

No. 2016

Cross-Reference Guide (CRG) is both a convenient and an independent reference tool. It aims to facilitate the use of directories in Phonetics or on paper.

Of several communities in the telephone directory can cause floating information by a specific community. By communities in one alphabetical sequence under standard phone. CRG provides easy-to-use information thereby saving time. Beside each community name is the telephone area or directories containing information for all 50 parts of the country.
