| MAT     | 799         | Dissertation                               | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MAT     | 117S        | College Algebra Stretch                    | For students who have an in-progress (Z) grade for MAT 117. The grade earned in MAT 117S replaces the Z grade for MAT 117. Course content is the same as MAT 117, which is intended to develop skills in linear functions, quadratic functions, general polynomial functions, rational functions, exponential functions and logarithmic functions. Also studies systems of linear equations. Emphasizes problem-solving techniques, specifically by means of discussing concepts in each of these topics. | N                 | LEL               | N               | NOG           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts        | 0     |                 | Prerequisite(s): MAT 117 with grade of Z  |
| MAT     | 117S        | College Algebra Stretch                    | For students who have an in-progress (Z) grade for MAT 117. The grade earned in MAT 117S replaces the Z grade for MAT 117. | MBB     | 493         | Honors Thesis                                      | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| MBB     | 494         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-4   |                 |  |
| MBB     | 495         | Undergraduate Research                             | Supervised research in biology/microbiology/molecular biosciences and biotechnology/or plant biology.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-3   |                 | Pre-requisite: Junior or senior standing   |
| MBB     | 496         | Undergraduate Thesis                               | Guided research culminating in the preparation of an undergraduate thesis based on supervised research done in this and previous semesters.  | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only BIO 496 or HPS 496 or MBB 496 or MIC 496  |
| MBB     | 499         | Individualized Instruction                         | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-3   |                 | Pre-requisites: Minimum 3.0 GPA; Molecular Bioscience/Biotechnology student  |
| MBB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MBB     | 594         | Conference and Workshop                            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCB     | 191         | First-Year Seminar                                 | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours  |
| MCB     | 494         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-4   |                 |  |
| MCB     | 500         | Research Methods                                   | Course on research methods in a specific discipline.   | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCB     | 501         | Seminar: Molecular and Cellular Biology Colloquium | Presentation of current research by noted researchers in the field.  | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCB     | 503         | Bioimaging Lab                                     | Provides a fundamental understanding of light-based microscopy through the training and use of instruments contained within the SOLS Keck Bioimaging laboratory. Examines the use of bright field, contrast, epi-fluorescent, total internal reflective fluorescence (TIRF), confocal, multiphoton and atomic force microscopy and how they are applied to various research applications. Additional focus given toward image ethics, analysis, and presentation using programs such as Adobe Photoshop and ImageJ. During the second half of the semester, students propose and develop an experimental project, based on their graduate research, in which they collect data, do analysis, and prepare results for a final project presentation. | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 2     |                 | Pre-requisites: BIO 504, MCB 504, or BIO 598 (Bioimaging Current Techniques); Credit is allowed for only BIO or MCB 503  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                       | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                      | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|---|
| MCB     | 504         | Bioimaging   | Lecture survey of modern techniques for imaging tissues, cells, and macromolecules, including light microscopy (e.g. video, fluorescence, confocal, multiphoton, single molecule), electron microscopy (e.g. transmission, scanning, cryogenic, tomographic) and ancillary techniques.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 2     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO or MCB 504                           |
| MCB     | 506         | Clinical Gross Anatomy                             | Dissection of the human body with an emphasis on the application of anatomical knowledge to clinical applications.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 6     |                 | Credit is allowed for only ASM, BIO or MCB 506  |
| MCB     | 540         | Functional Genomics                                | Functional relevance of genomic sequences; DNA arrays, proteomics, analysis of genomic information for metabolic physiology of organisms.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO 440 or CBS 540 or MBB 440 or MCB 540 |
| MCB     | 555         | Advanced Molecular and Cellular Sciences           | Study of structural and functional organization of biomolecules and cells, based on current literature.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-6   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MCB or NEU 555                           |
| MCB     | 556         | Advanced Molecular and Cellular Biology II         | Continuation of MCB 555.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 590         | Reading and Conference                             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 594         | Conference and Workshop                            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 |   |
| MCB     | 595         | Continuing Registration                            | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Life Sciences         | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 598         | Special Topics                                     | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCB     | 700         | Research Methods                                   | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences         | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| MCE     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-12  |                 |  |
| MCE     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MCE     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| MCE     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| MCE     | 497         | Honors Colloquium   | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MCE     | 499         | Individualized Instruction                                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 |  |
| MCE     | 548         | Multicultural Perspectives on Teaching and Learning             | Facilitates understanding of key components related to cultural diversity.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCE     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 594         | Conference and Workshop   | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 784         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |
| MCE     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Undergraduate Postbaccalaureate student |

| MCO     | 302         | Media Research Methods               | Surveys research methods used in the social sciences, with a focus on mass communication.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA  |
| MCO     | 307         | The Digital Audience                 | Who are the people who make up digital audiences? How do digital audiences behave? And why is it important to research, identify and monitor digital audiences and their engagement with your organization? This course introduces the student to the very essence of the digital audience, exploring how community, consumer, social psychology and theory converge on digital platforms and social networks. Through case-study analyses, students learn how audiences differ across industries and platforms, the elements that engage or dissuade users, and how organizations use audience data to manipulate growth strategies. | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA  |
| MCO     | 366         | Media Ethics and Diversity           | Explores contemporary news media ethical problems in a seminar setting. Uses journalism and mass communication ethical perspectives to obtain keys to unlock contemporary dilemmas surrounding the news media.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum 2.00 GPA; Credit is allowed for only JMC 366 or JMC 367 or MCO 366 or MCO 494 (Media Ethics and Diversity)   |

| MCO     | 403         | Media Law                            | Provides a grounding in the laws and regulations that govern various aspects of the media with a focus on First Amendment guarantees and privileges and the extent to which those have been limited by courts and lawmakers. Topics include freedom of expression, libel, privacy and obscenity.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum 2.00 GPA; Credit is allowed for only JMC 402 or MCO 403 or MCO 494 (Media Law) or MCO 503  |
| MCO     | 418         | History of Mass Communication        | American journalism from its English and colonial origins to the present day. Development and influence of newspapers, magazines, radio, television, and news gathering agencies.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | SB & H          | Prerequisite(s): minimum cumulative 2.00 GPA  |
| MCO     | 418         | History of Mass Communication        | American journalism from its English and colonial origins to the present day. Development and influence of newspapers, magazines, radio, television, and news gathering agencies.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts         | 3     | SB & H          | Prerequisite(s): minimum cumulative 2.00 GPA  |
| MCO     | 420         | Strategic Sports Communication       | Covers the wide-ranging field of strategic sports communication. Prepares students for an entry-level position in the strategic sports communication field.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Journalism and Mass Communication or Sports Journalism or Business (Sports and Media Studies) major; minimum 45 hours  |
| MCO     | 425         | Digital Media Literacy I             | Helps students begin to navigate the 21st-century media, starting by becoming active users of media, not just passive consumers. The Internet-fueled democratization of media creation has enabled anyone to be a publisher, and given audiences' almost infinite choices, with both great and questionable effects. In a world of information abundance, it can be difficult to discern fact from opinion and truth from fiction. We need to know how to wade through this barrage of information with a critical eye, to be better informed, and ultimately become creators of media ourselves.                                     | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA; Credit is allowed for only MCO 425 or MCO 494 (Digital Media Literacy)  |

| MCO     | 426         | Digital Media Literacy II                | Discusses digital media consumption to some degree, but focuses more on media creation and the many issues we need to understand for best practices. Students learn the importance of understanding the tools and techniques of media creation, and how media are used to persuade, the ethical and legal issues in creating media, policy issues that can (or will) affect media creation, and an assortment of media-creation techniques.                      | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum 2.00 GPA; Credit is allowed for only MCO 426 or MCO 494 (Digital Media Literacy II)   |
| MCO     | 430         | International Mass Communication         | Comparative study of communication and media systems. Information gathering and dissemination under different political and cultural systems.  | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | G               | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 430         | International Mass Communication         | Comparative study of communication and media systems. Information gathering and dissemination under different political and cultural systems.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts         | 3     | G               | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 435         | Social Media                             | Explores and critically analyzes the social, cultural, legal, ethical, economic, and technological dimensions of social media tools from Facebook to Foursquare, Twitter to Flickr and beyond.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 436         | Audience Research and Behavior           | Prepares students to undertake or manage research on customers, employees, readers, viewers, influencers and others with whom an organization seeks to communicate or build relationships. Digital data have profoundly reshaped how organizations mine and interpret audience data, so the course introduces new techniques and tools for developing audience insights, as well as traditional qualitative and quantitative research methods.                   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 307 with C or better; minimum 2.00 GPA; Credit is allowed for only MCO 436 or MCO 564   |
| MCO     | 437         | Audience Acquisition and Engagement      | Students learn how to attract and grow audiences on established and emerging digital platforms. Students discover tactics and strategies for targeting, obtaining and engaging audiences by leveraging social media, search marketing and SEO, digital content, ecommerce, digital advertising and others.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 307 with C or better; minimum cumulative 2.00 GPA   |
| MCO     | 438         | Digital Audience Analysis                | Students discover how to access, manipulate and translate audience data. Students learn how to mine data from Web sites, social networks, apps, email campaigns and video platforms, and how to use analysis tools and techniques to translate metrics into valuable, actionable insights that drive engagement strategies and business decisions. By working with real audience data, students receive hands-on analysis and reporting experience.              | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 307 with C or better; minimum 2.00 GPA; Credit is allowed for only MCO 438 or MCO 565   |
| MCO     | 439         | Digital Audience Growth                  | Capstone challenges students to synthesize their digital audience knowledge and skills acquired in the previous courses through an applied project. Working with a real client and live, ever-changing data, students work to increase and engage the client's digital audience, executing a growth campaign from audience identification, targeting and strategy development to implementation, engagement and measurement.                                     | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 307 with C or better; MCO 436 with C or better; MCO 437 with C or better; MCO 438 with C or better; minimum 2.00 GPA; Credit is allowed for only MCO 439 or MCO 566 |
| MCO     | 450         | Visual Communication                     | Theory and tradition of communication through the visual media with emphasis on the continuity of traditions common to modern visual media.  | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | HU              | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 455         | War and Mass Media                       | Provides a better understanding of the role and impact of the mass media in shaping public perceptions about one of humanity's most monumental undertakings, the act of war. Through a combination of lectures, readings, documentaries, and motion pictures, examines and critically analyzes media portrayals, real and fictional, of issues, events, and the changing dynamic among: the government, the military, and public opinion as shaped by the media. | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 456         | Political Communication                  | Explores the intersection of media and politics and examines how the political system works and how journalists cover politics, political campaigns and elections. Students gain knowledge of opinion polling, debates, campaign finance, the party system, political communication, issues coverage, fact checking, crowd sourcing and more.  | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | SB              | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 460         | Race, Gender, and Media                  | Readings seminar designed to give students a probing examination of the interface between AHANA Americans and the mass media in the United States.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | C               | Prerequisite(s): minimum cumulative 2.00 GPA; Credit is allowed for only AFR 460 or MCO 460  |
| MCO     | 465         | Sports and Media                         | Designed for aspiring journalists and media users, explores why great sports journalism is essential to our society. Establishes the goals, dreams, and expectations for sports journalism and introduces ethical philosophy and popular ethical models and decision-making tools. Students then apply these tools to sports journalism.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 470         | Exploring the Business of Journalism     | Exposes students to broad media management problems. Focuses on how essential the bottom-line and quality journalism are to the entire journalistic and mass communication enterprise; helps students think about how to balance those two concerns.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): minimum 2.00 GPA; Credit is allowed for only JMC 473 or JMC 474 or MCO 470 or MCO 494 (Exploring the Business of Journalism)  |
| MCO     | 473         | Sex, Love, and Romance in the Mass Media | The role of the mass media in constructing and/or reinforcing unrealistic mythic and stereotypic images of sex, love, and romance.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 3     | SB              | Prerequisite(s): minimum cumulative 2.00 GPA   |
| MCO     | 492         | Honors Directed Study                    | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Cronkite School-Journ/Mass Com           | Walter Cronkite School of Journalism & Mass Comm | 1-6   |                 | Prerequisite(s): Barrett Honors student  |

| MCO     | 497         | Honors Colloquium                                    | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MCO     | 498         | Pro Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-7   |                 |  |
| MCO     | 502         | Journalism Skills                                    | Basic journalism skills for print, digital and broadcast. Significant hands-on practice writing and reporting stories on deadline as well as an immersion in the principles and practices of good journalism.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 8     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 503         | Media Law  | Examines the philosophical and legal aspects of press freedom with an emphasis on the First Amendment from 1791 to present.  | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA or Business Journalism MS student; Credit is allowed for only JMC 402 or MCO 403 or MCO 494 (Media Law) or MCO 503                   |
| MCO     | 504         | Journalism Skills Lab                                | Leadership is essential for the future of journalism; it is also essential for your career success. Through readings, personal reflection, discussion, guest speakers and hands-on class activities, explores what makes a good leader, how to cultivate good leadership as individuals and a cohort, and how to identify and seize leadership opportunities at the Cronkite School and beyond.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1     |                 | Prerequisite(s): Master of Mass Communication student or Sports Journalism MA student; Credit is allowed for only MCO 504 or MCO 598 (Journalism Skills Lab)   |
| MCO     | 505         | Depth Reporting                                      | Covers in-depth and investigative reporting and writing techniques. Students produce long-form, deeply sourced articles and produce multimedia with the goal of publication.   | N                 | LEL               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 510         | Data Journalism                                      | Students use data to tell stories, employing computer spreadsheets, database software, mapping programs and statistical techniques and learn how these tools can be used across a wide variety of beats and stories. Students negotiate with government officials for public records and use the internet and other online sources to find information and sources for stories.  | N                 | LEL               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 512         | Humphrey Seminar                                     | Identifies, examines and exports role models of leadership in the field of global communications. Explores leadership issues in journalism, strategic communications and management under different cultural and political systems.  | N                 | SEM               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; minimum 2.50 GPA; Credit is allowed for only JMC 406 or JMC 494 (Humphrey Seminar) or MCO 512 or MCO 598 (Humphrey Seminar) |
| MCO     | 515         | Advanced Online Media                                | Builds on and expands basic multimedia knowledge. Students leave with heightened Web-language literacy and visual sophistication; fluency with multiple digital tools that create, publish and distribute content; and the requisite storytelling skills to produce works of a professional level on diverse online and mobile platforms. Draws on Adobe Creative Cloud software and other current tools.  | N                 | LEL               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only JMC 460 or MCO 515   |
| MCO     | 517         | Public Relations Campaigns                           | Enables students to synthesize and apply the theories, principles and techniques of public relations. This body of knowledge includes research, planning techniques, types of budgets, organizational systems, management styles, campaign components, types of campaigns, technology, ethics, diverse channels of communication and target audiences. The student develops an in-depth understanding of a client's needs; conducts primary and secondary research; works with a client in a team-based approach to prepare a comprehensive campaign proposal to address the client's problem or issue; designs and develops media products for client; formally presents the proposal to the client and the class and analyzes, discusses then responds to public relations case studies. | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Sports Journalism MA or Master of Mass Communication student; Credit is allowed for only MCO 517 or MCO 598 (Public Relations Campaigns)  |
| MCO     | 521         | News Producing                                       | Principles of broadcast news producing, delivered via a combined lecture/lab experience. Students complete assignments based on editorial judgment, technical skills and industry awareness and develop strategies for total newsroom management. In the process, students build confidence in producing news content and newscasts under deadline pressure and are prepared for a variety of producer-related roles in professional newsroom environments.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only MCO 521 or MCO 598 (News Producing)                                    |
| MCO     | 525         | 21st-Century Media Organization and Entrepreneurship | Focuses on the future of journalism, the future of journalism business organizations and entrepreneurship, new media experiences, online solutions to popular media problems, financial realities of the media, and media innovation.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication student  |
| MCO     | 526         | Advanced Issues in 21st-Century Sports and Media     | Through critical analyses of major contemporary issues in sports and media, provides tools and information needed to more fully engage in and become fluent with the main conversations about the business, technology and the future of sports journalism.  | N                 | SEM               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Sports Journalism MA major  |

| MCO     | 529         | Ethics and Diversity in Sports Journalism      | Explores the connection among sports media, journalism and society in an ethical and issue-oriented context. Students gain an understanding of the issues and ethics of the sports journalism profession while becoming better and more informed consumers of sports media. At the end of the course students have a better understanding of the importance of sports in our society and how that is reflected in coverage by local and national media outlets.  | N                 | SEM               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Sports Journalism MA major; MCO 502   |
| MCO     | 530         | History, Philosophy, and Ethics of Journalism  | Explores contemporary news media issues in a seminar setting. Critically analyzes historical and contemporary dilemmas in journalism ethics using a case study approach.   | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication student  |
| MCO     | 531         | Advanced Broadcast Reporting                   | Teaches news and information practices of networks and local television stations. Students report, write and edit broadcast packages with an emphasis on video.  | N                 | LEL               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA major  |
| MCO     | 533         | Advanced Spanish-Language Broadcast Reporting  | Students produce bilingual television packages on a wide range of issues of interest to Latino audiences. Students also report and produce an occasional Spanish-language newscast. Opportunity to develop and master advanced reporting, interviewing, visual storytelling and writing skills in English and Spanish needed to obtain an entry-level position in a small/medium market local television newsroom.   | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only MCO 533 or MCO 598 (Advanced Bilingual Broadcast Reporting)  |
| MCO     | 534         | Advanced Spanish-Language Reporting            | Students get experience reporting and writing stories on topics related to Latinos in the U.S. Requires ability to write and report in Spanish, although students do not have to be proficient.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only MCO 533 or MCO 598 (Advanced Bilingual Reporting) or MCO 534 or MCO 598 (Advanced Bilingual Reporting)                       |
| MCO     | 535         | Latino and Transnational Issues                | Focuses on some of the most pressing and controversial issues of the day that are taking place in the Southwest borderlands. Successful students move on to the Borderlands Initiative depth reporting project in the spring semester that includes an international reporting experience.   | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 536         | Public Relations Research                      | Teaches the importance and practice of research in a public relations context. Students conduct research using qualitative and quantitative methods and analyze data to understand implications within a specific communications context. They also critically evaluate published academic and professional research.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication student; Credit is allowed for only MCO 536 or MCO 598 (PR Research)   |
| MCO     | 540         | Sports Reporting                               | Hands-on experience reporting, writing, script writing and video producing sports stories. Students report, write and produce professional-level, clear, well-reported, accurate stories and video packages about athletes and sports stories newsworthy in the Valley and beyond.   | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Sports Journalism MA student; MCO 502   |
| MCO     | 544         | Accountability in Journalism                   | Seminar about accountability journalism in the digital age: its history, mission, values, techniques, ethics and future. Students research and analyze notable recent examples of accountability journalism and produce accountability story ideas about water quality and supply in Arizona.  | N                 | SEM               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only JMC 444 or JMC 494 (Accountability Journalism) or MCO 544 or MCO 598 (Accountability Journalism)                             |
| MCO     | 546         | News 21 Seminar                                | Prepares students for the Carnegie-Knight News21 investigative journalism summer fellowship. Immerses students in the selected topic for the annual investigation, conducting deep research, generating data and public records, interviewing experts, developing sources and producing initial reports and multimedia elements. Considers students who perform well in the seminar for paid summer fellowships during which they travel the country to complete their reporting and produce the annual project on an issue of national import.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only JMC 446 or JMC 494 (News 21) or MCO 546 or MCO 598 (News 21 Seminar)   |
| MCO     | 548         | Non-Narrative Video Storytelling               | Teach students how to create video pieces that effectively communicate a story, information or concept to your audience in non-narrative form that is engaging, interesting and intelligent. Focuses on the various forms of non-narrative storytelling to gain experience creating both longer and shorter pieces with DSLR cameras, advanced editing and graphics that are appropriate to the intended platform. Students learn how to shoot video and stills with a DSLR camera and when to use each in video creation, while advancing skills as a video editor and graphic designer. Students broaden their creativity and range as a video producer in the areas of journalism and mass communication. | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Comm or Sports Journalism MA student; MCO 502 w/ C or better; Credit for only JMC 448 or JMC 494 (DSLR Vid Storytelling or Non-Narr Vid Storytelling) or MCO 548 or MCO 598 (DSLR Vid Storytelling or Non-Narr Vid Storytelling) |
| MCO     | 550         | Issues in Coverage of Business and the Economy | Teaches the basics of business and economics reporting, one of the fastest-growing areas of journalism. Students learn what skills are needed to cover business and economic stories as well as how private companies operate and the factors that drive the economy. They also learn about opportunities in the field and hear from leaders in business journalism.   | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication, Sports Journalism MA, Business Journalism MS, or ASU graduate online student  |

| Subject | Catalog Nbr | Course Title  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                                       | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|--|-------|-----------------|--|
| MCO     | 551         | Better Business Reporting                               | Provides training and practice in reporting and writing stories related to business and the economy. Students learn tools and techniques to enhance their coverage of various kinds of business stories, from profiles to financial reports. They learn best practices for pitching stories, cultivating sources, conducting effective interviews, structuring stories, using appropriate narrative elements and translating complex information for a general audience.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Business Journalism MS student; MCO 550 with C or better  |
| MCO     | 552         | Data in Business Journalism                             | Students learn how to find powerful business and economic data from U.S. sources such as the Census Bureau, the Bureau of Labor Statistics, the Securities and Exchange Commission and the Federal Reserve. Examines international data sources of the United Nations, the World Bank, the European Union and the statistics offices of various countries. Covers basic mathematical and statistical formulas for working with business data, how to find stories in data using tools such as Microsoft Excel and Google Fusion Tables and how to create basic data visualizations that are useful for understanding business and economic trends. | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Business Journalism MS student; MCO 550 with C or better  |
| MCO     | 553         | Reporting on Business and the Economy                   | Trains students in the basics of reporting about business and the economy. They learn to tell the stories behind companies, people and money, while improving their competency in using numbers in stories. Students have the opportunity to have stories appear in print, online or broadcast.  | N                 | LEL               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 OR Business Journalism MS student   |
| MCO     | 555         | Digital Media Entrepreneurship                          | Students identify a marketable idea and transform it into a product and/or company. In the process, they learn about key concepts of entrepreneurship and practice skills that they can employ as entrepreneurs themselves. Students are exposed to a range of national and regional entrepreneurs and emerge with a deeper understanding of entrepreneurship's importance within the media and communications landscape.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; Credit is allowed for only JMC 455 or JMC 494 (Digital Media Entrepreneurship) or MCO 555 or MCO 598 (Digital Media Entrepreneurship) |
| MCO     | 556         | Media Entrepreneurship                                  | Familiarizes students with media entrepreneurship and innovation in a quickly changing digital media environment. Students study the principles of entrepreneurship and innovation, assess their own tolerance for risk, evaluate opportunity and market conditions, and learn about various revenue models for entrepreneurial enterprises.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA or Business Journalism MS student; Credit is allowed for only MCO 556 or MCO 598 (Media Entrepreneurship)                                      |
| MCO     | 557         | Advanced Radio Reporting                                | Students report and produce long-form radio stories in commercial and public radio formats. They develop planning, writing, voicing and detailed editing skills in a variety of radio broadcast formats, including general news and business as well as hard news and feature reporting.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student; MCO 502 with C or better; Credit is allowed for only MCO 557 or MCO 598 (Advanced Radio Reporting)                                    |
| MCO     | 560         | Arizona Media Law                                       | Case study approach to first amendment issues, media access, libel, confidentiality, and invasion of privacy as applied to media organizations in Arizona.   | N                 | LEC               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 561         | Defining the Digital Audience                           | Who are the people who make up digital audiences? How do digital audiences behave? And why is it important to research, identify and monitor digital audiences and their engagement with your organization? Covers the very essence of the digital audience, exploring how community, consumer, social psychology and theory converge on digital platforms and social networks. Through case-study analyses, teaches how audiences differ across industries and platforms, the elements that engage or dissuade users, and how organizations use audience data to manipulate growth strategies.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 562         | Search Engine Strategy for Digital Audience Acquisition | How to attract and grow audiences through strategic use of search engine marketing. Includes user search behavior, SEO (search engine optimization), tagging and coding for on-page SEO, SEM (search engine marketing), keyword research, competitive analysis, domain authority and pay-per-click advertising.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 561 with B or better  |
| MCO     | 563         | Social Media Campaigns and Engagement                   | How to attract, engage and grow audiences on social media platforms through both organic and paid social media campaigns. Includes evaluating an organization's existing social media audience, identifying opportunities for audience growth across social media platforms, designing and generating content for specific platforms, measuring the impact of social media content, and developing an organizational strategy for managing social media across an enterprise.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 561 with B or better  |
| MCO     | 564         | Digital Audience Research and Behavior                  | Provides skills to undertake research on digital audiences, customers, viewers, influencers and others with whom an organization seeks to communicate or build relationships. Digital data have profoundly reshaped how organizations mine and interpret audience data. Digital audience research as a subset of social research. Overviews both traditional and newer research methods for developing audience insights.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 561 with B or better; Credit is allowed for only MCO 436 or MCO 564   |
| MCO     | 565         | Digital Audience Analytics                              | Provides skills to access, manipulate and translate audience data. How to mine data from websites, social networks, apps, email campaigns and video platforms, and how to use analysis tools and techniques to translate metrics into valuable, actionable insights that drive engagement strategies and business decisions. Works with real audience data to receive hands-on analysis and reporting experience.  | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 561 with B or better; Credit is allowed for only MCO 438 or MCO 565   |

| MCO     | 566         | Digital Audience Management  | Challenges students to synthesize their digital audience knowledge and skills acquired in previous courses through a culminating experience. Working with a real client and live, ever-changing data, students work to increase and engage the client's digital audience, executing a growth campaign from audience identification, targeting and strategy development to implementation, engagement and measurement.   | N                 | LEC               | N               | GNA           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Prerequisite(s): MCO 561 with B or better; MCO 562; MCO 563; MCO 564; MCO 565; minimum 3.00 GPA; Credit is allowed for only MCO 439 or MCO 566 |
| MCO     | 570         | Master of Mass Communication Capstone                              | In this culminating program, students get an immersive experience in reporting and producing news across platforms. Students may choose the Cronkite News Phoenix Bureau, with opportunities to report on public affairs, borderland and Latino issues or business and the economy or work as digital producers. Students also may choose Cronkite News -- Broadcast, where students report and produce a half-hour weeknight newscast. Other options are sports bureaus in LA or Phoenix, the Cronkite News Washington Bureau, the New Media Innovation and Entrepreneurship Lab, the Public Relations Lab, the Public Insight Network and the Carnegie-Knight News21 investigative multimedia reporting program. Students work four full days a week under the supervision of a faculty member in a newsroom setting. | Y                 | LEL               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3-9   |                 | Prerequisite(s): Master of Mass Communication or Sports Journalism MA student  |
| MCO     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Pre-requisite: Masters of Mass Communication student   |
| MCO     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-4   |                 | Pre-requisite: Masters of Mass Communication student   |
| MCO     | 710         | Research Methodology in Mass Communication                         | Identifies research problems in mass communication and provides an overview of questionnaire construction as well as attention to survey, historical, content analysis, experimental and legal research methods.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Pre-requisites: Journalism Mass Communication PHD students   |
| MCO     | 711         | Critical, Historical, Legal Research Methods in Mass Communication | Critical, legal and historical methods necessary to conduct qualitative mass communication research.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Pre-requisite: Journalism Mass Communication PhD student   |
| MCO     | 712         | Freedom of Expression Theory                                       | Examines philosophical and legal aspects of press freedom; emphasizes First Amendment theory evolution from 1791 to present.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Pre-requisite: Journalism Mass Communication PhD student   |
| MCO     | 720         | Mass Communication Theory  | Analyzes various theoretic models of mass communication with emphasis on the applications of these theories to professional communication.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Pre-requisites: Journalism and Mass Communication PhD student  |
| MCO     | 722         | Philosophy of Mass Communication                                   | Mass media as social institutions, particularly interaction with government and public; emphasizes criticism and normative statements. Seminar. Prerequisite: Journalism and Mass Communication PhD student.  | N                 | SEM               | N               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 3     |                 | Pre-requisites: Journalism and Mass Communication PhD student  |
| MCO     | 755         | Research Apprenticeship  | Students and faculty work on a research project with the expected outcome of a scholarly publication.   | N                 | RSC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1     |                 | Pre-requisite: Journalism and Mass Communication PhD student   |
| MCO     | 765         | Teaching Apprenticeship  | Assists PhD students with the transition from the industry to the classroom in order to become better university instructors.   | N                 | REC               | Y               | OPT           | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-2   |                 | Pre-requisites: Journalism and Mass Communication PhD student  |
| MCO     | 790         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MCO     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                                       | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--|-------|-----------------|---|
| MCO     | 795         | Continuing Registration                                   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | IND               | Y               | Z3            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MCO     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Cronkite School-Journ/Mass Com | Walter Cronkite School of Journalism & Mass Comm | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MDC     | 211         | Introduction to Digital Sound                             | Examines how technology is used as listeners, creators, critics, remixer, and a wide variety of other roles to participate in and gain a deeper understanding of music and its role in our lives.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts   | School of Music                                  | 3     |                 | Credit is allowed for MDC 211 or MUE 294 Open Minds, Digital Ears   |
| MDC     | 311         | Composing and Performing for Hybrid Ensembles             | Provides opportunities to perform music in a variety of digital and hybrid contexts using both physical and digital instruments.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts   | School of Music                                  | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only MDC 311 or MUE 394 (Performing in Digital and Hybrid Music Groups)  |
| MDC     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts   | School of Music                                  | 1-4   |                 |   |
| MDC     | 411         | Advanced Interactive Sound                                | Explores the development of interactive music systems. Covers a variety of sound synthesis methods with particular emphasis as to how they can be used in real-time sound creation. Covers techniques for sensing such as computer vision, sound analysis, tangible interfaces and 3D sensing.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts   | School of Music                                  | 3     |                 | Prerequisite(s): MDC 311; Credit is allowed for only AME 411 or AME 511 or MDC 411 or MDC 511 or AME/MDC 494 (Advanced Interactive Sound) or AME/MDC 598 (Advanced Interactive Sound)                                       |
| MDC     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts   | School of Music                                  | 1-12  |                 |   |
| MDC     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts   | School of Music                                  | 1-4   |                 |   |
| MDC     | 511         | Advanced Interactive Sound                                | Explores the development of interactive music systems. Covers a variety of sound synthesis methods with particular emphasis as to how they can be used in real-time sound creation. Covers techniques for sensing such as computer vision, sound analysis, tangible interfaces and 3D sensing.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts   | School of Music                                  | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 411 or AME 511 or MDC 411 or MDC 511 or AME/MDC 494 (Advanced Interactive Sound) or AME/MDC 598 (Advanced Interactive Sound) |
| MDC     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts   | School of Music                                  | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MDL     | 410         | Laboratory Leadership                                     | Clinical lab leadership and management. Applies the principles of personnel management and supervision, allocation of resources, and staff communication.   | N                 | LEC               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 1     |                 | Prerequisite: Admission to Medical Laboratory Science program   |
| MDL     | 420         | Advanced Clinical Urinalysis and Body Fluids              | Theory and applications of principles in urinalysis with emphasis on the etiology, pathophysiology, and clinical manifestations of renal and other metabolic defects as reflected by the analysis of urine and other body fluids.   | N                 | LEL               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 2     |                 | Pre-requisites: BIO 182; Admission to Medical Laboratory Science program  |
| MDL     | 421         | Advanced Practicum in Clinical Urinalysis and Body Fluids | Correlation and application of theory in a supervised clinical laboratory. Processing, analysis, and evaluation of urine and body fluids, emphasizing manual and automated techniques of specimen analysis.   | N                 | PRA               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 1     |                 | Prerequisite(s): Medical Laboratory Sciences BAS major; MDL 420 with C or better  |
| MDL     | 430         | Advanced Hematology and Hemostasis                        | Theory and application of principles in hematology, with emphasis on techniques to evaluate blood dyscrasias and analyze body fluids. Etiology, pathophysiology, clinical manifestations, and treatment of blood dyscrasias/hemostatic defects.   | N                 | LEL               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 3     |                 | Pre-requisites: BIO 182; Admission to Medical Laboratory Science program  |
| MDL     | 431         | Advanced Practicum in Hematology and Hemostasis           | Correlation and application of theory in a supervised clinical laboratory. Processing, analysis, and evaluation of blood samples, emphasizing manual and automated techniques of specimen analysis.   | N                 | PRA               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 1     |                 |   |
| MDL     | 440         | Advanced Immunohematology and Immunology                  | Theoretical and practical application of clinical immunology and immunohematology. Emphasizes serological techniques that aid disease diagnosis and blood donor selection.  | N                 | LEL               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 3     |                 | Pre-requisites: BIO 182; MIC 205; Admission to Medical Laboratory Science program   |
| MDL     | 441         | Advanced Practicum in Immunohematology and Immunology     | Correlation and application of theory in a supervised clinical laboratory. Processing, analysis, and evaluation of samples, emphasizing manual and automated techniques of specimen analysis.   | N                 | PRA               | N               | OPT           | College of Health Solutions    | College of Health Solutions                      | 2     |                 | Prerequisite(s): Medical Laboratory Sciences BAS major; MDL 440 with C or better  |
| MDL     | 450         | Advanced Clinical Microbiology                            | Theoretical and practical application of clinical microbiology. Emphasizes identification of pathogenic organisms, molecular techniques, mycology, virology, and parasitology.  | N                 | LEL               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 3     |                 | Pre-requisites: MDL 410; 420; 421; 430; 431; 440; 441   |
| MDL     | 451         | Advanced Practicum: Clinical Microbiology                 | Introduces instructional strategies appropriate for the teaching of group exercise classes in secondary school settings.  | N                 | LEL               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 1     |                 | Prerequisite(s): MDL 450 with C or better   |
| MDL     | 460         | Advanced Clinical Chemistry                               | Theoretical and practical applications of clinical chemistry with particular emphasis on correlation of test results to disease status, statistical analysis, pre-analytical testing, critical values, calibration, and trending and tracking of quality control results.   | N                 | LEL               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 3     |                 | Pre-requisites: MDL 410; 420; 421; 430; 431; 440; 441   |
| MDL     | 461         | Advanced Practicum: Clinical Chemistry                    | Correlation and application of theory in a supervised clinical laboratory. Processing, analysis, and evaluation of samples, emphasizing manual and automated techniques of specimen analysis routinely used clinical chemistry testing.   | N                 | LAB               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 1     |                 | Prerequisite(s): MDL 460 with C or better   |
| MED     | 100         | Introduction to Medical Studies                           | Presents basic concepts related to sciences, social sciences, humanities, statistics and other topics related to medical and health studies. Solidifies concepts through the use of assignments, exams and discussions.   | N                 | LEC               | N               | GNA           | College of Health Solutions    | College of Health Solutions                      | 1     |                 |   |

| MED     | 294         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions                  | 1-4   |                 |   |
| MED     | 300         | Historical and Contemporary Issues in Health | History of medicine in the modern world and its relationship to contemporary issues in medicine with emphasis on the broader context of ways in which technology, personalized medicine, genomics, ethical issues and shared decision making between patients and providers have evolved.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions                  | 3     | L               | Prerequisite(s): minimum 30 hours   |
| MED     | 394         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions                  | 1-4   |                 |   |
| MED     | 417         | Impact of Violence on Health                 | Approaches violence from a public health perspective, using the Centers for Disease Control, National Center for Injury Prevention and Control, as a benchmark. Applies an interprofessional approach to violence, to include medicine, nursing, law, law enforcement, social work, psychology, economics and education, among others. Discusses principles of epidemiology, underlying etiologies and sequelae and evidence-based strategies for prevention throughout the course.                 | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions                  | 3     |                 | Prerequisite(s): minimum 45 hours   |
| MED     | 445         | Science of Helping in Health                 | One of the strongest weapons in the health care arsenal is helping people make healthier lifestyle choices. But this weapon is only effective when it results in sustained behavior change. Explores the complex interactions among genetics, biology, psychology and society that drive lifestyle choices and the science surrounding motivation and compliance in facilitating behavioral change.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions                  | 3     |                 | Prerequisite(s): minimum 45 hours   |
| MED     | 450         | Leadership and Professionalism               | Leadership, leadership theory and inter-professionalism in practice. Applies didactic content to case studies and activities designed to promote critical thinking and effective teamwork. Solidifies concepts through the use of assignments, exams and discussions.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions                  | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only HCD 401 or MED 450  |
| MED     | 484         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | N                 | LEC               | Y               | YGB           | College of Health Solutions | College of Health Solutions                  | 1-12  |                 | Prerequisite(s): minimum 3.00 GPA   |
| MED     | 492         | Honors Directed Study                        | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions                  | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                         | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                                   | Units | General Studies | Requirements  |
|---------|-------------|--------------------------------------|--|-------------------|-------------------|-----------------|---------------|---------------------------|--|-------|-----------------|---|
| MEE     | 342         | Principles of Mechanical Design      | The design process; conceptual and embodiment design of mechanical elements; form synthesis; material selection, failure modes, manufacturability tolerances, common mechanisms and machine elements.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student; MEE 322 with C or better; MSE 250 with C or better; Pre- or corequisite(s): MAE 318 with C or better if completed; MEE 323 with C or better if completed   |
| MEE     | 351         | Manufacturing Processes              | Production technique and equipment. Casting and molding, forming, machining, joining and assembly, computer-integrated manufacturing, rapid prototyping, and electronics manufacturing.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student; MAE 213 with C or better; MSE 250 with C or better   |
| MEE     | 394         | Special Topics                       | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 1-4   |                 |   |
| MEE     | 434         | Internal Combustion Engines          | Performance characteristics, combustion, carburetion and fuel-injection, and the cooling and control of internal combustion engines. Computer modeling.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student; MEE 340 or MEE 482 with C or better; Credit is allowed for only MEE 434 or MAE 598 (Internal Combustion Engines)   |
| MEE     | 440         | Renewable Energy: Mechanical Systems | Renewable energy systems are energy conversion systems that rely on naturally replenishing flows of energy. Considers the foundational principles behind many renewable energy systems and application of these principles to practical systems. Emphasizes covering the following energy systems, some only at an introductory level and some with significant depth: solar, wind, geothermal, biomass, hydropower, energy storage, electric power generation.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Engineering BSE major; MEE 340 with C or better; Credit is allowed for only MEE 440 or MAE 582 or MAE 494 (Renewable Energy Engineering) or MAE 598 (Renewable Energy Engineering)   |
| MEE     | 441         | Wind Energy                          | Wind energy systems convert kinetic energy in the wind into electrical energy. Focuses on flow machines, including for example, aerodynamics and fluid dynamics. Begins with wind resource assessment utilizing atmospheric boundary layer science and then proceeds to computational fluid dynamics to understand the tools of modern wind resource assessment. Includes applications of the Navier-Stokes equations and some basics from turbulence theory. Resource assessment also includes modern remote sensing techniques such as lidar, radar and in situ instrumentation. Also includes discussions from current events and policy. Requires a background in applied experimental statistics, thermodynamics or aerodynamics. | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Engineering BSE major; AEE 360 or MEE 340 with C or better; MAE 301 with C or better; Credit is allowed for only MAE 494 (Wind Energy) or MAE 579 or MAE 598 (Wind Energy) or MEE 441  |
| MEE     | 446         | Energy Systems Design                | Applies mechanical engineering principles and techniques to modeling, analysis, and synthesis of energy systems and components. Design optimization. Design project.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Mechanical Engineering (Energy and Environment) BSE major; MAE 301 with C or better; MAE 400 with C or better; MEE 340 with C or better; MEE 342 with C or better; MEE 482 with C or better  |
| MEE     | 472         | Intermediate Fluid Mechanics         | Second course covering fundamental concepts relating to engineering fluids. Flow meters, airfoil and wing aerodynamics; pipe flow; normal and oblique shock waves. Nozzles. Open Channel Flow. Turbomachinery flows including performance curves and maps, scaling and affinity laws. Elective for Aerospace Engineering and Mechanical Engineering.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student; AEE 360, MAE 242, or MEE 340 with C or better; MAE 384 with C or better  |
| MEE     | 482         | Intermediate Thermodynamics          | Applied thermodynamics; gas mixtures, psychrometrics, property relationships, power and refrigeration cycles, and reactive systems.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student; MAE 240 or 241 with C or better; Credit is allowed for only MAE 382 or MAE 570 or MAE 598 (Thermodynamics) or MEE 482  |
| MEE     | 484         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Ira A. | MET     | 211         | Statics                                      | Vectors, forces and moments, force systems, equilibrium, analysis of basic structures and structural components, friction, centroids, and moments of inertia. May be repeated for credit.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre/Co-requisites: PHY 121 (or PHY 111 as pre-requisite); MAT 265 or MAT 270   |
| MET     | 212         | Applied Engineering Mechanics: Dynamics      | Masses; motion kinematics; dynamics of machinery.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: MET 211 (or CON 221 or MAE 212); MAT 266 (or MAT 271)  |
| MET     | 213         | Applied Mechanics of Materials               | Stress, strain, stress-strain relations. Axial, shear, bending, torsional and combined loads and deflections.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisite: MET 211 or CEE 210, or MAE 212  |
| MET     | 214         | Applied Mechanics of Materials Laboratory    | Measurements of loads and deformations relating stress and strain in axial, shear, bending, torsional, and combined loading configurations.   | N                 | LAB               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 1     |                 | Pre-requisites: MET 213, MAE 213, MSE 211, CON 223, CEE 213 OR be co-enrolled in MET 213   |
| MET     | 230         | Introduction to Engineering Materials        | Introduces materials and their properties, emphasizing basic concepts and structures and how these properties relate to manufacturing and design.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 2     |                 |  |
| MET     | 231         | Manufacturing Processes                      | Design documentation and material processes on plastics, ferrous and nonferrous materials, emphasizing orthographic projection, geometric dimensioning and tolerances.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: MET 160 and MET 230  |
| MET     | 294         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 1-4   |                 |  |
| MET     | 300         | Applied Material Science                     | Principles of materials science emphasizing concepts relevant to design, manufacturing, and use. Covers metals, polymers, ceramics, and composites.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: EGR 218 OR EGR 294 (Engineering Materials & Manufacturing) OR MET 231 OR MSE 250 OR Applied Science (Manufacturing Technology & Management) major; MET 230 |
| MET     | 302         | Welding Survey                               | Theory and application of industrial welding processes; introductory welding metallurgy and weldment design; SMAW, GTAW, GMAW, oxyacetylene, and brazing experiences.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Prerequisite(s): Fulton Schools of Engineering student   |
| MET     | 309         | Nondestructive Testing and Quality Assurance | Part and material inspection using metrology and nondestructive inspection tools and techniques. Theory and application with use of pertinent standards.  | N                 | LAB               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 1     |                 | Prerequisite(s): EGR 218 OR EGR 294 (Engineering Materials & Manufacturing) OR MET 231 OR Applied Science (Manufacturing Technology & Management) major                    |
| MET     | 321         | Introduction to Automotive Engineering       | Engineering principles and the design of ground vehicles.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Prerequisite(s): MET 212. Pre- or corequisite(s): MET 213, 340   |
| MET     | 331         | Machine Design I                             | Applies mechanics to design of machine elements and structures. Stress analysis, failure modes, tolerances, cylindrical fits, and shaft design.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: MET 213 (or CON 223 or MAE 213)  |
| MET     | 340         | Engineering Thermo-Fluids I                  | First and second laws of thermodynamics, systems, processes, equations of state, property tables. Fluid statics, conservation of momentum, Bernoulli's equation, applications.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Prerequisite(s): PHY 121 with C or better; Pre- or corequisite(s): MAT 274 or 275 with C or better if completed; Credit is allowed for only EGR 340 or MET 340             |
| MET     | 341         | Manufacturing Analysis                       | Organizational and functional requirements for effective production. Analysis of industrial specifications, geometric dimensioning and tolerancing, costs, and group technology. Writing assembly production plans.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: EGR 218 OR EGR 294 (Engineering Materials & Manufacturing) OR MET 231 OR Applied Science (Manufacturing Technology & Management) major                     |
| MET     | 344         | Casting and Forming Processes                | Analyzes various forming processes to determine load requirements necessary for a particular metal-forming operation. Information used to select equipment and design tooling. Metal casting processes and design of castings. Introduces powder metallurgy.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Prerequisite(s): EGR 218 OR EGR 294 (Engineering Materials & Manufacturing) OR MET 231 OR Applied Science (Manufacturing Technology & Management) major                    |
| MET     | 345         | Advanced Manufacturing Processes             | Material removal processes emphasizing advanced turning, milling, and machinability studies using cutting tools. CNC programming for machining and turning centers.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisites: EGR 218 OR EGR 294 (Engineering Materials & Manufacturing) OR MET 231 OR Applied Science (Manufacturing Technology & Management) major                     |
| MET     | 351         | Introduction to Automation                   | Introduces automation. Topics include assembly techniques, fixed and flexible automation systems, robots, material-handling systems, sensors, and controls.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 3     |                 | Pre-requisite: EST 210   |
| MET     | 394         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 1-4   |                 |  |
| MET     | 396         | Professional Orientation                     | Topics related to a successful career in engineering technology industry. Includes safety, life-long learning, ethics, and career planning.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs                         | 1     |                 | Pre-requisite: Junior or Senior standing   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                              | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|---|
| MET     | 401         | Quality Assurance                         | Statistical quality control methods, design of experiments, sampling, gauge requirements and specifications, use of quality assurance tools.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: STP 420 (or APM 301); Credit is allowed for only MET 401 or 501   |
| MET     | 409         | Applied Engineering Economics             | Fundamentals of engineering economics in a practical, industry-based approach. Includes effects of depreciation, taxes, inflation, and replacement analysis.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Junior or Senior standing; Credit is allowed for only MET 409 or 509  |
| MET     | 410         | Manufacturing Resource Management         | Measures like cycle time, throughput, capacity, work-in-process, inventory, variability, and how they drive operating relationships in a factory.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisite: MET 341; Credit is allowed for only MET 410 or 510   |
| MET     | 415         | Manufacturing Simulation                  | Computer simulation of manufacturing operations. Discrete event simulation models range from individual processes to whole factories.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 341; STP 420; Credit is allowed for only MET 415 or 515   |
| MET     | 416         | Applied Computer-Integrated Manufacturing | Techniques and practices of computer-integrated manufacturing as applied in a broad range of industry.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     | CS              | Pre-requisite: MET 341; Credit is allowed for only MET 416 or 516   |
| MET     | 418         | Composites Materials Manufacturing        | Introduces composite materials and associated manufacturing issues, including tooling, processes, and quality control. Related issues, including testing and joining.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 300 or MSE 250. Credit is allowed for only MET 418 or 518   |
| MET     | 421         | Vehicle Powertrains                       | Internal combustion engine design, performance and operation, and power transmission systems within vehicles.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 321   |
| MET     | 423         | Vehicle Chassis and Running Gear Design   | Design and manufacture of chassis, structures, steering and braking systems and components, wheels and tires, suspension systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 321; MET 331  |
| MET     | 424         | Vehicle Electrical Systems                | Vehicle electrical power and signal systems, computer control and analog control systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: EST 210; MET 321; MET 421   |
| MET     | 426         | Vehicle Thermal Design                    | Heat management in vehicle systems, including thermal design of engine and transmission cooling systems, cabin heating, and air conditioning.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 421; Pre/Co-requisite: MET 434  |
| MET     | 427         | Vehicle System Integration and Testing    | Systems engineering principles. Design of the interfaces between vehicle subsystems. Testing of integrated systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 423; MET 424  |
| MET     | 432         | Engineering Thermo-Fluids II              | Thermodynamic analysis of mixtures and power cycles. Design and analysis of fluid systems, conduction heat transfer, and introduction to convection and radiation.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 340 with C or better; Credit is allowed for only EGR 432 or MET 432  |
| MET     | 434         | Engineering Thermo-Fluids III             | Transient conduction, convection and radiation heat transfer, heat exchangers, thermo-fluid systems engineering.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 340   |
| MET     | 438         | Machine Design II                         | Applies mechanics to the design of machine elements and structures. Emphasizes basics of gears, springs, brakes, clutches, and bearings.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisites: MET 331 OR Fulton Schools of Engineering graduate student  |
| MET     | 440         | Finite Element Analysis                   | Analyzes machine elements, frames, and aerospace structures employing finite element analysis and software. Includes sensitivity analysis and estimating accuracy.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 331   |
| MET     | 442         | Specialized Production Processes          | Nontraditional manufacturing processes, emphasizing EDM, ECM, ECG, CM, PM, HERF, EBW, and LBW.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 218 (or EGR 294 [Engineering Materials & Manufacturing] or MET 231). Credit is allowed for only MET 442 or MET 502 |
| MET     | 443         | CNC Computer Programming                  | Theory and application of N/C languages using CAM software and CNC machine tools.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 345; Credit is allowed for only MET 443 or 514  |
| MET     | 444         | Production Tooling                        | Design and fabrication of jigs, fixtures, and special industrial tooling related to manufacturing methods.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre- or corequisite(s): MET 309. Credit is allowed for only MET 444 or MET 504  |
| MET     | 455         | Automation Systems Integration            | Applies sensors and devices and their integration with PLCs and computers into automated devices and systems.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 351   |
| MET     | 460         | Capstone Project I                        | Group project designing, evaluating, and analyzing components, assemblies, and systems. Develop products/manufacturing techniques demonstrating state-of-the-art technology.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 300; 331; 340; 345  |
| MET     | 461         | Capstone Project II                       | Small-group projects applying manufacturing techniques, with emphasis on demonstrating state-of-the-art technology.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: MET 460   |
| MET     | 484         | Internship                                | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 |   |
| MET     | 492         | Honors Directed Study                     | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MET     | 493         | Honors Thesis                             | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| MET     | 494         | Special Topics                            | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-4   |                 | Prerequisites: Fulton Schools of Engineering student; Minimum Junior status   |
| MET     | 498         | Pro-Seminar                               | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-7   | L               | Prerequisites: Fulton Schools of Engineering student; Minimum Junior status   |
| MET     | 499         | Individualized Instruction                | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-3   |                 |   |
| MET     | 501         | Statistical Quality Control Applications  | SPC problem-solving techniques for implementation in industrial setting; design and analysis of experiments.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 401 or 501                       |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                               | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|---|
| MET     | 502         | Specialized Production Processes           | Specialized production processes including lasers, electronic beam, abrasive and water jet, and chemical and thermal processes.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 442 or 502 |
| MET     | 504         | Applications of Production Tooling         | Design and fabrication of fixtures, jigs, templates, and specialized industrial tooling for manufacturing.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 444 or 504 |
| MET     | 509         | Applied Engineering Economics              | Fundamentals of engineering economics in a practical, industry-based approach. Includes effects of depreciation, taxes, inflation, and replacement analysis.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate; credit is allowed for only MET 409 or 509                 |
| MET     | 510         | Manufacturing Resource Management          | Measures like cycle time, throughput, capacity, work-in-process, inventory, variability, and how they drive operating relationships in a factory.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 410 or 510 |
| MET     | 514         | CNC Computer Programming                   | Theory and application of N/C languages using CAM software and CNC machine tools.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 443 or 514 |
| MET     | 515         | Manufacturing Simulation                   | Computer simulation of manufacturing operations. Discrete event simulation models range from individual processes to whole factories.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 415 or 515 |
| MET     | 516         | Applied Computer-Integrated Manufacturing  | Techniques and practices of computer-integrated manufacturing as applied in a broad range of industry.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 416 or 516 |
| MET     | 518         | Composites Materials Manufacturing         | Introduces composite materials and associated manufacturing issues, including tooling, processes, and quality control. Related issues, including testing and joining.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MET 418 or 518 |
| MET     | 580         | Practicum                                  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 |   |
| MET     | 584         | Internship                                 | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 590         | Reading and Conference                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 591         | Seminar                                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 592         | Research                                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 593         | Applied Project                            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 594         | Conference and Workshop                    | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 595         | Continuing Registration                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering | Engineering Programs | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 598         | Special Topics                             | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Engineering Programs | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MET     | 599         | Thesis                                     | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Ira A. Fulton Engineering | Engineering Programs | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MFG     | 308         | Manufacturing System Project I             | Focuses on design for product realization in a manufacturing environment. Projects are industry driven and applicable to low-volume product development.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 202 with C or better; EGR 217 with C or better; EGR 218 with C or better                     |
| MFG     | 318         | Manufacturing Systems Project II           | Focuses on process development for high-volume manufacturing in the competitive global economy. Uses discrete event simulation software to model and study the manufacturing environments.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 202 with C or better; EGR 219 with C or better; MFG 382 with C or better                     |
| MFG     | 381         | Manufacturing Processes and Validation Lab | Theory of basic manufacturing processes accompanied by the fundamental skills; safety practices while working with engineering drawings, machine tools and metrology equipment related to manufacturing.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 217 with C or better; EGR 218 with C or better   |
| MFG     | 382         | Modeling of Manufacturing Systems I        | Modeling of manufacturing systems using discrete event simulation. Introduces basic manufacturing-related data and system configurations. Uses commercial simulation software to build and analyze model output data.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 219 with C or better; EGR 280 with C or better   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                      | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|---|
| MFG     | 383         | Communications in a Production Environment        | Effective communication is essential in all production environments for efficiency, yield and safety. Covers the major applications within a company and the expectations for the individual's capabilities.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 202 with C or better   |
| MFG     | 385         | Design for Manufacturing                          | Introduces the methods employed to design and produce products that can compete in the global marketplace. Topics include design for manufacturability and assembly, product life-cycle, economics of design and reliability.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 218 with C or better   |
| MFG     | 386         | Integrated Circuit Manufacturing                  | Integrated circuit manufacturing combines judicious selection of materials with nano-meter features to create complex digital and analog circuits. The process demonstrates extreme applications of design, control and resource organization.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 216 with C or better; EGR 280 with C or better                           |
| MFG     | 387         | Industrial Automation                             | Introduces concepts and application of industrial automation systems. Topics include PLC control systems, embedded control systems, sensing technologies, robotics and material-handling systems.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 216 with C or better; EGR 219 with C or better                           |
| MFG     | 461         | Manufacturing Enterprise Operations               | Covers the role of engineers in the manufacturing environment. Aspects of this role include troubleshooting, performance control, risk mitigation and financial planning. Provides tools and approaches for understanding and representing costs and making decisions based on these costs.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 280; MAT 343   |
| MFG     | 472         | Additive Manufacturing                            | Additive Manufacturing (AM) is driving a paradigm shift in design and manufacturing. Provides a comprehensive overview of AM, from process physics and material chemistry to process and technology development. Explores new engineering and product design degrees of freedom enabled by AM. Topics include fundamentals of polymer, metal and composite AM processes; process capabilities such as rate and resolution; material properties and their dependence on material characteristics, process parameters and machine designs; existing and new applications of AM; and a perspective on current and future technical challenges in AM. | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 218  |
| MFG     | 480         | Advanced Statistical Approaches for Manufacturing | Applies experimental design and statistical process control in the manufacturing environment. Uses engineering statistical software to formulate and solve problems.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 280 with C or better   |
| MFG     | 481         | Enterprise Economics                              | All manufacturing is about cost. Considers the components of these costs and presents a number of mathematical tools and approaches for representing, understanding and making decisions based on them.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 280 with C or better   |
| MFG     | 482         | Materials Science in Manufacturing                | High-technology manufacturing combines and exploits the properties of a wide range of materials. Provides a science-based view of materials selection and optimization for product manufacturability and reliability.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 4     |                 | Prerequisite(s): CHM 116 with C or better; EGR 218 with C or better                           |
| MFG     | 483         | Manufacturing Systems Operations                  | Introduces key factory management strategies, lean and six sigma philosophies, and global manufacturing supply chains. Software and computer model-based analysis and observation of factory and supply chain performance.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): MFG 382 with C or better   |
| MFG     | 485         | Engineering Internship                            | Experiential education. Local company oversees a student project experience at their facility.  | N                 | PRA               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 1-3   |                 | Prerequisite(s): MFG 308 with C or better   |
| MFG     | 486         | CNC Computer Programming                          | Theory and applications of NC languages using CAM software and CNC machine tools. Overview of advanced manufacturing processes including production CNC part programming ranging from current design to inspection standards.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): MFG 381 with C or better   |
| MFG     | 487         | Casting and Forming Processes                     | Theory and practice of metal casting processes and design of castings. Analysis of various forming processes to determine load requirements. Theory and practice of tooling design for stamping operations.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 218 with C or better   |
| MFG     | 488         | Plasma Processing                                 | Plasma processing is widely used in advanced technology manufacturing. Combines the principles of chemistry, materials, RF power and control to demonstrate key applications.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Engineering Programs | 3     |                 | Prerequisite(s): EGR 216 with C or better; EGR 218 with C or better; EGR 280 with C or better |
| MFG     | 492         | Honors Directed Study                             | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Engineering Programs | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MFG     | 493         | Honors Thesis                                     | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Ira A. | MGT     | 423         | Training and Development in Organizations | Familiarizes students with the training and development function in organizations. Although tailored to students interested in human resources management, the course may also be relevant to students who may at some point be involved in training and development within an organizational context.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; MGT 420 with C or better   |
| MGT     | 424         | Employment Law                            | Provides an overview of U.S. employment law at both the federal and state levels. Reviews employment at will and wrongful discharge, employment torts, privacy, discrimination law, worker's compensation, occupational safety and health, unemployment, federal compensation laws, and the law of noncompetition and trade secrets. Designed for individuals preparing for careers in human resource management, labor relations or dispute resolution.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; MGT 420 with C or better; MGT 421; MGT 423; Pre- or corequisite(s): MGT 422  |
| MGT     | 425         | Global Human Resources                    | Explores the importance of international business management in the context of international human resource management, including topics on culture, compensation and benefits, international organizations and their structures, international assignment management and the legal and regulatory considerations that global organizations face. Identifies differences in operating a domestic versus international business and how business practices need to be adapted to operate successfully in foreign markets. Covers global strategy and structure; understanding and managing cultural differences; design and alignment of global HRM practices; and the global HR function.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; MGT 420 with C or better   |
| MGT     | 430         | Negotiations                              | Improves student's understanding of and skills in the art of negotiation. For most managers, negotiation is a significant aspect of their day-to-day jobs, not to mention a major element of everyday life. Give students experience in bargaining and negotiation, as well as provide a foundation in the essential knowledge bases crucial to being an effective negotiator. Emphasizes experiential learning--students spend most of their time participating in exercises and negotiation simulations, as well as discussing negotiation-based cases involving issues that often arise in the workplace. Provides a fundamental understanding of what it takes to be an effective negotiator, as well as several experiences to draw upon in future negotiation situations. | N                 | LEC               | N               | OPT           | W.P. | MGT     | 513         | Mindful Leadership  | Provides a transformative experience that aids in developing skills associated with being a mindful leader. Focuses on introducing the concept of mindful leadership and explaining how to use it to achieve personal and professional goals. Then concentrates on using mindful leadership to lead individuals and teams. Specific learning goals include: (1) to enhance understanding of mindful leadership; (2) to improve skills in using mindful leadership to achieve personal goals; (3) to improve skills in using mindful leadership to lead individuals and teams; and (4) to propose a transformative plan aimed at increasing use of mindful leadership.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-3   |                 | Prerequisite(s): W.P. Carey graduate student   |
| MGT     | 520         | High-Impact Leadership  | Addresses the inherent ambiguity surrounding effective leadership by providing a toolkit of tangible behaviors to ensure leaders create "high impact" in all areas of their professional and personal lives. Emphasizes what high-impact leaders do differently and uniquely to achieve results while also inspiring loyalty in relationships. Covers core topics including building executive maturity and presence, developing and delivering compelling messages, inspiring those around you, building a strong relationship network, establishing credibility, and managing upward relationships. Includes peer dialogue, extensive presentation skills training, and assignments based on students' real-life leadership experiences. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business graduate student; Credit is allowed for only MGT 520 or 591 (High Impact Leadership)  |
| MGT     | 525         | Self-Transformation Through Executive Connections             | A key objective of the W. P. Carey Full-Time MBA program is to develop each student's leadership competencies, which are essential competencies as the individual enters the workforce and advances through organizations. During the FT MBA program, each student participates in the Executive Connections program. This program gives each student an opportunity to enhance his or her understanding of key leadership competencies, apply an experiential process of leadership development, and meet one-on-one with an executive coach to deeply explore and reflect on personal leadership competencies and goals for development.   | N                 | LEL               | Y               | GNA           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 0.5-2 |                 | Prerequisite(s): WPC MBA degree student  |
| MGT     | 528         | Basics of Mastering the Art of Influence and Negotiations     | Contemporary management issues, including environmental, project and supply chain management; new product development; quality control; TQM. Designed for students with limited business experience and without an undergraduate business degree.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 3     |                 | Prerequisite(s): ASU degree-seeking graduate student   |

ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                     | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                       | Department                                    | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-------------------------------|---|-------|-----------------|---|
| MGT     | 530         | Mastering the Art of Influence and Negotiation   | Improves students' understanding of and skills in the art of negotiation. For most managers, negotiation is a significant aspect of their day-to-day jobs, not to mention a major element of everyday life. Gives students experience in bargaining and negotiation, as well as provides a foundation in the essential knowledge bases crucial to being an effective negotiator. Emphasizes experiential learning--students spend most of their time participating in exercises and negotiation simulations (including negotiating job offers), as well as discussing negotiation-based cases involving issues that often arise in the workplace. The goal is to provide students with a fundamental understanding of what it takes to be an effective negotiator, as well as several experiences to draw upon in future negotiation situations.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-3   |                 | Prerequisite(s): W.P. Carey School of Business graduate student; Credit is allowed for only MGT 530 or MGT 591 (Negotiations)   |
| MGT     | 540         | Going Out on Your Own: Entrepreneurship          | Capstone case-based course covering all aspects of starting a business: opportunity identification, evaluation, concept development, identifying required resources, acquiring those resources, launching the entity, managing growth, and ultimately, harvesting the enterprise. Revolves around a series of cases, readings and class discussions designed to build a comfort level with understanding and solving problems faced every day, in real life, by a broad spectrum of entrepreneurs at various phases of venture development. Significant emphasis on understanding the valuation and financing of entrepreneurial ventures interwoven through discussions.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-3   |                 | Prerequisite(s): W.P. Carey School of Business graduate student; ACC 502 with C or better; FIN 502 with C or better; Credit is allowed for only MGT 540 or MGT 591 (Entrepreneurship) |
| MGT     | 545         | Becoming Leaders Who Matter                      | Addresses core questions: What does it mean to be a leader who really matters? How can you become such a leader? Today's competitive and complex environment requires leaders who are equipped with not just the functional and technical skills necessary to run a business but, more significantly, the leadership skills that allow the business and the people involved in it to thrive. Provides an opportunity to reexamine thinking about leadership and assess current skills and competencies in this area. Highly interactive learning environment with case analyses, exercises, discussion, guided reflection activities, assessments and group work. Covers topics such as self awareness (motivations, values, and leadership style), developing perspective as leaders, the social context of leadership, the role of emotions in the workplace, using life experiences to extract leadership lessons. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-3   |                 | Pre-requisite: W.P. Carey School of Business graduate student; Credit is allowed for only MGT 545 or 594 (Leading w/Authenticity & EI OR Becoming Leaders Who Matter)                 |
| MGT     | 550         | Toxic Leadership and Dysfunctional Organizations | Examines origins and impact of bad behavior in the workplace. Identifies and investigates dysfunctional organizational policies and toxic leadership practices. Case studies and consultation reports provide students with detailed accounts of destructive leaders motivated by or responding to greed, questionable ethics, organizational and marketplace pressures, crisis and psychopathology. Students learn best practices for early detection of toxic leadership and organizational dysfunction and strategies for positive intervention and transformation.  | N                 | LEC               | N               | OPT           | W.P. | MGT     | 595         | Continuing Registration       | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 598         | Special Topics                | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student     |
| MGT     | 599         | Thesis                        | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | IND               | Y               | Z2            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 690         | Reading and Conference        | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 692         | Research                      | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 700         | Research Methods              | Course on research methods in a specific discipline.  | Y                 | SEM               | Y               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 790         | Reading and Conference        | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 791         | Seminar                       | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-12  |                 | Pre-requisites: W.P. Carey degree seeking Graduate student     |
| MGT     | 792         | Research                      | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 795         | Continuing Registration       | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MGT     | 799         | Dissertation                  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | W.P. Carey School of Business | Department of Management and Entrepreneurship | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 140         | Music as Culture              | Introduces a range of practical and intellectual challenges presented by encounters with various kinds of music.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts  | School of Music                               | 3     | HU & G          | Prerequisite(s): Music or Performance and Movement major       |
| MHL     | 194         | Special Topics                | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts  | School of Music                               | 1-4   |                 |  |
| MHL     | 201         | Media Literacy for Musicians  | Instruction in basic Macintosh computer literacy, including generic applications and music-specific programs with hands-on experience.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts  | School of Music                               | 3     | CS              |  |

| MHL     | 490         | Capstone Project I: Undergraduate Thesis Research | Selection of topic and research toward the completion of an undergraduate thesis of no fewer than 50 pages.   | N                 | RSC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): MHL 341; MHL 342   |
| MHL     | 491         | Capstone Project II: Undergraduate Thesis         | Completion of an undergraduate thesis in musicology or ethnomusicology of no fewer than 50 pages.   | N                 | RSC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): MHL 490  |
| MHL     | 492         | Honors Directed Study                             | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MHL     | 493         | Honors Thesis                                     | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| MHL     | 494         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 | Prerequisite(s): Music student; MHL 341, MHL 342, and MTC 222 with C or better  |
| MHL     | 497         | Honors Colloquium                                 | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MHL     | 498         | Pro-Seminar                                       | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-7   | L               |   |
| MHL     | 499         | Individualized Instruction                        | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-3   |                 |   |
| MHL     | 500         | Research Methods                                  | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MHL     | 532         | Music Bibliography                                | Major historical and analytical writings; systematic and historical collections of music.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisites: Graduate Music student  |
| MHL     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student   |
| MHL     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MHL     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MHL     | 590         | Reading and Conference                            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisites: Graduate Music student  |
| MHL     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisites: Graduate Music student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                             | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department      | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------|-------|-----------------|--|
| MHL     | 592         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisites: Graduate Music student                         |
| MHL     | 593         | Applied Project                          | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 594         | Conference and Workshop                  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisites: Graduate Music student                         |
| MHL     | 598         | Special Topics                           | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 | Pre-requisites: Graduate Music student                         |
| MHL     | 599         | Thesis                                   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisites: Graduate Music student                         |
| MHL     | 600         | Research Methods                         | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 632         | Applied Musicology                       | Explores practice-oriented entrepreneurial opportunities and methods in musicology, acquires knowledge and develops skills in community engagement and outreach, explores pathways of professional publication and network building, and participates in organizing curated concert series and scholarly conferences.    | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): MHL 532                                       |
| MHL     | 657         | Topics in Symphonic Literature           | Examines the evolution of the symphony and symphonic poem from the early classic era through the 19th century, with emphasis on the analysis of selected works.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 668         | Introduction to Ethnomusicology          | Experiencing theory and methodology by being ethnomusicologists through musical performance, primary writings on fieldwork, career structuring, the history of the discipline, its relationship with historical musicology, and the cultural theories which ethnomusicologists draw on.                                  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 670         | Area Studies in Ethnomusicology          | Study of the music of a particular culture, country, or area (e.g., music of Mexico, Latin America, China, Africa).  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 675         | History of Choral Music and Institutions | Examines the history of choral music through the lens of choral institutions: patronage, education, ritual, performing forces, status (professional vs. amateur), and locale.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 680         | Practicum                                | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 683         | Fieldwork                                | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 684         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 690         | Reading and Conference                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 691         | Seminar                                  | A small class emphasizing discussion, presentations by students, and written research papers.  | N                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 692         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 693         | Applied Project                          | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MHL     | 700         | Research Methods                         | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| MHL     | 795         | Cont Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.                        | N                 | RSC               | N               | Z3            | Herberger Inst Design & Arts             | School of Music                             | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MHL     | 798         | Research Colloquium                            | Interactive research forum featuring research presentations and discussion among musicology students, faculty and guest speakers from across campus and other institutions. Encourages students to engage in constructive dialogue with their peers as well as with faculty and guest speakers in a collegial environment conducive to exchange and collaboration. Supervised by a faculty panel from the musicology division. | N                 | RSC               | Y               | GNA           | Herberger Inst Design & Arts             | School of Music                             | 2     |                 | Prerequisite(s): MSI 601 or 602   |
| MHL     | 799         | Dissertation                                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts             | School of Music                             | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MIC     | 191         | First-Year Seminar                             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-3   |                 | Pre-requisite: Freshman standing; Maximum 25 hours  |
| MIC     | 205         | Microbiology                                   | Introductory microbiology, emphasizing basic principles of microorganisms (bacteria, protozoa, algae, fungi, and viruses) and the role they play in health, ecology, and applied fields. May not be used for Microbiology credit unless a diagnostic test is passed. Both MIC 205 and MIC 206 required for SG General Studies credit.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     | SG              | Prerequisite(s): CHM 101 or 113; Credit is allowed for only MIC 205 or MIC 443                                |
| MIC     | 205         | Microbiology                                   | Introductory microbiology, emphasizing basic principles of microorganisms (bacteria, protozoa, algae, fungi, and viruses) and the role they play in health, ecology, and applied fields. May not be used for Microbiology credit unless a diagnostic test is passed. Both MIC 205 and MIC 206 required for SG General Studies credit.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | SG              | Prerequisite(s): CHM 101 or 113; Credit is allowed for only MIC 205 or MIC 443                                |
| MIC     | 205         | Microbiology                                   | Introductory microbiology, emphasizing basic principles of microorganisms (bacteria, protozoa, algae, fungi, and viruses) and the role they play in health, ecology, and applied fields. May not be used for Microbiology credit unless a diagnostic test is passed. Both MIC 205 and MIC 206 required for SG General Studies credit.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | SG              | Prerequisite(s): CHM 101 or 113; Credit is allowed for only MIC 205 or MIC 443                                |
| MIC     | 206         | Microbiology Laboratory                        | Principles and lab techniques used in identifying and handling microorganisms. Both MIC 205 and 206 must be taken to secure SG General Studies credit.   | N                 | LAB               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 1     | SG              | Pre- or corequisite(s): MIC 205 or 220 with C or better if completed  |
| MIC     | 206         | Microbiology Laboratory                        | Principles and lab techniques used in identifying and handling microorganisms. Both MIC 205 and 206 must be taken to secure SG General Studies credit.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     | SG              | Pre- or corequisite(s): MIC 205 or 220 with C or better if completed  |
| MIC     | 206         | Microbiology Laboratory                        | Principles and lab techniques used in identifying and handling microorganisms. Both MIC 205 and 206 must be taken to secure SG General Studies credit.   | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     | SG              | Pre- or corequisite(s): MIC 205 or 220 with C or better if completed  |
| MIC     | 220         | Biology of Microorganisms                      | Introductory microbiology for students majoring in the life sciences. Detailed study of microbial cells, their structure, genetics, physiology, and taxonomy.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 or 281 with C or better; CHM 116   |
| MIC     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-4   |                 |   |
| MIC     | 298         | Honors Directed Study                          | Independent study or practicum under the supervision of a faculty member.  | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MIC     | 302         | Advanced Bacteriology Laboratory               | Advanced lab techniques in bacterial growth, physiology, and genetics, with an emphasis on quantitative data and formal lab reports. Both MIC 302 and 401 must be taken to secure L General Studies credit.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     | L               | Prerequisite(s): MIC 206 with C or better; MIC 220 with C or better   |
| MIC     | 314         | HIV/AIDS: Science, Behavior, and Society       | Overview of the basic biological, behavioral, and psychosocial aspects of HIV disease and AIDS.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 |   |
| MIC     | 314         | HIV/AIDS: Science, Behavior, and Society       | Overview of the basic biological, behavioral, and psychosocial aspects of HIV disease and AIDS.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only MIC 314 or SSH 314                              |
| MIC     | 360         | Bacterial Physiology                           | Mechanisms and control of cell metabolism, structures, and functions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): MIC 220 with C or better   |
| MIC     | 379         | Medical Bacteriology                           | Principles of medical bacteriology with emphasis on bacterial infections, diagnostic testing, clinical symptoms, pathogenesis, and treatments.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): MIC 220 with C or better   |
| MIC     | 380         | Medical Parasitology                           | Parasitic diseases of humans, including life cycle events and clinical manifestations.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): MIC 220 with C or better   |
| MIC     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-4   |                 |   |
| MIC     | 401         | Research Paper                                 | Paper of 15 or more pages based on library or lab research in collaboration with a faculty member. Required of all Microbiology majors. Both MIC 302 and 401 must be taken to secure L General Studies credit.   | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     | L               | Prerequisite(s): MIC 206 with C or better; MIC 220 with C or better; senior standing                          |
| MIC     | 420         | Immunology: Molecular and Cellular Foundations | Antibody/antigen interactions, cellular response, cytokines, immunogenetics, immunoregulation, autoimmunity, psychoneuroimmunology research/medical perspectives.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 353, BIO 360, or MIC 220 with C or better; Credit is allowed for only BIO 420 or MIC 420 |
| MIC     | 420         | Immunology: Molecular and Cellular Foundations | Antibody/antigen interactions, cellular response, cytokines, immunogenetics, immunoregulation, autoimmunity, psychoneuroimmunology research/medical perspectives.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 353, BIO 360, or MIC 220 with C or better; Credit is allowed for only BIO 420 or MIC 420 |
| MIC     | 421         | Experimental Immunology                        | Introduces the basic techniques, methods, and assays used in immunology.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     |                 | Prerequisite(s): BIO 353 or 360, MBB 247, or MIC 220 with C or better   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                  | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| MIC     | 425         | Advanced Immunology                                   | Surveys recent advances in immunology, including lymphocyte membranes, lymphokines/biochemistry, molecular genetics, theoretical immunology, immunoregulation, neuroimmunology, and immunologic diseases.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): MIC 420 with C or better   |
| MIC     | 441         | Bacterial Genetics                                    | Surveys genetic exchange and regulatory processes in bacteria and their viruses. Bacteria and viruses as tools in genetic engineering.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 340 or MBB 347 with C or better; MIC 220 with C or better  |
| MIC     | 442         | Bacterial Genetics Laboratory                         | Techniques of mutagenesis, mapping, and strain and genetic library construction.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Pre/Co-requisite: MIC 441   |
| MIC     | 443         | The Microbial Universe                                | Diversity and physiology of microorganisms with emphasis on recent advances in the biology of microorganisms of environmental and medical importance.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 353 with C or better; Pre- or corequisite(s): MIC 444 with C or better if completed; Credit is allowed for only MIC 205 or MIC 443 |
| MIC     | 444         | The Microbial Universe Laboratory                     | Techniques used to explore the microbial universe with emphasis on structural, metabolic, genetic, and growth characteristics relevant to the identification and characterization of microorganisms of environmental and medical importance. Not open to students with credit in MIC 206.   | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     |                 | Pre- or corequisite(s): MIC 443 with C or better  |
| MIC     | 445         | Techniques in Molecular Biology/Genetics              | Molecular genetic principles: plasmid construction, purification, and characterization; PCR; mutagenesis; hybridization and sequence analysis; protein quantitation; immunologic detection, and electrophoresis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 340 or MBB 347 with C or better; MBB 247 or MIC 302 with C or better; Credit is allowed for only MBB 445 or MIC 445                |
| MIC     | 446         | Techniques in Molecular Biology/Genetics Lab          | Molecular genetic techniques; plasmid construction, purification, and characterization; PCR; mutagenesis; hybridization and sequence analysis; protein quantitation; immunologic detection, and electrophoresis.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     |                 | Pre- or corequisite(s): MBB 445 or MIC 445 with C or better if completed; Credit is allowed for only MBB 446 or MIC 446                                 |
| MIC     | 461         | Geomicrobiology                                       | Past and present interactions among microbial life, geological materials, and biogeochemical cycles involving carbon, sulfur, phosphate, nitrogen, and metals.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |   |
| MIC     | 470         | Bacterial Diversity and Systematics                   | Biology, classification, and enrichment culture of the nonpathogenic bacteria.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): MIC 302 with C or better   |
| MIC     | 481         | Bacterial Pathogenesis                                | Human host-bacterial interactions in infectious diseases with emphasis on pathogenesis and molecular mechanisms of bacterial virulence.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): MIC 220 with C or better; MIC 360 or 441 with C or better  |
| MIC     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |   |
| MIC     | 485         | General Virology                                      | Fundamental principles of viruses, their molecular biology, replication, genetics, and pathogenesis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): MIC 206 with C or better; MIC 220 with C or better   |
| MIC     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MIC     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| MIC     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 1-4   |                 |   |
| MIC     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-4   |                 |   |
| MIC     | 495         | Undergraduate Research                                | Supervised research in biology/microbiology/molecular biosciences and biotechnology/or plant biology.   | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-3   |                 | Pre-requisite: Junior or senior standing  |
| MIC     | 496         | Undergraduate Thesis                                  | Guided research culminating in the preparation of an undergraduate thesis based on supervised research done in this and previous semesters.   | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only BIO 496 or HPS 496 or MBB 496 or MIC 496   |
| MIC     | 497         | Honors Colloquium                                     | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MIC     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-7   |                 |   |
| MIC     | 499         | Individualized Instruction                            | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-3   |                 |   |
| MIC     | 500         | Research Methods                                      | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MIC     | 501         | Foundations in Microbiology                           | Provides overview of the field of microbiology including: bacterial genetics and physiology, virology and host/pathogen interactions through lectures, reading, presentations and discussion of papers in the field of microbiology and immunology. Students read all papers, participate in class discussions and present papers during the semester.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only MIC 501 or MIC 591 (Milestones in Microbiology)              |
| MIC     | 520         | Evolution and Ecology of Emerging Infectious Diseases | Applying principles and concepts from Ecology, Evolution, and Epidemiology for studying emerging infectious diseases. Emphasizing the interplay of these areas. Intended for life sciences majors and first year graduate students.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only EVO or MIC 520                                       |
| MIC     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|--------------------------------|-------|-----------------|--|
| MIC     | 590         | Reading and Conference                      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 591         | Seminar                                     | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 592         | Research                                    | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 594         | Conference and Workshop                     | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 595         | Continuing Registration                     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 598         | Special Topics                              | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 599         | Thesis                                      | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 700         | Research Methods                            | Course on research methods in a specific discipline.   | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 784         | Internship                                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 790         | Reading and Conference                      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 791         | Seminar                                     | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 795         | Continuing Registration                     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIC     | 799         | Dissertation                                | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Life Sciences        | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MIS     | 101         | Introduction to the United States Army      | Introduces the personal challenges and competencies that are critical for effective leadership and communication. Students learn how the personal development of life skills such as cultural understanding, goal setting, time management, stress management and comprehensive fitness relate to leadership, officership and the Army profession. Focuses on developing basic knowledge and comprehension of Army leadership dimensions, attributes and core leader competencies while gaining an understanding of the Army ROTC program, its purpose in the Army, and its advantages for the student. Includes physical training assessments, tactical training, as well as lecture-based instruction. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 |  |
| MIS     | 102         | Foundation of Agile and Adaptive Leadership | Introduces the professional challenges and competencies that are needed for effective execution of the profession of arms and Army communication. Through this course, students learn how ethics and values shape the Army and the specific ways that these ethics are inculcated into Army culture. Explores the seven Army values and the warrior ethos, investigate the profession of arms and Army leadership as well as an overview of the Army, and gains practical experience using critical communication skills. Includes physical training assessments, tactical training, as well as lecture-based instruction.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 | Prerequisite(s): MIS 101                                       |
| MIS     | 191         | First-Year Seminar                          | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 1-3   |                 | Pre-requisite: Freshman standing; Maximum 25 hours             |
| MIS     | 194         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 1-4   |                 |  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|--------------------------------|-------|-----------------|---|
| MIS     | 201         | Army Leadership and Decision Making               | Academically challenging course where students study, practice and apply the fundamentals of Army leadership, officership, Army values and ethics, personal development and small-unit tactics at the platoon level. Requires the student to demonstrate writing skills and present information briefings as preparation for development in becoming a successful future officer. Includes reading assignments, homework assignments, small group assignments, briefings, case studies, practical exercises, a mid-term exam and final exam. Also includes physical training assessments, tactical training, as well as lecture-based instruction.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 | Prerequisite(s): MIS 101; MIS 102                                     |
| MIS     | 202         | Army Doctrine and Team Development                | Academically challenging course where students study, practice and apply the fundamentals of the leadership, officer skills, Army values and ethics, personal development and tactics at the small-unit level. Focuses on cross-cultural competencies as they relate to Army doctrine and how they apply in a combatant commander's engagement strategies. Stresses Army values, teamwork and warrior ethos and their relationship to the law of land warfare and philosophy of military service. Covers the ability to lead and follow through team building exercises in small units up to squad level. Requires the student to demonstrate writing skills and present information briefings as preparation for development in becoming a successful future officer. Also includes physical training assessment, tactical training, as well as lecture-based instruction.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 | Prerequisite(s): MIS 101; MIS 102; MIS 201                            |
| MIS     | 205         | Leader's Training Course                          | 6-week training program emphasizing practical hands-on skills and leadership development. Taken in lieu of MIS 101, 102, 201, 202. Conducted at Fort Knox, Kentucky.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 |   |
| MIS     | 294         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 1-4   |                 |   |
| MIS     | 301         | Training Management and the Warfighting Functions | Academically and physically challenging course where students study, practice and apply the fundamentals of Army leadership, officership, Army values and ethics, personal development and small-unit tactics at the platoon level. At the conclusion of this course, the student is capable of planning, coordinating, navigating, motivating and leading a squad and platoon in the execution of a mission during a classroom PE, a leadership lab or during a Leader Training Exercise (LTX). Requires the student to write peer evaluations and receive feedback on abilities as a leader and how to improve those leader skills that can further develop into a successful officer. Students receive systematic and specific feedback on their leader attributes, values and core leader competencies from the instructor, other ROTC cadre and MSL IV Cadets who evaluate the students using the Cadet Officer Evaluation System (OES).                                | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     | L               | Prerequisite(s): MIS 101; MIS 102; MIS 201; MIS 202                   |
| MIS     | 302         | Applied Leadership in Small-Unit Operations       | Academically and physically challenging course where students study, practice and apply the fundamentals of Army leadership, officership, Army values and ethics, personal development and small-unit tactics at the platoon level. At the conclusion of this course, the student is capable of planning, coordinating, navigating, motivating and leading a squad and platoon in the execution of a mission during a classroom PE, a leadership lab, or during a Leader Training Exercise (LTX). Students receive systematic and specific feedback on their leader attributes, values and core leader competencies from the instructor, other ROTC cadre and MSL IV cadets who evaluate the students using the Cadet Officer Evaluation System (OES). Teaches the student the necessary skills to be successful at the USACC Advance Camp.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     | L               | Prerequisite(s): MIS 101; MIS 102; MIS 201; MIS 202; MIS 301          |
| MIS     | 303         | National Advanced Leadership Camp                 | 6-week training program emphasizing leadership development and advanced military skills, including tactics, land navigation, and physical training. Conducted at Fort Lewis, Washington.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Military Science | 4     |                 |   |

| MKT     | 502         | Create and Deliver Customer Value: Marketing Management           | Managing the marketing function; market and environmental analysis; marketing planning, strategy, and control concepts. Development and management of marketing programs.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): specific W.P. Carey graduate students only   |
| MKT     | 520         | Co-Creating Value and Innovating Through Services                 | Focuses on challenges of managing service brands and delivering quality service to customers across industry sectors. Emphasizes skills and knowledge needed to implement quality service and service strategies, frameworks for customer-focused management, and how to increase customer satisfaction and retention through service strategies.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 525         | Excel in Services   | Focuses on challenges of managing services and delivering quality service to customers. The attraction, retention, and building of strong customer relationships through quality service (and services) are at the heart of the course content. The course is equally applicable to organizations whose core product is service and to organizations that depend on services for competitive.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 530         | Creativity and Innovation   | Multidisciplinary approaches to theories and practices of inspiring and managing innovation and change for sustainable competitive advantage. Focuses on both the student's individual creativity and the planning and implementation of innovations, technologies, processes, or systems that pose significant uncertainty. Places special attention on the processes surrounding understanding the consumer, ideation and implementation. Inclusive in this are methods such as environmental scanning, scenario planning, contextual research, storytelling, concept testing and prototyping. Also includes the many aspects of the organization's structure and culture regarding innovation and creativity. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 535         | Global Marketing Strategy   | Introduces the concepts of globalization in markets and gives an appreciation and understanding of the differences between marketing in a home country and marketing globally.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 540         | Branding and Consumer Markets                                     | Provides an intensive examination of factors that drive consumer behavior. Covers topics such as understanding factors contributing to a superior value proposition, identifying elements associated with the stability of the existing alternative, specifying components linked to reducing the level of uncertainty associated with the new alternative; articulating independent influences (e.g., regulatory and social) operating in a particular change context, and comprehending biases that exist in the search and decision making process. Also places additional emphasis on brand development as well as on the role that social media assumes in the change process.                              | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 545         | Entrepreneurial Marketing   | Introduces the process of developing a plan for starting a business and presenting that plan to potential investors in order to obtain financing. Covers the purposes of a business plan, the varying objectives of different types of investors or financial institutions, and how they complement or conflict with the interests of an entrepreneur. Topics include proprietary positioning, types of organization, and differing management objectives.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| MKT     | 550         | Creating the Future: Product and Service Innovation               | Intimately familiarizes students with the front end of the new product design process and provides concrete tools for determining strategies for developing new products based on input from customers.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| MKT     | 555         | B2B: Capturing Value Through Products, Services and Customer Solutions | Provides the tools and specialized knowledge for developing and executing marketing strategy in the business-to-business market. Covers how to identify forces that drive buying behavior in organizations, measure market opportunity, identify profitable segments, and develop strategy, particularly for turbulent, high-technology markets.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 560         | Customer Relationship Management                                       | Focuses on the tools, metrics, and systems used to measure and manage customer relationships. Key to the development and use of sound customer metrics are market research skills including competencies in research design, sampling, measurement, data collection, and data analysis. Covers how to use types of data such as surveys, purchased data, transactional data, the Web, and social media to measure and manage customer relationships. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 570         | Advanced Marketing Strategy  | Covers strategic marketing concepts (portfolio management and resource allocation, market segmentation and positioning, competitive advantage); marketing tools (perceptual mapping, conjoint analysis, portfolio analysis, regression); and market and competitive analysis (analyze changes in market attractiveness, evaluate different courses of action, plan long term).   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | GNA           | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Pre-requisites: W. P. Carey MBA Full Time student.                            |
| MKT     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | PRA               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): Global Management graduate student; MKT 502 with C or better |
| MKT     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | RSC               | Y               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | W.P. Carey School of Business | Department of Marketing | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Marketing | 1-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student                    |
| MKT     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | IND               | Y               | Z2            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 690         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | Department of Marketing | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 695         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | W.P. Carey School of Business | Department of Marketing | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                |
| MKT     | 700         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | RSC               | Y               | OPT           | W.P. | MND     | 202         | Second-Year Chinese II                 | Second part of a two-semester course of intermediate Modern Standard Chinese for students who have successfully completed three semesters of Modern Standard Chinese at the college level or equivalent. Builds on the vocabulary introduced in the first three courses, with deeper emphasis on global work situations. Adopts different pedagogical approaches such as group practice, role play and situational dialogues to help students acquire basic skills in listening, speaking, reading and writing Modern Standard Chinese. While oral proficiency is the focus of this course, also includes cultural information that accompanies language use in the teaching as well. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 5     |                 | Prerequisite(s): MND 101; MND 102; MND 201; Credit is allowed for only CHI 202 or MND 202   |
| MSA     | 101         | Elementary Arabic I                    | Introductory Arabic language focuses on pronunciation of Arabic sounds and basic writing skills. Students learn Arabic culture through standard greetings, common phrases, vocabulary and performance of appropriate social behaviors common in the Arab world which prepares students for work in global organizations.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 4     |                 | Credit is allowed for only ARB 101 or MSA 101   |
| MSA     | 102         | Elementary Arabic II                   | Continuation of Elementary Arabic I, adopts different pedagogical approaches such as group practice, role play and situational dialogues to help increase listening, speaking, reading and writing skills. While linguistic elements are the focus, cultural and intellectual contexts provide a medium for understanding the Arab-Islamic world and the global business setting.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 4     |                 | Prerequisite(s): MSA 101; Credit is allowed for only ARB 102 or MSA 102   |
| MSA     | 201         | Intermediate Arabic I                  | Directed to students who have completed the first two courses of college-level Arabic. Students reach an advanced level of oral proficiency through concentrating on new verbs, vocabulary and unique structures of sentences which enable them to master a highly sophisticated usage of the language.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 4     |                 | Prerequisite(s): MSA 101; MSA 102; Credit is allowed for only ARB 201 or MSA 201  |
| MSA     | 202         | Intermediate Arabic II                 | Provides advanced ability to understand, read, write and communicate in Arabic and is directed to students who have completed the first two Arabic elementary courses and the first intermediate course. Focuses on transitive, intransitive and passive and active verbs which enable students to express themselves in highly sophisticated Arabic styles and discourse. Students study how Arabic people perceive and communicate important cultural, historical and economic themes as well as major historical figures and their contributions to Arabic society.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 4     |                 | Prerequisite(s): MSA 101; MSA 102; MSA 201; Credit is allowed for only ARB 202 or MSA 202   |
| MSE     | 100         | Introduction of Materials Engineering  | Engineering design process, concepts about materials, and the materials engineering profession, including teaming, computer models, communication, and societal impact. A basic understanding of high school algebra, computing, and physics are necessary to be successful in this course.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 2     |                 | Pre-requisites: Undergraduate Engineering or University College student   |
| MSE     | 191         | First-Year Seminar                     | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 1-3   |                 |   |
| MSE     | 194         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 1-4   |                 |   |
| MSE     | 208         | Patterns in Nature                     | Examines topics from optics to analytical techniques.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 4     | SQ              | Credit is allowed for only MSE 208 or PHS 208   |
| MSE     | 211         | Introduction to Mechanics of Materials | Topics include stress, strain, elasticity, axial loading, torsion, bending, yield criteria, fracture, general energy methods and Castigliano's Theorem.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Prerequisite(s): PHY 121; PHY 122; MSE 250 with a C or better   |
| MSE     | 215         | Materials Synthesis                    | Introduces contemporary techniques for synthesizing both traditional and novel materials and the corresponding correlation to synthesized materials properties.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Pre- or corequisite(s): MSE 250 with C or better if completed   |
| MSE     | 250         | Structure and Properties of Materials  | Basic concepts of material structure and its relation to properties. Application to engineering problems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Prerequisite(s): CHM 114 or 113 with Pre- or corequisite(s): CHM 116 ** DO NOT TOUCH REQUIREMENTS W/OUT SUPERVISOR APPROVAL!**          |
| MSE     | 294         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 1-4   |                 |   |
| MSE     | 301         | Materials and Civilization             | Focuses on exploring how materials technology can change people's lives. Traces how societies evolved based on the access to materials and the ability to exploit them and trade them among nations. Studies the role of materials in a variety of contexts such as food, art, warfare, transportation, medicine, information and energy from the Stone Age through the industrial revolution to the modern world. Analyzes the connection between the dramatic developments in civilization and advances in materials through the lens of structure, properties and processing of materials.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Pre-requisites: Minimum Junior standing; Credit is allowed for only MSE 301 or 394 (Materials and Civilization)                         |
| MSE     | 308         | Sensing the World                      | Project-oriented science course develops critical thinking and technical skill using Internet modules on the five senses.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 4     | SQ              | Pre-requisite: MSE 208  |
| MSE     | 330         | Thermodynamics of Materials            | Principles of statistical mechanics, statistical thermodynamics of single crystals, solutions, phase equilibrium, free energy of reactions, free electron theory, and thermodynamics of defects.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate or Materials minor student, OR other majors with minimum 3.00 GPA; MSE 250 or ECE 350 |
| MSE     | 335         | Materials Kinetics                     | Introduces kinetics in processing of materials as illustrated through real-world materials processing examples.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program        | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or students with approved Materials minor; MSE 330                            |

| MSE     | 442         | Fatigue, Fracture, and Creep of Materials                          | Relationship between microstructure and fracture; fatigue and creep properties of materials. Environmental effects and recent developments. Current theories and experimental results.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; MSE 250 with C or better; Credit is allowed for only MSE 442 or MSE 494 (Fatigue, Fracture, Creep) or MSE 540  |
| MSE     | 450         | Introduction to Materials Characterization                         | Introduces materials characterization techniques for analysis of thin films and bulk materials by TEM, SEM, XRD, XPS, and AES.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; PHY 131; MSE 355; Credit is allowed for only MSE 450 or MSE 510  |
| MSE     | 451         | Introduction to Materials Characterization Lab                     | Lab for materials characterization techniques for analysis of thin films and bulk materials by TEM, SEM, XRD, XPS, and AES.  | N                 | LAB               | N               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; Corequisite(s): MSE 450  |
| MSE     | 457         | Quantum Mechanics for Understanding Properties of Atoms and Solids | The effect on quantum mechanics on the electronic structure and properties of atoms and solid materials.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering student or Materials Science and Engineering minor; MAT 275 with C or better; MSE 250 with C or better; PHY 131 with C or better   |
| MSE     | 458         | Introduction to Electronic, Magnetic, and Optical Properties       | Introduces electrical, optical, and magnetic properties of solids and microstructure effects as examined through materials-based examples.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; MSE 415; PHY 241 or 361; Credit is allowed for only MSE 458 or MSE 515 or MSE 598 (Intro to Electronic, Magnetic & Optical Properties)   |
| MSE     | 460         | Nanomaterials in Energy Production and Storage                     | Emphasizes the relationship among fundamental materials properties, chemical and energy transformation, as well as energy storage. Applications include the role of materials for photovoltaics, nanocatalysts, batteries, and fuel cells. Stresses fundamental principles and charge transfer processes in nanostructured materials in addressing energy needs. | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; MSE 250; Credit is allowed for only MSE 460 or MSE 494 (Nanomaterials in Energy Production) or MSE 560 or MSE 598 (Nanomaterials in Energy Production)                           |
| MSE     | 470         | Polymers and Composites  | Relationship among chemistry, structure, and properties of engineering polymers. Design, properties, and behavior of fiber composite systems.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): FSE undergrad or Materials minor; With C or better: CEE 213, MAE 213, or MSE 211; MAT 242, 342, or 343; MSE 250 or Aerospace major with MAE 325 (394); Credit is allowed for only MAE 455, 513, 598 (Polymers and Composites), MSE 470 or 513 |
| MSE     | 471         | Introduction to Ceramics   | Principles of structure and property relations in ceramic materials. Processing techniques. Applications in mechanical, electronic, and superconducting systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering undergraduate student or Materials minor; MSE 355  |
| MSE     | 475         | Fundamentals of Microelectronics Packaging                         | Multidisciplinary foundation course in addressing electrical, thermal, materials, chemical, manufacturing, and reliability problems in packaging.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering major or Materials minor; MSE 250 with C or better; Credit is allowed for only MSE 475 or MSE 518 or EEE 518 or MAE 518 or CHE 518   |

| MSE     | 482         | Materials Engineering Design                                 | Principles of the design process. Feasibility and optimization. Manufacturing processes, materials selection, failure analysis, and economics.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     | L               | Prerequisite(s): Materials Science and Engineering student; MSE 420  |
| MSE     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 |  |
| MSE     | 489         | Capstone Design Project I                                    | Covers how to plan an open-ended design project, including experience with technical writing and technical presentations. Both MSE 489 & 490 must be taken to secure L General Studies designation.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1     | L               | Co-requisite: MSE 482  |
| MSE     | 490         | Capstone Design Project II                                   | Students learn how to conduct an open-ended design project, including experience with technical writing and technical presentations. Both MSE 489 and 490 must be taken to secure L General Studies designation.  | N                 | RSC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 2     | L               | Prerequisite(s): MSE 489   |
| MSE     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MSE     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| MSE     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-4   |                 | Prerequisite(s): Fulton Engineering undergraduate student  |
| MSE     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-7   |                 | Prerequisite(s): Fulton Engineering undergraduate or graduate student  |
| MSE     | 499         | Individualized Instruction                                   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-3   |                 |  |
| MSE     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student   |
| MSE     | 501         | Linear Algebra in Engineering                                | Development and solution of systems of linear algebraic equations. Applications from mechanical, structural, and electrical fields of engineering.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite: graduate Engineering major except MS Electrical Engineering, MS Electrical Engineering (AME), MSE Electrical Engineering, PhD Electrical Engineering, or PhD Electrical Engineering (AME). Credit is allowed for only MAE 501 or MSE 501 |
| MSE     | 502         | Partial Differential Equations                               | Development and solution of partial differential equations in engineering. Applications in solid mechanics, vibrations, and heat transfer.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering student; Credit is allowed for only MAE or MSE 502   |
| MSE     | 510         | Introduction to Materials Characterization                   | Introduces materials characterization techniques for analysis of thin films and bulk materials by TEM, SEM, XRD, XPS, and AES.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering student; Credit is allowed for only MSE 450 or 510   |
| MSE     | 513         | Polymers and Composites                                      | Relationship among chemistry, structure, and properties of engineering polymers. Design, properties, and behavior of fiber composite systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering or Science & Engr of Materials student; Credit is allowed for only MAE or MSE 513  |
| MSE     | 514         | Physical Metallurgy  | Crystal structure and defects. Phase diagrams, metallography, solidification and casting, and deformation and annealing.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering student; Credit is allowed for only MSE 420 or 514   |
| MSE     | 515         | Introduction to Electronic, Magnetic, and Optical Properties | Electrical, optical and magnetic properties of solids and microstructure effects as examined through materials-based examples.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Graduate Engineering major; Credit is allowed for only MSE 515 or 598 (Intro to Electronic, Magnetic & Optical Properties)  |
| MSE     | 516         | Mechanical Behavior of Materials                             | Effects of environmental and microstructural variables of mechanical properties, including plastic deformation, fatigue, creep and brittle fracture.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): graduate Engineering or Science & Engr of Materials student; Credit is allowed for only MSE 440 or MSE 516  |
| MSE     | 517         | Introduction to Ceramics                                     | Principles of structure, property relations in ceramic materials. Processing techniques. Applications in mechanical, electronic, and superconducting systems.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering OR Science and Engineering of Materials student  |
| MSE     | 519         | Growth and Processing of Semiconductors                      | Briefly introduces semiconducting materials and emphasizes the characteristics of defects in semiconductors and their influence on electronic properties. Covers principles of growth of bulk crystals, epitaxial growth, oxidation, diffusion, ion implantation, and metallization. Discusses the introduction of defects during growth and processing of semiconductors and their influence on device behavior.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering student; Credit is allowed for only MSE 476 or 519   |
| MSE     | 523         | Structural and Mechanical Properties of Materials            | Designed for first-year PhD students in the School of Materials. Topics include crystallography theory, tensor properties of materials, elasticity, crystal defects, dislocation theory, plasticity, fracture, fatigue, and creep.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                                | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|---|-------|-----------------|---|
| MSE     | 524         | Advanced Thermodynamics                                  | Equilibrium thermodynamics. Chemical reactions, phase equilibria, and stability in multicomponent systems. Aqueous solutions and electrochemistry. Introduces statistical thermodynamics.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only CHM 541 or MSE 524   |
| MSE     | 526         | Materials Physics I                                      | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only MSE 526 or NAN 511 or PHY 511  |
| MSE     | 527         | Materials Physics II                                     | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; MSE 526; Credit is allowed for only PHY 482 or PHY 512 or NAN 512 or MSE 527  |
| MSE     | 540         | Fracture, Fatigue, and Creep                             | Relationship between microstructure and fracture; fatigue and creep properties of materials. Environmental effects and recent developments. Current theories and experimental results.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisites: Graduate Engineering student; Credit is allowed for only MSE 442, 494 (Fatigue, Fracture, Creep) or 540   |
| MSE     | 544         | Introduction to Nanoscience                              | Survey of nanoscience: quantum/ statistical mechanics/kinetics; measurement and fabrication methods; applications to materials, nano-electronics, molecular electronics and nano-biology.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only CHM 544 or MSE 544 or NAN 544 or PHY 444 or PHY 544  |
| MSE     | 546         | Surfaces and Thin Films                                  | Thermodynamics and kinetics of surface structures and thin film processes. Ultra-high vacuum techniques for examining surfaces. Case studies of physics, chemistry and nanoscience applications.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only NAN 546 or MSE 546 or PHY 546  |
| MSE     | 548         | Fundamentals of Microelectronics Packaging               | Multidisciplinary course in addressing electrical, thermal, materials, chemical, manufacturing, and reliability problems in packaging.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): graduate Fulton Engineering student. Credit is allowed for only CHE 518 or EEE 518 or MAE 518 or MSE 475 or MSE 548  |
| MSE     | 550         | Advanced Materials Characterization                      | Analytical instrumentation for characterization of materials; SEM, SIMS, Auger, analytical TEM, and other advanced research techniques.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Pre-requisite: Graduate Engineering OR Science and Engineering of Materials student   |
| MSE     | 552         | Electron Microscopy I                                    | Kinematical and dynamical electron diffraction and microscopy. Defect structure and composition using STEM imaging, x-ray and electron-energy-loss spectroscopy.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only MSE 552 or NAN 552 or PHY 552 or SEM 552   |
| MSE     | 553         | Electron Microscopy Laboratory I                         | Lab support for MSE 552.  | N                 | LAB               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Corequisite(s): MSE 552 or PHY 552; Credit is allowed for only MSE 553 or PHY 553   |
| MSE     | 554         | Electron Microscopy II                                   | Determination of structure and composition of materials using high-resolution imaging, convergent-beam diffraction, and electron holography. Novel developments and applications.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only MSE 554 or PHY 554   |
| MSE     | 555         | Electron Microscopy Laboratory II                        | Lab support for MSE 554.  | N                 | LAB               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| MSE     | 560         | Nanomaterials in Energy Production and Storage           | Emphasizes the relationship among fundamental materials properties, chemical and energy transformation, as well as energy storage. Applications include the role of materials for photovoltaics, nanocatalysts, batteries, and fuel cells. Stresses fundamental principles and charge transfer processes in nanostructured materials in addressing energy needs.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): graduate Chemistry, Engineering or Physics major. Credit is allowed for only MSE 460 or MSE 494 (Nanomaterials In Energy Production and Storage) or MSE 560 or MSE 598 (Nanomaterials In Energy Production and Storage) or NAN 560 |
| MSE     | 561         | Phase Transformations, Kinetics, and Diffusion in Solids | Hetero/homogeneous diffusion-controlled transformations, order-disorder transformations, and shear martensitic athermal transformations in solids. Courses in advanced thermodynamics and structure and properties of materials are strongly recommended in preparation for this course.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| MSE     | 565         | Structural Materials in Nuclear Power Systems            | Provides an overview of reactor systems and discusses the structural materials used in reactor components (e.g., fuel/core, wall/blanket, heat exchanger, and steam turbine materials). Discusses design considerations and materials degradation processes that occur in service. Emphasizes the effect of radiation damage on materials properties. Reviews reactor systems, including fission- (e.g., PWR, LWR, BWR, LMFBR) and fusion-based reactors. | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): graduate Engineering major. Credit is allowed for only MAE 494 (Structural Materials in Nuclear Power Systems) or MSE 494 (Structural Materials in Nuclear Power Systems) or MSE 565   |
| MSE     | 571         | Quantum Physics  | Review modern physics, chemistry, math. Differential equation, operator, matrix formulations. Free particle, bound state problems. Examples from physics, chemistry and nanoscience.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only MSE 571 or NAN 571 or PHY 571  |
| MSE     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student  |
| MSE     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z2            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student  |
| MSE     | 590         | Reading and Conference                                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | SEM               | Y               | Z2            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student  |
| MSE     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | Z2            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student  |

|---------|-------------|---------------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|--|
| MSE     | 592         | Research                              | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Pre-requisite: Materials & Science Engineering Masters student                     |
| MSE     | 593         | Applied Project                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 595         | Continuing Registration               | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1     |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 598         | Special Topics                        | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-4   |                 | Pre-requisite: Graduate Engineering student OR Science & Engr of Materials student |
| MSE     | 599         | Thesis                                | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Pre-requisite: Materials & Science Engineering Masters student                     |
| MSE     | 600         | Research Methods                      | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 690         | Reading and Conference                | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | SEM               | Y               | Z1            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 691         | Seminar                               | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 692         | Research                              | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 693         | Applied Project                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 784         | Internship                            | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 791         | Seminar                               | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 792         | Research                              | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-12  |                 | Pre-requisite: Materials Science & Engineering PhD student                         |
| MSE     | 795         | Continuing Registration               | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1     |                 | Prerequisite(s): Fulton Engineering graduate student                               |
| MSE     | 799         | Dissertation                          | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering    | Materials Science and Engineering Program | 1-15  |                 | Pre-requisite: Materials Science & Engineering PhD student                         |
| MSI     | 601         | Contemporary Topics in Music Research | Required for all PhD in Music students. Content includes readings and discussions of topics drawn from the arts and other disciplines that impact and interact with music, music practices, and music research. Requires literature review or research paper.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                           | 2     |                 | Prerequisite(s): doctoral Music students   |
| MSI     | 602         | Current Issues in Music Research      | Required for all PhD in Music students. Content includes readings and discussions of topics drawn from current public policies, events, and popular culture that impact and interact with music, music practices, and music research. Requires literature review or research paper.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                           | 2     |                 | Prerequisite(s): doctoral Music students   |
| MSI     | 755         | Historical Research in Music          | Required for all PhD in Music students. Knowledge and insights related to conducting historical research in music. Includes development of a mini-proposal for a dissertation on the history of music education, or draft of a historical research paper suitable for presentation or publication.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                           | 3     |                 | Prerequisite(s): doctoral Music students   |
| MTC     | 123         | Beginning Composition                 | Intended for freshmen and sophomores in the composition concentration. Introduces composing. May be repeated for credit.  | N                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music                           | 1     |                 | Pre-requisite: Music Theory and Composition student                                |
| MTC     | 125         | Basic Music Theory                    | Notation, scales, keys, modes, intervals, chords, basic part writing and composition. Development of related aural skills through sightsinging and dictation.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music                           | 3     |                 | Prerequisite(s): Music or Performance and Movement major                           |
| MTC     | 194         | Special Topics                        | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music                           | 1-4   |                 |  |
| MTC     | 221         | Music Theory: 18th Century            | Styles, techniques, and idioms of 18th-century music; emphasis on analysis, composition (part writing), and related aural skills, with applications for performance.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music                           | 3     |                 | Prerequisite(s): Music student; MTC 125 with C or better                           |

| MTC     | 298         | Honors Directed Study           | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MTC     | 315         | Modern Arranging I              | Analysis of scores and recordings, application of orchestration and four and five-part harmonization techniques frequently used in arranging for the contemporary jazz ensembles and studio orchestra   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MUP 236 with C or better   |
| MTC     | 316         | Modern Arranging II             | A continuation of MTC 315, analysis of scores and recordings, application and creation of new arrangements for contemporary jazz ensembles and/or studio orchestra.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MTC 315 with C or better   |
| MTC     | 320         | Modal Counterpoint              | Counterpoint based on 16th-century vocal polyphonic style.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MTC 221 with C or better   |
| MTC     | 321         | Tonal Counterpoint              | Counterpoint based on 18th-century polyphonic style.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MTC 221 with C or better   |
| MTC     | 323         | Composition                     | Writing music compositions, with emphasis on basic techniques and smaller structures. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2-3   |                 | Prerequisite(s): MTC 123 with C or better OR BMUS Theory and Composition (Composition) or BMUS Theory and Composition (Theory) major with minimum 55 hours |
| MTC     | 327         | Intermediate Form and Analysis  | Organizing elements in the most important contrapuntal and homophonic musical forms from the Renaissance through the 19th century.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music student; MTC 222 with C or better   |
| MTC     | 394         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 |  |
| MTC     | 422         | Musical Acoustics               | Properties of sound and tone. Harmonic series, instruments, the ear, auditorium acoustics, and the reproduction of sound. Assumes a thorough knowledge of musical notation, intervals, scales, and harmony, or 2 years of music theory.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Music student; Passed audition  |
| MTC     | 425         | Studies in 20th-Century Theory  | Continued development of analytical techniques and aural skill, with an examination of theoretical systems applicable to 20th-century music.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music student; MTC 223 with C or better   |
| MTC     | 428         | Advanced Form and Analysis      | Organizing principles of the large forms of musical composition in the 19th and 20th centuries.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Music student; MTC 223 with C or better   |
| MTC     | 429         | Canon and Fugue                 | Writing of canons and fugues in tonal style.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MTC 321 with C or better   |
| MTC     | 430         | 20th-Century Counterpoint       | Counterpoint studies utilizing 20th-century idioms.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music student; MTC 223 with C or better   |
| MTC     | 433         | Orchestration                   | Studies scoring music for full and chamber orchestras; examines individual orchestral instruments (characteristics and performance techniques). Requires a working knowledge of a computer music notation program.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music major   |
| MTC     | 436         | Electronic Studio Techniques I  | The study of computer music systems emphasizing advanced audio synthesis and resynthesis as well as their application to professional compositional environments.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: MTC 223   |
| MTC     | 437         | Electronic Studio Techniques II | Principles of digital electronic music systems and their applications in the composition of electronic music.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 |  |
| MTC     | 440         | Jazz Theory and Ear Training    | Advanced study of jazz harmonic systems. Daily oral drills.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 |  |
| MTC     | 441         | Jazz Composition                | Creative writing in the smaller forms and in the idiom of jazz.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2-3   |                 | Prerequisite(s): Music student; MTC 440; MUP 236 with C or better  |
| MTC     | 484         | Internship                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 |  |
| MTC     | 492         | Honors Directed Study           | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MTC     | 493         | Honors Thesis                   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| MTC     | 494         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 |  |
| MTC     | 495         | Final Project                   | Half recital of compositions or approval of a large-scale composition or a research paper.  | N                 | RSC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 0     |                 |  |
| MTC     | 496         | Theory Project                  | Supervised individual writing project dealing with music theory.  | N                 | RSC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 |  |
| MTC     | 497         | Honors Colloquium               | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MTC     | 498         | Pro-Seminar                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-7   | L               |  |
| MTC     | 499         | Individualized Instruction      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-3   |                 |  |

|---------|-------------|------------------------------------|--|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------|-------|-----------------|---|
| MTC     | 500         | Research Methods                   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 516         | Baroque Music                      | Detailed analysis of selected examples of music from the Baroque period.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 517         | Classic Music                      | Detailed analysis of selected examples of music from the Classic period.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 518         | Romantic Music                     | Detailed analysis of selected examples of music from the Romantic period.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 519         | Late 19th-Early 20th Century Music | Detailed analysis of selected examples of music from the late 19th and early 20th centuries.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 520         | Analytical Techniques              | Analytical techniques systematically applied to music. Concentration on structural and compositional procedures.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 523         | Advanced Composition               | Advanced music composition, including complex techniques and larger structure. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2-3   |                 | Pre-requisite: Graduate Music student   |
| MTC     | 525         | Pedagogy of Theory                 | Practices and principles of teaching music theory. Emphasizes most desirable and practical offerings possible. Comparative studies of existing practices.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 528         | History of Music Theory            | Theory from the 17th century to the present. Need not be taken in sequence with MTC 527.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 540         | Jazz Theory and Ear Training       | Surveys some of the most influential trends in the jazz tradition with in-depth analysis of harmonic systems, linear elements, and compositional strategies.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Graduate Music student   |
| MTC     | 580         | Practicum                          | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 583         | Fieldwork                          | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 584         | Internship                         | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 590         | Reading and Conference             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisite: Graduate Music student   |
| MTC     | 591         | Seminar                            | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisite: Graduate Music student   |
| MTC     | 592         | Research                           | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisite: Graduate Music student   |
| MTC     | 593         | Applied Project                    | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 |   |
| MTC     | 594         | Conference and Workshop            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisite: Graduate Music student   |
| MTC     | 598         | Special Topics                     | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 | Pre-requisite: Graduate Music student   |
| MTC     | 599         | Thesis                             | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Pre-requisite: Graduate Music student   |
| MTC     | 600         | Research Methods                   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 680         | Practicum                          | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 683         | Fieldwork                          | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 684         | Internship                         | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student |
| MTC     | 690         | Reading and Conference             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 |   |
| MTC     | 691         | Seminar                            | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 |   |
| MTC     | 692         | Research                           | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. |---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| MTC     | 783         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music                                 | 1-12  |                 | Prerequisite(s): doctoral Music student   |
| MTC     | 784         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music                                 | 1-12  |                 | Prerequisite(s): doctoral Music student   |
| MTC     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music                                 | 1-12  |                 | Prerequisite(s): doctoral Music student   |
| MTC     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music                                 | 1-12  |                 | Prerequisite(s): doctoral Music student   |
| MTC     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts             | School of Music                                 | 1-15  |                 | Prerequisite(s): doctoral Music student   |
| MTC     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts             | School of Music                                 | 1-15  |                 | Prerequisite(s): doctoral Music student   |
| MTE     | 180         | Mathematics for Elementary Teachers I                           | Numbers, number systems, operations on numbers; patterns, algebraic reasoning, and functions; problem solving. For prospective elementary education and special education teachers.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts        | 3     |                 | Pre-requisite(s): MAT 117, MAT 142 or MAT 170 with C or better                                |
| MTE     | 180         | Mathematics for Elementary Teachers I                           | Numbers, number systems, operations on numbers; patterns, algebraic reasoning, and functions; problem solving. | MTE     | 181         | Mathematics for Elementary Teachers II                          | Data analysis, probability, and discrete mathematics; geometry and measurement; structure and logic. For prospective elementary education and special education teachers.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 3     |                 | Pre-requisite(s): MTE 180 with C or better  |
| MTE     | 191         | First-Year Seminar  | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-3   |                 | Pre-requisite: Freshman standing; Maximum 25 earned hours                                     |
| MTE     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 1-4   |                 |   |
| MTE     | 210         | Mentored Tutoring Internship                                    | Introduces math education students to issues of balancing the content of precalculus mathematics with the needs of someone learning it. Addresses core issues, including articulating what is involved in learning the mathematical idea(s); interpreting students' questions; analyzing student thinking and inferring their underlying rationale from a learner-centered perspective; techniques of question-posing, problem-posing, and instructional scaffolding. | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1     |                 | Co-requisite: MAT 207   |
| MTE     | 250         | Technology and Mathematical Visualization                       | Uses several software packages for exploring mathematics and for preparing mathematical materials, starting from introductory skills and leading to advanced techniques. Places particular emphasis on using computer software with the aim of visualizing mathematical relationships, structures, and processes.   | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): MAT 207 with C or better; MAT 270 with C or better; MTE 210 with C or better |
| MTE     | 280         | Investigating Quantity: Number, Operations & Numeration Systems | Investigation of mathematical principles and processes regarding the real number system and its properties develop number sense and qualitative reasoning abilities. Designed to meet the requirements for preservice elementary school teachers.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 3     |                 | Prerequisite(s): General Studies MA course with C or better                                   |
| MTE     | 281         | Investigating Space: Geometry, Measurement, and Visualization   | Explores three aspects of geometry: spatial visualization, measurement, and proof. Uses visualization, spatial reasoning, and geometric modeling to solve problems. Provides opportunities for participants (1) to use physical models, technology, and pattern-finding strategies to identify properties of and develop formulas for measuring two- and three-dimensional shapes; and (2) to develop powerful ways of thinking to justify geometric relationships    | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 3     |                 | Prerequisite(s): General Studies MA course with C or better                                   |
| MTE     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 |   |
| MTE     | 298         | Honors Directed Study   | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

| MTE     | 301         | Investigating Change: Patterns, Functions, and Modeling             | Examines different conceptions of algebra as the study of (1) generalized arithmetic, (2) reasoning with symbols, (3) reasoning with patterns and functions, (4) structure in the number system, and (5) modeling. Distinguishes arithmetic from algebraic reasoning, and develops an appreciation for the pervasiveness of the function concept in the K-8 school mathematics curriculum. Features algebraic thinking and representation using algebra tiles and other concrete models, realistic problems, dynamic geometry software, graphing calculators, and a variety of virtual tools and Web sites. Topics include, but are not limited to: patterns, relations, functions and covariational thinking; multiple conceptions of quantity, variables, constants, and unknowns; inductive, deductive, and analogical reasoning; rate of change and proportional thinking; algebra learning trajectories; and comparisons of additive vs. multiplicative, absolute vs. relational, and arithmetic vs. algebraic thinking. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): admission to the Professional Program   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| MTE     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 1-4   |                 |  |
| MTE     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-7   |                 |  |
| MTE     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-3   |                 |  |
| MTE     | 585         | Modern Geometry for Teachers   | Euclidean, projective, and non-Euclidean geometries.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 |  |
| MTE     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1     |                 |  |
| MTE     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MTE     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation                 | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MTE     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 605         | Research-based Practices, Pedagogy and Instructional Leadership in Mathematics | Examines research-based practices, pedagogy, and instructional leadership in mathematics classrooms K-8. Emphasizes learning and teaching mathematics for understanding. Featured practices and pedagogy for fostering symbolic thinking include inductive and deductive concept development, problem-based learning, cognitively guided instruction, learning trajectories, and use of physical manipulatives and virtual tools to facilitate mathematical thinking. Mathematics instructional leadership projects emphasize development of mentoring techniques and professional development expertise. Prepares K-6 and 5-9 mathematics teachers as mathematics teacher leaders, specialists, or coaches in middle schools and the elementary grades. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College           | Educational Leadership & Innovation, Division   | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MTE     | 610         | Number and Operations 2  | Examines different conceptions of number and operations as the study of (1) patterns and relationships of numbers, (2) the meaning of operations, (3) reasoning through estimations and conjectures, (4) structure in the number system, and (5) modeling. Participants develop a deeper sense of numbers and operations as they progress through the K-8 curriculum. Various manipulatives and electronic tools facilitate investigations. Topics include: base systems, composing and decomposing numbers, operational relationships, operational strategies, integer meaning, and rational numbers.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College           | Educational Leadership & Innovation, Division   | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| MTE     | 784         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| MTE     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-15  |                 |  |

| MUE     | 298         | Honors Directed Study                           | Independent study or practicum under the supervision of a faculty member.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| MUE     | 310         | Music in Early Childhood                        | Examines music through the lens of the culture(s) of young children, which (though they intersect with adult cultures) are unique, different from adult experiences, and particular to them. Emphasizes the musical content of children's songs as well as the music they hear, and the kinds of musical engagements that are particular to young children. Also emphasizes the uses, functions, and meanings of music for children.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     | HU              | Prerequisite(s): ENG 102 with C or better; minimum 30 hours   |
| MUE     | 311         | Music in the Lives of Children and Youth        | Examines the role of music in the lives of young people with particular attention to child and youth learning and development (cognitive, social, emotional, personal/identity, musical). Includes examination and critique of music intended for children and youth (e.g., social and gendered meanings), as well as consideration of how music is related to individual and social identity.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     | HU              | Pre-requisites: BLE 220, RDG 291, SPE 222 or TEL 215, or minimum 30 hours   |
| MUE     | 317         | Strings Lab                                     | Students apply educational theory to the development and refinement of specialized skills in string teaching. 3 hours per week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Music major; Passed music education interview  |
| MUE     | 319         | Digital and Hybrid Lab                          | Provides a foundation for integrating a range of technologies and digital media in music teaching and learning. Encourages critical and creative thinking while considering the possibilities for innovative applications of technology and digital media based upon contemporary curricular, theoretical and pedagogical frameworks. Students demonstrate skills and understanding related to using technology and digital media in the context of musicianship, music teaching and learning. | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music major who has passed audition  |
| MUE     | 321         | Jazz Lab  | Jazz rehearsal and performance techniques and repertoire appropriate for rehearsing jazz ensembles in K-12 schools.  | N                 | LEC               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music Education major; Credit is allowed for only MUE 321 or MUE 394 (Jazz Lab)                          |
| MUE     | 323         | Keyboard Lab                                    | Piano keyboard skills appropriate for music educators.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 132 with C or better; minimum 45 hours; Credit is allowed for only MUE 323 or MUE 394 (Keyboard Lab) |
| MUE     | 325         | Voice/Choral Lab                                | Skills for developing voices and rehearsing choral ensembles.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUE 110; Credit is allowed for only MUE 325 or MUE 394 (Voice/Choral Lab)                                |
| MUE     | 327         | Brass Lab                                       | Students apply educational theory to the development and refinement of specialized skills in brass teaching. 3 hours per week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Music major; Passed music education interview  |
| MUE     | 334         | Guitar Lab                                      | Guitar skills for teaching guitar classes in K-12 schools.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music Education major; Credit is allowed for only MUE 334 or MUE 394 (Guitar Lab)                        |
| MUE     | 335         | Educational Methods for Guitar                  | Students apply educational theory to the development and refinement of specialized skills in guitar teaching. 3 hours per week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre-requisite: Music major; Passed music education or therapy interview   |
| MUE     | 336         | Percussion Lab                                  | Students apply educational theory to the development and refinement of specialized skills in percussion teaching. 3 hours per week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Music major; Passed music education interview  |

| MUE     | 480         | The Art of Teaching Choral Musicians           | Methods of instruction, organization, and presentation of appropriate content in choral music classes.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 4     |                 | Pre-requisite: Music major with passed audition; minimum 55 hours  |
| MUE     | 481         | The Art of Teaching Beginning Instrumentalists | Instrumental music as a means of developing music skills, understandings, and attitudes in elementary and secondary school students.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 4     |                 | Pre-requisite: Music major with passed audition; minimum 55 hours  |
| MUE     | 482         | The Art of Teaching Advanced Instrumentalists  | Advanced instrumental music as a means of developing music skills, understandings, and attitudes in elementary and secondary school students.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 4     |                 | Pre-requisite: Music major with passed audition; minimum 55 hours  |
| MUE     | 484         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 |  |
| MUE     | 489         | Repertoire for Music Therapy                   | Music skills repertoire for music therapy, including units on brass, strings, woodwinds, electronic instruments, computer music, and improvisation techniques.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music Therapy major   |
| MUE     | 492         | Honors Directed Study                          | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MUE     | 493         | Honors Thesis                                  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts | School of Music | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| MUE     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 |  |
| MUE     | 497         | Honors Colloquium                              | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| MUE     | 499         | Individualized Instruction                     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-3   |                 |  |
| MUE     | 501         | Introduction to Professional Music Therapy     | Introduces the profession of music therapy through lecture, active discussion, and observations of clinical sessions. Experiential learning is achieved through music making in peer groups.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music Therapy graduate student  |
| MUE     | 534         | Health Rhythms Drum Facilitation               | Hand drumming and facilitation for group leaders in music therapy, music education, community music and related disciplines.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music graduate student; Credit is allowed for only MUE 434 or MUE 494 (Health Rhythms Drum Facilitation) or MUE 534 or MUE 598 (Health Rhythms Drum Facilitation) |
| MUE     | 536         | Percussion Methods for Music Therapy           | Designed to provide knowledge and practical performance skills on percussion instruments, further improving the effectiveness of the student in the practice of music therapy. 3 hours per week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre-requisites: Music Therapy MM Student   |
| MUE     | 548         | Introduction to Research in Music Education    | Survey of research methods and literature in music education. Focuses on interpretation and evaluation.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 549         | Foundations of Music Education                 | A treatment of historical perspectives, philosophy-aesthetics identified with music education, and learning theories applied to music teaching/learning. Basic research and writing skills appropriate to graduate studies in music education.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 550         | Studies in Music Curricula                     | Scope and sequence of musical experiences. Develops criteria for the evaluation of music curricula.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 551         | Listening and Creating                         | Studies the nature of music listening and music creating and their relationship. Reviews research and pedagogical practices.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUE     | 552         | Advanced Studies in Secondary General Music    | Organization and content of school music classes that are not performance oriented.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |

| MUE     | 555         | String Pedagogy and Rehearsal Techniques                                | String pedagogy and orchestral rehearsal skills for teachers who work with K-12 string classes.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only MUE 555 or MUE 598 (String Pedagogy and Rehearsal Techniques) |
| MUE     | 559         | Social and Cultural Studies in Music Education                          | Considers how music education is shaped by social and cultural concepts.   | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student; Credit is allowed for only MUE 559 or MUE 598 (Social and Cultural Studies in Music Ed)                         |
| MUE     | 560         | Jazz Pedagogy   | Study of pedagogy, repertoire, and technique of instruction in jazz styles, ensemble techniques, and performance practice for school ensembles.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 562         | Jazz Rehearsal Techniques   | Conducting and rehearsal techniques for school jazz ensembles.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 563         | Theory and Practice in Music Therapy II                                 | Organization, administration, and use of music in rehabilitation with children and adolescents with special needs.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music Therapy MM major; MUE 581 with C or better  |
| MUE     | 564         | Instrumental Music, Advanced Rehearsal Techniques                       | In-depth analysis of instrumental techniques in preparation for a thorough discussion of band tuning problems and solutions. Discussion of productive conducting and rehearsal techniques for school music teachers.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 565         | Children's Music for Music Therapy                                      | Methods of music therapy instruction, planning, and presentation of appropriate contents in music for children ages 2-12.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: Music Therapy Graduate student  |
| MUE     | 566         | Instrumental Literature and Pedagogy for Schools                        | Provides an in-depth examination of ensemble music and teaching techniques to instrumental music teachers.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 567         | Professional Practicum I  | Students provide music therapy for small groups at a community agency providing services to people who are intellectually disabled, physically disabled, and the elderly.  | N                 | PRA               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music Therapy student  |
| MUE     | 568         | Choral Music, Advanced Rehearsal Techniques                             | Musical and vocal techniques necessary for presentation of choral literature. Analysis and experimentation with psychological, acoustical, and other problems of rehearsal and performance.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 569         | Professional Practicum II   | Students continue to provide music therapy for small groups at a community agency providing services to people who are intellectually disabled, physically disabled, and the elderly.  | N                 | PRA               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music Therapy graduate student; MUE 567 with C or better  |
| MUE     | 570         | Choral Literature for Schools   | Comprehensive study and analysis of choral music for the high school with special emphasis on octavo literature.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 571         | Music Therapy Seminar I: Supervision and Administration                 | Covers health care administrative skills pertinent to music therapy practice, including budgeting, resource allocation, and staff supervision.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 572         | Music Therapy Seminar II with Lab: Advanced Practice in Music           | Deepens and broadens knowledge and skills in music therapy clinical practice.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 573         | Music Therapy Seminar III with Lab: Music Therapy Theory and Philosophy | Explores current theory in music therapy and develops the theoretical basis for the profession.  | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisites: Music Therapy MM student   |
| MUE     | 574         | Music Therapy Music Skills I: Improvisation                             | Teaches new forms of musical improvisation pertinent to music therapy practice, broadening and deepening existing skills.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre-requisites: Music Therapy MM student   |
| MUE     | 575         | Music Therapy Music Skills II: Accompaniment                            | Teaches new forms of musical accompaniment pertinent to music therapy practice, broadening and deepening existing skills.  | N                 | PRA               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Pre-requisites: Music Therapy MM student   |
| MUE     | 579         | Psychology of Music   | Nature of musicality and its evaluation. Review of recent research.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Music student  |
| MUE     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 581         | Theory and Practice in Music Therapy I                                  | Influence of music on behavior; principles and practices of music therapy and psychiatric clients.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): Music Therapy graduate student  |
| MUE     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 586         | Music Therapy Graduate Clinical Project                                 | Develops clinical- and research-based music therapy skills in selected cognate area.   | N                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2-6   |                 | Pre-requisites: MUE 571, 572, 574, and 575   |
| MUE     | 589         | Repertoire for Music Therapy  | Music skills repertoire for music therapy, including units on brass, strings, woodwinds, electronic instruments, computer music, and improvisation techniques.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisites: Music Therapy MM Student   |
| MUE     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |
| MUE     | 594         | Conference and Workshop   | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-12  |                 | Prerequisite(s): graduate Music student  |

| MUP     | 439         | Music Product Creation and Development                       | Processes and proven methodologies of new music product creation and development. Assesses and evaluates the quality of different models and techniques through case studies and by talking to potential customers. Develops a business model canvas for a personal new music product idea or project. Taught in conjunction with the online Udacity course How to Build a Start Up, combined with experiential learning in and out of the classroom. Students should have a basic idea of a business model for a startup or project they will pursue throughout the duration of the course.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): HDA 252 or MUP 438 or 494 (The Enterprising Musician); Credit is allowed for only MUP 439 or MUP 494 (Music Product Creation and Development) or MUP 539 |
| MUP     | 440         | Keyboard Harmony   | Performance-oriented class emphasizing chord progressions, harmonization, figured bass realization, stylistic improvisation, transposition, open score reading, and sight reading.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): Music major who has passed audition  |
| MUP     | 442         | Instrumental Ensembles                                       | Students enhances musical diversity and artistic depth by participating in numerous ensembles as well as other artistic and educational projects. Each project focuses on specific pedagogical and/or musical learning outcomes. Together they comprise a rich assortment of musical experiences and promote the primary course objective. The curriculum accommodates the distinctive needs of each student and is tailor-made to each individual's career aspirations. Consequently, learning outcomes are highly individualized and student driven. This ensemble is available to both music majors and non-majors, and may require an audition.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or nonmajor who has passed audition  |
| MUP     | 443         | Choral Ensembles   | Active, thoughtful participation in music ensembles can provide for development beyond the possibilities of individual study alone. The ensemble setting is, in part, a forum for the synthesis of component parts of a complete music education. Includes the study and performance of diverse musical expressions that represent a variety of historical and cultural perspectives. These ensembles provide the opportunity to prepare and present varied music composed for the mixed choir from the major stylistic periods with the intent of serving composers, performers and listeners by performing choral music of the highest possible quality. This ensemble is available to both music majors and non-majors, and may require an audition. | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or nonmajor who has passed audition  |
| MUP     | 444         | Concert Band   | This ensemble is open to all qualified students at ASU, specifically, to experienced players of wind, brass and percussion instruments. The Concert Band comprises both music majors and non-music majors. Students study, rehearse and perform a large range of standard wind band repertoire and normally present two concerts per semester. Students must audition with the band staff for seating placement.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or nonmajor who has passed an audition; Credit is allowed for only MUP 444 or MUP 494 (Concert Band)   |
| MUP     | 448         | Classical Style: Performance and Analysis                    | Integrates historical and theoretical analysis with performance, examining classical period repertoire.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisites: Music major who has passed audition; Junior standing; Credit is allowed for only MUP 448 or 494 (Classical Style: Performance and Analysis)               |
| MUP     | 449         | The Unaccompanied Music of JS Bach: Performance and Analysis | Integrates historical and theoretical analysis with performance, examining the unaccompanied works of J.S. Bach.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisites: Music major who has passed audition; Junior standing; Credit is allowed for only MUP 449 or 494 (Unaccompanied Bach: Performance & Analysis)              |
| MUP     | 450         | Choral Union   | Large mixed ensemble focuses on the study, synthesis and performance of major choral masterworks while gaining in-depth understanding of significant choral repertoire and historical ramifications. This ensemble is available to both music majors and non-majors, and may require an audition.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition   |
| MUP     | 451         | Repertoire   | In-depth study of music for performing, involving advanced interpretive and technical concepts from historical, stylistic, and performance-related perspectives.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Completed 4 semesters of 100-level studio instruction  |
| MUP     | 453         | Survey of Song Literature                                    | Art song repertoire, covering German, French and other languages.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music major who has passed audition  |
| MUP     | 454         | Song Literature  | American, Russian, Spanish, Scandinavian, and contemporary song.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): Music major who has passed audition  |
| MUP     | 455         | Men's Chorus   | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of a variety of historically and musically standard male repertoire, within historical context. This ensemble is available to both music majors and non-majors, and may require an audition.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition   |
| MUP     | 457         | Women's Chorus   | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of historically and musically important repertoire for treble voices. This ensemble is available to both music majors and nonmajors, and may require an audition.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or non-Music majors who have passed audition   |
| MUP     | 458         | ASU Gospel Choir   | The ASU Gospel Choir is a vocal ensemble open to students and community members regardless of their faith. The ensemble performs a variety of song forms drawn from the African American religious tradition, including traditional and contemporary gospel, anthems, hymns and spirituals. The Gospel Choir maintains an active performance schedule both on and off campus.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): undergraduate music major or nonmajor by audition  |

| MUP     | 459         | Barrett Choir                          | The Barrett Choir is an opportunity for students from all over the university, but primarily from Barrett, The Honors College, to participate in a high-quality choral ensemble. The group seeks to harness the creativity and intellect of honors students to create a collaborative ensemble that operates on a unique model of student-centered learning. The repertoire, mostly chosen by the members, is highly varied, ranging from world music to pieces in the great choral tradition to newer music and popular music. There are normally two major concerts per semester, with some occasional smaller performances. This ensemble is available to both music majors and non-majors, and may require an audition. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): Music major or Non-Music majors who have passed audition                                  |
| MUP     | 460         | The Visiting Quartet Residency Program | Develops skills as a chamber musician and provides opportunities to work with members of the visiting string quartet in residence.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Pre-requisite: Music major (bass, cello, viola, violin) who has passed audition                            |
| MUP     | 461         | Marching and Athletic Bands            | Development of specific professional performing skills through staging of formations and drills for football games and other events. Explores a wide variety of musical repertoire from current top 40 hits to classical. These ensembles are available to both music majors and nonmajors, and may require an audition.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1     |                 | Prerequisite(s): Music major or nonmajor who has passed an audition  |
| MUP     | 465         | Music Theatre VI                       | Membership in this ensemble involves the in-depth study and application of specialized musical skills in the performance of a variety of historically and musically standard male repertoire, within historical context. An audition is required to participate in the ensemble.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 370; Credit is allowed for only MUP 465 or MUP 494 (Acting for Singers)               |
| MUP     | 466         | Broadway Dance                         | Designed for students in the collaborative performance areas of musical theatre (music, theater and dance). Examines the development of landmark styles and theories specifically in musical theater and Broadway dance.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 2     |                 | Prerequisite(s): MUP 465   |

| MUP     | 527         | Studio Instruction                     | Bassoon, cello, clarinet, contrabass, cornet, euphonium, flute, guitar, harp, harpsichord, horn, oboe, organ, percussion, piano, saxophone, trombone, trumpet, tuba, viola, violin, voice. Minimum contact of 1 hour per week. May be repeated for credit. May not be taken for audit.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2-4   |                 | Prerequisite(s): Graduate Music major who has passed an audition   |
| MUP     | 538         | The Enterprising Musician              | Familiarizes students with concepts of entrepreneurship and explores good business practices. The broad objectives of the course are to understand the importance of entrepreneurial thinking and opportunity recognition in the music industry; and to provide to the students the concepts, capabilities and information to achieve a desired career in music.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): graduate Herberger Institute student; Credit is allowed for only MUP 438 or MUP 538 or MUP 494 (The Enterprising Musician) or MUP 598 (The Enterprising Musician) |
| MUP     | 539         | Music Product Creation and Development | Processes and proven methodologies of new music product creation and development. Assesses and evaluates the quality of different models and techniques through case studies and by talking to potential customers. Develops a business model canvas for a personal new music product idea or project. Taught in conjunction with the online Udacity course How to Build a Start Up, combined with experiential learning in and out of the classroom. Students should have a basic idea of a business model for a startup or project they will pursue throughout the duration of the course.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Prerequisite(s): MUP 538 or 598 (The Enterprising Musician); Credit is allowed for only MUP 439 or MUP 539 or MUP 598 (Music Product Creation and Development)                     |
| MUP     | 540         | Principles of Integrated Conducting    | Score preparation and conducting techniques for instrumental music. Concentration on study of historical styles. Required of DMA students in Instrumental Music.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: DMA Conducting major  |
| MUP     | 541         | Song                                   | Seminar on solo song from its beginning to the present day.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 542         | Instrumental Ensembles                 | Students participate in numerous ensembles and artistic and educational projects that together, comprise a rich assortment of musical experiences. Graduate students especially need opportunities to hone their skills in a great variety of performance opportunities. During the academic year, each student participates in a variety of projects that present a wide range of musical experiences. The curriculum is designed to accommodate the distinctive needs of each student in that artistic-educational experiences are, to a large extent, tailor made to each individual's career aspirations. Consequently, learning outcomes are highly individualized and student driven, rather than institutionally convenient. Each artistic-educational project focuses on specific pedagogical and/or musical learning outcomes that, in various ways, promote the primary course objective: the enhancement of musical diversity and artistic depth in every student. Audition required during the first week of classes. | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): graduate Music student  |

| MUP     | 543         | Choral Ensembles   | Active, thoughtful participation in music ensembles can provide for development beyond the possibilities of individual study alone. The ensemble setting is, in part, a forum for the synthesis of component parts of a complete music education. Includes the study and performance of diverse musical expressions that represent a variety of historical and cultural perspectives. These ensembles provide the opportunity to prepare and present varied music composed for the mixed choir from the major stylistic periods with the intent of serving composers, performers and listeners by performing choral music of the highest possible quality.         | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 548         | Classical Style: Performance and Analysis                    | Integrates historical and theoretical analysis with performance, examining classical period repertoire.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Graduate Music major who has passed audition; Credit is allowed for only MUP 548 or 598 (Classical Style: Perf. & Anlys)  |
| MUP     | 549         | The Unaccompanied Music of JS Bach: Performance and Analysis | Integrates historical and theoretical analysis with performance, examining the unaccompanied works of J.S. Bach.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre-requisite: Graduate Music major who has passed audition; Credit is allowed for only MUP 549 or 598 (Unaccomp Bach Perf & Analysis)   |
| MUP     | 550         | Choral Union   | Open to all students in the university and to interested singers in the community by audition. Preparation and performance of the larger choral works. 2 hours per week. An audition is required to participate in the ensemble.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| MUP     | 551         | Repertoire   | Literature available for performance in all performing media.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 2     |                 | Pre- or corequisite(s): Graduate Music major who has passed audition   |
| MUP     | 554         | Major Repertoire, Score Study, and Performance Practice      | Conducting course comprising a survey of significant repertoire (encompassing, over multiple semesters, literature from choral, musical theater/opera, orchestral, and wind band genres); an introduction to historical performance practice; and a range of score study techniques. Conducting majors are required to enroll each semester (or as advised) and, subsequently, display a comprehensive historical knowledge of the repertoire and development of ensembles over the past 500 years, demonstrate command of standard performance practices with respect to each historical era, and exhibit a clear understanding of varied methods of score study. | Y                 | SEM               | Y               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Pre-requisite: DMA Conducting major  |
| MUP     | 555         | Men's Chorus   | Rehearsal and performance of music for mixed voices. 3 hours per week. | MUS     | 100         | Fundamentals of Music Notation  | Provides nonmusic majors with sufficient symbol literacy to begin work in the field of musical learning. Credit not applicable toward any music degree.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 |  |
| MUS     | 131         | Bach to Bebop                   | Develops an understanding of the repertoire for the various musical instruments and ensembles throughout the five eras being studied and discernment through listening different genres of music. For the lectures regarding instruments, introduces students to the respective repertoire for the instrument from c. 1700-present with special emphasis on how the use of the instrument developed throughout history or during each era. | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Music | 3     |                 | Credit is allowed for only MUS 131 or 194 (Performance: Bach to Bebop)               |
| MUS     | 145         | Nonmajors Class Piano: Beginner | For students with little or no previous music experience. Students learn beginning piano skills.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Credit is allowed for only MUS 145 or MUS 194 (Non-Majors Beginning Class Piano I)   |
| MUS     | 146         | Singing for Nonmajors           | Introduces the basics of singing in many styles, from classical to popular. Topics and activities include learning about the mechanics of singing, music reading, critical listening, learning and performing in a group, and learning and performing alone.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     |                 | Credit is allowed for only MUS 146 or MUS 194 (Beginning Class Voice for Non-Majors) |
| MUS     | 191         | First-Year Seminar              | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-3   |                 |  |
| MUS     | 194         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Music | 1-4   |                 |  |
| MUS     | 210         | The Arts Around Us              | Develops the ability to think and create from an arts-rich perspective. In particular, focuses on the arts in the lives of children and youth, arts experiences for children and youth in the community, and one's personal experiences with the arts.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     | HU              | Credit is allowed for only MUS 210 or 294 (The Arts Around Us)                       |
| MUS     | 211         | Dance, Music and Meaning        | Explores the fundamental nature of human experience across time and culture through the medium of dance and music using a variety of dance and musical materials including folk dance and music, popular dance and music, and such theatrical forms as ballet and modern dance and the music connected with them.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     | HU              | Credit is allowed for only MUS 211 or 294 (Dance, Music, and Meaning)                |
| MUS     | 212         | Music, Meaning and Imagination  | Explores how music provides ways to make meaning of the world around us and music as a medium for creative thinking and doing. Develops understanding by trying on roles ranging from critics to creators in both individual and group projects.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     | HU              | Credit is allowed for only MUS 212 or 294 (Music, Meaning and Imagination)           |
| MUS     | 213         | Critical Thinking in the Arts   | Fosters critical thinking abilities in relationship to performing and visual arts. Students learn how to listen to music and view art analytically. Develops and applies knowledge of common elements (within and across art forms) such as form, texture, balance and contrast in order to enhance understanding both of arts processes and products.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     | HU              |  |
| MUS     | 214         | Art, Music and Learning         | Offers an integrated introduction to, and examination of, the core structural and formal elements of visual art and music in the context of contemporary experiences and learning process.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music | 3     | HU              |  |

| MUS     | 215         | Children, Creativity, Arts                    | Interdisciplinary exploration of children's creative processes through critical analysis, hands-on participation and personal reflection. Specifically focuses on creative processes in the arts.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              |  |
| MUS     | 231         | Laughing to Music                             | Modern-day comedies like Spamalot, Avenue Q, and Glee are part of a comic tradition extending back to the Renaissance. Looks at funny in music from commedia dell'arte to the present. Studies works including the comedies of Mozart, Gilbert and Sullivan, the Marx Brothers, Monty Python, Mel Brooks and many others.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 231 or 294 (Laughing to Music)  |
| MUS     | 240         | Listening to Music                            | Surveys the historical periods of music making in western civilization, the study of which will hopefully create within the student a listener with an appreciation for art music of many periods and provide more enjoyment in the process. Through lectures, presentations, readings, listening examples and video/DVDs, studies music identified as strong examples of the major periods, composers and compositions in the history of music. Students learn and adopt a minimum new language to help express the elements of music they experience and listen to and develop strategies for writing and communicating about what they hear and put words to how they respond to it. Because experiencing music performed live is an integral part of the learning process, students are required to attend concerts outside of class and submit critical reviews of what they hear. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU              |  |
| MUS     | 245         | Nonmajors Class Piano: Intermediate           | For students who have completed 1-3 years of piano study.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     |                 | Prerequisite(s): MUS 145 or MUS 194 (Non-Majors Beginning Class Piano I) with C or better; Credit is allowed for only MUS 245 or MUS 294 (Non-Majors Class Piano II) |
| MUS     | 254         | Blues to Heavy Metal                          | Covers important musicians and trends from the 1930s through the 1970s. Topics include blues, rhythm and blues, rockabilly, doo wop, teen idols, girl groups, dance craze, surf, novelty, soul, Motown, British invasion, art rock, psychedelic rock, hard rock, heavy metal, and early '70s styles. Emphasizes musical instruments and stylistic traits with historical information provided as background. Features listening examples drawn from selected artists and bands including popular songs and rarities, and demonstrations using various musical instruments and techniques.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU              | Credit is allowed for only MUS 254 or 354 (Blues to Heavy Metal)   |

|---------|-------------|-------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| MUS     | 362         | Rap Music and Hip Hop Culture | Examines the history of rap music and hip hop culture from their origins to about 1995, including most, but not all, of the major artists from this period. Explores connections between rap music and other elements of hip hop culture, and challenges students to think critically about rap music and its place in society. Uses listening exercises, demonstrations, and conversations with artists to examine how rappers create meaning in their musical works. Drawing on secondary articles by rap critics and scholars, considers in detail such controversial subjects as censorship, sexism, obscenity, and race politics in America as they relate to rap music.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU & C          | Pre-requisite: Minimum 42 hours; Credit is allowed for only MUS 354 (Hip Hop) or 362     |
| MUS     | 371         | World Music                   | Provides an introduction to world music, including traditional and popular styles. Examines specific music genres from Africa, Asia, Europe, and the Americas and explores their historical development, cultural contexts, communicative functions, forms, styles, instruments and musical philosophies. Throughout the semester, considers the interrelationships among musical genres and other art forms (dance, theater, visual arts, and literature) and analyzes how these musics have intersected with the issues of race, class, gender, religion, ritual, politics, social movements and cultural identity. Students learn to hear and discuss significant stylistic elements of selected genres through listening assignments. | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Music                                  | 3     | HU & G          | Pre-requisite: Minimum 45 hours; Credit is allowed for only MUS 371 or 394 (World Music) |

| Subject | Catalog Nbr | Course Title                 | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department            | Units | General Studies | Requirements   |
|---------|-------------|------------------------------|--|-------------------|-------------------|-----------------|---------------|--|-----------------------|-------|-----------------|--|
| MUS     | 599         | Thesis                       | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 600         | Research Methods             | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 680         | Practicum                    | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 683         | Fieldwork                    | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 684         | Internship                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 690         | Reading and Conference       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 691         | Seminar                      | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 692         | Research                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 693         | Applied Project              | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 700         | Research Methods             | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 780         | Practicum                    | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 784         | Internship                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 790         | Reading and Conference       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 791         | Seminar                      | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Music       | 1-12  |                 |  |
| MUS     | 792         | Research                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.           | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts             | School of Music       | 1-15  |                 |  |
| MUS     | 799         | Dissertation                 | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts             | School of Music       | 1-15  |                 |  |
| NAN     | 505         | Nanoscience and Society      | Integrates nanoscience and nanotechnology with potential societal issues involved in the students' NAN 593 Applied Projects. Coordinated by the faculty and research staff at the Center for Nanotechnology in Society.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 2     |                 |  |
| NAN     | 506         | Innovation and IP Management | Intellectual Property (IP) Management in the context of innovation (research, regulations, manufacture, access to markets, and trade) with emphasis on strategies, public-private interface, licensing, and technology transfer.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 2     |                 |  |
| NAN     | 511         | Materials Physics I          | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Pre-requisites: Degree- or nondegree-seeking graduate; Credit is allowed for only MSE 526, NAN 511, PHY 511, or PHY 481                |
| NAN     | 512         | Materials Physics II         | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Credit is allowed for only MSE 527, NAN 512, PHY 482 or PHY 512  |
| NAN     | 542         | Topics in Biophysics         | Overview of modern biology, length scales: emphasizes molecular and cellular biology. Nonequilibrium systems: compare and contrast stochastic processes in biological and physical systems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |  |
| NAN     | 544         | Introduction to Nanoscience  | Survey of nanoscience: quantum/ statistical mechanics/kinetics; measurement and fabrication methods; applications to materials, nano-electronics, molecular electronics and nano-biology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CHM 544, NAN 544, PHY 444 or PHY 544 |
| NAN     | 546         | Surfaces and Thin Films      | Thermodynamics and kinetics of surface structures and thin film processes. Ultra-high vacuum techniques for examining surfaces. Case studies of physics, chemistry and nanoscience applications.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Credit is allowed for only MSE 546, NAN 546 or PHY 546   |
| NAN     | 552         | Electron Microscopy I        | Kinematical and dynamical electron diffraction and microscopy. Defect structure and composition using STEM imaging, x-ray and electron-energy-loss spectroscopy.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Credit is allowed for only MSE 552, NAN 552, PHY552 or SEM 552   |

ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                  | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|-----------------------------|-------|-----------------|---|
| NAN     | 560         | Nanomaterials in Energy Production and Storage | Emphasizes the relationship among fundamental materials properties, chemical and energy transformation, as well as energy storage. Applications include the role of materials for photovoltaics, nanocatalysts, batteries, and fuel cells. Stresses fundamental principles and charge transfer processes in nanostructured materials in addressing energy needs.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Physics       | 3     |                 | Prerequisite(s): graduate Chemistry, Engineering or Physics major. Credit is allowed for only MSE 460 or MSE 494 (Nanomaterials In Energy Production and Storage) or MSE 560 or MSE 598 (Nanomaterials In Energy Production and Storage) or NAN 560 |
| NAN     | 564         | Bionanotechnology                              | The use of biomolecules, bioelectronics, and biomedicine for applications in nanotechnology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics       | 3     |                 |   |
| NAN     | 571         | Quantum Physics                                | Review modern physics, chemistry, math. Differential equation, operator, matrix formulations. Free particle, bound state problems. Examples from physics, chemistry and nanoscience.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics       | 3     |                 | Credit is allowed for only MSE 571, NAN 571 or PHY 571  |
| NAN     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics       | 1-12  |                 |   |
| NAN     | 593         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics       | 1-12  |                 |   |
| NAN     | 598         | Special Topics                                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics       | 1-4   |                 |   |
| NAV     | 101         | Introduction to Naval Science                  | Introduces the customs, traditions, missions and regulations of the Department of Defense, United States Navy and United States Marine Corps. Introductory course for the Naval Reserve Officer Training Corps (NROTC) by laying the basic foundation of knowledge about the Navy and Marine Corps required to progress through the NROTC program. Also provides the requisite knowledge to allow follow-on shipboard summer training to be safely and effectively conducted.                       | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 |   |
| NAV     | 102         | Sea Power and Maritime Affairs                 | Informs the participants of the historical evolution of sea power for the U.S. Navy and world history. Also covers the evolution of international terrorism and the effects on U.S. strategies and policies regarding potential adversaries.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Credit is allowed for only NAV 102 or NAV 194 (Sea Power and Maritime Affairs)  |
| NAV     | 191         | First-Year Seminar                             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Naval Science | 1-3   |                 |   |
| NAV     | 194         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 202         | Navigation                                     | Basic principles, procedures and analytic processes of marine navigation.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Credit is allowed for only NAV 202 or NAV 294 (Navigation)  |
| NAV     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 301         | Naval Ship Systems I                           | Provides detailed knowledge of naval engineering systems and principles of ship construction. Topics covered include ship design, hydrodynamic forces, stability, conventional and nuclear propulsion, electrical theory and systems, hydraulics and ship control. Concepts of the theory and design of steam, gas turbine and diesel propulsion.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 301 or NAV 394 (Navy Ship Systems I - Engineering)  |
| NAV     | 302         | Naval Ship Systems: Weapons                    | Overview of the theory and concepts underlying modern weapon systems used aboard naval warships.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours. Credit is allowed for only NAV 302 or NAV 394 Naval Ship Systems II: Weapons   |
| NAV     | 303         | Evolution of Warfare                           | Provides marine option students with a basic understanding of the art, science and concepts of war from the beginning of recorded history to the present day. Addresses the interrelationships among technology, politics, culture and society to better understand warfare today and in the future.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours. Credit is allowed for only NAV 303 or NAV 394 Evolution of Warfare   |
| NAV     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 401         | Naval Operations and Seamanship                | In-depth study of numerous aspects relating to the efficient and professional manner of U.S. Navy ships' operations.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 401 or NAV 494 (Naval Operations and Seamanship)  |
| NAV     | 402         | Leadership and Ethics                          | Applies leadership and ethical theories discussed to an actual leadership or ethical dilemma or issue that Junior Officers in the Fleet or FMF are currently facing or have faced in the recent past.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 402 or NAV 494 (Leadership and Ethics)  |
| NAV     | 403         | Amphibious Warfare                             | Focuses on the historical aspect of amphibious operations. Emphasizes how the development of this war fighting discipline played a key role throughout much of the early history of the Marine Corps.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Naval Science | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only NAV 394 (Amphibious Warfare) or NAV 403   |
| NAV     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Naval Science | 1-4   |                 |   |
| NAV     | 499         | Individualized Instruction                     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Naval Science | 1-3   |                 |   |
| NEU     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences     | 1-4   |                 |   |

| NEU     | 555         | Advanced Molecular and Cellular Sciences              | Study of structural and functional organization of biomolecules and cells, based on current literature.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-6   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MCB 555 or NEU 555                           |
| NEU     | 556         | Human Systems Neuroscience                            | Systems-level neuroscience course focusing on human diseases. Classes involve lectures and/or other activities such as observations of clinical procedures and tours of clinical facilities (e.g., the neurosurgical suite, imaging facilities).   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 4     |                 | Prerequisite(s): BME PhD student or Neuroscience PhD student; Credit is allowed for only BIO 598 (Human Sys Neuroscience) or BME 556 or NEU 556 |
| NEU     | 558         | Neuroscience Journal Club                             | Small class emphasizing discussion, presentation by students, and written research papers.   | N                 | SEM               | Y               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)   |
| NEU     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-12  |                 | Pre-requisites: Interdisciplinary Graduate Program in Neuroscience PhD students   |
| NEU     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | GRD           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 593         | Applied Project                                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 784         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 790         | Reading and Conference                                | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 795         | Continuing Registration                               | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | N                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEU     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Life Sciences                       | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NEW     | 100         | Introduction to Conflict Resolution                   | Introduces students to theory, research and practice of communication and language skills which are useful in conflict management, negotiation, transformation, reconciliation and forgiveness. Gives students access to practical exercises and role-playing opportunities. Critical thinking and critical decision-making are embedded in both the theory and the practice in this course and apply to the personal, professional and cross-cultural levels of interaction.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 |   |
| NEW     | 101         | The ASU New College Experience                        | Required, one-credit course for new incoming freshmen. Offered in small classes capped at 19, introduces students to the unique elements, culture, challenges and opportunities of their university. Covers several core topics, including how to be successful at ASU, what it means to be a New College student, understanding interdisciplinarity, the significance of academic integrity, academic skill building, advising, service learning, the freshman first-year reading and discovering your major and/or career.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 1     |                 | Credit is allowed only for ASU 101 or NEW 101   |
| NEW     | 191         | First-Year Seminar                                    | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | GNA           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 1-3   |                 | Prerequisite(s): freshman standing with 25 or fewer hours   |
| NEW     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | GNA           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 1-4   |                 |   |
| NEW     | 200         | Innovation Challenge, Service Learning and Leadership | Integrates academic coursework with lessons in leadership, community engagement and service learning in order to cultivate students' civic mindedness, knowledge and sensibility to issues of social justice and community engagement. Students develop solutions to real-life challenges and participate in implementing a community-based service learning project. Applying multicultural engagement and interdisciplinary knowledge and critical thinking skills to civic responsibility, course provides students with skills and knowledge applicable to the mission and goals of ASU and the New College. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Credit is allowed for only NEW 200 or IAS 294 (Innovation Challenge, Service Learning, Leadership)  |

Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | IND               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-3   |                 |  |
| NLM     | 510         | The Nonprofit Sector                          | Provides grounding in scope, function and philosophical foundations of the nonprofit sector in American society, including civic engagement, service delivery, reproduction of values and entrepreneurship.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 520         | Financial and Resource Management             | Baseline understanding of key and critical financial management issues and practices for nonprofit organizations.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 525         | Fundraising and Resource Development          | Examines fundraising and resource development in philanthropy from the perspective of the nonprofit practitioner. Also examines issues confronting nonprofit organizations related to fundraising and philanthropic purposes in society. Increases students' knowledge and understanding of charitable giving and fundraising--who gives to what, why, and how to raise funds for a cause. Examines a wide range of fundraising methods and tools. Focuses on critical thinking, reflection on practice, collaboration, discussion and writing. | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 530         | Program Evaluation and Information Management | Develops skills in several areas, including evaluation, needs assessment, information and data collection, data management and analysis, computer applications, and report writing.   | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 540         | Strategic Human Resources Management          | Managing human resources in nonprofit organizations; practices and theories.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 545         | Volunteer Resource Management                 | Core topics in effective management of volunteers in carrying out the mission of organizations and ensuring volunteers have good experience with community organizations.   | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only NLM 545 or 598 (Volunteer Resource Management)           |
| NLM     | 550         | Philanthropy                                  | Examines the role of philanthropy and charitable giving in contemporary American society from perspectives of the nonprofit practitioner, the philanthropist and the general public.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 560         | Leadership and Ethics in the Nonprofit Sector | Examines leadership and ethical questions encountered by managers and leaders in the nonprofit organizations.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 562         | Social Entrepreneurship                       | Introduces social entrepreneurship, including how ideas are formulated, constructed, and implemented; experiential learning in developing a social enterprise plan.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 565         | Grant Writing Nonprofit Organizations         | Provides practical, experiential instruction identifying grant makers, writing proposals, developing budgets, and evaluating grant proposals for the nonprofit sector. Students develop proposals based on actual, identified needs of their partner nonprofit organization.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only NLM 451, 565 or PRM 451  |
| NLM     | 570         | International Non-Governmental Organizations  | Increases knowledge and understanding of international non-governmental organizations by examining what these organizations do and how they operate in a cross-cultural context.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 572         | Community and Social Innovations              | Considers community innovation and development from the perspective of achieving balance among economic, environmental, social, physical and political realms as a framework of sustainability.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CRD, NLM 572 or NLM 598 (Community & Social Innovations) |
| NLM     | 580         | Practicum                                     | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 584         | Internship                                    | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 590         | Reading and Conference                        | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 591         | Seminar                                       | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 592         | Research                                      | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | IND               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NLM     | 593         | Applied Project                               | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 1-12  |                 |  |

| NTR     | 351         | Nutrition Communication   | Approaches of nutrition and health communications; development of nutrition and health communication materials for selected target audiences.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     | L               | Prerequisite(s): ENG 101, 105, or 107 with C or better; NTR 100 or 241   |
| NTR     | 353         | Perspectives on the Western Diet: Food, Health and Sustainability | Hybrid course covering political, ethical, social and cultural issues inherent in the U.S. food system. Topics include examination of U.S. food guidance; the food system and food environment; the history of food and farm policy; food security and aspects of sustainability in relation to food system impacts on the health of humans, society and the environment. | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only NTR 353 or NTR 394 (The Western Diet: Food, Health, & Sustainability) or SOS 353   |
| NTR     | 355         | Eating for Lifelong Health  | Examines dietary choices throughout the life span and how they impact personal health and wellness. Prepares health and wellness team members to evaluate consumer and professional materials on dietary choices.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     | SB              | Prerequisite(s): NTR 100 or 241  |
| NTR     | 360         | Entrepreneurship and Value Creation                               | Exploration of entrepreneurial opportunities in nutrition, food service, wellness and health communications.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only FSE 301 or MGT 360 or NTR 360 or NTR 494 (Nutrition Entrepreneurship)  |
| NTR     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-4   |                 |  |
| NTR     | 400         | Preprofessional Preparation in Dietetics                          | Applies academic knowledge in field practicum; aspects of professional development.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 1     |                 | Prerequisite(s): Nutrition (Dietetics) BS major; NTR 341 with C or better; NTR 440, 441, or 444 with C or better; minimum senior standing  |
| NTR     | 401         | Preprofessional Preparation in Nutrition                          | Applies academic knowledge in food service management to field practicum; develops practical skills in planning, purchasing, production, management.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Applied Science (Food Service Management) BAS, Nutrition (Human Nutrition) BS, Nutrition BS, or School Nutrition certificate student; senior standing; Pre- or corequisite(s): NTR 343, 351, or 444 |
| NTR     | 440         | Advanced Human Nutrition I  | Metabolic reactions and interrelationships of vitamins, minerals, and water.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): BIO 202 with C or better; NTR 241 with C or better; NTR 341 with C or better; Pre- or corequisite(s): BCH 361 with C or better if completed; Credit is allowed for only NTR 440 or NTR 540          |
| NTR     | 441         | Advanced Human Nutrition II                                       | Metabolic reactions and interrelationships of carbohydrate, lipid, and protein.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): BCH 361 with C or better; BIO 202; NTR 241; Credit is allowed for only NTR 441 or NTR 541   |
| NTR     | 442         | Experimental Functional Foods                                     | Food product development techniques, food evaluation and testing, and investigation of current research into food composition.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisite: CHM 101 or CHM 113; NTR 142; NTR 100 or NTR 241   |
| NTR     | 444         | Medical Nutrition Therapy II                                      | Second in a three-course sequence in medical nutrition therapy. Covers the principles of medical nutrition therapy for prevention and treatment of disease and promotion of health.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): BIO 202; NTR 341 with C or better; Credit is allowed for only NTR 444 or NTR 544  |
| NTR     | 445         | Management of Food Service Systems                                | Standardized methods of quantity food preparation, operation of institutional equipment, institutional menu planning, quantity food experiences.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): NTR 100 or 241; NTR 142; NTR 343; Credit is allowed for only NTR 445 or NTR 545   |
| NTR     | 446         | Medical Nutrition Therapy III                                     | Third in a three-course sequence in medical nutrition therapy. Content includes hands-on assessment techniques, evaluation and interpretation of laboratory data, and nutrition support with relation to disease process and progression. Nutrition assessment is taught via a variety of methods including case studies.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 4     |                 | Prerequisite(s): NTR 444 with C or better; Pre- or corequisite(s): BCH 361; Credit is allowed for only NTR 446 or NTR 546  |
| NTR     | 448         | Community Nutrition   | Food-related behaviors; organization and delivery of nutrition services; program design, implementation, and evaluation strategies; nutrition assessment of populations.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     | L               | Pre-requisite: NTR 100 or NTR 241; Credit is allowed for only NTR 448 or 548   |
| NTR     | 450         | Nutrition in the Life Cycle                                       | Nutritional needs and problems in pregnancy and lactation, infancy, childhood, adolescence, adults and older adults. Analysis of cultural, environmental, behavioral, psychosocial, physical and socio-economic factors affecting nutritional status through the life span.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     | SB              | Pre-requisite: NTR 100 or NTR 241; Credit is allowed for only NTR 450 or 550   |
| NTR     | 453         | Nutrition and the Media   | Examines the promotion of nutrition ideas and concepts through media.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisites: Minimum 45 hours; Credit is allowed for only NTR 453 or 494 (Nutrition and the Media)  |
| NTR     | 455         | Retail Food Service Operations                                    | Development, evaluation and management of retail food service operations; legal and ethical issues in food and beverage management. Capstone course for food management degrees.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisites: NTR 100 (or 241); Junior standing  |
| NTR     | 457         | Sports Nutrition  | Nutritional needs of recreational and elite athletes; energy balance; nutrient metabolism during activity; fluid-electrolyte regulation; evaluation of ergogenic supplements.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisites: BIO 201; NTR 241   |
| NTR     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| NTR     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | College of Health Solutions | College of Health Solutions | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| NTR     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-4   |                 |  |
| NTR     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-7   |                 |  |

| NTR     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-3   |                 |   |
| NTR     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 501         | Research Methods in Nutrition II   | Reviews survey, focus group, and epidemiologic research; develops questionnaires; analyzes large data sets.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 502         | Statistics in Research   | Covers the fundamental principles of the scientific process. Critically reviews scientific articles including review articles. In particular, students understand study limitations and how they impact data interpretation and generalizability. Basic training in statistical analyses using the statistics program SPSS.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 502 or NTR 598 (Statistics in Research)  |
| NTR     | 503         | Designing Health Behavior Change Interventions   | Project-based course focuses on the process of health behavior change interventions using design process and behavioral science.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only NTR 503 or 598 (Designing Health Behavior Change Interventions)                                    |
| NTR     | 510         | Food and Nutrition Across the Lifespan   | Examines the nutritional needs of humans as they move through the lifespan from pre-conception through elder years. Highlights conditions that may alter or substantially impact nutrition at these stages using case studies and medical reviews. Reviews programs that provide support for food or nutrition education at various life stages including changes in needs for specific macronutrients and micronutrients. Diet assessment techniques and diet prescription strategies to meet needs during various life stages.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 511         | Medical Nutrition in the Care and Prevention of Disease  | Provides an overview of the role of nutrition in medical practice and disease prevention. Includes an introduction to nutrition-based approaches in the prevention and treatment of chronic diseases such as obesity, cardiovascular disease, diabetes, cancer and gastrointestinal diseases. Discusses integrative aspects of nutrition along with review of normal digestion and absorption and a discussion of disorders arising from abnormalities in these processes. An introduction to clinical nutrition assessment and the basics of nutrition support will also be provided. Utilizes relevant clinical case discussions along with review of the literature and current authoritative guidelines to reinforce the content. Students learn how to individualize nutrition recommendations and utilize motivational interviewing for patients with the various above-listed needs. | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 523         | Vegetarian Nutrition   | Health benefits, nutritional characteristics, potential risks of vegetarian diets.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 524         | Chronic Inflammation and Metabolic Syndrome: The Common Pathway for Cardiovascular Disease, Diabetes | Examines how diet and lifestyle contribute to the development of metabolic syndrome. Reviews and discusses various risk factors that comprise metabolic syndrome through lectures and readings. Reviews chronic inflammation as a common etiology for chronic disease. Highlights nutrition interventions to treat and to prevent chronic inflammation using case studies and medical reviews.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 525         | Complementary Nutrition  | Critical review of functional foods, phytochemicals, nutrient supplements in health promotion.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 527         | Policies, Environment, and Obesity Prevention  | Enhances students' understanding of the role policies and environments play in health promotion and disease prevention with a special focus on obesity prevention. Looks at a variety of examples to see how policies and environments related to food, nutrition and physical activity affect individual and community health. Also explores how "non-health" policies can be used as an effective tool to promote healthy behaviors.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 529         | Pediatric Nutrition  | Critical review of pediatric disease states and current nutritional therapies.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 530         | Techniques of Health Coaching  | Health coaching techniques and skills for medical, allied health and health promotion professionals. The content illustrates the theory, principles and practices of evidence-based coaching psychology. Aligns with the training programs affiliated with Wellcoaches® (endorsed by the American College of Sports Medicine). Designed in three parts: (1) building of core coaching skills; (2) establishing generative moments with clients; and (3) developing coaching presence and positive psychology.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only HSC 440 or HSC 498 (Health Coaching Concepts Skill) or HSC 598 (Health Coaching Concepts Skill) or NTR 530 |
| NTR     | 532         | Endocrine Pathophysiology and Nutrition  | Explores the etiology of various endocrine pathophysiological conditions. Throughout the course, students learn the etiology of common conditions and are responsible for finding and presenting evidence for nutrition-based treatments for these conditions. At the conclusion of the course, students gain an appreciation and understanding of current research in nutrition-based approaches to treat endocrine disorders.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| NTR     | 533         | Ethics and Policy of American Diets              | Political and ethical issues inherent in the U.S. food system. Topics include food and agricultural policy, government dietary recommendations and regulations, food environment, current issues in food politics, ethical questions of food choice, issues of obesity and food security, sustainability, and investigation of how and why Americans eat the way they do.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 535         | Nutrigenomics                                    | Provides a sound foundation for promoting personalized nutrition by integrating and applying molecular nutrition and nutritional biochemistry to clinical settings.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Pre-requisite: BCH 361; BCH 367; NTR 440 or 441  |
| NTR     | 537         | Evidenced-Based Nutrition                        | Reviews current evidence of the role of diet on disease prevention, development, and management.  | N                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 539         | Global nutrition                                 | Provides an overview of global nutrition issues, including the epidemiology, etiology, sociocultural and economic context, and program and policy responses to nutrition-related topics. Areas to be covered include childhood malnutrition, growth stunting, micronutrient deficiencies, parasites and nutrition, sanitation, and obesity and chronic disease incidence in developing countries. Course is participatory; students engage in a series of class activities, discussions, and presentations. | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 |  |
| NTR     | 540         | Advanced Micronutrient Metabolism                | Metabolism of vitamins and minerals, primarily as applied to humans, with research literature emphasized.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Credit is allowed for only NTR 440 or 540  |
| NTR     | 541         | Advanced Macronutrient Metabolism                | Metabolism of protein, fat, and carbohydrate, primarily as applied to humans, with research literature emphasized.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Credit is allowed for only NTR 441 or 541  |
| NTR     | 544         | Therapeutic Nutrition                            | Current theories of the nutritional prevention or treatment of various diseases.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Credit is allowed for only NTR 444 or 544  |
| NTR     | 545         | Management of Institutional Food Service Systems | Standardizes methods of quantity food preparation, operation of institutional equipment, institutional menu planning, quantity food experiences. May require field trips.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Credit is allowed for only NTR 445 or 545  |
| NTR     | 546         | Assessment Techniques in Nutrition               | Clinical and biochemical evaluation of nutritional status.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 446 or NTR 546  |
| NTR     | 548         | Advanced Community Nutrition                     | Planning, development, implementation, and evaluation of community nutrition programs, including the process of grant applications.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Credit is allowed for only NTR 448 or 548  |
| NTR     | 550         | Advanced Nutrition in the Life Cycle             | In-depth review of metabolic characteristics and nutritional needs during pregnancy and lactation, infancy, childhood, adolescence, adults and older adults. Analysis of cultural, environmental, behavioral, psychosocial, physical and socio-economic factors affecting nutritional status through the life span.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): graduate student (degree seeking or nondegree seeking). Credit is allowed for only NTR 450 or NTR 550                               |
| NTR     | 551         | Geriatric Nutrition                              | Explores the impact of nutrition on the aging process and how the aging process influences nutritional needs. Examines the physiology, demographics and economics of aging as well as issues such as end-of-life care. Addresses health promotion, disease prevention and disease management within the context of geriatric nutrition.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 553         | Nutrition and Cardiovascular Disease             | Reviews current evidence of the role of diet on cardiovascular disease prevention, development and management.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): NTR 541. Credit is allowed for only NTR 553 or NTR 598 (Nutrition and Cardiovascular Disease) or NTR 537 (Cardiovascular Nutrition) |
| NTR     | 555         | Nutrition and the Athlete                        | In-depth study of current practices in sports nutrition and review of scientific literature. Also investigates the application of sports nutrition methodologies.   | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 555 or NTR 598 (Advanced Sports Nutrition)            |
| NTR     | 557         | Nutritional Epidemiology                         | Designed for graduate students interested in conducting epidemiologic studies, or learning how to interpret and evaluate evidence from epidemiologic studies relating diet and nutritional status to disease risk and health. Familiarizes students with concepts and methodologies used in nutritional epidemiologic studies, and current state of knowledge on diet in etiology of chronic diseases.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only NTR 557 or NTR 598 (Nutritional Epidemiology)             |
| NTR     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-12  |                 |  |
| NTR     | 590         | Reading and Conference                           | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 |  |
| NTR     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NTR     | 593         | Applied Project                                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                                     | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NTR     | 595         | Continuing Registration                                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded and no grade is assigned. | Y                 | LEC               | Y               | Z3            | College of Health Solutions | College of Health Solutions                    | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | SEM               | Y               | OPT           | College of Health Solutions | College of Health Solutions                    | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Health Solutions | College of Health Solutions                    | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 690         | Reading and Conference                                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions                    | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Health Solutions | College of Health Solutions                    | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| NTR     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions                    | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| NUR     | 422         | Nursing Practice: Pediatrics                             | Focuses on clinical care of the pediatric client and family.  | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 2     |                 | Pre- or corequisite(s): NUR 313 and NUR 315 and NUR 316 all with C or better if completed; NUR 323 and NUR 324 with Y passing grade if completed; Corequisite(s): NUR 412; Credit is allowed for only NUR 422 or NUR 484 (Nursing Practice: Pediatrics) |
| NUR     | 423         | Nursing Practice: Complex Care & Clinical Immersion      | Students perform nursing practice in a variety of clinical settings, laboratory and simulated patient care environments. Students provide nursing care to patients who are physiologically unstable in advanced medical-surgical, and critical care clinical environments. Students perform advanced psychomotor skills in the clinical, laboratory and simulation environments. Students also complete a clinical immersion experience in a selected clinical setting. During the clinical immersion experience, students have the opportunity to apply leadership and management principles, and work in interprofessional healthcare teams to provide nursing care to clients experiencing health alterations across the lifespan. | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 5     |                 | Pre- or corequisite(s): NUR 410 with C or better; NUR 411 with C or better; NUR 412 with C or better; NUR 420 with Y grade ; NUR 421 with Y grade ; NUR 422 with Y grade; Corequisite(s): NUR 413   |
| NUR     | 425         | Health and Illness Concepts: Adults and Pediatrics       | Applies and integrates interrelated concepts related to health and illness concepts. Integrates evidence-based principles into the care of clients experiencing acute alterations in health.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 4     |                 | Prerequisite(s): NUR 315 with C or better; NUR 326 with C or better; NUR 337 with C or better; NUR 353 with C or better; NUR 347 with Y grade; NUR 348 with Y grade; NUR 349 with Y grade   |
| NUR     | 430         | Professional Nurse Attributes: Leadership and Management | Applications of theories and concepts of organizations, management, and leadership with focus on nursing management and leadership in healthcare organizations.   | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre- or corequisite(s): NUR 410 and NUR 411 and NUR 412 all with C or better if completed; NUR 420 and NUR 421 and NUR 422 all with Y passing grade if completed; Corequisite(s): NUR 431   |
| NUR     | 431         | Professional Nurse Attributes Innovative Professional    | Focuses on the process of transition to the professional nursing role, and the gathering, interpretation, and evaluation of evidence that serves as a basis for improving client outcomes and professional satisfaction.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     | L               | Prerequisite(s): NUR 315 with C or better; NUR 317 with C or better; NUR 415 with C or better; NUR 417 with C or better; NUR 367 with Y grade; NUR 475 with Y grade; NUR 477 with Y grade   |
| NUR     | 436         | Experiential Learning: Advanced                          | Students practice skills for professional nursing including advanced medication administration and bio-psycho-social care of the child and acutely ill adult.   | N                 | LAB               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 315 with C or better; NUR 326 with C or better; NUR 337 with C or better; NUR 353 with C or better; NUR 347 with Y grade; NUR 348 with Y grade; NUR 349 with Y grade   |
| NUR     | 437         | Experiential Learning: Readiness to Practice             | Students demonstrate readiness for interprofessional nursing practice including coordination of nursing care of multiple patients.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 404 with C or better; NUR 425 with C or better; NUR 436 with C or better; NUR 452 with C or better; NUR 446 with Y grade; NUR 447 with Y grade; NUR 458 with Y grade   |
| NUR     | 440         | Community and Public Health Nursing in the United States | Examines selected concepts, theories and applications of epidemiology, community assessment, and population-centered health education for community and public health nursing in the United States.   | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 4     |                 | Prerequisite(s): NUR 315 with C or better; NUR 391 with C or better; TWC 361 with C or better; Pre- or corequisite(s): NUR 392 with C or better if completed  |
| NUR     | 444         | Innovation in Nursing                                    | Examines the role and behaviors of an innovator in the nursing profession.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 4     |                 | Prerequisite(s): NUR 315 with C or better; NUR 391 with C or better; NUR 392 with C or better; TWC 361 with C or better; NUR 440 with C or better or EAC student; Pre- or corequisite(s): NUR 495 or EAC student  |
| NUR     | 445         | Nursing Management in Health Care                        | Examines selected theories and concepts of organizational behavior and the management of people and resources. Focuses on the application of selected management theories and concepts to nursing practice and healthcare systems.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 4     |                 | Prerequisite(s) with C or better: NUR 315; NUR 391; NUR 392; NUR 440; NUR 444; NUR 495; TWC 361; Pre- or corequisite(s): NUR 460 with C or better if completed  |
| NUR     | 446         | Complex Nursing Practice: Adults                         | Prepares learners in the application and demonstration of advanced theoretical knowledge, professional nursing practice, and interprofessional collaboration and referral in the management and delivery of safe, competent care of adult clients experiencing serious health alterations.  | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): NUR 315 with C or better; NUR 326 with C or better; NUR 337 with C or better; NUR 353 with C or better; NUR 347 with Y grade; NUR 348 with Y grade; NUR 349 with Y grade   |
| NUR     | 447         | Nursing Practice: Pediatrics                             | Applies previous nursing knowledge to develop plans of care and implement teaching strategies to pediatric clients and their families.  | N                 | LAB               | N               | YGB           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): NUR 315 with C or better; NUR 326 with C or better; NUR 337 with C or better; NUR 353 with C or better; NUR 347 with Y grade; NUR 348 with Y grade; NUR 349 with Y grade   |
| NUR     | 448         | Nursing Practice Readiness                               | Prepares the learner for the practice of professional nursing in diverse settings.  | N                 | PRA               | N               | YGB           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 404 with C or better; NUR 425 with C or better; NUR 436 with C or better; NUR 446 with Y grade; NUR 447 with Y grade; NUR 452 with C or better; NUR 458 with C or better   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NUR     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| NUR     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-7   | L               | Prerequisite(s): Upper Division Nursing Program students  |
| NUR     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-3   |                 |   |
| NUR     | 501         | Individual and Innovation Leadership in Health Care  | Examines the role and behaviors of an innovator in nursing and the interprofessional role. Explores the skills required to create a compelling vision to influence others through innovation and ethical leadership. Examines and correlates different situational challenges utilizing principles of complexity and emotional intelligence to advance innovation in nursing and the interprofessional health care roles.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): degree-seeking graduate student  |
| NUR     | 502         | Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion I  | Uses a lifespan developmental framework to present, integrate and interrelate advanced concepts, practices and principles applied to the biological, cognitive and psychosocial domains of health assessment, pathophysiology, and pharmacotherapeutics for health promotion appropriate to master's level nursing practice and roles.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): admission to a Nursing MS program  |
| NUR     | 503         | Advanced Health Assessment, Pathophysiology and Pharmacotherapeutics for Health Promotion II | Uses an at-risk population framework to present, integrate and interrelate advanced concepts, practices and principles applied to the biological, cognitive and psychosocial domains of pathophysiology, pharmacotherapeutics and health assessment for health promotion among vulnerable populations appropriate to master's level nursing practice and roles.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 502 with B- or higher  |
| NUR     | 508         | Interprofessional Care Coordination Practicum  | Care coordination practicum (90 approved contact hours) preceptored by a practitioner and/or faculty member. Practicum builds on care coordination and interprofessional collaborative practice core competencies, and theories, with an emphasis on the design, delivery and evaluation of culturally relevant and linguistically appropriate clinical prevention interventions, population health strategies and/or services that incorporate broad ecological, global and social determinants of health. Includes principles of epidemiological data; communication, quality improvement and health information technologies appropriate to master's level practice and roles within the context of team-based interprofessional clinical prevention and population health care and/or services. | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): Interprofessional Care Coordination MS student   |
| NUR     | 509         | Clinical Prevention and Population Health Practicum  | Preceptored practicum appropriate to master's level nursing practice and roles within the context of team-based interprofessional clinical prevention and population healthcare and/or services.  | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 2     |                 | Prerequisite(s): NUR 501 with B- or better; NUR 502 with B- or better; NUR 503 with B- or better                            |
| NUR     | 510         | Foundations of Care Coordination Practice  | Focuses on the theoretical concepts of care coordination and case management, including current models, intervention components, evaluation methods and financing. Provides the foundation for understanding care coordination and the roles nurses have played in the evolution and implementation of the care coordination models.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): admission to Nursing (Care Coordination) MS degree or certificate program                                  |
| NUR     | 511         | Concepts of Care Coordination and the Interprofessional Team                                 | Focuses on developing skills and strategies for interprofessional collaboration, team leadership, care coordination, communication and project management to improve patient safety and health care quality outcomes in an interprofessional health-related setting.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 501; NUR 510   |
| NUR     | 512         | Improving Quality and Safety Outcomes Through Effective Care Coordination                    | Focuses on the nurse's role in care coordination, and how care coordination programs are used to provide cost-effective and patient-centered care, improve quality and safety outcomes for patients and families, and use health information technology to advance the goals of care coordination.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 510 with B- or better; NUR 511 with B- or better   |
| NUR     | 513         | Interprofessional Collaborative Practice and Transforming Health Care Policy                 | Examines the nurse's role in communicating, collaborating and leading interprofessional teams to advance innovative care coordination models. Prepares nurses to influencing health policy through care coordination research and leadership.   | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s) with B- or better: NUR 510; 511   |
| NUR     | 519         | Role-Focused Practicum: Care Coordination  | This mentored practicum provides the learner with opportunities to apply care coordination (CC) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner and may include working in intra- and interprofessional teams to address care coordination initiatives at the unit, organizational or systems levels.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 510 with B- or better; NUR 511 with B- or better; NUR 512 with B- or better; NUR 513 with B- or better |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                                     | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| NUR     | 520         | Patient Safety and Health Care Quality Principles, Assessment and Methods                     | Focuses on the application of core principles of patient safety and health care quality to patients. Explores current and historical factors that contribute to quality health care outcomes. Examines the influence of financial, legal and regulatory factors on patient safety and health care quality. Applies various theories, concepts and tools to promote patient safety and health care quality. Describes the principles of just culture and the relationship to analyzing errors. Discusses the nurse's role in advancing patient safety and health care quality. Infuses the Quality Safety Education in Nursing (QSEN) competencies into course activities. | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing (Patient Safety and Health Care Quality) MS major  |
| NUR     | 521         | Health Care Evidence, Informatics and Analysis  | Focuses on applying information technology and research methodology to safety and quality initiatives. Students learn the role of technology related to select human factors engineering concepts and related clinical application (e.g., medication administration, clinical decision making). Focuses on determination of outcome measures related to evidence-based practice (EBP) and quality improvement (QI). Discusses survey methods including construction, data collection methods, and data analysis.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better  |
| NUR     | 522         | Designing Systems for Patient Safety and Health Care Quality                                  | Focuses on the design, implementation, evaluation and sustainability of patient safety and health care quality initiatives. Uses innovation and change theories, as well as high reliability and just culture principles, to support data collection, analysis and reporting within complex health care systems.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better   |
| NUR     | 523         | Interprofessional Collaboration for Improving Patient Safety and Health Care Quality Outcomes | Focuses on developing skills and strategies for interprofessional collaboration, team leadership, communication, and project management to improve patient safety and health care quality outcomes in an interprofessional health-related setting. Theory and evidence-based strategy for team building, maintenance and conflict resolution for improved team-based practice and performance.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better; NUR 522 with B- or better                            |
| NUR     | 529         | Role-Focused Practicum: Patient Safety and Health Care Quality                                | Mentored practicum provides opportunities to apply patient safety and health care quality (PSHQ) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 520 with B- or better; NUR 521 with B- or better; NUR 522 with B- or better; NUR 523 with B- or better |
| NUR     | 530         | Foundational Concepts for Nursing Informatics   | Focuses on the foundational concepts of nursing informatics. Analyzes the scope and standards of practice; ethical and privacy principles; relationships amongst biomedical, health and nursing informatics; and models, concepts and theories that support nursing informatics practice. Appraises accreditation and legal and regulatory requirements for health and nursing informatics practice.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): BMI 601 with B- or better; BMI 603 with B- or better   |
| NUR     | 531         | Advanced Concepts in Nursing Informatics  | Focuses on advanced concepts in nursing and health informatics practice. Analyzes the health informatics metastructures, relationships between nursing and multidisciplinary standardized terminologies, trends in nursing and health informatics, ethical, privacy and legal issues, and the emerging role for the nurse informaticist.  | N                 | LEC               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 530  |
| NUR     | 539         | Role-Focused Practicum: Nursing Informatics   | Learners complete 135 hours of mentored clinical practice during this practicum applying nursing informatics (NI) concepts and principles in a practice environment at the unit, organization or systems levels. Tailored to the prior experiences and level of the learner and may include working in intra- and interprofessional teams to address informatics initiatives at the unit, organizational or systems levels.   | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 530 with B- or better; NUR 531 with B- or better   |
| NUR     | 579         | Role-Focused Practicum: Nurse Educator  | Mentored teaching practicum includes application of teaching/learning principles in a specialized area of interest. Tailored to the teaching experience and level of the student. May include classroom, online or clinical teaching, attendance at approved conferences, relevant meetings or other activities that provide opportunity for the learner to gain expertise in the selected area of interest.  | N                 | PRA               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 670; NUR 671; Credit is allowed for only NUR 579 or NUR 580 (Teaching Practicum)                       |
| NUR     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing student   |
| NUR     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing Graduate student  |
| NUR     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 |   |
| NUR     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 |   |
| NUR     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | IND               | Y               | Z3            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Pre-requisites: Nursing Graduate student  |

| NUR     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-4   |                 | Pre-requisites: Nursing Graduate student  |
| NUR     | 601         | Scientific Role Development I: Engaging and Committing                           | First in a series that focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Analyzes current trends in the development of innovative scientists and leadership characteristics needed for future roles.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): Edson College of Nursing and Health Innovation PhD student   |
| NUR     | 602         | State of the Science in Nursing and Healthcare Innovation                        | Focuses on research synthesis and critiques of the scientific literature as a basis for knowledge generation related to a focal area of research interest.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Edson College of Nursing and Health Innovation PhD student; Corequisite(s): NUR 605  |
| NUR     | 603         | Social and Contextual Issues in Nursing and Healthcare                           | Analyzes nursing practice and the healthcare system for an identified population using social-ecological approaches.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 604         | Philosophy of Science Perspectives in Nursing and Healthcare Innovation          | Analyzes the history and philosophy of science as a basis for knowledge and academic scholarship in nursing and healthcare innovation.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 605         | Theory Analysis  | Examines theoretical perspectives and approaches guiding research in nursing and healthcare innovation across the lifespan. Includes the historical evaluation, social contextual factors, implicit assumptions, and bias that influence nursing and healthcare innovation knowledge generation.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Edson College of Nursing and Health Innovation PhD student   |
| NUR     | 606         | Scientific Role Development II: Validating and Demonstrating                     | Second in a series that focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Posits the knowledge, skills and resources needed to expand one's career as an educator and scientist in a health-related leadership role in the context of a future health care environment. Explores strategies for progressive and creative approaches in preparing leaders for innovative change in education, research and health care policy affecting healthcare delivery.                   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): Edson College of Nursing and Health Innovation PhD student   |
| NUR     | 607         | Scientific Role Development III: Bridging  | Focuses on the development of a scientific role identity in nursing and health care innovation, including the areas of education, policy and research. Students study the career trajectories of key leaders in nursing and health care innovation as a basis for development of their own personal plans for success, including research trajectories and marketing.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1     |                 | Prerequisite(s): NUR 606  |
| NUR     | 608         | Qualitative Research Design and Methods  | Explores and critiques selected qualitative research approaches. Includes fieldwork exercises as an integral part of course expectations.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 609         | Quantitative Research Design and Methods   | Examines multiple research approaches in clinical and health policy research from a quantitative perspective.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 612         | Advanced Analysis of Variance: Design and Analysis of Experiment                 | Introduces theory, methods, and practice of analysis of variance.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 613         | Principles of Regression and Correlation   | Introduces theory, methods, and practice of regression analysis.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 614         | Design and Implementation of Theory-Based Interventions                          | Focuses on the knowledge related to advanced methods for intervention research. Examines methodological, ethical, and practical issues in the design and implementation of theory-based intervention studies.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |   |
| NUR     | 615         | Qualitative Data Management Seminar  | Qualitative research methods applied to thesis, dissertation or qualitative research reports, focusing on data reduction, analysis, interpretation, credibility, ethics and dissemination.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): COE 503 or CRJ 613 or EDP 503 or NUR 608 or PAF 610  |
| NUR     | 616         | Community-Based Participatory Research   | Overview of Community-Based Participatory Research (CBPR). Familiarizes participants with key historical underpinnings of CBPR, principles of CBPR practice, as well as methodological CBPR considerations in building community partnerships, issue analysis, research planning, data gathering and data sharing.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only NUR 616 or NUR 691 (Community-Based Research)  |
| NUR     | 617         | Foundational Concepts in Science and Statistics                                  | Provides basic skills necessary for health-related research specifically geared toward (1) understanding concepts of widely used statistical methods with examples from health care; (2) ethical knowledge of human subjects research; and (3) processes of research including research design, interpretation and presentation of results and critiquing research articles.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): COE 502 or EDP 502 or EXW 501; Credit is allowed for only NUR 617 or NUR 691 (Foundational Concepts in Science and Statistics)   |
| NUR     | 618         | Advancing Research-Based Health Policy Through Leadership and Innovation Science | Integrative synthesis course in which students apply values and knowledge from previous PhD core courses in philosophy of science, theory analysis, state of the science, quantitative and qualitative methods, and the art and science of teaching. Examines the role of scholars and scientists in health policy reform. Using tools from leadership and innovation science, advances strategies to accelerate the use of interprofessional research in policy decisions and advances the national agenda for improving health and the quality and affordability of health care. | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 602, 603, 604, 605, and 609  |
| NUR     | 628         | Research, Theory and Principles for Palliative Care in the Older Adult           | Focuses on theory and research underlying end of life and palliative care for the older adult utilizing current practice guidelines and research.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Advanced Nursing Practice (Adult-Gerontology NP, Family Psychiatric Mental Health NP, Family NP, Innovation Leadership, Pediatric NP, or Women's Health NP) DNP or Nursing and Healthcare Innovation PhD student |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|--|
| NUR     | 629         | Research for Geriatric Practice                                      | Gaining knowledge and skills in critical appraisal and synthesis of evidence to guide best practice in gerontology.  | N                 | LEC               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only DNP 629 or NUR 629  |
| NUR     | 630         | Mechanisms of Disparities  | Analyzes and applies the complex issues underpinning culture and health disparities related to a specific health outcome to research with a selected cultural group.   | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Edson College of Nursing and Health Innovation PhD student; Credit is allowed for only NUR 598 (Mechanisms of Culture), 598 (Mechanisms of Disparities) or 630  |
| NUR     | 631         | Leveraging Culture in Intervention Development                       | Analyzes the complex issues underpinning the development of evidence-based interventions among various cultural groups. Also analyzes methods of leveraging culture to optimize the development, delivery, effect and evaluation of health interventions for various cultural groups.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 630 (or NUR 598 Mechanisms of Disparities); Edson College of Nursing and Health Innovation PhD student; Credit is allowed for only NUR 598 (Leveraging Culture in Intervention Development) or 631  |
| NUR     | 640         | Integrative Theories of Innovation in Health Care                    | Analyzes cross-disciplinary theories of innovation for improving health and quality of health care.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Advanced Nursing Practice or Advanced Nursing Practice (Innovation Leadership) DNP student or NUR 605; Credit is allowed for only NUR 640 or NUR 691 (Integrative Theories of Innovation in Healthcare) |
| NUR     | 641         | Theories of Emergent Leadership in Healthcare Innovation             | Analyzes cross-disciplinary theories of leadership. Emphasizes leadership frameworks that describe, explain and predict the relationships among leadership and healthcare innovation and outcomes.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 640. Credit is allowed for only NUR 641 or 691 (Theories of Emergent Leadership in Healthcare Innovation)   |
| NUR     | 650         | Human Lactation in the Post-Modern World                             | In-depth exploration of the complex and multifaceted social, cultural and environmental contexts that affect the public health goal of improving successful breastfeeding during the first years of life.  | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre-requisite: Degree- or Nondegree-seeking graduate; Credit is allowed for only NUR 650 or 691 (Human Lactation in the Post Modern World)   |
| NUR     | 670         | Curriculum Development in Academic and Practice Settings             | Includes analyses of historical, philosophical, societal, environmental, cultural, technological, and educational factors of curriculum development in academic and practice settings.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): Nursing (Nursing Education) MS or Graduate Certificate in Nursing Education; Pre- or corequisite(s): NUR 671 with B or better   |
| NUR     | 671         | Teaching in Academic and Practice Settings                           | Analyzes theories, issues, research related to teaching in nursing and educational leadership. Focuses on the process of teaching and learning.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program.   |
| NUR     | 672         | Design and Delivery of Mediated Instruction                          | Addresses instructional design issues, theory, and practices related to online and electronically mediated learning.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program; NUR 670   |
| NUR     | 673         | Producing and Evaluating Programs for Academic and Practice Settings | Critical examination of standards, regulatory environment, administrative systems, leadership requirements, technological infrastructure, human factors, future trends regarding mediated education planning, production, and evaluation.  | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Pre-requisites: Nursing Graduate student or Certificate program; NUR 670   |
| NUR     | 677         | Scholarly Citizenship: Teaching Intensive                            | Designed as a mentored teaching experience in nursing and a mentored exploration of the concept of scholarly citizenship as applied in the educator role in interdisciplinary, university-level education. Includes opportunities for students to examine different philosophies and theories of traditional and mediated teaching and learning; design content and learning experiences for selected topics; compare and contrast various culturally relevant, learner-centered strategies, technologies, media and Web-based tools for classroom and clinical use and analyze evaluation methods. Includes opportunity for exploring educational policy and translation of policy into best practices. | N                 | SEM               | N               | GNA           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 | Prerequisite(s): NUR 670; NUR 671; Credit is allowed for only NUR 677 or NUR 691 (Scholarly Citizenship: Teaching Intensive)   |
| NUR     | 680         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 688         | Management of Complex Diseases and Syndromes in Geriatric Population | Focuses on diagnosis and management of complex diseases and syndromes in the geriatric population.   | N                 | SEM               | N               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 3     |                 |  |
| NUR     | 690         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | N                 | IND               | N               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 | Pre-requisites: Nursing Graduate student   |
| NUR     | 692         | Research   |  | N                 | RSC               | Y               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-12  |                 |  |
| NUR     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| NUR     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Nursing & Health Innovation | Edson College of Nursing and Health Innovation | 1-15  |                 |  |

| OBS     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Health Solutions              | College of Health Solutions              | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| OGL     | 10          | Leadership Development                             | Trains and manages the student team leads for the Jump Start Program. Students learn ways to effectively manage, facilitate and lead group discussions and activities.  | N                 | LEC               | Y               | YGB           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 0     |                 |  |
| OGL     | 191         | First-Year Seminar                                 | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | SEM               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| OGL     | 194         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 200         | Introduction to Organizational Leadership          | Presents a broad survey of leadership theory and research as currently practiced in formal organizations. Includes examination of leadership models, power and influence, team leadership, cross-cultural leadership, strategic styles of interaction, ethics, leadership skill development, decision-making techniques and effective goal implementation.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              |  |
| OGL     | 220         | Behavioral Dynamics in Organizations               | Explores the different theories, strategies and skills that managers and subordinates need to develop to improve interpersonal relations. Primarily emphasizes skill areas in leadership, motivation, communication, group dynamics, organizational development, conflict resolution, political strategy, cross-cultural relations, ethical behavior, stress management and time management. Develops effective strategies for becoming effective managers, subordinates, peers and students. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              |  |
| OGL     | 240         | Introduction to Project Management                 | Offers insights into each step of the project management process through an examination of various theoretical approaches.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| OGL     | 260         | Resource Allocation in Organizations               | Introduces the decision-making framework of resource allocation within the broader context of basic business finance. Students learn that resource allocation decisions are regularly guided by fundamental principles in finance. Primarily focuses on business resources, resource management and allocation, accounting statements, profit and loss drivers, cash and profit statements, balance sheets, budgets and forecasts, management accounts and capital investment.                | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): MAT 117 or any course with General Studies MA designation   |
| OGL     | 294         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 298         | Honors Directed Study                              | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 300         | Theory and Practice of Leadership                  | Presents an in-depth study of leadership theory and its practical application in formal organizations. Includes examination of the trait approach, situational approach, contingency theory, path-goal theory, leader-member exchange theory, transformational leadership, psychodynamic approach, and women and leadership. Emphasizes application of these theories in real-world case studies.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): OGL 200; minimum 56 hours   |
| OGL     | 320         | Foundations of Project Management                  | Covers project management terminology, tools, best practices, theoretical approaches, the phases of project management and how they are applied developing a project plan and schedule, and other competencies needed to effectively manage projects.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours; Credit is allowed for only OGL 240 or OGL 320                       |
| OGL     | 321         | Project Leadership, Strategy and Scope             | Explores how executive management is responsible for conceiving, designing, implementing and managing the organization's overall objectives, culture, environment and processes as part of the project management process. Within this context, primarily focuses on understanding project management, aligning project management with the organization, project management oversight, projects as capital investments, globalization and resources optimization.                            | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): OGL 240 or OGL 320; minimum 56 hours  |

| Subject | Catalog Nbr | Course Title                                 | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| OGL     | 322         | Project Time Management                      | Explores project scheduling and time management within the broader context of the planning effort. Students learn how important the determination of the timing and sequence of project activities is to the planning process--and ultimate project success. Primarily focuses on understanding bar charts, basic networks, the critical path network, precedence networks, resource allocation, schedule updating, schedule compression, scheduling and schedule risk management.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 earned hours   |
| OGL     | 323         | Project Cost Management                      | Concepts and complex processes of effective project cost management. Primarily focuses on project needs assessment, cost estimation, project cost control, project budgeting, cash flow management, financial management, value management, configuration management and supply chain management. Students also learn to appreciate the importance of integrating cost and value management processes.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 324         | Resources in Project Management              | Major elements of project resource management as well as the broader context of this critical planning function. Students learn that sound resource management is an important part of developing a sustainable competitive advantage in the emerging global marketplace. Primarily focuses on operations and productivity, resources in project management, product design, process strategy, layout strategy, human resources and job design, supply chain, inventory management and scheduling.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 326         | Project Procurement Management               | Concepts and processes of procurement management. Primarily focuses on sourcing management, supplier selection, contracts and legal requirements, risk management, negotiation, project management, quality, supplier management and financial decisions. Effective procurement requires the use of good business practices capable of maximizing value to the organization through the acquisition of goods and services. Students learn that procurement professionals control the entire sourcing and acquisition process.                               | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 240; Minimum 55 hours  |
| OGL     | 343         | Social Processes in Organizations            | Examines the interdisciplinary nature of social processes and human interactions across a number of different organizational contexts.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum junior standing or minimum 56 hours; Credit is allowed for only BIS 343 or OGL 343                     |
| OGL     | 345         | Organizational Ethics                        | Explores and considers normative and applied ethics within a variety of organizations.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum junior standing or minimum 56 hours; Credit is allowed for only BIS 345 or OGL 345                     |
| OGL     | 350         | Diversity and Organizations                  | Critical interdisciplinary analysis of individual, cultural, and organizational diversity.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | L & C           | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours. Credit is allowed for only BIS 350 or OGL 350   |
| OGL     | 355         | Leading Organizational Innovation and Change | Process and theory of strategic management with primary emphasis on situation analysis, strategy formulation, strategy implementation and strategy evaluation. Covers the strategic management context, external analysis, internal analysis, functional and competitive strategies, international strategies, strategic entrepreneurship and nonprofit strategy. Students understand the process of analyzing situations, developing appropriate strategies, putting those strategies into action, and evaluating and changing those strategies as needed. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 56 hours  |
| OGL     | 357         | Assessment in Organizations                  | Considers the role and function of assessment in effective organizations. Provides the knowledge and tools required to identify, collect and analyze information to assess organizations.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): MAT 117 or any course with General Studies MA designation; minimum junior standing or minimum 56 hours; Credit is allowed for only BIS 357 or OGL 357 |
| OGL     | 360         | Assessment of Leadership Effectiveness       | Empirical analysis of leadership, a conceptual model of effective leadership, and a practical guide for developing the competencies and attributes most likely to produce effective leaders. Primarily focuses on leadership competencies, organizational fit, leadership strengths, fatal flaws, leadership teams, leadership development, improvement measurement and leadership follow through. Students learn to distinguish between leadership success and leadership effectiveness.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): MAT 117 or any course with General Studies MA designation; minimum 56 hours   |
| OGL     | 375         | Corporate Leadership: Starbucks              | Examines leadership from the perspectives of the leaders of one of the most trusted and respected companies in the world, Starbucks.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): Starbucks College Achievement Plan student; Credit is allowed for only OGL 375 or OGL 394 (Corporate Leadership: Starbucks)                           |
| OGL     | 394         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 421         | Project Risk Management                      | Philosophy, principles, practices and techniques for managing risk in projects. Covers risk identification, qualitative risk management, risk treatment, monitoring and review, project processes, risk allocation, environmental risk and quantification of project risk. Students learn that risk management assists project managers in setting priorities, allocating resources and implementing actions and processes that reduce the risk of the project not achieving its objectives.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 321; Minimum 55 hours  |

| Subject | Catalog Nbr | Course Title                             | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| OGL     | 422         | Project Quality Management               | Process and theory of total quality management with primary emphasis on the total quality approach, ethics and corporate responsibility, strategic alliances, quality culture, employee empowerment, leadership and change, team building, effective communication, and tools and techniques. Students understand how continual improvement of people, processes, products/services, and environments can enhance the process and outcomes of project management. Students have the opportunity to develop practical total quality management skills as they apply theory and practice to real-world cases.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: OGL 321; Minimum 55 hours  |
| OGL     | 481         | Organizational Leadership Pro-Seminar I  | Students draw on their experiences in previous organizational leadership courses, employing key concepts, theories and skills learned throughout the program toward the strategic analysis of organizations. Using Bolman and Deal's organizational frames concept, students synthesize key learnings across their education and explore organizations through four unique perspectives.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIS 343 or BIS 357; BIS 345; OGL 300; OGL 320; OGL 355; minimum 90 hours; Credit is allowed for only OGL 481 or OGL 498 (Pro-Seminar I)               |
| OGL     | 482         | Organizational Leadership Pro-Seminar II | Students draw on their personal background, individual differences, knowledge and skills to assess career choices that maximize their strengths, values and passions. Students explore their own balance between work and the other important elements in life, and develop strategies for living a meaningful and fulfilling life, at least through work. Explores the notion of career management and work/life integration from a number of different perspectives, and centered on one's own unique personal characteristics, life circumstances and goals. Explores some of the most relevant career management literature/theory, taking into consideration the interdisciplinary nature of this topic. Also connects students with some of the ideas learned in previous organizational leadership core courses, conducts a qualitative, thematic self-analysis, develops short-term and long-term career/life plans, and collect artifacts to help along life's journey. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): OGL 481; Credit is allowed for only OGL 482 or OGL 498 (Pro-Seminar II)   |
| OGL     | 484         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 |  |
| OGL     | 492         | Honors Directed Study                    | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | RSC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 493         | Honors Thesis                            | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| OGL     | 494         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| OGL     | 497         | Honors Colloquium                        | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| OGL     | 498         | Pro-Seminar                              | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-7   | L               | Prerequisite(s): Organizational Leadership major; minimum 90 hours; BIS 343 and 345; ENG 102 or 105 or 108 with C or better; OGL 200, 220, 240, 260, 300, 321, and 350 |
| OGL     | 499         | Individualized Instruction               | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | N                 | LEC               | N               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| OMT     | 191         | First-Year Seminar                       | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Ira A. | Subject | Catalog Nbr | Course Title                                  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department               | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 200         | Public Service and Policy in the 21st Century | Provides a broad introduction to the field of public service and leadership. Topics include an overview of management, policy, urban studies, and leadership in the public sector. Covers the history and development of the public sector, as well as how it serves contemporary society.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 201         | Economics and Public Policy                   | Introduces the terminology and methods of analysis in microeconomics. In particular, examines the behavior of individual consumers and firms, with a focus on market failures and the role of government policy in correcting those failures. Applies microeconomic principles to the distribution of income, policies for eliminating poverty and discrimination, the problems of environmental pollution, and the impact of different market structures on economic activity.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     | SB              |  |
| PAF     | 203         | Cross-Sector Collaboration                    | Examines how public, private and nonprofit organizations seek to address social challenges and explores how the three sectors work together and in isolation to tackle social problems. The motivation of employees in the public, private and nonprofit sectors and the ways in which organizational structure, environment and legal contexts differently constrain or facilitate action within and across these organizations. Explores effective strategies for collaboration among the public, private and nonprofit sectors and identifies organizational similarities and points of contrast that could enhance or create barriers to such collaboration. | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): enrollment in the second year of Next Generation Service Corps or Reserve Officer Training Corps (all branches) and completion of first year in Next Generation Service Corps |
| PAF     | 294         | Special Topics                                | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-4   |                 |  |
| PAF     | 300         | Public Management and Administration          | Examines the context and role of the public manager and the development of the field of public administration.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only FIS 351 or PAF 300   |
| PAF     | 301         | Applied Statistics                            | Focuses on statistical techniques used in social science research. Applies concepts such as measures of central tendency and dispersion as well as statistical techniques, including the following: one-sample z and t tests, two-sample t tests, chi-square, and correlation. Goals include helping students understand the mathematical and statistical concepts presented and assisting them in using these concepts in everyday life and in the study of social sciences.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     | CS              | Prerequisite(s): MAT 142 or higher   |
| PAF     | 302         | Public Service Research Methods               | The philosophy, scope, and methods of public sector research. Examines quantitative and qualitative research methods and research design.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 301 with C or better  |
| PAF     | 311         | Leadership and Change                         | The leader's role in bringing about significant organizational and societal change with special attention to group and organizational behavior dynamics, establishing a vision, mobilizing and empowering individuals and groups, and assessing outcomes of the change process in a variety of settings.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     | SB              | Pre-requisites: Minimum 30 hours   |
| PAF     | 340         | Contemporary Policy Challenges                | Develops conceptual, critical, and practical understanding of public policy, the policy process, and policy analysis.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisites: Minimum 30 hours   |
| PAF     | 350         | Introduction to Science & Technology Policy   | Explores the variety of ways in which governments make policies, how the policies shape the development of science and technology and their applications, and how policy may be shaped to create better futures.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 30 hours  |
| PAF     | 360         | Introduction to Emergency Management          | Emergency management theories. Comprehensive emergency management. Mitigation, preparedness, response, and recovery. Post-disasters and policy formation. Current FEMA all-hazards approach.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 363         | Computer Applications in Emergency Management | Explores specific computer programs that are currently in use for contingency planning, tracking chemical inventories, and response resources.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisites: MAT 142  |
| PAF     | 394         | Special Topics                                | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-4   |                 |  |
| PAF     | 400         | Senior Capstone Project                       | Teaches students to solve problems related to the public sector by applying theory, knowledge, and methods from previous courses to a hands-on project in the community. Seminars include guest speakers and discussions on professional development. Students work as individuals and as a team to prepare research papers and a professional report that is presented to the community.  | N                 | LEC               | Y               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): with C or better: PAF 200; PAF 201; PAF 301(or 401); PAF 302; PAF 311(or 411); PAF 340; PAF 460   |
| PAF     | 410         | Building Leadership Skills                    | Introduces understanding and developing leadership skills, including an examination of leadership theories and models from multidisciplinary and crosscultural points of view, an assessment of the student's leadership capabilities, and practical applications to improve individual leadership capabilities.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     | SB              | Pre-requisites: Minimum 30 hours; Credit is allowed for only PAF 410 or URB 410  |
| PAF     | 420         | Public Leadership                             | Examines key concepts, models, and strategies for leading public and nonprofit organizations, emphasizing self-knowledge, skills, and abilities for effective leadership.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 421         | Leadership Capstone                           | Builds upon leadership courses in the Leadership and Ethics certificate program by applying concepts and examples from the readings as well as individual experiences.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): CPP 301 or PAF 410; PAF 311   |
| PAF     | 424         | Comprehensive Emergency Management            | Addresses theory and management techniques for emergency preparedness, including mitigation, preparedness, response, and recovery.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department               | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 425         | National Incident Management System (NIMS)   | Covers concepts, terminology, players, compliance requirements, including doctrine of National Incident Management System per HSPD-5. Discussion of National Response Plan.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 460         | Public Service Ethics  | Role, values, and issues of public management in democratic governance, citizen participation, power structures, and professional codes of conduct.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 461         | Homeland Security  | In-depth analysis of policies, procedures, and organizational structure for effective homeland security program. Covers all hazard/all risk philosophy.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisite: minimum 45 hours. Credit is allowed for only PAF 461 or 561                         |
| PAF     | 468         | Simulation and Exercising  | Requirements, planning, conduct, and critique of exercises related to emergency planning. Emphasizes realism using moulage and props.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PAF     | 469         | Terrorism Defense  | Explores the background and evolution of terrorism. Presents specific tactics for preparation for and response to acts of terrorism.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only ABS 598 (Terrorism Defense) or PAF 469 |
| PAF     | 470         | Topics in Public Economics and Financial Management  | Provides an analysis of public economic practices and problems in a federal system. Presents detailed descriptions, where appropriate, of significant institutions and applies modern economic theory to the ways that these institutions finance and deliver services.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): ECN 212 or PAF 201 with C or better   |
| PAF     | 471         | Public Policy Analysis   | Provides further study in the concepts, models, and operational methods used in public policy decisions and analysis. Enables students to develop higher skills needed for defining policy issues, identifying alternative solutions, and predicting the potential impact of policy alternatives.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 301 with C or better; PAF 340 with C or better                                |
| PAF     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PAF     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| PAF     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-4   |                 |  |
| PAF     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-3   |                 |  |
| PAF     | 501         | Public Service Research I  | Philosophy, scope, and methods; public service research design, values, and ethics.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                     |
| PAF     | 502         | Public Service Research II   | Quantitative techniques including multivariate analysis, data analysis, decision making, and computer applications in public affairs.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501 with C or better  |
| PAF     | 503         | Public Affairs   | Development and context of American public administration and policy, role of administration in governance, and values and ethics in administration.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 504         | Microeconomics of Public Policy I  | Provides key principles of microeconomics. Places particular emphasis on developing the analytic tools of economic reasoning and using these tools to examine policy interventions of interest to public managers.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                     |
| PAF     | 505         | Public Policy Analysis   | Institutional and formal analysis of policy processes, decision making, and problem solving; values, ethics, and the uses of policy analysis.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better  |
| PAF     | 506         | Public Budgeting and Finance   | Legal, social, economic, political, institutional, and ethical foundations of governmental finance, budgets, and budgeting.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better  |
| PAF     | 507         | Public Human Resource Management   | Personnel systems, behavior and management of people in public organizations, collective behavior, unionism, conflict management, motivation, productivity, and ethics.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 508         | Organization Behavior  | Theory and application in the management of organizational behavior with emphasis on leadership and the public service.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 509         | Public Affairs Capstone  | Capstone application of core course knowledge, skills, and abilities required for public service.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501, 502, 503, 504, 505, 506, 507 and 508 with C or better                    |
| PAF     | 520         | Public Management  | Management process in government and public agencies, with emphasis on the executive leadership within the public sector.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 521         | Managing Public Money  | Overview of public financial management, including budget planning and execution; capital budgeting, debt management and administration; funds management and investment; and financial control.  | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): Public Administration MPA student   |
| PAF     | 522         | Advanced Governmental Financial Management: Capital Budgeting and Infrastructure Financing | Focuses on capital budgeting and infrastructure financing. Covers information required to finance a capital improvement plan, specifically for infrastructure items such as streets, parks, public utilities, airports, highways, bridges and tunnels, and other public works. Combining strategy as well as process, examines financial management from different perspectives.  | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): Public Administration MPA student   |
| PAF     | 523         | The City and County Manager  | Manager's role and resources in the differing forms of administrative, legislative, and community sectors.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 525         | Public Entrepreneurship                        | Explores entrepreneurship in the public sector from various angles, including small and large communities and nonprofits.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 529         | Organization Change and Development            | Explores the nature and management of change and development as a tool to achieve organizational goals; effecting planned change.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 530         | Management of Urban Government                 | Administrative practices and behavior within the urban political administrative environment. Functional areas such as citizen participation, urban planning, urban transportation, and the conflicts between urban politics and administrative efficiency.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 531         | Community Conflict Resolution                  | Interdisciplinary approach to understanding the dynamics of community conflict. Strategic considerations in policy design and advocacy; potential reaction to conflict. Relevant models and research findings generated by both case studies and comparative methods.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 534         | Urban Services Infrastructure                  | Provides an overview of the network of services being provided in the urban environment by a variety of governmental and nongovernmental agencies. Discusses coordination, cooperation and overlap of services by local, special district, county, regional and state levels, alternate delivery methods including nonprofits, and the evolving relationship of these services.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 540         | Adv Policy Analysis                            | Emphasizes the structure of policy problems, forecasting policy alternatives, optimizing resources, and reducing uncertainty in policy making.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 505 with C or better  |
| PAF     | 541         | Program Evaluation                             | Various methodologies available for the evaluation of public policies and programs.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 501 with C or better  |
| PAF     | 544         | Urban Policy                                   | Understands major theoretical frameworks, methodological approaches and substantive issues emphasized in urban policy research. Hones skills in policy analysis.  | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 545         | Organizations, Sustainability & Public Policy  | Sustainability concerns are fast becoming a strategic issue for organizations in all sectors. In the last ten years, numerous organizations have completely redefined their business strategies in line with principles of sustainability by balancing the requirements for economic development, environmental quality and social justice, and governments worldwide are developing programs and policies that encourage these activities. Explores the connections between organization strategy--especially within the private sector, sustainability and public policy. Through a combination of practical cases, readings and lectures, class sessions engage students in discussions aimed at developing sustainability assessment models. Additionally, students apply new strategy tools that incorporate principles of proactive environmental management and social responsibility designed to enhance the public good. | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only PAF or SOS 545                                      |
| PAF     | 546         | Environmental Policy and Management            | Analyzes environmental policy and planning issues and principles related to the analysis and management of natural and urban/regional resources.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 547         | Science, Technology and Public Affairs         | Explores the political, economic, cultural, and moral foundations of science and technology policy and governance in democratic society.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 515 or GLG 547 or HSD 515 or PAF 547 or SOS 516 |
| PAF     | 548         | Women/Politics/Public Policy                   | Explores how political philosophy, politics, and public policy affect and are affected by women.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 549         | Diversity Issues and Public Policy             | Examines public policy issues concerning or affecting women, black, Latino, Asian, and American Indian communities, as well as those groups' impact on the policy process.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 550         | Governing Emerging Technologies                | Examines the governance of science and technology through a focus on emerging technologies whose potential consequences in society are apparent only in anticipation and whose manifestations are still being shaped by local, domestic, and international institutions. These emerging technologies include nanotechnologies, synthetic biology, and other technologies associated with genetic modification, and information and cognitive science and neuro-technologies.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PAF 550, HSD 503 or POS 573         |
| PAF     | 552         | Integrated Emergency Management                | Theory and practice of comprehensive emergency management. Explores scope and function of Department of Homeland Security.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 555         | Information Technology in Emergency Management | Provides theory and application of computer-based programs in emergency management and the use of various emergency modeling programs.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PAF     | 560         | Community Resilience                           | Examines community resilience from a systems perspective, embracing governments, private, nonprofit and civic roles. Presents research, case studies, and strategies for policy planning and implementation. Provides an understanding of how community members respond to the need to prepare for, endure and recover from disasters and the ability to utilize multiple communication methods to help community members before, during and after these emergencies.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 561         | Interoperability for Emergency Managers           | Enables understanding of the multiple technologies and skills utilized by emergency managers to enhance successful coordination and communication between all levels of emergency managers and responders during emergency mitigation, prevention, preparedness, response and recovery operations.  | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 554                                       |
| PAF     | 564         | Political Economy                                 | Classical and contemporary literature and historical development of governmental and economic arrangements, with special emphasis on the role of the state.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 565         | Theories and Practices of Democracy               | Critically explores the wide range of ideas, issues, challenges, and promises related to democracy in theory and practice. Intended for all students interested in democratic leadership, public service, civic engagement, and participatory governance.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 566         | Participatory Governance & Civic Engagement       | Examines classic and current theoretical debates on participatory governance and civic engagement, discusses theoretical and practical implications, and analyzes different models of participatory governance.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 570         | Microeconomics of Public Policy II                | Provides the policy tools to solve economic problems such as market concentrations, market failures and externalities, and asymmetric information. Increasingly, government interventions are moving away from a command-and-control-style of direct provision of goods and services and toward a large menu of indirect approaches implemented through a complex system of third-party actors. Government intervention in private markets now entails loans and loan guarantees, grants-in-aid, contracts, vouchers, social and economic regulation, and many other policy tools. Each of these instruments involves vastly different behavioral distortions, policy technologies, political considerations and technical sophistication. Analyzes the economics of four policy interventions: grants, tax expenditures, social regulation and vouchers. Provides an overview of each tool (including its key design features) and combines economic theory with background information on how public policies actually operate. | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better                      |
| PAF     | 571         | Geographic Information Systems (GIS) and Analysis | Provides foundational information related to application of GIS technology to meet various needs within governmental operations, administration, and public policy.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 573         | Applied Econometrics                              | Applied treatment of the most important modern econometric methods used to evaluate public policies. Help students become savvy consumers of econometric methodology and develops the methodological skills necessary for implementing quantitative evaluations of public policies. Accordingly, course stresses critical thinking and creativity.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 502 with C or better                      |
| PAF     | 574         | Diversity, Ethics, and Leading Public Change      | Focuses on leadership, ethics, and benefits and tensions of the multicultural city to develop leadership and multicultural competence.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 |  |
| PAF     | 579         | Public Policy Capstone                            | Integrative, client-based project course.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     | L               |  |
| PAF     | 582         | E-Public Administration                           | Explores how new techniques and technologies for using, processing and managing information are changing how we interact, work and serve. As an example of this very concept, this course is offered online. During the semester, managers explore current trends, use a wide variety of information and communication tools, and have manager-created content consistent with new trends of online participation. By the end of the course, managers have experience with tools (including Wikis, Blogs, search engines, collaboration tools, reputation systems, social networks, virtual worlds); are familiar with current information issues (transparency, privacy, equal access, governance); and explore how they are relevant to a variety of contexts (local government, non-profits, public service).  | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 585         | Strategic Planning for Public Sector Leaders      | In an age of diminishing resources, the tools of strategic planning have become crucial for every public sector and non-profit manager. How can a public sector agency (or non-governmental organization) achieve its goals and advance its mission? How can it motivate its people given the absence of the sorts of incentives often found in the private sector? How can these organizations respond to a rapidly changing political, economic and social environment? These are among the questions that are addressed.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| Subject | Catalog Nbr | Course Title                       | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department               | Units | General Studies | Requirements   |
|---------|-------------|------------------------------------|--|-------------------|-------------------|-----------------|---------------|--------------------------------|--------------------------|-------|-----------------|--|
| PAF     | 586         | Data Analytics for the Public Good | Explores techniques used for data extraction, analysis and visualization. In particular, students engage with social media data, devise solutions to address data-poor scenarios, and explore the potential of sentiment analyses to elucidate opinion trends and predict future attitude shifts. Discusses data visualization techniques and engages students with Tableau software. Also explores the social, political and ethical considerations associated with building and managing data analytics programs in the public sphere. Explores issues-critical dilemmas when it comes to issues such as data privacy, data protection, predictive analytics, personalized service delivery and resource provision, algorithmic regulation, and large-scale data analytics for administrative efficiencies and resource management optimization, among others. | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 587         | Federal Budgeting and Tax Policy   | Provides a broad understanding of federal budget and tax policy issues. The knowledge acquired in this class enable students to act as competent parties in the formulation of public policy within the federal budget and tax policy domains. Approximately one half of the class is devoted to federal budget processes and concepts including purposes, coverage, scoring, performance evaluation and proposed options for reform. The second half covers tax policy issues. Throughout the course, focuses on those budget and tax policy issues that are the current subject of political attention.  | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 588         | Global Public Policy               | The study of public policy has traditionally focused on the operations of government agencies within national borders. Increasingly, however, public officials at all levels of government must confront challenges and opportunities that exist across borders. Whether the issue is immigration, national security, trade and finance, or the environment, public managers must be aware of global pressures and, in many cases, respond to them. This course gives managers the analytical tools to understand how global issues are currently being managed and what they might do to make the most of global opportunities.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 589         | Leadership in Public Organizations | Provides the foundation of theory and practice of administrative leadership. While students learn about all the major theoretical frameworks, focuses on an applied action research model that is useful in analyzing and developing oneself and others in organizational settings.  | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PAF     | 590         | Reading and Conference             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 591         | Seminar                            | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 593         | Applied Project                    | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 594         | Conference and Workshop            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |  |
| PAF     | 595         | Continuing Registration            | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1     |                 |  |
| PAF     | 598         | Special Topics                     | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-4   |                 |  |
| PAF     | 600         | Research Methods                   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 | Pre-requisite: Doctoral student                                |
| PAF     | 601         | Advanced Public Policy Seminar     | This advanced seminar in public policy has a single objective: to develop a critical thinking of theoretical perspectives developed to analyze several dimensions of public policy. Focuses on theories and perspectives across specific policy areas since the objective is to get used to analytical lenses, not a specific policy area. This objective is achieved by reading required books each week. This class requires the ability to critically analyze a body of literature as a prerequisite for advancing that literature. The general format of this course includes reviews of class material and discussion. Prior to each class, students are expected to read the required books listed in the syllabus. Students are responsible for contents included in the readings, even if it is not explicitly reviewed in class.                        | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| PAF     | 602         | Advanced Research Design for Public Policy and Management      | The logic, design and conduct of applied social research for students interested in public management and policy. Traditional scientific explanatory research is a necessary prerequisite for any prescriptive research. The primary orientation of this course is to focus on development of social science explanations for public administrative phenomena and the development of research designs which permit testing of hypotheses derived from these explanations.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): admission to a doctoral program          |
| PAF     | 603         | Advanced Economics for Public Administration and Public Policy | Theory of utility and demand, theory of the producer, organization, operation of product and factor markets, market equilibrium, regulation, risk and uncertainty, general equilibrium and welfare policy, market failure, public goods and taxation, and game theory.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): PAF 504 with C or better; doctoral major |
| PAF     | 604         | Intellectual Foundations of Public Administration              | Explores significant developments and themes in the theory of public administration, especially American public administration. Major foci in this seminar include the historical development of public administration as a body of thought and as a theory of politics; the enduring theme of public administration and democracy; various possible unifying themes, theories, and criteria; and prospects for future theory and research. Aimed at encouraging advanced students to refine their abilities to identify, analyze, interpret, critique, evaluate, and contribute to the literature and intellectual developments of this field of scholarship, as well as to place current and emerging trends in broader context. Builds on more basic courses in public administration and is intended in part to assist students in preparation for doctoral preliminary examinations in public administration. Assumes that students have a solid understanding of American government and bureaucracy. | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): admission to a doctoral program          |
| PAF     | 605         | Organization Theory and Behavior Seminar                       | Advanced survey of organization theory (OT) and organization behavior (OB) literatures for doctoral students. The seminar pursues multiple goals. It examines the intellectual foundations and historical progression of OT/OB research and explores the craft of conducting social science research related to OT/OB. Specifically analyzes how current literature in public management and administration applies organization theory for research. Develops a research-based understanding of main schools of organization theory so that students gain skills to enable them to engage OT/OB theories in their own research.  | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): admission to doctoral program            |
| PAF     | 609         | Advanced Quantitative Methods Seminar                          | Provides opportunity to learn the tools necessary for carrying out empirical work through hands-on data work and analysis. Students learn how to specify and estimate linear regression models and test hypotheses about model parameters under different statistical assumptions. Students become proficient in programming statistical routines.  | N                 | SEM               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Prerequisite(s): admission to doctoral program            |
| PAF     | 610         | Advanced Qualitative Methods for Public Affairs Research       | Explores a number of qualitative research approaches and methods, including ethnography, ethnomethodology, participant observation, interviews, focus groups, content analysis, discourse analysis, and some comparative/historical methods. Also exploreS the important theoretical and ethical issues that bear on these approaches.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisites: PhD student                               |
| PAF     | 620         | Public Administration Professional Development Workshop        | Prepares doctoral students to become productive and effective public administration scholars, teachers, and researchers.  | N                 | SEM               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 3     |                 | Pre-requisites: Doctoral PAF student                      |
| PAF     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |   |
| PAF     | 783         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |   |
| PAF     | 790         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-12  |                 |   |
| PAF     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-15  |                 |   |
| PAF     | 795         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1     |                 |   |
| PAF     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Watts Col of Pub Ser & Com Sol | School of Public Affairs | 1-15  |                 |   |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| PAX     | 230         | Introduction to Peace Studies           | Intensive, one-semester introductory course. Explores multidisciplinary approaches to the study of peace, conflict and human rights as well as the historical background of peace studies (trans)disciplinary orientation. Knowledge gained in peace studies can be applied toward education, policy, law, cross-cultural communication, community-based organizations, nongovernmental organizations and ethics.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | G               |  |
| PAX     | 456         | Studies in Forensic Linguistics         | Focuses on the three main aspects of that branch of applied linguistics, namely language and the law, court cases where language is the central dispute, and linguistic evidence.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ENG 456 or ENG 494 (Studies in Forensic Linguistics) or FOR 456 or FOR 494 (Studies in Forensic Linguistics) or PAX 456 |
| PBH     | 100         | Introduction to Public Health           | Introduces public health in the United States. Familiarize students with the broad discipline of public health and how it influences community and individual health status. Discusses the role of various agencies in public health, methods of measurement and evaluation, major public health issues in the United States, and factors that contribute to individual and community health. Solidifies concepts through the use of in-class discussion, group work and individual analysis.   | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Credit is allowed for only HCD 101 or PBH 100  |
| PBH     | 194         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions  | College of Health Solutions                      | 1-4   |                 |  |
| PBH     | 201         | Economics for Health Majors             | Introduces economics and demonstrates the relevance of economic principles to the study of health care delivery systems and public health. Combines elements of a traditional introductory economics curriculum with broad coverage of the history of economics, and specific application to current issues in health care delivery and public health policy. Prepares the student for further study of health economics.   | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Credit is allowed for only HCD 201 or PBH 201  |
| PBH     | 294         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions  | College of Health Solutions                      | 1-4   |                 |  |
| PBH     | 300         | Biostatistics                           | Biostatistics and its use in health and health services research. Familiarizes students with statistical concepts and methods to analyze and interpret data and conceptually addresses statistical theory. Introduces Excel software to manage data and perform statistical tests..   | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     | CS              | Prerequisite(s): completion of General Studies MA requirement with C or better; minimum 30 hours; Credit is allowed for only HCD 300 or PBH 300  |
| PBH     | 310         | Epidemiology in Public Health           | Essential principles and practices of public health epidemiology. Increases an undergraduate student's ability to analyze problems and make decisions based on application of epidemiologic concepts and methods in a variety of settings. Students gain experience communicating epidemiologic findings in both written and oral formats. Includes applied hands-on exercises in analysis of epidemiologic data, case studies and critical review of epidemiologic methods used in scientific literature.  | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): PBH 300; not open to Exercise and Wellness or Health Education and Health Promotion majors  |
| PBH     | 355         | Research Methods for Public Health      | Society incurs high opportunity costs when public health interventions which yield a high health return on investment are not implemented, or when resources are expended on interventions with low health returns. Public health practitioners should, therefore, incorporate the best scientific evidence in planning, implementing and evaluating public health policies and programs. Covers concepts and tools of public health research where the research objective is to provide evidence that informs and improves decisions regarding the allocation of public health resources. Covers basic components that inform evidence-based decision making, namely: accessing the best available scientific evidence; developing research questions, collecting and analyzing qualitative and quantitative data; using data and information systems methodically; and adhering to standards of ethical research. | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): PBH 310; not open to Exercise and Wellness or Health Education and Health Promotion majors  |
| PBH     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions  | College of Health Solutions                      | 1-4   |                 |  |
| PBH     | 402         | Health Economics                        | Emphasizes clinical relevance and application of searching and interpreting the literature, using case studies as examples. Applies these skills through in-class activities and through written report at the conclusion of the course. These tools ultimately assist the student with critical thinking and application of concepts to clinical scenarios. Class is held in a computer lab to facilitate class engagement.  | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): ECN 211 or 212 or PBH 201; minimum 45 hours; Credit is allowed for only HCD 402 or PBH 402  |
| PBH     | 422         | Health Disparities and Access to Health | Racial and ethnic health disparities in the United States. Explores disparities in healthcare seen at the provider and system level and their effects on health in the community. Also considers the historical context of racial and ethnic health disparities and the demographic and conceptual issues surrounding health disparities research. Reflects on the effects of behavior, socioeconomic status and group-specific disparities on community health status.   | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only HCD 422 or PBH 422   |
| PBH     | 435         | Environmental and Occupational Health   | Environmental health designed to address public health issues.  | N                 | LEC               | N               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): minimum 56 hours  |
| PBH     | 444         | Public Health Field Experience          | Provides opportunity to gain experience working in community and public health settings. Course meetings provide guidance during the field experience and an opportunity for students to share their projects.  | N                 | LEC               | Y               | GNA           | College of Health Solutions  | College of Health Solutions                      | 3     |                 | Prerequisite(s): EXW 450; HCD 101 or PBH 100   |

| PBH     | 455         | Public Health Program Evaluation | Federal, state and local policies shape the nature of the public health programs implemented in communities. Public health professionals are often responsible for evaluating, at multiple levels, the programs that result from such policies. Provides public health students with the analytical tools necessary to manage the implementation and evaluation of public health programs. Program evaluation serves many important functions. It supplies information to managers who are charged with implementing public health programs and to policymakers who face decisions about which programs to fund, scale back, expand, modify or eliminate. Evaluation is an accountability tool: when a public health agency decides to finance a program, they have a right to ask what their funds bought. Evaluation is also a vehicle for improving public health programs. By identifying what works and what does not--and how new programs fare relative to existing practice--policymakers and managers can improve program designs. | N                 | LEC               | N               | GNA           | College of Health Solutions              | College of Health Solutions                        | 3     |                 | Prerequisite(s): PBH 355   |
| PBH     | 492         | Honors Directed Study            | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | College of Health Solutions              | College of Health Solutions                        | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PBH     | 493         | Honors Thesis                    | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | College of Health Solutions              | College of Health Solutions                        | 1-6   |                 | Prerequisite(s): Barrett Honors student  |

| PHI     | 303         | The Future of Religions                    | Critical theorists of modern religious and secular beliefs argued that both theism and atheism have had their martyrs and tyrants. Nietzsche proclaimed "God" of the West dead, Marx unmasked religion as opium for the oppressed masses, and Freud analyzed religious future as an unconscious illusion. The future of secular progress has become equally suspect in the wake of the Holocaust, Hiroshima, the gulags, the killing fields of Cambodia, Rwanda. Globally motivated terror revealed itself as capable of religious as much secular justifications. The future of faith and reason has become a doubly open theoretical and practical question in philosophy, religious studies, literary study, critical theory, cultural and gender studies, and all sciences. Applies theoretical and methodological tools to critically exam beliefs, practices, and communities and their role in both generating and transforming the ethical and spiritual discontents of the global age. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU         | Pre-requisites: ENG 102, 105 or 108 with C or better; Credit is allowed for only HON 394 (The Future of Religions), PHI 303 or REL 300 |
| PHI     | 304         | Existentialism                             | Covers such topics as absurdity, authenticity, the meaning of life and death, responsibility, and subjectivity. | PHI     | 403         | Contemporary Analytic Philosophy    | Aims and methods of such 20th-century philosophers as Frege, Moore, Russell, Wittgenstein, Carnap, Ayer, Wisdom, Ryle, Austin, Strawson, Quine, and Sellars, with application to metaphysics and epistemology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU              | Prerequisite(s): Philosophy BA major or Philosophy (Morality, Politics and Law) BA major; minimum 56 hours  |
| PHI     | 405         | Moral Psychology                    | Advanced study of key, contemporary authors and issues in moral psychology as a subfield of philosophy.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): Philosophy undergraduate major; minimum 56 hours; Credit is allowed for only PHI 405 or PHI 420 (Moral Psychology) or PHI 530  |
| PHI     | 406         | Moral Dilemmas                      | Philosophical analysis of moral dilemmas arising in professional and public settings. Ethical decision making in business, educational, human service, and scientific communities.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU         | Prerequisite(s): ENG 101 or 105 or 107 with C or better; Credit is allowed for only FOR 406 or IAS 406 or PHI 406   |
| PHI     | 407         | Environmental Philosophy and Policy | Ethical concepts and theories applied to environmental issues: biotic community, biodiversity, degradation, ecofeminism, ecology, economics, population, property rights, and wilderness. Not open to students with credit in PHI 310.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts           | 3     | L or HU         | Prerequisite(s): ENG 101 or 105 with C or better; Credit is allowed for only IAS 407 or PHI 407   |
| PHI     | 407         | Environmental Philosophy and Policy | Ethical concepts and theories applied to environmental issues: biotic community, biodiversity, degradation, ecofeminism, ecology, economics, population, property rights, and wilderness. Not open to students with credit in PHI 310.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU         | Prerequisite(s): ENG 101 or 105 with C or better; Credit is allowed for only IAS 407 or PHI 407   |
| PHI     | 408         | Feminist Ethics                     | Philosophical exploration of the theoretical and practical aspects of ethical issues affecting women from diverse feminist viewpoints.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU              | Prerequisite(s): minimum 45 earned hours. Credit is allowed for only IAS 408 or PHI 408   |
| PHI     | 408         | Feminist Ethics                     | Philosophical exploration of the theoretical and practical aspects of ethical issues affecting women from diverse feminist viewpoints.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): minimum 45 earned hours. Credit is allowed for only IAS 408 or PHI 408   |
| PHI     | 409         | Eco-Community Ethics                | Traces human interaction with the Earth from hunters and gatherers to the present day, examining groups who have lived within ecological constraints and limits.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Credit is allowed for only IAS 409 or PHI 409   |
| PHI     | 411         | Continental Philosophy              | Contemporary European thought emerges out of a crisis of the Enlightenment that unfolds throughout the 19th and 20th centuries. Kant's critique of the theoretical, practical, aesthetic and religious foundations articulates this crisis in Western philosophy, society and culture. Explores Continental thinkers and schools of thought in light of Kant's understanding of this crisis. Figures might be Nietzsche, Marx, Freud, Kierkegaard, Husserl, Heidegger, Benjamin, Adorno, Marcuse, Sartre, de Beauvoir, Irigaray, Kristeva, Spivak, Habermas, Lévinas, Marion, Derrida and others. Schools of thought considered may include existentialism, phenomenology, hermeneutics, critical theory, poststructuralism, deconstruction, feminist theory, critical race theory, postcolonial theory, and comparative philosophy. Continental philosophy dovetails with other fields like communication, cultural studies, law, political science, religious studies, literature and various social sciences. | N                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102 or 105 or 108 with C or better; minimum 30 hours. Credit is allowed for only PHI 411 or PHI 494 (Continental Philosophy & Religion) or PHI 494 (Studies in Continental Philosophy) |
| PHI     | 412         | Philosophy and Literary Criticism   | Explores dynamic tensions between philosophical and literary critical approaches to texts. Aims to identify distinct ways that literature and critical practices "philosophize" about truth, moral dilemmas or existential struggles. Probes the challenges that each form of inquiry, philosophical and critical, poses for the other. Seeks to enhance understanding of the philosophical underpinnings of key literary works. May address poetry, novels and other media.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 101 or 105 or 107 with C or better; minimum 30 hours. Credit is allowed for only PHI 412 or PHI 494 (Philosophy and Literature) or ENG 401 (Philosophy and Literary Criticism)         |
| PHI     | 413         | Advanced Symbolic Logic             | Properties of formal systems axiomatizing propositional and 1st-order predicate logic. May also include modal logic, number theory, and limits of logicism.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): undergraduate Philosophy student; minimum 56 hours; Credit is allowed for only PHI 413 or PHI 556  |
| PHI     | 415         | Philosophy and Film                 | Introduces philosophical themes via the medium of film. Students read classical and contemporary literature in philosophy, view films that portray philosophical concepts, and demonstrate their understanding through writing assignments and class presentations.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 30 hours; Credit is allowed for only PHI 415 or PHI 294 (Philosophy and Film)   |
| PHI     | 420         | Topics in Philosophy                | Course descriptions on file in department.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): undergraduate Philosophy major; minimum 56 hours   |
| PHI     | 421         | Philosophical Topics                | Focuses on important issues within the discipline.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better  |
| PHI     | 422         | God and the Problem of Suffering    | Examines whether a Western theistic conception of God (that is, an omniscient, omnibenevolent, omnipotent being—the God of the three main Western religions) is compatible with the existence of what appears to be an abundance of pointless suffering in the world. Addresses the logical and evidential problem of (moral and natural) evil, as well as a variety of proposed theodicies through the study of philosophical texts, literature and film.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | HU              | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only PHI 422 or REL 459 or PHI 494 (God and the Problem of Suffering) or REL 494 (God and the Problem of Suffering)           |
| PHI     | 428         | Immunophilosophy                    | Integrates immunology and philosophy, including psychoneuroimmunology and the mind-body problem, and immunologic/psychologic perspectives on self and self-identity.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): MIC 420, PHI 317, HPS 314, or BIO 311 with C or better   |

| PHI     | 501         | Foundations of Ethics I             | Studies primary texts of classic ethical theories and their applications to various issues in daily life and the professions. Ethical traditions include some of these frameworks: virtue ethics and natural law ethics, consequentialism and contractualism, deontology and critical communitarianism. Pays attention to the shifting nature of the relation between ethics and religion. In the applied, activity-portion of the course, students investigate real-life ethical issues and examine them from several normative perspectives. | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 |   |

| PHS     | 493         | Honors Thesis                    | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | Department of Physics                              | 1-6   | L               | Prerequisite(s): Barrett Honors student                        |
| PHS     | 494         | Special Topics                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                              | 1-4   |                 |  |
| PHS     | 497         | Honors Colloquium                | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                              | 1-6   |                 | Prerequisite(s): Barrett Honors student                        |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                    | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department            | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|-----------------------|-------|-----------------|---|
| PHS     | 498         | Pro-Seminar                                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-7   |                 |   |
| PHS     | 499         | Individualized Instruction                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-3   |                 |   |
| PHS     | 500         | Research Methods                                | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 505         | Energy and the Environment                      | Current problems in energy resources, production, consumption, and conservation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 530         | Methods of Physics Teaching I                   | Inquiry approach to high school physics teaching.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 531         | Methods of Physics Teaching II                  | Extension of modeling techniques introduced in PHY 580.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 534         | Methods of Teaching Physical Science I, II, III | Design of curriculum and conduct of instruction for physical science courses.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 540         | Integrated Physics and Chemistry                | Collaborative inquiry methods for teaching and coordinating physics and chemistry.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only CHM 540 or PHS 540         |
| PHS     | 542         | Integrated Mathematics and Physics              | Mathematical models and modeling as an integrating theme for secondary mathematics and physics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 556         | Astrophysics                                    | Structure and evolution of stars, galaxies, and the universe. For secondary school teachers.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 560         | Matter and Light                                | Interactions of light with matter. Lasers and spectroscopy.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CHM 560 or PHS 560 |
| PHS     | 570         | Spacetime Physics                               | Special and general theories of relativity with implications for space and time travel.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |   |
| PHS     | 580         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 581         | Structure of Matter and its Properties          | Models of matter and its properties.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CHM 581 or PHS 581 |
| PHS     | 584         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 590         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 593         | Applied Project                                 | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 594         | Conference and Workshop                         | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 595         | Continuing Registration                         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | Department of Physics | 1     |                 |   |
| PHS     | 598         | Special Topics                                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-4   |                 |   |
| PHS     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 700         | Research Methods                                | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 780         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 783         | Fieldwork                                       | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |
| PHS     | 784         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| PHY     | 118         | Explorations in Science Teaching                 | Examines the field of physical science education via in-class meetings and classroom settings. Discusses the theory, pedagogy and practice of teaching physical science. Reviews various curricula available for the teaching of physical science with a focus on state and national standards. Students work with course instructor(s) to design three lessons that work toward some of the objectives of each cooperating teachers' class. Students are aided in developing materials, guided in planning to teach the lesson, and given time to prepare and practice the lesson. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Physics                    | 1     |                 | Pre-requisite: Mathematics or Physics or other science major  |
| PHY     | 121         | University Physics I: Mechanics                  | Kinematics; Newton's laws; work, energy, momentum, conservation laws; dynamics of particles, solids, and fluids. Both PHY 121 and PHY 122 must be taken to secure SQ General Studies credit.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SQ              | Prerequisite(s): MAT 265 or 270 with C or better; Pre- or corequisite(s): MAT 266 or 271 with C or better if completed  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| PHY     | 311         | Classical Particles, Fields, and Matter II  | Electrostatic and gravitational fields, Poisson and Laplace equations, dielectric materials, magnetic fields and materials, magnetic induction, Faraday's Law.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 310 with C or better  |
| PHY     | 312         | Mechanics and Electromagnetism              | Covers two major topics in physics, both dealing with forms of energy and momentum and how they are transmitted in space. Covers mechanics and dynamics, describing how bodies with mass move under various types of forces. Also covers electromagnetism, which describes how electric charges and magnets, and their motions, generate fields of force. Also describes how time-varying electric and magnetic fields are associated with electromagnetic waves, which include light.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): with C or better: PHY 150; PHY 151; PHY 252 OR PHY 150; PHY 151; PHY 121; PHY 122 OR PHY 150; PHY 151; PHY 131; PHY 132   |
| PHY     | 314         | Quantum Physics I                           | Photons, models of the atom, wave properties of matter, introduction to wave mechanics, 1-D systems in quantum mechanics.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 201 with C or better; PHY 252 with C or better  |
| PHY     | 314         | Quantum Physics I                           | Photons, models of the atom, wave properties of matter, introduction to wave mechanics, 1-D systems in quantum mechanics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 201 with C or better; PHY 252 with C or better  |
| PHY     | 315         | Quantum Physics II                          | General principles of quantum mechanics, 3-D problems, approximation methods, spin, relativity, introduction to many-particle systems.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 314 with C or better  |
| PHY     | 315         | Quantum Physics II                          | General principles of quantum mechanics, 3-D problems, approximation methods, spin, relativity, introduction to many-particle systems.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 314 with C or better  |
| PHY     | 321         | Vector Mechanics and Vibration              | Vector-based formulation of Newtonian mechanics of particles and rigid bodies, including oscillatory systems.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 |  |
| PHY     | 321         | Vector Mechanics and Vibration              | Vector-based formulation of Newtonian mechanics of particles and rigid bodies, including oscillatory systems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 |  |
| PHY     | 331         | Principles of Modern Electromagnetism       | Studies the unified description of electromagnetic phenomena provided by Maxwell's equations in differential and integral form.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 |  |

| PHY     | 334         | Advanced Laboratory I                       | Selected experiments from contemporary physics. Emphasizes modern instrumentation, computer-assisted acquisition and analysis of data, and report form writing.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     | L               | Prerequisite(s): MAT 267 or 272 with C or better; PHY 151 (or PHY 131 and 132) with C or better; Pre- or corequisite(s): PHY 314, 361, CHM 345, or EEE 434 with C or better if completed |
| PHY     | 361         | Introductory Modern Physics                 | Special relativity and introductory quantum theory with applications drawn from atomic, nuclear, and solid-state physics.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 131 or 151 with C or better; MAT 272 or 267 with C or better  |
| PHY     | 361         | Introductory Modern Physics                 | Special relativity and introductory quantum theory with applications drawn from atomic, nuclear, and solid-state physics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 131 or 151 with C or better; MAT 272 or 267 with C or better  |
| PHY     | 371         | Driving Forces in Biology                   | What are the stable states of biomolecules? How do molecules interact? What forces drive molecules to bond and associate, to adsorb, to permeate through membranes, to undergo chemical reactions, to undergo conformational changes? Why are some changes gradual, as in the weakening of a ligand interaction with temperature, and others sudden (cooperative) such as protein folding or the insolubility of oil in water? Addresses these questions by statistical thermodynamics, a collection of principles and models that when combined with thermodynamics, aim to explain molecular forces and flows. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): CHM 346   |
| PHY     | 394         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PHY     | 394         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PHY     | 394         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PHY     | 412         | Classical Particles, Fields, and Matter III | Electromagnetic fields of moving charges, Maxwell's equations, harmonic phenomena, oscillations, waves, electromagnetic radiation, covariant electromagnetism, introduction to general relativity.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better  |
| PHY     | 416         | Quantum Physics III                         | Introduces the quantum theory of atoms, molecules, solids and nuclei, Dirac's equation.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): PHY 315 with C or better  |
| PHY     | 416         | Quantum Physics III                         | Introduces the quantum theory of atoms, molecules, solids and nuclei, Dirac's equation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 315 with C or better  |
| PHY     | 441         | Statistical and Thermal Physics             | Statistical and experimental basis of heat, temperature, and entropy. Mechanical and statistical basis of the laws of thermodynamics. Applies macroscopic thermodynamics. Phase equilibrium.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                       | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better  |

| Subject | Catalog Nbr | Course Title                        | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements   |
|---------|-------------|-------------------------------------|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| PHY     | 444         | Fundamentals of Nanoscience         | For senior science majors and beginning graduate students teaching the cross-disciplinary subject of nanoscience. There is a strong emphasis on basics, so the course starts with a fairly rigorous introduction to quantum mechanics, statistical mechanics and chemical kinetics, though enough material is provided to allow nonphysics majors to come up to speed in these areas. This is followed by a survey of experimental techniques in nanoscience: microscopy, optical spectroscopy and scanning probe methods, and nanofabrication methods including "top down" and self assembly. Finally we survey applications: electrons in nanostructures, molecular electronics, nanomaterials and bio-nanoscience. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only PHY 444 or PHY 494 (Intro to Nanoscience)                         |

| PHY     | 452         | Physical Optics                     | Principles of reflection, refraction, diffraction. Additional topics from contemporary optics may include Fourier transform spectroscopy, linear systems theory, holography.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 302 with C or better; PHY 311 with C or better  |
| PHY     | 456         | Laser Optics                        | Theoretical and experimental aspects of applied optics including basic concepts of lasers, properties of optical beams, resonators and interferometry. Course consists of two parts: preparatory labs and applied projects. Preparatory labs provide theoretical and technical background for understanding of general features of electromagnetic wave propagation and technical features of optical lasers including high-power laser systems. Applied projects give students the opportunity to use laser optical systems to solve real-world problems.  | N                 | LEL               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): PHY 361; Credit is allowed for only ABS 494 (Advanced Laser Laboratory), ABS 494 (Laser Optics) or PHY 456              |
| PHY     | 460         | Numerical Methods in Modern Physics | Advanced numerical methods with an emphasis on electromagnetism, quantum mechanics and materials science with computer labs on a multiprocessor cluster.  | N                 | LEL               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): PHY 315   |
| PHY     | 462         | Particle and Nuclear Physics        | Nuclear properties, models, decays and reactions; fundamental forces, field theories, symmetry principles; hadrons, quarks, and leptons; the Standard Model.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better  |
| PHY     | 465         | Advanced Laboratory II              | Continuation of PHY 334. Students may substitute a short laboratory research project for one of the elective experiments of the course, in consultation with a faculty sponsor and the course instructor.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 334 with C or better  |
| PHY     | 472         | Advanced Biophysics Lab             | Offers selected experiments from contemporary biophysics. Emphasizes modern instrumentation, computer-assisted acquisition and analysis of data, and report writing. Emphasizes the importance of good notebook keeping.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): CHM 346   |
| PHY     | 473         | From Molecules to Cells             | Offers selected subjects from biological physics covering the length scales from biomolecules to cells. Builds on knowledge acquired from thermodynamics and statistical mechanics to formulate basic principles behind the working of life systems. Free energy, entropic forces, chemical potentials and electrostatic interactions rule the "nanometer soup" of a living cell. Proton gradients across cell membranes are behind all the energy consumed by life. Random walks, dissipative dynamics, and hydrodynamic fluxes rule time-dependent phenomena. Covers systems including biomolecules, membranes, cells and nerves.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 371 with C or better; Pre- corequisite(s): PHY 472 with C or better if completed                                    |
| PHY     | 480         | Methods of Teaching Physics         | Evaluates various approaches to the teaching of high school physics. Preparation of demonstrations and experiments. Organization of a lab. Designed for secondary school physics teachers.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |  |
| PHY     | 481         | Materials Physics I                 | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 311 with C or better; PHY 315 with C or better; Credit is allowed for only MSE 526 or NAN 511 or PHY 481 or PHY 511 |
| PHY     | 482         | Materials Physics II                | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): PHY 481 with C or better; Credit is allowed for only MSE 527 or NAN 512 or PHY 482 or PHY 512                           |
| PHY     | 484         | Internship                          | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): minimum 45 hours  |

| PHY     | 500         | Research Methods                  | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 1-12  |                 |   |
| PHY     | 511         | Materials Physics I               | Fundamentals of materials physics: crystal structure, diffraction, elasticity, point defects, dislocations, lattice vibrations, thermal properties, periodic potential, band structure.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Pre-requisite: Degree- or nondegree-seeking graduate; Credit is allowed for only MSE 526, NAN 511, PHY 511  |
| PHY     | 512         | Materials Physics II              | Electronic behavior of materials: energy bands, electronic properties, metals, semiconductors, insulators, optical properties, magnetic properties, superconductivity, biophysics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Pre-requisites: PHY 511; Credit is allowed for only MSE 527, NAN 512, PHY 482 or PHY 512  |
| PHY     | 521         | Classical and Continuum Mechanics | Variational principles, Lagrange's and Hamilton's equations, canonical transformations, Hamilton-Jacobi theory, introduction to chaos and nonlinear dynamics, fundamentals of elasticity theory and fluid mechanics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |   |
| PHY     | 523         | General Relativity                | Special and general theories of relativity.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |   |
| PHY     | 531         | Electrodynamics                   | Special theory of relativity, covariant formulation of electromagnetic interactions, Maxwell's equations, electrostatics and magnetostatics, dielectric media, inhomogeneous wave equations, Lienard-Wiechert potentials, interactions of charged particles and electromagnetic waves, scattering and diffraction.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |   |
| PHY     | 541         | Statistical Physics               | Postulates of statistical mechanics, equilibrium ensembles, Bose and Fermi statistics, density matrix, modern theory of phase transitions, fluctuations, and linear response theory.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |   |
| PHY     | 542         | Topics in Biophysics              | Overview of modern biology, length scales: emphasizes molecular and cellular biology. Nonequilibrium systems: compare and contrast stochastic processes in biological and physical systems.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 |   |
| PHY     | 544         | Introduction to Nanoscience       | Survey of nanoscience: quantum/ statistical mechanics/kinetics; measurement and fabrication methods; applications to materials, nano-electronics, molecular electronics and nano-biology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only CHM 544, NAN 544, PHY 444 or PHY 544            |
| PHY     | 546         | Surfaces and Thin Films           | Thermodynamics and kinetics of surface structures and thin film processes. Ultra-high vacuum techniques for examining surfaces. Case studies of physics, chemistry and nanoscience applications.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Credit is allowed for only MSE 546, NAN 546 or PHY 546  |
| PHY     | 552         | Electron Microscopy I             | Kinematical and dynamical electron diffraction and microscopy. Defect structure and composition using STEM imaging, x-ray and electron-energy-loss spectroscopy.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Credit is allowed for only MSE 552, NAN 552, SEM 552, or PHY 552  |
| PHY     | 553         | Electron Microscopy Laboratory I  | Lab support for PHY 552.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Corequisite(s): MSE 552 or PHY 552; Credit is allowed for only MSE 553 or PHY 553 |
| PHY     | 554         | Electron Microscopy II            | Determination of structure and composition of materials using high-resolution imaging, convergent beam diffraction, and electron holography.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics                    | 3     |                 | Credit is allowed for only MSE or PHY 554   |

|---------|-------------|--------------------------------------|---|-------------------|-------------------|-----------------|---------------|--|-----------------------|-------|-----------------|--|
| PHY     | 555         | Electron Microscopy Laboratory II    | Lab support for PHY 554.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |  |
| PHY     | 571         | Quantum Physics                      | Review modern physics, chemistry, math. Differential equation, operator, matrix formulations. Free particle, bound state problems. Examples from physics, chemistry and nanoscience.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Credit is allowed for only MSE 571, NAN 571 or PHY 571         |
| PHY     | 576         | Quantum Theory                       | Operator methods in quantum mechanics, time-independent perturbation theory, variational methods, angular momentum and group representation theory, identical particles; quantum dynamics, including time-ordered operators, time-dependent perturbation theory, and Fermi's golden rule.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |  |
| PHY     | 577         | Introduction to Quantum Field Theory | Explains necessity of generalizing quantum mechanics to a field theory viewpoint. Studies properties of scalar, spinor, and gauge fields; incorporates interactions; and learns to compute amplitudes, cross sections, and decay rates using formalism of Feynman diagrams.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PHY     | 580         | Practicum                            | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 581         | Quantum Theory of Solids I           | Band structure models: pseudopotentials, density functional theory; optical and magnetic response; elementary excitations; transport theory, electron-photon interactions and superconductivity.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |  |
| PHY     | 582         | Quantum Theory of Solids II          | Continuation of PHY 581: broken symmetry; phase transitions; disorder, topological defects; nano-structures topics; soft condensed matter and current research.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 3     |                 |  |
| PHY     | 584         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 590         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 591         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 592         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 593         | Applied Project                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 594         | Conference and Workshop              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 598         | Special Topics                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-4   |                 |  |
| PHY     | 599         | Thesis                               | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 700         | Research Methods                     | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 780         | Practicum                            | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 783         | Fieldwork                            | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |
| PHY     | 784         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Physics | 1-12  |                 |  |

Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts             | The Design School                           | 1     |                 |  |
| PLA     | 795         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts             | The Design School                           | 1     |                 |  |
| PLB     | 300         | Plant Diversity and Evolution                  | An examination of the major groups of land plants, emphasizing evolutionary history, comparative data, and phylogenetic methods.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | L or SG         | Prerequisite(s): BIO 181 (or BIO 188) with C or better and BIO 182 (or BIO 187 or PLB 200) with C or better OR BIO 281 with C or better and BIO 282 with C or better; Credit is allowed for only BIO 303 or ENV 300 or PLB 300 |
| PLB     | 302         | Plants and Civilization                        | Plants and plant products used by people throughout the world. Cultivation, processing, and uses in modern life (beverages, fibers, foods, medicinals, and perfumes).   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 304 or ENV 302 or PLB 302   |
| PLB     | 308         | Plant Physiology                               | Concepts of plant function: carbon metabolism, energy acquisition, regulation of growth and development, stress responses, and water and nutrient uptake.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; CHM 116; Credit is allowed for only BIO 308 or PLB 308   |
| PLB     | 310         | The Flora of Arizona                           | Overview of Arizona's flora and plant communities; emphasizes identification, classification, and natural history of the state's native vascular species.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 313 or PLB 310  |
| PLB     | 388         | Research Fundamentals for the Natural Sciences | Teaches research skills in the natural sciences. Topics covered include the basic research techniques of the study organism and system, experimental design, literature searches, statistical analysis and preparation of scientific papers and posters.  | Y                 | LEL               | Y               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): BIO 181; BIO 182 OR ACO 320 OR MAT 272; Credit is allowed for only LSC 388 or LSC 498 (Research Fundamentals for the Natural Sciences) or ENV 388 or FOR 388 or PLB 388 or PTX 388                            |
| PLB     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PLB     | 407         | Plant Fossils and Evolution                    | Broad survey of plant life of the past, including the structure of plant fossils, their geologic ranges, geographic distribution, and paleoenvironment.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 or PLB 200 with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| PLB     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours  |
| PLB     | 502         | Perspectives in Plant Biology                  | Introduces major areas of research within the department with the goal of broadening knowledge to enable multidisciplinary research and communication.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |  |
| PLB     | 519         | Physiological Plant Ecology                    | Physiological and morphological responses and adaptations of plants to their environment, emphasizing mechanisms that influence carbon and water balance, growth, and population distributions  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student; Credit is allowed for only PLB 419, BIO 419, BIO 519 or PLB 519  |
| PLB     | 525         | Microclimate Methods                           | Techniques to measure and quantify microclimate and mass transfer. Supporting principles.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |  |
| PLB     | 558         | Molecular Mechanisms of Photosynthesis         | Structure and function of photosynthetic complexes; mechanism of energy conversion in plants, bacteria, and model systems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |  |
| PLB     | 580         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 583         | Fieldwork                                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 584         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 590         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |
| PLB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| PLC     | 499         | Individualized Instruction              | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                 |   |
| POR     | 101         | Elementary Portuguese                   | Basic grammar with intensive drills in class and lab directed toward conversational fluency.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 5     |                 |   |
| POR     | 191         | First-Year Seminar                      | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours   |
| POR     | 194         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| POR     | 201         | Intermediate Portuguese                 | Continuation of POR 101. Intensive drill of fundamentals in class and lab directed toward conversational fluency.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 5     | G               | Prerequisite(s): POR 101 with C or better   |
| POR     | 294         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| POR     | 313         | Portuguese Composition and Conversation | Develops skill in written Portuguese and corrected oral expression. Must be taken in sequence.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G               | Prerequisite(s): POR 201 with C or better   |
| POR     | 314         | Portuguese Composition and Conversation | Continuation of POR 313.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G               | Prerequisite(s): POR 313 with C or better   |
| POR     | 320         | Portuguese for Spanish Speakers I       | Intensive introduction to the Portuguese language for Spanish speakers. Designed for students with an active competence in Spanish who wish to learn the essential elements of the Portuguese grammar at an accelerated pace, as well as acquire listening, speaking, reading and writing skills. Based upon the theory of "intercomprehension," which implies the speaker's ability to understand the speech of another speaker who communicates in a dialect of the same language or a related language. Due to the linguistic similarities with Spanish, students master the four basic skills of listening, speaking, reading and writing of in Portuguese at a faster pace. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): SPA 202, 204, 210, 313, 314, 315, 316, or 412 with C or better; Credit is allowed for only POR 101 or POR 201 or POR 313 or POR 314 or POR 320 or POR 321 or POR 394 (Portuguese Spanish Speakers I) |
| POR     | 321         | Portuguese for Spanish Speakers II      | Intensive intermediate-level Portuguese language class designed for Spanish-speakers. Further develops the students' communication skills in Portuguese. Makes use of the many common elements between Spanish and Portuguese (particularly vocabulary and grammar) to achieve an accelerated learning of linguistic, sociolinguistic and pragmatic competences required for fluency. The class is mostly conducted in Portuguese; do not be afraid of making mistakes while speaking Portuguese because this is a natural part of the learning process.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): POR 101 or 320 with C or better; Credit is allowed for only POR 201 or POR 313 or POR 314 or POR 321 or POR 394 (Portuguese Spanish Speakers II)   |

| POS     | 315         | The Supreme Court                        | Role of the Supreme Court in American society and politics; examines decision-making process and impact of decisions; restraint versus activism.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |   |
| POS     | 317         | History of Postwar U.S. Conservatism     | Traces the origins of U.S. conservatism as it developed in the work of U.S. and European thinkers, intellectuals and authors after WWII  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): ENG 102 (or 105 or 108) with C or better; minimum 30 hours; Credit is allowed for only HST 294 (American Conservatism), 317 or POS 317                     |
| POS     | 325         | Public Policy Development                | Examines one or more aspects of public policy development including agenda setting and policy formulation, implementation, and analysis.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              |   |
| POS     | 325         | Public Policy Development                | Examines one or more aspects of public policy development including agenda setting and policy formulation, implementation, and analysis.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |   |
| POS     | 331         | Public Opinion                           | Formation, expression, and influence of individual and organized opinion on political institutions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |   |
| POS     | 331         | Public Opinion                           | Formation, expression, and influence of individual and organized opinion on political institutions.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB              |   |
| POS     | 332         | American Political Parties               | Development of the American party system. Party organization and functions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |   |
| POS     | 333         | Interest Groups                          | Examines how minority, corporate, labor, farm, consumer, environmental, health, education and public interest groups, and single-issue movements influence government.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |   |
| POS     | 335         | Power and American Democracy             | Explores how persistent patterns of marginalization and privilege impede the realization of democratic ideals in U.S. society. In particular, unpacks how, in practice, different forms of political power reinforce or challenge persistent patterns of marginalization and privilege. In combination with the study of power as the repression and control of others' actions, the course also explores power as exercised in the collective production of social boundaries. Students learn how to better analyze, critique and engage with different forms of power operating in U.S. society. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only POS 335 or SBS 335 or POS 394 (Power and American Democracy) or SBS 394 (Power and American Democracy) |
| POS     | 336         | Voters in America                        | Voting behavior and the attitudes, perceptions, and activities of the citizenry in the political process.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              |   |

| POS     | 337         | Political Psychology                    | Political psychology is an interdisciplinary field that applies theories from the study of human psychology to the study of politics. Focuses on how psychological processes influence political thoughts and actions. Thus, the initial portion of the course discusses the structure of political attitudes and opinions and some of the primary ways that politicians and the media can influence public opinion.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only POS 337 or POS 394 (Political Psychology)                                      |
| POS     | 339         | Grassroots Social Movements             | Explores how groups mobilize collectively to produce social, political, economic, and cultural change, with an emphasis on the United States.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              | Prerequisite(s): ENG 101,105 or 107 with C or better; Credit is allowed for only ASB 339, POS 339 or SBS 339 or SOC 339                      |
| POS     | 339         | Grassroots Social Movements             | Explores how groups mobilize collectively to produce social, political, economic, and cultural change, with an emphasis on the United States.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB              | Prerequisite(s): ENG 101,105 or 107 with C or better; Credit is allowed for only ASB 339, POS 339 or SBS 339 or SOC 339                      |
| POS     | 340         | History of Political Philosophy I       | Western political philosophers and their theories to the 17th century.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | HU & H          |  |
| POS     | 341         | History of Political Philosophy II      | Western political philosophers and their theories from the 17th to the 20th centuries.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | HU & H          |  |
| POS     | 342         | Political Theory                        | Surveys ancient, modern, and contemporary political theorists and ideas in European and American contexts.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | HU or SB        |  |
| POS     | 346         | Problems of Democracy                   | Issues and problems in democratic theory, e.g., the nature of democracy, majority rule, representation, equality, and the value of political participation.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | HU              |  |
| POS     | 346         | Problems of Democracy                   | Issues and problems in democratic theory, e.g., the nature of democracy, majority rule, representation, equality, and the value of political participation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | HU              |  |
| POS     | 348         | Do You Want to Build a Nation?          | Requires students to critically assess their assumptions about nation-states through a series of debates and simulation games. Through in-class, interactive games, students answer: What are the sources of legitimacy and defining elements of statehood? How do those defining elements, such as democratic structures, support or challenge certain functions of the nation-state? How does a nation's purported moral basis affect its foreign policy decisions and negotiations with other nations? | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | L               | Prerequisite(s): minimum junior standing or minimum 45 hours; Credit is allowed for only POS 348 or POS 394 (Do You Want To Build a Nation?) |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB & G          |  |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB & G          |  |
| POS     | 350         | Comparative Politics                    | Theoretical approaches and political institutions, such as parties, pressure groups, legislatures, and executives, from a cross-national perspective.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB & G          |  |
| POS     | 351         | Democratization                         | Examines the consolidation of democracies in postauthoritarian and postcommunist settings (e.g., Latin America, Eastern Europe, Asia).  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB & G          |  |
| POS     | 351         | Democratization                         | Examines the consolidation of democracies in postauthoritarian and postcommunist settings (e.g., Latin America, Eastern Europe, Asia).  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB & G          |  |
| POS     | 352         | European Democracies                    | Addresses questions such as, How has the relationship between European citizens and the democratic process changed in the post-WWII period? How do domestic political institutions influence this process? Explores different approaches to some of the most important questions facing the study of comparative and European politics.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Pre-requisite: Minimum 25 hours. Credit is allowed for only POS 394 (European Pol Democracies), 498 (European Democracies), or POS 352       |
| POS     | 353         | Comparative Politics of the Middle East | Examines the historical, social, and economic context of contemporary Middle East politics; explores political dynamics of selected Middle Eastern regimes; and offers a comparative examination of key political trends and themes.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): junior standing or minimum 45 hours; Credit is allowed for only POS 353 or POS 360 (Politics of the Middle East)            |

| POS     | 364         | National Security, Intelligence, and Terrorism | Theoretical and empirical assessment of U.S. national security policy in the post-cold war era.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB              |  |
| POS     | 365         | Terrorism and Insurgency                       | Insurgency, civil war, revolution and terrorism are traditionally thought of as domestic events or "intrastate" conflicts between one violent domestic political group and the state. However, recent conflicts in Afghanistan, Libya and Syria, as well as the 9/11 attacks on the U.S. demonstrate that insurgencies often spill across borders and draw in actors far removed from the original conflict site. These conflicts also demonstrate that insurgencies and terror campaigns necessitate global policy responses. The international character of insurgency, therefore, requires students of political violence to consider a wide array of both international and domestic factors in order to better understand the origins, dynamics and resolution of modern insurgencies and terror campaigns. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only POS 365 or POS 394 (Terrorism and Insurgency)  |
| POS     | 367         | World Politics and Global Inequalities         | Examines the topic of global inequality and the numerous challenges that arise from it, including perspectives and theories pertaining to third world development, the historical background to the political and economic relations between the wealthy countries of the world and the poorer countries, and policies and strategies designed to promote development and alleviate poverty. Studies some contemporary issues that are related to global inequality including ethics and third-world development, sweatshop labor, corporate responsibility, and the tension between globalization and the movement of people across sovereign borders.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | G               | Pre-requisite: Minimum 25 hours; Credit is allowed for only POS 360 (Current Issues International Politics), (International Security), (Organizational Studies) or POS 367     |

| POS     | 443         | Topics in Contemporary Political Theory | Major problems and theories in contemporary political thought.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | HU              |   |
| POS     | 446         | Democracy                               | Issues and problems in democratic theory, e.g., the nature of democracy, majority rule, representation, equality, and the value of political participation.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | HU              |   |
| POS     | 447         | Citizenship, Nationalism and Identity   | Critical examination of citizenship, national belonging and identities by examining contemporary social issues and discourses from global and comparative perspectives. Aims to understand complexities of national belonging that go beyond legal, formal citizenship, such as how cultural, racial/ethnic, class and gender differences challenge the limits of national citizenship. Explores case studies that show how members of different societies demonstrate their positions as legitimate national citizens in different and often conflicting ways, especially in order to defend social justice and human diversity. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB & C & G      | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 447 or POS 447 or SBS 447   |
| POS     | 451         | China, Japan, and the Koreas            | Comparative analysis of the political modernization experiences of China, Japan, and the two Koreas, focusing on their differing reactions to the West.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB & G          |   |
| POS     | 452         | China                                   | Background of the Communist revolution, political processes, and developmental problems in China from a comparative perspective.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     | SB & G          |   |

| POS     | 473         | Religion, Violence, and Conflict Resolution     | Focuses on the ambiguous, often confounding role of religion in local and global conflict and the pursuit of peace.   | N                 | LEC               | N               | GRD           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only JUS 473 or POS 473 or REL 482   |
| POS     | 475         | Morality and Politics                           | Should morality play a role in politics? Machiavelli gives us one sort of answer, urging politicians to be dishonest, deceptive and even cruel. Kant disagrees, arguing instead that politicians should adhere to their personal morality over political calculations. Explores this question in two ways. First, looks more at the disagreement between great thinkers in the Western political tradition. Second, investigates contemporary political actors who bring moral concerns to the fore, including dirty politicians and extremist citizens (for example, radical animal rights activists, militant environmentalists or global poverty zealots). Seminar course that incorporates in-class discussion and writing, options-based grading and creative assignments. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only POS 394 (Morality and Politics) or POS 475   |

|---------|-------------|-------------------------------------|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------------|-------|-----------------|---|
| POS     | 527         | Uncertainty and Decision Making     | Knowledge is always incomplete, yet decisions must be made. Explores uncertainty and its relation to decision making, with a particular focus on the ways that science and science-derived information is applied with the intent of improving decisions. Explores the many meanings and origins of uncertainty, using theoretical and case-based approaches. A central theme is the relation among uncertainty, scientific prediction, and decision making, especially in politically charged issues, for example as related to management of the environment. Ultimately understands how effective decisions can be made in the face of inevitable uncertainties and contested knowledge.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ASB 517 or BIO 517 or BIO 591 (Uncertainty & Decision Making) or HSD 517 or POS 527 or SOS 518 |
| POS     | 530         | American Politics                   | Examines major debates in the study of American political processes and institutions. Covers parties, media, elections, public opinion, interest groups, and the three branches of government.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 540         | Ancient Political Theory            | Surveys the historical and philosophical developments in political thinking from the ancient Greeks up to the Renaissance. The world studied predominantly is one of profound political conflict and change. Moves from the Greek cities to the edge of modern political developments. The movement encompasses the political transformation from city-states to empires to the establishment of an overarching Christian world order that balances secular and sacred power, only to be challenged if not foundationally shaken by Machiavelli and realism.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisites: Graduate Political Science major  |
| POS     | 541         | Modern Political Theory             | Surveys the development of modern political thought from Machiavelli--through Hobbes, Locke, Hume, Rousseau, Burke, Kant, Montesquieu, Constant, Bentham, Mill, and Hegel--to Marx. Focuses on the primary writings of these thinkers as well as reading secondary literature. In addition to focusing on the distinctive contribution and relevance of individual thinkers, further explores certain recurring themes among which are the following: Are freedom and equality foes or friends? What allegiance do we owe the state and why? Do we have rights against the state? What is a just state? Is private property essential to individual liberty? Do laws enhance or threaten liberty? Is self-interest an adequate basis for political allegiance? Why should we pursue the common good, if at all? Are self-interest and the common good reconcilable? | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: MA or PhD major; Credit is allowed for only POS 541 or 591 (Modern Political Thought)  |
| POS     | 545         | Themes in Political Thought         | Examines a particular theme or problem in political thought from both a historical and contemporary perspective. May be repeated with approval of the director of graduate studies.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 550         | Comparative Politics                | Surveys major approaches across topical areas such as revolutions, authoritarianism, policy processes, interest groups, and electoral politics. Focus varies with instructor.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 552         | Women and Politics                  | Serve as an introduction to the comparative study of women and politics. Not a course on feminist theory; instead focuses on questions such as: Does the descriptive representation of women guarantee their substantive representation? Which electoral rules favor the election of women? Do the negative effects of gender quotas outweigh their impressive ability to increase the number of women in office? Have the news media helped or harmed female candidacies? Once in power do women govern differently than men? Focuses on the obstacles that women face in obtaining positions of power.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only POS 552 or 598 (Women and Politics)   |
| POS     | 560         | International Relations             | Surveys major theoretical approaches and debates in international relations.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 563         | Comparative Asian Security Policies | Analyzes domestic and international constraints, belief systems, and economic components in security decisions by major powers and Asian nations.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 565         | Games, Strategy and Politics        | Provides an overview of game theory for graduate students in political science. Covers classical game theory, extensive form games, games of incomplete information and non-cooperative games. Applies game theory to international relations, political economy, comparative politics and American politics. Gives special attention to bargaining games, voting in elections and deterrence. Basic mathematical knowledge is helpful; reviews basic algebra and calculus in the class as needed.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only POS 565 or POS 598 (Games, Strategy and Politics)                                      |
| POS     | 570         | The Politics of Public Policy       | Examines the political dimensions of public policymaking. Emphasizes major theoretical explanations of the policy process--particularly elements such as agenda setting, implementation, and policy change--rather than on the substance of particular policies. Focuses primarily on U.S. domestic policy, with some comparative reference to other developed democracies.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only POS 570 or 598 (Politics of Public Policy)                                      |

| Subject | Catalog Nbr | Course Title                           | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| POS     | 571         | Science and Technology Policy          | Provides an in-depth introduction to theoretical perspectives on the role and place of science in democratic societies and democratic governance. Emphasizes how the ideas, ideologies, and practices of science are integrated into the design and implementation of government decision making, as well as how science both shapes and is shaped by the political organization and ordering of society. Pursues such questions in the context of U.S. politics, comparatively between the U.S. and Europe, and in emerging regimes of international governance.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 501 or POS 571                        |
| POS     | 572         | Advanced Science and Technology Policy | Focuses on the role of knowledge and expertise in political and policy decision making. Particular emphasis is placed on the analysis of knowledge systems (formalized institutional approaches to the production, validation, and use of knowledge and expertise in policy decision making), their modes of failure, and the design of approaches that may be able to prevent, avoid, or reduce the frequency of such failures.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Pre-requisite: HSD 501 or POS 571 with B or better. Credit is allowed for only HSD 502 or POS 572   |
| POS     | 573         | Governing Emerging Technologies        | Examines the governance of science and technology through a focus on emerging technologies whose potential consequences in society are apparent only in anticipation and whose manifestations are still being shaped by local, domestic, and international institutions. These emerging technologies include nanotechnologies, synthetic biology, and other technologies associated with genetic modification, and information and cognitive science and neuro-technologies.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PAF 550, HSD 503 or POS 573              |
| POS     | 584         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 586         | International Political Economy        | International political economy (IPE) focuses on the relationship between the pursuit of wealth and power during the development and evolution of the global political economy. Assigned readings take an analytical approach to the subject, drawing on methods and theories developed in political science, economics, history and sociology. In addition to an overview of the methods and theories employed in the study of IPE, also examines a variety of current empirical research programs in the subfield. This seminar should enable students to read the academic literature, conduct independent research in the subfield, and understand contemporary problems in the global political economy. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| POS     | 590         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 591         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 592         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 593         | Applied Project                        | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 594         | Conference and Workshop                | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-12  |                 |   |
| POS     | 595         | Continuing Registration                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1     |                 |   |
| POS     | 596         | Professionalization Workshop           | Serves as a professionalization workshop and is intended for new political science doctoral students. However, graduate students at all levels in the program are welcome to take the course. Introduces the professional side of political science. Surveys topics such as attending conferences, applying for grants, publishing an article or a book, and going on the job market. Jointly builds a professional resource bank on our course page that serves as a resource for all students.  | N                 | SEM               | N               | OP2           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only POS 596 or POS 598 (Teaching and Writing Worksh) |
| POS     | 598         | Special Topics                         | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies    | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| POS     | 603         | Polimetrics I                                     | Introduces theory and practice of linear regression analysis. Provides skills to read, understand, and evaluate professional literature using regression analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 604         | Polimetrics II                                    | Applies quantitative techniques to research topics producing publishable papers through exposure to time-series, logit and probit, and simultaneous equations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 606         | Qualitative and Textual Analysis                  | Method and theory for the analysis of qualitative materials, systematic approaches for case studies, content analysis, critical analysis of texts.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 636         | Electoral Behavior                                | Introduces fundamental concepts of electoral behavior. Emphasizes presidential elections and examines why people vote and how their votes are determined.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 638         | Law and Politics                                  | Emphasizes research into such topics as constitutional law, women and the law, American legal system, judicial process, and judicial selection.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 652         | Religion and Politics                             | Analyzes the complicated and often conflictual relationship among major religious faiths, religious activists, and the state in the 20th and 21st centuries. Cover topics: secularization theory and its problems; religion as a cultural or attitudinal variable in politics; the rationality of religion, organized religions and their activists; the bases for conflicts between religion and the state; religion's role in conflict; the terms of reconciliation and collaboration; the conditions under which religion is politicized and becomes the basis of a political movement or party; and the means by which organized religions and/or their adherents seek to maintain an influence in 20th- and 21st-century politics and society. Does not provide a survey of religion and politics for all major world religions, or other religions. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Pre-requisite: MA or PhD student; Credit is allowed for only POS 652 or 598 (Religion and Politics)                             |
| POS     | 663         | Ethnic Conflict                                   | Acquaints students with a variety of theoretical and empirical approaches to the study of conflict between nations and states, which is often called ethnic conflict. Aims to understand the nature of ethnic identity, the reasons it persists and changes over time, and the conditions under which it can be mobilized for political ends. Discussions are theoretical and comparative. Draws on empirical results and cases to support, qualify and refute propositions, and draw inferences. Prior social science course work preferred.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only POS 598 (Ethnic Conflict) or POS 663 |
| POS     | 664         | War, Peace, and Conflict Processes                | Systematic analysis of the causes of war, the preconditions for peace, and approaches to the resolution of conflict.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| POS     | 671         | HSD I: Human Dimensions of Science and Technology | Interdisciplinary synthesis, theoretical foundations, and methods for humanistic and social science research on science and technology.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 4     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 601 or POS 671           |
| POS     | 672         | HSD II: Science, Power and Politics               | Interdisciplinary synthesis, theoretical foundations, and methods for humanistic and social science research on science and technology.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 4     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only HSD 602 or POS 672           |
| POS     | 691         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 695         | Continuing Registration                           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1     |                 |   |
| POS     | 790         | Reading and Conference                            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-12  |                 |   |
| POS     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-15  |                 |   |
| POS     | 795         | Continuing Registration                           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1     |                 |   |
| POS     | 799         | Dissertation                                      | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-15  |                 |   |
| PPE     | 194         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation       | 1-4   |                 |   |
| PPE     | 210         | Teaching Fitness Activities for K-12 Students     | Practical application of biomechanical, physiological, psychological, and learning principles in the analysis of skill acquisition and performance.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation       | 2     |                 |   |
| PPE     | 215         | Teaching Team Sports                              | Practical application of biomechanical, physiological, psychological, and learning principles in the analysis of skill acquisition and performance.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation       | 2     |                 |   |

| Subject | Catalog Nbr | Course Title   | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                      | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---------------------------------|-------|-----------------|--|
| PPE     | 220         | Teaching Lifetime Activity K-12  | Participating in and teaching sequenced activities K-12.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 |  |
| PPE     | 225         | Teaching Cooperative and Initiative Games  | Participating in and teaching sequenced adventure-based activities.  | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 |  |
| PPE     | 230         | Teaching Group Exercise  | Introduces instructional strategies appropriate for the teaching of group exercise classes in secondary school settings.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 | Credit is allowed for only PPE 230 or 294 (Teaching Group Exercise)  |
| PPE     | 235         | Teaching Strength and Conditioning for Health  | Fundamental principles, strategies and assessments of strength training and conditioning methodologies that are necessary to effectively operate in a school-based setting. Most secondary schools offer some form of strength training in a physical education setting, either as a stand-alone course or as part of a traditional class structure. Therefore, new physical education teachers should be well informed on the scientific rationale for the use of strength and conditioning programs in schools, and be able to design and implement these programs safely. Provides prospective physical education teachers with the knowledge and skills needed to safely and effectively operate in a school-based strength training setting, whether it is for physical education or sport performance. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 2     |                 | Credit is allowed for only PPE 235 or PPE 294 (Teaching Strength Conditioning for Health)  |
| PPE     | 240         | Physical Activity  | Recognizing individual interests and abilities, the program provides courses covering a wide variety of physical activities. We make an effort to address contemporary trends and student, faculty and staff interests. Offerings may include but are not limited to classes in the areas of: aquatics, artistic and social dance, fitness development, martial arts, mind/body, outdoor recreation, resistance training, sports and games.  | Y                 | PRA               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-2   |                 |  |
| PPE     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-4   |                 |  |
| PPE     | 300         | Introduction to Physical Education, Fitness and Sport                                      | Introduces the fields of physical education, exercise science, sports medicine, and related fields. Discusses the history and trends of physical education as well as key concepts, programs, problems, and issues related to teaching physical education. Teaches essential background knowledge, better preparing for career success. The online (blackboard) component of this class provides practical experiential learning and assesses knowledge and comprehension of the key concepts presented in the course.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: Minimum 60 hours; Junior or senior standing; Credit is allowed for only PPE 300 or 394 (Intro to Physical Education, Fitness & Sport) |
| PPE     | 310         | Healthy Learning Communities   | Prepares educators with the knowledge, skills and dispositions to support learners' overall health. Focuses on educator's roles in creating healthy and active learning communities and addresses a variety of educational settings and learner ages.  | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours  |
| PPE     | 315         | Pediatric Movement Sciences for Physical Educators   | Provides a general overview of the functional anatomy of the human body as it relates to movement and the biomechanical principles underlying the execution of a given motor skill. Also examines the influence of physical growth and maturation on the development of motor skills.  | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: BIO 201; BIO 202; Credit is allowed for only PPE 315 or 394 (Apld Pediatric Functional Anat)  |
| PPE     | 320         | Exercise Physiology Concepts for Physical Educators  | Provides an introductory-level understanding of how the body responds prior to, during, and after participation in dynamic and static exercise. Examines the physiological basis of human movement, with emphasis on reviewing what exercise physiologists have learned about the diversity of physical activity, specifically in children. Although many physiological responses to activity are predictable, the magnitude and pattern of responses are unique depending on the age, gender, and previous experience of the individual. Also examines the role an active lifestyle plays in the overall health and well-being of school-aged children and adolescents.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: BIO 201; BIO 202; Credit is allowed for only PPE 320 or 394 (Pediatric Exercise Physical)   |
| PPE     | 335         | Movement and Physiology Principles of Children and Youth in Physical Activity Environments | Provides an introductory-level understanding of mechanical principles underlying human movement, the developmental patterns reflected in human movement birth through childhood and adolescence, basic principles of motor learning and the physiological basis of human movement. Covers how these principles directly affect the development of physical activity opportunities in in community-based sport and recreation settings with a specific eye toward the role an active lifestyle plays in the overall health and well-being of children and youth between the ages of 6 and 18.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 340         | Understanding Children in Physical Activity Environments                                   | Teaches students an understanding of elementary-aged children and how to implement a curriculum in a physical activity environment. Students learn effective teaching techniques, how to effectively manage students, and ways to improve the physical skill and activity level of students. Prospective facilitators use authentic assessment techniques to assess and prescribe activities for improving motor skills in kindergarten through 6th grade youngsters. Prospective facilitators leave with requisite knowledge to implement a comprehensive physical activity program and the physical skills necessary for successful instruction.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum junior standing   |

| PPE     | 345         | Adolescents in Physical Activity Environments: Understanding and Practices | Gives an understanding of the changing scope of physical education in an era of education reform. Students learn about and teach a variety of curricular models and styles. Uses technology and assessments in authentic settings. Focuses on increasing the physical activity levels of secondary students during physical education and also promotes physical activity outside of the school setting. Covers strategies for advocating the importance of quality physical education to school and district personnel during a time when local administrators are pressured to allocate more time to core subject areas. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 351         | Coaching of Children and Adolescents in Physical Activity Environments     | Provide introductory-level understanding of the skills and knowledge needed to deliver positive sport experiences in various nonschool settings that lead to positive youth development. Effective use of these skills enhances the chance that children and youth come to programs that are fun, engaging, safe and positive challenges; while having clear rules, requiring personal responsibility and demanding respect for self and others.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): junior or senior standing   |
| PPE     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| PPE     | 396         | Clinical Experience: Physical Education Elementary (Grades 1-8)            | Applies course content in elementary physical education classrooms grades 1-8; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 2     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 397         | Clinical Experience: Physical Education Secondary (Grades 6-12)            | Applies course content in secondary physical education classrooms grades 6-12; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 2     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 430         | Analysis of Skill and Game Performance                                     | Develops analytic skills for informal and formal assessment of student learning in physical activity settings.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Pre-requisites: Junior or senior standing; Credit is allowed for only PPE 494, 598 (Analysis of Skill and Game Play Performance) or PPE 430    |
| PPE     | 450         | Physical Education for the Elementary School                               | Scope and values of physical education in elementary schools. Methods, materials, and practices in teaching for primary through upper grades.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 450 or PPE 550  |
| PPE     | 451         | Innovative Programming in Elementary Physical Education                    | Provides students with an understanding of current trends and issues in elementary school physical education curriculum and how to implement the curriculum in a school environment. Students also become familiar with a variety of best practices in curriculum and instruction specific to elementary children in physical activity settings. Emphasizes incorporating methods of effective teaching and activity organization, enhancing student learning, and effectively managing student behavior and the learning environment.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Pre-requisites: Junior or senior standing; Credit is allowed for only PPE 451 or 551   |
| PPE     | 455         | Physical Education in the Secondary School                                 | Current trends and theories such as elective programs, coed classes, legal issues, contract teaching, curriculum, and administration.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 455 or PPE 555  |
| PPE     | 460         | Adapted and Inclusive Physical Education                                   | Teaching individuals with disabilities physical skills and activities.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only PPE 460 or PPE 560  |
| PPE     | 465         | Teaching Physical Activity Concepts  | Focuses on teaching physical activity concepts in physical education settings and other settings such as fitness clubs or community health organizations. Analyzes and critiques state physical activity standards and national guidelines for promoting physical activity.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     | L               | Prerequisite(s): minimum 45 hours. Credit is allowed for only PPE 465 or PPE 565   |
| PPE     | 477         | Student Teaching: Physical Education Elementary (Grades 1-8)               | Student teaching in elementary physical education setting grades 1-8; synthesized experience in curriculum, instruction, assessment and classroom management.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 6     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 478         | Student Teaching: Physical Education Secondary (Grades 6-12)               | Student teaching in middle/secondary physical education setting grades 6-12; synthesized experience in curriculum, instruction, assessment and classroom management.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 6     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 480         | Professional Seminar for Physical Education                                | Methods of instruction, organization, and presentation of appropriate content in elementary and secondary physical education.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-12  |                 | Prerequisite(s): admission to the Professional Program   |
| PPE     | 485         | Physical Activity Leadership in Schools                                    | Explores the development of school leadership skills for physical educators specific to promoting physical activity throughout the school day for all K-12 students.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to Teacher Preparation program; Credit is allowed for only PPE 485 or PPE 586                                       |
| PPE     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| PPE     | 495         | Research on Teaching in Physical Education                                 | Contemporary research and theory on teaching across fields with an emphasis on physical education pedagogy; provides a practical research experience.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 |  |
| PPE     | 501         | Introduction to Research and Evaluation in Education                       | Overview of educational inquiry from controlled, quantitative to qualitative, naturalistic. Emphasizes locating and critically interpreting published research.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only COE 501 or ECD 503 or PPE 501 or SPE 501 or TEL 501 |
| PPE     | 535         | Introduction to Sport Education  | Introduces a grade 5-12 school physical education curriculum that focuses on providing more complete and more authentic sport experiences.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (Degree or non-degree) students; Credit is allowed for only PPE 494, 598 (Sport Education) or PPE 535                 |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| PPE     | 550         | Physical Education for the Elementary School                    | Scope and values of physical education in elementary schools. Methods, materials, and practices in teaching for primary through upper grades.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Students who have credit for PPE 450 may not enroll in PPE 550 |
| PPE     | 551         | Innovative Programming in Elementary Physical Education         | Provides an understanding of current trends and issues in elementary school physical education curriculum and how to implement the curriculum in a school environment. Students become familiar with a variety of best practices in curriculum and instruction specific to elementary children in physical activity settings. Emphasizes incorporating methods of effective teaching and activity organization, enhancing student learning, and effectively managing student behavior and the learning environment. | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) students; Credit is allowed for only PPE 451 or 551                                    |
| PPE     | 555         | Physical Education in the Secondary School                      | Current trends and theories such as elective programs, coed classes, legal issues, contract teaching, curriculum, and administration.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate students (Degree and non-degree); Credit is allowed for only PPE 455 or PPE 555                               |
| PPE     | 560         | Adapted and Inclusive Physical Education                        | Teaching individuals with disabilities physical skills and activities.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate students (Degree and Non-degree); Credit is allowed for only PPE 460 or PPE 560                               |
| PPE     | 565         | Teaching Physical Activity Concepts                             | Teaching physical activity concepts in PE settings. Analyzes and critiques state and national physical education standards.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only PPE 465 or 565                                     |
| PPE     | 567         | Clinical Experience: Physical Education Elementary (Grades 1-8) | Applies course content in elementary physical education classrooms grades 1-8; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 568         | Clinical Experience: Physical Education Secondary (Grades 6-12) | Applies course content in secondary physical education classrooms grades 6-12; emphasizes observation, pupil management, planning and delivery of instruction, and assessment.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-2   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 570         | Research on Teacher Education in Physical Education             | Discusses current research on teacher education across fields, with an emphasis on physical education pedagogy.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only PPE 370 or 570                                     |
| PPE     | 576         | Research on Curriculum in Physical Education                    | Discusses and applies research findings on curricular models for physical education and physical activity in school settings and beyond.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 586         | Physical Activity Leadership in Schools                         | Explores the development of school leadership skills for physical educators specific to promoting physical activity throughout the school day for all K-12 students.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PPE 485 or PPE 586                          |
| PPE     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 593         | Applied Project   |   | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 594         | Conference and Workshop   | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 692         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 780         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 783         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PPE     | 784         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| PRM     | 403         | Leadership and Professional Development                       | Examines leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.                                      | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 210, NLM 210, PRM 210, or TDM 210 with C or better; CRD 301, CRD 302, NLM 301, PRM 301, or TDM 301 with C or better; senior standing; minimum 2.50 GPA; Credit is allowed for only CRD 403 or NLM 403 or PRM 403 or TDM 403 |
| PRM     | 406         | Program Design and Administration in Recreation Therapy       | In-depth analysis of assessment, treatment planning, program implementation, documentation, and evaluation strategies employed in therapeutic recreation practice.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 364 with C or better  |
| PRM     | 413         | Leadership and Professional Development in Recreation Therapy | Examines therapeutic recreation leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.               | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 301, NLM 301, PRM 301, or TDM 301 with C or better; Pre- or corequisite(s): PRM 303 with C or better  |
| PRM     | 422         | Entertainment, Protocol, and Programming for Special Events   | In-depth analysis of the theoretical and philosophical aspects of special event management relative to talent and entertainment, protocol, etiquette, ethics, and programming. Requires some field work in event management. | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better  |
| PRM     | 423         | Special Event On-Site Operations                              | Expands on the concepts of event programming with in-depth examination of the theoretical and philosophical aspects of event operations, festival site design, and working with subcontractors and vendors.                  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better  |
| PRM     | 427         | Revenue Generation for Special Event Management               | Examines theoretical and philosophical aspects of revenue generation relative to special events through in-depth exploration of budgeting, accounting, and sponsorship opportunities. Requires field work at an event.       | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better  |
| PRM     | 450         | Leisure and Aging   | Examines the factors influencing leisure among older adults, including policy issues and program service implications. Involves fieldwork.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 |  |
| PRM     | 451         | Grant Writing   | How to increase grant funding: creating fundable ideas, identifying sponsors, following guidelines, writing effectively, constructing budgets, responding to reviewers.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Credit is allowed for only NLM 451, 565 or PRM 451   |
| PRM     | 453         | Inclusive and Adaptive Sports and Recreation                  | Provides an overview of adaptive community recreation, the importance of inclusion in the recreational field and how to facilitate programs in this growing field.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only CSM 453 or CSM 494 (Inclusive and Adaptive Sports and Recreation) or PRM 453 or PRM 494 (Inclusive and Adaptive Sports and Recreation)   |
| PRM     | 454         | Human Services for At-Risk Youth                              | Overview of policy and programs affecting at-risk youth; examines risk factors and programmatic solutions to them.   | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 |  |
| PRM     | 455         | Play in Child Life  | In depth study of the techniques, principles and theories of play applied in clinical practice to enhance healing, growth and development with children and families.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): CDE 232 with C or better; Pre- or corequisite(s): PRM 364 with C or better if completed   |
| PRM     | 460         | Assessment & Documentation in Recreation Therapy              | In-depth study of the therapeutic recreation assessment process, including examination of interview techniques, assessment instruments, treatment planning, outcomes, evaluation, research, and documentation.               | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 364 with C or better  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| PRM     | 463         | Senior Internship  | Supervised guided experience in selected agencies.  | N                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): CRD 403 or PRM 413 with C or better; CSM 402 or NLM 402 or PRM 402 or TDM 402 with C or better; Credit is allowed for only CSM 463 or NLM 463 or PRM 463 or TDM 463 |
| PRM     | 470         | Environmental Communication  | Park interpretation and environmental education that includes theories, principles and techniques.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 60 hours  |
| PRM     | 475         | Entrepreneurial Recreation and Tourism                                 | Explores basic business principles and innovative processes involved in starting a small business in the commercial recreation and tourism industry.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Pre-requisite: Minimum 60 hours; Credit is allowed for only PRM or TDM 475   |
| PRM     | 483         | Sports Tourism   | Examines the relationship between sports and tourism, and the role of recreation and amateur sports as an economic and community development strategy. Also considers the motives, behaviors and experiences of sport tourists; the impacts of sport tourism; and trends in sports tourism.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only CSM 483 or PRM 483 or TDM 483  |
| PRM     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): CRD 210, CSM 201, NLM 220, or TDM 205; minimum 72 hours; minimum 2.50 GPA   |
| PRM     | 485         | Sports Events  | Expands the basic concepts of recreation, leisure or tourism program planning and leadership as they are specifically related to sport events management.   | N                 | LEC               | N               | GNA           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Pre-requisite: minimum 45 hours. Credit is allowed for only CSM 485 or PRM 485   |
| PRM     | 486         | Special Events Management  | Principles of programming and managing special events for diverse populations.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 |  |
| PRM     | 487         | Advanced Special Events Management                                     | Advanced principles of special event sponsorship, public relations, marketing, contracting, risk management, and financial management.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better; Credit is allowed for only PRM 487 or RTM 487   |
| PRM     | 488         | Event Marketing and Promotion  | In-depth look at the influence and role of print and social media in special event management. Studies theory, strategies, and planning relative to experience marketing, including the use of promotions.  | N                 | LEC               | N               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 3     |                 | Prerequisite(s): PRM 486 with C or better  |
| PRM     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PRM     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| PRM     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-4   |                 |  |
| PRM     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| PRM     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-7   | L               |  |
| PRM     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Watts Col of Pub Ser & Com Sol           | School of Community Resources and Development | 1-3   |                 |  |
| PSB     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSB     | 501         | Basic Principles of Applied Behavior Analysis                          | Fundamental principles of behavior including the history, theory, definitions, processes, concepts and characteristics of applied behavior analysis.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 |  |
| PSB     | 510         | Basic Principles of Experimental Analysis of Behavior                  | Practical applications of research methodology to examine the effects and evaluate the efficacy of behavioral interventions. Provides an empirical science approach to designing, conducting and critically evaluating research involving applications of the experimental analysis of behavior in the use of graphic displays, single-case, ABAB, multiple baselines, changing criterion and alternating treatment designs.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 2     |                 |  |
| PSB     | 511         | Advanced Research Methods  | Focuses on research techniques such as time-series methods for single-case assessment, behavior measurement and the effectiveness of treatment interventions on behavior. Topics include conducting component and parametric analyses and use of experimental designs such as withdrawal, reversal, criterion and multiple baselines.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 2     |                 | Pre-requisite: PSB 501; PSB 510  |
| PSB     | 520         | Ethical Issues and Professional Standards in Applied Behavior Analysis | Ethical standards and legal responsibilities including regulatory requirements and Arizona licensing statutes for ABA professionals who provide services to individuals with special needs and their families.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 |  |
| PSB     | 530         | Behavioral Observation and Functional Assessment                       | Focuses on how to conduct behavioral observations and functional analyses using various methods for assessment and for data collection, organization and interpretation.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Pre-requisite: PSB 501; PSB 510  |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|--------------------------|-------|-----------------|--|
| PSB     | 540         | Development of Applied Behavioral Intervention Programs  | Techniques for conducting task analyses; developing target intervention outcomes; determining alternative behaviors and environmental changes; use of behavior change procedures such as reinforcement, extinction, punishment, shaping, modeling, training and teaching.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology | 3     |                 | Prerequisite(s): PSB 501, 510.<br>Corequisite(s): PSB 530      |
| PSB     | 563         | Basic Principles of Organizational Behavior Management   | Overview and the use of Behavioral Systems Analysis (BSA) and Performance Management (PM) as they relate to the identification and modification of environmental variables that can affect and improve individual and organizational performance as a system. Basic techniques include analysis of antecedents, behavior and consequences and development of interventions to support the desired performance improvements and increase system productivity. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology | 2     |                 |  |
| PSB     | 573         | Advanced Principles of Learning and Analysis of Behavior | Provides an in-depth review of the philosophy and theory of behaviorism and its scientific application. Includes Skinner's conceptual framework plus fundamental elements of behavior change and procedures.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology | 3     |                 |  |
| PSB     | 578         | Applied Behavior Analysis in Developmental Disorders     | Provides an overview of the major theories and research related to the development of psychological disorders of childhood and adolescence including autism, attention deficit disorder, behavior disorders and intellectual disabilities.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology | 3     |                 | Prerequisite(s): MS Applied Behavior Analysis major            |
| PSB     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PSB     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 590         | Reading and Conference                                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 594         | Conference and Workshop                                  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 595         | Continuing Registration                                  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | Department of Psychology | 1     |                 |  |
| PSB     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-4   |                 |  |
| PSB     | 600         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PSB     | 680         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| PSB     | 683         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 684         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 690         | Reading and Conference                                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |
| PSB     | 693         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of Psychology | 1-12  |                 |  |

| PSY     | 369         | Biology of Human Sexuality       | Multilevel perspective on human sexuality and reproduction. Integrates psychological with evolutionary, physiological and neuroscientific approaches.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): PSY 101 with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369                  |
| PSY     | 369         | Biology of Human Sexuality       | Multilevel perspective on human sexuality and reproduction. Integrates psychological with evolutionary, physiological and neuroscientific approaches.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): PSY 101 with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369                  |
| PSY     | 370         | Interpersonal Relationships      | Development of personal skills for competent functioning in interpersonal relationships across multiple social contexts. Principles of mental health adjustment.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB              | Prerequisite(s): PSY 101 with C or better   |
| PSY     | 375         | Psychology of Addictive Behavior | Offers a psychological perspective on addictions, including those related to drug use, gambling, sex, eating and Internet use. Specific topics include basic pharmacology, behavioral processes in addiction, behavioral economics, impulsiveness, delay discounting, self-control, self-regulation, and prevention and treatment of addictions. Some of the data presented in the course derive from animal models; an evolutionary perspective is assumed throughout. Encourages students to think critically about drug use and dependence and about addictions in general. Students achieve these objectives through assigned readings (primarily empirical research), writing assignments, and active participation in, and facilitation of, class discussions. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only PSY 375 or PSY 394 (Psychology of Addictive Behaviors)                          |
| PSY     | 384         | Undergraduate Teaching Assistant | The UTA experience allows students to work with the faculty to contribute to the effectiveness of a particular class and provides them with a unique educational benefit commensurate with their receiving upper-division course credit. Provides students with experience in teaching and interacting with faculty and students. These experiences help students make a decision about whether to pursue a graduate degree in psychology and to develop a personal philosophy of learning and teaching.   | N                 | PRA               | Y               | P/F           | The College of Liberal Arts and Sciences | Department of Psychology                 | 1-3   |                 | Prerequisite(s): PSY 101 with C or better; minimum 30 hours; Credit is allowed for only PSY 384 or PSY 394 (Undergraduate Teaching Assistant) |
| PSY     | 385         | Psychology of Gender             | Examines, from a psychological perspective, the similarities and differences in beliefs, attitudes, and behaviors of women and men.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SB              |   |
| PSY     | 385         | Psychology of Gender             | Examines, from a psychological perspective, the similarities and differences in beliefs, attitudes, and behaviors of women and men.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | SB              |   |
| PSY     | 390         | Experimental Psychology          | Continuation of concepts in PSY 290, with emphasis on multifactor designs and programmatic sequence of experiments.  | N                 | LEC               | N               | OPT           | Ira A. | PSY     | 432         | Embodied Cognition                          | Do left-handers think differently from right-handers? Do paraplegics perceive the world differently from those who can walk? If you say about a potential date, "He leaves me cold," do you literally feel cold? And does a Botox treatment to alleviate frown lines makes it difficult to understand sentences about sadness? The surprising answer to all of these questions is YES! Embodied cognition proposes that thinking is based on neural and bodily systems of perception, action and emotion. Explores this claim through readings, discussions, debates and embodied interactions, and considers implications of embodied cognition across areas of psychology and applications in education. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                 | 3     | L               | Prerequisite(s): PSY 290 with C or better; Credit is allowed for only PSY 432 or PSY 498 (Embodied Cognition) or PSY 529 |
| PSY     | 434         | Cognitive Psychology                        | Human organism as a processor of information, from perception to cognition. Abstract concepts, semantic memory, attention, and mental imagery.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                 | 3     | L               | Prerequisite(s): PSY 323 or 324 with C or better   |

| PSY     | 501         | Supervised Teaching                           | Experience in and examination of perspectives on teaching undergraduate psychology.   | N                 | PRA               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 502         | Professional Issues in Psychology             | Introduce graduate students to various aspects of the professional roles of psychology, as well as to the ethical standards of the profession.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree-seeking graduate student; Credit is allowed for only PSY 502 or PSY 598 (Seminar on Professional Issues in Psychology)                             |
| PSY     | 512         | Advanced Learning                             | Principles and theories of learning, emphasizing research literature.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 515         | Quantitative Analysis I                       | Introduces advanced experimental and quasi-experimental analysis. Focuses on group-based design and analysis of variance.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): Criminal Justice MA student, Forensic Psychology MA student, Psychology MA student, Law and Psychology MIP MSP student, or Law and Psychology PhD student |
| PSY     | 516         | Quantitative Analysis II                      | Advanced experimental and quasi-experimental analysis. Focuses on principles underlying linear regression and related statistical techniques.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): PSY 515 with B or better; Credit is allowed for only PSY 516 or PSY 598 (Psychological Methods II)  |
| PSY     | 517         | Quantitative Analysis III                     | Covers basic multivariate statistical techniques currently utilized in psychology with a primary focus on factor analysis and structural equation modeling.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): PSY 516 with B or better; Credit is allowed for only PSY 517 or PSY 598 (Quantitative Research Methodology & Statistics III)                              |
| PSY     | 526         | Neuroanatomy                                  | Covers the structure and function of the mammalian brain, including sheep brain dissection.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 4     |                 | Prerequisite(s): graduate; Credit is allowed for only PSY 426 or PSY 526   |
| PSY     | 528         | Sensation and Perception                      | Principles of sensory and perceptual processes, emphasizing research literature.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 528         | Sensation and Perception                      | Principles of sensory and perceptual processes, emphasizing research literature.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 528         | Sensation and Perception                      | Principles of sensory and perceptual processes, emphasizing research literature.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 529         | Embodied Cognition                            | Do left-handers think differently from right-handers? Do paraplegics perceive the world differently from those who can walk? If you say about a potential date, "He leaves me cold," do you literally feel cold? And does a Botox treatment to alleviate frown lines make it difficult to understand sentences about sadness? The surprising answer to all of these questions is YES! Embodied cognition proposes that thinking is based on neural and bodily systems of perception, action and emotion. Explores this claim through readings, discussions, debates and embodied interactions, and considers implications of embodied cognition across areas of psychology and applications in education. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): graduate standing in Psychology; Credit is allowed for only PSY 432 or PSY 529 or PSY 591 (Embodied Cognition)  |
| PSY     | 530         | Intermed Statistics                           | One-way and factorial designs, contrasts, post-hoc tests, probing of interactions, mixed designs, power, computer applications.   | N                 | LEC               | N               | OPT           | Ira A. | PSY     | 530         | Intermed Statistics                           | One-way and factorial designs, contrasts, post-hoc tests, probing of interactions, mixed designs, power, computer applications.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 531         | Multiple Regression in Psychological Research | Multiple regression and correlation, hierarchical regression, interactions, curvilinear relationships, categorical predictors, ANOVA in regression, regression diagnostics, regression graphics.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 3     |                 |  |
| PSY     | 531         | Multiple Regression in Psychological Research | Multiple regression and correlation, hierarchical regression, interactions, curvilinear relationships, categorical predictors, ANOVA in regression, regression diagnostics, regression graphics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 532         | Analysis of Multivariate Data                 | Matrix algebra for multivariate procedures, component and factor analysis, canonical and discriminant analysis, classification, MANOVA, logistic regression, hierarchical linear model.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 533         | Structural Equation Modeling                  | Path analysis; exploratory and confirmatory factor analysis; recursive and nonrecursive latent variable models; mean and covariance structures; latent growth models.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 534         | Psychometric Methods                          | Theory and practice of psychological measurement using classical and modern test theories. Reliability assessment, test validation, test construction, test usage.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 535         | Cognitive Processes                           | Theoretical/empirical treatment of the human organism as a processor of information, including abstraction, memory structure, problem solving, and thinking.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 536         | Statistical Methods in Prevention Research    | Statistical methods used in prevention research including epidemiological methods, logistic regression, program effect estimation, estimation, and mediation analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                 | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                    | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| PSY     | 537         | Longitudinal Growth Modeling                 | Growth modeling methodology to describe individual variation in development over time. Employs multilevel and structural equation modeling frameworks.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 538         | Advanced Structural Equation Modeling        | Mean and covariance structure analysis. Includes multiple-group modeling, two-level hierarchical modeling, longitudinal growth modeling, analysis with categorical outcomes.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 539         | Multilevel Models for Psychological Research | Multilevel (i.e., hierarchical linear) modeling, as described by Raudenbush and Bryk (2002) and others. Covers analytic strategies for analyzing a variety of different nested data structures (e.g., couples data, clients nested within group therapy settings, children nested within classrooms, longitudinal data). Covers two- and three-level models for cross-sectional and longitudinal data and also addresses related topics such as centering and estimation. Students perform and interpret the results of these models using a variety of statistical software packages.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Pre-requisite: PSY 531; Credit is allowed for only PSY 539 or 591 (Multilevel Modeling)  |
| PSY     | 540         | Missing Data Analysis                        | Covers analytic strategies for analyzing data with missing values, with a special emphasis on modern approaches for dealing with missing data, in particular maximum likelihood missing data handling and multiple imputation, maximum likelihood estimation and multiple imputation. Familiarizes students with missing data theory, traditional analysis methods (e.g., deleting incomplete cases, single imputation methods), maximum likelihood estimation, multiple imputation, planned missing data research designs, and the inclusion of auxiliary variables. Students learn how to perform and interpret the results of these models using a variety of statistical software packages.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Pre-requisite: PSY 532; Credit is allowed for only PSY 540 or 591 (Missing Data)   |
| PSY     | 541         | Research in Cognitive Development            | Theoretical and empirical issues in the study of children's knowledge and cognitive processes. Comparison of research in Piagetian and other traditions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 542         | Social Development                           | Reviews and critiques major issues in the area of social development. Covers theory, research, and content.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 543         | Statistical Mediation Analysis               | Specifically covers the substantive motivations for mediating variables and third-variable effects (interaction, confounder, covariate and mediator) in general. Mediation represents a chain such that one variable causes a mediating variable and the mediating variable causes a dependent variable. Describes the single mediator model in detail including assumptions, estimators and geometric interpretations. Once the details of the single mediator model are understood, analysis is extended to multiple mediator models, path analysis, and models with moderators and mediators. Discusses modern causal inference approaches for mediation along with latent variable models, multilevel models and special models for longitudinal data. Also describes research designs for investigating mediating variables. Students learn how to perform and interpret the results of analysis using a variety of statistical software packages. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): PSY 530; PSY 531; Credit is allowed for only PSY 543 or PSY 591 (Mediation) or PSY 591 (Statistical Mediation Analysis) |
| PSY     | 545         | Advanced Legal Psychology                    | Surveys psychological theory and research as applied to the cognitions, feelings and behavior of individuals in the legal system. Explores the implications of several subfields of psychology (e.g., social, cognitive, clinical) for legal settings, such as police departments, courtrooms, jury rooms. Provides foundation for those who are considering a career in forensic psychology, law, social work, criminal justice and should also be interesting to those who want to know more about the social and psychological issues at play in the legal system.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 546         | Advanced Forensic Psychology                 | Advanced overview of the clinical practice of forensic psychology: the assessment and treatment of people who interact with the legal system. Focuses on the ways in which psychologists do clinical work (assessment and treatment) to help courts make informed decisions about cases.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 547         | Advanced Correctional Psychology             | Principles of correctional psychology, including psychologists' roles in prisons and jails, the unique challenges of working in these settings and with incarcerated populations, establishing successful relationships with correctional staff and inmates.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 549         | Capstone in Forensic Psychology              | Culminating experience for students in the Master of Science in Forensic Psychology program. Students review and synthesize current literature in the field and make actionable research and policy recommendations through written exams.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): Forensic Psychology MS student  |
| PSY     | 550         | Advanced Social Psychology                   | Theory and research concerning interpersonal perception, decision making, attitude formation and change, group processes, social motivation, and interaction processes.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 550         | Advanced Social Psychology                   | Theory and research concerning interpersonal perception, decision making, attitude formation and change, group processes, social motivation, and interaction processes.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 551         | Advanced Social Psychology                   | Continuation of PSY 550.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| PSY     | 553         | Capstone in General Psychology               | Culminating experience for online students only in the Master of Science in Psychology program. Students review and synthesize current literature in the field and make actionable research and policy recommendations through written exams.   | N                 | SEM               | N               | GNA           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences      | 3     |                 | Prerequisite(s): Psychology MS student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                    | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| PSY     | 554         | Item Response Theory   | A collection of measurement models based on item response theory (IRT). The models express the probabilities of responses to test or questionnaire items as a function of latent respondent characteristics and item properties. IRT models form the basis for measurement in standardized educational testing, but generally are also now used in clinical, social and personality measurement in psychology, medicine and the social sciences. Assumptions underlying IRT models, methods of parameter estimation and fit evaluation. Also covers important applications of the models in computerized adaptive testing, the detection of measurement bias and multidimensional IRT. Uses several software tools useful in IRT modeling.                   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): PSY 534; Credit is allowed for only PSY 554 or 591 (Item Response Theory)  |
| PSY     | 555         | Experimental and Quasi-Experimental Designs for Research     | Reviews research techniques. Analyzes lab and field research; applications to specific topics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 560         | Advances in Theoretical Psychology                           | Covers new empirical and theoretical work in psychology with emphasis on its applicability.  | N                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 561         | Methods in Applied Psychology                                | Methods of particular value in applied settings, including usability testing, prototyping, and use of computers in data collection and analysis. May be repeated for credit up to 9 hours.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 562         | Advanced Human Factors                                       | In-depth study of the issues, methods, and findings in industrial and organizational psychology.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PSY 562 or SMC 562                                 |
| PSY     | 563         | Prevention Planning and Evaluation in Service Settings       | Provides the foundational and theoretical knowledge necessary for prevention planning and evaluation in service settings.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 564         | Prevention Education, Communication and Service Delivery     | Provides the foundational and theoretical knowledge necessary for aspiring professionals planning to serve as a resource to community members and organizations regarding prevention education, the promotion of programs, services and activities as well as maintaining good public relations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 567         | Prevention Organization and Community Change                 | Provides the foundational and theoretical knowledge necessary for affecting organizational and community change to promote and engage in evidence-based prevention practices.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 568         | Stress and the Brain   | Covers the fundamentals of stress and brain interactions. Presents a foundation from a historical perspective, then the basics of an organism's stress response, including the activation of the sympathetic nervous system and the hypothalamic-pituitary-adrenal axis. The stress response is highly conserved and allows organisms to respond and adapt to their environment. A highly effective and robust stress response facilitates adaptation and behavioral flexibility. However, a maladaptive stress response can produce detrimental outcomes. The ultimate goal is to understand the dynamic and reciprocal processes by which the stress response and brain interact to produce behavioral flexibility and resilience or detrimental outcomes. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s) degree- or nondegree-seeking graduate student; Credit is allowed for either BIO 568 or PSY 568                                |
| PSY     | 569         | Professional Ethics, Growth and Responsibility in Prevention | Provides the foundational knowledge necessary for engaging and maintaining practices in prevention that are ethical, culturally responsive and adhere to the beneficence and non-maleficence principles.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 570         | Psychopharmacology   | Provides a broad overview of numerous classes of both psychotherapeutic and addictive drugs (which are sometimes overlapping). Focuses on the classification, mechanism of action, pharmacokinetics/pharmacodynamics, and clinical efficacy of medications that are currently used for the treatment of various psychiatric disorders including mood disorders, anxiety, schizophrenia, ADHD and other conditions. The latter portion of the class focuses on therapeutic drugs that also have abuse potential, including some psychostimulants, opiates, sedative/hypnotics, cannabinoids, steroids and hallucinogens.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PSY 470 or PSY 570 or PSY 591 (Psychopharmacology) |
| PSY     | 572         | Psychological Assessment                                     | Theory and research on assessment of personality, psychopathology, and intelligence; construction of psychological assessment instruments.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 573         | Psychopathology  | Theory and research relating to the contribution of psychological, social, physiological, and genetic factors to the development and persistence of abnormal behavior.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 573         | Psychopathology  | Theory and research relating to the contribution of psychological, social, physiological, and genetic factors to the development and persistence of abnormal behavior.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | Dean, New Interdisciplinary Arts and Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 574         | Psychotherapy  | Detailed survey of the theoretical and empirical literature relating to verbal psychotherapy.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 576         | Dynamical Systems in Psychology                              | Analyzes patterns of behavior change in psychological systems.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 578         | Developmental Psychopathology                                | Covers major theories and research related to the development of psychological disorders of childhood and adolescence.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Psychology                      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PSY     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Ira A. Fulton Engineering                | Human Systems Engineering                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| PTX     | 191         | First-Year Seminar                             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-3   |                 |   |
| PTX     | 194         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| PTX     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| PTX     | 301         | Basics of Pharmacology and Toxicology          | Human pharmacology and toxicology focusing on mechanisms of drug action, clearance systems and dose response.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 181; BIO 182; CHM 234  |
| PTX     | 325         | Physiological Psychology                       | Relationships of physiological processes to behavior. Emphasizes nervous system functioning.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): PSY 290 with C or better or two of the following courses with C or better: BIO 181 (or 188), 182 (or 187), 201, 202; Credit is allowed for only LSC 325 or PSY 325 or PTX 325      |
| PTX     | 369         | Biology of Human Sexuality                     | Multilevel perspective on human sexuality and reproduction. Integrates psychological with evolutionary, physiological and neuroscientific approaches.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): PSY 101 (PGS 101) with C or better; one semester of biology; Credit is allowed for only LSC 369 or PSY 369 or PTX 369  |
| PTX     | 388         | Research Fundamentals for the Natural Sciences | Teaches research skills in the natural sciences. Topics covered include the basic research techniques of the study organism and system, experimental design, literature searches, statistical analysis and preparation of scientific papers and posters.  | Y                 | LEL               | Y               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): BIO 181; BIO 182 OR ACO 320 OR MAT 272; Credit is allowed for only LSC 388 or LSC 498 (Research Fundamentals for the Natural Sciences) or ENV 388 or FOR 388 or PLB 388 or PTX 388 |
| PTX     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| PTX     | 401         | Forensic Toxicology                            | Focuses on toxicology as it pertains to forensic science. Topics include: the history of toxicology; the pharmacodynamics and pharmacokinetics of drugs and alcohol in the human body; as well as the legal applications of toxicology. Also discusses ethics, quality control and quality assurance, and courtroom testimony (as they relate to forensic toxicology). May address other topics such as environmental toxicology, poisons, and current topics related to forensic toxicology.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 181; BIO 182; CHM 113; CHM 116; Pre- or corequisite(s): BIO 305 or FOR 286 OR BIO 353; LSC 347; Credit is allowed for only FOR 394 (Forensic Toxicology) or FOR 401 or PTX 401 |
| PTX     | 432         | Fundamentals of Pharmacology                   | Aspects of pharmacology using an integrated approach to familiarize students with natural and synthetic therapeutic agents used in medicine.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 340 or LSC 347; BIO 353; CHM 231 or 234; Credit is allowed for only LSC 432 or PTX 432   |
| PTX     | 450         | Pharmacology and Toxicology Laboratory         | Provides experimental and laboratory experience in conducting toxicology tests to determine the ED50 and LD50 for chemicals. Covers the pragmatic considerations of experimental design, implementation and data analysis. Experiments include whole organism tests as well as cell assays and numerical modeling experiments.  | N                 | LAB               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     |                 | Pre- or corequisite(s): FOR 475 or LSC 432 or LSC 475 or PTX 432 or PTX 475   |
| PTX     | 475         | Principles of Toxicology                       | Presents the fundamental principles of toxicology and its application to both human and environmental situations. Starts with the means of defining and quantifying toxic effects through dose response curves (e.g. LD50, EC50, LOEL, NOEL). Then focuses on absorption pathways for toxicants as well as the degradation metabolism pathways for toxicants. Finally focuses on the mechanism of toxic action for common poisons and environmental pollutants. Emphasizes toxicants that students are likely to encounter in forensics and environmental fields. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BCH 361 or BCH 371 with C or better; Credit is allowed for only FOR 475 or LSC 475 or PTX 475  |
| PTX     | 484         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-12  |                 | Prerequisite(s): minimum 45 hours   |
| PTX     | 486         | Peer Mentoring in STEM                         | Advanced students learn and apply mentoring skills in science classes or teaching labs.   | Y                 | SEM               | Y               | YGB           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ACO 486 or BIO 486 or LSC 486 or MAT 486 or PTX 486 or STP 486  |
| PTX     | 492         | Honors Directed Study                          | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | Y                 | RSC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours   |
| PTX     | 493         | Honors Thesis                                  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours   |
| PTX     | 494         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| PTX     | 497         | Honors Colloquium                              | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student; minimum 45 hours   |
| PTX     | 498         | Pro-Seminar                                    | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-7   |                 | Prerequisite(s): minimum 45 hours   |

| PTX     | 499         | Individualized Instruction                  | Provides an opportunity for original study or investigation in the major or field of specialization, on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | IND               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences        | 1-3   |                 | Prerequisite(s): minimum 45 hours   |
| PUB     | 191         | First-Year Seminar                          | Small course emphasizing student-faculty discussion/interaction. Strongly recommended for first-year students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-3   |                 | Pre-requisites: Freshman; maximum 25 hours  |
| PUB     | 501         | Introduction to Scholarly Publishing        | Introduces the purpose, organization, and operation of scholarly publishing, including its history, societal role, and current issues.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 |   |
| PUB     | 502         | Scholarly Editing                           | Publishing procedures, proofreading, and manuscript editing of scholarly books, textbooks, and scholarly journals.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |
| PUB     | 503         | Advanced Scholarly Editing                  | Advanced manuscript editing, acquisitions, developmental editing, and indexing of scholarly books, textbooks, and scholarly journals.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |

| PUB     | 584         | Internship                                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |   |
| PUB     | 590         | Reading and Conference                      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |   |
| PUB     | 592         | Research                                    |   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |   |
| PUB     | 598         | Special Topics                              | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-4   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |
| PUB     | 599         | Thesis                                      | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | N                 | RSC               | N               | Z2            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |   |
| PUP     | 190         | Sustainable Cities                          | Introduces technological, social, and cultural principles and innovations for cities under the notion of sustainability and sustainable development within the global, regional, and local contexts.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | (HU or SB) & G  | Credit is allowed for only PUP 190 or SOS 111   |
| PUP     | 191         | First-Year Seminar                          | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours   |
| PUP     | 194         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 |   |
| PUP     | 200         | Cities in Cinema                            | Environmental, aesthetic, social, economic, political cultural, and other factors influencing global cities seen through films from around the world.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | HU & H & G      |   |
| PUP     | 294         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 |   |
| PUP     | 301         | Introduction to Urban Planning              | Theoretical and practical aspects of city planning. Interrelationships among physical planning, environment, government, and society.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | L               | Prerequisite(s): ENG 101, 105, or 107 with C or better  |
| PUP     | 361         | Planning Workshop I                         | Basic site planning and design techniques. Collection and analysis of information and basic planning research. Report writing and public presentation skills.   | N                 | PRA               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 4     |                 | Prerequisite(s): PUP 301 with C or better; Minimum 45 hours   |
| PUP     | 362         | Journey Stories: People and Place in Motion | Explores journeys, storytelling and geographies--real and imagined. Draws on novels, novellas, short stories, film and video in illuminating stories and storytelling as transformative of self, place and culture in human and more-than-human worlds. Enjoins journey stories through the trilogy movement, place and identity; signature themes in cultural geography that resonate across the arts, humanities and social sciences. Students respond to artfully rendered journeys in personal ways via word, image and sound, creating their own journeys en route.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only GCU 362 or PUP 362 or PUP 394 (Journey Stories: People & Place in Motion) |
| PUP     | 363         | History of Planning                         | Historical overview of western urban and regional planning and planning theory, focusing on the 19th and 20th centuries.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better   |
| PUP     | 394         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-3   |                 |   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| PUP     | 410         | Public Participation in Planning                               | Theory and practice of public participation in planning. Examines and critiques participation techniques and roles of planners.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 412         | History of the City  | The city from its ancient origins to the present day. Emphasizes European and American cities during the last five centuries. Requires advanced critical thinking and evaluative skills appropriate to students at the junior or senior level as analytical essays and an in-depth research paper are required in addition to regular tests and quizzes.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | (L or HU) & H   | Prerequisite(s): ENG 101, 105, or 107 with C or better; PUP 301 with C or better   |
| PUP     | 420         | Theory of Urban Design   | Analyzes the visual and cultural aspects of urban design. Theories and techniques applied to selected study models.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | HU              | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 424         | Planning Methods   | Methods for urban planning research. Emphasizes research design, quantitative and qualitative methods, survey research, and data analysis.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 4     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 425         | Urban Housing Issues   | Nature, dimensions, and problems of urban housing, government policy environment, and underlying economics of the housing market.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better; Credit is allowed for only PUP 425 or PUP 525   |
| PUP     | 430         | Transportation Planning and the Environment                    | Overview of transportation planning from the perspective of land use planning, economic development, environmental planning, and social needs.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 432         | Planning and Development Control Law                           | Case studies on police power, eminent domain, zoning, subdivision controls, exclusion, preservation, urban redevelopment, and aesthetic and design regulation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 433         | Zoning Ordinances, Subdivision Regulations, and Building Codes | Analyzes zoning ordinances, subdivision regulations, building codes, and other planning implementation techniques relative to local development.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 434         | Economic Development Planning                                  | Provides a broad overview of urban economic development planning in the U.S. This overview includes the role and goals of economic development planning in today's global information economy.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | L or SB         | Pre-requisite(s): PUP 301 with C or better   |
| PUP     | 436         | City Structure and Planning                                    | Political structure and organization of government as it relates to planning.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 441         | Economics of Environmental Planning                            | Overview of environmental and ecological economics and how their concepts and tools are used in dealing with environmental planning.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better; Credit is allowed for only PUP 541 or PUP 441   |
| PUP     | 442         | Environmental Planning   | Environmental planning problems, including floodplains, water quality and quantity, solid and hazardous waste, air quality, landslides, and noise.   | N                 | PRA               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 444         | Preservation Planning  | History, theory, and principles of historic preservation. Emphasizes legal framework and methods practiced.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students. Credit is allowed for only PUP 527 or PUP 444   |
| PUP     | 445         | Women and Environments   | Examines the role women play in shaping the built environment; ways built/natural forms affect women's lives. Focuses on contemporary U.S. examples.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | C               | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students  |
| PUP     | 452         | Ethics and Theory in Planning                                  | Ethics and theory of professional planning practice in urban and regional communities.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     | L               | Prerequisite(s): PUP 301 with C or better  |
| PUP     | 462         | Planning Workshop II   | Comprehensive planning. Synthesis of complex data- and community-based analyses. Advanced report writing and public presentation skills.   | N                 | PRA               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 4     |                 | Pre-requisite(s): PUP 301 and PUP 361 with C or better   |
| PUP     | 465         | Sustainable Urbanism   | Examines the history, theory and practice of "sustainable urbanism," now defined by reform movements such as new urbanism, ecological urbanism, smart growth, and livable cities.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s) with C or better: Sustainability major in a sustainability concentration: SOS 110 or 111 or PUP 190; minimum 45 hours; All other majors: PUP 301; Credit is allowed for only PUP 465 or PUP 565 or SOS 465 |
| PUP     | 481         | Optimization Fundamentals for Spatial Analysis                 | Covers the fundamentals of optimization for spatial analysis. Reviews elements of calculus, matrices, and basic linear algebra. Introduces linear programming, integer programming and branch and bound, and heuristics. Provides the basics for use and application of GIScience and spatial analysis methods. Objectives include: reviewing basics of math, calculus and linear algebra; introducing optimization approaches, including linear programming, integer programming and heuristics; and applying these methods to structured problems.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): MAT 270, 271 or 272 with C or better; Credit is allowed for only GIS 461, 561, PUP 481, 581, GCU 494 (Optimization Fundamentals) or GCU 598 (Optimization Fundamentals)                                   |
| PUP     | 482         | Location Analysis and Modeling                                 | Provides a technical overview of location theory in the context of GIScience, focusing on analysis and modeling issues. Relies upon applications associated with emergency service planning, natural resource management, retail site selection, among others, to make connections among models, spatial information, and interpretation of findings. Explores utilization and implementation considerations using GIS. Objectives include: exposing a range of location analysis and modeling approaches; applying approaches in combination with GIS and optimization software; and carrying out an application-oriented study relying on acquired skills. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): GIS 211 with C or better; GIS 461 with C or better; Credit is allowed for only GIS 462 or GIS 562 or PUP 482 or PUP 582 or PUP 598 (Location Modeling)  |
| PUP     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban Planning undergraduate student   |

| PUP     | 492         | Honors Directed Study                       | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| PUP     | 493         | Honors Thesis                               | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| PUP     | 494         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 | Pre-requisites: Junior, Senior, Post-Bacc Undergrad, Graduate or Post-Bacc Graduate including non-degree students     |
| PUP     | 498         | Pro-Seminar                                 | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-7   |                 |   |
| PUP     | 499         | Individualized Instruction                  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-3   |                 |   |
| PUP     | 500         | Research Methods                            | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 501         | Planning, History and Theory                | Comprehensive review of planning profession within a political, governmental, multicultural, and gender framework.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |
| PUP     | 505         | GeoDesign Principles                        | Systematic exploration and evaluation of alternative complex human-environmental systems using spatially and temporally explicit theories, data and methods.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): GIS 601 and 602, or PUP 576; Credit is allowed for only GIS 505 or PUP 505                           |
| PUP     | 515         | International Planning and Development      | Introduces globalization, international development, international planning practices and policies, urbanization and urban and regional planning in developing nations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 520         | Planning Practice, Ethics and Processes     | Reviews past and current theoretical developments related to social change perspectives, the role and ethics of planners.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |
| PUP     | 525         | Urban Housing Issues                        | Nature, dimensions, and problems of urban housing, government policy environment, and underlying economics of the housing market.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 425 or 525     |
| PUP     | 526         | Historic Preservation Planning Practice     | In-depth study of practical applications of historic preservation theory and methods. Overview of the professional work of the preservation field.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 527         | Preservation Planning                       | Explores the field of historic preservation. Overview of its historic development and the principles that guide its professional practice.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student. Credit is allowed for only PUP 444 or 527   |
| PUP     | 531         | Planning and Development Control Law        | Case studies on police power, eminent domain, zoning, subdivision controls, exclusion, preservation, urban redevelopment, and aesthetic and design regulation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 535         | Water Law and Planning                      | In-depth study of legal materials providing substantive knowledge of water law, water management issues, and land use planning options.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 535 or GPH 535 |
| PUP     | 541         | Economics of Environmental Planning         | Application and limitations of economics in environmental planning and policy making in the United States and internationally.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 441 or 541     |
| PUP     | 542         | Environmental Planning                      | Environmental policies and their relationship to environmental planning practices.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only PUP 442 or PUP 542         |
| PUP     | 544         | Urban Land Use Planning                     | Theory and methods of urban land use planning, including the rational planning process, comprehensive, functional, and neighborhood plans.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 547         | Gender, Activism, and the Built Environment | Explores issues of gender in the built environment. Includes traditional attitudes toward gender underlying the physical form and continuing impacts.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only WST 547 or PUP 547 |
| PUP     | 548         | Planning for Sustainable Communities        | Theory and applications connecting sustainability sciences and practice to urban environmental planning. Sustainable urban development, restoration, and preservation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 550         | Transportation and the Environment          | Examines transportation planning from the perspectives of land use planning, economic development, environmental planning, and social needs.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| PUP     | 553         | Urban Infrastructure Anatomy and Sustainable Development | Understanding how built environment infrastructure systems interact with ecosystem services is critical for policies and decisions directing urban sustainability. Brings together students from several disciplines to develop a semester-long research project focused on a particular urban sustainability problem in Phoenix. During the semester, students are given background on how infrastructure systems work and are interdependent, and explore tools and methods for urban sustainability assessment with peers from several disciplines. As a class, students evaluate a particular urban sustainability problem for Phoenix, interact with local policy and decision makers in developing solutions, and present their findings at the end of the semester to the ASU community. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree-or nondegree-seeking graduate. Credit for only CEE 507 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or PUP553 or 598(Urban Infrastruct Anatomy/Sustainable Dev) or SOS547 or SOS598 (Urban Infrastr Anatomy & Sustain Dev) |
| PUP     | 561         | Urban Design Workshop                                    | Workshop course focuses on applying knowledge and skills in a "real world" setting, developing meaningful planning and design proposals for existing urban areas.   | N                 | STO               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 562         | Tribal Community Planning                                | Study of tribal planning and best practice including underlying social, political and environmental issues.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 563         | Urban and Regional Security                              | Advanced course that critically examines the security of urban and regional form, space and places.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): GIS 601 and 602 (or PUP 576)   |
| PUP     | 565         | Sustainable Urbanism                                     | Examines the history, theory and practice of "sustainable urbanism," now defined by reform movements such as new urbanism, ecological urbanism, smart growth, and livable cities.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only PUP 465 or 565   |
| PUP     | 571         | Planning Methods I                                       | Theory, methods, and techniques of demographic and economic analysis utilized in urban planning.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 573         | Survey Research and Multivariate Statistics              | Methods of survey research design and primary data analysis for urban planning applications.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; PUP 570 with C or better; PUP 571 with C or better  |
| PUP     | 575         | Environmental Impact Assessment                          | Criteria and methods for compliance with environmental laws; develops skills and techniques needed to prepare environmental impact statements/assessments.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 576         | GIS Workshop   | GIS as a tool to address large, multifaceted problems.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GIS 515 or PUP 576   |
| PUP     | 577         | Communication and Visualization Tools in Planning        | Covers graphic and verbal skills required to effectively communicate planning information and ideas. Emphasizes digital graphics and other computer-based tools and presentation formats, focusing on applying visual strategies and tools most often used by planners to make a persuasive argument.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- seeking or nondegree- seeking graduate student; PUP 570 and 571 with C or better   |
| PUP     | 579         | Qualitative Research                                     | Covers key qualitative skills and techniques that planners require, including research design and the understanding of validity and reliability issues, case study research approaches, qualitative data collection strategies, and strategies for analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; PUP 570 with C or better; PUP 571 with C or better  |
| PUP     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 581         | Optimization Fundamentals for Spatial Analysis           | Covers the fundamentals of optimization for spatial analysis. Reviews elements of calculus, matrices and basic linear algebra. Introduces linear programming, integer programming and branch and bound, and heuristics. Provides the basics for use and application of GIScience and spatial analysis methods. Objectives include: (1) review basics of math, calculus and linear algebra; (2) introduce optimization approaches, including linear programming, integer programming and heuristics; and (3) apply these methods to structured problems.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only GIS 461, 561, PUP 481, 581, GCU 494 (Optimization Fundamentals) or 598 (Optimization Fundamentals)   |
| PUP     | 582         | Location Analysis and Modeling                           | Provides a technical overview of location theory in the context of GIScience, focusing on analysis and modeling issues. Relies upon applications associated with emergency service planning, natural resource management, retail site selection, among others to make connections among models, spatial information and interpretation of findings. Explores utilization and implementation considerations using GIS. Objectives include: (1) exposure to a range of location analysis and modeling approaches; (2) ability to apply approaches in combination with GIS and optimization software; and (3) capability of carrying out an application-oriented study relying on acquired skills.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Pre-requisites: GPH 581; Credit is allowed for only GPH 482, 582, PUP 482, 582, or 598 (Location Modeling)  |
| PUP     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Urban/Environmntl Planning MUEP student  |

| PUP     | 585         | International Field Studies          | Organized field study in specified international locations.   | N                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only GCU 485, GCU 586, GPH 485, GPH 585, LAP 485, LAP 585, POR 485, PUP 485 or PUP 585 |
| PUP     | 590         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisite: Graduate student   |
| PUP     | 591         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 592         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 593         | Applied Project                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 594         | Conference and Workshop              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 595         | Continuing Registration              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | IND               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1     |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 598         | Special Topics                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-4   |                 |   |
| PUP     | 599         | Thesis                               | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 | Pre-requisites: Urban and Environmental Planning graduate student   |
| PUP     | 600         | Research Methods                     | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 642         | Urban and Regional Economic Analysis | Land use and locational impact of economic activity and the urban real property market.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| PUP     | 644         | Public Sector Planning               | Urban fiscal problems and public goods provision in state and local governments.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 3     |                 |   |
| PUP     | 680         | Practicum                            | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 683         | Fieldwork                            | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 684         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 690         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 691         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |
| PUP     | 692         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Geographical Sciences and Urban Planning | 1-12  |                 |   |

| RDG     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |  |
| RDG     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| RDG     | 499         | Individualized Instruction                                   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 |  |
| RDG     | 505         | Developmental Reading  | For classroom and special reading teachers. Specific professional skills in decoding, comprehension, and evaluation. Required for Special Reading Endorsement.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student |
| RDG     | 507         | Content Area Literacy  | Theory, teaching strategies, and practical application concerning learning from text across subject matter disciplines.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 508         | Essential Elements of Elementary Content Area Literacy (K-8) | Presents theory, rationale, and teaching strategies concerning learning from oral, print, and electronic texts across subject-matter disciplines. Emphasizes practical application of content area literacy principles. Familiarizes participants with the literate lives of today's youth, facilitate participants' inquiry into strategies to motivate students in content learning, and provide strategies to improve students' comprehension and application of content material. Readings, online inquiries, and assignments focus on application of course content. Emphasizes implications of recent research and theory in content literacy and adolescent literacy.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 509         | Essential Elements of Secondary Content Area Literacy (6-12) | Presents theory, rationale, and teaching strategies concerning learning from oral, print, and electronic texts across subject-matter disciplines. Emphasizes practical application of content area literacy principles. Familiarizes participants with the literate lives of today's youth, facilitate participants' inquiry into strategies to motivate students in content learning, and provide strategies to improve students' comprehension and application of content material. Readings, online inquiries, and assignments focus on application of course content. Emphasizes implications of recent research and theory in content literacy and adolescent literacy.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 512         | Theoretical Foundations in Language and Literacy             | Introduces theoretical lenses useful in understanding issues in language and literacy education and research.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 520         | Essential Elements of Elementary Literacy (K-8)              | Intended for practicing teachers, focuses on the development of a comprehensive approach to Reading and Writing Instruction K-8.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 525         | Emergent Literacy  | Examines current and classic research on oral language and literacy development and effective strategies for teaching language and literacy from birth through kindergarten, including phonemic awareness and alphabet instruction and beginning decoding.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ECD 525 or RDG 525    |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                                    | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| RDG     | 531         | Language and Literacy I                                       | Focuses on the theoretical knowledge and pedagogical skills necessary to equip future teachers to plan and implement high-quality reading and writing instruction in a classroom setting. Course objectives and topics are aligned to standards for reading and research from the International Reading Association (IRA), Arizona College and Career Ready Standards (ACCRS), Interstate Teacher Assessment and Support Consortium (InTASC) standards, and the National Reading Panel Report (2000). Focuses on reading readiness, language development, phonemic awareness, phonics, fluency, vocabulary and comprehension. Presents strategies and assessments to support struggling readers as well as a variety of ability levels and cultural and linguistic backgrounds to include English language learners. | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Teachers College graduate student; Credit is allowed for only RDG 531 or SPE 538  |
| RDG     | 532         | Language and Literacy II                                      | Builds on the theoretical knowledge and pedagogical skills presented in the previous course. Uses diagnostic assessments in the planning and implementation of intervention literacy lessons for struggling readers/writers in a classroom setting as part of the course case study assignment. Includes differentiated instructional and assessment strategies to address the needs of diverse learners to include English language learners. Also includes an emphasis on writing and composition to ensure future teachers have the knowledge necessary to teach all forms of writing in the elementary classroom. Includes an overview of the historical development of children's literature and the criteria necessary for analyzing and selecting all genres of quality children's literature.                | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Teachers College graduate student; Pre- or corequisite(s): RDG 531  |
| RDG     | 550         | Practicum Experiences in Elementary and Secondary Reading     | Practicum experience utilizing assessment and instructional techniques for classroom settings. See RDG 557 for State of Arizona reading endorsement.   | N                 | PRA               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 555         | Formal Measures of Literacy                                   | Understanding the attributes of standardized tests and applying this information to analyze, select, and explore their use.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 556         | Assessment and Procedures in Elementary and Secondary Reading | Techniques for classroom and clinical reading/literacy assessment and instruction. Emphasizes continuous assessment. May be taken concurrently with RDG 550 or 557. Recommended for State of Arizona reading endorsement.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RDG     | 557         | Advanced Elementary and Secondary Reading Practicum           | Advanced practicum experience utilizing specialized reading and other assessment and instruction techniques for classroom and clinic settings. Lab sections. Recommended for State of Arizona reading endorsement. May be taken concurrently with RDG 556.   | N                 | PRA               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 563         | Children's Literature   | Selects and uses children's literature and related nonprint media to support the elementary school curriculum.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 572         | Literacy Teacher Leader                                       | Provides a foundation in educational and instructional leadership that support continuous school literacy improvement. Also provides opportunities to apply these fundamentals by creating and conducting literacy workshops/professional development for a group of teachers or other literacy educators. Meets the leadership requirement for the AZ Reading Endorsement and serves as the capstone class for the Master of Arts in Curriculum and Instruction with a concentration in Language and Literacy.  | N                 | SEM               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Curriculum and Instruction (Literacy Education) MA student; Credit is allowed for only RDG 572 or RDG 598 (Literacy Teacher Leader) |
| RDG     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |
| RDG     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Postbaccalaureate Undergraduate student                                     |

| RED     | 501         | Urban Economic and Real Estate Development Principles                         | Explores the basic principles of urban economics and their application to real estate decision making.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| RED     | 502         | Real Estate Valuation-Finance and Capital Markets                             | Addresses the concepts of valuation applied to real estate and teaches how to apply these principles. Intermediate- to advanced-level course in mortgage finance, and associated capital market innovations.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only RED 691-Real Estate Fin/Analysis or RED 502 |
| RED     | 503         | Real Estate Market Analysis   | Focuses on market analysis and market data gathering methods, means, and techniques necessary in identifying market opportunities and developing specific market strategies for successful real estate development.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only RED 503 or 591 (Real Est Site Analys/Dsg)   |
| RED     | 504         | Real Estate Site Analysis, Master Planning and Design                         | Analyzes the physical characteristics of a property, including the site and physical area, legal, political, economic, and financial facts that impact the highest and best use of a property and what can be built upon the property.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 504 or 591 (Real Estate Develop Principles)              |
| RED     | 505         | Land Use Law and Public Entitlement Process                                   | Covers a basic understanding of the legal and practical zoning and governmental land entitlement process. Examines the legal history, structure, and implications of zoning, as well as the fundamentals of "real life" situations that occur in the entitlement and real estate development field. Provides a broad overview of this process from a legal and development viewpoint, but is not intended to be a comprehensive analysis of all entitlement issues.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 505 or 591 (Mkt Segmentation/Analysis)                   |
| RED     | 506         | Real Estate Law for Developers  | Covers the nature of property and the legal system as it relates to purchase agreements, title, surveys, declarations of covenants, defining easements, and licenses among other related topics.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 506 or 591 (Public Entitlement Process)                  |
| RED     | 507         | Synthesis Project #1 Residential Development                                  | Employs the students learning through application of developing a specific parcel of land.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 1     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 507 or 591 (Mkt Segmentation/Analysis)                   |
| RED     | 508         | Real Estate Engineering and Construction                                      | Explores the basic principles of engineering and construction of real estate development projects. Reviews construction technologies within the framework of architectural design and engineering as well as construction means, methods, and systems.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: Graduate (degree or nondegree) student; Credit is allowed for only RED 508 or 598 (Compar Analys; in Fill Housing)              |
| RED     | 509         | Advanced Financial Analysis for Commercial Real Estate                        | Teaches more complex financial analysis of income-producing property, including various decision-making tools such as Monte Carlo, option pricing, assessing alternatives, and how to build these into financial models. Also teaches financial analysis of business structures to determine potential outcomes such as debt and equity structures, waterfalls, claw backs, and other business and ownership concepts. Emphasizes strategic alternatives, assessing risk and conversion events.                   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 509 or 691 (Contemp Issues Real Estate Dev)  |
| RED     | 510         | Real Estate Development Business and Project Management                       | Teaches management of real estate development companies and process. Students learn the various aspects of project management, financial management and project accounting, lending relations and managing loans and pay applications as well as dispute resolution and strategic partnerships.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 3     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 510 or 598 (Income Analys; Comm/Retail)  |
| RED     | 511         | Design of the Built Environment   | Teaches the built environment and how that applies to creation of places, market positioning, capturing value and the importance of good design to the business of real estate.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 511 or 691 (Real Estate Dev Project Mgmt)  |
| RED     | 512         | Real Estate Law for Developers  | Teaches issues faced by developers such as various types of financing structures, including special districts, TIF and bond financing. Covers issues and process of raising capital and various forms of securing equity. Discusses private placement memorandums, limited liability companies, partnerships and public private partnerships. Students also learn about environmental law, income tax issues, negotiation, and alternative dispute resolution.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 512 or 691 (Adv Real Estate Finance/Analys)  |
| RED     | 513         | Advanced Real Estate Engineering, Construction Management and Sustainable D 2 | Covers various construction delivery methods, construction project management and scheduling, construction contracts, mechanics and materialmans liens, and pay applications. Students also learn about sustainability and the built environment.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Pre-requisite: MRED student; Credit is allowed for only RED 513 or 691 (Real Estate Dev. Project Mgmt)   |
| RED     | 514         | Synthesis Project #2 Income Property Development                              | Through application to a specific problem given by faculty, students work in teams to analyze and seek solutions to development of land for an income-producing property. Students investigate a specific parcel of land, performing due diligence, preparing a market and segmentation analysis, defining highest and best use(s), designing a solution, preparing residual land value analysis, defining a product offering, pricing points, building design, site planning and comparative valuation analysis. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Finance | 2     |                 | Prerequisite(s): MRED student; Credit is allowed for only RED 514 or RED 691 (Adv Real Estate Finance/Analys)                                  |

| RED     | 520         | Real Estate Development Business and Project Management Internship   | Integrates the knowledge and skills cultivated in the MRED program (real estate business management, creative problem solving, team building, critical analysis and thinking). Helps students secure relevant functional and industry experience by providing hands-on work experience across a variety of internship sites demonstrating the varied and changing demands and possibilities of work within the real estate industry. Uses internship experiences to analyze the shifting landscape of work and to assess potential employment environments and career paths.  | N                 | PRA               | N               | YGB           | W.P. | REL     | 101         | Religion, Culture and Public Life                                    | Explores how religions are conditioned by cultural values and operate in the political sphere.  | Y                 | LEC               | Y               | GNA           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | (L or HU) & G   |  |
| REL     | 107         | Religion and Globalization   | Explores how different religions interact with the various processes of globalization, including how the world's major religions have been transformed by economic, political, cultural, and technological aspects of globalization. Topics include religious terrorism, human rights, religion, and gender.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU & G          | Credit is allowed for only REL 107, 194 (Religion and Globalization) or SGS 107  |
| REL     | 111         | Introduction to Asia   | Offers a basic introduction to the geography, history, cultures, states, and societies of South and Southeast Asia as well as China, Japan, and Korea.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H & G      | Credit is allowed for only HST 111 or REL 111  |
| REL     | 131         | Biblical Hebrew I  | Offers an introduction to Biblical Hebrew, the language in which most of the books of the Hebrew Bible/Old Testament have been written. Provides the basic tools to understand and translate Biblical Hebrew texts. Covers the Hebrew alphabet, basic vocabulary, morphology and syntax. Students learn idiomatic expressions, basic literary techniques in narratives and poetry, as well as specificities of Semitic languages. Emphasizes a critical approach to the ancient text. Also introduces the evolution of the biblical text, from ancient manuscripts to contemporary editions and translations. Includes an introduction to the development of writing and to the evolution of Hebrew, from earliest inscriptions to its revival in modern Israel. The texts translated in class are situated in the history of Israel, but also in their Jewish and Christian cultural and religious contexts. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Credit is allowed for only HEB, JST, REL 131 or HEB 194 (Biblical Hebrew I)  |
| REL     | 132         | Biblical Hebrew II   | Completes the study of basic Biblical Hebrew grammar and vocabulary (Futato's Beginning Biblical Hebrew, chapters 21-40). Prepares students to translate narrative and legal texts from Hebrew Bible. Students learn to use dictionaries, grammars, paradigms and critical editions of the biblical text.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 131 or HEB 194 (Biblical Hebrew I) with C or better; Credit is allowed for only HEB, JST, REL 132 or HEB 194 (Biblical Hebrew II) |
| REL     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours  |

| REL     | 211         | Jews and Judaism in America                          | Chronological analysis of Jews and Judaism in American history and letters.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | SB & H          | Credit is allowed for only HST 211 or JST 211 or REL 211   |
| REL     | 225         | African American Religion                            | Introduces the history and development of the African American religious tradition.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU & C          |  |
| REL     | 230         | Introduction to Jewish Civilization                  | Overview of Jewish civilization from antiquity to the present. Answers the following questions: Who are the Jews? What do Jews believe? How did Jews interact with non-Jews? What was the lasting contribution of Jews to the world? In the attempt to answer these questions, provides the skills of being a good college student. Presents Judaism as an evolving civilization with an overarching distinctive culture but with a variety of subcultures and ethnic diversity. Presents the Jewish civilization through literature, films, music, and internet resources, with an overview of its complexity and diversity. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     | HU & H & G      | Credit is allowed for only HST, JST or REL 230   |
| REL     | 231         | Biblical Hebrew III                                  | Advanced study of Biblical Hebrew. Deepens understanding of the grammar and composition of the Hebrew Bible. Translates texts of different literary genres (narrative, legal, poetic, prophetic) and different periods. Introduces the basic principles of textual criticism and different approaches to interpret the texts of the Hebrew Bible.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 132 or HEB 194 (Biblical Hebrew II) with C or better; Credit is allowed for only HEB, JST, REL 231 or HEB 294 (Biblical Hebrew III) |
| REL     | 232         | Biblical Hebrew IV                                   | Addresses advanced topics in Biblical Hebrew grammar and interpretation. The first half of the semester is devoted to texts from the Hebrew Bible; the second half on extra-biblical texts written in ancient Hebrew (for example: Dead Sea Scrolls, Rabbinic texts, ancient Hebrew poetry). Topics and texts change annually.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): HEB, JST, REL 231 or HEB 294 (Biblical Hebrew III) with C or better; Credit is allowed for only HEB, JST, REL 232 or HEB 294 (Biblical Hebrew IV) |

| REL     | 300         | The Future of Religions             | Critical theorists of modern religious and secular beliefs argued that both theism and atheism have had their martyrs and tyrants. Nietzsche proclaimed "God" of the West dead, Marx unmasked religion as opium for the oppressed masses, and Freud analyzed religious future as an unconscious illusion. The future of secular progress has become equally suspect in the wake of the Holocaust, Hiroshima, the gulags, the killing fields of Cambodia, Rwanda. Globally motivated terror revealed itself as capable of religious as much secular justifications. The future of faith and reason has become a doubly open theoretical and practical question in philosophy, religious studies, literary study, critical theory, cultural and gender studies, and all sciences. Applies theoretical and methodological tools to critically exam beliefs, practices, and communities and their role in both generating and transforming the ethical and spiritual discontents of the global age. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | L or HU         | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only HON 394 (The Future of Religions) or PHI 303 or REL 300   |

| REL     | 504         | Digital Humanities: Critical Theory and Methods | Digital technologies are now intricately woven into our lives--whether it's in terms of authoring a paper in a text editor, sending texts and emails, or doing data analysis. Popular narratives of the "big" and the "new" celebrate and sometimes bemoan the ways that these tools shape our communication, access to information, habits and even our physical bodies. Focuses on the histories of these technologies, their operations, popular conceptions about such tools, and their affordances and limits for humanities scholarship. Students learn how to leverage digital technologies, but also how to critically read them. Broad ranging; in addition to surveying the "big tent," students are encouraged to utilize their final projects to engage with specific disciplinary digital tools and methods relevant to their scholarly work. | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only CDH 501 or HST 504 or REL 504       |

| REL     | 585         | Philosophical and Spiritual Issues in Death and Dying | From Plato to Maimonides to Heidegger to Kubler-Ross, scholars, clinicians, and spiritual writers have recognized that attitudes about death and dying contribute to understandings of human existence. Recalling the ancient Socratic, biblical, and other spiritual traditions of the cura animarum (care for and cure of the soul) and joining contemporary post/secular conversations relevant to integration of body-mind-spirit, this course introduces basic concepts and practices of care ethics and spirituality. Focuses on relations among existential (ontological), therapeutic (psychosomatic), and spiritual (religious) dimensions of care. Theoretically, the course is inter-faith in approach, holistic in scope, and specialized in content. Practically, students examine real-life issues in care ethics and spirituality from multiple perspectives. | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3-9   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only MAS, PHI 550 or REL 585   |

| RUS     | 211         | Basic Russian Conversation I                                  | Intensive aural/oral drill to supplement reading and grammatical skills acquired in RUS 101, 102, 201, and 202. Required of Russian majors.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 102 with C or better; Corequisite(s): RUS 201, 202, or 295  |
| RUS     | 212         | Basic Russian Conversation II                                 | Intensive aural/oral drill to supplement reading and grammatical skills acquired in RUS 101, 102, 201, and 202. Required of Russian majors.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 102 with C or better; Corequisite(s): RUS 201, 202, or 295  |
| RUS     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                   |  |
| RUS     | 295         | Russian for Heritage Speakers                                 | Heritage speakers of Russian learn to consciously analyze their passive knowledge of Russian grammar and learn grammatical analysis so that they can master advanced grammatical structures which their native Russian peers use in college-level superior proficiency discourse.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                   | Students may not enroll in RUS 295 if credit with C or better earned in RUS 202  |
| RUS     | 311         | Russian Composition and Conversation I                        | Develops writing ability and oral expression.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 202 or 295 with C or better   |
| RUS     | 312         | Russian Composition and Conversation II                       | Develops writing ability and oral expression.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 202 or 295 with C or better   |
| RUS     | 321         | Foundations of Russian Literature                             | An in-depth study from Early Kievan religious writings and the medieval epic "The Lay of Igor's Host", to folklore and 18th Century literary movements in prose, poetry and drama.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU                | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 322         | Scandals and Scoundrels: The Nineteenth-Century Russian Novel | An in-depth study of the Golden Age of Russian literature, including novels of Pushkin, Lermontov, Gogol, Khvoshchinskaia, Turgenev, Dostoevsky, Tolstoy, and Chekhov. Taught in English.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 323         | Russian Literature and Revolution: The Twentieth Century      | An in-depth study of 20th-Century Russian prose and poetry by Zinovieva-Annibal, Gorky, Bely, Babel, Mayakovsky, Platonov, Pasternak, Erofeev, Petrushevskaja, and other writers. Taught in English.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G     | Pre-requisites: ENG 102, 105 or 108; Credit is allowed for only RUS or SLC 323   |
| RUS     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                   |  |
| RUS     | 411         | Advanced Composition and Conversation I                       | Improves aural discrimination and self-expression in oral and written skills, emphasizing vocabulary building. Subject materials drawn from current post-Soviet-Russian publications.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 412         | Advanced Composition and Conversation II                      | See RUS 411.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 421         | Pushkin   | Pushkin's poetry, plays, and prose fiction, including Eugene Onegin, The Little Tragedies, Tales of Belkin, Queen of Spades and The Captain's Daughter. Taught in English. Does not satisfy the The College of Liberal Arts and Sciences language requirement for BA degree.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           |  |
| RUS     | 423         | Dostoevsky and Tolstoy  | An in-depth study of Dostoevsky's and Tolstoy's major works, including "Crime and Punishment", "Brothers Karamazov", and "Ana Karenina". Taught in English.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 424         | Tolstoy and War and Peace in Russian Literature and Cinema    | In English, course includes Tolstoy's War and Peace, the Sebastopol Tales, and Hadji Murad; Babel's Red Cavalry (Russian Civil War); and classic films of War and Peace, World War II, and the war in the Caucasus.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105, or 108 with C or better   |
| RUS     | 425         | Chekhov and Russian Drama                                     | An in-depth study of Chekhov's major works, representative short stories and major plays, including "The Cherry Orchard" and "Three Sisters". Taught in English.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): ENG 102, 105 or 108 with C or better; Credit is allowed for only RUS or THE 425   |
| RUS     | 430         | Russian Short Story   | Detailed study of representative works of the Russian short story genre. Includes authors from both Imperial and Soviet Russia.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | L or HU           | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 439         | Art in Exile: Vladimir Vladimirovich Nabokov                  | In English. The scandalous success of Lolita (1955) allowed Vladimir Nabokov to retire from teaching at Cornell University and move to Switzerland to devote himself to fiction, translation, criticism and lepidoptery. This was only one of the many metamorphoses that Nabokov, a Russian noble, underwent while in exile, moving from Russia to the Crimea, Cambridge UK, Berlin, Paris, Cambridge MA, Ithaca, Hollywood and finally Montreux. Examines the Russian roots of Nabokov's Russian (in translation) and American novels about exile: his first novel, Mary (1926), The Defense (1929), Glory (1932), and his tribute to 19th-century Russian literature, The Gift (1938), which he considered his greatest Russian novel. These are followed by Lolita (1955), Pnin (1957) and Pale Fire (1962), his memoirs, Speak, Memory (1966), and some essays and short stories. Films include Lolita by Stanley Kubrick (1962) and Adrian Lyne (1997). | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & L            | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only RUS 439 or SLC 439 or ENG/RUS/SLC 494 (Art in Exile: Vladimir Vladimirovich Nabokov) |
| RUS     | 440         | Russian Mass Media  | Explores various aspects of modern Russian life through printed mass media, especially Internet media sources, and helps to develop advanced spoken, listening, reading and written skills in Russian. Students work with live television news broadcasts and investigate the most important general sources of electronic information, including electronic newspapers and the main Russian Web sites on a wide range of issues such as culture and the arts, government and politics, business and economics, armed conflicts, and accidents and catastrophes.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G                 | Prerequisite(s): RUS 211; 212 with C or better. Credit is allowed for only RUS 440 or RUS 494 (Russian Mass Media)   |
| RUS     | 441         | Survey of Russian Culture                                     | Interplay of artistic, social, and political forces in the development of Russian culture from the Kievan period to the present. Exclusive use of Russian language source materials.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | (L or HU) & G & H | Prerequisite(s): RUS 312 with C or better  |
| RUS     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                   |  |

|---------|-------------|---------------------------------|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| RUS     | 492         | Honors Directed Study           | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   |                 | Prerequisite(s): Barrett Honors student                               |
| RUS     | 493         | Honors Thesis                   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   | L               | Prerequisite(s): Barrett Honors student                               |
| RUS     | 494         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| RUS     | 498         | Pro-Seminar                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-7   |                 |   |
| RUS     | 499         | Individualized Instruction      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-3   |                 |   |
| RUS     | 590         | Reading and Conference          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |   |
| RUS     | 598         | Special Topics                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| SAO     | 191         | First-Year Seminar              | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Office of the Provost                    | Office of the Provost                        | 1-3   |                 | Pre-requisites: Must be a freshman with 25 or less total earned hours |
| SAO     | 194         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Office of the Provost                    | Office of the Provost                        | 1-4   |                 |   |
| SAO     | 196         | Study Abroad Office Placeholder | Reserved for undergraduate participants in Study Abroad Office (SAO) Partnership and Exchange study abroad programs. This placeholder course remains on the student's academic record until the student's record is updated by SAO following the completion of the student's study abroad program. This course is then dropped and replaced with the ASU courses, credits, and grades equivalent to the coursework completed abroad. Students must register for at least the number of credits equivalent to full-time study at ASU (i.e., 12 hours during the fall and spring semesters, or 1-6 hours during the summer session). Students participating in an SAO Partnership program must register for the topic "SAO: Study Abroad Program"; participants in an SAO Exchange Program must register for the topic "SAO: Exchange Program." NOTE: This placeholder course is not an indication of the level of coursework or the total number of credits the student may complete abroad. Acceptance to an ASU Study Abroad Office program is required. | Y                 | LEC               | Y               | OPT           | Office of the Provost                    | Office of the Provost                        | 1-18  |                 |   |
| SAO     | 294         | Special Topics                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Office of the Provost                    | Office of the Provost                        | 1-4   |                 |   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| SBS     | 200         | Introduction to Social and Behavioral Sciences | Overview of the social and behavioral sciences, indicating their contributions to society and emphasizing interdisciplinary integration   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              |   |
| SBS     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-4   |                 |   |
| SBS     | 300         | Careers in Psychology                          | Professional and academic careers in psychology, with a focus on both career and adult development. Provides opportunities to enhance self-assessment and evaluation strategies for both academic planning and postbaccalaureate professional pursuits while also addressing current issues that affect us at any stage of development.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SBS     | 301         | Cultural Diversity                             | Critical analysis of the complexities of the cultural politics of difference in the contemporary United States. Through interdisciplinary and comparative study, examines a range of theoretical and public/popular cultural discourses about the cultural contributions, experiences, perspectives of, by, and about U.S. residents of diverse racial, ethnic, class, gender, sexual, and transnational origins or identities. Analyzes the social conditions and historical precedents that have shaped current diversity concepts and debates, deepening knowledge and understanding of multiple perspectives on these issues and their relevance to social and behavioral sciences. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | (L or SB) & C   | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum junior standing  |
| SBS     | 302         | Qualitative Methods                            | Basic methodological issues in the systematic application of qualitative analysis of human social life. Surveys range of qualitative methods used by social and behavioral scientists.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 303         | Quantitative Methods                           | Concepts underlying design and implementation of quantitative research methods.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 304         | Social Statistics I                            | Statistical techniques of the social and behavioral sciences.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | CS              |   |
| SBS     | 335         | Power and American Democracy                   | Explores how persistent patterns of marginalization and privilege impede the realization of democratic ideals in U.S. society. In particular, unpacks how, in practice, different forms of political power reinforce or challenge persistent patterns of marginalization and privilege. In combination with the study of power as the repression and control of others' actions, the course also explores power as exercised in the collective production of social boundaries. Students learn how to better analyze, critique and engage with different forms of power operating in U.S. society.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only POS 335 or SBS 335 or POS 394 (Power and American Democracy) or SBS 394 (Power and American Democracy) |
| SBS     | 339         | Grassroots Social Movements                    | Explores how groups mobilize collectively to produce social, political, economic, and cultural change, with an emphasis on the United States.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ASB 339 or POS 339 or SBS 339 or SOC 339   |
| SBS     | 342         | Mexico-U.S. Borderlands                        | Contemporary examination of socioeconomic and political dimensions of border communities, and formation of Mexican-origin communities within and outside the Southwest.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & C          | Credit is allowed for only ASB, SBS or SOC 342  |
| SBS     | 356         | Central American Studies                       | Part of the summer ASU study abroad Costa Rica Program, which is a language and social sciences immersion program in the capital city, San Jose. A summer offering permits students to enroll in the program without conflicting with full course loads during the fall or spring semester. However, the course is proposed as a stand-alone course that can be offered in a regular semester as well.  | N                 | REC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          | Credit is allowed for only ASB 356 or GCU 356 or POS 354 or SBS 356 or SOC 356  |
| SBS     | 374         | Cultures and Politics of the Internet          | Explores the culture and politics of the Internet in global perspective, including virtual communities, free software, copyleft, blogs, and hacktivism.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB              | Credit is allowed for only ASB, POS, SBS or SOC 374   |
| SBS     | 389         | Ethnographic Field Lab                         | Hands-on, guided ethnographic qualitative research and interpretative analysis.   | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-6   |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 389 or SBS 389 or SOC 389   |
| SBS     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 1-4   |                 |   |
| SBS     | 404         | Social Statistics II: Multivariate Analysis    | Analysis of variance, multiple regression, dummy variable regression, path analysis, and related topics. Computer application to problem solving.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | CS              | Prerequisite(s): SBS 303 with C or better; SBS 304 with C or better   |
| SBS     | 410         | Topics in Identity/Difference                  | Topics which focus on race/ethnic, gender, sexual or cultural identity/difference. May be repeated for credit when topics vary.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 430         | Topics in Power/Knowledge                      | Selected topics concerning the effects of political and social institutions on perceptions of politics and political culture. May be repeated for credit when topics vary.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 440         | Family Studies                                 | Theoretical frameworks for analyzing the development of family systems. Impact of social and economic conditions on family forms. May be repeated for credit when topics vary.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     |                 |   |
| SBS     | 447         | Citizenship, Nationalism and Identity          | Critical examination of citizenship, national belonging and identities by examining contemporary social issues and discourses from global and comparative perspectives. Aims to understand complexities of national belonging that go beyond legal, formal citizenship, such as how cultural, racial/ethnic, class and gender differences challenge the limits of national citizenship. Explores case studies that show how members of different societies demonstrate their positions as legitimate national citizens in different and often conflicting ways, especially in order to defend social justice and human diversity.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & C & G      | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 447 or POS 447 or SBS 447   |
| SBS     | 450         | Topics in Local/Global                         | Examines links among social, political, economic changes at local, national, global levels. May be repeated for credit when topics vary.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Social and Behavioral Sciences | 3     | SB & G          |   |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|-------------------------------|--|-------|-----------------|--|
| SBS     | 460         | Global Cities   | This close look at megacities in the global south decisively challenges the outdated impression that the rest of the world's cities still lag way behind the U.S. and Europe. The social sciences' debate over "global cities" anchors our examination of the reorganization of metropolitan social space under impact of neoliberal globalization since the 1970s. Explores urban inequalities of slums and dreamworlds; compares vernacular and transnational styles of urbanism (in architecture, design, markets, consumerism, jobs, ads, ways of living); and asks how transnational flows of people, capital and culture have reconfigured ethnic relations and national identities rooted in global cities. Students become virtual transnational flâneurs, tacking between the slums and skyscrapers of global cities, and conduct guided research on a global megacity to investigate how the production of the global city changes the lived space and urban culture of local residents, and how they respond. We ask, whose city is it? | N                 | LEL               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     | SB & G          | Prerequisite(s): minimum junior standing; Credit is allowed for only ASB 442 or SBS 460  |
| SBS     | 480         | Global Justice  | Explores questions of justice that cross national borders, including delivery of foreign aid, immigration, and military intervention.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     | G               | Credit is allowed for only POS 480, SBS 480, CMN 598 (Global Justice), JHR 598 (Global Justice) or MAS 598 (Global Justice)  |
| SBS     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-12  |                 |  |
| SBS     | 490         | Senior Thesis I                                       | Supervised, independent, interdisciplinary research and writing on an intellectual issue or social problem chosen by the student. First part of a six-semester-hour sequence, followed by SBS 491.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     |                 |  |
| SBS     | 491         | Senior Thesis II                                      | Supervised, independent, interdisciplinary research and writing on an intellectual issue or social problem chosen by the student. Second part of a six-semester-hour sequence.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 3     |                 |  |
| SBS     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SBS     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| SBS     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-4   |                 |  |
| SBS     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-7   | L               |  |
| SBS     | 499         | Individualized Instruction                            | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-3   |                 |  |
| SBS     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences  | School of Social and Behavioral Sciences | 1-4   |                 |  |
| SCM     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 1-4   |                 |  |
| SCM     | 300         | Global Supply Operations                              | Explores modern global integrated supply chain management. Covers traditional supply chain topics such as procurement, inventory management, operations, quality management, logistics and transportation. Also discusses issues related to sustainability, humanitarian logistics, ethical business practices and supply chain analytics in the context of evolving supply chains around the world. Students discover how business processes, performance metrics and modern supply chain IT tools aid in the management and growth of effective and efficient supply chains.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s) with C or better: BUS or Non-BUS major with min 2.50 GPA: ACC 231, 232, or 261; CIS 105, CIS 236, or CON 251; ECN 221, ECN 231, or STP 280; MAT 211 or 271 OR Engr Mgmt major: CSE 205; IEE 380; MAT 266; Corequisite(s): ACC 241, 242, or 271 |
| SCM     | 301         | Introduction to Modern Global Supply Chain Management | Examines the purchasing, operations, and logistics functions from the customer, producer, and employer perspective.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): non-Business major; minimum 2.00 ASU cumulative GPA; minimum 56 earned hours. Credit is allowed for only SCM 300 or SCM 301   |
| SCM     | 303         | Honors Global Supply Operations                       | Provides an overview of supply chain management, specifically for Barrett Honors students. Explains principles and concepts from a managerial perspective and how they are used for decision making. Course topics include supply management, operations management and logistics management as applied to a supply chain system. Discusses planning, forecasting, performance measurement and improvement, and collaboration from the perspective of providing excellent customer service. Current topics of interest include the impact of sustainability, security and globalization on managing today's supply chains. Class methodology focuses on an open-forum discussion of principles and a detailed analysis of case studies.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management    | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; Barrett Honors student; ECN 221 or 231 with C or better; Pre- or corequisite(s): ACC 241, 242, or 271  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-------------------------------|---------------------------------------|-------|-----------------|---|
| SCM     | 314         | Analytics for Logistics                                  | Focuses on practical tools for real-world decision making.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey BA or BS major; SCM 300 or SCM 303 with C or better   |
| SCM     | 315         | Business Decision Models                                 | Introduces quantitative tools used to aid management decision making.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 300 or 303 with C or better  |
| SCM     | 344         | Applied Logistics Management                             | Presents a synthesis of the principles in logistics (and supply chain) activities emphasizing the operation and integration of activities such as transportation, inventory, warehousing, facility location, customer service, packaging and materials handling.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Pre- or corequisite(s): SCM 314 with C or better if completed   |
| SCM     | 345         | Logistics Management                                     | Explores the many areas of supply chain management; in each case the logistics view is described and understood. Emphasizes movement of product/material, information and money in each section.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; Pre- or corequisite(s): SCM 315 with C or better if completed                       |
| SCM     | 354         | Procurement of Services                                  | Management of the supply function for logistics-based organizations. Allows students to better understand the nature of procuring a service, contracting that service and establishing appropriate performance metrics.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 300 or SCM 303 with C or better  |
| SCM     | 355         | Supply Management  | Management of the supply function, including organization, procedures, supplier selection, quality, inventory decisions, and price determination.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     | L               | Prerequisite(s): W.P. Carey Supply Chain Management BS student; SCM 300 or 303 with C or better   |
| SCM     | 385         | Business and Sustainability I                            | First of two related courses; provides a general overview of sustainability topics that are important to business today with a focus on consumer products and services and the social and environmental impact of the organizations that provide them.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): minimum 60 hours; SCM 300 or SOS 110 with C or better; Credit is allowed for only SCM or SOS 385                                 |
| SCM     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-4   |                 |   |
| SCM     | 432         | Planning and Control Systems for Supply Chain Management | At the core of all supply chain management processes and essential to the determination and direction of the flow of resources needed to produce goods and services. Uses Microsoft Excel for supporting analysis. Includes processes and methods to forecast, manage inventory, plan needed capacity, determine resources needed for production, determine priority and sequencing of activities, perform master scheduling and material requirements planning.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 315 with C or better; SCM 345 with C or better; Pre- or corequisite(s): SCM 355 |
| SCM     | 440         | Quality Management/Measurement                           | Provides a broad introduction to quality management frameworks and tools, with an emphasis on supply chain and operations management issues. Introduces modern quality management approaches including Total Quality Management, Lean and Six Sigma. Students learn how to define quality for a product or service, develop appropriate measurement systems, and apply statistical and systems thinking to control and improve the underlying processes. Covers quality awards and performance excellence programs and quality management systems such as the ISO 9000 family of standards.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Business (Retail Management) BA or Supply Chain Management BS major; SCM 300 or 303 with C or better                  |
| SCM     | 445         | Advanced Logistics Management                            | Logistics processes account for approximately 10% of U.S. GDP; therefore, the efficient and effective execution of these processes is critical to supply chain managers in corporations, government entities and nonprofit organizations. Includes an overview of the processes involved, a survey of the institutions and players in the processes, and the analytical tools to evaluate their efficiency and effectiveness.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 344 with C or better   |
| SCM     | 455         | Research and Negotiation                                 | Supply management ensures an organization has resources (i.e., materials, services, equipment) to deliver on promises to stakeholders. This happens by strategically designing supply systems for categories of spend and creating favorable supply agreements. A real-world class project and a real-time contract negotiation simulation helps students understand (1) the relationship among organizational, supply management and purchase category objectives; (2) frameworks and tools to analyze the supply conditions of a category, specifically spend analysis, market/demand analysis and price/cost analysis; (3) how to develop category strategies to ensure adequate and highest value resource supply into the future; (4) the translation of category strategies into manageable supply contracts; and (5) the requisite skills and processes for planning and executing successful contract negotiations. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 355 with C or better  |
| SCM     | 463         | Global Supply Chain Management                           | With increased globalization and offshore sourcing, global supply chain management is becoming an important issue for many businesses. Like traditional supply chain management, the underlying factors behind the trend are reducing the costs of procurement and decreasing the risks related to purchasing activities. The big difference is that global supply chain management involves a company's worldwide interests and suppliers rather than simply a local or national orientation. Enables students to appreciate the challenges of operating supply chains across international boundaries including how to manage various salient issues including sociocultural, economic, technological and political factors that may shape decisions relating to sourcing and moving goods and services across different geographical boundaries.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     | G               | Prerequisite(s): W.P. Carey BA or BS major; SCM 300 or 303 with C or better   |

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|-------------------------------|---------------------------------------|-------|-----------------|---|
| SCM     | 479         | Supply Chain Strategy                       | Discusses the management of supply chains at the strategic level and from a systems point of view. Views key supply chain functions, drivers and metrics within an integrated system. Topics include network design, innovation, sustainability, coordination and management of the critical areas of the supply chain. Class methodology focuses on an open-forum discussion of supply chain strategy and a detailed analysis of case studies. Student teams investigate and report on current news and trends in supply chain management.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 3     | L               | Prerequisite(s): W.P. Carey Supply Chain Management BS major; SCM 355 with C or better; SCM 432 with C or better                                |
| SCM     | 484         | Internship                                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 485         | Business and Sustainability II              | Second of two related courses focusing on the environmental, social and economic dimensions of sustainable technologies and exposes students to a variety of related concepts and theories. Describes technology hotspot analysis, life cycle assessment and a variety of models of technology forecasting and diffusion.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): SCM 385 or SOS 385 with C or better; Credit is allowed for only SCM 485 or SCM 494 (Business and Sustainability II) or SOS 485 |
| SCM     | 493         | Honors Thesis                               | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SCM     | 494         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-4   |                 | Pre-requisite(s): Minimum 60 hours  |
| SCM     | 497         | Honors Colloquium                           | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SCM     | 498         | Pro-Seminar                                 | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | Department of Supply Chain Management | 1-7   |                 |   |
| SCM     | 499         | Individualized Instruction                  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | Department of Supply Chain Management | 1-3   |                 |   |
| SCM     | 501         | Basics of Operations and Supply Management  | Contemporary basic operations and supply chain management issues, including process analysis, managing waiting lines, inventory, quality and general supply chain issues and concepts. Designed for students with limited business experience and without an undergraduate business degree.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): ASU degree-seeking graduate student  |
| SCM     | 502         | Operations and Supply Management            | Contemporary management issues, including environmental, project, and supply chain management; new product development; quality control; TQM.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 | Pre-requisites: W.P. Carey MBA students   |
| SCM     | 511         | Integrated Supply Chain Management          | Management of sourcing, operations, and logistics as an integrated process.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 |   |
| SCM     | 515         | Decision Models for Supply Chain Management | Decision modeling approaches for supply chain management such as optimization, simulation, and decision analysis. Emphasizes spreadsheet-oriented approaches.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 2-4   |                 |   |
| SCM     | 516         | Introduction to Applied Analytics           | Provides a solid foundation and deeper understanding of the use of quantitative modeling tools and techniques to solve problems faced in modern supply chains. Uses Excel workbooks to implement the appropriate quantitative methods, including forecasting demand, determining the capacity of a manufacturing line and the cycle times of parts being processed on the line, and methods to manage inventory.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 517         | Data-Driven Quality Management              | Addresses the use of analytics tools and techniques to enhance the ability of quality management approaches to improve processes. Introduces modern quality management approaches including six sigma and design for six sigma. Covers the define, measure, analyze, improve and control (DMAIC) improvement cycle: the core process used to drive six sigma projects. DMAIC refers to a data-driven improvement cycle used for improving, optimizing and stabilizing business processes and designs. Provides an analytics roadmap to help users work through the DMAIC problem-solving process. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 518         | Analytical Decision Modeling I              | Covers the skills and knowledge necessary for mastery of the use of quantitative modeling tools and techniques to support a variety of business decisions. Deterministic optimization techniques, including linear programming, nonlinear programming, integer programming, network models and a brief introduction to metaheuristics. Covers the use of these models for a variety of common business problems. Requires implementation of these models using Excel and standalone software. Studies how to ensure that these solutions work in a wide variety of situations (what-if analysis). | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |
| SCM     | 519         | Analytical Decision Modeling II             | Addresses the skills and knowledge necessary to model situations where uncertainty is an important factor. Covers models including decision trees, queuing theory, Monte Carlo simulation, discrete event simulation and stochastic optimization. Uses these models for a variety of common business problems. Requires implementation of these models using Excel and stand alone software. Studies how to ensure that these solutions work in a wide variety of situations (what-if analysis). Describes each of these methods in detail.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Department of Supply Chain Management | 3     |                 | Prerequisite(s): Business Analytics MS major  |

| SCM     | 541         | Logistics in the Supply Chain                         | Critical issues for customer perception of supply chain performance, including inventory planning, transportation, warehousing, information technology, and integrated logistics service.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 2-4   |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 542         | Logistics, Globalization, and Economic Development    | Global trade, global networks and the influence those networks have on economic development worldwide. Exposes geographic, economic and sociopolitical perspectives on these issues and invites students to draw conclusions from an increasingly informed perspective.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Pre-requisite: SCM 502 and 541; Co-requisite: SCM 515   |
| SCM     | 545         | Cases in Global Logistics                             | Capstone experience for students in the MS in Global Logistics program. Synthesizes learnings from previous courses and applies this learning to specific issues that have a major global logistics component.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 3     |                 | Pre-requisite: SCM 502, 515, 541 and 542  |
| SCM     | 551         | Operations Planning and Execution                     | Managing the conversion of raw materials to finished goods, including scheduling, work-in-process inventory management, and postponement/customization.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 581         | Management of Technology and Innovation               | Technology life cycles, technology forecasting, new product development process, innovation teams, innovation best practices.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 2-4   |                 |   |
| SCM     | 583         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 584         | Internship  | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.   | N                 | LEC               | N               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 587         | Project Management                                    | Planning, scheduling, and controlling of projects in R & D, manufacturing, construction, and services. Project selection, financial considerations, and resource management.  | N                 | LEC               | N               | GNA           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | N                 | LEC               | N               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCM     | 593         | Applied Project                                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 594         | Conference and Workshop                               | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 |   |
| SCM     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business  | Department of Supply Chain Management | 1-12  |                 | Pre-requisites: W.P. Carey degree seeking Graduate student  |
| SCM     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-15  |                 |   |
| SCM     | 795         | Continuing Registration                               | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | N                 | LEC               | N               | Z3            | W.P. Carey School of Business  | Department of Supply Chain Management | 1     |                 |   |
| SCM     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | W.P. Carey School of Business  | Department of Supply Chain Management | 1-15  |                 |   |
| SCN     | 201         | Discovering the Deserts of the Southwest              | Introduces deserts of the Southwest. Explores the Southwest desert flora, fauna and geology with particular focus on the Sonoran Desert. Introduces desert habitats, identification of local animals and plants, ecology and adaptations of desert organisms, desert climates and geographical features and human cultures and impacts. This lab course requires field experiences.                     | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation       | 4     |                 |   |
| SCN     | 205         | Introduction to Tropical Ecology: A Cultural Exchange | To better understand the astonishing diversity of tropical ecosystems, students work together to investigate the ecology and cultures of Neotropical ecosystems: how they were formed and how they are changing.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation       | 3     |                 | Credit is allowed for only SCN 205 or SCN 305 or SCN 505 or SCN 294 (Costa Rican Language, Culture, Society) or SCN 294 (Tropical Ecosystems of Costa Rica) |

| SCN     | 207         | Introduction to Biomimicry                        | Foundational course that introduces everyone, no matter their discipline or background, to the emerging field of biomimicry. Biomimicry is the practice of looking to nature for strategies to solve human challenges. We are living in a time when scientists and researchers are finding sustainable solutions to solve local and global challenges by looking to nature and imitating how nature solves similar challenges. Get inspired and look at the world through a whole new lens--one inspired by nature!   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 4     |                 |  |
| SCN     | 209         | Introduction to Environmental Education Project   | Covers topics in environmental education that assist students with being able to learn about and investigate their environment in order to make intelligent and informed decisions.   | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1     |                 |  |
| SCN     | 250         | Physical Science by Inquiry                       | Laboratory-based development of concepts and reasoning skills in the physical sciences. Emphasizes open-ended investigations, dialogues between the instructor and individual students, and small group discussions. Helps students think of physical science as an active process of discovery in which they can participate. Helps preservice teachers understand inquiry and develop inquiry skills. Liberal arts students gain experience in the scientific process. Useful for students who wish to improve their science preparation before taking further science courses. Forms foundation for scientific literacy.   | N                 | LAB               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 4     | SQ              | Credit is allowed for only SCN 250 or 294 (Physical Science by Inquiry)  |
| SCN     | 294         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-4   |                 |  |
| SCN     | 300         | Foundations of Environmental Education            | Introduces environmental education, including the philosophy, historical development, resource identification, curriculum development, field trips and other activities designed to provide the structure and development of the field of environmental education. Explores the antecedents to the present-day field and connects the field of environmental education to curricular programs that are an outgrowth of perceived and actual need in the field of environmental education.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 |  |
| SCN     | 301         | Ecology and Natural History of the Sonoran Desert | Overview of the plants, animals, and geology of the desert ecosystem based on the Arizona K-12 Science Standards. Provides students with basic knowledge of the Sonoran Desert characteristics and its relationship to the total school curriculum.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 |  |
| SCN     | 302         | Environmental Education                           | Ignites questions, wonder and reflection related to the ways we educate ourselves and the next generations as stewards of this planet. Through lived experiences, classroom exercises, relevant readings, individual and group projects and activities, students gain a wider and deeper appreciation of ecological, sustainability and science education. Explores the historical and philosophical foundations of the diverse emphases and uses of environmental education, experiential education and place-based education.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     | L & G           | Prerequisite(s): ENG 101, 105, or 107 with C or better   |
| SCN     | 303         | Environmental Education Internship                | Provides opportunities to learn more about natural sciences and local history; outdoor education and field trip course facilitation and training; individual and group development; facility care and maintenance including landscaping, gardening and carpentry; and the restoration and maintenance of the grounds and teaching materials. Supports and/or develops education projects and programs as outlined by the locations' Educational Outreach office. Various other tasks include: field trip coordination, development of curriculum and classroom materials, hands-on fieldwork, school outreach, off-site outreach events support, and Outdoor Education event support.   | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-2   |                 | Prerequisite(s): minimum 45 hours  |
| SCN     | 304         | Sonoran Desert Flora                              | Plants and plant communities support much of the diversity of life in the Sonoran Desert and the surrounding regions. Covers the fundamentals of ecology from the perspective of plants including population, community and ecosystem ecology. Also includes identification and classification of plants and plant communities in the Sonoran Desert region. Incorporates practical field exercises designed to acquaint the student with plant community analysis, classification and description.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SCN     | 305         | Tropical Ecology: A Cultural Exchange             | To better understand the astonishing diversity of tropical ecosystems. Investigates the ecology and cultures of Neotropical ecosystems: how they were formed and how they are changing. Introduces language, culture and society of people and communities in tropical countries of Central and South America. Also examines cultural perspectives and beliefs. Focuses on four areas: (1) background on history and present day society of Central or South America, introductory conversational Spanish for interacting with Central and South Americans; (2) living in Central and South America, community, family and education: visiting families and private and public schools; (3) debriefing and reflecting on Central and South America language and culture and (4) the location of Central and South America countries, the rain forests' impact on the world, climate, cultures and contributions to science. | Y                 | LEC               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SCN 305 or SCN 494 (Tropical Ecosystems of Costa Rica) |

| SCN     | 307         | Learning from Nature: Biomimicry and STEM         | Introduces biomimicry, an emerging discipline that seeks to learn from nature to solve human problems. "Biomimicry" (from bios, meaning life, and mimesis, meaning to imitate) is a new discipline that studies nature's best ideas and then imitates these designs and processes to solve human problems. With an emphasis on getting outside and exploring the land around, focuses on observing, appreciating and learning from nature and natural systems in our local environment.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SCN 307 or SCN 494 (Learning from Nature: Biomimicry & STEM)  |
| SCN     | 308         | Urban Environmental Education                     | Environmental education and educators translate the complex web of earth systems science, sustainability, environmental issues and environmental change for the public. Provides opportunity to understand and experience the interface between humans and the planet to facilitate ecological literacy and ecologically responsible behavior. Assists students in becoming more sensitive to and aware of earth systems and environmental change. Also provides the knowledge, skills and motivation for understanding sustainable living in the urban environment. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 309         | Environmental Education Project                   | Covers topics in environmental education that assist students with being able to learn about and investigate their environment in order to make intelligent and informed decisions.  | Y                 | LEL               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1     |                 | Prerequisite(s): minimum 45 hours   |
| SCN     | 400         | Sustainability Science for Teachers               | Explores the challenges of sustaining human health and well-being on Earth due to human exploitation of natural resources. Seeks sustainable solutions through science, technology and society acting at global and local levels. Covers diverse approaches used by scientists, scholars and practitioners to study and assess human-environment interactions pertaining to sustainability challenges and solutions. Focuses on how to teach sustainability concepts in the K-8 classroom.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only SCN 400 or SCN 401 or SCN 494 (Sustainability for the Elementary Teacher)                          |
| SCN     | 401         | Sustainability Science, Technology, and Society   | Explores the challenges of sustaining human health and well-being on Earth due to human exploitation of natural resources. Prepares students to think and engage critically with the world around them. Seeks sustainable solutions through science, technology and society acting at global and local levels. Uncovers diverse approaches used by scientists, scholars and practitioners to study and assess human-environment interactions pertaining to sustainability challenges and solutions.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): non-Teacher Preparation student; minimum junior standing; Credit is allowed for only SCN 400 or SCN 401 or SCN 494 (Sustainability Science, Technology, and Society) |
| SCN     | 411         | Science in Elementary Schools                     | Science education standards, curriculum, instructional and assessment strategies for all children.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     |                 | Prerequisite(s): admission to the Professional Program; Credit is allowed for only EED 411 or SCN 411   |
| SCN     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-12  |                 |   |
| SCN     | 494         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-4   |                 |   |
| SCN     | 501         | Ecology and Natural History of the Sonoran Desert | Gives students an opportunity to study the common plants and animals of the southwest Sonoran Desert. Study also includes their distribution, adaptations, behavior and ecology. Also includes the physical geography and geology of the region.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 502         | Outdoor Education                                 | Ignites question, wonder and reflection related to the ways we educate ourselves and the next generations as stewards of this planet. Through lived experiences, classroom exercises, relevant readings, individual and group projects and activities, students gain a wider and deeper appreciation of ecological, sustainability and science education. Explores the historical and philosophical foundations of the diverse emphases and uses of outdoor, experiential education and place-based education.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 504         | Sonoran Desert Flora                              | Plants and plant communities support much of the diversity of life in the Sonoran Desert and the surrounding regions. Covers the fundamentals of ecology from the perspective of plants including population, community and ecosystem ecology. Also includes identification and classification of plants and plant communities in the Sonoran Desert region. Incorporates practical field exercises designed to acquaint the student with plant community analysis, classification and description.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 505         | Tropical Ecology: A Cultural Exchange             | To better understand the astonishing diversity of tropical ecosystems, students work together to investigate the ecology and cultures of Neotropical ecosystems: how they were formed and how they are changing.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SCN     | 507         | Learning from Nature: Biomimicry and STEM         | Offers an introduction to biomimicry, an emerging discipline that seeks to learn from nature to solve human problem. "Biomimicry" (from bios, meaning life, and mimesis, meaning to imitate) is a new discipline that studies nature's best ideas and then imitates these designs and processes to solve human problems. With an emphasis on getting outside and exploring the land, focuses on observing, appreciating and learning from nature and natural systems in our local environment.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|---------------------------------|---|-------------------|-------------------|-----------------|---------------|--------------------------------|--|-------|-----------------|--|
| SCN     | 508         | Urban Environmental Education   | Environmental education and educators translate the complex web of earth systems science, sustainability, environmental issues and environmental change for the public. Gives students an opportunity to understand and experience the interface between humans and the planet to facilitate ecological literacy and ecologically responsible behavior. Assists in becoming more sensitive to and aware of earth systems and environmental change and also provides the knowledge, skills and motivation for understanding sustainable living in the urban environment. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SCN     | 509         | Environmental Education Project | Covers topics in environmental education that assist students with being able to learn about and investigate their environment in order to make intelligent and informed decisions.   | Y                 | LEL               | Y               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division      | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SCN     | 584         | Internship                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SCN     | 594         | Conference and Workshop         | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division      | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SCN     | 598         | Special Topics                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division      | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SDO     | 500         | Research Methods                | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 584         | Internship                      | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 590         | Reading and Conference          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 591         | Seminar                         | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 592         | Research                        | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 593         | Applied Project                 | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 595         | Continuing Registration         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | College of Law                 | Sandra Day O'Connor College of Law                 | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                           |
| SDO     | 598         | Special Topics                  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OP6           | College of Law                 | Sandra Day O'Connor College of Law                 | 1-4   |                 | Prerequisite(s): Master of Legal Studies student   |
| SDO     | 599         | Thesis                          | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | College of Law                 | Sandra Day O'Connor College of Law                 | 1-12  |                 | Prerequisite(s): Master of Legal Studies student   |

| SED     | 501         | Introduction to Effective Instruction                      | Introductory course for certification program in secondary education. Emphasizes developing basic classroom management, instruction, and evaluation. Includes a field assignment of at least 120 hours.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 511         | English/Language Arts Teaching Methods in Secondary School | Instructional, organizational, and presentation methods. This course, which focuses on the general content and pedagogy of Secondary English/Language Arts, is aligned directly with the State of Arizona Professional Teaching Standards and NCTE standards for teaching secondary English.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 512         | Math Teaching Methods for Secondary Schools                | Examines secondary school curricular material and analyzes instructional devices. Teaching strategies, evaluative techniques, diagnosis, and remediation and problem solving.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 513         | Science Teaching Methods for Secondary School              | Methods of instruction, organization, and assessment of science for secondary and middle grade schools. This course, which focuses on the general content and pedagogy of secondary science, is aligned directly with the State of Arizona Professional Teaching Standards and INTASC Principals.   | N                 | LEL               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): enrolled in the MAC or InMAC program  |
| SED     | 520         | Science Methods for Early Adolescence                      | Examines the interrelationships between theory and practice in teaching science.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 522         | Secondary School Curriculum Development                    | Social processes, issues, principles, patterns, and procedures in curriculum development.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisite: Graduate student  |
| SED     | 533         | Middle/Secondary Instruction, Management, and Assessment   | Analyses of procedures, methods, techniques, and experiments in teaching in secondary schools.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Must be a graduate student   |
| SED     | 544         | Creating Classroom Climates                                | Emphasizes classroom management and instructional strategies for establishing positive classroom climates that facilitate learning. Includes field experience.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 547         | Teaching Mathematics in the Middle Grades (5-9)            | Strategies and methodologies to teach mathematics in the middle grades (5-9).   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 560         | Teaching Mathematics with Technology                       | Strategies and methodologies to teach mathematics with technology, focusing mainly on the middle grades (5-9).  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 561         | Teaching Science with Technology                           | Strategies and methodologies for effective technology-enhanced science classrooms and improved learning. Models student-driven inquiry teaching throughout the course.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SED     | 567         | Clinical Experience I                                      | Applies course content in middle/secondary setting grades 6-12. Emphasizes observation, pupil management, planning and delivering instruction, and assessment.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| SEM     | 795         | Continuing Registration                                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1     |                 |   |
| SEM     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Ira A. Fulton Engineering | Materials Science and Engineering Program | 1-15  |                 | Pre-requisites: Science & Engr of Materials PhD students                              |
| SER     | 100         | Object-Oriented Software Development                   | Introduces problem solving with a state-of-the-art programming language. Expressions, statements, basic control flow and methods. Data, data aggregation and usage. Uses a structured personal software development process to implement solutions representative of common computing applications. Uses development kits for some course activities.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 |   |
| SER     | 101         | Programming for Information Technology                 | Introduces problem solving with a state-of-the-art programming language. Expressions, statements, basic control flow and methods. Data, data aggregation and usage. Uses a structured personal software development process to implement solutions representative of common computing applications. Students create several small programs.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 |   |
| SER     | 102         | Object-Oriented Programming for Information Technology | Introduces object-oriented programming, classes, objects, interfaces, encapsulation, inheritance, introduction to object-oriented design and object modeling, introduces data structures and collections. Project-based.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 | Prerequisite(s): CSE 100 or CSE 110 or CST 100 or SER 100 or SER 101 with C or better |
| SER     | 105         | Personal Computing Environment                         | Introduces computing devices and their ethical use for creativity, communication and organizing information; utilizes a range of devices and applications; program-ability for the end-user; approaches for organizing, sharing, securing and communicating information; managing a secure computing environment.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering                      | 3     |                 |   |
| SER     | 191         | First-Year Seminar                                     | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 1-3   |                 |   |
| SER     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering                      | 1-4   |                 |   |

ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|---|
| SER     | 200         | Core Data Structures with Object Oriented Programming | Design, implementation and use of core data structures; object-oriented software development: design, analysis and programming.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 100 or SER 100 with C or better; Credit is allowed for only ACO 102 or CSE 205 or CST 200 or SER 200   |
| SER     | 215         | Software Enterprise: Personal Process                 | Software engineering; personal software processes for individual professionalism; time and defect estimation, yield, and productivity. Software tools. Project based.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 200 or SER 200 with C or better  |
| SER     | 216         | Software Enterprise: Personal Process and Quality     | Introduces software engineering, software lifecycle models, personal software processes for individual professionalism, time and defect estimation, yield and productivity, software testing and quality management.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Pre- or corequisite(s): SER 222 with C or better if completed   |
| SER     | 221         | Programming Languages and Their Execution Environment | Introduces the fundamental programming language concepts of data, type, control, abstraction, and structure; software development and execution environments; programming language paradigms.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 200 or SER 200 with C or better; Credit is allowed for only CST 220 or SER 221   |
| SER     | 222         | Design and Analysis of Data Structures and Algorithms | Data structures and related algorithms for their specification, complexity analysis, implementation and application. Sorting and searching. Professional responsibilities that are part of program development, documentation and testing.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 200 or SER 200 or CSE 205 with C or better; MAT 243 with C or better OR Software Engineering graduate student; Credit is allowed for only CST 230 or SER 222   |
| SER     | 232         | Computer Systems Fundamentals                         | Logic design, number systems and arithmetic, Boolean algebra, digital systems components and hardware description languages.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     | CS              | Pre- or corequisite(s): SER 100 or CSE 110; MAT 117, 170, 171, 210, 251, 265, or 270 with C or better if completed or Mathematics Placement Test score of 50% or higher or ALEKS score of 61 or higher; Credit is allowed for only CST 150 or SER 232 |
| SER     | 250         | Microcomputer Architecture and Programming            | Microcomputer architecture, instruction set, assembly language programming and debugging, I/O considerations, memory interface, peripherals and busses, exception/interrupt handling.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 100 or SER 100 with C or better; CST 150 or SER 232 with C or better   |
| SER     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 |   |
| SER     | 298         | Honors Directed Study                                 | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SER     | 315         | Software Enterprise: Design and Process               | Software process from the design perspective. Engineering design process, user-centered design and software safety design. User interface, software architecture and design patterns and software design constraints.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 222 with C or better; Pre- or corequisite(s): FSE 100 with C or better if completed; SER 216 with C or better if completed   |
| SER     | 316         | Software Enterprise: Construction and Transition      | Best practices in software construction in the context of a team project, including refactoring, defensive programming, unit testing, and configuration and release management.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 216 with C or better; SER 222 with C or better   |
| SER     | 321         | Principles of Distributed Software Systems            | Design and implementation of distributed software components; process and memory management underlying software applications; sockets, protocols, threads, XML, serialization, reflection, security, and events.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 222 with C or better; Pre- or corequisite(s): SER 334 with C or better if completed; Credit is allowed for only CST 420 or SER 321   |
| SER     | 322         | Principles of Database Management                     | Fundamental methods in modeling and managing data-oriented systems. Relational, object, and hierarchical data modeling techniques. Query languages including SQL. Semantics of transaction processing. Database system architectures including cloud-based, client-server, and embedded databases. Security and privacy issues. Modern trends in data management including managing data on the cloud, unstructured data type management, data mining, and business analytics, and NoSQL data management platforms. | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 222 with C or better; Credit is allowed for only ACO 220 or ACO 320 or CSE 412 or IFT 433 (or CST 433) or SER 322  |
| SER     | 332         | Introduction to Graphics and Game Development         | Foundations of graphics as used in modern rendering and basic principles of the game development pipeline. Graphics and math concepts and their application in games, graphics and visualization.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 205 or SER 200 with C or better  |
| SER     | 334         | Operating Systems and Networks                        | Fundamentals of operating systems, process management, scheduling, synchronization techniques and file management. Network technology, topologies, protocols, application control; network and operating system security.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 230 or SER 250 with C or better; Pre- or corequisite(s): SER 222 with C or better if completed OR Software Engineering MS student  |
| SER     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 |   |
| SER     | 401         | Computing Capstone Project I                          | First half of a comprehensive project experience based on cumulative knowledge and skills gained in earlier coursework.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering BS major; SER 316 with C or better; senior standing or postbaccalaureate  |
| SER     | 402         | Computing Capstone Project II                         | Second half of a comprehensive project experience based on cumulative knowledge and skills gained in earlier coursework.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 401 with C or better   |
| SER     | 415         | Software Enterprise: Inception and Elaboration        | Third course in the four-course enterprise sequence. Students perform inception (project launch) and elaboration (requirements analysis) activities in project teams.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     | L               | Prerequisite(s): SER 315 with C or better   |
| SER     | 416         | Software Enterprise: Project and Process Management   | Project-centric course focusing on applying software process, project management, and technical leadership. Final course in the software enterprise sequence.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 316 with C or better   |
| SER     | 421         | Web-Based Applications and Mobile Systems             | Distributed Web and mobile applications, their design, architecture and supporting technologies; user-interaction concepts and technologies; design and implementation of software servers for Web and mobile systems.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 321 with C or better or graduate Software Engineering student  |

| Subject | Catalog Nbr | Course Title                                 | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|---|
| SER     | 422         | Web Application Programming                  | Design and implementation of Web application. Languages, frameworks, technologies, tools and methods used to realize Web client and server solutions. Approaches for securing, testing as well as determining the quality and reliability of Web applications.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): IFT 433 or SER 321 with C or better OR Software Engineering graduate student   |
| SER     | 423         | Mobile Systems                               | Mobile applications, their architecture, design, and supporting technologies; mobile device operating systems and frameworks; synchronizing mobile applications, support for inter-application data-exchange; accessing and manipulating special-purpose device capability such as location, orientation and input modality. Practices for securing mobile runtimes and optimizing run-time performance.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 321 with C or better or graduate Software Engineering student  |
| SER     | 431         | Advanced Graphics                            | Topics in real-time rendering and graphics hardware. Uses graphics processing unit hardware to implement rendering of higher-order surfaces and special effects.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 332 with C or better or graduate Software Engineering student  |
| SER     | 432         | Game Engine Architecture                     | Functional requirements of a modern game engine architecture. Students work in teams to develop advanced features for a game engine.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 332 with C or better or graduate Software Engineering student  |
| SER     | 450         | Computer Architecture                        | Price/performance analysis, instruction set design, RISC/CISC, processor design and implementation, pipelining, instruction-level parallelism, memory hierarchy, storage and I/O systems.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 230 or SER 250 with C or better OR Software Engineering graduate student   |
| SER     | 456         | Embedded Interfaces: Sensors and Actuators   | Electromechanical sensors and electrical actuators, analog-to-digital and digital-to-analog conversion, hardware and software interfaces for embedded systems.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CSE 205 or SER 200 with C or better; SER 232 with C or better OR Software Engineering MS student; Credit is allowed for only SER 456 or CST 598 (Embedded Interfaces: Sensors and Actuators) |
| SER     | 484         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 |   |
| SER     | 486         | Embedded C Programming                       | Programming concepts for embedded systems. Interfacing and controlling LED, LCD, keypads, buttons. Embedded OS concepts. Timers and interrupts. Serial communication.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 222 with C or better; SER 334 with C or better OR graduate Software Engineering student  |
| SER     | 492         | Honors Directed Study                        | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SER     | 493         | Honors Thesis                                | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SER     | 494         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 |   |
| SER     | 498         | Pro-Seminar                                  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | SEM               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-7   |                 |   |
| SER     | 499         | Individualized Instruction                   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | IND               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-3   |                 |   |
| SER     | 500         | Research Methods                             | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 501         | Advanced Data Structures and Algorithms      | Advanced algorithms and how they are effectively applied to solve problems. Algorithm design, analysis, classification, optimization, and application. Practice implementing and employing algorithms to solve realistic problems.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| SER     | 502         | Emerging Languages and Programming Paradigms | Emerging programming languages, their design, description, implementation, and advanced features; API design, including facilities for creating secure distributed applications, facilities supporting software services, naming and composition; language paradigms and the resulting implications on execution; run-time systems and storage management; approaches to compilation and execution. Requires ability to program in an object-oriented programming language and knowledge of data structures, algorithms, and analysis.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student  |
| SER     | 515         | Foundations of Software Engineering          | Software engineering overview, with an emphasis on component and service-based architectures, reliability, safety, dependability and software reuse. Introduces software engineering research methods and critical inquiry.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS graduate student   |
| SER     | 516         | Software Agility                             | Focuses on quality software construction principles in an agile community context. Agile methods, open source communities, coding best practices, configuration management, software delivery and building in quality.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department           | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|----------------------|-------|-----------------|--|
| SER     | 517         | Software Factory I                                   | First in a two-semester capstone culminating experience for graduate students. Student teams work through concurrent product and service offering lifecycles in a project context. Covers concepts including opportunity assessment, risk management, technology evaluation, licensing models, resource planning, delivery models such as hosted, turnkey, and Software as a Service (SaaS), technology acquisition, outsourcing, governance, quality assurance, software certification, and continuous process improvement.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Masters of Computing Studies or Software Engineering MS student   |
| SER     | 518         | Software Factory II                                  | Second in a two-semester capstone culminating experience for graduate students. Student teams work through concurrent product and service offering lifecycles in a project context. Covers concepts including opportunity assessment, risk management, technology evaluation, licensing models, resource planning, delivery models such as hosted, turnkey, and Software as a Service (SaaS), technology acquisition, outsourcing, governance, quality assurance, software certification, and continuous process improvement. | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): SER 517   |
| SER     | 531         | Semantic Web Engineering                             | State-of-the-art semantics-based approaches and tools that can be leveraged to enrich and enhance today's big data. Covers approaches to ontology engineering, searching and filtering relevant information, representing big data, modern applications of these methods and techniques for Web-based intelligent applications and services. Discusses applications of semantic technology that could improve the processing of big data.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Fulton Engineering graduate student; Credit is allowed for only SER 594 (Semantic Web) or CST 594 (Semantic Web) or SER 531         |
| SER     | 533         | Database-Centric Enterprise Applications Development | Solutions for enterprise software systems based on relational database technology. Persistence solutions in middleware frameworks. O/R, XML, and scalability issues.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking); Minimum University Cum GPA 3.0; CST 433                                     |
| SER     | 540         | Internet-Enabled Embedded Devices                    | Accessing hardware devices through Internet, including Applets, HTTP, custom byte streams, XML-RPC, SOAP. Building network-based applications that interface hardware.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): CST 420 with C or better  |
| SER     | 554         | Distributed Computing                                | Topics in distributed systems, including communications, distributed operating systems, fault-tolerance, and performance issues.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 574         | Advanced Software Design                             | Presents some of the latest advancements in the area of software design and architecture, aiming to help students develop analytical thinking skills which are essential to a successful career in software engineering. Modeling has become the primary communication vehicle in many areas of software engineering, and particularly in the intersection of software and systems engineering. Presents different approaches to software modeling and design for applications in systems engineering.                        | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Software Engineering | 3     |                 | Prerequisite(s): Software Engineering MS student; SER 515 with C or better; Credit is allowed for only SER 574 or SER 594 (Advanced Software Design) |
| SER     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Minimum University Cum GPA 3.0  |
| SER     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 |  |
| SER     | 590         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | REC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)  |
| SER     | 593         | Applied Project                                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 594         | Conference and Workshop                              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking)  |
| SER     | 595         | Continuing Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Ira A. Fulton Engineering | Software Engineering | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 598         | Special Topics                                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Software Engineering | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SER     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Ira A. Fulton Engineering | Software Engineering | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

Fulton Engineering                | Software Engineering                  | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 700         | Research Methods                | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 780         | Practicum                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 783         | Fieldwork                       | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 784         | Internship                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 790         | Reading and Conference          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 791         | Seminar                         | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 792         | Research                        | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Software Engineering                  | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 793         | Applied Project                 | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Software Engineering                  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SER     | 795         | Continuing Registration         | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering                | Software Engineering                  | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| SES     | 100         | Introduction to Exploration     | Science and engineering of Earth, solar system, and space exploration. Experimental design, engineering design; teaming; the professions of science and engineering.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | CS              | Prerequisite(s): Mathematics Placement Test with a score of 50% or higher, or ALEKS score of 61 or higher, or Pre- or corequisite(s): MAT 170, 171, 210, 251, 265, or 270 with C or better if completed |
| SES     | 106         | Habitable Worlds                | Are we alone in the Universe? If so, why? If not, where are our cosmic cousins? Such questions, once the domain of science fiction, are on the verge of being answered with science facts. Astronomers are discovering planets around other stars. Planetary scientists are exploring the worlds in our solar system. Biologists are unlocking the secrets of metabolism and evolution. Geoscientists are determining how the Earth supports life. And as we struggle to build a sustainable future for ourselves, all of us are finding out how technologically advanced civilizations rise and how they might fall. This course surveys these topics. In the process, students master basic concepts from across the major areas of science and learn what makes the Earth a habitable world. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 4     | SQ              |   |
| SES     | 111         | Exploration of Science Teaching | General overview of the profession of the science educator with a look at student, teachers, curricula, and classroom techniques.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 |   |

| Subject | Catalog Nbr | Course Title                                     | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                            | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---------------------------------------|-------|-----------------|--|
| SES     | 121         | Earth, Solar System and Universe                 | The Earth, solar system and universe are diverse and dynamic, featuring galaxies, solar systems, suns, planets and moons. Each type of feature is characterized by a suite of processes and features, such as volcanoes, landslides and climate. As scientists and engineers, we want to understand what is going on in our world. Understanding past events helps begin to predict future events. With the Earth, we examine past events and current natural processes to understand how this past and these processes affect humans. Accordingly, this course examines the processes, materials and features observed and inferred on the Earth, in the Solar System, and in the Universe. The course is purposely designed to be rather holistic, exploring concepts from stellar evolution, atmosphere and oceans on Earth and in extraterrestrial objects, plate tectonics, volcanoes and mountain building. Both SES 121 and SES 123 must be taken together to secure SQ General Studies credit. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | SQ              |  |
| SES     | 122         | History of the Earth and Solar System            | The Earth and solar system have a long and interesting history, spanning nearly five billion years. Earth and other objects in the solar system have evolved over time, punctuated by a series of events, such as mountain building, volcanic eruptions, impacts and extinctions. As scientists and engineers, we want to understand what events have occurred in our world and which aspects directly affect us or are most interesting. Understanding past events helps us comprehend what has happened and begin to predict future events. With the Earth, examines past events and current natural processes to understand how this past and these processes affect humans. Accordingly, examines the history of the Earth and solar system in the context of the processes, materials and features that can be observed and inferred. Explores the history of the Earth and solar system from a broad, interdisciplinary, perspective.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): SES 121 with C or better  |
| SES     | 123         | Earth, Solar System and Universe Laboratory      | Studies astronomical and geological processes through observations and measurements. Requires field trips and evening telescopic observing. Both SES 121 and SES 123 must be taken together to secure SQ General Studies credit.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     | SQ              | Pre- or corequisite(s): SES 121 with C or better if completed  |
| SES     | 124         | History of the Earth and Solar System Laboratory | Studies astronomical and geological processes and life through observations and measurements. Requires field trips and evening telescopic observing.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): SES 123 with C or better; Pre- or corequisite(s): SES 122 with C or better if completed   |
| SES     | 126         | Exploration of the Universe                      | Introduces the basic principles of modern astronomy, with a focus on "Exploration Science," or the methods by which we explore our planet, our solar system, other stars, and even other galaxies. How do we explore? What is the "scientific method"? How is modern science carried out? Study of such questions helps form a solid foundational core for a major in the science of astrophysics--a major that spans many aspects of the universe as a whole. Don't be surprised if class includes stories about how ASU research is proceeding, or how a lesson in class is relevant to some research experience. A key goal is for you to be excited and informed about the incredible era of Earth and space exploration that we're all a part of!   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): Mathematics Placement Test with a score of 50% or higher, or ALEKS score of 61 or higher; SES 121 with C or better; Pre- or corequisite(s): MAT 170, 171, 210, 251, 265, or 270 with C or better if completed |
| SES     | 128         | Exploration of the Universe Lab                  | Introduces the basic principles of modern astronomy, with a focus on "Exploration Science," or the methods by which we explore our planet, our solar system, other stars, and even other galaxies. How do we explore? What is the "scientific method"? How is modern science carried out? Study of such questions helps form a solid foundational core for a major in the science of astrophysics--a major that spans many aspects of the universe as a whole. A key goal is for you to be excited and informed about the incredible era of Earth and space exploration that we're all a part of!  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): SES 123 with C or better; Pre- or corequisite(s): SES 126 with C or better if completed   |
| SES     | 130         | Coding for Exploration                           | A series of lectures and computer labs on data processing and analysis in Earth and space sciences using Python. Introduces programming with scratch and python. Numerical methods for data analytics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     | CS              | Prerequisite(s): SES 121 with C or better; Pre- or corequisite(s): MAT 265 or 270 with C or better if completed  |
| SES     | 141         | Energy In Everyday Life                          | Energy is a concept that threads throughout science and engineering and is at the heart of understanding how the world around us works. What is energy? How is energy used in biological, chemical, electrical, mechanical, nuclear systems that impacts our daily lives? What would our world be like if there was a nearly infinite supply of inexpensive energy? Serves the needs of undergraduate students and future K-8 teachers of mastering basic concepts of energy generation, delivery, conversion, efficiency and what makes energy universal. This transdisciplinary online survey course helps students understand concepts and develop skills that crosscut scientific disciplines, such as the ability to observe, think critically and gather data to make order-of-magnitude estimates.  | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 4     | SQ              | Credit is allowed for only SES 141 or SES 194 (Energy in Everyday Life)  |
| SES     | 191         | First-Year Seminar                               | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-3   |                 |  |
| SES     | 194         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |  |

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                            | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------------|-------|-----------------|---|
| SES     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 311         | Essentials of Astrobiology: Exploration for Life in the Universe | Origin and evolution of life on Earth. Strategies to explore for life in the cosmos. Possible field trips to explore regional geological analogues.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): BIO 181 (188), CHM 113 or PHY 121; MAT 265 or 270  |
| SES     | 330         | Practical Electronics and Instrumentation                        | Applied principles of electronics and mechanical design as used by the modern instrument builder, using a systematic approach to the design process: Identify a scientific problem, develop specifications necessary to solve the problem, develop a prototype solution, test solution for plausibility, break down problem into components, design and build the solution then test in a relevant environment. Builds on introduction to circuits and engineering concepts from prerequisite courses.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 4     |                 | Prerequisite(s): EEE 202; MAE 201 or 212 with C or better; PHY 131 and 132 with C or better (or PHY 151 with C or better)   |
| SES     | 350         | Engineering Systems and Experimental Problem Solving             | Introduces integration of scientific and engineering computational methods into scientific research and successful exploration. Provides an active, project-based environment for learning science and engineering by means of a common set of computational tools. Also provides a detailed overview of procedural and object-oriented programming with an emphasis on problem solving. Students solve problems by developing software in an interpreted language (Python). Problems may include visualizing data, interfacing with hardware, or solving numeric problems. Covers procedural programming concepts including data types, variables, control structures, arrays, and data I/O. Covers object-oriented programming concepts including object creation and use, object interaction, and the design of simple classes. Covers software engineering concepts including testing, incremental development, understanding requirements, and teamwork. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s) with C or better: MAT 267, 272 or 275; PHY 131; PHY 132 OR MAT 267, 272 or 275; PHY 151   |
| SES     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 401         | Earth and Space Exploration Colloquium                           | Colloquium is an opportunity to gain exposure to research that is taking place beyond the School of Earth and Space Exploration (SESE). Colloquium facilitates the cross-disciplinary growth that is always evolving in SESE. Also provides an opportunity for all members of SESE to gather in one location to interact and learn about science.   | N                 | LEC               | Y               | YGB           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): minimum 45 hours   |
| SES     | 405         | Exploration Systems Engineering                                  | Provides an introduction to systems engineering with an emphasis on the following topics: the systems engineering process, requirements, design fundamentals, subsystem fundamentals, trade studies, integration, technical reviews, case studies and ethics. Prepares the student for the capstone spacecraft/mission design course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): MAT 266 or 271 with C or better; PHY 121 and 122 (or PHY 150) with C or better   |
| SES     | 410         | Senior Exploration Project I                                     | Design and development of an Earth, solar system, or space exploration project. Conceptualization, design, development, deployment, data analysis, communication.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Pre-requisites: ENG 101, ENG 105 or ENG 107; Senior standing  |
| SES     | 411         | Senior Exploration Project II                                    | Continuation of SES 410. Development of Earth, solar system, or space exploration project. Conceptualization, design, development, deployment, data analysis, communication.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Pre-requisites: ENG 101, ENG 105 or ENG 107; SES 410  |
| SES     | 480         | Teaching Earth and Space Sciences                                | Provides a practical review and active exploration of educational research and theory, published and online resources, and best practices, to inform effective teaching of the Earth and space sciences at the high school and undergraduate levels.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 3     |                 | Prerequisite(s): ENG 101, 105, or 107 with C or better; AST 111, AST 112, GLG 101, GLG 102, GLG 108, GLG 110, SES 106, SES 121, or SES 122 with C or better; Credit is allowed for only SES 480 or SES 494/GLG 490 (Teaching Earth and Space Science) |
| SES     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SES     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| SES     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-4   |                 |   |
| SES     | 497         | Honors Colloquium  | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| SES     | 499         | Individualized Instruction                                       | Provides an opportunity for original study or investigation in the major or field of specialization, on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1-3   |                 | Prerequisite(s): minimum 45 hours   |
| SES     | 501         | SESE Colloquium  | Colloquium is an opportunity to gain exposure to research that is taking place beyond the School of Earth and Space Exploration (SESE). Colloquium facilitates the cross-disciplinary growth that is always evolving in SESE. It also provides an opportunity for all members of SESE to gather in one location to interact and learn about science.  | N                 | LEC               | Y               | YGB           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only GLG 500 or SES 501   |

| SGS     | 204         | Professional Global Career Development           | Orients the student to working in global contexts and to thinking critically about careers in the global arena. Focuses on working in organizational settings distinctly global. Three modules: nation-state, corporations, and working international organizations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |  |
| SGS     | 240         | Introduction to Southeast Asia                   | Interdisciplinary introduction to the cultures, religions, political systems, geography, and history of Southeast Asia.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | (HU or SB) & G  | Pre-requisites: Credit is allowed for only ASB, GCU, HST, POS, REL or SGS 240  |
| SGS     | 245         | Introduction to South Asia                       | Provides an introduction to the history and major contemporary political, economic, social, religious and cultural features of the South Asia region at large and of selected South Asian nations in particular.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & H & G      | Prerequisite(s): ENG 101, 105 or 107 with C or better; Credit is allowed for only HST 245, POS 245, REL 245, SGS 245 or SLC 245  |
| SGS     | 294         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-4   |                 |  |
| SGS     | 301         | Principles of Global Studies                     | Presents current debates about globalization and subjects these to critical analysis.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | G               | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 101 or SGS 301   |
| SGS     | 303         | Global Trends                                    | Analyzes the process of globalization across boundaries through the investigation of the determinants and ramifications of globalization from the vantage of modern social sciences. Students are expected to conduct and articulate independent critical analyses toward a more in-depth understanding of this social phenomena, global history, and particularly the global economy.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB              | Prerequisite(s): minimum 45 hours  |
| SGS     | 304         | Foundations of Cross-Cultural Awareness          | Addresses the theory and practice of studying, working and/or living in cultures other than your own, and focuses on cultural preparation to learn successfully in diverse cultures. Develops an awareness of intercultural sensitivity and recognizes its value, gains specific intercultural competencies (as defined within the course), and enables students to better understand their own culture so they can understand their host culture at a more meaningful level. Because of the variety of locations where students study or intern, focuses on culture-general skills, not culture-specific ones. Students also gain career development skills to prepare them to apply to study abroad programs and related scholarships, and guidance on how to best utilize international experiences for maximum benefit and long-term career planning. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 304 or SGS 394 (Cross-Cultural Awareness) or SGS 394 (Foundations of Cross-Cultural Awareness)                             |
| SGS     | 305         | Empirical Political Inquiry                      | Logic of political inquiry, including research problems, concepts, hypotheses, theories, measurement, data collection, and analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB              | Prerequisite(s): minimum 45 hours; Credit is allowed for only POS 301 or SGS 305   |
| SGS     | 310         | Global Urban Systems                             | Comparative approach focuses on relationship between development of comparative urban systems and environmental impacts at local, regional, global scales.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SGS     | 311         | Urbanization in China                            | Explores contemporary and future Chinese urbanization from economic, built form, and environmental perspectives.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SGS     | 315         | Energy Policy                                    | Examines the regulation of energy production and consumption in the U.S. at the federal, state and local levels. Identifies energy stakeholders in the U.S. and examines how they have shaped U.S. policies around energy. Explains past and current U.S. energy policies and how energy needs have shaped U.S. relations with other countries. Compares U.S. energy policies to that of other countries in the world, as well as how Arizona's energy policies compare to other states within the U.S.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only PAF 394 (Energy Policy) or POS 394 (Energy Policy) or SGS 315 or SGS 394 (Energy Policy) or SOS 315 or SOS 394 (Energy Policy) |
| SGS     | 320         | Mechanisms of Governance                         | One of the fundamental issues in the social sciences concerns the problematic attainment of social order, which is the principal aim of governance. Presents the five principal mechanisms purported to account for social order, and illustrates these by providing empirical examples of each; includes film clips.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SGS     | 321         | International Institutions and Global Governance | Provides an in-depth examination as to how the international community organizes itself, through international institutions, to deal with serious international issues, and how the institutions of international governance can be improved. Studies diverse examples of international institutions primarily from the perspective of international relations (IR) theory and the role of international law (IL).  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SGS     | 324         | Negotiating Global Trade                         | Practical aspects of global trade including historic background, negotiations, supply chain, global terms, transportation, chartering, marine insurance, international arbitration, foreign exchange, letters of credit, barter, ethics, leadership, networking, country analysis and introduction to global management theories.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours or junior standing; Credit is allowed for only SGS 324 or SGS 394 (Global Trade in Real Time) or SGS 394 (Global Negotiations)                             |
| SGS     | 325         | Globalization and Socio-Economic Justice         | Addresses a trend producing increasing interconnectedness of economies and societies, as well as creating new conflicts and divisions. Provides greater understanding of global forces, as well as the effect of these forces on global economic justice.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | SB & G          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; minimum 2.00 GPA; Credit is allowed for only JUS 325 or SGS 325 or SOC 325   |

| SGS     | 330         | Globalization and the Environment: Problems and Solutions           | Assesses the impact of globalization on the earth's environment. Examines such issues as biodiversity loss to pollution to urbanization to climate change, among others, and assess how globalization has driven, impacted or improved these environmental problems. Emphasis on understanding the social, political and economic factors that have contributed to global environmental change and the degree to which globalization processes are something 'new', as well as on examining the ability of communities, nations and transnational institutions to manage these global problems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 340         | Violence, Conflict and Human Rights                                 | Interdisciplinary examination of the evolution and role of human rights in global society. Major themes include the political struggles over enforcement of human rights and curtailment of violence against individuals. Pays close attention to the role of non-governmental organizations and diplomacy in advancing human rights norms and also examines America's role in human rights, both at home and abroad. Focuses on the causes and effects of violence and human rights abuses in the context of torture, the "war on terror," and crimes against humanity.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 341         | Humanitarian Crisis and International Intervention                  | Focuses on political, legal, and ethical issues raised by decision about military interventions in genocide and humanitarian crisis.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| SGS     | 343         | Religion, Nationalism, and Ethnic Conflict                          | Examines the role of religion in national and ethnic conflict in the contemporary world.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | HU & G          | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 24 hours; Credit is allowed for only SGS 343 or REL 379  |
| SGS     | 344         | Facing the Past: Truth, Memory, Denial After Atrocities             | The past has never been so present as it is today. Over the last two decades, the world has shown an increasing interest in uncovering the hidden and forgotten histories of state-sponsored atrocities and acknowledging the fate of victims and survivors. Studies this movement for the recovery of truth, memory, and moral responsibility includes a wide range of actors and takes a number of different forms.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 |   |
| SGS     | 350         | Economic Development and Globalization                              | Major issues and models in economic development. Studies development policy and foreign aid practiced since the 1970s and recent critique of these practices. Analyzes the mistakes made in the last 40 years, and potential for improving the practice of foreign aid. Contemporary issues in development economics, including the impacts of bad governance, foreign aid, corruption, war, military intervention and democracy on economic growth with emphasis on policy evaluations in health, education, microfinance and monitoring corruption.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 360         | Cultural Aspects of Globalization                                   | Cultural aspects of globalization, starting with a theoretical discussion of what culture is and then weaving this discussion into an empirical examination of UNESCO's World Heritage program as a practical means of studying the role of culture in globalization. A number of questions guide our inquiry: What is culture? What forms does it take? Can culture be preserved? If so, what are the consequences? How is the UNESCO World Heritage Program structured? How does it conceive culture? What is its understanding of the global and the role of the local in it?   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SGS     | 361         | World Society: Imagining the World                                  | Studies global processes by conceptualizing the world as a world society. This means that globalization is not just people being more interconnected enabling faster interactions. It suggests that interactions and institutions throughout the world are increasingly part of a whole, of a global consciousness, and while boundaries such as national boundaries are important, they do not delimit "society." The global is not just what is outside of national society or beyond the nation-state: it also constitutes what is inside the nation-state.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only SGS 361 or SGS 394 (World Society)  |
| SGS     | 366         | Islam and Islamic Societies in Africa: Social and Political History | An in-depth study of the fundamental principles of Islam. Course will examine various forms of development of Muslim societies and institutions in Africa through time.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     | G               | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 372 (or AFS 372) or REL 362 or SGS 366 or AFS 394/REL 394/SGS 394 (Islam and Islamic Societies in Africa: Social and Political History) |
| SGS     | 370         | Geopolitics   | Geopolitics is a field that deals with war, conflict and the politics of animosity and violence. It calls special attention to the distribution of power on a global scale, and to the spatial scales at which power, authority and control operate. At one time, this involved studying how various "great powers" and "wise men" carved up the world according to their goals and interests. But power is everywhere! To name only a few examples, it is present in the ways that NGOs operate in conflict zones, in global health advocacy and awareness, in media coverage of distant catastrophes and seemingly immanent risks, and in disaster management and emergency response plans. Scholars in this field study topics such as war, diplomacy, conflict, migration, religious strife, terrorism and similar fields. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): minimum 45 hours or junior standing; Credit is allowed for only SGS 370 or SGS 394 (Global Geopolitics)  |

| SGS     | 497         | Honors Colloquium                                      | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SGS     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-7   |                 |  |
| SGS     | 499         | Individualized Instruction                             | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 1-3   |                 |  |
| SGS     | 501         | Global Theory  | Examines theoretical and analytical frameworks employed by institutions to frame action related to increased global uncertainty including economic, sociological, psychological, decision theory, gaming and institutional behavior frameworks. Uses case studies in key global issue areas such as climate change/natural hazards, energy security, urbanization, food security, security, failed states.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SGS     | 502         | Global Institutions and Actors                         | Examines key types of global institutions, (1) multinational businesses, e.g., Toyota, (2) international development organizations, e.g., the World Bank, and (3) voluntary organizations, e.g., the Red Cross/Crescent, in terms of the roles that they play in shaping localized outcomes. Using case studies, explores the impact of international actors in terms of the power and influence that they exert through international treaties, standards, information diffusion, influence on local governments and other organizations, dissemination of international "best practice."   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SGS     | 503         | Methods: Global Decision Making Under Uncertainty      | Examines and critically assesses approaches and methods used in decision making and planning under uncertainty in global contexts, e.g., scenarios, SWOT, risk analysis, contingency planning, gaming, economic forecasting, anticipation-foresight techniques, decision making under complex conditions, and rapid assessment techniques. Explores the strengths and weaknesses of different approaches under varying conditions, synergies achievable through application of multiple methodologies, and normative assumptions underlying various methodologies. Students gain "hands-on" experience in the use of a variety of techniques through assignments based on real-world situations. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 504   |

| SGS     | 504         | The Individual As Decision Maker in Cross-Cultural Global Contexts  | Focuses on the role of the Individual decision maker in cross-cultural contexts, acting in the context of globally engaged institutions. The individual is virtually always embedded in an institutional environment whether as manager, planner, advocate, frequently acting as part of a team. It is recognized that the various agents/stakeholders involved in addressing an issue, negotiating a deal, in a global context, almost invariably hold significantly different worldviews, cultural norms and decision-making styles. Deals with the individual decision maker in both public and private decision-making milieus. Discusses modes of intervention and initiative. Addresses issues of leadership, reconciliation of different decision-making modes, and acting effectively in cross-cultural environments. Emphasizes decision making under high uncertainty, using case studies, e.g., pending nationalizations or privatization. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 503  |
| SGS     | 505         | Preparation for the Global Field Project                            | Prepares students for the global field project. In addition to scheduled classes, each student meets with her/his advisor at regular intervals during the semester to prepare for the Global Field Project. During the semester, students prepare a work plan for their Global Field Project, including objectives of the exercise, specifications of deliverables. Network building is an important secondary objective, and development of an esprit de corps among Global Studies masters students.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Politics and Global Studies | 3     |                 | Prerequisite(s): SGS 501; SGS 502; Pre- or corequisite(s): SGS 503; SGS 504   |
| SHS     | 101         | American Sign Language I  | Basic receptive/expressive conversational skills; basic grammar and syntax rules. Orientation to deafness and deaf culture.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 4     |                 |   |
| SHS     | 102         | American Sign Language II   | Further development of receptive/expressive conversation skills in ASL; finger spelling. Continued exploration of deaf culture.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 4     |                 | Prerequisite(s): SHS 101 with C or better; taken within the past two years  |
| SHS     | 201         | American Sign Language III  | Continued development of fluency in ASL with emphasis on more abstract concepts and the ability to narrate events.  | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 4     |                 | Prerequisite(s): SHS 102 with C or better and taken within the past two years   |
| SHS     | 202         | American Sign Language IV   | Further development of fluency in ASL with emphasis on literature, folklore, and signing narratives with multiple characters.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 4     |                 | Prerequisite(s): SHS 201 with C or better and taken within the past two years   |
| SHS     | 205         | Exploring Communication Disorders in Children and Adults            | Introduces hearing, language, and speech problems in children and adults.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     |                 |   |
| SHS     | 230         | Peering into the Human Brain  | An introductory look into the cognitive and language functions of the human brain, and the resulting behavioral consequences of injury, disease and disorders.  | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 4     | SG              |   |
| SHS     | 250         | Introduction to Phonetics   | Introduces English phonetics with emphasis on phonetic transcription, articulation, phonology, and disorders of speech.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 300         | Foundations of Rehabilitation Science                               | Provides a foundation to rehabilitation science and covers an overview of rehabilitation professions and work settings including acute care, rehabilitation centers, long-term care facilities and in-home services. Also provides an introduction to clinical methods, patient privacy and professional ethics as well as an overview of rehabilitation process and continuum for children and adults.   | N                 | LEC               | N               | GNA           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 310         | Anatomical and Physiological Bases of Speech                        | Noncadaveric study of anatomical systems that underlie human speech and language, including respiration, phonation, articulation, and related nervous system processes.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): BIO 201 with C or better; PHY 101 with C or better; SHS 250 with C or better OR BIO 201 with C or better; PHY 111 with C or better; PHY 113 with C or better; SHS 250 with C or better |
| SHS     | 311         | Hearing Science   | Studies the physical characteristics of sound and of the structure and function of the human auditory system.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): BIO 201 with C or better; PHY 101 with C or better OR BIO 201 with C or better; PHY 111 with C or better; PHY 113 with C or better   |
| SHS     | 340         | Chronic Illness, Disability and the Environment                     | Over a billion people worldwide are estimated to live with some form of disability; however, disability is diverse in its association with chronic health conditions. Individuals with disabilities are vulnerable to deficiencies in health and social services. Depending on the group and setting, persons with disabilities may experience greater vulnerability to chronic illness, co-morbid conditions, age-related conditions, engaging in health risk behaviors and higher rates of premature death. Provide an overview of disability groups and the associated health conditions that impact their lives as well as discussion of the barriers to health care including health care costs, availability of services and physical barriers in the community.  | N                 | LEC               | N               | GNA           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 360         | Rehabilitation for Children and Adolescents in Educational Settings | Gives an overview of habilitation services for children from early intervention through adolescence in terms of physical, occupational and speech therapy, as well as other support services and their role with early intervention, educational settings, pediatric rehabilitation contexts.   | N                 | LEC               | N               | GNA           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): minimum 45 hours   |
| SHS     | 367         | Language Science  | Psychological processes, linguistic principles and social influences relating to language and communication.  | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| SHS     | 375         | Speech Science  | Normative aspects of speech, hearing, and language.   | N                 | LEC               | N               | OPT           | College of Health Solutions              | College of Health Solutions           | 3     |                 | Prerequisite(s): SHS 250 with C or better; Pre- or corequisite(s): SHS 310 with C or better if completed  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|-----------------------------|-------|-----------------|--|
| SHS     | 400         | Topics in Neuroscience   | Covers in-depth important and emerging developments in neuroscience, emphasizing lectures that include readings of recent reviews and contemporary publications in peer-reviewed journals. Includes a significant writing component; students learn skills for writing scientific publications and grant applications.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): BIO 360 with C or better; Credit is allowed for only BIO 400 or KIN 400 or PSY 400 or SHS 400                               |
| SHS     | 401         | Principles of Audiology  | Introduces hearing disorders and the purposes and procedures for basic clinical tests of auditory function.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): SHS 311 with C or better; Credit is allowed for only SHS 401 or 501   |
| SHS     | 402         | Clinical Methods and Treatment of Communication Disorders                      | Principles and techniques for planning speech and language intervention, including observation experiences.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Speech-Language Pathology Assistant certificate student or minimum 87 hours   |
| SHS     | 461         | Accent Modification  | Increases speech intelligibility in non-native English speakers by changing their English pronunciation skills. International students learn the pronunciation of American English vowels and consonants, intonation and stress patterns, and rhythm of speech. Conducts pre- and post-assessments of the students' intelligibility to determine the need for improvement on specific sounds and speech patterns.   | Y                 | LEC               | Y               | GNA           | College of Health Solutions | College of Health Solutions | 2     |                 | Prerequisite(s): minimum 45 hours  |
| SHS     | 465         | Speech and Language Acquisition  | Speech and language development in the normal child.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     | SB              | Pre- or corequisite(s): SHS 250; Credit is allowed for only SSH 465 or SHS 565   |
| SHS     | 470         | Developmental Speech and Language Disorders                                    | The nature of speech and language disorders in children   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): SHS 465 with C or better  |
| SHS     | 473         | Implementation of Treatment Plans for Individuals with Communication Disorders | Students will learn to follow written treatment plans, individual education programs, individual support plans or protocols developed by the supervising speech-language pathologist. Opportunities to learn methods for eliciting therapy targets and to apply critical thinking and problem solving during therapy will be provided.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Admission to the Speech and Language Assistant Program in Dept of Speech and Hearing Science                                |
| SHS     | 483         | Professional Issues and Ethical Considerations for the SLPA                    | Studies licensure laws, professional conduct, and ethical practice in the field of speech language pathology.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Admission to the Speech and Language Assistant Program in Dept of Speech and Hearing Science                                |
| SHS     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): minimum 45 hours  |
| SHS     | 485         | Acquired Speech and Language Disorders   | Acquired speech and language disorders across the lifespan.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): SHS 310 with C or better; SHS 367 with C or better  |
| SHS     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
