ARIZONA DEPARTMENT OF RACING

JANET NAPOLITANO
GOVERNOR

GEOFFREY E. GONSHER
DIRECTOR

September 30, 2004

The Honorable Janet Napolitano
Governor of the State of Arizona
1700 West Washington
Phoenix, Arizona 85007

Dear Governor Napolitano:

It is my pleasure to submit the FY 2004 Department of Racing Annual Report. This report reflects statutory requirements as they relate to the Department's regulatory, fiscal, and administrative responsibilities.

Last year, the Department regulated and supervised horse and greyhound racing and pari-mutuel wagering at three commercial horse tracks, three greyhound tracks, fifteen county fair racing meetings, and 75 teletrack locations throughout Arizona. The total pari-mutuel handle for all racing was \$264.1 million, a decrease of \$1.5 million or 0.6% from the prior year. The total pari-mutuel tax receipts amounted to \$565,191, a decrease of 10.1% from the prior year.

FY 2004 continued to be a period of restructuring for the Department. The Department introduced more management and operational initiatives that are now consistent with the resources and regulations. With the continued support of your administration, our objective is to build on the following initiatives for a more responsive and effective operation in the future.

- Regulate and supervise all pari-mutuel racing and wagering in order to protect racing participants and the wagering public.
- Strengthen agency management to respect and follow the rules, regulations and statutes that protect the integrity of the racing industry.
- Improve relationships with employees, permittees, licensees, and industry organizations to create partnerships to support the racing industry.

As part of the annual report, the Department is required by statute to submit recommendations for increasing state revenues from the regulation of the racing industry while maintaining the financial health of the industry and protecting the public interest. These are challenges that the Department and the industry must confront together.

During the past two legislative sessions, the Department has requested the generation of revenue from the industry to support its statutory, administrative, and regulatory duties. The Legislature, however, supported the continuation of General Fund dollars to meet these objectives.

This year, the Department has proposed support for account wagering as the mechanism in which racing permittees fund a portion of the Department operating costs related to racing regulation while reducing the need for General Fund monies. This revenue source would provide both additional revenue for the Arizona racing industry and funds for regulatory purposes. Currently, the racing industry does not provide sufficient revenue to the State to fund the Department's responsibilities, creating a dependence on other revenue sources. Many other Arizona industries provide sufficient funding to the State to comply with their regulatory functions. We believe that the racing industry should also provide revenue for this purpose.

The Racing Department is committed to performing all statutory and regulatory duties in a manner that brings respect to the agency and the industry. Your continued support is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Geoffrey E. Gonsher". The signature is fluid and cursive, with the first name being the most prominent.

Commercial Racing

The Department of Racing regulates and supervises all commercial horse and greyhound racing meetings and pari-mutuel wagering conducted on- and off-track in Arizona to enforce laws and regulations and to protect racing participants and the wagering public.

In FY 2004, the Arizona Racing Commission approved commercial racing permits for Pima County Fair Horse Racing Commission at Rillito Park and TP Racing, L.L.L.P. at Turf Paradise. Yavapai County Fair Association at Yavapai Downs filed an application before the expiration of its racing permit on August 29, 2003. Because Yavapai County Fair Association made a timely and sufficient/administratively complete application, the current permit does not expire until the Racing Commission, upon recommendation by the Department, has finally ruled on the application.

County Fair Racing

The Department of Racing is responsible for regulating and supervising all county fair horse racing meetings, providing staff to operate race meetings, conducting investigations, issuing licenses, conducting equine and human drug testing, overseeing wagering, conducting hearings on investigation referrals, and collecting revenues for the State.

The Department of Racing recognizes that county fair racing is an important component of the Arizona racing industry. The racing fans and general public who attend have an enjoyable time. The horse owners, grooms, jockeys, and others are able to experience a competitive environment. Local communities also benefit from the economic and entertainment value of the races. An economic impact report submitted to the Commission concluded that 36,700 fans attended county fair race events in FY 2002. In addition, this segment of the racing industry had a total economic impact of \$22.7 million. In FY 2004, the Commission approved 13 applications for county fair racing.

In FY 2004, a total of \$1.1 million was available for county fair racing activities. County fair racing is supported by the following two fund sources:

County Fair Racing. This appropriated fund, used for the administration of county fair racing, is generated by 9% of all pari-mutuel receipts, license fees, and State unclaimed property up to \$300,000 annually. In FY 2004, this fund received \$300,000, and \$300,700 was spent for the program administration.

County Fair Racing Betterment. This non-appropriated fund provides purse subsidy and betterment grants to every eligible county fair association for conducting county fair racing meetings. The fund receives 22% of all pari-mutuel receipts, license fees, and State unclaimed property up to \$800,000 annually. In FY 2004, this fund received \$800,000, and \$845,700 was distributed.

Six of the ten counties conducting a meet in FY 2004 received \$51,400 each to subsidize purses, the remaining four counties received \$46,800 each. Five counties conducted their meets at commercial tracks and did not receive funding for this purpose.

Ten counties received either \$23,050, \$37,500, or \$38,300 each in Betterment Grants last year. These funds were used for personnel, maintenance, security, emergency medical services, marketing, and other operating expenses. The five counties that conducted their racing at commercial sites were not entitled to the funds.

Teletracking

The Department of Racing has the authority to approve applications for teletracking (off-track betting) permits, license teletracking sites and their personnel, and monitor compliance for both operational and technical requirements. Coconino County Racing (Fort Tuthill Downs) and TP Racing, L.L.L.P. (Turf Paradise) filed the only teletracking applications approved by the Department in FY 2004. Other permittees have three-year term permits that expire at a later date. A total of 75 off-track-betting sites were approved to support both greyhound and horse racing in Arizona.

The total handle generated by commercial and county fair racing for teletracking was \$168.1 million. This included \$113.6 million for horse racing and \$54.5 million for greyhound racing. The State of Arizona received \$340,496 in revenue from the teletracking handle.

The handle at teletracking facilities was up during FY 2004, 1.0% from the prior year. The Table below summarizes the teletrack handle generated by commercial and county fair meets.

Boxing Regulation

The Department of Racing regulates and supervises all boxing events conducted in Arizona to protect the participants in these events and to ensure compliance with the Boxing laws and regulations. The events include traditional boxing, kickboxing, tough man contests, and mixed martial arts.

In 1992, the Arizona Department of Racing assumed responsibility for the financial administration of the Arizona State Boxing Commission. In this capacity, the Department collects and deposits State receipts associated with boxing.

The Department collects a fee of four percent of the gross receipts after deduction of any federal, state, and local taxes generated from boxing matches. In FY 2004, the Department collected \$21,929 in taxes generated from 40 boxing events in the State.

The State Boxing Commission issued 784 licenses, and the Department collected a total of \$12,855 in license fees from these applicants.

Additionally, the State Boxing Commission entered into intergovernmental agreements with Tribal organizations to supervise Boxing events conducted on Tribal land. The Arizona State Boxing Commission receives an average of \$3,000 per event subject to these agreements. During FY 2004, the Boxing Commission regulated three of these events and collected \$9,000 for their regulation. All Boxing Commission revenues are deposited into the General Fund.

Sanctioned Events

The Department ensures that all events under Commission jurisdiction held in the State are sanctioned by the Arizona State Boxing Commission and that all participants are duly licensed.

Department Of Racing Budget

The Department of Racing's expenditures for the last three fiscal years, the appropriated funds for FY 2005 and the budget request for FY 2006, including a summary of full-time and seasonal positions are included below.

A continuation of the current budget level will enable the Department to provide the services required to regulate and support the racing industry in Arizona. Several administrative changes and modernization of the Department's rules, policies, and procedures have been implemented or are being developed to allow the Department to provide better services to its customers while using resources as currently appropriated.

Several proposals for new programs and funding sources were included with the Department's budget request for FY 2006. Some of the proposed programs will allow the Department to expand its revenue sources while reducing its dependence on the General Fund and others will increase revenues generated for the Department, the industry, and the General Fund. These recommendations for increasing state revenues will provide resources for the regulation of the racing industry while maintaining its financial health and protecting the public interest.

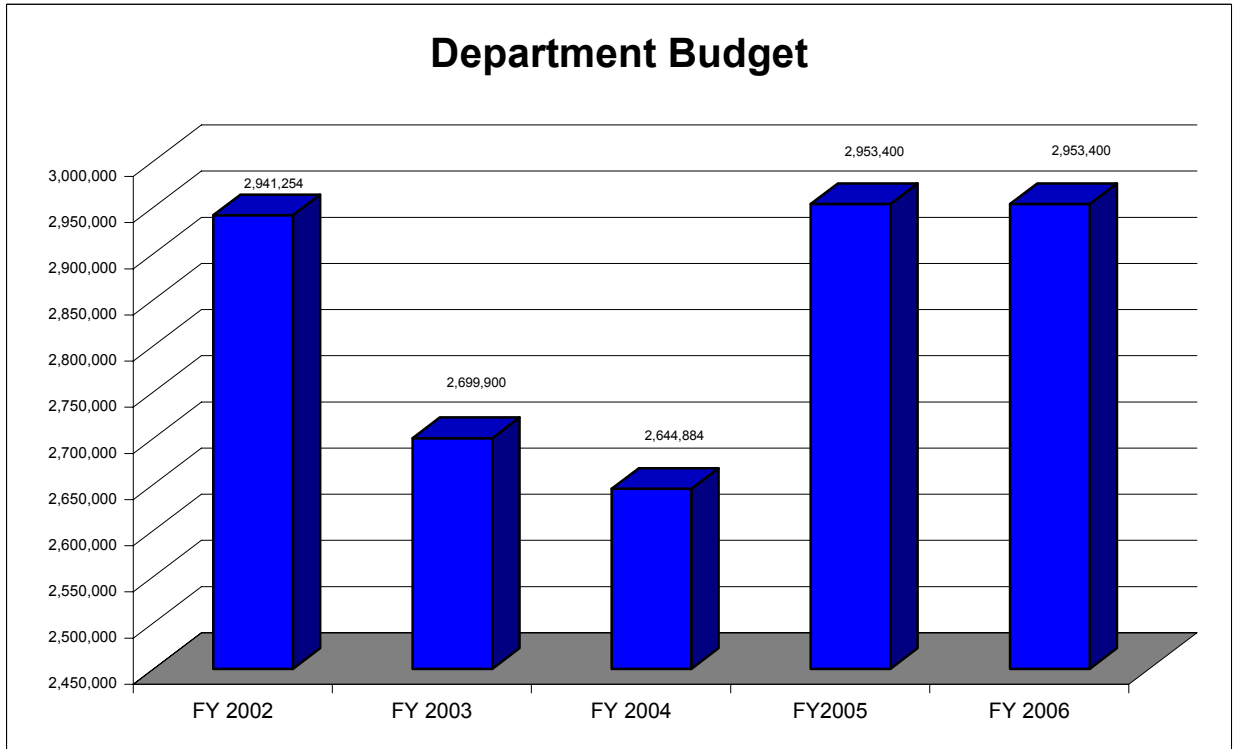

The total Department of Racing budget for FY 2004 was \$2,884,200. This was an increase of \$73,200, or 3%, from the prior budget period to pay for part of the increased employee benefits, scheduled rent increase, and other scheduled cost increases. Nearly 85% of the Department's budget was appropriated from the State General Fund.

Department Of Racing Revenues

The Department of Racing collects pari-mutuel taxes, license fees and fines that are deposited into eight separate funds, the State General Fund and the Greyhound Adoption Fund. Pari-mutuel taxes and license fees collected are deposited into eight separate funds as described below. Fines are deposited directly into the State General Fund and license fees collected from dog breeders and racing kennels are deposited into the Greyhound Adoption fund. See tables and charts on page 34.

Distribution of Revenues to the Eight Separate Funds and Maximum Dollars Allowed

Fund	Distribution	Annual Maximum
County Fairs Livestock & Agriculture Promotion	33%	\$1,200,000
County Fairs Racing Betterment	22%	800,000

Agricultural Consulting and Training	1%	N/A
Total Maximum Funding Allowed	100%	\$3,585,000

Revenues from pari-mutuel taxes continued to decline in FY 2004. They declined 10.1% or \$63,360 when compared to FY 2003. Several tax breaks have been provided to the racing industry since 1995. The tax breaks listed below contribute, in part, to the continued reduction in pari-mutuel tax revenues from the racing industry.

- Tax reductions for greyhound tracks.
- Exemption from State tax on dollars wagered on simulcast.
- Hardship tax credit for tracks, which have suffered a decline in business.
- Capital improvement program tax reduction.

Additional funds are received from the Arizona Department of Revenue transfer of unclaimed property funds to the Department of Racing. During FY 2004, the transfer was for \$7,530,279. These dollars are distributed among the eight separate funds and enables the Department of Racing to reach the statutorily authorized levels for each fund. The dollars remaining are deposited into the General Fund, which received \$4,420,109, from the Department of Racing's portion of unclaimed property dollars in FY 2004.

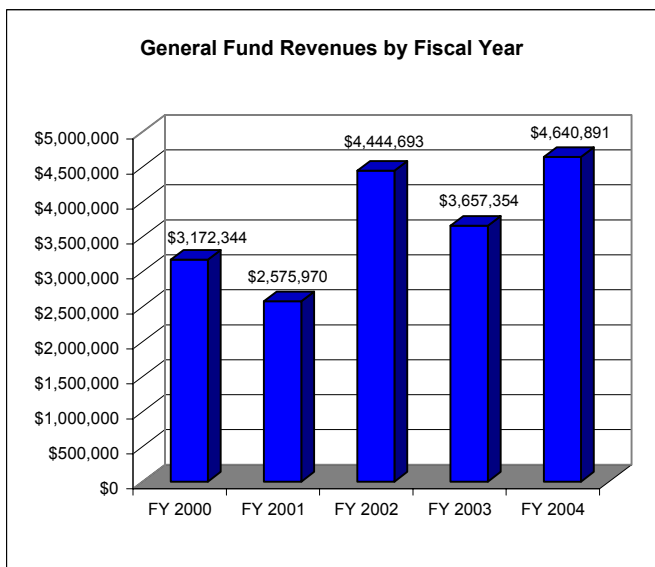

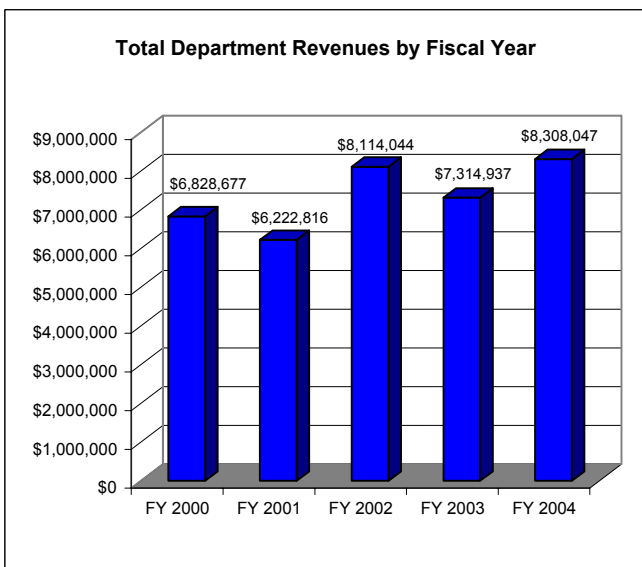

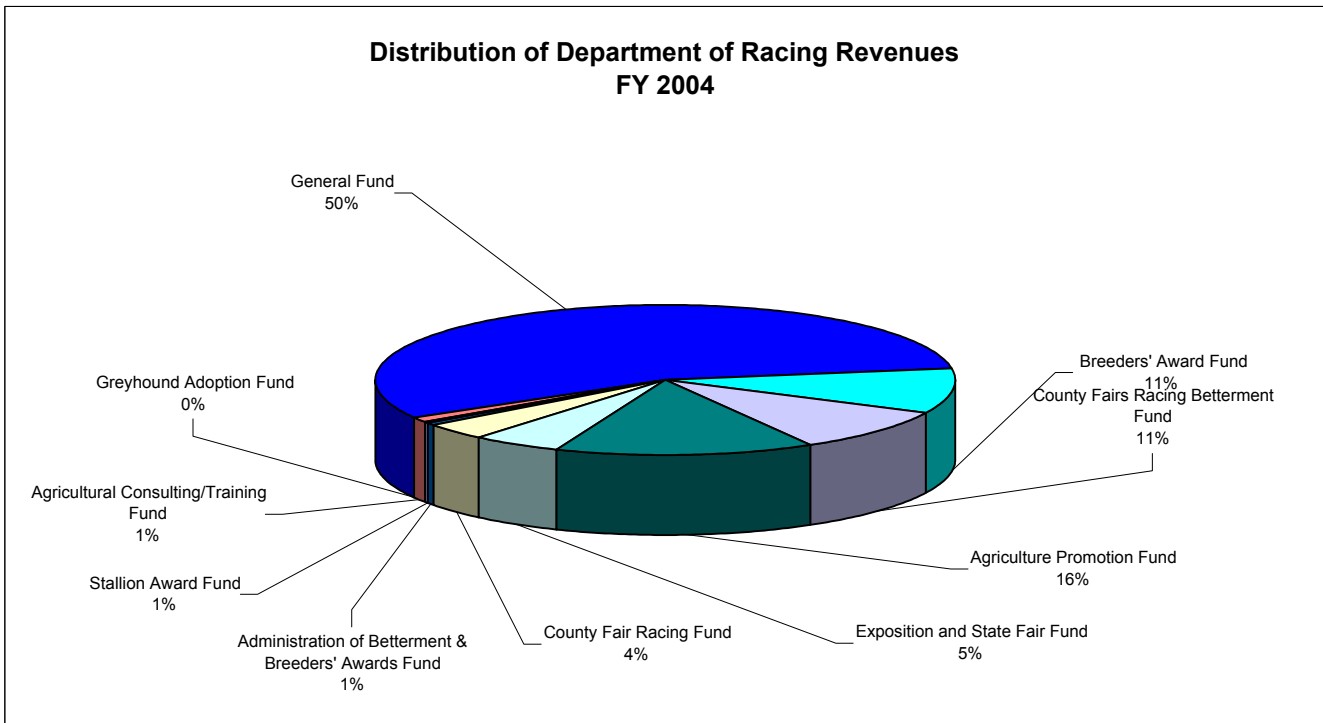

As the pari-mutuel tax revenues continue to decline, the contributions from the unclaimed property fund to each of the eight funds increase. This in turn, reduces the funds available for the State's General Fund. Therefore, the unclaimed property funds become increasingly more important to the continuation of the programs supported by these eight funds and the State's General Fund. See tables and charts on page 35.

The six funds summarized on page 36 are the funds administered by the Department of Racing for various programs. The County Fairs Livestock & Agriculture Promotion Fund, the Exposition and State Fair Fund, and the Agricultural Consulting and Training Fund are administered by other State programs, as described below.

Hardship Tax Credit

The Department of Racing determines the amount, if any, of a Hardship Tax Credit available to the commercial horse and greyhound permittees. This credit supports the pari-mutuel industry by responding to the reduction in wagering that has occurred and offsetting the tax due the State.

Track Capital Improvements

The Department was authorized by statute to encourage the improvement of racing facilities by reducing the pari-mutuel tax due the State. The percentages paid the State by the permittee was reduced by 1% of the total amount wagered in counties with a population over 500,000 and 27% in all other counties. This program continues to benefit the racing industry and the public by supporting completed capital improvement projects, which should result in increased revenue from pari-mutuel wagering.

Prior approval of the Racing Commission for the capital improvement proposed was required to qualify for the reduction. This provision expired on June 30, 1992 for counties with populations of 500,000 or more and on June 30, 1999 for counties with populations of less than 500,000 according to the previous United States decennial census. The capital improvement dollars for projects approved before the expiration date may continue to be deducted from the pari-mutuel tax due until exhausted. The following table show dollars deducted by all racetracks during FY 2004. The only racetrack which has not exhausted the dollars approved is Yavapai Downs.

Permittee	Project Description	Improvement Dollars Approved	Dollars Deducted FY 2004	Cumulative Dollars Deducted	Remaining Dollars Approved
Prescott Downs (Yavapai Downs)	Grandstand & Clubhouse Structure, etc.	\$52,196,636	\$79,377	\$306,032	\$51,890,604
Other Permittees		\$0	\$0	\$0	\$0

This table excludes permittees that have used all approved capital improvements dollars.
