Dear Mr. Woodiwiss

I shall be very pleased to sign the photos when I get an opportunity which I suppose will be when I return in about three weeks time. I have not yet seen a photo of the "Belle Dame."

I had my other pictures photographed by a new man Mr. Burdett, who

does them better than anyone I know of. I wish he had photographed your picture. I am staying here with my wife for some little time and we both hope to get well braced up in this keen air. I hope, with you, that the etching will come out well- though I suppose it would be

difficult to get a first rate result from a photograph alone.

I shall be pleased to sign any number of photos you may send me.

With kind regards

Believe me

Yrs very sincerely
