- BS Students must select one of the following challenge area tracks:
    - Energy, Materials, and Technology (SOS 324)
    - Economics of Sustainability (SOS 325)
    - Sustainable Ecosystems (SOS 326)
  - Students must declare a track by the end of Term 4
  - Students must complete the required track course for their chosen track no later than Term 5
  - Students must also complete any additional three track courses for a total of 12 credit hours of track courses by the end of Term 5. Select from SOS 320, SOS 321, SOS 322, SOS 323, SOS 324, SOS 325, SOS 326, SOS 327, SOS 328, or SOS 465.
  - Students must complete two track elective courses from their chosen track. At least one track elective must be upper division.

Example: If the Economics of Sustainability Track is chosen, students must complete SOS 325 and any three additional track courses by the end of Term 5.

  - Students must declare a track by the end of Term 4
  - Students must complete the required track course for their chosen track no later than Term 5
  - Students must also complete any additional three track courses for a total of 12 credit hours of track courses by the end of Term 5. Select from SOS 320, SOS 321, SOS 322, SOS 323, SOS 324, SOS 325, SOS 326, SOS 327, SOS 328, or SOS 465.
  - Students must complete two track elective courses from their chosen track. At least one track elective must be upper division.

Example: If the Economics of Sustainability Track is chosen, students must complete SOS 325 and any three additional track courses by the end of Term 5.

**Transfer Admission Guarantee (TAG) and Maricopa to ASU Pathways Program (MAPP)**

Arizona State University has established special transfer partnerships with Arizona community colleges to facilitate the transition to ASU. Transfer Admission Guarantee (TAG) programs provide a prescribed set of course work that meet the requirements for an associate degree and AGECE (Arizona General Education Curriculum), as well as, lower-division course requirements for a specific ASU major. Maricopa Community College District (MCCCD) students participate in the Maricopa to ASU Pathways Program (MAPP), a TAG designed specifically for students attending one of the MCCCD community colleges.

General Education Awareness Areas [C, H, G]

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

The MAPP for the BA in Design Studies is provided as a transfer pathway for students wishing to complete their BA in Design Studies at Arizona State University. Some students wish to pursue a Bachelor of Science in Design, and this is possible, but the five professional design degrees (Bachelor of Science in Design in Architectural Studies, Graphic Design, Industrial Design, Interior Design, Landscape Architecture) require 8 semesters (4 years) of sequential studio coursework at Arizona State University. For this reason we suggest students at Maricopa Community Colleges complete the BA Design Studies MAPP and then consider pursuing the 3+ graduate programs in Architecture, Industrial Design, Interior Architecture, Landscape Architecture and Visual Communication Design offered through The Design School. These programs are studio Master's Degree programs that students with a Bachelor's Degree in any discipline can apply for. The options for these programs can be seen on The Design School's graduate degrees page <https://design.asu.edu/degree-programs/graduate> Students can apply for the 3+ programs with either a BA in Design Studies or a BS in Environmental Design.

MCCCD Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Communication B.A. degree program.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information:

MCCCD Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Communication B.S. degree program.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>.

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGECE-A, meets major map requirements at ASU, and guarantees admission to the Life Sciences B.A. degree program.

Special Requirements: 2.5 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better. If a student has previously attended ASU but left with a gpa below 2.5, that student is not eligible to pursue this pathway because the student is not admissible to Life Sciences at the Tempe campus.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information:

MCCCD Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate of Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Biology B.S. degree program.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

#### MCCCD Additional Requirements

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

#### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

## Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

## Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCD Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

#### Additional Lower Division Requirements

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

#### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

Additional Lower Division Requirements

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

## Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Additional Lower Division Requirements

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

## Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Additional Lower Division Requirements

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. ### Additional Lower Division Requirements

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

#### Additional Lower Division Requirements

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

#### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

#### Additional Lower Division Requirements

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business, General Requirements degree (ABUS-GR) and AGEC-B, meets major map requirements at ASU and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Arts requirements.

### Admission Requirements:

Students must complete the MAPP with a 3.0 cumulative transfer GPA. A minimum 3.0 ASU cumulative GPA is also required (if an ASU GPA has been earned).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Effective Fall 2013 ASU no longer requires submission of a current SAT Reasoning score or ACT score by the end of the first semester in the program.

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Additional Lower Division Requirements

## Pathway Notes

All courses must be completed with a grade of "C" or better.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-SR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

## Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

#### Pathway Notes

All courses must be completed with a grade of "C" or better.

#### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

### Pathway Notes

All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Business (ABUS-GR) and AGEC-B, meets major map requirements at ASU, and guarantees admission to the university. This degree program requires meeting W. P. Carey Bachelor of Science requirements.

#### Admission Requirements:

In addition to a minimum 3.00 cumulative transfer GPA, students must meet one of the following for admission to the W. P. Carey Bachelor of Science degree program: SAT (math and critical reading sections only) score of 1160 or higher, OR an ACT composite score of 25 or higher, OR a high school class ranking in the top 8 percent, OR an overall high school GPA of 3.60 in ASU competency courses (A=4.00).

\*Because Arizona State University calculates GPAs differently than the Maricopa Community College District, admission to the BA program is certified upon the calculation of the 3.0 cumulative transfer GPA by ASU Undergraduate Admissions. A cumulative transfer GPA includes all college coursework completed at regionally accredited institutions of higher education. Students are responsible for confirming all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

Only 64 credits are transferrable to ASU. Please refer to [ASU Degree Search](#) for information regarding readmissions requirements.

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Educational Studies B.A.E. degree program.

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a "C" or better.

The Bachelor of Arts in Education (BAE) in educational studies is designed to prepare students to work with children and youth outside of a traditional classroom setting. While this degree does not lead to teacher certification, it will provide a foundation of knowledge in educational practices for use in the community setting.

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meet ASU major map requirements for the Aerospace Engineering (Astronautics) degree program. A 3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Note: Students interested in completing the BSE Aerospace Engineering (Astronautics) degree with two additional years at ASU, must complete MAE 240 and MAE 384 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements for the Aerospace Engineering (Aeronautics) degree program. A3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Note: Students interested in completing the BSE Aerospace Engineering (Aeronautics) degree with two additional years at ASU, must complete MAE 240 and MAE 384 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Biomedical Engineering BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the Maricopa to ASU  
Engineering Pathway and all special  
requirements meets ASU major map  
requirements and guarantees admission  
to the Civil Engineering (Environmental  
Engineering), Civil Engineering  
(Sustainable Engineering), and  
Construction Engineering BSE degree  
programs.

Note: Engineering Core Courses should  
be completed prior to enrolling in any  
additional lower division requirement  
courses. While requirements listed will  
meet ASU degree requirements, only 64  
credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA  
as calculated by ASU for admissions. All  
courses must be completed with a grade  
of "C" or better.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Chemical Engineering, Civil Engineering (Environmental Engineering), Civil Engineering (Sustainable Engineering), and Construction Engineering BSE degree programs.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements for the Chemical Engineering degree program. A 3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU. Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses.

Note: Students interested in completing the BSE Chemical Engineering degree with two additional years at ASU, must complete CHE 211 and CHE 231 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Civil Engineering (Environmental Engineering), Civil Engineering (Sustainable Engineering), and Construction Engineering BSE degree programs.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate of Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Construction Management B.S. degree program.

Special Requirements: Minimum transfer GPA of 3.00 **and** No high school math or science competency deficiencies. OR Minimum transfer GPA of 2.50, **and** Minimum GPA of 2.75 in all ASU Trk courses (critical courses), **and** high school math or science competency deficiencies.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>.

All courses must be completed with a grade of "C" or better.

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Computer Science B.S. degree program.

In addition to university requirements, the Fulton School of Engineering requires that students must complete the MAPP with a 3.0 cumulative transfer GPA. Note that Arizona State University calculates GPA's differently than the Maricopa Community College District, thus guaranteed admission to the Computer Science BS program is dependent upon calculation of the 3.0 cumulative transfer GPA. Also, MAPP students must have an associate degree in progress or a completed associate degree posted on their transcript when applying for admission or they will be held to regular admission procedures and will not receive MAPP benefits. A total of 64 credit hours will transfer to Arizona State University.

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Computer Systems Engineering and Computer Systems Engineering (Information Assurance) BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

## Maricopa Community College District Computer Science (Information Assurance), BS Pathway 2016-2017

ASU Major: [Computer Science \(Information Assurance\), BS | Ira A. Fulton Schools of Engineering](#)

### Pathway Requirements

#### First-Year Composition [FYC]

ENG 101: First-Year Composition or  
ENG 107: First-Year Composition for ESL

ENG 102: First-Year Composition or  
ENG 108: First-Year Composition for ESL

#### Literacy and Critical Inquiry [L]

Literacy and Critical Inquiry [L]

0-3 hrs

Recommend selecting a course that satisfies L (Literacy & Critical Inquiry) and SB (Social-Behavioral Sciences) OR L (Literacy & Critical Inquiry) and HU (Humanities & Fine Arts), OR L (Literacy & Critical Inquiry) and COM, or L (Literacy & Critical Inquiry) and CRE 101 requirements simultaneously.

#### Mathematical Studies [MA]

MAT 220: Calculus with Analytic Geometry I  
or  
MAT 221: Calculus with Analytic Geometry I

#### Humanities, Arts, and Design [HU]

Humanities, Arts, and Design

3 hrs

See note regarding Literacy and Critical Inquiry for 3 of the 6 required HU hours.

Humanities, Arts, and Design

3 hrs

#### Social-Behavioral Science [SB]

Social-Behavioral Science

3 hrs

See note regarding Literacy and Critical Inquiry for 3 of the 6 required SB hours.

Social-Behavioral Science

3 hrs

#### Natural Science [SQ, SG]

CHM 151: General Chemistry I and  
CHM 151LL: General Chemistry I Laboratory OR

4-5 hrs

Select the Biology, Chemistry or Physics sequence. Fulfills the Lab Science requirement.

PHY 115: University Physics I or  
PHY 121: UNIVERSITY PHYSICS I: MECHANICS OR

BIO 181: General Biology (Majors) I

CHM 152: General Chemistry II and  
CHM 152LL: General Chemistry II  
Laboratory OR

PHY 116: University Physics II or  
PHY 131: University Physics II: Electricity  
and Magnetism OR

BIO 182: General Biology (Majors) II

Subject Options

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Computer Systems Engineering and Computer Systems Engineering (Information Assurance) BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Electrical Engineering and Electrical Engineering (Electric and Power Systems) BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

PHY 131: University Physics II: Electricity and Magnetism or  
 PHY 116: University Physics II 4-5 hrs

PHY 241: University Physics III: Thermodynamics, Optics, and Wave Phenomena 4 hrs

Complete additional lower division requirements not to exceed 64 total transfer credits. Students should complete PHY 241, EEE 120, EEE 202, EEE 230, CSC 100 before taking other additional requirements listed. All other additional additional requirements listed can be completed after transfer to ASU.

AGEC Awareness Areas  
 Humanities, Arts, and Design and  
 AGEC Awareness Areas 3 hrs

Social-Behavioral Science and  
 AGEC Awareness Areas 0-3 hrs

Take one course that satisfies Humanities, Arts, and Design AND an Awareness Area requirement.

Engineering Core  
 ECE 102: Engineering Analysis Tools and  
 ECE 103: Engineering Problem Solving a 4 hrs

- Additional Lower Division Requirements
- CSC 100: Introduction to Computer Scie 3 hrs
  - EEE 120: Digital Design Fundamentals 4 hrs
  - EEE 202: Circuits and Devices 5 hrs
  - EEE 230: COMPUTER ORG & ASSEMBLY LANGU 4 hrs

## Maricopa Community College District Engineering Management, BSE Pathway 2016-2017

ASU Major: [Engineering Management, BSE | Ira A. Fulton Schools of Engineering](#)

### Pathway Requirements

#### First-Year Composition [FYC]

ENG 101: First-Year Composition  
First-Year Composition for ESL   3 hrs

ENG 102: First-Year Composition  
First-Year Composition for ESL   3 hrs

#### Literacy and Critical Inquiry [L]

Literacy and Critical Inquiry [L]  0-3 hrs Recommend selecting a course that satisfies (L and SB) or (L and HU), or (L and COM), or (L and CRE101) requirements simultaneously.

#### Mathematical Studies [MA]

MAT 220: Calculus with Analytic Geometry I  
or  
MAT 221: Calculus with Analytic Geometry I   4-5 hrs

#### Humanities, Arts, and Design [HU]

SSH 111: Sustainable Cities  3 hrs Use to satisfy Humanities and Fine Arts [HU] and Global Engineering/Sustainability/Entrepreneurship Course Requirement. Also satisfies Global Awareness [G].

Humanities, Arts, and Design  3 hrs

#### Social-Behavioral Science [SB]

COM 263: ELEMENTS OF INTERCULTURAL COMM  3 hrs COM 263 satisfies Social-Behavioral Science [SB] and Cultural Diversity in the U.S. [C] requirements simultaneously.

PSY 101: Introduction to Psychology   3 hrs

#### Natural Science [SQ, SG]

CHM 151: General Chemistry I and  
CHM 151LL: General Chemistry I Laboratory   4 hrs Course can be used to satisfy basic science requirement for major.

CHM 152: General Chemistry II and  
CHM 152LL: General Chemistry II  
Laboratory   4 hrs

#### Subject Options

MAT 230: Calculus with Analytic Geometry II  
or  
MAT 231: Calculus with Analytic Geometry II   4-5 hrs

MAT 240: Calculus with Analytic Geometry III  
or  
MAT 241: Calculus with Analytic Geometry III   4-5 hrs

General Education Awareness Areas [C, H, G]

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate of Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Engineering Management, BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Special Requirements: 2.75 GPA in course work used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better.

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Human Systems Engineering, BS degree program, within the Polytechnic School of the Ira A. Fulton Schools of Engineering.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway and all special requirements meets ASU major map requirements and guarantees admission to the Industrial Engineering BSE degree program.

Note: Engineering Core Courses should be completed prior to enrolling in any additional lower division requirement courses. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU. Special Requirements: 3.0 transfer GPA as calculated by ASU for admissions. All courses must be completed with a grade of "C" or better.

#### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway (MAPP) and all special requirements meets ASU major map requirements for the Mechanical Engineering (Computational Mechanics) degree program. A3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Note: Students interested in completing the BSE Mechanical Engineering (Computational Mechanics) degree with two additional years at ASU, must complete MAE 240 and MAE 384 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

#### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway (MAPP) and all special requirements meets ASU major map requirements for the Mechanical Engineering (Energy and Environment) degree program. A3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Note: Students interested in completing the BSE Mechanical Engineering (Energy and Environment) degree with two additional years at ASU, must complete MAE 240 and MAE 384 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

### Special Requirements

Completion of the Maricopa to ASU Engineering Pathway (MAPP) and all special requirements meets ASU major map requirements for the Mechanical Engineering degree program. A3.0 transfer GPA as calculated by ASU for admissions is required. All courses must be completed with a grade of "C" or better. While requirements listed will meet ASU degree requirements, only 64 credit hours are transferable to ASU.

Note: Students interested in completing the BSE Mechanical Engineering degree with two additional years at ASU, must complete MAE 240 and MAE 384 through dual-enrollment or in the summer prior to admission. Students are strongly encouraged to contact the SEMTE Advising Office at (480)965-2335 to meet with an academic advisor upon enrollment into a MAPP at the community college.

MCCCD Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Art (Art History) B.A. degree program.

Special Requirements: 3.0 GPA in coursework used to satisfy MAPP requirements. The following courses must be completed with a grade of "B" or higher: ENG 101/107, ENG 102/108, ARH 101, ARH 102. All remaining courses must be completed with a grade of "C" or higher.

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU.

The MAPP for the BA in Art Studies is provided as a transfer pathway for students wishing to complete their BA in Art Studies at ASU. Students may choose to pursue a BFA in Art concentration instead. Information on BFA requirements and application information is provided below to assist students. Students are encouraged to speak with a Herberger Institute advisor by the end of their third term of their MAPP regarding the transfer process and degree offerings. Information on advising and scheduling an appointment can be found here:

MCCCD Additional Requirements

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU.

Acceptance into the School of Music is contingent upon a successful audition the semester before transferring to ASU. Please refer to the following website for application and audition deadlines: <http://music.asu.edu/admissions/> Students wishing to pursue a Bachelors of Music Degree (with the exception of BM Theory & Composition in Theory) should meet with a Herberger advisor to discuss audition preparation by their third term of study at the community college. The Bachelor of Music degree requires successful completion of an audition demonstrating a high level of musicianship and may require more than 2 years of study at ASU.

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a "C" or better.

General Education Awareness Areas [C, H, G]

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

The MAPP for the BS in Environmental Design is provided as a transfer pathway for students wishing to complete their BS in Environmental Design at Arizona State University. The BS in Environmental Design is a pathway for the 3+ graduate programs in Architecture, Industrial Design, Interior Architecture, Landscape Architecture and Visual Communication Design offered through The Design School. These programs are studio Master's Degree programs that students with a Bachelor's Degree in any discipline can apply for. The options for these programs can be seen on The Design School's graduate degrees page <https://design.asu.edu/degree-programs/graduate>. Students can apply for the 3+ programs with either a BA in Design Studies or a BS in Environmental Design.

MCCCD Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the African and African American Studies B.A. degree program in either the African Studies or African Diaspora Studies.

ASU will accept transfer credit for traditional course work you have successfully completed at regionally accredited institutions of higher education. The applicability of the specific course toward a degree depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Students are responsible for working with their advisor to confirm all transfer transcripts are on file with ASU. For more information: <https://transfer.asu.edu/credits>

## Pathway Requirements

### First-Year Composition [FYC]

ENG 101: First-Year Composition or  
 ENG 107: First-Year Composition for ESL   3 hrs

ENG 102: First-Year Composition or  
 ENG 108: First-Year Composition for ESL   3 hrs

### Literacy and Critical Inquiry [L]

Literacy and Critical Inquiry [L]  0-3 hrs Recommend selecting a course that satisfies Literacy & Critical Inquiry, Social-Behavioral Sciences, Humanities & Fine Arts, COM, or CRE 101 requirements simultaneously.

### Mathematical Studies [MA]

MAT 220: Calculus with Analytic Geometry I or  
 MAT 221: Calculus with Analytic Geometry I   4-5 hrs

### Humanities, Arts, and Design [HU]

Humanities, Arts, and Design  3 hrs

Humanities, Arts, and Design  3 hrs

### Social-Behavioral Science [SB]

Social-Behavioral Science  3 hrs

Social-Behavioral Science  3 hrs

### Natural Science [SQ, SG]

BIO 181: General Biology (Majors) I   4 hrs

BIO 182: General Biology (Majors) II   4 hrs

### Subject Options

CHM 150: General Chemistry I and  
 CHM 151LL: General Chemistry I Laboratory  
 or  
 CHM 151: General Chemistry I and  
 CHM 151LL: General Chemistry I Laboratory  
 or  
 CHM 150AA: General Chemistry I or  
 CHM 151AA: General Chemistry I  4-5 hrs

CHM 152: General Chemistry II and  
 CHM 152LL: General Chemistry II  
 Laboratory or  
 CHM 152AA: General Chemistry II  4 hrs

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Biological Sciences B.S. degree program.

CHM 152AA: General Chemistry II

#### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

#### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Biological Sciences (Conservation Biology & Ecology) B.S. degree program.

ASU Major: [Chemistry \(Environmental Chemistry\), BS | College of Liberal Arts and Sciences](#)

### Pathway Requirements

#### First-Year Composition [FYC]

ENG 101: First-Year Composition or  
ENG 107: First-Year Composition for ESL

ENG 102: First-Year Composition or  
ENG 108: First-Year Composition for ESL

#### Literacy and Critical Inquiry [L]

Literacy and Critical Inquiry [L]

0-3 hrs

Recommend selecting a course that satisfies Literacy & Critical Inquiry, Social-Behavioral Sciences, Humanities & Fine Arts, COM, or CRE 101 requirements simultaneously.

#### Mathematical Studies [MA]

MAT 220: Calculus with Analytic Geometry I  
or  
MAT 221: Calculus with Analytic Geometry I

#### Humanities, Arts, and Design [HU]

Humanities, Arts, and Design

3 hrs

See note regarding Literacy and Critical Inquiry for 3 of the 6 required HU hours.

Humanities, Arts, and Design

3 hrs

#### Social-Behavioral Science [SB]

Social-Behavioral Science

3 hrs

See note regarding Literacy and Critical Inquiry for 3 of the 6 required SB hours.

Social-Behavioral Science

3 hrs

#### Natural Science [SQ, SG]

CHM 150: General Chemistry I and  
CHM 151LL: General Chemistry I Laboratory  
or  
CHM 151: General Chemistry I and  
CHM 151LL: General Chemistry I Laboratory  
or  
CHM 150AA: General Chemistry I or  
CHM 151AA: General Chemistry I

CHM 152: General Chemistry II or  
CHM 152LL: General Chemistry II  
Laboratory

#### Subject Options

MAT 230: Calculus with Analytic Geometry II  
or  
MAT 231: Calculus with Analytic Geometry II

MAT 240: Calculus with Analytic Geometry III  
or  
MAT 241: Calculus with Analytic Geometry III

### Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

### Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCC Associate in Science degree and AGEC-S, meets major map requirements at ASU, and guarantees admission to the Chemistry B.S. or Chemistry (Environmental Chemistry) B.S. degree program.

MCCCDC Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Communication B.A. degree program.

Special Requirements: 2.5 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better. If a student has previously attended ASU but left with a gpa below 2.5, that student is not eligible to pursue this pathway because the student is not admissible to Communication at the Tempe campus.

MCCCDC Additional Requirements

## Pathway Notes

Special Requirements: 2.0 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of C or greater.

## Special Requirements

Completion of the MAPP and all special requirements satisfies the requirements for MCCCDC Associate in Arts degree and AGEC-A, meets major map requirements at ASU, and guarantees admission to the Communication B.S. degree program.

Special requirements: 2.5 GPA in coursework used to satisfy MAPP requirements. All courses must be completed with a grade of "C" or better. If a student has previously attended ASU but left with a gpa below 2.5, that student is not eligible to pursue this pathway because the student is not admissible to Communication at the Tempe campus.
