Academic Catalog Archive

2019-2020

This document provides an archival record of the academic programs offered during the 2019-2020 academic year. It is a printable option of the online catalog for accreditation organizations, agencies and university offices for data collection, evaluation purposes and referencing. The information and links presented in this archive may no longer be accurate. For current catalog information, refer to the online version of the academic catalog.

Corrections or additions to the Academic Catalog Archive 2019-2020 program information and major maps, as of August 2019, may be provided in a future addendum. For inquiries or questions, please contact [academic.catalog@asu.edu](mailto:academic.catalog@asu.edu).

## **About this Document**

To navigate this version of the Academic Catalog 2019-2020 refer to the table of contents and the bookmarks provided. The table of contents provides a hyperlinked listing of resources in the order in which they appear in this document. Keyword searches may be employed as an additional means of locating resources within this document.

This document contains program descriptions and requirements for graduate degrees and certificates, undergraduate degrees, minors and undergraduate certificates. Major maps, included for undergraduate degrees, outline each degree's requirements and a recommended sequence of courses. Additionally, Arizona State University has established special transfer partnership documents with Arizona community colleges to facilitate the transition to ASU. Maricopa to ASU Pathways Program (MAPP) and Transfer Admission Guarantee (TAG) agreements for established undergraduate degrees can be found at the end of this document.

# Our Approach: ASU Mission and Goals

## ASU Charter

ASU is a comprehensive **public research university**, measured not by whom it excludes, but by **whom it includes** and how they **succeed**; advancing **research and discovery** of public value; and assuming **fundamental responsibility** for the economic, social, cultural and overall health of the **communities** it serves.

ASU Charter Video [1] on Youtube.

## Mission & Goals

### Demonstrate leadership in academic excellence and accessibility

Maintain the fundamental principle of accessibility to all students qualified to study at a research university.

Maintain university accessibility to match Arizona's socioeconomic diversity, with undifferentiated outcomes for success.

Improve freshmen persistence to **greater than 90 percent**.

Enhance university graduation rate to **greater than 85 percent** and more than 32,000 graduates.

Enhance quality while reducing the cost of a degree.

Enroll **100,000** online and distance-education degree-seeking students.

Enhance measured student development and individual student learning to national leadership levels.

Engage all learners on all levels.

### Establish ASU as a leading global center for interdisciplinary research, discovery and development by 2025

Become the leading American center for discovery and scholarship in the integrated social sciences, and comprehensive arts and sciences.

Enhance research competitiveness to more than **\$815 million** in annual research expenditures.

Transform regional economic competitiveness through research and discovery, and value-added programs.

Become a leading American center for innovation and entrepreneurship at all levels.

### Enhance our local impact and social embeddedness

Strengthen Arizona's interactive network of teaching, learning and discovery resources to reflect the scope of ASU's comprehensive knowledge enterprise.

Co-develop solutions to the critical social, technical, cultural and environmental issues facing 21st-century Arizona, ensuring sustainability and resilience.

Meet the needs of 21st-century learners through the universal learner initiative by increasing individual success through personalized learning pathways, and promoting adaptability to all accelerated social-technical changes.

## **Establish national standing in academic quality and impact of colleges and schools in every field**

Attain national standing in academic quality for each college and school (top 5 percent).

Attain national standing in the learning value added to our graduates in each college and school.

Become the leading university academically (faculty, discovery, research, creativity) in at least one department or school within each college and school.

## **A New American University**

Arizona State University exemplifies a new prototype for the American public research university.

More than a decade ago, ASU set forth a new and ambitious trajectory to become a comprehensive knowledge enterprise dedicated to the simultaneous pursuit of excellence, broad access to quality education, and meaningful societal impact. From that point forward, and founded on a vision for a new "gold standard", all of its energy, creativity and manpower have been brought to bear on the design of a uniquely adaptive and transdisciplinary university committed to producing master learners.

Learn more [2]

**Eight design aspirations** guide the ongoing evolution of ASU as a New American University. These institutional objectives are integrated in innovative ways throughout the university to achieve excellence, access and impact.

### **Leverage Our Place**

ASU embraces its culture, socioeconomic and physical setting.

### **Enable Student Success**

ASU is committed to the success of each unique student.

### **Transform Society**

ASU catalyzes social change by being connected to social needs.

### **Fuse Intellectual Disciplines**

ASU creates knowledge by transcending academic disciplines

### **Value Entrepreneurship**

ASU uses its knowledge and encourages innovation.

### **Be Socially Embedded**

ASU connects with communities through mutually beneficial partnerships.

### **Conduct Use-Inspired Research**

ASU research has purpose and impact.

### **Engage Globally**

ASU engages with people and issues locally, nationally and internationally.

# Diversity

## Diversity Philosophy

Arizona State University is deeply committed to positioning itself as one of the great new universities by seeking to build excellence, enhance access and have an impact on our community, state, nation and the world.

To do that requires our faculty and staff to reflect the intellectual, ethnic and cultural diversity of our nation and world so that our students learn from the broadest perspectives, and we engage in the advancement of knowledge with the most inclusive understanding possible of the issues we are addressing through our scholarly activities.

As one part of this commitment, we have developed a strategic plan for diversity at ASU. Developed in consultation with a wide variety of constituencies within the university and the deans, this plan, called “Building blocks for success through people, programming and policies,” contains a statement that serves as an ongoing touchstone of our commitment, and several specific initiatives that will change and evolve over time, depending on the challenges and opportunities we have before us.

Diversity is defined in terms of representation and inclusion. Representation reflects the extent to which our students, staff, faculty and administrators proportionately reflect the regional and national populations served by our public institution. Inclusion encompasses empowerment and voice among all members of the university community in the areas of scholarship, teaching, learning and governance.

We recognize that race and gender historically have been markers of diversity in institutions of higher education; we further believe that diversity includes additional categories such as socioeconomic background, religion, sexual orientation, gender identity, age, disability, veteran status, nationality and intellectual perspective.

**Source URL:** <https://inclusion.asu.edu/diversity>

## Diversity Initiatives at ASU

Graduate College Diversity Resources [1] includes scholarships, career development, mentoring and other support for graduate students and undergraduates on the path to graduate school.

Southwest Borderlands Initiative [2] (SWBI) strengthens existing Arizona State University scholarly and instructional resources on the Southwest with emphasis on the region along the United States-Mexico border and enhances institutional recruitment and retention efforts toward building a faculty fully reflective of the Southwest Borderlands' diversity.

Center for the Study of Race and Democracy [3] (CSRDR) is a leading interdisciplinary, problem-solving venture committed to socially embedded scholarship, increasing awareness and informed dialogue involving the topics of race and democracy.

# Academic Accreditation

## University Program Review and Accreditation Office

### Academic program are fully accredited

All Arizona State University academic programs are fully accredited by the Higher Learning Commission. The institution has been continuously accredited by the Higher Learning Commission since 1931.

This accreditation is reviewed for reaffirmation every ten years, with the next review in 2022-23. The official letter from the Higher Learning Commission communicating the status of ASU's accreditation is available for public viewing: Higher Learning Commission Letter [1].

A number of programs also have specialized accreditations [2] by professional and national accrediting agencies.

### Purpose of accreditation

Accreditation serves as public recognition that an institution has met accepted standards of quality and demonstrates an ongoing commitment to self-study and external peer review. Maintaining accreditation affirms that quality standards are being met and that the excellence of an ASU education is continually enhanced.

ASU is on the HLC Open Pathway [3], a process that includes a number of components over a ten-year cycle. ASU will prepare an evidence-based assurance argument that is the basis for reaffirmation of accreditation in the tenth year of the cycle, 2022-23. You can view the ten-year cycle here [4]. The components of the comprehensive evaluation in the Open Pathway include:

1. Regular monitoring and compliance
2. Assurance review [5] (Year 4, 2016-17)  
ASU Assurance Review has been approved [6] without concern by the HLC
3. Quality initiative project [7] (Years 5-9, 2018-2022)
4. Comprehensive evaluation [8] (Year 10, 2023)

The reaffirmation process will culminate in a site visit (2022-23) by a team of HLC peer reviewers made up of faculty and staff from other universities with similar missions.

### Criteria for accreditation

Institutions are accredited based on demonstration that they meet the criteria for accreditation [9] and the assumed practices [10].

#### *Criterion 1: Mission*

The institution's mission is clear and articulated publicly; it guides the institution's operations.

#### *Criterion 2: Integrity, ethical and responsible conduct*

The institution acts with integrity; its conduct is ethical and responsible.

#### *Criterion 3: Teaching and learning: quality, resources and support*

The institution provides high quality education, wherever and however its offerings are delivered.

#### *Criterion 4: Teaching and learning: evaluation and improvement*

The institution demonstrates responsibility for the quality of its educational programs, learning environments, and support services, and it evaluates their effectiveness for student learning through processes designed to promote continuous improvement.

## **Criterion 5: Resources, planning and institutional effectiveness**

The institution's resources, structures, and processes are sufficient to fulfill its mission, improve the quality of its educational offerings, and respond to future challenges and opportunities. The institution plans for the future.

## **Functions of the University Program Review and Accreditation Office**

### **Liaison to the Higher Learning Commission (HLC)**

The UPRA monitors institutional compliance with HLC requirements and coordinates the institutional evaluation for continuing accreditation by the HLC every ten years. The UPRA also facilitates HLC approval of program and/or institutional changes where required. As a program prepares for accreditation, it is encouraged to visit the Higher Learning Commission website [1] to find information about HLC standards and procedures for accreditation.

### **Professional accreditation oversight**

The UPRA works closely with academic units and programs that seek new accreditation or seek re-accreditation. This oversight includes:

1. Coordination of site visitors schedule and university administrators. All programs are asked to coordinate the site visitors schedules/itinerary with the UPRA – this to insure that appropriate university administrators will be available at the time of the site visit.
2. Review of self-study draft. The UPRA will conduct a review of the self-study draft to assure a self-study that meets the accreditation criteria and guidelines and addresses any problems from previous accreditation and other issues that may be present. A written report will be returned to the program with recommendations and edits.
3. Briefing paper. The UPRA will review the briefing paper draft (prepared by the program) and submit recommendations and edits before the final paper is distributed to university administrators and other appropriate officials. The briefing paper is an in-house confidential resource and not shared with the site visitors.
4. The site visit report and response to the report. The UPRA will review the site visit report and the program's draft response, looking for accuracy, completeness, and tone. Based on this review, written recommendations for the program response will be made.
5. Accreditation Status Letter. The original letter is held in the UPRA as part of the accreditation permanent records. The UPRA will send copies of this letter to the program and supervising administrator. The UPRA will enter the date of the next accreditation review into the university calendar, which is maintained, by this office.

**Note: Repository for all accreditation documents.**

All programs are asked to provide copies of all accreditation records, reports and other documentation to the UPRA, as they become available. Records will be held in the UPRA until sent to University Archives.

## **Academic program review oversight**

The Arizona Board of Regents (2-208) requires Academic Program Reviews [2] at least once every seven years. Periodic program reviews provide a mechanism for faculty to evaluate the effectiveness, progress and status of their academic programs on a continuous basis.

At Arizona State University, the Executive Director for Accreditation and Program Review serves as the University Program Review/Accreditation Officer and is responsible for oversight of program reviews. The Office of the University Provost coordinates the Academic Program Review process, which covers all program inventory of an academic unit including undergraduate and graduate programs as well as other curricular offerings such as certificates.

## **Centers and institutes oversight**

Arizona State University is home to various centers and institutes that blend the passions of exceptional teachers and scholars across disciplines. University Program Review/Accreditation Office provides oversight for these centers and institutes. For a complete list, please visit Centers and Institutes [3].

For questions or updates to the centers and institutes, please contact [centers-institutes@asu.edu](mailto:centers-institutes@asu.edu) [4].

[4] <mailto:centers-institutes@asu.edu>

October 3, 2013

President Michael M. Crow  
Arizona State University  
PO Box 2203  
Tempe, AZ 85287-2203

Dear President Crow:

This letter is formal notification of the action taken concerning Arizona State University by the Higher Learning Commission. At its meeting on September 24, 2013, the Institutional Actions Council (IAC) acted on the items below. This letter serves as the official record of this action, and the date of this action constitutes the effective date of your new status with the Commission.

**Action.** IAC continued the accreditation of Arizona State University with the next Reaffirmation of Accreditation in 2022-23.

If the current Commission action includes changes to your institution's *Statement of Affiliation Status (SAS)* or *Organizational Profile (OP)*, the changes will appear in these documents within three weeks of the date of action. The *SAS* is a summary of your institution's ongoing relationship with the Commission. The *OP* is generated from data you provided in your most recent Institutional Update.

The Commission posts the SAS, OP and this action letter with the institution's directory listing on its website. Information for institutions on notifying the public of this action is available at <http://ncahlc.org/Information-for-Institutions/institutional-reporting-of-actions.html>.

If you have questions about these documents after viewing them, please contact Susan Devine. On behalf of the Board of Trustees, I thank you and your associates for your cooperation.

Sincerely,

Sylvia Manning  
President

## Programs with Specialized Accreditation

Arizona State University programs with specialized accreditation are listed by college or school.

### College of Health Solutions

#### Accredited programs

Nutrition (didactic program in dietetics)  
Nutrition (dietetic Internship)

#### Accrediting agencies

Accreditation Council for Education in Nutrition and Dietetics (ACEND)

Last Accreditation: 2011-12  
Next Accreditation: 2017-18 (in process)

MS, Communication Disorders  
AuD, Audiology

American Speech-Language-Hearing Association (ASHA)

Last Accreditation: 2011-12  
Next Accreditation 2018-19

### College of Integrative Sciences and Arts

#### Accredited programs

PhD in Counseling Psychology

#### Accrediting agencies

American Psychology Association (APA)

Last Accreditation: 2013-14  
Next Accreditation: 2019-20

### The College of Liberal Arts and Sciences

#### *Department of Psychology*

#### Accredited programs

PhD, Psychology (with concentration in Clinical Psychology)

#### Accrediting agencies

American Psychology Association (APA)

Last Accreditation: 2015-16  
Next Accreditation: 2020-21

#### *School of Geographical Sciences and Urban Planning*

#### Accredited programs

MUEP, Urban and Environmental Planning

#### Accrediting agencies

Planning Accreditation Board (PAB)

Last Accreditation: 2017-18  
Next Accreditation: 2022-23

## Edson College of Nursing and Health Innovation

### Accredited programs

### Accrediting agencies

PhD, BSN, MS, Nursing;  
Master of Healthcare Innovation

Arizona State Board of Nursing/Commission of Collegiate  
Nursing Education (CCNE)

Next Accreditation: 2022-23

BAS, Medical Laboratory Science

National Accrediting Agency for Clinical Laboratory  
Sciences (NAACLS)

Last Accreditation: 2012-13  
Next Accreditation: 2017-18 (in process)

## Watts College of Public Service and Community Solutions

### *School of Community Resources and Development*

### Accredited programs

### Accrediting agencies

BS, Parks and Recreation Management

Council on Accreditation for, Parks, Recreation, Tourism  
and Related Professions (COAPRT)

Last Accreditation: 2013-14  
Next Accreditation: 2020-21

### *School of Public Affairs*

### Accredited programs

### Accrediting agencies

MPA, Public Administration

National Association of Schools of Public Affairs and  
Administration (NASPAA)

Last Accreditation: 2017-18  
Next Accreditation: 2023-24

### *School of Social Work*

### Accredited programs

### Accrediting agencies

BSW, MSW Social Work

Council of Social Work Education (CSWE)

Last Accreditation: 2015-16  
Next Accreditation: 2023-24

## Herberger Institute for Design and the Arts

### *The Design School*

#### Accredited programs

BSD, Interior Design

BSD, Graphic Design, Industrial Design  
MSD, Design (with concentrations in Industrial Design,  
Interior Design and Visual Communication)  
PhD Environmental Design and Planning

#### Accrediting agencies

Council for Interior Design Accreditation (CIDA)

Last Accreditation: 2014-15  
Next Accreditation: 2020-21

National Association of Schools of Art and Design  
(NASAD)

Last Accreditation: 2012-13  
Next Accreditation: 2017-18 (in process)

### *School of Architecture and Landscape Architecture*

#### Accredited programs

MLA, BSLA, Landscape Architecture

MArch, Architecture

#### Accrediting agencies

Landscape Architectural Accreditation Board (LAAB)

Last Accreditation: 2014-15  
Next Accreditation:

National Architectural Accrediting Board (NAAB)

Last Accreditation: 2011-12  
Next Accreditation: 2017-18 (in process)

### *School of Music*

#### Accredited programs

BMus in: Collaborative Piano; Composition; Jazz  
Performance; Music Education; Music Therapy; Musical  
Theatre; Performance; and Theory  
MA in: Ethnomusicology; Music History and Literature  
MM in: Collaborative Piano; Composition; Conducting;  
Music Education; Musical Theatre; Performance;  
Performance Pedagogy; Music Therapy  
DMA in: Composition; Conducting; Performance  
PhD in Music Education  
DMA in Music (Interdisciplinary Digital Media)

#### Accrediting agencies

National Association of Schools of Music (NASM)

Last Accreditation: 2015-16  
Next Accreditation: 2024-25

## Locations of Record

For the 2019-2020 academic year, Arizona State University offered degree-granting programs at the following locations.

### **Downtown Phoenix Campus**

Phoenix, AZ 85004

### **ASU@Pinal**

Casa Grande, AZ 85122

### **Polytechnic Campus**

Mesa, AZ 85212

### **ASU@The Gila Valley**

Thatcher, AZ 85552

### **Tempe Campus**

Tempe, AZ 85287

### **ASU@Yavapai**

Prescott Valley, AZ 86314

### **West Campus**

Glendale, AZ 85306

### **ASU@Yuma**

Yuma, AZ 85365

### **ASU@Cochise**

Sierra Vista, AZ 85635

### **ASU Online**

An online campus

### **ASU@Lake Havasu**

Lake Havasu, AZ 86403

### **Tucson**

Tucson, AZ 85745

### **ASU@Pima**

Tucson, AZ 85745

### **ASU@Washington, D.C.**

Washington, D.C. 20006

# Academic Calendar

ASU regularly offers classes in the fall, spring and summer terms with the following components:

**Fall/Spring Session A:** first 7.5-week session

**Fall/Spring Session B:** second 7.5-week session

**Fall/Spring Session C:** full semester (15 weeks plus final exams)

**Summer Session A:** first 6-week session

**Summer Session B:** second 6-week session

**Summer Session C:** 8-week session

If a class is scheduled in a session other than Session A, B or C, the drop/add/withdrawal deadlines are prorated based on the length of the class. Check the calendar icon  next to each class on your schedule in My ASU [1] for the prorated deadline dates.

## Fall 2019

**Session A:** Thursday, 8/22/2019 – Friday, 10/11/2019

**Session B:** Wednesday, 10/16/2019 – Friday, 12/6/2019

**Session C:** Thursday, 8/22/2019 – Friday, 12/6/2019 (Final exams 12/9/2019 – 12/14/2019)

Schedule of Classes Available [2]	February 18, 2019		
Registration and Tuition Guide Available [12]	February 18, 2019		
Registration Dates Begin [3]	February 21, 2019		
\$50.00 Late Registration Fee Begins [4] (does not apply to ASU Online students)	Session A August 14, 2019	Session B October 8, 2019	Session C August 14, 2019

# Residency

## Residency for Tuition Purposes

In Arizona, tuition at publicly supported universities is lower for residents than non-residents. Residency classification is determined

for all students in accordance with guidelines provided by the Arizona Board of Regents' (ABOR) [1], which reflect current

Arizona revised statutes [2]. Refer to Non-Resident Tuition Rate for Arizona High School Graduates [3] for additional information.

### *Residency navigator*

We've designed this tool to help you determine which residency classification category may apply to you. Using the residency navigator will not have any influence on the outcome of your residency petition. It is not intended to predict whether your petition will be approved or denied.

[Archivist's Note: In-page Residency Navigator tool unable to be captured.]

### *Residency petition*

You may fit into multiple categories. Determine which is the most appropriate for your situation.

#### **Independent student**

##### **Eligibility**

You're considered an independent student if:

- you've lived continuously in Arizona for at least 12 months
- can demonstrate intent to be an Arizona resident (which includes financial independence) and
- can show you're not primarily in Arizona to be a student

Read more about the specific requirements [4].

##### **Petition and required docs**

Independent student petition:

1. Review the residency requirements [4] and required documentation [5].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [8], including your fee receipt.

##### **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

#### **Dependent student**

##### **Eligibility**

This 12-month exception applies to a dependent student if:

- you and your parent (or legal guardian) have established domicile in Arizona
- your parent is entitled to claim you as a dependent child for state and federal tax purposes

Read more about the specific requirements [4].

### **Petition and required docs**

Dependent student petition:

1. Review the residency requirements [4] and required documentation [10].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [10], including your fee receipt.

### **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Spouse**

### **Eligibility**

You're considered a spouse if you are legally married. You would also need to show that:

- your spouse is financially independent
- your spouse has lived in Arizona for 12 consecutive months
- your spouse is eligible to claim you as an exemption for tax purposes
- you are domiciled in Arizona

Read more about the specific requirements [4].

### **Petition and required docs**

Spouse petition:

1. Review the residency requirements [4] and required documentation [11].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [11], including your fee receipt.

### **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Transferred employee**

### **Eligibility**

This 12-month exception applies to individuals (and spouses) who:

- were transferred to Arizona for employment purposes within the last 12 months
- can document that their employer paid their relocation expenses
- are not self-employed or employed in a family-owned business not previously operating in Arizona

Read more about the specific requirements [4].

### **Petition and required docs**

Transferred employee petition:

1. Review the residency requirements [4] and required documentation [12].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [12], including your fee receipt.

## **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Military**

### **Eligibility**

U.S. military members (and their spouses or dependents) qualify for residency if:

- the U.S. military member is currently stationed in Arizona
- the U.S. military member's state of legal residence is Arizona (and has been for at least 12 months)

Dependents of U.S. military members can also qualify for residency if:

- the student has demonstrated objective evidence of intent to be an Arizona resident and is using transferred Post-9/11 G.I. Bill (Chapter 33) benefits during a time in which the member of the U.S. uniformed services is serving on active duty (90 days or more)

Read more about the specific requirements [4].

### **Petition and required docs**

Military petition:

1. Review the residency requirements [4] and required documentation [13].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [13].

## **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Veteran**

### **Eligibility**

Veterans qualify for residency if:

- the veteran was discharged with a character of service of "honorable" and provides proof of intent to be an Arizona resident
- the veteran enrolled at a university under the Arizona Board of Regents within three years of their last active duty service of 90 days or more, is eligible for Chapter 30 or 33 benefits, and provides proof of intent to be an Arizona resident

Dependents of veterans qualify if:

- the dependent is enrolled at a university under the Arizona Board of Regents within three years of the veteran's last active duty service of 90 days or more, is eligible for Chapter 33 benefits, and provides proof of intent to be an Arizona resident
- the dependent is receiving benefits certified under the Marine Gunnery Sergeant John David Fry Scholarship and provides proof of intent to be an Arizona resident

Read more about the specific requirements [4].

### **Petition and required docs**

Veterans petition:

1. Review the residency requirements [4] and required documentation [14].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [14].

### **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Native American**

### **Eligibility**

You qualify for this exception if you are an enrolled member of an Indian tribe whose reservation land lies wholly or partially in Arizona.

Read more about the specific requirements [4].

### **Petition and required docs**

Native American petition:

1. Review the residency requirements [4] and required documentation [15].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [15].

### **Deadlines**

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## **Teacher**

### **Eligibility**

The teacher waiver allows you to pay resident tuition on courses required for teacher certification in Arizona if you are currently employed as a full-time teacher or classroom aide in an Arizona public school district, an approved Arizona charter school or an approved Arizona private school.

Teacher waivers are effective only for the semester for which they are submitted. A new teacher waiver petition must be submitted for subsequent semesters.

Read more about the specific requirements [4].

## Petition and required docs

Teacher petition:

1. Review the residency requirements [4] and required documentation [16].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [16].

## Deadlines

Submit your petition prior to the semester deadline [7].

- You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.
- Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## AmeriCorps/VISTA

### Eligibility

This exception applies to students that have served one year in Arizona in either an AmeriCorps or Volunteers in Service to America (VISTA) program.

Read more about the specific requirements [4].

## Petition and required docs

AmeriCorps/VISTA petition:

1. Review the residency requirements [4] and required documentation [17].
2. Submit your online petition [6] prior to the deadline [7].
3. Submit your required documentation [17].

## Deadlines

Submit your petition prior to the semester deadline [7].

You will not be able to access the online petition after the semester deadline, i.e. don't miss the deadline.

Your residency classification can affect tuition, fees and financial aid – use the Academic Calendar [9] to find additional deadlines.

## *Requesting residency reclassification*

Now that you have determined your student type, here's what to do next.

1. Review the residency requirements and guidelines [4]
2. Gather required documents and submit your petition
3. Submit your required documents

## Common residency questions

Still have unanswered questions? Take a look through our frequently asked questions below to see if your question is listed there. If not, we're happy to help [18].

I INDICATED THAT I WAS AN ARIZONA RESIDENT ON MY ADMISSIONS APPLICATION, YET I AM CLASSIFIED AS A NON-RESIDENT AND WAS CHARGED THE NON-RESIDENT APPLICATION FEE? HOW CAN I FIX THIS?

Your residency classification is determined by a review of all of the information provided on your admissions application in accordance with guidelines provided by the Arizona Board of Regents. Your status as a non-resident is a result of one or more factors used to determine this classification. Please review the Residency Classification [19] webpage and contact a residency specialist [20] if you have any questions.

I AM CURRENTLY ATTENDING A COMMUNITY COLLEGE IN ARIZONA AS A RESIDENT; DOES THAT MAKE ME A RESIDENT AT ASU?

Not necessarily. Residency for tuition purposes for the three state universities is determined according to guidelines established by the Arizona Board of Regents (ABOR). The community colleges are not governed by ABOR and your classification as a resident at the community college may or may not be in compliance with current ABOR policies.

I AM A CONTINUING STUDENT; WILL MY RESIDENCY AUTOMATICALLY CHANGE AFTER ONE YEAR?

No. Your status will remain non-resident and any student wanting to be re-classified must initiate the process by contacting the residency office and submitting a petition by the appropriate deadline. Simply being a student at ASU for one year is not sufficient for residency purposes per ABOR policy, which reads, "No individual has established residency for tuition purposes in Arizona while attending any education institution in Arizona as a full-time student in the absence of objective evidence to the contrary."

I WAS BORN AND RAISED IN ARIZONA THEN LEFT FOR A SHORT PERIOD OF TIME BEFORE RETURNING, CAN I STILL BE CLASSIFIED AS AN ARIZONA RESIDENT FOR TUITION PURPOSES?

Leaving Arizona will not result in a loss of Arizona residency unless your absence is accompanied by actions that indicate intent to establish a new domicile elsewhere. Former residents of Arizona who established domicile elsewhere would be classified as non-residents upon return and would not be eligible for residency until current ABOR policies are met. Residency classification is re-visited after any break in enrollment or absence from the university.

MY PARENT IS AN ASU ALUMNUS; DOES IT HAVE ANY EFFECT ON MY RESIDENCY CLASSIFICATION?

No. Your residency classification is evaluated against current ABOR policy and your parent's status as an alumnus is not a consideration.

## Residency Requirements

### Student/Petition types

Any student who has been classified as a non-resident may apply for reclassification. Review the specific requirements below and choose the petition that applies best to your situation. Then read the residency guidelines below.

#### *Independent student*

You're considered an independent student if:

- you've lived continuously in Arizona for at least 12 months
- can demonstrate intent to be an Arizona resident (which includes financial independence) and
- can show you're not primarily in Arizona to be a student

All of the evidence is weighed under the presumption that a nonresident student's presence in Arizona is primarily for the purpose of education and not to establish domicile, and that decisions of an individual as to the intent to establish domicile are generally made after the completion of an education and not before.

- Evidence indicating intent must exist at the beginning of and be maintained throughout the 12 month period of continuous presence needed to establish residency classification. Acts or events occurring less than 12 months before the last day of registration may be considered as evidence of the lack of such intent.
- A statement of intent by the student should be weighed in light of the fact that the student knows that he or she will realize a substantial reduction in tuition by being classified as a resident for tuition purposes.
- Each item presented for determination shall be subject to the classification officer's or review committee's decision as to the weight to be given to it, and such officer or committee shall be the sole judge of the authenticity or truthfulness of any material or statements submitted as supportive evidence. The classification officer may require original or certified copies of documentation.
- If a minor applies for classification as a resident and alleges that he or she is an emancipated individual, that individual must also establish that:
  - He or she is not living with a parent; and
  - There has been a complete severance of the parental relationship to all legal rights and liabilities, including but not limited to care, custody, control, and service.

Unless the contrary appears to the satisfaction of the classification officer or review committee making a classification determination, it shall be presumed that:

- No individual has established residency for tuition purposes in Arizona while attending any education institution in Arizona as a full-time student in the absence of objective evidence to the contrary.

- If an individual is absent from Arizona for more than 30 days they must provide objective evidence that they retained their Arizona domicile.

### *Dependent student*

This 12-month exception applies to a dependent student if:

- you and your parent (or legal guardian) have established domicile in Arizona
- your parent is entitled to claim you as a dependent child for state and federal tax purposes

### *Spouse*

You're considered a spouse if you are legally married. You would also need to show that:

- your spouse is financially independent
- your spouse has lived in Arizona for 12 consecutive months
- your spouse is eligible to claim you as an exemption for tax purposes
- you are domiciled in Arizona

### *Transferred employee*

This 12-month exception applies to individuals (and spouses) who:

- were transferred to Arizona for employment purposes within the last 12 months
- can document that their employer paid their relocation expenses
- are not self-employed or employed in a family-owned business not previously operating in Arizona

### *Military*

U.S. military members (and their spouses or dependents) qualify for residency if:

- the U.S. military member is currently stationed in Arizona
- the U.S. military member's state of legal residence is Arizona (and has been for at least 12 months)

Dependents of U.S. military members can also qualify for residency if:

- the student has demonstrated objective evidence of intent to be an Arizona resident and is using transferred Post-9/11 G.I. Bill (Chapter 33) benefits during a time in which the member of the U.S. uniformed services is serving on active duty (90 days or more)

### *Veteran*

Veterans qualify for residency if:

- the veteran was discharged with a character of service of "honorable" and provides proof of intent to be an Arizona resident
- the veteran enrolled at a university under the Arizona Board of Regents within three years of their last active duty service of 90 days or more, is eligible for Chapter 30 or 33 benefits, and provides proof of intent to be an Arizona resident

Dependents of veterans qualify if:

- the dependent is enrolled at a university under the Arizona Board of Regents within three years of the veteran's last active duty service of 90 days or more, is eligible for Chapter 33 benefits, and provides proof of intent to be an Arizona resident

- the dependent is receiving benefits certified under the Marine Gunnery Sergeant John David Fry Scholarship and provides proof of intent to be an Arizona resident

### *Native American*

You qualify for this exception if you are an enrolled member of an Indian tribe whose reservation land lies wholly or partially in Arizona. Eligible tribes:

- Ak Chin Indian Community of Maricopa
- Cocopah Tribe of Arizona
- Colorado River Indian Tribes of the Colorado River
- Indian Reservation
- Fort McDowell Yavapai Nation
- Fort Mojave Indian Tribe
- Gila River Indian Community
- Havasupai Tribe
- Hopi Tribe
- Hualapai Indian Tribe
- Kaibab Band of Paiute Indians
- Navajo Nation
- Pascua Yaqui Tribe
- Quechan Tribe
- Salt River Pima-Maricopa Indian Community
- San Carlos Apache Tribe
- San Juan Southern Paiute Tribe
- Tohono O'odham Nation
- Tonto Apache Tribe
- White Mountain Apache Tribe
- Yavapai-Apache Nation
- Yavapai-Prescott Tribe

### *Americorp/Vista*

This exception applies to students that have served one year in Arizona in either an AmeriCorps or Volunteers in Service to America (VISTA) program.

You will need to provide a letter on letterhead from the sponsoring organization that confirms your dates of participation.

### *Teacher*

The teacher waiver requires you to be domiciled in Arizona and under contract to either teach on a full-time basis or work as a full-time classroom aide in an Arizona public school district, an approved Arizona charter school or an approved Arizona private school. Approved students will be classified as non-residents but will pay resident tuition on courses required for teacher certification in Arizona.

Teacher waivers are based on enrollment and are effective only for the semester in which they are submitted. A new teacher waiver petition must be submitted for subsequent semesters.

## Residency guidelines

Your residency classification is initially determined via the admissions application according to residency guidelines provided by the Arizona Board of Regents [1]. As a non-resident, you may request reclassification if you think you should be a resident for tuition purposes. If you choose to do so, you would be responsible for providing objective evidence for all factors necessary to provide a basis for this change.

The online residency petition [2] is only available to current, active, non-resident students. New or future students do not become current or active until they are admitted to the University and enrollment begins for the student's semester of admission (see the ASU Academic Calendar [3] for enrollment dates).

## Requesting residency reclassification

The process for requesting reclassification (submitting a petition) requires you to:

1. Understand ABOR requirements (see above) and ask questions, if needed.
2. Submit an online petition [4] prior to the semester deadline [5].
3. Gather and submit your required documentation [6].

A residency petition includes the reclassification application and the required documentation. The application and required documentation must be submitted to complete the residency petition and to initiate the review of the student's residency reclassification request.

## Documentation

You must submit all required documentation to complete your petition. Delaying the submission of your documents will either delay the review of your petition or cause your petition to be withdrawn. Supporting your request with adequate documentation is your responsibility and petitions without sufficient supporting documents will be denied or withdrawn. Use the document checklist [6] for your petition to organize and track what you are providing in support of your petition (the checklist is not the petition). If there is something you do not have or cannot provide, please provide a short explanation.

Misrepresentation or falsification of any information may be costly. Students who have omitted, falsified, or misrepresented any information in effort to obtain resident status will be referred to Student Rights and Responsibilities [7] for disciplinary action, which may include dismissal from the university or forfeiting your right to request reclassification for current and future terms.

## Petition fee

There is a \$50 non-refundable petition fee for Independent, Dependent, Spouse and Transferred Employee petitions. Your receipt confirming payment of this fee must be provided with your supporting documentation. There are no fees associated with the following petition types: Military, Veteran, Native American, AmeriCorps/VISTA and Teacher Waiver. Petition fees can be paid at the Student Account and Cashiering Services [8]. The Residency Classification Office cannot accept or process fee payments.

## Processing time

Processing times vary and are largely dependent on when your petition was completed (including the online petition and all required supporting documentation). Decisions are generally made within 4-6 weeks, but may take significantly longer if your petition is completed after July 15 (for fall) and December 1 (for spring). If you need a decision prior to the first day of classes, you should submit everything (petition and all required documents) no later than the priority deadline [5].

## Checking your petition status

The status of your request will be one of the following and can be viewed from the residency reclassification application portal [4]:

- **Submitted:** Your online petition has been submitted and received by the Residency Classification Office.
- **In Queue:** Supporting documentation has been received, but has not yet been reviewed by a Residency Classification Specialist.
- **Pending:** New supporting documentation has been received, but has not yet been reviewed by a Residency Classification Specialist.
- **In Review:** Your petition is under review and no further action is required from you at this time. A decision or contact from the Residency Classification Office should occur within 10 days.
- **Documents Needed:** Your petition is under review, but you have not yet submitted all of the required supporting documentation. An email was sent to your ASU email with additional information.
- **Contact Residency:** Your petition is under review, but we need to speak with you. Please contact the Residency Classification Office at 480-965-7712. An email was sent to your ASU email with more information.
- **Withdrawal Warning:** Your petition is in danger of being withdrawn because you have not provided the required supporting documentation. If supporting documentation is not received within the next seven days your petition will be withdrawn. An email was sent to your ASU email with more information.
- **Withdrawn:** Your petition has been withdrawn from consideration and will not be evaluated. An email was sent to your ASU email with more information.
- **Approved:** Your petition was approved and your status has been changed to resident. A formal notification was sent to your ASU email.
- **Denied:** Your petition was denied. A formal notification was sent to your ASU email with a summary of why your request was denied.

## Petition outcome

Your petition and supporting documents will be evaluated by a Residency Classification Specialist. Decisions are based on the quality of your documentation and the extent to which you have met your burden of proof. There are no exceptions granted due to unusual circumstances or financial hardship. ABOR policy defines the circumstances under which a student can be classified as a resident for tuition purposes and the Residency Classification Office and university does not have the authority to make exceptions.

If your residency petition is denied and you believe this decision is erroneous, you can request an appeal [9]. The deadline to appeal your denial will be indicated on your denial notification. Your appeal should be requested as soon as possible; appeal requests made after the posted deadline will not be processed.

## Tuition and fees

Your tuition and fees are dependent on your residency classification. You are responsible for paying your tuition and fees; balances not paid in full by the published deadline [3] will be subject to late fees and a payment plan fee per university policy prior. Requesting reclassification does not waive this responsibility. Overpayments will be refunded to you if your petition is approved; late fees and payment plan fees (if applied) are non-refundable.

## Financial aid

Financial aid is calculated based partly on cost of attendance. Changes to your residency classification may cause your financial aid to be recalculated and adjusted accordingly. In some cases, your aid may be reduced or cancelled and you may be required to return funds that have already been disbursed to you. If you have questions, contact Financial Aid and Scholarship Services [10].

## Citizenship and lawful immigration status

State law requires all students who are classified as residents for tuition purposes to provide verification of citizenship, permanent residency, or other lawful immigration status. Students that cannot meet this requirement cannot be classified as residents for tuition purposes. Visit Citizenship/Status Verification [11] for more information. If required from you, you will see a priority task on your My ASU [12] page with additional instructions.

## Visa types and residency for international students

Per ABOR 4-102, non-U.S. citizens who are in Arizona on temporary, non-immigrant visas cannot be classified as residents for tuition purposes. If applicable, see Visa Types and Residency Eligibility [13] for a list of eligible visa types. If you have an eligible visa, you must also meet qualify for in-state status per current ABOR policies. If you change to a non-eligible visa type, your classification will be automatically changed to non-resident.

# Residency Forms

## Residency petition

Use the residency navigator [1] to help determine which petition type is most applicable to your situation.

If you're still not sure, contact the residency office [2] for help.

You can access the petition from here [1]. Your petition is completed online and should be submitted prior to submitting any documents or paying your fee (if applicable). A "complete" petition requires A) your online petition and, B) all of your supporting documents.

## Petition documents and fees

Your required documents are dependent on which petition type you selected. Use the document checklist (below) to organize and track the documents you are submitting. But, don't confuse the checklist with your petition — they go together, but are not the same thing and serve different purposes. If you don't submit appropriate documentation, your petition will be denied or withdrawn.

Documents can be submitted in-person at any University Registrar Services location [3] or electronically as email attachments to [residencydocs@asu.edu](mailto:residencydocs@asu.edu) [4].

### *\$50 fee required*

- Independent Student [5]
- Dependent Student [6]
- Spouse of an Arizona Resident [7]
- Transferred Employee [8]

### *No fee*

- Military Exception Checklist [9]
- Veteran Exception Checklist [10]
- Native American Exception Checklist [11]
- Teacher Waiver Checklist [12]
- AmeriCorps/VISTA Exception Checklist [13]

Petition fees can be paid at the Student Account and Cashiering Services [14]. A copy of your receipt must be given to the residency office to confirm payment. The Residency Classification Office cannot accept or process fee payments.

## Things to know

- Petitions are processed in the order they are received. Submit your petition and supporting documents as early as possible.
- When you submit a petition, a priority task will appear in My ASU [15] to remind you to support your petition with appropriate documentation. Once we have what we need, this task will be removed.
- The university considers all information relevant to your request. We will verify the authenticity of all documents provided and may seek additional information. If you can't provide something, please explain what is missing and why.
- Documents must be legible. Originals are not required.
- Submitting documents electronically carries some risk and students are advised to redact sensitive information prior to submission.

- Please do not use three-ring binders or have your documents spiral bound.
- Additional documents may be requested by the Residency Classification Office.
- The burden of proof belongs to the student. It is your responsibility to support your petition with appropriate documentation.
- Applications and accompanying documentation will be retained by Arizona State University in accordance with university-approved requirements. All information will be kept confidential as required by law and university policy.

# Residency Deadlines

## Deadlines

Petition requests for reclassification submitted (and supported by all required documentation) before the priority deadline, will be reviewed prior to the petition deadline for that term. Requests for reclassification will not be accepted after posted deadlines for each semester.

Semester	Petition Deadline	Priority Deadline <sup>1</sup>
Spring 2019	January 11, 2019	November 1, 2018
Summer 2019	May 21, 2019	April 1, 2019
Fall 2019	August 28, 2019	June 1, 2019
Spring 2020	January 17, 2020	November 1, 2019

Failure to submit a request for reclassification by the deadline constitutes a waiver of your right to petition for that term.

<sup>1</sup> Petitions submitted after this date will be reviewed in the order in which they are received and may not be evaluated until after classes begin.

You will not be permitted to submit a request for reclassification after the posted deadline. Late requests cannot be accepted and there is no option to appeal a petition submitted after the deadline.

Summer petitions are only evaluated for students registered for summer classes.

**Source URL:** <https://students.asu.edu/residency-deadlines>

# Residency Appeal

## Appeal

The residency classification appeal process affords students who have had their residency petition denied the opportunity to present new evidence or testimony before the University Residency Appeals Committee, who will subsequently render a final decision. An appeal is only for students that have had petitions formally denied by the Residency Office. This committee is bound to the same ABOR policies as the Residency Office and does not have authority to make exceptions. The committee is staffed by faculty, staff and students from across the university. Staff members from the Residency Office are not permitted to serve on this committee.

- A residency appeal should be submitted if you believe the decision is erroneous based on ABOR requirements, not because you do not agree with the denied decision or with the requirements.
- A residency appeal form should be submitted along with a written statement explaining why you believe the decision is erroneous (based on ABOR requirements) and all new supporting documentation, no later than the provided appeal deadline date.

## Appeal deadlines

Student requests to appeal their residency classification must be submitted no later than 35 days after the last day of registration for the term for which the initial petition was submitted. Failure to properly file the appeal request prior to the established deadline date constitutes a waiver of your right to appeal. Appeals cannot be requested until after a decision on your petition has been made.

Semester	Appeal Deadline
Spring 2019	February 15, 2019
Summer 2019	June 25, 2019
Fall 2019	October 2, 2019
Spring 2020	February 21, 2020

## The appeal process

Review your denial letter, decision summary and Arizona Board of Regents (ABOR) requirements [1].

- Submit a written request for an appeal hearing using the Residency Appeal Form [2].
- Provide new documentation with your appeal request. All supporting documents must be submitted no later than 10 business days prior to your scheduled hearing.
- Attend your scheduled hearing. Your hearing will be held whether you are present or not.
- Prepare to answer questions about your petition at your appeal hearing.

Submit all supporting documents at the time of the appeal form submission. This gives the evaluator an opportunity to re-evaluate the petition with the new documentation and possibly overturn their decision, negating the necessity of a hearing altogether.

The appeal committee members will review your petition independently in its entirety prior to your hearing and may consider all aspects of your application, not just the points indicated in your decision summary. A decision will be made at the conclusion of your hearing. However, the committee may vote to delay their decision for up to 10 days.

You will receive notification of the date, time and place of the appeal two weeks prior to the hearing. During this time, make arrangements with any outside conflicts, such as work or witness availability. Rescheduling due to these conflicts may not be an option.

Students with pending appeals are subject to petition deadlines for future terms. The decision to petition for future terms must be made prior to the posted deadline for the given term regardless of the appellant's status with any pending appeal.

## Appeal hearing

Appeal hearings are scheduled on a first-come, first-served basis. All students are encouraged to submit their appeal requests within seven days of notification of denial. Prompt requests will be given priority. In all situations, your appeal will be scheduled to avoid conflicts with your current class schedule. Unfortunately, non-course conflicts cannot be considered.

Hearings may be scheduled during spring, fall and winter breaks. If you are going to be out of town during that time, notify the office when you submit your appeal form. Rescheduling due to travel may not be an option. Once an appeal has been

scheduled, cancellations or changes must be submitted in writing to the Residency Classification Office no later than five business days before the scheduled appeal hearing date.

All appeal hearings are open meetings and anyone may attend. To comply with the Arizona Open Meeting law, you must consent to have your information heard by all those in attendance by signing a FERPA waiver (Family Educational Rights and Privacy Act of 1974). Students can elect to be represented by an advisor or counsel at their expense. Please inform the Residency Classification Office if you plan to attend with representation.

## Appeal decision

Decisions of the Residency Classification Appeal Committee are final. Appellants will be notified of the Appeals Committee decision by certified letter.

Appellants who are reclassified as in-state resident students will be refunded the out-of-state portion of the tuition that has been paid for the term in question.

## Frequently Asked Questions - Declaring Arizona Residency

I INDICATED THAT I WAS AN ARIZONA RESIDENT ON MY ADMISSIONS APPLICATION, YET I AM CLASSIFIED AS A NON-RESIDENT AND WAS CHARGED THE NON-RESIDENT APPLICATION FEE? HOW CAN I FIX THIS?

Your residency classification is determined by a review of all of the information provided on your admissions application in accordance with guidelines provided by the Arizona Board of Regents. Your status as a non-resident is a result of one or more factors used to determine this classification. Please review the Residency Classification [1] webpage and contact a residency specialist [2] if you have any questions.

I AM CURRENTLY ATTENDING A COMMUNITY COLLEGE IN ARIZONA AS A RESIDENT; DOES THAT MAKE ME A RESIDENT AT ASU?

Not necessarily. Residency for tuition purposes for the three state universities is determined according to guidelines established by the Arizona Board of Regents (ABOR). The community colleges are not governed by ABOR and your classification as a resident at the community college may or may not be in compliance with current ABOR policies.

I AM A CONTINUING STUDENT; WILL MY RESIDENCY AUTOMATICALLY CHANGE AFTER ONE YEAR?

No. Your status will remain non-resident and any student wanting to be re-classified must initiate the process by contacting the residency office and submitting a petition by the appropriate deadline. Simply being a student at ASU for one year is not sufficient for residency purposes per ABOR policy, which reads, "No individual has established residency for tuition purposes in Arizona while attending any education institution in Arizona as a full-time student in the absence of objective evidence to the contrary."

I WAS BORN AND RAISED IN ARIZONA THEN LEFT FOR A SHORT PERIOD OF TIME BEFORE RETURNING, CAN I STILL BE CLASSIFIED AS AN ARIZONA RESIDENT FOR TUITION PURPOSES?

Leaving Arizona will not result in a loss of Arizona residency unless your absence is accompanied by actions that indicate intent to establish a new domicile elsewhere. Former residents of Arizona who established domicile elsewhere would be classified as non-residents upon return and would not be eligible for residency until current ABOR policies are met. Residency classification is re-visited after any break in enrollment or absence from the university.

MY PARENT IS AN ASU ALUMNUS; DOES IT HAVE ANY EFFECT ON MY RESIDENCY CLASSIFICATION?

No. Your residency classification is evaluated against current ABOR policy and your parent's status as an alumnus is not a consideration.

DOES LIVING IN ARIZONA WITH A RELATIVE OTHER THAN MY PARENTS HAVE ANY EFFECT ON RESIDENCY STATUS?

No. Your status will be determined based on a review of your situation, but living with family members or friends is not an indicator of intent or domicile and will not influence your status.

I AM A DUAL RESIDENT OF ARIZONA; CAN I BE CONSIDERED A RESIDENT FOR TUITION PURPOSES?

No. Any person wishing to be classified as a resident would need to provide objective evidence of intent to be a permanent resident of Arizona and demonstrate that all ties to the former state have been severed.

MY PARENTS LIVE OUT-OF-STATE BUT I ATTEND AN ARIZONA HIGH SCHOOL; WILL I BE CONSIDERED A RESIDENT IF I GRADUATE FROM AN ARIZONA HIGH SCHOOL?

No, you would be classified as a non-resident. Per ABOR guidelines, "The domicile of an unemancipated person is that of either parent." You may, however, qualify for the Non-Resident Tuition Rate for Arizona High School Graduates [3], which is 150% of in-state tuition.

I ATTENDED AN ARIZONA INSTITUTION USING THE WUE (WESTERN UNIVERSITY EXCHANGE) OR WICHE (WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION) PROGRAM; WILL I BE CONSIDERED A RESIDENT?

The WUE/WICHE program allows residents of a participating state to pay a special, reduced tuition rate at participating institutions in other states. However, the student must maintain residency in the originating state. In other words, by participating as a WUE/WICHE student you are affirming that you are not an Arizona resident. ABOR requirements for physical presence and intent to be an Arizona resident cannot be satisfied as a WUE/WICHE student. Refer to the ASU WUE page for more information.

ARE THERE ANY HARDSHIP EXCEPTIONS?

No. Any person requesting classification as a resident for tuition purposes must prove they meet ABOR requirements or that they meet one of the approved exceptions.

I OWN PROPERTY IN ARIZONA; DOESN'T THAT MAKE ME A RESIDENT?

Owning property in Arizona does not automatically qualify you as a resident for tuition purposes. Property ownership is one factor to be considered, but would not be sufficient without other objective evidence of domicile and intent.

IF I MARRY AN ARIZONA RESIDENT, CAN I BE CLASSIFIED AS A RESIDENT?

Yes. There is a provision in current ABOR guidelines that would allow you to be re-classified if you marry a resident of Arizona. You would request reclassification by submitting a residency petition and providing appropriate documentation to support that both you and your spouse meet current ABOR guidelines for the spouse exception.

I AM A RESEARCH ASSISTANT, TEACHING ASSISTANT OR GRADUATE ASSISTANT AND HAVE BEEN PAYING RESIDENT TUITION. AM I A RESIDENT?

No. These positions are funded by waivers submitted by your college or department that pays the out-of-state portion of your tuition and fees, but your status for residency purposes remains non-resident. To request reclassification, you would need to submit residency petition and appropriate supporting documentation.

I'M AN ASU EMPLOYEE WHO IS CLASSIFIED AS A NONRESIDENT FOR TUITION PURPOSES, BUT AM OTHERWISE ELIGIBLE FOR THE QUALIFIED TUITION REDUCTION PROGRAM. HOW SHOULD I PROCEED?

Please submit your Qualified Tuition Reduction Form (QTR) [4] to the Student Accounts Office. Once submitted, that office will notify the Residency Office who will adjust your residency status for the term in question.

HOW DO I CHECK THE STATUS OF MY RESIDENCY PETITION?

You can monitor the status of your petition from the residency reclassification application portal [5].

When a decision is made, an email will be sent to your @ASU email address.

## Verification of Citizenship or Lawful Immigration Status

Arizona state law requires students to provide verification of citizenship, permanent residency or other lawful immigration status if they are classified as residents for tuition purposes or if they are seeking any type of financial assistance that is subsidized or paid in whole or in part with state monies. Students that need to complete this requirement are notified on My ASU [1] via a **Priority Task** or **Registration Hold**.

All students are advised to complete this requirement as early as possible; however, students with an F1 or J1 visa must wait until after they arrived on campus.

### Verification process

#### *Option 1: Free Application for Federal Student Aid (FAFSA)* [2]

Verifying via the FAFSA is preferred. Students verified this way do not need to provide any additional documentation. Your priority task will be marked complete when ASU **receives and accepts** your FAFSA (which is typically five to seven days after your FAFSA is submitted to the US Department of Education). You may need to provide additional information if your FAFSA is rejected or selected for review by Financial Aid and Scholarship Services.

#### *Option 2: Submit documents electronically* [3]

Students can upload appropriate documents electronically using ASU's secure web form. A list of acceptable documents is provided on the web form. All documentation is subject to review and students may be asked to provide additional information. Processing time is 2-3 business days.

#### *Option 3: Submit documents in-person, by mail or via email* [3]

Students can submit documents in-person at any registrar location [4], by mail or by email to registrar@asu.edu [5]. Copies of your documentation is acceptable provided they are legible and unaltered. All documentation is subject to review and students may be asked to provide additional information. Processing time is 2-3 business days.

Mail to:

Arizona State University  
University Registrar Services  
P.O. Box 870312  
Tempe, AZ 85287-0312

Documentation submitted in-person, by mail or by email must include a signed copy of the Citizenship Verification Form [6].

Completing this requirement is the student's responsibility. Students that do not provide verification will be charged non-resident tuition and will not be eligible for state-funded financial aid. If you have questions or concerns, please contact University Registrar Services at 480.965.3124.

## Acceptable documents for verifying citizenship or other lawful immigration status

### Documents most frequently submitted by U.S. citizens:

- Arizona Driver's License
- U.S. Birth Certificate (with photo ID)
- Signed U.S. Passport
- Non-Arizona Driver's License (licenses and permits from the following states are NOT permissible: California, Colorado, Connecticut, Delaware, Hawaii, Illinois, Maryland, Nevada, New Mexico, Utah, Vermont, Washington and the District of Columbia).
- Bureau of Indian Affairs ID Card, Tribal ID Card, or Certificate of Indian Blood (with photo ID)
- Signed U.S. Social Security Card (with photo ID)
- Signed Certificate of U.S. Citizenship or Signed Certificate of Naturalization (with photo ID)
- U.S. Military ID or DD-214 documentation (with photo ID)
- U.S. Armed Forces Driver's License
- Voter's Registration Card (with photo ID)
- Military dependent's ID card
- Consular Report of Birth Abroad (Form FS-240) Issued by State Department

### Documents most frequently submitted by non-U.S. citizens:

- Signed unexpired Foreign Passport and valid U.S. Visa
- Permanent Resident Card
- F1 Visa and I-20 (signed)
- J1 Visa and DS-2019 (signed)
- Refugee Travel Document (Form I-571) issued since 2003
- Form I-94 arrival/departure record with endorsement (expiration date must not have passed); stamp showing admission under section 207 (refugees) or section 208 (asylee) of the Immigration Nationality Act

If you are unable to provide verification or if you have questions, please contact University Registrar Services at 480.965.3124.

# Tuition and Fees

To view current year tuition and fees, please visit the Tuition and Cost Calculator [1].

To view historical information about tuition and fees, please visit Tuition and Fees Schedule [2].

All amounts shown in the Tuition and Fees Schedules or in other university publications or Web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with board policy, and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

Tuition charges will be billed on your student account and may be viewed online through My ASU [3] after registration. See Billing [4] for information on how to pay your tuition and fees.

## ASU Payment Plan

If tuition is not paid by the applicable tuition due date or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the ASU Payment Plan [5] and charged a nonrefundable enrollment fee.

## Leaving ASU

By registering for classes, you agree to pay all applicable tuition and registration fees. If you plan to leave the university, you must officially withdraw to cancel registration before the refund deadline. Refund deadlines are available on the Important [6] Dates [6] calendar. Please ensure that you have dropped or withdrawn from all classes during the 100 percent refund period or you will be responsible for the tuition charges. See the Tuition Refund Policy [7].

## IRS Form 1098-T

Arizona State University prepares an IRS form 1098-T, Tuition Tax Statement each calendar year. IRS form 1098-T reports amounts billed to you for qualified tuition and may assist you in the preparation of your tax return with regards to education tax benefits you may be eligible to claim. Read more about the IRS form 1098-T [8].

## Tuition and Fee Descriptions

ASU tuition and fees are approved annually by the Arizona Board of Regents. In addition to resident and nonresident tuition, commonly billed tuition and fees include:

### Differential Tuition and Program Tuition

Certain colleges and programs assess additional differential and program tuition as approved by the Arizona Board of Regents. Visit the Tuition and Fees Schedules [1] for college and program specific tuition and fees.

### Excess Hours Tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold are required to pay an Excess Hours Tuition Surcharge [2]. Students who have more than 145 credit hours will be assessed the Undergraduate Excess Hours Tuition Surcharge.

### Undergraduate College Fee 1-4

The Undergraduate College Fee is one of four fee categories based on a student's program of study. ASU conducted a comprehensive review of all instructional costs for every program. Programs of study with similar costs were grouped together, and those fees were averaged to determine an amount for each category. \*Visit the Tuition Estimator [3] to determine your Undergraduate College Fee.

#### Undergraduate College Fee 1

Mary Lou Fulton Teachers College

College of Integrative Sciences and Arts: Humanities and Social Sciences

New College of Interdisciplinary Arts and Sciences: Humanities and Social Sciences

#### Undergraduate College Fee 2

College of Integrative Sciences and Arts: Sciences

New College of Interdisciplinary Arts and Sciences: Sciences

School for the Future of Innovation in Society

School of Sustainability

The College of Liberal Arts and Sciences: Humanities and Social Sciences

Watts College of Public Service and Community Solutions

#### Undergraduate College Fee 3

College of Health Solutions

College of Nursing and Health Innovation\*\*

Herberger Institute for Design and the Arts

#### Undergraduate College Fee 4

Ira A. Fulton Schools of Engineering

The College of Liberal Arts and Sciences: Sciences

Thunderbird School of Global Management

Walter Cronkite School of Journalism and Mass Communication

W.P. Carey School of Business

\*\*The College of Nursing and Health Innovation post-bac BSN will continue to maintain a separate fee. All other nursing programs will be in Undergraduate College Fee 3.

### **Technology Fee**

The Technology Fee assessed to online students funds technology initiatives including implementation of ASU's wireless network, delivering University-licensed software to all students, increasing the number of technology-enabled classrooms, reducing dependence on computing labs and expanding and improving online self-service environment. For more information, click here [4].

### **Student-initiated Fee**

ASU's student government leaders, on behalf of the student's they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student Initiated Fees is the Financial Aid Trust fee. All students are assessed a mandatory financial aid trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund. For more information, please see the Student Initiated Fee [5] webpage.

### **Graduate Student Support Fee**

The Graduate Student Support Fee helps fund resources and services that support graduate students, including technology resources and services, instructional and laboratory expenses in departments and schools, and graduate student services.

### **Special Class, Hybrid, oCourse, iCourse Fees**

Special Class, Hybrid, oCourse and iCourse fees are assessed based on enrollment in specific classes. These fees are published with each class through Class Search [6].

### **Late Registration Fee**

All students who register beginning the week before the first day of the semester will be assessed a late registration fee of \$50.00, with the exception of students enrolling only in late start sessions. Students enrolling exclusively in late start sessions, will be assessed the late registration fee beginning one week before the session start date. Please see Tuition Deadlines [7] for specific dates. Registration after the published deadline may be permitted under extraordinary circumstances if approved by an authorized College designee. Late fees are not refundable.

[7] <https://students.asu.edu/tuitiondeadlines>

## Student Initiated Fee

ASU's student government leaders, on behalf of the students they represent, sought and received ABOR approval for the following Student-initiated fees. Funding from these fees will be used to enrich the student experience.

### Recreation Fee

The Recreation Fee supports programs and services at the Sun Devil Fitness Centers. Funds are used to provide intramurals, student employment opportunities, a broad array of fitness classes and workshops, events and programs. Each Fitness Complex has an advisory board that provides routine feedback on services, hours and programs. Students interested in serving on a Sun Devil Fitness Advisory Board are encouraged to apply [1].

### Student Service Facility Fee

The Student Service Facility Fee allows for the enhancements of existing facilities and the planning and development of new student service facilities to meet the needs of a growing student population. For a list of facilities built and supported by the fee, click here. [2]

### Student Programs Fee

The Student Programs Fee provides funding for student programming initiatives. Managed by student government at each location, this fee is used to generate value added programming that supports ASU student needs and interests. Recipients of the programs fee funding typically include: Programming and Activities Board (PAB), Clubs and Organizations, Sports Clubs, travel funding to support research and attend conferences, and large-scale student programs and activities.

### Health and Wellness Fee

The Health and Wellness Fee supports the operation of ASU Health Services. Funding supports health education and promotion, primary care, acute emergency care services, travel medicine services, nutritional counseling and high demand specialty care. The Health Services Advisory Board provides routine feedback to the Director of Health Services on services provided, quality and efficiency of care, new innovations, and student needs. Students interested in serving on the Health Services Advisory Board are encouraged to apply [1].

### Student Athletic Fee

The Student Athletic Fee provides a revenue stream of funds to support the operations of Sun Devil Athletics, in exchange for a reinvestment of university funds into student-identified priorities. These priorities were established by the Athletic Fee Operations Board and include salary increases for Research and Teaching Assistants to a minimum standard, expanding transportation services to include weekends and holidays, free attendance to all ASU football games, free graduate test prep programs and increased university investment for need and merit-based financial aid. Students interested in serving on the Athletic Fee Operations Board are encouraged to apply [1]

### Financial Aid Trust Fee

Included with the Student Initiated Fees is the Financial Aid Trust Fee assessed to all students as authorized by the Arizona Legislature.

Student Financial Aid Trust grants are assistance provided in partnership between ASU students and the state legislature. All students are assessed this fee to create a Financial Aid Trust Fund, from which Financial Aid Trust Grants are awarded under the usual aid eligibility criteria. Fees collected from students are matched by the State of Arizona. Priority for these limited awards is given to eligible undergraduate students who file their FAFSA by the priority filing date of January 1 and who are Arizona residents or underrepresented students with high financial need.

# Professional Flight Program Fee Schedules

## Background

In September 2015, the VA issued a policy advisory that addressed the use of VA educational benefits for flight programs at Institutes of Higher Learning (IHLs). The policy obligated IHLs to define their curriculum as the minimal amount of flight and ground events required to complete the degree program, along with the duration and cost of each event. Henceforth, the VA would only pay this minimum for approved programs on a per-class basis. An additional policy advisory issued in December 2015 excluded the payment of private pilot instruction for IHLs who use a third party provider for flight training, as is ASU's case. This impacted AMT 105 and AMT 110, two flight classes within the AMT Pro Flight curriculum, which contained Private Pilot curriculum. Finally, it has been a longstanding policy that the VA compliance of any program is dependent upon meeting the "85/15 rule," whereby at least 15% of the students in any given program of study are not receiving VA benefits. While ASU does meet this criterion in terms of non-veterans in the flight program for this catalog year, the intent is that non-veterans be billed in the same way as those receiving VA benefits (i.e., billed directly by ASU for the minimum flight fee cost, excluding private pilot instruction).

## Establishment of a Two-Track System

In response to these requirements, ASU Aviation Programs created two payment tracks for students in the Aviation Management Technology – Professional Flight concentration, as follows:

1. **Direct Pay to Flight Training Provider.** This track enables the student to pay directly to the flight-training provider on a pay-as-you-go basis. Students would select this option if they need to complete the Private Pilot Certification sequence of courses. It is preferred that the majority of students select this option, as the Flight Provider will have the most direct and timely information about students' account status (i.e., that they have funds deposited to cover flight instruction costs as they progress.)
2. **Minimum Course Fee Pay through ASU.** This track enables the minimum cost of eligible flight instruction courses to be paid directly by the VA for VA-eligible students. These students will be billed the minimum course fee by ASU, which in turn will be paid by the VA or the student. As a minimum of 15% of the students utilizing this option must also come from the non-VA population, non-VA students may opt for this track if they already are a licensed Private Pilot and agree to be billed through this process for the minimum flight course fees. These funds will be collected by ASU and passed on to the Flight Training Partner. For all students in this track who need to pay above the minimum to complete the course requirements, those additional fees will be paid directly to the Flight Training Provider.

The following two tables summarize the class structure and corresponding fees:

*Fee tables coming soon.*

**Source:** Pat Tillman Veterans Center

## Tuition Refund Policy

By registering for classes, students agree to pay all applicable tuition and registration fees. Students are required to pay all tuition and fees for any registered course unless enrollment is officially cancelled during the 100% refund period.

- Tuition and fees are nonrefundable after the 100% refund period.
- All refunds are less any amounts owed to the university and are subject to payment holding periods.
- Withdrawal or cancellation occurs on the calendar day that withdrawal is requested either online or in person at a Registrar site.

### Fall and spring semester classes

- The 100% refund period extends through the first two weeks of the semester for regular semester classes (Session C) and sessions eight weeks or longer.
- The 100% refund period is one week for sessions shorter than eight weeks (Sessions A & B) and for dynamically dated classes.
- For classes that begin prior to the first day of the regular semester, the applicable 100% refund period begins on the class start date not the semester start date.

### Summer session classes

- The 100% refund period is the first five days of the applicable summer session. This includes Sessions A, B, C and dynamically dated classes.
- For classes that begin prior to the first day of the regular semester, the applicable 100% refund period begins on the class start date not the semester start date.

Students are required to pay tuition and fees owed for enrollment cancellations that occur after the refund period.

### Medical or compassionate withdrawals

Students withdrawing for medical circumstances or other extenuating circumstances must contact their college to initiate the process. Approved medical or compassionate withdrawals [1] are eligible for up to an 80% refund of tuition if approved within two years of the end of the semester. No tuition refund is provided thereafter.

**Source URL:** <https://students.asu.edu/tuition-refund-policy>

**Links:**

[1] <https://students.asu.edu/forms/medical-compassionate-withdrawal-request>

[2] <https://students.asu.edu/tuitiondeadlines>

## Undergraduate Excess Hours Tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold are required to pay an excess hours tuition surcharge. Students who have more than 145 credit hours will be assessed the Undergraduate Excess Hours Tuition Surcharge.

The Undergraduate Excess Hours Tuition Surcharge is billed in addition to tuition, program tuition, mandatory fees and class fees.

### Exemptions

The excess hours tuition surcharge must be assessed in accordance with Arizona State Statutes and is not subject to appeal. The Arizona Legislature, however, provided for certain exemptions to the credit hour threshold and surcharge:

1. Undergraduate degree programs that require credit hours above the credit hour threshold.
2. Credits earned in pursuit of up to two baccalaureate degrees: The excess hours tuition surcharge is not assessed if (a) student has previously earned a baccalaureate degree and is currently admitted to one undergraduate degree program or (b) has not previously earned a baccalaureate degree and is admitted to two or more undergraduate degree programs simultaneously. This exemption does not apply to students who have previously earned two or more baccalaureate degrees or students who have earned one baccalaureate degree and are currently admitted to two or more undergraduate degree programs.
3. Credits earned in the pursuit of up to two state regulated licensures or certificates: Student is not required to be enrolled in both programs simultaneously. Examples include accounting, nursing, social work, and certain engineering degrees.
4. Credits earned in the pursuit of a teaching certification.
5. Credits transferred from a private institution of higher learning.
6. Credits transferred from an institution of higher education in another state.
7. Credits earned at another institution of higher education but that are not accepted as transfer credits at ASU.
8. Credits earned by students who enroll at a university under the jurisdiction of the board more than twenty-four months after the end of that student's previous enrollment at a public institution of higher education in this state.

### Tuition waivers and scholarships

Employee waivers and tuition scholarships do not apply to the Undergraduate Excess Hours Tuition Surcharge.

### Academic year 2018–2019 rates

For resident students the surcharge is \$140 per credit hour up to a maximum of \$980 for enrollment in 7 or more hours. For nonresident students the surcharge is \$230 per credit hour up to a maximum of \$2,760 for enrollment in 12 or more credit hours. For online students, the excess hours tuition rate is \$104 per credit hour up to a maximum of \$1,248 for enrollment in 12 or more credit hours.

**Source URL:** <https://students.asu.edu/tuition-surcharge>

## Polytechnic & West Campus Tuition Discounts

Undergraduate freshmen and sophomores in the New College of Interdisciplinary Arts and Sciences [1] and the Polytechnic School [2] are eligible to receive a 10% reduction in base tuition. To receive this discount, students must meet the following requirements:

- Admitted in fall 2011 or later
- Freshman or sophomore academic standing
- Admitted to a program in the New College of Interdisciplinary Arts and Science or the Polytechnic School
- If admitted to the Polytechnic School, all classes must be taken at the Polytechnic campus
- If admitted to the New College of Interdisciplinary Arts and Sciences, all classes must be taken at the West campus

Enrollment in iCourses does not affect eligibility for the discount. This discount will not be extended to students already receiving the Western Undergraduate Education (WUE) discount.

For additional information about tuition rates, please see the tuition schedules [3] or you may use the tuition estimator [4] to estimate your full tuition costs.

**Source URL:** <https://students.asu.edu/tuition-poly-west>

[1] <http://newcollege.asu.edu/>

[2] <http://poly.engineering.asu.edu/>

[3] <https://catalog.asu.edu/tuitionandfees/>

[4] <https://students.asu.edu/costs>

## Tuition Payment with Financial Aid

Financial aid is posted to your student account and used to pay tuition and other student account charges. If there is a remaining balance, a refund will be issued.

- For students who have accepted financial aid and it is sufficient to cover tuition charges, financial aid will automatically pay tuition charges and no action is necessary.
- For students with accepted financial aid that is insufficient to cover tuition charges, the payment deadline is extended.

For tuition due dates, visit Tuition Dates and Deadlines [1].

If financial aid is not awarded and accepted by the tuition due date, tuition charges must be paid to avoid automatic enrollment in the ASU Payment Plan [2] and assessment of the non-refundable tuition installment plan fee of \$100 for resident students and \$200 for nonresident students.

Class enrollment completes the registration process. If you decide not to attend classes, you must officially withdraw from the University. Classes will be held even if aid becomes unavailable or is inadequate to pay all tuition and fees. Registration will not be automatically cancelled during the tuition refund period.

## Refunds by direct deposit

Financial aid in excess of institutional charges is refunded to the student. Direct deposit to your bank account is available and is the most convenient way to receive student account refunds, including financial aid. To enroll in direct deposit:

1. Sign in to My ASU. [3]
2. Select the Finances tab at the top of the page.
3. Then select Direct Deposit link in the Financing Tasks box on the right side of the page.

View the Direct deposit FAQs [4] to learn about enrollment online and direct deposit in general. If you choose to enroll in direct deposit in person, please fill out the Direct Deposit Authorization [5] form and bring it to the Student Accounts office. For students not enrolled in student account direct deposit, refunds are made by check and mailed to the student's address. Direct deposit enrollment verification takes two weeks. If a refund becomes available before your direct deposit enrollment has been verified, a paper check will be issued and sent to your mailing address on file.

## Taxability of scholarships and fellowships

Scholarships, grants, fellowships and stipends (but not loan funds) are taxable income to the recipient, except for the portion of these funds used for tuition, registration, other University fees, and books, supplies and equipment required for the courses being taken. Special tax regulations also apply to non-resident alien students and may require withholding of taxes at the time of aid disbursement to these individuals. Information on the taxability of scholarships can be obtained from the following IRS publications and forms: Publication 970, Tax Benefits for Education, Pub 519 - U.S. Tax Guide for Aliens, Form 1040EZ and instructions - Income Tax Return for Single and Joint Filers with no dependents, Form 1040 NR and Instructions - U.S. Nonresident Alien Income Tax Return. These publications and forms can be obtained from the Internal Revenue Service at their toll free number 1-800-829-FORM. These publications and forms can also be viewed at [www.irs.gov](http://www.irs.gov) [6].

## Paying for past due charges with future semesters financial aid

Federal financial aid will not pay prior year past due charges. To view your account charges and make a payment online:

1. Sign in to My ASU [3].
2. Select the Finances tab at the top of the page.

Additional payment options [7] are available. Please contact the Collections Office at 480-965-5220 with questions about unpaid balances.

## Financial assistance withdrawal policy

Individual circumstances may require complete withdrawal [8] from the university. The outcome of complete withdrawal on your financial aid depends on when the complete withdrawal is initiated and the types of financial aid you received. In all cases, your financial aid must be recalculated.

## Official complete withdrawal

Federal regulations require the recalculation of Title IV financial aid in cases where a student received financial aid and officially withdrew on or before the point at which 60% of the semester has lapsed. If a return of aid is required, ASU returns the unearned portion of Title IV financial aid funds to federal programs on behalf of the student. **Any return of financial aid funds made by the university will be charged to the student's university account.** Payment to the university will be due on demand. Federal financial aid Title IV funds include:

- the Federal Pell Grant
- the Federal Supplemental Educational Opportunity Grant (FSEOG)
- the Federal Perkins loan
- the Leveraging Educational Assistance Partnership (LEAP)
- the Academic Competitiveness Grant (ACG)
- the Science and Mathematics Access to Retain Talent Grant (SMART)
- the Federal Direct Subsidized and Unsubsidized Student Loans and the Federal PLUS Loan

Students who withdraw prior to the first day of the semester and who have received a financial aid disbursement are not entitled to keep those funds. The student's university account will be charged. One hundred percent of the funds disbursed must be returned to ASU.

For additional information, please visit <https://students.asu.edu/policies/fa-withdrawal> [9].

## Qualified Tuition Reduction

The Qualified Tuition Reduction Program permits eligible employees to take advantage of educational opportunities at the University. Please review SPP 505 [1], Employee-Reduced In-State Tuition, for additional information regarding eligibility and benefits.

### Eligibility

Reduced in-state tuition is available to faculty and staff who are employed at least 50% within the state university system, their spouses and dependent children. You must be employed on the first day of the session to be eligible for employee reduced in-state tuition. At ASU, the Qualified Tuition Reduction Form must be submitted on or before the first day of a session to qualify for reduced tuition. Nonresident students are ineligible for employee-reduced tuition and should contact Residency Classification.

Institutional merit-based aid provided by the University [2] will not exceed the value of stated resident tuition for each respective academic year when combined with the Qualified Tuition Reduction (QTR, a benefit for faculty and staff) or other tuition reduction programs (or waivers). Students offered multiple awards designated for base tuition, cannot receive more than 100% of base tuition.

### Qualified tuition reduction form

ASU employees must complete and submit the Qualified Tuition Reduction Form each semester to receive the reduced in-state tuition benefit for classes taken at ASU. Forms can be obtained at Human Resources (University Center A Building), the Student Accounts Office or online at [asu.edu/hr/forms](http://asu.edu/hr/forms) [3]. The form must be received and processed in the Student Accounts Office by the tuition due date. Please submit forms early to ensure timely processing:

- Mail to the Student Accounts Office, Arizona State University, PO Box 870303, Tempe, AZ 85287-0303 (Campus Mail Code 0303).
- Fax to the Student Accounts Office at 480-965-9242.
- E-mail to [tuitionreduction@asu.edu](mailto:tuitionreduction@asu.edu) [4].
- Submit in person at the following locations:
  - Tempe campus Student Accounts Office on the second floor of the Student Services (SSV) building
  - West campus Tuition Payment and Cashiering Services Office in University Center 101
  - Polytechnic campus Tuition Payment and Cashiering Services Office 350
  - Downtown Phoenix campus Cashiering Services and Tuition Payment Office in University Center 112

The outstanding balance of the ASU tuition will remain on your student account and should be paid by the tuition payment deadline to avoid late fees. Contact the Student Accounts Office at 480-965-6341 for further information.

### NAU & U of A classes

There is a separate Qualified Tuition Reduction Form for classes at U of A or NAU and for ASU retirees and employees of affiliate organizations taking classes at U of A, NAU or ASU. This form can be obtained at Human Resources (University Center A Building) or online at [asu.edu/hr/forms](http://asu.edu/hr/forms) [3]. The Qualified Tuition Reduction Form for U of A/NAU/Retired/Affiliate staff must be approved by staff in ASU Human Resources and then submitted to the tuition payment office at the campus where classes are being taken.

## Tuition Receipt

For students requiring tuition receipts for insurance, reimbursement or other reasons, a tuition receipt is available through My ASU.

### How to view your tuition receipt

1. Login to My ASU [1].
2. Select the **Finances** link on the upper left side.
3. Select the **Tuition Receipt** link and indicate the appropriate term.

To print, click **Printer Friendly Page**.

**Source URL:** <https://students.asu.edu/tuition-receipt>

#### Links:

## Form 1098-T Tuition Tax Statement

Effective for calendar year 2018 and due to federally mandated tax reporting regulations, ASU will now be reporting amounts **paid** for qualified tuition and related expenses on the IRS 1098-T form. In prior years, ASU reported only **billed** amounts for these qualified tuition and related expenses on the IRS 1098-T form. You, or the person who may claim you as a dependent, may be able to take the tuition and fees deduction or claim an education credit on form 1040 or 1040A for the qualified tuition and related expenses that were actually paid during the calendar year. For example, a student who makes payment in 2011 for spring 2012 charges will only be eligible for an education credit for this payment in 2011. The IRS 1098-T form is an informational document and does not need to be attached to your tax return. There is no IRS or ASU requirement that you claim a tuition and fees deduction or an education credit. Please consult your tax advisor for further tax questions or advice.

### How to view your 1098-T

To view your 1098-T tuition statement:

1. Sign in to My ASU [1].
2. Select the **Finances** option at the top of the page.
3. Click on **More**.

### Additional resources

- Detailed Explanation [2] of the 1098-T tax form

## ASU Payment Plan

The ASU Payment Plan provides students with the option to budget the payment of certain eligible university charges over several months within the semester. **Eligible charges include tuition, housing, meal plan, parking permits and health insurance.** The chart below outlines specific ASU Payment Plan due dates and enrollment fee amounts.

	ASU Payment Plan Due Dates	ASU Payment Plan Enrollment Fee
Fall	August 25	
	September 25	\$100 Resident Students
	October 25	\$200 Nonresident Students
Spring	January 25	
	February 25	\$100 Resident Students
	March 25	\$200 Nonresident Students
Summer*	May 25	
	June 25	\$50 Resident Students
	July 25	\$100 Nonresident Students

\*The summer sessions enrollment fee is \$50 for resident students or \$100 for nonresident students for each summer session registered in up to a maximum of two sessions.

## My ASU enrollment

All students are eligible to enroll in the ASU Payment Plan by logging in to My ASU and selecting Finances at the top of the page and clicking on ASU Payment Plan in the Financing Tasks section on the right side.

The screenshot displays the My ASU interface with the 'Finances' tab selected. The main content area is divided into several sections:

- Account Charges:** Shows a total balance of \$0.00 with a 'Make a Payment' button. A message states, 'You have no outstanding charges.' Below this, it lists the 'Tuition Group: Fall 2013 3 Years' and provides links for 'View History', 'Residency: Resident', and 'Citizenship: Verified'.
- Financial Aid and Scholarships:** Includes a 'My Financial Aid Tracker' for the years 2013-2014 and 2014-2015. A progress bar shows steps: 'Submitted FAFSA', 'Completed Your FAFSA', 'Eligibility Review & Award Notice', 'Act On Your Award', and 'Disbursement'. A message indicates that ASU is reviewing submitted documents. The 'Satisfactory Academic Progress Status' is shown as 'Good Standing'.
- Financing Tasks:** A sidebar on the right with two columns: 'Priority Actions' (currently 'None') and 'Additional Actions'. Under 'Additional Actions', there are sections for 'Obtain Funding' (FERPA consent form, search for scholarships/jobs) and 'Manage Payments' (tuition installment plan, ASU payment plan, authorized payer, direct deposit, plan finances). A tooltip for 'Tuition a' explains that for a minimal fee, the ASU Payment Plan allows budgeting tuition and other expenses over several months. Below this are links for 'Help & Support' (call 480-4, submit a, visit us in) and 'Financial Assistance' (call 855-278-5080, guided self help, live chat, visit us in person, visit our webpage).

## Automatic enrollment

Students with an outstanding balance of \$500 or more of unpaid eligible charges by the designated payment deadline will be automatically enrolled in the ASU Payment Plan. Students automatically enrolled will be responsible for the ASU Payment Plan fee billed to their student account. ASU does not withdraw students from classes during the current semester for nonpayment and students must withdraw before the semester or session starts if they decide not to attend. For further questions regarding automatic enrollment in the ASU Payment Plan or for assistance enrolling, you may contact us [1] or visit the Student Accounts Office located in the Student Services building.

## Financial aid (scholarships, grants, loans)

Students with financial aid are encouraged to review carefully their financial aid award amounts prior to enrolling in the ASU Payment Plan. Enrollment in the Payment Plan may not be necessary if the financial aid award package is sufficient to cover all eligible charges. However, if the amount a student is awarded in financial aid does not cover all eligible charges and an unpaid balance remains by the designated deadline, the student will automatically be enrolled in the ASU Payment Plan.

## Frequently asked questions

### What is the designated payment deadline to avoid enrollment in the ASU Payment Plan?

The designated payment deadline is the deadline initially provided when charges are placed on a student's account. Students are encouraged to review the details of their student account, including the designated payment deadline for eligible charges, by logging into My ASU and selecting Finances at the top of the page. Students can also review the Tuition and Billing Calendar [2] for important due dates.

### Must I re-enroll in the ASU Payment Plan each semester?

Yes. Because ASU realizes student's financial circumstances may vary from semester to semester, students have the option to enroll each semester.

**Are the ASU Payment Plan due dates and enrollment fees different for B Session because classes start later in the semester?**

No. Students enrolled in session B prior to the start of the semester will have the same initial designated payment deadline for tuition charges as students enrolled in both sessions A and C. Students enrolled in session B who have an unpaid balance of \$500 by the designated payment deadline will be automatically enrolled in the ASU Payment Plan.

**Is there any benefit to voluntarily enrolling in the ASU Payment Plan vs. being automatically enrolled?**

No. Students are assessed the same enrollment fee if they are voluntarily or automatically enrolled in the ASU Payment Plan. Student Business Services suggests students closely review their financial aid package before voluntarily enrolling to ensure ASU Payment Plan arrangements are necessary.

**If a student enrolls in the ASU Payment Plan before the semester begins and ends up not having a \$500 balance, is the student still enrolled in the plan?**

Yes. If a student voluntarily enrolls and eligible charges are paid prior to the initial designated payment deadline, the student will still be assessed the non-refundable enrollment plan fee.

**What happens if a student's outstanding eligible charges are under \$500?**

Students with a balance under \$500 will NOT be automatically enrolled in the ASU Payment Plan. However, these charges are subject to a late fee. Please review the ASU Late Charge Policy [3] for further clarification.

**Is the ASU Payment Plan enrollment fee refundable if additional financial aid becomes available after the designated payment deadline and pays the balance of all eligible charges?**

No. The ASU Payment Plan fee is non-refundable even if a student's financial circumstances change after enrollment into the plan. To avoid paying the ASU Payment Plan fee, we strongly recommend working with a financial aid counselor in advance to ensure all aid is reviewed and accepted prior to the designated payment deadline. For questions regarding financial aid awards, please contact 480-965-3355 or visit Financial Aid and Scholarship Services [4].

**Can students still purchase and pay for parking permits through MyParking Online Services?**

Yes. Students will still have the option of purchasing permits through MyParking Online Services [5]. However, beginning in Fall 2014 students will have the option of having their parking permit charges billed to their student account. By utilizing this option, students can use their financial aid awards to pay parking permit charges. Only parking permits can be billed to a student's account. Parking citations and other fees are not eligible.

## Non-Resident Tuition Rate for Arizona High School Graduates

The Arizona Board of Regents' "Non-Resident Tuition Rate for Arizona High School Graduates" is a non-resident undergraduate tuition rate that is 150% of in-state tuition for Arizona high school graduates who don't otherwise qualify for in-state tuition.

### Arizona Board of Regents (ABOR) policy

- A. A student who graduated from an Arizona high school, but is not otherwise eligible for resident tuition status will be eligible for a non-resident undergraduate tuition rate of 150% of undergraduate resident tuition, if the following conditions are met:
  1. The student has attended high school in Arizona for a minimum of three years while physically present in Arizona and graduated from an Arizona high school (or attained the equivalent while physically present in Arizona for a minimum of three years), and
  2. The student is lawfully present in Arizona.
- B. The non-resident rate for Arizona high school graduates would apply to tuition for undergraduate students. This rate does not apply to differential tuition, or tuition for on-line, accelerated or distributed programs.
- C. "High School" is defined as grades 9-12. Completion of the 9th grade while physically present in Arizona, whether at an Arizona middle school or high school or equivalent, will count toward the Arizona high school attendance requirement. The three years of Arizona high school attendance do not need to be consecutive.
- D. A student who meets the requirements of this policy will be eligible for the non-resident undergraduate rate regardless of when the student graduated from an Arizona high school.
- E. The policy is effective beginning with the fall 2015 semester.

### ASU procedure for applying

1. Submit final Arizona high school transcript showing at least 3 years of attendance **with graduation date** to Admission Services [1].
2. **DACA students:** submit proof of DACA status, which typically is your Employment Authorization Document (EAD) card, to [residency@asu.edu](mailto:residency@asu.edu) [2]
3. **All other students:** submit your Verification of Citizenship or Lawful Immigration Status [3]

After you have submitted this information, your record will automatically be reviewed to determine if you are eligible for the Non-Resident Tuition Rate for Arizona High School Graduates.

You will be notified by email if you qualify or if we need further documentation.

If you have not received confirmation that you are eligible for this tuition rate, or if you completed the equivalent of a high school degree while physically present in Arizona for a minimum of three years, please complete and submit the Non-Resident Tuition Rate for Arizona High School Graduates Application [4] with supporting documentation.

### Residency classification and financial aid

- Eligible students remain classified as non-residents. Visit Residency [5] for information about requesting reclassification.
- Changes to your tuition can affect financial aid awards. Contact Financial Aid [6] for questions about your aid.

## **Fall 2019 and Spring 2020 Tuition and Fees Schedules**

All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for 2019-2020. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors. Finally, please note that fee amounts billed for any period may be adjusted at a future date.

### **Program specific tuition and fees**

Certain Graduate and Undergraduate programs charge program specific tuition. Use the ASU Tuition and Cost of Attendance Estimator [1] to review program specific tuition and fees.

<b>Total Resident Undergraduate Tuition and Fees</b>	\$997	\$1,837	\$2,677	\$3,517	\$4,357	\$5,197	\$6,194

<sup>(1)</sup> Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students, the excess hours tuition is \$153 per credit hour up to a maximum of \$1,071 for enrollment in 7 or more credit hours. Students should see [students.asu.edu/tuition-surcharge](http://students.asu.edu/tuition-surcharge) [1] for additional information regarding the Undergraduate Excess Hours Tuition.

<sup>(2)</sup> Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

<sup>(3)</sup> The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering Professional Flight program and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

<sup>(4)</sup> All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for the 2019-2020 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

<sup>(5)</sup> ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

(1) Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For non-resident students, the excess hours tuition is \$240 per credit hour up to a maximum of \$2,880 for enrollment in 12 or more credit hours. Students should see [students.asu.edu/tuition-surcharge](https://students.asu.edu/tuition-surcharge) [1] for additional information regarding the Undergraduate Excess Hours Tuition.

(2) Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

(3) The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering professional flight program, and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

(4) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently proposed for the 2019-2020 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

(5) ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

- (1) Students admitted to an ASU Online program are not billed the Student-initiated fee.
- (2) Effective for fall 2018, online tuition for resident students will be capped at 10 credit hours; however, online tuition for non-resident students is billed per credit hour with no cap.
- (3) Special Class fees are dependent on specific class enrollment. Fees are available online through Class Search [1].
- (4) The Financial Aid Trust fee is billed per session, but is not to exceed the seven-hour rate in a term.
- (5) Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For online students, the excess hours tuition is \$106 per credit hour up to a maximum of \$1,272 for enrollment in 12 or more hours. Students should see students.asu.edu/tuition-surcharge [2] for additional information regarding the Undergraduate Excess Hours Tuition.
- (6) Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.
- (7) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for the 2019-2020 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.
- (8) Certain graduate and undergraduate programs are assessed differential tuition or program fees, depending on the college or program. Students should use the Tuition and Cost of Attendance Estimator [3] to review program-specific tuition and fees.

(1) Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For non-resident students, the excess hours tuition is \$240 per credit hour up to a maximum of \$2,880 for enrollment in 12 or more credit hours. Students should see [students.asu.edu/tuition-surcharge](http://students.asu.edu/tuition-surcharge) [1] for additional information regarding the Undergraduate Excess Hours Tuition.

(2) Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

(3) The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering Professional Flight program and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

(4) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for 2019-2020. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

(5) ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee, and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

In order to receive this discount, students must take all classes at the campus of their major. The discount is not affected by enrollment in iCourses.

<sup>(1)</sup> Undergraduate students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on these excess hours. For resident students, the excess hours tuition is \$153 per credit hour up to

a maximum of \$1,071 for enrollment in 7 or more credit hours. Students should see [students.asu.edu/tuition-surcharge](https://students.asu.edu/tuition-surcharge) [1] for additional information regarding the Undergraduate Excess Hours Tuition.

(2) Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.

(3) The College of Nursing and Health Innovation post-bac BSN, the Ira A. Fulton Schools of Engineering Professional Flight program and the ASU-Draper University Entrepreneurship Incubator Program will continue to maintain a separate program or class fee.

(4) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved for the 2019-2020 academic year. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.

(5) ASU's student government leaders, on behalf of the students they represent, have sought and received ABOR approval for the Health and Wellness fee, Student Athletics fee, Student Programs fee, Student Services Facility fee, and Recreation fee. Funding from these fees will be used to enrich the student experience. Included with the Student-initiated fee is the Financial Aid Trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund.

<sup>(1)</sup> Students admitted to an ASU Online program are not billed the Student-initiated fee.

<sup>(2)</sup> Effective for fall 2018, online tuition for resident students will be capped at 11 credit hours; however, online tuition for non-resident students is billed per credit hour with no cap.

<sup>(3)</sup> Special Class fees are dependent on specific class enrollment and are not included here. Fees are available online through Class Search [1].

- (4) The Financial Aid Trust fee is billed per session, but is not to exceed the seven-hour rate in a term.
- (5) Students with total credit hours in excess of the threshold established by the Arizona Legislature are required to pay tuition on the excess hours. For resident and non-resident students, the excess hours tuition rate is \$106 per credit hour. Students should see [students.asu.edu/tuition-surcharge](https://students.asu.edu/tuition-surcharge) [2] for additional information regarding the Undergraduate Excess Hours Tuition.
- (6) Students admitted to Barrett, the Honors College are assessed a \$1,000 honors fee each fall and spring semester in addition to the tuition and fees presented above.
- (7) All amounts shown in the Tuition and Fees Schedules or in other University publications or webpages represent tuition and fees as currently approved. Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents. Students should note that all tuition amounts and fees are subject to change at any time for correction of errors and may be adjusted at a future date.
- (8) Certain graduate and undergraduate programs are assessed differential tuition or program fees, depending on the college or program. Students should use the Tuition and Cost of Attendance Estimator [3] to review program-specific tuition and fees.

# Registration & Tuition Payment Guide

**Fall 2019**

Distributed by:  
University Registrar Services

Revised 03/06/2019

## Table of Contents

Admission/Readmission	5	Parking Permits	18
Admission Application Fees	11	Personal Checks	12
Advising	7	Placements Exams	9
ASU Payment Plan	13	Registration Locations	6
Campus Maps	18	Registration/Enrollment General Information	5-10
Credit Card Payments	12	Residency Classification	12
Delinquent Financial Obligations	16	Returned Checks	16
Directory of Campus Resources	24	Shuttle Services	18
Disability Accommodations	23	Sponsorship by ASU Approved Governmental & Third-Party Agencies	14
Discrimination Complaints	22	Student Account Refund (Disbursement)	17
Drop/Add	6	Student Health Insurance	16-17
eCheck Payments	11	Student Identification (Pitchfork Card and Sun Card)	10
Employee Reduced In-State Tuition	14-15	Student Recreation Fee	15
Facts About ASU	25	Student Right to Know Act (SRTK)	25
Family Educational Rights & Privacy Act (FERPA)	20-22	Title IX Compliance	22-23
Financial Aid	13	Transportation Options	18
Financial Aid Trust Fee	15	Tuition & Fees	11-17
Financial Assistance Withdrawal Policy	8	Tuition Payment Hours and Locations	14
Higher Learning Commission (HLC)	25	Tuition Payment with Financial Aid	13
Institutional Refund Policy	17	University Policies	20-23
Instructor-Initiated Drop Option	7	University Testing Requirements	8-9
Late Registration Fees	16	Veterans Educational Benefits	10
Measles Immunization Policy	6-7	Visitor Parking	18
Military Withdrawal	8	Withdrawal Policy	7-8
Ombudspersons	19		

### Important Reminder

By registering for classes you agree to pay all applicable tuition and registration fees. You will NOT be dropped from your classes for non-payment. If you do not have adequate financial aid to cover tuition costs, and if you do not pay tuition by the applicable deadline, you will be enrolled in the ASU Payment Plan and assessed a non-refundable \$100 resident/\$200 non-resident enrollment fee. **See page 13 for more information.**

## Semester Calendar - Fall 2019

All dates and times published in this schedule are tentative and are subject to change without notice.

If a class is scheduled in a session other than Session A, B or C, the drop/add/withdrawal deadlines are prorated based on the length of the class. Check the calendar icon next to each class on your schedule in My ASU for the prorated deadline dates.

**Session A: Thursday 8/22/2019–Friday 10/11/2019**  
**Session B: Wednesday 10/16/2019–Friday 12/6/2019**  
**Session C: Thursday 8/22/2019–Friday 12/6/2019 (Final exams 12/9/2019–12/14/2019)**

Schedule of Classes Available	February 18, 2019		
Registration and Tuition Guide Available	February 18, 2019		
Registration Dates Begin	February 21, 2019		
\$50.00 Late Registration Fee Begins (does not apply to ASU Online students)	Session A August 14, 2019	Session B October 8, 2019	Session C August 14, 2019
Classes Begin	Session A August 22, 2019	Session B October 16, 2019	Session C August 22, 2019
<u>Academic Status Reports</u> – Faculty have the opportunity to provide weekly feedback during each session. Students can view ASRs in MyASU within 24 hours after each weekly reporting period closes on Sunday.	Session A Aug 22-Sept 29, 2019	Session B Oct 16-Nov 24, 2019	Session C Aug 22-Nov 24, 2019
Residency Classification Petition Deadline	August 28, 2019		
Last day to register or drop/add without college approval	Session A August 23, 2019	Session B October 17, 2019	Session C August 28, 2019
<u>Tuition Fee Payment Deadline</u> –For registration through 8/15/19 For more information see <a href="http://students.asu.edu/tuitiondeadlines">http://students.asu.edu/tuitiondeadlines</a>	August 25, 2019		
<u>Tuition &amp; Fees 100% Refund Deadline</u> – For more information see <a href="http://students.asu.edu/tuitionrefundpolicy">http://students.asu.edu/tuitionrefundpolicy</a>	Session A August 28, 2019	Session B October 22, 2019	Session C September 3, 2019
Labor Day Holiday Observed <b>Classes excused/University closed</b>	September 2, 2019		
University 21 <sup>st</sup> Day	Session A September 11, 2019	Session B November 5, 2019	Session C September 11, 2019
<u>Tuition Fee Payment Deadline</u> –For registration from 8/16/19 through 9/18/19. For more information see <a href="http://students.asu.edu/tuitiondeadlines">http://students.asu.edu/tuitiondeadlines</a>	September 25, 2019		
Deadline to Apply for Graduation	October 1, 2019		
Fall Break <b>Classes excused/University open</b>	October 12–October 15, 2019		
<u>Tuition Fee Payment Deadline</u> –For registration from 9/19/19 through 10/18/19. For more information see <a href="http://students.asu.edu/tuitiondeadlines">http://students.asu.edu/tuitiondeadlines</a>	October 25, 2019		

## Semester Calendar (continued) - Spring 2019

Session A: Thursday 8/22/2019–Friday 10/11/2019 Session B: Wednesday 10/16/2019–Friday 12/6/2019 Session C: Thursday 8/22/2019–Friday 12/6/2019 (Final exams 12/9/2019–12/14/2019)			
Course Withdrawal Deadline	Session A September 11, 2019	Session B November 5, 2019	Session C November 6, 2019
Veterans Day Observed <i>Classes excused/University closed</i>	November 11, 2019		
Thanksgiving Holiday Observed <i>Classes excused/University closed</i>	November 28-29, 2019		
<u>Complete Session Withdrawal Deadline</u> As part of a complete session withdrawal a student must withdraw from all classes in a session. Beginning the first day of classes, undergraduate students are required to contact their college/school for facilitate the withdrawal process. For more information, see <a href="https://students.asu.edu/forms/withdrawal">https://students.asu.edu/forms/withdrawal</a>	Session A October 11, 2019	Session B December 6, 2019	Session C December 6, 2019
Classes End/ Last Day to Process Transactions	Session A October 11, 2019	Session B December 6, 2019	Session C December 6, 2019
Study Days	Session A N/A	Session B N/A	Session C December 7-8, 2019
Final Exams	Session A Last day of classes	Session B Last day of classes	Session C December 9-14, 2019
Final Grades Due	Session A October 14, 2019	Session B December 9-16, 2019	Session C December 9-16, 2019
Commencement Ceremony - (Graduate and Undergraduate) <a href="https://graduation.asu.edu/">https://graduation.asu.edu/</a>	December 16, 2019		
Degree Conferral Date	December 16, 2019		
Grade Replacement/Academic Standing Processing	December 17-18, 2019		
Holiday Break <i>Classes excused/University closed</i>	December 24-25, 2019		

\* See Residential Life for designated move in dates.

\*\* Late Registration fee of \$50 assessed.

\*\*\* Classes start on Thursday 8/22/2019 in order to fully comply with ABOR contract hour requirements

## Admission and Registration

### Admission/Readmission

#### Undergraduate admission/readmission:

[admission.asu.edu/freshman](https://admission.asu.edu/freshman)  
[admission.asu.edu/transfer](https://admission.asu.edu/transfer)

#### Graduate admission/readmission:

[admission.asu.edu/graduate](https://admission.asu.edu/graduate)

#### Sandra Day O'Connor College of Law:

[law.asu.edu](https://law.asu.edu)

Students with an advising hold on their student account must meet with an academic advisor before submitting a registration request.

#### Nondegree undergraduate admission:

[admission.asu.edu/undergrad/nondegree](https://admission.asu.edu/undergrad/nondegree)

Nondegree undergraduate students may enroll in up to eight credit hours each fall or spring semester, seven credit hours each five-week summer session, and nine credit hours in the eight-week summer session. Nondegree students may apply up to 15 credit hours to an undergraduate degree program at ASU. A student may not register in nondegree status after being admitted to a degree program.

#### Nondegree graduate admission:

[admission.asu.edu/graduate/nondegree](https://admission.asu.edu/graduate/nondegree)

A graduate student admitted to an ASU master's or doctoral degree program may apply up to 12 nondegree graduate credit hours taken prior to admission to their program.

### Registration Procedures Overview

[my.asu.edu](https://my.asu.edu)

- Step 1: Log into My ASU to view your online Registration Dates. A registration date is the date/time that you may begin to register for classes. You may register online or in person anytime after your assigned registration date begins through the end of the drop/add period.\*
- Step 2: Check for registration holds on My ASU. If you have an academic advising hold, plan to meet with your academic advisor well before your Registration Date occurs.
- Step 3: Review degree and catalog requirements.
- Step 4: Review your Major Map on My ASU (undergraduate students only).

Step 5: Search for available classes using the Class Search at [my.asu.edu](https://my.asu.edu).

Step 6: Register for classes at [my.asu.edu](https://my.asu.edu) or in person at any registrar location <https://students.asu.edu/contact/office-university-registrar>

Step 7: Pay tuition. If you do not have adequate financial aid to cover tuition costs, and if you do not pay tuition by the applicable deadline, you will be enrolled in the ASU Payment Plan and assessed a non-refundable \$100 resident/\$200 non-resident enrollment fee.

\*Students may register for Fall 2019, February 21, 2019 through August 23 2019 for Session A, August 28, 2019 for session C, and October 17, 2019 for Session B. However, a \$50 late registration fee is charged beginning TBD for Session's A and C and TBD for Session B. This fee does not apply to ASU online students.

### Registration/Enrollment General Information

#### Registration Dates

All students are assigned an online **registration date** which will permit registration for the Fall 2019 semester. Students should log into My ASU to view their registration date as soon as possible.

A registration date is the date and time that a student may begin registering for the next semester. Students may register in person or online anytime after the assigned registration date begins, through the end of the drop/add period.

If you are an entering freshman in the Fall semester, your registration date will be the date of your orientation program. If you are not an entering freshmen, and you do not have a registration date assigned, contact the University Registrar Services at 480.965.3124.

#### Building Your Class Schedule

ASU's registration system will allow you to search the Schedule of Classes/Class Search and build a Fall class registration request. You can save that plan (shopping cart) and then later return to it. When you return, you will be able to see if the class status has changed since you built and saved the plan. You can view the online Schedule of Classes/Class Search via My ASU ([my.asu.edu](https://my.asu.edu)). The Fall 2019 Schedule of Classes is available February 18, 2019.

## Registration, cont.

### Submitting Your Registration Request

Once you have submitted your schedule request, you will be able to immediately see which courses were successfully added to your schedule. **Note: You may choose to audit a course in which case you attend and participate in the class but do not earn credit. Be sure to obtain instructor's approval before registering and paying fees. Refer to your catalog and see your academic advisor for additional information about audit enrollment.**

### Drop/Add

Anytime after you have a class schedule, you will be able to drop and add courses via My ASU or in person at any registration location through the published drop/add deadline. During this period, you may drop one or more (but not all) scheduled classes. Classes that are dropped do not appear on the student's transcript. A student who wishes to withdraw from his/her last course during the drop/add period must process a complete withdrawal. Colleges or departments may require approvals before a student can add specific classes.

### Swap

You can use the swap feature when you want to ensure that you do not drop a class you are already registered for until you have successfully added a replacement class.

### Registration Holds

You will be able to view a list of holds that will prevent registration. Items that can prevent you from registering are: unpaid fees, academic advising requirements, immunizations, etc. Do not delay your ability to get the classes you want. Take care of your University business now to eliminate any holds.

### To Dos

You will be able to view a list of your To Do items. To Do items display tasks you need to complete, such as completing a financial aid form. To Do items do not restrict registration. However, if you do not accomplish an open To Do item, it can become a Hold on your record. Follow the instructions or contact the appropriate person to make arrangements to complete each pending task as soon as possible.

### Registration Locations

Tempe campus	West campus	Polytechnic campus	Downtown Phoenix campus
Student Services Bldg, Room 140	University Center Bldg, Room 120	Administration Bldg	University Center Bldg, Room 166
480.965.3124	602.543.8203	480.727.1142	602.496.4372
Monday - Friday 8:00am - 5:00pm			
<p><b>Offices are closed in observance of the following holidays:</b></p> <p>Labor Day—September 2, 2019                      Veteran's Day—November 11, 2019                      Thanksgiving—November 28-29, 2019                      Holiday Break—December 24-25, 2019</p>			

**A photo ID is required to process transactions in person.**

In order to process any registration transaction in a student's absence, a third party must present their photo ID and written authorization signed by the student. A Registration by Proxy Form for a third party must present their photo ID and written purpose is available on the web at [students.asu.edu/forms/registration](https://students.asu.edu/forms/registration) or at any University registration site.

### Measles Immunization Policy

Arizona State University requires new freshman, transfer, and graduate students to submit proof of two doses of MMR—Measles (Rubeola), Mumps and Rubella (German Measles). This is a mandatory requirement for all college students born on or after January 1, 1957. You will not be permitted to register, add, or drop classes without having met this requirement. If you cannot locate your documentation, the MMR vaccinations and lab test are available for a minimal fee at ASU Health Service.

One of the following may be used as documentation:

- Documentation of two MMR vaccines (one of which must be dated after 1979), first dose given at 12 months or older and the second dose given at least 28 days apart.

## Registration, cont.

### Measles Immunization Policy, Cont.

- Documentation by a physician of having had Rubeola, Mumps and Rubella diseases.
- Documentation of a positive lab test showing immunity to **RUBEOLA IgG (Measles=Hard measles/10 day measles) or MMR IgG.**

When submitting your documentation, please include the cover page that can be found at <https://eoss.asu.edu/health/immunization>

#### Mail, Fax or Email to:

IMMUNIZATION DEPARTMENT      **FAX#:** 480-965-8914  
 ASU Health Service                **Phone#:** 480-965-8177  
 Arizona State University        **Email:** immunizations@asu.edu  
 P.O Box 872104  
 Tempe, AZ 85287-2104

### Advising

Admitted students have an academic advising team that assists them in setting personal and academic goals, understanding policies and creating strategies for staying on track towards graduation. Undergraduate students should contact an academic advisor in the college or school of their major for advising and information about their academic program and curricular requirements. Many programs require academic advisement prior to registration for classes.

Students may visit MyASU to learn their current academic advising office assignment, and for information on how to make an appointment with an advisor. For additional information regarding general academic advising for all ASU departments visit <https://students.asu.edu/academics>

### Instructor-Initiated Drop Option

The instructor of a course has full authority within departmental or other higher-level policies to decide whether or not class attendance is required. During the second week of classes in Fall or Spring, or the first four days of each Summer Session, the instructor can drop a student for non-attendance. In classes which are full, this will allow accommodation of other students requesting the class and help instructors avoid excessive

overrides. Instructor-initiated drops for non-attendance must be based upon concrete evidence of non-attendance and be signed by the Dean or Dean's Designee in the college offering the course. The college will notify the student by mail at the student's currently posted local address. Nothing in this policy contradicts any other policy regarding attendance, religious holidays, or the student's responsibility to notify the instructor in case of absences.

**Note: Students should be aware that non-attendance will not automatically result in being dropped.** Instructors have the right to exercise this option at their discretion. It is also the student's responsibility to contact the instructor before the end of the first week of classes if absences during that period cannot be avoided.

### Withdrawal Policy

#### Course Withdrawal

After the drop/add period and up to September 11, 2019 for Session A, November 5, 2019 for Session B and November 6, 2019 for Session C, a student may withdraw from any course with a grade of "W". Withdrawals may be initiated online using My ASU or in person at any registration site. Courses with alternate begin and end dates may have an adjusted withdrawal schedule. Courses from which the student withdraws will remain on the student's transcript with a grade of "W". Any appropriate refunds are issued based on the published Refund Schedule and the date of the withdrawal. To determine whether you will be eligible for a refund after withdrawing, contact Student Accounts at 1-855-278-5080. It is the student's responsibility to initiate a withdrawal if unable to attend a class. Failure to do so will result in a grade of "E" being assigned for the class. Although students who do not attend class during the first week of a term may be administratively dropped from the class, such withdrawal is at the discretion of the instructor. In special circumstances, a medical withdrawal or academic record change may be authorized by the Dean of an academic unit if the student petitions for the change and presents documentation of reasons for being unable to attend the class. Please note academic record changes can only be requested after the semester has ended. It is the student's responsibility to petition for such change if appropriate.

#### Complete Withdrawal

A student may withdraw from all of his or her classes (the student will no longer be enrolled in any classes for the specified semester) through the transaction deadline or the last day of classes for

## Registration, cont.

any semester. A grade of “W” is awarded for each class from which the student withdraws. The complete withdrawal deadline is October 11, 2019 for Session A, and December 6, 2019 for Sessions B and C. Beginning the first date of the semester, undergraduate students are required to request a complete withdrawal in person. Making a complete withdrawal from the University is a difficult decision, and ASU has many resources in place to help. Because there may be serious academic and financial consequences to processing a complete withdrawal, you should view complete withdrawal as a final resort. You are encouraged to meet with your academic advisor to explore alternatives.

**Note: A student may not avoid any penalty for academic dishonesty by withdrawing from a course. A student may be reinstated to a course to receive a penalty of a reduced or failing grade, or XE. Remember:** If you have financial aid or scholarships, be sure you understand minimum credit hour requirements for maintaining those awards.

### Military Withdrawal

To completely withdraw due to military activation, immediately contact the Pat Tillman Veterans Center. For all campuses, email the Military Advocate at [MilitaryAdvocate@asu.edu](mailto:MilitaryAdvocate@asu.edu) to determine whether the call to active duty qualifies for [ASU's Military Activation Policy](#). For example, students reporting to “boot camp” or required training may not qualify for this policy. Students who qualify will receive some regulatory relief in the recalculation of financial aid and the calculation of tuition and fee charges. Students are also given options regarding their academic records, e.g., complete withdrawal, incomplete grades, etc.

### Financial Assistance Withdrawal Policy

Circumstances may necessitate complete withdrawal from the University. For financial aid, a complete withdrawal from the full term or any individual session can affect financial aid eligibility. The outcome of a complete withdrawal on your financial aid depends on when the complete withdrawal is initiated and the types of financial aid you received. In all cases, Financial Aid and Scholarship Services must calculate a “Return of Title IV Funds” to determine if you were enrolled long enough to keep the aid paid to you. Any time you stop your enrollment (i.e., withdraw, drop, stop participating in classes or receive a combination of all EN, E or W grades in a session or term) before the end of the term, you may need to return some of the financial aid you received. Please note that federal and institutional financial aid will be reduced/canceled, excluding Federal Work Study and Employee waivers, for course credits assigned an EN grade ([failure to participate](#)).

If you are considering withdrawing, please contact [Financial Aid and Scholarship Services](#) and request to speak with a financial aid counselor to understand the impact on your financial aid. Be sure to review [Withdrawing as a Financial Aid Recipient](#) for more information.

### Official Complete Withdrawal

Federal regulations require the recalculation of Title IV financial aid in cases where a student received financial aid and officially withdrew on or before the point which 60% of the semester has lapsed. If a return of aid is required, ASU returns the unearned portion of Title IV financial aid funds to the Federal Programs on behalf of the student. Any return of financial aid funds made by the University will be charged to the student's University account. Payment to the University will be due on demand. Title IV funds include the Federal Pell Grant, the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Perkins Loan, the Leveraging Educational Assistance Partnership (LEAP), the Academic Competitiveness Grant (ACG), the Science and Mathematics Access to Retain Talent Grant (SMART), the Federal Teach Grant, the Iraq and Afghanistan Service Grant, the Federal Direct Subsidized and Unsubsidized Student Loans and the Federal PLUS Loan. Federal Work Study earnings and non-Title IV aid are not included in this formula. However, the student may not continue to work under the Federal Work Study program after their official date of withdrawal.

## University Testing Requirements

All new, transfer, or readmitted undergraduate students must meet one of the following testing requirements:

- Take the ACT English, SAT verbal examination, WritePlacer Plus section of the ACCUPLACER, TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), or PTEA (Pearson Test of English Academic) and have scores submitted to ASU.
- Receive a score of 4 or 5 for the advanced placement examination in English offered by the College Entrance Examination Board and have scores submitted to ASU.
- Take the CLEP College Composition exam, earning a score of 50 that qualifies for placement into ENG 105 and elective credit (3). ENG 101 (3) for students who already have credit for ENG 102.
- Have previously taken or be currently enrolled in WAC101, WAC107, ENG101, ENG102, ENG105, ENG107, or ENG108 at ASU. If the course was taken at ASU before 1980, contact the Records and Enrollment Services Office in SSV140 or at 480.965.3124, before registering for classes.
- Transfer a course equivalent to ENG101, ENG102, ENG105, ENG107, or ENG108 with a grade of “C” (2.00) or higher.

An official transcript showing the grade must be received by ASU.

## Registration, cont.

The evaluations of transfer English courses at Arizona State University has been centralized and all evaluations will be processed through the new Transfer Credit Guide. All transfer students should visit [www.asu.edu/transfercredit](http://www.asu.edu/transfercredit) to request an evaluation of transfer course work. Any questions regarding the evaluation process should be sent to [articulation@asu.edu](mailto:articulation@asu.edu).

### Placement Exams

#### A. First-Year Composition

Placement in First-Year Composition courses (WAC101 or WAC107 followed by ENG101 or ENG107 the next semester, or ENG101, ENG105, or ENG 107) is determined by the score earned on the ACT English, SAT Verbal Exam, Accuplacer, TOEFL, IELTS, or PTEA exam (see table). Multilingual students are not required to take multilingual sections of first-year composition courses (WAC107, ENG107, and ENG108). They have the option of taking mainstream composition courses (WAC101, ENG101, and ENG102). If students enter the university without taking an acceptable placement exam, the Accuplacer may be taken on campus at the University Testing and Scanning Services, located at 1130 E. University Dr. Suite 204 in Tempe, at regularly scheduled times. Contact the UTSS at 480.965.7146 to make an appointment.

Multilingual students who have taken the IELTS or PTEA exam should contact the Writing Programs Office at [writingprograms@asu.edu](mailto:writingprograms@asu.edu) or 480-965-3853 for assistance with registration.

Students who have taken the Advanced Placement Exam in English offered by the College Entrance Examination Board, the International Baccalaureate English A Exam, or the CLEP College Composition Exam, should visit the Credit by Exam Search section of the Transfer Credit Guide at <https://webapp4.asu.edu/transfercreditguide/app/searchbyexam> or information about placement into first-year composition courses.

#### B. Mathematics Course Placement Exams

Arizona State University requires the **Math Placement Test** to assess a student's prerequisite knowledge for placement into several mathematics courses up to and including first semester calculus. The instrument used for testing is a powerful assessment tool with artificial intelligence that zeros in on the strengths and weaknesses of a student's mathematical knowledge, reports placement score to the student and then, if necessary, provides

the student with a learning environment for bringing this knowledge up to an appropriate level for the desired course

Placement in First-Year Composition will be determined as follows:	
Exam Score:	Register For:
SAT Verbal 460 and below	WAC101 or WAC107
SAT Read/Wrote 510 and below	WAC 101 or WAC 107
ACT English 18 and below	WAC101 or WAC107
TOEFL 550PBT / 213CBT / 79iBT and below	WAC107
IELTS 6.0 and below	WAC 107
PTEA 56 and below	WAC 107
SAT Verbal 470-610	ENG101 or ENG107
SAT Read/Write 520-650	ENG 101 or ENG 107
ACT English 19-25	ENG101 or ENG107
TOEFL 560PBT / 220CBT / 83iBT and above	ENG101 or ENG107
IELTS 6.5 and above	ENG 107
PTEA 56 and above	ENG 107
SAT Verbal 620 and above	ENG105
SAT Read/Write 660 or above	ENG 105
ACT English 26 and above	ENG105
Accuplacer score 4 or below	WAC101 or WAC107
Accuplacer score 5, 6, or 7	ENG101 or ENG107
Accuplacer score 8	ENG 105

placement by retaking the Math Placement Test.

All incoming students must complete the **Math Placement Test** prior to enrollment unless they have transferred an equivalent prerequisite course. The time limit to finish the assessment is 2 hours.

## Registration, cont.

### Veterans Educational Benefits

Veterans and eligible dependents must apply for veterans educational benefits and then verify their status with the Pat Tillman Veterans Center as soon as possible with each new semester. Distance Learning classes have veterans education benefit restrictions. Veterans cannot collect benefits for audited classes.

All Campuses
Pat Tillman Veterans Center Tempe Campus Memorial Union, Lower Level, Room 75
480.965.7723

### Student Identification

#### ASU Sun Devil Card Services

Arizona State University requires all on-campus and extended campus students to obtain an official ASU ID card. Online students are required to have an approved photo on file with Sun Devil Card Services. On-campus students may choose between the Pitchfork ID Card offered by MidFirst Bank<sup>1</sup> or the basic Sun Card. The Pitchfork ID Card is an official ASU student photo ID and a Visa check card linked to a Sun Devil checking account. Both the Pitchfork ID Card and the basic Sun Card act as official university IDs and cost \$25\*, which may be paid with MasterCard®, Visa® or through the student’s university account. As proof of identity, students need their ten-digit ASU ID number and a legal photo ID – driver’s license, military ID, passport, etc. – to obtain their ID card. Email [sundeilcardinfo@asu.edu](mailto:sundeilcardinfo@asu.edu) or visit [cardservices.asu.edu](http://cardservices.asu.edu) for more information. Both the Pitchfork ID Card and the basic Sun Card contain an iCLASS® chip that allows easy access into classrooms and residence halls without the use of a key.

Do not punch holes in your card, or you will damage your card’s functionality.

The Pitchfork ID Card and the basic Sun Card can both be used for a variety of services.

Card Uses	Pitchfork ID MasterCard®	Basic Sun Card
Official ASU Student ID	*	*
Access to secure buildings	*	*
Access for meal plans**	*	*
Access for Maroon & Gold Dollars**	*	*
Access to Sun Devil Fitness Complexes	*	*
Access to academic advising	*	*
Access for exam identification	*	*
Access to library and check out	*	*
Accepted at Visa® locations worldwide	*	
Pay for campus health services	*	
Pay for campus parking services	*	
Pay for Sun Devil Campus Stores items	*	
Comes with Sun Devil checking   Free to ASU students	*	
Free ATMs nationwide, including MidFirst ATMs on campus	*	

\*The \$25 fee for your card was included in your enrollment deposit. If you need to replace your Pitchfork ID Card or basic Sun Card, a \$25 fee will apply. All rules for obtaining a replacement ID card may be found at [carservices.asu.edu](http://carservices.asu.edu).

\*\* Maroon and Gold Dollars and meal plans are administered by Sun Devil Dining. Call 480-727-DINE (3463) or visit [sundeildining.com](http://sundeildining.com)

<sup>1</sup>Member FDIC

# Tuition and Fees

## Admission Application Fees

Admission application fees are nonrefundable and must be paid at the time of application. These fees are subject to change.

## Fall 2019 General Tuition\*

General tuition, program-specific tuition, special class fees and mandatory registration fees are set annually by the Arizona Board of Regents. Visit the following websites for more information.

- General tuition and mandatory registration fee information— [Tuition and Fees](#)
- Program-specific information— [ASU cost Calculator](#)

Special class fees can be viewed online at the time of class registration

By registering for classes you agree to pay all applicable tuition and registration fees.

\*All amounts presented in any University publications or web pages represent tuition and fees as currently approved. However, Arizona State University reserves the right to increase or modify tuition and fees without prior notice, upon approval by the Arizona Board of Regents or as otherwise consistent with Board policy and to make such modifications applicable to students enrolled at ASU at that time as well as to incoming students. In addition, all tuition amounts and fees are subject to change at any time for correction of errors.

## Tuition Billing

Tuition charges will be billed on your student account and may be viewed online through [My ASU](#) after registration. From My ASU, select the “Finances” link on the upper left side.

**By registering for classes you agree to pay all applicable tuition and registration fees.**

If tuition is not paid by the applicable tuition due date, or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the ASU Payment Plan and charged a non-refundable enrollment fee of \$100 for resident students and \$200 for non-resident students. For students with accepted financial aid sufficient to cover tuition charges, financial aid will automatically pay tuition charges and no action is necessary. For students with accepted financial aid insufficient to cover tuition charges, payment in full is required by the due date to avoid automatic enrollment in the ASU Payment Plan. Refer to [Tuition and Billing Calendar](#) for your specific tuition payment due date.

## Online Billing

Online billing provides reliable and secure access to billing statements any time of day from anywhere in the world along with immediate access to current account information. To view and pay your charges, login to [My ASU](#), select the link “Finances” on the upper left side, then click “Make a Payment”. Online billing statements are also available through QuikPAY by clicking “View Account”. Students are responsible to review their ASU e-mail account for notification of billing statements and to login to their student account on My ASU for current billing information. **Billing statements are not mailed.**

Students may authorize others to view and pay their ASU student account through QuikPAY. Log in to [My ASU](#), select the “Finances” link on the upper left side, then click “Make a Payment”. Once directed to QuikPAY select Authorized Payers from the left windowpane and enter the requested information for each person to be authorized on the account. Authorized Payers must have a valid email account.

## eCheck Payments

eChecks are ASU’s preferred payment method and are accepted online with no service charge or additional cost to the student. Make eCheck payments on QuikPAY by logging in to My ASU ([my.asu.edu](http://my.asu.edu)), select the “Finances” link on the upper left side, then click “Make a Payment” to be directed to the online payment processor. eChecks are a fast and simple payment method that can be made from regular U.S. checking and savings accounts in U.S. dollars. Checks issued from money market accounts, credit card companies, mutual funds, brokerage accounts, home equity or other lines of credit cannot be processed as an eCheck. Additional information is available at [Payment Options](#).

# Tuition and Fees, cont.

## Credit Card Payments

ASU does not directly accept credit or debit card payments for tuition or other student account charges. The University has arranged for a third-party processor to accept Visa, MasterCard, Discover, and American Express credit and debit card payments online. The processor will charge a 2.4% service fee for credit and debit card payments in addition to the ASU payment amount. The service fee is not paid to ASU and is non-refundable, even if related payment to ASU is refunded. Credit and debit card payments may be made on QuikPAY by logging in to My ASU [My ASU](#). Click on the “Finances” link on the upper left side, then click “Make a Payment” to be directed to the online payment processor. Credit and debit card payments are not accepted by mail, in person, or over the phone.

## International Payments

ASU has partnered with Flywire to offer a streamlined and cost effective payment method for you to make international payments to ASU through QuikPAY. Initiate your international wire transfer payment at least one week before the applicable due date to ensure timely receipt.

## Personal Checks

Checks payable to Arizona State University and without restrictive endorsement are generally acceptable. Mail checks to Cashiering Services, Arizona State University, PO Box 870303, Tempe, AZ 85287-0303. Include your ASU ID number. Check payments should be mailed at least two weeks prior to the applicable tuition due date to avoid automatic enrollment in the ASU Payment Plan. Check payments are also accepted in person at all campuses. **See Tuition Hours and Locations on page 14.**

## Residency Classification

Residency (tuition) status is determined at the time a student submits an application for admission to the University. Non-resident students who feel they qualify for resident tuition status must submit a completed residency petition no later than the last day of regular registration. For general information about the residency requirements, consult the ASU General Catalog or the web at [students.asu.edu/residency](http://students.asu.edu/residency). The residency petition is a complex process and you are encouraged to petition early. You are advised to submit the online residency petition, required supporting documentation, and your receipt for the \$50.00 non-refundable petition fee to the Residency Classification Office by the appropriate deadline date. The deadline for submitting a residency petition for Fall 2019 is August 28, 2019. Failure to petition by this deadline constitutes a waiver of the student’s rights for requesting residency reclassification or appeal for the current semester.

## Citizenship or Lawful Presence Requirement

Arizona law requires that students who are seeking consideration for in-state tuition status or aid that is funded in part or in whole by state money to provide verification of citizenship, permanent residency or other lawful immigration status. Most students will be able to be verified through automatic processes such as the financial aid application ([FAFSA](#)). Students choosing to go through the FAFSA process should be verified no later than the beginning of July for the Fall term, December for the Spring term and May for the summer term. If the FAFSA has not cleared the verification requirement by the recommended month it is highly possible that documentation is still required.

## Veterans Educational Benefits

Veterans and eligible dependents must apply for veterans educational benefits and then verify their status with the Pat Tillman Veterans Center as soon as possible with each new semester. Distance Learning classes have veterans education benefit restrictions. Veterans cannot collect benefits for audited classes.

## Tuition and Fees, cont.

### ASU Payment Plan

The ASU Payment Plan provides students with the option to budget payment of certain eligible university charges over several months. Eligible charges are tuition, housing, meal plan, parking decals and health insurance. Students may enroll themselves in the plan through [My ASU](#) or they will be automatically enrolled if tuition charges are not paid in full by the applicable due date. There is a per-semester non-refundable fee of \$100 for resident students and \$200 for non-resident students. For additional information, please visit [ASU Payment Plan](#). Please note, the enrollment fee is non-refundable, even if the student withdraws from classes.

All students are eligible to enroll in the ASU Payment Plan after they register for classes. Once a student enrolls for classes, he or she will not be withdrawn from classes during the current semester for non-payment. Students must withdraw from classes if they decide not to attend. If students enrolled in the plan do not make scheduled payments, monthly late fees will be assessed until the account is brought current on payments, registration in future semesters will be blocked, and access to other University services, such as official transcripts and diplomas, will be withheld.

### Tuition Payment with Financial Aid

Financial aid is posted to your student account and used to pay tuition and other student account charges, with any excess financial aid immediately refunded to you. Any institutional charges incurred after financial aid disbursement are the student's responsibility to pay by the due date. Financial aid awards generally only pay charges in the semester for which the aid is intended, and you may be refunded excess financial aid for one semester and still have a balance owed for another semester. If you receive a refund, ensure that all charges have been paid by logging in to My ASU [My ASU](#) and select the "Finances" link on the upper left side.

For students with accepted financial aid sufficient to cover tuition charges, financial aid will automatically pay tuition charges and no further action is necessary. Students with unpaid tuition charges in excess of pending aid will be automatically enrolled in the ASU Payment Plan.

**Note: If financial aid is not awarded and accepted by the tuition due date, tuition charges must be paid in full to avoid automatic enrollment in the ASU Payment Plan and assessment of the non-refundable ASU Payment Plan fee of \$100 for resident students and \$200 for non-resident students.**

By registering for classes you agree to pay all applicable tuition and registration fees. Classes are not automatically cancelled for non-attendance or non-payment.

Taxability of Scholarships and Fellowships: Scholarships, grants, fellowships and stipends (but not loan funds) are taxable income to the recipient, except for the portion of these funds used for tuition, registration, other University fees, and books, supplies and equipment required for the courses being taken. Special tax regulations also apply to non-resident alien students and may require withholding of taxes at the time of aid disbursement to these individuals. Information on the taxability of scholarships can be obtained from the following IRS publications and forms: Publication 970, Tax Benefits for Education, Pub 519-U.S. Tax Guide for Aliens, Form 1040EZ and instructions - Income Tax Return for Single and Joint Filers with No Dependents, Form 1040NR and instructions - U.S. Non-resident Alien Income Tax Return. These publications and forms can be obtained from the Internal Revenue Service at their toll free number 1.800.829.FORM or online at [www.irs.gov](http://www.irs.gov).

The Student Financial Assistance Withdrawal Policy will apply when a student receives financial aid funds and subsequently withdraws, drops out, takes an unapproved leave of absence, fails to return from an approved leave of absence, is expelled, or otherwise fails to complete the period of enrollment for which he or she was charged. **See page 8 in this handbook or online at [Financial Aid Payment](#).**

Students with loans who would like to cancel or reduce their loans must inform the Student Financial Assistance Office in person within 14 days of the disbursement.

## Tuition and Fees, cont.

### Tuition Payment with Prepaid or College Savings Plans

Prepaid or College Savings Plan payments made payable to Arizona State University are generally accepted. Mail checks to Cashiering Services, Arizona State University, PO Box 870303, Tempe, AZ 85287-0303. Include the student's ASU ID number. Prepaid or College Savings Plan payments should be mailed at least two weeks prior to the applicable tuition due date to avoid automatic enrollment in the ASU Payment Plan and assessment of the non-refundable payment plan fee. Notification to Arizona State University of pending payments by the Prepaid or College Savings Plan does not exempt a student from automatic enrollment in the ASU Payment Plan and assessment of the non-refundable payment plan fee.

### Sponsorship by ASU Approved Governmental and Third-Party Agencies

Submit sponsorship authorization in person at the Student Accounts Office, by fax to 480.965.9242, or by e-mail [sponsorbilling@asu.edu](mailto:sponsorbilling@asu.edu). Failure to do so by the tuition payment deadline will result in automatic enrollment in the ASU Payment Plan and assessment of a non-refundable enrollment fee of \$100 for resident students and \$200 for non-resident students. An acceptable letter of authorization must be submitted to the Student Accounts Office by **August 25, 2019**.

A **per semester** Sponsored Tuition Fee will be assessed to each sponsored student. Sponsored students are responsible for all tuition, fees, and late charges if the sponsoring agency fails to pay by the due date of the invoice. Questions about third party sponsorship may be directed to the Student Accounts Office. For additional information please visit <https://students.asu.edu/thirdpartysponsorships>.

International students who are required to carry student health insurance and are using coverage through their sponsor must receive approval from ASU Campus Health Services by e-mailing [insurance@asu.edu](mailto:insurance@asu.edu).

### Qualified Tuition Reduction Program

A Qualified Tuition Reduction Program is available to faculty and staff who are employed at least 50% time within the state University system, and to their spouses and dependent children. Employees must complete the Qualified Tuition Reduction Form every semester they attend, which can be obtained at Human Resources, the Student Accounts Office, or online at [HR Forms under Tuition Reduction Program](#). The completed form may be submitted to Student Accounts (Tempe Campus), Student Services Building Room 230, or at the West, Polytechnic, or Downtown Phoenix campus Cashiering Offices. The form may also be faxed to 480.965.9242 or emailed to [tuitionreduction@asu.edu](mailto:tuitionreduction@asu.edu). The Qualified Tuition Reduction Program does not cover 100% of your tuition and fees. The outstanding portion of the tuition and fees will be billed on your student account and should be paid by the due date to avoid late fees. **Please submit early.**

## Tuition and Fees, cont.

Non-residents are not eligible for the Qualified Tuition Reduction Program. Please contact Residency Classification at 480.965.7712. Residency processing can be time-consuming, so apply early. You must be employed on the first day of the semester to be eligible for the Qualified Tuition Reduction Program. The Qualified Tuition Reduction Form must be processed by the Student Accounts Office on or before the first day of the session to qualify for reduced tuition. Forms submitted after the first day of the session will not be accepted and you will be held responsible for the full tuition and fees.

### Graduate Assistants

Students identified as Research and Teaching Assistants receive tuition assistance if they meet employment and class enrollment requirements. RA/TA remissions do not cover 100% of tuition and fees. If eligible for a remission, the remaining tuition and fees will be billed on your student account with a **August 25, 2019** due date.

### Differential Tuition and Program Tuition

Certain graduate, undergraduate, colleges and programs assess additional differential tuition and program tuition which differs according to college and/or program. Contact your program advisor for details on these fees or see the [Tuition Estimator](#).

### Excess Hours Tuition

The Arizona Legislature enacted legislation in 2005 (A.R.S. § 15-1626) that establishes credit hour thresholds for undergraduate students who attend a public university in Arizona. Undergraduate students who enroll for credit hours beyond the applicable threshold of 145 hours are required to pay a tuition surcharge. The tuition surcharge is billed in addition to tuition, program tuition, mandatory fees and class fees. Please see the [Tuition and Fees](#) website for additional information.

### Special Class, Hybrid, ocourse and icourse Fees

Special class, hybrid, ocourse and iCourse fees are assessed based on enrollment in specific classes. Class fees are published with each class through [class search](#).

### Financial Aid Trust Fee

All students are assessed a mandatory financial aid trust fee as authorized by the Arizona Legislature to create a Financial Aid Trust Fund, from which Financial Aid Trust Grants are awarded under the usual aid eligibility criteria. Fees collected from students are matched by the State of Arizona. See the [Tuition and Fees Schedule](#) for additional information.

### Technology Fee

All students are assessed a mandatory technology fee as authorized by the Arizona Board of Regents to fund technology initiatives and improve access on all campuses. See the [Tuition and Fees Schedule](#) for additional information.

### Student Programs Fee

All students are assessed a mandatory student programs fee as authorized by the Arizona Board of Regents to provide funding for new or enhanced facilities and student support programming. See the [Tuition and Fees schedule](#) for additional information.

### Recreation Fee

All students are assessed a recreation fee allowing access to recreation facilities on all four ASU campuses. See the [Tuition and Fees Schedule](#) for additional information. Faculty/staff who are attending classes and all online students are not assessed the recreation fee. Please contact the Student Recreation Complex at 480.965.8900 for information on how to become a member.

## Tuition and Fees, cont.

### Health and Wellness Fee

All students are assessed a health and wellness fee as authorized by the Arizona Board of Regents to enhance services for students who seek both preventative and acute care and to expand outreach and wellness education and services.

### Student Service Facility Fee

All students are assessed a Student Services Facility Fee as authorized by the Arizona Board of Regents to provide funding for new and enhanced student service facilities. See the [Tuition and Fees Schedule](#) for additional information.

### Student Athletic Fee

The Student Athletic Fee will fund reinvestment in academic support areas, strengthen undergraduate and graduate academic experiences, and enhance student engagement in athletics, including access to Sun Devil Athletics sporting events and enhanced game day experiences in Sun Devil Stadium, Wells Fargo Arena and other athletic venues. This fee was initiated and supported by Undergraduate Student Government and the Graduate and Professional Student Assembly.

### Resident Surcharge Fee

The Resident Surcharge Fee is a per semester fee assessed to resident students during the 2019/2020 school year. The Resident Surcharge Fee will partially offset state budget reductions to maintain and achieve current academic goals and standards.

### Late Registration Fee

All students who register for Sessions A & C on **August 14, 2019** and after, will be **assessed a late registration fee of \$50.00**. For Session B, students who register after **October 8, 2019** will be assessed the late registration fee. Registration after the published deadline may be permitted under extraordinary circumstances if approved by an authorized College designee. Late registration fees are not refundable.

### Tuition Receipt

For students requiring tuition receipts for insurance, reimbursement, or other reasons, login to [My ASU](#) and select the "Finances" link on the upper left side, then click the Tuition Receipt link. For in person assistance or additional documentation,

see campus locations under "Tuition Payment Hours", page 14.

### Delinquent Financial Obligations

Students with delinquent accounts will not be allowed to register for classes or obtain official transcripts or diplomas. The University reserves the right to involuntarily withdraw students with severely delinquent accounts from current semester courses. University billings not paid by the due date are subject to monthly late charges beginning 30 days past due and continuing monthly until paid in full. The monthly late charge for past due balances between \$20-\$50 is \$5, for balances between \$51-\$400 is \$10, for balances between \$401-\$1,000 is \$25, for balances between \$1,001-\$3,000 is \$50, for balances between \$3,001-\$5,000 is \$75, and for balances greater than \$5,000 is \$100. Former students with outstanding charges may be referred to an outside collection agency with late fee assessment continuing monthly until paid in full.

### Returned Checks

A \$25 fee is assessed for returned checks and eChecks. Students with multiple returned checks or eChecks are subject to a permanent registration hold requiring advanced payment in secure funds prior to registration or access to other University services.

### Student Health Insurance

**Eligibility:** Group Health insurance is available to:

- **Undergraduate students** registered for at least six units or have a consortium agreement to take courses at another qualified college with an overall credit hour total of at least six units
- **Graduate students** enrolled in degree or certificate programs, and taking at least three credit hours or one dissertation/thesis hour

Graduate, Teaching or Research Assistants who are offered insurance as part of their employment must enroll in the insurance, enrollment is not automatic.

- **International student** enrollment in Student Health Insurance is mandatory and the cost of insurance is automatically

## Tuition and Fees, cont.

added to registration fees. Waiver exception may be available. For additional information or waiver application <https://eoss.asu.edu/health/resources/international>.

**Student Health Insurance enrollment** is available through My ASU ([my.asu.edu](http://my.asu.edu)) by selecting Campus Services, Health and Wellness Resources. Once enrolled for Student Health Insurance, you will be automatically re-enrolled into the plan each subsequent semester once you have registered for classes. The premium will be billed to your student account.

Coverage may be added or dropped through the first 2 weeks of each semester/session. Complete withdrawal from the University on or before the end of this two week period may not result in automatic cancellation of student health insurance. To cancel or add insurance prior to the end of open enrollment, go to MyASU under Campus Services, Health & Wellness Resources. The insurance **cannot** be cancelled if complete withdrawal from the University occurs after this two week period or if the insurance has been utilized. You may also direct questions and concerns to [insurance@asu.edu](mailto:insurance@asu.edu).

Additional information about coverage, eligibility, cost, payment options and coverage can be found at <https://eoss.asu.edu/health> or <https://www.aetnastudenthealth.com>, enter ASU.

### Institutional Refund Policy

#### Tuition and Fees

Tuition and fees are subject to a 100% refund if enrollment is officially cancelled within the refund period. In the Fall and Spring semesters, for classes eight weeks or longer, the refund period is two weeks, and for classes shorter in length the refund period is one week. Please see the [Tuition Refund Policy](#) for additional information.

Beginning the first day of classes, undergraduate students are required to work with the College of their major to facilitate the withdrawal process.

The 100% refund period is one week for sessions shorter than eight weeks and dynamically dated classes. All refunds are less any amounts owed to the University and are subject to payment holding periods. Students withdrawing for medical or other extenuating circumstances must contact their college to initiate the process. Tuition is non-refundable after the first week of these sessions/classes.

The University provides a prorated refund for students receiving financial aid; therefore, the refund schedule is the minimum amount refundable to these students. Withdrawal or cancellation occurs on the calendar day that withdrawal is processed either in person at any Registrar site or online using My ASU. See the [Financial Aid Withdrawal Policy](#) for additional information.

### Student Account Refund (Disbursement)

Financial aid is posted to your student account and used to pay University charges such as tuition, Residential Life, meal plan and health insurance fees. Refunds of excess financial aid will be processed beginning the week before classes and will continue to be processed throughout the semester. Any changes to your schedule that results in a fee increase or any other fees incurred after financial aid disbursement, will be your responsibility to pay by the due date. You may view details of your student account, including financial aid refunds, by logging into [My ASU](#) select the “Finances” link on the upper left side, and select the Refunds link.

**Note: To receive your financial aid refund beginning the week before classes, you must register for classes, complete your financial aid packet, and accept your loans at least two weeks before the semester begins. Financial aid refunds will be mailed or direct deposited to your bank account.**

Refund by direct deposit to your bank account is available and is the most convenient way to receive student account refunds. Direct deposit enrollment is available at My ASU [My ASU](#) by selecting the “Finances” link on the upper left side, and clicking “Direct Deposit” in the Financing Tasks box under “Manage Payments”. Further information is available at [Tuition and Billing](#) or in the Student Accounts Office on the 2nd floor of the Student Services Building (Tempe campus). Direct deposit enrollment must be completed a minimum of two weeks prior to your refund being issued. For students not enrolled in direct deposit, or who do not meet the direct deposit enrollment deadline, refund checks will be mailed. Keep your mailing address up to date to ensure that refund checks are received in a timely manner. View and update your address on My ASU by clicking on “My Profile” in the top-right corner. If you request a replacement check there is a \$20 per check reissue fee. **All student account refund checks will be mailed.**

## Transportation Options

For all transportation-related inquiries, including bicycling on campus, free campus shuttle services, parking permit locations and rates, Valley Metro transit passes and visitor parking, please visit the ASU Parking and Transit Services website at [parking.asu.edu](http://parking.asu.edu).

## Campus Maps

Utilizing [www.asu.edu/map](http://www.asu.edu/map) is a great resource for finding your way around any of the ASU campuses, finding public parking, wireless computing zones, buildings and facilities such as bookstores, computer labs, and more. By clicking on the link below, you can use the tabs at the top of the page to see the individual map of each location.

<p><b>Tempe campus, West campus, Polytechnic campus, Downtown Phoenix campus, Research Park, and Skysong</b></p>
<p><a href="http://www.asu.edu/map/interactive/">http://www.asu.edu/map/interactive/</a></p>

## Ombudspersons

While all faculty and staff within the University community serve to facilitate matters, the following individuals have been designated to serve as ombudspersons (impartial fact-finders and problem solvers). They have no power to reverse or change decisions but have conciliation skills to help resolve matters.

<b>Chair</b>	Paul Karoly	College of Liberal Arts and Sciences	480.965.5404
<b>Academic / Student Affairs</b>	Jeffery Banner	College of Liberal Arts and Sciences	480.965.6505
	Kaylen Cons	Student Services	480.965.5302
	Elaine Rostad	Student Services	602.496.2153
<b>For Online Students</b>	Joseph Chapman	Student Services	480.884.1609
<b>Academic Professionals Staff Personnel</b>	Richard Filley	Ira A. Fulton School of Engineering	480.727.5252
	Michelle Johnson	ASU Gammage	480.965.5062
<b>Tempe Campus</b>	Barzin Mobasher	Ira A. Fulton School of Engineering	480.965.0141
	Paul Karoly	College of Liberal Arts and Sciences	480.965.5404
	Ajith Kumar	W.P.Carey School of Business	480.965.5544
<b>West Campus</b>	Duku Anokye	New College of Interdisciplinary Arts and Sciences	602.543.6020
	Douglas Kelley	Social and Behavioral Studies	602.543.6641
<b>Polytechnic Campus</b>	Jean Stutz	College of Technology and Innovation	480.727.1234
	Ian Moulton	Integrative Sciences and the Arts	480.727.1172
<b>Downtown Campus</b>	Janet O'Brien	College of Nursing and Health Innovation	602.496.1415
	Edwin Gonzalez-Santin	College of Public Service and Community Solutions	602.496.0101
	Kevin Ellsworth	School of Letters and Sciences	480.727.7090

# University Policies

## Family Educational Rights and Privacy Act

### General Information

The federal Family Educational Rights and Privacy Act (also known as FERPA, and/or the Buckley Amendment) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

**Note: Students must provide photo identification in order to access their education records.**

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students who believe their record is inaccurate or misleading should write to the University official responsible for the record. Clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing about the request for amendment. Additional information about the hearing procedures will be provided to the student when notified of the right to a hearing.

**Note: FERPA does not address grade disputes or grievances which are pursued through other University and/or college procedures.**

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. School officials are administrators, faculty, professional staff, academic advisors, clerical or support employees, including ASU law enforcement unit personnel and ASU health staff, volunteers, a person or company with whom the University has contracted as its agent, acting with legitimate educational interest to provide a service instead of using University employees or officials (such as an attorney, auditor, collection agent, service provider); a person serving on the Board of Regents; staff in the Alumni Association and ASU Foundation offices, or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Additional exception categories may be found in SSM 107-01: Release of Student Information which is located on the web at <http://www.asu.edu/aad/manual/ssm/ssm107-01.html>

A school official has a legitimate educational interest if the interest in an education record is justified under one or more of the following conditions:

- The information or records requested are relevant and necessary to accomplish some task or determination related to the legitimate educational interest of the student;
- the official needs to review an education record in order to fulfill his or her professional responsibilities for the University;
- the task or determination is an employment responsibility or a properly assigned subject for the inquirer's determination and/or
- the task or determination is consistent with the purpose for which the records, information, or data are maintained.

**Note: A parent of a dependent student may challenge denial of access to the dependent student's record by producing the most current copy of Internal Revenue Form 1040. (Dependency is defined in Section 152 of the Internal Revenue Code.) If that form lists the student in question as a dependent, the parent**

## University Policies, cont.

will be required to sign an Affidavit of Dependency which affirms that the student is his/her tax dependent. The affidavit will be retained by the University Registrar Services and must be renewed each tax year. Upon receipt of these documents, the dependent student records will be made available to the parent as specified under FERPA.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Arizona State University to comply with the requirements of FERPA. Students are encouraged to first contact the University Registrar's Administration Office at 480.965.7302. A complaint may be filed with the Department of Education at the following address:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, SW

Washington, DC 20202

### Definitions:

**Student** is any individual formally admitted and is or has been in attendance at ASU. The term does not apply to applicants for admission, nor does it apply to persons who have been admitted but who have not registered.

**Education Record** is any record(s) directly related to a student and maintained by Arizona State University or by a party acting for the University. This includes any information or data recorded in any medium, including, but not limited to: handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

**Directory Information** (or releasable information) is general information that may be released to anyone without the consent of the student, unless the student indicates otherwise, except to the extent that FERPA authorizes disclosure without consent, including:

- Student Name
- Addresses (e.g., local, home, mailing and ASU e-mail, including directory number)

- Telephone Number(s)
- Date of Birth
- College
- Major
- Academic Level
- Dates of Attendance
- Enrollment status (e.g., undergraduate or graduate, full-time or part-time)
- Most Recently Attended Institution
- Participation in Officially Recognized Activities/Sports
- Weight/Height of Members of Athletic Teams
- Degrees, Honors and Awards Received (including Dean's List, National Merit, National Achievement, and National Hispanic Scholars)

**Personally Identifiable Information** (or non-releasable information) includes all information not defined as directory information, plus any information including directory information that the student has instructed ASU not to release. Personally identifiable information may not be released without the prior written consent of the student, except to the extent that FERPA authorizes disclosure without consent.

### Student Control of Directory Information

Students may control release of directory information by submitting the appropriate form to any University registration location.

Unless otherwise requested, a student's name, email address, academic level, college and major may appear in the directory of faculty, staff, and students on ASU's web directory. To avoid the release of directory information in the printed directory, complete the appropriate form located at [students.asu.edu/forms/withhold-directory-information-request](https://students.asu.edu/forms/withhold-directory-information-request).

## University Policies, cont.

ASU has a policy that regulates and permits the sale of enrolled student directory information only through the University Registrar's Office. Unless otherwise directed by the student, directory information is subject to sale to outside purchasers.

Students accessing education records or receiving University services must provide proof of identification.

Questions or requests for additional information may be directed to any University registration location. Additional information, including FAQ's, is available on the web at <http://students.asu.edu/policies/ferpa>.

### **ACD 401: Prohibition Against Discrimination, Harassment, and Retaliation**

Arizona State University is committed to providing an environment free of discrimination, harassment, or retaliation for the entire university community, including all students, faculty member, staff employees, and guests. ASU expressly prohibits discrimination, harassment, and retaliation by employees, students, contractors, or agents of the university based on any protected status: race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, gender identity, and genetic information.

Inappropriate conduct need not rise to the level of a violation of federal or state law to constitute a violation of this policy and to warrant disciplinary action/sanctions.

All employees, students, volunteers, contractors and agents are responsible for participation in and assisting with creating and maintaining an environment at ASU free from all forms of prohibited discrimination, including harassment and retaliation.

### **ACD 402: Romantic or Sexual Relationship Between Faculty Members and Students.**

### **ACD 815: Romantic or Sexual Relationships Between Staff/Volunteers and Students**

### **TA/RA Handbook: Prohibition of Amorous Relationships**

### **SPP 205: Nepotism and Relationships Between Employees**

No employee of the university may hire, review, supervise, direct, discipline, promote, influence, or participate in decisions involving hire, retention, supervision, promotion, evaluation or compensation of a relative or member of the employee's established household, or a person with whom the employee is in a romantic or sexual relationship.

Additionally, all employees, including Faculty, staff and volunteers as well as TA/RA's are prohibited from engaging in a romantic or sexual relationship with a student over whom they exercise, or can reasonably be expected to exercise, academic or employment authority or influence. Such authority or influence includes,

but is not limited to, employment-related decisions such as hiring, evaluation or discipline, and academic-related decisions such as grading, transfers, evaluations, formal mentoring or advising, supervision of research, employment of a student as a research or teaching assistant, exercising substantial responsibility for honors or degrees, or considering academic disciplinary action involving the student.

### **Title IX Compliance**

Title IX of the Education Amendments of 1972 protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. ASU does not discriminate on the basis of sex in the employment, education programs or activities it operates.

ASU is committed to providing an environment free from discrimination based on sex and provides a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence.

Sexual violence, sexual harassment, stalking and relationship violence have a profound impact on a victim's academic, social, working, and personal life, and negatively affects victims' friends and families, other students, co-workers, and members of the university community. To combat this complex social problem, ASU provides a variety of resources and education programs designed to prevent sexual violence and other acts of sexual misconduct, including sexual harassment, provide information about what to do when an incident has occurred, and increase awareness of campus and community resources for support and response. For information about specific resources, educational opportunities, and policies and procedures, please go to ASU's Sexual Violence Awareness and Response website at: <https://sexualviolenceprevention.asu.edu/>

### **Discrimination Complaints**

Complaints of alleged discrimination in employment and educational programs and activities on the basis of race, color, religion, national origin, sex, gender identity, sexual orientation, age, disability, and qualified veteran statuses may be referred to the offices listed on the following page for review, investigation and resolution.

### **No Retaliation**

A report of alleged discrimination can be made without fear of jeopardizing the employment or academic standing of an employee or student.

## Accommodations for Students with Disabilities

To help facilitate access to programs and services at ASU from the first day of classes, students with disabilities should use the following process:

- Register for classes on their assigned Registration Date, and
- Make sure you are registered with the DRC office
- Request accommodations from the Disability Resource Center immediately following enrollment (please note you need to request each semester).

**Note:** Some accommodations, including but not limited to: alternative print formats, (e.g., Braille, e-text, large print), interpreting services, lab materials conversions, assistive technology, and the hiring of lab assistants, may require up to one semester in preparation time.

**Returning Students:** Go to <https://eoss.asu.edu/drc>, sign into DRC Connect to request accommodations for ASU classes.

**New Students:** Go to <https://eoss.asu.edu/drc>, select DRC Connect link and submit a new student application to initiate your registration with the DRC. Make sure to use your ASURITE username and password. If you have questions, do not hesitate to contact one of our offices below.

**Contact Information:** You can reach any of our Disability Resource Center offices by utilizing the information below:

## Student Right to Know Act and Higher Learning Commission Data

As part of the federal Student Right to Know Act, institutions receiving Title IV funding are required to disclose certain information, such as completion or graduation rates of degree-seeking, full-time students entering the institution, to current and prospective students. Similarly, the Higher Learning Commission requires that institutions publish student achievement information, such as completion rates, job placement rates or other information useful for current and prospective students. In furtherance of those mandates, the following "Facts About ASU" section provides valuable consumer information about the success of ASU's students.

### Facts About ASU

Arizona State University enjoys a national reputation as a leading research institution. ASU produces more graduates than any other university in the state. Students from around the nation and the world choose ASU because of its diversity and quality of academic, student, and research programs, a beautiful campus setting, and the value of the ASU degree in today's world.

### Academic Environment

ASU offers 192 bachelor's degree programs, 207 master's degree programs, 89 doctoral programs, and one law degree program.

### Undergraduate Students

ASU enrolled 13,975 new freshmen for the Fall 2018 semester. **Of the new freshmen, 27.5% graduated in the top 10% of their high school class.** The average ACT composite score of first time full-time freshmen is 24. The average SAT combined score is 1210.

ASU enrolled 12,771 new transfer students for the Fall 2018 semester with 33.9% of the new transfers coming from community colleges in Arizona.

The graduation rate for 2013 lower division transfer students graduating in 5 years or less was 60.0%

The graduation rate for 2014 upper division transfer students graduating in 4 years or less was 71.1%

### Undergraduate Enrollment

ASU enrolled 89,898 undergraduates in the Fall 2018 semester.

Seniors (Seniors: 31,745; Juniors: 25,406; Sophomores: 17,199; Freshmen: 14,996) compose the largest class, representing more than a quarter of the student body and over a third of the undergraduate enrollment. ASU enrolled students from every state and from 111 countries in the Fall 2018 semester.

### Undergraduate Student Profile

40.3% are from ethnic minority backgrounds

5.9% are international students

The average age is 24.

### Graduate Enrollment

ASU enrolled 21,393 graduates in the Fall 2018 semester

### Graduate Student Profile

27.8% are from ethnic minority backgrounds.

20.8% are international students.

### Student Athlete Profile

For information on student athlete graduation rates, please visit the following webpage

<http://www.ncaa.org/about/resources/research/graduation-rates>

### Degrees Awarded

In 2017-2018, ASU awarded 18,178 bachelors, 6,828 masters, 692 doctoral and 276 law degrees.

The graduation rate for 2012 first time, full time freshmen graduation in six years or less was 67.7%. Information on students who transfer out from ASU is not recorded, therefore is not available.

The six-year graduation rate for 2012 first time, full-time freshmen receiving Pell grants, receiving subsidized Stafford Loans but no Pell grant, and receiving neither Pell grant nor Stafford loan was 60.1%, 62.1% and 73.7% respectively.

# University Policies

## Academic Integrity

At Arizona State University, we place great value on the research and scholarship of our students and faculty and are committed to a culture of academic integrity and scholarly ethics. We welcome you into our culture of academic excellence and integrity and hope you will help foster and promote ethical and honest behavior in connection with your scholarly work and interactions with your peers.

Academic integrity video on YouTube [1]

### What is academic integrity?

No matter what stage of your educational or professional career pursuits, acting with integrity is a cornerstone of leadership and good citizenship. Integrity is a character-driven commitment to honesty, doing what is right, and guiding others to do what is right. Arizona State University students and faculty are expected to act with integrity in their educational pursuits.

Academic dishonesty falls into five broad areas that include but are not limited to:

- Cheating on an academic evaluation or assignment.
- Plagiarizing [2].
- Academic deceit, such as fabricating data or information.
- Aiding academic integrity policy violations and inappropriately collaborating.
- Falsifying academic records.

It is important that you understand what constitutes a violation of academic integrity. The ASU community is here to help you stay informed and to provide resources to avoid these kinds of violations. Please read ASU's academic integrity policy found here and visit the student resource page found here.

Mostly importantly, if you are not sure if something is really cheating, ask your professors, academic integrity officers, T.A.s or academic advisors.

## ASU Student Honor Code

The ASU student honor code affirms the commitment of ASU students to uphold the values, principles, and ethics of academic integrity.

### Honor Code

“We, the students of Arizona State University, have adopted this code as an affirmation of our commitment to academic integrity and our participation in ethical education.

We embrace our duty to uphold ASU's Honor Code, and in light of that duty,

We promise to refrain from academic dishonesty.

We pledge to act with integrity and honesty and to promote these values among our peers. We agree to always abide by the Sun Devil Way [1] and uphold the values of the New American University [2].”

**Source URL:** <https://provost.asu.edu/academic-integrity/honor-code>

[2] <https://newamericanuniversity.asu.edu>

## Why is academic integrity important?

### *Foundational value*

Academic integrity is a fundamental value and is paramount to your success as a student. Protecting the ASU community from violations of academic integrity is everyone's responsibility.

### **Academic Integrity violations negatively impact:**

#### **You as a student**

If you cheat in a course or another academic exercise, you are taking away your opportunity to learn, develop and improve your skills, and obtain an educational degree that reflects your own academic achievements.

#### **The ASU community**

ASU is an intellectual community focused on teaching, research and the values of the New American University. The creation, transmission, sharing and applying of knowledge are central activities of the community. Cheating violates fundamental values of the university community.

#### **Future employers, clients or patients**

Cheating can hurt the people you will work with in the future. You are preparing for careers where you will provide services to others—legal, journalistic, medical, research, etc. If you do not learn how to do this work, you have cheated your future employers and clients of a knowledgeable professional.

### *Student policy*

Why is academic integrity important? video on YouTube [1]

Keon McGuire, Assistant Professor in Mary Lou Fulton Teacher College, shares why academic integrity is important. We want your time spent here at ASU to be enriching, engaging and full of wonderful educational experiences that prepare you for your future.

### **What is a violation of the academic integrity policy?**

Academic dishonesty falls into five broad areas that include but are not limited to:

1. Cheating on an academic evaluation or assignment.
2. Plagiarizing.
3. Academic deceit, such as fabricating data or information.
4. Aiding academic integrity policy violations and inappropriately collaborating.
5. Falsifying academic records.

### **What are the consequences?**

At Arizona State University, academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to appropriate grade penalties, loss of registration privileges, disqualification and dismissal. ASU strictly adheres to the academic integrity policy.

This policy sets forth the ASU Student Academic Integrity Policy and appeal procedures.

View full policy [2]

## **Additional policies to be aware of:**

### **Student Code of Conduct**

Violations of the ASU Student Code of Conduct, other than the provision concerning academic dishonesty, are more generally considered inappropriate behavior. The Office of Student Rights and Responsibilities [3] reviews and sanctions these matters. If a student violates both the academic integrity provision and additional provisions of the Student Code of Conduct, both the college and the Office of Student Rights and Responsibilities will review the matter. Each independently makes determinations concerning violations and appropriate sanctions.

### **Misconduct in Research**

For graduate students and undergraduates involved in research, there can be overlapping areas between Academic Integrity Policy violations, responsible conduct of research and research misconduct. The five areas listed above describe the kinds of Academic Integrity Policy violations and are handled under the ASU Student Academic Integrity Policy by faculty members, colleges and the provost.

If a student is working on a federally funded research project, some of these items may also be considered misconduct in research [4]. Misconduct is defined as:

Fabrication, falsification, plagiarism and other practices that seriously deviate from those that are commonly accepted within the academic community for proposing, conducting or reporting research. Instances of honest error and honest differences in interpretations or judgments of data are not considered misconduct. (From RSP 004: Definitions [5])

A student who violates both ASU's Misconduct in Research Policy and Student Academic Integrity Policy will be reviewed by both the college and the Office of Knowledge Enterprise Development's Office of Research Integrity and Assurance [6] (ORIA). Each independently makes determinations concerning violations and appropriate sanctions.

In addition, some actions might be considered violations of the norms of responsible conduct of research, but not Academic Integrity Policy violations or misconduct in research. Many of these incidents fall into the general category of "collaborator disputes." For example, if a doctoral graduate of ASU continued a line of research begun at ASU in a new lab external to ASU, and the ASU mentor objected, generally speaking the matter would be addressed as a collaborator dispute, rather than as an Academic Integrity Policy violation or misconduct in research. Many conflicts over appropriate authorship credit on publications also fall into this area.

## Student Policy

At Arizona State University, academic honesty is expected of all students in all examinations, papers, academic transactions and records. The possible sanctions include, but are not limited to: appropriate grade penalties, loss of registration privileges, disqualification and dismissal. ASU strictly adheres to the academic integrity policy. This policy sets forth the ASU Student Academic Integrity Policy and appeal procedures.

### A. Purpose

1. This Policy sets forth the ASU Student Academic Integrity Policy and appeal procedures. These procedures are designed to encourage a fair and appropriate process for student and faculty to resolve allegations of academic dishonesty. They may be modified in individual cases, so long as the student is provided notice and an opportunity to respond to allegations of academic dishonesty.
2. This Policy does not apply to differences of opinion over grades issued by an instructor.

### B. Definitions

**Academic Deceit** Any deceptive or fraudulent act that creates or attempts to create an advantage or disadvantage for any member of the academic community.

**Academic Evaluation** Any academic assignment, project, paper, performance, quiz, exam, comprehensive exam, candidacy exam, thesis, dissertation, clinical or internship experience, or other evaluation assigned or offered for credit (including extra or optional credit), intended to fulfill an academic requirement, or considered by the University to provide academic or research experience (such as a paid research position).

**Academic Integrity Officer** The person responsible for managing the academic integrity investigation and adjudication process in a College or School. The Academic Integrity Officer works with both the student and Instructor to ensure that all procedures are followed. The Academic Integrity Officer is responsible for guiding both the student and Instructor through the investigation and adjudication process. The Academic Integrity Officer may pursue the academic dishonesty allegation if, for any reason, the Instructor is unable or unwilling to do so.

**Advisor** An individual selected by the student to assist him/her during the academic integrity process. The advisor may be a faculty or staff member, student, or other representative of the student.

**College/School Board** College or School Board is appointed by the academic Dean to review allegations of academic dishonesty. Each College or School Board is a standing committee comprised of faculty members and at least one student.

**University Academic Integrity Hearing Board** Hearing board appointed by the Provost or designee to review allegations of academic dishonesty, typically through student appeals from a College/School Board.

**Instructor** An academic supervisor or any person holding a faculty appointment as defined in the Arizona State University Academic Affairs Manual and is responsible for or authorized to conduct an academic evaluation. The Academic Integrity Officer may take the place of the Instructor throughout this process.

**Day** University business day, not including Saturday, Sunday, any officially recognized university employee holiday, or any day the University is closed.

### C. Student Obligations

1. All students must act with honesty and integrity. ASU believes that any form of Academic Dishonesty negatively impacts not only the student involved, but all ASU students. The ASU student honor code affirms this commitment to integrity and can be found here.
2. Academic Dishonesty includes attempting or engaging in the following:
  - a. Academic Deceit;
  - b. Referring to unauthorized materials, sources, or devices (e.g., Internet resources, computer disks, audio recorders, cellular phones, personal electronic devices, text messages, crib sheets, calculators, solution manuals, materials from previous classes, or commercial research services) during an Academic Evaluation;
  - c. Possessing, reviewing, buying, selling, obtaining, posting on a site accessible to others, reviewing materials from a site accessible to others, or using, without appropriate authorization, any materials intended to be used for an Academic Evaluation in advance of its administration;
  - d. Using a substitute or acting as a substitute for another person in any Academic Evaluation;

- e. Relying on the aid of others, including other students, tutors, or for-hire agents, in connection with any Academic Evaluation to the extent that the work is not representative of the student's abilities;
- f. Providing inappropriate aid to another person in connection with any Academic Evaluation, including the unauthorized use of materials, cellular phones, text messages, photocopies, notes, or other means to copy or photograph materials used or intended for Academic Evaluation;
- g. Plagiarism, or the use of another's words, ideas, materials, or work from the Internet or any other source without properly acknowledging and documenting the source. Students are responsible for knowing the rules governing the use of another's work or materials and for acknowledging and documenting the source appropriately.
- h. Claiming credit for or submitting work done by another or through the unauthorized use of technology;
- i. Signing an attendance sheet for another student, allowing another person to sign on the student's behalf, or otherwise obtaining credit for attendance for oneself or another without attending;
- j. Falsifying or misrepresenting hours or activities regarding an internship, externship, field experience, clinical activity, or similar activity; or
- k. Attempting to influence or change any Academic Evaluation or academic record for reasons having no relevance to academic achievement.

#### D. Academic Dishonesty Investigation and Procedures

1. Anyone with a good faith basis for believing that a student has engaged in Academic Dishonesty may report the alleged violation to the Instructor or Academic Integrity Officer for the college or school in which the Academic Dishonesty occurred.
2. If the Instructor or Academic Integrity Officer conclude that there is a sufficient basis to believe the student engaged in Academic Dishonesty, the Academic Integrity Officer will notify the student of the alleged violation and initiate the investigative process.
3. Before concluding the investigation, the Academic Integrity Officer will provide the student a summary of the information gathered. The student will have 5 business days after the notice was sent to respond on his/her own behalf to the allegation.
4. At any point in the process, the student can contact the Academic Integrity Officer to seek consultation or clarification.
5. The student may be accompanied by an Advisor at any point in the process. The Advisor is not permitted to participate directly or speak for the student.
6. Once the investigation is complete, in consultation with the Academic Integrity Officer, the instructor will recommend a sanction. The student will be notified of the result of the investigation and the sanction to be imposed, if any.

#### E. Sanctions and Appeal

1. The following sanctions may be imposed for Academic Dishonesty:
  - a. Reduced or failing grade for the Academic Evaluation;
  - b. Reduced or failing grade for the course.
  - c. An XE grade as described in section K below;
  - d. Withdrawal of credit for a previously accepted course or requirement;
  - e. Suspension from the University for a specific period of time;
  - f. Expulsion from the University without expectation of readmission; and/or
  - g. Other sanctions as consistent with this policy and the Student Code of Conduct: <https://eoss.asu.edu/dos/srr/codeofconduct> [1]
2. At any time, the student and the Instructor may agree on the sanction and inform the Dean. The Dean may reject the proposed resolution and appoint a designee to pursue the case on behalf of the University.
3. The student will also be notified of their right to appeal to the Dean. The student must file their appeal no later than 10 business days after the date the notification was sent. If the student does not file a timely appeal, the sanction is final.
4. A student's appeal of a recommended sanction must be submitted in writing and include the following:
  - a. A description of the alleged academic dishonesty, including a factual narrative of events, the dates and times of occurrences, and any other reason why the sanction should not be imposed;
  - b. The names of persons having information about relevant circumstances or events; and
  - c. The general nature and description of all evidence.
5. If the student files an appeal, the student must meet with the Academic Integrity Officer to discuss hearing procedures. The Academic Integrity Officer will help the student navigate the process and provide additional information when needed.
6. If the student wishes to dispute any aspect of the allegation or sanction, the student may file an appeal. If the student files a timely appeal, the sanction will not be imposed until the appeal is resolved. If the student files an

appeal at the end of a semester, or during the last semester of enrollment, the course grade or degree may be withheld until the matter is resolved. If a grade or degree will be withheld for any period, the Academic Integrity Officer or Dean must notify the Registrar's Office.

F. College/School Board Hearing

1. The Academic Integrity Officer will forward a student's timely appeal to the Instructor.
2. Pre-Hearing Proceedings
  - a. The Academic Integrity Officer will send a notice of hearing to the student, Instructor, College/School Board, and the head of the College/School/academic unit where the alleged dishonesty occurred. The notice will include the following information:
    - i. Statement of time and place of the hearing before the College/School Board. Unless the parties and Academic Integrity Officer agree otherwise, the hearing will take place during the regular fall or spring semester;
    - ii. A copy of this Policy or instructions on accessing the Policy electronically;
    - iii. Requirement that the parties provide to each other and the College/School Board a written list of witnesses and a description of any documents or other evidence they intend to use at the hearing. Unless the Chair provides otherwise, this information must be exchanged at least 5 business days before the hearing.
    - iv. The length of time set for the hearing, the time limitation for the presentation of evidence, and any other procedural requirements.
3. Conduct of the Hearing
  - a. In order to preserve the confidential nature of the disciplinary process and to protect the privacy of those involved, the hearing will be closed to the public.
  - b. The College/School Board Chair will preside at the hearing and will rule upon all procedural matters. The formal rules of evidence will not apply, although objections to the introduction of specific statements or documents may be considered by the Chair. Irrelevant, immaterial, privileged, or unduly repetitious information will be excluded.
  - c. The Instructor shall have the burden of showing it is more likely than not that the student engaged in Academic Dishonesty. The Instructor must also explain the reason for the sanction. If the student accepts responsibility for Academic Dishonesty, then the College/School Board may focus the hearing on the appropriate sanction.
  - d. Information regarding prior violations or informal resolutions of previous allegations may not be used as proof of a current violation, but may be admitted for other purposes, such as to show that the student had prior experience relevant to the allegations or to show that the student had been informed previously that the conduct was unacceptable. The College/School Board may also consider information regarding prior violations in determining an appropriate sanction.
  - e. A student who fails to appear or refuses to participate at the hearing will be deemed to have abandoned his/her appeal, unless the student can demonstrate that extraordinary circumstances prevented his/her appearance or participation.
  - f. The student and Instructor may each have an Advisor present, but the Advisors shall not be permitted to address the College/School Board directly, except as the College/School Board Chair deems necessary or appropriate.
  - g. The hearing will be recorded and the student may request a copy of the recording. The student may also request a transcript, but will be responsible for its cost.
  - h. Except as otherwise permitted by the College/School Board Chair, witnesses will be excluded from the hearing except during their own testimony. The Chair may remove a party, Advisor, or witness from the hearing if that person's conduct is disruptive.
  - i. When necessitated by fairness or extraordinary circumstances, the College/School Board may permit the parties to make arrangements for recorded, written, or telephonic testimony from their witness(es) for use in the proceeding.
  - j. The Instructor shall proceed first at each stage of the presentation.
    - i. Each party may present an opening statement, which summarizes what information is expected to be presented.
    - ii. Each party will call witness(es) to provide statements under oath.
    - iii. At the conclusion of each witness's statement, he/she may be questioned by the other party.
    - iv. The College/School Board may ask further questions of each witness.
    - v. Each party may present a closing statement, which summarizes the information that was presented.

4. If the alleged Academic Dishonesty involves the work of multiple students, the College/School Board may modify these procedures to address the circumstances. The College/School Board should provide prior written notice of any modification of the procedures to all parties. Each student must file his/her own appeal. A student who has not filed an appeal should not expect to benefit from another student's appeal.
- G. College/School Board Deliberations and Recommendations
1. Following the presentation of information and closing statements, the College/School Board will discuss the information that has been presented and the reasonable inferences to be drawn from it. Only the Board, its legal advisor, if any, and the Academic Integrity Officer may be present during the deliberations. Neither the student nor the Instructor may be present during the deliberations.
  2. Based solely upon the information presented, the College/School Board will formulate a recommendation to the Dean as to whether the student more likely than not engaged in academic dishonesty and the appropriate sanction. Recommendations must be supported by a simple majority of the Board.
  3. The College/School Board will prepare and send a written recommendation to the Dean within 5 business days of the hearing. The written recommendation will include findings of fact and a statement of the reasons for the recommendation. It will also be signed by the College/School Board Chair. If the recommendation is not unanimous, dissenting opinions should be reflected in the recommendation.
- H. Review and Decision by Dean
1. After reviewing of the College/School Board's Recommendation, the Dean will render a written decision, which affirms, denies, or accepts the College/School Board's recommendation with modifications.
  2. The Dean may not make new findings adverse to the student or increase the severity of a sanction, unless
    - a. The Dean provides the student notice and an opportunity to respond to the new findings or sanction, and
    - b. Remands the matter to the College/School Board for further proceedings.
  3. The Dean will provide written notice of the decision to the student, the Academic Integrity Officer, the instructor, the College/School Board, and the head of the College/School/academic unit where the alleged dishonesty occurred within 20 business days following receipt of the College/School Board's recommendation. A delay may occur if it becomes necessary to conduct further investigation or to remand the matter to the College/School Board. In those cases, the written decision will be transmitted no later than 20 business days following completion of the investigation or the College/School Board's subsequent recommendation.
  4. The Dean's decision is final and may not be further appealed unless the Dean recommends that the Provost suspend or expel the student from the University.
  5. If the Dean recommends the suspension or expulsion of an international student, both the student and Academic Integrity Officer should consult with the ASU International Students and Scholars Center.
  6. If the Dean recommends that the Provost suspend or expel the student from the University, the letter from the Dean will state that the student may appeal the recommendation by filing a written request for review with the Provost within 10 business days of the date of the letter.
  7. If the student does not timely appeal, the Provost or designee will review the Dean's recommendation and issue a final decision on suspensions or expulsions from the University.
- I. Review and Decision of a Suspension or Expulsion from the University
1. A student may seek to have a Dean's decision reviewed by the University Academic Integrity Hearing Board only if the Dean recommends that the Provost suspend or expel the student from the University. However, a student who failed to appeal or abandoned his/her appeal at the College/School Board hearing may not appeal to the University Academic Integrity Hearing Board.
  2. The appeal must be in writing and must be filed with the Provost within 10 business days of the date of the Dean's decision letter.
  3. The Provost or designee will appoint and charge a University Academic Integrity Hearing Board to conduct the hearing. The Hearing Board will be comprised of three members. One member must be a student and one of the other members will act as Hearing Board Chair. The hearing shall follow the procedures set forth in the Student Code of Conduct Procedures, except that the College/School will take the role of the Dean of Students and the Provost or designee will take the role of the Senior Vice President for Educational Outreach and Student Services.
- J. Review and Decision of a Degree or Certificate Revocation
1. Anyone with a good faith basis to believe that an ASU alumnus has engaged in Academic Dishonesty may report the alleged violation to the Office of the University Provost.
  2. The Provost's designee will investigate and make an initial determination as to whether there is a sufficient basis to believe that the alumnus engaged in Academic Dishonesty and whether the appropriate sanction includes degree or certificate revocation.
  3. If the Provost's designee decides to initiate an Academic Dishonesty complaint, he/she will notify the alumnus of the allegations and provide the alumnus an opportunity to respond.

4. The Dean of the College/School that awarded the degree or certificate may choose to convene an ad hoc committee to review the evidence and make a recommendation as to whether the alumnus engaged in Academic Dishonesty and the appropriate sanction.
5. In cases not involving graduate students, after reviewing the evidence and committee recommendation, if any, the Dean of the College/School that awarded the degree or certificate will render a written decision as to whether the alumnus more likely than not engaged in Academic Dishonesty and the appropriate sanction.
6. In cases involving graduate students, after reviewing the evidence and committee recommendation, if any, the Dean of Graduate College in consultation with the Dean of the College/School that awarded the graduate degree or certificate, will render a written decision as to whether the alumnus more likely than not engaged in Academic Dishonesty and the appropriate sanction.
7. If the Dean recommends that the Provost revoke a degree or certificate, the letter from the Dean will state that the alumnus may appeal the recommendation by filing a written request for review with the Provost within 10 business days after the date the notification was sent.
8. If the alumnus does not timely appeal, the Provost or designee will review the recommendation and issue a final decision.
9. If the alumnus files a timely appeal, the Provost or designee will establish a University Academic Integrity Hearing Board to conduct the hearing. The hearing shall follow the procedures set forth in the Student Disciplinary/Grievance Procedures, except that the College/School will take the role of the Dean of Students and the Provost will take the role of the Senior Vice President for Educational Outreach and Student Services.

K. XE Grade

1. The XE grade will be recorded on the student's official and unofficial transcript with the notation "failure due to academic dishonesty." The XE grade shall be treated in the same way as an E for the purposes of grade point average and determination of academic standing.
2. No student with an XE grade on his/her transcript shall be permitted to represent the University in any extracurricular activity or to run for or hold office in any recognized student organization.
3. Generally, the XE grade will remain on the transcript permanently. For other cases, after at least 12 months have elapsed since the XE grade was imposed, the student may file a written petition to the Dean to have the XE grade removed and replaced with an E grade. The decision to remove the XE grade and replace it with an E grade is within the discretion and judgment of the Dean.
4. Before replacing an XE grade with an E grade, the Dean may confer with other University officials and may require the student to attest that he/she has not been involved in any other act of academic dishonesty or similar disciplinary offense at ASU or another institution. If the student's representation is later discovered to be false, the Dean may reinstate the XE grade and recommend suspension or expulsion.

L. Procedures Following Final Decision

1. If any student work affected by the finding of Academic Dishonesty has been placed in the library or forwarded to a third party in partial fulfillment of degree requirements, that work may be removed from the library or withdrawn from the third party.
2. A student's official and unofficial transcript may reflect that an XE grade, suspension from the university, expulsion from the university, or degree or certificate revocation was the result of Academic Dishonesty.
3. One year after the completion of a suspension for Academic Dishonesty, a student may petition to have the notation of suspension for Academic Dishonesty removed from his or her transcript. The student must submit a written petition to the Provost which summarizes his or her academic and personal history since the suspension which justifies removing the notation. The decision to remove the notation that the student was suspended for Academic Dishonesty is within the sole discretion and judgment of the Provost.
4. A notation of expulsion from the university or degree or certificate revocation resulting from Academic Dishonesty is permanent.
5. A degree may be revoked if its requirements were not adequately fulfilled.
6. If a degree is revoked and a transcript was forwarded to another institution, ASU will notify the institution of the revocation.

M. Other University Policies

The University's Misconduct in Research Policy is independent of the Student Academic Integrity Policy and the Guidelines for Graduate Appeals. Individual conduct may also violate and be subject to review and sanctions under these policies

**Meet Your Academic Integrity Officer**

The Academic Integrity Officer for a college/school serves as the lead educator for faculty and students to sustain a culture of academic integrity at ASU and to increase awareness of the university's academic integrity policy [1].

Both student and faculty can contact the Academic Integrity Officer for your College/School to report an academic integrity violation or to ask questions related to academic integrity policies and procedures.

Meet some of your academic integrity officers in this video. They are here for you. They will help you find an answer that avoids problems with academic integrity. We invite you to meet with your academic integrity officer and know who they are.

## Student resources

Over the course of your academic journey here at Arizona State University, you will be challenged to continually build upon your skills and academic abilities. At times, pressure and stress can arise from balancing busy schedules, academic commitments, and personal commitments. In these moments of adversity, it's important that you make ethical decisions and uphold a high standard of integrity for you and for others.

### *Behaviors and actions*

#### **What does Sun Devil Integrity look like?**

To see the behaviors and actions of Sun Devil Integrity, view the infographic below or download the PDF [1].

#### **Academic Integrity at ASU tutorial**

The Academic Integrity at ASU tutorial [2] also will walk you through the importance of academic integrity. Upon completion of the tutorial, you will be able to:

- Describe the five types of academic integrity
- Identify the do's and don'ts of academic integrity at ASU
- Recognize the consequences of academic dishonesty

### *Strategies*

#### **Strategies for how to complete your work with integrity**

**Be informed:** Understand ASU's expectations regarding academic integrity by understanding the Academic Integrity Policy [3] and Student Code of Conduct [4].

**Ask questions:** If you are not sure if something is really cheating, ask your professors, T.A.s, academic integrity officers, or academic advisors.

**Seek tutoring:** Ask your professors and others in your department for help in finding academic support. Help is available from the following sources:

- On-campus, in-person writing support [5]
- Online support for citations and style manuals [6]
- Tutoring and academic success resources [7]

**Stay healthy:** Checkout the Live Well at ASU [8] webpages to obtain information, resources and involvement opportunities found in each element are designed to positively impact you academic performance, personal well-being and assist you in reaching your full potential.

## **Avoiding plagiarism**

Plagiarism may be the most common form of academic dishonesty and is often unintentional. Protect yourself by understanding how to avoid plagiarism at Arizona State University using the following resources.

### **What is plagiarism?**

#### **Defining plagiarism**

Acts of plagiarism can be glaringly obvious or very subtle. Understanding plagiarism, with all of its intricacies and nuances, provides a foundation of knowledge one can use to make sound decisions and avoid getting caught up in a plagiarism scandal—whether intentional or unintentional.

#### **Document sources appropriately**

Lapses in one's technique for paraphrasing ideas, quoting information or citing sources can make way for accusations of plagiarism. Make it a point to learn how to integrate the ideas of others and to document the sources of “borrowed” information appropriately. View citation styles [6].

#### **Avoiding unintentional plagiarism**

Keeping track of the deluge of notes and source material can become a mind-boggling undertaking, and mistakes can lead to unintentional plagiarism. Learn about web-based tools such as RefWorks [9] Bibliographic Management Software.

### **Self-plagiarism**

Quoting words or borrowing ideas without reference to the author is a problem, even if you happen to be the author.

#### **Same story – different outlets**

You cannot:

- submit the same paper for different classes
- use sections of your previous work for a comp exam answer
- expand on your master's thesis for your dissertation
- submit the same research article to different journals

Learn more about the complicated issue of self-plagiarism. Talk to your Academic Integrity Officer about what this means for you.

#### **Recycling is not always good**

Not when it comes to your own words. Many researchers use the same literature, research methods or analyses across studies and find it time consuming to write new versions of these sections. Yet blind journal reviewers or electronic crosschecking may indicate you are plagiarizing. Take the time to rephrase and remember you need to cite yourself.

#### **Avoid salami-slicing**

Or publishing multiple studies from the same data set. You may need to reduce a complex set of distinct hypotheses into separate papers. If so, let the readers know you did this. If the slices can be combined to make a whole, then it is better to go with the whole salami. To learn more about the nuances of “salami-slicing” in your discipline just pop this term into Google scholar and it will open your eyes.

### **Self-plagiarism resources**

1. Brettag, T. & Mahmud, S. (2009). Self-Plagiarism or Appropriate Textual Re-use? *Journal of Academic Ethics*, 7:193–205 <http://www.springerlink.com.ezproxy1.lib.asu.edu/content/256280445158v940/> [10]
2. Scanlon, P. M. (2007). *Song from Myself: An Anatomy of Self-Plagiarism*. Vol. II. Ann Arbor, MI: Scholarly Publishing Office, University of Michigan Library <http://hdl.handle.net/2027/spo.5240451.0002.007> [11] retrieved July 2010

## Plagiarism tutorial

Take the Plagiarism Awareness: Don't Stumble Into it Accidentally! [12] tutorial. Upon completion of the tutorial, you will be able to:

- Define and recognize plagiarism.
- Explain the importance of citation in the scholarly environment.
- Demonstrated strategies to avoid unintentional plagiarism.
- Recognize and explain the consequences of plagiarism.

## Resources for citations

Visit the ASU Library citation styles [13] webpage as a reference for citing resources appropriately using APA, MLA, Chicago, or other citation-style guidelines. The site also offers exercises to help you practice the appropriate use of citations.

## Contract cheating

### Definition of contract cheating

Contract cheating is a type of academic dishonesty where a student asks another person to complete all or part of their work for them. The student may ask someone they know to write a paper for them, as a favor, or they may pay someone to do it. Regardless of whether money changes hands or not, presenting someone else's work as your own is always cheating.

### What are some of the ways contract cheating negatively impacts you and the ASU community?

There are numerous ways in which contract cheating negatively impacts you, your fellow students, and the ASU community. Here are a few:

- You do not acquire any of the knowledge that your instructor intended for you to learn when you have someone else do your work. By doing so, you are taking away your opportunity to grow as a student and professional contract cheating is a very serious academic integrity violation which could result in suspension or expulsion permanently from the University.
- Students who complete their work on their own are disadvantaged by students who are cheating.
- When you ask someone to do work for you, you are asking them to cheat on your behalf. Your request for their help will lead to negative consequences for them as well.

### What are some things I can do if I am overwhelmed and notice that I am becoming tempted by contract cheating?

Part of the learning process as a college student is to work your way through challenging times in an honest and ethical manner. Spending time prioritizing your assignments and engaging in good time management practices is ideal. However, you may still experience times where you feel overwhelmed by multiple deadlines and projects.

There are resources to support you:

- Communicate and/or meet with your instructor.
- Schedule an appointment to talk to your advisor.
- Meet with the Academic Integrity Officer [14] in your college/school.
- Utilize your college/school tutoring resources.
- Utilize the ASU resources [15] offered from the Dean of students' office.
- Contact the ASU First Year Success Center [16].
- Contact the International Students and Scholars Center [17].

Remember, it is better to do poorly on an assignment or even fail an examination than it would be to commit an academic integrity violation. The skills you develop working through challenging situations, enhances your resiliency and makes you an even more effective college graduate.

## Attendance

The instructor has full authority to decide whether class attendance is required.

**Source URL:** <https://catalog.asu.edu/attendance>

## Enrollment and Degree Verification

Arizona State University is frequently asked to certify a student's earned degrees and/or enrollment status (full-time, part-time, etc.). Enrollment status is determined by the number of credits for which a student is enrolled during the term in which certification is requested. Courses a student has withdrawn from are not included. Note that classes taken for audit are included in total enrolled hours.

### How to obtain an enrollment or degree verification

1. Log in to My ASU [1] and navigate to the My Classes box
2. Select Grades & Transcripts
3. Select Transcripts & Test Scores
4. Select Enrollment Verification

You will be able to select from several options including your major, earned degrees, and semester and cumulative GPA, and print out the Enrollment Verification as a PDF.

If you need special information on your Enrollment Verification, or if you need a specialty verification form completed such as the Canadian or Alaskan form, submit an Enrollment Verification Request [2] form at any University Registrar Services location [3] (photo ID required for in-person visits). Requests by email, mail or fax **must** include the student's verifiable signature. Please allow up to two business days for processing.

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on how to obtain verification of your Thunderbird coursework or degree can be found here [4].

If you have questions or need additional information, please contact University Registrar Services, Records & Enrollment Services at 480-965-3124 or [registrar@asu.edu](mailto:registrar@asu.edu) [5].

## Enrollment & degree verification for outside agencies and third parties

ASU has contracted with the National Student Clearinghouse [6] to process all enrollment and degree verification requests for employers, employment agencies, background search firms, and various other businesses that offer products or services based on the individual's status as an enrolled student.

- If you need assistance, contact National Student Clearinghouse [6] directly at 703-742-4200.
- If the National Student Clearinghouse can confirm the degree or enrollment, the response is immediate and requestors will be able to print or obtain a PDF version of the verification.
- Enrollment verifications for each term will be available starting the first week of classes for that term.
- A fee will be charged for this service.

## Full-time and half-time credit requirements for enrollment verification purposes

### Fall & Spring Semesters

Status	Undergraduate	Graduate
Full time	12+ credit hours	9+ credit hours
3/4 time	9 - 11 credit hours	7 - 8 credit hours
Half time	6 - 8 credit hours	5 - 6 credit hours
Less than half time	1 - 5 credit hours	1 - 4 credit hours

### Summer Sessions

Status	Undergraduate	Graduate
Full time	4+ credit hours	3+ credit hours
Half time	2 - 3 credit hours	2 credit hours
Less than half time	1 credit hour	1 credit hour

**Research and Teaching Assistants:** For fall and spring semesters, research and teaching assistants must be enrolled in at least six credit hours to be considered full time. For summer sessions, they must be enrolled in at least two credit hours to be considered full time and one credit hour to be considered half time.

**Financial Aid Recipients:** Full-time and half-time credit requirements may be different for financial aid disbursement purposes. Please review the Award Disbursement Rules [7] to determine the required enrolled hours needed for financial aid disbursement.

## Co-operative education

Students are required to be enrolled in a designated co-op course within their college for a minimum of one credit hour during the co-op semester. Co-op students will be identified for enrollment verification purposes as being in full-time status. This will include verification to the National Student Clearinghouse for loan deferment purposes. The co-op experience must meet the clock time in hours of work to meet the full-time enrollment requirement, as monitored by the student's college. A credit hour is defined as a minimum of 45 clock hours. Please review the Award Disbursement Rules [7] to determine the required enrolled hours needed for financial aid disbursement.

## Glossary of Academic Terms

### University Academic Good Standing (Undergraduate) [1]

2.00 cumulative GPA

- College-specific academic good standing rules can be developed. Example: W. P. Carey Academic Good Standing. Use the college name in a policy title to differentiate it from university policy.

### University Academic Warning

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester (fall or spring) is considered to be in the status of University Academic Warning.

### University Academic Probation [2]

An undergraduate student is placed on University Academic Probation if, at the end of a semester (fall or spring), that is not the student's first semester at ASU, the student has a cumulative GPA of less than 2.00, or the student received an academic warning in the prior term.

- Colleges may establish specific criteria for their own Academic Probation status, to be defined as "College Name" Academic Probation. The college Academic Probation status may take the place of University Academic Probation but may not replace the University Academic Warning. Example: Fulton Schools of Engineering Academic Probation.

### University Continuing Academic Probation

[2]A student is said to be on University Continuing Academic Probation each semester (fall or spring) that student (previously on University Academic Probation) earns a semester GPA greater than 2.00, but yet has a cumulative GPA of less than 2.00.

- Colleges may establish individual time limits and specific semester GPA requirements for Continuing Academic Probation, to be defined as "College Name" Continuing Academic Probation.

### **Co-enrolled Continuing Probation Program [3]**

Select disqualified students may participate in the Co-enrolled Continuing Probation Program at the discretion of their college or school. Under this program, the student takes UNI 220 Academic Refresher plus one ASU course selected by the student's advisor, and the student co-enrolls at a Maricopa Community College with a schedule selected in consultation with the ASU advisor. If, upon completion of the term, the student has a combined semester cumulative GPA of 2.50, the student may continue regular enrollment at ASU. Parameters regarding the number of co-enrolled hours required are at the discretion of each college or school.

### **Ineligible**

A student who is in University Academic Good Standing, but is ineligible to remain in their major based on college specific academic requirements. This status was phased out during the 2015-2016 academic year with new tracking requirements and University Academic Good Standing policies.

### **Disqualified [4]**

A student on University Academic Probation who does not earn a semester GPA of 2.00 or greater (fall or spring) will be disqualified. Students who are disqualified are not permitted to enroll at ASU in any subsequent fall or spring semester unless they are readmitted.

### **Satisfactory Progress [5]**

This term is used in different ways for students, such as with regard to financial aid, sponsored international programs, athletics and veterans' benefits. Satisfactory Progress is a complex calculation specific to major and situation. This term does not refer to Academic Standing.

### **Progression [5]**

This term refers to how a student meets milestones and degree requirements in movement toward achieving degree completion. This term does not refer to Academic Standing.

### **Reinstatement [6]**

A student who has previously been academically disqualified and seeks to return either for a fall or spring semester a) immediately or b) after a period of absence and has met college admissions standards.

### **Quick Re-entry [7]**

The term Quick Re-entry refers to a streamlined process in which students do not need to submit a new application or application fee if they are undergraduate degree-seeking students who previously attended ASU but have not been enrolled at ASU for one fall or spring semester, or for no more than two consecutive semesters.

### **Readmitted [7]**

Students not eligible for Quick Re-entry (i.e., because they have not been enrolled at ASU for three or more semesters, completed their academic program or were academically disqualified), must apply for readmission and submit applicable fees. Candidates for readmission who are not in academic good standing are subject to college review. A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible.

### **eAdvisor [8]**

A suite of tools used to monitor student progression towards degree completion including Degree Search, major maps and the tracking of critical and necessary requirements (8 semester tracking application).

### **Major Map**

A major map is an eight-semester, optimal course plan that outlines a recommended sequence of courses, enabling full-time students to graduate in four years. The major map is posted on a student's My ASU in the My Programs box under Degree Progress.

## **Necessary Requirement**

As identified on the major map, as a curricular or non-curricular degree requirement that the faculty have identified as necessary for timely completion of degree requirements. Necessary requirements appear in terms 5-8.

## **eAdvisor Tracking**

ASU's eAdvisor Tracking outlines critical courses, GPA requirements and milestones that predict success in each major and tracks students' progress toward meeting them. Sometimes called 8 Semester Tracking, or Critical Tracking, eAdvisor Tracking evaluates how a student's completed courses meet degree requirements in a specific term. Includes both critical and necessary courses. Also refers to the student application for viewing all major map requirements and progression towards meeting those requirements (personalized major map).

## **Critical Requirement**

[9]As identified on the major map, as a curricular or non-curricular degree requirement that the faculty have identified as critical predictors of success in a specific major. Critical requirements can be courses, grades, GPAs or non-curricular requirements such as submitting a fingerprint clearance card. Critical Requirements appear in terms 1-4.

## **Off Track**

A student who has not met one or more critical requirements as stated in terms 1-4 of their major map in a given fall or spring semester.

## **Twice Off Track**

A student who has not met one or more critical requirements as stated in terms 1-4 of their major map in two consecutive fall or spring semesters.

## **On Track**

A student who has met all critical requirements identified in terms 1-4 of the major map in the current term and previous terms against which they are being evaluated (as identified in the major map).

## **On Track to Graduation**

A student who has met all necessary requirements (terms 5-8) in the current term and necessary or critical requirements in previous terms against which they are being evaluated (as identified in the major map).

## **Off Track to Graduation**

A student who has not met one or more necessary requirements (terms 5-8) as stated in their major map in a given fall or spring semester.

## **Academic Status Reports**

ASRs allow faculty to provide weekly feedback to students regarding class performance. Through My ASU [10] students see an indicator notifying them that they have received an ASR, which can include suggested follow-up items and information about academic resources so that they can get the help they need to be successful.

## **Academic Support Team**

Each student has an academic advising committee that helps them set personal academic goals, understand policies and create strategies for staying on track towards graduation. The committee is listed on the student's My ASU page. Also included is information about how advising services work in the student's department, how to get answers to advising questions and how to make an appointment with an advisor.

## **Milestones**

A curricular or non-curricular requirement that needs to be completed by a specific point in time. Examples: portfolio review or audition.

## **Progress Reports**

Progress reports from eAdvisor allow students to track their progress through audits available on My ASU [11]. The DARS Graduation Audit outlines a complete list of degree requirements, including university graduation requirements, General Studies and major requirements. The DARS Graduation Audit is the official record used to verify degree completion. A major map is an eight-semester, optimal course plan that outlines a recommended sequence of courses, enabling full-time students to graduate in four years.

In addition to traditional progress reports, eAdvisor students can run a critical requirement audit and view their tracking status in My Major Map at any time during the semester. My Major Map, also available on My ASU, provides students the ability to track how their courses are meeting degree requirements as well as their progress toward completing other critical requirements (GPAs and milestones required to stay on track). A student's record may change multiple times during the semester because of dropped courses, transferred credit, completed milestones or changed majors. The system accounts for changes to student records and updates eAdvisor status, My Major Map and the DARS Graduation Audit nightly.

## **Priority Tasks**

eAdvisor places important notes and reminders in the Priority Tasks box on students' My ASU page. If students become off track, an advising hold is placed on their record. While they may drop and withdraw from a course, they will not be able to add courses to the current semester. Students with off-track status will not be able to register for future fall and spring semesters until they have contacted their advisor and discussed strategies for getting back on track. The advisor will then remove the hold. Other tasks, from student support areas such as Financial Aid and the Registrar's Office will also appear in this box.

## **Concurrent Degree [12]**

Internal to the university, two degrees, same level, same time, and may include some shared courses. Concurrent degrees can be either preapproved combinations or unique combinations added by the student via petition. Examples: JD/PhD or BS/BSE. Two diplomas are awarded.

## **Multiple Concentration**

Internal to the university, one degree awarded, same level, same time, some shared courses. For undergraduate degrees with multiple concentrations, students may not share coursework between the core concentration curricula. Multiple concentrations are typically added by petition. Example: Business (Global Leadership), BA and Business (Sustainability), BA.

## **Joint Degrees**

Joint programs, or jointly conferred degrees, are a single program of study offered by more than one college at ASU that provide opportunities for students to take advantage of the academic strengths of two academic units. Upon graduation, students are awarded one degree and one diploma conferred by both colleges. Both colleges will appear on the transcript and diploma.

## **Dual Degree**

An offering that is both internal and external to ASU. The student pursues two degrees simultaneously, one with ASU and one with an external institution. Example: ASU and Mayo Clinic.

## **Accelerated bachelors/masters (4 + 1) [13]**

The 4+1 accelerated bachelor's and master's degrees are designed by the academic units to provide select high-achieving undergraduate students with the opportunity to combine advanced undergraduate coursework with graduate coursework to accelerate graduate degree completion. These programs allow accelerated students to obtain a bachelor's degree and a master's degree within five years. These programs are preapproved combinations and are internal to ASU.

## **Accelerated bachelors/master's degree (3 +2)**

A preapproved pathway to achieving a bachelor's degree and a graduate level degree in five years. These are pre-established relationships, typically with international institutions.

## Experiential Learning

Experiential learning such as internships and co-ops are integral to the preparation of an ASU graduate.

- An **internship** is a structured practical experience, which allows students to gain work-based skills with the possibility of earning academic credit. Students follow a contract or a plan and are supervised by faculty or practitioners in the career field. Credit-bearing internships are an approved way to meet elective requirements and can count towards the University 120 hour graduation requirement at the undergraduate level. The department and individual faculty determine whether or not a specific internship experience meets the requirements of the unit and how many credit hours should be awarded.
- A **cooperative education program**, commonly known as a co-op, is a structured method of combining classroom-based education with practical work experience. Co-ops allow students to earn academic credit for structured job experience as well as a paycheck to help finance their college education. Co-ops are a joint venture between a college or university, a selected employer, and the student.

## Grades and Grading Policies

### Credit enrollment

The semester hour is the unit on which credit is computed. It represents one 50-minute class exercise per week per semester. To obtain credit, a student must be properly registered and must pay fees for the course.

### Grading options and definitions

Ordinarily a grade of "A+," "A," "A-," "B+," "B," "B-," "C+," "C," "D," or "E" is given upon completion of a course, unless another grading option such as "audit" or "pass/fail" is indicated at the time of registration. *Grading options cannot be changed after the close of the drop/add period.*

The instructor of a course has full discretion in selecting which grades to use and report from the available grading options.

<b>Fall 2004 and After<sup>1</sup></b>			
<b>Grade</b>	<b>Undergraduate Definition</b>	<b>Graduate Definition</b>	<b>Value</b>
A+			4.33
A	Excellent	Excellent	4.00
A-			3.67
B+			3.33
B	Good	Good	3.00
B-			2.67
C+			2.33
C	Average	Passing	2.00
D	Passing	No Graduate Credit	1.00
E	Failure	Failure	0.00
EN	Failing Never Participated <sup>2</sup>	Failing Never Participated <sup>2</sup>	0.00
I	Incomplete	Incomplete	—
NR	No Report	No Report	—
P	Pass	n/a <sup>3</sup>	—
W	Withdrawal	Withdrawal	—
X	Audit	Audit	—
Y	Satisfactory	Satisfactory	—

Z	Course In Progress	Course In Progress	—
XE	Academic Dishonesty	Academic Dishonesty	0.00

<sup>1</sup> Although the plus/minus scale includes a grade of A+ with a value of 4.33, the cumulative GPA is capped at 4.00. Questions about the grade scales may be referred to the University Registrar Services at registrar@asu.edu [1]. For grading scales prior to fall 2004 click here [2].

<sup>2</sup> Effective fall 2016 and later.

<sup>3</sup> Not applicable for graduate classes.

<b>Law Grading [3]</b>				
Fall 2009 and after			Fall 2009 and after Additional Grades	
A+		4.33	CR	Credit
A	Excellent	4.00	NR	No Report
A-		3.67	P	Pass
B+		3.33	X	Audit
B	Good	3.00	W	Withdrawal
B-		2.67	I	Incomplete
C+		2.33	H	Honors
C	Average	2.00	HH	High Honors
D	Deficient	1.00	XE	Academic Dishonesty
E	Failing	0.00		
EN	Failing Never Participated <sup>4</sup>	0.00		

<sup>4</sup> Effective fall 2016 and later.

For grading scales prior to fall 2009, click here. [2]

### **Incomplete (I)**

A mark of "I" (incomplete) is given by the instructor when you are otherwise doing acceptable work but are unable to complete the course because of illness or other conditions beyond your control. You are required to arrange with the instructor for the completion of the course requirements. The arrangement is recorded on the Request for Grade of Incomplete form [4]. Do not re-register or pay fees to complete the course. The completion date is determined by the instructor but may not exceed one calendar year from the date the mark of "I" is recorded. When you complete the course, the instructor must submit an online grade change request. If you receive an "I" in an undergraduate course in the fall 1983 or thereafter, your grade will be automatically changed to a failing grade "E" if you do not complete the course within one calendar year. If you receive an "I" in a graduate course (500-level or above) your "I" grade will become a permanent part of your transcript if you do not complete the course within one year, and you will have to reregister and pay fees to repeat the course for credit. Marks of "I" are changed to a grade of "E" (0.00) for purposes of evaluating graduation requirements for undergraduate students.

### **No Report (NR)**

The "NR" grade simply means that a grade has not yet been reported. Once final grade processing takes place for the semester, most classes will have an actual grade posted instead of the "NR". If an "NR" grade appears for a course in a prior semester, you should contact the instructor of the course to find out why a final grade was not recorded.

### **Pass (P)**

The "P" grading option is used to indicate a passing grade in a class when an individual student receives permission from both the class instructor and his/her college or school. For further information about this grading option, contact your advisor. If you earn a "P" grade, you will earn hours, but the grade is not used for computing your GPA.

A "P" grade should only be assigned when an individual student receives permission to take a course as pass/fail. Permission is recorded on the Pass/Fail Enrollment form [5]. If the course only awards pass/fail grades, the "Y" grade should be utilized to indicate successful completion of the course.

### **Withdrawal (W)**

If you withdraw from a class after the first week of school, you will receive a mark of "W" on your transcript. You earn no credit or grade for withdrawn classes.

### **Audit (X)**

A student may choose to audit a course, in which case the student attends regularly scheduled class sessions, but no credit is earned. The student should obtain the instructor's approval before registering and paying the fees for the course. Selected courses may not be audited. Veteran students using education benefits should see Veterans Services.

The mark of "X" is recorded for completion of an audited course unless the instructor determines that the student's participation or attendance has been inadequate, in which case the mark of "W" (withdrawal) may be recorded. This grading option may not be changed after the close of the drop/add period. The "X" is not included in earned hours and is not computed in the GPA.

## **Satisfactory (Y)**

The "Y" grade is generally used as a grade for successfully completed internships, projects, readings and conference, research, seminars, theses, dissertations, and workshops. You earn hours for a "Y" grade, but the grade is not used for computing your GPA.

A "Y" grade is used for courses in which the instructor assigns only grades of "Y" or "E." If a course utilizes only the letter grades of A+, A, A-, B+, B, B-, C+, C, D, and E, but an individual student receives permission to take the course for pass/fail credit, the "P" (pass) or "E" (fail) grade should be assigned to that student.

## **Course in Progress (Z)**

The "Z" grade is typically used for courses where work will not be completed within one semester's time, such as research, thesis, and dissertation. Once coursework is complete, your instructor will submit a grade change to assign an appropriate grade. Some courses, such as continued registration, do not earn credit and the "Z" grade will remain on your transcript.

## **Failing Never Participated (EN)**

The grade of "EN" denotes failure due to the student never participating in a course and is treated the same as an "E" for the purposes of GPA, course repeatability, and academic standing determination. The "EN" grade assists ASU in determining a student's financial aid eligibility. For federal aid purposes, we must determine if a student participated in all courses for which they received federal aid. When a student does not participate, the financial aid office must recalculate the student's eligibility. A grade of "EN" will display on the student's transcript beginning fall 2016. Please review the "Grades and Grade Selection" section of the Grade Posting FAQs [6] page for more information about the "EN" grade.

## **Academic Dishonesty (XE)**

The grade of "XE" denotes failure due to academic dishonesty and is treated the same as an "E" for the purposes of GPA, course repeatability, and academic standing determination. A student may not avoid any penalty for academic dishonesty by withdrawing from a course. A student may be reinstated to a course to receive a penalty of a reduced or failing grade or XE.

## **Grading resources for faculty and staff**

Support and roster contacts [7].

## **Grade reports**

You can obtain your final grades after every semester by using any of the following methods:

To view or print your grades, sign in to My ASU [8] using your ASURITE UserID and Password.

Submit a request for an official grade report that will show the grades for the last semester in which grades have been processed. You may submit a request to any registration site [9].

## Grade changes

Ordinarily the instructor of a course has the sole and final responsibility for any grade reported. Once the grade has been reported to the registrar, it may be changed upon the authorization of the faculty member who issued the original grade, a department chair, and the dean of the college concerned. This policy also applies to the grade of "I" (incomplete).

Grade changes are submitted online and receive approval by the department chair (or designee) and the dean of the college (or designee) in which the course is offered. Once approvals are received, the new grade will be reflected on your transcript immediately.

## Repeating courses

An undergraduate course taken by undergraduate students at ASU may be repeated for credit if the grade or mark of "D", "E", "W", "X" is received. To be eligible for the deletion of "D" or "E" grades from calculations of the GPA, the course must be repeated at ASU. Independent Learning courses may not be used to repeat "D" or "E" grades. Students who have graduated are not eligible to delete the grade for a course taken before the award of the ASU bachelor's degree. Undergraduate courses in which grades of "D" or "E" are received may be repeated only once. Generally, students may not repeat an undergraduate course for credit when a grade of "C" or higher is earned.

For additional information on repeating courses, please refer to the following policies:

SSM 203-06: Deletion of a "D" or "E" Grade Received by an Undergraduate in an Undergraduate Course [10]

SSM 203-05: Duplication of Credit by an Undergraduate Student [11]

Graduate students see the ASU Graduate Policies and Procedures [12].

Grade adjustments will be processed automatically after the grades are reported each term. For additional information on repeating a course or the deletion process, contact Records & Enrollment Services at 480-965-3124.

## Demonstration of mastery

An undergraduate student who receives a "D" in a course in which a "C" or higher is required may use the grade from an equivalent course taken elsewhere to demonstrate mastery at the "C" or higher level. However, the course may neither be transferred to ASU (since credit has already been given for the course) nor computed in the student's GPA.

## Grade appeals

ASU has informal and formal processes students may follow to appeal a grade. See the Catalog [13].

## GPA calculation

The following grades and their values are used in computing your semester and cumulative ASU GPA:

Grade*	Grade Point Value
A+	4.33
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
D	1.00
E**	0.00
*Other grades (W, X, Y, etc.) are not included in the GPA calculation.	
**Grades E1, E2, E3, E4, E5, and E8 are equivalent to an E.	

To calculate your GPA, follow these steps below, or use the GPA Calculator [14].

1. Multiply the **grade point** value by the number of semester hours for which the course was taken to determine the honor points.
2. Add together all the **honor points**.
3. Add together all the semester hours that received one of the above grades to determine **net hours**.
4. Divide the honor points by the net hours to calculate the GPA.

$\text{Honor Points} \div \text{Net Hours} = \text{GPA}$

GPA's are rounded to the nearest 100th of a decimal point.

Semester GPA is based on semester net hours. Cumulative GPA is based on total net hours.

Although the plus/minus scale includes a grade of A+ with a value of 4.33, the cumulative GPA is capped at 4.00.

## Example

Course	Semester Hours	Grade	Grade Point Value	Honor Points
ENG 101	3.0	A	4.00	12.00
MAT 117	3.0	B-	2.67	8.01
ECN 111	3.0	E	0.00	0.00
Total:	(net hours) 9.0			20.01
20.01 ÷ 9.0 = 2.22 GPA				

## Credit by examination

Students may receive credit for an ASU course by taking an examination in place of the actual course. Learn more [15].

## ASU Transcripts

Official and unofficial ASU academic transcripts are available through University Registrar Services.

Sending your transcripts to ASU? Contact Admissions [1] for mailing address information.

### Official transcripts

An official transcript is a copy of the student's permanent academic record issued by the University Registrar. It displays all courses taken for credit at ASU and includes all grades received. Unlike unofficial transcripts, it is signed and dated by the registrar and displays the ASU seal. **Official transcripts are not issued for students with outstanding financial obligations to the university.**

---

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on ordering official transcripts can be found here [2].

---

ASU cannot send official transcripts by email or fax.

University Registrar Services has partnered with Parchment, a digital credentials service, to manage the ordering, processing, and secure electronic delivery of your official ASU transcripts.

All students are encouraged to go online to place their transcript order. This is the easiest and most efficient way to place an order for either a traditional paper transcript or electronic transcript delivery.

### *Electronic delivery of official transcripts*

Official electronic transcripts may only be ordered using Parchment's online request system. Students choosing this option will identify their recipients by selecting them from a list within the ordering system or by providing the email address of their intended recipients.

To expedite and ensure accurate delivery, students should:

- Make sure the transcript recipient will accept the electronic transcripts, so they can avoid paying to send a replacement copy.
- Double check that the email address they provided for an institution or individual is correct, so they can avoid paying again to send a replacement electronic or paper copy.
- Provide their email addresses for notification purposes (the student's email address assists with tracking and confirming delivery by notifying the student when the transcript is sent and when it is received by the selected institution or individual).
- Instruct recipients to allow emails from Parchment (noreplyint@parchment.com [3]) to avoid potential problems with spam filters.

Orders are generally processed immediately, unless you request a hold for degree or grades. (Degrees are posted approximately 6 weeks after the conferral date for the semester.)

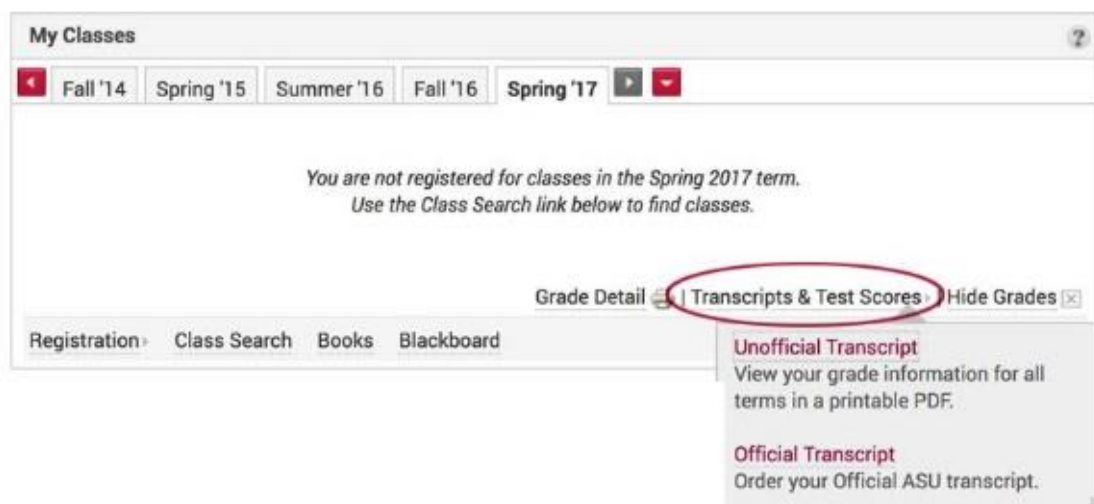

The transcript is not delivered by email; the recipient's email address is used for notification and reminder messages regarding delivery of the student's transcript to a secure site where it can be accessed.

## Ordering official transcripts

Official transcripts can be ordered online, in-person or by mail.

### Online

- Students who have an ASURITE ID — Sign in to My ASU [4] and order official transcripts online. In the My Classes box, click Grades & Transcripts and then Transcripts & Test Scores (see sample My ASU navigation screenshot below).
- Students who attended ASU after 1980 and who do not yet have an ASURITE ID [5] or do not know their ASURITE ID and password — please contact the ASU Help Desk at 855-278-5080 for assistance requesting your ASURITE ID.
- Students who attended ASU prior to 1980 and do not have an ASURITE ID — Request transcripts in person or by mail.

### In Person

Students presenting photo ID may order official transcripts in person at the Cashier's Office at the following locations:

- Downtown Phoenix campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., University Center Building, Suite 112
- Polytechnic campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., Administration Building, Room 160
- Tempe campus — Mon. - Fri. 8:15 a.m. - 4:30 p.m., Student Services Building, 244
- West campus — Mon. - Fri. 8:15 a.m. to 4:30 p.m., University Center Building, Room 101

### By Mail

Students may order transcripts by submitting a Request for Official Transcript Form [6] or signed letter including the following information:

- Name
- Former names (if applicable)
- Arizona State University identification number (or SSN)
- Date of birth
- First and last dates of attendance
- Current return address
- Daytime phone number
- Specific mailing address for each transcript ordered

Pre-payment is required. See costs for official transcripts below. Make check or money order payable to Arizona State University.

Send requests for official transcripts to:

Outgoing Transcripts  
University Registrar Services  
Arizona State University  
P.O. Box 870312  
Tempe, AZ 85287-0312

For further assistance, please call Outgoing Transcripts at 480-965-7276 during business hours.

## Costs

All charges for official transcripts must be paid at time of request. Official transcripts cost \$15.00 per official transcript copy requested.

Rush transcripts (same day service): \$10.00 in addition to the costs for the total number of transcripts ordered. Available for in-person requests only.

- Special delivery in the U.S. — Special delivery processing, instead of regular mail, is available via FedEx or U.S. Express Mail at \$22.00 per U.S. delivery address in addition to the costs for the total number of transcripts ordered.
- Special delivery outside the U.S. — Express delivery to addresses outside the U.S. is available through International FedEx Express or International Express Mail at \$38.00 per delivery address, in addition to the costs for the total number of transcripts ordered.

FedEx requires a street address for delivery. FedEx charges an additional fee for all returned shipments, and the student will be responsible for paying the total amount before the transcript(s) will be mailed.

Transcripts will not be reissued after 90 days from the processed date.

Fees subject to change without notice.

## Apostille

For information on requesting an Apostille. [7]

## Unofficial transcripts

An unofficial transcript is an uncertified copy of the student's academic record. In addition to courses taken for credit at ASU and grades received, unofficial transcripts also include information such as note records regarding grade changes, semester GPAs and probation/disqualification status.

---

For students that attended the **Thunderbird School of Global Management prior to December 31, 2014**, information on ordering unofficial transcripts can be found here [8].

---

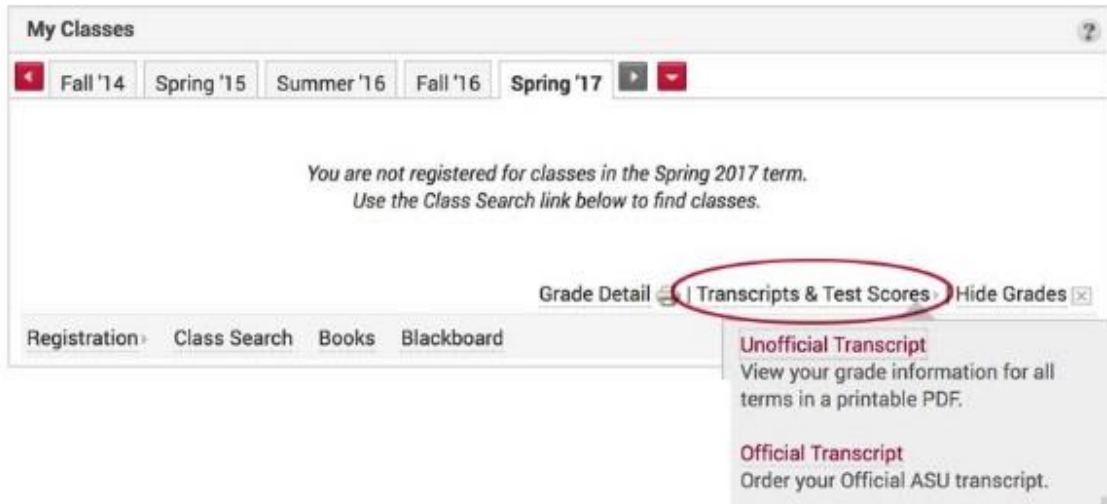

## *Accessing and ordering unofficial transcripts*

Here's how to view and request unofficial transcripts:

## Online

- Students and former students who have an ASURITE ID — Sign in to view and print an unofficial transcript [9]. **You may need to temporarily disable pop-up blocker for this site to retrieve your transcript.**
- Students who attended after 1980 and who do not have an ASURITE ID or do not know their ASURITE ID and password — Request an ASURITE ID [5] to access unofficial transcripts online by contacting the ASU Help Desk at 855-278-5080.
- Students who attended prior to 1980 — ASU does not offer online transcript services for students who attended prior to 1980. Request the unofficial transcript in person, by mail or by fax.

You should be in your My ASU student view to access your transcripts. If you have both a student and staff view, this will be indicated in the top right of your screen.

## In Person

Students presenting photo ID may order unofficial transcripts in person at any campus registration site [10].

## By Mail or Fax

Students may order an unofficial transcript by mailing or faxing a **signed** letter including the following information about the student:

- Name and former names (if applicable)
- Arizona State University identification number (or SSN)
- Date of birth
- First and last dates of attendance
- Current return address
- Daytime phone number
- Return Fax number or specific mailing address

Requests for unofficial transcripts by mail or fax must be signed by the student. No computer-generated signatures will be accepted. Please send requests for unofficial transcripts to:

Outgoing Transcripts  
University Registrar Services  
Arizona State University  
P.O. Box 870312  
Tempe, AZ 85287-0312  
Fax: 480-965-2295

## Costs

There is no fee for an unofficial transcript. For assistance, please contact University Registrar Services [11].

## Transcript FAQs

Have questions? Here are the most common FAQs [12].

If you have an ASURITE ID, want to order online, and are familiar with the applicable transcript policies, you can access your transcripts through My ASU [13].

Click **Grades & Transcripts** in the My Classes box, then **Transcripts & Test Scores**.

## Transcript FAQs

### *Answers to the most common transcript questions*

What is the procedure to change my name on my ASU transcript? [1]

Will ASU hold my transcript and not send it out until my degree or a specific grade is posted? [2]

Does my ASU transcript list courses I transferred from other institutions? [3]

How can I obtain a copy of previous school transcripts? [4]

Can someone else order/pick up my official transcript for me? [5]

What if I have a delinquent account? Can I still obtain a transcript? [6]

How do I get a course description for a course listed on my ASU transcript? [7]

**Q: What is the procedure to change my name on my ASU transcript?**

Currently enrolled students may submit a Name Change Form by mail, in person or by scanning and e-mailing. All requests require a photo identification and one of the following; marriage license/certificate, adoption papers, court order, divorce decree, social security card or passport/permanent visa. Academic records for formerly enrolled students will not be changed. Certain exceptions apply. For further assistance, call 480-965-7276

**Q: Will ASU hold my transcript and not send it out until my degree or a specific grade is posted?**

On the Request for Official Transcript form or the online ordering system, you may request one of the following holds:

- Hold until degree is posted - Your transcript will not be sent until your degree is posted to your ASU transcript.
- Hold until grades are posted - Your transcript will not be sent until all grades for the term you specified on your order are posted to your ASU transcript.

**Q: Does my ASU transcript list courses I transferred from other institutions?**

No. Credit is awarded for traditional course work successfully completed at institutions of higher learning as indicated by ASU and the Arizona Board of Regents. However, only the name of the institution(s) and degrees awarded are listed on the ASU transcript.

**Q: How can I obtain a copy of previous school transcripts?**

You may request unofficial copies of transcripts from other schools if they were submitted to ASU and if they remain on file. If you are requesting transfer transcripts for official purposes, you must order transcripts from the issuing institutions.

**Q: Can someone else order/pick up my official transcript for me?**

Yes, someone else may order or pick up your official transcript as long as you give written and signed authorization to do so. The request must include all the information requested for ordering an official transcript.

**Q: What if I have a delinquent account? Can I still obtain a transcript?**

You may obtain an unofficial transcript only. All financial obligations must be cleared before an official transcript will be issued. For further assistance, call 480-965-7276 during business hours. The Delinquent Accounts Office can be reached at 480-965-5220.

**Q: How do I get a course description for courses listed on my ASU transcript?**

Course descriptions for catalogs after 1996 can be printed from the web at the catalog web site [9]. For course descriptions prior to 1996, contact University Archives [archives@asu.edu](mailto:archives@asu.edu) [10] or 480-965-4932.

## University Policy for Student Appeal Procedures on Grades

The steps outlined here, beginning with step A, must be followed by any student seeking to appeal a grade. Student grade appeals must be processed in the regular semester immediately following the issuance of the grade in dispute (by commencement for fall or spring) regardless whether the student is enrolled at the university. It is university policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean of the college or school in which the course is offered.

### Informal

- A. The aggrieved student must first undergo the informal procedure of conferring with the instructor, stating any evidence and reasons for questioning that the grade received was not given in good faith. The instructor is obliged to review the matter, explain the grading procedure used and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course (regular faculty member or director of the course sequence).
- B. If the grading dispute is not resolved in step A, the student may appeal to the department chair or other appropriate chair of the area within the department (if any). The department chair may confer with the instructor to handle the problem. Step B applies only in departmentalized colleges or schools.
- C. If these discussions are not adequate to settle the matter to the complainant's satisfaction, the student may then confer with the dean of the college or school concerned (or the dean-designate) who will review the case. If unresolved, the dean or designate may refer the case to the college or school academic grievance hearing committee to review the case formally. In most instances, however, the grievance procedure does not go beyond this level.

### Formal

The following procedure takes place after steps A, B and C (or A and C) have been completed.

- D. Each college or school has on file in the office of the dean (and in each department of the college or school) the procedures and composition of the undergraduate or graduate academic grievance hearing committee for student grievances. Each college or school committee shall operate under grievance procedures as stated, which satisfy due process requirements. The committee shall always meet with the student and the instructor in an attempt to resolve the differences. At the conclusion of the hearing, the committee shall send its recommendations to the dean.
- E. Final action in each case will be taken by the dean after full consideration of the committee's recommendation. Any recommended grade changes may be made by the dean. The dean shall inform the student, instructor, department chairperson (if any), registrar and grievance committee of any action taken.

# Undergraduate Policies and Procedures

## Admission

### First Year students

#### How and when to apply as a first-year student

We're here to help make each step toward becoming a Sun Devil a smooth experience. Follow the steps below to apply to become a first-year student at ASU.

#### Admission requirements

##### Course competency requirements

To be admitted to ASU, you will need the following:

- 4 years math
- 4 years English (non-ESL/ELL courses)
- 3 years lab sciences (1 year each from biology, chemistry, earth science, integrated sciences or physics)
- 2 years social sciences (including 1 year American history)
- 2 years same second language
- 1 year fine arts or 1 year career and technical education

Detailed course requirements [1]

##### Aptitude requirements

To be admitted to ASU, you will need one of the following:

- top 25% in high school graduating class
- 3.00 GPA in competency courses (4.00 = "A")
- ACT: 22 (24 nonresidents)
- SAT: 1120 (1180 nonresidents)

These aptitude requirements meet the general university admission requirements. Some degree programs may require higher GPAs in competency courses and/or ACT/SAT scores. To find the requirements for your specific program, please visit ASU's Degree Search [2].

Applicants must successfully complete the ASU competency requirements. Admission may be granted with one deficiency in no more than two competency areas. Deficiencies cannot be in both math and laboratory science. Students must earn a minimum 2.00 in each subject area. Most competencies may also be met by test scores or college courses. See detailed competency requirements [1] for more information.

#### Steps to apply

##### Step 01 Complete an undergraduate admission application

Apply online with ASU's Application for Admission [3] or the Common Application [4]. You need to submit only one application to be considered for admission to ASU.

To expedite the admission decision, use ASU's Application for Admission [3] and self-report your high school grades [5]. The benefit of using the Common Application is that one application can be submitted to multiple colleges, with an additional supplemental form and fee for each college. The fee for the Common Application and ASU's Application for Admission may be different, so please review before deciding which option is right for you. ASU does not require an essay or personal statement in either option.

ASU's Application for Admission [3]

Common Application [4]

## **Step 02 Submit the nonrefundable application fee**

Arizona residents: \$50  
Domestic nonresidents: \$70

You can pay using a credit card (Visa or MasterCard) or eCheck at the time you submit your application or when you log in to My ASU. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

## **Step 03 Send your transcripts**

If you do not self-report your grades in the ASU application, you must have your high school send an official copy of your transcripts to ASU.

An official transcript [6] is required for all students upon graduation from high school indicating their high school graduation date. Otherwise, financial aid and scholarship disbursements will be held.

Have your official high school transcripts sent from the issuing institution to the address below.

**Admission Services Applicant Processing**  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

## **Step 04 Request to have your ACT or SAT scores sent directly to ASU**

ACT or SAT scores are required for merit scholarship consideration and ASU course placement. They are also required for some majors and can be helpful in the general admission process. Have your scores sent to ASU from ACT [7] or the College Board (SAT) [8] when you register for the test. Learn more about sending your test scores to ASU in our FAQ section [9].

## **Step 05 Check application status**

Once you've completed all these steps, ASU will review your application. To see if you have any missing items and to review your admission status, sign in at My ASU using your ASURITE UserID, which is sent to you after you apply for admission.

Check application status [10]

## **Step 06 Fill out the FAFSA**

The Free Application for Federal Student Aid [11] is used to award federal grants, loans, work-study and certain scholarships, and can be filed now for the 2019-2020 school year. We encourage you to file right away. ASU's Federal School Code is 001081.

## **Important Fall 2020 admission and financial aid dates**

### **July 1, 2019**

ASU fall admission application opens

### **Sept. 1, 2019**

ASU Scholarship Portal opens

### **Oct. 1, 2019**

2020–2021 Free Application for Federal Student Aid opens  
ASU's Federal School Code is 001081

### **Nov. 1, 2019**

Priority admission deadline

**Jan. 15, 2020**

ASU's FAFSA priority date

File your FAFSA by this date to maximize the amount of financial aid you could qualify for.

**Jan. 15, 2020**

Regular admission date

Complete your application for fall admission by this date to ensure you're considered for the maximum amount of scholarship opportunities.

**May 1, 2020**

Future Sun Devil Day

Secure your spot for fall 2020 by paying the enrollment deposit.

**Aug. 22, 2020**

First day of fall 2020 classes

**Helpful admission information****Higher admission requirements**

If your first-choice major has higher requirements, you will be instructed to select a second major without higher requirements.

Explore degrees [2]

**Common Application**

ASU accepts both the Common Application [4] and our own online application [3] for incoming first-year students. Only one application will be accepted, with no preference between the ASU application and the Common Application. If two applications are submitted, one will be canceled in our system. Application fees are nonrefundable.

Go to Common App [4]

**Self-report your grades**

ASU accepts self-reported high school grades on the undergraduate admission application. Submission of an ACT or SAT score is highly recommended for merit-based scholarship consideration.

More about self-reporting [5]

**Individual review**

ASU admission decisions begin the first week of September. Students who do not meet the admission standards will be evaluated through individual review and may experience a longer wait time for an admission decision.

**Homeschool students**

ASU welcomes applications from home-educated students. You can easily fill out the application and then include additional information to accurately demonstrate your accomplishments.

More about homeschooling [12]

**How to apply if you have a GED**

Students may also meet admission requirements by submitting an official GED score of 500 or above for tests taken before January 2014 or a GED battery average score of 170 or above for tests taken after January 2014.

## Detailed admission requirements

### How to meet course competency requirements at ASU

Competency requirements may be met with high school work, college work or test scores. These requirements must be met regardless of your major or the number of transferable hours you have earned. Students must earn a minimum 2.00 GPA in each competency area.

Admission may be granted with one deficiency in no more than two competency areas. Deficiencies in both math and laboratory science are not acceptable.

For exceptions to the competency requirements, see below [1].

### English competency requirement

Meet one of the following:

- four years of high school English (composition or literature based)
- minimum test score of 21 on ACT English, or 580 on SAT evidence-based reading and writing
- one transferable or three-credit college English composition course

#### English composition placement

All freshman and transfer students who have not earned a "C" or better in a transferable freshman English composition course, or who have not received a score of 4 or 5 on the Advanced Placement examination in English offered by the College Entrance Examination Board, must submit ACT or SAT scores before registration to be placed in an appropriate English course.

### Mathematics competency requirement

Meet one of the following:

- four years of high school courses: one year each of algebra I, geometry, algebra II, and an advanced math class for which algebra II is a prerequisite
- minimum test score of 24 on ACT math, or 560 on SAT math
- one transferable three-credit college math course for which at least intermediate algebra is a prerequisite

### Laboratory science competency requirement

You may meet one of the following or any combination of the three as long as you have three different laboratory-based sciences:

- three years of different high school laboratory sciences

Lab sciences should be an entire year in length. Please select three from the following list: biology, chemistry, earth science or physics. A laboratory-based integrated science course may be allowed to substitute for one of the three lab sciences. Additionally, an advanced placement course, a higher level international baccalaureate course, or other honors course taken in the last two years of high school in the same subject as a previous course can still satisfy one lab science requirement.

- minimum test scores in three standardized tests from three different subject matters

The following tests may be taken: SAT II subject test score in chemistry-600, biology-590, physics-620 or ACT test score in science-20.

- three transferable four-credit college laboratory science courses from the following: biology, chemistry, earth science or physics

An integrated laboratory science or advanced level laboratory-based science may be substituted for one of these laboratory subjects.

### **Foreign language competency requirement**

Meet one of the following:

- two years of the same high school foreign language
- attainment of minimum score on a national standardized foreign language test or placement into a third semester college foreign language class based on university placement exam results
- two transferable three- or four-credit, college-level courses in the same foreign language

### **Social science competency requirement**

Meet one of the following options from Section A and one from Section B:

#### Section A

- one year of high school American history
- minimum SAT II subject test score of 560 on American history/social studies
- one transferable three-semester-hour college American history course

#### Section B

- one year of high school social science (e.g., European history, world history, economics, sociology, geography, government, psychology or anthropology)
- minimum SAT II subject test score of 580 on world history
- one transferable three-semester-hour college social science course

### **Fine arts or career and technical education competency requirement**

Meet one of the following:

- one year (or a combination of two semesters) of high school fine arts or career and technical education
- one transferable three-credit college fine arts course

### **Exceptions**

You do not need to meet competency requirements if one of the following statements is true:

- You have completed an associate or higher level degree from a regionally accredited postsecondary institution with a minimum 2.00 GPA ("A"=4.00) if you are an Arizona resident, or you have a minimum 2.50 GPA ("A"=4.00) if you are a nonresident.
- You have completed the Arizona General Education Curriculum (AGEC) with a minimum 2.00 GPA ("A"=4.00) if you are an Arizona resident or a 2.50 GPA ("A"=4.00) if you are a nonresident.

## Self-reporting your grades to ASU

### Self-reported admission application

To expedite admission decisions, ASU accepts self-reported high school grades on the undergraduate admission application. After you graduate from high school, submit a final high school transcript that includes your graduation date. Submission of an ACT or SAT score is highly recommended for merit-based scholarship consideration.

ASU admission decisions for the fall semester begin the first week of September. If you do not meet initial eligibility, you may be placed into individual review and experience a longer wait time for an admission decision.

Incoming Arizona resident freshmen who are eligible for the Obama Scholars Program must have a completed admission application, the application fee or a waiver, and the FAFSA submitted by Jan. 1, 2019. Transcripts and test scores are due by Jan. 15, 2019, in order to be considered for the program.

### Step-by-step self-reporting application guide

#### Step 01 Start your ASU application

Apply online with ASU's Application for Admission [1] or the Common Application [2]. You need to submit only one application to be considered for admission to ASU.

ASU's Application for Admission [1]

Common Application [2]

#### Step 02 Click "Yes, I would like to accurately report my grades..."

There will be a drop-down menu where you will enter your overall academics and most importantly, required high school courses.

#### Step 03 Enter all your courses and grades as they appear on your official transcript

- For each academic year 9 – 12, you will enter all courses and grades individually for English, math, science, social science, language, fine arts, electives, etc.
- Select from a list of course names or write the course in the Course Title section.
- Choose whether this course was taken in a semester, trimester, quarter or full year.
- Enter the level of the course. You can choose from a normal high school course, an honors course, an Advanced Placement course or an International Baccalaureate course.
- Enter your course grade in the Grade section.

#### Step 04 Click on "Add Course" and repeat Step 3 as needed

Keep adding courses until all courses have been submitted.

### Frequently asked questions about the self-reported application to ASU

#### WHAT DOES IT MEAN TO SELF-REPORT MY GRADES?

During the application process, you will be asked to enter all your courses and grades for years 9 to 11 as they appear on your official high school transcript. You will also be asked to enter your in-progress courses for year 12. Self-reporting your grades speeds up the admission decision process. ASU will verify your grades based on your final transcripts prior to your enrollment.

#### HOW DO I ENTER MY COURSES AND GRADES?

To accurately enter all information, you must have your high school transcript when filling out the Required High School Courses section in My Grades. All semester, trimester or quarter grades must be listed in the Required High School Courses section.

## AM I ABLE TO INCLUDE COLLEGE COURSES OR DUAL CREDIT COURSES I HAVE TAKEN WHILE IN HIGH SCHOOL?

Yes, the application gives you the option to self-report any college courses or dual credit courses you have taken before enrolling at ASU.

## WHAT SHOULD I DO IF MY HIGH SCHOOL LISTS MY GRADES NUMERICALLY?

If your transcript includes a numerical grading scale, click on 100 point based in the Grading System section and then select the number range for your grades in the Grades section.

## WHEN DO I SUBMIT MY FINAL TRANSCRIPTS?

If you have been admitted and intend to enroll at ASU, you will need to send your official high school transcript once you graduate. Do not send any official transcripts during the application process or before you graduate.

## Admission for homeschool students

### Apply to ASU

Arizona State University welcomes homeschool students and recognizes the unique academic experiences these students contribute to our rich, scholarly environment. We have a growing community of home-educated students who thrive at ASU.

We understand that your academic background differs from students who attended traditional public, private or charter schools. As a homeschool student, you can easily fill out the application and then include additional information to accurately demonstrate your accomplishments.

### Admission requirements

As a homeschool student, you must meet the general requirements for ASU admission, including specific documentation with your application to confirm your completion of the requirements.

#### Competency requirements

Per Arizona Board of Regents policy, laboratory sciences must include one class period per week in a laboratory environment and students must complete the Evaluation of Laboratory Science Courses form [1] as part of the application process. Please email your completed Evaluation of Laboratory Science Courses form to ASU's homeschool representative [2].

#### Aptitude requirements

When you submit your ACT or SAT scores and apply to ASU, you'll also be automatically considered for one of ASU's New American University scholarships [3].

#### Graduation requirement

Upon completion of your secondary school education, complete the Affidavit of Completion of Secondary School Education [4]. The affidavit must be completed by a parent or guardian and notarized.

## Steps to apply to ASU as a home school student

### Step 01 Send your Transcripts

If you took courses at a community college or university, you must have your official transcript [5] sent to ASU.

Have your transcript sent from the issuing institution to the address below.

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

### Step 02 Request to have your ACT or SAT scores sent directly to ASU

ACT or SAT scores are required for merit scholarship consideration and ASU course placement. They are also required for some majors and can be helpful in the general admission process. Have your test scores sent to ASU from ACT or College Board.

More info on SAT and ACT [6]

### Step 03 Fill out the FAFSA

The Free Application for Student Aid [7] is used to award federal grants, loans, work-study and certain scholarships, and can be filed now for the 2019-2020 school year. We encourage you to file right away. ASU's Federal School Code is 001081.

## Admission to Barrett, the Honors College

Homeschool students who want to be considered for admission to Barrett, The Honors College [8] are encouraged to submit a separate application — early application is strongly suggested. Please contact the Barrett admission staff [9] for help with any questions about the college and application process.

## Scholarship opportunities

Homeschool students will be considered for ASU scholarships upon admission. Explore scholarships and additional types of financial aid [10].

## Frequently asked questions about homeschool student admission at ASU

### CAN I BE ADMITTED TO ASU AS A HOMESCHOOL STUDENT?

Yes, ASU welcomes and values all our homeschool students and the special academic experiences they bring to the university. Homeschool students submit the same ASU admission application as students who went to public or private school.

### ARE HOMESCHOOL STUDENT ADMISSION REQUIREMENTS THE SAME AS HIGH SCHOOL STUDENT ADMISSION REQUIREMENTS?

Yes, like public and private high school students, homeschool students must meet and demonstrate completion of ASU's general requirements for university admission [11].

### CAN HOMESCHOOL STUDENTS APPLY FOR FINANCIAL AID?

Yes, homeschool students are eligible to apply for and receive financial aid. You should submit the Free Application for Federal Student Aid [12] to see how much federal aid you may be eligible to receive. By submitting ACT or SAT scores, ASU will automatically consider you upon admission for a merit scholarship.

## Admitted students

Now that you've been admitted to ASU, start taking your next steps to becoming a Sun Devil.

### Your next steps after admission to ASU

#### Step 01 Activate your ASURITE UserID and check My ASU

Stay up to date on your next steps by checking My ASU [1] regularly. Take care of tasks like submitting your final transcripts, sending in your test scores and submitting your immunization forms.

#### Step 02 Apply for scholarships

Search and apply for departmental and private scholarships through ASU's Scholarship Portal [2]. The general scholarship application, which is used for many ASU scholarships, is typically available in September and close by Feb. 1.

#### Step 03 Fill out the FAFSA

The Free Application for Federal Student Aid [3] is used to award federal grants, loans, work-study and certain scholarships, and can be filed now for the 2019-2020 school year. We encourage you to file right away. ASU's Federal School Code is 001081.

#### Step 04 Confirm your attendance

Upon admission, first-year students pay an enrollment deposit [4]. The deposit may be paid on My ASU [1] beginning Oct. 1.

#### Step 05 Register for orientation

ASU New Student Orientation [5] is required for all incoming first-year students. It's where you and your family will connect with other new students and learn about ASU resources, and you'll start to feel like a Sun Devil.

#### Step 06 Confirm your housing and dining preferences

All first-year students are expected to live on campus in one of ASU's residential communities [6]. You will live with students who share similar academic majors.

See VR tours and floor plans [7] of the residential communities.

#### Step 07 Give your parents access to your records and account

Through My ASU Parent Guest Access, you can share your academic records with your parent or guardian, and give them access to pay your tuition and bills. Go to My ASU [1], select the **Profile** tab at the top, and find **Add a Guest** under My ASU Guest Access Permissions.

## Frequently asked questions about admitted first-year students

### HOW DO I ACCEPT MY ADMISSION TO ASU?

To accept your admission to ASU, pay the \$300 enrollment deposit. By doing this, you will be confirming your spot in the freshman class, and you'll be able to take your next enrollment steps, such as selecting your housing and dining preferences and your orientation date.

### WHEN DO I APPLY FOR FINANCIAL AID?

You should apply for financial aid as early as possible. Start by completing a Free Application for Federal Student Aid [19]. The FAFSA opens on Oct. 1 and ASU's FAFSA priority filing deadline is Jan. 1. You should also search ASU's Scholarship Portal [2] to find scholarships that match your qualifications. Many scholarships have application deadlines in February or March. And be sure to submit your ACT or SAT scores to ASU for automatic consideration for a university merit scholarship.

### CAN I TAKE CLASSES AT ASU THE SUMMER BEFORE MY FIRST FALL SEMESTER?

Yes, if you are admitted to ASU for the fall semester, you may begin taking classes the summer before that fall semester.

## Transfer students

Apply as a Transfer Student

### Steps to apply

Learn how and when to apply to ASU.

#### Step 01 Complete an undergraduate admission application

Apply online with ASU's Application for Admission [1] or the Common Application [2]. You need to submit only one application to be considered for admission to ASU.

ASU Application [1]

Common Application [2]

#### Step 02 Activate My ASU and your ASURITE UserID

You will receive your ASURITE UserID and activation code via email within one to three business days of submitting your application. If you have previously applied to ASU, your ASURITE UserID will remain the same. You'll use your ASURITE UserID to login to My ASU.

#### Step 03 Submit the nonrefundable transfer application fee

Arizona residents: \$50

Domestic nonresidents: \$70

Common application fee: \$70

You can pay for the ASU application fee using a credit card (Visa or MasterCard) or eCheck at the time you submit your transfer application or when you log in to My ASU. Or you can mail a check or money order to Admission Services (payable to Arizona State University) at the address below.

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

#### Step 04 Request to have your official transcripts sent to ASU

College or university transcripts

ASU requires official transcripts from all previous institutions attended in order to process your application. Please contact the registrar's office at your college or university and request your official transcripts be sent directly to Admission Services. Official transcripts delivered by hand will be accepted only if they are sealed in the original envelope provided by the community college or university and bear the university seal and the signature of the registrar of the issuing institution.

If your college or university uses Parchment, eSCRIP or National Clearinghouse to send electronic transcripts, please request that your institution send us your official transcripts by choosing Arizona State University on the request form.

Upon graduation or completion of your final semester at your current school, request a final transcript be sent directly to ASU Admission Services to determine final admission status. Receipt of your final transcript impacts financial aid disbursement and your eligibility to register for classes. (Note: ASU does not accept faxed college transcripts.)

High school transcripts

If you haven't completed an associate degree, you must submit one of the following:

- Official high school transcript with a graduation date
- Official GED/HiSet transcripts
- Affidavit of Completion of Secondary School Education

ASU accepts hand-delivered official high school transcripts in sealed envelopes from applicants. (Note: ASU does not accept faxed high-school transcripts.)

## Test scores

If applicable, have your ACT or SAT scores sent directly to ASU. If you have taken AP, IB or CLEP exams, request your scores be sent directly to ASU.

**Have your test scores (e.g., ACT, SAT, TOEFL) and official high school or college transcripts sent from the issuing institution to the address below.**

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

Are you an international transfer student? International transfer student information [3]

## Admission requirements

A transfer applicant is a student who has attended one or more colleges or universities and has completed 12 or more transferable credits post-high school. Students with 11 or fewer transferable credits are considered incoming freshmen.

### Competency requirement

You must have completed one of the following:

- graduated from high school
- earned a GED

### Aptitude requirement

You must meet one of the following:

- Transfer students with 12 or more transferable credits must have a minimum 2.50 cumulative GPA. Transfer students with 12 — 23 transferable credits must also meet freshman aptitude requirements [4].
- Students who have earned an associate degree from a regionally accredited higher education institution must have a minimum 2.00 cumulative GPA (residents) or 2.50 cumulative GPA (nonresidents).

Some majors have higher admission requirements. To find the requirements for your specific program, please visit ASU's Degree Search [5].

"A" = 4.00; ASU accepts college-level courses in which you have earned a "C-" or better.

## Schedule a transfer appointment

Make a half-hour appointment with an ASU transfer specialist or college representative to learn more about studying at ASU and get all your questions answered.

Schedule an appointment [6]

## Important dates

### Fall 2019:\*

#### Oct. 1, 2018

2019–2020 FAFSA opens

#### Jan. 1, 2019

FAFSA priority date

#### Late Feb. 2019

Class registration begins

#### April 1, 2019

Priority admission deadline

#### Aug. 22, 2019

Classes begin

## Spring 2020:

### Oct. 1, 2019

FAFSA priority date

### Late Oct. 2019

Class registration begins

### Nov. 1, 2019

Priority admission deadline

### Dec. 2019

Submit your final transcripts

### Jan. 13, 2020

Classes begin

\*Students must submit their FAFSA and application materials by Feb. 1 to be considered for ASU merit and need-based awards. Late applicants will be considered for university admission, but ASU undergraduate degree programs with higher transfer admission standards will give priority consideration to applications submitted by Feb. 1. You can find other important dates on ASU's academic calendar [7].

## Frequently asked questions about transferring to ASU

### WHAT ARE ASU TRANSFER REQUIREMENTS?

To apply to ASU as a transfer student, you must have earned either a high school diploma or a GED. Additionally, you must have one of the following:

Transfer students with 12 or more transferrable credits must have a minimum 2.50 cumulative GPA. Transfer students with 12 — 23 transferable credits must also meet freshman aptitude requirements [4].

Students who have earned an associate degree from a regionally accredited higher education institution must have a minimum 2.00 cumulative GPA (residents) or 2.50 cumulative GPA (nonresidents).

### WHEN (DURING MY STUDIES) SHOULD I APPLY FOR TRANSFER ADMISSION?

You should begin the transfer application process one year prior to your planned start date at ASU. This will help ensure a smooth transition to the university as well as increase your opportunities for financial assistance.

### HOW DO I APPLY FOR TRANSFER ADMISSION TO ASU?

If you meet university admission requirements, you can apply for transfer admission by completing the undergraduate student application [1], paying the application fee, and having your official transcripts and test scores to ASU.

## Transfer FAQs

### HOW DO I KNOW IF I'M CONSIDERED A TRANSFER STUDENT?

At ASU, a transfer student is anyone applying for admission who has attended another college or university and has completed 12 or more transferable credits post-high school, at the time of application. If you are completing college courses while in high school, you are considered a freshman and not a transfer student.

### DO I HAVE TO TAKE THE ACT OR SAT TO TRANSFER TO ASU?

It depends on your particular situation. If you transfer fewer than 24 transferable credits, you must also meet freshman admission requirements, which may require ACT and SAT scores. Also, some majors, such as business, require a particular ACT or SAT score for admission into the program. Take a peek at the ASU undergraduate Degree Search [1] for admission information specific to your major.

### WHO CAN I SPEAK WITH ABOUT MY TRANSFER TO ASU?

ASU's expert transfer specialists are available to answer your questions and help with your transfer to ASU. Find your transfer specialist [2].

### DO I NEED TO SEND MY HIGH SCHOOL TRANSCRIPTS TO APPLY FOR ADMISSION?

Yes, unless you have an associate degree (or higher) from a regionally accredited college or university posted on your transcripts. High school transcripts should be sent directly from your high school to:

ASU Admission Services  
P.O. Box 871004  
Tempe AZ 85287-1004

### DO I HAVE TO SEND ALL MY COLLEGE TRANSCRIPTS AS PART OF MY ADMISSION APPLICATION?

Yes, for ASU to determine whether you meet admission requirements, we must evaluate your entire academic history, including course work completed at each college or university attended, regardless of academic performance. College transcripts should be sent directly from your college to:

ASU Admission Services  
P.O. Box 871004  
Tempe, AZ 85287-1004

### I ATTENDED ASU PREVIOUSLY. AM I A TRANSFER STUDENT OR A READMISSION STUDENT? DO I NEED TO REAPPLY?

If you have previously attended ASU as a degree-seeking student, you will be considered a readmission student. Please see readmission information [3].

### I APPLIED TO ASU AND WAS ADMITTED, BUT DID NOT ATTEND. DO I NEED TO REAPPLY?

Yes, you need to reapply. Be sure to sign in to My ASU [4] to see if any additional items are needed to complete your file.

### DO I HAVE TO HAVE AN ASSOCIATE DEGREE TO TRANSFER TO ASU?

No, you can transfer to ASU at any time as long as you meet the transfer admission requirements. However, ASU recommends attaining your associate degree before transferring.

### AS A TRANSFER STUDENT, HOW DO I KNOW HOW MANY CREDITS CAN BE APPLIED TOWARD MY MAJOR?

Once you are admitted, you'll work with your academic advisor and review your DARS (Degree Audit Report System) to see which credits apply to your major.

## WHAT PREREQUISITES DO I NEED TO COMPLETE BEFORE I CAN TRANSFER TO ASU?

There are no prerequisites required to be admitted to ASU, unless you have fewer than 24 transferable credits. Students with fewer than 24 transferable credits are required to meet freshman admission requirements [5], including aptitude and competency requirements.

## CAN I LIVE ON CAMPUS AS A TRANSFER STUDENT?

Yes, ASU has housing devoted specifically to upper-division students and strongly encourages all students to live on campus during their first year at ASU. For more information, please refer to University Housing [6].

There are also a variety of off-campus housing options in close proximity to ASU's campuses. For more information on off-campus housing, check out Off-Campus Housing [7].

## **ASU transfer FAQs for California residents**

### IF I'M ATTENDING A CALIFORNIA COMMUNITY COLLEGE, IS THE IGETC/CSU GE REQUIRED TO TRANSFER TO ASU?

The IGETC/CSU GE is not a requirement for admission to ASU but is highly recommended. Completing either of the GE patterns and getting certified by your community college will satisfy the General Studies requirements at ASU. Learn more about how to transfer to ASU from a California community college.

### WHAT DOES IT MEAN TO GET IGETC/CSU GE CERTIFIED?

Getting certified means you have completed all General Education requirements at your California community college. If you have confirmed with your community college counselor that you are eligible for the certification, ASU will require that you submit the official certification along with your official transcripts to Admission Services.

### CURRENTLY, I DON'T MEET THE WESTERN UNDERGRADUATE EXCHANGE ADMISSION REQUIREMENTS. SHOULD I WAIT TO APPLY?

No. Even though you may not currently qualify for WUE, we will always re-evaluate your admission to the program if you currently have courses in progress and submit your final transcripts.

### I LIVE IN CALIFORNIA BUT WOULD LIKE TO MEET WITH AN ASU REPRESENTATIVE IN PERSON TO DISCUSS THE TRANSFER PROCESS. IS THIS POSSIBLE?

ASU representatives will be attending college transfer fairs and hosting various visits at community colleges throughout California. Find your transfer specialist [2] to ask about upcoming opportunities near you.

## Transfer pathway programs

### Transfer simplified: Find your path to ASU

Arizona State University has partnered with colleges across Arizona and the country to create a simplified transfer experience for students. These pathway programs include exclusive benefits, tools and resources and help students save time and money in their college journey.

If you are currently enrolled in a community college, find your school below.

If you are not currently enrolled in a partnering college or university, please review the general transfer admission requirements [1].

#### Maricopa community colleges

- Chandler-Gilbert Community College
- Estrella Mountain Community College
- GateWay Community College
- Glendale Community College
- Mesa Community College
- Paradise Valley Community College
- Phoenix College
- Rio Salado College
- Scottsdale Community College
- South Mountain Community College

Find your path [2]

#### Arizona community colleges

- Arizona Western College [3]
- Central Arizona College [4]
- Cochise College [5]
- Coconino Community College [6]
- Diné College [7]
- Eastern Arizona College [8]
- Gila Community College [9]
- Mohave Community College [10]
- Northland Pioneer College [11]
- Pima Community College [12]
- San Carlos Apache College [13]
- Tohono O'odham Community College [14]
- Yavapai College [15]

#### Out-of-state community colleges

ASU partners with community colleges in the following states as part of the Guaranteed Program for Admission:

- California [16]
- Florida [17]
- Illinois [18]
- Texas [19]
- Washington [20]

#### Transferring from another state?

You don't need to be attending a partnering college to transfer to ASU— ASU accepts transfer students from across the country.

How to apply [1]

## Specialty alliances

Students enrolled in the following universities can participate in guided pathways to earning an ASU degree.

- [BYU-Idaho \[21\]](#)
- [Arizona Christian University \[22\]](#)

## Earn your degree without leaving home

ASU strives to serve students and communities across Arizona. Working in partnership with community colleges and the local communities, ASU locations offer high-demand programs that allow students to complete their bachelor's degrees without leaving home.

## Frequently asked questions about transfer pathway programs

### WHAT IS ASU MAPP?

The MAPP, or Maricopa to ASU Pathways Program, is a program that offers students in the Maricopa Community Colleges prescribed coursework in community college, which, once completed, earns them automatic admission to ASU. The MAPP ensures a smooth transition to the university, and can save you time and money in your pursuit of a degree.

### WHAT IS ASU TAG?

The TAG, or the Transfer Admission Guarantee, is a program that offers students in Arizona community colleges (other than Maricopa County) prescribed coursework in community college, which, once completed, earns them automatic admission to ASU. The TAG ensures a smooth transition to the university, and can save you time and money in your pursuit of a degree.

### WHAT IS AN ASU PATHWAY PROGRAM?

In a pathway program, students are prescribed coursework that ensures the classes they take will transfer to ASU and be credited toward their desired degree, which saves time and money. Pathway students also have access to an ASU transfer specialist and ASU tools while still in community college, and get guaranteed admission to ASU upon completing their pathway program.

### **Guaranteed Program for Admission – California**

Designed for California community college students, the Guaranteed Program for Admission helps you stay focused on earning your undergraduate degree and plan for a smooth transfer to ASU.

Learn about the program [1]

#### **Guaranteed admission requirements**

General university admission is guaranteed upon successfully meeting the following conditions\*:

- an associate degree with a minimum cumulative transfer GPA of 2.50

or

- a fully certified Intersegmental General Education Transfer Curriculum (IGETC) or California State University General Education (CSUGE), with a minimum cumulative transfer GPA of 2.50 plus either a final high school transcript or GED

or

- completion of at least 24 transferable semester credits with a minimum cumulative transfer GPA of 3.00 (4.00="A") plus either a final high school transcript or GED

**You will also need to submit an Arizona State University admission application [2], including any additional documents required, such as official college transcripts.**

\*Some ASU colleges and schools have additional or higher requirements for admission into their programs.

#### **Next step: Build a Transfer Map and sign up for the Guaranteed Program for Admission**

The Guaranteed Program for Admission helps you plan and complete your community college coursework to meet the lower-division course requirements for your ASU major. When you complete the program, you'll be on track to earn your bachelor's degree. Use the Transfer Map search to select your transfer college and ASU major, the results of which will outline all of the courses to take prior to transfer. Once you have the desired combination, sign up to receive all of the Guaranteed Program for Admission benefits.

To be eligible for the Guaranteed Admissions Program benefits [1] such as guaranteed admission into ASU and your major, you'll need to complete the following steps:

1. **Build your Transfer Map.** Visit the Transfer Guide to build your Transfer Map. Enter your desired ASU major and current college information to outline the courses you can complete prior to transferring.
2. **Create Transfer Guide Account.** Next, create a Transfer Guide account so that you may save your Transfer Map and refer to it later.

3. **Complete Agreement Form.** After you receive an email confirming account creation, you will complete the transfer pathway agreement form in the Transfer Guide. This step will make you eligible to receive the benefits of the program.
4. **Stay Connected to ASU.** After completing the agreement form, you'll receive an email confirmation. Watch for communications from ASU to keep you connected to the university as you complete your community college coursework. Continue referring to your Transfer Map to ensure you're taking the right classes to transfer to your ASU degree.

Build a Transfer Map [3]

### Apply to ASU

Completing the Guaranteed Program for Admission agreement is one part of your transfer process. Begin your application for admission up to a year before you are ready to transfer. Make sure you have met all admissions requirements, and submit the application for admission, pay the application fee and send official college transcripts to ASU.

Apply now [2]

1. **Build your Transfer Map.** Visit the Transfer Guide to build your Transfer Map. Enter your desired ASU major and current college information to outline the courses you can complete prior to transferring.
2. **Create Transfer Guide Account.** Next, create a Transfer Guide account so that you may save your Transfer Map and refer to it later.
3. **Complete Agreement Form.** After you receive an email confirming account creation, you will complete the transfer pathway agreement form in the Transfer Guide. This step will make you eligible to receive the benefits of the program.
4. **Stay Connected to ASU.** After completing the agreement form, you'll receive an email confirmation. Watch for communications from ASU to keep you connected to the university as you complete your community college coursework. Continue referring to your Transfer Map to ensure you're taking the right classes to transfer to your ASU degree.

## Guaranteed Program for Admission – Texas

Designed for Texas community college students, the Guaranteed Program for Admission helps you stay focused on earning your undergraduate degree and plan for a smooth transfer to ASU.

Learn about the program [1]

### ASU partners with the following community colleges in Texas

Austin Community College

Collin College: McKinney

Collin College: Plano

Collin College: Frisco

Central Texas College

Dallas County Community Colleges: Brookhaven College

Dallas County Community Colleges: Cedar Valley College

Dallas County Community Colleges: Eastfield College

Dallas County Community Colleges: El Centro College

Dallas County Community Colleges: Mountain View College

Dallas County Community Colleges: North Lake College

Dallas County Community Colleges: Richland College

Houston Community College

Lone Star College

Tarrant County College: Northeast

Tarrant County College: Northwest

Tarrant County College: South

Tarrant County College: Southeast

Tarrant County College: Trinity River

### Attending a community college not on this list?

Transferring to ASU is still possible. Learn how and when to apply [2] for transfer admission, application steps, and important upcoming dates.

### Guaranteed admission requirements

General university admission is guaranteed upon successfully meeting the following conditions:\*

- a transfer **associate degree** with a minimum cumulative transfer GPA of 2.50

or

- a completed **Texas General Education Core Curriculum** [3], with a minimum cumulative transfer GPA of 2.50 plus either a final high school transcript or GED

or

- completion of at least **24 transferable semester credits** with a minimum cumulative transfer GPA of 3.00 (4.00="A") plus either a final high school transcript or GED

**You will also need to submit an Arizona State University admission application, including any additional documents required, such as official college transcripts.**

\*Some ASU colleges and schools have additional or higher requirements for admission into their programs.

## Next step: Build a Transfer Map and sign up for the Guaranteed Program for Admission

The Guaranteed Program for Admission helps you plan and complete your community college coursework to meet the lower-division course requirements for your ASU major. When you complete the program, you'll be on track to earn your bachelor's degree. Use the Transfer Map search to select your transfer college and ASU major, the results of which will outline all of the courses to take prior to transfer. Once you have the desired combination, sign up to receive all of the Guaranteed Program for Admission benefits.

To be eligible for the Guaranteed Admissions Program benefits [1] such as guaranteed admission into ASU and your major, you'll need to complete the following steps:

1. **Build your Transfer Map.** Visit the Transfer Guide to build your Transfer Map. Enter your desired ASU major and current college information to outline the courses you can complete prior to transferring.
2. **Create Transfer Guide Account.** Next, create a Transfer Guide account so that you may save your Transfer Map and refer to it later.
3. **Complete Agreement Form.** After you receive an email confirming account creation, you will complete the transfer pathway agreement form in the Transfer Guide. This step will make you eligible to receive the benefits of the program.
4. **Stay Connected to ASU.** After completing the agreement form, you'll receive an email confirmation. Watch for communications from ASU to keep you connected to the university as you complete your community college coursework. Continue referring to your Transfer Map to ensure you're taking the right classes to transfer to your ASU degree.

## Transferring credits to ASU

### How credits transfer to ASU

When you transfer to ASU from another college or university, the following general standards for transfer credits apply. You can use ASU transfer tools to learn how credits will transfer and begin creating your roadmap to graduation.

#### Accepted credits

ASU accepts college-level (not remedial) courses in which you have earned a grade of "C" (4.00="A") or better from regionally accredited colleges and universities.

#### Applicability

The applicability of a specific transfer course toward an ASU degree program depends on the requirements of the department, division, college or school in which you are enrolled at ASU.

#### Credit hours

A maximum of 64 semester hours of credit will be accepted as lower-division credit when transferred from a regionally accredited community, junior or two-year college, with the exception of some special programs. An unlimited number of credits hours will be accepted from four-year institutions. Upon admission to the university, you will work with an ASU academic advisor to determine how your transferable credits apply toward your selected major.

## Credit conversion

Acceptable academic credits earned at other institutions that are based on a different unit of credit than the one prescribed by the Arizona Board of Regents are subject to conversion before being transferred to ASU. All ASU students must meet graduation requirements (university, college, major and general studies requirements) to earn a four-year degree.

## Degree requirements

The ASU college of your major determines how transfer courses fulfill the degree requirements of your ASU major. You should review the degree requirements of the program into which you intend to transfer and talk with an academic advisor about your transfer credits and how they will apply to your degree program.

## Determining GPA

Grades and honor points that you earned at other colleges and universities are considered for admission, but your ASU cumulative grade point average is based solely on coursework taken at ASU.

## Types of Transfer Credits not accepted by ASU:

- courses in which you earned below “C-” as your final grade
- credit awarded by postsecondary schools in the United States that lack candidate status or are not accredited by a regional accrediting association
- credit awarded by postsecondary schools for life experience
- credit awarded by postsecondary schools for courses taken at noncollegiate institutions (e.g., governmental agencies, corporations, industrial firms, etc.)
- credit awarded by postsecondary schools for noncredit courses, workshops and seminars offered by other postsecondary schools as part of continuing education programs

Students wishing to transfer to ASU and who feel they have been unjustly denied credit for transfer courses may appeal to the appropriate committee.

## Transfer Guide

ASU’s Transfer Guide is a helpful online tool to assist you in your transfer planning process. Manage your Transfer Pathways, requested course evaluations, saved courses searches, saved exam searches and more.

View the Transfer Guide [1]

## Military credits

ASU is proud to welcome veterans of the Army, Navy, Air Force, Marines, Coast Guard and National Guard to our undergraduate student community.

## Evaluation of military transcripts

ASU uses the American Council on Education's Guide to the Evaluation of Educational Experiences in the Armed Services [2] to assess how to transfer military credits to ASU. In general, a military course must be similar to an ASU undergraduate course to transfer to ASU.

Military credits that transfer to ASU through educational experiences in the armed services are not applicable toward completing ASU's general studies requirements [3] for graduation, but do count for total credits toward completion. No transfer credit is awarded for vocational certificate category ACE recommendations.

The JST is reviewed for potential transfer credit in accordance with VA guidelines and Arizona statutes related to awarding credit for military training and education. Credits are evaluated at the time of JST submission to ASU. It is recommended the JST be sent to ASU upon application to ensure timely processing and evaluation.

Military Transcripts Accepted by ASU

**ASU accepts the following military transcripts to transfer credits:**

- JST [4] (Joint Services Transcript)
- Air University Transcript (formerly Community College of the Air Force) [5]

The CCAF is a regionally accredited community college. This transcript must be submitted as part of a student veteran's admission package for anyone who served in the United States Air Force, Air Force Reserve or Air Guard.

Veterans exception

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college before military service may be considered when determining admissibility. This exception may be used only one time and applies only to veterans who:

- are honorably discharged
- have served in the armed forces of the United States for a minimum of two years
- have previously enrolled at a university or community college in Arizona

Military service records must be submitted, including form DD 214.

Air University Associate to Baccalaureate Cooperative

Arizona State University is working in collaboration with Air University to recognize the military education of our incoming Air Force personnel. Learn more about the partnerships and programs available.

Air University [6]

**Credit by exam**

You may earn no more than 60 hours of credit by exam for any degree program, including ASU comprehensive and proficiency exams.

ASU's credit by exam policy [7]

**Frequently asked questions about transferring credits**

HOW DO I TRANSFER CREDITS TO ASU?

You can transfer credits to ASU by requesting your transcripts from all colleges you have attended and have them sent directly to ASU. Then, when you have completed the admission application, paid the application fee and are admitted to ASU, your qualifying credits will automatically be added to your ASU Degree Audit.

HOW MANY CREDITS CAN BE TRANSFERRED TO ASU?

You can transfer a maximum of 64 credits from a regionally accredited community, junior or two-year college for courses in which you have earned a "C" (4.00="A") or better.

WHAT IS THE ASU TRANSFER GUIDE?

ASU's Transfer Guide [8] is a useful tool that shows how college courses you've already taken will transfer to ASU. If you don't see a particular course in the Transfer Guide, you can request a course evaluation.

## Admitted transfer students

Congratulations on being admitted to Arizona State University. You're well on your way to becoming a Sun Devil. You have just a few things to take care of to make sure you're ready for your first day on campus.

### Your next steps as an admitted transfer student

#### Step 01 Complete the Free Application for Federal Student Aid

To apply for financial aid, complete a Free Application for Federal Student Aid. If you have already completed a FAFSA for another institution, you may use your existing application for the semester you are admitted to ASU. Update the school on your existing FAFSA with the following steps:

1. Go to [fafsa.gov](https://fafsa.gov) [1] to the current year application.
2. Use your U.S. Department of Education PIN to access your account.
3. Add ASU's Federal School Code (001081) to your application.
4. If you have your Data Release Number, or DRN, you can call 800-433-3243 to request that your Student Aid Report be sent electronically to ASU.

View your FAFSA information on your **Finances** tab in My ASU, and view your **Priority Tasks** for important financial aid next steps. Complete any items listed under **Priority Tasks** early to ensure you do not have any barriers to receiving your aid.

**Note:** Arizona law requires verification of citizenship or other lawful presence in the U.S. for all students receiving financial aid funded by state money.

#### Step 02 Complete online orientation

Find online orientation in My ASU [2] and complete it to become more familiar with university resources and services.

#### Step 03 Submit your MMR immunization verification form

You must submit your measles (rubeola), mumps and rubella immunization form [3] before you can register for classes. You can fax, email or mail your records to ASU Health Services [4]. You may receive an immunization at an ASU Health Services [4] facility on any campus. Call for an appointment. Fees apply.

Downtown Phoenix campus | 602-496-0721

Polytechnic campus | 480-727-1500

Tempe campus | 480-965-3346

West campus | 602-543-8019

#### Step 04 Register for classes

You must meet with an academic advisor before you can register for your classes. We recommend you review the My Progress Report (DARS) link in My ASU [2] and use the Transfer Guide [5] to view course equivalencies before meeting with your academic advisor. Instructions to schedule an advising appointment can be found on My ASU [2] by clicking on **Advising** in the **My Programs and eAdvisor™** box.

#### Step 05 Request final transcripts

As soon as you graduate or complete your current semester or term, request an official final transcript be sent from your college or university to ASU Admission Services. If you were concurrently enrolled in high school and college courses, or if you were dually enrolled in college courses taught on your high school campus, you must request official transcripts from both your high school and the college offering the dual enrollment credit. ASU will not award college credit for courses that appear only on high school transcripts.

## Frequently asked questions about transfer at ASU

I APPLIED TO ASU AND WAS ADMITTED, BUT DID NOT ATTEND. DO I NEED TO REAPPLY?

Admission is valid for one consecutive term from your original application term. After that, yes, you need to reapply. Be sure to sign in to My ASU [2] to see if any additional items are needed to complete your file.

CAN TRANSFER STUDENTS LIVE ON CAMPUS?

Yes, transfer students are encouraged to live on campus. Living on campus puts you right next to ASU student support resources and helps you be more connected to the university. And research shows that you are more likely to do better in your classes and graduate if you live on campus.

ARE ASU SCHOLARSHIPS FOR TRANSFER STUDENTS AVAILABLE?

Yes. Scholarships for transfer students [6] are available. Students from Arizona who transfer from an Arizona community college, have at least a 3.50 cumulative GPA and have a demonstrated financial need can apply for the Transfer Achievement Award. High-achieving nonresident transfer students with financial need can apply for ASU's New American University Scholarship. Be sure to file a Free Application for Federal Student Aid [1] to increase your chances of receiving financial aid.

## **International students**

International undergraduate admission application

Attending Arizona State University means you'll benefit from prestigious faculty, state-of-the-art facilities and a vibrant community of students from 136 countries around the globe. Choose from more than 350 undergraduate degree programs that will lead you to a successful career path.

### **Admission requirements**

#### **Academic requirements**

First-year students must have a 3.00 grade point average (GPA) (a "B" or better where "A"=4.00) from a secondary school.

Transfer students must have a minimum 2.50 GPA (a "C+" or better where "A"=4.00) from a college or university. Some ASU programs require a minimum transfer GPA of 3.00, including the W. P. Carey School of Business and Ira A. Fulton Schools of Engineering.

Some ASU programs may have higher admission requirements and may require a minimum ACT or SAT score.

Must have three years of high school work (If you are currently in high school, ASU needs to see 9–11 grade work. If you have completed high school then ASU needs to see 10–12 grade work).

Must have and present a completed high school diploma or certificate.

#### **Competency requirements**

International students who attended four years of high school in the U.S. are required to meet the competency requirements.

- English: four years (composition/literature based).
- Math: four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).
- Laboratory science: three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences, and physics).
- Social science: two years (including one year American history).
- Foreign language: two years (same language).
- Fine arts: one year.

International students who completed high school outside the U.S. are required to meet the following competency requirements:

- Math: four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).
- Laboratory science: three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics).

#### **Comparable degree requirements in different countries and territories**

Arizona State University recognizes that educational systems are different across the world. To help you determine if your academic credentials are comparable to a U.S. high school degree and to understand the documents that need to be submitted for admission, please review the requirements for the country from which your credential was earned.

[Archivist's Note: In-page by-country requirements tool unable to be captured.]

## Steps to apply

### Step 01 Complete the undergraduate application for admission.

Apply online with ASU's Application for Admission [1] or the Common Application [2]. ASU accepts only one application. We have no preference between the ASU application and the Common Application. If two applications are submitted, one will be canceled in our system. Application fees are nonrefundable.

#### Send all supporting documents (transcripts and test scores) to:

Admission Services  
Applicant Processing  
1150 East University Drive Building C, Room 226  
Tempe AZ 85281

### Applicants in China

If you are currently in China, please note that you can send your official transcripts directly to our office in Beijing at the following address:

ASU Enrollment Advisor  
Jianwai SOHO, Building 17, Suite 705  
39 East 3rd Ring Middle Road, Chaoyang  
Beijing, China 100022. (北京市朝阳区建外soho西区 17号楼, 705室 ; 邮编100022)  
T: +86 15311265171

### Applicants in India

If you are currently in India, you can send your official transcripts directly to our enrollment advisor in Mumbai at the following address:

Alpha Building,  
REGUS Unit No. 201, 2nd Floor, Main St,  
Hiranandani Gardens, Sainath Nagar,  
Powai, Mumbai,  
Maharashtra 400076  
T: +91 9999 4210 89  
ATTN: Poonam Venkatesh

For more information, call +91 9999 4210 89 or email [asuinternational@asu.edu](mailto:asuinternational@asu.edu) [3].

### Step 02 Submit the nonrefundable application fee.

The application fee is \$85 (U.S. Dollars). If you did not submit your application fee with your admission application, you may make your payment through My ASU [4], or submit payment in the form of a check or money order drawn on a U.S. banking affiliate and made payable to Arizona State University. Do not send cash or international postal money orders. Application fees cannot be waived or transferred to a future application. International students can apply via the Common Application [2] instead of the ASU application, and pay the application fee of \$85 through the Common Application.

### Step 03 Request your official transcript and examination results be sent directly from your school(s) or exam board to Admission Services.

Official transcripts are certified copies of official documents from each secondary school, college, university or technical school attended. Records must include courses completed, grades or marks earned, and certificates or degrees awarded. Include a certified English translation of all documents not written in English.

#### Transcript requirements

Upon graduation or completion of the semester, request that a final transcript be sent directly to ASU to determine final admission status. If your school(s) cannot send them directly to ASU, you may send them yourself, making sure they meet one of the following requirements:

- Original academic credentials issued by the registrar of the institution attended, bearing the original raised or colored seal of the institution and the signature of the institution's registrar, academic official or recognized international organization.
- Photocopies of original academic credentials that have been verified as true copies of the original by a responsible official of the institution attended or by an education representative of the country's government or embassy. Each page must bear the verifying Official's signature and stamp. U.S. Consulate/Embassy in home country (e.g., U.S. consulate in India) or country specific embassy/consulate if in the U.S. (e.g., Indian Consulate/Embassy in U.S.)
- Photocopies of original academic credentials that have been certified by a recognized international education organization, such as Education USA [5], AMIDEast [6] or US India Educational Foundation [7].

You must have one set of official transcripts from every high school, college and university from which you earned a high school diploma sent to ASU (see mailing address).

### Admission Services

Applicant Processing  
1150 East University Drive Building C, Room 226  
Tempe AZ 85281

### Applicants in China

If you are currently in China, please note that you can send your official transcripts directly to our office in Beijing at the following address:

ASU Enrollment Advisor  
Jianwai SOHO, Building 17, Suite 705  
39 East 3rd Ring Middle Road, Chaoyang  
Beijing, China 100022. (北京市朝阳区建外soho西区 17号楼, 705室 ; 邮编100022)  
T: +86 15311265171

### Applicants in India

If you are currently in India, you can send your official transcripts directly to our enrollment advisor in Mumbai at the following address:

Alpha Building,  
REGUS Unit No. 201, 2nd Floor, Main St,  
Hiranandani Gardens, Sainath Nagar,  
Powai, Mumbai,  
Maharashtra 400076  
T: +91 9999 4210 89  
ATTN: Poonam Venkatesh

For more information, call +91 9999 4210 89 or email [asuinternational@asu.edu](mailto:asuinternational@asu.edu) [3].

**Note:** Any document ASU receives becomes property of ASU and will not be returned to you.

**Note:** Photocopies certified by a notary public are not official. Scanned copies are also not accepted in lieu of original official academic documents.

### Transcript Translation

All international transcripts must be submitted in the original language accompanied by an official English translation. Translations must be literal, complete versions of the originals and must be translated by one of the following:

Issuing university or college.

Official translation service (some example agencies listed at <https://www.naces.org/members> [8])

Ministry of Education, consulate, or embassy

Education USA (EdUSA) [9], AMIDEAST [6], US India Education Foundation (USIEF) [10].

The translation does not take the place of submitting official academic records in the original language. The translation is in addition to the official academic record. Translations may not be completed by the student. Translations certified by a notary public are not acceptable.

#### **Step 04 Provide evidence of English language proficiency.**

Have your TOEFL, IELTS or PTE score, sent directly to ASU, or provide proof of completion from Global Launch.

#### **TOEFL**

The official TOEFL score report can be sent directly to ASU from the Educational Testing Service. ASU's TOEFL institutional code is 4007. For information about this test and registration procedures, contact ETS at PO Box 6151, Princeton, NJ 08541-6151, USA or visit [www.toefl.org](http://www.toefl.org) [11].

#### **IELTS**

For information about this test and registration procedures, contact the IELTS Office, University of Cambridge Local Examination Syndicate, 1 Hills Road, Cambridge/CB1 2EU, UK or visit [www.ielts.org](http://www.ielts.org) [12].

#### **PTE**

For information about the Pearson Test of English, visit [www.pearsonpte.com](http://www.pearsonpte.com) [13].

#### **Global Launch**

ASU accepts completion of the in-person Intensive English Program (IEP) [14] or online English for Undergraduate Admission course [15].

Undergraduate English proficiency [16]

#### **Step 05 Submit your ACT or SAT scores.**

If you have taken the ACT or SAT, please submit official scores to Undergraduate Admission Services. Some ASU colleges have minimum ACT and SAT score requirements for entrance to their programs.

#### **Step 06 Submit your student visa application.**

All international students planning to attend Arizona State University will need to first apply for an I-20 in order to apply for an F-1 or J-1 student visa.

Student visa info [17]

#### **Documents needed**

All documents must be an original or an attested copy with an original institutional seal and/or signature. Photocopies, notarized copies, faxes or scans are not considered original documents. All documents must be translated into English if the original is not issued in English.

**Note:** Before mailing or sending any documentation, you must fill out an ASU application. Sending documents before doing so will delay the processing of your application. It is also recommended that you include your ASU EMPLID on the envelope of any documents being mailed to ASU.

#### **Do you have any college credits?**

- All college work must be reported at the time of filling out your application.
- We must see all transcripts/academic records from all institutions that you have ever attended (regardless if you have finished the program at that institution or not).
- All documents not issued in English must be accompanied by an English translation.

## Professional third-party evaluations

ASU provides in-house credential evaluations of your secondary and postsecondary academic records at no extra cost. However, if you have already had your academic credentials evaluated, ASU will consider course-by-course evaluations from the three agencies below:

- Educational Credential Evaluators [18]
- Foreign Credentials Service of America [19]
- Academic Credentials Evaluation Institute [20]

**Note:** Official evaluations do not take the place of submission of official academic records. The evaluation is in addition to the official academic record. If the evaluation agency includes academic records they used to complete their evaluation and indicates that the evaluation was based on official or authenticated records, we may accept those documents as official.

## Conditional admission

ASU may offer conditional undergraduate admission to international applicants who meet the academic (aptitude) requirements but who are not proficient in English. This offer of conditional admission will give you time to improve your English proficiency before you start classes at ASU. Your conditional admission offer is good for up to three semesters, during which time you must meet one of these requirements [16] to begin your ASU experience.

## Application deadlines

You must submit your application for admission to ASU, along with the application fee, by the deadline specified for each semester. To expedite the evaluation of your application, please remember to submit official transcripts, test scores and supporting credentials along with your application.

### Fall 2019

#### May 1, 2019

Application priority deadline

#### May 1, 2019

Enrollment deposit date (first-year students only)

#### Aug. 22, 2019

Classes start

**Note:** Applications for summer that are not completed in time for the start of the summer sessions will be reviewed for admission for the fall semester.

**Note:** International students who have been admitted for the fall semester who would like to begin attending classes during the summer must contact Admission Services [21] by May 1. Otherwise, I-20s will be created for the fall semester.

Make sure to apply as early as possible to allow time for all documentation and processes to be completed.

## Frequently asked questions about international undergraduate admissions

### HOW DO I APPLY TO ASU AS AN INTERNATIONAL STUDENT?

To apply to ASU as an international student, you must meet certain academic requirements, as well as demonstrate proof of English proficiency. Review this page for admission and English proficiency requirements, application procedures and deadlines for undergraduate students.

### DO I HAVE TO KNOW ENGLISH TO STUDY AT ASU?

Yes. ASU requires proof of English proficiency from all international student applicants, or applicants whose native language is not English. ASU accepts TOEFL, PTE or IELTS scores or completion of ASU's Global Launch [14] English and academic preparation courses as proof of English proficiency.

## WHAT IS GLOBAL LAUNCH?

Global Launch [14] is Arizona State University's English language and academic preparation unit, providing face-to-face and online English and Pathways programs for international students seeking admission to the university.

## Student visas

### Types of student visas

As an international student at Arizona State University, you will need to obtain an F-1 or J-1 student visa.

#### F-1 student visa

The F-1 visa is the most common student visa and is issued to full-time students enrolled in an academic or language program at a U.S. institution. Any student who is funded either by personal or outside funds, or a combination of the two, is eligible for F-1 status. If you are a student applying for an F-1 visa, you must request the SEVIS Form I-20 from the appropriate ASU admission office once admitted to ASU.

#### J-1 student visa

The J-1 visa is an exchange visitor visa issued to students at all academic levels. Students must have a substantial portion of their funding coming from a source other than their personal finances (e.g., their home institution or government). If you are a student applying for a J-1 visa, you must request Form DS-2019 from the appropriate ASU admission office once admitted to ASU.

#### F-2 dependent visa (undergraduate)

The F-2 visa is a nonimmigrant visa that allows dependent spouses and children of F-1 student visa holders to enter the U.S. and enroll in an educational institution. As a student with F-2 visa status, you can attend ASU only as a part-time student. For the undergraduate level, this means you may register for up to 11 credit hours for the spring and fall terms.

More F-2 information [1]

### F-2 dependent visa (graduate)

The F-2 visa is a nonimmigrant visa that allows dependent spouses and children of F-1 student visa holders to enter the U.S. and enroll in an educational institution. As a student with F-2 visa status, you can attend ASU only as a part-time student. For the graduate level, this means you may register for up to eight credit hours for the spring and fall terms. Some graduate programs do not allow students to attend part time. For additional information, please contact your program of interest.

More F-2 information [1]

### SEVIS Form I-20

An initial I-20 is issued for students with a new SEVIS record. A transfer I-20 is issued for students who have an active SEVIS record at a U.S. high school or higher education institution, and are transferring their records to ASU.

#### Initial I-20

If you have not been issued an I-20 in the past, or if you have but the SEVIS record affiliated with that I-20 was terminated or completed, you should request an initial I-20.

Once you have uploaded all required documents in My ASU [2] for the I-20, ASU Admission Services will begin the process of creating your initial I-20.

#### Transfer I-20

If you have an active SEVIS record at another U.S. school (high school or higher education institution) and are requesting an I-20 through ASU, you should follow the Request Transfer SEVIS Form I-20 [3] section below. Once you have uploaded all required documents in My ASU [2] for the I-20, ASU Admission Services will begin the process of creating your transfer I-20.

Go to the Transfer Sevis section [4]

### Requesting your I-20

An I-20 is an important immigration document that F-1 students need in order to obtain their student visa and enter the U.S. ASU guides each student through the process of obtaining their I-20. **Priority Tasks** on My ASU [2] alerts students to the steps they need to take. The process of obtaining an I-20 can take some time, so it is important not to wait until the last minute to begin gathering the necessary documents and uploading them.

For sponsored students, the steps to obtaining an I-20 are slightly different than for nonsponsored students. Students should use the descriptions below to determine whether or not they are a sponsored student.

#### Sponsored student

A sponsored student's school and living expenses are paid by a sponsoring agency recognized by ASU.

Some examples of sponsoring agencies are ADNOC, ARAMCO, Dubai Electricity & Water Authority, Kuwait Cultural Office, Oman Cultural Division, Qatar Airways, Qatar Defense Attaché, Qatar Higher Education Institute, Qatar Petroleum, RasGas, Saudi Arabian Cultural Mission, Sidra, UAE Cultural Division and the UAE Scholarship Coordination Office.

Most of ASU's sponsored students come from Saudi Arabia, Kuwait, UAE, Qatar and Oman.

Note: Students receiving an ASU scholarship or TA/RA position are not considered sponsored students.

#### Nonsponsored student

A non-sponsored student's school and living expenses are paid for through personal or family funds, loans or through other means not associated with an ASU-recognized sponsoring agency.

Students who are unsure if they are a sponsored student should contact ASU Admission Services at ASUinternational@asu.edu [5] or +1 480-965-2437.

## Steps to request an I-20

### Step 01 Fill out the Financial Guarantee form

In compliance with the Department of Homeland Security and SEVIS regulations, all international applicants on the F-1 student visa must provide evidence of sufficient funds available for their studies in the U.S. For this purpose, a Financial Guarantee form [6] must be completed and submitted along with bank statements dated within the past six months and signed or wet stamped by an authorized bank or representative, or by a recognized sponsoring agency in the U.S. Please submit your Financial Guarantee form along with your bank statements or sponsor letter from an authorized sponsoring agency. ASU will not be able to process your SEVIS Form I -20 without receipt of your Financial Guarantee.

Please refer to the Financial Guarantee form to determine the amount of funds required for your specific program and campus. You can access the form here [6].

Students with dependents (a spouse and/or child) who will be joining them in the U.S. during their time on an F-1 or J-1 visa will need to provide proof of the following additional funds:

#### **Additional financial support needed for dependents**

Spouse – \$7,000

Each child – \$5,000

Financial Guarantee form [6]

### Step 02 Provide bank statements

The **Financial Guarantee form is separate** from the financial documentation that you will need to provide. Examples of **financial documents** valid for I-20 processing are listed below.

**Bank statements** that show liquid funds (funds that can be immediately accessed and used). These can be one statement covering the entire amount displayed on the financial guarantee form for one year of attendance at the university, or a collection of bank statements from the people listed on the financial guarantee as sponsors. Note that the summary of available balances on these statements will still need to total the amount listed on the financial guarantee form for one year of attendance at the university. These statements need to be dated within the last 12 months. Please note that an Affidavit of Support cannot be used in lieu of a bank statement.

For sponsored students, a **sponsor letter** produced by a sponsoring agency recognized by ASU stating the applicant's full name, academic program in ASU, term of the sponsorship and amounts covered by it. Some of the agencies are: ADNOC, ARAMCO, Dubai Electricity & Water Authority, Kuwait Cultural Office, Oman Cultural Division, Qatar Airways, Qatar Defense Attaché, Qatar Higher Education Institute, Qatar Petroleum, RasGas, Saudi Arabian Cultural Mission, Sidra, UAE Cultural Division and the UAE Scholarship Coordination Office. You can read more about this in the sponsored student section.

### Step 03 Upload a copy of your passport

You may take a clear photo or scan of the biographic page of your passport and upload it to the link on My ASU [2]. The bio page is the page that shows your picture and personal details. Your passport must be valid for at least six months after your proposed date of entry into the U.S. If it is not valid, the I-20 will not be processed.

### Step 04 Request initial SEVIS Form I-20 or Form DS-2019

#### *Undergraduate students*

Once you are admitted to ASU and submit your financial guarantee, you will need to complete two steps for us to create and send your SEVIS Form I-20 or Form DS-2019. The tasks will appear in your Priority Tasks list on My ASU [2]. Upload the following items through My ASU, then request Form I-20 or Form DS-2019:

- Financial Guarantee form [6]
- Proof of finances (bank statement)
- Passport

Click on Priority Tasks to notify us if you are in the U.S. and to request the delivery option for your SEVIS Form I-20.

If you are already studying in the U.S. on a SEVIS Form I-20, you will need to have your records transferred to ASU by following the Transfer SEVIS Form I-20 steps (see Step 03 below).

#### *Graduate students*

Once you are admitted to a graduate program at ASU, you will see new items on your My ASU [2] Priority Tasks list. The items include:

- Financial Guarantee form
- Proof of finances
- Passport
- "Request I-20" or "Request DS-2019"

When you click on the items in your Priority Tasks, a pop-up box will provide you with additional information and directions for what you need to do.

You will also see two Graduate Admission Services holds, which will be removed only when your SEVIS Form I-20 or Form DS-2019 is issued.

When you submit your Financial Guarantee form and proof of finances, allow three business days for the items to be processed and removed from your Priority Tasks list. When the documentation has been added to your electronic file, you will be assigned to a student services assistant who will process your SEVIS Form I-20 or DS-2019, and who will contact you if there is a problem. Processing a SEVIS Form I-20 or Form DS-2019 usually takes three to seven business days.

#### **OR**

#### Step 04 Request Transfer SEVIS Form I-20 or Form DS-2019

##### *Undergraduate students*

Print the ASU Undergraduate SEVIS Transfer Request form [7] and submit it to your current school informing your intent to enroll at ASU.

Pick up the new ASU SEVIS Form I-20 in ASU's Office of Undergraduate Admission Services when you arrive at ASU, then report to the International Students and Scholars Office.

If you are going to travel outside the U.S. before your studies at ASU, you will need to re-enter the U.S. with the ASU SEVIS Form I-20. Contact ASU International Admission Services [8] to make arrangements to receive the ASU SEVIS Form I-20 before leaving the U.S. ASU will not mail the SEVIS Form I-20 unless you request it. If you need your SEVIS Form I-20 sent to your home country, ASU can send it through FedEx if you provide a credit card number and expiration date to charge the FedEx fee. Present the ASU SEVIS Form I-20 at the U.S. Port of Entry.

If you have any questions, please contact the international student advisor at the school that you are now attending or contact:

Admission Services  
1151 S Forest Avenue  
Tempe, AZ 85287-0112  
Phone: 480-965-2437  
Email: [asuinternational@asu.edu](mailto:asuinternational@asu.edu) [5]

##### *Graduate students*

Print the ASU SEVIS Transfer Request form [9]. Fill out the top part of the form and submit it to your current school to inform them of your intent to transfer to ASU. They need to fill out the bottom portion indicating a specific transfer date.

Your SEVIS Form I-20 or Form DS-2019 will be mailed to you or will be available for pick up according to the information you provided when you submitted the "Request I-20" or "Request DS-2019."

If you will travel outside the U.S. before your studies at ASU, contact Admission Services at 480-965-6113 or [gograd@asu.edu](mailto:gograd@asu.edu) [10] to provide details about your travel plans.

## Step 05 Review SEVIS Form I-20 or Form DS-2019

It is important to understand your SEVIS document; each page contains important information that you must read. You must ensure that all information is correct (spelling, dates, etc.). If there are any mistakes, please contact the admission office as soon as possible to have the information corrected. You will need the SEVIS Form I-20 or Form DS-2019, your ASU notification of admission, the Financial Guarantee form and your passport in order to obtain your student visa at the U.S. consulate nearest you [11].

### *Understanding the SEVIS Form I-20*

The SEVIS Form I-20 is a three-page government document used for students to obtain an F-1 visa.

- Page 1 contains program and biographical information.
  - Your SEVIS Identification Number is on the top right side of the form. You will need this number for your visa application and to pay the SEVIS fee.
  - F-1 students will be permitted to enter the U.S. 30 days prior to their report date, which is No. 5 on their SEVIS Form I-20. Please note that if you enter the U.S. after the report date, you may encounter difficulty with immigration officials at the Port of Entry. By signing the Student Certification No. 11 on the SEVIS Form I-20, you are acknowledging that you have read and understand the terms and conditions of F-1 status.
- Page 2 contains instructions for the school and student. It is important that you read Page 2 of your SEVIS Form I-20, which has important immigration information for maintaining your F-1 status while pursuing your studies as ASU.
- Page 3 contains spaces for future travel authorization. You will not need a signature on this page when you travel to the U.S. using your SEVIS Form I-20 for the first time.

**Note:** Dependents accompanying the F-1 student in F-2 status must have their own SEVIS Form I-20, issued in the name of the dependent.

### *Understanding the SEVIS Form DS-2019*

The SEVIS Form DS-2019 is a two-page government document used for students and scholars to obtain a J-1 visa.

- Page 1 contains program and biographical information.
  - Your SEVIS Identification Number is on the top right side of the form. You will need this number for your visa application and to pay for the SEVIS fee.
  - This page also contains spaces for future travel authorization. You will not need a signature on this page when you travel to the U.S. using your SEVIS Form DS-2019 for the first time.
- Page 2 contains instructions for the school and student. It is important that you read Page 2 of your SEVIS Form DS-2019, which has important immigration information for maintaining your J-1 status while pursuing your studies at ASU.

**Note:** Dependents accompanying the J-1 student in J-2 status must have their own SEVIS Form DS-2019, issued in the name of the dependent.

## Step 06 Process SEVIS Form I-901 and payment

Upon receipt of SEVIS Form I-20 or Form DS-2019, you will have the information needed to pay the SEVIS fee and the SEVIS Form I-901 fee [12]. You must pay the SEVIS fee and have a receipt prior to applying for a student visa.

The SEVIS Form I-901 [12] fee is mandated by the U.S. Congress to support the program office and the automated system that keeps track of students and exchange visitors, and ensures that they maintain their status while in the U.S.

## **I-20 and DS-2019 issuance timeline**

The U.S. government has strict regulations on the issuance of I-20 and DS-2019 documents to international students who wish to attend an educational institution in the U.S. The dates below are for issuance of an I-20 or DS-2019, the latest date to report to the appropriate international student office, and the final day to be enrolled full time. Any noncompliance with these dates may preclude you from registering for classes. International students not enrolled full time will have their SEVIS record terminated and become subject to detainment and deportation.

### *Fall 2019 semester*

#### **Feb 18, 2019**

First day for ASU to issue I-20/DS-2019 for fall 2019 admits

#### **July 15, 2019**

Final day for international students living outside the U.S. to upload I-20/DS-2019 documents to MyASU [2]

#### **July 22, 2019**

Final day for ASU to ship initial I-20/DS-2019 (sent outside U.S. to accommodate visa processing time)

#### **July 22, 2019 – Aug.22, 2019**

Mandatory SEVIS check-in with ISSC

#### **Aug. 5, 2019**

Final day for international SEVIS transfer students currently in the U.S. to upload I-20/DS-2019 documents to MyASU [2]

#### **Aug. 12, 2019**

Final day for ASU to ship I-20/DS-2019 (international SEVIS transfer students in U.S., including Global Launch)

#### **Aug.22, 2019**

First day of classes and deadline for international students to report to ISSC

### *Spring 2020 semester*

#### **Sept 1, 2019**

First day to issue I-20/DS-2019

#### **Dec 13, 2019**

Final day to ship I-20/DS-2019 outside the U.S.

#### **Dec 13 — Jan 13, 2020**

MANDATORY SEVIS check-in with ISSC

#### **Jan 3, 2020**

Final day to ship I-20/DS-2019 for SEVIS transfer students within the U.S.

#### **Jan 13, 2020**

Final day for SEVIS transfer students in the U.S. to pick-up I20 at ASU.

#### **Jan 13, 2020**

First day of classes and deadline to check-in with ISSC

### *Summer 2020 semester*

#### **Jan 2, 2020**

First day to issue I-20/DS-2019

#### **April 17, 2020**

Final day to ship I-20/DS-2019 outside the U.S.

#### **April 18, 2020 — May 18, 2020**

MANDATORY SEVIS check-in with ISSC

#### **May 18, 2020**

Final day to ship I-20/DS-2019 for SEVIS transfer students within the U.S.

**May 18, 2020**

Final day for SEVIS transfer students in the U.S. to pick-up I20 at ASU.

**May 18, 2020**

First day of classes and deadline to check-in with ISSC

*Fall 2020 semester***Jan 2, 2020**

First day to issue I-20/DS-2019

**July 20, 2020**

Final day to ship I-20/DS-2019 outside the U.S.

**July 20, 2020 — Aug 20, 2020**

MANDATORY SEVIS check-in with ISSC

**Aug 10, 2020**

Final day to ship I-20/DS-2019 for SEVIS transfer students within the U.S.

**Aug 20, 2020**

Final day for SEVIS transfer students in the U.S. to pick-up I20 at ASU.

**Aug 20, 2020**

First day of classes and deadline to check-in with ISSC

**Student visa checklist****Step 01 Apply for nonimmigrant visa, DS-160**

As a visa applicant, you must submit a completed DS-160, Online Nonimmigrant Visa Application [13] for all nonimmigrant visa categories. Read complete details about student visas [14].

**Note:** After you have completed the DS-160, you will need to print and keep the DS-160 barcode page.

**Step 02 Schedule visa interview**

To schedule your interview, locate your local U.S. Embassy or Consulate [11]. Each consulate sets its own timeline for accepting and processing [15] student visa applications. If the consulate says apply “at least” 60 days before your program departure, this means no fewer than 60 days. To avoid problems, submit your visa application at the earliest date the consulate will accept it.

**Step 03 Pay visa application fee**

Please read information about nonimmigrant visa application fees [16]. Applicants must pay these fees as directed prior to their visa interview, and they must bring the receipt to their interview.

If the visa is issued, please note that a visa issuance reciprocity fee may be applicable based on your country of citizenship. Please refer to the Visa Reciprocity Table [17] to see if this fee applies to you.

**Step 04 Prepare for visa interview**

Start gathering the required documents for your student visa application the moment you apply to your program. Read through all information provided online by the U.S. Embassy or Consulate [11] that you will be visiting. At your interview, you will need to provide:

- SEVIS Form I-20 or Form DS-2019 with your SEVIS record number issued by ASU
- a receipt of your SEVIS Form I-901 fee
- confirmation page for application form DS-160
- passport valid for at least six months after your proposed date of entry into the U.S.
- one 2x2 inch photograph of yourself
- a receipt of your visa application fee(s) — pay before your appointment

- financial evidence showing you, your parents, or your sponsor have sufficient funds to cover your tuition and living expenses during your studies
- transcripts or diplomas from previous schools attended
- scores from standardized tests required by the college, such as the TOEFL

Tips on preparing for your interview [18]

#### Step 05 Prepare documents for travel

As you get ready to arrive in Arizona, be sure to prepare your documents for travel. Here are some items you should carry with you. It is advisable to keep a copy in your checked luggage and one with your family at home. Make sure you have these original documents available at all times while traveling to and within the U.S.:

- I-20 or DS-2019
- valid passport
- current visa
- copy of immunization records
- original supporting financial documents
- dependents' I-20 or DS-2019 and passports if your spouse and children will be traveling with you
- international travel coverage documents, if you purchased this coverage

### Frequently asked questions about student visa

#### HOW DO I GET A STUDENT VISA?

To get a student visa, you must first apply and be admitted to ASU. Once admitted, you must apply for an I-20 through ASU by uploading the required documentation. Once you receive your SEVIS number from the I-20 created by ASU, you'll apply for your student visa through your country's embassy. The visa process includes some paperwork and an in-person interview with an immigration officer at your local embassy. The embassy then creates the student visa with your passport and will indicate the dates you can arrive in the U.S. for your studies.

#### WHAT IS SEVIS?

SEVIS stands for Student and Exchange Visitor Information System. You must complete a SEVIS form I-20 to get an F-1 student visa or a SEVIS form DS-2019 to get a J-1 student visa.

#### CAN I GET A JOB WHILE IN THE U.S. AS A STUDENT?

Yes, you may work as a student, though ASU recommends you work no more than 20 hours per week. Many international students work for ASU, as the university employs more than 10,000 students. You may also work off campus, but if you do, it's important that your employer understands that you are an ASU student and that your education is one of your top priorities.

## Admitted students

Coming to ASU

### **Congratulations on your admission to ASU. It is our pleasure to welcome you.**

We are excited that you have chosen to pursue your degree at Arizona State University.

This is your guide you through the important steps you need to take to enroll for classes and prepare for the beginning of your academic year. Here you will find information about the visa application process, preparing for travel, arriving at ASU, registering for courses and much more.

Be sure to check My ASU [1] regularly and complete any pending items under your **Priority Tasks**. We wish you a successful academic year and look forward to seeing you in Arizona soon.

### **Before you leave for ASU**

Step 01 Request your I-20 and apply for your visa

International students who wish to pursue their studies at ASU must obtain an F-1 or J-1 visa. To obtain a visa, students must first receive a SEVIS number and I-20 document from ASU. Learn more about the SEVIS and student visa steps.

Request your I-20 from ASU

An I-20 is an important immigration document that F-1 students need in order to obtain their student visa and enter the U.S. ASU guides each student through the process of obtaining their I-20.

**Priority Tasks** on My ASU [1] alerts students to the steps they need to take. The process of obtaining an I-20 can take some time, so it is important to begin gathering the necessary documents and uploading them to My ASU quickly after being admitted.

Learn more about requesting your I-20 [2]

Once you have received your SEVIS and I-20 from ASU, here are your basic next steps:

- Check your I-20 or DS-2019 for accuracy and sign it.
- Visit [fmjfee.com](http://fmjfee.com) [3] to submit Form I-901 and pay the SEVIS fee.
- Schedule an appointment with a local U.S. Consulate.
- Visit your local U.S. Consulate at the appointed time and pay the visa application fee (this is not the SEVIS fee).
- Visit this page to learn more information about student visa [2].

Step 02 Activate your ASU ID and email account

After you applied to ASU, you were issued an ASURITE UserID in an email. This ID gives you access to ASU's online student services through My ASU [1]. You must activate your ASURITE UserID online.

- While activating your ASURITE UserID [4] you can set up your ASU (@asu.edu) email account. This email is the official address to which the university sends email communications and is recorded in ASU's electronic directories.
- If you do not have an ASURITE UserID and activation code, call 480-965-2437. If you need help with the activation process, contact the University Technology Office Help Desk at 1-855-278-5080.
- Review computer security guidelines [5].

### Step 03 Complete tasks in My ASU

#### Enrollment deposit (freshmen only)

Pay your enrollment deposit on My ASU [1] to confirm you will attend.

#### MMR immunization

You must submit your measles (rubeola), mumps and rubella immunization form before you can register for classes. Visit the ASU Health Services website [6] for more information. If you are under 18 years old, please plan to bring a signed consent form [7] for medical treatment with you to the U.S. Check My ASU [1] and click on the MMR Immunization hold for detailed instructions.

#### Math placement test (undergraduates only)

Take the math placement test [8] online. New students enrolling in a math class are required to take the math placement test unless they have transferred an equivalent course to ASU. Take the test as early as possible. Students who are required to take the test will see the item "Take Math Placement Test" under **Priority Tasks** in My ASU [1].

#### Complete pre-orientation on My ASU

All international students are encouraged to complete the digital orientation available on My ASU [1] prior to arrival to ASU.

### Step 04 Transfer credit

If you are a transfer student bringing college credit with you, Admission Services initially awards transfer credit. However, your academic advisor in your major will determine how the credit applies to your degree. Call 480-965-2437 or email [asuinternational@asu.edu](mailto:asuinternational@asu.edu) [9] if you have any questions.

### Step 05 Review housing and dining options

ASU offers on-campus housing options [10] at all campus locations. As a student living on campus, you will have convenient access to the opportunities, resources and programs offered at ASU, both academic and professional. To apply to live on campus, please visit My ASU [11] to choose your housing preferences. If you intend to live elsewhere, please notify the university by choosing that option on your **Priority Tasks** in My ASU. If you are a transfer or graduate student not planning to live on campus and need assistance with your housing transition, please contact Off Campus Housing [12].

ASU offers several meal plan options for students living on and off campus. Review meal plan options [13] and visit [housing.asu.edu](http://housing.asu.edu) [10] for information on housing and dining options.

### Step 06 Schedule academic advising appointment and register for classes

Register for classes by going to the Academic Support Team box in My ASU [1] and clicking on **Academic Advising** to schedule an advising appointment.

All freshman students are required to pay the enrollment deposit [14] prior to registering for courses. Learn more [14]

Transfer students in Ira A. Fulton Schools of Engineering and W. P. Carey School of Business will receive additional information by email from their college about the next steps to take to receive advising and register for classes.

If you are a graduate student, you will need to contact your academic department about steps to take to select and register for courses. You can view your academic unit contact information in the My Programs and Degree Progress box in My ASU [1]. Note that you may have holds on your enrollment that you need to complete before you can register for classes.

- **Fall admits:** Class registration typically becomes available mid-spring.
- **Spring admits:** Class registration typically becomes available mid-October. Take some time now to review and complete any outstanding holds you may have under Priority Tasks in My ASU so you can be ready for registration.

Class registration [1]

## Step 07 Learn about tuition and fees

Tuition charges will be billed to your student account and may be viewed online through My ASU [1]. By registering for classes, you agree to pay all applicable tuition and registration fees. If you decide not to attend, you must completely withdraw from all classes before the semester begins.

If tuition is not paid by the applicable due date, you will automatically be enrolled in the tuition installment plan and charged a nonrefundable enrollment fee. Visit the Tuition and Billing website [15] for more information.

You can access online billing through My ASU [1]. Click on **My Finances**, then **Make a Payment**. Students are responsible for reviewing their ASU email account for notification of billing statements and reviewing their student account on My ASU [1] for current information. Billing statements are not mailed to your home.

## Step 08 Make travel arrangements

**Aug. 22, 2019** is the first day of fall semester classes. It is also the last day you can arrive and conduct your SEVIS check-in. You are expected to arrive in the U.S. for International Student Orientation [16]. You may not enter the U.S. more than 30 days before the start date listed on your SEVIS I-20 Form or DS-2019. If you are not able to arrive by the first day of classes due to visa delays, you must contact International Admission Services at ASUinternational@asu.edu [9]. Admission Services will provide you with further instructions. Do not attempt to enter the U.S. after the school start date indicated on your I-20 or DS-2019, as you will be denied entry. See the academic calendar [17] for important dates for the upcoming semester.

Learn more about orientation [16]

### Traveling to ASU: items to place in your carry-on luggage

- Passport, visa, and signed I-20
- U.S. currency  
You will need access to finances to cover the expenses of your first few weeks. The recommended payment methods in the U.S. are debit and credit cards.
- Medical information  
Bring a copy of your health and immunization records and any medical prescriptions you need.
- Valuables  
Put valuables such as currency, jewelry, laptop, etc. in your carry-on luggage.
- Local U.S. address  
Make sure to have with you the address where you will live.
- Contact information  
Bring a list of the names, addresses, phone numbers and email addresses of key contacts in the U.S. and at home.

### Entering the U.S. and arriving in Phoenix

Most students will arrive in the U.S. at an airport other than Phoenix Sky Harbor (PHX). If you will arrive at PHX on an international flight, please see the international information on the Sky Harbor website [18].

Regardless of your Port of Entry (POE), at the first entry point into the U.S. as a legal nonimmigrant, you will be required to complete the items below. For more explanation of what to expect at a POE, visit the U.S. Immigration and Customs website [19].

#### Visa/I-20 checkpoint

At your point of entry, U.S. Customs and Border Protection will check your documents. This is where you will need to present your passport, visa and I-20 to the Customs and Border Protection officer.

The passport must be stamped by the port of entry official notating F-1 D/S or J-1 D/S (Duration of Status), date, and location of arrival in the U.S. If this is incomplete or the stamped date or visa classification is incorrect, please bring it to the attention of the port of entry official so they can make the correct annotation. Errors noticed after you leave the airport should be brought to the attention of the International Students and Scholars Center.

While a CBP officer inspects your immigration documents, you may be asked some general questions. Don't get agitated or nervous; it's just a routine procedure. Always answer clearly, honestly and politely. If there is a problem, suggest that they contact the International Students and Scholars Center at 480-727-4776. We are open during office hours, Monday through Friday, from 8 a.m. to 5 p.m.

There is no cause for alarm if you are asked to step into a side room. They may need to ask you some questions or verify some information. You are allowed to ask the officer what the issue is — just do so respectfully.

### Customs checkpoint

After checking your documents and clearing you to enter the U.S., you will proceed to the baggage claim area to collect your luggage. You will then need to enter a line with U.S. Customs (or Agricultural Dept.) officials where they may ask about the contents of your bags or ask to open them. Students should follow their instructions and answer their questions honestly and politely. Please bear in mind that the penalty for carrying contraband is very high and may result in deportation.

After you collect your luggage, you will go through the customs checkpoint. This is where you turn in the form you were given on the airplane. On this form, you must declare if you have funds exceeding \$10,000 (in any currency) and any items that need to be declared. Please visit [cbp.gov](http://cbp.gov) [20] for detailed information on what you are allowed to bring and what items you need to declare.

### Airport transportation and connecting flights

Once you have cleared the customs checkpoint, you will exit into the international arrivals area of the airport. If you need to catch a connecting flight (to get to PHX), you will need to take your bags with you to the proper terminal or check-in counter for your domestic flight. At many airports, you will need to take a free inter-terminal shuttle to get to the proper location. We highly recommend visiting the website of your international destination airport to become familiar with what you will need to do.

Additionally, each U.S. airline has separate policies regarding charges for checked luggage and weight requirements. We strongly recommend researching your airline's domestic flight baggage policies so that you know if you will incur charges at check-in for your domestic flight. Finally, the U.S. Transportation Security Administration (TSA) has detailed information about what you can carry on and things to consider when traveling within the U.S.

## Post-arrival checklist

### Step 01 Obtain I-94 form

An I-94 is a form denoting the arrival or departure record of particular foreigners (including students on an F-1 or J-1 visa) used by U.S. Customs and Border Protection.

All arrival and departure information will be gathered electronically at a customizable website [21], where visitors can print a paper copy of their I-94 record or verify immigration status or employment authorization, as well as record number and admission information.

Prior to completing your SEVIS check-in, you will need to obtain a copy of your I-94 [22].

### Step 02 Complete your online SEVIS check-in

SEVIS check-in is a mandatory process per U.S. immigration policies. In order to stay in compliance, all international students are required to report to the International Students and Scholars Center, including:

- students who are entering the U.S. for the first time on an ASU I-20 or DS-2019
- students who have been in the U.S. on an I-20 or DS-2019 from another school and are transferring to ASU
- students who have attended ASU's Intensive English Program through the Global Launch English Program

After you arrive in the U.S., you can use your smartphone or computer to complete the SEVIS check-in by following these three simple steps to report your arrival before the start date listed on your I-20 or DS-2019:

1. Upload copies of your immigration documents by logging in to My ASU and clicking on **Complete New Student Check-in** under your **Priority Tasks**.
2. Update your local address and SEVIS address in My ASU [1].

- Local address must be a residential address in the U.S. and must contain street number, street name, city, state and postal code.
  - SEVIS address must be a residential address in your home country.
  - PO boxes, company addresses or school addresses are **not** valid addresses.
3. Learn how to maintain your visa status [23].

During International Student Orientation [16], you will be guided through the process of SEVIS registration and receive important information about F-1/J-1 immigration compliance, enrollment and other essential matters to facilitate a smooth transition to the university and to successfully begin your ASU experience.

Please email [issc@asu.edu](mailto:issc@asu.edu) [24] if you have any questions.

#### Step 03 Get your ASU ID card

You have the option to obtain the Sun Card [25] or the Pitchfork Card [26] when you arrive at ASU. The Sun Card is the official ASU student photo ID that allows you to complete in-person transactions and gain access to ASU Libraries and other services. The Pitchfork Card is two cards in one — an ASU student ID card and a MasterCard® check card.

Learn more about the main differences between the Sun Card and the Pitchfork Card [27].

Get your Sun Card [25] or the Pitchfork Card [26] as soon as you arrive at ASU. It is also highly recommended that you obtain an Arizona state ID card. If you want to drive in the U.S., you need to get an Arizona driver license [28] (instead of an Arizona state ID card).

#### Step 04 Get a cell phone and set up a bank account

Review the International Student Guide [29] for advice on getting a cell phone, setting up a bank account and other items to support your transition to the U.S. and ASU.

#### Step 05 Attend International Student Orientation

Incoming international students are required to attend orientation. You will learn important information about the university and how to prepare for a successful academic year. For specific information and to register, go to the orientation website [16].

#### Step 06 Get involved at ASU

Explore ASU's international student organizations [30], and meet other ASU international students when you arrive. ASU has more than 1,000 student clubs and organizations, giving you many opportunities to make connections and pursue activities that you are passionate about.

#### **Useful resources for international students**

Off-campus housing [12]

International Students and Scholars Center [31]

International Student Engagement [32]

Clubs and organizations [30]

Academic support [33]

ASU Health Services [34]

Transportation [35]

#### **Frequently asked questions about international admission**

##### WHEN DO I APPLY FOR A VISA?

You should apply for a visa after you receive your I-20 and SEVIS number from ASU. Because the entire process of obtaining your visa can take several months, you should start the visa process, which includes applying for your I-20 and your interview with an immigration officer, the semester before you plan to arrive at ASU.

## HOW DO I GET AN I-20?

To receive your I-20, you must submit various documents to ASU once you are admitted. These documents include the Financial Guarantee form, the Transfer SEVIS form (if applicable), financial support documentation and a copy of your passport. Upon receipt, ASU will issue you a SEVIS number so you can begin the visa process.

## CAN INTERNATIONAL STUDENTS LIVE OFF CAMPUS?

Yes, international students may live off campus, though living on campus is highly recommended for all students. You can find helpful off-campus housing resources [12] through ASU. If you plan to live off campus, you should notify ASU by choosing that option in your **Priority Tasks** on My ASU.

## ***Veteran students***

Military and veterans at ASU

### **Benefits**

Are you ready to enroll for your education benefits? Are you looking for the right forms to fill out? Are you a dependent and not sure what to do next?

Check out these steps [1] for getting your benefits started.

For additional assistance, contact ASU's veteran and military admissions specialist.

Contact us [2]

### **Pat Tillman Veterans Center**

ASU's Pat Tillman Veterans Center is one of the reasons ASU is a top university for veteran, military and dependent students. The center's mission is to empower and engage our ASU military and veteran community with their academic and personal success here at ASU and beyond.

Pat Tillman Veterans Center [3]

### **Campuses and ASU Online**

ASU options let you choose the best learning environment for you, from a location known for outdoor adventures and one-on-one attention (ASU@Lake Havasu) to highly ranked ASU Online with the same degrees and professors as our on-campus programs to a large traditional campus (Tempe campus) — and everything in between (Downtown Phoenix, Polytechnic and West campuses).

Find your campus fit [4]

### **Are you looking for a veteran application to ASU?**

We make it easy — there's no separate application for veteran and military applicants. Just submit the application for your student level.

Undergraduate freshman [5] Transfer [5] Graduate [6]

Connect with a veteran and military admissions specialist [7] in the Pat Tillman Veterans Center if you have any questions about applying to ASU.

### **Transcripts**

Undergraduate applicants:

Admission Services  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

Graduate applicants:

Graduate Admission Services  
Arizona State University  
PO Box 871004  
Tempe, AZ 85287-1004

## Military transcripts

ASU accepts the following military transcripts:

- CCAF Transcript [8] (Community College of the Air Force Transcript)
- JST [9] (Joint Services Transcript)

The CCAF is a regionally accredited community college. If you received credit for courses taken through the CCAF while serving in the Air Force, submit this transcript as part of your undergraduate application. The JST will be reviewed for possible transfer credit but is not evaluated for admission. Submit your JST as early as possible for timely evaluation, but it will not delay your admission decision.

More about transferring military credits [10]

## Air University's Associate to Baccalaureate Cooperative

Arizona State University is working in collaboration with Air University to recognize the military education of incoming Air Force personnel. Learn more about this exclusive partnership.

Air University [11]

## Frequently asked questions about being a veteran at ASU

WHAT'S IT LIKE TO BE A VETERAN OR MILITARY STUDENT AT ASU?

There are more than 7,200 veterans and military students on campus and online. You'll receive support from the Pat Tillman Veterans Center, the VA VetSuccess on Campus counselor, and ASU's faculty and staff to succeed in your goals — from applying to ASU, getting your benefits set up, making sure you are using your benefits to your best advantage, and getting connected to events and opportunities for veterans and military students.

IS ASU A MILITARY FRIENDLY SCHOOL?

ASU is consistently recognized as one of the best schools in the country, both on campus and online, for veterans and the military community. We want veteran and military students and their families to succeed, achieve their goals and move on to the next chapter in their lives, and we're here to help you get there. Learn more [12].

WHAT ARE THE STEPS TO GETTING ADMITTED AS A STUDENT VETERAN?

We understand the admission process can be complicated, so we've created a checklist to help guide you through it. Start your application [5] and refer to this checklist [13] throughout the admission process for helpful tips about applying and succeeding as an active veteran or military student at ASU.

ARE THERE ANY DEGREE PROGRAMS JUST FOR VETERANS OR MILITARY STUDENTS?

ASU does not yet offer exclusive degree programs for veteran or military students. However, we encourage you to take advantage of two courses specifically designed to connect you with other veteran and military students on campus and online, and introduce you to various resources available through the university, the state of Arizona and the Department of Veteran Affairs. Learn more [14] about these programs.

**Veteran benefits**

**Getting benefits started**

If you are active military, a veteran or a dependent and have not used VA education benefits before at any institution of higher education, this is where you start.

**If you're not sure which benefit you're eligible for or have any other questions about VA benefits, eligibility or processing timelines, feel free to contact Troy Rundle, ASU's VA VetSuccess on Campus counselor, at [troy.rundle@asu.edu](mailto:troy.rundle@asu.edu) [1] or 480-727-5627 (office) or 602-318-0406 (cell).**

First, apply for benefits in three easy steps

1. Complete a VA application.

VA benefit type	Use this VA application
Chapter 30, 33, 1606 and 1607	Form 22-1990 [2]
Chapter 35	Form 22-5490 [3]
Chapter 31	Eligibility/Application is determined by the Department of Veteran Affairs, Vocational Rehabilitation Office

2. Locate your additional supporting document.

VA benefit type	Include this supporting document
All types, except Chapter 1606	DD-214 Military Discharge Document — Copy Member 4
Chapter 1606	DD-2384 NOBE — Notice of Basic Eligibility

3. Submit your application and document directly to the VA using one of these methods.

- online at <https://www.va.gov/education/how-to-apply/> [4] (easy to do and fastest processing)
- mail to Department of Veterans Affairs, PO Box 8888, Muskogee, OK 74402-8888
- Troy Rundle, your direct link to the VA from ASU, can submit your application for you. Contact Troy at [troy.rundle@asu.edu](mailto:troy.rundle@asu.edu) [1] or 480-727-5627 (office) or 602-318-0406 (cell) for assistance.

If you apply online, you will receive your Certificate of Eligibility from the VA in four to eight weeks.

Next, apply to ASU

You can apply to ASU as a first-year [5], transfer [6] or graduate [7] student **before** receiving your Certificate of Eligibility from or submitting your 1905 form to the VA.

Search undergraduate degrees [8] Search graduate degrees [9]

**If you have questions about applying to ASU or how ASU resources and the Pat Tillman Veterans Center staff can help you succeed, contact us at [ASUVeterans@asu.edu](mailto:ASUVeterans@asu.edu) [10] or 480-965-7723.**

Once you've been admitted to ASU, go to steps for newly admitted students [11] to start your benefits file with the Pat Tillman Veterans Center.

**Next steps for newly admitted students**

If you are active military, a veteran, a spouse or dependent and a newly admitted freshman, transfer or graduate student at ASU, read on.

Welcome to Arizona State University!

ASU appreciates the service of our military veterans and their dependents, and we want you to know you've made a great decision to join more than 3,000 other active military, veteran and dependent students furthering their education and future careers in our top-ranked programs.

Follow these next steps toward using your benefits at ASU, which are in addition to your next steps for enrollment as a freshman [1], transfer [2] or graduate student [3].

**TO GET YOUR BENEFITS FILE STARTED AT ASU, YOU NEED TO SUBMIT A FEW FORMS.**

You must first meet with your academic advisor and completely enroll in your courses to submit these three forms:

VA Benefits Responsibility Form [4]

You'll fill this form out only once while at ASU. It notifies the Pat Tillman Veterans Center of your intent to use VA educational benefits, such as the GI-Bill®, while at ASU. Please note that it contains important information regarding the use of VA benefits throughout your school enrollment. Fill out the form online and submit it directly to the Pat Tillman Veterans Center. You will receive a confirmation email indicating you have completed the form.

VA Enrollment Activity Form [5]

Let the Pat Tillman Veterans Center know if you do or do not want to use VA educational benefits for the upcoming semester. Complete this online form before each semester at ASU and submit it directly to the Pat Tillman Veterans Center. You will receive an email confirming you have submitted the form.

**Please make every effort to firm your schedule before submitting the form.** To notify us of changes you made to your enrollment after submitting the form for any given semester, submit the form again as a **revised** Enrollment Activity Form by following the choices within the form.

#### Prior Credit Evaluation [6] (PDF)

Submit this form during the ASU application process if you are transferring courses, credits and/or previous experience. You must also submit this form if you change your major so the courses you've taken are evaluated for application to your new major. Print the form, fill out the top portion, initial the middle section, sign and date at the bottom. You email the scanned form to your academic advisor for completion. Your advisor will submit it to the Pat Tillman Veterans Center. .

#### **Plus, one extra form for students who have used VA benefits at another school:**

If you have been using VA benefits at another school, fill out the appropriate VA Request for Change or Program or Place of Training form. Submit this form to the VA as indicated in the form directions.

Chapter 30, 33, 1606 & 1607 Form 22-1995 [7]

Chapter 35 Form 22-5495 [8]

Additionally, veterans and dependents using the Post-9/11 GI Bill®:

Submit to the Pat Tillman Veterans Center your VA Certificate of Eligibility or most recent letter from the VA that details your benefits remaining. Whenever you receive an updated COE or letter from the VA detailing your benefits, please submit a copy to the Pat Tillman Veterans Center. You may use one of these methods to submit the form:

1. Scan and email the form to [PTVCforms@asu.edu](mailto:PTVCforms@asu.edu) [9].
2. Fax the form to the Pat Tillman Veterans Center at 480-522-3058.
3. Take the form to the Pat Tillman Veterans Center on your campus.

#### LEARN ABOUT ELIGIBILITY FOR ARIZONA RESIDENCY AND IN-STATE TUITION.

If you currently are not an Arizona resident, there are three ways to receive in-state tuition.

1. HB 2410 is an Arizona law that allows honorably discharged veterans of any branch of the U.S. Armed Forces, including National Guard and Reserves, to receive in-state student status for tuition purposes. Read more [10] for requirements and filing instructions.
2. Choice Act, Section 702 grants eligible individuals immediate residency and in-state tuition rates. You are eligible if you are a veteran, or a spouse or dependent of a veteran who has been discharged within the 36 months prior to the start of your first semester from a period of active duty that was 90 days or longer AND is using either VA Chapter 30 or Chapter 33 benefits. Read more [10] for Choice Act requirements and directions for how to file.
3. The Yellow Ribbon Program will help cover the difference between resident and nonresident tuition for those who are not eligible for HB 2410 or the Choice Act, Section 702. Undergraduate and graduate students must be 100 percent eligible for the Post-9/11 GI Bill®. Read more [10] to find out how to apply.

#### CONNECT WITH YOUR ASU MILITARY ADVOCATE.

**On-campus veterans, spouses and dependents:** New students should contact ASU's military advocate, Michelle Loposky, at [militaryadvocate@asu.edu](mailto:militaryadvocate@asu.edu) [11] or 480-727-5626.

**ASU Online student veterans:** ASU Online veteran students who need assistance with online registration or advising issues resolved, please contact Mario Matus at 480-884-1906 or at [militaryonline@asu.edu](mailto:militaryonline@asu.edu) [12].

**On-campus and ASU Online dependent and spouse students:** New students should contact the ASU advocate dedicated to spouses and dependents, Michelle Loposky, at [militarydependents@asu.edu](mailto:militarydependents@asu.edu) [12] or 480-727-5626.

## FRESHMEN AND TRANSFER STUDENTS, CONSIDER TAKING ASU'S SUCCESS COURSE FOR VETERANS.

ASU offers a veteran specific introductory course — LIA 294 Student Success for Veterans — to support veterans' transition to the academic life. Both freshman and new transfer veteran students from any major are welcome to register. For more information [13]

## GRADUATE STUDENTS: SUBMIT YOUR GRADUATE PROGRAM OF STUDY.

As soon as you are admitted, submit a Graduate Program of Study with your advisor's assistance to ensure that the graduate courses you are taking will be covered by the VA.

## ATTEND THE VETERANS WELCOME EVENT BEFORE CLASSES BEGIN.

The Veterans Welcome event is a seminar-style orientation required of incoming graduate and undergraduate veteran students prior to their first semester at ASU. Hosted by ASU and the Pat Tillman Veterans Center, the Veterans Welcome event introduces valuable benefit information and procedures that will apply each semester student veterans use benefits. Spouse and dependent students do not need to attend this event.

New students will receive notifications by mail and email prior to the event so they can plan to attend and RSVP. Events are scheduled before both fall and spring semesters. Refreshments are provided. Space is limited so we request that students attend alone.

## GET INVOLVED AT ASU

Meet your fellow veterans at the Pat Tillman Veterans Center location on your campus. Check out our campus locations [14].

Pat Tillman Veterans Center Facebook page [15]. This page will connect you to academic, employment and social opportunities for success!

Join the Student Veterans Club associated with your campus for social events and camaraderie. Get connected on Facebook:

## FAQs

You've got questions, and we've got answers. If your question isn't included below, please let us know. Connect with your advocate using the buttons below or email us at [PTVC@asu.edu](mailto:PTVC@asu.edu) [1].

### I MAY BE ELIGIBLE TO ATTEND ASU USING VA BENEFITS. WHO DO I CONTACT FOR THIS INFORMATION?

The Pat Tillman Veterans Center locations on all four campuses has been tasked by ASU to serve veterans who are using Veterans Administration (VA) educational benefits to pursue college degrees.

### WHAT DO I NEED TO DO TO GET MY EDUCATIONAL BENEFITS STARTED AT ASU?

The first step would be to apply for admission to the university. Once you are accepted, contact the appropriate ASU program advisor (check My ASU [2] for your advisor information). After you have enrolled in your courses, see Next steps for newly admitted students.

### HOW DO I START A FILE FOR VETERAN BENEFITS?

To start a file and initiate benefits for the term, sign a VA Benefits Responsibility Form, complete a Prior Credit Evaluation with your academic advisor, and fill out a VA Enrollment Activity Form. These forms are submitted directly to the Pat Tillman Veterans Center. For the Post-9/11 GI Bill®, please include your latest letter from the VA that details your benefit level and months/days of benefits remaining (Certificate of Eligibility). See Next steps for newly admitted students.

### DO I NEED TO BRING ANY PAPERWORK WITH ME TO THE OFFICE?

If you are a veteran and eligible for Ch. 30, Montgomery G.I. Bill, bring your member 4 copy of the DD-214.

If you are eligible for Ch. 33, Post-9/11 GI Bill® benefits, provide a copy of your Certificate of Eligibility to a Pat Tillman Veterans Center.

If you are eligible for Ch. 1606, Montgomery G. I. Bill - Reservists/National Guardsmen, provide a Notice of Basic Eligibility (NOBE), DD-2384 form, which is available from your unit's Educational Officer.

If you are eligible for 1607: Reserve Educational Assistance Program, provide your orders calling your to active duty and your DD214 (member 4 copy) when released from active duty.

### HOW DO I FIND OUT IF I HAVE ANY BENEFITS LEFT?

Contact the Department of Veterans Affairs at 1-800-827-1000.

## CAN I APPLY FOR FINANCIAL AID IN ADDITION TO USING MY VA BENEFITS?

Yes. According to legislation passed in June 2009, effective July 2009, VA benefits are no longer considered when determining financial aid eligibility.

## WHAT EXTRA BENEFITS DO I GET FOR APPLYING AS A VETERAN?

We very much want all veterans to self-identify when applying to ASU, whether using benefits or not. By identifying as a veteran, you will receive veteran specific communications and content during the period from application through enrollment. Then, while completing your degree program at ASU, we will help make sure you are connected with other veteran and military student career, networking, professional development and social opportunities.

Stay Connected!

## WHAT FEES ARE COVERED UNDER MY GI BILL?

Any fee that is universally charged by the university is covered by the GI bill. If the fee is one that is optional, your benefit will not cover it. To verify if the fee is covered, please email [ptvc@asu.edu](mailto:ptvc@asu.edu) [1].

"GI Bill®" is a registered trademark of the U.S. Department of Veteran Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill) [3]

## DOES MY GI BILL COVER THE \$300 ENROLLMENT FEE?

No, since the enrollment fees are not attached to a course of study these fees cannot be covered under your benefits.

## IS THERE A WAIVER OR REDUCTION IN THE APPLICATION FEE FOR VETERANS?

The application fee applies to all students and there is not a veteran exception.

## WHERE SHOULD I SEND MY TRANSCRIPTS?

Official transcripts should be sent to Admission Services from the issuing institution to the address below.

Admission Services  
Arizona State University  
PO Box 870112  
Tempe, AZ 85287-0112

## HOW DOES THE JOINT SERVICE TRANSCRIPT (JST) WORK AT ASU?

ASU awards credit at the undergraduate level in accordance with the American Council on Education recommendations. JST credit cannot be used for completion of General Studies requirements.

JSTs received at ASU will be automatically reviewed for all transferable credit. These credits will be reflected on each student's degree audit report. Academic advisors will evaluate transferable credit for applicability to each student's program of study.

Because of the sequence involved in this process, typically a student must be admitted to a program of study in order to determine how their JST will affect degree completion.

Your JST is available at: <https://jst.doded.mil/smart/dodMandatoryBannerForm/submit.do> [4]

## WHAT DO I DO WITH MY CCAF (COMMUNITY COLLEGE OF THE AIR FORCE) TRANSCRIPT?

Go to <http://www.airuniversity.af.mil/Barnes/CCAF/Display/Article/803247/> [5] and have it sent to ASU like a traditional transcript.

## CAN I START CLASSES ONLINE AND SWITCH TO RESIDENT COURSES AFTER I MOVE THERE?

You can start at ASU Online but will have to change majors if you want to take resident courses after relocating.

I HEARD THAT VETERAN AND MILITARY STUDENTS RECEIVE AN HONOR STOLE WHEN THEY'RE READY TO GRADUATE. IS THAT TRUE?

Yes! Veteran and military students are awarded an honor stole.

IF I GET DEPLOYED DURING THE SEMESTER, WHAT SHOULD I DO?

As soon as possible let your instructors and advisors know, then contact the military advocate at [militaryadvocate@asu.edu](mailto:militaryadvocate@asu.edu) [6] to ask them what your options are.

## *Barrett, the Honors College admission*

### **Admissions**

Your future at Barrett

Barrett, The Honors College, is a community of high-achieving scholars within Arizona State University who enjoy the considerable resources of a premier [1] Research I university combined with the close, personal attention provided by the staff, faculty, and deans of the highest ranked honors college in the nation.

Barrett students benefit from being part of a fully developed four-year residential community [2] and enjoy distinctive honors-only internship [3], research [4], and travel [5] opportunities. The unique honors curriculum [6] integrates seamlessly into their ASU degree requirements, while a three-pronged advising system [7] and a dedicated core of honors faculty [8] are in place to ensure a deeply supportive environment.

After graduation [9], Barrett students attend the best graduate schools, have tremendous success in national fellowship competitions, and accept positions with prominent non-profit and Fortune 500 companies.

## **Nondegree student admission**

Some individuals may be interested in studying in a nondegree status, either through pre-college summer programs or for their own personal learning experience. A nondegree student is one who has not attended ASU as a degree-seeking student, has not earned a bachelor's degree, is not attending full time, and is not, at this time, applying to a degree program.

Once admitted to a degree program, a student is not permitted to register in a nondegree status.

Nondegree students may enroll in eight credit hours each fall or spring semester, seven credit hours for each six-week summer session, and nine credit hours for the eight-week summer session.

Nondegree students may apply up to 15 hours taken in nondegree status to a degree program if they choose to pursue an undergraduate degree in the future.

Nondegree students are not eligible for financial aid.

Nondegree students may not be eligible for academic advising.

### **Nondegree admission requirements**

To be admitted to ASU as a nondegree student, you must be a high school graduate. If you're currently enrolled in high school or under the age of 18, you may be admitted as a nondegree student by submitting an official high school transcript and a letter of approval from a high school counselor or principal. You must have a 3.00 cumulative GPA in Arizona Board of Regents competency courses to be considered for admission.

Apply now [1]

### **Application procedures**

Step 1 Complete an undergraduate admission application.

Apply now [2]

Step 2 Submit the non-refundable application fee.

- AZ residents - \$50
- Nonresidents and online - \$70

Step 3 If needed, have your transcripts sent directly to ASU.

ASU will review your application for admission once all materials are on file. To see if your file is complete, sign in to My ASU using your ASURITE UserID provided to you after you submit your application.

### **Mailing address (all materials, all campuses)**

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe AZ 85287-1004

Undergraduate admission contact information and office locations [3]

### **Frequently asked questions about nondegree admission**

CAN I APPLY TO ASU AS A NONDEGREE-SEEKING STUDENT?

Yes, ASU accepts nondegree-seeking students. To be admitted as a nondegree-seeking student you must meet certain requirements and follow certain guidelines. See if you qualify for nondegree admission.

## CAN I GET FINANCIAL AID AS A NONDEGREE-SEEKING STUDENT?

Nondegree-seeking students are not eligible for financial aid.

## WILL I NEED TRANSCRIPTS TO APPLY AS A NONDEGREE-SEEKING STUDENT?

If you are currently enrolled in high school and under 18 years old, you are required to submit official high school transcripts and a letter of approval from a high school counselor or principal. If you are a high school graduate, you may be admitted as a nondegree-seeking student without submitting transcripts.

## *Undergraduate readmission*

### Quick re-entry

If you are an undergraduate degree-seeking student who previously attended ASU but who has not been enrolled at ASU for one or two consecutive fall or spring semesters, you are eligible to return through Quick Re-entry. You do not need to submit a new application or application fee. You may sign in to My ASU and register for classes. Note that you may have a hold or Priority Tasks that you need to complete before you are able to register for classes. International students are still responsible for all SEVIS requirements and should check with the International Students and Scholars Office at ASU.

Note: You must submit official transcript(s) from all institutions you attended during your absence from ASU. Official transcripts must be mailed or sent electronically directly to Admission Services by the records office of the issuing institutions. Please check our contact page for the mailing address [1]. ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax.

### Readmission requirements

If you are not eligible for Quick Re-entry (because you have not been enrolled at ASU for three or more semesters, have not completed your academic program or were academically disqualified), you must apply for readmission and submit applicable fees. An applicant for readmission must have an ASU GPA of 2.00 or higher, depending on the ASU school or college. Students who do not meet this GPA requirement may appeal. In these cases, the completed application for readmission may be subject to a due date that is earlier than the application deadline.

Note: You must submit official transcripts from all institutions you attended during your absence from ASU. Official transcripts must be mailed or sent electronically directly to Admission Services by the records office of the issuing institutions. ASU does not accept transcripts sent or carried by hand by applicants themselves or transmitted by fax. Please go to our contact page for the mailing address [1].

### Priority readmission application deadlines

#### Fall semester

The priority readmission application deadline for fall semester is June 1. Readmission applications received after June 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

## Spring semester

The priority readmission application deadline for spring semester is Dec. 1. Readmission applications received after Dec. 1 will be considered on a space-available basis. Space is limited in some programs and admission to these programs is more competitive.

## Summer sessions

The priority readmission application deadline is May 1.

### WHAT NEEDS TO BE SUBMITTED BY THE DEADLINE?

You must submit the application for undergraduate admission, along with the application fee, by the deadline specified for each semester. In order to expedite the evaluation of your application, also submit official transcripts, test scores and supporting credentials immediately.

### I WAS PREVIOUSLY ADMITTED TO ASU, BUT DID NOT ATTEND. AM I A READMISSION STUDENT?

If you have previously been admitted to ASU but did not attend, you will be considered a freshman student or a transfer student.

## Steps to apply for readmission

Step 01 Complete the undergraduate admission application

ASU prefers that you apply online.

Apply now [2]

Step 02 Submit the nonrefundable application fee

**Arizona residents:** \$50

**Nonresidents:** \$70

**International:** \$85

If you're applying to an ASU Online degree program, a nonrefundable application fee of \$70 will be charged regardless of residency classification.

Step 03 Request that an official transcript be sent directly from your school(s) to Admission Services

Upon completion of the semester, request that a final transcript be sent directly to ASU to determine final admission status. If you do not meet readmission requirements for your selected major, you must submit complete transcripts before an admission decision is made. You need only submit transcripts from institutions other than ASU.

Note: Receipt of your final transcript impacts financial aid disbursement and eligibility to register for future classes.

Step 04 All applicants on F-1 or J-1 visas must provide a financial guarantee to show evidence of sufficient funds available for their studies before the application can be processed.

In addition, U.S. Citizenship and Immigration Services (USCIS) requires ASU to obtain additional information prior to processing your visa application. Go to My ASU [3] and then update address information showing your local and SEVIS addresses (list your current U.S. address as Local Address; add your home country address as SEVIS Address). Please note that if you are readmitted, you must still meet all deadlines associated with the issuance of an I-20 to attend ASU. These deadlines are dependent upon your current location. Contact International Admission Services at [asuinternational@asu.edu](mailto:asuinternational@asu.edu) [4] or 480-965-2437.

Note: Receipt of your final transcript impacts financial aid disbursement and eligibility to register for future classes.

### **Admission before receipt of final transcript**

Applicants enrolled in other colleges and universities may be considered for readmission on the basis of meeting all readmission requirements, except for a final transcript of work in progress. This final transcript must be sent to Admission Services directly from the issuing institution immediately after the work in progress has been completed. Transcripts carried by hand are not accepted.

Admission is official only after the final transcript has been received showing that the applicant has met the university readmission requirements. In the event the applicant does not qualify or has falsified application documents, readmission and registration are canceled, and any registration fees paid are returned according to university refund policies.

### **Veterans exception**

By Arizona statute, no failing grades received by a veteran at an Arizona university or community college before military service may be considered when determining admissibility. This exception applies only to veterans who fulfill these three criteria:

- are honorably discharged
- have served in the armed forces of the United States for a minimum of two years
- have previously enrolled at a university or community college in Arizona

Military service records must be submitted, including form DD 214.

### **Academic renewal**

Academic renewal is a university policy administered to recalculate the cumulative ASU GPA of an undergraduate student who fulfill these three criteria.

- is pursuing their first undergraduate degree and has not previously received an academic renewal
- has a cumulative ASU GPA below 2.00 (individual colleges may elect to consider applications for students whose GPA is a 2.00 or higher)
- is readmitted to a degree program after an absence of at least five continuous calendar years (including summer sessions)

Courses (including transfer credits) completed before the five-year absence with a grade of "C" (2.00) or higher are treated in the same manner as if all the credits were transfer credits, up to a maximum of 60 credit hours.

The cumulative GPA is based only on credits earned subsequent to the student's re-entry. Graduation requirements for resident credit hours and GPA must be fulfilled after the academic renewal. Graduation requirements for academic recognition (resident credit hours and GPA) must also be fulfilled after the academic renewal.

Courses completed before and after the academic renewal remain on the transcript and may be considered when students apply for undergraduate professional or graduate programs.

A request for academic renewal follows this procedure:

4. Students interested in academic renewal must fill out the Application for Academic Renewal and submit the form to the Dean's Office in the college of their major.
5. The Application for Academic Renewal may be submitted immediately upon readmission but must be submitted no later than the start of the third semester after readmission.
6. The Dean's Office specifies in advance a minimum of 12 semester hours required for completion.
7. When the approved credits are completed with a cumulative GPA of 2.50 or higher, and no grade lower than "C" (2.00) in each course, the Dean's Office will forward the Application for Academic Renewal to the University Registrar's Office for processing.

Only readmission students working toward their first undergraduate degree are eligible to apply for academic renewal, which may be implemented only once during a student's academic career.

Academic renewal is transferable among colleges.

All students with a cumulative ASU GPA below 2.00 and who have been absent from ASU for five consecutive calendar years or more are eligible to petition for academic renewal. Individual colleges may elect to entertain petitions for academic renewal from students with ASU GPAs above 2.00. College standards committees have final authorization on academic renewal petitions.

### **Undergraduate readmission contact information and office locations**

**Phone:** 480-965-7788

**Fax:** 480-965-3610

**Location:** Student Services Building [5], room 112, Tempe campus.

### **Frequently asked questions about readmission**

#### **AM I ELIGIBLE FOR QUICK RE-ENTRY?**

If you're an undergraduate degree-seeking student who has attended ASU before but have not been enrolled for one or two consecutive fall or spring semesters, you are eligible for quick re-entry. If you haven't been enrolled at ASU for three or more semesters, you are not eligible for quick re-entry and must apply for readmission.

#### **HOW DO I KNOW IF I HAVE TO REAPPLY FOR ADMISSION?**

If you have not been enrolled at ASU for three or more semesters, you have to apply for readmission and submit all applicable fees. If you have not been enrolled at ASU for one or two fall or spring semesters, you are eligible to return through quick re-entry.

#### **ARE READMISSION REQUIREMENTS DIFFERENT THAN WHEN I WAS FIRST ADMITTED?**

They may be, depending on when you were first admitted. ASU admission requirements change from time to time, so the admission standards you met previously may be different than they are currently.

## Western Undergraduate Exchange

Reduced tuition at ASU — it's the neighborly thing to do

The Western Undergraduate Exchange is a program coordinated by the Western Interstate Commission for Higher Education. Residents of western states (other than Arizona) may enroll in the ASU WUE program at a tuition rate of 150 percent of Arizona base resident tuition plus all applicable fees for fall and spring terms only. WUE programs are limited to select majors at ASU's Downtown Phoenix, Polytechnic and West campuses.

Explore WUE majors [1]

**Nonresident tuition:** \$28,800

**Nonresident WUE tuition:** \$16,064

### Enrollment information

#### General eligibility requirements

- Students must be a permanent resident of Alaska, California, Colorado, Guam, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming or the Commonwealth of the Northern Mariana Islands.
- Students must apply to one of the ASU WUE-eligible majors or programs [1].
- To maintain WUE eligibility, you must follow certain requirements including remaining enrolled in your WUE-eligible major and campus. See all the requirements for maintaining WUE eligibility [2].
- Any currently enrolled ASU student who does not meet initial eligibility requirements as a first-year student or a transfer student can be re-evaluated after completing 12 credit hours at ASU with a minimum 2.50 ASU cumulative GPA. Students can email WUE@asu.edu [3] or call 602-543-8180 to be reviewed once final grades have been posted.

#### First-year student requirements

- First-year students must have a high school GPA of 3.00 or higher in competency courses [4] (this is known as the ABOR GPA), or have an SAT of 1180 or ACT of 24 (not including the writing portion of these exams) or higher.
- First-year students are expected to live in an ASU residence hall during their first year. Please see [asu.edu/housing](http://asu.edu/housing) [5] for more information.
- WUE first-year students may be eligible for an ASU nonresident merit-based WUE scholarship [6]. ASU will notify qualified admitted first-year students in writing of this award.

#### Transfer student requirements

- Transfer students must have an overall GPA of 2.50 or higher on a 4.00 scale in all transferable coursework.
- Transfer students must have less than 120 transferable semester credits.
- Community college transfer students must have a minimum of an associate degree or 60 transferable semester credits (90 quarter credits are needed for students transferring from a community college on the quarter system).
- BAS degree programs are only open to students who have an AAS or equivalent degree
- All final transcripts must be filed two weeks prior to the start of your first semester at ASU in order to be evaluated for WUE.
- No individual review is conducted for transfer students.

#### Individual review

Students who don't meet the above standards will be considered for the WUE program through individual review. Through this process, Admission Services will review all available information about a student's application, carefully considering all aspects of a student's academic background and accomplishments. Submission of an ACT or SAT score is highly recommended. In some cases, additional information might be requested.

## Application procedures

No separate application is required. All applicants meeting eligibility requirements will automatically receive the WUE rate.

Applicants must:

- Submit an application for admission [7] including all required supporting documents to Admission Services by the preferential application date (First-year student [8], Transfer [9]). After the published dates, some ASU colleges and schools may limit admission to their program. ASU encourages you to submit your application and all supporting materials well before these dates.
- Indicate an intended major or program that is one of the ASU WUE-eligible programs [1] on the application.
- Meet all other applicable ASU admission requirements.

ASU will notify you in writing if you are eligible for and placed into WUE. This process occurs after your admission to ASU.

## Financial aid

Once placed into WUE, the student's financial aid budget will be adjusted to reflect the cost of attendance calculated with the WUE tuition rate. WUE students are not eligible for ASU nonresident merit-based scholarships or grants. (The only exception is the WUE merit scholarship for first-year students.)

## More information about WUE

If you have questions about WUE, please contact your ASU admission representative or visit the Western Undergraduate Exchange website [10].

Contact my rep [11]

Current students with questions on maintaining eligibility should contact the University Registrar Services at 602-543-8180 or [WUE@asu.edu](mailto:WUE@asu.edu) [3].

## Frequently asked questions about WUE

WHAT IS WUE?

WUE, or the Western Undergraduate Exchange program, is a program in which residents of western states (other than Arizona) can enroll in specific ASU degree programs at a rate of 150 percent of resident base tuition. There are more than 100 ASU WUE degrees you can choose from on ASU's Downtown Phoenix, Polytechnic and West campuses.

WHAT STATES ARE CONSIDERED WUE ELIGIBLE?

Students from the following states are eligible to participate in the Western Undergraduate Exchange program at ASU: Alaska, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington and Wyoming.

ONCE I'M CONSIDERED ELIGIBLE FOR WUE, DO I STAY ELIGIBLE?

To stay eligible for WUE, you must follow certain guidelines including remaining a resident of your home state, remaining in your WUE-eligible major or switching to another WUE-eligible major, maintaining a cumulative GPA of at least 2.50, maintaining continuous enrollment in the fall and spring semesters, earning at least 24 credits per year, and completing your program within eight semesters. See all the requirements for maintaining WUE eligibility [2].

## Contact ASU Admission Services

### We're here to help

We aim to deliver services and resources to assist you with your admission and transition to ASU. Services like student and scholar recruitment, application processing, new student orientation, high school relations, community college relations and international student relations. Attending ASU means you'll be able to choose from 17 colleges and schools that together offer hundreds of degree options taught by the best and brightest faculty. Find your representative and begin to explore and discover your future academic home.

First-year student representative [1] Transfer representative [2] International representative [3] Graduate representative [4]

### Admission Services mailing address

Have your test scores (e.g., ACT, SAT, TOEFL) and official high school or college transcripts sent from the issuing institution to the address below. Any written inquiries should be sent to this address as well.

Admission Services Applicant Processing  
Arizona State University  
PO Box 871004  
Tempe AZ 85287-1004

### If sending by FedEx, DHL or UPS (Recommended method for international students):

Arizona State University  
Admission Services Applicant Processing  
1150 East University Drive Building C, Room 226  
Tempe, AZ 85281

### Undergraduate applicants in China

If you are currently in China and applying for undergraduate admission, please note that you can send your official transcripts directly to us in Beijing at the following address:

ASU Enrollment Advisor  
Jianwai SOHO, Building 17, Suite 705  
39 East 3rd Ring Middle Road, Chaoyang  
Beijing, China 100022. (北京市朝阳区建外soho西区 17号楼, 705室 ; 邮编100022)  
T: +86 15311265171

### Undergraduate applicants in India

If you are currently in India and applying for undergraduate admission, you can send your official transcripts directly to our enrollment advisor in Mumbai at the following address.

Mumbai Bandra Kurla Complex - Kalina  
Level 2 Raheja Centre Point 294 CST Road Near Mumbai University, Off Bandra-Kurla Complex, Mumbai, 400 098

## Arizona General Education Curriculum (AGEC)

The Arizona public community colleges and universities have agreed upon a common structure for a general education core. This curriculum provides students attending any Arizona public community college with the opportunity to build a general education program that is transferable to any other state institution without loss of credit. This common agreement is called the Arizona General Education Curriculum (AGEC).

The AGEC is composed of 35 to 37 credit hours of lower-division general education coursework in which a student may prepare for transfer.

The AGEC has three forms: AGEC-A, AGEC-B and AGEC-S. A detailed description of each AGEC is available at <https://aztransfer.com/generaleducation/> [1].

Community colleges are responsible for certifying the date of completion of the AGEC on the official institutional transcripts.

Completion of the appropriate AGEC will fulfill university lower-division general education requirements of the baccalaureate degree with which the AGEC articulates. Students completing the AGEC will still be required to fulfill lower-division program requirements and prerequisites within their college and major and minor areas of study. To complete a degree program most efficiently, students should select courses that concurrently satisfy AGEC and major requirements.

Completion of any AGEC from an Arizona community college guarantees admission to the university provided that a 2.50 cumulative GPA or higher has been achieved. AGEC completion, however, does not guarantee admission to any specific university program. Many majors (e.g., architecture, engineering, business, the fine and creative arts, or health professions) have significant prerequisites or program requirements that must be completed before a student may be admitted to upper-division coursework. Community college students who are undecided about which of the universities they plan to attend or what program of study they intend to pursue are advised to explore educational options while they complete the AGEC. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Students who complete both the AGEC and an approved associate degree will be assigned junior class standing by the state universities. Junior class standing is based on the number of credit hours a student has earned and does not necessarily indicate the remaining number of credit hours needed to complete degree requirements. Course prerequisites, major requirements and upper-division requirements continue to be specified by each university. Appropriate sequencing of courses and timely completion of course prerequisites are essential to ensure efficient progress toward a baccalaureate degree. Students who have identified the university they plan to attend or a major area of study are advised to fulfill requirements and prerequisites identified by these programs through ASU's transfer pathways [2]. The AGEC does not replace articulation agreements developed to enhance the transfer process between specific institutions, nor does the AGEC eliminate the possibility that students who have identified the university they plan to attend and a major area of study will follow transfer guides provided by the state universities.

## Course load and concurrent enrollment

### Course

A minimum full-time course load for an undergraduate student is 12 credit hours.

The maximum course load for which a student may register is 18 credit hours (it is 19 credit hours for students enrolled in the Ira A. Fulton Schools of Engineering), with a maximum of nine credit hours in each A or B session. A student wishing to register for more than the maximum must petition the standards committee of the college in which the student is enrolled, and must obtain an approved overload before registration.

### Summer session credit hour load

The summer session credit hour load limit is seven credit hours for each six-week session and nine credit hours for the eight-week session, and the load limit may not exceed 14 credit hours for any combination of sessions.

### Graduate credits earned by undergraduate students

ASU undergraduate students who have achieved senior status (cannot be postbaccalaureate) with a cumulative GPA of 3.00 or higher may count up to 12 credit hours of graduate-level coursework toward their graduate degree at ASU (preadmission credit hours). Only graduate courses with a grade of "B" (3.00) or higher may be included on a graduate plan of study. Preadmission graduate courses cannot be used to meet any baccalaureate graduation requirements. Before registering for these courses, students are advised to check with their academic advisor to ensure the correct internal academic unit or college process is followed. Permission to take a preadmission graduate course does not guarantee admission to a graduate degree program or that the course may be used toward graduate degree requirements.

### Use of graduate course credit by undergraduates

Graduate course credit earned by an undergraduate student that is used to fulfill requirements for an undergraduate degree program cannot also be used in a graduate degree program unless the student is enrolled in an approved accelerated program. Students must contact their advisor before enrolling in a graduate course they wish to use toward a future graduate program at ASU.

### Concurrent enrollment

Provided that the other institution's regulations concerning enrollment, graduation requirements and transfer of credits are not violated, a student may enroll in classes at other institutions or in independent learning courses while enrolled at ASU. However, the student is urged to seek advising before concurrent enrollment to assure orderly progress toward a degree. If total credits exceed the maximum course load, prior permission must be granted by the college standards committee.

### Enrollment verification guidelines

The registrar is responsible for verifying enrollment, according to general guidelines; students should see enrollment verification.

**Source URL:** [https://catalog.asu.edu/course\\_load](https://catalog.asu.edu/course_load)

**Links:**

[1] <https://students.asu.edu/enrollment-verification>

## Credit by examination

Students may receive credit for an ASU course by taking an examination in place of the actual course. Some exams may be taken prior to admission to ASU. Information is provided below for each type of exam, the courses that are equivalent and other conditions that may apply to credit being awarded.

- A student may earn no more than 60 hours of credit by examination for any or all programs, including ASU comprehensive and proficiency exams.
- Credit will not be awarded for any course in which the student has been given credit from any educational institution.
- Credit will not be granted for a course taken at an educational institution after credit by examination has been awarded.  
Exception: Students who take the advanced placement exams may choose either to have the credit earned by advanced placement kept in their cumulative university hours or to complete the ASU course and have the credit and grade instead, regardless in which order the test or course is taken. Students should see the advanced placement section, below, for additional details on the exam and its equivalent scores.
- Credit may not be received for a lower-level or prerequisite course when credit has already been received in a higher-level course within the same field.
- Only credit earned by comprehensive examination will count toward the resident credit requirement for graduation.
- Credit by exam is awarded based on the date the exam was taken. Students who take the exam during the current catalog year (August 2019–July 2020) will earn credit based on the credit equivalency found in the current catalog. **If the test was taken in a prior academic year, the student should refer to the catalog of that year or search the Transfer Guide [2] for more information.**

### Types of examinations

College-level Examination Program (CLEP) [3] can be taken before or during enrollment at ASU.

Advanced Placement (AP) [4] is taken during secondary school or before enrollment at ASU.

DANTES or DSST (Defense Activity for Nontraditional Education Support Subject Standardized Test) [5] is taken by military or approved government personnel before or during enrollment at ASU.

International Baccalaureate (IB) diploma/certificate [6] is earned by students of an International Baccalaureate®-approved school before enrollment at ASU.

Cambridge International Exam [7] is taken by students who have completed a Cambridge course in their secondary school.

Comprehensive examinations [8] can be taken by current ASU students.

Proficiency examinations [9] can be taken by current ASU students.

For information about placement testing for mathematics and English classes prior to orientation, students should refer to the placement and testing requirements [10] in the ASU Catalog.

### College-Level Examination Program (CLEP)

Students who have taken a College-Level Examination of the College Entrance Examination Board may receive university credit. The table of CLEP credit applies to all students enrolled in the university for the first time in August 1975 and any student enrolling thereafter. CLEP examination credit is not given where it duplicates credit previously earned by the student at the university or accepted by the university for work done elsewhere. All examinations are given monthly by University Testing and Scanning Services [11].

The General Studies requirements in natural science (SQ and SG) and literacy and critical inquiry (L) are not satisfied by CLEP. There is no limit to the number of CLEP credits that can be used to fulfill the other parts of the General Studies requirement. A student who has received ASU credit for a course due to special programs credit may not duplicate the credit by enrolling in the same class for credit at ASU or transferring it to another institution.

## Subject examinations

To obtain credit or placement for all subject exams except English, History, French, German, and Spanish, a student must receive a score of 50 (computer-based testing [CBT] scale) or higher. To obtain credit for College Composition, a student must receive a standard score of 610 (1978 scale), 500 (1986 scale), or 50 (CBT scale). Test scores for French, German, History and Spanish are shown below in the CLEP credit table.

All equivalency is subject to future review and possible catalog change. Students should refer to the Transfer Credit Guide for equivalencies of exams taken outside of the current catalog year. For more information on CLEP testing, students should contact University Testing and Scanning Services [11] at 480-965-7146 or visit the office at 1130 E. University Dr., Suite 204, Tempe, Ariz.

\*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

Examination	Credit Hours	Equivalency
American Government	3	POS 110
American Literature	3	ENG DEC* (Students must score 55 or higher.)
Analyzing and Interpreting Literature	3	ENG DEC*
Biology	3	BIO DEC*
Calculus	3	MAT 265
	4	MAT 270
Chemistry	4	CHM 113
College Algebra	3	MAT 117
College Composition	3	Placement into ENG 105 and Elective credit (3) Transfer students who have credit for ENG 102 and who completed the exam (with a score of 50 or higher) prior to enrolling in ENG 102 may receive ENG 101 credit for the exam.
College Composition - Modular	0	No credit
College Mathematics	0	No credit
English Literature	3	ENG DEC* (Students must score 55 or higher.)
Financial Accounting	3	Elective credit
French Language	4	FRE 101 (Students must score 50–54.)
	8	FRE 101, 102 (Students must score 55–61.)
	12	FRE 101, 102, 201 (Students must score 62–65.)
	16	FRE 101, 102, 201, 202 (Students must score 66 or higher.)

Western Civilization I — Ancient Near East to 1648	3	HST 102 (Students must score 56 or higher.)

Western Civilization II — 1648 to the Present	3	HST 104 (Students must score 56 or higher.)
---	---	---

### Advanced Placement

Students who have taken an advanced placement course of the College Entrance Examination Board in their secondary school and who have taken an AP examination of the CEEB may receive university credit. No credit is given for any examination with a score of two or one. There is no limit to the number of AP credits that can be used to meet the General Studies requirement, including the requirements in natural sciences (SQ and SG) and literacy and critical inquiry (L).

When the scores are received by the university directly from the CEEB, credit is awarded as shown in the Advanced Placement Credit table below.

Examination	Score	Credit Hours	Equivalency
Art History	5 or 4	6	ARS 101, 102
	3	3	ARS 101
Biology	5 or 4	8	BIO 181, 182
	3	4	BIO 100
Calculus AB	5, 4, or 3	4	MAT 270
Calculus BC	5 or 4	8	MAT 270, 271
	3	4	MAT 270
Capstone Research	5, 4 or 3	3	Elective

## DANTES/DSST

Students who have taken a DSST (DANTES [Defense Activity for Nontraditional Education Support] Subject Standardized Test) may receive university credit. Credit is awarded for score results at or above the American Council on Education's recommended score if the subject examination is applicable to a program of study at ASU, or credit may be assigned as elective. To receive credit, a transcript showing the DSST results must be received by ASU directly from the Educational Testing Service.

\*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

Students should refer to the Transfer Credit Guide for equivalencies of exams taken outside of the current catalog year. To register for the exam or for more information about exam fees, students should contact University Testing and Scanning Services [12] at 480-965-7146 or visit the office at 1130 E. University Dr., Suite 204, Tempe, Ariz.

### *International Baccalaureate (IB) diploma/certificate*

Students who present an International Baccalaureate diploma/certificate may qualify for university credit, depending on the level of the examination and the grade received. Arizona State University grants credit for higher-level courses and some standard-level courses. A high-level grade of five qualifies the student to receive credit for up to two introductory courses while a grade of four qualifies a student to receive credit for one introductory course. No credit is awarded for English as a second language (English B). Credit is awarded according to the International Baccalaureate diploma/certificate credit table below.

\*Credit awarded as a department elective will display as DEC. A DEC course is not directly equivalent to a current ASU course but could be used for graduation requirements. **Students should see their advisor to determine how these courses may apply to their major.**

\*\*Credit awarded depends on the content of the course completed; students should see an advisor once admitted.

### Comprehensive examinations

A comprehensive examination is intended to permit a student to establish academic credit in a field in which the student has gained experience or competence equivalent to an established university course. Applications are given only for courses listed in the current catalog and only for courses in which a comprehensive examination can serve as a satisfactory measure of accomplishment.

A number of restrictions apply. To be eligible to apply to take a comprehensive examination to establish undergraduate course equivalence, a student must:

1. have earned not more than 60 credit hours through comprehensive, CLEP, international baccalaureate and advanced placement examinations
2. have earned no credit for a duplicate course
3. have earned no credit for a course for which this course is a prerequisite

The decision on the suitability of course material for a comprehensive examination, the development of a comprehensive examination and the administration of an examination are strictly departmental functions. An application is for one course only. The student should complete an application form with the number, title and number of credit hours for the course. When completed, the application must be approved by the student's advisor and the chairperson of the department responsible for offering the course.

The student must then pay the stated fee for such examinations at cashiering services. The receipt must be taken to the departmental office.

The examination is prepared by the instructor who normally conducts the course, and it is comprehensive in nature and scope. The instructor and other experts designated by the chairperson grade the examination, using letter grades "A+", "A", "A-", "B+", "B", "B-", "C+", "C", "D" or "E". If the grade is "C" or higher, a mark of "Y" is entered on the student's permanent record; otherwise, no entry is made. Credit by examination is indicated as such on the record. The student is notified by mail of the result of the examination. In cases of failure ("D" or "E"), the student is not given an opportunity to repeat the examination.

A student pursuing a second baccalaureate degree may not receive credit by comprehensive examination, but with prior approval of the college, the student may use the examination to waive a course requirement if a grade of "C" or higher is earned.

## Proficiency examinations

Proficiency examinations and auditions are given:

1. to waive a course requirement
2. to validate certain transfer credits in professional programs
3. to determine a student's ability in a field where competence is an important consideration

Detailed information may be obtained from the dean's office of the college in which the student is registered.

## Leave of absence (undergraduate)

The Undergraduate Leave of Absence (LOA) policy assists and encourages undergraduate degree-seeking students to return and graduate after an absence of more than two semesters from ASU.

**Note:** If you are an undergraduate degree-seeking student who previously attended ASU but have not been enrolled at ASU for **one or two consecutive fall or spring semesters** you may be eligible to return to ASU through Quick Re-entry [1]. Students are not required to process an LOA for absences of one or two consecutive fall or spring semesters.

## Eligibility requirements

To be eligible for an Undergraduate LOA, students must be eligible to register for classes and meet the following criteria:

1. Be a degree-seeking undergraduate student.
2. Be registered during the semester immediately prior to the beginning of the LOA.
  - Students who were admitted as new first-semester freshmen or transfer students but did not attend will not be eligible for an LOA. Instead, they should contact the Undergraduate Admissions office.
  - Students who were readmitted but did not attend will not be eligible for an LOA. Instead, they should contact the Undergraduate Admissions office.
  - Students who are participating in an ASU-sponsored study abroad program need not apply for an LOA; however, students who are participating in a non-ASU-sponsored study abroad program should take advantage of the LOA policy, if eligible.
3. Be in academic good standing, warning, probation, or continuing probation with their college.
4. Have no hold (e.g., disciplinary, financial, testing, etc.) which would restrict registration. Note: Students with financial holds may be given consideration for an LOA if authorized by the Collections Office [2].
5. Have submitted any outstanding high school and/or transfer transcripts, if prior admission/readmission and continued enrollment was contingent upon receipt of those transcripts.

Undergraduate students considering taking an absence from ASU should carefully review the policies and procedures for submitting an Undergraduate Leave of Absence Request [3].

## Leave of absence FAQ's

Information for students returning from a Leave of Absence.

### **Q. My LOA is about to expire; what do I do now?**

A. View your enrollment appointment as well as any current registration holds and "To Do" list items on [My ASU \[4\]](#). Schedule an appointment with your advisor to discuss course selection. Submit transcripts for coursework you completed during your LOA.

### **Q. How will the university inform me regarding upcoming enrollment, deadlines and holds that may occur while on I'm on an LOA?**

A. We recommend checking your My ASU [4] page often during your LOA so that you may stay informed about enrollment appointments, financial aid and tuition deadlines and advising holds that may occur prior to the end of your leave.

### **Q. If I qualify for an LOA, does this defer my scholarship?**

A. No. In order to request a deferment of your scholarship, you will need to complete the Scholarship Deferment Application [5] found on the Scholarship website. To have your scholarship reinstated after the deferment period, you will need to complete the Scholarship Reinstatement Request [6] form.

### **Q. Can I come back earlier than what my original LOA was processed for?**

A. Yes. If you wish to return to ASU prior to the end of your scheduled leave, you will need to contact University Registrar Services at 480-965-3124 so that your return may be updated immediately to maximize enrollment opportunities and meet any college, financial aid, etc. deadlines.

### **Q. Can I request an extension of my LOA?**

A. Yes. If you are unable to return to ASU by the agreed term and have not reached the cumulative total of two years (four major terms) on leave, then you may petition for an extension through the college of your major. To extend your LOA, please complete the LOA form [3] and meet with your college for approval. Once the college signs the LOA extension form, return the form to any University Registrar Services location [7] for processing. If an extension is not granted, you will need to follow readmission procedures before you will be allowed to return to ASU.

### **Q. How will the university inform me regarding upcoming enrollment, deadlines and holds that may occur while on leave of absence?**

A. We recommend checking your My ASU [4] page often during your leave of absence so that you may stay informed about enrollment appointments, financial aid and tuition deadlines and advising holds that may occur prior to the end of your leave.

### **Q. Am I able to view my unofficial transcripts?**

A. Yes. Student can view their unofficial transcripts through their My ASU [4] page.

### **Q. Will my loans be deferred while on an LOA?**

A. No. In order to defer loans, students must be currently enrolled. While the LOA keeps student records up to date, it does not allow for deferment. Please contact your lender for more information.

### **Q. If I qualify for an LOA, does this defer my scholarship?**

A. No. In order to request a deferment of your scholarship, you will need to complete the Scholarship Deferment Application [5] found on the scholarship website. To have your scholarship reinstated after the deferment period, you will need to complete the Scholarship Reinstatement Request [6] form.

## Q. Can I attend another institution while on an LOA?

A. Yes. Once all coursework is complete and graded, please request official transcripts to be sent directly from the transfer institution to ASU at the following address:

Arizona State University  
PO Box 870112  
Tempe, AZ 85287-0112

## Minors and undergraduate certificates

To declare a minor or pursue a certificate, please consult your academic advisor and an advisor in the unit offering the minor for more information. Search minors and certificates [1].

### Minors

A minor is an approved, coherent concentration of academic study in a single discipline, involving substantially fewer hours of credit than a corresponding major. Most ASU colleges offer undergraduate minors in addition to majors.

Students in most majors may pursue one or more minors and, upon successful completion of the prescribed coursework, have that accomplishment officially recognized on the ASU transcript at graduation if the college or department of the minor officially certifies, through established verification procedures, that all requirements for the minor have been met and the college (and, in certain colleges, the department) of the student's major allows the official recognition of the minor. A student wishing to pursue a specific minor should consult an academic advisor in the unit offering that minor to ensure that an appropriate set of courses is taken. The student should also consult an academic advisor in the college or department of the major to make sure the college or department of the major allows the recognition of the minor.

Certain major and minor combinations may be deemed inappropriate either by the college or department of the major or minor. Courses taken as part of a minor may not count toward both the major degree and the minor. Please contact the department for more information.

### Undergraduate certificates

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

[1] <https://webapp4.asu.edu/programs/t5/MinorsCertificates/undergrad/true>

## Placement and testing requirements

### *English placement*

All new, transfer or readmitted undergraduate students who plan to enroll for seven or more credit hours must meet one of the following testing requirements. Students who fail to meet at least one of these requirements are not allowed to register for any course the following semester:

- Take the ACT English or SAT verbal examination, and have scores submitted to ASU.
- Receive a score of four or five for the advanced placement examination in English offered by the College Entrance Examination Board, and have scores submitted to ASU.
- Take the CLEP general examination in College Composition, earning a score that qualifies for equivalency with ENG 101 or placement into ENG 105, and have scores submitted to ASU.
- Have previously taken ENG 101, ENG 102, ENG 105, ENG 107 or ENG 108 at ASU; or have previously earned a grade of "Y;" or be currently enrolled in WAC 101 or WAC 107 at ASU.
- Transfer a course equivalent to ENG 101, ENG 102, ENG 105, ENG 107 or ENG 108 with a grade of "C" (2.00) or higher. An official transcript showing the grade must be received at ASU. If a student transfers an equivalent composition course from a public Arizona community college or university or an articulated equivalent course from another institution, the equivalency is automatically posted and the student need not take further action. A student transferring a nonarticulated composition course from any other college or university may be required to submit documentation to determine equivalency of the courses. After consultation with an advisor, if evaluation is necessary, the student should submit a request for evaluation through the ASU Transfer Guide [1].

Also:

- An international student whose native language is not English must take ENG 107 (or WAC 107 followed by ENG 107 the second semester) in the first semester at ASU, unless an equivalent composition course from a college or university in the U.S. was taken and transferred. Such a course must be evaluated for equivalency through the ASU Transfer Guide [1].

Admitted ASU students who have not sent official ACT or SAT scores to ASU may need to take the WritePlacer section of the ACCUPLACER placement test [2] for placement into a first-year English composition course.

### *Math placement*

ASU requires all incoming freshmen to complete the ASU mathematics placement test [3] for mathematics prior to orientation in order to determine the appropriate math course for enrollment.

**Source URL:** [https://catalog.asu.edu/test\\_req](https://catalog.asu.edu/test_req)

**Links:**

[1] <https://webapp4.asu.edu/transfercreditguide/app/home>

[2] <https://uoeee.asu.edu/exam/accuplacer>

[3] <https://students.asu.edu/math>

## Retention and academic standards

### *Class standing*

A student's class standing is determined by the number of credit hours earned, as shown in the table below.

Student	Credit Hours Earned
Freshman	24 or fewer credit hours earned
Sophomore	25 to 55 credit hours earned
Junior	56 to 86 credit hours earned
Senior	87 or more credit hours earned
Graduate	bachelor's degree from accredited institution

### *Academic good standing*

For the purpose of retention, university academic good standing [1] for degree-seeking students is defined as maintaining a minimum cumulative GPA of 2.00. This standard is in effect for all students, regardless of catalog year, beginning in fall 2013.

An ASU student who does not achieve the minimum GPA standard at the completion of the first term of study will receive an academic warning [2]. If after one term with an academic warning a student still does not achieve the minimum GPA standard, the student will be placed on probation for at least one additional term. If a student's minimum GPA first falls below the standard in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

A student with an academic warning or on academic probation is considered in conditional good standing and is permitted to enroll.

Whether a student's status is an academic warning or probation, the student must meet with an academic success specialist to discuss academic success strategies for the subsequent semester and develop a success plan for returning to university academic good standing. At the discretion of the student's college or school, that plan may require successful completion of UNI 220 Academic Refresher.

### **Dean's List**

Undergraduate students are eligible for the Dean's List if they earn 12 or more graded credit hours ("A+", "A", "A-", "B+", "B", "B-", "C+", "C", "D" or "E") during a semester in residence at ASU with a GPA of 3.50 or higher. A notation regarding Dean's List achievement appears on the unofficial transcript.

### **Satisfactory Academic Progress**

The university is required to publish and enforce standards of satisfactory academic progress for certain students (e.g., student athletes, students receiving financial aid and students receiving veterans benefits).

Certification of satisfactory progress for student athletes is verified by the academic advisor and the dean's designee for certifying satisfactory progress. Certification of satisfactory progress [3] for students receiving financial aid or veterans benefits is verified by the Financial Aid and Scholarship Services office or the Office for Veteran and Military Academic

Engagement, respectively. Students should contact their advisors or the appropriate office for additional information on satisfactory progress requirements.

## **Probation**

A student's college assumes responsibility for enforcing academic standards and may place on university academic probation [4] any student who has failed to maintain good standing as previously defined. For purposes of probation and retention, an individual college may set higher GPA standards. A student on academic probation is required to observe any rules or limitations the college may impose as a condition for retention, including college-established policies regarding continuing probation.

## **Co-enrolled Continuing Probation Program**

Select disqualified students may participate in the Co-enrolled Continuing Probation program at the discretion of their college or school. Under this program, the student takes UNI 220 Academic Refresher plus one ASU course selected by the student's advisor. The student co-enrolls at a Maricopa County Community College with a schedule selected in consultation with the ASU advisor. Upon completion of the term, students with a combined semester cumulative GPA of 2.50 may continue regular enrollment at ASU. Parameters regarding the number of co-enrolled hours required are at the discretion of each college or school.

## **Disqualification**

A student who is placed on probation at the end of a semester is subject to disqualification [5] by the college or school at the end of the following semester if the conditions imposed for retention are not met.

Disqualification is exercised at the discretion of the college or school. A student is notified of disqualification by the dean of the college and is not allowed to register in a fall or spring semester at the university. If the student has already registered for a future fall or spring semester, the registration is canceled. A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible. A disqualified student may not attend as a nondegree student. If a disqualified student elects to attend another university or two-year college, any credits earned there will not affect the ASU cumulative GPA. A course repeated elsewhere will not result in a replacement of a grade earned at ASU. Disqualified students must consult with an academic advisor to determine eligibility to attend ASU in the summer session, to raise the ASU cumulative GPA.

Select disqualified students may participate in the Co-enrolled Continuing Probation Program. Information about this is available in the Glossary of Academic Terms, at Probation [4].

## **Readmission**

Students not eligible for Quick Re-entry [6] (i.e., because they have not been enrolled at ASU for three or more semesters, completed their academic program or were academically disqualified) must apply for readmission and submit applicable fees.

Candidates for readmission who are not in academic good standing are subject to college review.

A disqualified student who has not already been absent for a semester may contact the college advisor to see if reinstatement is possible.

## **Academic Integrity**

All students should be familiar with ASU's Academic Integrity policy. More information about Academic Integrity at ASU is available here: <https://provost.asu.edu/academic-integrity> [7].

**Source URL:** [https://catalog.asu.edu/retention\\_standing](https://catalog.asu.edu/retention_standing)

## University Undergraduate General Studies requirement

A baccalaureate education should prepare students for a particular profession or advanced study and for constructive and satisfying personal, social and civic lives as well. In addition to depth of knowledge in a particular academic or professional discipline, students should also be broadly educated and develop the general intellectual skills they need to continue learning throughout their lives. Thus, the General Studies requirement complements the undergraduate major by helping students gain mastery of critical learning skills, investigate the traditional branches of knowledge and develop the broad perspective that frees one to appreciate diversity and change across time, culture and national boundaries.

Critical learning skills include proficiency in the use of language, mathematics and quantitative methods as tools for acquiring, renewing, creating and communicating knowledge. A broad education includes an understanding of the methods and concerns of traditional branches of knowledge — the arts and humanities, the social sciences and the natural sciences. Developing perspective requires historical, global and cross-cultural examination of knowledge of all kinds.

The General Studies requirement is composed of courses in five core areas and three awareness areas. The courses are approved by the General Studies Council and are noted in the course catalog [1] for each academic term. General Studies courses are regularly reviewed and are occasionally added to and deleted from the list. Students should always consult the course catalog [1] each semester to see which courses currently meet the General Studies requirement.

A student receives the General Studies credit that a course carries during the semester in which the course is taken.

### *Five core areas (General Studies)*

#### **L: Literacy and Critical Inquiry (three credit hours)**

Literacy is competence in written and oral discourse. Critical inquiry is the gathering, interpretation and evaluation of evidence. The literacy and critical inquiry requirement helps students sustain and extend their ability to reason critically and communicate clearly through language.

Students must complete three credit hours from courses designated as L. Students must have completed ENG 101, ENG 105 or ENG 107 to take an L course.

The three credit hours required to meet the General Studies L requirement are in addition to the university-level upper-division L requirement. See university graduation requirements [2] for more information.

#### **MA and CS: Mathematical Studies (combined six credit hours)**

This core area has two categories. Mathematics (MA) is the acquisition of essential skills in basic mathematics. Computer/statistics/quantitative applications (CS) applies mathematical reasoning and requires students to complete a course in either the use of statistics/quantitative analysis or the use of a computer to assist in serious analytical math work.

This requirement has two parts: At least three credit hours must be selected from courses designated MA and at least three credit hours must be selected from courses designated CS, and all students are expected to fulfill the MA requirement by the time they accumulate 30 hours of credit in residence at ASU. Any student who has more than 30 hours of resident ASU credit and has not fulfilled the MA requirement must enroll in an MA course or an appropriate prerequisite and continue to do so every semester until the mathematics requirement is met. College officers may grant waivers to the immediate and continual enrollment requirement only when there are scheduling conflicts detrimental to the student's academic progress.

## **HU: Humanities, Arts and Design and**

### **SB: Social-Behavioral Sciences (combined 12 credit hours)**

The study of the humanities and the disciplines of art and design deepen awareness of the complexities of the human condition and its diverse histories and cultures. Courses in the humanities are devoted to the productions of human thought and imagination, particularly in philosophical, historical, religious and artistic traditions. Courses with an emphasis in arts and design comprise the study of aesthetic experiences and the processes of artistic creation. They may also feature a design emphasis in which material culture is studied as a product of human thought and imagination.

The social-behavioral sciences provide scientific methods of inquiry and empirical knowledge about human behavior, within society and individually. The forms of study may be cultural, economic, geographic, historical, linguistic, political, psychological or social. The courses in this area address the challenge of understanding the diverse natures of individuals and cultural groups who live together in a world of diminishing economic, linguistic, military, political and social distance.

Twelve credit hours must be completed in the following two core areas: humanities, arts and design (HU) and social-behavioral sciences (SB). At least six credit hours must be taken in one of these two core areas.

The 12 credit hours required to meet the General Studies HU/SB requirement are in addition to the university-level upper-division HU/SB requirement. Students should see university graduation requirements [2] for more information.

### **SQ and SG: Natural Sciences (combined eight credit hours)**

The natural sciences help students appreciate the scope and limitations of science and its contributions to society. Natural science areas of study include anthropology, astronomy, biology, biochemistry, chemistry, experimental psychology, geology, microbiology, physical geography, physics and plant biology. Knowledge of the methods of scientific inquiry and mastery of basic scientific principles and concepts are stressed, specifically in those that relate to matter and energy in living and nonliving systems. Firsthand exposure to scientific phenomena in the laboratory is important for developing and understanding the concepts, principles and vocabulary of science.

General Studies courses that satisfy the natural science requirement are given one of two classifications: quantitative (SQ) and general (SG).

- quantitative (SQ): These laboratory courses include a substantial introduction to the fundamental behavior of matter and energy in physical and biological systems.
- general (SG): These laboratory courses cover aspects of scientific inquiry that lend themselves to more qualitative or descriptive discussions of science.

Eight credit hours of courses designated SQ or SG must be selected. Of these, at least four credit hours must be taken from the SQ category.

### **Three awareness areas (General Studies)**

Students must complete courses that satisfy three awareness areas. Courses that are listed for a core area and one or more awareness areas may satisfy requirements concurrently, up to a maximum of two of the awareness areas listed for that course. These awareness areas promote appreciation of cultural diversity within the contemporary U.S., the development of an international perspective and an understanding of current human events through study of the past.

#### **1. Cultural Diversity in the United States (C)**

The objective of the cultural diversity (C) requirement is to promote awareness and appreciation of cultural diversity within the contemporary U.S. This is accomplished through the study of the cultural, social or scientific contributions of women and minority groups, examination of their experiences in the U.S., or exploration of successful or unsuccessful interactions between and among cultural groups. Awareness of cultural diversity and its multiple sources can illuminate the collective past, present and future and also help students achieve greater mutual understanding and respect.

#### **2. Global Awareness (G)**

The objective of the global awareness (G) requirement is to help students recognize the need for an understanding of the values, elements and social processes of cultures other than those of the U.S. The global awareness area includes courses that recognize other contemporary cultures and the relationship of the American cultural system to generic human goals and welfare.

### 3. Historical Awareness (H)

The objective of the historical awareness (H) requirement is to help students develop knowledge of the past, which can be useful in shaping the present and future. History is present in languages, art, music, literature, philosophy, religion and the natural sciences as well as in the social science traditionally called history.

#### *Meeting the General Studies requirement*

All students enrolled in a baccalaureate degree program must successfully complete a minimum of 29 credit hours of approved General Studies courses. Many General Studies courses are approved as satisfying more than one requirement. The following conditions govern the application of courses toward the General Studies requirement:

- A single course may be used to satisfy one core area and a maximum of two awareness area requirements.
- A single course may be used to satisfy a maximum of two awareness area requirements.
- A single course cannot be used to satisfy two core area requirements, even if it is approved for more than one core area.

There is no limit to the number of advanced placement or College-Level Examination Program credits that can be used to meet the General Studies requirement; see credit by examination [3]. However, CLEP credits do not satisfy the natural sciences (SQ and SG) and literacy and critical inquiry (L) portions of the General Studies requirement.

#### *Transfer credit*

Completion of ASU's lower-division General Studies and composition requirements will be awarded to any transfer student who has completed the General Studies and composition requirements at another domestic university as certified through completion of the AGECE from an Arizona community college or IGETC/CSUGE for California public community colleges, or the completion of an associate of arts degree at any regionally accredited community college or university in the United States. These students will still be required to fulfill lower-division program requirements and prerequisites within their college and major and minor area of study. Additionally, students must still take six upper-division credit hours (three for L and three for SB or HU) to complete the ASU university-level graduation requirements. If students transfer from Arizona community colleges without completing the AGECE or from other accredited postsecondary institutions, they receive credit for General Studies based on course-by-course equivalency. Students should see Arizona General Education Curriculum [4].

#### *University requirements*

In addition to the 29 credit hours of lower-division general education coursework, university graduation requirements [2] also require students to take six additional upper-division credit hours. Three hours with a Literacy (L) designation are required to be chosen from approved upper-division courses, preferably in the major. Three hours with either a humanities, arts and design (HU) or social-behavioral sciences (SB) designation should also be chosen from approved upper-division courses, preferably in the major.

#### *College or school and major requirements*

In addition to the General Studies requirement, students must also complete college or school and major requirements. Students are encouraged to work with their academic advisors to develop a program of study that efficiently meets all graduation requirements. A well-planned program should enable a student to concurrently satisfy requirements at the university, college or school levels and within their major.

[4] <https://catalog.asu.edu/agec>

## University undergraduate graduation requirements

All students enrolled in a baccalaureate degree program must fulfill the following university requirements to graduate.

### *Credit requirements*

A minimum of 120 credit hours is required for graduation with a baccalaureate degree; at least 45 credit hours must be in upper-division courses. Some programs may require more than 120 credit hours and 45 upper-division credit hours for graduation; students should check the program's major map for graduation requirements.

No more than 60 credit hours earned in independent learning courses or earned by comprehensive examination (including Advanced Placement, College-Level Examination Program, DANTES Subject Standardized Test, Cambridge International Exam and International Baccalaureate diploma/certificate exams) are accepted for credit toward the baccalaureate degree.

### *Grade point requirement*

A minimum cumulative grade point average of 2.00 for all courses taken at ASU is required to graduate with a baccalaureate degree. Some programs may require a cumulative GPA higher than 2.00; students should refer to the specific program's major map for graduation requirements.

### *General studies requirement*

All students enrolled in a baccalaureate degree program must satisfy the university requirement of a minimum of 29 credit hours of approved General Studies coursework. See General Studies. [1]

Students transferring from Arizona community colleges with a certified completion of the appropriate Arizona General Education Curriculum will have satisfied all lower-division General Studies requirements of the baccalaureate degree with which the AGECE articulates. Completion of ASU's lower-division General Studies and composition requirements also will be awarded to any transfer student who has completed the IGETC/CSUGE for California public community colleges or an associate of arts degree at any regionally accredited community college or university in the United States. For more details regarding the different versions of AGECE, students should refer to <https://aztransfer.com/> [2].

In addition to 29 credit hours of General Studies coursework, students must complete an additional six upper-division credit hours, preferably chosen from within the major, comprised of three credit hours of literacy (L) and three credit hours of humanities, arts and design (HU)/social-behavioral sciences (SB).

### *Mathematics requirement*

All undergraduate degree-seeking students are expected to fulfill the university's mathematics requirement by the time they have accumulated 30 hours of credit in residence at ASU. Any student who has more than 30 credit hours and has not fulfilled the mathematics requirement must enroll in a mathematics course or an appropriate prerequisite course and continue to do so every semester until the mathematics requirement is met. A waiver may be granted for continuous enrollment if there are scheduling conflicts detrimental to the student's academic progress. Students should also see the Math Intensive Programs: Required Course Policy [3].

### *First-year composition requirement*

Completion of both ENG 101 and ENG 102 or ENG 105 with a grade of "C" (2.00) or higher is required for graduation from ASU in any baccalaureate program. A student whose native language is not English may meet the first-year composition requirement by completing ENG 107 and 108 with a grade of "C" (2.00) or higher. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

### **Transfer credit**

Composition courses transferred from other post-secondary institutions may require evaluation. After consultation with an advisor, if evaluation is necessary, the student should submit a request for evaluation through the ASU Transfer Guide [4]. The process should be completed upon transfer of coursework to ASU so the student is able to enroll in additional courses if required to do so. Students who are required to take first-year composition must enroll in their first required composition course within the first year and continue to enroll in required composition courses every term until composition requirements are met.

### *Resident credit requirement*

Resident credit refers to a course that is offered in a regular semester, winter session (prior to 2011-2012), intersession or summer session. Credit earned through comprehensive examinations is also included when calculating ASU resident hours. Credit earned through independent learning, Advanced Placement testing, the College-Level Examination Program or an International Baccalaureate diploma/certificate are excluded when calculating ASU resident hours.

Every candidate for the baccalaureate degree is required to earn a minimum of 30 credit hours in resident-credit courses at ASU.

### *Guidelines for determination of catalog year*

The ASU Academic Catalog is published annually. Department, school, division, college and university requirements are upgraded often and may change. In determining graduation requirements, an undergraduate student will use only one edition of the catalog but may elect to follow any subsequent catalog edition under which the student attends. Students may not use an edition of the catalog that was in effect before their high school graduation or completion of GED. Students maintaining continuous enrollment at any Arizona community college or public university may graduate according to the requirements of the catalog in effect at the time of initial enrollment following high school graduation or completion of a GED or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment while pursuing their degrees, whether attending a single Arizona community college or public university or transferring among public institutions in Arizona. Students transferring among Arizona public higher education institutions must meet all requirements of the degree-granting institution: admission, residency, curricular and academic.

1. A semester in which a student earns course credit is counted toward continuous enrollment. Noncredit courses, audited courses, failed courses and courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes (examples A and B in the continuous enrollment table below).
2. Students who do not meet the minimum enrollment standard stipulated above during three consecutive semesters (fall/spring/fall or spring/fall/spring) and the intervening summer term at any Arizona community college or public university are no longer considered continuously enrolled. These students must meet requirements of the Arizona community college or public university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission (examples C and D in the continuous enrollment table below). Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.
3. Students admitted or readmitted to an Arizona community college or public university during a summer term must follow the requirements of the catalog in effect for the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment (example E in the continuous enrollment table below).
4. In areas of study in which the subject matter changes rapidly, material in courses taken long before graduation may become obsolete or irrelevant.

5. Coursework that is more than eight years old is applicable to completion of degree requirements at the discretion of the department of the student's major. Departments may accept or reject such coursework or request that the student revalidate the substance of the coursework. The eight-year limit on coursework applies except when program accreditation agencies limit the life of coursework to fewer than eight years. Departments also may require students to satisfy current major requirements rather than major requirements stated in earlier catalogs when completing earlier requirements is no longer possible or educationally sound.
6. Enrollment by Arizona community college students in nontransferable courses still constitutes enrollment for purposes of determining whether the student has been continuously enrolled. For example, if a student takes two semesters of cooperative education classes that are not transferable to the university but constitute continuous enrollment at the community college, the university should consider it continuous enrollment.
7. Exceptions made by an institution apply only to the institution that made the exception. For example, if the community college departments accepted credit that was more than eight years old, the university department to which the student transfers might not; the university department has the right and the obligation to reevaluate any credit more than eight years old.

Inquiries about these guidelines may be directed to the student's academic advisor.

### Continuous Enrollment

#### Student's Activity

#### Semester/Year

#### Status

#### Example A

Admitted and earned course credit at an Arizona community college

Fall 2011

Active

Continued at an Arizona community college

Spring 2012  
Fall 2012

Active

Transferred to an Arizona university

Spring 2013

Student enrolled under 2011–2012 or any subsequent catalog

#### Example B

Admitted and earned course credit at an Arizona community college

Fall 2013

Active

Enrolled but earned all "W"s or "E"s (0.00)

Spring 2014

Inactive

Enrolled in audit courses only

Fall 2014

Inactive

Nonattendance

Spring 2015

Inactive

Transferred to an Arizona university	Fall 2015	Student enrolled under 2015–2016 or any subsequent catalog
<b>Example C</b>		
Admitted and earned course credit at an Arizona community college	Fall 2009	Active
Nonattendance	Spring 2010 Fall 2010 Spring 2011	Inactive
Readmitted and earned course credit at an Arizona community college	Fall 2011	Active
Transferred to an Arizona university	Spring 2012	Student enrolled under 2011–2012 or any subsequent catalog
<b>Example D</b>		
Admitted and earned course credit at an Arizona community college	Fall 2010	Active
Nonattendance	Spring 2011	Inactive
Readmitted and earned course credit at an Arizona community college	Summer 2011	Active
Nonattendance	Fall 2011 Spring 2012	Inactive
Transferred to an Arizona university	Fall 2012	Student enrolled under 2010–2011 or any subsequent catalog
<b>Example E</b>		
Admitted and earned course credit at an Arizona community college	Summer 2014	Active
Continued at an Arizona community college	Fall 2014 Spring 2015	Active

Nonattendance	Fall 2015	Inactive
Readmitted and earned course credit at an Arizona community college	Spring 2016	Active
Transferred to an Arizona university	Summer 2016	Student enrolled under 2014–2015 or any subsequent catalog

### Example F

Admitted and earned course credit at an Arizona university	Summer 2014	Active
Nonattendance	Fall 2014	Inactive
Nonattendance	Spring 2014	Inactive
Readmitted and earned course credit at an Arizona university	Fall 2015	Active
Continued at an Arizona community college	Spring 2016	Student enrolled under 2014–2015 or any subsequent catalog

### *Application for graduation*

For information on how to apply for graduation and deadline dates, students should visit <https://students.asu.edu/graduation> [5].

### *Petition for variance from degree*

Any student wishing to have a college or university degree requirement variance must petition the standards committee of the college in which the student is enrolled. All petitions must originate with the student's advisor.

The University Undergraduate Standards Committee advises the Office of the University Provost regarding undergraduate student petitions that concern university-wide academic requirements. These requirements include but are not limited to requirements on the amount of transfer credit, graduation requirements, limits on credit by examination and requirements for a second baccalaureate degree. To petition for a variance from such university requirements, the University Undergraduate Standards Committee petition [6] is used. Most petitions heard by the University Undergraduate Standards Committee start at the college level and are forwarded for final review and decision to the university-level committee.

## Overview of graduation requirements

At ASU, students take classes that fulfill four types of requirements. As illustrated in the graduation requirements diagram below, some courses can fulfill two or more types of requirements but other courses fulfill only one requirement. The total credit hours needed to graduate are represented by the largest circle. The university minimum is 120 credit hours. Some majors, however, require more than 120 credit hours.

Although the three shaded circles in the illustration below are equal in size and the white circle is larger than all three, the total number of credit hours for each type of requirement may vary.

### University requirements

The yellow circle represents university requirements. The General Studies requirement and first-year composition requirement are among these requirements.

### College requirements

The gray circle represents college requirements. Some colleges and schools such as The College of Liberal Arts and Science have additional requirements.

### Major

The red circle represents the requirements of the major. The credit hours required for a major may be as low as 30 hours or as high as 65 hours.

### Electives/Minor/Certificate

The white circle represents electives and the requirements of a minor or certificate. A minor typically adds an additional 18 to 25 credit hours of coursework. Although every student must eventually declare a major, minor and certificates are not required. Some courses, while providing credit hours toward graduation, fall outside the shaded circles and are not required in a program for graduation. These courses are electives. Some majors leave no room for electives within the minimum 120 credit hours required to graduate.

### Other requirements

The separate units of ASU — such as colleges, schools and departments — have specific requirements for graduation that must be satisfied for a baccalaureate degree. Students are encouraged to consult with an academic advisor in planning a program to ensure it meets the various requirements. A well-planned program may enable a student to satisfy concurrently a portion of the General Studies requirement together with a portion of a college or major requirement.

## Graduation with academic recognition

An undergraduate student must have completed at least 56 credit hours of resident credit at ASU to qualify for graduation with academic recognition for a baccalaureate degree. Note: West campus students following a catalog year prior to fall 2007 are required to have completed at least 50 credit hours of resident credit at ASU.

The cumulative GPA determines the designation, as shown in the academic recognition table below.

Academic Recognition	
Cumulative GPA	Designation
3.40–3.59	cum laude
3.60–3.79	magna cum laude
3.80–4.00	summa cum laude

The cumulative GPA for these designations is based on ASU resident coursework only. For example, ASU independent learning course grades are not calculated in the honors GPA. All designations of graduation with academic recognition are indicated on the diploma and the ASU transcript. Graduation with academic recognition applies only to undergraduate degrees.

A student who has a baccalaureate degree from ASU and is pursuing a second baccalaureate degree at ASU (with a minimum of 30 hours of resident credit) is granted academic recognition on the second degree based on the credit hours earned subsequent to the posting of the first degree. If fewer than 56 credit hours are completed at ASU subsequent to completion of the first ASU degree, the level of academic recognition can be no higher than that obtained on the first degree. If 56 or more credit hours are completed at ASU after completion of the first ASU degree, the level of academic recognition is based on the GPA earned for the second ASU degree. Inquiries about graduation with academic recognition may be directed to the graduation office at 480-965-3256.

## Additional degrees

### Second baccalaureate degree

The student seeking a second baccalaureate degree must meet admission criteria for that degree. After conferral of the first degree, a minimum of 30 credit hours in resident credit courses at ASU must be successfully completed to earn the second baccalaureate degree. The student must meet all degree and university requirements of the second degree.

Students who wish to use courses taken while in graduate nondegree status toward a second bachelor's degree may have up to 15 credit hours applied toward this degree.

### Concurrent degrees

More than one baccalaureate degree may be pursued concurrently if prior approval is given by the standards committees of the colleges offering the degrees. Students may receive concurrent degrees if they meet the minimum requirements for both degrees. For additional information, students are asked to review the glossary description found here [7].

## ***eAdvisor and critical requirements***

eAdvisor [8] ensures that students get off to a good start and stay on track toward graduation by helping them find a major that fits their talents and career goals and then monitors progress. Students use eAdvisor to do the following:

- Learn more about graduation requirements for their major.
- Discern the critical courses and grades that are required to stay on track to successfully complete their degree.
- Plan for and schedule appropriate courses in the correct sequence to maximize success.
- Monitor progress toward their degree.
- Find out how courses may fit into other majors if they decide to change majors.

Through eAdvisor, students follow a major map that outlines the critical requirements and optimal eight-semester plan. If students do not meet the critical requirements, an advising hold may be placed on the students' records, and an advising session is required before future registration activities can take place. When students do not meet the critical requirements for two consecutive semesters, they are considered off track and may be advised to change majors.

Critical requirements are identified by the faculty and academic units as predictors of success in a major. To ensure students are able to enroll in critical courses, ASU academic units coordinate to offer sufficient seats to meet demand. Specific class schedules (days and times) are not guaranteed.

### **Math-intensive programs: required course policy**

ASU undergraduate degree programs are categorized in the area of math intensity [9] as either general, moderate or substantial based on the number and type of required math courses. Students enrolled in a degree program categorized as substantial in math intensity who receive a failing grade of "E" twice in the same required math course may be required to change their major to a major categorized as general or moderate. This policy is applicable even if the required math course is not marked as critical through the eAdvisor Tracking Tool.

## Introduction

The Graduate College admits students into programs leading to both professional and research-oriented advanced degrees and certificates beyond the bachelor's degree. The master's and doctoral degrees are awarded to students completing programs that culminate in research and creative endeavors. The doctoral degree is the highest university award, conferred on candidates who have proven their ability as scholars and original researchers.

### Academic Integrity

The highest standards of [academic integrity](#) and compliance with the university's [Student Code of Conduct](#) are expected of all graduate students in academic coursework and research activities. The failure of any graduate student to uphold these standards may result in serious consequences including suspension or expulsion from the university and/or other sanctions as specified in the academic integrity policies of individual colleges as well as the university.

Violations of academic integrity include, but are not limited to: cheating, fabrication of data, tampering, plagiarism, or aiding and/or facilitating such activities. At the graduate level, it is expected that students are familiar with these issues and that students assume personal responsibility in their work.

### Graduate Student Responsibilities

Graduate students are responsible for familiarizing themselves with all university and graduate policies and procedures. Students should also communicate directly with their academic unit to be clear on expectations for degree completion.

Information is provided to students via [MyASU](#). Students should frequently check their MyASU account for the most up-to-date information regarding their status, holds, items to attend to and other important information.

It is very important that students check with their thesis/dissertation advisor well in advance of data collection to ensure compliance with university regulations regarding the collection of research data. Please see the section of this guide titled "Research Involving Human and Animal Subjects."

## Application

### Submission of an Application

For admission information and procedures, see [students.asu.edu/graduate](https://students.asu.edu/graduate). Applications for all graduate degree programs, certificate programs and/or non-degree must be submitted via the [students.asu.edu/graduate/apply](https://students.asu.edu/graduate/apply).

Prior to submitting an application to the Graduate College, applicants should review information regarding the [graduate program](#) and academic unit application requirements and deadlines. Students who have a Graduate College approved *Leave of Absence* on file with the Graduate College [prior](#) to their semester of non-registration and are re-entering the same graduate program for the semester immediately following the approved request, are not required to submit a new application.

### Application Deadlines

Application deadlines are set by the graduate programs. Consult the program websites or the [Graduate Degree and Certificate Search](#) tool for specific application deadlines.

\*Please note that international students wishing to attend an in-person program must apply to Sessions A or C only (Session B is not available to international students due to visa requirements).

## Application Fee

Each application to an ASU graduate program must be accompanied by a non-refundable application fee, payable by credit or debit card at the time of submission. The application fee covers Graduate Admission Services' administrative costs of processing all applications and is not refundable under any circumstance.

- ⤴ Domestic application fee: \$70;
- ⤴ International application fee: \$115.

Applicants receive an email acknowledgement once the application has been successfully submitted. The acknowledgement includes an ASURITE ID and activation code so that students may follow the progress of their application through MyASU. Applicants should review [MyASU](#) to monitor their application status, "To Do" items and "Holds".

## Application Requirements

Applicants must submit official transcripts from all post-secondary institutions previously attended to the Graduate Admissions Services office (see [students.asu.edu/graduate/standards](https://students.asu.edu/graduate/standards)). **Academic units may have admission requirements in addition to those of Graduate Admission Services.** Many graduate programs require scores from a national admissions test such as the Graduate Record Examination (GRE), Graduate Management Admission Test (GMAT) or the Miller Analogies Test. Some programs require a portfolio, letters of recommendation a statement of goals and/or a resume. Applicants should consult the academic unit regarding program admission requirements prior to submitting an online application. Programs will submit a recommendation to the Dean for Graduate College regarding their willingness to admit an applicant.

All documents received by Graduate Admission Services in connection with an application become property of ASU and will not be returned.

## Academic Credentials

Applicants who attended school in the United States must hold a bachelor's degree or higher from a regionally accredited U.S. institution in order to be eligible for admission. Applicants are required to provide proof that a bachelor's or graduate degree was awarded before completion of their first semester of graduate studies at ASU.

Applicants who attended school outside of the U.S. must hold a bachelor's or graduate degree, or equivalent, from an institution that is officially recognized by that country. If original credentials are issued in a language other than English, applicants must provide the original language transcripts as well as an official and literal translation. Applicants are required to provide proof that a bachelor's or graduate degree was awarded before completion of their second semester of graduate studies at ASU.

Photocopied documents certified by a notary public are not official. For more information regarding official academic credentials see [students.asu.edu/graduate](https://students.asu.edu/graduate). For additional information regarding official international academic credentials see [students.asu.edu/graduate/apply](https://students.asu.edu/graduate/apply).

Applicants must have maintained a minimum grade point average of 3.00 (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of undergraduate coursework.

Because ASU receives applications from many highly qualified students, some applicants may be denied admission for reasons not related to their academic performance. Examples include, but are not limited to: program capacity, mentor availability and/or program match.

## Additional International Requirements

### International Applicants

Please consult the Graduate Admission Services websites at [students.asu.edu/graduate](https://students.asu.edu/graduate), and [students.asu.edu/international/immigration](https://students.asu.edu/international/immigration) for complete information.

Applicants who will hold an F-1 or J-1 visa must:

1. Meet the regulations of the U.S. Immigration and Customs Enforcement (ICE) agency.
2. Obtain insurance coverage against illness and accidents before being permitted to register for classes. Insurance must be maintained throughout the students' enrollment at the university.
3. Submit proof of [English proficiency](#).
4. Submit additional materials as outlined on the Graduate Admission Services website at [students.asu.edu/graduate/apply](https://students.asu.edu/graduate/apply).
5. Verify that they have the financial resources to cover their expenses during graduate study at ASU. The *Financial Guarantee* form is available through the Graduate College website at [students.asu.edu/graduate](https://students.asu.edu/graduate). In addition to the *Financial Guarantee* form, if ASU is providing an assistantship, an official offer letter must be sent to the Graduate Admission Services office. Similarly, if a governmental entity is funding the student, an official letter from the government must be submitted to the Graduate Admission Services office in addition to the *Financial Guarantee* form.

The I-20 or the DS-2019 (documents needed to obtain a student visa) is issued only after the completed and properly verified **Financial Guarantee** form, proof of [English proficiency](#) and supporting documents have been received by the office of Graduate Admission Services. International students may enroll at ASU only if they have been admitted to a degree program or the post-baccalaureate teacher education program. International students must be enrolled in a graduate degree program to enroll in an in-person certificate program. International students may enroll in an online certificate program without enrolling in a degree program. After arrival in the U.S., students need to complete the online SEVIS check-in.

Applicants residing in the U.S. on a valid visa must provide proof of a current visa. Enlarge the image and fax the copy to 480-965-5158.

### English Language Requirement

English proficiency is required for all students that wish to enter an ASU graduate program. There are several ways to meet the English proficiency requirement:

- ✦ [TOEFL](#) score of at least 550 (PBT) or 80 (iBT). The TOEFL is administered by TOEFL/TSE Services. ASU's institutional code is 4007. ASU accepts only electronic copies of the TOEFL score report.
- ✦ [IELTS](#) overall band score of at least 6.5. The IELTS is administered by the University of Cambridge. No institutional code is needed.
- ✦ [Pearson](#) Test of English (PTE) score of at least 60. The PTE is administered by Pearson.

**Individual academic units may have higher requirements for English proficiency.** Consult the academic unit's website. English proficiency is only valid for two years and must be taken within two years from the beginning of the semester for which the student applied.

Some applicants are exempt from the English proficiency requirement. The following exceptions must be met exactly to be considered for an exemption:

- ✦ Applicants who are U.S. Citizens or U.S. Permanent Residents
- ✦ Applicants who have earned a bachelor's degree or higher from a regionally accredited college/university in the United States.
- ✦ Applicants who have earned the equivalent of a U.S. bachelor's degree or higher from an international institution that is officially recognized by that country, and the country is on the ASU English Speaking Country and Territory List. (official transcript required)
- ✦ Applicants who have earned the equivalent of a U.S. bachelor's degree or higher from an international institution that is officially recognized by that country, and the sole medium of instruction for the program was in English (official transcript required). Student should email [gograd@asu.edu](mailto:gograd@asu.edu) to request exemption and include a letter from the institution on letterhead indicating language of instruction or provide information on the institution website to verify language of instruction.
- ✦ Applicants who have completed at least 9 semester hours of graduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher at a regionally accredited college/university in the United States or from an international institution that is officially recognized in that country and is on the ASU English Speaking Country and Territory List. (official transcript required)
- ✦ Applicants who have completed at least 90 semester hours of undergraduate coursework with a cumulative GPA of 3.0 (on a 4.0 scale) or higher in residence at a regionally accredited college/university in the United States. (official transcript required)
- ✦ Applicants who have completed ASU Global Launch's in-person International Graduate Preparation Program (IGPP) at ASU with grades of "B" or better.
- ✦ Applicants who have completed Global Launch's English for Graduate Admission online course with 80% or better.
- ✦ Applicants who have a U.S. High School Diploma. (official transcript required)
- ✦ Applicants who attended an English speaking university.

All international applicants from countries where the native language is not English must pass an examination that certifies their skill in speaking English before applying for teaching assistantships. Please follow this link to the International Teaching Assistant website for information on how to fulfill this requirement: <https://learnenglish.asu.edu/international-teaching-assistant>. Departmental requirements may differ so it is recommended that applicants contact their departments for specific details.

## Non-Degree Programs

Applicants who do not immediately intend to pursue a graduate degree may apply as non-degree seeking students at [students.asu.edu/graduate/nondegree](https://students.asu.edu/graduate/nondegree). The application process does not require the submission of academic credentials or test scores.

Non-degree applicants must have earned a bachelor's degree or higher from a U.S. regionally accredited institution or the equivalent of a U.S. bachelor's or graduate degree from an international institution that is officially recognized by that country.

There is no limit to the total cumulative credit hours students can take as non-degree students. However, to apply the credit hours toward an ASU master's or doctoral degree, students are limited to twelve credit hours taken within three years of admission prior to admission to the degree program.

Non-degree students may not be eligible to enroll in some classes. Contact the academic unit with questions regarding qualification for registration.

Financial aid is not available to non-degree students.

In-person non-degree study is typically not available to international students on F-1 or J-1 visas. For exceptions, prior to applying, you must obtain written approval from your Designated School Official (DSO) granting permission for you to take classes.

## After Applying

After an application has been successfully submitted, applicants receive an email acknowledgement that includes an ASURITE ID and activation code. Applicants should review [MyASU](#) to check on the application status, “Priority Tasks” and “Holds”.

## Admission

A minimum grade point average of 3.00 (scale is 4.00 = “A”) in the last 60 semester hours or 90 quarter hours of undergraduate coursework is required to be considered for admission to an ASU graduate degree program.

Academic units submit recommendations regarding admission decisions to Graduate Admission Services; only the Dean of the Graduate College can make formal offers of admission.

Applicants monitor the status of their application through MyASU. If admitted, the formal letter of admission can be downloaded from MyASU. If denied admission, letters are sent via email to the address on record.

Students may apply to programs that are both campus based immersion programs, as well as online-based digital immersion, but if admitted to both they must choose their preferred modality.

## Admission Types

- ✦ ***Regular Admission:*** Applicant satisfies all requirements for admission and is academically acceptable to both the degree or certificate program and the Graduate College.
- ✦ ***Provisional Admission:*** Applicant does not meet minimum academic standards with respect to grade point averages as required by Graduate College and the academic unit, but has additional evidence to suggest the potential for success. This status provides the academic unit with an opportunity to better evaluate the student’s academic potential. Students have a maximum of one academic year to satisfy the provisional condition. **The Graduate College will withdraw students from the degree or certificate program who have not met the provisions of their admission within the required timeframe.**
- ✦ ***Regular Admission with Deficiencies:*** Applicant’s grades and test scores are at an acceptable level but applicant does not have the academic background expected by the degree or certificate program and the university. Monitoring deficiency completion is the responsibility of the academic unit.

## Defer Admission

Students may, with the recommendation of the degree program, defer their initial semester and year of admission to the next semester for which the degree or certificate program is admitting students. No further deferrals are allowed.

## International Student Admission

International students planning to attend ASU on an F-1 student visa or a J-1 exchange visitor visa must provide documentation required by the United States Citizenship and Immigration Services. Visa documents are only issued for international students enrolled in a degree program or the post baccalaureate teacher education program. There are strict regulations regarding when an I-20 or DS-2019 can be issued. Detailed information may be found at: [students.asu.edu/international/immigration](https://students.asu.edu/international/immigration).

## Registration and Enrollment

All students are required to have proof of measles immunizations on file with [Student Health](#) prior to registration.

Graduate students register through MyASU according to their enrollment appointment. Details regarding registration and course drop/add procedures are provided in the [Registration and Tuition Payment Guide](#).

## Enrollment Verification Guidelines

The University's Registrar's Office will verify student enrollment each semester according to the general guidelines that follow.

### Enrollment Verification Guidelines for Graduate Students

	Full Time*	Half Time	Less Than Half Time
<b>Regular Semester</b>			
Graduate	9 or more hours	5-8 hours	4 or fewer hours
Graduate Assistant**	6 or more hours	--	--
<b>Six-Week Summer Sessions</b>			
Graduate	3 or more hours	2 hours	1 hour
Graduate Assistant**	2 or more hours	1 hour	--
<b>Eight-Week Summer Session</b>			
Graduate	5 or more hours	3-4 hours	2 or fewer hours

\*Audited courses do not count toward full-time enrollment

\*\*For enrollment verification purposes, "Graduate Assistant" is a generic term that includes Teaching Assistants, Research Assistants, Teaching Associates and Research Associates. **Academic units may have specific requirements regarding registration requirements for Graduate Assistants; students should consult with their degree program unit.**

**International F-1 and J-1 students are required to maintain full-time enrollment status.** Any exception to full-time enrollment must be previously approved by the [International Student and Scholars Center \(ISSC\)](#).

## Maximum Course Load

The Graduate College does not have a maximum credit hour enrollment policy. It is expected that academic units will set course loads for their students that facilitate academic success.

## Continuous Enrollment

Once admitted to a graduate degree program or graduate certificate program, students must be registered for a minimum of one credit hour during all phases of their graduate education, including the terms in which they are

admitted and graduate. This includes periods when students are engaged in research, conducting a doctoral prospectus, working on or defending theses or dissertations, taking comprehensive examinations, taking Graduate Foreign Language Examinations or in any other way utilizing university resources, facilities or faculty time.

Registration for every fall semester and spring semester is required. Summer registration is required for students taking examinations, completing culminating experiences, conducting a doctoral prospectus, defending theses or dissertations or graduating from the degree program.

To maintain continuous enrollment, the credit hour(s) must:

- ⤴ Appear on the student's *Interactive Plan of Study*, OR
- ⤴ Be research (592, 792), thesis (599), dissertation (799), or continuing registration (595, 695, 795), OR
- ⤴ Be a graduate-level course.

Grades of "W" and/or "X" are not considered valid registration for continuous enrollment purposes. "W" grades are received when students officially withdraw from a course after the drop/add period. "X" grades are received for audit courses. Additionally, students completing work for a course in which they received a grade of "I" must maintain continuous enrollment as defined previously. Graduate students have one year to complete work for an incomplete grade; if the work is not complete and the grade changed within one year, the "I" grade becomes permanent and will remain on the students' transcripts. Additional information regarding incomplete grades can be found at [asu.edu/aad/manuals/ssm/ssm203-09.html](http://asu.edu/aad/manuals/ssm/ssm203-09.html).

## Graduate Appointments

All Graduate Teaching Assistants and Associates (TAs), and Graduate Research Assistants and Associates (RAs) must register for a minimum of six semester hours of appropriate credit during each academic term of their appointment. The six hours cannot include audit enrollment. **Academic units may have specific requirements regarding RA/TA appointments; students should consult with their degree program unit.**

TAs and RAs are treated as residents for tuition purposes. To be eligible for tuition remission, TAs and RAs must be employed a minimum of 10 hours per week (25 percent Full Time Equivalency {FTE}). TAs/RAs working 10-19 hours per week (25-49 percent FTE) receive a 50 percent remission of tuition for the semester or summer session of their employment. TAs/RAs working 20 hours per week (50 percent FTE) do not pay tuition during the semester or summer session of their employment. In addition, the university pays the individual health insurance premium for those TAs and RAs working 20 hours per week (50 percent FTE).

Due to federal regulations, international students on F-1 and J-1 visas are allowed to work a maximum of 20 hours per week while school is in session (fall and spring semesters). International students are allowed to work 40 hours per week during summer sessions with academic unit approval. International students typically are not allowed to seek employment outside the university; students must consult with the International Student and Scholars Center (ISSC).

Detailed information and application procedures regarding Graduate Assistantships can be found at [graduate.asu.edu/financing/tara](http://graduate.asu.edu/financing/tara).

## Leaves of Absence

Graduate students planning to discontinue registration for a semester or more must submit a [Leave of Absence request via their Interactive Plan of Student \(iPOS\)](#). This request must be submitted and approved before the anticipated semester of non-registration. Students may request a maximum of two semesters of leave during

their entire program. Having an approved *Leave of Absence* by the Graduate College will enable students to re-enter their program without re-applying to the university.

**Students who do not register for a fall or spring semester without an approved Leave of Absence are considered withdrawn from the university under the assumption that they have decided to discontinue their program.** Students removed for this reason may reapply for admission to resume their degree program; the application will be considered along with all other new applications to the degree program.

Students with a Graduate College approved *Leave of Absence* are not required to pay tuition and/or fees, but in turn are not permitted to place any demands on university faculty or use any university resources. These resources include university libraries, laboratories, recreation facilities or faculty and staff time.

## Voluntary Withdrawal from ASU

Students who wish to withdraw from their graduate degree or certificate program and the university must complete and submit a [Voluntary Withdrawal form](#). Students must separately complete the appropriate forms with the University Registrar to withdraw from their courses. International students should contact the [International Student and Scholars Center \(ISSC\)](#) before submitting a *Voluntary Withdrawal* form, as it most likely will affect their visa status.

## Voluntary Withdrawal from a Graduate Degree or Certificate Program

Students who wish to transition from one graduate program to another graduate program should complete and submit a [Voluntary Withdrawal form](#). Students should not take this action until they have been admitted to the other graduate degree program.

## Other Types of Withdrawal

There are appropriate circumstances when students may need to withdraw from the university (i.e. medical withdrawal, compassionate leave). The policies for such withdrawals are the same for both undergraduate and graduate students. Types of withdrawals and procedures can be found at: [students.asu.edu/drop-add](http://students.asu.edu/drop-add). For course withdrawals contact the University Registrar's Office.

## Academic Dismissals by the Graduate College

Students who do not comply with Graduate College policies may be withdrawn from their graduate program after review by the Dean of the Graduate College.

In addition, academic units may recommend withdrawal of students from graduate programs for lack of compliance with published departmental policies or lack of satisfactory academic progress. All such recommendations must be submitted to the Graduate College with appropriate documentation (e.g., nature of issue, communications with student). Only the Dean of the Graduate College may withdraw students from a graduate program due to lack of compliance with satisfactory academic progress policies.

Students who have been withdrawn from a graduate program due to lack of compliance with published departmental or Graduate College policies, or lack of satisfactory academic progress are eligible to apply for admission to the same program only after one year has passed from the term of the withdrawal.

Students who have been withdrawn from a graduate program due to an Academic Integrity violation are not eligible for readmission to Arizona State University.

### Grade Point Averages

**GPA (Grade Point Average)** Graduate students must maintain a minimum 3.00 (scale is 4.00 = "A") grade point average (GPA) to maintain satisfactory academic progress and to graduate. The minimum 3.00 GPA must be maintained on all GPA's (Plan of Study (iPOS) GPA, Overall Graduate GPA and Cumulative GPA)

1. The iPOS GPA is calculated on all courses that appear on the student's approved iPOS
2. Cumulative GPA represents all courses completed at ASU during the graduate career.
3. The Overall Graduate GPA is based on all courses numbered 500 or higher that appear on the transcript after admission to a graduate program or graduate non-degree. This includes shared coursework if in an approved accelerated bachelor's/master's program.

Transfer credits and some courses taken in the Sandra Day O'Connor College of Law are not calculated on in the iPOS GPA or the Graduate GPA.

Courses lower than a "C" cannot appear on the iPOS but will be included when calculating the Graduate GPA. Courses with an "I" grade cannot appear on the iPOS.

### Satisfactory Academic Progress

All graduate students are expected to make systematic progress toward completion of their graduate program. This progress includes satisfying the conditions listed below, and achieving the benchmarks and requirements set by the individual graduate programs as well as the Graduate College. If a student fails to satisfy the requirements of their program and/or the benchmarks outlined below, the student may be dismissed from their program based on the academic unit's recommendation to the Graduate College at which time the Dean of the Graduate College makes the final determination.

Satisfactory academic progress includes:

1. Maintain a minimum 3.00 for all GPAs.
2. Satisfy all requirements of the graduate program.
3. Satisfy the maximum time limit for graduation for the student's graduate program (six years for masters and certificates, ten years for doctoral), see "Time Limit" sections.
4. Successfully pass comprehensive exams, qualifying exams, foreign language exams, and the oral defense of the proposal/prospectus for the thesis or dissertation.
5. Successfully complete the culminating experience.
6. Graduate students must **remain continuously enrolled** in their graduate program. Failing to do so without a Graduate College approved *Leave of Absence* is considered to be lack of academic progress and may result in the Graduate College withdrawing the student from their program. See full *Leave of Absence* rules on page 9.

## Determination of Academic Requirements

Students graduate under the requirements and policies in effect at the semester and year of admission to a graduate degree program. Students that fail to maintain continuous enrollment and are re-admitted to the graduate program, graduate under the degree requirements and policies in effect at the time of the new admission date.

### Master's

A minimum of 30 credit hours of graduate-level coursework including a culminating experience is required for a master's degree, although individual programs may have higher requirements. The culminating experience may be a written comprehensive examination, a capstone course, an applied project, a written portfolio, a thesis or equivalent.

Students that have a capstone or applied project course requirement must receive a grade of "B" or better. Students who fail to achieve a final grade of "B" or better must retake the course and earn a "B" or better to complete the program.

### Doctoral

A minimum of 84 credit hours of graduate-level coursework and a written comprehensive examination are required for a doctoral degree, although individual programs may have higher requirements. Additionally, the Foreign Language Examination, oral comprehensive examination and/or dissertation or equivalent may be required. A written comprehensive examination and prospectus (research proposal) is required for all programs requiring a dissertation.

## The Interactive Plan of Study (iPOS)

The Interactive Plan of Study (iPOS) functions as an agreement between the student, the academic unit and the Graduate College. The iPOS contains certain requirements such as coursework, a committee and a culminating experience which must be included before it can be approved. The academic unit's graduate support staff should be the primary contact for questions regarding iPOS, degree and certificate requirements. The iPOS must be approved by a student's committee, the head of the academic unit, and the Dean of the Graduate College.

To facilitate program completion and shorten time to complete the program, graduate students are encouraged to complete their iPOS in their first semester. Students who have not completed their iPOS by the time they have enrolled for 50 percent of the minimum credit hours required for their degree program will receive a registration hold.

## Coursework

Graduate-level courses are those numbered 500 or higher. All core courses required by a graduate program must be at least 500-level. A maximum of 6 credit hours of 400-level coursework can be included on an iPOS with program approval. 400-level courses taken prior to admission and 400-level courses graded as "Pass/Fail" are not acceptable. Courses with grades of "D", "E", or "W" and audited courses (graded as "X") cannot be included on an iPOS. **Courses applied to a previously awarded degree cannot be included on an iPOS.**

Any course with a grade of Incomplete ("I") must be completed within one calendar year of the end of the scheduled course. If a regular grade is not assigned within the calendar year, the "I" becomes permanent. The

student will have to re-register for the course to receive credit. Additional information regarding incomplete grades may be found at [asu.edu/aad/manuals/ssm/ssm203-09.html](http://asu.edu/aad/manuals/ssm/ssm203-09.html).

Graduate students may register to audit one or more courses with the approval of the supervisory committee chair and the consent of the instructor involved. An audited course does not count toward the minimum number of credits required for international students with visa restrictions, students employed as TA/RAs, or students receiving financial assistance. Courses taken for audit do not satisfy the Graduate College continuous enrollment policy. Undergraduate courses not included on the iPOS do not satisfy the Graduate College continuous enrollment policy.

Master's degree students whose culminating experience is a thesis must include 6 (and only 6) credit hours of 599 Thesis credits on the iPOS. Doctoral students whose culminating experience is a dissertation must include 12 (and only 12) credit hours of 799 Dissertation credits on the iPOS. Thesis and Dissertation credit hours may only receive grades of "Z" (research is in progress), or "Y" (research is satisfactorily complete). Doctoral students may apply up to 30 credit hours of appropriate coursework from a previously awarded master's degree toward their doctoral plan of study with approval of their academic unit and the Graduate College.

## Petitions

A formal request for an exception to any Graduate College policy requires a petition to be completed by the student, and must be approved by the committee chair and the head of the academic unit. The Graduate College office will review the petition and make a final determination.

## ASU Pre-Admission Credit

### Pre-Admission Credits

Credit hours completed at ASU or at another regionally accredited U.S. institution or international institution officially recognized by that country, before the semester and year of admission to an ASU graduate degree program, are considered pre-admission credits. With the approval of the academic unit and the Graduate College office, students may include a maximum of 12 graduate-level credit hours with grades of "B" or better that were not used towards a previous degree. Preadmission credits must have been taken within three years of admission to the ASU degree or certificate program to be accepted.

Accelerated Bachelor's/Master's programs may use a maximum of 12 pre-admission credits which may include up to a maximum of 12 hours shared between the Bachelor's and Master's program. Students in accelerated programs should contact their advisor to ensure proper sharing of credit hours.

Official transcripts must be sent to Graduate Admission Services from the records office of the institution where the credits were earned.

Certain types of graduate credits cannot be transferred to ASU, including credits awarded:

- ✦ By post-secondary institutions that lack candidate status or accreditation by a regional accrediting association, or an equivalent international institution.
- ✦ For life experience.
- ✦ For courses taken at non-collegiate institutions (e.g., government agencies, corporations, and industrial firms).
- ✦ For courses, workshops and seminars offered by other postsecondary institutions as part of continuing education programs.

⤴ For extension courses.

Academic credits earned at institutions other than ASU that base their credit calculation on a different scale from ASU's are subject to conversion before inclusion on the *Interactive Plan of Study*. In all cases, the inclusion of transfer courses on the *Interactive Plan of Study* is subject to approval by the academic unit and the Dean of the Graduate College.

## Graduate Credits Earned by ASU Undergraduate Students

ASU students enrolled in an approved Accelerated Bachelor's/Master's degree program (commonly referred to as 4+1), may share ASU credit hours. Students must contact their ASU undergraduate advisor and graduate support staff to ensure proper sharing of credit hours. Bachelors/Master's students may earn up to a maximum of 12 graduate credits during their undergraduate degree to be used later towards a master's degree.

An undergraduate degree and a graduate degree may not be awarded during the same term of enrollment. Students must apply, be admitted and registered as graduate students to earn a master's or doctoral degree at ASU.

Students that are not enrolled in an approved Bachelor's/Master's degree program are not eligible to utilize courses earned during the undergraduate degree program for a graduate degree.

## Sandra Day O'Connor College of Law Credit

The Graduate College accepts a numerical grade of 70 or above for courses taken in the ASU Sandra Day O'Connor College of Law as part of an approved *Plan of Study*. These grades are not used in the two GPAs calculated for graduation unless needed, as determined by the Graduate College. The Sandra Day O'Connor College of Law also utilizes a letter grade system for coursework; letter grades are submitted as part of an approved *Plan of Study* and are calculated in the GPAs.

## Repeating ASU Courses

Graduate students (degree or non-degree) may retake any course at ASU; however, all grades are part of the students' permanent academic record, remain on the transcript and are used in all GPA calculations.

## Graduate Foreign Language Examination (FLE)

Graduate programs may require at least a reading level proficiency of a foreign language relevant to the area of study. Students who are required to demonstrate proficiency in a foreign language must pass the [Graduate Foreign Language Examination](#) specific to their particular graduate program. Students must be enrolled for a minimum of one credit hour during the term in which they take the examination.

Students must successfully complete the Foreign Language Examination before taking any required comprehensive examinations or scheduling the final oral defense of the thesis or dissertation. Students may submit a petition to the Graduate College for a re-examination but must pass the examination in no more than three attempts.

# Master's Degree

## Master's Degree Plan of Study (iPOS)

Students must submit an iPOS before completing 50 percent of the credit hours required for their degree program. Students are not eligible to schedule a comprehensive examination or defense without an approved iPOS.

## Master's Degree Minimum Credit Hours

A minimum of 30 semester hours of graduate work is required for a master's degree at ASU. If a thesis is required, 6 (and only 6) of the minimum required credit hours on an iPOS must be 599 Thesis credits. *Interactive Plans of Study* submitted for master's degrees that do not have a thesis requirement cannot include 599 Thesis credits. If an applied project is required, the Applied Project course (XXX 593) must be included on the *Interactive Plan of Study* and requires a grade of "B" or better.

## Master's Degree Maximum Time Limit

All work toward a master's degree must be completed within six consecutive years. The six years begin with the semester and year of admission to the program. Graduate courses taken prior to admission that are included on the *Interactive Plan of Study* must have been completed within three years of the semester and year of admission to the program.

## Master's Degree Supervisory Committee

A master's supervisory committee must be appointed before the student may apply for the comprehensive examination or before the student can register for 599 Thesis credits (if applicable). The committee is appointed by the Dean of the Graduate College upon the recommendation of the head of the academic unit. For programs requiring a thesis or written examination, the supervisory committee is comprised of a minimum of three members, including a chair or two co-chairs.

Tenured/tenure-track faculty may serve as members of a master's graduate supervisory committee, chair or co-chair. The chair of the committee is typically from the student's degree program and should be carefully selected by the students to guide their work. ASU academic professionals or non-tenure accruing faculty with appropriate academic credentials may serve as members or co-chairs on master's committees; they may not serve as chairs of master's supervisory committees.

## Master's Thesis/Thesis Defense

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress" (pg. 11)) prior to scheduling a defense.

To satisfy the research requirement for master's degrees, students are expected to present a thesis that is defended in a public oral examination. Degree programs may have requirements in addition to the thesis (e.g. comprehensive examinations). Students should check with their degree program to confirm requirements. An oral defense of the thesis is required and must be completed to the satisfaction of the supervisory committee. The defense must be scheduled officially with the Graduate College. Defenses that are held without being scheduled with the Graduate College are considered invalid. At least 50% of the committee must be physically present at the oral defense. Students must be physically present at the oral defense of their thesis. A virtual defense option is only available to students in approved online programs. Students must be registered for:

- ⤴ At least one semester hour of credit that appears on the *Interactive Plan of Study*; OR
- ⤴ At least one semester hour of appropriate graduate-level credit, for example: Research (592), Thesis (599), or Continuing Registration (595 or 695); OR

Students who are required to complete a thesis as part of their graduate program must submit their document to the Graduate College for format review. See: <https://graduate.asu.edu/completing-your-degree/format>.

Revisions to the thesis are typical and must be completed in a timely manner. If students are unable to complete revisions to the thesis and submit to UMI/ProQuest by the deadline for the semester in which the defense is held, they must complete the revisions, remain continuously enrolled and present the final document to

UMI/ProQuest within one year of the defense. Failure to do so will require the re-submission of the document for format review and may result in re-defense of the thesis to ensure currency of the research.

## Other Master's Culminating Experiences

A written comprehensive examination, capstone course, applied project or written portfolio is required as a culminating experience in master's programs that do not have a thesis requirement. The Graduate College office requires a written component to the comprehensive examination; academic units may also require an oral component. Students must have an approved iPOS prior to scheduling their comprehensive examination and/or registering for their applied project or capstone course. An applied project requires registration in the Applied Projects course (XXX 593) and requires a grade of "B" or better. A capstone course requires a grade of "B" or better.

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress" pg. 11) in the semester of the culminating experience.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they complete their culminating experience.

## Master's Comprehensive Examination

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress") prior to taking master's comprehensive examinations. Foreign language requirements, if applicable, must be fulfilled before taking the comprehensive examinations.

Students are required to register for at least one semester hour of credit that appears on the iPOS or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they take their comprehensive examinations. If the date of defense falls between semesters, the student is required to register for the next available semester.

The master's comprehensive examination must have a written component; however, individual master's degree programs may require an additional oral component of the comprehensive exam for all of their students based on the academic progress policy of the program.

Students must schedule the comprehensive examination with their academic unit. All comprehensive examination results must be reported to the Graduate College office via the students' iPOS immediately upon completion.

Failing the comprehensive examination(s) is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a re-examination. **Only one re-examination is permitted.** A petition with substantial justification for re-examination, endorsed by the members of the students' supervisory committee and the head of the academic unit, must be approved by the Dean for the Graduate College before students can take the examination a second time.

Re-examination may be administered no sooner than three months and no later than one year from the date of the original examination. The Graduate College office may withdraw students from the degree program if the students' petition for re-examination is not approved, or if the students fail to successfully pass the retake of the comprehensive examination(s).

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

Students that have received a final result of failure in the comprehensive examination will be recommended for dismissal by the Academic Unit.

## Doctoral Degree

### Doctoral Degree Interactive Plan of Study (iPOS)

Students must submit an iPOS before completing 50 percent of the credit hours required for their degree program. Students are not eligible to apply for the Foreign Language Examination (if applicable), comprehensive examinations, dissertation proposal/prospectus or dissertation defense (if applicable) without an approved iPOS.

### Doctoral Degree Minimum Credit Hours

A minimum of 84 semester hours of graduate work is required for a doctoral degree at ASU. If a dissertation is required, 12 (and only 12) of the minimum required credit hours on an *Interactive Plan of Study* must be 799 Dissertation credits. *Interactive Plans of Study* submitted for doctoral degrees that do not have a dissertation requirement cannot include 799 Dissertation credits. Students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral *Interactive Plan of Study* with approval of the program and supervisory committee and the Dean of the Graduate College.

### Doctoral Degree Maximum Time Limit

Doctoral students must complete all program requirements within a ten-year period. The ten-year period begins with the semester and year of admission to the doctoral program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program (previously awarded master's degrees used on the *Interactive Plan of Study* are exempt).

Any exception to the time limit policy must be approved by the supervisory committee, the head of the academic unit and the Dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

### Doctoral Degree Supervisory Committee

Upon the recommendation of the head of the academic unit, the Dean of the Graduate College appoints the student's dissertation committee. The committee must be comprised of at least three members, including either a chair or two co-chairs. Doctoral programs may have additional requirements for committee composition. This committee serves as the intellectual guide for students and must approve the research/scholarly focus and substance of the dissertation. The members of the dissertation committee have the necessary knowledge and skills to advise the student during the formulation of the research topic and during the completion of the research and the dissertation.

Dissertation chairs and co-chairs must be approved by the Dean of the Graduate College and each degree program maintains the list of faculty approved by the office for the Graduate College. Most resident faculty at ASU may serve on dissertation committees with the proviso that they have appropriate expertise in the discipline.

All PhD programs have a [Graduate Faculty](#). The Graduate Faculty in a PhD program may also include highly qualified individuals from outside the university who have been approved to serve on committees. Each PhD program maintains the list of faculty approved by the Graduate College to chair or co-chair PhD dissertations. Additional information regarding ASU Graduate Faculty can be found at [graduate.asu.edu/graduate\\_faculty\\_initiative](http://graduate.asu.edu/graduate_faculty_initiative).

Doctoral students (including PhD, DMA, DBH, DNP, DBA, AuD and EdD) are urged to communicate with their academic unit to confirm eligibility of faculty to chair doctorate committees.

The final committee membership must be appointed by the Dean of the Graduate College before the student may apply for comprehensive examinations, defend the dissertation prospectus, and register for 799 Dissertation course credits (if applicable).

## Doctoral Comprehensive Examination

Students must be in good academic standing regarding GPA requirements (see previous section titled “Satisfactory Academic Progress” pg. 11) prior to taking doctoral comprehensive examinations.

When students have essentially completed the coursework on an approved *Interactive Plan of Study*, they must request permission to take the doctoral comprehensive examination. The doctoral comprehensive examination must have a written component; however individual doctoral programs may require an additional subsequent oral component of the comprehensive exam for all of their students based on the academic progress policy of the program. These examination(s) are designed to assess students’ mastery of the field of specialization. Doctoral comprehensive examination(s) are administered by a committee consisting of a minimum of three members.

Foreign language requirements, if applicable, must be satisfied before taking the comprehensive examination(s).

During the fall, spring or summer session that the student takes the comprehensive examination(s), they are required to register for:

- ✦ At least one semester hour of credit that appears on the *Interactive Plan of Study*; OR
- ✦ At least one semester hour of appropriate graduate-level credit, for example: Research (792), Dissertation (799), or Continuing Registration (795); OR

All comprehensive examination results must be reported to the Graduate College office immediately upon completion.

Failing the comprehensive examination(s) is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a re-examination. Only one re-examination is permitted. A petition with substantial justification for re-examination, endorsed by the members of the students’ supervisory committee and the head of the academic unit, must be approved by the Dean of the Graduate College before students can take the examination a second time. Re-examination may be administered no sooner than three months and no later than one year from the date of the original examination.

Students choosing to appeal the results of their comprehensive examinations must follow the grade appeals process outlined by their academic unit.

Students that have received a final result of failure in the comprehensive examination should be recommended for dismissal by the Academic Unit.

## Doctoral Prospectus Defense

All programs requiring a Dissertation are required to complete a dissertation proposal/prospectus and submit the results to the Graduate College office via the students' *Interactive Plan of Study*. Failure of the doctoral dissertation prospectus oral defense is considered final unless the supervisory committee and the head of the academic unit recommend, and the Dean of the Graduate College approves, a second proposal defense. If a petition is approved, students must submit the new prospectus by the end of six months (the six months begins from the date that the first doctoral dissertation proposal defense was held). If the academic unit does not grant the students permission to retake the proposal defense, or if the students fail to pass the retake of the proposal defense, the Graduate College may withdraw the students from the degree program.

Students are required to register for at least one semester hour of credit that appears on the *Interactive Plan of Study* or one hour of appropriate graduate-level credit during the fall, spring or summer session in which they conduct their doctoral prospectus.

## Doctoral Candidacy

Doctoral students (with specific degree program exceptions approved by the Dean of the Graduate College) achieve candidacy status upon the successful completion of the comprehensive examination(s), the Foreign Language Examination (if applicable), and successfully defending the dissertation prospectus (if applicable). Doctoral students who have been advanced to candidacy are required to maintain continuous enrollment until all degree requirements have been completed and they have graduated.

## Doctoral Dissertation/Dissertation Defense

Students must be in good academic standing regarding GPA requirements (see previous section titled "Satisfactory Academic Progress" pg.11) prior to scheduling the defense.

The written doctoral dissertation is based on an original and substantial scholarly work that constitutes a significant contribution to knowledge in the students' discipline. The dissertation research must be conducted during the time of the students' doctoral studies at ASU, under guidance of ASU Graduate Faculty and in accordance with the Graduate College policies and procedures. The composition of the dissertation is defined by the degree program with the approval of the Dean of the Graduate College.

The dissertation research experience culminates in a final oral exam, commonly known as the "dissertation defense." A final public dissertation defense is required. The defense must be scheduled officially with the Graduate College. Defenses that are held without being scheduled with the Graduate College are considered invalid. At least 50% of the committee must be physically present at the oral defense. Students must be physically present at the oral defense of their dissertation. A virtual defense option is only available to students in approved online programs. During the semester that the students defend the dissertation they are required to register for:

- ⤴ At least one semester hour of credit that appears on the *Interactive Plan of Study*; OR
- ⤴ At least one semester hour of appropriate graduate-level credit, for example: Research (792), Dissertation (799), or Continuing Registration (795); OR

Students who are required to complete a dissertation or bound document (DMA's) as part of their graduate program must submit their document to the Graduate College for format review. See: <https://graduate.asu.edu/completing-your-degree/format>.

Revisions to the dissertation are typical and must be completed in a timely manner. If students are unable to complete revisions to the document and submit to UMI/ProQuest by the deadline for the semester in which the defense is held, they must complete the revisions, remain continuously enrolled and present the final document

to UMI/ProQuest within one year of the defense. Failure to do so will require the re-submission of the document for format review and may result in re-defense of the dissertation to ensure currency of the research.

## Other Graduate Educational Opportunities

### Graduate Certificates

The graduate certificate is a programmatic series of linked courses. Graduate certificates facilitate professional growth for people who already hold the baccalaureate degree. For more information on current graduate certificates see the [Graduate Degree and Certificate Search](#) page.

### Certificate Admission

All applications for graduate certificate programs must be submitted through [asu.edu/gradapp](http://asu.edu/gradapp).

### Certificate Requirements

A minimum of 15 semester hours of graduate work is required to complete a graduate certificate. No more than one-fifth (20 percent) of the minimum required credit hours for a graduate certificate may be transferred from another university. All transfer work must meet the Graduate College transfer policies. All coursework used to complete an ASU graduate certificate must be completed within a six-year time limit. Courses at a 400-level may be allowed with prior approval from the appropriate certificate program; however, a minimum of two-thirds of the courses taken to complete the certificate must be at the 500-level or above. No more than 40% of coursework towards the requirements of a graduate certificate can be completed prior to admission to the certificate program. Credit hours earned in a certificate program may also be used towards a degree program, standard preadmission rules apply.

### Awarding of a Graduate Certificate

Students will be eligible for the official posting of the graduate certificate to their transcripts when all applicable coursework has been successfully completed and Graduate College requirements have been met. Students must submit an *Interactive Plan of Study* for the graduate certificate program, and apply for graduation.

### Concurrent Degrees

Students may pursue concurrent degrees, provided the degree programs are graduate level and in different academic areas, with prior written approval from the head of the academic unit for each degree program and the Graduate College. A separate online application is required for each degree program, except in the case of predefined concurrent programs. For concurrent master's programs, a maximum of 20 percent of the minimum total credit hours for the completion of both degrees may be shared. For concurrent programs that include a doctoral program, a maximum of 12 credit hours may be shared. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College has formally approved coordinated degree programs.

Coursework common to both programs must constitute a well-planned and meaningful part of each of the programs and may only include coursework completed after admission to both degree programs. In all cases, the guidelines below must be followed:

1. Students must maintain continuous enrollment as previously defined. Registration in both programs *may* be required each semester. Please see the academic unit for specific satisfactory academic progress and program rules. Leaves of Absence will apply to both programs; students may not be registered for coursework in either program if approved.
2. Graduate credit transferred from another institution may be applied toward only one-degree program.

3. Culminating experiences (e.g. capstone courses, theses, applied projects) and comprehensive examinations cannot be shared between concurrent degree programs.
4. The 30 blanket hours allowed for doctoral programs from a previously awarded master's degree may only be applied to one of the doctoral programs.
5. The maximum time limit for completing degree requirements and graduation apply to each concurrent degree individually (6 years for master's; 10 years for doctoral).

## Master's in Passing (MIP)

Where there is an approved Master's in Passing (MIP) program in place for a doctoral degree, those doctoral students who complete the requirements of the approved MIP may be awarded the related master's degree. Students should check with their doctoral program to see if there is an approved MIP for their degree. Students with an existing master's degree with the same major are not eligible.

Students who include any blanket hours from a previously awarded master's degree on their doctoral *Interactive Plan of Study* are not eligible for a Master's in Passing. All coursework included in an MIP *Interactive Plan of Study* must have been completed after the semester and year of admission to the doctoral program.

## Accelerated Bachelor's/Master's Programs

In a limited number of pre-approved programs, ASU will allow for the simultaneous pursuit of an undergraduate and graduate degree. In such cases, the program must be approved by the Dean of the Graduate College. The students must successfully complete the undergraduate degree and be admitted to the respective graduate program prior to completing 12 credits of graduate coursework. Students must contact their ASU undergraduate advisor and graduate support staff to ensure proper sharing of credit hours.

Students may not share any credit hours taken as an undergraduate student unless they have been formally admitted to an approved accelerated program.

## Research Considerations

The master's thesis and doctoral dissertation (or equivalent) must be based on original and independent research/creative activity conducted by students, under the guidance of the graduate supervisory committee. The thesis is an introduction to scholarly writing and is intended to create an understanding of theory and methods applicable to one's field. The dissertation should demonstrate the candidates' mastery of research and scholarly methodologies, theory and tools of the discipline. Both the thesis and dissertation should demonstrate the candidates' ability to address a major intellectual problem and to propose meaningful questions and hypotheses, as well as utilize the methods with which to study the proposed research question(s) and related hypotheses, and draw conclusions.

## Supervisory Committees

Students are guided by faculty mentors who advise them through their degree program. Students should identify their advisors early in their graduate career and look to them for guidance in their graduate work. Once students have selected a supervisory committee, the head of the academic unit recommends the supervisory committee to the Dean of the Graduate College who reviews and appoints the Committee. Graduate supervisory committees must consist of a minimum of three individuals, including a chair or two co-chairs.

Faculty Emeriti who meet the Graduate College criteria may serve as members or co-chairs on graduate supervisory committees. They may serve as chairs with the recommendation of the academic unit and approval of the Dean of the Graduate College on a case by case basis. Qualified individuals outside the university, upon the recommendation of the head of the academic unit and approval of the Graduate College, may serve as members of supervisory committees. All such requests must be submitted to the Dean for Graduate College for approval.

## Research Involving Human and Animal Subjects

Theses or dissertations that make use of research involving human or animal subjects must include a statement indicating that the research has been approved by the appropriate university body.

Research involving human subjects conducted under the auspices of Arizona State University is reviewed by the University Human Subjects Institutional Review Board (IRB) in compliance with federal regulations. Documents containing any data collection from human subjects require that applications be submitted to the ASU Office of Research Integrity and Assurance for approval **before** data collection or recruitment of subjects is initiated at [researchintegrity.asu.edu/humans](https://researchintegrity.asu.edu/humans).

Research involving the use of animals conducted under the auspices of Arizona State University is reviewed by the Institutional Animal Care and Use Committee (IACUC) in compliance with federal regulations. Documents containing any data collection from animal research require that applications be submitted to ASU Office of Research Integrity and Assurance for approval at [researchintegrity.asu.edu/animals](https://researchintegrity.asu.edu/animals).

It is very important that students check with their supervisory committee or chair well in advance of data collection to ensure compliance with university regulations regarding the collection of research data. Students who are required to submit their document through Graduate College format review must attach the IRB (or IACUC) approval as an appendix to their document.

## Thesis/Dissertation Defenses

Thesis and dissertation defenses are open to all members of the university community and the general public. The oral defense engages the supervisory committee and the candidate in a critical and analytical discussion of the research and findings of the study, as well as a review of the contribution of the research topic to advancing knowledge in that discipline. The presentation of a thesis or dissertation defense in an open forum fosters a broader awareness of the state of graduate research at ASU, promotes a wider scholarly dialogue among disciplines, and recognizes publicly the scholarly contributions of master's or doctoral candidates.

Defenses must be scheduled through MyASU at least 10 working days in advance of the defense date. It is expected that oral defenses will be held on an ASU campus during regular business hours in order to facilitate student, faculty, and public accessibility. When there are sound educational reasons for holding a defense under different circumstances, contact the Graduate College for approval **before** scheduling the defense.

Students must be physically present at the oral defense of their thesis, dissertation or equivalent document. If, due to unforeseen circumstances, they cannot be physically present, then the oral defense must be rescheduled to another date when they can be physically present. A virtual defense option is only available to students in approved online programs.

It is desirable that all members of a student's supervisory committee be physically present with the student at the final oral defense of a thesis or dissertation. However, there are situations (e.g. faculty travel, faculty emergencies and/or faculty leave) that may necessitate holding a defense with one or more committee member(s) absent. In all cases at least 50% of the committee must be physically present. If a committee member cannot physically attend, they can tele/video conference, or they can appoint a substitute to attend in

their place. The substitute should be a regular faculty member with the academic unit. The supervisory committee chair must be physically present; if there are two co-chairs, one of them may tele/video conference if needed. In either case, please email [grad-gps@asu.edu](mailto:grad-gps@asu.edu) with the student's ID number and the name of the tele/videoconferencing member or with the names of the member who will be absent and the faculty member who will attend as a substitute. This information must be submitted **before** the defense.

## Degree Completion

The final culminating experiences for graduate degrees vary by program. In many master's degree programs a thesis is required, in other programs the culminating experience is an applied project, capstone, written comprehensive exam or portfolio. In all PhD programs, as well as in most professional doctoral programs, dissertations are required. Theses and dissertations are officially documented and archived in the ASU Digital Repository. Theses and dissertations are submitted to UMI/ProQuest, which makes their content available to the public. Information on the dissertation later appears in *Dissertation Abstracts International*. For this reason, all theses and dissertations must undergo Graduate College format review.

### Scheduling a Defense and Format Review

At least 10 working days prior to the planned defense of a thesis, dissertation or equivalent, students schedule the defense through their MyASU. See [Graduation Deadlines](#). Students work with their supervisory committee and the academic unit's graduate support staff to identify a suitable date and reserve a room. When a defense date and location have been identified and the defense has been scheduled through MyASU, students submit a complete draft copy of the thesis/dissertation to be defended by uploading the document to their *Interactive Plan of Study*. The defense will be published on the Graduate College [Master's/Doctoral Defense Schedule](#) website.

The [Format Manual](#) is a comprehensive guide to formatting a thesis, dissertation or equivalent document and it always overrides a style guide if the two conflict. Students must use the *Format Manual* to prepare their thesis/dissertation. Questions regarding the *Format Manual* requirements should be directed to [gradformat@asu.edu](mailto:gradformat@asu.edu).

The Graduate College's [Formatting Tool](#) uses the *Format Manual* guidelines to generate a template into which students can insert their document's text. The formatting tool is designed to help students with the basic format requirements such as margins and spacing, and greatly improves the format review process for students.

### UMI/ProQuest Submission

Students are required to create a new user account specific to the submission of their document, and must use their ASU email address. UMI/ProQuest requires all students to submit a PDF version of their final document. The Graduate College requires that the PDF document is in compliance with the formatting standards presented in the format manual. Students will receive final format approval only after the submitted PDF document has successfully passed a format review. Students have an opportunity to order bound copies of their document for themselves through UMI/ProQuest. The Final Document will also appear archived in the ASU Digital Repository: <https://repository.asu.edu>.

### Graduation

Students must apply for graduation through MyASU in accordance with the University Registrar policies. See [Application for Graduation](#). Students must meet all University and Graduate College degree requirements prior to the conferral of their degree or awarding of their certificate.

The graduation deadlines and procedures are set by the Graduate College and are available online at [graduate.asu.edu/progress/graduation\\_deadlines](https://graduate.asu.edu/progress/graduation_deadlines). Deadline dates vary slightly depending on the calendar year, so students should check them carefully in advance of the semester they plan to defend their thesis/dissertation. It is very important that students become familiar with these deadlines so that graduation can occur during the expected term.

# College Academic Policies

## W. P. Carey School of Business Policies

The W. P. Carey School of Business is one of the largest and highest-ranked business schools in the country, repeatedly lauded by publications like The Wall Street Journal, Financial Times, Princeton Review and U.S. News & World Report. The school is internationally regarded for its leadership in business education, its research productivity and its distinguished faculty that includes a Nobel Prize winner. Students come from all over the world, and among them are dozens of National Merit Scholars.

The school's academic choices are as diverse as they are abundant. Undergraduates can earn a BS in one of nine business disciplines or a BA that combines core business classes with a concentration outside the W. P. Carey school. Its programs of study reflect and respond to the demands of business and industry today and beyond, and the school has dedicated career placement services. The school is located in the heart of the fast-growing Phoenix metropolitan area, which provides opportunities for internships, employment, and networking, and its classes are offered on ASU's Tempe, Polytechnic, West campuses as well as online.

More information is available at [wpcarey.asu.edu](http://wpcarey.asu.edu) [1].

### Academic integrity

#### *Academic dishonesty*

The faculty of the W. P. Carey School of Business follow the guidelines on academic dishonesty in the ASU Student Academic Integrity Policy. A copy of the policy may be obtained online [2].

The W. P. Carey School of Business honor code may be found online [3]. Additional resources and information may be found at the W. P. Carey Academic Integrity website [4].

### Undergraduate policies

#### *Academic standing*

##### **Probation**

All business students, freshman through senior, must maintain a minimum 2.00 GPA for all courses completed at ASU in order to remain in academic good standing. If this standard is not maintained, the student is placed on university academic probation.

Students on university academic probation must see an advisor before further registration and must do one of the following:

1. raise their ASU cumulative GPA to 2.00 or more in order to return to academic good standing
2. obtain a semester GPA of 2.50 with no grade less than a "C" in order to be granted one additional semester on continued college probation, and at the end of the continued college probation must return to academic good standing (with a minimum cumulative ASU GPA of 2.00) to avoid disqualification

**W. P. Carey Continued Probation:** If a student's ASU cumulative GPA is still less than 2.00 at the end of the probationary semester but the student has earned a semester GPA of 2.50 or greater with no grades less than "C", the student will be placed on CONTINUED PROBATION in the subsequent semester. The student will then have only one more semester to raise the ASU cumulative GPA to 2.00 or greater.

**ASU Continued Probation:** If a student's ASU cumulative GPA is still less than 2.00 at the end of the probationary semester but the student has earned a semester GPA of 2.00 or greater with no grades less than "C", the student will be placed on CONTINUED PROBATION with ASU but will be INELIGIBLE to remain in W. P. Carey as a business student. The student will have to change to a major that is not offered through W. P. Carey.

## Disqualification

A student who does not meet college probation requirements is academically disqualified and is not allowed to register in a fall or spring semester at the university. If the student has already enrolled in a future fall or spring semester, the student will be dropped from those courses and the registration will be cancelled. Disqualified students may attend ASU during the summer session only immediately following the semester in which the student is disqualified.

A disqualified student must wait for one year to apply for readmission to ASU, and if the student intends to return to the W. P. Carey School of Business they may do so only after completing the following eight skill courses (or equivalent) with a minimum 3.00 GPA and with no grade less than "C": ACC 231/232, ACC 241/ 242, CIS 105, ECN 211, ECN 212, ECN 221, MAT 210, and MAT 211.

Disqualified students should contact their academic advisor immediately to determine what is needed to earn readmission to the university in the future.

## Advising

W. P. Carey offers undergraduate program academic advising at the Polytechnic, Tempe and West campuses. Students may find personalized advising information and may schedule appointments in advance through Advising SOS [5].

Students are encouraged to schedule appointments each semester to ensure they are making progress toward their degrees. Advising is required for:

- newly admitted students, prior to enrollment for the first term (at orientation)
- freshman students, prior to enrollment for the second term
- seniors, upon completion of 87 or more credit hours
- any student who is off track in regard to eAdvisor tracking requirements
- any student who is on university academic probation
- disqualified students interested in attending ASU in the future

Additional information regarding academic advising is available online [6] or through the W. P. Carey School of Business undergraduate programs office at 480-965-4227.

## Credit/Registration

### Pass/Fail

Business majors may not enroll on a pass/fail basis for any course required for graduation. Pass/fail credits taken at another institution may be petitioned for use, but only if the student can demonstrate proof that the pass grade was equivalent to a "C" (2.00) or more.

### Transfer credit

Credit from other institutions is accepted subject to the following guidelines:

Students planning to take their first two years of coursework at a community college or another four-year college should plan to take business and economics courses that are offered as freshman- or sophomore-level courses for transfer equivalency as supported through the Transfer Guide [7]. Frequently, these lower-division courses are numbered 100 through 299, but can vary based on each transferring institution. A maximum of 30 hours of business and economics courses from community colleges are accepted toward a bachelor's degree in business, and are applied as lower-division credits.

Students may transfer up to nine credit hours of approved upper-division business coursework required for the business degree to ASU. Business courses completed at a two-year college may not be used for upper-division transfer credit in the business core or major. Such courses may be acceptable for general university credit but may not be applicable toward the degree requirements of the major. Courses taught in the upper-division business core must be completed at an accredited four-year institution. Upper-division business course transfer credits will be considered for upper-division business credit in the ASU major only when the course was taken at an AACSB International-accredited school.

Credit is granted for transferred courses deemed equivalent by the W. P. Carey School of Business to corresponding courses in the selected program of study and is subject to grade and ASU resident credit requirements. No grades less than "C" (2.00 on a 4.00 scale) transfer to ASU. To be accepted for credit as part of a degree program in business, all

courses transferred from other institutions must carry prerequisites similar to those of the courses they are replacing at ASU.

## Degree requirements

### Critical requirements

All business students must meet the critical requirements for their majors. Students who are required to follow eAdvisor tracking requirements yet do not comply with the critical requirements are considered off track, and a hold will be placed on their records. These students must work with an advisor to have the hold removed.

Undergraduates in the W. P. Carey School of Business are expected to be strong academically, especially with regard to grades earned in business courses. Careful course planning, in consultation with an academic advisor, will assist in maintaining satisfactory academic performance and progress.

### Concurrent degrees

ASU students **not enrolled in a W. P. Carey School of Business** degree program who wish to pursue a concurrent degree with the business school:

- must be in good academic standing
- must have completed 30 credit hours of college course work
- must meet direct admission criteria [8] for the degree program they wish to pursue

If direct admission requirements have been met, students should file a paper curriculum petition form [9] to request the concurrent degree. Students who do not meet direct admission requirements for business degree programs must complete the Admission Portfolio [10] and be admitted prior to filling out the curriculum petition form. Students are allowed a maximum of two concurrent degree request attempts.

Students **currently enrolled in the W. P. Carey School of Business** who wish to pursue concurrent degrees within the business school:

- must be in good academic standing
- must have completed 30 credit hours of college course work with a grade of “C” (2.00) or greater, including the following skill courses or the equivalents:
  - ACC 231 Uses of Accounting Information I
  - CIS 105 Computer Applications and Information Technology
  - ECN 211 Macroeconomic Principles OR
  - ECN 212 Microeconomic Principles
  - MAT 210 Brief Calculus
  - MAT 211 Math for Business Analysis
- must have completed or currently be enrolled in the following courses or the equivalents:
  - ACC 241 Uses of Accounting Information II
  - ECN 211 Macroeconomic Principles OR
  - ECN 212 Microeconomic Principles
  - ECN 221 Business Statistics

W. P. Carey students who meet the criteria shown above should submit a concurrent degree request [11]. Review and submission times are on the website. W. P. Carey students are unable to change their major status after they are admitted to a concurrent degree program unless they submit a new concurrent degree request. The direct admission criteria only apply to a single major within W. P. Carey; students are not able to freely change majors within their concurrent degree or dual concentration combinations. Students are allowed two concurrent degree request attempts. Current W. P. Carey students wishing to pursue a concurrent degree outside of business should submit a paper curriculum petition form [9] and receive approval from both colleges (e.g., finance and psychology).

## Reinstatement/Readmission

Students seeking readmission after an absence from the university should visit the undergraduate readmission [12] website for further information.

## Other special requirements

### Major proficiency requirements

Students must receive a grade of “C” (2.00) or more in upper-division courses for the major. If a student receives a grade less than “C” (2.00) in any course in the major, the course must be repeated. If a second grade less than “C” (2.00) is received in either an upper-division course in the major already taken or in a different upper-division course in the major, the student is no longer eligible to take additional upper-division courses in that major.

### Student appeal procedure on grades

W. P. Carey School of Business students follow the university policy for student appeal procedure on grades, which may be found at <https://catalog.asu.edu/appeal> [13].

### Admission

Because of the additional requirements for the BS, students who do not meet minimum admission standards will automatically be considered for the BA in the W. P. Carey School of Business. Freshman admission requirements for the BA program are the same as the university's freshman admission requirements. Transfer students who want to be admitted to the BA program must have a 3.00 GPA for all transfer course work and a 3.00 GPA for all ASU coursework and must meet university transfer admission requirements.

## Graduate policies

All graduate students in the W. P. Carey School of Business are required to maintain cumulative, graduate and iPOS GPA's of 3.00 ("B"). Students should see individual graduate degree programs for additional requirements on satisfactory academic progress, probation and disqualification.

### Advising

Advising of graduate students is normally handled by graduate programs support service members. Once admitted, students will meet with a program manager to prepare a plan of study. Students are encouraged to begin discussions with their program managers early in their studies so course work can be geared toward supporting their academic progress. All students, whether in a thesis or nonthesis option, must file a plan of study.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the W. P. Carey School of Business.

## Herberger Institute for Design and the Arts Policies

The Herberger Institute for Design and the Arts is built on a combination of disciplines unlike any other program in the nation, comprising schools of art; arts, media and engineering; design; film, dance and theatre; and music; as well as the ASU Art Museum.

The Herberger Institute recommends students contact the Office of Student Success at 480-965-4495 to speak with advising staff regarding any questions about the institute's policies.

### Academic integrity

Academic honesty is expected of all students in all examinations, papers, academic transactions and records. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. The Herberger Institute for Design and the Arts strictly adheres to the ASU Student Academic Integrity Policy. Information about the academic integrity policy can be found at <https://provost.asu.edu/academic-integrity> [1].

### Undergraduate policies

#### *Academic standing*

##### **Probation**

A student in any of the institute's degree programs is placed on university academic probation when he or she fails to maintain a cumulative GPA of 2.00. All Herberger Institute students on academic probation must observe the rules or limitations the institute imposes on probation as a condition of retention and are required to attend mandatory advising appointments in an effort to help them improve their academic standing. Each student is required to complete an academic success contract with their advisor to discuss campus academic resources, plan semester goals and discuss strategies to attain academic success. These meetings continue until the student earns a cumulative GPA of 2.00 or greater.

##### **Continuing probation**

A student already on academic probation and earning a GPA of 2.00 or greater for the term but who is not successful in raising the cumulative GPA to greater than 2.00 will be placed on continuing probation. Continuing probation is meant to acknowledge the student's academic progress while still providing academic support to help the student reach the required 2.00 GPA. A student on continuing probation must continue to attend mandatory advising appointments until the student earns a cumulative GPA of 2.00 or more.

##### **Disqualification**

If the overall GPA is not at the required level and the conditions of probation have not been met after one semester on probation, the student may be subject to disqualification for a minimum of two full academic semesters. Disqualification is exercised at the discretion of the institute and becomes effective on the first day of the fall or spring semester following institute action. A student is notified of the disqualification by the Herberger Institute Office of Student Success and is not allowed to register for a fall or spring semester at the university until reinstated.

##### **Co-enrolled continuing probation program**

Select disqualified students may participate in the Co-enrolled Continuing Probation Program at the discretion of their college or school. Under this program, the student would take UNI 220 Academic Refresher plus one ASU course selected by the student's advisor, and upon completion of the term with a combined semester cumulative GPA of 2.50 the student would be able to continue regular enrollment at ASU. The student would co-enroll at a Maricopa Community College with a schedule selected in consultation with the ASU advisor. Parameters regarding the number of co-enrolled hours required are at the discretion of each college or school.

## **Reinstatement**

A student who has previously been academically disqualified and seeks to return to ASU either for a fall or spring semester (either immediately or after a period of absence) and has met college admission standards is required to seek readmission to the university [2] and reinstatement to the Herberger Institute. Applications for readmission to ASU must be made to Admission Services; the application for readmission automatically generates a letter of appeal for reinstatement to the Herberger Institute for consideration.

All disqualified students should contact the Herberger Office of Student Success [3] regarding procedures and guidance for reinstatement and return to academic good standing. A disqualified student may attend summer sessions at ASU to raise the cumulative GPA. If a cumulative GPA of 2.00 or greater is achieved upon completion of summer coursework, the student may petition the institute for early reinstatement. Applications for readmission to ASU must be made to the admission services office. The possibility of successful reinstatement is enhanced when students follow recommendations and meet established standards for summer coursework or coursework completed at other institutions. All students who are academically disqualified should contact a Herberger Institute advisor to discuss their options.

Also available in the Office of Student Success is information on the college policies and procedures for student grievances with respect to grades [4] and various petitions regarding standards and graduation requirements.

## **Advising**

Undergraduate academic advising is handled as a centralized activity within the institute. Students are encouraged to make appointments through the Herberger Institute Office of Student Success.

Appointments are recommended and should to be scheduled in advance with the lead academic advisor.

There are three ways to schedule an advising appointment:

- Online: Make an advising appointment [5] (preferred)
- Phone: 480-965-4495
- In-person: Design South (CDS), room 101 (M-F, 8 a.m. - 5 p.m.)

More information is available on the advising website: <https://herbergerinstitute.asu.edu/advising> [3].

While the institute provides academic advising, it is ultimately each student's responsibility to fulfill academic and program requirements. Administration of program requirements is the responsibility of the head of the academic unit and the dean.

## **Credit/Registration**

### **Course load**

First-semester freshmen and entering transfer students are not permitted to register for more than 18 credit hours in Session C or nine credit hours in Session A and nine credit hours in Session B. Other students who wish to register for more than 18 hours must meet the academic criteria for an overload petition [6] and work with their academic advisor in the Herberger Office of Student Success. Any petition for an overload in excess of 21 hours (or more than 10 hours in either sessions A or B) must be presented to the advising manager. No student should assume that his or her petition for overload will be granted.

For summer sessions, the maximum course load is 14 credit hours, seven per six-week summer session. Overloads are rarely granted for these sessions and requests must be petitioned to the Herberger Office of Student Success.

### **Audit grade option**

Students may choose to audit certain courses in which they attend regularly scheduled class sessions but earn no credit. Students should obtain instructor approval before registering for the courses. The option to audit is not available for all courses.

This grade option may not be changed after the drop/add period.

### **Pass/Fail or credit/no credit**

The only courses accepted toward graduation with a grade of pass/fail or credit/no credit are courses designated by the academic unit as such or internships and field studies.

## **Transfer credits**

While the university accepts credits transferred from other accredited institutions, transfer coursework must be equivalent in content and level of offering. Arts or design transfer credits are not applied to specific degree programs until reviewed and accepted by the appropriate academic units. The Design School and the School of Art require a review of samples of work (portfolio format) from previous studio classes to evaluate some transfer studio credits.

## **Incompletes**

Students are responsible for contacting their course instructors regarding the process of requesting and fulfilling requests for an incomplete. The grade of "I" (incomplete) can only be given by an instructor when a student who is doing otherwise acceptable work is unable to complete a course (e.g., final exam or term paper) because of illness or other conditions beyond the student's control.

To begin the request for a grade of incomplete, a student must obtain the official form at <http://students.asu.edu/forms/incomplete-grade-request> [7]. A completed form must include a justification, a listing of requirements that have not been fulfilled, and a proposed schedule of completion. The instructor reviews the request and determines whether to accept or deny the request. If accepted, the instructor may propose modifications and submit a copy of the request to the appropriate office.

An incomplete in any course that is a prerequisite for sequential courses automatically denies the student enrollment in subsequent courses and could result in the student being administratively dropped from a subsequent course if the student has already enrolled.

The student has one calendar year from the date the grade of "I" is recorded to complete the course. A student does not reregister or pay fees for a course for which an "I" has been received in order to complete the course. Grades of "I" for undergraduate coursework that have been on a student's record for more than one calendar year will be automatically changed to "E."

## **Withdrawals**

University withdrawal regulations apply to all courses. In certain of the institute's degree programs, curricula are modular and sequential, and because space in these programs is limited a student is expected to progress through the curriculum with the class. In order to understand fully all potential repercussions of withdrawal from any courses, the student should discuss their plans with their academic advisor.

## ***Degree requirements***

### **Critical requirements**

All Herberger students must meet the program and critical requirements for their majors. Students who do not comply with the critical requirements are considered off track and their records will be placed on hold; students are required to meet with a Herberger academic advisor to have a hold removed. For more information about critical requirements, students should refer to the corresponding major map.

### **Concurrent degrees**

A student who wishes to obtain concurrent degrees must submit a standards committee petition [8] for review by the Herberger Curriculum and Standards Committee after successfully meeting the following criteria: minimum 3.00 cumulative GPA, successful completion of six credit hours in both programs, and successful admission into both intended programs of study. A student pursuing concurrent degrees within the institute must complete 24 unique credit hours in each major.

### **Change of major**

A current ASU student who wishes to change majors to one of the institute's degrees must have a cumulative ASU GPA of 2.50 or greater. Students wishing to enter a major that requires an audition, interview, milestone or portfolio review may be required to successfully complete this requirement before changing the major.

## Reinstatement/Readmission

Undergraduate degree-seeking students who previously attended ASU in the Herberger Institute for Design and the Arts but have not been enrolled at ASU for one fall or spring semester or no more than two consecutive semesters are eligible to return through quick reentry. Students do not need to submit a new application or application fee, but they must contact an academic advisor in their program for registration.

Undergraduates who have been away from the university for three or more semesters and want to return to ASU in a Herberger Institute program are required to apply for readmission through the admission services office.

- Readmission is only considered after a student has remained out of the Herberger Institute for a minimum of two semesters.
- A student is required to supply proof he or she is now capable of successfully completing courses in the discipline by the completion of at least 12 hours of appropriate coursework with a GPA of 2.50 or greater.
- If the readmission request requires a change of major, then admission decisions are made by the college that offers the intended major.
- If a student seeks readmission to his or her previous Herberger Institute major and that major requires a creative review, a new review may be required.
- If readmission is approved within the Herberger Institute, the student returns with continued probation status in the appropriate degree program.

Once readmitted, returning students are required to meet with a Herberger advisor before enrolling in courses at ASU.

## Other special requirements

### Creative reviews

A creative review (audition, interview, milestone, portfolio submission) is required for entrance into many majors in the Herberger Institute. Students should see <https://herbergerinstitute.asu.edu/admissions> [9] for details.

## Graduate policies

Advising is handled as a decentralized activity within the institute. To offer personalized attention, each academic unit establishes its own graduate advising procedures. Students are encouraged to make appointments through the central office of their major discipline. Students should consult their academic unit's website for general information about the programs, admission and advising procedures:

- School of Art: <https://art.asu.edu/> [10]; 480-965-6303
- School of Arts, Media and Engineering: <https://artsmediaengineering.asu.edu/> [11]; 480-965-9438
- The Design School: <https://design.asu.edu/degree-programs> [12]; 480-965-3536
- School of Film, Dance and Theatre: <https://filmdancetheatre.asu.edu/> [13]; 480-965-5337
- School of Music: <https://music.asu.edu/> [14]; 480-965-3371

Students must fulfill all requirements of their graduate program to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Herberger Institute for Design and the Arts.

## Ira A. Fulton Schools of Engineering Policies

The Ira A. Fulton Schools of Engineering educate undergraduate and graduate students, giving them the knowledge, skills and attitudes they need for success in technically oriented careers. The schools provide students with a range of educational opportunities by which they may achieve excellence in the major branches of engineering, computer science, informatics, construction management, aviation, technology, human systems engineering, environmental resource management, and technological entrepreneurship and management.

The Ira A. Fulton Schools of Engineering take pride in their diversity, their economic and cultural heritages, and the quality of their graduates. The schools strive to be integral to the community they serve and a lifelong presence in the lives of those within their compass. The schools' educational and research programs are built around the following principles: entrepreneurship; use-inspired research and scholarship; a focus on the individual; the intellectual fusion of unique and distinct disciplines; social embeddedness in the local, national and international communities; and global engagement.

More information is available at <https://engineering.asu.edu/> [1].

### Ira A. Fulton Schools of Engineering Aspirations

Graduates from any of the schools' programs will possess a solid technological background. Additionally, the Ira A. Fulton Schools of Engineering aspire to develop leaders who are well-read, well-spoken and knowledgeable about current business practices. Experiential education is recognized as a complementary praxis and integral to the overall academic experience. To this end, the schools offer enhanced curricula, special courses and extracurricular activities to enrich the student's stay and to offer every student opportunities to achieve the schools' aspirations.

All the programs within the schools are professional programs, and professionalism is an important component of all the curricula. The schools strive to help students understand and value the various aspects of professionalism, including ethical behavior, a desire for lifelong learning, the ability to communicate with others, and an awareness of how the profession fits into society and impacts it. As the first step in ethics, all students are expected to follow the student code of conduct and rules of academic integrity defined by the university as outlined at <https://provost.asu.edu/academic-integrity> [2].

### Academic integrity

Students enrolled in the Ira A. Fulton Schools of Engineering are required to maintain high levels of integrity and honesty in their academic progress. The ASU Student Academic Integrity Policy is strictly enforced and followed. A student with an alleged violation is required to discuss the violation with the professor. A student charged with a violation of the student academic integrity policy will have the opportunity to appeal the charge and be heard by the Ira A. Fulton Schools of Engineering standards hearing board, which provides recommendations to the dean or the dean's designee. The dean or dean's designee will review the recommendation and render a decision. If the decision is suspension or expulsion, the student may appeal to the Office of the University Provost. Policy information is located at <https://provost.asu.edu/academic-integrity> [2].

The Ira A. Fulton Schools of Engineering have developed and enforce a number of academic standards. These standards are designed to support students and ensure the quality of the schools' graduates.

## Undergraduate policies

### *Academic standing*

#### **Student responsibilities**

Students need to make many decisions as they complete their degrees. While the schools and the university have a number of resources available (e.g., faculty, courses, advisors and tutors) to help with decision-making, students are expected to take responsibility for their decisions.

### **Ira A. Fulton Schools of Engineering good standing**

Students are expected to select and successfully complete courses that lead to the timely completion of their degree programs. Students are said to be in good standing if they fulfill all the following:

- maintain acceptable GPAs
- enroll and complete critical tracking requirements
- complete courses each semester that are applicable to their degrees

### **University academic warning**

An undergraduate student with a cumulative GPA of less than 2.00 at the end of their first semester (fall or spring) is considered to be in the status of University Academic Warning. If after one term with an academic warning a student still does not achieve the minimum GPA standard of 2.00, the student will be placed on probation for at least one additional term. If a student's minimum GPA first falls below the standard in a term that is not the student's first term at ASU, the student will be placed on probation. Failure to return to good academic standing after being placed on probation may result in disqualification.

A student with an academic warning is considered in conditional good standing and is permitted to enroll.

Whether a student's status is an academic warning or probation, the student must meet with an academic success specialist to discuss academic success strategies for the subsequent semester and develop a success plan for returning to university academic good standing. At the discretion of the student's college or school, that plan may require successful completion of UNI 220 Academic Refresher/Mindset Connections.

### **Ira A. Fulton Schools of Engineering probation**

There are many reasons why some students do not make satisfactory progress. These students are placed on Ira A. Fulton Schools of Engineering academic probation to ensure they get the extra attention and resources they need that will help them get back in good standing. Working with an academic advisor to plan a strategy for success is crucial. Students may be required to reduce their course loads (13 credit hours maximum), retake courses or even take courses outside of their programs.

To return to academic good standing in the Ira A. Fulton Schools of Engineering, students on probation need to earn a minimum semester GPA of 2.25 and earn a minimum cumulative ASU GPA of 2.00 at the end of the probation semester. If enrolled in only one course, a grade of "C+" (2.33) or better and a minimum cumulative ASU GPA of 2.00 is required to obtain academic good standing. Students who meet either the semester GPA requirement or the cumulative ASU GPA requirement at the end of their first probationary semester may be continued on probation. Courses completed during summer sessions are not used to reevaluate a student's probationary status.

### **Conditions for Ira A. Fulton Schools of Engineering probation**

A student is placed on college or university probation when specific academic expectations are not met. Some conditions trigger an automatic placement on probation whereas others trigger an automatic review of the student's case to determine if probation is warranted. When a probation review is triggered, the final decision and any conditions of probation are determined at the program level.

Automatic probation is triggered by any of the following:

- two successive semesters with GPAs less than 2.00
- an ASU cumulative GPA less than 2.00

Automatic review (borderline) is triggered by any one of the following:

- a semester with a GPA less than or equal to 2.00
- a cumulative GPA in the major of less than 2.00

### **Ira A. Fulton Schools of Engineering continuing probation**

A student on probation or continuing probation at the university level is placed on college-level continuing probation status when specific academic expectations are not met. When a continuing probation review is triggered, the final decision and any conditions of continuing probation are determined at the college level.

To return to academic good standing in the Ira A. Fulton Schools of Engineering, students on continuing probation need to earn a minimum semester GPA of 2.25 and earn a minimum cumulative ASU GPA of 2.00 at the end of the probation semester. If enrolled in only one course, a grade of "C+" (2.33) or better and a minimum cumulative ASU GPA of 2.00 is required to obtain academic good standing.

Automatic continuing probation is triggered by any of the following:

- a student on probation does not attain a semester GPA of 2.25 or greater and has a cumulative GPA of at least 2.00 at the end of the probation semester
- a student on probation or continuing probation obtain a semester GPA of 2.25 or greater and has a cumulative GPA less than 2.00

### **Ira A. Fulton Schools of Engineering ineligibility**

Students who are on continuing probation and fail to meet the schools' retention standards become ineligible to continue working toward a degree within the Ira A. Fulton Schools of Engineering.

Ineligibility occurs if the continuing probationary student does any of the following:

- does not attain a semester GPA of 2.25 or greater and has a cumulative GPA of at least 2.00 at the end of the probationary semester
- has already been on probation for two consecutive semesters
- fails to complete any courses appropriate for the degree during each semester

Ineligible students are subject to the following limitations:

- Students who change colleges may not register for courses in the Ira A. Fulton Schools of Engineering unless the courses are required by their new majors.
- Students who register for courses in the Ira A. Fulton Schools of Engineering may be withdrawn from these courses any time during the semester they are registered.

Ineligible students are encouraged to consider these options:

- Students may be eligible to change their majors to other colleges if they are in university academic good standing and have acceptable cumulative GPAs; the acceptable GPA level depends on the number of hours of completed coursework. Students should contact their advisor to determine if this is an option for them.
- Students may take nonengineering courses during summer sessions.
- An ineligible student may apply for readmission to the college after one calendar year.
- Students may request a status review by contacting the Office of Academic and Student Affairs.

### **Ira A. Fulton Schools of Engineering disqualification**

Students who are on probation or continuing probation and fail to meet the schools' retention standards become disqualified to continue working toward a degree within the Ira A. Fulton Schools of Engineering.

Disqualification occurs if the student on probation or continuing probation does not attain a semester GPA of 2.25 or greater and has a cumulative GPA less than a 2.00 at the end of the probation semester.

Disqualified students are subject to the following limitations:

- A disqualified student is not allowed to register in a fall or spring semester at the university. If the student has already registered for a future fall or spring semester, the registration is canceled.
- A student who has been disqualified may apply for readmission to the college after one calendar year.
- A disqualified student may not attend as a nondegree student.
- If a disqualified student elects to attend another university or two-year college, any credits earned there will not affect the ASU cumulative GPA. A course repeated elsewhere will not result in a replacement of a grade earned at ASU.

## Advising

Successful completion of a program in the Ira A. Fulton Schools of Engineering requires careful planning. While final responsibility lies with each student for becoming familiar with and understanding academic degree requirements, each program employs professional academic advisors who work with students in setting academic and career goals, understanding school and university policies and procedures, meeting degree requirements, and becoming familiar with sources of academic support within the university. Students may also work with faculty advisors familiar with the chosen fields of specialization. Students should consult their advisors prior to registering each semester. A list of program advisors can be viewed at <https://advising.engineering.asu.edu/> [3].

Students are encouraged to use the eAdvisor tool for academic planning. This service provides critical requirements and major maps, which are individualized student reports that lay out a specific, clear and accurate path to timely completion of each student's intended degree. eAdvisor is accessed at <https://eadvisor.asu.edu> [4].

Many students find it necessary to work while attending ASU. The working student should endeavor to create a careful balance of work and class responsibilities to avoid academic problems. Students should inform their academic advisors of any outside work or activity so that course loads may be adjusted accordingly.

Staff in the Office of Academic and Student Affairs in the Ira A. Fulton Schools of Engineering are available to assist individual students with many different types of advising issues. They work with students to answer general questions about policies and procedures; help with registration transactions; administer the probation, disqualification and readmission processes; oversee disciplinary actions; hear grade grievances; and, assist with other administrative matters.

### Mandatory advising

All first-year students, student athletes and students who are found to be having academic difficulty are required to be advised before they can register for classes, including summer sessions classes. Some programs relax the advising requirement after the first year, so students should consult their academic advisor or review the My Tasks list in My ASU to determine if advising is required.

## Credit/Registration

Students are required to register for courses using one of the university-provided processes. As part of the registration process, the school enforces the following registration restrictions.

### Maximum hours

Students enrolled in undergraduate degree programs in the Ira A. Fulton Schools of Engineering may register for a maximum of 19 credit hours per semester. Any student wanting to register for more than the maximum must submit a college standards petition and have an approval on file prior to registering for the overload.

### Ira A. Fulton Schools of Engineering probationary status

Students who have been placed on academic probation with the Ira A. Fulton Schools of Engineering must meet with their academic advisors and complete their probation success plans. The success plan is designed to assist students in identifying a path to academic success and can be found at [https://advising.engineering.asu.edu/wp-content/uploads/2018/11/Continued\\_Probation\\_Success\\_Plan\\_2017.docx](https://advising.engineering.asu.edu/wp-content/uploads/2018/11/Continued_Probation_Success_Plan_2017.docx) [5]. Students on academic probation with the Fulton Schools may enroll in a maximum of 13 credit hours per semester.

## Degree requirements

### Undergraduate nondegree status

Students who are enrolled in an undergraduate nondegree status in the schools must obtain advising and approval to register from the Office of Academic and Student Affairs before registering each semester.

### Course prerequisites

Students should consult the schedule of classes and the catalog for course prerequisites. Students who register for courses without the designated prerequisites may be withdrawn without their consent at any time before the final examination. Such withdrawal may be initiated by the course instructor, the program chair of the program offering the course or the dean of the college. In such cases, students will not receive monetary reimbursement.

## **Pass/Fail grades**

Students requesting credit for pass/fail courses taken at another institution must file an Ira A. Fulton Schools of Engineering standards petition. Each request is judged on its particular merits.

## **Non-Ira A. Fulton Schools of Engineering students**

Students who are not admissible to programs in the Ira A. Fulton Schools of Engineering and who enroll in another college at ASU may not register for any 300- or 400-level courses in the schools unless the courses are required in their degree programs and the students have the proper course prerequisites.

## **First-year composition requirement**

Completion of the first-year composition requirement is required for graduation. Any student whose written or spoken English is unsatisfactory in any course may be required by the appropriate school director or program chair to take additional course work. The first-year composition requirement is at [https://catalog.asu.edu/ug\\_grad\\_req](https://catalog.asu.edu/ug_grad_req) [6].

## **Concurrent degrees**

Students interested in pursuing a concurrent degree should consider several aspects:

- The degree conferral date occurs when all degree requirements are satisfied for each undergraduate degree program; that is, students receive both degrees at the same time regardless if course work for one degree is completed prior to the other degree.
- Admission criteria, policy for double-counting credits, and other requirements and rules are defined by the school or college offering the degree program.
- Financial aid and scholarship limits apply and may not cover all semesters; therefore, students may need to invest more time and hence more funds, to complete concurrent degrees.

Once a decision is made to pursue a concurrent degree, the process must be set in motion:

- A student pursuing a concurrent degree must meet with both program advisors to learn about degree and graduation requirements of both degree programs and the eligibility requirements for filing a petition. Both advisors should review the graduation plan that outlines courses the student will take each semester.
- The student must file a standards petition form with each respective school or college offering the desired degree programs to request permission to pursue the concurrent degrees. The petition form is available online at [https://students.asu.edu/College\\_Standards\\_Petitions](https://students.asu.edu/College_Standards_Petitions) [7]. The petition form is also available in-person from the program academic advisor.

Petition approvals result in the posting of concurrent degrees in PeopleSoft. If the student later decides to drop one of the degrees, the student should inform the University Registrar Services [8] Graduation Office that they are no longer interested in pursuing concurrent degrees.

## **Change of major**

Students interested in switching majors to one of the programs within the Ira A. Fulton Schools of Engineering must meet the schools' admission requirements for transfer students. This requirement is true for students admitted to ASU as freshmen or transfer students. A change of major is not guaranteed, and students interested in changing majors are encouraged to make an appointment with an advisor in the program of interest to discuss the probability of success and to develop a plan of action to ensure successful advancement to upper-division courses. For admission information, students should visit <https://engineering.asu.edu/admission-requirements/> [9].

Students who were admitted as freshmen into the Ira A. Fulton Schools of Engineering, with the exception of The Polytechnic School, and who have maintained continuous enrollment in any Fulton Schools major may choose to change to any other major within the Ira A. Fulton Schools of Engineering provided they are in good academic standing [10]. Students admitted to the Polytechnic School must meet the transfer admission requirements in order to change to a Fulton Schools major outside of the Polytechnic School.

## **Evaluation of previous coursework**

Transferring from one institution to another or between programs can result in a net loss of credits that count toward the degree. Thus, it is important for students who contemplate transferring into the Ira A. Fulton Schools of Engineering from other institutions, whether community colleges or four-year institutions, to carefully study the requirements of their degree programs to get a sense of which courses may transfer.

Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades lower than "C" (2.00) are accepted as transfer credit to meet the graduation requirements of the schools. Credits transferred from a community college or two-year institution are applied only as lower-division credits. For a listing of the acceptable courses transferable to the various degree programs, prospective Arizona transfer students should consult their advisors and refer to the ASU transfer tools available at <https://admission.asu.edu/transfer> [11].

Some courses taken at ASU or other universities may be acceptable for general university credit but may not be applicable toward the degree requirements of the schools. Determination of those particular courses applicable to a specific degree program is made within the appropriate academic unit with approval of the dean.

## **Currency of coursework**

Courses taken more than five years before admission to degree programs in the Ira A. Fulton Schools of Engineering are not normally accepted for credit in the engineering major, at the option of the program in which the applicant wishes to enroll. However, students still may earn university elective credit or general studies credit for these courses. Courses completed within the five years preceding admission are judged for their applicability to the student's curriculum.

## **General Education Development**

Students admitted to the university after successful completion of a GED examination are directly admitted to the Ira A. Fulton Schools of Engineering Bachelor of Science or Bachelor of Science in engineering program within their majors, provided they meet the minimum ACT or SAT score required for freshman admission to the Ira A. Fulton Schools of Engineering.

## **Graduation requirements**

To qualify for graduation, an Ira A. Fulton Schools of Engineering student must have a minimum cumulative ASU GPA of 2.00 in addition to having a GPA of at least 2.00 for the courses in the major.

## **University graduation requirements**

In addition to program and the Fulton Schools' requirements, students must meet all university graduation requirements. A well-planned program of study enables students to meet all requirements in a timely fashion. Students are encouraged to consult with an academic advisor in planning a program, to ensure they comply with all necessary requirements. University graduation requirements can be found at [https://catalog.asu.edu/ug\\_grad\\_req](https://catalog.asu.edu/ug_grad_req) [6].

## ***Reinstatement/Readmission***

### **Readmission**

Undergraduate degree-seeking students who previously attended ASU in the Ira A. Fulton Schools of Engineering but have not been enrolled at ASU for one fall or spring semester or no more than two consecutive semesters are eligible to return through quick reentry. Students do not need to submit a new application or application fee, but they must contact an academic advisor in their program for registration.

Undergraduates who have been away from the university for three or more semesters and want to return to ASU in an Ira A. Fulton Schools of Engineering program are required to apply for readmission through the admission services office. Readmission requests are processed as follows:

1. School of Engineering students seeking readmission to the same program they left and who left ASU with either academic good standing or probation status are readmitted to the degree program they left with the same academic standing they had when they left ASU (i.e., good academic standing or probation).

2. Students seeking readmission to an Ira A. Fulton Schools of Engineering program other than the program they left and who have an ASU GPA of 3.00 or greater are readmitted to the degree program with the same academic standing they had when they left ASU (i.e., good academic standing or probation).
3. Students seeking readmission to an Ira A. Fulton School of Engineering program other than the program they were in when they left ASU with either academic good standing or probation status and who have an ASU GPA less than 3.00 are subject to the process of admission by change of major. These requests for readmission are reviewed on an individual basis. If the request for readmission is approved, the student is readmitted to the new degree program with the same academic standing he or she had when leaving ASU (i.e., good academic standing or on probation).
4. Students seeking readmission to an Ira A. Fulton Schools of Engineering program and who left ASU with either ineligible or disqualified status are subject to review by the Office of Academic and Student Affairs and the program. Readmission is only considered after a student has remained out of the Ira A. Fulton Schools of Engineering for a minimum of 12 months. A student is required to supply proof he or she is now capable of successfully completing courses in the discipline by the completion of at least 15 hours of appropriate course work with a GPA of 3.00 or higher and a cumulative GPA (ASU plus transfer) of at least 2.50. If the readmission request requires a change of major, then the student must complete the review process for admission by change of major. If readmission is approved, the student will return with continued probation status in the appropriate degree program.

Once readmitted, returning students are required to meet with a program advisor before enrolling in courses at ASU.

### *Other special requirements*

#### **Advancing to upper-division courses**

The faculty in the Ira A. Fulton Schools of Engineering have identified a set of critical requirements in the first four semesters of each program whereby performance in these critical requirements is a key component in progressing in the chosen major. These critical requirements include a set of courses and performance levels required in those courses and are outlined on the major maps.

### **Graduate policies**

#### *Policy for maintaining satisfactory academic progress*

A student who has been admitted to a graduate degree program in the Ira A. Fulton Schools of Engineering, with either regular or provisional admission status, must maintain a GPA of 3.00 or greater in all the following:

1. all work taken for graduate credit (courses numbered 500 or higher)
2. coursework in the student's approved plan of study
3. all postbaccalaureate course work taken at ASU (overall GPA)

A student will be placed on academic probation if one or more of the student's GPAs listed above is less than 3.00. Students will be notified by mail when placed on academic probation.

A student will earn academic good standing by obtaining a 3.00 or greater in the GPAs listed above by the time the next nine hours are completed. Coursework such as research and dissertation and any course that is graded with a "Z" (in progress) or "Y" (satisfactory) cannot be included in these nine hours.

A student may be recommended for dismissal from a graduate program if the student fails to increase all the GPAs listed above to 3.00 or greater by the time he or she completes at least nine credit hours as defined in the previous paragraph.

A student may appeal actions concerning dismissal by petitioning the program in which they are enrolled.

Academic units in the Ira A. Fulton Schools of Engineering can expand this policy statement to include additional policy governing the satisfactory academic progress of the students in their graduate programs.

## *Additional graduate policies*

Full details of policies related to graduate students in the Ira A. Fulton Schools of Engineering can be found on each program's Web page. For a list of programs, students should visit <https://engineering.asu.edu>. University policies related to graduate students can be found at <https://graduate.asu.edu> [12].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and they must abide by all university policies including those of the Graduate College and the Ira A. Fulton Schools of Engineering.

## School for the Future of Innovation in Society Policies

The transdisciplinary programs and coursework offered by the School for the Future of Innovation in Society focus on the intersections of science, technology, development, innovation and society, enabling students to engage and rethink the social and technical aspects of innovation. They are then able to envision, design and build the futures people would want to inhabit. The transdisciplinary team of faculty has an extraordinary track record of research and service. The faculty members are dedicated to teaching and mentoring students and cultivating the knowledge, skills and dispositions with which the school's graduates will approach and construct the future.

### Academic integrity

At ASU, students are part of an academic community that is engaged in learning and inquiry and based on the quest for truth, thus committing themselves to a path of honesty and integrity. Therefore, it is expected that they integrate that responsibility with their conduct. Students' coursework, research and projects must be original and reflect individual effort and integrity. When in doubt about appropriate conduct, students should consult a faculty mentor to seek clarification. The School for the Future of Innovation in Society has a zero-tolerance policy for any form of academic misconduct. Penalties for unethical behavior range from being placed on academic probation to being dismissed from the program.

The ASU Student Academic Integrity Policy determines all related violations of this policy and will be strictly followed and enforced. A copy of the policy is available at <https://provost.asu.edu/academic-integrity> [1].

### Undergraduate policies

#### *Academic standing*

To be considered in academic good standing in the School for the Future of Innovation in Society, students must have at least a cumulative GPA of 2.00 or higher.

#### **Probation**

Students who do not achieve a 2.00 GPA will be placed on university academic probation and must meet with an advisor to discuss academic success strategies. Students on academic probation will be required to take UNI 220 Academic Refresher. UNI 220 will appear on the students' DARS as a graduation requirement. In addition, students who have fewer than 24 credit hours will be required to participate in the ASU Pathway for Achieving Student Success program [2].

Within one semester, a student on academic probation must do one of the following:

1. Raise the ASU cumulative GPA to 2.00 or greater to return to academic good standing.
2. Obtain a semester GPA of 2.00 or greater to be continued on probation. Students on continued academic probation may continue for as many semesters as needed to achieve academic good standing.

#### **Disqualification**

Students who fail to meet the criteria for continued probation may be disqualified from ASU. Students who have been disqualified may attend summer sessions but not fall or spring sessions until they are qualified to be readmitted.

Once readmitted, the student may be placed on academic probation for at least two semesters. Students on probation will have two semesters to raise their cumulative GPA to meet ASU academic good standing (2.00). Failure to do so will result in disqualification from the university. Students should refer to the School for the Future of Innovation in Society undergraduate handbook for more information.

#### **Academic policy appeals**

Academic appeals regarding school policies should be discussed with the student's academic advisor, and students may be required to submit a petition to the School for the Future of Innovation in Society Undergraduate Programs Committee within the semester of probation or the one immediately following. Some petitions may require a secondary review by the ASU University Undergraduate Standards Committee.

## Academic advising

All students are encouraged to seek advising before registration. Students must follow the calendar published in the registration and tuition payment guide each semester for information and deadlines pertaining to enrollment, adding or dropping classes and withdrawals.

In addition to information provided by an academic advisor, students are expected to read the requirements for the university's General Studies and major degree requirements in their edition of the ASU academic catalog. The ASU academic catalog is the governing source for all degree requirements.

**Advising Information:** <https://sfis.asu.edu/student-life/academic-resources/advising> [3]

### Mandatory advising

The following students in the School for the Future of Innovation in Society must receive advising clearance prior to course registration:

- new and transfer students in their first two semesters of attendance
- readmitted students in their first returning semester
- students on academic probation or continued probation
- students with 87 credit hours or more completed
- students who are off track for graduation
- students who have been disqualified

Students are encouraged to check their advising status requirements each semester before attempting any registration transactions through My ASU [4].

## Credit/Registration

Students enrolling in courses offered by the School for the Future of Innovation in Society are expected to follow the rules and deadlines specified in this catalog and the current registration and tuition payment guide. Students are encouraged to meet with their academic advisor before registration.

### Course load

Students may enroll in a maximum number of 18 credit hours per fall or spring semester, with a maximum number of nine credits taken in session A or session B. Students may enroll in a maximum of 14 credits for a summer session, with no more than seven credits in session A or session B. Any student wishing to enroll in more than the 18 credit hour limit in the fall or spring (or 14 in summer) or more than the nine credit hour limit in an A or B session (or seven hour limit in summer) should first meet with their academic advisor to discuss a course overload.

More details on credit hour limits are available at [https://catalog.asu.edu/course\\_load](https://catalog.asu.edu/course_load) [5]. For more details on the petitioning process, students should contact the school's advising office.

### Repeat/Replace policy

Students wishing to repeat courses and possibly replace prior course grades must follow the policy stated in the university's Student Services Manual regarding the number of credit hours that can be repeated and the types of courses that are eligible for a grade replacement.

Students wishing to repeat a course for a third time must petition the School for the Future of Innovation in Society Undergraduate Program Committee. Students should contact the advising office for information.

### Pass/Fail grade options

A grade of "Y" (satisfactory) contributes to a student's earned hours but does not affect the GPA. A failing grade of "E" is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted from the instructor and the School for the Future of Innovation in Society Undergraduate Program Committee.

- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.
- A maximum of 12 hours taken for pass/fail may be counted toward graduation.

**School for the Future of Innovation in Society students may not enroll under the pass/fail option in the following courses:**

- first-year composition requirements
- General Studies requirements
- honors credits
- language proficiency requirements
- major, minor, concentration area or certificate program

**Audit grade option**

Students may choose to audit certain courses in which they attend regularly scheduled class sessions but earn no credit. Students should obtain instructor approval before registering for the courses. The option to audit is not available for all courses. This grade option may not be changed after the drop/add period.

***Degree requirements***

All candidates for graduation are required to complete at least 120 credit hours, of which at least 45 hours must consist of upper-division courses. A minimum ASU cumulative GPA of 2.00 is required for graduation. All new School for the Future of Innovation in Society freshman students are required to enroll in the FIS 101 course during their first ASU semester.

**Minors**

The school offers a minor in Innovation in Society. Students may not use courses in their minors toward their majors and, similarly, students may not use courses in their majors to fill the requirements of their minors.

**Concurrent degrees**

The School for the Future of Innovation in Society allows students to request approval to pursue a concurrent degree if they:

- have completed at least 30 graded credit hours
- are in good academic standing
- have a minimum GPA of 2.00

Concurrent degrees may not be from the same discipline or have overlap in the core courses required for each major.

Students must earn at least 30 unique credit hours for each degree.

To request a concurrent degree, the student must meet with an academic advisor and fill out the School for the Future of Innovation Standards Petition form [6]. If the second program is outside of SFIS, the student is also required to get approval from the other college or school that offers the concurrent degree program.

**Critical and necessary requirements**

All undergraduate majors at ASU are provided an eight-term course plan, called a major map, which leads them to graduation in four years. School for the Future of Innovation in Society students must meet the critical and necessary requirements listed on their major maps.

A student who does not comply with the critical requirements is off track and will have a hold placed on their record. To have the hold removed, the student will be required to meet with a School for the Future of Innovation in Society academic advisor. For more information about critical requirements, students should refer to the corresponding major map or eAdvisor at <https://eadvisor.asu.edu/> [7].

## Readmission

Students who have been disqualified from ASU may be readmitted when they submit a letter of explanation to the School for the Future of Innovation in Society Undergraduate Program Committee for a fall or spring semester if they complete one of the following:

1. Raise their ASU cumulative GPA to good academic standing (2.00) by taking ASU summer session courses.
2. Complete 12 or more transferable credit hours at a community college or university with no grades less than “C” and a GPA of 2.50 or greater. Courses in which the student failed or received a “D” at ASU should not be repeated at another institution.

Once readmitted, the student may be placed on academic probation for at least two semesters. Students on probation have two semesters to raise their cumulative GPA to meet ASU academic good standing (2.00). Failure to do so results in disqualification from the university.

## Graduate policies

The school’s graduate policies are guided by the university policies on graduate studies. For details, students should see <https://graduate.asu.edu/policies-procedures> [8].

### Academic standing

Students are expected to make planned and systematic progress toward completion of their graduate program. This progress includes being in good academic standing and achieving the benchmarks and requirements set by the programs, including additional satisfactory progress policies. Students are responsible for verifying that all these requirements are met as well as any additional requirements concerning satisfactory academic progress, probation and disqualifications.

Students failing to satisfy their graduate program requirements or the benchmarks outlined below may be recommended to the Graduate College for dismissal from their programs. Details are available at <https://graduate.asu.edu/key-policies> [9].

To be in good academic standing, students are required to maintain a minimum 3.00 GPA on all GPAs (plan of study, cumulative and graduate). These include all coursework on their approved interactive plan of study, on all postbaccalaureate course work taken at ASU, and on graduate credit courses (those numbered 500 or higher).

A student with a cumulative GPA less than 3.00 will be placed on academic probation and may be subject to dismissal. If any GPA is less than 3.00, the student must develop, with the advisor, an academic performance improvement plan that includes the conditions and time frames for making satisfactory academic progress in their degree program. The student is considered to be on academic probation until the conditions specified in the academic performance improvement plan are met and GPAs are greater than 3.00. Coursework such as research and dissertation and any course that is graded with a “Z” (in progress) or “Y” (satisfactory) cannot be included in the GPA.

Students must also satisfy the maximum time limit for graduation from the student’s graduate program (six years for master’s degrees and certificates, 10 years for doctorates).

Students must successfully pass any comprehensive exams, qualifying exams, foreign language exams, and an oral defense of the proposal or prospectus for the thesis, dissertation or any other culminating events required for their program.

Students must stay continuously enrolled in their graduate degree program. Failing to do so without a Graduate College-approved request to maintain continuous enrollment is considered to be a lack of academic progress and will lead to automatic dismissal of the student from the graduate program.

## ***Degree requirements***

Each graduate student in the school will be required to file an interactive plan of study by the time they have enrolled for 50 percent of the minimum credit hours required for their degree program. Once admitted, the student will meet with the faculty or program advisors to begin to prepare their plan.

While the ultimate responsibility for understanding the requirements of their respective academic degrees remains with each student, the School for the Future of Innovation in Society provides to students advising services that will help them understand the school's policies and procedures and allow them to set their academic goals.

Students must fulfill all requirements of their individual graduate programs and abide by all university policies, including those of the Graduate College. Full details of policies and procedures related to the school's graduate programs can be found on each program's webpage at <https://sfis.asu.edu/degree-programs> [10].

## Thunderbird School of Global Management Policies

Thunderbird School of Global Management is the historic leader in global management education, setting the pace in global organizational management since 1946 with a specialized education that combines the fundamental business core with in-depth studies in global business environments, cross-cultural leadership and applied learning. From its first days as a unique school in the desert, it has grown into the leading school of international business and management. Along the way, it embraced innovation while retaining a clear focus on developing graduates who are ready to make a difference. At no other time in history has there been a greater need for managers who can lead global organizations, work with diverse teams, and integrate far-reaching logistical networks of suppliers, customers and partners.

A Thunderbird education is designed for bold and progressive thinkers in a world of complex, global organizational leadership. The student learning experience will be pragmatic and relevant. From the diverse life experiences of colleagues to intriguing global case studies and applied learning projects that give students hands-on opportunities to put theory into practice, Thunderbird is a unique educational experience.

Graduates join the renowned Thunderbird alumni community with a network of more than 40,000 Thunderbirds living and working in more than 140 countries. Employed at corporate, government and nongovernment entities, Thunderbird alumni make it possible for organizations across the globe to succeed despite rapid and continuous change.

### Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Student Academic Integrity Policy is strictly enforced for students found in violation of this policy. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. More information is available at <https://provost.asu.edu/academic-integrity> [1].

For more information on graduate specific policies, students should refer to the specific graduate program manual and they should also see <https://graduate.asu.edu/academic-integrity> [2].

### Undergraduate policies

#### Academic standing

To maintain satisfactory academic progress, all students in the Thunderbird School of Global Management must:

1. maintain a minimum 2.00 GPA each semester
2. maintain a minimum 2.00 cumulative GPA

#### Probation

A student is placed on probation at the end of the fall or spring semester if their GPA is less than 2.00.

#### Continuing probation

A student is placed on continuing probation when their cumulative GPA is less than 2.00 for two consecutive semesters but they have shown academic progress.

#### eAdvisor tracking

In addition to being in university good academic standing, all students in the Thunderbird School of Global Management must adhere to ASU critical tracking requirements, per the pertinent major map. Students are off track if they fail to meet ASU critical tracking requirements. For more information on critical tracking courses, students should see <https://webapp4.asu.edu/programs/t5/MajorMaps> [3].

Students who remain in off-track status for two or more consecutive semesters may be required to change majors.

## **Disqualification**

Students are disqualified from ASU if their cumulative GPA remains less than 2.00 for more than two consecutive semesters. Students who are disqualified are not allowed to enroll in the following fall or spring semester.

## **Remediation**

Students are required to meet with an academic advisor if they are placed on probation, continuing probation, off-track status or are at risk for disqualification, at which point an appropriate remediation plan will be discussed.

## **Advising**

Thunderbird School of Global Management is committed to the personal, social and academic experiences of students by providing high quality, student-centered academic advising, ensuring the accuracy and accessibility of information and resources, and partnering with students to help them reach their career goals.

Academic advising is required for the following students:

- All freshman and new transfer students are required to meet with an academic advisor before course registration. Thus, freshmen are required to meet with an academic advisor prior to both their first and second semesters.
- Students not in satisfactory academic standing (i.e., probation, continuing probation, off-track status, disqualification, etc.) are required to meet with an academic advisor to discuss a remediation plan.

Faculty and staff utilize academic status reports to provide student feedback over the course of the academic semester and year. Academic status reports may be used to identify students who are struggling academically or professionally or to recognize students who are exceeding in coursework. Academic advisors and faculty mentors may access ASRs to provide students with valuable insight into performance improvement: <https://students.asu.edu/asrr> [4].

## **Credit/Registration**

### **Course load**

Students are allowed to register for a maximum of 18 credits per semester. To register for more than the maximum allowable, students may petition the Thunderbird School of Global Management Standards Committee through their program director. No student should assume that a petition for overload will be granted. For more information, students should see [https://catalog.asu.edu/course\\_load](https://catalog.asu.edu/course_load) [5].

### **Transfer work**

Transfer credits from other institutions may be accepted and applied based on the student's major. Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades less than "C" (2.00) transfer to ASU. Credits transferred from a community college or two-year institution are applied as lower-division credits. The Thunderbird School of Global Management recommends that students work closely with their academic advisor to determine the process for applying pertinent transfer credit hours to their program of study. For more information on the transfer process and a list of the courses transferable to the various degree programs, students should consult their advisor and refer to the ASU transfer tools at <https://admission.asu.edu/transfer> [6].

### **Course prerequisites**

Course prerequisites are established to ensure student success in a course. Students must complete all course prerequisites prior to enrolling in the desired course. Prerequisite overrides may be granted under the following conditions:

- A transfer course has been accepted by advisor to fulfill required course prerequisite.
- A prerequisite override has been granted by an advisor, instructor or other authority.

## Grade of incomplete

A grade of incomplete for a course may be granted by permission of the instructor under the following conditions:

- The student is in good standing academically at ASU.
- The student has completed a substantial portion of the required coursework.
- The student has experienced extenuating circumstances prior to the end of the semester, preventing completion of the course: <https://students.asu.edu/forms/incomplete-grade-request> [7].

If qualified, students have one calendar year to complete course requirements. If requirements are not met per the standards agreed upon with the course instructor after one calendar year, the incomplete will be adjusted to reflect a course failure.

## Pass/Fail grade option

A grade of "Y" (satisfactory) contributes to a student's earned hours but does not affect the GPA. A failing grade of "E" is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted by the instructor and college offering the course.
- The pass/fail option was chosen during initial registration for the course, if available.

Thunderbird students may not enroll under the pass/fail option in the following courses:

- those taken to satisfy first-year composition requirements
- those taken from the student's major, minor or certificate program
- those taken for honors credits
- those counted toward satisfying Thunderbird general studies requirements
- those counted toward satisfying Thunderbird language and culture proficiency requirements

Pass/fail credit taken at another institution may be petitioned for use, but only if the student can demonstrate proof that the pass grade was equivalent to a "C" (2.00) or greater.

## Withdrawal

### Complete session withdrawal information

Since a complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences, undergraduate students are required to contact the college or school of their major to facilitate the withdrawal process.

Students must complete the following steps in the order in which they are listed:

1. Fill out a complete session withdrawal form: <https://students.asu.edu/forms> [8].
2. Make an appointment with their advisor, and take the form to the appointment.

ASU has many resources in place to help students. Students may want to consider one or more of the following:

- **withdraw from just one or two classes (course withdrawal)** -- Students may withdraw from a class while remaining enrolled in other classes as long as the withdrawal is completed between the drop/add deadline and the course withdrawal deadline. Students are encouraged to contact their academic advisor to discuss the impact this may have on meeting critical requirements. Students are also encouraged to contact a financial aid representative to consider any impact withdrawing will have on scholarships, grants and loan packages.
- **request a medical or compassionate withdrawal** -- Medical or compassionate withdrawals are available for students withdrawing from one or more classes due to extraordinary personal mental or physical health conditions or the death or serious illness of a family member or close friend. If approved, students are allowed one medical or compassionate withdrawal during their academic career with Thunderbird. For information concerning medical or compassionate withdrawal requests, students should see <https://students.asu.edu/forms/medical-compassionate-withdrawal-request> [9], and they may obtain the form here: <https://students.asu.edu/files/Medical-Compassionate%20Withdrawal%20Request.pdf> [10].
- **seek tutoring or academic support services** --The Student Success Center provides a variety of services to help students become better learners and gain the confidence and skills to achieve their academic goals.

Services include writing centers, math tutoring, subject area tutoring and supplemental instruction. For more information concerning the Student Success Center, students should visit <https://tutoring.asu.edu/student-services/tutoring> [11].

- **make an appointment with ASU's Counseling Services** -- Counseling and mental health services are provided at each of the four ASU campuses. ASU students may seek services at any of the campus counseling centers, regardless of their college affiliation. For more information, students should visit <https://eoss.asu.edu/counseling/location> [12].
- **explore the possibility of an "I" (incomplete) grade**

The following are possible consequences that result from a complete session withdrawal:

- **financial aid** -- Financial aid recipients who completely withdraw from the university may be responsible for immediate repayment of funds. The effect of a complete withdrawal of financial aid depends on when the withdrawal is dated and the type of financial aid. More information is at <https://students.asu.edu/financialaid> [13].
- **tuition and refunds** -- The date of a complete withdrawal will determine whether or not a tuition refund will be generated. Students should review the tuition refund policy for more information: <https://students.asu.edu/tuitionrefundpolicy> [14].
- **health insurance** -- Students should contact their health insurance company to determine whether or not withdrawing from the university affects their coverage.
- **residential life** -- Students who live on campus should contact their residential hall community staff to determine what impact withdrawing will have on their eligibility to live on campus; to complete a license agreement release form; and to arrange an appointment to officially check out. More information is at <https://housing.asu.edu/housing-communities/residential-colleges/casa-de-oro> [15].
- **veteran benefits and certifications** -- Students should contact the appropriate veteran benefits and certifications office to discuss information regarding veterans' educational benefits and military activation. For more information, students should email [w.westvso@asu.edu](mailto:w.westvso@asu.edu) [16] or visit <https://veterans.asu.edu> [17].

For general university withdrawal procedures, students should see <https://students.asu.edu/drop-add> [18].

## *Degree requirements*

### **Undergraduate degree requirements**

All candidates for graduation in the BGM or BS curricula are required to present at least 120 credit hours, of which at least 45 credit hours must consist of upper-division work. A minimum cumulative GPA of 2.00 is required for graduation.

It is the student's responsibility to be aware of the degree program requirements and to select courses accordingly.

To graduate, a student must satisfy the following requirements:

1. ASU 101 or equivalent (freshman students)
2. college proficiency requirements for language
3. university first-year composition and General Studies requirements
4. an additional combined six credit hours of literacy (L) (three hours total) and humanities, arts and design (HU)/social-behavioral sciences (SB) (three hours total) at the upper-division level, in addition to 29 credit hours of General Studies coursework
5. major requirements that involve concentrated course work in one program
6. successful completion of critical-tracking courses as required on the student's major map

For more information regarding eAdvisor tools, students should visit <https://eadvisor.asu.edu> [19].

### **Language proficiency requirement**

Each student is required to demonstrate proficiency in the analysis of language by passing an examination or by completing the courses specified below with a grade of "C" (2.00) or greater in each course. Students considering graduate work after completion of the bachelor's degree should consult with faculty advisors regarding language requirements in their intended areas of study. Students should see the program major map for the specific language requirement and contact the advising office for information on applicable coursework.

The language proficiency requirement may be satisfied through one of the following:

- completion of secondary education at a school in which the language of instruction is not English

- completion of a language course at the intermediate level (202 or equivalent)
- completion of an upper-division course or courses taught in a foreign language, taken in the United States or the relevant country
- completion of six credit hours of upper-division courses that have the global awareness designation (G) or cultural diversity in the U.S. designation (C) in addition to the courses used to meet the university general studies requirements

Students whose native language is not English who choose to take a second language must meet or exceed a TOEFL score of 100 or more to register for a non-English language class in the first or second semesters. All students whose native language is not English may register for a language class in their third semester. The first two semesters of English immersion will solidify their English proficiency before a new language is attempted.

### **Concurrent degrees**

Students who are interested in pursuing concurrent degrees may petition the Thunderbird School of Global Management Standards Committee through their academic advisor:

[https://catalog.asu.edu/sites/default/files/attachment/tbird\\_concurrent\\_degree\\_petition.pdf](https://catalog.asu.edu/sites/default/files/attachment/tbird_concurrent_degree_petition.pdf) [20].

Thunderbird School of Global Management requires that students interested in applying for a concurrent degree meet the following criteria:

1. a minimum cumulative GPA of 3.00
2. a minimum of 12 credit hours of coursework completed in the first major
3. a minimum of nine credit hours of coursework completed in the second major
4. petition for approval to pursue a concurrent degree before the final semester

For more information on degree requirements, students should see <https://students.asu.edu/programs/> [21].

Thunderbird students may pursue minors in other colleges at ASU. Courses used in the minor may not be used in the student's major program: <https://catalog.asu.edu/index.php?q=minors> [22].

### **Readmission**

Undergraduate degree-seeking students are eligible to return through quick reentry if they previously attended ASU but have not enrolled at ASU for one fall or spring semester or no more than two consecutive semesters. These students are not required to submit a new application or application fee, but they must contact a Thunderbird academic advisor to enroll.

Undergraduates who have been away from the university for three or more semesters and want to return to ASU in a Thunderbird program are required to apply for readmission through Admission Services:

<https://admission.asu.edu/undergrad/readmission> [23].

Disqualified students must follow the procedures for readmission; requests will be reviewed by the college on a case-by-case basis.

### **Other special requirements**

#### **Grievance policy**

Undergraduate students with grievances pertaining to an enrolled course should first address issues with the course instructor. If an identified grievance is not resolved with the course instructor, the student should next seek resolution through the academic advisor, and lastly from Thunderbird's academic director of undergraduate programs. Finally, if no resolution has been achieved, the student should contact the dean of faculty at Thunderbird School of Global Management.

## Graduate policies

### *Academic progression*

Each graduate program in the Thunderbird School of Global Management adheres to specific academic requirements. Students are strongly encouraged to become familiar with the expectations listed for their respective graduate program as well as review ASU graduate education policies found at <https://graduate.asu.edu/policies-procedures> [24] and in the Thunderbird Student Handbook. Each student should also communicate directly with the program coordinator or academic advisor to ensure a clear understanding of all degree requirements and program expectations. Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and must abide by all university policies including those of the Graduate College and the Thunderbird School of Global Management.

All Thunderbird graduate programs require a minimum cumulative, graduate and iPOS GPA of 3.00. Students should see the individual graduate degree programs for additional requirements on satisfactory academic progress, probation and disqualification.

### *Credit/Registration*

Because of the intensity of the Thunderbird graduate programs, the maximum number of credit hours students may take each semester may be limited. Students should see the Thunderbird Student Handbook for more information.

Students may petition the Thunderbird School of Global Management Standards Committee through their academic director to register for more than the maximum allowable number of credit hours. No student should assume that a petition for overload will be granted.

## College of Health Solutions

At the pulse of health, the College of Health Solutions is dedicated to developing the health workforce of the future. The college equips students to influence healthier lifestyle choices; develop creative interventions to improve the health of people and populations; analyze and translate large amounts of health data into solutions; maximize the technology, science, business and application of diagnostics; and address the critical and complex needs of the health care system. The college's programmatic focus is on behavioral health, biomedical diagnostics, biomedical informatics, executive education, exercise science, health promotion, health sciences, kinesiology, medical studies, nutrition, population health, public health, the science of health care delivery, and speech and hearing science.

### Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Student Academic Integrity Policy is strictly enforced, and for students found in violation of this policy possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. More information is available at <https://provost.asu.edu/academic-integrity> [1].

For more information on graduate-specific policies, students should refer to the specific graduate program manual, and they should see <https://graduate.asu.edu/academic-integrity> [2].

#### Procedure:

Any student, staff member or faculty member may report a suspected violation of the university's academic integrity policy. If a student is suspected of violating the academic integrity policy, the individual who suspects the violation will contact the college's Academic Integrity Officer (AIO) to discuss details and proposal of a sanction. The AIO will communicate to the student regarding the alleged violation, giving the student the opportunity to respond. Once an investigation has taken place and a determination made as to whether it is more likely than not that the student did violate the academic integrity policy of the university, the AIO will send communication of the official sanction to the student along with steps by which the student may appeal the decision. If the student decides to appeal, he or she must meet with the AIO to discuss hearing procedures.

After meeting with the AIO following the receipt of the sanction, a student may appeal to the College of Health Solutions Academic Standards and Grievance Committee (CHSASGC). Students should be aware that if an appeal is heard, the CHSASGC could award a sanction more severe than that originally proposed. Students have 10 working days from the date of the meeting with the AIO to initiate an appeal. After the 10 days, the sanction determined by the AIO is imposed and the matter will be closed.

The CHSASGC is a body composed of faculty from across the college and includes one student member. The CHSASGC meets no more than once a month during regular fall and spring semesters but not during summer, winter or the midterm breaks. After hearing the case, the committee deliberates and makes a written recommendation to the dean for her review. The final decision of the dean is communicated to the student and all appropriate parties in writing.

Unless a student successfully appeals the finding that an academic integrity policy violation has occurred, the AIO will maintain a record of the incident and the sanctions on the university database. If students are found to have committed prior academic integrity violations, the intensity of sanctions will increase beyond the level, which might have been warranted by the current offense.

## Undergraduate policies

### Academic standing

The College of Health Solutions adheres to the university policy regarding academic good standing [3]. For students to maintain satisfactory academic progress they must:

1. maintain a minimum 2.00 grade point average (GPA [4]) each semester
2. maintain a minimum 2.00 cumulative GPA

### Exceptions

- Speech and hearing science majors must maintain a 2.80 GPA in ASU critically tracked courses.
- Nutrition (dietetics) students must maintain a 3.00 GPA in critically tracked courses.
- Medical studies students must maintain a 3.00 cumulative GPA.
- Kinesiology students must maintain a 3.00 cumulative GPA.

### Probation

If their GPA is less than 2.00, students are placed on academic probation at the end of fall or spring semester. Students will be allowed to register for one additional semester after meeting with an academic advisor. Students on academic probation must meet with an academic advisor to discuss academic success strategies for the subsequent semester and are required to take UNI 220 Mindset Connections as a graduation requirement. In addition, students who have fewer than 24 credit hours are required to participate in the ASU Pathway for Achieving Student Success program [5].

### Continuing probation

Students are placed on continuing probation when their cumulative GPA is less than 2.00 for two consecutive semesters but they have shown academic progress and not earned less than a "C" in any course in the most recent semester.

### eAdvisor tracking

In addition to being in university good academic standing, all students in the College of Health Solutions must adhere to ASU critical tracking coursework [6], per the pertinent major map. For more information on critical tracking courses, students should review the major map for their degree program. Students are off track if they fail to meet ASU critical tracking requirements for two consecutive semesters. All off-track students will receive a hold requiring them to meet with their academic advisor and set a plan for getting back on track with their degree program.

Students who remain off track for two or more consecutive semesters may be required to change majors to a program that does not have the same critically tracked courses. For example, students not succeeding in chemistry may not change into another major that also critically tracks chemistry courses.

### Disqualification

Students are disqualified from the College of Health Solutions and ASU if their cumulative GPA remains less than 2.00 for two consecutive semesters. Students who are disqualified cannot enroll in classes at ASU for a minimum of two semesters (fall and spring). Disqualified students may take courses during the summer to raise their GPA; however, this does not guarantee reinstatement for the following fall semester. Disqualified students must apply for readmission or reinstatement for the semester they wish to return to the university. The college will not reinstate a student into any major whose purpose is to prepare students for professional school or professional credentialing nor will the college reinstate students into majors where they have failed to complete a required course twice at ASU.

### Remediation

Students are required to meet with an academic advisor if they are placed on probation, continuing probation, off-track status or are at risk for disqualification, at which point an appropriate remediation plan will be discussed.

## Advising

The Student Services Office in the College of Health Solutions is committed to maximizing the personal, social and academic experiences of students by providing high quality, student-centered academic advising, ensuring the accuracy and accessibility of information and resources, and partnering with students to help them reach their career goals in health and the health care industry. Advisors are available to meet with students in each of the undergraduate programs in person, by email and by phone.

Academic advising is required for the following students:

1. All freshman and new transfer students are required to meet with an academic advisor prior to course registration.
2. Students not in satisfactory academic standing (i.e., probation, continuing probation, off-track status, disqualification, etc.) are required to meet with an academic advisor to discuss a remediation plan.

Faculty and staff utilize Academic Status Reports [7] to provide student feedback over the course of the academic semester. The ASRs may be used to identify students who are struggling academically or professionally or to recognize students who are doing well. Academic advisors and faculty mentors may access ASRs to provide students with valuable insight into performance improvement.

In order to be successful in the College of Health Solutions, students are strongly encouraged to be proficient in the basic concepts in writing, math and science. Students are encouraged to use the following resources.

### Tutoring and academic support

Student Success Centers, located on all ASU campuses, offer free academic support resources for all students including:

- tutoring [8] – In-person and online tutoring options are available.
- writing support [9] – Students may receive help with a class writing assignment, a resume and all other writing needs, from structuring a paper to proofreading.
- structured study groups [10] – Classmates get together to discuss concepts, compare notes and share strategies.

ASU Libraries, located on all ASU campuses, offer free online and in-person research support for all students including:

- subject librarians [11] – Research experts in each major are available to work one-on-one, and students are encouraged to make an appointment.
- ask a librarian [12] – Students receive help via chat (24/7), email, phone or by visiting one of the library information desks.
- library guides [13] – Quick access to the best library resources is available online for specific majors, subjects and courses.

### Career services

ASU Career and Professional Development Services [14] offers students, alumni and employers services on four university campuses across the Phoenix metropolitan area. Each location offers services such as career advising, interview and resume preparation, class and group presentations, on-campus recruitment and interviewing space, and recruitment and networking events.

## Credit/Registration

For fall or spring semesters, a minimum full-time course load for an undergraduate student is 12 credit hours. The maximum course load for which a student may register is 18 credit hours during a fall or spring semester, with a maximum of nine credit hours in session A and B, and the load limit may not exceed a total of 18 credit hours for any combination of sessions. A student wishing to register for more than the maximum must petition the college standards committee [15] and must obtain an approved overload prior to registration. The summer session credit hour load limit is seven credit hours for each six-week session and nine credit hours for the eight-week session, and the load limit may not exceed a total of 14 credit hours for any combination of sessions.

## **Graduate credits earned by undergraduate students**

ASU undergraduate students who have achieved senior status (cannot be postbaccalaureate) with a cumulative GPA of 3.00 or greater may count up to 12 graduate-level credit hours with grades of “B” or better that were not used toward a previous degree toward their graduate degree at ASU (preadmission credit hours) with the approval of the degree program and the Graduate College. Preadmission credits must have been taken within three years of admittance to the ASU degree program to be accepted.

Accelerated bachelor’s/master’s programs may use a maximum of 12 preadmission credits which may include up to a maximum of 12 hours shared between the programs. Students in accelerated programs should contact their advisor to ensure proper sharing of credit hours. If a student has been accepted to an accelerated degree program, they do not have to petition the standards committee to take the shared courses.

Before registering for a graduate level course, students must petition [15] the College of Health Solutions Standards Committee through the Academic Advising Office for permission to enroll in a specific course.

## ***Degree requirements***

### **Concurrent degrees**

Students at Arizona State University are permitted to pursue concurrent degrees as long as they meet the requirements for both programs and receive permission in advance from the colleges offering their chosen majors. For example, a student in the exercise and wellness degree program may also petition to pursue a degree in Spanish. A student interested in pursuing a concurrent option may petition the College of Health Solutions Standards Committee if both degrees are offered by this college. If the second degree is offered by another college, the standards committees of both colleges must be petitioned separately.

Students earn a separate diploma for each degree. Degrees may not be too closely related.

### **Minimum requirements**

1. sophomore standing or higher
2. minimum 3.00 GPA
3. minimum of 12 hours of coursework completed in the first major
4. minimum of nine hours of coursework completed in the second major
5. minimum of 30 unique hours of coursework in each major

In order to begin the process in the College of Health Solutions, students must petition [15] the college standards committee.

## ***Reinstatement/Readmission***

Disqualified students who have missed a fall or spring semester must follow ASU procedures for readmission [16]. Students are also required to meet with a College of Health Solutions academic advisor prior to course enrollment. Exceptions may apply, including for students on leaves of absence and students who serve in the military. The college will not reinstate a student into any major that is meant to prepare students for professional school or professional credentialing nor will the college reinstate students into majors in which they have failed to complete a required course twice at ASU.

## ***Other special requirements***

### **Clinical requirements**

Some degree programs offered in the College of Health Solutions require clinical training in hospital or ambulatory care settings. These clinical sites may require criminal background checks and proof of medical insurance or proof of immunizations or both.

## Special considerations

### Medical or compassionate withdrawals

Medical or compassionate withdrawals are available for students needing to withdraw from a semester due to a personal mental or physical health condition or the death or serious illness of a close family member. More information concerning medical or compassionate withdrawal requests can be found here [17]. Students must meet specific criteria for a medical or compassionate withdrawal and must be able to provide the college's medical or compassionate withdrawal designee with supporting documentation. Students who are eligible or have questions about eligibility are encouraged to meet with their academic advisor.

### Incomplete grades

The College of Health Solutions requires faculty and students to complete a Request for Grade of Incomplete [18] prior to having an incomplete grade posted for a class. The student requesting the incomplete must be passing, have completed a majority of the coursework and must have had an extenuating circumstance occur that prevents timely completion. If qualified, students have one calendar year to complete course requirements. If requirements are not met per the standards agreed upon with the course instructor after one calendar year, the incomplete grade adjusts to a course failure.

### Military

Students with military or veteran status should utilize the Pat Tillman Veterans Center [19].

### Americans with Disabilities Act (ADA)

The College of Health Solutions is supportive of and compliant with the Americans with Disabilities Act. Reasonable accommodations are made for qualified students. Reasonable accommodation is defined as the provision of an auxiliary aid or modification to the course or program that will allow access to the job duties, the educational process, program and degree, or activity. Students are encouraged to visit the Disability Resource Center [20].

The Americans with Disabilities Act (ADA) 1990 provides comprehensive Civil Rights protection and is designed to remove barriers, which prevent persons with disabilities from accessing the same educational and employment opportunities as persons without disabilities. The law also provides access to public accommodations, state and local government services, transportation, and telecommunications. The Americans with Disabilities Act also prohibits discrimination against a qualified individual with a disability with regard to admission to educational institutions or vocational training programs (public or private); employee compensation; job training; and other terms, conditions and privileges of employment.

### Title IX policy

Title IX of the Education Amendments of 1972 protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. ASU does not discriminate on the basis of sex in the employment, education programs or activities it operates. ASU and the College of Health Solutions are committed to providing an environment free from discrimination based on sex and provide a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence. Victims of sexual violence, sexual harassment, and stalking and relationship violence are encouraged to seek support and report the incident.

## Graduate policies

### Academic integrity

Academic honesty is expected of all students in all examinations, papers, laboratory work, academic transactions and records. The ASU Student Academic Integrity Policy [2] is strictly enforced for students found in violation. Possible sanctions could include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. For more information, students should refer to the specific graduate program manual.

## *Academic standing*

Each graduate program in the College of Health Solutions adheres to specific academic requirements. Students are strongly encouraged to become familiar with the expectations listed in their respective graduate program manual.

## *Academic advising*

It is important for graduate students in the College of Health Solutions to cultivate the following skills in their development as a health professional:

1. Proactively identify problems and possible solutions.
2. Accept feedback in a positive manner.
3. Modify performance in response to feedback.
4. Communicate with others in a respectful and confident manner.
5. Assume responsibility for learning.

Academic advising at the graduate level is facilitated by graduate support staff located in the Student Success Hub on the 4th floor of the Health North building.

Faculty advisors meet with students in the academic area of concentration.

## *Special considerations*

### **Medical or compassionate withdrawals**

Medical or compassionate withdrawals are available for students needing to withdraw from a semester due to a personal mental or physical health condition or the death or serious illness of a close family member. More information concerning medical or compassionate withdrawal requests can be found here [17]. Students must meet specific criteria for a medical or compassionate withdrawal and must be able to provide the College's medical or compassionate withdrawal designee with supporting documentation. Students who are eligible or have questions about eligibility are encouraged to meet with their academic advisor.

### **Military**

Students with military or veteran status should utilize the Pat Tillman Veterans Center [19].

### **Americans with Disabilities Act (ADA)**

The College of Health Solutions is supportive of and compliant with the Americans with Disabilities Act. Reasonable accommodations will be made for qualified students. Reasonable accommodation is defined as the provision of an auxiliary aid or modification to the course or program that will allow access to the job duties, the educational process, program and degree, or activity. Students are encouraged to visit the Disability Resource Center [20].

The Americans with Disabilities Act (ADA) 1990 provides comprehensive Civil Rights protection and is designed to remove barriers, which prevent persons with disabilities from accessing the same educational and employment opportunities as persons without disabilities. The law also provides access to public accommodations, state and local government services, transportation, and telecommunications. The Americans with Disabilities Act also prohibits discrimination against a qualified individual with a disability with regard to admission to educational institutions or vocational training programs (public or private); employee compensation; job training; and other terms, conditions and privileges of employment.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and abide by all university policies including those of the Graduate College and the College of Health Solutions.

### **Title IX policy**

Title IX of the Education Amendments of 1972 protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination prohibited by Title IX. ASU does not discriminate on the basis of sex in the employment, education programs or activities it operates. ASU and the College of Health Solutions are committed to providing an environment free from discrimination based on sex and provide a number of resources and services to assist students, faculty and staff in addressing issues involving sex discrimination, including sexual violence. Victims of sexual violence, sexual harassment, stalking and relationship violence are encouraged to seek support and report the incident.

## Honors - Barrett, the Honors College Policies

Students who have demonstrated high levels of academic achievement in high school or college may apply for admission to Barrett. Each candidate must file an application to the college separate from the ASU application, in accordance with the appropriate Barrett deadlines.

Applicants are evaluated on the basis of their academic records, high school class ranking within their graduating class, and their performances on the SAT or ACT. The college also values students who have special talents and aptitudes, exhibit exceptional leadership qualities, have unusual life experiences and display significant community involvement. High school GPAs used in the evaluation process are calculated in accordance with the Arizona Board of Regents competency requirements, pursuant to ABOR Policy 2-102.

The Barrett admission application and additional information about the college and its activities are available at <https://barretthonors.asu.edu> [1].

### Undergraduate policies

#### Advising

Barrett students have advisors in their major, an assigned Barrett honors advisor [2], and faculty honors advisors in departments throughout the university. Students are encouraged to stay in regular contact with all these resources and are required to complete mandatory advising sessions with their Barrett honors advisor during the first, second and third year of study. To schedule an appointment with a Barrett honors advisor, call 480-965-9155 (Tempe campus), 602-496-1757 (Downtown Phoenix campus), 480-727-5539 (Polytechnic campus) or 602-543-3410 (West campus).

Students can review honors opportunities in majors at <https://barretthonors.asu.edu> [1]. There are also special prelaw and prehealth advising opportunities for Barrett students. Students should contact the Barrett advising office for more information.

#### Degree requirements

##### Barrett academic course requirements

Honors students must maintain high standards of academic performance and show progress toward completion of graduation requirements in their disciplinary majors and in Barrett.

In order to graduate from Barrett, students must complete the following, which includes 36 credit hours of honors coursework:

1. HON 171 The Human Event and HON 272 The Human Event must be completed in sequence during a student's first two semesters in the college.
2. Thirty additional credit hours of honors coursework must be earned with a letter grade of "C" (2.00) or higher. This may include HON prefix classes, honors sections of classes, honors enrichment contracts or any automatic honors course.
3. Included in the 36 credit hours of honors coursework are at least 18 hours of upper-division or graduate-level honors credits for an earned letter grade of "C" (2.00) or higher, including six credit hours of honors coursework outside the academic major. Students should investigate specialized honors, upper-division tracks within their majors.
4. Those admitted as upper-division transfer students (students who, after high school, completed 48 university credits by the time of planned enrollment in Barrett) must complete HON 370 History of Ideas and 18 hours of upper-division honors coursework, six credits of which must be outside the academic major. Upper-division transfer students are required to complete 21 hours of upper-division honors coursework.
5. Students are required to complete an honors thesis or creative project for at least three credit hours, though some units may allow students to complete six credit hours of thesis or creative project work. The thesis credit hours may be included in the 18 required hours of upper-division honors coursework. The honors thesis or creative project is launched with a prospectus that is due one academic semester before the defense. Prior to enrolling for credit for a thesis or for creative project work, students must complete a required preparatory workshop or course. The final copy of the honors thesis or creative project must be filed by the posted deadline during the student's graduation semester.
6. ASU graduation requirements in an academic major must be met.

7. The student must maintain a cumulative ASU GPA of 3.25 or higher.

Barrett course requirements may be met in a variety of ways. Only courses in which a student receives a grade of “C” (2.00) or higher may be used to meet Barrett requirements.

Those entering the college as lower-division students may take as many as 18 lower-division honors credits, which include HON 171 The Human Event and HON 272 The Human Event, and at least 18 upper-division credits (total honors credits must be 36). HON 171 and HON 272 are transdisciplinary seminars that acquaint students with ideas that form the foundation of a university education and emphasize critical thinking, discussion, and writing.

Those who enter as upper-division students must take 21 upper-division honors credits, including HON 370 History of Ideas taught by an Honors Faculty Fellow. This seminar course introduces students to critical thinking, discussion, and writing in a topical area chosen by the instructor. All students are expected to complete this course during the first semester upon entering Barrett.

Departmental honors-only courses are limited to honors students. Enrollment in these courses is limited. Compared to their nonhonors equivalents, these courses are designed to offer a richer, more complex intellectual experience appropriate to the discipline and the level of the course for all students enrolled. Other disciplinary honors courses group honors students in small cohorts to work on research projects of common interest.

Honors enrichment contracts are available in many departmental courses, allowing honors students to contract with the instructors of designated non-honors courses to earn honors credit by pursuing enrichment activities, which include supplemental sessions with the instructor. Honors enrichment contracts must be filed during the first four weeks of class and be completed during the semester in which the course is offered. The enrichment contract form offers guidelines to aid students and faculty in developing appropriate contracts.

Courses reserved for students in Barrett and that always count for honors credit are those listed in the online ASU Class Search/Course Catalog as course numbers 492 Honors Directed Study, 493 Honors Thesis, and 497 Honors Colloquium; all classes with the HON prefix; and those with a departmental prefix that carry the honors designation.

Departmental courses numbered 492 and 493 are reserved for honors students completing their honors thesis or creative project. A student may enroll for these courses only with approval from the sponsoring academic department and the faculty member who serves as the student’s thesis or creative project director. Course numbers listed in the ASU schedule of classes as 493 fulfill the student’s upper-division literacy and critical inquiry (L) General Studies requirement.

Specific courses carry automatic honors credit. These include ACT 310 Mathematics of Finance, ACT 430 Mathematics of Financial Derivatives, CHE 211 Introduction to Chemical Processing, CEE/CNE 212 Engineering Mechanics II: Dynamics, CEE 486 Integrated Civil Engineering Design, CPI 310 Web-Based Information Management Systems, CSE 230 Computer Organization and Assembly Language Programming, EEE 230 Computer Organization and Assembly Language Programming, ENG 105 Advanced First-Year Composition (any in-person section), FSE 104 EPICS Gold Feasibility and Planning, FSE 150 Perspectives in Grand Challenges for Engineering, GRK 101 Elementary Ancient Greek, LAT 421 Roman Literature, PHY 201 Mathematical Methods in Physics I, and PHY 333 Electronic Circuits and Measurements. Graduate courses, 500 level and above, taught in an in-person format automatically earn honors credit.

For a full list of honors courses, including those that carry automatic honors credit, students should visit the Barrett Signature Courses webpage [3] and review the Honors Courses document.

## College of Integrative Sciences and Arts Policies

The College of Integrative Sciences and Arts provides students throughout the university with the knowledge and skills to comprehend and effectively engage the changing world of the 21st century at local, national and global levels. The college offers graduate and undergraduate degree programs that prepare students for a rapidly changing marketplace and offers foundational instruction in humanities, social sciences, mathematics, sciences and professional fields. The college also affords an ASU student who has fewer than 45 college credit hours the opportunity to explore all ASU degrees as an exploratory student.

### Academic integrity

Academic honesty is expected of all students in all examinations, papers, projects, partnerships, internships, academic transactions, and records. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. The College of Integrative Sciences and Arts adheres strictly to the student code of conduct regarding academic dishonesty. A copy of the student code of conduct may be obtained online at <https://provost.asu.edu/academic-integrity> [1].

### Undergraduate policies

#### Academic standing

To be considered in academic good standing in the College of Integrative Sciences and Arts, students must achieve a cumulative GPA of 2.00 or higher.

#### Probation

Students who do not achieve a 2.00 GPA will be placed on university academic probation and must meet with an advisor to discuss academic success strategies. Students on academic probation will be required to take UNI 220 Mindset Connections. UNI 220 will appear on the students' DARS as a graduation requirement. In addition, students who have fewer than 24 credit hours will be required to participate in the ASU PASS [2] program.

Within one semester, a student on academic probation must do one of the following:

1. Achieve a cumulative ASU GPA of 2.00 or higher, to return to academic good standing.
2. Obtain a semester GPA of 2.00 or higher, to be continued on probation. Students on continued academic probation may continue for as many semesters as needed to achieve academic good standing.

#### Disqualification

Students who fail to meet the criteria for continued probation may be disqualified from ASU. Students who have been disqualified may attend summer sessions but not fall or spring sessions.

Once readmitted, the student may be placed on academic probation for at least one semester. Students on probation will have one semester to raise their cumulative or semester GPA to meet ASU academic good standing (2.00). Failure to do so will result in disqualification from the university.

#### Academic policy appeals

Academic appeals regarding college policies or other variances or exceptions should be discussed with the student's academic success specialist, and students may be required to submit a College of Integrative Sciences and Arts Standards Committee petition. Some petitions may require a secondary review by the ASU University Undergraduate Standards Committee. For more details, students should visit [https://cisa.asu.edu/standards\\_petitions](https://cisa.asu.edu/standards_petitions) [3].

#### Academic advising

All students are encouraged to seek advising from their academic success specialist (academic advisor) prior to registration. Students must review the academic calendar [4] each semester for information and deadlines pertaining to enrollment including course adds, drops and withdrawals.

The ASU academic catalog is the governing source for all degree requirements. Students are expected to read the requirements for university general studies, college graduation and major degree requirements. The academic success specialist will provide guidance.

**Advising Information:** <https://cisa.asu.edu/advising> [5]

### **Mandatory advising**

The following students in the College of Integrative Sciences and Arts must receive advising clearance prior to course registration:

- new students in all exploratory tracks
- new students in their first semester of attendance
- readmitted students in their first returning semester
- students on academic probation or continued probation
- students who have been disqualified
- students who are off track for graduation

Students are encouraged to use My ASU to check their advising status requirements each semester before attempting any registration transactions.

### **Credit/Registration**

Students enrolling in courses offered by the College of Integrative Sciences and Arts are expected to follow the rules and deadlines specified in this catalog and the current registration and tuition payment guide. Students are encouraged to meet with their academic success specialists before registration.

### **Course load**

Students may enroll in a maximum number of 18 credit hours per fall or spring semester, with a maximum number of nine credits taken in session A or Session B. Students may enroll in a maximum of 14 credits for a summer session, with no more than seven credits in session A or B. Students may enroll in a maximum of 9 credits for the summer session C (eight weeks).

- First-semester freshmen and entering transfer students are not permitted to register for more than 18 credit hours in the initial 15-week semester or nine credit hours in session A and nine credit hours in session B.
- Any student wishing to enroll in more than the 18 credit hour limit in the fall or spring (or 14 in summer) or more than the nine credit hour limit in an A or B session (or seven hour limit in summer) should first meet with their academic success specialist to discuss a course overload. Some overload requests may require College of Integrative Sciences and Arts standards petition approval.

For more details on credit hour limits, students should visit [https://catalog.asu.edu/course\\_load](https://catalog.asu.edu/course_load) [6]. More details on the petitioning process are available at [https://cisa.asu.edu/standards\\_petitions](https://cisa.asu.edu/standards_petitions) [3].

### **Repeat/Replace policy**

Students wishing to repeat courses and possibly replace prior course grades must follow the repeat/replace policy [7] stated in the University Student Services Manual [8] regarding the number of credit hours that can be repeated and the types of courses that are eligible for a grade replacement.

Students wishing to repeat a course for a third time must petition the College of Integrative Sciences and Arts Standards Committee.

### **Pass/Fail grade options**

A grade of “Y” (satisfactory) contributes to a student’s earned hours but does not affect the GPA. A failing grade of “E” is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted from the instructor and college offering the course.
- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.

- A maximum of 12 hours taken for pass/fail may be counted toward graduation.

**College of Integrative Sciences and Arts students may not enroll under the pass/fail option in the following courses:**

- first year composition requirements
- major, minor, concentration area, or certificate program
- honors credits
- language proficiency requirements
- general studies requirements

**Audit grade option**

Students may choose to audit certain courses in which they attend regularly scheduled class sessions but earn no credit. Students should obtain instructor approval before registering for the courses. The option to audit is not available for all courses. This grade option may not be changed after the drop/add period.

***Degree requirements***

All candidates for graduation are required to complete at least 120 credit hours, of which at least 45 hours must consist of upper-division courses. A minimum ASU cumulative GPA of 2.00 is required for graduation. All new College of Integrative Sciences and Arts freshman students are required to enroll in an ASU 101 course during their first ASU semester.

**Minors**

The college offers minors in many of its disciplines. All minors must entail a minimum of 15 hours in the discipline with at least 12 of those hours as upper-division courses.

- Six of the upper-division hours must be taken from courses offered by the College of Integrative Sciences and Arts.
- Students may not use courses in their minors toward major core requirements and, similarly, students may not use courses in their major core requirements to fill the requirements of their minors. Students should see an academic success specialist for more details.
- Some disciplines are too close in content for a student to choose a particular combination of minor and major.

**Concurrent degrees**

The college allows students to request approval from the college to pursue a concurrent degree if they have completed at least 30 graded credit hours with a minimum GPA of 2.00. Concurrent degrees may not be from the same discipline or have overlap in the courses required for each major. Students must earn at least 30 unique credit hours for each degree.

To request a concurrent degree, students must meet with an academic advisor in each degree program and complete a College of Integrative Sciences and Arts Standards Petition form available at [https://cisa.asu.edu/standards\\_petitions](https://cisa.asu.edu/standards_petitions) [3].

**Critical and necessary requirements**

All undergraduate majors at ASU provide an eight-term course plan leading to four-year graduation; it is called a major map. College of Integrative Sciences and Arts students must meet the critical and necessary requirements listed on their major maps.

A student who does not comply with the critical requirements is off track and will have a hold placed on their record, and the student will be required to meet with a College of Integrative Sciences and Arts academic success specialist to discuss their progression toward graduation. For more information about critical requirements, students should refer to the corresponding major map or eAdvisor <https://eadvisor.asu.edu/> [9].

**Exploratory tracks**

All first-year students who choose to become an exploratory student are required to declare an exploratory track in one of four areas:

- exploratory social and behavioral sciences
- exploratory health and life sciences

- exploratory humanities and fine arts
- exploratory math, physical sciences, engineering and technology

Each of these tracks is designed to provide students with introductory courses in a field of choice (e.g., Introduction to Psychology, Introduction to Environmental Design), General Studies education, and elective courses that reinforce student interests. Each exploratory track is composed of a three-semester major map, culminating in the declaration of a major no later than the completion of 45 credit hours.

All exploratory students are required to enroll in a major and career exploration class (UNI 150, 250, or 270) each semester the student remains designated as an exploratory student.

### **Readmission**

Students who have been disqualified from ASU may be readmitted to the College of Integrative Sciences and Arts for a fall or spring semester if they complete one of the following:

1. Achieve a cumulative ASU GPA of 2.00 by taking ASU summer session courses.
2. Complete 12 or more transferable credit hours at a community college or university with no grade lower than a “C” and a GPA of 2.50 or better. Courses in which the student failed or received a “D” at ASU should not be repeated at another institution.

Once readmitted, the student may be placed on academic probation for at least one semester. Students on probation will have one semester to raise their cumulative or semester GPA to meet the required 2.00 GPA to remain at ASU. Failure to do so will result in disqualification from the university.

### **Graduate policies**

Students should review graduate policies at <https://graduate.asu.edu/policies-procedures> [10].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those established by the Graduate College and the College of Integrative Sciences and Arts.

## New College of Interdisciplinary Arts and Sciences Policies

New College offers interdisciplinary programs built upon the foundation of disciplines such as English, history, philosophy, psychology, sociology, communication, mathematics, biology and statistics. Through unique combinations and innovative partnerships, we offer degrees ranging from forensic science and applied computing, to Latin American studies, interdisciplinary arts and performance, conflict resolution, political science, and much more. Our degrees provide students with 21st century skills, allowing them to contribute meaningfully to solving the most critical challenges of today and tomorrow. Our students are prepared to steward sustainable societies that incorporate ethics and a respect for human rights, a regard for the environment, an appreciation of culture and language, while at the forefront of innovation in science and technology.

For more information, students should see <https://newcollege.asu.edu/> [1].

### Academic integrity

The New College of Interdisciplinary Arts and Sciences adheres to ASU's Student Academic Integrity Policy. Therefore, academic honesty is expected in all areas of student work, including examinations, written work, laboratory assignments, internships, group work and all other necessary transactions. If academic integrity is compromised, possible sanctions include course assignment grade penalties, failure of course, disqualification and dismissal from the university. For more information, students should see <https://provost.asu.edu/academic-integrity/> [2].

### Undergraduate policies

#### *Academic standing*

New College students must achieve a cumulative GPA of 2.00 in order to be considered in good academic standing at ASU. Students with a semester or cumulative GPA of less than 2.00 are placed on academic probation and are required to meet with an advisor to effectively plan academic progress toward graduation. Further information is available at [https://catalog.asu.edu/retention\\_standing](https://catalog.asu.edu/retention_standing) [3].

#### *Advising*

All students in New College are expected to meet with their academic advisors regularly, especially prior to course enrollment each semester.

To ensure students are making timely progress toward degree completion, advising may be required for the following:

- newly admitted students
- freshman students
- students on academic probation
- students off-track for eAdvisor tracking requirements

Advising information for New College is available at <https://newcollege.asu.edu/college-advisor> [4].

For eAdvisor tracking and other general academic program information, students should see <https://students.asu.edu/academics> [5].

#### *Credit/Registration*

##### **Audit grade option**

Students may choose to audit a course, allowing them to attend but not earn credit. Students must obtain instructor approval prior to enrollment (<https://students.asu.edu/grades> [6]). This grade option may not be changed after the drop/add period.

The audit option may be used under the following conditions:

- Approval has been granted from the instructor and college offering the course.
- The audit option is chosen during initial registration for the course.

## Course load

Students are limited to a maximum of 18 credit hours per term. Enrollment in additional credit hours requires completion of overload request form and approval from the college academic advisor: <https://newcollege.asu.edu/advising/forms> [7].

## Course prerequisites

Course prerequisites are established to ensure student success in a course. Students must complete all course prerequisites prior to enrolling in the desired course. Prerequisite overrides may be granted under the following conditions:

- A transfer course has been accepted by an advisor to fulfill required course prerequisite.
- A prerequisite override has been granted by an advisor.

## Grade of incomplete

A grade of incomplete for a course may be granted by permission of the instructor under the following conditions:

- The student is in good standing academically at ASU.
- The student has completed a majority of the required coursework.
- The student has experienced extenuating circumstances prior to the end of the semester, preventing completion of the course; students should see <https://students.asu.edu/forms/incomplete-grade-request> [8].

## Pass/Fail grade option

A grade of "Y" (satisfactory) contributes to a student's earned hours but does not affect the GPA. A failing grade of "E" is calculated into the GPA.

The pass/fail grade option may be used under the following conditions:

- Approval has been granted by the instructor and the college offering the course.
- The pass/fail option was chosen during initial registration for the course, if available.

New College students may not enroll under the pass/fail option in the following courses:

- those taken to satisfy first-year composition requirements
- those taken from the student's major, minor or certificate program
- those taken for honors credits
- those counted toward satisfying New College general studies requirements
- those counted toward satisfying New College proficiency requirements in math or language and cultures

## Academic (Grade) Grievance policy

The following steps must be followed by any student seeking to appeal a grade. This process does not address academic integrity allegations or faculty misconduct.

Student grade appeals must be processed in the regular semester immediately following the issuance of the grade in dispute (by commencement for fall or spring), regardless of whether the student is enrolled at the university.

There are two stages to the grade grievance process: the informal process and the formal process. Each process contains a series of steps.

### Informal process

Step 1: An aggrieved student must first confer with the instructor; the student must state the reasons for questioning that the grade received was not given in good faith. The instructor must review the matter, explain the grading procedure used and explain how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course.

Step 2: If the grading dispute is not resolved in Step 1, the student may appeal to the school academic director or designee within the school offering the course. The school director or designee may confer with the instructor to handle the problem. In most instances, the grievance procedure can be resolved with Steps 1 or 2 and does not go beyond this level.

Step 3: If the matter is not resolved to the student's satisfaction after completing Steps 1 and 2, the student may then confer with the Dean's representative in the New College of Interdisciplinary Arts and Sciences (Executive Director of Academic Services and Strategic Initiatives at 602-543-7000), who will review the case and explain the formal process to the student. If still unresolved, the student may proceed to the formal process.

### **Formal process**

Step 4: No later than ten business days after meeting with the Dean's representative, the student must provide a written statement stating the evidence, if any, and reasons for determining the grade received was not given in good faith. Supporting materials should be attached as exhibits to the statement.

Step 5: The Dean's representative will provide the student's statement (with any exhibits) to the instructor, and request the instructor to respond to the Dean's representative within ten business days.

Step 6: When the official, written response is received from the instructor, the Dean's representative will contact the student, who can then schedule an appointment to review the instructor's response. After reviewing the instructor's response, the student may submit a written request for a hearing before the New College of Interdisciplinary Arts and Sciences Grievance Committee. This written request for hearing must be submitted no later than ten business days after the Dean's representative notifies the student that the instructor's response was received. The Committee is a regular committee and meets monthly, as necessary, during the fall and spring terms when classes are in session. The Dean's representative serves as a non-voting, ex-officio member of the Committee.

Step 7: The Committee will meet with the student and the instructor in an attempt to resolve differences. In order to preserve the confidential nature of the grade grievance process and to protect the privacy interest of those involved, the hearing will be closed to the public. The Committee Chair will preside at the hearing and will rule upon all procedural matters. A student who fails to appear or refuses to participate at the hearing will be deemed to have abandoned the request for a hearing, unless the student can demonstrate that extraordinary circumstances prevented his/her appearance or participation.

Step 8: After all parties have been heard, they will be excused and the Committee will deliberate in closed session. Upon reaching consensus, the Committee Chair will submit his/her recommendation to the Dean of the New College of Interdisciplinary Arts and Sciences. The Dean will review the report and make a final determination regarding the appropriate course of action. The Dean's office will inform the student, instructor, school director, registrar, and grievance committee in writing of the decision. The decision of the Dean is final.

It is university policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the Dean's office in the New College of Interdisciplinary Arts and Sciences.

## **Transfer**

### **Transfer coursework**

Credit is granted for transferred courses deemed equivalent to corresponding courses in the selected program of study, subject to grade and ASU resident credit requirements. No grades less than "C" (2.00) transfer to ASU. Credits transferred from a community college or two-year institution are applied as lower-division credits. For a listing of the acceptable courses transferable to the various degree programs, prospective Arizona transfer students should consult their advisors and refer to the ASU transfer tools: <https://admission.asu.edu/transfer> [9].

Some courses taken from other ASU colleges or other universities may be acceptable for general university credit but may not be applicable toward the degree requirements of the schools. Determination of those particular courses applicable to a specific degree program is made within the appropriate academic unit.

## Withdrawal

### Complete session withdrawal information

Since a complete session withdrawal from the university can be a difficult decision and could result in serious academic and financial consequences, undergraduate students are required to contact their academic advisor to facilitate the withdrawal process.

Students must complete the following steps in the order in which they are listed:

1. Fill out a complete session withdrawal form:  
<https://students.asu.edu/sites/default/files/completesessionwithdrawal08102017.pdf> [10]
2. Make an appointment with their advisor, and take the form to the appointment.

ASU has many resources in place to help students. Students may want to consider one or more of the following:

- **Withdraw from just one or two classes (course withdrawal):** Students may withdraw from a class while remaining enrolled in other classes as long as the withdrawal is completed between the drop/add deadline and the course withdrawal deadline. Students are encouraged to contact their academic advisor to discuss the impact this may have on meeting critical requirements. Students are also encouraged to contact a financial aid representative to consider any impact withdrawing will have on scholarships, grants and loan packages.
- **Request a medical or compassionate withdrawal:** Medical or compassionate withdrawals are available for students withdrawing from one or more classes due to extraordinary personal mental or physical health conditions or the death or serious illness of an immediate family member or close relative. For information concerning medical or compassionate withdrawal requests, students should see <https://students.asu.edu/forms/medical-compassionate-withdrawal-request> [11].
- **Seek tutoring or academic support services:** The Student Success Center provides a variety of services to help students become better learners and gain the confidence and skills to achieve their academic goals. Services include writing centers, math tutoring, subject area tutoring and supplemental instruction. More information about the Student Success Center is available at <https://tutoring.asu.edu/student-services/tutoring> [12].
- **Make an appointment with ASU's Counseling Services:** Counseling and mental health services are provided at each of the four ASU campuses. ASU students may seek services at any of the campus counseling centers, regardless of their college affiliation. Students should visit <https://eoss.asu.edu/counseling/location> [13].
- **Explore the possibility of an "I" (incomplete) grade.**

Possible consequences resulting from a complete session withdrawal:

- **Financial aid:** Financial aid recipients who completely withdraw from the university may be responsible for immediate repayment of funds. The effect of a complete withdrawal from financial aid depends on when the withdrawal is dated and the type of financial aid. Students should see <https://students.asu.edu/financial-aid> [14] for more information.
- **Tuition and refunds:** The date of a complete withdrawal will determine whether or not a tuition refund will be generated. Students should review the tuition refund policy [15] for more information.
- **Health insurance:** Students should contact their health insurance company to determine whether or not withdrawing from the university affects their coverage.
- **Residential life:** Students who live on campus should contact their residential hall community staff to determine what impact withdrawing will have on their eligibility to live on campus and to complete a license agreement release form and arrange an appointment to officially check out. For more information, students should see <https://housing.asu.edu/housing-resources/license-agreements/release> [16].
- **Veteran benefits and certifications:** Students should contact the appropriate veteran benefits and certifications office to discuss information regarding veterans' educational benefits and military activation. For more information, students should send an email to [w.westvso@asu.edu](mailto:w.westvso@asu.edu) [17] or visit <https://veterans.asu.edu> [18].

Procedures for general university withdrawal are at <https://students.asu.edu/drop-add> [19].

## **Degree requirements**

### **Undergraduate degree requirements**

All candidates for graduation in the BA, BS and BAS curricula are required to present at least 120 credit hours, of which at least 45 credit hours must consist of upper-division work. A minimum cumulative GPA of 2.00 is required for graduation. Students must complete a New College residency requirement of a minimum of 12 credit hours of upper-division (300- and 400-level) coursework from the school housing the student's major.

It is the student's responsibility to be aware of the degree program requirements and to select courses accordingly.

To graduate, a student must satisfy the following requirements:

- ASU 101 or equivalent (freshman students)
- IAS 300 (transfer students)
- college proficiency requirements for language and cultures and for mathematics
- university first-year composition and General Studies requirements
- major requirements that involve concentrated coursework in one program
- successful completion of critical-tracking courses as required on the student's major map

Information on critical tracking and eAdvisor tools, such as the student's major map, is available at <https://eadvisor.asu.edu> [20].

### **Proficiency requirements**

Each student is required to demonstrate proficiency in the analysis of language and cultures and also mathematics by passing an examination or by completing the courses specified below with a grade of "C" (2.00) or better in each course.

Students considering graduate work after completion of a bachelor's degree should consult with faculty advisors regarding language requirements in their intended areas of study.

### **Language and cultures**

This requirement may be satisfied through one of the following:

- completion of secondary education at a school in which the language of instruction is not English
- completion of a language course at the intermediate level (202 or equivalent), including American Sign Language IV
- completion of an upper-division course or courses taught in a foreign language, taken in the United States or the relevant country
- completion of six credit hours of upper-division courses that have a global awareness designation (G) or cultural diversity in the U.S. designation (C) in addition to the courses used to meet the university General Studies requirements
- completion of two sequential semesters of coursework in a current computer language

Students may obtain information about applicable coursework through the college advising office.

### **Mathematics**

Students are required to complete MAT 142 or any MAT course for which MAT 117 or a higher-level MAT course is a prerequisite.

### **Major requirements**

Each student is required to select a major from among the programs offered by the New College of Interdisciplinary Arts and Sciences.

The major program may require up to 51 credit hours of coursework. The minimum is 30 hours. A maximum of 18 additional hours may be required in related courses and prerequisites. No more than 63 credit hours of coursework may be required to complete the major, related courses and prerequisites.

No credit is granted toward fulfilling major or minor requirements in any upper-division course in the subject field of the major unless the grade in that course is at least a “C” (2.00). Normally, a “Y” (pass) grade needs confirmation that it is equivalent to a “C” (2.00) or better.

### **General electives**

Upon completion of all other requirements, the remainder of the minimum 120 credit hours required for graduation is general electives. Students should contact college advisors for assistance in selecting elective courses.

### **Concurrent degrees**

Students in the New College of Interdisciplinary Arts and Sciences are eligible to seek concurrent degrees. Concurrent degrees with significant course overlap may not be approved.

- Students are eligible to pursue a concurrent degree when the following criteria have been met:
- Students must be in good standing with a cumulative GPA of 2.0 or higher
- Students must have completed 30 credit hours in their first program of study
- Students must complete 30 credit hours unique to each program
- Students may connect with advising to determine appropriate combinations

To be approved to pursue a concurrent degree, students must file a Petition to Pursue Concurrent Degree form: <https://newcollege.asu.edu/advising/forms> [7].

### **Minors**

New College offers minors in many of its disciplines. All minors require a minimum of 15 credit hours in the discipline with at least nine of those hours completed as upper-division coursework. Six of the upper-division hours must be taken from courses offered by the New College of Interdisciplinary Arts and Sciences. Courses used in the minor may not be used in the student's major program. <https://catalog.asu.edu/index.php?q=minors> [22]

### **Readmission**

Undergraduate degree-seeking students having previously attended ASU but not enrolled at ASU for one fall or spring semester or no more than two consecutive semesters are eligible to return through quick reentry. These students are not required to submit a new application or application fee but must contact an academic advisor in their school to enroll.

Undergraduates who have been away from the university for three or more semesters and want to return to ASU in a New College program are required to apply for readmission through Admission Services <https://admission.asu.edu/undergrad/readmission> [23].

Disqualified students must follow the procedures for readmission and will be reviewed by the college on a case-by-case basis.

### **Graduate policies**

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the New College of Interdisciplinary Arts and Sciences.

Graduate students should review the New College Standards of Satisfactory Progress [24] and policies established by the Graduate College [25].

## Walter Cronkite School of Journalism and Mass Communication Policies

The Walter Cronkite School of Journalism and Mass Communication has a student-centered culture focused on helping students complete their degrees in a timely manner. The school encourages students to visit the school's website <https://cronkite.asu.edu> [1] or contact its student services center at 602-496-5055 with questions about any of the school's policies.

### Academic integrity

The Cronkite School has zero tolerance for academic dishonesty, and this is enforced in every course and educational activity offered or sanctioned by the school. Any allegation of academic dishonesty is referred to the school's standards committee for review and recommendation to the dean of the school. If any student is found to have engaged in academic dishonesty in any form --- including but not limited to cheating, plagiarizing and fabricating --- that student shall receive a grade of "XE" (academic dishonesty) for the class and is dismissed from the school. There are no exceptions.

At the beginning of every Cronkite class, each student is given a copy of the full academic integrity policy along with accompanying information on plagiarism. Students must sign a pledge that indicates they have read and understood the material and agree to abide by the policy.

The policy, along with guidance on how to avoid plagiarism and fabrication, can be found at [https://cronkite.asu.edu/assets/pdf/Academic\\_Integrity\\_Policy.pdf](https://cronkite.asu.edu/assets/pdf/Academic_Integrity_Policy.pdf) [2].

The Cronkite School notifies the Graduate College if a graduate student is being recommended for dismissal from the school for having engaged in academic dishonesty.

### Responsibilities related to academic integrity

**Accuracy:** Since accuracy is the most important aspect of journalism, the Cronkite School adheres to rigid standards. Any major error of fact such as a misspelled proper name, an erroneous phone number, an incorrect address, a libelous statement or a misstatement of a major fact, or anything else that would require a printed correction if the story were to appear in a newspaper will result in an "E" (55 percent) on an assignment. Misspellings or errors of grammar will bring a student's grade down. Carelessness will cause a student to lose points fast.

**Attendance and makeup work:** Students are expected to attend every class and arrive on time. If they miss an in-class assignment, quiz or test, they receive a zero. Excused absences are not given. Instructors may allow two absences for any reason or drop designated grades. Specific language regarding absences and makeup work will be included in each syllabus.

**Deadlines:** Like accuracy, the ability to meet deadlines is a hallmark of good journalism, and students are expected to meet them. Assignments submitted even one minute past the deadline are not accepted; the student receives a zero.

**Diversity principles:** The Cronkite School practices inclusivity in student, staff and faculty populations in order to create an academic environment that embraces diversity of thought and acceptance of all people regardless of race, gender, age, sexual orientation or societal, political, cultural, economic, spiritual or physical differences. The principles are posted at <https://cronkite.asu.edu/about/diversity-principles> [3].

**ACEJMC values and competencies:** As a member of the Accrediting Council on Education in Journalism and Mass Communication, the Cronkite School is committed to classroom learning that achieves ACEJMC professional values and competencies. These include the core areas: freedom of speech, ethics, diversity, critical thinking, research, writing and use of tools and technologies related to the field. For a full list of ACEJMC values and competencies, students should see <http://www2.ku.edu/~acejmc/PROGRAM/PRINCIPLES.SHTML#vals&comps> [4].

**Social media guidelines:** It is important that students of journalism and communication know how to use social media ethically and professionally. The Cronkite School has developed standards drawn from the Poynter Institute for Media Studies and the Society of Professional Journalists. Those guidelines may be found at <https://cronkite.asu.edu/degree-programs/admissions/student-resources/social-media-guidelines> [5].

## Undergraduate policies

### Academic standing

#### Probation

All ASU students, freshman through senior, must maintain a minimum GPA of 2.00 for all courses completed at ASU. If this standard is not maintained, the student is placed on probation. Students on probation must see an advisor before further registration and must do one of the following:

1. Achieve an ASU GPA of 2.00 or greater in order to return to academic good standing.
2. Obtain a semester GPA of 2.50 with no grade less than a “C” in order to be granted one additional semester on continued probation. At the end of the continued probation, the student must return to academic good standing (a minimum cumulative ASU GPA of 2.00) to avoid disqualification.

#### Disqualification

Students who do not meet probation requirements are academically disqualified. Disqualified students should meet with their academic advisors. These students may attend ASU only during the summer session immediately following disqualification.

**Cronkite School Journalism and Mass Communication and Sports Journalism majors:** Students in these majors must maintain a minimum GPA of 2.50 for all courses completed at ASU in order to be in good standing in the major. If a student’s cumulative GPA is less than a 2.50, the student has one semester to raise his or her cumulative GPA to meet the requirement. Failing to raise the cumulative GPA to a 2.50 or greater results in the student having to change his or her major from Journalism and Mass Communication or Sports Journalism.

**Cronkite School Mass Communication and Media Studies and Digital Audience majors:** Students in this major follow the university policies for GPA requirements, probation and disqualification.

### Advising

#### Advising

Cronkite School undergraduate students are assigned an advisor by the student’s last name. Students should see the undergraduate advising page for specifics: <https://cronkite.asu.edu/student-life/undergraduate-advising> [6].

To ensure students are making progress toward their degrees, the Cronkite School encourages students to check in with their advisors each semester. Advising is mandatory for:

- first-time freshmen, both semesters their first year at ASU
- students who have completed 75 credit hours
- transfer students prior to enrolling for their first semester at ASU
- students on probation
- students who are off track in the major

ASU Online students are strongly encouraged to make an appointment with their respective advisors before enrolling for their first semester.

For additional information, students should contact the Cronkite School’s advising center at 602-496-5055.

Students should follow the sequence of courses outlined on major maps and online degree audits and contact their Cronkite advisor with any questions. Critical requirements for freshmen in the school are available at <https://cronkite.asu.edu> [1].

## Credit/Registration

**Changes of major:** Students are eligible to change their major if they meet the criteria below.

**Journalism and Mass Communication and Sports Journalism degree programs:** Current ASU students are eligible for admission if they have a cumulative GPA of at least 3.00 in 12 or more hours of credit earned at ASU in courses that can be used to satisfy the Cronkite School's nonelective General Studies requirements.

Transfer students with at least 12 hours of academic credit earned after high school and at least a 3.00 cumulative GPA are eligible for admission.

**Online Mass Communication and Media Studies and Digital Audience degree programs:** Current ASU students who have a cumulative GPA of at least 2.00 are eligible for admission.

Prospective transfer students (not yet admitted to ASU) and ASU students who have a cumulative GPA less than 3.00 are encouraged to meet with a Cronkite School advisor. To schedule a meeting, students should contact the advising center at 602-496-5055.

**Transfer credit:** Students may apply up to 64 credits of coursework from an accredited two-year institution to their degree. Students may apply up to nine credit hours of approved upper-division journalism coursework from a four-year ACEJMC-accredited institution to the Cronkite School's journalism degree requirements. Students interested in having these courses reviewed should provide detailed syllabi and course schedules to the Cronkite School's academic standards committee. Students should see their academic advisors for help.

## Degree requirements

All Cronkite students must meet the critical requirements for their majors. Students who are required to follow eAdvisor tracking requirements and do not comply with the critical requirements are off track, and a hold is placed on their records. These students must meet with an advisor to have the hold removed.

Specific requirements for the Journalism and Mass Communication degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSJMCBA/undergrad/false> [7].

Specific requirements for the Sports Journalism degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSSPJBA/undergrad/false> [8].

Specific requirements for the Mass Communication and Media Studies degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSMCMSTBA/undergrad/false> [9].

Specific requirements for the Digital Audiences degree can be found at <https://webapp4.asu.edu/programs/t5/majorinfo/ASU00/CSDIGABS/undergrad/false> [10].

## Concurrent degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

### General rules for students pursuing concurrent degrees in the Walter Cronkite School of Journalism and Mass Communication:

- Currently enrolled Cronkite School Journalism and Mass Communication or Sports Journalism majors who would like to add a concurrent degree must have a cumulative ASU GPA of 2.50 or greater and must have completed 30 credit hours of coursework.
- Currently enrolled Cronkite School Mass Communication and Media Studies or Digital Audiences majors who would like to add a concurrent degree must have a cumulative ASU GPA of 2.00 or greater and must have completed 30 credit hours of coursework.
- ASU students not enrolled in the Cronkite School who would like to add a concurrent degree in journalism and mass communication or sports journalism must be in good academic standing with an ASU, have a cumulative GPA of at least 3.00 and must have completed 30 credit hours of coursework.
- ASU students not enrolled in the Cronkite School who would like to add a concurrent degree in mass communication and media studies or digital audiences, offered online, must be in good academic standing, have a cumulative GPA of at least 2.00 in an ASU Online degree program and must have completed 30 credit hours of coursework.

- The Cronkite School requires that students enrolled in Journalism and Mass Communication or Sports Journalism majors take a minimum of 36 credit hours of Cronkite School courses.
- The Cronkite School requires that students enrolled in the Mass Communication and Media Studies or the Digital Audiences majors take a minimum of 30 credit hours of Cronkite School courses.
- A student may not take concurrent degrees in journalism and mass communication, sports journalism, mass communication and media studies, or digital audiences.

#### Procedures for adding a concurrent degree:

1. Once a student has decided to declare a concurrent degree, the student should inform the academic advisor for each degree in order to receive proper information about degree requirements, courses, etc.
2. When a student meets the requirements for a concurrent degree, the student should complete a Standards Committee Petition [11] and turn it in to the assigned Cronkite School academic advisor [6]. Students in the Cronkite School are assigned an advisor by the student's last name.
3. The student also needs to contact the college offering the concurrent degree to be added and follow that college's procedures for requesting and pursuing concurrent degrees.
4. If a student no longer wishes to pursue a concurrent degree, the student should email that intention to the academic advisor, and the message should include the student's full name and ASU ID number as well as which degree the student wants to have removed from the academic record.

Any questions should be directed to [Cronkiteadvising@asu.edu](mailto:Cronkiteadvising@asu.edu) [12].

Additional information about specially designed Cronkite concurrent degrees can be found on the Cronkite School Dual Degree Programs [13] page.

#### Reinstatement/Readmission

Students seeking readmission after being discontinued from the university should contact undergraduate admission services at <https://admission.asu.edu/contact> [14].

#### Other special requirements

**Major proficiency requirements:** All Cronkite students must receive at least a "C" (2.00) or better in all JMC and MCO courses. Journalism and Mass Communication and Sports Journalism majors must also receive a grade of "B-" (80 percent) or better in JMC 101 Grammar for Journalists. Students must also maintain at least a cumulative GPA of 2.50 to be eligible to enroll in JMC and MCO classes.

## Graduate policies

The Walter Cronkite School of Journalism and Mass Communication is a nationally recognized professional program that prepares students for careers as reporters, editors, producers, correspondents, anchors and multimedia journalists. Our students go on to online media outlets, television stations, newspapers, magazines, radio stations, websites and digital media companies.

The school consistently ranks in the top 10 in the annual Hearst intercollegiate journalism competition, often called the Pulitzer of college journalism. And the school's students have finished first in the region in the Society of Professional Journalists' Mark of Excellence Awards for a record 18th consecutive year. The faculty consists of award-winning professional journalists and world-class media scholars. The school is housed on ASU's Downtown Phoenix campus, in the middle of one of the nation's largest media markets.

More information on the school's academic standards, policies and procedures and those of the Graduate College can be found at <https://graduate.asu.edu/policies-procedures> [15]. Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Walter Cronkite School of Journalism and Mass Communication.

## Academic integrity

Academic dishonesty in any form is not tolerated in the Walter Cronkite School of Journalism and Mass Communication.

The crux of democracy is the ability of a nation's citizens to obtain honest, truthful and balanced information, and the credibility and integrity of the individual journalist and communications professional are crucial in that effort.

In light of the Cronkite School's mission to prepare students to become journalists and communication professionals, it is critical that credibility and integrity are fostered within the educational environment of the school. To that end, zero tolerance for academic dishonesty is enforced for every course and educational activity offered or sanctioned by the school.

Any allegations of academic dishonesty automatically is referred to the standards committee of the school for review and recommendation to the dean of the school. If any student is found by the committee to have engaged in academic dishonesty in any form, including but not limited to cheating, plagiarizing or fabricating, that student receives a grade of "XE" (academic dishonesty) for the class and is dismissed from the Walter Cronkite School of Journalism and Mass Communication. There are no exceptions. The Cronkite School Academic Integrity Policy is available at [https://cronkite.asu.edu/assets/pdf/Academic\\_Integrity\\_Policy.pdf](https://cronkite.asu.edu/assets/pdf/Academic_Integrity_Policy.pdf) [2].

The Cronkite School notifies the Graduate College if a graduate student is being recommended for dismissal from the school for having engaged in academic dishonesty.

## Admission

Candidates for the Master of Mass Communication or Master of Arts in sports journalism degrees apply online at <https://admission.asu.edu/graduate/apply> [16].

The graduate application opens Sept. 1. Applications are reviewed on a rolling basis. Applications received before Dec. 1 are given priority for both admission and funding. The final application deadline is June 1.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

They must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- Graduate admission application and application fee
- Official transcripts
- GRE scores, with the verbal score being particularly important to the journalism school's graduate committee
- Three letters of recommendation
- Personal statement of interest (350 to 500 words in length)
- Resume
- Proof of English proficiency

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. TOEFL scores must be at least 600 for the paper-based examination and 100 for the Internet-based. Students should see the program website for application deadlines and admission terms. Applicants must meet all deadlines and application requirements to be considered. The Cronkite School's master's committee reviews complete and on-time applications. Recommendations for admission are made to Graduate Admission Services, where the final admission decisions are made.

Candidates for the online Master of Science in business journalism apply online at <https://webapp4.asu.edu/dgsadmissions/Index.jsp?program=GRCS&plan=CSBSJMS&subplan=&campus=ONLINE> [17]. Candidates must submit a graduate application, application fee, resume, statement of personal interest (300-500 words) and official transcripts. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency with an internet-based TOEFL score greater than 100.

Candidates for the online Master of Science in digital audience strategy apply online at <https://webapp4.asu.edu/dgsadmissions/Index.jsp?program=GRCS&plan=CSDASMS&subplan=&campus=ONLINE> [18]. Candidates must submit a graduate application, application fee, resume, statement of personal interest (300-500 words)

and official transcripts. An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency with an internet-based TOEFL score greater than 100.

## **Degree requirements**

### **Plan of study**

After completing 50 percent of the minimum credit hours required for the Master of Mass Communication, Master of Arts in sports journalism degrees or Master of Science in business journalism degrees, students must submit an official plan of study with the Walter Cronkite School of Journalism and Mass Communication. The plan of study is available online in the My Programs box on My ASU at <https://my.asu.edu> [19].

The student selects the ASU courses that have been taken, those in progress and those the student plans to take in future semesters. Once the plan of study is completed, it is electronically forwarded to the Cronkite School's graduate office. It must be approved by the members of the Cronkite School's assistant dean responsible for the master's programs. The completed plan of study is sent to the Graduate College and then to the graduation office. The approved plan of study is a contract between the student and the school verifying the classes the student intends to take during his or her course of study. Students who do not have an approved plan of study on file are not eligible for graduation. Changes in the plan of study may be made by using the form Course Changes to the Graduate Plan of Study available online on My ASU at <https://my.asu.edu> [19].

Students who need to file a plan of study will be notified by the Graduate College via email. If the student fails to file the plan of study within the specified time period, a hold is placed on the student's ASU record. The hold will prevent the student from registering for classes. Once the student has filed the plan of study and it has been approved, the hold is removed. The Graduate College monitors students' iPOS statuses and places or removes the holds.

## **Academic standing**

### **Satisfactory academic progress**

All graduate students are expected to make systematic progress toward completion of their degree. This progress includes satisfying the conditions listed below and achieving the benchmarks and requirements set by the individual degree programs. Each degree program should have in place policies for satisfactory academic progress. Students are responsible for verifying additional satisfactory progress policies as required by their degree program. If a student fails to satisfy the requirements of their degree program and the benchmarks outlined below, the student may be dismissed from their program based on the academic unit's recommendation to the Graduate College. The dean of the Graduate College makes the final determination.

1. Maintain a minimum GPA of 3.00 on the iPOS, graduate and cumulative GPAs. If a GPA is less than 3.00, the student must develop, with their advisor, an academic performance improvement plan that includes the conditions and time frames for making satisfactory academic progress in the degree program. The iPOS GPA is calculated from all courses that appear on the student's approved iPOS.
  - o The graduate GPA is calculated from all courses numbered 500 or greater that appear on the transcript, with the exception of courses counted toward an undergraduate degree at ASU (unless shared with a master's degree in an approved bachelor's and master's degree program) and from courses identified as deficiencies in the original letter of admission. The student is considered to be on academic probation until the conditions specified in the academic performance improvement plan are met and both GPAs are greater than 3.00.
  - o The cumulative ASU GPA represents all courses completed at ASU during the graduate career.
2. Satisfy all requirements of the graduate degree program.
3. Satisfy the maximum time limit for graduation from the student's graduate degree program (six years for master's degree, 10 years for doctorate).
4. Doctoral students must complete all program requirements within 10 consecutive years.
5. Successfully pass any comprehensive exams, qualifying exams, foreign language exams and the oral defense of the proposal or prospectus for the thesis or dissertation that are required for the specific graduate program.
6. Successfully complete the culminating experience and, if required, the oral defense of the culminating experience.
7. Graduate students must stay continuously enrolled in their graduate program. Failing to do so without a Graduate College-approved Request to Maintain Continuous Enrollment is considered to be a lack of academic progress and may lead to automatic dismissal of the student from the graduate program. Persistent "W" (withdrawal) and "I"

(incomplete) grades during multiple semesters on a plan of study or transcript may reflect a lack of academic progress.

In addition to the Graduate College satisfactory academic progress policies, the Walter Cronkite School of Journalism and Mass Communication has adopted the following:

1. If any of a student's GPA is less than 3.00, the student will be notified in writing and placed on probation. If the student's GPA is not raised to at least 3.00 by the end of the next semester (excluding summer), a recommendation is made to the Graduate College to remove the student from the graduate program.
2. If a student in the Master of Mass Communication or Master of Arts in sports journalism earns less than a "C" (2.00) in MCO 502 Journalism Skills (Bootcamp), the Cronkite School recommends to the Graduate College that the student should be removed from the program immediately.
3. To receive their degrees, Master of Mass Communication and Master of Arts in sports journalism students who have MCO 570 Capstone as their culminating experience are required to earn at least a "B" (3.00).
4. Students in the online Master of Science in business journalism must earn at least a B (3.00) in the applied project MCO 593.
5. Students in the Master of Science in digital audience strategy program must earn a B (3.00) or better in MCO 561 - Defining the Digital Audience before enrolling in MCO 562, 563, 564 or 565. To receive their degrees, students also are required to earn at least a B (3.00) in MCO 566 - Digital Audience Management (Capstone). To enroll in the MCO 566 (Capstone), students must earn a B (3.00) or better in MCO 561, and a C (2.00) or better in all other courses.

### **Appeals**

Students who want to appeal a course grade must first discuss the issue with the instructor. If the issue is not resolved, the student may appeal the decision to the school's standards committee; the standards committee reviews the issue and makes a recommendation to the dean. The dean's decision is final. Students should be aware the standards committee may recommend a grade lower than the one awarded by the course instructor.

If a student fails to make satisfactory academic progress and a recommendation is made to the Graduate College to remove the student from their graduate program, the student has 10 business days to file a written appeal with the dean. The dean's decision regarding appeals is final.

### **Credit/Registration**

#### **Transfer credit**

Students admitted to the 30 credit hour mid-career MMC program may transfer up to six credit hours of approved coursework taken before beginning the program not used toward a previous degree; the six credit hours may include non-degree coursework. Only courses with a grade of "A" (4.00) or "B" (3.00) and taken within three years of admission to an ASU graduate program may be accepted as transfer credit.

In order to have graduate coursework that was completed at other accredited institutions included on a plan of study, a student must petition the Cronkite School's master's or doctoral committee. The student also must complete the petition section of the plan of study.

Students who are in the 36 credit hour professional master's degree program are not permitted to transfer coursework from another institution or from another ASU program.

#### **400-level courses taken for graduate credit**

The Walter Cronkite School of Journalism and Mass Communication may allow graduate students to enroll in and use up to two three-credit 400-level courses on their plans of study (a total of six credit hours). Students must receive permission from the assistant dean prior to enrolling in any 400-level course they intend to include in their plans of study. Students taking these courses are responsible for obtaining and completing the 400-level course contract form. This form specifies what the student must do to receive graduate credit for the course. It must be signed by the professor.

## **Preadmission credit**

Credit earned in graduate-level courses (per the Graduate College pre-admission policy) by undergraduate students may count toward their graduate degrees at ASU provided the credit hours have not been used toward a previously awarded degree. Before awarding a bachelor's degree, ASU undergraduate students should contact their undergraduate advisor to set aside graduate courses for use toward a graduate degree.

Reserving a course does not guarantee the student will be admitted to a graduate degree program or that the course will be used to meet graduate degree requirements. A maximum of nine semester hours of credit may be reserved, and only courses with a grade of "B" (3.00) or better are applicable. Reserved credit is classified as non-degree credit and must be taken within the six-year time limit to be included on a plan of study.

## **Grades of incomplete**

The Graduate College requires students who receive an incomplete in graduate coursework (500 level or above) to complete the necessary work within one calendar year. If the incomplete is not removed within one calendar year, it becomes part of the student's permanent transcript and cannot be used on a student's plan of study. To receive credit for the course, the student must repeat the course by re-registering, paying fees and fulfilling all course requirements.

Master of Mass Communication, Master of Arts in sports journalism, Master of Science in business journalism, and Master of Science in digital audience strategy students with more than one incomplete at any time are considered failing to make adequate progress, and they are notified of such and placed on probation. If the student does not complete the work to remove the incomplete and earn a letter grade by the end of the calendar year, a recommendation may be made to the Graduate College to remove the student from the program.

With 400-level courses taken for graduate credit, students are required to complete the necessary work to remove an incomplete grade within one calendar year. If the incomplete grade is not removed within one calendar year, the "I" will become an "E". An "E" cannot be used to meet the requirements for a graduate degree, but it is used to calculate the student's GPA. Students may retake the class to earn a higher grade; however, both the "E" and the new grade are used in calculating the student's GPA. If this results in a GPA of less than 3.00, a recommendation to withdraw the student from the program is made to the Graduate College.

## ***Other special requirements***

### **Time limitations**

Students have six years from the start of their program to complete their master's degrees, and the limit is 10 years for doctoral degrees.

### **Applied project**

Students enrolled in the 30 credit hour mid-career Master of Mass Communication program have the option of completing an applied project and are eligible to enroll in MCO 593, Applied Project, when they have no more than six credit hours of coursework remaining on their plan of study. Students interested in completing an applied project are encouraged to meet with the assistant dean no later than the end of their first year in the program.

### **Financial aid**

Many graduate students receive financial aid from ASU to assist in financing their education. More information can be found at <https://graduate.asu.edu/pay-for-graduate-education> [20].

### **ACEJMC values and competencies**

As a member of the Accrediting Council on Education in Journalism and Mass Communication, the Cronkite School is committed to classroom learning that achieves ACEJMC professional values and competencies. These include the core areas: freedom of speech, ethics, diversity, critical thinking, research, writing and use of tools and technologies related to the field. For a full list of ACEJMC values and competencies, students should see <http://www2.ku.edu/~acejmc/PROGRAM/PRINCIPLES.SHTML#vals&comps> [4].

## Diversity principles

The Walter Cronkite School of Journalism and Mass Communication practices inclusivity in student, staff and faculty populations in order to create an academic environment that embraces diversity of thought and acceptance of all people regardless of societal, political, cultural, economic, spiritual or physical difference, age or sexual orientation.

To this end, the school directs efforts to the following four principles:

1. Actively seek out and encourage diverse populations to become productive members of the faculty, staff and the student body.
2. Create and maintain a work, learning and social environment that is cognizant of and supportive of a diversity of human differences and beliefs.
3. Incorporate within the formal content of the curriculum and in each course an affirmation of the core journalistic values of accuracy, fairness, ethical behavior and sensitivity when reflecting an increasingly multicultural world.
4. Foster and support a climate in which events and activities of the school reflect diversity of awareness, sensitivity to and support for people of different origins, orientations and abilities.

## Social media guidelines for student journalists

The Cronkite School encourages participants in its professional programs to make use of social networking sites such as Facebook and Twitter, which are valuable reporting tools and promotional and distribution channels for the school's content. To ensure the highest journalistic standards in these programs, participants must abide by the standards for social media use drawn from The Poynter Institute for Media Studies and the Society of Professional Journalists' Code of Ethics.

Those guidelines are found at <https://cronkite.asu.edu/degree-programs/admissions/student-resources/social-media-guidelines> [5].

# Sandra Day O'Connor College of Law Policies

## Graduate policies

### *Academic integrity*

#### **Honor code**

The legal profession, a self-regulating association, depends on the integrity, honor and personal morality of each member. Similarly, the integrity and value of a Sandra Day O'Connor College of Law degree depends on a reputation for fair competition. The college's honor code is intended as a measure to preserve the integrity of the school's diploma and to create an arena in which students can compete fairly and confidently. The honor code can be found at <https://law.asu.edu> [1].

### *Academic standing*

#### **Retention standards**

The College of Law requires a minimum GPA of 2.00 to continue enrollment. If a student's GPA falls below this number, he or she may be disqualified in accordance with College of Law policies.

The College of Law statement of student policies contains additional retention and academic policies. The statement of student policies can be found at <https://law.asu.edu> [1].

### *Advising*

Academic advising for currently enrolled law students is available through the office of academic affairs.

### *Degree requirements*

#### **Concurrent degrees**

College of Law students must be in academic good standing to be eligible to pursue a concurrent degree.

#### **Shared credit**

Per the Graduate College policy for concurrent master's degrees, a maximum of 20 percent of the minimum total credit hours for the completion of both degrees may be common hours shared between the degree programs. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

The Graduate College policy also states that for a concurrent master's/doctoral degree a maximum of nine credit hours may be common hours shared between the degrees and may only include coursework completed after admission to both degree programs. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

The Graduate College policy for concurrent doctoral degrees states that a maximum of 12 credit hours may be common hours shared between the degrees. The total number of hours common to both degree programs may vary from this maximum value only when the Graduate College office has formally approved coordinated degree programs.

#### **Process**

Current Juris Doctor College of Law students who are interested in pursuing a concurrent degree should contact the College of Law assistant dean for academic affairs or the College of Law assistant registrar prior to applying to the college or department offering the desired concurrent degree.

Students in one of the College of Law's master's degree programs who are interested in pursuing a concurrent degree should contact the College of Law associate dean for new education initiatives prior to applying to the college or department offering the concurrent degree.

Current ASU students who are not enrolled in the College of Law and who wish to pursue a concurrent degree with the College of Law should contact the College of Law admission office. <https://law.asu.edu/admissions> [2]

## Admission process

The Sandra Day O'Connor College of Law enrolls only one first-year, JD class per year, and it enters in the fall semester. The program is a three-year program, and almost all students study on a full-time basis. The college does offer a flexible scheduling option for students with circumstances that make full-time enrollment impossible. The following steps must be completed for an applicant to be considered for admission to the JD program:

1. Demonstrate an earned undergraduate degree from an accredited four-year college or university by the time of enrollment in the JD program.
2. Take the LSAT and provide a reportable score from that test (unless you are applying under the ASU Achievement Program).
3. Submit a completed application.
4. Submit transcripts and letters of recommendation through the Law School Admissions Council's Credential Assembly Service, which will be provided to the College of Law by LSAC with the applicant's LSAT record. Applicants must apply electronically through <https://www.lsac.org/> [3].

The undergraduate record and LSAT score are only two of many factors considered for admission.

In addition to the above information, there are other application tracks a prospective student may use. More details about all application processes can be found at <https://law.asu.edu/admissions> [2].

Completed applications must be electronically submitted to the Sandra Day O'Connor College of Law at Arizona State University by:

November 15, 2019 for Early Admission (non-binding) Program

March 1, 2020 for:

Binding Admission - O'Connor Honors Program (Full Tuition)  
Binding Admission - O'Connor Merit Scholars Program  
Binding Admission - Indian Law Leadership Program  
Regular Admission Program  
ASU Achievement Program

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Sandra Day O'Connor College of Law.

**Source URL:** <https://catalog.asu.edu/policies/law>

# The College of Liberal Arts and Sciences Policies

These are the current policies in The College of Liberal Arts and Sciences.

## Academic integrity

Academic honesty is expected of all students in all examinations, assignments, papers, laboratory work, academic transactions and records. Possible sanctions include appropriate grade penalties, loss of registration privileges, disqualification and dismissal. More information about academic honesty is available at <https://provost.asu.edu/academic-integrity> [1], and information about The College of Liberal Arts and Sciences policies and procedures is at <https://thecollege.asu.edu/resources/academic-integrity> [2]. The College tracks all reports of academic integrity violation internally and shares that information with other ASU colleges and schools.

1. Anyone with a good faith basis for believing that a student has engaged in academic dishonesty may report the alleged violation to the instructor or the academic integrity officer for The College in which the academic dishonesty occurred.
2. If the instructor or academic integrity officer for The College conclude that there is sufficient basis to believe the student engaged in academic dishonesty, the academic integrity officer will notify the student of the alleged violation and initiate the investigative process.
3. At any point in the process, the student can contact the academic integrity officer to seek consultation of clarification.
4. The student may be accompanied by an advisor at any point in the process. The advisor is not permitted to participate directly or speak for the student.
5. Once the investigation is complete, in consultation with the academic integrity officer, the instructor will recommend a sanction. The student will be notified of the result of the investigation and the proposed sanction, if any.

## Sanctions and right of appeal

The following sanctions may be imposed for academic dishonesty:

1. reduced or failing grade for the assignment or academic evaluation
2. reduced or failing grade for the course
3. an XE grade, denoting failure due to academic dishonesty
4. withdrawal of credit for a previously accepted course or requirement
5. suspension from the university for a specific period of time
6. expulsion from the university without expectation or readmission; and (or)
7. other sanctions as consistent with the ASU Academic Integrity Policy and the Student Code of Conduct [3]

A student alleged to have violated the Academic Integrity Policy has the following rights:

- The student may discuss the matter directly with the faculty member.
- If the issue is not resolved after speaking with the faculty member, the student has the right to initiate a discussion with the chair or director of the academic unit in which the alleged violation occurred or their designee, or with the academic integrity officer in The College of Liberal Arts and Sciences dean's office. If an XE for the course or a more severe sanction (e.g., suspension, expulsion) has been recommended, the student is strongly encouraged to meet with the academic integrity officer to discuss the allegation. Students may call 480-965-6506 to schedule an appointment with the academic integrity officer in The College of Liberal Arts and Sciences, Office of Student and Academic Programs.
- Formal appeals are heard by The College of Liberal Arts and Sciences Student Affairs and Grievances Committee. After discussing the matter with the faculty member, chair and The College academic integrity officer, a student has the right to appeal the finding that an academic integrity violation has occurred or the sanctions levied in connection with the violation to The College of Liberal Arts and Sciences Student Affairs and Grievances Committee. The appeal process is initiated by scheduling an appointment with The College academic integrity officer in the Office of Student and Academic Programs. Students have 10 working days from the date of the email or letter notifying them of the academic integrity violation and proposed sanction to initiate an appeal. After the 10 days, the proposed sanction is imposed and the matter is closed.

The College's Student Affairs and Grievance Committee is a body composed of faculty and students from across The College that serves as the dean's delegate. The committee meets no more than once a week during regular fall and spring semesters but not during summer, winter or the midterm breaks. After hearing the case, the committee deliberates and makes a written recommendation to the dean for his review. The final decision of the dean is communicated to the student and all appropriate parties in writing.

Unless a student successfully appeals the finding that an Academic Integrity Policy violation has occurred, a record of the incident and the sanctions will be retained in the records of The College and, if appropriate, the records of The College of the student's major and of the university. If the seriousness of the current situation or past violations warrant, the dean's office retains the right to impose or recommend sanctions in addition to those recommended by a faculty member.

## Undergraduate policies

### *Student responsibilities*

Students enrolling in courses offered by The College of Liberal Arts and Sciences are expected to follow the rules and deadlines specified in this catalog pertaining to enrollment, adding or dropping classes, withdrawals and tuition payment.

Students are encouraged to meet with their academic advisors regularly. Students with additional questions regarding the academic rules of The College and the university are welcome to meet with advisors in The College's Academic Advising Hubs, and they can schedule an appointment by calling 480-965-6506 or by emailing [clas@asu.edu](mailto:clas@asu.edu) [4].

In addition, students must understand and follow the requirements for the university's General Studies and college graduation requirements in their edition of ASU's academic catalog. The academic catalog is the governing source for all degree requirements.

### *Academic standing*

The standards for GPA and the terms of academic warning, academic probation, disqualification and reinstatement are identical to those of the university, as set forth under retention and academic standards.

When students are placed on academic warning or probation, one of three things can happen:

- They can return to academic good standing by raising the cumulative GPA to 2.00 or greater.
- They can remain on probation by earning the required semester GPA of at least 2.00 but not raising the cumulative GPA to academic good standing. Students may continue on academic probation, earning the required semester GPA, for as many semesters as it takes to raise the cumulative GPA to academic good standing.
- They can be disqualified if they fail to achieve the required semester GPA of 2.00.

Students who are placed on academic warning or academic probation are required to see their major advisor in each term they remain on continuing probation prior to enrollment in subsequent terms. Students who are academically disqualified should contact The College of Liberal Arts and Sciences Academic Advising Hubs by calling 480-965-6506 or by emailing [clas@asu.edu](mailto:clas@asu.edu) [4].

Students who leave the university for a semester or more while on academic probation are automatically readmitted, except when reapplying to degrees in the Hugh Downs School of Human Communication, which has specific readmission criteria. Students should review the reinstatement and readmission portion of this section for more information about policies and procedures.

Students who fail to meet the minimum GPA of 2.00 in the fall or spring semester after being placed on academic probation are disqualified from further attendance at Arizona State University for a minimum of one semester.

Students who are academically disqualified should contact The College of Liberal Arts and Sciences Academic Advising Hubs by calling 480-965-6506 or by emailing [clas@asu.edu](mailto:clas@asu.edu) [4] to inquire about further steps.

## Advising

All students are encouraged to seek academic advising before registration.

### eAdvisor

eAdvisor provides students the tools to successfully follow their major maps to graduation and assists the students with:

- learning more about graduation requirements for their majors
- discerning what critical requirement courses and grades are required to stay on track to successfully complete their degrees
- planning for and scheduling appropriate courses in the correct sequence to maximize success
- monitoring progress toward their degrees
- finding out how courses may fit into other majors if they decide to change majors or to add concurrent degrees

Students can learn more about eAdvisor and access it at <https://eadvisor.asu.edu/> [5].

### Advising locations

With the exception of first-year freshmen and first-term transfer students, The College of Liberal Arts and Sciences students should seek routine advising in the department or school of their major. Locations of each advising office can be found at <https://thecollege.asu.edu/advising/departments> [6]. With the exception of ASU Online students, all first-year freshmen and first-term transfer students in The College of Liberal Arts in Sciences should seek advising with advisors located in the Academic Advising Hubs located on the first floor of Armstrong Hall.

The Office of Student and Academic Programs, located in Armstrong Hall, 1st floor south, is the central resource center for academic information in The College. Requests from students, departmental advisors and faculty for clarification of rules, procedures and advising needs of The College and university should be directed to that office. Also available is The College's information on policies and procedures regarding academic integrity, student grievances with respect to grades, and various petitions involving college and university degree and graduation requirements.

### Required advising

The following groups of students are required to meet with their advisors in order to be eligible to register for their courses:

- all students registering for their first semester at ASU
- freshmen registering for their second semester at ASU
- students on academic probation
- students newly readmitted to the university
- students who are off track in their major

With the exception of those who have been disqualified, students listed above should consult an advisor in the department or school of their major. Disqualified students seeking readmission [7] should first apply to the university for readmission before scheduling an advising appointment with The College academic advising hub directors by calling 480-965-6506 or emailing [clas@asu.edu](mailto:clas@asu.edu) [4] to discuss the process.

### Advising for Preprofessional Programs

Professional Field	Advisor Location
--------------------	------------------

Dentistry	ARM 112
-----------	---------

Foreign Service	Diplomat in Residence, Ken Chavez, COOR 6971
Law	ARM 112
Medicine	ARM 112
Ministry	School of Historical, Philosophical and Religious Studies, COOR 3309
Occupational Therapy	ARM 112
Optometry	ARM 112
Osteopathy	ARM 112
Pharmacy	ARM 112
Physical Therapy	ARM 112
Physician Assistant	ARM 112
Veterinary Medicine	ARM 112

### **Health professions**

Students who plan to pursue a health profession should meet regularly with the preprofessional advising staff located in the Futures Center (ARM 112). For each of the health-related fields listed above, specific courses must be taken to complete graduate or professional school prerequisites and to prepare for required standardized admission exams (e.g., MCAT). To schedule a meeting with a prehealth advisor, students should call 480-965-2365 or visit Handshake [8].

### **Prelaw**

Students who plan to pursue a law-related profession should seek out guidance from the preprofessional advising staff located in the Futures Center (ARM 112). There are no specific course requirements for entrance into law school. Courses that engage students in intense critical analysis and include substantial amounts of writing, however, are recommended, as are practical experiences in law-related fields (e.g., through internships). Students can schedule a meeting with a prelaw advisor by calling 480-965-2365 or visit Handshake [8].

### **Academic (grade) grievance**

Academic grievances normally treat matters involving a student's current or recent coursework where, in a claim of unfair treatment, the relief that is sought is a change of a course's final grade. This process does not address academic integrity allegations, faculty misconduct or discrimination. Grievances must be resolved within the regular semester immediately following the session in which the grade was issued (by commencement for fall or spring) regardless whether the student is enrolled at the university. Academic grievance procedures follow a two-stage process, consisting of an informal process [9] defined by ASU policy and a formal process [10] within The College of Liberal Arts and Sciences. Each stage contains

a series of steps. If the informal process prescribed by the university fails to resolve the issue, students may escalate their concerns to the formal process offered by The College of Liberal Arts and Sciences. Student academic grievance procedures follow a two-stage process, consisting of an informal process defined by ASU policy and a formal process in the College of Liberal Arts and Sciences. Each stage contains a series of steps. For the purposes of this process, business days are defined as are defined as days the university is open.

The grievance procedures of The College of Liberal Arts and Sciences are as follows:

- An aggrieved student must first confer with the instructor and state any evidence and the reasons for questioning that the grade received was given in good faith. The instructor must review the matter, explain the grading procedure used and show how the grade in question was determined. If the instructor is a graduate assistant and this interview does not resolve the difficulty, the student may then take the problem to the faculty member in charge of the course.
- If the grading dispute is not resolved at the course instruction level, the student may appeal to the chair or the chair-designated representative of the department responsible for the course.
- Only when the issue cannot be resolved at the department level should the student consult with a member of senior staff in The College Office of Student and Academic Programs. Students may schedule an appointment by calling 480-965-6506 or by emailing [clas@asu.edu](mailto:clas@asu.edu) [4] to discuss the next steps in the academic grievance process.
- After meeting with the dean's representative in the Office of Student and Academic Programs, the student has 10 business days to file a formal written grievance with the Office of Student and Academic Programs. The grievance is then forwarded by the Office of the Dean to the instructor with a request to provide a written response within 10 business days.
- The student is contacted to review the response when it arrives in the dean's office and confer with the dean's designee before deciding whether to request a hearing before The College of Liberal Arts and Sciences Student Affairs and Grievance Committee. The request for a hearing must be in written form. Upon receiving the student's request, the dean's designee arranges a formal hearing before The College Student Affairs and Grievances Committee. The committee is a regular faculty committee of The College, meeting up to once per week during the fall and spring terms. The committee does not meet during summer and winter breaks or during fall or spring intersessions.

The hearing, which shall be closed, shall be conducted by the committee chair. The arrangements for the order of appearance of submission of materials, testimony and related matters should be made through and by the dean's delegate in the Office of Student and Academic Programs. The dean's designee serves as an ex officio member of the committee but has no vote in the decision-making process. The committee shall make a confidential, written report through the committee chair to the associate dean for Student and Academic Programs.

The associate dean for Student and Academic Programs takes final action after fully considering the committee's recommendation, in keeping with university policy [9]. The associate dean informs the student, instructor, department chair or school director (if any), registrar (if appropriate) and grievance committee of any action taken. The decision of the associate dean is final.

## **Credit/Registration**

### **Credits, degrees and course registration**

#### **Credit requirement**

All candidates for graduation for bachelor degrees in The College are required to complete at least 120 credit hours of which at least 45 credit hours must consist of upper-division courses. A minimum cumulative ASU GPA of 2.00 is required for graduation.

## Minors

The College offers minors in many of its disciplines. All minors require a minimum of 18 credit hours in the discipline with at least 12 of those credit hours as upper-division courses. Six of the upper-division credit hours must be taken from courses offered by The College of Liberal Arts and Sciences. Students should work with their major advisors to make certain they are making the most effective choices to complete their minors. If there are additional questions regarding the minor, the major advisor will consult with department offering the minor. Students may not use courses in their minors toward their majors and, similarly, students may not use courses in their majors to fill the requirements of their minors. Additionally, there may be some disciplines that are too close in content for a student to choose a particular combination of minor and major.

## Course load

Undergraduate students are normally limited to 18 credit hours per fall or spring semester (or nine credit hours each in sessions A and B) and 14 total credit hours in summer session (seven credit hours each in sessions A and B; nine credit hours in session C). The typical student course load is 15 or 16 credit hours for a full 15-week semester.

Students who wish to register for more than 18 hours must meet GPA criteria based on the number of additional credit hours requested. Specific criteria, further guidelines, and the course overload petition form are at <https://thecollege.asu.edu/resources/advising> [11]. Students meeting these requirements may seek an overload for 19 to 24 credit hours (or up to 10 credit hours in either session A or B) from the advising office in the departments of their majors. Any petition for an overload in excess of 21 credit hours (or more than 12 credit hours in any fall or spring session A or B) must be presented to The College academic advising hubs in Armstrong Hall, first floor south, or requested by email at [clas@asu.edu](mailto:clas@asu.edu) [4].

Students should not assume that their petitions for overload will be granted. Overload requests are evaluated based on the student's most recent academic performance, cumulative performance and the reasons for requesting the overload. Freshmen and transfer students are not permitted to receive course overloads for their first semester at ASU.

For summer sessions, overloads are rarely granted and requests must be petitioned to The College of Liberal Arts and Sciences academic advising hubs in Armstrong Hall, first floor south, or by email at [clas@asu.edu](mailto:clas@asu.edu) [4].

## Pass/Fail grade option

The pass/fail grade option is intended to broaden the education of liberal arts and sciences undergraduates by encouraging them to take advanced courses outside their specializations. A grade of "P" (pass) contributes to a student's earned hours but does not affect the GPA. A failing grade is computed into the GPA.

The College of Liberal Arts and Sciences students with at least 60 credit hours may take courses under the pass/fail option. The following conditions apply:

- Enrollment for the pass/fail option must be approved by the instructor and The College offering the course as well as the student's college or school. Permission is recorded on the Pass/Fail Enrollment Form [12].
- Enrollment for the pass/fail option must be indicated during registration and may not be changed after the drop/add period.
- A maximum of 12 hours taken for pass/fail may be counted toward graduation.

Students may not enroll under the pass/fail option in the following courses:

- those taken to satisfy the second-language or first-year composition requirements
- those in the student's major, minor or certificate program
- those counted toward or required to supplement the major
- those counted as 499 Individualized Instruction
- those taken for honors credits
- those counted toward satisfying The College of Liberal Arts and Sciences graduation requirements or ASU's General Studies requirements

## Audit grade option

Students may choose to audit courses in which they attend regularly scheduled class sessions but earn no credit. Students wishing to audit a course should obtain instructor approval before registering.

The audit grade option may not be changed after the drop/add period.

## Degree requirements

### The College graduation requirements

All students in The College of Liberal Arts and Sciences must complete the university General Studies requirements as well as all requirements of their major. In addition, The College has established requirements that are specific to the BA, BS and BS in planning degrees.

**Requirements for all college undergraduates:** All students are required to take a minimum of MAT 117 or higher, excluding MAT 110 and one-credit hour math courses. A grade of “C” (2.00 on a 4.00 scale) or better must be earned in the chosen mathematics course.

Each student admitted as a first-time freshman is required to complete a freshman success course or first-year seminar. These courses are designed to introduce students to The College and help them gain an understanding of what they will need to do to be successful students at ASU. Topics include academic success, academic integrity and student engagement.

**Bachelor of Arts:** Each student pursuing a Bachelor of Arts degree must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of “C” (2.00 on a 4.00 scale) or better in each course. The second-language course requirement may be fulfilled in one of the following ways:

- completion of second-language coursework at the intermediate level (202 or equivalent)\*
- a foreign language course at the 300 level or higher taught in the foreign language and having 202 or its equivalent as a prerequisite
- demonstrated completion of secondary education at a school in which the language of instruction is not English
- completion of SHS 202 American Sign Language IV or its equivalent

\*Those students completing this requirement in Ancient Greek must take GRK 301 and 302; students completing the requirement in Portuguese or Romanian must complete POR 314 or ROM 314.

**Bachelor of Science:** Each student pursuing a Bachelor of Science degree must complete six credit hours (two courses) of science and society courses. At least one course must be completed at the upper-division level and certain limitations apply to how courses may be cross-counted toward other degree requirements. Students should consult an advisor in the department or school of their major for a list of appropriate courses. More information about the requirement and a current list of science and society courses are available on The College's website at <https://thecollege.asu.edu/resources/science-society> [13].

### Major requirements

Each student is required to select a major from among the fields of study offered by The College. Major maps describe the requirements for completion of each degree program.

The department of the major may require up to 45 credit hours of coursework. The minimum is 30 hours. A maximum of 15 additional hours may be required in related courses and prerequisites. No more than 60 credit hours of coursework may be required to complete the major, related courses and prerequisites. Some departments require calculus-level mathematics and up to five of these credit hours may be excluded from the 60 credit hour maximum as they satisfy The College's mathematics proficiency requirement. A minimum of 12 upper-division hours in the major must be taken in residence and from courses offered by The College of Liberal Arts and Sciences.

No credit is granted toward fulfilling major or minor requirements in any upper-division course in that subject field unless the grade in that course is at least a “C” (2.00 on a 4.00 scale). In The College of Liberal Arts and Sciences, the assignment of a grade of “Y” (satisfactory) indicates a level of performance that would have resulted in a grade of at least “C” (2.00 on a 4.00 scale) had the normal grading scheme been used.

Students should see individual departmental websites for other minimum grade requirements.

Major fields of study are classified into the following three areas:

### **Humanities**

- Asia studies
- Asian languages (Chinese/Japanese)
- English\*
- film and media studies
- French
- German
- history\*
- international letters and cultures
- Italian
- Jewish studies
- philosophy
- religious studies
- Russian
- Spanish

### **Natural Sciences and Mathematics**

- actuarial science
- biochemistry
- biological sciences
- biophysics
- chemistry
- computational mathematical sciences
- Earth and environmental studies
- Earth and space exploration
- mathematics\*
- microbiology
- molecular bioscience and biotechnology
- neuroscience
- physics\*
- psychology

### **Social Sciences**

- African and African American studies
- American Indian studies
- anthropology
- applied mathematics for the life and social sciences
- Asian Pacific American studies
- civic and economic thought and leadership
- communication
- economics
- family and human development
- geographic information science
- geography
- global health
- global studies
- justice studies
- meteorology-climatology
- political science
- politics and the economy
- sociology
- transborder Chicana/o and Latina/o studies
- urban planning

- women and gender studies

\*degree programs offering a concentration in secondary education

### General electives

Most liberal arts and sciences majors can meet all the requirements stated above with fewer than the 120 credit hours required for graduation. Remaining hours are general electives that may be selected from any of the departments of The College of Liberal Arts and Sciences or from the offerings of other ASU schools and colleges.

### Concurrent degrees

The College allows students who have completed at least 30 graded credit hours with a minimum GPA of 2.00 to petition The College to pursue a concurrent degree. Concurrent degrees may not be from the same discipline or have overlap in the courses required for each major. In order to complete a concurrent degree, students must earn at least 30 unique credit hours applied toward the requirements for each majors' degree. Petition forms are available within the Concurrent Degree Checklist section of the Advising Resources and Forms [14] page on The College of Liberal Arts and Sciences website. The completed forms must be submitted by email to [clas@asu.edu](mailto:clas@asu.edu) [4] or delivered in person to The College of Liberal Arts and Sciences Academic Advising Hub on the first floor of Armstrong Hall.

Certain specially designed concurrent degree programs, viewable on Degree Search, may have different standards and requirements than individually selected ones.

### Reinstatement/Readmission

Students who have been academically disqualified from the university and have not attended for at least one regular semester can earn readmission to The College and to their majors. The first step for students seeking readmission is to complete the online undergraduate admission application [15]. Students will work with a director in The College of Liberal Arts and Sciences Academic Advising Hub to design a plan for returning to ASU. Any plan to earn readmission will be specific to the student's individual needs and directly address the factors that resulted in disqualification. The plan may include taking coursework at a two-year college and meeting specific GPA requirements to demonstrate readiness to return to ASU.

Students may arrange to speak with a director in one of The College academic advising hubs to develop a plan by calling 480-965-6506 or by emailing [clas@asu.edu](mailto:clas@asu.edu) [4]. Students are encouraged to discuss this plan at least a semester prior to the desired readmission date.

Disqualified students who were off track for two or more semesters at the time of their disqualification will not be automatically readmitted into their former majors. Students whose prior majors were in the Hugh Downs School of Human Communication must meet the specific criteria for readmission to that program.

### Graduate policies

Students should consult the individual school or department for information about requirements for graduate study.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies set forth by the Graduate College and The College of Liberal Arts and Sciences.

## College of Nursing and Health Innovation Policies

The College of Nursing and Health Innovation periodically needs to implement new policies, protocols and procedures to comply with accreditation, regulatory or clinical health care agency requirements; therefore, policies, protocols and procedures are subject to change. Students should confirm current policies, protocols and procedures for clinical placements with the respective student handbook [1]. Commonly referenced policies, protocols and procedures are given in the appendices of student handbooks.

Students interested in the undergraduate nursing programs, including the traditional prelicensure clinical nursing program, postbaccalaureate clinical nursing program, RN to BSN, RN to BSN concurrent enrollment program, and the Eastern Arizona College partnership program, may contact the College of Nursing and Health Innovation student academic services office at 602-496-0888 to obtain the most current information on college policies. The capacity to provide clinical learning experiences is subject to change; therefore, the capacity to enroll students in these programs may vary depending upon the availability of clinical learning experiences.

### Academic integrity

#### *Academic and professional integrity*

Academic honesty is expected of all students. Possible sanctions include appropriate grade penalties, disqualification and dismissal. The College of Nursing and Health Innovation adheres to the ASU student code of conduct and the CONHI academic and professional integrity protocol located in student handbooks. A copy of the student code of conduct may be obtained online at <https://provost.asu.edu/academic-integrity> [2] and a copy of the CONHI academic and professional integrity protocol may be obtained online at <https://nursingandhealth.asu.edu/student-life/current-students> [1]. Academic dishonesty is not tolerated in any course and is subject to specific College of Nursing and Health Innovation policies and procedures.

### Undergraduate policies

#### *Academic standing*

University standards for academic good standing are followed for all majors in the college. Students who do not maintain the minimum GPA after each fall or spring semester are placed on academic probation. Students on academic probation or continuing probation must meet with an academic advisor before registering for the subsequent semester. Students placed on academic probation have one semester to raise the cumulative or semester GPA to meet the academic good standing criteria; otherwise, they may be disqualified or be determined to be ineligible for the majors in this college. Disqualified students are not permitted to enroll for the fall or spring semesters.

eAdvisor tracking focuses on students who initially enroll as full-time freshmen, and the tool tracks their progress during the first four semesters. It identifies and outlines the critical courses, GPA requirements and milestones that predict success in each major. Students use major maps and progress reports to plan which courses to take each semester.

Students who do not meet critical requirements are notified they are off track, and off-track status is displayed on My ASU student pages. Off-track students are required to see an academic advisor before registering for or adding classes. Students off track for two consecutive semesters may be required to change majors, depending on the major. Students in the BSN nursing traditional prelicensure clinical nursing program, in alignment with continuing eligibility criteria, are required to change their major if they are off track for one semester.

Students pursuing the RN to BSN, the postbaccalaureate BSN or the concurrent enrollment program are not critically tracked.

#### *Advising*

Academic advising is an essential aspect of the educational experience and is provided by the college through the student academic services office. Academic advisors assist students with program planning, registration, preparation of petitions, verification of graduation requirements, referrals to university and community resources and career planning. ASU accepts coursework transferred from other accredited institutions, and the College of Nursing and Health Innovation determines if and how the courses will be applied.

The student academic services office is committed to ensuring that students reach their academic goals. This is done by monitoring student progress and providing the academic resources and personalized tools students need to get off to a good start and stay on track toward graduation. Students can monitor their own progress with the eAdvisor academic success resources at My ASU. More information on eAdvisor can be found at <https://eadvisor.asu.edu> [3].

Student responsibilities include following university guidelines regarding submission of transcripts from all colleges other than ASU, obtaining the necessary signatures or computer verifications required by the university, and following university procedures for matriculation. It is ultimately the responsibility of each student to fulfill academic and program requirements.

### **Mandatory advising**

All freshmen and new undergraduate transfer students are required to meet with an academic advisor before registering for courses. Students with academic probationary status and off-track students are required to meet with an academic advisor to plan strategies for improving academic standing. Students interested in transferring to the prelicensure nursing program must attend or view a BSN information session before a one-on-one academic advising appointment will be scheduled. Information session information is located at <https://nursingandhealth.asu.edu/admissions/information-sessions> [4].

## ***Credit/Registration***

### **Course load**

Students wishing to register for more than the maximum allowable credits in a term must contact their academic advisor to obtain an approved overload before registration. All prerequisite courses for the nursing programs must be taken for a letter grade. All upper-division nursing courses will be taken for a grade except for selected clinical courses in the prelicensure program that are taken for “P” (pass) or “Y” (satisfactory).

Students wishing to pursue concurrent degrees must petition the university standards committee and have approval from the College of Nursing and Health Innovation and from the college that offers the other chosen degree.

## ***Degree requirements***

### **RN to BSN program**

Applicants who have an associate degree in nursing or a nursing diploma and have their RN license must apply to the online RN to BSN program [5]. Potential students must have an active RN license in good standing in the state or country in which they are working. There is a minimum GPA of 2.50 for all undergraduate coursework. All prerequisites, including a statistics course, require a grade of a “C” or better.

The RN to BSN program courses are offered online and can be completed in 14 to 24 months. There are five starts per year: two in the fall, two in the spring, and one in the summer.

The RN to BSN program builds on the knowledge and skills the student learned in their associate degree or diploma program. The course assignments will enhance the student’s written and verbal communication skills, clinical reasoning skills and technology skills. Faculty members are leaders and experts in their practice areas. The faculty strive to prepare graduates who will be engaged, professional and innovative leaders who use evidence-based practice to facilitate positive change in the work environment and community. Graduates will demonstrate holistic population-based perspectives and be solution identifiers, client advocates and effective communicators.

The RN to BSN program has transfer pathway agreements with all the community colleges in Arizona. Students with an AAS from a community college in Arizona may be eligible for a pathway program. Students must have earned a 2.50 GPA in the following courses to be eligible for a pathway program: BIO 201, BIO 202, CHM 130/LL, BIO 205, ENG 101, ENG 102 and PSY 101.

Students who did not complete the AAS in the state of Arizona are eligible for the non-pathway program.

For more information on this program, students should view [https://asuonline.asu.edu/rnbsn?utm\\_source=nursing-journal&utm\\_medium=print&utm\\_campaign=Now2](https://asuonline.asu.edu/rnbsn?utm_source=nursing-journal&utm_medium=print&utm_campaign=Now2) [5].

## **Traditional Prelicensure Clinical Nursing program**

Admission requirements for the traditional prelicensure clinical nursing program are more rigorous than university requirements. Some entering freshmen will be directly admitted to the nursing major. Other students will be admitted to an alternative major, the BS in community health, and then compete for space in the nursing program. A competitive advancement process is utilized to fill any available seats in the TPCNP after placing directly admitted nursing major students. Spaces will be given to those students with the highest advancement score. Directly admitted nursing major students must meet continuing eligibility criteria each semester. If they fail to meet one or more of the criteria, they forfeit their direct admission nursing major status and may compete for advancement to the TPCNP.

### **Direct admission**

Students admitted with direct admission status upon entering ASU as a freshman nursing major must meet the continuing eligibility criteria outlined in their major map, each semester, to maintain this status. If direct admission is retained throughout the advancement process, students are guaranteed placement into the clinical nursing program within one year of the semester in which all 17 critical courses are completed. Direct admission students are not guaranteed their first preference. In the event the number of direct admission students requesting placement in a specific cohort is greater than the number of spaces available, placement will be determined by random selection.

### **Competitive advancement process**

Students in other majors, including nursing major students who have forfeited direct admission, are all eligible to compete for a space in the program through the competitive application process provided they have completed the prerequisite courses and all screening items. The advancement score for the TPCNP is composed of the select GPA and the TEAS score. Seats are given to the students with the highest advancement scores. For students applying through the competitive application process, the select GPA and the TEAS scores are used to rank students from high to low. After directly admitted students who meet continuing eligibility criteria are advanced, students who are the highest on the list are offered the remaining spaces in the TPCNP. Students not selected may choose to compete again in the next term. There is no limit on the number of times students may compete; a waiting list is not maintained. Students who do not meet the minimum select GPA and TEAS scores are withdrawn from consideration. Nursing faculty may opt to use additional criteria in the selection process.

**Select GPA for Competing Students:** The select GPA is computed based on 13 critical (prerequisite) courses and must include ENG 101, ENG 102, and three of the four lab sciences: BIO 201, BIO 202, CHM 101, MIC 205/206. Critical courses with a grade of “C” or better may not be repeated to improve the select GPA. Students should see a nursing academic advisor for possible replacement course options. Students who have already earned a bachelor’s degree may choose to use a “pass” grade rather than letter grades for ENG 101 and 102.

**Prerequisite and select GPA for Competing Students:** Students must have a minimum 3.25 in both their prerequisite GPA and select GPA. The average select GPA has been much greater than a 3.25 for those advanced into the program in previous semesters.

**TEAS for Competing Students:** Students will be measured in the basic essential skills in academic content areas of reading, mathematics, science, and English and language usage. To prepare for the exam, students should visit [www.atitesting.com](http://www.atitesting.com) [6] to review the resources available from the creators of the exam. The minimum required TEAS score is 58.7 percent. Direct admit students are not required to take the TEAS, but it is highly recommended.

Students who do not meet the minimum select GPA and TEAS scores are withdrawn from consideration.

## **Postbaccalaureate Clinical Nursing program**

In order to be considered for the PBCNP, all interested students must have a bachelor’s degree from a regionally accredited institution in a discipline other than nursing posted at ASU by the application deadline. Placement in the PBCNP is based on clinical space availability. More students may request placement than clinical space will allow. Placement is not guaranteed. The program is a 12-month program that begins during the spring semester and it includes the spring, summer and fall semesters. The program is offered only at the ASU Downtown Phoenix campus. Summer tuition rates apply for the summer semester and the program has a program fee.

The prerequisites for this program are BIO 201, BIO 202, CDE 232, CHM 101, HCR 220, HCR 240, MIC 205/206, NTR 241, PSY 101 and a statistics course that meets the General Studies CS requirement. Eight of the 10 courses must be completed by the application deadline with a minimum GPA of 3.50 for the semester in which the student applies. All four

science courses must be completed by the application deadline: BIO 201, BIO 202, CHM 101, and MIC 205/206. Science courses must be taken within seven years of the semester in which the program will start.

Grades of "C" (2.00) or better must be earned in each prerequisite course and a minimum cumulative GPA of 3.50 for the prerequisites mentioned above is required by December 31. Courses with a grade of "C" or better may not be repeated to improve the prerequisite GPA. Students should see their academic advisor for limited replacement course options.

Placement is based on a select GPA and a TEAS score of 58.7 percent or higher (taken less than one year prior to the application deadline). Eligibility requirements, criteria for placement and measurements are subject to change. The select GPA will be computed based on eight of 10 prerequisite courses. If only eight prerequisite courses are completed by the placement deadline, the student's select GPA will include all eight of the courses, four of which must be science courses. If the student has more than eight courses completed, they must select at least three of four lab sciences and then choose five other courses.

### **Concurrent Enrollment Program (CEP)**

The concurrent enrollment associate-baccalaureate nursing program is offered through participating community colleges. This program is designed for qualified nursing students who are interested in earning their BSN in nursing while simultaneously pursuing their AAS in nursing. Selected students will be enrolled in the community college program and ASU RN to BSN courses concurrently. RN to BSN courses taken at ASU will be delivered in an online format.

The concurrent enrollment program allows students to pursue an AAS in nursing via the community college while providing an affordable, concurrent course of study that enables students to complete their BSN degree in approximately one to two semesters after graduating with their AAS degrees.

ASU prerequisite requirements are BIO 201, BIO 202, CHM 101, PGS 101 or CDE 232, MIC 205/206, ENG 101 and 102, HCR 240, and the math requirement (MAT 117, 142, or higher), and students must have a 3.00 or greater GPA in these courses to be eligible for consideration.

More information about the Maricopa County Community College CEP is available at <https://www.maricopa.edu/academics/healthcare/maricopa-nursing/cep> [7]. For more information about concurrent enrollment programs at other community colleges, students should call 602-496-0937.

### **Course grades and currency**

Students in the nursing programs must earn grades of "C" (2.00) or better in all nursing coursework except in nursing practice courses in which a designation of a "Y" (satisfactory) or "P" (pass) grade is required. In addition, students are allowed only one nursing course failure (i.e., grade below "C"). The second failure in a nursing course will result in disqualification from the nursing major.

For the TPCNP and PBCNP programs, the science courses CHM 101, BIO 201, BIO 202, MIC 205 and MIC 206 must be current within seven years of the program start date.

Undergraduate nursing (prefix: NUR) courses expire after five years. After course expiration, students must re-enroll in the course and must earn a grade of C or higher. Students may earn university elective credit or general studies credit for the original course.

### **Program fees**

**Traditional Prelicensure Clinical Nursing Program:** Students directly admitted to ASU as a nursing major are charged \$1,000 per semester or term in addition to regular tuition while taking the critical (prerequisite) courses. All students advanced to the TPCNP, whether directly admitted or competitively admitted, are charged \$1,750 per semester or term for the four semesters or terms of the clinical program in addition to tuition charges. Fees are subject to change and are non-refundable.

**Postbaccalaureate Clinical Nursing Program:** There is a \$5,500 program fee per semester or term for the postbaccalaureate BSN concentration in addition to regular tuition and fees. This totals approximately \$16,500 in program fees plus regular tuition and fee charges. Fees are subject to change and are non-refundable.

All tuition and fees are subject to change.

## Concurrent degrees

Concurrent degrees are multiple degrees with one conferral date. The student receives both degrees at the same time regardless if coursework for one degree is completed prior to the other degree. To pursue concurrent degrees, students must be in good academic standing.

A student desiring a concurrent degree program must meet with an academic success specialist in both degree programs to learn about degree and graduation requirements and the eligibility requirements for submitting a petition. Both academic success specialists should review the graduation plan that outlines the courses the student will take each semester through graduation.

A student pursuing a concurrent degree must submit a university petition requesting the concurrent degree. <https://nursingandhealth.asu.edu/student-life/current-students> [1]

The concurrent degree petition must include:

1. an accurate degree completion plan that has been reviewed by academic success specialists from both degree programs and that shows the courses to be taken each semester through graduation
2. a formal statement outlining the request for concurrent degrees which may include short- and longer-term personal and career objectives and goals

The College of Nursing and Health Innovation petitions subcommittee will review the student's concurrent degree request. Concurrent degrees may not be from the same discipline or have significant overlap in the courses required for each major.

Approved petitions are forwarded to the university registrar for notation on the student's record.

To remove a concurrent degree, the student should email [CONHI\\_advising@asu.edu](mailto:CONHI_advising@asu.edu) [8] with the student's full name and ASU ID number as well as which degree the student wants to be removed from the academic record. If the student is pursuing any minors, the student must indicate if they wish to retain the minors.

## *Reinstatement/Readmission*

Disqualified students who have skipped a fall or spring semester must follow the procedures for readmission. Information about readmission to the university is at <https://admission.asu.edu/undergrad/readmission> [9]. Applications for reinstatement and readmission to nursing are subject to rigorous requirements that reflect admission and progression standards.

## *Other special requirements*

**Special Note:** The College of Nursing and Health Innovation periodically needs to implement new policies, protocols and procedures to comply with accreditation, regulatory or clinical health care agency requirements; therefore, policies, protocols and procedures with respect to clinical placement are subject to change. Students should confirm current policies, protocols and procedures with the student handbook at <https://nursingandhealth.asu.edu/current-students> [1].

## **Titers and immunizations**

Students should refer to the appropriate student handbook [1] and the nursing application guide for the most recent requirements.

## **Level one fingerprint clearance card**

Level one fingerprint clearance, in the form of a fingerprint clearance card, is required by Arizona state law in order to work with and care for children, the elderly and vulnerable adults. Fingerprint clearance is determined after a background screening process at the state and federal levels to check for criminal records. Students must have a valid, unrestricted fingerprint clearance card to advance to and remain in the clinical nursing programs. Students with concerns about a restriction may call the Arizona Department of Public Safety at 602-223-2279.

## Arizona State Board of Nursing requirement for RN licensure

Once students have completed their clinical nursing program, they must pass a national licensing examination known as the NCLEX-RN in order to obtain a nursing license. Application for and passage of the NCLEX-RN is the sole responsibility of the student. Arizona state law prohibits an individual convicted of a felony from applying for nursing licensure or certification until five years after the date of absolute discharge of the sentence. This means that all court-ordered terms of probation or parole must be completed at least five years prior to the date of application for nurse licensure. Each case is considered by the Arizona State Board of Nursing on its own merits. The elapse of five years does not guarantee licensure or certification; it simply permits the submission of an application and board consideration. In addition, the Arizona State Board of Nursing may deny any application for a license if the applicant has committed any acts of unprofessional conduct. Students should see the Arizona State Board of Nursing website at <http://www.azbn.gov> [10].

## Equal access

The college is committed to making learning experiences accessible and inclusive for all students, including those with an identified disability or disabling condition. In compliance with the ASU policy on Students with Disabilities [11], SSM 701-02, every effort will be made to accommodate students with special needs to find cost-effective methods to address the identified student condition and serve the needs of the patients. Accommodations may include resources and assistive aids for those students with cognitive and perceptual disabilities, specialized equipment for hearing or vision deficits, and modifications to the physical environment or clinical hours. Students with disabilities are required to document their condition with the Disability Resource Center upon admission to the college and to be key participants in identifying their needs. The college will provide reasonable and appropriate accommodations for any student who has documented a disability or disabling health condition.

## Supplemental requirements for the clinical nursing programs

The requirements specified in this section affect student ability to progress in the clinical nursing program course work, eligibility for clinical placement and to ultimately to be licensed as an RN.

**Cardiopulmonary Resuscitation/Basic Life Support Certification:** Proof of CPR/BLS health care provider certification is required. Students are required to keep the CPR/BLS certification current throughout advancement consideration and when enrolled in the prelicensure clinical nursing program.

**Federal and State Background Screening:** Students must have an unrestricted security background check to advance to and remain in clinical nursing programs.

**Substance Screen:** All students in clinical nursing programs will be required to complete a substance screen. Results of the screen must be negative. Dilute specimens are considered positive. Students will also be tested for nicotine; however, the presence of nicotine will not restrict enrollment in clinical coursework but will affect the clinical placements while in the program.

**Lawful Presence:** The college follows the Arizona State Board of Nursing policy regarding lawful presence in the United States. "On January 2, 2008, ARS 1-504 (HB2467) was implemented by the board requiring ALL applicants to provide the board with satisfactory documentation demonstrating the applicants' citizenship, alien status, legal residency or lawful presence in the United States."  
(<http://www.azbn.gov/Documents/Newsletters/2008/Journal%201st%20Quarter%202008.pdf> [12], page 23).

**Required Clinical Experiences:** Clinical hours vary with facility placement and may include 12-hour blocks of time, weekends and evenings. Flexibility is required since there are a limited number of available clinical sites for student experiences. Students must have the ability to utilize written, verbal and computerized communication with faculty, peers and other health care professionals. Students are expected to demonstrate the ability to think critically and apply nursing knowledge to clinical situations. Students are also required to accept professional supervision from faculty and designated staff and effectively integrate feedback into practice.

## Graduate policies

### *Additional policies*

**Academic Advising:** Prospective graduate students may receive information through the college recruitment office at 602-496-0937 or nursingandhealth@asu.edu [13]. Upon admission, each student is assigned a faculty advisor or mentor within the degree or certificate program or area of concentration.

Students should review the student handbooks for the College of Nursing and Health Innovation for information regarding graduate academic procedures and protocols: Graduate Programs in the College of Nursing and Healthcare Innovation Student Handbooks [1].

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the College of Nursing and Health Innovation.

## Watts College of Public Service and Community Solutions Policies

The Watts College of Public Service and Community Solutions believes our students are our greatest resource. We strive to put the well-being of our students at the center of every policy and program. Each student situation is unique, and we encourage our students to work directly with our talented advising staff to address concerns and issues within the stated policies and procedures.

### Academic integrity

The Watts College of Public Service and Community Solutions academic integrity process models the ASU process. For more information on the process, including next steps, students should see <https://publicservice.asu.edu/grievance-process> [1].

### Undergraduate policies

#### Academic standing

Students in the Watts College of Public Service and Community Solutions are considered to be in good standing for the purpose of retention if they maintain a cumulative GPA of 2.00 or greater in all courses taken at ASU. Certain majors within the Watts College of Public Service and Community Solutions may require a progressively higher GPA than 2.00 as a student advances toward their degree. These requirements are outlined in the student's major map.

#### Changing majors

A student transferring into the Watts College of Public Service and Community Solutions should have a GPA of 2.00 or greater.

#### Probation

Any student who does not maintain good standing is placed on academic probation. A student on academic probation is required to observe any limitations or rules the college may impose as a condition for retention.

#### Disqualification

A student who is on probation becomes disqualified if one of the following occurs:

- The student has not returned to good standing.
- The student has not met the required semester GPA.

Disqualification is exercised at the discretion of the college and becomes effective on the first day of the fall or spring semester following college action. A disqualified student is notified by the dean of the college and is not allowed to register for a fall or spring semester at the university until reinstated. A student who is disqualified may not attend as a nondegree student.

#### Advising

The following categories of students are required to receive advising and be cleared by a program advisor before they may register for classes:

- all freshmen
- all students majoring in social work
- readmitted students
- students on probation
- students who have been disqualified
- students with special admission status
- students with admission competency deficiencies
- transfer students in the first semester at ASU

## *Credit/Registration*

### **Course load**

A normal course load per semester is 15 or 16 credit hours. The maximum number of hours for which a student can register is 18 credit hours unless an overload petition has been filed with and approved by the department or school standards committee and dean or dean's designee. Semester course loads may be further limited for students in mandatory advising. Petitions for overload ordinarily are not approved for students who have a cumulative GPA less than 3.00 and who do not state valid reasons for the need to register for the credits. Students who register for an excess of 18 credit hours and do not have an approved overload petition on file may have courses randomly removed through an administrative drop action. Specific degree requirements are explained in detail under the respective college, school and department sections.

## *Degree requirements*

### **Interdisciplinary public service requirement**

The Watts College of Public Service and Community Solutions has a college-level graduation requirement for all undergraduate students majoring within the college. This degree requirement is called the interdisciplinary public service requirement. Each student must complete coursework from other schools within the college. Students may choose a core course from their major and two courses from the approved course list for this requirement in addition to completing ASU 101-CPP. ASU 101-CPP must be completed in the first year at ASU; the other courses can be taken while completing the degree. The approved course list for each catalog year is available on the major map. Questions about this requirement should be directed to the academic advisor for the major.

### **Solution-based learning requirement**

The Watts College of Public Service and Community Solutions has a college-level graduation requirement for all undergraduate students majoring within the college. This degree requirement is called the solution-based learning requirement. Each student must complete coursework from their school or another school within the college that has an SBL designation. Students must choose a course from the SBL list to meet this requirement. The approved course list for each catalog year is available on the major map. Questions about this requirement should be directed to the academic advisor for the major.

### **Concurrent degrees**

The Watts College of Public Service and Community Solutions supports students who wish to pursue concurrent degrees. The structure of a student's academic program is customized to meet degree requirements for both programs of study. Students are encouraged to meet with an academic advisor from each degree to establish a feasible program of study.

## *Reinstatement/Readmission*

Students seeking reinstatement after disqualification should contact the Watts College of Public Service and Community Solutions student services office regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made through the ASU readmission process. All academic disciplinary action is the function of the Watts College of Public Service and Community Solutions student services office (in UCENT 780) under the direction of the dean of the college. Students having academic problems should call this office for advising at 602-496-0600.

The mission of the Watts College of Public Service and Community Solutions professional academic advising staff is to assist students in developing meaningful educational plans for meeting their academic, career and personal goals; this is done through an ongoing process of evaluation and clarification. The advisors strive to perform their duties in a professional, ethical, confidential, accurate and supportive manner, respecting student diversity and needs and always holding the individual in highest regard. The student and advisor should accomplish this process in a spirit of shared responsibility to help the student develop academic excellence, strong decision-making skills and self-reliance. A student who has been admitted to the Watts College of Public Services and Community Solutions is assigned an academic advisor from the academic unit of the student's major area of study. Questions about advising should be directed to the student's academic advisor or to the Watts College of Public Service and Community Solutions student services office.

## Graduate policies

### *Advising*

Advising is usually handled by graduate faculty or a committee. Once admitted, each student is typically assigned a temporary faculty advisor in the potential areas of specialization; this advisor assists in planning a course of study. For those degree programs requiring the completion of a thesis, a chair and thesis supervisory committee are selected by the director of graduate studies, in consultation with the student and appointed by the dean of the Graduate College. Each graduate degree program in the Watts College of Public Service and Community Solutions has its own set of policies regarding academic performance expectations. Students should contact their graduate advisor to review policies relevant to their degree.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those of the Graduate College and the Watts College of Public Service and Community Solutions.

# School of Sustainability Policies

## Academic integrity

The School of Sustainability adheres to ASU's academic integrity policies and procedures [1]. Additional information can be found on the school's undergraduate [2] and graduate policies, procedures and forms [3] pages.

## Undergraduate policies

Additional School of Sustainability Undergraduate Policies, Procedures and Forms [2] can be found online.

## Academic standing

### Student responsibilities

Students need to make many decisions as they complete their degrees. While the school and the university have a number of resources available (e.g., faculty, courses, advisors and tutors) to help in the decision-making process, students are expected to take responsibility for their decisions.

### Good standing

Students in the School of Sustainability are considered in good standing for the purpose of retention if they maintain a cumulative GPA of 2.00 or greater in all courses taken at ASU and maintain critical requirements within the major, which may include higher GPA expectations; students should refer to the major map for their catalog year.

### Critical requirements

All sustainability students must meet critical requirements for their intended majors. Students who do not comply with the critical requirements are off track and will have holds placed on their records. They will have to meet with their advisors to have the holds removed. Further registration in their intended majors may not be permitted for those students who still do not meet all critical requirements in the following semester. Students who are off track for two consecutive semesters may be required to change their major.

### Probation

Students who do not maintain a cumulative GPA of 2.00 or greater in all courses taken at ASU are placed on academic probation. Before students on probation can register for classes in the next semester, they are required to complete an academic success contract with an advisor and discuss campus academic resources, plan semester goals and discuss strategies to attain academic success. Students on academic probation may be limited to the number of credit hours they can enroll in, must enroll in UNI 220 Academic Refresher, and must also do one of the following:

1. During the next semester, students on probation must raise their cumulative ASU GPA to 2.00 or greater in order to return to good academic standing.
2. They must obtain a semester GPA of 2.50 with no grade lower than a "C" in order to be granted one additional semester on continuing probation, providing them with two semesters to return to good academic standing and avoid disqualification.

In addition, students who have fewer than 24 credit hours will be required to participate in the ASU Pathway for Achieving Student Success program [4].

### Disqualification

Students who do not meet probation requirements are subject to disqualification. Disqualified students are not able to register for classes in the fall or spring semester at the university, and students who already registered for future fall or spring semesters will have their registrations canceled.

## Advising

The School of Sustainability's Student Services Center assists students in achieving their personal, educational, cultural and career goals while becoming self-directed, lifelong learners. The school encourages students to meet with an advisor at least once a semester and requires that students meet with an advisor at four points during their academic career:

1. new-student advising (all newly admitted students)
2. sustainability success advising (during the first semester to plan for the second semester)
3. pivotal advising (when students typically declare their track and related discipline)
4. launchpad advising (to prepare for capstone experiences and planning for post graduation)

Office hours are Monday through Friday (excluding university holidays), 9 a.m. to 4 p.m. Students should schedule their advising appointments in advance online through My ASU [5] or this direct link [6] so advisors can set aside the appropriate time to answer all their questions.

## Degree requirements

### School graduation requirements

All students in the School of Sustainability must complete the university General Studies requirement as well as all requirements for their majors. In addition, the school has established requirements that are specific to the BA and BS:

1. SOS 191 requirement: All incoming freshmen must complete SOS 191 Introduction to ASU and Sustainability with a grade of "C" or better. All incoming transfer students must complete SOS 201 Introduction to ASU and Sustainability with a grade of "Y".
2. Statistics requirement: All students are required to complete STP 226 Elements of Statistics or additional statistics course options as approved by the school.
3. Second-language requirement: All students must fulfill the second-language requirement (see below).

### Second language requirement

**Bachelor of Arts:** Any student pursuing a BA in the School of Sustainability must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of "C" (2.00) or better in each course. Second-language course requirements may be fulfilled by one of the following:

- completion of second-language coursework at the intermediate level (202 or equivalent)\*
- a second-language course at the 300 level or higher taught in the second language and having 202 or its equivalent as a prerequisite
- completion of secondary education at a school in which the language of instruction was not English

\*Those students completing this requirement in Ancient Greek must take GRK 301 and 302; students completing the requirement in Portuguese or Romanian must complete POR 314 or ROM 314.

**Bachelor of Science:** Any student pursuing a BS in the School of Sustainability must demonstrate intermediate proficiency in a second language by completing the courses specified below with a grade of "C" (2.00) or better in each course. Second-language course requirements may be fulfilled by one of the following:

- completion of second-language coursework at the introductory level (102 or equivalent)
- a second-language course at the 200 level or higher taught in the second language and having 102 or its equivalent as a prerequisite
- completion of secondary education at a school in which the language of instruction is not English

The School of Sustainability also requires a cumulative ASU GPA of 2.50 and a 3.00 SOS GPA in order to graduate with a BA or BS in sustainability.

### Concurrent degrees

The School of Sustainability has some formal agreements and major maps [7] in place for concurrent degrees, but students are not limited to these agreements.

Students may seek approval to pursue concurrent degrees with the School of Sustainability after they have completed at least 30 credit hours at ASU. To be eligible to add a BA or BS in sustainability as a concurrent degree, students must have a cumulative ASU GPA of 3.00.

Students interested in declaring a concurrent sustainability degree or current sustainability students interested in declaring a concurrent degree should schedule an appointment [8] with a sustainability advisor to complete a School of Sustainability Standards Petition [9]. Concurrent degrees must be approved by the academic units for both degree programs, so students also need to meet the eligibility criteria and follow the process outlined by the other academic unit as well.

Degree combinations with too great an overlap between the required courses for each major will not be approved. For example, students may not pursue a BA or BS in sustainability as well as a BA in business with a concentration in sustainability or a BA in interdisciplinary studies with a concentration in sustainability.

### ***Reinstatement/Readmission***

Students seeking reinstatement after disqualification or readmission after absence from the university should contact the School of Sustainability office regarding procedures and guidance for returning to good standing. When reinstatement includes readmission, application must be made through the ASU readmission process [10].

### ***Other special requirements***

#### **Student appeal procedure on grades**

The School of Sustainability follows the university policy for student appeal procedure on grades [11]. Additional information can be found on the school's undergraduate [2] and graduate policies, procedures and forms [3] pages.

### **Graduate policies**

Additional School of Sustainability Graduate Policies, Procedures and Forms [3] can be found online.

Graduate students should refer to the School of Sustainability graduate handbooks for information about graduate policies and academic standards.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing, and they must abide by all university policies including those outlined by the Graduate College and the School of Sustainability.

Students should contact the school for more information, at SOSGradAdvising@asu.edu [12] or 480-727-6963.

## Mary Lou Fulton Teachers College Policies

ASU's Mary Lou Fulton Teachers College creates knowledge, mobilizes people and takes action to improve education. Mary Lou Fulton Teachers College faculty create knowledge by drawing from a wide range of academic disciplines to gain insight into important questions about the quality of teaching and learning and the performance of education systems. Mary Lou Fulton Teachers College mobilizes people through bachelor's, master's and doctoral degree programs, through non-degree professional development programs and through socially embedded, multilateral community engagement. Mary Lou Fulton Teachers College takes action by bringing people and ideas together to increase the innovation capabilities of individual educators, schools and organizations, districts and communities.

Mary Lou Fulton Teachers College embraces a core value of "principled innovation" through which we hold ourselves accountable to three imperatives:

**Economic imperative:** We need to prepare learners for the next economy.

**Democratic imperative:** We need to prepare students to become part of an educated citizenry capable of assuming the responsibilities of self-government and of participating in a thriving civil society.

**Equity imperative:** We need to deliver equitable and excellent education to all learners.

For more information, students should visit <https://education.asu.edu> [1].

### Academic integrity

Students in Mary Lou Fulton Teachers College who do not exhibit integrity and professional behavior in the classroom or when in the field are referred to the college administration for disciplinary action. Students should refer to the ASU Student Academic Integrity Policy at <https://provost.asu.edu/academic-integrity> [2] for more information.

## Undergraduate policies

### Academic standing

#### SATISFACTORY ACADEMIC PROGRESS AND PROFESSIONAL CONDUCT POLICY

In order to remain in good standing in the Mary Lou Fulton Teachers College, students must maintain satisfactory academic progress consisting of both academic performance and adherence to the Teachers College Professional Responsibilities Standards. This document sets forth the standards and expectations for satisfactory academic progress and good standing and explains the consequences of failure to meet these standards.

In addition to the policies stated herein, students are expected to abide by applicable university and Arizona Board of Regents policies, including the ASU Student Code of Conduct (<https://eoss.asu.edu/dos/srr/codeofconduct> [3]), the ASU Student Academic Integrity Policy (<https://provost.asu.edu/academic-integrity> [2]), as well as all policies, procedures, rules, regulations and requirements established by the local education agency, school district, or school in which they are engaged in field experience or student teaching (for certification students). Failure to do so may lead to consequences that include dismissal from the program and expulsion from the university.

#### Section I: Academic Performance Requirements

##### A. Satisfactory Academic Progress

Advisors conduct ongoing reviews of students' academic and professional performance in order to determine retention and continuation status. Students with records containing indicators of professional or academic concerns may be placed on academic probation or academic suspension or may be dismissed (permanently removed) from their programs or from the college.

To meet satisfactory academic requirements, all undergraduate students must:

1. Maintain a minimum overall cumulative GPA of at least 2.00 during their freshmen and sophomore years. Teacher certification students must maintain a cumulative ASU GPA of 2.50 or greater during their junior and senior years.

2. Achieve a "C" grade or better in all courses listed on the plan or program of study, including secondary education content area courses. Earning a grade of "W" or "I" in more than one course may be considered a lack of academic progress.
3. Pass all required clinical experiences, including internships, apprentice teaching and student teaching, with a grade of "C" or better.
4. Maintain good standing as outlined in the professional responsibilities standards section. Students who violate professional responsibilities may be placed on academic probation or suspension or may be recommended for dismissal.

## Definitions

**Academic probation:** This is the status assigned to a student who has failed to maintain satisfactory academic progress, also referred to as not in good academic standing. A student placed on academic probation is informed of the areas in which program standards are not being met and the actions the student must take to be removed from academic probation and restored to good standing. A student failing to meet the conditions for reinstatement to good standing may be recommended for dismissal from the program.

A student placed on academic probation will be permitted to progress into the next term (unless the next term includes student teaching) while addressing the deficiency. A student who is on academic probation in which the next term requires student teaching needs to meet with his or her advisor to discuss options for the semester.

**Academic suspension:** An undergraduate student placed on academic suspension may not progress into the next term until all deficiencies have been resolved. Students are required to complete their deficiencies within one calendar year. Failure to do so results in dismissal from the program.

**Deficiency:** This term describes a required course or another program criterion, such as coursework or GPA, which was not met or was not successfully completed.

**Dismissal:** Administrative removal from the clinical experience, from student teaching or the iTeachAZ courses, from the degree program, or from the college is referred to as dismissal.

When the student is notified of a dismissal, he or she must participate in the development of a professional improvement plan. The student's current and future status is determined by the terms of the professional improvement plan.

**Professional Improvement Plan:** A professional improvement plan is a tool designed to support students who may be at risk of not progressing in their major or academic plan. The PIP outlines specific action steps a student must complete in order to maintain or return to good standing within their major or academic plan. These are the typical reasons for placement on a PIP:

- poor academic standing (i.e., ongoing academic deficiencies across coursework)
- issues regarding professionalism (classes or clinical experience)
- academic integrity violation (plagiarism, cheating, etc.)

Any ASU representative or district partner may refer a student for placement on a PIP. Students who are referred for a PIP will meet with the assistant division director and director of student services to develop a plan for success in the Teachers College.

A student is prevented from further enrollment in any initial teacher or administrator program for any of the following reasons:

- expulsion from Arizona State University
- failure to meet the professional responsibilities outlined in the Mary Lou Fulton Teachers College Professional Responsibilities Standards and the ASU Student Code of Conduct
- failure to resolve academic deficiencies
- noncompliance with a professional improvement plan

## B. Unsatisfactory Academic Progress Consequences

### GPA and Grade Deficiencies

**Academic Probation:** Academic probation may be imposed if a student has one of the deficiencies listed below. A student placed on probation will be permitted to progress into the next term (unless the next term includes student

teaching, an applied project or culminating experience) while addressing the deficiency. A student who is placed on probation in which the next term requires student teaching will need to meet with their advisor to discuss options for the semester.

**Academic Suspension:** Academic suspension may be imposed if an undergraduate student has two or more of the deficiencies listed. An undergraduate student placed on academic suspension may not progress into the next term until all deficiencies have been resolved. Students are required to complete their deficiencies within one calendar year. Failure to do so may result in dismissal from the program.

Deficiencies for undergraduate students:

1. a cumulative GPA less than 2.00 or 2.50 for teacher certification students in the junior and senior years
2. an "I" in an education course or secondary education content course
3. a grade of "D", "E", or "W" in an education course
4. a grade of "D" or "E" in a required secondary education content course

**Students who enroll in a course that requires a field observation while not currently enrolled in a clinical experience course that semester are required to enroll in a USL course; failure to successfully complete the required USL course will result in suspension.** Students can choose from USL 210, 216, 402 or 410, and they must obtain the registration and information from their advisor.

Undergraduate students are not approved for student teaching if they are on academic probation or suspension. Once a student returns to good standing, the student is approved for student teaching.

### **Clinical Experience Deficiencies - Undergraduate Students**

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

1. A student who fails a clinical experience or internship course may be allowed to retake the clinical experience or internship one time if the reasons for failure are judged to be remediable. If a student is permitted to retake the clinical experience or internship and fails to pass the second time, the student will be dismissed from the program.
2. In some cases, clinical experience or internship issues may be nonremediable. These may include actions that cause the sponsoring school district or other organization to suspend or dismiss an intern or teacher or administrator candidate or to demand that the student teacher or intern be removed from the clinical placement or internship due to violations of the professional responsibilities standards, violations of a professional code of conduct, district policy, or state or federal law, or engages in other inappropriate behavior. The division determines, based on information from the supervisor, the mentor teacher, the school district, other sponsoring organization, and the student, whether the student actions warrant immediate dismissal from the program without benefit of a period of academic probation or another attempt to pass the clinical experience or internship.

**Students who fail a clinical experience are required to attend a meeting with the division director or designee and director of student services to determine if they are able to retake the clinical experience. Students should refer to grade appeal process for more information.**

### **C. Reinstatement to Good Academic Standing**

To be restored to good academic standing:

1. A student must maintain or improve grades to meet the academic performance requirements.
2. An initial teacher candidate must meet the expectations of any professional improvement plan related to satisfactory academic progress or professionalism while in the program.

**SPECIAL NOTE:** A student on probation for lack of satisfactory progress in one area (e.g., academic progress or professional responsibilities) who subsequently fails to maintain good standing in the other area is recommended for dismissal. Return to good standing requires satisfactory progress in both areas during the time on probation. Sequential semesters of probation for repeated failures to maintain satisfactory progress are not considered.

## Section II: Professional Responsibilities (Conduct)

### A. Satisfactory Progress

Professional work is marked by a particular responsibility to the clients served. Educators are trusted with significant power and authority over students and must demonstrate that they adhere to the standards of the profession. Therefore, in addition to academic progress requirements, students are evaluated with regard to Professional Responsibilities Standards as described in this document.

The Mary Lou Fulton Teachers College Professional Responsibilities Standards show the required expectations for all students.

- All initial teacher or administrator students are expected to meet the professionalism standards in Sections A, B, C, and D at the “applying” level, as a minimum, throughout their course of study.
- Students in noncertification programs are expected to exhibit professional conduct by meeting all standards in Sections A and B at the “emerging” level, as a minimum, throughout their course of study. Showing professionalism and growing and developing professionally are expected in all clinical experiences; in PreK-12 school-related settings; and in university settings, including in interactions with university faculty and staff.

### B. Unsatisfactory Progress --- Professional Responsibilities

Students are informed of an allegation of a violation of or lack of compliance with the Professional Responsibilities Standards, and they have an opportunity to respond. As a general rule, the college seeks to assist students to become professionals by working with the students to develop and improve professional conduct. Students accused of violating or not complying with the professional responsibilities standards meet with the division director or designee and the director of student services or those otherwise appointed to discuss allegations, and they will be informed of their status in the program after the meeting. Possible sanctions include academic probation, suspension, disqualification or dismissal from the initial teacher certification program.

All other university policies regarding student conduct are in addition to these requirements, and infractions of the ASU Student Code of Conduct may result in additional investigations and consequences through university procedures.

### C. Dismissal from Clinical Experiences (Internship or Student Teaching)

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

In the event a school district requests that a student be dismissed from an internship or student teaching placement for unprofessional or inappropriate behavior, the intern or teacher candidate is required to attend a meeting with the division director or designee, the senior director of student services, and other college representatives as determined by the division director to discuss the reasons for request for dismissal from the internship or student teaching placement. If it is determined that the allegations of a violation of unprofessional behavior resulting in the request for dismissal from the school or district are warranted, one or all of the following actions may result. The intern or teacher candidate:

- will be dismissed from the internship or student teaching placement
- will receive a failing grade of "E" for the internship or student teaching course\*
- will not be assigned another internship or student teaching placement during the same semester in which the teacher candidate was assigned a failing grade
- may not withdraw from the internship or clinical experience course or from the student teaching course\*\*
- must withdraw from all courses that require concurrent enrollment with the internship or student teaching

\*If an intern or teacher candidate wishes to appeal the "E" grade, the candidate can follow the grade appeal process as outlined on the Teachers College website. The first step in the grade appeal process is to meet with the course instructor. Students have 10 business days to appeal a grade.

\*\*If a withdrawal is processed by the Office of the Registrar, the grade will be administratively changed to an "E".

If a teacher candidate wishes to repeat the internship or student teaching and concurrent course work during the semester following the dismissal, the teacher candidate must show evidence of how they plan to resolve the situation or circumstances, which resulted in the removal from the internship or student teaching. The teacher or administrator

candidate will be required to meet with the division director or designee and the senior director of student services to develop a professional improvement plan outlining expectations for continued professional growth and academic development.

In the event that the teacher or administrator candidate violates the rules, policies or procedures for conduct established by the school, district, local education agency, ASU, Teachers College, or the law while on a PIP for unprofessional behavior, the teacher or administrator candidate will be dismissed from the initial teacher or administrator program. Teacher or administrator candidates who are dismissed may not petition to continue in their current academic plan, but may be eligible to pursue other noncertification degree options within Teachers College (i.e., educational studies, master's degree without certification) or within other colleges at ASU.

## APPEAL PROCESS

### Academic Probation

There is no appeal from the action of being placed on probation. Probation provides warning to the student of the potential for suspension or dismissal.

### Grade Appeals

#### Reasons for Grade Appeal

A student may appeal a grade only when the student can document that one or a combination of the following has occurred:

1. The instructor erred in calculating points or acknowledging timely submission of assignments.
2. The instructor did not apply grading standards equitably; for example, there is evidence of bias due to race, age, sex, religion or national origin.
3. The instructor did not assign grades consistently with the standards and procedures for evaluation announced at the beginning of the course in the course syllabus. The instructor may amend or supplement the standards and procedures during the course by providing written or oral notice to the entire class.

#### Grade Appeal Procedure

To receive consideration, grade appeals must be submitted to the course instructor within 10 business days of the last date for posting final grades, as noted in the academic calendar. The academic calendar is available at <https://students.asu.edu/academic-calendar> [4].

**Step One:** Informal Meeting with Instructor – This step is mandatory and applies to an appeal of course grades only.

1. The student must contact the instructor of the course and submit the attached grade appeal. The student must provide to the instructor any additional relevant documentation to support the appeal and reasons for disputing the grade. The narrative accompanying the grade appeal form may not exceed five double-spaced pages.
2. The student must meet with the instructor either face to face or (in the case of online classes only) virtually. If this meeting does not resolve the grievance, the student may move to step two and submit the grade appeal form to the appropriate contact in the Office of Student Services.

If the required meeting with the instructor has not taken place, the appeal will be accepted only if the student supplies evidence that the student contacted the instructor and either received no reply within five business days or was unable to schedule a meeting within 10 business days of the date of contact.

**Step Two:** Submit Grievance to Office of Student Services – If the grievance is not resolved in step one, the student should contact the executive director of academic services at 480-965-5555.

**Step Three:** Division Director Reviews Grade Appeal – The executive director of student services will review the grade appeal and may request additional information if needed. The grade appeal will be forwarded to the division director for review.

- Undergraduate programs and graduate certification program appeals will be sent to the division director.

The division director will review all information and will notify the student of the outcome.

#### **Step Four: Appeal Decision to the Dean**

- Per university policy, the student may appeal the division director's decision to the dean, whose decision is final. The students must appeal within five business days of receiving the letter from the division director. The letter will contain information regarding how the appeal should be submitted.
- Only the issue appealed to the division director may be appealed; no new issues or complaints may be added.
- The dean or designee has full discretion as to whether to refer the appeal to the Student Issues Committee (also known as the college Academic Grievance Committee). Students should see <https://catalog.asu.edu/appeal> [5] for university policies on grade appeals.
- The student will be notified by mail of the outcome. The decision of the Student Issues Committee (dean's designee) is final.

**It is university policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean of the college in which the course is offered.**

More information on university grading policies is at <https://catalog.asu.edu/appeal> [5].

During the time of the appeal, a student may register for courses; however, if the appeal is denied and the student is withdrawn, university policies on tuition refunds will be applied. Any concerns about tuition charges should be addressed to the registrar's office.

#### **Advising**

The Office of Student Services is dedicated to providing students with the very best academic support and guidance in every phase of a student's academic program. Academic program advisors provide students with assistance in selecting classes and in fulfilling program requirements. Each ASU campus has dedicated academic advisors knowledgeable about all Teachers College programs. Students should see <https://education.asu.edu/student-life/student-services-undergraduate> [6] or <https://sites.google.com/a/asu.edu/tc-graduate-student-resources/introduction/student-success-staff> [7] for advising locations and contact information. Students are encouraged to meet with their advisors every semester.

#### **Credit/Registration**

Students are limited to a maximum of 18 credit hours per term. Enrollment in additional credit hours requires college academic advisor approval.

#### **Audit**

Teachers College students are permitted to audit any course that is not part of the iTeachAZ curriculum. Additional university fees are assigned to courses when the audit option is chosen.

#### **Course prerequisites**

Enrollment in upper-division iTeachAZ course work requires approval from Teachers College. Students should review current course descriptions for course prerequisites.

#### **Incomplete grades**

Incomplete grades will only be issued if a student is in good standing in the course and experiences an extenuating situation just prior to the end of the term. Courses not leading to Arizona teacher certification must be completed one calendar year from the initial grade assignment. Students enrolled in the professional program must complete courses for which they received "I" (incomplete) grades before the start of student teaching.

#### **Grade appeals**

The undergraduate grade appeal policy is available from academic advisors in the Office of Student Services or at <https://education.asu.edu/mymlftc/student-forms-policies> [8]. Students attempting to appeal grades must first discuss the reasons with the course instructors. Appeals must be filed by the deadline stated in the policy.

#### **Pass/Fail**

A "Y" (satisfactory) grade is assigned to a passed course and an "E" grade is assigned to a failed course. Only the "E" grade is computed in the ASU cumulative GPA.

## Transfer

Students may transfer a maximum of 64 credits from two-year institutions. There is no limit to the number of credits transferred from four-year institutions. Students interested in substituting previous teacher preparation courses for current professional program Teachers College courses must submit the petition for adjustment of requirements to the Office of Student Services at their chosen campuses.

Any transfer student who is interested in starting iTeachAZ must submit an online form; have a 2.50 cumulative GPA; have completed 60 credit hours; and, fulfill specific course requirements as outlined by each education major. Students who complete the Associate of Arts in elementary education, Transfer Admission Guarantee and Maricopa-ASU Pathways Program will meet the requirements for progression into the professional program.

## Withdrawal

Students should review the Mary Lou Fulton Teachers College undergraduate withdrawal policy at <https://education.asu.edu/mymlftc/student-forms-policies> [8] and the current university withdrawal procedures at <https://students.asu.edu/drop-add> [9]. It is each student's responsibility to withdraw from courses. Students are not automatically withdrawn for nonattendance.

## Degree requirements

Students who begin at ASU as freshmen follow the major maps for their chosen programs. The major map is an outline that students follow each term for enrollment. Students who have attended only ASU have their progress reviewed at the completion of each term to ensure that they are on track for graduation. Transfer students must attend an advising session in which they will learn the degree requirements as well as minimum eligibility requirements for degree completion. Students must fulfill clinical experience, student teaching or service learning requirements as part of degree completion. Mary Lou Fulton Teachers College is committed to providing support and resources for students needing academic or professional growth assistance.

To be in good standing in Mary Lou Fulton Teachers College, students must maintain an overall cumulative GPA of 2.00 or greater (2.50 GPA for teacher certification students in junior and senior years) and earn a "C" grade (2.00) in all education courses. Students are evaluated in accordance with the Mary Lou Fulton Teachers College retention and continuation policy. Students in the program are formally reviewed regarding their academic progress to determine retention and continuation status. Students with records that contain indicators of professional or academic concerns will be placed on probation, suspension or permanently removed from their programs.

Students who exhibit unprofessional behaviors or attributes are required to meet with a Mary Lou Fulton Teachers College administrator to develop a professional improvement plan, which outlines the expectations for continuing in the program. Such students are placed on probation or suspension and are subject to the disqualification policy of Mary Lou Fulton Teachers College. Students should refer to the retention and continuation policy for additional information: <https://education.asu.edu/mymlftc/student-forms-policies> [8].

## Concurrent degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

Requirements for students who wish to pursue a concurrent degree:

- Students must be in good academic standing, maintaining a minimum cumulative GPA of 2.50 or greater. (Exception: Students enrolled in the educational studies degree program must maintain a minimum cumulative GPA of 2.00.)
- Students must inform their Teachers College advisor of each degree being pursued as a concurrent degree. This information is important to the department's record keeping and it may affect recommended courses.
- Students studying secondary education may not pursue a concurrent degree in the same area as their content area.
- If one of the degrees is offered through another college, the student must contact that college and complete its required procedures for requesting and pursuing concurrent degrees.

## *Reinstatement/Readmission*

Applications for reinstatement and readmission are reviewed by the director of undergraduate student services on a case-by-case basis.

## *Other special requirements*

### **STUDENT TEACHING REQUIREMENTS**

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

#### **Academic Requirements**

To be eligible to progress into student teaching, a student must be in good academic standing with the Teachers College and all outstanding courses. Students who have academic deficiencies as outlined above are not approved for student teaching until the deficiencies are completed. For undergraduates, this includes requirements for general studies, foundational courses, and electives in the major and minor. For graduate students, this includes all requirements that appear on the program and plan of study.

If students wish to take a course concurrently with student teaching in addition to the courses required during student teaching, they must submit a petition for review by the advising coordinator. The course must be offered in the evening or online and not conflict with contracted hours for student teaching.

#### **Essential Functions of Student Teaching or Administrator Internship**

As a credentialing institution of the State of Arizona, our mission is to prepare teachers for service in PreK-12 school settings. Teachers College students are required to complete multiple clinical experiences (internships and student teaching) in which they must be able to perform the essential functions of teaching. The essential functions required by Teachers College are in the areas of physical capacity, cognitive flexibility and communication. The ability to perform these essential functions is a requirement for successful completion of the teacher preparation program.

Teaching is a demanding profession that requires a great deal of physical, mental and emotional stamina and in which the safety and well-being of children and youth is paramount. Interns and student teachers spend the majority of their days standing while interacting with PreK-12 students in the classroom and other areas of the school grounds. Walking students from one classroom to another and maneuvering through tight spaces between desks or other classroom furniture is commonplace. In early childhood and elementary settings, walking and moving quickly along uneven surfaces on the playground is necessary. Working with PreK-12 students also entails kneeling or squatting, stooping and bending from the waist at 50- to 70-degree angles frequently throughout the day. Reaching at, below or above shoulder height to write on chalkboards or white boards and using technology and audio-visual equipment requires significant manual dexterity. Occasionally, interns and student teachers will be required to lift or move items weighing up to 30 pounds. These physical requirements allow the effective teacher candidate to engage students in activities and materials that challenge and sustain the attention of students while carrying out instructional plans.

The cognitive demands of internships and student teaching require that teacher candidates master relevant content in all subjects taught in the assigned classroom, use personal modeling to demonstrate performance expectations with precise and correct command of the English language, provide oral and written feedback that is academically focused, frequent and of high quality, and use content-specific instructional strategies that enhance students' knowledge of content. Student teachers must also be able to provide differentiated instruction to ensure that all children have the opportunity to master what is being taught. In addition, student teachers must maintain emotional control under stress and establish rules for learning and behavior both inside the classroom and on all other areas of the school grounds by monitoring for student safety and behavior. Student teachers are evaluated using the TAP rubric across these essential functions of student teaching. The TAP rubric can be accessed in the Clinical Experiences Handbook provided at orientation.

The physical, cognitive and communicative demands described here are representative of those that must be met by interns and student teachers, to successfully perform the essential functions of their assigned clinical experiences. Reasonable accommodations may be made to enable qualified individuals with disabilities to perform these essential functions.

#### **Definitions**

**Institutional Recommendation (IR):** All Teachers College certification programs are approved by the State of Arizona Department of Education to issue institutional recommendations to students who have fulfilled the state's requirements for certification. The IR allows for expedited issuance of the teaching or administrative certificate.

## **Student Support**

### **Pregnancy Leave Policy**

In accordance with Title IX, students requiring leave are entitled to leave for as long as it is deemed medically necessary by their physician. For absences fewer than two weeks for session C courses or one week of leave for session A/B or summer courses, students should be able to make up the missed work without affecting field placement. Longer leaves are accommodated; however, students are still required to complete all assignments and other requirements that accumulate during their leave prior to the last day of classes. Students who are unable to make up requirements prior to the end of the semester receive a grade of Incomplete or have the option of applying for a medical withdrawal without loss of any tuition paid that semester. During the leave, absences will be excused and will not negatively impact final grades. Students who need to request leave should submit their medical documentation to the senior director of student services in the Mary Lou Fulton Teachers College.

### **Accommodations**

Mary Lou Fulton Teachers College is committed to student success and ensures an inclusive learning environment for all students. Students with disabilities or disabling health conditions who need accommodations are required to document their condition with the Disability Resource Center. The Mary Lou Fulton Teachers College encourages admitted students with disabilities or disabling health conditions who believe they may need an accommodation to register with the DRC prior to enrolling in the program. That way, all reasonable accommodations can be in place at the beginning of the program. Students who are registered with DRC will be key participants in establishing reasonable and appropriate accommodations with course instructors.

## **Additional Requirements for Teacher Certification Candidates**

### **Milestones**

As outlined on major maps, students are required to meet milestones for successful progression into iTeachAZ. These milestones include obtaining a DPS fingerprint clearance card, submitting an iTeachAZ intent to progress form with an academic advisor, and attending an enrollment workshop. Details can be found at <https://education.asu.edu/mymlftc/student-forms-policies> [8].

### **Fingerprint Clearance Card**

Per Arizona state statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted to work in the classroom are required to have an identity-verified fingerprint clearance card. All students enrolling in programs leading to certification must participate in clinical experiences and student or apprentice teaching. Students participating in clinical experience must have proof of a fingerprint clearance card on file in the Office of Clinical Experiences before clinical placement hours begin.

### **Intent to Progress**

All students who start at ASU as first-time freshmen must submit their intent to progress forms to the Office of Student Services during term three, before beginning the iTeachAZ program in term five. The intent to progress form is located at <https://education.asu.edu/mymlftc/student-forms-policies> [8].

## **Graduate policies**

The college offers master's degree and doctoral programs as well as graduate certificates. Some programs also allow students to obtain state or professional certification.

After admission to a degree program, specific advice related to degree requirements and activities is provided by academic advisors in the Office of Student Services. Once admitted, all graduate students are required to submit a plan of study. The plan of study functions as a contract between the student, the academic unit and the Graduate College. The interactive plan of study contains certain degree requirements such as coursework, a committee and a culminating experience. Students are to call 602-543-6358 and ask for the academic advisor for a specific campus or program.

### ACADEMIC STANDING

#### Satisfactory Academic Progress and Professional Conduct Policy

In order to remain in good standing in the Mary Lou Fulton Teachers College, students must maintain satisfactory academic progress consisting of both academic performance and adherence to the Teachers College Professional Responsibilities Standards. This document sets forth the standards and expectations for satisfactory academic progress and good standing and explains the consequences of failure to meet these standards.

In addition to the policies stated herein, students are expected to abide by applicable university and Arizona Board of Regents policies, including the ASU Student Code of Conduct (<https://eoss.asu.edu/dos/srr/codeofconduct> [3]), the ASU Student Academic Integrity Policy (<https://provost.asu.edu/academic-integrity> [2]), Graduate Policies and Procedures as well as all policies, procedures, rules, regulations and requirements established by the local education agency, school district or school in which they are engaged in clinical experience or student teaching (for certification students). Failure to do so may lead to consequences that include dismissal from the program and expulsion from the university. Graduate students should also refer to the Graduate College website (<https://graduate.asu.edu> [12]) for further information about the Graduate College policies.

#### Section I: Academic Performance Requirements

##### A. Satisfactory Academic Progress

Advisors conduct ongoing reviews of students' academic and professional performances in order to determine retention and continuation status. Students with records containing indicators of professional or academic concerns may be placed on academic probation or academic suspension or may be dismissed (permanently removed) from their programs or the college (graduate students refer to the Graduate College policies).

To meet satisfactory academic requirements, all graduate students must:

- Maintain at minimum a 3.00 GPA every semester on the following:
  - Interactive Plan of Study GPA: The iPOS GPA is calculated on all courses that appear on the student's approved iPOS.
  - Overall Graduate GPA: The overall graduate GPA is calculated on all courses numbered 500 or greater that appear on the transcript, except courses that counted toward an undergraduate degree at ASU (unless shared with a master's degree in an approved bachelor's degree or master's degree program) and courses identified as deficiencies in the original letter of admission.
  - Cumulative GPA: The cumulative GPA represents all courses completed at ASU.
- Achieve a "C" grade or better in all courses listed on the plan of study, including secondary education content area courses. Earning a grade of "W" or "I" in more than one course may be considered a lack of academic progress. Doctoral students carrying more than three credits of "I" grades will be considered to not be making satisfactory academic progress.
- Pass all required clinical experiences, including internships, apprentice teaching and student teaching, with a grade of "C" or "Y" or better.
- Maintain good standing as outlined in the professional responsibilities standards section. Students who violate professional responsibilities may be placed on academic probation or suspension or may be recommended for dismissal.

#### Definitions

**Academic Probation:** This is the status assigned to a student who has failed to maintain satisfactory academic progress, also referred to as not in good academic standing. A student placed on academic probation is informed of the areas in which program standards are not being met and the actions the student must take to be removed from academic probation and restored to good standing. A student failing to meet the conditions for reinstatement to good standing may be recommended to the Graduate College for dismissal from the program.

A student placed on academic probation is permitted to progress into the next term (unless the next term includes student teaching, an applied project, or a culminating experience) while addressing the deficiency. A student who is on academic probation in which the next term requires student teaching need to meet with his or her advisor to discuss options for the semester.

**Deficiency:** This term describes a required course or another program criterion, such as coursework or GPA, which has not been met or was not successfully completed.

**Dismissal:** Administrative removal from the clinical experience, from student teaching or the iTeachAZ courses, from the degree program or from the college is referred to as dismissal.

**Professional Improvement Plan:** A professional improvement plan is a tool designed to support students who may be at risk of not progressing in their academic plan. The PIP outlines specific action steps a student must complete in order to maintain or return to good standing within their major or academic plan. There are three reasons for making a PIP referral:

- poor academic standing (i.e., ongoing academic deficiencies across coursework)
- issues regarding professionalism (classes or clinical experience)
- academic integrity violation (plagiarism, cheating, etc.)

Any ASU representative or district partner may refer a student for a PIP. Students who are referred for a PIP will meet with the assistant division director and director of student services to develop a plan for success in the program.

A student is prevented from further enrollment in any initial teacher or administrator program for any of the following reasons:

- expulsion from Arizona State University
- failure to meet the professional responsibilities outlined in the Mary Lou Fulton Teachers College Professional Responsibilities Standards and the ASU Student Code of Conduct
- failure to resolve academic deficiencies
- noncompliance with a professional improvement plan
- failure to meet ASU Graduate College policies

## B. Unsatisfactory Academic Progress Consequences:

### GPA and Grade Deficiencies

Academic probation may be imposed if a student has one of the deficiencies listed below. A student placed on probation will be permitted to progress into the next term (unless the next term includes student teaching, an applied project or culminating experience) while addressing the deficiency. A student who is placed on probation in which the next term requires student teaching needs to meet with their advisor to discuss options for the semester. A graduate student with a single semester GPA at or less than 2.00 may be recommended for dismissal without the benefit of a semester of probation.

Students should carefully review the Graduate College policies (found at <https://graduate.asu.edu/policies-procedures> [13]), as the Graduate College policies are required of all graduate students at ASU. Students should pay special attention to the policies regarding GPA, the time limit for degree completion, and continuous enrollment.

Deficiencies for graduate students:

1. interactive Plan of Study (iPOS) GPA less than 3.00
2. overall graduate GPA less than 3.00
3. cumulative GPA less than 3.00
4. a grade below a "C" in any required course\*
5. a grade of "I" or "W" in a required course, or carrying more than three credits of "I" for students in doctoral programs

\*Students must repeat a course with a grade below a "C" the following semester it is offered and earn a "C" grade or better. Failure to achieve a "C" or better on the second attempt may result in a recommendation for dismissal from the program.

Students will not be approved for student teaching if they are on academic probation or suspension. Once a student returns to good standing, the student can be approved to student teach.

**Graduate students who are placed on academic probation may not be permitted to complete culminating experiences applied project, etc.) until she or he returns to good standing. Doctoral students must be in good academic standing to complete comprehensive exams or to schedule oral defenses.**

## Accelerated Programs (4+1 Programs)

Students in 4+1 accelerated programs are considered undergraduate students until all undergraduate requirements have been met. Undergraduate students enrolled in the accelerated program are eligible to enroll in graduate level courses and seminars. However, they will not be eligible for most graduate prerequisites including teaching and research assistantships and related health insurance, financial aid, or graduate award programs until the undergraduate degree is completed.

Students are reviewed on an ongoing basis to ensure academic progress in both bachelor's and master's degree program requirements.

- Undergraduate students in an accelerated bachelor's/master's degree program prior to the awarding of their undergraduate degree must complete all of their bachelor's degree requirements and graduate with their undergraduate degree within 12 months of the first day of the semester for which they were admitted to the accelerated program.
- Undergraduate students must maintain a cumulative GPA of 3.00 from the time they have applied to the program (at 75 credit hours completed in the undergraduate degree) to the time the student begins taking graduate courses (at 90 credits completed in the undergraduate degree). A student must continue to maintain a 3.00 in all coursework. **If an undergraduate student's cumulative GPA becomes less than a 3.00 between the time they are admitted to the accelerated program and the time they begin their coursework, their admission to the accelerated program may be revoked.**
- If the student's cumulative, graduate and iPOS GPAs drop below the 3.00 GPA requirement once they have started the master's portion of the accelerated program, the student will fall under the academic standing policy for graduate students. **The student will still be allowed to complete their undergraduate degree but will no longer be able to complete the graduate degree as part of the accelerated program.**

Deficiencies for students in accelerated programs:

1. interactive plan of study (iPOS) GPA less than 3.00
2. overall graduate GPA less than 3.00
3. cumulative GPA less than 3.00
4. earning a grade below a "C" in any required course\*
5. earning a grade of "I" or "W" in a required course
6. failure to complete the undergraduate degree within 12 months of the first day of the semester for which the student was admitted to the accelerated program

\*Students must repeat a course with a grade below a "C" the following semester it is offered and earn a "C" grade or better. Failure to achieve a "C" or better on the second attempt may result in a recommendation for dismissal from the program.

## Clinical Experience Deficiencies

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

- A student who fails a clinical experience or internship course may be allowed to retake the clinical experience or internship one time if the reasons for failure are judged to be remediable. If a student is permitted to retake the clinical experience or internship and fails to pass the second time, the student will be recommended to the Graduate College for dismissal from the program.
- In some cases, clinical experience or internship issues may be nonremediable. These may include actions that cause the sponsoring school district or other organization to suspend or dismiss an intern or teacher or administrator candidate or to demand that the student teacher or intern be removed from the clinical placement or internship due to violations of the professional responsibilities standards, a professional code of conduct, district policy, or state or federal law, or engages in other inappropriate behavior. The division will determine, based on information from the supervisor, the mentor teacher, the school district, other sponsoring organization, and the student, whether the student actions warrant immediate dismissal from the program without the benefit of a period of academic probation or another attempt to pass the clinical experience or internship.
- An InMAC student whose clinical placement is terminated by the school district due to reasons unrelated to performance, such as reductions in force, will not be recommended for academic probation or

involuntary withdrawal on that basis alone. However, if the student does not secure another full-time teaching position, he or she must complete the degree and certification requirements by transferring to a MAC track and successfully completing the requirements of that program. This means the student may not continue to take classes with an InMAC cohort.

**Students who fail a clinical experience are required to meet with the division director or designee and director of student services to determine if they are able to retake the clinical experience. Students should refer to grade appeal process for more information.**

#### C. Reinstatement to Good Academic Standing

To be restored to good academic standing:

1. A student must maintain or improve grades to meet the academic performance requirements.
2. An initial teacher, administrator candidate or graduate student in a non-certification program must meet the expectations of any professional improvement plan related to satisfactory academic progress or professionalism while in the program.

**SPECIAL NOTE:** A student on probation for lack of satisfactory progress in one area (e.g., academic progress or professional responsibilities) who subsequently fails to maintain good standing in the other area is recommended for dismissal. Return to good standing requires satisfactory progress in both areas during the time on probation. Sequential semesters of probation for repeated failures to maintain satisfactory progress are not considered.

## Section II: Professional Responsibilities (Conduct)

#### A. Satisfactory Progress

Professional work is marked by a particular responsibility to the clients served. Educators are trusted with significant power and authority over students and must demonstrate that they adhere to the standards of the profession. Therefore, in addition to academic progress requirements, students are evaluated with regard to Professional Responsibilities Standards as described in this document.

The Mary Lou Fulton Teachers College Professional Responsibilities Standards show the required expectations for all students.

- All initial teacher or administrator students are expected to meet the professionalism standards in Sections A, B, C, and D at the “applying” level, as a minimum, throughout their course of study.
- Students in non-certification programs are expected to exhibit professional conduct by meeting all standards in Sections A and B at the “emerging” level, as a minimum, throughout their course of study. Showing professionalism and growing and developing professionally are expected in all clinical experiences; in PreK-12 school-related settings; and in university settings, including in interactions with university faculty and staff.

#### B. Unsatisfactory Progress -- Professional Responsibilities

Students will be informed of an allegation of a violation of or lack of compliance with the Professional Responsibilities Standards and will have an opportunity to respond. As a general rule, the college seeks to assist students to become professionals by working with the students to develop and improve professional conduct. Students accused of violating or not complying with the Professional Responsibilities Standards will attend a meeting with the division director or designee and the director of student services or those otherwise appointed to discuss allegations, and they will be informed of their status in the program after the meeting. Possible sanctions include academic probation, suspension, disqualification or dismissal from the initial teacher, administrator or graduate program.

All other university policies regarding student conduct are in addition to these requirements, and infractions of the ASU Student Code of Conduct may result in additional investigations and consequences through university procedures.

#### Notices of Concern

Students who receive a Notice of Concern (NOC) due to unsatisfactory academic or professional conduct may require a meeting with the director of student services, the division director, or a designee. Failure to comply with requests related to NOCs may result in probation due to unsatisfactory progress.

### C. Dismissal from Clinical Experiences (Internship or Student Teaching)

The following policies apply to students enrolled in initial teacher certification or administrator certification programs.

In the event a school district requests that a student be dismissed from an internship or student teaching placement for unprofessional or inappropriate behavior, the intern or teacher candidate will be required to attend a meeting with the division director or designee, the senior director of student services, and other college representatives as determined by the division director to discuss the reasons for request for dismissal from the internship or student teaching placement. If it is determined that the allegations of a violation of unprofessional behavior resulting in the request for dismissal from the school or district are warranted, one or all of the following actions may result. The intern or teacher candidate:

- will be dismissed from the internship or student teaching placement
- will receive a failing grade ("E") for the internship or student teaching course
- will not be assigned another internship or student teaching placement during the same semester in which the teacher candidate was assigned a failing grade
- may not withdraw from the internship or clinical experience course or the student teaching course\*
- must withdraw from all courses that require concurrent enrollment with the internship or student teaching, including any applied project course taken concurrently with student teaching

\*If a withdrawal is processed by the Office of the Registrar, the grade will be administratively changed to an ("E").

If an intern or teacher candidate wishes to appeal the "E" grade, the candidate can follow the grade appeal process as outlined on the Teachers College website. The first step in the grade appeal process is to meet with the course instructor. Students have 10 business days to appeal a grade.

If a teacher candidate wishes to repeat the internship or student teaching and concurrent course work during the semester following the dismissal, the teacher candidate must show evidence of how they plan to resolve the situation or circumstances, which resulted in the removal from the internship or student teaching. The teacher or administrator candidate will be required to meet with the division director or designee and the senior director of student services to develop a professional improvement plan outlining expectations for continued professional growth and academic development.

In the event that the teacher or administrator candidate violates the rules, policies or procedures for conduct established by the school, district, local education agency, ASU, Teachers College, or the law while on a PIP for unprofessional behavior, the teacher or administrator candidate will be dismissed from the initial teacher or administrator program. Teacher or administrator candidates who are dismissed may not petition to continue in their current academic plan but may be eligible to pursue other non-certification degree options within Teachers College (i.e., master's degree without certification) or within other colleges at ASU.

Students enrolled in the Master of Education and Arizona certification program who are dismissed from a clinical experience or fail a clinical experience and would like to complete the program without obtaining teacher certification (master's degree only) must submit a petition to the assistant division director and senior director of student services for review. Petitions are reviewed on a case-by-case basis and not all students are approved to enroll or continue to be enrolled in MAC course work. Students approved to remain in the MAC noncertification option are required to adhere to the same professionalism standards as students enrolled in certification programs. Failure to adhere to these standards results in dismissal from the Teachers College.

#### **Special Situations for MAC and InMAC Students**

##### Intern Certificate (InMAC only)

Students in the InMAC program are in multiple interdependent roles:

- employees of a school or school district
- holders of a teaching intern certificate from the Arizona Department of Education
- graduate students at Arizona State University

The teaching position requires that the student holds the intern certificate. The intern certificate requires that the college certifies to the State of Arizona Department of Education that the student is enrolled in a teacher preparation program and is in good academic standing. At the completion of the first year, the intern certificate renewal requires a letter from the college certifying that the student has met the requirements set forth by the ADE. InMAC students who

are on academic probation at the end of the first year will be evaluated on a case-by-case basis to determine if a renewal or extension letter can be issued. At the completion of the second year, only students in good academic standing are eligible for an institutional recommendation (IR) to obtain a provisional teaching certificate.

An InMAC student who is ineligible to renew his or her intern certificate is no longer eligible to continue in the alternative pathway to teacher certification program. The student may be allowed to complete the degree and certification requirements by enrolling in the MAC track of the program. More information is available from the Office of Student Services.

**Note:** Due to the intensity of program coursework and apprentice teaching, students participating in InMAC are not permitted to enroll in courses outside of the prescribed plan of study. Students who are enrolled in courses outside of the InMAC program are not able to participate in InMAC and are administratively withdrawn from program courses.

#### Completion of Student Teaching and Applied Project (MAC and InMAC)

As a part of a MAC or InMAC student's degree requirements, all students must complete an applied project course (Secondary: SED 593, Special Education: SPE 593, Elementary Education: EED 593). The purpose of the applied project is to act as a culmination of student work throughout the program and to enhance the student teaching experience. As a part of this course, students begin by formulating a topic that they will be researching with a group of students throughout the entire semester, typically those in their student teaching placement (second internship for SPE MAC) and with their placement school's permission. A grade of a "B" or better is required to pass the course and graduate from the master's program.

In those cases in which a student enrolled in an applied project course must leave their placement, they will be required to also withdraw from the applied project course. This is necessary, as students will no longer have preapproved access to the students needed to complete the necessary research for the project. Students dropping both courses will still need to maintain the ASU Graduate College policy of continuous enrollment, either by completing at least one credit of graduate-level coursework or with an approved medical/compassionate withdrawal for the semester.

**Applied Project Retake:** Students approved for a new student teaching experience retake the applied project concurrently with the new placement.

For students who successfully complete their student teaching placement, but do not pass the applied project ("B" or better) or if students must complete the program without certification, they are required to complete the next available corresponding applied project course. Students must have access to a group of children in the relevant age group (preapproved by any organization they might belong to) which they must locate themselves. Students must also contact the instructor of the applied project course before the end of the first week of class to discuss their situation, including that they will not be completing their project in an ASU placement.

## APPEAL PROCESS

### Academic Probation

There is no appeal from the action of being placed on probation. Probation provides warning to the student of the potential for suspension or dismissal.

### Grade Appeals

#### Reasons for Grade Appeal

A student may appeal a grade only when the student can document that one or a combination of the following has occurred:

1. The instructor erred in calculating points or acknowledging timely submission of assignments.
2. The instructor did not apply grading standards equitably; for example, there is evidence of bias due to race, age, sex, religion or national origin).
3. The instructor did not assign grades consistently with the standards and procedures for evaluation announced at the beginning of the course in the course syllabus. The instructor may amend or supplement the standards and procedures during the course by providing written or oral notice to the entire class.

## Grade Appeal Procedure

To receive consideration, grade appeals must be submitted to the course instructor within 10 business days of the last date for posting final grades, as noted in the academic calendar. The academic calendar is available at <https://students.asu.edu/academic-calendar> [4].

**Step One: Informal meeting with the instructor** – This step is mandatory and applies to appeal of course grades only.

1. The student must contact the instructor of the course and submit the attached grade appeal. The student must provide to the instructor any additional relevant documentation to support the appeal and reasons for disputing the grade. The narrative accompanying the grade appeal form may not exceed five double-spaced pages.
2. The student must meet with the instructor either face to face or (in the case of online classes only) virtually. If this meeting does not resolve the grievance, the student may move to step two and submit the grade appeal form to the appropriate contact in the Office of Student Services.

If the required meeting with the instructor has not taken place, the appeal will be accepted only if the student supplies evidence that the student contacted the instructor and either received no reply within five business days or was unable to schedule a meeting within 10 business days of the date of contact.

**Step Two: Submit grievance to Office of Student Services** – If the grievance is not resolved in step one, the student may forward the grade appeal to the executive director of academic services.

**Step Three: Division Director Reviews Grade Appeal** – The director of student services will review the grade appeal and may request additional information if needed. The grade appeal will be forwarded to the division director for review.

- Graduate certification program appeals will be sent to the division director of Teacher Preparation.
- Non-teacher certification graduate appeals will be sent to the division director of Educational Leadership and Innovation.

The division director will review all information and will notify the student of the outcome.

**Step Four: Appeal Decision to the Dean**

- Per university policy, the student may appeal the division director's decision to the dean, whose decision is final. The students must appeal within five business days of receiving the letter from the division director. The letter will contain information regarding how the appeal should be submitted.
- Only the issue appealed to the division director may be appealed; no new issues or complaints may be added.
- The dean or designee has full discretion as to whether to refer the appeal to the Student Issues Committee (also known as the college Academic Grievance Committee). Students should see <https://catalog.asu.edu/appeal> [5] for university policies on grade appeals.
- The student will be notified by mail of the outcome. The decision of the Student Issues Committee (dean's designee) is final.

**It is university policy that students filing grievances and those who are witnesses be protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean of the college in which the course is offered.**

For more information on university grading policies, students should see <https://catalog.asu.edu/appeal> [5]. During the time of the appeal, a student may register for courses; however, if the appeal is denied and the student is withdrawn, university policies on tuition refunds will be applied. Any concerns about tuition charges should be addressed to the registrar's office.

### Appealing a Recommendation for Dismissal from Program

The ASU Graduate College admits students to graduate study at Arizona State University. Students who fail to make satisfactory academic progress may be involuntarily withdrawn (dismissed) from their academic programs by the ASU Graduate College upon the recommendation of the college. The student has the right to appeal a recommendation for dismissal.

Steps in appeal process:

1. The student will receive notice that a recommendation for dismissal from the program is being made to the ASU Graduate College.

2. Within 10 business days of receiving the notice, the student may appeal in writing to the Mary Lou Fulton Teachers College Student Issues Committee (dean's designee). Petition for review forms are available in the Mary Lou Fulton Teachers College Office of Student Services on each campus and online at <https://education.asu.edu/mymlftc/student-forms-policies> [8]. Failure to file the form within 10 business days of the date of notification will result in an automatic denial of the appeal.

## Other graduate policies

### Continuous Enrollment and Re-entry for Graduate Programs

Once admitted to a graduate program, the student must be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. If a plan of study must be interrupted for one semester, the student may apply to the Graduate College for a leave of absence not to exceed one semester. An application for leave status, endorsed by the division director or designee, must be approved by the Graduate College; for a doctoral student, the leave must also be endorsed by the members of the student's supervisory committee. This request must be filed and approved prior to the semester of anticipated absence. A student on leave is not required to pay fees and is not permitted to place any demands on university faculty or use any university facilities. Students may be continuously enrolled by registering for one credit hour of continuing registration; students should contact an academic advisor for more details. A student who interrupts a program without obtaining an approved leave of absence may be removed from the degree program by the Graduate College.

### Concurrent Degrees

The primary degree is the one that shows at the top of a student's transcript. A concurrent degree is an additional degree a student pursues.

For concurrent master's degrees, concurrent master's and doctoral degrees and concurrent doctoral degrees, students must follow the Graduate College policies at <https://graduate.asu.edu/policies-procedures> [13].

### Graduation Requirement

A candidate for a graduate degree must satisfactorily complete the culminating experience requirements required by the program. Information is available for each program from the Office of Student Services.

### Master's programs

In addition to the Graduate College policy and procedures that govern graduate programs at ASU and which are provided elsewhere in this catalog, the policies specific to each master's degree program are provided to students at the time of enrollment in the program. Students are limited to 15 credit hours per semester. Online students are limited to nine credit hours per semester. Exceptions must be approved by the division director. Students who enroll in additional hours may be administratively withdrawn.

Each student in the induction, Master of Education and Arizona certification program must hold an Arizona intern teaching certificate and be employed. If either the employment or certificate status changes, the student will need to apply to be placed in the Master of Education and Arizona certification program. A MAC student who becomes employed on an intern certificate is evaluated by the division director or designee and placed in the appropriate classes to complete the degree. In either case, extra time may be required to complete the degree program.

### Doctoral programs

In addition to the Graduate College policies and procedures that govern doctoral programs at ASU and which are provided elsewhere in this catalog, the satisfactory academic progress and professional conduct policies apply. Additional information specific to a degree program may be provided when students first register for the program.

### PhD and EdD Satisfactory Academic Progress and Professional Conduct Policy

Students in doctoral programs may be placed on academic probation for reasons stated in the Satisfactory Academic Progress and Professional Conduct Policy. These include but are not limited to:

- failure to meet the academic requirements of the Graduate College, to have a GPA of 3.00 (on a 4.00 scale) or to meet the academic requirements of the particular program as stated in the program handbook
- unsatisfactory progress as noted on annual review form by mentor or failure to meet for annual review

- failure to meet the standards of professional conduct or violations of the student conduct code which may result in academic probation, or, for egregious violations, immediate recommendation to the Graduate College for dismissal

In addition to minimum academic requirements and conduct requirements, a student must maintain progress to degree completion. A student can be recommended to the Graduate College for dismissal for failure to meet the Graduate College policies at <https://graduate.asu.edu>.

Students must fulfill all requirements of their individual graduate programs to remain in good academic standing and abide by all university policies.

### **Student Support Process**

The Notice of Concern is a referral process designed to support all graduate students who may be at risk of not progressing in the academic plan for their major and who may need additional support from the college.

The following outlines the steps taken in the referral process.

1. The instructor, site coordinator or other university representative discusses concerns with the student and informs the student that a Notice of Concern will be submitted to college leadership. Depending on the nature of the referral, the student may be required to attend a meeting with college leadership to offer additional support.
2. If the referral is made for a violation of the academic or professional code of conduct or unprofessionalism, the student will be required to attend a mandatory meeting to discuss the alleged violations. This meeting provides the student with an opportunity to share their side of the situation. At the meeting, a professional improvement plan agreement is developed with input from the student and college administration. Students on a PIP are placed in probationary status in the college until requirements of the PIP are met. Some violations of professionalism or academic integrity may result in immediate dismissal from the program or placement.
3. If the referral is not for a violation of academic or professional conduct, a student support consultation meeting is conducted. This meeting provides students with resources and additional university-wide support. At the meeting, student needs are identified and a plan for success is created along with follow-up recommendations.
4. Students are required to attend a follow-up meeting to discuss their status in meeting requirements outlined in their plan. Failure to attend a required meeting or to fulfill expectations outlined in the PIP agreement may result in dismissal from the program.

### **Additional requirements**

Per Arizona state statute A.R.S. § 15-106, all teachers and persons who are required to be fingerprinted to work in the classroom are required to have an identity-verified fingerprint clearance card. All students enrolling in programs leading to certification must participate in clinical experiences and student or apprentice teaching. Students participating in clinical experiences must have proof of a fingerprint clearance card on file in the Office of Clinical Experiences before field placement hours begin.

### **Definition of terms**

**Academic probation:** The status assigned to a student who has failed to maintain satisfactory academic progress, also referred to as “not in good academic standing.” A student placed on academic probation is informed of the areas in which program standards are not being met and the actions the student must take to be removed from academic probation and restored to good standing. A student failing to meet the conditions for reinstatement to good standing may be recommended for dismissal from the program.

A student placed on academic probation will be permitted to progress into the next term (unless the next term includes student teaching) while addressing the deficiency. Students who are placed on academic probation in which the next term requires student teaching will need to meet with his or her advisor to discuss options for the semester.

**Academic suspension:** An undergraduate student placed on academic suspension may not progress into the next term until all deficiencies have been resolved. Students are required to complete their deficiencies within one calendar year. Failure to do so will result in dismissal from the program.

**ASU Graduate College:** The Graduate College is the academic organization within ASU that oversees all graduate study in every college, with the authority to admit and involuntarily withdraw (dismiss) graduate students. (The college recommends the actions, but it is the dean of the Graduate College who holds the ultimate authority.)

**Clinical experience:** A clinical experience is any practicum, internship, apprentice teaching, student teaching or other field-based course taking place off campus in a professional setting such as a school district, charter school, government agency or other educational organization.

**Cumulative GPA:** This is the grade point average of all courses completed at ASU.

**Deficiency:** A required course or another program criterion, such as coursework and GPA criteria, which has not been met or was not successfully completed is referred to as a deficiency.

**Dismissal:** Administrative removal from the field experience, student teaching and/or iTeachAZ courses program or college is referred to as a dismissal.

A student is prevented from further enrollment in any initial teacher or administrator program for any of the following reasons:

- expulsion from Arizona State University
- failure to meet the professional responsibilities outlined in the Mary Lou Fulton Teachers College Professional Responsibilities Standards and the ASU Student Code of Conduct
- failure to resolve academic deficiencies
- noncompliance with a Professional Improvement Plan (PIP)
- failure to meet ASU Graduate College Policies (for graduate students)

**GPA:** This is the acronym of grade point average.

**Overall graduate GPA:** This term refers to the grade point average calculated on all graduate courses, whether or not they are on the approved program of study (iPOS).

**InMAC:** This is the acronym of Induction Masters and Arizona Certification program, the college alternative pathway to teacher certification.

**Institutional Recommendation:** An institutional recommendation allows for expedited issuance of the teaching or administrative certificate. All Teachers College certification programs are approved by the Arizona Department of Education to issue Institutional Recommendations to students who have fulfilled the state's requirements for certification.

**iPOS:** The graduate plan of study, entered and approved electronically and consisting of the courses required for the student to earn the degree is referred to as iPOS.

**iPOS GPA:** This is the grade point average calculated using the courses on the Plan of Study (iPOS).

**MAC:** This is the acronym of the Masters and Arizona Certification graduate program.

**Professional Improvement Plan:** This is a tool designed to support students who may be at risk of not progressing in their major or academic plan. The PIP outlines specific action steps a student must complete in order to maintain or return to good standing within their major or academic plan. There are three reasons for making a PIP referral:

- poor academic standing (i.e. ongoing academic deficiencies across coursework)
- issues regarding professionalism (classes or clinical experience)
- academic integrity violation (plagiarism, cheating, etc.)

Any ASU representative or district partner may refer a student for a PIP. Students who are referred for a PIP meet with the assistant division director and director of student services to develop a plan for success in the iTeachAZ program.

**Student Code of Conduct:** This is the ASU code of conduct found online at <https://eoss.asu.edu/dos/srr/codeofconduct> [3].

**The college:** In this document, the term refers to the Mary Lou Fulton Teachers College.

## Academic Programs List

The following section contains a listing of all program descriptions and requirements that are provided for graduate degrees and certificates, minors, undergraduate certificates and undergraduate degrees. Undergraduate degrees have a corresponding major map that includes the critical requirements, order of courses and grade requirements for that degree. Each undergraduate degree's requirements are outline on the degree's corresponding major map. The major maps and MAPP and TAG agreements are provided in the final sections of this document.

## Graduate Programs

### Graduate Degrees and Certificates (Program Descriptions and Requirements)

#### Business, W. P. Carey School of

Accountancy, MAcc (BAACCMACC)  
Agribusiness, MS (AGAGRIBMS)  
Business Administration (Accountancy), PHD (BAACCTPHD)  
Business Administration (Agribusiness), PHD (BAAGRIPHD)  
Business Administration (Computer and Information Systems), PHD (BAINFSYPHD)  
Business Administration (Finance), PHD (BAFINANPHD)  
Business Administration (Management), PHD (BAMGMTPHD)  
Business Administration (Marketing), PHD (BAMARKPHD)  
Business Administration (Supply Chain Management), PHD (BASCMPHD)  
Business Analytics, MS (BABUSANMS)  
Economics, PHD (BAECONPHD)  
Finance, MS (BAFINMS)  
Global Financial Management, DBA (BAGFMDBA)  
Global Logistics, MS (BAGLSMS)  
Information Management, MS (BAINFOMS)  
Management, MS (BACMRMS)  
Management, MS (BAMCCMS)  
Real Estate Development, MREDev (ARREMREDEV)  
Supply Chain Management, MS (BASCMMMS)  
Supply Chain Management (certificate), Certificate (BASCMCERT)  
Supply Chain Management and Engineering, MS (BASCMEMS)  
Taxation, MTax (BATAMTAX)  
W. P. Carey MBA, MBA (BACORPMBA)  
W. P. Carey MBA, MBA (BAEVEAMBA)  
W. P. Carey MBA, MBA (BAEVENMBA)  
W. P. Carey MBA, MBA (BAEXECMBA)  
W. P. Carey MBA, MBA (BAFULLMBA)  
W. P. Carey MBA, MBA (BAONLINMBA)  
W. P. Carey MBA, MBA (BASHANGMBA)

#### Design & the Arts, Herberger Institute for

Architecture, MArch (ARARCMARCH)  
Art, MFA (HIARTMFA)  
Art (Art Education), MA (FAARTEDMA)  
Art (Art History), MA (FAARTHISMA)  
Art (Digital Technology), MFA (FADIGITMFA)  
Built Environment (Energy Performance and Climate Responsive Architecture), MS (AREENERGYMS)  
Composition, MM (FAMCOMPMM)  
Composition (Interdisciplinary Digital Media and Performance), MM (FADIGITMM)  
Creative Enterprise and Cultural Leadership, MA (HICECLMA)  
Dance, MFA (FADANCEMFA)  
Dance (Interdisciplinary Digital Media and Performance), MFA (FADANDIMFA)  
Dance Teaching Artist Praxis (Certificate), Certificate (HIDTAPGRCT)  
Design (Design of Healthcare and Healing Environments), MSD (ARHHEMSD)  
Design (Industrial Design), MSD (ARINDDEMSED)  
Design (Interior Design), MSD (ARINTDEMSED)  
Design (Visual Communication Design), MSD (ARVCDMSED)  
Design, Environment and the Arts, PHD (HIDEAPHD)

Design, Environment and the Arts (Design), PHD (HIDEADSPHD)  
 Design, Environment and the Arts (Digital Culture in Design), PHD (HIENVGDPHD)  
 Design, Environment and the Arts (Healthcare and Healing Environments), PHD (ARENHHEPHD)  
 Design, Environment and the Arts (History, Theory, and Criticism), PHD (HIDEAHTPHD)  
 Digital Culture, MA (HIDGCMA)  
 Industrial Design, MID (HIINDMID)  
 Interior Architecture, MIA (HIIAMIA)  
 Landscape Architecture, MLA (ARLDEMLA)  
 Media Arts and Sciences, PHD (FAMASPHD)  
 Music (Conducting), DMA (FACONDDMA)  
 Music (Ethnomusicology), MA (FAETHNMA)  
 Music (Interdisciplinary Digital Media and Performance), DMA (FAINTDDMA)  
 Music (Music Composition), DMA (FACOMPDMA)  
 Music (Music Education), PHD (FAMUSEDPHD)  
 Music (Musicology), MA (FAMHISTMA)  
 Music (Musicology), PHD (HIMUSMPHD)  
 Music (Performance), DMA (FAPERFDMA)  
 Music Education, MM (FAMUSEDMM)  
 Music Theory Pedagogy (Certificate), Certificate (HIMTPGRCT)  
 Music Therapy, MM (FAMTHERMM)  
 Performance (Collaborative Piano), MM (FACPIANOMM)  
 Performance (Conducting), MM (HIPERCOMM)  
 Performance (Music Theatre/Opera Performance), MM (FAMUTPOMM)  
 Performance (Performance Pedagogy), MM (FAPPEDMM)  
 Performance (Performance), MM (FAPERF3MM)  
 Socially Engaged Practice in Design and the Arts (Certificate), Certificate (HISEPGRCT)  
 Theatre, MA (FATHEAMA)  
 Theatre (Arts Entrepreneurship and Management), MFA (HITHEAEMFA)  
 Theatre (Directing), MFA (FADIRMFA)  
 Theatre (Dramatic Writing), MFA (FADRWRMFA)  
 Theatre (Interdisciplinary Digital Media), MFA (FATHEADMFA)  
 Theatre (Performance Design), MFA (FAPERDMFA)  
 Theatre (Performance), MFA (FAPERFMFA)  
 Theatre (Theatre For Youth), MFA (FAYOUTHMFA)  
 Theatre (Theatre For Youth), PHD (FAYOUTHPHD)  
 Theatre (Theatre/Performance Americas), PHD (FAPERAMPHD)  
 Urban Design, MUD (ARMUDMUD)  
 Visual Communication Design, MVCD (HIVCDMVCD)

Engineering, Ira A. Fulton Schools of  
 Aerospace Engineering, MS (ESAEROSPMS)  
 Aerospace Engineering, PHD (ESAERSPPHD)  
 Applied Ethics and the Professions (Ethics and Emerging Technologies), MA (LAAEPEETMA)

 Integrated Behavioral Health - Clinical (Certificate), Certificate (NHIBHCGRCT)  
 Integrated Behavioral Health - Management (Certificate), Certificate (NHIBHMGRCT)  
 Integrated Health Care, MIHC (NHIHCSIHC)

International Health Management, MIHM (NHIHMIHM)  
 Medical Nutrition, MS (NHMNTRMS)  
 Nutrition, MS (ECHNUTMS)  
 Nutrition (Dietetics), MS (ECNTRDMS)  
 Obesity Prevention and Management, MS (NHOBMSMS)  
 Science of Health Care Delivery, MS (NHSKCDMS)  
 Science of Health Care Delivery (Certificate), Certificate (NHHKCDGRCT)  
 Speech and Hearing Science, PHD (LAHEARPHD)  
 Speech and Hearing Science (Auditory and Language Neuroscience), PHD (NHSKSHALPHD)  
 Speech and Hearing Science (Translational Genetics of Communication Abilities), PHD (NHSKSHSTGPHD)

Integrative Sciences and Arts, College of  
 Applied Biological Sciences, MS (TSAPBIOSMS)  
 Counseling, MC (EDCOUNMC)  
 Counseling Psychology, PHD (EDCPSYPHD)  
 Integrative Social Science, MS (LSISSMS)  
 Narrative Studies, MA (LSNRSMA)  
 Technical Communication, MS (LSTCCMMS)  
 Technical Communication (certificate), Certificate (LSTECGRCT)  
 User Experience, MS (ESUSEXMS)

Interdisciplinary Arts & Sciences, New College of  
 Biological Data Science, MS (ASBDSMS)  
 Communication Studies, MA (ASCOMSTMA)  
 English, MA (ASENGLMA)  
 Forensic Psychology, MS (ASFPSYMS)  
 Forensic Science, PSM (ASFRSCIPSM)  
 Interdisciplinary Studies, MA (ASINTERMA)  
 Law and Psychology, PHD (ASLPSYPHD)  
 Psychology, MS (ASPGSMS)  
 Social Justice and Human Rights, MA (ASJHRMA)  
 Social Technologies, MA (ASSTCMA)

Journalism & Mass Communication, Walter Cronkite School of  
 Business Journalism, MS (CSBSJMS)  
 Digital Audience Strategy, MS (CSDASMS)  
 Digital Audiences (certificate), Certificate (CSDASGRCT)  
 Journalism and Mass Communication, PHD (CSJMCPhD)  
 Mass Communication, MMC (CSMCOMMMC)  
 Sports Journalism, MA (CSSPJMA)

Law, Sandra Day O'Connor College of  
 Biotechnology and Genomics, LL.M. (LWGENOMLLM)  
 Health Law and Policy (Certificate), Certificate (LWHLPGRCT)  
 Indian Law (certificate), Certificate (LWLAWGRCI)  
 Juris Doctor of Law, JD (LWJDJD)  
 Law and Sustainability (Certificate), Certificate (LWLSUSGRCT)  
 Law, Science, & Technology (certificate), Certificate (LWLAWSTCE)  
 Laws, LL.M. (LAWLAWSLLM)  
 Laws (Global Legal Studies), LL.M. (LAWLGLPLLM)  
 Legal Studies, MLS (LWLGSMLGMS)  
 Legal Studies (Patent Practice), MLS (LWLPPMLGMS)  
 Sports Law and Business, JD (LWSLBJD)  
 Sports Law and Business, LL.M. (LWSLBLLM)

Sports Law and Business, MLS (LWSLBMLS)  
 Sports Law and Business, MSLB (LWSLBMSLB)  
 Trial Advocacy (Certificate), Certificate (LWTAGRCT)  
 Tribal Policy, Law and Government, LL.M. (LWTBLMLAWS)  
 Liberal Arts & Sciences, The College of  
 Actuarial Science, MS (LAACTMS)  
 Addiction and Substance-Use Related Disorders (certificate), Certificate (LAASRDGRCT)  
 African Studies (certificate), Certificate (LAAFRICACE)  
 American Indian Studies (Cultural Resource Revitalization and Sustainability), MS (LAAISCMS)  
 American Indian Studies (Indigenous Rights and Social Justice), MS (LAAISIMS)  
 American Indian Studies (Tribal Leadership and Governance), MS (LAAISTMS)  
 American Indian Studies (Visual and Oral Culture), MS (LAAISVMS)  
 American Media and Popular Culture, MAS (LAAMPCMAS)  
 American Studies, MA (LAAMSTMA)  
 Animal Behavior, PHD (LAANBPHD)  
 Anthropology, PHD (LAANTHRPHD)  
 Anthropology (Complex Adaptive Systems Science), PHD (LAANTHCPHD)  
 Anthropology (Urbanism), PHD (LAURBPHD)  
 Applied Behavior Analysis, MS (LAAPBAMS)  
 Applied Linguistics, PHD (EDAPLPHD)  
 Applied Mathematics, PHD (LAAPMPHD)  
 Applied Mathematics for the Life & Social Sciences, PHD (LAAMLPHD)  
 Applied Mathematics for the Life and Social Sciences (Complex Adaptive Systems Science), PHD (LAAMLCPHD)  
 Applied Prevention Science (Certificate), Certificate (LAAPSGRCT)  
 Asian Languages and Civilizations (Chinese), MA (LACHINAMA)  
 Asian Languages and Civilizations (Japanese), MA (LAJAPANMA)  
 Asian Studies (certificate), Certificate (LAASIANCE)  
 Astrophysics, PHD (LAASTPHPHD)  
 Astrophysics and Astronomy, MS (LAASTPHMS)  
 Atmospheric Science (certificate), Certificate (LAATMOSCE)  
 Biochemistry, MS (LABIOCHMS)  
 Biochemistry, PHD (LABIOCHPHD)  
 Biochemistry (Medicinal Biochemistry), MS (LABCHMCMS)  
 Biology, MS (LABIOMS)  
 Biology, PHD (LABIOPHD)  
 Biology (Biology and Society), MS (LABIOSMS)  
 Biology (Biology and Society), PHD (LABIOSPHD)  
 Biology (Complex Adaptive Systems Science), PHD (LABIOCPHD)  
 Biomimicry, MS (LABMYMS)  
 Biomimicry (Certificate), Certificate (LABMYGRCT)  
 Chemistry, MS (LACHEMMS)  
 Chemistry, PHD (LACHEMPHD)  
 Communication, MA (LACOMMOMA)  
 Communication, PHD (LACOMMOPHD)  
 Computer-Assisted Language Learning (Certificate), Certificate (LACALLGRCT)  
 Creative Writing, MFA (LACWRITMFA)  
 Critical Theory (certificate), Certificate (LACRTGRCT)  
 Digital Humanities (Certificate), Certificate (LACDHGRCT)  
 East Asian Languages and Civilizations (Chinese), PHD (LAEALCPHD)  
 English, MA (LAENGLMA)

English (English Education), PHD (LAENEDPHD)  
 English (Literature), PHD (LAENLITPHD)  
 English (Writing, Rhetorics, and Literacies), PHD (LAENRHTPHD)  
 English Education, MA (LAENEDMA)  
 Environmental Communication and Leadership (Certificate), Certificate (LAECLGRCT)  
 Environmental Life Sciences, PHD (LAELSPHD)  
 Environmental Social Science, PHD (LAESSPHD)  
 Environmental Social Science (Complex Adaptive Systems Science), PHD (LAESSCPHD)  
 Environmental Social Science (Urbanism), PHD (LAESSURPHD)  
 Evolutionary Biology, PHD (LAEVOPHD)  
 Exploration Systems Design, PHD (LAESDPHD)  
 Exploration Systems Design (Instrumentation), PHD (LAESDIPHD)  
 Exploration Systems Design (Sensor Networks), PHD (LAESDSNPHD)  
 Exploration Systems Design (Systems Engineering), PHD (LAESDSEPHD)  
 Family and Human Development, MS (LAFAMHDMS)  
 Family and Human Development, PHD (LAFAMSCPHD)  
 French (Comparative Literature), MA (LAFRECLMA)  
 French (Linguistics), MA (LAFRELINMA)  
 French (Literature), MA (LAFRELITMA)  
 Gender Studies, PHD (LAGSTPHD)  
 Gender Studies (certificate), Certificate (LAWSTGRCT)  
 Geographic Education, MAS (LAGEOEDMAS)  
 Geographic Information Science (certificate), Certificate (LAGEOGISCE)  
 Geographic Information Systems, MAS (LAGISMAS)  
 Geography, MA (LAGEOGMA)  
 Geography, PHD (LAGEOGPHD)  
 Geological Sciences, MS (LAGEOSCMS)  
 Geological Sciences, PHD (LAGEOSCPHD)  
 German, MA (LAGERMMA)  
 Global Health, MA (LASSHMA)  
 Global Health, PHD (LASSHPHD)  
 Global Health (Complex Adaptive Systems Science), PHD (LASSHCPHD)  
 Global Health (Culture and Health), PHD (LASSHCHPHD)  
 Global Health (Evolutionary Global Health Sciences), PHD (LASSHEPHD)  
 Global Health (Urbanism), PHD (LASSHURPHD)  
 Global Security, MA (LAGSCMA)  
 Global Security (Cybersecurity), MA (LAGSCSECMA)  
 History, MA (LAHISTMA)  
 History, PHD (LAHISTPHD)  
 History and Philosophy of Science, PHD (LAHPSCIPHD)  
 Immigration Studies (certificate), Certificate (LAIMMSTUCE)  
 Indigenous Education, MA (LAIEDMA)  
 Infant Family Practice, MAS (LACDEMAMAS)  
 International Letters and Cultures, PHD (LAILCPHD)  
 Justice Studies, MS (LAJUSSTMS)  
 Justice Studies, PHD (LAJUSSTPHD)  
 Liberal Studies, MLSt (LAMLMSLS)  
 Liberal Studies (Film and Media Studies), MLSt (LAFMSMLS)  
 Linguistics (certificate), Certificate (LALINGUICE)  
 Linguistics and Applied Linguistics, MA (LALINMA)

Linguistics and Applied Linguistics, PHD (LALINPHD)  
 Literary Translation Studies (Certificate), Certificate (LALTSGRCT)  
 Marriage and Family Therapy, MAS (LAMFTMAS)  
 Mathematics, MA (LAMATHMA)  
 Mathematics, PHD (LAMATHPHD)  
 Mathematics Education, PHD (LAMTEPHD)  
 Medieval Studies (certificate), Certificate (LAMEDSTCE)  
 Microbiology, MS (LAMICROMS)  
 Microbiology, PHD (LAMICROPHD)  
 Molecular and Cellular Biology, MS (LACELLMS)  
 Molecular and Cellular Biology, PHD (LACELLPHD)  
 Museum Studies, MA (LAMUSSTMA)  
 Museum Studies (certificate), Certificate (LAMUSEUMCE)  
 Nanoscience, PSM (LANANPSM)  
 Natural Science (Geological Sciences), MNS (LANATSCIMN)  
 Natural Science (Physics), MNS (LAPHYSMNS)  
 Neuroscience, PHD (GCBMENPHD)  
 Philosophy, MA (LAPHILMA)  
 Philosophy, PHD (LAPHILPHD)  
 Philosophy (History and Philosophy of Science), MA (LAHPSMA)  
 Philosophy (History and Philosophy of Science), PHD (LAHPSPHD)  
 Physics, MS (LAPHYSIMS)  
 Physics, PHD (LAPHYSIPHD)  
 Plant Biology and Conservation, MS (LAPLBIOMS)  
 Political Science, MA (LAPOLSCMA)  
 Political Science, PHD (LAPOLSCPHD)  
 Psychology, PHD (LAPSYCHPHD)  
 Psychology (Quantitative Research Methods), PHD (LAPSYQUPHD)  
 Religious Studies, MA (LARELIGMA)  
 Religious Studies, PHD (LARELIGPHD)  
 Renaissance Studies (certificate), Certificate (LARENAISCE)  
 Scholarly Publishing (certificate), Certificate (LASCHPUBCE)  
 Scientific Teaching in Higher Education (certificate), Certificate (LASTHEGRCT)  
 Sexuality Studies (Certificate), Certificate (LASXSGRCT)  
 Social and Cultural Pedagogy, MA (LASCPMA)  
 Social Science Research Methods (Certificate), Certificate (LASSRMGRCT)  
 Social Transformation Certificate, Certificate (LASOTGRCT)  
 Socio-Economic Justice (certificate), Certificate (LAECJUGRCT)  
 Sociology, MA (LASOCMA)  
 Sociology, PHD (LASOCPHD)  
 Spanish, MA (LASPANMA)  
 Spanish, PHD (LASPANPHD)  
 Spanish Language Pedagogy (certificate), Certificate (LASPAPGRCT)  
 Statistics, MS (GCSTATMS)  
 Statistics, PHD (LASTPPHD)  
 Statistics (certificate), Certificate (GCSTATCE)  
 Teaching English to Speakers of Other Languages, MTESOL (LAENGMTESL)  
 Transborder Studies, MAS (LATCLMAS)  
 Transborder Studies, PHD (LATCLPHD)  
 Transportation Systems (certificate), Certificate (GCTRANSCE)

Urban and Environmental Planning, MUEP (ARURBMUEP)  
 Urban Planning, PHD (ARPUPPHD)  
 Women and Gender Studies, MA (LAWSTMA)  
 World War II Studies, MA (LAWWSMA)

Nursing and Health Innovation, Edson College of

Acute Care Pediatric Nurse Practitioner (certificate), Certificate (NUACPNGRCT)  
 Adult Gerontology Nurse Practitioner (Certificate), Certificate (NUAGNPGRCT)  
 Adv Nursing Practice (Women's Health NP), DNP (NUANPWHDNP)  
 Advanced Nursing Practice, DNP (NUANPDNP)  
 Advanced Nursing Practice (Acute Care Pediatric Nurse Practitioner), DNP (NUANPACDNP)  
 Advanced Nursing Practice (Adult-Gerontology Nurse Practitioner), DNP (NUANPAGDNP)  
 Advanced Nursing Practice (Family Nurse Practitioner), DNP (NUANPFNDNP)  
 Advanced Nursing Practice (Family Psychiatric and Mental Health Nurse Practitioner), DNP (NUANPCFDNP)  
 Advanced Nursing Practice (Innovation Leadership), DNP (NUANPILDNP)  
 Advanced Nursing Practice (Neonatal Nurse Practitioner), DNP (NUANPNDNP)  
 Advanced Nursing Practice (Pediatric Nurse Practitioner), DNP (NUANPPDNP)  
 Aging and Lifespan Development, MS (LAALDMS)  
 Biospecimen Repository Administration (certificate), Certificate (NUBRAGRCT)  
 Care Coordination (certificate), Certificate (NUCRCDGRCT)  
 Clinical Research Management, MS (NUCRMMS)  
 Clinical Research Management (certificate), Certificate (NUHCRGRCC)  
 Clinical Research Management (Regulatory Science), MS (NUCRMRSMS)  
 Family Nurse Practitioner (certificate), Certificate (NUFMPGRCE)  
 Family Psychiatric and Mental Health Nurse Practitioner (certificate), Certificate (NUPMNUPRCE)  
 Health Care Innovation, Certificate (NUHCINGRCT)  
 Healthcare Innovation, MHI (NUHCINNMHI)  
 Innovation Leadership, Certificate (NUINLSGRCT)  
 International Health for Healthcare Professionals (certificate), Certificate (NUHCRGRCI)  
 Interprofessional Healthy Aging (certificate), Certificate (NUGNCERT)  
 Nurse Education in Academic and Practice Settings (certificate), Certificate (NUNURSEDCE)  
 Nursing, MS (NUNURDTMS)  
 Nursing (Care Coordination), MS (NUCRCDMS)  
 Nursing (Entry to Nursing Practice), MS (NUNRENPRMS)  
 Nursing (Nursing Education), MS (NUNURSEDMS)  
 Nursing (Nursing Informatics), MS (NUNINFMS)  
 Nursing (Patient Safety and Health Care Quality), MS (NUPSHCMS)  
 Nursing and Healthcare Innovation, PHD (NUNHIPHD)  
 Nursing Informatics (Certificate), Certificate (NUNINFGRECT)  
 Patient Safety and Health Care Quality (certificate), Certificate (NUPSHCGRCT)  
 Pediatric Nurse Practitioner (Certificate), Certificate (NUPDNPGRCT)  
 Regulatory Science, MS (NURSHSMS)  
 Women's Health Nurse Practitioner (Certificate), Certificate (NUWHNPGRCT)

Public Service and Community Solutions, Watts College of

Assessment of Integrative Health Modalities (certificate), Certificate (PPSWGGRCH)  
 Community Resources and Development, MS (PPRECDTMS)  
 Community Resources and Development, PHD (PPCRDPHD)  
 Community Resources and Development (Nonprofits and NGOs), MS (PPCRDNPMS)  
 Community Resources and Development (Parks and Recreation Management), MS (PPCRDPRMS)  
 Community Resources and Development (Sustainable Communities), MS (PPCRDSCMS)  
 Community Resources and Development (Tourism), MS (PPCRDTMMS)

Corrections Management (Certificate), Certificate (PPCMGGRCT)  
 Criminal Justice, MA (PPCRIMJMA)  
 Criminal Sentencing and Sentencing Advocacy (Certificate), Certificate (PPCSAGRCT)  
 Criminology and Criminal Justice, MS (PPCRJMS)  
 Criminology and Criminal Justice, PHD (PPCRJPHD)  
 Domestic Violence and Evidence-Based Practice (Certificate), Certificate (PPDVEPGRCT)  
 Emergency Management (Certificate), Certificate (PPEMEGRCT)  
 Emergency Management and Homeland Security, MA (PPEMHSMA)  
 Emergency Management and Homeland Security (Biosecurity and Threat Management), MA (PPEMHSBTMA)  
 Emergency Management and Homeland Security (Community Resilience), MA (PPEMHSCRMA)  
 Emergency Management and Homeland Security (Cybersecurity Policy and Management), MA (PPEHSCPMMA)  
 Emergency Management and Homeland Security (Emergency Management), MA (PPEMHSEMMA)  
 Emergency Management and Homeland Security (Homeland Security), MA (PPEMHSHSMA)  
 Latino Cultural Competency in Social Work (certificate), Certificate (PPSWGGRCL)  
 Law Enforcement Administration (Certificate), Certificate (PPLEAGRCT)  
 Nonprofit Leadership and Management, MNLM (PPNPSMNS)  
 Nonprofit Leadership and Management (certificate), Certificate (PPNONPROCE)  
 Participatory Governance (certificate), Certificate (PPPGOGRCT)  
 Policy Informatics (Certificate), Certificate (PPPOIGRCT)  
 Program Evaluation (Certificate), Certificate (PPPGEVGRCT)  
 Program Evaluation and Data Analytics, MS (PPPGEMS)  
 Public Administration, EMPA (PPPUAEMPA)  
 Public Administration, MPA (PPPADTMPA)  
 Public Administration (Certificate), Certificate (PPPUAGRCT)  
 Public Administration (Emergency Management), MPA (PPPAFEMPA)  
 Public Administration (Nonprofit Administration), MPA (PPNONPRMPA)  
 Public Administration (Public Finance), MPA (PPPAFPMPA)  
 Public Administration (Urban Management), MPA (PPPAFUMPA)  
 Public Administration (Urbanism), PHD (PPPAURBPHD)  
 Public Administration and Policy, PHD (PPSUBADPHD)  
 Public Policy, MPP (PPSUBPMPP)  
 Public Policy (Certificate), Certificate (PPPUPGRCT)  
 Public Policy (Environmental Policy), MPP (PPPUPEPMPP)  
 Public Policy (Policy Informatics), MPP (PPPUPIPMPP)  
 Public Policy (Science and Technology Policy), MPP (PPUPSTMPP)  
 Public Policy (Urban Policy), MPP (PPPUPUPMPP)  
 Public Safety Leadership & Administration (Emergency Medical Services-Mobile Integrated Healthcare), MPSLA (PPPSEMMPSL)  
 Public Safety Leadership and Administration, MPSLA (PPPSLAMP SL)  
 Public Safety Leadership and Administration (Executive Fire Administration), MPSLA (PPPSEFMPSL)  
 Public Safety Leadership and Administration (Executive Police Administration), MPSLA (PPPSEPMP SL)  
 Social Entrepreneurship and Community Development (certificate), Certificate (PPSECDGRCT)  
 Social Work, MSW (PPSWDMSW)  
 Social Work, PHD (PPSW2PHD)  
 Social Work (Advanced Direct Practice), MSW (PPAPDTMSW)  
 Social Work (Planning, Administration and Community Practice), MSW (PPCPDTMSW)  
 Social Work - Advanced Standing - Advanced Generalist, MSW (PPASWMSW)  
 Sustainable Tourism, MAS (PPSUSTMAS)  
 Sustainable Tourism, MST (PPSUSTMST)  
 Sustainable Tourism (certificate), Certificate (PPSTGRCT)

Trauma and Bereavement (certificate), Certificate (HSCTBGRCT)

Sustainability, School of

Complex Adaptive Systems Science (certificate), Certificate (SUCASGRCT)

Environmental and Sustainability Economics (Certificate), Certificate (SUESECGRCT)

Food Policy and Sustainability Leadership (certificate), Certificate (SUFPSLGRCT)

Global Sustainability Science, MS (SUGSUSMS)

Sustainability, MA (SUSUSTMA)

Sustainability, MS (SUSUSTMS)

Sustainability, PHD (SUSUSTPHD)

Sustainability (Complex Adaptive Systems Science), PHD (SUSUSTCPHD)

Sustainability Leadership, EMSL (SUEMSLEMSL)

Sustainability Leadership, MSL (SUSUSLMSL)

Sustainability Solutions, MSUS (SUSUSOMSUS)

Sustainable Energy, PHD (SUSUEPHD)

Teachers College, Mary Lou Fulton

Advanced Analytics in Higher Education, Certificate (TEAAHEGRCT)

An Overview of Autism Spectrum Disorders (certificate), Certificate (EDSPEGRCA)

Applied Behavior Analysis (Certificate), Certificate (TEABAGRCT)

Curriculum and Instruction (Teaching and Learning), MEd (EDDCIMED)

Curriculum and Instruction (Accomplished Teaching), MA (EDACCTCMA)

Curriculum and Instruction (Applied Behavior Analysis), MEd (TEABAMED)

Curriculum and Instruction (Autism Spectrum Disorders), MEd (TEASDMED)

Curriculum and Instruction (Early Childhood Education), MEd (TEECDMED)

Curriculum and Instruction (English as a Second Language), MA (EDESLEMA)

Curriculum and Instruction (Gifted Education), MEd (TEGEDMED)

Curriculum and Instruction (Literacy Education), MA (EDLANGMA)

Educational Leadership, MEd (EDSUPVMED)

Educational Leadership (Principalship), MEd (TEPRINMED)

Educational Policy, MA (EDSPFMA)

Educational Policy and Evaluation, PHD (EDLDRSHPHD)

Educational Technology, MEd (EDTECHMED)

Educational Technology, PHD (EDTECHPHD)

Elementary Education (Teacher Certification), MEd (TEEEACLMEDE)

English as a Second Language (Certificate), Certificate (TEESLGRCT)

Gifted Education (Certificate), Certificate (TEGEDGRCT)

Global Education, MEd (TEGLOEDMED)

Higher and Postsecondary Education, MEd (EDPOSTMED)

Institutional Research and Policy Analysis (certificate), Certificate (EDINSRESCE)

Instructional Design and Performance Improvement (certificate), Certificate (EDEDTGRCT)

Leadership and Innovation, EdD (TELINEDD)

Leadership and Innovation (Policy and Administration), EdD (TEINNPAEDD)

Leadership and Innovation (Teaching), EdD (TEINNTEEDD)

Learning Sciences, MA (EDPSYCHMA)

Learning, Literacies and Technologies, PHD (EDCIPHD)

Online Teaching for Grades K-12 (certificate), Certificate (TEEDTGRCT)

Physical Education, MPE (ECPHYEDMPE)

Secondary Education (Teacher Certification), MEd (TESCERTMED)

Special Education, MA (EDSPEDMA)

Special Education (Applied Behavior Analysis), MA (TESPEABAMA)

Special Education (Autism Spectrum Disorder), MA (TESPEASDMA)

Special Education (Teacher Certification), MEd (TESECRTMED)  
Technology for Teaching and Learning (certificate), Certificate (EDEDTTGRCT)

#### Undergraduate Programs

##### Minors (Program Descriptions and Requirements)

African and African American Studies Minor (LAAFRMIN)  
American Indian Studies Minor (LAAISMIN)  
American Studies Minor (ASAMSMIN)  
Anthropology Minor (LAASBMIN)  
Applied Biological Sciences Minor (TSABSMIN)  
Applied Computing Minor (ASACOMIN)  
Applied Ethics Minor (ASAPETHMIN)  
Applied Mathematics Minor (LSAPMMIN)  
Arabic Studies Minor (LAARBMIN)  
Architectural Studies Minor (ARSTDMIN)  
Art History Minor (FAARTHMIN)  
Asian Languages (Chinese) Minor (LACHIMIN)  
Asian Languages (Japanese) Minor (LAJPNMIN)  
Asian Pacific American Studies Minor (LAAPAMIN)  
Astronomy Minor (LAASTMIN)  
Astrophysics Minor (LAASTPHMIN)  
Biochemistry Minor (LABCHMIN)  
Biological Sciences Minor (LABIOMIN)  
Biology Minor (ASLSCMIN)  
Business Minor (BABUSMIN)  
Chemistry Minor (ASCHMMIN)  
Chemistry Minor (LACHMMIN)  
Civic and Economic Thought and Leadership Minor (LACELMIN)  
Communication Minor (HSCMNMIN)  
Communication Minor (LACOMMIN)  
Communication Minor (LSCOMMIN)  
Community Health Minor (NUCHLTMIN)  
Community Sports Management Minor (PPCSMMIN)  
Computational Mathematical Sciences Minor (LACMSMIN)  
Conflict Resolution Minor (ASCNRMIN)  
Construction Management Minor (ESCMGMIN)  
Counseling and Applied Psychological Science Minor (LSCAPSMIN)  
Criminology and Criminal Justice Minor (PPCRJMIN)  
Dance Minor (FADANMIN)  
Design Studies Minor (ARDSNMIN)  
Digital Audiences Minor (CSDAUMIN)  
Digital Culture Minor (HIDGCMIN)  
Disability Studies Minor (ASDISASMIN)  
Early Childhood Education Minor (TEECEDMIN)  
Economics Minor (LAECNMIN)  
Educational Studies Minor (TEEDSTMIN)  
Engineering Management Minor (ESENMMIN)  
English Minor (ASENGMIN)  
English Minor (LAENGMIN)  
English Minor (LSENGMIN)  
English (Linguistics) Minor (LAENGMINN)

English (Literature) Minor (LAENGMINT)  
Environmental Science Minor (ASENVMIN)  
Environmental and Resource Management Minor (ESERMMIN)  
Ethnic Studies Minor (ASETHMIN)  
Family and Human Development Minor (LAFASMIN)  
Fashion Minor (HIFSHMIN)  
Film and Media Production Minor (FAFMPPMIN)  
Film and Media Studies Minor (LAFMSMIN)  
Food and Nutrition Management Minor (ECFNTRMIN)  
French Minor (LAFREMIN)  
Geography Minor (LAGCUMIN)  
Geological Sciences Minor (LAGLGMIN)  
German Minor (LAGERMIN)  
Global Health Minor (LASSHMIN)  
Global Studies Minor (LASGSMIN)  
Health Care Compliance and Regulations Minor (NUHCCRMIN)  
Health Care Coordination Minor (NUHCCOMIN)  
Health Innovation Minor (NUHCIMIN)  
History Minor (ASHISMIN)  
History Minor (LAHISMIN)  
History Minor (LSHISMIN)  
History of Science, Ideas and Innovation Minor (LSHSIIMIN)  
Human Nutrition Minor (ECNTRMIN)  
Human Systems Engineering Minor (ESHSEMIN)  
Innovation in Society Minor (FIFISMIN)  
Integrative Health Minor (NUIHLTMIN)  
Integrative Social Science Minor (LSISSMIN)  
Interdisciplinary Organizational Studies Minor (ASIOSMIN)  
Interior Design History Minor (ARINTMIN)  
Italian Minor (LAITAMIN)  
Justice Studies Minor (LAJUSMIN)  
Kinesiology Minor (NHKINMIN)  
Korean Minor (LAKORMIN)  
Landscape Studies Minor (ARLNDMIN)  
Latin American Studies Minor (ASLASMIN)  
Materials Science and Engineering Minor (ESMSEMIN)  
Mathematics Minor (ASMATHMIN)  
Mathematics Minor (LAMATMIN)  
Media Analysis Minor (CSCMOMINA)  
Medical Studies Minor (NHMESTMIN)  
Military Leadership Minor (LAMISMIN)  
Music Minor (FAMUSMIN)  
Music Performance Minor (HIMUSPMIN)  
Music Theatre Minor (HIMUTHRMIN)  
Nonprofit Leadership and Management Minor (PPNLMMIN)  
Nutrition and Healthy Living Minor (NUNHLMIN)  
Organizational Leadership Minor (LSORGLMIN)  
Parks and Protected Area Management Minor (PPPRMMINT)  
Personal Health Minor (NHPHLMIN)  
Philosophy Minor (ASPHIMIN)

Philosophy Minor (LAPHIMIN)  
 Physics Minor (LAPHYMIN)  
 Physics Minor (LSPHYMIN)  
 Political Science Minor (ASPOLMIN)  
 Political Science Minor (LAPOSMIN)  
 Project Management Minor (LSPROMAMIN)  
 Psychology Minor (ASPGSMIN)  
 Psychology Minor (LAPGSMIN)  
 Psychology Minor (LSPGSMIN)  
 Public Relations and Strategic Communications Minor (HSPRSMIN)  
 Public Service and Public Policy Minor (PPPAFMIN)  
 Real Estate Minor (BAREAMIN)  
 Recreation Management Minor (PPRECMIN)  
 Recreation Therapy Minor (PPRECTMIN)  
 Religious Studies Minor (ASRELMIN)  
 Religious Studies Minor (LARELMIN)  
 Romanian Minor (LAROMMIN)  
 Russian Minor (LARUSMIN)  
 Science, Technology and Society Minor (ECSTSMIN)  
 Slavic Studies Minor (LASLVMIN)  
 Social Welfare Minor (LASSWMIN)  
 Social and Behavioral Sciences Minor (ASSBSMIN)  
 Sociocultural Anthropology Minor (ASASBMIN)  
 Sociology Minor (ASSOCMIN)  
 Sociology Minor (LASOCMIN)  
 Spanish Minor (ASSPAMIN)  
 Spanish Minor (LASPAMIN)  
 Spanish Minor (LSSPAMIN)  
 Special Events Management Minor (HSEVNMIN)  
 Speech and Hearing Science Minor (LASHSMIN)  
 Statistics Minor (LASTAMIN)  
 Studio Art Minor (HISTARTMIN)  
 Sustainability Minor (SUSUSMIN)  
 Sustainable Tourism Minor (PPTDMSMIN)  
 Technical Communication Minor (LSTWCMIN)  
 Technological Entrepreneurship and Management Minor (ESTEM2MIN)  
 Technological Entrepreneurship and Management Minor (ESTEM2MIN)  
 Theatre Minor (FATHEMIN)  
 Tourism Development and Management Minor (PPTDMMIN)  
 Transborder Chicana/o and Latina/o Studies Minor (LATCLMIN)  
 Urban Planning Minor (ARPUPMIN)  
 Urban and Metropolitan Studies Minor (PPURBMIN)  
 Wellness Foundations Minor (ECEXWMIN)  
 Women and Gender Studies Minor (ASWSTMIN)  
 Women and Gender Studies Minor (LAWSTMIN)  
 Youth Services Leadership Minor (HSYSLMIN)

Undergraduate Programs

Undergraduate Certificates (Program Descriptions and Requirements)

Actuarial Science Certificate (LAACTCERT)

African and African American Studies Certificate (LAAFRCERT)

American Indian Nation Governance Certificate (LAAIGVCERT)  
Analysis and Management of Insurance Risk Certificate (LAAMIRCERT)  
Applied Business Data Analytics Certificate (BABDACERT)  
Applied Cybersecurity Certificate (ASACSCERT)  
Applied Social Sciences Certificate (ASAPSSCERT)  
Arabic Studies Certificate (LAARBCERT)  
Arts Entrepreneurship Certificate (HITHAECERT)  
Arts and Humanities in Games Certificate (ASAHGCERT)  
Arts in Education Certificate (HIAEDCERT)  
Asian Pacific American Studies Certificate (LAAPACERT)  
Asian Studies Certificate (LAASNCERT)  
Atmospheric Sciences Certificate (LAATMSCERT)  
Biomedical Research Certificate (ASBMRCERT)  
Biomimicry Certificate (SUBMYCERT)  
Brazilian Studies Certificate (LABZSCERT)  
Child Life Certificate (LACHLFCERT)  
Child Life Certificate (LACHLFCERT)  
Civic Education Certificate (LACVECERT)  
Civil Communication Certificate (LACCOMCERT)  
Classical Studies Certificate (LACLGCERT)  
Communication Sciences and Disorders Certificate (NHCSDCERT)  
Communication Training and Assessment Certificate (ASCTACERT)  
Computational Life Sciences Certificate (LACLSICERT)  
Computer Gaming Certificate (ESSCICERT)  
Convention Sales and Meeting Planning Certificate (PPTDMCERT)  
Correctional Studies Certificate (PPCRTSCERT)  
Creative City Certificate (PPURBCERC)  
Criminal Investigations Certificate (PPCRICERT)  
Cross-Sector Leadership Certificate (PPCSLDCERT)  
Cryptology Certificate (LACRYCERT)  
Data Science Certificate (ASDTSCERT)  
Desert Food Production Certificate (LSDFPRCERT)  
Digital Business Innovation Certificate (BADBICERT)  
Digital Culture Certificate (HIDGCCERT)  
Diversity and Equity Studies Certificate (ASDESCERT)  
Domestic Violence and Evidence-based Practice Certificate (PPDVEPCERT)  
Economic Justice Certificate (LAECNJCERT)  
Energy and Sustainability Certificate (SUESUCERT)  
Entrepreneurship and Innovation Certificate (BAKEICERT)  
Environmental Education Certificate (TEEVEDCERT)  
Environmental Humanities Certificate (LAENHCERT)  
Environmental Humanities Certificate (LSENHCERT)  
Ethics Certificate (LAETHCERT)  
Ethnic Studies Certificate (ASETHCERT)  
Family Communication Certificate (ASFAMCCERT)  
Field Geology Certificate (LAFDGCERT)  
Film and Video Studies Certificate (ASVIDCERT)  
Food Industry Management and Marketing Certificate (BAFIMMCERT)  
Geographic Information Science Certificate (LAGISCERT)  
Globalization and Culture Certificate (LAGLCCERT)

Hazardous Materials and Waste Management Certificate (TSETMCERT)  
Health Care Policy and Delivery Certificate (NHHCPDCERT)  
Health Education Specialist Certificate (NHHEDSCERT)  
Health Science for the Peace Corps Certificate (NHHSPCCERT)  
Health and Wellness Coach Certificate (NHHWCCERT)  
History and Philosophy of Science Certificate (LAHPSCERT)  
Homeland Security Certificate (PPHSLCERT)  
Honors Business Consulting Certificate (BAECNUERT)  
Human Rights Certificate (LAHRTSCERT)  
Informatics Certificate (ESCPICERT)  
Innovation for Impact Certificate (FIIFICERT)  
Integrated Behavioral Health Certificate (NHIBHCERT)  
Interdisciplinary Health Humanities Certificate (LAIHHUCERT)  
International Business Certificate (BAIBSCERT)  
International Cinema Certificate (LAICINCERT)  
International Studies Certificate (LAINSCERT)  
Islamic Studies Certificate (LAISLCERT)  
Jewish Studies Certificate (LAJUDCERT)  
Korean Studies Certificate (LAKORCERT)  
Latin American Studies Certificate (LALASCERT)

# Graduate Programs

## Graduate Degrees and Certificates (Program Descriptions and Requirements)

### Business, W. P. Carey School of

#### Accountancy, MAcc (BAACCMACC)

**Online Degree Search Title:** Accountancy, MACC

**Campus:** Tempe

**Program Description:**

The nine-month MACC program is full-time cohort-based and delivered by the W. P. Carey School of Accountancy, highly ranked by the Public Accounting Report. The cutting-edge curriculum is structured to provide students with an in-depth working knowledge of advanced accounting topics that are most relevant in today's business environment and reviewed every year with input from accounting professionals and alumni. Esteemed faculty experts bring real-world experience into each class, giving the degree even more long-term value.

The Master of Accountancy program is designed for individuals who want to immerse themselves in full-time graduate studies, take classes during the day and fulfill course requirements for the CPA exam in both Arizona and California. Because of the quality of the Master of Accountancy program, students gain the skills and knowledge needed to launch their accounting careers while opening the door to top hiring firms.

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with:

Legal Studies, MLS

W. P. Carey MBA - Full-Time Program

**Degree Requirements:**

30 credit hours including the required capstone course (ACC 586).

Required Core (3 credit hours)

ACC 512 Advanced Auditing (3)

Electives (24 credit hours)

Culminating Experience (3 credit hours)

ACC 586 Shareholder Value Creation and Financial Statement Analysis (3)

Additional Curriculum Information

Students should see the academic unit for an approved list of elective coursework.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in accountancy from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all coursework completed at institutions other than ASU
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- short-answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

Applicants must complete program prerequisites prior to admission to the program. Students should refer to the master's degree program website for a current list of required course prerequisites. Graduate-level accounting courses are only open to students admitted to the graduate program.

## Agribusiness, MS (AGAGRIBMS)

**Online Degree Search Title:** Agribusiness, MS

**Campus:** Polytechnic

ASU is not currently accepting applications for this program.

**Program Description:**

The Morrison School of Agribusiness at the Polytechnic campus offers the MS in agribusiness. This degree program is designed to prepare students from a variety of backgrounds with a set of critical and analytical business skills, while recognizing the unique demands of the agribusiness and resource management sectors. Graduates are well prepared for successful administrative or managerial careers with either government or private-sector organizations in either field.

Students are able to select either a research-oriented program, which leads to the completion of a supervised thesis, or a program consisting of coursework only (nonthesis option). The nonthesis option allows students to develop an area of specialization and apply these skills to a real-world environmental and resource management problem through an integrative capstone course experience. Both the thesis and nonthesis options require the completion of a common set of core courses.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours including the required capstone course (AGB 589).

Core requirements for this program include 18 credit hours of coursework. Thesis students fulfill the remaining 12 credit hours by taking three research credits, six thesis credits and three credit hours of electives. Nonthesis students fulfill the remaining hours by taking 12 credit hours of electives.

It is suggested that students take a coherent sequence of courses such as those indicated below, but considerable flexibility is possible based on individual backgrounds and interests.

Thesis and Nonthesis Master's Degree in Agribusiness

Semester I

AGB 528 Advanced Agribusiness Marketing (3)

AGB 561 Applied Econometrics (3)

Semester II

AGB 511 Advanced Agribusiness Management (3)

AGB 532 Advanced Agribusiness Finance (3)

AGB 570 Managerial Economics for Agribusiness (3)

Semester III

500-level AGB emphasis electives (6)

AGB 589 Agribusiness Capstone (3)

Semester IV

500-level AGB emphasis or other electives (9)

Thesis Option

AGB 592 Research (3)

AGB 599 Thesis (6)

**Admission Requirements:**

Students must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE general exam, Miller Analogies Test or GMAT scores
- statement of purpose
- current curriculum vitae
- three letters of recommendation (optional)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Complete information on the English proficiency exams and other required documents can be found on the Admission Service's website <https://admission.asu.edu/international/graduate-apply> (<https://admission.asu.edu/international/graduate-apply>).

Applicants must submit all the items above to complete an application file. Incomplete files will not be reviewed or considered until complete.

An explanation of the applicant's basic skills in economics, accounting, statistics, computer use and some experience or knowledge in an area related to agribusiness should be addressed in the statement of purpose.

Applicants should see the program website for application deadlines.

The Morrison School of Agribusiness awards assistantships to selected candidates. These support ongoing research and teaching activities. The awards are made on the basis of availability and according to the needs of the faculty and interests of the students. Scholarships are also available on a competitive basis for qualified candidates.

## Business Administration (Accountancy), PHD (BAACCTPHD)

**Online Degree Search Title:** Accountancy, PhD

**Campus:** Tempe

### Program Description:

The PhD program in business administration with a concentration in accountancy allows students to develop the capability to review, analyze, conduct and publish research through a series of research seminars, theory-building and statistical coursework that supplement and complement students' abilities and desires. In addition, doctoral students participate in ongoing research projects in conjunction with faculty members in the School of Accountancy.

### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

#### Plan of Study

This program consists of 12 credit hours of dissertation and 72 credit hours of coursework and research. Students may not apply credit hours earned from a doctoral degree previously awarded by ASU or another institution toward their current ASU doctoral degree. However, at the academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Students work with their study committees to determine an appropriate plan of study. Common areas of functional specialization among doctoral studies include financial and managerial accounting, auditing and taxation. Within these functional areas, doctoral studies may emphasize experimental or archival research methods. All accountancy doctoral students are required to take a three-semester sequence of accountancy doctoral coursework. A maximum of 12 approved graduate credit hours may be transferred to satisfy program requirements.

#### Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam; an oral exam may also be required, at the discretion of the academic unit.

#### Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the Dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

#### Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate degree. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled in at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit, such as 795 Continuing Registration, during the semester (including a summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policy and procedures for a Doctor of Philosophy.

#### Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT scores
- portfolio
- letters of recommendation
- personal statement

- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applications are initially reviewed by a School of Accountancy doctoral committee using a portfolio approach. In addition to GMAT scores and prior academic performance, letters of recommendation and a personal statement are reviewed to ensure a good match of students' goals and the school. Recommendations for action are then made to the director of doctoral programs in the W. P. Carey School of Business who, in turn, makes recommendations to Graduate Admission Services.

## Business Administration (Agribusiness), PHD (BAAGRIPHD)

**Online Degree Search Title:** Agribusiness, PhD

**Campus:** Polytechnic

#### Program Description:

As an academic discipline, agribusiness involves the application of theory and quantitative methods in economics, finance, marketing and management to issues involved in the production, distribution and marketing of food and fiber. Doctoral students of agribusiness are involved with research in the following:

- agribusiness management
- derivatives, commodity marketing and risk management
- food and fiber supply chain management
- food marketing
- food policy and promotion
- global agricultural trade and policy
- strategic marketing by food retailers

The interdisciplinary PhD program in business administration with a concentration in agribusiness produces scholars who are trained in the latest methods of business and economic analysis to emerge on the forefront of problem-solving in a vital sector of the global economy. Agribusiness graduates are expected to assume teaching and research positions at top-ranked research universities.

This program is offered by the W. P. Carey School of Business and the Morrison School of Agribusiness.

#### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

#### Plan of Study

At least 30 credit hours (may include research credit) of the approved doctoral program and 12 dissertation hours must be completed after admission to the student's doctoral program. Students may not apply credit hours earned for a doctorate degree previously awarded at ASU or another institution toward their current ASU doctorate. However, at the individual academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Agribusiness doctoral students are expected to develop a program of study that consists of three elements. They will study a core of theory and quantitative methods coursework in economics and management from the Morrison School of Agribusiness. They will also take advanced courses in at least one of these areas in the W. P. Carey School of Business: economics, finance, marketing, supply chain management or management. Their study will also consist of a three-course sequence of doctorate-level theory and methods from the Morrison School of Agribusiness as applied to issues and concepts specific to the agribusiness sector.

The agribusiness doctorate is designed to allow flexibility with focus, so each student's program of study is unique, but is designed to produce the highest level of research competency in the student's chosen area of interest.

#### Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved program of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examination consists of a minimum of a written exam; at the

discretion of the academic unit, an oral exam may also be required.

#### Candidacy

Doctoral students are notified of achieving candidacy status in a letter from the Dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

#### Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled in at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit (such as 795 Continuing Registration) during the semester (including summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College Policies and Procedures.

#### Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE general exam or GMAT scores
- personal statement
- current curriculum vitae
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Complete information on the English proficiency exams and other required documents can be found on the Graduate Admission Services website:

<https://students.asu.edu/graduate/international> (<https://students.asu.edu/graduate/international>).

Applicants must submit all the items listed above to complete an application file. Incomplete files will not be reviewed or considered until complete.

An explanation of the applicant's goals should be addressed in the personal statement.

Students should see the program website for application deadlines. Late applications may still be considered for the same application term or for the next term of admission; however, the department reserves the right to deny or not review a late application.

## Business Administration (Computer and Information Systems), PHD (BAINFSYPHD)

**Online Degree Search Title:** Computer Information Systems, PhD

**Campus:** Tempe

#### Program Description:

The Department of Information Systems offers a computer information systems concentration within the W. P. Carey PhD in business

administration. The objective of the full-time program is to prepare scholars for careers at leading research-focused educational institutions.

This program allows students to develop the capability to review, analyze, conduct and publish research through a series of seminars and additional supporting coursework. In addition, doctoral students participate in ongoing research projects in conjunction with faculty members in the department. W. P. Carey faculty and doctoral students present their research at leading national and international conferences and publish their research in academic journals.

Research topics include business analytics and big data, health care IT, IT-enabled services and process innovation, information economics and strategy, security and privacy, and social media and e-commerce and mobile platforms. In addition to publishing in top information systems journals, doctoral students are often published in leading journals in other disciplines, including accounting, economics, finance, health care management, marketing, managerial decision-making, operations management and strategic management.

#### **Degree Requirements:**

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

#### Plan of Study

The doctoral program consists of a minimum of 84 credit hours of graduate-level coursework beyond the bachelor's degree. A minimum of 42 credit hours of doctoral coursework and 12 credit hours of dissertation credits are required to be taken at Arizona State University's Tempe campus. At the department's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Students work with their program committees to determine an appropriate plan of study. Common areas of specialization for doctoral studies include:

- business analytics and big data
- health care information technology
- information economics and strategy
- IT-enabled services and process innovation
- security and privacy
- social media, e-commerce and mobile platforms

#### Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examination. At minimum, the comprehensive examination consists of a minimum of a written exam, and an oral exam may also be required by the academic unit.

#### Candidacy

Doctoral students are notified of achieving candidacy status by receipt of a letter from the Dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

#### Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctoral degree. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit (such as 795 Continuing Registration) during the semester (including summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policies and procedures.

#### Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT score
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International applicants whose native language is not English must submit scores from the TOEFL. For more information on requirements, students should review the program's website. They should also review the Graduate College website for specific ASU admission requirements.

A master's degree or MBA is recommended (30 credit hours may count toward the minimum total of 84 hours of coursework in the doctoral program). At least two years of full-time related work experience is recommended.

Doctoral students admitted to the W. P. Carey School of Business must have demonstrated competency in mathematics, strong quantitative ability, competency in the U.S. of computer technology for analytical purposes, and an undergraduate degree in a related field from an accredited university.

Applications are reviewed by the department's faculty committee using a portfolio approach. The committee will review each individual application and examine all parts equally.

## **Business Administration (Finance), PHD (BAFINANPHD)**

**Online Degree Search Title:** Finance, PhD

**Campus:** Tempe

**Program Description:**

The primary objective of the PhD in business administration with a concentration in finance is to train students for careers as professors of finance at major research universities.

The program provides a challenging course of study in the most recent developments in both the theoretical and empirical aspects of financial economics. This course of study, along with work in economics and statistics, serves as preparation for the understanding and critical analysis of current issues in finance.

Doctoral students work with distinguished faculty who comprise one of the most productive research groups in the world. Recent surveys of research productivity rank the Department of Finance among the best in the world for research output in the top journals. The faculty produce cutting-edge empirical research in the areas of equity markets, corporate finance, organization structure, international finance, financial institutions

and asset pricing. The program is relatively small, promoting faculty-student mentoring relationships; doctoral students receive personal attention.

The program seeks highly capable students with strong academic backgrounds and preferably with work experience.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Plan of Study

At least 30 credit hours (which may include research credit) of the approved doctoral degree program and 12 dissertation hours must be completed after admission to the student's doctoral program. Students may not apply credit hours earned for a doctoral degree previously awarded at ASU or at another institution toward this doctoral degree. However, at the individual academic unit's discretion, students may apply up to 30 relevant credit hours from a previously awarded master's degree toward their doctoral plan of study.

Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of the comprehensive examination. At minimum, the examination consists of a written exam, and an oral exam also may be required by the academic unit.

Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or for one hour of appropriate graduate-level credit (such as 795 Continuing Registration) during the semester (including summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College policy and procedures for the Doctor of Philosophy.

Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three academic letters of recommendation
- scores from the GMAT or GRE
- a brief statement of their career objectives
- a resume

- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum TOEFL requirement is a score of 550 (PBT) or 80 (iBT). An iBT score of 26 is required on the ASU Speaking Proficiency English Assessment Kit for applicants who wish to apply for teaching associateships.

Admission to the PhD program in business administration with a concentration in finance is granted to applicants who present convincing evidence of high-order analytical skills, intellectual curiosity and the ability to work independently in pursuing scholarly research. Applicants should possess the intellectual curiosity and discipline required for original inquiry.

While many accepted students have an MBA or MS in a business-related field, others have a background in other areas, such as engineering, economics, mathematics or physics.

## Business Administration (Management), PHD (BAMGMTPHD)

**Online Degree Search Title:** Management, PhD

**Campus:** Tempe

#### Program Description:

The Department of Management and Entrepreneurship offers students the opportunity to obtain a PhD in business administration with a concentration in management. The doctoral program places primary emphasis on the development of research competence and also emphasizes teaching as a vehicle to academic professionalism. It is not intended for those seeking careers in industry or consulting.

The mission of the program is the development of scholars who are prepared to assume the diverse responsibilities of faculty positions at leading research universities. Although management is a broad field, this doctoral program is best suited for students interested in specializing in organizational behavior, strategic management or organization theory.

#### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

#### Plan of Study

At least 30 credit hours (may include research credit) of the approved doctoral program and 12 dissertation hours must be completed after admission to the doctoral program. Students may not apply credit hours earned for a doctoral degree previously awarded at ASU or another institution toward their current ASU doctoral degree. However, at the individual academic unit's discretion, students may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

Doctoral students are required to commit full time to the program, at least until they have successfully defended the dissertation proposal. Full-time enrollment entails a minimum of six hours of coursework in any regular academic semester. To reach a total of 84 credit hours for the program, most students enroll for nine to 12 credit hours per semester. In addition, students work closely with faculty members through a research assistantship. The program is relatively small, with an emphasis on high quality; a great deal of individual attention and mentoring is provided to students.

#### Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam may also be required.

#### Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation proposal.

#### Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit (such as MGT 795 Continuing Registration) during the semester (including summer sessions) in which the student defends the dissertation.

#### Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT scores
- prior academic performance records
- three letters of recommendation
- a personal statement
- employment summary
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between students' goals and research interests and those of the department. Graduate Admission Services admits or denies each applicant and notifies them in writing.

## Business Administration (Marketing), PHD (BAMARKPHD)

**Online Degree Search Title:** Marketing, PhD

**Campus:** Tempe

#### Program Description:

Each doctoral student receives a comprehensive, broad-based education in marketing concepts and research techniques. Further, students at ASU have the ability to specialize in one of three research domains. Students do not need to declare a specialization during the application process, but if known, applicants can indicate their intended specialized direction of study. It is expected that by the end of their first year students will commit to one of these three domains.

Doctoral students can pursue one of these three research areas:

- Consumer behavior
- Quantitative marketing models
- Service strategy

This program is not intended for people who want to work in industry positions. It is a full-time program only. All students complete a core curriculum yet tailor their work to achieve personal goals. The program is typically completed in five years.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

**Plan of Study**

At least 30 credit hours (may include research credit) of the approved doctoral program and 12 dissertation hours must be completed after admission to the doctoral program. A student may not apply credit hours earned for a doctoral degree previously awarded at ASU or another institution toward their current ASU doctoral degree. However, at the academic unit's discretion, a student may apply up to 30 credit hours from a previously awarded master's degree toward their doctoral plan of study.

**Comprehensive Examinations**

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam may also be required.

**Candidacy**

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation proposal.

**Dissertation Requirements**

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit (such as MKT 795 Continuing Registration) during the semester (including summer session) in which the student defends the dissertation.

Students should refer to the Graduate College policies and procedures for detailed information regarding the university's doctoral degree requirements.

**Maximum Time Limit**

Doctoral students must complete all program requirements within 10 consecutive years. Any exception must be approved by the supervisory committee and the dean of the Graduate College.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE scores
- prior academic performance records
- letters of recommendation
- a personal statement
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between the student's goals and research interests and those of the department. Recommendations for action are then made to Graduate Admission Services, which admits or denies each applicant and notifies them in writing.

## Business Administration (Supply Chain Management), PHD (BASCMPHD)

**Online Degree Search Title:** Supply Chain Management, PhD

**Campus:** Tempe

### Program Description:

Supply chain management incorporates the core areas of logistics management, operations management and supply management. The PhD program in business administration with a concentration in supply chain management is a full-time residential program for students whose career goals are full-time university research and teaching. The curriculum guides students in conducting high-quality research and teaching at the university level.

Students are trained to develop the capability to recognize problems related to supply chain management and frame these problems into research questions which are then addressed in a scholarly way, and they are required to review, analyze, conduct and publish research. They are prepared to do this through a series of doctoral seminars and research methods courses and by participating in active research projects. Students are also required to develop their teaching skills through assignments as teaching assistants or instructors. Teaching assignments typically take place during the last two years of the program.

This program is designed to be completed in four years.

### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The doctoral program requires the completion of coursework, the completion of academic papers for submission to journals, a comprehensive exam and a dissertation. The program is generally viewed as a four-year process. Most students will serve in research assistantships for all four years. During the program, students are expected to actively participate in required courses as well as in seminars and presentations from colleagues, department faculty and visiting scholars. Students will also have the opportunity to teach courses during their doctoral program. Teaching assistantships typically will be made available during the last two years of the program. This will allow doctoral degree students to get research projects and manuscripts into the multiyear pipeline typical of accepted research articles. Through areas of excellence, centers and the faculty, the supply chain management program has special opportunities for industry-based research projects.

### Coursework

The program consists of a minimum of 84 credit hours of approved graduate coursework beyond the bachelor's degree. The department requires doctoral students to take 48 credit hours of graduate coursework in residence at ASU during their first two years. The specific classes must be approved by faculty members in the students' areas of excellence. Students are also required to take 12 hours of research and 12 hours of dissertation credit. A maximum of 12 credit hours can be transferred from previous graduate coursework. Moreover, students' plans of study must be approved in advance by their program chair.

### Academic Papers

Students are expected to work on academic papers for submission to journals during their doctoral program. Summer months are intended for manuscript writing for those students who have yet to successfully defend their dissertation proposals. At the end of each summer, all doctoral students are required to have at least one new manuscript ready for submission to a journal for publication. Faculty in the areas of excellence will supervise manuscript planning and writing. The bulk of the writing is done during the summer by the students. Faculty in the students' areas of excellence will evaluate the papers and provide detailed feedback and instructions for rewriting of papers.

### Comprehensive Examinations

Upon completion of all necessary coursework on a student's approved plan of study, the academic unit may initiate the scheduling and administering of a student's comprehensive examinations. The comprehensive examinations consist of a minimum of a written exam and, at the discretion of the academic unit, an oral exam may also be required.

### Candidacy

Doctoral students are notified of achieving candidacy status when they receive a letter from the dean of the Graduate College upon passing the comprehensive examinations and successfully defending the dissertation prospectus.

### Dissertation Requirements

Students are required to present a dissertation to satisfy the research requirement for the doctorate. The dissertation is defended in an oral examination commonly known as the dissertation defense.

Students must be enrolled for at least one credit hour that appears on the plan of study or one hour of appropriate graduate-level credit (such as 795 Continuing Registration) during the semester (including a summer session) in which the student defends the dissertation.

For detailed information regarding the university's doctoral degree requirements, students should refer to the Graduate College's policies and procedures.

#### Maximum Time Limit

Doctoral students must complete all program requirements within 10 consecutive years.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE scores
- prior academic performance records
- letters of recommendation
- a personal statement
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applications are initially reviewed by a faculty committee using a portfolio approach. Materials are reviewed to ensure a good fit between students' goals and research interests and those of the department. Recommendations for action are then made to Graduate Admission Services, which admits or denies each applicant and notifies them in writing.

## Business Analytics, MS (BABUSANMS)

**Online Degree Search Title:** Business Analytics, MS

**Campus:** Tempe, Online

#### Program Description:

Delivered by the highly ranked W. P. Carey Departments of Information Systems and Supply Chain Management, the STEM-designated MS program in business analytics builds on quantitative skills and knowledge needed to advance on the analytics career ladder. The rapid emergence of big data impacts every part of the global economy, making business analytics specialists one of the fastest-growing careers in the economy. Students discover how to derive value from data, lead data-driven analyses and create a business advantage across markets and industries.

Two pathways are available for the master's degree program in business analytics. One pathway is designed for individuals who want to immerse themselves in full-time graduate studies. This program is designed for working professionals seeking to continue working full time while attending school. The other is a nine-month pathway with a lock-step curriculum that consists of quarter-based courses and semester-long courses. The culminating experience delivers real-world experience and develops communication and leadership abilities.

#### Concurrent Degrees:

This degree is also offered as concurrent degree program with W. P. Carey MBA - Full-Time Program

#### Degree Requirements:

30 credit hours including the required applied project courses (SCM 593 and CIS 593).

Required Core (23.5 or 24 credit hours)

CIS 505 Introduction to Enterprise Analytics (3)

CIS 508 Data Mining I (3)

CIS 509 Data Mining II (3)

CIS 515 Business Analytics Strategy (3)

SCM 516 Introduction to Applied Analytics (3) or WPC 501 Understanding Facts: Statistics for Managers (2.5)

SCM 517 Data-Driven Quality Management (3)

SCM 518 Analytical Decision Modeling I (3) or SCM 515 Decision Models for Supply Chain Management (3)

SCM 519 Analytical Decision Modeling II (3)

Restricted Electives (3 or 3.5 credit hours)

Culminating Experience (3 credit hours)

CIS 593 Applied Project (1.5)

SCM 593 Applied Project (1.5)

Additional Curricular Information

Students enrolled in concurrent programs along with the Master of Science in business analytics may need to take an additional elective worth at least .5 credit hour if their core coursework is 23.5 credit hours.

If WPC 501 is taken in lieu of SCM 516, students will need to take an additional .5 credit hour of electives.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- short-answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letter or recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-business-analytics/>)

## Economics, PHD (BAECONPHD)

**Online Degree Search Title:** Economics, PhD

**Campus:** Tempe

**Program Description:**

The PhD program in economics provides rigorous training in microeconomic theory, macroeconomic theory, applied economics and econometrics. Additionally, students have the opportunity to select a primary area of specialization for study:

- applied microeconomics
- econometrics
- economic theory
- environmental and resource economics
- financial economics
- macroeconomics

This is a full-time program intended to prepare students for teaching and research positions at four-year institutions of higher education and for research positions in public agencies or private business organizations.

The doctoral program is relatively small in size, with about 45 doctoral students in residence at any time. The low student-faculty ratio affords greater faculty attention and mentoring compared to larger programs. Students are involved in teaching, research and seminar activities, becoming valued members of the department.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

In addition to completing 60 credit hours beyond the bachelor's degree (30 credit hours beyond the master's degree) and 24 credit hours of research and dissertation, the doctoral student must accomplish five tasks:

- meet the qualifying examination requirement
- present at least one area of emphasis
- pass the comprehensive examination (both written and oral components)
- pass the dissertation proposal defense
- complete a dissertation with an oral defense

Students should see the Department of Economics graduate student handbook for details concerning these tasks.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The Department of Economics requires applicants to send official scores from the GRE directly to Graduate Admission Services. Applications are not reviewed until the GRE scores are received.

The admission policy weighs several factors, including letters of reference, overall GPA, GRE scores and performance in selected mathematics and economics courses. There are no absolute standards for any of the factors, but performance on each clearly should suggest academic potential that is far above those of the normal undergraduate student.

Admission guidelines are available on the Graduate Admission Services website. Applicants should see the program website for application deadlines and admission terms.

## Finance, MS (BAFINMS)

**Online Degree Search Title:** Finance, MS

**Campus:** Tempe

#### Program Description:

In only nine months, students in the MS program in finance develop deep expertise in corporate finance and asset or portfolio management and are equipped with the tools needed to manage complex financial institutions. Faculty members bring cutting-edge research and decades of real-world experience into the classroom. A lock-step course format allows students to build on concepts throughout the program. A curriculum aligned with CFA Program Candidate Body of Knowledge prepares students to sit for the CFA exams and become a Chartered Financial Analyst®.

Curriculum, schedule and format, faculty and a top-ranked business school: It all adds up to a degree with real value. The W. P. Carey Master of Science in finance delivers the financial qualifications increasingly sought by employers within the corporate finance industry.

#### Concurrent Degrees:

This degree is also offered as concurrent degree program with W. P. Carey MBA - Full-Time Program

#### Degree Requirements:

32 credit hours including a capstone course (FIN 575).

Required Core (26-27 credit hours)

ACC 502 Financial Performance Reporting and Analysis (2.5 or 3)

FIN 502 Finance: The Art of Managing Resources to Create Value (2.5 or 3)

FIN 509 Quantitative Methods in Finance I (3)

FIN 525 Investment Strategies (2.5)

FIN 530 Derivatives (2.5)

FIN 535 Financial Statistics (3)

FIN 545 Advanced Corporate Finance (2.5)

FIN 550 Fixed Income (2.5)

FIN 560 International Finance (2.5)

FIN 565 Risk Management in Banks and Financial Institutions (2.5)

Other Requirement (2.5 credit hours)

FIN 555 Entrepreneurial Finance (2.5) or FIN 591 Topic: Artificial Intelligence and Machine Learning Applications in Finance (2.5)

Electives (0-1 credit hours)

Culminating Experience (2.5 credit hours)

FIN 575 Finance Capstone (2.5)

Additional Curriculum Information

To account for the difference in the numbers of credit hours offered in the core courses, one credit hour of electives may be required.

For other requirements, substitutions may be allowed with approval of the academic unit.

The schedule follows the seven-week quarterly schedule of the MBA program.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or masters degree from a regionally accredited institution in business and management, economics, statistics, computer science or other types of science, engineering, technology and mathematics degree areas.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- short answer questions
- current resume
- proof of English language proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

There are two main audiences for the master's degree program: first, recent undergraduates from business, economics or related majors or from programs where quantitative skills have been emphasized; and second, career advancers who have strong quantitative skills and seek to adapt

those skills to be more competitive in the job market. Career advancers must be able to commit to a full-time plan of study; the program may not cater to working professionals as it is currently designed.

This program is appropriate for students who have completed undergraduate programs with quantitative underpinnings, at either ASU or other universities.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

## Global Financial Management, DBA (BAGFMDBA)

**Online Degree Search Title:** Global Financial Management, DBA

**Campus:** Tempe

**Program Description:**

China is globalizing at an astonishing rate. This pace of change is profoundly affecting not only China's domestic situation, but also the global economy. The DBA in global financial management is an applied professional doctorate designed for senior corporate leaders and government officials in China seeking a terminal degree alternative to the traditional PhD intended for those pursuing an academic career. The leaders emerging from this program will transform China's economic structure, its financial markets and shape the future of China's leadership roles in the global economy of the 21st century.

All such initiatives depend on the development of human capital, for it is the catalyst for all. Hence, the Doctor of Business Administration program is designed to sustain and amplify leaders who aspire to affect transformative changes in this exciting and dynamic global environment.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (12 credit hours)

DBA 702 Global Financial Systems: Markets and Institutions (3)

DBA 703 Global Financial Systems-Institutional Investing (3)

DBA 705 Global Corporate Strategy (3)

DBA 708 Challenges of Corporate Finance and Governance (3)

Electives (21 credit hours)

Research (9 credit hours)

Culminating Experience (12 credit hours)

DBA 799 Dissertation (12)

Additional Curriculum Information

Thirty credit hours from a previously awarded master's degree may be applied to this degree.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned from a regionally accredited college or university of recognized standing a degree in Master of Business Administration, Master of Economics, Master of Finance, Master of Accountancy or a related field of specialization in business.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

#### Additional Application Information

English proficiency requirement is not required.

Official bachelor's and master's degree transcripts should be submitted listing all coursework in both the native language and official English translation.

This degree is offered in China only. All applicants are required to contact the program coordinator before submitting the online graduate admission application.

## Global Logistics, MS (BAGLSMS)

**Online Degree Search Title:** Global Logistics, MS

**Campus:** West

#### Program Description:

Classes for the nine-month MS program in global logistics are offered in a full-time, weekday format. The full-time curriculum, with courses offered during the day, provides specialized knowledge and practical perspectives on global operations, logistics and multicultural approaches, thus preparing graduates for a growing career field. Students in this program have access to world-renowned faculty, motivated classmates and personalized career resources.

#### Degree Requirements:

30 credit hours including the required applied project course (SCM 593).

##### Required Core (27 credit hours)

MGT 400 Cross-Cultural Management (3) or MGT 411 Leading Organizations (3)

SCM 502 Operations and Supply Management (3)

SCM 515 Decision Models for Supply Chain Management (3)

SCM 516 Introduction to Applied Analytics (3)

SCM 520 Strategic Procurement (3)

SCM 532 Supply Chain Cost and Design Issues (3)

SCM 541 Logistics in the Supply Chain (3)

SCM 542 Logistics, Globalization and Economic Development (3)

SCM 545 Cases in Global Logistics (3)

##### Culminating Experience (3 credit hours)

SCM 593 Applied Project (3)

#### Additional Curriculum Information

The schedule follows a combination of ASU scheduling options. Three courses will follow schedule C and has a semester-long duration. The other seven courses follow the 7.5-week quarterly schedule of the MBA program. Those courses require some online and extra class time to meet the 40 contact hours standard of The Association to Advance Collegiate Schools of Business.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in

business and management, computer information systems, economics and other types of global studies or similar degree areas.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- essays
- GMAT or GRE test scores
- one letter of recommendation
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

There are two main audiences for the master's degree program: recent undergraduates from logistics-related majors and career advancers with a background in supply chain management and operations whose skills can be expanded to include a broader global context and exposure to emerging markets. Students must be able to commit to a full-time plan of study; the program may not cater to working professionals as it is currently designed.

This program is appropriate for applicants who have strong quantitative skills and seek to adapt those skills to be more competitive in the job market.

All applicants must submit either the GMAT or GRE. For more information on GMAT, students should visit <http://www.mba.com> (<http://www.mba.com>). For GRE, they should see [www.ets.org/gre](http://www.ets.org/gre) (<http://www.ets.org/gre>). Applicants should expect to score above 600 on the GMAT to be competitive.

There is no requirement for a foreign language exam for this program.

## Management, MS (BACMRMS)

**Online Degree Search Title:** Management, MS

**Campus:** Tempe

ASU is not currently accepting applications for this program.

**Program Description:**

Arizona State University's MS in management, offered by the W. P. Carey School of Business, is an innovative business degree program providing new liberal arts, science, engineering and other nonbusiness graduates with the intellectual and professional skills needed to succeed in today's business environment. This one-year program is designed to develop critical-thinking skills as applied to fundamental business procedures and processes, as well as leadership skills. It is also designed to bridge the gap between academic preparation and real-world business applications.

Designed for graduates of nonbusiness programs with fewer than two years of work experience, students will have the capability and motivation to rapidly progress in any profession where business plays an important role. The management program differs substantially from a traditional MBA program in that no work experience is required for admission and the coursework is completed in one year, giving a broad overview of the essentials of managerial decision-making.

Three distinct components of the Master of Science program in management prepare students to immediately add value and lead in all types of business environments:

- core business courses that deliver necessary business skills through integrative cases, project-based learning and teamwork
- leadership courses that develop understanding of strategic vision, instituting change, information systems, and the role and importance of sustainability

- a culminating experience that bridges the gap between academic learning and real-world business application

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with Legal Studies, MLS

**Degree Requirements:**

36 credit hours including the required applied project course (MGT 593).

## Required Core (28.5 credit hours)

- ACC 501 Basics of Financial Performance Reporting and Analysis (1.5)
- ACC 504 Basics of Internal Measures of Success: Managerial Accounting (1.5)
- ECN 504 Basics of Decisions, Market Structure and Games: Managerial Economics (3)
- FIN 501 Basics of Finance: The Art of Managing Resources to Create Value (3)
- LES 586 Basics of Ethical Issues for Managers (1.5)
- MGT 501 Basics of Leading People, Teams and Organizations: Org Theory (3)
- MGT 528 Basics of Mastering the Art of Influence and Negotiations (3)
- MGT 586 Basics of Sources of Competitive Advantage I (1.5)
- MKT 501 Basics of Create and Deliver Customer Value: Marketing Management (3)
- SCM 501 Basics of Operations and Supply Management (3)
- SCM 587 Project Management (1.5)
- WPC 504 Basics of Understanding Facts: Statistics for Managers (3)

## Other Requirements (3 credit hours)

- MGT 591 Business Communications (1.5)
- WPC 594 Job Search Strategies (1.5)

## Culminating Experience (4.5 credit hours)

- MGT 593 Applied Project Consulting Project Capstone (3) AND
- MGT 593 Applied Project Consulting Project Lab (1.5)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE or GMAT test scores
- one letter of recommendation
- current resume
- short-answer questions
- proof of English proficiency

## Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

## Management, MS (BAMCCMS)

**Online Degree Search Title:** Management in China/Corporate, MS

**Campus:** Tempe

### **Program Description:**

The W. P. Carey School of Business at Arizona State University is directly involved in the development of top leadership in China. The MS custom corporate program in China is designed for participants of a single company in China. Upon successful completion of the program curriculum, a participant will be granted an ASU Master of Science degree in management through the W. P. Carey School of Business.

The curriculum is designed to leverage participants' existing strengths in a chosen management concentration and it provides intensive knowledge on managerial decision-making and strategic formulation. Accordingly, the curriculum is designed with a strong transdisciplinary focus while achieving cycle time efficiency. At the core of the curriculum delivery is emphasis on practical applications with direct business connectivity. A noteworthy feature of the curriculum is its integration of global practices and local market characterizations to enable participants' ability to excel in the modern economy.

The hallmarks of prestigious programs include two key elements: the faculty and the students. No other master of science program in China offers a more impressive list of faculty or students than the W. P. Carey China program. The faculty includes renowned faculty from W. P. Carey School of Business as well as from other prestigious American business schools.

### **Degree Requirements:**

36 credit hours including the required capstone course (MGT 588).

The curriculum consists of 12 courses, concentrating on management. It is a world-class master's degree program with immersion in financial accounting, managerial finance, statistics and economics, marketing management, organizational theory and behavior, human resources management, supply chain management and information technology management.

All students must successfully complete the comprehensive requirement for Master of Science graduates established by the W. P. Carey School of Business and the Graduate College. As a lock-step program, there will be no opportunities for participants to make up missed courses or to substitute courses. Therefore, students must complete all 12 courses before graduation with a grade of "B" or higher (3.00 on a scale of 4.00) for each course to satisfy the comprehensive requirement. A thesis is not required.

### **Admission Requirements:**

The Master of Science custom corporate program in China requires that students be nominated into the program by the company, and it is only delivered in China. Applicants are required to contact the program coordinator before submitting the online graduate admission application.

## Real Estate Development, MREDev (ARREMREDEV)

**Online Degree Search Title:** Real Estate Development, MRED

**Campus:** Tempe

### **Program Description:**

Arizona State University's MRED is one of the leading programs offered through the nationally ranked and recognized W. P. Carey School of Business, in partnership with Sandra Day O'Connor College of Law, the Herberger Institute for Design and the Arts and the Del E. Webb School of Construction. The program offers a true transdisciplinary approach to real estate development education through a full-immersion curriculum that explores the development process in its entirety.

In only nine months, the W. P. Carey Master of Real Estate Development program prepares students to lead real development projects that are environmentally respectful, socially responsible and artfully designed. Small class sizes provide opportunities for peer interaction, and a number of synthesis projects cover the entire spectrum of development, preparing students for roles throughout the industry. Students explore the development process in its entirety and strengthen their management toolkits.

During the one-year program, students learn how to locate, analyze and consider the physical, legal, economic, political and financial conditions impacting the use of property and the critical analysis required for a successful project. Graduates of the program are prepared to undertake mid- and senior-level management responsibility for small to large development and investment companies.

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with Legal Studies, MLS

**Degree Requirements:**

36 credit hours including the required capstone course (RED 515).

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The program is offered in an intense format covering two academic semesters. Students take required core course modules in a variety of formats, including:

- comprehensive module exams to assess aggregate knowledge
- face-to-face classroom instruction
- group work
- independent research
- synthesis projects
- topical quizzes
- weekly assignments

The business school does not accept graduate credits earned while students are in nondegree status or from courses taken prior to admission to the program or taken while enrolled in another program outside the W. P. Carey School of Business.

There is no foreign language requirement.

There is no thesis requirement.

All students must successfully complete the final synthesis project requirement established by the W. P. Carey School of Business and the Graduate College for the Master of Real Estate Development. The comprehensive culminating experience is integrated with RED 515 Capstone Project: Mixed Use Property Development. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the culminating experience requirement.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts of all coursework completed at institutions other than ASU
- GMAT or GRE test scores
- one letter of recommendation
- current resume
- short answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

MCAT or LSAT scores can be accepted in lieu of GMAT or GRE scores.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Complete application instructions may be obtained from the department's website.

## Supply Chain Management (certificate), Certificate (BASCMCERT)

**Online Degree Search Title:** Supply Chain Management (Graduate Certificate)

**Campus:** Online

ASU is not currently accepting applications for this program.

#### Program Description:

The certificate program is composed of supply chain management courses. The content of the courses is tightly integrated and offers a comprehensive coverage of core topics in supply chain management.

The intended audiences for the certificate include working professionals who are graduates of general management undergraduate or graduate business programs who wish to supplement their degrees with focused, graduate-level courses in supply chain management, and they are either relatively new to supply chain management and desire a foundational knowledge of supply chain management complexities as well as a strong understanding of how companies leverage their supply chains to achieve competitive advantage, or they are experienced supply chain management professionals who wish to update their knowledge of current thinking and best practices through interaction with faculty engaged in broad-based research and consulting.

#### Degree Requirements:

15 credit hours including the required capstone course (SCM 532).

Required Core (12 credit hours)

SCM 502 Operations and Supply Management (3)

SCM 520 Strategic Procurement (3)

SCM 521 Supply Management and Negotiation (3)

SCM 541 Logistics in the Supply Chain (3)

Culminating Experience (3 credit hours)

SCM 532 Supply Chain Cost and Design Issues (3)

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- evidence of a minimum of two years of full-time work experience
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Supply Chain Management and Engineering, MS (BASCMEMS)

**Online Degree Search Title:** Supply Chain Management and Engineering, MS

**Campus:** Online

ASU is not currently accepting applications for this program.

#### Program Description:

The MS in supply chain management and engineering is a two-year, 30 credit hour program for working professionals in supply chain management, industrial engineering or a related field that consists of 15 credit hours of courses from the Department of Supply Chain Management in the W. P. Carey School of Business and 15 credit hours from the industrial engineering program in the School of Computing, Informatics and Decision Systems Engineering in the Ira A. Fulton Schools of Engineering.

Most students will have an undergraduate degree in a technical field, such as business, engineering or science. The objective is twofold: to provide students with knowledge of the fundamental foundations across the full spectrum of supply chain management functions and to provide them with the ability to use state-of-the-art engineering tools to analyze, control and optimize modern supply chains.

#### Degree Requirements:

30 credit hours including the required applied project course (SCM 593).

Required Core (27 credit hours)

Culminating Experience (3 credit hours)

SCM 593 Applied Project (3)

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- GMAT or GRE test scores
- personal statement
- one letter of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

professionals (or in closely related fields). Applicants must be highly motivated and have strong intellectual capabilities. The admission committee looks for outstanding academic credentials, character qualities such as maturity, integrity and leadership, and diversity in perspectives and experiences.

## Taxation, MTax (BATAMTAX)

**Online Degree Search Title:** Taxation, MTax

**Campus:** Tempe

**Program Description:**

The nine-month MTax program is delivered by the W. P. Carey School of Accountancy and is highly ranked by the Public Accounting Report. The cutting-edge curriculum is structured to provide students with an in-depth working knowledge of the highly technical and demanding skills required to provide tax and business advice in the private and public sectors. Esteemed faculty experts bring real-world experience into each class, giving the degree even more long-term value.

The Master of Taxation program is designed for individuals who want to immerse themselves in full-time graduate studies, take classes during the day and fulfill course requirements for the CPA exam in Arizona and in California. Because of the quality of the Master of Taxation program, students gain the skills and knowledge needed to launch their careers, while opening the door to top hiring firms.

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with:

- Legal Studies, MLS
- W. P. Carey MBA - Full-Time Program

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Accountancy, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours including the required capstone course (ACC 589).

The Master of Taxation program is a nine-month, full-time, lock-step program that offers classes during the day and is completed in one academic year. Applicants must complete program prerequisites prior to admission to the program. Students should refer to the W. P. Carey graduate programs website for a current listing of required course prerequisites. Graduate-level accounting courses are only open to students admitted to the graduate program.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- one letter of recommendation
- current resume

- answers to short-answer questions
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letter of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

In addition to the ASU graduate admission application, applicants also must submit all supplemental application materials required by the W. P. Carey Graduate Programs Office. Complete application instructions may be obtained from the department's website.

### W. P. Carey MBA, MBA (BAEVEAMBA)

**Online Degree Search Title:** W. P. Carey MBA - Weekend Program

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

The purpose of the W. P. Carey MBA program is to provide a solid foundation and knowledge base in the core business disciplines, to develop analytic capabilities, decision-making and leadership skill sets essential to making sound business decisions. The curriculum is delivered in a case-based, team-oriented and discussion learning environment. Elective courses provide additional depth and breadth to enhance an area of emphasis, students' knowledge base and career goals. The weekend Master of Business Administration program is designed for working professionals seeking to continue working full-time while attending school. The program starts each January and is completed in 19 months.

The Master of Business Administration program is supported by each of the eight academic units within the W. P. Carey School of Business.

**Degree Requirements:**

36 credit hours including the required capstone course (MGT 589).

Required Core (1.5 credit hours)

LES 582 Ethical Issues for Managers (1.5)

Electives and research (31.5 credit hours)

Culminating experience (3 credit hours)

Capstone: MGT 589 Strategic Management (3)

**Additional Curriculum Information**

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills.

The business school does not accept graduate credits earned while students are in nondegree status or courses taken prior to admission to the Master of Business Administration program or taken while enrolled in another Master of Business Administration program outside the W. P. Carey School of Business. Registration in school of business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The core course is designed to provide a foundation in business knowledge and skills. Elective courses build upon the business core and center on the further development of an optional area of emphasis. There may be additional requirements that vary by area of emphasis.

All students must successfully complete the comprehensive exam requirement established by the school of business and the Graduate College for the Master of Business Administration. The comprehensive exam is integrated with the MGT 589 Strategic Management capstone course culminating experience. Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- two letters of recommendation
- current resume
- essays
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letters of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program.

Applicants should see the department's website for more information.

## **W. P. Carey MBA, MBA (BAFULLMBA)**

**Online Degree Search Title:** W. P. Carey MBA - Full-Time Program

**Campus:** Tempe

**Program Description:**

Powered by the Forward Focus curriculum, the W. P. Carey full-time MBA program prepares students to be adaptable in the face of uncertainty and ambiguity in a rapidly changing global economy. Highly ranked by U.S. News & World Report, the W. P. Carey full-time Master of Business Administration prepares students for immediate success through a cutting-edge curriculum, dedicated career services and a supportive community. The new curriculum of the full-time program rises to meet the rapid changes and new realities in business.

By rethinking the way the world does business, the W. P. Carey School of Business is rethinking the way it is taught. Success in the future can't rely solely on where we've been --- the road ahead needs a forward focus. The full-time Master of Business Administration is designed for individuals who want to immerse themselves in full-time graduate studies and take classes during the day. Small class size in the program supports individual learning, promotes student-faculty interaction and encourages personal and professional development.

The Master of Business Administration curriculum is rooted in transformation of both the students and business as we know it. As the world continues to evolve faster and unpredictably, students need an MBA program that can prepare them to lead through uncertainty.

The Master of Business Administration program is supported by each of the eight academic units within the W. P. Carey School of Business.

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with:

Students passing this course with a grade of "B" (scale is 4.00 = "A") or higher satisfy the comprehensive examination requirement.

While there are no business course prerequisites, potential students must demonstrate strong quantitative ability and effective written and oral communication skills. To be successful in an online learning environment, students must also have computer proficiency and expertise in using spreadsheet, word processing and presentation software packages, email and an Internet browser.

The business school does not accept graduate credits earned while students are in nondegree status or courses taken prior to admission to the Master of Business Administration program or taken while enrolled in another Master of Business Administration program outside the W. P. Carey

School of Business. Registration in school of business courses numbered 501 and above is limited to students who have been admitted to a graduate degree program and have the approval of the MBA program office.

The core course is designed to provide a foundation in business knowledge and skills. Elective courses build upon the business core and center on the further development of an area of emphasis. The program is typically completed in less than two years.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the W. P. Carey School of Business.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GMAT or GRE test scores
- two letters of recommendation
- current resume
- short-answer questions
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Letters of recommendation should comment on the student's motivation, commitment, achievements, work experience and opportunity for success in the program

Applicants should see the department's website for more information.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-business-administration/>)

## **W. P. Carey MBA, MBA (BASHANGMBA)**

**Online Degree Search Title:** W. P. Carey MBA - Shanghai Program

**Campus:** Tempe

**Program Description:**

The W. P. Carey School of Business at Arizona State University is directly involved in the development of top leadership in China. In 2003, the executive MBA program launched in Shanghai, China. The program is delivered in collaboration with Shanghai National Accounting Institute, an entity under the governance of China's Ministry of Finance.

The business leaders emerging from this program will shape U.S.-Sino trade relationships during China's continued global expansion. This academic program is the cornerstone of a number of new offerings that include knowledge transfer and access to the highest level of decision-makers in China.

This degree program is only offered in China.

**Degree Requirements:**

48 credit hours including the required capstone course (MGT 589).

The curriculum is based on the integration of core management principles, with an immersion in accounting, finance, information management, supply chain management, service marketing, customer relation management and management of services innovation. At the core of the curriculum delivery is emphasis on the practical applications with direct business connectivity. The school prides itself on the curriculum's integration of global practices and local market characterizations, to enable participants' ability to excel in the modern economy.

In addition, the curriculum is designed with a strong transdisciplinary focus while achieving cycle-time efficiency. Each course is delivered in an intensive manner over two consecutive weekends, with four full days of face-to-face instruction supplemented by online instruction materials to enable learning interactions between faculty and participants.

All students must successfully complete the comprehensive requirement for the MBA established by the school of business and the Graduate College. The comprehensive culminating experience is integrated with MGT 589 Strategic Management. Students passing this course with a grade of "B" (3.00 on a scale of 4.00) or higher satisfy the comprehensive examination requirement. A thesis is not required.

**Admission Requirements:**

This degree program is only offered in China. All applicants are required to contact the program coordinator before submitting the online graduate admission application.

## Design & the Arts, Herberger Institute for

### Architecture, MArch (ARARCMARCH)

**Online Degree Search Title:** Architecture, MArch

**Campus:** Tempe

**Program Description:**

The MArch is an accredited professional degree program at ASU. There are two programs of study available. The 2-year program is for applicants who have completed the 4-year BSD in architectural studies at ASU or an equivalent degree from another school that offers an accredited professional degree in architecture. The 3-plus-year program for applicants with an undergraduate degree in a discipline or field other than architecture.

Both programs promote broad areas of knowledge, professional skill and a social awareness that the architect must command if architecture is to enhance contemporary life and remain an enduring and valid expression of society.

**Concurrent Degrees:**

This degree is also offered as concurrent degree program with W. P. Carey MBA - Full-Time Program

**Degree Requirements:**

56 credit hours including the required capstone course (ADE 593 or ADE 622), or 78 credit hours including the required capstone course (ADE 593 or ADE 622).

Required Core (30 credit hours)

- ADE 521 Advanced Architectural Studio I (5)
- ADE 522 Advanced Architectural Studio II (5)
- ADE 621 Advanced Architectural Studio III (5)
- APH 505 Foundation Theory Seminar (3)
- APH 515 Current Issues and Topics (3)
- ATE 553 Architectural Technology IV (3)
- ATE 556 Architectural Technology V (3)
- ATE 563 Architectural Technology VI (3)

Electives (9 credit hours)

Other Requirements (12 credit hours)  
ARP 584 Internship (1)  
ARP 584 Internship (2)  
ATE 598 Topic: Green Building Practices (3)  
DSC 598 Topic: Principles of Collaboration in Design (3)  
DSC 598 Topic: Practice Management (3)

Culminating Experience (5 credit hours)  
ADE 593 Applied Project (5) or  
ADE 622 Advanced Architectural Studio IV (5)

Additional Curriculum Information

For electives, students should see the academic unit for an approved design professional elective list.

For the other requirement coursework, other courses not listed may be used with approval of the academic unit.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of three references submitted via SlideRoom (<https://asudesign.slideroom.com>)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The portfolio, letter of intent and references are required by the Design School in addition to the Graduate College application requirements.

Applicants are encouraged to report GRE scores, especially if the applicant's background is broad or other than a traditional design major, but it is not required.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

Applicants may be admitted to the program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. If a student is assigned any deficiency coursework by the academic unit upon admission, those courses must be completed with a grade of "B" (3.00 on a 4.00 scale) or higher before completing the graduate program's required coursework. For a Master of Architecture student assigned deficiencies, there are two pathways: the 3-year plus pathway with up to 42 credit hours which begins in the summer, and the 2-year plus pathway with up to 15 credit hours which begins in the spring. Deficiency courses may include:

ADE 510 Foundation Architectural Studio  
ADE 511 Core Architectural Studio I  
ADE 512 Core Architectural Studio II  
ALA 235 Introduction to Computer Modeling  
APH 313 History of Architecture I  
APH 314 History of Architecture II  
APH 509 Foundation Seminar  
ATE 361 Architectural Technology I  
ATE 362 Architectural Technology II  
ATE 452 Architectural Technology III

Admission requirements to the 2-year pathway: applicants must have completed a 4-year Bachelor of Science degree with a major in architectural studies or a similar preprofessional degree in architecture. The undergraduate degree must be granted by an institution that is recognized by ASU and offers a National Architectural Accreditation Board-accredited degree program in architecture.

Admission requirements to the 3-year plus pathway: applicants must have earned a minimum of a bachelor's degree (or equivalent) in a field other than architectural studies.

## Art, MFA (HIARTMFA)

**Online Degree Search Title:** Art, MFA

**Campus:** Tempe

**Program Description:**

The MFA in art, offered by the School of Art, provides a stimulating and challenging program for artistic and intellectual growth. Faculty in the School of Art are distinguished artists and scholars who encourage innovation, critical practice and independence. This program provides students with unparalleled opportunities to develop conceptual approaches and technical expertise in a range of media including ceramics, drawing, fiber, intermedia, metals, painting, photography, printmaking and book arts, sculpture, and woods. Prospective students select an area of focus for their practice but may also develop interdisciplinary expertise in and beyond the School of Art.

Students make and exhibit work in the newly constructed Grant Street Studios (<https://art.asu.edu/venues-and-facilities/grant-street-studios> ([https://art.asu.edu/venues-and-facilities/grant-street-studios" style="color:rgb\(149, 79, 114\);](https://art.asu.edu/venues-and-facilities/grant-street-studios))), which offers sixty individual studios, two galleries and enhanced facilities including a common wood shop, computer lab and 3D print lab. Located in downtown Phoenix, Grant Street Studios also provides access to the city's vibrant community of museums, galleries, businesses and cultural organizations. The Visiting Artist and Scholar Lecture Series is another vital opportunity for students to learn from and connect with regional, national and international colleagues.

**Degree Requirements:**

60 credit hours and an oral comprehensive exam (defense of MFA exhibition).

The 60 hours of graduate credit are subject to committee approval and must include:

- ART 680 Practicum, resulting in an MFA exhibition (10-15 credit hours)
- graduate studio (18-27 credit hours)
- graduate-level academic coursework (at least 6 credit hours)
- graduate-level ART seminars (9-18 credit hours)
- required courses in contemporary art theory (3) and cross-practice critique (3) (6 credit hours)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume or curriculum vitae
- portfolio
- statement of intent
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Admission is a two-step process. Although applicants fill out one application through the online graduate application process, they must be admitted into both the MFA program and to the Graduate College.

The portfolio should be 20 images, sized with a maximum dimension of 1024 pixels; video files less than 60MB each; and accompanied by an image list and the statement of intent (not exceeding 1,000 words) that addresses the applicant's artistic interests, reasons for applying to graduate school in general and the ASU School of Art in particular as well as professional goals.

The three letters of recommendation should be from faculty members with whom the applicant has studied or from recognized professionals in the field. All the instructions for letters of recommendation must be followed when submitting them with the application to the Graduate College.

The method for submitting the resume or vitae, portfolio, statement of intent and letters of recommendation is online via SLIDEROOM: <https://asuherberger.slideroom.com>. (<https://asuherberger.slideroom.com>) Applicants may upload images (.jpg), video (.mov, .wmv, .flv), music (mp3) or PDF documents.

Applicants should see the program website for application deadlines.

## Art (Art Education), MA (FAARTEDMA)

**Online Degree Search Title:** Art Education, MA

**Campus:** Tempe

#### Program Description:

Students in the MA program in art with a concentration in art education investigate issues in art teaching and learning from multiple perspectives, including art inquiry, curriculum theory, spatial design, studio practice, visual culture, social intervention, human development and cultural context. The culminating experience may be conducted in a range of contexts where art learning takes place, such as in K-12 art classrooms, art centers and museums, public settings, university studios or in a teacher's own classroom.

#### Degree Requirements:

30 credit hours, a thesis and a written comprehensive exam (qualifying research proposal).

##### Required Core (18 credit hours)

ARE 510 Visual Culture Research (3)  
ARE 520 Issues in Teaching Inquiry in Art (3)  
ARE 525 Research on Art Instruction (3)  
ARE 530 Issues in Teaching Studio Art (3)  
ARE 535 Research on Teaching Studio Art (3)  
ARE 540 Teaching Art in Cultural Contexts (3)

##### Other Requirements (6 credit hours)

special topics on research related to integrating the teaching of studio art, art history and criticism or aesthetics (6)

##### Culminating Experience (6 credit hours)

thesis (6)

#### Additional Curriculum Information

Before the end of the first semester of coursework (six or more credit hours), a plan of study must be submitted to the Graduate College. Additional program requirements are indicated in the guidelines for the master's degree in art education.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in any field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants should submit:

- graduate admission application and application fee
- official transcripts
- a formal art education research paper for review
- resume
- statement of intent
- two letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

An applicant must have a bachelor's degree from a regionally accredited college or university with a major of no fewer than 45 credit hours of art, including 12 credit hours of art history and six credit hours of art education. Additional hours may be required by the school.

An applicant must have a GPA of at least 3.00 ("B") in undergraduate coursework during the junior and senior years. Applicants who do not meet these requirements must submit scores from the MAT or the GRE.

The resume should demonstrate how professional experience will help the student succeed in this program.

Applicants should see the program website for application deadlines.

## Art (Art History), MA (FAARTHISMA)

**Online Degree Search Title:** Art History, MA

**Campus:** Tempe

**Program Description:**

The MA in art with a concentration in art history is a comprehensive degree program designed to train students to engage with visuality in multiple ways. It offers a diverse curriculum intended to foster critical understanding of aesthetics, production, patronage and consumption of art. Nine internationally recognized faculty members offer classes across many cultures, time periods and geographies, using multiple approaches and methodologies. The program stresses intersections between disciplines, borders, margins, points of mediation and technological developments throughout history. The graduate curriculum offers focused study in the areas of images and digital technologies, art in social and political contexts, and histories and theories of visual culture.

**Degree Requirements:**

30 credit hours, a thesis and a foreign language exam.

Required Core (3 credit hours)

ARS 501 Methodologies and Art History (3)

Focus Area Coursework (12 credit hours)

Seminars (12)

Electives (6 credit hours)

Research (3 credit hours)

ARS 592 Research (3)

Culminating Experience (6 credit hours)  
ARS 599 Thesis (6)

#### Additional Curriculum Information

This program must include a minimum of 24 hours in art history, with at least 12 of these earned in 500-level seminars.

Four courses in the areas shown below are required, with two of these courses outside the geographical area of specialization:

Ancient  
Africa  
Asia  
Baroque  
Contemporary (inc. Photo)  
Latin America  
Medieval  
Modern  
Native American Indian  
Oceania  
Pre-Columbian  
Renaissance

For elective coursework, students may choose to take either 500-level courses in art history or related areas, such as in anthropology, history, museum studies, religion, or up to six hours of the following omnibus courses:

ARS 584 Internship  
ARS 590 Reading and Conference  
ARS 592 Research

Students must have reading knowledge of one research language in addition to English. The selected language needs to be appropriate for the area of research concentration and must be approved by the faculty mentor. This requirement can be met by taking a language for reading knowledge course in the School of International Letters and Cultures with a grade of B or better or by passing the Graduate Foreign Language Examination offered by SILC, which requires a fee.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. In addition, applicants must have an undergraduate major or minor in art history or at least four upper-division art history courses in which a GPA of 3.00 or higher was maintained.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation.
- one formal research paper for review
- one-page statement of intent indicating the objectives for graduate study
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency.

Students should see the program website for application deadlines and admission terms.

## Art (Digital Technology), MFA (FADIGITMFA)

**Online Degree Search Title:** Art (Digital Technology), MFA

**Campus:** Tempe

### Program Description:

The MFA in art with a concentration in digital technology combines technological and artistic goals and is designed for students with skills and experience in both realms.

Applicants will be required to demonstrate accomplishments in art and technology, particularly in having developed new digital technology for the arts. Coursework will be required in both the School of Art and the School of Arts, Media and Engineering. The School of Art offers graduate-level courses in digital audio, video, photography, printing, compositing, interactive sculpture and rapid prototyping. Graduate courses offered by the School of Arts, Media and Engineering focus on topics such as interactive media methodology and theory, sensing and understanding activity, perception and cognition for artists and designers, advanced programming, interaction design for media installations, and digital and physical fabrication.

The program is offered by the School of Art in collaboration with the School of Arts, Media and Engineering.

### Degree Requirements:

60 credit hours and an oral comprehensive exam.

Graduate credit is subject to committee approval and includes:

36 graduate studio credit hours in the major areas of concentration of which 18 credit hours are ART studio classes and 18 credit hours are graduate-level courses in the School of Arts, Media and Engineering  
six credit hours of ART 621 Seminar  
six credit hours of graduate-level art history  
six credit hours of ART 680 Practicum and six credit hours of AME 593 Applied Project, leading either to a final exhibition or an applied project

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- an art and digital technology resume
- current resume or curriculum vitae
- portfolio
- statement of intent
- statement and evidence of work demonstrating digital technology skills beyond end user applications
- three letters of recommendation
- proof of English proficiency

### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Admission is a two-step process. Although applicants fill out one application through the online graduate application process, they must be admitted into the Master of Fine Arts program and to the Graduate College.

The portfolio must be of 20 images sized with maximum dimension of 1024 pixels; video files of less than 60 MB each; and an image list that accompanies the portfolio. The method for submission for the portfolio is online via SLIDEROOM: <https://asuherberger.slideroom.com> (<https://asuherberger.slideroom.com>). Applicants may upload images (.jpg), video (.mov, .wmv, .fly), music (.mp3) or PDF documents.

The statement of intent should not exceed 1,000 words and should address the applicant's artistic interests, reasons for applying to graduate school in general and the ASU School of Art in particular, and the applicant's professional goals.

The letters of recommendation should be from faculty members with whom the applicant has studied or from recognized professionals in the field. All instructions for the letters of recommendation must be followed when submitting the application to the Graduate College.

Applicants should see the program website for application deadlines.

## Built Environment (Energy Performance and Climate Responsive Architecture), MS (ARENERGYMS)

**Online Degree Search Title:** Architecture (Energy Perf/Climate Responsive Arch), MS

**Campus:** Tempe

This program's name has changed effective Fall 2019. The previous name was Built Environment (Energy Performance and Climate Responsive Architecture).

**Program Description:**

The MS in architecture with a concentration in energy performance and climate-responsive architecture educates students to become experts in energy-efficient building design and energy technology. Courses in this concentration establish a basic core of knowledge of the principles of the natural energies available at the building boundary due to climate and site; thermal and optic behavior of building materials and components; passive and low-energy architectural systems for heating, cooling and lighting; and appropriate integration with mechanical systems. Additional courses are available to support advanced study and research in a variety of related specialties.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours including the required applied project course (ATE 593).

Required Core (21 credit hours)

Electives (3-6 credit hours)

Culminating Experience (3-6 credit hours)

ATE 593 Applied Project (3)

ATE 599 Thesis (6)

**Additional Curriculum Information**

The applied project option consists of six credit hours of electives and three credit hours of ATE 593. The thesis option consists of three credit hours of electives and six credit hours of ATE 599.

Students should see the academic unit for an approved course list.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in one of the professions or fields of study outlined below:

- a five- or six-year National Architectural Accrediting Board-accredited professional degree in architecture (BArch or MArch)\*
- a four-year Bachelor of Science in landscape architecture or a master's degree in landscape architecture which must be granted by an institution that offers the Landscape Architectural Accreditation Board-accredited degree program in landscape architecture
- an engineering degree (BS or MS) with a background in building sustainability issues\*\*
- a science degree (BS or MS) with a background in building sustainability issues

\*Applicants should refer to the NAAB website for more information about the BArch or MArch.

\*\*Mechanical and civil engineering and construction majors are particularly suited for application to the BS or MS program in engineering.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official copy of GRE scores
- portfolio; or, a writing sample from applicants who have a science background
- statement of intent
- contact information for three references
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Unofficial copies of GRE scores will not be accepted. More information is available at the GRE website or at <https://uoeee.asu.edu/testing> (<https://uoeee.asu.edu/testing>).

The portfolio or writing sample, statement of intent, and contact information for three references must be submitted via Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com>)).

Admission to the program is selective. Admission to the program cannot be deferred. Students must enroll in the semester for which they are admitted; otherwise, they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting The Design School.

Applicants should see the program website for application deadlines and admission terms.

## Composition, MM (FAMCOMPMM)

**Online Degree Search Title:** Music Composition, MM

**Campus:** Tempe

**Program Description:**

The MM program in composition focuses on the development of skills necessary to pursue a career in music composition. Student composers learn through experiential opportunities, including composing for instrumental and vocal colleagues in a variety of genres, leading to performances of their works in venues on campus and off. Project-based experiences including working with the Visiting Quartet Residency program, creating new works for student string quartets while coaching this repertoire with guest artists. Collaboration with music scholars, theorists, performers, educators and other composers under the guidance of renowned composition faculty provide students with a broad and well-rounded foundation for advanced careers in music.

**Degree Requirements:**

32 credit hours, a thesis and a written comprehensive exam.

The credit hour requirements for the degree are distributed as follows:

composition (9 credit hours)  
electives (8 credit hours)

music theory and music history (9 credit hours)  
thesis (6 credit hours)

The thesis is an original composition that demonstrates mastery of composing for the selected performance medium and the coherent organization of musical material.

#### Additional Curriculum Requirements

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.  
<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- School of Music application (including a resume and personal statement): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- prescreening portfolio
- three letters of recommendation
- proof of English proficiency: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students must have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses (or the equivalents) may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to commencement of graduate-level course requirements in music history and music theory.

MHL 140 Music as Culture  
MHL 341 Music History I  
MHL 342 Music History II  
MTC 125 Basic Music Theory  
MTC 221 Music Theory: 18th Century  
MTC 222 Music Theory: 19th Century  
MTC 223 Music Theory: 20th Century

Applicants should see the program website for application deadlines. After receipt of complete application materials (including recommendation letters, transcripts and English proficiency) and review of prescreening materials, an applicant may be invited for an interview. Information on the interview may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

## Composition (Interdisciplinary Digital Media and Performance), MM (FADIGITMM)

**Online Degree Search Title:** Music (Interdisciplinary Digital Media), MM

**Campus:** Tempe

This program's name has changed effective Fall 2019. the previous name was Composition (Interdisciplinary Digital Media and Performance).

**Program Description:**

The MM program in composition with a concentration in interdisciplinary digital media is designed for students who have interests and skills in unique cross sections of the arts and sciences.

The degree program expands the School of Music offerings to include areas beyond typical music coursework, allowing for expanded opportunities for personal growth. It also allows the School of Music and its students to be actively involved in current developments in the ever-changing field of media.

The state-of-the-art media facilities of the School of Arts, Media and Engineering and its hybrid arts-engineering faculty and courses are invaluable assets to music students, with resources that complement existing and future courses in electronic music.

**Degree Requirements:**

32 credit hours, a thesis and a written comprehensive exam, or 32 credit hours, a thesis, a written comprehensive exam and an oral comprehensive exam.

Required Core (6 credit hours)

MTC 523 Advanced Composition (6)

Concentration (18 credit hours)

Arts, Media and Engineering coursework (9)

Music Theory and Music History (9)

Electives (2 credit hours)

Culminating Experience (6 credit hours)

AME or MTC 599 Thesis (6)

Additional Curriculum Requirements

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Additional information on degree requirements for all graduate music programs may be found on the check sheets. <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply if they have earned a U.S. bachelor's or master's degree from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country and officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume and personal statement): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts

## Creative Enterprise and Cultural Leadership, MA (HICECLMA)

**Online Degree Search Title:** Creative Enterprise and Cultural Leadership, MA

**Campus:** Downtown Phoenix, Tempe

**Program Description:**

The MA program in creative enterprise and cultural leadership empowers students to advance innovation in the cultural sector, support creative work and careers, and design public and private enterprises that will strengthen arts and design in the future. The program prepares graduates to understand the complex economic, legal, political and social context that surrounds any innovation or enterprise. Students are exposed to design thinking pedagogy as they increase their capacity for interpersonal communication, public communication, opportunity recognition, network and systems thinking, problem recognition and creativity. Students also demonstrate ability in cultural leadership and knowledge of the creative industries, distribution of creative products, the creative process and management of innovation in the creative industries.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Art (Art History), BA

Art (Museum Studies), BA

Arts (BA in the Arts), BA

Digital Culture, BA

Environmental Design, BS

Film (Film and Media Production), BA

Film (Filmmaking Practices), BA

Music, BA

Theatre, BA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

31 credit hours including a written comprehensive exam, oral comprehensive exam, and the applied project course (HDA 593).

Required Core (15 credit hours)

GRA 501 Creative Environment and Collaborative Leadership (3)

HDA 511 Leadership in the Creative Industries (1)

HDA 512 Strategy: Problem Identification and Opportunity Recognition in the Creative Industries (2)

HDA 513 Creativity and Design Thinking (3)

HDA 521 Arts, Culture and the Economy (3)

HDA 522 Media Literacy and Distribution (3)

Electives or Research (9 credit hours)

creative enterprise development elective (3)

leadership elective (3)

other approved elective (3)

Other Requirements (1 credit hour)

HDA 583 Fieldwork (1)

Culminating Experience (6 credit hours)

HDA 593 Applied Project (6)

Additional Curricular Information

Note that electives are approved in consultation with either the student's committee or the program director.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's degree in an arts, design, business, public policy or related discipline from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letters of recommendation
- letter of intent
- professional resume
- example of academic or professional work
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letter of intent must outline the applicant's reasons for choosing to pursue a Master of Arts in creative enterprise and cultural leadership and outline how their unique background and abilities make them a suitable candidate.

Applicants are required to submit an example of academic or professional work that demonstrates ability and potential to be successful in the program within a maximum of 30 pages. Following are examples of appropriate submissions:

- critical essay from previous academic work
- critical essay for professional audiences
- business plan for a new or existing enterprise
- material produced for professional creative practice
- curatorial materials
- marketing materials designed or written by applicant
- other professional or technical writing relevant to the creative industries

An online interview is required for applicants who reach the finalist stage of consideration for admission. The interview will be conducted via Skype within three weeks of submitting an application.

## Dance, MFA (FADANCEMFA)

**Online Degree Search Title:** Dance, MFA

**Campus:** Tempe

### **Program Description:**

The MFA in dance enriches students' creative and embodied practices through an integrated curriculum, connecting intuitive, kinesthetic and intellectual experiences.

The School of Film, Dance and Theatre seeks individuals who are self-motivated, have clear and demonstrated objectives, and are willing to explore new possibilities in the field of dance. This program also recognizes and encourages individual strengths and professional experience. The School of Film, Dance and Theatre welcomes a diversity of applicants with interest in:

#### Creating:

- dance and art making
- dance technologies
- improvisation and real-time composing
- performance
- socially-engaged and community arts practices
- sound design
- transdisciplinarity and hybridity

#### Framing and Contextualizing:

- dance and related histories
- dance anthropology and ethnography
- dance pedagogy
- educational and professional partnerships
- movement analysis and critical inquiry
- musical methods
- performance and cultural studies
- philosophy of dance

#### Moving:

- contemporary ballet
- postmodern contemporary dance
- somatic practices
- urban arts practices

**Degree Requirements:**

60 credit hours and a bound document.

Incoming students take coursework in dance and related fields that have been designed to provide a broad and fundamental preparation for future careers in:

- arts administration
- arts presenting
- community partnerships
- cross-cultural and ethnographic research
- independent creative practices
- multimedia and technology
- preK-20 private and public sector education
- professional performance companies
- social work and public programs
- wellness and health care

The Master of Fine Arts applied project in dance serves as the culminating experience in the graduate dance curriculum. Students have the opportunity to select the format and structure of their project in conjunction with their Master of Fine Arts committee. The applied project takes into consideration the future goals of the student and serves as a bridge to careers beyond graduate school.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume
- web-based documentation of recent work, including one solo piece and one group piece, or other forms and types of creative research
- three letters of recommendation from professionals in the field
- a personal artistic statement
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Dance (Interdisciplinary Digital Media and Performance), MFA (FADANDIMFA)

**Online Degree Search Title:** Dance (Interdisciplinary Digital Media and Perform.), MFA

**Campus:** Tempe

**Program Description:**

The MFA in dance with a concentration in interdisciplinary digital media and performance builds on the strength of the School of Film, Dance and Theatre and expands into the specific area of new media practices. The concentration provides a select group of graduate students with a rigorous, in-depth opportunity to specialize in dance as well as transdisciplinary digital arts.

The interdisciplinary classes and research activities of the transdisciplinary School of Arts, Media and Engineering that are part of this concentration give students access to advanced media equipment, studios, project funding and interdisciplinary collaborators.

**Degree Requirements:**

60 credit hours and a bound document.

The degree program involves three years of residency:

- a final MFA applied project (8 credit hours)
- a written document
- an oral defense
- required coursework in the concentration taught by AME (18 credit hours)
- electives (15 credit hours)
- required courses in the School of Dance (19 credit hours)
- ongoing showings of work

The current MFA is normally accomplished during three years of residency in the School of Film, Dance and Theatre. Ongoing showings of creative work are required. Foundational coursework is offered in areas of creative practice, movement practices, pedagogy, professional development, technology and theory.

Students enrolled in the program specialize in areas related to independent research. The Master of Fine Arts applied project, which may involve producing original choreography, presenting a lecture demonstration on a body of research or another form of original work, acts as the culminating experience of the program. Completing the process are a presentation, a final written document, reflective in nature, as well as an oral defense.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume
- DVD of recent work, including one solo piece and one group piece
- three letters of recommendation from professionals in the field
- personal artistic statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The personal artistic statement should relate to School of Dance core values as described by the Learning Lens, and include a description of the applicant's interest in and previous experience with interdisciplinary dance and digital media art-making.

## Dance Teaching Artist Praxis (Certificate), Certificate (HIDTAPGRCT)

**Online Degree Search Title:** Dance Teaching Artist Praxis (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate in dance teaching artist praxis prepares students to enter the dance field as professional teaching artists and educators. The program equips students with the knowledge, skills and credentials to work as dance teaching artists, pedagogical theorists and researchers, higher-education dance professors and teacher preparation experts, preK-12 dance educators and community dance teachers. Students completing the dance teaching artist praxis certificate will fulfill central coursework requirements necessary to obtain a Provisional Arts Education, preK-12 certificate in dance from the Arizona Department of Education. They also will gain the qualifications and credentials required to develop and teach university teacher preparation courses and training programs and develop the skills and perspectives necessary to effectively work as a teaching artist in diverse sociocultural and learning contexts.

**Degree Requirements:**

28 credit hours including a written portfolio.

Required Core (28 credit hours)

DCE 530 Graduate Movement Practices I (2)

DCE 531 Graduate Movement Practices 2 (2)

DCE 554 Teaching Praxis I: Postsecondary Teaching Philosophies, Foundations and Practices (3)

DCE 654 Teaching Praxis II: Theories, Contexts, Populations, Psychomotor Development and Curriculum Design (3)

DCE 656 Teaching Praxis III: Secondary Practices and Teacher Preparation Course Development/Implementation (4)

DCE 657 Pedagogical Research and Fieldwork (2)

SED 578 Student Teaching: Secondary Education (12)

Additional Curriculum Information

Students must submit the written portfolio culminating experience in the last semester of enrollment in the certificate program.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a minimum of a master's degree in dance or a related field from a regionally accredited college or university, or have successfully completed their first semester of the Arizona State University MFA degree program in dance.

Applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in the applicable master's degree program or in the ASU Master of Fine Arts program in dance at the time of their application submission.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Design (Design of Healthcare and Healing Environments), MSD (ARHHEMSD)

**Online Degree Search Title:** Healthcare and Healing Environments, MSD

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

The MSD with a concentration in design of health care and healing environments is focused on the science and experiences behind the built environment's real and perceived impacts on health and wellness. To this end, the concentration in design of health care and healing environments emphasizes the intersection and integration of evidence-based research and practice, transdisciplinary studies, best practices, and innovation in supporting and advancing the design of healthy environments, products and processes. This concentration enables students to explore and synthesize principles from a variety of disciplines that include innovation, architecture, design, communication, human behavior, policy, quality and performance improvement, among others, to arrive at a thorough understanding of the critical issues facing the health care industry.

Students in this concentration will have opportunities to:

- be mentored by local health care design consultants
- communicate with forward-thinking health care research centers
- engage directly with real clients
- interact with prominent health care organizations
- participate in industry conferences
- team with nursing and health innovation faculty and students

#### Degree Requirements:

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete the graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- portfolio
- letter of intent
- contact information for three references
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based). Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

When applying for admission, applicants must declare one of seven concentrations:

- arts, media and engineering
- design of health care and healing environments
- industrial design
- interaction design
- interior design
- new product innovation
- visual communication design

The portfolio, letter of intent and contact information for three references need be submitted to SlideRoom (<https://asuherberger.slideroom.com> (<https://asuherberger.slideroom.com>)). The Design School requires that these be submitted in addition to Graduate Admission Services application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

#### Teaching or Research Assistantships

Applicants wishing to be considered for teaching or research assistantships should submit an additional statement outlining areas in which they feel competent to serve as a teaching or research assistant. All interested applicants can apply for a teaching assistantship position online. The link to the application will be provided on the MSD website.

All international teaching or graduate assistants whose primary language is not English are required to be certified in their English language abilities. Those individuals whose native language is not English will be required to submit a Speaking Proficiency English Assessment Kit score, which is administered at ASU. Students also have the option of completing the Test of Spoken English, administered directly by the Educational Testing Service. For this group, no personnel action form will be signed until this examination has been successfully completed.

## Design (Industrial Design), MSD (ARINDDMSD)

**Online Degree Search Title:** Industrial Design, MSD

**Campus:** Tempe

#### Program Description:

The MSD in industrial design is meant for individuals interested in advanced studies in:

- criticism and methodology
- design processes
- history
- human factors
- technology
- theory

This program helps students develop an understanding of contemporary industrial design issues through specialized research and design skills. It

also prepares the graduate student for a career in industrial design education.

**Degree Requirements:**

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete their graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- resume
- contact information of three references
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency through either the TOEFL or the IELTS. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

When applying for admission, applicants must declare one of the concentrations.

The portfolio, letter of intent, resume and contact information of three references must be submitted via Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com/>)). The Design School requires that these be submitted in addition to the graduate application requirements.

GRE scores are not required.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

## **Design (Interior Design), MSD (ARINTDEMSD)**

**Online Degree Search Title:** Interior Design, MSD

**Campus:** Tempe

**Program Description:**

The MSD in interior design is a research program that addresses the discovery and inquiry of how people relate to space. The program encourages

the investigation of creativity, innovation and critical thinking while acknowledging the importance of cultural and historical precedent. This program helps students develop an understanding of contemporary interior design issues through specialized research and design skills. This concentration prepares students with prior interior design training for more specialized career fields and for a career in academia.

**Degree Requirements:**

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete their graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to creatively apply research to a design situation.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- resume
- contact information of three references
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency through either the TOEFL or the IELTS. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. **Campus:** Tempe

**Program Description:**

The MSD with a concentration in visual communication design is a degree program meant for individuals interested in advanced studies in visual language, history, theory, criticism and methodology, design processes and technology. The student develops an understanding of contemporary graphic design issues through specialized research and design skills curriculum. It also prepares the graduate student for a career in graphic design education.

**Degree Requirements:**

36 credit hours and a thesis, or 36 credit hours including the required applied project course (DSC 593).

Students may choose to complete their graduate work by way of a thesis or an applied project. A master's degree thesis is a scholarly endeavor that demonstrates the ability of the author to do supervised research and intellectual writing. The applied project is somewhat different. It includes a project and a written document and is a scholarly endeavor that demonstrates the ability of the designer to do supervised research and present substantial evidence of the ability to apply research creatively to a design situation.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in graphic design, industrial design, interior design or a related design discipline from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- resume
- contact information for three references
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. International students are required to submit proof of English Proficiency through either the TOEFL or the IELTS if their native language is not English. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

When applying for admission, applicants must declare a concentration. Students should see the department website for an approved list of graduate programs.

The portfolio, letter of intent, resume and contact information of three references must be submitted via Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com>)). The Design School requires that these be submitted in addition to the graduate application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

GRE scores are not required.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

## Design, Environment and the Arts, PHD (HIDEAPHD)

**Online Degree Search Title:** Design, Environment and the Arts, PhD

**Campus:** Tempe

ASU is not currently accepting applications for this program.

### **Program Description:**

The PhD in design, environment and the arts is an individualized, institute-wide, transdisciplinary degree that integrates graduate courses and faculty research with expertise in design; health care and healing environments; history, theory and criticism; and digital culture in design.

Broad in scope, the program is at the cutting edge of creating new knowledge in architecture, design and the arts. It complements transdisciplinary research in other disciplines within the university. The program provides research experience for students wishing to pursue careers in industry as members of interdisciplinary design teams on environmental and energy issues as well as for those wishing to teach in the architecture, design or the arts fields.

Applicants should apply to the concentration appropriate to their area of research interest as applications to the stand-alone degree program are not being accepted at this time.

### **Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program. Up to 30 credit hours from a previously awarded master's degree can count toward the requirements of the doctoral program.

Of the 54 credit hours remaining after the master's degree, 12 must be dissertation credit and 12 may be research. These 24 credit hours plus the remaining 30 credit hours must be completed after admission to the program. No transfer credits are allowed to fulfill the 54 credit hour minimum requirement completed after admission to the program.

The student is required to take 15 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the area of focus; a minimum of six credit hours in current research and research methods is required.

Each student entering the program is required to submit a plan of study during the first year.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in the field of architecture, graphic design, industrial design, interior design, landscape architecture, or fine arts from a regionally accredited institution. Students must be familiar with design and the arts and will be expected to demonstrate a high level of academic maturity before being admitted to the program.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design; history, theory and criticism; digital culture in design; or health care and healing environments)
- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL score of at least 100 iBT or 600 PBT or an overall International IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English: <https://admission.asu.edu/international/graduate/english-proficiency>

(<https://admission.asu.edu/international/graduate/english-proficiency>).

International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, administered at ASU, and become certified. Additional information is available on the department website.

Students are admitted to the program only upon completion of a degree in architecture, graphic design, industrial design, interior design, landscape architecture or fine arts, or upon the demonstration of equivalent standing. Applicants must be familiar with design and the arts and will be expected to demonstrate a high level of academic maturity before being admitted to the program.

Applicants must have identified a doctoral program faculty member who has agreed to serve as a mentor. The faculty mentor should be from the Herberger Institute for Design and the Arts. Students are recommended to introduce themselves by email to the faculty members who they feel have related research interests and to inquire about their availability to be mentors.

The letters of recommendation preferably would be academic, although they could be professional. Applicants will provide the names and contact information of three recommenders at the time of their online application. Recommenders will receive an email with a link to the online letter of recommendation to complete. Candidates are able to see which recommenders have already completed their recommendation by logging into the My ASU system and viewing their "To Do" list. Once a recommender has submitted the letter of recommendation, the recommender's name will be removed from the "To Do" list. All letters must be in English.

Applicants should identify a proposed research topic, or list of possible topics, that aligns with the research mission of the program and the research interests of faculty.

The application will be considered incomplete if any of the items is missing.

The doctoral executive committee evaluates the applications and supporting materials. Admission decisions are based on the ability of the potential mentor to devote time to the student; the compatibility of the applicant's career goals with the purpose of the degree program; GRE scores; previous academic training and performance; recommendation letters; and the research mission of the institute and the research interests of faculty. The recommendations of the committee are forwarded to the program director for approval. Upon the written recommendation from the program director, the dean of the Graduate College will notify all applicants in writing of the admission decision.

Applicants should see the program website for application deadlines.

## Design, Environment and the Arts (Design), PHD (HIDEADSPHD)

**Online Degree Search Title:** Design, Environment and the Arts (Design), PhD

**Campus:** Tempe

**Program Description:**

The design concentration within the PhD in design, environment and the arts is an individualized institute-wide interdisciplinary program that integrates graduate courses and faculty research with expertise in design. Broad in scope, the program is at the cutting edge of creating new knowledge in architecture, design and the arts. The program provides research experience for students wishing to pursue careers in industry as members of transdisciplinary design teams on environmental and energy issues as well as for those wishing to teach in the architecture, design or the art fields.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Concentration (15 credit hours)

DSC 558 Daylighting (3)

DSC 594 Conference and Workshop (3)

EPD 791 Seminar (3)

GRA 501 Creative Environment and Collaborative leadership (3)  
GRA 561 Methods in Visual Communication I (3)  
GRA 562 Methods in Visual Communication II (3)  
GRA 581 Internship in Teaching Design (3)  
GRA 590 Reading and Conference (3)  
INT 515 Decorative Arts in Historic Interiors: A Thematic Overview (3)  
INT 516 Textiles in Historic Interiors: Appearance, Function, Symbolism (3)

Electives or Research (21 credit hours)  
EPD 790 Reading and Conference (9)  
EPD 792 Research (12)

Culminating Experience (12 credit hours)  
EPD 799 Dissertation (12)

#### Additional Curriculum Information

Students choose five courses from the list of concentration courses above. Other equivalent courses may be used as concentration coursework with approval of the supervisory committee.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree, in a closely related field, from a regionally accredited institution. Examples of appropriate fields include art history, architectural history, design history or fields in the humanities, such as history or literature; or archaeology and anthropology also may be considered. Students without graduate experience in the history of art, history of architecture and history of design may be asked to fulfill deficiencies.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in the applicable master's degree.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letters of recommendation
- personal statement
- abstract of proposed research
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must submit a personal statement, abstract of proposed research, and contact information for three references to Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com>)). It is required that these be submitted in addition to the Graduate College application requirements.

## Design, Environment and the Arts (Digital Culture in Design), PHD (HIENVDGPHD)

**Online Degree Search Title:** Design, Environment and the Arts (Digital Culture in Design), PhD

**Campus:**

ASU is not currently accepting applications to this program.

**Program Description:**

The PhD in design, environment and the arts with a concentration in digital culture in design focuses on the role of computational systems in enhancing creativity and the quality of human design. Graduates of the program should be thinkers as well as doers; they should learn to question the existing paradigms that govern the digital world as they impact design and the arts; they should be able to analyze systematically how digital tools affect the way designers and artists think, conceptualize, create and evaluate their designs and artwork; and, as a result, they should be able to come to a unique synthesis, leading the way in these fields.

This concentration program primarily will explore the impact of digital culture on how built environments, products and visual communications are designed and analyzed by design professionals and are utilized by their intended audience. Students should be able to systematically question existing paradigms and ontologies of digital tools, evaluate the new paradigms that emerge as a result of digital culture, and propose new frameworks for design disciplines. Issues such as user interface design for new products, computer simulation of performance of buildings and products, effects of digital tools on architectural form giving, digital design processes, better incorporation of human factors into design tools, usability and interaction design are some examples of faculty expertise and areas of focus.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Required Concentration (12 credit hours)

Research and Approved Electives (24 credit hours)

Culminating Experience (12 credit hours)

EPD 799 Dissertation (12)

Other Requirements (30 credit hours)

a previously awarded master's degree or approved relevant coursework (30)

Additional Curricular Information

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program. Up to 30 credit hours from a previously awarded master's degree can count toward the requirements of the doctoral program.

Of the 54 credit hours remaining after the master's degree, 12 must be dissertation credit and 12 may be research. These 24 credit hours plus the remaining 30 credit hours must be completed after admission to the program. No transfer credits are allowed to fulfill the 54 credit hour minimum requirement completed after admission to the program.

The student is required to take 12 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the concentration; a minimum of six credit hours in current research and research methods is required.

Each student entering the program is required to submit a plan of study during the first year.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the field of architecture, graphic design, industrial design, interior design, landscape architecture, arts media or engineering, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design, history, theory and criticism, digital culture in design, or health care and healing)

environments)

- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL score of at least 100 iBT or 600 PBT or an overall IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English:<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, administered at ASU, and become certified. ## Design, Environment and the Arts (Healthcare and Healing Environments), PHD (ARENHHEPHD)

**Online Degree Search Title:** Design, Environment and the Arts (Healthcare and Healing Environments), PhD

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

The health care and healing environments concentration under the PhD program in design, environment and the arts focuses on the integration of evidence-based design, sustainable science and best practices benchmarks when planning health care facilities. Facility-related responsibilities supported by this area cluster into seven functional work units:

- facilities analysis (physical and environmental)
- human factors and user needs
- interior planning and design

- programming (long-range planning)
- research methodologies
- space management and planning
- strategic planning

This multidisciplinary program integrates the principles of medical and clinical innovations, interior architecture, human health services, communication studies, architecture, and behavioral and engineering sciences. Students in this program will be mentored by local health care design consultants, teaming with nursing students and working directly with real clients and corresponding with forward-thinking health care research centers. Graduating students will be able to address contemporary issues facing the health care industry, address health care environments on multiple levels, apply evidence-based research techniques and effectively communicate with clinicians.

Upon graduation, students may pursue advanced positions in the following arenas:

- elite consulting firms as facility programmers
- large health care systems and corporations as strategic planners
- leading manufacturers and vendors as expert representatives
- planning divisions in architectural and planning firms as medical planners
- research centers as decision-makers

#### **Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Concentration (18 credit hours)

Electives or Research (18 credit hours)

EPD 792 Research (12)

Other electives or research (6)

Culminating Experience (12 credit hours)

EPD 799 Dissertation (12)

Additional Curriculum Information

Students must be thoroughly familiar with design and the arts and are expected to demonstrate a high level of academic maturity before being admitted to the program. Up to 30 credit hours from a previously awarded master's can count toward the requirements of the doctoral program. If the student has not completed a master's degree, elective courses approved by the supervisory committee may substitute.

The student is required to take 18 credit hours in the concentration and a minimum of nine credit hours of specialized coursework outside the area of concentration.

No transfer credits are allowed to fulfill the 54 credit hour minimum requirement completed after admission to the program. Each student entering the program is required to submit a plan of study during the first year.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in the field of design, interior design, architecture, nursing or other related fields from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of a student's first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a statement of purpose summarizing career objectives and the reasons for pursuing doctoral education
- an indication of proposed area of concentration (design, history, theory and criticism, digital culture in design, or health care and healing)

environments)

- an indication of a potential mentor
- a sample of sole-authored written work in English or any other evidence relevant to admission to the program (i.e., master's degree thesis, research paper or published articles)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL score of at least 100 iBT or 600 PBT or an overall International IELTS band score of 7.50, with no individual band below 7.00, is required of all applicants whose native language is not English (<https://admission.asu.edu/international/graduate/english-proficiency>) (<https://admission.asu.edu/international/graduate/english-proficiency>). International applicants who are interested in receiving funding as teaching assistants must take the Speaking Proficiency English Assessment Kit, administered at ASU, and become certified. Additional information is available on the department website.

Ideal candidates must already hold a master's degree in design, interior design, architecture, nursing or other related fields. A statement of intent will express interest in the health care research/design concentration. If students enter the program with no design or health care background, they must take certain deficiency courses.

The letters of recommendation preferably would be academic, although they could be professional. Applicants will provide the names and contact information of three recommenders at the time of their online application. Recommenders will receive an email with a link to the online letter of recommendation to complete. Applicants are able to see which recommenders have already completed their recommendation by logging into the My ASU system and viewing their "To Do" list. Once a recommender has submitted the letter of recommendation, the recommender's name will be removed from the "To Do" list. All letters must be in English.

Applicants should identify a proposed research topic, or list of possible topics, that aligns with the research mission of the program and the research interests of faculty.

Applicants must have identified a doctoral program faculty member who has agreed to serve as a mentor. The faculty mentor should be from the Herberger Institute for Design and the Arts. Applicants are recommended to introduce themselves by email to the faculty members who they feel have related research interests and to inquire about their availability to be mentors.

The application will be considered incomplete if any of the application items is missing.

The doctoral executive committee evaluates the applications and supporting materials. Admission decisions are based on the ability of the potential mentor to devote time to the student; the compatibility of the applicant's career goals with the purpose of the degree program; GRE scores; previous academic training and performance; recommendation letters; and the research mission of the institute and the research interests of faculty. The recommendations of the committee are forwarded to the program director for approval. Upon the written recommendation from the program director, the dean of the Graduate College will notify all applicants in writing of the admission decision.

## Design, Environment and the Arts (History, Theory, and Criticism), PHD (HIDEAHTPHD)

**Online Degree Search Title:** Design, Environment and the Arts (History, Theory, and Criticism), PhD

**Campus:** Tempe

#### Program Description:

The history, theory and criticism concentration within the PhD program in design, environment and the arts focuses on the theoretical dimensions in areas of architectural, design and art history including critical discourse in the design or art disciplines. The program offers classes and research across many cultures and time periods, geographies, and multiple approaches and methodologies within the art history program.

#### Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation, and two foreign language exams.

Required Core (6 credit hours)

EPD 700 Research Methods (3)

EPD 710 Current Research in Design (3)

Required Concentration (15 credit hours; choose five courses)

APH 515 Current Issues and Topics (3)  
APH 590 Reading and Conference (3)  
APH 598 Special Topics (3)  
ARS 501 Methodologies and Art History (3)  
ARS 506 Critical Studies in Roman Art (3)  
ARS 514 Monasteries, Madonnas and Manuscripts (3)  
ARS 533 The Pre-Raphaelites (3)  
ARS 574 Studies in Japanese Art (3)  
ARS 575 Approaches to Chinese Painting (3)  
ARS 584 Internship (3)  
ARS 585 Women in the Visual Arts (3)  
ARS 591 Seminar (3)  
ARS 598 Special Topics (3)  
ARS 790 Reading and Conference (3)  
EPD 790 Reading and Conference (3)

Electives or Research (21 credit hours)

EPD 792 or ARS 792 Research (12)  
three 3-credit-hour courses at the 500 to 700 level as agreed upon by faculty mentor

Culminating Experience (12 credit hours)

EPD 799 or ARS 799 Dissertation (12)

Additional Curricular Requirements

A foreign language exam is required in order to show reading knowledge of two foreign languages as demonstrated by the exam administered by the School of International Letters and Cultures (or equivalent) during the program or by a "B" or better (scale is 4.00 = "A") in a reading course such as a 400- or 500-level special topics course (example: ITA 494 or FRE 598 for reading knowledge). These credits do not count toward the degree total unless taken at the 500 level or above and approved by the faculty mentor as a concentration course.

When approved by the student's supervisory committee, this program allows 30 credit hours from a previously awarded master's degree to be used for this program.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree, in any field, from a regionally accredited institution. Examples of appropriate fields include art history, architectural history, design history or fields in the humanities, such as history or literature; archaeology and anthropology may also be considered. Students without graduate experience in the history of art, history of architecture and history of design may be asked to fulfill deficiencies.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- abstract of proposed research
- personal statement
- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must submit to Slideroom (<https://asudesign.slideroom.com> (<https://asudesign.slideroom.com/>)) a personal statement, abstract of proposed research, and contact information for three references. It is required that these be submitted in addition to the Graduate College application requirements.

## Digital Culture, MA (HIDGCMA)

**Online Degree Search Title:** Digital Culture, MA

**Campus:** Tempe

### Program Description:

The MA in digital culture is geared toward practitioners of design and the arts who have an interest in software and system development and seek to enhance their practice through expanded engagement with interactive and embodied media design in a transdisciplinary environment.

The degree program allows artists and designers to explore new avenues for real-time media creation that seek to go beyond current paradigms. Coursework also explores current practices in various contexts (performance environments, health and well-being, social media and communication) as well as engineering-based approaches to the development of experiential systems with social impact.

Digital culture alumni have received job opportunities in areas such as:

- audio and video
- engineering
- graphic design
- illustration
- interaction design
- iOS development
- journalism
- programming
- software engineering
- special effects
- 3D modeling and fabrication
- visual media

### Degree Requirements:

33 credit hours including the applied project course (AME 593).

Required Core (12 credit hours)

AME 520 Understanding Activity (3)

AME 530 Experiential Media Methodology and Theory I (3)

AME 531 Experiential Media Methodology and Theory II (3)

AME 532 Media Synthesis (3)

Electives or Research (18 credit hours)

Culminating Experience (3 credit hours)

AME 593 Applied Project (3)

Additional Curriculum Information

Students should check with the academic unit regarding appropriate electives coursework.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in one of the following areas from a regionally accredited institution: arts, humanities, design, media studies, computer science, engineering or a closely related field.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- letters of recommendation
- portfolio
- statement of purpose
- writing sample
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

A portfolio is required; however, submissions will vary depending on the background of each prospective student due to the transdisciplinary nature of the program. Applicants from a wide variety of disciplines are expected to be interested in the master's degree. Key works will be requested from applicants to illustrate the types of skills they wish to develop in the master's degree program. Examples include games they have designed and programmed, interactive installations and performances (submitted as video), websites they have created or programmed, music they have composed digitally, or films they have made.

The statement should explain, in a concise and persuasive manner, how the student's educational, professional and personal experiences inform their research and creative interests, and it should elaborate on any aspect of their background that supports candidacy to the School of Arts, Media and Engineering.

## Industrial Design, MID (HIINDMID)

**Online Degree Search Title:** Industrial Design, MID

**Campus:** Tempe

#### Program Description:

The MID in industrial design is a studio-based program in which students learn to design new products and service systems that solve critical global problems. Students engage in research, brainstorming, idea visualization, prototyping and testing of creative solutions that address critical problems faced in the world today.

Graduates of this program will be adept in using principles of design innovation, sustainability and systems thinking in problem-solving and after graduation often find positions in industry and academia.

#### Degree Requirements:

60 credit hours including the required capstone course (IND 622).

Required Core (40 credit hours)

Electives (12 credit hours)

Other Requirement (3 credit hours)

IND 584 Internship (3)

Culminating Experience (5 credit hours)

IND 622 Advanced Industrial Design Studio IV (5)

#### Additional Curriculum Information

Students should see the academic unit for an approved course list.

The MID program includes sequential studio courses. Requirements involve an average of 14 credit hours per semester. An internship is required during the summer prior to the final year.

Additional deficiency coursework is required for students who are in the three-year plus program; students should see the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of three references submitted via SlideRoom (<https://asudesign.slideroom.com/#/Login>)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency through either the TOEFL or the IELTS. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The Design School requires that the portfolio, letter of intent and references be submitted via SlideRoom in addition to the Graduate College application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

The GRE is not required.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary; this may cause the student to take longer than two years to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

**Admission requirements for the two-year program**

Applicants must hold a minimum of a bachelor's degree or equivalent or a graduate degree from a regionally accredited college or university of recognized standing in a related field such as industrial design or product design.

**Admission requirements for the three-plus year program**

Applicants must hold a bachelor's degree or equivalent from a regionally accredited college or university of recognized standing in a field other than industrial design.

## Interior Architecture, MIA (HIAMIA)

**Online Degree Search Title:** Interior Architecture, MIA

**Campus:** Tempe

**Program Description:**

The MIA is a studio-based professional degree program that prepares graduates to fill leadership positions in interior architecture, design practice and education.

Focusing on the development of groundbreaking design solutions to contemporary and emergent societal issues, such as sustainability and health care, this program draws upon history, theory and criticism to inform a transdisciplinary, evidence-based approach. Studios will have close ties to the allied disciplines of architecture and landscape architecture, with faculty members from those programs actively involved in teaching studios

with an interior architecture concentration. This provides a foundation of transdisciplinary learning to assist in the understanding of integrated practice. This degree program aims to further a candidate's comprehension of design as a synergistic process of identifying, analyzing and creating useful, beautiful and stimulating interior environments that serve the needs of varied user populations.

**Degree Requirements:**

56 credit hours including the required capstone course (INT 622).

Students should see the academic unit for the course list. Additional coursework is required if the student needs to take deficiency courses.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a portfolio, letter of intent and contact information of three references submitted via SlideRoom (<https://asudesign.slideroom.com/#/Login>)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

No GRE test is required.

The Design School requires that the portfolio, letter of intent and reference information be submitted in addition to the Graduate College application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

Applicants may be admitted to the two-year program with deficiencies if their previous course work is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. Please keep in mind that this may cause the student to take longer than two years to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

**Admission Requirements for the Two-year Program:**

All applicants must have completed a minimum of a bachelor's degree (or equivalent) in interior design or interior architecture from a Council for Interior Design Accreditation-accredited program or a four-year degree in architecture from a National Architectural Accrediting Board-accredited program.

**Admission Requirements for the Three-plus-year Program:**

All applicants must have completed a minimum of a bachelor's degree (or equivalent) in a field other than in interior design, interior architecture or architecture.

## Landscape Architecture, MLA (ARLDEMLA)

**Online Degree Search Title:** Landscape Architecture, MLA

**Campus:** Tempe

**Program Description:** The MLA is designed to enable students to engage with the community in projects that focus on improving the ecological and social health of the urban environment, with emphasis on sustainable outdoor environments.

The projects in the graduate program in landscape architecture can include large-scale work encompassing urban design, landscape reclamation, open space preservation planning and ecological landscape design, and projects at the more intimate scale of a neighborhood park or residential backyard. Emerging areas of focus include biotechnical design, construction of greenways, green roofs, living walls, and urban agriculture, as well as the design of healing environments.

The Design School is committed to the merging of global and local contexts and concerns and, toward this end, graduate students in their final year go abroad for two weeks as part of their studio course. To date, students have traveled to Argentina, England, Ethiopia, Germany, Japan, the Netherlands, Rwanda, Spain and Turkey. The school also offers a number of summer study abroad programs in an effort to extend the student opportunities for global engagement.

The curriculum in this accredited Master of Landscape Architecture degree program is designed to prepare students for the professional practice of landscape architecture and for advanced study at the doctoral level. In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure.

Since 2011, when the first class of students graduated with master's degrees in landscape architecture, ASU alumni have found employment with nationally recognized landscape architects in multinational firms and within public municipalities and agencies.

### **Degree Requirements:**

56 credit hours and a thesis, or 56 credit hours including the required applied project course (LDE 593), or 56 credit hours including the required capstone course (LDE 622).

Required Core (15 credit hours)

LDE 521 Advanced Landscape Architectural Studio I (5)

LDE 522 Advanced Landscape Architectural Studio II (5)

LDE 621 Advanced Landscape Architectural Studio III (5)

Research (9 credit hours)

DSC 598 Topic: Principles of Collaboration in Design (3)

LPH 513 Research in LA Seminar (3)

LPH 598 Topic: Landscape Architecture Research (3)

Electives (8 to 9 credit hours)

Other Requirements (18 credit hours)

LAP 584 Internship (1)

LAP 584 Internship (2)

LTC 598 Topic: Planting Design (3)

LTC 598 Topic: Landscape Construction III (3)

LPH 598 Topic: Current Issues and Topics in Landscape Architecture (3)

LPH 598 Topic: Urban Landscape Water Systems and Management (3)

LPH 691 Topic: Landscape Architecture Seminar (3)

Culminating Experience (5 or 6 credit hours)

LDE 593 Applied Project (5) or

LDE 599 Thesis (6) or

LDE 622 Advanced Landscape Architectural Studio IV (5)

Additional Curriculum Information

Students take eight to nine credit hours of design professional electives depending on the culminating experience. Students should see the academic unit for an approved elective list. For the research and other requirements sections, other courses may be used with approval of the academic unit.

**Admission Requirements:** Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- online graduate admission application and application fee

- official transcripts
- a portfolio, letter of intent and contact information of three references submitted via SlideRoom (<https://asudesign.slideroom.com/#/Login>)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The Design School requires that the portfolio, letter of intent and reference information be submitted in addition to the Graduate College application requirements.

Applicants are encouraged to report GRE scores, especially if the applicant's background is broad or other than a traditional design major, but it is not required.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted; otherwise, they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the department.

#### Additional Admission Information

##### Admission Requirements to the 2-Year Pathway

An applicant must have completed a four-year bachelor's degree with a major in landscape architectural studies or be a licensed landscape architect. The undergraduate degree must be granted by an institution that offers the Landscape Architectural Accreditation Board (LAAB) accredited degree program in landscape architecture.

##### Admission Requirements to the 2-Year Plus Pathway

Applicants must have earned an undergraduate or graduate degree in architecture, urban design, landscape design, planning, urban design, or a related design field or applicants with a baccalaureate degree with a major or minor in landscape design.

##### Admission Requirements to the 3-Year Plus Pathway

Applicants must have earned a baccalaureate or graduate degree in any field other than landscape architecture.

#### Deficiency Coursework

If a student is assigned any deficiency coursework by the academic unit upon admission depending on the undergraduate background, those courses must be completed with a grade of "B" (3.00) or higher before completing the master's program required coursework. As an MLA student assigned deficiencies, there are two pathways. One is MLA 3+ with up to 42 credits hours beginning in the summer and the other is MLA 2+ with up to 15 credit hours beginning in the spring. Deficiency courses may include:

- ALA 235 Introduction to Computer Modeling (3)
- APH 509 Foundation Seminar (3)
- LAP 352 Ecosystems and Sustainable Design (3)
- LAP 254 Plant Materials (3)
- LDE 590 Topic: Core Landscape Architectural Studio I (6)
- LDE 590 Topic: Core Landscape Architectural Studio II (6)
- LDE 590 Topic: Foundation Landscape Architecture Studio (6)
- LPH 310 History of Landscape Architecture (3)
- LPH 311 20th Century Landscape Architecture (3)
- LTC 343 Landscape Construction I (3)
- LTC 344 Landscape Construction II (3)

## Media Arts and Sciences, PHD (FAMASPHD)

**Online Degree Search Title:** Media Arts and Sciences, PhD

**Campus:** Tempe

### Program Description:

Media, arts and sciences doctoral students train in translating, transporting and combining knowledge across disciplines for the development of innovative, experiential media systems and accompanying theoretical models. The PhD program structure includes transdisciplinary media courses through the School of Arts, Media and Engineering; elective-course credits relating to the student's research interests; and substantial research and dissertation hours devoted to collaborative research within the School of Arts, Media and Engineering network. Active participation in transdisciplinary research teams allows media, arts and sciences doctoral students to gain and contribute expertise in knowledge fusion for digital media.

Arts, media and engineering alumni have pursued job opportunities in:

- audio and video
- education
- graphic design
- illustration
- interactive system development
- iOS development
- journalism
- programming
- software engineering
- special effects
- 3D modeling and fabrication
- visual media

### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

The requirements for this program are comprised of 39 course credit hours, which include 30 from the transdisciplinary media courses offered by the School of Arts, Media and Engineering; 33 research credit hours; and 12 dissertation credit hours. All students will be required to take a minimum of two courses under each of the five constituting areas of experiential media (30 credit hours).

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in arts, humanities, design, media studies, computer science, engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores
- curriculum vitae
- statement of purpose
- three letters of recommendation
- portfolio of supporting material
- writing sample
- proof of English proficiency

### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The statement of purpose should explain in a concise and persuasive manner how the student's educational, professional and personal experiences inform their research and creative interests, and the student should elaborate on any aspect of their background that supports candidacy to the School of Arts, Media and Engineering program.

Each applicant must demonstrate entry-level competencies. This can be demonstrated primarily through a portfolio. The portfolio may include previously developed media products, projects or publications demonstrating an understanding of and involvement with digital media and computation. Entry-level competency can also be partially demonstrated through coursework and may include such courses as:

- advanced computer programming
- computer graphics and animation
- computer music
- digital design
- film theory
- interactive technologies
- media authoring tools
- media theory
- multimedia systems
- signal processing

Students should see the program website for application deadlines and admission terms.

## Music (Conducting), DMA (FACONDDMA)

**Online Degree Search Title:** Conducting, DMA

**Campus:** Tempe

**Program Description:**

The DMA program in music with a concentration in conducting (emphasis areas: choral, orchestra and opera, wind band) offers emerging conductors the opportunity to improve their art, craft and scholarship while becoming well-versed in multiple areas of conducting. Those pursuing this degree take several common courses regardless of emphasis and become acquainted with the repertory and conducting issues for each medium. Coursework emphasizes a thorough knowledge of repertory, historical and analytical issues; an understanding of efficient, effective rehearsal technique; and clear, expressive conducting technique. Doctoral students of conducting receive considerable individual attention and have regular opportunities to rehearse and conduct a variety of ensembles.

There are three tracks in this degree program:

Conductors specializing in choral conducting expand their expertise in vocal technique and work to integrate this into their pedagogy and rehearsal process. Score study integrates musical and textual analysis to gain insights into the unique interpretive demands of each work. Through these studies and those described above, conductors enhance their musical and interpretive skills and develop a collaborative leadership style.

Conductors specializing in orchestra and opera conducting work closely with the director of orchestras and the artistic director of the music theatre and opera program and gain a breadth of experience in both orchestral and opera conducting. Time in front of an ensemble is essential, and therefore conductors have significant podium time as well as twice-weekly studio chamber orchestra classes. Study includes conducting technique, rehearsal technique, leadership, interpretation, score study, audience development and outreach, and career development.

Conductors specializing in wind band conducting meet in seminars to deepen and broaden their understandings of the psychology, score preparation methods, pedagogy and communication skills that underlie the art and craft of conducting in the wind band setting. Additionally, students' capacity for analytical thinking and dialogical skills will be challenged and, subsequently, enhanced.

**Degree Requirements:**

90 credit hours, a written comprehensive exam, an oral comprehensive exam and a research paper.

Conducting Core (18 credit hours)

Specialty Courses (9 credit hours)

Electives (9 credit hours)

Cognate (integrated conducting, instrumental performance or music education) (9 credit hours)

Music History and Music Theory (21 credit hours)

Recitals and Research (24 credit hours)

#### Other Requirement

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to course enrollment in the ASU School of Music.

#### Additional Curriculum Information

Thirty credit hours from a master's degree may be applied toward the 90 credit hour degree requirement. Once admitted to the program, a student is required to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. In general, the student should expect to spend at least the equivalent of three academic years beyond the bachelor's degree in the program. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted here: <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>).

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Students seeking admission typically hold a Master of Music degree. Applicants with other degrees are considered if they have received graduate training similar to that normally expected in an MM program.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://students.asu.edu/graduate/admissions> (<https://students.asu.edu/graduate/admissions>)

- official transcripts

- School of Music Application (including a resume and personal statement; also an uploaded writing sample from choral applicants):

<https://music.asu.edu/admissions/grad/> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)

- prescreening video
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency: TOEFL score of at least 550 (PBT) or 80 (iBT), IELTS overall band score of at least 6.5, or Pearson Test of English score of at least 60.

Students should see the program website for application deadlines. After receipt of complete application materials (including recommendation letters, transcripts and English proficiency requirements) and review of prescreening materials, an applicant may be invited for a live audition. Information on the audition may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

## Music (Ethnomusicology), MA (FAETHNMA)

**Online Degree Search Title:** Ethnomusicology, MA

**Campus:** Tempe

#### Program Description:

The MA program in music with a concentration in ethnomusicology helps students develop skills in scholarship and performance experiences. Students choose to focus on traditional or popular music of one or more of the world's musical cultures. Students have opportunities to explore

performance styles through participation in ethnomusicology ensembles such as Javanese gamelan, Latin marimba, mariachi, steel pan and African drumming.

### **Degree Requirements:**

30 credit hours, a thesis, a written comprehensive exam, an oral comprehensive exam and a foreign language exam.

Required Core (13 credit hours)

MHL 532 Music Bibliography (3)

MHL 668 Introduction to Ethnomusicology (3)

MUP 587 Ethnomusicology Ensemble (2)

music theory (5)

Electives (9 credit hours)

music electives (6-9)

open electives (0-3)

Research (2 credit hours)

MHL 592 Research (2)

Culminating Experience (6 credit hours)

MHL 599 Thesis (6)

Additional Curriculum Information

MHL 592 Research is taken concurrently with the second semester of MUP 587 Ethnomusicology Ensemble (1).

At least 20 credit hours for the program must be in the field of ethnomusicology or related fields approved by the student's advisor, complemented by courses in music theory, performance and cultural anthropology as listed above. Appropriate elective coursework will be reviewed and approved by the academic unit prior to inclusion on the student plan of study. No more than three credit hours of musicology may apply to the music electives requirement.

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in courses for these programs through the ASU School of Music list above. This is tracked internally within the academic unit.

A passing grade on the foreign language exam in French, German, Italian or Spanish is required for graduation.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted under each degree here: <https://music.asu.edu/degree-programs/graduate/>. (<https://music.asu.edu/degree-programs/graduate/>)

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution or from an international institution officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00="A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00="A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume, personal statement and writing sample): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- three letters of recommendation
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency (<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)).

The School of Music does not offer conditional admission under any circumstances. Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses or their equivalents may be taken at ASU, at another

accredited university or at a community college before or after admission to this program, but they must be completed prior to commencement of graduate-level course requirements in music history and music theory.

MTC 125 Basic Music Theory  
MTC 221 Music Theory: 18th Century  
MTC 222 Music Theory: 19th Century  
MTC 223 Music Theory: 20th Century  
MHL 140 Music as Culture  
MHL 341 Music History I  
MHL 342 Music History II

Students should see the program website for application deadlines.

## Music (Interdisciplinary Digital Media and Performance), DMA (FAINTDDMA)

**Online Degree Search Title:** Music (Interdisciplinary Digital Media), DMA

**Campus:** Tempe

This program's name has changed effective Fall 2019. The previous name was Music (Interdisciplinary Digital Media and Performance).

**Program Description:**

The DMA in music with a concentration in interdisciplinary digital media is designed for students who have interests and skills in unique cross sections of the arts and sciences.

The degree program expands the School of Music offerings to include areas beyond typical music coursework, allowing for more opportunities for digital sound and interactive projects. The program also allows the School of Music and its students to be actively involved in current developments in the ever-changing field of media and digital culture.

The state-of-the-art media facilities of the School of Arts, Media and Engineering and its hybrid arts-engineering faculty and courses are invaluable assets to music students, with resources that complement existing and future courses in electronic music.

**Degree Requirements:**

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (25-27 credit hours)

Music Theory Core Area (12-19)

Music History Core Area (6-15)

Concentration (33 credit hours)

MTC 523 Advanced Composition (6)

MTC 723 Advanced Composition (6)

Arts, Media and Engineering coursework (21)

Electives (9-11 credit hours)

Research (9 credit hours)

MTC 792 Research (9)

Culminating Experience (12 credit hours)

MTC 799 Dissertation (12)

Additional Curriculum Information

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Concentration coursework for the Arts, Media and Engineering area must be from the AME prefix.  
Academic Catalog Archive 2019-2020

This program accepts up to 30 credit hours from a previously awarded master's degree with approval from the academic unit and the Graduate College that may be used towards the hours required for the elective and concentration coursework.

Additional information on degree requirements for all graduate music programs may be found on the check sheets posted here: <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>).

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country and officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume and personal statement): <https://music.asu.edu/admissions/grad/> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- GRE or MAT scores
- prescreening portfolio: <https://music.asu.edu/admissions/graduate-recordings-portfolios/> (<https://music.asu.edu/admissions/graduate-recordings-portfolios/>)
- three letters of recommendation
- proof of English proficiency

#### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or IELTS overall band score of at least 6.5, or Pearson Test of English score of at least 60.

Students should see the program website for application deadlines.

After all application materials are received and reviewed, including recommendation letters, transcripts and English proficiency requirements, an applicant may be invited for a live interview. Information about the interview may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

## **Music (Music Composition), DMA (FACOMPDMA)**

**Online Degree Search Title:** Music Composition, DMA

**Campus:** Tempe

#### **Program Description:**

The DMA in music with a concentration in music composition is a professional degree program designed for outstanding students of composition who are preparing for professional careers, including teaching positions at the university level.

The concentration in music composition provides extensive faculty interaction as well as opportunities to develop advanced skills in traditional and contemporary compositional techniques. The opportunity to collaborate with music scholars, theorists, performers, educators and other composers provides students with a broad and well-rounded foundation for advanced careers in music.

#### **Degree Requirements:**

90 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The credit requirements for the degree are distributed as follows:

major area (composition, music technology, electives) (36 credit hours)

music theory and music history (30 credit hours)

research (12 credit hours)

dissertation (12 credit hours)

The music composition concentration requires the creation of a significant original work of music (considered to be a dissertation) and either two article-length research papers or a substantial paper.

#### Additional Curriculum Requirements

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Thirty credit hours from a master's degree may be applied toward the 90 credit hour degree requirement. Once admitted to the program, a student is required to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. In general, the student should expect to spend at least the equivalent of three academic years in the program beyond the master's degree. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.

<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of a bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume and personal statement): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- prescreening portfolio
- GRE or MAT scores
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Students should see the program website for application deadlines.

After receipt of complete application materials (including recommendation letters, transcripts and English proficiency) and review of prescreening materials, an applicant may be invited for an interview. Information about the interview may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

## Music (Music Education), PHD (FAMUSEDPHD)

**Online Degree Search Title:** Music (Music Education), PhD

**Campus:** Tempe

### Program Description:

The PhD in music with a concentration in music education is a scholarly research degree. Graduates of this program typically serve as faculty members at colleges or universities. They become scholars, researchers, music and arts administrators, and public policy advisors to education and arts organizations or civic and governmental groups.

The music education doctoral program includes highly specialized study in music education, elective studies with scholars and artists in the Herberger Institute for Design and the Arts, and opportunities for transdisciplinary elective study with faculty in schools and colleges across the university. A plan of study is designed by the student in consultation with the faculty to support a research trajectory identified by the student.

Research conducted by students in the music education concentration aims to reexamine, interrogate and broaden discourse, practice and policy in music education, and to expand music and education scholarship by challenging methodological and disciplinary boundaries. The program concludes with dissertation research.

### Degree Requirements:

90 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (10 credit hours)

MSI 601 Contemporary Topics in Music Research (2)

MSI 602 Current Issues in Music Research (2)

MSI 755 Historical Research in Music (3)

MTC 520 Analytical Techniques (3)

Concentration (30 credit hours)

Electives (29 credit hours)

Research (6 credit hours)

Other Requirements (3 credit hours)

MUE 784 Internship (3)

Culminating Experience (12 credit hours)

MUE 799 Dissertation (12)

Additional Curriculum Information

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Students should see the academic unit for a complete list of approved electives.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. A minimum of two semesters must be spent in continuous full-time residence at ASU.

Additional information on degree requirements for all graduate music programs may be found on the check sheets: <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>).

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)

- School of Music application (including curriculum vitae, personal statement and a writing sample): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)

- official transcripts
- teaching demonstration video
- GRE or MAT scores
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Applications are accepted and reviewed on a rolling basis until all spaces are filled. Applicants are encouraged to apply as early as possible. Students should see the program website for more information on application deadlines. To ensure prompt processing of application, students should email [MusicAdmissions@asu.edu](mailto:MusicAdmissions@asu.edu) (<mailto:MusicAdmissions@asu.edu>) after submitting an application. An interview with the music education doctoral faculty in person or via electronic media is scheduled after review of application materials. GRE or MAT scores may be submitted after deadlines, but these must be received before enrollment at ASU.

## Music (Musicology), MA (FAMHISTMA)

**Online Degree Search Title:** Music (Musicology), MA

**Campus:** Tempe

#### Program Description:

The MA program in music with a concentration in musicology focuses on the scholarly study of musical style, musical terminology, reception, historiography, biography and transdisciplinary topics.

Faculty members provide and participate in multisensory learning experiences concerning forms and genres, performance practices, instruments, spaces, philosophies, musical infrastructures and geographic locations. The faculty include leading scholars pursuing a wide range of interests in Western and non-Western music, particularly traditions in the Americas and Eastern Europe, Medieval music cultures, the nineteenth century, jazz, music in popular cultures, musical modernism and experimentalism, improvisation, sound studies, ecomusicology, dance and embodiment, and music's role in wellbeing.

Students work in individual and small group settings to identify research topics of interest culminating in a final thesis.

#### Degree Requirements:

30 credit hours, a thesis, a written comprehensive exam, an oral comprehensive exam and a foreign language exam.

Required Core (14 credit hours)

MHL 532 Music Bibliography (3)

MHL 691 Seminars (6)

music theory (5)

Electives (8 credit hours)

music electives (5-8)

open electives (0-3)

Other Requirement (2 credit hours)

performance ensembles (2)

Culminating Experience (6 credit hours)

MHL 599 Thesis (6)

#### Additional Curriculum Information

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in courses for these programs through the ASU School of Music. This will be tracked internally within the academic unit.

At least 20 credit hours of this program must be in the field of music history and literature.

Appropriate elective coursework will be reviewed and approved by the academic unit prior to inclusion on the student's plan of study. Students may not apply more than three credit hours of ethnomusicology courses toward their plan of study.

A passing grade on the foreign language exam in French, German, Italian or Spanish is required for graduation.

Additional information on degree requirements for all graduate music programs may be found on the check sheets. <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume, personal statement and writing sample): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses (or their equivalents) may be taken at ASU, another accredited university or a community college before or after admission to this program, but must be completed prior to commencement of graduate-level course requirements in music history and music theory.

MHL 140 Music as Culture

MHL 341 Music History I

MHL 342 Music History II

MTC 125 Basic Music Theory

MTC 221 Music Theory: 18th Century

MTC 222 Music Theory: 19th Century

MTC 223 Music Theory: 20th Century

Students should see the program website for application deadlines.

Additional Curriculum Information

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Students take three seminars for three credit hours each for the concentration. Equivalent courses may be used with preapproval by the student's faculty advisor. No more than six credit hours outside of the School of Music may apply to this requirement.

Students should see the academic unit for a complete list of approved electives and research courses.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. Students entering the program without an earned MA degree will complete the requirements for the Master of Arts in music with a concentration in ethnomusicology or music history and literature.

Additional information on degree requirements for all graduate music programs may be found on the check-sheets. <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U. S. bachelor's degree in music or a graduate degree from an accredited college or university of recognized standing in music history, musicology, ethnomusicology or music theory.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree

program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including curriculum vitae, two-page personal statement expressing the goal in pursuing this degree and two writing samples): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Two writing samples must be submitted with the School of Music application. It's preferable that each of these samples be a paper from an upper-level undergraduate course or a graduate course, or an article or document written by the applicant.

Students should see the program website for application deadlines.

## Music (Performance), DMA (FAPERFDMA)

**Online Degree Search Title:** Music Performance, DMA

**Campus:** Tempe

**Program Description:**

The DMA in music with a concentration in performance is a professional degree program for advanced musicians desiring high levels of performance instruction and experience as well as preparation for teaching positions at the university level. The program provides extensive faculty and guest artist interaction and opportunities to develop advanced skills in traditional and contemporary pedagogy. The opportunity to collaborate with music scholars, theorists, composers, educators and other performers provides students with a broad and well-rounded foundation for advanced careers in music.

**Degree Requirements:**

90 credit hours, a research paper, a written comprehensive exam, and an oral comprehensive exam.

The credit requirements for the degree are distributed as follows:

major area (studio instruction, courses in concentration) (39 credit hours)  
music history and music theory (27 credit hours)  
recitals and research (24 credit hours)

The performance concentration requires at least three recitals after admission to the program and a research paper or project. Five recitals are required for the collaborative piano track.

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Thirty credit hours from a master's degree may be applied toward the 90 credit hour degree requirement. Once admitted to the program, a student is required to be enrolled continuously, excluding summer sessions, until all requirements for the degree have been fulfilled. In general, the student should expect to spend at least the equivalent of three academic years in the program beyond the bachelor's degree. A minimum of two semesters must be spent in continuous full-time residence at ASU. At least 54 credit hours must be completed in residence at ASU.

Vocalists: Placement tests in both foreign language diction and sight-singing are required upon entry into the program. Students who are judged to be deficient in diction are required to complete and pass a course in advanced diction. Students who are judged to be deficient in sight-singing are required to complete and pass the Musicianship for Singers course.

Additional information about degree requirements for all graduate music programs may be found on the check sheets:  
<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>).

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country. Students seeking admission typically hold a Master of Music degree. Applicants with other degrees are considered if they have received graduate training similar to that normally expected in a Master of Music program.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume, personal statement and repertoire list): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- prescreening recording
- piano pedagogy applicants: teaching demonstration video
- three letters of recommendation
- proof of English proficiency

#### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Students should see the program website for application deadlines.

After the applicant's complete application materials are received (including recommendation letters, transcripts and English proficiency) and a review has been conducted of prescreening materials, an applicant may be invited for a live audition. Information about the audition may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

## **Music Education, MM (FAMUSEDMM)**

**Online Degree Search Title:** Music Education, MM

**Campus:** Tempe

#### **Program Description:**

The MM program in music education is designed for individuals interested in music teaching and learning in public and private schools, community education settings, early childhood programs and adult education. Practicing teachers as well as community musicians and music educators interested in advanced studies in music teaching and learning may enroll.

Students may elect courses in each part of the degree program and may design a course of study that meets their specific interests and needs. The program provides opportunities to study full time, part time (through evening courses), in the summers only, or by combining full-time, part-time and summer study. Full-time students may complete the program in as little as one year.

**Degree Requirements:**

32 credit hours and a written comprehensive exam.

The degree credit requirements are distributed as follows:

music education core (10 credit hours)

musicianship core (10 credit hours)

specialization (12 credit hours)

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Six credit hours may be transferred from another regionally accredited graduate institution. Up to nine credit hours may be taken prior to admission.

As part of the portfolio, students also must participate in an oral review that is monitored internally by the academic unit.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.

<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree or higher from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have achieved a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program.

All applicants must submit:

- online graduate admission application and application fee
- School of Music application (including a resume): <https://music.asu.edu/admissions/graduate-steps-to-apply>

(<https://music.asu.edu/admissions/graduate-steps-to-apply>)

- official transcripts
- three letters of recommendation
- proof of English proficiency: <https://admission.asu.edu/international/graduate/english-proficiency>

(<https://admission.asu.edu/international/graduate/english-proficiency>)

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses (or the equivalents) may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to commencement of graduate-level course requirements in music history and music theory.

## Music Theory Pedagogy (Certificate), Certificate (HIMTPGRCT)

**Online Degree Search Title:** Music Theory Pedagogy (Graduate Certificate)

**Campus:** Tempe

### Program Description:

This certificate in music theory pedagogy offers specialized study in music theory to help prepare students to teach undergraduate courses in fundamentals, harmony, musicianship and basic form analysis. Completion of this certificate indicates the student is prepared to offer instruction in basic music theory at the college level.

The certificate may be pursued concurrently with enrollment in a master's degree program or doctoral degree program in the School of Music.

### Degree Requirements:

15 credit hours.

Required Core (3 credit hours)

MTC 525 Pedagogy of Theory (3)

Other Requirement (3 credit hours)

MTC 584 Internship (3)

Electives (9 credit hours)

Additional Curriculum Information

Completion of diagnostic examinations in music history and music theory, administered by the School of Music, is required of all new graduate music students before enrolling in any graduate academic courses towards the certificate program.

Electives are selected with advisor approval from MTC courses in analytical topics. Students should see the academic unit for a complete list of approved electives.

### Admission Requirements:

Students who are interested in this certificate should email the academic unit prior to submitting an official application, to express their interest in the certificate.

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's degree in music or music education from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an international institution officially recognized by that country. Other majors may be considered if applicants submit transcripts showing formal study in music theory and musicianship at least equivalent to what is required of ASU's undergraduate music majors (MHL 140, MHL 341 and MHL 342, MTC 125, MTC 221, MTC 222, and MTC 223). The music theory faculty will review transcripts for equivalency. In some cases, course descriptions or syllabi may be required to verify equivalency.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in any applicable graduate work.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- samples of work
- statement of interest
- proof of English language proficiency

Additional Admission Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The School of Music does not offer conditional admission under any circumstances.

- TOEFL score of at least 550 (PBT) or 80 (iBT)

- IELTS overall band score of at least 6.5
- Pearson Test of English score of at least 60

Official transcripts must show a completed bachelor's degree from a regionally accredited institution in the U.S. or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that country. Also, if applicable, transcripts showing all coursework in music at the graduate level are required. The committee supervising this certificate program will consider an applicant's undergraduate record (and graduate record if appropriate) in music theory, evaluating courses taken and grades received. A minimum GPA of 3.00 in these courses is required. International students applying to this certificate must also be in a degree program at ASU.

Applicants will submit a statement of interest offering reasons for applying to the certificate program and describing their experience and coursework in music theory. The essay should also indicate the applicant's level of piano proficiency (a necessary classroom skill) through a description of their study and their experience in keyboard performance.

Applicants also will be asked to show proficiency in music theory by submitting samples of work, such as analytical papers and examples of music writing (harmonic part-writing or counterpoint exercises).

**Music Therapy, MM (FAMTHERMM)**

**Online Degree Search Title:** Music Therapy, MM

**Campus:** Tempe

**Program Description:**

The MM program in music therapy provides students with graduate-level study in the theory, practice and research of music therapy. There is a two-year track for those who have completed either the undergraduate music therapy degree or its equivalent and who are board-certified or hold a similar international music therapy credential. Additionally, ASU offers a three-year track for those who have an undergraduate degree in music but not in music therapy.

The master's degree program fosters an expanded research perspective in music therapy, emphasizing community partnerships and program development with a concentration in the student's area of choice, drawing from a number of possible options. Cognate areas include counseling and counseling psychology, special education, gerontology, social work, audiology and speech-language or other areas of choice from the many options.

**Degree Requirements:**

33 credit hours including the required applied project course (MUE 586), and a written comprehensive exam, or 33 credit hours, a thesis and a written comprehensive exam, or 63 credit hours including the required applied project course (MUE 586), and a written comprehensive exam, or 63 credit hours, a thesis and a written comprehensive exam.

The degree credit requirements for the two-year track are distributed as follows:

- music therapy core (16 credit hours)
- other studies in music (8 credit hours)
- clinical cognate (9 credit)

Three-Year Track: In addition to the requirements stated above, the three-year track requires 30 credit hours of deficiency coursework for a total of 63 credit hours, including completion of an internship required for certification.

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate-level music students prior to enrollment in the ASU School of Music.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.  
<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's or master's degree in music or music therapy from a regionally accredited institution or the equivalent of a U.S. bachelor's or master's degree from an institution in another country that is officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate> (<https://admission.asu.edu/graduate>)
- School of Music application (including a resume and personal statement): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency (<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)). The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

All applicants are required to perform a live audition or submit an audition recording (<https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>)). Auditions are scheduled only after complete application materials have been received.

Applicants to the three-year track must complete the prerequisite courses listed below, which are not a part of the coursework for the MM program in music therapy (three-year track) but are required for eligibility to sit for the board-certification exam ([www.cbmt.org](http://www.cbmt.org) (<http://www.cbmt.org>)). These prerequisites may be taken during undergraduate study, at a community college or other university before beginning the Master of Music program in music therapy (three-year track), during summer sessions at ASU, or online through an accredited institution recognized by ASU. An applicant is eligible to apply to the Master of Music program in music therapy (three-year track) while completing these prerequisites and may finish these courses during the first year in the music therapy program, although this additional work may present a hardship. The prerequisite courses must be completed before a student begins the internship at the end of their first year of study at ASU, unless prior arrangements have been made. Completing the prerequisite courses prior to beginning the Master of Music program in music therapy (three-year track) is highly recommended.

- Introduction to Psychology
- Abnormal Psychology
- Overview of Exceptional Children/Special Education

Applications are accepted until all spaces are filled and reviewed on a rolling basis. Applicants are encouraged to apply as early as possible and should see the program website for more information on application deadlines. To ensure prompt processing of application, applicants should email [MusicAdmissions@asu.edu](mailto:MusicAdmissions@asu.edu) (<mailto:MusicAdmissions@asu.edu>) after submitting an application. An in-depth interview emphasizing the applicant's music therapy philosophy, research activities and clinical interests is scheduled after receipt of complete application materials. A phone interview may be arranged.

## Performance (Collaborative Piano), MM (FACPIANOMM)

**Online Degree Search Title:** Piano, Collaborative, MM

**Campus:** Tempe

**Program Description:**

The MM program in performance with a concentration in collaborative piano gives students the opportunity to perform with all instrumental areas and voice, focusing on collaborative endeavors such as art song recitals, instrumental duos and chamber music, operatic productions and participation in large ensembles. Students refine specific pianistic skills while developing the knowledge and abilities to be skilled and sensitive

musical collaborators. The opportunity to collaborate with music scholars, theorists, composers, educators and other performers provides students with a broad and well-rounded foundation for advanced careers in music.

**Degree Requirements:**

32 credit hours and a written comprehensive exam.

The degree credit requirements are distributed as follows:

collaborative piano and performance (including four recitals) (18 credit hours)

music history, music theory and electives (14 credit hours)

At least one year of college-level coursework in either French, German or Italian and at least one of the following are required:

- one semester of diction in each of the two other languages
- one semester of language instruction in each of the two other languages

**Additional Curriculum Requirements**

Language deficiencies must be made up during the first year of study.

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Additional information on degree requirements for all graduate music programs may be found on the check sheets. <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- School of Music application (including a resume, personal statement and repertoire list): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Applicants must perform an audition for admission. Auditions are scheduled following receipt of complete application materials. Information about the audition may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses (or the equivalents) may be taken at ASU, another accredited university or a community college before or after admission to this program, but they must be completed prior to commencement of graduate-level course requirements in music history and music theory.

## Performance (Conducting), MM (HIPERCOMM)

**Online Degree Search Title:** Performance (Conducting), MM

**Campus:** Tempe

**Program Description:**

The MM in performance with a concentration in conducting presents conductors of orchestras or wind bands with the opportunity to improve their art, craft and scholarship in pursuit of both professional and academic career aspirations. This program is also beneficial for public school teachers of orchestras and wind bands who want to strengthen their skills.

There are three tracks within this concentration.

The wind band track is designed to meet the needs of the conductor focusing on band conducting. Required courses are specific to conducting wind bands, and elective courses can be taken for further band study.

The orchestral track is designed to meet the needs of the conductor who focuses on orchestral conducting. Required courses are specific to orchestral conducting, and elective courses provide additional opportunities for further orchestral study.

The music theatre track is geared toward aspiring conductors with strong keyboard or piano skills who are eager to learn the wide range of skills necessary for a successful career as a professional music director. This competitive program admits only one student per year and includes study of both opera and musical theatre repertoire. Students in this program must conduct two productions during their studies at ASU.

**Degree Requirements:**

32 credit hours including a written exam and the required capstone courses (MUP 596 and MUP 597).

**Wind Band Track**

Required Core (14 credit hours)

Required Track (11-12 credit hours)

Electives or Research (4-5 credit hours)

**Orchestral Track**

Required Core (15 credit hours)

Required Track (11-12 credit hours)

Electives or Research (3-4 credit hours)

Culminating Experience (2 credit hours)

MUP 596 Solo Performance (1)

MUP 597 Solo Performance (1)

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Additional information on degree requirements for all graduate music programs may be found on the check sheets: <https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>).

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's or master's degree from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an institution in another country that is officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 semester hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee: <https://admission.asu.edu/graduate>
- School of Music application (including a resume, personal statement and repertoire list): <https://music.asu.edu/admissions/graduate-steps-to-apply> (<https://music.asu.edu/admissions/graduate-steps-to-apply>)
- official transcripts
- prescreening video
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency; information is available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The School of Music does not offer conditional admission under any circumstances. In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

## Performance (Music Theatre/Opera Performance), MM (FAMUTPOMM)

**Online Degree Search Title:** Music Theatre/Opera Performance, MM

**Campus:** Tempe

#### Program Description:

The MM program in performance with a concentration in musical theatre and opera performance provides students the opportunity to choose from two specific emphases: opera or musical theatre. Students have ample opportunities to study both musical theatre and opera.

The opera emphasis provides intensive practical training and performance experience to prepare students for professional careers in opera. In addition to studio voice instruction and advanced work in acting, movement, audition techniques, career skills and vocal coaching, students study standard and contemporary operatic repertoire and are required to perform roles in at least two ASU opera and musical theatre productions.

The musical theatre emphasis provides intensive practical training and performance experience to prepare students for professional careers as musical theatre artists. In addition to studio voice instruction and advanced work in acting, dance, movement, audition techniques, career skills and vocal coaching, students study repertoire from the traditional and contemporary musical theatre canon and are required to perform roles in at least two ASU opera and musical theatre productions.

**Degree Requirements:**

32 credit hours and a written comprehensive exam.

The credit requirements for the concentrations in music theatre performance and opera performance are as follows:

studio instruction (8 credit hours)

courses in specified emphasis (12 credit hours)

music history, music theory and electives (12 credit hours)

Opera Emphasis: Sixteen credit hours or four semesters of college-level credit in more than one foreign language, chosen from French, German or Italian, are required for graduation. In addition, placement tests in both foreign language diction and sight-singing are required upon entry into the program. Students who are judged to be deficient in diction are required to complete and pass a course in advanced diction. Students who are judged to be deficient in sight-singing are required to complete and pass the Musicianship for Singers course.

Music Theatre Emphasis: A placement test in sight-singing is required upon entry into the program. Students who are judged to be deficient in sight-singing are required to complete and pass the Musicianship for Singers course.

The credit requirements for the degree in music theatre performance direction are as follows:

piano studio instruction (4 credit hours)

courses in emphasis (15 credit hours)

music history, music theory and electives (13 credit hours)

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

Additional information about degree requirements for all graduate music programs may be found on the check sheets.

<https://music.asu.edu/degree-programs/graduate/> (<https://music.asu.edu/degree-programs/graduate/>)

## Performance (Performance Pedagogy), MM (FAPPEDMM)

**Online Degree Search Title:** Performance Pedagogy, MM

**Campus:** Tempe

**Program Description:**

The MM program in performance with a concentration in performance pedagogy concentrates on the performance and teaching of Western art music, with an emphasis on pedagogy. Students work on specific performance skills while developing the knowledge and abilities to be music pedagogues in their area. The opportunity to collaborate with music scholars, theorists, composers, educators and other performers provides students with a broad and well-rounded foundation for advanced careers in music.

Over the course of the program, the candidate will prepare two recitals: one solo or lecture recital and one studio recital by the candidate's laboratory pupils.

**Degree Requirements:**

32 credit hours and a written comprehensive exam.

The credit requirements for the degree are distributed as follows:

studio instruction (8 credit hours)

concentration courses, including one solo or lecture recital and one studio recital (8-12 credit hours)

music history, music theory and electives (12-16 credit hours)

Vocalists: Sixteen credit hours or four semesters of college-level credit in more than one foreign language, chosen from French, German or Italian, are required for graduation. In addition, placement tests in both foreign language diction and sight-singing are required upon entry into the program. Students who are judged to be deficient in diction are required to complete and pass a course in advanced diction. Students who are judged to be deficient in sight-singing are required to complete and pass the Musicianship for Singers course.

**Additional Curriculum Requirements**

Completion of diagnostic exams in music history and music theory is required of all new graduate music students prior to enrollment in the ASU School of Music.

In order to meet English proficiency requirements, students should have a TOEFL score of at least 550 (PBT) or 80 (iBT), or an IELTS overall band score of at least 6.5, or a Pearson Test of English score of at least 60.

Applicants must perform an audition for admission. Auditions are scheduled following receipt of completed application materials and, when applicable, a favorable review of prescreening materials. Information about the audition may be found at <https://music.asu.edu/admissions/graduate-auditions> (<https://music.asu.edu/admissions/graduate-auditions>).

Although a bachelor's degree in music is not required to be eligible for admission, applicants who do not hold an undergraduate degree in music are required to complete the deficiency courses listed below, which are not a part of the coursework for this graduate degree in music. These courses or their equivalents may be taken at ASU, another accredited university or a community college, and they may be taken before or after admission to this program but must be completed prior to commencement of graduate-level course requirements in music history and music theory.

MHL 341 Music History I  
MHL 342 Music History II  
MTC 125 Basic Music Theory  
MTC 221 Music Theory: 18th Century  
MTC 222 Music Theory: 19th Century  
MTC 223 Music Theory: 20th Century

Voice Applicants: Students should see the program website for application deadlines. After receipt of completed application, including recommendation letters, transcripts and proof of English proficiency, and review of prescreening materials, an applicant may be invited for a live audition.

Instrumental and Keyboard Applicants: Students should see the program website for application deadlines. After an applicant's complete application materials have been received, including recommendation letters, transcripts, and proof of English proficiency, the applicant is confirmed for a live audition.

## Socially Engaged Practice in Design and the Arts (Certificate), Certificate (HISEPGRCT)

**Online Degree Search Title:** Socially Engaged Practice in Design and the Arts (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate in socially engaged practice in design and the arts centers around participation, reciprocal relationships and collaborations in which art and design promote civic dialogue and investigate pressing issues of the day.

This program provides a theoretical framework, rigorous training and field experience in arts and design in civic and applied settings. With a focus on collaborative and cross-disciplinary approaches, students engage meaningfully in community settings in the metropolitan Phoenix area, pushing their personal artistry and creative capacities.

**Degree Requirements:**

15 credit hours including the required applied project course (ART 593 or AME 593 or DCE 593, or DCE 693, or DSC 593 or DSC 693, or MUP 593 or MUP693, or THP 593 or THP 693).

Required Core (6 credit hours)

ART 542 Art and Community (3) or THP 514 Projects in Community-Based Theatre (3)

HDA 510 Design and the Arts Corps Seminar (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)

Applied Project (3)

Additional Curriculum Information

The applied project is a 593 course in AME, DCE, DSC, MUP, THP or a 693 course in DCE, DSC, MUP or THP.

Students should see the academic unit for appropriate elective coursework.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letter of intent
- written recommendation or nomination letter
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students must maintain a 3.50 GPA in the certificate program.

No admission examinations are required.

## Theatre, MA (FATHEAMA)

**Online Degree Search Title:** Theatre, MA

**Campus:** Tempe

**Program Description:**

The MA program in theatre introduces students to graduate study in the field of theatre and performance studies and provides a broad base of knowledge in the areas of history and historiography, theory, literature and dramaturgy, and practice. Students will have the opportunity to tailor their plan of study to specific research and artistic subject areas, and they will prepare a research thesis as the culmination of their studies.

The program is designed for those who wish to later enter a PhD program, for K-12 educators seeking to expand and amplify their expertise, and for those seeking to advance their knowledge of theatre and performance studies.

**Degree Requirements:**

30 credit hours, a thesis and a written comprehensive exam.

Required Courses (15 credit hours)

Electives (9 credit hours)

Culminating Experience (6 credit hours)

THE 599 Thesis (6)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts

- current curriculum vitae
- sample of scholarly writing
- statement of purpose
- GRE general scores
- three letters of recommendation from professionals familiar with the applicant's work
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The statement of purpose should address the student's background and experiences as they relate to the student's reasons for pursuing the doctorate, describe the student's research interests and indicate future career goals.

GRE subject scores are optional.

Applicants should see the program website for application deadlines.

## Theatre (Arts Entrepreneurship and Management), MFA (HITHEAEMFA)

**Online Degree Search Title:** Theatre (Arts Entrepreneurship and Management), MFA

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

The MFA program in theatre with a concentration in arts entrepreneurship and management teaches the skills of arts entrepreneurship, arts management and arts marketing within the context of the Master of Fine Arts degree in theatre, also grounding students in theories of performance, community-based arts, and theatre history and literature. Thus, students develop a holistic understanding of the role of arts managers as enablers of art-making. Students in this program can earn a concurrent certificate in nonprofit leadership and management.

#### Degree Requirements:

60 credit hours including the required applied project course (THP 693), a practicum and an oral comprehensive exam.

Required Core (15 credit hours)

Concentration (27 credit hours)

Electives or Research (12 credit hours)

Other Requirements (3 credit hours)

THP 680 Practicum (2)

THP 684 Internship (1)

Culminating Experience (3 credit hours)

THP 693 Applied Project (3)

## Additional Curriculum Information

Twelve elective credit hours are required for the 60-credit Master of Fine Arts. However, if students elect to pursue the NLM certificate concurrently, then they will need to take an additional three-credit elective course in the nonprofit leadership and management program to complete the certificate and degree requirements.

THP 680 is a one-credit hour course students are required to take twice.

As part of the applied project requirement, students must submit a written document. An oral defense is also required.

Students should see the academic unit for a complete list of approved electives and required coursework for the core and concentration.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

In addition, the School of Film, Dance and Theatre requires a minimum of 30 undergraduate credit hours of coursework in theatre, film, dance, music, art or business with a minimum GPA of 3.20 overall.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- three letters of recommendation
- sample of critical writing (in lieu of GRE scores)
- statement of educational and professional objectives
- sample of materials indicative of the candidate's potential to succeed as an arts entrepreneur or manager that might include but are not limited to publicity materials, marketing plans, budgets, stage management prompt books, grant proposals, business plans
- proof of English proficiency

## Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The letters of recommendation should be from professionals who can speak to the applicant's potential for success in arts entrepreneurship or management.

Examples of a critical writing sample include a term paper or research project.

Interviews may be conducted on campus or remotely.

Applicants should see the program website for application deadlines and admission terms.

## Theatre (Directing), MFA (FADIRMFA)

**Online Degree Search Title:** Theatre (Directing), MFA

**Campus:** Tempe

### Program Description:

The MFA in theatre with a concentration in directing is a program for students who demonstrate serious purpose, professional aspirations, theatrical daring and the desire to explore new work in collaborating with playwrights and in the devising and creation process. Respect for fellow artists and a desire to learn about how all the parts fit together are essential qualities in the successful candidate and the successful director.

Students are introduced to varied critical viewpoints from select artists and scholars. A hands-on, mentor-student approach is emphasized, with the intent of developing the skill, artistry and communication skills required to be an excellent professional director.

### Degree Requirements:

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project. Practical directing and directing classes are approximately 50 percent of the coursework. Classes also include:

- acting: viewpoints and composition
- assistant directing for a professional or faculty director working on the main stage
- design collaboration
- directing the new play
- dramatic theory and criticism
- dramaturgy
- performance technology
- projects in community-based drama
- re-envisioning
- research methods
- solo performance
- theatre for social change
- theatre history and literature
- theatre organization and management

MFA directors will direct a new work every year. Major assignments may include:

- creating and directing an adaptation of an existing work
- directing a new play by a Master of Fine Arts playwright
- directing one applied project in the main-stage season
- guiding an ensemble in the devising process and directing the resulting devised piece

Directing faculty mentor all student projects. Academic and artistic progress is evaluated at the end of each semester by a faculty committee. Program continuation is contingent upon a successful review. A professional internship is required for each Master of Fine Arts director.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- current resume
- written directorial approach to a play selected by the reviewing committee
- three letters of reference from professionals familiar with the student's work
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

A personal interview is required. Interviews via phone or campus visit are available by appointment.

Admission to the directing, performance and performance design concentrations is cohort-based, and the program recruits every three years. The next round of applications will not be due until early 2020. Interested students should check back for updates.

Students should see the program website for application deadlines and admission terms.

## Theatre (Dramatic Writing), MFA (FADRWRTMFA)

**Online Degree Search Title:** Theatre (Dramatic Writing), MFA

**Campus:** Tempe

**Program Description:**

The concentration in dramatic writing under the MFA in theatre includes coursework in playwriting, screenwriting, historical studies in theatre, dramatic theory, directing new work, literary management, electives and related topics such as writing for solo performance, storytelling, devising and collaborative writing.

The School of Film, Dance and Theatre supports the production of new plays and performance works written by its Master of Fine Arts students. Student-written work is included in the Theatre Labs and is considered for main stage productions.

**Degree Requirements:**

60 credit hours including the required applied project course (THP 693).

Required Core (27 credit hours)

THE 500 Research Methods (3)

THE 504 Studies in Dramatic Theory and Criticism (3)

THE 520 Theatre History and Literature (3)

THP 560 Dramatic Writer's Workshop

THP 561 Scripts in Progress (3)

Concentration (9 credit hours)

THE 562 Literary Management Workshop (3)

THP 520 Directing the New Play (3)

THP 598 Special Topics (3)

Electives (18 credit hours)

Culminating Experience (6 credit hours)

THP 693 Applied Project (6)

Additional Curriculum Information

As part of the electives coursework, students are required to complete an internship (THP 684) for three credit hours.

Students should see the academic unit for a complete list of approved electives.

The applied project is the writing of a thesis play, which will be developed as one of the following:

- a full production on the school's main stage
- a staged reading
- a workshop production

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in theatre or in creative writing from a regionally accredited institution. An applicant may have an undergraduate degree outside of theatre or film and may be admitted on the basis of excellent creative writing and academic work. Deficiencies in undergraduate preparation may be removed while pursuing the MFA degree.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation

- current resume
- statement of career goals
- profile of applicant's writing endeavors or interests
- manuscript sample of either a full-length play (60 pages or more) or a series of one-act plays (30 pages minimum)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Theatre (Interdisciplinary Digital Media), MFA (FATHEADMFA)

**Online Degree Search Title:** Theatre (Interdisciplinary Digital Media), MFA

**Campus:** Tempe

#### Program Description:

Interdisciplinary digital media, a concentration of the MFA in theatre, focuses on the growing importance of digital media as a way of making and thinking about art. Courses and research activities prepare students to become sophisticated developers, makers, evaluators and entrepreneurs of digital media while at the same time completing a sequence of core courses in theatre.

This graduate program is offered through the School of Film, Dance and Theatre in collaboration with the School of Arts, Media and Engineering.

#### Degree Requirements:

60 credit hours including the required applied project course (THP 693).

Core School of Arts, Media and Engineering courses, to be selected in consultation with each student's School of Arts, Media and Engineering graduate advisor (minimum of 18 credit hours)

Research and applied project (15 credit hours)

Core courses in theatre theory, history and practice (27 credit hours)

The overall course of study is developed with the advisor to ensure a breadth of transdisciplinary knowledge.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee.
- official transcripts

- current resume
- statement of purpose
- portfolio of materials that support the statement of purpose (writing samples, electronic performance materials, etc.)
- three letters of recommendation from professionals familiar with the applicant's work
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The statement of purpose should detail the applicant's background in theatre as well as the applicant's interest in and suitability for work in the interdisciplinary of theatre and digital media.

Applicants should see the program website for application deadlines but should note that for financial aid purposes, the School of Arts, Media and Engineering deadline is February 1.

## Theatre (Performance Design), MFA (FAPERDMFA)

**Online Degree Search Title:** Theatre (Performance Design), MFA

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

ASU offers a strenuous and innovative MFA program in theatre with a concentration in performance design that focuses on a nontraditional approach to design training in preparation for the theatrical design challenges of the future. The design student works with an ensemble of designers, directors and performers to create new projects that redefine the role of the traditional designer.

Skills for approaching and creating new work include:

- design applications in multimedia
- development of artistic entrepreneurship and integrity
- drafting and computer imaging
- new work development

Performance design students work in multiple venues, including the 481-seat Galvin Playhouse, 164-seat Lyceum Theatre, two studios and one experimental space. In addition, students work in the shops, a design studio and a computer-imaging lab.

Admission to the directing, performance and performance design concentrations is cohort-based.

#### Degree Requirements:

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project.

- Academic and artistic progress is evaluated at the end of each semester by a faculty committee.
- A professional internship is required and can be fulfilled anytime after the first year of study.
- Students conclude with an applied ensemble design project suited to their needs and interests.
- The first year is dedicated to creating an ensemble as well as honing the skills needed to visually communicate ideas to a director and audience.
- The second year concentrates on new work development that will culminate in a tour. This year also concentrates on strengthening design abilities.
- The third year serves as a bridge between the educational and professional theatre and the communities they serve.

Program continuation is contingent upon a successful review.

**Admission Requirements:**

Applicants must fulfill the requirements of the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- academic writing sample
- current resume
- portfolio of 10 samples of visual work to be presented at interview
- three letters of recommendation from professionals familiar with the student's work
- written statement of purpose
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants also will be required to do an interview.

Students are admitted to this program every three years, forming a cohort with their colleagues in the other Master of Fine Arts programs in theatre practice.

Students should see the program website for application deadlines and admission terms.

## Theatre (Performance), MFA (FAPERFMFA)

**Online Degree Search Title:** Theatre (Performance), MFA

**Campus:** Tempe

### **Program Description:**

The MFA program in theatre with a concentration in performance re-envisions the role of the artist in society who focuses on the devising and development of new work. The program stresses the actor-creator model and fosters the conceptual thinker and collaborator through the development of skills for the artistic entrepreneur and the innovation of performance applications in multimedia and transdisciplinary collaboration that is informed by artistic integrity and social responsibility.

The school offers multiple approaches to new work development:

- connected motion
- devising
- Fitzmaurice voicework
- Lecoq
- new play development
- performance technology
- rasaboxes
- solo and collaborative performance
- Viewpoints

In addition to core physical and vocal training, the program hosts a rich variety of guest artists each semester and offers undergraduate-level teaching opportunities, study abroad opportunities, funding for national and international conference travel, and career development internship opportunities.

During the third year of study, candidates conduct professional career development internships. In the past, students have completed internships at:

- Chicago Dramatist Theatre
- Cleveland Playhouse
- Dah Theatre, Belgrade, Serbia
- Hartford Stage
- North Coast Rep
- One Yellow Rabbit
- SIT! Company
- Syntetic Theatre
- Theatre L'Homme Dieu
- The Bali Purnati Art Centre
- Victory Gardens

Eight performers will be admitted to the cohort every three years.

**Degree Requirements:**

60 credit hours including the required applied project course (THP 693).

This is a three-year program culminating in an applied project.

The first year is dedicated to intensive movement; acting and Fitzmaurice voice training; and ensemble-building and devising with a focus on Lecoq, Rasaboxes, Viewpoints and Meisner. The year culminates in a final site-specific showcase performance.

Second-year training provides opportunities for students to explore their work in a wide range of performance modalities such as community-embedded drama, performance art, solo performance, performance and technology, devising and working with guest artists. Performers collaborate with the MFA designers, directors and playwrights to devise a new scripted performance for the mainstage season.

The third year culminates in an applied performance project, serving as a bridge between the educational and professional worlds and the communities they serve.

Students conclude their graduate studies with an applied performance project specifically suited to their needs and interests. Academic and artistic progress is evaluated at the end of each semester by a faculty committee. Program continuation is contingent upon a successful review. A professional career development internship is required.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current resume
- statement of purpose
- academic writing sample
- three letters of recommendation from professionals familiar with the student's work
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students are admitted to this program every three years, forming a cohort with their colleagues in the other Master of Fine Arts programs in theatre practice.

Applicants will need to do an interview, either on campus or at one of the university or resident theatre association sites, and an audition.

Students should see the program website for application deadlines and admission terms.

## Theatre (Theatre For Youth), MFA (FAYOUTHMFA)

**Online Degree Search Title:** Theatre for Youth, MFA

**Campus:** Tempe

### **Program Description:**

The internationally recognized theatre for youth MFA program at ASU features distinguished faculty, excellent facilities, comprehensive coursework and practical experiences in all areas of theatre, educational theatre, community cultural development and theatre for youth. The faculty provide students individualized attention and focused mentorship in a challenging and supportive atmosphere designed to educate future leaders in the field.

Students enrolled in the Master of Fine Arts program in theatre for youth complete their course of study equipped to be engaged and innovative leaders in artistry, scholarship, education and activism. Graduates are prepared for careers that include teacher of artistry, directing and education directing; specialist in arts and civic organizations; teacher in elementary, secondary and tertiary education systems; and careers in social profit organizations and in arts entrepreneurship.

### **Degree Requirements:**

60 credit hours including the required applied project course (THP 693), a written comprehensive exam and an oral comprehensive exam.

This is a three-year program. Required core courses are supplemented by elective courses in an emphasis area. The emphasis areas prepare students for careers in professional theatre, as artists or education directors, specialists in arts organizations, or as teachers in elementary or secondary education. An internship with a professional theatre company, school or arts organization and a final applied project complete the program.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- current curriculum vitae
- statement of purpose
- curated arts portfolio
- three letters of recommendation
- proof of English proficiency

### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

A highly competitive program, this degree accepts only a small number of students each year in order to provide highly individualized attention.

The statement of purpose should clearly explain the applicants aesthetic and educational philosophies and future career goals. After reading the statement, the faculty should understand not only the applicant's current passions but also why the theatre for youth program at ASU would be an appropriate fit to meet the student's educational, practical and scholarly goals. The program accepts thoughtful, well-informed artists, scholars,

educators and citizens.

The applicant's portfolio should highlight previous work accomplished. Online portfolios are preferred.

The three letters of recommendation should be from professionals familiar with the applicant's work.

High-ranking applicants will be invited to a group interview date, normally scheduled on the first Friday of February.

Applicants should see the program website for application deadlines.

## Theatre (Theatre For Youth), PHD (FAYOUTHPHD)

**Online Degree Search Title:** Theatre for Youth, PhD

**Campus:** Tempe

**Program Description:**

The internationally recognized theatre for youth PhD program at ASU features distinguished faculty, excellent facilities, and comprehensive coursework, research guidance and practical experiences in all areas of theatre, educational theatre, community cultural development and theatre for youth. Students receive individualized attention and focused mentorship in a challenging and supportive atmosphere designed to educate future leaders and researchers in the field.

The program's doctoral students complete their course of study equipped to be engaged, thoughtful and innovative leaders in artistry, scholarship, education and research. Graduates are prepared for careers that include teaching artistry, directing and education directing; specialist in arts and civic organizations; member of university and college faculty; a career in social profit organizations; and careers in arts entrepreneurship, research and publishing programming.

**Degree Requirements:**

90 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (30 credit hours)

Research (12 credit hours)

THE 792 Research (12)

Research Methodology (6 credit hours)

Culminating Experience (12 credit hours)

THE 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

In meeting these requirements, students, with the advice of the supervisory committee, may select theatre courses in areas such as community-based theatre, theatre education, theatre for social change, theatre history, theatre theory and criticism, and tutorial courses.

Students also may take courses outside the School of Film, Dance and Theatre in areas such as aesthetic theory, area studies, children's literature, critical and cultural studies, educational theory and methodology, languages and literatures, arts education, policy research, and democracy studies.

Research methodology coursework is chosen in consultation with the supervisory committee. Where appropriate, the supervisory committee may approve certification of literacy in a foreign language as meeting the research methodology requirement. This approval is granted only in those

circumstances wherein fluency in that language is necessary for the dissertation research.

**Additional Curricular Requirements:**

- ongoing reviews of a student's performance in courses and development of research skills, artistic skills and teaching competencies conducted by the supervisory committee at the end of each semester
- comprehensive examinations composed of written and oral components centering on theatre history, literature and criticism, theatre for youth and theatre education and the research area
- dissertation developed from an approved prospectus, based on original research work of high quality, demonstrating proficiency in the student's special field and adding new knowledge

All activities are selected to help students meet the goals of the program and develop the capability of becoming leaders in the field.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School of Film, Dance and Theatre.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in theatre or education from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE exam scores
- interview
- curriculum vitae
- sample of scholarly writing
- statement of purpose
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The statement of purpose should explain the applicant's research, artistic and educational philosophies and goals as appropriate to the applicant's desired focus in the doctoral program and how study in the ASU theatre for youth program might particularly suit these goals and philosophies.

Three letters of recommendation from professionals familiar with the applicant's work should address, specifically, the applicant's potential for success in a doctoral program.

Students should see the program website for application deadlines.

School of Film, Dance and Theatre  
<https://filmdancetheatre.asu.edu>

## Theatre (Theatre/Performance Americas), PHD (FAPERAMPHD)

**Online Degree Search Title:** Theatre (Performance America), PhD

**Campus:** Tempe

### Program Description:

The PhD in theatre with a concentration in theatre and performance of the Americas is a program that trains scholars to examine the histories, theories and practices associated with cultural performance from a hemispheric point of view.

Through coursework, seminars, research and study opportunities, doctoral students work from diverse critical perspectives that mobilize thought across geographical and disciplinary borders. They develop skills to re-examine and interrogate the canon of theatre as text and as performance, expanding the traditional boundaries of theatre studies in two ways: via a perspective that considers the shared histories and practices of theatre and performance in the Americas as central to an intervention in traditionally narrated histories and theories of theatre and via the methodologies of cultural and performance studies that accommodate other forms of embodied expression related to but distinct from formal theatrical expression.

The course of study is designed to provide substantive historical and theoretical grounding in the field while allowing flexibility in the choice of specialized seminar and practical experiences. The first year of study immerses students in the theoretical and practical groundwork of performance research, in general, and modalities of performance in the Americas, in particular. In the second year, students build on research interests identified in the first year through specialized coursework and practical experience.

### Degree Requirements:

90 credit hours, a foreign language exam, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (24 credit hours)

Electives (12 credit hours)

Research (12 credit hours)

THE 792 Research (12)

Culminating Experience (12 credit hours)

THE 799 Dissertation (12)

### Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

Two of the electives courses must come from outside the school (as approved by the supervisory committee).

In meeting these requirements, students, with the advice of the supervisory committee, may select theatre courses in areas such as community-based theatre, dramaturgy, theatre for social change, theatre history, theatre theory and criticism, and related topics seminars.

Students also may take courses outside the School of Film, Dance and Theatre in areas such as critical and cultural studies, area studies, languages and literatures, and aesthetic theory. All activities are selected to help students meet the goals of the program and develop the capability of becoming leaders in the field.

**Preliminary Reviews:** Reviews of the student's performance in courses and development of research skills, artistic skills and teaching competencies are conducted by the supervisory committee at the end of each semester.

### Comprehensive Examinations:

Examinations are composed of written and oral components centering on theatre history, literature and criticism, theatre and performance of the Americas and the research area.

### Dissertation Requirements:

A dissertation based on original high-quality research work demonstrating proficiency in the student's special field is required.

**Admission Requirements:**

Applicants must fulfill the requirements of the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a master's degree in a relevant area from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's program and a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- curriculum vitae
- GRE scores
- sample of scholarly writing
- statement of purpose
- three letters of recommendation from professionals familiar with the student's work
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

The statement of purpose should address the student's background and experiences as they relate to the student's reasons for pursuing the doctorate, and it should describe the student's research interests and indicate future career goals.

An interview is strongly recommended.

Students should see the program website for application deadlines.

**Urban Design, MUD (ARMUDMUD)**

**Online Degree Search Title:** Urban Design, MUD

**Campus:** Tempe

**Program Description:**

The MUD is a transdisciplinary postprofessional graduate program in The Design School. Students study newly emerging research and applied practices from the disciplines of architecture, landscape architecture, ecology, law, civil engineering, planning, public programs, systems theory and real estate development.

The curriculum is built around the analysis and understanding of contemporary urban conditions specific to rapidly urbanizing and arid regions of the world. The program leverages a number of local factors --- the rapidly expanding Phoenix metropolis, the arid climate, and the area's cultural diversity --- in the development of responsible global initiatives and innovative design strategies for urban environments.

**Degree Requirements:**

45 credit hours and a thesis, or 45 credit hours including the required applied project course (MUD 593), or 45 credit hours including the required

capstone course (MUD 622).

Students should see the academic unit for the course list.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- portfolio
- letter of intent
- three references
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English is required to submit proof of English Proficiency through either the TOEFL or the IELTS. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Other information for international applicants can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Applicants who hold a studio-based four-year undergraduate design degree will be considered for the two-year MUD program. The Master of Urban Design is a postprofessional program.

Applicants must hold an undergraduate or graduate degree from a college or university recognized by ASU in a studio-based design discipline.

The portfolio, letter of intent and contact information for three references need to be submitted to SlideRoom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). The Design School requires that these be submitted in addition to the graduate admission application requirements.

Admission to the program is selective. Admission cannot be deferred; students must enroll in the semester for which they are admitted, otherwise they will need to go through the entire application process again for the year in which they are applying.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. This may cause the student to take longer than two years to complete the program.

A personal interview is not required; however, a candidate wishing to visit the school is welcome, and the candidate should make arrangements by contacting the department.

**Online Degree Search Title:** Visual Communication Design, MVCD

**Campus:** Tempe

**Program Description:**

The MVCD is a studio-based degree program. Students in this program work on strategic visual communication design projects with a focus on the development of visual language systems firmly grounded on the principles of information design, typography and interaction design. Students engage in visual and theoretical research, ideation, visualization, prototyping and testing of creative solutions that address critical problems faced in the contemporary visual world.

Graduates of this program are adept in working with fundamental principles of visual communication design, emotional intelligence and systems thinking in problem identification and its appropriate contextual solutions. They pursue professional practice in visual communication and multimedia industry as well as in academia.

**Degree Requirements:**

60 credit hours including the required capstone course (GRA 622).

Required Core (43 credit hours)

Electives (6 credit hours)

Other Requirement (6 credit hours)

GRA 581 Internship in Teaching Design (3)

GRA 584 Internship (3)

Culminating Experience (5 credit hours)

GRA 622 Advanced Visual Communication Design Studio IV (5)

**Additional Curriculum Information**

The Master of Visual Communication Design program includes sequential studio courses. Requirements involve an average of 14 credit hours per semester. A summer internship is required during the summer prior to the final year.

The three-plus-year program adds the following requirement to the plan of study: deficiency courses (42 credit hours).

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Herberger Institute for Design and the Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution. Students should see below for information on the qualifications for a two-year program of study or a three-plus-year program of study.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- additional required application items submitted to SlideRoom (see below)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency through either the TOEFL or the IELTS. The minimum score for admission to the program is 80 (internet-based) or 550 (paper-based) on the TOEFL or an overall band score of 6.5 on the IELTS. Additional information can be found at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

A portfolio, letter of intent, resume, and contact information for three references need be submitted to SlideRoom (<https://asudesign.slideroom.com/#/Login> (<https://asudesign.slideroom.com/#/Login>)). The Design School requires that these be submitted in addition to the Graduate College application requirements.

Admission to the program is selective. Admission cannot be deferred. Students must enroll in the semester for which they are admitted; otherwise, they will need to go through the entire application process again for the year in which they are applying.

A personal interview is not required; however, a candidate wishing to visit the school is welcome and should make arrangements by contacting the Academic Catalog Archive 2019-2020

department.

#### Admission Requirements to the Two-Year Program

All applicants must have completed a minimum of a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited college or university of recognized standing in visual communication design or graphic design.

#### Admission Requirements to the Three-Plus-Year Program

All applicants must have earned a bachelor's degree (or equivalent) in a field other than in visual communication design or graphic design.

Applicants may be admitted to the two-year program with deficiencies if their previous coursework is not equivalent to the ASU undergraduate requirements and standards. Deficiencies must be completed prior to taking the required courses, if necessary. This may cause the student to take longer than two years to complete the program.

## Engineering, Ira A. Fulton Schools of

### Aerospace Engineering, MS (ESAEROSPMS)

**Online Degree Search Title:** Aerospace Engineering, MS

**Campus:** Tempe

#### Program Description:

The MS program in aerospace engineering prepares engineers for doctoral study or industrial positions that specialize in research, project management and product innovation in aerospace engineering. The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport phenomena; thermodynamics; and energy.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Aerospace Engineering (Aeronautics), BSE
- Aerospace Engineering (Astronautics), BSE
- Aerospace Engineering (Autonomous Vehicle Systems), BSE
- Mechanical Engineering, BSE
- Mechanical Engineering (Computational Mechanics), BSE
- Mechanical Engineering (Energy and Environment), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Major Area of Emphasis (12 or 15 credit hours)

Electives (6 or 9 credit hours)

Mathematics (6 credit hours)

Culminating Experience (0 or 6 credit hours)

MAE 599 Thesis (6) or  
portfolio (0)

#### Additional Curriculum Information

The aerospace engineering Master of Science program offers two culminating experience options: a thesis option and a nonthesis (portfolio) option.

All students are admitted to the nonthesis option unless a faculty thesis advisor is secured, at which time the student can initiate a change to the thesis option.

The plan of study must be in accordance with university and program requirements. A minimum cumulative GPA of 3.00 (scale is 4.00 = "A") is required throughout the program. Candidates for the program must complete a minimum of 30 credit hours of courses at the 500 level and above, with a minimum cumulative GPA of 3.00 or above.

Students completing a portfolio for the culminating experience must complete at least 15 credit hours of graduate MAE coursework (500 level and above) for the major area of emphasis requirement. An additional three credit hours of elective coursework (for a total of nine credit hours) is also required.

Coursework for the major area of emphasis is restricted to MAE coursework.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE score
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a minimum score of 80 on the internet-based TOEFL.

Admission to the aerospace engineering graduate program is highly competitive.

Admission to the 4+1 degree program requires a 3.50 ASU GPA (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review, and admission is not guaranteed.

#### **Contact Information:**

## **Aerospace Engineering, PHD (ESAERSPPHD)**

**Online Degree Search Title:** Aerospace Engineering, PhD

**Campus:** Tempe

#### **Program Description:**

The PhD in aerospace engineering emphasizes original research and provides students with a strong background for employment by academic institutions, government laboratories and industrial research laboratories with a focus on aerospace engineering. The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport phenomena; thermodynamics; and energy. Modern computational and laboratory facilities are available to support timely research investigations.

#### **Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

All students pursuing the PhD are required to pass both a qualifying and a comprehensive examination administered by the program committee. In addition, the following are required:

coursework directly related to the research area (18)  
mathematics (9)  
graduate courses outside the major research area (9)  
MAE 792 Research MAE 799 Dissertation credit hours (12)

Students in the doctoral program who have not completed an MS degree previously will be allowed to apply for a Master of Science in Passing after successfully completing the comprehensive exams.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from an accredited U.S. or international institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a minimum of score of 80 on the internet-based TOEFL.

Admission to the aerospace engineering doctoral program is highly competitive and preferred applicants have an undergraduate or MS degree in aerospace engineering or mechanical engineering. The admission process considers all aspects of the student's application. The typical successful applicant has at least a 3.25 cumulative GPA (scale is 4.00 = "A") in engineering and science coursework in a bachelor's or master's degree program and has high GRE and TOEFL scores.

**Contact Information:**

## Applied Ethics and the Professions (Ethics and Emerging Technologies), MA (LAAEPEETMA)

**Online Degree Search Title:** Applied Ethics (Ethics and Emerging Technologies), MA

**Campus:** Tempe

ASU is not currently accepting applications for this program.

**Program Description:**

The purpose of the MA program in applied ethics with a concentration in ethics and emerging technologies is to examine ethical challenges posed by emerging technologies, including nanotechnology, neurotechnology, biotechnology, robotics and advanced information and communication technology. Not only are these technologies being developed at an unprecedented pace, they also share several unique characteristics, including system complexity, social embeddedness and the potential to converge with one another. Emerging technologies will change how humans live and work and have the potential to alter the very nature of human existence. Challenges considered by courses in the program include:

- emerging technologies and public policy
- ethical responsibilities of professionals engaged in development of emerging technologies
- promise and perils of emerging technologies
- whether traditional ethical concepts and processes can and should be applied to emerging technologies

**Degree Requirements:**

30 credit hours including the required applied project course (AEP 593).

Required Core (6 credit hours)

Concentration (3 credit hours)

Elective (15 credit hours)

Culminating Experience (6 credit hours)

AEP 593 Applied Project (6)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores sent directly to Graduate Admission Services
- statement of interest in applied ethics and career goals
- three letters of recommendation

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must demonstrate proficiency in the English language by meeting the Graduate College English proficiency requirements. Applicants required to demonstrate English proficiency and who are seeking a teaching assistantship must demonstrate proficiency in spoken English; a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL is required.

**Biological Design, PHD (GCBDSPHD)**

**Online Degree Search Title:** Biological Design, PhD

**Campus:** Tempe

**Program Description:**

The PhD program in biological design seeks to develop a new type of scientist by training students in core disciplines related to biomedicine and biotechnology while simultaneously preparing them to participate successfully in the interdisciplinary research teams of the future.

The research emphasis is on projects that are use-inspired, contributing directly to solutions for important societal challenges. This is a highly mentored program of personalized study that provides significant interaction with the large and vibrant local research community.

There are four key distinguishing features of the curriculum:

- a personalized plan of study that allows students to explore the disciplinary and interdisciplinary areas of greatest interest
- encouragement to choose dissertation research projects that are use-focused, contribute to solving a large-scale challenge and promise rich transdisciplinary experiences
- opportunities to participate in a proseminar format to encourage broad research interactions and discuss problems and challenges in biological design research
- three 10-week laboratory rotations during the first year of study

Rotations can be in any ASU laboratory that is centered largely on biological research.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (3 credit hours)

BDE 702 Fundamentals of Biological Design II (3)

Other Requirements (2 credit hours)

BDE 598 Special Topics: Biological Design Seminar (1)

BDE 791 Seminar: Biological Design Proseminar (1)

Electives and Research (67 credit hours)

Culminating Experience (12 credit hours)

BDE 799 Dissertation (12)

Additional Curriculum Information

Other requirement courses may be substituted with approval of the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- personal statement
- resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

For GRE test scores, the institution code for ASU is 4007 and the departmental code is 0000. Subject test scores are also recommended but not required.

Three letters of recommendation relative to the candidate's academic career are required. The personal statement should reflect the candidate's career and educational goals and should explain why the candidate is interested in pursuing this degree. The resume should include prior research

and employment experience, honors, awards, memberships held, publications, etc.

For additional admission requirements, including transcripts, fees and international application requirements, students should see the Graduate Admission Services website.

## Biomedical Engineering, MS (ESBIOENMS)

**Online Degree Search Title:** Biomedical Engineering, MS

**Campus:** Tempe

**Program Description:**

The School of Biological and Health Systems Engineering faculty offer a graduate program leading to the MS in biomedical engineering.

Areas of study include:

- biomaterials, biosensors, biomarkers and biomimetic materials
- biomedical imaging
- molecular, cellular and tissue engineering
- neural and rehabilitation engineering
- synthetic and systems biology

Biomedical engineering offers an accelerated BSE and MS in the biomedical engineering degree program for students in the Bachelor of Science in Engineering program who have maintained a GPA of 3.50 (scale is 4.00 = "A") into their junior year. The program allows up to 12 credit hours of graduate-level coursework taken as technical electives during the senior year to be applied toward both the undergraduate and graduate degrees.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Biomedical Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours including the required applied project course (BME 593).

All candidates pursuing a master's degree in biomedical engineering are required to complete an approved plan of study. Special course requirements for the different areas of study are established by the faculty.

A candidate whose undergraduate degree is in a field other than biomedical engineering may be required to complete more than the required credit hours of the program of study.

The following are program requirements for the applied project option:

biomedical engineering coursework (13)  
biomedical engineering seminar (2)  
general electives (6)  
quantitative electives (6)  
applied project (3)

The following are program requirements for the thesis option:

biomedical engineering coursework (9)  
biomedical engineering seminar (3)  
general electives (6)  
quantitative electives (6)

thesis (6)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores
- resume or curriculum vitae
- a statement of purpose
- two letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Biomedical Engineering, PHD (ESBIOENPHD)

**Online Degree Search Title:** Biomedical Engineering, PhD

**Campus:** Tempe

**Program Description:**

The School of Biological and Health Systems Engineering faculty offer a graduate program leading to the PhD in biomedical engineering.

Areas of study include:

- biomaterials, biosensors, biomarkers and biomimetic materials
- biomedical imaging
- molecular, cellular and tissue engineering
- neural and rehabilitation engineering
- synthetic and systems biology

The doctoral degree in biomedical engineering is conferred upon evidence of excellence in research resulting in a scholarly dissertation that is a contribution to knowledge.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Bioengineering Courses (at least 18 credit hours)

Doctoral students are required to complete six credit hours from each of the following three areas:

BME graduate courses (BME prefix) (6)

life science/biology graduate courses (6)

quantitative math or engineering (6)

Other Requirement (3 credit hours)

BME 780 Teaching Practicum (3)

Technical Electives

No fewer than nine credit hours of coursework (as determined by the student's supervisory committee) must be selected from the list of 400- to 700-level courses that are not selected as required BME courses.

Research (37 credit hours)

BME 792 Research (37)

Seminar (5 credit hours)

BME 591 Seminar (5)

Culminating Experience (12 credit hours)

BME 799 Dissertation (12)

Additional Curricular Requirements

Up to six credit hours of the required biomedical engineering courses and technical electives combined may be at the 400 level.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores
- a statement of purpose
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students should view the School of Biological and Health Systems admissions checklist on the Arizona State University website for specific admission procedures and deadlines.

## Chemical Engineering, MS (ESCHEMEMS)

**Online Degree Search Title:** Chemical Engineering, MS

**Campus:** Tempe

### Program Description:

The chemical engineering faculty offer a graduate program leading to the MS in chemical engineering.

Areas of research emphasis include but are not limited to:

- atmospheric aerosols
- biomolecular engineering
- biosensors
- chemical therapies for neurodegenerative diseases
- composite material synthesis and characterization
- electrochemistry
- electronic materials processing
- engineering education
- flexible display technology
- fuel cells
- inorganic membranes
- process design and operations
- protein synthesis
- surface, interface and colloidal science
- transport phenomena in living systems
- water purification

A graduate handbook detailing information on graduate studies in chemical engineering is available on the school website. For additional details, students should contact the Graduate Advising Office in the School for Engineering of Matter, Transport and Energy.

### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Chemical Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

### Degree Requirements:

33 credit hours and a thesis, or 33 credit hours including the required applied project course (CHE 593).

Required Core (9 credit hours)

CHE 533 Transport Processes I (3)

CHE 543 Thermodynamics of Chemical Systems (3)

CHE 544 Chemical Reactor Engineering (3)

Technical Electives (15 or 18 credit hours)

Other Requirement (3 credit hours)

CHE 591 Seminar (3)

Culminating Experience (3 or 6 credit hours)

CHE 593 Applied Project (3)

CHE 599 Thesis (6)

Additional Curriculum Information

This degree has two options: a thesis option and a nonthesis option. The nonthesis option requires an applied project. Both options require a faculty advisor. All students are admitted to the nonthesis option until a faculty advisor has been secured and agrees to allow the student to change to the thesis option.

The composition of technical electives depends on the student's final culminating experience. At least one technical elective course of three credit

hours must be taken outside of chemical engineering, and the academic unit must approve all elective coursework in order for the credits to be utilized on the plan of study.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE score
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a minimum score of 90 on the internet-based TOEFL.

Admission to the 4+1 degree program requires a 3.50 ASU GPA (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review, and admission is not guaranteed.

## Chemical Engineering, PHD (ESCHEMEPHD)

**Online Degree Search Title:** Chemical Engineering, PhD

**Campus:** Tempe

**Program Description:**

The PhD in chemical engineering has areas of research emphases in:

- atmospheric aerosols
- biomolecular engineering
- biosensors
- chemical therapies for neurodegenerative diseases
- electrochemistry
- electronic materials processing
- engineering education
- flexible display technology
- fuel cells
- inorganic membranes
- process design and operations
- protein synthesis
- polymers and polymer composites
- surface, interface and colloidal science
- transport phenomena in living systems
- water purification

A graduate handbook detailing information on graduate studies in chemical engineering is available through the Graduate Advising Office of the School for Engineering of Matter, Transport, and Energy.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (9 credit hours)

CHE 533 Transport Processes I (3)

CHE 543 Thermodynamics of Chemical Systems (3)

CHE 544 Chemical Reactor Engineering (3)

Technical Electives (18 credit hours)

Other Requirements (5 credit hours)

CHE 591 Seminar (5)

Research (12 credit hours)

CHE 792 Research (12)

Additional Research/Electives (28 credit hours)

Culminating Experience (12 credit hours)

CHE 799 Dissertation (12)

Additional Curriculum Information

Technical electives are from within or outside the chemical engineering program.

**Admission Requirements:**

Applicants must fulfill both the requirements of the Graduate College and those of the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) is required to achieve a minimum score of 100 on the internet-based TOEFL.

Students should see the program website for application deadlines.

**Civil, Environmental and Sustainable Engineering, MS (ESCIVILMS)**

**Online Degree Search Title:** Civil, Environmental, and Sustainable Engineering, MS

**Campus:** Tempe

**Program Description:**

The faculty in civil, environmental and sustainable engineering offer a graduate program leading to an MS in civil, environmental and sustainable engineering. The program is designed to enhance the knowledge gained in the undergraduate program by requiring students to understand and practice fundamental concepts in engineering, mathematics and the basic sciences.

The pattern of coursework applicable to the degree is potentially unique for each student, although it must conform to the general guidelines for subject matter content for the degree as authorized here and on the program's website. Students are admitted to one of the following specialty areas in engineering: environmental, geotechnical, hydrosystems, structural, sustainable or transportation.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Civil Engineering, BSE
- Civil Engineering (Environmental Engineering), BSE
- Civil Engineering (Sustainable Engineering), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours and an applied project (CEE 593).

All candidates for the master's degree thesis option are required to complete 24 credit hours of approved graduate coursework and a minimum of six credit hours of CEE 599 Thesis. The written thesis must be original research in nature. Additional courses may be assigned by the graduate supervisory committee, depending on the background of the candidate. A final oral examination in defense of the thesis written work is required.

Candidates in the applied project option must complete 27 credit hours of approved graduate coursework and three credit hours of CEE 593 Applied Project.

Candidates in the comprehensive exam option must complete 30 credit hours of approved graduate coursework and complete a written comprehensive exam.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to this program if they have earned a bachelor's or master's degree with a major in engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program. Applicants with a lower GPA may be admitted provisionally at the discretion of the admission committee.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Those seeking a teaching assistantship must demonstrate proficiency in spoken English with a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL.

The student's credentials for admission are evaluated by the graduate program chair and a committee chaired by the specialty area coordinator. A student whose undergraduate degree is not in civil engineering is required to take appropriate undergraduate courses as deficiency courses to establish a base of knowledge in the discipline. Deficiencies for admission to the graduate degree program are specified at the time of admission, and details can be obtained at the graduate studies section of the program's website.

Prospective students should note the following two requirements need to be met for consideration for admission: minimum score in the quantitative section of 155 and minimum combined score for the quantitative and verbal sections of 301. More information regarding how to send official GRE scores is on the Graduate Admission Services website.

Applicants are encouraged to submit a resume and personal statement.

## Civil, Environmental and Sustainable Engineering, MSE (ESCIVILMSE)

**Online Degree Search Title:** Civil, Environmental and Sustainable Engineering, MSE

**Campus:** Tempe, Online

ASU is not currently accepting applications for this program.

**Program Description:**

The faculty in civil, environmental and sustainable engineering offer a professional program leading to an MSE in civil, environmental and sustainable engineering. The program is designed to bridge the gap between knowledge of engineering sciences and creative engineering practice and increase the depth and breadth of knowledge in selected areas of emphasis.

The pattern of coursework applicable to the degree is potentially unique for each student, although it must conform to the general guidelines for subject matter content for the degree as authorized here, on the program's website and in the program's graduate handbook. Students are admitted to one of the following specialty areas of engineering: environmental, geotechnical, hydrosystems, structural, sustainable or transportation.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Civil Engineering, BSE
- Civil Engineering (Environmental Engineering), BSE
- Civil Engineering (Sustainable Engineering), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a written comprehensive exam.

All candidates for the master's degree are required to complete approved graduate coursework.

Additional courses may be assigned by the graduate supervisory committee depending on the background of the candidate.

Details of the comprehensive written examinations for the different specialty areas can be obtained at the graduate studies section of the program's website.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, with a major in engineering or a closely related program, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Those seeking a teaching assistantship must demonstrate proficiency in spoken English with a score of 55 or better on the Speaking Proficiency English Assessment

Kit or a score of 26 on the speaking portion of the TOEFL.

A student whose undergraduate degree is not in civil engineering is required to take appropriate undergraduate courses as deficiency courses to establish a base of knowledge in the discipline. Deficiencies for admission to the graduate degree programs are specified at the time of admission and details can be obtained in the graduate studies section of the program's website.

Applicants with a lower GPA may be provisionally admitted at the discretion of the admission committee.

Prospective students should note that GRE scores are used in the admission decision. The average scores for those who were admitted to the graduate programs over the last five years are 732 for MS/MSE and 751 for PhD (GRE General Test) or 157 for MS/MSE and 159 for PhD (GRE revised General Test) in the quantitative section; 1203 for MS/MSE and 1239 for PhD (GRE General Test) or 308 for MS/MSE and 311 for PhD (GRE revised General Test) as combined quantitative and verbal scores.

More information regarding how to send official GRE scores to the Graduate College can be found at <https://admission.asu.edu/contact/faqs#graduate> (<https://admission.asu.edu/contact/faqs#graduate>).

Students' credentials for admission are evaluated by the graduate program chair and a committee chaired by the specialty area coordinator.

## Civil, Environmental and Sustainable Engineering, PHD (ESCIVILPHD)

**Online Degree Search Title:** Civil, Environmental and Sustainable Engineering, PhD

**Campus:** Tempe

**Program Description:**

The faculty in civil, environmental and sustainable engineering offer a graduate program leading to the PhD in civil, environmental and sustainable engineering. A broad range of theoretical and experimental research programs have been established in civil and environmental engineering to prepare graduate students for careers in professional practice and research. These programs are constantly evolving with the changes in society and the profession, and many are transdisciplinary in nature.

The pattern of coursework applicable to the degree is potentially unique for each student, although it must conform to the general guidelines for subject matter content for the degree as authorized here and in the program's graduate handbook. Students are admitted to one of the following specialty areas in engineering: environmental, geotechnical, hydrosystems, structural, sustainable and transportation.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

All candidates for the doctorate are required to complete 84 approved graduate credit hours; of these, 30 credit hours can be from the previously awarded master's degree. Additional graduate credit work may be assigned by the graduate supervisory committee, depending on the background of the candidate.

The graduate credit hours must include a minimum of 12 credit hours of research and 12 credit hours of dissertation work.

This degree program also requires written and oral comprehensive examinations and approval of the dissertation prospectus for the student to be eligible for doctoral candidacy.

After entering candidacy, the student completes the research, and writes and successfully defends the written dissertation.

A final oral examination in the defense of the dissertation work is required for all students.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a master's degree in engineering or a closely related master's degree program from a regionally accredited institution. Exceptionally qualified students with a bachelor's degree may be admitted to the doctoral program.

Applicants must have a minimum of a 3.20 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.20 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- three letters of recommendation
- a resume
- a personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Those seeking a teaching assistantship must demonstrate proficiency in spoken English with a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL.

A student whose undergraduate or master's degree is not in civil engineering is required to take appropriate undergraduate or graduate courses as deficiency courses, to establish a base of knowledge in the discipline. Deficiencies for admission to the program are specified at the time of admission, and details can be obtained at the graduate studies section of the program's website.

Prospective students should note that GRE scores are used in the admission decision. The average scores for those who were admitted to the graduate programs over the last five years are 732 for MS/MSE and 751 for PhD (GRE General Test) or 157 for MS/MSE and 159 for PhD (GRE revised General Test) in the quantitative section; 1203 for MS/MSE and 1239 for PhD (GRE General Test) or 308 for MS/MSE and 311 for PhD (GRE revised General Test) as combined quantitative and verbal scores. More information regarding how to send official GRE scores to Graduate Admission Services can be found at <https://admission.asu.edu/contact/faqs#graduate> (<https://admission.asu.edu/contact/faqs#graduate>).

Students' credentials for admission are evaluated by the graduate program chair and a committee chaired by the specialty area coordinator.

## Computer Engineering (Computer Systems), MS (ESCENCMS)

**Online Degree Search Title:** Computer Engineering (Computer Systems), MS

**Campus:** Tempe

**Program Description:**

The MS in computer engineering is a transdisciplinary program that builds on the fundamentals of computer science, electrical engineering, applied mathematics and physical sciences. Graduates of this program will have the knowledge and skills necessary to advance the design, system integration, testing, evaluation and deployment of state-of-the-art hardware and software for systems that include computing, communications and networking (wired and wireless), control functions, sensing, signal processing and actuation.

The program is intended for students who want to gain knowledge deeper than that provided at the bachelor's degree level and sufficient for designing and implementing state-of-the-art systems in industrial research and development positions. The program is also appropriate for students contemplating future doctoral study and desiring to gain experience in research. Master's degree program graduates may work under the direction of scientists and engineers who hold doctorates in high-tech lab settings assisting in developing innovative products and systems that require strong foundational knowledge in the underlying sciences and the ability to synthesize and analyze engineering principles as they relate to the development of new computer engineering technology.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Computer Systems Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam.

Required Core (6 credit hours)

CSE 551 Foundations of Algorithms (3)

EEE 554 Random Signal Theory (3)

Electives (18-24 credit hours)

Culminating Experience (0-6 credit hours)

CEN 599 Thesis (6) or

written comprehensive exam

Additional Curriculum Information

This program has a thesis and a nonthesis option for the culminating experience. Students in the nonthesis option take 24 credit hours of electives and students in the thesis option take only 18 credit hours to reach the 30 credit hour requirement. Electives are selected in consultation with the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a master's degree from a regionally accredited college or university of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement that indicates professional goals and reasons for desiring to enroll in the program
- GRE required if undergraduate program is not ABET-accredited (<http://www.abet.org/> (<http://www.abet.org/>))
- letters of recommendations are optional
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score. Students should see <https://students.asu.edu/graduate/proficiency> (<https://students.asu.edu/graduate/proficiency>) for more information.

A GRE score is required unless the student has graduated with an undergraduate degree in computer science or computer systems engineering at ASU. Students (international and domestic) are also exempt from taking the GRE who have degrees from an ABET-accredited program (from U.S. or overseas institutions) and meet the minimum GPA requirements of the academic units. Students who do not meet these requirements as outlined will be required to take the GRE.

Depending upon an applicant's prior academic preparation and accomplishments, it is recommended that students consider taking the following courses to ensure adequate background preparation:

CSE 230 Computer Organization and Assembly Language Programming

CSE 310 Data Structures and Algorithms

EEE 203 Signals and Systems I

EEE 335 Analog and Digital Circuits

MAT 243 Discrete Mathematical Structures

A reading list of the topics covered in the placement exam will be provided in advance.

Students should see the program website for application deadlines.

## Computer Engineering (Computer Systems), PHD (ESCENCPHD)

**Online Degree Search Title:** Computer Engineering (Computer Systems), PhD

**Campus:** Tempe

### Program Description:

The PhD in computer engineering is a transdisciplinary program that builds on the fundamentals of computer science, electrical engineering, applied mathematics and physical sciences. Graduates of this program will have the knowledge and skills necessary to fundamentally advance and develop new paradigms for the design, system integration, testing, evaluation and deployment of state-of-the-art hardware and software for systems that include computing, communications and networking (wired and wireless), control functions, sensing, signal processing and actuation.

The program in computer engineering with a concentration in computer systems is intended for students with excellent ability in mathematics and physical science who are interested in gaining an in-depth knowledge of the foundational principles of engineering and pursuing a career in academia, research or highly technical entrepreneurial innovation. This doctoral program provides broader and more in-depth preparation than the MS programs, in anticipation of a demonstrated ability to independently pursue more creative and substantive innovation with higher impact.

### Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

CSE 551 Foundations of Algorithms (3)

EEE 554 Random Signal Theory (3)

Concentration and Electives (54 credit hours)

Research (12 credit hours)

CEN 792 Research (12)

Culminating Experience (12 credit hours)

CEN 799 Dissertation (12)

Additional Curriculum Information

Concentration and elective courses are selected in consultation with the academic unit. Students must complete at least 18 credit hours of approved graduate courses from science and engineering. Additionally, students must complete at least 24 credit hours of approved computer engineering area courses, 12 credit hours of which must be courses noted with M\* or D\* from the six computer engineering areas, with no more than six credit hours noted with M\*.

A maximum of six credit hours of CEN 790 Reading and Conference may be applied to the plan of study.

This program requires a qualifying exam. Students should see the academic unit for information on timelines and satisfactory progress standards.

For more information, students should visit <https://cidse.engineering.asu.edu/forstudent/prospective-students/computer-engineering/> (<https://cidse.engineering.asu.edu/forstudent/prospective-students/computer-engineering/>).

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited institution of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- personal statement
- three letters of recommendation
- official transcripts

- GRE scores
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The TOEFL is required for an applicant whose native language is not English: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The personal statement should explain the professional goals and reasons for desiring to enroll in the doctoral program as well as describing any research experiences and indicating personal research interest.

Students (international and domestic) are exempt from taking the GRE if they have degrees from an ABET-accredited program (from U.S. or overseas institutions) and meet the minimum GPA requirements of the academic units. Students who do not meet these requirements as outlined will be required to take the GRE.

Depending on prior academic preparation and accomplishments of an applicant, it is recommended that students consider taking the following courses to ensure adequate background preparation:

CSE 230 Computer Organization and Assembly Language Programming

CSE 310 Data Structures and Algorithms

EEE 203 Signals and Systems I

EEE 335 Analog and Digital Circuits

MAT 243 Discrete Mathematical Structures

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Electrical Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours and a written comprehensive exam - MIP.

Required Core (6 credit hours)

CSE 551 Foundations of Algorithms (3)

EEE 554 Random Signal Theory (3)

Electives (18-24 credit hours)

Culminating Experience (0-6 credit hours)

CEN 599 Thesis (6) or  
written comprehensive exam

Additional Curriculum Information

This program has a thesis and a nonthesis option for the culminating experience. Students in the nonthesis option take 24 credit hours of electives, and students in the thesis option take only 18 credit hours to reach the 30 credit hour requirement. Electives are selected in consultation with the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a master's degree from a regionally accredited college or university of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- three letters of recommendation (optional)
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The personal statement should indicate professional goals and reasons for desiring to enroll in the program.

Students who hold a U.S. ABET-accredited undergraduate degree are not required to submit GRE scores.

**Program Description:**

Computer engineering is a transdisciplinary program that builds on the fundamentals of computer science, electrical engineering, applied mathematics, and physical sciences. Graduates of this program have the knowledge and skills necessary to fundamentally advance and develop new paradigms for the design, system integration, testing, evaluation and deployment of state-of-the-art hardware and software for systems that include computing, communications and networking (wired and wireless), control functions, sensing, signal processing and actuation.

The PhD program is intended for students with excellent ability in mathematics and physical science who are interested in gaining an in-depth knowledge of the foundational principles of engineering and pursuing a career in academia, research or highly technical entrepreneurial innovation. This doctoral program provides a broader and more in-depth preparation than the MS programs, in anticipation of a demonstrated ability to independently pursue more creative and substantive innovation with higher impact.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

CSE 551 Foundations of Algorithms (3)

EEE 554 Random Signal Theory (3)

Concentration and Electives (54 credit hours)

Research (12 credit hours)

CEN 792 Research (12)

Culminating Experience (12 credit hours)

CEN 799 Dissertation (12)

Additional Curriculum Information

Electives are selected in consultation with the academic unit. Students must complete at least 18 credit hours of approved graduate courses from science, engineering or mathematics and at least 24 credit hours of approved computer engineering courses.

A maximum of six credit hours of CEN 790 Reading and Conference may be applied to the plan of study.

This program requires a qualifying exam. Students should see the academic unit for information on timeline and satisfactory progress standards.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited institution of recognized standing in a related field such as computer engineering, computer science, computer systems engineering or electrical engineering.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum GPA of 3.50 (scale is 4.00 = "A") in the MS or MSE coursework for acceptance into the doctoral program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL is required for applicants whose native language is not English: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Students who hold a U.S. ABET-accredited undergraduate degree are not required to submit GRE scores.

## **Computer Science, MCS (ESCOMSCMCS)**

**Online Degree Search Title:** Computer Science, MCS

**Campus:** Tempe, Online

#### **Program Description:**

The MCS is an advanced degree program targeted at students with an undergraduate education in computing and related disciplines who can best profit from further breadth and background in computer science. The Master of Computer Science program also affords an opportunity for students employed in industry to seek a breadth of advanced education in computer science.

The program reflects the dual nature of computer science as a scientific and engineering discipline by allowing emphasis on theory as well as practical applications. Students can study topics such as:

- artificial intelligence
- bioinformatics
- cloud and distributed computing
- computer-aided geometric design
- computer design and architecture
- computer graphics
- computer networks
- cyber-physical and embedded systems
- cyber security
- database management and information retrieval
- database systems
- data mining and machine learning
- distributed computing and operating systems
- embedded systems
- health operations and informatics
- imaging, graphics and visualization
- information assurance and security
- intelligent information integration
- multimedia
- network algorithms
- personalized learning and educational games
- simulation modeling and systems
- social computing
- software engineering
- statistical modeling
- theory and algorithms

#### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### **Degree Requirements:**

30 credit hours and a portfolio.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Electives or Research (21 credit hours)

Culminating Experience (0 credit hours)

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems.

Students choose 21 credit hours of other elective or research coursework approved by their academic advisor. Coursework selected as part of the area core may not be used as elective coursework on the same plan of study.

At least 24 of these hours must be CSE 5XX credits at ASU. A maximum of four CSE 598 courses are allowed as elective coursework, which cannot include courses taken at the undergraduate level. Up to six credit hours of 400-level courses may be applied to the plan of study. All 30 credit hours must be from formal coursework. CSE 590 is not allowed as part of the MCS program plan of study.

All MCS program students must complete a project portfolio from three courses in which the student received a "B" (3.00) grade or higher.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores (optional, but strongly recommended for Tempe campus applicants)
- statement of purpose OR curriculum vitae
- letters of recommendation (optional, but strongly recommended for Tempe campus applicants)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00="A") or higher within two semesters of admission to the program. Deficiency courses include:

- CSE 230 Computer Organization and Assembly Language Programming (3)
- CSE 310 Data Structures and Algorithms (3)
- CSE 330 Operating Systems (3)
- CSE 340 Principles of Programming Languages (3), or CSE 355 Introduction to Theoretical Computer Science (3)

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/computer-science-mcs/>)

## Computer Science, MS (ESCOMSCMS)

**Online Degree Search Title:** Computer Science, MS

**Campus:** Tempe

**Program Description:**

The MS in computer science is a research-oriented degree program targeted toward students with an undergraduate education in the science of computation. It provides instruction in advanced coursework and emphasizes research by the student. Students can conduct cutting-edge research in a wide variety of research areas including:

- artificial intelligence
- bioinformatics

- cloud and distributed computing
- computer design and architecture
- computer graphics
- computer networks
- computer-aided geometric design
- cyber-physical and embedded systems
- cyber security
- data mining and machine learning
- database management and information retrieval
- database systems
- distributed computing and operating systems
- embedded systems
- health operations and informatics
- imaging, graphics and visualization
- information assurance and security
- intelligent information integration
- multimedia
- network algorithms
- personalized learning and educational games
- simulation modeling and systems
- social computing
- software engineering
- statistical modeling
- theory and algorithms

#### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### **Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Electives (15 or 21 credit hours)

Culminating Experience (0 or 6 credit hours)

CSE 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems. Courses selected as part of the core may not be used as other elective coursework on the same plan of study.

Students complete a thesis or portfolio for the culminating experience. Students in the thesis option take 15 credit hours of electives, and students in the portfolio option take 21 credit hours of electives. The project portfolio is developed from three courses in which the student received a "B" grade (3.00 on a 4.00 scale) or higher. Students should see the academic unit for additional information and requirements.

For thesis students, nine of the 15 credit hours of electives must be courses in a chosen research area and approved by the student's academic advisor. Up to six credit hours can be independent study in CSE 590 Reading and Conference.

Students will complete a minimum of 30 credit hours for the program. At least 24 of these credit hours must be 500-level CSE courses at ASU. Up to six credit hours of 400-level courses may be applied to the plan of study.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area from a regionally accredited institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- scores for the GRE
- three letters of recommendation
- a statement of purpose
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

If the student has graduated with an undergraduate degree in computer science or computer systems engineering at ASU, GRE scores are not required.

If the student is assigned any deficiency coursework upon admission, those classes must be completed with a grade of "B" (scale is 4.00 = "A") or higher within two semesters of admission to the program. Deficiency courses are:

CSE 230 Computer Organization and Assembly Language Programming

CSE 310 Data Structures and Algorithms

CSE 330 Operating Systems

CSE 340 Principles of Programming Languages

CSE 355 Introduction to Theoretical Computer Science

CSE 360 Introduction to Software Engineering

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Computer Science, PHD (ESCOMSCPHD)

**Online Degree Search Title:** Computer Science, PhD

**Campus:** Tempe

**Program Description:**

The PhD program in computer science prepares students to undertake fundamental and applied research in computer science.

Students can conduct cutting-edge research in a wide variety of research areas, including:

- artificial intelligence
- bioinformatics
- cloud and distributed computing
- computer design and architecture
- computer graphics
- computer networks
- computer-aided geometric design
- cyber-physical and embedded systems

- cyber security
- data mining and machine learning
- database management and information retrieval
- database systems
- distributed computing and operating systems
- embedded systems
- health operations and informatics
- imaging, graphics and visualization
- information assurance and security
- intelligent information integration
- multimedia
- network algorithms
- personalized learning and educational games
- simulation modeling and systems
- social computing
- software engineering
- statistical modeling
- theory and algorithms

Graduates are prepared for careers in academia, government and industry.

### **Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core Areas (15 credit hours)

architecture and networked systems (3)

intelligent and interactive systems (3)

data and information systems (3)

software and information assurance (3)

foundations of computation and algorithms (3)

Depth (6 credit hours)

six additional credit hours in one core area (6)

Electives (33 - 39 credit hours)

Research (12 - 18 credit hours)

CSE 792 Research (12-18)

Culminating Experience (12 credit hours)

CSE 799 Dissertation (12)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area. Courses that are used to satisfy the core area requirement cannot be used to satisfy electives or other requirements.

Students choose computer science electives in consultation with their graduate advisor. Up to 18 credit hours of CSE 590 and CSE 790 are allowed on the plan of study. Additional restrictions may apply to electives course selection.

When approved by the academic unit and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree.

A maximum of six credit hours of 400-level coursework may be applied to the plan of study.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area. Most applicants should have earned a master's degree, but exceptional undergraduate applicants may be admitted directly into the doctoral program.

Applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from every university attended
- scores for the GRE
- three letters of recommendation
- a statement of purpose
- curriculum vitae or resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency.

If the student has graduated with an undergraduate degree in computer science or computer systems engineering from ASU, GRE scores are not required.

If the student is assigned any deficiency coursework upon admission, those classes must be completed with a grade of "B" or higher (scale is 4.00 = "A") within two semesters of admission to the program. Deficiency courses are:

CSE 230 Computer Organization and Assembly Language Programming

CSE 310 Data Structures and Algorithms

CSE 330 Operating Systems

CSE 340 Principles of Programming Languages

CSE 355 Introduction to Theoretical Computer Science

CSE 360 Introduction to Software Engineering

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Computer Science (Arts, Media and Engineering), MS (ESAMECSMS)

**Online Degree Search Title:** Computer Science (Art, Media and Engineering), MS

**Campus:** Tempe

**Program Description:**

The MS program in computer science with a concentration in arts, media and engineering emphasizes research on the integration of the human physical experience with computation and digital media.

Arts, media and engineering researchers produce experiential media systems and models that assist the disadvantaged, empower creativity, enhance scientific discovery, evolve human ability, facilitate learning, and improve quality of life. Within these application areas, researchers explore experiential construction, interaction and feedback, knowledge creation, sensing, perception and modeling.

The purpose of the arts, media and engineering concentration under the master's degree in computer science is to train hybrid engineering-arts graduates who get their inspiration from the arts and their methodology from computer science and engineering. Students specialize in transdisciplinary media development. More information about the arts, media and engineering concentration can be found at <https://artsmediaengineering.asu.edu> (<https://artsmediaengineering.asu.edu/>).

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Computer Science, BS

Computer Science (Cybersecurity), BS

Computer Science (Software Engineering), BS

Computer Systems Engineering, BSE

Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Concentration (9 credit hours)

Electives or Research (6 credit hours)

Culminating Experience (6 credit hours)

AME 599 Thesis (2)

CSE 599 Thesis (4)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems.

Students complete nine credit hours of arts, media and engineering concentration courses selected in consultation with the student's graduate advisor. Courses that are used to satisfy the concentration requirement on the plan of study cannot be used to satisfy the core requirement. Additionally, courses selected as part of the core or concentration may not be used as other elective coursework on the same plan of study.

Students complete a minimum of 30 credit hours for the program. At least 24 of these credit hours must be 500-level CSE courses at ASU. Up to six credit hours of 400-level courses may be applied to the plan of study.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- statement of purpose
- curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

GRE scores are not required if the student has graduated with an undergraduate degree in computer science or computer systems engineering at ASU.

The statement of purpose must address the transdisciplinary nature of the arts, media and engineering program. Applicants should explain in a concise and persuasive manner how their educational, professional and personal experiences inform their research and creative interests, writing on any aspect of their background that supports candidacy to the program. For further information on how this statement can be expanded upon by students interested in a research assistantship or an integrative graduate education and research traineeship within arts, media and engineering, students should visit <https://artsmediaengineering.asu.edu> (<https://artsmediaengineering.asu.edu/>). Students should submit a curriculum vitae with the statement of purpose.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00 = "A") or higher within two semesters of admission to the program. Deficiency courses include:

CSE 230 Computer Organization and Assembly Language Programming  
Academic Catalog Archive 2019-2020

CSE 310 Data Structures and Algorithms  
CSE 330 Operating Systems  
CSE 340 Principles of Programming Languages  
CSE 355 Introduction to Theoretical Computer Science  
CSE 360 Introduction to Software Engineering

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## **Computer Science (Big Data Systems), MCS (ESCSEBDMCS)**

**Online Degree Search Title:** Computer Science (Big Data Systems), MCS

**Campus:** Tempe

**Program Description:**

The big data systems concentration under the MCS degree is designed for graduate students who want to pursue a thorough education in the area

of big data systems.

The program is designed to provide students the knowledge, skills and expertise in designing scalable systems (parallel, distributed and real time) for acquiring, storing, processing and accessing large-scale heterogeneous multisource data and in using analytical tools to mine information from the data.

Graduates will be able to choose and deploy the appropriate data management processing and analysis systems with a suitable structured or unstructured data model that a particular task and domain application needs. There is a growing need for data scientists and engineers who can architect, implement and manage large data systems, and graduates of this program will have a competitive advantage in securing employment.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a portfolio.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Concentration (9 credit hours)

CSE 510 Database Management System Implementation (3)

CSE 512 Distributed Database Systems (3)

CSE 572 Data Mining (3) or IEE 520 Statistical Learning for Data Mining (3)

Restricted Electives (6 credit hours)

Electives or Research (6 credit hours)

Culminating Experience (0 credit hours)

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for electives and each core area in applications, foundations and systems.

Coursework selected as part of the area core may not be used as elective coursework on the same plan of study. Students should check with their academic advisor to ensure that the total credit hours of their plan of study are equal to 30.

At least 24 of these hours must be CSE 5XX credits at ASU. A maximum of four CSE 598 courses may be allowed as elective coursework, which cannot include courses taken at the undergraduate level. All 30 credit hours must be from formal coursework (including CSE 591). CSE 590 will not be allowed as part of the Master of Computer Science program plan of study.

All Master of Computer Science program students must complete a project portfolio from three courses in which the student received a "B" grade (scale is 4.00 = "A") or higher.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores (optional, but strongly recommended)
- statement of purpose OR curriculum vitae
- letters of recommendation (optional, but strongly recommended)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00="A") or higher within two semesters of admission to the program. Deficiency courses include:

CSE 230 Computer Organization and Assembly Language Programming (3)

CSE 310 Data Structures and Algorithms (3)

CSE 330 Operating Systems (3)

CSE 340 Principles of Programming Languages (3), or CSE 355 Introduction to Theoretical Computer Science (3)

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Computer Science (Big Data Systems), MS (ESCSEBDMS)

**Online Degree Search Title:** Computer Science (Big Data Systems), MS

**Campus:** Tempe

#### Program Description:

The big data systems concentration under the MS degree program in computer science is designed for graduate students who want to pursue a thorough education and research in the area of big data systems.

The goal of this concentration is to provide students with the knowledge, skills and advanced research expertise in designing scalable (parallel, distributed and real-time) systems for acquiring, storing, processing and accessing large-scale heterogeneous multisource data and in using analytical tools to mine information from the data.

Graduates will be able to choose and deploy the appropriate data management processing and analysis systems with a suitable structured or unstructured data model that a particular task and domain application needs. This concentration program will provide a competitive advantage to secure employment as there is a growing need for data scientists and engineers who can architect, implement and manage large data systems.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Computer Science, BS

Computer Science (Cybersecurity), BS

Computer Science (Software Engineering), BS

Computer Systems Engineering, BSE

Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic

departments to apply.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Concentration (9 credit hours)

CSE 510 Database Management System Implementation (3)

CSE 512 Distributed Database Systems (3)

CSE 572 Data Mining (3) or IEE 520 Statistical Learning for Data Mining (3)

Restricted Electives (6 or 12 credit hours)

CSE 515 Multimedia and Web Databases (3)

CSE 546 Cloud Computing (3)

CSE 573 Semantic Web Mining (3)

CSE 575 Statistical Machine Learning (3)

CSE 591 Topic: Data Visualization (3)

Culminating Experience (0 or 6 credit hours)

CSE 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems.

Courses that are used to satisfy the concentration requirement on the plan of study cannot be used to satisfy the core requirement. Additionally, courses selected as part of the core or concentration may not be used as other elective coursework on the same plan of study.

Students complete a thesis or portfolio for the culminating experience. Students in the thesis option take six credit hours of electives and students in the portfolio option take 12 credit hours of electives. The project portfolio is developed from three courses in which the student received a "B" grade (3.00) or higher and should have significant content in big data systems. Students should see the academic unit for additional information and requirements.

Students complete a minimum of 30 credit hours for the program. At least 24 of these credit hours must be 500-level CSE courses at ASU. Up to six credit hours of 400-level courses may be applied to the plan of study.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE test scores
- three letters of recommendation
- statement of purpose
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Official TOEFL scores should be submitted from tests that must have been taken within the last two years (only required for those who did not graduate with a baccalaureate degree from an accredited U.S. institution). The TOEFL score must be valid on the first day of class for the term the student is applying for. CIDSE requires that TOEFL scores must be above 575 (paper) or 90 (iBT), or that the minimum IELTS is an overall band score of 7.0.

For international students, official GRE General test scores must be taken within the last five years.

All international records must be submitted in the original language accompanied by an official English translation. If the student has attended a U.S. institution, one set of official transcripts from every college and university attended, except ASU, is required.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00 = "A") or higher within two semesters of admission to the program. Deficiency courses include:

CSE 230 Computer Organization and Assembly Language Programming  
CSE 310 Data Structures and Algorithms  
CSE 330 Operating Systems  
CSE 340 Principles of Programming Languages  
CSE 355 Introduction to Theoretical Computer Science  
CSE 360 Introduction to Software Engineering

## Computer Science (Biomedical Informatics), MS (ESCSBIOIMS)

**Online Degree Search Title:** Computer Science (Biomedical Informatics), MS

**Campus:** Tempe

**Program Description:**

The MS program in computer science with a concentration in biomedical informatics is designed for graduate students who wish to specialize in such topics as genomics and computational systems biology. The concentration is transdisciplinary in nature, providing preparation that integrates technological expertise in the information sciences, computer science, biosciences, and statistics with an understanding of the clinical environment of the health care professional. The curriculum exposes computer science students to current issues in clinical practice as well as the use of information systems in health care settings.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Concentration (9 credit hours)

BMI 501 Introduction to Biomedical Informatics (3)

BMI 540 Problem Solving in Biomedical Informatics (3)

BMI 5XX approved elective in biomedical informatics (3)

Electives or Research (6 credit hours)

Culminating Experience (6 credit hours)

CSE 599 Thesis (6)

#### Additional Curriculum Information

Students focus their research in one of the following areas: bioinformatics, biomedical informatics, clinical informatics, imaging informatics or public health informatics.

Courses that are used to satisfy the concentration requirement on the plan of study cannot be used to satisfy the core requirement. Additionally, courses selected as part of the core or concentration may not be used as other elective coursework on the same plan of study. Students complete a minimum of 30 credit hours for the program. At least 21 of these credit hours must be 500-level CSE courses at ASU.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- statement of purpose
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via a TOEFL score.

The student must submit verbal, quantitative and analytical GRE scores (optional: subject test in computer science) unless the student has graduated with an undergraduate degree in computer science or computer systems engineering from ASU.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00 = "A") or higher within two semesters of admission to the program. Deficiency courses are:

CSE 230 Computer Organization and Assembly Language Programming  
CSE 310 Data Structures and Algorithms  
CSE 330 Operating Systems  
CSE 340 Principles of Programming Languages  
CSE 355 Introduction to Theoretical Computer Science  
CSE 360 Introduction to Software Engineering

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Computer Science (Cybersecurity), MCS (ESCSEIMCS)

**Online Degree Search Title:** Computer Science (Cybersecurity), MCS

**Campus:** Tempe, Online

#### Program Description:

The MCS program with a concentration in cybersecurity is designed for graduate students who want to pursue a thorough education in the area of cybersecurity and information assurance. The goal of this concentration is to provide students the knowledge and skills in science and engineering for cybersecurity, including computer and network security, software security, data and information security, applied cryptography and computer forensics.

The concentration in cybersecurity is an advanced degree designed for students with an undergraduate education in computing and related

disciplines and students employed in industry who can best profit from further breadth and background in computer science and information assurance. Graduates have a competitive advantage to secure employment.

According to the National Security Agency, information assurance is defined as the set of measures intended to protect and defend information and information systems by ensuring their availability, integrity, authentication, confidentiality and nonrepudiation. This includes providing restoration of information systems by incorporating protection, detection and reaction capabilities.

Information assurance courseware at ASU has been certified by the Information Assurance Courseware Evaluation Program to satisfy the standards for Information Systems Security Professionals (NSTISSI 4011) and Senior Systems Managers (CNSSI 4012). For more information on the scholarship programs, students should see <https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship> (<https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship>).

### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

### **Degree Requirements:**

30 credit hours and a portfolio.

Required Core Areas (9 credit hours)

- applications (3)
- foundations (3)
- systems (3)

Concentration (15 credit hours)

- CSE 539 Applied Cryptography (3)
- CSE 543 Information Assurance and Security (3)
- CSE 545 Software Security (3)
- CSE 548 Advanced Computer Network Security (3)

Choose one:

- CSE 466 Computer Systems Security (3)
- CSE 467 Data and Information Security (3)
- CSE 469 Computer and Network Forensics (3)
- CSE 531 Distributed and Multiprocessor Operating Systems (3)
- CSE 534 Advanced Computer Networks (3)
- CSE 565 Software Verification, Validation and Testing (3)

Electives or Research (6 credit hours)

Culminating Experience (0 credit hours)

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems.

Coursework selected as part of the area core may not be used as elective coursework on the same plan of study. Students should check with their academic advisor to ensure that the total credit hours of their plan of study are equal to 30.

The interactive plan of study must contain a minimum of 30 credit hours of approved graduate-level work. At least 24 of these hours must be CSE 5XX credits at ASU. A maximum of four CSE 598 courses may be allowed as elective coursework, which cannot include courses taken at the undergraduate level. All 30 credit hours must be from formal coursework (including CSE 591). CSE 590 will not be allowed as part of the MCS program.

All Master of Computer Science students must complete a project portfolio from three courses in which the student received a "B" grade (3.00) or higher.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.0 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores (optional, but strongly recommended)
- statement of purpose OR curriculum vitae
- letters of recommendation (optional, but strongly recommended)
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of their current residency) must provide proof of English proficiency.

Students assigned any deficiency coursework upon admission must complete those classes with a grade of "B" (scale is 4.00="A") or higher within two semesters of admission to the program. Deficiency courses include:

CSE 230 Computer Organization and Assembly Language Programming (3)

CSE 310 Data Structures and Algorithms (3)

CSE 330 Operating Systems (3)

CSE 340 Principles of Programming Languages (3), or CSE 355 Introduction to Theoretical Computer Science (3)

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Computer Science (Cybersecurity), MS (ESCSEIAMS)

**Online Degree Search Title:** Computer Science (Cybersecurity), MS

**Campus:** Tempe

**Program Description:**

The MS in computer science with a concentration in cybersecurity is designed for graduate students who want to pursue a thorough education in the area of cybersecurity and information assurance. The goal of this concentration is to provide students the knowledge and skills needed in science and engineering for cybersecurity. This includes computer and network security, software security, data and information security, applied cryptography and computer forensics. Graduates will have a competitive advantage to secure employment.

According to the National Security Agency, information assurance is defined as the set of measures intended to protect and defend information and information systems by ensuring their availability, integrity, authentication, confidentiality and nonrepudiation. This includes providing restoration of information systems by incorporating protection, detection and reaction capabilities.

Information assurance courseware at ASU has been certified by the Information Assurance Courseware Evaluation Program to satisfy the standards for Information Systems Security Professionals (NSTISSI 4011) and Senior Systems Managers (CNSSI 4012). For more information on the scholarship programs, students should see <https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship> (<https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship>).

### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Computer Science, BS
- Computer Science (Cybersecurity), BS
- Computer Science (Software Engineering), BS
- Computer Systems Engineering, BSE
- Computer Systems Engineering (Cybersecurity), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

### **Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Required Core Areas (9 credit hours)

applications (3)

foundations (3)

systems (3)

Concentration (9 credit hours)

CSE 543 Information Assurance and Security (3)

CSE 545 Software Security (3)

CSE 548 Advanced Computer Network Security (3)

Electives (6 or 12 credit hours)

Culminating Experience (0 or 6 credit hours)

CSE 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area in applications, foundations and systems.

Courses that are used to satisfy the concentration requirement on the plan of study cannot be used to satisfy the core requirement. Additionally, courses selected as part of the core or concentration may not be used as other elective coursework on the same plan of study.

Students complete a thesis or portfolio for the culminating experience. Students completing a portfolio take 12 credit hours of electives and must follow the academic unit's requirements for portfolio projects. Students should see the academic unit for more information.

Students complete a minimum of 30 credit hours for the program. At least 24 of these credit hours must be 500-level CSE courses at ASU. Up to six credit hours of 400-level courses may be applied to the plan of study.

Students must complete 15 credit hours of approved information assurance coursework. Students should see the School of Computing, Informatics and Decision Systems Engineering website for more information.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply for the program if they have earned a bachelor's or master's degree in computer science, computer engineering or a closely related area from a regionally accredited institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

## Computer Science (Cybersecurity), PHD (ESCSEIAPHD)

**Online Degree Search Title:** Computer Science (Cybersecurity), PhD

**Campus:** Tempe

#### Program Description:

The PhD program in computer science with a concentration in cybersecurity is designed for graduate students who want to pursue a thorough education in the area of cybersecurity and information assurance. The goal of this concentration is to provide students the knowledge and skills in science and engineering for cybersecurity, including:

- applied cryptography
- computer and network security
- computer forensics
- data and information security
- software security

Graduates will have a competitive advantage to secure employment. According to the National Security Agency, information assurance is defined as the set of measures intended to protect and defend information and information systems by ensuring their availability, integrity, authentication, confidentiality and nonrepudiation. This includes providing restoration of information systems by incorporating protection, detection and reaction capabilities.

ASU has been certified as a National Center of Academic Excellence in Information Assurance Education and a National Center of Academic Excellence in Information Assurance - Research by the National Security Agency and the Department of Homeland Security. Information assurance courseware at ASU has been certified by the Information Assurance Courseware Evaluation Program to satisfy the standards for Information Systems Security Professionals (NSTISSI 4011) and Senior Systems Managers (CNSSI 4012). For more information on the scholarship programs, students should see <https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship> (<https://globalsecurity.asu.edu/center-cybersecurity-and-digital-forensics/scholarship>).

#### Degree Requirements:

84 credit hours, a written comprehensive exam, a prospectus and a dissertation.

Required Core Areas (15 credit hours)

architecture and networked systems (3)

data and information systems (3)

foundations of computation and algorithms (3)

intelligent and interactive systems (3)

software and information assurance (3)

Depth (6 credit hours)

six additional credit hours in one core area (6)

Concentration (12 credit hours)

Electives (21 credit hours)

Research (18 credit hours)

Culminating Experience (12 credit hours)

CSE 799 Dissertation (12)

Additional Curriculum Information

Students should see the academic unit for the list of courses approved for each core area. Courses that are used to satisfy the core area requirement cannot be used to satisfy the concentration requirement or other requirements.

Students choose courses for the cybersecurity concentration in consultation with their graduate advisor. Students should refer to <https://cidse.engineering.asu.edu/forstudent/graduate/computer-science/> (<https://cidse.engineering.asu.edu/forstudent/graduate/computer-science/>) for more information on information assurance course options.

Up to 18 hours of CSE 590 and CSE 790 are allowed on the plan of study. Additional restrictions may apply to electives course selection.

When approved by the academic unit and the Graduate College, 30 credit hours from a previously awarded master's degree are allowed to be used for this degree.

A maximum of six credit hours of 400-level coursework may be applied on the plan of study.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in computer science, computer engineering or a closely related area. Most applicants should have earned a master's degree, but exceptional undergraduate applicants may be admitted directly into the doctoral program.

Applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from every university attended
- scores for the GRE
- three letters of recommendation
- a statement of purpose
- curriculum vitae or resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

GRE scores are not required if the student has graduated with an undergraduate degree in computer science or computer systems engineering from ASU.

If the student is assigned any deficiency coursework upon admission, those classes must be completed with a grade of "B" (scale is 4.00 = "A") or higher within two semesters of admission to the program. Deficiency courses include:

CSE 230 Computer Organization and Assembly Language Programming  
CSE 310 Data Structures and Algorithms  
CSE 330 Operating Systems  
CSE 340 Principles of Programming Languages  
CSE 355 Introduction to Theoretical Computer Science  
CSE 360 Introduction to Software Engineering

The applicant's undergraduate GPA and depth of preparation in computer science and engineering are the primary factors affecting admission.

## Construction Engineering, MSE (ESCONEMSE)

**Online Degree Search Title:** Construction Engineering, MSE

**Campus:** Tempe

**Program Description:**

The MSE in construction engineering is a transdisciplinary program that encompasses the areas of geotechnical engineering, structural engineering, transportation engineering, construction engineering and management-related topics. The degree program focuses on a combination of design and management topics that prepare the student for a career working at the interface of design and construction. The program is especially desirable to those students who are interested in a career emphasizing construction of infrastructure.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Civil Engineering, BSE
- Civil Engineering (Environmental Engineering), BSE
- Civil Engineering (Sustainable Engineering), BSE
- Construction Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a written comprehensive exam.

All candidates for the Master of Science in engineering are required to complete approved graduate coursework.

Additional courses may be assigned by the graduate supervisory committee depending on the background of the candidate.

Details of the comprehensive written examinations for the different specialty areas can be obtained on the graduate studies section of the program's website.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering or other closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00="A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00="A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores

- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must take the GRE and have their scores sent to Graduate Admission Services. Prospective students should note that the following two requirements need to be met for consideration for admission: minimum score in the quantitative section is 700 and a minimum combined quantitative and verbal score is 1100. More information regarding how to send official GRE scores to Graduate Admission Services can be found at <https://admission.asu.edu/graduate/apply> (<https://admission.asu.edu/graduate/apply>).

A student whose undergraduate degree is not in civil or construction engineering is required to take appropriate undergraduate courses as deficiency courses to establish a base of knowledge in the discipline. Deficiencies for admission to the graduate degree programs are specified at the time of admission and details can be obtained on the graduate studies section of the program's website.

Applicants with an undergraduate GPA lower than 3.00 may be provisionally admitted at the discretion of the admission committee.

## Construction Management, MS (ESCONSTMS)

**Online Degree Search Title:** Construction Management, MS

**Campus:** Tempe, Online

#### Program Description:

The faculty of the Del E. Webb School of Construction offer a graduate program leading to the MS in construction management. The transdisciplinary nature of the program allows a candidate's plan of study to reflect individual interests and career goals.

The primary objective of the program is to allow students with a bachelor's degree in construction or a related field such as architecture, business or engineering to broaden and improve their professional capabilities in construction. The program is designed to meet the growing need for professionals with advanced technical, management and applied research skills in the construction industry.

The facilities management specialty area supports the needs of the student desiring a career in the maintenance, operation, renovation or decommissioning of existing facilities. The construction management specialty area allows students seeking upper-level management positions in various sectors of the construction industry to improve their competency in project, program and company management areas.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Construction Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours and an applied project (CON 593).

Required Core (9 credit hours)

Project Management Core Area (3 credit hours)

CON 530 Facilities Operations and Maintenance (3)

CON 532 Facilities Project Management (3)

CON 545 Construction Project Management (3)

CON 551 Alternative Project Delivery Methods (3)

CON 557 Principles of Leadership for Project Managers (3)

Project Controls Core Area (3 credit hours)

CON 540 Construction Productivity (3)

CON 567 Advanced Procurement Systems (3)

CON 589 Construction Company Financial Control (3)

Construction Technology Core Area (3 credit hours)

CON 531 Facility Management: Building Energy Management (3)

CON 554 Trenchless Construction Methods (3)

CON 570 Introduction to Advanced Technology Facilities (3)

CON 571 Construction of Advanced Technology Facilities (3)

CON 575 Information Technology in Construction (3)

Electives or Research (15-21 credit hours)

Culminating Experience (0-6 credit hours)

CON 593 Applied Project (3)

CON 599 Thesis (6)

written comprehensive exam (0)

Additional Curriculum Information

Students chose one three-credit hour course from each of the core areas listed above for a total of nine credit hours. If a course is chosen as a core area course, it cannot be used as an elective course simultaneously.

The number of electives and research will be adjusted depending on the culminating experience chosen by the student.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- current resume
- an evaluation of the student's academic and professional background
- personal statement
- proof of English proficiency

## Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency by meeting the Graduate College English proficiency requirements. Applicants required to demonstrate English proficiency and seeking a teaching assistantship must demonstrate proficiency in spoken English, and a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL is required.

Applicants are expected to be competent in basic construction topics.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-construction-management/>)

## Construction Management, PHD (ESCONPHD)

**Online Degree Search Title:** Construction Management, PhD

**Campus:** Tempe

### Program Description:

The Del E. Webb School of Construction has one of the top construction management doctoral programs in the United States. It provides a rigorous education and teaching environment for students seeking an advanced degree. The doctoral degree program requires novel, independent research that broadly contributes to the construction management body of knowledge; transdisciplinary research is often required due to the nature of the topics studied.

Graduates of the Del E. Webb School of Construction's doctoral program have careers in architecture, engineering and construction industries, academia, and local, state and federal government.

### Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The doctoral program in construction typically requires three to four years of full-time study and research beyond the master's degree. Generally, students will be admitted into the doctoral program at or near the completion of their master's degree.

The program requires 84 credit hours post-bachelor's degree or 54 credit hours post-master's degree.

The program consists of:

- core construction courses
- elective courses
- a qualifying examination
- a written and oral comprehensive examination
- admission to candidacy
- successful defense of a dissertation prospectus and complete dissertation

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Students who hold a master's degree in a related field from a regionally accredited university or equivalent are eligible to apply for admission to the program. Only exceptional students will be admitted without a master's degree. Related fields include construction, civil engineering, architecture and business. At the discretion of the admission committee, students from other disciplines may be eligible as well. In addition, applicants are expected to be competent in construction topics.

Applicants must have a minimum of a 3.20 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE scores
- a current resume
- an evaluation of the student's academic and professional background
- masters' degree thesis abstract
- personal statement
- research interests
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants required to demonstrate English proficiency and seeking a teaching assistantship must demonstrate proficiency in spoken English; a score of 55 or better on the Speaking Proficiency English Assessment Kit or a score of 26 on the speaking portion of the TOEFL is required.

Applicants must take the GRE and have their official scores sent directly to Graduate Admission Services. More information regarding how to send official GRE scores can be found on the Graduate Admission Services website.

The personal statement should describe the applicant's career goals and research objectives.

## Electrical Engineering, MS (ESEEMS)

**Online Degree Search Title:** Electrical Engineering, MS

**Campus:** Tempe

ASU is not currently accepting applications for this program.

**Program Description:**

This program does not accept applications to the MS directly. Students should apply to the MSE program and, once admitted, consult with the Master of Science in Engineering program advisors if interested in the Master of Science program.

The electrical engineering faculty in the Ira A. Fulton Schools of Engineering offer a research program leading to the Master of Science in electrical engineering.

Graduate courses and programs are offered in the following six areas of specialization:

- control systems
- electric power and energy systems
- electromagnetics, antennas and microwave circuits
- electronic and mixed-signal circuit design
- physical electronics and photonics
- signal processing and communications

**Degree Requirements:**

30 credit hours and a thesis.

The credits earned toward this research degree must include a minimum of eight courses (24 credit hours minimum) and six hours of EEE 599 (thesis). As part of the eight courses, at least two should be outside the area of specialization.

Requirements include:

at least four EEE courses

at least two courses outside the area of specialization

at most two 400-level courses

at least three EEE 500-level courses

at most one EEE 590 Reading and Conference or FSE course

exam

A final oral examination in defense of the thesis completes the master's degree requirements.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students desiring the Master of Science in electrical engineering must initially apply to the Master of Science in Engineering program. Students who later obtain a research advisor may transfer to the Master of Science program.

#### **Contact Information:**

Engineering, Ira A. Fulton Schools of  
Electrical Engineering Program  
<https://ecee.engineering.asu.edu/>  
GWC 209  
askee@asu.edu

## **Electrical Engineering, MSE (ESEEMSE)**

**Online Degree Search Title:** Electrical Engineering, MSE

**Campus:** Tempe, Online

#### **Program Description:**

The electrical engineering faculty in the Ira A. Fulton Schools of Engineering offer a professional program leading to the MSE in electrical engineering. Graduate courses and programs are offered in the following six areas of specialization:

- control systems (not an option for the online degree but available to on-campus students)

- electric power and energy systems
- electromagnetics, antennas and microwave circuits
- electronic and mixed-signal circuit design
- physical electronics and photonics
- signal processing and communications

Courses are available on campus and online. The degree can be completed taking all classes on campus or all classes online.

A concurrent degree, the MBA/MSE in electrical engineering, is available as an online option. For more information, students should visit <https://wpcarey.asu.edu/mba-programs/online/concurrent-degrees> (<https://wpcarey.asu.edu/mba-programs/online/concurrent-degrees>).

#### **Concurrent Degrees:**

This degree is also offered as concurrent degree program with W. P. Carey MBA - Online Program

#### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Electrical Engineering, BSE

Electrical Engineering (Electric Power and Energy Systems), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### **Degree Requirements:**

30 credit hours and a written comprehensive exam.

The master's degree in electrical engineering is a professional degree requiring a minimum of 30 credit hours of coursework (a minimum of 10 classes) and a final comprehensive examination in the area of specialization. The examination is given each semester at the end of the sixth week of classes.

Requirements include:

at least five EEE courses

at least three EEE 500-level courses

at least two courses outside the area of specialization

at most one EEE 590 Reading and Conference or FSE course

at most two 400-level courses

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

The decision to admit a student who has earned a bachelor's degree from a program accredited by ABET to a master's degree program in electrical engineering is based on a number of factors. A minimum requirement is an undergraduate GPA of 3.00 (scale is 4.00 = "A") in the student's last two years of undergraduate work. A student whose undergraduate degree is not from an ABET-accredited program must have the equivalent of at least a 3.50 GPA in the last two years of undergraduate study and must score 156 or higher on the quantitative section of the GRE general test.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International students seeking teaching assistantships must demonstrate proficiency in spoken English by scoring at least 26 on the speaking portion of the iBT or 50 on the ASU-administered Speaking Proficiency English Assessment Kit.

Admission to electrical engineering graduate programs is highly competitive. Preferred applicants have an undergraduate degree in electrical engineering.

Applicants should see the program website for application deadlines.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-business-administration-master-science-engineering-electrical/>)

## Electrical Engineering, PHD (ESEEPHD)

**Online Degree Search Title:** Electrical Engineering, PhD

**Campus:** Tempe

**Program Description:**

The PhD in electrical engineering is awarded upon evidence of excellence in research leading to a scholarly dissertation that is a contribution to knowledge. Graduate courses and programs are offered in the following six areas of specialization:

- control systems
- electric power and energy systems
- electromagnetics, antennas and microwave circuits
- electronic and mixed-signal circuit design
- physical electronics and photonics
- signal processing and communications

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Doctoral students are required to complete 84 credit hours of academic credit beyond the bachelor's degree. The following summarizes the degree course requirements:

Master's degree (30 credit hours)  
from any accredited institution

Electives 500-level or above (18 credit hours)  
at least nine credit hours of EEE courses

Research Class or Omnibus Courses (12 credit hours)  
can be 400-level and above or  
EEE 792 Research (12)

Dissertation (12 credit hours)  
EEE 799 Dissertation (12)

**Additional Curriculum Information**

The 84 credit hours include 30 credit hours from the master's degree, a required 18 credit hours of doctoral coursework, 12 credit hours of research (EEE 792), and 12 credit hours (and only 12 credit hours) of dissertation (EEE 799).

The additional 12 credit hours can be more hours of research (EEE 792) or can be coursework as determined by the supervisory committee. At least half (nine credit hours) of the minimum requirement of 18 credit hours of doctoral coursework must be in electrical engineering. EEE 790 Reading and Conference can be used for no more than three credit hours toward the required 18 but does not count toward the nine hours of 500-level EEE classes required.

All courses counting toward the required 18-credit hour minimum must be at the 500 level or higher. Note: All courses having the prefix EEE 591 count as 400-level courses. No more than one three-hour reading and conference (EEE 790) course may be taken as part of the 18-hour requirement. The content of any proposed reading and conference course must be reviewed and approved by the electrical engineering graduate program chair before a student registers for the course.

A qualifying examination, a comprehensive exam and the dissertation defense are required. Additional information on the program can be found in the "Blue Student Guide" published and available on the program's website.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

In general, a student must have a least a 3.00 GPA (scale is 4.00 = "A") in all undergraduate coursework and at least a 3.50 GPA (scale is 4.00 = "A") in all graduate coursework for admission to the doctoral program. A student usually must hold a master's degree before being admitted to the doctoral program. Direct doctoral admission is available for students graduating from an ABET-accredited electrical engineering program with a GPA of 3.60 (scale is 4.00 = "A") or higher.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International students seeking teaching assistantships must demonstrate proficiency in spoken English by scoring at least 26 on the speaking portion of the internet-based TOEFL or 50 on the ASU-administered Speaking Proficiency English Assessment Kit.

A student whose master's degree is not from a U.S. institution must score 156 or higher on the quantitative section of the GRE General Test. A good score on the writing portion is considered desirable.

A student whose undergraduate degree is not in electrical engineering may need to take appropriate undergraduate courses to establish a baseline of knowledge in the discipline.

Applicants should see the program website for application deadlines.

## Electrical Engineering (Arts, Media and Engineering), MS (ESAMEMS)

**Online Degree Search Title:** Electrical Engineering (Art, Media and Eng), MS

**Campus:** Tempe

**Program Description:**

A concentration in arts, media and engineering has been established as a collaboration between the electrical engineering program at ASU and the Herberger Institute for Design and the Arts. This concentration is available for both MS and PhD students admitted to this program who take two-thirds of their course, research and thesis credits from the electrical engineering program and one-third of the credits from the arts, media and engineering program. All applicants are strongly encouraged to see the FAQ on this concentration available at <https://ecee.engineering.asu.edu/academics/doctoral-degrees/electrical-engineering-arts-media-and-engineering-m-s-ph-d/> (<https://ecee.engineering.asu.edu/academics/doctoral-degrees/electrical-engineering-arts-media-and-engineering-m-s-ph-d/>).

Electrical engineering students in the arts, media and engineering concentration undergo training toward integrating principles of digital signal processing, pattern recognition, computer vision and multimedia computing with transdisciplinary objectives, with the goal of enabling new paradigms of human-machine experience that directly address societal needs and facilitate knowledge. Examples include media-based intelligent systems for health care and well-being as well as promotion of environmentally sustainable practices. For more information, students should see <https://artsmediaengineering.asu.edu/research-and-initiatives> (<https://artsmediaengineering.asu.edu/research-and-initiatives>).

**Degree Requirements:**

30 credit hours and a thesis.

Eight courses are required for this program, typically five from EEE and three from AME. In addition, six credit hours of thesis are required, typically four credit hours from EEE and two from AME.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Students from ABET-accredited undergraduate programs who wish to be considered for a master's degree program must have a minimum GPA of 3.00 (scale is 4.00 = "A") in the last two years of undergraduate coursework. Students from undergraduate programs that are not accredited by ABET must have a minimum GPA of 3.50 (scale is 4.00 = "A") in the last two years of undergraduate coursework or have graduated first class with distinction and must score in the 90th percentile or higher on the quantitative section of the GRE general test.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International applicants seeking teaching assistantships must demonstrate proficiency in spoken English by scoring at least 26 on the speaking portion of the internet-based TOEFL or 50 on the ASU-administered Speaking Proficiency English Assessment Kit.

Applicants should submit materials that reflect the hybrid nature of the arts and engineering degree, including a statement of purpose and curriculum vitae demonstrating interest and relevant experience in the area. Applicants will have the opportunity to upload their curriculum vitae and statement of purpose when completing the online application. Additionally, the arts, media and engineering program requires three letters of recommendation from individuals familiar with the applicant's ability to succeed in a transdisciplinary research environment.

**Contact Information:**

## **Electrical Engineering (Arts, Media and Engineering), PHD (ESAMEPHD)**

**Online Degree Search Title:** Electrical Engineering (Art, Media and Eng), PhD

**Campus:** Tempe

**Program Description:**

A concentration in arts, media and engineering has been established as a collaboration between the electrical engineering program at ASU and the Herberger Institute for Design and the Arts. This concentration is available both for MS and PhD students admitted to this program. Students take two-thirds of their coursework from electrical engineering and one-third of the credits from the arts, media and engineering program.

All applicants are strongly encouraged to see the FAQ on this concentration available at <https://ecee.engineering.asu.edu/academics/doctral-degrees/electrical-engineering-arts-media-and-engineering-m-s-ph-d/> (<https://ecee.engineering.asu.edu/academics/doctral-degrees/electrical-engineering-arts-media-and-engineering-m-s-ph-d/>).

Electrical engineering students in the arts, media and engineering concentration undergo training toward integrating principles of digital signal processing, pattern recognition, computer vision and multimedia computing with transdisciplinary objectives, with the goal of enabling new paradigms of human-machine experience that directly address societal needs and facilitate knowledge. Examples include media-based intelligent systems for health care and well-being, as well as promotion of environmentally sustainable practices. For more information, students should see <https://artsmediaengineering.asu.edu/research-and-initiatives> (<https://artsmediaengineering.asu.edu/research-and-initiatives>).

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

The program requires the following:

a comprehensive examination

the dissertation defense

a qualifying examination

10 courses, typically seven from EEE and three from AME

12 credit hours of dissertation, typically eight credits from EEE and four from AME

12 credit hours of research, typically eight credits from EEE and four from AME

**Admission Requirements:**

Applicants must fulfill both the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants with a master's degree who wish to be considered for the doctoral program must have a minimum GPA of 3.50 (scale is 4.00 = "A") in their master's degree program. Applicants without a master's degree must have a minimum GPA of 3.60 (scale is 4.00 = "A") in the last two years of undergraduate coursework and have graduated from an ABET-accredited undergraduate program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International students seeking teaching assistantships must demonstrate proficiency in spoken English by scoring at least 26 on the speaking portion of the iBT or 50 on the ASU-administered Speaking Proficiency English Assessment Kit.

Applicants should submit materials that reflect the transdisciplinary nature of the arts and engineering degree, including a statement of purpose and curriculum vitae demonstrating interest and relevant experience in the area. Students will have the opportunity to upload their curriculum vitae and statement of purpose when completing the online application. Additionally, the arts, media and engineering program requires three letters of recommendation from individuals familiar with the applicant's ability to succeed in a transdisciplinary research environment.

## Engineering, MEng (ESENGRMENG)

**Online Degree Search Title:** Master of Engineering, MEng

**Campus:** Tempe, Online

**Program Description:**

When pursuing an MEng, students can customize their learning experience by selecting a curriculum that addresses their academic and professional goals. The master's degree program is designed for working professionals and is delivered entirely online to meet the unique needs of professional engineers. It is a practice-oriented degree program.

In the master's degree program, multiple emphasis areas are available with additional areas under development. Within each area, there are specific course requirements in addition to the general program requirements. Students can select one of several areas of study available, such as engineering management, quality, reliability and statistical engineering, and systems engineering.

Engineers who enter the master's degree program have the opportunity to gain valuable experience applicable to their industry while gaining an advanced degree. Convenience and flexibility are key advantages of this program. The Master of Engineering is a 30 credit hour degree program that does not require GRE results, a thesis or on-campus attendance; it is only available through distance learning. The degree program is supported through online courses available from the Ira A. Fulton Schools of Engineering.

**Degree Requirements:**

30 credit hours and a written comprehensive exam, or 30 credit hours and an oral comprehensive exam, or 30 credit hours including the required applied project course (CSE 593 or IEE 585 or IEE 593).

Students must complete 30 credit hours equaling 10 courses to earn a Master of Engineering. Half of all coursework, excluding the practice-oriented project, must be in engineering.

Students must complete three credit hours of applied engineering mathematics and three credit hours of engineering management or business.

A culminating event is required and will be identified by the student's advisory committee. It could be a final written or oral examination or the final report of a practice-oriented project. Additional requirements may exist for some academic units and emphasis areas of the Master of Engineering program.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in the desired field of study, from a regionally accredited institution.

Applicants must have a minimum GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from all institutions attended
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/>)

**Contact Information:**

Engineering, Ira A. Fulton Schools of

## Engineering, MS (TSEGRMS)

**Online Degree Search Title:** Engineering, MS

**Campus:** Polytechnic

**Program Description:**

The MS program in engineering consists of a core set of courses designed so that students develop applied analytical expertise across disciplinary boundaries, with direct applications of advanced design principles to system design, management and control. The student's expertise developed through the core curriculum is reinforced with the flexibility of having focus area options that include alternative energy, mechanical engineering and manufacturing engineering. The culminating experience options are also flexible, allowing students to tailor the program to support their unique career goals while also becoming problem solvers who create and shape the future.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering (Automotive Systems), BSE
- Engineering (Electrical Systems), BSE
- Engineering (Mechanical Engineering Systems), BSE
- Engineering (Robotics), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis, or 30 credit hours including the required Applied Project course (EGR 593).

Required Core (6 credit hours)

EGR 520 Engineering Analysis (3)

EGR 530 Principles of Systems Engineering (3)

Focus Area (15 credit hours)

Electives (3 or 6 credit hours)

Other Requirement (0 or 3 credit hours)

EGR 535 Engineering Innovation and Entrepreneurship (3)

Culminating Experience (0-6 credit hours)

EGR 593 Applied Project (3) or

EGR 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for a list of approved electives.

The elective credit hours required are dependent upon the chosen culminating experience option. Completion of 30 credit hours of coursework is required for all culminating experience options.

Thesis students are not required to take the EGR 535 course. For applied project and portfolio students, other courses may be used as substitutions with approval from the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a U.S. bachelor's or master's degree from a regionally accredited institution, or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that country in engineering, physical sciences, mathematics or a similar field.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- professional resume

- GRE test scores
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Applicants should see the Graduate Admission Services website at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

If the applicant does not meet the minimum GPA requirements, the application may still be considered. In certain cases, demonstrated aptitude through professional experience or additional postbaccalaureate education will be considered.

## Engineering Education Systems and Design, PHD (ESEESDPHD)

**Online Degree Search Title:** Engineering Education Systems and Design, PhD

**Campus:** Polytechnic

#### Program Description:

The PhD program in engineering education systems and design aims to advance understanding of the engineering education ecosystem. The goal of the program is to enable long-lasting improvement of the learning process and infrastructure in engineering education at all levels (i.e., K-12, higher education, engineering professionals, graduate students, etc.) by emphasizing the study of education as a complex ecosystem that takes into account the multiple inputs, outputs and interactions within an educational setting.

A typical student enters the program with a master's degree in an engineering or a related discipline and selects a research area such as engineering student pathways, increasing participation and retention of underrepresented groups in engineering, making and the maker movement, effective teaching and assessment strategies, the application of learner analytics to relevant data, or entrepreneurship.

Upon completion of the program, graduates are equipped to take competitive positions in top-tier research institutions as exemplary scholars and teachers or as leaders in engineering education in a variety of education settings (e.g., universities, science centers, government agencies, museums, policy setting institutions or industries).

#### Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, and a dissertation.

##### Required Core (18 credit hours)

EGR 535 Engineering Innovation and Entrepreneurship (3)  
EGR 565 Qualitative Methods for Engineering Education Research (3)  
EGR 572 Quantitative Methods for Engineering Education Research (3)  
EGR 574 Engineering Education Systems in Context (3)  
EGR 671 Applications of Qualitative Methods for Engineering Education Research (3)  
EGR 673 Applications of Quantitative Methods for Engineering Education Research (3)

##### Electives and Research (24 credit hours)

electives (12)  
research (12)

##### Culminating Experience (12 credit hours)

EGR 799 Dissertation (12)

#### Additional Curricular Information

Students may be allowed to apply up to 30 credit hours from a previously awarded master's degree to their doctoral program as approved by the academic unit and the Graduate College. If students do not have a master's degree, the remaining 30 credit hours must consist of at least 18

graduate-level credit hours in a particular engineering discipline and at most nine credit hours in support of the student's dissertation research area.

Students are allowed up to six credit hours of 400 level coursework on the student plan of study.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering, or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- GRE scores
- three writing samples (more details are listed in the application)
- resume or curriculum vitae
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Students should refer to <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>) for more information.

## Engineering Science (Software Engineering), MSE (ESSFEMSE)

**Online Degree Search Title:** Engineering Science (Software Engineering), MSE

**Campus:** Online

**Program Description:**

The MSE in engineering science with a software engineering concentration offers specialized courses founded on the fundamentals and principles of software engineering. The program provides the knowledge and skills needed to work as a software engineer or software task leader on large and small projects using either agile methodologies or formal capability maturity model integration approaches. The program addresses major software development methodologies, techniques, tools and processes for developing and managing software projects. The curriculum is based on the Software Engineering Body of Knowledge under the leadership of the IEEE Computer Society. Each course places an emphasis on applied assignments and projects that are relative to the student's workplace.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours including the required applied project course (CSE 593).

Required Core (6 credit hours)

CSE 565 Software Verification, Validation and Testing (3)

CSE 566 Software Project, Process and Quality Management (3)

Concentration (3 credit hours)

CSE 591 Topic: Software Engineering Principles and Concepts (3)

Restricted Electives (18-21 credit hours)

Culminating Experience (0-3 credit hours)

CSE 593 Applied Project (3)

Portfolio (0)

#### Additional Curriculum Information

For an approved list of restricted electives, students should see the academic unit.

Students select five or six elective courses: five for the applied project option or six for the portfolio option.

Two faculty member-approved 400-level courses may also be selected as electives for the restricted electives.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in computer engineering, software engineering or a related field from a regionally accredited institution.

Applicants must have a minimum GPA of 3.00 (scale is 4.00 = "A") in the last 60 credit hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 12 units of the postbaccalaureate transcript.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must provide evidence of demonstrated expertise in the area of object-oriented programming, advanced data structures, algorithm design and algorithm analysis; maturity in high-level programming (required); and successful completion of Calculus I (a minimum requirement).

GRE scores are not required.

Graduates of non-U.S. institutions must satisfy admission requirements established by the ASU Graduate College.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-engineering-engineering-science-concentration-software/>)

## Environmental and Resource Management, MS (ESERMMS)

**Online Degree Search Title:** Environmental and Resource Management, MS

**Campus:** Polytechnic

#### Program Description:

The MS program in environmental and resource management provides students who have a background in the sciences, engineering, environmental science, natural resources management, environmental health and safety, or other affiliated areas with the regulatory and technical background to mitigate the environmental impact of industrial sources of pollution, ensure compliance with environmental regulations, and manage and preserve natural ecosystems.

The curriculum focuses on areas such as environmental law, air pollution, soils and groundwater contamination, water law and policy, environmental toxicology, hazardous waste management, natural resources management, occupational health and safety, sustainable development, and international environmental laws and policies.

Graduate courses are available in a traditional face-to-face format as well as web-based distance learning. While the faculty and program are based at the Polytechnic campus, the entire program can be completed online. It is possible to complete the program within two years, including summers. Many students are working professionals and are able to finish the degree while working full time.

Graduates are employed by manufacturing and mining industries, federal, state and local environmental and water agencies, environmental firms, utilities, international agencies such as the U.N. and World Bank, and NGOs.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Business (Global Agribusiness), BA
- Environmental Science, BA
- Environmental Science, BS
- Environmental and Resource Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours including the required applied project course (ERM 593).

Required Core (6 credit hours)

ERM 502 Regulatory Framework for Toxic and Hazardous Substances (3) or ERM 527 Environmental/Resources Regulations Concepts (3)

ERM 503 Principles of Toxicology (3)

Track Courses (9 credit hours)

Electives or Research (6-12 credit hours)

Other Requirement (3 credit hours)

ERM 506 Chemistry of Hazardous Materials (3)

Culminating Experience (0-6 credit hours)

ERM 593 Applied Project (3)

ERM 599 Thesis (6)

portfolio (0)

written comprehensive exam (0)

Additional Curriculum Information

Students select either the environmental management track or the international environmental management track.

Students choose one of the culminating experiences listed above. Thesis students take nine credit hours of electives and research; applied project students take twelve credit hours of electives and research; portfolio and written comprehensive exam students take fifteen credit hours of electives and research.

Students should see the academic unit for a complete list of approved electives and track courses.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution in one of the following fields: environmental engineering, environmental and resource management, biology, chemistry, geology, environmental health, environmental management, environmental science, occupational safety and health, environmental technology, industrial hygiene, natural resource management, or a related field.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must meet English proficiency requirements as defined by Graduate Admissions. Students should be sure to review the TOEFL, IELTS, or PTE score requirements as the application will not be processed without valid proof of English proficiency: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The GRE can be waived in some situations. Students should refer to the GRE waiver request for more information and note that submitting the GRE waiver request is not a guarantee of approval: <https://poly.engineering.asu.edu/advising/graduate-students/> (<https://poly.engineering.asu.edu/advising/graduate-students/>).

480-727-4723

## Environmental and Resource Management (Water Management), MS (ESERMWTMS)

**Online Degree Search Title:** Environmental and Resource Management (Water Management), MS

**Campus:** Polytechnic

#### Program Description:

The MS degree program in environmental and resource management provides students with a background in the sciences, engineering, environmental sciences and other related disciplines along with the regulatory and technical backgrounds needed to mitigate the environmental impact of industrial sources of pollution, ensure compliance with environmental regulations, and manage and preserve natural ecosystems.

The concentration in water management focuses on issues of water quality, supply, conservation and augmentation strategies. This program is applicable especially to people who work in municipal, state, federal and tribal water and environmental agencies, water providers to urban and agricultural users, manufacturing and mining industries, as well as those interested in sustainable development in this country and around the world.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Environmental Science, BA
- Environmental Science, BS
- Environmental and Resource Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam, or 30 credit hours including the required applied project course (ERM 593).

##### Required Core (6 credit hours)

ERM 502 Regulatory Framework for Toxic and Hazardous Substances (3) or ERM 527 Environmental/Resources Regulations Concepts (3)  
ERM 503 Principles of Toxicology (3)

##### Concentration (9 credit hours)

ERM 523 Soils and Groundwater Contamination (3)  
ERM 533 Water and Wastewater Treatment Technologies (3)  
ERM 535 Water Law and Policy (3)

##### Electives or Research (9-15 credit hours)

##### Culminating Experience (0-6 credit hours)

ERM 593 Applied Project (3)  
ERM 599 Thesis (6)  
portfolio (0)  
written comprehensive exam (0)

#### Additional Curriculum Information

Students choose one of the culminating experiences listed above. Thesis students take nine credit hours of electives and research; applied project students take 12 credit hours of electives and research; portfolio and written comprehensive exam students take 15 credit hours of electives and research.

Students should see the academic unit for the approved course list for electives or research. Other coursework may be used with the approval of the academic unit.

The thesis and applied project options will have an oral defense.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in the sciences (biology, chemistry, etc.), engineering, environmental sciences, ecology, environmental policy or related fields from a regionally accredited institution, or international equivalent.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- resume
- personal statement
- letters of recommendation
- proof of English proficiency

#### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must meet English proficiency requirements, as defined by Graduate Admissions. Students should visit <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>) for further English proficiency requirement information, including TOEFL, IELTS, or PTE score requirements. The application will not be processed without valid proof of English proficiency.

The GRE can be waived in some situations. Students should refer to the GRE waiver request (<https://poly.engineering.asu.edu/advising/graduate-students/> (<https://poly.engineering.asu.edu/advising/graduate-students/>)) for more information. Approval of the GRE waiver request does not guarantee admission to the program.

## **Graphic Information Technology, MS (ESGITMS)**

**Online Degree Search Title:** Graphic Information Technology, MS

**Campus:** Polytechnic, Online

#### **Program Description:**

The MS program in graphic information technology provides students the opportunity to study within the various areas of graphics and cross-media design. Courses offered provide students with a working knowledge of the technology and management required of the diverse graphic industries.

This program prepares graduates to be industry leaders who develop and manage content through numerous communication and distribution modes. Creative and comfortable with complex digital technology, graduates are innovative problem-solvers prepared for leading roles in the rapidly evolving graphics industry.

#### **Degree Requirements:**

Required Core (3 credit hours)

GIT 537 Current Issues in Cross Media Production

Electives or Research (18-24 credit hours)

Other Requirement (3 credit hours)

GIT 500 Research Methods (3)

Culminating Experience (0-6 credit hours)

GIT 593 Applied Project (3) or

GIT 599 Thesis (6) or

Portfolio (0)

Additional Curriculum Information

Students select an applied project, thesis or portfolio for the culminating experience. The culminating experience selected will determine how many electives or research credit hours the student will need to take to complete 30 credit hours for the program.

Students should note that the thesis option is only available for on-campus students

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree or master's degree from a regionally accredited institution in a related field such as graphic design, web design and development, photography, videography, or game art and animation.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- one letter of recommendation (two is preferred)
- professional resume
- GRE scores
- personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu>)

## Human Systems Engineering, MS (ECAPSYCHMS)

**Online Degree Search Title:** Human Systems Engineering, MS

**Campus:** Polytechnic

### Program Description:

The MS program in human systems engineering in the Ira A. Fulton Schools of Engineering provides students with a deep understanding of the science of human performance and experience using methods and tools to apply this understanding to design and to problem solve in a wide variety of domains such as product usability, learning design, sports performance, cyber security, human-robot teaming, and workplace and patient safety.

A broad range of professions needs experts in human factors to work on problems that involve an understanding of human performance. Students gain real-world experience by tackling projects that examine cutting-edge issues such as cell phones as a source of driver distraction, detection of improvised explosive devices, process optimization in health care, and even control of unmanned vehicles.

Interest areas include user experience, aviation human factors, cognitive performance, consumer psychology, transportation human factors, patient safety, effective teamwork, human-robot teaming, health psychology, learning optimization, social cognition, threat detection and sports psychology.

Recent graduates are working at places like Intel, Boeing, GoDaddy, Mayo Clinic, PayPal, Motorola, Google and the Air Force Research Lab. Recipients of this ASU master's degree also have gone on to pursue doctorates at ASU and other prestigious institutions.

### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Human Systems Engineering, BS
- Human Systems Engineering (User Experience), BS
- Industrial and Organizational Psychology, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours including the required applied project course (HSE 593).

Required Core (9 credit hours)

HSE 520 Methods and Tools in Applied Cognitive Science (3)

HSE 542 Foundations of Human Systems Engineering (3)

PSY 530 Intermed Statistics (3)

Electives and Research (12-18 credit hours)

Other Requirement (3 credit hours)

HSE 598 Data Analytics (3)

Culminating Experience (0 or 6 credit hours)

HSE 593 Applied Project (6) OR

HSE 599 Thesis (6) OR

Portfolio (0)

Additional Curriculum Information

Students have the option of doing a thesis (with industry guidance), an applied project to develop and demonstrate professional knowledge and skills, or a portfolio as the culminating experience.

Students selecting the thesis option will, under faculty supervision, work on the thesis for at least one calendar year. The first three thesis credits will be devoted to developing an idea and preparing a proposal for approval by a faculty committee. The next three credits will allow for preparing the details of research design and data collection for the thesis (materials, computer programs, experimental test beds, questionnaires, etc.). The final six credits will be devoted to collecting and analyzing data and writing and revising the thesis under the direction of the student's committee chair. Students will defend the thesis in an oral examination.

In cases in which a student is engaged in a project initiated by industry, they may opt for the applied project option. Students selecting the applied project option will, under faculty supervision and guided by industry, carry out the applied project in a calendar year in which the 12 credit hours

outside of the core are allocated to a combination of research, applied project and report writing appropriate to the goals of the student and the industry partner. In all cases, the project will culminate in a substantial written report followed by a comprehensive oral examination covering the project and other materials from required courses.

The portfolio should demonstrate a high level of mastery of the principles and practice of human systems engineering through a compilation of work that the student has completed through the course of their graduate study. While the specific details will depend on the student's specialization, all portfolios must describe three notable projects or academic accomplishments that students have completed through the course of graduate study that illustrate the evolution and advancement of the student's technical expertise and mastery of the field of human systems engineering. Submission will include a written document to include an overview of graduate experience and descriptions of projects presented in the portfolio.

Applied project students take 12 elective credit hours, thesis students take nine elective credit hours plus three credit hours of HSE 592 Research, and portfolio students take 18 elective credits.

For the "other requirement," HSE 598 Data Analytics is required. Other courses may be used with approval of the academic unit.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in psychology or a related field (including engineering, computer science or business) from a regionally accredited institution.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE general exam scores
- statement of purpose describing professional and academic aspirations
- three letters of recommendation
- proof of English proficiency

#### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International applicants can find complete information on the English proficiency exams and other required documents on the Admission Services website: <https://poly.engineering.asu.edu/hse/ms/> (<https://poly.engineering.asu.edu/hse/ms/>).

The letters of recommendation should be from college professors, employers (in a human factors-related field) or a combination of both academic and professional references

Applicants to this program generally have completed an undergraduate course in statistics.

Only complete applications will be reviewed.

## **Human Systems Engineering, PHD (TSSMACSPHD)**

**Online Degree Search Title:** Human Systems Engineering, PhD

**Campus:** Polytechnic

#### **Program Description:**

Human systems engineering describes a growing transdisciplinary field (including the disciplines of psychology, engineering and computer science) that explores how people interact with technological and social systems in contexts that include transportation, medicine, military, computing and other complex systems. Cognitive science provides the foundation necessary for integrating human capabilities and limitations into complex sociotechnical systems (i.e., the practice of cognitive engineering), and the application of cognitive science relies heavily on human systems engineering methods.

A large domain exists in which the coupling of applied cognitive science with human factors is imperative. Examples include the following:

- development of intelligent agents
- driving simulators for research on driver distraction
- dynamical systems models of team interaction
- gaming simulators for studying business decision-making
- human-in-the-loop simulation studies of cybersecurity analysis
- medical simulation for health care research
- models of cognitive states and processes or sociocultural systems
- nuclear control room simulation for improved human system integration
- pilot training research using aircraft simulators
- simulation of consumer behavior
- tests of future airspace control concepts using air traffic control simulators

This PhD program is designed to produce individuals who are well-grounded and skilled in the methods of human systems engineering. Employers (e.g., Department of Defense, Federal Aviation Administration, Nuclear Regulatory Commission, hospitals, etc.) have an ever-increasing demand for personnel who can bridge the gap between rigorous science and solutions to real-world problems. The doctoral program provides transdisciplinary, research-driven training in the computing, engineering, technology, applied cognitive science and human systems integration.

#### **Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (12 credit hours)

HSE 520 Methods and Tools in Applied Cognitive Science (3)

HSE 521 Methods and Tools in Human Systems Engineering (3)

HSE 540 Foundations of Applied Cognitive Science (3)

HSE 542 Foundations of Human Systems Engineering (3)

Foundations (6 credit hours)

Methods and Tools (3 credit hours)

Applications (9 credit hours)

Electives (6-30 credit hours)

Research (6 credit hours)

HSE 792 Research (6) or additional electives as selected by the PhD committee

Culminating Experience (12 credit hours)

HSE 799 Dissertation (12)

Additional Curriculum Information

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework will be made up of electives.

Electives will be identified by the committee and approved by executive committee's approval.

No more than six credit hours of 400-level course work can be included on a graduate plan of study.

Students may petition the HSE Executive Committee to allow HSE-relevant or dissertation-relevant courses to be included as HSE elective courses.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's degree in psychology, engineering, cognitive science, computer science or closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from each college or university attended
- official GRE general exam scores
- statement of research interests
- writing sample
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Complete information on the English proficiency exams and other required documents is available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

Applicants should see the program website for application deadlines. Late applications may still be considered for the same application term; however, the department reserves the right to deny or not review a late application.

Admission to the graduate degree program presupposes an adequate technical preparation in statistics, cognitive science and experimental methods. Applicants who lack some of the required preparation still may be admitted but assigned deficiency courses which must be completed within the first semester of starting the graduate program while concurrently enrolled in graduate-level coursework. Deficiency courses are assigned after admission is granted but before the start of the student's first semester. A faculty member will notify students with deficiencies and the specific course requirements via email.

## Industrial Engineering, MS (ESINDENMS)

**Online Degree Search Title:** Industrial Engineering, MS

**Campus:** Tempe, Online

#### Program Description:

The industrial engineering MS program prepares students to give practical and economically efficient solutions to real-life, complex problems, solutions that require a system level approach. Examples of these problems include health delivery, food and energy systems as well as those that arise in the strategic planning of manufacturing, logistics operations and service industries. Some of the tools used to address these problems include statistics, optimization, computer simulation and advanced analytics.

The industrial engineering program at Arizona State University is recognized for its high-impact, agile, interdisciplinary, results-oriented research on the most pressing societal needs, and it is consistently ranked among the top 20 graduate programs in the United States. The program is immersed in the innovation environment that permeates Arizona State University, and its faculty members are internationally recognized for their innovative research projects, funded both by government and industry.

#### Concurrent Degrees:

This degree is also offered as concurrent degree program with W. P. Carey MBA - Online Program

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering Management, BSE
- Industrial Engineering, BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours and a written comprehensive exam.

Required Core (12 credit hours)

IEE 505 Information Systems Engineering (3) or IEE 506 Web-Enabled Decision Support Systems (3)  
Academic Catalog Archive 2019-2020

IEE 545 Simulating Stochastic Systems (3) or IEE 561 Production Systems (3)  
IEE 572 Design Engineering Experiments (3) or IEE 573 Reliability Engineering (3) or IEE 578 Regression Analysis (3)  
IEE 574 Applied Deterministic Operations Research (3) or IEE 575 Applied Stochastic Operations Research Models (3)

Elective (0-6 credit hours)

Related Area (9-12 credit hours)

Culminating Experience (0-6 credit hours)

IEE 599 Thesis (6) or  
Written Comprehensive Exam (0)

Additional Curriculum Information

The Master of Science in industrial engineering is a 30-credit hour program which has a thesis and a nonthesis track. The thesis track requires 24 credit hours of coursework, six credit hours of thesis, a written thesis and a final oral examination. The nonthesis track requires 30 credit hours of coursework and a comprehensive exam.

At the time of admission, students' applications are considered primarily for the nonthesis track. After matriculating at Arizona State University, a student may consult with and receive approval from the industrial engineering faculty to pursue the thesis track.

Students must successfully defend the thesis or pass the written comprehensive examination to graduate.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.20 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from all institutions attended
- a statement of purpose
- GRE scores
- three letters of recommendation
- proof of English language proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

At the time of application, all applicants must have successfully completed a minimum of nine credit hours of calculus (Calculus I, II, III) with a grade of "C" (scale is 4.00 = "A") or higher.

A student with any deficiency coursework must complete each deficiency with a grade of "B" or better (scale is 4.00 = "A") within two semesters of admission to the program. Deficiency courses include:

CSE 110 Principles of Programming  
CSE 205 Object-Oriented Programming and Data Structures  
IEE 376 Operations Research Deterministic Techniques/Applications  
IEE 380 Probability and Statistics for Engineering Problem Solving  
IEE 470 Stochastic Operations Research  
MAT 242 Elementary Linear Algebra

## Industrial Engineering, PHD (ESINDENPHD)

**Online Degree Search Title:** Industrial Engineering, PhD

**Campus:** Tempe

### Program Description:

The PhD program in industrial engineering engages students in fundamental and applied research.

The overall educational objective of graduate study in industrial engineering is to improve each student's ability to identify, define and solve problems and perform original research to address the underlying causes of these problems. Industrial engineers develop qualitative and quantitative abilities to guide the design and operation of sustainable organizations and systems.

This doctoral program provides a rigorous education and provides students with research and educational experiences. A large fraction of these students are be involved in applied research projects that are carried out in the context of government or privately-funded research. The program provides students access to many opportunities to participate in highly impactful research projects and interact with the leaders of the subfield that they choose to study and specialize in. Hence, many of them graduate with significant accomplishments resulting from the work they performed during the course of their doctoral study.

Graduates of the program are prepared for careers in academia, government and industry doing teaching, advanced research, and developing and making use of advanced techniques for the operation of their businesses.

### Degree Requirements:

85 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

#### Required Core (15 credit hours)

IEE 605 Foundations of Information Systems Engineering (3)

IEE 620 Optimization I (3)

IEE 622 Optimization II (3)

IEE 640 Probability and Stochastic Processes (3)

IEE 670 Mathematical Statistics (3)

#### Electives (42 credit hours)

#### Research and Internship Required Coursework (16 credit hours)

IEE 594 Conference and Workshop (1)

IEE 700 Research Methods (1)

IEE 784 Teaching Internship (1)

IEE 790 Reading and Conference (1) OR IEE 584 Internship (1)

IEE 792 Research (12)

#### Culminating Experience (12 credit hours)

IEE 799 Dissertation (12)

#### Additional Curriculum Information

Students are required to complete five core courses within the first year of full-time enrollment in the doctoral program. To be allowed to continue in the program after completion of the core courses, each student must take and successfully pass a qualifying exam on three of the five core courses.

Eligible students can request a master's in passing after successfully completing the qualifying exam and completing 30 credit hours in the doctoral program.

A written and an oral comprehensive examination are required no later than the semester following completion of 57 credit hours of coursework in the plan of study. The student must also successfully defend the dissertation prospectus and the dissertation research.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.50 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- a statement of purpose
- GRE scores
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

At the time of application, all applicants must have successfully completed a minimum of nine credit hours of calculus (Calculus I, II, III) with a grade of "C" or higher (scale is 4.00 = "A").

A student with any deficiency coursework must complete each deficiency with a grade of "B" (3.00) or better within two semesters of admission to the program.

Deficiency courses include:

CSE 110 Principles of Programming  
CSE 205 Object-Oriented Programming and Data Structures  
IEE 376 Operations Research Deterministic Techniques/Applications  
IEE 380 Probability and Statistics for Engineering Problem Solving  
IEE 470 Stochastic Operations Research  
MAT 242 Elementary Linear Algebra

Students should see the program website for application deadlines.

## Information Technology, MS (TSIFTMS)

**Online Degree Search Title:** Information Technology, MS

**Campus:** Polytechnic, Online

**Program Description:**

The MS program in information technology teaches advanced technology skills to prepare students for careers in industry, education or government.

Students gain the ability to conceptualize, organize and realize information technology projects that meet the needs of users within an organizational or societal context. Students select coursework that encompasses core technologies in one of three focus areas: computer architecture and information security, information systems management and development, and enterprise computing.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Information Technology, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours including the required applied project course (IFT 593).

Required Core (9 credit hours)

IFT 510 Principles of Computer and Information Technology (3)  
IFT 530 Information Analysis, Modeling, Representation and Communication (3)  
IFT 540 Software Development for Information Technology (3)

Other Requirement (3 credit hours)

IFT 598 Topic: Advanced Information Systems Security

Open Elective (3 credit hours)

Focus Area Electives (12 - 15 credit hours)

Culminating Experience (0 or 3 credit hours)

IFT 593 Applied Project (3) or  
portfolio (0)

Additional Curriculum Information

Students should see the academic unit for a complete list of approved coursework.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in information technology, computer science, applied computing, engineering or a closely related field from a regionally accredited college or university.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE test scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency as defined by Graduate Admission Services: <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>). The applicant should review the TOEFL, IELTS or PTE score requirements as applications will not be processed without valid proof of English proficiency.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/information-technology-ms/>)

## **Lean Six Sigma Black Belt (Certificate), Certificate (ESLSSBGRCT)**

**Online Degree Search Title:** Lean Six Sigma Black Belt (Graduate Certificate)

**Campus:** Tempe, Online

### **Program Description:**

The Lean Six Sigma Black Belt graduate certificate is designed for engineers and managers who oversee tactical and strategic projects as well as various operational functions in their organizations.

The certificate program aims to provide students with a set of contemporary tools to produce measurable improvements in business processes. In particular, graduates of the certificate program gain an in-depth understanding of the Six Sigma Define, Measure, Analyze, Improve, Control process and the tools used to achieve effective process and product improvement; develop the leadership and team-building skills necessary to oversee continuous improvement projects with many stakeholders; and understand how lean principles and design for Six Sigma fit into the overall

task of product and process improvement.

The culminating experience is in line with the Black Belt certification requirements used nationwide in similar certification programs.

**Degree Requirements:**

15 credit hours including the required capstone courses (IEE 585).

Required Core (6 credit hours)

IEE 570 Advanced Quality Control (3)

IEE 581 Six Sigma Methodology (3)

Electives (6 credit hours)

Culminating Experience (3 credit hours)

IEE 585 Six Sigma Capstone (3)

Additional Curriculum Information

For electives, students should see the academic unit for the approved course list.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Required Prerequisite Courses:

CSE 110 Principles of Programming with Java, or equivalent

IEE 380 Probability and Statistics for Engineering Problem Solving, or equivalent

MAT 267 Calculus for Engineers III, or equivalent

No more than 40 percent of coursework toward the requirements of a graduate certificate may be completed prior to admission to the certificate program.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Manufacturing Engineering, MS (TSMEGRMS)

**Online Degree Search Title:** Manufacturing Engineering, MS

**Campus:** Polytechnic

**Program Description:**

Manufacturing engineering draws upon two distinct bodies of knowledge: manufacturing processes (i.e., how materials are altered in either shape or properties) and the processes of manufacturing (i.e., manufacturing systems and management). This combination of topics is embedded in the MS program in manufacturing engineering, and students can follow their interests by developing deeper expertise in either manufacturing processes or the processes of manufacturing.

The program provides advanced technical content to help students prepare for career transitions and improve company competitiveness. It consists of a core set of courses designed to provide all students with advanced knowledge of manufacturing fundamentals and an introduction to systems engineering. The expertise developed in the core curriculum supports student focus areas building on existing unit faculty strengths, including automation, additive and subtractive manufacturing processes (including computer numerical control machining), modeling and simulation, electronics manufacturing and manufacturing management.

Thesis, applied project and portfolio options are offered for the culminating experience.

#### **Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering (Automotive Systems), BSE
- Engineering (Electrical Systems), BSE
- Engineering (Mechanical Engineering Systems), BSE
- Engineering (Robotics), BSE
- Manufacturing Engineering, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### **Degree Requirements:**

30 credit hours a portfolio, or 30 credit hours and a thesis, or 30 credit hours including the required Applied Project course (EGR 593).

Required Core (6 credit hours)

EGR 520 Engineering Analysis (3)

EGR 522 Statistics for Quality Control in Manufacturing (3)

Electives (15-21 credit hours)

Other Requirement (3 credit hours)

EGR 598 Topic: Manufacturing Systems Management (3)

Culminating Experience (0-6 credit hours)

EGR 593 Applied Project (3) or

EGR 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

Students should see the academic unit for a complete list of approved electives.

EGR 598 Topic: Manufacturing Systems Management may be substituted with approval from the academic unit.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's or master's degree in engineering, physical sciences, mathematics or similar from a regionally accredited U.S. institution, or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that institution's country.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- professional resume and personal statement
- GRE scores
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Applicants should see the Graduate Admission Services website for requirements. <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

## Materials Science and Engineering, MS (ESMATEMS)

**Online Degree Search Title:** Materials Science and Engineering, MS

**Campus:** Tempe, Online

#### Program Description:

The MS program in materials science and engineering prepares engineers for doctoral study or industrial positions that specialize in research, project management and product innovation in materials science and engineering. The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in thermodynamics, structures and mechanical properties; kinetics; optical and magnetic properties; materials characterization; and energy production and storage.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Chemical Engineering, BSE
- Materials Science and Engineering, BSE
- Mechanical Engineering, BSE
- Mechanical Engineering (Computational Mechanics), BSE
- Mechanical Engineering (Energy and Environment), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

32 credit hours and a portfolio, or 32 credit hours and a thesis.

##### Required Core (6 credit hours)

- MSE 523 Structural and Mechanical Properties of Materials (3)
- MSE 524 Advanced Thermodynamics (3)
- MSE 525 Fundamentals of Electrical, Optical, and Magnetic Materials and Device Applications (3)
- MSE 561 Phase Transformations, Kinetics and Diffusion in Solids (3)

##### Technical Electives (18 or 24 credit hours)

##### Other Requirement (2 credit hours)

- MSE 591 Seminar (2)

##### Culminating Experience (0 or 6 credit hours)

- MSE 599 Thesis (6) or  
portfolio (0)

#### Additional Curriculum Information

The materials science and engineering MS program has two options: thesis and nonthesis.

All students are admitted to the nonthesis option. The nonthesis option requires a portfolio. During the last semester of their program, students in the portfolio option submit a portfolio containing at least two projects from previous materials science and engineering coursework along with a paper explaining the projects. Students must successfully complete the portfolio requirements to pass the culminating experience. Students completing a portfolio must also take an extra six credit hours of elective coursework to reach the required 32 credit hours for the program.

If students wish to change to the thesis option, a faculty advisor has to be secured, and then a petition can be submitted to change to the thesis

option. Students in the thesis option must complete a thesis and pass the thesis defense examination.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Admission to the materials science and engineering graduate program is highly competitive. All applicants must submit:

- graduate admission application and application fee
- official transcripts from all prior institutions attended
- official GRE score
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Applicants whose native language is not English are required to achieve a minimum score of 90 on the Internet-based TOEFL.

Admission to the 4+1 degree program requires a 3.50 ASU GPA (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review and admission is not guaranteed.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Materials Science and Engineering, PHD (ESENMATPHD)

**Online Degree Search Title:** Materials Science and Engineering, PhD

**Campus:** Tempe

**Program Description:**

The PhD program in materials science and engineering prepares students for professional careers in materials science and engineering and related fields in industry, government and educational institutions.

This field draws upon a fundamental base of knowledge, with underpinnings in physics, chemistry and engineering. The program extends that knowledge to address a broad range of materials-driven challenges, such as energy efficiency, sustainability, functional nanostructures, electronic materials, biomaterials and polymers.

Interdisciplinary in nature, the curriculum offers required courses in four core subjects:

- advanced thermodynamics
- kinetics and phase transformations
- physics of materials
- structure and properties of materials

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (12 credit hours)

MSE 523 Structural and Mechanical Properties of Materials (3)

MSE 524 Advanced Thermodynamics (3)

MSE 525 Fundamentals of Electrical, Optical, and Magnetic Materials and Device Applications (3)

MSE 561 Phase Transformations, Kinetics and Diffusion in Solids (3)

Electives (3-18 credit hours)

Research (24-39 credit hours)

MSE 792 Research

Other Requirement (3 credit hours)

MSE 591 Seminar (3)

Culminating Experience (12 credit hours)

MSE 799 Dissertation (12)

Additional Curriculum Information

Students entering with a bachelor's degree are required to complete a minimum of 18 credit hours of elective coursework. Graduate elective courses may be selected from any of the graduate courses in the materials science and engineering curriculum as well as elective courses from related disciplines (e.g., chemistry, physics, electrical engineering), subject to approval by the faculty advisor. These courses should comprise a focused plan of study with emphasis in a particular area of materials science, organized in consultation with faculty supervisory committee.

Students entering the doctoral program with a master's degree need to complete 24 credit hours of research (MSE 792). Students entering with a bachelor's degree are required to complete 39 credit hours of research (MSE 792).

MSE 591 is a one credit hour course to be taken in three semesters. The seminar course consists of a series of seminars presented by invited speakers and graduate students. Doctoral students are required to give a seminar presentation once during the academic year after they have begun their research.

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used for this degree. If students do not have a previously awarded master's degree, the 30 hours of coursework will be made up of electives and research coursework as specified by the academic unit. If the master's degree has not been completed, a maximum of 12 credit hours of graduate work may be applied with program approval.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited U.S. or international institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Admission to the materials science and engineering doctoral program is highly competitive. All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE score
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Once the application file is complete, the file is forwarded to the faculty admissions committee for evaluation and recommendation.

The admission process considers all aspects of the student's application. The typical successful applicant has at least a 3.25 cumulative GPA (scale is 4.00 = "A") in engineering and science coursework in a bachelor's or master's degree program and has high GRE scores as well as high TOEFL scores for those whose native language isn't English.

Financial aid is available to highly qualified students. The most common type of financial aid is teaching and research assistantships, which are

accompanied by tuition waivers and major medical insurance benefits. Other types of financial aid include Ira A. Fulton Schools of Engineering fellowships and Science Foundation Arizona fellowships.

## Mechanical Engineering, MS (ESMEMS)

**Online Degree Search Title:** Mechanical Engineering, MS

**Campus:** Tempe

**Program Description:**

The MS program in mechanical engineering prepares engineers for doctoral study or industrial positions that specialize in research, project management and product innovation in mechanical engineering. The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport phenomena; thermodynamics; and energy.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Aerospace Engineering (Aeronautics), BSE
- Aerospace Engineering (Astronautics), BSE
- Aerospace Engineering (Autonomous Vehicle Systems), BSE
- Mechanical Engineering, BSE
- Mechanical Engineering (Computational Mechanics), BSE
- Mechanical Engineering (Energy and Environment), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Major Area of Emphasis (12 or 15 credit hours)

Electives (6 or 9 credit hours)

Mathematics (6 credit hours)

Culminating Experience (0 or 6 credit hours)

MAE 599 Thesis (6) or  
portfolio (0)

**Additional Curriculum Information**

This program offers two culminating experience options: a thesis option and a nonthesis (portfolio) option. All students are admitted to the nonthesis option unless a faculty thesis advisor is secured, at which time the student can initiate a change to the thesis option.

The plan of study must be in accordance with university and program requirements. A minimum cumulative GPA of 3.00 (scale is 4.00 = "A") is required throughout the program. Candidates for the program must complete a minimum of 30 credit hours of approved courses at the 500 level and above, with a minimum cumulative GPA of 3.00 or above.

Coursework for the major area of emphasis is restricted to MAE coursework.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE score
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency; a minimum score of 80 on the internet-based TOEFL is required.

Admission to the mechanical engineering graduate program is highly competitive and preferred applicants have an undergraduate degree in aerospace engineering or mechanical engineering.

Admission to the 4+1 degree program requires a 3.50 ASU GPA (scale is 4.00 = "A") in degree-applicable courses. All applications are subject to review and admission is not guaranteed.

Applicants should see the program website for application deadlines.

## Mechanical Engineering, PHD (ESMEPHD)

**Online Degree Search Title:** Mechanical Engineering, PhD

**Campus:** Tempe

**Program Description:**

This PhD program in mechanical engineering emphasizes original research and provides students with a strong background for employment by academic institutions, government laboratories and industrial research laboratories with a focus on mechanical engineering. The program stresses a sound foundation in technical fundamentals, communication and professionalism. To this end, a broad-based curriculum is offered in design, system dynamics and control; fluid mechanics and aerodynamics; mechanics and dynamics of solids and structures; transport phenomena; thermodynamics; and energy. Modern computational and laboratory facilities are available to support timely research investigations.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

84 credit hours

qualifying exams

written and oral comprehensive exams

prospectus

dissertation

All students pursuing the doctorate are required to pass both a qualifying and a comprehensive examination administered by the program committee.

credit hours of coursework directly related to the research area (18)

credit hours of mathematics (9)

credit hours of graduate elective courses outside the major research area (9)

MAE 792 Research

MAE 799 Dissertation credit hours (12)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from an accredited U.S. or international institution.

Applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.25 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- personal statement
- resume or curriculum vitae
- three letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency and is required to achieve a minimum score of 80 on the Internet-based TOEFL.

Admission to the mechanical engineering doctoral program is highly competitive and preferred applicants have an undergraduate or Master of Science degree in aerospace engineering or mechanical engineering. The admission process considers all aspects of the student's application and admission is not guaranteed. The typical successful applicant has at least a 3.25 cumulative GPA (scale is 4.00 = "A") in engineering and science coursework in a bachelor's or master's degree program and has high GRE and a successful applicant whose native language isn't English would also have a high TOEFL score.

Applicants should see the program website for application deadlines.

## Molecular, Cellular, Tissue, and Biomaterials Engineering (Certificate), Certificate (ESMCTBGRCT)

**Online Degree Search Title:** Molecular, Cellular, Tissue and Biomaterials Engineering (Graduate Certificate)

**Campus:** Tempe, Online

This program is not accepting applications at this time.

**Program Description:**

Engineers are rapidly improving in their capability to manipulate the components of biological systems. Approaches for localized delivery of drugs, genetic manipulations of cells, and building of tissue scaffolds are changing rapidly.

The certificate program in molecular, cellular, tissue and biomaterials engineering exposes students to many of the principles and techniques which are central to molecular, cellular, tissue and biomaterials engineering. Students who complete the program have a set of skills that enables them to participate in engineering biological systems at levels from the molecular to tissues.

**Degree Requirements:**

15 credit hours.

Required Core (3 credit hours)  
BME 533 Transport Processes I (3)

Electives (12 credit hours)

#### Additional Curriculum Information

Students should see the academic unit for an approved list of elective courses.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Students should see below for more information.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students must have a BS or BSE in biomedical engineering, or a BS or BSE in engineering plus advanced (postbaccalaureate) training in medicine, physiology or related fields, or a BS in a science discipline, plus additional background work in biology, thermodynamics, fluids, transport and additional work in medicine, physiology, or related fields. Specifically, applicants will need to demonstrate equivalent proficiency in at least four of the following five areas:

- biomaterials
- electrical networks or circuits
- engineering mechanics
- fluid mechanics or engineering transport
- thermodynamics or physical chemistry

No admission exams are required.

## Neural Engineering (Certificate), Certificate (ESNENGRCT)

**Online Degree Search Title:** Neural Engineering (Graduate Certificate)

**Campus:** Online

ASU is not currently accepting applications for this program.

#### Program Description:

Technologies for ameliorating neural disorders, such as epilepsy, stroke, and paralysis, are developing rapidly. Understanding and deploying these technologies require specialized skills in neurophysiology, bioelectricity and neural-electronic interfaces. The certificate program in neural engineering prepares clinical, industrial and academic practitioners with those skills through courses in areas of knowledge in neurophysiology, neuroanatomy and neuropathology. Students then go on to learn of the state-of-the-art neurotechnologies applied to current neural disorders as well as the biophysics which these devices exploit.

#### Degree Requirements:

15 credit hours.

Required Core (6 credit hours)

BME 526 Introduction to Neural Engineering (3)

BME 561 Clinical Neuroscience (3)

Electives (9 credit hours)

#### Additional Curriculum Information

For electives, students should see the academic unit for the approved course list.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. Students should see below for more information.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The English proficiency requirement for international applicants is equivalent to the ASU Graduate College policy: TOEFL of at least 550 PBT or 80 iBT, or IELTS overall band score of 6.5.

Applicants must have earned a BS or BSE or master's degree in biomedical engineering, or have earned a BS or BSE in engineering and have advanced (postbaccalaureate) training in medicine, physiology or related fields, or a BS in a science discipline, plus have additional background work in thermodynamics, fluids, transport and additional work in medicine, physiology or related fields. Specifically, applicants will need to demonstrate equivalent proficiency in at least four of the following six areas:

- biomaterials
- electrical networks or circuits
- engineering mechanics
- fluid mechanics or engineering transport
- signals and systems or control systems
- thermodynamics or physical chemistry

## Nuclear Power Generation (certificate), Certificate (ESNPGGRCT)

**Online Degree Search Title:** Nuclear Power Generation (Graduate Certificate)

**Campus:** Tempe, Online

#### Program Description:

The nuclear power generation graduate certificate program is a transdisciplinary professional option within the Ira A. Fulton Schools of Engineering. The goal of the program is to prepare students and professionals from a variety of engineering and scientific disciplines to work effectively in the nuclear energy industry, including in nuclear power plants, government regulatory agencies and national laboratories. The certificate program offers students a comprehensive, transdisciplinary education as courses from multiple academic units constitute the core and elective classes.

Students typically begin with the study of nuclear science and engineering fundamentals. Subsequent core courses focus on nuclear power plant dynamics and diagnostics, nuclear power plant operations and safety, nuclear reactor theory and design, and structural materials in nuclear power systems.

Elective courses allow students to tailor the remaining studies toward facilitating their career goals and focusing on studies tied to their discipline. Example elective courses include nuclear power engineering, health physics and electrical power plants.

**Degree Requirements:**

15 credit hours.

Required Core (9 credit hours)

EEE 562 Nuclear Reactor Theory and Design (3)

EEE 563 Nuclear Reactor System Dynamics and Diagnostics (3)

EEE 564 Interdisciplinary Nuclear Power Operations (3)

Electives (6 credit hours)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they hold a bachelor's degree from a regionally accredited institution in an engineering or science discipline, such as physics, chemistry and mathematics.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- statement of career and educational goals
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless current residency) must provide proof of English proficiency.

Transcripts should be submitted for all undergraduate and graduate coursework taken.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/certificates/graduate-certificate-nuclear-power-generation/>)

## Robotics and Autonomous Systems, MS (ESRASMS)

**Online Degree Search Title:** Robotics and Autonomous Systems, MS

**Campus:**

ASU is not currently accepting applications for this program. Applicants interested in the Robotics and Autonomous Systems program should apply directly to the electrical engineering, mechanical and aerospace engineering, systems engineering, or artificial intelligence concentrations.

**Program Description:**

The MS degree program in robotics and autonomous systems is a multidisciplinary program emphasizing robotics, controls, autonomous systems, artificial intelligence and related fields. Students must choose one of four concentrations: mechanical and aerospace engineering, systems engineering, electrical engineering or artificial intelligence.

**Degree Requirements:**

Required Core (6 credit hours)

MAE 501 Linear Algebra in Engineering (3)

MAE 547 Modeling and Control of Robots (3)

Concentration (6-12 credit hours)

Electives or Research (6-18 credit hours)

Culminating Experience (0-6 credit hours)

CSE 599 Thesis, or EGR 599 Thesis, or EEE 599 Thesis, or MAE 599 Thesis (6), or EGR 593 Applied Project or MAE 593 Applied Project (3); or written comprehensive exam (0); or portfolio (0)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering, science, mathematics or a related field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letter of intent or written statement
- professional resume
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants should apply directly to one of the available concentrations.

## Robotics and Autonomous Systems (Artificial Intelligence), MS (ESRASAIMS)

**Online Degree Search Title:** Robotics and Autonomous Systems (Artificial Intelligence), MS

**Campus:** Tempe

**Program Description:**

One of four concentrations in the multidisciplinary MS program in robotics and autonomous systems, which emphasizes robotics, controls, autonomous systems, artificial intelligence and related fields is the artificial intelligence concentration. This concentration is appropriate for students who wish to focus on applications in artificial intelligence and computer science.

**Degree Requirements:**

30 credit hours and a portfolio, or 30 credit hours and a thesis.

Required Core (6 credit hours)

MAE 501 Linear Algebra in Engineering (3)

MAE 547 Modeling and Control of Robots (3)

Concentration (12 credit hours)

Electives or Research (6-12 credit hours)

Culminating Experience (0-6 credit hours)  
CSE 599 Thesis (6), or  
portfolio (0)

#### Additional Curriculum Information

Students are required to select one of the approved culminating experiences for the concentration.

Students should see the academic unit for the approved concentration coursework as well as the available elective and research courses. Elective or research coursework must be selected from among the courses listed for the other three concentrations. Additional electives must be graduate courses in science, engineering, mathematics or others approved by the Graduate Program Committee.

A defense is required for the thesis option.

The portfolio is a compilation of three projects that are finished in the required concentration courses. Students must write a portfolio report that includes the highlights of the three projects.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering, science, mathematics or a related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letter of intent or written statement
- professional resume
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Robotics and Autonomous Systems (Electrical Engineering), MS (ESRASEEMS)

**Online Degree Search Title:** Robotics and Autonomous Systems (Electrical Engineering), MS

**Campus:** Tempe

#### Program Description:

One of four concentrations in the multidisciplinary MS program in robotics and autonomous systems, which emphasizes robotics, controls, autonomous systems, artificial intelligence and related fields is the electrical engineering concentration. This concentration is appropriate for students who wish to focus on applications in electrical engineering.

#### Degree Requirements:

30 credit hours and a portfolio, or 30 credit hours and a thesis, or 30 credit hours and a written exam.

Required Core (6 credit hours)

MAE 501 Linear Algebra in Engineering (3)

MAE 547 Modeling and Control of Robots (3)

Concentration (6 credit hours)

Electives or Research (12-18 credit hours)

Culminating Experience (0-6 credit hours)

EEE 599 Thesis (6), or  
written comprehensive exam (0), or  
portfolio (0)

Additional Curriculum Information

Students are required to select one of the approved culminating experiences for the concentration.

Students should refer to the academic unit for the approved concentration coursework as well as the available elective and research courses. Elective or research coursework must be selected from among the courses listed for the other three concentrations. Additional electives must be graduate courses in science, engineering, mathematics or others approved by the Graduate Program Committee. Three credit hours of internship may be included among the electives.

A defense is required for the thesis option.

The portfolio includes a poster presentation with content from courses taken in the program. Students must write a portfolio report that includes the highlights of the three projects.

For students who select the comprehensive exam as the culminating experience, a written comprehensive exam is required. Students should see the academic unit for additional information.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering, science, mathematics or a related field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letter of intent or written statement
- professional resume
- proof of English proficiency

## Robotics and Autonomous Systems (Systems Engineering), MS (ESRASSEMS)

**Online Degree Search Title:** Robotics and Autonomous Systems (Systems Engineering), MS

**Campus:** Polytechnic

### Program Description:

One of four concentrations in the multidisciplinary MS program in robotics and autonomous systems, which emphasizes robotics, controls, autonomous systems, artificial intelligence and related fields, is the systems engineering concentration. This concentration is appropriate for students who wish to focus on applications in systems engineering.

### Degree Requirements:

30 credit hours and a portfolio, or 30 credit hours and a thesis, or 30 credit hours including the required applied project course (EGR 593).

Required Core (6 credit hours)

MAE 501 Linear Algebra in Engineering (3)

MAE 547 Modeling and Control of Robots (3)

Concentration (6 credit hours)

Electives or Research (12-18 credit hours)

Culminating Experience (0-6 credit hours)

EGR 599 Thesis (6), or

EGR 593 Applied Project (3), or

portfolio (0)

Additional Curriculum Information

Students are required to select one of the approved culminating experiences for the concentration.

Students should see the academic unit for the approved concentration coursework as well as the available elective and research courses. Elective or research coursework must be selected from among the courses listed for the other three concentrations. Additional electives must be graduate courses in science, engineering, mathematics, or others approved by the Graduate Program Committee. Three credit hours of internship may be included among the electives.

A defense is required for the thesis option.

The applied project requires a written report and an oral presentation.

The portfolio includes a summary of the graduate program and a report highlighting three projects from the program.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in engineering, science, mathematics or related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letter of intent or written statement
- professional resume
- proof of English proficiency

## Sensor Signal and Information Processing (Certificate), Certificate (ESSSIPGRCT)

**Online Degree Search Title:** Sensor Signal and Information Processing (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

The graduate certificate program in sensor signal and information processing provides background and application-oriented training in processing and interpreting signals acquired from sensors. The focus is on building knowledge and skills in several sensor network applications.

The program includes courses on signal and data processing for sensor systems. Course topics include digital signal processing, random signal theory, detection and estimation, sensor systems, big data and machine learning. The certificate may be completed with on-campus coursework and iCourses.

The certificate is a professional graduate program. The area of sensor information extraction and interpretation is an enabler for several applications, including health, sustainability, media, communications and security.

**Degree Requirements:**

18 credit hours.

Required Core (10 credit hours)

EEE 407 Digital Signal Processing (3) or EEE 509 DSP Algorithms and Software (3)

EEE 517 Sensors and Machine Learning (1)

EEE 554 Random Signal Theory (3)

EEE 556 Detection and Estimation Theory (3) or EEE 606 Adaptive Signal Processing (3)

Electives (6 credit hours)

Additional Curriculum Information

Students choose from EEE 407 or EEE 509 and EEE 556 or EEE 606 as part of the core coursework.

For electives or research, students should see the academic unit for the approved course list. Other coursework may be used with the approval of the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in an engineering or a science discipline such as physics, mathematics or computer science from an accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee

- official transcripts
- statement of purpose
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Regular admission will be granted to applicants who have at least 3.00 GPA or equivalent (scale is 4.00 = "A") and are competitive in the applicant pool. All prerequisites to the sensor signal and information processing certificate required courses must be in place (EEE 203 and EEE 350 from ASU, or signals and systems and random signals course equivalents from other universities).

#### Contact Information:

Engineering, Ira A. Fulton Schools of  
 Electrical Engineering Program

## Software Engineering, MS (TSSERMS)

**Online Degree Search Title:** Software Engineering, MS

**Campus:** Polytechnic

#### Program Description:

The MS program in software engineering focuses on developing advanced knowledge and abilities in the design and application of software. The program involves the application of engineering principles to software development including design methodologies, operation principles and maintenance and testing approaches. The Master of Science program in software engineering builds upon the BS program in software engineering and is aimed at developing professional skills in this discipline as well as providing opportunities for students to engage in and develop research abilities.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Software Engineering, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

30 credit hours and a thesis, or 30 credit hours including the required capstone course SER 517.

Required Core (9 credit hours)

SER 501 Advanced Data Structures and Algorithms (3)

SER 502 Emerging Languages and Programming Paradigms (3)

SER 515 Foundations of Software Engineering (3)

Electives (15-18 credit hours)

Culminating Experience (3 or 6 credit hours)

SER 517 Software Factory I (3) or

SER 599 Thesis (6)

#### Additional Curriculum Information

Students should see the academic unit for a list of approved electives.

For the culminating experience, students have the choice of completing the capstone course (SER 517) or a thesis (SER 599). Completion of 30 credit hours of coursework is required for all culminating experience options.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in information technology, computer science, applied computing, engineering or a closely related field from a regionally accredited institution (or international equivalent).

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE test scores
- three letters of recommendation
- personal statement
- proof of English language proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

If the student is assigned any deficiency coursework upon admission, those classes must be completed with a grade of "B" (3.00) or higher within two semesters of admission to the program. Deficiency courses include:

CSE 240 Introduction to Programming Languages

CSE 360 Introduction to Software Engineering

SER 222 Design and Analysis of Data Structures and Algorithms OR CSE 310 Data Structures and Algorithms

SER 334 Operating Systems and Networks OR CSE 330 Operating Systems

## Solar Energy Engineering and Commercialization, PSM (ESSEECPSM)

**Online Degree Search Title:** Solar Energy Engineering and Commercialization, PSM

**Campus:** Tempe

**Program Description:**

The PSM program in solar energy engineering and commercialization offers advanced, interdisciplinary education in solar energy to students with backgrounds in science, technology, engineering or mathematics, i.e., STEM fields. The objective of the program is to enable graduates to pursue careers in industry, government or the nonprofit sector that involve solar energy and its utilization.

Students in the program must select courses from technical and nontechnical tracks, including solar energy policy, spanning a number of academic programs and schools. Opportunities exist for engagement with the solar energy industry or government policymakers, leading to a required applied research project that culminates the program. The degree program is meant to be completed in 12 months by full-time students.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering (Electrical Systems), BSE
- Mechanical Engineering, BSE
- Mechanical Engineering (Computational Mechanics), BSE
- Mechanical Engineering (Energy and Environment), BSE

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours including the required applied project course (SEC 593).

Required Core (9 credit hours)

GCU 598 Special Topics (1)

HSD 594 Conference and Workshop (2)

SEC 588 Solar Energy Colloquium (3)

one approved solar photovoltaic graduate course (3)

Electives (15 credit hours)

Culminating Experience (6 credit hours)

SEC 593 Applied Project (6)

Additional Curriculum Information

Of the electives, six credit hours must be selected from the list of technical courses and six credit hours must be selected from the list of nontechnical courses. An additional three credit hours are required and can be selected from either the technical or nontechnical course list. Students should see the academic unit for the approved course lists.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's degree in a field such as science, technology, engineering and mathematics from a regionally accredited institution or the equivalent of a U.S. bachelor's degree from an international institution that is officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts from each institution from which a degree was earned
- general GRE
- three letters of recommendation
- personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The minimum TOEFL requirement is 550 (PBT) or 80 (iBT; a score of 90 or higher is recommended). The minimum IELTS requirement is an overall band score of 6.5, with a score of 7.0 or higher recommended. The minimum Pearson Test of English requirement is 60.

Other details regarding English proficiency requirements are described on the Graduate College website at

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

## Sustainable Engineering, MSE (ESSUEMSE)

**Online Degree Search Title:** Sustainable Engineering, MSE

**Campus:** Online

### Program Description:

The MSE in sustainable engineering is a multidisciplinary graduate program ideal for professionals and graduate-level students with engineering and physical science backgrounds who wish to design a flexible individualized plan of study.

Courses cover such sustainable engineering topic areas as energy systems and alternative energy production, water, transportation, earth systems engineering, industrial ecology, life cycle assessment, environmental technologies, green construction practices and sustainable technology systems.

The goal of sustainable engineering is to enable long-lasting improvement of the human condition. Sustainable engineering transcends traditional engineering education by integrating considerations of complex social, environmental, political and economic factors into engineering theory and practice in order to achieve more economically, technically, environmentally, institutionally, and socially efficient and robust solutions.

### Degree Requirements:

30 credit hours including a capstone course and a written comprehensive exam, or 30 credit hours including a thesis and written comprehensive exam, or 30 credit hours including the required applied project course (CEE 593) and a written comprehensive exam.

Required Core (12 credit hours)

Infrastructure Systems Track Courses (9 credit hours) or

Energy Systems Track Courses (9 credit hours) or

Earth Systems Engineering and Industrial Ecology Track Courses (9 credit hours)

Electives (3 credit hours)

Culminating Experience (6 credit hours)

Additional Curriculum Information

Students complete nine credit hours in a selected track. Available track options are infrastructure systems, energy systems, and earth systems engineering and industrial ecology.

Students should see the academic unit for an approved course list.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's degree or master's degree in engineering or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students with a degree in civil engineering, environmental engineering, construction engineering, mechanical engineering or with an engineering degree other than these listed may be admitted, with deficiencies as identified by the sustainable engineering faculty, if appropriate. If the applicant does not have an undergraduate degree in any of these programs, additional requirements may be necessary based upon the applicant's background, including sufficient courses in mathematics that include but are not limited to calculus, differential equations and linear algebra. A faculty committee will determine which required courses are needed on a case-by-case basis.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-engineering/>)

## Systems Engineering, PHD (ESSYSPHD)

**Online Degree Search Title:** Systems Engineering, PhD

**Campus:** Polytechnic

**Program Description:**

The PhD in systems engineering is a transdisciplinary graduate program offered by the Polytechnic School. The program is aimed at advancing the understanding of complex engineering systems, where these systems are inclusive of technological aspects as well as social, cultural, environmental and other interacting components that impact the input, output and interactions within a system. The program prepares students to identify, model, analyze, interpret, optimize and manage the multidimensional interactions of the ever-increasing complexity of modern technological and societal challenges.

A typical incoming student in this program would have a master's degree in engineering or related discipline. The core curriculum provides the foundation for systems thinking, systems identification, systems modeling and systems design and analysis using diverse disciplinary methodological approaches. Students in this doctoral program use their capacity to evaluate complex systems and a depth of mathematical maturity to study problems for which complexity is impeding progress.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, and a dissertation.

Required Core (9 credit hours)

EGR 602 Principles of Independent Research (3)

EGR 608 Advanced Simulation (3)

EGR 611 Complex Engineering Systems (3)

Technical Electives (3 credit hours)

Electives and Research (60 credit hours)

Culminating Experience (12 credit hours)

EGR 799 Dissertation (12)

**Additional Curriculum Information**

When approved by the student's supervisory committee and the Graduate College, this program allows 30 credit hours from a previously awarded master's degree to be used toward this degree. If students do not have a previously awarded master's degree, the 30 credit hours of coursework will be made up of electives to reach the required 84 credit hours.

Students are required to take 12 credit hours of EGR 792 as part of their research coursework.

Elective coursework should be directly in support of the student's research as advised by the supervisory committee.

Students with a BS degree coming into the doctoral program in systems engineering must complete at least nine credit hours of approved mathematics courses after the completion of their bachelor's degree. Students select appropriate elective courses in consultation with the academic

unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a minimum of a bachelor's or master's degree in engineering, or a closely related field, from a regionally accredited institution.

Applicants without a master's degree in engineering or a closely related field must have a minimum of a 3.75 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program coupled with a record of research or leadership accomplishments (or both). Applicants with a master's degree in engineering or a closely related field must have a minimum of 3.25 cumulative GPA (scale is 4.00 = "A") in the applicable master's degree program. Exceptional undergraduates are encouraged to apply after completion of a BS degree.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- GRE scores
- statement of purpose
- resume or curriculum vitae
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

## Technology (Aviation Management and Human Factors), MSTech (TSHFMSTECH)

**Online Degree Search Title:** Technology (Aviation Management and Human Factors), MSTech

**Campus:** Polytechnic

**Program Description:**

The MSTech degree program offers a concentration in aviation management and human factors. The program's focus is on preparing graduates for a career in the aviation industry, and it can serve as the foundation for further advanced study. Courses are offered at the Polytechnic campus, with some courses offered as iCourses. Graduates of this program are provided with technical and professional skills for use in leadership positions in the aviation industry.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Aeronautical Management Technology (Air Traffic Management), BS
- Aeronautical Management Technology (Air Transportation Management), BS
- Aeronautical Management Technology (Professional Flight), BS
- Aeronautical Management Technology (Unmanned Aerial Systems), BS
- Air Traffic Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

33 credit hours and a thesis, or 33 credit hours including the required applied project course (AMT 593).

Required Core (12 credit hours)

Restricted Electives (3-21 credit hours)

Human Factors Track Option (12 or 15 credit hours)

Aviation Management Track Option (12 or 15 credit hours)

Culminating Experience (0-6 credit hours)

AMT 593 Applied Project (3) or

AMT 599 Thesis (6) or

portfolio (0)

Additional Curriculum Information

The detailed design of the graduate student's program requirements (33 credit hours) with the selection of the required courses is the responsibility of the student along with the supervisory committee chair and committee members.

Students in this graduate program also have the opportunity to enroll in human systems engineering (prefix HSE) and technological entrepreneurship and management (prefix TEM) graduate courses. Students may focus their study on courses that will best prepare them for their career or for the next step in their educational process.

Applied project students complete 15 credit hours (five track courses) and thesis students complete 12 credit hours (four track courses) selected in consultation with an advisor. In addition, three credit hours of AMT elective coursework are chosen in conjunction with the student's advisor or committee. Students who do not select a track complete 15 or 18 credit hours from the restricted electives list or other courses approved by the student's supervisory committee. All students in the aviation management and human factors concentration must take at least five AMT graduate courses.

The portfolio option demonstrates a high level of mastery of the principals and practice of aviation management and human factors through a compilation of work that the student completes through the course of their graduate study. While the specific details will depend on the student's specialization, all portfolios must describe three notable projects or academic accomplishments that the student has completed through the course of graduate study that illustrate the evolution and advancement of the student's technical expertise and mastery of the field of aviation management and human factors. Submission will include a written document that includes an overview of graduate experience and descriptions of projects presented in the portfolio.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit all the items below to complete an application file. Incomplete files will not be reviewed or considered.

- graduate admission application and application fee
- official transcript from each college or university attended
- official GRE general exam scores
- statement of purpose
- current resume
- three letters of recommendation
- proof of English proficiency

Additional Application Requirements

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency:

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

**Online Degree Search Title:** Technology (Environmental Technology Management), MSTech

**Campus:** Polytechnic

ASU is no longer accepting new students to this program. Please explore Degree Search for other similar program options.

**Program Description:**

The MSTech degree program with a concentration in environmental technology management provides students with a background in the sciences, engineering, environmental science, natural resource management, industrial hygiene or other affiliated areas with the regulatory and technical background to manage complex environmental problems.

Graduate courses are available in a traditional face-to-face format as well as Web-based distance learning. While the faculty and program are based at the Polytechnic campus, the entire program can be completed online. It is possible to complete the program within two years, including summers. Most students are working professionals and are able to finish the degree while working full time. The curriculum includes courses on topics such as:

- air pollution
  - chemistry of hazardous materials
  - environmental health
  - environmental law
  - hazardous waste management
  - industrial hygiene
  - international environmental law and policy
  - soil and groundwater contamination
  - solid waste management
  - sustainable development
- 
- toxicology
  - tribal environmental and resource management

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Environmental and Resource Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

33 credit hours and a thesis, or 33 credit hours and a written exam, or 33 credit hours including the required applied project course (ETM 593 or ERM 593), or 33 credit hours including the required written comprehensive exam.

Required Core (12 credit hours)

Approved Electives (15-21 credit hours)

Research (0-3 credit hours)

ETM 592 Research

Culminating Experience (0-6 credit hours)

ETM 593 Applied Project (3) or

ETM 599 Thesis (6) or

written comprehensive exam (0)

Additional Curriculum Information

Concentration area coursework includes 12 credit hours of core classes and 15 credit hours of approved electives in addition to six credit hours of ETM 599 Thesis or ETM 593 Applied Project and ETM 592 Research. The research requirement is for students completing an applied project. The written comprehensive exam option requires 12 credit hours of core classes and 21 credit hours of approved electives to reach the 33 credit hours

required for the program.

Supporting coursework includes the following areas of study:

- air pollution
- environmental chemistry
- environmental health
- environmental management leadership
- hazardous waste management
- homeland security
- international environmental law and policy
- international environmental management
- soils and groundwater contamination
- sustainability and sustainable development
- sustainable solid waste systems
- tribal environmental resource management
- water and wastewater treatment technologies
- water resource management

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit all the items below to complete an application file. Incomplete files will not be reviewed or considered until complete.

- graduate admission application and application fee
- official transcript from each college or university attended
- official GRE general exam scores
- statement of purpose (maximum of 600 words)
- current resume
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants may opt to submit up to three letters of recommendation.

Students should see the program website for application deadlines. Late applications may still be considered for the same application term or for the next term of admission; however, the department reserves the right to deny or not review a late application.

Admission to the graduate degree program presupposes an adequate preparation in a selected technology at the undergraduate level. The applicant's past work and professional experience are also evaluated and taken into consideration.

Undergraduate coursework of applicants admitted to this program generally includes chemistry, calculus and statistics. Deficiencies for admission to the graduate degree program, if any, are specified at the time of admission.

Undergraduate deficiency courses must be completed within the first year of the graduate program while concurrently enrolled in graduate-level coursework.

**Contact Information:**

Engineering, Ira A. Fulton Schools of

## Technology (Graphic Information Technology), MSTech (TSGIMSTECH)

**Online Degree Search Title:** Technology (Graphic Information Technology), MSTech

**Campus:** Polytechnic, Online

**Program Description:**

The MSTech program with a concentration in graphic information technology provides students the opportunity to study within the various areas of graphics and cross media.

Graduates are prepared for management positions in diverse graphic technology industries, such as:

- commercial and technical photography and video
- digital asset management
- digital media production
- front-end web design and development
- motion graphics
- planning and evaluation of cross media content creation and output
- pre-media, digital printing and publishing
- quality assurance
- social media
- usability and user experience

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Applied Science (Graphic Information Technology), BAS
- Applied Science (Internet and Web Development), BAS
- Graphic Information Technology, BS
- Graphic Information Technology (Gaming), BS
- Graphic Information Technology (User Experience), BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

33 credit hours and a portfolio, or 33 credit hours and a thesis, or 33 credit hours including the required applied project course (TMC 593 or GIT 593).

Students are required to complete a minimum of 33 credit hours of graduate coursework. Of the total 33 credit hours, a minimum of 27 credit hours must be 500-level courses and part of the approved program. Additional courses may be assigned by the faculty supervisory committee, depending on the background of the candidate. The minimum degree requirements are as follows:

Applied Project Option  
technical area of emphasis (18)  
supporting area (9)  
research methods course (3)  
applied project (3)

Portfolio Option  
technical area of emphasis (21)  
supporting area (12)  
portfolio (0)

Thesis Option  
technical area of emphasis (18)  
supporting area (9)  
thesis (6)

Most graduate degree-seeking students in this program elect to do an applied project rather than a thesis. The applied project generally allows the student to thoroughly explore a graphics-related problem and demonstrate knowledge of the problem, solutions for the problem and suggestions for further explanation of the problem. Another culminating experience option is the portfolio which allows a student to compile work from the graduate coursework and summarize their experience. Students in the ASU Online program must select the applied project or portfolio option.

Courses within the various graphics areas are taught on a rotating basis.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants must submit the following items. Incomplete files will not be reviewed or considered until complete.

- graduate admission application and application fee
- official transcript from each college or university attended
- official GRE general exam scores
- statement of purpose (letter of application)
- current resume
- proof of English proficiency

#### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must meet English proficiency requirements as defined by Graduate Admission Services. Students should be sure to review the TOEFL, IELTS, or PTE score requirements as their application will not be processed without valid proof of English proficiency. <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)

The GRE can be waived in some situations. Students should refer to the GRE waiver request (<https://poly.engineering.asu.edu/advising/graduate-students/> (<https://poly.engineering.asu.edu/advising/graduate-students/>)) for more information, and they should note that submitting the GRE waiver request is not a guarantee of approval.

Optionally, applicants may submit two letters of recommendation.

Admission to the graduate degree program presupposes an adequate technical preparation in a selected technology at the undergraduate level. The applicant's past work and professional experience are also evaluated and taken into consideration.

Undergraduate coursework of admitted applicants to this program generally include precalculus and statistics but are not required. Deficiencies for admission to the graduate degree program, if any, are specified at the time of admission and must be completed within the first year of the graduate program while concurrently enrolled in graduate-level coursework.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-technology->

## Technology (Management of Technology), MSTech (TSMRMSTECH)

**Online Degree Search Title:** Technology (Management of Technology), MSTech

**Campus:** Polytechnic

**Program Description:**

The MSTech program with a concentration in management of technology prepares students for leadership roles as technically proficient professionals in technology-driven organizations, whether private or public. Students are prepared to successfully transition into leadership positions in their fields of expertise after graduation and to move into a general leadership role outside their areas of technical expertise as their careers grow.

This degree program is open to individuals with a technical undergraduate degree who wish to develop their leadership and management skills to complement their technical expertise. The curriculum is tailored to the needs of the student, ensuring each student obtains basic leadership and management skills.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- Engineering (Automotive Systems), BSE
- Engineering (Electrical Systems), BSE
- Engineering (Mechanical Engineering Systems), BSE
- Engineering (Robotics), BSE
- Technological Entrepreneurship and Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

33 credit hours and a portfolio, or 33 credit hours including the required applied project course (TMC 593).

It is expected that graduates of the program possess skills in research and the ability to apply these research skills in practice. To achieve this goal, each student is required to complete OMT 549 Research Techniques and Applications and either TMC 593 Applied Project or Portfolio (0).

Additionally, each student is required to select four courses from the following list: (12 credit hours)

- OMT 503 Marketing Management (3)
- OMT 504 Ethical Issues in Technology (3)
- OMT 540 International Management (3)
- OMT 548 Statistical Methods for Research (3)
- OMT 592 Research (1-3)
- OMT 598 Special Topics (1-4)
- TMC 584 Internship (1-3)

Graduate courses from other majors may be selected with approval from the student's graduate advisory committee; these additional courses are selected to support the student's individual career goals and perceived needs. With the thesis option, courses are chosen to support the student's research topic and research methods. To ensure that all courses taken fit into the plan of study, all students are expected to discuss their tentative plan with their program advisors prior to registering for their first class and they must have an approved plan of study on file by the completion of nine credit hours toward the degree.

Students without a statistics course at the undergraduate level are required to complete an appropriate course during the first semester in the program. This course is in addition to the other requirements for the degree. Additional courses may be required to fulfill deficiencies, based on a review of the applicant's transcripts. Students should contact the department for more information.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Ira A. Fulton Schools of Engineering.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- official GRE general exam scores
- statement of purpose
- current resume
- three letters of recommendation
- proof of English proficiency

Additional Application Information

Incomplete files will not be reviewed or considered.

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

International applicants can find complete information on the English proficiency exams and other required documents on the Graduate Admission Services website: <https://admission.asu.edu/international/graduate-apply> (<https://admission.asu.edu/international/graduate-apply>).

Admission to the graduate degree program presupposes an adequate technical preparation in a selected technology at the undergraduate level. The applicant's past work and professional experience are also evaluated and taken into consideration. Industrial experience beyond completion of a bachelor's degree is strongly recommended.

Undergraduate coursework of admitted applicants to this program generally include calculus, technical writing and statistics. Students without a statistics course at the undergraduate level are assigned a statistics deficiency course. This course is in addition to the other requirements for the degree. Additional courses may be required to fulfill deficiencies, based on a review of the applicant's transcripts. Deficiency courses must be completed within the first year of the graduate program while concurrently enrolled in graduate-level coursework.

## User Experience, MS (ESUSEXMS)

**Online Degree Search Title:** User Experience, MS

**Campus:** Polytechnic

**Program Description:**

The MS program in user experience combines topics in web, human factors, visual displays and technical communication to make products, systems and services useful, usable and desirable. Students learn how to research user needs, identify criteria for successful products and services, prototype those products and services, and refine them through usability testing and other user-centered methods. User experience skills are increasingly valued by industry, yet are not typically covered in-depth in traditional engineering or technical communication programs. Students with a master's degree in user experience will enhance their employment potential.

**Degree Requirements:**

30 credit hours including capstone course GIT 560 or HSE 560 or TWC 560.

Required Core (21 credit hours)

GIT 540 Cross-Media Design Solutions (3)

GIT 542 Usability and User Experience (3)

HSE 521 Methods and Tools in Human Systems Engineering (3)

HSE 542 Foundations of Human Systems Engineering (3)

TWC 501 Fundamentals of Technical Communication (3)

TWC 514 Visualizing Data and Information (3)

TWC 544 User Experience (3)

Electives or Research (6 credit hours)

Culminating Experience (3 credit hours)

GIT 560 Capstone in User Experience (3), or

HSE 560 Capstone in User Experience (3), or

TWC 560 Capstone in User Experience (3)

Additional Curriculum Information

Students should see the academic units for a complete list of approved electives and research courses. Other courses may be used with approval of the academic units.

Students choose one capstone course as the culminating experience for the program.

**Admission Requirements:**

Applicants must fulfill the requirements of the Graduate College, the Ira A. Fulton Schools of Engineering and the College of Integrative Sciences and Arts.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in related fields such as psychology, graphic information technology, graphic design, cognitive science, design or technical communication, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- resume
- writing sample
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Because this degree requires strong communication skills, the program expects applicants whose native language is not English to have the following TOEFL scores: traditional paper-based score of 600 and internet-based score of 100.

## Applied Ethics and the Professions (Biomedical and Health Ethics), MA (LAAEPMEMA)

**Online Degree Search Title:** Applied Ethics (Biomedical and Health Ethics), MA

**Campus:** Tempe

ASU is not currently accepting applications for this program.

### **Program Description:**

Medicine is infused with moral values and is deeply embedded in a variety of social and cultural contexts which significantly determine the effectiveness of medical care in achieving healthy outcomes for patients and populations. The objective of the biomedical and health ethics concentration in the MA program in applied ethics is to integrate academic and clinical dimensions of moral issues with medical practice and biomedical research. Students from a broad range of backgrounds are exposed to the internal and external logics of medicine, health care and biotechnology, and they will gain substantive understanding of ethical, cultural and societal issues in a variety of domains through coursework and other experiences. Students deliberate individually and collectively about a wide range of issues and problems in contemporary medicine and the history of medicine; develop advanced critical normative reasoning and judgment capacities; and cultivate effective communication skills for academic, clinical and policy contexts.

### **Degree Requirements:**

30 credit hours including the required applied project course (AEP 593).

Required Core (3 credit hours)

AEP 501 Practical and Professional Ethics (3)

Concentration (3 credit hours)

BIO 516 Foundations of Bioethics (3)

Concentration Electives (18 credit hours)

Culminating Experience (6 credit hours)

AEP 593 Applied Project (6)

Additional Curriculum Information

Electives are related to the concentration study. Students must request approval from the chairperson of the degree program prior to selecting elective coursework.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement of interest and qualification
- resume
- two letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE scores are not required.

## Applied Ethics and the Professions (Science, Technology and Ethics), MA (LAAEPSEEMA)

**Online Degree Search Title:** Applied Ethics (Science, Tech and Ethics), MA

**Campus:** Tempe

ASU is not currently accepting applications for this program.

#### Program Description:

The science, technology and ethics concentration of the MA degree program in applied ethics and the professions focuses on the ethical issues that arise from the multiple challenges involved in balancing economic, technological, environmental, social and cultural development in a world increasingly affected by science and technology. It provides the student with a general background in ethics and ethical systems with an emphasis on ethical issues in science and technology. The program also exposes students to new challenges posed by rapidly evolving sociotechnical systems in such areas as:

- energy, environment and development
- genetic engineering and biotechnology
- information and communication technology
- nanotechnology
- risk assessment
- technology and security

#### Degree Requirements:

30 credit hours including the required applied project course (AEP 593).

Required Core (3 credit hours)

AEP 501 Practical and Professional Ethics (3)

Concentration (3 credit hours)

HSD 598 Topic: Science, Technology and Ethics (3)

Concentration Electives (18 credit hours)

Culminating Experience (6 credit hours)

AEP 593 Applied Project (6)

Additional Curriculum Information

Electives are related to the concentration study. Students must request approval from the chairperson of the degree program prior to selecting elective coursework.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 or higher cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- personal statement of interest and qualification
- two letters of recommendation
- proof of English language proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

No GRE is required.

## Global Development and Innovation (Certificate), Certificate (FIGDIGRCT)

**Online Degree Search Title:** Global Development and Innovation (Graduate Certificate)

**Campus:** Tempe, Online

**Program Description:**

The graduate certificate in global development and innovation responds to the knowledge and skills gap with which development practitioners often struggle, connecting with innovations that policymakers seek for more sustainable and resilient futures. It provides current and critical perspectives on innovation and development for overseeing and managing complex global challenges while fostering cultural sensitivities and dispositions.

Program graduates contribute to improving development policy and practices through analysis, integration and incorporation of emerging insights and best practices, making them available to policymakers, practitioners and tech-innovators.

**Degree Requirements:**

15 credit hours.

Required Core (6 credit hours)

GTD 501 Global Technology and Development (3)

GTD 511 Development Policy and Practices (3)

Electives (9 credit hours)

#### Additional Curriculum Information

Students select nine credit hours from a restricted elective list. This list can change and increase over time as needed with unit director approval. Students may select a maximum of three one-credit courses toward fulfillment of the total of nine credit hours. Students should see the academic unit for a complete list of approved electives.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution or the equivalent from an international institution that is officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- personal statement
- resume
- official transcripts
- two letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Acceptable proof consists of a TOEFL score of at least 550 (PBT) or 80 (iBT), an IELTS overall band score of at least 6.5 with no band below 6.0, or a Pearson Test of English score of at least 60. The most current requirements are available at <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

International students who need an F1 or J1 visa will first need to apply to and be accepted into a master's degree or doctoral degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission be considered for admission to this certificate program.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Global Technology and Development, MS (LSGTDMS)

**Online Degree Search Title:** Global Technology and Development, MS

**Campus:** Tempe, Online

#### Program Description:

The MS in global technology and development is a program covering international social, economic and political development. It highlights the variables of technology and innovation in these development processes and analyzes change within the context of the current era of globalization. One of the central concerns addressed in the program is the global disparity in wealth and access to resources and basic needs, both between and within countries.

Students are encouraged to pursue unique research questions, in the developed or the developing worlds, which engage them in social science research on issues related to technology and human socioeconomic and political development. Students take theoretical, research, policy and regional studies courses to prepare for the master's degree culminating experience.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Innovation in Society, BS

Innovation in Society, BA

Technological Entrepreneurship and Management, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours including the required applied project course (GTD 593).

Required Core (3 credit hours)

GTD 511 Development Policies and Practices (3)

Other Requirement (12 credit hours)

GTD 501 Global Technology and Development (3)

GTD 503 Technology and the International Political System (3)

GTD 505 Research Design in Technology and Development (3)

GTD 506 Quantitative Analysis in Technology and Development (3)

Restricted Electives (12 credit hours)

Culminating Experience (3 credit hours)

GTD 593 Applied Project (3)

Additional Curriculum Information

For the approved electives course list, students should contact the academic unit. Other requirement courses may be substituted with approval of the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's degree from a regionally accredited college or university recognized by ASU in a related field such as political science, international relations, sociology, anthropology, economics, business, education, technology, engineering, life sciences, foreign languages or literature (i.e., topics related to global development, culture or socioeconomic institutions).

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- two letters of recommendation
- proof of English language proficiency

## Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. A TOEFL score is required. Applicants should visit <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>) for more information.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Global Technology and Development (Applied International Development), MS (FIGTDAIDMS)

**Online Degree Search Title:** Global Technology and Development (Applied International Development), MS

**Campus:** Online

### Program Description:

The concentration in applied international development under the MS in global technology and development provides a curriculum focused on applied skills and practices in international development and includes specializations contributed by other units; this differs from the current theory and research-driven degree.

The program allows professionals, whether early in their careers or experienced, to develop and enhance skills in planning, management, analysis and evaluation in development practice. Students in the program select an area to specialize in, such as education, health, business, management and community development, which allows them to directly apply this knowledge to a relevant sector. Learning outcomes emphasize enhanced skills in analysis, critical thinking and the ability to apply knowledge to development-related challenges.

### Degree Requirements:

30 credit hours including an applied project (GTD 593).

Required Core (3 credit hours)

GTD 511 Development Policy and Practices (3)

Concentration (9 credit hours)

GTD 501 Global Technology and Development (3) or

GTD 506 Quantitative Analysis in Technology and Development (3) or

NLM 520 Financial and Resource Management (3) or

NLM 530 Program Evaluation and Information Management (3)

Specialization Electives (15 credit hours)

Culminating Experience (3 credit hours)

GTD 593 Applied Project (3)

### Additional Curriculum Information

Students select three courses from the concentration list for a total of nine credit hours.

Students may take elective courses in an area of interest from a variety of ASU Online academic programs such as business, management, education, community development and health. Students should see the academic unit for available specializations and approved course list.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in global development, education, business, health, management, community development or a related field, from a regionally accredited institution.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- letter of intent or written statement
- two letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

A personal statement of purpose of one to two pages is required for admission as well as two letters of recommendation, either academic or professional. While the GRE is not required, the statement of purpose is a significant factor in the application process, and it should address the background and capabilities of the applicant as well as the applicant's interest in the program.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Human and Social Dimensions of Science and Technology, PHD (GCHSDSTPHD)

**Online Degree Search Title:** Human and Social Dimensions of Science and Technology, PhD

**Campus:** Tempe

**Program Description:**

This program prepares students to teach and conduct research, using humanistic and social science methods, on the social, historical, philosophical and policy foundations of science and technology as well as their interactions with society.

The PhD program in human and social dimensions of science and technology responds to growing demand for transdisciplinary research in the humanities and social sciences that can provide insights into the dynamic relationship between science, technology and society. Solutions to the problems of applying science and technology to human well-being can be found only by fully integrating research from across multiple social science and humanities disciplines.

The program is flexible, combining a strong, integrated, first-year experience with substantial freedom for students who, in conjunction with their advisors, design carefully crafted plans of study relevant to their own areas of specialization and expertise. Unique among programs of this kind nationally, students will also learn to communicate and work with scientists, engineers, policymakers, business and community officials, or the

public in conducting and applying research.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (8 credit hours)

HSD 601 HSD I: Human Dimensions of Science and Technology (4)

HSD 602 HSD II: Science, Power and Politics (4)

Culminating Experience (12 credit hours)

HSD 799 Dissertation (12)

Additional Curriculum Information

This is a research degree, culminating in a dissertation, which must draw on multiple disciplinary perspectives.

Students may apply up to 30 credit hours from a prior master's degree toward the total hour requirement, upon approval of the steering committee. Each student, with his or her supervisory committee, develops a unique plan of study, which the student's supervisory committee approves.

Each student completes a yearlong core seminar, a second-year research project, two major fields, one minor field, methods training, electives and research. Students also regularly attend the program colloquia. There are no foreign language or statistics requirements, except as needed for a particular student's selected dissertation project.

Comprehensive Examination

The written dissertation prospectus and its oral defense constitute the written and oral comprehensive examinations required by the Graduate College for advancement to candidacy. Each student develops a written dissertation prospectus, including a bibliography and discussion of relevant research skills. The student makes an oral defense of the dissertation prospectus to his or her supervisory committee, which must approve the prospectus. Students normally complete the dissertation prospectus and its defense in the fifth semester.

Dissertation

The dissertation represents an original body of research that contributes to existing knowledge in a significant way.

Final Examination

Upon completing the dissertation, the student makes an oral defense of the dissertation to the supervisory committee, which must approve the dissertation. The doctorate is granted upon successful completion of the oral defense and any revisions to the dissertation required by committee members.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- HSD academic record form
- a curriculum vitae or resume
- a personal statement

- a writing sample
- general GRE scores
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. In order to meet English proficiency students must have an IELTS overall band score of at least 6.5 with no band below 6.0, or Pearson Test of English score of at least 60, or a TOEFL score of at least 600 (PBT) or 100 (iBT). ASU's institutional code is 4007. ASU only accepts electronic copies of the TOEFL score report.

Preference is given to students with demonstrated interest and competence in relevant areas of intellectual work.

The personal statement should be one to two single-spaced pages. It must be a statement of proposed research that clearly explains why the student feels ASU is the appropriate place to pursue their doctorate, identifies one or more faculty members whose interests or work are relevant to the student's proposed research, and describes the goals for pursuing the degree.

The writing sample should be a 10- to 25-page sample of academic writing, such as a course paper, an undergraduate thesis, or an excerpt from a master's thesis.

Students should see the program website for application deadlines.

## Innovation in Global Development, PHD (FIIGDPHD)

**Online Degree Search Title:** Innovation in Global Development, PhD

**Campus:** Tempe

#### Program Description:

The PhD program in innovation in global development emphasizes critical and diverse perspectives on global development and innovative policies and practices that challenge the status quo. The program is both rigorous and flexible, designed to meet the needs of a diverse set of students committed to a vision of development that values context, inclusivity and equity, and is socially, culturally and ecologically sensitive.

Students emerge from this program equipped with the leadership skills, critical-thinking skills, knowledge and global perspective required to navigate complex development challenges in a way that reduces inequalities and builds a more sustainable and inclusive future.

#### Degree Requirements:

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (17 credit hours)

- GTD 505 Research Design in Technology and Development (3)
- IGD 601 Re-Thinking Global Development (4)
- IGD 602 Innovation for Inclusive Development (4)
- IGD 603 Methods for Research in Global Development (4)
- IGD 604 Colloquium in Innovation in Global Development (2)

Electives or Research (55 credit hours)

Culminating Experience (12 credit hours)

- IGD 799 Dissertation (12)

#### Additional Curriculum Information

Students are required to take IGD 604 once for two credits as a core course requirement. They may take it one additional time for two more credits that can be used towards electives.

Elective courses are chosen based on the students' area of interest and approval from their committee. Other electives may be used with approval of the academic unit.

When approved by the student's supervisory committee and the Graduate College, this program may allow up to 30 credit hours from a previously awarded master's degree to be used for this program. If students do not have a previously awarded master's degree, the remaining coursework will be made up of electives and research.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in anthropology, natural resource management, agriculture development, political science, development studies, economics, development management, rural development, technology and development, sociology, science and technology or a related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

Applicants are required to submit:

- graduate admission application and application fee
- official transcripts
- letter of intent or written statement
- professional resume
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

## Nonfiction Writing and Publishing (Certificate), Certificate (LANWPGRCT)

**Online Degree Search Title:** Nonfiction Writing and Publishing (Graduate Certificate)

**Campus:** Downtown Phoenix, Polytechnic, Tempe, West

#### Program Description:

The graduate certificate program in nonfiction writing and publishing encourages students, whether from the humanities, biomedicine or techno-sciences, to emulate the masters of literary nonfiction as a means to achieve success in commercial and public-interest publishing, both in print and online, especially in the subject areas of technology, science, engineering, the environment and biomedicine. Such literary role models include Murkajee, on cancer research; Carson, on marine biology; Skloot, on biomedical materials; Pollan, on food, nutrition and agribusiness; Biss, on vaccine science; Zimmer, on evolutionary biology; Gould, on paleontology; Haley, on race and society; Ida Wells, on racial violence; Ehrenreich, on the working poor; McKibben, on global warming; and Kidder, on computer science.

By uniting reading and writing about complexity, the program aims to help subject-area masters achieve a more positive impact on society through their scholarly work as well as through literary publishing. The intended outcome of the program is to endow master learners and subject-area experts with the confidence and capability to reach wide audiences of nonspecialists, including leaders in business, politics, culture and society.

The certificate is open to all graduate students, including those from the humanities. Those students who desire to write eloquently, persuasively and memorably about techno-science and complex socio-technical systems are ideal for this program. Students will be encouraged to draw on their own deep subject-matter of technology, science, biomedicine and environmental issues to provide the raw material for their literary narrative and nonnarrative writing. While inevitably writers with subject-area mastery engage in some crude forms of translation to achieve their literary ends, they also create new forms of language and modes of knowing that suit the interdisciplinary, multidimensional aspect of their complex topics.

On enrollment, students first must take the required core course, Masters of Nonfiction, which combines reading great masters of nonfiction with writing in forms viewed as classic by literary scholars and practitioners. By drawing on their own techno-scientific knowledge, they focus on various forms of popular writing: participant-observer, omniscient narration, advocacy, explanatory, bearing witness, biography and first-person story (or memoir). Additional classes, offered by various departments, teach writing about food, travel, history, explanatory journalism, science communication, technology and creative nonfiction. The specific sequence of courses can be tailored to each student's specific trajectory and classes can be taken at the student's own pace.

The core course, Masters of Nonfiction, also is open to students who will not pursue the certificate but wish to deepen their command of writing about complexity for general readers.

**Degree Requirements:**

15 credit hours.

Required Core (3 credit hours)

HSD/HPS/HST 520 Masters of Nonfiction (3)

Electives (12 credit hours)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution. Applicants who attended school outside of the U.S. must hold a bachelor's degree, graduate degree or equivalent from an institution that is officially recognized by that country.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours or 90 quarter hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- writing sample
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants are encouraged to enroll in a graduate degree program in conjunction with this certificate but are not required to do so.

International students who need an F1 or J1 visa will first need to apply to and be accepted into a master's or doctoral degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program. Applicants should see the program website for application deadlines.

## (GCRSESGRCT)

**Online Degree Search Title:** Responsible Innovation in Science, Engineering and Society (Graduate Certificate)

**Campus:** Tempe

### **Program Description:**

The certificate program in responsible innovation in science, engineering and society is designed for scientists, engineers, research managers, technology officers, public administrators and policy officials who seek to advance science and technology to improve societal outcomes and to develop creative solutions to the fundamental global challenges of the 21st century.

The program provides knowledge, skills and methods for analyzing innovation and technological systems; knowledge and uncertainty in decision-making; the regulation and governance of science and technology; the uptake of science and technology in complex societal settings; and interactions between science, technology and the public.

The certificate may be pursued by professionals in industry or government or by graduate students pursuing their Arizona State University degree program.

### **Degree Requirements:**

15 credit hours including the required capstone course HSD 580.

Required Core (3 credit hours)

HSD 540 Responsible Innovation and Research (3)

Electives (9 credit hours)

Culminating Experience (3 credit hours)

HSD 580 Practicum (3)

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- two letters of recommendation
- resume
- personal statement
- proof of English proficiency

### **Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Acceptable proof of English proficiency is an IELTS overall band score of at least 6.5 with no band below 6.0 (no institutional code needed); or a Pearson Test of English score of at least 60; or a TOEFL score of at least 550 (PBT) or 80 (iBT). Students should note that the ASU institutional code for the TOEFL is 4007. Also, students should note that ASU only accepts electronic copies of the TOEFL score report.

International students who need an F1 or J1 visa will first need to apply to and be accepted into a master's or doctoral program prior to being considered for the certificate program. International students residing in the U.S. on other types of visas must adhere to all Graduate College policies and procedures regarding admission to be considered for admission to this certificate program.

Applicants should see the program website for application deadlines.

## Science and Technology Policy, MSTP (LAHSDPSM)

**Online Degree Search Title:** Science and Technology Policy, MSTP

**Campus:** Tempe

**Program Description:**

The MSTP program uniquely prepares its graduates to have an impact in today's technologically complex world. Drawing on some of the world's leading experts and innovative thinkers, it is designed to train future leaders, policymakers and analysts in tackling many complex issues such as climate change, energy security and responsible innovation to public health, global development and social justice.

The Master of Science and Technology Policy program is a one-year, cohort-based program designed to attract students of the highest caliber. The program may also be completed over an extended period or on a part-time basis. It is suited to anyone interested in a career in which they work to ensure science and technology serve society through responsive and effective policy development and implementation. Students come from a wide range of backgrounds and go on to develop successful careers in government, business, academic institutions and nongovernmental organizations.

On completion of the program, graduates are able to apply critical skills and methods to science and technology policy analysis, apply cutting-edge approaches to ensuring socially responsive and responsible technology innovation, and contribute to developing and implementing creative solutions to many of today's most complex challenges, including responsible innovation, technological convergence, social and environmental sustainability, health and well-being, energy, equity, development, security, information collection and use, infrastructure, democracy, STEM education, the role of science, and space. They are able to describe the historical, social and institutional foundations of science and technology policy, discuss the complexities of science and technology policy decisions, decision-making under uncertainty, and the role of experts, employ effective policy communications skills and techniques, and work collaboratively and effectively with experts from different backgrounds, including scientists, engineers and elected officials.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

- African and African American Studies, BA
- Innovation in Society, BS
- Innovation in Society, BA
- Justice Studies, BA
- Justice Studies, BS
- Women and Gender Studies, BA

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

30 credit hours including the required applied project course (HSD 593).

Required Core (6 credit hours)

HSD 501 Science and Technology Policy (3)

HSD 502 Advanced Science and Technology Policy (3)

Electives (9 credit hours)

Restricted Electives (6 credit hours)

Other Requirements (6 credit hours)

HSD 505 Science and Technology Policy Workshop (3)

HSD 584 Internship (3)

Culminating Experience (3 credit hours)

HSD 593 Applied Project (3)

Additional Curriculum Information

Restricted electives are from a list provided by the program chair.

The science and technology policy workshop in Washington, D.C., HSD 505, is required of all students pursuing the Master of Science and Technology Policy degree.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the School for the Future of Innovation in Society.

Applicants are eligible to apply to the program if they have earned a bachelor's degree (or equivalent) or a graduate degree from a regionally accredited college or university of recognized standing. Students are strongly encouraged to have prior relevant education, training or experience in science and technology policy; management of science, technology or innovation; or science, technology and society.

Applicants must have a minimum cumulative GPA of a 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- resume
- personal statement
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students should see the program website for application deadlines.

## Global Management, Thunderbird School of

### Applied Leadership and Management, MALM (TBALMMALM)

**Online Degree Search Title:** Applied Leadership and Management, MALM

**Campus:** Downtown Phoenix, Online

**Program Description:**

More than ever, the world needs leaders. Thunderbird's MALM is a unique degree program taught by Thunderbird's world-class professors. The Master of Applied Leadership and Management program is designed to sharpen students' skills and to explore leadership and management from a global perspective in order to deliver the highest quality graduate education in an affordable format.

**Degree Requirements:**

30 credit hours including the required capstone course (TAM 597).

Required Core (3 credit hours)

TAM 582 Communicating and Negotiating in a Dynamic World (3)

Electives (24 credit hours)

Culminating Experience (3 credit hour)

TAM 542 Global Leadership and Personal Development (3)

**Admission Requirements:**

An applicant must fulfill the requirements of both the Graduate College and the Thunderbird School of Global Management

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- professional resume
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. The English proficiency requirements are the same as the Graduate College requirements.

Candidates for this program will come from markets such as Nigeria, Kenya, South Africa, India, Egypt, Indonesia, Columbia, Peru and Brazil.

Two years of work experience is preferred but not required.

## Global Finance (Certificate), Certificate (TBGFINGRCT)

**Online Degree Search Title:** Global Finance (Graduate Certificate)

**Campus:** Downtown Phoenix

### Program Description:

The graduate certificate program in global finance provides specialized content knowledge in financial management, investments, private equity and portfolio management for business, governmental and nongovernmental entities that operate on a global scale. Knowledge of global and regional economic and political landscapes, multinational tax management and country risk analysis are key in financial decision-making.

The courses in this program position students in multinational entities where the accounting emphasis is on international financial reporting standards rather than the United States' generally accepted accounting principles, and financial value creation is contingent on efficient management of cross-border transfer pricing, tax planning, currency hedging and interest rate risks. The courses help students explore the business and management differences in countries with varying corporate governance, joint venture structures and financial measures of country business performance. Courses emphasize an experiential approach to learning, using case studies featuring companies across the globe with different cultures and complex legal environments.

The certificate program may be completed in one semester, excluding any required prerequisite courses.

### Degree Requirements:

15 credit hours.

Required Core (6 credit hours)

TGM 518 International Finance and Trade (3)

TGM 519 Global Financial Engineering (3)

Electives (9 credit hours)

Additional Curriculum Information

Students choose three elective courses from a restricted list. Additional courses may be utilized with approval from the academic unit.

### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the Thunderbird School of Global Management.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must have taken TGM 521 Managing for Global Value Creation and TGM 522 Global Financial Decisions, or TGM 502 Financial Management for Global Value Creation, or a three credit hour 500-level graduate course with a minimum grade of "B" (scale is 4.00 = "A") or its equivalent. Coursework must be from a regionally accredited institution, from an institution accredited by a business accreditation organization such as the Association to Advance Collegiate Schools of Business, European Quality Improvement System or Association of MBAs, or from other institutions with approval of the academic unit.

## Global Management, MGM (TBTGMMGM)

**Online Degree Search Title:** Global Management, MGM

**Campus:** Downtown Phoenix, Online

**Program Description:**

The MGM is an in-depth, global business education professional degree that combines general management coursework, cross-cultural insight, regional studies and foreign language components to educate global business leaders. With its innovative program philosophy, the master's degree program provides a strategically choreographed progression through every facet of international management, with hands-on, experiential learning opportunities and practical, applicable nuances of global business.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Global Management, BGM

International Trade, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

40 credit hours including the required capstone course (TGM 549).

Required Core (3 credit hours)

TGM 506 Communicating and Negotiating Across Cultures (3)

Other Requirements (21 credit hours)

TGM 515 Navigating Global and Regional Business Environments (3)

TGM 517 Global Accounting and Financial Management (3)

TGM 545 Advanced Perspectives on Global Leadership and Strategy (3)

TGM 557 Global Data and Marketing Analytics (3)

TGM 586 Global Entrepreneurship and Sustainable Business (3)

TGM 596 Thunderbird Experiential Practicum (6)

Electives (24 credit hours)

Culminating Experience (1 credit hours)

TGM 597 Thunderbird Integrative Experience (1)

Additional Curriculum Information

Proficiency in a second language is required for graduation from the MGM degree. Students whose native language is not English who meet the

admission requirements for this program satisfy the language requirement.

Students whose native language is English must satisfy the graduation requirement for language proficiency by waiving this requirement through an Oral Proficiency Interview administered by a third party vendor or by successfully completing six credit hours of 400 level or higher foreign language coursework.

For electives coursework, students should see the academic unit for approved courses.

For other requirements coursework, other courses may be used with approval from the academic unit.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Thunderbird School of Global Management.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution. The program is open to candidates from any undergraduate major.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- resume
- two letters of recommendation
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

GRE or GMAT scores may be required after a complete review of the student's application material, including resume, academic transcripts and two letters of recommendation.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. ## Global Marketing (Certificate), Certificate (TBGMKTGRCT)

**Online Degree Search Title:** Global Marketing (Graduate Certificate)

**Campus:** Downtown Phoenix

**Program Description:**

For the global market, domestic marketing frameworks and tools are not sufficient. The global marketing framework expands this content to include the idiosyncrasies and complexities of political, economic, legal, societal and cultural differences that exist in foreign markets.

The courses in the global marketing certificate program position and equip students in multinational corporations or international organizations to comprehend how and why customers make decisions the way they do, leverage branding as a capability to create value and use the abundance of data available in today's market to engage in cutting edge business analytics. The courses in this program emphasize the experiential approach to learning, using case studies featuring companies across the globe with different cultures and complex legal environments. The common theme across these courses is to advance understanding of the critical, nuanced differences that managers need to recognize when conducting business across borders. Students examine how customer decision-making, branding, business analytics, negotiation, channels and distribution, sales force management, product development and strategic services marketing are played out in the international arena.

**Degree Requirements:**

15 credit hours.

Required Core (6 credit hours)

TGM 553 Global Customer Decision Making (3)

TGM 554 Global Marketing Research (3)

Electives (9 credit hours)

## Additional Curriculum Information

Students choose three elective courses from a restricted list. Additional courses may be utilized with approval from the academic unit.

### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the Thunderbird School of Global Management.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in any field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- proof of English proficiency

## Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants must have taken TGM 551 Global Marketing Strategy and TGM 552 Global Marketing Management, or TGM 503 Global Marketing, or a three credit hour, 500-level graduate course with a minimum grade of "B" (scale is 4.00 = "A") or its equivalent. Coursework must be from a regionally accredited institution, from an institution accredited by a business accreditation organization such as the Association to Advance Collegiate Schools of Business, European Quality Improvement System, Association of MBAs, or other institutions with approval from the academic unit.

## Health Solutions, College of

### **Audiology, AuD (LAAUDAUD)**

**Online Degree Search Title:** Audiology, AuD

**Campus:** Tempe

#### **Program Description:**

The three-year course of study for the AuD degree is comprised of basic science coursework, professional knowledge coursework, and clinical practicum experiences. The curriculum is designed such that upon completion students will have satisfied all academic and clinical requirements necessary for state licensure. Full-time commitment is critical because graduate courses are offered once per academic year. In addition, course content and the sequence of courses are closely tied to clinical practicum assignments. Moreover, full-time enrollment assures timely completion of the program.

Students in the Doctor of Audiology program have the option of graduating after completion of the three-year program of study or enrolling in a clinical externship during their fourth year for up to an additional three credit hours of clinical training. A minimum of 850 hours of clinical training is obtained during the first three years of training. Completion of 1,820 practicum hours is required for the Certificate of Clinical Competence in Audiology, also known as CCC-A, by the American Speech-Language-Hearing Association and can be met by completion of the 4th-year externship under the supervision of an ASHA-certified audiologist.

Students who complete the Doctor of Audiology degree find rewarding careers in hospitals, physician's offices, audiology clinics, school districts and industry.

**Degree Requirements:**

86 credit hours and a written comprehensive exam.

Required Core (57 credit hours)

SHS 502 Basic Audiometry (4)

SHS 504 Amplification I (4)

SHS 505 Sign Language for Audiologists and Speech Pathologists (2)

SHS 508 Pediatric Audiology (3)

SHS 510 Amplification II (3)

SHS 511 Auditory Perception by the Hearing Impaired (3)

SHS 513 Neurophysiology of the Auditory System (3)

SHS 516 Auditory Evoked Potentials (4)

SHS 517 Balance Assessment (4)

SHS 518 Auditory Rehabilitation (3)

SHS 520 Auditory Pathologies/Disorders and Otoneurologic Applications (4)

SHS 522 Hearing Conservation/Instrumentation (3)

SHS 523 Advanced Audiometry (3)

SHS 524 Counseling in Communication Disorders (2)

SHS 525 Audiology Practice Management (3)

SHS 526 Launch to Clinical Methods in Audiology (1)

SHS 552 Physiological Measures of Auditory Function (4)

SHS 555 Cochlear Implants (4)

Other Requirements (25-28 credit hours)

SHS 500 Research Methods (3)

SHS 580 Clinical Practicum (8)

SHS 584 Clinical Internship (12)

SHS 589 Audiology Grand Rounds (2)

SHS 590 Reading and Conference (Audiology Clerkship) (0-3)

American Speech-Language-Hearing Association Praxis national certification examination in audiology (0)

Electives and Research (4 credit hours)

Culminating Experience

written and oral comprehensive exam

#### Additional Curriculum Information

Students will have the option to continue enrollment in SHS 590 at one credit per semester for up to three semesters to complete the externship requirements of the ASHA certification. These extra hours of clinical experience will allow students to apply for ASHA certification upon graduation. Students should maintain continuous enrollment and not apply for graduation until they have completed the additional clinical hours for the certification.

In addition to the Graduate College requirements, eligibility for graduation is based upon the following:

#### Formative Exam (Year 1)

Students must pass a formative exam given at the end of the first academic year of the program. This is a 100-question, multiple-choice test covering the content of the courses taken during the fall and spring semesters. Students receiving scores of less than 80 percent will be given one opportunity to retake the exam.

#### Summative Exam (Year 2)

Students must pass a summative exam given at the end of the second academic year of the program. This is a comprehensive written and oral exam pertaining to clinical.

#### National Certification Exam (Praxis)

All students pursuing the Doctor of Audiology degree must pass the Praxis examination in audiology as a graduation requirement. There are no credit hours tied to it. The Praxis exam result must be sent directly from the Education Testing Service to the audiology program office in order to process the graduation approval.

#### Clinical Clock Hours

Students must successfully complete 850 hours of supervised clinical clock hours at both on-campus and off-campus internship sites.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in speech and hearing science or another related discipline from a regionally accredited institution. Applicants with degrees in related fields (such as nursing, education and any of the biological sciences) may apply, although they may be admitted as leveling students and must complete at least one year of prerequisite courses in speech and hearing science at the undergraduate level.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement
- GRE scores
- three letters of recommendation
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Admission is a two-stage process involving a review of the application materials and a required online video submission. Applicants meeting the first-stage admission criteria are notified and invited to provide additional information to complete the second stage of the admissions process. All other applicants are denied admission. In lieu of an on-campus interview, invited applicants who wish to continue the application process must provide a 15-minute video introducing themselves and answering several questions from the admission committee. The same questions are given

to all applicants along with instructions about format and submission. Applicants who do not submit a video are denied admission. The committee makes final decisions regarding admission from the videos received. Space is available in the program for 15 students. Invitations are sent by the end of February with a deadline of mid-March for video submission.

The personal statement should not exceed 200 words and should describe the reasons for pursuing graduate study in audiology; successful applicants submit statements that are free of grammatical errors and demonstrate proficiency in written communication.

Letters of recommendation should outline the applicant's potential success for graduate-level coursework. Letters from faculty members are most useful. A standard form is not used; letters should be submitted on letterhead from the recommender's institution.

## Auditory and Language Neuroscience, MS (NHALNEUMS)

**Online Degree Search Title:** Auditory and Language Neuroscience, MS

**Campus:** Tempe

**Program Description:**

The MS degree program in auditory and language neuroscience trains scholars in basic and applied research in the fields of auditory and language neuroscience to prepare them for doctoral-level graduate studies as well as for positions in science, health care and industry. In addition to cutting-edge coursework in neuroscience, this program also includes hands-on training in instrumentation such as neuroimaging, neurophysiology and clinical research applications. Students develop a strong foundation to conduct impactful neuroscience research related to auditory and language processing and human communication.

**Degree Requirements:**

31 credit hours including an thesis.

Required Core (6 credit hours)

SHS 541 Data Analysis in Auditory and Language Neuroscience (3)

SHS 542 Applied Research Methods in Auditory and Language Neuroscience (3)

Restricted Electives (12 credit hours)

Research (6 credit hours)

SHS 592 Research (6)

Other Requirement (1 credit hours)

SHS 590 Reading and Conference (1)

Culminating Experience (6 credit hours)

SHS 593 Applied Project (6) or

SHS 599 Thesis (6)

Additional Curriculum Information

For restricted electives, students should see the academic unit for an approved course list.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree, in any field, from a regionally accredited college or university.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- GRE scores
- letter of intent or written statement
- professional resume
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

In the letter of intent or written statement, applicants should indicate potential research mentors with whom they are interested in working. Letters of recommendation preferably are written by instructors, research mentors or clinical supervisors who can speak to the applicant's aptitude for research and master's-level coursework.

## Behavioral Health, DBH (LSBEVHEDBH)

**Online Degree Search Title:** Behavioral Health, DBH

**Campus:** Online

ASU is not currently accepting applications for this program. Applicants interested in the Doctor of Behavioral Health program should apply directly to the clinical or management concentrations.

#### Program Description:

The DBH is an innovative and interdisciplinary applied program designed to upgrade master's degree-level professionals to become experts in the emerging field of integrated behavioral care. Integrated care is the holistic treatment of both medical and behavioral conditions that are so common in primary care and other medical settings but often undetected and untreated. The results are poor clinical outcomes and increased medical costs related to overuse of medical services.

A key recommendation in health care reform is improved integration of medical and behavioral care in order to both improve health outcomes and decrease health care costs. The doctoral curriculum is explicitly focused on graduating experts who can both speak the language of evidence-based clinical interventions and the perform cost savings and return on investment analyses that will be in high demand in new models of accountable care delivery. Traditional doctoral training does not prepare clinicians or managers with the interdisciplinary knowledge required to meet these new demands in the health care marketplace. This program reflects a paradigm shift to a curriculum based on business entrepreneurship skills, such as business plans, marketing and returns on investment specific to health care; evidence-based behavioral interventions for primary care that are efficient and contribute to cost savings by reducing unnecessary medical care services and costs; health care systems policies, economics and finance that respond to emerging opportunities in health care reform; and medical literacy, to understand common medical conditions seen in primary care and consult effectively with the medical team.

The curriculum is unique in that it incorporates internship experience in primary care or similar medical settings, and it integrates clinical and professional affiliated faculty as well as faculty associates who are experts and are directly employed in health care environments in the area that they are teaching. It is a flexible, online degree program that enables students to select a program of study ranging from part-time to full-time attendance, and it is available through ASU Online as a distance-learning program. The program offers either a clinical track for licensed clinicians or a management track for health care managers and leaders, and it replaces the dissertation with a culminating research project that combines an applied research study with a business plan.

Internship experiences are arranged with local site liaisons, and students meet in small groups with a doctoral consultant who leads case reviews and studies. Rural health and experiences with disadvantaged and multicultural populations are encouraged. Graduates of the program will contribute to a societal transformation by leading to improved access to behavioral care, integration of a behavioral provider on the medical team, improved patient outcome and satisfaction, and decreased cost of care.

#### Degree Requirements:

84 credit hours including the required applied project course (IBC 793).

Required Core (12 credit hours)

IBC 712 Population Based Health Management (3)  
IBC 714 Quality and Performance Measurement, Improvement, and Incentives (3)  
IBC 718 Healthcare Systems: Organization, Delivery and Economics (3)  
IBC 720 Behavioral Health Entrepreneurship (3)

Electives (33 credit hours)

Internship and Culminating Experience (9 credit hours)

Additional Curriculum Information

previously awarded master's degree or other courses approved by the supervisory committee (30 credit hours)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (on a 4.00 scale) in the applicable master's degree.

All applicants must submit an online graduate admission application. Applicants should see specific concentrations for the items that must be submitted.

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must meet university and degree program English proficiency requirements.

In order to use the 30 credits from a previous master's degree, applicants must possess a bachelor's degree and a master's degree from a regionally accredited postsecondary institution in the U.S. or an equivalent degree from a recognized international postsecondary institution.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu>)

## Behavioral Health (Clinical), DBH (NHBVHCDBH)

**Online Degree Search Title:** Behavioral Health (Clinical), DBH

**Campus:** Online

**Program Description:**

The DBH is a global, interdisciplinary degree program that offers an innovative curriculum, a hands-on internship in primary care, and an applied research project for domestic and international students.

Clinical concentration students learn how to translate evidence-based practices that are tailored to fit the needs of the local community, patient population, and health care system. Students are prepared to anticipate trends in health care policy and to leverage their expertise in clinical practice, quality of care, population health and health care costs to thrive in the evolving health care marketplace.

The curriculum addresses the problem of poor health outcomes, barriers to patient access, and rising costs by preparing students to achieve the quadruple aim in health care: improved patient experience of care, population health management, cost-savings, and improved team satisfaction. Students learn how to improve the patient experience of care with evidence-based behavioral interventions to address behavioral problems such as depression, anxiety and trauma, lifestyle habits such as smoking, risky alcohol and drug use, poor nutrition and lack of physical activity, and medication nonadherence. Students master population health approaches to patient engagement, stratification and stepped care, and treat to target outcomes. Students learn to demonstrate cost savings and return on investment by developing the business case for integrated care. The student learning experience includes easy access to online articles, videos and web sites, weekly live webinars with faculty experienced in the field, live peer student webinars, and written assignments that parallel the writing used for clinical and business proposals in the real world.

In the culminating project, students use the quality improvement model to solve key problems in primary care, such as how to improve processes and outcomes, reduce waste, and decrease provider stress and burnout.

The internship program is hands-on in a local primary care clinic with in-person consultation by a licensed DBH faculty member in small group webinar format, a site mentor, and emphasis on clinical performance metrics common in the Patient Centered Medical Home and Accountable Care Organization approaches to primary care.

Students may join special research projects or have the opportunity for a semester of study abroad. The faculty are seasoned veterans representing clinical practice, management and applied research in integrated care.

**Degree Requirements:**

84 credit hours including the required Applied Project Course (IBC 793).

Required Core (12 credit hours)

IBC 611 Population-Based Behavioral Health Management (3)

IBC 614 Quality and Performance Measurement, Improvement and Incentives (3)

IBC 718 Healthcare Systems: Organization, Delivery and Economics (3)

IBC 720 Behavioral Health Entrepreneurship (3)

Concentration (15 credit hours)

IBC 601 Models of Integrated Primary Care (3)

IBC 603 Brief Interventions in Primary Care (3)

IBC 604 Clinical Medicine/Pathophysiology (3)

IBC 608 Psychopharmacology for the Behavioral Care Provider (3)

IBC 609 Clinical Neuropathophysiology (3)

Electives or Research (18 credit hours)

Other Requirement (6 credit hours)

IBC 684 Internship (6)

Culminating Experience (3 credit hours)

IBC 793 Applied Project (3)

Additional Curriculum Information

A previously awarded master's degree from a regionally accredited university or other courses approved by the supervisory committee is required (30 credit hours).

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (on a 4.00 scale) in the applicable master's degree.

All applicants must submit:

- graduate admission application and application fee

- official transcripts
- personal statement
- copy of the applicant's license or license eligibility
- one professional letter of recommendation
- updated curriculum vitae or resume
- program policies acknowledgements
- video or webcam admission interview (if indicated)
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants with master's degrees in counseling, family therapy, nursing, occupational health, and social work, among others, are encouraged to apply. Applicants must be master's degree-level professionals who are either currently employed or aspire to be employed in a clinical capacity within integrated health care.

Licensed and license-eligible are terms defining a license to practice issued by a state licensing board (e.g., Arizona Board of Behavioral Health Examiners, Arizona Board of Occupational Therapy Examiners, etc.). Examples include:

- license-eligible master's degree-level behavioral clinician
- licensed master's degree-level behavioral clinician
- master's degree-level licensed medical or ancillary health care provider (nurse, dietitian, occupational therapist)

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/doctor-behavioral-health-clinical/>)

## Behavioral Health (Management), DBH (NHBVHMDBH)

**Online Degree Search Title:** Behavioral Health (Management), DBH

**Campus:** Online

#### Program Description:

The DBH with a concentration in management is an innovative doctoral degree program that provides current and aspiring health care managers with training on integrated health care management. Integrated health care is the team-based, coordinated treatment of medical, lifestyle and behavioral conditions.

The Doctor of Behavioral Health program addresses a wide range of behavioral health issues impacting at-risk populations, from lifestyle to mental health to substance abuse, social determinants of health and health disparities. It focuses on integrated health management in primary care, especially in the patient-centered medical home and accountable care organization models. Integrated care is an excellent fit for other settings such as hospitals, emergency departments, specialty care, health plans, workplace wellness, educational and traditional mental health and substance use disorder treatment settings called bidirectional integration. The Doctor of Behavioral Health is a global, interdisciplinary program with curriculum and programs that enables both domestic and international students to translate management practices tailored to local health system geography,

culture, and policy.

The unique curriculum focuses on three areas: integrated behavioral health program design, quality and performance measurement, and business entrepreneurship. Graduates of the management concentration are positioned to achieve the Quadruple Aim in health care: improved patient experience of care, population health management, cost-savings and improved health care team experience. The curriculum emphasizes direct management or administration within medical settings, improving quality of care through population health management, and building and sustaining integrated care programs. The curriculum includes emerging health technologies such as integrated health measures in electronic health records, mobile health apps and wearable technology to facilitate and assist with tracking health behavior change, big data and analytics.

DBH graduates are expected to apply entrepreneurship concepts and skills to promote integrated health programs with key stakeholders, such as medical directors and chief executive officers. Graduates of the management concentration choose careers such as integrated care practice managers and choose leadership positions in integrated care delivery systems, health plans and managed care organizations as well as integrated care industry consultants.

**Degree Requirements:**

84 credit hours including the required Applied Project Course (IBC 793).

Required Core (12 credit hours)

IBC 611 Population-Based Behavioral Health Management (3)

IBC 614 Quality and Performance Measurement, Improvement, and Incentives in Health Care (3)

IBC 718 Healthcare Systems: Organization, Delivery and Economics (3)

IBC 720 Behavioral Health Entrepreneurship (3)

Concentration (18 credit hours)

BMI 601 Fundamentals of Health Informatics (3)

IBC 601 Models of Integrated Primary Care (3)

IBC 626 Behavioral Health Management (3)

IBC 630 Financial Management of Health Care (3)

IBC 660 Healthcare Legal, Ethical, and Professional Issues (3)

IBC 740 Integrated Behavioral Interventions, Cost Savings, Medical Cost Offset and Return on Investment (3)

Electives or Research (18 credit hours)

Other Requirements (3 credit hours)

IBC 684 Internship (3)

Culminating Experience (3 credit hours)

IBC 793 Applied Project (3)

Additional Curricular Information

previously awarded master's degree from a regionally accredited university or other courses approved by the supervisory committee (30 credit hours)

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree, in any field, from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (on a 4.00 scale) in the applicable master's degree.

All applicants must submit:

- graduate admission application
- official transcripts
- personal statement
- one professional letter of recommendation
- updated curriculum vitae or resume
- program policies acknowledgements
- video or webcam admissions interview (if indicated)
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Applicants with master's degrees in business administration, public health, nursing, counseling, health care administration and social work, among others, are encouraged to apply. Applicants must be master's degree-level professionals who are either currently employed or aspire to be employed in a clinical capacity within integrated health care.

## Biomedical Diagnostics, MS (NHBMDMS)

**Online Degree Search Title:** Biomedical Diagnostics, MS

**Campus:** Online

**Program Description:**

The MS in biomedical diagnostics is designed to be completed in one year, if enrolled full-time. This degree is offered entirely through ASU's unique online framework and offered primarily in condensed sessions.

The program has four areas that provide the foundation for the degree program: application of diagnostics, business of diagnostics, science of diagnostics, and technology of diagnostics.

Students complete a culminating experience in which they work with ASU professors or industry partners on a topic relevant to the diagnostics field.

**Degree Requirements:**

30 credit hours including an applied project (BMD 593).

Required Core (19 credit hours)

BMD 502 Foundations of Biomedical Informatics Methods I (3)

BMD 510 Current Perspectives in Biomedical Diagnostics (3)

BMD 511 Health Economics, Policy and Payment Models (3)

BMD 513 Principles of Diagnostic Technology: Immunoassays (4)

BMD 514 Principles of Diagnostic Technology: Molecular Diagnostics (3)

BMD 667 Regulation of Medical Diagnostics (3)

Electives (6 credit hours)

Research (2 credit hours)

Culminating Experience (3 credit hours)

BMD 593 Applied Project (3)

Additional Curricular Information

Students should see the academic unit for an approved elective list of BMD courses.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited college or university in one of the following fields, or a closely related field: biomedical informatics, biology, life sciences, chemistry, biochemistry, engineering, biomedical engineering, business, computer science, supply chain management, health sciences or medical studies.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- 2 letters of recommendation
- statement of purpose
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency (students should see the Graduate College requirement <https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>)).

There are no required admission examinations.

**Attend Online:** ASU offers this program in an online format with multiple enrollment sessions throughout the year. Applicants may view the program description and request more information here. (<https://asuonline.asu.edu/online-degree-programs/graduate/master-science-biomedical-diagnostics/>)

**Contact Information:**

## Biomedical Informatics, MS (ESBIOINFMS)

**Online Degree Search Title:** Biomedical Informatics, MS

**Campus:** Tempe

**Program Description:**

The MS in biomedical informatics is part of the College of Health Solutions. Professionals in the field use biomedical data, information and knowledge to improve human health. Students learn problem-solving, theory and methodologies underlying the field of biomedical informatics. Students in the master's program take courses in areas such as knowledge representation, clinical environments, imaging, bioinformatics and data science. Core courses provide a background in clinical informatics, while electives allow specialization in focus areas such as data science or mobile health.

BMI fosters collaborations among academic researchers, clinical practitioners and regional health care providers to apply new developments in informatics theory to clinical practice. Biomedical informatics has a key role to play in the transformation to more effective and efficient health care through the use of knowledge and information technology.

The program educates students in the informatics knowledge and skills that will enable them to:

- detect disease early
- improve the patient hospital experience
- improve the precision of diagnosis
- improve the quality of patient health care and reduce its cost
- minimize hospital visits

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Biomedical Informatics, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

32 credit hours including an applied project (BMI 593).

Required Core (14 credit hours)

BMI 502 Foundations of Biomedical Informatics Methods I (3)

BMI 505 Foundations of Biomedical Informatics Methods II (3)

BMI 540 Problem Solving in Biomedical Informatics (3)

BMI 570 BMI Symposium (2)

BMI 601 Fundamentals of Health Informatics (3)

Other Requirements (3 credit hours)

BMI 404 Clinical Environments (3) or

BMI 504 Introduction to Clinical Environments (3)

Electives (12 credit hours)

Culminating Experience (3 credit hours)

BMI 593 Applied Project (3)

Additional Curriculum Information

Six of the 12 elective credit hours must be BMI courses.

BMI 404 or 504 is required and may be substituted with other coursework with approval of the academic unit.

Due to the diverse academic backgrounds of students requesting admission into this program, many will find it necessary to take some coursework in preparation. However, all students will take 32 credit hours of graduate-level coursework.

#### **Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in biology, computer science, engineering, nursing or statistics from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- 3 letters of recommendation
- GRE scores
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency via TOEFL scores.

Applicants who have earned degrees in other unrelated fields with appropriate academic backgrounds also will be considered. However, all applicants must have basic competencies in college-level calculus (similar to MAT 270), general biology (similar to BIO 188) or physiology, statistics (similar to STP 226) and basic computer programming (similar to CSE 100 or CSE 110).

The applicant's undergraduate GPA, statement of purpose and depth of preparation in their field are the primary factors affecting admission. Every applicant must submit scores for the GRE or any other graduate-level entry examination.

## **Biomedical Informatics, PHD (ESBMIPHD)**

**Online Degree Search Title:** Biomedical Informatics, PhD

**Campus:** Tempe

**Program Description:**

The PhD in biomedical informatics allows students to develop expertise in areas such as bioinformatics, clinical informatics, population health management and imaging. The BMI program fosters collaborations among academic researchers, clinical practitioners and regional health care providers to apply new developments in informatics theory to clinical practice.

Additional specialization coursework in an area of focus and emphasis on independent research are intended to place students at the leading edge of the field. Strong collaborative relationships with a variety of health care organizations, the bioscience industry and governmental agencies provide an unparalleled opportunity for doctoral students to explore and contribute to advances in bioinformatics and informatics related to imaging, clinical medicine and population health. Students may explore special foci on cross-cutting areas such as data science and knowledge representation.

**Degree Requirements:**

84 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

**Required Core (22 credit hours)**

BMI 502 Foundations of Biomedical Informatics Methods I (3)

BMI 504 Introduction to Clinical Environments (3)

BMI 505 Foundations of Biomedical Informatics Methods II (3)

BMI 515 Applied Biostatistics in Medicine and Informatics (3)

BMI 540 Problem Solving in Biomedical Informatics (3)

BMI 560 Teaching in Biomedical Informatics (2)

BMI 570 Symposium (2)

BMI 601 Fundamentals of Health Informatics (3)

**Electives (38 credit hours)****Research (12 credit hours)**

BMI 792 Research (12)

**Culminating Experience (12 credit hours)**

BMI 799 Dissertation (12)

**Additional Curriculum Information**

Due to the diverse academic backgrounds of students requesting admission into this program, many will find it necessary to take some coursework in preparation. However, all students will take 84 credit hours of approved graduate-level coursework.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- statement of purpose
- 3 letters of recommendation
- GRE scores
- proof of English proficiency

**Additional Application Information**

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Scores for the TOEFL for applicants whose native language is not English is required.

An applicant should have earned a bachelor's degree in biology, computer science, engineering or statistics, or be trained as a postbaccalaureate health professional in medicine, nursing or pharmacy. Those who have earned degrees in other unrelated fields with appropriate academic backgrounds will also be considered. However, all applicants must have basic competencies in anatomy and physiology, college calculus, computer programming, general biology and statistics.

The applicant's undergraduate GPA, statement of purpose and depth of preparation in their field are the primary factors affecting admission. Scores for the GRE (verbal, quantitative and analytical are required; the subject test is optional) or any other graduate-level entry examination.

**Contact Information:**

## Clinical Exercise Physiology, MS (NHCEPMS)

**Online Degree Search Title:** Clinical Exercise Physiology, MS

**Campus:** Downtown Phoenix

**Program Description:**

This MS degree program is preparation for a career as a clinical exercise physiologist, someone who usually works in concert with medical professionals to guide exercise and rehabilitation programs for at-risk clients and clients with chronic diseases, and it will provide the knowledge, clinical experience and skills needed to prepare individuals for successful completion of the registration examination for the registered clinical exercise physiologist certification.

The American College of Sports Medicine is the national association responsible for establishing guidelines and recommendations for exercise testing, prescription and evaluation of research for both healthy populations and those with chronic disease. The ACSM certification is deemed the organization's most prestigious credential for clinical professionals with a master's degree working with clients who are under the care of a physician for cardiovascular, pulmonary and metabolic diseases as well as orthopedic or musculoskeletal, neuromuscular, and neoplastic immunological or hematological diseases.

**Accelerated Degree Options:**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Exercise and Wellness, BS

Kinesiology, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

**Degree Requirements:**

36 credit hours and a written comprehensive exam, or 36 credit hours, a thesis, a written comprehensive exam, and an oral comprehensive exam.

## Required Core (24 credit hours)

EXW 501 Research Statistics (3)

EXW 535 Advanced Exercise Assessment and Prescription (3)

EXW 536 Physiological Aspects of Physical Activity and Chronic Disease (3)

EXW 542 Health Promotion (3)

EXW 560 Cardiopulmonary Rehabilitation (3)

EXW 565 Cardiovascular and Pulmonary Physiology (3)

EXW 568 Management and Treatment of Chronic Disease for the Clinical Exercise Physiologist (3)

KIN 547 ECG Interpretation (3)

## Electives (2 credit hours)

EXW 591 Seminar (2)

## Research (3 credit hours)

EXW 500 Research Methods (3)

## Other Requirement (6 credit hours)

EXW 584 Clinical Exercise Physiology Internship (6)

## Culminating Experience (0-6 credit hours)

written comprehensive exam or

EXW 599 Thesis (6)

## Additional Curriculum Information

Students take EXW 591 in two terms for 1 credit hour each.

Thesis students must pass a written and oral comprehensive exam.

Students who select the thesis option are not required to participate in the six credit hours of EXW 584 Clinical Exercise Physiology Internship.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's or master's degree in exercise science, exercise physiology, kinesiology or a closely related field from a regionally accredited institution.

Applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum of a 3.00 cumulative GPA (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores
- letter of intent
- three letters of recommendation
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

There is no required foreign language exam.

All qualified applicants are admitted providing they have met all requirements for admission. Admission is not limited to any target number of students unless enrollment exceeds the projected capacity of the program to provide an adequate, quality program. In the case of space limitations, applicants are prioritized based on GRE scores, GPA, letters of reference and letter of intent for admission to the program.

## Communication Disorders, MS (LACOMDISMS)

**Online Degree Search Title:** Communication Disorders, MS

**Campus:** Tempe

**Program Description:**

The MS in communication disorders is a full-time residential program that can be completed in 20 months and prepares students to become certified speech language pathologists. The master's degree program trains students to evaluate and treat clients in speech, language, cognitive and communication disorders.

The first year of the program focuses on developing knowledge and skills in assessment and treatment of communication disorders across the lifespan. Hybrid courses use flipped classrooms and problem-based learning to develop skills needed in the field. The second year of the program allows students to focus their interests in specialty areas and acquire clinical skills in external clinical placements.

The program is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association.

This program provides a wide range of research and clinical opportunities. Clinical settings include inpatient and outpatient medical sites, public schools, early intervention programs and private practices. A part-time employment program is available for speech language pathology assistants who are working in a public school setting.

**Degree Requirements:**

52 credit hours and a written comprehensive exam, or 52 credit hours, a thesis and a written comprehensive exam.

Required Core (31 credit hours)

SHS 538 Clinical Methods in Speech-Language Pathology (3)

SHS 539 Professional Issues in Speech-Language Pathology (2)

SHS 567 Neural Bases of Communication Disorders (2)

SHS 570 Communication Disorders and Multicultural Populations (2) or SHS 597 Bilingual Speech-Language Pathology (2)

SHS 571 Augmentative Communication and Language Programming (2)

SHS 572 Language Assessment and Intervention in Infants and Toddlers (2)

SHS 573 Language Assessment and Intervention with School-Age Populations (2)

SHS 574 Management of Voice and Swallowing Disorders (2)

SHS 575 Aphasia and Related Neurogenic Language Disorders (2)

SHS 577 Current Assessment, Intervention and Research in Autism (2)

SHS 578 Fluency Disorders (2)

SHS 581 Right Hemisphere Syndrome, Traumatic Brain Injury and Dementia (2)

SHS 582 Differential Diagnosis of Communication Disorders (2)

SHS 585 Articulation and Phonology: Assessment and Intervention (2)

SHS 587 Language Assessment and Intervention with Preschool Populations (2)

Electives (0 or 6 credit hours)

Other Requirements (15 credit hours)

SHS 500 Research Methods (1)

SHS 580 Clinical Practicum (6)

SHS 584 Clinical Internship (8)

Culminating Experience (0 or 6 credit hours)

written comprehensive exam (0) or

SHS 599 Thesis (6)

Additional Curricular Information

Core course SHS 538 is one credit hour taken three times for a total of three credit hours.

Students in the nonthesis option take six credit hours of electives. Students should see the academic unit for an approved list of elective courses.

Both the thesis and nonthesis options require the American Speech-Language-Hearing Association Praxis national exam in speech language pathology. This is the comprehensive exam for the thesis option. For the nonthesis option, a department-administered comprehensive examination in speech-language pathology is required along with the national exam to fulfill the requirements of the comprehensive exam.

Eligibility for graduation is based upon a passing score on the American Speech-Language-Hearing Association Praxis national certification examination in speech-language pathology; successful completion of the thesis or nonthesis option, including the required culminating experience and academic credits; and successful completion of clinical experiences.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a bachelor's degree in speech and hearing science or a related field from a regionally accredited institution and completed prerequisite coursework in speech and hearing.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- personal statement not to exceed 300 words
- GRE scores
- email addresses of three recommenders
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency.

Students should see the program website for application deadlines and admission terms. Candidates who have undergraduate deficiencies may need to take required prerequisite courses.

## Communication Disorders in Multilingual/Multicultural Populations (certificate), Certificate (NHCDMPGRCT)

**Online Degree Search Title:** Communication Disorders in Multilingual/Multicultural Populations (Graduate Certificate)

**Campus:** Tempe

**Program Description:**

The certificate program in communication disorders in multilingual/multicultural populations provides expanded coursework on working with adults, children and families who are culturally and linguistically diverse. It also provides enhanced academic classes, clinical experience in authentic community-based settings, and engagement in community-centered, interprofessional projects.

Students who complete the certificate program have the knowledge and practical experience to address effectively the needs of culturally and linguistically diverse adults, children and families.

**Degree Requirements:**

15 credit hours.

Required Core (11 credit hours)

- SHS 524 Counseling in Communication Disorders (2)
- SHS 570 Communication Disorders and Multicultural Populations (2)
- SHS 586 Language Essentials for Teaching Reading (2)
- SHS 588 Spanish Language Acquisition (3)
- SHS 597 Bilingual Speech-Language Pathology (2)

Other Requirement (4 credit hours)

- SHS 584 Clinical Internship (4)

Culminating Experience (0 credit hours)  
portfolio (0)

#### Additional Curriculum Information

A written portfolio in multicultural populations is the culminating experience for the certificate. This is an applied, community-based project that builds depth of knowledge resulting in a paper that students must present to the academic unit. Students should discuss research opportunities with their academic advisor for their portfolio.

As part of the certificate requirements, students also must complete an online module on parent training with culturally and linguistically appropriate techniques.

Students who wish to obtain a bilingual endorsement must complete the Arizona Classroom Teacher Spanish Proficiency Examination administered by the School of International Letters and Cultures.

#### Admission Requirements:

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the certificate program if they are enrolled in the MS program in communication disorders at ASU.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, or applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- three letters of recommendation
- GRE scores
- letter of intent or written statement
- proof of English proficiency

#### Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. International students who need an F1 or J1 visa will need to first apply to and be accepted into a graduate degree program prior to being considered for the certificate program. International students residing in the USA on other types of visas must adhere to all Graduate College policies and procedures regarding admission be considered for admission to this certificate program.

Candidates who have undergraduate deficiencies may need to take required prerequisite courses.

## Exercise and Nutritional Sciences, PHD (ECNUTRIPHD)

**Online Degree Search Title:** Exercise and Nutritional Sciences, PhD

**Campus:** Downtown Phoenix

#### Program Description:

In integrating disciplinary contexts, the PhD program in exercise and nutritional sciences is uniquely designed to train scholars to conduct high impact, transdisciplinary health promotion research that explores issues that contribute to health through chronic disease risk reduction, quality of life promotion and enhancement of well-being.

Students are actively engaged in research at every stage of the program through participation in research internships, independent research experiences, research seminars and colloquia, and dissertation research. They work collaboratively with an approved mentor from the beginning to the end of the doctoral program. A mentor is selected by mutual agreement between student and mentor based on mutually compatible research interests and funding availability.

Program graduates are prepared for research careers in research-intensive universities, governmental agencies and health-related research positions in private industry.

The program is four years of full-time study after earning a master's degree. The program accepts part-time students.

**Degree Requirements:**

97 credit hours, a written comprehensive exam, an oral comprehensive exam, a prospectus and a dissertation.

Required Core (6 credit hours)

EXW 640 Analysis of Variance for Exercise and Wellness (3)

EXW 643 Correlation/Regression/Multivariate Statistics (3)

Required Research (12 credit hours)

Elective Research (17 credit hours)

Professional Development (5 credit hours)

Area of Focus (theme) (15 credit hours)

Dissertation (12 credit hours)

Additional Curriculum Information

Students are to tailor a course of study in either: nutrition and health, or physical activity and health. Within these areas, students are expected to focus their study in a specific thematic area. There are eight thematic areas to choose from:

- behavioral aspects of nutrition and physical activity
- biomechanics, movement control and injury prevention
- chronic disease prevention
- energy balance, metabolism and physiology
- epidemiology, surveillance and measurement
- health information, communication and technology
- lifespan, aging and special populations
- public health, community and health policy

Courses in the focus or thematic area are determined by the student and supervisory committee. Up to three but not more than nine credit hours in the focus area may be taken from a program outside the nutrition, exercise science and health promotion programs.

When approved by the student's supervisory committee and Graduate College, 30 credit hours from a previously awarded master's degree are allowed to be used for this degree.

**Admission Requirements:**

Applicants must fulfill the requirements of both the Graduate College and the College of Health Solutions.

Applicants are eligible to apply to the program if they have earned a master's degree in any field, from a regionally accredited institution, and prefer that a data-based research thesis has been completed.

Applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in the last 60 hours of their first bachelor's degree program, and applicants must have a minimum cumulative GPA of 3.00 (scale is 4.00 = "A") in an applicable master's degree program.

All applicants must submit:

- graduate admission application and application fee
- official transcripts
- GRE scores (verbal, quantitative and writing)
- letter of intent
- professional resume
- three letters of recommendation
- teaching or research assistantship application
- writing sample (six to 10 pages)
- an oral interview with program faculty (in person or via Skype) prior to acceptance
- proof of English proficiency

Additional Application Information

An applicant whose native language is not English (regardless of current residency) must provide proof of English proficiency. Applicants must submit a TOEFL score unless the requirements for an exception have been met. Details are available at

<https://admission.asu.edu/international/graduate/english-proficiency> (<https://admission.asu.edu/international/graduate/english-proficiency>).

The letter of intent should indicate research or scholarly interest, primary program area, statement of career goals and name of a potential faculty mentor from the list of approved faculty mentors.

#### Prerequisites

All applicants must have taken a graduate level research methods and a graduate level research statistics course prior to admission. Students are expected to take a pretest in research methods and research statistics the summer prior to enrolling.

It is expected that students admitted to the program have documented academic training and a strong interest in exercise science, nutrition science or health promotion. Thus, depending on the student's academic training, background, scholarly interests and focus area, a student may be asked to take undergraduate courses as deficiencies prior to or concurrently with graduate course enrollment.

#### Pathways through program

Two pathways through the program are available to students depending on their funding source: full-time via TA/RA funding, or part-time self-funded. With both pathways, the intent is to involve and embed students in ongoing research as well as in class study throughout their stay.

Students should see the program website for application deadlines and admission terms.

## Exercise and Wellness, MS (EEXERMS)

**Online Degree Search Title:** Exercise and Wellness, MS

**Campus:** Downtown Phoenix

#### Program Description:

The MS program in exercise and wellness offers unique opportunities for those interested in becoming scholarly professionals with advanced training in fitness and wellness, strength and conditioning, exercise and physical activity health promotion, or exercise and chronic disease prevention.

The degree program is appropriate for those who wish to pursue careers in commercial fitness and wellness, strength and conditioning, worksite or corporate fitness, community physical activity health promotion, and personal training for health and performance or life coaching. It's for professionals in education, counseling, nutrition or other health related fields who wish to expand their knowledge and skill for working with fitness, exercise and physical activity behavior, and it's for those who wish to pursue further graduate study in fields such as exercise physiology, public health or physical therapy.

#### Accelerated Degree Options:

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's and master's degree with:

Exercise and Wellness, BS

Acceptance to the graduate program requires a separate application. During their junior year, eligible students will be advised by their academic departments to apply.

#### Degree Requirements:

36 credit hours and a applied project, or 36 credit hours and a thesis, or 36 credit hours and a written comprehensive exam.

Required Core (9 credit hours)

EXW 501 Research Statistics (3)

EXW 536 Physiological Aspects of Physical Activity and Chronic Disease (3)

EXW 542 Health Promotion (3)

Research (6 credit hours)

EXW 500 Research Methods (3)

EXW 591 Exercise and Wellness Seminar (1)

EXW 592 Research (2)

Electives (15-21 credit hours)

Culminating Experience (0-6 credit hours)

EXW 599 Thesis (6) or  
EXW 593 Applied Project (6) or  
written comprehensive exam (0)

Additional Curriculum Information

All students must focus their plan of study in one of four areas: fitness and conditioning, exercise science, physical activity health promotion, or exercise and aging. The focus determines the choice of electives available to students. For a list of approved elective courses, students should see the academic unit.

All students are admitted to the nonthesis option but may apply to the thesis option.

The nonthesis option requires an applied project or a written comprehensive exam as the culminating experience. The nonthesis option is an appropriate choice for those students who cannot devote full-time to their research endeavors or for students who are seeking to continue their education, advance their skill level as practitioners or advance their current careers. Students who take the written comprehensive exam are required to take six additional elective courses in the focus area.

In the thesis option, the thesis is considered the final integrative experience of the degree; it involves conducting research that is guided by a recognized research paradigm (e.g., scientific, interpretive) and producing a scholarly report of the process and results. The thesis option is a good choice for students who are interested in pursuing more advanced graduate study in the field.

**Fitness and Conditioning:** Focused study in the science, theory, and application of strategies to enhance fitness, health and performance and reduce the risk of chronic disease. This focus area of study is a good option for students who are interested in careers in strength and conditioning and the fitness industry or who are pursuing further graduate study in applied exercise science or physical therapy.

**Exercise Science:** Focused study in the areas of advanced exercise physiology and the neuro-mechanical aspects of movement. This focus area is a good choice for students who are interested in pursuing further graduate study in exercise science or kinesiology.

**Physical Activity Health Promotion:** Focused study in the planning, implementation, and evaluation of health promotion programs to enhance physical activity behavior, the physiology of physical activity and chronic disease, and theories and practices related to health behavior change. This focus area of study is a good option for students who are interested in pursuing careers in health promotion, corporate wellness, public health, or who may be pursuing further graduate study in health promotion or public health.
