Notes
- An SAT, ACT, Accuplacer, IELTS or TOEFL score determines placement into first-year composition courses
- Mathematics Placement Assessment score determines placement in mathematics course
- ASU 101 or college-specific equivalent First-Year Seminar required of all freshman students
- Select your career interest area and play me3.

- All undergraduate students pursuing a BS degree in the College of Health Solutions must complete one course in each of four competency areas: Health \& Well-Being, Health Communication, Health Informatics \& Problem Solving, and Teamwork \& Leadership in Health. No course may be used to fill more than one competency area for a student. For purposes of graduation, the only courses that will satisfy the Health \& Well-Being category are CHS 100 and (for transfer students with more than 45 hours) CHS 300 .

closely with the ASU academic success specialist to make certain all prerequisites have been met. Upon successful completion of the Echocardiography curriculum at Mayo, the student must have the credits transferred back to ASU for acceptance as a block. At that time, the student may apply for graduation from ASU with the BS in Health Sciences. Students who begin the Mayo track but are not accepted into the Mayo program may choose another track in order to graduate with the BS in Health Sciences.
- For those interested in working with hispanic/latino populations, the Spanish and Health track is ideal. Since the first course in the track, SPA 314 or 316 , has prerequisites (SPA 313 or SPA 315), students should either have taken one of those courses or they should schedule an appointment on the Downtown campus with Dr. Barbara Lafford for placement. Plan ahead to complete your prerequisites.
- All undergraduate students pursuing a BS degree in the College of Health Solutions must complete one course in each of four competency areas: Health \& Well-Being, Health Communication, Health Informatics \& Problem Solving, and Teamwork \& Leadership in Health. No course may be used to fill more than one competency area for a student. For purposes of graduation, the only courses that will satisfy the Health \& Well-Being category are CHS 100 and (for transfer students with more than 45 hours) CHS 300.

- \(\quad\) All undergraduate students pursuing a BS degree in the College of Health Solutions must complete one course in each of four competency areas: Health \& Well-Being, Health Communication, Health Informatics \& Problem Solving, and Teamwork \& Leadership in Health. No course may be used to fill more than one competency area for a student. For purposes of graduation, the only courses that will satisfy the Health \& Well-Being category are CHS 100 and (for transfer students with more than 45 hours) CHS 300.
- If the course chosen to fulfill the Upper Division Exercise and Wellness Elective also meets a college competency, the student will need an additional 3 credit elective to help meet University requirements.

Teamwork \& Leadership in Health
EXW 320: Management and Leadership in Exercise and Wellness

EXW 466: Health Promotion Program Management and Administration

\section*{Health Care Policy and Delivery Electives}

HCD 320: Applied Medical/Health Care Ethics (HU) HCD 330: Health Care Systems in the U.S. HCD 410: Supporting the Health of Older Adults

HCD 412: Health Issues in Later Life

Additional electives

HCR 303: Assessing Needs, Assets and
Capacity for Health Education

HCR 342: Mind-Body and Energy Therapies and Modalities

HSC 441: Applied Health Coaching Techniques

- All undergraduate students pursuing a BS degree in the College of Health Solutions must complete one course in each of four competency areas: Health \& Well-Being, Health Communication, Health Informatics \& Problem Solving, and Teamwork \& Leadership in Health. (For online Speech and Hearing Science majors, EXW 466 fulfills the Teamwork \& Leadership in Health area.) No course may be used to fill more than one competency area for a student. For purposes of graduation, the only courses that will satisfy the Health \& Well-Being category are CHS 100 and (for transfer students with more than 45 hours) CHS 300.

Physics Requirement Set A OR Physics Requirement Set B 4 C
CHM 231: Elementary Organic Chemistry (SQ) AND CHM 235:
Elementary Organic Chemistry Laboratory (SQ) OR CHM 233: General Organic Chemistry I AND CHM 237: General Organic 4 C Chemistry Laboratory I

Literacy and Critical Inquiry (L) 3
Social-Behavioral Sciences (SB) 3
Complete BIO 181, BIO 182 course(s).
Complete First-Year Composition requirement.
Complete Mathematics (MA) requirement.
- Students will complete one of two sets of Physics course work over two terms. Choose either Set A or B below.
- The only students who need the two semester sequence of organic chemistry courses (CHM 233, CHM 237, CHM 234 and CHM 238) are those who plan to apply to a graduate school in a health profession. All that is required for the degree is the one semester CHM 231 and CHM 235.
- If student selects the two semester sequence of organic chemistry, then they will take CHM 234 and 238 in place of elective credits in Term 4.
- Develop your research skills.
\begin{tabular}{|c|c|c|}

\section*{Notes}
- An SAT, ACT, Accuplacer or TOEFL score determines placement into first-year composition courses
- Mathematics Placement Assessment score determines placement in mathematics course
- ASU 101 or College specific equivalent First Year Seminar required of all freshman students
- ASU Language Placement: Only true beginners are eligible for 101-level courses. All other students are required to take a placement exam, regardless of prior credit earned.
1. Minimum 2.50 GPA ASU Cumulative.

- For Focus Area Courses, students must select one of the following focus areas:
- Web Design and Development
- 2D-3D Gaming Animation
- Digital Design, Print and Publishing
- Commercial Photography and Video

All 12 hours of focus area courses must be taken from the same focus area.

- Meet with your academic advisor for final degree check and apply for graduation through your My ASU.
- Students seeking VEE Accreditation, select elective from course list in note below.
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

The object of the degree is to prepare students to sit for exams to gain certification as an actuary. One of the optional certifications that individuals may pursue is completion of the VEE requirements from the Society of Actuaries or the Casualty Actuarial Society. This certification requires additional experience not covered in the maximum credits allowed for the degree. However, students may decide to include these additional courses in their 12 hours of elective credit. ASU courses that meet VEE requirements include:
- ACT 435 - requirement for Mathematical Statistics (Prerequisite(s) with B or better: MAT 342 or 343; STP 420)
- ECN 211 and ECN 212 - sequence requirement for Economics
- FIN 300 - requirement for Accounting and Finance (Prerequisite(s) with C or better: ACC 231, 232 or 261; ECN 212; ECN 221, ECN 231, IEE 380 or STP 280; MAT 211, 266 or 271; Non-Business min. 2.5 GPA and min. 56 hours; Pre- or corequisite: ACC 241, 242 or 271; Credit for only FIN 300, 302 or 303)

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

Students in the B.S. American Indian Studies choose 18 hours in one of two emphasis areas shown in the track groups below. At least 12 hours must be taken at the upper division level.

ASB OR ASM Elective 3
Social-Behavioral Sciences (SB) AND Cultural Diversity in the U.S. (C)
- An SAT, ACT, Accuplacer, IELTS or TOEFL score determines placement into first-year composition courses
- Mathematics Placement Assessment score determines placement in mathematics course. Students who do not test into the MAT 251 course must take the math they do place into in the first term. Do not take MAT 142 as it is not a prerequisite to MAT 251.
- ASU 101 or college-specific equivalent First-Year Seminar required of all freshman students
- Students must take ASB 102 and ASM 104. They will choose between ASB 222 and ASB 223.
- Select your career interest area and play me3@ASU
- Create a first draft resume.

}

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

\section*{Hide Course List(s)/Track Group(s)}

\section*{Notes:}
- Please keep in mind that the applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Transfer agreements that guarantee the completion of university level requirements do not necessarily meet college and major requirements. Please consult with an advisor for more information.

\section*{Notes}
- Minimum grade of "C" in all CHI, SLC and East-Asian Related Fields courses.
- Apply for full-time career opportunities.
- Select 9 hours from the Upper Division Chinese Language, Linguistics, or Literature Courses listed. Students who desire a linguistics emphasis select CHI 482 plus 3 units of language courses. Students who emphasize literature select 9 units of literature courses. All students must take at least 6 of Chinese elective units at the 400 level or above. SLC 400-Level Language courses may not be used to satisfy the SLC 400-Level Required Course Option.

\section*{Notes:}
- Please keep in mind that the applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Transfer agreements that guarantee the completion of university level requirements do not necessarily meet college and major requirements. Please consult with an advisor for more information.

In order to complete the requirements of this program some laboratory courses will be completed in-person at the Tempe Campus.
These laboratory courses will be offered during summer. This may impact your financial aid. Financial aid is available to those who apply and qualify, and students may receive funds to help cover costs for each semester of enrollment. The amount of financial aid that a student is eligible for varies depending on prior education experience and other individual factors. Learn more about summer financial aid and additional ways to cover summer costs.

In order to complete the requirements of this program some laboratory courses will be completed in-person at the Tempe Campus.
These laboratory courses will be offered during summer. This may impact your financial aid. Financial aid is available to those who apply and qualify, and students may receive funds to help cover costs for each semester of enrollment. The amount of financial aid that a student is eligible for varies depending on prior education experience and other individual factors. Learn more about summer financial aid and additional ways to cover summer costs.

\end{tabular}
- Meet with your advisor to verify remaining degree requirements have been met
- Explore or apply for full-time career opportunities or graduate school

Pre-health students should take PHY 112 and 114 this term. See the pre-health website for more information
- Research employment opportunities or graduate school programs

\begin{tabular}{|c|c|c|}
\hline Term 8107-120 Credit Hours Necessary course signified by & Hours & \[
\begin{aligned}
& \text { Minimum } \\
& \text { Grade }
\end{aligned}
\] \\
\hline BIO 414: Research Colloquium in Biology and Society II (L) & 1 & C \\
\hline BIO 484: Internship OR BIO 493: Honors Thesis (L) & 3 & C \\
\hline 5 Upper Division Major Biological Sciences Elective & 3 & C \\
\hline
\end{tabular}

\section*{Notes}
- BIO 414 is only taught in the Spring semester
- Students who complete less than 3 hours of BIO 484 or BIO 485 should plan to complete additional elective hours to reach the minimum 120 total hours required for this degree.

- BIO 484 or BIO 495 requires the completion of an individualized instruction form and meeting with a faculty member before the semester begins. These are positions and research experience secured by the student on their own.
- Continue to apply for full-time career opportunities or graduate school
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

C
Humanities, Arts and Design (HU) 3
Upper Division Elective 4
Elective
2
Complete Cultural Diversity in the U.S. (C) AND Global Awareness
(G) AND Historical Awareness (H) course(s).

Term hours subtotal:
15
- Pre-health students should take PHY 112 and PHY 114 instead of an elective in this term. See pre-health website for more information.
- BIO 312 may be used to satisfy an upper division Science and Society credit for the College of Liberal Arts and Sciences provided it is not being used to satisfy an HU credit for general studies.
- Some upper division Medicine in Society and Biomedical Research Courses require prerequisites, which may be taken as electives.
- Research employment opportunities or graduate school programs

\end{tabular}
- Courses from the Medicine in Society and Biomedical Research groups must include at least one course from each group and at least one lab course.
- Continue to apply for full-time career opportunities or graduate school
- Some upper division Medicine in Society Courses require lower division prerequisites, which may be taken as electives. See list of Suggested Electives provided.

All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found athttps://clas.asu.edu/advising-and-academic-services/science-and-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies HU, SB, SQ or SG requirements.

- Select COM courses in conjunction with academic advisor
- It is recommended that upper-division COM electives be chosen from the two Areas of Emphasis from which required courses are selected in terms 5 and 6.
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

Majors will select two out of five Areas of Emphasis and complete both required courses in each of the two chosen areas. Emphasis areas include Communication and Healthy Relating; Workplace, Organizational, and Leadership Communication; Civility, Advocacy, and Engaging Publics; Communication, Creativity, and Performance; and Communication Across Cultures. The required course sequence for each area is listed at the top of each track list below. In the Communication and Healthy Relating Area of Emphasis, students may complete COM 310 as an upper division elective if not used toward the required courses in the area, but it cannot be counted for both a required course and an elective.

- Complete a minimum of three concentration electives. Concentration areas include U.S. Government, Politics, and Law. Select three courses from one area or select two from one area and a third from a different area.

U.S. Government Concentration Electives

POS 110: American Government and Politics (SB) or POS 310: American National Government (SB)

POS 216: State and Local Government (SB) POS 230: Current Issues in National Politics ( L or SB )

POS 270: American Legal System (SB) POS 313: The Congress (SB) POS 314: The American Presidency (SB) POS 315: The Supreme Court (SB) POS 410: Governing American Cities (SB)

\section*{Notes:}
- Please keep in mind that the applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Transfer agreements that guarantee the completion of university level requirements do not necessarily meet college and major requirements. Please consult with an advisor for more information.
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/advising-and-academic-services/science-and-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

Hide Course List(s)/Track Group(s)

\section*{Notes:}
- Please keep in mind that the applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU. Transfer agreements that guarantee the completion of university level requirements do not necessarily meet college and major requirements. Please consult with an advisor for more information.

Choosing a Social-Behavioral Sciences (SB course that also fulfills Global Awareness (G) is recommended if G requirement has not already been satisfied through other course work.
- Visit Career and Professional Development Services and meet with a career advisor for assistance with career planning and networking.
- If interested in law school, make an appointment with the pre-law advisor
- The sequence of upper division history courses shown here is a suggested one. Except where prerequisites dictate the order, consult an academic advisor to determine the best sequence of courses for your personal plan of study.
- Choosing a Humanities (HU) course that also fulfills Cultural Diversity in the United States is recommended. Research Experience through the School of Historical, Philosophical and Religious Studies.

If planning on law school, prepare to take the LSAT. career experience and contacts. For help exploring internship opportunities related to your major, meet with an academic advisor.
If choosing an internship (HST 484) for History in the Wild, the internship must be standard letter grading.
- Explore graduate school opportunities.

Minimum \\
Grade
\end{tabular}\(\quad\) Notes
- HST 302-307 are variable topics courses. Students may take these courses for credit multiple times, so long as the topics are different. All students are required to take one course from HST 304 and HST 306, plus one course chosen from HST 303, HST 305, or HST 307. Students may select any topic within these course numbers for this requirement. However, for the Comparative History and History in the Wild requirements, students must choose only from the specific topics shown in the Comparative History and History in the Wild lists below. Any topic under HST 302 will count as a Comparative History course. Students must complete 33 total credit hours in history (HST), so any variable topics courses taken for Comparative History and History in the Wild will be in addition to the standard requirement for HST 304, HST 306, and (HST 303, 305, or 307).

Students must complete 12 credits of courses in Related Areas, at least six of which must be upper-division.

At least 12 upper-division hours in the major (HST) must be in courses offered by the College of Liberal Arts and Sciences.

Term hours subtotal: 6

- HST 302-306 are variable topics courses. Students may take these courses for credit multiple times, so long as the topics are different. All students are required to take one course from HST 303, HST 304 and HST 306. Students may select any topic within these course numbers for this requirement. However, for the Comparative History requirement, students must choose only from the specific topics shown in the Comparative History list below. All topics under HST 302 fulfill the Comparative History requirement. Students must complete 33 total credit hours in history (HST), so any variable topics course taken for Comparative History will be in addition to the standard requirement for HST 303, HST 304 and HST 306.

Students must complete 12 credits of Related Area courses, at least six of which must be upper-division.

At least 12 upper-division hours in the major (HST) must be in courses offered by the College of Liberal Arts and Sciences.

- Attend career fairs, workshops and related events offered by Career and Professional Development Services.
- All other degree requirements must be completed prior to student teaching. Only one course will be approved to take concurrently with student teaching in term 8.
- Students must pass the NES Secondary Professional Knowledge Exam to obtain secondary education teacher certification in Arizona. Completing this exam prior to student teaching is highly recommended. Students who wish to be "appropriately certified" for middle grade social studies must also take the Middle Grades Social Science test. See www.aepa.nesinc.com/.

- An SAT, ACT, Accuplacer, IELTS, or TOEFL score determines placement into first-year composition courses
- Mathematics Placement Assessment score determines placement in mathematics course.
- ASU 101 or college-specific equivalent First-Year Seminar required of all freshman students
- Select your career interest area and play me3@ASU

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

- All Justice Studies students must complete 12 upper division (300-499) credit hours in a related area other than JUS courses. Courses may be chosen from a variety of disciplines, as shown below, as well as upper division courses from non-English language disciplines. No more than two courses can be used from a single discipline and at least one course must be chosen from one of the disciplines in the School of Social Transformation (AFR, APA, SST or WST). The related area courses may not be used concurrently in the major. However, in order to facilitate and encourage the student's completion of a minor, approved courses for the related area may be used in the minor.

Natural Science - Quantitative (SQ) 4
Elective 3
4. Complete First-Year Composition requirement.

4 Complete Mathematics (MA) requirement.
Minimum 2.00 GPA ASU Cumulative.

- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

All Justice Studies students must complete 12 upper division (300-499) credit hours in a related area other than JUS courses. Courses may be chosen from a variety of disciplines, as shown below, as well as upper division courses from non-English language disciplines. No more than two courses can be used from a single discipline and at least one course must be chosen from one of the disciplines in the School of Social Transformation (AFR, APA, SST or WST). The related area courses may not be used concurrently in the major. However, in order to facilitate and encourage the student's completion of a minor, approved courses for the related area may be used in the minor.

- Meet with your academic advisor for final degree check and apply for graduation through your myASU.
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/resources/science-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

- Attend career fairs, workshops and related events offered by the Career and Professional Development Center.
- REL 405 is a special topics seminar that serves as the capstone course for this major and is typically offered only in the Spring semester.
- Take advantage of mock interview opportunities and assistance with writing resumes and cover letters.
- Apply for career opportunities.
- Students complete 15 credit hours in the Religion, Culture and Public Life concentration, at least nine of which must be upper-division.

Students complete six credits of Outside Concentration REL courses, at least three of which must be upper-division. The Outside Concentration courses are any REL courses NOT in the Religion, Culture and Public Life concentration list. Due to their broad content, REL 100 and REL 321 may count as either Religion, Culture and Public Life concentration courses, or as Outside Concentration courses, but each course will satisfy only ONE requirement, not both.

Students complete 15 credits of courses in Related Areas, at least nine of which must be upper-division.

At least 12 upper-division hours in the major (REL) must be in courses offered by the College of Liberal Arts and Sciences.

Hide Course List(s)/Track Group(s)

Religion, Culture and Public Life Courses
REL 100: Religions of the World (HU \& G)

Upper Division Elective 3

Term hours subtotal:
- All students pursuing a B.S. or B.S.P. degree in the College of Liberal Arts and Sciences must complete two courses from the Science and Society list found at https://clas.asu.edu/advising-and-academic-services/science-and-society. At least one of the two courses must be upper division. Students must earn a C or better in the courses, and no more than one of the two can also be used to simultaneously fill a requirement of the major, minor or related area. Science and Society courses cannot also be used to fill the general studies \(\mathrm{HU}, \mathrm{SB}, \mathrm{SQ}\) or SG requirements.

- There are different options available for the Online RN to BSN including the Pathway, the Non-Pathway, and the Concurrent Enrollment Program. The pre-requisites for each option vary and the number of courses needed to graduate from ASU with a BSN may vary. Students must see an RN to BSN academic advisor for more information about the pre-requisites and the graduation requirements.
