

Dong Dok, February, 7<sup>th</sup>, 1969.

Dear Bill.

I just received your letter yesterday morning and found all the news that you wrote down. I felt extremely sorry about the death of my true friends Lt. Na and Lt. Khammy so I gave eating one meal of yesterday noon.

I felt very upset about the decision of sending A.D.C soldiers from Houeklong to fight against a great number of enemisies in Dong Cheng area. It is just about enough goodness for them to keep their Kongsenam noi area safe.

Tonight, a big party will be held at Mr. Woodsons' house at Dong Dok. It is a leaving party for Mr. Johnson IVS/1 COP. Two hundred people are invited in this party. There will be a lot of eat, drink and dance.

Do not tell any body about supervisors' pay as you told me once before, just tell them that all of the students that will be supervising this program will work freely and without any selfishness.

I do not have much idea to add for the improvement of this program except the list that sent it to you which I added from your outlines last week.

Please ask Chouame, the boy whom you sent to Ban Namone last time, for my camera and send it up to as soon as you can. If you don't know who he is please ask Teung to do that. If Chouame BREAKES it ask Teung to tell him to pay for 15,000 kip. Thank you. See you again

Sae.
