This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

**Career Opportunities:**

The women and gender studies program builds a solid educational foundation, providing knowledge and critical-thinking skills needed to deal with changing gender roles in society. The program also prepares students for opportunities in many settings:

- business and professional schools
- education and training
- graduate study in the humanities and social sciences
- health care services
- human resources development
- public and business administration
- social services

## Women and Gender Studies, BS (ASWSTBS)

**Campus:** West

### Program Description:

The School of Humanities, Arts and Cultural Studies at the New College of Interdisciplinary Arts and Sciences offers a BS degree in women and gender studies with a qualitative emphasis.

This interdisciplinary program emphasizes intersectional approaches to the study of gender, race, class, ethnicity and sexuality in national and transnational contexts.

Consistent with the university's design imperatives of social embeddedness and use-inspired research, the program's course offerings, research initiatives and cocurricular programs further the understanding of women and gender, and promote social justice. Students gain a solid knowledge base and educational foundation as well as the critical-thinking skills necessary for dealing with changing gender roles in society.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: West campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Communication Studies (MA)

Interdisciplinary Studies (MA)

Social Justice and Human Rights (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

## Journalism & Mass Communication, Walter Cronkite School of

### Journalism and Mass Communication, BA (CSJMCBA)

**Campus:** Downtown Phoenix

#### **Program Description:**

The journalism major at Arizona State University's Walter Cronkite School of Journalism and Mass Communication, one of the best journalism schools in the country, is a highly professional, hands-on journalism and mass communication degree program that prepares students for careers in media.

Undergraduate students at the journalism school learn the values and principles that have long formed the core of the journalism profession, and they master the highly specialized, practical skills needed to succeed in today's digital world and get jobs in journalism.

High-performing students can apply to the school's accelerated bachelor's and master's program which allows for the completion of both degrees in five years. They can also become part of ASU's Barrett, The Honors College.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### **Concurrent Degrees:**

This degree is also offered as concurrent degree with:

Geography (Meteorology-Climatology), BS

Graphic Information Technology, BS

Transborder Chicana/o and Latina/o Studies (Media and Expressive Culture), BA

Transborder Chicana/o and Latina/o Studies (Transborder Community Development and Health), BA

Transborder Chicana/o and Latina/o Studies (US and Mexican Regional Immigration Policy and Economy), BA

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with Master of Mass Communication (MMC)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Additional Requirements:**

The Bachelor of Arts in journalism and mass communication degree program has higher admission requirements and an application deadline of June 1 for fall. Students should select a second choice major on the application. All applicants will be reviewed by the school. Those who are not admitted to the Cronkite School will, if eligible, be admitted to their second choice major.

Freshman applicants must meet all of the following standards:

- have a 3.00 (4.00 = A) ABOR GPA
- have no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students (with 12 or more transfer hours after high school graduation) are required to have a cumulative transfer GPA of 3.00 or higher and no English competency deficiencies. Transfer students should contact the school for additional steps after admission to ASU. For more information regarding transfer admission see [http://cronkite.asu.edu/undergrad/xfer\\_major\\_change.php](http://cronkite.asu.edu/undergrad/xfer_major_change.php) ([http://cronkite.asu.edu/undergrad/xfer\\_major\\_change.php](http://cronkite.asu.edu/undergrad/xfer_major_change.php)).

Concurrent degree admission requirements:

Freshman applicants must meet all of the following standards:

- 3.75 minimum ABOR GPA
- no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students must have a minimum cumulative GPA of 3.00 from a transfer institution.

ASU students:

ASU students who would like to change their majors to one of the concurrent programs in journalism and mass communication must have at least a 3.00 cumulative GPA in 12 or more credit hours of ASU courses that can be used to satisfy the Cronkite School's non-elective General Studies requirements.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Walter Cronkite School of Journalism and Mass Communication graduates work for:

- corporate and business communication divisions
- magazines
- newspapers, radio and television stations
- online services
- public relations firms

Positions include:

- editors
- media managers
- photojournalists
- reporters
- writers

## Mass Communication and Media Studies, BA (CSMCMSTBA)

**Campus:** Online

**Program Description:**

The online BA in mass communication and media studies degree gives students a deep and nuanced understanding of the growing importance, power, influence and changing nature of media in the world. The program explores global mass communication issues from all dimensions: societal, cultural, historical, political, economic, technological and legal. The degree is built upon courses that are part of the Cronkite School's minor in media analysis.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics OR MA

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-mass-communication-and-media-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-mass-communication-and-media-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A sophisticated understanding of mass communication is a critical asset for careers in business, government, community and the nonprofit sectors. Graduates of the program will have career opportunities with professional organizations, educational institutions, writing firms, publishing companies, political parties and candidates, government officials and others. Graduates of the bachelor's in mass communication and media studies program also will be prepared to pursue graduate studies in fields such as law, medicine, the arts, education and journalism.

## Sports Journalism, BA (CSSPJBA)

**Campus:** Downtown Phoenix

**Program Description:**

Sports journalism is the fastest-growing sector of the news media industry, with continued growth on all platforms --- specialty magazines, multimedia outlets, and TV channels and networks. The Cronkite School's sports journalism program gives students unparalleled preparation for careers in sports media and communications through courses such as sports writing, sports photography, sports strategic communications, and ethics and diversity in sports. Students in the program cover Major League Baseball spring training, the Olympics, and other major sporting events for major market media partners. Students also complete an internship and intensive professional experience in the school's Phoenix or Los Angeles sports bureaus.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

To be eligible for admission to the journalism school, entering freshmen must have a minimum 3.00 ABOR high school GPA AND no English competency deficiencies (four years of English) AND meet one of the following criteria: an SAT reasoning score of at least 1040 OR an ACT score of at least 22. Eligible students are directly admitted to the school and do not need to submit any additional materials.

International students must also take the TOEFL and meet the Cronkite School's required score on this test. Transfer students who would like to major in journalism and mass communication at ASU must have at least a 3.00 transfer GPA.

more credit hours of ASU courses that can be used to satisfy the Cronkite School's nonelective general studies requirements. MCO 120, an introductory course for nonmajors, can count in place of JMC 110.

**Career Opportunities:**

Students in the sports journalism program will be prepared for careers in all aspects of the media including print, broadcast, online and mobile. Positions include sports writers, reporters, producers, television anchors, multimedia associates, social media specialists and, strategic communications and public relations project coordinators.

## Letters & Sciences, College of

### Agribusiness (Preveterinary Medicine), BS (AGAGBPBS)

**Campus:** Polytechnic

**Program Description:**

The BS in agribusiness teaches students the business of agricultural production, finance, marketing and distribution. Students explore global agribusiness issues such as international trade, food safety and sustainability through a technology-rich curriculum that focuses on real-world projects.

The agribusiness industry is increasingly competitive, sophisticated and global, driving demand for innovative leaders who understand the industry's unique challenges and practices. The programs offered through the highly respected College of Letters and Sciences prepare graduates for success in graduate school or a wide range of careers.

By adding a concentration in preveterinary medicine, students can build on course work in chemistry and biology, to open opportunities for further study, including in veterinary medicine. Others may seek to apply their science knowledge in the human or veterinary pharmaceutical industries or in the food industry, with a focus on processing, production and food safety.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Accounting for more than 50 percent of the global economy and employing 25 percent of Americans, agribusiness brings food from the farm to the global table. Possible career paths include positions in fields such as:

- finance and technical, with private agribusiness firms and governmental agencies
- management

- marketing
- veterinary medicine

## Applied Biological Sciences (Applied Biological Sciences), BS (TSABSABS)

**Campus:** Polytechnic

**Program Description:**

The BS with a concentration in applied biological sciences offers students solid foundations in biology and related sciences while allowing them to focus on an area of special interest. This concentration works well for students interested in pursuing research careers in biology and postgraduate studies, particularly in the areas of human health care.

This concentration is designed for students planning to enter professional programs in the health professions, including:

- biotechnology
- dentistry
- epidemiology
- medical technology
- medicine
- physical therapy
- public health
- physician's assistant programs

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Graduates can pursue entry-level careers in wildlife and restoration ecology, urban horticulture and secondary education. The general program in applied biological sciences prepares graduates to succeed in graduate and professional schools in disciplines such as:

- biological research
- dentistry
- environmental biotechnology
- human health
- medicine
- physical therapy

- secondary education

## Applied Biological Sciences (Applied Ecology and Preveterinary Medicine), BS (TSABSRBS)

**Campus:** Polytechnic

**Program Description:**

The applied ecology and preveterinary medicine concentration is designed for students who want a strong scientific foundation in animal biology and health. This concentration is designed for students planning to enter professional programs in veterinary medicine and animal health. Public and private career options are diverse and include small- and large-animal veterinary medicine, wildlife veterinary medicine, domestic and wild animal care, secondary education and animal biology research.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Applied Biological Sciences (Secondary Education in Biology), BS (TSABSSBS)

**Campus:** Polytechnic

**Program Description:**

The secondary education in biology concentration is designed for students who want to teach biology at the high school level. In addition to the standard curriculum, some students may also receive hands-on experience in laboratory instruction in the applied biological sciences concentration. Our goal is to prepare teachers who excel in biology and the related sciences.

Students should also contact the Mary Lou Fulton Teachers College.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates can pursue numerous entry-level careers in biology. Specific career fields include secondary education, wildlife and restoration ecology, and urban horticulture. Employment opportunities exist in private and public sectors. The general program in applied biological sciences also prepares graduates to succeed in graduate or professional schools in disciplines such as:

- animal health
- dentistry
- ecology
- environmental biotechnology
- horticulture
- medicine
- physical therapy
- teaching
- wildlife biology

## Applied Biological Sciences (Sustainable Horticulture), BS (TSABSUBS)

**Campus:** Polytechnic

**Program Description:**

The sustainable horticulture concentration is designed for students who want theory and practical experiences in the unique aspects of the culture of plants in an urban desert environment. Students acquire the skills to produce, design and care for ornamental and edible plantscapes using sustainable technologies.

Students are prepared for numerous private and public careers in the horticulture industry, including in nursery plant production, landscape design and culture as well as local food production and organic urban farming.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition

plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Horticulture is a multibillion dollar national and international enterprise that offers a diverse and exciting choice of professional careers. Graduates can pursue numerous entry-level careers in horticulture. Employment opportunities exist in private and public sectors. The sustainable horticulture concentration prepares graduates to succeed in graduate or professional schools in disciplines such as:

- aftermarket care of plants
- biology of the plants in desert cities
- care and management of trees in cities
- creation of public, community and private gardens in arid climates
- design and installation of outdoor landscapes including landscape irrigation systems
- integrated pest management
- nursery production
- marketing
- organic farming
- plant identification
- plant propagation

The general program in sustainable horticulture also prepares graduates to succeed in roles such as:

- arboretum or botanical garden manager
- city horticulturist
- city park superintendent or manager
- horticultural consultant
- horticultural plant researcher or educator
- horticulture products and supplies
- horticulture supply sales representative
- integrated pest management specialist
- interior plant specialist
- irrigation system designer or consultant
- landscape designer or contractor
- landscape services company owner or operator
- nursery plant broker and plant salesperson
- nursery production owner or manager
- organic farmer or permaculturist
- plant propagator
- urban forester, tree specialist or arborist
- urban plant ecologist

Career opportunities for urban horticulture graduates are not limited to any one geographic location; graduates can embark on careers throughout the United States, Canada, Mexico, and overseas.

## Applied Mathematics, BS (LSMATBS)

**Campus:** Polytechnic

### Program Description:

The BS in applied mathematics offered by the College of Letters and Sciences is an interdisciplinary program focused on developing flexible problem solvers who can apply mathematical techniques and skills to a wide range of problems in the biological and physical sciences. The course work builds a foundation in mathematical modeling, data analysis and the interpretation of mathematical results in real world settings. Students choose science electives in applied biology, applied physics or other areas of interest to complement and provide context for their mathematical training.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### Career Opportunities:

Students in this program will be prepared to apply their analytic skills and technical knowledge to problems in a range of careers in industry, government, education or nonprofit organizations. They also may pursue advanced degrees in the mathematical sciences (e.g., mathematics, statistics and applied mathematics such as in mathematical biology).

### Contact Information:

## Applied Physics, BS (LSAPHYBS)

**Campus:** Polytechnic

### Program Description:

The acceleration of advances at the frontier between physics, engineering and technology creates a need for interdisciplinary training and research that is not readily accommodated by traditional single-focus programs in physics. Bringing fundamental physics together with its immediate applications, the BS in applied physics will be attractive to students whose interests span new physical technologies in industry and engineering. The degree combines physics, computer science and applied mathematics to tackle complex real-life problems in physics, material sciences, engineering, chemistry and others.

The bachelor's brings together the expertise of physics faculty, particularly in modeling of physical systems which relies heavily on both modern numerical techniques and fundamental physics. The growing presence of Intel and other high-tech companies in the East Valley and Metropolitan Phoenix presents a unique opportunity to enhance the students' interaction with industry. Given the importance of hands-on experience, the degree program offers a series of unique courses allowing students interactive involvement in a project-based environment.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Graduates of this program should be able to apply their knowledge in high-performance and scientific computing, biophysics, condensed matter physics, chemistry, material science, electrodynamics, and radar physics. This knowledge is vital for employment in chemical and pharmaceutical companies, environmental management agencies, and firms specializing in scientific software. Graduates should also be prepared to continue their studies in graduate programs in physics and chemistry.

## Applied Science (Technical Communication), BAS (LSTECBAS)

**Campus:** Polytechnic

**Program Description:**

The BAS in technical communication is a flexible degree plan designed specifically for students who have earned an AAS from a regionally accredited institution. This major combines the technical experience gained in the student's associate degree program with a broader education of skills in management, leadership, critical thinking and communication.

Technical communication is applied workplace communication that makes technical information understandable and available to many audiences. In the technical communication concentration, students learn how to produce, design and manage information using both traditional and developing technologies.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Career Opportunities:**

The Bureau of Labor Statistics estimates the need for writers and editors will increase by 25 percent during the next five years. Software and electronics companies, media corporations, financial institutions, government agencies, nonprofits and other areas will see an increased demand for writers. Students in the program will prepare for careers as:

- advertising and promotions managers
- communications teachers (postsecondary)
- copy writers
- correspondence clerks
- court clerks
- desktop publishers
- editors
- media and communication workers
- proofreaders and copy markers
- public relations specialists
- reporters and correspondents
- technical writers
- writers and authors

**Communication, BA (LSCOMBA)**

**Campus:** Downtown Phoenix, Polytechnic

**Program Description:**

The BA in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities. Our mission statement is: Through the study and critique of human communication, we generate knowledge, creativity and understanding to facilitate healthy relationships and workplaces, civil and secure communities, and constructive intercultural interaction.

Students must complete a minimum of 12 upper-division credit hours of COM courses offered by the College of Letters and Sciences.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

- General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)  
 Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
 International (<https://students.asu.edu/international/future>)  
 Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

- Central Arizona College (<http://transfer.asu.edu/central-az>)  
 Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)  
 Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

Graduates of our program often attend leading graduate schools, law schools and business schools, or find gainful employment in careers such as these:

- advertising and promotions managers
- clinical research coordinators
- communications teachers, postsecondary
- correspondence clerks
- customer service representatives
- distance learning coordinators

- editors
- education administrators, postsecondary
- labor relations specialists
- lawyers
- legal support workers, all other
- marketing managers
- media and communication workers, all other
- meeting, convention, and event planners
- middle school teachers
- paralegals and legal assistants
- postsecondary teachers
- public address system and other announcers
- public relations specialists
- retail salespersons
- sales and related workers
- sales managers
- sales representatives
- secondary school teachers
- survey researchers
- training and development managers
- training and development specialists

**English, BA (LSENGBA)**

**Campus:** Polytechnic

**Program Description:**

The BA in English focuses on effective writing, critical thinking and sophisticated reading of literary and nonliterary texts. Our faculty teach courses in English, American and world literature, from the Classical period to the present; creative and academic writing; and American and international film. We also offer internships in online publishing through our acclaimed online literary journal, Superstition Review.

Students must complete a minimum of 12 upper-division credit hours of ENG courses offered by the College of Letters and Sciences.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Central Arizona College (<http://transfer.asu.edu/central-az>)

### **Career Opportunities:**

The bachelor's in English prepares scholars and teachers for graduate or professional study and for careers in education, writing and other related fields. Career prospects for secondary language arts teachers in Arizona are particularly strong. More importantly, students in the program will develop skills that employers value, such as analyzing ideas and problems, finding and evaluating information, communicating effectively, and presenting clear and logical arguments. With these skills, graduates of the program can find jobs such as these:

- advertising and promotions managers
- broadcast news analysts
- copy writers
- court reporters
- editors
- English language and literature teachers
- judicial law clerks
- lawyers
- legal support workers
- marketing managers
- media and communication workers
- middle school teachers
- paralegals and legal assistants
- poets, lyricists and creative writers
- postsecondary teachers
- public relations specialists
- sales managers
- sales representatives
- secondary school teachers
- teachers and instructors
- technical writers
- writers and authors

## **Exploratory Health and Life Sciences, (UCHSCIEXPL)**

**Campus:** Downtown Phoenix, Lake Havasu, Polytechnic, Tempe, Online

### **Program Description:**

The exploratory health and life sciences track affords students an opportunity to explore a variety of majors related to the health and life science professions. ASU recognizes that many students are not ready to choose a specific academic program of study when first entering the university. Allowing students the option to declare exploratory status permits them to begin meeting General Studies requirements that all ASU graduates must fulfill as well as affording student some time to explore a variety of academic courses that may lead to a potential major interest.

All College of Letters and Sciences exploratory students are required to enroll in the following major and career exploration courses which must be taken sequentially:

- UNI 150 Major and Career Exploration (1)
- UNI 250 Choosing a Major (1)
- UNI 270 Career Direction for a Successful Future (1)

For a complete list of all majors associated with this exploratory track, refer to <https://cls.asu.edu/exp-health-life-sciences-majors> (<https://cls.asu.edu/exp-health-life-sciences-majors>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

## General Studies, BA (LSGNSBGS)

**Campus:** Downtown Phoenix, Lake Havasu, Polytechnic

### Program Description:

The BA in general studies offers students a flexible, innovative path to degree completion. Graduates of the program will be informed and effective

members of society who are well-prepared for a changing global marketplace with its diverse cultures. The theme of this degree is "Society and the Individual." Students will explore the tensions between individualism and collectivism, the public and private self, and the interplay of culture and identity.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

General studies majors have the option of working in almost any field that requires effective interaction with others, from sales to social services and organizational management to government administration. Graduates will be equipped with transferable skills highly desired by many employers; therefore, a wide array of job choices are available. The bachelor's creates great flexibility in career choice because of the versatility within the program.

Graduates may choose to enter one of the occupations for which their cluster prepares them, including but not limited to:

- administrative services manager
- curator
- medical and health service
- middle school teacher
- postsecondary teacher
- property, real estate and community association managers
- public relations specialist
- purchasing manager
- real estate sales agent
- sales manager
- writers and author

## Interdisciplinary Studies, BA (LSBISBIS)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, Online

### Program Description:

The ASU interdisciplinary studies degree, one of the top five in the country, offers students the freedom to select two concentration areas from a rich menu of more than 160 possibilities (see concentration check sheets at <https://cls.asu.edu/content/interdisciplinary-studies-concentrations> (<https://cls.asu.edu/content/interdisciplinary-studies-concentrations>)). The core curriculum provides students the intellectual tools to integrate their concentration areas, engage in interdisciplinary problem-solving, and prepare for careers and graduate programs that increasingly cross disciplinary boundaries.

An interdisciplinary studies student could choose to integrate concentrations like music and business, applied psychology and social welfare, communication and justice studies, public administration and ethics, kinesiology and computer gaming, or many other unique combinations.

Interdisciplinary studies is an approach to answering questions, solving problems and addressing contemporary social issues from multiple perspectives. Interdisciplinary studies students take an active role in designing their educational plans and defining their career goals. The degree emphasizes written communication, versatility, self-assessment and critical thinking --- essential skills for navigating today's dynamic world.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The program is available to all students in good academic standing who have achieved sophomore, junior or senior standing. Students must complete the online cyber workshop (found in student resources at <https://cls.asu.edu/ils/> (<https://cls.asu.edu/ils/>)) prior to meeting with an advisor to declare their major as interdisciplinary studies.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-interdisciplinary-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-interdisciplinary-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

### Career Opportunities:

Because of the flexibility of the interdisciplinary studies program, graduates take many exciting career paths after leaving ASU. While some students complete graduate or professional degrees, others immediately enter the job market. For example, one graduate combined business and communication and now owns a small business; another integrated sociology and family studies to further a career in law enforcement; another studied philosophy and economics to prepare for law school; another combined biology and chemistry in preparation to pursue a master of pharmacy degree; yet another studied Spanish and religious studies and now works as an employee trainer for a major company.

Possible career opportunities include:

- archivist
- chief executive
- climate change analyst
- compliance manager
- computer network support specialist
- curator
- editor
- environmental restoration planner
- general and operations manager
- regulatory affairs manager
- reporters and correspondent
- Web developer
- wholesale and retail buyer (except farm products)

## Interdisciplinary Studies (Organizational Studies), BA (LSORGBIS)

**Campus:** Online

**Program Description:**

Please note: Students interested in completing the BA program in The Gila Valley are encouraged to complete a Transfer Admission Guarantee (TAG) program. Please see admission requirements below.

Interdisciplinary studies is an approach to answering questions, solving problems and addressing contemporary social issues from multiple perspectives. Interdisciplinary students develop the intellectual tools needed to build bridges between academic disciplines and apply their skills, innovations and knowledge in various academic and practical settings. The degree in organizational studies is intended for students seeking an interdisciplinary degree and possessing a desire to learn about the dynamics of contemporary organizations. Via the organizational studies curriculum, students gain valuable knowledge of management styles, communication strategies, technologies, diversity, ethics and politics. All course work for organizational studies is offered online, giving students freedom and flexibility in completing their requirements. By engaging in a breadth of knowledge and experience, and by acquiring the skills to integrate various domains of knowledge, students prepare themselves for careers as:

- human resources specialists
- industrial organizational psychologists
- investment fund managers
- loss prevention managers
- management analysts
- regulatory affairs managers
- supply chain managers
- urban and regional planners

Many organizational studies students already have a chosen career field, yet desire a degree that is versatile, flexible, meaningful and that affords the opportunity for continued career development and advancement.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:  
The Gila Valley Students:

ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in interdisciplinary studies with a concentration in organizational studies, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Arts in Interdisciplinary Studies (Organizational Studies). Upon completion of the TAG, students will complete the remaining requirements for ASU's bachelor's program. Visit <https://transfer.asu.edu/> (<https://transfer.asu.edu/>) for more information about ASU degrees offered at local community colleges.

This program may also accept transfer credit in lieu of a TAG agreement. Please contact the department for details.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-interdisciplinary-studies-organizational-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-interdisciplinary-studies-organizational-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)  
Central Arizona College (<http://transfer.asu.edu/central-az>)  
Coconino Community College (<http://transfer.asu.edu/coconino>)  
Cochise College (<http://transfer.asu.edu/cochise>)  
Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)  
Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

## **Liberal Studies, BA (LABLSBLS)**

**Campus:** Polytechnic, The Gila Valley, Online

#### **Program Description:**

Please note: Students interested in completing the BA program in The Gila Valley are encouraged to complete a Transfer Admission Guarantee (TAG) program. Please see admission requirements below.

The liberal studies program helps to address student interests in a broad array of disciplines and subject matter. The program aims to provide students with the grounding to use knowledge in a manner that will help them to become more successful thinkers, decision-makers and leaders. The liberal studies core classes are designed to promote critical and creative thinking as students learn how to draw upon diverse disciplinary perspectives and modes of inquiry, help in the development of communication skills, and support efforts toward professional career development.

Students majoring in liberal studies have become part of an international movement in higher education. This movement has proven empowering to people who are given the flexibility to explore multiple interests or approach a particular interest from various perspectives. Students are not alone in their chosen path. In fact, this program is just one of hundreds of similar programs offered in colleges and universities across the nation.

The program shares with all other liberal arts and science degrees the goal of developing analytical and communicative abilities. The program offers breadth of learning in an online setting. The liberal studies degree is transdisciplinary, providing students a thematic approach to education.

For more information on eligibility requirements, visit the school website.

Students interested in the program offered in The Gila Valley should consider completing a TAG program. Arizona State University and Eastern Arizona College have established a partnership that will allow students to complete their associate degree at EAC and then pursue this bachelor's degree through classes delivered on the EAC Thatcher campus. Visit <https://transfer.asu.edu/eac> (<https://transfer.asu.edu/eac>) for more information about ASU degrees offered at Eastern Arizona College Thatcher campus. View the major map for this program here: <https://webapp4.asu.edu/programs/t5/roadmaps/ASU00/LABLSBLS/null/EAC/2015> (<https://webapp4.asu.edu/programs/t5/roadmaps/ASU00/LABLSBLS/null/EAC/2015>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

The Gila Valley Students:

ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in liberal studies, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Arts in Liberal Studies. Upon completion of the TAG, students will complete the remaining requirements for ASU's bachelor's program. Visit <https://transfer.asu.edu/> (<https://transfer.asu.edu/>) for more information about ASU degrees offered at local community colleges.

This program may also accept transfer credit in lieu of a TAG agreement. Please contact the department for details.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-liberal-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-liberal-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

**Career Opportunities:**

Liberal studies graduates are prepared to enter the workforce or pursue graduate or professional studies.

Liberal studies courses prepare students for careers as:

- chief executives
- data warehousing specialists
- document management specialists

- elementary, middle, and high school principals
- emergency medical technicians and paramedics
- general and operations managers
- human resources specialists
- industrial ecologists
- lawyers
- paralegals and legal assistants
- police detectives
- postsecondary teachers
- technical writers
- Web administrators

**Organizational Leadership, BA (LSORGLBA)**

**Campus:** Lake Havasu, Polytechnic, The Gila Valley, Yuma, Online

**Program Description:**

Please note: Students interested in completing the BA program in The Gila Valley or Yuma are encouraged to complete a Transfer Admission Guarantee (TAG) program. Please see admission requirements below.

The BA in organizational leadership uses interdisciplinary methods that prepare students to become leaders in organizations. Students develop skills and knowledge that leaders need to solve problems, communicate effectively, assess programs, manage resources, and use emerging technologies in organizations. Students in the program will be prepared for a range of positions in government, health care administration, nonprofit agencies and the service industry.

This program is also offered at the ASU Colleges in Lake Havasu City. View the major map here:

<https://webapp4.asu.edu/programs/t5/roadmaps/ASU00/LSORGLBA/null/CALHC/2015>  
 (<https://webapp4.asu.edu/programs/t5/roadmaps/ASU00/LSORGLBA/null/CALHC/2015>).

Students interested in the program offered in The Gila Valley or Yuma should consider completing a TAG program. Arizona State University has established a partnership that will allow students to complete their associate degree at Eastern Arizona College in The Gila Valley or at Arizona Western College in Yuma and then pursue this bachelor's degree through ASU classes delivered on location at those local community colleges.

Visit <https://transfer.asu.edu/eac> (<https://transfer.asu.edu/eac>) or <https://transfer.asu.edu/awc> (<https://transfer.asu.edu/awc>) for more information about ASU degrees offered at local community colleges. View the major map for Eastern Arizona College and Arizona Western College here:

## **Political Science, BS (LSPOLBS)**

**Campus:** Polytechnic

#### **Program Description:**

The BS in political science provides students with the background and skills necessary to gain employment in a relevant profession or to continue their studies in graduate programs in political science, social science or pursue a particular discipline at a professional school. The program helps the student gain a basic understanding of the assumptions underlying political science and to develop research skills necessary for analysis of complex socio-political issues. Those objectives are accomplished by offering a flexible program and by providing the students with both individual and group experiences working with faculty on concrete intellectual and policy issues.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The program serves as good preparation for staff, manager or policy analyst positions in local, state and federal government. This degree is recognized by employers as qualification for many careers in business (for-profit and nonprofit) and industry. Work may include positions that involve binational, crossborder positions linking U.S. and Mexican businesses, Arizona-Sonora local government or local community groups on both sides of the border.

Many students use the degree as a gateway to law school or a basis for further study in such applied fields as:

- community development
- political science
- public administration
- public policy
- social science
- urban affairs
- urban and regional planning

## Science, Technology and Society, BS (ECSTSBS)

**Campus:** Polytechnic

**Program Description:**

Questions surrounding the interaction of science, technology and human systems are highly interdisciplinary and cultural, requiring analytical techniques that transcend space and time. Thus, the science, technology and society program stresses the need to step outside both disciplinary and cultural boxes in pursuit of knowledge. Accordingly, the program is heavy on cultural and information literacy and critical thinking. The primary goal is to produce generalists who understand the intricate interrelationship of science, technology and society and are armed with the technical skills to change their environment. The following three tracks are available:

- general science, technology and society
- global technology and development
- science, technology and governance

Students can use the general STS track to design targeted programs of their choosing, including premed and prelaw.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

The bachelor's degree in science, technology and society prepares professionals and scholars for careers in the 21st-century world focusing primarily, but not exclusively, on the interaction of science and technology with human systems. The focus of the program is on developing the technical skills required to audit the social, political and policy impact of technological advancement and the competence required to navigate questions surrounding the future trajectory of science and technology. Graduates are prepared for graduate or professional study or professional careers as:

- commercial and industrial designers
- compliance managers
- environmental restoration planners
- public relations specialists
- recycling coordinators
- regulatory affairs specialists
- sales representatives, wholesale and manufacturing, technical and scientific products
- sustainability specialists
- training and development specialists
- transportation planners
- urban and regional planners

## Technical Communication, BS (LSTECBS)

**Campus:** Polytechnic, Online

**Program Description:**

Technical communication is applied workplace communication that makes technical or specialized information understandable and available to many different users. It involves using a range of technologies to craft an even broader range of print and digital information products: websites, social media sites, help files, training materials, grants and proposals, and information graphics, to name just a few. Technical communicators work in many professional roles, such as information developers, grant writers, web interface designers or usability experts. What do all of these roles have in common? They all focus on creating accessible and appealing communication that has a practical purpose and is intended for a particular audience. In the technical communication program, students learn how to write, design, produce, and manage print and digital information using traditional and developing technologies.

The BS in technical communication is the only undergraduate technical communication degree program available in the state of Arizona.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Polytechnic campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

#### **Career Opportunities:**

The Bureau of Labor Statistics estimates that job growth in technical writing and related areas will continue to be significantly higher than average during the next 5 years. Software and electronics companies, media corporations, financial institutions, government agencies, nonprofits and other areas will see an increased demand for writers. Students in the program will prepare for careers as:

- communications teachers (postsecondary)
- computer user support specialists
- copy writers
- desktop publishers
- editors
- media and communication workers
- proofreaders and copy markers
- public relations specialists
- reporters and correspondents
- technical writers
- Web developers
- writers and authors

## **Liberal Arts & Sciences, College of**

### **Actuarial Science, BS (LAACTBS)**

**Campus:** Tempe

#### **Program Description:**

ASU's BS in actuarial science is one of the only university programs of its kind in the western United States. It provides students with the quantitative and business skills needed to prepare them for a career as an actuary. Actuaries are professionals who assemble and analyze data to estimate the probability and likely cost of an event such as death, sickness, injury, disability or loss of property. The profession is consistently one of the most secure and highest-paying available, even during tough economic times. As part of the School of Mathematical and Statistical Sciences, the actuarial science program combines traditional math and statistics courses with a solid foundation in business, economics and finance. This provides students with preparation for professional actuarial credentialing exams that will set them apart from graduates of many other actuarial science programs.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

In addition to providing preparation for a career as an actuary, this degree program provides students the skills needed for careers in areas such as:

- academia (college teacher, university professor with advanced degree)
- corporate and consulting services, especially management and public relations
- government programs, such as Social Security and Medicare
- insurance
- security and commodity brokerage

## African and African American Studies, BA (LAAFRBA)

**Campus:** Tempe

**Program Description:**

The African and African American Studies program at ASU has assembled a dynamic faculty engaged in investigating the riveting complexities of Africa. Trained in a variety of disciplines including anthropology, health, history, journalism, literature, sociology, political science and women's studies, the faculty examines a wide array of critical issues of African-descended peoples across the stages of life at various times and places in history. Students choose one of the following areas of concentration:

- African Diaspora Studies
- African Studies

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Science and Technology Policy, MSTP

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Because of its emphasis on various social aspects and groups, the African and African American studies program provides students with practical applications useful for various workplaces. This program helps students develop cultural sensitivity and prepares them for careers in:

- administration
- advertising
- business
- counseling
- education
- human resources
- international relations
- journalism
- justice
- management
- travel

Our program prepares students for work in:

- civil rights organizations
- colleges and universities
- corporations
- government agencies
- hotel chains
- law firms
- libraries
- museums
- nonprofit organizations
- political action groups
- public relation firms
- research organizations
- sales departments
- social service agencies
- the insurance industry
- the Peace Corps
- travel agencies

## American Indian Studies, BS (LAAISBS)

**Campus:** Tempe

**Program Description:**

The BS in American Indian studies provides students with unique opportunities to evaluate issues of American Indian nations within domestic and international contexts. The bachelor's in American Indian studies encompasses two areas of emphasis: legal, policy, and community and economic development; and arts, languages and culture. The American Indian studies program is committed to broadening the knowledge of students interested in the histories, languages, cultures, arts and contemporary situations of American Indian nations and people. The program is designed to protect the integrity and identity of the indigenous populations of North America and to create a learning environment conducive to critical and creative thought.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

## **Program Math Intensity:** General

### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

American Indian Studies (Indigenous Rights and Social Justice) MS

American Indian Studies (Tribal Leadership and Governance) MS

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### **Career Opportunities:**

American Indian studies graduates will be qualified to fill positions at the tribal, state and federal government levels and in the private sector.

Graduates can advance to graduate school or can pursue professional careers in such fields as government service or public service. For example, federally and tribally operated schools located in remote areas within Indian Country have high turnover rates for both teachers and staff. American Indian studies graduates should be available to help fill these positions. Furthermore, the federal government, a major employer on many reservations across the country, is in need of qualified people who are knowledgeable of Indian cultures, laws and policies. Additionally, many American Indian nations' economies and infrastructures are developing at a rapid pace, and they are in continuous need to fill mid-management and management-level positions.

Graduates find positions in many areas, such as:

- casino employment
- community action work
- public administration (tribal or state relations, nonprofit management, education administration, planner)
- public health
- the arts
- tribal employment (political office, tribal management, cultural resource programming, grant writer, cultural specialist, youth services)

This program also provides suitable preparation for graduate study or law school.

## **Anthropology, BA (LAASBBA)**

**Campus:** Tempe, Online

### **Program Description:**

The BA in anthropology gives students an opportunity to learn how and why humans evolved and how our evolutionary biological, social and cultural trajectories help us understand the meaning of being human in past, present and future environments. Anthropology helps students develop strong critical-thinking and oral and written expression skills, important for success in many career areas.

Anthropology majors learn how to use the scientific method to formulate and test hypotheses and gather qualitative and quantitative data through participant observation, interviewing, ethnographic study, careful excavation and measurement. They also learn how to employ statistics to analyze and extract meaning from data.

A special feature of the ASU anthropology program is its relevance to other disciplines and many exciting hands-on learning opportunities in laboratories and through study abroad and field-based courses.

**Additional Program Fee:** N  
**Second Language Requirement:** Y  
**First Required Math Course:** MAT 142 - College Mathematics  
**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. **Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The demand in the job market for people with an anthropology background is stimulated by a growing need for researchers and analysts with keen thinking skills who can manage, evaluate and interpret the large amounts of data. As the many spheres of human interaction expand globally, people trained in anthropology will increasingly be sought for their broad, holistic knowledge and perspective of understanding, which are the hallmarks of anthropology. Some career opportunities include:

- acting as legal advocates in international cases
- analyzing and proposing policies
- consulting for private and public organizations
- curating cultural resources
- directing nonprofit organizations
- directing programs in the private or public sector
- modeling infectious diseases
- planning communities
- postgraduate academic research and teaching
- professional employment in heritage (cultural resource) management in private or public sectors
- providing health care as nurses, doctors or public or global health professionals

## Anthropology, BS (LAASBBS)

**Campus:** Tempe

**Program Description:**

Anthropology is the study of how and why humans evolved and how our evolutionary biological, social and cultural trajectories help us understand the meaning of being human in past, present and future environments. The BS in anthropology gives students an opportunity to master anthropological or anthropologically relevant knowledge and skills through applications of the scientific method and quantitative methodologies.

In core and elective courses, the bachelor's in anthropology allows students to explore problems that may require the use of theories and methods from diverse disciplines, including biology, global health, applied mathematics, psychology, economics, sociology, medicine, law and engineering. The curriculum provides many exciting, hands-on learning opportunities through laboratories, study abroad and field-based courses.

## Applied Mathematics for Life and Social Sciences, BS (LAAMLBS)

**Campus:** Tempe

**Program Description:**

The BS in applied mathematics for the life and social sciences offers a challenging and exciting curriculum that investigates and integrates complex areas of the physical, life and social sciences while preparing a new generation skilled in the use of theories and techniques such as mathematical modeling and computational methods to solve practical real-world problems.

The program focuses on the development of critical-thinking skills and purposeful competencies in mathematics and instilling an appreciation for the contributions of mathematics to the fields of sciences, engineering, business, government and economics. Course work is directed toward an understanding of mathematical theory and its relation to other fields of studies. Emphasis is placed on precision of definition, reasoning to accurate conclusions, and analyzing and developing solutions to problems using mathematical principles.

**Additional Program Fee:** N

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The bachelor's in applied mathematics for the life and social sciences provides students entering the environmental, life, health, mathematical and social science fields the quantitative, scientific and analytical skills that are critical for professionals working in these areas.

The need for quantitatively trained scientists and professionals in the life and social sciences is strong in Arizona and the nation. This degree's applied use of mathematics, modeling, statistics and simulation methodologies are in high demand and provide excellent training for future academics and professionals in industries including:

- astrophysics
- biostatistics
- chemical engineering
- communications
- computational biology
- computer animation
- data mining
- demography
- digital and medical imaging
- e-commerce
- education
- forensics
- genomics
- informatics and complex systems research
- materials science
- neuroscience
- pharmaceutical engineering
- political science
- public health
- risk management
- security and military
- social network analysis

## Asia Studies (East Asia), BA (LAHSTEABA)

**Campus:** Tempe

**Program Description:**

The BA in Asia studies offers students the opportunity to study East Asia, South Asia or Southeast Asia in depth through a coherent concentration of academic study across a number of disciplines. The interdisciplinary approach will provide students with a variety of intellectual tools to address contemporary political, social and cultural issues in Asia and to apply their knowledge in various academic and practical settings.

Students will identify which concentration (East, South or Southeast Asia) they will pursue.

The concentration in East Asia includes:

- China
- Japan
- Korea

- Taiwan

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

People knowledgeable about Asia will be required in virtually every arena in which America interacts with the rest of the world, including:

- communication
- diplomacy
- food security
- higher education
- humanitarian service
- intelligence
- international organizations
- journalism
- law
- law enforcement
- military
- philanthropy
- technology transfer
- tourism
- trade
- transportation

## Asia Studies (South Asia), BA (LAHSTSABA)

**Campus:** Tempe

**Program Description:**

The BA in Asia studies offers students the opportunity to study East Asia, South Asia or Southeast Asia in depth through a coherent curriculum of academic study across a number of disciplines. The interdisciplinary approach provides students with a variety of intellectual tools to address contemporary political, social and cultural issues in Asia and enables them to apply valuable knowledge in various academic and practical settings. Students identify which concentration (East, South or Southeast Asia) they will pursue.

The concentration in South Asia includes course work on:

- Bangladesh
- India
- Pakistan
- South Asian states and societies

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

## Asia Studies (Southeast Asia), BA (LAHSTSEABA)

**Campus:** Tempe

**Program Description:**

The BA in Asia studies offers students the opportunity to study East Asia, South Asia or Southeast Asia in depth through a coherent curriculum of academic study across a number of disciplines. The interdisciplinary approach prepares students with a variety of intellectual tools to address contemporary political, social and cultural issues in Asia and knowledge useful in various academic and practical settings. Students identify which concentration (East, South or Southeast Asia) they will pursue.

The concentration in Southeast Asia is especially diverse and includes:

- Brunei
- Burma/Myanmar
- Cambodia
- East Timor
- Indonesia

- Laos
- Malaysia
- the Philippines
- Singapore
- Thailand
- Vietnam

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Asian Languages (Chinese), BA (LACHIBA)

**Campus:** Tempe

**Program Description:**

The BA in Asian languages with a concentration in Chinese emphasizes proficiency in reading, writing and speaking Mandarin and in reading classical Chinese. It provides an in-depth understanding of the fundamentals of the rich Chinese cultural tradition, centered on primary Chinese texts (in Chinese and in English translation) from the literary, intellectual and religious cultures of Chinese-speaking societies. These texts include visual and written materials on, among other things:

- linguistics

- literary theory and history
- media
- religions and thought
- urban culture

Students in the program have a number of options available to enhance their education through study abroad:

<https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>). Highly-motivated students interested in learning Chinese to professional-level proficiency are encouraged to inquire about the Chinese Language Flagship Program:

<https://international.clas.asu.edu/chineseflagship> (<https://international.clas.asu.edu/chineseflagship>). All students with higher levels of linguistic competency may enroll in targeted courses (conducted in Chinese) offered as part of the Chinese Flagship track.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign service officer
- intelligence officer
- international businessperson
- international banking and finance professional
- translator or interpreter
- language teacher
- professor of language, literature and culture
- multilingual administrative professional
- foreign correspondent or media professional
- travel professional
- NGO professional
- social services professional
- health professional
- law and immigration professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

## Asian Languages (Japanese), BA (LAJPNBA)

**Campus:** Tempe

### Program Description:

Students in the BA in Asian languages with a concentration in Japanese study the language, literature and culture of Japan and gain a respectable measure of competence in reading, writing, oral and aural skills in the Japanese language. Students also gain linguistic and cultural competence through the required study of classical Japanese. Throughout the program, students take courses in either Chinese or Korean and related courses in Japanese and East Asian culture on topics such as:

- art
- government
- Japanese history
- linguistics
- literary and cultural theory
- religion

In addition, ASU offers summer or yearlong programs to study abroad in Japan. More information on study abroad opportunities is available at <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

**Asian Pacific American Studies, BA (LAAPABA)**

**Campus:** Tempe

**Program Description:**

The Asian Pacific American Studies program is housed in ASU's School of Social Transformation, the only school of its kind in the United States. The BA in Asian Pacific American studies provides an opportunity for students to study the long history and rich contemporary experiences, cultures and communities of Asian Pacific Americans in the Southwest with dedicated, inspiring faculty. A liberal arts emphasis on critical thinking, complex reasoning and solid writing skills prepares students to engage in research that will inform meaningful dialogues between policymakers, educators and society at large about Asian American and Pacific Islander communities for years to come.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)  
 Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
 International (<https://students.asu.edu/international/future>)  
 Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Students who complete the bachelor's in Asian Pacific American studies may pursue a graduate degree in law, humanities or social sciences. Students will also be prepared to work in positions involving:

- business
- community organizations
- creative arts
- education
- health
- immigration
- journalism
- law

## Biochemistry, BA (LABCHBA)

**Campus:** Tempe

### **Program Description:**

The BA in biochemistry provides students with a course of study in the fundamental knowledge of the chemical substances and vital processes of living organisms. Discoveries of new drugs, the recognition and control of new pathogens, development of new catalysts for energy transformations and the production of new materials, and solutions to problems such as food production and environmental remediation depend upon a thorough grounding in this area of science.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 251 - Calculus for Life Sciences/ OR MAT 270

**Program Math Intensity:** Moderate

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### **Career Opportunities:**

A solid undergraduate education in biochemistry provides the necessary background for career paths in areas such as:

- chemical industries
- government
- health care
- research
- teaching

Students often study biochemistry with supporting work in biology and chemistry as the route for preprofessional training for careers in these fields:

- dentistry
- medicine
- pharmacy
- veterinary

## Biochemistry, BS (LABCHBS)

**Campus:** Tempe

### **Program Description:**

The BS in biochemistry provides students with a course of study in the fundamental knowledge of the chemical substances and vital processes of living organisms. Discoveries of new drugs, the recognition and control of new pathogens, development of new catalysts for energy transformations and the production of new materials, and solutions to problems such as food production and environmental remediation depend upon a thorough grounding in this area of science.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biochemistry (Medicinal Chemistry) (MS)

Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A solid undergraduate education in biochemistry provides the necessary background for career paths in chemical industries, government, health care, research, teaching and other areas.

Students planning careers in medicine, dentistry, pharmacy or veterinary medicine often study biochemistry with supporting work in biology and chemistry as the route for preprofessional training.

## Biochemistry (Medicinal Chemistry), BS (LABCHMBS)

**Campus:** Tempe

**Program Description:**

The science of biochemistry is about the discovery and dissemination of fundamental knowledge of the chemical substances and vital processes of living organisms. Discoveries of new drugs, the recognition and control of new pathogens, development of new catalysts for energy transformations and the production of new materials, and solutions to problems such as food production and environmental remediation depend upon a thorough grounding in this area of science.

The concentration in medicinal chemistry includes an emphasis on organic and physical chemistry. Students will explore advanced concepts of chemistry as it relates to medicinal purposes.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biochemistry (Medicinal Chemistry) (MS)

Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

A solid undergraduate education in biochemistry provides the necessary background for career paths in chemical industries, government, health care, research, teaching and other areas.

Students planning careers in medicine, dentistry, pharmacy or veterinary medicine often pursue the medicinal chemistry concentration, with supporting work in biology and chemistry as the route for preprofessional training.

## Biological Sciences, BS (LABSCBS)

**Campus:** Tempe

**Program Description:**

The life sciences delve into the basic organization and processes of life (microbes, plants and animals) at scales ranging from molecules to ecosystems and in time from picoseconds to millennia. This includes investigations into how hereditary information is transferred and how organisms evolve, the interplay of organisms and their environments, and how these factors interact in health and disease. Students interested in a degree in life sciences can opt for a BS in biological sciences or choose one of five concentrations with biological sciences:

- animal physiology and behavior
- biology and society
- biomedical sciences
- conservation biology and ecology
- genetics, cell and developmental biology

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biology (Biology and Society) (MS)

Biology (MS)

Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

#### **Career Opportunities:**

The biological sciences major with no concentration is designed for students who are committed to studying and training in multiple disciplines in biology and students who want to get more exposure to the life sciences before deciding whether they want to concentrate as an undergraduate. Therefore, students in this major take core courses from several concentrations. Students in this major have more flexibility to customize their program of study so they can focus on their own area of interest that may not have a concentration, such as plant biology or genomics.

The biological science major provides an excellent foundation for graduate study as well as preparation for professional schools in:

- dentistry
- medicine
- pharmacy
- veterinary medicine

Graduates may also enter positions in:

- certain technical fields
- education
- government
- industry

#### **Contact Information:**

School of Life Sciences

<https://sols.asu.edu/>

LSC 206

[sols.advising@asu.edu](mailto:sols.advising@asu.edu)

480-727-6277

## **Biological Sciences (Biology and Society), BS (LABSCSBS)**

**Campus:** Tempe

#### **Program Description:**

The BS in biology and society focuses on training biology students to understand the social context of their science; to ask how and why a biological problem has been and should be studied. Students explore the ways in which policy decisions shape and are shaped by biological research and they investigate the meaning and significance of the life sciences in understanding our complex world.

The biology and society curriculum is highly individualized. This unique degree is home to world-class researchers and teachers in diverse fields, including bioscience ethics, history and philosophy of science, science communication, science education and science policy, all brought together under one program. Students have the opportunity to work with many renowned scholars in independent study and research projects.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

#### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biology (Biology and Society) (MS)

Biology (MS)

### Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

Biology and society students gain the historical, philosophical, political and ethical perspectives needed to explore interactions between the life sciences and related complex human issues. As a result, the program contributes to better informed and more effective teachers, writers, policymakers, clinicians and researchers in areas related to biology, medicine and society.

As a result of the individualized, skill-based curriculum, biology and society majors are eligible for a broad range of career options. Most majors have chosen to pursue professional degrees in medicine, law, public health or public policy, or graduate study in biology, ethics, education or history and philosophy of science. Our graduates enter the workforce, whether in academia, industry, government or clinical practice, with a deep sensitivity to the complexity of biology in society and the skill to navigate that complexity throughout their career.

## Biological Sciences (Biomedical Sciences), BS (LABSCMBS)

**Campus:** Tempe

#### Program Description:

The biomedical sciences concentration serves students in the biological sciences BS degree program who wish to pursue careers in medicine, other health professions, or biomedical research in an academic, clinical or industry setting. The curriculum aligns with the broad scientific competencies recommended for premed students in a report of the American Medical Colleges and the Howard Hughes Medical Committee and reflected in the 2015 changes to the MCAT. Course work draws from the school's concentration in genetics, cell and developmental biology and the concentration in neurobiology, physiology and behavior, with the addition of courses in biology and in medicine and society. The concentration focuses on the chemistry, biochemistry, math and physics course work that is necessary to prepare students for the MCAT or medical school admissions. The concentration emphasizes core concepts, competencies and critical intellectual skills necessary to succeed in medical school or biomedical research.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

#### Accelerated Degrees:

This degree is also offered as an accelerated degree with Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### **Career Opportunities:**

Upon completion of the biological sciences, biomedical sciences concentration degree students will be well-equipped to enter into careers as research scientists or as scientists in the health professions. Upon completing the biomedical sciences concentration students will have met the majority of prerequisite requirements and mastered many of the competencies valued by graduate programs in medical, dental and optometry fields or in programs which prepare students to be physician assistants or physical therapists. Additionally, graduates of this program will have an understanding of the process of science preparing them for a career in research. Students will have knowledge of foundational concepts in biological sciences, chemistry, physics and statistics, as well as the ability to understand and apply core biomedical concepts. This will prepare students to enter into biology research in a vast number of areas including, but not limited to, genetics, genomics, evolution, physiology and immunology.

### **Contact Information:**

Liberal Arts & Sciences, College of

School of Life Sciences

## **Biological Sciences (Conservation Biology and Ecology), BS (LABSCCBS)**

**Campus:** Tempe

### **Program Description:**

Ecology is the study of the distribution and abundance of organisms, the interactions among organisms, and the interactions between organisms and the physical environment. Conservation biology is an applied science based on ecological principles that focuses on conserving biological diversity and on restoring degraded ecosystems. Arizona State University has made a commitment toward a more sustainable world, and knowledge of conservation biology and ecology is one critical component to help us meet this global challenge.

Conservation biologists at ASU investigate the impact of humans on Earth's biodiversity and develop practical approaches to prevent the extinction of species and promote the sustainable use of biological resources. Some investigate the causes of ecosystem degradation and use ecological principles to reestablish desired conditions within a range of ecosystems, including rivers, wetlands, grasslands, urban landscapes and forests.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biology (Biology and Society) (MS)

Biology (MS)

Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### **Career Opportunities:**

The curriculum prepares students for employment and provides a solid platform for students who wish to attend graduate school. The skills and

concepts are preparation for careers with:

- governmental agencies such as the Environmental Protection Agency and state game and fish departments
- K-12 education, colleges and universities
- nongovernmental organizations such as The Nature Conservancy and Conservation International
- private companies focused on environmental resources, environmental law or environmental economics

The concentration can provide training in specific skills that might be needed in these areas:

- animal and plant physiology, identification and ecology
- behavioral ecology and population biology
- community, ecosystem and landscape ecology
- conservation of endangered species
- ecology of different habitats, including cities, lakes, rivers and grasslands
- restoration of degraded ecosystems

## Biological Sciences (Genetics, Cell and Developmental Biology), BS (LABSCGBS)

**Campus:** Tempe

**Program Description:**

Genetics, cell and developmental biology are exciting, closely related areas of life science research. Genetics examines the blueprints of life (i.e., DNA sequence and gene expression) while cell biology studies the machinery of life enclosed within the boundaries of cells. Developmental biology uses genetics and cell biology to understand how genes and the environment interact to produce a whole new individual from a single cell, in addition to developmental changes that organisms undergo throughout life. Many diseases are understood through the study of genetics, cell biology and development.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Biology (Biology and Society) (MS)
- Biology (MS)
- Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students in this concentration have a variety of career options. This degree provides the fundamental course work necessary for admission into medical, dental, veterinarian, pharmacy or graduate schools or any of the health professions. There also are many employment opportunities that

can be pursued upon receipt of the BS in this concentration:

- animal breeder technician
- bioinformaticist
- biotechnologist
- cell culture specialist
- cloning technician
- crime lab technician
- cytotechnologist
- drug design technician
- food and drug inspector
- genetic counselor
- histologist
- in vitro fertilization technician
- plant improvement specialist
- teacher
- technical writer
- vaccine development technician

Students in this concentration learn critical-thinking skills that can be applied to many scientific problems and professions as well as to the challenges of daily life. We encourage students to engage in independent research projects or internship opportunities in order to develop a better sense of how science is done.

## Biological Sciences (Neurobiology, Physiology and Behavior), BS (LABSCABS)

**Campus:** Tempe

**Program Description:**

Physiology is the study of how organisms regulate the flow of energy and maintain the conditions necessary for health, survival and reproduction. It might seem that physiology and behavior are quite separate fields, but physiology and behavior interact extensively to achieve common goals.

In the animal physiology and behavior concentration, students will receive a rigorous and broad education by studying behavior and physiology from the perspectives of molecular and cellular biology, evolution, organ systems (neural, endocrine, cardiovascular, respiratory, immune, etc.) and the environment. Students in this concentration also learn to apply principles from mathematics, chemistry and physics. Discoveries are made at the laboratory bench and in the field, and students in this concentration are encouraged to participate in research projects in the labs of our faculty members.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biology (Biology and Society) (MS)

Biology (MS)

Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### **Career Opportunities:**

The broad education and critical-thinking skills students receive in this concentration are well suited for a variety of rewarding careers. Premedical, preveterinary and pre dental students get the background and courses needed for professional school application and beyond. Many students go on to graduate school for academic, teaching or research careers in areas such as:

- endocrinology
- environmental or behavioral physiology
- human physiology
- metabolism
- neurobiology
- social behavior

With a BS in this concentration, there are opportunities for technical positions in hospitals, research institutes and industry (food, dairy, chemical, pharmaceutical and biotechnology) as well as government laboratories and agencies. The most important skills students learn in the concentration are critical thinking and problem-solving skills that can be applied to many scientific problems and professions as well as the challenges of daily life.

## **Biophysics, BS (LABIPHBS)**

**Campus:** Tempe

#### **Program Description:**

Biophysics uses the methods and theories of physics to study biological systems. The BS in biophysics is an interdisciplinary program, providing students with a working understanding of the important principles of physics, chemistry and biology that govern all scales of biological organization, from the molecular processes of life to organisms and ecosystems.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

#### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### **Career Opportunities:**

The broad range of applicability of the principles of biophysics gives great flexibility in a choice of career or further education including but not limited to:

- chemical industries
- engineering

- government
- health care
- physics research
- teaching and other areas

## Chemistry, BA (LACHMBA)

**Campus:** Tempe

**Program Description:**

The BA in chemistry provides the fundamental knowledge necessary to deal with many needs of society and serves as a vital connection between physical sciences, such as physics, and life sciences, such as biology and medicine. Discoveries of new materials, processes and solutions to problems such as pollution control depend upon a thorough grounding in this area of science. Students pursuing a bachelor's in chemistry have opportunities to explore interests in analytical, inorganic, organic and physical chemistry as well as biochemistry, geochemistry, solid-state and materials chemistry.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

**Career Opportunities:**

A solid undergraduate education in chemistry provides the necessary background for many career paths in chemical industries, government and other areas. Chemistry can be combined with law for patent work, with economics for sales and marketing careers, and with computer science for careers in information storage and retrieval. Students planning careers in medicine, dentistry or veterinary medicine often pursue a course of study in chemistry with supporting work in biology as the route for preprofessional training.

## Communication, BA (LACOMBA)

**Campus:** Tempe

**Program Description:**

The BA in communication focuses on teaching students how communication processes create, maintain and transform identities, relationships, workplaces and communities. Students can choose from course work in communication and healthy relating; communication and effective organizing; communication, advocacy and engaging public; communication, creativity and innovation or a combination of any of the above. Across the curriculum, students learn valuable and marketable knowledge and skills that prepare them for successful careers in a variety of industries in the public and private sectors.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students who are transferring into ASU must have a minimum transfer GPA of 2.50 in order to be admitted to the Hugh Downs School of Human Communication.

Students who have attended ASU in the past and who are returning to the university with transfer work must have a minimum 2.50 ASU cumulative GPA in order to be admitted into the Hugh Downs School of Human Communication.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

**Career Opportunities:**

Graduates of this program often attend leading graduate schools in communication, law or business schools, or find gainful employment in careers in the areas of:

- campaign management
- counseling
- entrepreneurship
- event planning
- health care management
- human resource management
- intercultural relations
- marketing
- nonprofit management
- public relations
- sales

## Computational Mathematical Sciences, BS (LACMSBS)

**Campus:** Tempe

**Program Description:**

Mathematics is a crucial component in many disciplines such as physics, life sciences, engineering, business, economics and social sciences. The BS in computational mathematical sciences is an interdisciplinary degree with components in mathematics, science and computing. A focus is placed on computational and numerical aspects of techniques used to solve a wide range of applied problems arising in practically any field of study.

A large component of the program involves understanding why and how computer algorithms work as well as their limitations in terms of applicability and efficiency. This program is designed for students interested in computing and simulation of applied problems. It promotes creative skills and develops problem-solving tools needed in today's technological world.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Mathematics (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job opportunities. Employment for math majors can be found in virtually every area:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

A bachelor's in computational mathematical sciences is perhaps the most versatile of all math degrees. Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers> (<http://www.maa.org/careers>).

## Earth and Environmental Studies, BA (LAEESBA)

**Campus:** Tempe

**Program Description:**

The BA in earth and environmental studies provides a foundational understanding of the evolution of the earth system with an emphasis on the planetary context for sustainable human societies. The degree includes broad training in the physical sciences, especially process-oriented geosciences that focus on Earth's life-sustaining surface environment. Advanced courses focus on topics including:

- climate change
- Earth's water, energy and material resources
- impacts of land-use change on human civilization
- physical, chemical and biological process interactions that define Earth's evolution

The degree is designed as a liberal arts program with an emphasis on basic scientific literacy, not as a preparatory degree for graduate study in natural science. However, successful graduates will be well prepared for "green" careers in fields such as:

- education
- environmental consulting
- environmental reporting
- natural resource management
- public planning

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Coconino Community College (<http://transfer.asu.edu/coconino>)

**Career Opportunities:**

Earth and environmental studies graduates are prepared for positions in:

- consultancy
- education
- governmental agencies
- industry
- nongovernmental organizations
- nonprofit organizations
- regulatory agencies
- utilities

They are also well prepared for admission to strong professional schools. Recent environmental awareness in business and government has created new employment opportunities (e.g., environmental coordinators, directors and managers). By developing a breadth of knowledge and experience, and by acquiring the skills to integrate various domains of knowledge, earth and environmental studies, students prepare themselves for a variety of careers to help find solutions to tomorrow's environmental and sustainability challenges.

## Earth and Space Exploration, BS (LASESBS)

**Campus:** Tempe

**Program Description:**

The BS in earth and space exploration offers students an integrated education across earth sciences, planetary sciences, astrophysics and engineering. The degree incorporates:

- a learning community that includes science and engineering students
- a yearlong collaborative capstone senior exploration project
- strong quantitative preparation

This strong foundation in geosciences, astrophysics and exploration engineering will prepare students for key roles in:

- earth resources and exploration
- environmental and geologic engineering
- space research and industry
- water and environmental use policy

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I/MAT 270

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The earth and space exploration major addresses critical future shortfalls in the national and regional training of the next generation of geoscientists and aerospace engineers. Arizona has an expanding space industry with major new investments and is prepared to engage new technologies to monitor and understand environmental issues in Arizona, the Southwest and throughout the world. Students who major in earth and space exploration will have the tools, knowledge and understanding to address key problems of a global nature, whether they are working in the private or public sector.

**Contact Information:**

Liberal Arts & Sciences, College of  
School of Earth and Space Exploration

## Earth and Space Exploration (Astrobiology and Biogeosciences), BS (LASESABBS)

**Campus:** Tempe

**Program Description:**

Astrobiology studies the origins, evolution, distribution and future of life in the universe. Biogeosciences focuses on the interaction of biological and geological processes on Earth at present and in the geologic past. These topics are closely related because the concepts of biogeoscience inform the study of planetary habitability and the search for habitable worlds. Therefore, the astrobiology and biogeoscience concentration in earth and space exploration is designed to offer students a strong foundation for exploring the interaction of geological and biological processes, how such interactions sustain life on Earth, and how they might operate on other planets. This scientific background is needed to contribute to the search for life on other planets as well as the exploration of extreme environments here on Earth. It also provides training in the interplay of forces that impact global change.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I/MAT 270

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Students in the astrobiology program will be well prepared for graduate studies in this field. Because astrobiology is increasingly the motivation for NASA exploration missions, they will also be well suited for entry-level careers at NASA research centers. The degree also provides broad training across a range of science fields, giving students a strong background for careers in biomedical, environmental or sustainability areas.

**Contact Information:**

## Earth and Space Exploration (Astrophysics), BS (LASESABS)

**Campus:** Tempe

**Program Description:**

The BS in earth and space exploration with a concentration in astrophysics is designed to offer students a fundamental grounding in astronomy and astrophysics, with exposure to the related fields of geology, planetary science and engineering. Students will emerge from this program with the

skills to pursue a career in astrophysics, physics or related fields.

The rigorous course work includes a combination of physics courses taught in the School of Earth and Space Exploration and the Department of Physics. Students should emerge from the program with the ability to compete at the national level on standardized physics exams. The tools of astronomical discovery are increasingly dependent on technological advances and students will be exposed to engineering principles. Through the capstone project in the senior year, students will gain valuable experience in translating science drivers into engineering specifics.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I/ MAT 270

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Career opportunities include but are not limited to:

- aerospace engineer
- astrobiologist
- astronomer
- computer programmer
- data analyst
- instrumentation specialist
- planetary scientist
- science policy intern
- science writer
- teacher
- telescope operator

Career settings include:

- federal government
- K-12 schools
- manufacturing
- museums
- NASA facilities
- national laboratories
- NSF facilities
- observatories
- planetariums
- publishing
- space industries
- universities and colleges

Some of the listed careers may require advanced degrees or additional certifications. This program also provides suitable preparation for graduate study.

## Earth and Space Exploration (Exploration Systems Design), BS (LASESESDBS)

**Campus:** Tempe

### Program Description:

The exploration systems design concentration offers students a fundamental grounding in geology, physics and astrophysics while providing tools that enable them to design and build hardware and software to achieve specified scientific goals.

At the heart of the program is a sound grounding in the fundamentals of physics, mathematics and chemistry. Upon that foundation students explicitly tackle issues concerning hardware design, instrument assembly and, ultimately, how to knit these components together when conceiving the requirements needed for a mission or project destined for space or another planet.

As part of this degree, each student will have the opportunity to learn how projects and missions are designed and planned, starting with the scientific drivers and then defining engineering specifications. Each student will be expected to complete a senior project that takes a desired scientific measurement and realizes the technological solution to achieve the observation.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I/MAT 270

**Program Math Intensity:** Substantial

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### Career Opportunities:

Career opportunities include:

- astronomer
- geoscientist
- planetary scientist
- scientific instrumentation specialist
- science policy intern
- science writer
- space systems engineer
- systems engineer

Sample career settings include:

- aerospace industry
- federal government
- manufacturing
- NASA centers
- national laboratories
- observatories
- publishers
- space industries
- universities and colleges

Some of the listed careers may require advanced degrees or additional certifications. This program also provides suitable preparation for graduate study.

## Earth and Space Exploration (Geological Sciences), BS (LASESGSBS)

**Campus:** Tempe

### Program Description:

Geological science is the study of the Earth and other planets with an emphasis on the processes that have shaped them since the origin of the solar system, including the coevolution of life, oceans, atmosphere and the Earth's climate system and the record of that evolution encoded in rocks, soil, ice and isotopes. The BS in earth and space exploration with a concentration in geological sciences educates students in the fundamentals of the geological sciences, providing a solid background in chemistry, mathematics and physics as well as interdisciplinary training in engineering, astronomy and planetary science.

Students will gain a strong understanding of field methods as well as modern computing, remote sensing and instrumentation in order to effectively study the natural environment and Earth's resources. Graduates of the program will learn to apply their knowledge for the benefit of Arizona, the nation and society in general.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 265 - Calculus for Engineers I/ MAT 270

**Program Math Intensity:** Substantial

### Admission Requirements:

## Economics, BS (LAECNBS)

**Campus:** Tempe

### Program Description:

The mission of the Department of Economics at ASU is to provide the highest quality instruction to students, conduct cutting-edge research in economics, and provide leadership and service to our professional communities. The department's undergraduate program aims to provide students with the critical-thinking and communication skills needed to succeed in business, government or graduate school.

The BS in economics is built on a strong core of economic theory, supplemented by mathematics and data analysis. All students are encouraged to develop programs of study tailored to their individual needs and interests. Students choose from a variety of courses within the department as well as from the College of Liberal Arts and Sciences and the university to broaden their knowledge and skills and individualize their learning experience.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 210 - Brief Calculus or MAT 270

**Program Math Intensity:** Moderate

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

Students who have sought careers following their undergraduate education have been very successful in business, consulting and government. Others have gone on to the best law schools in the country and top PhD and MBA programs in the United States and abroad. Many graduates have won prestigious national awards, such as the Marshall Award, National Science Foundation fellowships, Fulbright fellowships and the Truman Award.

## English, BA (LAENGBA)

**Campus:** Online

### Program Description:

Undergraduate students can pursue a BA degree in English completely online. The undergraduate program prepares students for an ever-expanding variety of careers or to continue their studies in graduate and professional programs. Students supplement a core focused on critical reading and writing with courses chosen from literature and writing to shape an individual curriculum.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

## **Program Math Intensity:** General

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

### **Career Opportunities:**

With a degree in English, students' career options are virtually endless. Employers in all fields are always looking for workers with strong writing and communication skills and the ability to think critically. Some of the most common professions for English majors are in these fields:

- business
- editing
- journalism
- law
- medicine
- nonprofit organizations
- professional and technical writing
- public relations
- publishing
- teaching
- Web content development

## **English (Creative Writing), BA (LAENGCBA)**

**Campus:** Tempe

### **Program Description:**

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature, secondary education and writing, rhetorics and literacies. A bachelor's degree in English is also offered completely online.

Students in the creative writing concentration study and practice the art of writing poetry and fiction. The distinguished faculty in the Department of English are actively engaged in creative writing and scholarly research. Students gain practical experience through research and internships that prepare them for an ever-expanding variety of careers. The undergraduate programs also prepare students to continue their studies in graduate and professional programs.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

## English (Linguistics), BA (LAENGNBA)

**Campus:** Tempe

**Program Description:**

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature, secondary education and writing, rhetorics and literacies. A bachelor's degree in English is also offered completely online.

Students in the linguistics concentration focus on study of the history and structure of language. The distinguished faculty in the Department of English are actively engaged in creative writing and scholarly research. Students gain practical experience through research and internships that prepare them for an ever-expanding variety of careers. The undergraduate programs also prepare students to continue their studies in graduate and professional programs.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Teaching English to Speakers of Other Languages (MTESOL)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## English (Literature), BA (LAENGTBA)

**Campus:** Tempe

**Program Description:**

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature, secondary education and writing, rhetorics and literacies. A bachelor's degree in English is also offered completely online. Students in the literature concentration study British, American and global literatures in English, from the earliest writings to the present.

The distinguished faculty in the Department of English are actively engaged in creative writing and scholarly research. Students gain practical experience through research and internships that prepare them for an ever-expanding variety of careers. The undergraduate programs also prepare students to continue their studies in graduate and professional programs.

**English (Secondary Education), BA (LAENGSEBA)**

**Campus:** Tempe

**Program Description:**

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature, secondary education and writing, rhetorics and literacies. A bachelor's degree in English is also offered completely online.

The BA in English with a concentration in secondary education focuses on rigorous content in literature, composition, linguistics and secondary teaching pedagogy. This program provides extensive preparation for meeting the needs of all student populations, including attention to levels of academic performance and cultural and linguistic diversity. Students finish the program with Arizona Department of Education certification for middle and high school English language arts. Both a fingerprint clearance and a background check are required in the second year of the program.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students graduating with a bachelor's in English with a concentration in secondary education will have tremendous opportunities for employment. With more than one million students in a state ranked seventh in the nation in population growth, the need for certified teachers in Arizona is self-evident. Arizona State University provides more of those teachers than any other institution of higher education. Over the last 15 years, ASU grads have had their pick of teaching jobs around the valley and in the state. After student teaching in school districts in the greater Phoenix area or on one of the 22 Native American nations, students are often hired to teach in the same school in which they completed their internship. New teachers will continue to be in demand because the predicted rate of population growth in Arizona is still strong and the retirement rate of teachers is increasing.

## English (Writing, Rhetorics and Literacies), BA (LAENGWBA)

**Campus:** Tempe

### **Program Description:**

Undergraduate students can pursue BA degrees in English with concentrations in creative writing, linguistics, literature, secondary education, and writing, rhetorics and literacies. A bachelor's degree in English is also offered completely online.

The concentration in writing, rhetorics and literacies teaches students strategies for inquiry. Students will study the ways in which communication has, does and will create knowledge and action, how communication is constructed, circulated, reacted to, and repurposed through time and place. Through differing tools of inquiry, students will study the history, theories and methods of inquiry as well as pragmatic and social actions of rhetoric, writing and literacies. In short, the goal of this program is to educate citizens who can create new knowledge and reason, read, write and act in robust and significant ways to meet new challenges of the present and the future.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Family and Human Development, BS (LAFASBS)

**Campus:** Tempe, Online

### **Program Description:**

The BS in family and human development offers course work on the development of individuals and families as they relate to their social worlds. A required concentration in family studies and child development provides a firm foundation for more individualized studies on contemporary issues related to human development from infancy through the end of the life span, and the development, formation and dissolution of families. Students develop proficiency in written communication, computer skills, statistics and research methods.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

#### **Career Opportunities:**

As a liberal arts degree, the bachelor's in family and human development provides excellent preparation for future graduate work in:

- counseling
- family and developmental sciences
- law
- medicine
- social work

The bachelor's also prepares undergraduates for direct entry into positions in business, social service and government.

## **Film (Film and Media Studies), BA (LAFMSBA)**

**Campus:** Tempe, Online

#### **Program Description:**

The BA in film and media studies is an innovative program in the study of film, television, computer games, the Internet and screenwriting.

This program provides students with the analytic, creative and communication skills needed to interpret and create media texts, and it prepares students for opportunities in the entertainment industry as executives, producers and writers. The bachelor's will empower students to be critical consumers of media; creative industry professionals; and rigorous scholars of media texts and culture.

The film and media industries are undergoing constant transformation as a result of industry reorganization, globalization, new technologies and increasingly sophisticated forms of artistic expression and storytelling. This curriculum aims to put students on the forward edge of that change.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### **Admission Requirements:**

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The film and media studies concentration provides undergraduates with skills that can be applied in a number of professional fields, including as leaders within these areas of media entertainment industries:

- creative management
- critics
- development
- marketing and regulation
- teaching

Former students of film and media studies have gone on to pursue graduate studies at other prestigious universities. Others have selected career paths in the film, media and entertainment industries.

## French, BA (LAFREBA)

**Campus:** Tempe

**Program Description:**

The BA in French offers the opportunity to study the language, literature and culture of France and francophone countries. Students gain competence in reading, writing, oral and aural skills in the French language and take a number of related courses on topics such as:

- art
- cultural theory
- French history and civilization
- government
- international business
- linguistics
- literary theory
- religion

Students are encouraged to join the French Club to help them gain proficiency in the language. In addition, the School of International Letters and Cultures offers faculty-directed summer study abroad programs in France and Quebec, Canada, and endorses partnership and exchange programs in francophone Africa, Canada and Europe. More information on study abroad opportunities is available at <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- nongovernmental organization professional
- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields using languages include:

advertising, marketing or communications

airline industry

hospitality industry

- hotel and resort management
- film, television or multimedia
- foreign correspondence or journalism

intelligence

international education and study abroad

- international law
- military
- ministry

Additional education or certification may be required for some career paths.

## Geographic Information Science, BS (LAGISBS)

**Campus:** Tempe

**Program Description:**

The BS degree in geographic information science focuses on the computational dimension of geographic information system technology. Students in the program will learn concepts in spatial thinking, geographic problem solving, mathematical and statistical spatial modeling, and computational principles in GIS. Students will learn to use commercial and open source GIS and related software and learn to program in more than one programming language (e.g., Java, C++, and Python). These essential programming skills combined with GIS knowledge will form the basis for designing and implementing GIS software.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Career opportunities are found in private and public sectors. In the private sector, students may find employment with software development companies such as Esri, Oracle or Google. Job activities will range from designing desktop systems, implementing web and mobile applications, and developing workflow systems. Public sector job activities involve customizing spatial models and systems for local or national agencies, including both Web and mobile applications, desktop and project management systems.

## Geography, BA (LAGCUBA)

**Campus:** Tempe, Online

**Program Description:**

Geographers have a unique spatial perspective in understanding the modern world, global to local, through the twin lenses of space and place. The BA in geography emphasizes humanistic and cultural traditions, and students pursuing undergraduate studies in geography typically concentrate knowledge-building in understanding various cultural phenomena or in studying regions such as:

- Africa
- Asia
- Europe
- Latin America

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

## Geography, BS (LAGCUBS)

**Campus:** Tempe, Online

**Program Description:**

Geographers have a unique spatial perspective in understanding the modern world, global to local, through the twin lenses of space and place. The BS in geography emphasizes spatial patterns in natural science features such as:

- landforms
- plants
- water
- weather

The degree also emphasizes social science or environmental science dynamics involving:

- economic patterns
- human populations
- transportation

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-geography?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-geography?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

**Career Opportunities:**

With a focus on geospatial techniques, geographers with a bachelor's in science go on to careers as:

- cartographers
- computer cartographers
- environmental impact analysts
- geographic information science specialists and analysts
- geospatial software developers
- hydrology and water resource specialists
- location analysts for businesses
- remote sensing analysts

Graduates are presented with a host of other geospatial career options in the burgeoning fields of geographic information science, mapping and navigation systems.

## Geography (Meteorology-Climatology), BS (LAGCUMBS)

**Campus:** Tempe

**Program Description:**

The meteorology-climatology concentration under the BS in geography is designed to meet the requirements for certification as a meteorologist by the National Weather Service. It covers dynamic as well as synoptic meteorology.

Required courses include:

- atmospheric physics
- operational weather forecasting
- three semesters of calculus
- two semesters of calculus-based physics

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Journalism and Mass Communication, BA

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Concurrent degree admission requirements:

Freshman applicants must meet all of the following standards:

- 3.75 minimum ABOR GPA
- no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students must have a minimum cumulative GPA of 3.00 from a transfer institution.

ASU students:

ASU students who would like to change their majors to the concurrent program with journalism and mass communication must have at least a 3.00 cumulative GPA in 12 or more credit hours of ASU courses that can be used to satisfy the Cronkite School's non-elective General Studies requirements.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students successfully completing the program have found employment with:

- energy power companies (Salt River Project, Arizona Public Service)
- government agencies (Arizona Department of Environmental Quality, United States Environmental Protection Agency, United States Army Corps of Engineers)
- National Weather Service
- United States Air Force (meteorology, pilot training)

This program also provides suitable preparation for graduate study in either meteorology or climatology.

## Geography (Urban Studies), BS (LAGCUUBS)

**Campus:** Tempe

**Program Description:**

The urban studies concentration under the BS in geography is designed to facilitate the growing interest in urban areas, with special emphasis on studying the Phoenix metropolitan area and other rapidly urbanizing regions in arid climates. Tied with geographic information science, the urban studies major brings both knowledge and skill sets together in a powerful way.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students successfully completing the program often find employment with city planning agencies as well as government agencies at various levels (county, state, federal). The urban studies major, especially when combined with a focus on geographic information science, gives graduates an advantage in careers in urban planning and other jobs dealing with urban issues, including:

- economic development planning
- housing issues
- transportation

## German, BA (LAGERBA)

**Campus:** Tempe

**Program Description:**

Students in the BA in German study the language, literature and culture of German-speaking people and gain a respectable measure of competence in reading, writing, oral and aural skills in the German language. Students broaden and deepen their studies with related courses on topics such as:

- art
- German history
- government
- international business
- religion

Students are encouraged to study abroad in Germany as participants in the School of International Letters and Cultures faculty-directed summer program in Regensburg or in one of the academic-year exchange programs available at several German universities. More information on study abroad opportunities is available at <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional
- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

**Global Health, BA (LASSHBA)**

**Campus:** Tempe, Online

**Program Description:**

The BA in global health is an interdisciplinary degree designed for students who seek a broad and flexible set of skills for understanding contemporary health challenges and thinking about how they might best be solved. "Global" is understood in the anthropological sense, meaning ways of understanding and addressing disease, health and well-being that can incorporate all cultures, places and time and that can integrate knowledge of health's social, historical, biological and ecological dimensions.

The curriculum emphasizes the development of core skills in critical thinking, problem-solving and the importance of direct experience (research, study abroad, service learning and advocacy). The degree cultivates capacities to deal with any complex problem with social components: how to identify the critical issues, ask the right questions and create solutions that are meaningful and effective.

Students are required to participate in an approved global health study abroad program.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Global Health (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

**General University Admission Requirements:**

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-global-health?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-global-health?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Nationally and internationally, the health field provides enormous and varied career opportunities, and demand is high and growing for graduates with skills. The major supports the goals of those pursuing careers in academic research, teaching and health services. Sample employment venues include:

- departments of health
- government agencies
- international agencies (World Health Organization, Center for Disease Control, Global Health Council, World Bank, Inter-American Development Bank)
- nongovernmental organizations
- private sector
- universities

The degree also provides a broad intellectual base for those who plan advanced specialist health training in fields such as:

- dentistry
- medicine
- nursing
- pharmacy

In Arizona and elsewhere, there is a pressing need for professionals with appropriate skills to work in cross-cultural settings or with underserved populations (such as migrants, minorities and those living in poverty), and many of these jobs are directly or indirectly related to health.

## Global Studies, BA (LASGSBA)

**Campus:** Tempe

**Program Description:**

Global studies examines the causes and consequences of problems that cross national boundaries and the governance of these problems in social, cultural and economic contexts. The major aims to address real-world problems and their solutions. This mission is enabled by an internationally recognized faculty who have extensive global experience from a wide variety of disciplines in the social sciences, humanities and law. The global studies program uses teaching, research and public policy activities to address some of the most challenging issues that include:

- built environments
- economic and social development
- global cities and urbanization
- global governance of health and climate change
- justice and human rights
- religious identities, rights and conflicts
- world culture

Global studies faculty members orient their work toward solving global problems by drawing on expertise in diverse disciplines, including:

- anthropology
- economics
- geography
- history
- law
- planning
- political science
- sociology

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Political Science (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

## History, BA (LAHISBA)

**Campus:** Tempe, Online

**Program Description:**

The BA in history is an interdisciplinary degree that encourages students to explore the development of human society and the political, social, economic and cultural dynamics that influence today's complex world. Students develop a breadth and depth of understanding about today's complex world with course work that covers a wide range of geographic regions, including Africa, Asia, Europe, Latin America, the Middle East and the United States.

A bachelor's in history prepares students for successful careers in business, education and public service. Our graduates also find a distinct edge in pursuing a graduate degree in fields such as business, history, justice studies, law and public administration. Students choose a primary geographic concentration from:

- Asia
- Europe
- Latin America

- United States

Students considering the online campus bachelor's in history choose a primary concentration in either United States or world history.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with History (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-arts-history?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-arts-history?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Cochise College (<http://transfer.asu.edu/cochise>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Dine College (Dine College)

**Career Opportunities:**

History majors seek jobs in:

- archival research
- business and industry
- communications
- education
- foreign service
- law enforcement
- museums
- public administration
- social services

History is an excellent foundation for graduate and professional studies in:

- business
- history
- justice studies
- law
- medicine
- public administration
- public history

- theology

A high-quality record as a history major indicates to employers and admissions officers that the student has acquired a respectable degree of literacy. It also demonstrates the student has the ability to conduct research, assimilate material, read critically and evaluate conflicting interpretations of events.

## History (Secondary Education), BA (LAHISSEBA)

**Campus:** Tempe

**Program Description:**

The secondary education concentration within the BA in history offers a flexible degree for students who are considering a career in education. The concentration fully prepares students for teaching and certification. At the same time, the concentration provides all the disciplinary knowledge of a traditional history degree and prepares students for a variety of non-education careers. By developing strong critical reading, writing and research skills as well as skills in oral presentation, the concentration creates a solid foundation for graduate work in history, law or business.

**Additional Program Fee:** N

## Integrated Studies, BA (LAISTBA)

**Campus:** Tempe

**Program Description:**

The integrated studies program is a unique and highly focused individualized plan of study for students whose academic interests are not served by more traditional disciplinary pursuits. Developed for academically superior students whose interests lie beyond established departmental emphases and boundaries, the integrated studies program provides students the opportunity to work one-on-one with faculty mentors to create a personalized and individually tailored bachelor of arts plan.

Students who elect and are approved to develop an integrated studies major will pursue a focused and coherent course of study that draws its curricula from more than one academic department or college.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

Not available to freshmen. There is an additional application for this degree. Admissions consist of completion of 32 credit hours at ASU with a GPA of at least 3.25 and three letters of recommendation from ASU faculty members. For more information contact the assistant dean for academic affairs, Office of Student and Academic Programs, Fulton Center, Suite 110.

**Career Opportunities:**

The professional and vocational opportunities provided by the integrated studies major will depend on the area of concentration and the particular focus of study. The integrated studies major shares with all other liberal arts and sciences programs in the goal of developing students' analytical abilities and communication skills. The program combines breadth of learning across multiple disciplinary contexts with an appropriate depth in a focused area of inquiry. Integrated studies graduates are prepared to enter the work force or pursue graduate or professional studies at the completion of their undergraduate program.

## International Letters and Cultures, BA (LASLCBA)

**Campus:** Tempe

**Program Description:**

The BA in international letters and cultures is a degree grounded in the advanced study of at least one foreign language. It is more transcultural and transdisciplinary than a traditional languages and literature degree and is designed to encourage students to explore and challenge the traditional boundaries of cultures, texts and disciplines. Students work closely with faculty and advisors to choose a program that combines study and research in a minimum of two cultures or disciplines (or both).

Students must meet with an advisor in the School of International Letters and Cultures to discuss this degree option; it is not recommended for first year students.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional
- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional

- professor of language, literature and culture
- social services professional
- translator or interpreter
- travel professional

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

## International Letters and Cultures (Classical Civilization), BA (LASLCVBA)

**Campus:** Tempe

**Program Description:**

Classics is an interdisciplinary field that includes the study of the literature, art, history and philosophy of the ancient Greeks and Romans, subjects which fueled the Renaissance and have continued to provide an intellectual foundation for innovative and influential people ever since.

ASU's BA in international letters and cultures with a concentration in classical civilization provides a thorough grounding in the culture and history of the ancient Greeks or Romans while allowing students to satisfy their language requirement outside the classics. The degree begins with two cores: an introduction to ancient Greek and Roman literature (read in English translation) and knowledge of ancient history. With that basis, students are allowed to build a program to meet their needs and interests. Among the variety of topics students pursue are:

- the art and architecture of the ancient Egyptians, Greeks and Romans
- the archaeology of the ancient Mediterranean world
- ancient history, war, politics and economics
- the use of the classics in today's film, books and other media
- the thought of figures such as Plato, Aristotle and Lucretius
- the mythology and religious practices of the Greeks and Romans

In addition to the concentration in classical civilization, ASU also offers a classics concentration with a similar focus, but more emphasis on training in ancient languages. Students should consult their advisor and choose the concentration that best meets their needs.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
 Academic Catalog Archive 2015-2016

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

College graduates with a degree in classical civilization have the valuable experience of studying a culture very different from, and yet lying at the root of, the modern world. This gives them a perspective that serves them well in a variety of disciplines. Classical civilization graduates may consider careers in:

- business
- law
- public service
- teaching in K-12 schools
- writing and editing (fiction, journalism, technical writing)

Additional education may be required for some career fields.

**Contact Information:**

## International Letters and Cultures (Classics), BA (LASLCCBA)

**Campus:** Tempe

**Program Description:**

Classics is the study of the literature, art, history and philosophy of the ancient Greeks and Romans --- an interdisciplinary field that fueled the Renaissance and that has continued to provide an intellectual foundation for innovative and influential people ever since. ASU's BA in international letters and cultures with a concentration in classics begins with two cores: language skills in ancient Greek or Latin (or, if the student chooses, both) and knowledge of ancient history. With that basis, students are allowed to build a program to meet their needs and interests. Among the variety of topics students pursue are:

- ancient history, war, politics and economics
- literary classics such as Homer, Sophocles, Vergil and Ovid
- the archaeology of the ancient Mediterranean world
- the art and architecture of the ancient Egyptians, Greeks and Romans
- the mythology and religious practices of the Greeks and Romans
- the thought of figures such as Plato, Aristotle and Lucretius
- the use of the classics in today's film, books and other media

In addition to the concentration in classics, ASU also offers a classical civilization concentration with a similar focus but different language requirements. Students should consult their advisor and choose the concentration that best meets their needs.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

College graduates with a degree in the classics have developed skills in research and the precise use and analysis of language that will serve them well in a wide range of fields. The interdisciplinary study of a culture very different from, and yet lying at the root of, the modern world also fosters a student's ability to view issues from many angles and think critically about them. Classics graduates often find careers in:

- business
- Christian ministry
- law
- politics
- teaching Latin or Greek in K-12 schools
- university teaching (after graduate school)
- writing and editing (fiction, journalism, technical writing)

As many employers are well aware, a classics graduate has the training to solve difficult puzzles, to see through obscure language, and to conduct rigorous research on often ill-defined problems. These skills are prized in any field of endeavor.

## Italian, BA (LAITABA)

**Campus:** Tempe

**Program Description:**

The BA in Italian offers students an opportunity to study the literature and culture of Italy while gaining a respectable measure of competence in reading, writing, oral and aural skills in the Italian language. Students broaden their knowledge by completing a number of related courses on topics such as:

- art
- government
- Italian history
- religion

Faculty-directed summer programs in Italy are available for students who wish to study the language and culture while living in the country. Study abroad programs in various cities in Italy are also available during the academic year. More information on study abroad opportunities may be found at <https://international.clas.asu.edu/study-abroad/summer-programs> (<https://international.clas.asu.edu/study-abroad/summer-programs>).

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Language-intensive careers include:

- foreign correspondent or media professional

- foreign service officer
- health professional
- intelligence officer
- international banking and finance professional
- international businessperson
- language teacher
- law and immigration professional
- multilingual administrative professional
- NGO professional
- professor of language, literature and culture
- social services professional
- travel professional
- translator or interpreter

Career fields and occupations using languages include:

- advertising, marketing or communications professional
- airline employee
- hospitality industry professional
- international education and study abroad administrator
- international law
- member of the military
- ministry

Additional education and certification may be required for some career paths.

## Jewish Studies, BA (LAJSTBA)

**Campus:** Tempe

**Program Description:**

The BA in Jewish studies offers an interdisciplinary, cross-cultural program of study in the humanities that examines ethical, religious and spiritual values while exploring a range of philosophical and political viewpoints. The major focuses on the study of Judaism, defined as the civilization of the Jews. It considers Jewish history and modern life, enhances the student's understanding of Jewish contributions to Western civilization, and facilitates enhanced cultural awareness and global perspective. As with other degrees in the humanities, a bachelor's in Jewish studies can provide a balance to studies in contemporary science and technology.

Students are to choose a thematic concentration from:

- history and society
- literature and culture
- religion and thought

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Students who receive a bachelor's in Jewish studies and pursue a career with one of the hundreds of U.S. companies that do business in Israel will have a competitive edge because of their familiarity with the Hebrew language and Jewish culture. Jewish studies graduates are also prepared to:

- attend rabbinical seminary in preparation for becoming a community rabbi or chaplain
- engage in world political and economic issues
- pursue advanced education in Jewish professional service fields
- pursue advanced degrees related to their area of interest in fields that may include:
  - archaeology
  - creative writing
  - ethics
  - film and media
  - history
  - journalism
  - justice studies
  - law
  - philosophy
  - political science
  - religious studies

## Justice Studies, BA (LAJUSBA)

**Campus:** Tempe

**Program Description:**

Justice studies is an innovative social science program examining current social justice issues --- such as human rights, domestic violence and immigration --- against a backdrop of legal systems, law and culture. The BA program equips students with a dynamic knowledge of the world's justice systems and gives them the skills to create meaningful, real-world change.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Justice Studies (MS)

Science and Technology Policy, MSTP

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

### **Career Opportunities:**

Many graduates go on to law school, graduate school or other professional degree programs. Students emerge from this program with the knowledge and skills designed to bring social justice concerns to their professional careers. Our graduates work in a variety of fields, including:

- human welfare and social work
- lawyers and law enforcement
- nongovernmental organizations
- other public service

## **Justice Studies, BS (LAJUSBS)**

**Campus:** Tempe, Online

### **Program Description:**

Justice studies is an innovative social science program examining current social justice issues, such as human rights, domestic violence and immigration, against a backdrop of legal systems, law and culture. The BS degree program equips students with a dynamic knowledge of the world's justice systems and gives them the skills to create meaningful, real-world change emphasizing quantitative skills. Students learn about statistics and research methods to understand social justice issues in diverse settings.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### **Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Justice Studies (MS)

Science and Technology Policy, MSTP

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### **Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-justice-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-justice-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

## Mathematics, BA (LAMATBA)

**Campus:** Tempe

**Program Description:**

The BA in mathematics is a broad, skills-based degree with applications in many career fields. This program provides a general background in mathematics, which leads to improved critical thinking and problem-solving skills. Mathematics is a crucial component in many disciplines such as engineering, life sciences, business, economics and social sciences. The BA requires six fewer credit hours within the major than the BS. However, unlike the BS, the BA program has a foreign language requirement.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)  
Arizona Western College (<http://transfer.asu.edu/az-western>)  
Central Arizona College (<http://transfer.asu.edu/central-az>)  
Cochise College (<http://transfer.asu.edu/cochise>)  
Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

**Career Opportunities:**

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job opportunities. Employment for math majors can be found in virtually every area, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering

- government (consultant, federal and state organizations)
- medicine

Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers/> (<http://www.maa.org/careers/>).

Graduates with a bachelor's in mathematics often pursue a master's degree in more applied fields. Graduates can also become certified to teach mathematics in secondary education.

**Mathematics, BS (LAMATBS)**

**Campus:** Tempe

**Program Description:**

The BS in mathematics provides students with breadth and depth in advanced mathematics. Students completing this program will learn both theoretical and applied mathematical concepts, which lead to enhanced critical-thinking and problem-solving skills. Mathematics is a crucial component in many disciplines, including the natural sciences, engineering, humanities, business and social sciences. The BS includes more analytical and advanced courses than the BA. Many BS majors are dual majors in a related applied field such as physics, computer science, philosophy, economics, finance or psychology.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Mathematics (MA)  
 Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:  
 All students are required to meet general university admission requirements.  
 Freshman (<https://students.asu.edu/freshman/requirements>)  
 Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

## Mathematics (Secondary Education), BS (LAMATSBS)

**Campus:** Tempe

**Program Description:**

The BS in mathematics with a concentration in secondary education focuses on the mathematics that secondary education teachers need as background for their own understanding as well as the methods they will be using to teach high school students. Students graduating with this concentration will have the recommendation from the Mary Lou Fulton Teachers College to the State of Arizona for high school mathematics certification. This bachelor's degree is also a solid foundation for students who wish to pursue a graduate degree in mathematics.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for these job opportunities. Employment for math majors can be found in virtually every area, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

Career profiles for those majoring in mathematics are listed on the Mathematical Association of America website at <http://www.maa.org/careers> (<http://www.maa.org/careers>). This bachelor's degree is especially advantageous for competitive high school teaching positions or for those who plan to pursue a master's or doctorate in mathematics or related fields.

**Contact Information:**

## Mathematics (Statistics), BS (LAMATTBS)

**Campus:** Tempe

### Program Description:

The BS in mathematics with a concentration in statistics focuses on course work related to the statistical analysis of data and the evaluation of probabilistic models based on these data. Such models are heavily used in the banking and insurance industries, but also increasingly in engineering fields where the effects of noise sometimes play a critical role in the behavior of a model. Many students in the statistics concentration are dual business or economics majors.

Mathematics is a crucial component in many disciplines where the need for quantification in the analysis of phenomena is strong, such as:

- business and economics
- engineering applications
- life sciences
- physics
- social sciences

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

Employment opportunities for math majors can be found in virtually all sectors of industry, including:

- academia (high school or college teacher, university professor)
- applied math (scientific computing)
- biotechnology
- business (actuary for banks or insurance companies, operations research)
- computer technology
- engineering
- government (consultant, federal and state organizations)
- medicine

A course of study in statistics is especially useful in technical positions in finance, insurance and business, as well as in fields where data analysis plays an important role, such as genomics.

Graduates also have the option of becoming certified to teach mathematics in public middle schools and high schools. Many careers require a command of quantitative methods, and persons qualified in mathematics hold a favorable edge in competition for job opportunities. Graduates with a bachelor's in mathematics often pursue a master's degree in more applied fields.

## Microbiology, BS (LAMICBS)

**Campus:** Tempe

### Program Description:

The BS in microbiology combines the study the branch of biology involving the smallest of living things (bacteria, fungi, algae, protozoa and viruses) and immunology (the study of all aspects of the immune system). Despite their small size, microbes are fundamental to life on Earth and compose the majority of all Earth's life forms. In addition to their essential contributions to the natural world, microbes have been model experimental subjects due to their impact on human health and ease of manipulation in the laboratory. A significant portion of medical research employs microbiological and immunological methods in order to examine basic genetic and biological phenomena.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

### Accelerated Degrees:

This degree is also offered as an accelerated degree with:

Biology (MS)

Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

The microbiology degree program places emphasis on understanding microorganisms and their interrelationships with other organisms in nature and on the influence of microorganisms in biomedicine and biotechnology. Students in the microbiology degree program will study not only the background and current findings in the field of microbiology but also acquire the critical thinking skills and the hands-on laboratory and field skills required to succeed in science. The major provides excellent training for premedical, pre dental, preveterinary and prepharmacy students as well as advanced study in microbiology and immunology.

The discipline of microbiology is diverse and the job opportunities for microbiologists are enormous. Graduates with a degree in microbiology have opportunities for employment in:

- government
- hospitals
- industrial laboratories (food, dairy, chemical, pharmaceutical, environmental and biotechnology companies)
- public health laboratories
- research laboratories

Many students are also suitably prepared for admission into graduate school and advanced study in these fields:

- dental
- medical
- pharmacy
- veterinary

### Contact Information:

Liberal Arts & Sciences, College of

School of Life Sciences

<https://sols.asu.edu/undergraduate/microbiology-bachelor-degree>

LSC 206

## Microbiology (Biomedical Sciences), BS (LAMICMBS)

**Campus:** Tempe

### Program Description:

The biomedical sciences concentration serves students in the microbiology BS degree program who aim to pursue careers in health professions, medical microbiology or other areas of biomedical research. The curriculum aligns with the scientific competencies recommended for premed students in a report of the American Medical Colleges and the Howard Hughes Medical Institute Committee and are also reflected in the 2015 changes to the MCAT. Course work includes many of the courses in the microbiology major, including chemistry, biochemistry, math and physics, but some microbiology courses have been replaced with cell biology, animal physiology and courses that relate to human biology and society. The concentration emphasizes core concepts, competencies and critical intellectual skills necessary to succeed in medical school or biomedical research. The course work that students need to prepare for the MCAT or medical school admission are included in the concentration.

**Additional Program Fee:** N

**Second Language Requirement:** N

**Program Math Intensity:** Moderate

### Accelerated Degrees:

This degree is also offered as an accelerated degree with Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

### Career Opportunities:

Upon completing the bachelor's in microbiology with a concentration in biomedical sciences, students will have completed the majority of prerequisite requirements and mastered many of the competencies valued by graduate programs in medical, dental and optometry fields or in programs which prepare students to be physician assistants or physical therapists. Additionally, graduates of this program will have a practical understanding of the process of science preparing them for a career in research. Students will have knowledge of foundational concepts in biological sciences, chemistry, physics and statistics as well as the ability to understand and apply core microbiology concepts. This will prepare students to enter research in a number of areas including, but not limited to, cellular biology, immunology, bacteriology and virology.

## Molecular Biosciences and Biotechnology, BS (LAMBBS)

**Campus:** Tempe

### Program Description:

The BS in molecular biosciences and biotechnology encompasses many of the cutting-edge disciplines in life sciences research. Biotechnology is an exciting, rapidly growing field with major applications in agriculture ("green" biotechnology leading to improved crops or production of vaccines in plants), health care ("red" biotechnology leading to better therapeutics, diagnostics and personalized medicine) and industry ("white" biotechnology leading to sustainable production of energy, enzymes and chemicals).

Our molecular biosciences and biotechnology degree program is differentiated from the other life sciences majors by its focus on the interface between molecular biology and biotechnology. This interface drives many of our major advancements in knowledge and in applied research and development, like the development of next-generation biomedical products or biofuels. Other hallmarks of this program are the focus on hands-on

research and the capstone course with both science and business or entrepreneurial components.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences

**Program Math Intensity:** Moderate

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Biochemistry (Medicinal Chemistry) (MS)

Biology (MS)

Molecular and Cellular Biology (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The molecular biosciences and biotechnology degree program provides excellent background and training for a growing number of careers that incorporate this innovative area of the molecular life sciences. Independent research and courses with classroom plus lab components result in a solid base of knowledge and practical expertise in biotechnology and the molecular biosciences, providing many options for further education or for entering the workforce. After graduation, many molecular biosciences and biotechnology students enter graduate programs in a molecular biosciences and biotechnology-related area. A number of students also enroll in medical school, other health-related professional programs or in other advanced programs. Students also have the knowledge and technical skills to enter the biotechnology workforce in an area matching their expertise and interest.

The molecular biosciences and biotechnology program has a faculty mentoring program which provides students with the opportunity to speak with faculty regarding career choices, selection and timeline of major courses and of independent research projects, and much more.

## Philosophy, BA (LAPHIBA)

**Campus:** Tempe, Online

**Program Description:**

The BA in philosophy teaches students how to think well, which in turn lays the foundation for personal and professional success. Philosophy students learn how to structure arguments, write precisely and clearly and communicate their ideas in an orderly, persuasive and unambiguous way. Many philosophical texts are complicated, and philosophy courses teach students how to read, comprehend and summarize conceptually difficult material. In short, studying philosophy trains one to be a better, clearer thinker. Course work includes the major subfields of philosophy such as metaphysics, epistemology and ethics as well as electives that connect philosophy to other areas of inquiry and that emphasize the social relevance of philosophy. Philosophy alumni are well-prepared for leadership roles in whatever path they take, whether it be in business, law, politics, medicine or education.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics  
**Program Math Intensity:** General

**Admission Requirements:**

## Philosophy (Morality, Politics and Law), BA (LAPHIMPBA)

**Campus:** Tempe, Online

**Program Description:**

The philosophy concentration in morality, politics and law combines the basic analytical approaches of philosophy with an emphasis on the moral questions that arise in political theory and law. The foundations of our political and legal systems are moral values, such as individual liberty, equality and justice. These are contested values, open to different understandings of their nature and implications. This concentration will explore the nature of morality, political theory, legal theory and the interconnections between them. The program draws from disciplines related to philosophy to enrich and enliven students' understanding of the intersections of morality, politics and law. This degree should be of special interest to students planning to pursue postgraduate work in law, policy or politics.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes.

**Career Opportunities:**

This program will provide graduates with career opportunities in law, policy-making and analysis, politics and intelligence work. For example, graduates may find employment with the State Department, the CIA or the Department of Justice.

## Physics, BA (LAPHYBA)

**Campus:** Tempe

**Program Description:**

Physics is concerned with the nature, structure and interactions of matter and radiation. The BA in physics provides a flexible and efficient option for students who are interested in a liberal arts degree with broad knowledge of physics. This degree program is ideal for students seeking to complete two degrees, with physics as the second degree. Students wishing to pursue a graduate degree in physics are advised to consider the BS in physics.

**Additional Program Fee:** Y

**Second Language Requirement:** Y

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Central Arizona College (<http://transfer.asu.edu/central-az>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Students graduating with a BA degree in physics may pursue such careers as:

- health physicist
- lawyer
- medical doctor (with additional premedical course work)
- patent attorney
- physical therapist
- radiation physicist
- research or lab assistant
- science policy analyst
- secondary science teacher
- technology support analyst

**Contact Information:**

## Physics, BS (LAPHYBS)

**Campus:** Tempe

### Program Description:

Physics is concerned with the nature, structure and interactions of matter and radiation. The BS degree in physics provides students a solid foundation in physical science and mathematics, which is also appropriate for further graduate study in physics, other sciences or engineering programs.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I

**Program Math Intensity:** Substantial

### Accelerated Degrees:

This degree is also offered as an accelerated degree with Nanoscience (PSM)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

### Career Opportunities:

The broad range of applicability of the principles of physics gives the physicist great flexibility in a choice of career or further education. About half of the graduates with a bachelor's degree in physics go on to graduate school in:

- astronomy
- engineering
- medicine
- physics

The other half go directly into employment in areas such as:

- education and business
- engineering
- materials science

### Contact Information:

Liberal Arts & Sciences, College of  
Department of Physics

## Physics (Secondary Education), BS (LAPHYSEBS)

**Campus:** Tempe

**Program Description:**

Physics is the cornerstone of STEM disciplines --- science, technology, engineering, and mathematics. At ASU and nationally, the production of new physics teachers is far below the need. The shortage of highly qualified physics teachers in every state is an ongoing problem. This degree concentration is designed to produce more and better qualified physics teachers.

The BS in physics with a concentration in secondary education provides rigorous training in physics and in education. Students who graduate from this program will be recommended by the Mary Lou Fulton Teachers College for certification by the State of Arizona.

**Additional Program Fee:** Y**Second Language Requirement:** N**First Required Math Course:** MAT 270 - Calculus w/Analytic Geometry I**Program Math Intensity:** Substantial**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)International (<https://students.asu.edu/international/future>)Readmission (<https://students.asu.edu/readmission>)**Career Opportunities:**

Students graduating with a bachelor's in physics with a concentration in secondary education will have tremendous opportunities for employment. With more than one million students in a state ranked seventh in the nation in population growth, the need for certified teachers in Arizona is self-evident. Physics is the core STEM (science, technology, engineering, and mathematics) subject, yet less than half of in-service physics teachers have degrees in physics. The need for qualified physics teachers is among the highest of all subject areas. During the last 15 years, ASU graduates have had their pick of teaching jobs around the valley and in the state. After student teaching in school districts in the greater Phoenix area or with one of the 22 Native American nations, students are often hired to teach in the same school where they completed their internship. As the predicted rate of population growth climbs and the number of teachers retiring increases, new teachers will continue to be in demand.

## Political Science, BA (LAPOSBA)

**Campus:** Tempe, Online**Program Description:**

Political science is the study of how citizens interact with their governments and how governments at all levels formulate policies to serve their citizens. The major offers a variety of courses and opportunities to study politics and policies at the local, national and global levels. The major aims to provide students with the tools and skills necessary to link theory with real-world problems and issues.

**Additional Program Fee:** N**Second Language Requirement:** Y**First Required Math Course:** MAT 142 - College Mathematics**Program Math Intensity:** General**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Political Science (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)

#### **Career Opportunities:**

Many of our graduates have found positions in the following:

- Arizona governor's office
- Federal Reserve
- foreign service
- judiciary branch of government
- local and national newspapers
- local, national and global nonprofit organizations
- local, state and national government
- multinational corporations

In addition, some of our graduates have gone on to the world's most prestigious graduate and professional schools. These students have found a range of employment opportunities in the fields of:

- communication
- education
- foreign service
- journalism
- law
- political science
- public service

**Psychology, BA (LAPGSBA)**

**Campus:** Tempe

**Program Description:**

Psychology is the study of behavior, emotions and the mental processes of individuals and groups, approached through a scientific methodology.

The BA in psychology focuses on appreciating and understanding the human condition from a scientific, psychological point of view. All psychology majors learn about statistics and research methods and use psychology content courses to develop skill sets in diverse settings, including the department's child development facilities or internships.

Students in the bachelor's program are exposed to theories and research addressing such fascinating topics as:

- How can people use social influence to increase compliance?
- How do children develop?
- How do people remember information over long periods of time?
- How do the mind and body react to stress?
- Which types of treatments are most effective for individuals who are depressed?

**Additional Program Fee:** Y**Second Language Requirement:** Y**First Required Math Course:** MAT 170 - Precalculus**Program Math Intensity:** Moderate**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Freshman admission requirements for this program are the same as the university's freshman admission requirements.

Transfer applicants must meet university transfer admission requirements and have successfully completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus. Transfer students should select an additional major when applying for admission. Related disciplines include: anthropology, biology, sociology, and philosophy.

Readmission applicants must meet university readmission requirements, ASU cumulative GPA of 2.00 or better and have completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus. Readmission students should select an additional major when applying for readmission. Related disciplines include: anthropology, biology, sociology, and philosophy (College of Liberal Arts and Sciences, Tempe campus) OR applied psychology (BS) - Polytechnic campus, psychology (BA/BS) - West campus.

Students with fewer than 45 hours who are not admissible to a Department of Psychology psychology major and who did not select a second major or are not admissible to their second major choice will be placed in the exploratory social/behavioral sciences program in the College of Letters and Sciences.

Students with more than 45 hours who are not admissible to a Department of Psychology psychology major and who did not select a second major or are not admissible to their second major choice will be contacted to select an appropriate major. Related disciplines include: anthropology, biology, sociology, and philosophy, (College of Liberal Arts and Sciences, Tempe campus) OR applied psychology (BS) - Polytechnic campus, psychology (BA/BS) - West campus.

Current ASU students who wish to change their current major to a Department of Psychology psychology major must have an ASU cumulative GPA of 2.00 or better and have completed the following courses (or their equivalents) with a grade of "C" or better: PSY 101 Introduction to Psychology, ENG 101 First-Year Composition, MAT 170 Precalculus.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Cochise College (<http://transfer.asu.edu/cochise>)

Dine College (Dine College)

Tohono O'odham Community College (Tohono O'odham Community College)

**Career Opportunities:**

The bachelor's in psychology is designed to prepare students to work in a variety of settings that provide opportunities to apply concepts and principles of psychology. This degree provides students the opportunity to develop a broad range of highly marketable skills, including analytical skills, writing and public speaking skills, as well as teamwork and leadership skills. These skills lead to many career opportunities or graduate degrees in academic or clinical psychology or in such fields as counseling, social work, family therapy and law.

## **Psychology (Psychological Science), BS (LAPGSPSBS)**

**Campus:** Tempe

#### **Program Description:**

The BS in psychology with a concentration in psychological science emphasizes critical thinking and analytic and quantitative skills involved in psychological research to prepare students for graduate study. Students take advanced course work in statistics and receive hands-on research experience by working with faculty members in the laboratory. Students are exposed to theories and research addressing such topics as:

- How can people use social influence to increase compliance?
- How do children develop?
- How do people remember information over long periods of time?
- How do the mind and body react to stress?
- Which types of treatments are most effective for individuals who are depressed?

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 251 - Calculus for Life Sciences Or MAT 270 Calculus with Analytical Geometry

**Program Math Intensity:** Substantial

#### **Admission Requirements:**

#### General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### Additional Requirements:

The BS in psychology with a concentration in psychological science is open to students who have:

- completed a BS in psychology critical courses (ENG 101, ENG 102, MAT 251 or MAT 270, PSY 101, PSY 230, PSY 290) with a "C" or better
- earned at least 45 credit hours
- earned at least an ASU 3.00 cumulative GPA

Students must maintain at least a 3.00 cumulative GPA from admittance through graduation.

#### Career Opportunities:

The bachelor's in psychology with a concentration in psychological science prepares students for graduate study in psychology in order to be researchers, teachers or clinicians. The program also leads to professional postgraduate programs in the fields of law and medicine.

## Religious Studies, BA (LARELBA)

**Campus:** Tempe, Online

#### Program Description:

Students in the BA in religious studies engage in the comparative, cross-cultural study of religions and cultures. Employing various disciplinary approaches, including the historical, sociological, anthropological and theological, the academic study of religion seeks to interpret, analyze and evaluate the nature and role of religion in the lives of individuals and societies.

The faculty of religious studies enjoy an excellent national reputation, and the program encourages undergraduate interaction with individual faculty.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-arts-religious-studies?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-arts-religious-studies?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### Career Opportunities:

A degree in religious studies provides a strong liberal arts background and excellent training in critical thinking and writing. Such a liberal education, which includes the development of basic intellectual skills, has become increasingly attractive to employers seeking to hire recent college graduates. Students with a degree in religious studies are also well positioned to pursue graduate studies and professional programs in such fields as:

- business
- divinity
- foreign service
- journalism
- law
- nonprofit management
- social work

## Russian, BA (LARUSBA)

**Campus:** Tempe

**Program Description:**

The BA in Russian offers students a unique opportunity to study the language, literature and culture of Russia. Russian is the fourth most spoken language in the world, after Chinese, English and Spanish, and it is the lingua franca of the former Soviet empire, with more than 300 million speakers worldwide. Students gain intermediate to advanced reading, writing, oral and aural Russian language skills.

The Russian language program cooperates with the Melikian Center for an interdisciplinary baccalaureate certificate in Russian, Eurasian and East European Studies (REEES) for students in agribusiness, anthropology, architecture, economics, geography, history, political science, religious studies, Russian, sociology and women's studies.

Students of Russian are encouraged to study abroad for a semester or year in Moscow or St. Petersburg or in Kazan on the new ASU exchange program in Russian Language and Translation.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

Since the fall of the Soviet Union in 1991, Russian remains a strategic, critical language, with government scholarships to study abroad, to do research and internships, and to find jobs in government agencies. Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities.

Career fields and occupations using languages include:

- administration of nongovernmental organizations
- advertising or marketing
- airlines
- cultural advisor
- diplomatic and foreign service agent

- domestic or international business
- film, television or multimedia
- foreign correspondent or journalist
- government intelligence
- hotel and resort management
- international banking
- international education and study abroad
- international law
- interpreting and translation
- medicine
- military
- ministry
- social work
- teaching and research

Additional education and certification may be required for some career paths.

## Sociology, BS (LASOCBS)

**Campus:** Tempe, Online

**Program Description:**

Sociology is the study of social life, social change and the social causes and consequences of human behavior. The BS in sociology trains students in written communication, computer skills, statistics and research methods. It offers a wide variety of substantive courses on contemporary social issues that range from crime to population trends and courses on social institutions such as the family, education and religion.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-sociology?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/degree-programs/undergraduate/bachelor-science-sociology?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Cochise College (<http://transfer.asu.edu/cochise>)

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

**Career Opportunities:**

An undergraduate degree in sociology provides excellent preparation for future graduate work in:

- law
- medicine and counseling
- social work
- sociological research

The degree also prepares undergraduates for direct entry into positions in:

- business
- government
- social service

## Spanish, BA (LASPABA)

**Campus:** Tempe, Online

**Program Description:**

Students in the BA in Spanish have the opportunity to gain oral, reading, speaking and written proficiency in the language. The Tempe campus program offers two study options: the Spanish linguistics track or the Spanish literature and culture track. A Spanish BA is also available for ASU Online students.

- The linguistics track provides an in-depth understanding of the Spanish language (syntax, morphology) and may include courses in translation (English to Spanish).
- The literature and culture track provides an in-depth understanding of the themes of Spanish, Latin American and Mexican American culture and literature and the contemporary issues throughout the Spanish-speaking world.
- The Spanish BA Online combines courses from both the linguistics track and the literature and culture track requirements.

Students majoring in Spanish may also work toward a professional certificate in Spanish-to-English translation.

Students are encouraged to contact a school advisor to discuss which option is best for them. ASU offers opportunities throughout the year to study in Spain, Mexico and other Spanish-speaking countries through study abroad and exchange programs. More information regarding study abroad opportunities is available at <https://international.clas.asu.edu/studyabroad> (<https://international.clas.asu.edu/studyabroad>).

**Additional Program Fee:** N

## **Transborder Chicana/o and Latina/o Studies (Media and Expressive Culture), BA (LATCLMBA)**

**Campus:** Tempe

**Program Description:**

The BA in transborder Chicana/o and Latina/o studies focuses on the experiences, culture, and socioeconomic status of Mexican-origin and Latina/o populations in the United States and in a transnational context. Students will also learn the history of the U.S.-Mexico border region and the impact Latinos have in various sectors.

In the media and expressive culture concentration, students will focus their study on the cultures of Latina/o communities in transborder and transnational contexts. Students will learn about the cultural diversity of Chicano, Mexican, Puerto Rican, Cuban, Dominican, Central American and other Latina/o populations in the United States by analyzing

- film

- history
- literature (novels, short stories, poetry)
- performance
- visual art (painting, photography)

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Journalism and Mass Communication, BA

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Concurrent degree admission requirements:

Freshman applicants must meet all of the following standards:

- 3.75 minimum ABOR GPA
- no English competency deficiencies
- 1040 SAT Reasoning or 22 ACT score

Transfer students must have a minimum cumulative GPA of 3.00 from a transfer institution.

ASU students:

ASU students who would like to change their majors to the concurrent program with journalism and mass communication must have at least a 3.00 cumulative GPA in 12 or more credit hours of ASU courses that can be used to satisfy the Cronkite School's non-elective General Studies requirements.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The media and expressive culture concentration equips students with analytical and communication skills vital to the pursuit of graduate work and various career paths including:

- business
- education (administration and teaching)
- film and media
- government
- international policy and law
- social work and nonprofit

- the arts

## Transborder Chicana/o and Latina/o Studies (Transborder Community Development and Health), BA (LATCLTBA)

**Campus:** Tempe

**Program Description:**

The BA in transborder Chicana/o and Latina/o studies focuses on the experiences, culture, and socioeconomic status of Mexican-origin and Latina/o populations in the United States and in a transnational context. Students will also learn the history of the U.S.-Mexico border region and the impact Latinos have in various sectors.

In the transborder community development and health concentration, students will focus their learning on the health inequalities and issues affecting Mexican-origin, Chicano/a and Latina/o communities. Students will also develop an understanding of the relationship between the places where people live, play, work, and heal and the impact they have on people's health and well-being. Overall, students will be able to design, implement and evaluate community based health programs.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Journalism and Mass Communication, BA

## Urban Planning, BSP (ARPUPBSP)

**Campus:** Tempe, Online

**Program Description:**

Urban planning is shaping the way our cities, states and communities operate, how people navigate the globe, and how cities are planned for success. Urban planners guide communities in making wise decisions about their use of land and resources. The BSP in the urban planning program offers students expertise in both the analysis and the synthesis of the physical, social, political and economic issues that shape urban and regional development. Students take courses that include:

- comprehensive planning, socioeconomic and environmental analysis
- computer and analytical methods
- planning law
- public policy formulation and administration

- site planning
- urban design

Planning includes:

- computer and research methods
- environmental impact assessment
- geographic information systems
- housing
- landscape architecture and urban design
- planning and zoning law
- public policy formulation and administration
- transportation
- urban and development economics
- utilities

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Urban and Environmental Planning (MUEP)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

## Women and Gender Studies, BA (LAWSTBA)

**Campus:** Tempe, Online

**Program Description:**

The BA in women and gender studies offers a comprehensive program of study that empowers students to make a difference in the world. Students learn to challenge conventional wisdom about gender and learn new ways of viewing the world through the study of:

- culture
- economics
- film
- history
- literature
- politics
- science

Internship and leadership opportunities allow students to pursue career goals in:

- business
- government
- nonprofit organizations

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Science and Technology Policy, MSTP

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

## Nursing and Health Innovation, College of

### Applied Science (Health Innovation), BAS (NUHCIBAS)

**Campus:** Downtown Phoenix, West

**Program Description:**

The BAS in applied science with a concentration in health innovation is designed for students with an AAS degree in allied health fields who want to lead transformative change in health through the creation of new products, processes and systems.

Students will integrate their current health care background with innovation and leadership education, reflecting on who they are as an innovator and a leader. Students will have the opportunity to examine current evidence-based practice and health care policy through a lens of innovation using an integrated systems perspective and begin to hone the skills necessary to be a leader of innovation in a health care context.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:**

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Students must have an Associate of Applied Science from a regionally accredited institution to be eligible for admission to BAS in applied science programs at Arizona State University.

**Career Opportunities:**

Students with health-related backgrounds who would like to learn more about innovation and leadership within health care organizations may be interested in the health innovation concentration. Students with an AAS in business or a related field may also have interest if they have employment experience in the health industry. Primary career opportunities include health care administrators and health care managers.

## Integrative Health, BS (NUIHLTBS)

**Campus:** Downtown Phoenix, West, Online

**Program Description:**

The BS in integrative health degree prepares students by providing a foundation in integrative health --- a holistic approach to health that focuses on the mind, body and spirit. Research and evidence-based information is emphasized as well as legal, ethical, historical and cultural foundations of integrative health care. This program advances innovative and interprofessional approaches to serve and support diverse populations. Integrative health care provides a broader perspective of treatment for the patient using approaches from allopathic and complementary medicine to elicit the best health outcomes.

**Additional Program Fee:** Y

## Nursing, BSN (NUNURDBSN)

**Campus:** Downtown Phoenix, The Gila Valley, Online

**Program Description:**

Through a curriculum centered upon evidence-based practice, clinical reasoning, innovation, interprofessional communication and information technology, the BSN program prepares students to provide high quality professional nursing care.

Traditional Prelicensure: The BSN may be earned through four different pathways.

In the traditional prelicensure clinical nursing program, students take prerequisite course work and then advance to the upper-division clinical

nursing program. The clinical program may be completed in a 16-month year-round schedule or a 24-month academic year schedule.

Students admitted directly into the program must meet continuing eligibility criteria to advance to the clinical program. Prenursing students apply for advancement to the clinical program, competing for any remaining spaces.

#### Postbaccalaureate:

The postbaccalaureate BSN is a pathway for students who have earned a bachelor's degree. After completing prerequisites, students apply for advancement to the 12-month clinical nursing program. Students are admitted to the postbaccalaureate annually in the spring semester.

#### Online RN to BSN program:

The online RN to BSN program is available to students who have earned an associate degree in nursing or a nursing diploma and are licensed RNs. This online program has four enrollment sessions per year and may be completed in as few as 16 to 24 months. Courses are 7.5 weeks. Assignments may include readings, papers, presentations, and practice experiences (clinical activities). The pathway program for students from Arizona community colleges provides additional benefits. All course work except the clinical practice activities are completed online. Students complete clinical practice activities in their geographic area.

#### Concurrent Enrollment Program

The ASU-Maricopa Concurrent Enrollment Program (CEP) pathway is available to select MaricopaNursing students. These students will be enrolled in the MaricopaNursing and ASU BSN programs concurrently. This pathway may be completed in five to six terms, including summer sessions.

The ASU and Eastern Arizona College partnership is a pathway that allows students to complete an associate degree in nursing at Eastern Arizona College, then pursue the ASU BSN on the EAC Thatcher campus. Visit <https://transfer.asu.edu/eac> (<https://transfer.asu.edu/eac>) for more information about ASU degrees offered at EAC Thatcher campus.

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

#### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### Additional Requirements:

The admission standards for majors in the College of Nursing and Health Innovation are higher than minimum university standards. Freshmen admission requirements: top 25% of high school class OR 3.30 GPA in ASU competency courses (based on 4.0 grading scale) AND either a 24 ACT combined score OR an 1100 SAT combined critical reading and math score.

Freshmen should select an additional major when applying for admission.

#### International English Language Proficiency:

- Minimum score of 540 (paper-based), 207 (computer-based), or 76 (internet-based) on the Test of English as a Foreign Language (TOEFL)
- Minimum overall band of 6.5 with no band below 5.5 on the International English Language Testing System (IELTS).

Students not admissible directly to the BSN Nursing will be placed into the BS Community Health.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

## Public Service and Community Solutions, College of

### Applied Science (Emergency Management), BAS (PPEMGBAS)

**Campus:** Downtown Phoenix

**Program Description:**

The BAS program is a flexible, 60-credit-hour degree designed specifically for students who have earned an AAS from a regionally accredited institution. The required capstone class provides experience to students through coordinated internships.

In cooperation with the Arizona Division of Emergency Management, ASU hosts and maintains Arizona's Alternate State Emergency Operations Center on the Polytechnic campus. This contextual learning laboratory is used for demonstrating practical applications of theory taught within the BAS curricula as well as providing a platform for conducting exercises and demonstration of emerging technologies in emergency management.

Students applying to this program must have completed an AAS from a regionally accredited institution. This program is not available to freshmen.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements: Students applying to this program must have completed an Associate of Applied Science degree from a regionally accredited institution. This program is not available for freshmen.

**Career Opportunities:**

The degree in emergency management opens the door to a challenging career as a professional emergency manager. The advancement of technology has created the potential for more devastating disasters than ever before. As a result, there is an increasing demand for emergency managers who have a solid foundation in scientific and technical disciplines as well as management skills.

## Community Advocacy and Social Policy, BA (PPCASPBA)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The BA in community advocacy and social policy focuses on advocacy strategies by exploring, analyzing and comparing social service systems and policies in-depth and from an empowerment perspective. Emphasis will be on examining the needs of individuals, families and communities that have been historically underserved. Policy analysis and social change will be critical themes in developing an advocacy knowledge base, as are the equally important themes of prevention and social well-being. Students complete courses in two core areas --- diversity and oppressed populations, and social issues and interventions.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Community Sports Management, BS (PPCSMBS)

**Campus:** Downtown Phoenix

**Program Description:**

The community sports management degree focuses on the many roles recreational and amateur sports play within a community as a mechanism to contribute to quality of life, domestically and abroad. Emphasis will be on the role of sports in youth development; the role of sports organizations and programs in community development; the impact of sports tourism and multisport events on community development; and the role of sports in delivery of nonprofit agency services. Both a program and a managerial emphasis will be targeted, with a focus on delivery of services across the lifespan. Some specific areas of opportunity include work with youth sports, adaptive sports, sports events, sports tourism and sports clubs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

Numerous opportunities are available in community sports. Community sports programs are part of many nonprofit organizations such as the Boys and Girls Clubs of America and the YMCA or YWCA. City parks and recreation programs include youth and adult sports, and clubs and organizations focused on youth sports are prevalent. Sports tourism organizations are part of many communities, many cities and nonprofit organizations offer sports events such as Special Olympics and youth sports tournaments (including international and multisport events) and adaptive or therapeutic sports programs such as Wounded Warriors and River Rampage. Though the focus of this program is not on professional sports management, there are employment opportunities with these organizations, such as event management and facility management.

## **Criminal Justice and Criminology, BS (PPCRIMJBS)**

**Campus:** Downtown Phoenix, Lake Havasu, Tucson, Yuma, Online

**Program Description:**

Please note: Students interested in completing the BS program in Tucson or Yuma are encouraged to complete a TAG program. Please see admission requirements below.

The criminology and criminal justice program is for students who want to understand the causes of crime, the role of criminal justice agencies in the control of crime, and the consequences of crime. They will learn sociological, psychological, biological and economic explanations for individual crime as well as differences in crime across neighborhoods, states, countries and over time. They will learn about the history, legal issues and current practices of crime control via police agencies, the court system, prisons, probation and parole.

These topics are delivered by top-ranking research faculty who offer students hands-on research opportunities and by experienced criminal justice professionals with intimate knowledge of the daily realities of crime and criminals. Students are encouraged to take advantage of internship opportunities in more than 200 agencies, study abroad programs, and flexible course scheduling offered in-person, online and across multiple campuses.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Criminal Justice (MA)

Criminology and Criminal Justice (MS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Tucson and Yuma Students: ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in criminology and criminal justice, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Science in criminal justice and criminology. Upon completion of the TAG, students will complete the remaining requirements for ASU's bachelor's program. Visit <https://transfer.asu.edu/> (<https://transfer.asu.edu/>) for more information about ASU degrees offered at local community colleges.

This program may also accept transfer credit in lieu of a TAG agreement. Please contact the department for details.

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

Coconino Community College (<http://transfer.asu.edu/coconino>)

Northland Pioneer College (<http://transfer.asu.edu/northland-pioneer>)

Pima Community College (<http://transfer.asu.edu/pima>)

### **Career Opportunities:**

Graduates of the criminology and criminal justice program find a strong job market in the public and private sectors. Employment opportunities exist in:

- bank fraud
- corrections
- courts
- domestic terrorism
- federal agencies
- homeland security
- law enforcement
- legal offices
- parole offices
- private security
- probation offices
- victim advocate agencies

Graduates may also pursue advanced degrees in law, criminology and criminal justice, and other social science disciplines.

## **Nonprofit Leadership and Management, BS (PPNLMBS)**

**Campus:** Downtown Phoenix

### **Program Description:**

Through the BS in nonprofit leadership and management program, students are empowered to become successful professionals who work to advance the quality of life in communities. The nonprofit sector in the United States is unique in form and function. This sector includes institutions and individuals situated between government, public, business and commerce sectors. It is this sector, with more than 1.6 million organizations in the U.S., that employs more people than the finance, insurance and real estate industries, combined.

Philanthropy (voluntary action for the public good) is a hallmark of the nonprofit sector as individuals give their time, money and know-how to causes about which they care. Students in the nonprofit leadership and management program learn about the nonprofit sector through curriculum instruction and field experience. The required internship component of the program leads students to professional opportunities within the nonprofit sector. Within the undergraduate degree requirements, students may also choose to pursue the National Certified Nonprofit Professional credential through ASU's affiliation with the Nonprofit Leadership Alliance (formerly American Humanics, Inc.). For more information, access the school's website.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident

tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Community Resources and Development (MS)

Community Resources and Development (Nonprofits and NGOs)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

**Career Opportunities:**

Depending on their interests, graduates seek work in various areas of the nonprofit sector. They find employment in diverse settings that include a wide range of missions, including arts and culture, environmental, health, youth development, etc. Some graduates work for local, grassroots, direct service nonprofits, for grant-making foundations, and many work in affiliates of well-known national organizations such as:

- American Red Cross
- America's Second Harvest
- Humane Society of the United States
- March of Dimes
- National Urban League
- United Way
- youth-serving entities such as Big Brothers Big Sisters, Boys and Girls Clubs, Boy Scouts of America, Girl Scouts of the USA, Camp Fire USA and the YMCA of the USA

Increasing opportunities in the nonprofit sector include careers across the spectrum of community issues such as the arts, environment, health care and others. Typical positions include roles as:

- field executives
- fund development directors
- program directors
- program officers for grant-making organizations
- volunteer program managers

## **Parks and Recreation Management, BS (PPPRMBS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BS in parks and recreation management provides an interdisciplinary education in the management of parks, protected areas, community-based recreation services and special-event management. The parks and recreation field emerged from the youth development, recreation and park movements of the late 19th century. Students learn to integrate the managerial, natural, and social sciences to make informed decisions for recreation service delivery.

The curriculum of classroom instruction and field experiences covers:

- communication
- history
- inclusive services
- management
- parks and recreation policy
- planning
- programming

The required internship component of the program allows students to gain practical experience in the parks and recreation professions. The bachelor's in parks and recreation management prepares students for professional positions in a variety of public, private and nonprofit organizations. The National Recreation and Park Association accredits this degree program. There are three areas of emphasis:

- community recreation services management
- natural resource recreation management
- special event management

Students interested in the BS in parks and recreation management may also be interested in the school's therapeutic recreation program. See the school website for details.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Community Resources and Development (MS)
- Community Resources and Development (Parks and Recreation Management)
- Community Resources and Development (Sustainable Communities)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

This degree program prepares students for professional positions in a variety of public, private and nonprofit organizations. Graduates are employed in a variety of settings in Arizona, nationally and abroad. Graduates find employment in such diverse settings as:

- armed forces recreation
- city park and recreation departments
- county and state park agencies

- federal natural resource agencies
- hospitals and care facilities
- nonprofit recreation programs
- private and commercial recreation facilities
- special event management
- sport venues
- youth agencies

In such settings, graduates design, develop and manage services that address the recreational needs of a particular clientele.

**Parks and Recreation Management (Therapeutic Recreation), BS (PPRMTRBS)**

**Campus:** Downtown Phoenix

**Program Description:**

The BS in parks and recreation management with a concentration in therapeutic recreation is the only program in Arizona that prepares students for national professional certification in therapeutic recreation. The program is designed for students who have an interest in providing therapeutic interventions and adaptive recreation services for individuals with social problems, illnesses and disabling conditions. The required internship component of the program allows students to gain practical experiences in the therapeutic recreation field. Students who choose this concentration are truly committed to improving people's lives and contributing to their communities.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

## Public Service and Public Policy, BS (PPPAFBS)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The BS in public service and public policy prepares students for work in government at all levels and nonprofit organizations, through comprehensive coverage of topics in public policy, public leadership and management, and urban studies.

Students discover the challenges of management and learn how to lead a public organization and understand the process of policy development. This program examines the public sector and addresses, in a practical way, the challenges facing the public. The program is unique because it enables students to study public service, policy and administration with a professional focus.

Students select one of the following concentration areas to supplement their core courses:

- American Indian studies
- business
- criminology
- emergency management
- health policy
- law and policy
- nonprofit leadership and management
- parks and recreation management
- public leadership and management
- public policy
- science and technology
- social services delivery
- sustainability
- urban studies

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with Public Administration (MPA) - Downtown Phoenix

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-public-service-and-public-policy?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-public-service-and-public-policy?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

**Career Opportunities:**

This degree provides students with the knowledge and skills to transform government and policy at all levels. The public service sector offers sustainable, exciting and fulfilling career options. Upon graduation, students will be empowered to use knowledge of the public sector as a catalyst to change the world. By understanding the challenges facing government and being well-versed in the development of multiple, useful and realistic solutions, students will contribute to the development of local, national and global communities.

A bachelor's in public service and public policy prepares students for entry- and mid-level supervisory and managerial positions in city, county, state and federal agencies. For those who already have work experience, the degree provides further opportunity for promotion.

## Public Service and Public Policy (American Indian Studies), BS (PPPAFAISBS)

**Campus:** Downtown Phoenix

**Program Description:**

The School of Public Affairs offers a concentration in American Indian studies as part of their BS in public service and public policy. This concentration emphasizes tribal sovereignty, cultural integrity and identity of the American Indian nations and peoples, creating a learning environment conducive to critical and creative thought.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The program is primarily focused on providing students with the knowledge and skills required for entry- and mid-level supervisory and managerial positions in the public sector, such as city, county, state and federal agencies, though they would successfully function in many other types of organizations as well. For those who already have work experience, the degree provides further opportunity for promotion.

The American Indian studies concentration provides students with more specialized knowledge about the policy implication of American Indian-related decisions and actions.

## Public Service and Public Policy (Business), BS (PPPAFBUBS)

**Campus:** Downtown Phoenix

**Program Description:**

The School of Public Affairs offers a concentration in business as part of their BS in public service and public policy. This concentration establishes a core business curriculum while allowing students the flexibility to pursue their passion, from entrepreneurial opportunities to working for a Fortune 500 company. Course work will teach lasting business concepts.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Public Service and Public Policy (Emergency Management and Homeland Security), BS (PPPAFEHBS)

**Campus:** Downtown Phoenix, Online

**Program Description:**

The School of Public Affairs offers a concentration in emergency management and homeland security as part of their BS in public service and public policy. This concentration provides students with the skills and knowledge to manage and assume positions of leadership within the field of emergency management and homeland security. Concepts of public policy and management are blended together with emergency management principles to enhance and foster critical thinking within the general field of study. More specifically, the program's focus provides the student with a comprehensive perspective which is critically important for today's and tomorrow's disaster managers.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here.

([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-public-service-and-public-policy-emergency?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-science-public-service-and-public-policy-emergency?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The program is primarily focused on providing students with the knowledge and skills required for entry- and mid-level supervisory and managerial positions in the public sector, such as city, county, state and federal agencies, though they would successfully function in many other types of organizations as well. For those who already have work experience, the degree provides further opportunity for promotion. In addition, the program prepares students for future graduate study in law, public policy and public administration. Retiring baby boomers plus increasing demand for public services have resulted in an increase in job opportunities for graduates in the public sector. The federal government is the nation's largest employer with nearly 2 million people employed across the country, nearly 85 percent of those jobs exist outside the Washington, D.C. area. The federal government is anticipated to hire tens of thousands of new employees for mission-critical positions in the next few years. Students with a preparation in academic areas related to public service will have an advantage in that market.

## Public Service and Public Policy (Health Policy), BS (PPPAFHPBS)

**Campus:** Downtown Phoenix

**Program Description:**

The School of Public Affairs offers a concentration in health policy as part of the BS in public service and public policy. This allows students to build a course of study that emphasizes their own areas of interest. The health care industry is continuing to be a major part of the U.S. and world economy. The concentration in health policy will provide students who have an interest in policy to focus on health-related issues and their policy implications. The courses in the concentration are offered by the School of Nutrition and Health Promotion and the School of Human Evolution and Social Change. All the courses are part of the college's regular degree offerings. Thus, students emerge from the program prepared to address policy issues in this substantive area with an understanding of the range of public service careers (including government, nonprofit and for-profit options), the economics of public affairs, the challenge of leadership in the public context, and the dynamics of administering public programs.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. ## Social Work, BSW (PPSWUSWU)

**Campus:** Downtown Phoenix, Tucson

### Program Description:

Please note: Students interested in completing the BSW program in Tucson are encouraged to complete a TAG agreement program. Please see admission requirements below.

Social work practitioners are committed to the enhancement of individual, family and group problem-solving capacities and the creation of a more nurturing, just and humane social environment. The undergraduate curriculum leads to a BSW. Juniors and seniors majoring in social work focus on social work courses in social policy and services, human behavior in the social environment, social work practice, research, and field instruction in community agencies. In addition, majors take elective courses in related areas.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** Y

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

### Admission Requirements:

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

Additional Requirements:

Tucson Students: ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in social work, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Social Work. Upon completion of the TAG, students will complete the remaining requirements for ASU's bachelor's program. Visit <https://transfer.asu.edu/> (<https://transfer.asu.edu/>) for more information about ASU degrees offered at local community colleges.

This program may also accept transfer credit in lieu of a TAG agreement. Please contact the School of Social Work for details.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

### Career Opportunities:

The program prepares students to be generalist social work practitioners, focusing on advocacy, referrals, case management and problem-solving functions with individuals, groups, families, organizations and the community.

Employment in social work is expected to increase commensurately with the needs of a growing and diverse population.

Social workers are employed in public and private agencies dealing with a wide variety of social issues, including:

- adoption
- aging
- AIDS
- child abuse
- corrections
- delinquency
- disability
- discrimination
- domestic violence
- family dysfunction

- foster care
- health
- homelessness
- mental health
- poverty
- school-related problems
- substance abuse
- teen pregnancy

Social work skills such as problem-solving, resource utilization, counseling, group work and community organization are also useful for positions with industry in employee relations and mediation.

## Tourism Development and Management, BS (PPTDMBS)

**Campus:** Downtown Phoenix

**Program Description:**

Through the BS in tourism development and management, students acquire the planning and management skills related to the growth and development of tourism throughout the world. The curriculum prepares students for employment across a wide variety of occupations in the rapidly expanding travel and tourism industry while taking full advantage of its strong connections with the professional tourism community in Phoenix.

The required internship component of the program allows students to gain practical experiences leading to professional positions in various travel, tourism and related fields. Exposure to the practices of heritage tourism, sustainable tourism, resort management, and meeting and convention planning prepares students for successful careers in the travel and tourism industry. While pursuing the bachelor's in tourism development and management, a student may also choose to complete a certificate in convention sales and meeting planning. Additionally, students have the opportunity to participate in a study abroad program.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

- Community Resources and Development (MS)
- Community Resources and Development (Sustainable Communities)
- Community Resources and Development (Tourism)
- Sustainable Tourism (MAS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

The travel and tourism industry is the largest employer in the world and the second largest in Arizona. Based upon interests, graduates can seek work in the public, nonprofit or private and commercial sectors. Graduates find employment in such diverse settings as resorts, meeting planning, convention and visitor bureaus, tour operations and commercial recreation businesses. In such settings, graduates design, develop and manage services that address the needs of a particular clientele. The metropolitan Phoenix area is a major hub of tourism in the southwestern U.S. and has experienced rapid growth in:

- business and corporate travel
- meetings and conventions
- resorts and hotels
- sports tourism
- state and national parks
- the air transportation sector
- the gaming and casino sectors

## Tourism Development and Management (Resort and Hotel Leadership), BS (PPTDMRBS)

**Campus:** Downtown Phoenix

**Program Description:**

The concentration in resort and hotel leadership will attract students and professionals who have interests in the diverse areas of knowledge needed within the accommodations sector, such as:

- career opportunities
- ecological, social and economic sustainability practices in the industry
- the interrelated functions within departments of the lodging, food and beverage industries
- management and leadership specifically for the accommodations sector
- meeting the expectations of hotel and resort guests

A concentration in resort and accommodations leadership will provide students an academic option to study in-depth the resort and accommodations system and gain knowledge of the importance of the business relationships between suppliers, intermediaries and vendors, guests, and the public and private sectors. The concentration will prepare students to serve our community by developing the skills, knowledge, techniques and capabilities needed for addressing major issues related to resorts and other tourism accommodations.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

Readmission (<https://students.asu.edu/readmission>)

**Career Opportunities:**

There are a variety of job opportunities for resort or hotel professionals, ranging from entry level as a management trainee to an assistant manager or manager in various departments, such as:

- catering and banquet manager
- convention sales manager
- front desk manager
- guest services manager
- rooms division manager
- sales and marketing manager

## Tourism Development and Management (Sustainable Tourism), BS (PPTDMSBS)

**Campus:** Downtown Phoenix

**Program Description:**

The tourism development and management major provides students with the theoretical understanding necessary to maneuver the complexities of one of the world's largest industries. A concentration in sustainable tourism allows majors to hone their understanding of the key concepts of sustainability and how these can be applied to tourism destinations and development. Students will learn the dominant theories and language that make up sustainability science and the skills necessary to measure, create and implement sustainability policies in tourism destinations, from the planning to the management stage of development. Students will take courses offered by the School of Sustainability in addition to courses in the School of Community Resources and Development, guaranteeing a strong foundation in the basic theories of the growing field of sustainability while applying these newfound skills to tourism development and management.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Community Resources and Development (MS)

Community Resources and Development (Sustainable Communities)

Community Resources and Development (Tourism)

Sustainable Tourism (MAS)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

The area of sustainable tourism is becoming increasingly important. Many tourism businesses are hiring sustainability coordinators; these businesses include hotels, airlines, convention and visitor bureaus and large attractions. Tour companies, such as those that implement ecotourism and volunteer tourism experiences, are especially interested in employees with a strong sustainable tourism background. Numerous sustainable tourism nonprofit organizations have emerged in recent years, and many government-related tourism organizations also hire those with a strong sustainability focus. Consulting opportunities are available to assist tourism businesses in developing sustainable practices as well.

## **Urban and Metropolitan Studies, BA (PPURBBA)**

**Campus:** Downtown Phoenix

#### **Program Description:**

Located in the heart of downtown Phoenix, the urban and metropolitan studies program is for students who have a yearning to study and understand urban theory in order to effectively address the challenges of rapid growth along with other contemporary urban issues.

Students discover what makes the city tick --- and the city is their classroom. They examine challenges and solutions by researching history, society, culture, economy and politics in order to understand urban theory. They use that knowledge to get involved in their communities, giving them an outlet through which they can experience practical ways of solving complex problems faced by metropolitan regions. Our students are invested in their neighborhoods. Many of them live and work downtown. In the urban and metropolitan studies program, they learn how to improve urban health and well-being, often training themselves to be the future leaders of our urban environments. Our students don't stop there; others focus on making a wide variety of other contributions to society, studying the role of arts and culture, business and property development, revitalization and community-building in the life of the region.

This major is eligible for the Western Undergraduate Exchange (WUE) program at the following location: Downtown Phoenix campus. Students from Western states who select this major and campus may be eligible for reduced nonresident tuition at a rate of 150 percent of Arizona resident tuition plus all applicable fees. See more information and eligibility requirements on the Western Undergraduate Exchange (WUE) program (<http://students.asu.edu/admission/wue>).

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

#### **Career Opportunities:**

The urban and metropolitan studies program prepares students for work in a wide range of fields. The interdisciplinary approach of the program allows graduates to successfully enter fields as diverse as urban management, revitalization, community development, urban sustainability and urban planning.

There are many careers and advanced degrees that may be pursued with a bachelor's degree in urban and metropolitan studies. Some of these

careers require additional graduate-level studies and professional experience. Students in the program are advised to explore their options with academic and career advisors to prepare an appropriate program of study and plan to participate in an internship that complements their long-term professional goals.

## Sustainability, School of

### Sustainability, BA (SUSUSTBA)

**Campus:** Tempe, Online

**Program Description:**

Students in ASU's School of Sustainability are rethinking and reinventing the future of a world at risk. The school's programs encourage experiential learning, study abroad, research with faculty, community engagement and leadership development. The knowledge and solutions that are created today will shape the quality of life for future generations.

The School of Sustainability offers two degrees in sustainability: a BA and a BS. Both programs introduce students to the concept of sustainability in the context of real-world problems and focus on developing practical solutions to some of the most pressing environmental, economic and social challenges of sustainability. The curriculum trains students to approach challenges with consideration of complex adaptive systems and resilience; interconnections and cascading effects between scales; management of tradeoffs; stakeholder engagement; future visioning and scenario typologies for transitioning social-ecological systems; and other cutting-edge frameworks.

The bachelor of arts is geared toward students interested in the social and human aspects of sustainability in global, regional and local contexts. Disciplinary perspectives included in the core courses of the degree tracks include anthropology, design, environmental economics, ethics, geography, philosophy of science, planning, political science, sociology, and other disciplines relevant to the sustainability of environmental resources and social institutions.

Students select from one of the four following tracks:

- international development and sustainability
- policy and governance in sustainable systems
- society and sustainability
- sustainable urban dynamics

Students in the School of Sustainability not only gain an understanding of the field of sustainability and strong problem-solving, systems-thinking, stakeholder engagement, and future scenario-building skills, they also develop strength in a more traditional discipline of their choice. They blend and apply these skills and streams of knowledge through required capstone experiences in the senior year. Capstone requirements consist of an internship with a sustainability-focused organization and a workshop, in which students work together as a team to develop solutions to real sustainability problems. Students graduate with a portfolio of accomplishments and skills.

**Additional Program Fee:** N

**Second Language Requirement:** Y

**First Required Math Course:** SOS 101 - Intro Appl Math Life & Soc Sci

**Program Math Intensity:** Moderate

**Concurrent Degrees:**

This degree is also offered as concurrent degree with Supply Chain Management, BS

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

The School of Sustainability has higher admission requirements. Applicants must select a second choice for their major on the application. Students who are not admitted to the School of Sustainability and who did not select a second major or are not admissible to the second major choice will be admitted to the exploratory social and behavioral sciences program within the College of Letters and Sciences. Students with more than 45 transfer hours who are not admissible to the College of Letters and Sciences will be contacted to select an appropriate major.

Freshman applicants must meet the following standards:

Have a minimum high school ABOR GPA of 3.30 AND

- a high school class rank in the top 15 percent of class OR
- an SAT combined score of 1140 or higher OR
- an ACT combined score of 25 or higher.
- No high school math competency deficiency.

Transfer students (with 12 or more transfer hours after high school graduation) are required to have a cumulative transfer GPA of 3.30 or higher.

ASU students who would like to change their major to sustainability are required to have a cumulative ASU GPA of 3.30 or higher (based on at least 12 credit hours).

**Attend Online:** ASU offers this program in a fully online format-no face-to-face sessions required. We offer six enrollment sessions throughout the year, and you learn in accelerated, 7.5-week classes. View the program description and request more information here. ([http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-sustainability?utm\\_source=asu&utm\\_medium=degree-search&utm\\_campaign=asu](http://asuonline.asu.edu/online-degree-programs/undergraduate/bachelor-arts-sustainability?utm_source=asu&utm_medium=degree-search&utm_campaign=asu))

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program. Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

#### **Career Opportunities:**

In addition to going on to graduate school, graduates of the program are qualified for well-paying positions in:

- consultancy
- government
- industry
- intergovernmental organizations
- international development
- management
- municipalities
- nongovernmental organizations or nonprofits
- policy-making
- regulatory agencies
- utilities

Recent interest in sustainability within business and government has created new employment opportunities (e.g., sustainability coordinators, directors and managers). Of alumni who have shared their experiences with the school, 96 percent are employed in sectors such as those listed above and four percent have gone on to a graduate program. Sustainability students offer employers and graduate programs an integrated approach to developing solutions to sustainability challenges. They understand the complexity of systems, have engaged in a range of knowledge and experience from different disciplinary perspectives, and understand the importance of planning for the future and how to engage stakeholders in that process. Graduates of the program are adaptable and prepared for a changing world.

## Teachers College, Mary Lou Fulton

### Early Childhood and Early Childhood Special Education, BAE (TEECSEBAE)

**Campus:** Tempe

**Program Description:**

The BAE for the early childhood and early childhood special education program prepares students for certification in both early childhood education (birth to age eight or grade three) and early childhood special education (birth to age eight or grade three).

This is a premier program taught by nationally renowned faculty members who emphasize community connectedness, technology integration, policy analysis and advocacy related to young children with or without disabilities or developmental delays.

The program teaches child development, best practices in early childhood education, and the skills to assess, monitor and report the progress of children with and without disabilities. It provides techniques and approaches to involve family members in the growth and development of the young child.

The early childhood and early childhood special education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships during their junior year which require one to two days per week in a classroom and student teaching which is a full-time, year-long apprenticeship known as their senior year residency. Teachers College faculty and highly qualified mentor teachers from our partner school districts and charter schools coach interns and student teachers during required preschool and K-3rd grade general education and special education clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

This program also offers a full structured English immersion (SEI) endorsement to work with English language learners and provides extensive experiences in integrating technology into teaching.

Graduates are recommended for teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics  
**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.  
Pima Community College (<http://transfer.asu.edu/pima>)  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

**Career Opportunities:**

There is a strong demand for early childhood special education teachers in Arizona. A high percentage of students from this program receive job offers during their senior year residency. Many graduates with a degree in early childhood special education hold leadership positions in Head Start, private nonprofit and private for-profit center-based programs and public school early childhood environments. Early childhood certification or endorsement is required for teaching kindergarten in Arizona.

## Education Exploratory, (TEEDUEXPL)

**Campus:** Polytechnic, Tempe, West

**Program Description:**

Students in the education exploratory track have the unique opportunity to explore different certification areas prior to selecting one of many majors within the Mary Lou Fulton Teachers College. Students on this track will be exposed to all programs and certification areas during the course TEL 101 The Teachers College Experience and through specific events scheduled throughout freshman year. Students will be able to make a more informed decision about the grade level or subject they want to teach while the exploratory track keeps them on track to graduate from any of the Bachelor of Arts in education programs. This track will not lead to a degree, and students will need to declare a major after completion of 30 credits.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.

## Educational Studies, BAE (EDSLSTBAE)

**Campus:** Polytechnic, Tempe, West, Online

**Program Description:**

The BAE for educational studies prepares students to work with children and youth outside of traditional classrooms.

Graduates earn a versatile degree that qualifies them for a variety of career paths working with nonprofit or government organizations, private educational or recreational settings, and as innovators, advocates and leaders with organizations that support the development of children, youth and adults. This degree also prepares undergraduate students for postgraduate degrees in education or education-related fields. The educational studies program does not lead to teacher certification.

The program provides a strong general foundation in education through research and discussion of current issues in education, educational psychology, human development and community-based educational opportunities. There are two delivery options for educational studies: face-to-face and online.

In the face-to-face option, the students select electives from the following areas:

- early childhood education
- educational technology
- environmental education
- games and impact
- physical activity and coaching

In the 100 percent online option, students are provided the opportunity to explore learning opportunities within their own community and to develop as leaders and advocates for children, youth or adults.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Accelerated Degrees:**

This degree is also offered as an accelerated degree with:

Educational Policy

Learning Sciences (MA)

Acceptance to the graduate program requires a separate application. Eligible students will be advised in their Junior and Senior years by their academic department to apply.

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

## Elementary Education, BAE (TEEDBAE)

**Campus:** Polytechnic, Tempe, West

**Program Description:**

This BAE program leads to elementary education certification in the state of Arizona (grades 1-8).

This program offers students a firm grounding in academic content with current research and best practices, accompanied by real-world classroom experiences. Faculty members in the program are nationally recognized in their field of expertise. This program also offers a full structured English immersion (SEI) endorsement to work with English language learners and provides extensive experiences in integrating technology into teaching.

The elementary education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships during their junior year, which require one day per week in grades 1-8 classrooms and student teaching which is a full-time, year-long apprenticeship known as their senior year residency. Teachers College faculty and highly qualified mentor teachers from our partner school districts and charter schools collaboratively coach interns and student teachers during required clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

Graduates are recommended for grades 1-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEP/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:  
All students are required to meet general university admission requirements.  
Freshman (<https://students.asu.edu/freshman/requirements>)  
Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)  
International (<https://students.asu.edu/international/future>)  
Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Central Arizona College (<http://transfer.asu.edu/central-az>)  
Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Pima Community College (<http://transfer.asu.edu/pima>)  
Arizona Western College (<http://transfer.asu.edu/az-western>)  
Coconino Community College (<http://transfer.asu.edu/coconino>)  
Cochise College (<http://transfer.asu.edu/cochise>)  
Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)  
Mohave Community College (<http://transfer.asu.edu/mohave>)  
Yavapai College (<http://transfer.asu.edu/yavapai>)

#### **Career Opportunities:**

There is a demand for highly qualified elementary teachers in Arizona. A high percentage of students from this program receive job offers during their student teaching. Many graduates with a degree in elementary education work in:

- charter schools
- nontraditional settings
- private school settings
- public elementary schools

## **Elementary Education (Bilingual Education and English as a Second Language), BAE (TEDLLBAE)**

**Campus:** Tempe

#### **Program Description:**

The BAE for elementary education, bilingual education and English as a second language program offers students a firm grounding in academic content with current research and best practices for English language learners, accompanied by real-world classroom experiences.

Students can expect to learn principles of first and second language acquisition, foundations of various program models, global awareness and diversity in families and communities in multicultural settings, as well as academic content areas including math, language arts, computer literacy and science with a specific focus on meeting the academic and linguistic needs of English language learners.

The elementary education, bilingual education and English as a second language teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships during the junior year which require one day per week in grades 1-8 classrooms and student teaching which is a full-time, year-long apprenticeship known as their senior year residency. Teachers College faculty and highly qualified mentor teachers from our partner school districts and charter schools collaboratively coach interns and student teachers during required clinical experiences with high concentrations of English language learners. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

The program requires six credit hours of a foreign language or its equivalent and enables students to work with second-language learners.

Graduates are recommended for grades 1-8 elementary teacher certification. Those desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEP/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona. In addition, students must complete six credit hours of a foreign language or equivalent and pass an appropriate language proficiency test to be eligible for the BLE endorsement.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

## Elementary Education (Science, Technology, Engineering and Mathematics), BAE (TEESTEMBAE)

**Campus:** Polytechnic

**Program Description:**

The BAE in elementary education with a STEM (science, technology, engineering and math) emphasis has course work that leads to an elementary education teaching certificate and highly qualified teaching status in middle school science or math. This program offers students a firm grounding in math and science content, with current research and best practices accompanied by real-world classroom experience in math and science classrooms. This program also offers a full structured English immersion (SEI) endorsement to work with English language learners and provides extensive experiences in integrating technology into teaching.

The elementary education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships during the junior year which require one day per week in grades 1-8 classrooms and student teaching which is a full-time, year-long apprenticeship known as the senior year residency. ## Secondary Education (Additional Arizona Locations), BAE (TESEDBAE)

**Campus:** The Gila Valley

**Program Description:**

Please note: This program is designed for students who complete a TAG program. It is offered at specific Arizona locations in partnership with community colleges. Please see the admission requirements below.

The BAE in secondary education program prepares educators to teach youth enrolled in grades 6-12. While teacher candidates develop a strong theoretical background in their specific content area, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle or high school students.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: biological sciences, chemistry, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

The secondary education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships which require one day per week and full-time student teaching in grades 6-12 classrooms. Teachers College faculty and highly qualified content area mentor teachers from partner schools and districts and charter schools collaboratively coach interns and student teachers during required clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 170 - Precalculus

**Program Math Intensity:** Moderate

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Additional Requirements:**

ASU has a pathway that allows students to complete the ASU Transfer Admission Guarantee in secondary education, a prescribed sequence of courses that meets the requirements for the community college's Associate of Arts degree and the lower-division requirements for the ASU Bachelor of Arts in Education in secondary education. Upon completion of the TAG, students will complete the remaining requirements for ASU's secondary education BAE at a local community college. Visit <https://transfer.asu.edu/> (<https://transfer.asu.edu/>) for more information about ASU degrees offered at local community colleges. Applicants must have completed the TAG agreement and earned an associate degree for acceptance to the bachelor's.

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

**Career Opportunities:**

Graduates from secondary education are recommended for certification in an approved area for grades seven through 12. The demand for well-prepared secondary teachers is strong, particularly in the areas of math and science. Job opportunities in a fast growing state such as Arizona are numerous. Graduates with a degree in secondary education work in:

- charter schools
- private school settings
- public schools

The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships which require one day per week and full-time student teaching in grades 6-12 classrooms. Teachers College faculty and highly qualified content area mentor teachers from partner schools and districts and charter schools collaboratively coach interns and student teachers during required clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEP/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona.

## Secondary Education (French), BAE (EDFREBAE)

**Campus:** Polytechnic, Tempe, West

### Program Description:

The BAE in secondary education program prepares educators to teach youth enrolled in grades 6-12. While teacher candidates develop a strong theoretical background in their specific content areas, the program focuses on developing the requisite teaching knowledge and abilities to successfully teach middle and high school students. This program also offers a full structured English immersion (SEI) endorsement to work with English language learners and provides extensive experiences in integrating technology into teaching.

In order to integrate teacher preparation with the secondary education requirements for an academic specialization, the college collaborates with academic departments across the university. The program offers the following secondary education certification areas: biological sciences, chemistry, earth and space sciences, economics, English, French, geography, German, history, Japanese, mathematics, physical education, physics, political science and Spanish.

The secondary education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in preK-12 classrooms. Teachers College students complete internships which require one day per week and full-time student teaching in grades 6-12 classrooms. Teachers College faculty and highly qualified content area mentor teachers from partner schools and districts and charter schools collaboratively coach interns and student teachers during required clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. ## Special Education and Elementary Education, BAE (TESPEBAE)

**Campus:** Polytechnic, Tempe, West

**Program Description:**

The BAE in special education and elementary education dual program leads to teacher certificates in K-12 cross-categorical special education and grades 1-8 elementary education. The dual certification program prepares students to work with typical children and youth and those with mild to moderate disabilities in inclusive settings. This program also offers a full structured English immersion (SEI) endorsement to work with English language learners and provides extensive experiences in integrating technology into teaching.

The dual program is designed to give preservice teachers foundational knowledge in academic content with current research and evidence-based practices in literacy, math, sciences, health and social studies; integration of technology into all areas; and real-world experience in classrooms through the iTeachAZ program.

The special education and elementary education teacher certification program is clinically embedded during the junior and senior year. The primary goal of all clinical experiences is to provide interns and student teachers with multiple opportunities to apply knowledge learned in course work to practice in PreK-12 classrooms. Teachers College students complete internships which require one day per week and full-time student teaching in K-12th grade special education and grades 1-8 general education classrooms. Teachers College faculty and highly qualified mentor teachers from our partner schools and districts collaboratively coach interns and student teachers during required clinical experiences. The only program of its kind in Arizona, iTeachAZ provides students with an opportunity to work directly with children and make an immediate impact on classroom achievement. This intensive hands-on clinical experience model of teacher preparation creates highly sought after graduates.

Because the general education classroom is a viable placement option for many students with mild and moderate learning and behavior disabilities, training special education teachers to collaborate is emphasized throughout the professional preparation sequence. Students receive additional training in interpersonal communication and problem-solving skills. They also learn adaptive techniques and assistive technologies that facilitate the successful integration of students with diverse learning needs into general education classrooms.

Graduates of the program desiring to teach in a public school must pass the appropriate Arizona Educator Exams (AEPA/NES) in both content area and professional knowledge to be certified to teach in the state of Arizona. Graduates will receive cross-categorical certification in special education for K-12 students with mild to moderate intellectual disabilities, emotional disorders, specific learning disabilities, orthopedic impairments, and other health impairments. They also receive an elementary certificate for teaching grades 1-8.

**Additional Program Fee:** N

**Second Language Requirement:** N

**First Required Math Course:** MAT 142 - College Mathematics

**Program Math Intensity:** General

**Admission Requirements:**

General University Admission Requirements:

All students are required to meet general university admission requirements.

Freshman (<https://students.asu.edu/freshman/requirements>)

Transfer (<https://transfer.asu.edu/index.php?q=transferrequirements>)

International (<https://students.asu.edu/international/future>)

Readmission (<https://students.asu.edu/readmission>)

**Transfer Agreements:** ASU has partnered with the following institutions to provide curriculum pathways for transfer to this ASU degree program.

Maricopa County Community College District (<http://transfer.asu.edu/maricopa>)

Arizona Western College (<http://transfer.asu.edu/az-western>)

Coconino Community College (<http://transfer.asu.edu/coconino>)

Cochise College (<http://transfer.asu.edu/cochise>)

Eastern Arizona College (<http://transfer.asu.edu/eastern-az>)

Mohave Community College (<http://transfer.asu.edu/mohave>)

Pima Community College (<http://transfer.asu.edu/pima>)

Yavapai College (<http://transfer.asu.edu/yavapai>)

Central Arizona College (<http://transfer.asu.edu/central-az>)

**Career Opportunities:**

National and state studies report the projected need in the next five to 10 years will be high for special education teachers. Graduates of the program will be eligible to teach in elementary education grades 1-8 and K-12 for the spectrum of high incidence disabilities:

- emotional disorders
- intellectual disabilities (mild or moderate)
- orthopedic impairments
- other health impairments
- specific learning disabilities

Graduates can teach in a variety of inclusive educational settings, including public, charter and private schools, as well as nontraditional settings (juvenile system, children's hospital, etc.).

	Term hours subtotal:		14		

Historical & Theoretical Arts Studies:  
Select 6 courses; 18 credits total; at least 12 upper division credits

In conjunction with Historical Studies with Asian/African/Native Am./Latin Am. Focus, coursework must be selected from all 4 disciplines: ARS, DCE, MHL, THE

AME 310: Media Literacies and Composition

ARA 202: Understanding Photographs

ARA 394: Museum Educators

ARA 498: Photography and Language (L)

ARS 101: Art from Prehistory Through Middle Ages (HU & H)

ARS 102: Art from Renaissance to Present (HU & H)

ARS 458: Critical Theories in the Visual Arts (HU)

ARS 494: Special Topics

ARS 498: Pro-Seminar (L)

ARS Upper Division Elective

ART 110: Drawing as Seeing and Thinking (HU)

DCE 201: Dance, Culture, and Global Contexts. (HU & G)

DCE 300: Moving Histories (HU)

Historical Studies with Asian/African/Native Am./Latin Am. Focus: Select 3 courses; 9 credits total; at least 6 upper division credits

In conjunction with Historical & Theoretical Arts Studies, coursework must be selected from all 4 disciplines: ARS, DCE, MHL, THE

ALA 100: Introduction to Environmental Design (HU & H & G)

ALA 102: Landscapes and Sustainability (HU & G)

APH 300: World Architecture I/Western Cultures (HU & H & G) or APH 313: History of Architecture I ((L or HU) & G & H)

APH 314: History of Architecture II ((L or HU) & G & H)

ARS 201: Art of Asia (HU & H & G)

ARS 202: Art of Africa, Oceania, and the Americas (HU & H & G) or ARS 302: Art/Africa, Oceania & Americas (HU & H & G)

ARS 362: Pre-Columbian Art I (HU)

ARS 465: Native Art of North America (HU & C & H)

ARS 466: Native American Art of the Southwest (HU & C & H)

Second Language (not American Sign Language): 16 credits

Sixteen hours in one language or demonstrated proficiency (through the 202 level or above).

Language proficiency is important due to the vast amount of arts research available in languages other than English.

DCE 301: Meaning in Motion (L or HU)	ARS 468: Art of the Arctic and Northwest Coast (HU & C & H)
FMP 250: Sex and Violence in Film and TV: Ethics Survey	ARS 469: Mexican Art (HU)
MHL 341: Music History I (HU)	ARS 472: Art of China (HU)
MHL 342: Music History II (HU)	ARS 473: Art of Japan (HU)
MHL 494: Special Topics	ARS 475: Chinese Painting (HU)
MHL Upper Division Elective	DCE 201: Dance, Culture, and Global Contexts. (HU & G)
MTC 125: Basic Music Theory	DCE 402: Ethnography of Dance Practices ((L or HU) & G)
MTC 221: Music Theory: 18th Century	DSC 101: Design Awareness (HU & G)
MTC 222: Music Theory: 19th Century	MHL 140: Music as Culture (HU & G)
MTC 223: Music Theory: 20th Century	MHL 344: Music in World Cultures (HU & G)
MUS 131: Bach to Bebop	MHL 466: North American Indian Music ((L or HU) & C)
THE 322: Theatre History and Culture (HU & H)	MUS 347: Jazz in America (HU & C)
THE 403: Independent Film (HU)	THE 404: World Cinema (G)
THE 405: Film: Great Performers and Directors (HU)	THE 422: Latina and Latino Theatre and Film (HU & C)
THE 424: Trends in Theatre for Youth	THE 423: African American Theatre (C)
THE 494: Special Topics	THE 426: Pre-Columbian Theatre of the Americas
THE Upper Division Elective	

Historical Related Studies: Select 2 courses; 6 upper division credits

Must include historical or theoretical courses in other disciplines: See potential prefixes below. Please contact your advisor for additional options.

### General University Requirements Legend

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Arts and Design (HU)
- Social-Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2015 - 2016 academic year.

# 2015 - 2016 Major Map

## Digital Culture (Film), BA

Herberger Institute for Design and the Arts

Study at: [Tempe campus](#)

HIDGCFBA

Term 1	0 - 16 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
 AME 101: ASU Digital Culture Experience			1	C	<ul style="list-style-type: none"> <li>• An SAT, ACT, Accuplacer, or TOEFL score determines placement into first-year composition courses.</li> <li>• ASU Math Placement Exam score determines placement in Mathematics course.</li> <li>• ASU 101 or College specific equivalent First Year Seminar required of all freshman students. Digital culture students complete AME 101 to fulfill this requirement.</li> <li>• AME 130 is offered in the fall only. Students who begin the Digital Culture program in a spring semester should take this course in their second term.</li> </ul>
 AME 111: Introduction to Digital Culture (CS)			3	C	
 AME 130: Prototyping Dreams			3	C	
FMP 201: Film: The Creative Process I (HU) OR FMP 250: Sex and Violence in Film and TV: Ethics Survey			3	C	
ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition			3	C	
MAT 210: Brief Calculus (MA)			3	C	
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
		Term hours subtotal:	16		

Term 2	17 - 31 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
 AME 230: Programming for the Media Arts			3	C	<ul style="list-style-type: none"> <li>• AME 230 and the AME Core Electives are offered in the spring only. Students who begin the Digital Culture program in a spring semester should take these courses in their first term.</li> </ul>
 Lower Division AME Core Elective			3	C	
ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition			3	C	
Social-Behavioral Sciences (SB) AND Cultural Diversity in the U.S. (C)			3		
Elective			3		
 Complete ENG 101 OR ENG 105 OR ENG 107 course(s).					
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
		Term hours subtotal:	15		

<b>Term 3</b>	32 - 47 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Digital Media - Media Arts & Design OR Digital Culture Studies			3	C	
THE OR THP OR FMP OR FMS Elective			3	C	
Humanities, Arts and Design (HU) AND Global Awareness (G)			3		
Natural Science - Quantitative (SQ) ( PHY 101 recommended)			4		
Social-Behavioral Sciences (SB)			3		
 Complete MAT 210 course.					
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
Complete First-Year Composition requirement.					
			Term hours subtotal:	16	
<b>Term 4</b>	48 - 63 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Digital Media - Media Arts & Design OR Digital Culture Studies			3	C	
Related Digital Culture Course			3	C	
Humanities, Arts and Design (HU) AND Historical Awareness (H)			3		
Literacy and Critical Inquiry (L)			3		
Natural Science - Quantitative (SQ) OR Natural Science - General (SG)			4		
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
			Term hours subtotal:	16	
<b>Term 5</b>	64 - 78 Credit Hours	Necessary course signified by 	Hours	Minimum Grade	Notes
 AME 385: Collaborative Projects and Research I			3	C	
FMP 300: Focus on Film			3	C	
Upper Division Digital Culture Studies			3	C	
Upper Division Digital Media - Media Arts & Design OR Upper Division Digital Culture Studies			3	C	
History/Theory Course			3	C	
Maintain 3.00 GPA in Digital Culture coursework.					
Minimum 2.50 GPA ASU Cumulative.					
			Term hours subtotal:	15	
<b>Term 6</b>	79 - 93 Credit Hours	Necessary course signified by 	Hours	Minimum Grade	Notes

★ AME 386: Collaborative Projects and Research II	3	C

### General University Requirements Legend

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Arts and Design (HU)
- Social-Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2015 - 2016 academic year.

# 2015 - 2016 Major Map

## Digital Culture (Interdisciplinary Arts and Performance), BA

Herberger Institute for Design and the Arts

Study at: [Tempe campus](#)

HIDCIAPBA

Term 1	0 - 16 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
	AME 101: ASU Digital Culture Experience		1	C	<ul style="list-style-type: none"> <li>• An SAT, ACT, Accuplacer, or TOEFL score determines placement into first-year composition courses.</li> <li>• ASU Math Placement Exam score determines placement in Mathematics course.</li> <li>• ASU 101 or College specific equivalent First Year Seminar required of all freshman students. Digital culture students complete AME 101 to fulfill this requirement.</li> <li>• AME 130 is offered in the fall only. Students who begin the Digital Culture program in a spring semester should take this course in their second term.</li> </ul>
	AME 111: Introduction to Digital Culture (CS)		3	C	
	AME 130: Prototyping Dreams		3	C	
	IAP 201: Introduction to Interdisciplinary Arts (HU) OR IAP 202: Perspectives on Interdisciplinary Arts and Performance		3	C	
	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	
	MAT 210: Brief Calculus (MA)		3	C	
	Maintain 3.00 GPA in Digital Culture coursework.				
	Minimum 2.50 GPA ASU Cumulative.				
	Term hours subtotal:		16		

Term 2	17 - 31 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
	AME 230: Programming for the Media Arts		3	C	<ul style="list-style-type: none"> <li>• AME 230 and the AME Core Electives are offered in the spring only. Students who begin the Digital Culture program in a spring semester should take these courses in their first term.</li> </ul>
	Lower Division AME Core Elective		3	C	
	Interdisciplinary Arts and Performance Concentration		3	C	
	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	
	Social-Behavioral Sciences (SB) AND Cultural Diversity in the U.S. (C)		3		
	Complete ENG 101 OR ENG 105 OR ENG 107 course(s).				
	Maintain 3.00 GPA in Digital Culture coursework.				
	Minimum 2.50 GPA ASU Cumulative.				
	Term hours subtotal:		15		

<b>Term 3</b>	32 - 47 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Interdisciplinary Arts and Performance Concentration			3	C	
History/Theory Course			3	C	
Natural Science - Quantitative (SQ) ( PHY 101 recommended)			4		
Humanities, Arts and Design (HU) AND Global Awareness (G)			3		
Social-Behavioral Sciences (SB)			3		
 Complete MAT 210 course(s).					
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
Complete First-Year Composition requirement.					
Term hours subtotal:			16		

<b>Term 4</b>	48 - 62 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Digital Media - Media Arts & Design OR Digital Culture Studies			3	C	
Interdisciplinary Arts and Performance Concentration			3	C	
Related Digital Culture Course			3	C	
Humanities, Arts and Design (HU) AND Historical Awareness (H)			3		
Literacy and Critical Inquiry (L)			3		
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
Term hours subtotal:			15		

<b>Term 5</b>	63 - 78 Credit Hours	Necessary course signified by 	Hours	Minimum Grade	Notes
 AME 385: Collaborative Projects and Research I			3	C	
IAP 304: Traditions of the Avant-Garde and Experimental Art (L or HU) OR IAP 305: 20th and 21st Century Art, Performance, and Media (L or HU)			3	C	
Upper Division Digital Media - Media Arts & Design OR Upper Division Digital Culture Studies			3	C	
Upper Division Interdisciplinary Arts and Performance Concentration			3	C	
Natural Science - Quantitative (SQ) or Natural Science - General (SG)			4		
Maintain 3.00 GPA in Digital Culture coursework.					
Minimum 2.50 GPA ASU Cumulative.					
Term hours subtotal:			16		

<b>Term 6</b>	79 - 93 Credit Hours	Necessary course signified by ★	<b>Hours</b>	<b>Grade</b>	<b>Notes</b>
★ AME 386: Collaborative Projects and Research II			3	C	
<i>Complete 2 courses:</i>					
Upper Division Interdisciplinary Arts and Performance Concentration			6	C	
Upper Division History/Theory Course			3	C	
Elective			3		
Maintain 3.00 GPA in Digital Culture coursework.					
Minimum 2.50 GPA ASU Cumulative.					
Term hours subtotal:			15		

<b>Term 7</b>	94 - 108 Credit Hours	Necessary course signified by ★	<b>Hours</b>	<b>Minimum Grade</b>	<b>Notes</b>
★ AME 485: Digital Culture Capstone I			3	C	
Upper Division Digital Culture Studies			3	C	
<i>Complete 2 courses:</i>					
Upper Division Interdisciplinary Arts and Performance Concentration			6	C	
Upper Division Related Digital Culture Course			3	C	
Maintain 3.00 GPA in Digital Culture coursework.					
Minimum 2.50 GPA ASU Cumulative.					
Term hours subtotal:			15		

<b>Term 8</b>	109 - 120 Credit Hours	Necessary course signified by ★	<b>Hours</b>	<b>Minimum Grade</b>	<b>Notes</b>

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Arts and Design (HU)
- Social-Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2015 - 2016 academic year.

# 2015 - 2016 Major Map

## Digital Culture (Music), BA

Herberger Institute for Design and the Arts

Study at: [Tempe campus](#)

HIDGCMBA

Term 1	0 - 16 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
	AME 101: ASU Digital Culture Experience		1	C	<ul style="list-style-type: none"> <li>• An SAT, ACT, Accuplacer, or TOEFL score determines placement into first-year composition courses.</li> <li>• ASU Math Placement Exam score determines placement in Mathematics course.</li> <li>• ASU 101 or College specific equivalent First Year Seminar required of all freshman students. Digital culture students complete AME 101 to fulfill this requirement.</li> <li>• AME 130 is offered in the fall only. Students who begin the Digital Culture program in a spring semester should take this course in their second term.</li> </ul>
	AME 111: Introduction to Digital Culture (CS)		3	C	
	AME 130: Prototyping Dreams		3	C	
	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	
	MAT 210: Brief Calculus (MA)		3	C	
	MUS 100: Fundamentals of Music Notation OR MTC 125: Basic Music Theory		3	C	
	Maintain 3.00 GPA in Digital Culture coursework.				
	Minimum 2.50 GPA ASU Cumulative.				
	Term hours subtotal:		16		

Term 2	17 - 31 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
	AME 230: Programming for the Media Arts		3	C	<ul style="list-style-type: none"> <li>• AME 230 and the AME Core Electives are offered in the spring only. Students who begin the Digital Culture program in a spring semester should take these courses in their first term.</li> </ul>
	Lower Division AME Core Elective		3	C	
	ENG 101 or ENG 102: First-Year Composition OR ENG 105: Advanced First-Year Composition OR ENG 107 or ENG 108: First-Year Composition		3	C	
	Social-Behavioral Sciences (SB) AND Cultural Diversity in the U.S. (C)		3		
	Elective		3		
	Complete ENG 101 OR ENG 105 OR ENG 107 course(s).				
	Maintain 3.00 GPA in Digital Culture coursework.				
	Minimum 2.50 GPA ASU Cumulative.				
	Term hours subtotal:		15		

<b>Term 3</b>	32 - 47 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Digital Media - Media Arts & Design OR Digital Culture Studies			3	C	
Music Production Elective			3	C	
Humanities, Arts and Design (HU) AND Global Awareness (G)			3		
Natural Science - Quantitative (SQ) ( PHY 101 recommended)			4		
Social-Behavioral Sciences (SB)			3		
 Complete MAT 210 course.					
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
Complete First-Year Composition requirement.					
			Term hours subtotal:	16	
<b>Term 4</b>	48 - 63 Credit Hours	Critical course signified by 	Hours	Minimum Grade	Notes
Digital Media - Media Arts & Design OR Digital Culture Studies			3	C	
MUS OR MUP OR MUE OR MTC Elective			3	C	
Humanities, Arts and Design (HU) AND Historical Awareness (H)			3		
Literacy and Critical Inquiry (L)			3		
Natural Science - Quantitative (SQ) or Natural Science - General (SG)			4		
 Maintain 3.00 GPA in Digital Culture coursework.					
 Minimum 2.50 GPA ASU Cumulative.					
			Term hours subtotal:	16	
<b>Term 5</b>	64 - 78 Credit Hours	Necessary course signified by 	Hours	Minimum Grade	Notes
 AME 385: Collaborative Projects and Research I			3	C	
Upper Division Digital Culture Studies			3	C	
Upper Division Digital Media - Media Arts & Design OR Upper Division Digital Culture Studies			3	C	
History/Theory Course			3	C	
Related Digital Culture Course			3	C	
Maintain 3.00 GPA in Digital Culture coursework.					
Minimum 2.50 GPA ASU Cumulative.					
			Term hours subtotal:	15	
<b>Term 6</b>	79 - 92 Credit Hours	Necessary course signified by 	Hours	Minimum Grade	Notes

★ AME 386: Collaborative Projects and Research II	3	C
MTC 436: Electronic Studio Techniques I OR MTC 437: Electronic Studio Techniques II OR MUE 441: Psychology of Music OR MUP 319: Advanced Audio Engineering in the Arts	2-3	C
Upper Division Digital Culture Studies	3	C
Upper Division History/Theory Course	3	C
Upper Division Literacy and Critical Inquiry (L)	3	
Maintain 3.00 GPA in Digital Culture coursework.		
Minimum 2.50 GPA ASU Cumulative.		
Term hours subtotal:	14-15	

- If you take MTC 436, MTC 437, or MUP 319 (2 credits each) in this term, you will need to complete one additional hour (or 4 hours total) of MUS OR MUP OR MUE OR MTC Upper Division Elective in term 8.

Term 7	93 - 107 Credit Hours	Necessary course signified by ★	Hours	Minimum Grade	Notes
--------	-----------------------	---------------------------------	-------	---------------	-------

★ AME 485: Digital Culture Capstone I	3	C
MUS 354: Beatles (HU) OR MUS 354: Classic Rock: 1950-1975 (HU) OR MUS 354: Elvis (HU) OR MUS 354: Popular Music (HU) OR MUS 354: Rock Since 1975 (HU) OR MUS 362: Rap Music and Hip Hop Culture (HU & C)	3	C
Upper Division Digital Culture Studies	3	C
Upper Division Related Digital Culture Course	3	C
Elective	3	
Maintain 3.00 GPA in Digital Culture coursework.		
Minimum 2.50 GPA ASU Cumulative.		
Term hours subtotal:	15	

Term 8	108 - 120 Credit Hours	Necessary course signified by ★	Hours	Minimum Grade	Notes
--------	------------------------	---------------------------------	-------	---------------	-------

★ AME 486: Digital Culture Capstone II	3	C
Upper Division Digital Culture Studies	3	C
Upper Division Digital Media - Media Engineering	3	C
MUS OR MUP OR MUE OR MTC Upper Division Elective	4-3	C
Maintain 3.00 GPA in Digital Culture coursework.		
Minimum 2.50 GPA ASU Cumulative.		
Term hours subtotal:	13-12	

- If you took MTC 436, MUP 319 or MTC 437 in term 6, you will need to complete one additional hour (or 4 hours total) of MUS OR MUP OR MUE OR MTC Upper Division Elective in term 8.

Minimum 2.00 GPA ASU Cumulative.					
Term hours subtotal:			15		

<b>Term 8</b>	109 - 120 Credit Hours	Necessary course signified by ★	Hours	Minimum Grade	Notes
★ EDS 402: Environmental Design Synthesis II			3	C	
Upper Division Main Focus Area Elective			3	C	
Complete 2 courses: Elective			6		
Minimum 2.00 GPA ASU Cumulative.					
Term hours subtotal:			12		

- For focus area elective course options, please refer to course lists. There are three focus areas for you to choose from: Sustainability in Environmental Design; Innovation, Technology and Design Studies; and Histories and Theories of Design. This includes 21 credit hours in the main focus area; 6 credit hours in each of the other two areas of focus, or the secondary focus areas.

Design Culture and Literacy Course List I	Design Fundamentals and Principles I Course List (choose 1 course; 3 hours)	Design Fundamentals and Principles II Course List (choose 1 course; 3-4 hours)
ALA 100: Introduction to Environmental Design (HU & H & G)	ALA 121: Design Fundamentals I	ALA 122: Design Fundamentals II AND ALA 124: Design Fundamentals II Lecture
ALA 102: Landscapes and Sustainability (HU & G)	GRA 121: Principles for Graphic Design I	EDS 223: Design Thinking
DSC 101: Design Awareness (HU & G)	IND 120: Drawing for Industrial Design	GRA 122: Principles for Graphic Design II
	INT 120: Design Drawing and Media	

GRA 101: Designing Life

GRA 111: Graphic Design History I (HU)

IND 121: Principles for Industrial Design I  
AND IND 122: Principles for Industrial Design II

INT 221: Principles of Design AND INT 222: Principles of Design Lecture

Design Culture and Literacy II Course List

ALA 100: Introduction to Environmental Design (HU & H & G)

ALA 102: Landscapes and Sustainability (HU & G)

DSC 101: Design Awareness (HU & G)

GRA 112: Graphic Design History II

INT 123: Introduction to Computer-Aided Design and Building Information Modeling

Innovation, Technology and Design Strategies Focus. Select 21 credit hours in the main focus area; 6 credit hours in each of the other two areas of focus.

AAD 484: Internship

AAD 552: Architectural Management II

ALA 102: Landscapes and Sustainability (HU & G)

ALA 122: Design Fundamentals II

ALA 124: Design Fundamentals II Lecture

ALA 235: Introduction to Computer Modeling (CS)

ALA 240: Sustainable Design in Built Environment

ADE 242: Introduction to Building Systems

AME 112: Computational Thinking for Digital Culture

ANP 394: Digital Design and Culture , Digital Modeling and Fabrication

ANP 494: Advanced Computer Modeling , Design by Algorithm , Designing Hybrid Spaces

ATE 361: Building Structures I

ATE 362: Building Structures II

ATE 451: Building Systems I

ATE 452: Building Systems II

CON 101: Construction and Culture: a Built Environment (HU & H & G)

CON 294: Deductive Logic, Leadership/Management Techniques

CON 494: Facilities Management Operations and Maintenance , Facilities Project Management , Facility Management Building Energy Management

DSC 394: Digital Modeling

GRA 294: Dynamic Visual Representation , Illustrator , InDesign

Histories and Theories of Design Focus. Select 21 credit hours in the main focus area; 6 credit hours in each of the other two areas of focus.

ALA 102: Landscapes and Sustainability (HU & G)

APH 212: Culture of Place (HU)

APH 305: Contemporary Architecture (HU & H)

APH 313: History of Architecture I ((L or HU) & G & H)

APH 314: History of Architecture II ((L or HU) & G & H)

APH 414: History of the City ((L or HU) & H)

APH 421: First Concepts: What is... The Writing, Philosophy, and Culture of Architecture (L or HU)

GRA 101: Designing Life

GRA 111: Graphic Design History I (HU)

GRA 112: Graphic Design History II

GRA 225: Communication/Interaction Design Theory

GRA 440: Finding Purpose

IND 316: 20th-Century Design I (HU & H)

IND 317: 20th-Century Design II (HU & H)

INT 111: Interior Design Issues and Theories (HU)

INT 131: Design and Human Behavior (SB)

INT 310: History of Interior Design I (HU & H)

INT 311: History of Interior Design II (HU & H)

INT 412: History of Decorative Arts in Interiors (HU)

INT 413: History of Textiles in Interior Design

GRA 345: Design Rhetoric (L)

INT 415: Latin American Design

GRA 440: Finding Purpose

IND 121: Principles for Industrial Design I

IND 242: Materials and Design

IND 344: Human Factors in Design

INT 120: Design Drawing and Media

INT 121: Introduction to Computer Modeling for Interior Design (CS)

INT 123: Introduction to Computer-Aided Design and Building Information Modeling

INT 131: Design and Human Behavior (SB)

INT 253: Interior Materials, Finishes, and Specifications

INT 341: Interior Codes: Public Welfare and Safety

INT 351: Ambient Environment

INT 352: Construction Methods in Interior Design

INT 471: Facilities Management

INT 472: Professional Practice for Interior Design

Sustainability in Environmental Design Focus. Select 21 credit hours in the main focus area; 6 credit hours in each of the other two areas of focus.

ALA 102: Landscapes and Sustainability (HU & G)

ALA 240: Sustainable Design in Built Environment

APH 414: History of the City ((L or HU) & H)

ATE 451: Building Systems I

ATE 452: Building Systems II

SOS 100: Introduction to Sustainability (G)

SOS 111: Sustainable Cities ((HU or SB) & G)

SOS 181: Technological, Social, and Sustainable Systems (HU)

SOS 320: Society and Sustainability (L or SB)

SOS 323: Sustainable Urban Dynamics

SOS 324: Sustainable Energy, Materials,  
and Technology

---

SOS 325: The Economics of Sustainability

---

URB 220: Introduction to Urban America

#### Upper Division Technical Electives

AEE 426: Design of Aerospace Structures

AEE 465: Rocket Propulsion

AEE 466: Rotary Wing Aerodynamics and Performance

AEE 471: Computational Fluid Dynamics

MAE 341: Mechanism Analysis and Design

MAE 372: Fluid Mechanics

MAE 417: Control System Design

MAE 455: Polymers and Composites

MAE 494: Special Topics or MSE 494: Special Topics  
Special Topics or CHE 494: Special Topics

MEE 323: Computer-Aided Engineering II

MEE 340: Thermofluids II

MEE 434: Internal Combustion Engines

MEE 482: Thermodynamics

Students may choose no more than one course from the following:

AST 321: Introduction to Planetary and Stellar Astrophysics (SQ)

AST 322: Introduction to Galactic and Extragalactic Astrophysics (SQ)

EEE 304: Signals and Systems II

EEE 334: Circuits II

EEE 350: Random Signal Analysis

FSE 301: Entrepreneurship for Engineers

IEE 300: Economic Analysis for Engineers

MAT 362: Advanced Mathematics for Engineers and Scientists or higher level MAT

PHY 310: Classical Particles, Fields, and Matter I or higher level PHY

SES 311: Essentials of Astrobiology: Exploration for Life in the Universe

SES 350: Engineering Systems and Experimental Problem Solving

SES 405: Exploration Systems Engineering

SES 410: Senior Exploration Project I

By approval only:

MAE 484: Internship

\*Students may be allowed by instructor consent to take these courses without have the pre-requisites fulfilled. Courses not listed here require a department petition form. To take any 494 class, please check with your advisor first. MAE 484/492/493/498/499 can only use max of 3 credits towards TE requirements.

<i>Complete 2 courses:</i> 4** CSE Technical Elective			6	C	
Term hours subtotal:			12		

- Please see course lists below for CSE Technical Electives. Contact CIDSE Advising or visit the [CIDSE website](#) for additional information. Maximum 6 hours at the 300-level.

Biology or Chemistry Courses	CSE Technical Electives
BIO 181: General Biology I (SQ)	Note: 6 hours maximum of 300-level Technical Electives. 6 hours minimum of 400-level Technical Electives.
BIO 182: General Biology II (SG)	
BIO 201: Human Anatomy and Physiology I (SG)	Maximum 3 hours of CSE 484 or FSE 301.
BIO 202: Human Anatomy and Physiology II (SG)	Maximum 6 hours of CSE 484, 492, 493 or 499.
CHM 113: General Chemistry I (SQ)	Some Technical Electives may require additional prerequisites.
CHM 116: General Chemistry II (SQ)	Students considering graduate program in Computer Science should take CSE 340 and CSE 355.
CHM 114: General Chemistry for Engineers (SQ)	
	CSE 340: Principles of Programming Languages
	CSE 355: Introduction to Theoretical Computer Science
	EEE 304: Signals and Systems II
	EEE 350: Random Signal Analysis
	FSE 301: Entrepreneurship for Engineers

IEE 385: Engineering Statistics: Probability

---

CSE 4\*\* Elective

---

CPI 411: Graphics for Games

---

CPI 412: Cognitive Systems and Intelligent Agents

---

EEE 404: Real-Time DSP Systems

---

EEE 407: Digital Signal Processing

---

EEE 425: Digital Systems and Circuits

---

EEE 455: Communication Systems

---

EEE 480: Feedback Systems

---

EEE 481: Computer-Controlled Systems

---

MAT 421: Applied Computational Methods (CS)

- Students attending at the Polytechnic campus must choose a concentration area. Concentrations can be found at <http://innovation.asu.edu/degrees-programs/engineering-undergraduate>.
- Students enrolled through the Intel Co-hort program must complete all of the courses listed below.
- Upon selection of a primary focus area/concentration, students must complete their respective Primary Focus Area Project courses prior to Term 7.
- A secondary focus area is a group of courses comprising of 12 or more credit hours which form a coherent theme. Students may use a second primary focus track/concentration for their Secondary Focus requirement.

Primary Focus Area: Intel Program - Intel Cohort Only	Science Elective
EGR 301: Concentration Project I	BIO 181: General Biology I (SQ)
EGR 302: Concentration Project II	BIO 182: General Biology II (SG)
EGR 387: Industrial Automation	CHM 116: General Chemistry II (SQ)
EGR 388: Engineering Materials And Semiconductor Science	GLG 101: Introduction to Geology I (Physical) (SQ) AND GLG 103: Introduction to Geology I-Laboratory (SQ)

★ IEE 486: Systems Design Capstone II (L)			3	C	
IEE 461: Production Control			3	C	
Upper Division IEE Technical Elective			3	C	
Upper Division Career Focus Study Area			3	C	
Term hours subtotal:			12		

- Select a minimum of nine semester hours from one of the following Career Focus Study Areas. Students will need to submit a Career Focus Proposal Form prior to taking classes. Please note that some of these courses may require additional prerequisites. All course options should be discussed with an advisor, as classes have prerequisites and are sequential.
- Visit [CIDSE](#) website for additional information about Career Focus Study Area and Technical Elective courses.

Engineering Science Elective	Basic Science Elective	Career Focus Study Area (Global Industrial Engineering Leadership)
CEE 384: Numerical Methods for Engineers (CS)	BIO 181: General Biology I (SQ)	ECN 306: Survey of International Economics (SB & G)
CSE 120: Digital Design Fundamentals	BIO 182: General Biology II (SG)	MGT 302: Principles of International Business (G)
CSE 240: Introduction to Programming Languages	BME 111: Engineering Perspectives on Biological Systems	MGT 459: International Management (G)
EEE 202: Circuits I	CHM 113: General Chemistry I (SQ)	
MAE 240: Thermofluids I	GLG 101: Introduction to Geology I (Physical) (SQ & G)	
	GLG 102: Introduction to Geology II (Historical) (SG & H)	

GLG 110: Dangerous World (SG & G)

PHY 111: General Physics (SQ) AND PHY 113: General Physics Laboratory (SQ)

Career Focus Study Area (Health Care Systems Engineering)	Career Focus Study Area (Industrial Statistics)	Career Focus Study Area (Financial Engineering)
IEE 421: Urban Operations Research	IEE 381: Lean Six Sigma Methodology	IEE 412: Introduction to Financial Engineering
IEE 426: Operations Research in Healthcare	STP 425: Stochastic Processes	IEE 454: Risk Management
IEE 431: Engineering Administration (L)	STP 429: Experimental Statistics (CS)	IEE 431: Engineering Administration (L)
Career Study Focus Area (Electronics Manufacturing)	Career Focus Study Area (Operations Research)	Career Focus Study Area (Computer/Information Systems Engineering)
EEE 352: Properties of Electronic Materials	IEE 421: Urban Operations Research	CSE 310: Data Structures and Algorithms
EEE 435: Fundamentals of CMOS and MEMS	IEE 426: Operations Research in Healthcare	CSE 360: Introduction to Software Engineering
EEE 436: Fundamentals of Solid-State Devices	MAT 300: Mathematical Structures (L)	CSE 430: Operating Systems
		IEE 456: Introduction to Systems Engineering
Career Focus Study Area (Engineering Management)	Career Study Focus Area (Industrial Engineering 4+1 Program)	IEE Technical Electives (May not be duplicated with Career Focus Study Area requirement courses)
IEE 456: Introduction to Systems Engineering	Note: Students must be admitted into the 4+1 Program. See your academic advisor for details.	IEE 431: Engineering Administration (L)
IEE 454: Risk Management	Three graduate-level courses (IEE 5**) of which two or more are from the Master's Core Class list.	IEE 437: Human Factors Engineering
IEE 458: Project Management		IEE 381: Lean Six Sigma Methodology
IEE 431: Engineering Administration (L)		IEE 454: Risk Management
		IEE 456: Introduction to Systems Engineering
		IEE 458: Project Management
		IEE 412: Introduction to Financial Engineering
		IEE 421: Urban Operations Research
		IEE 426: Operations Research in Healthcare
		FSE 301: Entrepreneurship for Engineers
		Any 300-level or higher approved engineering or business course with Program Chair approval.

- Informatics Focus Area and Informatics Electives: Select a focus area and complete at least 15 hours in that focus area. Select another 21 hours from the courses on these lists to complete the 36 hour requirement. Students are limited to 22 hours of lower-division courses for the focus area and electives, combined. It is recommended that you work with your academic advisor when making course selections. Visit the [CIDSE website](#) for additional information about Informatics Electives or Focus Area Required Courses.

Informatics Focus Area (Digital Culture Studies)	Informatics Focus Area (Enterprise Informatics)	Informatics Focus Area (Game Informatics)
Recommended first course is AME 111.	Required courses:	Required:
AME 111: Introduction to Digital Culture (CS)	MAT 266: Calculus for Engineers II (MA)	CPI 111: Game Development I (CS)
AME 130: Prototyping Dreams	IEE 376: Operations Research Deterministic Techniques/Applications	CPI 211: Game Development II
AME 294: Introduction to Interactive Environments or ART 294: Introduction to Interactive Environments	IEE 385: Engineering Statistics: Probability	CPI 311: Game Engine Development
AME 340: Compositional and Computational Principles for Media Arts	IEE 470: Stochastic Operations Research	CPI 321: Fundamentals of Game Art
AME 394: How to Build a Digital-Physical System	Enterprise Informatics Electives:	Select one:
AME 494: Programming for Social and Interactive Media	IEE 461: Production Control	CPI 411: Graphics for Games
AME 494: Animating Virtual Worlds	IEE 421: Urban Operations Research	CPI 412: Cognitive Systems and Intelligent Agents
AME 494: Integrated System Development	IEE 426: Operations Research in Healthcare	CPI 421: 3-D Modeling and Texturing
AME 494: Understanding Activity	IEE 474: Quality Control	CPI 422: 3-D Animation and Rigging for Video Games
AME 112: Computational Thinking for Digital Culture	IEE 475: Simulating Stochastic Systems (CS)	EDT 310: Games for Impact: The Full Life Cycle
AME 230: Programming for the Media Arts		EDT 329: Games, Simulations, and Virtual Environments
AME 220: Programming for the Web		EDT 340: Designing Games for Impact
AME 310: Media Literacies and Composition		EDT 494: Special Topics
AME 320: Motion Capture for Integrative Systems		RDG 440: Computer Gaming, Learning, and Literacy

AME 494: Media Installations

AME 494: Advanced Interactive Sound

ANP 394: Digital Modeling and Fabrication

ANP 494: Design by Algorithm

ANP 494: Designing Hybrid Spaces

ART 194: Digital Art and Culture

ART 218: 3D Tools

ART 294: The Still Image in Digital Culture

ART 494: Visual Prototyping

DCE 294:

HybridAction:PhysicalIntelligenceinDigitalCulture

DSC 294: Media Editing

FMP 294: Introduction to Animation

FMP 294: Story Development for Game Design

FMP 394: Non-Linear Editing for Film and Media

IAP 104: Foundations I: Fundamentals of Sound Art

IAP 103: Foundations I: Interdisciplinary Digital Media

MDC 211: Introduction to Digital Sound

MDC 311: Composing and Performing for Hybrid Ensembles

**Informatics Focus Area (Geo-Informatics)**

**Required:**

GIS 205: Geographic Information Technologies (CS)

GIS 211: Geographic Information Science I (CS)

GIS 311: Geographic Information Science II (CS)

**Select two:**

ABS 485: GIS in Natural Resources

GCU 361: Urban Geography (SB)

GCU 441: Economic Geography (SB)

GCU 442: Geographical Analysis of Transportation (SB)

GIS 341: Introduction to Cartography and Georepresentation (CS)

GIS 351: Air Photo Interpretation

**Additional Informatics Electives**

Students may choose from any of the courses not in their selected focus area as Informatics Electives in addition to the courses listed below:

BIO 355: Introduction to Computational Molecular Biology (CS)

BIO 411: Quantitative Methods in Conservation and Ecology

BIO 424: Dynamic Modeling in Social and Ecological Systems or SOS 424: Dynamic Modeling in Social and Ecological Systems

BIO 456: Bioinformatics and Molecular Evolution

BIO 469: Computational Neuroscience: Case Studies in Neuroethology

CIS 300: Web Design and Development

CPI 400: Scientific Computing and Visualization

GIS 461: Optimization Fundamentals for Spatial Analysis	CPI 441: Gaming Capstone
GIS 471: Geographic Information Analysis	CSE 220: Programming for Computer Engineering
GCU 494: Special Topics	CSE 240: Introduction to Programming Languages
	CSE 310: Data Structures and Algorithms
	CSE 360: Introduction to Software Engineering
	CSE 408: Multimedia Information Systems
	CSE 412: Database Management
	CSE 471: Introduction to Artificial Intelligence
	CSE 476: Introduction to Natural Language Processing
	CSE 477: Introduction to Computer-Aided Geometric Design
	CSE 394: Special Topics or CSE 494: Special Topics
	CSE Special Topics must be Digital Culture classes with 3** or 4** numbers.
	IEE 385: Engineering Statistics: Probability
	MAT 267: Calculus for Engineers III (MA)
	RDG 440: Computer Gaming, Learning, and Literacy

**Total Hours:** 120  
**Upper Division Hours:** 45 minimum  
**Major GPA:** 2.00 minimum  
**Cumulative GPA:** 2.00 minimum  
**Total hrs at ASU:** 30 minimum  
**Hrs Resident Credit for Academic Recognition:** 56 minimum  
**Total Community College Hrs:** 64 maximum

### General University Requirements Legend

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Arts and Design (HU)
- Social-Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)

- Global Awareness (G)
- Historical Awareness (H)

#### First-Year Composition

General Studies designations listed on the major map are current for the 2015 - 2016 academic year.

- For additional information about Upper Division Technical Elective & Exploration Course options, please go to: [Upper Division Technical Electives & Exploration Course options](#)
- Students may be allowed by instructor consent to take these courses without having the pre-requisites fulfilled.
- To take any 494 class, please check with your advisor first.
- MAE 484/498/499 can only use max of 3 credits towards Technical Elective requirements.
- Courses not listed here require a department petition form.

Technical Electives	Exploration Courses (Please follow up with your assigned advisor with specific course questions)	Upper Division Thermo-Fluids Technical Electives
AEE 313: Aircraft Dynamics and Control		AEE 360: Aerodynamics (L)
AEE 415: Vibration Analysis	Foreign Language Courses	AEE 362: High-Speed Aerodynamics (L)
AEE 426: Design of Aerospace Structures	AST OR GLG Elective	AEE 463: Aircraft Propulsion
AEE 462: Space Vehicle Dynamics and Control	MAT 2** Elective or MAT 3** Elective or MAT 4** Elective	AEE 465: Rocket Propulsion
AEE 466: Rotary Wing Aerodynamics and Performance	CHM 2** Elective or CHM 3** Elective or CHM 4** Elective	AEE 471: Computational Fluid Dynamics
MAE 341: Mechanism Analysis and Design	PHY 2** Elective or PHY 3** Elective or PHY 4** Elective	MAE 372: Fluid Mechanics
MAE 417: Control System Design	Any course that is designated as HU or SB and is not being used in your HU/SB category or Humanities, Arts and Design (HU) or Social-Behavioral Sciences (SB)	MAE 436: Combustion
MAE 455: Polymers and Composites		MAE 494: Renewable Energy Engineering
		MAE 494: Wind Energy
		MEE 434: Internal Combustion Engines

AEE 494: Special Topics or MAE 494: Special Topics or MEE 494: Special Topics or MSE 494: Special Topics or CHE 494: Special Topics

Any course that is designated as a Literacy (L) course that is not applying to your major requirements or Literacy and Critical Inquiry (L)

MEE 482: Thermodynamics

Students can choose no more than one course from:

Any course that is designated as H, C or G awareness and is not being used in your awareness category or Cultural Diversity in the U.S. (C) or Global Awareness (G) or Historical Awareness (H)

AST 321: Introduction to Planetary and Stellar Astrophysics (SQ)

AST 322: Introduction to Galactic and Extragalactic Astrophysics (SQ)

Any course from the following prefixes that is not equivalent to a course that is required for your major:

EEE 304: Signals and Systems II

EEE 334: Circuits II

AEE OR BME OR CEE OR CHE OR CON OR CSE OR EEE OR FSE OR IEE OR MAE OR MEE OR MSE Elective

EEE 350: Random Signal Analysis

EEE 460: Nuclear Power Engineering

EEE 463: Electrical Power Plants

EEE 480: Feedback Systems

FSE 301: Entrepreneurship for Engineers or IEE 300: Economic Analysis for Engineers

MAT 362: Advanced Mathematics for Engineers and Scientists or higher level

PHY 310: Classical Particles, Fields, and Matter I or higher level

SES 311: Essentials of Astrobiology: Exploration for Life in the Universe or higher level (Cannot take SES 330)

By approval:

MAE 484: Internship

MAE 498: Pro-Seminar (L) or MAE 499: Individualized Instruction

Complete 2 courses: Upper Division Technical Elective			6	C	
Term hours subtotal:			12		

- Students may be allowed by instructor consent to take these courses without having the pre-requisites fulfilled. Please contact advisor if overrides are needed.
- MAE 484/498/499 can only use max of 3 credits towards Technical Elective requirements.
- To take any 494 class, please check with your advisor first.
- Courses not listed here require a department petition for approval.
- For additional information about Upper Division Technical Electives, please go to: [Upper Division Technical Electives](#)

Upper Division Energy and Environment Technical Electives	Technical Electives
BIO 320: Fundamentals of Ecology	AEE 313: Aircraft Dynamics and Control
CEE 361: Introduction to Environmental Engineering	AEE 415: Vibration Analysis
CHM 302: Environmental Chemistry	AEE 426: Design of Aerospace Structures
EEE 360: Energy Systems and Power Electronics	AEE 462: Space Vehicle Dynamics and Control
	AEE 466: Rotary Wing Aerodynamics and Performance

EEE 460: Nuclear Power Engineering	MAE 341: Mechanism Analysis and Design
EEE 463: Electrical Power Plants	MAE 417: Control System Design
MAE 494: Chem of Global Climate Change	MAE 455: Polymers and Composites
MAE 494: Renewable Energy Engineering	AEE 494: Special Topics or MAE 494: Special Topics or MEE 494: Special Topics or MSE 494: Special Topics or CHE 494: Special Topics
MAE 494: Structural Materials in Nuclear Power Systems or MSE 494: Structural Materials in Nuclear Power Systems	Students can choose no more than one course from:
MAE 494: Wind Energy	AST 321: Introduction to Planetary and Stellar Astrophysics (SQ)
MEE 434: Internal Combustion Engines	AST 322: Introduction to Galactic and Extragalactic Astrophysics (SQ)
MSE 460: Nanomaterials in Energy Production and Storage	EEE 304: Signals and Systems II
By approval:	EEE 334: Circuits II
MAE 484: Internship	EEE 350: Random Signal Analysis
MAE 492: Honors Directed Study or MAE 493: Honors Thesis (L)	EEE 460: Nuclear Power Engineering
MAE 498: Pro-Seminar (L) or MAE 499: Individualized Instruction	EEE 463: Electrical Power Plants
	EEE 480: Feedback Systems
	FSE 301: Entrepreneurship for Engineers or IEE 300: Economic Analysis for Engineers
	MAT 362: Advanced Mathematics for Engineers and Scientists or higher level
	PHY 310: Classical Particles, Fields, and Matter I or higher level
	SES 311: Essentials of Astrobiology: Exploration for Life in the Universe or higher level (Cannot take SES 330)
	By approval:
	MAE 484: Internship
	MAE 498: Pro-Seminar (L) or MAE 499: Individualized Instruction

## Barrett Academic Course Requirements

Honors students must maintain high standards of academic performance and show progress toward completion of graduation requirements in their disciplinary majors and in Barrett. In order to graduate from Barrett, students must complete the following, which includes a total of 36 credit hours of honors course work:

1. *HON 171* and *HON 272 The Human Event* must be completed in sequence during a student's first two semesters in the college.
2. Thirty additional credit hours of honors course work must be earned with a letter grade of "C" (2.00) or higher. This may include HON prefix classes, honors sections of classes, honors enrichment contracts or any automatic honors courses.
3. Included in the 36 credit hours of honors course work are at least 18 hours of upper-division or graduate-level honors credits for an earned letter grade of "C" (2.00) or higher, including six credit-hours of honors course work outside the academic major. Students should investigate specialized honors, upper-division tracks within their majors.
4. Those admitted as upper-division transfer students (defined as 48 post-high school university credits completed by the time of planned enrollment in Barrett) must complete *HON 370 History of Ideas* in addition to the 18 required hours of upper-division honors course work. Six of the 21 honors credits must be outside the academic major. A total of 21 hours of upper-division honors course work are required for these upper division transfers.
5. Students are required to complete an honors thesis or creative project for at least three credit-hours, though some units may allow students to complete six credit-hours of thesis or creative project work. These credit hours may be included in the 18 required hours of upper-division, honors course work. The honors thesis or creative project is launched with a prospectus due one academic year before the defense. Prior to enrolling in credit for thesis or creative project work, students must complete a required preparatory workshop or course. The final copy of the honors thesis or creative project must be filed by the posted deadline during the student's graduation semester.
6. ASU graduation requirements in an academic major must be met.
7. Students must maintain a cumulative ASU GPA of 3.25 or higher.

Barrett course requirements may be met in a variety of ways. Only courses in which a student receives a grade of "C" (2.00) or higher may be used to meet Barrett requirements.

Those entering the college as lower-division students may take as many as 18 lower-division honors credits, which include *HON 171* and *272 The Human Event*, and at least 18 upper-division credits (total honors credits must be 36). *HON 171* and *272 The Human Event* are crossdisciplinary seminars that acquaint students with ideas that form the foundation of a university education and emphasize critical thinking, discussion and writing.

Those who enter as upper-division students must take 21 upper-division honors credits, including *HON 370 History of Ideas* taught by an Honors Faculty Fellow. Junior-level seminar courses introduce students to critical thinking, discussion and writing in a topical area chosen by the instructor. All students are expected to complete this course during the first semester upon transferring.

Departmental honors-only courses are limited to honors students. Enrollment in these courses is limited. Compared to their nonhonors equivalents, these courses are designed to offer a richer, more complex intellectual experience appropriate to the discipline and the level of the course for all students enrolled. Other disciplinary honors courses group honors students in small cohorts to work on research projects of common interest.

Honors enrichment contracts are available in many departmental courses allowing honors students to contract with the instructor of designated nonhonors courses to earn honors credit by pursuing enrichment activities, which include supplemental sessions with the instructor. Honors enrichment contracts must be filed by the student during the first four weeks of class and completed during the semester in which the course is offered. The enrichment contract form offers guidelines to aid students and faculty in developing appropriate contracts.

Course numbers listed in the online [ASU Class Search/Course Catalog](#) 492 *Honors Directed Study*, 493 *Honors Thesis*, 497 *Honors Colloquium*, all classes with the HON prefix, and those with departmental prefix that carry the honors designation as a notation are reserved for students in Barrett and always count for honors credit.

The departmental courses with the numbers 492 and 493 are reserved for honors students completing their honors thesis or creative project. A student may enroll for these courses only with the approval of the sponsoring academic department and of the faculty member who serves as the student's thesis or creative project director. Course numbers listed in the online ASU schedule of classes as 493 fulfill the student's upper-division literacy and critical inquiry (L) General Studies requirement.

There are specific courses that carry automatic honors credit. These include *ENG 105 Advanced First-Year Composition* (any in-person section), *FSE 104 EPICS Gold Feasibility and Planning*, *FSE 150 Perspectives in Grand Challenges for Engineering*, *GRK 101 Elementary Ancient Greek*, *CHE 211 Introduction to Chemical Processing*, *CPI 310 Web-Based Information Management Systems*, *CEE/CNE 212 Engineering Mechanics II: Dynamics*, *CEE 486 Integrated Civil Engineering Design*, *CSE 230 Computer Organization and Assembly Language Programming*, *EEE 230 Computer Organization and Assembly Language Programming*, *ACT 310 Mathematics of Finance*, *ACT430 Mathematics of Financial Derivatives*, *LAT421 Roman Literature*, *PHY201 Mathematical Methods in Physics I* and *PHY 333 Electronic Circuits and Measurements*. Graduate level courses, 500 level and above, taught in an in-person format automatically earn honors credit. For a full list of honors courses, including those that carry automatic honors credit, visit the [Barrett Signature Courses webpage](#) and review the Honors Courses document.

HST 453: The People's Republic of China (SB & G & H)
HST 456: The Vietnam War (SB & G & H)

**Notes:**

- Student must complete a minimum of 12 upper division credit hours of HST courses offered by the School of Letters and Sciences.

**Total Hours:** 120

**Upper Division Hours:** 45 minimum

**Major GPA:** 2.00 minimum

**Cumulative GPA:** 2.00 minimum

**Total hrs at ASU:** 30 minimum

**Hrs Resident Credit for  
Academic Recognition:** 56 minimum  
**Total Community College Hrs:** 64 maximum

### **General University Requirements Legend**

General Studies Core Requirements:

- Literacy and Critical Inquiry (L)
- Mathematical Studies (MA)
- Computer/Statistics/Quantitative Applications (CS)
- Humanities, Arts and Design (HU)
- Social-Behavioral Sciences (SB)
- Natural Science - Quantitative (SQ)
- Natural Science - General (SG)

General Studies Awareness Requirements:

- Cultural Diversity in the U.S. (C)
- Global Awareness (G)
- Historical Awareness (H)

First-Year Composition

General Studies designations listed on the major map are current for the 2015 - 2016 academic year.
