| STP     | 501         | Theory of Statistics I: Distribution Theory 3 | Introduces rigorous probability theory, including distributions and expectations of random variables, transformations of random variables and order statistics, generating functions and basic limit concepts. Supplements the understanding of applied statistics with a firm grasp of the probabilistic underpinnings of theoretical statistics.   | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): graduate student (degree seeking or nondegree seeking); Credit is allowed for only STP 501 or STP 598, Theory of Statistics I |
| STP     | 502         | Theory of Statistics II: Inference            | Presents techniques and basic results of mathematical statistics at a rigorous level. Develops the structure of statistical inference procedures, including the principles of data reduction, theory of estimation, confidence sets, hypothesis testing, and prediction for common parametric models.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): STP 501 with B- or better; Credit is allowed for only STP 502 or STP 598, Theory of Statistics II                             |
| STP     | 505         | Bayesian Statistics                           | Provides knowledge of Bayesian statistical methods. Covers the essential conceptual ideas for Bayesian analysis and discusses a variety of computational ideas that facilitate a Bayesian analysis in real-world applications. Assumes a mathematical and statistical maturity that is required for admission as a graduate student in statistics, including exposure to mathematical proof, linear algebra, multiple semesters of calculus, exposure to coding and a basic course in statistical concepts and methods.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only STP 505 or STP 598 (Bayesian Statistics)            |
| STP     | 526         | Theory of Statistical Linear Models           | Multinormal distribution, distribution of quadratic forms, full and nonfull rank models, generalized inverses, unbalanced data, variance components, and the large sample theory.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 527         | Statistical Large Sample Theory               | Types of convergence, central limit theorems, theory of maximum likelihood estimation, efficiency, robustness, influence functions, theory of bootstrap methods.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 530         | Applied Regression Analysis                   | Method of least squares, simple and multiple linear regression, polynomial regression, analysis of residuals, dummy variables, and model building.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 531         | Applied Analysis of Variance                  | Factorial designs, balanced and unbalanced data, fixed and random effects, randomized blocks, Latin squares, analysis of covariance, and multiple comparisons.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 532         | Applied Nonparametric Statistics              | One-sample test, tests of 2 or more related or independent samples, measures of correlation, and tests of trend and dependence.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 533         | Applied Multivariate Analysis                 | Discriminant analysis, principal components, factor analysis, cluster analysis, and canonical correlation.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 535         | Applied Sampling Methodology                  | Simple random, stratified, cluster sampling; variance estimation in complex surveys; nonparametric superpopulation approaches; nonresponse models; computational methods.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 540         | Computational Statistics                      | Presents computational tools for statistical inference and data analysis. Uses R software (the lingua franca of statistics) in a wide variety of examples. Emphasizes simulation of random variables, Monte Carlo experiments, evaluation of statistical models via cross-validation, construction of confidence intervals via bootstrap and hypothesis testing via permutations. Focuses on the numerical solution of least squares problems, on stepwise methods for model building and on estimation of regression models for high-dimensional data. Presents computational tools for maximum likelihood estimation with an emphasis on estimation of logistic regression models. Assumes a mathematical and statistical maturity that is required for admission as a graduate student in statistics, including mathematical proofs, linear algebra, multiple semesters of calculus, coding and statistical concepts. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only STP 540 or STP 598 (Computational Statistics)       |
| STP     | 581         | Statistical Consulting Clinic                 | Provides practical experience in the application of statistical theory and methods to problems from a wide variety of disciplines, exposing students to a diverse range of data types and clients. Develops nontechnical consulting skills, for example explaining statistical concepts to non-statisticians, writing reports, and making oral presentations.  | N                 | PRA               | Y               | GNA           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s) with B or better: STP 530, 531; Credit is allowed for only STP 581 or 598 (Statistical Consulting)                             |
| STP     | 584         | Internship                                    | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 590         | Reading and Conference                        | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 591         | Seminar                                       | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 592         | Research                                      | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 593         | Applied Project                               | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 593         | Applied Project                               | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 1-12  |                 |  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                                | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                                      | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|--|
| STP     | 594         | Conference and Workshop                          | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 595         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 598         | Special Topics                                   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 598         | Special Topics                                   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences     | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| STP     | 784         | Internship                                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| STP     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-15  |                 |  |
| STP     | 795         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1     |                 |  |
| STP     | 799         | Dissertation                                     | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences    | School of Mathematical and Statistical Sciences | 1-15  |                 |  |
| STS     | 101         | Introduction to Science, Technology, and Society | Overview of the basic issues, definitions, and literature involved in the study of science, technology, and human systems. Credit is given for only STS 304 or 101.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 110         | Global Technology and Development                | Introduces awareness and understanding of how technology, processes of globalization, and society influence one another. Credit is given for only STS 317 or 110.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB & G          | Credit is allowed for only STS 110 or 317  |
| STS     | 194         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 1-4   |                 |  |
| STS     | 202         | Science, Technology, and Diversity               | Examines the concept and meaning of the "technology gap" and its implications of the global impact of scientific and technological advances.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 235         | Technology and Urban Systems                     | Focuses on the relationship between technology and urbanization, especially on how technological innovation and change impact all aspects of urban systems, including urban social and economic development, sustainability, governance, environmental, and community change.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | L               |  |
| STS     | 250         | Science, Society, and Global Warming             | Addresses global warming and its implications for society, including evidence and components of warming, measurement of warming and global change, and the social and political aspects of change.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     |                 | Pre-requisite: Students who have credit for STS 294 (Society and Global Warming) may not enroll in STS 250 |
| STS     | 260         | Politics of Science and Technology               | Explores the relationship among government, politics, science, and technology, especially the interdependence of public policy and science and technological pursuits.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 294         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 1-4   |                 |  |
| STS     | 301         | Research in Science and Technology Studies       | Examines methods of inquiry in the social sciences with emphasis on STS, including both qualitative and quantitative approaches, philosophy of science, and scientific revolutions.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 302         | Philosophy of Science and Technology             | Focuses on the nature and implications of science as a body of knowledge, set of practices, specific methods, and how these differ from other human enterprises and activities.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              | Prerequisite(s): minimum 45 hours  |
| STS     | 303         | History of Science and Technology                | Examines the history of technology within social, cultural, political, and economic contexts and the critical relationship between society and technology.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | H               | Prerequisite(s): minimum 45 hours  |
| STS     | 304         | Science, Technology, and Society                 | Overview of the major issues associated with the study of science, technology, and human systems, including theoretical approaches. Credit is given for only STS 304 or 101.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 305         | Science and Social Theory                        | Explores the different theoretical traditions that inform social interpretations of science, including awareness of the historical traditions that define these interpretations.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 306         | Social Effects of Science and Technology         | Examines the effects of science and technology on social life and the contexts in which those effects manifest.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 317         | Science, Technology, and Global Engagement       | Overview of international issues associated with both the development and deployment of technologies, including matters concerning international relations. Credit is given for only STS 317 or 110.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB & G          | Credit is allowed for only STS 110 or 317  |
| STS     | 318         | Science, Technology, and Government              | Examines the foundations of the interrelationship of science, technology, and democratic governance, with emphasis on the American political system.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 325         | Science, Technology, and Public Policy           | Examines the interaction of science and technology with American domestic policy.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 328         | Science, Technology, and Culture                 | Overview of technology and international cultures, including cultural definitions of science and technology. May intersect issues of culture and religion.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 329         | Technology in Developing Countries               | Covers specific issues relating to building technological capability in newly industrializing countries.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB & G          | Prerequisite(s): minimum 45 hours  |
| STS     | 330         | Information Technology and Globalization         | Examines the intersection of advances in information technology and globalization and the impact of these processes on human systems.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB & G          |  |
| STS     | 331         | Ethical Issues in Science and Technology         | Examines the interconnections between values and science and technology by examining such topics as computers and privacy, medical malpractice, reproductive technologies, patents, and hazardous facilities.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 332         | Global Issues in Science and Technology          | Examines contemporary international debates in science and technology and how those issues impact globalization.  | N                 | SEM               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              |  |
| STS     | 364         | Science, Technology, and National Security       | Examines how changing technologies impact all aspects of national security policy in the United States.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts  | College of Integrative Sciences and Arts        | 3     | SB              | Prerequisite(s): minimum 45 hours  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|--|-------|-----------------|--|
| STS     | 385         | Technological Catastrophes                                | Interdisciplinary examination of the human, organizational, and technical factors contributing to the causes and impacts of major technological accidents.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 3     |                 |  |
| STS     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-4   |                 |  |
| STS     | 401         | Statistics in Science and Technology Studies              | Introduces statistical techniques for the social sciences, including the role and rationale of statistics, descriptive measures, associational measures, and inferential statistics.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 3     | CS              | Pre-requisites: MA general studies requirement satisfied   |
| STS     | 425         | Law, Values, Science, and Technology                      | Examines the interconnections of law, values, and science and technology with a view to establishing their reciprocal relationships.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 3     | SB              |  |
| STS     | 480         | Technology, Ethics, and Society                           | Technology in modern society; focuses on the relation between technology and personal, cultural, economic, and political values.   | N                 | SEM               | N               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 3     |                 |  |
| STS     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-12  |                 |  |
| STS     | 492         | Honors Directed Study                                     | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | GNA           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| STS     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| STS     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-4   |                 |  |
| STS     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-7   |                 |  |
| STS     | 499         | Individualized Instruction                                | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts    | College of Integrative Sciences and Arts | 1-3   |                 |  |
| SWG     | 501         | Micro Human Behavior in the Social Environment            | Human behavior in the social environment throughout the life cycle, analyzing theories of human development within an integrative multidimensional framework.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Pre/Co-requisite: masters or doctoral in Social Work major   |
| SWG     | 502         | Macro Human Behavior in the Social Environment            | Human behavior in the social environment, focusing on groups, organizations and communities and examining theoretical perspective in a macro context.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite: MSW or DSW student   |
| SWG     | 510         | Foundation Practice I                                     | Basic social work methods with emphasis on the problem-solving process as it pertains to individuals, families, and small groups.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): Social Work MSW student; Pre- or corequisite(s): SWG 501  |
| SWG     | 511         | Foundation Practice II                                    | Theory and methods of direct practice with groups and selected practice models.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): Master or Doctor Social Work student; SWG 510 with C or better  |
| SWG     | 514         | Bridge Seminar I  | Professional social work practice at the master's level.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): MSW Social Work (Advanced Direct Practice) or MSW Social Work (Planning, Administration and Community Practice) major. Corequisite(s): SWG 516  |
| SWG     | 515         | Bridge Seminar II   | Generalist practice problem-solving skills with diverse individuals, groups, families and systems at the master's level.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): MSW Social Work (Advanced Direct Practice) or MSW Social Work (Planning, Adm and Community Practice) major. Corequisite(s): SWG 516. Pre- or corequisite(s): SWG 514. Credit is allowed for only SWG 515 or SWG 598 (Bridge Seminar II) |
| SWG     | 516         | Social Work Skills Seminar                                | Focuses on the acquisition of practice skills for advanced interaction with individuals, families, groups and communities.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): MSW Social Work (Advanced Direct Practice) or MSW Social Work (Planning, Administration and Community Practice) major. Corequisite(s): SWG 514, 515   |
| SWG     | 519         | Research Methods in Social Work                           | Conceptual foundations and methods of nomothetic research in social work. Includes problem identification, hypothesis formulation, measurement, sampling, and experimental design.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 526         | Mental Health for Sentencing                              | Helps justice system professionals understand existing mental health diagnoses, the DSM-5, and how specific DSM-5 categories are associated with specific types of crime.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 527         | Mitigation of Death and Life Cases                        | Issues and skills for practicing as a mitigation specialist in cases of death and life without parole.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 528         | Presentence Investigations                                | Examines the functions and objectives of presentence investigation reports and prepares students to perform different types of investigations for limited and general jurisdiction courts for local, state and federal courts.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 529         | Alternatives Penal Sanctions                              | Prepares individuals to practice as sentencing advocates on defense teams, as consultants to problem-solving courts, or as private presentence investigators hired by the defense to advocate for alternatives to incarceration.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 531         | Social Policy and Services                                | Conceptual, analytical, and historical perspectives on the social welfare institution. Emphasizes poverty and inequality. Principles of policy analysis.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Pre-requisite: Masters or Doctoral of Social Work student  |
| SWG     | 533         | Diversity and Oppression in a Social Work Context         | Explores issues of social inequality related to disability, ethnicity, gender, race, and sexual orientation. Emphasizes populations of the Southwest.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Pre-requisite: Masters or Doctoral Social Work student.  |
| SWG     | 540         | Professional Experience I: Introduction to the Profession | Explains the historical origins of the social work profession, discusses the values and ethics unique to the profession, and familiarizes students with resources available at the school and the university for students enrolled in the MSW online program.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): Social Work - Standard Program MSW student; Credit is allowed for only SWG 540 or SWG 598 (Professional Seminar I)  |
| SWG     | 541         | Field Practicum I   | With SWG 542, two consecutive semesters (480 hours) of supervised social work practice in an approved placement.   | N                 | PRA               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): Master or Doctor Social Work student; Pre- or corequisite: SWG 510 with C or better if completed  |
| SWG     | 542         | Field Practicum II  | See SWG 541  | N                 | PRA               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                    | 3     |                 | Prerequisite(s): Master or Doctor of Social Work major; SWG 510 and 541 with C or better Pre- or corequisite(s): SWG 511 with C or better if completed   |

| SWG     | 554         | Overview of Addictions                               | Addictions and their impact upon society including alcohol, legal and illegal drugs, gambling, the Internet, sex and pornography. Focuses on the etiology of addictions that impact our society on a micro, mezzo and macro level. Provides an ecological perspective to view human behavior across the life span as it relates to addictive behaviors.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWG 554 or SWG 591 (Overview of Addictions) or SWU 454 or SWU 498 (Overview of Addictions)  |
| SWG     | 556         | Immigrants and Refugees                              | Provides basic conceptual approach to understanding immigrant and refugee issues and how these factors influence social work practice with immigrant and refugee populations.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 456 or SWG 556 or SWG 591 (Immigrants and Refugees)   |
| SWG     | 557         | Southwest Borderland Immigration Issues              | Reviews immigration history, trends, policies, and legislation. Focuses on immigrant experience from economic, educational, social, political, familial perspectives in Southwestern U.S.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Credit is allowed for only SWG 557 or SWU 457   |
| SWG     | 558         | Introduction to Behavioral Health Services           | Explores mental health. Develops a basic understanding of mental health and co-occurring conditions. Gains an understanding of public- and employer-financed contemporary behavioral health services with a focus on Arizona models.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 458 or SWG 558 or SWG 591 (Introduction to Behavioral Health Services)  |
| SWG     | 559         | Spirituality and the Helping Professions             | Provides a framework for spiritually and culturally competent practice with diverse populations.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 459 or SWG 559 or SWG 591 (Spirituality & Helping Profession) or SWG 598 (Spirituality and the Helping Professions)                                       |
| SWG     | 560         | Legal Issues in Social Work                          | How the law relates to social work practice, administration and policy.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 460 or SWG 560 or SWG 591 (Legal Issues in Social Work)   |
| SWG     | 561         | Lesbian, Gay, Bisexual, Transgender and Queer Issues | Historical, socio-cultural introduction to lesbian, gay, bisexual and transgender communities and their resilience to challenges and barriers.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 461 or SWG 561 or SWG 591 (Lesbian and Gay Issues)  |
| SWG     | 562         | Global Social Welfare                                | Analyzes social work's response to international social issues and human need from the perspectives of globalization, development and human rights.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWG 562 or SWG 591 (International Social Work) or SWU 462 or SWU 498 (International Social Work)  |
| SWG     | 563         | Multicultural Perspectives on Community Development  | Analyzes solutions to contemporary social and economic problems from a global perspective. Focuses on local community issues; helps community members from diverse ethnic and cultural backgrounds understand differences and their impact on social behavior.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWU 463 or SWG 563 or CRD 494, CRD 598, NLM 494, PAF 494, PAF 591, SOS 494, SSH 494, SWG 591, or SWU 498 (Multicultural Perspective on Community Development) |
| SWG     | 570         | Aging: A Biopsychosocialspiritual Perspective        | Biopsychosocialspiritual perspectives on aging, including intergenerational matters, international trends, policies, programs, services and issues unique to populations of the Southwest.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWG 570 or SWG 591 (Aging Soc Wk Perspective)   |
| SWG     | 571         | Mental Health Aspects of Aging                       | Older adult mental health assessment, treatment, planning, policy and service delivery from a cross-cultural, interprofessional, intergenerational, international and continuum-of-care perspective.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWG 571 or SWG 591 (Mental Health & Aging)  |
| SWG     | 572         | Interprofessional Approaches to Healthy Aging        | In-depth examination of healthy aging, interprofessional practice and interprofessional practice approaches designed to foster healthy aging for older adults.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 573         | Policies to Promote Healthy Aging                    | Age-based policy process and various social policies/programs that address financial, medical and psychosocial needs of older Americans.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 577         | Traumatic Death: Theory, Counseling and Practice     | Explores the various experiences of grief, trauma and bereavement through a phenomenological perspective and using creativity, art, literature, poetry, indigenous wisdom and evidence-based research. Practice techniques and psychosocial care to the traumatically bereaved. Examines the micro, mezzo and macro aspects of death and grief in contemporary society. Theory, philosophy and direct practice with individuals, families and groups experiencing traumatic death and grief. | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Degree- or Nondegree-seeking graduate; Credit is allowed for only SWG 577, 591 (Trauma & Death Counseling) or 598 (Trauma&Death: Counseling, Theory, &Practice Issues)  |
| SWG     | 579         | Critical Incident Stress Management                  | Theory and research behind coping strategies and mechanisms commonly experienced by Emergency Management Teams (EMT) and DHS. Explores topics of stress, trauma, vicarious trauma and mass trauma as experienced by the individual and large populations.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Masters or Doctoral Social Work student   |
| SWG     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 585         | Macro Social Work Practice                           | Examines communities and human service organizations as social systems. Introduces strategies for initiating planned change.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Masters or Doctoral Social Work student   |
| SWG     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 593         | Applied Project                                      | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 595         | Continuing Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Social Work | 1     |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 598         | Special Topics                                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-4   |                 | Pre-requisites: Master Social Work student   |
| SWG     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | IND               | Y               | Z2            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 |  |

| SWG     | 661         | Cognitive Behavior Therapy Across the Lifespan                    | Knowledge and skills to understand and apply cognitive-behavioral approaches to treatment (CBT), including diagnostic information and empirically supported interventions targeted to individuals, families and groups across the lifespan.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre- or corequisite(s): SWG 542  |
| SWG     | 662         | Social Work Practice With Adolescents                             | Advanced elective focuses on working with adolescents in a variety of intervention settings (e.g., mental health agencies and schools).   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: SWG 542 with grade of Y OR MSW Social Work (Advanced Direct Practice) or Social Work (Planning, Administration and Community Practice) major; Credit is allowed for only SWG 591 (Social Work Practice With Adolescents) or 662 |
| SWG     | 663         | Clinical Trauma Treatment   | Explores the assessment and treatment of PTSD in people throughout the lifespan.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: SWG 542 with grade of Y OR MSW Social Work (Advanced Direct Practice) or Social Work (Planning, Administration and Community Practice) major; Credit is allowed for only SWG 591 (Clinical Trauma Treatment) or 663             |
| SWG     | 664         | Evidence-Based Approaches to Treatment of Substance Use Disorders | Knowledge and skills to understand substance abuse disorders, including diagnostic information and evidence-based interventions targeted to individuals, families and groups.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: SWG 542 with grade of Y OR MSW Social Work (Advanced Direct Practice) or Social Work (Planning, Administration and Community Practice) major; Credit is allowed for only SWG 591 (Treatment Substance Use Disorders) or 664     |
| SWG     | 680         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | N                 | IND               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Prerequisite(s): Social Work graduate student; SWG 681 or 682 with C or better; Pre-corequisite(s): SWG 623 with C or better if completed  |
| SWG     | 681         | Social Work Administration  | Administrative skill building and theory application within human service nonprofit social work settings.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): SWG 623 with C or better; SWG 685 with C or better; Corequisite(s): SWG 682   |
| SWG     | 682         | Community Participation Strategies                                | Reviews strategies to involve citizens and the consumers of social and human services in community decision-making systems. Participation is viewed as a means to facilitate the empowerment of oppressed peoples.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): SWG 623 with C or better; SWG 685 with C or better; Corequisite(s): SWG 681   |
| SWG     | 683         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 684         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 685         | Program Planning in Social Services                               | Social services planning process; includes needs assessment, goals and objectives, program design, budgeting, management information systems, and program evaluation.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work (Advanced Direct Practice) MSW or Social Work (Planning, Administration and Community Practice) MSW student OR SWG 542 with Y grade; SWG 585 with C or better; Corequisite(s): SWG 623                            |
| SWG     | 686         | Developing Grants and Fund Raising                                | Identifies potential funding sources, technical and interpersonal/political aspects of proposal development and fund raising.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| SWG     | 687         | Public Policy and Advocacy  | Covers public policy at the federal level, including administrative, legislative and judicial policy. Students understand how to develop congressional policy and methods to engage in advocacy at the federal level to impact macro social work practice.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only SWG 687 or SWG 591 (Advocacy and Public Policy)   |
| SWG     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 691         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisites: MSW or MSW Advanced Standing student   |
| SWG     | 692         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 |  |
| SWG     | 693         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | SEM               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 |  |
| SWG     | 695         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | IND               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Social Work | 1     |                 | Pre-requisites: MSW, MSW Adv Standing, or PhD student  |
| SWG     | 700         | Research Methods  | Course on research methods in a specific discipline.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.   |
| SWG     | 718         | Qualitative Research Methods                                      | Provides comprehensive qualitative research methods training for doctoral students to complement their quantitative survey research methods knowledge.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Doctoral student; Credit is allowed for only SWG 718 or 791 (Qualitative Research Methods)  |
| SWG     | 719         | Quantitative Research Methods                                     | Provides the tools for independently designing and conducting methodologically sound, ethical, quantitative research that advances social work and social welfare knowledge.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Doctoral student  |
| SWG     | 720         | Philosophy of Science Issues in Social Work                       | Critical examination of social science, social work practice, and policy in terms of philosophical assumptions and varying frames of reference.   | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Master or Doctor Social Work student.   |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long   | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department            | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|-----------------------|-------|-----------------|---|
| SWG     | 721         | Statistics  | Logic and application of statistical methods for analyzing social welfare-based data pertaining to social work. Includes ethical issues concerning the appropriate application, interpretation and use of social research, as well as the potential limitations and biases of applications that fail to adequately consider issues of population diversity. Students learn to independently design a research project from start to finish employing statistical analysis of primary data. | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: doctoral major   |
| SWG     | 722         | Pedagogy in Social Work   | Prepares doctoral students to teach for the profession of social work. Provides an opportunity for students to develop or enhance their philosophy of teaching, their attitudes toward learning, teaching and students, and the knowledge and skills necessary to teach effectively. Explores teaching to the diverse students present in social work programs, the challenges that teaching presents and the responsibilities that come with social work education.                       | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Doctoral student; Credit is allowed for only SWG 722 or SWG 791 (Pedagogy in Social Work)  |
| SWG     | 723         | Proposal Development  | Provides an opportunity for doctoral students to formulate a dissertation proposal or a research plan for a three-paper option. Provides a forum for presenting ideas, receiving feedback and defending one's proposal.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Doctoral student; Credit is allowed for only SWG 723 or 791 (Proposal Development)   |
| SWG     | 731         | Welfare State   | Examines the evolution of the welfare state as a problem of political economy.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre-requisite: Doctoral student; Credit is allowed for only SWG 731 or 791 (Welfare State)  |
| SWG     | 783         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.  |
| SWG     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | IND               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.  |
| SWG     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-12  |                 | Pre-requisite: Master or Doctor Social Work student.  |
| SWG     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-15  |                 | Pre-requisite: Master or Doctor Social Work student.  |
| SWG     | 795         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | IND               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Social Work | 1     |                 |   |
| SWG     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | IND               | Y               | Z2            | Col of Pub Serv & Comm Solutns | School of Social Work | 1-15  |                 | Pre-requisite: Master or Doctor Social Work student.  |
| SWU     | 171         | Introduction to Social Work   | Descriptive and historical perspectives of social problems, social justice issues and society's response to them.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | SB & H          |   |
| SWU     | 180         | Introduction to Lesbian, Gay, Bisexual and Transgender (LGBT) Studies | A historical, socio-cultural introduction to lesbian, gay, bisexual, transgender, transsexual, and intersexed communities and their resilience to challenges and barriers.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | SB & C          | Credit is allowed for only SWU 180 or 194 (Introduction to LGBT Studies)  |
| SWU     | 181         | Economics: A Social Issues Perspective                                | Introduces economic principles through the lens of contemporary social issues for social work and related fields.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Credit is allowed for only SWU 181 or 194 (Economic and Social Issues in Perspective)   |
| SWU     | 182         | Social Services Perspective of Government                             | Explores levels of government and policy practice in advancing social and economic justice and effective social services within the Southwest.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | SB              | Credit is allowed for only SWU 182 or 194 (AZ/National Government: Social Work Perspective)   |
| SWU     | 183         | Introductory Ethics: A Social Issues Perspectives                     | Introductory exploration of ethics from a historical and multicultural perspective viewed through the lens of contemporary social issues.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | HU              | Credit is allowed for only SWU 183 or 194 (Intro Ethics: Social Issues Perspective)   |
| SWU     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-4   |                 |   |
| SWU     | 250         | Stress Management Tools I   | Helps students develop an understanding and behaviors to create a healthy balance in their lives by studying the bio/psycho/social aspects of wellness.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | SB              |   |
| SWU     | 291         | Social Service Delivery Systems                                       | Federal, state, private not-for-profit and for-profit social service delivery system's purpose, structure, and professional roles. Includes 40 volunteer hours.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): PSY 100, PSY 101, SOC 101 or SOC 301; Pre- or corequisite(s): SWU 171 with a C or better if completed  |
| SWU     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 1-4   | SB              |   |
| SWU     | 295         | Foundations of Social Work Practice                                   | Theoretical foundation and skill base for effective culturally competent communication and interviewing with individuals, families, small groups, and larger systems.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | SB & C          | Prerequisite(s): PSY 101, SOC 101, or SOC 301; Pre- or corequisite(s): SWU 171 or 271 with C or better if completed; SWU 291 with C or better if completed  |
| SWU     | 302         | Human Biology for Social Workers                                      | Overview of human anatomy and physiology, and the reciprocal relationship between physical and social environments. May be repeated for credit.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 |   |
| SWU     | 303         | Micro Human Behavior and the Social Environment                       | Human behavior in the social environment throughout the life cycle, analyzing theories of human development within an integrative multidimensional framework.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | L or SB         | Prerequisite(s): PSY 101; SOC 101 or 301; Pre- or corequisite(s): SWU 171 with C or better if completed; SWU 291 with C or better if completed; SWU 295 with C or better if completed, OR Community Advocacy and Social Policy BA major |
| SWU     | 306         | Ethics in Social Services   | Focuses on following the NASW Code of Ethics in making ethical decisions in social service settings.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | L               | Prerequisite(s): ENG 102 or 105 or 108 with C or better; PHI 101 or 105 or 306 or SWU 183; SWU 291; lower-division (L) course   |
| SWU     | 310         | Social Work Practice I  | Introduces social work methods, emphasizing the following skills: relationship development, cross-cultural interviewing, communication patterns, and case-recording.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): SWU 171 or SWU 271 with C or better; SWU 291 with C or better; SWU 295 with C or better; Pre- or corequisite(s): SWU 303 with C or better if completed   |
| SWU     | 311         | Integrative Social Work Practice                                      | Social work practice skills emphasizing cross-cultural interviewing, assessment and professional recording.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): SWU 171; SWU 291; SWU 295; Corequisite(s): SWU 312; Pre- or corequisite(s): SWU 306  |
| SWU     | 312         | Integrative Social Work Practice Skills                               | Applies social work content from SWU 311 focusing on practice skills and professional behavior.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): SWU 171; SWU 291; SWU 295; Corequisite(s): SWU 311; Pre- or corequisite(s): SWU 306  |
| SWU     | 320         | Research Methods in Social Work                                       | Applies scientific principles to field practice, problem formulation, intervention procedures, and impact assessment in social work.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Pre- or corequisite(s): SWU 310 with C or better if completed, or Community Advocacy and Social Policy BA major   |
| SWU     | 321         | Statistics for Social Workers   | Teaches social work students how to use and interpret descriptive and inferential statistics in social work practice. May be repeated for credit.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | CS              | Pre-requisites: MAT 142 or an MA general studies course   |

| SWU     | 412         | Field Instruction I  | 16 hours a week of supervised practice in an approved placement. "Y/E" grade only.   | N                 | PRA               | N               | YGB           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work BSW major; SWU 310 with C or better; Corequisite(s): SWU 410; SWU 413   |
| SWU     | 413         | Field Instruction Seminar  | Field-focused seminar, including practice evaluation.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work BSW major; SWU 310 with C or better; Corequisite(s): SWU 410; SWU 412   |
| SWU     | 414         | Field Instruction II   | 16 hours a week of supervised practice in an approved placement. Y/E grade only.   | N                 | PRA               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work BSW major; SWU 410, 412, or 413 with C or better; Corequisite(s): SWU 411; SWU 415  |
| SWU     | 415         | Integrative Field Seminar  | Field-focused seminar to help students integrate practice and theory.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work BSW major; SWU 410, 412, or 413 with C or better; Corequisite(s): SWU 411; SWU 414  |
| SWU     | 416         | Domestic Violence and National AmeriCorps Service                    | Prepares students for working with domestic violence survivors in the community and to implement evidence-based practices in domestic violence services.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for SWU 416 or SWU 494 (Domestic Violence Americorp Serv Practicum)   |
| SWU     | 417         | Technology, Interpersonal Relationships and Abuse                    | Examines the influence, impact and role of information communication technologies within interpersonal relationships. Draws from theoretical concepts, current events and student experiences to understand the risks and benefits to incorporating mediated communications into personal relationships. Also examines ways that technology can further abuse and mistreatment of marginalized groups by reviewing research about online harassment, cyberbullying, cyberstalking, monitoring, surveillance, and other forms of online exploitation. Students use readings, lectures and assignments to understand ethical implications when incorporating technology into our social lives.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SWU     | 418         | Global Perspectives on Violence Against Women                        | Examines experiences of and responses to violence against women (VAW) from global perspectives. Throughout the semester students explore drivers and consequences of violence against women across geographic and practice contexts. Examines critical approaches and evidence-based practice modalities. While the focus of the course is on women's experiences of violence, students have opportunities to explore a wide range of identities related to gender, sexual orientation, race, social status and differing abilities. Draws from local expertise in the practice community and offers integration of classroom content with contemporary issues related to both policy and practice at the local, state, national and international levels. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SWU     | 432         | Social Policy and Services   | Contemporary social, political, and economic issues. Special emphasis on poverty and inequality in the Southwest. Analysis and development of social welfare policies and programs.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work major; ECN 211 or SWU 181; POS 110, POS 310, or SWU 182; SWU 310 with C or better; Corequisite(s): SWU 410; SWU 412; SWU 413                                    |
| SWU     | 442         | Introduction to Practice with Children and Families in Child Welfare | Focuses on the characteristics, strengths, and service needs of families and children in the Child Welfare System.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): Social Work BSW major; SWU 410 with C or better; SWU 412 with C or better; SWU 413 with C or better   |
| SWU     | 450         | Mastering Mindfulness  | Facilitates mastering mindfulness practice. Students teach a lesson and develop a training proposal that will be implemented and evaluated.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum 45 hours  |
| SWU     | 454         | Overview of Addictions   | Addictions and their impact upon society including alcohol, legal and illegal drugs, gambling, the Internet, sex and pornography. Focuses on the etiology of addictions that impact our society on a micro, mezzo and macro level. Provides an ecological perspective to view human behavior across the life span as it relates to addictive behaviors.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only SWU 454 or SWU 498 (Overview of Addictions) or SWG 554  |
| SWU     | 456         | Immigrants and Refugees  | Provides basic conceptual approach to understanding immigrant and refugee issues and how these factors influence social work practice with immigrant and refugee populations.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | C               | Prerequisite(s): minimum junior standing; Credit is allowed for only SWU 456 or SWU 498 (Immigrants & Refugees) or SWG 556   |
| SWU     | 457         | Southwest Borderland Immigration Issues                              | Reviews immigration history, trends, policies, and legislation. Focuses on immigrant experience from economic, educational, social, political, familial perspectives in Southwestern U.S.  | N                 | SEM               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     | C               | Pre-requisite: Credit is allowed for only SWG 557 or SWU 457   |
| SWU     | 458         | Behavioral Health Services   | Behavioral health conditions; their impact on the individual, family and community; and historical and contemporary service models.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only SWU 458 or SWU 498 (Behavioral Health Services) or SWG 558  |
| SWU     | 459         | Spirituality and the Helping Professions                             | Provides a framework for spiritually and culturally competent practice with diverse populations.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only SWU 459 or SWU 494 (Spirituality and the Helping Professions) or SWU 498 (Spirituality & Helping Profession) or SWG 559 |
| SWU     | 460         | Legal Issues in Social Work  | How the law relates to social work practice, administration and policy.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work | 3     |                 | Prerequisite(s): minimum junior standing; Credit is allowed for only SWU 460 or SWU 498 (Legal Issues in Social Work) or SWG 560   |

| SWU     | 488         | Advocacy Strategies                                   | Comprehensive advocacy approach that spans administrative, legislative and community strategies.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Social Work                   | 3     |                 | Prerequisite(s): SWU 303; SWU 306; SWU 320; SWU 340; SWU 350; SWU 374; senior standing   |
| SWU     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work                   | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| SWU     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | IND               | N               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work                   | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| SWU     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                   | 1-4   |                 |  |
| SWU     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Social Work                   | 1-7   | L               |  |
| SWU     | 499         | Individualized Instruction                            | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | IND               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Social Work                   | 1-3   |                 | Pre-requisite: Bachelor of Social Work student   |
| TAM     | 511         | Accounting for Business Leaders                       | Focuses on external financial reporting to financial statement users outside the enterprise in both the United States and internationally. Topics include the history and role of financial accounting standards and financial statements in an economy, the preparation of financial accounting records and statements, and the financial accounting standards that govern the measurement of the underlying financial activity in an enterprise. Our study of the methods and measures mandated in financial accounting standards includes both U.S. Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRS). Also covers an analysis of costs and cost behavior, which naturally leads to our being able to estimate future costs of products or activities, and then to cost planning at different levels of activity and cost inputs. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TAM     | 521         | Financial Analysis and Management                     | Covers fundamental theories and practices of modern financial management within a market-oriented framework. Develops analytical skills for sound decision making and management. Emphasizes practical applications and equips learners with tools necessary for making investment and financing decisions and corporate valuation. Learning is achieved via problem solving, lectures, case analysis and discussions.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TAM     | 530         | Data Analysis and Decision Making                     | Covers concepts, techniques and applications of commonly applied quantitative tools to large data sets that are now ubiquitous in everyday business. Understands and applies statistical techniques in order to improve the quality of managerial decisions. Starts with elementary statistics (measures of dispersion, location, random variables) and moves on to cover frequently used managerial models (Regression, ANOVA). Emphasizes the application of these techniques in a wide variety of data sets across industries--to that extent students use Excel (still the language of office math) and SPSS (more advanced software) to help pick the needles in the haystack. Once mere data is transformed into information, students evaluate its adequacy and glean insights for decision making.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TAM     | 531         | Project and Operations Leadership                     | Strategies and challenges associated with leading projects and designing and improving service and manufacturing processes. Topics include project management, value-chain structures, supplier partnerships, logistics, risk management and value-stream mapping.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TAM     | 534         | Entrepreneurship and Business Plan Development        | Emphasizes the development, process and tools required to create a business or acquire a business in an emerging market. Builds a business plan utilizing the business model canvass as well as the startup map. Also dives into term sheets, letters of intent.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TAM 511; TAM 541; TGM 505; TGM 540; TGM 551; TGM 579  |
| TAM     | 541         | Strategy in a Competitive World                       | Focuses on choices that have an impact on the performance of the entire organization or business start up. Includes the problems faced by, and the decisions made by, executive leaders who have to balance the needs and expectations of stakeholders including customers, shareholders and employees with the requirements of local country practices and government regulations. Analyzes problems and decisions from the point of view of the founder, general manager or chief executive who has responsibility for the welfare of the entire organization. By focusing on policy decisions, concerns the choice of goals as well as the organization; management and deployment of scarce resources to pursue these goals within the context of an imperfect, changing and competitive world.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| TAM     | 542         | Leadership and Personal Leadership Development                                       | Personal leadership development is optimized by grounded reflection, self knowledge and continuous learning as we interact with others. Therefore, the personal development part of this course cultivates introspective and skill-building competencies that include conceptual grounding that is based in an experiential learning focus. Discusses self- and other-awareness and engages in group/team interaction, as well as conducts individual self-assessments and individual feedback. In addition to developing ourselves at the personal level, developing ourselves as leaders at the organizational level is imperative to sustainability of the company   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                     | Prerequisite(s): TGM 540  |
| TAM     | 597         | Integrative Project  | Integrates business subjects covered in the program online. Helps students fine tune their business plans and prepare presentations for potential fund raising. Provides tools for effective presentation, preparing pitch deck for fund raising and successful negotiation of the term sheets. Learning is achieved via lectures, discussions, presentations and role play as negotiators.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                     | Prerequisite(s): TAM 511; TAM 521; TAM 534; TAM 541; TGM 505; TGM 540; TGM 551; TGM 579                                     |
| TCL     | 101         | Introduction to Transborder Chicana/o and Latina/o Studies                           | Historical and contemporary issues in Chicana/o and Latina/o communities; focuses on the diverse economic, sociological, cultural, and political status.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              |   |
| TCL     | 111         | Introduction to Transborder Chicana/o and Latina/o Culture                           | Interdisciplinary analysis of customs, values, belief systems, and cultural symbols; special attention is given to cultural continuity and change.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              |   |
| TCL     | 191         | First-Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 1-3   |                     |   |
| TCL     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 1-4   |                     |   |
| TCL     | 201         | Transborder Society and Culture I: Interdisciplinary Approaches                      | Intensive overview of Mexican origin and Latina/o populations through various sociological, historical, anthropological, economic, political, cultural, literary, and analytical lenses.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              |   |
| TCL     | 202         | Transborder Society and Culture II: Contemporary Issues                              | Examines contemporary transborder belief systems, ideologies of health, gender, familial structures, and community development within a transnational context.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & C              |   |
| TCL     | 210         | Introduction to Ethnic Studies in the U.S.   | Covers diversity of experiences and relations among racial and ethnic groups in the United States.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | C                   | Credit is allowed for only AFR 212 (or AFS 210) or APA 210 or JUS 210 or TCL 210  |
| TCL     | 211         | Transborder Chicano/a and Latino/a Poetry  | Writing seminar on Chicana and Chicano poetics and intensive creative writing workshop.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              |   |
| TCL     | 220         | Transborder Latina/o Expressive Culture  | Examines media, literature, performance, and visual art grounded in the historical experiences of transborder Latina/o communities.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | (L or HU or SB) & C | Prerequisite(s): ENG 101, ENG 105, or ENG 107 with C or better  |
| TCL     | 230         | The Expressive Culture of Latin America and the Caribbean: A Transborder Perspective | Interdisciplinary social science introduction to various forms of cultural expressions found throughout Latin America and the Caribbean region and in Latina/o communities within the United States. Uses a transborder perspective to examine how migration, race, ethnicity, gender, power, history and identity shape and influence different aspects of Latina/o culture and identity. Focuses on the study of a wide array of expressive practices including music, dance, verbal arts, myths and folktales, festivals, sports and food in Mexico, the Spanish Caribbean and their counterpart Latina/o communities in the United States. Class lectures and readings introduce basic concepts such as ethnography, ethno-musicology, culture, representation and globalization. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | (L or HU or SB) & C | Credit is allowed for only ASB 220 or TCL 230   |
| TCL     | 275         | Culture, Language and Learning   | Examines the dynamic and complex interplay of language, culture and learning within and across individuals, groups, institutions and cultures in diverse multicultural, multilingual and transborder contexts.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & C              | Credit is allowed for only ASB 275 or TCL 275   |
| TCL     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 1-4   |                     |   |
| TCL     | 303         | Transborder Theory   | Studies historical, cultural, and economic theories contributing to understanding the emergence of Mexican and Latina/o origin populations in the Americas.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB                  |   |
| TCL     | 304         | Transborder Research Methods   | Emphasizes critical skills: quantitative/qualitative, spatial, archival, and reflexive methodologies, including ethnographic, biographical, historical, and mapping.  | N                 | RSC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & C              |   |
| TCL     | 305         | Transborder Practicum and Field Research.  | Field work with faculty incorporating practical experience while honing research skills and ability.  | N                 | PRA               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     |                     | Pre- or corequisite(s): TCL 303 with C or better if completed; TCL 304 with C or better if completed                        |
| TCL     | 310         | Transborder Chicano/a and Latino/a Folklore of Southwest North America               | Analyzes Chicana and Chicano folk beliefs, traditions, and practices.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              |   |
| TCL     | 314         | Transborder Latin American Migration to the U.S.                                     | Historical/contemporary overview of Mexican and other Latin American migration into and within the U.S.; factors affecting population movement, settlement patterns and migrants' incorporation into society.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | (L or SB) & H & C   | Prerequisite(s): minimum 45 hours   |
| TCL     | 315         | Chicana/o and Latina/o Family Structures   | Traditional and changing family relationships; emphasis on gender and intergenerational relations and impact of modern society on traditional family values.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB                  |   |
| TCL     | 321         | Transborder Community Development and Health   | Emphasizes core concepts and practices relevant to regional community development and health, including demographic health indicators, individual, and community models.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     |                     | Prerequisite(s): ENG 102, 105, or 108 with C or better  |
| TCL     | 323         | Latino Health Issues   | Health issues among Chicanos and other U.S. Latinos; interplay among political economy, health, family, culture, and community.   | N                 | LEL               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 4     | SB & C              |   |
| TCL     | 326         | Health of Chicanas and Latinas   | Examines gender, ethnicity, and health; critical issues affecting health status of Chicanas and Latinas.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & C              | Prerequisite(s): ENG 102, 105, or 108 with C or better  |
| TCL     | 327         | Health and Migration   | Focuses on health status among various immigrants; health trajectories following migrations, adaptive behaviors, health practices, and the role of policy.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB                  | Prerequisite(s): ENG 102, 105, or 108 with C or better  |
| TCL     | 328         | U.S. Latino Religion and Culture   | U.S. Latino and Latin American religious history with special attention to what have become Hispanic mestizo hybrid cultures.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | HU & C              | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 earned hours; Credit allowed for only REL 326 or TCL 328 |
| TCL     | 331         | Mexican American History to 1900   | Mexican American history from pre-Hispanic origins to frontier journeys north through 19th-century life in the U.S. Southwest.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & H & C          | Pre-requisite(s): ENG 102, 105 or 108 with a C or better; Minimum 30 hours; Credit is allowed for only HST or TCL 331       |
| TCL     | 332         | Mexican American History Since 1900  | Traces the formation of Mexican American communities across the rural and urban U.S. and examines 20th-century immigration from Mexico.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies           | 3     | SB & H & C          | Pre-requisite(s): ENG 102, 105 or 108 with a C or better; Minimum 30 hours; Credit is allowed for only HST or TCL 332       |

| TCL     | 335         | Historical Studies in Race, Crime, and the Law                          | Studies the historical relationship between the criminal justice system in the United States and a segment of society that has traditionally faced official and unofficial discrimination: American racial minorities. Focuses on the experiences of Mexican Americans and Africans Americans with the criminal justice system.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): ENG 101 with C or better; ENG 102 with C or better; Credit is allowed for only AFR 335 or HST 323 or TCL 335  |
| TCL     | 340         | Chicana/o and Latina/o Politics and Policy                              | Historical/contemporary analysis of Chicana and Chicano political ideologies, attitudes, strategies, and movements; relations with governmental agencies; and public policy issues.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | L & C           |  |
| TCL     | 341         | Policy Issues in Chicana/o and Latina/o Urban Settings                  | Historical, demographic, and sociological overview of the status of Chicanas and Chicanos in urban settings as well as the public policy relevance.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | C               |  |
| TCL     | 342         | Social Demographics of Latino Populations                               | Provides an introduction to social demography of Latinos in the U.S. from the 19th century to the present.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB & C          |  |
| TCL     | 350         | Transborder Mexican and Chicano/a Artistic Production                   | Overview of Mexican and Mexican American artistic production from colonial times to present; emphasis on religious and folk art.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | HU & C & G      |  |
| TCL     | 351         | Transborder Chicano/a and Latino/a Art of Mexico                        | Intensive analysis of contemporary Chicana and Chicano art movement as appraised within the context of contemporary American art and the art of Mexico.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | HU & C          |  |
| TCL     | 352         | Chicana/o Film  | Explores how Chicano and Chicana filmmakers have interpreted the Chicano experience through the medium of film.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | C               |  |
| TCL     | 353         | Borders, Prisons, and Suburbs   | Explores how the relationship between race and space has been important to the development of broad patterns of social inequality in the United States. Through a variety of readings, films and other material, examines how ideas of race and space have been important to the making and maintenance of national boundaries, citizenship, regional histories and spatial typologies such as border, ghetto, suburb and prison.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB & C          | Prerequisite(s): minimum 24 hours; Credit is allowed for only AFR 352 (or AFS 352) or APA 352 or JUS 353 or TCL 353  |
| TCL     | 360         | Inequality and Diversity in Education                                   | Advanced exploration of various dimensions of diversity in relation to educational systems and outcomes. Through sociological and psychological research, case studies and films, students examine how educational inequality is created and reproduced through individual actions and institutional constraints. Also considers the connection between schooling and human rights and ways in which educational inequality may be addressed.                                       | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | L & C           | Prerequisite(s): APA 200, AFR 212 (or AFS 210), APA 210, CDE 232, JUS 210, TCL 210 or minimum 30 hours; Credit allowed for only AFR 350 (or AFS 350), APA 350, CDE 350, JUS 365, SOC 350, TCL 360 or AFS/APA/CED/TCL 394 (Inequality & Diversity in Education) |
| TCL     | 363         | Transborder Mexican and Chicano/a Literature of Southwest North America | Development of Chicana and Chicano literature; study of genres and themes; attention to literary antecedents.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ENG 363 or TCL 363  |
| TCL     | 364         | Transborder Mexican Literature Before 1917                              | Offers a historical panoramic view of the political, intellectual, social, economic, and artistic development of the Spanish-speaking people of the Southwest. May be taught in Spanish.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | L               | Prerequisite(s): minimum 45 hours  |
| TCL     | 370         | Signs of Aliens: Semiotics of Film and Popular Culture                  | Introduces semiotics and cultural studies; looks at various meanings ascribed to the sign of the alien.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | HU              | Credit is allowed for only FMS 370 or TCL 370  |
| TCL     | 373         | Latina/Chicana Issues   | Critical examination of the roles Mexican American, Chicana, and/or Latina immigrant women play historically, socially, and politically in the United States and along the border.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB & C          | Prerequisite(s): WST 100 (or WST 300) with C or better or minimum 30 hours; Credit is allowed for only TCL 373 or WST 373  |
| TCL     | 377         | Arizona, Immigration, Latinos and Politics                              | Contemporary immigration and its related issues have generated significant debates, reforms and responses by government officials, businesses and private citizens, to name but a few in this country. This course provides a much-needed framework for understanding some of the immigration issues in Arizona and the country generally. It also focuses on some of the political responses by Latinos and their significant mobilization at the local, state and federal levels. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only JUS 377 or POS 377 or SGS 377 or TCL 377 or JUS/HST/POS/SGS/TCL 394 (Arizona, Immigration, Latinos and Politics)   |
| TCL     | 378         | McGlobalization: Migration, Mass Media and McDonald's                   | Explores the impact of globalization on local societies and cultures by focusing on the international migration of peoples, the global expansion of capitalism and global mass media and popular culture. Examines both the socioeconomic causes and consequences of globalization, as well as how local peoples around the world have been affected by, participated in and resisted the forces of globalization.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | (L or SB) & C   | Prerequisite(s): ENG 101, 105, 107, or 111 with C or better; Credit is allowed for only ASB 378 or TCL 378   |
| TCL     | 380         | Race and Gender in American Film  | Critical analysis of how film shapes perceptions of race and gender in American society.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | HU & C          | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only FMS 380 (FMS 270) or TCL 380 (TCL 270)  |
| TCL     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-4   |                 |  |
| TCL     | 410         | Race, Medicine, and the Body  | Explores how body and embodiment and race and ethnicity are constructed within and by biomedical sciences and technology development.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | L               | Prerequisite(s): ENG 101, 105 or 107 with C or better; minimum 45 hours  |
| TCL     | 422         | U.S.-Mexico Border Health   | Focuses on identifying health issues affecting Latino/Mexican families in the U.S.-Mexico borderlands using basic epidemiological techniques to analyze regional data.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): TCL 321 with C or better  |
| TCL     | 424         | Theory and Practice of Community Development and Health                 | Foundations of methodology of community mapping and establishment of community diagnosis, media literacy and advocacy applications for community-based public health.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB              | Prerequisite(s): TCL 321 with C or better  |
| TCL     | 443         | Political Ecology of the Border   | Examines the political ecology of the human-environment relationship in Mexico and on the U.S.-Mexican border. Through case studies, students learn about the most pressing environmental issues facing human populations and their communities on both sides of the U.S.-Mexican border and the various ways in which these issues are dealt with.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 463 or SOS 463 or TCL 443  |
| TCL     | 444         | The Ethnography of Mexico and the Borderlands                           | Students learn basic principles of ethnographic research and obtain a better understanding of the social, ecological, cultural, political and economic processes affecting people in Mexico and in the U.S.-Mexico borderlands. Through case studies, students become aware of the variety of issues shaping the lives of those living in these regions. Focuses on contemporary issues such as migration, economy, gender, labor, health and the environment.                      | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 464 or TCL 444 or TCL 598 (The Ethnography of Mexico and the Borderlands)  |
| TCL     | 445         | Transborder Latin American Short Story                                  | Studies the modern Latin American short story, with primary focus on the development of its literary and cultural tradition. Taught in Spanish.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | L or HU         | Prerequisite(s): SPA 202 (or SPA 204); minimum 45 hours  |
| TCL     | 446         | Comparative Bilingual Latina/o Poetics                                  | Comparative study of contemporary bilingual Latina/o poetry. Focuses on two specific U.S. ethnic minority groups--Mexican- (or Chicanos) and Puerto Rican-Americans (or nuyoricans)--who have long and strong literary traditions of bilingual poetry. The significant feature of both bodies of poetry is the interactive mixture of their base languages: Spanish and English.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     | (L or HU) & C   | Credit is allowed for only TCL 446 or 598 (Comparative Bilingual Latina/o Poetics)   |

| TCL     | 448         | Teaching Chicana and Chicano Studies in the Schools | Approaches/techniques for infusion of transborder studies content into elementary and secondary curriculum; designed for teachers who work with Mexican and Latino origin students.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     |                 | Prerequisite(s): minimum 45 hours  |
| TCL     | 464         | Latina/o Literature                                 | Development of Latina/o literature. Study of genres and themes; attention to literary antecedents of the new U.S.-based Latina literature.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | (L or HU) & C   | Prerequisite(s): ENG 200 with C or better; one ENG 200- or 300-level literature course with C or better OR minimum 45 hours; Credit is allowed for only ENG 458 or FMS 464 or TCL 464  |
| TCL     | 465         | Chicana/o and Latina/o History on Film              | Explore history on film; the processes, developing critical perspectives about historiography, and film in relation to U.S.-Mexican borderlands.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | HU & C          | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only FMS 465 or TCL 465  |
| TCL     | 466         | Constructing the Border on Film                     | Explores the U.S.-Mexico border on film, examining how border images have been constructed and shaped over time.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | C               | Credit is allowed for only FMS or TCL 466  |
| TCL     | 470         | Race, Sex, and Identity Online                      | Relying on critical and cultural theory, addresses the relationship between race, sex, and social identity online.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | HU              | Prerequisite(s): ENG 102, 105 or 108 with C or better; Credit is allowed for only FMS 470 or TCL 470   |
| TCL     | 471         | Latinos In Hollywood                                | Studies representations of Latinos in film; stereotyping, politics of metaphor, allegory, star discourse, self-representation, resistance, and independent film.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | HU & C          |  |
| TCL     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-12  |                 |  |
| TCL     | 485         | Chicana and Latina Writers                          | Critical reading of Mexican American women authors; emphasis on contemporary (post-1970) poetry, novels, short stories, and essays.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | (L or HU) & C   |  |
| TCL     | 488         | Border Global Narratives                            | Studies four general and different border areas through literature. Through literary-cultural texts, looks into peoples' experiences of migration to and from the homelands of Mexico, Haiti, the Dominican Republic, Cuba, and the Puerto Rican isle to the U.S. These experiences are never uni-directional but are characterized by constant back-and-forth movement.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | L & C           | Credit is allowed for only TCL 488 or 598 (Border Global Narratives)   |
| TCL     | 490         | Transborder Queer Performativity                    | Explores a rich and diverse body of border-crossing performative expression created by queer and/or Latina/o artists. Course readings and discussions include solo and collaborative works with an emphasis on solo autobiographical performance scripts as well as performer interviews and performance scholarship.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 3     | HU & C          | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 45 hours; Credit is allowed for only TCL or WST 490   |
| TCL     | 492         | Honors Directed Study                               | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| TCL     | 493         | Honors Thesis                                       | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| TCL     | 494         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-4   |                 |  |
| TCL     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-7   |                 | Prerequisite(s): Transborder Chicana/o and Latina/o Studies (Media and Expressive Culture or Transborder Community Development and Health or U.S. and Mexican Regional Immigration Policy and Economy) major; minimum 56 hours |
| TCL     | 499         | Individualized Instruction                          | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | N                 | LEC               | Y               | Z1            | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-3   |                 |  |
| TCL     | 598         | Special Topics                                      | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences      | School of Transborder Studies                 | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 191         | First-Year Seminar                                  | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-3   |                 | Pre-requisite: Maximum 25 hours; Credit is allowed for only CRD, PRM or TDM 191  |
| TDM     | 194         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| TDM     | 205         | Introduction to Travel and Tourism                  | Examines the components of the travel and tourism industry at the state, national, and global levels.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | G               |  |
| TDM     | 225         | Introduction to Resort and Hotel Management         | Introduces local, national and international lodging and food service industries.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |  |
| TDM     | 294         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| TDM     | 298         | Honors Directed Study                               | Independent study or practicum under the supervision of a faculty member.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| TDM     | 301         | Sustainable Communities                             | Analyzes community as concept and as an organizing system for promoting sustainability.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): PRM 120 or NLM 160 with C or better if completed; Credit is allowed for only CRD 301, NLM 301, PRM 301, SOS 301 or TDM 301   |
| TDM     | 302         | Inclusive Community Development                     | Examines the characteristics of diverse populations across the lifespan to effectively develop inclusive community programs and services.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | SB & C          | Prerequisite(s): ENG 102 with C or better; MAT 142 or higher with C or better; NLM 160 or PRM 120 with C or better; minimum 2.50 GPA; minimum 45 hours; Credit is allowed for only CRD 302 or NLM 302 or PRM 302 or TDM 302    |
| TDM     | 345         | Meeting and Convention Planning                     | Basic aspects and skills in planning meetings and conventions. Industry and market overview of certified meeting planners.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): TDM 205 or RTM 373 with C or better   |

| TDM     | 386         | Convention Sales and Management                 | The role of convention and visitors bureaus or resort managers, including economic impacts of markets, structure, governance, membership, and advertising.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 |  |
| TDM     | 394         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| TDM     | 401         | Tourism Management                              | Basic principles of administration and their application in successful administrative situations. Analyzes administrative function, structure, and policies.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): CRD 210 or PRM 210 or TDM 210 with C or better; CRD 301 or PRM 301 or TDM 301 with C or better; PRM 303 or TDM 372 with C or better   |
| TDM     | 402         | Assessment and Evaluation of Community Services | Introduces applied leisure research with emphasis on program evaluation, research design, data collection techniques, and data analysis.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre- or corequisite(s): CSM 401, NLM 410, PRM 401, or TDM 401 with C or better if completed; Credit is allowed for only CRD 402 or CSM 402 or NLM 402 or PRM 402 or TDM 402  |
| TDM     | 403         | Leadership and Professional Development         | Examines leadership theory and strategies, current professional issues, and refinement of professional philosophy and competencies that enable transition from student to professional.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): NLM 210, PRM 210, or TDM 210 with C or better; NLM 301, PRM 301, or TDM 301 with C or better; minimum senior standing; minimum 2.50 GPA; Credit is allowed for only CRD 403, NLM 403, PRM 403, or TDM 403 |
| TDM     | 415         | Tourism Transportation Systems                  | Examines the role of various modes of transportation in domestic and international tourism development.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): TDM 205 or RTM 373 with C or better   |
| TDM     | 448         | Heritage and Cultural Tourism                   | Provides a solid conceptual understanding of the issues, problems, and management implications associated with heritage and cultural tourism.   | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): TDM 205 with C or better; Credit is allowed for only TDM 448 or CRD 598 (Heritage and Cultural Tourism)   |
| TDM     | 458         | International Tourism                           | Global examination of international tourism and its significance as a vehicle for social and economic development.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     | G               |  |
| TDM     | 463         | Senior Internship                               | Supervised guided experience in selected agencies.  | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 6-12  |                 | Prerequisite(s): CRD 403 or PRM 413 with C or better; CSM 402 or NLM 402 or PRM 402 or TDM 402 with C or better; Credit is allowed for only CSM 463 or NLM 463 or PRM 463 or TDM 463                                       |
| TDM     | 475         | Entrepreneurial Recreation and Tourism          | Explores basic business principles and innovative processes involved in starting a small business in the commercial recreation and tourism industry.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Minimum 60 hours; Credit is allowed for only PRM or TDM 475   |
| TDM     | 480         | Sustainable Tourism                             | Tourism has a multitude of impacts, both positive and negative, on people's lives and on the environment. Critically analyzes the environmental, economic, and socio-cultural aspects of tourism development, and strategies to attain balance among these three dimensions to guarantee its long-term sustainability.  | N                 | LEC               | N               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisites: PRM 120 or TDM 205 or 60 minimum hours   |
| TDM     | 481         | Sustainable Food Management in Tourism          | Focuses on the fundamentals of sustainability, sustainable food systems, relationships between food and tourism, and the applications of sustainable food practices in different types of global tourism. Defines sustainable development, explains the importance of sustainable food systems, recognizes the relationship between local food systems and global food challenges. Connects the challenges of creating and maintaining sustainable food systems with the needs of tourists and tourism destinations; defines leakage in reference to tourism and food. Creates and applies sustainability assessment criteria to food systems in a variety of different tourism spaces. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisite: Junior standing; Minimum 60 hours   |
| TDM     | 482         | Sustainable Revenue Management                  | Introduces the fundamental economic principles that underlie revenue management and the practical application of new analytical technological services in the hotel and resort industry. Uses experienced revenue managers from local resorts and hotels as regular guest speakers and IdeaS system (a revenue management analytics subsidiary of SAS).   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Pre-requisites: MAT 142 or higher; Minimum 72 hours  |
| TDM     | 483         | Sports Tourism                                  | Examines the relationship between sports and tourism, and the role of recreation and amateur sports as an economic and community development strategy. Also considers the motives, behaviors and experiences of sport tourists; the impacts of sport tourism; and trends in sports tourism.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only CSM 483 or PRM 483 or TDM 483  |
| TDM     | 484         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Pre-requisites: TDM 205 or NLM 220 or PRM 210; 72 minimum hours; 2.50 GPA or higher; Non SCRD majors   |
| TDM     | 492         | Honors Directed Study                           | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| TDM     | 493         | Honors Thesis                                   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| TDM     | 494         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 |  |
| TDM     | 497         | Honors Colloquium                               | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| TDM     | 498         | Pro-Seminar                                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-7   | L               |  |
| TDM     | 499         | Individualized Instruction                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-3   |                 |  |
| TDM     | 520         | Sustainable Thinking in Tourism I               | First in a series of two courses introducing students to the basic concepts of sustainability and their application and implications for tourism.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| TDM     | 521         | Sustainable Thinking in Tourism II                         | Second in a series of two courses focusing on how to measure, assess, and plan for sustainability in the tourism industry.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): TDM 520 with C or better  |
| TDM     | 530         | Sustainable Tourism Destination Planning and Management I  | Applies sustainable economic and regional development concepts and theories to destination planning and management. Students learn the fundamentals of sustainable planning, including stakeholder involvement and meeting community needs.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 531         | Sustainable Tourism Destination Planning and Management II | Applies sustainable economic and regional development concepts and theories to destination planning and management. Students learn the fundamentals of sustainable planning, including stakeholder involvement and meeting community needs.   | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): TDM 530   |
| TDM     | 540         | Sustainable Food Management in Tourism                     | Focuses on the fundamentals of sustainability, sustainable food systems, relationships between food and tourism, and the applications of sustainable food practices in different types of global tourism. Students learn to define sustainable development; explain the importance of sustainable food systems, recognize the relationship between local food systems and global food challenges; connect the challenges of creating and maintaining sustainable food systems with the needs of tourists and tourism destinations; define leakage in reference to tourism and food; and create and apply sustainability assessment criteria to food systems in a variety of different tourism spaces. | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 550         | Managing the Sustainable Tourism Business                  | Through case study analysis, students learn how sustainability impacts business operations, how successful sustainable businesses identify and assess alternative resource management techniques, and evaluate operational models for embedding sustainability practices into their business models.  | N                 | LEC               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s) TDM 570; Credit is allowed for only TDM 550 or CRD 598 (Managing the Sustainable Tourism Business) |
| TDM     | 561         | Best Practices Workshop Preparation                        | First in a series of two courses investigating and sharing best practices in sustainable tourism. Provides an overview of best practices and innovative actions in tourism. A destination or business is identified to be used as a case study.   | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1     |                 | Pre- or corequisite(s): TDM 521 with C or better   |
| TDM     | 562         | Best Practices Workshop Presentation                       | Second in a series of two courses investigating and sharing best practices in sustainable tourism. Provides an overview of best practices and innovative actions in tourism. A presentation of a best practices case study is conducted for the class.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1     |                 | Prerequisite(s): TDM 561 with C or better  |
| TDM     | 570         | Sustainable Tourism  | Critically examines the environmental, economic, and socio-cultural aspects of tourism development, and strategies to attain balance among these three dimensions to guarantee its long-term sustainability.  | N                 | SEM               | N               | GNA           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 595         | Continuing Registration                                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TDM     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Col of Pub Serv & Comm Solutns | School of Community Resources and Development | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 101         | Professional Educator Series: My Footprint                 | Introduces all new first-time Mary Lou Fulton Teachers College students to the unique elements, culture, challenges and opportunities of their university. Introduces future educators to the professional educator series and the themes that underpin the series, including design-thinking, character and moral development, professional identity, and legacy-minded thinking and actions.  | N                 | SEM               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1     |                 | Prerequisite(s): Mary Lou Fulton Teachers College freshmen   |
| TEL     | 102         | Professional Educator Series: My Network Footprint         | Students examine networks and spheres of influence as they continue to explore the professional educator series themes of design-thinking, character and moral development, professional identity, and legacy-minded thinking and actions. Future educators work to develop a mindset of creative intrapreneurship that drives meaningful change.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1     |                 | Prerequisite(s): Teachers College student  |
| TEL     | 111         | Exploration of Education                                   | Education as an instrument in the development of the individual and society and its significance as an American Institution.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation               | 3     | SB              |  |

| TEL     | 300         | Community, Family, and Education                                   | Addresses education in a community and family context. Analyzes education and identifies education-focused community challenges in a broad variety of settings and across multiple times and places.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): TEL 200  |
| TEL     | 311         | Instruction and Management in the Inclusive Classroom              | Planning and delivering instruction, organizing and managing classrooms, and making adaptations for English language learners and students with special needs.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): admission to the Professional Program  |
| TEL     | 313         | Technology in an Educational Setting                               | Focuses on using technology in an education setting and addresses the integration of technology in curricular areas for all students. Students receive a broad-based introduction to using and integrating technology into many different educational settings.   | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): General Studies CS course  |
| TEL     | 314         | Classroom Assessment   | Assessment and evaluation of student learning; emphasizes integration and adaptation of curriculum, instruction, and evaluation of all students.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): admission to the Professional Program  |
| TEL     | 315         | Child and Adolescent Development                                   | Physical, cognitive, social, and emotional development during childhood and adolescence; developmentally appropriate principles and practices to facilitate development for all students.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     | L or SB         |   |
| TEL     | 316         | Teaching, Imagination, and Creativity                              | Engages students in critical thinking and the complex terrain of aesthetic theory and intellectual, academic work and teaching practice. Students apply aesthetic consciousness teaching by teachers developing imagination, creativity, and intuition as tools to use every day in their classrooms. Emphasis on how teachers can integrate the arts into the curriculum, use the arts to support academic content, and develop aesthetic consciousness as a way of becoming attuned to the teaching environment as well as to learners' diverse cultures, talents, and needs. The arts will also be studied as multi-cultural and socio-cultural phenomena, aiding teachers to become consciously attuned to the culturally diverse learner within the larger society. consciousness as a way of becoming attuned to the teaching environment as well as to learners' diverse cultures, talents, and needs. Also studies the arts as multicultural and sociocultural phenomena in support of these ends, aiding teachers to become consciously attuned to the culturally diverse learner within the larger society. | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisites: Education majors; Minimum junior standing   |
| TEL     | 320         | Introduction to Gifted Education                                   | Overview of a variety of issues related to gifted students from preschool through high school. Provides background in order to create an optimal experience for students, parents and teachers when working with gifted students.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): admission to the Professional Program  |

| TEL     | 400         | Innovation in Educational Endeavors                                | Pursues innovative solutions to social problems with the courage and ability to impact change in individuals, communities and organizations. Reviews community problems, challenges or areas of improvement; learns underlying principles of social enterprise; and develops innovative methods that empower individuals and support educational initiatives.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): TEL 200; TEL 300   |
| TEL     | 404         | Current Issues in Education and Policy Reform in the United States | Specialized topics related to current issues in education with a focus on education reform efforts from the late 20th century into the 21st century. Explores current reform efforts in education as part of the larger public policy agenda in the United States, analyzing how external influences shape present education systems.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-reqs for TEL 404  |
| TEL     | 405         | History of Education and Policy Reform in the United States        | Specialized topics in education history with a focus on education reform efforts from pre-Revolutionary War time to the end of the 20th century. Explores the past reform efforts in education as part of what was happening historically in the United States, analyzing how those efforts have shaped the present education systems.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only TEL 405 or TEL 494 (History of Education & Policy Reform in the US) |
| TEL     | 410         | Leadership and Advocacy in Educational Endeavors                   | Educators who take an active stance through advocacy and leadership are well-equipped to create societal change. Students learn about styles of leadership that are fitting for this need, study advocacy techniques, then position themselves as advocates and leaders as they create a plan, with goals, to address an identified community problem, challenge or area of improvement.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): TEL 200; 300; 400  |
| TEL     | 420         | Curriculum Strategies for Gifted Learners                          | Overview of a variety of ways in which to create and adapt curriculum for gifted students from preschool through high school. Provides a broad range of resources for classroom teachers to use in order to help gifted students work to their full potential in a heterogeneously grouped classroom.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): admission to the Professional Program  |
| TEL     | 430         | Learning Outside of School   | Studies and methods from a variety of nonschool environments for learning and development. Teaches knowledge and skills such as methods of identifying and evaluating free-choice learning that occurs through museum going, hobbies, family learning, media, community programs, sports, public health campaigns, and more. Covers career opportunities for educators in key creative environments besides classrooms.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only TEL 430 or 494 (Learning Outside of School)                           |
| TEL     | 431         | Learning in Workplaces   | School isn't the only place where people learn! Once you get a job, most of what you learn will occur as you do your job, and that kind of learning is crucial to the development of competence and expertise. Surprisingly, seventy to eighty percent of this important learning takes place outside of formal training. Studying learning in workplaces illuminates how learning happens universally, and helps teachers and trainers design effective educational programs.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Pre-requisite: Minimum 45 hours; Credit is allowed for only TEL 431 or 494 (Learning in Workplaces)                               |
| TEL     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation | 1     |                 |   |
| TEL     | 489         | Undergraduate Projects and Research in Education                   | Topics include history of educational research, literature reviews, research methodology, resources, individual project ideas and the creation of a research prospectus. Students may also work in teams to complete theses or projects if their interests intersect. Open to all students; however, Honors and Scholar's Academy students will be planning and/or implementing theses or creative projects.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only TEL 489 or TEL 494 (Undergrad Projects & Research in ED)            |
| TEL     | 492         | Honors Directed Study  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| TEL     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation | 1-6   | L               | Prerequisite(s): Barrett Honors student   |

| TEL     | 499         | Individualized Instruction                           | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.                                  | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Division of Teacher Preparation               | 1-3   |                 |  |
| TEL     | 501         | Introduction to Research and Evaluation in Education | Overview of educational inquiry from controlled, quantitative to qualitative, naturalistic. Emphasizes locating and critically interpreting published research.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only COE 501 or ECD 503 or PPE 501 or SPE 501 or TEL 501 |
| TEL     | 504         | Learning and Instruction                             | Introduces psychology of learning and instruction. Includes the foundations of learning theories and their application to educational practice.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 505         | American Educational Policy                          | Political, social, historical, and philosophical analyses of American education at all levels. Examines primary sources, legal findings, and case studies.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 590         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | N                 | LEC               | N               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 595         | Continuing Registration                              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 598         | Special Topics                                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 600         | Research Methods                                     | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 607         | Critical Social Theory and Education                 | Seminar exploring education through the lens of critical social theory originating in the Frankfurt School. Marxian theory is updated to confront current situations through the ideas of alienation, base and superstructure, hegemony, ideology, and culture theory as well as a vision of human consciousness. Includes Pierre Bourdieu's theory of habitus, social or cultural capital, and field. Studies various critical education scholars as applications of critical social theory. Examines critiques of critical theory. | N                 | SEM               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Credit is allowed for only DCI 691 (Critical Social Theory) or TEL 607   |
| TEL     | 683         | Field Work   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 |  |
| TEL     | 700         | Research Methods                                     | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | GRD           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 701         | Advanced Quantitative Methods                        | Data collection, analysis, interpretation in studies using quantitative methods of inquiry situated in action research, evaluation and data-informed decision making.  | N                 | LEL               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student; Credit is allowed for only EDA 701 or TEL 701  |
| TEL     | 702         | Dynamic Contexts of Education                        | Explores current ethical issues influencing leadership decisions with a focus on real problems in the educational setting.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student; Credit is allowed for only EDA 702 or TEL 702  |
| TEL     | 703         | Innovation in Teaching and Learning                  | Development and psychological processes of human cognition, motivation, and performance applied to cognitively diverse, English language learners, adult professional development.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student; Credit is allowed for only EDA 703 or TEL 703  |
| TEL     | 704         | Leadership for Organizational Change                 | Develops understanding of dynamic and systemic nature of organizations, with emphasis on leadership for building organizational capacity and learning.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student; Credit is allowed for only EDA 704 or TEL 704  |
| TEL     | 705         | Systems Change and Leadership                        | Focuses on theoretical foundations of systems literature with a focus on education. Examines literature and scholarship that builds knowledge of educational theory on systems, and applies important related concepts to real-world problems of practice as they appear in students' current work context.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student   |
| TEL     | 706         | Introduction to Doctoral Studies                     | Prepares doctoral students for success, focusing on balance and identity, communities of practice, leadership and innovation, action research, and organization systems.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Pre-requisites: Leadership and Innovation EdD major; Credit is allowed for only TEL 598 (Introduction to Doctoral Studies) or 706              |
| TEL     | 707         | Reading the Research                                 | Interprets and analyzes qualitative and quantitative research literature, as well as how to integrate information in professional scientific writing.  | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student   |
| TEL     | 711         | Strategies for Inquiry                               | Develops knowledge and skills for research and program evaluation that foster innovation in education that leads to improved student learning.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student   |
| TEL     | 712         | Mixed Methods of Inquiry                             | Methods for combining qualitative and quantitative inquiry in action research, evaluation, and data-based decision making.   | N                 | SEM               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student   |
| TEL     | 713         | Advanced Qualitative Methods                         | Data collection, analysis, interpretation in studies using qualitative methods of inquiry, situated in action research, evaluation and data-informed decision making.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): Leadership and Innovation EdD student   |
| TEL     | 780         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 783         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 790         | Reading and Conference                               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TEL     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| TEM     | 100         | Seminar in Entrepreneurship             | Exposes students to careers in entrepreneurship by inviting diverse entrepreneurs to discuss their businesses and backgrounds and share their stories on starting and growing their ventures.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 1     |                 |   |
| TEM     | 191         | First-Year Seminar                      | Small course emphasizing student-faculty discussion/interaction. Strongly recommended for first-year students. Must have taken 25 or fewer semester hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 1-3   |                 |   |
| TEM     | 194         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 1-4   |                 |   |
| TEM     | 200         | My Technology Venture                   | Introduces the concept of entrepreneurship through venture practice and self-reflection to help students understand their potential roles in a technology-driven marketplace.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): TMC 110 with C or better; Pre- or corequisite(s): TEM 100 with C or better if completed  |
| TEM     | 230         | Creativity and Business Innovation      | Introduces concepts, models and techniques of creativity and innovation. Exposes processes related to developing creative skills and habits with an emphasis on problem solving and design.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): Business (Technology) BA major or TMC 110 with C or better; ENG 102, 105, or 108 with C or better  |
| TEM     | 250         | Design Methodology                      | Outlines product design method and provides opportunity to apply it to a design project including identifying needs, setting target specifications, generating and selecting concepts, prototyping and testing.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; MAT 210, 211, 265, or 270 with C or better  |
| TEM     | 294         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 1-4   |                 |   |
| TEM     | 311         | Opportunity Analysis                    | The key to making sound business decisions involves the careful analysis of the situation, intelligent use of research, and successful practice. Entails the research and implementation of strategy to determine consumer expectations utilizing the skills especially important in today's competitive and turbulent market.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): TMC 310 with C or better   |
| TEM     | 330         | Systems Innovation                      | Systems thinking course that investigates how innovators can incorporate the knowledge of complex systems into the processes of technology development, product/service innovation and venture development.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours  |
| TEM     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 1-4   |                 |   |
| TEM     | 400         | Technology Entrepreneurship             | Explores the fundamentals and principles of entrepreneurship suitable for both undergraduate business and technology students. Instructs students on the strategic path through entrepreneurship: ideation, validation, market selection, intellectual property, fundraising, launch and profitability. Also explores the impact and implications of technology. Through this course, students have the knowledge and skills to cultivate their ideas into businesses.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): Business (Technology) BA major OR ENG 102, 105, or 108 with C or better; ENT 305 or TEM 200 with C or better; Credit is allowed for only TEM 400 or TEM 598 (Technological Entrepreneurship)               |
| TEM     | 420         | Statistics for Industry                 | Covers topics such as probability theory, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, chi-square tests, and simple linear regression analysis. Provides a fundamental understanding of probability theory and statistics as used in typical industrial applications. Presents and discusses illustrative problems. Where possible, explores problems from the students' disciplines to insure that the principles of statistics and probability are studied in the context of the students' chosen field.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): MAT 117 with C or better OR any MA General Studies course with C or better   |
| TEM     | 431         | Innovation Management                   | Focuses on execution challenges that innovation initiatives face, including: (a) Resources: Where do the resources for innovation initiatives come from? (b) Organization: How should innovation initiatives be organized? (c) Planning: How should plans for innovation initiatives be written and through what kind of process should they be revised? Explores the processes of innovation management for various sizes of companies utilizing smaller scale, local processes to large scale, globally dispersed innovation processes and teams.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; MGT 300 or TMC 330 with C or better   |
| TEM     | 450         | Design for the Developing World         | Learn the product design process; improve the lives of poor residents in communities at the base of the economic pyramid who earn less than \$2/day. Help improve health, energy and clean water issues among others by joining with GlobalResolve, an ASU program in the College of Technology and Innovation whose goal is to help reduce poverty through technological innovation and entrepreneurship.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Pre-requisites: Junior, Senior or Graduate standing; Credit is allowed for only TEM 450 or TEM 494 (Design for the Developing World)  |
| TEM     | 455         | Global Impact Entrepreneurship          | Increases awareness and understanding of the complex nature of global poverty. Students think comprehensively about sustainable ways to address by focusing on business ventures and product design, which take advantage of local resources, networks and institutions. Students design and refine technologies and services that address the needs of communities in the developing world. Examines piloted technological innovations by ASU students in the west African nation of Ghana, India, and Latin American countries such as Mexico and Peru. Analyzes technological initiatives that have been piloted in Ghana and Peru, and attempts to create sustainable business ventures for them. | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): Business (Technology) BA major OR ENG 102, 105, or 108 with C or better; TMC 320 with C or better; minimum junior standing; Credit is allowed for only TEM 455 or TEM 598 (Global Impact Entrepreneurship) |
| TEM     | 460         | Lean Six Sigma Green Belt Certification | Six Sigma and Lean are fast becoming required knowledge for professionals involved in helping their companies streamline productivity and improve performance. Provides a focused and measurable management discipline, structured to reduce product and service failure rates to near perfection. Explores how Six Sigma and Lean strategies and tactics fit into a larger management systems and how to apply these techniques to solve and prevent critical business process problems.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Pre-requisites: ENG 102, 105 or 108 with C or better; TEM 200 or 45 earned hours; Credit is allowed for only TEM 460 or OMT 494 (Lean Six Sigma Green Belt Certification)   |
| TEM     | 480         | Focus Area Project                      | Student research project that synthesizes knowledge across the core and the student's selected focus area. Examines a practical challenge that demonstrates technical competence related to technological entrepreneurship and management. Enhances the student's ability to focus on a topic, conduct research and present findings.   | N                 | LEC               | Y               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt                  | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; TMC 430 with C or better; senior standing   |

| TEM     | 530         | Statistics Bootcamp for Industry                  | Provides foundational coverage of topics such as probability theory, descriptive statistics, sampling distributions, parameter estimation, tests of hypotheses, chi-square tests, and simple linear regression analysis, appropriate for first-year graduate students. Additionally, provides a fundamental understanding of probability theory and statistics as used in typical industrial applications. Presents and discusses illustrative problems from technology, entrepreneurship, aviation and psychology. Where possible, explores problems from the student's discipline to insure that the principles of statistics and probability are studied in the context of the student's chosen field.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt            | 3     |                 | Pre-requisite: Degree- or Nondegree-seeking graduate; Credit is allowed for only TEM 530 or 598 (Statistics Bootcamp for Industry)      |
| TEM     | 531         | Disruptive Innovation and Technological Evolution | Focuses on the processes of innovation management of various sizes of companies utilizing smaller scale, local processes to large scale, globally dispersed innovation processes and teams, with an emphasis on disruptive innovation and the evolution and forecasting of technology. Provides a survey of innovation management concepts and various technological forecasting and prediction approaches, both mathematical and nonmathematical, in conjunction with a study of the evolution of selected technologies and the management problems associated with emerging technologies.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TEM     | 532         | Advanced Analysis of Systems                      | Introductory course in systems analysis and modeling. Develops basic competence in formulating and solving models of systems to aid decision making. Topics include: introduction to systems and systems modeling; a simple what-if analysis; overview and review of linear algebra and matrices; problem formulation and model development in optimization; linear programming (LP), economic interpretation and sensitivity analysis; introduction to integer programming (IP); special linear programs; project schedule network development and computations; overview of heuristic algorithms. Uses selected software in examples, short problems and in a project.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering      | Tech Entrepreneurship & Mgmt            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TEM     | 598         | Special Topics                                    | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. | TGM     | 101         | Principles of Global Management                   | Provides the basic concepts of management with particular emphasis on the functions of management in a global environment. Examines the antecedents of globalization; the role of global environments in shaping organization structure, strategy and processes, as well as the basic principles of managing in complex cross-cultural settings. Emphasizes global institutional arrangements and macroeconomic issues. Serves as an introductory course that provides a quick snapshot of key issues facing global corporations today with each of the major themes explored more fully in the set of advanced courses that follow. Applies global business concepts in understanding global political economics, legal systems and socio-cultural environments. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     | G               |   |
| TGM     | 191         | First-Year Seminar                                | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): Maximum 25 hours   |
| TGM     | 194         | Special Topics                                    | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-4   |                 |   |
| TGM     | 200         | Principles of Accounting for Global Organizations | Focuses on financial and managerial accounting and examines how outsiders evaluate businesses, nonprofits and governmental operations and how economic events are reflected in a firm's financial statements, including balance sheets and cash flow statements. Examines key accounting methods that impact a company's financial statements and how they are used by shareholders, creditors, employees and customers to make credit decisions and/or value a firm's equity securities.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                                    | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                        | Department                              | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|---|
| TGM     | 204         | Principles of Marketing for Global Organizations     | Explores the ways in which global marketing strategies reflect a deep understanding of markets and create valuable offerings for customers globally. Broadly speaking, marketing strategy making is comprised of segmentation, targeting and positioning. Segmentation is the process by which we segregate a relatively heterogeneous mass market into relatively homogeneous market segments. Targeting is the process by which we analyze opportunities and identify those customers where our business has the greatest prospects for success. Positioning is the process of assembling the "total offering" (product, service, distribution and price) and communicating the benefits of this "total offering" to the members of our target market. Challenges students to think critically about global competition. As such, rote learning of terms and concepts is not sufficient to prepare students to manage a business in global markets. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |
| TGM     | 268         | Intercultural Communication for Global Management    | In a dynamic and interactive format, this course presents a framework of models and skills for building communication performance in competitive global business settings. Assists in implementing strategies for mastering interpersonal encounters, including conflict resolution, in multicultural environments. Examines theories of communication (the basic concepts, principles and skills vital for understanding and improving communication across racial, ethnic and cultural differences). Places students in experiential situations in order to develop valuable global management skills. Using cases, self-assessment questionnaires, multicultural team exercises and simulations, equips the global manager with the ability to solve problems and take advantage of opportunities in a multicultural world. Explores in depth intercultural theories from the TGM three regional areas--China, Latin America and the Middle East.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |
| TGM     | 294         | Special Topics                                       | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-4   |                 |   |
| TGM     | 300         | Principles of Finance for Global Organizations       | Equips students with the tools necessary to make strategic financing and investment decisions for value creation in a competitive global environment. Topics addressed include financial analysis and projections; working capital management; and investment management (derivation of cash flows, cost of capital, discounted cash flow valuation and capital budgeting decisions).   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |
| TGM     | 310         | Supply Chain Operations for Global Organizations     | Studies the major elements of supply chain management. Students learn how to design an integrated supply chain and evaluate the fit with the business strategy.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student; minimum 60 hours  |
| TGM     | 312         | Big Data in the Global Economy                       | Understands how multinational organizations make strategic use of Big Data to gain a competitive advantage in the global economy. Covers the important aspects of Big Data from a managerial viewpoint. Delves into the understanding of global data and how this data must be standardized to account for differences in collection methods, legal constraints and cultural interpretation to create a reliable platform for evaluation.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student; minimum 60 hours; Pre- or corequisite(s): STP 226 with C or better      |
| TGM     | 353         | Regional Management Environment                      | Provides future global managers with the analytical tools and frameworks for understanding the political, social, cultural and economic contexts within which business activities take place in various countries and regions throughout the world.   | N                 | LEC               | Y               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     | G               | Prerequisite(s): Thunderbird School of Global Management undergraduate student; minimum 60 hours  |
| TGM     | 394         | Special Topics                                       | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-4   |                 |   |
| TGM     | 400         | Advanced Topics in Global Management                 | Focuses on advanced topics in global management designed to synthesize knowledge acquired from global business, language and cultural coursework.   | N                 | LEC               | Y               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student; minimum 60 hours  |
| TGM     | 430         | International Trade and Regional Economic Agreements | Explores recent trends in global finance and trade and in regional trade agreements (GFTAREAs), especially as they appertain to national business environments and the global political economy. Also explores how globalization and regionalism impact business decision making and policy making at the national level and in the global political economy.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate; minimum 60 hours  |
| TGM     | 460         | Global Risk Assessment and Management                | Covers concept of regional and country risk as it affects foreign businesses and investors, and develops participants' abilities to identify, analyze and design management strategies for mitigating such risk.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate; minimum 60 hours; Pre- or corequisite(s): TGM 468 with C or better if completed |
| TGM     | 468         | States and Markets in a Global Economy               | Global managers operate in an international economy that presents tremendous opportunities as well as risks. Globalization has dramatically expanded opportunities for international trade, investment and economic development. At the same time, global managers have to deal with the prospect of trade wars, international financial crises and intensified competition over markets and resources. In addition, international organizations such as the International Monetary Fund, World Trade Organization and World Bank Group have a direct impact on international business operations. Develops analytical tools for understanding the rapidly changing and dynamic global political. With these tools, managers are better prepared to anticipate the risks and take advantage of opportunities in the global economy.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     | SB & G          | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |
| TGM     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-12  |                 |   |
| TGM     | 489         | Multinational Organizational Leadership              | Explores multinational organizational management strategies, organizational practices/systems, and related managerial skills which are an essential part of global competitiveness. Develops skills to understand the application of analytical tools and frameworks, executes complex strategy, and builds and leads competitive teams and people.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): Thunderbird School of Global Management undergraduate student  |

| TGM     | 501         | Global Accounting                                 | Focuses on two aspects of accounting: financial and managerial accounting. Financial accounting is about how outsiders view and evaluate an organization such as a business, a not-for-profit entity or a governmental operation. It focuses on how economic events are reflected in a firm's financial statements including a balance sheet, an income statement and a statement of cash flows. It also focuses on how financial statement information is used by various stakeholders such as shareholders, creditors, employees and customers in making decisions with regard to the firm, including credit decisions and/or valuing a firm's equity securities. Analysis and equity management accounting involves providing information, both financial and non-financial, to management and employees to aid in planning, organizing activities, and monitoring and controlling business performance. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 502         | Financial Management for Global Value Creation    | Equips students with the tools necessary to make strategic financing and investment decisions for value creation in a competitive global environment. Topics addressed include financial analysis and projections; working capital management; and investment management (derivation of cash flows, cost of capital, discounted cash flow valuation, and capital budgeting decisions).  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 503         | Global Marketing                                  | Provides a managerial orientation to the topic of global marketing in today's complex, rapidly changing international business environment. A key focus is developing competitive advantage by creating customer value. Course participants gain a fundamental understanding of marketing strategy and marketing analysis (i.e., customer, competitor and company analysis) as well as an appreciation of the basic strategic issues involved in market segmentation, market targeting and market positioning in the international arena. Also examines the major tactics/tools used by global marketers to facilitate the management of their international marketing plans (i.e., product development, pricing strategies, marketing communications, distribution management). Emphasizes developing skills for entering new markets and sustaining or growing current markets.                           | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 504         | Managing Organizations from a Global Perspective  | Covers two key aspects of successfully managing an organization in a global environment. The first component covers the strategic direction of the organization, and the second component discusses how to harness the power of people in the organization to build teams and lead people to execute the strategy.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 505         | States and Markets in a Global Economy            | Global managers operate in an international economy that presents tremendous opportunities as well as risks. Globalization has dramatically expanded opportunities for international trade, investment and economic development. At the same time, global managers have to deal with the prospect of trade wars, international financial crises and intensified competition over markets and resources. In addition, international organizations such as the International Monetary Fund, World Trade Organization and World Bank Group have a direct impact on international business operations. Develops analytical tools for understanding the rapidly changing and dynamic global political. With these tools, managers are better prepared to anticipate the risks and take advantage of the opportunities they will encounter in the global economy.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 506         | Communicating and Negotiating Across Cultures     | This dynamic and interactive course provides managers with an effective framework for achieving their goals in global management settings. Assists students to prepare for and execute time-tested strategies for achieving communication competence with persons from different cultures. Also covers negotiating in the global context. Not only examines theories of culture and communications, but also places students in an experiential situation to gain valuable skills for overcoming obstacles in global management environments. Through use of cases, multicultural team exercises, student negotiation exercises and simulations, equips the global manager with tools to solve problems and take advantage of opportunities in a multicultural world.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 507         | Global Organizational Consulting: Basics          | Consulting course provides an overview of the field of consulting and the role of the management consultant. Familiarizes students with the tools and techniques used during a consulting engagement, including project entry, problem definition, intervention planning, data collection, problem solving, alternative generation, feedback, project exit, client relations skills and project management. Requires students to work in project teams to solve business problems in organizations through the application and expansion of technical skills acquired in other classes.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 508         | Regional Business Environment I: Emerging Markets | As an extension of states and markets in a global economy, provides an analysis of contextual factors that influence dynamic business environments by employing frameworks that integrate political, economic, geographic, and sociocultural factors in a specific regional area.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 505 |

| TGM     | 509         | Regional Business Environment II: Developed Economies             | Provides future global managers with the analytical tools and frameworks for understanding the European business environment. Also provides a broad understanding of the region in order to be successful therein. Deals with the political, social and economic context within which business activities take place in Europe. In order to succeed as managers in the environment, requires knowledge of political, social, cultural, economic, business and regional economic factors, both across the European landscape and within individual countries.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 508        |
| TGM     | 510         | Strategies in Global Development                                  | The nuances and challenges of development in the less-developed countries (LDCs) and in the transition economies of the world. Analyzes the economic, social, political, cultural and other challenges that LDCs and transition economies face, and the strategies they are employing in their quest for development.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 505  |
| TGM     | 511         | Global Financial Accounting                                       | Accrual accounting concepts, teaching students how to prepare and understand the content of traditional financial statements. Topics include the recognition and measurement of accounting events; preparation and analysis of income statements, balance sheets and statements of cash flows; and the measurement of revenue, expenses, assets, liabilities and stockholders' equity, including both U.S. and international principles.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                 |
| TGM     | 512         | Managerial Accounting and Decision Making in a Global Environment | Covers the development and use of managerial accounting information, including both financial and nonfinancial performance measures, in making long- and short-run decisions. Topics include cost-profit-volume analysis, cost behavior, relevant costs, job-order and processes costing, activity-based cost management and the analysis of customer profitability.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-2   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 501 or 511 |
| TGM     | 518         | International Finance and Trade                                   | Covers the two major areas of international economics: international trade and international finance. Offers a detailed look at the foreign exchange market, instruments and practices, as well as related theories and government policies. Also places a significant focus on the macroeconomy and its relationship to capital flows and economic relations with other countries. Also examines the flows of goods and services in international trade and the policies that relate to this trade.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                            |
| TGM     | 519         | Global Financial Engineering                                      | Develops (1) an understanding of the pricing of derivative securities such as options, futures, forwards and swaps; (2) an understanding of derivative strategies, such as straddles, spreads, synthetics; (3) the ability to use these derivative assets and strategies to manage diverse sources of risk, including market risk, interest rate risk, foreign exchange risk and commodity price risk; (4) the ability to manage the interest rate and default risk in fixed-income securities (requires an understanding of duration, convexity, credit default swaps); (5) a broad understanding of the role played by hedge funds, arbitrage and liquidity in financial markets.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 or 552   |
| TGM     | 521         | Managing for Global Value Creation                                | Equips students with the tools necessary to make strategic financing and investment decisions for value creation in a competitive global environment. Topics addressed include financial analysis and projections; working capital management and investment management (derivation of cash flows, cost of capital, discounted cash flow valuation, and capital budgeting decisions).   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                 |
| TGM     | 522         | Global Financial Decisions  | Covers modern practices of financial decision-making and management in a market-oriented multinational framework. Topics addressed include capital structure decisions, risk management involving financial derivatives and currency hedging, cross-border investment decisions, subsidiary management, and cross-border merger and acquisitions.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 521        |
| TGM     | 523         | Global Investments  | Surveys the investment management landscape and delivers the theory and technology attendant to intellectual and/or career pursuit in this domain. Topics explored include the domestic and international aspects of portfolio optimization; emerging markets and global asset allocation; security analysis and selection; stock sorting and screening algorithms; mutual fund performance decomposition and benchmarking; fixed income analytics and metrics; earnings quality; the franchise factor; distress prediction and credit scoring models; the behavioral finance salient; and financial derivatives from a portfolio management perspective, inter alia. A respectable floor of numeracy is advisable; a CFA® emphasis prevails.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 or 552   |
| TGM     | 524         | Valuation of the Private Firm                                     | Provides a practical and theoretical understanding of the valuation of non-trading private enterprises. Basic theory, methodology and application of modern financial concepts as they relate to the valuation of these types of business organizations.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 OR TGM 521 and 522   |
| TGM     | 525         | Global Financing and Forecasting for the Private Firm             | Focuses on finance concepts as applied in the real work by entrepreneurs. From the firm perspective, covers topics relevant to entrepreneurial finance, including financial statements, funding plans and venture capital. Prepares prospective general managers of entrepreneurial companies on how to make the financial decisions involved with building high-risk, high-growth new enterprises. Prepares business-minded students for careers focused on entrepreneurship and corporate entrepreneurship. Through the use of excel-based modeling, combined with lectures and readings from assigned sources, students understand aspects in finance that are critical to the entrepreneurial venture. Prepares students to deal with the various financing resources available to these same enterprises, including venture capitalists, angel investors, investment bankers and other financial stakeholders. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502, OR TGM 521 and 522  |
| TGM     | 526         | Global Portfolio Management                                       | Develops (1) an understanding of the pricing of derivative securities such as options, futures, forwards and swaps; (2) an understanding of derivative strategies, such as straddles, spreads, synthetics; (3) the ability to use these derivative assets and strategies to manage diverse sources of risk, including market risk, interest rate risk, foreign exchange risk and commodity price risk; (4) the ability to manage the interest rate and default risk in fixed-income securities (requires an understanding of duration, convexity, credit default swaps); (5) a broad understanding of the role played by hedge funds, arbitrage and liquidity in financial markets.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 or 522   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| TGM     | 527         | Global Private Equity  | Overview of the private equity industry globally, its role in economy, its participants, its operations and its recent development. Covers different phases of the private equity investment process and the players involved at each stage. Phases include: setting up a fund, selection and screening of investments, exploring valuation techniques, managing and exiting investments. Emphasizes the practical aspects of private equity transactions through case studies and interactions with private equity professionals. Recommended for students interested in private equity investing, investment management, investment banking, entrepreneurship and entrepreneurial finance. Does not require previous experience in private equity or financial skills beyond those taught in the finance core classes. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 OR TGM 521 and 522  |
| TGM     | 528         | Business Intelligence  | Examines the role that business intelligence--the systematic collection, synthesis and analysis of information on the external operating environment--should play in strengthening corporate strategies and decision making. Through lectures and client-sponsored competitive assessment projects, the course has two goals: to help students understand this management tool and to train them to be able to utilize it for competitive advantage. Also addresses the related issues of corporate/industrial espionage and information security.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 504 or 540; TGM 541 |
| TGM     | 529         | Multinational Corporate Finance (FORAD)                            | Applies the theories of managerial and international finance to the problems of multinational treasury management. Topics include issues and techniques in multinational funds transfers; identifying and measuring foreign exchange and interest rate risk; multinational tax planning; managing foreign exchange and interest rate risk; hedging instruments, including forward contracts, options and swaps; and financially engineered synthetics. Students also manage the financial functions of a computer-simulated multinational corporation, construct a biennial report summarizing their management results and present oral reports to a board of directors consisting of professors and invited business professionals.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 502 or 552  |
| TGM     | 530         | Big Data in the Age of the Global Economy                          | Creating a sustainable IT-dependent competitive advantage is a major goal for forward-thinking multinational organizations. Understands how multinational organizations make strategic use of Big Data to gain a competitive advantage in the global economy. Covers the important technological aspects of big data from a managerial viewpoint. Delves into the understanding of global data and how this data must be standardized to account for differences in collection methods, legal constraints and cultural interpretation to create a reliable platform for evaluation.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                          |
| TGM     | 531         | Multinational Value Chain  | Exposes students to the strategies and challenges associated with moving goods, services, information and associated payments across complex, globally dispersed value chains to end customers. Topics include value-chain structures, supplier partnerships, cross-cultural issues, technology, data networks, global logistics, risk management and value-chain mapping. A field project provides students with an opportunity to work in teams applying the course concepts to increase customer value in a real value chain.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                          |
| TGM     | 532         | Leading Global Projects  | Provides an overview of the global context of project leadership. Global project leaders work at the intersection of project management, leadership in a project context and cross-cultural effectiveness. Exposes students to key project leadership approaches including stakeholder management, methods for increasing inclusion on global project teams and building high-performing global project teams. Uses case studies, a simulation, several exercises and interactive discussions.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                          |
| TGM     | 536         | Global Trade Risk Assessment and Mitigation                        | Firms of all kinds are attempting to improve their competitive positions by strategically managing the flow of services, raw materials, work-in-process inventories and finished goods on a global basis. Global managers must be concerned with the ever-increasing number of diverse risks to their businesses posed by political, social, physical and financial forces at work globally and in specific regions and countries. Centered on state-of-the-art assessment models used by businesses and foreign investors. Issues include methods of measuring, assessing and forecasting risk, and methods of mitigating risk.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 505   |
| TGM     | 537         | State Power, Business Interests and Multinational Trade Agreements | Explores the political economy of trade and multinational trade agreements, especially as they pertain to national business environments and the global economy. Covers the domestic and international politics of trade, the formation and composition of multinational trade agreements, and the implications for national and multinational companies.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 505   |
| TGM     | 538         | Corporate Partners   | Real-time consulting project involving the analysis and reporting of private equity (PE) investments. The problem is dealt with at both the fund-specific and portfolio levels.  | N                 | PRA               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 522; TGM 530; TGM 541; TGM 552  |
| TGM     | 540         | Managing People from a Global Perspective                          | Explores the mix of organizational practices and people that can be the basis of sustainable competitive advantage in the contemporary global business environment. Topics covered include cross-cultural issues in managing people, traditional and emerging models of organizations, organizational culture, leadership, employee skills and motivation, reward systems and change management.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-2   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                          |
| TGM     | 541         | Competitive Strategy from a Global Perspective                     | Focuses on choices that impact the performance of the entire organization. Examines central questions: Why are some industries and firms more profitable than others? How do firms create competitive advantage? How does the choice of strategy drive organizational performance? How do firms manage scarce resources in the pursuit of strategic objectives? How do firms create unique and sustainable industry positions?   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-2   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                          |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|---|
| TGM     | 545         | Advanced Perspectives on Global Leadership and Strategy   | Covers the entire spectrum of foreign venture management, ranging from the definition of multinationals, the rationale behind foreign expansion, the alternative modes of market entry, understanding foreign environments and cultures, and analyzing and designing global strategies. Continues with the concept of effective leadership within and across a variety of organizations and global contexts focusing on the demands of and competencies associated with excellent leadership and how leaders sense the need for and then manage organizational change.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 504, OR TGM 540 and 541  |
| TGM     | 546         | Regional Industrial Analysis                              | Builds on concepts introduced in competitive strategy, global strategy and regional business environment. Focuses on the analysis of the strategies adopted by competing players and their impact on the global strategies pursued by the parent organization in the context of regional industry dynamics. Covers a spectrum of topics ranging from industry cluster formation, country-specific advantage, industry versus industry ecosystem analysis, the government's role in industry and regional development including national innovation systems, demand and supply chains in regions, and emerging market challengers. Applies multiple decision-making tools and frameworks to understand the Information and Communications Technology (ICT) industry in Asia Pacific--the fastest growing region in the world. Tools and frameworks learned in this course are applicable to other regions and other industries. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2-3   |                 | Prerequisite(s): TGM 540 and 541 OR TGM 504   |
| TGM     | 547         | Leading Change and Transformation in a Global Environment | Increases understanding of the nature of organizational change (through conceptual frameworks, readings and discussions). Specifies skills needed for managing change. Enhances sensitivity to the contribution and consequences of the human element as related to change. Helps student's own capacity to "thrive on change."  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 540        |
| TGM     | 548         | Global Strategy   | Focuses on how global firms create value. Covers topics ranging from country-specific competitive advantage and the notion of distance to alternative global strategy archetypes and sources of competitive advantage for emerging market multinationals. The approach applies multiple decision-making tools and frameworks to untangle the complexities of managing in a global corporation.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): TGM 504 OR TGM 540 and 541   |
| TGM     | 549         | Global Leadership   | Explores the concept of effective leadership within and across a variety of organizations and global contexts. Definitions of "leadership" and strategies for becoming an accomplished leader abound. Rather than attempt to narrowly focus our attention on definitions, leadership styles, and supposedly "definitive" theories of leadership, focuses on the demands of and competencies associated with excellent leadership. Most importantly, examines how leaders sense the need for and then manage organizational change. Given the increasingly complex world we live in and the ongoing and rapid rate of change, change management has become one of the most critical of leadership skills.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 504 or 540 |
| TGM     | 551         | Global Marketing Strategy                                 | Covers the major concepts involved in creating and sustaining customer value, analyzing the firm's macro environment, choosing whether or not to enter a foreign market, how to evaluate different foreign markets, the best methods for entering different markets, the market research design process, understanding consumer and B2B customer behavior, and ethical issues encountered in global marketing.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student                 |
| TGM     | 552         | Global Marketing Management                               | Covers the functional aspects of marketing including decisions relating to segmentation, targeting, branding, product development, pricing, distribution and advertising/promotion. Students integrate their knowledge of these topics through the creation of an international marketing plan based on a product or service and in a country approved by the instructor.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2-3   |                 | Prerequisite(s): Thunderbird School of Global Management graduate student; TGM 551        |
| TGM     | 553         | Global Customer Decision Making                           | Both theoretical and applied, the backbone and foundation of the course draws heavily from behavioral economics, consumer psychology and consumer information processing. Equips students with a comprehensive understanding of how and why consumers make decisions the way they do in the market (B2C). Although consumers desire to make rational decisions that maximize their utility, in reality, more often than not, they tend to make irrational and suboptimal choices. Offers why such phenomena occur and how consumers can improve their quality of decision making. Offers a richer appreciation of the heuristics and decision-making rules that consumers use and biases that affect consumer decision making.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 OR TGM 551 and 552   |
| TGM     | 554         | Global Marketing Research                                 | Focuses on the use of marketing research techniques for competitive advantage in a global business context. Develops the necessary skills to plan a research project, collect data, analyze the data and report findings.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 OR TGM 551 and 552   |
| TGM     | 555         | Global Product Development and Pricing                    | Combines global product development (GPD) and global pricing (GP). GPD examines how an organization can identify, develop and manage products for global markets. Pays special attention to issues such as the product development cycle, innovation charter, barriers to product development and effectively organizing for product development. GP provides in-depth knowledge of the field of global pricing, covering the psychology, economics and tactics of pricing for a business enterprise, product or service. Better pricing knowledge usually converts to better bottom-line results. Students learn pricing theory and tactics as well as develop hands-on pricing skills, all aimed at improving profitability. These skills can be applied across the full range of professional contexts--as entrepreneurs, brand managers, business unit managers, management and M&A consultants.                           | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 OR TGM 551 and 552   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|--|
| TGM     | 556         | Global Strategic Services Marketing          | Services have come to dominate our economy. Yet there remains a naïve belief that service production, marketing and management is a simple adaptation of goods production, marketing and management. Unlike physical goods, services are co-produced with customers at a time, and in a place, of the customer's choosing. This co-production directly involves an organization's front-line employees. As a result, it is more difficult for services to be inventoried and checked for quality assurance. Provides a thorough understanding of the management and continuous improvement of service operations, including a thorough understanding of the role of customers in service operations such that service firms can design effective service experience so as to minimize service failure.                              | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 OR TGM 551 and 552  |
| TGM     | 558         | Global Data Analysis for Strategic Marketing | Provides an understanding of the key marketing issues through an examination of various marketing decisions. Course complements other marketing courses by adopting a more hands-on and practical approach to strategic market planning. A combination of lectures and discussions, analyses of cases, software demonstrations, and a simulation game facilitate understanding of the material. Requires a solid understanding of marketing planning, statistics and quantitative methods.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 OR TGM 551 and TGM 552                                    |
| TGM     | 559         | Global Brand Management                      | Provides a managerial orientation to the topic of global brand management. Prepares participants for a career either in the role of the "traditional brand manager" or in the role of a "manager with brand-related responsibilities." A major portion of the course is working on a global brand field project to develop a brand management/marketing plan for a brand and brand challenge of student (and team) choosing. Emphasizes the ethical dimension of global brand management; focuses on an individual brand ethics project.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 503 or 552  |
| TGM     | 572         | Global Import Export Management              | Requires understanding theoretic, strategic, finance and practical business principles complicated by the differences in business practices, culture, laws and currency regulations of multiple countries and regions. Focuses on important pragmatic aspects of selling and acquiring goods and services to and from trading partners in foreign markets. Today's global marketplace, while dynamic with opportunity, contains rapidly changing physical, fiscal, technological and regulatory considerations for those who manage such activities. Important concepts to be learned include establishing strategic direction, identifying and managing a multitude of risks, protecting company assets, lowering the cost of finance, building winning business relationships and profitably expanding business into new markets. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                     |
| TGM     | 573         | Country Risk Management                      | Global managers must be concerned with potential risks to their businesses posed by political, social and financial forces at work globally and in specific regions and countries. This course centers around state-of-the-art assessment models used by businesses and foreign investors. Issues include methods of measuring and forecasting risk and mitigating risk. Recommended for students interested in business risk forecasting as a function in and of itself, and in operations, marketing, and any arena in which business investors must be able to anticipate and manage risks.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                     |
| TGM     | 575         | Global Affairs Theory                        | Examines major theories and concepts in global affairs including different schools of international relations thought and levels-of-analysis determinants of foreign policy. These theories and concepts provide key insights on contemporary global affairs issues, and are applied to real-world events and case studies. Covers the role of political economy in the separate course on states and markets in the global political   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                     |
| TGM     | 576         | Global Affairs Methods                       | Covers research methodologies and analytical techniques used to analyze global issues. Topics include research design, quantitative methods, qualitative methods, policy analysis and database resources. These tools are used in government, intergovernmental organizations and nongovernmental organizations, and they are applied to key issues in global affairs such as democratization and human rights, income inequality and development and political violence and international security.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 575   |
| TGM     | 577         | International Organizations                  | Examines the role of international organizations in global affairs particularly in the areas of international peace, security, humanitarian and environmental issues. Focuses on intergovernmental organizations such as the United Nations and International Criminal Court as well as regional organizations such as the North Atlantic Treaty Organization and the African Union. Also focuses on international nongovernmental organizations such as Amnesty International and International Red Cross. Examines the impact of as well as the constraints on international organizations in real-world events and case studies. Covers major economic intergovernmental organizations in the separate course on states and markets in the global political economy.   | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 3     |                 | Prerequisite(s): TGM 575   |
| TGM     | 579         | Communicating in a Global Context            | In a dynamic and interactive format, presents a framework of models and skills for building communication performance in competitive global business settings. Assists in implementing strategies for mastering interpersonal encounters, including conflict resolution, in multicultural environments. Not only examines theories of communication, but places students in experiential situations in which they develop valuable global management skills. Using cases, self-assessment questionnaires, multicultural team exercises and simulations, equips the global manager with the ability to solve problems and take advantage of opportunities in a multicultural world.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-2   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student          |
| TGM     | 580         | Practicum                                    | Structured practical experience in a professional program, supervised by a practitioner or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 1-12  |                 |  |
| TGM     | 581         | Negotiating in a Global Context              | Provide students with knowledge, skills, insights and experience necessary to be a competent negotiator. Covers theories of cross-cultural negotiation and how these impact business interactions. Students gain insight into personal and cultural underpinnings that influences cognitive, affective and negotiation behavioral processes. Expands skills in achieving communication and negotiating competence through the understanding and practice of increased appropriateness, flexibility and adaptability.  | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management | 2-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 579 |

| TGM     | 585         | Corporate Social Responsibility in a Global Context | Provides knowledge, skills, insights and experience necessary to be a competent negotiator. Covers theories of cross-cultural negotiation and how these impact business interactions. Students gain insight into personal and cultural underpinnings that influences cognitive, affective and negotiation behavioral processes. Expands skills in achieving communication and negotiating competence through the understanding and practice of increased appropriateness, flexibility and adaptability. Corporate Social Responsibility (CSR) has become essential for corporations seeking to succeed in an intensely competitive global economy. Provides an in-depth understanding of what CSR is, how to apply it effectively in an international context and how to manage it well. Using a case-based approach, focuses on actual experiences of corporations that have used CSR strategies successfully--and unsuccessfully--to draw practical lessons for international managers. Incorporates several guest lectures from executives who share their firsthand experiences with CSR in various regions of the world. | N                 | LEC               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-3   |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 505   |
| TGM     | 590         | Reading and Conference                              | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |
| TGM     | 591         | Seminar   | A small class emphasizing discussion, presentations by students and written research papers.  | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |
| TGM     | 592         | Research  | Independent study that is expected to lead to a specific project such as a thesis or dissertation, report or publication, in which a student conducts research under the supervision of a faculty member. Assignments might include data collection, experimental work, data analysis or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |
| TGM     | 593         | Applied Project                                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |
| TGM     | 594         | Conference and Workshop                             | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |
| TGM     | 595         | Continuing Registration                             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1     |                 |  |
| TGM     | 596         | Thunderbird Experiential Practicum                  | Capstone course offering students an opportunity to apply the full range of professional skills they have acquired during graduate business and management studies. Consists of participation in a consulting project for a client system in an emerging market country, including Central America, Latin America, the Middle East, Africa, central and eastern Europe, and the whole of Asia apart from Hong Kong, Japan, Singapore, Australia and New Zealand. Serves all sectors: public/governmental, private and NGO/nonprofit.  | Y                 | PRA               | Y               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-6   |                 | Prerequisite(s): TGM 501 or 512; TGM 502 or 522; TGM 503 or 552; TGM 505   |
| TGM     | 597         | Thunderbird Integrative Experience                  | Provides a capstone experience that integrates content from several business areas including strategy, finance, cross-cultural communication, supply chains, leadership, operations and accounting. May take the form of an integrative business computer simulation or a seminar drawing on faculty from a variety of business areas to highlight key issues in those areas.   | N                 | LEL               | N               | GNA           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1     |                 | Prerequisite(s): graduate Thunderbird School of Global Management student; TGM 505; TGM 512; TGM 522; TGM 530; TGM 541; TGM 552; Corequisite(s): TGM 548 |
| TGM     | 598         | Special Topics                                      | Topical courses not offered in regular course rotation (e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand).   | Y                 | LEC               | Y               | OPT           | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-4   |                 |  |
| TGM     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Thunderbird Sch of Global Mgmt | Thunderbird School of Global Management          | 1-12  |                 |  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| THF     | 125         | Orientation to Film, Dance and Theatre                   | Orientation to university and school resources and procedures. Academic success strategies, mentorship, goal setting. Community-building exercises.   | N                 | REC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1     |                 | Prerequisite(s): BA Film (Film and Media Production or Filmmaking Practices) or BA Performance and Movement or BA Theatre (Acting or Design and Production or Theatre Exploratory) major; freshman standing |
| THF     | 126         | School of Film, Dance and Theatre: First-Year Experience | Community building within the School of Film, Dance and Theatre; connections with faculty; foundations of creative process; attendance and written response to performance and media events.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 2     |                 | Prerequisite(s): BA Film (Film and Media Production or Filmmaking Practices) or BA Performance and Movement or BA Theatre (Acting or Design and Production or Theatre Exploratory) major                    |
| THF     | 160         | Introduction to Storytelling                             | Introduces the nature, structure, and operations of story, as well as the functions of narrative in societies and cultures. Several modules introduce a different mode of storytelling. Students learn to create their own stories utilizing several of the approaches introduced in the modules.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): BA Film or BA Performance and Movement or BA Theatre major   |
| THF     | 215         | Design and Composition for Theatre and Film              | Introduces the aesthetic principles and practices employed by designers/artists of the stage and screen, including: basic knowledge of the elements and principles of design; conceptualization of design for theatre and film; director/designer collaboration models; methods and modes of visual communication for theatre and film (storyboards, renderings, models, etc.). | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): BA Digital Culture (Theatre) or BA The Arts (Entertainment Design) or BA The Arts (Fashion Design) major OR School of Theatre and Film major   |
| THF     | 220         | Principles of Dramatic Analysis                          | Analysis, evaluation, and interpretation of dramatic literature for theatrical production. Emphasizes the traditional canon of dramatic literature and traditional structures and forms of drama.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     | L or HU         | Prerequisite(s): School of Theatre and Film major or Theatre Exploratory major with minimum sophomore level; ENG 101, 105 or 107 with C or better; Pre- or Corequisite(s): THF 126 with C or better         |
| THF     | 370         | Seminar: Acting Concentration for Stage and Screen       | Designed for a student's continued growth as a preprofessional acting student. Provides a series of master workshops focused on craft. In addition, under the guidance of the faculty facilitator, students receive career guidance and information to strengthen connections to the institute, the school and the university.  | N                 | SEM               | Y               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1     |                 | Prerequisite(s): admitted to Theatre (Acting) BA concentration; Credit is allowed for only THF 370 or THP 394 (Acting Concentration Seminar)  |
| THF     | 397         | Professional Development Seminar                         | Preparatory course for senior projects. Students research and create senior project proposals while formalizing faculty mentorships.  | Y                 | SEM               | Y               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1     |                 | Pre-requisites: Film BA or Performance and Movement BA or Theatre BA major; Minimum 56 hours  |
| THF     | 497         | Senior Project   | Mentored practicum for culminating capstone projects.   | Y                 | PRA               | Y               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-6   |                 | Prerequisite(s): Film BA major OR Performance and Movement BA major OR Theatre BA major; THF 397 with C or better; minimum 56 hours   |
| THF     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-4   |                 |   |
| THP     | 102         | Acting I: Fundamentals                                   | Explores and applies basic principles of acting. Topics include terminology, scene and character analysis, exercises and improvisation, audition preparation.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: Performance and Movement or Theatre major  |
| THP     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-4   |                 |   |
| THP     | 201         | Theatre Production Crew                                  | Participation in university mainstage theatre production backstage and board operations.  | N                 | LAB               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1     |                 |   |
| THP     | 202         | Acting II: Intermediate Techniques                       | Rehearsal techniques and application of action to dramatic text.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THF 101 or THP 102 with B- or better; THP 272 with B- or better; THP 277 with B- or better; Pre- or corequisite(s): THF 220 with C or better if completed                                  |
| THP     | 212         | Puppetry with Children                                   | Construction and manipulation of puppets; practice in performance skills. Emphasizes educational and recreational uses of puppetry by and with children.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 |   |
| THP     | 213         | Introduction to Technical Theatre                        | Procedures of technical theatre production and demonstration. Topics include design and construction of scenery, lighting, and properties.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 4     |                 | Prerequisite(s): Digital Culture (Theatre), Performance and Movement, The Arts, or Theatre BA major   |
| THP     | 214         | Introduction to Costuming                                | Basic principles of costume design, construction, and survey of selected historical periods including makeup styles. Costume design project and production experience.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 4     |                 | Prerequisite(s): Digital Culture (Theatre), Performance and Movement, The Arts, or Theatre BA major   |
| THP     | 218         | Directing I: Introduction to Directing                   | Overview of emergence and practice of the director's craft. Explores director's role and responsibilities, play selection, conceptualizing, ground plans, blocking.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Theatre student; THF 220 with C or better; THP 102 with C or better  |
| THP     | 251         | Student Production Board                                 | Performing arts entrepreneurship taught through the experience of operating a student-produced theatre company.   | N                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-3   |                 |   |
| THP     | 260         | Introduction to Playwriting                              | Basic skills of playwriting including exercises in monologues, scenes, and conflict and resolution, leading to completion of a one-act play.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): ENG 101,105 or 107 with C or better  |
| THP     | 272         | Acting: Introduction to Movement                         | Movement vocabulary and physical training in relaxation, alignment, conditioning, and stage presence. Application to performance.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: THF101 or THP102 with B- or better   |
| THP     | 277         | Acting: Introduction to Voice                            | Exercises and techniques to free the voice and improve quality and projection. Application to performance.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: THF101 or THP102 with B- or better   |
| THP     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-4   |                 |   |
| THP     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 |   |
| THP     | 301         | Theatre Production                                       | Participation in university mainstage theatre productions (e.g., acting, construction, stage management).   | Y                 | LAB               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-2   |                 | Prerequisite(s): THP 213 or THP 214 with C or better  |
| THP     | 302         | Acting III: Advanced Techniques                          | Advanced practice in methods, skills, and research for rehearsal and performance.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THF 101 or THP 102 with C or better; THF 220 with C or better; THP 202 with C or better; THP 272 with C or better; THP 277 with C or better; minimum junior standing                       |
| THP     | 307         | Acting: Research and Performance                         | Acting in theatre projects, productions, or collaborative performances in directing classes.  | N                 | LEL               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-3   |                 | Prerequisite(s): THF 101 (or THP 101 or THP 102) with C or better   |
| THP     | 311         | Creative Drama with Youth                                | Theories, materials, and techniques for facilitating improvisational drama with children and youth in classroom and community settings.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     | L               | Prerequisite(s): ENG 101 (or ENG 105 or 107) with C or better; minimum 25 hours   |
| THP     | 313         | Fundamentals of Design                                   | Art and practice of scenic, costume, and lighting design for the theatre and the media.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THP 213 or THP 214 with C or better or Digital Culture (Theatre) major   |
| THP     | 317         | Stage Management   | Readings in stage management and participation as a stage manager in a university theatre production.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Theatre undergraduate or The Arts BA major; Corequisite(s): THP 301  |
| THP     | 318         | Directing II: Intermediate Directing                     | Explores approaches to staging and composition. Studio work culminates in presentation of a fully rehearsed ten-minute play.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THP 218 with C or better; THP 213 or THP 214 with C or better  |

| THP     | 330         | Costume Design                             | Explores the elements of design, taking abstract ideas and formulating them into concrete forms. Encourages the student to experiment with different ideas and mediums. Emphasizes design basics, research, figure drawing, and beginning rendering techniques. Uses projects that involve complex script and character analysis to promote the student's ability to effectively communicate. | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THF 215 or THP 313 with C or better   |
| THP     | 331         | Costume Construction                       | Uses of materials and techniques for stage costumes with actual construction of period apparel. May be repeated for credit.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THP 214 with C or better  |
| THP     | 332         | Makeup                                     | Practical guide to the theory and practice of theatrical makeup. Basic principles of stage makeup design and application. Develops and increases skills in the application and design of the medium through a combination of reading assignments, lecture, demonstration and supervised practice sessions.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Theatre (Design and Production) major or minimum 45 hours; Credit is allowed for only THP 332 or 494 (Makeup/Advanced Makeup)   |
| THP     | 335         | Advanced Stagecraft                        | Advanced construction techniques through applicable projects in carpentry and steel fabrication for theatre production in scenery and properties.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: Minimum sophomore standing; THP 213 (or THP 301 Production) with B or better; Credit is allowed for only THP 335 or 394 (Advanced Stagecraft)                                 |
| THP     | 340         | Scene Design                               | Studio projects in designing scenery for contemporary stages.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Digital Culture (Theatre) or The Arts BA major or THP 213   |
| THP     | 345         | Lighting Design                            | Principles and theories of stage lighting design, including design process and execution, advanced exploration of design implementation and equipment; course includes drafting and drawing.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Minimum Junior standing or Design & Production student with minimum sophomore standing   |
| THP     | 350         | Sound Design                               | Introduces the equipment, process, and recording techniques used in sound design for the theatre.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Theatre or Film or Digital Culture (Theatre) or The Arts BA major; THF 215 or THP 313 with B- or better   |
| THP     | 351         | Arts Management                            | Management, organizational behavior, and human behavior in the arts; marketing, financing, and budgeting for the arts.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: BA The Arts major or minimum 45 hours; Credit is allowed for only THP 351 or 394 (Management and the Arts)  |
| THP     | 355         | Media Design for Performance               | Introduces the fundamental skills, practices and theories for media and projection design for live performance, building on traditional areas of design for the theatre.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Theatre, Film, Digital Culture (Theatre), or The Arts BA major; THF 215 or THP 313 with B- or better  |
| THP     | 360         | Intermediate Playwriting                   | Continued development of skills in playwriting through specific exercises and completion of a full-length play.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre- or corequisite: THP 260 with C or better or Prerequisite(s): ENG 210  |
| THP     | 372         | Acting: Advanced Movement                  | Movement techniques for the classical and nonrealistic theatre.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: THP 272 with B or better; Minimum junior standing   |
| THP     | 377         | Acting: Voice and Speech                   | Introduces phonetic alphabet, exercises, and techniques for voice and speech improvement. Application to performance.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: THP 277 with B or better; Minimum junior standing   |
| THP     | 385         | Acting: Classical and Poetic Drama         | Rehearsal and performance of Shakespeare and other classical playwrights. Emphasizes understanding poetic language, vocal and physical skills.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): THF 101 (or THP 102) with B- or better; THP 277 with B- or better   |
| THP     | 386         | Acting: the Meisner Approach               | Improvisations and exercises developed by Sanford Meisner applied to scene work.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: THP 101 or THP 102 with B or better   |
| THP     | 387         | Acting: TV and Film                        | Professional television and film acting techniques, terminology, and on-camera experience.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Theatre major, Theatre minor or Filmmaking Practices major; THF101 (THP 101) or THP102 with B or better, or Film and Media Production student                                |

| THP     | 494         | Special Topics                                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | SEM               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 |  |
| THP     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-7   |                 | Prerequisites: Theatre Design & Production student   |
| THP     | 499         | Individualized Instruction                         | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-3   |                 |  |
| THP     | 500         | Research Methods                                   | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| THP     | 501         | Performance: Solo Performance                      | Students begin to define their mission in art. Emphasizes the actor as a solo storyteller, speaking as herself or himself.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-8   |                 | Prerequisites: Master of Arts or Master of Fine Arts Theatre student   |
| THP     | 505         | Graduate Colloquium                                | Orientation to graduate study of theatrical practice; cohort development, introduction to the advanced literature and media in the art form.  | N                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 506         | Design Collaboration                               | Process of production collaboration. Taught in conjunction with THP 519. May be repeated for credit.  | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Master of Arts or Master of Fine Arts Theatre student;  |
| THP     | 511         | Methods of Teaching Drama                          | Applies materials, techniques and theories with youth, grades pre-K-5. Emphasizes curriculum development and praxis. Regular participation with children.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only THP 411 or THP 511  |
| THP     | 512         | Puppetry Workshop                                  | Surveys puppetry in education, puppetry as an art form in design and performance.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Graduate student   |
| THP     | 513         | Touring Theatre                                    | Provides an understanding of the theories and aesthetics of touring theatre and a practice in its conceptualization, creation, administration, and production. Examines a variety of styles and methods of creating "movable" theatrical material, focusing on forms that require minimal scenic and design support. Focuses on process and working toward a quality product.   | N                 | LEL               | Y               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: Fine Arts Graduate student; Credit is allowed for only THP 513 or 598 (Touring Theatre)   |
| THP     | 514         | Projects in Community-Based Theatre                | Theories and techniques of improvisational theatre with emphasis on youth. Stresses professional development through projects combining research, theory, and practice.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite: Master in Arts, Master in Fine Arts or PHD Theatre major   |
| THP     | 517         | Stage Management                                   | Advanced study of the principles and practices of stage management in the professional theatre.   | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Graduate student in the Herberger Institute for Design and the Arts, the School of Community Resources and Development, or the W.P. Carey School of Business |
| THP     | 518         | Advanced Directing Lab                             | Active discovery of directing concepts through practical exercises and collaboration; deconstruction of contemporary/classic literature. Explores director as primary artist.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Master of Arts, Master of Fine Arts, or PhD Theatre student   |
| THP     | 519         | Directing: Works in Progress                       | Advanced projects in directing concentrating on a collaborative process among director, playwright, actors, and designers. Focuses primarily on new scripts or adaptations of literature.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Arts, Master of Fine Arts, or PhD Theatre student  |
| THP     | 520         | Directing the New Play                             | Advanced methods and studies in directing, focusing on new play development.  | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 521         | Performance I: Acting and Movement                 | Advanced studio work in the performer's body, voice, emotion, and imagination; emphasizes physical diagnostics and development.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 522         | Performance I: Acting and Voice                    | Advanced studio work in the performer's voice; emphasizes physical awareness, vocal anatomy, training, and interpretation of texts.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 523         | Performance II: Acting and Movement                | Advanced studio work in the performer's body, voice, emotion, and imagination.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| THP     | 524         | Performance II: Acting and Voice               | Advanced studio work in the performer's voice.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 525         | Design I: Conceptualization and Collaboration  | Conceptual structures of the design process in theatre; development of creativity, flexibility, and communication in the collaborative process.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 526         | Design I: Drawing and Rendering                | Development of drawing and rendering skills, techniques, and evaluation in the presentation, realization, and communication of performance design.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 527         | Design II: Conceptualization and Collaboration | Offers students the chance to develop advanced skills in creating fully realized design ideas, particularly in working with new and experimental forms. Through the coursework, readings, and projects, students develop new methods and systems of thought for dealing with challenging dramatic works.                 | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): Master of Fine Arts Theatre major   |
| THP     | 528         | Design II: Visualization and Presentation      | Advanced skills and techniques in rendering, visualizing and presenting design ideas and materials for performance.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 529         | Viewpoints and Composition                     |  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 |  |
| THP     | 540         | Scene Design Applications                      | Conceptual and practical application of the design process including graphic and sculptural projects. Practical design problems investigated in a lab.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Master of Art or Master of Fine Art Theatre student   |
| THP     | 545         | Lighting Design Applications                   | Advanced studio projects in stage lighting design.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Master of Fine Arts Theatre student   |
| THP     | 550         | Theatre Organization and Management            | Overview of nonprofit arts: organizational design, strategic planning, financial management, and leadership.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: MFA Theatre student   |
| THP     | 551         | Arts Management                                | Advanced study of the principles and practices of arts management in the nonprofit and for-profit sectors.   | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Graduate student in the Herberger Institute for Design and the Arts, the School of Community Resources and Development, or the W.P. Carey School of Business |
| THP     | 552         | Arts Entrepreneurship                          | Project-based course in new venture creation for the arts.   | N                 | SEM               | Y               | GNA           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Graduate student in the Herberger Institute for Design and the Arts, the School of Community Resources and Development, or the W.P. Carey School of Business |
| THP     | 555         | Media Design Applications                      | Advanced applications for skills and practices in media design for live performance, including content creation, systems design, and playback.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Master of Fine Arts Theatre student  |
| THP     | 556         | Performance Technology                         | Examines issues surrounding the integration of live performance and digital media. Students study the work of contemporary practitioners and theorists and experiment with creating their own works of digital art.  | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: Graduate Theatre major  |
| THP     | 557         | The Digital Portfolio                          | Crossdisciplinary exploration of methods, technologies, and aesthetics for portfolio presentation for professional designers and artists.  | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| THP     | 560         | Dramatic Writer's Workshop                     | Practice and study of creating characters, dialogue, scenes, plays, and monologues for the stage.  | N                 | LEL               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Theatre Master of Arts or Master of Fine Arts student   |
| THP     | 561         | Scripts in Progress                            | Studio work with the instructor centered on revisions of original plays.   | N                 | IND               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisites: Theatre student   |
| THP     | 580         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 |  |
| THP     | 582         | Theatre for Social Change                      | Advanced, interactive theatre techniques (e.g., Boal, drama therapy, playback theatre) to examine and combat institutional, social, cultural, interpersonal, and personal oppressions.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Pre-requisite: Graduate or Doctoral student  |
| THP     | 584         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Pre-requisites: Theatre student  |
| THP     | 590         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 |  |
| THP     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 |  |
| THP     | 592         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisites: Master of Arts, Master of Fine Arts, or PhD Theatre student   |
| THP     | 593         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisites: Theatre Master of Arts or Master of Fine Arts student   |
| THP     | 593         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | RSC               | Y               | Z1            | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-12  |                 |  |
| THP     | 594         | Conference and Workshop                        | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Pre-requisites: Fine Arts Graduate student   |
| THP     | 598         | Special Topics                                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEL               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-4   |                 | Prerequisite(s): Fine Arts graduate student  |
| THP     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisites: Master of Art or Dramatic Writing Theatre student   |
| THP     | 611         | Sites of Inquiry in Performance                | Examines scholarly, artistic and pedagogical pursuits in fieldwork and site-based studies in theatre, drama and performance. Requires development and execution of a research project.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Pre- or corequisite(s): THE 500 or 700   |
| THP     | 618         | Theatre for Youth Practicum                    | Practical experience in theatre for youth projects: improvisation, education, production.  | N                 | PRA               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 2-3   |                 | Prerequisites: Master of Fine Arts or PhD Theatre for Youth student  |
| THP     | 649         | Design Studio                                  | Projects include design of scenery, costume, lighting, or sound for lab or mainstage productions.  | N                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-3   |                 | Prerequisites: Master of Fine Arts Theatre student   |
| THP     | 680         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 |  |
| THP     | 684         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisites: Master of Fine Arts or PhD Theatre student  |
| THP     | 691         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 1-12  |                 | Prerequisite: Master of Arts, Master of Fine Arts, or PhD Theatre student  |
| THP     | 692         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. | TMC     | 494         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Tech Entrepreneurship & Mgmt      | 1-4   |                 |   |
| TMC     | 498         | Pro-Seminar                            | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Tech Entrepreneurship & Mgmt      | 1-7   | L               | Prerequisite(s): Fulton Polytechnic School undergraduate or graduate student; minimum 2.25 GPA  |
| TMC     | 499         | Individualized Instruction             | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering    | Tech Entrepreneurship & Mgmt      | 1-3   |                 | Prerequisite(s): Fulton Polytechnic School undergraduate; minimum 3.00 GPA  |
| TMC     | 555         | Leadership and Teams                   | Evaluates and discusses the latest research in leadership and teams in terms of accomplishing set goals efficiently and effectively both within large organizations and smaller groups. Addresses management and leadership styles and concepts such as team cognition and team situational awareness. Seminar-style course with a large amount of reading, discussion, synthesis and application of current research. Field trips to local airline operations and high-operational tempo organizations accompany the readings and in-class discussions.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering    | Tech Entrepreneurship & Mgmt      | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long  | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department                    | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|---------------------------|-------------------------------|-------|-----------------|--|
| TMC     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1-12  |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TMC     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1-12  |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TMC     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1-12  |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TMC     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1-12  |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TMC     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1     |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TMC     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | Ira A. Fulton Engineering | Tech Entrepreneurship & Mgmt  | 1-12  |                 | Pre Requisites: Graduate or Non Degree Students Only           |
| TSS     | 500         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 501         | A Deep History of the United States/Mexico Borderlands I                                   | Using a comparative and relational approach, the seminar explores various layers of development starting with economic structures and culture and their impact on various aspects of transborder society including politics, social organization, demography, and cultural practice. Focuses on the period from pre-contact times to the Mexican American War.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 502         | Foundations of Transborder Studies   | Using a comparative and relational approach, explores various layers of development starting with economic structures and culture and their impact on various aspects of transborder society including politics, social organization, demography, and cultural practice. Focuses on the period from the Mexican American War to the recent past. Centers on comparative economic growth and development of Mexico and the United States, the impact of unequal development on the border region and its people, and the development of a transnational society in the U.S./Mexico borderlands.           | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 503         | Epistemologies and Transborder Thought   | Examines different approaches to the production and critique of knowledge relevant to transborder social, political, economic, cultural, and institutional structures and processes. The complexity of these structures and processes require transdisciplinary methods of inquiry that go beyond a single set of disciplinary assumptions. Explores the transdisciplinary articulation of theory and method, and considers the strengths and limitations of various approaches and critiques.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 504         | Tools for Transborder Research   | Focuses on the selection of methods appropriate for transborder research. Considers the pitfalls of conducting monodisciplinary research in a stratified, differentiated and multicausal world; the most robust methods used in various approaches; the main methodological obstacles to transdisciplinary research; and the challenges of using mixed methodology.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 505         | Theories and Methods of Migration, Health & Applied Social Policy in a Transborder Context | Divided conceptually in three broad analytical areas: (1) migration with an emphasis on demography, (2) health with an emphasis on epidemiology, and (3) public policy analysis. Provides basic training in the application and interpretation of quantitative and qualitative methods and techniques commonly used in researching these areas. Applies these techniques to issues that are specific to the reality of transborder and/or transnational contexts. Students are required to apply and present an analysis in their field of interest which demonstrates their grasp of theory and method. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 506         | Theory and Methods of Transborder Media and Expressive Culture                             | Overview of the interdisciplinary theories and methods employed to research and analyze media and creative cultural production. Objects of analysis include literature, film, live performance, theater, Web-based media, popular culture production, and visual arts. Required readings elucidate strengths, limitations, and applicability of particular theories and methods to different types of creative expression and media production as well as to their historical and political contexts. Students engage with critique, and contribute to the theories and methods presented in the course. | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 507         | Theory and Methods of Transborder Cultural Acquisition, Language Development, and Learning | This course familiarizes graduate students with literature on relationship between culture, language, and learning, and their theoretical and methodological underpinnings within a transborder context.   | N                 | LEC               | N               | Z1            | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 594         | Conference and Workshop  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 600         | Research Methods   | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| TSS     | 601         | Internship in Transborder Studies  | Academic internship helps students become full participants in globalized, transnational contexts through a combination of practical experiences in community organizations, readings about transnational life in globalized contexts, reflection, and discussion.   | N                 | PRA               | Y               | OPT           | Liberal Arts and Sciences | School of Transborder Studies | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| Subject | Catalog Nbr | Course Title Long   | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                               | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| TSS     | 607         | Colloquium in Transborder Studies                                 | Provide students the opportunity to present their skills, learning, research, and topical interests before an open forum of faculty and students at the beginning of their third year and prior to their dissertation research.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 608         | Transmitting Transborder Studies to Publics and Institutions      | Provides students with the most recent advancements in presenting the underlying theory, methods, and techniques in transborder analysis and application. Designed to enter multiple audiences in public, professional, academic, and school settings, course takes advantage of the latest developments in multimedia, print, and electronic technology, film, and print in order to provide systematic and detailed learning opportunities. Provides the basis of developing capacities to create and develop learning modules, and programs on issues of transborder political ecology, economic transformations, cultural development and emergence, literary constructions and projections, and issues of identity, class, and gender. Course is conducted bilingually and makes use of Spanish- and English-language resources. For this reason, it is advisable, but not required, that students are at least conversationally proficient with Spanish and English. | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 609         | Prospectus Design in Transborder Studies                          | Provides doctoral students with the necessary tools to prepare a research proposal that could be submitted as a dissertation prospectus or to a funding agency. Students bring a well-formulated idea of the kind of research they wish to pursue for their dissertation. They also bring a clear idea of the relevant concepts, literature and methods, required to complete the proposal.  | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 611         | Comparative and Transborder Perspectives on Learning              | This small class emphasizes discussion, presentations by students, and written research papers. Surveys theoretical and methodological aspects related to the use of comparative and transborder perspectives to the study of education.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 612         | The Political Culture of Learning & Change in Transborder Context | Examines a variety of development and learning issues confronting linguistically and culturally diverse groups with an emphasis on immigrant children and families. Includes such topics as: (1) Theoretical foundations and their related impact on organizing interventions for learning and socialization. (2) The intersection of the development of language, culture, and learning in context of linguistic diversity and immigration. (3) The influence and impact of public policy on language minority groups of immigrant backgrounds.   | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 614         | Bilingualism in Diverse Acquisition and Practicing Contexts       | Examines bilingualism, language in society, and languages in contact in transborder contexts and bilingual schooling.  | N                 | SEM               | N               | GNA           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): PhD student  |
| TSS     | 615         | Dialectical Inquiry in Transborder Contexts                       | Introduces the application of dialectical inquiry in value-relevant grounded research methods as a complementary approach to value-free scientific inquiry into practical problems in transborder cultural acquisition, language development, and learning.  | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences   | School of Transborder Studies            | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 683         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 691         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 695         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | N                 | RSC               | Y               | Z3            | Liberal Arts and Sciences   | School of Transborder Studies            | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 700         | Research Methods  | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 783         | Fieldwork   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | PRA               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 791         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Liberal Arts and Sciences   | School of Transborder Studies            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 792         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Liberal Arts and Sciences   | School of Transborder Studies            | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |

Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | N                 | RSC               | Y               | Z3            | Liberal Arts and Sciences   | School of Transborder Studies            | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TSS     | 799         | Dissertation  | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences   | School of Transborder Studies            | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student          |
| TWC     | 214         | Storytelling with Data  | Students read and discuss theories of data visualization as well as produce a wide range of visualizations using a variety of data sets. Students learn how to process data to discover what's important about the data, and how to use data to tell visual stories that attempt to persuade, inform and engage audiences. Students learn basic principles of design and narrative to help them develop visually engaging data visualizations in narrative patterns that tell interesting and persuasive stories. And, they use a variety of software tools to construct data visuals and how to make choices in visualization style.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 |   |
| TWC     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |   |
| TWC     | 301         | Fundamentals of Writing for Digital Media                         | Foundational concepts and technologies of writing for a variety of digital media.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 45 hours |

| TWC     | 361         | Writing for Health Care Management                            | Strategies, formats, and techniques for effective writing and presentation of information for nursing professionals.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): RN-BSN student; ENG 102, 105, or 108 with C or better; Credit is allowed for only TWC 361 or TWC 362  |
| TWC     | 362         | Writing in Health Professions                                 | Focuses on effective communication practices in health-related fields, emphasizing communicating professionally with both scholarly and workplace audiences. In addition to providing a foundation in workplace communication, emphasizes information and technology literacy to help students become proficient in collecting, analyzing, interpreting and synthesizing information using appropriate tools, sources and styles.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Medical Studies major or Nursing and Health Innovation student; Credit is allowed for only TWC 361 or TWC 362   |
| TWC     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| TWC     | 401         | Fundamentals of Technical Communication                       | Basic information design principles for producing effective technical communication, including rhetorical and audience analysis, as well as common workplace genres and technical communication tools.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 401 or TWC 501  |
| TWC     | 403         | Writing for Professional Publication                          | Analyzes the market and examines the publication process, including the roles of the author, editor, and reviewer.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 45 hours  |
| TWC     | 411         | Principles of Visual Communication                            | Principles and tools of visual communication in print and electronic media, with an emphasis on document design, including typography and color.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 411 or TWC 511  |
| TWC     | 414         | Visualizing Data and Information                              | Covers how to process data and information in ways that help discover what's important about the information and what the clearest way is to communicate that information. Covers how to manage data and use a variety of software tools to communicate patterns and tell visual stories, as well as how to make choices in visualization style in ways that will assist an audience to effectively interact with and process the information.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours. Credit is allowed for only TWC 414 or TWC 494 (Visualizing Information or Information Visualization) or TWC 514 or TWC 598 (Visualizing Information or Information Visualization) |
| TWC     | 421         | Principles of Web Authoring                                   | Principles of writing for the Web, including information architecture, accessibility, usability and responsive design. Explores basics of markup language and content management.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 421 or TWC 521  |
| TWC     | 422         | Social Media in the Workplace                                 | Analyzes different social media platforms and develops strategies and techniques for effective and appropriate use of social media in the workplace.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only TWC 422 or TWC 494 (Social Media in the Workplace) or TWC 522  |
| TWC     | 431         | Principles of Technical Editing                               | Principles and techniques of technical editing for print and electronic media, including standards, styles, copyediting, comprehensive editing and project management.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 431 or TWC 531  |
| TWC     | 435         | Global Issues in Technical Communication                      | Helps students understand issues that shape workplace communication in a global environment. Technical communicators are expected to be specialists who interact effectively with a broad range of audiences. Given the global nature of today's workplace, those audiences typically include people from many cultures and countries. Through readings, written assignments, and analysis of case studies, documents, and websites, explores ways in which culture and language shape professional interactions. Also examines other critical issues such as translation, localization, technology and distributed work teams that impact writing and designing documents in a globalized work environment. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | G               | Prerequisite(s): minimum 45 hours; Credit is allowed for only TWC 435 or TWC 494 (Global Issues in Technical Communication) or TWC 535   |
| TWC     | 443         | Grant & Proposal Writing                                      | Develops persuasive strategies and approaches for researching and writing professional funding proposals and grant applications.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 443 or TWC 543  |
| TWC     | 444         | User Experience   | Explores principles, techniques and tools of user experience (UX), including user and task analysis, user-centered design and usability testing.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 444 or TWC 544  |
| TWC     | 445         | Content Management and Topic-Based Authoring                  | Explores concepts, techniques, strategies and technologies for authoring, managing, and publishing re-usable content in online documentation, help files and other types of technical communication.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 445 or TWC 545  |
| TWC     | 446         | Technical and Scientific Reports                              | Explores strategies and techniques for developing informational and analytical reports in a range of genres and for a variety of audiences in scientific and technical fields.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only TWC 446 or TWC 546  |
| TWC     | 451         | Copyright and Intellectual Property in the Electronic Age     | Explores issues related to copyright and intellectual property laws, with emphasis on electronic environment.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 earned hours; Credit is allowed for only TWC 451 or TWC 551   |
| TWC     | 452         | Information in the Digital Age                                | Explores the creation, organization, dissemination, and use of information; the impact of technologies; and surrounding economic, legal, and social issues.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 earned hours; Credit is allowed for only TWC 452 or TWC 552   |
| TWC     | 453         | Information and Communications Technology in American History | Explores the historical development of information and related technologies in the United States from colonial times to the present.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | H               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 earned hours; Credit is allowed for only TWC 453 or TWC 553   |
| TWC     | 454         | Information Technology and Culture                            | Explores the historical impact and intersection of communications technology and culture in America.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     | C               | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 earned hours; Credit is allowed for only TWC 454 or TWC 554   |
| TWC     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 |  |
| TWC     | 490         | Capstone  | Development of a professional portfolio, creation of a culminating document, and synthesis of undergraduate experience.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 87 hours   |
| TWC     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| TWC     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| TWC     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| TWC     | 499         | Individualized Instruction                                    | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| TWC     | 501         | Fundamentals of Technical Communication                       | Basic information design principles for producing effective technical communication, including rhetorical and audience analysis, as well as common workplace genres and technical communication tools.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 401 or TWC 501  |

| Subject | Catalog Nbr | Course Title Long   | Descrlong   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                               | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|-----------------------------|--|-------|-----------------|---|
| TWC     | 504         | Applied Rhetoric and Technical Communication                  | Foundation in applied and technical communication. Covers the emergence and development of technical communication as a profession and field; rhetorical concepts and their application to technical and applied communication, ethical issues; and the impact of internationalization.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): Technical Communication MS student   |
| TWC     | 505         | Research in Technical and Applied Communication               | Explores the research process and methods appropriate for technical and professional communication. Provides a foundation for understanding the research process; designing and planning valid research within the context of technical and professional communication; collecting and interpreting information, ethical issues related to research; and reporting results.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 24 graduate TWC hours; TWC 504   |
| TWC     | 506         | Research Design and Development                               | Focuses on the research process, including the development of research questions, selection of appropriate methods, preparation of a literature review, and design of research projects. Prepares students to design the research for their applied project or thesis. Students apply their knowledge of research methods and the research process by preparing a fully developed proposal at the conclusion of the course.   | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): Technical Communication MS student; TWC 505; minimum 24 graduate TWC hours   |
| TWC     | 511         | Principles of Visual Communication                            | Principles and tools of visual communication in print and electronic media, with an emphasis on document design, including typography and color.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 411 or 511   |
| TWC     | 514         | Visualizing Data and Information                              | Covers how to process data and information in ways that help discover what's important about the information and what the clearest way is to communicate that information. Covers how to manage data and use a variety of software tools to communicate patterns and tell visual stories, as well as how to make choices in visualization style in ways that will assist an audience to effectively interact with and process the information.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 414 or TWC 494 (Information Visualization or Visualizing Information) or TWC 514 or TWC 598 (Information Visualization or Visualizing Information) |
| TWC     | 521         | Principles of Web Authoring                                   | Principles of writing for the Web, including information architecture, accessibility, usability and responsive design. Explores basics of markup language and content management.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 421 or TWC 521   |
| TWC     | 522         | Social Media in the Workplace                                 | Analyzes different social media platforms and develops strategies and techniques for effective and appropriate use of social media in the workplace.  | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 422 or TWC 522   |
| TWC     | 531         | Principles of Technical Editing                               | Principles and techniques of technical editing for print and electronic media, including standards, styles, copyediting, comprehensive editing and project management.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 431 or TWC 531   |
| TWC     | 535         | Global Issues in Technical Communication                      | Helps students understand issues that shape workplace communication in a global environment. Technical communicators are expected to be specialists who interact effectively with a broad range of audiences. Given the global nature of today's workplace, those audiences typically include people from many cultures and countries. Through readings, written assignments, and analysis of case studies, documents and Websites, explores ways in which culture and language shape professional interactions. Also examines other critical issues such as translation, localization, technology and distributed work teams that impact writing and designing documents in a globalized work environment. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 435 or TWC 535 or TWC 598 (Global Issues in Technical Communication)   |
| TWC     | 543         | Grant & Proposal Writing                                      | Develops persuasive strategies and approaches for researching and writing professional funding proposals and grant applications.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 443 or TWC 543   |
| TWC     | 544         | User Experience   | Explores principles, techniques and tools of user experience (UX), including user and task analysis, user-centered design and usability testing.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 444 or TWC 544   |
| TWC     | 545         | Content Management and Topic-Based Authoring                  | Explores concepts, techniques, strategies and technologies for authoring, managing and publishing re-usable content in online documentation, help files and other types of technical communication.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 445 or TWC 545   |
| TWC     | 546         | Technical and Scientific Reports                              | Explores strategies and techniques for developing informational and analytical reports in a range of genres and for a variety of audiences in scientific and technical fields.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only TWC 446 or TWC 546   |
| TWC     | 551         | Copyright and Intellectual Property in the Electronic Age     | Explores issues related to copyright and intellectual property laws; emphasizes electronic environment.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 451 or TWC 551   |
| TWC     | 552         | Information in the Digital Age                                | Explores the creation, organization, dissemination, and use of information; the impact of technologies; and surrounding economic, legal, and social issues.   | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 452 or TWC 552   |
| TWC     | 553         | Information and Communications Technology in American History | Explores the historical development of information and related technologies in the United States from colonial times to the present.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 453 or TWC 553   |
| TWC     | 554         | Information Technology and Culture                            | Explores the historical impact and intersection of communications technology and culture in America.  | N                 | LEC               | N               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only TWC 454 or TWC 554   |
| TWC     | 560         | Capstone  | Hands-on project in user experience. Requires a report based on research or applied work as a culminating experience.   | N                 | SEM               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): User Experience MS student; minimum 24 graduate TWC hours; Credit is allowed for only GIT 560 or HSE 560 or TWC 560  |
| TWC     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TWC     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TWC     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TWC     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TWC     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| TWC     | 594         | Conference and Workshop                                       | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

## ASU Course Catalog Archive - Fall 2018

| Subject | Catalog Nbr | Course Title Long                         | Descrlong  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                               | Units | General Studies | Requirements   |

| TWC     | 595         | Continuing Registration                   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TWC     | 596         | Technical Communication Capstone          | Synthesizes and applies the concepts, skills, strategies and techniques learned in courses completed for the program. Also reflects upon that work, analyzing their strengths as a technical communicator and identifying areas for growth. Demonstrates ability to respond to the needs of specific audiences and communication situations by selecting from their work to craft a substantive professional dossier that presents a compelling story of their technical communication abilities, along with a reflective statement that discusses their work in relation to program outcomes. | N                 | LEC               | N               | GNA           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): Technical Communication MS student  |
| TWC     | 598         | Special Topics                            | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| TWC     | 599         | Thesis                                    | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Integrative Sciences & Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| UET     | 191         | First-Year Seminar                        | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | Ira A. | USL     | 410         | Service Learning: Diverse Community Issues | Correlates academic coursework with community service and provides reflection opportunities that examine community needs, the importance of civic engagement and an introduction to the effects of social injustice affecting ethnic minorities and other marginalized populations in contemporary American society. Students dedicate 100 hours at a preapproved site (including Title I K-12 schools, youth programs, health services, social services, environmental programs, government agencies) directly serving a population in need or supporting activities that contribute to the greater good of our community. Weekly seminar, course readings, discussions and reflection assignments facilitate critical thinking and a deeper understanding of cultural diversity, citizenship and how to contribute to positive social change in our community. Provides "real-world" experiences that exercise academic skills and knowledge applicable to each student's program of study and career goals. | N                 | PRA               | Y               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation                | 3     | L & C           | Prerequisite(s): ENG 102,105 or 108 with C or better; 45 minimum hours |

| USL     | 496         | Service-Learning Capstone                  | Graded internship that allows students to integrate coursework with a hands-on service-learning experience. Applies theory from service-learning pedagogy and educational studies to real-world application and academic success. Provides field experience for students to exercise academic knowledge and skills applicable to career experience and program studies. Students must (a) successfully assess a community need in education that correlates to current research and (b) collectively plan a sustainable service project that benefits high-needs children. The student-directed service project addresses social justice issues in education related to corresponding research.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation                | 3     |                 | Prerequisite(s): USL 402 or 410  |
| USL     | 497         | Service-Learning Capstone Project          | Graded internship that allows students to integrate coursework with a hands-on service-learning experience. Implements a sustainable service project addressing social justice issues in education. Student-directed project corresponds to research and planning completed during the previous semester. Provides field experiences for students to implement academic knowledge and skills acquired through the Educational Studies program and to create realistic solutions to national and local community issues that impact student achievement.  | N                 | PRA               | N               | GNA           | MaryLouFulton Teachers College | Division of Teacher Preparation                | 3     |                 | Prerequisite(s): USL 496   |

| WPC     | 196         | WPC Domestic Exchange Placeholder        | Reserved for undergraduate participants in a W.P. Carey Domestic Exchange program. This placeholder course remains on the student's academic record until the student's record is updated by WPC following the completion of the student's domestic exchange program. This course is then dropped and replaced with the ASU course(s), credit(s), and grade(s) equivalent to the coursework completed during the domestic exchange program. Students must register for at least the number of credits equivalent to full-time study at ASU (i.e., 12 hours during the fall and spring semesters, or 1-6 hours during the summer session). NOTE: This placeholder course is not an indication of the level of coursework or the total number of credits the student may complete during the domestic exchange program. Acceptance to an WPC Domestic Exchange program is required.   | N                 | LEC               | N               | OPT           | W.P. | WPC     | 470         | Business Administration Capstone         | Develops a general manager's or business owner's perspective on how organizations can create value. Creating long-run value by repeatedly producing goods and services that customers buy at prices that cover the costs of producing them is the key to success for business organizations. The starting point for thinking about how an organization might create value and gain sustainable competitive advantage is analyzing current and future environments to understand threats and opportunities in various institutional settings around the world. Evaluates the impact of institutional settings in different countries and ethical values on decision making. Students learn how to successfully manage relations with key stakeholders including customers, employees, suppliers of capital as well as other component goods and services, and stakeholders from various levels of government in different countries. | N                 | LEC               | N               | GNA           | W.P. | WPC     | 584         | Internship   | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | Prebusiness Office                               | 0-12  |                 |  |
| WPC     | 585         | Future Forward Leadership                              | Today organizations operate in a world that is globally and economically connected, complex and rapidly changing. Rapid technological change and start-up disrupting companies are changing the speed and nature of work. The evolving nature of work requires leaders who know how to contextualize and understand ambiguous, uncertain problems, to discover innovative and creative solutions. Future Forward Leadership develops the cognitive and leadership capabilities for this changing arena. The course builds on the knowledge gained in all of the prior courses in the MBA curriculum and applies it to ambiguous and volatile problems and issues. Team taught by faculty from across ASU and WP Carey using simulations and scenarios and hot evolving cases covering the following topics: design thinking, improvisation, super-flexibility, uncertainty, sense-making, execution through experimentation and recalibration. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | Prebusiness Office                               | 2.5   |                 | Prerequisite(s): W.P. Carey MBA major  |
| WPC     | 591         | Seminar  | A small class emphasizing discussion, presentations by students and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. | WST     | 313         | Women and Sexuality   | Explores U.S. women's sexuality in social context, including how women's sexuality is portrayed in popular media, medicine and education; how girls learn to think about sexuality; and how public policies address women's sexuality.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & C          | Prerequisite(s): WST 100 (or WST 300) or minimum 30 hours   |
| WST     | 318         | African and African Diaspora Women Writers                    | An in-depth study of themes such as race, class, gender, and ethnicity in the creative fiction of black women writers of African descent in the United States, the Caribbean, and Africa.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | HU & G          | Prerequisite(s): AFR 200 (or AFS 200) or WST 100 or WST 300 or minimum 45 hours; Credit allowed only for AFR 318 (or AFH 318) or WST 318  |
| WST     | 320         | Gender, Drugs and Alcohol                                     | Drug and alcohol use have multiple and diverse meanings shaped by their historical, social and cultural context. Examines how and why alcohol and drug use have been identified as social problems and the role of gender in shaping this process. Reviews multiple social and cultural aspects of gender, drug and alcohol use, as well as the emergence of gender-based health disparities within this context. Fulfills a science and society requirement. Basic scientific principles such as the formulation of research questions, data collection and analysis, have been used to develop our understanding of gender, drugs and alcohol. How society influences the nature of those questions, the perceived value attached to particular scientific studies over others, and how to critically evaluate law and policy around drugs and alcohol in light of those studies. | N                 | LEC               | N               | GNA           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     |                 | Prerequisite(s): WST 100 or WST 300 or minimum 30 hours; Credit is allowed for only WST 320 or WST 394 (Gender, Drugs and Alcohol)  |

| WST     | 341         | Latin American Women Writers                            | In the 20th and 21st centuries, Latin America has seen a proliferation of literature published by women authors. While this explosion of the written word owes in part to changing socioeconomic factors and the opening of the international markets, Latin American women's literary history is often ignored in the canon. Examines the concepts of feminism through a Mexican framework, starting from the point of view of Mexican women theorizing about their own. This is not a history of feminism, but it does aim to highlight certain fundamental texts and key concepts of Mexico's history from the position of women writers, including feminism's critique of social structures beyond the bounds of gender relations. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only LAS 340 or WST 341  |
| WST     | 345         | Gender, Religion, and Global Violence                   | In-depth study of forms of gendered violence in which religion plays a key role in either the practice or perpetuation of that form of violence in a myriad of cultures and contexts. Analyzes current responses and proposes new approaches to combating or redefining these forms of violence, emphasizing the need to understand and respect the religious and cultural contexts in which these actions occur.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & G          | Pre-requisites: WST 100, 300 or minimum 30 hours   |
| WST     | 360         | Women as Healers  | Advanced examination of the role of women as caregivers, healers, physicians, midwives, and nurses in different cultures and historical periods.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & G          | Prerequisite(s): WST 100 (or WST 300) or minimum 30 hours  |
| WST     | 364         | Unruly Voices: Black Women and Cultural Narratives      | In-depth study of African American women writers and how they (re)define female identities and engage a critical cross-cultural dialogue within the context of cultural history in the United States.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | HU & C          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 earned hours; Credit is allowed for only AFR 365 (or AFH364) or WST 364  |
| WST     | 365         | Women and International Health                          | Advanced study of gender-based disparities and global health, including impact of poverty, gender discrimination, political economy, and culture.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | G               | Prerequisite(s): WST 100 (or WST 300) or minimum 30 hours  |
| WST     | 370         | Chronicling Women's Lives                               | Explores the lives of a selected group of American women as a point of departure for the chronicling of contemporary women's lives.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & C          | Prerequisite(s): WST 100 or 300 with C or better   |
| WST     | 371         | Sex and the City: Women, Sexuality, and Popular Culture | An in-depth study of the changing media representations of young, sexually autonomous women in the city.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | HU & C          | Prerequisite(s): WST 100 (or WST 300) or minimum 30 hours  |

| WST     | 440         | Politics of Women's Health                    | In-depth and interdisciplinary exploration of how women's social, cultural, and economic position affect their health and health care.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & C          | Pre-requisite: WST 100 or WST 300 or minimum 45 hours  |
| WST     | 444         | Gender, Health, and Bodies                    | Explores gender and health from a feminist perspective, including critical analyses of medicine, science, and popular culture.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB              | Prerequisite(s): WST 100 or 300 with C or better; Credit is allowed for only MAS 598 (Gender, Health, and Bodies) or WST 444   |
| WST     | 447         | Gender, Culture, and Development              | In-depth analysis of gender roles related to health, family, work, education and politics in developing countries.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | (L or SB) & G   | Prerequisite(s): WST 100 or 300 or minimum 45 hours; Credit is allowed for only SGS 454 or SOS 447 or TCL 447 or WST 447 or TCL 598 (Gender, Culture & Development)  |
| WST     | 449         | Hate Speech, Manifestos, and Radical Writings | Examines writings, speeches and texts that provoke radical or even revolutionary social change. At its core, this course asks: What is the radical and what does it do? How do radical writings function as texts, speech acts, inspirational documents, testimonies, accounts of madness, frightening moments, calls to arms, peacekeeping entities or speaking truth to power? Examines injurious speech and provocative writings that span a range of social movements and topics, including radical feminism, radical queer, Black power, indigenous rights, art and performance, anti-technology, animal rights, violence, madness and revolutionary resistance.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): minimum 35 hours; minimum 2.50 GPA; Credit is allowed for only AMS 449 or ETH 449 or WST 449 or WST 394 (Hate Speech and Manifestos)  |
| WST     | 457         | Women, Cultures, and Societies                | Examines issues such as poverty, dependency, interdependency, race, class, and gender in different societies of the world.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & G          | Prerequisite(s): WST 100 or 300 with C or better   |
| WST     | 460         | Women and the Body                            | In-depth analysis of the cultural construction of the gendered body and societal prescriptions about beauty, body image, and size.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & C          | Pre-requisite: WST 100 or WST 300 or minimum 45 hours  |
| WST     | 467         | Ethnic Women Writers                          | Concentrates on selected women writers of the U.S. who are Native American, African American, Latina, and Asian-American.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & C          | Prerequisite(s): WST 100 (or WST 300) with C or better; Credit is allowed for only ENG 460 or WST 467  |
| WST     | 469         | Abject Bodies and the Politics of Trash       | Examines the possibilities inherent in "theorizing from the gutter"; looking at the world not from a lofty "Ivory Tower" but from the slime, the muck, the dumpster, the trash heap, the wasteland, the discarded and the downtrodden. Takes its theoretical framework from a radical 1960s manifesto called SCUM Manifesto by Valerie Solanas and from the French feminist philosophies of Julia Kristeva, who theorized the abject as a relationship with the grotesque that reveals the deep-seated fear of death. Uses these theoretical positions to examine trash, both abstractly and literally. Works through a variety of concepts ranging from actual trash, garbage, waste, toxic sludge, pollution and dirt, and tackles more abstract notions of trash such as the knowledge produced on the fringe in circuses, amusement parks, "trailer trash" zones, freak shows and the bodies of those marked as "Other" or different. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours; Credit is allowed for only AMS 469 or ETH 469 or WST 469 or WST 494 (Trash, Freaks and SCUM) or JHR 598 (Trash, Freaks and SCUM) or MAS 598 (Trash, Freaks and SCUM) |
| WST     | 470         | Gender and Popular Culture                    | Advanced interdisciplinary examination of how gender is constructed in various popular cultural forms such as film, television, magazines, and music.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | HU & C          | Pre-requisites: WST 100 or WST 300 or minimum 45 hours   |
| WST     | 471         | Women's International Human Rights            | In-depth study of the core themes of a global movement for women's international human rights. Analyzes the historical evolution of the development of international human rights and women's rights within the United Nations and regional human rights systems.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     |                 | Prerequisite(s): WST 100 or WST 300 or minimum 45 hours. Credit is allowed for only AFR 470 (or AFS 470) or AFR 494 (or AFS 494) (Women's International Human Rights) or AFR 598 (or AFS 598) (Women's International Human Rights) or WST 471  |
| WST     | 472         | Women, Aging, and the Life Course             | Critical evaluation of issues affecting women as they age, including media messages, cultural differences, economic issues, and relationships.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).  |
| WST     | 473         | Indigenous and Latina/Chicana Representation  | Examines from an interdisciplinary perspective contemporary issues experienced by Indigenous and Chicana/Latina women in the U.S.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 45 hours; Credit is allowed for only ETH 473 or LAS 473 or WST 473   |
| WST     | 475         | Women of the Diaspora across Cultures         | Examines the socioeconomic condition, political formation, and identities of contemporary indigenous, ethnic minority, immigrant, and migrant women globally.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU              |  |
| WST     | 477         | Women and Violence                            | Critical examination of forms of violence against women globally at individual, institutional, and cultural levels.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     | SB & C          | Pre-requisites: WST 100 or WST 300 or minimum 45 hours   |
| WST     | 480         | Gender Issues in Education                    | Examines the relationship between gender and educational access and outcomes as a result of public policy in a variety of communities and settings.   | N                 | SEM               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): WST 100 or 300 with C or better   |
| WST     | 483         | Women Writers Across Cultures                 | Comparative approach to contemporary writings by women from around the world.   | N                 | SEM               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & G          | Prerequisite(s): WST 100 or 300 with C or better   |
| WST     | 484         | Internship                                    | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | GNA           | Liberal Arts and Sciences    | School of Social Transformation                  | 1-12  |                 |  |

| WST     | 501         | Foundations of Feminist Thought                 | Provides key concepts and theories that have shaped the field of women and gender studies. Also provides overview of resources for research in women's studies scholarship at ASU and prepares students to participate in the field.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only WST 501 or WST 691 (Foundations of Fem Thought) |
| WST     | 502         | Interdisciplinary Gender Research Methodologies | Describes the ways in which feminist scholars conceptualize and design their research. Explores the decisions scholars make in their research including the choice of research topics, applications of feminist theories and methodologies, the choice of methods and how and why feminist scholars have increasingly incorporated interdisciplinary methods, and what is at stake in these decisions for the research design and research outcomes.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WST     | 547         | Gender, Activism, and the Built Environment     | Explores issues of gender in the built environment. Includes traditional attitudes toward gender underlying the physical form and continuing impacts.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) ; Credit is allowed for only PUP 547 or WST 547                     |
| WST     | 580         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Liberal Arts and Sciences    | School of Social Transformation                  | 1-12  |                 |  |
| WST     | 580         | Practicum                                       | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-12  |                 |  |
| WST     | 584         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Liberal Arts and Sciences    | School of Social Transformation                  | 1-12  |                 |  |
| WST     | 590         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences    | School of Social Transformation                  | 1-12  |                 |  |
| WST     | 590         | Reading and Conference                          | Independent study in which a student meets regularly with a faculty member to discuss assignments. |---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|---------------------------|--|-------|-----------------|--|
| WST     | 615         | Masculinities  | Explores the theoretical concepts, frameworks and disciplinary and interdisciplinary approaches that have accompanied the emerging analysis of masculinity studies as a field. Interrogates the ways in which masculinities have been defined in relation to femininities and other institutionalized constructions of difference, and how these definitions have contributed to material conditions and specific socio-historical contexts in which gendered bodies are included or excluded, privileged or disadvantaged, taken for granted or contested. Considers the articulations and contestations of diverse masculinities as expressed through gender, race, sex, ethnicity, sexuality, kinship, politics, popular culture, economics, nationalism, science and medicine, and violence.  | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only WST 615 or WST 691 (Masculinities)                                |
| WST     | 620         | Advanced Feminist Theory in a Transnational Context        | Concentrates on transnational feminist theory and its intersections with queer theory, postcolonial theory, and critical race theory. Also looks at the ways in which (or indeed, whether) academic discourses have anything useful to say about the worlds in which we live. Among the questions we'll need to have constantly in our minds are: In what ways has feminist theorizing changed over time? Does transnational feminist theory challenge or even undermine previous feminist theoretical discussions or the perspectives you might be familiar with from your undergraduate days? What kinds of engagements do our authors have with theorists in other areas (queer studies, postcolonial studies, critical race theory)? Can you discern any sort of new feminist grand narrative emerging from these works? In what ways might our authors' perspectives help you conceptualize and contextualize your own work? | N                 | SEM               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only WST 620 or WST 691 (Feminist Theory) or WST 791 (Feminist Theory) |
| WST     | 640         | Visual and Narrative Culture                               | Feminist analysis of gender representations in visual and narrative culture, including film, dramatic literature, fiction, and autobiography.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | School of Social Transformation                    | 3     |                 | Pre-requisites: Degree-seeking graduate students only  |
| WST     | 684         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation                    | 1-12  |                 |  |
| WST     | 690         | Reading and Conference                                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | Liberal Arts and Sciences | School of Social Transformation                    | 1-12  |                 |  |

| WST     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Liberal Arts and Sciences | School of Social Transformation                    | 1-15  |                 |  |
| WWS     | 561         | Decision Points I  | In-depth analysis of the origins, impact and controversies over the key decisions related to the beginning and early years of World War II, with an emphasis on the contingent nature of historical events.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WWS     | 562         | Decision Points II   | In-depth analysis of the origin, impact and controversies over the key decisions related to the later years and the ending of World War II, with an emphasis on the contingent nature of historical events.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WWS     | 563         | The Lived Experience of World War II                       | Using the vast oral history collection of the National World War II Museum in New Orleans, Louisiana, this course examines how individuals experienced the war. A number of factors shaped how people experienced the war--whether one was a soldier, non-combatant, resistor or collaborator. Focuses on how ordinary people made sense of their experiences during the war. In addition, students explore the theory and practice of collecting and using oral histories.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): WWS 561; WWS 562  |
| WWS     | 564         | The Global War   | Examines the global dimensions of World War II with particular focus on those regions which have been deemphasized in Western historical discourse.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): WWS 561; WWS 562  |
| WWS     | 566         | World War II Today   | Analyzes the impact and legacy of World War II, with an emphasis on the roots of contemporary problems and issues. A global conflict that impacted millions of people, World War II fundamentally reshaped the political and cultural landscape of our planet. Explores the new global order that emerged after the end of World War II in 1945. While the war had immediate impacts in the postwar era, the legacy of the war continues to inform current conflicts across the globe and resonates in the current social and political order. This is especially apparent in how contemporary narratives situate, remember and memorialize the war. Uses themes to help us think historically and uncover the historical roots of the present order.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): WWS 561; WWS 562  |

| WWS     | 567         | World War II in Film       | Offers a comprehensive survey of how film has represented the Second World War. Using a transdisciplinary approach, studies how films from the time of the Second World War to the present have portrayed that conflict. Compares different perspectives on the causes and results of the war, as well as engage in analysis of how important issues such as international political and economic relationships, religion, gender, ethnicity, class, race, technology and the psychological effects of violence get shown in movies about World War II.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WWS     | 568         | World War II in Literature | Explores the topic of World War II across fiction, non-fiction, film and other film genres. Focus areas and topics of literature covered in the course may vary from semester to semester, depending upon instructor preference.  | N                 | LEC               | Y               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WWS     | 569         | Memory and Monuments       | Focuses on the historical memory of World War II by examining the processes of commemoration, monument building, and memorialization. Through theoretical texts and case studies, students explore how societies remember and forget and how they create collective memory.   | N                 | LEC               | N               | OPT           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| WWS     | 597         | Capstone                   | Students draw on the experiences, skills and competencies they developed throughout the WWII Studies MA program to generate a digital portfolio that showcases the breadth and depth of their MA experience. Students refine and extend work they produced in previous WWS courses and also develop reflective essays that critically assess their performance in the program, as well as essays that articulate the transferable value of the degree to potential employers or admissions committee members. Through required components in the portfolio students demonstrate competency in source analysis, comparative analysis and argumentation, as well as the ability to effectively communicate to scholarly and public audiences. | N                 | LEL               | N               | GNA           | Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): 21 hours of 500-level courses with C or better including WWS 561; WWS 562; WWS 563; WWS 566 |

| AAD     | 592         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                        | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| AAD     | 593         | Applied Project                          | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                        | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| AAD     | 594         | Conference and Workshop                  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| AAD     | 595         | Continuing Registration                  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts             | The Design School                        | 1     |                 | Herberger Institute of Design and the Arts Graduate student  |
| AAD     | 598         | Special Topics                           | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 1-4   |                 | Herberger Institute of Design and the Arts Graduate student  |
| AAD     | 599         | Thesis                                   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts             | The Design School                        | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ABS     | 130         | Introduction to Environmental Science    | Introduces the interconnected nature of Earth's hydrosphere, lithosphere (soils and rocks), atmosphere, and biosphere.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     | SQ              | Credit is allowed for only ABS 130 or BIO 130 or ENV 130   |
| ABS     | 194         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |  |
| ABS     | 207         | Applied Plant Taxonomy                   | Introduces identification of vascular plants emphasizing seed plants. Surveys seed plant families.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or BIO 282  |
| ABS     | 225         | Soils                                    | Fundamental properties of soils and their relations to plant growth, nutrition of man and animals, and environmental quality. Both ABS 225 and ABS 226 must be taken to secure General Studies SQ credit.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | SQ              | Prerequisite(s): CHM 101 or CHM 113  |
| ABS     | 226         | Soils Laboratory                         | Selected exercises to broaden the background and understanding of basic soil principles. Both ABS 225 and ABS 226 must be taken to secure General Studies SQ credit.  | N                 | LAB               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1     | SQ              | Pre- or corequisite(s): ABS 225  |
| ABS     | 260         | Fundamentals of Sustainable Horticulture | Principles and practices of horticulture, emphasizing development, growth, and propagation of horticultural plants and environmental factors that affect these processes.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     | SG              |  |
| ABS     | 270         | Sustainable Biological Systems           | Ecological foundations of sustainable biological systems, anthropogenic impacts on ecosystem structure and function, and ecological risk assessment.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 |  |
| ABS     | 271         | Veterinary Medicine Today                | Introduces the role of the veterinarian as related to the fields of food supply and veterinary medicine.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 |  |

ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                           | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| ABS     | 274         | Introduction to Wildlife Management    | Managing wildlife in the Southwest, including life histories of small game, fur bearers, big game, and selected nongame specials.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): BIO 182 (or BIO 187) or BIO 282  |
| ABS     | 294         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |   |
| ABS     | 302         | Ethical and Policy Issues in Biology   | Policy environment and ethics in the practice of biology. Covers ethical reasoning, policy formulation, and regulatory agencies with examples from biotechnology and the environment.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 2     |                 |   |
| ABS     | 311         | Molecular and Cellular Biology         | Overview of the biology of the cell; emphasizes structure and function of biomolecules within the cell and their applications associated with recombinant DNA technology, genetic engineering, plant and agriculture biotechnology, and human pharmaceutical development.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 181 or 281 with C or better  |
| ABS     | 312         | Structure and Function                 | Surveys structural and functional attributes of plant and animals of particular importance in the applied biological sciences.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282 with C or better  |
| ABS     | 314         | Applied Plant Physiology               | Understanding control of plant growth and developmental processes through innovated technologies.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282   |
| ABS     | 318         | Unseen Life on Earth                   | Develops an understanding of how microbes exist in the context of both their environment and the organisms they come in contact with. Focuses on how the microbial interactions with the environment play a vital role in the multitude of biological processes that support the Earth system. Studies a myriad of extreme environments that host microbial systems, such as cloud, hydrothermal vent, acid-mine drainage and gut microbiomes. Utilizes a synthesis-driven approach where students apply their knowledge on microbial systems to discern whether life is possible on other planets. Also pays attention to the tools used to evaluate microbial diversity and function, applications of microbial ecology, and how microbes can be harnessed to improve life on Earth. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ABS 318 or ABS 394 (Unseen Life on Earth)                   |
| ABS     | 350         | Applied Statistics                     | Statistical methods with applications in the biological sciences and natural resource management. Uses computers and the Internet.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | CS              | Prerequisite(s): one course meeting General Studies MA requirement with C or better                                       |
| ABS     | 355         | Ecology and Adaptations of Vertebrates | Evolution, classification systematics, diversity, anatomical and physiological adaptations anatomy, and physiology, specializations and conservation status of the vertebrates.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282   |
| ABS     | 360         | Southwest Home Gardening               | Multimedia course for nonmajors surveying contemporary topics in Southwest home horticulture, including landscaping, flower and vegetable gardening, citriculture, interiorscaping, and others.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 2     |                 |   |
| ABS     | 362         | Landscape Plants                       | Identification, design, and use of plants in urban landscapes.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): minimum 45 hours   |
| ABS     | 363         | Sustainable Landscape Practice         | Landscape technologies and practices including landscape design theory, job costing and bidding, sprinkler and drip irrigation design, landscape installation, landscape valuation techniques, landscape ordinances, and maintenance practices of commercial and residential landscapes.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): ABS 260  |
| ABS     | 364         | Urban Forestry                         | Care, maintenance, and valuation of the urban forest, including public and private landscape codes.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisite: ABS 260  |
| ABS     | 368         | Plant Propagation                      | Theory and application of sexual and asexual propagation techniques. Considers plant materials used both for urban horticulture and ecological restoration applications.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 |   |
| ABS     | 370         | Ecology                                | Interactions between organisms and their environments; structure and dynamics of populations, communities, ecosystems, and landscapes, with emphasis on vegetation.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282   |
| ABS     | 372         | Captive Animal Behavior Management     | Natural animal behaviors during captive animal management including wild and domestic animal training and enrichment, exhibit design, husbandry, and livestock management.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282 with C or better; Credit is allowed for only ABS 372 or ABS 394 (Applied Animal Behavior) |
| ABS     | 376         | Wildlife Ecology                       | Examines ecological principles underlying wildlife population dynamics with emphasis on physiology, genetics, nutrition, and habitat factors.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre- or corequisite(s): ABS 274; ABS 370  |
| ABS     | 377         | International Wildlife Conservation    | Studies wildlife around the world including biogeography, biodiversity, conservation topics and the complexity of conserving wildlife in both developed and developing nations.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 182 or 282; Credit is allowed for only ABS 377 or ABS 494 (International Wildlife Conservation)      |
| ABS     | 378         | Animal Nutrition                       | Principles of nutrient metabolism in animal species; emphasizes understanding the interaction of animals with their environment.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: BIO 181 or BIO 182; CHM 101 or CHM 113  |
| ABS     | 380         | Restoration and Wildlife Plants        | Important wildland plants, including invasive and endangered species, wildlife food species, and species used for ecosystem restoration.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisite: ABS 207  |
| ABS     | 381         | Natural Resources Policy               | Policies and regulations affecting management of natural resources, with emphases on wildlife and ecological restoration.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours   |
| ABS     | 384         | Natural Resources Measurements         | Inventory, sampling and monitoring techniques of natural resources. Data evaluation and interpretation as related to management, restoration and conservation needs of natural resources.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours   |
| ABS     | 394         | Special Topics                         | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |   |
| ABS     | 401         | Intermediate Statistics                | Analysis of variance, multiple comparisons, multiple regression.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 |   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                            | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements   |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| ABS     | 414         | Plant Pathology                         | Identification and control of biotic and abiotic factors that cause common disease problems to plants.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): BIO 181 with C or better; BIO 182 or PLB 200 with C or better OR BIO 281 with C or better; BIO 282 with C or better       |
| ABS     | 425         | Soil Classification and Management      | Principles of soil genesis, morphology, and classification. Presents management and conservation practices.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 225   |
| ABS     | 430         | Watershed Management                    | Hydrologic, physical, biological, and ecological principles applied to watershed management. Impact of ecosystem manipulations on water yield and quality.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours  |
| ABS     | 434         | Soil Ecology                            | Soils viewed in an ecosystem context, soil-plant relationships, nutrient budgets, and abiotic factors that influence soil processes.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: ABS 370 or BIO 320; Credit is allowed for only ABS 434 or BIO 418  |
| ABS     | 435         | Applied Systems Ecology                 | Simulation modeling as a tool to study ecological processes and human impact on ecosystems and organisms.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisites: ABS 370, ABS 350 (or STP 420)  |
| ABS     | 440         | Ecological Restoration Techniques       | Techniques for ecological restoration, riparian and wetland restoration, and monitoring restoration success.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 370   |
| ABS     | 441         | Ecological Restoration Practicum        | Field experience in the evaluation and monitoring of implemented ecological restoration projects.   | N                 | LEL               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1     |                 | Pre/Co-requisite: ABS 440  |
| ABS     | 452         | Commercial Applications of Fermentation | Biochemical applications and technologies of fermentation including use of fungi and bacteria in fermentation to improve human health and immunity, and produce pharmaceutical drug supplements and medicines, foods, beverages, and alternative fuels.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): BIO 181 or 281 with C or better; Credit is allowed for only ABS 452 or ABS 494 (Commercial Applications of Fermentation)  |
| ABS     | 460         | Organic Gardening                       | Applies principles and practices of organic gardening in the low desert, including environmental impacts of modern food production.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 2     |                 |  |
| ABS     | 462         | Greenhouse/Nursery Management           | Greenhouse structures, environment, and nursery operations. Includes irrigation, nutrition, and other principles relative to production of nursery crops.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Pre-requisite: ABS 260   |
| ABS     | 463         | Golf and Sports Turf Management         | Selection, establishment, and maintenance of turf grasses bred specifically for golf and sports facilities.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisite: ABS 260   |
| ABS     | 464         | Desert Horticulture                     | Students learn about and practice the principles of sustainable horticulture in an arid climate. Includes capstone projects on sustainability issues related to horticultural practice in arid environments.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 260; Credit is allowed for only ABS 464 or ABS 494 (Sustainable Desert Horticulture) or ABS 498 (Desert Horticulture) |
| ABS     | 467         | Comparative Immunology                  | Examines unique but also shared immunological characteristics of animals with the goal of understanding how different animals respond to microorganisms such as viruses, bacteria, fungi and parasites. Presentation of material is guided by hierarchy of structural organization, using molecules, organelles, cells, tissues, organs, organ systems, whole animals and even ecosystems and the environment to convey important concepts related to our relationships with pathogens. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ABS 467 or ABS 394 (Comparative Immunology)                                  |
| ABS     | 470         | Life History of Mammals                 | Evolution, classification, environmental, anatomical and physiological adaptations, ecology, and conservation of mammals worldwide. Emphasis on the identification, habitat relationships, conservation, and management techniques of Arizona and select North American mammals.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 355 or BIO 370  |
| ABS     | 472         | Applied Herpetology                     | Systematics, evolution, ecology and life history of amphibians and reptiles emphasizing wildlife management methodologies.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisite: ABS 355 or BIO 370; Credit is allowed for only ABS 472 or 498 (Applied Herpetology)   |
| ABS     | 473         | Applied Ornithology                     | Evolution, ecology, classification and life history of birds, emphasizing wildlife management methodologies.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 355 or BIO 370; Credit is allowed for only ABS 473 or ABS 494 (Applied Ornithology)                                   |
| ABS     | 474         | Riparian Ecosystem Management           | Management principles of riparian ecosystems based on fluvial geomorphological and ecological concepts. Discusses human impacts to riparian ecosystems.   | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours  |
| ABS     | 475         | Habitat Management for Small Wildlife   | Habitat management considerations and practices for small game and nongame wildlife species in North America.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 370 or BIO 320  |
| ABS     | 476         | Big Game Habitat Management             | Habitat management considerations and practices for big game wildlife species in North America.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 370 or BIO 320  |
| ABS     | 479         | Ecosystem Management and Planning       | Principles of ecosystem management, with emphasis on economic and policy constraints on the planning process. Risk assessment and management.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     | L               | Prerequisite(s): minimum senior standing   |
| ABS     | 481         | Riparian and Wetland Restoration        | Principles and problems in the restoration of degraded riparian and wetland ecosystems. Construction of wetlands.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 370   |
| ABS     | 482         | Ecology and Planning for Restoration    | Ecological principles and resource planning processes applied to the restoration of degraded landscapes.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): ABS 225   |
| ABS     | 483         | Restoration Planning Practicum          | Field experience in ecological restoration techniques, selection of mitigation techniques, and implementation planning.   | N                 | LEL               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 2     |                 | Pre- or corequisite(s): ABS 482  |
| ABS     | 484         | Internship                              | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 |  |
| ABS     | 485         | GIS in Natural Resources                | Principles of Geographic Information Systems (GIS) utilized in natural resource management. Use of computers for spatial analysis of natural resources.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): minimum 45 hours  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                              | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                               | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| ABS     | 486         | Introduction to Remote Sensing            | Remote sensing is an important source of environmental information that can support a deeper understanding of trends and clarify management strategies in a wide range of ecological application. Focuses on the application of satellite and aerial/drone remote sensing in environmental science and management. With this basic background, course participants use remote sensing data to make spatial decision. Presents the concepts of biodiversity and wildlife management parallel to the remote sensing information. Image processing instruction and exercises begin with an analysis of digital imagery and proceed through the three broad classes of processing techniques: preprocessing, enhancement and information extraction. | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ABS 486 or ABS 598 (Integration of Remote Sensing) or ABS 598 (Introduction to Remote Sensing)                            |
| ABS     | 489         | Undergraduate Research                    | Undergraduate research under the supervision of an applied biological sciences faculty member.   | N                 | RSC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-3   |                 | Pre-requisite: Junior or Senior standing  |
| ABS     | 490         | Applied Biological Sciences Seminar       | Current literature and significant developments related to applications of the biological sciences. May be repeated for credit.  | N                 | SEM               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1     |                 | Pre-requisite: Senior standing  |
| ABS     | 492         | Honors Directed Study                     | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| ABS     | 493         | Honors Thesis                             | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| ABS     | 494         | Special Topics                            | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 |   |
| ABS     | 498         | Pro-Seminar                               | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-7   |                 | Prerequisite(s): minimum 45 hours   |
| ABS     | 499         | Individualized Instruction                | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-3   |                 |   |
| ABS     | 500         | Research Methods                          | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 |   |
| ABS     | 541         | Advanced Rangeland Ecosystem Management   | Combines the principles of ecology, planning and restoration in the application of rangeland ecosystem management. Studies fundamental topics such as range plant physiology, range plant ecology, rangeland stocking-rates and grazing systems in considering management practices for rangeland ecosystems.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Pre-requisite: Degree-or non-degree seeking graduate; Credit is allowed for only ERM 541 or ABS 598 (Adv Rangeland Ecosystem Management)  |
| ABS     | 542         | Management of Fire Adapted Ecosystems     | Fire adapted ecosystems which evolved with high-frequency and low-intensity fires now support a range of regimes from no fire to uncharacteristically large and intense fires, causing a concern about the current and future role of wildland fire as well as forest and rangeland health. Explores management considerations and techniques for reintroducing fire to these ecosystems.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate; Credit is allowed for only ABS 598 (Fire Ecology), or ERM 542   |
| ABS     | 550         | Vegetation Dynamics                       | Dynamics of vegetation linking physiological, population, and community ecology. Collection and analysis of vegetation data.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 551         | Advanced Environmental Analysis           | Advanced statistical procedures and experimental design for the biological sciences. Techniques for analyzing data that do not meet statistical assumptions.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 553         | Riparian Ecology                          | Review of recent literature, developments, and methods related to riparian ecology. Applies soil and landscape ecology to riparian systems.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 555         | Wildlife Dynamics                         | Explores major concepts in population and community ecology with an emphasis on their application to the study and management of wildlife species. Explores the theory and sometimes controversial nature of these concepts in the form of lectures and discussions. Instructor and student workshops and oral presentations of student research.  | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ABS 555 (or ERM 550) or ABS 598 (Wildlife Dynamics) or ETM 598 (Wildlife Population Ecology) |
| ABS     | 560         | Ecological Modeling                       | Mathematical modeling of animal populations, food-web structural and ecological processes in space and time. May use modeling tools on computer clusters.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 3     |                 | Pre-requisite: Graduate (Degree and non-degree) students; Credit is allowed for only ABS, BIO 560 or MAT 561  |
| ABS     | 570         | Advanced Animal Nutrition                 | Metabolic and physiological interactions of nutrients in wild and domesticated animals consuming natural feeds.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 586         | Remote Sensing in Environmental Resources | Principles and application of remote sensing technologies in natural resource management using computerized data from aerial photography and satellite imagery.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 590         | Reading and Conference                    | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 591         | Seminar                                   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| ABS     | 592         | Research                                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 593         | Applied Project                              | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 594         | Conference and Workshop                      | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 595         | Continuing Registration                      | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 598         | Special Topics                               | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 599         | Thesis                                       | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ABS     | 691         | Seminar                                      | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ACC     | 101         | Accountancy LEAP Program                     | The Leadership, Ethics, Accountability & Professionalism (LEAP) program aims to ensure a successful transition from high school to college and, ultimately, one's career. Based on the hallmarks of the accounting profession, provides the tools, resources, and expectations to succeed at ASU, W.P. Carey School of Business and the School of Accountancy.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 1     |                 |   |
| ACC     | 191         | First-Year Seminar                           | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 1-3   |                 |   |
| ACC     | 194         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 1-4   |                 |   |
| ACC     | 231         | Uses of Accounting Information I             | Introduces the uses of accounting information focusing on the evolution of the business cycle and how accounting information is used for internal and external purposes.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 3     |                 | Prerequisite(s): CIS 105 or 236 with C or better; minimum 25 hours OR Technological Entrepreneurship Management major: EDT 180; minimum 25 hours OR Pre- or corequisite(s): Engineering Management major: CSE 205; minimum 25 hours |
| ACC     | 232         | Financial Accounting I                       | Develops an understanding of the theory, concepts, principles and practices underlying preparation, interpretation, and use of external financial reports. Emphasizes interpreting the economic substance of events and transactions and their association with contemporaneous and prospective events, relationships, and outcomes. Gains understanding of the accounting information model and develops an ability to analyze and record business transactions and analyze basic financial statements. Meant for prospective accounting and finance majors (and students who plan current majors in these areas) and develops skills and abilities facilitating success in higher-level accounting courses. | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 3     |                 | Prerequisite(s): Accountancy or Finance majors; CIS 105, 220 or 236 with C or better  |
| ACC     | 241         | Uses of Accounting Information II            | Introduces the uses of accounting information focusing on the evolution of the business cycle and how accounting information is used for internal and external purposes.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 3     |                 | Prerequisite(s): ACC 231, 261, or 303 with C or better  |
| ACC     | 242         | Managerial Accounting I                      | Develops an understanding of the theory, concepts, principles, and practices underlying managerial accounting. Emphasizes three functions managers must perform within their organizations: plan operations, control activities, and make decisions. Explains what accounting information is necessary, how to collect it, and how to interpret it. Meant for prospective accounting and finance majors and students who plan current majors in these areas and develop skills and abilities facilitating success in higher-level accounting courses.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 3     |                 | Prerequisite(s): W. P. Carey Accountancy and Finance majors, and others with School of Accountancy approval; ACC 231, 232, 261, or 303 with C or better   |
| ACC     | 261         | Honors Fundamentals of Financial Accounting  | Covers basic financial accounting concepts and applications. Develops an understanding of the environment in which financial reporting choices are made.  | N                 | LEC               | N               | OPT           | W.P. Carey School of Business            | School of Accountancy                    | 3     |                 | Prerequisite(s): W. P. Carey School of Business Honors student; CIS 105 or CIS 220 or CIS 236 with C or better  |
| ACC     | 271         | Honors Fundamentals of Managerial Accounting | Covers basic managerial accounting concepts and applications.   | N                 | LEC               | N               | OPT           | W.P. | ACC     | 499         | Individualized Instruction                                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | RSC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy | 1-3   |                 | Pre-requisite: Accountancy BS student   |
| ACC     | 501         | Basics of Financial Performance Reporting and Analysis          | Covers contemporary financial accounting and reporting systems; emphasizes the interpretation and evaluation of a company's external financial reports. Designed for students with limited business experience and without an undergraduate business degree.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 1.5   |                 | Prerequisite(s): ASU degree-seeking graduate student  |
| ACC     | 502         | Financial Performance Reporting and Analysis                    | Contemporary financial accounting and reporting systems; emphasizes the interpretation and evaluation of a company's external financial reports.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 1-4   |                 | Prerequisite(s): MBA degree program student   |
| ACC     | 503         | Internal Measures of Success: Managerial Accounting             | Managerial accounting concepts and procedures for internal reporting applied to the decision making activities of the professional managers.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 1-4   |                 | Prerequisite(s): MBA degree program student   |
| ACC     | 504         | Basics of Internal Measures of Success: Managerial Accounting   | Covers managerial accounting concepts and procedures for internal reporting applied to the decision-making activities of the professional managers. Designed for students with limited business experience and without an undergraduate business degree.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 1.5   |                 | Prerequisite(s): ASU degree-seeking graduate student; Pre- or corequisite(s): ACC 501 with C or better if completed   |
| ACC     | 507         | Innovations with Auditing Technologies                          | Focuses on understanding the role of technology-related innovations on audits and auditing performance. Looks at both capturing data from recent innovations in technologies for audit applications (e.g., IoT) as well as examining the roles of these recent technology innovations for audit performance (e.g., cognitive computing).   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 3     |                 | Prerequisite(s): Master of Accountancy student  |
| ACC     | 508         | Generating Audit Analytics Using Accounting Information Systems | Addresses the emerging roles of accounting analytics in accounting, auditing and tax contexts. Technological advances have allowed the capture and economic storage of massive accounting and business data and the focus of this class is how to productively gather and apply big data to a variety of accounting, auditing and tax-related contexts. Focuses on understanding the data within major accounting information systems and generating meaningful audit and/or tax analytics from the data. Critical to this is a deep understanding of accounting flows, processes and controls in order to understand and build meaningful audit-centric and/or tax-centric analytics.   | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 3     |                 | Prerequisite(s): Master of Accountancy student  |
| ACC     | 509         | Statistics for Accounting Analytics                             | Addresses theories of probability and uncertainty through the use of statistics including descriptive, predictive and prescriptive analyses as well as regression and other models to support audit decisions and conclusions. This heavily quantitative course starts with a realization that probability and uncertainty can be alleviated (or compounded) with different statistical decision making and so starts with theories of probability and uncertainty to properly understand these concepts. Once these concepts are grounded, this class focuses on data, techniques and technologies that can aid in appropriate decision making with accounting. Emphasizes formulating real-world models--driven by descriptive, predictive and prescriptive statistics--to represent complex real-world accounting decision problems and on using a variety of tools to gain better insight into properly addressing these problems. | N                 | LEC               | N               | GNA           | W.P. Carey School of Business | School of Accountancy | 3     |                 | Prerequisite(s): Master of Accountancy student  |
| ACC     | 511         | Taxes and Business Strategy                                     | Economic implications of selected management decisions involving application of federal income tax laws. Recognition of tax hazards and tax savings.   | N                 | LEC               | N               | OPT           | W.P. Carey School of Business | School of Accountancy | 1-4   |                 | Pre-requisite: Specific Business Graduate majors  |

| ACC     | 588         | Professional Accounting Research                                    | Applies the technical knowledge of accounting theory and principles developed in other academic courses through the use of "real life" case studies, where such knowledge and professional judgment is applied in resolving advanced accounting problems and issues.  | N                 | RSC               | N               | OPT           | W.P. Carey School of Business | School of Accountancy | 3     |                 | Pre-requisite: W. P. Carey Master of Accountancy student   |
| ACC     | 589         | Multijurisdictional Tax II  | Addresses the U.S. taxation of U.S. individuals and businesses that do business outside the U.S. as well as the U.S. taxation of foreign persons and tax treaties, allocation of income, foreign tax credits, and transfer pricing. Emphasizes planning related to some of the tax issues that commonly arise in cross-border businesses.   | N                 | RSC               | N               | OPT           | W.P. Carey School of Business | School of Accountancy | 3     |                 | Pre-requisite: W. P. Carey Master of Taxation student  |
| ACC     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Pre-requisite: Specific Business Graduate majors   |
| ACC     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Pre-requisite: Specific Business Graduate majors   |
| ACC     | 594         | Conference and Workshop   | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | W.P. Carey School of Business | School of Accountancy | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy | 1-4   |                 | Pre-requisite: Specific Business Graduate majors   |
| ACC     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-------------------------------|---|-------|-----------------|--|
| ACC     | 692         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 695         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | W.P. Carey School of Business | School of Accountancy                       | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 700         | Research Methods                                 | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 790         | Reading and Conference                           | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | W.P. Carey School of Business | School of Accountancy                       | 1-12  |                 | Pre-requisite: Business Administration (Accountancy) PHD student   |
| ACC     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy                       | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 793         | Applied Project                                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | W.P. Carey School of Business | School of Accountancy                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 795         | Continuing Registration                          | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | W.P. Carey School of Business | School of Accountancy                       | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACC     | 799         | Dissertation                                     | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | W.P. Carey School of Business | School of Accountancy                       | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACO     | 100         | All About Data: Design, Query, and Visualization | Data modeling and design, spreadsheets, relational databases and querying, visualization and XML.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     | CS              |  |
| ACO     | 101         | Introduction to Computer Science                 | Concepts of problem solving, structured and object-oriented programming in Java, fundamental algorithms, computer system concepts. Social and ethical responsibilities.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     | CS              | Prerequisite(s): MAT 117 or higher with C or better, or Mathematics Placement Test with a score of 50% or higher, or ALEKS score of 61 or higher; Corequisite(s): MAT 170 or higher                      |
| ACO     | 102         | Object-Oriented Programming                      | Object-oriented programming using introductory algorithms and data structures. Overview of concepts in computer science.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     | CS              | Prerequisite(s): ACO 101 with C or better. Credit is allowed for only ACO 102 or CSE 205 or CST 200  |
| ACO     | 201         | Data Structures and Algorithms                   | Static and dynamic data structures, recursive and iterative sorting and searching, object-oriented design and programming, software design models and implementation/testing strategies, professional responsibilities.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     | CS              | Prerequisite(s): ACO 102 with C or better; MAT 210 or higher with C or better  |
| ACO     | 240         | Introduction to Programming Languages            | Introduces the procedural, object-oriented, functional and declarative languages.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 102 with C or better OR CSE 205 with C or better OR GIS major with GIS 222 with C or better OR Software Engineering graduate student; Credit is allowed for only ACO 240 or CSE 240 |
| ACO     | 320         | Database Systems                                 | Entity-relationship and relational data models. Database design theory. Relational algebra, calculus and SQL query languages. Query optimization. XML fundamentals. Transactions, recovery and concurrency control.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 201; MAT 243 or 300; Credit is allowed for only ACO 220 or ACO 320 or CSE 412 or IFT 433 (or CST 433) or SER 322  |
| ACO     | 321         | Database Development & Applications              | Stored procedures and triggers. Security and authorization. Call-level interface. Database Web applications. Advanced topics.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 with C or better; Credit is allowed for only ACO 321 or CSE 414 or IFT 458  |
| ACO     | 330         | Computer Networks                                | Network architecture and protocols, principles of network applications, socket programming, flow and congestion control, switching and routing, link-layer technologies, traffic capture and analysis, security.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 201 or CIS 325; Credit is allowed for only ACO 330 or CSE 434   |
| ACO     | 331         | Network Design                                   | Fundamental network design principles, internetworking design, network architectures, network management, traffic analysis, security management, case study and hands-on experiments.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 330 with C or better  |
| ACO     | 350         | Systems Programming                              | Introduces operating systems as resource managers, processes, threads, memory allocation, file systems, protection, system calls, application program interfaces.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     | CS              | Prerequisite(s): ACO 201 with C or better; Credit is allowed for only ACO 350 or CSE 330   |
| ACO     | 351         | Governance, Risk and Compliance                  | Broad requirements for effective cybersecurity governance, the elements required to develop an appropriate governance strategy, and the actions required to implement it.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences  | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 201 or CIS 235 with C or better   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                                  | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|------------------------------|---|-------|-----------------|---|
| ACO     | 361         | Secure Coding Concepts                                | Secure software development process including designing secure applications, writing secure code that can withstand attacks, and security testing and auditing. Focuses on the security issues a developer faces, common security vulnerabilities and flaws, and security threats. Explains security principles, strategies, coding techniques and tools that can help make code more resistant to attacks. Students write and analyze code that demonstrates specific security development techniques. | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 201, ACO 240, or CIS 325 with C or better  |
| ACO     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| ACO     | 399         | Supervised Research                                   | Experience within the context of current faculty research projects. Student is assigned responsibility depending on qualifications.   | N                 | RSC               | Y               | YGB           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-3   |                 | Prerequisite(s): ACO 102; minimum 30 hours  |
| ACO     | 401         | Managing Cyber Risks in Enterprise Business Processes | Covers the activities, decisions, risks and controls associated with enterprise business processes. Specific focus on the activities in the sales-to-cash (revenue cycle) and purchase-to-pay (expenditure cycle) processes. Students understand how IT enables performing those processes more efficiently and effectively. In addition to identifying internal controls necessary for accurate, complete performance of processes, also covers the fundamentals of cybersecurity.                     | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 or CIS 235 or CIS 236 or CSE 310 or IEE 305 with C or better; Credit is allowed for only ACC 444 or ACO 401 or CIS 401 |
| ACO     | 402         | Privacy, Ethics and Compliance Issues                 | Covers the activities, mechanisms and challenges associated with implementing the principles of privacy into corporate structures. Also provides an overview of the privacy regulatory landscapes as well as emerging challenges with privacy. Specific focus areas include the Generally Accepted Privacy Principles framework and the implementation of privacy controls via the use of process and technology.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 401, CIS 401, or CSE 465 with C or better; Credit is allowed for only ACO 402 or CIS 402                                   |
| ACO     | 420         | Big Data Systems                                      | Modern technologies to manage, process and analyze big data. Data processing of large data sets with Map/Reduce. NoSQL data stores. NewSQL databases. Data visualization. Applications.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 with C or better   |
| ACO     | 421         | Data Mining and Warehousing                           | Introduces data mining from a database perspective, including classification, clustering, and association rules. Data warehousing methodologies.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 with C or better; STP 226 or 281 with C or better  |
| ACO     | 422         | XML and Databases                                     | XML data model, schema specification and validation, querying, storage, indexing, and current research topics.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 with C or better   |
| ACO     | 423         | Data Science  | Computational and machine learning methods to extract insights from data: data collection, data cleaning and transformation, exploratory data analysis, data visualization, and machine learning (supervised and unsupervised) algorithms.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 320 with C or better; STP 226 or 281 with C or better  |
| ACO     | 430         | Wireless Networks                                     | Wireless transmission fundamentals, wireless LAN, cellular networks and systems, Bluetooth, mobile application development, sensor networks, performance analysis and recent advances.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 330  |
| ACO     | 431         | Network Security                                      | Digital threats and attacks, cryptography, confidentiality, authentication protocols, message integrity, security in network applications, intrusion detection, malicious software countermeasures, firewalls.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 330  |
| ACO     | 432         | Distributed Systems                                   | Distributed system models, distributed programming technique, clock synchronization, distributed snapshot, distributed mutual exclusion, concurrency control, fault tolerance, security, recent advances.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 330  |
| ACO     | 461         | Security Operations                                   | How organizations monitor and manage the security of their infrastructures in the real world. Explains architecture principles, the use of monitoring tools and technologies, how to interpret different security data sources, as well as how to identify and respond to various security threats within a complex infrastructure. Requires students to utilize security toolsets within a laboratory setting to demonstrate their understanding of the technologies as well as course concepts.       | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): ACO 330  |
| ACO     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | IND               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-12  |                 |   |
| ACO     | 486         | Peer Mentoring in STEM                                | Advanced students learn and apply mentoring skills in science classes or teaching labs.   | Y                 | SEM               | Y               | YGB           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ACO 486 or BIO 486 or LSC 486 or MAT 486 or PTX 486 or STP 486                    |
| ACO     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | IND               | Y               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| ACO     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | IND               | N               | Z1            | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| ACO     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-4   |                 |   |
| ACO     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | IND               | Y               | OPT           | New Interdis Arts & Sciences | School of Mathematical and Natural Sciences | 1-7   | L               |   |

ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                      | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ACO     | 499         | Individualized Instruction                                   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | IND               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-3   |                 |  |
| ACO     | 500         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 590         | Reading and Conference                                       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 594         | Conference and Workshop                                      | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 595         | Continuing Registration                                      | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACO     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                       |
| ACT     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 |  |
| ACT     | 201         | Introduction to Elements and Techniques of Actuarial Science | Introduces important aspects of actuarial work. Exposes the development of actuarial techniques in the context of life insurance, casualty and property insurance, superannuation and investment. Develops problem-solving skills and gives basic tools for risk management and financial modeling, including the use of Excel spreadsheets for both, calculations and simulations. Shows how studies in related disciplines (such as accounting, demography, economics, statistics, computing and mathematics) are essential to the education of an actuary. Guest speakers from the industry share their knowledge and insight on how to become a successful actuary.       | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): CIS 105 with B or better; MAT 270 with B or better                                  |
| ACT     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 |  |
| ACT     | 301         | Risk Management and Insurance                                | Provides an introduction to the different types of risks faced by individuals, businesses and society along with ways in which they make an assessment of, control and transfer of different types of risks including property risk, liability risk, personal risks and speculative risks such as financial risks. Covers risk management techniques including risk control and risk financing with a focus on insurance policies, and also presents other major topics in personal financial planning, social insurance, insurance operations and regulations, and reinsurance. Also gives attention to contemporary issues and challenges in risk management and insurance. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     | SB              | Prerequisite(s): MAT 210, 265, or 270 with C or better; ECN 211 or 212; ECN 221, STP 226, or STP 420 |
| ACT     | 302         | Fundamentals of Enterprise Risk Management                   | Examines in detail the Enterprise Risk Management (ERM) as a decision support system that helps organizations understand risk and assure the achievement of their goals. Provides understanding of what risk is and what an ERM process looks like for organizations, including some common challenges and pitfalls of institutionalizing an ERM culture.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 301   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                         | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                      | Units | General Studies | Requirements   |
|---------|-------------|--------------------------------------|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ACT     | 310         | Mathematics of Finance               | Prepares potential actuaries to master national exams. Provides an understanding of the fundamental concepts of financial mathematics and how those concepts are applied in calculating present and accumulated values for various streams of cash flows as a basis for future use in: reserving, valuation, pricing, asset/liability management, investment income, capital budgeting and valuing contingent cash flows. Topics include: mathematics of compound interest including annuities certain, amortization schedules, yields curves, sinking funds and bonds. Gives an introduction to financial instruments including derivatives and the concept of no-arbitrage as it relates to financial mathematics. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 4     |                 | Prerequisite(s): ACT 201 with B or better; MAT 270 with B or better; Credit is allowed for only ACT 310 or ACT 510 or MAT 340                |
| ACT     | 320         | Property and Casualty Insurance      | Examines the fundamental principles and uses of property and casualty insurance. Also includes detailed examination of contracts, rating, underwriting, regulation and financial strength of insurers. In particular, devotes attention to the role of property and casualty insurance in addressing the economic and social problems encountered by businesses. Furthermore, also assists in the preparation to take the State of Arizona's Department of Insurance Property & Casualty exam.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 301   |
| ACT     | 330         | Life and Health Insurance            | Develops an understanding of life and health insurance and the place of those products in the risk management plans of individuals and businesses. In particular, devotes attention to the role of life and health insurance in addressing the economic and social problems encountered by individuals and businesses. Furthermore, prepares the students to take the State of Arizona's Department of Insurance Life and Health Insurance exam.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 301   |
| ACT     | 394         | Special Topics                       | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 |  |
| ACT     | 415         | Probability for Risk Management      | Prepares potential actuaries to master national exams. Develops knowledge of the fundamental probability tools for quantitatively assessing risk. Topics include: introduction to probability concepts including definition of probability, independence, conditional probability, random variables, specific discrete and continuous probability distributions, multivariate random variables, moments and moment generating functions, functions of random variables, sampling distributions and central limit theorem. Emphasizes the application of these tools to problems encountered in actuarial science.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 201 with B or better; MAT 272 with B or better; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421     |
| ACT     | 420         | Rate-making and Reserving            | Utilizes information on property and casualty rate-making and reserving techniques, from an actuarial perspective. Rate-making and loss reserving are the two fundamental functions performed by actuaries, and are necessary for satisfying an organization's strategic, operational and regulatory goals and requirements.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 301 with B or better; STP 427 with B or better; Credit is allowed for only ACT 420 or ACT 520                           |
| ACT     | 430         | Mathematics of Financial Derivatives | Prepares potential actuaries to master the national exams. Develops knowledge of the theoretical basis of certain actuarial models and the application of those models to insurance and other financial risks. Topics include: option pricing, Black-Scholes formula, delta hedging, exotic options, Brownian motion, interest rate models and simulations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 310 with B or better; ACT 415 with B or better; Credit is allowed for only ACT 430 or ACT 530                           |
| ACT     | 435         | Statistics for Risk Modeling         | Statistical techniques in business forecasting such as: simple linear regression, multiple linear regression, hypothesis testing and confidence intervals in linear regression models, testing of models, data analysis and appropriateness of models, linear time series models, moving average, regression based and/or ARIMA models, estimation, data analysis and forecasting with time series models, forecast errors and confidence intervals. Emphasizes analysis of various types of real data using R.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): MAT 342 or 343 with B or better; STP 420 with B or better; Credit is allowed for only ACT 435 or ACT 535                    |
| ACT     | 440         | Long-Term Actuarial Mathematics I    | Develops an understanding of the key features of long-term insurance coverages (life, health and general); annuities and retirement benefits (pensions, retiree health care, etc.). Students accumulate knowledge of the theoretical basis of actuarial models and the application of those models to long-term insurance and other financial risks. Topics include: life tables, present value determination for life insurances and annuities and premium calculations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 310 with B or better; ACT 415 with B or better; MAT 343 with B or better; Credit is allowed for only ACT 440 or ACT 540 |
| ACT     | 441         | Long-Term Actuarial Mathematics II   | Focuses on reserving for insurances and annuities for long-term actuarial models including multiple lives and/or multiple decrement models. Expose students to different reserving types as well as interpretation of common profit measures. Other topics include applications of the long-term models to pension plans and retirement benefits.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 440 with C or better; Corequisite(s): STP 427 with B or better; Credit is allowed for only ACT 441 or ACT 541           |
| ACT     | 450         | Actuarial Models and Modeling I      | Provides detailed understanding of the steps involved in the modeling process and how to carry out these steps in solving business problems. Students analyze data from an application in a business context, determine a suitable model including parameter values and provide measures of confidence for decision making based on the model. Covers estimation of parameters for the severity, frequency and aggregate models and their modifications.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 415 with B or better; STP 427 with B or better; Credit is allowed for only ACT 450 or ACT 550                           |

| ACT     | 451         | Actuarial Models and Modeling II                | Provides detailed understanding of the steps involved in the modeling process and how to carry out these steps in solving business problems. Students analyze data from an application in a business context, determine a suitable model including parameter values and provide measures of confidence for decision making based upon the model. Topics include: credibility, insurance and reinsurance coverages, pricing and reserving for short-term insurance coverages.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): ACT 450 with C or better; Credit is allowed for only ACT 451 or ACT 551   |
| ACT     | 484         | Internship                                      | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| ACT     | 491         | Actuarial Exam Preparation Seminar              | Provides potential actuaries with review and practice for an actuarial examination.  | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1     |                 | Prerequisite(s) with B or better: ACT 310 (or ACT 415 or 430 or both ACT 440 and 441 or both ACT 450 and 451)                                    |
| ACT     | 494         | Special Topics                                  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 |  |
| ACT     | 498         | Pro-Seminar                                     | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-7   |                 |  |
| ACT     | 499         | Individualized Instruction                      | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-3   |                 |  |
| ACT     | 505         | Actuarial Models for Enterprise Risk Management | Actuarial modeling methods used in enterprise risk management. These methods are useful for the quantification of many types of risks faced by businesses and other organizations. Furthermore, these methods look at the correlation between risks that can create unexpectedly large exposures. Students build risk models for an actual enterprise.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |
| ACT     | 510         | Mathematics of Finance                          | Provides an understanding of the fundamental concepts of financial mathematics, and how those concepts are applied in calculating present and accumulated values for various streams of cash flows as a basis for future use in: reserving, valuation, pricing, asset/liability management, investment income, capital budgeting and valuing contingent cash flows. Topics include: mathematics of compound interest, including annuities certain, amortization schedules, yields curves, sinking funds and bonds. Introduces financial instruments including derivatives, and the concept of no-arbitrage as it relates to financial mathematics. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 4     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 310 or ACT 510 or MAT 340  |
| ACT     | 515         | Probability for Risk Management                 | Develops knowledge of the fundamental probability tools for quantitatively assessing risk. Topics include: introduction to probability concepts including definition of probability, independence, conditional probability, random variables, specific discrete and continuous probability distributions, multivariate random variables, moments and moment generating functions, functions of random variables, sampling distributions and central limit theorem. Emphasizes the application of these tools to problems encountered in actuarial science.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 415 or ACT 515 or STP 326 or STP 421                               |
| ACT     | 520         | Ratemaking and Reserving                        | Provides knowledge of property and casualty ratemaking and reserving techniques from an actuarial perspective. Ratemaking and loss reserving are the two fundamental functions performed by actuaries and are necessary for satisfying an organization's strategic, operational and regulatory goals and requirements.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 420 or ACT 520   |
| ACT     | 530         | Mathematics of Financial Derivatives            | Develops knowledge of the theoretical basis of certain actuarial models and the application of those models to insurance and other financial risks. Topics include: option pricing, Black-Scholes formula, delta hedging, exotic options, Brownian motion, interest rate models and simulations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 430 or ACT 530   |
| ACT     | 535         | Statistics for Risk Modeling                    | Uses statistical techniques in business forecasting such as: simple linear regression, multiple linear regression, hypothesis testing and confidence intervals in linear regression models, testing of models, data analysis and appropriateness of models, linear time series models, moving average, regression based and/or ARIMA models, estimation, data analysis and forecasting with time series models, forecast errors and confidence intervals. Emphasizes analysis of various types of real data using R.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 435 or ACT 535   |
| ACT     | 540         | Long-Term Actuarial Mathematics I               | Develops an understanding of the key features of long-term insurance coverages (life, health and general); annuities and retirement benefits (pensions, retiree health care). Students accumulate knowledge of the theoretical basis of actuarial models and the application of those models to long-term insurance and other financial risks. Topics include: life tables, present value determination for life insurances and annuities and premium calculations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; ACT 510 with B or better, ACT 515 with B or better; Credit is allowed for only ACT 440 or ACT 540 |

| ACT     | 541         | Long-Term Actuarial Mathematics II                           | Focuses on reserving for insurances and annuities for long-term actuarial models including multiple lives and/or multiple decrement models. Exposes students to different reserving types as well as interpretation of common profit measures. Other topics include applications of the long-term models to pension plans and retirement benefits.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; ACT 540 with B or better; Credit is allowed for only ACT 441 or ACT 541 |
| ACT     | 550         | Actuarial Models and Modeling I                              | Provides detailed understanding of the steps involved in the modeling process and how to carry out these steps in solving business problems. Students analyze data from an application in a business context, determine a suitable model including parameter values and provide measures of confidence for decision making based on the model. Covers estimation of parameters for the severity, frequency and aggregate models and their modifications.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; Credit is allowed for only ACT 450 or ACT 550                           |
| ACT     | 551         | Actuarial Models and Modeling II                             | Provides detailed understanding of the steps involved in the modeling process and how to carry out these steps in solving business. Students analyze data from an application in a business context, determine a suitable model including parameter values and provide measures of confidence for decision making based upon the model. Topics include: credibility, insurance and reinsurance coverages, pricing and reserving for short-term insurance coverages.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; ACT 550 with B or better; Credit is allowed for only ACT 451 or ACT 551 |
| ACT     | 560         | Advanced Data Analytics in Insurance I                       | Provides knowledge of advanced applications of predictive modeling methods for solving actuarial problems. Methods that use the general and generalized linear models are becoming more important in the insurance industry for both traditional actuarial pricing and reserving problems and for marketing and operational problems. Prepares students to understand these problems and to gain some experience in analyzing them through projects involving real data. Topics include: linear models, regression with categorical dependent variables, regression with count dependent variables, generalized linear models, frequency and severity models and others.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |
| ACT     | 561         | Advanced Data Analytics in Insurance II                      | Expose students to a wide variety of advanced analytics techniques applicable to data types that are routinely found within the insurance industry. Application of data science is rapidly growing in insurance industry and this course creates a long-term knowledge base for students to remain empowered and in time, master and use more sophisticated emerging techniques. Topics covered include generalized additive models, discriminant analysis, classification and regression trees, bagging, random forests, boosting, mixture model-based approaches, spatial models and others.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; ACT 560 with B or better  |
| ACT     | 565         | Regulation and Financial Reporting in P&C                    | Provides an overview of insurance regulation with regard to property and casualty coverages, ratemaking, pricing and solvency, and U.S. tort law as it affects the property and casualty business. Further identifies major U.S. insurance programs administered by government agencies and insurance industry organizations such as: automobile plans; crop insurance; flood insurance; government backstops; guaranty funds; residential markets (auto, workers comp, property); workers compensation (including interaction with Medicare). While addressing financial reporting, solvency and taxation issues, students evaluate the financial health of an insurance entity by completing specific schedules and exhibits. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |
| ACT     | 570         | Stochastic Calculus for Finance                              | Uses stochastic calculus as a foundation for advanced mathematics of financial derivatives. Topics covered include: stochastic calculus, martingales and arbitrage, Black-Scholes equation and pricing derivative securities, and fundamental theorems of asset pricing.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |
| ACT     | 571         | Advanced Mathematics of Financial Derivatives                | Applies stochastic calculus to advanced topics in mathematics of financial derivatives. Topics include: term structure models, pricing derivative securities, fundamental theorems of asset pricing, models of equity and fixed income markets, and exotic options.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student; ACT 570 with B or better  |
| ACT     | 575         | Portfolio Theory and Risk Management                         | Provides an overview of measurement and management of risk and enables students to master the methods and concepts of portfolio theory. Those models and concepts include risk aversion, utility functions as a representation of preferences, efficient frontiers, Markowitz Portfolio theory, the Capital Asset Pricing model, security market line, value at risk and expected shortfall, as well as concepts of coherent risk measures.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |
| ACT     | 584         | Internship   | Structured practical experience that follows a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ACT     | 585         | Advanced Mortality Modeling and Management of Longevity Risk | Expose students to a wide variety of advanced models for forecasting human mortality. Explains the relevant repositories of mortality data in the context of application of most-used advanced mortality forecasting models. Presents both discrete time as well as continuous time stochastic mortality models. Students also learn about approaches for managing longevity risk via natural hedging, reinsurance and mortality-linked derivatives as well as pricing of basic insurance products in the context of advanced mortality models.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): Actuarial Science MS student  |

| ACT     | 590         | Reading and Conference           | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic or writing a literature review of a topic.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 |  |
| ACT     | 593         | Applied Project                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ADE     | 191         | First-Year Seminar               | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-3   |                 |  |
| ADE     | 194         | Special Topics                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-4   |                 |  |
| ADE     | 294         | Special Topics                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-4   |                 |  |
| ADE     | 321         | Architectural Studio I           | Introductory building design problems. Emphasizes design process, communication methods, aesthetics, construction, and technology.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Pre-requisites: Architecture student; ALA 226 with C or better   |
| ADE     | 322         | Architectural Studio II          | Site and building design problems. Emphasizes programmatic and environmental determinants and building in natural and urban contexts.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Pre-requisites: Architectural Studies student; ADE 321 with C or better  |
| ADE     | 394         | Special Topics                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-4   |                 |  |
| ADE     | 421         | Architectural Studio III         | Topical design problems of intermediate complexity, including interdisciplinary problems.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Prerequisite(s): ADE 322 with C or better  |
| ADE     | 422         | Architectural Studio IV          | Topical design problems of advanced complexity, including interdisciplinary problems.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Prerequisite(s): Architectural Studies BSD major; ADE 421 with C or better                                     |
| ADE     | 484         | Internship                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 |  |
| ADE     | 492         | Honors Directed Study            | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| ADE     | 493         | Honors Thesis                    | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| ADE     | 494         | Special Topics                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-4   |                 |  |
| ADE     | 498         | Pro-Seminar                      | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-7   | L               |  |
| ADE     | 499         | Individualized Instruction       | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-3   |                 |  |
| ADE     | 500         | Research Methods                 | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Pre-requisites: Master of Architecture, Master of Landscape Architecture, or Master of Urban Design            |
| ADE     | 510         | Foundation Architectural Studio  | Fundamentals of architectural design, methodology, visualization, and representation.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 6     |                 | Pre-requisites: Master of Architecture student; Co-requisite: ATE 553 and ATE 563                              |
| ADE     | 511         | Core Architectural Studio I      | Applies design fundamentals in architectural problems, including construction, technology, programmatic and environmental determinants.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 6     |                 | Pre-requisites: Master of Architecture student; ADE 510 with C or better                                       |
| ADE     | 512         | Core Architectural Studio II     | Applies architectural design fundamentals to increasingly complex problems, including specific sites and activities.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 6     |                 | Pre-requisites: Master of Architecture student; ADE 511 with C or better                                       |
| ADE     | 521         | Advanced Architectural Studio I  | Design problems emphasizing theory, aesthetics, and tectonics as influences on architectural form.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Pre-requisites: Master of Architecture student; Co-requisite: ATE 553 and ATE 563                              |
| ADE     | 522         | Advanced Architectural Studio II | Design problems emphasizing the comprehensive integration of building systems and technologies as influences on architectural form.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 5     |                 | Pre-requisites: Master of Architecture student; ADE 521 with a C or better; Co-requisites: APH 505 and ATE 556 |
| ADE     | 580         | Practicum                        | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 584         | Internship                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 590         | Reading and Conference           | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 591         | Seminar                          | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 592         | Research                         | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 593         | Applied Project                  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School                               | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                       | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                                   | Units | General Studies | Requirements   |
|---------|-------------|------------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| ADE     | 594         | Conference and Workshop            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                            | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 595         | Continuing Registration            | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | PRA               | Y               | Z3            | Herberger Inst Design & Arts | The Design School                            | 1     |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 598         | Special Topics                     | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                            | 1-4   |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 599         | Thesis                             | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | The Design School                            | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 621         | Advanced Architectural Studio III  | Design problems emphasizing the urban context, planning issues, and urban design theory as influences on architectural form.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | The Design School                            | 5     |                 | Pre-requisites: Master of Architecture student; ADE 522 with a C or better; Co-requisite: APH 515 OR Bldg Des(Energy Perform/Bldgs) MS student   |
| ADE     | 622         | Advanced Architectural Studio IV   | Individual, student-initiated project reflecting a culminating synthesis of architectural ideas.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | The Design School                            | 5     |                 | Prerequisite(s): ADE 621 with C or better; Master of Architecture student; Corequisite(s): APH 515 or Built Environment (Energy Perf/Climate Responsive Arch) MS student   |
| ADE     | 691         | Seminar                            | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                            | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ADE     | 692         | Research                           | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AEE     | 191         | First-Year Seminar                 | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 1-3   |                 |  |
| AEE     | 194         | Special Topics                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 1-4   |                 |  |
| AEE     | 294         | Special Topics                     | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 1-4   |                 |  |
| AEE     | 313         | Aircraft Dynamics and Control      | Aircraft static stability; equations of motion; dynamic modes and stability; stability derivatives; response to controls; introduces automatic control of aircraft.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering major; AEE 360 (or MAE 360) with C or better; MAE 301 with C or better; MAE 318 with C or better   |
| AEE     | 325         | Aerospace Structures and Materials | Applies structural analysis to aircraft and spacecraft structures. Loads on aerospace structures, buckling and stability, stiffened panels, primary wing and launch-vehicle structure, vibration of large structures, properties and selection of aerospace structural materials.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 4     |                 | Prerequisites with C or better: Aerospace Engr major: MAE 213 & 384; MAT 267 or 272, OR Mat Sci & Engr major: MSE 211 & 415 (or 315); MAT 267 or 272; Credit is allowed for only AEE 325 (or MAE 325), MEE 322, or MAE 394 (Structural Materials in Aerospace)   |
| AEE     | 344         | Fundamentals of Aircraft Design    | Aircraft performance, RFP's, Federal Aviation Regulations, aircraft sizing.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 3     |                 | Prerequisite(s): Fulton Engineering major; AEE 360 or MAE 360 with C or better; MAE 214 with C or better; MAE 384 with C or better; Pre- or corequisite(s): AEE 325 or MAE 325 or MAE 394 (Aerospace Structures and Materials) with C or better if completed     |
| AEE     | 360         | Aerodynamics                       | Airfoils and wings, ideal flow, boundary layers, finite-difference solutions, wind-tunnel testing. Both AEE 360 and AEE 362 must be taken to secure L General Studies credit.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Mechanical and Aerospace Engineering Program | 4     | L               | Prerequisite(s): Aerospace or Mechanical Engineering BSE major; ENG 102, 105, or 108 with C or better; MAE 240 or 242 with C or better; MAE 384 with C or better; MAT 267 or 272 with C or better; Pre- or corequisite(s): MAE 301 with C or better if completed |
| AEE     | 362         | High-Speed Aerodynamics            | Compressible flow at subsonic and supersonic speeds; ducts, nozzles, and diffusers; normal and oblique shocks, transonic flow, numerical solutions; experimental applications. Both AEE 362 and AEE 360 must be taken to secure L General Studies credit.   | N                 | LEC               | N               | OPT           | Ira A. | AEE     | 499         | Individualized Instruction        | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | Ira A. Fulton Engineering                | Mechanical and Aerospace Engineering Program   | 1-3   |                 | Prerequisite(s): minimum 45 hours                              |
| AEP     | 501         | Practical and Professional Ethics | Acquaints students with practical and professional ethics. Assumes no prior experience in ethics, and provides practicable knowledge as well as theoretical knowledge. The first in a series of courses for the MA program in Applied Ethics and the Professions, the course is primarily intended to prepare students in that degree program for their subsequent courses. However, it has been designed to be useful to all graduate students who are interested in learning about practical and professional ethics. The beginning of the course is devoted to the more general subjects of practical ("everyday") ethics and professional ethics, while the remaining weeks are spent focusing on the ethical issues that occur in the context of specific professions, with particular emphasis given to those professions that seem most relevant to the aspirations and interests of the students enrolled in the course. | N                 | SEM               | N               | OPT           | Future of Innovation in Society          | School for the Future of Innovation in Society | 3     |                 | Prerequisite(s): graduate student or Barrett Honors student    |
| AEP     | 580         | Practicum                         | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Future of Innovation in Society          | School for the Future of Innovation in Society | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AEP     | 580         | Practicum                         | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | PRA               | Y               | OPT           | Watts Col of Pub Ser & Com Sol           | School of Public Affairs                       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| AES     | 101         | Air Force Today I                 | Survey course designed to introduce students to the United States Air Force and Air Force Reserve Officer Training Corps (AFROTC). Featured topics include: mission and organization of the Air Force, officership and professionalism, military customs and courtesies, Air Force officer opportunities, group leadership problems, and an introduction to communication skills.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies                | 2     |                 |  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                 | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                      | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|---|
| AES     | 102         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes common Air Force customs and courtesies, drill and ceremonies, health and physical fitness through group participation.  | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 101                               |
| AES     | 103         | Air Force Today II                           | Introduce students to the United States Air Force and encourage participation in Air Force Reserve Officer Training Corps (AFROTC). Featured topics include: introduction to leadership, Air Force core values, introduction to interpersonal communication and team building, and a continuation of communication skills.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 2     |                 |   |
| AES     | 104         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes learning the environments and dynamics of an Air Force officer.  | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 103                               |
| AES     | 191         | First-Year Seminar                           | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours |
| AES     | 201         | The Evolution of USAF Air and Space Power I  | Focuses on facilitating the transition from Air Force ROTC cadet to Air Force ROTC candidate. Examines the general aspects of air and space power through a historical perspective. Utilizing this perspective, covers a time period from the first balloons and dirigibles to the modern technology currently used in overseas contingency operations. Featured topics include: Air Force heritage, Air Force leaders, introduction to ethics and values, group leadership problems and continuing application of communication skills. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 2     |                 |   |
| AES     | 202         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Provides application of advanced drill and ceremonies; issuing commands; knowing flag etiquette; and developing, directing, and evaluating skills to lead others.   | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 201                               |
| AES     | 203         | The Evolution of USAF Air and Space Power II | Provides knowledge-level understanding for general element and employment of air and space power. Furthermore, discusses the importance of Air Force Core Values with use of operational examples and historical Air Force leaders. Continues to develop communication skills. Topics include: the Air Force mission and organization, modern joint expeditionary Airmen, officer opportunities, and professionalism.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 2     |                 |   |
| AES     | 204         | Leadership Lab                               | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes preparation for field training.  | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 203                               |
| AES     | 294         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 1-4   |                 |   |
| AES     | 301         | Air Force Leadership Studies I               | Study of communication skills, leadership and quality management fundamentals, leadership ethics, and professional knowledge required of an Air Force officer.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 3     | L               |   |
| AES     | 302         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Advanced leadership experiences applying leadership and management principles to motivate and enhance the performance of other cadets.  | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 301                               |
| AES     | 303         | Air Force Leadership Studies II              | Continuation of AES 301. Topics include: communication skills, ethics, leadership, professional knowledge, and quality management required of an Air Force officer.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 3     | L               |   |
| AES     | 304         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Emphasizes planning the military activities of the cadet corps and applying advanced leadership methods.  | N                 | LAB               | Y               | YGB           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 303                               |
| AES     | 401         | National Security Affairs                    | Examines advanced ethics, Air Force doctrine, national security process, and regional studies. Special topics include: civilian control of the military, military justice, and officership.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 3     | L               |   |
| AES     | 402         | Leadership Laboratory                        | Dynamic and integrated grouping of leadership developmental activities designed to meet the needs and expectations of prospective Air Force second lieutenants and complement the AFROTC academic program. Advanced leadership experience demonstrating learned skills in planning and controlling the military activities of the corps.   | N                 | LAB               | Y               | GNA           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 0     |                 | Co-requisite: AES 401                               |
| AES     | 403         | Preparation for Active Duty II               | Continuation of AES 401. Topics include: civilian control of the military, doctrine, ethics, military justice, the national security process, and officership.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of Aerospace Studies | 3     |                 |   |

| AET     | 560         | Numerical Methods in Engineering Technology | Analyzes problems in physical sciences, models physical problems, perturbation techniques, curvefitting, data analysis, numerical solutions, ordinary and partial differential equations.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 3     |                 | Prerequisite(s): Fulton Engineering students; Senior or higher academic level                  |
| AET     | 580         | Practicum                                   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 583         | Fieldwork                                   | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 584         | Internship                                  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 590         | Reading and Conference                      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 591         | Seminar                                     | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 592         | Research                                    | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 593         | Applied Project                             | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 594         | Conference and Workshop                     | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 595         | Continuing Registration                     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | Ira A. Fulton Engineering                | Engineering Programs            | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 598         | Special Topics                              | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs            | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |
| AET     | 599         | Thesis                                      | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Ira A. Fulton Engineering                | Engineering Programs            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                                 |

| AFR     | 191         | First Year Seminar   | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours  |
| AFR     | 194         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |  |
| AFR     | 200         | Introduction to Africana Studies                                   | Introduces the study of African and African-descended peoples; theory, themes, and perspectives.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G & H      |  |
| AFR     | 202         | Immigration and Ethnic Relations in the U.S.                       | The ethnic and social consequences of international migration with a focus on the United States. Examines the impact of immigration on both American society and immigrant ethnic minorities over time.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & C          | Credit is allowed for only AFR 202 (or AFS 202) or ASB 202   |
| AFR     | 210         | Introduction to African American Studies                           | Examines the political, historical, and cultural origins of African American studies as an academic discipline.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | C               |  |
| AFR     | 212         | Introduction to Ethnic Studies in the U.S.                         | Covers diversity of experiences and relations among racial and ethnic groups in the United States.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | C               | Credit is allowed for only AFR 212 (or AFS 210) or APA 210 or JUS 210 or TCL 210   |
| AFR     | 215         | Bob Marley and Reggae: Lyrics of Resistance                        | Studies political content, influence, and impact of Caribbean popular music, in particular the music of Bob Marley.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | HU & G          | Credit is allowed for only AFR 215 or AFR 394 (Bob Marley: Reggae and Resistance) or JUS 215   |
| AFR     | 225         | Black Movements in America   | Survey course on the historical and political development of mass movements by African Americans and Black resistance in the United States. Traces nearly 400 years of Black resistance against injustices and mass struggles for equality and liberation. Topics include the anti-slavery movement, anti-lynching campaign, the Civil Rights movement, the Black Power movement, prison abolitionism, the reproductive justice movement, and movements for economic justice.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Credit is allowed for only AFR 225 (or AFS 225) or JUS 200 (Black Movements in America) or JUS 225   |
| AFR     | 294         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |  |
| AFR     | 298         | Honors Directed Study  | Independent study or practicum under the supervision of a faculty member.   | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| AFR     | 300         | Precolonial Africa   | In-depth course study of contemporary Africa, providing thorough examination of the continent's pre-colonial history, particularly before 1900. The course will study the continent and its people, the way the history of the continent has been interpreted by non-Africans, how the continent's anatomy has affected historical development, and the methodology and interdisciplinary scholarship in the study of Africa  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G & H      | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 300 (or AFH 300) or ASB 310                                  |
| AFR     | 301         | Race and Racism in Africa/African Diaspora                         | Advanced study of the concepts of race and racism and how they manifest themselves in the USA, the Caribbean, and Africa. Examines the construction of race, racism, and race relations in Africa and the African Diaspora as well as practices to challenge ethnicity, racism, and racial oppression.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 301 (or AFS 301) or JUS 300                                  |
| AFR     | 302         | History of Black Women in America                                  | Advanced examination of the challenges that black women have faced historically in America and how they have responded to those challenges socially, politically, economically, and culturally.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & H          | Prerequisite(s): AFR 200 (or AFS 200) or WST 100 or WST 300 or minimum 45 hours; Credit is allowed for only AFR 302 (or AFS 302) or HST 335 or WST 302 |
| AFR     | 304         | Islands of Globalization: Caribbean Politics and Political Economy | In-depth study of the complexities of contemporary Caribbean politics and political economy. Examines the countries that constitute the Caribbean community and common market and the Caribbean Latin American countries such as Cuba and the Dominican Republic and analyzes the historical evolution of the region's political and economic systems and the impact of globalization. Traces the development of the region's political economy from the colonial period to the present; looks at the impact of globalization on contemporary politics, economics, and culture and the region's response. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G & H      | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 304 (or AFS 304) or JUS 304                                  |
| AFR     | 305         | The Global History of the Trans-Atlantic Slave Trade               | Reading- and writing-intensive course that employs critical thought to look at the origins, development, abolition, and impact of Atlantic slave trade as a global economic enterprise and great human tragedy; slavery experience.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & H          | Prerequisite(s): AFR 200 (or AFS 200) or HST 109 or minimum 45 hours; Credit is allowed for only AFR 305 (or AFH 305) or HST 326                       |
| AFR     | 310         | African/African American Psychology                                | In-depth study of the historical development of African and African American psychology. Course will critically examine the African American frame of reference as well as examine African and African American psychology from a contemporary perspective.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 312         | Contemporary African and African Diaspora Women                    | A critical analysis of recent literary, theoretical, and methodological themes concerning the study of African and African Diaspora women. Particular study will focus on the historical impact these themes have had on the phenomena of transformation by various African and African Diasporan women's populations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 317         | Genes, Race and Society  | An in-depth examination of the biological and social construction of race in western societies. Special emphasis is placed on examining these constructs from a historical perspective  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & H & C      | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 318         | African and African Diaspora Women Writers                         | Intersection of race, class, gender, and ethnicity in black women's fiction from the United States, the Caribbean, and Africa.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | HU & G          | Prerequisite(s): AFR 200 (or AFS 200) or WST 100 or WST 300 or minimum 45 hours; Credit allowed only for AFR 318 (or AFH 318) or WST 318               |

| AFR     | 320         | Africa: Politics, Environment, and Development                         | An in-depth analysis of the African experience as a way to understand the consequences of human environment relationships, wealth and power differentials, and individual and global citizenship.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 325         | Music as Political Discourse: Reggae, Calypso, and Hip Hop             | This is a reading and writing intensive course that employs critical thought that explores African Diaspora popular music as a medium of social and political expression. It examines the political content of Reggae, Calypso and Hip Hop and their role in triggering and influencing popular discourse in the Caribbean and the USA. Course material will analyze the interrelationships among the musical forms and their role in fostering Black and Pan African Cultural Identity, Political Consciousness and World Peace. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | HU & H & G      | Prerequisite(s): AFR 200 (or AFS 200); minimum 45 hours; Credit is allowed for only AFR 325 (or AFS 325) or JUS 326  |
| AFR     | 327         | Human Rights in Africa   | In-depth study of the development of African organizations and instruments engaged in the dynamic processes of conceptualizing human rights that reflect its particular histories. It will also assess the effectiveness and appropriateness of efforts to address the human rights abuses and violations found in Africa.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 330         | Survey of African American Politics                                    | In-depth study of the dynamics of the African American political experience. Examines the historical development of African American politics from the anti-slavery era to the Civil Rights breakthrough of the 1960's through the present political climate.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | SB & H          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 330 or JUS 330   |
| AFR     | 331         | Studies in African American Women Writers of Pre-Harlem Renaissance    | In depth analysis and advanced comparative study of novels, short stories, essays, speeches, and dramas that gave voices to African American woman in the pre-Harlem Renaissance era.   | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200); ENG 101, 105 or 107 with C or better OR ENG 101, 105 or 107 with C or better; minimum 45 hours  |
| AFR     | 332         | Life and Death in Ancient Egypt  | Reveals ancient Egyptian life through recent research in archaeology and physical anthropology on cemeteries, tombs, and the dead themselves.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                 | Prerequisite(s): ENG 101, 105, 107, or 111 with C or better; Credit is allowed for only AFR 332 (or AFS 332) or ASM 332  |
| AFR     | 333         | American Ethnic Literature   | Examines America's multiethnic identity through works of literature that depict American ethnic, gender, and class sensibilities.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 333 (or AFH 333) or ENG 333   |
| AFR     | 333         | American Ethnic Literature   | Examines America's multiethnic identity through works of literature that depict American ethnic, gender, and class sensibilities.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 333 (or AFH 333) or ENG 333   |
| AFR     | 335         | Historical Studies in Race, Crime, and the Law                         | Studies the historical relationship between the criminal justice system in the United States and a segment of society that has traditionally faced official and unofficial discrimination: American racial minorities. Focuses on the experiences of Mexican Americans and Africans Americans with the criminal justice system.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 335 or HST 323 or TCL 335   |
| AFR     | 336         | African Art  | Anthropological perspective of ancient visual art traditions of Africa. In-depth studies focus on several important themes and case studies that are pivotal to the understanding of the rich and diverse artistic heritage of the African continent.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | HU & G          | Prerequisite(s): AFR 200 (or AFS 200) or ASB 102 or minimum 45 hours; Credit is allowed for only AFR 336 (or AFH 336) or ASB 336   |
| AFR     | 340         | The Making of Modern Africa  | Advanced study of the events and processes leading up to the colonization of Africa and the subsequent changes in African societies under colonial rule and independence.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | SB & G & H      | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 345         | Peoples and Cultures of the Caribbean                                  | Traces the socio-political history of the wider Caribbean from the 15th century to the present. Focuses on the following broad areas: the early years of European settlement and colonization; the construction of slavery and plantation society; and the transition from colonization to political independence. Critically examines the origins and building blocks of Caribbean society as well as analyzes the linkages between the region and the rest of the African diaspora.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | SB & G & H      | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 345 (or AFS 345) or JUS 345  |
| AFR     | 350         | Inequality and Diversity in Education                                  | Advanced exploration of various dimensions of diversity in relation to educational systems and outcomes. Through sociological and psychological research, case studies and films, students examine how educational inequality is created and reproduced through individual actions and institutional constraints. Also considers the connection between schooling and human rights and ways in which educational inequality may be addressed.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | L & C           | Prerequisite(s): APA 200, AFR 212 (or AFS 210), APA 210, CDE 232, JUS 210, TCL 210 or minimum 30 hours; Credit allowed for only AFR 350 (or AFS 350), APA 350, CDE 350, JUS 365, SOC 350, TCL 360 or AFS/APA/CED/TCL 394 (Inequality & Diversity in Education) |
| AFR     | 352         | Borders, Prisons, and Suburbs  | Explores how the relationship between race and space has been important to the development of broad patterns of social inequality in the United States. Through a variety of readings, films and other material, examines how ideas of race and space have been important to the making and maintenance of national boundaries, citizenship, regional histories and spatial typologies such as border, ghetto, suburb and prison.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | SB & C          | Prerequisite(s): minimum 24 hours; Credit is allowed for only AFR 352 (or AFS 352) or APA 352 or JUS 353 or TCL 353  |
| AFR     | 353         | African American Literature: Beginnings through the Harlem Renaissance | Focuses on the history of African American literature through the Harlem Renaissance, as exemplified in selected slave narratives, poems, and fiction.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 353 (or AFH 353) or AMS 353 or ENG 353 or ETH 353   |
| AFR     | 354         | African American Literature: Harlem Renaissance to the Present         | Examines the literary productions of African Americans from the Harlem Renaissance (about 1920) to the present focusing on fiction, poetry, drama, and essays.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 354 (or AFH 354) or AMS 354 or ENG 354 or ETH 354   |

| AFR     | 355         | Democracy and Civil Society in Africa                               | Advanced examination of contending perspectives on the state and civil society of Africa. Course will specifically analyze the democratic struggles in sub-Saharan Africa.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                    | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours  |
| AFR     | 358         | The Yoruba and the Atlantic World                                   | The Yoruba in the African diaspora is how Africans, separated from their home country and scattered in a new land, managed to retain their traditions and reform their identities. The slave trade led to the spreading of African culture, religion, dance, art and music from one hemisphere to another and contributed to the cultural diversity of the New World. Allows students to trace the experiences of one African cultural group throughout the cycle of the slave experience in the Americas. Utilizes different sources or approaches (e.g., anthropology, archaeology, written document, oral tradition) to provide an understanding of how the Yoruba were integrated into the Atlantic world, the transformations of Yoruba identities and culture, and the strategies for resistance employed by the Yoruba in the New World. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     |                    | Prerequisite(s): minimum 30 hours; Credit is allowed for only AFR 358 or ASB 358 or AFS 394/ASB 394/HST 394/SGS 394 (Yoruba in the African Diaspora World)   |
| AFR     | 360         | Black Families in the Diaspora: U.S. and Caribbean                  | Within a historical, cultural, social-economic, and international context, the institution of Black families begins with their lives in Africa, South America, and the Caribbean and follows the cultural continuities and adaptations impacting the structure and functioning of contemporary African America families. Theoretical models provide focus to studying voluntary and involuntary migration, family labor force involvement, gender roles, marital relations, parenting, kinship and community networks. Throughout the course attention is given to the role of social policies in shaping the well-being of Black families.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation          | 3     | SB & C             | Prerequisite(s): AFR 200 (or AFS 200) or FAS 101; Credit is allowed for only AFR 360 (or AFS 360) or FAS 360   |

| AFR     | 383         | Blacks in Science, Medicine and Public Health          | In-depth study of Blacks who have made significant contributions to science and medicine in the U.S. Begins with a critical examination of ancient African scientific contributions. Highlights specific individuals, analyzing their life's path to their respective careers. Also discusses the role of racism and discrimination and their efforts to overcome these.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours. Credit is allowed for only AFR 383 (or AFS 383) or AFS 394 (Blacks in Science, Medicine, and Public Health)  |
| AFR     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |   |
| AFR     | 418         | Women of Color in Film                                 | An in-depth analysis of the history and representations of women of color in film and the film industry through the intersections of gender, race, sexuality, class, and nationalism.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | HU & C          | Prerequisite(s): WST 100 or WST 300 or minimum 45 hours; Credit is allowed for only AFR 418 or WST 420  |
| AFR     | 420         | Race Ethnicity and Politics in the African Diaspora    | Reading and writing intensive course that employs critical thought to look at the competition for political power among different ethnic groups in Africa, the Caribbean and the USA and the implications for political stability, economic development, democratic governance, democratization, nationhood and the empowerment of African and African Diasporan populations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G          | Prerequisite(s): AFR 200 (or AFS 200) and minimum junior standing OR minimum 9 upper-division hours in any classes with the following prefix: AFH, AFS, AFR, APA, JUS, POS, SGS, SOC, WST; Credit is allowed for only AFR 420 or JUS 421      |
| AFR     | 428         | Critical Race Theory                                   | In-depth analysis of the ways in which race has been historically utilized, constructed, and contested in American civil society.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 36 hours; Credit is allowed for only AFR 428, APA 428, JUS 428 or SST 428  |
| AFR     | 459         | Studies in African American/Caribbean Literatures      | Studies in African American or Caribbean literatures according to genre, period, theory, or selected authors.   | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | (L or HU) & G   | Prerequisite(s): ENG 200 with C or better; one ENG 200- or 300-level literature course with C or better OR minimum 45 hours; Credit is allowed for only AFR 459 (or AFH 459) or ENG 459   |
| AFR     | 460         | Race, Gender, and Media                                | Readings seminar designed to give students a probing examination of the interface between AHANA Americans and the mass media in the United States.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | C               | Prerequisite(s): minimum cumulative 2.00 GPA; Credit is allowed for only AFR 460 or MCO 460   |
| AFR     | 465         | Harlem Renaissance: a Cultural History: 1877-1945      | Socio-political, historical contexts and worldwide ramifications of the cultural productions (theater, music, visual arts, and literature) of the Harlem Renaissance.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 |   |
| AFR     | 466         | Peoples and Cultures of Africa                         | An in-depth study of the diversity of African people and culture from an interdisciplinary perspective. Emphasizes social, political, and economic relations, as well as inequality, art, gender roles, slavery, and slave trade.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & G          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 466 (or AFS 466) or ASB 466   |
| AFR     | 470         | Women's International Human Rights                     | In-depth study of the core themes of a global movement for women's international human rights. Analyzes the historical evolution of the development of international human rights and women's rights within the United Nations and regional human rights systems.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): WST 100 or WST 300 or minimum 45 hours. Credit is allowed for only AFR 470 (or AFS 470) or AFR 494 (or AFS 494) (Women's International Human Rights) or AFR 598 (or AFS 598) (Women's International Human Rights) or WST 471 |
| AFR     | 480         | Different Voices Within Contemporary Islamic Discourse | Examines modern Muslim discourse on major contemporary issues such as Shar'i'a, Jihad, secularism, gender, civil rights, democracy, extremism, religious violence.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only AFR 480 (or AFS 480) or REL 461 or SGS 442  |
| AFR     | 484         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 |   |
| AFR     | 490         | Field Studies in the Diaspora                          | Introduces methods and principles of research applied to Black communities within and outside Arizona. Involves working with field officer and faculty.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 |   |
| AFR     | 492         | Honors Directed Study                                  | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AFR     | 493         | Honors Thesis  | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| AFR     | 494         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 |   |
| AFR     | 497         | Honors Colloquium                                      | A class emphasizing discussion, written and/or oral presentation by students, and active participation.   | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AFR     | 498         | Pro-Seminar  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-7   | L               | Prerequisite(s): 9 upper-division hours, or AFR 200 (or AFS 200) and minimum junior standing  |
| AFR     | 499         | Individualized Instruction                             | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-3   |                 |   |
| AFR     | 500         | Research Methods                                       | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| Subject | Catalog Nbr | Course Title                      | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                      | Units | General Studies | Requirements  |
|---------|-------------|-----------------------------------|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|---|
| AFR     | 502         | Africa and African Diaspora World | Combines lecture, critical discussion of readings, guest speakers, student presentations and individual research projects. Drawing on various sources (written, oral, archaeology), explores themes linking peoples of Africa and African heritage in Africa, the United States, the West Indies and Latin America, and Europe, the processes of cultural transformations in Africa and the evolution of African cultures and survival in the New World. Explores topics including transatlantic slave trade, comparative slavery, African-American and Latin America emigration to Africa, African immigration to the New World and the Pan-African movement. Emphasizes links between blacks in Africa, the West Indies and the United States, the cultural and political influences they had on each other and the legacy that remains in these areas today. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AFR 500 (Africa and the Diaspora World) or AFR 502 |
| AFR     | 580         | Practicum                         | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 583         | Fieldwork                         | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 584         | Internship                        | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 590         | Reading and Conference            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 591         | Seminar                           | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 592         | Research                          | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 593         | Applied Project                   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 594         | Conference and Workshop           | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 595         | Continuing Registration           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Social Transformation | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 598         | Special Topics                    | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 599         | Thesis                            | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | IND               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 600         | Research Methods                  | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 680         | Practicum                         | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 683         | Fieldwork                         | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 684         | Internship                        | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 690         | Reading and Conference            | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 691         | Seminar                           | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 692         | Research                          | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 693         | Applied Project                   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Social Transformation | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AFR     | 695         | Continuing Registration           | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | IND               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Social Transformation | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| AIS     | 320         | American Indian Philosophies and World Views        | Does it make sense to speak about American Indian intellectuals, thinkers or philosophers? Not only have Indians been thinking and thinking deeply for generations, but they have also produced a body of written works that have formed the foundation of contemporary American Indian studies. Covers some of the major figures, their works, and the ideas and opinions (many of which were controversial) that shaped their thinking.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | HU & C          | Prerequisite(s): junior standing; ENG 102, 105 or 108 with C or better; Credit is allowed for only AIS 320 or 394 (American Indian Philosophical/World Views)                         |
| AIS     | 360         | Issues in Urban Indian Country                      | In-depth examination of the historical, social, economic, and political implications of indigenous migrations to urban areas. Over 50% of Native people are living in cities. What are they doing? Why are they there? Are they still under the federal trust relationship? Evaluates the social, political, and economic structures built by American Indians living in the urban environment.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | C               | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum junior standing; Credit is allowed for only AIS 360 or 394 (Issues in Urban Indian Country)                            |
| AIS     | 370         | American Indian Languages and Cultures              | Emphasizes understanding of Indian language families and the relationship of oral traditions to culture.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | C               | Prerequisite(s): AIS 180 with C or better   |
| AIS     | 375         | Innovation for American Indian Sustainability       | American Indian tribes are poised at an historic opportunity to accelerate innovation within their communities. Many tribal leaders have stated that to create true sustainability, tribes need to practice innovation and sustainable development in a manner that is a cultural match to their traditions and values. Examines topics directly associated with creating tribal economies with innovation, entrepreneurial and sustainability in an American Indian context as key factors. Consists of class lectures, guest speakers, student discussion, individual and group teamwork, and presentations. Participants form into teams to identify, develop and define an innovative product or service idea that addresses a significant need in Indian Country that can be addressed through innovation.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AIS 375 or AIS 394 (Innovation for American Indian Sustainability)                                 |
| AIS     | 380         | Contemporary Issues of American Indian Nations      | Surveys legal, socioeconomic, political, and educational state of contemporary reservation and urban Indians.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | C               |   |
| AIS     | 381         | American Indian Women                               | Draws from a diverse range of Indigenous critical traditions to examine discourses of gender, identity, and sexuality as sites of cultural revitalization and conflict and theorizes the meaning of each of these categories from diverse Indigenous communities. Considers contemporary and traditional works by Indigenous women with a special emphasis on the historical, socio-cultural, and legal contexts of each work.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | C               | Prerequisite(s): WST 100, 300, or AIS 180 with C or better OR Corequisite(s) if completed 30 hours or more: AIS 180, or WST 100 or 300; Credit is allowed for only AIS 381 or WST 382 |
| AIS     | 385         | Entrepreneurship for American Indian Sustainability | Concentrates on developing a product or service idea, creating an entrepreneurial model and plan to implement the product or service in the context of an AI sustainable venture (profit and nonprofit). Begins with a review of established AI context with additional focus on tribal economic development throughout the course. The innovation process executed during the semester and the resulting product/service ideas and choices. Students are also encouraged to embark on new venture ideas as well. Students are then introduced to all aspects of venture (profit and non-profit) and entrepreneurial model creation, including strategy, product/service development planning, marketing, operations, alliances, management, finance and investment. In parallel, teams continue refinement and, where possible, further prototyping of the idea they chose from the previous semester and/or creation of new high-impact, high-potential ideas. | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AIS 385 or AIS 394 (Entrepreneurship for American Indian Sustainability) or SOS 380                |
| AIS     | 394         | Special Topics                                      | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 1-4   |                 |   |

| AIS     | 430         | Contemporary Indigenous Spirituality      | Why do so many indigenous people across North America want to revitalize their traditional ways when there is supposedly so much opportunity awaiting them in all segments of American society? What are the benefits of such an endeavor and what might be the consequences if this objective is not pursued? This course is premised on the hypothesis that indigenous customs and beliefs contain knowledge that is not only vital to the well-being of the communities in which this native wisdom is found, but also to those communities seeking a more sustainable way of living in the land they call home. After delving into a critique of the religious principles that went into the settling of America, complete with notions of manifest destiny, a way is opened for a more native-oriented discourse on community, nature, economy, and politics. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum junior standing; Credit is allowed for only AIS 430 or 494 (Ind Spirituality in Postmodern)                |
| AIS     | 440         | Cultural Professionalism                  | Emphasizes professional and leadership skills to prepare students for academic and career endeavors after undergraduate degree completion. Explores indigenous perspectives on communication, research, professional and leadership skills. Research focuses on addressing the needs of Arizona Indian Nations and Tribes and culminates in a research paper, in-class presentation and community development poster presentation. Showcases research posters in a research symposium in which guests vote on the most innovative and practical poster proposal.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | C               | Prerequisite(s): minimum junior standing; Credit is allowed for only AIS 440 or AIS 494 (Cultural Professionalism)  |
| AIS     | 445         | American Indian Leadership and Resistance | Examines the modern challenges that leaders face in American Indian communities with a foundation in indigenous concepts of leadership, sovereignty and nationhood. Topics include pre-contact leadership principles and systems of governance, tribal sovereignty, nation-building, politics, governing systems, leadership styles, military leadership, internal disputes and conflict resolution, activism, mobilization, community leadership, political/elected leadership, and other leadership-related topics.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | SB & H & C      | Prerequisite(s): minimum junior standing or 3 hours of an AIS course; Credit is allowed for only AIS 445 or AIS 494 (Principles of American Indian Leadership) or AIS 521 |
| AIS     | 455         | Human Rights and Cultural Resource Laws   | Examines how U.S. laws, policies, executive orders, and court decisions have affected Indian nations and peoples in matters of cultural resources and burial rights. Considers the protests, legal battles, and political campaigns Indians have waged to reaffirm their fundamental human rights in the areas of repatriation and sacred sites protection. Examines the ways in which filmmakers and the media present these issues to the public. Assesses the present status of Indian religious rights and cultural resource laws. Sovereignty and its relationship to Indian spirituality is a theme that permeates the course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum junior standing; Credit is allowed for only AIS 455 or 494 (American Indian Cultural Resources)            |
| AIS     | 470         | Tribal Governance                         | Critical and historical examination of Indigenous governance and leadership. Includes a survey of historical policy developments and political change that laid the foundation for contemporary Indian government and an assessment of the effectiveness of modern tribal administrations and decision-making bodies. Explores the diverse approaches to tribal governance, community-based political strategy and local interpretations and assertions of sovereignty and self-governance. Project work facilitates focused student learning on the challenges and opportunities in government for a specific Indian nation. Case work and consultation with practitioners in Indian government complement textbook reading in law, history and policy.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Pre-requisite: AIS 285; Credit is allowed for only AIS 470 or AIS 494, Tribal Governance  |
| AIS     | 480         | Actualizing Decolonization                | Provides an in-depth investigation of the theory and concepts of colonization, decolonization, and Indigenous peoples in America, with brief comparisons with global Indigenous peoples and experiences. Covers classic scholarly works on colonization and decolonization to understand the frameworks in which colonization and decolonization develops, expands, and impacts Indigenous peoples. Through that theoretical understanding, examines and formulates ways in which decolonization can impact and be integrated into Indigenous lives and communities. Students shift from theory to praxis by writing and presenting on an informal grant proposal for a decolonizing project that can be implemented in an Indigenous or non-Indigenous community.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     | HU & C & G      | Pre-requisites: ENG 101; ENG 102; Junior standing; Credit is allowed for only AIS 480 or 494 (Readings-Decolonization)  |

| AIS     | 499         | Individualized Instruction                              | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | American Indian Studies Program | 1-3   |                 |  |
| AIS     | 501         | American Indian Studies Paradigms                       | American Indian Studies emerged as an academic discipline in the late 1960s in part because of increasing dissatisfaction among Indians about the works of historians, anthropologists, and other scholars that was very often marred by methodological and conceptual flaws. Course provides an overview of ways of "doing" Indian studies from an American Indian Studies paradigm(s) through a critical examination of some of the most significant works emanating from this growing body of literature. Critiques paradigms that selected scholars have employed in the researching and writing of their topics. Seminar format allows students to take the lead in discussing each week's readings. Covers a range of scholarship dealing with American Indian issues; explores the development of American Indian Studies as an academic discipline; probes paradigms that Indigenous scholars have developed; and considers how those paradigms differ from those used by other disciplines. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 502         | American Indian Studies Research Methods                | Prepares students for thesis research, writing, and completion. Surveys graduate research methods in the field of American Indian Studies including historical, interpretative, and narrative approaches. Focuses on methodological issues specific but not limited to American Indian and Indigenous Studies. Focuses on Indian-centered methodological approaches to research that are essential to qualitative writing of the various topics in Indian country and other issues.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 503         | Contemporary Issues of American Indian Nations          | Provides an overview of the current status of American Indian Nations with regard to sovereignty, policy, politics, economy, and society. An exploration of current issues illustrates the unique challenges and innovative solutions put forth by Indian communities.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 504         | American Indian Film and Activism                       | Examines the American Indian film and activism with emphases on American Indian production, directing, editing, investigative journalism, documentary film, entertainment, and research. Exposes students to the development of activism in film and how film has been utilized to educate, inspire, and contribute to the challenges in Indian Country.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 505         | Contemporary Visual Arts of American Indians            | Focuses on a critical analysis of art, film, and media as they intersect with shaping the image and sustaining the culture of American Indians in North America. Examines the persistent and inappropriate stereotypes of American Indians as portrayed in film and media, including explanations for the persistence of negative stereotypes drawing on various aspects of critical race theory including power, politics, and race. Also introduces the scope and diversity of American Indian art and artists and highlights how native artists portray their views and culture through contemporary image making and representations. Stresses the interplay of art with sovereignty, identity, and politics. Emphasizes the powerful and significant connection between contemporary American Indian art and the persistence of indigenous cultures.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 506         | Indigenous American Literature and the Tribal Community | Teaches Indigenous (Indian, Native American, First Nations) literature's role in Indigenous history, cultural history, philosophy, society, culture, and developing cultural traditions. Students learn how tribal communities articulate themselves intellectually and artistically through literature and its development locally, nationally, and internationally.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 508         | Revitalizing Indigenous Languages                       | Critically examines Indigenous languages, their decline and revitalization from a language ecology and a self-determination perspective. Includes historical, sociopolitical, educational, linguistic, sociolinguistic, and cultural issues that have had and continue to impact Indigenous peoples and their languages worldwide and their reclamation efforts. Also examines various epistemologies, theories, ideologies, and practices of Indigenous people (including American Indian, Indigenous Alaskan, Hawaiian, Maori, Quechua). Topics include: language policy and planning, language acquisition, child language socialization, identity development, bilingual education, Indigenous language pedagogy, and current models and approaches for Indigenous language maintenance and revitalization (ILMR).   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                      | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|--|
| AIS     | 509         | American Indian and Indigenous Rights                | Examines the rights of American Indian peoples with an emphasis on asserting indigenous rights in national as well as international forums. Challenges students to address issues related, but limited to: treaty rights, land rights, water rights, self-determination, rights to a distinct culture, religion, language, spiritual practices, customs, ceremonies, nationhood, autonomy, to seek redress and justice, rights to education, rights to protect from destruction and violence, rights to economic development, rights to protect lands from military, ecological, cultural, and environmental threats, and other rights that may effect the lives of American Indian people.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 510         | Social Change in American Indian Communities         | Committed to the preservation of political autonomy and cultural identity, American Indian communities are increasingly gaining rule over the effects of social change impinged upon them. Recapturing their histories and redefining colonial relationships, they are forging a preferred future grounded in their own traditional institutions of community, religions, and strengthening of self-determination. Provides students with: (1) an understanding of the enduring struggle of American Indian communities to resist the movement of collective assimilation and retain the right of self-determination; (2) an examination over time of social changes in American Indian communities' social structures and their political and social movements towards the establishment of environmental, economic, and social justice; and (3) knowledge of strategies and tactic for achieving social change within American Indian communities that support Indian self-determination and self-governance. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 511         | Genders and Sexualities in American Indian Societies | Grounds students in the theory and concepts of American Indian genders and sexualities. In American Indian societies, there were more than two genders. With colonization through laws, boarding schools, and loss of culture, language, and land, these different genders were attacked and made to disappear. Examine the concepts of gender and sexuality from Native perspectives and theory, and through western imperial views. Also covers the ways in which decolonization plays a role in understanding indigenous genders and sexualities.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 512         | Historical Trauma, Healing, and Decolonization       | In recent years, scholars have begun to explore the prevalence of historical trauma among American Indian communities. This research argues that the genocide, violence, breakdown of customary cultures through external coercion; and oppression that Indians continue to face at the hands of foreign colonizers has left Indians with harmed with intergenerational self-destructive behavior, domestic violence, suicide, anxiety, depression, low self-esteem, and anger. As a result of this violence and oppression, they have developed models of recovering healthy nations while challenging violations of their human rights in the domestic and international arenas. This history has given rise to a widespread cultural revitalization movement often referred to as decolonization. Scholars from an array of academic disciplines are producing a growing body of literature about decolonization.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 513         | Urban Indian Issues                                  | According to the 2010 Census, 64.1% of the American Indian/Alaskan Native population resides in a place outside of tribal areas. Cities such as Los Angeles, New York, and Phoenix have historically counted more than 25,000 American Indian residents. What draws Indigenous families to urban areas? How does an urban address impact the federal trust relationship with nonreservation Indians? What are the social, political, and economic implications for a family who lives off the reservation and away from tribal homeland? Course explores these issues and dynamics and challenges the student to examine the unique identity and contributions of urban Indians. Students learn the history of Indigenous migrations to the city and assess current needs and concerns through consultation work coordinated with Phoenix area Indian Centers and nonprofit organizations.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AIS     | 514         | American Indian Intellectuals                        | Does it make sense to speak about American Indian "intellectuals," "thinkers," or "philosophers"? Not only have Indians been thinking and thinking deeply for generations, but they have produced a body of written works that have formed the foundation of contemporary American Indian studies. Course covers some of the major figures, their works, and the ideas and opinions (many of which were controversial) that shaped their thinking.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|---|
| AIS     | 515         | The Work and Legacy of Vine Deloria, Jr                | Vine Deloria, Jr, Standing Rock Sioux (1933-2005) has often been referred to as "Uncle Vine" for his role in the intellectual development of innumerable scholars, as well as legal and political figures, all of whom have striven along side Deloria at making the world a better and more just place for indigenous communities. As such, Deloria has also been labeled "the Dean of American Indian Studies" because of his work at shaping the intellectual and political agenda, which began in 1969 with the seminal publication of Custer Died for Your Sins: An Indian Manifesto and continued posthumously with works on the medicine man traditions throughout North America and a reflection on Carl Gustav Jung's analyses of american indian customs and beliefs. this seminar, the first of its kind, takes a comprehensive look at Deloria's philosophical and legalistic legacy by examining his major works and analyzing, in addition to critiquing, the ideas and opinions that shaped his intellectual career. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 516         | Concepts of Power and Indigeneity                      | Grounds students in the theory and concepts of power and indigeneity with comparisons with global Indigenous peoples and experiences. Through that theoretical understanding, examines and understands ways in which these concepts impact Indigenous communities and formulates ways in which to develop practical ways to address these issues.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 517         | Customary Tribal Law and Governance                    | Examines traditional governance systems, institutions, and cultures of American Indians, with emphasis on customary law, justice, and government.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 518         | Tribal Jurisdiction                                    | Examines traditional governance systems, institutions, and cultures of American Indians, with emphasis on customary law, justice, and government.   | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 519         | Burial Rights, Repatriation, and Sacred Places Matters | Probes U.S. laws and policies, court cases, and Indian struggles for dignity, burial rights, repatriation, and religious freedom from the late 1800s to the present. Examines developments in the United Nations and international arena pertaining to Indigenous human rights, religious freedom, repatriation, and sacred places protection. U.S. policies, laws, practices, court decisions, land developers, pot hunters, and archaeologists have restricted the human rights of American Indians in term of burial rights and religious freedom. Congress has enacted cultural resource and environmental protection laws, religious freedom, and reburial laws that aim to regulate the use and abuse of cultural resources and Indian rights.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 521         | American Indian Leadership and Resistance              | Examines the modern leadership struggles in American Indian communities with a foundation of traditional concepts of leadership. Topics include leadership qualities and systems pre-contact, federal-tribal relations, state-tribal relations, tribal politics, internal disputes, activism, mobilization, cultural continuity, social change, community leadership, political/elected leadership, diplomacy, political agendas, and other topics related to American Indian leadership and resistance.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AIS 445 or AIS 494 (Principles of American Indian Leadership) or AIS 521 |
| AIS     | 522         | Tribal Governance                                      | Explores American Indian leadership, political ideology, and the history and current state of tribal government. What makes tribal governments tick? Examines past and present challenges faced by leaders and members of indigenous communities. Brainstorms potential strategies for the further enhancement, protection, and assertion of this indigenous "brand" of governance. How do politics, policy development and the ever-changing face of indigenous sovereignty impact the way we think about governance? How can we educate and inspire tribal communities to have greater ownership and interest in government? Students engage with the current research, debate the issues, and learn from people who provide governance to indigenous communities. Case studies focus on specific issues in local communities. Individual portfolio project work facilitates learning and the articulation of leadership and governance as practiced by one particular tribe of your choice.                                      | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AIS     | 523         | Community Development with American Indian Communities | Tribal community development is more complicated than large urban population centers or even rural communities because tribal communities continue to struggle with years of colonial, paternalistic, and assimilationist federal policies that have impeded their efforts to become self-determined and self-governing nations. Provides students with the knowledge and skills they need to support community development in American Indian communities within a self-determined and self-governing context. Content includes: (1) a framework for review of current economic, political, social, and cultural issues facing American Indian communities; (2) an overview of community development theories, of the underlying values behind those ideas, and of the linkages between theory and practice in American Indian and other Indigenous communities; and (3) a sampling of intervention strategies and tactics for effective community development in American Indian communities.                                     | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| ALS     | 524         | Indian Control of Indian Education: Tribal Colleges and Universities | Examines American Indian control of education from a tribal college and university perspective. Focuses on the tribal college movement, including the historical and contemporary political, policy, research, and best practices that have influenced and sustained tribal colleges and universities.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | American Indian Studies Program          | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALS     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program          | 1-12  |                 |   |
| ALS     | 590         | Reading and Conference   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | American Indian Studies Program          | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALS     | 595         | Continuing Registration  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | American Indian Studies Program          | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALS     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | American Indian Studies Program          | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALS     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | American Indian Studies Program          | 1-12  |                 |   |
| ALA     | 100         | Introduction to Environmental Design                                 | Surveys environmental design: includes historic examples and the theoretical, social, technical, and environmental forces that shape them.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 3     | HU & H & G      | Credit is allowed for only ALA or PUP 100   |
| ALA     | 102         | Landscapes and Sustainability  | Surveys ideas relating to landscapes and sustainability and the role of landscape architecture in the creation of humanized environments.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 3     | HU & G          |   |
| ALA     | 121         | Design Fundamentals I  | Development of visual literacy. Introduces drawing and graphic representation as methods of seeing and problem solving.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 3     |                 | Prerequisite(s): Architectural Studies, Environmental Design, Interior Design, or Landscape Architecture major; Credit is allowed for only ALA 121 or INT 120                                     |
| ALA     | 122         | Design Fundamentals II   | Exercises in basic design, stressing creative problem-solving methods, principles of composition, and aesthetic evaluation. Development of vocabulary for environmental design.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts             | The Design School                        | 3     |                 | Prerequisite(s): ALA 121 with C or better; Architecture, Environmental Design or Landscape Architecture major. |---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|---|
| ALD     | 394         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-4   |                 |   |
| ALD     | 403         | Aging, Lifespan Development, and the Family      | Analyzes aging issues and their effects on family members of older adults. Integrates social policy, health, and relational factors.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).   |
| ALD     | 404         | Sexuality in Mid-Life and Beyond                 | Analyzes physical changes, myths and stereotypes, gender issues, and relationship issues pertaining to sexuality in the middle and older adult years.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).   |
| ALD     | 420         | Health Issues and Older Adults                   | Analyzes and synthesizes the biological, social, and behavioral aspects of health and healthcare delivery in the later adult years.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     | SB              | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC); Credit is allowed for only ALD 420, 520 or FAS 421                                      |
| ALD     | 431         | Caregiving for Older Adults                      | In-depth analysis of the theory and practice of caregiving for the senior population. Integrates multiple perspectives (family caregivers, professionals, paraprofessionals, government, and industry policies).  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC); Credit is allowed for only ALD 431, 531 or FAS 421                                      |
| ALD     | 440         | Social Policy and Aging                          | Critical analysis and evaluation of the historical, socio-political, and economic issues that are specific to older Americans. Includes federal, state, and local policy issues.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).   |
| ALD     | 460         | Alzheimer's and Related Dementias                | In-depth analysis of Alzheimer's disease and related dementias from a caregiver's perspective.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).   |
| ALD     | 472         | Women, Aging, and the Life Course                | Critical evaluation of issues affecting women as they age, including media messages, cultural differences, economic issues, and relationships.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Minimum 60 hours (including 6 hours of PSY and/or SOC).   |
| ALD     | 484         | Internship                                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 |   |
| ALD     | 493         | Honors Thesis                                    | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| ALD     | 494         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-4   |                 |   |
| ALD     | 498         | Pro-Seminar                                      | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-7   | L               |   |
| ALD     | 499         | Individualized Instruction                       | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-3   |                 |   |
| ALD     | 500         | Research Methods                                 | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 505         | Perspectives on Aging and the Life Course        | Overview of general issues of aging, including theoretical background, influences of earlier-life experiences, physical changes, social policies, relationships in mid-life and beyond, living options, caregiving, and retirement. Requires applied project.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 520         | Health Aspects of Aging Adults                   | Examines biological, social, and behavioral aspects of health in the later years, and the organization and delivery of care. Includes an emphasis on wellness.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Pre- or corequisite(s): ALD 505 with C or better; Credit is allowed for only ALD 420 or ALD 520 |
| ALD     | 525         | Mental Health in Midlife and Beyond              | Focuses on the psychological, emotional, and cognitive changes as individuals age. Includes assessment and treatment.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 531         | Caregiving Issues for Families and Professionals | Examines the issues of caregiving by family members, in-home aids, and professionals in care facilities. Focuses on issues related to providing care to older adults in a variety of settings. Includes social policy toward caregiving, caregiver stress and reward, the role of social workers, and cultural concerns.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre- or corequisite(s): ALD 505 with C or better if completed; Credit is allowed for only ALD 431 or ALD 531 or FAS 421   |
| ALD     | 535         | Physical Activity and Aging                      | Examines and discusses the theoretical and applied health-related research on physical activity and aging.  | N                 | REC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 540         | Public Policy Issues and Aging                   | Examines in detail the historical, socio-political, and economic issues that are specific to older Americans at the federal, state, and local levels. Requires applied project.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 545         | Elder Abuse and Neglect                          | Provides a comprehensive review of crimes against older adults. Includes all types of abuse and neglect, as well as prevention, intervention, and public policy.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 560         | Dementia   | Thorough examination of dementia and dementia syndromes, including Alzheimer's disease. Includes the complexity and diversity of behaviors that define dementia, and implications for planning interventions.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ALD 460 or 560   |
| ALD     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 583         | Fieldwork  | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ALD     | 584         | Internship                                       | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| ALD     | 590         | Reading and Conference                                      | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 594         | Conference and Workshop                                     | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 595         | Continuing Registration                                     | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALD     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | N                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Aging and Lifespan Development | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALT     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 1-4   |                 |  |
| ALT     | 360         | Renewable Energy Technologies: Fundamentals and Integration | Technical fundamentals, economic, and social aspects of renewable energy technologies with emphasis on solar cells, hydrogen economy, and fuel cells.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisites: MAT 266; PHY 112; CHM 113  |
| ALT     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 1-4   |                 |  |
| ALT     | 401         | Hydrogen Generation, Storage, and Distribution              | Overview of primary technologies, economic aspects, and social policy issues related to development of hydrogen systems and hydrogen economy.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre- or corequisite(s): ALT 360. Credit is allowed for only ALT 401 or ALT 501   |
| ALT     | 405         | Power Conditioning  | Fundamentals of power electronics; DC-DC converters and DC-AC inverters; battery charge controllers. Lab experience.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisites: EST 310; Credit is allowed for only ALT 405 or 505   |
| ALT     | 410         | Solar Cells and Module                                      | Basic device physics and engineering of solar cells. Lab experience on fabrication, characterization, and testing of solar cells and module.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisite: UET 331   |
| ALT     | 412         | Village Energy Systems                                      | The role of energy resources in economic development. The need for and use of energy at the Base of the Economic Pyramid (BoP). Individual Problem Based Learning (PBL) investigations of potential solutions to energy-poverty at the BoP.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): Senior Standing in Engineering, Engineering Technology, Mathematics or another Science-based curriculum. Credit is allowed for only ALT 412 or ALT 494 (Village Energy Systems) |
| ALT     | 420         | Electrochemical Energy Technologies                         | Thermodynamic and electrochemical principles of fuel cells. Hands-on experience on fabrication and testing of fuel cells; problem solving skills.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisites: CHM 113; ALT 360   |
| ALT     | 435         | Applied Photovoltaics                                       | Overview of solar radiation, operating principles of photovoltaics, qualitative analysis on influencing parameters. market trends, basics of PV systems.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisites: ALT 360; ALT 410 (not required for BAS students); Credit is allowed for only ALT 435 or 535  |
| ALT     | 445         | Automotive and Stationary Fuel Cell Systems                 | Practical overview of fuel cell systems for stationary, residential, and transportation applications based on load and duty cycle requirement of specific application.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Pre-requisites: ALT 360; CHM 113; Credit is allowed for only ALT 445 or 545  |
| ALT     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 1-4   |                 |  |
| ALT     | 502         | Batteries for Portable Electronics                          | Theoretical and practical overview of primary, secondary, and lithium batteries. Key performance characteristics, construction materials, typical applications, recycling, and disposal.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALT     | 503         | Fuel Cells for Portable Electronics                         | Overview of electrochemistry, portable electronics industry, principles of fuel cells, and prospects for micro fuel cells.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALT     | 505         | Power Conditioning  | Fundamentals of power electronics, DC-DC converters and DC-AC inverters, battery charge controllers.  | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Credit is allowed for only ALT 405 or 505  |
| ALT     | 507         | Evaluations of Photovoltaic and Fuel Cell Systems           | Field testing, data collection, and evaluation of real-world photovoltaic and fuel cell systems available on campus and data analysis.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ALT     | 512         | Village Energy Systems                                      | Establishes leadership in the development of energy resources at the Base of the Economic Pyramid (BoP). Individual Problem-Based Learning (PBL) investigations of potential solutions to energy-poverty at the BoP.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): Graduate Standing in Engineering, Engineering Technology, Mathematics or another Science-based curriculum; Credit allowed for only ALT 512 or ALT 598 (Village Energy Systems)  |
| ALT     | 515         | Alternative Energy Reliability and Standards                | Alternative energy systems and their reliability issues, accelerated life and safety testing, standards and codes, regulatory requirements.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering                | Engineering Programs                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                        | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------------------------|-------|-----------------|--|
| ALT     | 535         | Applied Photovoltaics                       | Term projects, overview of solar radiation, operating principles, qualitative analysis on influencing parameters, market trends, basics of PV systems.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering    | Engineering Programs              | 3     |                 | Pre-requisites: Graduate status; Credit is allowed for only ALT 435 or 535                                   |
| ALT     | 545         | Automotive and Stationary Fuel Cell Systems | Practical overview of fuel cell systems for stationary, residential, and transportation applications based on load and duty cycle requirement of specific applications.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering    | Engineering Programs              | 3     |                 | Pre-requisites: Graduate status. Credit is allowed for only ALT 445 or 545                                   |
| ALT     | 598         | Special Topics                              | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering    | Engineering Programs              | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AME     | 101         | ASU Digital Culture Experience              | Orientation to the Digital Culture program with emphasis on resources for academic success.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1     |                 | Prerequisite(s): Digital Culture BA major  |
| AME     | 111         | Introduction to Digital Culture             | Examines the effects of digital technology on the way we live, communicate, learn, and create. Proposes that we are moving towards a hybrid (physical-digital) existence and culture. Traces that evolution, looks at current examples of hybrid cultural processes and outcomes, and discusses possible future trends. Discusses how these changes are influencing the work and career possibilities of people involved in all aspects of human culture. Comprises diverse readings, media products, class interaction, group discussion and hands-on collaborative projects exploring concepts covered in class. Also includes a number of guest lectures from ASU faculty.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     | CS              | Credit is allowed for only AME 111 or 194 (Introduction to Digital Culture)                                  |
| AME     | 112         | Computational Thinking for Digital Culture  | Introduces fundamental concepts relevant for understanding computation. What are algorithms and how can computer code express them? Basics of how real-world signals are captured, encoded, recorded, retrieved and decoded. Designed for students with little or no background in programming.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Credit is allowed for only AME 112 or 194 (Computational Thinking for Digital Culture)                       |
| AME     | 120         | Digital Culture Studio                      | Provides advice on career preparation and industry skills through a series of guest lectures. Sample topics include resumes, personal Websites and portfolios, how to pitch a project idea, and topics chosen by guest industry presenters.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1     |                 | Credit is allowed for only AME 120 or AME 194 (Digital Culture Studio)                                       |
| AME     | 130         | Prototyping Dreams                          | How do you build your dreams? Explores the idea of inspirational prototyping across multiple media, including physical fabrication, science fiction, virtual worlds and film. Students create and iterate their own prototypes for visions of the future: new technologies, solutions to challenges, and tools or systems that expand the horizon of human potential. These prototypes do not have to be functional tools, but they must be functional stories, effectively sharing the creator's vision with others. Just as the Star Trek communicator inspired early cellphones, these prototypes will help shape new conversations about the future we want to build. Surveys a series of creative paradigms for inspirational prototyping, including design fiction, rapid fabrication and 3D printing, science fiction prototyping, gaming and virtual world-building. | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     | L               | Credit is allowed for only AME 130 or AME 194 (Prototyping Dreams)   |
| AME     | 194         | Special Topics                              | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-4   |                 |  |
| AME     | 210         | Media Editing                               | Introduces the fundamental principles of media editing including form, composition, structure, pattern, sequence and rhythm. Using a combination of open source, commercial and custom-designed tools and platforms, students design, construct, communicate and interpret rich media messages. Through creating and critiquing visual compositions, audiovisual artifacts, spatial narratives or generated graphs, students explore the practice of media editing as a spatial, temporal and dynamic process.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Credit is allowed for only AME 210 or AME 294 (Media Editing) or DSC 294 (Media Editing)                     |
| AME     | 220         | Programming for the Web                     | Introduces a range of technologies used for Web development: marking up content with HTML, styling with CSS and interaction using Javascript. Explores the latest foundational Web standards such as HTML5 and CSS3 to learn how to create compelling content for the World Wide Web. Goes beyond simply coding a Web page to understanding how the Web works. The World Wide Web is used in an incredible variety of applications that we now find integral to our lives, from talking to our friends on Facebook to discovering music on the iTunes Music Store, paying bills from our bank's Web site to finding the route to our vacation destination on Google maps. Investigates how Web standards have enabled the creation of dynamic applications delivered over the Internet.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 230 or CSE 110; Credit is allowed for only AME 220 or AME 294 (Programming for the Web) |
| AME     | 230         | Programming for the Media Arts              | Introductory-level course in practical aspects of programming systems for media arts. Explores techniques in programming in the context of images, sounds, interaction, networking and data visualization. Uses the processing programming language, an accessible yet powerful environment for learning how to program. Students create images, animations and interactive programs, and learn how to use images, movies, sound files, microphones and cameras in their programs.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     | CS              | Credit is allowed for only AME 230 or AME 294 (Programming for Media Arts)                                   |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------------------------|-------|-----------------|---|
| AME     | 244         | Introduction to Interactive Environments                  | Introduces software programming in the context of real-time interactivity. Builds the skills and develops the confidence needed to produce interactive audiovisual environments. Primarily uses the Max 7 (cycling74.com) programming language to write code for manipulating digital images, sounds and video in real time. For these systems to be interactive (respond to human activity), uses the tools and techniques for gathering and processing real-time input from sensors such as microphones, electronics, cameras and interface devices.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Credit is allowed for only AME 244 or ART 244 or AME 294 (Introduction to Interactive Environments) or ART 294 (Introduction to Interactive Environments)   |
| AME     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-4   |                 |   |
| AME     | 310         | Media Literacies and Composition                          | When we integrate computational systems into the core of our cultural and social practices, we reinvent how we tell stories. The roles of creators, critics and audiences are blurring at the same time that digital tools allow us to infinitely reproduce and remix narratives, radically changing what we mean by the "work" or "text." These new media platforms empower us to create, share and respond to cultural narratives that defy traditional notions of how stories operate, demanding new literacies. Explores our powers and responsibilities as readers, writers and creators of new cultural languages, including new forms such as games, digital video, electronic literature and social media. Students study relevant media narratives and cultural ecosystems from the 20th and 21st centuries, acquiring a set of literacies that they hone through practices of authorship, critique and collaboration, culminating in the presentation of their own digital media narratives. | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): ENG 101, 105, or 107; minimum 45 hours; Credit is allowed for only AME 310 or AME 394 (Media Literacies & Composition)   |
| AME     | 320         | Motion Capture for Integrative Systems                    | Presents the broad principles and techniques for movement study in oneself and others that includes applied, dynamic anatomy. Also presents the functional techniques for motion capture with a special emphasis on the capture of human movement from visual sensors. Students understand the technology behind motion capture; a high-level understanding of movement and anatomical systems; the ability to perform motion capture and customize it to suit the requirements of specific creative applications in animation, sound and live performance as well as applications in movement rehabilitation and education. Looks at the technology behind various modern motion capture systems based on markers, inertial sensors, accelerometers, and depth sensors, so the student appreciates the technical capabilities and limitations of each technique.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only AME 320 or AME 394 (Motion Capture for Integrative Systems)   |
| AME     | 330         | Digital-Physical Systems                                  | Hands-on course where students explore digital-physical systems by working with the fundamental building blocks of interactive technologies and examining exemplar works of media art. Basics of electronics, circuit design, sensors, actuators, simple mechanical design, the iterative design process and microcontroller programming. Emphasizes media and arts applications such as real-time interactive performance, robotic installations and tangible computer interfaces. Prior knowledge in hardware/circuit design is not required.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): Digital Culture major; AME 230; minimum 45 hours; Credit is allowed for only AME 330 or AME 394 (How to Build a Digital-Physical System)   |
| AME     | 340         | Compositional and Computational Principles for Media Arts | In much of today's contemporary art practice there is a tight coupling of compositional form, content and underlying computational mechanisms. This integration holds the potential to yield new modes of expression and wholly new art experiences as is evident in emerging forms of real-time generative art, network-based art, game-based art, and interactive performance. As both practitioners and participants, we must develop a critical understanding of the relevant compositional and computational principles that frame this work. Students study relevant media art works from the 20th and 21st century, develop a working understanding of fundamental compositional and computational principles, and apply their understanding through the realization of exploratory media artworks that are presented at the end of the semester.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): Digital Culture major; minimum 45 hours. Credit is allowed for only AME 340 or AME 394 (Compositional & Computational Principles for Media)  |
| AME     | 385         | Collaborative Projects and Research I                     | Project-based class for experience in collaborative design principles, project pitching and research. Includes readings and small projects with teams formed at the outset of the class. Over the course, teams develop their own project along with a schedule for realization. Project themes vary, yet all projects must explore relationships of digital technologies and cultural products or processes. Includes presentations, discussion and analysis of team projects.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): BA in the Arts (Digital Culture) or BA Design Studies (Digital Culture) or Digital Culture major; Minimum 45 earned hours; Credit is allowed for only AME 385 or 394 (Collaborative Projects & Research I) |
| AME     | 386         | Collaborative Projects and Research II                    | Project-based class for experience in collaborative design principles, project pitching and research. Includes readings and small projects with teams formed at the outset of the class. Over the course, teams develop their own project along with a schedule for realization. Project themes vary, yet all projects must explore relationships of digital technologies and cultural products or processes. Includes presentations, discussion and analysis of team projects.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Pre-requisites: AME 385; Credit is allowed for only AME 386 or 394 (Collaborative Projects & Research II)   |
| AME     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-4   |                 |   |

| AME     | 410         | Interactive Materials                        | Focuses on embedding computational media into the physical world. Students make, tinker and experiment with high-tech and low-tech materials, ranging from electronics (microcontrollers, sensors and actuators) to softer components including textiles, paper, paints, food and organic/living systems. Hands-on, materially oriented work is grounded in theoretical concepts from HCI (Human Computer Interaction), design and information studies to prototype tangible interactive systems.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 330 or AME 394 (How to Build a Digital-Physical System); Credit is allowed for only AME 410 or AME 494 (Interactive Materials)   |
| AME     | 411         | Advanced Interactive Sound                   | Explores the development of interactive music systems. Covers a variety of sound synthesis methods with particular emphasis as to how they can be used in real-time sound creation. Covers techniques for sensing such as computer vision, sound analysis, tangible interfaces and 3D sensing.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): MDC 311; Credit is allowed for only AME 411 or AME 511 or MDC 411 or MDC 511 or AME/MDC 494 (Advanced Interactive Sound) or AME/MDC 598 (Advanced Interactive Sound)                                       |
| AME     | 430         | Mac Development for Media Arts               | Explores native application development for OS X (Macintosh) for use in the domain of media arts. Project-based course covers the native Xcode development environment and the C and Objective-C programming languages. Native applications are able to achieve the highest levels of performance; they leverage the unique technologies built for a platform and they are able to participate in the native user experience (look and feel) that all users of a popular platform expect. To understand native apps for OS X, the course examines a number of code frameworks provided for developers by Apple (the core of which are often called Cocoa), including Foundation, AppKit, AV Foundation, Core Animation and SpriteKit.                         | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 230; Credit is allowed for only AME 430 or AME 494 (Mac Development for Media Arts)  |
| AME     | 435         | Mobile Development                           | Explores native application development for iOS for use in the domain of media arts. Project-based course covers the native Xcode development environment, and the Swift programming language. Native applications are able to achieve the highest levels of performance, they leverage the unique technologies built for a platform, and they are able to participate in the native user experience (look and feel) that all users of a popular platform expect. Examines a variety of frameworks such as UIKit, CoreMotion, CoreLocation, MapKit, AVFoundation AVKit, and SpriteKit to understand native apps for iOS.  | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 430 or AME 494 (Mac Development for Media Arts); Credit is allowed for only AME 435 or AME 535 or AME 494 (Mobile Development) or AME 598 (Mobile Development)   |
| AME     | 444         | Media Installations                          | Investigates historical and contemporary instances of the media installation, not only as a form of art but as a cultural artifact that appears in a variety of contexts. Students design and build media installations by learning to gather, manipulate and present many different kinds of media using a variety of high- and low-tech tools and techniques. Advanced skills with the tools and techniques for creating and manipulating digital images, sounds, graphics and video. Students learn how to make installations interactive by integrating sensors, input devices and computer vision systems. Design, build and refine media installations, and learn to document these installations at a high level using the latest video editing tools. | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 244 or AME 294 (Introduction to Interactive Environments); Credit is allowed for only AME 444 or AME 494 (Media Installations) or AME 544 or AME 598 (Media Installations)                             |
| AME     | 470         | Programming for Social and Interactive Media | Web sites, desktop applications connected to the "cloud" and mobile applications depend on services supplied by server-based software that is the invisible center of users' networked experiences. Applications and data servered over the Web are at the core of popular software from social applications such as Facebook, Twitter or Instagram to networked media like iTunes, Netflix or Hulu. Investigates the development of Web applications and services. Creates modern dynamic Web applications using open source technologies.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): Digital Culture major; minimum 45 hours; Credit is allowed for only AME 470 or AME 570 or AME 494 (Programming for Social and Interactive Media) or AME 598 (Programming for Social and Interactive Media) |
| AME     | 484         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 |   |
| AME     | 485         | Digital Culture Capstone I                   | Senior capstone projects in digital culture are interdisciplinary team projects that offer experience in diverse collaborations for solving complex problems, a proficiency widely demanded by employers. Students integrate, extend and apply information, principles, theories and/or methods learned in previous courses while supervised by the instructor.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): Digital Culture major, minor, or certificate; minimum 70 hours; Credit is allowed for only AME 485 or AME 494 (Digital Culture Capstone I)   |
| AME     | 486         | Digital Culture Capstone II                  | Senior capstone projects in digital culture are interdisciplinary team projects that offer experience in diverse collaborations for solving complex problems, a proficiency widely demanded by employers. Students integrate, extend and apply information, principles, theories and/or methods learned in previous courses while supervised by the instructor.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Pre-requisites: AME 485; Credit is allowed for only AME 486 or 494 (Digital Culture Capstone II)  |
| AME     | 492         | Honors Directed Study                        | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AME     | 493         | Honors Thesis                                | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| AME     | 494         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-4   |                 |   |
| AME     | 498         | Pro-Seminar                                  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-7   | L               |   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------------------------|-------|-----------------|---|
| AME     | 499         | Individualized Instruction                                     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-3   |                 |   |
| AME     | 511         | Advanced Interactive Sound                                     | Explores the development of interactive music systems. Covers a variety of sound synthesis methods with particular emphasis as to how they can be used in real-time sound creation. Covers techniques for sensing such as computer vision, sound analysis, tangible interfaces and 3D sensing.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 411 or AME 511 or MDC 411 or MDC 511 or AME/MDC 494 (Advanced Interactive Sound) or AME/MDC 598 (Advanced Interactive Sound) |
| AME     | 520         | Understanding Activity   | Focuses on computational and humanistic underpinnings for describing human activities for interactive systems. Obtains a holistic understanding of both the computational models, as well as somatic approaches, and enables their translation into meaningful interactive systems for a variety of applications. Project-driven course encourages students to work individually and collaboratively to generate movement to interface with appropriate sensing, analysis and feedback systems with applications in health and well being, creative practices and games. Transdisciplinary course; therefore, expectations for skills and outcomes are multiple and varied, with students expected to work with students and ideas from other disciplines.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 520 or AME 598 (Understanding Activity)  |
| AME     | 530         | Experiential Media Studies I                                   | Focuses on media arts and sciences in the 20th and 21st centuries, discussing issues surrounding the evolution of media art research and creation practices, methods of criticism and analysis, transdisciplinary work and research, collaboration and current trends. Emphasizes the methodology, theory and history behind the experimental study of experience via experiential systems. Directed toward those interested in researching, designing, building or critiquing experiential media systems that are culturally or technoscientifically provocative and socially meaningful.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 531         | Experiential Media Studies II                                  | Engages students in the theory and practice of designing and evaluating experiential media systems. Introduces advanced topics building on ideas and concepts explored in the companion introductory course. Based on furnished examples as well as their own experience, students create and critique a variety of integrated media systems demonstrating technical competence, aesthetic knowledge, analytic rigor and theoretical relevance.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): AME 530  |
| AME     | 532         | Creating by Algorithm  | Focuses on creation of media of all kinds using computation. Using algorithms it is possible to create complex media that is difficult or impossible by traditional methods. Some techniques can capture the unpredictable evolutionary and emergent behavior found in nature. Investigates influential algorithmic methods including stochastic processes and Markov chains, Perlin noise, cellular automata, fractals, L-systems and genetic algorithms.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 533         | Realtime Data Analysis and Pattern Recognition for Interaction | Real-time computing is increasingly used in a variety of settings and scenarios--no more so than in mobile computing. Embedded within our mobile devices are a multitude of onboard sensors, including a three-axis accelerometer, magnetometers, microphones, cameras and GPS. Explores, through the frame of mobile computing, the foundations of employing real-time sensor, visual or audio signals to deliver novel media applications. Introduces computational techniques for classification, detection and recognition of these diverse signal sources through practical example and relevant literature, including signal smoothing, feature extraction, clustering, pattern recognition, neural networks and content classification. Introduces the technical possibilities for such systems as well as the considerations involved in designing and developing real-time solutions. | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 535         | Mobile Development   | Explores native application development for iOS for use in the domain of media arts. Project-based course covers the native Xcode development environment, and the Swift programming language. Native applications are able to achieve the highest levels of performance, they leverage the unique technologies built for a platform, and they are able to participate in the native user experience (look and feel) that all users of a popular platform expect. Examines a variety of frameworks such as UIKit, CoreMotion, CoreLocation, MapKit, AVFoundation AVKit, and SpriteKit to understand native apps for iOS.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 435 or AME 535 or AME 494 (Mobile Development) or AME 598 (Mobile Development)   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                 | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department                        | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|-----------------------------------|-------|-----------------|---|
| AME     | 541         | Interactive Forms                            | This course explores how computational models can enhance the form, meaning, and engagement of interactive mediated experiences. Special emphasis is given on how new computational models (stochastic procedures, non-linear dynamics) can be used to mediate the complexity of our current experiences.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 544         | Media Installations                          | Investigates historical and contemporary instances of the media installation, not only as a form of art but as a cultural artifact that appears in a variety of contexts. Students design and build media installations by learning to gather, manipulate and present many different kinds of media using a variety of high- and low-tech tools and techniques. Advanced skills with the tools and techniques for creating and manipulating digital images, sounds, graphics and video. Students learn how to make installations interactive by integrating sensors, input devices and computer vision systems. Design, build and refine media installations, and learn to document these installations at a high level using the latest video editing tools. | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 444 or AME 544 or AME 598 (Media Installations)  |
| AME     | 570         | Programming for Social and Interactive Media | Web sites, desktop applications connected to the "cloud" and mobile applications depend on services supplied by server-based software that is the invisible center of users' networked experiences. Applications and data servered over the Web are at the core of popular software from social applications such as Facebook, Twitter or Instagram to networked media like iTunes, Netflix or Hulu. Investigates the development of Web applications and services. Creates modern dynamic Web applications using open source technologies.   | N                 | LEL               | N               | GNA           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AME 470 or AME 570 or AME 494 (Programming for Social and Interactive Media) or AME 598 (Programming for Social and Interactive Media) |
| AME     | 584         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 590         | Reading And Conference                       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | N                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 591         | Seminar                                      | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 592         | Research                                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 593         | Applied Project                              | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 595         | Continuing Registration                      | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 598         | Special Topics                               | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 599         | Thesis                                       | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 684         | Internship                                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AME     | 691         | Seminar                                      | A small class emphasizing discussion, presentations by students and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | Arts, Media and Engineering Sch T | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| AML     | 100         | Introduction to Applied Mathematics for the Life and Social Sciences                  | Introduces quantitative techniques as applied to problems in the life and social sciences. Includes challenges like understanding the complexities of the human genome or the implications of globalization for infectious disease, human health, and economic stability.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | MA              | Prerequisite(s): MAT 117 or higher with C or better or Mathematics Placement Test with a score of 50% or higher or ALEKS score of 61 or higher; Credit is allowed for only AML 100 or SOS 101   |
| AML     | 191         | First-Year Seminar  | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-3   |                 |   |
| AML     | 194         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| AML     | 253         | Introduction to Mathematical Tools and Modeling for the Life and Social Sciences      | Introduces the evaluation and construction of mathematical models used in the life and social sciences. Includes the basic steps in developing a model, analyzing it, and testing it with actual data. Covers the first steps concerning how to use formal mathematical techniques including developing equation-based relationships, plotting graphs, linear regression, and solving equations using computer software.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): AML 100 or SOS 101 with C or better  |
| AML     | 294         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| AML     | 330         | Social Simulation   | Students will apply computer simulation and agent-based modeling techniques to study social systems relating to concrete research questions.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     | CS              | Prerequisite(s): AML 100 or MAT 142, 170, 210, 265, or 270 with C or better OR Mathematics Placement Test score of 50% or higher; minimum 56 hours; Credit is allowed for only ASB 430 or CPI 430 or AML 330  |
| AML     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| AML     | 406         | Directed Reading and Research in Applied Mathematics for the Life and Social Sciences | Collaborative, practice-oriented course where students produce individual or team-initiated research project reports on pertinent topics in the life and social sciences. Students select topics, design, identify and formulate effective research ideas, and then translate them into clear and effective research plans.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisites:AML 100 and MAT 342 (or MAT 343); 86 minimum hours   |
| AML     | 441         | Mathematical Concepts and Tools in Sustainability                                     | Explores various mathematical analysis and models pertinent to sustainability science drawn from both social and natural sciences and introduced in a problem-based context. Demonstrates basic concepts from game theory such as pure-strategy and mixed-strategy Nash equilibriums in such classic games as prisoner's dilemma, hawk-dove, coordination. Explores the evolutionary dynamics of these games through the replicator equations. Studies important concepts of stability and regime shift for selected problems. Also discusses some basic solution concepts in cooperative game theory (depending on interest and time).  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s) with C or better: AML 253, or SOS 210(or SOS 294 Intro to Math Tools & Modeling). Credit is allowed for only AML 441 or 494 (Math Concepts & Tools in Sustainability) or SOS 441 or 494 (Mathematical Concepts and Tools in Sustainability) |
| AML     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |   |
| AML     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AML     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| AML     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| AML     | 497         | Honors Colloquium   | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | SEM               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AML     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-7   | L               |   |
| AML     | 499         | Individualized Instruction  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. This course may be taken only by outstanding senior students who have completed at least one semester in residence and who have a cumulative GPA of 3.00 or higher in the major or field of specialization. A special class fee may be required. | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-3   |                 |   |
| AML     | 520         | Agent-Based Modeling  | Introduces agent-based modeling to simulate social and social-ecological systems. Topics include design, analysis, and empirical grounding of agent-based models to a variety of application domains including collective action, diffusion processes, resource use, health, and complex societies.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| Subject | Catalog Nbr | Course Title  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| AML     | 540         | Statistical Modeling for Sustainability                               | Equips students with sufficient knowledge of statistical theory and methods of applied data analysis to begin conducting empirical analyses in their domains of interest; bring students to a high level of competency in using a cutting-edge statistical software package (Stata) for data management and data analysis tasks; expose students to applications of statistical methods in the economics/policy/social science sustainability literatures in order to develop an understanding for how statistical tools are operationalized in the research world; and develop an appreciation for the careful synthesis of social and natural science theory, knowledge of data and its limitations and command of statistical tools that constitute quality empirical research. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Pre-requisites: Graduate (degree or non-degree) student; Credit is allowed for only AML, ESS or SOS 540   |
| AML     | 541         | Mathematical Concepts and Tools in Sustainability                     | Explores various mathematical analysis and models pertinent to sustainability science drawn from both social and natural sciences and introduced in a problem-based context. Demonstrates basic concepts from game theory such as pure-strategy and mixed-strategy Nash equilibriums in such classic games as prisoner's dilemma, hawk-dove, coordination. Explores the evolutionary dynamics of these games through the replicator equations. Studies important concepts of stability and regime shift for selected problems. Also discusses some basic solution concepts in cooperative game theory (depending on interest and time).  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit allowed for only AML 494 (Math Concepts & Tools in Sustainability), AML 541, SOS 494 (Math Concepts & Tools in Sustainability), SOS 541 or SOS 598 (Math Concepts & Tools in Sustainability) |
| AML     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 592         | Research  | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 593         | Applied Project   | Preparation of a supervised applied project that is a graduation requirement in some professional majors.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 595         | Continuing Registration   | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 598         | Special Topics  | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 599         | Thesis  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 610         | Topics in Applied Mathematics for the Life and Social Sciences        | Introductory course in applied mathematics for the life and social sciences, combined with the first semester of a two-semester course in mathematical biology. Provides a solid introduction to the modeling of biological and social processes as well as to some of the mathematical approaches involved in their analysis and simulation.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 612         | Applied Mathematics for the Life and Social Sciences Modeling Seminar | Presents and applies mathematical modeling principles and techniques for representing the structure and operation of complex life and social systems and processes. Helps students identify potential problems in the life and social sciences and the corresponding mathematical and statistical methods that can be used for their study.  | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 680         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 684         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AML     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| AMS     | 332         | Studies in Race and Ethnicity  | Topics relating to issues of race and ethnicity in American life. May be repeated for credit when topics vary.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 |  |
| AMS     | 334         | Class in America   | Explores social class and inequality in the U.S. including history, culture, work, politics, globalization, and intersections of gender, race, ethnicity, and place.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB              | Prerequisite(s): minimum sophomore standing  |
| AMS     | 335         | American Biography   | Topics in biographies of individuals, comparative biographies, the art of biography, and the function of autobiography.   | N                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 | Pre-requisites: Minimum 45 hours   |
| AMS     | 336         | The American Southwest in Literature and Film                          | Evaluates literary texts and films addressing the diverse literatures and cultures of the American Southwest.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AMS 336 or ENG 334 or ETH 334   |
| AMS     | 353         | African American Literature: Beginnings through the Harlem Renaissance | Focuses on the history of African American literature through the Harlem Renaissance, as exemplified in selected slave narratives, poems, and fiction.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 353 (or AFH 353) or AMS 353 or ENG 353 or ETH 353                     |
| AMS     | 354         | African American Literature: Harlem Renaissance to the Present         | Examines the literary productions of African Americans from the Harlem Renaissance (about 1920) to the present focusing on fiction, poetry, drama, and essays.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | (L or HU) & C   | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only AFR 354 (or AFH 354) or AMS 354 or ENG 354 or ETH 354                     |
| AMS     | 380         | Race, Gender, and Class  | In-depth examination of how social inequalities are reproduced and perpetuated. Explores the intersections of race, class and gender in culture and society.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): WST 100 or WST 300 or minimum 30 hours; Credit is allowed for only AMS 380 or ETH 380 or WST 380  |
| AMS     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 |  |
| AMS     | 412         | Studies in American Politics & Law                                     | Topics in American political and legal systems, including social movements in the United States and women and the law. May be repeated for credit when topics vary.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | H               |  |
| AMS     | 417         | Religious Traditions of the American Southwest                         | Examines the sacred traditions that have evolved within the North American Southwest context.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 |  |
| AMS     | 420         | Theatre in America   | Examines the major movements and pivotal moments in the history of American theatre from the 1700s to its current state, particularly its efforts to establish an identity that reflects the unique and changing citizenry of the United States.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Film, Dance and Theatre                | 3     | HU              | Prerequisite(s): minimum 40 hours. Credit is allowed for only AMS 420 or IAP 420 or THE 420  |
| AMS     | 420         | Theatre in America   | Examines the major movements and pivotal moments in the history of American theatre from the 1700s to its current state, particularly its efforts to establish an identity that reflects the unique and changing citizenry of the United States.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU              | Prerequisite(s): minimum 40 hours. Credit is allowed for only AMS 420 or IAP 420 or THE 420  |
| AMS     | 422         | Studies in American Literature   | Topics in American literature, including contemporary American comic fiction, literature of the American South, literature of American wars, Hispanic chronicles of the Southwest, literature of la Chicana, and American rhetoric. May be repeated for credit when topics vary.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 |  |
| AMS     | 428         | Chicano Cultures in the Southwest                                      | Examines the history and cultures of people of Mexican descent in the Southwestern region of the United States through exploration of "cultural citizenship" and "belonging" as they relate to the pursuit of civil rights, equality, justice and cultural production.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB              | Prerequisite(s): ENG 102 or 105 or 108 with C or better; Credit is allowed for only AMS 428 or ETH 428 or LAS 428 or MAS 598 (Chicano Cultures in Southwest) |
| AMS     | 429         | Interdisciplinary Topics   | Senior-level seminar that examines issues relevant to two or more American cultures' fields. Topics may include Southwest/border Hispanic folklore, Southwestern corridors, American art and the city, and the West of the imagination. May be repeated for credit when topics vary.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 |  |
| AMS     | 431         | Gender Studies   | Topics relating to issues of gender in American life. May be repeated for credit when topics vary.  | N                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     |                 |  |
| AMS     | 449         | Hate Speech, Manifestos, and Radical Writings                          | Examines writings, speeches and texts that provoke radical or even revolutionary social change. At its core, this course asks: What is the radical and what does it do? How do radical writings function as texts, speech acts, inspirational documents, testimonies, accounts of madness, frightening moments, calls to arms, peacekeeping entities or speaking truth to power? Examines injurious speech and provocative writings that span a range of social movements and topics, including radical feminism, radical queer, Black power, indigenous rights, art and performance, anti-technology, animal rights, violence, madness and revolutionary resistance. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | SB & C          | Prerequisite(s): minimum 35 hours; minimum 2.50 GPA; Credit is allowed for only AMS 449 or ETH 449 or WST 449 or WST 394 (Hate Speech and Manifestos)        |
| AMS     | 450         | Latina/os, Schooling and Social Inequality                             | Advanced interdisciplinary understanding of the issues facing Chicano, Mexican American and Latino communities in relation to K-16 schooling in the southwestern United States. Examines various schools of thought that have shaped social discourse and policies, develops a critical perspective on the social and political issues affecting education, and identifies issues--both historical and contemporary--affecting Chicanos in public education.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | C               | Prerequisite(s): minimum 45 hours; Credit is allowed for only AMS 450 or ETH 450 or LAS 450 or AMS 429 (Latino/a School & Social Inequity)                   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| AMS     | 469         | Abject Bodies and the Politics of Trash            | Examines the possibilities inherent in "theorizing from the gutter"; looking at the world not from a lofty "Ivory Tower" but from the slime, the muck, the dumpster, the trash heap, the wasteland, the discarded and the downtrodden. Takes its theoretical framework from a radical 1960s manifesto called SCUM Manifesto by Valerie Solanas and from the French feminist philosophies of Julia Kristeva, who theorized the abject as a relationship with the grotesque that reveals the deep-seated fear of death. Uses these theoretical positions to examine trash, both abstractly and literally. Works through a variety of concepts ranging from actual trash, garbage, waste, toxic sludge, pollution and dirt, and tackles more abstract notions of trash such as the knowledge produced on the fringe in circuses, amusement parks, "trailer trash" zones, freak shows and the bodies of those marked as "Other" or different. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 3     | SB & C          | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 36 hours; Credit is allowed for only AMS 469 or ETH 469 or WST 469 or WST 494 (Trash, Freaks and SCUM) or JHR 598 (Trash, Freaks and SCUM) or MAS 598 (Trash, Freaks and SCUM) |

| AMS     | 502         | American Studies: Theory and Method                | Explores some of the major themes in American studies scholarship by considering American cultural formation and change over the last two centuries.  | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 3     |                 | Prerequisite(s): MA American Studies major   |
| AMS     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMS     | 590         | Reading and Conference                             | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMS     | 593         | Applied Project                                    | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 |  |
| AMS     | 593         | Applied Project                                    | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 1-12  |                 |  |
| AMS     | 594         | Conference and Workshop                            | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Humanities, Arts, and Cultural Studies   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMS     | 598         | Special Topics                                     | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-4   |                 |  |
| AMS     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | Historical, Philosophical & Religious Studies, Sch | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMT     | 101         | Introduction to Aeronautical Management Technology | Facilitates entry into aeronautical management technology programs. Emphasizes General Catalog; major and concentration requirements, registration, careers, and Polytechnic campus resources. Introduces various learning styles and strategies that assist students in becoming successful learners. Emphasizes time management techniques and academic integrity.  | N                 | LEC               | N               | OPT           | Ira A. | Subject | Catalog Nbr | Course Title                              | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department        | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|---------------------------|-------------------|-------|-----------------|---|
| AMT     | 105         | Flight Operations and Safety I            | Supervised private pilot operations, flight instruction, flight safety briefings and recurrent aviation subjects appropriate for private pilots. Flight instruction is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons and FAA Practical Exam(s) within the appropriate flight training syllabus and satisfactorily completing all academic requirements. Flight instruction costs are not included in university tuition and fees. Students following the single engine flight training track earn their Single Engine Private Pilot certificate. Students following the multiengine flight training track earn their Single Engine Private Pilot Certificate and their Multiengine Private Pilot certificate. | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) major; approved Secondary Flight application; Pre- or corequisite(s): AMT 182 with C or better if completed; AMT 220 with C or better if completed            |
| AMT     | 110         | Flight Operations and Safety II           | Concludes supervised private pilot operations and flight training and introduces students to supervised commercial pilot operations, flight training, flight safety briefings, and recurrent aviation subjects appropriate for private and commercial pilots. Flight instruction costs are not included in university tuition and fees.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) major; AMT 105  |
| AMT     | 150         | Flight Operations and Safety III          | Introduces the tasks of commercial and instrument pilot flight operations. Flight instruction, lecture, quizzes and discussion of the current flight syllabus topics, AMT Student Information Handbook & ATP Student Handbook as well as safety and other informational briefings are primary activities. Students must maintain enrollment in the appropriate Flight Operations and Safety course while engaging in flight training activities. The flight training is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons within the appropriate FAA-approved Part 141 training syllabus and satisfactorily completing all academic requirements.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) major; AMT 110  |
| AMT     | 151         | Flight Operations and Safety III.a        | Introduces the tasks of commercial and instrument pilot flight operations. Flight instruction, lecture, quizzes and discussion of the current flight syllabus topics, AMT Student Information Handbook & ATP Student Handbook as well as safety and other informational briefings are primary activities. Students must maintain enrollment in the appropriate Flight Operations and Safety course while engaging in flight training activities. The flight training is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons within the appropriate FAA-approved Part 141 training syllabus and satisfactorily completing all academic requirements.   | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) major; AMT 110 with C or better   |
| AMT     | 170         | Introduction to Unmanned Aircraft Systems | Introduces the history of unmanned aircraft systems and current and future developments in civil and military operations. Specific blocks deal with elements that form an unmanned aircraft system: unmanned vehicles, communication, navigation, launch and recovery, control stations, payloads, and support equipment. Explores other current issues in unmanned aircraft operations: aviation regulatory system and integration, safety and human factors, ethical and legal issues, and the future unmanned aircraft systems.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 |   |
| AMT     | 182         | Private Pilot Ground School               | Ground school preparation for Private Pilot Certificate. Aerodynamics, navigation, performance, and regulations.   | N                 | LEL               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 |   |
| AMT     | 194         | Special Topics                            | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. ## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                   | Department        | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|---------------------------|-------------------|-------|-----------------|---|
| AMT     | 270         | Unmanned Aircraft                           | Introduces elements comprising the unmanned aircraft system (UAS). Includes review of UAS, Unmanned Aerial Vehicle (UAV); system development and certification, selection and design, aerodynamics and airframe configurations, characteristics of vehicle types, design standards and regulatory aspects, airframe design, payload types, and control and stability. Students apply concepts acquired in classroom sessions and construct various unmanned aircraft, train to operate using existing simulators, and conduct flight-testing. The final course project is the design, development and construction of a group 1 unmanned aircraft, serving as the core unmanned vehicle used in subsequent UAS courses. Incorporates UAS data collection and analysis throughout the course. Course concepts enable UAS student pilots to become knowledgeable of aerodynamic aspects of UAV to ensure safety of flight and improved maneuverability. | N                 | LEC               | N               | GNA           | Ira A. Students must maintain enrollment in the appropriate Flight Operations and Safety course while engaging in flight training activities. The flight training is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons within the appropriate FAA-approved Part 141 training syllabus and satisfactorily completing all academic requirements.  | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): AMT 251 with C or better   |
| AMT     | 308         | Air Transportation                          | Studies the historical and international development of air transportation and its social, political, and economic impact upon global interrelationships.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     | G               | Pre-requisite: Minimum 50 hours   |
| AMT     | 310         | Flight Operations and Safety VIII           | Flight instructor operations for single and multiengine instrument operations. Flight instruction, lecture, quizzes and discussion of the current flight syllabus topics, AMT Student Information Handbook & ATP Student Handbook as well as safety and other informational briefings are primary activities. Students must maintain enrollment in the appropriate Flight Operations and Safety course while engaging in flight training activities. The flight training is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons within the appropriate FAA-approved Part 141 training syllabus and satisfactorily completing all academic requirements.  | N                 | LEL               | Y               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): AMT 305; Pre- or corequisite(s): AMT 292 with C or better if completed   |

| AMT     | 311         | Flight Operations and Safety VIII.a                       | Flight instructor operations for single and multiengine instrument operations. Flight instruction, lecture, quizzes and discussion of the current flight syllabus topics, AMT Student Information Handbook & ATP Student Handbook as well as safety and other informational briefings are primary activities. Students must maintain enrollment in the appropriate Flight Operations and Safety course while engaging in flight training activities. The flight training is considered to be the laboratory for this academic class. Course completion requirements are based on completion of lessons within the appropriate FAA-approved Part 141 training syllabus and satisfactorily completing all academic requirements. | N                 | LEL               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): AMT 286 with C or better; AMT 306 with C or better; Pre- or corequisite(s): AMT 292 (or AMT 392) with C or better if completed           |
| AMT     | 350         | Aircraft Design and Logistics Management                  | Fundamental aircraft design principles, including performance factors associated with mission profiles and the identification of basic logistical support requirements.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 4     |                 | Prerequisite(s): Applied Science (Aviation) BAS or Air Traffic Mgmt BS or Aeronautical Mgmt Technology BS major; Pre- or corequisite(s): PHY 111; PHY 113 |
| AMT     | 360         | Aircraft Dispatch Ground School                           | Aeronautical knowledge areas required for Aircraft Dispatch certification, as well as preparation for the Aircraft Dispatch knowledge examination. Regulations, aerodynamics, emergencies, flight physiology, weight and balance, navigation, aircraft performance, meteorology, and flight operations.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): AMT 214; AMT 220; AMT 222; Credit is allowed for only AMT 360 or AMT 394 (Airline Dispatcher Ground School)                              |
| AMT     | 370         | Unmanned Aircraft Systems                                 | Students build upon gained knowledge, skills and experience by exploring unmanned aircraft avionics, autopilot systems, first person video (FPV), on-screen displays (OSD), communication systems, command and control (C2), ground control stations (GCS), flight software, and UAV launch and recovery systems. Students continue flight training and gain proficiency in unmanned aircraft operation using simulators and hands-on flight-testing. Students demonstrate their abilities to upgrade and modify their previously constructed unmanned aircraft in order to operate and conduct actual flight-testing. Incorporates UAS data collection and analysis throughout the course.                                    | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): AMT 270 with C or better   |
| AMT     | 382         | Air Navigation  | Theory and application of modern advanced navigation and flight instrument systems. Introduces crew resource management in multiplace cockpits.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) BS major; AMT 210   |
| AMT     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 1-4   |                 |   |
| AMT     | 396         | Aviation Professional                                     | Career focus for management and flight students, including internships, writing, interviews, and employment search in aviation industry.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 1     |                 | Prerequisite(s): BAS or BS aviation program major; junior standing  |
| AMT     | 408         | National Aviation Policy                                  | Examines aviation and airspace policies and policy process, including agencies involved in formulation, implementation, and evaluation of aviation policy.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Pre- or corequisite(s): AMT 308 with C or better if completed   |
| AMT     | 410         | Aviation Safety and Human Factors                         | Aviation accident prevention, human factors, life support, fire prevention, accident investigation, and crash survivability. Development and analysis of aviation safety programs.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Pre- or corequisite(s): AMT 308 with C or better if completed   |
| AMT     | 442         | Aviation Law and Regulations                              | Aviation within context of U.S. Common Law system. Public law, administrative rule making, sovereignty, enforcement, and case law analysis.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Pre- or corequisite(s): AMT 308 with C or better if completed   |
| AMT     | 444         | Airport Management and Planning                           | Orientation to administration and management of modern public airports, including overview of planning, funding, and development of airport facilities.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Pre- or corequisite(s): AMT 308 with C or better if completed   |
| AMT     | 456         | Organized Labor in Aviation                               | Explores topics of labor relations, unions, federations, collective bargaining, grievances and labor legislation.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): MGT 300 or TMC 330 (or TMC 346); Credit is allowed for only AMT 456 or OMT 456   |
| AMT     | 460         | Aircraft Dispatch Capstone                                | Capstone for aircraft dispatch whereby students are engaged in practical applications of regulations, aerodynamics, emergencies, flight physiology, weight and balance, navigation, aircraft performance, meteorology and flight operations. Uses various scenarios in which students can employ the strategies and procedures necessary for safe flight.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): AMT 360  |
| AMT     | 470         | Unmanned Aircraft Payloads, Sensors, and Control Stations | Builds on previously gained knowledge and experience. Student pilots utilize long-range communication and data links, UAS sensors, geospatial data collection, and still-imaging mosaicking. Students continue flight training using existing simulators and flight-tests during the course. Students apply concepts acquired during classroom sessions and construct a ground control station, modify and upgrade existing unmanned aircraft with payloads/sensors, train to operate sensors using existing simulators, and conduct flight-testing. Incorporates UAS data collection and analysis throughout the course.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): AMT 370 with C or better   |
| AMT     | 482         | Airline Instrument Procedures                             | Advanced instrument flight using airline instrument procedures and airline crew and cockpit resource management.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): Aeronautical Management Technology (Professional Flight) BS major; AMT 382 with C or better  |
| AMT     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Aviation Programs | 1-12  |                 | Prerequisite(s): minimum junior standing  |

| AMT     | 491         | Aviation Management Capstone         | Integrated group project with industry partner to address current problems in either air carrier or airport management focus area.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Pre- or corequisite(s): AMT 489 with C or better if completed   |
| AMT     | 492         | Honors Directed Study                | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Aviation Programs | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| AMT     | 493         | Honors Thesis                        | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | Ira A. Fulton Engineering | Aviation Programs | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| AMT     | 494         | Special Topics                       | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 1-4   |                 | Pre-requisite: Minimum 2.25 GPA   |
| AMT     | 495         | Unmanned Aircraft Systems Operations | Capstone course applies student pilots' knowledge and skills gained in previous UAS courses to safely deploy a UAS in response to real-world situation or research. Students collaborate with other university departments, state or federal agencies, and other organizations and conduct actual or simulated missions in geospatial data collection, search and rescue, and near-space operations. Course blocks include flight planning and preparation, aircraft preflight and maintenance, launch and recovery operations, payload operations, normal and emergency procedures, and mission planning and execution. Students continue flight training using existing simulators and flight-tests. Students use real-world situations which require deployment of equipment and systems developed during previous course. Places specific emphasis on aircraft and payload selection based upon proposed mission analysis. Incorporates UAS data collection and analysis throughout the course. | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): AMT 470  |
| AMT     | 498         | Pro-Seminar                          | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 1-7   | L               |   |
| AMT     | 499         | Individualized Instruction           | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering | Aviation Programs | 1-3   |                 |   |
| AMT     | 522         | Aviation Law                         | Examines the U.S. legal system with a focus on the aviation perspective, administrative agencies, FAA enforcement, and case law.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AMT     | 523         | Intermodal Transportation Management | Systems theory applied to intermodal transportation networks. Surveys air and ground transportation infrastructure, institutional frameworks, and intermediaries promoting connections between modes.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking) OR Senior in Fulton Schools of Engineering with a University Cum GPA 3.0 or greater |
| AMT     | 525         | Airport Planning and Design          | Completion of various phases of airport master planning process. Provides guidance for logical and timely development of airports. Project work groups assigned.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AMT     | 526         | Aviation Labor Relations             | Investigates labor-management relations in the aviation industry, including laws, unionism, collective bargaining, public sector relationships, grievance procedures, and conflict.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AMT     | 527         | Airline Management Strategies        | Since deregulation, airlines have undergone profound changes through mergers, consolidation, and acquisition. In-depth look at airline management strategies for the 21st century.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| AMT     | 533         | Training Systems & Simulation        | Provides an overview of simulation and its various uses in aviation instruction. Three main focus areas: simulation, learning and human performance, instruction and evaluation of instructional effectiveness. Focuses on research findings in these areas and practical application and implementation of simulation to improve learning and performance.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering | Aviation Programs | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| AMT     | 534         | Airline Pricing and Yield Management                   | Focuses on the fundamentals of airline economics and the volatility of industry performance at the operating level. Topics include the structure of the airline industry and the various historical and current operational strategies; demand, traffic, price and yield; operating revenues and operating costs. The airline industry is affected by various economic, environmental, political and regulatory conditions. Reviews the implications of these conditions on airline pricing, capacity, fleet selection and scheduling. Analyzes current and predicted future conditions to develop potential strategies for successful revenue management within the industry. | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering                | Aviation Programs       | 3     |                 | Pre-requisite: degree- or nondegree-seeking graduate student. Credit is allowed for only AMT 534 or AMT 598 (Airline Pricing and Yield Management) |
| AMT     | 541         | Aviation Physiology                                    | Surveys human physiology and human performance principles related to modern aircraft and aircraft systems operating in multiple environments.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMT     | 546         | Crew Resource Management/Line-Oriented Flight Training | Evaluates in-depth, multicrew coordination issues for commercial aviation pilots. Stresses importance of critical thinking, decision making, integrated resource utilization.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMT     | 565         | Safety in Complex Systems                              | Evaluates human error in aerospace systems. Discusses different theories of error and taxonomies as well as safety management systems to help identify hazards and risks and then help mitigate and/or eliminate them. Extensively uses case studies to highlight human failures as well as demonstrate organizational changes that resulted in safe and successful operations.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering                | Aviation Programs       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMT     | 570         | Unmanned Aerial Systems                                | Examines the system design, operations and employment of unmanned aerial systems (UAS), beginning with an overview of the system and human factors and specific issues involved with UAS design and operations. Communication, remote operations, operator display interface, and situational awareness and teamwork required for successful employment. Evaluates accident data to understand technology and human error concerns.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering                | Aviation Programs       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AMT     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | Ira A. Fulton Engineering                | Aviation Programs       | 1-12  |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking) OR Fulton Polytechnic School student                                       |
| AMT     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | Ira A. | ANB     | 601         | Research Strategies in Animal Behavior | Using hands-on experiences, teaches key concepts underlying the control and function of animal behaviors and contemporary methods for measuring, analyzing, and reporting animal behaviors. Combines introductory classroom lectures on concepts and methods with direct application in observations and experiments on animal behavior in the field and the lab. Topics include communication, mating behavior and systems, parental care, kin selection, cooperation and competition, migration and dispersal, foraging, and anti-predator strategies.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 4     |                 | Pre-requisites: Animal Behavior PhD student                    |
| ANB     | 602         | Current Issues In Animal Behavior      | Student-led seminar course centers on discussions of contemporary literature in the field of animal behavior. Takes a student-driven approach, with course participants selecting a target theme for the semester, selecting individual papers to discuss each week, and leading discussions about relevant merits and shortcomings of each article. Additional topics may include: conceptual frameworks and results from the dissertation projects of participating students, career options and strategies in the behavioral sciences, responsible research conduct in the field, and tactics in manuscript publication and grantsmanship. | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1     |                 | Pre-requisites: Animal Behavior PhD student                    |
| ANB     | 680         | Practicum                              | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 683         | Fieldwork                              | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 684         | Internship                             | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 690         | Reading and Conference                 | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 691         | Seminar                                | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 692         | Research                               | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 693         | Applied Project                        | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 695         | Continuing Registration                | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | N                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Life Sciences | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ANB     | 700         | Research Methods                       | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

| Subject | Catalog Nbr | Course Title                               | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                      | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---------------------------------|-------|-----------------|---|
| APA     | 352         | Borders, Prisons and Suburbs               | Explores how the relationship between race and space has been important to the development of broad patterns of social inequality in the United States. Through a variety of readings, films and other material, examines how ideas of race and space have been important to the making and maintenance of national boundaries, citizenship, regional histories and spatial typologies such as border, ghetto, suburb and prison.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & C          | Prerequisite(s): minimum 24 hours; Credit is allowed for only AFR 352 (or AFS 352) or APA 352 or JUS 353 or TCL 353   |
| APA     | 355         | Asian American Psychology                  | Reviews the current research and literature about the psychological experiences of Asian Americans, with the appreciation for the historical, sociopolitical and cultural contexts that invariably shape the behavior and well-being of individuals in this diverse population group. Using psychological theory and research as a guiding framework, explores family relationships, identity development, sexuality, model minority stereotypes, racism and discrimination, media images, dating/marriage, race relations, mental health, and other issues affecting Asian American lives. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; minimum 24 hours; Credit is allowed for only APA 355 or APA 360 (Asian Pacific American Psychology) |
| APA     | 356         | Race and Child Development                 | Reviews the current research and literature about the particular role of race in child development. Even though race is not a valid biological construct, it has significant social implications as it shapes how children interact and are treated by others. Through primarily class discussions/activities, presentations and papers, addresses: (1) What are the research and theoretical issues in studying race? (2) What does race and racism mean? (3) How does race influence developmental processes?   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): APA 200 or APA 210 or 30 hours. Credit is allowed for only APA 356 or CDE 356 or APA 394 (Race and Child Development)                      |
| APA     | 360         | Asian Pacific American Experience          | Advanced study of the historical and contemporary experiences of Asian Pacific American racial/ethnic groups in the United States.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | (HU or SB) & C  | Pre-requisite: APA 200 or APA 210 or 30 hours   |
| APA     | 394         | Special Topics                             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 1-4   |                 | Pre-requisite: APA 200 or APA 210 or 30 hours   |
| APA     | 428         | Critical Race Theory                       | In-depth analysis of the ways in which race has been historically utilized, constructed, and contested in American civil society.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     |                 | Prerequisite(s): ENG 102, 105 or 108 with C or better; minimum 36 hours; Credit is allowed for only AFR 428, APA 428, JUS 428 or SST 428                    |
| APA     | 450         | Asian Pacific American Contemporary Issues | Advanced study of the issues shaping Asian Pacific American communities, including immigration, politics, education, health, family, gender, youth, interracial relations, and other contemporary topics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Social Transformation | 3     | SB & C          | Pre-requisite: APA 200 or APA 210 or minimum 45 hours   |

| APH     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-4   |                   |   |
| APH     | 405         | Contemporary Architecture and Urbanism 1970 to the Present                      | Addresses issues of global architecture and urbanism in the late 20th and early 21st centuries.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     | HU & H            | Prerequisite(s): APH 313 and APH 314, or graduate standing  |
| APH     | 414         | Great Cities  | Historical survey of great cities from antiquity to the present.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     | (L or HU) & H     | Prerequisite(s): minimum ASU cumulative 3.00 GPA; minimum 60 hours; Credit is allowed for only APH 414 or MUD 598 (Great Cities)  |
| APH     | 421         | First Concepts: What is... The Writing, Philosophy, and Culture of Architecture | Examines the major writings and concepts that surround the history of architecture. Focuses on (but not exclusively) work in the 20th century.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     | L or HU           | Prerequisite(s): Architectural Studies or Environmental Design majors; APH 313 with C or better; APH 314 with C or better   |
| APH     | 441         | Ancient Arch  | Architecture of the ancient Mediterranean world with selective emphasis on major historical complexes and monumental sites.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                   |   |
| APH     | 461         | Charles and Ray Eames   | Survey of American designers Charles and Ray Eames, their innovation design thinking and masterworks.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | The Design School | 3     | HU                | Prerequisite(s): minimum 3.00 GPA; minimum 60 hours OR degree- or nondegree-seeking graduate student; Credit is allowed for only APH 461 or APH 494 (Charles + Ray Eames) |
| APH     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                   |   |
| APH     | 492         | Honors Directed Study   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-6   |                   | Prerequisite(s): Barrett Honors student   |
| APH     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | RSC               | N               | Z1            | Herberger Inst Design & Arts | The Design School | 1-6   | L                 | Prerequisite(s): Barrett Honors student   |
| APH     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-4   |                   |   |
| APH     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-7   | L                 |   |
| APH     | 499         | Individualized Instruction  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-3   |                   |   |
| APH     | 500         | Research Methods  | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                   | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APH     | 505         | Foundation Theory Seminar   | Foundation of conceptual architectural inquiry, stressing the reciprocal and interdependent relationship between design and theory.   | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                   | Pre-requisite: Master of Architecture student; Co-requisites: ADE 522; ATE 556  |
| APH     | 509         | Foundation Seminar  | Historical, technical, theoretical, environmental, and professional issues in architecture.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                   | Pre-requisite: Master of Architecture; Co-requisite: ADE 510  |
| APH     | 515         | Current Issues and Topics   | Critical examination of current architectural issues, topics, and discourse.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                   | Pre-requisites: APH 505 with a C or better; Co-requisite: ADE 621   |
| APH     | 580         | Practicum   | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                   | Herberger Institute of Design and the Arts Graduate student   |
| APH     | 581         | Contemporary Urban Design   | Explores contemporary city and urban design issues related to contemporary cities.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                   | Herberger Institute of Design and the Arts Graduate student   |
| APH     | 584         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                   | Herberger Institute of Design and the Arts Graduate student   |
| APH     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                   | Herberger Institute of Design and the Arts Graduate student   |
| APH     | 591         | Seminar   | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                   | Herberger Institute of Design and the Arts Graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                        | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department            | Units | General Studies | Requirements   |
|---------|-------------|-------------------------------------|---|-------------------|-------------------|-----------------|---------------|--|-----------------------|-------|-----------------|--|
| APH     | 592         | Research                            | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 593         | Applied Project                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 594         | Conference and Workshop             | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 595         | Continuing Registration             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts             | The Design School     | 1     |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 598         | Special Topics                      | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School     | 1-4   |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 599         | Thesis                              | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 683         | Fieldwork                           | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| APH     | 691         | Seminar                             | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 500         | Research Methods                    | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 518         | World Englishes                     | Examines the implications of the global spread of English, including its diverse forms and functions.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of English | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only APL 518 or APL 591 (World Englishes) or APL 691 (World Englishes)                       |
| APL     | 555         | Disciplinary Discourses             | Professional and disciplinary issues in linguistics and applied linguistics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of English | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 557         | Computer-Assisted Language Learning | Explores the field of computer-assisted language learning. Traces the development of computer-assisted language learning (CALL) over the last three decades. Focuses on research that explores how computer technology can help facilitate second language development; relies primarily on empirical data to do so. Examine established as well as new research methods in CALL. Participants participate in one research study and apply theoretical and practical aspects of CALL in these projects. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | Department of English | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only APL 557 or ENG 557 or LIN 591 (Intro to Computer Assisted Language Learning) or SLC 557 |
| APL     | 580         | Practicum                           | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 583         | Fieldwork                           | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 584         | Internship                          | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Pre-requisite: Applied Linguistics Ph.D. student   |
| APL     | 588         | Spanish Language Acquisition        | Examines Spanish language acquisition in children and adults in the context of monolingual and bilingual language acquisition.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of English | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only SHS 588 or APL 588  |
| APL     | 590         | Reading and Conference              | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 591         | Seminar                             | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 592         | Research                            | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 593         | Applied Project                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| APL     | 594         | Conference and Workshop             | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English | 1-12  |                 | Pre-requisite: Applied Linguistics Ph.D. student   |
| APL     | 595         | Continuing Registration             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | Department of English | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                        | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                      | Units | General Studies | Requirements   |
|---------|-------------|-------------------------------------|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| APL     | 598         | Special Topics                      | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 599         | Thesis                              | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 600         | Research Methods                    | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 601         | Introduction to Applied Linguistics | Overview of the field of applied linguistics. Applies linguistic knowledge to the resolution of language-related issues facing multilingual societies (e.g., second language acquisition and ultimate attainment, literacy, language assessment, bilingualism, heritage and indigenous languages, language attitudes, language planning and policy, language and politics, world Englishes).            | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 680         | Practicum                           | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 683         | Fieldwork                           | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 684         | Internship                          | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 690         | Reading and Conference              | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 691         | Seminar                             | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 692         | Research                            | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 693         | Applied Project                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 695         | Continuing Registration             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | Department of English                           | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 700         | Research Methods                    | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 780         | Practicum                           | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 783         | Fieldwork                           | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 784         | Internship                          | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 790         | Reading and Conference              | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 791         | Seminar                             | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 792         | Research                            | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 793         | Applied Project                     | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | Department of English                           | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 795         | Continuing Registration             | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | The College of Liberal Arts and Sciences | Department of English                           | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APL     | 799         | Dissertation                        | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | Department of English                           | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| APM     | 501         | Differential Equations I            | Linear and nonlinear ordinary differential equations. Existence and uniqueness of solutions, limit sets, stability, Lyapunov functions, linear systems with constant coefficients. Geometry of behavior in two and three dimensions, including Poincare-Bendixson theorem, Lorenz equations, linearization, sensitive dependence on initial conditions, bifurcations.                                   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                      | Units | General Studies | Requirements  |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| APM     | 502         | Differential Equations II                                     | Partial differential equations, including classification, method of characteristics, separation of variables, boundary value and initial value problems, Green's functions, maximum principle, distributions, and weak solutions. Students must have already taken or be concurrently enrolled in Differential Equations 1.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 503         | Applied Analysis  | Convergence sequences and series of functions; metric space topology, compactness, completeness and the Ascoli-Arzelà Theorem; Contraction Mapping Principle, Implicit Function Theorem; intro to Lebesgue integration leading to $L^p$ -spaces; properties of Hilbert spaces, Fourier transform. Students should have knowledge of linear algebra, multivariable calculus, and analysis at the undergraduate level. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 504         | Applied Probability and Stochastic Processes                  | Markov chains, Martingales, probability measures, SDE, Brownian motion, Monte Carlo methods.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 505         | Applied Linear Algebra  | Fundamentals of linear algebra and numerical linear algebra, including decompositions (LU, QR, SVD), Eigen values, spectral theory, least squares problems. Programming with MATLAB.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 506         | Computational Methods   | Covers interpolation, solution of nonlinear equations and systems, numerical differentiation, numerical integration, numerical solution of ordinary and partial differential equations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 520         | Advanced Numerical Linear Algebra                             | Extends topics of APM 505. Introduces essential iterative methods, Gauss-Seidel, conjugate gradients. Methods for SVD, total least squares and root-finding applications in image analysis. Students should have basic knowledge of numerical linear algebra and a programming language.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 522         | Numerical Methods for Partial Differential Equations          | Numerical methods for parabolic, elliptic, and hyperbolic partial differential equations, including finite difference/volume, finite element, and spectral methods. Mathematical concepts of stability, consistency, and convergence. Applications to scientific, biomedical, and industrial problems. Students should have a basic knowledge of PDE's and a programming language.                                   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 523         | Optimization  | Building on a fundamental undergraduate background in linear algebra and calculus, covers continuous optimization, constrained/unconstrained and linear/nonlinear, as well as selected topics in discrete optimization. Some programming experience is needed for course projects.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 524         | Spectral Methods  | Extends approximation theory to global methods, including Fourier and orthogonal polynomial expansions. Applications to imaging and hyperbolic, parabolic, and elliptic partial differential equations. Students should have previous graduate courses in ordinary and partial differential equations, basic programming skills.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 525         | High-Performance Computing                                    | Supercomputer architectures, parallel programming environments, languages, libraries, and algorithms for high-performance numerical simulations. Instructor/Department approval is required for this course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only APM 525, MAE 494 (High Performance Computing) or MAE 598 (High-Performance Computing) |
| APM     | 526         | Advanced Numerical Methods for Partial Differential Equations | Partial content will vary from semester to semester, but may include hyperbolic conservation laws, finite element methods, multigrid methods, and parallel algorithms for partial differential equations. Applications to scientific, biomedical, and industrial problems. Students should have basic knowledge of PDE's and a programming language.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 530         | Mathematical Cell Physiology.                                 | Mathematical modeling of dynamical aspects of cell physiology. Diffusion, membrane transport, intracellular calcium channel kinetics, calcium oscillations and waves.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 531         | Mathematical Neuroscience I                                   | Mathematical modeling of electrochemical processes in nerve cells. Dendritic modeling, dendritic spines and synaptic plasticity, bifurcation analysis of excitable membrane models, deterministic and stochastic methods for threshold dynamics and bursting, relaxation oscillations. Students should have had a previous graduate-level PDE course.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 533         | Mathematical Population Biology I                             | Selectively covers population biology models in the forms of systems of difference equations or ordinary differential equations. Focuses on mathematical analysis of population models as well as model formulation and simulation. Students should have a previous graduate-level course in ODE.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 534         | Mathematical Population Biology II                            | Selectively covers population biology models in the form of partial differential equations and systems. Focuses on mathematical analysis of population models as well as model formulation and simulation. Students should have a previous basic graduate-level course in ODE and PDE.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 535         | Mathematical Models in Medicine                               | Mathematical models for the etiology, epidemiology, pathogenesis, morphology and treatment of disease. Covers dynamical models of cancer and viral infections.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                 | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                      | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| APM     | 541         | Stochastic Modeling in Biology               | Markov processes, random walks, martingales, branching processes, logistic growth model, Wright-Fisher model, Kingman's coalescent, bound and site percolations, contact processes, voter models. Students should have previously taken course work in probability and/or stochastic processes (or have a recommendation from their advisor). Recommendation from advisor is typically for students in biology or physics that have not taken statistics courses but have a good background in mathematics. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 553         | Dynamical Systems                            | Center manifolds, structural stability, normal forms, averaging, chaos, control and synchronization. Students should have a previous graduate course in ODE or applied analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 560         | Applied Dynamical Systems                    | Bifurcations, normal forms, pattern formations, mixing, Lagrangian chaos, and applications to fluid dynamics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 570         | Applied Linear Operators                     | Bounded linear and compact operators on Hilbert spaces. Linear integral equations, Fredholm and Hilbert-Schmidt theory, and approximate methods. Distributions. Completion of a course in Applied Analysis is strongly recommended prior to enrollment in this course.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 575         | Perturbation Methods in Applied Mathematics  | Regular and singular perturbation methods for ordinary and partial differential equations, Boundary layer theory, matched asymptotic expansions, multiple-scale, homogenization, and WKB methods. Application to nonlinear oscillations, bifurcation and stability problems. Completion of a course in Differential Equations II or Partial Differential Equations in Engineering is strongly recommended prior to enrollment in this course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Pre-requisites: APM 502 or MAE 502; Credit is allowed for only APM 575 or MAE 505                       |
| APM     | 576         | Theory of Partial Differential Equations I   | Existence and uniqueness theorems, boundary value and initial value problems, characteristics, Green's functions, maximum principle, distributions, and weak solutions.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 577         | Theory of Partial Differential Equations II  | Continuation of existence and uniqueness theorems, boundary value and initial value problems, characteristics, Green's functions, maximum principle, distributions, and weak solutions.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): APM 576  |
| APM     | 581         | Geometry and Control of Dynamical Systems I  | Manifolds, tangent and cotangent bundle, Lie theory, integrability and controllability, and feedback control. Students should have previously taken coursework in differential equations, applied analysis, applied probability, and stochastic processes.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 582         | Geometry and Control of Dynamical Systems II | Variational principles, Euler-Lagrange equations, Hamiltonian systems, optimal control, connections and curvature. Students should have previously taken coursework in differential equations, applied analysis, applied probability, and stochastic processes.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 591         | Seminar                                      | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 598         | Special Topics                               | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 700         | Research Methods                             | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OP4           | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 790         | Reading and Conference                       | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 792         | Research                                     | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 795         | Continuing Registration                      | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | N                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| APM     | 799         | Dissertation                                 | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Mathematical and Statistical Sciences | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARA     | 101         | ASU: The Art Experience                      | Introduces the culture, challenges and opportunities of the School of Art. Addresses essentials for academic and personal success within the university.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts             | School of Art                                   | 1     |                 | Credit is allowed for only ARA 101, 194 (ASU Art Experience) or HDA 194 (ASU Herberger Inst Experience) |
| ARA     | 110         | Sculpture Safety                             | Introduces safety and environmental health in the sculpture studios. Pre- or corequisite for all sculpture classes.   | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts             | School of Art                                   | 1     |                 |   |
| ARA     | 191         | First-Year Seminar                           | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Art                                   | 1-3   |                 |   |
| ARA     | 194         | Special Topics                               | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | School of Art                                   | 1-4   |                 |   |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|--|
| ARA     | 195         | Art in My World                                | Basic concepts and fundamental questions that provide insights into art making and that affect one's understanding and appreciation of art.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              |  |
| ARA     | 202         | Understanding Photographs                      | Slide lecture course in understanding photography as a fine art form.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 |  |
| ARA     | 218         | Art and Visual Learning                        | Broad-ranging introduction to art and the visual world, focusing on art and artifacts from diverse cultures and eras, various two- and three-dimensional media, meaning and purpose in art, as well as community and internet art resources.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Credit is allowed for only ARA 218 or 294 (Art and Visual Learning)  |
| ARA     | 240         | Encounters with Contemporary Art               | Each year a committee of School of Art faculty and graduate students works together to bring important international artists to ASU to give lectures and meet with graduate students. Undergraduate students have the opportunity to attend those lectures, which are free and open to the public. The goal of this required class is to make sure that students get in the habit of taking advantage of this opportunity to hear first-hand from some of the world's most important and visionary artists and learn to write think and write about the work of other artists.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 1     |                 |  |
| ARA     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-4   |                 |  |
| ARA     | 309         | Photography Now                                | Explores contemporary practice through lectures, readings, exhibition visits, screenings and discussions. Explores work created within the past thirty years up to the present. Students act as a collective "ear to the ground" for the medium, engaging in first-hand experiences and research and being responsible to share those experiences with the class as active agents of discovery. Requires reading current periodicals, attending and discussing photographic lectures and exhibitions both in-class and beyond within the local community.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): minimum 2.00 GPA; minimum 45 hours. Credit is allowed for only ARA 309 or 394 (Photography Now)                 |
| ARA     | 311         | Art Appreciation and Human Development         | Foundations of art for children and young adults. Emphasizes learning, development, and understanding art in historical and cultural contexts.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Prerequisite(s): non-ART student; ENG 101; ENG 102; minimum junior standing  |
| ARA     | 330         | Issues in Intermedia                           | Critical survey of recent theory and practice in "intermedia" art. Created specifically to provide a common historical and theoretical framework for students majoring in the intermedia area, as well as to anyone seeking to broaden his or her understanding of non-traditional media, performance, installation, computer art, video, social practice, Webart and interactivity and their relationship to contemporary society and discourse.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): ART 216 or minimum 45 hours; Credit is allowed for only ARA 330 or ARA 494 (Issues in Intermedia)               |
| ARA     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-4   |                 |  |
| ARA     | 394         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 |  |
| ARA     | 396         | Professional Practices for Design and the Arts | Prepares young artists, designers and individuals in other creative fields to successfully enter the professional world of art and culture beyond the support system of the university. Through examining contemporary artists' models of practice and creative entrepreneurship; developing real life materials to promote their practice; engaging with guest artists, designers and other creative professionals; exploring best practices for arts-based businesses; and the array of continuing opportunities, student artists learn how they can shape their lives to sustain their artistic practice once they graduate. Best suited for students who are prepared to seriously contemplate the continuation of their specific practice beyond graduation. Students should enter this course with a collection of work samples that demonstrate their experience in their chosen discipline. | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): minimum 56 hours; Credit is allowed for only ARA 394 (Professional Practices for Artist) or ARA 396             |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                            | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                   | Units | General Studies | Requirements   |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|--|-------|-----------------|--|
| ARB     | 311         | Advanced Arabic Skills I                | Focuses on developing all four skills of the Arabic language acquisition: reading, writing, listening, and speaking. Aims to help students acquire an advanced proficiency in Arabic.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ARB 202 with C or better  |
| ARB     | 315         | Advanced Arabic for Heritage Speakers   | Provides an advanced ability to read, understand, write and communicate in Arabic. Covers important topics such as advanced descriptions of one's country, city, university, home and family. Also concentrates on studying advanced questions and answers in the present, past and future tenses. Uses the communicative approach in adopting different pedagogical approaches centered on the communicative method, such as group practice, role play and situational dialogues. Introduces and explains detailed and advanced knowledge of Arabic grammar, structures of Arabic sentences; and the deep connotations of important Arabic vocabulary. Emphasizes building up more vocabulary and grammatical knowledge for communication purposes, introducing cultural, intellectual, business and political contents and terminology in Arabic; and expressing in advanced Arabic one's daily activities, past life and futuristic plans. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ARB 101 or ARB 102 or ARB 201 or ARB 202 or ARB 315 or ARB 394 (Advanced Arabic for Heritage Speakers I) or ARB 394 (Advanced Arabic for Heritage Speakers II) |
| ARB     | 321         | Arabic Conversation I                   | Emphasizes spoken Arabic and conversation skills. Simultaneously develops communicative skills, vocabulary, and cultural awareness.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |  |
| ARB     | 331         | Arabic/Islamic Culture and Literature   | General introduction to the Middle East that synthesizes cultural, social, and literary information. Focuses on the experiences of ordinary Middle Eastern people to convey a grassroots sense of the Middle East.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H & G      | Prerequisite(s): ENG 101, 105, or 107 with C or better; Credit is allowed for only ARB 331 or SLC 331  |
| ARB     | 335         | Arabic Culture and Islam                | Develops awareness of Arabic culture and Islam. Covers a variety of cultural topics, including family, status of women, food, music, and Islam.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | G               |  |
| ARB     | 336         | Introduction to the Qur'an              | Introduces the Qur'an and examines the historical, contextual, religious and interpretive dimensions wherein the Qur'an developed. Deals with the structure of the Qur'an, the different sections, suras (Qur'anic chapters), and some of the verses. Also includes an introduction to the idea of revelation, its history, the content and some of the different themes of the Qur'an, and discusses aspects of the Qur'an as a source of law. Taught in English; requires no knowledge of Arabic or Islam.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, ENG 105, or ENG 107 with C or better; Credit is allowed for only ARB 336 or ARB 394 (Introduction to the Qur'an)   |
| ARB     | 337         | Hadith and Prophetic Tradition          | Considers the Hadith as a literary text and as the prophetic tradition in Islam. Focuses on the development of the Hadith as a vast subject in Arabic literature, its collection methodology, Hadith science, and its contents. Gives special attention to the relationship of the Hadith as the second source, after the Qur'an, of Islamic knowledge, Islamic theology, Islamic philosophy and Islamic law. Explores the various ways and approaches in which Muslims employ the Hadith along with the Qur'an in their search for meaning, identity and knowledge. All readings are in English; requires no prior knowledge of Arabic language.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, ENG 105, or ENG 107 with C or better; Credit is allowed for only ARB 337 or ARB 394 (Arabic Hadith and Prophetic Tradition)  |
| ARB     | 340         | Arabic Translation                      | Covers the fundamentals of English-Arabic and Arabic-English translation including basic techniques of translation through exploring the essential theories and concepts adopted in the process of translation. Also addresses the areas of difficulty aroused during the process of translation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ARB 311 with C or better; ARB 321 with C or better; Credit is allowed for only ARB 340 or ARB 394 (Introduction to Arabic Translation)  |
| ARB     | 341         | Quran Text and Women                    | Addresses Muslim women scholars' argument that it is not the religion but the patriarchal interpretation of the Quran that have kept Muslim women oppressed.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     | HU & H          |  |
| ARB     | 351         | Classical Arabic Literature             | Provides a survey in classical Arabic literature. Focuses on the development of classical Arabic poetry and prose since their interceptions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |  |
| ARB     | 352         | Modern Arabic Literature in Translation | Surveys the major trends, themes and genres of modern Arabic literature in translation. Provides a foundational knowledge of modern literature in the Arabic language. Focuses on continuity and change, cultural diversity and multiplicity in the Middle East, and the social, religious and historical aspects of modern Arab culture. No knowledge of Arabic language is required for this course.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ENG 101, ENG 105 or ENG 107 with C or better; Credit is allowed for only ARB 352 or ARB 394 (Introduction to Modern Arabic Literature)  |
| ARB     | 394         | Special Topics                          | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |  |
| ARB     | 411         | Advanced Arabic Skills II               | Focuses on developing all four skills of the Arabic language acquisition: reading, writing, listening, and speaking. Aims to help students acquire an advanced proficiency in Arabic.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): ARB 311 with C or better  |
| ARB     | 421         | Arabic Conversation II                  | Focuses on developing all four skills of the Arabic language acquisition: reading, writing, listening, and speaking. Aims to help students acquire an advanced proficiency in Arabic.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 |  |
| ARB     | 422         | Advanced Arabic Media                   | Advanced language course designed to improve students' reading, writing, listening, speaking and debating skills. Exposes students to Arabic language used in the media. Incorporates news items from print and electronic media sources, including print and online news articles, television news and YouTube videos, among other materials. The purpose of using many sources is to enable the students to have an advanced experience reading diverse media materials.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ARB 422 or ARB 494 (Advanced Arabic Media [in Arabic]) or ARB 494 (Advanced Arabic Media)  |
| ARB     | 484         | Internship                              | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-12  |                 |  |

Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-3   |                 | Pre-requisites: Minimum 90 hours  |
| ARE     | 510         | Visual Culture Research               | Research on instruction of everyday aesthetics and related issues that contain powerful technological, social, and economic factors.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 520         | Issues in Teaching Inquiry in Art     | Issues in teaching and learning focused both on inquiry about artworks and on inquiry through art making.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 525         | Research on Art Instruction           | Research methods and assessment of learning in art. Pilot studies on the effects of instruction on learning.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 530         | Issues in Teaching Studio Art         | Critical examination of issues concerning teaching multicultural art to different populations of students. Historical and philosophical foundations reviewed. Recommended to be taken before ARE 535.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 535         | Research on Teaching Studio Art       | Review of empirical and historical research methods, learning theory, and assessment of learning in studio art, including developmental studies and their limitations. Pilot studies on the effects of instruction upon learning. Recommended to be taken after ARE 530.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 540         | Teaching Art in Cultural Contexts     | Relationship of multicultural perspectives to teaching/learning art criticism, aesthetics, studio art, and art history.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 546         | Multicultural Issues in Art Education | Explores multicultural issues, ethnicity and cultures related to art and education. Discussion course on facts and sometimes controversial interdisciplinary materials draws upon knowledge from various disciplines. Emphasizes art educational issues and teaching. Also explores and analyzes international and global issues concerning multiculturalism.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only ARE 446, 494 (Multicultural Issues in Art Education), 546 or 598 (Multicultural Art Education) |
| ARE     | 584         | Internship                            | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 590         | Reading and Conference                | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 591         | Seminar                               | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 592         | Research                              | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARE     | 593         | Applied Project                       | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARE     | 595         | Continuing Registration               | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | School of Art | 1     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                                    |
| ARE     | 598         | Special Topics                        | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARE     | 599         | Thesis                                | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARE     | 684         | Internship                            | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| ARP     | 590         | Reading and Conference                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 591         | Seminar                                  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 592         | Research                                 | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 593         | Applied Project                          | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 594         | Conference and Workshop                  | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 595         | Continuing Registration                  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | The Design School                                | 1     |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 598         | Special Topics                           | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                                | 1-4   |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 599         | Thesis                                   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student  |
| ARP     | 684         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School                                | 1-12  |                 | Pre-requisite: Master of Architecture student  |
| ARS     | 100         | Introduction to Art                      | Provides an introduction to the understanding and enjoyment of art through the study of painting, sculpture, design, photography, and the decorative arts. Students gain an awareness of meaning, functions, and significance of art, while learning an art-related vocabulary and a set of analytical tools for discussing and understanding art from around the world.                                | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Prerequisite(s): Non-Art majors; Credit is allowed for only ARS 100 or ARS 300   |
| ARS     | 101         | Art from Prehistory Through Middle Ages  | History of Western art from the Paleolithic period through the Middle Ages.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU & H          |  |
| ARS     | 101         | Art from Prehistory Through Middle Ages  | History of Western art from the Paleolithic period through the Middle Ages.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & H          |  |

| ARS     | 438         | Art of the 20th Century I             | Developments and directions in art between 1900 and World War II.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & H          | Pre-requisite: ARS 102 with B- or better or one course in ARS, ENG or HST at 200 level or higher with B or better   |
| ARS     | 439         | Art of the 20th Century II            | Art since World War II, with consideration of new concepts and experimentation with media and modes of presentation.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU & H          | Pre-requisites: ARS 102 or ARS 438 with B- or better; Credit is allowed for only ARS 439 or ARS 539   |
| ARS     | 439         | Art of the 20th Century II            | Art since World War II, with consideration of new concepts and experimentation with media and modes of presentation.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 3     | HU & H          | Pre-requisites: ARS 102 or ARS 438 with B- or better; Credit is allowed for only ARS 439 or ARS 539   |
| ARS     | 440         | Identity and World Film               | Examines how films around the world represent gender, race, ethnicity, and sexual orientation through the lens of genres and their variations and how genres reinforce or critique stereotypes.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | C               | Prerequisite(s): any 200-level or higher course in APH, ARS, ENG, FMS, HST, or MHL with B or better; Credit is allowed for only ARS 440 or ENG 465 or FMS 427   |
| ARS     | 441         | Public Art                            | Explores the lively field of contemporary public art, particularly as defined by percent-for-art programs established through city ordinances during the last forty years. Also considers historical precedents, including Civil War monuments and the City Beautiful Movement.  | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Minimum 50 hours; Minimum 2.00 GPA; Credit is allowed for only ARS 441, 498 (Public Art), 541 or 591 (Public Art)  |
| ARS     | 442         | Critical Issues in American Painting  | Explores issues of national identity and western expansion, Manifest Destiny, through images of race and violence in western American painting from 1800 to the early 20th century. Includes "claiming and settling the wilderness," cultures in conflict, the cowboy, and visions of an enchanted land.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisites: ARS 101; ARS 102; Credit is allowed for only ARS 442 or 542   |
| ARS     | 443         | Artists in Film: Artists' Biopics     | Examines artists' "biopics," biographical films about artists, chronologically from the subgenre's first appearance in 1936 to recent films. Explores relationships between film and history and between film and myths of creativity; major directors' attraction to artists' biopics; stereotypes of artists (e.g., genius, deviant); and how notions of creativity are inflected by gender, race and national identity. Assignments include weekly readings and film viewings and one short paper; optional documentaries and films are also available. | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): any 200-level or higher course in APH, ARS, ENG, FMS, HST, or MHL with B or better; Credit is allowed for only ARS 443 or FMS 430  |
| ARS     | 444         | Films of India                        | Examines classic, Bollywood and diasporic films of India from 1950 to the present.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): any 200-level or higher course in APH, ARS, ENG, FMS, HST, or MHL with B or better; Credit is allowed for only ARS 444 or ARS 544 or FMS 426 or ARS 494 (Films of India) or ARS 494 (South Asian Cinema) |
| ARS     | 451         | 20th Century Photography              | Personalities, processes, images, and ideas in photography from 1914 to present.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 |   |
| ARS     | 456         | Introduction to Museums               | Broad scope of what museums do by exploring their history and the critical issues they face. Acquaints students with the basic functions of specific museum departments and staff, including the role of director, curator, registrar, preparator, as well as fund raising, marketing, audience development, education, exhibitions, conservation, ethics, cultural/heritage tourism and public art. Guest speakers and field trips enhance classroom material.  | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): ARS 101 or ARS 102 OR any 200-, 300- or 400-level course in ASB, ENG or HST with B- or better  |
| ARS     | 458         | Critical Theories in the Visual Arts  | Examines current critical theories through their application to all visual arts. May include new historicism, Marxism, deconstruction, post-structuralism, semiotics, Lacanian psychoanalysis, feminism, postmodernism.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisites: ARS 101; ARS 102  |
| ARS     | 459         | Writing Art Criticism                 | Traditional and contemporary approaches to the criticism of art. Students write critical essays. Latter half of the semester stresses the criticism of contemporary art in various media.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisite: ARS 458  |
| ARS     | 460         | Art Now                               | Critical overview of major issues and controversies of the last 10 years within the global, national, and local art scene.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): ARS 101 or 102 with B- or better or one course in ARS, ENG, or HST at the 200 level or higher with B or better, OR Digital Culture major   |
| ARS     | 465         | Native Art of North America           | Native American art forms of the United States and Canada from prehistoric times to the present. Meets non-Western art history requirement.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU & C & H      | Pre-requisites: Minimum 45 hours; Minimum 2.00 GPA; Credit is allowed for only ARS 465 or 565   |
| ARS     | 466         | Native American Art of the Southwest  | American Indian art in the southwestern states from its origins to the present day. Meets non-Western art history requirement.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU & C & H      | Pre-requisites: Minimum 45 hours; Minimum 2.0 GPA   |
| ARS     | 468         | Art of the Arctic and Northwest Coast | Art associated with ceremony, shamanism, and daily life in the Arctic and on the Northwest Coast. Meets non-Western art history requirement.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU & C & H      | Pre-requisites: Minimum 45 hours; Minimum 2.0 GPA   |
| ARS     | 469         | Mexican Art                           | Art of Mexico and related Central American cultures from the prehistoric to the contemporary schools. Meets non-Western art history requirement.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisites: ARS 101; ARS 102  |
| ARS     | 472         | Art of China                          | Study of major forms in Chinese art: ritual bronze, sculpture, ceramic, calligraphy, painting, and architecture. Meets non-Western art history requirement.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisites: Minimum 50 hours; Minimum 2.00 GPA  |
| ARS     | 473         | Art of Japan                          | Japanese art from the Joman period to the present. Meets non-Western art history requirement.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisite: Minimum 55 hours; Credit is allowed for only ARS 574 or ARS 473  |
| ARS     | 475         | Chinese Painting                      | From Ku K'ai-chin to Ch'i Pai-shih. Major artists, styles, and movements in Chinese painting. Meets non-Western art history requirement.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     | HU              | Pre-requisites: Minimum 50 hours; Minimum 2.00 GPA; Credit is allowed for only ARS 475 or 575   |

| ARS     | 499         | Individualized Instruction                 | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | School of Art                                    | 1-3   |                 | Pre-requisite: Minimum 90 hours   |
| ARS     | 501         | Methodologies and Art History              | History of the discipline and an exploration of various methodologies, critical theory, and bibliographies used by art historians.  | N                 | SEM               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours  |
| ARS     | 502         | Critical Studies in Egyptian Art           | Egyptian art from pre-Dynastic to New Kingdom periods. Focus on aesthetic, philosophical, and cultural contexts. Research paper and readings required.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 402 or 502   |
| ARS     | 504         | Critical Approaches to Greek Art           | Art and architecture of Aegean civilizations (Cycladic, Minoan, Mycenaean) and of Greece to end of Hellenistic period. Research paper and readings required.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 404 or 504   |
| ARS     | 506         | Critical Studies in Roman Art              | Art and architecture of Etruria, the Roman Republic, and the Roman Empire. Research paper and/or supplemental readings required.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours  |
| ARS     | 514         | Monasteries, Madonnas and Manuscripts      | Sculpture, painting, architecture and minor arts in western Europe, ca. 1030-1200, considered within religious, economic and social contexts.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ARS 414 or ARS 514   |
| ARS     | 533         | The Pre-Raphaelites                        | Explores Pre-Raphaelite culture, both literature and art, and relevant social history, from the Pre-Raphaelite Brotherhood through Aestheticism and early twentieth century, focusing on interactions between images and texts.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ARS 435 or ARS 533 or ENG 428  |
| ARS     | 534         | Art and Visual Culture of the 19th Century | Critical study of visual arts using primary source material from mid-19th century to WWI within philosophical, socioeconomic, and economic contexts.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 434 or 534   |
| ARS     | 538         | Art of the 20th Century I                  | Charts how the avant-garde in the early 20th century developed different strands of modern art as it sometimes grew closer to, and at other times veered away from, radical politics.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 438, 538 or 598 (Art of 20th Century I)   |
| ARS     | 539         | Art of the 20th Century II                 | General introduction to major trends and issues of Euro-American art created between 1955 to around the turn of the 21st century.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): graduate student (degree seeking or nondegree seeking). Credit is allowed for either ARS 439 or ARS 539 or ARS 598, Art of 20th C                                    |
| ARS     | 540         | Identity and World Film                    | Examines how films around the world represent gender, race, ethnicity, and sexual orientation through the lens of genres and their variations and how genres reinforce or critiques stereotypes.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 540, FMS 527 or (ARS 494, ENG 465, FMS 494 or ARS 598 Identity and World Film) |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                         | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department    | Units | General Studies | Requirements  |
|---------|-------------|--------------------------------------|--|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|---|
| ARS     | 541         | Public Art                           | Explores the lively field of contemporary public art, particularly as defined by percent-for-art programs established through city ordinances during the last forty years. Considers historical precedents including Civil War monuments and the City Beautiful Movement.  | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 441, 498 (Public Art), 541 or 591 (Public Art)                     |
| ARS     | 542         | Critical Issues in American Painting | Explores themes and social issues in American art with a critical study of American painting from the 18th century to 1850.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 340, 442 or 542  |
| ARS     | 543         | Artists in Film: Artists' Biopics    | Examines artists' "biopics," biographical films about artists, chronologically from the subgenre's first appearance in 1936 to recent films. Explores relationships between film and history and between film and myths of creativity; major directors' attraction to artists' biopics; stereotypes of artists (genius, deviant, etc.); and how notions of creativity are inflected by gender, race and national identity. Assignments include weekly readings and film viewings and one short paper; optional documentaries and films are also available. | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ARS 443 or ARS 543 or FMS 430 or FMS 543 or ARS 598 (Artists in Film: Biopics) |
| ARS     | 544         | Films of India                       | Examines classic, Bollywood and diasporic films of India from 1950 to the present.   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking). Credit is allowed for only ARS 444, ARS 544, ARS 598 (Films of India) or FMS 426                  |
| ARS     | 565         | Native Art of North America          | Critical examination of Native American art within culture, prehistory to the present.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 465 or 565   |
| ARS     | 574         | Studies in Japanese Art              | Critical examination of the nature and history of Japanese art, its rich heritage and its indebtedness to foreign sources.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 473 or 574   |
| ARS     | 575         | Approaches to Chinese Painting       | Critical history of Chinese painting from Eastern Chou to 1911. Emphasis on masters, regional developments, and conceptual underpinnings.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Minimum 108 hours; Senior or Postbaccalaureate Undergraduate or Graduate; Credit is allowed for only ARS 475 or 575                                       |
| ARS     | 584         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                            |
| ARS     | 585         | Women in the Visual Arts             | Historical study of art by women in various media; related social, political, educational issues; representation of women in art.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ARS 485 or 585   |
| ARS     | 586         | Theories of Contemporary Art         | Upper-level introduction to a variety of issues in contemporary art theory. Over the course of the semester, students travel through a different thematic segment each week. Topics covered include globalization, activism, relational aesthetics, art and ecology, as well as other themes that have found increased relevance as new art forms, media and theory proliferate in the 21st century.   | N                 | SEM               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ARS 586 or ARS 591 (Theories of Contemporary Art)                              |
| ARS     | 590         | Reading and Conference               | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                            |
| ARS     | 591         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.  | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARS     | 592         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ARS     | 594         | Conference and Workshop              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.  | Y                 | RSC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                            |
| ARS     | 595         | Continuing Registration              | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.  | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | School of Art | 1     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                            |
| ARS     | 598         | Special Topics                       | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.   | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-4   |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking) or Seniors or Post Bacc undergraduates with minimum of 108 earned hours                            |
| ARS     | 599         | Thesis                               | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.  | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| ARS     | 799         | Dissertation                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts | School of Art | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ART     | 110         | Drawing as Seeing and Thinking | Immerses students from a broad range of non-art disciplines in the practice of drawing. Considers and reflects on drawing in its most expanded form: as a primary tool of communication and creative problem solving, as movement, as sensory experience and as its own unique method of cognition. Divides class meetings among lectures, exercises, field excursions and opportunities for critical dialogue. Students leave with an appreciation of the unique power of mark-making and an improved understanding of its application in their lives. | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     | HU              | Credit is allowed for only ART 110 or 194 (Drawing as Seeing and Thinking)                             |
| ART     | 111         | Drawing I                      | Fundamental, technical, and perceptual skills using common drawing media and their application to pictorial organization. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 112         | 2-D Design                     | Fundamentals of pictorial design. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art, Art-Exploratory, Minor in Studio Art, or BIS concentration in Studio Art student |
| ART     | 113         | Color                          | Principles of color theory as related to the visual arts. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 115         | 3-D Design                     | Fundamentals of 3-D form. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 116         | Introduction to Digital Media  | Concentrates on the fundamentals of digital media, including imagery, sound, video, animation, and the Web. Assignments are given to engage students in the technical, conceptual, and aesthetic aspects of digital media. Students employ a diverse range of techniques and software as they become familiar with contemporary artistic processes involving the use of the computer and/or other technologies. Consists of hands-on experimentation and production supplemented by slide lectures, videos, visiting artists, and academic research.    | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Credit is allowed for only ART 116 or 194 (Introduction to Digital Media)                              |
| ART     | 191         | First-Year Seminar             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-3   |                 |  |
| ART     | 194         | Special Topics                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-4   |                 |  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|--|
| ART     | 201         | Photography I  | An introduction to photography, with emphasis on investigating personal, social, cultural and aesthetic concerns with the camera. Class lectures address contemporary and historical photographers and various philosophical and technical approaches to the medium. Lab sections emphasize the creative process through camera work and darkroom procedures using 35 mm film, as well as digital capturing from cell phone camera to DSLR. Students leave this class with a better understanding of the role of photographs in culture and in their own lives.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     | HU              |  |
| ART     | 202         | Photography I Lab  | An introduction to photography, with emphasis on investigating personal, social, cultural and aesthetic concerns with the camera. Class lectures address contemporary and historical photographers and various philosophical and technical approaches to the medium. Lab sections emphasize the creative process through camera work and darkroom procedures using 35 mm film, as well as digital capturing from cell phone camera to DSLR. Students leave this class with a better understanding of the role of photographs in culture and in their own lives.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 0     |                 | Corequisite(s): ART 201  |
| ART     | 204         | Photography II: Black and White                                  | Photography as an art medium with additional exploration into personal photographic aesthetics. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 201 with C or better  |
| ART     | 205         | Photography II: Color  | Uses both film and digital capture to explore color photography in depth. Emphasizes computer editing and printing.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 201 with C or better  |
| ART     | 206         | Digital Photography I  | Through readings, lectures, demonstrations and regular shooting assignments and critique, introduces the basic concepts of photography as a form of creative expression. With an emphasis on the student's own creative practice, covers technical, aesthetic and conceptual aspects of photography and explores how meaning is created in a photograph. Introduces basic digital editing, camera controls, selection and sequencing. Assignments cover traditional genres such as landscape, portrait and still life. Places a strong emphasis on interaction with classmates' work and receptivity to critique. Fully manual DSLR is suggested but not required for this course.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Credit is allowed for only ART 206 or ART 294 (The Still Image in Digital Culture)   |
| ART     | 207         | Digital Photography II: The Photograph in the Age of Information | Through readings, lectures, demonstrations and regular shooting assignments and critique, introduces the basic concepts of digital photography as a form of creative expression. With an emphasis on the student's own creative practice, explores the ways in which the recently increased speed of creation and dissemination have led to the ubiquity of photography and how these aspects have radically altered how photographs function in today's world. Covers technical, aesthetic and conceptual aspects of digital photography and explores how meaning is created in a digital photograph. Students learn digital editing, camera controls, file formats, workflow and explores media theory in relation to digital imaging technology. Assignments cover topics such as appropriation, social media, surveillance, vernacular and ritual photography. Places a strong emphasis on interaction with classmates' work and receptivity to critique. | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 211         | Drawing II   | Continued development of technical and perceptual skills. Emphasizes materials and pictorial content. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 111 with C or better; ART 112 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA   |
| ART     | 214         | Life Drawing I   | Development of skill and expressiveness in drawing the basic form, construction, and gesture from the human figure. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 111 with C or better; ART 112 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA   |
| ART     | 216         | Intermedia Practices   | Investigates the multidisciplinary practice of Intermedia within a fine art context and functions as a bridge between foundation courses and the Intermedia degree area specialty. Relying on principles and techniques from foundation level classes, students learn to choose appropriate media for a particular idea and construct work that is concept-driven and incorporates cross-disciplinary approaches. Students develop individual and diverse approaches to fusing traditional art disciplines with experimental, performative, spatial, and digital technologies. Students explore the full range of options available to contemporary artists and discuss the ever-shifting definition of intermedia and new media. Students may work in media including drawing, photography, mixed media, video, sculpture, networked, multimedia, electronic arts, digital sound manipulation, image processing, performance, and installation.              | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Pre- or corequisite(s): ART 113, 116 or 194 (Intro to Intermedia) with C or better; 2 from ART 111, 112 or 115 with C or better OR Art Digital Culture major; ART 111, 112 or 113 with C or better; Credit allowed for ART 216 or 294 (Intermedia Practices) |

| Subject | Catalog Nbr | Course Title                             | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department    | Units | General Studies | Requirements   |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|--|
| ART     | 217         | Introduction to Computer Animation       | Prepares students for the exciting world of digital animation. Looks back at animation through history and how it has developed into what we understand today. Looks at history, theory, principles, practices and animation techniques. Expands the student's current knowledge of 3D digital animation and how it has changed and affected society through time. Students use learned techniques to create art in animation.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Credit is allowed for only ART 217 or ART 294 (Introduction to Animation)  |
| ART     | 218         | 3D Tools                                 | Introduces 3D data capture, 3D modeling and rendering, and 3D prototyping and fabrication through creative/research activities using CNC and rapid prototyping tools. Projects are given to engage students in the technical, conceptual, and aesthetic aspects of digital media. Students employ a diverse range of techniques, software tools, and hardware in the course of making their creative/research projects, becoming familiar with contemporary artistic and engineering processes involving the use of the computer and/or other technologies. Consists of hands-on experimentation and production supplemented by slide lectures, videos, visiting artists, and academic research. | N                 | LEL               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Credit is allowed for only ART 218 or 294 (3D Tools)   |
| ART     | 223         | Painting I                               | Fundamental concepts and materials of traditional and experimental painting media. Emphasizes preparation of painting supports, composition, and color. Lab. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 111 with C or better; ART 112 or 113 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA            |
| ART     | 227         | Watercolor I                             | Fundamental concepts, materials, and techniques of watercolor. Emphasizes problem solving, basic skills, composition, and color. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 111 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA |
| ART     | 231         | Sculpture I                              | Explores sculptural forms through concepts related to basic materials. Students learn how to create original sculptures using mold-making, wood-working and sheet metal construction. Focuses on studio production, safety, aesthetic criticism and history of sculpture. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 244         | Introduction to Interactive Environments | Introduces software programming in the context of real-time interactivity. Builds the skills and develops the confidence needed to produce interactive audiovisual environments. Primarily uses the Max 7 (cycling74.com) programming language to write code for manipulating digital images, sounds and video in real time. For these systems to be interactive (respond to human activity), uses the tools and techniques for gathering and processing real-time input from sensors such as microphones, electronics, cameras and interface devices.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Credit is allowed for only AME 244 or ART 244 or AME 294 (Introduction to Interactive Environments) or ART 294 (Introduction to Interactive Environments)  |
| ART     | 253         | Introduction to Printmaking              | Introduces basic monotype, intaglio, relief, and related techniques.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 113 with C or better   |
| ART     | 261         | Ceramic Survey                           | Handforming methods, throwing on the wheel, decorative processes, and glaze application. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 112 with C or better; ART 115 with C or better OR non-Art major; minimum 45 hours  |
| ART     | 272         | Introduction to Metals and Jewelry       | Emphasizes metal fabrication. Basic techniques of cutting, piercing, forging, soldering, and forming of non-ferrous metals.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; maximum junior standing; ART 112 with C or better; ART 115 with C or better  |
| ART     | 274         | Wood I                                   | Fundamental woodworking techniques to produce creative functional 3-D objects. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 276         | Fibers I                                 | Explores traditional and contemporary materials and basic techniques related to fibers. Embroidery, feltmaking, dyeing, block printing, plaiting, 3-D structures.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 112 or 113 with C or better; ART 115 with C or better OR Fashion major: ART 110 with C or better; ART 113 with C or better   |
| ART     | 294         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-4   |                 |  |
| ART     | 300         | Photo Editing: Narrative/Non-Narrative   | Explores how structure in images can be created both within the image (by setting up a picture) and by sequencing images that may or may not have had any relation when they were created. By exploring two prevalent ways in which images function in the art world--the directoral mode and sequencing mode--students gain valuable tools in terms of understanding how to construct meaning with their images. Emphasizes creating cohesive and complete sequences both narrative and non-narrative.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207  |
| ART     | 301         | Alternative Processes I                  | Recognition Alternative Processes of the inherent characteristics of nonsilver processes and their use in communicating ideas. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major with completed portfolio; ART 204 with C or better  |

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|---|
| ART     | 302         | The Still and Moving Image: Digital Photography and Video | Through screenings, readings, discussion and practical assignments, explores the differences between the still and the moving image coming from the perspective of a still photographer. How does the addition of time, sound and movement affect the way we experience images? How have the histories of photography and cinema overlapped and how are they different? How does the fact that video and film are no longer prohibitively expensive for most people affect the approach that people take to creating videos? How can photographers make engaging video using their photo skills? Looking at practitioners and learning basic video editing tools--as well as various methods for output--students create video and still images with an understanding of the intersections, variations and potential of the similar yet markedly different languages of film, video and still photography. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207   |
| ART     | 304         | Junior Photographic Projects                              | Interpretation and manipulation of light as a tool in the performance of expressive photography. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student with completed portfolio; ART 204 with C or better; ART 101 with C or better; ART 201 with C or better   |
| ART     | 307         | View Camera   | View camera and darkroom techniques.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 204 with C or better; ART 101 with C or better OR ART 201 with C or better  |
| ART     | 311         | Drawing III   | Emphasizes composition and exploration of drawing media.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major or completed studio milestone; ART 211 with C or better or Studio Art Minor or BIS (Studio Art); ART 110 with C or better; ART 112 with C or better  |
| ART     | 314         | Life Drawing II   | Drawing from the model with greater reference to structural, graphic, and compositional concerns. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 111 with C or better; ART 112 with C or better; ART 214 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA            |
| ART     | 317         | Advanced Digital Photography                              | Builds on the skills and conceptual underpinnings of previous coursework and is the final course in the required photo foundation for the Digital Photography BFA. Students build on their understanding of photography in relation to the technical, aesthetic and conceptual aspects of photography. Requires students to create a short video and create physical objects, including printed photographs and a book. Places a strong emphasis on idea development, interaction with classmates' work and receptivity to critique.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206 or 207   |
| ART     | 323         | Painting II   | Development of competency in skills and expression. Assigned problems involve light, space, color, form, and content. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 223 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA  |
| ART     | 325         | Figure Painting   | The human figure clothed and nude as the subject for painting in selected media.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 214 or 223 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA   |
| ART     | 327         | Watercolor II   | Explorations of personal expression in watercolor. Continued development of watercolor skills using traditional and experimental materials and techniques. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 227 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA  |
| ART     | 331         | Sculpture II  | Emphasizes metal fabrication as an expressive sculptural process. Techniques in welding, cutting and bending of metals and their aesthetics. 6 hours a week.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major or completed studio milestone: ART 231 with C or better OR BIS (Studio Art) or Studio Art minor: ART 110, 115 with C or better   |
| ART     | 332         | Sculpture III   | Explores diverse media with a focus on mold-making processes. Development of the sculpture portfolio. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 331 with C or better   |
| ART     | 333         | Foundry Casting Methods                                   | Fine art and techniques of metal casting: mold making, foundry safety, finishing techniques, application of patinas, and history of casting. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art Majors: ART 331 with C or better, or Non-art majors: ART 231 with C or better  |
| ART     | 345         | Visualization and Prototyping                             | Studio/seminar introduces concepts of computer visualization, modeling, and rapid prototyping in an interdisciplinary manner.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Digital Art OR Intermedia student  |
| ART     | 346         | 3-D Computer Imaging and Animation                        | 3-D modeling and animation. Emphasizes concepts and fine arts applications.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     | CS              | Prerequisite(s): Art major or Digital Culture (Art) major: ART 111, ART 112 or ART 113 with a 'C' or better OR Minor in Studio Art (HISTARTMIN): ART 110 with a 'C' or better, and ART 112 or ART 113 or ART 115 or ART 116 with a 'C' or better. |
| ART     | 348         | Animation Motion Studies                                  | Principles and applications of 3-D animation for fine arts. Emphasizes animation techniques for expressive effects.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 346 with C or better  |

| ART     | 354         | Screen Printing I              | Introduces paper, direct, and photographic stencil techniques. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art major; two from ART 111, 112, 113 with C or better OR Studio Art minor; ART 110 with C or better; ART 112 or 113 with C or better   |
| ART     | 360         | Ceramic Throwing               | Design analysis and production of functional pottery. Emphasis on throwing techniques, surface enrichment, and glaze application.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): minimum 42 hours  |
| ART     | 364         | Ceramic Handbuilding I         | Search for form using handbuilding techniques. Kiln firing and related problems.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): minimum 42 hours  |
| ART     | 365         | Ceramic Handbuilding II        | Continuation of ART 364 with an additional focus on large-scale works, surface treatments, and glaze decoration with related kiln firing applications.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art student; ART 261 with C or better; ART 364 with C or better OR BIS Studio Art student or Studio Art student; ART 364 with C or better   |
| ART     | 367         | Ceramic Vessels                | Focuses on the exploration and creation of ceramic vessel forms utilizing a variety of technical approaches. Students develop a personal direction through guided assignments focusing on both historical/contemporary vessels, function vs. design, and various forming processes. Students should have previous experience with either wheel-throwing or hand-building techniques.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 367 or ART 394 (Ceramic Vessels)   |
| ART     | 372         | Casting and Jewelry Techniques | Covers lost wax casting for jewelry scale work and alternative casting methods and mold making as well as other techniques such as chain making and marriage of metals.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art student; ART 272 with C or better   |
| ART     | 373         | Form Emphasis in Metals        | Covers forming non-ferrous metals using techniques such as anticlastic and sinclastic forming, raising, fold forming. Projects focus on hollow forms using these various techniques.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art student; ART 272 with C or better   |
| ART     | 374         | Wood II                        | Individual and directed problems in wood related to the production of unique functional art objects. 6 hours a week.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art student; ART 274 with C or better   |
| ART     | 376         | Weaving and Dyeing             | Focuses on loom-controlled woven structures in conjunction with a variety of dye techniques. In the investigation of these new practices, an emphasis is placed on technical issues, historical trajectories and contemporary contexts.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art major: ART 276 with C or better OR Fashion BA major: FSH 201 with C or better OR All other majors: ART 110, 112, 113, 115, or 116 with C or better  |
| ART     | 377         | Surface to Form                | Explores a variety of surface design processes such as sewing, embroidery, dyeing and interlacing, as well as the construction of collage, piece work and creatively fabricates sculptural forms with their newly soft design materials.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): Art major: ART 276 with C or better OR Fashion major: FSH 201 with C or better OR All other majors: ART 110, 112, 113, 115, or 116 with C or better   |
| ART     | 378         | Digital Textiles               | Starting in the 19th century with advent of the Jacquard loom, which is often noted as the inspiration for the modern day computer, explores the interwoven history and practice of textiles and technology. Taking theoretical and practical approaches, works through textile techniques, such as knitting, printing and wearables, as well as research and readings. Emphasizes applying the information presented to support individual bodies of work.   | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): C or better: ART 110 or 111; ART 112, 113, 115, or 116; min 2.00 GPA OR Digital Culture student; C or better: AME 111; AME 112 or 130; min 2.00 GPA OR Fashion major; FSH 201; Credit is allowed for only ART 378 or 394 (Digital Textiles) |
| ART     | 394         | Special Topics                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-4   |                 |  |
| ART     | 394         | Special Topics                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | STO               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 |  |
| ART     | 400         | The Photobook                  | Photographers have long seen the photobook as an excellent way to showcase their work. From the mid 1960s art photographers have used self-publishing through methods as simple as a photocopier to disseminate their work. Recent advances in the accessibility of high-quality reproduction capacities have resulted in an explosion of flexible and creative ways for photographers to execute their ideas and contribute to a wide range of conversations. Practical and theoretical course on the photobook. Students learn about the history of the photobook and the multitude of contemporary applications from the major photography publishers such as Aperture, through to the small press and self-publishing and the exciting world of art book fairs. Students also create a handmade photobook and create and order a print-to-order book of their own work. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): ART 206; ART 207; ART 300   |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|--|
| ART     | 402         | Traditional Genres in Photography          | Through practical assignments, lectures, readings, discussion and critique, investigates traditional photographic genres such as portrait and landscape. Students create works in the genre in question and contextualize these images in historical and contemporary art. Addresses such questions as what defines a genre and the social, political and cultural impacts these genres have had on photography and art. Also addresses how genres have been transformed with the advent of digital technology explores how this affects images in a broader cultural and social history. Emphasizes the students' work and a final portfolio of portraits.                        | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207; ART 300   |
| ART     | 403         | Senior Photographic Projects               | Technical and philosophical refinement of personal aesthetic with various photographic media. 6 hours a week. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 204 with C or better; ART 101 with C or better OR ART 201 with C or better |
| ART     | 404         | Portraiture Photography                    | Photographing people. Critical discussions and slide lectures on issues in portraiture. 6 hours a week. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 204 with C or better; ART 101 with C or better OR ART 201 with C or better |
| ART     | 406         | New Genres in Digital Photography          | Explores the ways in which contemporary technology and the key changes--ubiquity, speed and reproducibility--have spawned new genres in photo-based art. Explores these emerging and changeable genres and examines the potential they present for creative expression and in-depth conversation about new ideas. Defines these new genres: selfie sticks, Instagram, screenshots from Google Streetview or remote cameras that we control from our home computer. Students are given weekly assignments and at the end of the course create a project within one of the new genres.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207; ART 300   |
| ART     | 407         | Digital Photography Capstone               | Culminating class of the online Digital Photography degree. It is organized around a single, major self-directed project. Students will submit work once a week for critiques and will participate in their classmates' critiques as well. Classmates and instructor will guide each student towards the best execution of their vision. Students will complete course with a portfolio of images that may be realized in a variety of forms including but not limited to: an online gallery, a website, or a printed portfolio or a photobook. Students will also write an artist statement to accompany the work and conduct research where there is an audience for their work. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207; ART 317   |
| ART     | 408         | Experimental Film                          | Facilitates the exploration of 16 mm motion picture film as material and methodological fodder for artists. Students use original, found, and hand-altered footage to create projects of their own design. Covers basic techniques including camera operation, film exposure, and analog editing practices. Explorations also include in-class experiments, readings, discussions and screenings. For upper-division undergraduate and graduate art students attracted to the material and theoretical issues embodied in film and who are curious about how film might inform their own ongoing advanced artistic pursuits.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): minimum 3.00 GPA; minimum 45 hours. Credit is allowed for only ART 408 or ART 508           |
| ART     | 409         | Photographic Exhibition                    | Care of photographic prints, print presentation, and exhibition. Practical experience in gallery operations. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 410         | Landscape Photography                      | Photographing landscapes. Critical discussion and presentations on issues in landscape photography. May be repeated for credit. 6 hours a week.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 |  |
| ART     | 411         | Drawing IV                                 | Visual and intellectual concepts through problem solving and independent study. Emphasis on the individual creative statement. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 211 and ART 311 with C or better   |
| ART     | 412         | Advanced Techniques in Digital Photography | Highly technical course consists mainly of technical applications, readings, quizzes and discussion. Focuses on learning advanced image-editing software such as Photoshop, and photo management and manipulation software. Covers montage and color management systems including profiling for color printing and monitors. Students also learn about using digital backs on medium format and view cameras.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 206; ART 207; ART 317   |
| ART     | 414         | Life Drawing III                           | Various media and techniques on an advanced level. The human figure as an expressive vehicle in various contexts. 6 hours a week. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 314; credit is allowed for only ART 414 or ART 514                                      |
| ART     | 415         | Digital Compositing                        | Photographically based lab/lecture course designed to address ideas and concepts using digital montage/manipulation as an expressive medium. Emphasizes both assignments and self-defined projects. Includes discussion of technological theory and the extent to which digital imaging has affected the field of photography in the fine arts and professional arenas. Introduces new and more advanced techniques, but students also review retouching, coloration, enhancement and montage techniques. Covers the basic principles of pattern design in relationship to photography and the use of the computer as a pattern generator.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 415 or ART 494 (Digital Compositing)       |

| ART     | 418         | Alternative Processes II                     | Despite the convenience of modern photographic technology, many artists prefer to enrich their methods with the tactile wonders of the traditional processes that this course introduces. Part two of Alternative Processes with a finer focus on project-based work. Explores salt print, 3-color gum bichromate, wet plate collodion, albumen printing processes, daguerreotypes, as well as 21st-century alternative processes. Provides new opportunities for digital/analog hybrid processes and alternative ways of presentation, such as videos, photo sculptures and performances. Involves intensive studio work, lecture and critique sessions. Students must have a film or digital camera to produce new images for the projects assigned in this course. Also requires a basic understanding of Adobe Photoshop for digital negative outputting. Students are expected to share ideas, techniques and their photographic experimentations. | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 418 or ART 494 (Alternative Processes II) or ART 518 or ART 598 (Alternative Processes II)  |
| ART     | 423         | Painting III                                 | Further exploration of techniques and concepts of painting.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 323 with C or better; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA; Credit is allowed for only ART 423 or ART 523                           |
| ART     | 425         | Advanced Figure Painting                     | The human figure clothed and nude as the subject for painting in selected media. 6 hours a week.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art undergrad major: ART 325 with C or better OR Herberger Institute student: min 55 hours; min 2.00 GPA OR BIS Studio Art emphasis or Studio Art minor: ART 110; ART 112, 113, 115, or 116; Credit is allowed for only ART 425 or ART 525 |
| ART     | 427         | Art on Paper                                 | Advanced techniques, concepts, and processes with water media and mixed painting and drawing media on paper.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 327; minimum 2.00 GPA OR All other majors: ART 110 with C or better; ART 112, 113, 115, or 116 with C or better; minimum 2.00 GPA; Credit is allowed for only ART 427 or ART 527  |
| ART     | 428         | Video and Sound as Sculptural Materials      | Students learn to incorporate video and sound into sculptures and installations. Covers basic video and sound capturing and editing, but emphasizes new techniques for controlling and presenting video and sound: Max/MSP programming language, Arduino microcontrollers and Raspberry Pi. The latest developments in video and sound for sculpture and sculpture for video and sound.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art BA or BFA major; ART 231 with C or better; Credit is allowed for only ART 428 or ART 494 (New Systems-Sculpture) or ART 528  |
| ART     | 430         | Advanced Sculpture: Materials and Techniques | Encourages individual investigation in sculpture with an emphasis on the development of a personal approach to materials and techniques. Students have acquired a strong background in the basic techniques and materials in sculpture in previous classes and now are working toward the development of a portfolio or body of work.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 331  |
| ART     | 431         | Special Problems in Sculpture                | Development of a personal approach to sculpture. Emphasis on form, individual problems, and related color technology. Professional practices and presentation. 6 hours a week.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 231, ART 331 and 332 with C or better   |
| ART     | 432         | Neon Sculpture                               | Techniques for creating neon in an art context. Glass tube bending and fabrication. Construction of artworks utilizing light-generating gasses. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 231 with C or better or BIS Studio Art emphasis or Studio Art minor; ART 110 and 115 with C or better   |
| ART     | 433         | Foundry Casting Methods                      | Thorough and directed course for the professional preparation of sculptors. Requires participation in all aspects of the foundry process, including serving on both a casting and foundry process maintenance team. Provides a history of the use of cast metal in the visual arts and an understanding of how casting processes can be applied to contemporary sculptural concepts. Requires participation in special projects such as exhibitions, iron casting, and field trips to local foundries as the semester course schedule dictates.   | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art Majors: ART 331 with C or better, or Non-art majors: ART 231 with C or better  |
| ART     | 434         | Advanced Sculpture: Context and Content      | Studio-based class offers an opportunity for guided individual study with an emphasis on content, context and professional practices. Students work on developing a series of related works on a theme of their choosing. Assignments help students gain a greater understanding of the themes and ideas that are important in their art and expand their awareness of historical and contemporary artist working along similar lines. Requires students to develop a packet for self-promotion including a resume, portfolio and artist statement and to submit these materials to a competitive exhibition, commission, residency, scholarship or similar opportunity.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 331  |
| ART     | 435         | Foundry Research Methods                     | Research in foundry techniques.   | N                 | LEL               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| ART     | 436         | Architectural Sculpture                      | Sculptural concepts as related to architecture and other man-made environments. Scale drawing, models and relief sculpture. Students learn to produce proposals for large-scale and public commissions.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art Majors: ART 331 with C or better, or Non-art majors: ART 231 with C or better  |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|--|
| ART     | 437         | Film Animation                                 | Production of short 16mm films that feature articulated sculptural objects, models, dolls, puppets, and graphics through the use of single-frame filming techniques. 6 hours a week. May be repeated for credit.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 231 with C or better   |
| ART     | 438         | Moving and Interactive Systems in Sculpture    | Explores the use of Arduino microcontrollers to control light, sound, interactivity and movement in sculptures and installations. Covers basics of electronic circuits, mechanics and audio electronics. Also covers historical and contemporary artists who incorporate technology into their work.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 231 with C or better; Credit is allowed for only ART 438 or ART 538   |
| ART     | 439         | Intermedia Studio                              | Exploring visual effects by combining traditional and nontraditional methods, techniques, and concepts. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student or Digital Culture (Art) student; ART 111, ART 112 or ART 113 with C or better or Studio Art minor (or BIS Studio Art emphasis), ART 110 and 116; credit is allowed for only ART 439 or 539 |
| ART     | 440         | Experimental Video Art                         | Explores creative possibilities through the production of experimental video art works referencing new approaches to concept, theory and art practice. The Experimental Video Art curriculum emphasizes the use of metaphor and simulation to depict reality and linear story telling. Students study relational aesthetics, content, stylistic formats and presentation issues as they reference time-based media. The textbook entitled, "Video Art" by Michael Rush serves as a research tool for experimentation. The technical component concentrates on the use and operation of equipment for video recording, audio mixing, lighting, video editing and computer graphics. Students create stand-alone video works, video installations, multimedia time-based performances, through individual and group projects. | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 116 with C or better, or Art minor or non-Art major with minimum 45 hours  |
| ART     | 441         | Video Art                                      | Utilizing video and audio equipment essential to the production of broadcast quality video art. 2 hours a week. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1     |                 | Prerequisite(s): Art portfolio completed; corequisite ART 440  |
| ART     | 442         | Art and Community                              | Explores through studio practice, research and presentations intermedia social art practice, public practice, art/life practice, relational aesthetics, community-based projects, and other critical theories and conventions that engage art and community.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Studio Art minor or BIS Studio Art emphasis or minimum 45 hours; ART 110 with C or better; ART 116 with C or better; Credit is allowed for only ART 442 or 494 (Art and Community)                      |
| ART     | 443         | Intermedia Performance                         | Experimental, conceptual, and interdisciplinary studio art with emphasis on performance and new media practices. May be repeated once for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Studio Art minor or BIS Studio Art emphasis; ART 110 and 116 with C or better or Art major; Credit is allowed for only ART 443, ART 543 or ART 598 (Intermedia Performance)                             |
| ART     | 444         | Web Art  | Explores Web technology as a medium to create interactive art works for the Internet. Concept-driven curriculum wherein the idea for each work and its development is emphasized. The technical aspect of the work supports the concept. Students create storyboards and flowcharts to facilitate the application of the concept to the technology. The technical emphasis is on interactivity and time-based Net art. Students use existing software, learning the interface and programming associated with the software.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Intermedia majors eligible for upper-division credit; credit is allowed for only ART 444 or 494 (Web Art)   |
| ART     | 445         | Digital Processes for Printmaking              | Introduces digital applications and processes as they relate to all areas of photo-mechanical printmaking processes. Comprised of three smaller sections to give a broad overview of possibilities and how they relate to analog printmaking techniques, including image capture, film generation and analog processes, and digital and inkjet printing.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): 50 minimum hours; credit is allowed for only ART 445 or 494 (Digital Process for Print)   |
| ART     | 449         | Computer Animation and Video                   | Integrates 3-D fine arts animation with video and compositing. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 346 and ART 348 with C or better   |
| ART     | 451         | Advanced Intaglio                              | Gives students the opportunity to further develop their skills with intaglio printmaking techniques. Primary areas of research include image development, multiple plate and color printing. Additional techniques include lift grounds, spit bite aquatint, white ground, and viscosity printing. Develops sharper critical responses, both aesthetically and conceptually, to their own work, as well as the work of other artists.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 351 with C or better; credit is allowed for only ART 451 or ART 551   |
| ART     | 452         | Advanced Lithography                           | Continuation of ART 352. 6 hours a week. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student or completion of portfolio milestone; ART 253 and ART 352 with C or better  |
| ART     | 453         | Experimental Printmaking: Expanding the Matrix | Alternative methods of working with print techniques, including installations, actions or performances, and other nontraditional formats.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): at least one of the following: ART 351, 352, 354, 355, 456, 459, 477, 478, 494 (Relief), or 394 (Photolithography) with C or better; Credit is allowed for only ART 453 or ART 553                      |
| ART     | 454         | Advanced Screen Printing                       | Continuation of paper, direct, and photographic stencil techniques. 6 hours a week.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major; ART 354 with C or better   |
| ART     | 455         | Artists' Books                                 | Concepts, materials, techniques and structures related to book arts. Explores a variety of traditional and nontraditional binding structures, basic editing and low-tech printing techniques while simultaneously working on studio assignments that challenge them on a conceptual level.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 455 or ART 494 (Artists' Books) or ART 555   |

| ART     | 456         | Letterpress Studio                      | Equipment, techniques and applications of letterpress printing. Students hand set type and create photopolymer plates and are encouraged to integrate the tactile quality of letterpressed type and image with other media. Discusses conceptual and material aspects of letterpress.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major; ART 253 with C or better OR non-art major with 56 hours; minimum 2.50 GPA; Credit is allowed for only ART 456 or ART 556 or ART 598 (Fine Printing and Bookmaking I)                           |
| ART     | 457         | Fine Printing and Bookmaking II         | Continuation of ART 456. Bookbinding, book design and printing, advanced typography, theory, and presswork. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 253 with C or better; ART 456 with C or better; Credit is allowed for only ART 457, ART 557 or ART 598 (Fine Printing and Bookmaking II)   |
| ART     | 458         | Paper Studio                            | The equipment, techniques and applications of papermaking, exploring both traditional sheet forming, paper pulp painting as well as sculptural paper.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student with ART 112 with C or better, OR non-Art majors with 56 minimum credit hours and minimum 2.50 GPA; Credit is allowed for only ART 458 or ART 558   |
| ART     | 459         | Monoprinting                            | Nonmultiple printed image using a variety of technical approaches. 6 hours a week. May be repeated for credit.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): BA or BFA Art major, minimum 45 hours; or BIS Interdisciplinary Studies (Studio Art concentration) or Studio Art minor; ART 110, 112, 113, 115 or 116 with C or better                                    |
| ART     | 460         | Ceramic Clay                            | Research into various clay body formulations, local natural materials, slip glazes, and engobes.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 261 with C or better; Pre- or corequisite(s): ART 360 and ART 364 with C or better if completed  |
| ART     | 461         | Polymer Plate Prints                    | Explores the creative process of polymer plate printmaking as a fine art medium.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Minimum 50 hours; credit allowed for only ART 461 or 494 (Polymer Plate Prints)   |
| ART     | 463         | Ceramic Glaze                           | Glaze calculation and formulation using various glaze colors and surfaces.  | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major; ART 261 with C or better   |
| ART     | 466         | Special Problems in Ceramics            | Emphasis on personal expression within structure of seminars, critiques, and studio work. Professional methods of presentation/documentation of work. 6 hours a week. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 261 and ART 364 with C or better   |
| ART     | 467         | Art and Ecology                         | Designed for students with advanced independent studio art practices or sustainability studies students who have an interest in the way that their lives and practices engage environments. Through readings, slide presentations, discussions, guest visits, hands-on activities and screenings, explores the work of many contemporary ecological artists engaging with environments and environmental issues from a multitude of angles. Artists engage land remediation, agriculture, socio-ecological justice, sustainable materials, landscape design and much more. As cultural workers must be informed, the course content addresses some basic literacy with regard to environmental concerns and shares examples of realized accessible sustainable solutions. In addition to learning about ecologies and artists, students complete three art or research projects, inspired by assignments. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ART 467 or ART 494 (Art and Ecology) or ART 567 or ART 598 (Art and Ecology) or SOS 467 or SOS 494 (Art and Ecology) or SOS 567 or SOS 598 (Art and Ecology) |
| ART     | 472         | Advanced Jewelry and Surface Techniques | Covers jewelry forms and techniques including surface embellishment such as granulation, keum-boo and filigree to be used as tools for aesthetic expression and expand student awareness of historical and contemporary jewelry/metalwork.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 272 and ART 372 with C or better   |
| ART     | 473         | Advanced Metals and Mechanisms          | Covers new techniques and develops existing skills in non-ferrous metal forming and mechanism fabrication while further refining fitting and finishing techniques, incorporating concept with craft and emphasizing professional practices/portfolio development.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 272 with C or better; ART 373 with C or better; Credit is allowed for only ART 473 or 598 (Adv. Metals & Mechanisms)   |
| ART     | 474         | Advanced Wood                           | Extended experience and advanced techniques in the use of wood to create functional works of art. 6 hours a week. May be repeated for credit.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 274 and ART 374 with C or better   |
| ART     | 476         | Advanced Textile Construction           | Expanding on technical knowledge of knit and woven structures, this course emphasizes the creation of a body of work. The materialization ranges from the functional to the formal to the conceptual depending on one's research trajectory within his or her program of study.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art student; ART 276 with C or better; ART 376 with C or better   |
| ART     | 477         | Printed Textiles                        | Techniques for screen printing on fabric exploring pattern as a compositional element. Various stencil methods including photographic processes.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major: ART 276 with C or better; ART 377 with C or better OR Fashion BA major: FSH 201  |
| ART     | 478         | Advanced Surface to Form                | Broadening knowledge of surface design and the construction of 3D structures, presents advanced explorations in embroidery, dyeing and quilting.  | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): ART 276, ART 377 and ART 477 with C or better; Credit is only allowed for ART 478 or ART 578  |
| ART     | 479         | 3-D Fibers: Construction and Content    | Explores hand-constructed fiber techniques through the context of the history and communities from which they came, as well as contemporary applications. Emphasizes research and the development of one's work through studio and social practice.   | N                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): Art major or Studio Art minor; ART 276 with C or better; Credit is allowed for only ART 479 or ART 579 or ART 598 (3-D Fibers)  |

|---------|-------------|------------------------------|--|-------------------|-------------------|-----------------|---------------|------------------------------|--|-------|-----------------|---|
| ART     | 482         | Senior Exhibitions/Portfolio | Capstone course required of all BFA studio art majors. Students participate in a group exhibition and focus on professional practices, including exhibition display and advertisement, career planning, and development of a professional packet with artist statement, CV, and digital portfolio.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): BFA student; minimum 100 hours; credit is allowed for only ART 482 or 494 (Senior Exhibition/Portfolio)  |
| ART     | 484         | Internship                   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Art                                    | 1-12  |                 | Prerequisite(s): Art student  |
| ART     | 492         | Honors Directed Study        | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | STO               | Y               | Z1            | Herberger Inst Design & Arts | School of Art                                    | 1-6   |                 | Prerequisite(s): Barrett Honors student   |
| ART     | 493         | Honors Thesis                | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | STO               | N               | Z1            | Herberger Inst Design & Arts | School of Art                                    | 1-6   | L               | Prerequisite(s): Barrett Honors student   |
| ART     | 494         | Special Topics               | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| ART     | 494         | Special Topics               | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | STO               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-4   |                 | Prerequisite(s): minimum 45 hours   |
| ART     | 498         | Pro-Seminar                  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-7   | L               |   |
| ART     | 498         | Pro-Seminar                  | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | STO               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-7   | L               |   |
| ART     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 1-3   |                 | Prerequisite(s): Art student  |
| ART     | 499         | Individualized Instruction   | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | STO               | Y               | OPT           | New Interdis Arts & Sciences | School of Humanities, Arts, and Cultural Studies | 1-3   |                 | Prerequisite(s): Art student  |
| ART     | 501         | Cross-Practice Critique      | Engages graduate students in deep, sustained critical discussion about artwork made by students in the class. Students investigate together the process(es) of critiquing artwork and consider and discuss the underlying assumptions and values they bring to this method of communication and pedagogy. Helps students develop and improve their critical voice at whatever level they are at, including the ability to receive and accept critical feedback of their work. Encourages students to hone their sense of personal agency in the context of "the crit."   | N                 | LEL               | Y               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate  |
| ART     | 508         | Experimental Film            | Facilitates the exploration of 16 mm motion picture film as material and methodological fodder for artists. Students use original, found, and hand-altered footage to create projects of their own design. Covers basic techniques including camera operation, film exposure, and analog editing practices. Explorations also include in-class experiments, readings, discussions and screenings. For upper-division undergraduate and graduate art students attracted to the material and theoretical issues embodied in film and who are curious about how film might inform their own ongoing advanced artistic pursuits. Graduate level focuses on the development of a personal approach. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ART 408, 494 (experimental Film), or ART 508, or ART 598 (Experimental Film)                   |
| ART     | 514         | Graduate Life Drawing        | Advanced study of the human figure as an expressive vehicle in various contexts. Graduate level focused on the development of personal approach. Timed poses of short and long duration with emphasis on using the figure to enhance the students individual research. Art historical component will be included to enable the student to fit themselves into the context of the use of the figure as it relates to the study of the history of art.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art                                    | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student OR senior or postbaccalaureate undergraduate with minimum 108 hours; Credit is allowed for only ART 414 or ART 514 |

| Subject | Catalog Nbr | Course Title                                | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department    | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|---|
| ART     | 518         | Advanced Alternative Processes              | Despite the convenience of modern photographic technology, many artists prefer to enrich their methods with the tactile wonders of the traditional processes that this course introduces. Part two of Alternative Processes with a finer focus on project-based work. Explores salt print, 3-color gum bichromate, wet plate collodion, albumen printing processes, daguerreotypes, as well as 21st-century alternative processes. Provides new opportunities for digital/analog hybrid processes and alternative ways of presentation, such as videos, photo sculptures and performances. Involves intensive studio work, lecture and critique sessions. Students must have a film or digital camera to produce new images for the projects assigned in this course. Also requires a basic understanding of Adobe Photoshop for digital negative outputting. Students are expected to share ideas, techniques and their photographic experimentations. | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 418 or ART 494 (Alternative Processes II) or ART 518 or ART 598 (Alternative Processes II) |
| ART     | 523         | Graduate Painting                           | Concentrates on formal and conceptual skills and explores a variety of topics, including historical and contemporary painting issues, visual literacy, critical thinking, and professional practices.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student OR Senior or Postbaccalaureate undergraduate with minimum 108 hours; credit is allowed for only ART 423 or 523             |
| ART     | 525         | Advanced Figure Painting                    | Advanced study of the human figure clothed and nude as the subject for painting in selected media. Graduate-level study focuses on the development of personal expression.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 425 or ART 525   |
| ART     | 527         | Art on Paper                                | Exploration focused on conceptual and technical approaches combining mixed media painting and drawing on paper and related surfaces.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student OR senior or undergraduate postbaccalaureate with minimum 108 hours; Credit is allowed for only ART 427 or ART 527         |
| ART     | 528         | Video and Sound as Sculptural Materials     | Students learn to incorporate video and sound into sculptures and installations. Covers basic video and sound capturing and editing, but emphasizes new techniques for controlling and presenting video and sound: Max/MSP programming language, Arduino microcontrollers and Raspberry Pi. The latest developments in video and sound for sculpture and sculpture for video and sound.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 428 or ART 528 or ART 598 (New Systems Sculpture)  |
| ART     | 529         | Experimental Video Art                      | Explores creative possibilities through the production of experimental video art works referencing new approaches to concept, theory and art practice. The experimental video art curriculum emphasizes the use of metaphor and simulation to depict reality and linear story telling. Students study relational aesthetics, content, stylistic formats and presentation issues as they reference time-based media. The textbook entitled, "Video Art" by Michael Rush serves as a research tool for experimentation. The technical component concentrates on the use and operation of equipment for video recording, audio mixing, lighting, video editing and computer graphics. Students create stand-alone video works, video installations, multimedia time-based performances, through individual and group projects. Graduate students create a collaborative Video anthology.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 529 or ART 598 (Experimental Video Art) or ART 598 (New Media Concepts)                    |
| ART     | 530         | Digital Compositing                         | Fine arts digital compositing of computer animation, video, and video editing of composites with audio.   | N                 | STO               | N               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student OR senior OR postbaccalaureate undergraduate with minimum of 108 earned hours  |
| ART     | 532         | Neon Sculpture                              | Emphasizes techniques for creating neon in an art context, including glass bending and fabrication.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 532 or ART 598 (Neon Sculpture)  |
| ART     | 533         | Foundry Casting Methods                     | Thorough and directed course for the professional preparation of sculptors. Students are expected and required to participate in all aspects of the foundry process, including serving on both a casting and foundry process maintenance team. Students deepen their knowledge of the history of the use of cast metal in the visual arts and understanding of how casting processes can be applied to contemporary sculptural concepts, participating in special projects such as exhibitions, iron casting, and field trips to local foundries as the semester course schedule dictates.  | Y                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 533 or 598 (Foundry Casting Methods)   |
| ART     | 538         | Moving and Interactive Systems in Sculpture | Explores the use of Arduino microcontrollers to control light, sound, interactivity and movement in sculptures and installations. Covers basics of electronic circuits, mechanics and audio electronics. Also covers historical and contemporary artists who incorporate technology into their work.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 438 or ART 538 or ART 598 (Experimental Systems in Sculpture)                              |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department    | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|--|
| ART     | 539         | Intermedia Studio                           | Investigates how intermedia practice can expand the realm of conversations within contemporary art, life and society. Encourages investigation of social art practice, art/life practices, conceptual art, digital art, emergent media, installation, new genre public art, performance, and visual art with emphasis on research, production and theory. Students expand their ability to assess interdisciplinary strategies. Through reinforcing artistic rigor, students deepen their ability to employ intermedia methods as artistic communication, to express a personalized point of view.   | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 439, 539 or 598 (Intermedia Studio)   |
| ART     | 542         | Art and Community                           | Through studio practice, research and presentations, explores intermedia social art practice, public practice, art/life practice, relational aesthetics, community-based projects, and other critical theories and conventions that engage art and community. Graduate students, in conjunction with the instructor, create their own workplan for the course.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 542 or 598 (Art and Community)  |
| ART     | 543         | Intermedia Performance                      | This concept-driven course explores intermedia as a contemporary art practice from a performance/live art perspective. Students create performance and time-based work connected to their individual artistic interests while making connections among art, life, and society. Students working in a diverse range of disciplines and artistic genres discover new processes of working and negotiate unexpected connections inherent in interdisciplinary production and cross-disciplinary collaboration. Student projects depend on particular specializations and passions brought to the class and may produce a range of multimedia performance work including performing for the camera, interactive networks, analogue/digital sound, video, sculpture, and installation. Semester I addresses the body as material exploring the body, subjectivity, and cultural histories. Semester II focuses on the body in public space exploring intervention and the everyday. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 543 or 598 (Intermedia Performance)   |
| ART     | 544         | Graduate-Level Web Art                      | Students research Web art and apply this to their own art practice. Concepts and content of the Web art class projects parallel individual aesthetic preferences. Explores Web technology as a new medium to create interactive Internet works. Technical emphasis on interactivity and time-based net art. Utilizes existing software, learning the interface and programming associated with it. Includes articles and essays by professional Web artists and theorists in required reading.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 494 (Web Art), ART 544, or ART 598 (Web Art)  |
| ART     | 545         | Digital Processes for Printmaking           | Introduces digital applications and processes as they relate to all areas of photo-mechanical printmaking processes. Course is comprised of three smaller sections to give a broad overview of possibilities and how they relate to analog printmaking techniques: image capture, film generation and analog processes, and digital and inkjet printing.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 545 or 598 (Digital Processes for Printmaking)  |
| ART     | 551         | Advanced Intaglio                           | Gives students the opportunity to further develop their skills with intaglio printmaking techniques. Primary areas of research include image development, multiple plate and color printing. Additional techniques include lift grounds, spit bite aquatint, white ground, and viscosity printing. Develops sharper critical responses, both aesthetically and conceptually, to their own work, as well as the work of other artists.  | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or post baccalaureate undergraduate with minimum of 108 earned hours; credit is allowed for only ART 451 or 551 |
| ART     | 553         | Experimental Printmaking: Beyond the Matrix | Focuses on the development of concepts in printmaking beyond the traditional two-dimensional image on paper that is contained in a portfolio or frame. Explores alternative techniques and materials, methods of extending the print beyond 2 dimensions, and expanding the concept of what is a print. Students are encouraged to understand printmaking within the wider context of contemporary art, especially those directly related to the student's main artistic emphasis (if not printmaking).  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum 108 hours; Credit is allowed for only ART 453 or ART 553        |
| ART     | 554         | Graduate Screenprinting                     | Focuses on the development of screenprinting techniques and the ability to utilize these techniques as an expressive visual method of exploring and developing individual research concepts.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 554 or 598 (Advanced Screen Printing)   |
| ART     | 555         | Artists' Books                              | Graduate-level introduction to concepts, materials, techniques and structures related to book arts. Explores a variety of traditional and nontraditional binding structures, basic editioning and low-tech printing techniques while simultaneously working on studio assignments that challenge on a conceptual level.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 555 or ART 598 (Artists' Books) or ART 455  |
| ART     | 556         | Letterpress Studio                          | The equipment, techniques and applications of letterpress printing. Students hand-set type and create photopolymer plates and are encouraged to integrate the tactile quality of letterpressed type and image with other media. Discusses conceptual and material aspects of letterpress.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 456 or ART 556 or ART 598 (Fine Printing and Bookmaking I)                                |
| ART     | 557         | Fine Printing and Bookmaking                | Continuing study of letterpress in fine art--the book arts--with emphasis on the book.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 457 or ART 557 or ART 598 (Fine Printing and Bookmaking II)                               |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                         | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department    | Units | General Studies | Requirements  |
|---------|-------------|--------------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|---------------|-------|-----------------|---|
| ART     | 558         | Paper Studio                         | The equipment, techniques and applications of papermaking, exploring both traditional sheet forming, paper pulp painting as well as sculptural paper.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 458 or ART 558   |
| ART     | 559         | Monoprinting                         | Investigates monoprint/monotype printmaking and its aesthetic possibilities. Students acquire basic and advanced skills in the medium through demonstrations, problem solving exercises, and experimentation.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum 108 hours; credit is allowed for only ART 559 or 598 (Monoprinting)  |
| ART     | 561         | Polymer Plate Prints                 | Explores the creative process of polymer plate printmaking as a fine art medium.  | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum 108 hours; credit is allowed for only ART 561 or 598 (Polymer Plate Prints)  |
| ART     | 563         | Ceramic Glaze Research               | Focuses on an investigation into the science and art of clay and glazes and a process of exploration of materials and surfaces, which continues to evolve with the students' evolving creative expression. The first assignments help students choose a direction to investigate for their own artwork. Each student selects a particular glaze to focus on during the term. Investigates ways of altering and improving recipes, focusing on one particular glaze quality at a time. By the end of the term students understand their glaze focus extensively and know how to go about altering all glaze types for special effects and required changes.  | N                 | STO               | N               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 563 or ART 598 (Ceramic Glaze Research)  |
| ART     | 567         | Art and Ecology                      | Designed for students with advanced independent studio art practices or sustainability studies students who have an interest in the way that their lives and practices engage environments. Through readings, slide presentations, discussions, guest visits, hands-on activities and screenings, explores the work of many contemporary ecological artists engaging with environments and environmental issues from a multitude of angles. Artists engage land remediation, agriculture, socio-ecological justice, sustainable materials, landscape design and much more. As cultural workers must be informed, the course content addresses some basic literacy with regard to environmental concerns and shares examples of realized accessible sustainable solutions. In addition to learning about ecologies and artists, students complete three art or research projects, inspired by assignments. | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 467 or ART 494 (Art and Ecology) or ART 567 or ART 598 (Art and Ecology) or SOS 467 or SOS 494 (Art and Ecology) or SOS 567 or SOS 598 (Art and Ecology) |
| ART     | 576         | Advanced Textile Construction        | Expanding on technical knowledge of knit and woven structures, this course emphasizes the creation of a body of work. The materialization ranges from the functional to the formal to the conceptual depending on one's research trajectory within his or her program of study.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 476 or ART 576 or ART 598 (Woven Structures)   |
| ART     | 577         | Printed Textiles                     | Provides advanced instruction in surface design techniques, focusing on screen printing on fabric. Explores a variety of stencil methods. Studio problems explore structured pattern and single edition prints. Emphasizes conceptual development with technical proficiency.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; credit is allowed for only ART 577 or 598 (Printed Textiles)  |
| ART     | 578         | Advanced Surface to Form             | Broadening knowledge of surface design and the construction of 3D structures, this class presents advanced explorations in embroidery, dyeing and quilting.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ART 478 or ART 578 or ART 598 (Advanced Surface Design)  |
| ART     | 579         | 3-D Fibers: Construction and Content | Explores hand-constructed fiber techniques through the context of the history and communities from which they came, as well as contemporary applications. Emphasizes research and the development of one's work through studio and social practice.   | N                 | STO               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate; Credit is allowed for only ART 479, 579 or 598 (3D Fibers)  |
| ART     | 584         | Internship                           | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum of 108 earned hours  |
| ART     | 591         | Seminar                              | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum of 108 earned hours  |
| ART     | 592         | Research                             | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | GNA           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ART     | 594         | Conference and Workshop              | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | STO               | Y               | OPT           | Herberger Inst Design & Arts | School of Art | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student or senior or postbaccalaureate undergraduate with minimum of 108 earned hours  |

|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---|-------|---------------------|---|
| ASB     | 220         | The Expressive Culture of Latin America and the Caribbean: A Transborder Perspective | Interdisciplinary social science introduction to various forms of cultural expressions found throughout Latin America and the Caribbean region and in Latina/o communities within the United States. Uses a transborder perspective to examine how migration, race, ethnicity, gender, power, history and identity shape and influence different aspects of Latina/o culture and identity. Focuses on the study of a wide array of expressive practices including music, dance, verbal arts, myths and folktales, festivals, sports and food in Mexico, the Spanish Caribbean and their counterpart Latina/o communities in the United States. Class lectures and readings introduce basic concepts such as ethnography, ethno-musicology, culture, representation and globalization. The Expressive Culture of Latin America and the Caribbean: A Transborder Perspective | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | (L or HU or SB) & C | Credit is allowed for only ASB 220 or TCL 230   |
| ASB     | 222         | Buried Cities and Lost Tribes  | Archaeology through its most important discoveries.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts  | 3     | (HU or SB) & G & H  |   |
| ASB     | 222         | Buried Cities and Lost Tribes  | Archaeology through its most important discoveries.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | (HU or SB) & G & H  |   |
| ASB     | 223         | Aztecs, Incas and Mayas  | Archaeological and historical study of the three best-known ancient cultures of Mesoamerica and South America.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | (HU or SB) & G & H  |   |
| ASB     | 230         | Beginning Social Research  | Introduces basics of social research design; fosters independent thinking and critical analysis.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                     |   |
| ASB     | 240         | Introduction to Southeast Asia   | Interdisciplinary introduction to the cultures, religions, political systems, geography, and history of Southeast Asia.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts  | 3     | (HU or SB) & G      | Credit is allowed for only ASB, GCU, HST, POS, REL or SGS 240   |

| ASB     | 353         | Death and Dying in Cross-Cultural Perspective  | Scientific and humanistic approaches to the study of death and dying from the perspective of anthropology and allied disciplines. Uses a global, comparative approach across space and time from the earliest human burials to contemporary funeral events.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-4   | (HU or SB) & G  | Pre-requisite: Minimum 45 hours; Credit is allowed for only SOC 353 or ASB 353  |
| ASB     | 353         | Death and Dying in Cross-Cultural Perspective  | Scientific and humanistic approaches to the study of death and dying from the perspective of anthropology and allied disciplines. Uses a global, comparative approach across space and time from the earliest human burials to contemporary funeral events.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3-4   | (HU or SB) & G  | Pre-requisite: Minimum 45 hours; Credit is allowed for only SOC 353 or ASB 353  |
| ASB     | 355         | Traditional Medicine and Healing               | In-depth study of world views, practices, and roles of shamans and traditional and contemporary healers.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | HU or SB        | Pre-requisite(s): ASB 102, ASB 222, ASB 223 or ASM 104 or SSH 100 or ASB 100 with C or better. Credit is allowed for only SSH 355 or ASB 355  |
| ASB     | 356         | Central American Studies                       | Part of the summer ASU study abroad Costa Rica Program, which is a language and social sciences immersion program in the capital city, San Jose. A summer offering permits students to enroll in the program without conflicting with full course loads during the fall or spring semester. However, the course is proposed as a stand-alone course that can be offered in a regular semester as well.  | N                 | REC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3     | SB & G          | Credit is allowed for only ASB 356 or GCU 356 or POS 354 or SBS 356 or SOC 356  |
| ASB     | 357         | Society, Drugs and Health                      | Analyzes how humans use exogenous chemicals to change psychology, biology and behavior, and what positive and negative consequences this has for human health. Explores how such chemical technologies arise through cultural evolution, how societies decide what are appropriate and inappropriate uses of such technologies, how these technologies change what is considered normal biological functioning and behavior, and how these technologies shape human health. Through this substantive topic, introduces basic concepts and tools in two related fields--medical anthropology and epidemiology. A consistent focus in the course is developing tools that can be applied to improve the provision of care and health care policy.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 357 or ASB 395 (Society and Drugs)  |
| ASB     | 358         | The Yoruba and the Atlantic World              | The Yoruba in the African diaspora is how Africans, separated from their home country and scattered in a new land, managed to retain their traditions and reform their identities. The slave trade led to the spreading of African culture, religion, dance, art and music from one hemisphere to another and contributed to the cultural diversity of the New World. Allows students to trace the experiences of one African cultural group throughout the cycle of the slave experience in the Americas. Utilizes different sources or approaches (e.g., anthropology, archaeology, written document, oral tradition) to provide an understanding of how the Yoruba were integrated into the Atlantic world, the transformations of Yoruba identities and culture, and the strategies for resistance employed by the Yoruba in the New World. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): minimum 30 hours; Credit is allowed for only AFR 358 or ASB 358 or AFS 394/ASB 394/HST 394/SGS 394 (Yoruba in the African Diaspora World)  |
| ASB     | 361         | Pleistocene Archaeology                        | Biosocial evolution in the Pleistocene, emphasizing technological achievements and the relationship between technology and environment in western Europe, sub-Saharan Africa.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | H               |   |
| ASB     | 362         | People and Plants                              | Offers a global survey of ethnobotany, the study of the uses of plants by people. Integrating botany, anthropology and archaeology, students learn about the roles plants have played as foods, tools, medicines and foci of religious devotion and ritual experience across human history.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): minimum 45 hours   |
| ASB     | 366         | African Archaeology: Precolonial Urban Culture | In-depth analysis of African civilization from the last 10,000 years up to 1850 via archaeological, documentary, and oral data. Special study will be placed on the evidence relating to dynamics of civilizations in ancient Africa, their foundation, growth, and failure, which spans a period of two million years  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & H          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours. Credit is allowed for only AFR 366 (or AFS 366) or ASB 366   |
| ASB     | 368         | Hunter-Gatherers                               | Studies of known hunting and gathering societies with the goal of developing approaches to understanding past and/or present hunting and gathering societies.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              | Prerequisite(s): minimum 45 hours   |
| ASB     | 370         | Ethics of Eating                               | This multidisciplinary course examines the elements of modern food systems and current ethical issues regarding food production, distribution and consumption. Also provides a foundation for investigating the effects of social inequality in food systems and global and local responses to address those challenges.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L or SB         | Prerequisite(s): ENG 102, 105, or 108 with C or better; Credit is allowed for only ASB 370 or ASB 394 (Production, People, and Environments) or ASB 394 (Ethics of Eating) or SOC 370 or SOS 370 or SSH 370 |
| ASB     | 371         | Inequality and Sustainability                  | Efforts to shift societies onto a sustainable trajectory are facing profound challenges from the degree and dynamics of global inequalities of income, wealth, and life chances. Data and ideas from a spectrum of disciplines are employed to examine, analyze, and criticize the prospects for redressing global inequalities in a sustainable manner.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L               | Prerequisite(s): ENG 101,105 or 107 with C or better; minimum of 45 hours; Credit is allowed for ASB 371, ASB 394 (Inequality and Sustainability), SOS 371 or SOS 394 (Inequality and Sustainability)       |
| ASB     | 374         | Cultures and Politics of the Internet          | Explores the culture and politics of the Internet in global perspective, including virtual communities, free software, copyleft, blogs, and hacktivism.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3     | SB              | Credit for only ASB 374, POS 374, SBS 374 or SOC 374  |

## ASU Course Catalog Archive - Spring 2019

|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ASB     | 375         | Humans and the Environment: What's the Connection?    | How do diverse human groups across global ecosystems (desert, tropics, arctic, alpine, urban) interact with and adapt to their environments and how are these relationships changing in response to globalization, climate change and other social, historical and political-economic drivers? Cultures situated in landscapes are the basis for an incredible global diversity of worldviews and behaviors that in turn affect how humans experience and "use" their environments. This course will provide an introduction to current and benchmark literature and methods in environmental and ecological anthropology that address people-environment interactions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | (L or SB) & G   | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 375 or SOS 375 or ASB 394 (People: Environment Connections in Anthropology) or ASB 494 (Ecological and Environmental Anthropology)         |
| ASB     | 376         | Global Health Policy                                  | Examines the relationship among global policy, population dynamics and human health. Learn about what quantitative indicators (i.e., measures) can tell us about the scope, distribution and determinants of population health problems. The population focus organizes the course according to the broad domains of fertility, morbidity and mortality.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): minimum 42 hours; Credit is allowed for only ASB 376 or ASB 494 (Global Health Policy)  |
| ASB     | 378         | McGlobalization: Migration, Mass Media and McDonald's | Explores the impact of globalization on local societies and cultures by focusing on the international migration of peoples, the global expansion of capitalism and global mass media and popular culture. Examines both the socioeconomic causes and consequences of globalization, as well as how local peoples around the world have been affected by, participated in and resisted the forces of globalization.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | (L or SB) & C   | Prerequisite(s): ENG 101, 105, 107, or 111 with C or better; Credit is allowed for only ASB 378 or TCL 378   |
| ASB     | 380         | Language, Culture and Gender                          | Focuses on how language, thought and culture are intertwined in everyday practice. Students learn the central role of language in shaping and reflecting social norms and social actions cross-culturally.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              | Prerequisite(s): minimum 42 hours  |
| ASB     | 389         | Ethnographic Field Lab                                | Hands-on, guided ethnographic qualitative research and interpretative analysis.  | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 1-6   |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 389 or SBS 389 or SOC 389  |
| ASB     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |  |
| ASB     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 1-4   |                 |  |
| ASB     | 395         | Topics in Comparative Culture                         | In-depth study of specific topic(s) cross-culturally. Students engage with the subject matter through critical evaluation of literature, hands-on analysis and interpretation of data, and scientific writing.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): minimum 42 hours  |
| ASB     | 402         | Visual Anthropology                                   | Explores visual anthropology as a method for social documentation, and as a way to interpret cultural ways of seeing. Brings together anthropology, fine art, and art history students to exchange ideas about how we create, interpret, and communicate visual meanings.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 |  |
| ASB     | 412         | History of Anthropology                               | Historical treatment of the development of the culture concept and its expression in the chief theoretical trends in anthropology between 1860 and 1950.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L or SB         |  |
| ASB     | 417         | Political Anthropology                                | Comparative examination of the forms and processes of political organization and activity in primitive, peasant, and complex societies.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L               |  |
| ASB     | 421         | Education and Society                                 | Uses contemporary sociological perspectives to examine effects of schools and schooling on individuals and society.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              |  |
| ASB     | 430         | Social Simulation                                     | Students will apply computer simulation and agent-based modeling techniques to study social systems relating to concrete research questions.   | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     | CS              | Prerequisite(s): AML 100 or MAT 142, 170, 210, 265, or 270 with C or better OR Mathematics Placement Test score of 50% or higher; minimum 56 hours; Credit is allowed for only ASB 430 or CPI 430 or AML 330 |
| ASB     | 440         | Women in the Global Factory                           | Examines the impact of Third World women's incorporation into the new global division of labor in the late 20th century.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3     | SB & G          | Prerequisite(s): minimum 45 hours  |
| ASB     | 442         | Global Cities   | This close look at megacities in the global south decisively challenges the outdated impression that the rest of the world's cities still lag way behind the U.S. and Europe. The social sciences' debate over "global cities" anchors our examination of the reorganization of metropolitan social space under impact of neoliberal globalization since the 1970s. Explores urban inequalities of slums and dreamworlds; compares vernacular and transnational styles of urbanism (in architecture, design, markets, consumerism, jobs, ads, ways of living); and asks how transnational flows of people, capital and culture have reconfigured ethnic relations and national identities rooted in global cities. Students become virtual transnational flâneurs, tacking between the slums and skyscrapers of global cities, and conduct guided research on a global megacity to investigate how the production of the global city changes the lived space and urban culture of local residents, and how they respond. We ask, whose city is it? | N                 | LEL               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3     | SB & G          | Prerequisite(s): minimum junior standing; Credit is allowed for only ASB 442 or SBS 460  |
| ASB     | 443         | Cross-Cultural Studies in Global Health               | Direct investigations of society, ecology, and health in international settings.   | N                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-6   | (L or SB) & G   | Pre-requisite: SSH 100 or ASB 100. Credit is allowed for only ASB 443 or SSH 403   |

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| ASB     | 447         | Citizenship, Nationalism and Identity                 | Critical examination of citizenship, national belonging and identities by examining contemporary social issues and discourses from global and comparative perspectives. Aims to understand complexities of national belonging that go beyond legal, formal citizenship, such as how cultural, racial/ethnic, class and gender differences challenge the limits of national citizenship. Explores case studies that show how members of different societies demonstrate their positions as legitimate national citizens in different and often conflicting ways, especially in order to defend social justice and human diversity. | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 3     | SB & C & G      | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 447 or POS 447 or SBS 447   |
| ASB     | 452         | Community Partnerships for Global Health              | Supervised community-based activities relevant to a global perspective on contemporary U.S. health. Addresses community-identified issues using appropriate methodologies.  | N                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-9   | SB              | Pre-requisites: Minimum 45 credit hours; SSH 100 or ASB 100; Credit is allowed for only SSH 402 or ASB 452                                  |
| ASB     | 455         | Practicum for Social Sciences                         | Students integrate theoretical, methodological, ethical and experiential learning related to social science research questions.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-9   | SB              | Prerequisite(s): minimum 42 hours   |
| ASB     | 462         | Medical Anthropology: Culture and Health              | Role of culture in health, illness, and curing; health status, provider relations, and indigenous healing practices in United States ethnic groups.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & C          | Credit is allowed for only ASB 462 or SSH 404   |
| ASB     | 463         | Political Ecology of the Border                       | Examines the political ecology of the human-environment relationship in Mexico and on the U.S.-Mexican border. Through case studies, students learn about the most pressing environmental issues facing human populations and their communities on both sides of the U.S.-Mexican border and the various ways in which these issues are dealt with.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 463 or SOS 463 or TCL 443   |
| ASB     | 464         | The Ethnography of Mexico and the Borderlands         | Students learn basic principles of ethnographic research and obtain a better understanding of the social, ecological, cultural, political and economic processes affecting people in Mexico and in the U.S.-Mexico borderlands. Through case studies, students become aware of the variety of issues shaping the lives of those living in these regions. Focuses on contemporary issues such as migration, economy, gender, labor, health and the environment.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASB 464 or TCL 444 or TCL 598 (The Ethnography of Mexico and the Borderlands) |
| ASB     | 466         | Peoples and Cultures of Africa                        | Surveys African peoples and their cultures, external contact, and changes. Meets non-Western requirement.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): AFR 200 (or AFS 200) or minimum 45 hours; Credit is allowed for only AFR 466 (or AFS 466) or ASB 466                       |
| ASB     | 471         | Introduction to Museums                               | History, philosophy, and current status of museums. Explores collecting, preservation, exhibition, education, and research activities in different types of museums.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L               |   |
| ASB     | 480         | Principles of Linguistics                             | Descriptive and historical linguistics. Surveys theories of human language, emphasizing synchronic linguistics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 |   |
| ASB     | 483         | Sociolinguistics and the Ethnography of Communication | Relationships between linguistic and social categories; functional analysis of language use, maintenance, and diversity; interaction between verbal and nonverbal communication.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              |   |
| ASB     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |   |
| ASB     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 1-12  |                 |   |
| ASB     | 485         | U.S.-Mexico Border in Comparative Perspective         | Explores the multicultural and social dimensions of communities along the U.S.-Mexico border, emphasizing social organization, migration, culture, and frontier ideology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 |   |
| ASB     | 490         | Earliest Cities                                       | Archaeological research on the origins and development of the earliest urban centers around the world. Applies urban theory and comparative analysis. Compares ancient and modern cities.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & H          | Prerequisite(s): ASB 222 or 223 with C or better; minimum 45 hours; Credit is allowed for only ASB 490 or PUP 490                           |
| ASB     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

| ASB     | 517         | Uncertainty and Decision Making                               | Knowledge is always incomplete, yet decisions must be made. Explores uncertainty and its relation to decision making, with a particular focus on the ways that science and science-derived information is applied with the intent of improving decisions. Explores the many meanings and origins of uncertainty, using theoretical and case-based approaches. A central theme is the relation among uncertainty, scientific prediction, and decision making, especially in politically charged issues, for example as related to management of the environment. Ultimately understands how effective decisions can be made in the face of inevitable uncertainties and contested knowledge.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ASB 517 or BIO 517 or BIO 591 (Uncertainty & Decision Making) or HSD 517 or POS 527 or SOS 518   |
| ASB     | 525         | Introduction to Material Culture                              | Considers how objects embody social relationships and therefore cultural meanings. Seminar explores theories that give insight into social processes such as exchange, consumption, and identity.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 529         | Culture and Political Economy                                 | Origin and spread of Western capitalism and its impact on non-Western societies. Utilizes ethnographic and historical case studies.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 530         | Changing Human-Nature Relationships                           | Explores key concepts in Western and non-Western thinking now intersecting in the Anthropocene to influence human interactions with and descriptions of Nature. Humans may protect Nature, but simultaneously use/overuse resources and drive change in social-ecological systems. Examines evolving assumptions about Nature, values/world views, progress, change, uncertainty, rationality, knowledge, tradeoffs and control/management, using a range of theoretical lenses (e.g., environmental/ecological/historical anthropology, culture, geography, ecology, economics, institutions, economic development, complex systems and sustainability science). Also studies a set of iconic Human-Environmental challenges and examines how theories and assumptions explain behaviors and human, ecological and policy outcomes. In turn, focuses on lessons that emerge for interdisciplinary scholarship. Encourages students to apply methods, concepts and theories to their evolving research questions. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only ASB 530 or SOS 553   |
| ASB     | 532         | Graduate Field Anthropology                                   | Independent research on a specific anthropological problem to be selected by the student in consultation with the staff. May be repeated for credit.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 2-8   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 537         | Topics in Mesoamerican Archaeology                            | Explores changing organization of pre-Columbian civilizations in Mesoamerica through interpretive issues, such as regional analysis, chiefdoms, urbanism, and exchange.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 540         | Scholarly Inquiry in Anthropology                             | Basic issues and concepts in anthropology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisites: Graduate student within one of the following programs in the School of Human Evolution and Social Change: Anthropology, Museum Anthropology, Social Science and Health, and Environmental Social Sciences |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                             | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements  |
|---------|-------------|--|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| ASB     | 541         | Theory in Sociocultural Anthropology     | Basic issues and concepts in sociocultural anthropology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 542         | Archaeology of Small-Scale Societies     | Approaches to small-scale (i.e., hunter-gatherer and tribal) societies, archaeological method and theory, ethnography, models of human and cultural evolution.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 544         | Settlement Patterns                      | Spatial arrangement of residences, activity sites, and communities over landscape. Emphasizes natural and cultural factors influencing settlement patterns.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 547         | Origins of Agriculture                   | Archaeological evidence for transitions in Old World subsistence economies from hunting and gathering to dependence on domesticated plants and animals.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 549         | Chiefdoms                                | Examines archaeological evidence of chiefdoms, distinguished by hereditary leadership and non- bureaucratized decision-making elite, to illustrate emergence of social complexity, inequality.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 558         | Mortuary Practices and Cultural Analysis | Critical overview of theory and methods of reconstructing lifeways of past peoples with ethnographic/archaeological data and a bioarchaeological perspective.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 560         | Theory and Archaeology                   | Applies social theory to archaeological study of societies of the past. Includes practice theory, hierarchy, space and place, material culture.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 563         | Hunter-Gatherer Adaptations              | Evolution of prehistoric hunter-gatherer societies in the Old and New Worlds from the most ancient times through protohistoric chiefdoms.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 567         | Southwestern Archaeology                 | Broad coverage of Southwestern cultural developments focusing on current debates and rigorous use of archaeological data in making cultural inferences.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 568         | Intrasite Research Strategies            | Research issues within a single site context. Topics include quantitative spatial analysis, site definition, sampling, distributional analysis, and substantive interpretation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 572         | Museum Collection Management             | Principles and practices of acquisition, documentation, care, and use of museum collections; registration, cataloging, and preservation methods; legal and ethical issues.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 573         | Museum Administration                    | Formal organization and management of museums, governance, personnel matters, fund raising and grantsmanship, legal and ethical issues.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate; Credit is allowed for only ASB 573 or HST 573 |
| ASB     | 574         | Exhibit Design and Development           | Exhibition philosophies and development; processes of planning, designing, staging, installing, evaluating, and disassembling temporary and long-term exhibits.  | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 579         | Critical Issues in Museum Studies        | Current debates of museum practice from an anthropological perspective. Addresses issues of collection, presentation, authenticity, and authority.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 580         | Practicum                                | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 583         | Fieldwork                                | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 584         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 584         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Social and Behavioral Sciences  | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ASB     | 590         | Reading and Conference                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.                                    | Y                 | REC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-3   |                 | Pre-requisites: Freshman standing; Maximum 25 hours  |
| ASM     | 194         | Special Topics                     | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |  |
| ASM     | 201         | Epidemics and Outbreaks            | Covers epidemiologic methods for the control of conditions such as infectious and chronic diseases, mental disorders, community and environmental health hazards, and unintentional injuries. Other topics include quantitative aspects of epidemiology, including data sources, measures of morbidity and mortality, evaluation of association and causality, and study design. A background in basic biology and a basic understanding of the principles of human diseases helpful in succeeding in this course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Credit is allowed for only ASM 201 or SSH 201  |
| ASM     | 246         | Human Origins                      | History of discoveries and changing interpretations of human evolution. Earliest ancestors to emergence of modern humans. Humanity's place in nature.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              |  |
| ASM     | 275         | Forensic Anthropology              | Discusses the role of the forensic anthropologist in medico-legal investigations involving skeletonized human remains. Includes forensic recovery techniques, identification of decedents through skeletal and dental analysis, and reconstructing the crime scene through analysis of trauma patterns. Covers the legal aspects of forensic practice and considers historical case studies and the contributions forensic anthropologists make to mass disaster investigations and human rights abuses.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     | SB or SG        |  |
| ASM     | 294         | Special Topics                     | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |  |
| ASM     | 298         | Honors Directed Study              | Independent study or practicum under the supervision of a faculty member.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| ASM     | 300         | Anthropological Sciences Seminar   | Focuses on the ways in which research findings are produced by diverse theories and methods in the anthropological sciences, usually in combination with other life and physical sciences, with a strong focus on combination anthropological conceptual frameworks with quantitative methodologies.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): Anthropology BS major; Two of the following: ASB 102, 222 or 223, AML 100 or ASM 104 with a C or better |
| ASM     | 301         | Peopling of the World              | Reviews all evidence for human dispersal during the last 100,000 years, origins of language, cultures, races, and beginnings of modern humans.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              | Pre-requisite: ASM 104   |
| ASM     | 313         | Great Adaptations                  | Tiny hummingbirds and huge whales commute thousands of miles every year, male bower birds construct elaborately decorated structures to impress females, and some parasites program suicidal behavior into their hosts. These amazing (and sometimes bizarre) behaviors are all adaptations--traits that have been favored by selection because they enhance the ability of individuals to survive and reproduce successfully. The study of adaptation helps us to understand how evolution generates complexity and to understand the processes that underlie the rich diversity of life. Covers the principles of natural selection and a diverse and remarkable range of adaptations in nature. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ASM 313 or ASM 394 (Great Adaptations)                     |
| ASM     | 332         | Life and Death in Ancient Egypt    | Reveals ancient Egyptian life through recent research in archaeology and physical anthropology on cemeteries, tombs, and the dead themselves.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ENG 101, 105, 107, or 111 with C or better; Credit is allowed for only AFR 332 (or AFS 332) or ASM 332  |
| ASM     | 338         | Anthropological Field Session      | Anthropological field techniques, analysis of data, and preparation of field reports.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |  |
| ASM     | 341         | Human Osteology                    | Osteology, human paleontology, and osteometry. Description and analysis of archaeological and contemporary human populations.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Prerequisite(s): ASM 104 with C or better; 25 minimum hours  |
| ASM     | 342         | Evolution of Human Behavior        | Examines how evolutionary theory informs our understanding of human behavior, psychology and culture. Explores evolutionary explanations of human behavioral variation and cultural diversity and the influence of natural selection on shaping human cognition. Topics include nepotism, economic decisions, behavioral strategies throughout the life course, mate choice and sexual behavior, perception and judgment, motivation and emotions, social learning and culture, cooperation and prosociality, interpersonal violence and warfare, and norms and moral sentiments.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s) with C or better: ASM 104 (or BIO 181 or 282). Credit is allowed for only ASM 342 or BIO 327             |
| ASM     | 344         | Fossil Hominids                    | The fossil evidence for human evolution, emphasizing the concepts and methods for reconstructing the past.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Pre-requisite: ASM 104   |
| ASM     | 345         | Disease and Human Evolution        | Interaction of people and pathogens from prehistoric times to the present, with emphasis on disease as an agent of genetic selection.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ASM 104 or BIO 100 or BIO 181 (or BIO 188) or BIO 182 (or BIO 187) or BIO 281 or BIO 282                |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements  |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|---|
| ASM     | 348         | Social Issues in Human Genetics                           | Moral and social implications of developments in genetic science, particularly as they affect reproduction, medicine, and evolution.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              |   |
| ASM     | 350         | Geoarchaeology  | Geologic context relevant to archaeological research. Topics include sediments, deposition environments, soils, anthropogenic and biogenic deposits, and quaternary chronology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ASB 222 or 223, GLG 101 or 103, or GPH 111 with C or better  |
| ASM     | 365         | Doing Archaeology   | Using hands-on analysis of artifacts and a mock site, this advanced introduction to archaeology acquaints the student with the field and laboratory methods applied by archaeologists, the information archaeologists use, and how they construct knowledge of the past.  | N                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-4   |                 | Prerequisite(s): ASB 222 (or ASB 223 or 335 or 337)   |
| ASM     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |   |
| ASM     | 401         | Health and Human Biology                                  | Health and biology in contexts of human evolutionary history, biological and cultural variation, lab-based health status assessments, core concepts of human variation.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3-4   |                 | Pre-requisites: ASB 100 (or ASM 104); SSH 100; Credit is allowed for only ASM or SSH 401  |
| ASM     | 414         | Urban and Environmental Health                            | Integrates theory and practice of social sciences (including anthropology, demography, and human geography) to understand environmental contexts of health, particularly urban.   | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB              | Prerequisite(s): ASB 100, 102, 222, 223, AML 100, ASM 104 or SSH 100 with C or better; minimum 45 hours; Credit is allowed for only ASM 414 or SOS 414 or SSH 414 |
| ASM     | 424         | Dynamic Modeling in Social and Ecological Systems         | Introduces the development and use of dynamic mathematical models to study social and ecological phenomena.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better; Credit is allowed for only SOS 424 or BIO 424 or ASM 424   |
| ASM     | 435         | Archaeological Pollen Analysis                            | Theory, methodology, and practice of pollen analytic techniques. Compares uses in botany, geology, and archaeology.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 |   |
| ASM     | 443         | Primatology   | Evolution and adaptations of nonhuman primates, emphasizing social behavior. Includes material from fossil evidence and field and lab studies in behavior and biology which must be critically integrated with relevant competing theories concerning the evolution of primate behavior and biology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ASM 104 with C or better; Minimum 56 hours. Credit is allowed for only ASM 443 or 543  |
| ASM     | 446         | Principles of Human Genetics                              | Molecular and cellular analysis of the human genome.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L               | Prerequisite(s): ASM 301 or BIO 340 or LSC 347 or MBB 347 with C or better; Credit is allowed for only ASM 446 or ASM 546 or BIO 446 or BIO 546                   |
| ASM     | 450         | Bioarchaeology  | Surveys archaeological and physical anthropological methods and theories for evaluating skeletal and burial remains to reconstruct biocultural adaptation and lifeways.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | SB & G          | Prerequisite(s): ASM 104  |
| ASM     | 452         | Dental Anthropology                                       | Human and primate dental morphology, growth, evolution, and genetics. Within- and between-group variation. Dental pathology and behavioral-cultural-dietary factors.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     | SG              | Pre-requisites: ASM 104. Credit is allowed for only ASM 552 or ASM 452  |
| ASM     | 453         | Human Behavior through Bone Chemistry                     | Focuses on the many ways that biogeochemical analyses of archaeological bone and teeth can inform our understanding of past human behavior. Topics include migration and residential mobility, paleodiet, post-depositional contamination and dating methods. Students will learn through lectures, discussions, student presentations, and hands-on laboratory projects. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ASB 222 or 223 with C or better; ASM 104 with C or better; minimum 56 hours; Credit is allowed for only ASM 453 or 553                           |
| ASM     | 454         | Comparative Primate Anatomy                               | Functional anatomy of the cranial, dental, and locomotor apparatus of primates, including humans, emphasizing the relation of morphology to behavior and environment.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 |   |
| ASM     | 455         | Primate Behavior Laboratory                               | Instruction and practice in methods of observation and analysis of primate behavior. Discusses the relationship between class work on captive animals and field techniques for studying free-ranging groups.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | L               | Pre-requisite: ASM 343  |
| ASM     | 456         | Infectious Disease and Human Evolution                    | Study of infectious disease and humanity, using evidence from anthropology, history, medicine, and ancient skeletons.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisite: ASM 345  |
| ASM     | 459         | Forensic Anthropology                                     | Applies anthropology, primarily human osteology, to legal questions, including individual identification, crime scenes, forensic reports, police work, and court testimony.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisite: ASM 341; ASM 275; Credit is allowed for only ASM 459 or 559  |
| ASM     | 460         | Human Growth and Development: An Evolutionary Perspective | How growth and development influences human variation; stages of human life; evolution through the fossil record; genetic, environmental, and biocultural factors.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): ASM 104 with C or better; ASM 341, 342, 344, 345, or 348   |
| ASM     | 465         | Quantification and Analysis for Anthropologists           | Statistical and quantitative strategies for envisioning and exploring archaeological, physical anthropological, bioarchaeological, and socialcultural data. Univariate and bivariate methods. A basic understanding of algebra is necessary to be successful in this course.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     | CS              |   |
| ASM     | 472         | Archaeological Ceramics                                   | Analysis and identification of pottery wares, types, and varieties. Systems for ceramic classification and cultural interpretation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 |   |
| ASM     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 |   |
| ASM     | 492         | Honors Directed Study                                     | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student   |

| Subject | Catalog Nbr | Course Title  | Course Description   | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements   |
|---------|-------------|---|--|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ASM     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| ASM     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 |  |
| ASM     | 497         | Honors Colloquium   | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| ASM     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-7   |                 |  |
| ASM     | 499         | Individualized Instruction                                | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-3   |                 |  |
| ASM     | 500         | Research Methods  | Course on research methods in a specific discipline.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 506         | Clinical Gross Anatomy                                    | Dissection of the human body with an emphasis on the application of anatomical knowledge to clinical applications.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 6     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO 506, ASM 506 or MCB 506         |
| ASM     | 520         | Agent-Based Modeling                                      | Introduces agent-based modeling to simulate social and social-ecological systems. Topics include design, analysis, and empirical grounding of agent-based models to a variety of application domains including collective action, diffusion processes, resource use, health, and complex societies.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 525         | Primate Paleobiology                                      | Seminar-based survey of primate evolution, focusing on comparative biology of the extant primates and the fossil record through the Miocene.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 530         | Paleoanthropology   | Seminar-based in-depth study of the fossil record of human evolution and its geological, environmental, and phylogenetic contexts.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 543         | Primatology   | Advanced study of nonhuman primate behavioral adaptations, emphasizing comparative sociality, incorporating data on behavior and biology from field and captivity.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit allowed for ASM 443 or 543                              |
| ASM     | 546         | Principles of Human Genetics                              | Examines human molecular genetics from an evolutionary perspective, particularly analysis, current debates, the Human Genome Project, disease, ethics.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); credit is allowed for only BIO 446, ASM 446, BIO 546 or ASM 546 |
| ASM     | 548         | Geoarchaeology  | Geologic context relevant to archaeological research. Topics include sediments, deposition environments, soils, anthropogenic and biogenic deposits, and quaternary chronology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 552         | Dental Anthropology                                       | Evolutionary anthropology of non-human primate and human dentition and research from extant and extinct species of non-human primates and hominins.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ASM 452 or ASM 552                  |
| ASM     | 553         | Human Behavior through Bone Chemistry                     | Focuses on the many ways that biogeochemical analyses of archaeological bone and teeth can inform our understanding of past human behavior. Topics include migration and residential mobility, paleodiet, post-depositional contamination and dating methods. Students will learn through lectures, discussions, student presentations, and hands-on laboratory projects.  | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ASM 453 or 553                      |
| ASM     | 555         | Advanced Human Osteology                                  | Intensive lab course covers identification of human skeletal remains and bone fragments from archaeological contexts. Emphasizes skeletal biology, variation, anatomical landmarks, determinants of age, sex, and stature.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Pre-requisite: ASM 341 or Anthropology graduate student  |
| ASM     | 560         | Human Growth and Development: An Evolutionary Perspective | How growth and development influences human variation; stages of human life; evolution through the fossil record; genetic, environmental, and biocultural factors.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 565         | Quantitative Archaeology                                  | Formal methods of structuring, codifying, and analyzing data for archaeological problems. Designing research to yield data amenable to productive analysis.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 568         | GIS and Spatial Technologies in Anthropological Research  | In-depth survey of spatial technologies in anthropological research, including GIS, spatial modeling, remote sensing, and image analysis and classification.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| ASM     | 570         | Fundamentals of CAS Science                               | Many phenomena of critical relevance to human society are dynamic systems that change over individual and evolutionary time scales, and are highly interactive, both within and between systems. That is, they are complex adaptive systems (CAS), and thus share isomorphic properties like near-decomposability, hierarchical organization, scale-free networks, self-organized criticality, and emergence. Fundamentals of CAS science explores the diverse, interdisciplinary applications of a complex adaptive systems across the social, behavioral, and life sciences. | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisites: Graduate student (degree or non-degree); Credit is allowed for only ASM, BIO, or SOS 570                               |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title            | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                | Units | General Studies | Requirements   |
|---------|-------------|-------------------------|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ASM     | 573         | Lithic Analysis         | Analysis and interpretation of chipped stone artifacts. Focus on both techniques and underlying concepts and their application to real collections.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 579         | Proposal Writing        | Proposal writing and reviewing with a focus on the NSF dissertation improvement grant format. Discusses professional development.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 580         | Practicum               | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 583         | Fieldwork               | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 584         | Internship              | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 591         | Seminar                 | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 592         | Research                | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 593         | Applied Project         | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 594         | Conference and Workshop | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 595         | Continuing Registration | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 598         | Special Topics          | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 599         | Thesis                  | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 600         | Research Methods        | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 611         | Paleopathology          | Explores patterns of disease manifested in the human skeleton and differential diagnosis of infectious, metabolic, neoplastic, congenital, and other conditions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 3     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking); ASM 555 |
| ASM     | 680         | Practicum               | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 683         | Fieldwork               | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 684         | Internship              | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 691         | Seminar                 | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 692         | Research                | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |
| ASM     | 693         | Applied Project         | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                 |

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| ASM     | 695         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 700         | Research Methods                               | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 780         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 783         | Fieldwork                                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 784         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 790         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 792         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |

Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| ASM     | 799         | Dissertation                                   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Human Evolution & Social Change   | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student |
| AST     | 111         | Introduction to Solar Systems Astronomy        | History, properties of light, instruments, study of solar system and nearby stars. For nonscience majors. Optional lab (AST 113). Both AST 111 and AST 113 or AST 114 must be taken to secure SQ general studies credit.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     | SQ              |  |
| AST     | 111         | Introduction to Solar Systems Astronomy        | History, properties of light, instruments, study of solar system and nearby stars. For nonscience majors. Optional lab (AST 113). Both AST 111 and AST 113 or AST 114 must be taken to secure SQ general studies credit.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | SQ              |  |
| AST     | 112         | Introduction to Stars, Galaxies, and Cosmology | Structure and evolution of stars, star clusters, galaxies, cosmology. For nonscience majors. Optional lab (AST 114). Both AST 112 and AST 113 or AST 114 must be taken to secure SQ General Studies credit.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     | SQ              |  |
| AST     | 112         | Introduction to Stars, Galaxies, and Cosmology | Structure and evolution of stars, star clusters, galaxies, cosmology. For nonscience majors. Optional lab (AST 114). Both AST 112 and AST 113 or AST 114 must be taken to secure SQ General Studies credit.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | SQ              |  |
| AST     | 113         | Astronomy Laboratory I                         | Astronomical observations and experiments designed to help the student become familiar with the sky, telescopes, and astronomical measurements. Both AST 111 and 113 or AST 113 and 321 must be taken to secure SQ General Studies credit.  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1     | SQ              | Pre/Co-requisite: AST 111 or AST 321                           |
| AST     | 113         | Astronomy Laboratory I                         | Astronomical observations and experiments designed to help the student become familiar with the sky, telescopes, and astronomical measurements. Both AST 111 and 113 or AST 113 and 321 must be taken to secure SQ General Studies credit.  | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     | SQ              | Pre/Co-requisite: AST 111 or AST 321                           |
| AST     | 114         | Astronomy Laboratory II                        | Similar to AST 113, but material chosen to supplement AST 112 and 322. Both AST 112 and 114 or AST 114 and 322 must be taken to secure SQ General Studies credit  | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1     | SQ              | Pre/Co-requisite: AST 111, 112, 321 or 322                     |
| AST     | 114         | Astronomy Laboratory II                        | Similar to AST 113, but material chosen to supplement AST 112 and 322. Both AST 112 and 114 or AST 114 and 322 must be taken to secure SQ General Studies credit  | N                 | LAB               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1     | SQ              | Pre/Co-requisite: AST 111, 112, 321 or 322                     |
| AST     | 191         | First-Year Seminar                             | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-3   |                 | Pre-requisite: Maximum 25 hours                                |
| AST     | 194         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-4   |                 |  |
| AST     | 294         | Special Topics                                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-4   |                 |  |
| AST     | 298         | Honors Directed Study                          | Independent study or practicum under the supervision of a faculty member.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-6   |                 | Prerequisite(s): Barrett Honors student                        |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                  | Units | General Studies | Requirements   |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| AST     | 321         | Introduction to Planetary and Stellar Astrophysics      | Physical laws; celestial mechanics; properties of planets, the sun, and other stars; formation and evolution of stars and planetary systems. Both AST 113 and 321 must be taken to secure SQ General Studies credit   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     | SQ              | Prerequisite(s): MAT 266 or 271 with C or better; PHY 121 and 122 (or PHY 150) with C or better  |
| AST     | 322         | Introduction to Galactic and Extragalactic Astrophysics | Evolved stars, introduction to relativity, galaxies and interstellar matter, structure and dynamics of galaxies, cosmology. Both AST 114 and 322 must be taken to secure SQ General Studies credit.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     | SQ              | Prerequisite(s): MAT 266 or 271 with C or better; PHY 121/122 with C or better or PHY 150 with C or better   |
| AST     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-4   |                 |  |
| AST     | 394         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-4   |                 |  |
| AST     | 421         | Astrophysics I  | Selected astrophysical topics, including stellar evolution, star formation, interstellar medium, galactic structure, extragalactic astronomy, high-energy astrophysics, and cosmology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): AST 321 or 322 with C or better; PHY 252 with C or better   |
| AST     | 422         | Astrophysics II   | Same range of astrophysical topics as for AST 421 but emphasizes different specific topics in a given year.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): AST 321 or 322 with C or better; PHY 252 with C or better   |
| AST     | 460         | Astrobiology  | Origin, early evolution, distribution, and future of life on Earth and elsewhere in the cosmos.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): AST 112 or BIO 182 or BIO 282 or GLG 102 or SES 122 with C or better; one 300-level course in AST or BIO or CHM or GLG or MIC or PHY or SES with C or better; Credit is allowed for only AST 460 or GLG 460 |
| AST     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 |  |
| AST     | 492         | Honors Directed Study                                   | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.   | N                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| AST     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.   | N                 | LEC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| AST     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-4   |                 |  |

| AST     | 500         | Research Methods  | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 521         | Stars and Interstellar Medium I                         | Radiative transfer, atomic and molecular properties, stellar atmospheres, line profiles, nonlocal thermodynamic equilibrium, interstellar gas and dust, star formation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 522         | Stars and Interstellar Medium II                        | Stellar structure, radiative transport, boundary conditions, equations of state, nuclear reactions, opacity, nucleosynthesis, chemical evolution of the galaxy, stellar evolution.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 523         | Stars and Interstellar Medium III                       | Structure of the interstellar medium, gaseous nebulae, recombination theory, ionization fronts and shock waves, galactic magnetic fields, magnetohydrodynamics, molecular clouds.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 531         | Galaxies and Cosmology I                                | Structure and evolution of the Milky Way, stellar properties, populations and associations/clusters, interstellar medium, dark matter.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 532         | Galaxies and Cosmology II                               | Structure of galaxies and the nearby universe, Hubble sequence, kappa-space, stellar populations, active galaxies, galaxy environments.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 533         | Galaxies and Cosmology III                              | Issues in modern cosmology, the distance scale, cosmological parameters, cosmological tests, cosmic background radiation, early universe, galaxy formation and evolution.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                                   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department                                  | Units | General Studies | Requirements   |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| AST     | 540         | Astronomical Instrumentation and Data Analysis | Studies a range of optical astronomical hardware including telescopes, digital detectors and instrument design and theory. Focuses on the use of CCDs in terms of operation, calibration, use, measurement, limitations, noise and signal, statistics, and preliminary understanding prior to data reduction. Discusses practical optical astronomical observing: the choice of filters and their design, planning your observing run, bringing your data home and the types of data you will need. Final class project requires the reduction and measurement of data using computers. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only AST 540 or AST 598 (Optical Astro Tech & Data) or AST 598 (Observing Instrumentation and Data Analysis) |
| AST     | 580         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 584         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 590         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 592         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 592         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 593         | Applied Project                                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 594         | Conference and Workshop                        | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 595         | Continuing Registration                        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 598         | Special Topics                                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 692         | Research                                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | LEC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 700         | Research Methods                               | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 780         | Practicum                                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 783         | Fieldwork                                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 784         | Internship                                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 790         | Reading and Conference                         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| AST     | 791         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Earth and Space Exploration       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| AST     | 799         | Dissertation                | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.  | Y                 | LEC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Earth and Space Exploration            | 1-15  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student                   |
| ASU     | 10          | Connect: ASU Orientation    | Students enrolled in the Starbucks College Achievement Plan will learn about ASU's mission as the New American University, discover the value of a university degree from a research institution, discuss academic integrity, explore the tools used in online courses, and identify key components of a work/life/school balance plan.  | N                 | LEC               | N               | NOG           | Office of the Provost                    | Online & Extended Campus                         | 0     |                 |  |
| ASU     | 11          | ASU Online Orientation      | Students enrolled in ASU Online Orientation will learn about ASU and its mission as the New American University, discover the value of a university degree from a research institution, discuss academic integrity, explore the tools used in online courses, and identify key components of a work/life/school balance plan.  | N                 | LEC               | N               | NOG           | Office of the Provost                    | Online & Extended Campus                         | 0     |                 |  |
| ASU     | 19          | Jump Start                  | One-week program for incoming first-year students to ASU and is designed to set them up for academic success. Introduces the tools and processes that support their journey. Students learn how to connect with other students via collaborative environments.   | N                 | LEC               | N               | YGB           | University College                       | University Academic Success Programs             | 0     |                 | Prerequisite(s): Jump Start or SPIRIT student                                    |
| ASU     | 42          | Online Military Orientation | Active duty and veteran students enrolled in ASU 42 will explore ASU academic, veteran, and career resources, discover the value of a university degree from a research institution, discuss academic integrity, explore the tools used in online courses, and craft a plan balancing work, school, and life.  | N                 | LEC               | N               | NOG           | Office of the Provost                    | Online & Extended Campus                         | 0     |                 |  |
| ASU     | 120         | Emerging Leaders I          | Students develop in academic areas while also gaining essential career skills in creativity, problem solving, and teamwork. Students learn how to think critically and manage a project from inception to completion. Through course discussions and assignments, students examine connections between their work in other courses and ASU 120. This is the first part of a two-part curriculum which continues into the spring semester. Separate grades will be issued for each semester.  | N                 | LEC               | N               | GNA           | University College                       | Dean, University College                         | 1     |                 | Credit is allowed for only ASU 120 (or ASU 150) or UNI 120                       |
| ASU     | 121         | Emerging Leaders II         | Students continue to develop in academic areas while gaining essential career skills in creativity, problem solving and teamwork. Students learn how to think critically and manage a project from inception to completion. Through course discussions and assignments, students examine connections between their work in other courses and this course. Second part of a two-part curriculum, which continues from the fall semester. Separate grades are issued for each semester.  | N                 | LEC               | N               | GNA           | University College                       | Dean, University College                         | 1     |                 | Credit is allowed for only ASU 121 (or ASU 151) or ASU 194 (The LEAD Project II) |
| ASU     | 101-AEE     | The ASU Experience          | Students will learn about ASU's mission as the New American University, the importance and benefits of an entrepreneurial approach to problem solving, solutions to sustainability challenges, and the importance of social embeddedness. Additionally, through various course discussions and assignments, students will examine the concept of academic integrity and its potential impact on their future, gain awareness of the value of engaging in research activities, and learn about taking an interdisciplinary perspective. | N                 | LEC               | N               | OPT           | Ira A. | ATC     | 431         | Tower Operations and Procedures          | Opportunity to operate in tower simulator environment to run scenarios for local and ground control and flight data/clearance delivery.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs   | 3     |                 | Prerequisite(s): ATC 331 with C or better  |
| ATC     | 432         | TRACON Operations and Procedures         | Opportunity to operate in tower simulator environment to run scenarios for local and ground control and flight data/clearance delivery.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs   | 3     |                 | Pre-requisite(s): ATC 332 with C or better   |
| ATC     | 433         | En Route Operations and Procedures       | Opportunity to operate in tower simulator environment to run scenarios for local and ground control and flight data/clearance delivery.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs   | 3     |                 | Prerequisite(s): ATC 333 with C or better  |
| ATC     | 484         | Internship                               | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Aviation Programs   | 1-12  |                 | Prerequisite(s): minimum junior standing   |
| ATC     | 491         | Air Traffic Management Capstone          | Overview of problem solution tools, quality metrics, and current technology initiatives related to air traffic management and related industry problems in a project environment. Student projects focus on airport and airspace requirements. Student teams work with partners from industry, government, and academia to define project objectives and work toward a formal recommendation to help solve the specified problem. Class discussions focus on project management, organizational structures, strategic initiatives, strategy implementation and execution. Uses review and analysis of current industry problems and resolutions to provide examples of practical solutions. | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Aviation Programs   | 3     |                 | Prerequisite(s): ATC 331 with C or better; ATC 332 with C or better; ATC 333 with C or better; Pre- or corequisite(s): ATC 431 with C or better if completed; ATC 432 with C or better if completed; ATC 433 with C or better if completed |
| ATC     | 494         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | GNA           | Ira A. Fulton Engineering                | Aviation Programs   | 1-4   |                 |  |
| ATE     | 191         | First-Year Seminar                       | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School   | 1-3   |                 |  |
| ATE     | 242         | Introduction to Architectural Technology | Materials and methods of construction. Aesthetic, code and construction costs. Exposure to building information management (BIM).   | N                 | LEC               | N               | GNA           | Herberger Inst Design & Arts             | The Design School   | 3     |                 | Prerequisite(s): Architectural Studies major. Corequisite(s): ALA 226  |
| ATE     | 294         | Special Topics                           | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School   | 1-4   |                 |  |
| ATE     | 361         | Architectural Technology I               | Introduces load distribution on structures. Static analysis of determinant beams, trusses, arches, and rigid frames. Computer applications.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School   | 3     |                 | Corequisite(s): ADE 321  |
| ATE     | 362         | Architectural Technology II              | Strength of materials. Stresses in beams and columns. Thermal effects on structures. Analysis, design, and detailing of wood structural systems.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School   | 3     |                 | Prerequisite(s): ATE 361 with C or better  |
| ATE     | 451         | Building Systems I                       | Principles of solar radiation, heat and moisture transfer, and environmental control systems as form influences. Energy-conscious design.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts             | The Design School   | 3     |                 | Co-requisites: ADE 421   |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title                   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                      | Department        | Units | General Studies | Requirements  |
|---------|-------------|--------------------------------|---|-------------------|-------------------|-----------------|---------------|------------------------------|-------------------|-------|-----------------|---|
| ATE     | 452         | Architectural Technology III   | Architectural design implications of heating, ventilation, and air conditioning systems. Principles of lighting, daylighting, and acoustics, and their applications.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Prerequisite(s): ATE 362 with C or better; Corequisite(s): ADE 422  |
| ATE     | 484         | Internship                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                 |   |
| ATE     | 494         | Special Topics                 | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-4   |                 |   |
| ATE     | 498         | Pro-Seminar                    | Small-group study and research for advanced students within their majors. Major status in the department or instructor approval is required.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-7   | L               |   |
| ATE     | 499         | Individualized Instruction     | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course. | Y                 | IND               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-3   |                 |   |
| ATE     | 500         | Research Methods               | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 521         | Building Environmental Science | Scientific principles relating to comfort and environmental control. Heat and moisture transfer. Solar/natural energies for heating, cooling, and lighting.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 550         | Passive Heating and Cooling    | Theory, analysis, and application of passive and low-energy systems in order to maximize comfort and minimize energy consumption in buildings.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 553         | Architectural Technology IV    | Design and integration of building systems, including mechanical, electrical, plumbing, security, communications, fire protection, and transportation.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Prerequisite(s): Master of Architecture student; Corequisite(s): ADE 521; ATE 563   |
| ATE     | 556         | Architectural Technology V     | Comprehensive design development through the understanding and integration of building materials and systems.   | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Corequisite(s): ADE 522; APH 505  |
| ATE     | 560         | Building Energy Analysis       | Computer simulation of building thermal behavior. Software review. Detailed study of selected simulation models using case study projects.  | N                 | LAB               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 562         | Experimental Evaluation        | Instrumentation, measurement and computational techniques for analysis of building components, and assessment of thermal and luminous performance.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 563         | Architectural Technology VI    | Analysis, design, and detailing of steel buildings and frames. Lateral analysis of small rigid and braced frame systems.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Prerequisite(s): Master of Architecture student   |
| ATE     | 580         | Practicum                      | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 582         | Environmental Control Systems  | Heating, ventilation, and air-conditioning systems. Loads, psychrometrics, refrigeration cycle, air/water distribution, controls, energy performance standards, and utility rates.  | N                 | LEC               | N               | OPT           | Herberger Inst Design & Arts | The Design School | 3     |                 | Pre-requisites: Bldg Design MS, Master of Architecture, Master of Urban Design, or Master of Landscape Architecture student |
| ATE     | 583         | Fieldwork                      | Structured, supervised field experience in a field science or other discipline requiring experience in field techniques.  | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ATE     | 584         | Internship                     | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| ATE     | 590         | Reading and Conference         | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 591         | Seminar                        | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 592         | Research                       | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 593         | Applied Project                | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 594         | Conference and Workshop        | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 595         | Continuing Registration        | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts | The Design School | 1     |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |
| ATE     | 598         | Special Topics                 | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts | The Design School | 1-4   |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student   |

| AVC     | 584         | Internship                                 | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 590         | Reading and Conference                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 591         | Seminar                                    | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 592         | Research                                   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 593         | Applied Project                            | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 594         | Conference and Workshop                    | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | PRA               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 595         | Continuing Registration                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | RSC               | Y               | Z3            | Herberger Inst Design & Arts             | The Design School            | 1     |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 598         | Special Topics                             | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | Herberger Inst Design & Arts             | The Design School            | 1-4   |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| AVC     | 599         | Thesis                                     | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | Herberger Inst Design & Arts             | The Design School            | 1-12  |                 | Pre-requisites: Herberger Institute of Design and the Arts Graduate student  |
| BCH     | 191         | First-Year Seminar                         | Small course emphasizing student-faculty discussion and interaction. Required for first-year students. Must have taken 25 or fewer credit hours. Consulting an academic advisor before enrolling is recommended.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences | 1-3   |                 |  |
| BCH     | 294         | Special Topics                             | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences | 1-4   |                 |  |
| BCH     | 341         | Physical Chemistry with a Biological Focus | Thermodynamics, equilibrium, states of matter, solutions and chemical kinetics with a focus on biological systems. For students in biochemical, premedical, biomedical and educational curricula.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Molecular Sciences | 3     |                 | Prerequisite(s): CHM 114 or 116 or 118 with C or better; CHM 231 or 233 or 333 with C or better; MAT 251 or 265 or 270 with C or better; PHY 101 or 112 or 131 with C or better; Credit is allowed for only BCH 341 or CHM 341 |

| BCH     | 520         | Chemical Biology   | Chemical biology, broadly defined, is the application of chemical tools toward the study biological problems. The purpose of this class is to provide the foundation for translational research involving cross-disciplinary approaches to tackling significant problems in the biosciences. This one-semester class will cover topics ranging from traditional molecular biology and biochemistry to state-of-the-art techniques in genomics and proteomics. Particular emphasis will be placed on modern concepts in enzymology. The class will be taught using a combination of current literature and text-based materials. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 3     |                 | Pre-requisite: Graduate students (degree and nondegree); Credit is allowed for only BCH or CHM 520  |
| BCH     | 561         | Advanced Topics in Biochemistry                          | Topics selected from emerging areas of biochemistry based primarily on current literature.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 564         | Bionanotechnology  | The use of biomolecules, bioelectronics, and biomedicine for applications in nanotechnology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 568         | Molecular Mechanisms of Photosynthesis                   | Structure and function of photosynthetic complexes; mechanism of energy conversion in plants, bacteria, and model systems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 599         | Thesis   | Supervised research focused on preparation of thesis, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 792         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCH     | 799         | Dissertation   | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | The College of Liberal Arts and Sciences | School of Molecular Sciences                 | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BCS     | 101         | Elementary Serbo-Croatian                                | Structural grammar, basic vocabulary; introduction and reinforcement of aural/oral, reading, and writing skills.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 4     | G               |   |
| BCS     | 102         | Elementary Serbo-Croatian                                | See BCS 101.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 4     | G               |   |
| BCS     | 201         | Intermediate Serbo-Croatian                              | Systematic review of grammar. Development of vocabulary through reading and writing. Drill in aural/oral skills.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 4     |                 |   |
| BCS     | 202         | Intermediate Serbo-Croatian                              | See BCS 201.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 4     |                 |   |
| BCS     | 311         | Bosnian/Croatian/Serbian Composition and Conversation I  | Develops writing ability and oral expression.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): BCS 202 with C or better; Credit is allowed for only BCS 311, 394 (Serbo-Croatian Conv & Comp I) or SLC 394 (Serbo-Croatian Comp/Conv) |
| BCS     | 312         | Bosnian/Croatian/Serbian Composition and Conversation II | Develops writing ability and oral expression.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 3     |                 | Prerequisite(s): BCS 311 with C or better; Credit is allowed for only BCS 312 or 394 (Bosnian/Croatian/Serbian Composition and Conversation II)         |
| BCS     | 394         | Special Topics   | Covers topics of immediate or special interest to a faculty member and students.  | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-4   |                 |   |
| BCS     | 495         | Serbo-Croatian for Heritage Speakers                     | Generates professional proficiency by developing communicative and written competency in standard literary Serbo-Croatian.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of International Letters and Cultures | 1-6   |                 |   |
| BDE     | 590         | Reading and Conference                                   | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | Ira A. Fulton Engineering                | Harrington Bioengineering Program            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BDE     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | Ira A. Fulton Engineering                | Harrington Bioengineering Program            | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BDE     | 595         | Continuing Registration                                  | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | N                 | RSC               | Y               | Z3            | Ira A. Fulton Engineering                | Harrington Bioengineering Program            | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| BDE     | 701         | Fundamentals of Biological Design I   | Training in the essentials of fields underlying interdisciplinary research in the biosciences and in the integration of multiple disciplines in use-inspired research. Modules concentrate on key concepts and current questions in the biological sciences, physical sciences, and engineering.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Harrington Bioengineering Program           | 9     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student      |
| BDE     | 702         | Fundamentals of Biological Design II  | Emphasizes the integrative areas of computational bioinformatics, systems biology, and synthetic biology, and their application in biomedical research.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Harrington Bioengineering Program           | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student      |
| BDE     | 721         | Integrative Research                  | Develops comprehensive solutions to societal problems by small interdisciplinary teams of students, including a proposal for research in an integrated science area. Covers issues of intellectual property, commercialization, societal impact and value, project management, product design, and historical examples of disruptive technological innovations.   | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Harrington Bioengineering Program           | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student      |
| BDE     | 722         | Research Design                       | Writing and presentation of a research proposal in the form of a grant application, peer review sessions to provide feedback, examination of the grant review and funding process.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering                | Harrington Bioengineering Program           | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student      |
| BDE     | 751         | Teaching in Science                   | Guidance in teaching and exposition through assisting a faculty teaching mentor in the Biological Design core course and training in oral presentation skills, including instruction in how to effectively present posters and seminars and participation in outreach experiences in the community.   | Y                 | LEC               | Y               | OPT           | Ira A. | BIO     | 100         | The Living World                      | Principles of biology. Cannot be used for major credit in the biological sciences.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | SQ              |   |
| BIO     | 108         | Concepts in Plant Biology             | Introduces concepts of plant biology that are of human relevance using commercially important, edible, and medicinal plants as examples. Not for majors in the biological sciences.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     | SQ              |   |
| BIO     | 109         | Field Natural History of Arizona      | Studies the common plants and animals of Arizona including their distribution, adaptations, behavior and ecology. Introduces basic field techniques used in the study of natural history. Off-campus field trips. Cannot be used for major credit in the biological sciences.   | N                 | LEL               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | SG              |   |
| BIO     | 112         | Discovery: Why Sex?                   | "Why?" is a question that animates the youngest of children to the most seasoned of scientists. The acts of asking and answering "Why?" highlight the integrated nature of scientific knowledge and discovery. Demonstrates scientific disciplines are not walled cities in which knowledge is neatly segregated from lines of inquiry and knowledge in other disciplines. Instead, scientific concepts weave throughout and between disciplines and scientists increasingly rely on colleagues from different scientific fields to find answers to scientific questions. So our journey to find responses to the question "Why Sex?" takes us not just to biology, but also to earth science and to physics. Along the way, scientists are linked together not only through concepts that crosscut the disciplines, but also in their reliance upon key scientific skills such as the ability to observe, think critically, measure, gather data and communicate their findings. | N                 | LEL               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     | SG              | Credit is allowed for only BIO 112 or BIO 194 (Discovery: Why Sex?) |
| BIO     | 113         | Dinosaurs                             | Principles of evolution, ecology, behavior, anatomy and physiology using dinosaurs and other extinct life as case studies. Geological processes and the fossil record. Cannot be used for major credit in the biological sciences.  | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | SG              | Credit is allowed for only BIO 113 or LSC 294 t 2 (Dinosaurs)       |
| BIO     | 130         | Introduction to Environmental Science | Introduces the interconnected nature of Earth's hydrosphere, lithosphere (soils and rocks), atmosphere, and biosphere.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | SQ              | Credit is allowed for only ABS 130 or BIO 130 or ENV 130            |

## ASU Course Catalog Archive - Spring 2019

|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| BIO     | 140         | Greek and Latin Roots in Bioscientific Terminology | Introduces students to the ancient Greek and Latin root words most commonly used in biological, medical, and other scientific terminology, and gives practice identifying them in context. The knowledge of these root words enables students to memorize with greater ease and increased retention the bioscientific terminology they encounter in other coursework as well as in their medical or scientific profession.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |  |
| BIO     | 151         | Biological Thinking                                | The science behind the science of life. Masters the core concepts of modern biology, understands the scientific discoveries that lie behind those concepts, and develops scientific reasoning skills so that students can contribute discoveries of their own.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     | SQ              | Prerequisite(s): Life Sciences student; Mathematics Placement Test with a score below 50 or ALEKS score below 61; Credit is allowed for only BIO 100 or BIO 151                |
| BIO     | 160         | Introduction to Anatomy and Physiology             | Terminology and essential concepts in human anatomy and physiology, as well as the structure and function of the human body. Designed for students in the health-related professions. Acquaints the student with human anatomy, structure and function, and basic disease concepts. Organizes and presents course concepts by organ systems, and the laboratory component of the course emphasizes human structure and function. The course has 3 contact hours for lecture and 2 contact hours for lab per week. | N                 | LEC               | N               | GNA           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 4     | SQ              |  |
| BIO     | 181         | General Biology I                                  | Biological concepts emphasizing principles and the interplay of structure and function at the molecular, cellular, and organismal levels. Intended for life sciences, biology, and health-related science majors.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 4     | SQ              | Credit is allowed for only BIO 181 or BIO 281 or BIO 282   |
| BIO     | 181         | General Biology I                                  | Biological concepts emphasizing principles and the interplay of structure and function at the molecular, cellular, and organismal levels. | BIO     | 303         | Plant Diversity and Evolution                             | An examination of the major groups of land plants, emphasizing evolutionary history, comparative data, and phylogenetic methods.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     | L or SG         | Prerequisite(s): BIO 181 (or BIO 188) with C or better; BIO 182 (or BIO 187 or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better; Credit is allowed for only BIO 303 or ENV 300 or PLB 300 |
| BIO     | 304         | Plants and Civilization                                   | Plants and plant products used by people throughout the world. Cultivation, processing, and uses in modern life (beverages, fibers, foods, medicinals, and perfumes).  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | L               | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 304 or ENV 302 or PLB 302                                     |
| BIO     | 305         | Biology Behind the Crime Scene                            | Explores biological technology behind forensic techniques like fingerprinting, Polymerase Chain Reaction (PCR), and paternity testing.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | SG              | Pre-requisites: Minimum Sophomore standing   |
| BIO     | 306         | Modes of Biological Thought                               | Involves students in the process of biological discovery to examine how we identify truth in biological science.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Pre-requisites: ENG101 or ENG 105 with C or better; BIO181 (or BIO188) and BIO182 (or BIO187) with C or better   |
| BIO     | 307         | Dinosaurs   | Principles of evolution, ecology, behavior, anatomy, and physiology using dinosaurs and other extinct life as case studies. Geological processes and the fossil record. Weekend field trip required. Cannot be used for major credit in the biological sciences.   | N                 | LEC               | N               | GNA           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     |                 | Pre-requisite: Minimum sophomore standing; Credit is allowed for only BIO 307 or LSC 294 (Dinosaurs)   |
| BIO     | 308         | Plant Physiology  | Concepts of plant function: carbon metabolism, energy acquisition, regulation of growth and development, stress responses, and water and nutrient uptake.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; CHM 116; Credit is allowed for only BIO 308 or PLB 308                                       |
| BIO     | 309         | Plant Anatomy   | Development and mature structure of tissues of vascular plants; patterns and modifications of the leaf, stem, root, and flower.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 or PLB 200 with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 310         | Special Problems and Techniques                           | Qualified undergraduates may investigate a specific biological problem under the direction of a faculty member.  | N                 | IND               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-3   |                 |  |
| BIO     | 311         | Biology and Society                                       | Explores interactions between biological sciences and society, e.g., biomedical, environmental, ethical, historical, legal, philosophical, political, and social issues.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better; Credit is allowed for only BIO 311 or HPS 340                                    |
| BIO     | 312         | Bioethics   | Critical examination of moral questions arising in biomedical contexts, particularly due to new technologies and scientific discoveries.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | HU              | Prerequisite(s): minimum 45 hours. Credit is allowed for only BIO 312, IAS 340, or PHI 320   |
| BIO     | 313         | The Flora of Arizona                                      | Overview of Arizona's flora and plant communities; emphasizes identification, classification, and natural history of the state's native vascular species.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s) with C or better: BIO 181 (or BIO 188) and BIO 182 (or BIO 187 or both PLB 200 and 201) OR BIO 281 and 282; Credit is allowed for only BIO 313 or PLB 310  |
| BIO     | 314         | Research Colloquium in Biology and Society I              | Develops critical thinking abilities, research methods, and writing skills for research in the interactions between biological sciences and society. Both BIO 314 & 414 must be taken to secure L General Studies designation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     | L               | Prerequisite(s): Biological Sciences (Biology and Society) BS majors   |
| BIO     | 315         | Science, Values, and the Public                           | Examines science, communication, and a range of public opinion to understand science as a discourse of profound social power.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): ENG 102, 105, or 108 with C or better; Minimum 35 hours; Credit is allowed for only ENG 370 or BIO 315  |

| BIO     | 385         | Comparative Invertebrate Zoology                 | Characteristics, life cycles, adaptations, and evolution of invertebrate animals.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 with C or better OR BIO 281 with C or better; BIO 282 with C or better                    |
| BIO     | 385         | Comparative Invertebrate Zoology                 | Characteristics, life cycles, adaptations, and evolution of invertebrate animals.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 with C or better OR BIO 281 with C or better; BIO 282 with C or better                    |
| BIO     | 386         | General Entomology                               | Specialized focus on form, activities, and classification of insects.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 with C or better OR BIO 281 with C or better; BIO 282 with C or better                    |
| BIO     | 389         | School of Life Sciences Undergraduate Researcher | While performing undergraduate research at ASU, students gain exposure to contemporary issues in research excellence, mentoring skills, and professional development. Goals include: enriching individual lab research experiences of each student by bringing them together in a peer-community environment; introducing students to the resources they have at their disposal (e.g., on campus, online) to facilitate research productivity and career planning; rigorously evaluating their research processes and products, in light of their eventual professional plans. | N                 | SEM               | Y               | YGB           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Prerequisite(s): School of Life Sciences majors; 3.00 GPA  |
| BIO     | 390         | Medical/Dental Field Placement                   | Field placement for students exploring a career in a health profession. Requires classroom sessions and fieldwork.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 |  |
| BIO     | 394         | Special Topics                                   | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-4   |                 |  |
| BIO     | 400         | Topics in Neuroscience                           | Covers in-depth important and emerging developments in neuroscience, emphasizing lectures that include readings of recent reviews and contemporary publications in peer-reviewed journals. Includes a significant writing component; students learn skills for writing scientific publications and grant applications.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better; Credit is allowed for only BIO 400 or KIN 400 or PSY 400 or SHS 400                               |
| BIO     | 406         | Computer Applications in Biology                 | Computer analysis techniques in biology emphasizing data entry, management and analysis, and graphic portrayal.  | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better       |
| BIO     | 410         | Techniques in Conservation Biology and Ecology   | Lecture, field, and laboratory experience in techniques used in conservation biology and ecology. Course is modular, with each module instructed by a discipline-specific expert (e.g., plant ecologist, mammal conservationist, soil ecologist).  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | L               | Prerequisite(s): ENG 101, 105, or 107 with C or better; BIO 320 with C or better; BIO 322 or BIO 323 with C or better                        |
| BIO     | 410         | Techniques in Conservation Biology and Ecology   | Lecture, field, and laboratory experience in techniques used in conservation biology and ecology. Course is modular, with each module instructed by a discipline-specific expert (e.g., plant ecologist, mammal conservationist, soil ecologist).  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): ENG 101, 105, or 107 with C or better; BIO 320 with C or better; BIO 322 or BIO 323 with C or better                        |
| BIO     | 411         | Quantitative Methods in Conservation and Ecology | Quantitative methods in conservation ecology: develop mathematical models of ecological and natural resource systems and use the models to better understand and inform management of ecosystems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 320 or 322 with C or better; BIO 415 or STP 226 or STP 231 with C or better; MAT 210, 251, 265, or 270 with C or better |
| BIO     | 412         | Conservation in Practice                         | Global biodiversity patterns, processes, and conservation; global environmental change; sustainable use of natural resources; emphasizing international approaches to conservation biology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only BIO 412 or SOS 412   |
| BIO     | 412         | Conservation in Practice                         | Global biodiversity patterns, processes, and conservation; global environmental change; sustainable use of natural resources; emphasizing international approaches to conservation biology.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only BIO 412 or SOS 412   |
| BIO     | 414         | Research Colloquium in Biology and Society II    | Further develops critical thinking abilities, research methods, and writing skills for research in the interactions between biological sciences and society. Both BIO 314 & 414 must be taken to secure L General Studies designation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     | L               | Prerequisite(s): BIO 314 with C or better  |
| BIO     | 415         | Biometry   | Statistical methods applied to biological problems, design of experiments, estimation, significance, analysis of variance, regression, correlation, chi square, and bioassay; the use of computers.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     | CS              | Prerequisite(s): MAT 210, 251, 265 or 270 with C or better, or a 200 level statistics course (STP 226, or 231) with C or better              |
| BIO     | 415         | Biometry   | Statistical methods applied to biological problems, design of experiments, estimation, significance, analysis of variance, regression, correlation, chi square, and bioassay; the use of computers.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     | CS              | Prerequisite(s): MAT 210, 251, 265 or 270 with C or better, or a 200 level statistics course (STP 226, or 231) with C or better              |
| BIO     | 416         | Biomedical Research Ethics                       | Considers issues related to values in science such as collaboration, finances, legal issues, media, mentoring, ownership of ideas, scientific integrity.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | L               | Prerequisite(s): minimum 45 hours; Credit is allowed for only for BIO 416 or HPS 410   |
| BIO     | 417         | Experimental Design                              | Fixed, random, mixed models; crossed and nested factorial designs; balanced and unbalanced data; completely randomized, blocked, repeated measure designs; ANCOVA.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 415 with C or better  |
| BIO     | 418         | Soil Ecology                                     | Soils viewed in an ecosystem context, soil-plant relationships, nutrient budgets, and abiotic factors that influence soil processes.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisite: ABS 370 or BIO 320. Credit is allowed for only ABS 434 or BIO 418   |
| BIO     | 419         | Physiological Plant Ecology                      | Physiological and morphological responses and adaptations of plants to their environment, emphasizing mechanisms that influence carbon and water balance, growth, and population distributions.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 320 or PLB 308 with C or better; Credit is allowed for only BIO 419 or PLB 419 or BIO 519 or PLB 519                    |

ASU Course Catalog Archive - Spring 2019

|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|--|---|-------|-----------------|--|
| BIO     | 420         | Immunology: Molecular and Cellular Foundations    | Antibody/antigen interactions, cellular response, cytokines, immunogenetics, immunoregulation, autoimmunity, psychoneuroimmunology research/medical perspectives.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 353, BIO 360, or MIC 220 with C or better; Credit is allowed for only BIO 420 or MIC 420  |
| BIO     | 421         | Landscape Ecology                                 | Discusses how landscape heterogeneity interacts with ecological processes, and implications for biodiversity conservation, resource management, and landscape and urban planning.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 320 with C or better; Credit is allowed for only BIO 421 or BIO 521 or SOS 421 or SOS 521   |
| BIO     | 422         | Ecosystem Ecology                                 | Explores the structure, development and dynamics of ecosystems, with a focus on the exchange of energy and materials between the atmosphere, soils, water, biosphere, and anthro-sphere.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 320 with C or better; Credit is allowed for only BIO 422 or BIO 494 (Ecosystem Ecology)   |
| BIO     | 422         | Ecosystem Ecology                                 | Explores the structure, development and dynamics of ecosystems, with a focus on the exchange of energy and materials between the atmosphere, soils, water, biosphere, and anthro-sphere.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 320 with C or better; Credit is allowed for only BIO 422 or BIO 494 (Ecosystem Ecology)   |
| BIO     | 423         | Population and Community Ecology                  | Organization and dynamics of population and communities. Theoretical and empirical approaches.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 320 with C or better  |
| BIO     | 423         | Population and Community Ecology                  | Organization and dynamics of population and communities. Theoretical and empirical approaches.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 320 with C or better  |
| BIO     | 424         | Dynamic Modeling in Social and Ecological Systems | Introduces the development and use of dynamic mathematical models to study social and ecological phenomena.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): MAT 210, 251, 265, or 270 with C or better; Credit is allowed for only ASM 424 or BIO 424 or SOS 424  |
| BIO     | 425         | Marine Conservation Ecology                       | Marine conservation biology is increasingly important for society, as evidenced by frequent media coverage and the recent report by the U.S. Commission on Ocean Policy. Expect exposure to multiple perspectives on important conservation issues in the marine environment and gain valuable experience in critical thinking, communication skills, and the use of science in effective debate.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 with C or better OR BIO 281 with C or better; BIO 282 with C or better  |
| BIO     | 426         | Limnology   | Structure and function of aquatic ecosystems, with emphasis on freshwater lakes and streams.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3-4   | L               | Prerequisite(s): BIO 320 with C or better  |
| BIO     | 426         | Limnology   | Structure and function of aquatic ecosystems, with emphasis on freshwater lakes and streams.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3-4   | L               | Prerequisite(s): BIO 320 with C or better  |
| BIO     | 427         | Fire  | A survey of fire on Earth--history, ecology, behavior, and management.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | H               | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 429         | Human Impacts on Ecosystem Functioning            | Explores our current understanding of how humans are impacting the functioning of ecosystems and how changes in ecosystems would affect provisioning of ecosystem services and ultimately human well-being. The two primary drivers of ecosystem change are growth of the human population and increased consumption per capita. These drivers affect the Earth's cycles of carbon, nitrogen and water, as well as regional and global-scale changes in biodiversity and climate. Includes an in-depth discussion of scenarios for the next 50 and 100 years, which articulate costs and benefits of alternative development pathways in terms of climate change, food production, clean water and biodiversity. Scenarios of change in biodiversity lead to the topic of the consequences of biodiversity change for the functioning of ecosystems from the point of view of their productivity and stability. Human activities have disrupted several biogeochemical cycles including nitrogen and carbon cycles. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 320 (or SOS 326); Credit is allowed for only BIO 429, BIO 528, SOS 429, SOS 528, or SOS 494/598 (Human Impacts on Ecosystem Functioning), or BIO 494/598 (Human Impacts on Ecosystem Functioning) |
| BIO     | 430         | Plant Geography                                   | Plant communities of the world and their interpretation, emphasizing North American plant associations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 or GPH 111 or PLB 200 with C or better; Credit is allowed for only BIO 430 or GPH 422 or PLB 422  |
| BIO     | 431         | Genes, Development, and Evolution                 | Contribution of genes, developmental processes, and evolution to pattern of phenotypic variation, including disease.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | L               | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 431         | Genes, Development, and Evolution                 | Contribution of genes, developmental processes, and evolution to pattern of phenotypic variation, including disease.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     | L               | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 432         | Why People Steal, Cheat and Lie                   | Explores the ecological and evolutionary causes of selfishness and cooperation in human societies. Students apply biological models to predict patterns of behavior in human populations and evaluate these models with empirical data. Develops new scientific and philosophical perspectives on human behavior by integrating ideas from complementary disciplines, including biology, psychology, anthropology, criminology, sociology and philosophy.   | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | SB              | Prerequisite(s): BIO 182 or 282; Credit is allowed for only BIO 432 or BIO 494 (Why People Steal, Cheat, and Lie)  |
| BIO     | 434         | People and Nature: Ecosystem Services             | Explores the drivers of biodiversity change and the consequences they have for human wellbeing, taking both an ecological and an economic perspective.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: MAT 117 or higher or SOS 101; junior standing. Credit is allowed for only BIO 434, SOS 434, or BIO 494 (Ecosys Servcs:People&Nature)   |
| BIO     | 435         | Research Techniques in Animal Behavior            | Experimental and field studies of animal behavior; description and quantification of animal behavior and interpretation of behavior within an evolutionary framework.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 331 with C or better  |
| BIO     | 436         | Sociobiology and Behavioral Ecology               | Surveys animal and human social behavior examined from ecological and evolutionary perspectives using theoretical and empirical constructs.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 331 with C or better  |

| BIO     | 440         | Functional Genomics  | Covers emerging fields of genomics and proteomics. Discusses key technologies and their applications to the study of genomes.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 340 or LSC 347 or MBB 347 with C or better; Credit is allowed for only BIO 440 or CBS 540 or MBB 440 or MCB 540   |
| BIO     | 443         | Applied Molecular Genetics and Genomics                              | Nature and function of the gene; emphasizes the molecular genetic disease states; molecular biology; regulation of gene expression; genomics.  | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): LSC 347 with C or better; CHM 233 with C or better; CHM 237 with C or better  |
| BIO     | 446         | Principles of Human Genetics   | Molecular and cellular analysis of the human genome.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     | L               | Prerequisite(s): ASM 301 or BIO 340 or LSC 347 or MBB 347 with C or better; Credit is allowed for only ASM 446 or ASM 546 or BIO 446 or BIO 546  |
| BIO     | 450         | Advanced Developmental Biology                                       | Current concepts and experimental methods involving differentiation and biosynthetic activities of cells and organisms, with examples from microorganisms, plants, and animals.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 351 with C or better  |
| BIO     | 451         | Cell Biotechnology: Cell Culture, Immunocytochemistry and Bioimaging | Fundamentals of creating and maintaining cell culture for the purpose of experimental design and analysis. Cell culture technique, cell behavior, cell signaling and regulation, histology, transgenic fluorescent protein expression, immunocytochemistry and various bioimaging techniques including live cell, epi-fluorescent and confocal microscopy. Working with established cancer-derived cell lines and primary neural disassociated cultures, students perform various experimental techniques for cell imaging preparation and acquisition. Focuses on image analysis and presentation using ImageJ. During the second half of the semester, students propose and develop an experimental project in which they will collect data, do analysis and prepare the results for a final project presentation. | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): BIO 353 or MBB 245 with C or better   |
| BIO     | 453         | Animal Histology   | Microscopic study of animal tissues.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s) with C or better: BIO 201, 353, or 360 or MIC 220  |
| BIO     | 453         | Animal Histology   | Microscopic study of animal tissues.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 4     |                 | Prerequisite(s) with C or better: BIO 201, 353, or 360 or MIC 220  |
| BIO     | 455         | Introduction to Comparative Genomics                                 | Explores genomic sequences and hypotheses for their structure, evolutionary history, and underlying mechanisms.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Credit is allowed for only BMI 465 or BIO 455  |
| BIO     | 461         | Comparative Animal Physiology  | A comparative approach to understanding the function of animal physiological systems.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 462         | Endocrine Physiology   | Mechanisms of action of hormones; endocrine control of homeostasis, growth, stress responses, and reproduction.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 465         | Neurophysiology  | Detailed treatment of cellular and organismal neurophysiology and nervous system function.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 467         | Neurobiology   | Introduces major areas of neurobiology, from fundamental cellular and molecular processes through systems neuroscience and neural bases of behavior.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 471         | Ornithology  | Biology of birds.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 with C or better OR BIO 281 with C or better; BIO 282 with C or better  |

| BIO     | 476         | Cellular and Molecular Neuroscience                   | Explores the cellular and molecular neurobiology of the central nervous system across many levels (genetic, molecular, cellular and network) by examining the principles underlying the function of individual neurons and how these principles give rise to integrated neuronal networks. Emphasizes critical thinking and problem solving in all evaluation exercises, including daily class participation.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 477         | Systems and Behavioral Neuroscience                   | Explores the functions of the nervous system across many levels (genetic, molecular, cellular and network) in regard to how neural systems produce behavior, and how problems (e.g., injury, disease) of the CNS arise and can be overcome. Examines principles underlying the function of individual neurons and how these principles give rise to integrated neuronal networks. Emphasizes critical thinking and problem solving in all evaluation exercises, including daily class participation.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 360 with C or better  |
| BIO     | 480         | Methods of Teaching Biology                           | Methods of instruction, experimentation, organization, and presentation of appropriate content in biology.   | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 480         | Methods of Teaching Biology                           | Methods of instruction, experimentation, organization, and presentation of appropriate content in biology.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 480         | Methods of Teaching Biology                           | Methods of instruction, experimentation, organization, and presentation of appropriate content in biology.   | N                 | LEC               | N               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 3     |                 | Prerequisite(s): BIO 181 with C or better; BIO 182 (or PLB 200) with C or better OR BIO 281 with C or better; BIO 282 with C or better   |
| BIO     | 482         | Advanced Methods of Teaching Biology                  | Design, delivery, and evaluation of student-centered, inquiry-based lessons for high school biology students. Learning cycle.  | N                 | LEC               | N               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 3     |                 | Prerequisite(s): BIO 480 with C or better  |
| BIO     | 484         | Internship  | Structured practical experience following a contract or plan, supervised by faculty and practitioners.   | Y                 | PRA               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 |  |
| BIO     | 486         | Peer Mentoring in STEM                                | Advanced students learn and apply mentoring skills in science classes or teaching labs.  | Y                 | SEM               | Y               | YGB           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Prerequisite(s): minimum 45 hours; Credit is allowed for only ACO 486 or BIO 486 or LSC 486 or MAT 486 or PTX 486 or STP 486   |
| BIO     | 489         | School of Life Sciences Undergraduate Research Fellow | While performing undergraduate research at ASU, students gain exposure to contemporary issues in research excellence, mentoring skills, and professional development. Goals include: enriching individual lab research experiences of each student by bringing them together in a peer-community environment; introducing students to the resources they have at their disposal (e.g., on campus, online) to facilitate research productivity and career planning; rigorously evaluating their research processes and products, in light of their eventual professional plans. | N                 | SEM               | Y               | YGB           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Prerequisite(s): School of Life Sciences majors; 3.50 GPA  |
| BIO     | 490         | Surgical Field Placement                              | Advanced field placement for students exploring a career in a health profession. Requires classroom sessions and fieldwork.  | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): BIO 390 with C or better  |
| BIO     | 492         | Honors Directed Study                                 | Independent study in which a student, under the supervision of a faculty member, conducts research or creative work that is expected to lead to an undergraduate honors thesis or creative project.  | N                 | RSC               | Y               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| BIO     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| BIO     | 493         | Honors Thesis   | Supervised research or creative activity focused on preparation and completion of an undergraduate honors thesis or creative project.  | N                 | RSC               | N               | Z1            | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-6   | L               | Prerequisite(s): Barrett Honors student  |
| BIO     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts    | 1-4   |                 |  |
| BIO     | 494         | Special Topics  | Covers topics of immediate or special interest to a faculty member and students.   | Y                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-4   |                 |  |
| BIO     | 495         | Undergraduate Research                                | Supervised research in biology/microbiology/molecular biosciences and biotechnology/or plant biology.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-3   |                 | Pre-requisite: Junior or senior standing   |
| BIO     | 495         | Undergraduate Research                                | Supervised research in biology/microbiology/molecular biosciences and biotechnology/or plant biology.  | Y                 | RSC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-3   |                 | Pre-requisite: Junior or senior standing   |
| BIO     | 496         | Undergraduate Thesis                                  | Guided research culminating in the preparation of an undergraduate thesis based on supervised research done in this and previous semesters.  | N                 | RSC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): junior or senior standing; Credit is allowed for only BIO 496 or HPS 496 or MBB 496 or MIC 496  |
| BIO     | 497         | Honors Colloquium                                     | A class emphasizing discussion, written and/or oral presentation by students, and active participation.  | N                 | LEC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-6   |                 | Prerequisite(s): Barrett Honors student  |
| BIO     | 498         | Pro-Seminar   | Small-group study and research for advanced students within their majors. | BIO     | 502         | Transmission Electron Microscopy       | Theory, use, and methods of preparing biological materials for transmission electron microscopy.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Pre/Co-requisites: BIO 504  |
| BIO     | 503         | Bioimaging Lab                         | Provides a fundamental understanding of light-based microscopy through the training and use of instruments contained within the SOLS Keck Bioimaging laboratory. Examines the use of bright field, contrast, epi-fluorescent, total internal reflective fluorescence (TIRF), confocal, multiphoton and atomic force microscopy and how they are applied to various research applications. Additional focus given toward image ethics, analysis, and presentation using programs such as Adobe Photoshop and ImageJ. During the second half of the semester, students propose and develop an experimental project, based on their graduate research, in which they collect data, do analysis, and prepare results for a final project presentation. | N                 | LAB               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     |                 | Pre/Co-requisites: BIO 504, MCB 504, or BIO 598 Special Topic: Bioimaging Current Techniques; Credit is allowed for only BIO or MCB 503   |
| BIO     | 504         | Bioimaging                             | Lecture survey of modern techniques for imaging tissues, cells, and macromolecules, including light microscopy (e.g. video, fluorescence, confocal, multiphoton, single molecule), electron microscopy (e.g. transmission, scanning, cryogenic, tomographic) and ancillary techniques.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 2     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO or MCB 504   |
| BIO     | 506         | Clinical Gross Anatomy                 | Dissection of the human body with an emphasis on the application of anatomical knowledge to clinical applications.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 6     |                 | Pre-requisites: Graduate student; Credit is allowed for only ASM, BIO or MCB 506  |
| BIO     | 515         | Science, Technology and Public Affairs | Explores the political, economic, cultural, and moral foundations of science and technology policy and governance in democratic society.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 515 or GLG 547 or HSD 515 or PAF 547 or SOS 516  |
| BIO     | 516         | Foundations of Bioethics               | Advanced introduction to the theoretical and normative foundations of the field of bioethics.  | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 517         | Uncertainty and Decision Making        | Knowledge is always incomplete, yet decisions must be made. Explores uncertainty and its relation to decision making, with a particular focus on the ways that science and science-derived information is applied with the intent of improving decisions. Explores the many meanings and origins of uncertainty, using theoretical and case-based approaches. A central theme is the relation among uncertainty, scientific prediction, and decision making, especially in politically charged issues, for example as related to management of the environment. Ultimately understands how effective decisions can be made in the face of inevitable uncertainties and contested knowledge.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only ASB 517 or BIO 517 or BIO 591 (Uncertainty & Decision Making) or HSD 517 or POS 527 or SOS 518 |
| BIO     | 518         | History of Biology                     | Covers themes such as the voyages of discovery, systematics, and classification; morphology and embryology; Darwin and evolutionary biology; the rise of genetics; molecular and organismal approaches of post-WWII biology; recent history of biology.  | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO 518 or HPS or HST 516   |
| BIO     | 519         | Physiological Plant Ecology            | Physiological and morphological responses and adaptations of plants to their environment, emphasizing mechanisms that influence carbon and water balance, growth, and population distributions   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only BIO 519, PLB 419 or PLB 519  |
| BIO     | 521         | Landscape Ecology                      | Discusses how landscape heterogeneity interacts with ecological processes, and implications for biodiversity conservation, resource management, and landscape and urban planning.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 421 or BIO 521 or SOS 421 or SOS 521   |
| BIO     | 522         | Populations: Evolutionary Ecology      | Principles of population biology and community ecology within an evolutionary framework.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                                  | Department              | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|--|-------------------------|-------|-----------------|---|
| BIO     | 527         | Environmental Ethics and Policy Goals                | Advanced seminar in applied environmental ethics, focusing on the most influential and policy-relevant approaches in the field of environmental ethics. Core topics include the historical and philosophical foundations of alternative understandings of environmental responsibility; the debate over utility and preservation in environmental policy argument; and the interplay of ethical principles, scientific knowledge and societal priorities in environmental decision making. Consideration of the ethical and value dimensions of biodiversity conservation, wilderness protection, environmental valuation, environmental activism, climate change and sustainability, among other challenges.   | N                 | SEM               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BIO 527 or SOS 527 or BIO 591 (Environ Ethics & Policy Goals)  |
| BIO     | 528         | Human Impacts on Ecosystem Functioning               | Explores our current understanding of how humans are impacting the functioning of ecosystems and how changes in ecosystems would affect provisioning of ecosystem services and ultimately human well-being. The two primary drivers of ecosystem change are growth of the human population and increased consumption per capita. These drivers affect the Earth's cycles of carbon, nitrogen and water, as well as regional and global-scale changes in biodiversity and climate. Includes an in-depth discussion of scenarios for the next 50 and 100 years, which articulate costs and benefits of alternative development pathways in terms of climate change, food production, clean water and biodiversity. Scenarios of change in biodiversity lead to the topic of the consequences of biodiversity change for the functioning of ecosystems from the point of view of their productivity and stability. Human activities have disrupted several biogeochemical cycles including nitrogen and carbon cycles. | N                 | LEC               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate; Credit is allowed for only BIO 429, BIO 528, SOS 429, SOS 528, or SOS 494/598 (Human Impacts on Ecosystem Functioning), or BIO 494/598 (Human Impacts on Ecosystem Functioning) |
| BIO     | 530         | Scientific Teaching                                  | Guides graduate students to better understand issues related to undergraduate learning in science courses, and prepares students to become more effective teachers. Topics focus on emerging research that supports active and student-centered learning activities as well as methods that include the 5Es, concept-mapping, and "backward" design. Students reflect on their own teaching philosophy, and begin building an ePortfolio documenting and validating their ability to teach effectively.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 2     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 530 or 591 (Scientific Teaching)   |
| BIO     | 531         | Advanced Scientific Teaching                         | Further develops the teaching abilities of graduate students by applying knowledge into the more advanced teaching activities including large class sizes, diverse student populations, online delivery, and technology-integrated teaching. Students have more in-depth practice fully developing lesson plans, assessments and other teaching activities based on the concepts of evidence-based teaching.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate. Credit is allowed for only BIO 531 or BIO 594 (Advanced Scientific Teaching)  |
| BIO     | 532         | Recent Papers in Discipline-Based Education Research | Discipline-based education research is a newly emerging scholarly field that combines the knowledge of teaching and learning with the deep knowledge of discipline-specific science content. Currently, discipline-based education research is being used to transform the way we teach undergraduate science courses. Readings in recent papers in the field of discipline-based education research, spanning the disciplines of physics, chemistry, geosciences and biology.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 537         | Comparative Biomechanics and Motor Control           | Guides students to critically evaluate how the physical and mechanical properties of organisms and their environment affect biological tissues, structures, and motor control.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Credit is allowed for only BIO 537 or KIN 437 or KIN 537 or KIN 494 (Comparative Biomechanics and Motor Control) or KIN 598 (Comparative Biomechanics and Motor Control)  |
| BIO     | 543         | Molecular Genetics and Genomics                      | Advanced study of genetics, focusing on the molecular basis of inheritance and gene expression in eukaryotes and prokaryotes, and study of genomics, or the high-throughput analysis of the entire organism's genes and their function. Knowledge of general genetics recommended before registering for this course.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 545         | Populations: Evolutionary Genetics                   | Mathematical models in the description and analysis of the genetics of populations.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 546         | Principles of Human Genetics                         | Examines human molecular genetics from an evolutionary perspective, particularly analysis, current debates, the Human Genome Project, disease, ethics.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ASM 446, 546, BIO 446 or 546   |
| BIO     | 549         | Phylogenetic Biology and Analysis                    | Basic theory and general concepts of phylogenetic inference as well as practical, hands-on experience with many of the commonly used methods for inferring and interpreting phylogenetic trees.   | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 552         | Developmental Genetics                               | Genetic approaches to the analysis of development during the life cycle of eukaryotic organisms, and the role of genes in the unfolding of the differentiated phenotype.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 560         | Ecological Modeling                                  | Mathematical modeling of animal populations, food-web structural and ecological processes in space and time. May use modeling tools on computer clusters.   | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ABS, BIO 560 or MAT 561  |
| BIO     | 564         | Cellular Physiology and Signaling                    | Emphasizes the molecular basis for cell structure, function and intercellular signaling.  | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| BIO     | 568         | Stress and the Brain                       | Covers the fundamentals of stress and brain interactions. Presents a foundation from a historical perspective, then the basics of an organism's stress response, including the activation of the sympathetic nervous system and the hypothalamic-pituitary-adrenal axis. The stress response is highly conserved and allows organisms to respond and adapt to their environment. A highly effective and robust stress response facilitates adaptation and behavioral flexibility. However, a maladaptive stress response can produce detrimental outcomes. The ultimate goal is to understand the dynamic and reciprocal processes by which the stress response and brain interact to produce behavioral flexibility and resilience or detrimental outcomes.                                      | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s) degree- or nondegree-seeking graduate student; Credit is allowed for either BIO 568 or PSY 568   |
| BIO     | 570         | Fundamentals of CAS Science                | Many phenomena of critical relevance to human society are dynamic systems that change over individual and evolutionary time scales, and are highly interactive, both within and between systems. That is, they are complex adaptive systems (CAS), and thus share isomorphic properties like near-decomposability, hierarchical organization, scale-free networks, self-organized criticality, and emergence. Fundamentals of CAS science explores the diverse, interdisciplinary applications of a complex adaptive systems across the social, behavioral, and life sciences.  | N                 | SEM               | N               | GNA           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking); Credit is allowed for only ASM, BIO, or SOS 570                                    |
| BIO     | 578         | Environmental Leadership and Communication | America remains inactive about the ramifications of critical societal challenges such as climate change, environmental hazards and living sustainably, and less than 2% of Congress has any professional background in science. Environmental issues are no longer local and solutions cannot remain provincial. Scientists must become envoys of knowledge that is global; science is now part of an unavoidable and contentious public discussion on these issues, and we need it to catalyze solutions. Increasingly, scientists who are communicators are moving into positions of leadership, engaging with society and changing their academic institutions from within. This seminar provides leadership training and important skills for early career scientists to communicate science. | N                 | LEC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BIO 578 or BIO 591 (Environmental Leadership and Communication) |
| BIO     | 580         | Practicum                                  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | New Interdis Arts & Sciences             | School of Mathematical and Natural Sciences | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |

| BIO     | 600         | Research Methods   | Course on research methods in a specific discipline.  | Y                 | RSC               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 610         | Introduction to Responsible Conduct of Research (RCR) in Life Sciences   | Introduces ethical and regulatory issues in the nine core areas of responsible conduct of research. Discusses real and hypothetical cases that tie broad ethical considerations to current concern of scientists.   | N                 | REC               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BIO     | 611         | Current Topics in Responsible Conduct of Research (RCR) in Life Sciences | Explores a single topic in the responsible conduct of research in depth. Topic changes depending on current issues in responsible conduct of research as well as the interests of the instructor and students. Possible topics include: responsible authorship; conflicts of interest; human subjects research; and misconduct, data management, and academic integrity.  | N                 | SEM               | Y               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 1     |                 | Pre-requisites: Graduate student (degree seeking or nondegree seeking)  |
| BIO     | 614         | Biometry   | Fundamental concepts of statistics and how to apply a range of standard statistical tools to the analysis of biological data. Uses the software applications SPSS and R to carry out these tests, and how to identify the particular situations in which each test is appropriate. Topics include: basic probability, descriptive statistics, estimation, hypothesis testing, t-tests, analysis of variance, regression, correlation, chi-square analysis, randomization tests, and nonparametric statistics. | N                 | LEL               | N               | OPT           | The College of Liberal Arts and Sciences | School of Life Sciences                     | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

| BIS     | 499         | Individualized Instruction  | Provides an opportunity for original study or investigation in the major or field of specialization on an individual and more autonomous basis. Neither a substitute for a catalog course nor a means of taking a catalog course on an individual basis. Requires application well in advance of regular registration with the student's advisor, the advisor's signature, and approval by both the instructor with whom the student will work and the chair of the department offering the course.   | Y                 | RSC               | Y               | Z1            | College of Integrative Sciences and Arts | College of Integrative Sciences and Arts | 1-3   |                 |  |
| BLE     | 220         | Foundations of Structured English Immersion                             | Examines current educational practices and historical legal issues. Prepares teacher candidates with a provisional Structured English Immersion endorsement.  | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation          | 3     |                 | Prerequisite(s): non-Educational Studies BAE major   |
| BLE     | 221         | Theories for Acquiring and Learning Languages                           | Languages are tools people use and learn to use for a variety of purposes. While nearly all people naturally acquire at least one language in their lifetime, the construct of bilingualism or multilingualism can occur as either an elective or a forced process. The context or the decision that leads to second or multiple language learning can have profound effects on the way and the extent to which those languages are learned. Examines the variables affecting both language acquisition and language learning as well as some methods to better facilitate these processes. | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College           | Division of Teacher Preparation          | 3     |                 | Prerequisite(s): non-Teacher Preparation student   |
| BLE     | 322         | Reading Methods in BLE/ESL Settings                                     | Instructional/assessment strategies, including systematic, research-based phonics, vocabulary, comprehension, spelling, writing, phonemic writing in Spanish/English.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation          | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| BLE     | 324         | Social Studies for Diverse Language Classrooms                          | Social studies education standards, curriculum, and instructional strategies for English language learners.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation          | 3     |                 | Prerequisite(s): admission to the Professional Program   |
| BLE     | 335         | Language Diversity in Classrooms  | Issues in sociolinguistics and language variation in schools with a focus on classroom interaction, instruction, curriculum, assessment, and language policy.   | N                 | LEC               | N               | OPT           | MaryLouFulton Teachers College           | Division of Teacher Preparation          | 3     | SB              | Prerequisite(s): admission to the Professional Program   |

|---------|-------------|-------------------------|---|-------------------|-------------------|-----------------|---------------|--------------------------------|---|-------|-----------------|---|
| BLE     | 590         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 591         | Seminar                 | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 592         | Research                | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 593         | Applied Project         | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 594         | Conference and Workshop | Topical instruction, usually in compressed format, leading to academic credit. Often offered off campus to groups of professionals.   | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 595         | Continuing Registration | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 597         | Capstone                | Reflective, experience-based integration of theory and practice; professional development for individuals working with English language learners.   | N                 | LEC               | N               | GNA           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 3     |                 | Prerequisite(s): MA English as a Second Language major  |
| BLE     | 598         | Special Topics          | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-4   |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 690         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 691         | Seminar                 | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 695         | Continuing Registration | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 784         | Internship              | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | PRA               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | IND               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 791         | Seminar                 | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-12  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 792         | Research                | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-15  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 795         | Continuing Registration | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned. | Y                 | RSC               | Y               | Z3            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1     |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BLE     | 799         | Dissertation            | Supervised research focused on preparation of dissertation, including literature review, research, data collection and analysis, and writing.   | Y                 | RSC               | Y               | Z2            | MaryLouFulton Teachers College | Educational Leadership & Innovation, Division | 1-15  |                 | Pre-requisite: Graduate student (degree seeking or nondegree seeking) or Post-Baccalaureate Undergraduate student |
| BMD     | 500         | Research Methods        | Course on research methods in a specific discipline.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions    | College of Health Solutions                   | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title   | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                  | Units | General Studies | Requirements  |
|---------|-------------|--|---|-------------------|-------------------|-----------------|---------------|-----------------------------|-----------------------------|-------|-----------------|---|
| BMD     | 501         | Introduction to Biomedical Informatics                     | Overview of the field of biomedical informatics for use of computers and information in healthcare and the biomedical sciences.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate. Credit is allowed for only BMD 501 or BMI 501   |
| BMD     | 502         | Foundations of Biomedical Informatics Methods I            | First semester of a two-semester course surveying the methods and theories underlying the field of biomedical informatics.  | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate. Credit is allowed for only BMD 502 or BMI 502   |
| BMD     | 507         | Introduction to Digital Image Processing and Analysis      | Core course with four sections for students seeking to concentrate in biomedical imaging informatics. The first section analyzes the concepts and terms of image processing and analysis. The second section evaluates key algorithms in image processing (e.g., image filtering, Fourier transform, image restoration). The third section examines advanced image analysis methods (e.g., image segmentation, mathematical morphology, image topology, shapes and boundaries, color processing, image coding and compression, wavelet, and special effects). The fourth section develops the practical applications of image processing and analysis in medicine and biology.                            | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BMD 507 or BMI 507   |
| BMD     | 510         | Current Perspectives in Biomedical Diagnostics             | Seminar course using external speakers who review the current state of the biomedical diagnostics industry in terms of technology, regulation or legal issues.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 511         | Health Economics, Policy, and Payment Models               | Economics provides a framework to understand and predict human decision making under scarcity, uncertainty and imperfect information. Examines concepts central to health care economics and their application to important decisions made by patients, families, practitioners, administrators and policy makers. Uses an individual family's scenario through a progressive case study to evaluate how incentives and information affect the health and health care of each family member. Each meeting integrates basic economic principles, existing facts and knowledge from economic research, and individual perspectives and experience regarding how these concepts apply to health care policy. | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): Degree- or Nondegree-seeking graduate student; Credit is allowed for only BMD 511 or HCD 511   |
| BMD     | 513         | Principles of Diagnostic Technology: Immunoassays          | Provides a detailed understanding of the theory and applications of advanced diagnostic assay systems and devices. Students gain knowledge in immunoassay design and validation with particular attention to the manipulation of the immune system for disease recognition. This module assumes no former knowledge of immunoassays, but some knowledge would be advantageous.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 4     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BMD 513 or BMD 598 (Principles of Diagnostic Technology 2: Immunology) |
| BMD     | 514         | Principles of Diagnostic Technology: Molecular Diagnostics | Survey course covering topics such as multiple types of analytes including DNA, RNA and protein; a multitude of disease application areas; major molecular diagnostic platforms; development of molecular diagnostics tests; sample preparation; and future prospects for molecular diagnostics.  | N                 | LEC               | N               | GNA           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree or nondegree-seeking graduate student; Credit is allowed for only BMD 514 or BMD 598 (Molecular Diagnostics)                              |
| BMD     | 550         | Translational Bioinformatics                               | Provides an introduction to bioinformatics methods and applications used in the field of translational medical research. Topics include bioinformatics data acquisition and management, analysis methodologies, and applications.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student; Credit is allowed for only BMD 550 or BMI 550   |
| BMD     | 580         | Practicum  | Structured practical experience in a professional program, supervised by a practitioner and/or faculty member with whom the student works closely.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 584         | Internship   | Structured practical experience following a contract or plan, supervised by faculty and practitioners.  | Y                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 590         | Reading and Conference                                     | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 591         | Seminar  | A small class emphasizing discussion, presentations by students, and written research papers.   | Y                 | SEM               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 592         | Research   | Independent study in which a student, under the supervision of a faculty member, conducts research that is expected to lead to a specific project such as a thesis or dissertation, report, or publication. Assignments might include data collection, experimental work, data analysis, or preparation of a manuscript.  | Y                 | RSC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): Biomedical Diagnostics MS student  |
| BMD     | 593         | Applied Project  | Preparation of a supervised applied project that is a graduation requirement in some professional majors.   | Y                 | LEC               | Y               | Z1            | College of Health Solutions | College of Health Solutions | 1-12  |                 | Prerequisite(s): Biomedical Diagnostics MS student  |
| BMD     | 595         | Continuing Registration                                    | Used in situations where registration is necessary but where credit is not needed. Replaces arbitrary enrollment in reading and conference, research, thesis, dissertation, etc. Used by students when taking comprehensive examinations, defending theses or dissertations, or fulfilling the continuous enrollment requirement in doctoral programs. Credit is not awarded, and no grade is assigned.   | Y                 | LEC               | Y               | Z3            | College of Health Solutions | College of Health Solutions | 1     |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |
| BMD     | 598         | Special Topics   | Topical courses not offered in regular course rotation--e.g., new courses not in the catalog, courses by visiting faculty, courses on timely topics, highly specialized courses responding to unique student demand.  | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions | 1-4   |                 | Prerequisite(s): degree- or nondegree-seeking graduate student  |

## ASU Course Catalog Archive - Spring 2019

| Subject | Catalog Nbr | Course Title  | Course Description  | Allow Mult Enroll | Component Primary | Crse Repeatable | Grading Basis | College                     | Department                        | Units | General Studies | Requirements   |
|---------|-------------|---|---|-------------------|-------------------|-----------------|---------------|-----------------------------|-----------------------------------|-------|-----------------|--|
| BMD     | 617         | Genetics and the Law  | Provides background on genetics and recent genetic advances; addresses the legal consequences and issues associated with such advances.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions       | 2-3   |                 | Prerequisite(s): College of Law major or MS in Biomedical Diagnostics major. Credit is allowed for only BMD 617 or LAW 617   |
| BMD     | 667         | Regulation of Medical Diagnostics                                       | Examines the regulation of drugs, medical devices, and biologics (e.g. vaccines) by the Food and Drug Administration.   | N                 | LEC               | N               | OPT           | College of Health Solutions | College of Health Solutions       | 3     |                 | Prerequisite(s): degree- or nondegree-seeking graduate   |
| BMD     | 790         | Reading and Conference  | Independent study in which a student meets regularly with a faculty member to discuss assignments. Course may include such assignments as intensive reading in a specialized area, writing a synthesis of literature on a specified topic, or writing a literature review of a topic.   | Y                 | LEC               | Y               | OPT           | College of Health Solutions | College of Health Solutions       | 1-12  |                 | Prerequisite(s): degree- or nondegree-seeking graduate student   |
| BME     | 100         | Introduction to Biomedical Engineering                                  | Introduces engineering design methods, experimental practices, data gathering, presentation and statistical analysis. Lecture/labs focus on device design and application, including hands-on experience.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 3     |                 | Prerequisite(s): Biomedical Engineering major  |
| BME     | 101         | Introduction to Biomedical Engineering I: Belief Systems in Engineering | Biomedical engineering is a highly interdisciplinary field with a mixture of basic science, design, and application. Reviews the process of building a knowledge base, including how we form belief systems (both founded and unfounded). Understands how the scientific process works to generate "true" knowledge of the world and the dangers of denying fact. Teaches how BME uses science as a belief system to generate innovations that improve our quality of life.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 1     |                 | Pre-requisite: Biomedical Engineering student  |
| BME     | 102         | Introduction to Biomedical Engineering II                               | Guides the student through the transition from how knowledge is generated by the scientific process/method to how the bioengineer uses the engineering method, design tools, and interdisciplinary skill sets to translate relevant scientific and related knowledge to create new healthcare technological solutions, i.e., medical device solutions, to address unmet biomedical and health care needs for individuals, as well as for society as a whole.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 1     |                 | Pre-requisite: Biomedical Engineering student; Pre/Corequisite: BME 101  |
| BME     | 111         | Engineering Perspectives on Biological Systems                          | Biological concepts for the emerging engineer. Introduces biological and earth systems engineering, materials, structures, fluid mechanics, bioelectricity, and the dynamic, nonlinear nature of nature.  | N                 | LEC               | N               | OPT           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 3     |                 | Pre-requisite: Engineering student   |
| BME     | 121         | Programming in Biomedical Engineering                                   | Introduces computer programming in the context of scientific and engineering problem solving. Topics include loops, functions, pointers, data structures, and algorithms in the context of a biomedical problem. Culminates in an introduction to object-oriented programming, with a look at modern wireless (iPad and iPhone) devices for biomedical applications.  | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 1     |                 | Prerequisite: Biomedical Engineering student; Pre/Co-requisite: MAT 265 or MAT 270   |
| BME     | 122         | Statistics for Biomedical Engineers                                     | Introduces statistics tests in the context of common biomedical experiments. Students perform basic linear regression and correlation analyses, experiment using power analysis, generate descriptive statistics, and perform statistical tests using statistical software.   | N                 | LEC               | N               | GNA           | Ira A. Fulton Engineering   | Harrington Bioengineering Program | 2     |                 | Prerequisite(s): Biomedical Engineering major; Pre- or corequisite(s): MAT 265 or 270 with C or better if completed  |
