| MUP     | 442         | Instrumental Ensembles                                       | Students enhances musical diversity and artistic depth by participating in numerous ensembles as well as other artistic and educational projects. Each project focuses on specific pedagogical and/or musical learning outcomes. Together they comprise a rich assortment of musical experiences and promote the primary course objective. The curriculum accommodates the distinctive needs of each student and is tailor-made to each individual's career aspirations. Consequently, learning outcomes are highly individualized and student driven. This ensemble is available to both music majors and non-majors, and may require an audition.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or nonmajor who has passed audition   |
| MUP     | 443         | Choral Ensembles   | Active, thoughtful participation in music ensembles can provide for development beyond the possibilities of individual study alone. The ensemble setting is, in part, a forum for the synthesis of component parts of a complete music education. Includes the study and performance of diverse musical expressions that represent a variety of historical and cultural perspectives. These ensembles provide the opportunity to prepare and present varied music composed for the mixed choir from the major stylistic periods with the intent of serving composers, performers and listeners by performing choral music of the highest possible quality. This ensemble is available to both music majors and non-majors, and may require an audition. | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or nonmajor who has passed audition   |
| MUP     | 448         | Classical Style: Performance and Analysis                    | Integrates historical and theoretical analysis with performance, examining classical period repertoire.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisites: Music major who has passed audition; Junior standing; Credit is allowed for only MUP 448 or 494 (Classical Style: Performance and Analysis)  |
| MUP     | 449         | The Unaccompanied Music of JS Bach: Performance and Analysis | Integrates historical and theoretical analysis with performance, examining the unaccompanied works of J.S. Bach.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisites: Music major who has passed audition; Junior standing; Credit is allowed for only MUP 449 or 494 (Unaccompanied Bach: Performance & Analysis) |
| MUP     | 450         | Choral Union   | Large mixed ensemble focuses on the study, synthesis and performance of major choral masterworks while gaining in-depth understanding of significant choral repertoire and historical ramifications. This ensemble is available to both music majors and non-majors, and may require an audition.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition  |
| MUP     | 451         | Repertoire   | In-depth study of music for performing, involving advanced interpretive and technical concepts from historical, stylistic, and performance-related perspectives.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Completed 4 semesters of 100-level studio instruction   |
| MUP     | 453         | Song Literature  | Early Italian, English, German, and French art song.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music major who has passed audition   |
| MUP     | 454         | Song Literature  | American, Russian, Spanish, Scandinavian, and contemporary song.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music major who has passed audition   |
| MUP     | 455         | Men's Chorus   | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of a variety of historically and musically standard male repertoire, within historical context. This ensemble is available to both music majors and non-majors, and may require an audition.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition  |
| MUP     | 457         | Women's Chorus   | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of historically and musically important repertoire for treble voices. This ensemble is available to both music majors and nonmajors, and may require an audition.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or non-Music majors who have passed audition  |
| MUP     | 458         | ASU Gospel Choir   | The ASU Gospel Choir is a vocal ensemble open to students and community members regardless of their faith. The ensemble performs a variety of song forms drawn from the African American religious tradition, including traditional and contemporary gospel, anthems, hymns and spirituals. The Gospel Choir maintains an active performance schedule both on and off campus.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): undergraduate music major or nonmajor by audition   |
| MUP     | 459         | Barrett Choir  | The Barrett Choir is an opportunity for students from all over the university, but primarily from Barrett, The Honors College, to participate in a high-quality choral ensemble. The group seeks to harness the creativity and intellect of honors students to create a collaborative ensemble that operates on a unique model of student-centered learning. The repertoire, mostly chosen by the members, is highly varied, ranging from world music to pieces in the great choral tradition to newer music and popular music. There are normally two major concerts per semester, with some occasional smaller performances. This ensemble is available to both music majors and non-majors, and may require an audition.                             | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition  |
| MUP     | 460         | The Visiting Quartet Residency Program                       | Develops skills as a chamber musician and provides opportunities to work with members of the visiting string quartet in residence.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Pre-requisite: Music major (bass, cello, viola, violin) who has passed audition  |
| MUP     | 461         | Marching and Concert Bands                                   | Development of specific professional performing skills through staging of formations and drills for football games and other events (Marching Band); the development of specific professional performing skills for concert settings, with in-depth study of masterpieces of symphonic band literature (Concert Band). This ensemble is available to both music majors and non-majors, and may require an audition.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): Music major or nonmajor who has passed audition   |
| MUP     | 465         | Music Theatre VI   | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of a variety of historically and musically standard male repertoire, within historical context. An audition is required to participate in the ensemble.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 370; Credit is allowed for only MUP 465 or MUP 494 (Acting for Singers)   |
| MUP     | 466         | Broadway Dance   | Designed for students in the collaborative performance areas of musical theatre (music, theater and dance). Examines the development of landmark styles and theories specifically in musical theater and Broadway dance.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 465   |
| MUP     | 470         | Music Theatre VII  | Designed for students in the collaborative performance areas of musical theatre (music, theater and dance). Examines the development of landmark styles and theories specifically in musical theater and Broadway dance.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 465; Credit is allowed for only MUP 470 or MUP 494 (Musical Theatre Dance) or MUP 566   |
| MUP     | 471         | Music Theatre: Workshops                                     | The development of specific skills for musical-dramatic interpretation.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): MUP 272 with C or better  |
| MUP     | 472         | Music Theatre VIII   | Development of specific skills and effective practices for musical theatre auditioning and development of specific skills for musical-dramatic interpretation. This is a performance-based class providing an opportunity to explore strong, clear acting choices for the musical theatre performer in a setting with a scene partner or scene partners, requiring the performance of songs, monologues, scenes, and choreography.  | N                 | LEL               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 470   |

| MUP     | 542         | Instrumental Ensembles                                       | Students participate in numerous ensembles and artistic and educational projects that together, comprise a rich assortment of musical experiences. Graduate students especially need opportunities to hone their skills in a great variety of performance opportunities. During the academic year, each student participates in a variety of projects that present a wide range of musical experiences. The curriculum is designed to accommodate the distinctive needs of each student in that artistic-educational experiences are, to a large extent, tailor made to each individual's career aspirations. Consequently, learning outcomes are highly individualized and student driven, rather than institutionally convenient. Each artistic-educational project focuses on specific pedagogical and/or musical learning outcomes that, in various ways, promote the primary course objective: the enhancement of musical diversity and artistic depth in every student. Audition required during the first week of classes. | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): graduate Music student  |
| MUP     | 543         | Choral Ensembles   | Active, thoughtful participation in music ensembles can provide for development beyond the possibilities of individual study alone. The ensemble setting is, in part, a forum for the synthesis of component parts of a complete music education. Includes the study and performance of diverse musical expressions that represent a variety of historical and cultural perspectives. These ensembles provide the opportunity to prepare and present varied music composed for the mixed choir from the major stylistic periods with the intent of serving composers, performers and listeners by performing choral music of the highest possible quality.  | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 548         | Classical Style: Performance and Analysis                    | Integrates historical and theoretical analysis with performance, examining classical period repertoire.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Graduate Music major who has passed audition; Credit is allowed for only MUP 548 or 598 (Classical Style: Perf. & Anlys)  |
| MUP     | 549         | The Unaccompanied Music of JS Bach: Performance and Analysis | Integrates historical and theoretical analysis with performance, examining the unaccompanied works of J.S. Bach.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Graduate Music major who has passed audition; Credit is allowed for only MUP 549 or 598 (Unaccomp Bach Perf & Analysis)   |
| MUP     | 550         | Choral Union   | Open to all students in the university and to interested singers in the community by audition. Preparation and performance of the larger choral works. 2 hours per week. An audition is required to participate in the ensemble.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 551         | Repertoire   | Literature available for performance in all performing media.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 554         | Major Repertoire, Score Study, and Performance Practice      | Conducting course comprising a survey of significant repertoire (encompassing, over multiple semesters, literature from choral, musical theater/opera, orchestral, and wind band genres); an introduction to historical performance practice; and a range of score study techniques. Conducting majors are required to enroll each semester (or as advised) and, subsequently: display a comprehensive historical knowledge of the repertoire and development of ensembles over the past 500 years, demonstrate command of standard performance practices with respect to each historical era, and exhibit a clear understanding of varied methods of score study.  | Y                 | SEM               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: DMA Conducting major  |
| MUP     | 555         | Men's Chorus   | Rehearsal and performance of music for mixed voices. 3 hours per week. An audition is required to participate in the ensemble.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 557         | Women's Chorus   | Rehearsal and performance of music for mixed voices. 2 hours per week. An audition is required to participate in the ensemble.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 558         | ASU Gospel Choir   | The ASU Gospel Choir is a vocal ensemble open to students and community members regardless of their faith. The ensemble performs a variety of song forms drawn from the African American religious tradition, including traditional and contemporary gospel, anthems, hymns and spirituals. The Gospel Choir maintains an active performance schedule both on and off campus.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 560         | The Visiting Quartet Residency Program                       | Develops skills as a chamber musician and provides opportunities to work with members of the visiting string quartet in residence.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Pre-requisite: Graduate Music major who has passed audition  |
| MUP     | 561         | Marching and Concert Bands                                   | Staging of formations and drills for football games and other events (fall); masterpieces of symphonic band literature (spring). Meets MWF. An audition may be required to participate in the ensemble.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 565         | Acting and Movement  | Process class with exercises specifically developed to assist the student actor to learn the fundamental techniques of acting with an emphasis on the actor's approach to characterization.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music major who has passed an audition; Credit is allowed for only MUP 565 or MUP 598 (Acting for Singers)     |
| MUP     | 566         | Broadway Dance   | Designed for students in the collaborative performance areas of musical theatre (music, theater and dance). Examines the development of landmark styles and theories specifically in musical theater and Broadway dance.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music major who has passed an audition; Credit is allowed for only MUP 566 or MUP 598 (Musical Theatre: Dance) |
| MUP     | 570         | Music Theatre: Techniques                                    | Exercises and improvisations for the singing actor emphasizing body awareness, isolations, and freedom of the vocal and breath mechanisms.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 571         | Music Theatre: Workshops                                     | Develops specific skills for the musical-dramatic interpretation.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 573         | Music Theatre: Performance                                   | Participation in Lyric Opera Theatre productions.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 574         | Music Theatre Technical Production                           | Introduces technical music theatre. Classroom study of costumes, sets and lighting (Section 1, Topic: Tech) followed by practical experience on a technical running crew for a Lyric Opera Theatre production (Section 2 Topic: Problems). The two sections should be taken in consecutive semesters.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 576         | New Music Ensemble   | Rehearsal and performance of music written in the last 20 years.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 579         | Chamber Music Ensembles                                      | String, brass, woodwind, percussion, keyboard, vocal, and mixed ensembles. 2 hours per week.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 581         | Performance Pedagogy and Materials                           | Principles and methods of performance techniques for each performance field.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 582         | Vocal Acoustics and Production                               | In-depth approach to the psychological/physiological workings of the vocal mechanism.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music student  |

| MUP     | 584         | Internship                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student       |
| MUP     | 585         | Percussion Ensemble         | Rehearsal and performance of standard and original repertoire for the percussion ensemble and related instruments. 2 hours per week.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student       |
| MUP     | 586         | Jazz Band                   | Rehearsal and performance of new, traditional, and Latin literature for jazz bands. 4 hours per week.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student       |
| MUP     | 587         | Ethnomusicology Ensembles   | Performance learning experience for the music of various cultures of the world.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student       |
| MUP     | 588         | Collaborative Piano         | Piano accompaniments found in vocal and instrumental literature; discussion of styles and performance practices; experience in public performance. 2 hours per week.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 590         | Reading and Conference      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 591         | Seminar                     | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 594         | Conference and Workshop     | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 595         | Continuing Registration     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 596         | Solo Performance            | May be full recital, major operatic role, solo performance with orchestra, ensemble, or lecture recital.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 597         | Solo Performance            | See MUP 596.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 598         | Special Topics              | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student       |
| MUP     | 599         | Thesis                      | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 600         | Research Methods            | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 680         | Practicum                   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 683         | Fieldwork                   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 684         | Internship                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 690         | Reading and Conference      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 691         | Seminar                     | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 692         | Research                    | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 693         | Applied Project             | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Graduate Music major who has passed audition |
| MUP     | 695         | Continuing Registration     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. | MUP     | 790         | Reading and Conference      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |
| MUP     | 791         | Seminar                     | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |
| MUP     | 792         | Research                    | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-15  |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |
| MUP     | 795         | Continuing Registration     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |
| MUP     | 796         | Solo Performance            | May be full recital, major operatic role, solo performance with orchestra, ensemble, or lecture recital.  | N                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-15  |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |
| MUP     | 799         | Dissertation                | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-15  |                 | Pre- or corequisite(s): Doctoral Music major who has passed audition |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| MUS     | 100         | Fundamentals of Music Notation                | Provides nonmusic majors with sufficient symbol literacy to begin work in the field of musical learning. Credit not applicable toward any music degree.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     |                 |  |
| MUS     | 131         | Bach to Bebop                                 | Develops an understanding of the repertoire for the various musical instruments and ensembles throughout the five eras being studied and discernment through listening different genres of music. For the lectures regarding instruments, introduces students to the respective repertoire for the instrument from c. 1700-present with special emphasis on how the use of the instrument developed throughout history or during each era.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     |                 | Credit is allowed for only MUS 131 or 194 (Performance: Bach to Bebop)   |
| MUS     | 145         | Nonmajors Class Piano: Beginner               | For students with little or no previous music experience. Students learn beginning piano skills.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     |                 | Credit is allowed for only MUS 145 or MUS 194 (Non-Majors Beginning Class Piano I)   |
| MUS     | 191         | First-Year Seminar                            | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 1-3   |                 |  |
| MUS     | 194         | Special Topics                                | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 1-4   |                 |  |
| MUS     | 210         | The Arts Around Us                            | Develops the ability to think and create from an arts-rich perspective. In particular, focuses on the arts in the lives of children and youth, arts experiences for children and youth in the community, and one's personal experiences with the arts.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 210 or 294 (The Arts Around Us)   |
| MUS     | 211         | Dance, Music and Meaning                      | Explores the fundamental nature of human experience across time and culture through the medium of dance and music using a variety of dance and musical materials including folk dance and music, popular dance and music, and such theatrical forms as ballet and modern dance and the music connected with them.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 211 or 294 (Dance, Music, and Meaning)  |
| MUS     | 212         | Music, Meaning and Imagination                | Explores how music provides ways to make meaning of the world around us and music as a medium for creative thinking and doing. Develops understanding by trying on roles ranging from critics to creators in both individual and group projects.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 212 or 294 (Music, Meaning and Imagination)   |
| MUS     | 213         | Critical Thinking in the Arts                 | Fosters critical thinking abilities in relationship to performing and visual arts. Students learn how to listen to music and view art analytically. Develops and applies knowledge of common elements (within and across art forms) such as form, texture, balance and contrast in order to enhance understanding both of arts processes and products.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              |  |
| MUS     | 214         | Art, Music and Learning                       | Offers an integrated introduction to, and examination of, the core structural and formal elements of visual art and music in the context of contemporary experiences and learning process.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              |  |
| MUS     | 215         | Children, Creativity, Arts                    | Interdisciplinary exploration of children's creative processes through critical analysis, hands-on participation and personal reflection. Specifically focuses on creative processes in the arts.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              |  |
| MUS     | 231         | Laughing to Music                             | Modern-day comedies like Spamalot, Avenue Q, and Glee are part of a comic tradition extending back to the Renaissance. Looks at funny in music from commedia dell'arte to the present. Studies works including the comedies of Mozart, Gilbert and Sullivan, the Marx Brothers, Monty Python, Mel Brooks and many others.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 231 or 294 (Laughing to Music)  |
| MUS     | 240         | Listening to Music                            | Surveys the historical periods of music making in western civilization, the study of which will hopefully create within the student a listener with an appreciation for art music of many periods and provide more enjoyment in the process. Through lectures, presentations, readings, listening examples and video/DVDs, studies music identified as strong examples of the major periods, composers and compositions in the history of music. Students learn and adopt a minimum new language to help express the elements of music they experience and listen to and develop strategies for writing and communicating about what they hear and put words to how they respond to it. Because experiencing music performed live is an integral part of the learning process, students are required to attend concerts outside of class and submit critical reviews of what they hear. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU              |  |
| MUS     | 245         | Nonmajors Class Piano: Intermediate           | For students who have completed 1-3 years of piano study.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     |                 | Prerequisite(s): MUS 145 or MUS 194 (Non-Majors Beginning Class Piano I) with C or better; Credit is allowed for only MUS 245 or MUS 294 (Non-Majors Class Piano II) |
| MUS     | 254         | Blues to Heavy Metal                          | Covers important musicians and trends from the 1930s through the 1970s. Topics include blues, rhythm and blues, rockabilly, doo wop, teen idols, girl groups, dance craze, surf, novelty, soul, Motown, British invasion, art rock, psychedelic rock, hard rock, heavy metal, and early '70s styles. Emphasizes musical instruments and stylistic traits with historical information provided as background. Features listening examples drawn from selected artists and bands including popular songs and rarities, and demonstrations using various musical instruments and techniques.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 254 or 354 (Blues to Heavy Metal)   |

| MUS     | 362         | Rap Music and Hip Hop Culture     | Examines the history of rap music and hip hop culture from their origins to about 1995, including most, but not all, of the major artists from this period. Explores connections between rap music and other elements of hip hop culture, and challenges students to think critically about rap music and its place in society. Uses listening exercises, demonstrations, and conversations with artists to examine how rappers create meaning in their musical works. Drawing on secondary articles by rap critics and scholars, considers in detail such controversial subjects as censorship, sexism, obscenity, and race politics in America as they relate to rap music.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU & C          | Pre-requisite: Minimum 42 hours; Credit is allowed for only MUS 354 (Hip Hop) or 362     |
| MUS     | 371         | World Music                       | Provides an introduction to world music, including traditional and popular styles. Examines specific music genres from Africa, Asia, Europe, and the Americas and explores their historical development, cultural contexts, communicative functions, forms, styles, instruments and musical philosophies. Throughout the semester, considers the interrelationships among musical genres and other art forms (dance, theater, visual arts, and literature) and analyzes how these musics have intersected with the issues of race, class, gender, religion, ritual, politics, social movements and cultural identity. Students learn to hear and discuss significant stylistic elements of selected genres through listening assignments. | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU & G          | Pre-requisite: Minimum 45 hours; Credit is allowed for only MUS 371 or 394 (World Music) |

| MUS     | 792         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music                                  | 1-15  |                 |   |
| MUS     | 799         | Dissertation                                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music                                  | 1-15  |                 |   |
| NAN     | 505         | Nanoscience and Society                        | Integrates nanoscience and nanotechnology with potential societal issues involved in the students' NAN 593 Applied Projects. Coordinated by the faculty and research staff at the Center for Nanotechnology in Society.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 2     |                 |   |
| NAN     | 506         | Innovation and IP Management                   | Intellectual Property (IP) Management in the context of innovation (research, regulations, manufacture, access to markets, and trade) with emphasis on strategies, public-private interface, licensing, and technology transfer.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 2     |                 |   |
| NAN     | 511         | Materials Physics I                            | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Pre-requisites: Degree- or nondegree-seeking graduate; Credit is allowed for only MSE 526, NAN 511, PHY 511, or PHY 481   |
| NAN     | 512         | Materials Physics II                           | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Credit is allowed for only MSE 527, NAN 512, PHY 482 or PHY 512   |
| NAN     | 542         | Topics in Biophysics                           | Overview of modern biology, length scales: emphasizes molecular and cellular biology. Nonequilibrium systems: compare and contrast stochastic processes in biological and physical systems.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 |   |
| NAN     | 544         | Introduction to Nanoscience                    | Survey of nanoscience: quantum/ statistical mechanics/kinetics; measurement and fabrication methods; applications to materials, nano-electronics, molecular electronics and nano-biology.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CHM 544, NAN 544, PHY 444 or PHY 544  |
| NAN     | 546         | Surfaces and Thin Films                        | Thermodynamics and kinetics of surface structures and thin film processes. Ultra-high vacuum techniques for examining surfaces. Case studies of physics, chemistry and nanoscience applications.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Credit is allowed for only MSE 546, NAN 546 or PHY 546  |
| NAN     | 552         | Electron Microscopy I                          | Kinematical and dynamical electron diffraction and microscopy. Defect structure and composition using STEM imaging, x-ray and electron-energy-loss spectroscopy.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Credit is allowed for only MSE 552, NAN 552, PHY552 or SEM 552  |
| NAN     | 560         | Nanomaterials in Energy Production and Storage | Emphasizes the relationship among fundamental materials properties, chemical and energy transformation, as well as energy storage. Applications include the role of materials for photovoltaics, nanocatalysts, batteries, and fuel cells. Stresses fundamental principles and charge transfer processes in nanostructured materials in addressing energy needs. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Prerequisite(s): graduate Chemistry, Engineering or Physics major. Credit is allowed for only MSE 460 or MSE 494 (Nanomaterials In Energy Production and Storage) or MSE 560 or MSE 598 (Nanomaterials In Energy Production and Storage) or NAN 560 |
| NAN     | 564         | Bionanotechnology                              | The use of biomolecules, bioelectronics, and biomedicine for applications in nanotechnology.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 |   |
| NAN     | 571         | Quantum Physics                                | Review modern physics, chemistry, math. Differential equation, operator, matrix formulations. Free particle, bound state problems. Examples from physics, chemistry and nanoscience.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 3     |                 | Credit is allowed for only MSE 571, NAN 571 or PHY 571  |
| NAN     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 1-12  |                 |   |
| NAN     | 593         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Physics                            | 1-12  |                 |   |
| NAN     | 598         | Special Topics                                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics                            | 1-4   |                 |   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                        | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                  | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|-----------------------------|-------|-----------------|---|
| NAV     | 101         | Introduction to Naval Science            | Introduces the customs, traditions, missions and regulations of the Department of Defense, United States Navy and United States Marine Corps. Introductory course for the Naval Reserve Officer Training Corps (NROTC) by laying the basic foundation of knowledge about the Navy and Marine Corps required to progress through the NROTC program. Also provides the requisite knowledge to allow follow-on shipboard summer training to be safely and effectively conducted.                       | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 |   |
| NAV     | 102         | Sea Power and Maritime Affairs           | Informs the participants of the historical evolution of sea power for the U.S. Navy and world history. Also covers the evolution of international terrorism and the effects on U.S. strategies and policies regarding potential adversaries.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Credit is allowed for only NAV 102 or NAV 194 (Sea Power and Maritime Affairs)  |
| NAV     | 191         | First-Year Seminar                       | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Naval Science | 1-3   |                 |   |
| NAV     | 194         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 202         | Navigation                               | Basic principles, procedures and analytic processes of marine navigation.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Credit is allowed for only NAV 202 or NAV 294 (Navigation)  |
| NAV     | 294         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 301         | Naval Ship Systems I                     | Provides detailed knowledge of naval engineering systems and principles of ship construction. Topics covered include ship design, hydrodynamic forces, stability, conventional and nuclear propulsion, electrical theory and systems, hydraulics and ship control. Concepts of the theory and design of steam, gas turbine and diesel propulsion.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 301 or NAV 394 (Navy Ship Systems I - Engineering)                            |
| NAV     | 302         | Naval Ship Systems: Weapons              | Overview of the theory and concepts underlying modern weapon systems used aboard naval warships.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours. Credit is allowed for only NAV 302 or NAV 394 Naval Ship Systems II: Weapons                                 |
| NAV     | 303         | Evolution of Warfare                     | Provides marine option students with a basic understanding of the art, science and concepts of war from the beginning of recorded history to the present day. Addresses the interrelationships among technology, politics, culture and society to better understand warfare today and in the future.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours. Credit is allowed for only NAV 303 or NAV 394 Evolution of Warfare   |
| NAV     | 394         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 401         | Naval Operations and Seamanship          | In-depth study of numerous aspects relating to the efficient and professional manner of U.S. Navy ships' operations.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 401 or NAV 494 (Naval Operations and Seamanship)                              |
| NAV     | 402         | Leadership and Ethics                    | Applies leadership and ethical theories discussed to an actual leadership or ethical dilemma or issue that Junior Officers in the Fleet or FMF are currently facing or have faced in the recent past.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 402 or NAV 494 (Leadership and Ethics)  |
| NAV     | 403         | Amphibious Warfare                       | Focuses on the historical aspect of amphibious operations. Emphasizes how the development of this war fighting discipline played a key role throughout much of the early history of the Marine Corps.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 394 (Amphibious Warfare) or NAV 403   |
| NAV     | 494         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 499         | Individualized Instruction               | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | Department of Naval Science | 1-3   |                 |   |
| NEU     | 494         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Life Sciences     | 1-4   |                 |   |
| NEU     | 555         | Advanced Molecular and Cellular Sciences | Study of structural and functional organization of biomolecules and cells, based on current literature.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Life Sciences     | 1-6   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MCB 555 or NEU 555                           |
| NEU     | 556         | Human Systems Neuroscience               | Systems-level neuroscience course focusing on human diseases. Classes involve lectures and/or other activities such as observations of clinical procedures and tours of clinical facilities (e.g., the neurosurgical suite, imaging facilities).  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Life Sciences     | 4     |                 | Prerequisite(s): BME PhD student or Neuroscience PhD student; Credit is allowed for only BIO 598 (Human Sys Neuroscience) or BME 556 or NEU 556 |
| NEU     | 558         | Neuroscience Journal Club                | Small class emphasizing discussion, presentation by students, and written research papers.  | N                 | SEM               | Y               | GNA           | Liberal Arts and Sciences | School of Life Sciences     | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)   |
| NEU     | 591         | Seminar                                  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Life Sciences     | 1-12  |                 | Pre-requisites: Interdisciplinary Graduate Program in Neuroscience PhD students   |
| NEU     | 592         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | GRD           | Liberal Arts and Sciences | School of Life Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 593         | Applied Project                          | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Life Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 598         | Special Topics                           | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Life Sciences     | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 784         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Life Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 790         | Reading and Conference                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of Life Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 792         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of Life Sciences     | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 795         | Continuing Registration                  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | N                 | RSC               | Y               | Z3            | Liberal Arts and Sciences | School of Life Sciences     | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| NEW     | 100         | Introduction to Conflict Resolution                   | Introduces students to theory, research and practice of communication and language skills which are useful in conflict management, negotiation, transformation, reconciliation and forgiveness. Gives students access to practical exercises and role-playing opportunities. Critical thinking and critical decision-making are embedded in both the theory and the practice in this course and apply to the personal, professional and cross-cultural levels of interaction.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences   | School of Social and Behavioral Sciences      | 3     |                 |  |
| NEW     | 101         | The ASU New College Experience                        | Required, one-credit course for new incoming freshmen. Offered in small classes capped at 19, introduces students to the unique elements, culture, challenges and opportunities of their university. Covers several core topics, including how to be successful at ASU, what it means to be a New College student, understanding interdisciplinarity, the significance of academic integrity, academic skill building, advising, service learning, the freshman first-year reading and discovering your major and/or career.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 1     |                 | Credit is allowed only for ASU 101 or NEW 101  |
| NEW     | 191         | First-Year Seminar                                    | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | GNA           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 1-3   |                 | Prerequisite(s): freshman standing with 25 or fewer hours  |
| NEW     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | GNA           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 1-4   |                 |  |
| NEW     | 200         | Innovation Challenge, Service Learning and Leadership | Integrates academic coursework with lessons in leadership, community engagement and service learning in order to cultivate students' civic mindedness, knowledge and sensibility to issues of social justice and community engagement. Students develop solutions to real-life challenges and participate in implementing a community-based service learning project. Applying multicultural engagement and interdisciplinary knowledge and critical thinking skills to civic responsibility, course provides students with skills and knowledge applicable to the mission and goals of ASU and the New College.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Credit is allowed for only NEW 200 or IAS 294 (Innovation Challenge, Service Learning, Leadership) |
| NEW     | 210         | From Passion to Practice: Charting Your Path          | Part self-discovery, part professional boot camp, this highly interactive course allows students to explore their strengths and passions and utilize them most effectively in their careers. Drawing upon the expertise of successful leaders and organizations from diverse professions as they are presented in text, video and in person, students learn skills and methodology that prepare them for entry into a fulfilling profession.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Credit is allowed for only IAS 294 (Passion to Practice: Charting Your Path) or NEW 210            |
| NEW     | 225         | Building a Better You                                 | Equips students to manage their lives effectively and integrate beliefs, values and skills into fulfilling careers. Students develop a focused career path based upon their learning profile, interests and self-knowledge. Develops critical thinking and reading skills needed for effective decision making and communication. Uses the Let Me Learn Advanced Learning System® to enhance self-awareness and growth.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences   | Dean, New Interdisciplinary Arts and Sciences | 3     |                 |  |

| NLM     | 380         | Financial Management for Nonprofit Organizations | Instructs students about nonprofit financial, management, and social accounting; accounting issues specific to nonprofits; budgeting; reporting; and nonprofit analysis.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): Nonprofit Leadership and Management major or Nonprofit Administration minor or American Humanics certificate; NLM 220 with a C or better   |
| NLM     | 394         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |   |
| NLM     | 402         | Assessment and Evaluation of Community Services  | Introduces applied leisure research with emphasis on program evaluation, research design, data collection techniques, and data analysis.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): CSM 401, NLM 410, PRM 401, or TDM 401 with C or better if completed; Credit is allowed for only CRD 402 or CSM 402 or NLM 402 or PRM 402 or TDM 402   |
| NLM     | 403         | Leadership and Professional Development          | Examines leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): NLM 210, PRM 210, or TDM 210 with C or better; NLM 301, PRM 301, or TDM 301 with C or better; senior standing; 2.50 minimum GPA; Credit is allowed for only CRD 403 or NLM 403 or PRM 403 or TDM 403       |
| NLM     | 410         | Social Entrepreneurship                          | In-depth study of social entrepreneurship, including how ideas are formulated, constructed, and implemented; experiential learning in developing a social enterprise plan.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): Cross-Sector Leadership certificate or NLM 220; Credit is allowed for only CPP 410 or NLM 410  |
| NLM     | 420         | Nonprofit Leadership Alliance Institute          | Nonprofit Leadership Alliance Institute for preparation of nonprofit professionals. Requires out-of-state conference.   | Y                 | LEC               | Y               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-2   |                 | Pre-requisite: Nonprofit Leadership Alliance (formerly American Humanics) certification program students  |
| NLM     | 430         | Managing Nonprofit Organizations                 | Analyzes administrative structures, decision making, and program delivery within nonprofit organizations.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | L               | Prerequisite(s): NLM 220 with C or better; NLM 300 with C or better; senior standing  |
| NLM     | 435         | Service Learning for Community Development       | Applies youth and adult development theories through community service immersion in collaboration with local nonprofit partners.  | N                 | REC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): Minimum 45 hours. Credit is allowed for only CRD 435 or NLM 435  |
| NLM     | 451         | Grant Writing                                    | How to increase grant funding: creating fundable ideas, identifying sponsors, following guidelines, writing effectively, constructing budgets, responding to reviewers.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Credit is allowed for only NLM 451, 565 or PRM 451  |
| NLM     | 463         | Senior Internship                                | Supervised guided experience in selected agencies.  | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 6-12  |                 | Prerequisite(s): CRD 403 or PRM 413 with C or better; CSM 402 or NLM 402 or PRM 402 or TDM 402 with C or better; Credit is allowed for only CSM 463 or NLM 463 or PRM 463 or TDM 463  |
| NLM     | 484         | Internship                                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Pre-requisites: TDM 205 or NLM 220 or PRM 210; Minimum 72 hours; Minimum 2.50 GPA; Non-SCRD majors  |
| NLM     | 492         | Honors Directed Study                            | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| NLM     | 493         | Honors Thesis                                    | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| NLM     | 494         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |   |
| NLM     | 497         | Honors Colloquium                                | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| NLM     | 498         | Pro-Seminar                                      | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-7   | L               |   |
| NLM     | 499         | Individualized Instruction                       | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-3   |                 |   |
| NLM     | 510         | The Nonprofit Sector                             | Provides grounding in scope, function and philosophical foundations of the nonprofit sector in American society, including civic engagement, service delivery, reproduction of values and entrepreneurship.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NLM     | 520         | Financial and Resource Management                | Baseline understanding of key and critical financial management issues and practices for nonprofit organizations.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NLM     | 525         | Fundraising and Resource Development             | Examines fundraising and resource development in philanthropy from the perspective of the nonprofit practitioner. Also examines issues confronting nonprofit organizations related to fundraising and philanthropic purposes in society. Increases students' knowledge and understanding of charitable giving and fundraising--who gives to what, why, and how to raise funds for a cause. Examines a wide range of fundraising methods and tools. Focuses on critical thinking, reflection on practice, collaboration, discussion and writing. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NLM     | 530         | Program Evaluation and Information Management    | Develops skills in several areas, including evaluation, needs assessment, information and data collection, data management and analysis, computer applications, and report writing.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NLM     | 540         | Strategic Human Resources Management             | Managing human resources in nonprofit organizations; practices and theories.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| NLM     | 545         | Volunteer Resource Management                              | Core topics in effective management of volunteers in carrying out the mission of organizations and ensuring volunteers have good experience with community organizations.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only NLM 545 or 598 (Volunteer Resource Management)   |
| NLM     | 550         | Philanthropy   | Examines the role of philanthropy and charitable giving in contemporary American society from perspectives of the nonprofit practitioner, the philanthropist and the general public.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 560         | Leadership and Ethics in the Nonprofit Sector              | Examines leadership and ethical questions encountered by managers and leaders in the nonprofit organizations.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 562         | Social Entrepreneurship                                    | Introduces social entrepreneurship, including how ideas are formulated, constructed, and implemented; experiential learning in developing a social enterprise plan.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 565         | Grant Writing Nonprofit Organizations                      | Provides practical, experiential instruction identifying grant makers, writing proposals, developing budgets, and evaluating grant proposals for the nonprofit sector. Students develop proposals based on actual, identified needs of their partner nonprofit organization.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only NLM 451, 565 or PRM 451  |
| NLM     | 570         | International Non-Governmental Organizations               | Increases knowledge and understanding of international non-governmental organizations by examining what these organizations do and how they operate in a cross-cultural context.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 572         | Community and Social Innovations                           | Considers community innovation and development from the perspective of achieving balance among economic, environmental, social, physical and political realms as a framework of sustainability.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CRD, NLM 572 or NLM 598 (Community & Social Innovations)   |
| NLM     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 590         | Reading and Conference                                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 |  |
| NLM     | 595         | Continuing Registration                                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 605         | Nonprofits, Law and Society                                | Enhances the legal sensibilities of nonprofit leaders and engaged stakeholders. This necessitates critical in-depth understanding of: (1) legal needs common to all nonprofit organizations, regardless of mission or area of focus such as nonprofit corporation law, tax-exempt status, fiduciary duties and fundraising and lobbying ethics and parameters; (2) commonalities among nonprofit, for-profit and governmental enterprises operating within similar spheres of society, especially the importance of nonprofit organizations' compliance with laws generally applicable to specific subsectors such as contracts, labor and employment, volunteer and premises liability, and intellectual property; and (3) the overall importance and impact of legal structures on nonprofit organizations' abilities to successfully pursue their missions for the benefit of society. | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 610         | Executive Leadership and Governance                        | Examines the multiplicity of roles for executives and board of directors in providing strategic leadership for nonprofits.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 620         | Capstone: Integrative Seminar                              | Improves understanding of trends emerging within nonprofits such as leadership, resource development, and social responsibility.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite: Master of Nonprofit Studies major  |
| NTR     | 100         | Introductory Nutrition                                     | Basic concepts of human nutrition. Recent controversies in nutrition and how food choices affect personal health.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 |  |
| NTR     | 142         | Applied Food Principles                                    | Applied scientific principles of food preparation and production.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 |  |
| NTR     | 150         | Introduction to the Professions in Nutrition and Dietetics | Introduces the professions of nutrition and dietetics; their history, practice, and future; credentials, ethics, and standards of practice.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 1     |                 |  |
| NTR     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 1-4   |                 |  |
| NTR     | 241         | Human Nutrition  | Principles of human nutrition. Emphasizes nutrient metabolism and the relationships between diet and disease.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 | Prerequisite(s): CHM 101, 113, or 114  |
| NTR     | 290         | Introduction to Evidence-Based Practice                    | Introduces best practices for gathering, interpreting, analyzing, synthesizing and evaluating research within the health and health care professions.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     | L               | Prerequisite(s): College of Health Solutions major; ECN 221, HCD 300, JUS 302, PBH 300, POS 401, PSY 230, SOC 390, STP 226, STP 231 or SWU 321 with C or better; Credit is allowed for only KIN 290 or NTR 290 |
| NTR     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 1-4   |                 |  |
| NTR     | 300         | Computer Applications in Nutrition                         | Introduces nutrition and food software, including dietary assessment and analysis, food inventory and control, and telecommunications.  | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 | Pre-requisites: NTR 100 or 241   |
| NTR     | 302         | Digital Technologies in Nutrition Communication            | Fundamental skills in use of digital technologies in nutrition communications, including presentation, video and Web design software.   | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 | Prerequisite(s): NTR 100 or 241; Credit is allowed for only NTR 302 or NTR 394 (Digital Technologies in Nutrition Communication)   |
| NTR     | 320         | History of Human Nutrition                                 | Origins of human nutrition; evolving theories of nutrition and disease; historical role of nutrition in social, military, cultural events.  | N                 | LEC               | N               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion      | 3     |                 | Pre-requisites: NTR 100 or 241   |

| NTR     | 341         | Medical Nutrition Therapy I                                       | First in a three-course sequence in medical nutrition therapy. Introduces the study of nutritional therapy of disease and evidence-based practice in prevention and nutritional management of diseases. Nutrition care planning for chronic diseases is taught via a variety of methods including case studies.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisites: NTR 100 or 241  |
| NTR     | 343         | Food Service Purchasing   | Introduces purchasing systems, bid processes, receiving and storage procedures, and regulatory agencies involved in the food service industry.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisite: NTR 100 or 241   |
| NTR     | 344         | Nutrition Management and Leadership                               | Organization, administration, management and leadership in the nutrition field within healthcare, food service and other institutions.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | L               | Prerequisite(s): NTR 100 or NTR 241   |
| NTR     | 345         | Development of Healthy Cuisines                                   | Principles and applications of nutrition, food selection, food preparation and mindful eating in the development of healthy cuisine for wellness, prevention and disease states.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): NTR 100 or 241   |
| NTR     | 348         | Cultural Aspects of Food  | Origins, development, and diversity of food preferences and dietary habits; food patterns and attitudes of global populations and U.S. immigrants.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | SB & C & G      | Pre-requisites: NTR 100 or 241  |
| NTR     | 350         | Nutrition Counseling  | Counseling techniques in nutrition; interpersonal and communication skills in clinical and community sites; nutrition education for individuals and populations.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): NTR 341 with C or better or NTR 345  |
| NTR     | 351         | Nutrition Communication   | Approaches of nutrition and health communications; development of nutrition and health communication materials for selected target audiences.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | L               | Prerequisite(s): ENG 101, 105, or 107 with C or better; NTR 100 or 241  |
| NTR     | 353         | Perspectives on the Western Diet: Food, Health and Sustainability | Hybrid course covering political, ethical, social and cultural issues inherent in the U.S. food system. Topics include examination of U.S. food guidance; the food system and food environment; the history of food and farm policy; food security and aspects of sustainability in relation to food system impacts on the health of humans, society and the environment. | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only NTR 353 or NTR 394 (The Western Diet: Food, Health, & Sustainability) or SOS 353  |
| NTR     | 355         | Eating for Lifelong Health  | Examines dietary choices throughout the life span and how they impact personal health and wellness. Prepares health and wellness team members to evaluate consumer and professional materials on dietary choices.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | SB              | Prerequisite(s): NTR 100 or 241   |
| NTR     | 360         | Entrepreneurship and Value Creation                               | Exploration of entrepreneurial opportunities in nutrition, food service, wellness and health communications.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only FSE 301 or MGT 360 or NTR 360 or NTR 494 (Nutrition Entrepreneurship)   |
| NTR     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-4   |                 |   |
| NTR     | 400         | Preprofessional Preparation in Dietetics                          | Applies academic knowledge in field practicum; aspects of professional development.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1     |                 | Prerequisite(s): Nutrition (Dietetics) BS major; NTR 341 with C or better; NTR 440, 441, or 444 with C or better; minimum senior standing   |
| NTR     | 401         | Preprofessional Preparation in Nutrition                          | Applies academic knowledge in food service management to field practicum; develops practical skills in planning, purchasing, production, management.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): Nutrition (Human Nutrition) BS, Nutrition BS, or School Nutrition certificate student; senior standing; Pre- or corequisite(s): NTR 343, 351, or 444                                       |
| NTR     | 440         | Advanced Human Nutrition I  | Metabolic reactions and interrelationships of vitamins, minerals, and water.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): BIO 202 with C or better; NTR 241 with C or better; NTR 341 with C or better; Pre- or corequisite(s): BCH 361 with C or better if completed; Credit is allowed for only NTR 440 or NTR 540 |
| NTR     | 441         | Advanced Human Nutrition II                                       | Metabolic reactions and interrelationships of carbohydrate, lipid, and protein.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): BCH 361 with C or better; BIO 202; NTR 241; Credit is allowed for only NTR 441 or NTR 541  |
| NTR     | 442         | Experimental Functional Foods                                     | Food product development techniques, food evaluation and testing, and investigation of current research into food composition.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisite: CHM 101 or CHM 113; NTR 142; NTR 100 or NTR 241  |
| NTR     | 444         | Medical Nutrition Therapy II                                      | Second in a three-course sequence in medical nutrition therapy. Covers the principles of medical nutrition therapy for prevention and treatment of disease and promotion of health.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): BIO 202; NTR 341 with C or better; Credit is allowed for only NTR 444 or NTR 544   |
| NTR     | 445         | Management of Food Service Systems                                | Standardized methods of quantity food preparation, operation of institutional equipment, institutional menu planning, quantity food experiences.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisite: NTR 100 or NTR 241; NTR 142; NTR 343; Credit is allowed for only NTR 445 or 545  |
| NTR     | 446         | Medical Nutrition Therapy III                                     | Third in a three-course sequence in medical nutrition therapy. Content includes hands-on assessment techniques, evaluation and interpretation of laboratory data, and nutrition support with relation to disease process and progression. Nutrition assessment is taught via a variety of methods including case studies.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 4     |                 | Prerequisite(s): NTR 444 with C or better; Pre- or corequisite(s): BCH 361; Credit is allowed for only NTR 446 or NTR 546   |
| NTR     | 448         | Community Nutrition   | Food-related behaviors; organization and delivery of nutrition services; program design, implementation, and evaluation strategies; nutrition assessment of populations.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | L               | Pre-requisite: NTR 100 or NTR 241; Credit is allowed for only NTR 448 or 548  |
| NTR     | 450         | Nutrition in the Life Cycle                                       | Nutritional needs and problems in pregnancy and lactation, infancy, childhood, adolescence, adults and older adults. Analysis of cultural, environmental, behavioral, psychosocial, physical and socio-economic factors affecting nutritional status through the life span.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     | SB              | Pre-requisite: NTR 100 or NTR 241; Credit is allowed for only NTR 450 or 550  |
| NTR     | 453         | Nutrition and the Media   | Examines the promotion of nutrition ideas and concepts through media.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisites: Minimum 45 hours; Credit is allowed for only NTR 453 or 494 (Nutrition and the Media)   |
| NTR     | 455         | Retail Food Service Operations                                    | Development, evaluation and management of retail food service operations; legal and ethical issues in food and beverage management. Capstone course for food management degrees.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisites: NTR 100 (or 241); Junior standing   |
| NTR     | 457         | Sports Nutrition  | Nutritional needs of recreational and elite athletes; energy balance; nutrient metabolism during activity; fluid-electrolyte regulation; evaluation of ergogenic supplements.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisites: BIO 201; NTR 241  |
| NTR     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| NTR     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| NTR     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-4   |                 |   |
| NTR     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-7   | L               |   |

## ASU Course Catalog Archive - Fall 2018

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NTR     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-3   |                 |   |
| NTR     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 501         | Research Methods in Nutrition II   | Reviews survey, focus group, and epidemiologic research; develops questionnaires; analyzes large data sets.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 502         | Statistics in Research   | Covers the fundamental principles of the scientific process. Critically reviews scientific articles including review articles. In particular, students understand study limitations and how they impact data interpretation and generalizability. Basic training in statistical analyses using the statistics program SPSS.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 502 or NTR 598 (Statistics in Research)  |
| NTR     | 503         | Designing Health Behavior Change Interventions   | Project-based course focuses on the process of health behavior change interventions using design process and behavioral science.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only NTR 503 or 598 (Designing Health Behavior Change Interventions)                                    |
| NTR     | 510         | Food and Nutrition Across the Lifespan   | Examines the nutritional needs of humans as they move through the lifespan from pre-conception through elder years. Highlights conditions that may alter or substantially impact nutrition at these stages using case studies and medical reviews. Reviews programs that provide support for food or nutrition education at various life stages including changes in needs for specific macronutrients and micronutrients. Diet assessment techniques and diet prescription strategies to meet needs during various life stages.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 511         | Medical Nutrition in the Care and Prevention of Disease  | Provides an overview of the role of nutrition in medical practice and disease prevention. Includes an introduction to nutrition-based approaches in the prevention and treatment of chronic diseases such as obesity, cardiovascular disease, diabetes, cancer and gastrointestinal diseases. Discusses integrative aspects of nutrition along with review of normal digestion and absorption and a discussion of disorders arising from abnormalities in these processes. An introduction to clinical nutrition assessment and the basics of nutrition support will also be provided. Utilizes relevant clinical case discussions along with review of the literature and current authoritative guidelines to reinforce the content. Students learn how to individualize nutrition recommendations and utilize motivational interviewing for patients with the various above-listed needs. | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 523         | Vegetarian Nutrition   | Health benefits, nutritional characteristics, potential risks of vegetarian diets.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 524         | Chronic Inflammation and Metabolic Syndrome: The Common Pathway for Cardiovascular Disease, Diabetes | Examines how diet and lifestyle contribute to the development of metabolic syndrome. Reviews and discusses various risk factors that comprise metabolic syndrome through lectures and readings. Reviews chronic inflammation as a common etiology for chronic disease. Highlights nutrition interventions to treat and to prevent chronic inflammation using case studies and medical reviews.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 525         | Complementary Nutrition  | Critical review of functional foods, phytochemicals, nutrient supplements in health promotion.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 527         | Policies, Environment, and Obesity Prevention  | Enhances students' understanding of the role policies and environments play in health promotion and disease prevention with a special focus on obesity prevention. Looks at a variety of examples to see how policies and environments related to food, nutrition and physical activity affect individual and community health. Also explores how "non-health" policies can be used as an effective tool to promote healthy behaviors.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 529         | Pediatric Nutrition  | Critical review of pediatric disease states and current nutritional therapies.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 530         | Techniques of Health Coaching  | Health coaching techniques and skills for medical, allied health and health promotion professionals. The content illustrates the theory, principles and practices of evidence-based coaching psychology. Aligns with the training programs affiliated with Wellcoaches® (endorsed by the American College of Sports Medicine). Designed in three parts: (1) building of core coaching skills; (2) establishing generative moments with clients; and (3) developing coaching presence and positive psychology.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only HSC 440 or HSC 498 (Health Coaching Concepts Skill) or HSC 598 (Health Coaching Concepts Skill) or NTR 530 |
| NTR     | 532         | Endocrine Pathophysiology and Nutrition  | Explores the etiology of various endocrine pathophysiological conditions. Throughout the course, students learn the etiology of common conditions and are responsible for finding and presenting evidence for nutrition-based treatments for these conditions. At the conclusion of the course, students gain an appreciation and understanding of current research in nutrition-based approaches to treat endocrine disorders.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 533         | Ethics and Policy of American Diets  | Political and ethical issues inherent in the U.S. food system. Topics include food and agricultural policy, government dietary recommendations and regulations, food environment, current issues in food politics, ethical questions of food choice, issues of obesity and food security, sustainability, and investigation of how and why Americans eat the way they do.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 535         | Nutrigenomics  | Provides a sound foundation for promoting personalized nutrition by integrating and applying molecular nutrition and nutritional biochemistry to clinical settings.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Pre-requisite: BCH 361; BCH 367; NTR 440 or 441   |
| NTR     | 537         | Evidenced-Based Nutrition  | Reviews current evidence of the role of diet on disease prevention, development, and management.  | N                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 539         | Global nutrition   | Provides an overview of global nutrition issues, including the epidemiology, etiology, sociocultural and economic context, and program and policy responses to nutrition-related topics. Areas to be covered include childhood malnutrition, growth stunting, micronutrient deficiencies, parasites and nutrition, sanitation, and obesity and chronic disease incidence in developing countries. Course is participatory; students engage in a series of class activities, discussions, and presentations.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 |   |
| NTR     | 540         | Advanced Micronutrient Metabolism  | Metabolism of vitamins and minerals, primarily as applied to humans, with research literature emphasized.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Credit is allowed for only NTR 440 or 540   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                                    | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                               | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|--|
| NTR     | 541         | Advanced Macronutrient Metabolism                    | Metabolism of protein, fat, and carbohydrate, primarily as applied to humans, with research literature emphasized.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Credit is allowed for only NTR 441 or 541  |
| NTR     | 544         | Therapeutic Nutrition                                | Current theories of the nutritional prevention or treatment of various diseases.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Credit is allowed for only NTR 444 or 544  |
| NTR     | 545         | Management of Institutional Food Service Systems     | Standardizes methods of quantity food preparation, operation of institutional equipment, institutional menu planning, quantity food experiences. May require field trips.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Credit is allowed for only NTR 445 or 545  |
| NTR     | 546         | Assessment Techniques in Nutrition                   | Clinical and biochemical evaluation of nutritional status.  | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 446 or NTR 546  |
| NTR     | 548         | Advanced Community Nutrition                         | Planning, development, implementation, and evaluation of community nutrition programs, including the process of grant applications.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Credit is allowed for only NTR 448 or 548  |
| NTR     | 550         | Advanced Nutrition in the Life Cycle                 | In-depth review of metabolic characteristics and nutritional needs during pregnancy and lactation, infancy, childhood, adolescence, adults and older adults. Analysis of cultural, environmental, behavioral, psychosocial, physical and socio-economic factors affecting nutritional status through the life span.   | N                 | LEC               | N               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): graduate student (degree seeking or nondegree seeking). Credit is allowed for only NTR 450 or NTR 550                               |
| NTR     | 551         | Geriatric Nutrition                                  | Explores the impact of nutrition on the aging process and how the aging process influences nutritional needs. Examines the physiology, demographics and economics of aging as well as issues such as end-of-life care. Addresses health promotion, disease prevention and disease management within the context of geriatric nutrition.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 553         | Nutrition and Cardiovascular Disease                 | Reviews current evidence of the role of diet on cardiovascular disease prevention, development and management.  | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): NTR 541. Credit is allowed for only NTR 553 or NTR 598 (Nutrition and Cardiovascular Disease) or NTR 537 (Cardiovascular Nutrition) |
| NTR     | 555         | Nutrition and the Athlete                            | In-depth study of current practices in sports nutrition and review of scientific literature. Also investigates the application of sports nutrition methodologies.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 555 or NTR 598 (Advanced Sports Nutrition)            |
| NTR     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 |  |
| NTR     | 590         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 |  |
| NTR     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 593         | Applied Project                                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 595         | Continuing Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded and no grade is assigned. | Y                 | LEC               | Y               | Z3            | College of Health Solutions | School of Nutrition and Health Promotion | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 598         | Special Topics                                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | SEM               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 690         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 784         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Health Solutions | School of Nutrition and Health Promotion | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| NUR     | 478         | Nursing Practice: Complex Care   | Applies advanced psychomotor and leadership skills, nursing care delivery management, and interprofessional referral and collaboration for clients experiencing health alterations across the lifespan in advanced care settings.   | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): NUR 315 with C or better; NUR 317 with C or better; NUR 415 with C or better; NUR 417 with C or better; NUR 367 with Y grade; NUR 475 with Y grade; NUR 477 with Y grade; Corequisite(s): NUR 418 |
| NUR     | 479         | Nursing Practice: Clinical Immersion   | Builds on the knowledge and skills obtained in the nursing curriculum and integrates the curriculum concepts in varied and diverse practice settings. Supports the student's transition into the role of the professional registered nurse.   | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): NUR 315 with C or better; NUR 317 with C or better; NUR 415 with C or better; NUR 417 with C or better; NUR 367 with Y grade; NUR 475 with Y grade; NUR 477 with Y grade; Corequisite(s): NUR 419 |
| NUR     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Upper Division Nursing Program students  |
| NUR     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| NUR     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| NUR     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-4   |                 | Pre-requisites: Upper Division Nursing Program students  |
| NUR     | 495         | Public and Global Health in Nursing  | Analyzes public health concepts, theories, and practice with a focus on the health of all clients in a global environment. Includes core public health functions, domestic and international health care delivery systems, public health and health policy, conceptual and scientific frameworks for community/public health nursing practice, epidemiology, and global health issues.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 4     | G               | Prerequisite(s): NUR 315 with C or better; NUR 391 with C or better; NUR 392 with C or better; NUR 440 with C or better; TWC 361 with C or better  |
| NUR     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| NUR     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-7   | L               | Pre-requisites: Upper Division Nursing Program students  |
| NUR     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-3   |                 |  |
| NUR     | 501         | Individual and Innovation Leadership in Advanced Nursing Practice                            | Examines the role and behaviors of an innovator in an advanced nursing practice role. Explores the skills required to create a compelling vision to influence others through innovation and ethical leadership. Examines and correlates different situational challenges utilizing principles of complexity and emotional intelligence to advance innovation in advanced nursing practice roles.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing MS student  |
| NUR     | 502         | Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion I  | Uses a lifespan developmental framework to present, integrate and interrelate advanced concepts, practices and principles applied to the biological, cognitive and psychosocial domains of health assessment, pathophysiology, and pharmacotherapeutics for health promotion appropriate to master's level nursing practice and roles.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): admission to a Nursing MS program   |
| NUR     | 503         | Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion II | Uses an at-risk population framework to present, integrate and interrelate advanced concepts, practices and principles applied to the biological, cognitive and psychosocial domains of pathophysiology, pharmacotherapeutics and health assessment for health promotion among vulnerable populations appropriate to master's level nursing practice and roles.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 502 with B- or higher   |
| NUR     | 508         | Interprofessional Care Coordination Practicum  | Care coordination practicum (90 approved contact hours) preceptored by a practitioner and/or faculty member. Practicum builds on care coordination and interprofessional collaborative practice core competencies, and theories, with an emphasis on the design, delivery and evaluation of culturally relevant and linguistically appropriate clinical prevention interventions, population health strategies and/or services that incorporate broad ecological, global and social determinants of health. Includes principles of epidemiological data; communication, quality improvement and health information technologies appropriate to master's level practice and roles within the context of team-based interprofessional clinical prevention and population health care and/or services. | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): Interprofessional Care Coordination MS student  |
| NUR     | 509         | Clinical Prevention and Population Health Practicum  | Preceptored practicum appropriate to master's level nursing practice and roles within the context of team-based interprofessional clinical prevention and population healthcare and/or services.  | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): NUR 501 with B- or better; NUR 502 with B- or better; NUR 503 with B- or better   |
| NUR     | 510         | Foundations of Care Coordination Practice  | Focuses on the theoretical concepts of care coordination and case management, including current models, intervention components, evaluation methods and financing. Provides the foundation for understanding care coordination and the roles nurses have played in the evolution and implementation of the care coordination models.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): admission to Nursing (Care Coordination) MS degree or certificate program   |
| NUR     | 511         | Concepts of Care Coordination and the Nurse's Role   | Focuses on how nurses make care coordination visible in nursing practice and make a difference in cost-efficiency, quality and safety outcomes. Prepares nurses to advance care coordination at the unit, organizational or systems levels.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre- or corequisite(s): NUR 510 with B- or better if completed   |
| NUR     | 512         | Improving Quality and Safety Outcomes Through Effective Care Coordination                    | Focuses on the nurse's role in care coordination, and how care coordination programs are used to provide cost-effective and patient-centered care, improve quality and safety outcomes for patients and families, and use health information technology to advance the goals of care coordination.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 510 with B- or better; NUR 511 with B- or better  |
| NUR     | 513         | Interprofessional Collaborative Practice and Transforming Health Care Policy                 | Examines the nurse's role in communicating, collaborating and leading interprofessional teams to advance innovative care coordination models. Prepares nurses to influencing health policy through care coordination research and leadership.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s) with B- or better: NUR 510; 511  |
| NUR     | 519         | Role-Focused Practicum: Care Coordination  | This mentored practicum provides the learner with opportunities to apply care coordination (CC) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner and may include working in intra- and interprofessional teams to address care coordination initiatives at the unit, organizational or systems levels.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 510 with B- or better; NUR 511 with B- or better; NUR 512 with B- or better; NUR 513 with B- or better  |

| Subject | Catalog Nbr | Course Title Long   | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                               | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NUR     | 520         | Patient Safety and Health Care Quality Principles, Assessment and Methods                     | Focuses on the application of core principles of patient safety and health care quality to patients. Explores current and historical factors that contribute to quality health care outcomes. Examines the influence of financial, legal and regulatory factors on patient safety and health care quality. Applies various theories, concepts and tools to promote patient safety and health care quality. Describes the principles of just culture and the relationship to analyzing errors. Discusses the nurse's role in advancing patient safety and health care quality. Infuses the Quality Safety Education in Nursing (QSEN) competencies into course activities. | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing (Patient Safety and Health Care Quality) MS major  |
| NUR     | 521         | Health Care Evidence, Informatics and Analysis  | Focuses on applying information technology and research methodology to safety and quality initiatives. Students learn the role of technology related to select human factors engineering concepts and related clinical application (e.g., medication administration, clinical decision making). Focuses on determination of outcome measures related to evidence-based practice (EBP) and quality improvement (QI). Discusses survey methods including construction, data collection methods, and data analysis.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better  |
| NUR     | 522         | Designing Systems for Patient Safety and Health Care Quality                                  | Focuses on the design, implementation, evaluation and sustainability of patient safety and health care quality initiatives. Uses innovation and change theories, as well as high reliability and just culture principles, to support data collection, analysis and reporting within complex health care systems.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better   |
| NUR     | 523         | Interprofessional Collaboration for Improving Patient Safety and Health Care Quality Outcomes | Focuses on developing skills and strategies for interprofessional collaboration, team leadership, communication, and project management to improve patient safety and health care quality outcomes in an interprofessional health-related setting. Theory and evidence-based strategy for team building, maintenance and conflict resolution for improved team-based practice and performance.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better; NUR 522 with B- or better                            |
| NUR     | 529         | Role-Focused Practicum: Patient Safety and Health Care Quality                                | Mentored practicum provides opportunities to apply patient safety and health care quality (PSHQ) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better; NUR 522 with B- or better; NUR 523 with B- or better |
| NUR     | 530         | Foundational Concepts for Nursing Informatics   | Focuses on the foundational concepts of nursing informatics. Analyzes the scope and standards of practice; ethical and privacy principles; relationships amongst biomedical, health and nursing informatics; and models, concepts and theories that support nursing informatics practice. Appraises accreditation and legal and regulatory requirements for health and nursing informatics practice.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): BMI 601 with B- or better; BMI 603 with B- or better   |
| NUR     | 531         | Advanced Concepts in Nursing Informatics  | Focuses on advanced concepts in nursing and health informatics practice. Analyzes the health informatics metastructures, relationships between nursing and multidisciplinary standardized terminologies, trends in nursing and health informatics, ethical, privacy and legal issues, and the emerging role for the nurse informaticist.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 530  |
| NUR     | 539         | Role-Focused Practicum: Nursing Informatics   | Learners complete 135 hours of mentored clinical practice during this practicum applying nursing informatics (NI) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner and may include working in intra- and interprofessional teams to address informatics initiatives at the unit, organizational or systems levels.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 530 with B- or better; NUR 531 with B- or better   |
| NUR     | 579         | Role-Focused Practicum: Nurse Educator  | Mentored teaching practicum includes application of teaching/learning principles in a specialized area of interest. Tailored to the teaching experience and level of the student. May include classroom, online or clinical teaching, attendance at approved conferences, relevant meetings or other activities that provide opportunity for the learner to gain expertise in the selected area of interest.  | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 670; NUR 671; Credit is allowed for only NUR 579 or NUR 580 (Teaching Practicum)                       |
| NUR     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing student   |
| NUR     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing Graduate student  |
| NUR     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 |   |
| NUR     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 |   |
| NUR     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | IND               | Y               | Z3            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1     |                 | Pre-requisites: Nursing Graduate student  |
| NUR     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-4   |                 | Pre-requisites: Nursing Graduate student  |
| NUR     | 601         | Scientific Role Development I: Engaging and Committing  | First in a series that focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Analyzes current trends in the development of innovative scientists and leadership characteristics needed for future roles.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): Nursing and Health Care Innovation PhD student   |
| NUR     | 602         | State of the Science in Nursing and Healthcare Innovation                                     | Focuses on research synthesis and critiques of the scientific literature as a basis for knowledge generation related to a focal area of research interest.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing & Healthcare Innovation PhD student; Corequisite(s): NUR 605                                       |
| NUR     | 603         | Social and Contextual Issues in Nursing and Healthcare  | Analyzes nursing practice and the healthcare system for an identified population using social-ecological approaches.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 604         | Philosophy of Science Perspectives in Nursing and Healthcare Innovation                       | Analyzes the history and philosophy of science as a basis for knowledge and academic scholarship in nursing and healthcare innovation.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 605         | Theory Analysis   | Examines theoretical perspectives and approaches guiding research in nursing and healthcare innovation across the lifespan. Includes the historical evaluation, social contextual factors, implicit assumptions, and bias that influence nursing and healthcare innovation knowledge generation.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): PhD Nursing and Healthcare Innovation major  |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NUR     | 606         | Scientific Role Development II: Validating and Demonstrating                     | Second in a series that focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Posits the knowledge, skills and resources needed to expand one's career as an educator and scientist in a health-related leadership role in the context of a future health care environment. Explores strategies for progressive and creative approaches in preparing leaders for innovative change in education, research and health care policy affecting healthcare delivery.                   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): Nursing and Health Care Innovation PhD student   |
| NUR     | 607         | Scientific Role Development III: Bridging  | Focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Students study the career trajectories of key leaders in nursing and health care innovation as a basis for development of their own personal plans for success, including research trajectories and marketing.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): NUR 606  |
| NUR     | 608         | Qualitative Research Design and Methods  | Explores and critiques selected qualitative research approaches. Includes fieldwork exercises as an integral part of course expectations.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 609         | Quantitative Research Design and Methods   | Examines multiple research approaches in clinical and health policy research from a quantitative perspective.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 612         | Advanced Analysis of Variance: Design and Analysis of Experiment                 | Introduces theory, methods, and practice of analysis of variance.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 613         | Principles of Regression and Correlation   | Introduces theory, methods, and practice of regression analysis.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 614         | Design and Implementation of Theory-Based Interventions                          | Focuses on the knowledge related to advanced methods for intervention research. Examines methodological, ethical, and practical issues in the design and implementation of theory-based intervention studies.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 615         | Qualitative Data Management Seminar  | Qualitative research methods applied to thesis, dissertation or qualitative research reports, focusing on data reduction, analysis, interpretation, credibility, ethics and dissemination.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): COE 503 or CRJ 613 or EDP 503 or NUR 608 or PAF 610  |
| NUR     | 616         | Community-Based Participatory Research   | Overview of Community-Based Participatory Research (CBPR). Familiarizes participants with key historical underpinnings of CBPR, principles of CBPR practice, as well as methodological CBPR considerations in building community partnerships, issue analysis, research planning, data gathering and data sharing.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only NUR 616 or NUR 691 (Community-Based Research)  |
| NUR     | 617         | Foundational Concepts in Science and Statistics                                  | Provides basic skills necessary for health-related research specifically geared toward (1) understanding concepts of widely used statistical methods with examples from health care; (2) ethical knowledge of human subjects research; and (3) processes of research including research design, interpretation and presentation of results and critiquing research articles.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): COE 502 or EDP 502 or EXW 501; Credit is allowed for only NUR 617 or NUR 691 (Foundational Concepts in Science and Statistics)   |
| NUR     | 618         | Advancing Research-Based Health Policy Through Leadership and Innovation Science | Integrative synthesis course in which students apply values and knowledge from previous PhD core courses in philosophy of science, theory analysis, state of the science, quantitative and qualitative methods, and the art and science of teaching. Examines the role of scholars and scientists in health policy reform. Using tools from leadership and innovation science, advances strategies to accelerate the use of interprofessional research in policy decisions and advances the national agenda for improving health and the quality and affordability of health care. | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 602, 603, 604, 605, and 609  |
| NUR     | 628         | Research, Theory and Principles for Palliative Care in the Older Adult           | Focuses on theory and research underlying end of life and palliative care for the older adult utilizing current practice guidelines and research.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Advanced Nursing Practice (Adult-Gerontology NP, Family Psychiatric Mental Health NP, Family NP, Innovation Leadership, Pediatric NP, or Women's Health NP) DNP or Nursing and Healthcare Innovation PhD student |
| NUR     | 629         | Research for Geriatric Practice  | Gaining knowledge and skills in critical appraisal and synthesis of evidence to guide best practice in gerontology.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only DNP 629 or NUR 629   |
| NUR     | 630         | Mechanisms of Disparities  | Analyzes and applies the complex issues underpinning culture and health disparities related to a specific health outcome to research with a selected cultural group.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisite: Nursing and Healthcare Innovation PhD student; Credit is allowed for only NUR 598 (Mechanisms of Culture), 598 (Mechanisms of Disparities) or 630  |
| NUR     | 631         | Leveraging Culture in Intervention Development                                   | Analyzes the complex issues underpinning the development of evidence-based interventions among various cultural groups. Also analyzes methods of leveraging culture to optimize the development, delivery, effect and evaluation of health interventions for various cultural groups.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisite: NUR 630 (or NUR 598 Mechanisms of Disparities); Nursing and Healthcare Innovation PhD student; Credit is allowed for only NUR 598 (Leveraging Culture in Intervention Development) or 631                          |
| NUR     | 640         | Integrative Theories of Innovation in Health Care                                | Analyzes cross-disciplinary theories of innovation for improving health and quality of health care.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Advanced Nursing Practice or Advanced Nursing Practice (Innovation Leadership) DNP student or NUR 605; Credit is allowed for only NUR 640 or NUR 691 (Integrative Theories of Innovation in Healthcare)          |
| NUR     | 641         | Theories of Emergent Leadership in Healthcare Innovation                         | Analyzes cross-disciplinary theories of leadership. Emphasizes leadership frameworks that describe, explain and predict the relationships among leadership and healthcare innovation and outcomes.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 640. Credit is allowed for only NUR 641 or 691 (Theories of Emergent Leadership in Healthcare Innovation)  |
| NUR     | 650         | Human Lactation in the Post-Modern World   | In-depth exploration of the complex and multifaceted social, cultural and environmental contexts that affect the public health goal of improving successful breastfeeding during the first years of life.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisite: Degree- or Nondegree-seeking graduate; Credit is allowed for only NUR 650 or 691 (Human Lactation in the Post Modern World)  |
| NUR     | 670         | Curriculum Development in Academic and Practice Settings                         | Includes analyses of historical, philosophical, societal, environmental, cultural, technological, and educational factors of curriculum development in academic and practice settings.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing (Nursing Education) MS or Graduate Certificate in Nursing Education; Pre- or corequisite(s): NUR 671 with B or better  |
| NUR     | 671         | Teaching in Academic and Practice Settings                                       | Analyzes theories, issues, research related to teaching in nursing and educational leadership. Focuses on the process of teaching and learning.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program.  |
| NUR     | 672         | Design and Delivery of Mediated Instruction                                      | Addresses instructional design issues, theory, and practices related to online and electronically mediated learning.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program; NUR 670  |
| NUR     | 673         | Producing and Evaluating Programs for Academic and Practice Settings             | Critical examination of standards, regulatory environment, administrative systems, leadership requirements, technological infrastructure, human factors, future trends regarding mediated education planning, production, and evaluation.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program; NUR 670  |

| NUR     | 677         | Scholarly Citizenship: Teaching Intensive                            | Designed as a mentored teaching experience in nursing and a mentored exploration of the concept of scholarly citizenship as applied in the educator role in interdisciplinary, university-level education. Includes opportunities for students to examine different philosophies and theories of traditional and mediated teaching and learning; design content and learning experiences for selected topics; compare and contrast various culturally relevant, learner-centered strategies, technologies, media and Web-based tools for classroom and clinical use and analyze evaluation methods. Includes opportunity for exploring educational policy and translation of policy into best practices. | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 670; NUR 671; Credit is allowed for only NUR 677 or NUR 691 (Scholarly Citizenship: Teaching Intensive)                   |
| NUR     | 680         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 688         | Management of Complex Diseases and Syndromes in Geriatric Population | Focuses on diagnosis and management of complex diseases and syndromes in the geriatric population.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 3     |                 |  |
| NUR     | 690         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | N                 | IND               | N               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing Graduate student   |
| NUR     | 692         | Research   |  | N                 | RSC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NUR     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Nursing & Health Innovation | College of Nursing and Health Innovation | 1-15  |                 |  |
| OBS     | 500         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 501         | Obesity Prevention and Management: An Introduction                   | Helps students understand the complex etiology of obesity and enhances their ability to work with individuals and populations at risk of obesity to develop effective behavior change-based strategies for prevention and management of the condition across the lifespan.   | N                 | LEC               | N               | GNA           | College of Health Solutions | School of Nutrition and Health Promotion | 3     |                 | Prerequisite(s): Obesity Prevention and Management MS major; Credit is allowed for only OBS 501 or OBS 598 (Obesity Prevention and Management) |
| OBS     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | REC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 |  |
| OBS     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | College of Health Solutions | School of Nutrition and Health Promotion | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 598         | Special Topics   | Topical courses not offered in regular course rotation (e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand).  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | School of Nutrition and Health Promotion | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OBS     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | College of Health Solutions | School of Nutrition and Health Promotion | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OGL     | 10          | Leadership Development   | Trains and manages the student team leads for the Jump Start Program. Students learn ways to effectively manage, facilitate and lead group discussions and activities.   | N                 | LEC               | Y               | YGB           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 0     |                 |  |
| OGL     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | SEM               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| OGL     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 200         | Introduction to Organizational Leadership                            | Presents a broad survey of leadership theory and research as currently practiced in formal organizations. Includes examination of leadership models, power and influence, team leadership, cross-cultural leadership, strategic styles of interaction, ethics, leadership skill development, decision-making techniques and effective goal implementation.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | SB              |  |
| OGL     | 220         | Behavioral Dynamics in Organizations                                 | Explores the different theories, strategies and skills that managers and subordinates need to develop to improve interpersonal relations. Primarily emphasizes skill areas in leadership, motivation, communication, group dynamics, organizational development, conflict resolution, political strategy, cross-cultural relations, ethical behavior, stress management and time management. Develops effective strategies for becoming effective managers, subordinates, peers and students.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | SB              |  |
| OGL     | 240         | Introduction to Project Management                                   | Offers insights into each step of the project management process through an examination of various theoretical approaches.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better   |

| OGL     | 260         | Resource Allocation in Organizations         | Introduces the decision-making framework of resource allocation within the broader context of basic business finance. Students learn that resource allocation decisions are regularly guided by fundamental principles in finance. Primarily focuses on business resources, resource management and allocation, accounting statements, profit and loss drivers, cash and profit statements, balance sheets, budgets and forecasts, management accounts and capital investment.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): MAT 117 or any course with General Studies MA designation   |
| OGL     | 294         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 298         | Honors Directed Study                        | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 300         | Theory and Practice of Leadership            | Presents an in-depth study of leadership theory and its practical application in formal organizations. Includes examination of the trait approach, situational approach, contingency theory, path-goal theory, leader-member exchange theory, transformational leadership, psychodynamic approach, and women and leadership. Emphasizes application of these theories in real-world case studies.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 56 hours  |
| OGL     | 320         | Foundations of Project Management            | Covers project management terminology, tools, best practices, theoretical approaches, the phases of project management and how they are applied developing a project plan and schedule, and other competencies needed to effectively manage projects.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours; Credit is allowed for only OGL 240 or OGL 320                     |
| OGL     | 321         | Project Leadership, Strategy and Scope       | Explores how executive management is responsible for conceiving, designing, implementing and managing the organization's overall objectives, culture, environment and processes as part of the project management process. Within this context, primarily focuses on understanding project management, aligning project management with the organization, project management oversight, projects as capital investments, globalization and resources optimization.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): OGL 240 or OGL 320; minimum 56 hours  |
| OGL     | 322         | Project Time Management                      | Explores project scheduling and time management within the broader context of the planning effort. Students learn how important the determination of the timing and sequence of project activities is to the planning process--and ultimate project success. Primarily focuses on understanding bar charts, basic networks, the critical path network, precedence networks, resource allocation, schedule updating, schedule compression, scheduling and schedule risk management.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 earned hours   |
| OGL     | 323         | Project Cost Management                      | Concepts and complex processes of effective project cost management. Primarily focuses on project needs assessment, cost estimation, project cost control, project budgeting, cash flow management, financial management, value management, configuration management and supply chain management. Students also learn to appreciate the importance of integrating cost and value management processes.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 324         | Resources in Project Management              | Major elements of project resource management as well as the broader context of this critical planning function. Students learn that sound resource management is an important part of developing a sustainable competitive advantage in the emerging global marketplace. Primarily focuses on operations and productivity, resources in project management, product design, process strategy, layout strategy, human resources and job design, supply chain, inventory management and scheduling.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 326         | Project Procurement Management               | Concepts and processes of procurement management. Primarily focuses on sourcing management, supplier selection, contracts and legal requirements, risk management, negotiation, project management, quality, supplier management and financial decisions. Effective procurement requires the use of good business practices capable of maximizing value to the organization through the acquisition of goods and services. Students learn that procurement professionals control the entire sourcing and acquisition process.                               | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 350         | Diversity and Organizations                  | Critical interdisciplinary analysis of individual, cultural, and organizational diversity.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L & C           | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours. Credit is allowed for only BIS 350 or OGL 350                     |
| OGL     | 355         | Leading Organizational Innovation and Change | Process and theory of strategic management with primary emphasis on situation analysis, strategy formulation, strategy implementation and strategy evaluation. Covers the strategic management context, external analysis, internal analysis, functional and competitive strategies, international strategies, strategic entrepreneurship and nonprofit strategy. Students understand the process of analyzing situations, developing appropriate strategies, putting those strategies into action, and evaluating and changing those strategies as needed. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours  |
| OGL     | 360         | Assessment of Leadership Effectiveness       | Empirical analysis of leadership, a conceptual model of effective leadership, and a practical guide for developing the competencies and attributes most likely to produce effective leaders. Primarily focuses on leadership competencies, organizational fit, leadership strengths, fatal flaws, leadership teams, leadership development, improvement measurement and leadership follow through. Students learn to distinguish between leadership success and leadership effectiveness.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): MAT 117 or any course with General Studies MA designation; minimum 56 hours   |
| OGL     | 375         | Corporate Leadership: Starbucks              | Examines leadership from the perspectives of the leaders of one of the most trusted and respected companies in the world, Starbucks.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): Starbucks College Achievement Plan student; Credit is allowed for only OGL 375 or OGL 394 (Corporate Leadership: Starbucks) |
| OGL     | 394         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 421         | Project Risk Management                      | Philosophy, principles, practices and techniques for managing risk in projects. Covers risk identification, qualitative risk management, risk treatment, monitoring and review, project processes, risk allocation, environmental risk and quantification of project risk. Students learn that risk management assists project managers in setting priorities, allocating resources and implementing actions and processes that reduce the risk of the project not achieving its objectives.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 321; Minimum 55 hours  |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|--|
| OGL     | 422         | Project Quality Management               | Process and theory of total quality management with primary emphasis on the total quality approach, ethics and corporate responsibility, strategic alliances, quality culture, employee empowerment, leadership and change, team building, effective communication, and tools and techniques. Students understand how continual improvement of people, processes, products/services, and environments can enhance the process and outcomes of project management. Students have the opportunity to develop practical total quality management skills as they apply theory and practice to real-world cases.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 321; Minimum 55 hours  |
| OGL     | 481         | Organizational Leadership Pro-Seminar I  | Students draw on their experiences in previous organizational leadership courses, employing key concepts, theories and skills learned throughout the program toward the strategic analysis of organizations. Using Bolman and Deal's organizational frames concept, students synthesize key learnings across their education and explore organizations through four unique perspectives.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIS 343 or BIS 357; BIS 345; OGL 300; OGL 320; OGL 355; minimum 90 hours; Credit is allowed for only OGL 481 or OGL 498 (Pro-Seminar I)               |
| OGL     | 482         | Organizational Leadership Pro-Seminar II | Students draw on their personal background, individual differences, knowledge and skills to assess career choices that maximize their strengths, values and passions. Students explore their own balance between work and the other important elements in life, and develop strategies for living a meaningful and fulfilling life, at least through work. Explores the notion of career management and work/life integration from a number of different perspectives, and centered on one's own unique personal characteristics, life circumstances and goals. Explores some of the most relevant career management literature/theory, taking into consideration the interdisciplinary nature of this topic. Also connects students with some of the ideas learned in previous organizational leadership core courses, conducts a qualitative, thematic self-analysis, develops short-term and long-term career/life plans, and collect artifacts to help along life's journey. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): OGL 481; Credit is allowed for only OGL 482 or OGL 498 (Pro-Seminar II)   |
| OGL     | 484         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 |  |
| OGL     | 492         | Honors Directed Study                    | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | RSC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 493         | Honors Thesis                            | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| OGL     | 494         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 497         | Honors Colloquium                        | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 498         | Pro-Seminar                              | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-7   | L               | Prerequisite(s): Organizational Leadership major; minimum 90 hours; BIS 343 and 345; ENG 102 or 105 or 108 with C or better; OGL 200, 220, 240, 260, 300, 321, and 350 |
| OGL     | 499         | Individualized Instruction               | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | N                 | LEC               | N               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| OMT     | 191         | First-Year Seminar                       | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Ira A. | PAF     | 194         | Special Topics                                | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 1-4   |                 |  |
| PAF     | 200         | Public Service and Policy in the 21st Century | Provides a broad introduction to the field of public service and leadership. Topics include an overview of management, policy, urban studies, and leadership in the public sector. Covers the history and development of the public sector, as well as how it serves contemporary society.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     |                 |  |
| PAF     | 201         | Economics and Public Policy                   | Introduces the terminology and methods of analysis in microeconomics. In particular, examines the behavior of individual consumers and firms, with a focus on market failures and the role of government policy in correcting those failures. Applies microeconomic principles to the distribution of income, policies for eliminating poverty and discrimination, the problems of environmental pollution, and the impact of different market structures on economic activity.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     | SB              |  |
| PAF     | 203         | Cross-Sector Collaboration                    | Examines how public, private and nonprofit organizations seek to address social challenges and explores how the three sectors work together and in isolation to tackle social problems. The motivation of employees in the public, private and nonprofit sectors and the ways in which organizational structure, environment and legal contexts differently constrain or facilitate action within and across these organizations. Explores effective strategies for collaboration among the public, private and nonprofit sectors and identifies organizational similarities and points of contrast that could enhance or create barriers to such collaboration. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     |                 | Prerequisite(s): enrollment in the second year of Next Generation Service Corps or Reserve Officer Training Corps (all branches) and completion of first year in Next Generation Service Corps |
| PAF     | 294         | Special Topics                                | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 1-4   |                 |  |
| PAF     | 300         | Public Management and Administration          | Examines the context and role of the public manager and the development of the field of public administration.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only FIS 351 or PAF 300   |
| PAF     | 301         | Applied Statistics                            | Focuses on statistical techniques used in social science research. Applies concepts such as measures of central tendency and dispersion as well as statistical techniques, including the following: one-sample z and t tests, two-sample t tests, chi-square, and correlation. Goals include helping students understand the mathematical and statistical concepts presented and assisting them in using these concepts in everyday life and in the study of social sciences.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     | CS              | Pre-requisites: MAT 142 or higher  |
| PAF     | 302         | Public Service Research Methods               | The philosophy, scope, and methods of public sector research. Examines quantitative and qualitative research methods and research design.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs              | 3     |                 | Prerequisite(s): PAF 301 with C or better  |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 311         | Leadership and Change                               | The leader's role in bringing about significant organizational and societal change with special attention to group and organizational behavior dynamics, establishing a vision, mobilizing and empowering individuals and groups, and assessing outcomes of the change process in a variety of settings.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     | SB              | Pre-requisites: Minimum 30 hours   |
| PAF     | 340         | Contemporary Policy Challenges                      | Develops conceptual, critical, and practical understanding of public policy, the policy process, and policy analysis.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisites: Minimum 30 hours   |
| PAF     | 350         | Introduction to Science & Technology Policy         | Explores the variety of ways in which governments make policies, how the policies shape the development of science and technology and their applications, and how policy may be shaped to create better futures.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 30 hours  |
| PAF     | 360         | Introduction to Emergency Management                | Emergency management theories. Comprehensive emergency management. Mitigation, preparedness, response, and recovery. Post-disasters and policy formation. Current FEMA all-hazards approach.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 363         | Computer Applications in Emergency Management       | Explores specific computer programs that are currently in use for contingency planning, tracking chemical inventories, and response resources.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisites: MAT 142  |
| PAF     | 394         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-4   |                 |  |
| PAF     | 400         | Senior Capstone Project                             | Teaches students to solve problems related to the public sector by applying theory, knowledge, and methods from previous courses to a hands-on project in the community. Seminars include guest speakers and discussions on professional development. Students work as individuals and as a team to prepare research papers and a professional report that is presented to the community.   | N                 | LEC               | Y               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): with C or better: PAF 200; PAF 201; PAF 301(or 401); PAF 302; PAF 311(or 411); PAF 340; PAF 460 |
| PAF     | 410         | Building Leadership Skills                          | Introduces understanding and developing leadership skills, including an examination of leadership theories and models from multidisciplinary and crosscultural points of view, an assessment of the student's leadership capabilities, and practical applications to improve individual leadership capabilities.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     | SB              | Pre-requisites: Minimum 30 hours; Credit is allowed for only PAF 410 or URB 410                                  |
| PAF     | 420         | Public Leadership                                   | Examines key concepts, models, and strategies for leading public and nonprofit organizations, emphasizing self-knowledge, skills, and abilities for effective leadership.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 421         | Leadership Capstone                                 | Builds upon leadership courses in the Leadership and Ethics certificate program by applying concepts and examples from the readings as well as individual experiences.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): CPP 301 or PAF 410; PAF 311   |
| PAF     | 424         | Comprehensive Emergency Management                  | Addresses theory and management techniques for emergency preparedness, including mitigation, preparedness, response, and recovery.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 425         | NATIONAL Incident Management System (NIMS)          | Covers concepts, terminology, players, compliance requirements, including doctrine of National Incident Management System per HSPD-5. Discussion of National Response Plan.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 460         | Public Service Ethics                               | Role, values, and issues of public management in democratic governance, citizen participation, power structures, and professional codes of conduct.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 461         | Homeland Security                                   | In-depth analysis of policies, procedures, and organizational structure for effective homeland security program. Covers all hazard/all risk philosophy.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisite: minimum 45 hours. Credit is allowed for only PAF 461 or 561                                       |
| PAF     | 468         | Simulation and Exercising                           | Requirements, planning, conduct, and critique of exercises related to emergency planning. Emphasizes realism using moulage and props.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 469         | Terrorism Defense                                   | Explores the background and evolution of terrorism. Presents specific tactics for preparation for and response to acts of terrorism.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only ABS 598 (Terrorism Defense) or PAF 469               |
| PAF     | 470         | Topics in Public Economics and Financial Management | Provides an analysis of public economic practices and problems in a federal system. Presents detailed descriptions, where appropriate, of significant institutions and applies modern economic theory to the ways that these institutions finance and deliver services.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): ECN 212 or PAF 201 with C or better   |
| PAF     | 471         | Public Policy Analysis                              | Provides further study in the concepts, models, and operational methods used in public policy decisions and analysis. Enables students to develop higher skills needed for defining policy issues, identifying alternative solutions, and predicting the potential impact of policy alternatives.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 301 with C or better; PAF 340 with C or better  |
| PAF     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 492         | Honors Directed Study                               | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PAF     | 493         | Honors Thesis                                       | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| PAF     | 494         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-4   |                 |  |
| PAF     | 499         | Individualized Instruction                          | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-3   |                 |  |
| PAF     | 501         | Public Service Research I                           | Philosophy, scope, and methods; public service research design, values, and ethics.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 502         | Public Service Research II                          | Quantitative techniques including multivariate analysis, data analysis, decision making, and computer applications in public affairs.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501 with C or better  |
| PAF     | 503         | Public Affairs                                      | Development and context of American public administration and policy, role of administration in governance, and values and ethics in administration.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 504         | Microeconomics of Public Policy I                   | Provides key principles of microeconomics. Places particular emphasis on developing the analytic tools of economic reasoning and using these tools to examine policy interventions of interest to public managers.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 505         | Public Policy Analysis                              | Institutional and formal analysis of policy processes, decision making, and problem solving; values, ethics, and the uses of policy analysis.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better  |
| PAF     | 506         | Public Budgeting and Finance                        | Legal, social, economic, political, institutional, and ethical foundations of governmental finance, budgets, and budgeting.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better  |
| PAF     | 507         | Public Human Resource Management                    | Personnel systems, behavior and management of people in public organizations, collective behavior, unionism, conflict management, motivation, productivity, and ethics.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 508         | Organization Behavior  | Theory and application in the management of organizational behavior with emphasis on leadership and the public service.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 509         | Public Affairs Capstone  | Capstone application of core course knowledge, skills, and abilities required for public service.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501, 502, 503, 504, 505, 506, 507 and 508 with C or better  |
| PAF     | 520         | Public Management  | Management process in government and public agencies, with emphasis on the executive leadership within the public sector.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 521         | Managing Public Money  | Overview of public financial management, including budget planning and execution; capital budgeting, debt management and administration; funds management and investment; and financial control.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): Public Administration MPA student   |
| PAF     | 522         | Advanced Governmental Financial Management: Capital Budgeting and Infrastructure Financing | Focuses on capital budgeting and infrastructure financing. Covers information required to finance a capital improvement plan, specifically for infrastructure items such as streets, parks, public utilities, airports, highways, bridges and tunnels, and other public works. Combining strategy as well as process, examines financial management from different perspectives.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): Public Administration MPA student   |
| PAF     | 523         | The City and County Manager  | Manager's role and resources in the differing forms of administrative, legislative, and community sectors.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 525         | Public Entrepreneurship  | Explores entrepreneurship in the public sector from various angles, including small and large communities and nonprofits.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 529         | Organization Change and Development  | Explores the nature and management of change and development as a tool to achieve organizational goals; effecting planned change.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 530         | Management of Urban Government   | Administrative practices and behavior within the urban political administrative environment. Functional areas such as citizen participation, urban planning, urban transportation, and the conflicts between urban politics and administrative efficiency.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 531         | Community Conflict Resolution  | Interdisciplinary approach to understanding the dynamics of community conflict. Strategic considerations in policy design and advocacy; potential reaction to conflict. Relevant models and research findings generated by both case studies and comparative methods.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 534         | Urban Services Infrastructure  | Provides an overview of the network of services being provided in the urban environment by a variety of governmental and nongovernmental agencies. Discusses coordination, cooperation and overlap of services by local, special district, county, regional and state levels, alternate delivery methods including nonprofits, and the evolving relationship of these services.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 540         | Adv Policy Analysis  | Emphasizes the structure of policy problems, forecasting policy alternatives, optimizing resources, and reducing uncertainty in policy making.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 505 with C or better  |
| PAF     | 541         | Program Evaluation   | Various methodologies available for the evaluation of public policies and programs.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501 with C or better  |
| PAF     | 544         | Urban Policy   | Understands major theoretical frameworks, methodological approaches and substantive issues emphasized in urban policy research. Hones skills in policy analysis.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 545         | Organizations, Sustainability & Public Policy  | Sustainability concerns are fast becoming a strategic issue for organizations in all sectors. In the last ten years, numerous organizations have completely redefined their business strategies in line with principles of sustainability by balancing the requirements for economic development, environmental quality and social justice, and governments worldwide are developing programs and policies that encourage these activities. Explores the connections between organization strategy--especially within the private sector, sustainability and public policy. Through a combination of practical cases, readings and lectures, class sessions engage students in discussions aimed at developing sustainability assessment models. Additionally, students apply new strategy tools that incorporate principles of proactive environmental management and social responsibility designed to enhance the public good. | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only PAF or SOS 545                                      |
| PAF     | 546         | Environmental Policy and Management  | Analyzes environmental policy and planning issues and principles related to the analysis and management of natural and urban/regional resources.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 547         | Science, Technology and Public Affairs   | Explores the political, economic, cultural, and moral foundations of science and technology policy and governance in democratic society.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 515 or GLG 547 or HSD 515 or PAF 547 or SOS 516 |
| PAF     | 548         | Women/Politics/Public Policy   | Explores how political philosophy, politics, and public policy affect and are affected by women.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 549         | Diversity Issues and Public Policy   | Examines public policy issues concerning or affecting women, black, Latino, Asian, and American Indian communities, as well as those groups' impact on the policy process.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 550         | Governing Emerging Technologies  | Examines the governance of science and technology through a focus on emerging technologies whose potential consequences in society are apparent only in anticipation and whose manifestations are still being shaped by local, domestic, and international institutions. These emerging technologies include nanotechnologies, synthetic biology, and other technologies associated with genetic modification, and information and cognitive science and neuro-technologies.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PAF 550, HSD 503 or POS 573         |
| PAF     | 552         | Integrated Emergency Management  | Theory and practice of comprehensive emergency management. Explores scope and function of Department of Homeland Security.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 555         | Information Technology in Emergency Management   | Provides theory and application of computer-based programs in emergency management and the use of various emergency modeling programs.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 560         | Community Resilience   | Examines community resilience from a systems perspective, embracing governments, private, nonprofit and civic roles. Presents research, case studies, and strategies for policy planning and implementation. Provides an understanding of how community members respond to the need to prepare for, endure and recover from disasters and the ability to utilize multiple communication methods to help community members before, during and after these emergencies.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 561         | Interoperability for Emergency Managers  | Enables understanding of the multiple technologies and skills utilized by emergency managers to enhance successful coordination and communication between all levels of emergency managers and responders during emergency mitigation, prevention, preparedness, response and recovery operations.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 554   |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 564         | Political Economy                                 | Classical and contemporary literature and historical development of governmental and economic arrangements, with special emphasis on the role of the state.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 565         | Theories and Practices of Democracy               | Critically explores the wide range of ideas, issues, challenges, and promises related to democracy in theory and practice. Intended for all students interested in democratic leadership, public service, civic engagement, and participatory governance.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 566         | Participatory Governance & Civic Engagement       | Examines classic and current theoretical debates on participatory governance and civic engagement, discusses theoretical and practical implications, and analyzes different models of participatory governance.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 570         | Microeconomics of Public Policy II                | Provides the policy tools to solve economic problems such as market concentrations, market failures and externalities, and asymmetric information. Increasingly, government interventions are moving away from a command-and-control-style of direct provision of goods and services and toward a large menu of indirect approaches implemented through a complex system of third-party actors. Government intervention in private markets now entails loans and loan guarantees, grants-in-aid, contracts, vouchers, social and economic regulation, and many other policy tools. Each of these instruments involves vastly different behavioral distortions, policy technologies, political considerations and technical sophistication. Analyzes the economics of four policy interventions: grants, tax expenditures, social regulation and vouchers. Provides an overview of each tool (including its key design features) and combines economic theory with background information on how public policies actually operate. | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better                      |
| PAF     | 571         | Geographic Information Systems (GIS) and Analysis | Provides foundational information related to application of GIS technology to meet various needs within governmental operations, administration, and public policy.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 573         | Applied Econometrics                              | Applied treatment of the most important modern econometric methods used to evaluate public policies. Help students become savvy consumers of econometric methodology and develops the methodological skills necessary for implementing quantitative evaluations of public policies. Accordingly, course stresses critical thinking and creativity.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 502 with C or better                      |
| PAF     | 574         | Diversity, Ethics, and Leading Public Change      | Focuses on leadership, ethics, and benefits and tensions of the multicultural city to develop leadership and multicultural competence.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 |  |
| PAF     | 579         | Public Policy Capstone                            | Integrative, client-based project course.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     | L               |  |
| PAF     | 582         | E-Public Administration                           | Explores how new techniques and technologies for using, processing and managing information are changing how we interact, work and serve. As an example of this very concept, this course is offered online. During the semester, managers explore current trends, use a wide variety of information and communication tools, and have manager-created content consistent with new trends of online participation. By the end of the course, managers have experience with tools (including Wikis, Blogs, search engines, collaboration tools, reputation systems, social networks, virtual worlds); are familiar with current information issues (transparency, privacy, equal access, governance); and explore how they are relevant to a variety of contexts (local government, non-profits, public service).  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 585         | Strategic Planning for Public Sector Leaders      | In an age of diminishing resources, the tools of strategic planning have become crucial for every public sector and non-profit manager. How can a public sector agency (or non-governmental organization) achieve its goals and advance its mission? How can it motivate its people given the absence of the sorts of incentives often found in the private sector? How can these organizations respond to a rapidly changing political, economic and social environment? These are among the questions that are addressed.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 586         | Data Analytics for the Public Good                | Explores techniques used for data extraction, analysis and visualization. In particular, students engage with social media data, devise solutions to address data-poor scenarios, and explore the potential of sentiment analyses to elucidate opinion trends and predict future attitude shifts. Discusses data visualization techniques and engages students with Tableau software. Also explores the social, political and ethical considerations associated with building and managing data analytics programs in the public sphere. Explores issues-critical dilemmas when it comes to issues such as data privacy, data protection, predictive analytics, personalized service delivery and resource provision, algorithmic regulation, and large-scale data analytics for administrative efficiencies and resource management optimization, among others.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 587         | Federal Budgeting and Tax Policy                  | Provides a broad understanding of federal budget and tax policy issues. The knowledge acquired in this class enable students to act as competent parties in the formulation of public policy within the federal budget and tax policy domains. Approximately one half of the class is devoted to federal budget processes and concepts including purposes, coverage, scoring, performance evaluation and proposed options for reform. The second half covers tax policy issues. Throughout the course, focuses on those budget and tax policy issues that are the current subject of political attention.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 588         | Global Public Policy                              | The study of public policy has traditionally focused on the operations of government agencies within national borders. Increasingly, however, public officials at all levels of government must confront challenges and opportunities that exist across borders. Whether the issue is immigration, national security, trade and finance, or the environment, public managers must be aware of global pressures and, in many cases, respond to them. This course gives managers the analytical tools to understand how global issues are currently being managed and what they might do to make the most of global opportunities.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 589         | Leadership in Public Organizations                | Provides the foundation of theory and practice of administrative leadership. While students learn about all the major theoretical frameworks, focuses on an applied action research model that is useful in analyzing and developing oneself and others in organizational settings.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| PAF     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1     |                 |  |
| PAF     | 600         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 | Pre-requisite: Doctoral student                                |
| PAF     | 601         | Advanced Public Policy Seminar                                 | This advanced seminar in public policy has a single objective: to develop a critical thinking of theoretical perspectives developed to analyze several dimensions of public policy. Focuses on theories and perspectives across specific policy areas since the objective is to get used to analytical lenses, not a specific policy area. This objective is achieved by reading required books each week. This class requires the ability to critically analyze a body of literature as a prerequisite for advancing that literature. The general format of this course includes reviews of class material and discussion. Prior to each class, students are expected to read the required books listed in the syllabus. Students are responsible for contents included in the readings, even if it is not explicitly reviewed in class.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 602         | Advanced Research Design for Public Policy and Management      | The logic, design and conduct of applied social research for students interested in public management and policy. Traditional scientific explanatory research is a necessary prerequisite for any prescriptive research. The primary orientation of this course is to focus on development of social science explanations for public administrative phenomena and the development of research designs which permit testing of hypotheses derived from these explanations.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): admission to a doctoral program               |
| PAF     | 603         | Advanced Economics for Public Administration and Public Policy | Theory of utility and demand, theory of the producer, organization, operation of product and factor markets, market equilibrium, regulation, risk and uncertainty, general equilibrium and welfare policy, market failure, public goods and taxation, and game theory.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better; doctoral major      |
| PAF     | 604         | Intellectual Foundations of Public Administration              | Explores significant developments and themes in the theory of public administration, especially American public administration. Major foci in this seminar include the historical development of public administration as a body of thought and as a theory of politics; the enduring theme of public administration and democracy; various possible unifying themes, theories, and criteria; and prospects for future theory and research. Aimed at encouraging advanced students to refine their abilities to identify, analyze, interpret, critique, evaluate, and contribute to the literature and intellectual developments of this field of scholarship, as well as to place current and emerging trends in broader context. Builds on more basic courses in public administration and is intended in part to assist students in preparation for doctoral preliminary examinations in public administration. Assumes that students have a solid understanding of American government and bureaucracy. | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): admission to a doctoral program               |
| PAF     | 605         | Organization Theory and Behavior Seminar                       | Advanced survey of organization theory (OT) and organization behavior (OB) literatures for doctoral students. The seminar pursues multiple goals. It examines the intellectual foundations and historical progression of OT/OB research and explores the craft of conducting social science research related to OT/OB. Specifically analyzes how current literature in public management and administration applies organization theory for research. Develops a research-based understanding of main schools of organization theory so that students gain skills to enable them to engage OT/OB theories in their own research.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): admission to doctoral program                 |
| PAF     | 609         | Advanced Quantitative Methods Seminar                          | Provides opportunity to learn the tools necessary for carrying out empirical work through hands-on data work and analysis. Students learn how to specify and estimate linear regression models and test hypotheses about model parameters under different statistical assumptions. Students become proficient in programming statistical routines.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Prerequisite(s): admission to doctoral program                 |
| PAF     | 610         | Advanced Qualitative Methods for Public Affairs Research       | Explores a number of qualitative research approaches and methods, including ethnography, ethnomethodology, participant observation, interviews, focus groups, content analysis, discourse analysis, and some comparative/historical methods. Also exploreS the important theoretical and ethical issues that bear on these approaches.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisites: PhD student                                    |
| PAF     | 620         | Public Administration Professional Development Workshop        | Prepares doctoral students to become productive and effective public administration scholars, teachers, and researchers.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 3     |                 | Pre-requisites: Doctoral PAF student                           |
| PAF     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 783         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 790         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-12  |                 |  |
| PAF     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Public Affairs | 1-15  |                 |  |

| PAF     | 799         | Dissertation                            | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Col of Pub Serv & Comm Solutns | School of Public Affairs                         | 1-15  |                 |  |
| PAX     | 230         | Introduction to Peace Studies           | Intensive, one-semester introductory course. Explores multidisciplinary approaches to the study of peace, conflict and human rights as well as the historical background of peace studies (trans)disciplinary orientation. Knowledge gained in peace studies can be applied toward education, policy, law, cross-cultural communication, community-based organizations, nongovernmental organizations and ethics.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences   | School of Humanities, Arts, and Cultural Studies | 3     | G               |  |
| PAX     | 456         | Studies in Forensic Linguistics         | Focuses on the three main aspects of that branch of applied linguistics, namely language and the law, court cases where language is the central dispute, and linguistic evidence.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences   | School of Humanities, Arts, and Cultural Studies | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ENG 456 or ENG 494 (Studies in Forensic Linguistics) or FOR 456 or FOR 494 (Studies in Forensic Linguistics) or PAX 456 |
| PBH     | 100         | Introduction to Public Health           | Introduces public health in the United States. Familiarize students with the broad discipline of public health and how it influences community and individual health status. Discusses the role of various agencies in public health, methods of measurement and evaluation, major public health issues in the United States, and factors that contribute to individual and community health. Solidifies concepts through the use of in-class discussion, group work and individual analysis.   | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Credit is allowed for only HCD 101 or PBH 100  |
| PBH     | 194         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions    | School of Nutrition and Health Promotion         | 1-4   |                 |  |
| PBH     | 201         | Economics for Health Majors             | Introduces economics and demonstrates the relevance of economic principles to the study of health care delivery systems and public health. Combines elements of a traditional introductory economics curriculum with broad coverage of the history of economics, and specific application to current issues in health care delivery and public health policy. Prepares the student for further study of health economics.   | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Credit is allowed for only HCD 201 or PBH 201  |

| PBH     | 300         | Biostatistics                           | Biostatistics and its use in health and health services research. Familiarizes students with statistical concepts and methods to analyze and interpret data and conceptually addresses statistical theory. Introduces Excel software to manage data and perform statistical tests..   | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     | CS              | Prerequisite(s): completion of General Studies MA requirement with C or better; minimum 30 hours; Credit is allowed for only HCD 300 or PBH 300  |
| PBH     | 310         | Epidemiology in Public Health           | Essential principles and practices of public health epidemiology. Increases an undergraduate student's ability to analyze problems and make decisions based on application of epidemiologic concepts and methods in a variety of settings. Students gain experience communicating epidemiologic findings in both written and oral formats. Includes applied hands-on exercises in analysis of epidemiologic data, case studies and critical review of epidemiologic methods used in scientific literature.  | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Prerequisite(s): PBH 300; not open to Exercise and Wellness or Health Education and Health Promotion majors  |
| PBH     | 355         | Research Methods for Public Health      | Society incurs high opportunity costs when public health interventions which yield a high health return on investment are not implemented, or when resources are expended on interventions with low health returns. Public health practitioners should, therefore, incorporate the best scientific evidence in planning, implementing and evaluating public health policies and programs. Covers concepts and tools of public health research where the research objective is to provide evidence that informs and improves decisions regarding the allocation of public health resources. Covers basic components that inform evidence-based decision making, namely: accessing the best available scientific evidence; developing research questions, collecting and analyzing qualitative and quantitative data; using data and information systems methodically; and adhering to standards of ethical research. | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Prerequisite(s): PBH 310; not open to Exercise and Wellness or Health Education and Health Promotion majors  |

| PBH     | 402         | Public Health Economics                 | Applies the basic economic tools students have acquired in previous coursework to the study of population health. Acquaints public health students and other undergraduate health majors with the ways economics contributes to both epidemiology (e.g., how people change their behavior in response to the possibility of illness) and health policy (e.g., how to evaluate the cost-effectiveness of public health programs). Particular focus on the ways in which economic concepts (e.g., marginal analysis, opportunity cost, negative externalities) can inform the debate on public health problems such as health disparities, obesity and population aging.  | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Prerequisite(s): PBH 201 with C or better  |
| PBH     | 422         | Health Disparities and Access to Health | Racial and ethnic health disparities in the United States. Explores disparities in healthcare seen at the provider and system level and their effects on health in the community. Also considers the historical context of racial and ethnic health disparities and the demographic and conceptual issues surrounding health disparities research. Reflects on the effects of behavior, socioeconomic status and group-specific disparities on community health status.   | N                 | LEC               | N               | GNA           | College of Health Solutions    | School of Nutrition and Health Promotion         | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only HCD 422 or PBH 422   |

| PBH     | 455         | Public Health Program Evaluation           | Federal, state and local policies shape the nature of the public health programs implemented in communities. Public health professionals are often responsible for evaluating, at multiple levels, the programs that result from such policies. Provides public health students with the analytical tools necessary to manage the implementation and evaluation of public health programs. Program evaluation serves many important functions. It supplies information to managers who are charged with implementing public health programs and to policymakers who face decisions about which programs to fund, scale back, expand, modify or eliminate. Evaluation is an accountability tool: when a public health agency decides to finance a program, they have a right to ask what their funds bought. Evaluation is also a vehicle for improving public health programs. By identifying what works and what does not--and how new programs fare relative to existing practice--policymakers and managers can improve program designs. | N                 | LEC               | N               | GNA           | College of Health Solutions   | School of Nutrition and Health Promotion           | 3     |                 | Prerequisite(s): PBH 355  |

| PHI     | 303         | The Future of Religions                           | Critical theorists of modern religious and secular beliefs argued that both theism and atheism have had their martyrs and tyrants. Nietzsche proclaimed "God" of the West dead, Marx unmasked religion as opium for the oppressed masses, and Freud analyzed religious future as an unconscious illusion. The future of secular progress has become equally suspect in the wake of the Holocaust, Hiroshima, the gulags, the killing fields of Cambodia, Rwanda. Globally motivated terror revealed itself as capable of religious as much secular justifications. The future of faith and reason has become a doubly open theoretical and practical question in philosophy, religious studies, literary study, critical theory, cultural and gender studies, and all sciences. Applies theoretical and methodological tools to critically exam beliefs, practices, and communities and their role in both generating and transforming the ethical and spiritual discontents of the global age. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU         | Pre-requisites: ENG 102, 105 or 108 with C or better; Credit is allowed for only HON 394 (The Future of Religions), PHI 303 or REL 300 |

| PHI     | 409         | Eco-Community Ethics                | Traces human interaction with the Earth from hunters and gatherers to the present day, examining groups who have lived within ecological constraints and limits.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Credit is allowed for only IAS 409 or PHI 409   |
| PHI     | 411         | Continental Philosophy              | Contemporary European thought emerges out of a crisis of the Enlightenment that unfolds throughout the 19th and 20th centuries. Kant's critique of the theoretical, practical, aesthetic and religious foundations articulates this crisis in Western philosophy, society and culture. Explores Continental thinkers and schools of thought in light of Kant's understanding of this crisis. Figures might be Nietzsche, Marx, Freud, Kierkegaard, Husserl, Heidegger, Benjamin, Adorno, Marcuse, Sartre, de Beauvoir, Irigaray, Kristeva, Spivak, Habermas, Lévinas, Marion, Derrida and others. Schools of thought considered may include existentialism, phenomenology, hermeneutics, critical theory, poststructuralism, deconstruction, feminist theory, critical race theory, postcolonial theory, and comparative philosophy. Continental philosophy dovetails with other fields like communication, cultural studies, law, political science, religious studies, literature and various social sciences. | N                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 30 hours. Credit is allowed for only PHI 411 or PHI 494 (Continental Philosophy & Religion) or PHI 494 (Studies in Continental Philosophy) |
| PHI     | 412         | Philosophy and Literary Criticism   | Explores dynamic tensions between philosophical and literary critical approaches to texts. Aims to identify distinct ways that literature and critical practices "philosophize" about truth, moral dilemmas or existential struggles. Probes the challenges that each form of inquiry, philosophical and critical, poses for the other. Seeks to enhance understanding of the philosophical underpinnings of key literary works. May address poetry, novels and other media.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 101 or 105 or 107 with C or better; minimum 30 hours. Credit is allowed for only PHI 412 or PHI 494 (Philosophy and Literature) or ENG 401 (Philosophy and Literary Criticism)         |
| PHI     | 413         | Advanced Symbolic Logic             | Properties of formal systems axiomatizing propositional and 1st-order predicate logic. May also include modal logic, number theory, and limits of logicism.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): undergraduate Philosophy student; minimum 56 hours; Credit is allowed for only PHI 413 or PHI 556  |
| PHI     | 415         | Philosophy and Film                 | Introduces philosophical themes via the medium of film. Students read classical and contemporary literature in philosophy, view films that portray philosophical concepts, and demonstrate their understanding through writing assignments and class presentations.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only PHI 415 or PHI 294 (Philosophy and Film)   |
| PHI     | 420         | Topics in Philosophy                | Course descriptions on file in department.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): undergraduate Philosophy major; minimum 56 hours   |
| PHI     | 421         | Philosophical Topics                | Focuses on important issues within the discipline.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better  |
| PHI     | 422         | God and the Problem of Suffering    | Examines whether a Western theistic conception of God (that is, an omniscient, omnibenevolent, omnipotent being--the God of the three main Western religions) is compatible with the existence of what appears to be an abundance of pointless suffering in the world. Addresses the logical and evidential problem of (moral and natural) evil, as well as a variety of proposed theodicies through the study of philosophical texts, literature and film.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only PHI 422 or REL 459 or PHI 494 (God and the Problem of Suffering) or REL 494 (God and the Problem of Suffering)           |
| PHI     | 428         | Immunophilosophy                    | Integrates immunology and philosophy, including psychoneuroimmunology and the mind-body problem, and immunologic/psychologic perspectives on self and self-identity.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): MIC 420, PHI 317, HPS 314, or BIO 311 with C or better   |

| PHI     | 501         | Foundations of Ethics I             | Studies primary texts of classic ethical theories and their applications to various issues in daily life and the professions. Ethical traditions include some of these frameworks: virtue ethics and natural law ethics, consequentialism and contractualism, deontology and critical communitarianism. Pays attention to the shifting nature of the relation between ethics and religion. In the applied, activity-portion of the course, students investigate real-life ethical issues and examine them from several normative perspectives. | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 |   |

| PHS     | 534         | Methods of Teaching Physical Science I, II, III | Design of curriculum and conduct of instruction for physical science courses.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 540         | Integrated Physics and Chemistry                | Collaborative inquiry methods for teaching and coordinating physics and chemistry.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only CHM 540 or PHS 540         |
| PHS     | 542         | Integrated Mathematics and Physics              | Mathematical models and modeling as an integrating theme for secondary mathematics and physics.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 556         | Astrophysics                                    | Structure and evolution of stars, galaxies, and the universe. For secondary school teachers.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 560         | Matter and Light                                | Interactions of light with matter. Lasers and spectroscopy.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CHM 560 or PHS 560 |
| PHS     | 570         | Spacetime Physics                               | Special and general theories of relativity with implications for space and time travel.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 580         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 581         | Structure of Matter and its Properties          | Models of matter and its properties.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CHM 581 or PHS 581 |
| PHS     | 584         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 590         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 593         | Applied Project                                 | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 594         | Conference and Workshop                         | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 595         | Continuing Registration                         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences | Department of Physics | 1     |                 |   |
| PHS     | 598         | Special Topics                                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-4   |                 |   |
| PHS     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 700         | Research Methods                                | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 780         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 783         | Fieldwork                                       | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 784         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 790         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. | PHS     | 795         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | Department of Physics                       | 1     |                 |  |
| PHS     | 799         | Dissertation                                     | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences    | Department of Physics                       | 1-15  |                 |  |
| PHY     | 101         | Introduction to Physics                          | Emphasizes applications of physics to life in the modern world. Presumes understanding of elementary algebra.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 4     | SQ              |  |

| PHY     | 113         | General Physics Laboratory                       | Elementary experiments in physics. Requires outside preparation for experiments and report writing. May be taken concurrently with, or subsequent to PHY 111. Both PHY 111 and PHY 113 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 1     | SQ              | Pre- or corequisite(s): PHY 111 with C or better if completed  |
| PHY     | 113         | General Physics Laboratory                       | Elementary experiments in physics. Requires outside preparation for experiments and report writing. May be taken concurrently with, or subsequent to PHY 111. Both PHY 111 and PHY 113 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 1     | SQ              | Pre- or corequisite(s): PHY 111 with C or better if completed  |
| PHY     | 113         | General Physics Laboratory                       | Elementary experiments in physics. Requires outside preparation for experiments and report writing. May be taken concurrently with, or subsequent to PHY 111. Both PHY 111 and PHY 113 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1     | SQ              | Pre- or corequisite(s): PHY 111 with C or better if completed  |
| PHY     | 114         | General Physics Laboratory                       | See PHY 113. May be taken concurrently with, or subsequent to, PHY 112. Both PHY 112 and PHY 114 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 1     | SQ              | Pre- or corequisite(s): PHY 112 with C or better if completed  |
| PHY     | 114         | General Physics Laboratory                       | See PHY 113. May be taken concurrently with, or subsequent to, PHY 112. Both PHY 112 and PHY 114 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 1     | SQ              | Pre- or corequisite(s): PHY 112 with C or better if completed  |
| PHY     | 114         | General Physics Laboratory                       | See PHY 113. May be taken concurrently with, or subsequent to, PHY 112. Both PHY 112 and PHY 114 must be taken to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1     | SQ              | Pre- or corequisite(s): PHY 112 with C or better if completed  |
| PHY     | 118         | Explorations in Science Teaching                 | Examines the field of physical science education via in-class meetings and classroom settings. Discusses the theory, pedagogy and practice of teaching physical science. Reviews various curricula available for the teaching of physical science with a focus on state and national standards. Students work with course instructor(s) to design three lessons that work toward some of the objectives of each cooperating teachers' class. Students are aided in developing materials, guided in planning to teach the lesson, and given time to prepare and practice the lesson. | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Department of Physics                       | 1     |                 | Pre-requisite: Mathematics or Physics or other science major   |
| PHY     | 121         | University Physics I: Mechanics                  | Kinematics; Newton's laws; work, energy, momentum, conservation laws; dynamics of particles, solids, and fluids. Both PHY 121 and PHY 122 must be taken to secure SQ General Studies credit.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 3     | SQ              | Prerequisite(s): MAT 265 or 270 with C or better; Pre- or corequisite(s): MAT 266 or 271 with C or better if completed   |
| PHY     | 121         | University Physics I: Mechanics                  | Kinematics; Newton's laws; work, energy, momentum, conservation laws; dynamics of particles, solids, and fluids. | PHY     | 310         | Classical Particles, Fields, and Matter I  | Particle kinematics, mechanics, conservation laws, particle motion in force fields, dynamics of two-body systems, reference frames, rigid body motion.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 201 with C or better; PHY 252 with C or better; Corequisite(s): PHY 302   |
| PHY     | 311         | Classical Particles, Fields, and Matter II | Electrostatic and gravitational fields, Poisson and Laplace equations, dielectric materials, magnetic fields and materials, magnetic induction, Faraday's Law.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 310 with C or better  |
| PHY     | 312         | Mechanics and Electromagnetism             | Covers two major topics in physics, both dealing with forms of energy and momentum and how they are transmitted in space. Covers mechanics and dynamics, describing how bodies with mass move under various types of forces. Also covers electromagnetism, which describes how electric charges and magnets, and their motions, generate fields of force. Also describes how time-varying electric and magnetic fields are associated with electromagnetic waves, which include light.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Prerequisite(s): with C or better: PHY 150; PHY 151; PHY 252 OR PHY 150; PHY 151; PHY 121; PHY 122 OR PHY 150; PHY 151; PHY 131; PHY 132   |
| PHY     | 314         | Quantum Physics I                          | Photons, models of the atom, wave properties of matter, introduction to wave mechanics, 1-D systems in quantum mechanics.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): PHY 201 with C or better; PHY 252 with C or better  |

| PHY     | 371         | Driving Forces in Biology                  | What are the stable states of biomolecules? How do molecules interact? What forces drive molecules to bond and associate, to adsorb, to permeate through membranes, to undergo chemical reactions, to undergo conformational changes? Why are some changes gradual, as in the weakening of a ligand interaction with temperature, and others sudden (cooperative) such as protein folding or the insolubility of oil in water? Addresses these questions by statistical thermodynamics, a collection of principles and models that when combined with thermodynamics, aim to explain molecular forces and flows. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Pre-requisite: PHY 252   |

| PHY     | 412         | Classical Particles, Fields, and Matter III | Electromagnetic fields of moving charges, Maxwell's equations, harmonic phenomena, oscillations, waves, electromagnetic radiation, covariant electromagnetism, introduction to general relativity.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better  |
| PHY     | 416         | Quantum Physics III                         | Introduces the quantum theory of atoms, molecules, solids and nuclei, Dirac's equation.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 315 with C or better  |
| PHY     | 416         | Quantum Physics III                         | Introduces the quantum theory of atoms, molecules, solids and nuclei, Dirac's equation.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 315 with C or better  |
| PHY     | 441         | Statistical and Thermal Physics             | Statistical and experimental basis of heat, temperature, and entropy. Mechanical and statistical basis of the laws of thermodynamics. Applies macroscopic thermodynamics. Phase equilibrium.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better  |
| PHY     | 444         | Fundamentals of Nanoscience                 | For senior science majors and beginning graduate students teaching the cross-disciplinary subject of nanoscience. There is a strong emphasis on basics, so the course starts with a fairly rigorous introduction to quantum mechanics, statistical mechanics and chemical kinetics, though enough material is provided to allow nonphysics majors to come up to speed in these areas. This is followed by a survey of experimental techniques in nanoscience: microscopy, optical spectroscopy and scanning probe methods, and nanofabrication methods including "top down" and self assembly. Finally we survey applications: electrons in nanostructures, molecular electronics, nanomaterials and bio-nanoscience. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only PHY 444 or PHY 494 (Intro to Nanoscience)                         |

Finally we survey applications: electrons in nanostructures, molecular electronics, nanomaterials and bio-nanoscience. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only PHY 444 or PHY 494 (Intro to Nanoscience)                         |
| PHY     | 452         | Physical Optics                             | Principles of reflection, refraction, diffraction. Additional topics from contemporary optics may include Fourier transform spectroscopy, linear systems theory, holography.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 311 with C or better  |
| PHY     | 456         | Laser Optics                                | Theoretical and experimental aspects of applied optics including basic concepts of lasers, properties of optical beams, resonators and interferometry. Course consists of two parts: preparatory labs and applied projects. Preparatory labs provide theoretical and technical background for understanding of general features of electromagnetic wave propagation and technical features of optical lasers including high-power laser systems. Applied projects give students the opportunity to use laser optical systems to solve real-world problems.  | N                 | LEL               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 4     |                 | Prerequisite(s): PHY 361; Credit is allowed for only ABS 494 (Advanced Laser Laboratory), ABS 494 (Laser Optics) or PHY 456              |
| PHY     | 460         | Numerical Methods in Modern Physics         | Advanced numerical methods with an emphasis on electromagnetism, quantum mechanics and materials science with computer labs on a multiprocessor cluster.  | N                 | LEL               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 315   |
| PHY     | 462         | Particle and Nuclear Physics                | Nuclear properties, models, decays and reactions; fundamental forces, field theories, symmetry principles; hadrons, quarks, and leptons; the Standard Model.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better  |
| PHY     | 465         | Advanced Laboratory II                      | Continuation of PHY 334. Students may substitute a short laboratory research project for one of the elective experiments of the course, in consultation with a faculty sponsor and the course instructor.   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 334 with C or better  |
| PHY     | 472         | Advanced Biophysics Lab                     | Offers selected experiments from contemporary biophysics. Emphasizes modern instrumentation, computer-assisted acquisition and analysis of data, and report writing. Emphasizes the importance of good notebook keeping.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 371   |
| PHY     | 473         | From Molecules to Cells                     | Offers selected subjects from biological physics covering the length scales from biomolecules to cells. Builds on knowledge acquired from thermodynamics and statistical mechanics to formulate basic principles behind the working of life systems. Free energy, entropic forces, chemical potentials and electrostatic interactions rule the "nanometer soup" of a living cell. Proton gradients across cell membranes are behind all the energy consumed by life. Random walks, dissipative dynamics, and hydrodynamic fluxes rule time-dependent phenomena. Covers systems including biomolecules, membranes, cells and nerves.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 371 with C or better; Pre-corequisite(s): PHY 472 with C or better if completed                                     |
| PHY     | 480         | Methods of Teaching Physics                 | Evaluates various approaches to the teaching of high school physics. Preparation of demonstrations and experiments. Organization of a lab. Designed for secondary school physics teachers.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 |  |
| PHY     | 481         | Materials Physics I                         | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better; Credit is allowed for only MSE 526 or NAN 511 or PHY 481 or PHY 511 |
| PHY     | 482         | Materials Physics II                        | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 481 with C or better; Credit is allowed for only MSE 527 or NAN 512 or PHY 482 or PHY 512                           |
| PHY     | 484         | Internship                                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Integrative Sciences & Arts  | College of Integrative Sciences and Arts    | 1-12  |                 | Prerequisite(s): minimum 45 hours  |

| PHY     | 500         | Research Methods                     | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 1-12  |                 |   |
| PHY     | 511         | Materials Physics I                  | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Pre-requisite: Degree- or nondegree-seeking graduate; Credit is allowed for only MSE 526, NAN 511, PHY 511  |
| PHY     | 512         | Materials Physics II                 | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Pre-requisites: PHY 511; Credit is allowed for only MSE 527, NAN 512, PHY 482 or PHY 512  |
| PHY     | 521         | Classical and Continuum Mechanics    | Variational principles, Lagrange's and Hamilton's equations, canonical transformations, Hamilton-Jacobi theory, introduction to chaos and nonlinear dynamics, fundamentals of elasticity theory and fluid mechanics.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 523         | General Relativity                   | Special and general theories of relativity.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 531         | Electrodynamics                      | Special theory of relativity, covariant formulation of electromagnetic interactions, Maxwell's equations, electrostatics and magnetostatics, dielectric media, inhomogeneous wave equations, Lienard-Wiechert potentials, interactions of charged particles and electromagnetic waves, scattering and diffraction.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 541         | Statistical Physics                  | Postulates of statistical mechanics, equilibrium ensembles, Bose and Fermi statistics, density matrix, modern theory of phase transitions, fluctuations, and linear response theory.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 542         | Topics in Biophysics                 | Overview of modern biology, length scales: emphasizes molecular and cellular biology. Nonequilibrium systems: compare and contrast stochastic processes in biological and physical systems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 544         | Introduction to Nanoscience          | Survey of nanoscience: quantum/ statistical mechanics/kinetics; measurement and fabrication methods; applications to materials, nano-electronics, molecular electronics and nano-biology.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CHM 544, NAN 544, PHY 444 or PHY 544            |
| PHY     | 546         | Surfaces and Thin Films              | Thermodynamics and kinetics of surface structures and thin film processes. Ultra-high vacuum techniques for examining surfaces. Case studies of physics, chemistry and nanoscience applications.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Credit is allowed for only MSE 546, NAN 546 or PHY 546  |
| PHY     | 552         | Electron Microscopy I                | Kinematical and dynamical electron diffraction and microscopy. Defect structure and composition using STEM imaging, x-ray and electron-energy-loss spectroscopy.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Credit is allowed for only MSE 552, NAN 552, SEM 552, or PHY 552  |
| PHY     | 553         | Electron Microscopy Laboratory I     | Lab support for PHY 552.  | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Corequisite(s): MSE 552 or PHY 552; Credit is allowed for only MSE 553 or PHY 553 |
| PHY     | 554         | Electron Microscopy II               | Determination of structure and composition of materials using high-resolution imaging, convergent beam diffraction, and electron holography.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Credit is allowed for only MSE or PHY 554   |
| PHY     | 555         | Electron Microscopy Laboratory II    | Lab support for PHY 554.  | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 571         | Quantum Physics                      | Review modern physics, chemistry, math. Differential equation, operator, matrix formulations. Free particle, bound state problems. Examples from physics, chemistry and nanoscience.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Credit is allowed for only MSE 571, NAN 571 or PHY 571  |
| PHY     | 576         | Quantum Theory                       | Operator methods in quantum mechanics, time-independent perturbation theory, variational methods, angular momentum and group representation theory, identical particles; quantum dynamics, including time-ordered operators, time-dependent perturbation theory, and Fermi's golden rule.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 577         | Introduction to Quantum Field Theory | Explains necessity of generalizing quantum mechanics to a field theory viewpoint. Studies properties of scalar, spinor, and gauge fields; incorporates interactions; and learns to compute amplitudes, cross sections, and decay rates using formalism of Feynman diagrams.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PHY     | 580         | Practicum                            | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 1-12  |                 |   |
| PHY     | 581         | Quantum Theory of Solids I           | Band structure models: pseudopotentials, density functional theory; optical and magnetic response; elementary excitations; transport theory, electron-photon interactions and superconductivity.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 582         | Quantum Theory of Solids II          | Continuation of PHY 581: broken symmetry, phase transitions; disorder, topological defects; nano-structures topics; soft condensed matter and current research.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences   | Department of Physics                    | 3     |                 |   |
| PHY     | 584         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences   | Department of Physics                    | 1-12  |                 |   |
| PHY     | 590         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences   | Department of Physics                    | 1-12  |                 |   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long          | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department            | Units | General Studies | Requirements                            |
|---------|-------------|----------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------------|-------|-----------------|---|
| PHY     | 591         | Seminar                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 592         | Research                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 593         | Applied Project            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 594         | Conference and Workshop    | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 598         | Special Topics             | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-4   |                 |   |
| PHY     | 599         | Thesis                     | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 700         | Research Methods           | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 780         | Practicum                  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 783         | Fieldwork                  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 784         | Internship                 | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 790         | Reading and Conference     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 791         | Seminar                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Physics | 1-12  |                 |   |
| PHY     | 792         | Research                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Physics | 1-15  |                 |   |
| PHY     | 795         | Continuing Registration    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | Department of Physics | 1     |                 |   |
| PHY     | 799         | Dissertation               | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences    | Department of Physics | 1-15  |                 |   |
| PLA     | 191         | First-Year Seminar         | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-3   |                 |   |
| PLA     | 194         | Special Topics             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-4   |                 |   |
| PLA     | 294         | Special Topics             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-4   |                 |   |
| PLA     | 394         | Special Topics             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-4   |                 |   |
| PLA     | 492         | Honors Directed Study      | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-6   |                 | Prerequisite(s): Barrett Honors student |
| PLA     | 493         | Honors Thesis              | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-6   | L               | Prerequisite(s): Barrett Honors student |
| PLA     | 494         | Special Topics             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-4   |                 |   |
| PLA     | 498         | Pro-Seminar                | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-7   | L               |   |
| PLA     | 499         | Individualized Instruction | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-3   |                 |   |
| PLA     | 500         | Research Methods           | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 580         | Practicum                  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 583         | Fieldwork                  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 584         | Internship                 | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 590         | Reading and Conference     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 591         | Seminar                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 592         | Research                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 593         | Applied Project            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |
| PLA     | 594         | Conference and Workshop    | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School     | 1-12  |                 |   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|--|
| PLA     | 595         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | The Design School                           | 1     |                 |  |
| PLA     | 598         | Special Topics                                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-4   |                 |  |
| PLA     | 600         | Research Methods                               | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 680         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 683         | Fieldwork                                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 684         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 690         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 692         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 693         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                           | 1-12  |                 |  |
| PLA     | 695         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | The Design School                           | 1     |                 |  |
| PLA     | 795         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | The Design School                           | 1     |                 |  |
| PLB     | 300         | Plant Diversity and Evolution                  | An examination of the major groups of land plants, emphasizing evolutionary history, comparative data, and phylogenetic methods.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 4     | L or SG         | Prerequisite(s): BIO 181 (or BIO 188) with C or better and BIO 182 (or BIO 187 or PLB 200) with C or better OR BIO 281 with C or better and BIO 282 with C or better; Credit is allowed for only BIO 303 or ENV 300 or PLB 300 |
| PLB     | 302         | Plants and Civilization                        | Plants and plant products used by people throughout the world. Cultivation, processing, and uses in modern life (beverages, fibers, foods, medicinals, and perfumes).   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 304 or ENV 302 or PLB 302   |
| PLB     | 308         | Plant Physiology                               | Concepts of plant function: carbon metabolism, energy acquisition, regulation of growth and development, stress responses, and water and nutrient uptake.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; CHM 116; Credit is allowed for only BIO 308 or PLB 308   |
| PLB     | 310         | The Flora of Arizona                           | Overview of Arizona's flora and plant communities; emphasizes identification, classification, and natural history of the state's native vascular species.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 313 or PLB 310  |
| PLB     | 388         | Research Fundamentals for the Natural Sciences | Teaches research skills in the natural sciences. Topics covered include the basic research techniques of the study organism and system, experimental design, literature searches, statistical analysis and preparation of scientific papers and posters.  | Y                 | LEL               | Y               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): BIO 181; BIO 182 OR ACO 320 OR MAT 272; Credit is allowed for only LSC 388 or LSC 498 (Research Fundamentals for the Natural Sciences) or ENV 388 or FOR 388 or PLB 388 or PTX 388                            |
| PLB     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PLB     | 407         | Plant Fossils and Evolution                    | Broad survey of plant life of the past, including the structure of plant fossils, their geologic ranges, geographic distribution, and paleoenvironment.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 or PLB 200 with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| PLB     | 502         | Perspectives in Plant Biology                  | Introduces major areas of research within the department with the goal of broadening knowledge to enable multidisciplinary research and communication.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 3     |                 |  |
| PLB     | 519         | Physiological Plant Ecology                    | Physiological and morphological responses and adaptations of plants to their environment, emphasizing mechanisms that influence carbon and water balance, growth, and population distributions  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student; Credit is allowed for only PLB 419, BIO 419, BIO 519 or PLB 519  |
| PLB     | 525         | Microclimate Methods                           | Techniques to measure and quantify microclimate and mass transfer. Supporting principles.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 3     |                 |  |
| PLB     | 558         | Molecular Mechanisms of Photosynthesis         | Structure and function of photosynthetic complexes; mechanism of energy conversion in plants, bacteria, and model systems.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 3     |                 |  |
| PLB     | 580         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 583         | Fieldwork                                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 584         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences    | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 590         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences    | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences    | School of Life Sciences                     | 1-12  |                 |  |

|---------|-------------|------------------------------------|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| POR     | 320         | Portuguese for Spanish Speakers I  | Intensive introduction to the Portuguese language for Spanish speakers. Designed for students with an active competence in Spanish who wish to learn the essential elements of the Portuguese grammar at an accelerated pace, as well as acquire listening, speaking, reading and writing skills. Based upon the theory of "intercomprehension," which implies the speaker's ability to understand the speech of another speaker who communicates in a dialect of the same language or a related language. Due to the linguistic similarities with Spanish, students master the four basic skills of listening, speaking, reading and writing of in Portuguese at a faster pace. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 3     |                 | Prerequisite(s): SPA 202, 204, 210, 313, 314, 315, 316, or 412 with C or better; Credit is allowed for only POR 101 or POR 201 or POR 313 or POR 314 or POR 320 or POR 321 or POR 394 (Portuguese Spanish Speakers I) |
| POR     | 321         | Portuguese for Spanish Speakers II | Intensive intermediate-level Portuguese language class designed for Spanish-speakers. Further develops the students' communication skills in Portuguese. Makes use of the many common elements between Spanish and Portuguese (particularly vocabulary and grammar) to achieve an accelerated learning of linguistic, sociolinguistic and pragmatic competences required for fluency. The class is mostly conducted in Portuguese: do not be afraid of making mistakes while speaking Portuguese because this is a natural part of the learning process.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 3     |                 | Prerequisite(s): POR 101 or 320 with C or better; Credit is allowed for only POR 201 or POR 313 or POR 314 or POR 321 or POR 394 (Portuguese Spanish Speakers II)   |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| POS     | 335         | Power and American Democracy            | Explores how persistent patterns of marginalization and privilege impede the realization of democratic ideals in U.S. society. In particular, unpacks how, in practice, different forms of political power reinforce or challenge persistent patterns of marginalization and privilege. In combination with the study of power as the repression and control of others' actions, the course also explores power as exercised in the collective production of social boundaries. Students learn how to better analyze, critique and engage with different forms of power operating in U.S. society. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only POS 335 or SBS 335 or POS 394 (Power and American Democracy) or SBS 394 (Power and American Democracy) |
| POS     | 336         | Voters in America                       | Voting behavior and the attitudes, perceptions, and activities of the citizenry in the political process.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts | 3     | SB              |   |

| POS     | 348         | Do You Want to Build a Nation?          | Requires students to critically assess their assumptions about nation-states through a series of debates and simulation games. Through in-class, interactive games, students answer: What are the sources of legitimacy and defining elements of statehood? How do those defining elements, such as democratic structures, support or challenge certain functions of the nation-state? How does a nation's purported moral basis affect its foreign policy decisions and negotiations with other nations?  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     | L               | Prerequisite(s): minimum junior standing or minimum 45 hours; Credit is allowed for only POS 348 or POS 394 (Do You Want To Build a Nation?)                                |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts | 3     | SB & G          |   |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     | SB & G          |   |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          |   |
| POS     | 351         | Democratization                         | Examines the consolidation of democracies in postauthoritarian and postcommunist settings (e.g., Latin America, Eastern Europe, Asia).   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts | 3     | SB & G          |   |
| POS     | 351         | Democratization                         | Examines the consolidation of democracies in postauthoritarian and postcommunist settings (e.g., Latin America, Eastern Europe, Asia).   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     | SB & G          |   |
| POS     | 352         | European Democracies                    | Addresses questions such as, How has the relationship between European citizens and the democratic process changed in the post-WWII period? How do domestic political institutions influence this process? Explores different approaches to some of the most important questions facing the study of comparative and European politics.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Pre-requisite: Minimum 25 hours. Credit is allowed for only POS 394 (European Pol Democracies), 498 (European Democracies), or POS 352                                      |
| POS     | 353         | Comparative Politics of the Middle East | Examines the historical, social, and economic context of contemporary Middle East politics; explores political dynamics of selected Middle Eastern regimes; and offers a comparative examination of key political trends and themes.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): junior standing or minimum 45 hours; Credit is allowed for only POS 353 or POS 360 (Politics of the Middle East)   |
| POS     | 353         | Comparative Politics of the Middle East | Examines the historical, social, and economic context of contemporary Middle East politics; explores political dynamics of selected Middle Eastern regimes; and offers a comparative examination of key political trends and themes.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): junior standing or minimum 45 hours; Credit is allowed for only POS 353 or POS 360 (Politics of the Middle East)   |
| POS     | 354         | Central American Studies                | Part of the summer ASU study abroad Costa Rica Program, which is a language and social sciences immersion program in the capital city, San Jose. A summer offering permits students to enroll in the program without conflicting with full course loads during the fall or spring semester. However, the course is proposed as a stand-alone course that can be offered in a regular semester as well.   | N                 | REC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          | Credit is allowed for only ASB 356 or GCU 356 or POS 354 or SBS 356 or SOC 356  |

| POS     | 365         | Terrorism and Insurgency                       | Insurgency, civil war, revolution and terrorism are traditionally thought of as domestic events or "intrastate" conflicts between one violent domestic political group and the state. However, recent conflicts in Afghanistan, Libya and Syria, as well as the 9/11 attacks on the U.S. demonstrate that insurgencies often spill across borders and draw in actors far removed from the original conflict site. These conflicts also demonstrate that insurgencies and terror campaigns necessitate global policy responses. The international character of insurgency, therefore, requires students of political violence to consider a wide array of both international and domestic factors in order to better understand the origins, dynamics and resolution of modern insurgencies and terror campaigns. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only POS 365 or POS 394 (Terrorism and Insurgency)  |
| POS     | 367         | World Politics and Global Inequalities         | Examines the topic of global inequality and the numerous challenges that arise from it, including perspectives and theories pertaining to third world development, the historical background to the political and economic relations between the wealthy countries of the world and the poorer countries, and policies and strategies designed to promote development and alleviate poverty. Studies some contemporary issues that are related to global inequality including ethics and third-world development, sweatshop labor, corporate responsibility, and the tension between globalization and the movement of people across sovereign borders.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     | G               | Pre-requisite: Minimum 25 hours; Credit is allowed for only POS 360 (Current Issues International Politics), (International Security), (Organizational Studies) or POS 367     |

| POS     | 472         | Constitutional Law II                           | Development of the U.S. Constitution as reflected in decisions of the Supreme Court; due process; equal protection of laws; individual rights; civil liberties.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     | SB              | Prerequisite(s): minimum 45 hours  |
| POS     | 473         | Religion, Violence, and Conflict Resolution     | Focuses on the ambiguous, often confounding role of religion in local and global conflict and the pursuit of peace.   | N                 | LEC               | N               | GRD           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only JUS 473 or POS 473 or REL 482   |
| POS     | 475         | Morality and Politics                           | Should morality play a role in politics? Machiavelli gives us one sort of answer, urging politicians to be dishonest, deceptive and even cruel. Kant disagrees, arguing instead that politicians should adhere to their personal morality over political calculations. Explores this question in two ways. First, looks more at the disagreement between great thinkers in the Western political tradition. Second, investigates contemporary political actors who bring moral concerns to the fore, including dirty politicians and extremist citizens (for example, radical animal rights activists, militant environmentalists or global poverty zealots). Seminar course that incorporates in-class discussion and writing, options-based grading and creative assignments. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only POS 394 (Morality and Politics) or POS 475   |

| POS     | 527         | Uncertainty and Decision Making | Knowledge is always incomplete, yet decisions must be made. Explores uncertainty and its relation to decision making, with a particular focus on the ways that science and science-derived information is applied with the intent of improving decisions. Explores the many meanings and origins of uncertainty, using theoretical and case-based approaches. A central theme is the relation among uncertainty, scientific prediction, and decision making, especially in politically charged issues, for example as related to management of the environment. Ultimately understands how effective decisions can be made in the face of inevitable uncertainties and contested knowledge.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ASB 517 or BIO 517 or BIO 591 (Uncertainty & Decision Making) or HSD 517 or POS 527 or SOS 518 |

| Subject | Catalog Nbr | Course Title Long                      | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                            | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|---------------------------------------|-------|-----------------|--|
| POS     | 530         | American Politics                      | Examines major debates in the study of American political processes and institutions. Covers parties, media, elections, public opinion, interest groups, and the three branches of government.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| POS     | 540         | Ancient Political Theory               | Surveys the historical and philosophical developments in political thinking from the ancient Greeks up to the Renaissance. The world studied predominantly is one of profound political conflict and change. Moves from the Greek cities to the edge of modern political developments. The movement encompasses the political transformation from city-states to empires to the establishment of an overarching Christian world order that balances secular and sacred power, only to be challenged if not foundationally shaken by Machiavelli and realism.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisites: Graduate Political Science major   |
| POS     | 541         | Modern Political Theory                | Surveys the development of modern political thought from Machiavelli--through Hobbes, Locke, Hume, Rousseau, Burke, Kant, Montesquieu, Constant, Bentham, Mill, and Hegel--to Marx. Focuses on the primary writings of these thinkers as well as reading secondary literature. In addition to focusing on the distinctive contribution and relevance of individual thinkers, further explores certain recurring themes among which are the following: Are freedom and equality foes or friends? What allegiance do we owe the state and why? Do we have rights against the state? What is a just state? Is private property essential to individual liberty? Do laws enhance or threaten liberty? Is self-interest an adequate basis for political allegiance? Why should we pursue the common good, if at all? Are self-interest and the common good reconcilable? | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: MA or PhD major; Credit is allowed for only POS 541 or 591 (Modern Political Thought)   |
| POS     | 545         | Themes in Political Thought            | Examines a particular theme or problem in political thought from both a historical and contemporary perspective. May be repeated with approval of the director of graduate studies.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| POS     | 550         | Comparative Politics                   | Surveys major approaches across topical areas such as revolutions, authoritarianism, policy processes, interest groups, and electoral politics. Focus varies with instructor.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| POS     | 552         | Women and Politics                     | Serve as an introduction to the comparative study of women and politics. Not a course on feminist theory; instead focuses on questions such as: Does the descriptive representation of women guarantee their substantive representation? Which electoral rules favor the election of women? Do the negative effects of gender quotas outweigh their impressive ability to increase the number of women in office? Have the news media helped or harmed female candidacies? Once in power do women govern differently than men? Focuses on the obstacles that women face in obtaining positions of power.  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only POS 552 or 598 (Women and Politics)        |
| POS     | 560         | International Relations                | Surveys major theoretical approaches and debates in international relations.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| POS     | 563         | Comparative Asian Security Policies    | Analyzes domestic and international constraints, belief systems, and economic components in security decisions by major powers and Asian nations.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| POS     | 570         | The Politics of Public Policy          | Examines the political dimensions of public policymaking. Emphasizes major theoretical explanations of the policy process--particularly elements such as agenda setting, implementation, and policy change--rather than on the substance of particular policies. Focuses primarily on U.S. domestic policy, with some comparative reference to other developed democracies.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only POS 570 or 598 (Politics of Public Policy) |
| POS     | 571         | Science and Technology Policy          | Provides an in-depth introduction to theoretical perspectives on the role and place of science in democratic societies and democratic governance. Emphasizes how the ideas, ideologies, and practices of science are integrated into the design and implementation of government decision making, as well as how science both shapes and is shaped by the political organization and ordering of society. Pursues such questions in the context of U.S. politics, comparatively between the U.S. and Europe, and in emerging regimes of international governance.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 501 or POS 571                         |
| POS     | 572         | Advanced Science and Technology Policy | Focuses on the role of knowledge and expertise in political and policy decision making. Particular emphasis is placed on the analysis of knowledge systems (formalized institutional approaches to the production, validation, and use of knowledge and expertise in policy decision making), their modes of failure, and the design of approaches that may be able to prevent, avoid, or reduce the frequency of such failures.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: HSD 501 or POS 571 with B or better. Credit is allowed for only HSD 502 or POS 572  |
| POS     | 573         | Governing Emerging Technologies        | Examines the governance of science and technology through a focus on emerging technologies whose potential consequences in society are apparent only in anticipation and whose manifestations are still being shaped by local, domestic, and international institutions. These emerging technologies include nanotechnologies, synthetic biology, and other technologies associated with genetic modification, and information and cognitive science and neuro-technologies.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PAF 550, HSD 503 or POS 573               |
| POS     | 584         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |  |
| POS     | 586         | International Political Economy        | International political economy (IPE) focuses on the relationship between the pursuit of wealth and power during the development and evolution of the global political economy. Assigned readings take an analytical approach to the subject, drawing on methods and theories developed in political science, economics, history and sociology. In addition to an overview of the methods and theories employed in the study of IPE, also examines a variety of current empirical research programs in the subfield. This seminar should enable students to read the academic literature, conduct independent research in the subfield, and understand contemporary problems in the global political economy.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| POS     | 590         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |  |
| POS     | 591         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |  |
| POS     | 592         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |  |

| POS     | 593         | Applied Project                                   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 594         | Conference and Workshop                           | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 595         | Continuing Registration                           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1     |                 |   |
| POS     | 598         | Special Topics                                    | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-4   |                 |   |
| POS     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 601         | Advanced Experimental Research                    | Introduces experimental and quasi-experimental research designs in political research, including lab techniques and topics in the analysis of variance.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 603         | Polimetrics I                                     | Introduces theory and practice of linear regression analysis. Provides skills to read, understand, and evaluate professional literature using regression analysis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 604         | Polimetrics II                                    | Applies quantitative techniques to research topics producing publishable papers through exposure to time-series, logit and probit, and simultaneous equations.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 606         | Qualitative and Textual Analysis                  | Method and theory for the analysis of qualitative materials, systematic approaches for case studies, content analysis, critical analysis of texts.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 636         | Electoral Behavior                                | Introduces fundamental concepts of electoral behavior. Emphasizes presidential elections and examines why people vote and how their votes are determined.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 638         | Law and Politics                                  | Emphasizes research into such topics as constitutional law, women and the law, American legal system, judicial process, and judicial selection.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 652         | Religion and Politics                             | Analyzes the complicated and often conflictual relationship among major religious faiths, religious activists, and the state in the 20th and 21st centuries. Cover topics: secularization theory and its problems; religion as a cultural or attitudinal variable in politics; the rationality of religion, organized religions and their activists; the bases for conflicts between religion and the state; religion's role in conflict; the terms of reconciliation and collaboration; the conditions under which religion is politicized and becomes the basis of a political movement or party; and the means by which organized religions and/or their adherents seek to maintain an influence in 20th- and 21st-century politics and society. Does not provide a survey of religion and politics for all major world religions, or other religions. | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 | Pre-requisite: MA or PhD student; Credit is allowed for only POS 652 or 598 (Religion and Politics)                   |
| POS     | 664         | War, Peace, and Conflict Processes                | Systematic analysis of the causes of war, the preconditions for peace, and approaches to the resolution of conflict.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 3     |                 |   |
| POS     | 671         | HSD I: Human Dimensions of Science and Technology | Interdisciplinary synthesis, theoretical foundations, and methods for humanistic and social science research on science and technology.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 4     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 601 or POS 671 |
| POS     | 672         | HSD II: Science, Power and Politics               | Interdisciplinary synthesis, theoretical foundations, and methods for humanistic and social science research on science and technology.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 4     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 602 or POS 672 |
| POS     | 691         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 695         | Continuing Registration                           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1     |                 |   |
| POS     | 790         | Reading and Conference                            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-15  |                 |   |
| POS     | 795         | Continuing Registration                           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1     |                 |   |
| POS     | 799         | Dissertation                                      | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences      | School of Politics and Global Studies | 1-15  |                 |   |
| PPE     | 194         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation       | 1-4   |                 |   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---------------------------------|-------|-----------------|--|
| PPE     | 235         | Teaching Strength and Conditioning for Health  | Fundamental principles, strategies and assessments of strength training and conditioning methodologies that are necessary to effectively operate in a school-based setting. Most secondary schools offer some form of strength training in a physical education setting, either as a stand-alone course or as part of a traditional class structure. Therefore, new physical education teachers should be well informed on the scientific rationale for the use of strength and conditioning programs in schools, and be able to design and implement these programs safely. Provides prospective physical education teachers with the knowledge and skills needed to safely and effectively operate in a school-based strength training setting, whether it is for physical education or sport performance. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 | Credit is allowed for only PPE 235 or PPE 294 (Teaching Strength Conditioning for Health)  |
| PPE     | 240         | Physical Activity  | Recognizing individual interests and abilities, the program provides courses covering a wide variety of physical activities. We make an effort to address contemporary trends and student, faculty and staff interests. Offerings may include but are not limited to classes in the areas of: aquatics, artistic and social dance, fitness development, martial arts, mind/body, outdoor recreation, resistance training, sports and games.  | Y                 | PRA               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-2   |                 |  |
| PPE     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-4   |                 |  |
| PPE     | 300         | Introduction to Physical Education, Fitness and Sport                                      | Introduces the fields of physical education, exercise science, sports medicine, and related fields. Discusses the history and trends of physical education as well as key concepts, programs, problems, and issues related to teaching physical education. Teaches essential background knowledge, better preparing for career success. The online (blackboard) component of this class provides practical experiential learning and assesses knowledge and comprehension of the key concepts presented in the course.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: Minimum 60 hours; Junior or senior standing; Credit is allowed for only PPE 300 or 394 (Intro to Physical Education, Fitness & Sport) |
| PPE     | 310         | Healthy Learning Communities   | Prepares educators with the knowledge, skills and dispositions to support learners' overall health. Focuses on educator's roles in creating healthy and active learning communities and addresses a variety of educational settings and learner ages.  | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PPE     | 315         | Pediatric Movement Sciences for Physical Educators   | Provides a general overview of the functional anatomy of the human body as it relates to movement and the biomechanical principles underlying the execution of a given motor skill. Also examines the influence of physical growth and maturation on the development of motor skills.  | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: BIO 201; BIO 202; Credit is allowed for only PPE 315 or 394 (Apld Pediatric Functional Anat)  |
| PPE     | 320         | Exercise Physiology Concepts for Physical Educators  | Provides an introductory-level understanding of how the body responds prior to, during, and after participation in dynamic and static exercise. Examines the physiological basis of human movement, with emphasis on reviewing what exercise physiologists have learned about the diversity of physical activity, specifically in children. Although many physiological responses to activity are predictable, the magnitude and pattern of responses are unique depending on the age, gender, and previous experience of the individual. Also examines the role an active lifestyle plays in the overall health and well-being of school-aged children and adolescents.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: BIO 201; BIO 202; Credit is allowed for only PPE 320 or 394 (Pediatric Exercise Physical)   |
| PPE     | 335         | Movement and Physiology Principles of Children and Youth in Physical Activity Environments | Provides an introductory-level understanding of mechanical principles underlying human movement, the developmental patterns reflected in human movement birth through childhood and adolescence, basic principles of motor learning and the physiological basis of human movement. Covers how these principles directly affect the development of physical activity opportunities in in community-based sport and recreation settings with a specific eye toward the role an active lifestyle plays in the overall health and well-being of children and youth between the ages of 6 and 18.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 340         | Understanding Children in Physical Activity Environments                                   | Teaches students an understanding of elementary-aged children and how to implement a curriculum in a physical activity environment. Students learn effective teaching techniques, how to effectively manage students, and ways to improve the physical skill and activity level of students. Prospective facilitators use authentic assessment techniques to assess and prescribe activities for improving motor skills in kindergarten through 6th grade youngsters. Prospective facilitators leave with requisite knowledge to implement a comprehensive physical activity program and the physical skills necessary for successful instruction.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum junior standing   |
| PPE     | 345         | Adolescents in Physical Activity Environments: Understanding and Practices                 | Gives an understanding of the changing scope of physical education in an era of education reform. Students learn about and teach a variety of curricular models and styles. Uses technology and assessments in authentic settings. Focuses on increasing the physical activity levels of secondary students during physical education and also promotes physical activity outside of the school setting. Covers strategies for advocating the importance of quality physical education to school and district personnel during a time when local administrators are pressured to allocate more time to core subject areas.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 351         | Coaching of Children and Adolescents in Physical Activity Environments                     | Provide introductory-level understanding of the skills and knowledge needed to deliver positive sport experiences in various nonschool settings that lead to positive youth development. Effective use of these skills enhances the chance that children and youth come to programs that are fun, engaging, safe and positive challenges; while having clear rules, requiring personal responsibility and demanding respect for self and others.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-4   |                 |  |
| PPE     | 396         | Clinical Experience: Physical Education Elementary (Grades 1-8)                            | Applies course content in elementary physical education classrooms grades 1-8; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 397         | Clinical Experience: Physical Education Secondary (Grades 6-12)                            | Applies course content in secondary physical education classrooms grades 6-12; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 | Prerequisite(s): admission to the Professional Program   |

| PPE     | 450         | Physical Education for the Elementary School                    | Scope and values of physical education in elementary schools. Methods, materials, and practices in teaching for primary through upper grades.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 450 or PPE 550  |
| PPE     | 451         | Innovative Programming in Elementary Physical Education         | Provides students with an understanding of current trends and issues in elementary school physical education curriculum and how to implement the curriculum in a school environment. Students also become familiar with a variety of best practices in curriculum and instruction specific to elementary children in physical activity settings. Emphasizes incorporating methods of effective teaching and activity organization, enhancing student learning, and effectively managing student behavior and the learning environment. | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Pre-requisites: Junior or senior standing; Credit is allowed for only PPE 451 or 551   |
| PPE     | 455         | Physical Education in the Secondary School                      | Current trends and theories such as elective programs, coed classes, legal issues, contract teaching, curriculum, and administration.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 455 or PPE 555  |
| PPE     | 460         | Adapted and Inclusive Physical Education                        | Teaching individuals with disabilities physical skills and activities.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 460 or PPE 560  |
| PPE     | 465         | Teaching Physical Activity Concepts                             | Focuses on teaching physical activity concepts in physical education settings and other settings such as fitness clubs or community health organizations. Analyzes and critiques state physical activity standards and national guidelines for promoting physical activity.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     | L               | Prerequisite(s): minimum 45 hours. Credit is allowed for only PPE 465 or PPE 565   |
| PPE     | 477         | Student Teaching: Physical Education Elementary (Grades 1-8)    | Student teaching in elementary physical education setting grades 1-8: synthesized experience in curriculum, instruction, assessment and classroom management.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 6     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 478         | Student Teaching: Physical Education Secondary (Grades 6-12)    | Student teaching in middle/secondary physical education setting grades 6-12: synthesized experience in curriculum, instruction, assessment and classroom management.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 6     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 480         | Professional Seminar for Physical Education                     | Methods of instruction, organization, and presentation of appropriate content in elementary and secondary physical education.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-12  |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 485         | Physical Activity Leadership in Schools                         | Explores the development of school leadership skills for physical educators specific to promoting physical activity throughout the school day for all K-12 students.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to Teacher Preparation program; Credit is allowed for only PPE 485 or PPE 586                                       |
| PPE     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| PPE     | 495         | Research on Teaching in Physical Education                      | Contemporary research and theory on teaching across fields with an emphasis on physical education pedagogy; provides a practical research experience.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 |  |
| PPE     | 501         | Introduction to Research and Evaluation in Education            | Overview of educational inquiry from controlled, quantitative to qualitative, naturalistic. Emphasizes locating and critically interpreting published research.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only COE 501 or ECD 503 or PPE 501 or SPE 501 or TEL 501 |
| PPE     | 535         | Introduction to Sport Education                                 | Introduces a grade 5-12 school physical education curriculum that focuses on providing more complete and more authentic sport experiences.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (Degree or non-degree) students; Credit is allowed for only PPE 494, 598 (Sport Education) or PPE 535                 |
| PPE     | 550         | Physical Education for the Elementary School                    | Scope and values of physical education in elementary schools. Methods, materials, and practices in teaching for primary through upper grades.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Students who have credit for PPE 450 may not enroll in PPE 550         |
| PPE     | 551         | Innovative Programming in Elementary Physical Education         | Provides an understanding of current trends and issues in elementary school physical education curriculum and how to implement the curriculum in a school environment. Students become familiar with a variety of best practices in curriculum and instruction specific to elementary children in physical activity settings. Emphasizes incorporating methods of effective teaching and activity organization, enhancing student learning, and effectively managing student behavior and the learning environment.                    | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) students; Credit is allowed for only PPE 451 or 551  |
| PPE     | 555         | Physical Education in the Secondary School                      | Current trends and theories such as elective programs, coed classes, legal issues, contract teaching, curriculum, and administration.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate students (Degree and non-degree); Credit is allowed for only PPE 455 or PPE 555                                       |
| PPE     | 560         | Adapted and Inclusive Physical Education                        | Teaching individuals with disabilities physical skills and activities.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate students (Degree and Non-degree); Credit is allowed for only PPE 460 or PPE 560                                       |
| PPE     | 565         | Teaching Physical Activity Concepts                             | Teaching physical activity concepts in PE settings. Analyzes and critiques state and national physical education standards.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only PPE 465 or 565   |
| PPE     | 567         | Clinical Experience: Physical Education Elementary (Grades 1-8) | Applies course content in elementary physical education classrooms grades 1-8: emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 568         | Clinical Experience: Physical Education Secondary (Grades 6-12) | Applies course content in secondary physical education classrooms grades 6-12: emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 570         | Research on Teacher Education in Physical Education             | Discusses current research on teacher education across fields, with an emphasis on physical education pedagogy.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only PPE 370 or 570   |
| PPE     | 576         | Research on Curriculum in Physical Education                    | Discusses and applies research findings on curricular models for physical education and physical activity in school settings and beyond.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 586         | Physical Activity Leadership in Schools                         | Explores the development of school leadership skills for physical educators specific to promoting physical activity throughout the school day for all K-12 students.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PPE 485 or PPE 586                                  |
| PPE     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| PPE     | 593         | Applied Project                              |   | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 594         | Conference and Workshop                      | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 598         | Special Topics                               | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 599         | Thesis                                       | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 690         | Reading and Conference                       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 692         | Research                                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 780         | Practicum                                    | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 783         | Fieldwork                                    | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 784         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 790         | Reading and Conference                       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 792         | Research                                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 795         | Continuing Registration                      | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 799         | Dissertation                                 | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PRM     | 120         | Leisure and the Quality of Life              | Conceptual foundations for understanding the role of leisure in the quality of life. Social, historical, psychological, cultural, economic, and political foundations of play, recreation, and leisure.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | SB              |  |
| PRM     | 150         | Outdoor Pursuits                             | Theories and practical applications related to outdoor recreation pursuits. Interdisciplinary approach to wilderness issues and philosophies, culminating in an outdoor experience.   | N                 | PRA               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |  |
| PRM     | 191         | First-Year Seminar                           | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-3   |                 | Pre-requisite: Maximum 25 hours; Credit is allowed for only CRD, PRM or TDM 191  |
| PRM     | 194         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| PRM     | 201         | Introduction to Community Sports             | Examines the role of community sports at the local, national and international levels.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Credit is allowed for only CSM 201 or PRM 201  |
| PRM     | 203         | Program Planning                             | Effective program planning in varied leisure delivery systems.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Credit is allowed for only CSM 203 or PRM 203  |
| PRM     | 210         | Leisure Delivery Systems                     | Introduces development, management and organization of the public, nonprofit and private sectors for the leisure services professions.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): NLM 160 or PRM 120 with C or better if completed   |
| PRM     | 294         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| PRM     | 298         | Honors Directed Study                        | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PRM     | 301         | Sustainable Communities                      | Analyzes community as concept and as an organizing system for promoting sustainability.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): PRM 120 or NLM 160 with C or better if completed; Credit is allowed for only CRD 301 or NLM 301 or PRM 301 or SOS 301 or TDM 301   |
| PRM     | 302         | Inclusive Community Development              | Examines the characteristics of diverse populations across the lifespan to effectively develop inclusive community programs and services.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | SB & C          | Prerequisite(s): ENG 102 with C or better; MAT 142 or higher with C or better; NLM 160 or PRM 120 with C or better; minimum 2.50 GPA; minimum 45 hours; Credit is allowed for only CRD 302 or NLM 302 or PRM 302 or TDM 302                                  |
| PRM     | 304         | Recreation Planning and Facility Development | Surveys development and management of public, private, and commercial recreation areas and facilities with a focus on meeting program needs.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | L               | Prerequisite(s): CRD 210(or NLM 210,PRM 210 or TDM 210) with C or better; MAT 142, C or better; Nonprofit Leadership & Management (or Parks & Recreation Management or Recreation & Tourism Management) major; minimum 2.50 cumulative GPA; minimum 45 hours |
| PRM     | 310         | Volunteer Management                         | Studies volunteer administration practices integral to community organizations providing an introduction to management techniques including program organization, recruitment, interviewing, placement, supervision, recognition and evaluation.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: minimum 45 hours. Credit is allowed for only NLM or PRM 310   |
| PRM     | 315         | Community Recreation Systems                 | Explores and assesses community recreation delivery systems in the United States.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 120 with C or better  |
| PRM     | 335         | Sports and Recreation for Youth Development  | Provides an overview of definitions, statistics, theories and models, and types of programs surrounding youth development in relation to sports, recreation and leisure services. Addresses current trends related to youth development and collaborative partnerships in sports, recreation and leisure services at various levels within local, state, national and/or international systems.         | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Minimum 45 hours. Credit is allowed for only CSM 335 or PRM 335   |

| PRM     | 340         | Outdoor Survival  | Interdisciplinary approach to outdoor survival, including attitudes, psychological stress, physiological stress, preparation, hypothermia, navigation, flora, and wildlife.   | N                 | PRA               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |   |
| PRM     | 350         | Tourism, Recreation and Sports Marketing                      | Critical examination of marketing principles in leisure and related industries in diverse settings, including local, national, and international.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 210 or CSM 201 or TDM 205; ENG 102 with C or better; MAT 142 or higher with C or better; minimum 45 hours; Credit is allowed for only CRD 350 or CSM 350 or PRM 350 or TDM 350                   |
| PRM     | 364         | Foundations of Recreation Therapy                             | Overview of therapeutic recreation and its concepts, practices, service models, and settings. Explores the provision of recreation and treatment services for individuals with disabilities.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| PRM     | 370         | Public Lands Management                                       | Introduces outdoor recreation resource delivery systems; history of wilderness and outdoor recreation resources; the role of outdoor recreation in society; outdoor recreation agencies; related environmental issues.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 45 hours   |
| PRM     | 380         | Wilderness and Parks in America                               | Examines the American Conservation Movement and the relationships between the environment and recreation behavior.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | SB & H          |   |
| PRM     | 384         | Recreational Therapy Practicum                                | Combines clinical field exposure with classroom instruction to maximize understanding and skill mastery.  | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3-12  |                 | Pre- or corequisite(s): PRM 364   |
| PRM     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |   |
| PRM     | 400         | Intervention Techniques in Recreation Therapy                 | In-depth analysis of theoretical and philosophical approaches to therapeutic recreation practice with emphasis on various facilitation techniques used in therapy.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre/Co-requisite: PRM 364   |
| PRM     | 401         | Managing Leisure Enterprises                                  | Analyzes administrative function, structure, and policies. Successful application in administrative situations.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 210 or PRM 210; TDM 372 or CSM 203 or PRM 203; minimum 2.50 GPA; Credit is allowed for only CRD 401 or CSM 401 or PRM 401  |
| PRM     | 402         | Assessment and Evaluation of Community Services               | Introduces applied leisure research with emphasis on program evaluation, research design, data collection techniques, and data analysis.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): CSM 401, NLM 410, PRM 401, or TDM 401 with C or better if completed; Credit is allowed for only CRD 402 or CSM 402 or NLM 402 or PRM 402 or TDM 402   |
| PRM     | 403         | Leadership and Professional Development                       | Examines leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): NLM 210, PRM 210, or TDM 210 with C or better; NLM 301, PRM 301, or TDM 301 with C or better; senior standing; 2.50 minimum GPA; Credit is allowed for only CRD 403 or NLM 403 or PRM 403 or TDM 403 |
| PRM     | 406         | Program Design & Administration in Recreation Therapy         | In-depth analysis of assessment, treatment planning, program implementation, documentation, and evaluation strategies employed in therapeutic recreation practice.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 364 with C or better; PRM 400 or 455 with C or better  |
| PRM     | 413         | Leadership and Professional Development in Recreation Therapy | Examines therapeutic recreation leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 301, NLM 301, PRM 301, or TDM 301 with C or better; Pre- or corequisite(s): PRM 303 with C or better   |
| PRM     | 422         | Entertainment, Protocol, and Programming for Special Events   | In-depth analysis of the theoretical and philosophical aspects of special event management relative to talent and entertainment, protocol, etiquette, ethics, and programming. Requires some field work in event management.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better   |
| PRM     | 423         | Special Event On-Site Operations                              | Expands on the concepts of event programming with in-depth examination of the theoretical and philosophical aspects of event operations, festival site design, and working with subcontractors and vendors.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better   |
| PRM     | 427         | Revenue Generation for Special Event Management               | Examines theoretical and philosophical aspects of revenue generation relative to special events through in-depth exploration of budgeting, accounting, and sponsorship opportunities. Requires field work at an event.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better   |
| PRM     | 450         | Leisure and Aging   | Examines the factors influencing leisure among older adults, including policy issues and program service implications. Involves fieldwork.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |   |
| PRM     | 451         | Grant Writing   | How to increase grant funding: creating fundable ideas, identifying sponsors, following guidelines, writing effectively, constructing budgets, responding to reviewers.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Credit is allowed for only NLM 451, 565 or PRM 451  |
| PRM     | 454         | Human Services for At-Risk Youth                              | Overview of policy and programs affecting at-risk youth; examines risk factors and programmatic solutions to them.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |   |
| PRM     | 455         | Play in Child Life  | In depth study of the techniques, principles and theories of play applied in clinical practice to enhance healing, growth and development with children and families.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): CDE 232 with C or better; Pre- or corequisite(s): PRM 364 with C or better if completed  |
| PRM     | 460         | Assessment & Documentation in Recreation Therapy              | In-depth study of the therapeutic recreation assessment process, including examination of interview techniques, assessment instruments, treatment planning, outcomes, evaluation, research, and documentation.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 364 with C or better   |
| PRM     | 463         | Senior Internship   | Supervised guided experience in selected agencies.  | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 6-12  |                 | Prerequisite(s): CRD 403 or PRM 413 with C or better; CSM 402 or NLM 402 or PRM 402 or TDM 402 with C or better; Credit is allowed for only CSM 463 or NLM 463 or PRM 463 or TDM 463                                  |
| PRM     | 470         | Environmental Communication                                   | Park interpretation and environmental education that includes theories, principles and techniques.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 60 hours   |
| PRM     | 475         | Entrepreneurial Recreation and Tourism                        | Explores basic business principles and innovative processes involved in starting a small business in the commercial recreation and tourism industry.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Minimum 60 hours; Credit is allowed for only PRM or TDM 475  |
| PRM     | 483         | Sports Tourism  | Examines the relationship between sports and tourism, and the role of recreation and amateur sports as an economic and community development strategy. Also considers the motives, behaviors and experiences of sport tourists; the impacts of sport tourism; and trends in sports tourism. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only CSM 483 or PRM 483 or TDM 483   |
| PRM     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): TDM 205 or NLM 220 or PRM 210; minimum 72 hours; minimum 2.50 GPA; Non-SCRD majors   |
| PRM     | 485         | Sports Events   | Expands the basic concepts of recreation, leisure or tourism program planning and leadership as they are specifically related to sport events management.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: minimum 45 hours. Credit is allowed for only CSM 485 or PRM 485  |
| PRM     | 486         | Special Events Management                                     | Principles of programming and managing special events for diverse populations.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |   |
| PRM     | 487         | Advanced Special Events Management                            | Advanced principles of special event sponsorship, public relations, marketing, contracting, risk management, and financial management.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better; Credit is allowed for only PRM 487 or RTM 487  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                                    | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| PRM     | 488         | Event Marketing and Promotion  | In-depth look at the influence and role of print and social media in special event management. Studies theory, strategies, and planning relative to experience marketing, including the use of promotions.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better                      |
| PRM     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student                        |
| PRM     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   | L               | Prerequisite(s): Barrett Honors student                        |
| PRM     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| PRM     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student                        |
| PRM     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-7   | L               |  |
| PRM     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-3   |                 |  |
| PSB     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PSB     | 501         | Basic Principles of Applied Behavior Analysis                          | Fundamental principles of behavior including the history, theory, definitions, processes, concepts and characteristics of applied behavior analysis.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 |  |
| PSB     | 510         | Basic Principles of Experimental Analysis of Behavior                  | Practical applications of research methodology to examine the effects and evaluate the efficacy of behavioral interventions. Provides an empirical science approach to designing, conducting and critically evaluating research involving applications of the experimental analysis of behavior in the use of graphic displays, single-case, ABAB, multiple baselines, changing criterion and alternating treatment designs.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 2     |                 |  |
| PSB     | 511         | Advanced Research Methods  | Focuses on research techniques such as time-series methods for single-case assessment, behavior measurement and the effectiveness of treatment interventions on behavior. Topics include conducting component and parametric analyses and use of experimental designs such as withdrawal, reversal, criterion and multiple baselines.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 2     |                 | Pre-requisite: PSB 501; PSB 510                                |
| PSB     | 520         | Ethical Issues and Professional Standards in Applied Behavior Analysis | Ethical standards and legal responsibilities including regulatory requirements and Arizona licensing statutes for ABA professionals who provide services to individuals with special needs and their families.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 |  |
| PSB     | 530         | Behavioral Observation and Functional Assessment                       | Focuses on how to conduct behavioral observations and functional analyses using various methods for assessment and for data collection, organization and interpretation.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 | Pre-requisite: PSB 501; PSB 510                                |
| PSB     | 540         | Development of Applied Behavioral Intervention Programs                | Techniques for conducting task analyses; developing target intervention outcomes; determining alternative behaviors and environmental changes; use of behavior change procedures such as reinforcement, extinction, punishment, shaping, modeling, training and teaching.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 | Prerequisite(s): PSB 501, 510. Corequisite(s): PSB 530         |
| PSB     | 563         | Basic Principles of Organizational Behavior Management                 | Overview and the use of Behavioral Systems Analysis (BSA) and Performance Management (PM) as they relate to the identification and modification of environmental variables that can affect and improve individual and organizational performance as a system. Basic techniques include analysis of antecedents, behavior and consequences and development of interventions to support the desired performance improvements and increase system productivity.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 2     |                 |  |
| PSB     | 573         | Advanced Principles of Learning and Analysis of Behavior               | Provides an in-depth review of the philosophy and theory of behaviorism and its scientific application. Includes Skinner's conceptual framework plus fundamental elements of behavior change and procedures.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 |  |
| PSB     | 578         | Applied Behavior Analysis in Developmental Disorders                   | Provides an overview of the major theories and research related to the development of psychological disorders of childhood and adolescence including autism, attention deficit disorder, behavior disorders and intellectual disabilities.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | Department of Psychology                      | 3     |                 | Prerequisite(s): MS Applied Behavior Analysis major            |
| PSB     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PSB     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 |  |
| PSB     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences      | Department of Psychology                      | 1     |                 |  |
| PSB     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-4   |                 |  |
| PSB     | 600         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | Department of Psychology                      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

|---------|-------------|--------------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| PSB     | 680         | Practicum                            | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSB     | 683         | Fieldwork                            | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 684         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 690         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 691         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 692         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 693         | Applied Project                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | Department of Psychology                 | 1-12  |                 |  |
| PSB     | 695         | Continuing Registration              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | Department of Psychology                 | 1     |                 |  |

Integrates psychological with evolutionary, physiological and neuroscientific approaches.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): PSY 101 with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369                  |
| PSY     | 369         | Biology of Human Sexuality       | Multilevel perspective on human sexuality and reproduction. Integrates psychological with evolutionary, physiological and neuroscientific approaches.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): PSY 101 with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369                  |
| PSY     | 370         | Interpersonal Relationships      | Development of personal skills for competent functioning in interpersonal relationships across multiple social contexts. Principles of mental health adjustment.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              | Prerequisite(s): PSY 101 with C or better   |
| PSY     | 375         | Psychology of Addictive Behavior | Offers a psychological perspective on addictions, including those related to drug use, gambling, sex, eating and Internet use. Specific topics include basic pharmacology, behavioral processes in addiction, behavioral economics, impulsiveness, delay discounting, self-control, self-regulation, and prevention and treatment of addictions. Some of the data presented in the course derive from animal models; an evolutionary perspective is assumed throughout. Encourages students to think critically about drug use and dependence and about addictions in general. Students achieve these objectives through assigned readings (primarily empirical research), writing assignments, and active participation in, and facilitation of, class discussions. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only PSY 375 or PSY 394 (Psychology of Addictive Behaviors)                          |
| PSY     | 384         | Undergraduate Teaching Assistant | The UTA experience allows students to work with the faculty to contribute to the effectiveness of a particular class and provides them with a unique educational benefit commensurate with their receiving upper-division course credit. Provides students with experience in teaching and interacting with faculty and students. These experiences help students make a decision about whether to pursue a graduate degree in psychology and to develop a personal philosophy of learning and teaching.   | N                 | PRA               | Y               | P/F           | Liberal Arts and Sciences    | Department of Psychology                 | 1-3   |                 | Prerequisite(s): PSY 101 with C or better; minimum 30 hours; Credit is allowed for only PSY 384 or PSY 394 (Undergraduate Teaching Assistant) |
| PSY     | 385         | Psychology of Gender             | Examines, from a psychological perspective, the similarities and differences in beliefs, attitudes, and behaviors of women and men.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts | 3     | SB              |   |

| PSY     | 432         | Embodied Cognition                         | Do left-handers think differently from right-handers? Do paraplegics perceive the world differently from those who can walk? If you say about a potential date, "He leaves me cold," do you literally feel cold? And does a Botox treatment to alleviate frown lines makes it difficult to understand sentences about sadness? The surprising answer to all of these questions is YES! Embodied cognition proposes that thinking is based on neural and bodily systems of perception, action and emotion. Explores this claim through readings, discussions, debates and embodied interactions, and considers implications of embodied cognition across areas of psychology and applications in education. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Department of Psychology                 | 3     | L               | Prerequisite(s): PSY 290 with C or better; Credit is allowed for only PSY 432 or PSY 498 (Embodied Cognition) or PSY 529 |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| PSY     | 516         | Quantitative Analysis II                      | Advanced experimental and quasi-experimental analysis. Focuses on principles underlying linear regression and related statistical techniques.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): PSY 515 with B or better; Credit is allowed for only PSY 516 or PSY 598 (Psychological Methods II)                           |
| PSY     | 517         | Quantitative Analysis III                     | Covers basic multivariate statistical techniques currently utilized in psychology with a primary focus on factor analysis and structural equation modeling.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): PSY 516 with B or better; Credit is allowed for only PSY 517 or PSY 598 (Quantitative Research Methodology & Statistics III) |
| PSY     | 526         | Neuroanatomy                                  | Covers the structure and function of the mammalian brain, including sheep brain dissection.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 4     |                 | Prerequisite(s): graduate; Credit is allowed for only PSY 426 or PSY 526  |
| PSY     | 528         | Sensation and Perception                      | Principles of sensory and perceptual processes, emphasizing research literature.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 528         | Sensation and Perception                      | Principles of sensory and perceptual processes, emphasizing research literature.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 529         | Embodied Cognition                            | Do left-handers think differently from right-handers? Do paraplegics perceive the world differently from those who can walk? If you say about a potential date, "He leaves me cold," do you literally feel cold? And does a Botox treatment to alleviate frown lines make it difficult to understand sentences about sadness? The surprising answer to all of these questions is YES! Embodied cognition proposes that thinking is based on neural and bodily systems of perception, action and emotion. Explores this claim through readings, discussions, debates and embodied interactions, and considers implications of embodied cognition across areas of psychology and applications in education.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): graduate standing in Psychology; Credit is allowed for only PSY 432 or PSY 529 or PSY 591 (Embodied Cognition)               |
| PSY     | 530         | Intermed Statistics                           | One-way and factorial designs, contrasts, post-hoc tests, probing of interactions, mixed designs, power, computer applications.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 530         | Intermed Statistics                           | One-way and factorial designs, contrasts, post-hoc tests, probing of interactions, mixed designs, power, computer applications.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 531         | Multiple Regression in Psychological Research | Multiple regression and correlation, hierarchical regression, interactions, curvilinear relationships, categorical predictors, ANOVA in regression, regression diagnostics, regression graphics.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                | 3     |                 |   |
| PSY     | 531         | Multiple Regression in Psychological Research | Multiple regression and correlation, hierarchical regression, interactions, curvilinear relationships, categorical predictors, ANOVA in regression, regression diagnostics, regression graphics.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 532         | Analysis of Multivariate Data                 | Matrix algebra for multivariate procedures, component and factor analysis, canonical and discriminant analysis, classification, MANOVA, logistic regression, hierarchical linear model.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 533         | Structural Equation Modeling                  | Path analysis; exploratory and confirmatory factor analysis; recursive and nonrecursive latent variable models; mean and covariance structures; latent growth models.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 534         | Psychometric Methods                          | Theory and practice of psychological measurement using classical and modern test theories. Reliability assessment, test validation, test construction, test usage.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 535         | Cognitive Processes                           | Theoretical/empirical treatment of the human organism as a processor of information, including abstraction, memory structure, problem solving, and thinking.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 536         | Statistical Methods in Prevention Research    | Statistical methods used in prevention research including epidemiological methods, logistic regression, program effect estimation, estimation, and mediation analysis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 537         | Longitudinal Growth Modeling                  | Growth modeling methodology to describe individual variation in development over time. Employs multilevel and structural equation modeling frameworks.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 538         | Advanced Structural Equation Modeling         | Mean and covariance structure analysis. Includes multiple-group modeling, two-level hierarchical modeling, longitudinal growth modeling, analysis with categorical outcomes.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 539         | Multilevel Models for Psychological Research  | Multilevel (i.e., hierarchical linear) modeling, as described by Raudenbush and Bryk (2002) and others. Covers analytic strategies for analyzing a variety of different nested data structures (e.g., couples data, clients nested within group therapy settings, children nested within classrooms, longitudinal data). Covers two- and three-level models for cross-sectional and longitudinal data and also addresses related topics such as centering and estimation. Students perform and interpret the results of these models using a variety of statistical software packages.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Pre-requisite: PSY 531; Credit is allowed for only PSY 539 or 591 (Multilevel Modeling)   |
| PSY     | 540         | Missing Data Analysis                         | Covers analytic strategies for analyzing data with missing values, with a special emphasis on modern approaches for dealing with missing data, in particular maximum likelihood missing data handling and multiple imputation, maximum likelihood estimation and multiple imputation. Familiarizes students with missing data theory, traditional analysis methods (e.g., deleting incomplete cases, single imputation methods), maximum likelihood estimation, multiple imputation, planned missing data research designs, and the inclusion of auxiliary variables. Students learn how to perform and interpret the results of these models using a variety of statistical software packages.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Pre-requisite: PSY 532; Credit is allowed for only PSY 540 or 591 (Missing Data)  |
| PSY     | 541         | Research in Cognitive Development             | Theoretical and empirical issues in the study of children's knowledge and cognitive processes. Comparison of research in Piagetian and other traditions.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 542         | Social Development                            | Reviews and critiques major issues in the area of social development. Covers theory, research, and content.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 543         | Statistical Mediation Analysis                | Specifically covers the substantive motivations for mediating variables and third-variable effects (interaction, confounder, covariate and mediator) in general. Mediation represents a chain such that one variable causes a mediating variable and the mediating variable causes a dependent variable. Describes the single mediator model in detail including assumptions, estimators and geometric interpretations. Once the details of the single mediator model are understood, analysis is extended to multiple mediator models, path analysis, and models with moderators and mediators. Discusses modern causal inference approaches for mediation along with latent variable models, multilevel models and special models for longitudinal data. Also describes research designs for investigating mediating variables. Students learn how to perform and interpret the results of analysis using a variety of statistical software packages. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                 | 3     |                 | Prerequisite(s): PSY 530; PSY 531; Credit is allowed for only PSY 543 or PSY 591 (Mediation) or PSY 591 (Statistical Mediation Analysis)      |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                                    | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|---|
| PSY     | 545         | Advanced Legal Psychology                                | Surveys psychological theory and research as applied to the cognitions, feelings and behavior of individuals in the legal system. Explores the implications of several subfields of psychology (e.g., social, cognitive, clinical) for legal settings, such as police departments, courtrooms, jury rooms. Provides foundation for those who are considering a career in forensic psychology, law, social work, criminal justice and should also be interesting to those who want to know more about the social and psychological issues at play in the legal system.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 546         | Advanced Forensic Psychology                             | Advanced overview of the clinical practice of forensic psychology: the assessment and treatment of people who interact with the legal system. Focuses on the ways in which psychologists do clinical work (assessment and treatment) to help courts make informed decisions about cases.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 547         | Advanced Correctional Psychology                         | Principles of correctional psychology, including psychologists' roles in prisons and jails, the unique challenges of working in these settings and with incarcerated populations, establishing successful relationships with correctional staff and inmates.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 549         | Capstone in Forensic Psychology                          | Culminating experience for students in the Master of Science in Forensic Psychology program. Students review and synthesize current literature in the field and make actionable research and policy recommendations through written exams.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): Forensic Psychology MS student   |
| PSY     | 550         | Advanced Social Psychology                               | Theory and research concerning interpersonal perception, decision making, attitude formation and change, group processes, social motivation, and interaction processes.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 550         | Advanced Social Psychology                               | Theory and research concerning interpersonal perception, decision making, attitude formation and change, group processes, social motivation, and interaction processes.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 551         | Advanced Social Psychology                               | Continuation of PSY 550.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 553         | Capstone in General Psychology                           | Culminating experience for online students only in the Master of Science in Psychology program. Students review and synthesize current literature in the field and make actionable research and policy recommendations through written exams.  | N                 | SEM               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): Psychology MS student  |
| PSY     | 554         | Item Response Theory                                     | A collection of measurement models based on item response theory (IRT). The models express the probabilities of responses to test or questionnaire items as a function of latent respondent characteristics and item properties. IRT models form the basis for measurement in standardized educational testing, but generally are also now used in clinical, social and personality measurement in psychology, medicine and the social sciences. Assumptions underlying IRT models, methods of parameter estimation and fit evaluation. Also covers important applications of the models in computerized adaptive testing, the detection of measurement bias and multidimensional IRT. Uses several software tools useful in IRT modeling.                   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): PSY 534; Credit is allowed for only PSY 554 or 591 (Item Response Theory)  |
| PSY     | 555         | Experimental and Quasi-Experimental Designs for Research | Reviews research techniques. Analyzes lab and field research; applications to specific topics.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 560         | Advances in Theoretical Psychology                       | Covers new empirical and theoretical work in psychology with emphasis on its applicability.  | N                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 561         | Methods in Applied Psychology                            | Methods of particular value in applied settings, including usability testing, prototyping, and use of computers in data collection and analysis. May be repeated for credit up to 9 hours.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 562         | Advanced Human Factors                                   | In-depth study of the issues, methods, and findings in industrial and organizational psychology.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PSY 562 or SMC 562                                 |
| PSY     | 568         | Stress and the Brain                                     | Covers the fundamentals of stress and brain interactions. Presents a foundation from a historical perspective, then the basics of an organism's stress response, including the activation of the sympathetic nervous system and the hypothalamic-pituitary-adrenal axis. The stress response is highly conserved and allows organisms to respond and adapt to their environment. A highly effective and robust stress response facilitates adaptation and behavioral flexibility. However, a maladaptive stress response can produce detrimental outcomes. The ultimate goal is to understand the dynamic and reciprocal processes by which the stress response and brain interact to produce behavioral flexibility and resilience or detrimental outcomes. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s) degree- or nondegree-seeking graduate student; Credit is allowed for either BIO 568 or PSY 568                                |
| PSY     | 570         | Psychopharmacology                                       | Provides a broad overview of numerous classes of both psychotherapeutic and addictive drugs (which are sometimes overlapping). Focuses on the classification, mechanism of action, pharmacokinetics/pharmacodynamics, and clinical efficacy of medications that are currently used for the treatment of various psychiatric disorders including mood disorders, anxiety, schizophrenia, ADHD and other conditions. The latter portion of the class focuses on therapeutic drugs that also have abuse potential, including some psychostimulants, opiates, sedative/hypnotics, cannabinoids, steroids and hallucinogens.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PSY 470 or PSY 570 or PSY 591 (Psychopharmacology) |
| PSY     | 572         | Psychological Assessment                                 | Theory and research on assessment of personality, psychopathology, and intelligence; construction of psychological assessment instruments.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 573         | Psychopathology  | Theory and research relating to the contribution of psychological, social, physiological, and genetic factors to the development and persistence of abnormal behavior.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 573         | Psychopathology  | Theory and research relating to the contribution of psychological, social, physiological, and genetic factors to the development and persistence of abnormal behavior.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 574         | Psychotherapy  | Detailed survey of the theoretical and empirical literature relating to verbal psychotherapy.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 576         | Dynamical Systems in Psychology                          | Analyzes patterns of behavior change in psychological systems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 578         | Developmental Psychopathology                            | Covers major theories and research related to the development of psychological disorders of childhood and adolescence.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Ira A. Fulton Engineering    | Human Systems Engineering                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| PSY     | 799         | Dissertation                                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences    | Department of Psychology                    | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 799         | Dissertation                                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences    | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PTX     | 191         | First-Year Seminar                             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-3   |                 |   |
| PTX     | 194         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| PTX     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| PTX     | 301         | Basics of Pharmacology and Toxicology          | Human pharmacology and toxicology focusing on mechanisms of drug action, clearance systems and dose response.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 181; BIO 182; CHM 234  |
| PTX     | 325         | Physiological Psychology                       | Relationships of physiological processes to behavior. Emphasizes nervous system functioning.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): PSY 290 with C or better or two of the following courses with C or better: BIO 181 (or 188), 182 (or 187), 201, 202; Credit is allowed for only LSC 325 or PSY 325 or PTX 325      |
| PTX     | 369         | Biology of Human Sexuality                     | Multilevel perspective on human sexuality and reproduction. Integrates psychological with evolutionary, physiological and neuroscientific approaches.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): PSY 101 (PGS 101) with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369  |
| PTX     | 388         | Research Fundamentals for the Natural Sciences | Teaches research skills in the natural sciences. Topics covered include the basic research techniques of the study organism and system, experimental design, literature searches, statistical analysis and preparation of scientific papers and posters.  | Y                 | LEL               | Y               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): BIO 181; BIO 182 OR ACO 320 OR MAT 272; Credit is allowed for only LSC 388 or LSC 498 (Research Fundamentals for the Natural Sciences) or ENV 388 or FOR 388 or PLB 388 or PTX 388 |
| PTX     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| PTX     | 401         | Forensic Toxicology                            | Focuses on toxicology as it pertains to forensic science. Topics include: the history of toxicology; the pharmacodynamics and pharmacokinetics of drugs and alcohol in the human body; as well as the legal applications of toxicology. Also discusses ethics, quality control and quality assurance, and courtroom testimony (as they relate to forensic toxicology). May address other topics such as environmental toxicology, poisons, and current topics related to forensic toxicology. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 181; BIO 182; CHM 113; CHM 116; Pre- or corequisite(s): BIO 305 or FOR 286 OR BIO 353; LSC 347; Credit is allowed for only FOR 394 (Forensic Toxicology) or FOR 401 or PTX 401 |
| PTX     | 432         | Fundamentals of Pharmacology                   | Aspects of pharmacology using an integrated approach to familiarize students with natural and synthetic therapeutic agents used in medicine.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 340 or LSC 347; BIO 353; CHM 231 or 234; Credit is allowed for only LSC 432 or PTX 432   |

ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                      | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department   | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| PTX     | 450         | Pharmacology and Toxicology Laboratory | Provides experimental and laboratory experience in conducting toxicology tests to determine the ED50 and LD50 for chemicals. Covers the pragmatic considerations of experimental design, implementation and data analysis. Experiments include whole organism tests as well as cell assays and numerical modeling experiments.  | N                 | LAB               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1     |                 | Pre- or corequisite(s): FOR 475 or LSC 432 or LSC 475 or PTX 432 or PTX 475  |
| PTX     | 475         | Principles of Toxicology               | Presents the fundamental principles of toxicology and its application to both human and environmental situations. Starts with the means of defining and quantifying toxic effects through dose response curves (e.g. LD50, EC50, LOEL, NOEL). Then focuses on absorption pathways for toxicants as well as the degradation metabolism pathways for toxicants. Finally focuses on the mechanism of toxic action for common poisons and environmental pollutants. Emphasizes toxicants that students are likely to encounter in forensics and environmental fields.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 3     |                 | Prerequisite(s): BCH 361 or BCH 371 with C or better; Credit is allowed for only FOR 475 or LSC 475 or PTX 475               |
| PTX     | 484         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-12  |                 | Prerequisite(s): minimum 45 hours  |
| PTX     | 486         | Peer Mentoring in STEM                 | Advanced students learn and apply mentoring skills in science classes or teaching labs.   | Y                 | SEM               | Y               | YGB           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ACO 486 or BIO 486 or LSC 486 or MAT 486 or PTX 486 or STP 486 |
| PTX     | 492         | Honors Directed Study                  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | Y                 | RSC               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours  |
| PTX     | 493         | Honors Thesis                          | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours  |
| PTX     | 494         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PTX     | 497         | Honors Colloquium                      | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours  |
| PTX     | 498         | Pro-Seminar                            | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-7   |                 | Prerequisite(s): minimum 45 hours  |
| PTX     | 499         | Individualized Instruction             | Provides an opportunity for original study or investigation in the major or field of specialization, on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | IND               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences        | 1-3   |                 | Prerequisite(s): minimum 45 hours  |
| PUB     | 191         | First-Year Seminar                     | Small course emphasizing student-faculty discussion/interaction. Strongly recommended for first-year students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 1-3   |                 | Pre-requisites: Freshman; maximum 25 hours   |

| PUP     | 412         | History of the City  | The city from its ancient origins to the present day. Emphasizes European and American cities during the last five centuries. Requires advanced critical thinking and evaluative skills appropriate to students at the junior or senior level as analytical essays and an in-depth research paper are required in addition to regular tests and quizzes.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | (L or HU) & H   | Prerequisite(s): ENG 101, 105, or 107 with C or better; PUP 301 with C or better   |
| PUP     | 420         | Theory of Urban Design   | Analyzes the visual and cultural aspects of urban design. Theories and techniques applied to selected study models.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | HU              | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 424         | Planning Methods   | Methods for urban planning research. Emphasizes research design, quantitative and qualitative methods, survey research, and data analysis.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 4     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 425         | Urban Housing Issues   | Nature, dimensions, and problems of urban housing, government policy environment, and underlying economics of the housing market.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better; Credit is allowed for only PUP 425 or PUP 525   |
| PUP     | 430         | Transportation Planning and the Environment                    | Overview of transportation planning from the perspective of land use planning, economic development, environmental planning, and social needs.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 432         | Planning and Development Control Law                           | Case studies on police power, eminent domain, zoning, subdivision controls, exclusion, preservation, urban redevelopment, and aesthetic and design regulation.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 433         | Zoning Ordinances, Subdivision Regulations, and Building Codes | Analyzes zoning ordinances, subdivision regulations, building codes, and other planning implementation techniques relative to local development.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 434         | Economic Development Planning                                  | Provides a broad overview of urban economic development planning in the U.S. This overview includes the role and goals of economic development planning in today's global information economy.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | L or SB         | Pre-requisite(s): PUP 301 with C or better   |
| PUP     | 436         | City Structure and Planning                                    | Political structure and organization of government as it relates to planning.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 441         | Economics of Environmental Planning                            | Overview of environmental and ecological economics and how their concepts and tools are used in dealing with environmental planning.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better; Credit is allowed for only PUP 541 or PUP 441   |
| PUP     | 442         | Environmental Planning   | Environmental planning problems, including floodplains, water quality and quantity, solid and hazardous waste, air quality, landslides, and noise.   | N                 | PRA               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 444         | Preservation Planning  | History, theory, and principles of historic preservation. Emphasizes legal framework and methods practiced.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students. Credit is allowed for only PUP 527 or PUP 444   |
| PUP     | 445         | Women and Environments   | Examines the role women play in shaping the built environment; ways built/natural forms affect women's lives. Focuses on contemporary U.S. examples.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | C               | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students  |
| PUP     | 452         | Ethics and Theory in Planning                                  | Ethics and theory of professional planning practice in urban and regional communities.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | L               | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 462         | Planning Workshop II   | Comprehensive planning. Synthesis of complex data- and community-based analyses. Advanced report writing and public presentation skills.   | N                 | PRA               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 4     |                 | Pre-requisite(s): PUP 301 and PUP 361 with C or better   |
| PUP     | 465         | Sustainable Urbanism   | Examines the history, theory and practice of "sustainable urbanism," now defined by reform movements such as new urbanism, ecological urbanism, smart growth, and livable cities.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s) with C or better: Sustainability major in a sustainability concentration: SOS 110 or 111 or PUP 190; minimum 45 hours; All other majors: PUP 301; Credit is allowed for only PUP 465 or PUP 565 or SOS 465 |
| PUP     | 481         | Optimization Fundamentals for Spatial Analysis                 | Covers the fundamentals of optimization for spatial analysis. Reviews elements of calculus, matrices, and basic linear algebra. Introduces linear programming, integer programming and branch and bound, and heuristics. Provides the basics for use and application of GIScience and spatial analysis methods. Objectives include: reviewing basics of math, calculus and linear algebra; introducing optimization approaches, including linear programming, integer programming and heuristics; and applying these methods to structured problems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): MAT 270, 271 or 272 with C or better; Credit is allowed for only GIS 461, 561, PUP 481, 581, GCU 494 (Optimization Fundamentals) or GCU 598 (Optimization Fundamentals)                                   |
| PUP     | 482         | Location Analysis and Modeling                                 | Provides a technical overview of location theory in the context of GIScience, focusing on analysis and modeling issues. Relies upon applications associated with emergency service planning, natural resource management, retail site selection, among others, to make connections among models, spatial information, and interpretation of findings. Explores utilization and implementation considerations using GIS. Objectives include: exposing a range of location analysis and modeling approaches; applying approaches in combination with GIS and optimization software; and carrying out an application-oriented study relying on acquired skills. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): GIS 211 with C or better; GIS 461 with C or better; Credit is allowed for only GIS 462 or GIS 562 or PUP 482 or PUP 582 or PUP 598 (Location Modeling)  |
| PUP     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban Planning undergraduate student   |
| PUP     | 485         | International Field Studies                                    | Organized field study, culture and language in specified international locations.  | Y                 | RSC               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  | G               | Pre-requisite: Junior standing; Credit is allowed for only GCU 485 or GPH 485 or LAP 485 or POR 485 or PUP 485 or 585  |
| PUP     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PUP     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| PUP     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students  |
| PUP     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-7   |                 |  |
| PUP     | 499         | Individualized Instruction                                     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-3   |                 |  |
| PUP     | 500         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |  |
| PUP     | 501         | Planning, History and Theory                                   | Comprehensive review of planning profession within a political, governmental, multicultural, and gender framework.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)   |
| PUP     | 505         | GeoDesign Principles   | Systematic exploration and evaluation of alternative complex human-environmental systems using spatially and temporally explicit theories, data and methods.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): GIS 601 and 602, or PUP 576; Credit is allowed for only GIS 505 or PUP 505  |

| PUP     | 515         | International Planning and Development                   | Introduces globalization, international development, international planning practices and policies, urbanization and urban and regional planning in developing nations.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 520         | Planning Practice, Ethics and Processes                  | Reviews past and current theoretical developments related to social change perspectives, the role and ethics of planners.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)   |
| PUP     | 525         | Urban Housing Issues                                     | Nature, dimensions, and problems of urban housing, government policy environment, and underlying economics of the housing market.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 425 or 525  |
| PUP     | 526         | Historic Preservation Planning Practice                  | In-depth study of practical applications of historic preservation theory and methods. Overview of the professional work of the preservation field.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 527         | Preservation Planning                                    | Explores the field of historic preservation. Overview of its historic development and the principles that guide its professional practice.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student. Credit is allowed for only PUP 444 or 527  |
| PUP     | 531         | Planning and Development Control Law                     | Case studies on police power, eminent domain, zoning, subdivision controls, exclusion, preservation, urban redevelopment, and aesthetic and design regulation.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 535         | Water Law and Planning                                   | In-depth study of legal materials providing substantive knowledge of water law, water management issues, and land use planning options.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 535 or GPH 535  |
| PUP     | 541         | Economics of Environmental Planning                      | Application and limitations of economics in environmental planning and policy making in the United States and internationally.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 441 or 541  |
| PUP     | 542         | Environmental Planning                                   | Environmental policies and their relationship to environmental planning practices.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PUP 442 or PUP 542  |
| PUP     | 544         | Urban Land Use Planning                                  | Theory and methods of urban land use planning, including the rational planning process, comprehensive, functional, and neighborhood plans.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 547         | Gender, Activism, and the Built Environment              | Explores issues of gender in the built environment. Includes traditional attitudes toward gender underlying the physical form and continuing impacts.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only WST 547 or PUP 547  |
| PUP     | 548         | Planning for Sustainable Communities                     | Theory and applications connecting sustainability sciences and practice to urban environmental planning. Sustainable urban development, restoration, and preservation.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 550         | Transportation and the Environment                       | Examines transportation planning from the perspectives of land use planning, economic development, environmental planning, and social needs.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 553         | Urban Infrastructure Anatomy and Sustainable Development | Understanding how built environment infrastructure systems interact with ecosystem services is critical for policies and decisions directing urban sustainability. Brings together students from several disciplines to develop a semester-long research project focused on a particular urban sustainability problem in Phoenix. During the semester, students are given background on how infrastructure systems work and are interdependent, and explore tools and methods for urban sustainability assessment with peers from several disciplines. As a class, students evaluate a particular urban sustainability problem for Phoenix, interact with local policy and decision makers in developing solutions, and present their findings at the end of the semester to the ASU community. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit for only CEE 507 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or PUP553 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or SOS547 or SOS598 (Urban Infrastr Anatomy & Sustain Dev) |
| PUP     | 561         | Urban Design Workshop                                    | Workshop course focuses on applying knowledge and skills in a "real world" setting, developing meaningful planning and design proposals for existing urban areas.   | N                 | STO               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 562         | Tribal Community Planning                                | Study of tribal planning and best practice including underlying social, political and environmental issues.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 563         | Urban and Regional Security                              | Advanced course that critically examines the security of urban and regional form, space and places.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): GIS 601 and 602 (or PUP 576)  |
| PUP     | 565         | Sustainable Urbanism                                     | Examines the history, theory and practice of "sustainable urbanism," now defined by reform movements such as new urbanism, ecological urbanism, smart growth, and livable cities.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 465 or 565  |
| PUP     | 571         | Planning Methods   | Theory, methods, and techniques of demographic and economic analysis utilized in urban planning.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 573         | Survey Research and Multivariate Statistics              | Methods of survey research design and primary data analysis for urban planning applications.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree- seeking graduate student; PUP 570 with C or better; PUP 571 with C or better  |
| PUP     | 575         | Environmental Impact Assessment                          | Criteria and methods for compliance with environmental laws; develops skills and techniques needed to prepare environmental impact statements/assessments.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PUP     | 576         | GIS Workshop   | GIS as a tool to address large, multifaceted problems.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GIS 515 or PUP 576  |
| PUP     | 577         | Communication and Visualization Tools in Planning        | Covers graphic and verbal skills required to effectively communicate planning information and ideas. Emphasizes digital graphics and other computer-based tools and presentation formats, focusing on applying visual strategies and tools most often used by planners to make a persuasive argument.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- seeking or nondegree-seeking graduate student; PUP 570 and 571 with C or better   |
| PUP     | 579         | Qualitative Research                                     | Covers key qualitative skills and techniques that planners require, including research design and the understanding of validity and reliability issues, case study research approaches, qualitative data collection strategies, and strategies for analysis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; PUP 570 with C or better; PUP 571 with C or better   |
| PUP     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |  |
| PUP     | 581         | Optimization Fundamentals for Spatial Analysis           | Covers the fundamentals of optimization for spatial analysis. Reviews elements of calculus, matrices and basic linear algebra. Introduces linear programming, integer programming and branch and bound, and heuristics. Provides the basics for use and application of GIScience and spatial analysis methods. Objectives include: (1) review basics of math, calculus and linear algebra; (2) introduce optimization approaches, including linear programming, integer programming and heuristics; and (3) apply these methods to structured problems.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only GIS 461, 561, PUP 481, 581, GCU 494 (Optimization Fundamentals) or 598 (Optimization Fundamentals)  |

| PUP     | 582         | Location Analysis and Modeling         | Provides a technical overview of location theory in the context of GIScience, focusing on analysis and modeling issues. Relies upon applications associated with emergency service planning, natural resource management, retail site selection, among others to make connections among models, spatial information and interpretation of findings. Explores utilization and implementation considerations using GIS. Objectives include: (1) exposure to a range of location analysis and modeling approaches; (2) ability to apply approaches in combination with GIS and optimization software; and (3) capability of carrying out an application-oriented study relying on acquired skills. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: GPH 581; Credit is allowed for only GPH 482, 582, PUP 482, 582, or 598 (Location Modeling)  |
| PUP     | 583         | Fieldwork                              | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 584         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Urban/Environmntl Planning MUEP student  |
| PUP     | 585         | International Field Studies            | Organized field study in specified international locations.   | N                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only GCU 485, GCU 586, GPH 485, GPH 585, LAP 485, LAP 585, POR 485, PUP 485 or PUP 585 |
| PUP     | 590         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Graduate student   |
| PUP     | 591         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 592         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 593         | Applied Project                        | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 594         | Conference and Workshop                | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 595         | Continuing Registration                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | IND               | Y               | Z3            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1     |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 598         | Special Topics                         | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 |   |
| PUP     | 599         | Thesis                                 | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 600         | Research Methods                       | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 642         | Urban and Regional Economic Analysis   | Land use and locational impact of economic activity and the urban real property market.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 644         | Public Sector Planning                 | Urban fiscal problems and public goods provision in state and local governments.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 |   |
| PUP     | 680         | Practicum                              | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 683         | Fieldwork                              | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 684         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 690         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 691         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 692         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 693         | Applied Project                        | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 695         | Continuing Registration                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. | QBA     | 591         | Seminar                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Economics                            | 1-12  |                 | Pre-requisites: Graduate Students only (degree and non-degree seeking) |
| QBA     | 592         | Research                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Economics                            | 1-12  |                 |  |
| QBA     | 593         | Applied Project            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Economics                            | 1-12  |                 | Pre-requisites: Graduate Degree Seeking Students only                  |
| QBA     | 594         | Conference and Workshop    | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Economics                            | 1-12  |                 |  |
| QBA     | 595         | Continuing Registration    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | W.P. Carey School of Business | Department of Economics                            | 1     |                 |  |
| QBA     | 598         | Special Topics             | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | W.P. | RDG     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 |  |
| RDG     | 291         | Children's Literature  | Focuses on selecting and using children's literature and related nonprint media to support the elementary school curriculum. Covers the elements, genres and applications of children's literature as well as the resources available for elementary classroom teachers. Constructs criteria for the selection of trade books for educational and personal use. Also explores the role of digital media in children's literature.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     | HU              |  |
| RDG     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| RDG     | 298         | Honors Directed Study  | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| RDG     | 322         | Language Literacy 1 in Elementary Schools                    | Theoretical knowledge and pedagogical skills for implementing a high-quality reading program. Course objectives and topics are aligned to standards for reading and research from the International Reading Association (IRA), Arizona College and Career Ready Standards (ACCRS), Interstate Teacher Assessment and Support Consortium (InTASC) standards, and the National Reading Panel Report (2000). Focuses on emergent literacy, phonemic awareness, phonics, fluency, vocabulary and comprehension. Presents strategies and assessments to support students of a variety of ability levels and cultural backgrounds with a specific focus on the struggling readers and English language learners. For education majors only. | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only RDG 322 or SPE 325            |
| RDG     | 323         | Literacy Processes in Content Areas                          | Principles and practices for planning subject matter units of instruction that explicitly address learning with texts across academic disciplines.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| RDG     | 413         | Language Literacy 2 in Elementary Schools                    | Applies effective practices for literacy instruction in authentic classroom settings. Prepares teacher candidates to plan and deliver balanced literacy approaches with diagnostic assessment strategies and adaptations to support second language learners and struggling readers.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| RDG     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-12  |                 | Prerequisite(s): admission to the Professional Program   |
| RDG     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| RDG     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| RDG     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| RDG     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| RDG     | 499         | Individualized Instruction                                   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 |  |
| RDG     | 505         | Developmental Reading  | For classroom and special reading teachers. Specific professional skills in decoding, comprehension, and evaluation. Required for Special Reading Endorsement.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student |
| RDG     | 507         | Content Area Literacy  | Theory, teaching strategies, and practical application concerning learning from text across subject matter disciplines.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 508         | Essential Elements of Elementary Content Area Literacy (K-8) | Presents theory, rationale, and teaching strategies concerning learning from oral, print, and electronic texts across subject-matter disciplines. Emphasizes practical application of content area literacy principles. Familiarizes participants with the literate lives of today's youth, facilitate participants' inquiry into strategies to motivate students in content learning, and provide strategies to improve students' comprehension and application of content material. Readings, online inquiries, and assignments focus on application of course content. Emphasizes implications of recent research and theory in content literacy and adolescent literacy.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 509         | Essential Elements of Secondary Content Area Literacy (6-12) | Presents theory, rationale, and teaching strategies concerning learning from oral, print, and electronic texts across subject-matter disciplines. Emphasizes practical application of content area literacy principles. Familiarizes participants with the literate lives of today's youth, facilitate participants' inquiry into strategies to motivate students in content learning, and provide strategies to improve students' comprehension and application of content material. Readings, online inquiries, and assignments focus on application of course content. Emphasizes implications of recent research and theory in content literacy and adolescent literacy.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Fall 2018

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| RDG     | 512         | Theoretical Foundations in Language and Literacy              | Introduces theoretical lenses useful in understanding issues in language and literacy education and research.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 520         | Essential Elements of Elementary Literacy (K-8)               | Intended for practicing teachers, focuses on the development of a comprehensive approach to Reading and Writing Instruction K-8.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 525         | Emergent Literacy   | Examines current and classic research on oral language and literacy development and effective strategies for teaching language and literacy from birth through kindergarten, including phonemic awareness and alphabet instruction and beginning decoding.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ECD 525 or RDG 525  |
| RDG     | 531         | Language and Literacy I                                       | Focuses on the theoretical knowledge and pedagogical skills necessary to equip future teachers to plan and implement high-quality reading and writing instruction in a classroom setting. Course objectives and topics are aligned to standards for reading and research from the International Reading Association (IRA), Arizona College and Career Ready Standards (ACCRS), Interstate Teacher Assessment and Support Consortium (InTASC) standards, and the National Reading Panel Report (2000). Focuses on reading readiness, language development, phonemic awareness, phonics, fluency, vocabulary and comprehension. Presents strategies and assessments to support struggling readers as well as a variety of ability levels and cultural and linguistic backgrounds to include English language learners. | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Teachers College graduate student; Credit is allowed for only RDG 531 or SPE 538  |
| RDG     | 532         | Language and Literacy II                                      | Builds on the theoretical knowledge and pedagogical skills presented in the previous course. Uses diagnostic assessments in the planning and implementation of intervention literacy lessons for struggling readers/writers in a classroom setting as part of the course case study assignment. Includes differentiated instructional and assessment strategies to address the needs of diverse learners to include English language learners. Also includes an emphasis on writing and composition to ensure future teachers have the knowledge necessary to teach all forms of writing in the elementary classroom. Includes an overview of the historical development of children's literature and the criteria necessary for analyzing and selecting all genres of quality children's literature.                | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Teachers College graduate student; Pre- or corequisite(s): RDG 531  |
| RDG     | 550         | Practicum Experiences in Elementary and Secondary Reading     | Practicum experience utilizing assessment and instructional techniques for classroom settings. See RDG 557 for State of Arizona reading endorsement.   | N                 | PRA               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 555         | Formal Measures of Literacy                                   | Understanding the attributes of standardized tests and applying this information to analyze, select, and explore their use.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 556         | Assessment and Procedures in Elementary and Secondary Reading | Techniques for classroom and clinical reading/literacy assessment and instruction. Emphasizes continuous assessment. May be taken concurrently with RDG 550 or 557. Recommended for State of Arizona reading endorsement.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 557         | Advanced Elementary and Secondary Reading Practicum           | Advanced practicum experience utilizing specialized reading and other assessment and instruction techniques for classroom and clinic settings. Lab sections. Recommended for State of Arizona reading endorsement. May be taken concurrently with RDG 556.   | N                 | PRA               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 563         | Children's Literature   | Selects and uses children's literature and related nonprint media to support the elementary school curriculum.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 572         | Literacy Teacher Leader                                       | Provides a foundation in educational and instructional leadership that support continuous school literacy improvement. Also provides opportunities to apply these fundamentals by creating and conducting literacy workshops/professional development for a group of teachers or other literacy educators. Meets the leadership requirement for the AZ Reading Endorsement and serves as the capstone class for the Master of Arts in Curriculum and Instruction with a concentration in Language and Literacy.  | N                 | SEM               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Curriculum and Instruction (Literacy Education) MA student; Credit is allowed for only RDG 572 or RDG 598 (Literacy Teacher Leader) |
| RDG     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 594         | Conference and Workshop                                       | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 595         | Continuing Registration                                       | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |

Carey School of Business | Department of Finance | 1-12  |                 |  |
| REA     | 594         | Conference and Workshop   | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Finance | 1-12  |                 |  |
| REA     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | IND               | Y               | Z3            | W.P. Carey School of Business | Department of Finance | 1     |                 |  |
| REA     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Finance | 1-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student   |
| REA     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | W.P. Carey School of Business | Department of Finance | 1-12  |                 |  |
| RED     | 501         | Urban Economic and Real Estate Development Principles                         | Explores the basic principles of urban economics and their application to real estate decision making.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RED     | 502         | Real Estate Valuation-Finance and Capital Markets                             | Addresses the concepts of valuation applied to real estate and teaches how to apply these principles. Intermediate- to advanced-level course in mortgage finance, and associated capital market innovations.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only RED 691-Real Estate Fin/Analysis or RED 502         |
| RED     | 503         | Real Estate Market Analysis   | Focuses on market analysis and market data gathering methods, means, and techniques necessary in identifying market opportunities and developing specific market strategies for successful real estate development.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only RED 503 or 591 (Real Est Site Analys/Dsg)           |
| RED     | 504         | Real Estate Site Analysis, Master Planning and Design                         | Analyzes the physical characteristics of a property, including the site and physical area, legal, political, economic, and financial facts that impact the highest and best use of a property and what can be built upon the property.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 504 or 591 (Real Estate Develop Principles)                      |
| RED     | 505         | Land Use Law and Public Entitlement Process                                   | Covers a basic understanding of the legal and practical zoning and governmental land entitlement process. Examines the legal history, structure, and implications of zoning, as well as the fundamentals of "real life" situations that occur in the entitlement and real estate development field. Provides a broad overview of this process from a legal and development viewpoint, but is not intended to be a comprehensive analysis of all entitlement issues.                             | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 505 or 591 (Mkt Segmentation/Analysis)                           |
| RED     | 506         | Real Estate Law for Developers  | Covers the nature of property and the legal system as it relates to purchase agreements, title, surveys, declarations of covenants, defining easements, and licenses among other related topics.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 506 or 591 (Public Entitlement Process)                          |
| RED     | 507         | Synthesis Project #1 Residential Development                                  | Employs the students learning through application of developing a specific parcel of land.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 1     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for RED 507 or 591 (Mkt Segmentation/Analysis)                                |
| RED     | 508         | Real Estate Engineering and Construction                                      | Explores the basic principles of engineering and construction of real estate development projects. Reviews construction technologies within the framework of architectural design and engineering as well as construction means, methods, and systems.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 508 or 598 (Compar Anlys; in Fill Housing)                       |
| RED     | 509         | Advanced Financial Analysis for Commercial Real Estate                        | Teaches more complex financial analysis of income-producing property, including various decision-making tools such as Monte Carlo, option pricing, assessing alternatives, and how to build these into financial models. Also teaches financial analysis of business structures to determine potential outcomes such as debt and equity structures, waterfalls, claw backs, and other business and ownership concepts. Emphasizes strategic alternatives, assessing risk and conversion events. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 509 or 691 (Contemp Issues Real Estate Dev)  |
| RED     | 510         | Real Estate Development Business and Project Management                       | Teaches management of real estate development companies and process. Students learn the various aspects of project management, financial management and project accounting, lending relations and managing loans and pay applications as well as dispute resolution and strategic partnerships.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 510 or 598 (Income Anlys; Comm/Retail)   |
| RED     | 511         | Design of the Built Environment   | Teaches the built environment and how that applies to creation of places, market positioning, capturing value and the importance of good design to the business of real estate.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 511 or 691 (Real Estate Dev Project Mgmt)  |
| RED     | 512         | Real Estate Law for Developers  | Teaches issues faced by developers such as various types of financing structures, including special districts, TIF and bond financing. Covers issues and process of raising capital and various forms of securing equity. Discusses private placement memorandums, limited liability companies, partnerships and public private partnerships. Students also learn about environmental law, income tax issues, negotiation, and alternative dispute resolution.                                  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 512 or 691 (Adv Real Estate Finance/Anlys)   |
| RED     | 513         | Advanced Real Estate Engineering, Construction Management and Sustainable D 2 | Covers various construction delivery methods, construction project management and scheduling, construction contracts, mechanics and materialmans liens, and pay applications. Students also learn about sustainability and the built environment.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 513 or 691 (Real Estate Dev. Project Mgmt)   |

| REL     | 100         | Religions of the World   | Introduces the history of religious traditions of the world, including Buddhism, Christianity, Hinduism, Islam, Judaism, and others.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts   | College of Integrative Sciences and Arts           | 3     | HU & G          | Credit is allowed for only REL 100 or 200  |
| REL     | 100         | Religions of the World   | Introduces the history of religious traditions of the world, including Buddhism, Christianity, Hinduism, Islam, Judaism, and others.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G          | Credit is allowed for only REL 100 or 200  |
| REL     | 100         | Religions of the World   | Introduces the history of religious traditions of the world, including Buddhism, Christianity, Hinduism, Islam, Judaism, and others.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Humanities, Arts, and Cultural Studies   | 3     | HU & G          | Credit is allowed for only REL 100 or 200  |
| REL     | 101         | Religion, Culture and Public Life                                    | Explores how religions are conditioned by cultural values and operate in the political sphere.  | Y                 | LEC               | Y               | GNA           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G   |  |
| REL     | 107         | Religion and Globalization   | Explores how different religions interact with the various processes of globalization, including how the world's major religions have been transformed by economic, political, cultural, and technological aspects of globalization. Topics include religious terrorism, human rights, religion, and gender.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G          | Credit is allowed for only REL 107, 194 (Religion and Globalization) or SGS 107  |
| REL     | 111         | Introduction to Asia   | Offers a basic introduction to the geography, history, cultures, states, and societies of South and Southeast Asia as well as China, Japan, and Korea.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H & G      | Credit is allowed for only HST 111 or REL 111  |
| REL     | 131         | Biblical Hebrew I  | Offers an introduction to Biblical Hebrew, the language in which most of the books of the Hebrew Bible/Old Testament have been written. Provides the basic tools to understand and translate Biblical Hebrew texts. Covers the Hebrew alphabet, basic vocabulary, morphology and syntax. Students learn idiomatic expressions, basic literary techniques in narratives and poetry, as well as specificities of Semitic languages. Emphasizes a critical approach to the ancient text. Also introduces the evolution of the biblical text, from ancient manuscripts to contemporary editions and translations. Includes an introduction to the development of writing and to the evolution of Hebrew, from earliest inscriptions to its revival in modern Israel. The texts translated in class are situated in the history of Israel, but also in their Jewish and Christian cultural and religious contexts. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Credit is allowed for only HEB, JST, REL 131 or HEB 194 (Biblical Hebrew I)  |
| REL     | 132         | Biblical Hebrew II   | Completes the study of basic Biblical Hebrew grammar and vocabulary (Futato's Beginning Biblical Hebrew, chapters 21-40). Prepares students to translate narrative and legal texts from Hebrew Bible. Students learn to use dictionaries, grammars, paradigms and critical editions of the biblical text.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 131 or HEB 194 (Biblical Hebrew I) with C or better; Credit is allowed for only HEB, JST, REL 132 or HEB 194 (Biblical Hebrew II) |
| REL     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours  |
| REL     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences     | Historical, Philosophical & Religious Studies, Sch | 1-4   |                 |  |
| REL     | 200         | Exploring the World's Religions                                      | Writing-intensive course introducing analytical skills necessary for understanding religious traditions. Beliefs, practices, and communities of several religious traditions of the world.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts   | College of Integrative Sciences and Arts           | 3     | (L or HU) & G   | Pre-requisites: Maximum 75 hours; Credit is allowed for only REL 100 or 200  |

| REL     | 230         | Introduction to Jewish Civilization                  | Overview of Jewish civilization from antiquity to the present. Answers the following questions: Who are the Jews? What do Jews believe? How did Jews interact with non-Jews? What was the lasting contribution of Jews to the world? In the attempt to answer these questions, provides the skills of being a good college student. Presents Judaism as an evolving civilization with an overarching distinctive culture but with a variety of subcultures and ethnic diversity. Presents the Jewish civilization through literature, films, music, and internet resources, with an overview of its complexity and diversity. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H & G      | Credit is allowed for only HST, JST or REL 230   |
| REL     | 231         | Biblical Hebrew III                                  | Advanced study of Biblical Hebrew. Deepens understanding of the grammar and composition of the Hebrew Bible. Translates texts of different literary genres (narrative, legal, poetic, prophetic) and different periods. Introduces the basic principles of textual criticism and different approaches to interpret the texts of the Hebrew Bible.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 132 or HEB 194 (Biblical Hebrew II) with C or better; Credit is allowed for only HEB, JST, REL 231 or HEB 294 (Biblical Hebrew III) |
| REL     | 232         | Biblical Hebrew IV                                   | Addresses advanced topics in Biblical Hebrew grammar and interpretation. The first half of the semester is devoted to texts from the Hebrew Bible; the second half on extra-biblical texts written in ancient Hebrew (for example: Dead Sea Scrolls, Rabbinic texts, ancient Hebrew poetry). Topics and texts change annually.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 231 or HEB 294 (Biblical Hebrew III) with C or better; Credit is allowed for only HEB, JST, REL 232 or HEB 294 (Biblical Hebrew IV) |

| REL     | 300         | The Future of Religions                 | Critical theorists of modern religious and secular beliefs argued that both theism and atheism have had their martyrs and tyrants. Nietzsche proclaimed "God" of the West dead, Marx unmasked religion as opium for the oppressed masses, and Freud analyzed religious future as an unconscious illusion. The future of secular progress has become equally suspect in the wake of the Holocaust, Hiroshima, the gulags, the killing fields of Cambodia, Rwanda. Globally motivated terror revealed itself as capable of religious as much secular justifications. The future of faith and reason has become a doubly open theoretical and practical question in philosophy, religious studies, literary study, critical theory, cultural and gender studies, and all sciences. Applies theoretical and methodological tools to critically exam beliefs, practices, and communities and their role in both generating and transforming the ethical and spiritual discontents of the global age. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only HON 394 (The Future of Religions) or PHI 303 or REL 300   |

| REL     | 316         | Literary Readings of the Hebrew Bible   | Literary analysis of two of the main genres of the Hebrew Bible: narrative art and poetry. Students learn the main literary conventions of biblical prose and poetry, and how these conventions are applied or subverted. Each class comprises the study of a literary aspect, close readings, and thematic discussions. Biblical texts are read only in translation. They are situated in the religious, literary and artistic traditions that have developed on their basis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | L or HU           | Prerequisite(s): minimum 45 hours. Credit is allowed for only ENG 316, HEB 316, JST 316, REL 316 or HEB 394 (Literary Readings of the Bible)   |
| REL     | 317         | Introduction to Rabbinic Judaism        | Historical analysis of the thought, literature, and institutions of rabbinic Judaism.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H            | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours; Credit is allowed for only JST 317 or REL 317   |
| REL     | 318         | Contemporary American Jewish Identities | Analyzes the complexity and diversity of the contemporary American Jewish community in religious and secular affairs.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (HU or SB) & C    | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours; Credit is allowed for only JST 318, REL 318 or SOC 375  |
| REL     | 319         | Religion, Violence and America          | In-depth study of ways in which religion and violence have shaped American history, culture and identity.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours; Credit is allowed for only REL 319 or 394 (Religion, Violence & America)  |

| REL     | 332         | South American Indian Religions                                     | Introduces the sacred stories, ceremonies, and beliefs of Native South American peoples in their historical contexts.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G            | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours  |
| REL     | 338         | The Daoist Bible: Daode jing  | At 5,000 words, the Daode Jing (Tao-te ching) is arguably the shortest religious book in the world. It is also the most widely translated, after the Christian Bible. Introduces the wisdom of the Old Boy, Laozi himself, and to some of the startlingly wide variety in which his short, gnomic utterances have been interpreted. No knowledge of Chinese required; all readings and lectures in English.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & L            | Prerequisite(s): ENG 101, 105 or 107 with C or better; Credit is allowed for only CHI 338, 394 (Daoist Bible: The Dao De Jing) or REL 338   |
| REL     | 343         | Daoism  | Introduces the history, doctrines, and practices of Taoism from the mid-second century CE up to the present.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G & H | Pre-requisite(s): Minimum 24 hours; ENG 102, 105 or 108 with C or better; Credit is allowed for only CHI or REL 343   |
| REL     | 344         | Religion and Values in Japanese Life                                | Japanese values expressed in the life and annual cycles of the family, local and national identities, and popular culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G            | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours   |
| REL     | 345         | Asian Religious Traditions  | Introduces the major concepts of religious beliefs, rituals, and practices in Hinduism and Buddhism.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G            | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours   |
| REL     | 345         | Asian Religious Traditions  | Introduces the major concepts of religious beliefs, rituals, and practices in Hinduism and Buddhism.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU & G            | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours   |
| REL     | 346         | Chinese Religions   | Examines the history and practices of Chinese religions with particular attention to culture, society, and history.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only CHI 346 or REL 346   |
| REL     | 347         | Peace and Conflict in India   | In-depth analysis of major Indian religious traditions in historical and contemporary context, with attention to theologies, textual genres, doctrines, rituals, political and cultural expressions.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G     | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only REL 347 or REL 394 (Religions of India)   |
| REL     | 348         | Religion and Culture in Southeast Asia                              | In-depth study of the religious diversity of Southeast Asia including Hinduism, Buddhism, Islam, Christianity, spirit cults and ancestral religions.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only REL 294 (Southeast Asia Global Crossroads) or REL 348   |
| REL     | 349         | Nature, Sustainability and Religion                                 | Explores how world religions have conceptualized the natural world, what they have contributed to the current environmental crisis and how they might also serve as inspiration to address the crisis. By focusing on Judaism, Christianity and Islam, the course introduces students to the field of religion and ecology and explores its relationship to other academic disciplines such as environmental philosophy and ethics, justice studies and gender studies.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only HPS 349 or JST 349 or REL 349 or SOS 349 or JST, REL, or SOS 394 (Religion and Ecology) or JST, REL, or SOS 394 (Religion and Environment) |
| REL     | 350         | Hinduism  | Studies diverse forms of Hinduism through its institutions, literature, folklore, art, and architecture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G     | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours   |
| REL     | 351         | Buddhism  | Doctrines, practices, and institutions of the Buddhist religion, emphasizing its role in the history and culture of Asian societies.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G     | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours   |
| REL     | 352         | Modern Buddhism   | Focuses on modern issues related to Buddhism with special attention to colonialism, nationalism, the development of the nation-state and globalization.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours; Credit is allowed for only REL 352 or 394 (Modern Buddhism)  |
| REL     | 354         | Religions of Korea  | Explores major religious traditions and folk religions in Korea. Covers diverse topics such as mythology, indigenous practices, doctrinal and meditation Buddhism, early and Neo-Confucianism and Christianity as well as the new religions of modern times. Discusses the development of religious ideas and practices in light of the political, cultural and social milieus. Focuses on cultural importation and adaptation as well as interaction and conflict among the different religious traditions.        | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU                | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only KOR 354 or REL 354  |
| REL     | 355         | Japanese Cities and Cultures to 1800                                | Relations among ideas and literary, visual, and performing arts of the ancient aristocracy, medieval samurai, and early modern townspeople.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU                |   |
| REL     | 356         | Buddhism in America   | Examines diverse Buddhist traditions in the U.S. among Asian-American communities and converts to this religion.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours  |
| REL     | 357         | Theravada Buddhism in South and Southeast Asia                      | Examines Theravada Buddhist institutions, practices, and communities in ancient and contemporary south and southeast Asia.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G     | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours  |
| REL     | 360         | Ancient Greek Religion  | Surveys ancient Greek religion, including its gods, ritual practices and festivals. Analyzes the development of the religion over time, and how both ancient and modern figures interpreted its meaning.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 101 (or ENG 105 or 107) with C or better; Credit is allowed for only GRK 362, REL 360, SLC 362 or SLC 394 (Ancient Greek Religion)   |
| REL     | 361         | Roman Religion  | Roman religion was never static, despite the best efforts of the Roman state to make it so. Understands the artifacts and procedures of Roman state cult from its earliest origins to the late empire, using ancient literary sources, archaeology throughout the ages and modern scholarly theories. Clarifies the forces that influenced development and change in Roman religion, both internal and external.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU                | Prerequisite(s): ENG 102, ENG 105 or ENG 108 with C or better; Credit is allowed for only LAT 361, REL 361, SLC 361 or SLC 394 (Roman Religion)   |
| REL     | 362         | Islam and Islamic Societies in Africa: Social and Political History | An in-depth study of the fundamental principles of Islam. Course will examine various forms of development of Muslim societies and institutions in Africa through time.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | G                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 372 (or AFS 372) or REL 362 or SGS 366 or AFS 394/REL 394/SGS 394 (Islam and Islamic Societies in Africa: Social and Political History)               |
| REL     | 363         | Islam and World Affairs   | Advanced examination of complex trends to construct the roles of Islam as a belief, its institutions, leaders and ordinary believers in contemporary world affairs. Studies different developments, including the rise of (political Islam) fundamentalism, to subsequent changes in the Muslim world, challenges Muslims face, and domestic and international conflicts. Challenges students to reconceptualize and broaden their understanding of the powerful presence of religion in this era of globalization. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | G                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours. Credit is allowed for only AFR 373 (or AFS 373) or REL 363   |
| REL     | 364         | Islam in Eurasia and Central Asia                                   | Examines the changing role of Islam in Eurasia and Central Asia through history and interprets current transformations in the region.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   | Prerequisite(s): ENG 102, 105 or 108 with C or better; Minimum 24 hours; Credit is allowed for only REL 364 or 394 (Islam in Eurasia & Central Asia)  |
| REL     | 365         | Islamic Civilization  | Global historical survey of Islamic cultures and societies up to the modern period.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H            | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours  |
| REL     | 366         | Islam in the Modern World   | Examines the worldwide transformations of Islamic religion, cultures, and societies in the modern period.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G            | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours   |
| REL     | 369         | Women in Islam  | Examines the roles women have played through Islamic history (Middle East) and the changing discourse on gender identity.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts           | 3     |                   |   |
| REL     | 369         | Women in Islam  | Examines the roles women have played through Islamic history (Middle East) and the changing discourse on gender identity.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                   |   |
| REL     | 371         | New Testament   | Origins and literature of early Christian communities; historical investigations of the types of oral and written tradition in the New Testament.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts           | 3     | HU                |   |

| REL     | 406         | Religious Studies Capstone I                           | Develops skills necessary for conducting and presenting in-depth research in the field of religious studies.  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 1     |                 | Prerequisite(s): Religious Studies major; senior standing; REL 307 with C or better  |
| REL     | 407         | Religious Studies Capstone II                          | Uses previously developed research to produce original research project in religious studies.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 2     |                 | Prerequisite(s): REL 406   |
| REL     | 410         | Judaism in Modern Times                                | Variety of expressions of Judaism and Jewishness in the modern period. Topics may include American Judaism or religious responses to the Holocaust.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H          |  |
| REL     | 411         | Judaism and the Beginnings of Christianity             | Studies the beginnings of Christianity in relation to Judaism: their common context, the process of their distinction and their mutual influence. Through a historical and thematic approach, explores the parallel construction of Jewish and Christian identities. Combines readings from primary sources (Hellenistic Judaism, Qumran, New Testament, Early Christianity, Rabbinic Judaism) and up-to-date scholarly literature.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): ENG 101 or 105 or 107 or 108 or HST 100 or 102 or REL 100 or SLC 142 or 202 with C or better; Credit is allowed for only HEB/JST/REL 411 or HEB 394 (Judaism and the Origins of Christianity) or HEB 494 (Judeo-Hellenistic Literature) |
| REL     | 420         | Religion in American Life and Thought                  | Influence of religion on American society, culture, and ideas; the distinctive character of religion in America.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU              |  |
| REL     | 427         | American Religious Thought                             | Thought of representative American religious thinkers, e.g., Jonathon Edwards, William Ellery Channing, Horace Bushnell, and Reinhold Niebuhr.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H          |  |
| REL     | 430         | Shamans and Mesoamerica                                | Analyzes process of religious hybridization in Mesoamerica; examines symbolic interpretations of Amerindian religious practice and cosmological concepts of Mesoamerican priests.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| REL     | 459         | God and the Problem of Suffering                       | Examines whether a Western theistic conception of God (that is, an omniscient, omnibenevolent, omnipotent being--the God of the three main Western religions) is compatible with the existence of what appears to be an abundance of pointless suffering in the world. Addresses the logical and evidential problem of (moral and natural) evil, as well as a variety of proposed theodicies through the study of philosophical texts, literature and film.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only PHI 422 or REL 459 or PHI 494 (God and the Problem of Suffering) or REL 494 (God and the Problem of Suffering)  |
| REL     | 460         | Studies in Islamic Religion                            | Issues in the interpretation and understanding of Islamic texts, history, society, culture, and rituals. May be repeated for credit when topics vary.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G          |  |

| REL     | 504         | Digital Humanities: Critical Theory and Methods       | Digital technologies are now intricately woven into our lives--whether it's in terms of authoring a paper in a text editor, sending texts and emails, or doing data analysis. Popular narratives of the "big" and the "new" celebrate and sometimes bemoan the ways that these tools shape our communication, access to information, habits and even our physical bodies. Focuses on the histories of these technologies, their operations, popular conceptions about such tools, and their affordances and limits for humanities scholarship. Students learn how to leverage digital technologies, but also how to critically read them. Broad ranging; in addition to surveying the "big tent," students are encouraged to utilize their final projects to engage with specific disciplinary digital tools and methods relevant to their scholarly work.                   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CDH 501 or HST 504 or REL 504   |
| REL     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |  |
| REL     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |  |

| REL     | 585         | Philosophical and Spiritual Issues in Death and Dying | From Plato to Maimonides to Heidegger to Kubler-Ross, scholars, clinicians, and spiritual writers have recognized that attitudes about death and dying contribute to understandings of human existence. Recalling the ancient Socratic, biblical, and other spiritual traditions of the cura animarum (care for and cure of the soul) and joining contemporary post/secular conversations relevant to integration of body-mind-spirit, this course introduces basic concepts and practices of care ethics and spirituality. Focuses on relations among existential (ontological), therapeutic (psychosomatic), and spiritual (religious) dimensions of care. Theoretically, the course is inter-faith in approach, holistic in scope, and specialized in content. Practically, students examine real-life issues in care ethics and spirituality from multiple perspectives. | N                 | SEM               | Y               | OPT           | Liberal Arts and Sciences    | Historical, Philosophical & Religious Studies, Sch | 3-9   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MAS, PHI 550 or REL 585 |
| REL     | 590         | Reading and Conference                                | Independent study in which a student meets regularly with a faculty member to discuss assignments. | RUS     | 421         | Pushkin  | Pushkin's poetry, plays, and prose fiction, including Eugene Onegin, The Little Tragedies, Tales of Belkin, Queen of Spades and The Captain's Daughter. Taught in English. Does not satisfy the Liberal Arts and Sciences language requirement for BA degree.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           |  |
| RUS     | 423         | Dostoevsky and Tolstoy                                     | An in-depth study of Dostoevsky's and Tolstoy's major works, including "Crime and Punishment", "Brothers Karamazov", and "Ana Karenina". Taught in English.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 424         | Tolstoy and War and Peace in Russian Literature and Cinema | In English, course includes Tolstoy's War and Peace, the Sebastopol Tales, and Hadji Murad; Babel's Red Cavalry (Russian Civil War); and classic films of War and Peace, World War II, and the war in the Caucasus.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 425         | Chekhov and Russian Drama                                  | An in-depth study of Chekhov's major works, representative short stories and major plays, including "The Cherry Orchard" and "Three Sisters". Taught in English.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105 or 108 with C or better; Credit is allowed for only RUS or THE 425   |
| RUS     | 430         | Russian Short Story  | Detailed study of representative works of the Russian short story genre. Includes authors from both Imperial and Soviet Russia.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 439         | Art in Exile: Vladimir Vladimirovich Nabokov               | In English. The scandalous success of Lolita (1955) allowed Vladimir Nabokov to retire from teaching at Cornell University and move to Switzerland to devote himself to fiction, translation, criticism and lepidoptery. This was only one of the many metamorphoses that Nabokov, a Russian noble, underwent while in exile, moving from Russia to the Crimea, Cambridge UK, Berlin, Paris, Cambridge MA, Ithaca, Hollywood and finally Montreux. Examines the Russian roots of Nabokov's Russian (in translation) and American novels about exile: his first novel, Mary (1926), The Defense (1929), Glory (1932), and his tribute to 19th-century Russian literature, The Gift (1938), which he considered his greatest Russian novel. These are followed by Lolita (1955), Priglasenie (1957) and Pale Fire (1962), his memoirs, Speak, Memory (1966), and some essays and short stories. Films include Lolita by Stanley Kubrick (1962) and Adrian Lyne (1997).  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & L            | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only RUS 439 or SLC 439 or ENG/RUS/SLC 494 (Art in Exile: Vladimir Vladimirovich Nabokov) |
| RUS     | 440         | Russian Mass Media   | Explores various aspects of modern Russian life through printed mass media, especially Internet media sources, and helps to develop advanced spoken, listening, reading and written skills in Russian. Students work with live television news broadcasts and investigate the most important general sources of electronic information, including electronic newspapers and the main Russian Web sites on a wide range of issues such as culture and the arts, government and politics, business and economics, armed conflicts, and accidents and catastrophes.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 211; 212 with C or better. Credit is allowed for only RUS 440 or RUS 494 (Russian Mass Media)   |
| RUS     | 441         | Survey of Russian Culture                                  | Interplay of artistic, social, and political forces in the development of Russian culture from the Kievan period to the present. Exclusive use of Russian language source materials.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G & H | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                   |  |
| RUS     | 492         | Honors Directed Study                                      | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   |                   | Prerequisite(s): Barrett Honors student  |
| RUS     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   | L                 | Prerequisite(s): Barrett Honors student  |
| RUS     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                   |  |
| RUS     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-7   |                   |  |
| RUS     | 499         | Individualized Instruction                                 | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                   |  |
| RUS     | 590         | Reading and Conference                                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                   |  |
| RUS     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                   |  |
| SAO     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Office of the Provost     | Office of the Provost                        | 1-3   |                   | Pre-requisites: Must be a freshman with 25 or less total earned hours  |
| SAO     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Office of the Provost     | Office of the Provost                        | 1-4   |                   |  |
| SAO     | 196         | Study Abroad Office Placeholder                            | Reserved for undergraduate participants in Study Abroad Office (SAO) Partnership and Exchange study abroad programs. This placeholder course remains on the student's academic record until the student's record is updated by SAO following the completion of the student's study abroad program. This course is then dropped and replaced with the ASU courses, credits, and grades equivalent to the coursework completed abroad. Students must register for at least the number of credits equivalent to full-time study at ASU (i.e., 12 hours during the fall and spring semesters, or 1-6 hours during the summer session). Students participating in an SAO Partnership program must register for the topic "SAO: Study Abroad Program"; participants in an SAO Exchange Program must register for the topic "SAO: Exchange Program." NOTE: This placeholder course is not an indication of the level of coursework or the total number of credits the student may complete abroad. Acceptance to an ASU Study Abroad Office program is required. | Y                 | LEC               | Y               | OPT           | Office of the Provost     | Office of the Provost                        | 1-18  |                   |  |

| SBS     | 194         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-4   |                 |   |
| SBS     | 200         | Introduction to Social and Behavioral Sciences | Overview of the social and behavioral sciences, indicating their contributions to society and emphasizing interdisciplinary integration  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              |   |
| SBS     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-4   |                 |   |
| SBS     | 300         | Careers in Psychology                          | Professional and academic careers in psychology, with a focus on both career and adult development. Provides opportunities to enhance self-assessment and evaluation strategies for both academic planning and postbaccalaureate professional pursuits while also addressing current issues that affect us at any stage of development.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SBS     | 301         | Cultural Diversity                             | Critical analysis of the complexities of the cultural politics of difference in the contemporary United States. Through interdisciplinary and comparative study, examines a range of theoretical and public/popular cultural discourses about the cultural contributions, experiences, perspectives of, by, and about U.S. residents of diverse racial, ethnic, class, gender, sexual, and transnational origins or identities. Analyzes the social conditions and historical precedents that have shaped current diversity concepts and debates, deepening knowledge and understanding of multiple perspectives on these issues and their relevance to social and behavioral sciences.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | (L or SB) & C   | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum junior standing  |
| SBS     | 302         | Qualitative Methods                            | Basic methodological issues in the systematic application of qualitative analysis of human social life. Surveys range of qualitative methods used by social and behavioral scientists.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 303         | Quantitative Methods                           | Concepts underlying design and implementation of quantitative research methods.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 304         | Social Statistics I                            | Statistical techniques of the social and behavioral sciences.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | CS              |   |
| SBS     | 335         | Power and American Democracy                   | Explores how persistent patterns of marginalization and privilege impede the realization of democratic ideals in U.S. society. In particular, unpacks how, in practice, different forms of political power reinforce or challenge persistent patterns of marginalization and privilege. In combination with the study of power as the repression and control of others' actions, the course also explores power as exercised in the collective production of social boundaries. Students learn how to better analyze, critique and engage with different forms of power operating in U.S. society.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only POS 335 or SBS 335 or POS 394 (Power and American Democracy) or SBS 394 (Power and American Democracy) |
| SBS     | 339         | Grassroots Social Movements                    | Explores how groups mobilize collectively to produce social, political, economic, and cultural change, with an emphasis on the United States.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ASB 339 or POS 339 or SBS 339 or SOC 339   |
| SBS     | 342         | Mexico-U.S. Borderlands                        | Contemporary examination of socioeconomic and political dimensions of border communities, and formation of Mexican-origin communities within and outside the Southwest.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & C          | Credit is allowed for only ASB, SBS or SOC 342  |
| SBS     | 356         | Central American Studies                       | Part of the summer ASU study abroad Costa Rica Program, which is a language and social sciences immersion program in the capital city, San Jose. A summer offering permits students to enroll in the program without conflicting with full course loads during the fall or spring semester. However, the course is proposed as a stand-alone course that can be offered in a regular semester as well.   | N                 | REC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          | Credit is allowed for only ASB 356 or GCU 356 or POS 354 or SBS 356 or SOC 356  |
| SBS     | 374         | Cultures and Politics of the Internet          | Explores the culture and politics of the Internet in global perspective, including virtual communities, free software, copyleft, blogs, and hacktivism.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              | Credit is allowed for only ASB, POS, SBS or SOC 374   |
| SBS     | 389         | Ethnographic Field Lab                         | Hands-on, guided ethnographic qualitative research and interpretative analysis.  | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-6   |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 389 or SBS 389 or SOC 389   |
| SBS     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-4   |                 |   |
| SBS     | 404         | Social Statistics II: Multivariate Analysis    | Analysis of variance, multiple regression, dummy variable regression, path analysis, and related topics. Computer application to problem solving.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | CS              | Prerequisite(s): SBS 303 with C or better; SBS 304 with C or better   |
| SBS     | 410         | Topics in Identity/Difference                  | Topics which focus on race/ethnic, gender, sexual or cultural identity/difference. May be repeated for credit when topics vary.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 430         | Topics in Power/Knowledge                      | Selected topics concerning the effects of political and social institutions on perceptions of politics and political culture. May be repeated for credit when topics vary.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 440         | Family Studies                                 | Theoretical frameworks for analyzing the development of family systems. Impact of social and economic conditions on family forms. May be repeated for credit when topics vary.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 447         | Citizenship, Nationalism, and Identity         | Historical and contemporary examination of citizenship as a form of belonging and fidelity, and the creation of good citizens within the U.S.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & C & G      | Credit is allowed for only ASB, POS or SBS 447  |
| SBS     | 450         | Topics in Local/Global                         | Examines links among social, political, economic changes at local, national, global levels. May be repeated for credit when topics vary.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          |   |

| SBS     | 460         | Global Cities   | This close look at megacities in the global south decisively challenges the outdated impression that the rest of the world's cities still lag way behind the U.S. and Europe. The social sciences' debate over "global cities" anchors our examination of the reorganization of metropolitan social space under impact of neoliberal globalization since the 1970s. Explores urban inequalities of slums and dreamworlds; compares vernacular and transnational styles of urbanism (in architecture, design, markets, consumerism, jobs, ads, ways of living); and asks how transnational flows of people, capital and culture have reconfigured ethnic relations and national identities rooted in global cities. Students become virtual transnational flâneurs, tacking between the slums and skyscrapers of global cities, and conduct guided research on a global megacity to investigate how the production of the global city changes the lived space and urban culture of local residents, and how they respond. We ask, whose city is it? | N                 | LEL               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     | SB & G          | Prerequisite(s): minimum junior standing; Credit is allowed for only ASB 442 or SBS 460  |
| SBS     | 480         | Global Justice  | Explores questions of justice that cross national borders, including delivery of foreign aid, immigration, and military intervention.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     | G               | Credit is allowed for only POS 480, SBS 480, CMN 598 (Global Justice), JHR 598 (Global Justice) or MAS 598 (Global Justice)  |
| SBS     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-12  |                 |  |
| SBS     | 490         | Senior Thesis I                                       | Supervised, independent, interdisciplinary research and writing on an intellectual issue or social problem chosen by the student. First part of a six-semester-hour sequence, followed by SBS 491.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     |                 |  |
| SBS     | 491         | Senior Thesis II                                      | Supervised, independent, interdisciplinary research and writing on an intellectual issue or social problem chosen by the student. Second part of a six-semester-hour sequence.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     |                 |  |
| SBS     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SBS     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| SBS     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-4   |                 |  |
| SBS     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-7   | L               |  |
| SBS     | 499         | Individualized Instruction                            | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-3   |                 |  |
| SBS     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-4   |                 |  |
| SCM     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 1-4   |                 |  |
| SCM     | 300         | Global Supply Operations                              | Explores modern global integrated supply chain management. Covers traditional supply chain topics such as procurement, inventory management, operations, quality management, logistics and transportation. Also discusses issues related to sustainability, humanitarian logistics, ethical business practices and supply chain analytics in the context of evolving supply chains around the world. Students discover how business processes, performance metrics and modern supply chain IT tools aid in the management and growth of effective and efficient supply chains.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s) with C or better: BUS or Non-BUS major with min 2.50 GPA: ACC 231, 232, or 261; CIS 105, CIS 236, or CON 251; ECN 221, ECN 231, or STP 280; MAT 211 or 271 OR Engr Mgmt major: CSE 205; IEE 380; MAT 266; Corequisite(s): ACC 241, 242, or 271 |
| SCM     | 301         | Introduction to Modern Global Supply Chain Management | Examines the purchasing, operations, and logistics functions from the customer, producer, and employer perspective.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): non-Business major; minimum 2.00 ASU cumulative GPA; minimum 56 earned hours. Credit is allowed for only SCM 300 or SCM 301   |
| SCM     | 303         | Honors Global Supply Operations                       | Provides an overview of supply chain management, specifically for Barrett Honors students. Explains principles and concepts from a managerial perspective and how they are used for decision making. Course topics include supply management, operations management and logistics management as applied to a supply chain system. Discusses planning, forecasting, performance measurement and improvement, and collaboration from the perspective of providing excellent customer service. Current topics of interest include the impact of sustainability, security and globalization on managing today's supply chains. Class methodology focuses on an open-forum discussion of principles and a detailed analysis of case studies.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; Barrett Honors student; ECN 221 or 231 with C or better; Pre- or corequisite(s): ACC 241, 242, or 271  |
| SCM     | 314         | Analytics for Logistics                               | Focuses on practical tools for real-world decision making.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; SCM 300 or SCM 303 with C or better  |
| SCM     | 315         | Business Decision Models                              | Introduces quantitative tools used to aid management decision making.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): SCM 300 or 303 with C or better   |
| SCM     | 344         | Applied Logistics Management                          | Presents a synthesis of the principles in logistics (and supply chain) activities emphasizing the operation and integration of activities such as transportation, inventory, warehousing, facility location, customer service, packaging and materials handling.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Pre- or corequisite(s): SCM 314 with C or better if completed  |
| SCM     | 345         | Logistics Management                                  | Explores the many areas of supply chain management; in each case the logistics view is described and understood. Emphasizes movement of product/material, information and money in each section.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; Pre- or corequisite(s): SCM 315 with C or better if completed  |
| SCM     | 354         | Procurement of Services                               | Management of the supply function for logistics-based organizations. Allows students to better understand the nature of procuring a service, contracting that service and establishing appropriate performance metrics.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): SCM 300 or SCM 303 with C or better   |
| SCM     | 355         | Supply Management                                     | Management of the supply function, including organization, procedures, supplier selection, quality, inventory decisions, and price determination.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     | L               | Prerequisite(s): W.P. Carey Supply Chain Management BS student; SCM 300 or 303 with C or better  |
| SCM     | 385         | Business and Sustainability I                         | First of two related courses; provides a general overview of sustainability topics that are important to business today with a focus on consumer products and services and the social and environmental impact of the organizations that provide them.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): minimum 60 hours; SCM 300 or SOS 110 with C or better; Credit is allowed for only SCM or SOS 385  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                       | Department                            | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-------------------------------|---------------------------------------|-------|-----------------|---|
| SCM     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-4   |                 |   |
| SCM     | 432         | Planning and Control Systems for Supply Chain Management | At the core of all supply chain management processes and essential to the determination and direction of the flow of resources needed to produce goods and services. Uses Microsoft Excel for supporting analysis. Includes processes and methods to forecast, manage inventory, plan needed capacity, determine resources needed for production, determine priority and sequencing of activities, perform master scheduling and material requirements planning.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 315 with C or better; SCM 345 with C or better; Pre- or corequisite(s): SCM 355 |
| SCM     | 440         | Quality Management/Measurement                           | Provides a broad introduction to quality management frameworks and tools, with an emphasis on supply chain and operations management issues. Introduces modern quality management approaches including Total Quality Management, Lean and Six Sigma. Students learn how to define quality for a product or service, develop appropriate measurement systems, and apply statistical and systems thinking to control and improve the underlying processes. Covers quality awards and performance excellence programs and quality management systems such as the ISO 9000 family of standards.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Business (Retail Management) BA or Supply Chain Management BS major; SCM 300 or 303 with C or better                  |
| SCM     | 445         | Advanced Logistics Management                            | Logistics processes account for approximately 10% of U.S. GDP; therefore, the efficient and effective execution of these processes is critical to supply chain managers in corporations, government entities and nonprofit organizations. Includes an overview of the processes involved, a survey of the institutions and players in the processes, and the analytical tools to evaluate their efficiency and effectiveness.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 344 with C or better   |
| SCM     | 455         | Research and Negotiation                                 | Supply management ensures an organization has resources (i.e., materials, services, equipment) to deliver on promises to stakeholders. This happens by strategically designing supply systems for categories of spend and creating favorable supply agreements. A real-world class project and a real-time contract negotiation simulation helps students understand (1) the relationship among organizational, supply management and purchase category objectives; (2) frameworks and tools to analyze the supply conditions of a category, specifically spend analysis, market/demand analysis and price/cost analysis; (3) how to develop category strategies to ensure adequate and highest value resource supply into the future; (4) the translation of category strategies into manageable supply contracts; and (5) the requisite skills and processes for planning and executing successful contract negotiations. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 355 with C or better  |
| SCM     | 463         | Global Supply Chain Management                           | With increased globalization and offshore sourcing, global supply chain management is becoming an important issue for many businesses. Like traditional supply chain management, the underlying factors behind the trend are reducing the costs of procurement and decreasing the risks related to purchasing activities. The big difference is that global supply chain management involves a company's worldwide interests and suppliers rather than simply a local or national orientation. Enables students to appreciate the challenges of operating supply chains across international boundaries including how to manage various salient issues including sociocultural, economic, technological and political factors that may shape decisions relating to sourcing and moving goods and services across different geographical boundaries.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     | G               | Prerequisite(s): W.P. Carey BA or BS major; SCM 300 or 303 with C or better   |
| SCM     | 479         | Supply Chain Strategy                                    | Discusses the management of supply chains at the strategic level and from a systems point of view. Views key supply chain functions, drivers and metrics within an integrated system. Topics include network design, innovation, sustainability, coordination and management of the critical areas of the supply chain. Class methodology focuses on an open-forum discussion of supply chain strategy and a detailed analysis of case studies. Student teams investigate and report on current news and trends in supply chain management.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     | L               | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 355 with C or better; SCM 432 with C or better                                  |
| SCM     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 485         | Business and Sustainability II                           | Second of two related courses focusing on the environmental, social and economic dimensions of sustainable technologies and exposes students to a variety of related concepts and theories. Describes technology hotspot analysis, life cycle assessment and a variety of models of technology forecasting and diffusion.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 385 or SOS 385 with C or better; Credit is allowed for only SCM 485 or SCM 494 (Business and Sustainability II) or SOS 485   |
| SCM     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SCM     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-4   |                 | Pre-requisite(s): Minimum 60 hours  |
| SCM     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SCM     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-7   |                 |   |
| SCM     | 499         | Individualized Instruction                               | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-3   |                 |   |
| SCM     | 501         | Basics of Operations and Supply Management               | Contemporary basic operations and supply chain management issues, including process analysis, managing waiting lines, inventory, quality and general supply chain issues and concepts. Designed for students with limited business experience and without an undergraduate business degree.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): ASU degree-seeking graduate student  |
| SCM     | 502         | Operations and Supply Management                         | Contemporary management issues, including environmental, project, and supply chain management; new product development; quality control; TQM.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 | Pre-requisites: W.P. Carey MBA students   |
| SCM     | 511         | Integrated Supply Chain Management                       | Management of sourcing, operations, and logistics as an integrated process.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 |   |
| SCM     | 515         | Decision Models for Supply Chain Management              | Decision modeling approaches for supply chain management such as optimization, simulation, and decision analysis. Emphasizes spreadsheet-oriented approaches.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 |   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                                     | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                            | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---------------------------------------|-------|-----------------|---|
| SCM     | 516         | Introduction to Applied Analytics                     | Provides a solid foundation and deeper understanding of the use of quantitative modeling tools and techniques to solve problems faced in modern supply chains. Uses Excel workbooks to implement the appropriate quantitative methods, including forecasting demand, determining the capacity of a manufacturing line and the cycle times of parts being processed on the line, and methods to manage inventory.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 517         | Data-Driven Quality Management                        | Addresses the use of analytics tools and techniques to enhance the ability of quality management approaches to improve processes. Introduces modern quality management approaches including six sigma and design for six sigma. Covers the define, measure, analyze, improve and control (DMAIC) improvement cycle: the core process used to drive six sigma projects. DMAIC refers to a data-driven improvement cycle used for improving, optimizing and stabilizing business processes and designs. Provides an analytics roadmap to help users work through the DMAIC problem-solving process. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 518         | Analytical Decision Modeling I                        | Covers the skills and knowledge necessary for mastery of the use of quantitative modeling tools and techniques to support a variety of business decisions. Deterministic optimization techniques, including linear programming, nonlinear programming, integer programming, network models and a brief introduction to metaheuristics. Covers the use of these models for a variety of common business problems. Requires implementation of these models using Excel and standalone software. Studies how to ensure that these solutions work in a wide variety of situations (what-if analysis). | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 519         | Analytical Decision Modeling II                       | Addresses the skills and knowledge necessary to model situations where uncertainty is an important factor. Covers models including decision trees, queuing theory, Monte Carlo simulation, discrete event simulation and stochastic optimization. Uses these models for a variety of common business problems. Requires implementation of these models using Excel and stand alone software. Studies how to ensure that these solutions work in a wide variety of situations (what-if analysis). Describes each of these methods in detail.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 520         | Strategic Procurement                                 | Applies the principles, philosophies, and processes of supply management to the purchasing management process on a global basis and to facilitate the continuous improvement of the purchasing management system.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 502 with C or better   |
| SCM     | 521         | Supply Management and Negotiation                     | Selecting, developing, and executing appropriate sourcing strategies and processes.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 2-4   |                 | Prerequisite(s): SCM 520  |
| SCM     | 532         | Supply Chain Cost and Design Issues                   | Strategic design and development of supply chains. Focus on cost-management tools applied to supply chain design and supplier management.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 541         | Logistics in the Supply Chain                         | Critical issues for customer perception of supply chain performance, including inventory planning, transportation, warehousing, information technology, and integrated logistics service.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 2-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 542         | Logistics, Globalization, and Economic Development    | Global trade, global networks and the influence those networks have on economic development worldwide. Exposes geographic, economic and sociopolitical perspectives on these issues and invites students to draw conclusions from an increasingly informed perspective.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Pre-requisite: SCM 502 and 541; Co-requisite: SCM 515   |
| SCM     | 545         | Cases in Global Logistics                             | Capstone experience for students in the MS in Global Logistics program. Synthesizes learnings from previous courses and applies this learning to specific issues that have a major global logistics component.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Pre-requisite: SCM 502, 515, 541 and 542  |
| SCM     | 551         | Operations Planning and Execution                     | Managing the conversion of raw materials to finished goods, including scheduling, work-in-process inventory management, and postponement/customization.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 581         | Management of Technology and Innovation               | Technology life cycles, technology forecasting, new product development process, innovation teams, innovation best practices.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 2-4   |                 |   |
| SCM     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 584         | Internship  | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.   | N                 | LEC               | N               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 587         | Project Management                                    | Planning, scheduling, and controlling of projects in R & D, manufacturing, construction, and services. Project selection, financial considerations, and resource management.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 593         | Applied Project                                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 594         | Conference and Workshop                               | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. |---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---------------------------------|-------|-----------------|---|
| SCN     | 250         | Physical Science by Inquiry                       | Laboratory-based development of concepts and reasoning skills in the physical sciences. Emphasizes open-ended investigations, dialogues between the instructor and individual students, and small group discussions. Helps students think of physical science as an active process of discovery in which they can participate. Helps preservice teachers understand inquiry and develop inquiry skills. Liberal arts students gain experience in the scientific process. Useful for students who wish to improve their science preparation before taking further science courses. Forms foundation for scientific literacy.   | N                 | LAB               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 4     | SQ              | Credit is allowed for only SCN 250 or 294 (Physical Science by Inquiry)   |
| SCN     | 294         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-4   |                 |   |
| SCN     | 300         | Foundations of Environmental Education            | Introduces environmental education, including the philosophy, historical development, resource identification, curriculum development, field trips and other activities designed to provide the structure and development of the field of environmental education. Explores the antecedents to the present-day field and connects the field of environmental education to curricular programs that are an outgrowth of perceived and actual need in the field of environmental education.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 |   |
| SCN     | 301         | Ecology and Natural History of the Sonoran Desert | Overview of the plants, animals, and geology of the desert ecosystem based on the Arizona K-12 Science Standards. Provides students with basic knowledge of the Sonoran Desert characteristics and its relationship to the total school curriculum.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 |   |
| SCN     | 302         | Environmental Education                           | Ignites questions, wonder and reflection related to the ways we educate ourselves and the next generations as stewards of this planet. Through lived experiences, classroom exercises, relevant readings, individual and group projects and activities, students gain a wider and deeper appreciation of ecological, sustainability and science education. Explores the historical and philosophical foundations of the diverse emphases and uses of environmental education, experiential education and place-based education.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     | L               | Prerequisite(s): ENG 101, ENG 105, or ENG 107 with C or better  |
| SCN     | 303         | Environmental Education Internship                | Provides opportunities to learn more about natural sciences and local history; outdoor education and field trip course facilitation and training; individual and group development; facility care and maintenance including landscaping, gardening and carpentry; and the restoration and maintenance of the grounds and teaching materials. Supports and/or develops education projects and programs as outlined by the locations' Educational Outreach office. Various other tasks include: field trip coordination, development of curriculum and classroom materials, hands-on fieldwork, school outreach, off-site outreach events support, and Outdoor Education event support.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-2   |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 304         | Sonoran Desert Flora                              | Plants and plant communities support much of the diversity of life in the Sonoran Desert and the surrounding regions. Covers the fundamentals of ecology from the perspective of plants including population, community and ecosystem ecology. Also includes identification and classification of plants and plant communities in the Sonoran Desert region. Incorporates practical field exercises designed to acquaint the student with plant community analysis, classification and description.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 305         | Tropical Ecology: A Cultural Exchange             | To better understand the astonishing diversity of tropical ecosystems. Investigates the ecology and cultures of Neotropical ecosystems: how they were formed and how they are changing. Introduces language, culture and society of people and communities in tropical countries of Central and South America. Also examines cultural perspectives and beliefs. Focuses on four areas: (1) background on history and present day society of Central or South America, introductory conversational Spanish for interacting with Central and South Americans; (2) living in Central and South America, community, family and education: visiting families and private and public schools; (3) debriefing and reflecting on Central and South America language and culture and (4) the location of Central and South America countries, the rain forests' impact on the world, climate, cultures and contributions to science. | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SCN 305 or SCN 494 (Tropical Ecosystems of Costa Rica)  |
| SCN     | 307         | Learning from Nature: Biomimicry and STEM         | Introduces biomimicry, an emerging discipline that seeks to learn from nature to solve human problems. "Biomimicry" (from bios, meaning life, and mimesis, meaning to imitate) is a new discipline that studies nature's best ideas and then imitates these designs and processes to solve human problems. With an emphasis on getting outside and exploring the land around, focuses on observing, appreciating and learning from nature and natural systems in our local environment.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SCN 307 or SCN 494 (Learning from Nature: Biomimicry & STEM)  |
| SCN     | 308         | Urban Environmental Education                     | Environmental education and educators translate the complex web of earth systems science, sustainability, environmental issues and environmental change for the public. Provides opportunity to understand and experience the interface between humans and the planet to facilitate ecological literacy and ecologically responsible behavior. Assists students in becoming more sensitive to and aware of earth systems and environmental change. Also provides the knowledge, skills and motivation for understanding sustainable living in the urban environment.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 309         | Environmental Education Project                   | Covers topics in environmental education that assist students with being able to learn about and investigate their environment in order to make intelligent and informed decisions.   | Y                 | LEL               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1     |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 400         | Sustainability Science for Teachers               | Explores the challenges of sustaining human health and well-being on Earth due to human exploitation of natural resources. Seeks sustainable solutions through science, technology and society acting at global and local levels. Covers diverse approaches used by scientists, scholars and practitioners to study and assess human-environment interactions pertaining to sustainability challenges and solutions. Focuses on how to teach sustainability concepts in the K-8 classroom.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only SCN 400 or SCN 401 or SCN 494 (Sustainability for the Elementary Teacher)                          |
| SCN     | 401         | Sustainability Science, Technology, and Society   | Explores the challenges of sustaining human health and well-being on Earth due to human exploitation of natural resources. Prepares students to think and engage critically with the world around them. Seeks sustainable solutions through science, technology and society acting at global and local levels. Uncovers diverse approaches used by scientists, scholars and practitioners to study and assess human-environment interactions pertaining to sustainability challenges and solutions.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): non-Teacher Preparation student; minimum junior standing; Credit is allowed for only SCN 400 or SCN 401 or SCN 494 (Sustainability Science, Technology, and Society) |

Covers the fundamentals of ecology from the perspective of plants including population, community and ecosystem ecology. Also includes identification and classification of plants and plant communities in the Sonoran Desert region. Incorporates practical field exercises designed to acquaint the student with plant community analysis, classification and description.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 505         | Tropical Ecology: A Cultural Exchange             | To better understand the astonishing diversity of tropical ecosystems, students work together to investigate the ecology and cultures of Neotropical ecosystems: how they were formed and how they are changing.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 507         | Learning from Nature: Biomimicry and STEM         | Offers an introduction to biomimicry, an emerging discipline that seeks to learn from nature to solve human problem. "Biomimicry" (from bios, meaning life, and mimesis, meaning to imitate) is a new discipline that studies nature's best ideas and then imitates these designs and processes to solve human problems. With an emphasis on getting outside and exploring the land, focuses on observing, appreciating and learning from nature and natural systems in our local environment.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 508         | Urban Environmental Education                     | Environmental education and educators translate the complex web of earth systems science, sustainability, environmental issues and environmental change for the public. Gives students an opportunity to understand and experience the interface between humans and the planet to facilitate ecological literacy and ecologically responsible behavior. Assists in becoming more sensitive to and aware of earth systems and environmental change and also provides the knowledge, skills and motivation for understanding sustainable living in the urban environment. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 509         | Environmental Education Project                   | Covers topics in environmental education that assist students with being able to learn about and investigate their environment in order to make intelligent and informed decisions.   | Y                 | LEL               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 594         | Conference and Workshop                           | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| SED     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SED     | 499         | Individualized Instruction                                 | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 | Prerequisite(s): admission to the Professional Program   |
| SED     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 501         | Introduction to Effective Instruction                      | Introductory course for certification program in secondary education. Emphasizes developing basic classroom management, instruction, and evaluation. Includes a field assignment of at least 120 hours.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 511         | English/Language Arts Teaching Methods in Secondary School | Instructional, organizational, and presentation methods. This course, which focuses on the general content and pedagogy of Secondary English/Language Arts, is aligned directly with the State of Arizona Professional Teaching Standards and NCTE standards for teaching secondary English.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 512         | Math Teaching Methods for Secondary Schools                | Examines secondary school curricular material and analyzes instructional devices. Teaching strategies, evaluative techniques, diagnosis, and remediation and problem solving.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 513         | Science Teaching Methods for Secondary School              | Methods of instruction, organization, and assessment of science for secondary and middle grade schools. This course, which focuses on the general content and pedagogy of secondary science, is aligned directly with the State of Arizona Professional Teaching Standards and INTASC Principals.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 520         | Science Methods for Early Adolescence                      | Examines the interrelationships between theory and practice in teaching science.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 522         | Secondary School Curriculum Development                    | Social processes, issues, principles, patterns, and procedures in curriculum development.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student  |
| SED     | 533         | Middle/Secondary Instruction, Management, and Assessment   | Analyses of procedures, methods, techniques, and experiments in teaching in secondary schools.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Must be a graduate student   |
| SED     | 544         | Creating Classroom Climates                                | Emphasizes classroom management and instructional strategies for establishing positive classroom climates that facilitate learning. Includes field experience.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 547         | Teaching Mathematics in the Middle Grades (5-9)            | Strategies and methodologies to teach mathematics in the middle grades (5-9).   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 560         | Teaching Mathematics with Technology                       | Strategies and methodologies to teach mathematics with technology, focusing mainly on the middle grades (5-9).  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 561         | Teaching Science with Technology                           | Strategies and methodologies for effective technology-enhanced science classrooms and improved learning. Models student-driven inquiry teaching throughout the course.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 567         | Clinical Experience I                                      | Applies course content in middle/secondary setting grades 6-12. Emphasizes observation, pupil management, planning and delivering instruction, and assessment.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SER     | 102         | Object-Oriented Programming for Information Technology | Introduces object-oriented programming, classes, objects, interfaces, encapsulation, inheritance, introduction to object-oriented design and object modeling, introduces data structures and collections. Project-based.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CSE 100 or CSE 110 or CST 100 or SER 100 or SER 101 with C or better   |
| SER     | 105         | Personal Computing Environment                         | Introduces computing devices and their ethical use for creativity, communication and organizing information; utilizes a range of devices and applications; program-ability for the end-user; approaches for organizing, sharing, securing and communicating information; managing a secure computing environment.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 |   |
| SER     | 191         | First-Year Seminar                                     | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 1-3   |                 |   |
| SER     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 1-4   |                 |   |
| SER     | 200         | Core Data Structures with Object Oriented Programming  | Design, implementation and use of core data structures; object-oriented software development: design, analysis and programming.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CST 100 or SER 100 with C or better; Credit is allowed for only ACO 102 or CSE 205 or CST 200 or SER 200   |
| SER     | 215         | Software Enterprise: Personal Process                  | Software engineering; personal software processes for individual professionalism; time and defect estimation, yield, and productivity. Software tools. Project based.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CST 200 or SER 200 with C or better  |
| SER     | 216         | Software Enterprise: Personal Process and Quality      | Introduces software engineering, software lifecycle models, personal software processes for individual professionalism, time and defect estimation, yield and productivity, software testing and quality management.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Pre- or corequisite(s): SER 222 with C or better if completed   |
| SER     | 221         | Programming Languages and Their Execution Environment  | Introduces the fundamental programming language concepts of data, type, control, abstraction, and structure; software development and execution environments; programming language paradigms.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CST 200 or SER 200 with C or better; Credit is allowed for only CST 220 or SER 221   |
| SER     | 222         | Design and Analysis of Data Structures and Algorithms  | Data structures and related algorithms for their specification, complexity analysis, implementation and application. Sorting and searching. Professional responsibilities that are part of program development, documentation and testing.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CST 200 or SER 200 or CSE 205 with C or better; MAT 243 with C or better OR Software Engineering graduate student. Credit is allowed for only CST 230 or SER 222   |
| SER     | 232         | Computer Systems Fundamentals I                        | Logic design, number systems and arithmetic, boolean algebra; digital systems components, and hardware description languages.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     | CS              | Pre- or corequisite(s): SER 100 or CSE 110; MAT 117, 170, 171, 210, 251, 265, or 270 with C or better if completed or Mathematics Placement Test score of 50% or higher or ALEKS score of 61 or higher; Credit is allowed for only CST 150 or SER 232 |
| SER     | 250         | Microcomputer Architecture and Programming             | Microcomputer architecture, instruction set, assembly language programming and debugging, I/O considerations, memory interface, peripherals and busses, exception/interrupt handling.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CST 100 or SER 100 with C or better; CST 150 or SER 232 with C or better   |
| SER     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 1-4   |                 |   |
| SER     | 298         | Honors Directed Study                                  | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Software Engineering                      | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SER     | 315         | Software Enterprise: Design and Process                | Software process from the design perspective. Engineering design process, user-centered design and software safety design. User interface, software architecture and design patterns and software design constraints.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): SER 222 with C or better; Pre- or corequisite(s): SER 216 with C or better if completed  |
| SER     | 316         | Software Enterprise: Construction and Transition       | Best practices in software construction in the context of a team project, including refactoring, defensive programming, unit testing, and configuration and release management.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Pre- or corequisite(s): CST 315 or SER 315 with C or better if completed  |
| SER     | 321         | Principles of Distributed Software Systems             | Design and implementation of distributed software components; process and memory management underlying software applications; sockets, protocols, threads, XML, serialization, reflection, security, and events.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): SER 222 with C or better; Pre- or corequisite(s): SER 334 with C or better if completed; Credit is allowed for only CST 420 or SER 321   |
| SER     | 322         | Principles of Database Management                      | Fundamental methods in modeling and managing data-oriented systems. Relational, object, and hierarchical data modeling techniques. Query languages including SQL. Semantics of transaction processing. Database system architectures including cloud-based, client-server, and embedded databases. Security and privacy issues. Modern trends in data management including managing data on the cloud, unstructured data type management, data mining, and business analytics, and NoSQL data management platforms. | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): SER 222 with C or better; Credit is allowed for only IFT 433 or SER 322  |
| SER     | 332         | Introduction to Graphics and Game Development          | Foundations of graphics as used in modern rendering and basic principles of the game development pipeline. Graphics and math concepts and their application in games, graphics and visualization.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CSE 205 or SER 200 with C or better  |

## ASU Course Catalog Archive - Fall 2018

| SER     | 334         | Operating Systems and Networks                      | Fundamentals of operating systems, process management, scheduling, synchronization techniques and file management. Network technology, topologies, protocols, application control; network and operating system security.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 230 or SER 250 with C or better; Pre- or corequisite(s): SER 222 with C or better if completed OR Software Engineering MS student  |
| SER     | 394         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 |   |
| SER     | 401         | Computing Capstone Project I                        | First half of a comprehensive project experience based on cumulative knowledge and skills gained in earlier coursework.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering BS major; SER 316 with C or better; senior standing or postbaccalaureate  |
| SER     | 402         | Computing Capstone Project II                       | Second half of a comprehensive project experience based on cumulative knowledge and skills gained in earlier coursework.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 401 with C or better   |
| SER     | 415         | Software Enterprise: Inception and Elaboration      | Third course in the four-course enterprise sequence. Students perform inception (project launch) and elaboration (requirements analysis) activities in project teams.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     | L               | Pre- or corequisite(s): SER 316 with C or better if completed   |
| SER     | 416         | Software Enterprise: Project and Process Management | Project-centric course focusing on applying software process, project management, and technical leadership. Final course in the software enterprise sequence.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 415 with C or better   |
| SER     | 421         | Web-Based Applications and Mobile Systems           | Distributed Web and mobile applications, their design, architecture and supporting technologies; user-interaction concepts and technologies; design and implementation of software servers for Web and mobile systems.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 321 with C or better or graduate Software Engineering student  |
| SER     | 422         | Web Application Programming                         | Design and implementation of Web application. Languages, frameworks, technologies, tools and methods used to realize Web client and server solutions. Approaches for securing, testing as well as determining the quality and reliability of Web applications.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): IFT 433 or SER 321 with C or better OR Software Engineering graduate student   |
| SER     | 423         | Mobile Systems                                      | Mobile applications, their architecture, design, and supporting technologies; mobile device operating systems and frameworks; synchronizing mobile applications, support for inter-application data-exchange; accessing and manipulating special-purpose device capability such as location, orientation and input modality. Practices for securing mobile runtimes and optimizing run-time performance.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 321 with C or better or graduate Software Engineering student  |
| SER     | 431         | Advanced Graphics                                   | Topics in real-time rendering and graphics hardware. Uses graphics processing unit hardware to implement rendering of higher-order surfaces and special effects.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 332 with C or better or graduate Software Engineering student  |
| SER     | 432         | Game Engine Architecture                            | Functional requirements of a modern game engine architecture. Students work in teams to develop advanced features for a game engine.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 332 with C or better or graduate Software Engineering student  |
| SER     | 450         | Computer Architecture                               | Price/performance analysis, instruction set design, RISC/CISC, processor design and implementation, pipelining, instruction-level parallelism, memory hierarchy, storage and I/O systems.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 230 or SER 250 with C or better OR Software Engineering graduate student   |
| SER     | 456         | Embedded Interfaces: Sensors and Actuators          | Electromechanical sensors and electrical actuators, analog-to-digital and digital-to-analog conversion, hardware and software interfaces for embedded systems.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 205 or SER 200 with C or better; SER 232 with C or better OR Software Engineering MS student; Credit is allowed for only SER 456 or CST 598 (Embedded Interfaces: Sensors and Actuators) |
| SER     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 |   |
| SER     | 486         | Embedded C Programming                              | Programming concepts for embedded systems. Interfacing and controlling LED, LCD, keypads, buttons. Embedded OS concepts. Timers and interrupts. Serial communication.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 222 with C or better; SER 334 with C or better OR graduate Software Engineering student  |
| SER     | 492         | Honors Directed Study                               | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SER     | 493         | Honors Thesis                                       | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SER     | 494         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 |   |
| SER     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-7   |                 |   |
| SER     | 499         | Individualized Instruction                          | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | IND               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-3   |                 |   |
| SER     | 500         | Research Methods                                    | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 501         | Advanced Data Structures and Algorithms             | Advanced algorithms and how they are effectively applied to solve problems. Algorithm design, analysis, classification, optimization, and application. Practice implementing and employing algorithms to solve realistic problems.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| SER     | 502         | Emerging Languages and Programming Paradigms        | Emerging programming languages, their design, description, implementation, and advanced features; API design, including facilities for creating secure distributed applications, facilities supporting software services, naming and composition; language paradigms and the resulting implications on execution; run-time systems and storage management; approaches to compilation and execution. Requires ability to program in an object-oriented programming language and knowledge of data structures, algorithms, and analysis.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| SER     | 515         | Foundations of Software Engineering                 | Software engineering overview, with an emphasis on component and service-based architectures, reliability, safety, dependability and software reuse. Introduces software engineering research methods and critical inquiry.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS graduate student   |
| SER     | 516         | Software Agility                                    | Focuses on quality software construction principles in an agile community context. Agile methods, open source communities, coding best practices, configuration management, software delivery and building in quality.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS student  |

| SER     | 517         | Software Factory I                                   | First in a two-semester capstone culminating experience for graduate students. Student teams work through concurrent product and service offering lifecycles in a project context. Covers concepts including opportunity assessment, risk management, technology evaluation, licensing models, resource planning, delivery models such as hosted, turnkey, and Software as a Service (SaaS), technology acquisition, outsourcing, governance, quality assurance, software certification, and continuous process improvement.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Masters of Computing Studies or Software Engineering MS student   |
| SER     | 518         | Software Factory II                                  | Second in a two-semester capstone culminating experience for graduate students. Student teams work through concurrent product and service offering lifecycles in a project context. Covers concepts including opportunity assessment, risk management, technology evaluation, licensing models, resource planning, delivery models such as hosted, turnkey, and Software as a Service (SaaS), technology acquisition, outsourcing, governance, quality assurance, software certification, and continuous process improvement. | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 517   |
| SER     | 531         | Semantic Web Engineering                             | State-of-the-art semantics-based approaches and tools that can be leveraged to enrich and enhance today's big data. Covers approaches to ontology engineering, searching and filtering relevant information, representing big data, modern applications of these methods and techniques for Web-based intelligent applications and services. Discusses applications of semantic technology that could improve the processing of big data.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only SER 594 (Semantic Web) or CST 594 (Semantic Web) or SER 531         |
| SER     | 533         | Database-Centric Enterprise Applications Development | Solutions for enterprise software systems based on relational database technology. Persistence solutions in middleware frameworks. O/R, XML, and scalability issues.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking); Minimum University Cum GPA 3.0; CST 433                                     |
| SER     | 540         | Internet-Enabled Embedded Devices                    | Accessing hardware devices through Internet, including Applets, HTTP, custom byte streams, XML-RPC, SOAP. Building network-based applications that interface hardware.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 420 with C or better  |
| SER     | 554         | Distributed Computing                                | Topics in distributed systems, including communications, distributed operating systems, fault-tolerance, and performance issues.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 574         | Advanced Software Design                             | Presents some of the latest advancements in the area of software design and architecture, aiming to help students develop analytical thinking skills which are essential to a successful career in software engineering. Modeling has become the primary communication vehicle in many areas of software engineering, and particularly in the intersection of software and systems engineering. Presents different approaches to software modeling and design for applications in systems engineering.                        | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS student; SER 515 with C or better; Credit is allowed for only SER 574 or SER 594 (Advanced Software Design) |
| SER     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Minimum University Cum GPA 3.0  |
| SER     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 |  |
| SER     | 590         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | REC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)  |
| SER     | 593         | Applied Project                                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 594         | Conference and Workshop                              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)  |
| SER     | 595         | Continuing Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Ira A. Fulton Engineering | Software Engineering | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 598         | Special Topics                                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 600         | Research Methods                                     | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 680         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 683         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 684         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 690         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Ira A. | SER     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering                  | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 793         | Applied Project                                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 795         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering | Software Engineering                  | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SES     | 100         | Introduction to Exploration                      | Science and engineering of Earth, solar system, and space exploration. Experimental design, engineering design; teaming; the professions of science and engineering.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | CS              | Prerequisite(s): Mathematics Placement Test with a score of 50% or higher, or ALEKS score of 61 or higher, or Pre- or corequisite(s): MAT 170, 171, 210, 251, 265, or 270 with C or better if completed |
| SES     | 106         | Habitable Worlds                                 | Are we alone in the Universe? If so, why? If not, where are our cosmic cousins? Such questions, once the domain of science fiction, are on the verge of being answered with science facts. Astronomers are discovering planets around other stars. Planetary scientists are exploring the worlds in our solar system. Biologists are unlocking the secrets of metabolism and evolution. Geoscientists are determining how the Earth supports life. And as we struggle to build a sustainable future for ourselves, all of us are finding out how technologically advanced civilizations rise and how they might fall. This course surveys these topics. In the process, students master basic concepts from across the major areas of science and learn what makes the Earth a habitable world.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 4     | SQ              |   |
| SES     | 111         | Exploration of Science Teaching                  | General overview of the profession of the science educator with a look at student, teachers, curricula, and classroom techniques.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 |   |
| SES     | 121         | Earth, Solar System and Universe                 | The Earth, solar system and universe are diverse and dynamic, featuring galaxies, solar systems, suns, planets and moons. Each type of feature is characterized by a suite of processes and features, such as volcanoes, landslides and climate. As scientists and engineers, we want to understand what is going on in our world. Understanding past events helps begin to predict future events. With the Earth, we examine past events and current natural processes to understand how this past and these processes affect humans. Accordingly, this course examines the processes, materials and features observed and inferred on the Earth, in the Solar System, and in the Universe. The course is purposely designed to be rather holistic, exploring concepts from stellar evolution, atmosphere and oceans on Earth and in extraterrestrial objects, plate tectonics, volcanoes and mountain building. Both SES 121 and SES 123 must be taken together to secure SQ General Studies credit. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | SQ              |   |
| SES     | 122         | History of the Earth and Solar System            | The Earth and solar system have a long and interesting history, spanning nearly five billion years. Earth and other objects in the solar system have evolved over time, punctuated by a series of events, such as mountain building, volcanic eruptions, impacts and extinctions. As scientists and engineers, we want to understand what events have occurred in our world and which aspects directly affect us or are most interesting. Understanding past events helps us comprehend what has happened and begin to predict future events. With the Earth, examines past events and current natural processes to understand how this past and these processes affect humans. Accordingly, examines the history of the Earth and solar system in the context of the processes, materials and features that can be observed and inferred. Explores the history of the Earth and solar system from a broad, interdisciplinary perspective.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): SES 121 with C or better   |
| SES     | 123         | Earth, Solar System and Universe Laboratory      | Studies astronomical and geological processes through observations and measurements. Requires field trips and evening telescopic observing. Both SES 121 and SES 123 must be taken together to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     | SQ              | Pre- or corequisite(s): SES 121 with C or better if completed   |
| SES     | 124         | History of the Earth and Solar System Laboratory | Studies astronomical and geological processes and life through observations and measurements. Requires field trips and evening telescopic observing.   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): SES 123 with C or better; Pre- or corequisite(s): SES 122 with C or better if completed  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrclong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                            | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|---------------------------------------|-------|-----------------|---|
| SES     | 126         | Exploration of the Universe                                      | Introduces the basic principles of modern astronomy, with a focus on "Exploration Science," or the methods by which we explore our planet, our solar system, other stars, and even other galaxies. How do we explore? What is the "scientific method"? How is modern science carried out? Study of such questions helps form a solid foundational core for a major in the science of astrophysics--a major that spans many aspects of the universe as a whole. Don't be surprised if class includes stories about how ASU research is proceeding, or how a lesson in class is relevant to some research experience. A key goal is for you to be excited and informed about the incredible era of Earth and space exploration that we're all a part of!  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): Mathematics Placement Test with a score of 50% or higher, or ALEKS score of 61 or higher; SES 121 with C or better; Pre- or corequisite(s): MAT 170, 171, 210, 251, 265, or 270 with C or better if completed                        |
| SES     | 128         | Exploration of the Universe Lab                                  | Introduces the basic principles of modern astronomy, with a focus on "Exploration Science," or the methods by which we explore our planet, our solar system, other stars, and even other galaxies. How do we explore? What is the "scientific method"? How is modern science carried out? Study of such questions helps form a solid foundational core for a major in the science of astrophysics--a major that spans many aspects of the universe as a whole. A key goal is for you to be excited and informed about the incredible era of Earth and space exploration that we're all a part of!   | N                 | LAB               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): SES 123 with C or better; Pre- or corequisite(s): SES 126 with C or better if completed  |
| SES     | 130         | Coding for Exploration   | A series of lectures and computer labs on data processing and analysis in Earth and space sciences using Python. Introduces programming with scratch and python. Numerical methods for data analytics.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | CS              | Prerequisite(s): SES 121 with C or better; Pre- or corequisite(s): MAT 265 or 270 with C or better if completed   |
| SES     | 141         | Energy In Everyday Life  | Energy is a concept that threads throughout science and engineering and is at the heart of understanding how the world around us works. What is energy? How is energy used in biological, chemical, electrical, mechanical, nuclear systems that impacts our daily lives? What would our world be like if there was a nearly infinite supply of inexpensive energy? Serves the needs of undergraduate students and future K-8 teachers of mastering basic concepts of energy generation, delivery, conversion, efficiency and what makes energy universal. This transdisciplinary online survey course helps students understand concepts and develop skills that crosscut scientific disciplines, such as the ability to observe, think critically and gather data to make order-of-magnitude estimates.   | N                 | LEL               | N               | GNA           | Liberal Arts and Sciences | School of Earth and Space Exploration | 4     | SQ              | Credit is allowed for only SES 141 or SES 194 (Energy in Everyday Life)   |
| SES     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-3   |                 |   |
| SES     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 311         | Essentials of Astrobiology: Exploration for Life in the Universe | Origin and evolution of life on Earth. Strategies to explore for life in the cosmos. Possible field trips to explore regional geological analogues.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): BIO 181 (188), CHM 113 or PHY 121; MAT 265 or 270  |
| SES     | 330         | Practical Electronics and Instrumentation                        | Applied principles of electronics and mechanical design as used by the modern instrument builder, using a systematic approach to the design process: Identify a scientific problem, develop specifications necessary to solve the problem, develop a prototype solution, test solution for plausibility, break down problem into components, design and build the solution then test in a relevant environment. Builds on introduction to circuits and engineering concepts from prerequisite courses.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 4     |                 | Prerequisite(s): EEE 202; MAE 201 or 212 with C or better; PHY 131 and 132 with C or better (or PHY 151 with C or better)   |
| SES     | 350         | Engineering Systems and Experimental Problem Solving             | Introduces integration of scientific and engineering computational methods into scientific research and successful exploration. Provides an active, project-based environment for learning science and engineering by means of a common set of computational tools. Also provides a detailed overview of procedural and object-oriented programming with an emphasis on problem solving. Students solve problems by developing software in an interpreted language (Python). Problems may include visualizing data, interfacing with hardware, or solving numeric problems. Covers procedural programming concepts including data types, variables, control structures, arrays, and data I/O. Covers object-oriented programming concepts including object creation and use, object interaction, and the design of simple classes. Covers software engineering concepts including testing, incremental development, understanding requirements, and teamwork. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s) with C or better: MAT 267, 272 or 275; PHY 131; PHY 132 OR MAT 267, 272 or 275; PHY 151   |
| SES     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 401         | Earth and Space Exploration Colloquium                           | Colloquium is an opportunity to gain exposure to research that is taking place beyond the School of Earth and Space Exploration (SESE). Colloquium facilitates the cross-disciplinary growth that is always evolving in SESE. Also provides an opportunity for all members of SESE to gather in one location to interact and learn about science.   | N                 | LEC               | Y               | YGB           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): minimum 45 hours   |
| SES     | 405         | Exploration Systems Engineering                                  | Provides an introduction to systems engineering with an emphasis on the following topics: the systems engineering process, requirements, design fundamentals, subsystem fundamentals, trade studies, integration, technical reviews, case studies and ethics. Prepares the student for the capstone spacecraft/mission design course.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): MAT 266 or 271 with C or better; PHY 121 and 122 (or PHY 150) with C or better   |
| SES     | 410         | Senior Exploration Project I                                     | Design and development of an Earth, solar system, or space exploration project. Conceptualization, design, development, deployment, data analysis, communication.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Pre-requisites: ENG 101, ENG 105 or ENG 107; Senior standing  |
| SES     | 411         | Senior Exploration Project II                                    | Continuation of SES 410. Development of Earth, solar system, or space exploration project. Conceptualization, design, development, deployment, data analysis, communication.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Pre-requisites: ENG 101, ENG 105 or ENG 107; SES 410  |
| SES     | 480         | Teaching Earth and Space Sciences                                | Provides a practical review and active exploration of educational research and theory, published and online resources, and best practices, to inform effective teaching of the Earth and space sciences at the high school and undergraduate levels.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): ENG 101, 105, or 107 with C or better; AST 111, AST 112, GLG 101, GLG 102, GLG 108, GLG 110, SES 106, SES 121, or SES 122 with C or better; Credit is allowed for only SES 480 or SES 494/GLG 490 (Teaching Earth and Space Science) |
| SES     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

| SES     | 497         | Honors Colloquium                               | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SES     | 499         | Individualized Instruction                      | Provides an opportunity for original study or investigation in the major or field of specialization, on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-3   |                 | Prerequisite(s): minimum 45 hours  |
| SES     | 501         | SESE Colloquium                                 | Colloquium is an opportunity to gain exposure to research that is taking place beyond the School of Earth and Space Exploration (SESE). Colloquium facilitates the cross-disciplinary growth that is always evolving in SESE. It also provides an opportunity for all members of SESE to gather in one location to interact and learn about science.  | N                 | LEC               | Y               | YGB           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GLG 500 or SES 501                            |
| SES     | 502         | Exploring SESE Research                         | Weekly series of talks by faculty in the School of Earth and Space Exploration (SESE) about their current research.   | N                 | LEC               | Y               | GNA           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GLG 591 (Faculty Research Seminar) or SES 502 |
| SES     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-12  |                 |  |
| SES     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SES     | 595         | Continuing Registration                         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SES     | 598         | Special Topics                                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |  |
| SES     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SES     | 692         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Earth and Space Exploration | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SGS     | 101         | Thinking Globally: The Individual and Authority | Examines the changing notions of the individual and authority over history.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB & G          | Credit is allowed for only SGS 101 or SGS 301  |
| SGS     | 107         | Religion and Globalization                      | Explores how different religions interact with the various processes of globalization, including how the world's major religions have been transformed by economic, political, cultural, and technological aspects of globalization. Topics include religious terrorism, human rights, religion, and gender.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & G          | Credit is allowed for only REL 107, 194 (Religion and Globalization) or SGS 107  |
| SGS     | 111         | Global History Since 1500                       | Surveys Africa, the Americas, and Eurasia; changes in communication, communities, demography, economics, environment, politics, religion, technology, warfare, and women.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & H & G      | Credit is allowed for only HST 101 or SGS 111  |
| SGS     | 191         | First-Year Seminar                              | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-3   |                 |  |
| SGS     | 194         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-4   |                 |  |
| SGS     | 202         | Technology and Nature in World Settings         | Examines changing interactions among humans and nature, geographic systems, global demography, and environment.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | G               |  |
| SGS     | 203         | Contemporary Global Trends                      | Gives a grounding in patterns of international politics and global social change.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB & G          |  |

| SGS     | 204         | Professional Global Career Development                    | Orients the student to working in global contexts and to thinking critically about careers in the global arena. Focuses on working in organizational settings distinctly global. Three modules: nation-state, corporations, and working international organizations.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| SGS     | 240         | Introduction to Southeast Asia                            | Interdisciplinary introduction to the cultures, religions, political systems, geography, and history of Southeast Asia.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | (HU or SB) & G  | Pre-requisites: Credit is allowed for only ASB, GCU, HST, POS, REL or SGS 240   |
| SGS     | 245         | Introduction to South Asia                                | Provides an introduction to the history and major contemporary political, economic, social, religious and cultural features of the South Asia region at large and of selected South Asian nations in particular.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & H & G      | Prerequisite(s): ENG 101, 105 or 107 with C or better; Credit is allowed for only HST 245, POS 245, REL 245, SGS 245 or SLC 245   |
| SGS     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-4   |                 |   |
| SGS     | 301         | Principles of Global Studies                              | Presents current debates about globalization and subjects these to critical analysis.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | G               | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 101 or SGS 301  |
| SGS     | 303         | Global Trends   | Analyzes the process of globalization across boundaries through the investigation of the determinants and ramifications of globalization from the vantage of modern social sciences. Students are expected to conduct and articulate independent critical analyses toward a more in-depth understanding of this social phenomena, global history, and particularly the global economy.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SGS     | 304         | Foundations of Cross-Cultural Awareness                   | Addresses the theory and practice of studying, working and/or living in cultures other than your own, and focuses on cultural preparation to learn successfully in diverse cultures. Develops an awareness of intercultural sensitivity and recognizes its value, gains specific intercultural competencies (as defined within the course), and enables students to better understand their own culture so they can understand their host culture at a more meaningful level. Because of the variety of locations where students study or intern, focuses on culture-general skills, not culture-specific ones. Students also gain career development skills to prepare them to apply to study abroad programs and related scholarships, and guidance on how to best utilize international experiences for maximum benefit and long-term career planning. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 304 or SGS 394 (Cross-Cultural Awareness) or SGS 394 (Foundations of Cross-Cultural Awareness)                  |
| SGS     | 305         | Empirical Political Inquiry                               | Logic of political inquiry, including research problems, concepts, hypotheses, theories, measurement, data collection, and analysis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB              | Prerequisite(s): minimum 45 hours; Credit is allowed for only POS 301 or SGS 305  |
| SGS     | 310         | Global Urban Systems                                      | Comparative approach focuses on relationship between development of comparative urban systems and environmental impacts at local, regional, global scales.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 311         | Urbanization in China                                     | Explores contemporary and future Chinese urbanization from economic, built form, and environmental perspectives.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 315         | Energy Policy   | Examines the regulation of energy production and consumption in the U.S. at the federal, state and local levels. Identifies energy stakeholders in the U.S. and examines how they have shaped U.S. policies around energy. Explains past and current U.S. energy policies and how energy needs have shaped U.S. relations with other countries. Compares U.S. energy policies to that of other countries in the world, as well as how Arizona's energy policies compare to other states within the U.S.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only PAF 394 (Energy Policy) or POS 394 (Energy Policy) or SGS 315 or SGS 394 (Energy Policy) or SOS 394 (Energy Policy) |
| SGS     | 320         | Mechanisms of Governance                                  | One of the fundamental issues in the social sciences concerns the problematic attainment of social order, which is the principal aim of governance. Presents the five principal mechanisms purported to account for social order, and illustrates these by providing empirical examples of each; includes film clips.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 321         | International Institutions and Global Governance          | Provides an in-depth examination as to how the international community organizes itself, through international institutions, to deal with serious international issues, and how the institutions of international governance can be improved. Studies diverse examples of international institutions primarily from the perspective of international relations (IR) theory and the role of international law (IL).  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 324         | Negotiating Global Trade                                  | Practical aspects of global trade including historic background, negotiations, supply chain, global terms, transportation, chartering, marine insurance, international arbitration, foreign exchange, letters of credit, barter, ethics, leadership, networking, country analysis and introduction to global management theories.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours or junior standing; Credit is allowed for only SGS 324 or SGS 394 (Global Trade in Real Time) or SGS 394 (Global Negotiations)                  |
| SGS     | 325         | Globalization and Socio-Economic Justice                  | Addresses a trend producing increasing interconnectedness of economies and societies, as well as creating new conflicts and divisions. Provides greater understanding of global forces, as well as the effect of these forces on global economic justice.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB & G          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; minimum 2.00 GPA; Credit is allowed for only JUS 325 or SGS 325 or SOC 325                              |
| SGS     | 330         | Globalization and the Environment: Problems and Solutions | Assesses the impact of globalization on the earth's environment. Examines such issues as biodiversity loss to pollution to urbanization to climate change, among others, and assess how globalization has driven, impacted or improved these environmental problems. Emphasis on understanding the social, political and economic factors that have contributed to global environmental change and the degree to which globalization processes are something 'new', as well as on examining the ability of communities, nations and transnational institutions to manage these global problems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 340         | Violence, Conflict and Human Rights                       | Interdisciplinary examination of the evolution and role of human rights in global society. Major themes include the political struggles over enforcement of human rights and curtailment of violence against individuals. Pays close attention to the role of non-governmental organizations and diplomacy in advancing human rights norms and also examines America's role in human rights, both at home and abroad. Focuses on the causes and effects of violence and human rights abuses in the context of torture, the "war on terror," and crimes against humanity.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 341         | Humanitarian Crisis and International Intervention        | Focuses on political, legal, and ethical issues raised by decision about military interventions in genocide and humanitarian crisis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| SGS     | 343         | Religion, Nationalism, and Ethnic Conflict                | Examines the role of religion in national and ethnic conflict in the contemporary world.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & G          | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only SGS 343 or REL 379  |
| SGS     | 344         | Facing the Past: Truth, Memory, Denial After Atrocities   | The past has never been so present as it is today. Over the last two decades, the world has shown an increasing interest in uncovering the hidden and forgotten histories of state-sponsored atrocities and acknowledging the fate of victims and survivors. Studies this movement for the recovery of truth, memory, and moral responsibility includes a wide range of actors and takes a number of different forms.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |

| SGS     | 350         | Economic Development and Globalization                              | Major issues and models in economic development. Studies development policy and foreign aid practiced since the 1970s and recent critique of these practices. Analyzes the mistakes made in the last 40 years, and potential for improving the practice of foreign aid. Contemporary issues in development economics, including the impacts of bad governance, foreign aid, corruption, war, military intervention and democracy on economic growth with emphasis on policy evaluations in health, education, microfinance and monitoring corruption.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 360         | Cultural Aspects of Globalization                                   | Cultural aspects of globalization, starting with a theoretical discussion of what culture is and then weaving this discussion into an empirical examination of UNESCO's World Heritage program as a practical means of studying the role of culture in globalization. A number of questions guide our inquiry: What is culture? What forms does it take? Can culture be preserved? If so, what are the consequences? How is the UNESCO World Heritage Program structured? How does it conceive culture? What is its understanding of the global and the role of the local in it?   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 361         | World Society: Imagining the World                                  | Studies global processes by conceptualizing the world as a world society. This means that globalization is not just people being more interconnected enabling faster interactions. It suggests that interactions and institutions throughout the world are increasingly part of a whole, of a global consciousness, and while boundaries such as national boundaries are important, they do not delimit "society." The global is not just what is outside of national society or beyond the nation-state: it also constitutes what is inside the nation-state.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 361 or SGS 394 (World Society)  |
| SGS     | 366         | Islam and Islamic Societies in Africa: Social and Political History | An in-depth study of the fundamental principles of Islam. Course will examine various forms of development of Muslim societies and institutions in Africa through time.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | G               | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 372 (or AFS 372) or REL 362 or SGS 366 or AFS 394/REL 394/SGS 394 (Islam and Islamic Societies in Africa: Social and Political History) |
| SGS     | 370         | Geopolitics   | Geopolitics is a field that deals with war, conflict and the politics of animosity and violence. It calls special attention to the distribution of power on a global scale, and to the spatial scales at which power, authority and control operate. At one time, this involved studying how various "great powers" and "wise men" carved up the world according to their goals and interests. But power is everywhere! To name only a few examples, it is present in the ways that NGOs operate in conflict zones, in global health advocacy and awareness, in media coverage of distant catastrophes and seemingly immanent risks, and in disaster management and emergency response plans. Scholars in this field study topics such as war, diplomacy, conflict, migration, religious strife, terrorism and similar fields. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours or junior standing; Credit is allowed for only SGS 370 or SGS 394 (Global Geopolitics)  |
| SGS     | 377         | Arizona, Immigration, Latinos and Politics                          | Contemporary immigration and its related issues have generated significant debates, reforms and responses by government officials, businesses and private citizens, to name but a few in this country. This course provides a much-needed framework for understanding some of the immigration issues in Arizona and the country generally. It also focuses on some of the political responses by Latinos and their significant mobilization at the local, state and federal levels.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only JUS 377 or POS 377 or SGS 377 or TCL 377 or HST/JUS/POS/SGS/TCL 394 (Arizona, Immigration, Latinos and Politics)  |
| SGS     | 381         | Modern Southeast Asia   | Vietnam, Laos, Cambodia, Thailand, Burma, Malaysia, Singapore, Brunei, Indonesia, and Philippines since 1750: imperialism, revolution, and independence.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB & G & H      | Pre-requisite(s): ENG 102, 105 or 108 with a C or better; Minimum 30 hours; Credit is allowed for only HST 391 or SGS 381   |
| SGS     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-4   |                 |   |
| SGS     | 401         | Political Statistics  | Basic concepts in statistics as they facilitate the description, explanation, and prediction of social and political phenomena.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | CS              | Prerequisite(s): POS 301 or SGS 305 with C or better; Credit is allowed for only POS 401 or SGS 401   |
| SGS     | 441         | Religion and Global Politics  | Explores the nature and role of religion in international politics in the modern period.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | L & G           | Credit is allowed for only REL 480 or SGS 441   |
| SGS     | 442         | Different Voices Within Contemporary Islamic Discourse              | Examines modern Muslim discourse on major contemporary issues such as Shari'a, Jihad, secularism, gender, civil rights, democracy, extremism, religious violence.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only AFR 480 (or AFS 480) or REL 461 or SGS 442  |
| SGS     | 454         | Gender, Culture, and Development                                    | In-depth analysis of gender roles related to health, family, work, education and politics in developing countries.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     | (L or SB) & G   | Prerequisite(s): WST 100 or 300 or minimum 45 hours; Credit is allowed for only SGS 454 or SOS 447 or TCL 447 or WST 447 or TCL 598 (Gender, Culture & Development)   |
| SGS     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |   |
| SGS     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SGS     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SGS     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-4   |                 |   |
| SGS     | 497         | Honors Colloquium   | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SGS     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Politics and Global Studies | 1-7   |                 |   |
| SGS     | 499         | Individualized Instruction  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Politics and Global Studies | 1-3   |                 |   |
| SGS     | 501         | Global Theory   | Examines theoretical and analytical frameworks employed by institutions to frame action related to increased global uncertainty including economic, sociological, psychological, decision theory, gaming and institutional behavior frameworks. Uses case studies in key global issue areas such as climate change/natural hazards, energy security, urbanization, food security, security, failed states.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| SGS     | 502         | Global Institutions and Actors                                     | Examines key types of global institutions, (1) multinational businesses, e.g., Toyota, (2) international development organizations, e.g., the World Bank, and (3) voluntary organizations, e.g., the Red Cross/Crescent, in terms of the roles that they play in shaping localized outcomes. Using case studies, explores the impact of international actors in terms of the power and influence that they exert through international treaties, standards, information diffusion, influence on local governments and other organizations, dissemination of international "best practice."  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                |
| SGS     | 503         | Methods: Global Decision Making Under Uncertainty                  | Examines and critically assesses approaches and methods used in decision making and planning under uncertainty in global contexts, e.g., scenarios, SWOT, risk analysis, contingency planning, gaming, economic forecasting, anticipation-foresight techniques, decision making under complex conditions, and rapid assessment techniques. Explores the strengths and weaknesses of different approaches under varying conditions, synergies achievable through application of multiple methodologies, and normative assumptions underlying various methodologies. Students gain "hands-on" experience in the use of a variety of techniques through assignments based on real-world situations.  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 504                            |
| SGS     | 504         | The Individual As Decision Maker in Cross-Cultural Global Contexts | Focuses on the role of the Individual decision maker in cross-cultural contexts, acting in the context of globally engaged institutions. The individual is virtually always embedded in an institutional environment whether as manager, planner, advocate, frequently acting as part of a team. It is recognized that the various agents/stakeholders involved in addressing an issue, negotiating a deal, in a global context, almost invariably hold significantly different worldviews, cultural norms and decision-making styles. Deals with the individual decision maker in both public and private decision-making milieus. Discusses modes of intervention and initiative. Addresses issues of leadership, reconciliation of different decision-making modes, and acting effectively in cross-cultural environments. Emphasizes decision making under high uncertainty, using case studies, e.g., pending nationalizations or privatization. | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 503                            |
| SGS     | 505         | Preparation for the Global Field Project                           | Prepares students for the global field project. In addition to scheduled classes, each student meets with her/his advisor at regular intervals during the semester to prepare for the Global Field Project. During the semester, students prepare a work plan for their Global Field Project, including objectives of the exercise, specifications of deliverables. Network building is an important secondary objective, and development of an esprit de corps among Global Studies masters students.  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 503; SGS 504                   |
| SHS     | 101         | American Sign Language I   | Basic receptive/expressive conversational skills; basic grammar and syntax rules. Orientation to deafness and deaf culture.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 |   |

| SHS     | 202         | American Sign Language IV  | Further development of fluency in ASL with emphasis on literature, folklore, and signing narratives with multiple characters.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Prerequisite(s): SHS 201 with C or better and taken within the past two years                 |
| SHS     | 205         | Exploring Communication Disorders in Children and Adults           | Introduces hearing, language, and speech problems in children and adults.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 |   |
| SHS     | 230         | Peering into the Human Brain                                       | An introductory look into the cognitive and language functions of the human brain, and the resulting behavioral consequences of injury, disease and disorders.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 4     | SG              |   |
| SHS     | 250         | Introduction to Phonetics  | Introduces English phonetics with emphasis on phonetic transcription, articulation, phonology, and disorders of speech.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-4   |                 |   |
| SHS     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-4   |                 |   |
| SHS     | 298         | Honors Directed Study  | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SHS     | 298         | Honors Directed Study  | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SHS     | 300         | Foundations of Rehabilitation Science                              | Provides a foundation to rehabilitation science and covers an overview of rehabilitation professions and work settings including acute care, rehabilitation centers, long-term care facilities and in-home services. Also provides an introduction to clinical methods, patient privacy and professional ethics as well as an overview of rehabilitation process and continuum for children and adults.   | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 310         | Anatomical and Physiological Bases of Speech                       | Noncadaveric study of anatomical systems that underlie human speech and language, including respiration, phonation, articulation, and related nervous system processes.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): BIO 201 with C or better; PHY 101 with C or better; SHS 250 with C or better |
| SHS     | 311         | Hearing Science  | Studies the physical characteristics of sound and of the structure and function of the human auditory system.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): BIO 201 with C or better; PHY 101 with C or better                           |
| SHS     | 340         | Chronic Illness, Disability and the Environment                    | Over a billion people worldwide are estimated to live with some form of disability; however, disability is diverse in its association with chronic health conditions. Individuals with disabilities are vulnerable to deficiencies in health and social services. Depending on the group and setting, persons with disabilities may experience greater vulnerability to chronic illness, co-morbid conditions, age-related conditions, engaging in health risk behaviors and higher rates of premature death. Provide an overview of disability groups and the associated health conditions that impact their lives as well as discussion of the barriers to health care including health care costs, availability of services and physical barriers in the community.  | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): minimum 45 hours   |

| SHS     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-4   |                 |  |
| SHS     | 400         | Topics in Neuroscience   | Covers in-depth important and emerging developments in neuroscience, emphasizing lectures that include readings of recent reviews and contemporary publications in peer-reviewed journals. Includes a significant writing component; students learn skills for writing scientific publications and grant applications.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): BIO 360 with C or better; Credit is allowed for only BIO 400 or KIN 400 or PSY 400 or SHS 400 |
| SHS     | 401         | Principles of Audiology  | Introduces hearing disorders and the purposes and procedures for basic clinical tests of auditory function.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): SHS 311 with C or better; Credit is allowed for only SHS 401 or 501                           |
| SHS     | 402         | Clinical Methods and Treatment of Communication Disorders                      | Principles and techniques for planning speech and language intervention, including observation experiences.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Speech-Language Pathology Assistant certificate student or minimum 87 hours                   |
| SHS     | 461         | Accent Modification  | Increases speech intelligibility in non-native English speakers by changing their English pronunciation skills. International students learn the pronunciation of American English vowels and consonants, intonation and stress patterns, and rhythm of speech. Conducts pre- and post-assessments of the students' intelligibility to determine the need for improvement on specific sounds and speech patterns.   | Y                 | LEC               | Y               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): minimum 45 hours  |
| SHS     | 465         | Speech and Language Acquisition  | Speech and language development in the normal child.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     | SB              | Pre- or corequisite(s): SHS 250; Credit is allowed for only SSH 465 or SHS 565                                 |
| SHS     | 465         | Speech and Language Acquisition  | Speech and language development in the normal child.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     | SB              | Pre- or corequisite(s): SHS 250; Credit is allowed for only SSH 465 or SHS 565                                 |
| SHS     | 470         | Developmental Speech and Language Disorders                                    | The nature of speech and language disorders in children   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): SHS 465 with C or better  |
| SHS     | 473         | Implementation of Treatment Plans for Individuals with Communication Disorders | Students will learn to follow written treatment plans, individual education programs, individual support plans or protocols developed by the supervising speech-language pathologist. Opportunities to learn methods for eliciting therapy targets and to apply critical thinking and problem solving during therapy will be provided.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Admission to the Speech and Language Assistant Program in Dept of Speech and Hearing Science  |

| SHS     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | College of Health Solutions | Department of Speech and Hearing Science | 1-3   |                 |   |
| SHS     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 1-12  |                 | Prerequisite: MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student    |

| SHS     | 524         | Counseling in Communication Disorders                             | Theories of counseling emphasizing the psychological and emotional impact and management of individuals with communication disorders and their families.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student  |
| SHS     | 525         | Audiology Practice Management                                     | Business practice issues, quality assurance, and professional ethics for the practicing audiologist.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Doctor of Audiology or PHD Speech and Hearing Science student   |
| SHS     | 525         | Audiology Practice Management                                     | Business practice issues, quality assurance, and professional ethics for the practicing audiologist.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Doctor of Audiology or PHD Speech and Hearing Science student   |
| SHS     | 526         | Launch to Clinical Methods in Audiology                           | In Launch-to-Clinic, students rotate through on-campus observations and group orientation to the ASU Speech and Hearing Clinic. Students learn the policies and procedures of the ASU Speech and Hearing Clinic, software specific to the clinic operations, report writing, and clinical documentation with practice to develop the skills needed to succeed in subsequent clinical rotations both on and off campus.  | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 1     |                 | Prerequisite(s): Audiology major; Credit is allowed for only SHS 526 or SHS 580 (Audio Clinical Observation) or SHS 580 (Audiology Observation)      |
| SHS     | 530         | Development, Assessment, Intervention: Conception through 3 years | Covers development of children from conception to 3 years of age with a focus in early intervention. Includes child development of anatomical, neurophysiology, cognitive, motor, perceptual, speech, language and hearing aspects. Also addresses service delivery models in different contexts in children with atypical development in the different areas.  | N                 | LEL               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SHS     | 538         | Clinical Methods in Speech-Language Pathology                     | Provides the knowledge and skills in clinical methods for treatment and diagnosis in speech-language pathology. Topics cover essential information to participate in screening and prevention opportunities, to structure and implement therapy goals and strategies, to apply for internships, and to administer and interpret informal and formal diagnostic tests.   | Y                 | LEL               | Y               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 1     |                 | Prerequisite(s): MS Communication Disorders major.   |
| SHS     | 539         | Professional Issues in Speech-Language Pathology                  | Covers professional issues in speech-language pathology to ensure that students meet the professional knowledge requirements set forth in the American Speech-Language-Hearing Association (ASHA) certification standards. The topics cover essential information that the student needs to have in order to meet graduation requirements, comply with ASHA's ethical requirements, complete ASHA certification requirements, comply with Arizona state licensure requirements, prepare for a Clinical Fellowship Year and be involved in education and advocacy for the profession of Speech-Language Pathology.   | N                 | LAB               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 1     |                 | Prerequisite(s): MS Communication Disorders major. Credit is allowed for only SHS 539 or SHS 580 ( SLP Professional Issues)                          |
| SHS     | 540         | Development, Assessment, Intervention: Preschool                  | Covers development, assessment and intervention of children from 3 years to 6 years of age, with a focus on preschool education. It includes child development of anatomical, neurophysiology, cognitive, motor, perceptual, speech, language and hearing aspects. Also it addresses service delivery models in different contexts in children with atypical development in the different areas.  | N                 | LEL               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Prerequisite(s): SHS 530   |
| SHS     | 541         | Data Analysis in Auditory and Language Neuroscience               | Common statistical analyses for the interdisciplinary field of auditory and language neuroscience. Covers fundamental topics of statistics and their applications in this specialty area of neuroscience. Various data types, experimental designs and statistical analyses that are common in the field of auditory and language neuroscience. Through several hands-on activities, students learn to implement and to apply different statistical analyses to auditory and language data.   | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Speech and Hearing Science graduate student   |
| SHS     | 542         | Applied Research Methods in Auditory and Language Neuroscience    | Team-taught course covering fundamental topics of experiment design and their applications in auditory and language neuroscience. Students learn about the fundamentals of experimental design, and their application in psychoacoustics, EEG, ERP and MRI. A series of hands-on activities require that students analyze existing experiments and a final project requires that students design a new experiment.  | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Speech and Hearing Science graduate student   |
| SHS     | 543         | Functional Neuroimaging of Language and Related Processes         | Functional neuroimaging for anyone who is interested in its application to study brain functions including language, speech and auditory psychophysics. Functional MRI is a prominent method to see into the human brain. Its use as a research tool in the field of neuroscience (and language neuroscience in particular) has grown exponentially over the past decade. Through a combination of lecture, readings and practicum exercises, this course provides a broad introduction into functional MRI research, including how MRI can generate images; how these signals relate to neuronal activity; and how to design and analyze meaningful functional MRI experiments to investigate the neural computations of language, speech, hearing and other related functions. Students also review recent functional neuroimaging literature, and gain hands-on experience collecting and analyzing fMRI datasets. | N                 | LEC               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SHS 543 or SHS 598 (Functional Neuroimaging of Cognition) |
| SHS     | 550         | Development, Assessment, Intervention: School-Age Children        | Covers development, assessment and intervention of children from 6 years to 21 years of age, with a focus on school education. Includes child development of anatomical, neurophysiology, cognitive, motor, perceptual, speech, language, reading, writing and hearing aspects. Also addresses service delivery models in different contexts in children with atypical development in the different areas.  | N                 | LEL               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Pre-requisite: SHS 540   |
| SHS     | 552         | Physiological Measures of Auditory Function                       | Focuses on the measurement of otoacoustic emissions and acoustic immittance.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Prerequisite(s): Doctor of Audiology or Speech and Hearing Science PhD student   |
| SHS     | 552         | Physiological Measures of Auditory Function                       | Focuses on the measurement of otoacoustic emissions and acoustic immittance.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Prerequisite(s): Doctor of Audiology or Speech and Hearing Science PhD student   |
| SHS     | 555         | Cochlear Implants   | Covers the research and clinical aspects of cochlear implantation with a focus on the principles of speech coding strategies.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Doctor of Audiology or Speech and Hearing Science PhD student   |

| SHS     | 555         | Cochlear Implants  | Covers the research and clinical aspects of cochlear implantation with a focus on the principles of speech coding strategies.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Doctor of Audiology or Speech and Hearing Science PhD student                              |
| SHS     | 560         | Development, Aging, Assessment, Intervention in Adults           | Covers development, aging, assessment and intervention in adults with a focus on the elderly and the contexts for their service delivery. Includes changes in the adults related to anatomy, neurophysiology, cognitive, motor, perceptual, speech, language, literacy and hearing aspects. Also addresses service delivery models in different contexts where elderly and young adults with acquired disabilities are served. | N                 | LEL               | N               | GNA           | College of Health Solutions | Department of Speech and Hearing Science | 4     |                 | Pre-requisite: SHS 550  |
| SHS     | 565         | Speech and Language Acquisition                                  | Speech and language development in the normal child.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Credit is allowed for only SHS 465 or SHS 565  |
| SHS     | 565         | Speech and Language Acquisition                                  | Speech and language development in the normal child.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 3     |                 | Prerequisite(s): Credit is allowed for only SHS 465 or SHS 565  |
| SHS     | 567         | Neural Bases of Communication Disorders                          | Neuroscience and its application to matters of normal and disordered communication.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 567         | Neural Bases of Communication Disorders                          | Neuroscience and its application to matters of normal and disordered communication.  | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 570         | Communication Disorders and Multicultural Populations            | Studies racial and ethnic biases and the communication behaviors and disorders in various cultural groups.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 570         | Communication Disorders and Multicultural Populations            | Studies racial and ethnic biases and the communication behaviors and disorders in various cultural groups.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 571         | Augmentative Communication and Language Programming              | Focuses on individuals across the age span who are unable or who are at risk for being unable to communicate with spoken language.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 571         | Augmentative Communication and Language Programming              | Focuses on individuals across the age span who are unable or who are at risk for being unable to communicate with spoken language.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 572         | Language Assessment and Intervention in Infants and Toddlers     | Focuses on the birth to 3-year-old population who are at risk for or who have communication and language disabilities.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 572         | Language Assessment and Intervention in Infants and Toddlers     | Focuses on the birth to 3-year-old population who are at risk for or who have communication and language disabilities.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |
| SHS     | 573         | Language Assessment and Intervention with School-Age Populations | Focuses on later language development, linguistic demands of academic settings, assessment and intervention strategies for older children and adolescents.   | N                 | LEC               | N               | OPT           | College of Health Solutions | Department of Speech and Hearing Science | 2     |                 | Prerequisite(s): MS Communication Disorders, Doctor of Audiology, or PHD Speech and Hearing Science student |

| SLB     | 500         | Research Methods  | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | College of Law              | Sandra Day O'Connor College of Law       | 1-12  |                 |   |
| SLB     | 510         | Amateur Sports Law: MSLB  | Studies law, policy and problem solving in the amateur sports context, focusing primarily on interscholastic and intercollegiate athletics. Title IX and racial equality in sports.   | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 1-3   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 510 or LAW 791 (Amateur Sports Law)                             |
| SLB     | 511         | Career Strategies & Business Communications in the Sports Industry    | Focuses on examining job opportunities in the sports industry and the development of strategies for obtaining a position suitable to the talents and abilities of individual students. Students refine their skills in terms of searching for a job. Students also develop a career plan, beginning with an entry-level position for those who have worked in the industry or a next-level position for students currently working in the area.   | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 1-3   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 511 or LAW 598 (Strategic Career Planning)                      |
| SLB     | 512         | Professional Sport Law: MSLB  | Studies law, revenue, branding and problem solving in the professional sports context, focusing primarily on professional sports league governance and regulation, labor relations, representing and marketing players and coaches, and issues of equity and race. Also examines international issues related to professional sports.   | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 1-3   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 512 or LAW 691 (Professional Sports Law)                        |
| SLB     | 513         | Sports Law and Business   | Studies law, policy and problem solving in the context of the sports industry at all levels. Exposes professional, amateur and international sports law issues, examining those issues in a problem-focused manner.   | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 2-4   |                 | Prerequisite(s): College of Law student   |
| SLB     | 514         | Negotiations & Alternative Dispute Resolutions in the Sports Industry | Provides a working or basic knowledge of contract law, with in-depth instruction with regard to negotiating and drafting in the sports context. As their final project, students select a player, coach, university or club and then negotiate a contract. Negotiation sessions are held during class sessions and students evaluate each other, as well as receiving evaluation from the professor. Replicates the negotiation process in the sports industry.   | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 2-4   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 514 or LAW 598 (Contracts in the Sports Industry)               |
| SLB     | 515         | Sports Business Strategies & Executive Decisions                      | Sports can involve a jog around campus or big business. Sports are interesting, important and a vivid context to learn about consumers, organizations, diverse stakeholders, media and entertainment, partnerships and sponsorship, highly competitive strategies in finance and marketing, managing community venues, big events, and other relevant business topics. Maintains a pragmatic, experiential, yet well-grounded focus, studying the role, nature and dynamics of sports business both in and around "sports industries" and in and around "conventional businesses." Builds and "tests" knowledge and exercise skills related to sports business analysis, decision making, communication and both strategy development and execution. Intellectually rigorous, yet fun. Develops a sophisticated, yet practical understanding of the nature, contexts and dynamics of sports business. | N                 | LEC               | N               | GNA           | College of Law              | Sandra Day O'Connor College of Law       | 2-4   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 515 or MKT 591 (Sports Business Strategy and Industry Dynamics) |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|--|-------|-----------------|---|
| SLB     | 516         | Revenue Generation in the Sports Industry          | Develops an appreciation for and understanding of the multiple stakeholders and diverse interests in and around sports business, and of their constantly changing and interactive impact on sports business practice and performance. Gives broad exposure to the major revenue generating domains in the sports industry. Explores the fundamentals of marketing and applies those fundamentals to the domains of sponsorship, endorsement, media, ticketing, merchandising and fundraising as means to create and maintain revenue streams.   | N                 | LEC               | N               | GNA           | College of Law            | Sandra Day O'Connor College of Law           | 1-3   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 516 or MKT 591 (Sports Business Development)                    |
| SLB     | 517         | Marketing for Sports Organizations                 | Studies the role, nature and dynamics of sports business and builds knowledge and skills related to sports marketing analysis, decision making and strategy development and execution. Intellectually challenging and demanding, yet fun.   | N                 | LEC               | N               | GNA           | College of Law            | Sandra Day O'Connor College of Law           | 2-4   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 517 or MKT 598 (Sports Marketing)                               |
| SLB     | 518         | Sports Analytics                                   | Develops and applies analytical skills that are useful in nearly every career. Although the course focuses on applications in the sports context and uses approaches that are rapidly becoming important in the business of sports analytics, this is not a survey course about issues in sports. Instead, this class is about curiosity, storytelling and logic. An understanding and interest in both sports and numbers make this class good. General curiosity makes it great.  | N                 | LEC               | N               | GNA           | College of Law            | Sandra Day O'Connor College of Law           | 1-3   |                 | Prerequisite(s): College of Law student; Credit is allowed for only SLB 518 or MKT 591 (Sports Analytics)                               |
| SLB     | 584         | Internship   | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OP6           | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): College of Law student   |
| SLB     | 590         | Reading and Conference                             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic or writing a literature review of a topic.  | Y                 | REC               | Y               | Z1            | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SLB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students and written research papers.  | Y                 | SEM               | Y               | OPT           | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SLB     | 592         | Research   | Independent study that is expected to lead to a specific project such as a thesis or dissertation, report or publication, in which a student conducts research under the supervision of a faculty member. Assignments might include data collection, experimental work, data analysis or preparation of a manuscript.   | Y                 | RSC               | Y               | OP6           | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): College of Law student   |
| SLB     | 593         | Applied Project                                    | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | OP6           | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): College of Law student   |
| SLB     | 598         | Special Topics                                     | Topical courses not offered in regular course rotation (e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand).   | Y                 | LEC               | Y               | OP6           | College of Law            | Sandra Day O'Connor College of Law           | 1-4   |                 | Prerequisite(s): College of Law student   |
| SLB     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 |   |
| SLB     | 684         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OP6           | College of Law            | Sandra Day O'Connor College of Law           | 1-12  |                 | Prerequisite(s): College of Law student   |
| SLC     | 120         | Introduction to Chinese Culture                    | Introduces geographical, historical, literary, and intellectual premises of Chinese culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU         | Pre-requisites: ENG 101, 105, or 107; credit is allowed for only CHI 120 or SLC 120   |
| SLC     | 140         | Greek and Latin Roots in Bioscientific Terminology | Introduces students to the ancient Greek and Latin root words most commonly used in biological, medical, and other scientific terminology, and gives practice identifying them in context. The knowledge of these root words enables students to memorize with greater ease and increased retention the bioscientific terminology they encounter in other coursework as well as in their medical or scientific profession.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |   |
| SLC     | 142         | Ancient Greek Civilization                         | Ancient Greek civilization and culture. Studies (in roughly equal parts) the art, archaeology, literature, culture and history of ancient Greece from prehistoric times until after the conquests of Alexander the Great (the Hellenistic Age).   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H          | Credit is allowed for only GRK 142, GRK 194 (Ancient Greek Civilization) or SLC 142   |
| SLC     | 144         | The Ancient Mediterranean                          | Provides a comprehensive introduction to the Mediterranean world, focusing on (but not limited to) the period of the classical Greeks and Romans. Provides some history of the area, but focuses on the classical world and its interaction with the cultures that surrounded it, including Semitic, Near Eastern, and North African cultures, as well as some of the lost cultures of the area such as the Minoans and Etruscans. Introduces the sources that provide information about these cultures (literary, art historical and archaeological sources), and teaches students to think critically and write persuasively about these sources. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only SLC 144 or SLC 194 (The Ancient Mediterranean)       |
| SLC     | 191         | First-Year Seminar                                 | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                 | Pre-requisites: maximum 25 hours  |
| SLC     | 194         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEL               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| SLC     | 201         | Introduction to Linguistics                        | Examines the nature and diversity of world languages, linguistic structures and functions of language, language variation, pragmatics, and language acquisition.  | N                 | REC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU or SB        |   |
| SLC     | 202         | Introduction to Literary and Cultural Theory       | Interdisciplinary approaches to understanding culture and cultural production (literature and critical theory, film, visual art, and performance, among others) in different cultures and regions. Classes are taught by a primary instructor aided by several guest lecturers in their area of academic specialization.  | N                 | REC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Pre-requisite: ENG 102, 105, or 108 with C or better  |
| SLC     | 221         | Survey of Ancient Greek Literature                 | Introductory survey of ancient Greek literature. Familiarizes students with the important literary genres, texts, and authors of the ancient Greeks from Homer to the Hellenistic period. All readings in English.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU              | Credit is allowed for only GRK 221, SLC 221 or 294 (Ancient Greek Literature in Translation)  |
| SLC     | 222         | Survey of Roman Literature                         | Introductory survey of Roman literature. Familiarizes students with the literary genres, texts and authors of the Romans from the origins of the Latin language to the Silver age. All readings in English.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU              | Credit is allowed for only LAT 222, SLC 222, LAT 294 (Roman Literature in Translation) or SLC 294 (Roman Literature in Translation)     |
| SLC     | 223         | Introduction to Greek and Roman Mythology          | Familiarizes students with the characters and events of ancient Greek and Roman myths through their literary manifestations, and moves beyond mere narrative to consider the possible interpretations and functions of these myths, thus revealing the central concerns of ancient society and giving insights into the working of our own society and its literary and artistic traditions.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU              | Credit is allowed for only GRK 223, LAT 223, SLC 223, GRK 294 (Greek and Roman Mythology)   |
| SLC     | 245         | Introduction to South Asia                         | Provides an introduction to the history and major contemporary political, economic, social, religious and cultural features of the South Asia region at large and of selected South Asian nations in particular.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H & G      | Prerequisite(s): ENG 101 or 105 or 107 with C or better; Credit is allowed for only HST 245 or POS 245 or REL 245 or SGS 245 or SLC 245 |
| SLC     | 294         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |

| SLC     | 304         | Digital Humanities for Language Majors                     | Not limited to language majors (Slavic or otherwise). Students complete course projects using the material of their language of interest (the language they are taking interest in, including English). This course focuses on the following topics in digital humanities: (a) audio-visual representation of the content in humanities, (b) computer-assisted learning and assessment, (c) digitizing printed resources, (d) data and text mining, (e) working textual corpora, (f) statistical analysis, (g) computational lexicography, (h) data extraction and manipulation. While emphasizing hands-on skills, this course also familiarizes its participants with the basic concepts in the fields of digital humanities. | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | CS              | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only SLC 304 or SLV 304  |
| SLC     | 321         | Modern Korean Literature                                   | Introduces various genres of Korean literature written from the seventeenth century to the present in English translation. Aims to help students to understand the history of modern Korean literature in transnational and transdisciplinary contexts.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only KOR 321 or SLC 321  |
| SLC     | 323         | Russian Literature and Revolution: The Twentieth Century   | An in-depth study of 20th-Century Russian prose and poetry by Zinovieva-Annibal, Gorky, Bely, Babel, Mayakovsky, Platonov, Pasternak, Erofeev, Petrushevskaja, and other writers. Taught in English.<br>An in-depth study of 20th-Century Russian prose and poetry by Zinovieva-Annibal, Gorky, Bely, Babel, Mayakovsky, Platonov.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G   | Pre-requisites: ENG 102, 105, or 108; Credit for RUS 323 or SLC 323  |
| SLC     | 331         | Arabic/Islamic Culture and Literature                      | General introduction to the Middle East that synthesizes cultural, social, and literary information. Focuses on the experiences of ordinary Middle Eastern people to convey a grassroots sense of the Middle East.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H & G      | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ARB 331 or SLC 331  |
| SLC     | 333         | China  | Political, economic, social, and cultural history of the Chinese people from early times to the 17th century.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | SB & H          | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 30 hours; Credit is allowed for only CHI 333, HST 383 or SLC 333  |
| SLC     | 334         | Modern China: 1700 to the Present                          | Political, economic, social, and cultural history of the Chinese people from the 17th century to the present.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | SB & G & H      | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only HST 384 or SLC 334  |
| SLC     | 335         | History of Chinese Medicine                                | Explores developments of Chinese traditions dealing with the natural world, science, and medicine.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H & G      | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only CHI 335 or HST 385 or SLC 335   |
| SLC     | 336         | Interpreting China's Classics                              | Study of selected Confucian and/or Taoist classics and ways they have been read in both Asian and Western scholarship.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & H   | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 30 hours; Credit is allowed for only CHI 336, HST 386 or SLC 336  |
| SLC     | 340         | Approaches to International Cinema                         | Offers a historical survey of major film movements from across the world's national cinemas from the silent era to this day. Explores key cinematic works, situating them in their aesthetic, cultural and political contexts, and tracing their impact on the global cinematic culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G          | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| SLC     | 344         | Classics and Comics  | Explores the connections between the classical tradition of Ancient Greek and Roman literature and the modern American superhero comic book tradition.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101 or 105 or 107 with C or better; Credit is allowed for only GRK 344 or LAT 344 or SLC 344 or GRK/LAT/SLC 394 (Classics and Comics) or SLC 494 (Classics and Comics)  |
| SLC     | 345         | Ancient Greece I: Bronze Age through the Peloponnesian War | Traces Greek History from its prehistoric beginnings through the Peloponnesian War (431-404 B.C.), with a special focus on the Archaic (ca. 800-480 B.C.) and Early Classical periods.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only GRK 347 or HST 347 or SLC 345   |
| SLC     | 346         | Ancient Greece II: Late Classical and Hellenistic Period   | Traces the transformation of the Greek world between the end of the Peloponnesian War (404 B.C.) and the absorption of the last major Greek state by growing power of Rome (30 B.C.), with special attention to how Greeks in this period lived and thought and how the period's political and economic changes helped to create new forms of culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | SB & H          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only GRK 346 or HST 346 or SLC 346   |
| SLC     | 347         | Modern Israeli Literature in Translation                   | Modern Hebrew, or Israeli Hebrew, started at the end of the 19th century in Europe and today it is the language of the State of Israel. During this short period modern Hebrew developed literature with its unique local characteristic, as well as universal ideas. Reads and examines four books against their social and historical background.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G          | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ENG 347 or HEB 347 or JST 347 or SLC 347 or ENG/HEB/JST/SLC 394 (Modern Hebrew Literature in Translation) |
| SLC     | 348         | Israeli Society and Culture                                | Different partitions of the Israeli society, based on ethnic origin, by religious affiliation or by political association. Depicts how Israel is an absorbing immigration state. Israel is a welfare state and the course covers aspects of a welfare state, such as health, retirement, public transportation, art, higher education and more.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G          | Prerequisite(s): ENG 101 or ENG 105 or ENG 107 with C or better; Credit is allowed for only HEB 348 or HEB 394 (Israeli Culture and Society) or JST 348 or REL 311 or SLC 348                |
| SLC     | 360         | Greece and Rome at War                                     | Familiarizes students with the major battles, leaders and tactics of Classical Greece and Rome. Supplements lectures with student participation including study of original sources, group presentations, and gaming battle simulations. This multifaceted approach gives a greater sense of the evolution of the leaders, armies and tactical systems of the Greeks and Romans.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, 105 or 107 with C or better; Credit is allowed for only GRK 360, HST 397, LAT 360, SLC 360 or SLC 394 (Greece and Rome at War)                                     |
| SLC     | 361         | Roman Religion   | Roman religion was never static, despite the best efforts of the Roman state to make it so. Understands the artifacts and procedures of Roman state cult from its earliest origins to the late empire, using ancient literary sources, archaeology throughout the ages and modern scholarly theories. Clarifies the forces that influenced development and change in Roman religion, both internal and external.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU              | Prerequisite(s): ENG 102, ENG 105 or ENG 108 with C or better; Credit is allowed for only LAT 361, REL 361, SLC 361 or SLC 394 (Roman Religion)  |
| SLC     | 362         | Ancient Greek Religion                                     | Surveys ancient Greek religion, including its gods, ritual practices and festivals. Analyzes the development of the religion over time, and how both ancient and modern figures interpreted its meaning.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101 or ENG 105 or ENG 107 with C or better; Credit is allowed for only GRK 362, REL 360, SLC 362 or SLC 394 (Ancient Greek Religion)                                    |
| SLC     | 373         | Roman History I: Foundations and Republic                  | Traces the growth of Roman power from Rome's humble beginnings in the eighth century B.C. to its domination of the Mediterranean and the transformation of the Roman Republic into the Roman Empire after the Battle of Actium (31 B.C.).   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only HST 373 or LAT 373 or SLC 373   |
| SLC     | 374         | Roman History II: The Roman Empire                         | The Roman Empire from the reign of the first emperor, Augustus (27 B.C.-A.D. 14), to that of Justinian (A.D. 527-565), focusing on the lives of the Roman emperors, the society and culture of the empire, and the profound changes that eventually contributed to the empire's collapse.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only HST 374 or LAT 374 or SLC 374   |
| SLC     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEL               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |  |
| SLC     | 401         | Translation Theory and Practice                            | Translation theories and professional practices and ethics; bibliography, computer technology, and sample texts for natural and social sciences and humanities.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |  |

| SLC     | 414         | French and Italian Popular Culture           | Popular culture no longer holds the ancillary role traditionally reserved for whatever does not carry the definition of high culture. That popular culture is instead able to provide us with very relevant insights on the identity of a nation and a people is now widely accepted. As a consequence, this class aims at examining popular culture-related artifacts in Italy and France in order to shed a light on crucial issues such as the culture of food and its historical and social significance; the meaning of fashion and design within an urban context, with a special attention to gender roles; the importance of the comics, given in particular the exceptional success the bande dessinée genre is currently enjoying in France throughout the whole age range of the population; the show business with a particular attention to music; and the social function and role of sport with respect to the two dominant sports in both countries (soccer and cycling). | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G            | Prerequisite(s): ENG 200 with C or better OR minimum 45 hours; Credit is allowed for only FRE 414 or FRE 494 (French and Italian Pop Culture) or ITA 414 or ITA 494 (French and Italian Pop Culture) or SLC 414 or SLC 494 (French and Italian Pop Culture)   |
| SLC     | 420         | Foreign Literature in Translation            | Not for language majors (except in Asian languages and Russian); open to language majors as a related-area course. Graduate students by permission.   | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G            |   |
| SLC     | 421         | Japanese Literature in Translation           | Readings selected by theme or genre or period from various works of Japanese literature in English translation. May be repeated when topics vary. Graduate students by permission.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G     |   |
| SLC     | 429         | Studies in European Literature and Culture   | Literary, cultural, and historical issues.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G & H | Prerequisite(s): ENG 200 with C or better; one ENG 200- or 300-level literature course with C or better OR minimum 45 hours; Credit is allowed for only ENG, SLC or THE 429   |
| SLC     | 439         | Art in Exile: Vladimir Vladimirovich Nabokov | In English. The scandalous success of Lolita (1955) allowed Vladimir Nabokov to retire from teaching at Cornell University and move to Switzerland to devote himself to fiction, translation, criticism and lepidoptery. This was only one of the many metamorphoses that Nabokov, a Russian noble, underwent while in exile, moving from Russia to the Crimea, Cambridge UK, Berlin, Paris, Cambridge MA, Ithaca, Hollywood and finally Montreux. Examines the Russian roots of Nabokov's Russian (in translation) and American novels about exile: his first novel, Mary (1926), The Defense (1929), Glory (1932), and his tribute to 19th-century Russian literature, The Gift (1938), which he considered his greatest Russian novel. These are followed by Lolita (1955), Prn (1957) and Pale Fire (1962), his memoirs, Speak, Memory (1966), and some essays and short stories. Films include Lolita by Stanley Kubrick (1962) and Adrian Lyne (1997).                              | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & L            | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only BUS 439 or SLC 439 or ENG/RUS/SLC 494 (Art in Exile: Vladimir Vladimirovich Nabokov)  |
| SLC     | 440         | Film Theory and Criticism                    | Examines the major positions and issues in film theory from an historical perspective.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU                | Prerequisite(s): ENG 102, 105 or 108 with C or better; FMS 100 with C or better; Credit is allowed for only FMS 461 or SLC 440  |
| SLC     | 441         | Fairy Tales                                  | Foundational fairy tale texts collected by the Brothers Grimm and written by Hans Christian Andersen and their modern permutations reflect basic human desires, fears and aspirations as well as the values of the period in which they are written. These stories and their variants in popular culture across the globe permit students to reflect critically on the functions of fairy tales in both past and present civilizations. Students perceive the ways in which ancient tales can be utilized for various purposes and understand the contemporary theoretical debate on the study of fairy tales and their role in popular culture. Course taught in English.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & G            | Prerequisite(s): ENG 102, 105 or 108 with C or better; one other ENG or GER upper-division course with C or better. Credit is allowed for only GER 441, GER 494 (Fairy Tales), or SLC 441   |
| SLC     | 444         | Heroes, Ancient and Modern                   | Explores the heroic literature of the ancient Greeks and Romans, then traces the classical tradition and reception of the classical hero in medieval and modern texts. Incorporates history, art history and material culture from the relevant societies to supplement study of the texts involved.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 101, 105 or 107 with C or better; Credit is allowed for only GRK 444, LAT 444, SLC 444 or SLC 494 (Heroes: Ancient and Modern)   |
| SLC     | 445         | The Holocaust in German-Mediated Memory      | Examines representations of the Holocaust from across different media (literature, film, architecture, memoir, photography) and from across multiple generations of German engagement with this period in history.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                   | Prerequisite(s): ENG 200 or ENG 201 or ENG 202 or ENG 204 or FMS 100 or FMS 200 or JST 210 or JST 230 or SLC 202 with C or better; Credit is allowed for only FMS/GER/JST/SLC 445 or GER 494 (Holocaust & German Media or Holocaust & German Mediated Memory) |
| SLC     | 446         | Weimar-Era German Film                       | Examines early film production in Germany during the period of the Weimar Republic.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                   | Prerequisite(s): ENG 200 or 201 or 202 or 204 or FMS 100 or 200 or SLC 202 with C or better; Credit is allowed for only FMS 446 or GER 446 or SLC 446 or GER 494 (Weimar German Cinema) or GER 494 (Studies in German Film)                                   |
| SLC     | 447         | German Modernism                             | Examines examples of modernism in literature, art and film from German-speaking Europe.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                   | Prerequisite(s): ENG 200 or 201 or 202 or 204 or FMS 100 or 200 or SLC 202 with C or better; Credit is allowed for only GER 447 or SLC 447 or GER 494 (German Modernism)  |
| SLC     | 450         | Experimental Narrative                       | Examines texts that experiment with form, content and narrative perspective within print, film and digital media.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                   | Prerequisite(s): ENG 200 with C or better; one ENG 200- or 300-level literature course with C or better OR minimum 45 hours; Credit is allowed for only ENG 447, FMS 442 or SLC 450   |
| SLC     | 451         | Chinese Cultural History I                   | China's classics in translation studied both for their intrinsic ideas and for the origins of Chinese thought.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (HU or SB) & H    | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 55 hours; Credit is allowed for only CHI 451, HST 451 or SLC 451   |
| SLC     | 452         | Chinese Cultural History II                  | Evolution of Confucian thought, its synthesis with Taoism and Buddhism, and modern reactions against, and uses of, Confucian traditions.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | SB & G & H        | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 55 hours; Credit is allowed for only CHI 452 or HST 452 or SLC 452   |
| SLC     | 455         | Multi-Kulti: Multiculturalism Through Film   | Examines how ethnic identities are perceived, constructed and marketed as well as how they perceive themselves and the "others." Critically engages with such concepts as migration, assimilation, citizenship, hybridity and authenticity. Focuses on exemplary films, including comparisons with minority experiences in other countries. Through film and other material on the topic, will learn to contextualize recruitment of guest workers, xenophobia and racism, citizenship law, immigration and national identity, the institutions of multiculturalism, religion, the private sphere, multilingualism, popular culture and globalization.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): ENG 101 or 105 or 107 with C or better; Credit is allowed for only GER 455 or SLC 455 or GER 494 (Multi-Kulti: Multiculturalism in Central Europe) or SLC 494 (Multi-Kulti: Multiculturalism in Central Europe)                              |

| SLC     | 457         | Premodern Korea in a Global Context        | Offers a comprehensive outline of the literary and cultural traditions of premodern Korea from historical and crosscultural perspectives. Targets both undergraduate and graduate students. Gives students an opportunity to read a variety of texts ranging from literary works, historical, philosophical and religious documents, diaries and travelogues, to important recent scholarly works in the field. Identifies representative literary works and terms. Discusses important topics and issues on premodern Korean literature and the cultural exchange between Korea and Japan, and Korea and China, bringing to bear students' own thoughts and ideas which are articulated in their final research papers. All readings are available in English translation.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only KOR 457 or SLC 457 or KOR 494 (Pre-modern Korean Literature and Cultural Exchange) or SLC 494 (Pre-modern Korean Literature and Cultural Exchange)             |
| SLC     | 459         | Latin American Jewish Culture              | Focuses on forms of cultural production in Latin America marked by or under the aegis of Jewish diasporic identity from the late nineteenth century to the present. While Jewish immigrants and Latin Americans of Jewish descent may be found in all Latin American societies, cultural production is found concentrated in countries like Argentina, Brazil, Mexico and Chile. Investigates essentially cultural versions of a sociohistorical consciousness, and ranges across a broad spectrum of Latin American Jewish texts in an investigation of what forms of production have emerged to represent this important immigrant component of Latin American national societies. Examines novels and other literary works, along with photography and films, and looks at theme, motifs, characters that can be identified with what might be called a Jewish consciousness or Jewish sensitivity. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only JST 459 or JST 494 (Jewish Latin American Culture) or SLC 459 or SLC 498 (Jewish Latin American Culture) or SPA 459 or SPA 498 (Jewish Latin American Culture) |
| SLC     | 465         | Intercultural Communicative Competence     | Focuses on the importance of culture(s) and the ways in which culture(s) effects and interrelates with communication. Communicating across cultures is very important in order for us to be able to function in a globalized, diverse world, e.g., workplace, city. Using our own experiences and discussions as well as the readings, course increases our sensitivity, understanding and awareness of our own culture(s) as well as other culture(s). Approaches the study of intercultural communicative competence in a theoretical and practical way.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only GER 465 or SLC 465 or GER 494 (Intercultural Communicative Competence) or SLC 494 (Intercultural Communicative Competence)                |
| SLC     | 475         | Latin American Film                        | Examines the role of film in contemporary Latin American culture; films viewed and analyzed as casebook examples. Focuses on the aesthetics and generic conventions of contemporary Latin American films.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G   | Prerequisite(s): ENG 102, ENG 105, ENG 108, FMS 100, or SLC 202 with C or better; Credit is allowed for only FMS 475 or SLC 475 or SPA 475 or THE 475 or FMS 494/SLC 494/SPA 494/THE 494 (Latin American Film)               |
| SLC     | 479         | Introduction to Teaching Foreign Languages | Introduces teaching methodologies, language learning, and current best practice in teaching foreign languages in U.S. middle and high schools.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |  |
| SLC     | 480         | Methods of Teaching Foreign Languages      | Teaching foreign languages and literatures at secondary and college levels. Does not meet the Liberal Arts and Sciences General Studies requirement for humanities and fine arts. Required for admission to SED 478.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): SLC 479 with C or better  |
| SLC     | 481         | Technical and Scientific Translation       | Resources, practices, strategies, and lexicon for translation of professional texts in subjects such as engineering, architecture, agriculture, computer technology, electronics, and physical and biological sciences.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Pre-requisite: SLC 401   |
| SLC     | 482         | Business and Financial Translation         | Resources, practices, strategies, and lexicon for translation of professional texts in subjects such as economics, finance, insurance, management, marketing, accounting, advertising, and real estate.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Pre-requisite: SLC 401   |
| SLC     | 484         | Internship                                 | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |  |
| SLC     | 485         | Translation of Legal Texts                 | Provides guided practice in the successful completion of professional translation tasks in the legal field. Studies the origin and traditions of contrasting legal approaches as each system of governance (Civil Law Tradition and Common Law Tradition) perceives reality and structures its institutions to reflect differing cultural and linguistic norms. Students work with a broad selection of legal texts involving property rights, family law and commercial law. Places particular emphasis on criminal law. Analyzes legal texts from several Latin American countries as well as from Spain for content and translated into English. Similarly analyzes and translates into Spanish specialized texts currently used in Maricopa County Superior Court.   | N                 | LEL               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ASB 480 or SLC 201 or SPA 400   |
| SLC     | 486         | Medical Translation                        | Guided practice in the successful completion of professional translation tasks in the medical and scientific domain: medical correspondence, discharge instructions, medical information for patients, general information on topics related to the medical field with a focus on low-literacy issues.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): SLC 201 or SPA 400; Credit is allowed for only SLC 486 or SLC 494 (Medical Translation)   |
| SLC     | 491         | Crossing Languages and Cultures            | Interdisciplinary and cross-cultural study in two or more world languages or cultures.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): SLC 201 with C or better; SLC 202 with C or better  |
| SLC     | 492         | Honors Directed Study                      | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SLC     | 493         | Honors Thesis                              | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| SLC     | 494         | Special Topics                             | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEL               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |  |
| SLC     | 497         | Honors Colloquium                          | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SLC     | 498         | Pro-Seminar                                | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-7   |                 | Pre-requisite: minimum 56 hours  |
| SLC     | 499         | Individualized Instruction                 | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                 |  |
| SLC     | 510         | Computer-Assisted Language Learning Praxis | Offers graduate students an in-depth practical experience in Computer-Assisted Language Learning (CALL) praxis, including tools, approaches to using technology in the language classroom, the techniques and best practices of online instruction, and the development of a teaching portfolio.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Pre- or corequisite(s): APL 557, ENG 557, SLC 557, or LIN 591 (Intro to Computer Assisted Language Learning)   |

| SLC     | 515         | Second-Language Acquisition         | Discusses and applies theories of second-language acquisition.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Pre-requisite: SLC 400  |
| SLC     | 545         | Concepts of Literary Criticism      | Aims and methods of modern literary scholarship. Discusses major theories of literary analysis.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SLC 545 or SPA 545   |
| SLC     | 551         | Global Approaches to Translation    | Familiarize students with various approaches to translation practice. Examines issues related to the cultural role of translation. Students [re]prepare a translation, justification of translation choices, and discussion of the complexities posed by the translation. Readings address a broad array of translation theories, with most focused on translation as a globally theorized phenomenon in the 20th and 21st centuries. Readings and discussions focus on how one translates, and on translation as a culture-making enterprise inextricably tied to the questions of who translates, in what context, for whom, and to what ends. Students understand translation theories from different eras and cultures; understand how translation is implicated in different forms of intercultural contact (colonialism, commerce, proselytization); gain experience translating texts from a source language into English; and can explain why they translated the way they did.                 | N                 | RSC               | N               | GNA           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SLC     | 557         | Computer-Assisted Language Learning | Explores the field of computer-assisted language learning. Traces the development of computer-assisted language learning (CALL) over the last three decades. Focuses on research that explores how computer technology can help facilitate second language development; relies primarily on empirical data to do so. Examine established as well as new research methods in CALL. Participants participate in one research study and apply theoretical and practical aspects of CALL in these projects.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only APL 557 or ENG 557 or LIN 591 (Intro to Computer Assisted Language Learning) or SLC 557  |
| SLC     | 580         | Practicum                           | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 584         | Internship                          | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 590         | Reading and Conference              | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 591         | Seminar                             | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 592         | Research                            | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 593         | Applied Project                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 594         | Conference and Workshop             | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| SLC     | 595         | Continuing Registration             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Liberal Arts and Sciences | School of International Letters and Cultures | 1     |                 |   |
| SLC     | 596         | Second Language Methodologies       | Provides a solid overview of current methodologies in foreign/second language teaching and learning, including the World-readiness standards for learning languages and the Proficiency Guidelines of the American Council on the Teaching of Foreign Languages (ACTFL). Focuses on current pedagogical trends and theories in several areas of second language acquisition, including grammar and vocabulary, reading, writing, listening and speaking, and intercultural competence. Also provides opportunities to obtain practice in creating and adapting instructional materials, preparing and implementing individual lesson plans, written and oral assignments, and exams. Focuses on discussing student diversity in today's classrooms and differences between heritage and second language learners. Students have the opportunity to research a topic of their interest. Course consists of lectures, discussion, hands-on experience to encourage meaningful and collaborative learning. | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): degree- or nondegree-seeking grad stdnt; Credit only allowed for CHI 591 (Lang Teach Mthd & Prin) or CHI 596 or SLC 591 (Lang Teach Mthd & Prin) or SLC 596 or SPA 591 (Teach Mthd) or SPA 591 (Lang Teach Mthd & Prin) or SPA 596 |
| SLC     | 598         | Special Topics                      | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| SLC     | 602         | Comparative Cultural Theory         | Trains SILC Ph.D. students in a range of theories and methods of cultural analysis and comparison, and explores some of the conceptual tools used in the production of comparative studies scholarship. Exposes students to texts by authors from diverse historical and geopolitical contexts and encourages them to reflect upon these various commentaries on the nature and interpretation of culture and cultural production. Discussion centers on the relationship between cultural production and material realities and on the interdependence of cultural production and social, economic and political issues.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| SLC     | 792         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-15  |                 |   |
| SLC     | 799         | Dissertation                           | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SLV     | 194         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-4   |                 |   |
| SLV     | 304         | Digital Humanities for Language Majors | Not limited to language majors (Slavic or otherwise). Students complete course projects using the material of their language of interest (the language they are taking interest in, including English). This course focuses on the following topics in digital humanities: (a) audio-visual representation of the content in humanities, (b) computer-assisted learning and assessment, (c) digitizing printed resources, (d) data and text mining, (e) working textual corpora, (f) statistical analysis, (g) computational lexicography, (h) data extraction and manipulation. While emphasizing hands-on skills, this course also familiarizes its participants with the basic concepts in the fields of digital humanities. | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 3     | CS              | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only SLC 304 or SLV 304         |
| SLV     | 394         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-4   |                 |   |
| SLV     | 440         | History of Slavic Languages            | Comparative evolution of East Slavic, West Slavic, and South Slavic languages from the earliest record to the standardizing of national languages in the 19th and 20th centuries.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures | 3     | SB              |   |
| SLV     | 484         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-12  |                 |   |
| SLV     | 492         | Honors Directed Study                  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SLV     | 493         | Honors Thesis                          | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences    | School of International Letters and Cultures | 1-6   | L               | Prerequisite(s): Barrett Honors student   |

| SOC     | 312         | Adolescence                                   | In-depth examination of the developmental and social processes that help explain modern adolescence.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): Minimum 24 hours; SOC 101, PSY 101(PGS 101), FAS 101 or FAS 330 with C or better; Credit is allowed for only CDE 312 or SOC 312   |
| SOC     | 315         | Courtship and Marriage                        | In-depth study of courtship, marriage, and related processes, focusing on problematic aspects of these institutions from the sociological perspective.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | SB              | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 24 hours  |
| SOC     | 315         | Courtship and Marriage                        | In-depth study of courtship, marriage, and related processes, focusing on problematic aspects of these institutions from the sociological perspective.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 24 hours  |
| SOC     | 315         | Courtship and Marriage                        | In-depth study of courtship, marriage, and related processes, focusing on problematic aspects of these institutions from the sociological perspective.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 24 hours  |
| SOC     | 321         | Sociology of Work                             | Social and cultural analysis of industry. Occupational roles, status, and social participation of workers.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              |  |
| SOC     | 324         | Work and the Workplace                        | Historical and comparative examination of changes in the structure and meaning of work and current shifts in people's work lives.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & H          | Credit is allowed for only FAS 324 or SOC 324  |
| SOC     | 324         | Work and the Workplace                        | Historical and comparative examination of changes in the structure and meaning of work and current shifts in people's work lives.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & H          | Credit is allowed for only FAS 324 or SOC 324  |
| SOC     | 325         | Globalization and Socio-Economic Justice      | Addresses a trend producing increasing interconnectedness of economies and societies, as well as creating new conflicts and divisions. Provides greater understanding of global forces, as well as the effect of these forces on global economic justice.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; minimum 2.00 GPA; Credit is allowed for only JUS 325 or SGS 325 or SOC 325   |
| SOC     | 328         | Migration and Culture                         | Examines migration and culture embedded in a transnational field of social, economic and political processes.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          | Prerequisite(s): minimum 45 hours. Credit is allowed for only ASB 340 or SOC 328   |
| SOC     | 331         | Environmental Sociology                       | Analyzes human organizational responses to population growth, technological change, and environmental stressors on both a national and global scale.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          | Prerequisite(s): minimum 45 hours  |
| SOC     | 331         | Environmental Sociology                       | Analyzes human organizational responses to population growth, technological change, and environmental stressors on both a national and global scale.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          | Prerequisite(s): minimum 45 hours  |
| SOC     | 332         | The Modern City                               | In-depth analysis of the growth, characteristics, and problems of the modern city.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | G               | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 24 hours  |
| SOC     | 332         | The Modern City                               | In-depth analysis of the growth, characteristics, and problems of the modern city.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | G               | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 24 hours  |
| SOC     | 333         | Population                                    | Global trends in population growth, composition, and distribution; theories, policies, and impact of population trends on environmental quality and development.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          |  |
| SOC     | 334         | Technology and Society                        | Development of technology in relation to society, work, science, the environment, public health, and cultural values related to social change.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L or SB         | Pre-requisite: Minimum 45 hours; Credit is allowed for only ASB 344 or SOC 334   |
| SOC     | 334         | Technology and Society                        | Development of technology in relation to society, work, science, the environment, public health, and cultural values related to social change.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | L or SB         | Pre-requisite: Minimum 45 hours; Credit is allowed for only ASB 344 or SOC 334   |
| SOC     | 339         | Grassroots Social Movements                   | Explores how groups mobilize collectively to produce social, political, economic, and cultural change, with an emphasis on the United States.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ASB 339 or POS 339 or SBS 339 or SOC 339  |
| SOC     | 340         | The Sociology of Deviance                     | Sociological analysis of stigmatized behaviors and conditions, including the causes, effects, and management of stigma.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Pre-requisite: SOC 101 or 301  |
| SOC     | 340         | The Sociology of Deviance                     | Sociological analysis of stigmatized behaviors and conditions, including the causes, effects, and management of stigma.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Pre-requisite: SOC 101 or 301  |
| SOC     | 342         | Mexico-U.S. Borderlands                       | Contemporary examination of socioeconomic and political dimensions of border communities, and formation of Mexican-origin communities within and outside the Southwest.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & C          | Credit is allowed for only ASB, SBS or SOC 342   |
| SOC     | 350         | Inequality and Diversity in Education         | Advanced exploration of various dimensions of diversity in relation to educational systems and outcomes. Through sociological and psychological research, case studies and films, students examine how educational inequality is created and reproduced through individual actions and institutional constraints. Also considers the connection between schooling and human rights and ways in which educational inequality may be addressed. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L & C           | Prerequisite(s): APA 200, AFR 212 (or AFS 210), APA 210, CDE 232, JUS 210, TCL 210 or minimum 30 hours; Credit allowed for only AFR 350 (or AFS 350), APA 350, CDE 350, JUS 365, SOC 350, TCL 360 or AFS/APA/CED/TCL 394 (Inequality & Diversity in Education) |
| SOC     | 352         | Social Change                                 | Patterns of social change, resistance to change, and change-producing agencies and processes.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | SB & G & H      |  |
| SOC     | 352         | Social Change                                 | Patterns of social change, resistance to change, and change-producing agencies and processes.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G & H      |  |
| SOC     | 352         | Social Change                                 | Patterns of social change, resistance to change, and change-producing agencies and processes.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G & H      |  |
| SOC     | 353         | Death and Dying in Cross-Cultural Perspective | Scientific and humanistic approaches to the study of death and dying from the perspective of anthropology and allied disciplines. Uses a global, comparative approach across space and time from the earliest human burials to contemporary funeral events.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3-4   | (HU or SB) & G  | Pre-requisite: 45 earned credit hours; Students who have credit for ASB 353, may not enroll in SOC 353   |
| SOC     | 354         | The Global Politics of Human Rights           | Examines political forces that have shaped gradual construction of an international human rights regime and a universal culture of rights, including civil and political rights, as well as economic, social, and cultural rights.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only JUS 352 or SOC 354  |
| SOC     | 355         | Human Rights Organizations and Institutions   | Investigates the emergence and evolution of the organizations and institutions designed to promote and protect human rights at global, regional and national scales. Explores reasons why it is necessary to institutionalize human rights, the trial and error process that led to postwar international human rights regime, challenges and the future of human rights.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | G               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only JUS 355 or JUS 394 (Human Rights Organizations and Institutions) or SOC 355   |
| SOC     | 356         | Central American Studies                      | Part of the summer ASU study abroad Costa Rica Program, which is a language and social sciences immersion program in the capital city, San Jose. A summer offering permits students to enroll in the program without conflicting with full course loads during the fall or spring semester. However, the course is proposed as a stand-alone course that can be offered in a regular semester as well. May be repeated once for credit.       | N                 | REC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          | Credit is allowed for only ASB 356 or GCU 356 or POS 354 or SBS 356 or SOC 356   |

| SOC     | 360         | Sociological Psychology                 | Interaction patterns between the sociocultural order and individuals; socialization process; norms, roles, and statuses; collective behavior.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): SOC 101, PSY 101(PGS 101), FAS 101, or FAS 330 with C or better; Minimum 24 hours  |
| SOC     | 360         | Sociological Psychology                 | Interaction patterns between the sociocultural order and individuals; socialization process; norms, roles, and statuses; collective behavior.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): SOC 101, PSY 101(PGS 101), FAS 101, or FAS 330 with C or better; Minimum 24 hours  |
| SOC     | 363         | Men and Masculinity                     | Sociological analysis of how masculine identity is defined, negotiated, and variously constructed depending upon class, ethnicity, age, and sexual orientation.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): SOC 101  |
| SOC     | 364         | Popular Culture and Society             | Studies the social approaches to popular culture, focusing on the function of various forms (literature, film, theatre, and music).  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SOC     | 365         | Sociology of Mass Communication         | Sociological exploration of the major mass media as a communicative process in American society.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | SB              |   |
| SOC     | 365         | Sociology of Mass Communication         | Sociological exploration of the major mass media as a communicative process in American society.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              |   |
| SOC     | 365         | Sociology of Mass Communication         | Sociological exploration of the major mass media as a communicative process in American society.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              |   |
| SOC     | 366         | Film and Society                        | Studies the social approaches to film as an art form, mass medium, and ideological construct.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     |                 |   |
| SOC     | 370         | Ethics of Eating                        | This multidisciplinary course examines the elements of modern food systems and current ethical issues regarding food production, distribution and consumption. Also provides a foundation for investigating the effects of social inequality in food systems and global and local responses to address those challenges.                                 | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L or SB         | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ASB 370 or ASB 394 (Production, People, and Environments) or ASB 394 (Ethics of Eating) or SOC 370 or SOS 370 or SSH 370 |
| SOC     | 371         | Inequality and Sustainability           | Efforts to shift societies onto a sustainable trajectory are facing profound challenges from the degree and dynamics of global inequalities of income, wealth, and life chances. Data and ideas from a spectrum of disciplines are employed to examine, analyze, and criticize the prospects for redressing global inequalities in a sustainable manner. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only ASB or SOC 371  |
| SOC     | 371         | Inequality and Sustainability           | Efforts to shift societies onto a sustainable trajectory are facing profound challenges from the degree and dynamics of global inequalities of income, wealth, and life chances. Data and ideas from a spectrum of disciplines are employed to examine, analyze, and criticize the prospects for redressing global inequalities in a sustainable manner. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only ASB or SOC 371  |
| SOC     | 374         | Cultures and Politics of the Internet   | Explores the culture and politics of the Internet in global perspective, including virtual communities, free software, copyleft, blogs, and hacktivism.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Credit is allowed for only ASB 374, POS 374, SBS 374 or SOC 374   |
| SOC     | 375         | Contemporary American Jewish Identities | Analyzes the complexity and diversity of the contemporary American Jewish community in religious and secular affairs.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | (HU or SB) & C  | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only JST 318, REL 318 or SOC 375   |
| SOC     | 378         | Migration and Society                   | Application of social scientific theories and principles in order to understand the social and ethnic consequences of international migration with a focus on the United States. Students will communicate views formulated from empirical evidence and reasoned analysis.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & C          | Prerequisite(s): ASB 102 or SOC 101 with C or better; 45 minimum hours  |
| SOC     | 389         | Ethnographic Field Lab                  | Hands-on, guided ethnographic qualitative research and interpretative analysis.  | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 1-6   |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 389 or SBS 389 or SOC 389   |
| SOC     | 390         | Social Statistics I                     | Descriptive and inferential statistical methods for analysis of social data. Computer applications.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | CS              | Prerequisite(s): MAT 142 or higher  |
| SOC     | 390         | Social Statistics I                     | Descriptive and inferential statistical methods for analysis of social data. Computer applications.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | CS              | Prerequisite(s): MAT 142 or higher  |
| SOC     | 391         | Research Methods                        | Methods of social science research, including the fundamental assumptions underlying research, critique, research design, data collection, and data analysis.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L or SB         | Prerequisite(s): SOC 101 or SOC 301 or CDE 232; SOC 390; Credit is allowed for only FAS 361 or SOC 391  |
| SOC     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 1-4   |                 |   |
| SOC     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-4   |                 |   |
| SOC     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 1-4   |                 |   |
| SOC     | 400         | Perspectives on Aging                   | Broad overview of gerontological issues; e.g., physical aging, retirement, living options, caregiving, theoretical background, death.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              |   |
| SOC     | 415         | The Family                              | Family considered from the institutional viewpoint; in-depth look at its historical development and its adaptation to a changing culture; analysis of the family system in many cultures.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 30 hours   |
| SOC     | 418         | Aging and the Life Course               | Examines aging as a process of change and adaptation over the lifespan, patterned by social, cultural, and historical forces.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & H          | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 30 hours; Credit is allowed for only CDE 418 or SOC 418  |
| SOC     | 418         | Aging and the Life Course               | Examines aging as a process of change and adaptation over the lifespan, patterned by social, cultural, and historical forces.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & H          | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 30 hours; Credit is allowed for only CDE 418 or SOC 418  |
| SOC     | 419         | Organizations and Technological Change  | Explores the increasing impact of information technology on corporate, governmental, and private organizations. May involve fieldwork.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | G               |   |
| SOC     | 420         | Sociology of Religion                   | Interrelationship of culture, society, and religion; religion and social stratification; religious, economic, and political institutions; social change and religion. Emphasizes American society and institutions.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | L or SB         |   |
| SOC     | 420         | Sociology of Religion                   | Interrelationship of culture, society, and religion; religion and social stratification; religious, economic, and political institutions; social change and religion. Emphasizes American society and institutions.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L or SB         |   |
| SOC     | 421         | Education and Society                   | Uses contemporary sociological perspectives to examine effects of schools and schooling on individuals and society.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | SB              |   |
| SOC     | 421         | Education and Society                   | Uses contemporary sociological perspectives to examine effects of schools and schooling on individuals and society.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              |   |
| SOC     | 424         | Women and Health                        | Women as healthcare workers and an in-depth analysis of issues of health, illness, and healthcare for women  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): FAS 101, 330, PSY 101(PGS 101) or SOC 101 with C or better; minimum 30 hours   |
| SOC     | 425         | Women, Work, and Justice                | Examines gender inequality in the workplace, including the nature of women's work, theoretical issues, and models for promoting gender justice at work.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | (L or SB) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours; Credit is allowed for only JUS 420 or SOC 425   |
| SOC     | 426         | Social Inequality                       | Examines stability and change in social inequality based on class, race and gender, and in the context of globalization.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              |   |

| SOC     | 426         | Social Inequality   | Examines stability and change in social inequality based on class, race and gender, and in the context of globalization.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              |   |
| SOC     | 427         | Sociology of Health and Illness                             | Social aspects of illness and sociological analysis of the healthcare system and its practitioners.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SOC     | 427         | Sociology of Health and Illness                             | Social aspects of illness and sociological analysis of the healthcare system and its practitioners.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SOC     | 432         | Racial Justice  | Racial inequality remains a dominant theme in understanding social, legal, and economic justice in the U.S. today. Explores controversial topics surrounding race and justice. Emphasizes current legal, economic, political, and social conceptual frameworks.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L               | ;Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours. Credit is allowed for only JUS 432 or SOC 432  |
| SOC     | 433         | Applied Demography  | Science of population analysis. Covers techniques for measuring fertility, mortality, migration, and population composition.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              |   |
| SOC     | 435         | Advanced Marriage and Family Relationships                  | In-depth examination of research, issues, and trends relating to marriage and family interaction.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | L or SB         | Prerequisite(s): FAS 101, 331, PSY 101 (PGS 101) or SOC 101 with C or better; Minimum 30 hours; Credit is allowed for only FAS 435 or SOC 435                           |
| SOC     | 443         | Sociology of Corporations                                   | Examines corporations as social institutions and the implications of their status as a legal person on politics, culture, and economy.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          |   |
| SOC     | 445         | Globalization, Development, and Resistance                  | Explores the interconnections among globalization, development, and grassroots movements for social change in Africa, Asia, and Latin America.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          |   |
| SOC     | 448         | Epidemics and Society                                       | How epidemics occur; how they are perceived in society; how epidemics affect society.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          |   |
| SOC     | 451         | Comparative Sociology                                       | Cross-cultural study of basic social institutions; the methodology of cross-cultural research.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB & G          |   |
| SOC     | 455         | Human Rights and Sustainability                             | Addresses the connections between human rights and environmental sustainability. Legal and scholarly approaches linking these areas present new perspectives for addressing some of the greatest challenges of our time, given the important resource dimensions of economic and social rights and the human dimensions of sustainability. Yet human rights demands and environmental concerns are not always in harmony. Explores these tensions and opportunities by examining three substantive areas: urban ecology and human rights, the human right to food, and the human rights implications of extractive industries such as oil and mining. Following an introduction to the key concepts of human rights and sustainability, explores the substantive areas through theoretical and empirical readings on each; grassroots accounts of struggles over environment-related human rights; and selections from literature and film that illustrate the environmental justice issues at stake. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | (L or SB) & G   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours; Credit is allowed for only JUS 456 or JUS 497 (Seminar in Human Rights) or SOC 455 or SOS 456 |
| SOC     | 456         | Political Sociology   | Social factors associated with voting; nature and structure of the electorate and political parties and the nature of national and international power structure.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     |                 |   |
| SOC     | 457         | Global Social Movements                                     | Examines how groups mobilize across borders to pursue social goals, including equality, justice, peace, and salvation in a global context.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB & G          |   |
| SOC     | 460         | Leadership, Research, and Collaboration in Community Change | Advanced understanding of leadership and the development of proposals for innovative plans that enhance the well-being of children, youth and families.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): minimum 60 hours; Credit is allowed for only FAS 460 or FAS 498 (Leadership Research & Collaboration in Change) or SOC 460                             |
| SOC     | 461         | Community Action Research Experience Research Internship    | Second course in Community Action Research Experience (CARE) sequence. Students apply leadership, professional collaboration, project management and research skills in conducting an approved community action research project.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisite: FAS 460 (or SOC 460); Minimum 60 hours. Credit is allowed for only FAS 461 or SOC 461  |
| SOC     | 483         | History of Social Thought                                   | Social thought in human culture. Background of modern sociology.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SOC     | 483         | History of Social Thought                                   | Social thought in human culture. Background of modern sociology.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SOC     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 |   |
| SOC     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences     | 1-12  |                 |   |
| SOC     | 486         | Contemporary Theory   | Contemporary issues and crises in social theory with major focus on particular theorists. Ideological factors in theory, philosophical issues, the nature of theory and its relationship with methodology.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     | SB              | Pre-requisites: SOC 101 or 301  |

| SOC     | 500         | Research Methods                                     | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOC     | 501         | Social Statistics                                    | Understands and uses statistics for applications in the social sciences.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only CDE 501, SOC 501 or SOC 598 (Statistics for Social Sciences)  |
| SOC     | 505         | Applied Regression Analysis                          | Multiple linear regression topics relevant to social science data analysis. Computer applications.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisites: Credit is allowed for only FAS or SOC 505; Graduate students only (degree and non-degree)  |
| SOC     | 507         | Categorical Data Analysis                            | Logistic regression and related topics relevant to categorical data analysis in social sciences. Computer applications.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisites: Credit is allowed for only FAS or SOC 507; Graduate students only (degree and non-degree)  |
| SOC     | 508         | Structural Equation Analysis for the Social Sciences | Theory and application of structural equation modeling. Path analysis and latent variable models such as CFA, multiple group analysis and models for longitudinal data. Projects involve conducting analyses and writing results.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisites: Credit is allowed for only FAS or SOC 508; Graduate students only (degree and non-degree)  |
| SOC     | 509         | Event History Analysis                               | Proportional hazards models and other methods for analyzing longitudinal data and establishing hazard rates of events for exploratory variables.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisites:Credit is allowed for only FAS or SOC 509; Graduate students only (degree or non-degree)  |
| SOC     | 510         | Bayesian Analyses in the Social Sciences             | Discusses principles and practices of Bayesian approaches to statistical inference and modeling. Topics include: philosophical underpinnings of Bayesian inference; associated interpretations of probability; univariate and multivariate models prevalent in the social sciences; Markov chain Monte Carlo estimation; data-model fit; model comparisons procedures; missing data analyses. Course consists of lectures, demonstrations of software, reading assignments, homework assignments and a project. Exposes students to key concepts in Bayesian methods and gains technical foundations necessary to be consumers and contributors to applied and methodological research. Assumes previous knowledge of statistics through multiple regression, and recommends additional topics: multivariate statistics, latent variable modeling, probability theory. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CDE 591 (Bayesian Analyses in the Social Sciences) or CDE 591 (Introduction to Bayesian Analyses) or FAS 510 or SOS 510 |
| SOC     | 512         | Secondary Data Analysis                              | Works with existing data to produce a publishable article.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Pre-requisites: Credit is allowed for only FAS or SOC 512; Graduate students only (degree or non -degree)  |
| SOC     | 515         | Studies of the Family                                | Current developments in the study of marriage and the family.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOC     | 516         | Family Demography                                    | Current developments in the study of family demography.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 |  |
| SOC     | 523         | Social Stratification                                | Overviews significant themes, issues, and bodies of work in the field of social stratification, a fundamental topic of sociological inquiry.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 |  |
| SOC     | 533         | Demographic Methods                                  | Emphasizes methods and techniques in demographic analyses such as life tables.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 |  |
| SOC     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SOC     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 603         | Perspectives in Sociological Inquiry                                 | Provides an overview of core theoretical frameworks and associated analytic approaches in sociology. Taught by faculty members from across the university with sociological training or research interests, providing students with foundational and advanced research tools as well as introducing them to ongoing research at ASU, the distinctive contributions of sociological perspectives to inter- and transdisciplinary projects, and potential opportunities for research residency.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 685         | Applied Social Theory  | Overviews main classical and contemporary theoretical paradigms and concepts in sociology and provides advanced training on using them to build empirical analytic models. Students identify theoretical perspectives appropriate for research questions, build corresponding conceptual frameworks, and formulates testable hypotheses. Seminar format and therefore students' active participation is expected.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 700         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 |   |
| SOC     | 780         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 |   |
| SOC     | 790         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 |   |
| SOC     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 795         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOC     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences    | Sanford School of Social and Family Dynamics | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 100         | Introduction to Sustainability                                       | Introduces basic concepts, global trends, and local responses, philosophical, ethical, and cultural dimensions.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | G               | Pre-requisites: Not open to Sustainability majors or majors with a Sustainability concentration   |
| SOS     | 100         | Introduction to Sustainability                                       | Introduces basic concepts, global trends, and local responses, philosophical, ethical, and cultural dimensions.   | N                 | LEC               | N               | OPT           | School of Sustainability     | School of Sustainability                     | 3     | G               | Pre-requisites: Not open to Sustainability majors or majors with a Sustainability concentration   |
| SOS     | 101         | Introduction to Applied Mathematics for the Life and Social Sciences | Introduces quantitative techniques as applied to problems in the life and social sciences. Includes challenges like understanding the complexities of the human genome or the implications of globalization for infectious disease, human health, and economic stability.   | N                 | LEC               | N               | OPT           | School of Sustainability     | School of Sustainability                     | 3     | MA              | Prerequisite(s): MAT 117 with C or better or Mathematics Placement Test with a score of 50% or higher or ALEKS score of 61 or higher; Credit is allowed for only AML 100 or SOS 101 |
| SOS     | 110         | Sustainable World  | Lays the groundwork for understanding the fundamental geological, biological, and social processes that gave rise to the world we live in and continue to maintain its viability for human life.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences  | 3     | SB              |   |
| SOS     | 110         | Sustainable World  | Lays the groundwork for understanding the fundamental geological, biological, and social processes that gave rise to the world we live in and continue to maintain its viability for human life.  | N                 | LEC               | N               | OPT           | School of Sustainability     | School of Sustainability                     | 3     | SB              |   |
| SOS     | 111         | Sustainable Cities   | Introduces technological, social, and cultural principles and innovations for cities under the notion of sustainability and sustainable development within the global, regional, and local contexts.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts     | 3     | (HU or SB) & G  | Credit is allowed for only PUP 190 or SOS 111   |

| SOS     | 111         | Sustainable Cities   | Introduces technological, social, and cultural principles and innovations for cities under the notion of sustainability and sustainable development within the global, regional, and local contexts.  | N                 | LEC               | N               | OPT           | School of Sustainability     | School of Sustainability                     | 3     | (HU or SB) & G  | Credit is allowed for only PUP 190 or SOS 111   |
| SOS     | 117         | Food System Sustainability   | Food systems are particularly important for human societies to sustain and are also particularly vulnerable to multiple threats related to the interconnected sustainability challenges we face. Introduces the concepts and issues involved in food systems sustainability. Divided into four modules, the first three of which address the other systems with which food systems interact--socio-ecological, socio-cultural and socio-technical systems. The final module addresses the future of food systems. Teaches students about the main issues in food system sustainability and allows students to enhance their critical thinking skills by applying them to the many sustainability challenges associated food system activities via solutions-based learning including the social, ecological, economic and institutional dimensions. | N                 | LEC               | N               | GNA           | School of Sustainability     | School of Sustainability                     | 3     |                 |   |

| SOS     | 171         | The Thread of Energy  | Follows the thread of energy through every aspect of our lives. Discusses the technical, social, legal, and policy contexts of all energy resources, including present and unconventional fossil fuels, nuclear power, and renewable resources. Addresses energy use throughout history, the influence of energy on quality of life, the role it plays in political strategies and environmental quality, how it shapes our neighborhoods and cities, its contribution to our personal comfort and national security, and how its importance is reflected in the worlds of business and the humanities. Its dual role is as a stand-alone introduction to energy, and as a first step to more advanced studies of energy in the natural, technical, and social sciences. | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     | SB & G          | Credit is allowed for only GCU or SOS 171  |
| SOS     | 181         | Technological, Social, and Sustainable Systems                | Introduces the importance and role of technological, social, and sustainable systems in the modern world. Provides a framework for the theory and practice of sustainable engineering.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | HU              | Credit is allowed for only SOS, FSE or CEE 181   |
| SOS     | 182         | Water Planet  | Overview of the processes that control water supply to natural ecosystems and human civilizations. Part I introduces the basic science that helps us understand the water planet, including the hydrologic cycle, glaciers and ice; rivers, oceans, and natural hazards associated with water such as flooding, landsliding and tsunamis. Part II covers some of the management and resource allocation topics that face humanity today, including droughts, groundwater contamination, impacts on fisheries, conflicts over water, patterns of water use, and effects of global climate change on future water supplies. Uses water issues facing Arizona and California as examples.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 4     | SQ              | Credit is allowed for only GLG 108 or SOS 182  |
| SOS     | 191         | First-Year Seminar  | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-3   |                 |  |
| SOS     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-4   |                 |  |
| SOS     | 201         | Introduction to ASU and Sustainability                        | Introduces all ASU transfer students to the unique elements, culture, challenges and opportunities of the university.  | N                 | LEC               | N               | YGB           | School of Sustainability | School of Sustainability | 1     |                 | Pre-requisites: Sustainability major; Minimum 24 hours   |
| SOS     | 211         | Calculus and Probability for the Life and Social Sciences     | Introduces two of the most important and useful mathematical frameworks used to study natural and social phenomena: probability and calculus. Probability is used to describe an attitude of mind toward some proposition whose truth is not certain. Calculus is the branch of mathematics used to study the behavior and dynamics of functions: calculus is the mathematical study of change. Students gain the basic competence needed for applying probability and calculus when thinking about and research problems in sustainability. Focuses on and discusses applications, the meaning of important concepts, the origins of the rules of derivation and integration, and logic behind why the methods work.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     | MA              | Pre-requisite: AML 100 or SOS 101 with B or better   |
| SOS     | 212         | Calculus-Based Modeling for the Life and Social Sciences      | Introduces the evaluation and construction of mathematical models used in the life and social sciences. Includes the basic steps in developing a model, analyzing it, and testing it with actual data. Covers the first steps concerning how to use formal mathematical techniques including developing equation-based relationships, plotting graphs, linear regression, and solving equations using computer software.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SOS 211; Credit is allowed for only SOS 212 or SOS 294 (Intro to Math Tools & Modeling)   |
| SOS     | 220         | Systems Thinking  | Introduces systems thinking and complexity science, with an emphasis on analytical relevance for thinking about a myriad of issues involved in sustainability. Hones students' abilities to read critically, articulate their views clearly, and think about the many systems that shape their lives.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): PUP 190 or SOS 111 with C or better; SOS 110 with C or better   |
| SOS     | 230         | Professional Skills in Sustainability                         | Builds interpersonal competence, which is a key competence in sustainability. Students work on a small hands-on sustainability project in order to practice professional skills in four domains: teamwork, project management, self-directed and continuous learning, and stakeholder engagement. Students learn how to effectively collaborate in teams, use project management tools to achieve quality products in time, innovate their ways of learning, and create productive dialogue with stakeholders.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): PUP 190 or SOS 111 with C or better; SOS 110 with C or better   |
| SOS     | 231         | Careers in Sustainability                                     | Aids in career exploration and development for School of Sustainability majors. Explores values, motivations and career options. Students learn how to approach the job search and how to communicate sustainability to employers; also how to prepare a quality résumé, cover letter, and gain a better understanding of the benefits of networking.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): BA or BS Sustainability major; PUP 190 or SOS 111 with C or better; SOS 110 with C or better; minimum 45 hours  |
| SOS     | 232         | Professional Skills in Sustainability Practice                | Students learn how to effectively and compassionately communicate, engage in collaborative teamwork, use project management tools to achieve quality products on time, innovate their ways of self-directed and continuous learning, engage with stakeholders on solutions, and ensure mindful self-care. Students work on a sustainability project, practicing this set of professional skills in a real-world context.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 101, 105, or 107 with C or better; PUP 190 or SOS 111 with C or better; SOS 110 with C or better  |
| SOS     | 272         | Environmental Justice   | Surveys key environmental justice issues and movements. Uses interdisciplinary social science perspectives to review and analyze U.S. and international case studies.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     | SB              | Credit is allowed for only ASB 272 or SOS 272  |
| SOS     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-4   |                 |  |
| SOS     | 300         | Advanced Concepts and Integrated Approaches in Sustainability | Integrates disciplinary contributions to sustainability, teaches advanced concepts in sustainability, and explores methods for identifying sustainability challenges and generating solutions. Focuses on diversity of sustainability research, and integrates specialized approaches in sustainability. Advanced concepts in sustainability, including systems-thinking, complexity, nonlinearity, cascading effects, coupled natural-human systems, governance, future thinking, unintended consequences, normative concerns, transformation, power, participation, and equity.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability minor; SOS 100, 110, 111 or PUP 190 with C or better; 6 hours from two identified themes with C or better OR specified majors with Sustainability/Sustainable Tourism concentrations |
| SOS     | 301         | Sustainable Communities                                       | Analyzes community as concept and as an organizing system for promoting sustainability.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Pre- or corequisite(s): PRM 120 or NLM 160 with C or better if completed; Credit is allowed for only CRD, NLM, PRM, SOS or TDM 301   |
| SOS     | 309         | History and Philosophy of Sustainability                      | Examines sustainability issues in a broadly interdisciplinary way, but with a special emphasis on humanities perspectives, focusing on human ideas, values and institutions as they have evolved over time.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 25 hours; Credit is allowed for only HST 308 or PHI 322 or SOS 309 or BIO/HST/PHI/SOS 394 (History & Philosophy of Sustainability)                  |

## ASU Course Catalog Archive - Fall 2018

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--------------------------|--------------------------|-------|-----------------|---|
| SOS     | 310         | Equity, Justice and Sustainability           | Introduces the "social justice" aspects of sustainability science and practice. Sustainability problems are a special class of problems arising from a complex set of issues spread across time, space and institutional scales. These problems can threaten underlying social, economic and ecological systems which are highly intertwined and interdependent. Explore these issues through study of both theory and practice.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): PUP 190 or SOS 111 with C or better; SOS 110 with C or better  |
| SOS     | 311         | Future Thinking and Strategies               | Offers a critical introduction to future-oriented theories and methods. Explores anticipation in contemporary society through a series of cases studies that probe real-world sustainability issues and how the future is created and contested. By characterizing and critiquing future-oriented practices across governmental, academic and private sectors, offers a critical perspective on different methodological approaches and the implications of their use.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): PUP 190 or SOS 111 with C or better; SOS 110 with C or better  |
| SOS     | 314         | Basic Energy Science                         | Explains the concepts of the science of energy for those without a background in engineering. Allows non-engineering students to better grapple with the issues that surround sustainable energy issues. Covers the most common methods of electricity generation as well as renewable technologies and fuels.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SOS 314 or SOS 394 (Basic Energy Science)   |
| SOS     | 315         | Energy Policy                                | Examines the regulation of energy production and consumption in the U.S. at the federal, state and local levels. Identifies energy stakeholders in the U.S. and examines how they have shaped U.S. policies around energy. Explains past and current U.S. energy policies and how energy needs have shaped U.S. relations with other countries. Compares U.S. energy policies to that of other countries in the world, as well as how Arizona's energy policies compare to other states within the U.S.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only PAF 394 (Energy Policy) or POS 394 (Energy Policy) or SGS 315 or SGS 394 (Energy Policy) or SOS 315 or SOS 394 (Energy Policy)  |
| SOS     | 320         | Society and Sustainability                   | Establishes an understanding of the human, social, and cultural dimensions of sustainability from multi- and interdisciplinary perspectives and at a variety of spatial and temporal scales.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | L or SB         | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 321         | Policy and Governance in Sustainable Systems | Explores the wide array of political questions that are raised when we view the Earth's environment as an integrated, global system.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 322         | International Development and Sustainability | Historical roots of the idea of development; economic theories of growth and their implications for sustainability; interrelationship among population growth, food security, poverty, inequality, urbanization, technological change, international trade, and environmental change at local, regional and global scale.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 with C or better; SOS 111 or PUP 190 with C or better OR Non-Sustainability major; 2 courses with C or better from: SOS 100, SOS 110, SOS 111 or PUP 190, and SOS 300   |
| SOS     | 323         | Sustainable Urban Dynamics                   | Human and physical processes shaping urban ecologies and environments; human-environment interactions in the context of an urban region; effect of the institution and regulatory framework on the ability of social and urban-ecological systems to be resilient and sustainable; urban design, materials, transport, planning, and regulation.   | N                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 324         | Sustainable Energy Technology and Systems    | Comprehensive survey of current and future energy systems; thermodynamics and energy analysis; environmental, economic and social impacts; resources, technologies and infrastructure for electricity and transportation.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 325         | The Economics of Sustainability              | Applies economic principles to the allocation of environmental goods and services, external environmental effects, and environmental public goods; decision-making under uncertainty, adaptation to and mitigation of environmental change.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 326         | Sustainable Ecosystems                       | How human activities and management practices alter biodiversity, ecosystem functioning, and the provisioning of ecosystem services; use of economic and other social science perspectives to estimate the value of ecosystem services; evaluation of options for achieving the sustainable flow of services from ecosystems.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 327         | Sustainable Food and Farms                   | Food systems and sustainability. Theories of food security, rural livelihood sustainability, and food sovereignty. Critically examines the social, ecological, economic, and institutional dimensions of the many sustainability challenges associated food system activities (production, processing, distribution, consumption, waste). Students develop a food system framework and apply knowledge to an assessment of the sustainability of one aspect of the local food system.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better |
| SOS     | 328         | Sustainability and Enterprise                | Examines the evolving interface between sustainability and human enterprise. Explores and reviews key fundamental concepts in the sustainability arena, including economic and scientific drivers and select historical and structural aspects that create the current context for the enterprise and sustainability interface found today. Delves into more specific case studies of attempts by current businesses to become greener and more sustainable, exploring challenges and opportunities that are commonly found as well as how decisions are often made in today's business settings and by whom. Explores alternative enterprise models and examples of businesses that are using the current context to redefine the sustainability and enterprise. Given the emergent nature of this effort, uses timely and real-world examples from current events where possible. Explores and applies an integrated approach to sustainability and enterprise. Readings include popular texts, original research articles and current events. | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and 111 (or PUP 190) with C or better; OR Non-Sustainability major with 2 courses: SOS 100, 110, 111 (PUP 190), SOS 300 with C or better                                |

| SOS     | 330         | Sustaining the Commons  | Equips students with tools to analyze the conditions in which communities can be successful in managing their common resources such as forest, water and clean air. Students learn the institutional analysis and development framework to evaluate such collective action problems. Applies this approach of analysis to various sustainability topics from irrigation systems and fisheries to climate change and energy systems in urban environments.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     | L               | Prerequisite(s): SOS 110; SOS 111; Credit is allowed for only SOS 330 or SOS 394 (Sustaining the Commons)  |
| SOS     | 349         | Nature, Sustainability and Religion                               | Explores how world religions have conceptualized the natural world, what they have contributed to the current environmental crisis and how they might also serve as inspiration to address the crisis. By focusing on Judaism, Christianity and Islam, the course introduces students to the field of religion and ecology and explores its relationship to other academic disciplines such as environmental philosophy and ethics, justice studies and gender studies.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only HPS 349 or JST 349 or REL 349 or SOS 349 or JST, REL, or SOS 394 (Religion and Ecology) or JST, REL, or SOS 394 (Religion and Environment)                |
| SOS     | 353         | Perspectives on the Western Diet: Food, Health and Sustainability | Hybrid course covering political, ethical, social and cultural issues inherent in the U.S. food system. Topics include examination of U.S. food guidance; the food system and food environment; the history of food and farm policy; food security and aspects of sustainability in relation to food system impacts on the health of humans, society and the environment.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only NTR 353 or NTR 394 (The Western Diet: Food, Health, & Sustainability) or SOS 353   |
| SOS     | 370         | Ethics of Eating  | This multidisciplinary course examines the elements of modern food systems and current ethical issues regarding food production, distribution and consumption. Also provides a foundation for investigating the effects of social inequality in food systems and global and local responses to address those challenges.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | L or SB         | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ASB 370 or ASB 394 (Production, People, and Environments) or ASB 394 (Ethics of Eating) or SOC 370 or SOS 370 or SSH 370  |
| SOS     | 371         | Inequality and Sustainability                                     | Efforts to shift societies onto a sustainable trajectory are facing profound challenges from the degree and dynamics of global inequalities of income, wealth, and life chances. Data and ideas from a spectrum of disciplines are employed to examine, analyze, and criticize the prospects for redressing global inequalities in a sustainable manner.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 101,105 or 107 with C or better; minimum of 45 hours; Credit is allowed for ASB 371, ASB 394 (Inequality and Sustainability), SOS 371 or SOS 394 (Inequality and Sustainability)  |
| SOS     | 372         | Earth Science in Arizona and the Southwest                        | Place-based application of geology and allied Earth system sciences to explore and interpret the landscapes, rocks, geologic history, climate, resources, and natural hazards of Arizona and the Southwest. Integrates case studies of the interactions of Southwest cultures and societies (past and present) with Earth systems, and inquiry into the future sustainability of Southwestern communities and lifeways.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 101 (or ENG 105 or 107) with C or better; GLG 101 (or GLG 102 or 110 or GPH 111 or SES 121); MAT 117 or higher; Credit is allowed for only GLG 301 or GLG 394 (Earth Sci in AZ & SW) or SOS 372   |
| SOS     | 373         | Minerals, Energy, and Society                                     | Studies the science and technology of the minerals and energy industries, how these industries interact with society, and how these interactions may change in the future.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 101, ENG 105 or ENG 107 with C or better; GLG 101, GLG 102 or GLG 110 or GPH 111 or SES 121 or Junior standing; Credit is allowed for only GLG 304, GLG 394 (Minerals, Energy & Society) or SOS 373                                       |
| SOS     | 374         | Earth's Critical Zone   | The Earth's near surface environment (the "critical zone") supports most life and is the dynamic interface between the solid Earth and its fluid envelopes where much of the geologic record is produced. We now know that we face rapid climate change and the consequences of changes in land use, water resources, and ecosystems. Critical to planning a response to, or mitigation of, environmental change is understanding how the Earth surface works. Focuses on how changes to the environment manifest themselves in the critical zone--in the form and function of the Earth's surface (landforms, water resources, soils, ecosystems). Offers a quantitative introduction to the form and function of the processes impacting the Earth's critical zone to build an understanding of the interactions of physical, chemical and biotic processes in shaping the surface and determining fluid, solute and sediment fluxes.                          | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisites with C or better: GLG 101 & 103 or SES 121 & 123; MAT 170 or 171 or 210 or 251 or 265 or 270; PHY 101 or 111 or 121 or 150 or CHM 101 or 107 or 113 or 114 or BIO 100 or 181 or 182 or 281 or 282. Credit is allowed for only GLG 327 or SOS 374 |
| SOS     | 375         | Humans and the Environment: What's the Connection?                | How do diverse human groups across global ecosystems (desert, tropics, arctic, alpine, urban) interact with and adapt to their environments and how are these relationships changing in response to globalization, climate change and other social, historical and political-economic drivers? Cultures situated in landscapes are the basis for an incredible global diversity of worldviews and behaviors that in turn affect how humans experience and "use" their environments. This course will provide an introduction to current and benchmark literature and methods in environmental and ecological anthropology that address people-environment interactions.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | (L or SB) & G   | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 375 or SOS 375 or ASB 394 (People: Environment Connections in Anthropology) or ASB 494 (Ecological and Environmental Anthropology)   |
| SOS     | 380         | Entrepreneurship for American Indian Sustainability               | Concentrates on developing a product or service idea, creating an entrepreneurial model and plan to implement the product or service in the context of an AI sustainable venture (profit and nonprofit). Begins with a review of established AI context with additional focus on tribal economic development throughout the course. The innovation process executed during the semester and the resulting product/service ideas and choices. Students are also encouraged to embark on new venture ideas as well. Students are then introduced to all aspects of venture (profit and non-profit) and entrepreneurial model creation, including strategy, product/service development planning, marketing, operations, alliances, management, finance and investment. In parallel, teams continue refinement and, where possible, further prototyping of the idea they chose from the previous semester and/or creation of new high-impact, high-potential ideas. | N                 | LEL               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AIS 385 or AIS 394 (Entrepreneurship for American Indian Sustainability) or SOS 380   |
| SOS     | 385         | Business and Sustainability I                                     | First of two related courses; provides a general overview of sustainability topics that are important to business today with a focus on consumer products and services and the social and environmental impact of the organizations that provide them.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 60 hours; SCM 300 or SOS 110 with C or better; Credit is allowed for only SCM 385 or SOS 385  |
| SOS     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-4   |                 | Prerequisite(s): Sustainability or Business (Sustainability) major; SOS 110 and SOS 111 (or PUP 190) with C or better OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111 (or PUP 190), SOS 300 with C or better            |
| SOS     | 414         | Urban and Environmental Health                                    | Integrates theory and practice of social sciences (including anthropology, demography, and human geography) to understand environmental contexts of health, particularly urban.  | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     | SB              | Prerequisite(s): ASB 100, 102, 222, 223, AML 100, ASM 104 or SSH 100 with C or better; minimum 45 hours; Credit is allowed for only ASM 414 or SOS 414 or SSH 414  |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------|--------------------------|-------|-----------------|---|
| SOS     | 421         | Landscape Ecology                                 | Discusses how landscape heterogeneity interacts with ecological processes, and implications for biodiversity conservation, resource management, and landscape and urban planning.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): BIO 320 with C or better. Credit is allowed for only BIO 421 or BIO 521 or SOS 421 or SOS 521  |
| SOS     | 424         | Dynamic Modeling in Social and Ecological Systems | Introduces the development and use of dynamic mathematical models to study social and ecological phenomena.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 4     |                 | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better; Credit allowed for only ASM 424 or BIO 424 or SOS 424  |
| SOS     | 429         | Human Impacts on Ecosystem Functioning            | Explores our current understanding of how humans are impacting the functioning of ecosystems and how changes in ecosystems would affect provisioning of ecosystem services and ultimately human well-being. The two primary drivers of ecosystem change are growth of the human population and increased consumption per capita. These drivers affect the Earth's cycles of carbon, nitrogen and water, as well as regional and global-scale changes in biodiversity and climate. Includes an in-depth discussion of scenarios for the next 50 and 100 years, which articulate costs and benefits of alternative development pathways in terms of climate change, food production, clean water and biodiversity. Scenarios of change in biodiversity lead to the topic of the consequences of biodiversity change for the functioning of ecosystems from the point of view of their productivity and stability. Human activities have disrupted several biogeochemical cycles including nitrogen and carbon cycles. | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): BIO 320 (or SOS 326); Credit is allowed for only BIO 429, BIO 528, SOS 429, SOS 528, or SOS 494/598 (Human Impacts on Ecosystem Functioning), or BIO 494/598 (Human Impacts on Ecosystem Functioning)                                      |
| SOS     | 433         | Sustainable Water Use                             | A clustered learning network on the problem of water scarce regions, includes insights from hydrology, engineering, biology, economics and public policy. May be repeated once for credit.  | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 |   |
| SOS     | 434         | People and Nature: Ecosystem Services             | Explores the drivers of biodiversity change and the consequences they have for human wellbeing, taking both an ecological and an economic perspective.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Pre-requisites: MAT 117 or SOS 101; junior standing. Credit is allowed for only BIO 434, SOS 434, or BIO 494 (Ecosys Servcs:People&Nature)  |
| SOS     | 435         | U.S. Energy: Pathways to Sustainability           | Organized around four mores of energy and environmental policy: energy supply, technology for efficiency, environmental sustainability and infrastructure. Also incorporates the wider context of energy and the environment in the society in which we live, taking into account our historic past and future potential life experience with energy availability and use. Through critical examination and analysis of these mores, students apply knowledge to the creation of a comprehensive energy and environmental policy plan that addresses past conditions, present states and future possibilities.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Credit is allowed for only SOS 435 or SOS 494 (Energy and Environmental Policy) or SOS 494 (US Energy: Pathways to Sustainability) or SOS 555 or SOS 594 (Energy & Environmental Policy)  |
| SOS     | 441         | Mathematical Concepts and Tools in Sustainability | Explores various mathematical analysis and models pertinent to sustainability science drawn from both social and natural sciences and introduced in a problem-based context. Demonstrates basic concepts from game theory such as pure-strategy and mixed-strategy Nash equilibriums in such classic games as prisoner's dilemma, hawk-dove, coordination. Explores the evolutionary dynamics of these games through the replicator equations. Studies important concepts of stability and regime shift for selected problems. Also discusses some basic solution concepts in cooperative game theory (depending on interest and time).   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s) with C or better: AML 253, or SOS 210(or SOS 294 Intro to Math Tools & Modeling). Credit is allowed for only AML 441 or 494 (Math Concepts & Tools in Sustainability) or SOS 441 or 494 (Mathematical Concepts and Tools in Sustainability) |
| SOS     | 442         | Sustainability Indicators                         | Measures of sustainability (or sustainable development), focusing on sustainability indicators and indices (SIs). Discusses key conceptual and methodological issues on gauging sustainability and examines a wide range of sustainability indicators and indices that have been commonly used at global, regional and local scales.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only SOS 442, 494 (Sustainability Indicators and Indices), 542 or 598 (Sustainability Indicators and Indices)  |
| SOS     | 447         | Gender, Culture, and Development                  | In-depth analysis of gender roles related to health, family, work, education and politics in developing countries.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | (L or SB) & G   | Prerequisite(s): WST 100 or 300 or minimum 45 hours; Credit is allowed for only SGS 454 or SOS 447 or TCL 447 or WST 447 or TCL 598 (Gender, Culture & Development)   |
| SOS     | 456         | Human Rights and Sustainability                   | Addresses the connections between human rights and environmental sustainability. Legal and scholarly approaches linking these areas present new perspectives for addressing some of the greatest challenges of our time, given the important resource dimensions of economic and social rights and the human dimensions of sustainability. Yet human rights demands and environmental concerns are not always in harmony. Explores these tensions and opportunities by examining three substantive areas: urban ecology and human rights, the human right to food, and the human rights implications of extractive industries such as oil and mining. Following an introduction to the key concepts of human rights and sustainability, explores the substantive areas through theoretical and empirical readings on each; grassroots accounts of struggles over environment-related human rights; and selections from literature and film that illustrate the environmental justice issues at stake.               | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     | (L or SB) & G   | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours; Credit is allowed for only JUS 456 or JUS 497 (Seminar in Human Rights) or SOC 455 or SOS 456   |
| SOS     | 463         | Political Ecology of the Border                   | Examines the political ecology of the human-environment relationship in Mexico and on the U.S.-Mexican border. Through case studies, students learn about the most pressing environmental issues facing human populations and their communities on both sides of the U.S.-Mexican border and the various ways in which these issues are dealt with.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 463 or SOS 463 or TCL 443   |
| SOS     | 465         | Sustainable Urbanism                              | History, theory, principles and practice of New Urbanism, including current critiques and counter-critiques of both movements.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability major in a sustainability concentration; SOS 110, 111 or PUP 190 with C or better; minimum 45 hours OR All other majors; PUP 301 with C or better; Credit is allowed for only PUP 465 or PUP 565 or SOS 465                 |
| SOS     | 467         | Art and Ecology                                   | Designed for students with advanced independent studio art practices or sustainability studies students who have an interest in the way that their lives and practices engage environments. Through readings, slide presentations, discussions, guest visits, hands-on activities and screenings, explores the work of many contemporary ecological artists engaging with environments and environmental issues from a multitude of angles. Artists engage land remediation, agriculture, socio-ecological justice, sustainable materials, landscape design and much more. As cultural workers must be informed, the course content addresses some basic literacy with regard to environmental concerns and shares examples of realized accessible sustainable solutions. In addition to learning about ecologies and artists, students complete three art or research projects, inspired by assignments.   | N                 | STO               | Y               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 467 or ART 494 (Art and Ecology) or ART 567 or ART 598 (Art and Ecology) or SOS 467 or SOS 494 (Art and Ecology) or SOS 567 or SOS 598 (Art and Ecology)                                  |

| SOS     | 476         | Climate Science for Sustainability             | Dynamic interactions among the oceans, earth surface and atmosphere that control Earth's climate in its present state, in the context of past climates and projections for future climates. Assesses the factors that affect the trajectory of future climate change, and the sources and measurement of the critical climate parameters that are essential for guiding decisions for a sustainable future. Also considers recent climate science-related controversies, as well as assessments of scientific statements related to these controversies.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisites with C or better: Sust or Bus (Sust) major: SOS 110; PUP 190 or SOS 111 OR non-Sust major with 2 of these: PUP 190, SOS 100, SOS 110, SOS 111, SOS 300; Credit allowed for only GLG/SOS 476 or 576 or GLG/SOS 494 or 598 (Climate Sci for Sust) |
| SOS     | 480         | Achieving Career Success in Sustainability     | The need for sustainability-minded workers and leaders has never been more important than right now. Yet sustainability as a career track is still very new and means different things to different people. Challenges students to explore their own ambitions and "personal brands," to shape their work personas, to model the behaviors and competencies that build long-term career success, and to uncover the sustainability potential of any job, whether or not "sustainability" is in the job title.   | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Pre- or corequisite(s): SOS 110, SOS 111, PUP 190 with C or better if completed; Credit is allowed for only SOS 480 or SOS 494 (Achieving Career Success in Sustainability)   |
| SOS     | 484         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | School of Sustainability | School of Sustainability | 1-12  |                 | Prerequisite(s): SOS 231; minimum 45 hours  |
| SOS     | 485         | Business and Sustainability II                 | Second of two related courses focusing on the environmental, social and economic dimensions of sustainable technologies and exposes students to a variety of related concepts and theories. Describes technology hotspot analysis, life cycle assessment and a variety of models of technology forecasting and diffusion.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SCM 385 or SOS 385 with C or better; Credit is allowed for only SCM 485 or SCM 494 (Business and Sustainability II) or SOS 485   |
| SOS     | 492         | Honors Directed Study                          | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | School of Sustainability | School of Sustainability | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SOS     | 493         | Honors Thesis                                  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | IND               | N               | Z1            | School of Sustainability | School of Sustainability | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SOS     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-4   |                 | Prerequisite(s): Sustainability or Business Sustainability major; SOS 110 with C or better; SOS 111 or PUP 190 with C or better, OR Non-Sustainability major with 2 of the following courses: SOS 100, SOS 110, SOS 111, PUP 190, SOS 300 with C or better    |
| SOS     | 498         | Pro-Seminar                                    | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 1-7   | L               | Pre-requisites: Sustainability major; Minimum 9 hours of SOS 320, 321, 322, 323, 324, 325, 326, 327, 328 (or SOS 394 ST: Sustainability and Enterprise), 465 (or PUP 465)   |
| SOS     | 499         | Individualized Instruction                     |   | Y                 | SEM               | Y               | Z1            | School of Sustainability | School of Sustainability | 1-3   |                 |   |
| SOS     | 501         | Foundations of Sustainability                  | Provides a knowledge base to help students to succeed in the online MSL program. Supports MSL students in the four learning threads of the program, which include communications and sustainability, global context, strategic sustainability and sustainability leadership.  | N                 | LEC               | N               | YGB           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): Sustainability Leadership MSL student; Corequisite(s): EMS 502; EMS 503  |
| SOS     | 502         | Tools and Techniques for Sustainability        | Forthcoming federal legislation and Executive Orders will set new standards for operational efficiencies, energy and water conservation, use of renewable energy sources, and waste minimization in the Army and Army National Guard. Tools and Techniques for Sustainability presents a systems approach to meet those standards by integrating principles of sustainability into existing Army policies, procedures, and reporting systems. The course features the Framework for Sustainable Strategic Development as an organizing framework to analyze systems and develop strategic plans to move toward sustainability.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Global Sustainability Leadership certificate student; Pre-or co-requisite: SOS 501   |
| SOS     | 503         | Operationalizing Sustainability                | Sustainability is a means to addressing the significant physical, statutory, and regulatory requirements that affect and can encumber the Army's ability to train Soldiers at ranges and maneuver areas across the United States. With hundreds of imperiled species proposed for federal protection in the next few years, threatened and endangered species and sensitive habitat will continue to be a concern. Participants in Operationalizing Sustainability will explore how innovative training practices, improved land and natural resource management practices, and enhanced community relationships can ensure continued access to the land and water assets needed to maintain readiness and can help to 'win hearts and minds.' Proactive approaches to promoting well-being for soldiers, families, civilians, neighbors, and communities, both at installations and downrange, are stressed.     | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability Leadership certificate student; SOS 501; SOS 502  |
| SOS     | 504         | Energy and the Built Environment               | Provides practical approaches to applying sustainability principles and practices to public works activities, housing, facilities operations and management, military construction, master planning, and energy management. Presents approaches to implement high-performance sustainable building design, construction, operation and management, maintenance, and deconstruction. Also covers cost-effective, innovative strategies, such as highly reflective and vegetated roofs, to minimize consumption of energy, water, and materials.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability Leadership certificate student; SOS 501; SOS 502  |
| SOS     | 505         | Sustainable Military Acquisition and Logistics | Sustainable Military Acquisition and Logistics provides practical approaches to applying sustainability principles and practices to all areas of procurement, acquisition, and logistics. Through weapon systems acquisition or procurement of installation goods and services, the Army hopes to drive innovation and promote sustainability while reducing costs. The inclusions of energy and resource efficiency and other sustainability criteria in acquisition and procurement decisions can reduce long-term operation and maintenance costs, conserve resources, and continue to expand innovation throughout the supply chain. This course introduces the application of sustainability principles to procurement and acquisition, transportation, and materiel. The use of life cycle analysis and multicriteria assessment for all 10 classes of supply is also featured significantly in the course. | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Sustainability Leadership certificate student; SOS 501; SOS 502  |

| SOS     | 510         | Perspectives on Sustainability                                     | University-wide course covering basic perspectives on sustainability. Uses case studies; faculty and students from engineering, architecture, social sciences, and natural sciences exchange ideas on the major challenges faced in forming a sustainable future at the local, national, and global levels.   | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): School of Sustainability graduate students   |
| SOS     | 511         | Advanced Sustainability Problem Solving                            | Conveys advanced procedures of how to identify and analyze sustainability problems and how to develop solution visions and strategies that can solve and mitigate sustainability problems. Introduces and facilitates training in how to use an integrated framework for sustainability problem solving, which is applicable to all sustainability-related professions. Prepares students for their applied projects on sustainability solutions.   | N                 | LEC               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): School of Sustainability graduate students   |
| SOS     | 512         | Environmental and Resource Economics                               | Microeconomic theory applied to problems of the environment and natural resources, principles of nonmarket valuation of the environment, market failures in the provision of environmental goods and services, dynamic management of natural capital stocks, the economics of sustainable development.  | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 513         | Science for Sustainability   | Key ideas, concepts and principles of sustainability science that focuses on the dynamic relationship between society and nature. Examines the structure, functioning and dynamics of coupled human-environment systems (CHESs) on local, regional and global scales with a systems perspective. Covers major sustainability science issues including: fundamentals of ecology, energy, agro-food systems, renewable and non-renewable resource systems, economic development and human well-being.   | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 514         | Human Dimensions of Sustainability                                 | Concepts and definitions of the human dimensions of sustainability; the role of attitudes and values in shaping sustainability goals, practices, and programs; the diversity of values and socio-cultural contexts relating to sustainability; bottom-up and top-down sustainable policy development, social data collection methodologies.   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GCU or SOS 514   |
| SOS     | 515         | Industrial Ecology and Design for Sustainability                   | The conceptual, ethical, and practical challenges in the design, manufacture, and life cycle performance of products; environmental evaluation via materials flow analysis and life cycle assessment; global economic, environmental, cultural, and social aspects of competitive and functional product development and manufacture.   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 |   |
| SOS     | 516         | Science, Technology and Public Affairs                             | Explores the political, economic, cultural, and moral foundations of science and technology policy and governance in democratic society.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 515 or GLG 547 or HSD 515 or PAF 547 or SOS 516  |
| SOS     | 517         | Sustainability and Enterprise                                      | Examines the evolving interface between sustainability and human enterprise. Explores and reviews key fundamental concepts in the sustainability arena, including economic and scientific drivers and select historical and structural aspects that create the current context for the enterprise and sustainability interface found today.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SOS 517 or SOS 591 (Sustainability and Enterprise)                                     |
| SOS     | 518         | Uncertainty and Decision Making                                    | Knowledge is always incomplete, yet decisions must be made. Explores uncertainty and its relation to decision making, with a particular focus on the ways that science and science-derived information is applied with the intent of improving decisions. Explores the many meanings and origins of uncertainty, using theoretical and case-based approaches. A central theme is the relation among uncertainty, scientific prediction, and decision making, especially in politically charged issues, for example as related to management of the environment. Ultimately understands how effective decisions can be made in the face of inevitable uncertainties and contested knowledge.                   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ASB 517 or BIO 517 or BIO 591 (Uncertainty & Decision Making) or HSD 517 or POS 527 or SOS 518 |
| SOS     | 520         | Research Design and Methods for Sustainability                     | Provides skills and knowledge that help students design their own research and place it in the context of other disciplines or bodies of work. Not a "methods" class because no specific method is taught indepth. Instead, it is an initial introduction to the research design process and is intended as a platform through which students develop the skills to appreciate and contextualize the approaches taken (and methods used) by others, and during which they can identify the types of specific training they require as they define their own research.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Pre- or corequisite(s): SOS 510; Credit is allowed for only SOS 520 or SOS 598 (Intro Design/Mthds)   |
| SOS     | 521         | Landscape Ecology  | Discusses how landscape heterogeneity interacts with ecological processes, and implications for biodiversity conservation, resource management, and landscape and urban planning.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 421 or BIO 521 or SOS 421 or SOS 521   |
| SOS     | 522         | Qualitative Methods for Sustainability Problems                    | Theory and application of qualitative methods to sustainability research and practice. Students define and frame a sustainability problem and apply a range of qualitative methods to it, articulate the strengths and weaknesses of these methods, and have a framework for assessing the appropriate use and evaluation of qualitative methods.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SOS 522 or SOS 591 (Qualitative Methods for Sustainability Problems)                   |
| SOS     | 525         | Social-Ecological-Technical Systems (SETS): Domains and interfaces | Guide students in developing an integrated approach and framework for thinking about complex systems in a sustainability context. Presents overviews of content, theories and methods from each of the SETS domains (Social, Ecological and Technical Systems); primarily focuses on how to bring these domains together. Explores the SETS interfaces (intersections) from an integrated perspective and equips students to make those linkages in their research and in subsequent elective courses. Each semester students use a sustainability problem or theme to explore the concepts presented in the course.  | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 527         | Environmental Ethics and Policy Goals                              | Advanced seminar in applied environmental ethics, focusing on the most influential and policy-relevant approaches in the field of environmental ethics. Core topics include the historical and philosophical foundations of alternative understandings of environmental responsibility; the debate over utility and preservation in environmental policy argument; and the interplay of ethical principles, scientific knowledge and societal priorities in environmental decision making. Consideration of the ethical and value dimensions of biodiversity conservation, wilderness protection, environmental valuation, environmental activism, climate change and sustainability, among other challenges. | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BIO 527 or SOS 527 or BIO 591 (Environ Ethics & Policy Goals)                          |

| SOS     | 528         | Human Impacts on Ecosystem Functioning                         | Explores our current understanding of how humans are impacting the functioning of ecosystems and how changes in ecosystems would affect provisioning of ecosystem services and ultimately human well-being. The two primary drivers of ecosystem change are growth of the human population and increased consumption per capita. These drivers affect the Earth's cycles of carbon, nitrogen and water, as well as regional and global-scale changes in biodiversity and climate. Includes an in-depth discussion of scenarios for the next 50 and 100 years, which articulate costs and benefits of alternative development pathways in terms of climate change, food production, clean water and biodiversity. Scenarios of change in biodiversity lead to the topic of the consequences of biodiversity change for the functioning of ecosystems from the point of view of their productivity and stability. Human activities have disrupted several biogeochemical cycles including nitrogen and carbon cycles. | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only BIO 429, BIO 528, SOS 429, SOS 528, or SOS 494/598 (Human Impacts on Ecosystem Functioning), or BIO 494/598 (Human Impacts on Ecosystem Functioning)                     |
| SOS     | 529         | Research Seminar in Environmental and Sustainability Economics | Runs in parallel with the ASU-wide biweekly seminar in Environmental and Resource Economics in that class sessions consist exclusively of these seminar sessions. Research presentations in the seminar are given by graduate students, faculty and visiting speakers.  | N                 | SEM               | Y               | OPT           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 530         | International Development and Sustainability                   | Historical roots of the idea of development; economic theories of growth and their implications for sustainability; interrelationship among population growth, food security, poverty, inequality, urbanization, technological change, international trade, and environmental change at local, regional and global scale.   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 531         | Achieving Career Success in Sustainability                     | The need for sustainability-minded workers and leaders has never been more important than right now. Yet sustainability as a career track is still very new and means different things to different people. Students explore their own ambitions and "personal brands," to shape their work personas, to model the behaviors and competencies that build long-term career success, and to uncover the sustainability potential of any job, whether or not "sustainability" is in the job title.   | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): SOS 510; Credit is allowed for only SOS 531 or SOS 598 (Achieving Career Success in Sustainability)  |
| SOS     | 532         | Sustainable Urban Dynamics                                     | Human and physical processes shaping urban ecologies and environments; human-environment interactions in the context of an urban region; effect of the institution and regulatory framework on the ability of social and urban-ecological systems to be resilient and sustainable; urban design, materials, transport, planning, and regulation.  | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): (degree- or nondegree-seeking graduate student; Credit is allowed for only ASB 533 or SOS 532  |
| SOS     | 533         | Sustainable Water  | Hydrological, legal, political, and ecological implications of alternative water management strategies; effect of institutional and regulatory frameworks; changes in water demand and supply due to human (population growth, economic changes) and natural (drought, climate change) factors  | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 534         | Sustainable Energy and Material Use                            | Sustainable engineering; overall energy needs and impacts; thermodynamics, heat transfer, and fluid mechanisms; atmospheric energy systems; field investigation; current and future urban energy systems.   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 535         | Sustainable Ecosystems   | How human activities and management practices alter biodiversity, ecosystem functioning and the provisioning of ecosystem services; use of economic and other social-science perspectives to estimate the value of ecosystem services; evaluation of options for achieving the sustainable flow of services from ecosystems.  | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ELS 535 or SOS 535   |
| SOS     | 536         | Food System Sustainability                                     | Broad view of food systems and the sustainability of such systems. Concepts, theory, methods and empirical analyses from diverse disciplines, including agro-ecology, agronomy, political science, agricultural economics, geography, anthropology, and food and nutrition studies. Students choose a theme that is a core concern to food system sustainability and pursue that theme in diverse course activities and through engaging in the broader food system we are embedded in as residents in the Phoenix area. Culminates with a term paper/project that synthesizes experience and knowledge, providing a unique perspective on their role in food systems.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SOS     | 540         | Statistical Modeling for Sustainability                        | Equips students with sufficient knowledge of statistical theory and methods of applied data analysis to begin conducting empirical analyses in their domains of interest; bring students to a high level of competency in using a cutting-edge statistical software package (Stata) for data management and data analysis tasks; expose students to applications of statistical methods in the economics/policy/social science sustainability literatures in order to develop an understanding for how statistical tools are operationalized in the research world; and develop an appreciation for the careful synthesis of social and natural science theory, knowledge of data and its limitations and command of statistical tools that constitute quality empirical research.  | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 4     |                 | Prerequisite(s): degree- or non-degree-seeking graduate student; Credit allowed for only AML, ESS or SOS 540  |
| SOS     | 541         | Mathematical Concepts and Tools in Sustainability              | Explores various mathematical analysis and models pertinent to sustainability science drawn from both social and natural sciences and introduced in a problem-based context. Demonstrates basic concepts from game theory such as pure-strategy and mixed-strategy Nash equilibriums in such classic games as prisoner's dilemma, hawk-dove, coordination. Explores the evolutionary dynamics of these games through the replicator equations. Studies important concepts of stability and regime shift for selected problems. Also discusses some basic solution concepts in cooperative game theory (depending on interest and time).   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit allowed for only AML 494 (Math Concepts & Tools in Sustainability), AML 541, SOS 494 (Math Concepts & Tools in Sustainability), SOS 541 or SOS 598 (Math Concepts & Tools in Sustainability) |
| SOS     | 542         | Sustainability Indicators                                      | Measures of sustainability (or sustainable development), focusing on sustainability indicators and indices (SIs). Discusses key conceptual and methodological issues on gauging sustainability and examines a wide range of sustainability indicators and indices that have been commonly used at global, regional and local scales.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only SOS 442, 494 (Sustainability Indicators and Indices), 542 or 598 (Sustainability Indicators and Indices)   |

| SOS     | 545         | Organizations, Sustainability & Public Policy            | Sustainability concerns are fast becoming a strategic issue for organizations in all sectors. In the last ten years, numerous organizations have completely redefined their business strategies in line with principles of sustainability by balancing the requirements for economic development, environmental quality and social justice, and governments worldwide are developing programs and policies that encourage these activities. Explores the connections between organization strategy--especially within the private sector, sustainability and public policy. Through a combination of practical cases, readings and lectures, class sessions engage students in discussions aimed at developing sustainability assessment models. Additionally, students apply new strategy tools that incorporate principles of proactive environmental management and social responsibility designed to enhance the public good.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate; Credit is allowed for only PAF or SOS 545  |
| SOS     | 546         | Life Cycle Assessment for Civil Systems                  | Covers fundamental and advanced concepts of the life cycle assessment framework exploring products, services, activities and infrastructure systems. Examines key concepts for system boundary selection, functional unit selection, inventorying, impact assessment and interpretation stages with a focus on energy and environmental assessment. Advanced concepts include allocation of effects, problem formulation for assessing footprints versus decisions or policies, and assessment of infrastructure interdependencies and supply chains. Exposes tools and data sources and presents approaches for evaluation of sensitivity and uncertainty of results. Encourages students with broad sustainability interests to enroll and explore how life cycle assessment can aid their work by shifting their views from direct to cradle-to-grave effects.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only CEE 506 or CEE 598 (Lifecycle Assessment) or SOS 546 or SOS 598 (Lifecycle Assessment)  |
| SOS     | 547         | Urban Infrastructure Anatomy and Sustainable Development | Understanding how built environment infrastructure systems interact with ecosystem services is critical for policies and decisions directing urban sustainability. Brings together students from several disciplines to develop a semester-long research project focused on a particular urban sustainability problem in Phoenix. During the semester, students are given background on how infrastructure systems work and are interdependent, and explore tools and methods for urban sustainability assessment with peers from several disciplines. As a class, students evaluate a particular urban sustainability problem for Phoenix, interact with local policy and decision makers in developing solutions, and present their findings at the end of the semester to the ASU community.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit for only CEE 507 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or PUP553 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or SOS547 or SOS598 (Urban Infrastr Anatomy & Sustain Dev)         |
| SOS     | 552         | Advanced Earth Systems Engineering and Management        | Advanced introduction to earth systems engineering and management, and the technological, economic and cultural systems underlying the terraformed Earth.   | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Credit is allowed for only CEE 581 or SOS 552  |
| SOS     | 553         | Changing Human-Nature Relationships                      | Explores key concepts in Western and non-Western thinking now intersecting in the Anthropocene to influence human interactions with and descriptions of Nature. Humans may protect Nature, but simultaneously use/overuse resources and drive change in social-ecological systems. Examines evolving assumptions about Nature, values/world views, progress, change, uncertainty, rationality, knowledge, tradeoffs and control/management, using a range of theoretical lenses (e.g., environmental/ecological/historical anthropology, culture, geography, ecology, economics, institutions, economic development, complex systems and sustainability science). Also studies a set of iconic Human-Environmental challenges and examines how theories and assumptions explain behaviors and human, ecological and policy outcomes. In turn, focuses on lessons that emerge for interdisciplinary scholarship. Encourages students to apply methods, concepts and theories to their evolving research questions. | N                 | LEC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ASB 530 or SOS 553  |
| SOS     | 555         | US Energy: Pathways to Sustainability                    | Organized around four mores of energy and environmental policy: energy supply, technology for efficiency, environmental sustainability and infrastructure. Also incorporates the wider context of energy and the environment in the society in which we live, taking into account our historic past and future potential life experience with energy availability and use. Through critical examination and analysis of these mores, students apply knowledge to the creation of a comprehensive energy and environmental policy plan that addresses past conditions, present states and future possibilities.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit for only SOS 435, SOS 494 (Energy & Environ Policy) or SOS 494- US Energy: Pathways-to Sustain or SOS 555 or 594 (US Energy: Pathways to Sustainability) or SOS 594 (Energy & Environmntl Policy) |
| SOS     | 557         | Global Sustainability Research Preparation               | First part of the project track of the double-degree master's program Global Sustainability Science (GSS). The project track runs from semester 1 to semester 3/4. This course prepares GSS students to develop their research proposal as well as to conduct sustainability research in transnational teams.   | N                 | RSC               | N               | OPT           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): School of Sustainability graduate student   |
| SOS     | 558         | Global Sustainability Research Project                   | Takes a solutions-oriented sustainability learning approach in which students work on real-world sustainability solutions and collaborate in small teams coached by instructors. Trains students in the use of an analytical-evaluative framework for sustainability solutions and applies it to different solution efforts.  | N                 | RSC               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SOS 558 or SOS 594 (Global Sustainability Research)   |
| SOS     | 559         | Global Sustainability Science Perspectives Seminar       | Seminar fulfills four functions: (1) students get familiar with sustainability research areas and faculty across ASU, based on the collective interest of the GSS cohort; (2) students receive training on scientific writing; (3) students have the opportunity to participate in a community of sustainability students that supports exchange, bonding and peer-teaching; and (4) students reflect on and provide feedback on the GSS program and their academic development, as well as receive feedback on their pathway through the program and beyond (career opportunities).  | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): SOS 557   |

| SOS     | 567         | Art and Ecology  | Designed for students with advanced independent studio art practices or sustainability studies students who have an interest in the way that their lives and practices engage environments. Through readings, slide presentations, discussions, guest visits, hands-on activities and screenings, explores the work of many contemporary ecological artists engaging with environments and environmental issues from a multitude of angles. Artists engage land remediation, agriculture, socio-ecological justice, sustainable materials, landscape design and much more. As cultural workers must be informed, the course content addresses some basic literacy with regard to environmental concerns and shares examples of realized accessible sustainable solutions. In addition to learning about ecologies and artists, students complete three art or research projects, inspired by assignments. | N                 | STO               | Y               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 467 or ART 494 (Art and Ecology) or ART 567 or ART 598 (Art and Ecology) or SOS 467 or SOS 494 (Art and Ecology) or SOS 567 or SOS 598 (Art and Ecology)Pre-req for SOS 567 |
| SOS     | 570         | Fundamentals of CAS Science  | Many phenomena of critical relevance to human society are dynamic systems that change over individual and evolutionary time scales, and are highly interactive, both within and between systems. That is, they are complex adaptive systems (CAS), and thus share isomorphic properties like near-decomposability, hierarchical organization, scale-free networks, self-organized criticality, and emergence. Fundamentals of CAS science explores the diverse, interdisciplinary applications of a complex adaptive systems across the social, behavioral, and life sciences.  | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ASM, BIC, or SOS 570  |
| SOS     | 571         | Sustainable Energy I: Technologies and Systems                       | Provides a primer on the scientific, technological and social aspects of energy. Three core modules: (1) primer on the physics of energy, (2) a review of power systems and electricity generation technologies, and (3) a review of transportation systems and fuel/vehicle technologies. Although the class focuses on energy technology, it also incorporates discussions of the human dimensions of energy systems.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOS     | 572         | Sustainable Energy II: Transitions                                   | Follows the thread of energy transitions through every aspect of our lives. Stresses the technological, economic, social and political contexts of energy transitions. Addresses energy use throughout history, the influence of energy on quality of life, how energy use has influenced the process of urbanization, and how considerations of access to and control of energy sources shapes geopolitical strategies. Draws on insights garnered by research in human ecology, anthropology, archaeology, economics, historiography, natural science and engineering as to the role energy use, and technological change involving the use of technology, has played in human development.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SOS 571   |
| SOS     | 573         | Sustainable Energy III: Futures Analysis, Negotiation and Governance | Complements other courses in this program and draws on experience and learning from other fields. Provides a basis for understanding the intersection of social, political, cultural, economic and technical dynamics of existing and emerging energy system possibilities, emphasizing the roles of human decision making as well as new scientific and technological developments. Emphasizes the development of sophisticated competency in several broad thematic capacities that are required to understand, engage with and provide thought leadership in the ongoing challenge of creating and cultivating sustainable energy systems.   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SOS 572   |
| SOS     | 574         | Sustainable Energy Analytics in Context                              | Addresses the primary metrics, data sources and methodologies used to measure sustainable energy, including how they are used to track progress toward sustainability goals and shape public policies. Covers the metrics for comparing the cost, efficiency, social equity and environmental impacts of various energy sources, and issues pertaining to product life cycle evaluation. These metrics provide the foundation for assessing the relative merits of various energy and production options based a variety of possible criteria. In addition to imparting factual knowledge for quantitatively evaluating a multiplicity of energy sources and systems and their impact on the environment, builds skills in research, comparative analysis and critical thinking that catalyze a lifetime of engagement with the complex and evolving issues surrounding sustainability.                   | N                 | LEC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SOS 571   |
| SOS     | 575         | Sustainable Energy Research Seminar                                  | Seminar-based course for sustainable energy Ph.D. students focusing on research skills for interdisciplinary energy research. Taken over two years. Second-year students are expected to take on more of a leadership role in the class and to contribute more developed research presentations in the spring semester. The seminar has a different focus in the fall and spring. In the fall, the course focuses on research methods. In the spring, the course focuses on the process of generating research ideas and writing effective research proposals.  | N                 | SEM               | Y               | GNA           | School of Sustainability | School of Sustainability | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOS     | 576         | Climate Science for Sustainability                                   | Dynamic interactions among the oceans, earth surface and atmosphere that control Earth's climate in its present state, in the context of past climates and projections for future climates. Assesses the factors that affect the trajectory of future climate change, and the sources and measurement of the critical climate parameters that are essential for guiding decisions for a sustainable future. Considers recent climate science-related controversies and assessments of scientific statements related to these controversies.   | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GLG 476 or GLG 576 or GLG 494/598 (Climate Science for Sustainability) or SOS 476 or SOS 576 or SOS 494/598 (Climate Science for Sustainability)                                |
| SOS     | 577         | Interdisciplinary Writing Seminar                                    | If you want your work to make a difference in the world, you need to be able to communicate your ideas to diverse audiences in a way that is interesting and accessible. Teaches students to write clearly, persuasively, and ethically to people in your discipline, in other disciplines, and outside academia. Approaches writing as a way to think critically and refine ideas, as well as to communicate them to others.   | N                 | SEM               | Y               | GNA           | School of Sustainability | School of Sustainability | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is only allowed for ESS 577 or SOS 577 or SOS 598 (Interdisciplinary Writing) or SOS 598 (Writing Seminar)  |
| SOS     | 578         | Writing Papers for Publication                                       | Students produce a draft of a research paper for submission to a peer-reviewed journal. Analysis of exemplary published papers and narrative strategies, along with peer review, support the writing process.   | N                 | SEM               | N               | GNA           | School of Sustainability | School of Sustainability | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SOS 578 or SOS 598 (Writing Papers for Publication)   |
| SOS     | 579         | Proposal Writing   | Proposal writing and reviewing with a focus on the NSF dissertation improvement grant format. Discusses professional development.   | N                 | SEM               | N               | OPT           | School of Sustainability | School of Sustainability | 3     |                 |  |
| SOS     | 581         | Synthesis for Sustainability Research                                | Aimed at students who have already gained training in content areas and are writing their research or projects for publication in peer-reviewed journals or other outlets. Challenges students to link their own research to other disciplines and the broader field of sustainability research.  | N                 | RSC               | N               | GNA           | School of Sustainability | School of Sustainability | 3     |                 | Prerequisite(s): SOS 510; SOS 520; SOS 525; Corequisite(s): SOS 596 or 599   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|--|
| SOS     | 582         | Project Management for Sustainability  | Provides exposure to the tasks and challenges facing project managers, i.e., those people responsible for the vital function of managing complex projects in sustainability in today's environment. Successful project managers have the abilities and skills to simultaneously manage people, schedules, risks, and resources while delivering successful outcomes. This course is a prerequisite for the MSUS culminating experience.   | N                 | LEC               | N               | OPT           | School of Sustainability    | School of Sustainability                     | 3     |                 | Prerequisite(s): Graduate Sustainability major; SOS 510. Pre- or corequisite: SOS 511  |
| SOS     | 584         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 589         | Community of Graduate Student Scholars | Provides the opportunity to develop new skills, to foster cohort building, to interact with other students and faculty, and to network and build support with the alumni network. Overseen by a faculty member but is primarily directed by the students. All MA or MS students take this course each semester. Although there is an overall structure as demonstrated in the course schedule, the specific content of the course varies each semester depending on the needs and interests of the students.  | N                 | LEC               | Y               | YGB           | School of Sustainability    | School of Sustainability                     | 1     |                 | Prerequisite(s): School of Sustainability graduate students  |
| SOS     | 590         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 591         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | School of Sustainability    | School of Sustainability                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOS     | 592         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z2            | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 593         | Applied Project                        | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 594         | Conference and Workshop                | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | STO               | Y               | OPT           | School of Sustainability    | School of Sustainability                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOS     | 595         | Continuing Registration                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | N                 | LEC               | Y               | Z3            | School of Sustainability    | School of Sustainability                     | 1     |                 |  |
| SOS     | 596         | Capstone: Scientific Paper             | MA/MS students are required to devote six hours to conducting research and writing a scientific paper of publishable quality based on the research. The paper topic, the research methodology, and the written format must be approved by the supervisory committee. Students must decide if they will complete the paper on their own or as a group.   | N                 | RSC               | Y               | GNA           | School of Sustainability    | School of Sustainability                     | 1-6   |                 | Prerequisite(s): Sustainability MA or MS student; SOS 510  |
| SOS     | 598         | Special Topics                         | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | SEM               | Y               | OPT           | School of Sustainability    | School of Sustainability                     | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SOS     | 599         | Thesis                                 | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | N                 | RSC               | Y               | Z2            | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 656         | Human Rights and Sustainability        | Addresses the connections between human rights and environmental sustainability. Legal and scholarly approaches linking these areas present new perspectives for addressing some of the greatest challenges of our time, given the important resource dimensions of economic and social rights and the human dimensions of sustainability. Yet human rights demands and environmental concerns are not always in harmony. Explores these tensions and opportunities by examining three substantive areas: urban ecology and human rights, the human right to food, and the human rights implications of extractive industries such as oil and mining. Following an introduction to the key concepts of human rights and sustainability, explores the substantive areas through theoretical and empirical readings on each; grassroots accounts of struggles over environment-related human rights; and selections from literature and film that illustrate the environmental justice issues at stake. | N                 | SEM               | N               | GNA           | School of Sustainability    | School of Sustainability                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only JUS 656 or SOS 656 or JUS 691 (Human Rights & Sustainability)   |
| SOS     | 691         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | School of Sustainability    | School of Sustainability                     | 1-12  |                 |  |
| SOS     | 790         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | OPT           | School of Sustainability    | School of Sustainability                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SPA     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                   |  |
| SPA     | 400         | Introduction to Spanish Linguistics                    | Introduces the discipline and methods of linguistics through the study of Spanish data.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | SB & G            | Pre/co-requisite: SPA 412 or 413; Students who have credit for SPA 400 may not enroll in SPA 539   |
| SPA     | 401         | Spanish Oral Communication for the Professions         | Students practice their Spanish oral communication skills in the context of serving U.S. Latino clients in the community (e.g., schools, government agencies, social work settings, medical settings) or reporting on issues of interest to the Hispanic community. Students gain practice in speaking varieties of Spanish that would assist their communication with monolingual Spanish-speaking Latino clients in formal (professional) and informal contexts in the public sector. Students gain experience in giving public talks, reporting on cultural events and issues in the Hispanic community, participating in simulated workplace exercises requiring the ability to carry out various language functions appropriately in different contexts.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     |                   | Pre-requisite: SPA 314 or 316; Students who have credit for SPA 494 (Spanish Oral Comm. for Profes) may not enroll in SPA 401  |
| SPA     | 402         | Written Communication for the Professions              | Students hone their Spanish literacy (reading and writing) skills in the context of serving U.S. Latino clients in the community (e.g., schools, government agencies, social work settings, medical settings) or reporting on issues of interest to the Hispanic community. Students read and understand documents in Spanish that they would come across in the process of assisting monolingual Spanish-speakers in the public sector or doing research on the Hispanic community (e.g., birth certificates, academic transcripts, medical reports, criminology documents, newspaper or magazine articles). Students gain practice in creating written documents in Spanish that would assist their communication with Latino clients in formal (professional) and informal contexts or that would allow them to report intelligently on issues of interest to the Hispanic community. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     |                   | Pre-requisite: SPA 314 or 316; Students who have credit for SPA 494 (Spanish Written Communication) may not enroll in SPA 402  |
| SPA     | 403         | Spanish Grammar and Stylistics for the Professions     | Students raise their level of awareness of appropriate grammatical, lexical and stylistic forms to use in their oral and written communication with U.S. Latino clients in formal (professional) and informal contexts in the community (e.g., schools, government agencies, social work settings, medical settings) or for reporting on issues of interest to the Hispanic community. Students enhance their analytical skills by analyzing and comparing Spanish oral and written discourse for genre-appropriate features (stylistics), grammaticality, mechanics, coherence and for a logical flow of ideas in public documents and oral discourses meant for a U.S. Latino audience.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     |                   | Pre-requisite: SPA 314 or 316; Students who have credit for SPA 494 (Span Gram & Stylistics for Pro) may not enroll in SPA 403   |
| SPA     | 404         | Spanish in U. S. Professional Communities              | Students investigate linguistic issues that impact the U.S. Latino community's interaction with professionals (e.g., interaction with service providers in schools, government agencies, social work settings, medical settings; language planning at state and local levels; Spanish spoken in different regions in the U.S.; Spanish language assessment of public sector employees; creation of Spanish for Professional Purposes courses). Students also learn to report on issues of interest to the Hispanic community.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     | C                 | Pre-requisite: SPA 314 or 316; Students who have credit for SPA 494 (Spanish in the Community) may not enroll in SPA 404   |
| SPA     | 405         | Latino Cultural Perspectives for the Professions       | Requires students to investigate the Latino cultural perspectives that underlie and affect communication in the professional world. Students come to understand the historical context that has affected the lives of Latino community in the U.S. and take a critical look at values traditionally associated with Latino culture (e.g., the importance of family ties, fatalism, honor, respecting elders, machismo or marianismo), which provide background information for professionals in the public sector who need to serve the needs of the Hispanic community.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     | (L or HU) & C & G | Pre-requisite: SPA 314 or 316; Students who have credit for SPA 494 (Latino/a Cultural Perspect Pro) may not enroll in SPA 405   |
| SPA     | 406         | Introduction to Spanish/English Medical Interpretation | Provides an introduction to interpretation theory and practice with a specific focus on interpretation for medical fields. Constitutes an academic introduction to the field and does not certify students to be medical interpreters. Students who enroll in this course should have an advanced level of conversational Spanish.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts         | 3     |                   | Prerequisite(s): SPA 314, SPA 316, or SPA 394 (Introduction to Spanish for the Professions); Credit is allowed for only SPA 406 or SPA 494 (Interpretation for Medical/Law Enforcement Personnel) or SPA 494 (Intro to Spanish/English Medical & Legal Interp) |
| SPA     | 412         | Advanced Conversation and Composition                  | Oral and written Spanish communication skills, with particular attention given to developing fluency and facility. Required of majors.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | G                 | Prerequisite(s): SPA 314, 316, or 413 with C or better   |
| SPA     | 412         | Advanced Conversation and Composition                  | Oral and written Spanish communication skills, with particular attention given to developing fluency and facility. Required of majors.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | G                 | Prerequisite(s): SPA 314, 316, or 413 with C or better   |
| SPA     | 413         | Advanced Spanish Grammar                               | Intensive analysis of the Spanish language. Required of teaching majors.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | G                 | Prerequisite(s): SPA 314, 316, or 412 with C or better   |
| SPA     | 413         | Advanced Spanish Grammar                               | Intensive analysis of the Spanish language. Required of teaching majors.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | G                 | Prerequisite(s): SPA 314, 316, or 412 with C or better   |
| SPA     | 414         | Spanish for Sustainability and Environmental Studies   | Provides language skills to engage in meaningful communication and official transactions in sustainability and environmental studies with an intermediate to high level of Spanish speaking, reading and writing competence.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                   | Prerequisite(s): SPA 314 or SPA 316 with C or better; Credit is allowed for only SPA 394 (Spanish for Sustainability) or SPA 414   |
| SPA     | 417         | Spanish Phonetics and Phonology                        | Introduces the theory and practice of Spanish phonetics and phonology.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                   | Prerequisite(s): SPA 412 or 413 with C or better   |
| SPA     | 418         | Spanish Syntax   | Introduces the syntax of the Spanish language by analyzing different word categories, their groupings in phrases, and the structure of both simple and complex sentences. Advanced course that requires some previous knowledge of basic structures of the language and their internal structure.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                   | Prerequisite(s): SPA 412 or 413 with C or better   |
| SPA     | 419         | Language Variations of Spanish                         | Spanish dialectology and variationist/quantitative sociolinguistics.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                   | Prerequisite(s): SPA 400 with C or better  |
| SPA     | 420         | Applied Spanish Linguistics                            | Applies linguistic principles to the teaching of Spanish.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | L                 | Prerequisite(s): SLC 201 or SPA 400 with C or better   |
| SPA     | 421         | Spanish in the Southwest                               | Discussion and linguistic analysis of Southwest Spanish.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | C                 | Prerequisite(s): SPA 412 with C or better  |
| SPA     | 422         | Spanish Lexicology and Lexicography                    | Explores the linguistic theory and methodology related to the defining of meanings of words in Spanish dictionaries.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                   | Pre-requisites: SPA 412  |
| SPA     | 425         | Foundational Texts of Spain                            | Surveys Spanish literature from its beginning to 1700.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | L or HU           | Prerequisite(s): SPA 325   |

| SPA     | 431         | Prose of Golden Age   | Focuses on a number of books of canonical prose of 16th- and 17th-century Spain. Spanish Golden Age prose is considered one of the most important bodies of literature both in the Spanish-speaking world and in early modern studies. An astonishing number of works of fiction and nonfiction were written in the period, inspiring artists and intellectuals all over Europe. All readings are representative of genres that, in addition to enjoying popularity in Spain, were extensively translated into other languages throughout Europe. Through a wide readership, Carcel de Amor, el Lazarillo, La Celestina, El Abencerraje, the Novelas ejemplares, and Desenganos amorosos, influenced the system of literary genres. They established a model for successful genres such as the sentimental novel, the picaresque and the Moorish novel, and promoted the reacceptance of the Italian novella in Spain. | N                 | LEC               | N               | OP6           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     | L or HU         | Prerequisite(s): SPA 325   |

| SPA     | 459         | Latin American Jewish Culture   | Focuses on forms of cultural production in Latin America marked by or under the aegis of Jewish diasporic identity from the late nineteenth century to the present. While Jewish immigrants and Latin Americans of Jewish descent may be found in all Latin American societies, cultural production is found concentrated in countries like Argentina, Brazil, Mexico and Chile. Investigates essentially cultural versions of a sociohistorical consciousness, and ranges across a broad spectrum of Latin American Jewish texts in an investigation of what forms of production have emerged to represent this important immigrant component of Latin American national societies. Examines novels and other literary works, along with photography and films, and looks at theme, motifs, characters that can be identified with what might be called a Jewish consciousness or Jewish sensitivity.                 | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only JST 459 or JST 494 (Jewish Latin American Culture) or SLC 459 or SLC 498 (Jewish Latin American Culture) or SPA 459 or SPA 498 (Jewish Latin American Culture) |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| SPA     | 546         | Heritage Language Pedagogy                | Sociolinguistic and pedagogical issues around the teaching and learning of heritage languages. Through a close examination of seminal articles in the field of heritage language pedagogy and research, students gain an understanding of the issues that concern these students and the teaching of this population. Defines the field, describes heritage language learners, and discusses the goals and sociolinguistic concerns of HL instruction. Also reviews the most appropriate teaching methodologies and principles for the heritage language classroom, especially in relation to literacy development. Contains a practical component that includes observations together with lesson plan and material development to prepare future teachers for effective classroom experiences and/or language program development. Course requirements include critical essays, online discussions, class observations, lesson plans and a research/applied paper. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SPA 546 or SPA 598 (Heritage Language Pedagogy)    |
| SPA     | 547         | Spanish Pragmatics                        | Studies the theoretical aspects of pragmatics and their incorporation to the analysis of talk in Spanish.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Pre-requisites: SPA 400 or SPA 539  |
| SPA     | 550         | Spanish for Reading Knowledge             | Teaches nonspeakers of foreign language, or those with only basic notions of the language, how to read in a foreign language at an advanced level. Emphasizes developing reading and translation skills through exposure to a variety of texts (journalistic, historical, literary and scientific). Requires no previous knowledge of Spanish.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SPA 550 or SPA 598 (Spanish for Reading Knowledge) |
| SPA     | 552         | Chicano/Chicana Film                      | Major figures and films by contemporary filmmakers (Sylvia Morales, Cheech Marin, Gregory Nava, Lourdes Portillo, Roberto Rodríguez, Evelina Fernández) interpreted via critical film theory.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPA     | 553         | Latin American Feminist Film              | Examines Latin American feminist films in the context of contemporary Latin American culture; films viewed analyzed as casework examples.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only SPA 553 or 583 (Feminist Filmmaking)                       |
| SPA     | 555         | Spanish American Modernism                | Principal works and figures of literary modernism, 1880-1920, with emphasis on international literary context of the movement.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 557         | Contemporary Spanish American Poetry      | Major works and problems in contemporary poetry and poetics, with emphasis on Paz, Parra, Cardenal, and new poetry since 1960.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 560         | Medieval Spanish Literature               | Major figures and works of the Middle Ages in Spain.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 564         | 19th-Century Spanish Prose Fiction        | Principal figures and works of realism in the 19th-century novel, with emphasis on Gald&ocute;s.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 565         | 20th-Century Spanish Drama                | Principal figures and works of Spanish dramatic literature from the Generation of 1898 to the present.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 566         | Generation of 1927                        | Major poets of the Generation of 1927, with emphasis on works of Lorca, Guillen, Salinas, and Aleixandre.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 567         | Contemporary Spanish Novel                | Major works of post-Civil War Spanish fiction.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 568         | Cervantes                                 | Extensive analysis of the prose and theater of Cervantes as a key figure of the Spanish Golden Age.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 569         | Studies in Spanish Film                   | Examines major figures and films in Spanish cinema. Critically interprets films through current film theory, history, and critical theory.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 572         | Spanish American Drama                    | Major contributions of Spanish American drama, with emphasis on contemporary dramatists.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 573         | Spanish American Essay                    | Major works of the essay, within the framework of intellectual history and literary movements.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 574         | Spanish American Vanguard Poetry          | Examines poetic developments, 1920-1940, with emphasis on Huidobro, Vallejo, Neruda, and the international context of their works.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 575         | Contemporary Spanish American Novel       | Principal novels of the <i>Nueva Narrativa Hispanoamericana,</i> within the context of contemporary theories of the narrative.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 576         | Contemporary Spanish American Short Story | Principal short stories of the <i>Nueva Narrativa Hispanoamericana,</i> within the context of contemporary theories of the narrative.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 577         | Regional Spanish American Literature      | Figures and works of major national (Peru, Argentina, Chile, and Mexico) and regional (Caribbean) literatures. Topics offered on a rotating basis. May be repeated when topics vary.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 3     |                 |   |
| SPA     | 580         | Practicum                                 | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences    | School of International Letters and Cultures     | 1-12  |                 |   |

| SPA     | 593         | Applied Project                                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | School of International Letters and Cultures     | 1-12  |                 |   |
| SPA     | 595         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences      | School of International Letters and Cultures     | 1     |                 |   |
| SPA     | 596         | Second Language Methodologies                    | Provides a solid overview of current methodologies in foreign/second language teaching and learning, including the World-readiness standards for learning languages and the Proficiency Guidelines of the American Council on the Teaching of Foreign Languages (ACTFL). Focuses on current pedagogical trends and theories in several areas of second language acquisition, including grammar and vocabulary, reading, writing, listening and speaking, and intercultural competence. Also provides opportunities to obtain practice in creating and adapting instructional materials, preparing and implementing individual lesson plans, written and oral assignments, and exams. Focuses on discussing student diversity in today's classrooms and differences between heritage and second language learners. Students have the opportunity to research a topic of their interest. Course consists of lectures, discussion, hands-on experience to encourage meaningful and collaborative learning. | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences      | School of International Letters and Cultures     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking grad stdnt; Credit only allowed for CHI 591 (Lang Teach Mthd & Prin) or CHI 596 or SLC 591 (Lang Teach Mthd & Prin) or SLC 596 or SPA 591 (Lang Teach Mthd & Prin) or SPA 596 |

| SPE     | 499         | Individualized Instruction  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 | Prerequisite(s): admission to the Professional Program   |
| SPE     | 501         | Introduction to Research and Evaluation in Education  | Overview of educational inquiry from controlled, quantitative to qualitative, naturalistic. Emphasizes locating and critically interpreting published research.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only COE 501 or ECD 503 or PPE 501 or SPE 501 or TEL 501 |
| SPE     | 502         | Language Development and Communication Disorders  | Theory and practice in phonology, syntax, semantics and pragmatics of language development for children with and without disabilities from infancy through adolescence. Emphasizes multiple models of assessment and intervention across multiple ecologies.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 503         | Collaboration, Consultation and Family-Centered Practices   | Provides definitions, models, activities and exploration in the various roles in collaboration, consultation and teamwork in the field of special education. Explores connections in depth with families, professionals and support personnel across disciplines and agencies.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SPE 503 or SPE 540 or SPE 541                       |
| SPE     | 504         | Elementary Methods in Content Areas   | Advanced level of development of knowledge and skills of instructional planning and methods of teaching and evaluating in elementary schools.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only EED 550 or SPE 504                                  |
| SPE     | 505         | Collaborating w/Families for Effective Transition Planning for Students w/Intensive Support Needs | Provides an introduction to transition planning for students with disabilities, focusing on person-centered planning and collaborative practices with families and service providers. Emphasizes understanding employment, self-determination, community participation, collaborative practices, family systems and person-centered planning. Introduces and applies a family systems perspective to understanding of families of all children, including infants and toddlers, adolescents and adults with disabilities. Emphasizes understanding diversity in values, belief and traditions.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 506         | Advanced Methods Assessment, Curriculum Planning and Instructional Strategies in Moderate/Severe  | Prepares teachers with the skills to effectively work with children and young adults with moderate to severe/profound disabilities (i.e., intensive support needs). Topics focus on assessment, curriculum planning and instructional strategies using evidence-based practices. Activities include direct observation and assessment techniques in inclusive environments; designing curriculum within multiple contexts with a focus on access to the general education in inclusive environments; selecting and implementing behavioral, communicative and instructional strategies; collaborative practices; and supporting across the educational lifespan of students. Students participate in class sessions two hours per week and engage in field experiences 6 to 8 hours per week in educational environments with students with intensive support needs. Emphasizes current research-based evidence to support students with intensive support needs. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 507         | Augmentative and Alternative Communication for Students with Intensive Support Needs              | Focuses on issues and strategies for teaching communication to individuals with intensive support needs (i.e., students with moderate to severe/profound disabilities such as intellectual disability, autism or multiple disabilities). This terminology is reflective of a support-based model of disability rather than a deficits-based model. Discusses specific assessment and intervention strategies as they relate to augmentative and alternative communication systems.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 508         | Educational Foundations of Serving Students with Severe Disabilities                              | Provides an overview of the etiological nature of individuals with moderate to severe disabilities (intellectual disabilities, multiple disabilities, sensory impairment and physical disabilities); characteristics of this population; and the associated support needs across the lifespan. Topics focus on the historical and legal contexts that influence services for this population; supports-based assessment and instruction; and key issues related to self-determination, person-centered planning in school contexts for children, youth and adults with moderate to severe disabilities.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 509         | Individualized Positive Behavior Supports for Students with Intensive Support Needs               | Knowledge and skills to assess, implement and evaluate positive behavior supports for students with intensive support needs (moderate to severe/profound intellectual disability, autism spectrum disorder, multiple disabilities), terminology reflective of a support-based model of disability rather than a deficits-based model. Students learn and apply the foundations of positive behavior supports, understanding the function of behavior and developing replacement behaviors, and implementing plans from a person-centered perspective that reflects the cultural needs of individuals and their families while drawing on interdisciplinary team members' expertise.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 510         | Assistive Technology Supports for Students with Intensive Support Needs                           | Focuses on specialized health care needs, policies and procedures for working with students with intensive support needs (i.e., students with moderate to severe/profound disabilities such as intellectual disability, autism or multiple disabilities). This terminology is reflective of a support-based model of disability rather than a deficits-based model. Provides an overview of methods for accommodating students including task or environmental modifications, assistive technology and adaptive equipment options.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 512         | Individuals with Intellectual Disability  | Etiology, diagnosis and management of individuals with intellectual disability. Current trends in prevention, programming and teacher preparation.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): graduate student (degree seeking or nondegree seeking). Credit is allowed for only SPE 312 or SPE 512                         |
| SPE     | 520         | Verbal Behavior   | Based on the theories of B. F. Skinner, this course increases student knowledge and understanding of the role of verbal behavior in learning and communication. Students gain experience recognizing the function of communication, applying standardized assessment measures to assess and develop targeted interventions to address communication challenges.   | N                 | REC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 521         | Foundations of Autism Spectrum Disorders  | Increases the understanding of characteristics of individuals with autism.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SPE     | 524         | Effective Classroom Behavior Management   | Addresses behavioral management techniques for children with special needs, including the organization and delivery of instruction and functional behavioral analysis.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SPE     | 531         | Methods of Applied Behavior Analysis for Exceptional Populations               | Methods based on the principles and concepts of applied behavior analysis. Students learn to operationally define problem behavior, conduct functional behavior assessment and generate recommendations for the development of behavior analytic interventions. Students gain knowledge and understanding of specific scientifically valid behavior change procedures. Discusses and applies their corresponding literature base.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 534         | Assessment and Evaluation for Children with Special Needs                      | Norm-referenced and criterion-referenced assessment and evaluation of student learning to determine eligibility, plan individualized programs, and monitor progress of students with disabilities. Includes assessments in academic areas, language disorders and transition. Emphasizes integration and adaptation of curriculum, instruction and evaluation for all students.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 535         | Curricula, Methods, Technology, and Adaptations in Special Education           | Develops strategies for effective adaptation of special education and general education curriculum through use of technology. Includes methods for addressing special needs in reading, math and language disorders.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 536         | Characteristics of Children with Behavioral Disorders                          | Variables contributing to behavior patterns of behaviorally disordered children.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 538         | Language and Literacy I  | Focuses on the theoretical knowledge and pedagogical skills necessary to equip future teachers to plan and implement high-quality reading and writing instruction in a classroom setting. Course objectives and topics are aligned to standards for reading and research from the International Reading Association (IRA), Arizona College and Career Ready Standards (ACCRS), Interstate Teacher Assessment and Support Consortium (InTASC) standards, and the National Reading Panel Report (2000). Focuses on reading readiness, language development, phonemic awareness, phonics, fluency, vocabulary and comprehension. Presents strategies and assessments to support struggling readers as well as a variety of ability levels and cultural and linguistic backgrounds to include English language learners. | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Teachers College graduate student; Credit is allowed for only RDG 531 or SPE 538   |
| SPE     | 540         | Family-Centered Practices  | Provides definitions, models, activities and exploration in the various roles in collaboration, consultation and teamwork in the field of special education. In-depth exploration of connections with families, professionals and support personnel across disciplines and agencies.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 541         | Consultation Frameworks and Issues   | Models, activities, and roles of educational consultants working with families, professionals, and support personnel across disciplines and agencies.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 548         | Cross-Categorical Foundations: LD, ED, MR, & PI/OHI                            | Foundations course compares cognitive, motor, and affective developmental and educational issues across LD, ED, MR, and PI/OHI.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 555         | Inclusive Practices for Diverse Learners                                       | Adapting instruction and assessment to meet the needs of all learners in inclusive settings. Includes the creation of plans to address challenging classroom behaviors.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 559         | Methods for Teaching Diverse Learners  | Apprentice teachers select a specific population, based on placement (mild to moderate or moderate to severe), for individualized investigation. Utilizes practical strategies for curriculum development and IEP implementation. Gains a deeper understanding of their practice by analyzing and reflecting for the purposes of monitoring and adjusting instruction.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Pre-requisite: MEd Special Education (Teacher Certification) major  |
| SPE     | 561         | Characteristics/Diagnosis of Learning Disabilities                             | Theories related to learning disabilities, including identification and characteristics.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 563         | Philosophical Foundations of Applied Behavior Analysis in Educational Settings | Reviews the history and foundations of the field of applied behavior analysis in educational settings. Interprets the impact and utility of radical behaviorism and experimental analysis of behavior in classrooms, clinics, homes and community settings.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): SPE 531; SPE 566   |
| SPE     | 565         | Behavior Change Systems  | Focuses on applied behavior analysis-based behavior change systems and procedures. Students learn to identify, implement, manage and supervise interventions based on fundamental elements of behavior change. Addresses behavior change considerations, including ethical use of behavior change systems and ongoing data collection for fidelity and progress monitoring.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): SPE 531; SPE 566; degree- or nondegree-seeking graduate  |
| SPE     | 566         | Applied Behavior Analysis in Inclusive Settings                                | Examines definitions, characteristics, assumptions and basic principles of applied behavior analysis. Describes and applies fundamental elements of behavior change, including reinforcement schedules, modeling, shaping, chaining and other behavior change procedures. Activities center on the design and delivery of social skill interventions with individuals with special needs in inclusive settings.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 567         | Ethics of Applied Behavior Analysis  | Addresses knowledge and application of the Behavior Analyst Certification Board Guidelines for Responsible Conduct for Behavior Analysts. Examines and resolves ethical dilemmas which may be encountered by behavior analysts. Addresses roles and responsibilities of members of a multidisciplinary treatment team comprised of educators, behavior analysts, parents, learners and other professionals. Students conduct risk-benefit analysis of evidence-based treatment approaches and develop declarations of professional practices and procedures for behavior analysts.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 568         | Behavior Assessment  | Focuses on critical aspects of applied behavior analysis, experimental design and the identification and implementation of effective assessment methodologies. Addresses client-centered responsibilities of the behavior analyst including problem identification, measurement, assessment, data collection and analysis. Students gain experience conducting functional behavior assessment and stimulus preference assessment to inform intervention design. Emphasizes measuring and ensuring treatment integrity.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): SPE 531; SPE 566; degree- or nondegree-seeking graduate. Credit is allowed for only SPE 568 or SPE 598 (Behavioral Assessment)   |
| SPE     | 569         | Research Methods in Applied Behavior Analysis                                  | Students gain expertise and practical experience in the interpretation and application of experimental design to inform decision making. Focuses on evaluation of the effectiveness of interventions through use of behavior analytic technologies in clinical and applied settings. Students learn to interpret and describe behavior in behavior analytic terms and explain concepts and approaches in everyday language. Students research and evaluate skill assessment approaches through strategic review of the behavior analytic literature. Course addresses single-subject methodologies to inform design and delivery of effective instruction and clinical interventions.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking); SPE 531; SPE 566; Credit is allowed for only SPE 569 or SPE 598 (Research Methods Applied Behavioral Analysis) |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                                    | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|---|
| SPE     | 572         | Testing and Measurement in Gifted Education: Methods                         | Covers current and historical aspects of testing and measurement in the field of gifted education. Topics include: the history and purposes of IQ testing, definitions of various types of tests, purposes of testing for gifted education services, ability tests and achievement measures, how tests are used in Arizona in programs for gifted learners.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SPE 572 or SPE 591 (Testing&Measurement Gifted Ed)   |
| SPE     | 573         | Differentiating Instruction for Gifted Learners: Teaching Methods            | Explores the design of differentiated curriculum and instruction for gifted learners in elementary and secondary education  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only SPE 573 or 591 (Diff Curriculum Gifted Child) |
| SPE     | 575         | Survey, Issues, and Foundations for the Exceptional Student                  | Explores the foundations of special education through characteristics and eligibility of exceptional students. Analyzes historical, political, social, and legal factors impacting special education services for exceptional students.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 576         | Clinical Experience  | Applies course content in special education classrooms grades K-12: emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 578         | Student Teaching: Special Education (Grades K-12)                            | Student teaching in special education classrooms grades K-12: synthesized experience in curriculum, instruction, assessment and classroom management.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 579         | Apprentice Teaching: Special Education (Grades K-12)                         | Apprentice teaching in special education setting. Synthesized experience in classroom management, curriculum, instruction and assessment. Must be taken four times for a total of 12 semester hours.  | N                 | PRA               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 585         | Creativity: Foundations of Research and Development in Gifted Education      | Explores nature of creativity in terms of philosophical underpinnings, empirical evidence, human development, self-actualization, and the ecology surrounding the creative event.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 586         | Advising the Gifted Learner: Social and Emotional Needs                      | Focuses on educational planning and guidance, social and emotional development, and family problem solving regarding needs of gifted children.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 587         | Special Populations in Gifted Education                                      | In-depth analysis of major controversies in educating the gifted, including nature/nurture, the role of mental tests, and sex differences.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 588         | The Gifted Learner: Foundations of Identification, Education and Development | Gifted children's characteristics, identification, needs, school and home environments, definitions, and misunderstandings. Research by Pressey, Stanley, Terman, and others.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 589         | Teaching the Gifted Learner: Models, Methods, and Programs                   | Methods in teaching elementary and secondary school gifted children, including individualized and computer-assisted instruction, team teaching.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Special Education Graduate student   |
| SPE     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: postbaccalaureate undergraduate or graduate student (degree seeking or nondegree seeking)  |
| SPE     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Special Education Graduate student   |
| SPE     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Special Education Graduate student   |
| SPE     | 597         | Capstone   | Applies theoretical and practical information presented through coursework in a real-world setting.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Special Education Graduate student   |
| SPE     | 680         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 684         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 690         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SPE     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Special Education Graduate student   |
| SPE     | 695         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. | SPF     | 783         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 784         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 790         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | IND               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-15  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 795         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SPF     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-15  |                 | Pre Requisite: Must be Post Bacc UG, Non Degree Graduate or Degree Graduate   |
| SSH     | 100         | Introduction to Global Health  | Current global health crises, challenges; tools for describing health and disease; ecological, cultural, social, historical, political-economic factors; comparative health systems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | SB & G          | Credit is allowed for only ASB or SSH 100   |
| SSH     | 194         | Covers topics of immediate or special interest to a faculty member and students. | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 1-4   |                 |   |
| SSH     | 201         | Epidemics and Outbreaks  | Covers epidemiologic methods for the control of conditions such as infectious and chronic diseases, mental disorders, community and environmental health hazards, and unintentional injuries. Other topics include quantitative aspects of epidemiology, including data sources, measures of morbidity and mortality, evaluation of association and causality, and study design. A background in basic biology and a basic understanding of the principles of human diseases helpful in succeeding in this course. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     |                 | Credit is allowed for only ASM 201, SSH 201 or 294 (Introduction to Epidemiology)   |
| SSH     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 1-4   |                 |   |
| SSH     | 300         | Food and Culture   | Uses the case of food to explore how culture shapes human well-being, including the impact of political-economic systems on what we have and chose to eat.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | (L or SB) & C   | Pre-requisite: ENG 101, 105, 107, or ENG 111; Credit is allowed for only ASB or SSH 300   |
| SSH     | 301         | Global History of Health   | Examines disease and health transitions in broadest context of human history, from primate ancestors to hunter-gatherers, to transcontinental contact, colonialism, industrialization, urbanization.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | SB & G & H      | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 301 or HST 301 or SSH 301   |
| SSH     | 305         | Poverty and Global Health  | From perspectives of anthropology and allied fields, explores critical, social justice, and ethical issues in health care, research, and disparities. Focuses on vulnerable and special populations.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | (L or SB) & G   | Prerequisite(s): ENG 101, 105, 107, or 111 with C or better; Credit is allowed for only ASB 305 or SSH 305 or WST 305   |
| SSH     | 314         | HIV/AIDS: Science, Behavior, and Society   | Overview of the basic biological, behavioral, and psychosocial aspects of HIV disease and AIDS.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only MIC 314 or SSH 314  |
| SSH     | 355         | Traditional Medicine and Healing   | In-depth study of world views, practices, and roles of shamans and traditional and contemporary healers.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | HU or SB        | Credit is allowed for only ASB or SSH 355   |
| SSH     | 370         | Ethics of Eating   | This multidisciplinary course examines the elements of modern food systems and current ethical issues regarding food production, distribution and consumption. Also provides a foundation for investigating the effects of social inequality in food systems and global and local responses to address those challenges.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | L or SB         | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ASB 370 or ASB 394 (Production, People, and Environments) or ASB 394 (Ethics of Eating) or SOC 370 or SOS 370 or SSH 370 |
| SSH     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 1-4   |                 |   |
| SSH     | 401         | Health and Human Biology   | Health and biology in contexts of human evolutionary history, biological and cultural variation, lab-based health status assessments, core concepts of human variation.  | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3-4   |                 | Pre-requisites: ASB 100 (or ASM 104); SSH 100; Credit is allowed for only ASM or SSH 401  |
| SSH     | 402         | Community Partnerships for Global Health   | Supervised community-based activities relevant to a global perspective on contemporary U.S. health. Addresses community-identified issues using appropriate methodologies.   | N                 | PRA               | Y               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3-9   | SB              | Pre-requisites: Minimum 45 credit hours; SSH 100 or ASB 100; Credit is allowed for only ASB 452 or SSH 402  |
| SSH     | 403         | Cross-Cultural Studies in Global Health  | Direct investigations of society, ecology, and health in international settings.   | N                 | PRA               | Y               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3-6   | (L or SB) & G   | Pre-requisites: SSH 100 or ASB 100; Credit is allowed for only ASB 443 or SSH 403   |
| SSH     | 404         | Medical Anthropology: Culture and Health   | Role of culture in health, illness, and curing; health status, provider relations, and indigenous healing practices in United States ethnic groups.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Human Evolution & Social Change     | 3     | SB & C          | Credit is allowed for only ASB 462 or SSH 404   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                               | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                                | Units | General Studies | Requirements  |

| SSH     | 405         | Senior Seminar in Global Health                 | Students create health solutions, integrating theoretical, methodological, ethical, and experiential learning related to the global health major.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): Global Health major; minimum 87 hours; SSH 100 or ASB 100 with C or better; SSH 403 or ASB 443 with C or better                                  |
| SSH     | 414         | Urban and Environmental Health                  | Integrates theory and practice of social sciences (including anthropology, demography, and human geography) to understand environmental contexts of health, particularly urban.  | N                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              | Prerequisite(s): ASB 100, 102, 222, 223, AML 100, ASM 104 or SSH 100 with C or better; minimum 45 hours; Credit is allowed for only ASM 414 or SOS 414 or SSH 414 |
| SSH     | 484         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |   |
| SSH     | 492         | Honors Directed Study                           | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SSH     | 493         | Honors Thesis                                   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SSH     | 494         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| SSH     | 498         | Pro-Seminar                                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-7   |                 |   |
| SSH     | 499         | Individualized Instruction                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-3   |                 |   |
| SSH     | 502         | Professional Seminar in Global Health           | Focuses on skills, ideas, and practice related to the Global Health MA and PhD at Arizona State University. Seminar. Prerequisite: Must be a graduate student in the Global Health degree program.   | N                 | SEM               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1     |                 | Pre-requisite: Must be a graduate student in the Global Health degree program   |
| SSH     | 503         | Medical Anthropology                            | Theory in medical anthropology and cross-cultural studies that illustrate particular theories.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 510         | Health: Social and Biocultural Theories         | Comparative and critical approaches to complexities of health, drawn from anthropology and related fields Focuses on theories that address how social and cultural factors shape human health.   | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 512         | Social Science Applications in Community Health | Supervised community-based activities relevant to improvement of health through application of social science theory.  | N                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-9   |                 | Pre-requisites: ASB 511 or SSH 511; Graduate (degree or nondegree) student  |
| SSH     | 514         | Urban and Environmental Health                  | Integrates theory and practice of social sciences (including anthropology, demography, and human geography) to understand environmental contexts of health, particularly urban.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 |   |
| SSH     | 590         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 593         | Applied Project                                 | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |   |
| SSH     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 691         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 695         | Continuing Registration                         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | N                 | LEC               | Y               | Z3            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 790         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SSH     | 799         | Dissertation                                    | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SST     | 191         | First-Year Seminar                              | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 1-3   |                 |   |
| SST     | 194         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 1-4   |                 |   |
| SST     | 220         | Introduction to Social Transformation           | Introduces key concepts in the study of social change, social innovation, and social transformation. Studies examples of social movements, social activism, community organizing, and coalition building and how such efforts have transformed society and culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 3     |                 | Credit is allowed for only APA 220 or JUS 220 or SST 220  |
| SST     | 235         | Disability, Justice and Advocacy                | Overarching history of the disability rights movement and how it is similar to and different from other civil and rights movements. Examines how policies and activism are interconnected within this movement, in addition to looking at other human categories related to disabilities such as gender, sexuality, race and socioeconomic status.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 3     | C               | Credit is allowed for only COM 235, JUS 235, SST 235, WST 235 or SST 294 (Disability Justice and Advocacy)  |
| SST     | 294         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 1-4   |                 |   |
| SST     | 298         | Honors Directed Study                           | Independent study or practicum under the supervision of a faculty member.  | N                 | RSC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation           | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

| SST     | 301         | Mixed Research Methods for American Communities                | Provides a foundation in the concepts and tools of community-based participatory research for studying American cultures, including how to identify and utilize appropriate quantitative and qualitative research methods for working with diverse American communities. Students learn to take part in participant observation, conduct surveys, interviews and focus groups as well as explore existing data sets to conduct secondary data analysis and utilize visual and narrative means of data collection and presentation.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; MAT 117, 142, 170 or completion of MA General Studies course; minimum 2.00 GPA; minimum 24 hours |
| SST     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |  |
| SST     | 428         | Critical Race Theory   | In-depth analysis of the ways in which race has been historically utilized, constructed, and contested in American civil society.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 36 hours; Credit is allowed for only AFR 428, APA 428, JUS 428 or SST 428                 |
| SST     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |  |
| SST     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SST     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-7   |                 |  |
| SST     | 499         | Individualized Instruction                                     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-3   |                 |  |
| SST     | 501         | Foundations of Social Transformation                           | Introduces the foundations of social transformation and social change. Looks at social transformation through an interdisciplinary lens and explores the connections between the objective and subjective factors that enable or inhibit social transformation in different contexts.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SST     | 510         | Social and Cultural Pedagogy: Theoretical and Practical Issues | Engages students with the academic literature and scholarly debates on social and cultural pedagogy, reviews practical lessons from the field, and provides an overview of different areas of intervention and professional practice. Considers the historical, local, and international dimensions of social and cultural pedagogy, illustrating them with selected case studies. Encourages the study of social and cultural pedagogy using a critical and interdisciplinary perspective.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SST     | 520         | Learning Technologies in Native Education                      | As the Internet and digital devices become more accessible in Indian country, educators are increasingly developing digital systems for formal and informal learning environments. From distance learning systems to digital language learning and apps for informal learning, this course reviews types of educational technologies in different American Indian and Indigenous educational settings, highlighting the relationship among technical affordances, pedagogical approaches, and social impacts. Students (1) understand how technical affordances shape learning in face-to-face and online environments; (2) describe the relationship between digital learning tools and curricular and programmatic objectives; and (3) describe and propose the basic limitations and possibilities of types of educational technologies for specific American Indian and Indigenous educational settings. | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SST     | 530         | Culture and Education  | Examines the relationship between local cultures, local knowledge and education. Drawing from comparative and international education and paying particular attention to the world's most marginalized populations--Indigenous peoples. Additionally, explores historical trajectories of education, the global expansion of schooling, state and international education and language policies, as well as notions of local/Indigenous resistance, agency, response and educational innovation. Three major sections comprise the course: (1) patterns in education and language policy for historically underrepresented and underserved populations; (2) the role of families, communities and local and place-based pedagogies; and (3) alternative models of education toward social transformation.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SST 530 or SST 591 (Culture and Education)                    |
| SST     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-15  |                 |  |
| SST     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |  |
| SST     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | N                 | RSC               | Y               | Z3            | Liberal Arts and Sciences | School of Social Transformation | 1     |                 |  |
| SST     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| SST     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | IND               | Y               | Z2            | Liberal Arts and Sciences    | School of Social Transformation          | 1-12  |                 |  |
| SST     | 604         | Sexuality Studies                                 | Examines the social construction of sexuality, sexual identities and cultures, including LGBT people and other non-normative gender and sexual formations not captured by modern LGBTQ categories. Studies genders and sexualities that both pre-date current LGBT subjectivities and community formations, as well as develops theoretical and analytic tools to examine future gender and sexual possibilities. Interrogates forms of heterosexuality, heteronormativity and homonormativity, from an intersectional perspective. Examines issues and institutions that impact and are impacted by sexuality as a vector of power, such as sexual stratification, carceral genders and sexualities, reproductive rights/justice, sexual health and justice, HIV/AIDS and disease, sex work, the state and legal system, and transnational and diasporic sexualities, just to name a few. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation          | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| SST     | 790         | Reading and Conference                            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Social Transformation          | 1-12  |                 |  |
| SST     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences    | School of Social Transformation          | 1-12  |                 |  |
| SST     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Social Transformation          | 1-15  |                 |  |
| STC     | 500         | Research Methods                                  | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 505         | Theories of Social Technology                     | Examines key theories of social technologies from social and behavioral perspectives. Examines the political dimensions of technologies; technology's role in constructing social structures; and how mobile technologies encourage, structure and delimit social interaction.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 510         | Applied Social Technology                         | Provides participants with a foundation for understanding how technological systems, large and small, relate to organizational and social change. Case-based approach focuses on how to assess and recommend changes to a variety of types of organizations and communities.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 520         | Advocacy and Social Technology                    | Examines the potential for social technology in advocating for social change.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 525         | Politics and Social Technology                    | Concerns the political implications of social technology.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 530         | Technology and Collaboration                      | Examines the analysis, design, implementation and implications of systems intended to support collaboration.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 535         | Networked Social Technology                       | Surveys human and social behaviors from the perspective of networks, with an emphasis on social technology.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 537         | Community Informatics                             | Examines the ways in which communities form, manage themselves, and improve through the use of networked technologies.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 540         | Critical/Cultural Approaches to Social Technology | Examines critical and cultural studies approaches to social technologies. Explains a critical/cultural studies approach to social issues and the cultural and social dimensions of technologies. Explores how social technologies both shape and are shaped by power and how cultural understandings of technology contribute to the shaping of everyday life.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 545         | Games as Social Technology                        | Explores how games as networked and collaborative technologies facilitate community formation, interaction and development.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 547         | Political Economy of Social Technologies          | Examines the economic, political and material structures of contemporary social and participatory media. Considers patterns of ownership, regulatory policy, corporate ideology and practice, intellectual property, the nature of labor in the information economy, and more, all with an eye toward understanding how social technologies are developed, distributed and deployed.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 590         | Reading and Conference                            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | REC               | Y               | Z1            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| STC     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|--|
| STC     | 592         | Research                                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STC     | 593         | Applied Project                            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STC     | 595         | Continuing Registration                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | New Interdis Arts & Sciences | School of Social and Behavioral Sciences        | 1     |                 | Prerequisite(s): Social Technologies MA student  |
| STC     | 598         | Special Topics                             | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences        | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STM     | 591         | Seminar                                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Ira A. | STP     | 326         | Intermediate Probability        | Probability models and computations, joint and conditional distributions, moments, and families of distributions. Topics in stochastic processes, simulation, and statistics.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     | CS              | Prerequisite(s): MAT 210, 251, 265, or MAT 270 with C or better; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421 |
| STP     | 394         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 1-4   |                 |  |
| STP     | 420         | Introductory Applied Statistics | Introductory probability, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, chi-square tests, regression analysis, analysis of variance, and nonparametric tests.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | CS              | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better  |
| STP     | 420         | Introductory Applied Statistics | Introductory probability, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, chi-square tests, regression analysis, analysis of variance, and nonparametric tests.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     | CS              | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better  |
| STP     | 420         | Introductory Applied Statistics | Introductory probability, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, chi-square tests, regression analysis, analysis of variance, and nonparametric tests.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     | CS              | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better  |
| STP     | 421         | Probability                     | Laws of probability, combinatorial analysis, random variables, probability distributions, expectations, moment-generating functions, transformations of random variables, and central limit theorem.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     |                 | Prerequisite(s): MAT 267 or 272 with C or better; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421                |
| STP     | 421         | Probability                     | Laws of probability, combinatorial analysis, random variables, probability distributions, expectations, moment-generating functions, transformations of random variables, and central limit theorem.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): MAT 267 or 272 with C or better; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421                |
| STP     | 421         | Probability                     | Laws of probability, combinatorial analysis, random variables, probability distributions, expectations, moment-generating functions, transformations of random variables, and central limit theorem.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Prerequisite(s): MAT 267 or 272 with C or better; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421                |
| STP     | 425         | Stochastic Processes            | Markov chains, stationary distributions, pure jump processes, 2-D order processes, and other topics in stochastic processes.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): MAT 342 or 343 with C or better; MAT 371 with C or better; STP 421 with C or better                                 |
| STP     | 427         | Mathematical Statistics         | Limiting distributions, interval estimation, point estimation, sufficient statistics, and tests of hypotheses.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 415 or STP 421 with C or better; STP 281 or 420 with C or better  |
| STP     | 427         | Mathematical Statistics         | Limiting distributions, interval estimation, point estimation, sufficient statistics, and tests of hypotheses.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Prerequisite(s): ACT 415 or STP 421 with C or better; STP 281 or 420 with C or better  |
| STP     | 429         | Experimental Statistics         | Statistical inference for controlled experimentation. Multiple regression, correlation, analysis of variance, multiple comparisons, and nonparametric procedures.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     | CS              | Prerequisite(s): STP 420 with C or better  |
| STP     | 450         | Nonparametric Statistics        | Rank- and order-based tests and estimation procedures for 1 sample and 2 or more related or independent samples, measures of correlation, and introduction to resampling methods, including bootstrap and randomization tests.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Pre-requisite: STP 310   |
| STP     | 451         | Quality Improvement             | In-depth concentration on statistical process control for attribute and variables data, process capability analysis and measurement systems analysis.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Prerequisite(s): STP 311   |
| STP     | 452         | Multivariate Statistics         | Statistical analysis of multivariate data including methods for preparation and presentation of multivariate data, MANOVA, discriminant analysis, principal component analysis, factor analysis, cluster analysis, random forests and classification trees.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Pre-requisite: STP 311; MAT 343  |
| STP     | 460         | Categorical Data Analysis       | Statistical methods for the analysis of categorical (discrete, count) data. Topics include exact and approximate tests and confidence intervals for one- and two-binomial proportions, contingency tables, generalized linear models, logistic regression and loglinear models.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): STP 310, 311; MAT 272   |
| STP     | 460         | Categorical Data Analysis       | Statistical methods for the analysis of categorical (discrete, count) data. Topics include exact and approximate tests and confidence intervals for one- and two-binomial proportions, contingency tables, generalized linear models, logistic regression and loglinear models.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Prerequisite(s): STP 310, 311; MAT 272   |
| STP     | 484         | Internship                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z2            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 1-12  |                 |  |
| STP     | 485         | Statistics Capstone             | Students work in a team and partner with a client to solve a real-world problem requiring statistical analyses. Emphasizes problem development, integration of technical skills, teamwork and communication among the students and with the client. Requires regular meetings and presentations with team, client and faculty advisor. | N                 | LEL               | N               | YGB           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 3     |                 | Pre-requisite: Senior standing; STP 310, 311, 6 additional hours of upper-division STP excluding STP 492, 493, 498, 499              |
| STP     | 486         | Peer Mentoring in STEM          | Advanced students learn and apply mentoring skills in science classes or teaching labs.  | Y                 | SEM               | Y               | YGB           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ACO 486 or BIO 486 or LSC 486 or MAT 486 or PTX 486 or STP 486         |
| STP     | 492         | Honors Directed Study           | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
