

**Campus:** Polytechnic

#### **Program Description:**

The curriculum of the BS electronics engineering technology degree serves the needs of students interested in applied aspects of electronics technology. The electronics engineering technology program has a practice-based approach and uses laboratories to make electronics technology real to students. Major components of the program include:

- design
- electronics-related technical courses
- engineering science
- general education
- science and mathematics

The field of electronics engineering technology applies mathematics, science and economics, along with state-of-the-art electronics techniques, materials and devices to solve technological problems and to produce useful products. The concentration in electronic systems, under the BS in electronics engineering technology, allows students to develop a broad-based knowledge of electrical and electronic fundamentals with an applications perspective.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

### **Career Opportunities:**

Graduates have an understanding of energy and power technology, the contribution of materials and components to the performance of electronic systems, and how to exploit the power of integrated electronics to enhance productivity and technology solutions. The electronic systems concentration prepares students for careers in:

- control applications
- electronics applications
- instrumentation applications
- power systems applications

Engineering technologists typically work as members of engineering teams in:

- applied design
- manufacturing
- operations
- product development
- production

They may also be employed in technical services capacities, including:

- field engineering
- marketing
- sales

### **Contact Information:**

## **Electronics Engineering Technology (Integrated Electronic Systems), BS (TSEETINBS)**

**Campus:** Polytechnic

### **Program Description:**

The curriculum of the BS electronics engineering technology degree serves the needs of students interested in applied aspects of electronics technology. The electronics engineering technology program has a practice-based approach and uses laboratories to make electronics technology real to students. Major components of the program include:

- design
- electronics-related technical courses
- engineering science
- general education
- science and mathematics

The integrated electronic systems concentration explores the processes and technology used to develop, design, manufacture and exploit integrated electronic functions on silicon, in packages and on boards. The program provides hands-on laboratory experience in integrated circuit device fabrication and manufacturing in a setting that emulates industry.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates have an understanding of energy and power technology, the contribution of materials and components to the performance of electronic systems, and how to exploit the power of integrated electronics to enhance productivity and technology solutions. Upon completion of this concentration, graduates are prepared for careers in the microelectronics industry. Graduates secure positions in:

- diverse scientific engineering teams
- field applications
- integrated circuit processing
- system integrators
- testing

## Engineering, BSE (TSEGRBSE)

**Campus:** Polytechnic

**Program Description:**

Engineers are creative problem-solvers who help shape the future. No profession unleashes the spirit of innovation like engineering, and the ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply engineering fundamental knowledge and design thinking to real projects every semester. Students choose a disciplinary focus where they develop in-depth knowledge in a specific area. This flexibility allows students to tailor their education to achieve their individual career and life goals.

Students can choose to focus in the following areas:

- automotive systems
- electrical systems
- humanitarian engineering
- mechanical engineering systems
- robotics

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition

plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. The bachelor's program enables students to develop not only sophisticated engineering technical skills but also the important professional skills of communication; teamwork and collaboration; and the adaptability that many employers seek. Graduates are prepared to work in large corporations, government agencies, small businesses, as well as to go on to graduate school to pursue advanced degrees. Due to the emphasis on design and project-based learning, the program supports an entrepreneurial spirit, and some students start companies of their own.

## Engineering (Automotive Systems), BSE (TSEGRASBSE)

**Campus:** Polytechnic

**Program Description:**

The BSE in engineering program at the Polytechnic campus is a multidisciplinary engineering program with multiple concentrations. The program allows students to learn from a problem-focused curriculum and with hands-on projects. Additionally, development of applied industry skills are integrated into the program.

The automotive systems concentration addresses vehicle design. In the junior and senior years, students will take courses in automotive systems and mechanical and electrical engineering topics. The curriculum focuses on automotive engineering fundamentals, including powertrain engineering and chassis system design as well as hands-on projects that involve designing, analyzing and building of actual automotive systems. Graduates of this program will be able to provide leadership in automotive engineering settings, especially automotive testing and hybrid propulsion systems, which are intrinsically multidisciplinary in nature.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates from the automotive concentration are prepared for employment in automotive-related companies, from large original equipment manufacturing companies and their testing grounds to smaller specialty or aftermarket companies.

Since this is a concentration in the BSE in engineering program, graduates also will have opportunities to perform functions that have traditionally been done by mechanical, manufacturing, automation and development engineers.

## Engineering (Electrical Systems), BSE (TSEGRESBSE)

**Campus:** Polytechnic

**Program Description:**

Engineers are creative problem-solvers who help shape the future. No profession unleashes the spirit of innovation like engineering, and the ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply fundamental engineering knowledge and design thinking to real projects every semester. The student with an electrical systems concentration will be able to contribute electrical subject matter expertise in multidisciplinary engineering teams. Students build a broad foundation of engineering fundamentals in the freshman and sophomore years. In the junior and senior years, students add specialized electrical expertise to this foundation, including theory and application of sensors, actuators, microcontrollers and microprocessors, power sources and board level implementations of such systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org> target="\_blank").

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers IThe program also requires: MAT 266, MAT 267, MAT 275, MAT 343 for a total of 15 mathematics credits.

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. ## Engineering (Humanitarian Engineering), BSE (TSEGRHEBSE)

**Campus:** Polytechnic

**Program Description:**

The BSE engineering program at the Polytechnic campus is a multidisciplinary engineering program with multiple concentrations. The program allows students to learn from a problem-focused curriculum and with hands-on projects. Additionally, development of applied industry skills are integrated into the program.

In the junior and senior years, students will take courses in water and energy systems as well as work with ASU's Global Resolve organization to adapt these systems to local and developing-world needs. Graduates of the bachelor's program with a humanitarian engineering concentration will be positioned to work on multidisciplinary teams addressing vital engineering needs of communities in the developing world. They will have real-world experience with the challenges and opportunities inherent in this environment and be able to make an impact by improving people's lives by solving real problems.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Engineering (Mechanical Engineering Systems), BSE (TSEGRMEBSE)

**Campus:** Polytechnic

**Program Description:**

Engineers are creative problem-solvers who help shape the future. The ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply fundamental engineering knowledge and design thinking to real projects every semester. The student with a mechanical engineering systems concentration will be able to contribute mechanical subject matter expertise in multidisciplinary engineering teams. Students build a broad foundation of engineering fundamentals in the freshman and sophomore years. In the junior and senior years, students add specialized mechanical expertise to this foundation, including theory and application of materials, machine design, thermal fluid systems, and energy and power from a systems perspective.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org> target="\_blank").

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I The program also requires: MAT 266, MAT 267, MAT 275, MAT 343 for a total of 15 mathematics credits.

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)  
Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. The bachelor's program enables students to develop not only sophisticated engineering technical skills but also the important professional skills of communication, teamwork and collaboration, and the adaptability that many employers seek. Graduates are prepared to work in large corporations, government agencies, small businesses, as well as to go on to graduate school to pursue advanced degrees. Due to the emphasis on design and project-based learning, the program supports an entrepreneurial spirit, and some students start companies of their own.

Engineers with mechanical expertise are in high demand in many different industry sectors, including agriculture, a wide variety of process industries, product development and manufacture, energy and defense systems. Mechanical engineers also work in close collaboration with other engineering disciplines in a wide variety of fields, including biomedical, building and construction, transportation and aerospace. Graduates from this program have a broad base of technical knowledge and operational skills that make them invaluable members of multidisciplinary engineering teams, well suited for employment across the whole spectrum of applications.

## Engineering (Robotics), BSE (TSEGRRBSE)

**Campus:** Polytechnic

**Program Description:**

Engineers are creative problem-solvers who help shape the future. No profession unleashes the spirit of innovation like engineering, and the ABET-accredited BSE engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products
- improve the quality of life for humankind
- provide technological leadership

In the BSE program, students apply fundamental engineering knowledge and design thinking to real projects every semester. The student with a robotics concentration will be able to contribute robotics subject matter expertise in multidisciplinary engineering teams. Students build a broad foundation of engineering fundamentals in the freshman and sophomore years. In the junior and senior years, students add specialized robotics expertise to this foundation, including electromechanical systems, sensor and actuator integration, embedded digital systems application, and design and analysis of dynamic systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org> target="\_blank").

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I The program also requires: MAT 266, MAT 267, MAT 275, MAT 343 for a total of 15 mathematics credits.

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Engineering (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

#### General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

## Engineering Exploration, (TSEGRPRE)

**Campus:** Tempe

#### Program Description:

Engineering exploration provides an opportunity for students to become aware of the diverse engineering and technology related programs within the Ira A. Fulton Schools of Engineering on both the Tempe and Polytechnic campuses, to develop the knowledge and skills to succeed at ASU, and to develop the confidence and motivation to select a Fulton Schools major to transfer into. Engineering exploration is not a degree-granting program. Students in the exploration program may transfer into a Fulton Schools degree-granting program once they meet the published transfer admission requirements for their desired program. All students will be forced to change their major at the end of three semesters.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Substantial

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### Additional Requirements:

Prospective students may not apply to the engineering exploration program. Freshman applicants to Ira A. Fulton Schools of Engineering programs will be considered for engineering exploration if they are not admitted to their first choice. Please contact [Engineering@asu.edu](mailto:Engineering@asu.edu) (mailto:engineering@asu.edu) for questions regarding admission and program eligibility.

#### Career Opportunities:

Since this program does not grant a degree, students must choose a major for degree completion. Career opportunities are specific to the ultimate major of choice.

## Engineering Management, BSE (ESEMGBSE)

**Campus:** Tempe, Online

**Program Description:**

The program in engineering management is designed to provide the graduate with skills for effective management and leadership of engineering-driven enterprises. The curriculum provides a breadth of engineering science and design with depth in one specific area suitable for practice. This knowledge is augmented with an understanding of business practices, organizational behavior and management skills to enable the graduate to succeed in the management of a scientific or engineering enterprise. Topics covered include project and resource management, financial engineering, risk management, configuration management, service plans, product liability, entrepreneurship and operations management, in addition to product design and process development.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Economics, BS

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission requirements for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission requirements. Students should select a second major choice when applying for admission to a degree program in the Ira A. Fulton Schools of Engineering.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://students.asu.edu/international-admission>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- Admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas. Deficiencies in both math and laboratory science are not acceptable.

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 2.75 for less than 24 transfer hours, and
- satisfy the freshmen admission requirements

**Transfer students with more than 24 transferable college credit hours:**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- If Admission Services requires submission of a high school transcript, admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas. Deficiencies in both math and laboratory science are not acceptable.

Concurrent degree admission requirements: Engineering Management, BSE and Economics, BS:

- minimum 1250 SAT combined math and verbal (650 minimum on SAT math) or minimum 29 ACT combined score (29 minimum on ACT math), and
- 3.00 minimum ABOR GPA

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/engineering-engineering-management-bse?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/engineering-engineering-management-bse?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The engineering management graduate will be prepared to begin as a:

- production supervisor
- project management team member or lead
- supply logistics engineer
- system specification and customer relationship management specialist or similar role

The graduate will then progress through successively higher levels of management responsibility.

The graduate will leave with a deep understanding of at least one industry sector based upon the focus area selected.

## Environmental and Resource Management, BS (TSETMBS)

**Campus:** Polytechnic

**Program Description:**

The BS in environmental and resource management degree provides critical scientific and management skills for graduates who will work in industry or government to ensure the health of natural ecosystems and to mitigate the environmental impact of our industrial world. The curriculum combines a strong foundation in biology, chemistry, physics and mathematics, with a solid grounding in environmental law and policy. Students learn to apply environmental technologies to drinking water and wastewater treatment, management of hazardous and solid wastes, and control of industrial and mobile sources of air pollution. They study OSHA regulations on health and safety and strategies to protect workers in hazardous environments. International environmental issues and legal frameworks are included along with U.S. environmental laws. Graduates with these skills are in high demand and can find work in industry, governmental management and regulatory agencies, or in policy-making organizations.

An accelerated BS/MS degree option is available in which up to nine hours of the bachelor's degree may be applied toward the 33 hours required for the master's in environmental and resource management. A special application is required for this option.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Environmental and Resource Management (MS)
- Technology (Environmental Technology Management) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

Graduates are firmly grounded in the scientific, technical, and legal problems facing environmental managers in today's business climate. They are prepared to be environmental, health, and safety professionals in industrial settings such as manufacturing, mining, oil and gas or environmental engineering consulting firms. They also assure compliance with OSHA and EPA requirements in laboratories at pharmaceutical companies, water treatment plants, or academic labs. On the regulatory side, graduates work for agencies such as the U.S. Environmental Protection Agency or state and county departments of environmental quality.

## Graphic Information Technology, BS (TSGITBS)

**Campus:** Polytechnic, Online

**Program Description:**

The cross-media nature of the graphic information industry requires tomorrow's graduates to understand the full spectrum of graphic technology, publishing processes and current business practices. The BS program in graphic information technology is preparation for a seamless career as a graphic technologist encompassing Web design and development, printing and digital publishing, commercial photography and videography, and technical imaging. This is an intensive program of study emphasizing theory and hands-on laboratory practice. Students develop the following skills:

- commercial photography and video
- digital document and app design
- multimedia and interactive technologies
- premedia, digital publishing and print technologies
- project and content management
- technical imaging
- user experience design
- Web design and development

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Journalism and Mass Communication, BA

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Graphic Information Technology) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Concurrent degree admission requirements:

Freshman applicants must meet all of the following standards:

- 3.75 minimum ABOR GPA
- no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students must have a minimum cumulative GPA of 3.00 from a transfer institution.

ASU students:

ASU students who would like to change their majors to the concurrent program with journalism and mass communication must have at least a 3.00 cumulative GPA in 12 or more credit hours of ASU courses that can be used to satisfy the Cronkite School's non-elective General Studies requirements.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

**Graphic Information Technology (Gaming), BS (TSGITGBS)**

**Campus:** Polytechnic

**Program Description:**

The cross-media nature of the graphic information industry requires tomorrow's graduates to understand the full spectrum of graphic technology, reproduction processes and current business practices. The BS program in graphic information technology prepares graduates for a seamless career as a graphic technologist encompassing Web development and Internet technologies, printing and digital publishing, and commercial and technical imaging, and gaming technologies. Graduates of the BS in graphic information technology with a concentration in gaming will be able to critically analyze, design and develop the various game appearance and art assets needed to create video games. Students will learn and apply the latest game visual development skills, tools and technologies. Students develop the following skills:

- commercial photography and video
- document design
- gaming and simulation technologies
- multimedia and interactive technologies
- premedia, digital publishing and print technologies
- project and content management
- technical imaging
- user experience design
- Web design and development

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Technology (Graphic Information Technology) (MSTech)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:** Graduates from the video game art focus may work on PC, mobile apps and console video games as a modeler, texture artist for characters and environments, as well as a character animator and rigger.

Graduates with a concentration in gaming will find employment in a variety of capacities ranging from computer and software design to graphic design and graphics arts. Students specializing in video game production are skilled at asset management, 3-D rendering and animation including technically challenging tasks like skinning, rigging and texturing for game asset production. Salaries can range from \$50,000 to \$125,000 per year depending on experience and market demand.

## Human Systems Engineering, BS (ESHSEBS)

**Campus:** Polytechnic

**Program Description:**

The BS in human systems engineering provides students with the theoretical background and methodological skills to design and build technology and systems for humans that place the human at the center. The bachelor's in human systems engineering is a unique blend of psychology and engineering offered by psychologists in an engineering college. By extending psychology (cognitive, physiological, perceptual, social, organizational) to engineering problems, the program will produce students well-grounded in psychological science, and students will be capable of understanding the implications of this science for engineering endeavors.

Human systems engineering skills are increasingly valued by industry, yet are not typically covered in traditional psychology or engineering programs. Students with a major or a minor in human systems engineering will enhance their employment potential.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The human systems engineering program prepares students for industry and government positions in a career such as a:

- game designer
- human factors engineer
- human systems integrator
- interface designer
- user experience designer

Graduates may work as a member of a product or system design team.

## Industrial Engineering, BSE (ESIEEBSE)

**Campus:** Tempe

**Program Description:**

Industrial engineering is concerned with the design, improvement, installation and operation of integrated systems of people, materials, information, equipment and energy. The purpose is to determine efficient ways to make a product or to provide a service. Industrial engineering draws upon specialized knowledge and skill in the mathematical, physical and social sciences together with the principles and methods of engineering analysis and design.

The underlying concepts of industrial engineering include certain business principles but emphasizes the use of mathematics and information technology to build models to describe, understand and optimize system performance. Depending on the subspecialties involved and the intended application, industrial engineering may also be known as operations management, management science, operations research, systems engineering or manufacturing engineering.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y  
**Second Language Requirement:** N  
**First Required Math Course:** MAT 265 - Calculus for Engineers I  
**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Industrial Engineering (MS)  
Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates in industrial engineering are prepared to design and manage systems for a wide range of organizations. They find exciting career opportunities in all types of manufacturing and service industries, including:

- banking and finance
- defense and government
- health care
- hospitality, sports and entertainment
- management consulting
- manufacturing (e.g., aerospace, automotive, semiconductor)
- software industry
- telecommunication

- transportation and logistics

## Industrial and Organizational Psychology, BS (ECPSYBS)

**Campus:** Polytechnic

**Program Description:**

Americans spend more than 54 percent of their waking hours at work. As a result, students who want to make a real impact on peoples' lives are beginning to focus on the psychology of work. Industrial and organizational psychology helps organizations identify the right job candidates to hire, determine the best job fit for each worker, and design enjoyable and effective workplaces, taking into account work-life balance. Finally, one specialty, human factors, focuses on designing tools and products that are easy to use and reduce human error.

In addition to strong education in human learning, memory, emotion, judgment and social psychology, which prepare students for employment or graduate school, students can choose to focus in two of five focus areas:

- consumer psychology
- human resources and organizational behavior
- human systems engineering
- learning technology
- user experience

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Applied Psychology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

**Career Opportunities:**

Some students pursue masters or doctorate degrees, but many career opportunities exist for graduates with bachelor's degrees, especially in the areas of human resources, human factors design, user experience and consumer behavior.

We routinely place our qualified undergraduate students in internships in leading companies or government agencies in the fields of technology, transportation, training, defense and health care. According to the 2012 Occupational Outlook Handbook, published by the U.S. Department of

Labor, industrial and organizational psychology is one of the best paying specialties in psychology, and demand for industrial and organizational psychologists is growing at a rate of about 29 percent annually.

## Informatics, BS (ESCPIBS)

**Campus:** Tempe

**Program Description:**

Informatics is about discovering, developing and understanding computer applications that improve people's lives. The BS informatics program prepares skilled professionals who take an interdisciplinary, user-oriented perspective toward information and computing systems, apply current informatics methods to address society's needs, and contribute to the next generation of such systems.

The informatics bachelor's program provides an option for students interested in a flexible program in applied information and computing technologies. The program provides skills in design and implementation of computer systems while offering opportunities for building applications used by people in many fields. Students learn to develop software for devices of all sizes, from supercomputers to cell phones and even smaller. The challenges of informatics include designing, developing, and applying tools that model, aid or automate activities within science, engineering, business, geography, education and entertainment.

Informatics careers center on solving problems through the design and creation of information systems, user interfaces, mobile technologies and social media.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus or MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission requirements for a Bachelor of Science in informatics are higher than minimum university admission requirements. Students should select a second major choice when applying for admission to a degree program in the Ira A. Fulton Schools of Engineering.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://students.asu.edu/international-admission>) and admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

Freshman Admission:

- Minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed.

Transfer students with fewer than 24 transferable college credit hours:

- Minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed, and
- Minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class.

Transfer students with more than 24 transferable college credit hours:

#### Primary Criteria

- Minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed (if Admission Services requires submission of a high school transcript).

#### Secondary Criteria

- Minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- Minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- A competency deficiency in either math or laboratory science is allowed. Competency deficiencies in both math and science are not allowed (if Admission Services requires submission of a high school transcript).

#### Career Opportunities:

A graduate of this ASU informatics program has the ability to develop future information technology solutions that place a strong emphasis on user needs and provide the ability to adapt and change dynamically with society's needs. This makes the informatician a strong candidate for jobs in:

- management consulting firms
- technology research centers
- technology start-ups

Additionally, the program prepares students for graduate programs offering an emphasis in emerging technologies.

## Information Technology, BS (TSIFTBS)

**Campus:** Polytechnic, Online

#### Program Description:

Information technology is for those who want to be responsible for designing, selecting, implementing and managing computer-based information solutions. The information technology graduate can design and create effective solutions to today's knowledge-based problems. Graduates design and create network architectures, configure and administer complex computer and database systems, create and manage effective websites, or design and process interactive media solutions. In the bachelor's in information technology program, students will create a project solution every semester and hone team and personal presentation skills. In addition to selecting a primary focus area (networking and databases, computer systems security or enterprise computing), students will be able to create their own secondary focus area that meets their specific career objectives.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Substantial

#### Accelerated Degrees:

This degree is also offered as an accelerated degree with Information Technology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-information-technology?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-information-technology?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

#### **Career Opportunities:**

Graduates of the information technology bachelor's program are well qualified for careers in the management of IT departments and functions. This degree couples technical skills with the business skills needed to manage technical functions. Some graduates may pursue careers as technical support staff based on the focus area and secondary skills they achieve.

Graduates will have the ability to manage technical professionals in these focus areas:

The focus area in networking and databases explores the tools, frameworks, technologies and processes underlying the design, construction, deployment and support of computer networks.

The focus area in computer systems security provides the graduate with the concepts underlying information assurance, securing computer applications and secure communication of information.

The focus area in enterprise computing provides students with an understanding of the enterprise and how information technology is used to further business interests. It includes many aspects of using technology to support the overall enterprise, including operations, funding and promotion. Students will learn how technology can be used in business strategy and creating innovative new ways to support business.

## **Manufacturing Engineering, BS (TSMEGRBS)**

**Campus:** Polytechnic

#### **Program Description:**

Successful manufacturing enterprises balance design, sustainability and quality with production to prosper in the global marketplace. Manufacturing engineering combines manufacturing processes (e.g., how materials are altered in either shape or properties) and the processes of manufacturing (e.g., design and management of manufacturing systems).

The BS manufacturing engineering program prepares graduates to:

- collaborate across disciplines to design and build solutions to real-world problems
- design innovative products and the equipment, tooling and environments necessary for their manufacture
- model, simulate and analyze manufacturing production processes for both small and large scale environments
- analyze, synthesize and control manufacturing operations using statistical methods
- provide technological leadership

The curriculum is project-based, hands-on, teamwork-oriented and delivered in outstanding fabrication facilities. Graduates of this program will become key team members who will create and implement processes for making such varied products as airplanes, surgical instrument, toys and foodstuffs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y  
**Second Language Requirement:** N  
**First Required Math Course:** MAT 265 - Calculus for Engineers I  
**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Engineers collaborate on interdisciplinary teams to design, manufacture and deliver innovative technological products and services. The bachelor's program enables students to develop not only sophisticated engineering technical skills but also the important professional skills of communication, teamwork and collaboration, and the adaptability that many employers seek. Graduates are prepared to work in large corporations, government agencies, small businesses, as well as to go on to graduate school to pursue advanced degrees. Due to the emphasis on design and project-based learning, the program supports an entrepreneurial spirit, and some students start companies of their own.

Graduates typically work as manufacturing engineers in a variety of companies, large and small. They are often members of design and development teams, cooperating with other people in and outside of their company. Career employment opportunities include direct manufacturing support, manufacturing management and quality control and assurance in large and midsized, established manufacturing companies. Due to a strong, broad and practical engineering skill set, graduates are also highly valuable in small companies or new start-up companies. Our graduates are well placed and command top salaries in their engineering careers.

## **Manufacturing Engineering Technology (Mechanical), BS (TSMETMBS)**

**Campus:** Polytechnic

**Program Description:**

Manufacturing is in a period of dramatic transformation. Future manufacturing will involve a global supply network to enable innovation, design and integration of products and services. At its core, manufacturing engineering is about creating and delivering products and services that have value to customers and society.

Manufacturing engineers are key team members in the production of products such as automobiles, airplanes, electronic devices, surgical instruments, toys, building products and foodstuffs. Manufacturing engineers design the processes to make products with the required functionality, to desired quality standards, based on customers needs, at the best possible price and in environmentally-friendly ways. The manufacturing curriculum is project-based and provides students a hands-on, team-based learning environment. The manufacturing program has outstanding fabrication facilities that are a hallmark of the program.

The program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

## Materials Science and Engineering, BSE (ESMSEBSE)

**Campus:** Tempe

**Program Description:**

Materials engineers are responsible for designing and developing new and improved materials for a wide variety of engineering applications. The faculty in the Ira A. Fulton Schools of Engineering offer a BSE in materials science and engineering. Courses in materials teach students about the design of materials and how to process them to improve their structure, properties and performance.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org/> (<http://www.abet.org/>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Materials Science and Engineering (MS)

Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see

<http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

Transfer students with 24 or more transferable college credit hours must meet EITHER the primary OR the secondary criteria (not both):

**Primary Criteria**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Secondary Criteria**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- minimum GPA of 2.75 in all critical courses for Terms 1 and 2 (see major map for critical courses), and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Materials engineers are in demand in a wide range of industries and professions, including:

- aerospace
- automotive
- computer
- electronics
- energy
- health care
- microelectronics

The career paths in these industries offer opportunities to impact technological advances through working in a team environment with engineers from the chemical, electrical, mechanical, aerospace and other engineering disciplines.

## Mechanical Engineering, BSE (ESMAEMBSE)

**Campus:** Tempe

**Program Description:**

Mechanical engineering is a creative, diverse discipline. Mechanical engineers design, build and control the devices, machines, processes and systems that are the mainstay of modern industrialized society.

Students are prepared for a career in mechanical engineering through a curriculum that includes study of the principles governing energy transfer, mechanical design, sensors and control devices and the application of these principles to the creative solution of practical modern problems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Aerospace Engineering (MS)

Mechanical Engineering (MS)

Solar Energy Engineering and Commercialization (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university admission standards.

International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad>) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
- no high school math or science competency deficiencies

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 3.00 for less than 24 transfer hours, and
- no high school math or science competency deficiencies, and
- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score, or 3.00 minimum ABOR GPA, or class ranking in top 25 percent of high school class

**Transfer students with 24 or more transferable college credit hours:**

- minimum transfer GPA of 3.00 for 24 or more transfer hours, and
- no high school math or science competency deficiencies (if Admission Services requires submission of a high school transcript)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A major strength of a mechanical engineering education is the flexibility it provides in future employment opportunities for its graduates. Mechanical engineers are employed in virtually every kind of industry. They are involved in seeking new knowledge through research, in generating creative design and development, and in the production, control, management and sales of the devices and systems needed by society.

The objectives of the mechanical engineering program are for graduates to be employed in mechanical engineering or a related field or accepted into graduate school.

- Our graduates will be employed as engineers or will be enrolled in (or have graduated from) engineering or professional graduate school.
- Our graduates will be sought out to contribute to the design of solutions to complex problems.
- Our graduates will demonstrate professionalism and will hold positions of increasing responsibility within their organizations.

## Mechanical Engineering (Computational Mechanics), BSE (ESMAECBSE)

**Campus:** Tempe

### Program Description:

As mathematical and numerical modeling takes on a much larger role in product development, graduates who are highly skilled in computational and mathematical engineering will be in high demand. The concentration in computational mechanics, under the BSE in mechanical engineering, is designed to teach students the modern computational tools available for solving large-scale and complex technical problems. The curriculum focuses on high-performance computing and the accurate modeling of large and small-scale systems.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

### Accelerated Degrees:

## Mechanical Engineering (Energy and Environment), BSE (ESMAEEBSE)

**Campus:** Tempe

**Program Description:**

The concentration in energy and environment, within the BSE in mechanical engineering, seeks to prepare students to analyze technical problems in:

- air pollution
- climate change
- energy efficiency
- environmental sustainability
- renewable energy
- timely issues facing the global community

Although the primary focus of this program is technical, the general education courses in the areas of the humanities and social and behavioral sciences introduce students to the global, political and societal issues relating to energy and the environment. By focusing on issues such as air pollution, water scarcity and the lack of alternative transportation, this program becomes even more attractive for employers in the greater Phoenix area as well as nationwide.

Accredited by the Engineering Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

## Mechanical Engineering Technology, BS (TSMECBS)

**Campus:** Polytechnic

#### Program Description:

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and technically innovative solutions to real-world problems, thereby helping people and the environment.

This program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates often work as members of design and development teams, cooperating with other people in and outside of their company. The BS in mechanical engineering technology, including specialty concentrations, offers great flexibility in type of work and location. Employment opportunities exist in companies that design, develop, manufacture, implement and improve products, machinery and systems. Employment areas include:

- engineering design
- manufacturing
- research and development

Companies large and small, in this region and elsewhere, provide a wide range of opportunities for graduates.

## Mechanical Engineering Technology (Aeronautical Engineering Technology), BS (TSMECEBS)

**Campus:** Polytechnic

**Program Description:**

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and technically innovative solutions to real-world problems, thereby helping people and the environment.

The aeronautical engineering technology concentration provides a specialization in aircraft, with classes in aircraft systems, design and performance, structures and aerodynamics (including wind tunnel testing).

The mechanical engineering technology program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program

(<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates often work as members of design and development teams, cooperating with other people in and outside of their company. The BS in mechanical engineering technology, and its aeronautical engineering technology specialty concentration, offer great flexibility in type of work and location. Due to their aeronautical specialty concentration, graduates are prepared to seek employment in aviation-related companies, large and small, in this region and elsewhere, providing a wide range of opportunities for graduates. Employment areas include engineering design, manufacturing, and research and development. Or, since their degree is in mechanical engineering technology, students can seek traditional mechanical engineering employment opportunities in companies that design, develop, manufacture, implement and improve products, machinery and systems.

## Mechanical Engineering Technology (Automation Engineering Technology), BS (TSMECUBS)

**Campus:** Polytechnic

**Program Description:**

Mechanical engineering technology programs offer students four years of applied engineering education in a hands-on, experiential, team-based learning environment. Our faculty members have real-world engineering experience, which they use to teach students how to apply engineering theory to practice in state-of-the-art labs stocked with up-to-date equipment used in industry today. Students learn how to produce practical and technically innovative solutions to real-world problems, thereby helping people and the environment.

The automation engineering technology concentration provides a specialization in machine and manufacturing process automation, including robotic systems. Automated assembly and testing are major components of most modern mechanical systems and manufacturing operations.

The mechanical engineering technology program is accredited by the Engineering Technology Accreditation Commission of ABET, <http://www.abet.org> (<http://www.abet.org>).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

Graduates often work as members of design and development teams, cooperating with other people in and outside of their company. The BS in mechanical engineering technology, and its automation engineering technology concentration, offer great flexibility in type of work and location. Graduates are prepared to seek employment in any company that employs automated manufacturing equipment, large and small, providing a wide range of opportunities for graduates. This very wide spectrum includes food and beverage processing, aerospace and automotive manufacturing, and power companies. Students can also seek traditional mechanical engineering technology employment opportunities in companies that design, develop, manufacture, implement and improve products, machinery and systems.

## Product Development and Manufacturing Technology, BS (TSMETBS)

**Campus:** Polytechnic

**Program Description:**

Product development and related manufacturing technology is a wide-ranging and dynamic field. Conceiving of products and moving them to market is a complex and fascinating process that begins with an understanding of the humans who will use the product. Then, the prototype must be made, developed and manufactured on a scale that ensures financial success. The product development and manufacturing technology degree provides students with the opportunity to learn all these facets of successful product development. At its core, product development is about creating and delivering products that have value to customers and society.

People with deep knowledge of product development are key team members in the production of products such as automobiles, airplanes, electronic devices, surgical instruments, toys, building products and foodstuffs. They often work closely with manufacturing engineers in the design of processes to make products with the required functionality, to desired quality standards, based on customer's needs, at the best possible price and in environmentally friendly ways. The product development curriculum provides students a hands-on, team-based learning environment, with students having access to outstanding fabrication facilities.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates typically work in product development in a variety of companies, large and small. They are often members of design and development teams, cooperating with other people within and outside the company. Due to a strong, practical skill set, graduates are valuable in large, small companies or new start-ups. However, other graduates become entrepreneurs developing their own products.

## Software Engineering, BS (TSSERBS)

**Campus:** Polytechnic, Online

**Program Description:**

The program blends engineering, computing, project leadership and software construction. Students learn how to make creative software solutions to today's problems. Software systems are complex, often including in excess of a million lines of code. Graduates of the BS in software engineering possess the knowledge and skills of a defined engineering approach to complex systems analysis, planning, design and construction.

The program is a unique project-driven curriculum, establishing a new model for software engineering education. The program is built around the concepts of engaged learning, discovery-based education and learn-by-doing. Students complete projects in every semester of the program, to provide emphasis in communication, teamwork, critical thinking and professionalism. Students have flexibility in designing their course of study; they select a software engineering application area such as Web applications, mobile systems, embedded systems, or graphics and game development as their primary focus, and they may obtain interdisciplinary knowledge through a secondary area of their design.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Software Engineering MS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The admission standards for majors in the Ira A. Fulton Schools of Engineering are higher than minimum university standards. International students may have an additional English-language proficiency criterion. Foreign nationals must meet the same admission requirements shown below with the possible additional requirement of a minimum TOEFL score. If the university requires a TOEFL score from the applicant, (see <http://global.asu.edu/future/undergrad> (<http://global.asu.edu/future/undergrad>)) then admission to engineering requires a minimum TOEFL score of 550 (paper-based), 213 (computer-based), 79 on iBT (Internet-based) or a minimum IELTS score of 6.5.

**Freshman Admission:**

- minimum 1140 SAT combined math and verbal or minimum 24 ACT combined score or 3.00 minimum ABOR GPA or class ranking in top 25 percent of high school class, and
  - Admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas.
- Deficiencies in both math and laboratory science are not acceptable.

**Transfer students with fewer than 24 transferable college credit hours:**

- minimum transfer GPA of 2.75 for less than 24 transfer hours, and
- satisfy the freshmen admission requirements

**Transfer students with more than 24 transferable college credit hours:**

- minimum transfer GPA of 2.75 for 24 or more transfer hours, and
- If Admission Services requires submission of a high school transcript, admission may be granted with one deficiency in no more than two competency (<http://students.asu.edu/admission/competencies>) areas. Deficiencies in both math and laboratory science are not acceptable.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the Academic Catalog Archive 2015-2016

year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-software-engineering?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-software-engineering?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

#### **Career Opportunities:**

Software engineers solve a broad set of interdisciplinary problems and apply new technologies to improve the quality of life. Graduates design and engineer innovative systems that may include mechanical and electrical components that interact with software. The bachelor's in software engineering is a unique program in which students learn by solving engaging projects, commonly as a member of a development team. The program prepares graduates for advanced study in computing, an allied field, or to enter the computing profession (most commonly as an application software engineer). According to the Bureau of Labor Statistics, software engineers are highly paid and there is significant growth in the number of employment opportunities. Some software engineering jobs may include:

- creating video games
- creating Web applications
- creating applications for mobile devices
- designing embedded systems
- developing distributed applications
- working on data, network, security or computer systems administration

Please note that the accelerated degree is only allowed for the software engineering, Polytechnic campus program.

## **Technological Entrepreneurship and Management, BS (TSTEMBS)**

**Campus:** Polytechnic, Online

#### **Program Description:**

The BS in technological entrepreneurship and management advances the knowledge and practice of entrepreneurship and innovation.

The degree program prepares students to:

- address social and corporate issues to impact and change the world
- create, launch and improve technology-based products, services, and ventures
- identify and solve open-ended problems

Students receive a foundation in technology and business fundamentals, with an emphasis on entrepreneurship and innovation in one of many focus areas:

- operations management
- process innovation and process improvement (including Lean Six Sigma training)
- social entrepreneurship

The program objectives for the degree are:

- demonstrate the ability to identify, analyze, and synthesize information to address and solve use-inspired open-ended problems, assessing their impact on social, cultural, and economic environments
- formulate methodologies to advance the knowledge of entrepreneurship and innovation
- launch products and services from idea generation through actualization
- use quantitative and qualitative methods to demonstrate continuous improvement of products, services, and processes
- utilize a systems approach for the effective design and improvement of entrepreneurial and innovation ventures

Advisors help guide students in their course of study, choose the right courses, and stay on track for an on-time graduation.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program

(<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-technological-entrepreneurship-and-management?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-technological-entrepreneurship-and-management?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Small- and medium-sized enterprises and startups create the majority of new jobs in the United States, while larger corporations are looking to hire individuals who can see the big picture and solve complex problems. Students in the technological entrepreneurship and management program learn the range of skills needed to develop new products, assess and improve processes, develop new processes and services as well as utilize a range of decision making- and software tools to help a company or organization with their competitive positioning.

This program prepares students for a variety of careers in the following areas:

- business development
- consulting
- operations management
- organizational management
- process analysis, process improvement and process development
- product development
- strategy
- technology-based entrepreneurship

## Global Management, Thunderbird School of

### Global Management, BGM (TBTGMBGM)

**Campus:** West

**Program Description:**

The BGM in global management draws on Thunderbird School of Global Management's expertise in global management practices, intercultural communication training and language development to provide students with a highly specialized, global business education.

The bachelor's program will prepare students to take on leadership roles in multinational corporations as well as nongovernmental organizations. Thunderbird's outstanding global management faculty members and strong relationships with global organizations will allow students to develop the skills needed to operate effectively in today's globally connected world. Students will develop advanced communication skills valued by international

employers, governments, and nongovernmental entities by completing course work in Arabic, Chinese or Spanish. Speakers of English as a second language can choose to focus on further developing their English language skills or choose a third language.

Students will have the opportunity to put the skills they have learned into practice in real world settings through a required international internship. A senior capstone project of their choice which draws upon the unique skills they have developed throughout the program. In addition students will create an online portfolio to showcase their skills, qualities and work experience for potential employers as part of their professional development plan.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 117 - College Algebra

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

At this time, this program is only available to incoming freshmen and students with fewer than 30 hours of transfer credit.

**Career Opportunities:**

Graduates of the Bachelor of Global Management will have a variety of transferable skills in global management practices, intercultural communication and international languages combined with the ability to adapt to ever-changing business environments, tolerance for ambiguity and a demonstrated passion for learning about other cultures. Students who complete this program will be equipped to play key roles in multinational corporations, government as well as nongovernmental organizations. There is demand for global skills in careers such as international business, trade, finance, accounting, human resources, marketing, corporate communications and international relations.

## Health Solutions, College of

### Applied Science (Food Service Management), BAS (ECNTRBAS)

**Campus:** Downtown Phoenix

**Program Description:**

The BAS degree with a concentration in food service management is designed to complement and enhance the educational preparation of students holding an AAS degree in culinary or hospitality science.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree. This program is not available for freshmen.

**Career Opportunities:**

This degree prepares students for careers in food production, service, management and marketing. With additional education or professional training, students may also become credentialed as:

- certified dietary managers
- registered sanitarians
- school food service and nutrition specialists

**Contact Information:**

Health Solutions, College of

## Applied Science (Health Sciences), BAS (NUHSCBAS)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The BAS program is designed specifically for students who have earned an AAS from a regionally accredited institution. In completing the bachelor's, students complete all ASU graduation requirements.

The concentration in health sciences is designed to provide the academic knowledge and skills to allow students with an associate degree from a previously approved health-related program to advance their employment opportunities within the health field, continue into a graduate program of study, or both.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree. This program is not available for freshmen.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-applied-science-health-sciences?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-applied-science-health-sciences?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Career Opportunities:**

Graduates will be able to return to their original area of expertise in allied health (i.e., radiology, nuclear imaging) and qualify for a managerial position, to be an educator or instructor within their field of expertise, or qualify for a higher-grade position within their current place of employment.

Other career options include positions such as:

- elder services program coordinator
- health and patient educator
- health maintenance organization or insurance company client coach

- Healthy Start coordinator
- home health care coordinator
- long-term care health and wellness coordinator
- school health and program specialist
- women, infants, children and community nutrition aide

**Applied Science (Medical Laboratory Science), BAS (NUMLSBAS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BAS in medical laboratory sciences is designed to provide the academic knowledge and professional skills to allow students to advance their employment opportunities within the field of medical technology, cytology, clinical laboratory science and related areas. Medical laboratory scientists, also known as clinical laboratory scientists, are highly skilled professionals who perform analytical tests on blood, tissue and body fluids to provide laboratory information for the detection, diagnosis and treatment of human diseases. They work independently and have skills and knowledge that are greater in depth and breadth compared to medical laboratory technicians, who typically are graduates of a two-year or community college program. There also is a growing trend for medical laboratory scientists to perform wellness laboratory testing aimed at preventing disease.

For a detailed description of courses and the transfer path, see the major map link above.

For more program information, see the links below:

Program handbook: <https://snhp.asu.edu/sites/default/files/handbook-medical-laboratory-2013.pdf>  
 (<https://snhp.asu.edu/sites/default/files/handbook-medical-laboratory-2013.pdf>)

 (<https://snhp.asu.edu/sites/default/files/medical-laboratory-science-program-sept-2013.pdf>)

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Only students who have been admitted through Phoenix College and who have completed the prerequisite course work, verified by the program director or program advisor, are eligible to apply to this program. The following requirements are a part of the application process and are included in the separate program application, released to those who are considered eligible during a specified application cycle:

- gain admission to Phoenix College
- complete program application, which should include:
  - student information
  - course work

- immunizations
- basic life support/CPR
- Fingerprint Clearance Card
- health declaration
- experience in medical laboratory sciences
- employment observation verification
- references
- review checklist and sign

submit to:

School of Nutrition and Health Promotion

 Mail Code 8220 ATTN: Medical Laboratory Science Program  
 Arizona State University  
 502 E Monroe St Ste C 250  
 Phoenix AZ 85004-4431 • apply to Arizona State University

#### **Career Opportunities:**

The Bureau of Labor Statistics reports that 13,000 new laboratory professionals will be needed in the United States each year; however, current training programs graduate only 5,000 students each year. The majority of medical laboratory scientists and technologists work in hospital laboratories. Others work in independent laboratories, reference laboratories, clinics, health maintenance organizations, public health agencies, pharmaceutical firms, research institutions, scientific equipment companies, physicians' offices and as teachers in college clinical laboratory science programs. The working environment is as varied as the types of practice in which medical laboratory scientists are engaged.

## **Biomedical Informatics, BS (ESBMIBS)**

**Campus:** Tempe

#### **Program Description:**

Biomedical informatics applies computer science, information technology, probabilistic reasoning, cognitive science, and other quantitative and technical methods and skills to biomedicine and health care delivery. These skills are increasingly recognized as essential for progress. Biomedical science, health care delivery and public health impacts increasingly rely on multidisciplinary expertise; computer technology; learning and analytics from diverse data sources; and complex collaborations. The program will educate undergraduate students in the informatics knowledge and skills that will enable them to be effective contributors to the biomedical sciences, technology development, health care delivery and business sectors related to commercialization in these fields, or be prepared to enter graduate programs in biomedical informatics, medicine and related disciplines that can lead to leadership positions in these fields.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Substantial

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

The BS in biomedical informatics will produce graduates who will contribute to the workforce nationwide. Current employers report a need for

biomedical informaticians at the bachelor's level for job titles such as those listed below. Students with a wide range of interests will be attracted to this program. Some may see this program as a unique way to combine their interest in life sciences and technology. Others may find this degree the first step toward medical school or advanced medical research or to continued graduate-level study in biomedical informatics.

Students who complete this degree program may be prepared for the following careers. Advanced degrees or certifications may be required for academic or clinical positions. Career examples include but are not limited to the following:

- actuarial services analyst
- actuarial services manager
- clinical informatics specialist
- decision support analyst
- encounter data analyst
- health plan performance analyst
- population health analyst
- program evaluator
- program research analyst
- quality improvement analyst

## Exercise and Wellness (Exercise and Wellness), BS (ECXWBS)

**Campus:** Downtown Phoenix

**Program Description:**

Employment of fitness and wellness professionals is expected to grow by up to 24 percent through 2020, much faster than other occupations, driven by efforts to reduce health care costs by teaching people about healthy behaviors. The need for exercise and wellness programming and facilities will increase the need for workers in these areas.

The BS in exercise and wellness provides students with the knowledge, skills, and expertise to assist individuals across the lifespan in adopting exercise, physical activity and other healthy behaviors.

This degree emphasizes:

- an outstanding capstone internship that provides preprofessional experience
- competencies required to pursue national accredited certifications\*
- knowledge and skills for teaching, evaluating, prescribing and promoting fitness and wellness behaviors
- methods for helping people make behavioral changes and teaching people about health risks
- sciences of cardiovascular and muscular fitness, nutrition and stress management

\*certifications such as from the American College of Sports Medicine, the National Strength and Conditioning Association or the National Academy of Sports Medicine

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)  
Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)  
Arizona Western College (<http://transfer.asu.edu/az-western>)

**Career Opportunities:**

Students who complete a bachelor's degree in the exercise and wellness concentration will have enhanced opportunities in fitness and wellness employment settings because clients and employers prefer to work with people who are more highly prepared and qualified.

Undergraduates in this concentration often pursue careers in such fields as:

- active adult planned community fitness and health promotion
- cardiac rehabilitation
- country club fitness
- hospital-based fitness centers or spa fitness
- personal training
- sports medicine clinics
- strength and conditioning coaching
- wellness centers
- work site fitness and health promotion

Students may also pursue further graduate study in such fields as:

- athletic training
- exercise science
- medicine
- occupational therapy
- physical therapy
- physician assistant

Advanced degrees or certifications may be required for academic or clinical positions.

## Exercise and Wellness (Health Promotion), BS (EEXWHBS)

**Campus:** Downtown Phoenix

**Program Description:**

The BS in exercise and wellness with a concentration in health promotion provides students a pathway to become a Certified Health Education Specialist. Students will gain the knowledge, skills and expertise to develop and deliver programs that enhance awareness about healthy lifestyle behavior, increase health-enhancing behaviors, decrease health risk behaviors and create environments supportive of healthy lifestyles.

Students are prepared with:

- competencies required to pursue the Certified Health Education Specialist certification
- foundational knowledge in nutrition, physical activity and stress for chronic disease prevention
- knowledge, skills and ethics for assessing and understanding group and community health needs
- methods for helping people make health behavior changes and teaching people about health risks and behaviors
- skills in designing, implementing, administering and evaluating effective health promotion programs in work site, community, health care and agency settings

A distinctive aspect of the health promotion concentration is an outstanding capstone internship that provides preprofessional experience in health promotion settings.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra/170

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The rising cost of health care has increased the need for individuals with the skills and abilities to provide health education and health promotion programs. As health care costs continue to rise, insurance companies, employers and governments are attempting to find ways to curb costs. One of the more cost effective ways is to employ health promotion professionals to teach people how to live healthy lives and avoid costly treatments for illnesses. Health promotion professionals work in various environments based on the industry in which they are employed. In public health, nonprofit organizations, corporations and businesses, colleges and universities, and medical care settings, they primarily work in offices. However, they may spend a lot of time away from the office implementing and attending programs, meeting with community organizers, speaking with patients or teaching classes.

Undergraduates in this concentration often pursue careers in such fields as:

- college and university wellness and health promotion
- government health departments and agencies
- health and wellness coaching
- nonprofit disease prevention agencies
- private health care organizations
- wellness centers
- worksite wellness and health promotion

Students may also pursue further graduate study in such fields as:

- dentistry
- health education
- health promotion
- health psychology
- medicine
- occupational therapy
- physician assistant
- public health

Advanced degrees or certifications may be required for academic or clinical positions.

## Health Education and Health Promotion, BS (NHHEHPBS)

**Campus:** Downtown Phoenix, Lake Havasu, Online

**Program Description:**

The BS in health education and health promotion provides students a pathway to become certified health education specialists (CHES certification), and it is the only undergraduate program at ASU designed specifically to provide professional preparation in population-based health, including

school and community health education. Students will gain the knowledge, skills and expertise necessary for health promotion and program planning, implementation and evaluation. Students are prepared in foundational knowledge related to health education and health promotion in a variety of areas, including but not limited to nutrition, substance abuse, physical health, stress management for chronic disease prevention; methods for helping people make healthy behavior changes; knowledge, skills and ethics for assessing and understanding group and community health needs; advocacy skills in health education and health promotion settings; skills in designing, implementing, administering and evaluating effective health promotion programs in work site, community, health care, school, and agency settings; and competencies required to pursue the certified health education specialist certification. A distinctive aspect of this degree is an outstanding senior capstone internship that provides preprofessional experience in health promotion settings.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 117 - College Algebra

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The Downtown campus is available to all students who meet university admission standards.

The West campus is only available to students who will be first time freshmen as defined as those who have earned 12 college credit hours or less at the time of admission.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The rising cost of health care has increased the need for individuals with the skills and abilities to provide health education and health promotion programs. **Health Sciences (Health Policy), BS (NUHSCHPBS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BS in health sciences is designed to provide the academic knowledge and skills to allow students to move directly into a range of employment opportunities within the health field or continue their education in discipline-specific programs. Students will complete a complement of core courses that emphasize ethics, communication skills, critical thinking and cultural awareness.

The health policy program is designed for students interested in the community policy aspects of disease prevention and health promotion. The continuum of health care now spans a diverse array of health providers ranging from private practitioner offices and outpatient care centers to residential care facilities and acute care hospitals. Key to the enhancement of health care within the U.S. is the development and implementation of innovative, cost effective and universally accessible programs. Students in this concentration will be required to complete a supervised practicum, providing hands-on experience within their field of interest. Students may also wish to consider using their electives to complete a minor in nonprofit administration, which requires 15 credits.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics or MAT 117

**Program Math Intensity:** Moderate

## Health Sciences (Healthy Lifestyles Coaching), BS (NUHSCHLCBS)

**Campus:** Downtown Phoenix, West, Online

### Program Description:

The BS in health sciences is designed to provide the academic knowledge and skills to allow students to move directly into a range of employment opportunities within the health field or continue their education in discipline-specific programs. Students will complete a complement of core courses that emphasize ethics, communication skills, critical thinking and cultural awareness. The healthy lifestyles coaching emphasis brings together course work from exercise and wellness, nutrition, and health sciences, to give students a strong background in preventative health care. It also is designed to meet the prerequisites for students planning to pursue a bachelor of science in nursing.

The program allows students to explore a range of interests in health education and is designed for students who are seeking immediate employment in the community health education or health promotion fields.

### Additional Program Fee: Y

### Second Language Requirement: N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Admission Requirements:

## Health Sciences (Pre-professional), BS (NUHSCPRES)

**Campus:** Downtown Phoenix

### Program Description:

The BS in health sciences is designed to provide the academic knowledge and skills to allow students to move directly into a range of employment

opportunities within the health field or continue their education in discipline-specific programs. The preprofessional program is designed for students planning to enter medical, dental, osteopathic, physical therapy, veterinary, pharmacy and similar professional schools. In addition to a comprehensive core of basic science courses, the concentration is unique in that it will provide a solid base in ethics; communication; the evaluation of research (the cornerstone of evidence-based practice); and healthy lifestyles (the foundation of health promotion and chronic disease risk reduction avenues of health care), including the role of complementary and alternative care within the U.S. health care system. Students will also have the ability to incorporate electives that contribute to their knowledge of and sensitivity to the needs of populations impacted by health disparities.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Admission Requirements:**

## Health Systems Management, BS (TSHSYMBS)

**Campus:** Polytechnic

**Program Description:**

The BS in health systems management provides students with a unique opportunity to develop a marketable skill set via a multidisciplinary educational approach to the development of health care leaders, technologists and entrepreneurs. The flexible program allows students to select one of two focus areas, technology entrepreneurship management and information technology management. The degree develops graduates whose decisions are evidence-based, a critical skill as health systems evolve. Students will receive a strong foundation in health systems, technology, business, and consumer-behavior associated with health with an emphasis on innovation and service development. Program graduates will have the skills to transform the current health care system or individual health care organizations to become more efficient and agile by improving processes, adopting best practices, evaluating and adopting technologies. Graduates will lead such organizations and systems to become more competitive globally.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 119 - Finite Mathematics

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates of the program are well qualified for careers in the management of health systems. This degree couples technical skills with the business skills needed to manage complex health systems. The focus area of information technology management allows the graduate to pursue a career in technical support administration for various health systems, which will address information assurance, securing computer applications, and security of communication and information. These skills are combined with knowledge of computer systems and networking design, configuration and administration. The process innovation focus area provides students with the opportunity to analyze and improve processes and practices as well as generate and evaluate products and services for the health system enterprise. Students will be able to pursue careers in marketing and consumer behavior as it relates to health systems. Careers in health systems operations and social entrepreneurship will be available to these students.

## Kinesiology, BS (NUKINBS)

**Campus:** Downtown Phoenix, Lake Havasu

**Program Description:**

Kinesiology is a discipline emphasizing the study of movement as it relates to physical activity, health and disease prevention, and exercise. Using both human and animal models and reflecting research ranging from basic to applied, it draws from an interdisciplinary body of knowledge grounded in the biological, psychological, physical and social sciences.

Undergraduate students in the program gain a disciplinary knowledge of the anatomical, biomechanical, developmental, neural, physiological and psychological mechanisms underlying human movement.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Admission Requirements:**

**Medical Studies, BS (NHMEDBS)**

**Campus:** Downtown Phoenix, West

**Program Description:**

The BS in medical studies is an interdisciplinary degree program designed to provide a solid undergraduate knowledge base in health and health care. The degree provides a rigorous education in the natural sciences, social sciences, humanities, statistics, health economics and exposure to global health, with particular attention to the integration of disciplines and the impact on health and health care. Students will learn about health systems and gain skills in evaluation of the health sciences literature, communication, leadership and interprofessionalism. The degree prepares students for health-related careers and is designated for students with an interest in postgraduate health degrees, such as medical school, providing excellent preparation for the changes in the MCAT and medical school admission requirements.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:  
 All students are required to meet general university admission requirements.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
 Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students graduating from this program will be academically prepared, well-rounded and adept in skills for a number of exciting careers in the allied health fields, dentistry or medicine, education, government, health care industries or nonprofit organizations. Job areas may include:

- community health worker
- project coordinator
- research assistant
- sales or marketing representative (e.g., medical device or pharmaceutical industry)

Students will be well prepared to pursue postgraduate health degrees, resulting in a career as a:

- chiropractor (DC)
- dentist (DDS, DMD)
- naturopathic physician (ND)
- optometrist (OD)
- pharmacist (PharmD)
- physician (MD, DO)
- physician assistant (PA-C)
- podiatrist (DPM)

- public health professional (MPH)

Many other career options may be available.

## Nutrition (Dietetics), BS (ECNTRDBS)

**Campus:** Downtown Phoenix

**Program Description:**

The BS in nutrition with a concentration in dietetics prepares students with the required course work and skill set to apply for a dietetic internship required to sit for the registration exam to become a registered dietitian, which is a food and nutrition expert. In addition to a core of professional nutrition courses, students will complete a broad range of science, management and communication classes. The program emphasizes the application of nutrition within clinical, community, food production and wellness areas.

More information about this credential and the requirements for this credential can be found at:

<http://www.eatrightpro.org/resources/career/become-an-rdn-or-dtr> (<http://www.eatrightpro.org/resources/career/become-an-rdn-or-dtr> ).

ASU's bachelor's in nutrition with a concentration in dietetics program is accredited as a Didactic Program in Dietetics by the Accreditation Council for Education in Nutrition and Dietetics, 120 S. Riverside Plz., Ste. 2000, Chicago IL 60606-6995.

## Nutrition (Food and Nutrition Management), BS (ECNTRMBS)

**Campus:** Downtown Phoenix, Online

### Program Description:

The BS in nutrition with a concentration in food and nutrition management provides students with the ability to apply nutrition principles to food production. This concentration is designed to provide students with an understanding of the food industry so they can manage and market food and develop a food or menu that meets a specific nutritional guideline.

Course work focuses on a strong foundation in food purchasing, production and planning. Additional course work in management, marketing and nutrition prepares students for a variety of food service positions. Graduates can also pursue the credentials of certified dietary manager, school nutrition specialist or registered sanitarian.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

According to the National Restaurant Association, the number of food service managers is projected to increase by 15 percent in the next 10 years. This degree prepares students to become food service directors at schools, health care facilities and corporate food service operations. Our graduates aspire to own restaurants or nutrition-related businesses, work in supplement or pharmaceutical sales, or work in food marketing and distribution.

## Nutrition (Human Nutrition), BS (ECNTRHBS)

**Campus:** Downtown Phoenix

**Program Description:**

The BS in nutrition with a concentration in human nutrition provides students with a strong foundation in nutrition and science that prepares them for careers in public or community health and clinical or graduate research programs. Students in this concentration usually intend to apply to medical school or another health profession. In addition to providing a strong foundation in medical nutrition therapy, the course work includes anatomy, physiology, chemistry and microbiology. Students gain knowledge of nutritional concepts that health care professionals sometimes lack.

Students from this program have gone on to study:

- dentistry
- medicine
- naturopathic medicine
- optometry and podiatry
- osteopathic medicine
- pharmacy

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

**Career Opportunities:**

The nutrition field provides employment opportunities in:

- education
- food and nutrition marketing and sales
- food service
- health care
- nutrition and health promotion and consulting
- public health

Graduates of the human nutrition program often go on to apply to medical school or another health profession. The area of nutrition research is also a good fit for human nutrition majors. Several outstanding scientists have received their bachelor's from this program; add a master's or a doctorate, and the opportunities within the research field are unlimited.

## Nutrition (Nutrition Communication), BS (ECNTRCBS)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The BS in nutrition with a concentration in nutrition communication is designed to help students become experts in communicating health and nutrition content. This concentration was originally developed in collaboration with the Walter Cronkite School of Journalism and Mass Communication.

Nutrition courses provide the content for articles students write in their communication-related classes. This degree program provides students with a strong understanding of the scientific method, statistics, nutrition, health care and wellness that many traditional journalists lack. Faculty members teach students how to avoid sensationalism or sacrificing reality to get a better story.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-nutrition-communication?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-nutrition-communication?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The nutrition communication field offers employment opportunities with:

- community and health care agencies
- magazines
- newspapers

- private corporations (public relations firms)
- Web-based companies

With this degree, graduates can pursue careers as:

- authors
- consultants in program or product development
- freelance writers for newspapers and magazines
- public relations representatives for food and beverage companies

**Public Health, BS (NHPBHBS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BS in public health is designed to provide students with knowledge and skills in the core concepts of public health; namely health behavior, health statistics, environmental health, epidemiology, health administration and policy. The degree prepares public health practitioners who are competent to plan, implement, evaluate and monitor public health functions in local, state, national and international settings. Graduates are prepared to fill entry-level positions in public and community health as well as to further their education through the MPH, MHA or other advanced degrees. The bachelor's in public health is designed to appeal to students with interests in population rather than individual health.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)

**Science of Health Care Delivery, BS (NHHCDBS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BS in the science of health care delivery is designed to provide undergraduate students a foundation in the multidisciplinary field of health care delivery. The student will receive a knowledge base regarding health care systems, economics, public health, global systems, health care management, process engineering and health IT as well as skills in leadership and communication. Graduates may pursue entry-level positions in health care administration and management or further education through graduate programs.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences or MAT 210 (MAT 251 preferred).

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Speech and Hearing Science, BS (LASHSBS)

**Campus:** Tempe

**Program Description:**

Students in the BS in speech and hearing science program study the normal aspects of the communication process. Emphasis is placed on:

- anatomy and physiology of the hearing mechanism
- speech, language and hearing science
- the human communication system, including normal development of speech and language

Graduates attain broad-based knowledge in the basic aspects of speech, language and hearing sciences, which prepares them for graduate studies in audiology or speech language pathology.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Employment opportunities for those with a bachelor's may include positions as:

- management trainees
- research assistants or associates in behavioral disciplines
- speech-language pathology assistants

Primarily, a degree in this field prepares the student for entrance into a graduate program in speech-language pathology or audiology. In both fields, a graduate degree is required for employment.

The undergraduate degree in speech and hearing science is also excellent preparation for those who wish to enter professional or graduate programs, such as:

- education
- law
- medicine
- rehabilitation
- special education
- teaching for the deaf

Graduates in speech-language pathology and audiology can work in a variety of settings, including:

- clinics
- hospitals
- schools

## Honors - Barrett, The Honors College

### Honors College, (9HOHONALL)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

**Program Description:**

ABOUT THE COLLEGE

Barrett, The Honors College at ASU is a selective, residential college that recruits academically outstanding undergraduates. Named "Best Honors College" in the nation, this honors community is known nationally for its number of National Merit Scholars and recipients of prestigious fellowships such as the Rhodes, Truman, Fulbright, Marshall, Goldwater, NSEP and Udall scholarships. Barrett students benefit from a \$12 million dollar endowment used exclusively to support honors students and their projects. The Barrett honors experience is unique, with the advantage of students experiencing a small, intellectually and socially vibrant environment while having access to the vast resources of the major research university that is ASU. Barrett students are members of a small community of scholars who benefit from personalized attention, dedication and access to Barrett deans; 34 Faculty Fellows within the college; more than 1,800 faculty members who teach honors students university-wide; and 52 staff members on all four campuses. Barrett students may major in any field offered at any of the university's four campuses. In the fall of 2009, Barrett opened the nation's first comprehensive four-year residential honors college within a top-tier Research I university. The \$130 million nine-acre honors campus community includes 12 classrooms; 1,700 beds; a community center (with student lounges, activity rooms, computer labs and a fitness center); a dining center with signature refectory and cafe and all the Barrett Faculty Fellows and administration offices. Barrett students on the Polytechnic, West and Downtown campuses also enjoy the benefits of living in growing honors communities that offer a vibrant honors residential component, academic and cocurricular experiences, and faculty and staff support. In 2013, the four-year honors residential experience was expanded on the Tempe campus to include residence halls at Vista Del Sol across the street.

## PROGRAM REQUIREMENTS

Barrett welcomes applications from highly-motivated, high-achieving, academically strong high school seniors and transfer students, as well as students currently enrolled at ASU. Prospective students may apply to Barrett after they have submitted an application to ASU. Admission information and the online application are available on the Barrett website. Barrett students complete a challenging honors curriculum through a combination of honors-only seminars, honors enrichment contracts, internships, research, honors study abroad and a culminating honors thesis or creative project. Generally, students complete 36 hours of honors credits within the 120 credit hours required to earn a bachelor's degree. Details regarding the academic requirements can be viewed using the major map. Current ASU and transfer students can apply for the second semester of the freshmen year and the first semester of the junior year.

## STUDENT OPPORTUNITIES

Barrett students take advantage of an array of opportunities that enrich the honors experience. They may receive national and international graduate scholarships. They engage in cutting-edge research with distinguished ASU faculty and benefit from special partnerships with the Mayo Clinic, the Biodesign Institute, and Intel. Some students are developing iPhone applications; others are building robots, designing games, or developing tools to solve a range of global challenges such as improving health care, meeting global energy needs, providing clean water, ensuring data and information privacy. There are more than six hundred internship opportunities developed exclusively for Barrett students. All internships are paid positions with companies or agencies like Goldman Sachs, J. P. Morgan, Google, Johnson & Johnson, and the United States Senate.

Many Barrett students cultivate leadership opportunities and organize a full range of service, wellness, arts, cultural, social, entrepreneurial, and sustainability programming. Students attend weekly Zumba or Insanity fitness classes; learn healthy eating habits from a certified nutritionist; and share musical talent at monthly Open Mic Nights in Barrett's very own Burning B Café. They contribute to the artistic and literary magazine, the LUX Undergraduate Creative Review, as well as the quarterly Barrett Chronicle and many participate in the Barrett Choir. In a culture highly dedicated to service and fostering multiple partnerships in the community, students often drive meaningful service initiatives that include writing letters of encouragement and gratitude to veterans, and donating a thousand pounds of clothing and accessories to a local teen resource center. Our Downtown Phoenix campus hosts a fantastic Urban Tour series with visits to the time-honored Orpheum Theater and world-renowned Heard Museum. Our West campus teams with the National Collegiate Honors Council's Partners in the Parks to host a variety of academic adventures at national parks across the country; while our Polytechnic campus is known for its Innovation Showcase, an impressive exhibition of student projects that demonstrate how students are solving real-world problems with innovative solutions. Barrett students on all four campuses participate in summer abroad programs that enable them to enjoy small classes taught by Barrett faculty and experience different cultures while earning honors credits. Great American Cities is one of the most popular travel programs, with a visit to cities like Boston, New York, New Orleans, Anchorage and Miami to engage in a service project and soak in the history, culture and great food. Other travel opportunities range from turn-around trips to Arizona parks and monuments to overnight trips to San Diego or ski trips to Colorado.

**Additional Program Fee:** Y

**Second Language Requirement:** N

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students must be admitted to Arizona State University before submitting a separate application to Barrett, The Honors College.

Students who have demonstrated high levels of academic achievement in high school or college may apply for admission to Barrett. Each candidate must file an application to the college separate from the ASU application, in accordance with the appropriate Barrett deadlines.

Applicants are evaluated on the basis of their academic records, high school class ranks and performances on the SAT or ACT. The college also values students who have special talents and aptitudes, exhibit exceptional leadership qualities, have had unusual life experiences or display significant community involvement.

The Barrett admission application and additional information about the college and its activities are available at <http://barretthonors.asu.edu> (<http://barretthonors.asu.edu>).

### Contact Information:

Honors - Barrett, The Honors College

## Interdisciplinary Arts & Sciences, New College of

### American Studies, BA (ASAMSBA)

**Campus:** West

**Program Description:**

The BA in American studies is one of the oldest interdisciplinary programs of study within the New College of Interdisciplinary Arts and Sciences and the only American studies degree in the entire state. This is a place for rigorous and adventurous conversations about American culture, politics and history, exploring knowledge beyond disciplinary boundaries, bringing differing perspectives and understandings into dialogue with one another, and generating a unique level of intellectual rigor and excitement.

To this end, our goals in American studies are to:

- create a community of learning through classroom instruction, internship and study abroad experiences, program field trips, activities and lectures
- encourage knowledge and innovation in course work as well as the capstone thesis project
- help students synthesize and critically evaluate knowledge from diverse fields about American history and culture

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

**Career Opportunities:**

Graduates are well equipped to embark on a wide variety of careers in government, education, business, museum and foundation work; journalism and other forms of professional writing; and in other areas where these capabilities are highly valued and sought. The program also serves as excellent preparation for law school and for graduate programs in fields such as:

- American studies
- art history
- English
- history
- journalism

## Applied Computing, BS (ASACOBS)

**Campus:** Lake Havasu, West

**Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in applied computing, which provides a foundation in computer science.

Applied computing combines technical computing skills with an understanding of the impact of computer science in real-world contexts.

The applied computing program's technical component is concerned with the design and use of appropriate systems and technologies, while its social sciences component is concerned with understanding how people seek, obtain, evaluate, use and categorize information.

Lower-division courses provide a computer science foundation, while upper-division courses emphasize database systems and computer networks. The program offers small class sizes and extensive opportunities for research, and requires an internship or research with a professor, typically completed during the senior year.

Graduates are prepared for graduate study as well as for entry-level employment in information technology roles in a variety of businesses, nonprofits, government agencies and academic institutions.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students are prepared to integrate technology with human activities, respond to global changes, solve problems, and create and manage the

technological production of information and creative products. Core information technology industries are among the fastest growing sectors in the U.S. economy. Graduates will find employment opportunities with corporations and businesses, nonprofit and government agencies, digital arts media industries and in the academic world.

## Applied Mathematics, BS (ASMATBS)

**Campus:** West

**Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in applied mathematics.

Applied mathematics is an interdisciplinary program that provides a broad and rigorous foundation in applied mathematics. It includes a foundation in computing and statistics as well as both theoretical and applied mathematics.

The program emphasizes quantitative problem-solving and critical thinking through courses that expose students to a variety of mathematical theories, techniques and applications currently used by analysts and researchers in government, industry and nonprofit organizations.

Students also complete a capstone project involving real-world problems under the supervision of an advisor and in close consultation with an external project sponsor.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates are prepared for entry-level positions in industry, finance, government, nonprofit organizations and education. They also may pursue advanced degrees in the mathematical sciences (e.g., mathematics, statistics and computer science), and their career interests would suggest the appropriate degree tracks and choice of courses, such as:

- applied mathematical networks
- financial mathematics
- general applied mathematics
- mathematical biology
- operations research

## Applied Science, BAS (ASBASBAS)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies within the New College of Interdisciplinary Arts and Sciences offers a BAS degree to students who have already earned an Associate of Applied Science.

In this program, students apply the technical knowledge gained from their associate degree program and broaden their education.

The program offers several unique areas of concentration tailored to students' individual interests and career goals. These include business, communication, criminal justice, teaching, environmental issues, languages and cultures, and social sciences.

Students who have earned an AAS from an accredited institution may transfer up to 60 credit hours plus another 15 hours of general studies courses from an accredited Arizona community college. The program also includes a capstone project.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree. This program is not available for freshmen.

**Career Opportunities:**

Because the program allows students to tailor their concentration, graduates are prepared for a wide range of career opportunities as well as graduate programs in law, business, social sciences and education.

## Biology, BA (ASLSCBA)

**Campus:** West

### Program Description:

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BA degree in biology with emphasis in the natural sciences.

The biology program emphasizes the interdisciplinary nature of the life and physical sciences, focusing on the ways in which these disciplines intersect. The program's organization and flexibility allows students to simultaneously study another subject outside their major, and students are encouraged to minor or add a concurrent degree in another subject area.

Students gain hands-on experience as they work both in small groups and one-on-one with individual faculty members. Students may participate in cutting-edge scientific research by assisting in faculty research laboratories or even publish in top journals and present their results at regional and national scientific meetings.

Graduates are prepared for entry-level jobs in research, nonprofit, education and outreach organizations or other roles in the life sciences and for related graduate programs.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

Students have a wide variety of options, including pursuing graduate studies or seeking careers that include:

- environmental management and conservation
- health professional programs
- laboratory research
- primary and secondary school teaching
- science advisors to businesses and government
- science writing

## Biology, BS (ASLSCBS)

**Campus:** Lake Havasu, West

### Program Description:

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in biology with

emphasis on the natural sciences.

The biology program examines these disciplines through experiential learning and all of the program's core courses include laboratories. By learning in an integrative environment that emphasizes the connectedness of the life sciences, students gain a better understanding of larger scientific concepts and can view these concepts from multiple perspectives.

Students are encouraged to conduct independent research under the mentorship of faculty members or during internships. Some even publish in top journals and present their results at scientific meetings.

Graduates are prepared for employment with state and federal agencies or private organizations such as biomedical laboratories and environmental consultancies, or to enter graduate or doctoral programs in human or veterinary medicine, pharmacy, dentistry or scientific research.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

**Career Opportunities:**

The bachelor's in biology prepares students for a wide range of careers by offering course and laboratory work and quantitative research opportunities that develop fundamental problem-solving, critical thinking, writing and communication skills. Graduates may enter careers in:

- business
- laboratory or field research
- medicine
- publishing
- scientific journalism
- teaching

Undergraduate laboratory experience, both on and off campus, enhances employability as a laboratory technician or research associate in university and government research laboratories; in hospital and diagnostic laboratories; and in pharmaceutical, biotechnology, agricultural and food processing companies.

Students engaged in field studies are prepared for entry-level positions in private companies and state and federal agencies (e.g., wildlife biologist, environmental consultant or conservation officer).

602-543-6050

**Campus:** Lake Havasu, West

**Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in biology with a concentration in environmental science.

All of the core courses in the BS program, which emphasizes experiential learning, include required laboratories. By learning in an integrative environment that underscores the connectedness of these disciplines, students gain a better understanding of larger scientific concepts and can view these concepts from multiple perspectives. Students pursuing this concentration will take a more environmental science set of courses than those pursuing a BS in biology.

While the emphasis is on science, students will learn to approach environmental science from an interdisciplinary perspective, in part by studying environmental ethics and policy.

Graduates are prepared for entry-level employment in the growing field of environmental science (which includes environmental consulting, environmental remediation, natural resource management and more) as well as for graduate programs in environmental science or related disciplines.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Arizona Western College (<http://transfer.asu.edu/az-western>)

**Career Opportunities:**

According to the 2010-2011 Occupational Outlook Handbook (U.S. Bureau of Labor Statistics, 2010), employment of environmental scientists is expected to grow by 28 percent between 2008 and 2018. This is far more rapid growth than the average rate of growth for all occupations. The handbook indicates most rapid growth will occur in the private sector (primarily, in private environmental consulting firms).

This concentration will allow students to tailor their courses of study to interests they possess in the science of the environment, to help prepare them for careers in the public and private sectors (e.g., in environmental consulting, environmental remediation, natural resource management, etc.) as well as entry into graduate programs in environmental science and related disciplines.

## Biology (Forensics), BS (ASLSCFBS)

**Campus:** West

**Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in biology with a concentration in forensics, the study of scientific techniques used to help solve crimes.

Students pursuing this concentration will take a more forensics-relevant set of courses than those students pursuing the BS in biology.

Much of the required course work will be completed in chemistry or biology lab science courses, to ensure that graduates of this program are more competitive as they apply to graduate degree programs, pursue relevant careers and enter the workforce.

Graduates are prepared to pursue careers in forensics laboratories and in the research and development of new criminal forensic technologies. Completion of the bachelor's in biology also ensures they are prepared for graduate, professional or medical degree programs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates of this program will be able to pursue careers in forensics laboratories and in the research and development of new technologies in forensics. Graduates will be particularly competitive for positions in forensics laboratories because the concentration focuses heavily on chemistry and biology laboratory course work (areas that administrators and current employees in crime labs have reported are critically important). For example, as reliance upon DNA fingerprinting technologies increases, demand for forensic scientists trained in the requisite amounts of molecular biology will increase. The concentration also places focus on oral communication skills (e.g., through course work in argumentation, COM 222 or COM 422), which will prepare graduates for the multifaceted aspects of their careers in forensics (e.g., providing articulate and compelling expert testimony in criminal trials). Graduates of this program will also be well positioned to enter graduate programs in forensics.

## **Biology (Pharmacology/Toxicology), BS (ASLSCPBS)**

**Campus:** West

**Program Description:**

The intricate connections among biology, chemistry and physics form the basis of the biology curriculum. The BS in biology emphasizes experiential learning, and all required core courses have laboratories. By learning in an integrative environment that emphasizes the connectedness of disciplines, students gain a better understanding of larger scientific concepts and can view these concepts from multiple perspectives.

Undergraduates have the opportunity to conduct independent research under the mentorship of faculty members or in internships outside the school.

The pharmacology and toxicology concentration approaches the study of these disciplines from both the physiological as well as the biochemical perspective, with an emphasis on both the molecular and physiological components of drug and body interactions.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The bachelor's in biology with a concentration in pharmacology and toxicology prepares students for possible careers as a:

- laboratory researcher
- pharmacist
- physician
- physician's assistant
- veterinarian

Graduates may work at governmental agencies or at private companies in areas such as:

- clinical trials
- product safety evaluation
- regulatory affairs
- teaching

## Communication, BA (ASCOMMBA)

**Campus:** Lake Havasu, West

**Program Description:**

The School of Social and Behavioral Sciences at the New College of Interdisciplinary Arts and Sciences offers a BS and a BA degree in communication. (The BS program differs from the BA program in that it requires two statistics courses.)

The study of communication comprises research, practice and advocacy. Relying upon diverse competencies, it requires an understanding of what contributes to and detracts from effective human communication.

The course work and faculty-led research projects in the communications program cover an array of topics, including work and personal relationships, conflict resolution, social media and technology, global communication, communication philosophy, and risk and crisis communication. Students explore communication in organizations and interpersonal relationships; in public, political and social situations; and across cultures.

Graduates of this program are trained in effective communication skills, are able to write and speak well, and can convey complex ideas effectively. They are prepared for employment in communication-intensive fields or further graduate study.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Central Arizona College (<http://transfer.asu.edu/central-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

The BA in communication prepares graduates to perform various forms of data analysis, communication assessment and technical reporting. It also prepares students for graduate study in the social sciences, law, humanities and management. Students may work in communications-intensive careers, such as:

- advertising
- community education
- corporate communications
- crisis management
- customer relations
- customer service and customer relations
- health communication
- human resources management
- media relations
- new media
- public relations
- training

**Career Opportunities:**

Communication is a broadly based discipline that trains individuals to speak and write competently, manage relationships well, effectively problem-solve, and understand the role and function of communication in public forums, organizational settings, relational exchanges and intercultural situations. Because these skills are crucial to many professions, communication graduates work in a variety of fields, including:

- advertising
- customer service and customer relations
- education
- fundraising
- health and human services
- human resources
- international service
- legal professions
- lobbying
- management
- marketing
- media and public relations
- mediation
- ministry
- public administration
- public advocacy
- public office
- public relations
- research
- sales
- social media design and implementation
- speech writing
- training and development

**English, BA (ASENGBA)**

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA in English.

Students in this program learn not only how to write clearly and effectively but also to think critically and construct well-supported arguments.

The program stresses the formal aesthetic qualities of texts and the issues of class, gender, race and ethnicity relating to literary representation. Students will gain a familiarity with standard literary-critical terminology and an awareness of various theoretical approaches to literary study. Students will also become aware of uses of the English language in the U.S. and around the world.

The program provides students with a balanced overview of major literature in the English language and an awareness of the role of literary discourse in broader social and historical contexts.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

## English (Secondary Education), BA (ASENGSEBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College offers a BA degree in English with a concentration in secondary education.

This program provides rigorous content in literature, composition, linguistics and secondary teaching, extensively preparing students to meet the needs of all student populations, including attention to levels of academic performance and cultural and linguistic diversity.

The demand for teachers in Arizona is high. Students will complete their teaching internship in school districts in the greater Phoenix area or on one of the 22 Native American nations.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

## Environmental Science, BA (ASENVBA)

**Campus:** Lake Havasu, West

**Program Description:**

The BA in environmental science prepares students to pursue careers in environmental science. The curriculum builds a strong foundation in the natural sciences to understand the biological and chemical functioning of our natural environment, with an additional emphasis on the social, political and economic dimensions of environmental science. The program also focuses on communication, management and planning skills that will prepare graduates for leadership careers in environmental science.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Environmental Science, BS (ASENVBS)

**Campus:** Lake Havasu, West

**Program Description:**

The BS program prepares students to pursue careers in environmental science, including but not limited to positions with federal and state agencies, private consulting firms, nongovernment organizations or academic research environments. The curriculum emphasizes many aspects of biological study, including molecular, organismal and ecosystem biology, backed by a strong foundation in chemistry, statistics and geographic information systems. The program also focuses on written communication and management skills that will prepare graduates for the multifaceted,

interdisciplinary aspects of their careers in environmental science.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

## Ethnicity, Race and First Nations Studies, BA (ASETHBA)

**Campus:** West

**Program Description:**

The BA in ethnicity, race and First Nations studies in the New College of Interdisciplinary Arts and Sciences is the first such program in Arizona. It provides an integrated, comparative and comprehensive approach to the study of diversity among ethnic and racial groups and First Nations. A highlight of the program is the internship, which fosters direct links between the university and community-based settings. Both theoretical and applied perspectives are embedded in a curriculum addressing how ethnicity, race and First Nations shape identities, literacies, public policies and communities in local and transnational U.S. contexts. Students identify a career area enabling them to integrate their knowledge with specific course work tied to their career and advanced educational goals.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

## Exploratory Social and Behavioral Sciences, (ASSBSEXPL)

**Campus:** West

**Program Description:**

The exploratory social and behavioral sciences track provides students with the academic opportunities and resources needed to explore a variety of majors related to careers in the social sciences. Many students are not ready to choose a specific academic program of study when first entering the university. Exploratory programs provide an opportunity to discover the options available at ASU and students are provided the time, resources and guidance needed to assess their skills, interests and aptitudes. Declaring exploratory status permits students to begin meeting General Studies requirements that all ASU graduates must fulfill, as well as taking some time to explore a variety of academic courses that may lead to a potential major interest.

## Forensics, BS (ASFOREBS)

**Campus:** West

**Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers a BS degree in forensics, which is the study of scientific techniques used to help solve crimes.

The forensics program emphasizes laboratory course work in chemistry and biology as both areas provide essential experience with techniques commonly used in crime labs. Rigorous course work in the natural and mathematical sciences is also required to ensure graduates are competitive in the workforce.

The program is enhanced by a focus on oral communication skills that help prepare graduates for the multifaceted, interdisciplinary aspects of their careers in forensics --- such as providing articulate and compelling testimony as expert witnesses in trials. The program requires a senior-level internship or research experience.

Graduates are prepared to pursue careers in forensics laboratories as well as in the research and development of new forensic technologies. They are also ready for graduate school in forensics or other scientific fields.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Career opportunities for graduates of this program include employment in crime laboratories, police departments, government agencies, law firms, insurance companies, hospitals and consulting firms. Graduates of the program will also be well qualified to pursue graduate studies in relevant areas of the natural sciences.

## History, BA (ASHISBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in history. This program introduces students to a broad span of history, ranging from the ancient world through the modern period, and extending from Europe to Latin America and the United States.

In addition to learning about the origins and development of various peoples, ideas and institutions of the past, students engage in the practice of history by learning to conduct original research, analyze historical evidence, and formulate arguments using historiographical perspectives and methodological approaches.

The program provides a strong foundation for understanding the forces of change that shape society, the marketplace and the lives of different groups of people.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

## History (Secondary Education), BA (ASHISSEBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in history with a secondary education concentration for students considering a career in education.

This flexible program fully prepares students for teaching and certification while providing all the disciplinary knowledge of a traditional history degree. Students will understand history in all its breadth and depth while developing strong critical reading, writing and research skills as well as skills in oral presentation.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N  
**Second Language Requirement:** Y  
**First Required Math Course:** MAT 142 - College Mathematics  
**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates possess the strong, practical teaching tools necessary to successfully teach middle or high school students. And with the ability to find and evaluate evidence, form arguments and present analysis, they are also well suited for careers in a wide range of industries and have a solid foundation for graduate work in teaching, law, business and other fields.

## Interdisciplinary Arts and Performance, BA (ASIAPBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in interdisciplinary arts and performance, the first of its kind in the Southwest.

Utilizing a collaborative approach to the arts, technology and performance, the interdisciplinary curriculum allows students to effectively study, create and prepare for a complex and changing world through current approaches to the arts and aesthetic research.

Students explore digital media, sound and music, interactive design, theatre and performance practice, performance studies, and visual and installation arts to become versatile artists with skill sets that prepare them for professional and entrepreneurial opportunities in rapidly evolving marketplaces and expanding fields of arts research and practice.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N  
**Second Language Requirement:** N  
**First Required Math Course:** MAT 142 - College Mathematics  
**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Communication Studies (MA)
- Interdisciplinary Studies (MA)
- Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Interdisciplinary Arts and Sciences, BA (ASIASBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in interdisciplinary arts and sciences.

This program is a variation of the classic liberal arts degree, as students combine lower-division foundational courses with upper-division courses in a specific area of concentration unique to their interests and career goals. The concentration can include, but is not limited to: business, communication, criminal justice, education, environmental issues and physical sciences, languages and cultures, and social sciences and policy issues. The program culminates with a capstone internship experience.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

### **Career Opportunities:**

Emphasizing interdisciplinary study combined with a specific area of concentration (e.g., business, communication studies, English, gerontology, history, psychology or preprofessional studies), students tailor their programs to meet individualized career goals. The capstone internship program prepares students to make the transition smoothly to graduate school or postbaccalaureate employment in:

- business settings
- community settings
- cultural settings
- educational settings
- social sciences and human service settings

Students planning graduate or professional degrees in law, business, helping professions or in traditional disciplines benefit from the flexibility of this program for a broad range of future academic and career pursuits.

## **Latin American Studies, BA (ASLASBA)**

**Campus:** West

### **Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in Latin American studies.

Unlike programs that are predominantly based on social science and taught in English, this program fosters language and cultural knowledge beyond print literature and is unique in its inclusion of the arts and sciences.

The Latin American Studies program allows students to immerse themselves in content courses while honing their language skills, and it provides a broad foundation for students to study Latin America, the United States and the Iberian Peninsula.

Students can choose from six branches of study: the arts, business and professions, education and linguistics, history and political science, literature and film, and sociology and anthropology.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

## Philosophy, Religion and Society, BA (ASRELBA)

**Campus:** West

**Program Description:**

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BA degree in philosophy, religion and society. This interdisciplinary degree offers three areas of concentration: applied ethics, continental philosophy and religious studies.

The program comprises historical, theoretical and practical perspectives on philosophy, religion and social ethics and emphasizes social and political concerns by putting the studies of philosophy and religion into action.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

## Political Science, BA (ASPOLBA)

**Campus:** Lake Havasu, West

**Program Description:**

The School of Social and Behavioral Sciences at the New College of Interdisciplinary Arts and Sciences offers a BA and a BS degree in political science. (The BS program differs from the BA, requiring an additional statistics course and a methods course.)

Political science is the study of governmental practices, politics and theories. Course work in the political science program covers American institutions, international relations, political theory and world affairs.

The program helps students gain a basic understanding of the assumptions underlying political science and develop the necessary research skills for analyzing complex sociopolitical issues. In addition to course work, students learn through internships, service-learning and research opportunities.

Graduates of this program are prepared for work as analysts or aides in local, state or national legislative offices, among other roles. Many graduates go on to law school or graduate programs in political science, social science, urban planning or public administration.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The political science curriculum provides a solid background for employment in a relevant profession and prepares students for graduate work in:

- political science
- professional schools
- social science disciplines
- urban planning

The program serves as a good precursor to staff, manager or policy analyst positions in local, state and federal government. This degree is recognized as qualification for many careers in business (for-profit and nonprofit) and industry.

Work may include binational, cross-border positions linking U.S. and Mexican businesses, Arizona-Sonora local government or local community groups on both sides of the border. Many students use the degree as a gateway to law school or basis for further study in such applied fields as:

- community development
- public administration
- public policy
- urban affairs and urban and regional planning

## Psychology, BA (ASPGSBA)

**Campus:** Lake Havasu, West, Online

**Program Description:**

The School of Social and Behavioral Sciences at the New College of Interdisciplinary Arts and Sciences offers a BS and a BA degree in psychology. (The BS program requires two more lab sciences than the BA program as well as precalculus.)

Psychology is the scientific study of human behavior. This diverse field includes mental health and counseling as well as child development, neuroscience and brain function, memory and decision-making, behavior analysis, statistics and more. It also crosses over into other disciplines such as medicine, the law, business and economics.

This psychology program --- which emphasizes critical thinking and reasoning, quantitative research methods and writing --- goes beyond the classroom, adding practical experiences through internships, service-learning and faculty-supervised research. (Note: Some opportunities are not available to students enrolled in the BA program through ASU Online.)

Graduates are prepared for graduate programs in psychology or other areas as well as professional employment.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 119 - Finite Mathematics

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-psychology?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-psychology?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

A degree in psychology will prepare students for a career in:

- government (sales and marketing, human resources management)
- industry
- mental health professions (youth counselor, substance abuse counselor)
- social services (high school psychology teacher, occupational analyst)

The degree also provides an excellent foundation for graduate study in fields such as public administration, law, family studies, communication and the various graduate programs in psychology:

- clinical and counseling

- cognitive neuroscience
- developmental
- environmental
- experimental
- health
- legal
- physiological
- social

The School of Social and Behavioral Sciences at the New College of Interdisciplinary Arts and Sciences offers a BS and a BA degree in psychology. (The BS program requires two more lab sciences than the BA program as well as precalculus.)

Psychology is the scientific study of human behavior. This diverse field includes mental health and counseling as well as child development, neuroscience and brain function, memory and decision-making, behavior analysis, statistics and more. It also crosses over into other disciplines such as medicine, the law, business and economics.

This psychology program --- which emphasizes critical thinking and reasoning, quantitative research methods and writing --- goes beyond the classroom, adding practical experiences through internships, service-learning and faculty-supervised research. (Note: Some opportunities are not available to students enrolled in the BA program through ASU Online.)

Graduates are prepared for graduate programs in psychology or other areas as well as professional employment.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Communication Studies (MA)
- Interdisciplinary Studies (MA)
- Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

year, and you learn in accelerated, 7.5-week classes.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

Students are prepared for careers in:

- government (sales and marketing, human resources management)
- mental health professions (youth counselor, substance abuse counselor)
- social services (high school psychology teacher, occupational analyst)

The degree also provides an excellent foundation for graduate study in fields such as public administration, law, family studies, communication and the various graduate programs in psychology:

- clinical and counseling
- cognitive neuroscience
- developmental
- environmental
- experimental
- physiological
- social

## Social and Behavioral Sciences, BA (ASSBSBA)

**Campus:** West

**Program Description:**

The social and behavioral sciences curriculum provides an understanding of assumptions underlying the social and behavioral sciences; develops the students' research skills necessary for analysis of complex social issues; offers a flexible program tailored to the career goals of the individual student; and offers individual and group experiences in working with faculty on concrete intellectual and policy issues.

The core courses provide students a background suitable to helping them better understand psychological and social principles related to the behavior of individuals across multiple social contexts and institutions (e.g., family, community, society and culture).

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics Students who select the individual and behavior theme area will need to have completed MAT 170 in order to meet the prerequisite requirements of courses in that area.

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The interdisciplinary degree is an excellent option for creating a degree program that matches the individual's interests and fulfills many employers' expectations of a baccalaureate degree; namely that it should expose the student to a variety of outlooks and challenges.

Such a degree will be competitive in most situations where the disciplinary social and behavioral degrees are accepted and is advantageous when seeking entry to broad professional programs such as regional planning or urban studies.

## Social and Behavioral Sciences, BS (ASSBSBS)

**Campus:** West

**Program Description:**

The social and behavioral sciences curriculum provides an understanding of assumptions underlying the social and behavioral sciences; enables students to develop research skills necessary for analysis of complex social issues; offers a flexible program tailored to the career goals of the individual student; and offers individual and group experiences in working with faculty on concrete intellectual and policy issues.

The core courses provide students a background suitable to helping them better understand psychological and social principles related to the behavior of individuals across multiple social contexts and institutions (e.g., community, culture, family and society). The BS program is distinguished from the BA program in that it requires an additional statistics course.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics Students who select the individual and behavior theme area will need to have completed MAT 170 in order to meet the prerequisite requirements of courses in that theme.

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

The interdisciplinary degree is an excellent option for creating a degree program that matches the individual's interests and fulfills many employers' expectations of a bachelor's degree; namely, that it should expose the student to a variety of outlooks and challenges.

Such a degree will be competitive in most situations where the disciplinary social and behavioral degrees are accepted and is advantageous when seeking entry to broad professional programs such as regional planning or urban studies.

## **Social and Cultural Analysis, BA (ASSCABA)**

**Campus:** West

#### **Program Description:**

The program in social and cultural analysis combines interdisciplinary topics and methods to critically analyze relationships among individuals, groups, institutions, governments, economies and environments. Our intellectual core draws from theories, methods, and pedagogies in American studies, women's studies and ethnic studies, while engaging complementary fields such as:

- cultural studies
- history
- literature
- oral history
- queer studies
- sexuality
- social justice
- sociology
- transnationalism

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

Graduates of the social and cultural analysis BA program will be prepared with the skills and knowledge necessary for graduate work as well as for careers in government, education, business and nonprofit organizations. Because of the emphasis on culture and identity, students develop respect for and sensitivity to diverse populations and will be able to flourish in areas as varied as:

- civil rights organizations

- colleges and universities
- corporations
- government agencies
- law firms
- libraries
- museums
- NGOs
- political action groups
- public relation firms
- research organizations
- social service agencies
- the Peace Corps

**Sociology, BA (ASSOCBA)**

**Campus:** Lake Havasu, West

**Program Description:**

The School of Social and Behavioral Sciences at the New College of Interdisciplinary Arts and Sciences offers a BS and a BA degree in sociology. (The BS program differs from the BA program in that it requires an additional methods course.)

Sociology is the study of the organization and development of societies and the institutions within them.

The sociology program helps students better understand the development, structure, interaction and collective behavior of organized groups. The program explores the theories, practices and policies underlying the issues of social change, inequality and diversity.

This is a flexible program that provides opportunities for students to work collaboratively with faculty on intellectual and policy issues and helps them develop the research skills necessary for the analysis of complex social issues.

Graduates are prepared for employment in corporate or governmental organizations or to continue their studies in graduate programs in sociology, social science or professional schools.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

#### **Career Opportunities:**

Graduates apply the sociological perspective to a wide variety of jobs in:

- business and management
- government
- social services
- the criminal justice system
- the health professions

Course work in sociology provides a valuable preparation for careers in:

- journalism
- law
- politics
- public administration
- public relations
- nonprofit sector

These are all fields that involve investigative skills and an ability to work with diverse groups. Graduates with an advanced degree in sociology may become:

- community developers
- criminologists
- demographers
- gerontologists
- research analysts
- statisticians
- survey researchers
- urban planners

## Spanish, BA (ASSPABA)

**Campus:** West

**Program Description:**

The BA in Spanish, within the New College of Interdisciplinary Arts and Sciences, emphasizes Spanish language, literature and culture, all of which are integrated within the discipline and other disciplines within the college.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

**Career Opportunities:**

The Spanish program offers excellent preparation for graduate school or for employment as a teacher in the elementary or secondary school system, especially in those districts where bilingual programs are integral to the curricula. Outside the education system, students majoring in Spanish can find employment as translators and interpreters in:

- diplomatic corps
- federal and state courts
- law enforcement agencies
- law firms
- social agencies

The business world also provides employment for those fluent in Spanish. This is especially true in the Southwest, with its proximity to Mexico, and through outlets opened by the tri-national North American Free Trade Agreement.

## Statistics, BS (ASSTABS)

**Campus:** West

### **Program Description:**

The School of Mathematical and Natural Sciences within the New College of Interdisciplinary Arts and Sciences offers the only BS degree in statistics in the state of Arizona.

Statisticians collect, analyze and interpret data from experiments and surveys. Their work is critical in helping individuals and organizations better understand the information contained in the data.

Emphasizing the practical application of statistics, this program builds upon the foundation of mathematics and computing to study concepts in theoretical and applied statistics.

In the era of "Big Data," there is great demand for individuals with all levels of statistical training. Graduates of this program leave with an understanding of the interdisciplinary nature of statistics and are prepared for graduate study in statistics or related fields, or for entry-level positions in a variety of fields including business, government and natural and social sciences.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### **Career Opportunities:**

Statisticians are in high demand in many areas of industry, government and academia. Some areas with particularly high demand include:

- financial jobs
- manufacturing
- medical
- pharmaceutical

## Women and Gender Studies, BA (ASWSTBA)

**Campus:** West

**Program Description:**

The BA in women and gender studies, within the New College of Interdisciplinary Arts and Sciences, is an interdisciplinary program emphasizing intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts. Consistent with the university's design imperatives of social embeddedness and use-inspired research, the program's course offerings, research initiatives and cocurricular programs further the understanding of women and gender and promote social justice.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N**Second Language Requirement:** N**First Required Math Course:** MAT 142 - College Mathematics**Program Math Intensity:** General**Accelerated Degrees:**
