

Election For Cooperative Delegates

Approximately 6,100
Members To-Date

Block election for delegates to represent each block in the Congress of Cooperative Delegates is being held in the Butte community, stated Masato Kato and Tadashi Iwamoto, co-chairmen of the Butte Research and Study Committee on Cooperatives.

The delegates, in addition to serving as block representatives to the Congress, will automatically qualify as a candidate for the Board of Directors and as an elector of the Board members, according to a decision by the 64 members of the Temporary Congress of Block Representatives at a meeting held Saturday, January 30.

The section idea will be maintained under the permanent set-up. Each of the three sections will elect two members of the Butte quota of six board members; Canal is to have four members.

Incomplete results of the membership drive reveals that the membership list has jumped to 6,100 out of approximately 8,500 residents in Butte.

FBI MEN ROUND-UP TOJO SYMPATHIZERS

Seven Japanese were arrested by FBI agents at Poston War Center in connection with the uprising of the evacuees last November.

The round-up men were "on emergency authorization of Frank E. Flynn, U.S. district attorney," according to H. R. Duffey, agent in charge of FBI in Arizona.

The suspected Tojo sympathizers were lodged overnight in the Phoenix city jail and transferred to an internment camp to await hearing before an enemy alien internment board in El Paso, Texas, Flynn stated.

MILITARY REGISTRATIONS

POSSIBILITY OF WAAC ENLISTMENT UPHELD

Four army men, (one Caucasian officer, two Caucasian and one nisei non-commissioned officers) and a WRA official along with a WAAC representative will arrive in Rivers soon for the military registration of 13-38 years of age men and women in the center, according to a letter received yesterday by W. E. Huse, acting employment supervisor from John Landward, administrative assistant.

Landward, who has been in Washington to learn the registration procedure among other business, is expected back today.

The letter advised Huse to set the stage for the registration. The news of the WAAC official further strengthened the current belief that voluntary enlistment of women evacuees in the WAAC is imminent.

Rumor Given Jolt by Bennett

"There is no foundation for the rumors that this center is to be closed or turned over to any other government agency," said Project Director Leroy Bennett this morning. "The immediate construction of school buildings--auditorium, laboratories, and shop for the high schools--refutes the rumor," he added.

The rumor that the center would be vacated and changed into an army camp arose from the grading activities on the center's main roads. Bennett stated that the roads are

LABOR DEFICITS STOP CANAL CONSTRUCTIONS

An urgent call for 300 workers for the Public Works Department was made known yesterday. Due to this crucial labor shortage, all building construction has been temporarily delayed in Canal City.

Men who wish to apply are requested to see George Okura, evacuee supervisor of public work, 13-1.

Canal Okays Co-op Plans MEMBERSHIP DRIVE STARTS THIS WEEK

Most of Canal Community blocks approved the Coop plans presented by the Butte Study and Research Committee at a meeting of the Canal Temporary Congress of Cooperative Delegates yesterday afternoon. To clear up minor misunderstandings, a Canal delegation was in Butte this morning consulting the Study and Research Committee here.

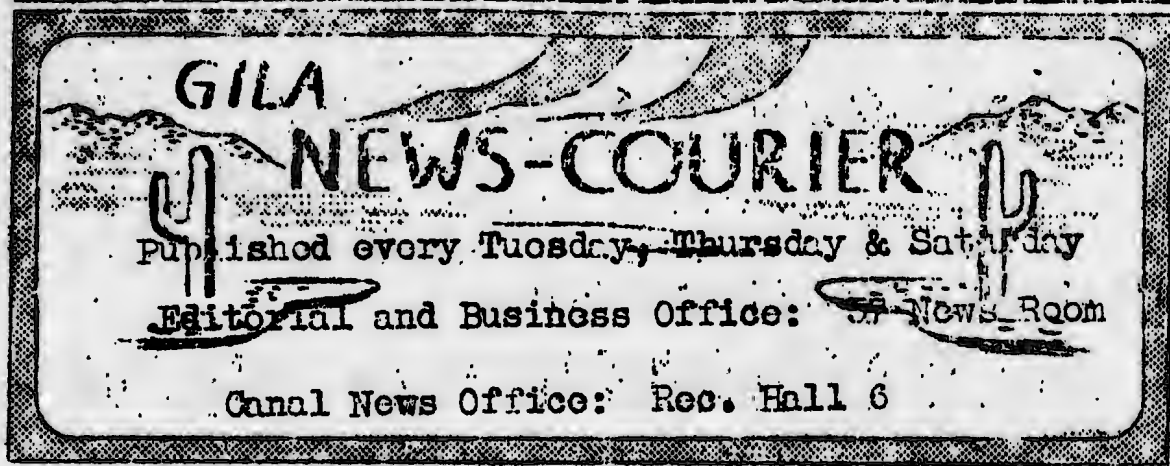

After another meeting of the Canal temporary congress tomorrow, the community will stage its membership drive, it was announced.

CO-WORKER FOR SUPT. J. SHELLY

R. C. Currie, Associate Superintendent of Community Enterprises from the Washington WRA Delta Relocation Center, Utah, staff came to Rivers Saturday, Jan. 30, from Topaz to co-work with Superintendent James Shelly of the project Community Enterprises. Currie will remain here for about six weeks. He was at the Topaz Center for two weeks.

being graded for graveling because the release has finally come through. WRA had originally planned to oil center roads, but an embargo had been slapped on the use of oil.

Regarding schools, because of the critical shortage of materials, the Project Director announced that only the necessary auditorium, shops and laboratories are to be constructed immediately.

Let Them Come and Investigate

Let them come and investigate. None but a jaundiced eye will see evidence of pampering. As for discontent, what similar group would not be disgruntled after the tragic, undemocratic experience they have gone through -- what group of progressive people would complacently accept a state of exile in a crowded community of this nature. If the Wallgrens and the Reynolds believe that an Army control over a predominantly citizen group will dissolve the gripes, they are due for a rude awakening.

We Americans do not believe in military control; we love our liberty too much.

But let them come. They shan't see any more cleavages in our ranks than are evident among the isolationists and the interventionists, and other antithetical groups.

They will see more clearly what a community in exile can do to aid the war effort. We shall guide them to the camouflage net factory where they shall see the beehive activity of workers producing quantities of finished net far beyond expectations. They shall see produce and livestock on the farms so that the community can be largely self-sufficient, and the nation have a larger share of food.

If they should inquire, they shall find that thousands of residents have sons and brothers and sweethearts serving in the U.S. Army. If they should investigate the center records, they shall see that many from this center have voluntarily enlisted in the perilous Military Intelligence Service for active duty in the South Pacific theatre of action. Soon, with the new order from the Secretary of War, there shall be more volunteering.

Let them come, indeed. Our answer to them, who were elected to devote themselves to the winning of the war, but who spend the nation's money investigating an almost non-existent problem, is production of war goods and soldiers.

1. Q. What is the extent of the liability of a member?

A. Although some state charters call for unlimited liabilities of coop members, the District of Columbia Charter, which this community is considering and is most likely to adopt because it is the most suited one for this community, definitely limits the liability of a member. This means that a member can lose no more than his membership fee, at the most. In event the coop is dissolved, creditors will be taken care of first, than the membership fee refunded, and whatever is left over will be refunded on a patronage basis to members.

2. Q. How about the clothing allowances?

A. The coop pays its employees the amount of the regular WRA clothing allowances. All the dependants and families of the employees are still eligible for WRA clothing allowances.

3. Q. What are the authority and duties of the Board of Directors?

A. Although the supreme authority over the affairs of the cooperative rests with the general membership, it is only practical and expedient in a large association that members transfer the supervision to a smaller group chosen from their own members-- the Board of Directors. Butte will have six, and Canal, four, making a total of ten Board of Directors elected from members of both communities to delegate the authority of members. More specific authority and duties of the Board of Directors will be stated in the By-laws, which will be passed by the membership.

EX-DAIKON KING MIN OMATA PLANTS VARIETY OF VEGETABLES

Min Omata, ex-daikon king, is now the foreman of a "chop suey" farm. At present, on 320 acres on Unit IX, he has planted twenty two varieties of vegetables and by the end of the month, he expects to increase this number to thirty two.

The largest acreage of a single crop is tomato with 25 acres, which he planted last week, a n d greatest variety on a single patch is on 20 acres where he had 9 different crops.

His crew of ninety odd men have just completed planting 12 acres of cele-

ISLANDERS FORM ORGANIZATION

U n d e r newly-elected president Dr. Tom Uyeno, the Hawaiian Club is engaged in a membership drive among interested non-Hawaiians as well as Hawaiians, it was disclosed.

As one of its aims, the club intends to entertain soldiers who visit the center. The group was formed primarily to fill the need for social activities felt in the center, it was said.

Also elected to serve under Dr. Uyeno are Satsue Fujii-vice president, Shig Kawamura-treasurer, Richard Enseki-secretary, Toots Yoshimura - entertainment chairman. Ernest Iwasaki and W.E. Williamson, chief of Internal Security Division, are advisers.

SANTA MARIA VALLEY PROPERTIES 'WELL'

Federal Reserve receiving warehouses in Santa Maria and Guadalupe are open and ready to receive goods, disclosed Mich Yamamoto, of the Butte Housing Division. Those who have WRA forms 83 to forward are advised to do so.

Yamamoto said that project attorney James Terry, who has been in the Coastal regions, reported back in a telegram communication that the properties in the Santa Maria Valley are well taken care of.

ry, 20 acres of peas, 15 acres of horse beans, and 15 acres of lettuce.

By March, Omata hopes to have, in addition to practically every vegetable crop known to the average Japanese, and four different types of melons.

NEED FOR TEACHERS VOICED IN CANAL

A need for a nursery-kindergarten and a 7th and 8th grade teacher in Canal was voiced by Albert Hutchinson, principal.

With an excellent faculty to work with, as well as educational opportunities for the teachers, all those with good qualifications should apply at 13-1-A, Hutchinson further added.

NUPTIAL

Couple United.

Herbert Takeshita and Haruye Yoshino were united in marriage Saturday, Jan. 30, at the Canal Buddhist Church. The couple were attended by Ayako Yoshino a n d Bob Nakagawa. The wedding reception was held last night in mess 25 for close friends and relatives of the newlyweds.

BROWN, HUSO SHARE JOBS

Deputy Director Firman Brown and Employment Chief William Huso are sharing responsibilities left hanging after the departure of John C. Henderson. Brown has taken over the housing problems, and Huso is now acting supervisor of employment.

MOTOR POOL NEEDS DRIVERS

Experienced drivers are needed in the Motor Pool of Canal. Interested individuals are asked to contact the division immediately.

PROMOTION FOR ARII

The Canal Fire Dept. announces that Engineer H. Arii has been promoted to Captain of Platoon C.

Notwithstanding the colored accounts of propagandists, the enemy aliens in Japan were treated well, declared Professor Roy Smith, formerly of Kobe Higher Commercial Schook, who spoke before the Youth Fellowship Sunday night at Butte, chapel 40.

Of his own experience as a freeman permitted to teach school until he returned here, he said he had not been molested or insulted once.

Because of his long stay in Japan, he said, "No matter which side wins, I shall lose. When Pearl Harbor came, I was as one cut in two. Many issei in this country, I am sure, must have felt much the same emotions."

He commented on the major scarcity of all matter of consumer goods in Japan. Ration had affected almost all goods by the time he left for America.

Black markets were, as in America, in operation, selling illegally for above ceiling prices. Except for the black market goods, the government by strict control had prevented inflationary prices. Though the people in Japan believed that they would have plenty of food-stuffs imported because of the conquest of Malaysia, Smith said that they had not naturalized up to the time he left.

CANAL AERO CLUB

Organization of the Canal Aeronautics Association is now underway through the diligent work of Bob Ikeda and Henry Ohye. Plans are being made for the establishment of a schedule and headquarters.

IMPORTANT MEET FOR REPRESENTATIVES

Recreation representatives of each block in Butte will meet tomorrow night, Feb. 3, 7 o'clock, at the central block manager's office in block 42, for the planning of various block organizations and recreation. Earl Yusa and Jiro Oishi will act as co-chairman.

Accountant Protests Firm Dismissing Japanese Workers

Joe A. Lewter, Junior Fiscal Accountant in the Butte Administrative Division, strongly protested the dismissal of three Japanese employees by Maxwell Farm and Livestock Company under pressure from Colfax County residents in a letter to John H. Sherritt, president of the firm.

He wrote in part, "Your anticipated actions can no more be called 'democratic' than can many of Mr. Hitler's distorted 'New Order' deeds in Europe can be."

FLUTIST FEATURED AT MUSIC HOUR

Many interesting classical records have been obtained for tonight's Canal Music Appreciation Hour which will be held in the Grammar School Library from 7:30 p.m. Program for the evening is as follows: Caucasian Sketches (In the Village)--Ippolitov Ivanov; Thais: Meditation--Massenet; The Swan of Tounela--Siberlius; Ballet: Les Sylphides--Chopin. Guest artist for the program will be Yuri Matsumoto, flutist.

COMMON NIPPONESE VOCABULARY WORDS AS RELEASED BY WRA

The definition of certain Japanese words in current use at relocation centers has been released by the War Relocation Authority, Washington, D. C.

"SANITATION" SHOWN ON LOCAL SCREENS

Two important films on sanitation, "Between the Cup and the Lip" and "Diagnosis of Tuberculosis," which were acknowledged by the Arizona State Board of Health, will be presented to Rivers' colonists tomorrow and Friday.

Canal students will see the movie tomorrow afternoon at mess 13, and it will be repeated again at 7:30 p.m. at the open theatre for the general public. Butte citizens will see the movies at the regular weekly show on Friday, February 5.

EVACUEES HOPED TO AID IN NATION'S LABOR SHORTAGE

In Cleveland, an AP release discloses that the director of the newly opened branch office of the WRA has announced plans to relieve factory and farm labor shortages in Ohio, Michigan, and West Virginia with 10,000 evacuees on indefinite leave.

Anticipating a great demand for seasonal laborers in the spring and fall, the WRA is drawing up on special provisions for handling such employment with a view towards the protection of evacuees against unfair practices of employers. The provisions include a check on the employer and a greater dispersal of workers over a wider area.

FLANNEL ON SALE

Gay, colorful, flannel materials are now on sale at the Canal and Butte dry goods stores at greatly reduced prices. Hurry and purchase some immediately and keep warm bitterly cold nights and morning.

The army has said o.k. to nisei. Now what?

Now, there will be a lot of questions and a lot of doubts, just as there have been with relocation. What will it be like outside? How will they treat me? What are my chances?

A bunch of U.S. soldiers in Wisconsin can provide some answers. They are the men of the 100th infantry. They are nisei.

Writing about them in the Baltimore Daily Sun, Blake Clark says "The first day a group of these soldiers on leave went into (town) they stood on a street corner while a crowd of citizens gathered opposite and watched them. The soldiers had been warned by their officers that they might meet unfriendliness at first and they were growing nervous when a young woman came up to them. 'The USO is over there,' she said. 'Come right in and make yourselves at home!'"

Since then, Clark says, the USO has arranged surprise birthday parties, tours of nearby cities, and acquaintance with local people, who have taken the boys to their homes and their hearts.

"Lads with Japanese faces and American hearts," Clark calls them. And Captain Dillard Willis, one of their officers, says, "When I go into combat, I hope I am still with this outfit. I'd rather have these men behind me than any others I've ever seen."

VISITORS DEPART FOR HOME CENTERS

Following a short visit in Butte community, Drs. Harry Kita, H. J. Takao, K. Taniguchi and wife, returned to Poston, and Katsuo Tanabe, and Florence Suzuki to Delta Relocation Center in Utah, and Shizue Kanemoto for Heart Mountain, Wyoming, Wed., Jan. 27. On Thursday, Jan. 28, Ichiro Waki returned from a short visit in Poston, and Mr. and Mrs. Takashi Kishi arrived from Manzanar.

Bulldogs rackle Gremlins tonight

The Bulldogs and Gremlins are scheduled to clash tonight in one of seasons best games. The two teams are reported to be in top shape for the tilt. The second game is between the Cardinals and Zephyrs.

BUTTE CARDS HUMBLE CANAL TOURNEY CHAMPS, 43-33

While the rangy Parlier Cards sputtered along like Jack Benny's broken down Maxwell, Coach John Koyama's Butte Cardinals, running wild on all five cylinders like a jeep on the loose, overwhelmed the Canal quintet, 43-33 before a capacity crowd.

Re-vitimized with new lifeblood consisting of youth, determination and the indomitable spirit to win, the Butte aggregation quickly pulled into the lead, never relinquishing in through-

2 CAC COMPLETE 2ND ROUND

Four teams will remain undefeated in the Aye loop as the 2 CAC (Canal City Athletic Conference) hoop ringers concluded their second round of cage war last Sunday afternoon.

The Cards, Rockets, Roughriders and Vikings are in the above category.

The Canal Hi varsity quintet was scuttled 49 to 38 by a rejuvenated and aroused Solon five which was paced by Shig Hayame, who earned the scoring honor of day by petting 20 points.

With Ken Hamaguchi pouring through 18 points, the Raiders proved to be an easy prey for the Rockets, by collapsing to a 38-23 whipping.

The Vikings seemed headed for a possible defeat at half time, but Ted Tanaka's 18 digets contributed to the 35-25 thumping of the Blockhead cagers.

In an inter-camp battle, the Roughriders were humbled 33 to 47 by Butte's Zephyrs quinteters.

Last Saturday, when the final whistle blew for the league's initial lighted court game, the Cards were four buckets ahead of the Cyclone cagers, who attempted valiantly to stop Pop Okada, but he got away with 12 points.

In the Western Division of the Bee League, the Ochi's rallied in the second half to give the Jeeps a 30-32 shading and emerged as the only team without a loss in their division.

A reinforced Blockhead B squad bounced into the win column by bowling over the Card Junior 23 to 33.

The Canal Hi Grizzlies proudly presented their first league victim, the Esquires who yielded to a 27-33 pounding, to Coach Dick Nishi.

An unmerciful Maharajah five roughshod over the Bruins of Canal Hi 30-17 to remain undefeated in the Eastern Division.

The Broncos casabaers made their league debut by easily dumping the Poop-Outs, 38 to 27.

Behind six points at the half, Block 25 cagers overtook the Block 10 squad and handed them the short end of a 23-27 count.

Proving himself a tower of strength, Pop Okada, who stretches some six feet two inches off the ground, the inability of the Canal Club to accurately hit the hoop were offset by the tall centers ability to constantly take rebounds off the backboard both on offense and defense.

Outmaneuvering their taller opponents with a vastly superior floor game, Koyama's quintet, showing signs of their old form, easily outclassed the tired Parlier club and took the contest going away.

RIVERS, ARIZONA

Thursday, Feb. 4, 1943

GENERAL REGISTRATION BEGINS NEXT WEEK

RESULTS BENEFIT SAYS TERRY

Back again in Rivers following an extended trip to Coastal cities to attend to evacuee problems and to confer with principal officials of the WRA is Project Attorney James H. Terry. Mrs. Terry and secretary, Matilda Rottach returned with him yesterday.

Terry said, "My opinion is that the results of the conferences in San Francisco will be of great benefit to the entire community."

In San Francisco, Terry discussed problems relating to the new leave clearance procedures, military enlistment, transportation of evacuees and real and personal evacuee property in California. While there, he met with Director Dillon Meyer, Chief of Community Government, John Province, WRA Solicitor Phillip Glick, and the project directors and attorneys of Arizona and California centers.

OUTSIDE EMPLOYMENT

For further information on, or application for, the following outside job offers contact Erie Kawai, outside employment officer at recreation hall 42.

Experienced couple for domestic work. Woman to cook; man for outside work near Chicago, Illinois.

Girl, prefer high school graduate for housework. No heavy laundry or cooking; private room and bath. \$50 per month.

Couple for cooking and housework for five adults—two meals per day. \$100 to \$125 per month. Chicago, Illinois.

Girl, 18-35 for general housework and cooking, for adults. Private room and radio. \$50 per month.

All Residents 17 and Up To Serve Two-fold Purpose

A general registration of Relocation Centers of all evacuees who are 17 or more years of age will start next week, E. M. Rowalt, Acting Director of WRA, announced yesterday.

At the same time, the War Department announced teams of army representatives left Washington yesterday for the Gila River and other centers to obtain questionnaires from all male American citizens of Japanese ancestry who are 17 or more years of age.

All nisei at the Gila River Project who desire to volunteer for service in the combat unit will have an opportunity to do so while the army representatives are there. Nisei who ~~do not~~ desire to volunteer at a time or who are beyond military age will be considered for jobs in agriculture or industry, including jobs in plants producing war materials.

SPEAKER PRESENTS CONFLICT CAUSES

As a third in the series of causes of conflict, Dr. Akana Inamura will speak before the Butte Discussion group tomorrow night, 7:45 o'clock, at 43-2-C on spiritual and cosmic causes of conflict. The group will deviate from its usual panel discussions for this meeting.

BUDDHIST DAILY MORNING SERVICES

Daily morning services have been inaugurated at the Canal Buddhist Church beginning at 8:30 with the Rev. Mr. G. Kimura as speaker. These sessions will continue until Saturday, February 6.

Sei-ten, Chomon Kai, and sermon assemblies will be conducted every Tuesday and Thursday mornings at 7 o'clock with the Rev. Mr. T. Hata presiding.

Included in the WRA registration to be made at the same time will be all females, regardless of citizenship who are 17 or more years of age, and all alien Japanese men over 17. No registration will be made, however, of persons who have applied for repatriation. Mr. Rowalt explained that through this general registration, the WRA expects to get clearance on a large number who apply for leave, and thus be able to speed up the relocation program.

OUTSIDE JOBS

"We are not trying to force any person who does not desire to do so," Mr. Rowalt said, "but there are increasing opportunities for evacuees to get job and if we can get a backlog of registration on which we can be working, we should be able to get clearance for indefinite leave for many people who later will want to relocate."

FOUR ARMY MEN

Heading the team of army representatives who will visit the Gila River Project is Captain Norman R. Thompson. He will be accompanied by Staff Sergeant John Connolly, III, Sergeant John A. Gillotti and Technician, Fourth Grade, Edward H. Aburamen.

Final plans for the registration at the Gila River Project will be worked out in conferences between the army team and Project Director Leroy H. Bennett and John Landward, administrative assistant who returned from Washington, D. C.

SPOTLIGHT WARMER

Since Pearl Harbor, no other minority group in America has been put in the unwelcome limelight that the residents of Japanese extraction have been.

Last week again, the issei, nisei, and sansei were the cynosure of the nation's eyes. But this time the spotlight had grown warmer. Congressmen, cabinet officials and newspapers were saying that most of the evacuees were loyal.

The organization of a nisei-sansei combat unit is a further extension of the welcome spotlight. The 100th Battalion now in combat training in Wisconsin composed of officers and soldiers of Japanese extraction from Hawaii has received favorable publicity in many of the nation's leading publications. If they had been separated into the relative obscurity of duty in mixed units, this would not have been possible.

Military officers have declared that the quality of nisei and sansei soldiers is second to none, and they are convinced that an all-Japanese-American combat unit will distinguish itself in battle. Less discrimination in promotions, particularly in the officer ranks, will be another much-to-be-desired end achieved by the recent orders.

The charges that Jim Crow discrimination has been practiced against people of Japanese ancestry is foolish when the results of the action can only be of great benefit. The people who backed this move know that the combat unit would be a sure way to keep a warmer spotlight on the evacuees. —JN

CANAL HIGH STUDENT BODY OFFICERS ELECTED

Election results for the Canal high school student body officers revealed Richard Inoguchi as the president, supported by Satoshi Hata-vice president, Emi Mori-secretary, Wilson Kumataka-treasurer,

George Iwatsubo-sergeant-at-arms, Natsuko Ikeda-publicity chairman, and Haruko Ishimine-yell leader.

Installation of officers will be decided by the student council, disclosed principal J. P. McVey.

With the final acceptance of the Constitution by the associated student body, more school activities and organizations are expected to commence for the general interest of the students themselves.

Strange as it seems, and yet, not so strange either. But events have been occurring in such rapid succession around here nowadays, we've had a bit of difficulty in keeping up "with the times." First, our editor leaves the outfit, then our artists, followed by departures of a couple of first class reporters, all to continue their educations in one field or another.

This camp embraces talents of no-end in a variety of fields we're told, however, there appears to be no journalists around...Reporters seem to be as rare as gold in this territory—or am I mistaken?

With the institution of the new meal ticket system, wonder has been expressed if this would in any way eliminate crashers. Cunning is as cunning does—and already we've seen some people with three or four meal tickets in their possession.

Now it's got us all confused again....First they (that reliable source of information) tells us our weekly movies will be Thursday for Butte, and Friday for Canal, then yesterday, the dates have been switched—and now it's visa versa again. Wish they would make up my mind...

Mike Maseoka, national JACL secretary, with offices in Washington, D.C. has enlisted in the nation's armed forces, proving again that Citizens League leaders are ready and willing and have what it takes.

Private Express Damages Not WRA Responsibility

For damage to personal express shipment transported from Casa Grande and delivered to resident consignees as a matter of service and convenience by the project Transportation Division, the WRA assumes no responsibility, announced Frank C. Norris, superintendent.

TRI-COUNTY

Receiving House Hours Revealed

All receiving warehouses, including the ones located in the Tri-County (Ventura, Santa Barbara, San Luis Obispo) and the Los Angeles area are open every week day from 8:30 a.m. to 5 p.m. for the receiving of property, J.G. Fitzhenry, WRA traffic manager in Los Angeles stated in a letter to the project.

Mich Yamamoto of the Butte Housing Division urges that all those who have their property transfer forms 83 to send them to their agents immediately.

FIRE ASSISTANT RELIEVED OF DUTY

"The boys all miss Fox," said H. Yamada in reference to the retirement of T. Fox from the Canal Fire Dept. personnel. Fox, who was very active in the advancement of the department, has returned to his home in Los Angeles. Temporarily replacing Fox is E. D. Mauser.

NEWS BRIEFS

The resumption of adult English night school classes at block 72 has been announced. Classes are held between the hours of 7:30 p.m. to 9 p.m.

Dr. Imamura is scheduled to teach.

The Internal Security of Canal wishes to announce the promotion of Warden Katsuichi Morioka to Sergeant of Platoon 3.

Butte Christian Choir members are reminded that regular rehearsals will be held Friday instead of tonight, 7:30 o'clock.

Norris said, "since as indicated, shipments are handled incidental to regular transportation functions involving delivery of project operating supplies without additional cost to the consigner, it is the belief that individuals receiving personal express shipments by this method should assume all responsibility for damages that might conceivably occur en route."

In event evacuees do not wish to bear the responsibility, it was suggested that delivery can be made by the City Transfer Co. or the Pacific Motor Transport Co. with the resultant additional expense.

HOSPITAL statistics

Interesting statistics of treatments performed in the Rivers Community Hospital during the last three months in 1943 are revealed in the report by the Medical Division for the quarterly period ending Dec. 31.

The months of October, November, and December showed that 5,959, 4,892, and 6,068 residents were treated respectively by the out-patient department.

During the same period, 150, 132 and 109 in-patients were handled. In the dental division, 1,281, 181 and 1,629 clients were given remedial treatments, with the optical department serving 109, 191 and 188 colonists within the three months.

Twelve, 18 and 32 births were recorded in the community. In the same months there was a death total of 7, 4 and 6 residents. The most prevalent hospital cases was revealed to be the valley fever cases, with 24, 27 and 30 patients interned.

FRIENDS ATTEND CONJUGAL UNION

Kazuyuki Sumisaki and Masako Fujioka were united as "lawfully wedded" man and wife at the wedding ceremonies conducted Tuesday night, Feb. 2, at the Canal Buddhist Church. The wedding reception for the couple was held in mess 23 with relatives and close friends attending.

CARDINALETTES WIN, 25-22

Paced by Shizue Wada and Betty Yoshino who scored 12 and 9 points respectively, the Cardinalettes, in a nip and tuck battle, nosed out Miss Mary Hughes's Canal Hi I sextet 25 to 22 Sunday afternoon. Rosie Yoshimoto with her 4 points contributed to the margin which brought victory for the Cardettes.

Helen Tanigawa of the defeated but still unbowed Canal Hi I team was high

scorer of the game with 13 digits to her credit while her teammates Haruko Ishimine, Yoshiko Kotsubo, Emi Mori, and Mary Honda plumped one bucket each. Julia Seiji made her free throw good for 1 point.

Victory, however, would have been a doubtful issue had it not been for the fine defensive play of Cardette guards Terry Maeda, Chieko Kono, and Michiko Yamamoto.

AGRICULTURE GILA EXPORTS 37 CARLOADS

Since November 6 of last year, when the first carload of Gila farm produce left Casa Grande for the Parker Dam Relocation Center at Poston, a grand total of thirty-seven shipments have gone to the nine other relocation projects. Of this total, fourteen left in January, an equal number in December, and the balance in November.

After taking a brief rest during this week, the packing shed will be the scene of intensive activity next week when six car-

GREMLINS NIP BULLDOGS 35-34 IN CAGE THRILLER

With the life or death of either team hinging on each shot, a record throng died a thousand deaths in a story book finish which found the Gremlins edging the Bulldogs 35 to 34 in the seasons most thrilling encounter, Tuesday night.

Following the tip-off the Bulldogs pulled into the lead, but behind Shig Goto's sharp shooting the Gremlins needled their way through a loosely knit defense to pull into a lead that at one time separated the teams by nine points.

Suddenly switching to a tight zone defense the Bulldogs immediately knotted the score behind Sid Inouye's deftly shots. From this point on, the game see-sawed back and forth with the crowd hoarse-ly cheering every bucket and loudly groaning with each near basket.

The game wound up with Pasadena fans having near heart failure. With five seconds of play remaining, and the score standing at 35-34, Toru Watanabe, Bulldog forward was awarded a foul shot. The crowd stood tense as Watanabe's shot rolled around the hoop and fatally bounced into the hands of a Gremlin, this averting a tie.

Fortunately for the Bulldogs this happened to be a practice game.

In the second game the powerful Cardinals rolled over a tricky Zephyr quintet 59 to 44 in a league game. At the half the score stood 28 to 27 in favor of the Cards and an upset loomed as a possibility.

Mas Tsuda and Shimada shared scoring honors for the evening by sending sixteen points through the hoop.

HAYAME - CAGER OF THE WEEK

Every team had its hero or star of the game last Sunday afternoon and we believe they deserve a little praise and recognition.

Due to the fact that we were not able to witness all the games, the NEWS-COURIER Sport Department's choice as the "cager of the week" has been based on his scoring ability and other information from reliable quarters.

Receiving a humiliating licking from the Viking five in their opening league game, a determined Solon quintet was led to a convincing 49-38 victory over the Canal Hi Golden Bears by our cager of the week, Shig Hayame.

Tanking most of his goals with two hands from the forecourt, Hayame was described as "unstoppable" that day by the propsters' coach, George Domoto.

LEAGUE LEADERS ENCOUNTER EASY FOES SATURDAY

Saturday's basketball fare pits two teams of unknown caliber against two of Butte's strongest clubs.

The Gremlins, conquerors of the Bulldogs in a practice game, engaged the hapless Dukes. The Dukes who have consistently suffered terrific setbacks throughout the season, will probably have another all afternoon watching balls sail into the wrong basket.

Although having shown signs of possibilities, the Poop-Outs run into double trouble when they run into the Bulldogs and their two big siege guns, Sid Inouye and Chuck Mayeda.

Net Trust Fund Trustees Named

The appointment of Frank Sakamoto, Butte, and Min Omata, Canal, as trustees of the trust fund derived from a part of the camouflage net worker's wage was announced by the Temporary Councils of both communities and the Project Director Leroy Bennett.

Yet to be appointed is a third trustee from the administrative staff. The trustees will receive, pay expenses and disburse the fund as outlined in a policy approved by the Community Councils. They are required to publish a statement or account of the above quarterly.

The policy provides also that any member of the board of trustees may be removed by the concurrent actions of the councils and the Project Director.

BLOCK OIL PUMPS BEING INSTALLED

Oil pumps are now being installed in each block and will be completed in four or five days, stated Joe Janeway, supt. of construction.

Each family will soon be supplied with a can, whereas the residents can pump their own oil for heating purposes. Block managers will be in charge.

EX-SERVICE MEN TO AID SERVICE MEN

To repay in part the efforts made by church and other organizations so that children here would not have a giftless Christmas, the Ex-Service Men's Club is pushing the War Fund Drive in the center, according to Commander J. K. Koseki.

A donation box will be placed in each Butte block manager's office for contributions from anyone who desires to do so.

MILITARY REGISTRATION POSTS FOR WED.-ANNOUNCED

Tentative plans for the mechanics of registration, which calls for a block-by-block procedure and which will probably begin Wednesday morning, Feb. 10, have been drawn up, announced Administrative Assistant John Landward.

Mess hall 13 has been selected as the locale for registration in Canal, and mess hall 41 will serve the same purpose in Butte. Interviewers will be present to fill out the necessary forms.

According to the plans, all males between the ages of 17 and 38 will be registered first. Army officials, who will assist in the general registration, will sign up all volunteers for the U.S. Army. All volunteering will be kept strictly confidential.

INCOME TAX RETURN FILINGS DUE SOON

With time for filing of income tax returns approaching, Attorney Joe Omachi will attempt to clarify much of the confusing problems which face the evacuees on this matter when he will address the University Club tonight in Canal, 8 o'clock, 13-10-D, on the subject, "Income Tax in 1943."

To speak also at the meeting is Dr. George P. Young, curricular adviser, on "A Story of Today and Tomorrow."

CANAL

COOP MEMBER DRIVE OPEN

The Canal Coop membership drive began last Thursday, February 4, and will end tomorrow evening. For the purpose of greater equality and representation, H. Kono, member of the Enterprise Advisory Board, announced that the camp was divided into four sections as follows:

Section one—blocks 3, 4, 5, 6; section two—blocks 7, 8, 9, 10; section three—blocks 24, 25, 26, 27; section four—blocks 16, 20, 21, 22, 23.

One member of the coop will be selected from each section to act as a representative and board member of the Congress of Coop Delegates.

Registrants will receive notification one day in advance before registration. Guides will be placed in the registration halls to direct the individual to an interviewer. All working registrants will be excused from their work for the time needed to register.

Fryer Visits Gila In 3-Day Stop

Said one-time Acting Project Director E.R. Fryer, "The prevailing spirit at Gila as I see it might be compared with this glorious Arizona sunshine—good and refreshing," as he left the project this morning for San Francisco following a three day stop to discuss problems of administration with Project Director Leroy Bennett.

Fryer came in from cold, stormy Washington, and the contrasting weather here, he said, was most welcome.

EDITORIAL: Corps de Elite

Did we know, when we leveled charges of Jim Crow discrimination at the Army, that the War Department was induced to set up a separate nisei unit after an impassioned appeal by Army and Navy officers who knew and understood the problems confronting us, and realized that here was a chance to tear down the wall of prejudice enveloping us?

Commander Coggins, Colonel Rasmussen, and other men including high WRA officials, who through their sympathetic interest, won the combat unit idea for the nisei, know that the whole problem facing us is bound up in prejudice. To break down that wall they know that an outstanding achievement, demonstrating the mettle of the people the American public call Japs will be necessary. They know of no surer means than through a distinguished combat record of a nisei-sansei unit.

(To make possible an outstanding achievement, the War department has promised the combat unit the finest training and equipment possible. Assistant Secretary of War McCloy has spoken of the group to be composed of volunteers as CORPS de ELITE.)

We must recognize that, unfair though the charges, we have been on trial except in the minds of men like Commander Coggins (who said: I would trust these soldiers with my life) of the Naval Intelligence in Hawaii at the outbreak of war, and who saw and knew the spirit displayed by nisei and sansei soldiers there. Now we know that most of us have passed the trial, and simultaneously are given a crack at the wall of prejudice through an unprecedented action.

As the first flurry of excitement subsides and more news comes in we can see more clearly the mind behind the moves. We know that we shall be given active combat duty as artillerymen, infantrymen, medics, and engineers, instead of stewing away at "k.p." as has been the case henceforth. We know that we shall not only man but officer the unit. We know also that the nisei soldiers now in the army are not in separate units, though they have been in most cases denied combat duty. These facts, we see are inconsistent with our charge that discrimination was practiced when the unit was formed. The mind behind the moves we see now was sincerely interested in our future, and the future of minority groups.

STUDENT RELOCATION COMMITTEE

BUTTE YOUNG BUDDHISTS ORGANIZE ACTIVITIES

Final plans, embracing a varied field of activities have been completed by the Young Buddhist Association Temporary Council, and will be presented to the mass tomorrow following the regular Sunday evening services. With the formulation of the Association constitution accomplished, the Young Buddhist group is expected to wield an active hand in the community.

Temporary block representatives were appointed last night by members of the Acting Council and the reverends, who will meet together Sunday, Feb. 14.

Former leaders and members of any Buddhist organization are urged to attend the all important parley tomorrow night when material announcements will be made. All interested residents are also cordially invited to attend any of the foregoing meetings.

VACANCY FILLED

The Community Events Office in Canal, which has been vacant with the resignation of Frank Onishi and Mike Iwatsubo, has finally been filled by Frank Totsubo. Formerly an engineer in the Canal Fire Dept., Totsubo shows great promises of capable fulfilling this difficult office which calls for ingenuity and forbearance.

WANTED--

Anyone who has in his or her possession a washing machine or typewriter, please contact the Community Enterprises, 69-15.

MUSIC, SLIDE-RULE CLASSES OPEN

A music group and a slide-rule group, both for adults will begin next week in Butte, the Adult Education office announced today.

The music group, under Jesse Sedberry, will listen to phonograph records on Tuesday evenings, with comments by Sedberry on

PANEL

"PRIVATE ENTERPRISE VERSUS COOPERATIVES"

"Private Enterprise versus Cooperatives" will be the topic for the panel discussion at the Y. P. Fellowship, Chapel 40 at 8 p.m.

Four speakers will present the advantage and disadvantages of private enterprise and cooperatives as economic systems and Robert Spencer will act as moderator.

Everyone is cordially invited to attend.

SCOUT TROOP NO. 63 SLATE FIRST MEET

First meeting of Boy Scout Troop 63, sponsored by the Canal High School, will be held this Monday, Feb. 8, at mess hall 13, announced Scoutmaster Frank Sakahira.

All boys who have registered and those interested in scouting are urged to attend.

The handbooks are now ordered and expected to arrive next week.

University Club's Valentine Social

University Club Valentine social, open to the public, will be held next Saturday, Feb. 13, starting 7:30 p.m. at rec. hall 3 in order to introduce new members inducted in the club.

This get-acquaintance mixer social will include games, folk dances, singing and refreshments. Co-chairmen are May Shirakawa and Frances Onoda. Admissions will be 15 cents, it was announced.

Create Fellowship Among Collegiates

To discuss problems of organizing an active, centralized Student Relocation Committee and a Student Association in Rivers, Bruce Maguire, Pacific Southwest representative of YMCA was here Tuesday and Wednesday meeting with groups and individuals.

Chief aim of organizing a Student Relocation Committee and Student Association is to create fellowship among college students, to create collegiate atmosphere in order to inspire them to further education, and to maintain contact with outside organizations for mutual aid and fellowship with those groups.

As an example of mutual aid, he pointed out that the Tule Lake group had made posters for the World Student Service Fund. The fund diverts a part of its resources towards scholarships for evacuee students.

A tentative committee will meet tonight at the college hall, 43-2-C, to plan a formal organizing of a college organization.

LAST RITES FOR I. NAKASHIMA

Friends and relatives were shocked at the sudden unexpected passing away of the late Itaro Nakashima, 40, on Tuesday, Feb. 2, 8:20 p.m., at the Rivers Community Hospital. He is survived by his widow, Fukue, daughter, Setsuko, 7, and parents Mr. and Mrs. Chokichi Nakashima, all of 54-11-C and formerly of Guadalupe, California.

Wake and funeral services were conducted at the Butte Buddhist Church Thursday and Friday nights.

SHOE HOSPITAL COMPLETES REPAIRS

Shoes turned in for repairs up to January 20 have been completed, and owners are requested to call for them immediately by Albert Hayashi, manager of the Canal shoe shop.

A monthly total of approximately 1,300 shoes is repaired, he added.

News Briefs

Three dump trucks were added to the Gila Public Work Department last week. This will make a total of 201 vehicles now being used daily in various divisions of the Gila project.

Dramatists and those interested in acting will sign up all next week in Butte, 43-1-D, the Adult Education office. If the demand is sufficient, the services of a former member of the Pasadena Community Playhouse may be secured for a similar endeavor at Gila.

A young man 19 years of age, 5' 9" tall, and weighing 170 pounds, wishes to correspond with young people from Gila. He is working in the WRA Statistical Laboratory in Tule Lake Relocation Center. Those interested are urged to write to George Kawano, 1203 C & G, WRA, Newell, California.

A Young Peoples pre-Valentine social will be held tomorrow night at mess 16, 7:30, under the sponsorship of the Canal Christian Church, it was announced yesterday.

INSECTICIDES FLIGHT AGRICULTURAL PESTS

To combat the aphids, thrips and cabbage worms that are now infesting Gila farms and to carry on a balanced fertilizer program, the Agricultural Production division has now set up an insecticide and fertilizer department under K. Nobusada, agricultural chemist.

At present, the preparation of the various insecticide mixtures is being carried on under the direction of Albert Koyama while the application of these mixtures of the crops is being handled by Henry Murashige, power duster specialist.

An accurate checkup of the effect that the different mixtures have under various conditions is being made to scientifically fight nature's enemies of the farmers.

The present plans are to have this department analyze the soil of the various fields so as to prepare the commercial fertilizer accordingly when the necessary ingredients are available.

Anthropologist To Visit Here

Listed among the most renowned professors of this era is Social Anthropologist, Dr. Robert H. Lowie, Professor of Anthropology at the University of California, who will arrive here Monday for a visit of a few days. Dr. Lowie is a well-known authority on various branches of the science of anthropology and is noted for his work among Indian tribes of the United States.

Associated with the University's Evacuation and Resettlement Study, the Professor will confer with Robert Spencer, representative of the Study here.

ZEPHYRS, FIREMEN IN CAGE CLASH

Gila Indians, paced by Hirota and Osada, meet the Sentinels, the conquerors of the Gremlins Sunday at 1:30 p.m. and enter as pre-game favorites.

In the second game slated at 2:45 p.m., the lanky and improving Zephyrs should nose out the Firemen five. At 4:30 p.m., the second place Cardinals meet the Saints in what will probably be another easy game for the Cards.

GYPA, CAS PLAN SPORTS PROGRAM

G.Y.P.A., supported by the CAS and the block manager's association has planned sports festivals with inter-block competition on the Sundays of February 12 and 21. Track and field events and a marathon run is to be held on February 14. Many trophies and banner will be given to winners from each block. Participants of all ages and of both sexes will be urged to compete. Many events are being planned according to vice committee chairman George Yamashiro, including special events for small kids and girls.

For the winner of the marathon run, the Rocky Nippon will award a large trophy.

ROUGHRIDERS MEET ROCKETS IN 3RD ROUND OF CANAL TILTS

With the clash between the undefeated Roughrider and Rocket quintets definitely labeled as the "big game" of the day, approximately three hundred and fifty 2 CAC hoopsters are expected to dribble into their third round of mesh mauling tomorrow afternoon.

In a recent practice encounter, the Riders nipped the Rockets by one bucket. There, we anticipate a precipitation of a ding dong battle again.

The Viking cagomen are warned against over-confidence when they face the winless Canal Hi Golden Bears.

The Cards, minus the service of Pop Okada, were downed by the preps in a practice tilt this week.

Experiencing the bitter taste of defeat at the hands of Butte's tourney champs, the Cards are not expected to show mercy to the Blockheads.

A revengeful Cyclone quintet will attempt to avenge that drubbing inflicted upon them in the initial round of the cage tournament when they tangle with the Solons.

Although they received a bye, the Raiders are slated to play host to the Guadalupe YMBA five.

The Ochis who are the only outfit with a clean slate in the Western Division, will engage the Dukes, Springing a surprise victory last week, the Blockhead Bs are expecting a triumph over the Buckaroos.

After that heartbreaking defeat by the Ochis, a fiery Jeep five may ram into the Canal Hi Grizzlies. The Esquires will find themselves in the cellar

another week if they succumb to the Card Juniors.

It is feared that the Block 6 hoopmen will make their Eastern League debut with a defeat, as they are scheduled to face the Maharajahs. Block 10 also face a possibility of a stampede by the Broncos and an even stephen battle between the Canal Hi Bruins and Block 25 is foreseen.

Viking's spark plug, Ted Tanaka, still maintain the scoring lead of the Aye circuit with 34 points as the 2 CAC cagers completed their second round.

Hiro Fujimoto of the Ochi's caught up with team mate Dan Kawahara and are deadlock with 23 points in the Western Division.

Eastern Divisioners, Frank Uda of the Maharajahs and Chester Yokoyama, Block 10 are tied on top with 19 digits, but are pressed by Broncos' Shig Okuno, who have played only one game with one

less points.

應と否と

應と否の明確に云へる人が私は好きだ。だが此言葉は非常に深い意味を持つものだと思ふ。軽卒にはなかく云はれない。

廣大な洋上にはんのはちちりと浮び上る島影は、其実体を海底に深く沈潜させてゐる。山のやうにどっしりと構へておもむろに決する男性の應諾には千鈞の重みがある。その結果はどんな運命の岐路を辿らざるものでさえある。

簡單だが、非常に重大な言葉。

私達は、あまりにも軽卒にこの言葉を驅使して居るのではないだらうか。

REVISED RULING OPENS MILITARY ZONE ONE TO NISEI SOLDIERS

'NO STRINGS' ON FURLOUGHS

Nisei soldiers may now apply for entry into War Relocation Centers or into Military Zone 1 without qualification, declared Captain Norman Thompson last night before Butte center leaders.

It was disclosed that the WRA and Army ruling which denied nisei soldiers entry into relocation centers except in extreme emergency had been revised in December. There are "no strings attached" to furlough leaves to centers now, said Thompson.

Ah! Such bee-oo-ti-ful weather we are now enjoying. Just like those rare June spring days.--A n d there will be daze aplenty --mark my word. Sigh! The approach of spring brings back memories of stinky weiner-bakes by the sea, savory barbecues beside a rippling brook, in the cool shadiness of giant oaks nestled in the canyons, picnics at the local park, swimming parties by the blue Pacific, fishing (for almost anything from crabs to baby king fish) on that famous pier at Fishermen's Paradise--(remember, Minnie?)--and our "dead eye" for the bowling pins. Those were the days, weren't they? I still remember all those glorious hours when "our gang" would always attempt something new every Sunday. Oh, to relive those happy, carefree days once again!--Stop us if you've already heard this one, but it was dished out to us by one MG--Q. How do we know radio station announcers have small hands? STUDENT MISDEMEANORS

The student body of Butte High School is certainly admired by their parents and the community as a whole, for their cooperation and attitude, in spite of all the handicaps.

Although they are studying in overcrowded rooms with desks lacking to accommodate all the students, the majority of them are cheerful, cooperative and willing to make the best of everything. Have you ever attempted to balance books on your laps, study, write and concentrate in an overcrowded room? Well, that's what the students have to cope with, and yet they are cheerful about it.

This splendid spirit and respect of the student body, is being marred by a small minority, with various misdemeanors; such as, using profane language, defacing property with obscene words, smoking in latrines, disorderly conduct and destroying property. Up to present time, the faculty members, the internal security and the community as a whole have certainly been lenient with the troublemakers, but hereafter, there will be strict measures taken to enforce all the rules, and all lawbreakers shall be punishable by some means.

It is not the policy of the school, Internal Security, or the community to see how many lawbreakers they can find, but to prevent the younger people from getting into trouble, thereby doing a great favor to them.

These minority of students who are not cooperating have lost all respect from the community, and should remember that it is not a very good way of repaying your parents after all the sacrifices they have made.

After the community has had such admiration and respect in their hearts for you, it would be a great disappointment to have a few students ruin this record.

Y. Fujimoto, Juvenile Delinquency Division of Internal Security

Ex-Staff Artist Commended

Former N E W S-COURIER artist Ted Ito received the following letter from a staff cartoonist of the Topaz Times with an enclosure of the cartoon "Jankee" reproduced by our staff artist Elmer Kira.

Dear Ted:

Congratulations on your newly introduced character "Little Gus"! I like your ideas and the simplicity of your lines.

Recently I have been corresponding with cartoonists of other Relocation Center papers. I should say cartoonist (singular). Namely, George Okamoto of Poston, Arizona. When and if you get a chance, I would like an original of "Little Gus."

Dr. Lowie To Discuss Evacuee Problems Tomorrow

From bloody Stalingrad comes word: 300,000 Nazis have been lost to the Russian armies!

All of Germany will observe three days of mourning for this colossal defeat. Three days of mourning in the Germany of Hitler who in winter of 1941 told the German people that the Russian armies were destroyed and would never rise again. Three days of mourning for the Nazi Stalingrad armies that, in the winter of 1942, Hitler said had all but conquered that gallant city and its heroic Russian defenders.

How long will it take the German people to doubt? How long will it take them to lose faith in their lying fuhrer? How many more casualties can they suffer before the German home front cracks?

And now the entire army of the Caucasus is in danger of entrapment.

Is it significant that the Nazis of Stalingrad did not hold out to the last man, but surrendered by the thousands at the end? Is that the way all Germany will react when defeat looms inevitable? The ominous figure "1918" is being written on the walls of Europe by conquered people who think that Germany will crack again.

But Hitler has foreseen it too. Does he have a trump to play?

ROCKETS TROUNCE ROUGHRIDERS MURANISHI SCORES 22 POINTS

Our predictions of the 2 CAC's third week of cage battles were thrown into a great upheaval as three potent caging groups suffered their initial setback of the league campaign, Sunday afternoon.

With the Rockets' Ken Hamaguchi and Seichi Yamamoto playing a brilliant game and sinking 20 and 15 digits respectively, the previously undefeated Roughrider five experienced a thorough 33-46 beating.

Coaches Domoto and Yamamoto are very happy today. Their Canal Hi varsity quinteters went on a rampage to inflict a humiliating 29-39 romping on the Vikings who were in an undescrivable condition. It was the first win and loss for the respective teams.

The Western Division of the Bee League is wide open as a result of the surprising 20-25 triumph by the Dukes over a favored Ochi five.

In the other Aye games, Joh Muranishi sent 22 points whirling through the nettings to lead the Solons to a 34-41 win over the Cyclones and set a scoring record.

Frank Okada pumped in 16 digets as the Cards,

easily bowled over the Blockheads 22-35, to remain unmarred in the league.

An invading Guadalupe YMBA cagers scuttled the Raiders, 26-37 in an inter-camp engagement.

WESTERN DIVISION—A three squad deep Canal Hi Grizzlies, leading by only two points at half time, had stretched the count to 24-36, when the final whistle blew.

John Masuda contributed 14 digets to the Card Juniors' 22-25 victory over the Esquires. The winners were behind six points at half time.

It was 21 all as the Buckaroos and Blockhead Bs entered the final period. Yuki Misaki bucketed three field goals to spell doom for the bucks as they yield to a 25-29 score.

EASTERN DIVISION—The Block 6 cagers emerged, from their debut by licking the wounds of a 17-31 assault administered by the undefeated Mahara jabs, lead by Kiyo Kobashi.

Forward Bonch Nagata paced the Broncos to whip the Wolverines (Block 10) to a tune of 15-23 without much effort.

Goro Maeda's Canal Hi Bruins beat the daylight out of a favored Block 25 quintet. Final score was 10-35.

POOP OUT WHIP BULLDOGS 33-26

Led by Okuhara, who tanked 15 points, the Poop-Outs overwhelmed a tired Bulldog five to win 33 to 26. The high scoring trounced the Saints 65 to 25 on a warm Sunday afternoon while the Zephyrs downed the firemen by a 42 to 34 count.

HAYAKAWA TANK 16

Hayakawa of the Sentinels tanked 16 points to lead his team over the Gila Indians, 36 to 29. In other Butte aye games, the Dukes lost to the Gremlins, 39 to 25 on Saturday and then lost to the Medics on Sunday, 25-17.

QUERIES 27, 28 CLARIFIED

"YES" MEANS LOYAL— WAR DEPARTMENT

To clear the confusion existent in the centers in regards to questions 27 and 28, Captain Norman Thompson received clearance from the War Department to issue the following statement to the press.

"Questions 27 and 28 are loyalty questions. If you are of military age, 17 to 38, and a loyal American citizen, the answer to both questions is "yes." Answering "yes" to these questions in no ways binds you to volunteer for the Army. To volunteer for the Army, a different form known as "Application for Voluntary Induction," D.S.S. Form 165 is used."

Cosmotology classes will be postponed tonight until the 16th.

LINCOLN..

5 WRA FIELD OFFICES OPEN

To aid workers now residing in relocation centers in obtaining outside employment, five principal relocation offices have been opened in Salt Lake City, Denver, Kansas City, Chicago, and Cleveland, according to the latest WRA press release.

EVACUEE PROPERTY SOUGHT

In order to assist the Evacuee Property Division of the WRA in effecting advantageous sales of idle farm equipment, trucks and automobiles for cash at present high prices, all residents of the center will be requested to supply information necessary to complete WRA Form 157 in conjunction with military and leave registration. The information requested includes description of such equipment owned, place of storage, whether in use or for sale, asking price and name of lien-holder, if any.

Each office is to be responsible for the establishment and operation of from 8 to 12 subsidiary field stations. These offices will seek employment offers and aid the workers to adjust themselves to conditions in the communities.

Washington WRA Office Urges Coop Incorporation by March 1

Following an urgent request from WRA headquarters in Washington for incorporation by March 1, Butte and Canal Congress of Cooperative Delegates called their first special

meetings this week and elected groups to sign the Articles of Incorporation.

Masato Kato and Tadashi Iwamoto, co-chairmen of Butte Temporary Community Council's Study and Research Committee on coops declared that the Articles of Incorporation will be sent to Washington this week. In Canal, after a sign-up of 1,774 members to the coop, each block selected a delegate to the Congress. Yesterday the delegates met and chose four members to the Board of Directors. They are section I-Joe Omachi, section II-Harry Kono, section III-Isaburo Sugiyama, section IV-Shohei Sasaki.

Butte delegates met Tuesday evening and approving a proposal that the Board of Directors

GILA BOY SCOUT COURT OF HONOR

First Court of Honor for the presentations of awards of the Gila District of Boy Scouts of America, composed of five troops in Canal and Butte communities, will be held in Butte mess hall 42 tomorrow night at 7:30.

The scout movement in the center started with the arrival of the Tulare Assembly Center troop which formed the nucleus of the present troop 48. Since that time, more than five months ago, 4 more new troops have been organized, and less than a month ago, the Gila District saw its inception. Harry Miyake, Central Block Manager, heads the District as chairman.

editorials GREAT EMANCIPATORS

It is significant today that the two American Presidents, most honored in the nation, have been great liberators. George Washington freed the original thirteen states from the intolerable tyranny of its mother country. Abraham Lincoln freed the negro from the hypocritical tyranny of slavery.

Tomorrow, the nation shall honor the birthdate of Lincoln. That the United States pays such great tribute to the man is an indication of the timbre of the national spirit.

In the centers, we evacuees have felt that the nation deviated from the democratic principle when it evacuated us. We are embittered, even. Yet, what good does it do or has it done to speak bitterly to each other screwing up courage to say even bitterer things than is meant?

It is time that we cleared the cobwebs from our minds. We cannot be selfishly dwelling only on the material and spiritual injustice committed against us. We must help bear the burdens of our and other minority groups, and for such groups, we must realize that true democracy is the only hope. We must maintain a rational attitude towards our present situation and discard the emotions engendered by the trials we have gone through.

Lincoln knew the right way. The man "with malice towards none" said: "Fondly do we hope...ferverently do we pray...that this mighty scourge of war may speedily pass away...let us strive on to finish the work we are in; to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

LOWER STANDARD EDUCATION?

There is no sense in crying over spilt milk, and so before the damage is done, careful handling will save future grief and suffering. A grave situation actually exists in the education problem.

What a great shame it would be if the boys and girls among us now attending schools, were suddenly sent out to another part of the country or back home, and discovered that they had not learned as much as in a regular standard school. This would make it appear as though a lower standard of education was taught to the pupils here, which is certainly not true. Little has been noticed of the high spirits and hopes of struggling pupils and instructors who are constantly seeking to uphold the highest standards for our schools.

This is an appeal to any person who thinks he can guide an advancing class composed of boys and girls who are anxious to learn. This is not just a job, but a privilege to serve the community and benefit yourself. You should have had two years of more of college to qualify for this vital placement.

Now again, it must be realized that health and education are the only essentials, for the people of tomorrow, which must be preserved today. --J. F.

THE Rambler

A bird's-eye view of "what's buzzin', Cousin" reveals that:

In JEROME, ARKANSAS there is a unique block organization masquerading behind the unusual monicker of "Bullslingers," devoid of any officers, and enjoying the proverbial "eat, talk, and be merry."

Whereas, in MANZANAR ceramics will definitely go on the production basis, with the complete equipment already available.. Fire mongers are trying to be disillusioned from building hazardous fires, unless permits are first obtained.. While, as a preventive measure against infectious diseases, "ofuros" will be removed from the shower rooms of HUNT, IDAHO. Installation of foot baths in shower rooms is also not recommended by the medical department because they have a tendency to spread rather than cure or prevent athlete's foot.

The HEART MOUNTAIN SENTINEL discloses the United Press reported that a sub-committee investigating charges of "coddling" in WRA centers is considering a plan to remove loyal citizens from centers and "put them in the army or in war plants."

Total membership of the Tule Lake co-operative Enterprise, Inc. is now 6,120, as the result of a second membership campaign held recently.

3,779 lbs. of fat were salvaged during the past month at the GRANADA relocation center.

READY MARKET FOR FARM EQUIPMENT. AUTO DISCLOSED

Prices for farm equipment and automobiles of all kinds are at the peak due to shortages and it appears probable that no better prices can be secured than at present, according to a statement issued by Project Director Leroy Bennett. He indicated that there is no ceiling price at this time on second hand automobiles.

The statement continues, "There has been much pressure on the government to requisition all idle farm and automative equipment in the United States. Extra tires have been already requisitioned. Such idle equipment will depreciate and deteriorate at a rapid rate and should be kept in use now when it is most needed."

WANT TO SELL MOTOR VEHICLES?

The Fresno Motor Sales Company and Fred Kurz Motors of Fresno, California, are anxious to purchase second-hand automobiles and trucks for cash at latest blue book prices or better. Those interested are asked to inquire at the Project Attorney's office for additional details.

CAUCASIAN HOMES BEING BUILT

Seven buildings are being constructed by forty evacuee carpenters in Canal for the Caucasian employees' homes. They are expected to be finished in 60 days, but due to labor shortage, it may take longer, it was disclosed by the Construction Department.

YWCA Group To be Formed

National YWCA worker, Esther Briesemeister, will be at the Gila Project for a few days starting Monday, Feb. 15, for the purpose of assisting in the organization of YWCA groups in both communities, revealed Morton J. Gaba, assistant chief of the community services division.

Miss Briesemeister has visited nearly all of the WRA projects in connection with her work. She is at present, visiting the WRA relocation offices in Cleveland, Ohio, Chicago, Illinois, and Denver, Colorado. In addition to her YWCA work at this project, she will be able to assist those who are planning to relocate.

Further details on Miss Briesemeister's plans while at this center, may be secured at the CAS offices in Butte or Canal.

CALLING OPERATORS

Three licensed and experienced beauty operators are needed in the Community Enterprises shop in Butte. Apply at 42-9-D.

CAS DECENTRALIZES ACTIVITIES

In a move to foster greater direct participation of the people in the Community activities program, two representatives from each block held its initial meeting, Feb. 6, disclosed Earl Yusa, member of CAS council.

George Aratani was selected as the temporary chairman of a steering committee of six. Jiro Oishi and Earl Yusa of the CAS are ex-officio members of the group and committee.

Yusa stated that the representative group is autonomous from the CAS, though it will work in cooperation with it. The group will serve as a pool for ideas from the people.

MANY OUTSIDE JOB OPENINGS

Lyman Domoto, outside employment officer in Canal, revealed that many job openings are available in such fields as: general house work, gardening, farm work, recreational work, secretarial work, and cooks. Doctors, nurses, and laboratory technicians are needed in the medical field. Those interested, apply at the Canal employment office.

"Sweetheart" Social Stated Saturday

Under the auspices of the Butte CAS, a "Sweetheart" dance will be held Saturday at mess 57. General chairman Annie Fujimoto revealed that highlights of the social are Nancy Nomura, Yeshiko Washika, and Gerry Maeyama, songsters, Miye Tachibana, and Ken Ota, tango, and La Conga march.

of the nation and self-interest of owners of such equipment should make it apparent that now is the time to sell idle machines.

"Any resident of this center with equipment for sale are urged to communicate their desires to the Vacuee Property Division through the Project Attorney's office."

WELLES ASSUMES DUTIES AS CANAL CAS DIRECTOR

Assuming new duties in the Canal CAS as supervisor, J.C. Welles, former instructor of Social Science at the high school, will take over his position beginning Feb. 20.

He was supervisor of music in the recreation association at Decatur, Ill., and was also instructor in a school for the deaf at Knoxville, Tenn. For the past three years, he was scoutmaster of Troop 23 in the Knoxville Council and is the present committee chairman of Troop 63 of Canal.

Replacing him in his former job will be Mrs. Lucille Peddy, who arrived in Gila Tuesday.

Canal Seeks Safe-Cracker

Generally, if not in all cases, a safe-cracker would be considered least dangerous behind bars. However, the other day a memo reached our "classified" department inquiring for one "safe cracker." His services are urgently requested at 23-9-E of Canal.

BUTTE LEAGUE RULES CLARIFIED

1. Eligibility ruling.

A player must choose between the CAS league and the high school. Should a player choose to play in the CAS league and then play a game for the high school, every game thereafter that he plays under CAS jurisdiction will be a forfeit.

2. Disorderly conduct on the court. (fighting)

Athletic competition is a friendly game and medium or good sportsmanship, and therefore there are no reasons for a blow to be directed at their opponents. If such an incident occurs, the offender will be suspended from the game and suspended indefinitely until the Aye athletic board decides on his penalty in a special meeting.

3. Intentional fouls.

Managers must reject a player from the game if the player commits an intentional foul. However, the player committing the foul can re-enter the game as soon as he has "cooled off."

4. Replacing a lost player.

If a player is lost through relocation or illness, the said player can be replaced by another, providing the incoming player pay his due of 15 cents and that the replaced player cannot play again should he return from his illness, whichever the case may be.

5. Night games.

Aye league teams will not play night games unless by mutual agreement between the two teams.

MILITARY— VOLUNTARY ENLISTMENT

From Monday and continuing through Tuesday and Wednesday, voluntary enlistment will be conducted at Captain Thompson's office in Butte. Volunteers will not be required to wait for registration or enlistment by appointment on block by block basis.

720 STEERS RECEIVED

Unloaded into the project farm's alfalfa pastures were 720 Mexican steers yesterday. They are beef cattle from Sonora, Old Mexico, to feed the project residents and to supply the other relocation centers.

Walter Emrick, livestock and poultry superintendent, stated that none of the cattle will be slaughtered for ninety days.

Supplying the center residents with 40 to 50 gallons of milk daily are

Women's Latrines To Be Paneled

Through the office of the Central Block Manager in Canal, word was received that partitions would be installed in each women's latrines. Similar steps have been taken in Butte.

It was also revealed that the gas stoves which were formerly placed in the men's shower rooms would be taken out to be used in the school buildings in Canal. Three oil stoves will in turn be allotted to each block.

GI APPAREL SALE

G. I. clothing is now available at warehouses 18-2 in Canal and 69-5 in Butte, between the hours 9 a.m. to 4 p.m.

GILA COOP INCORPORATION ARTICLES SIGNED, MAILED

Consumer Cooperative Articles of Incorporation were signed yesterday, and have been mailed to Washington today, disclosed Tadashi Iwamoto and Masato Kato, co-chairmen of Butte Study and Research Committee.

The articles were read and studied by the congresses of cooperative delegates from Butte and Canal with the Study and Research Committee. They were signed by the Canal board of directors, Butte incorporators, and members of cooperative committees of the two Community Councils.

Rebates With Cash Receipts

To keep a record of all sales for rebate on profits, the community stores are now issuing cash register receipts with each purchase, stated Gilbert Kuramitsu, superintendent of Community Enterprises.

Kuramitsu emphasized the necessity of saving receipts because they are the only basis by which rebates can be made.

15 cows, said Emrick. The cows came in along with 5 yearling heifers and 16 calves from Granada, Colorado last week.

CHANGES TO QUESTIONNAIRE

Changes can be made in answers to questions 27 and 28 today and tomorrow, from 9 a.m. to 9 p.m. in Captain Norman Thompson's office in Butte's administration building, announced Captain Thompson. Bus passes will be issued from Canal for this purpose.

SHOE STORES CLOSE DOORS

Shoe shops in both communities are closed and will remain closed for an indefinite period, pending the arrival of ration cards or some similar form for proper allocation, announced Gilbert Kuramitsu, superintendent of Community Enterprises.

Kuramitsu stated that the dry good stores are still conducting sales and that further yardage orders are on their way here.

ORGANIZATION OF BLOCK FIREFIGHTERS

For the evident purpose of safety, the Canal Fire Department approached the Central Block Managers and proposed the organization of a group of volunteer firemen in respective block, which would be composed of 6 to 10 members.

TAJIMA ON CITIZENSHIP

The Japanese people in the United States are going through a great test. The Japanese Americans are hardest hit. Some are desperate and estimate their citizenship as of very small value. Those who do not have American citizenship know its real value. One of my sons is Japan-born and has no citizenship in this country. He wrote me and said, "We must believe in America: We aren't getting a decent deal now, but would we get a better one in _____? Of course not. And in the future, America is quite apt to be the only country where freemen will have any chance to follow their ambitions."

Loyalty is not the question. The one and only issue is SURVIVE OR PERISH. If the sign-up of volunteers is good, the Japanese-Americans will have friends on the outside. If it is not good, they will have NO friends ANYWHERE.

It is true that there have been injustices. It is true that there are still injustices. But if the sign-up is not good because of them, the American people, who are watching, will deem us. The injustices are not in issue; the issue is DO WE TAKE THIS CHANCE FOR A GREAT PUBLIC RELATIONS DRIVE, OR DO WE REFUSE AND DOOM OURSELVES. True, we cannot forget the injustices--no one has a right to ask us to forget them--but we are either going to remember and ruin ourselves, or remember and give ourselves a fighting chance. Choose quickly.

Only two types of people are going to oppose this thing; those who do not know that all America will turn against them if they fail in this, and those who know but who believe that their future lies in Japan. We may as well face the issues.

The whole nation is looking at this drive. If it succeeds, we have no guarantee that all our problems will be decided favorably; but if it fails, there is no hope for us in this country. The United States will have only one interpretation of failure; DISLOYALTY. And we shall be finished here.

Then where? Latin America? They are watching this thing too.

Europe? Europe is not a healthy place--and they are watching too. And they own Africa.

Australia? They have been against immigration even without watching this experiment.

Well then--Japan? Let us quit fooling ourselves. Even the most fair-minded (continued on page 4)

(continued from page 1)

In the past and at present, while injustice was done us and our citizen rights were curtailed, there were and are many individuals and groups who stood up for our rights in words and in deeds. An American citizen has a right to criticize the government because it is theirs. An American citizen is free to do good as his intelligence and conscience directs and dictate to him. This is the greatest value of American citizenship.

Young people! Do not give up your citizenship under any circumstances. Hold it, cherish it. The founders of this nation had won and held this freedom with their blood. Could we win it at less cost? Let us not be bitter about our present status. Listen to your country calling. Respond splendidly and manfully. Win American heritage and leave it to your posterity.

HOW TO SPEAK TO JAPAN

The best answer we could make to Japan's appeal to racial hatred would be action proving that the Japanese propagandists are wrong. The indiscriminate internment of all nisei (American citizens of Japanese parentage) makes us extremely vulnerable, for example, in view of our government's liberal treatment of Italian citizens and even German residents in America. We can best correct this by releasing the nisei who are found on investigation to be loyal Americans, while keeping in custody Japanese citizens and Kibei (Japanese-Americans educated in Japan) unless they are known to be harmless. The process is already underway, but should be speeded up and publicized--especially in propaganda aimed at Japan and East Asia. --The Nation

Nisei Still in Ariz. Free Zone

Thirty to forty families of Japanese ancestry still reside in the free zone north of Mesa, disclosed C. A. Mitten, publisher-editor of the Mesa Journal Tribune while on a recent visit to the center.

He added that many other families live in communities near Mesa. Almost all are engaged in farming.

Mitten came to the center on Tuesday with six other men, all directors of the Mesa Chamber of Commerce.

GILA VEGETABLES CONTINUE TO ROLL

The Gila farms and the packing shed have been the scene of intense activity during the past week as 955 sacks of cabbage from fields 66 and 69, and 417 sacks of carrots from field 48, occupying four freight cars, rolled off the siding at Casa Grande. This brings the total carloads shipped out to 42, of which six left during this month.

Within three days, the "Casy" boys of the Canal hauled 1,372 sacks to the siding, as two carloads left Tuesday for Poston and Tule Lake, one on Wednesday for Manzanar, and another on Thursday for Idaho.

NEW RENTAL BOOKS ON LIBRARY SHELF

Now on the rental shelf at the Canal library are MEIN KAMPF by Adolf Hitler, "THE GAUNT WOMAN," best-seller. Edmund Gilligan, the brilliant writer of sea-stories, is at his best with this new thrill-packed novel. Adventure, excitement, romance, and heroism surrounds the "Gaunt Woman."

d.e.s.i.r.e.d. to see most were checked from the list printed in one issue of the NEWS-COURIER, and these were turned in to respective block manager's offices.

Tabulations from both communities revealed the next fourteen to read as follows: "Cat and the Canary," "Sun Valley Serenade," "The Mark of Zorro," "Beau Geste," "Texas Rangers," "Hold Back the Dawn," "Hunchback of Notre Dame," "Captain Fury," "Ride 'em Cowboy," "Kitty Foyle," "The Spoilers," "Son of Frankenstein," "Keep 'em Flying," and "Plainsmen."

Interesting to note was the variety of movies that seemed to appeal to the different age groups. The sponsors disclosed that the above mentioned list will be obtained in the requested form for the public if available.

PRELUDE

From this day on, your farm reporter hopes to utilize this column to present the farmer's viewpoints and to comment on the Gila farm project. We invite every farmer on the center who have ideas or grievances they would like to have published, to present them to the public relations department of the Farm Management.

FLOWERS

The flower shops located at F M warehouse at 69-16 in Butte, and the farm office at 16-7-A in Canal, have been busy supplying flowers to hospitals and weddings, funerals and memorial services.

PART-TIME

A large number of high school boys are now employed on the farm on part-time jobs as irrigators and farm hands. This is one way to keep them out of mischief.

Chiyoko and Iwao Hirose returned to Delta, Utah.

Anthropologist Discusses Group Relation Problems

Speaking from the viewpoint of a cultural anthropologist, Dr. R.H. Lowie of the University of California, addressed a packed hall of young people on the topic, "Group Relation," Wednesday night at the Butte Buddhist Church.

Groups, he said, are naturally suspicious of each other for a variety of reasons, including economic competition and prejudice, or the feeling of identity with one's own kind. He cites the case of the Know-Nothing Club, which at one time gained enough power to put up a candidate for presidency in 1852 on the platform that America shall be reserved only for Anglo-Saxons and not for the large immigrating groups of Germans and Irish.

Dr. Lowie states that he came from Austria when he was ten years of age and grew up under the influence of a largely Germanic culture. He calls himself for that reason, a marginal man--one influenced

COUPLE UNITED IN MARITAL TIE

Seichi Kageura, a former resident of Fowler and Sumi Ii of Gardena, will be united in marriage Monday night in the Canal Buddhist Church. The couple will be attended by Mary Ann Ii and Kelly Matsumura. Baishakunins for the couple are Mr. and Mrs. George Kawahara and Mr. and Mrs. Tanekichi Hata-yama.

BETROTHAL

Bob Miyamoto, a former resident of Gardena and Mary Itsuki of Parlier recently announced their engagement. The marriage will take place sometime in the latter part of this month in Canal.

George Kawamoto and Aiko Louise Hori were married Thursday night in Butte.

Emotional Conflict

(continued from page 3) ed by two cultures. An advantage of such an individual is that he gains a greater, deeper understanding of groups and human problems. Disadvantage is a conflict of emotions arising from the cultural differences.

The melting pot theory of America has been scoffed at by many, he declares. However, after the passing of the first generation of immigrants, when the theory does not apparently work, the second generation begins to assimilate the American pattern. Danger here, he states, is that they often lose the good things of the old country.

Liebestraum (Dream of Love), by Liszt will highlight the Music Hour scheduled for Tuesday, Feb. 16 from 7:30 p.m. in the Canal elementary school library. Other classics to be featured are: Humoresque Op. 101 No. 7 by Dvorak; Piece Heroique by Franck; Marche Slave by Tschaikevsky; and Concerto in E Minor for violin by Mendelssohn.

SOCIAL REPLACES REGULAR SERVICES

The Butte Christian Young People will have a Fellowship get-together tomorrow night instead of the regular discussion, it was revealed by Earle Yusa. Highlights of the evening will be community singing, games and refreshments, with George Tajima as chairman. The public is cordially invited to attend this social which will be held at rec. 41 at 8 p.m. An admission of 10¢ per person will be charged.

Director Bennett To Address Group

Project Director Leroy Bennett will address the Butte discussion group on the topic, "United States Industries: Answers to the Post War Problems," Monday night at 7:30, 43-2-C.

This meeting is a continuation of a series of discussions on "Causes of conflicts and their solutions," and the first in the series in which possible solution will be aired. Tom Hirashina will chair-man the meet.

Reminder for both the "Sentinels Valentine Hop" and the "CAS Sweetheart Dance."

report that nisei are followed day and night in Japan by the policy. Kibei are not immune. And even issei who return are suspected. Japan lives under a military government. This government operates with secret police, secret trials, secret executions. This is not the fault of the Japanese people, but it is a fact--and even the Japanese people suffer from it. WHY IS THE LIBERAL PRINCE CHICHIEU MISSING? And if the brother of the Emperor can be taken by the military, what is our chance if this groups wins.

If the United States wins, and the people of the United States believe that none of us can be trusted, the question still is--WHAT IS OUR CHANCE?

There is only one answer. Every argument leads to it. All other questions may be good, but they are not in point. We either survive or we perish. And there is only one way to survive. --MHL

200 Judo-ist To Compete

By Tsuneh Shinmoto

Over two hundred judo-ists are expected to participate in Canal City's gigantic judo tournament tomorrow afternoon.

Setting for the outdoor tourney will be in front of the Community Stage and will commence at 1 p.m.

Five months of intense practice will be behind the actions of the judoists as they make their initial public appearance, stated head instructor Minoru Okamoto.

Seisaku Takedo and his instructors from Butte will be the judges for the afternoon.

Judoists will be advanced in their grades according to the showings made in their practice sessions and this tournament.

The Judo koenkai, headed by Harry Kono, have donated four imposing silver trophies and eighteen medals to be awarded to the outstanding participants of the day.

INTER-CAMP GAME

Bulldogs Meet Solons Tomorrow

Bulldogs of Butte will journey tomorrow to Canal and engage the Solons in an inter-camp affair. The Bulldogs who were upset last Sunday by the Poop-Outs, are now tied three other squads for the Aye League leadership. The Solons, led by center John Muranishi, have won two and lost one league games thus far. They are now tied for third place.

State Blackout Includes Rivers

Rivers will be blacked out from 8 p.m. to 8:10 p.m. on the night of Washington's birthday, Feb. 22, with the entire state, announced Firman Brown, deputy director.

A single switch in either community will plunge the two cities into darkness. Plans to avoid confusion and to inspect the centers to check on the completeness of the blackout will be released later, said Brown.

Attorney Terry Gives Opinion

A legal opinion on questions 27 and 28 in the military registration questionnaire was prepared by Project Attorney J. H. Terry for Project Director Leroy Bennett.

Terry's opinion is that a negative answer to no. 27 can logically and legally mean one thing, namely, that the registrant is unwilling to obey the Selective Service laws and serve in the United States armed forces. An exception to this may occur in event the registrant has earlier registered as a conscientious objector. Terry adds that final interpretation rests with the War and Justice Department.

A copy of the opinion is available in each

MILITARY CALL

7,425 HAWAIIAN NISEI ANSWER

The Army's call two weeks ago for 1,500 Americans of Japanese ancestry in Hawaii to volunteer for combat duty has been answered by 7,425 of these citizens, military authorities announced today, according to a Feb. 13 AP dispatch from Honolulu.

There are about 25,000 American-Japanese in the islands between the ages of 18 and 38 and hence eligible to volunteer. A small minority of those who have offered their services is above the age limit, the military said.

The island of Oahu, where Honolulu is situated, so far had 4,221 volunteers; the island of Hawaii, 1,439; Maui, 886; Kauai, 689; Lanai, 107; and Molokai, 74.

Tomorrow five semi-trailers will leave for White River to pick up 45,000 board feet for use in immediate construction. The rest will be hauled as transportation facilities become available. Brown estimates that 33 semi-trailer loads will be necessary to haul the complete order.

Thirty percent of other construction material is already on order for the buildings to be constructed.

NISEI RECOGNITION

It is not enough, now that the War Department has decided to permit Nisei to bear arms for the nation, to repeat the old cliches about recognition. There remains far more yet to be done to re-establish our positions as full-fledged Americans that has been placed to date on the credit side of the ledger.

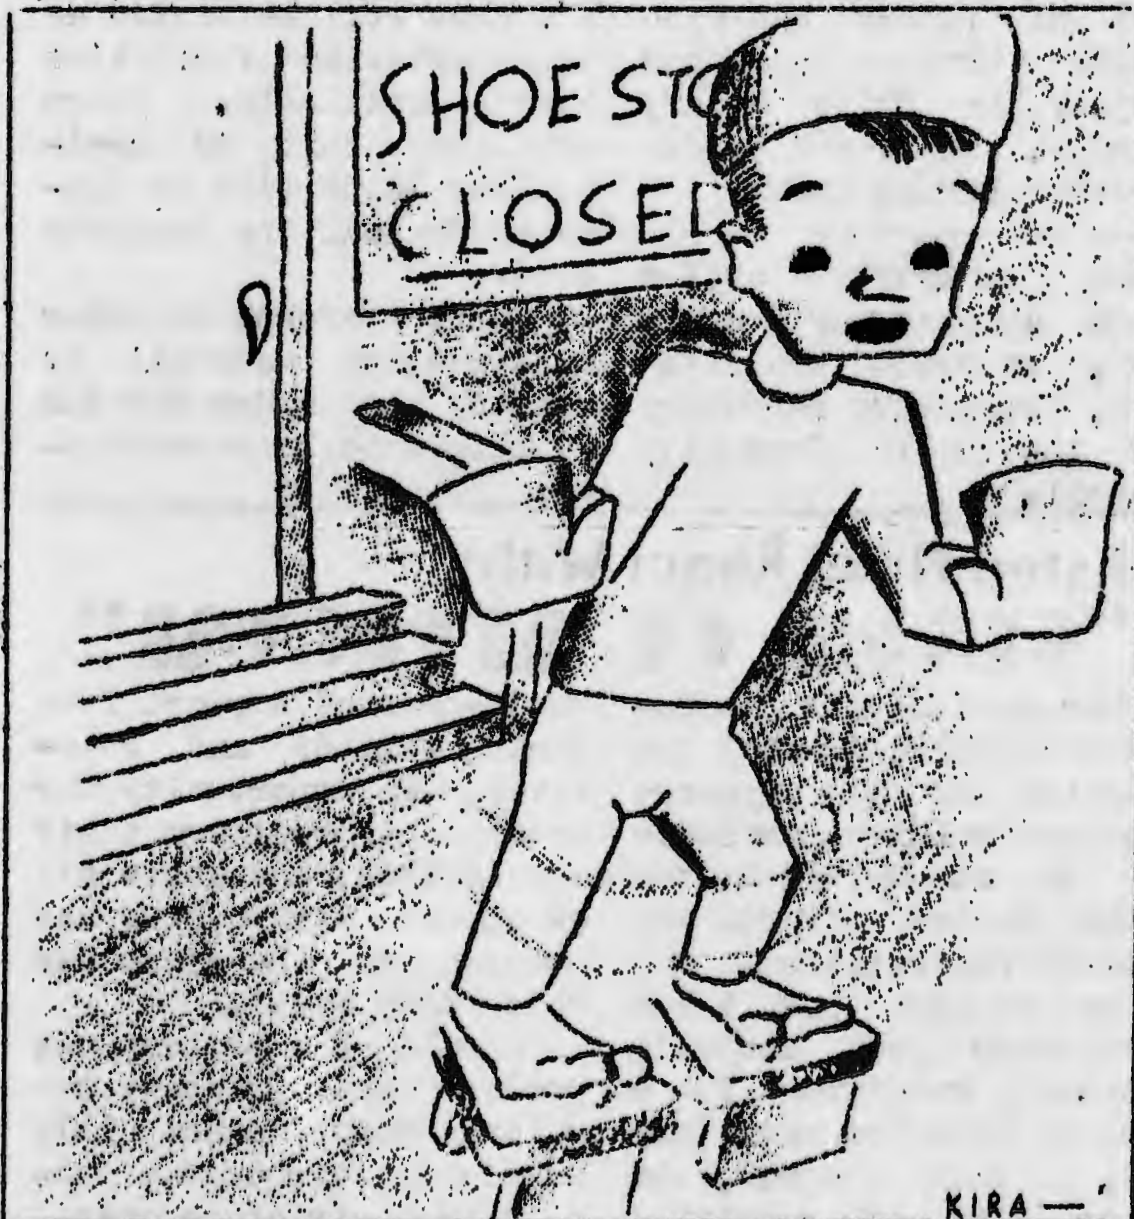

Yet this recognition is a long step toward something that all Nisei have been striving for ever since measures were taken to abridge the citizenship rights of Americans of Japanese descent. Its greatest significance is, perhaps, in the potentialities opened to the Nisei whereby they can now prove themselves.

There is also little doubt that the splendid record of the Nisei now in service, both overseas and within the United States, had much to do with the War Department's decision. It is to their credit that they conducted themselves in such an American manner even though there have been heavy hearts in cases where parents, brothers and sisters and friends were confined to the relocation centers.

After all it is the Army that is calling the tune now, and if they recognize the loyalty of the Nisei, then it is logic that others accept this as recommendation and avail themselves of the manpower available among this group of citizens.

It is possible that the breaks will swing our way in much more rapid and encouraging succession now. Perhaps it is just a matter of time until Selective Service is restored to us, and perhaps not much longer until the "alien enemy" stigma is removed from our parents. At any rate this has been a splendid beginning. Let us work to make it only a beginning.

High Staff, snail
 (no it's not the big bad wolf at your door! ah, it's the fragrant odor of something intangible in the air which tells you, "spring is here." Something that which also pre-figures the calm before those awful, stifling dust storms. Ah, me! The complexity of today's struggle for existence is moderately remote as we innocents welcome in another season of the new year.

The other day a parcel post notice reached this office with the following words inscribed upon it: "To: Ladies of the GILA NEWS-COURIER — get it while it's hot." Upon calling for the package, what do you think it was? Certainly, St. Valentine's day was around the corner, so some thoughtful soldiers had sent the feminine pilchritude of the press a heart-shaped box full of luscious chocolates. Oh, the envious glances the "gentlemen" members cast the ladies were certainly slaying.

Street lights now keep the community dark spots pretty well lighted up at nights. If neons were added here and there, the colony would really look like any American town in the nation (in evenings only, of course.)

RESUME — MILITARY REGISTRATION FAMILY REUNIONS

The real issues behind the military registration are now becoming clear, after a great confusion had enveloped the center as a result of the abruptness of the act.

On the heels of the announcement that the War Department had done an about-face in its policy regarding the enlistment of Japanese American soldiers, Army representatives had come in.

Questions magnified beyond all proportion by the tension of the life within barbed wire enclosures had been raised in the minds of the center residents.

Why segregation in the Army? Why were not the Japanese American put on the draft basis? Why were the evacuees not released if they were considered loyal enough for the Army?

Weren't the evacuees everywhere receiving special treatment, a form of discrimination? Why were Native Sons of California and other reactionary groups and individuals continually harping on the evacuees when the implications of the War Department actions were clear? Can the regaining of evacuee rights be guaranteed? What about the tremendous property losses suffered by the evacuees? Can the American prejudice ever be overcome?

Against the tremendous array of facts accomplished and prejudices existent, the residents had voiced their resentment. But there were no hard and fast answers to most of these questions. The Army representatives had answered some, but to most

Destined "definitely to be an internment center and all that it implies," under construction now near Crystal City, Texas, is a camp for the reunion of interned individuals and their families, according to a recent WRA bulletin.

A person who once enters the camp will remain there for the duration. There will be no relocation, no free visitations, and no short-term leaves. Mails will be censored, and generally the conditions will be similar to that of the present internment camps, the bulletin discloses.

COPYRIGHT APPLICATIONS

Several recent orders have been issued by the Alien Property Custodial affecting the status and ownership of patents and copyrights and the applications for renewal of such rights and the filing of claims in connection with such rights. "If any residents of the center have interests in patents or copyrights or applications therefore, it would be advisable for them to communicate with the project attorney's office to secure information in connection therewith," stated James Hendrick Terry, project attorney.

ALIEN-CITIZEN SEGREGATION

Segregation of loyal Japanese American citizens from the interned aliens was strongly favored by the former Ambassador to Japan, Joseph C. Grew before a sub-committee of the Senate Military Affairs Committee, according to a recent Drew Pearson's syndicated column, Washington Merry-Go-Round.

Grew, according to the column, stated that putting loyal citizens in the same camp with alien Japanese causes them to be resentful, weaken their patriotism, and makes them targets for the subversive propaganda of Axis agents in the camps.

To investigate farming and living conditions, two or three experienced farmers will be given an opportunity to visit the Idaho-Montana beet district with all expenses paid, according to a representative of the Utah-Idaho Sugar Company, revealed Erie Kawai, outside employment officer in Butte.

Kawai stated that the Idaho-Utah Sugar Co. will employ about 50 families during the next month. Single persons will not be needed until the thinning season. Single men, however, may accompany families if such arrangements can be made with the family concerned. For further information, contact outside employment office rec. hall 42.

MILITARY REGISTRATION

(continued from page 3) the answer lay with the evacuees. The counter-question was: Can the evacuees through their actions prove to the American public that they were not enemies and justice was due them as much as to any other American?

But by last week-end the real issues at stake in the military registration were becoming clear. The question was boiling down to this human problem: Were the Japanese Ameri-

From time to time we have noticed cases of vandalism out on the farms and the general misuse of farm machinery. Such practices should cease immediately and every resident should cooperate to keep the wear and tear down to the minimum. Because of wartime restrictions our equipment is irreplaceable and by the indiscriminate destruction of our property we are just cutting our own necks. Keep this in mind the next time you feel an urge to release your anger on some piece of equipment!

cans going to stake their future in America or elsewhere? The much misunderstood questions 27 and 28 would decide it, they could see now. "Yes" would mean military service, but citizenships could not be shorn from them. "No" might mean disenfranchisement or a charge of treason.

Letter to the Editor

Dear Editor:
Sometime ago, the loyalty of the nisei in this country was being questioned through comments and criticisms from the press and the people in general. At that time General Sadao Araki, then the Minister of War in the Cabinet, broadcast a message from Tokyo for the benefit of the nisei in America and made it quite clear once and for all where the nisei should stand. He frankly but solemnly declared to effect:

sun is in America. You belong where you are. That is the land of your birth--your home. You owe allegiance to America, and nowhere else. Be loyal to the government of the United States of America! The American people as a whole are essentially humane though they may have some shortcomings like everyone else. Respond heartily to your country's call in time of war and do honor to your country and yourself, thus win the respect and love due you, and all will be well with you." K.I.

Rockets Win In Overtime

By Tsuneco Shinmoto

Deadlocked at 43 all at the end of the regulation time, the Rockets came through with a 49-50 decision against a fighting superb Viking quintet in a slambang over the time encounter Sunday afternoon to maintain their undefeated status in the 2 CAC Aye League. Legality of this game is under discussion at present.

With three of their cagers blazing 14 digits apiece through the netting, the high riding and conquered Cards rolled to a resounding 42-59 victory over the Roughriders.

The up-coming Canal Hi Golden Bears rambled to a decisive 29-38 triumph over the winless Cyclone quintet.

Behind five points at intermission time, the Blockheads sneaked past the Raiders to emerge with a 26-32 conquest.

The crowd drawing game was the inter-camp cage battle between Canal's Solons and the hustling L. A. Bulldogs from Butte. The latter five pinned a 42-47 loss on the Canalists.

Tosh. Odano, CAS supervisor of Men's Athletics left yesterday morning for Des Moines, Iowa to visit friends. He will then travel to Chicago for private employment. Later he hopes to enter college there.

GYPA sports festivals were suddenly postponed to an indefinite date.

ATTENTION !!

All persons who have athletic equipment checked out from the Butte CAS office are requested to return them immediately for inventory taking. Last day for return of such equipment is Wednesday, Feb. 17, according to a report from the CAS.

Cards, Gremlins Tie For Aye Lead

Sentinels dropped out of a 4 way tie for league leadership Sunday as they were downed 33 to 29 by a Cardinal five. Card's Mas Tsuda and Hayakawa of the Sentinels shared scoring honor with 15 buckets apiece.

Also, Gremlins overran the fighting Firemen and maintained their position as one of the tied league leaders with 5 wins and an only loss. Gremlins Itow and Yamanaka led the way while the Firemen's star was Takamoto. The final score was 44 to 38.

In other Butte aye games, Gila Indians whipped up a 28 to 22 win upon the sad Saints, YMBA whipped the Peop-Outs 28 to 27 in the afternoon's last contest.

Tonight the Zephyrs meet the cellar hawk Dukes at 7:30. Tomorrow the 3rd place Bulldogs meet the Medics in the first game and the Green Waves meets SPEA.

UNEMPLOYMENT COMPENSATION

48 HOURS TO REPORT INJURY

Evacuees employed by the War Relocation Authority sustaining traumatic injuries in the performance of duty are entitled to compensation benefits under the provisions of the Compensation Act of the Congress of the United States, according to Administrative Instruction 79.

All reports of injury must be given by the injured worker within 48 hours after the injury occurs; if this is not done, special justification for failure to report is required.

(Details on page 3)

LEGIONNAIRES PROFFER AID

All uncertain questions pertaining to the present registration now being conducted by the military, will be clarified by members of the Ex-Service Club Sunday, Feb. 21, at 42-2-B, during the following hours: 8 a.m. to 12 noon, 1 p.m. to 5 p.m., and 7 p.m. to 9 p.m.

FORMER GILAN STILL ALIVE

M.I.S. MAN DISPELS RUMORS

On furlough from Camp Savage's Military Intelligence School were Sergeant Ralph Kimoto, Pvt. Shizuo Kunihiro and Pvt. Tadashi Hamane.

Pvt. Kunihiro dispelled rumors current at Butte that Pvt. Bud Mukaye, who volunteered to enroll in the Army M.I.S. had died while being sent overseas. Said Kunihiro, "when I left Savage, Bud was just getting ready for a good time in town." He continued, "Back East, conditions are perfect for Nohonjin. You forget that

'Yes'-POSTON 97 PERCENT

Ninety-seven per cent of the registrants in Poston Relocation Center have indicated loyalty to the United States in the military questionnaire, it was disclosed by Captain Norman Thompson, Tuesday night before a collective groups of Canal and Butte councilmen and block managers.

Results from Manzanar are "very good," though figures were not released, stated R. B. Cozzen, WRA field chief at the same meeting.

Special Sales At Canteens

Special clearance sales at the Gila stores are now in progress, and residents are urged to do their shopping today.

As particular items are being sold approximately at cost prices, early purchases are encouraged; also to avoid "possibility of rationing," announced Gilbert Kuramitsu, general manager.

A memo of special interests include: ladies' slips, dresses, mens' hats, sweat shirts, shirts, and underwears.

you are one. Come out, by all means.

"Not one of the fellows who left from Gila have flunked out. Sure, it's a tough grind, but its great out there." We are scheduled to graduate after six months' term which began December 15."

Of the Hawaiian troops at Camp McCoy, he said, "Those fellows are really sincere about the whole thing. Their commanding officer Colonel Turner was not merely talking when he praised his troops through an O.W.I. release.

Property Transfer Assistance

In accordance with the obligation of the Authority to aid evacuees in the conservation of their assets the new WRA Administrative Instruction No. 78 from Washington States that the Transportation Section of the Evacuee Property Office in San Francisco will provide assistance in connection with the transportation and storage of personal property, revealed Mich Yamamoto, evacuee property supervisor.

In general, this assistance will include (A) the establishment and operation of warehouses, at convenient points, for free storage of evacuee property; (B) the furnish-

WRA Ousts 28 Residents

As a part of the WRA policy for the weeding out of disloyal elements in the center, twenty-eight alleged Axis sympathizers were rounded up and removed from the project Tuesday and Wednesday, Director Leroy Bennett announced.

Thirteen Japan-educated American citizens were included in the group. They were transferred to the War Relocation segregation camp at Moab, Utah, a former CCC camp.

Fifteen others, all aliens, were taken into custody by the Federal Investigation agents and U.S. Marshal's deputies for transfer to the Lordsburg, New Mexico camp to await hearing before an alien interment board at El Paso, Texas. If found guilty of "being dangerous" the aliens will be interned for the duration in the New Mexico camp.

NISEI - THINK IT OVER

Nisei--those of you who have answered "no" to questions 27 and 28--do you know what you are doing? It does not seem possible--it seems that despite the meetings and despite warnings that these are serious questions, many nisei are yet not clear on the issues involved.

Results from Poston show 878 out of 900 have answered "yes," and in Manzanar results are "very good."

Evacuees everywhere have nearly the same hopes and fears, and if the issues were clear, it would appear that the answers would be substantially in proportion. Yet at Gila, the showing has been comparatively poor.

Why? There can be only one possible answer. Issues are not clear--even yet. It has been iterated and reiterated that the registration is not to be taken lightly. At Poston and Manzanar, where summary disposition of riots indicated to the people that the United States means business, the matter has been viewed in its proper perspective. Pressure has not been exerted to influence nisei opinion--because they know what could be expected, if such were done.

Mendel Lieberman has stated that loyalty is not the issue. The question is: Are we going to insure our future here or do nothing about it? The problem is given added weight, when we know that the vast majority of us have neither the inclination nor the means to start over again in any other country.

Through the military registration, the future of the nisei has been placed directly into the hands of the nisei. Are we going to fail ourselves and our parents whom we must care for in the future?

THINK IT OVER, NISEI.

TERRY ON NO. 28

Attorney Terry's opinion on question no. 28 is that a "no" answer without a request for repatriation "is a clear admission that the registrant is a traitor to the United States, and as such is subject to the penalties provided for treasonous persons." Maximum penalty for treason is death. Terry further states, "a negative answer which does not constitute an election of citizenship in favor of Japan would invite the most serious penalties possible, and it is hard to believe that a number, if any, of the registrants desired to indicate that they prefer to accept such penalty rather than either elect to discard their United States citizenship or affirm their loyalty to the United States."

PLANES TO CHECK BLACKOUT

W. C. 'Tom' Sawyer, superintendent of schools in Butte, will be in general charge of the Rivers blackout to be held Monday Feb. 22 in accordance with the ruling of the state of Arizona, stated Firman Brown, deputy director.

An introductory red flash will flash at 6:30 Monday night to be followed by a green flash at 8,

which will be the signal for complete darkness for ten minutes. Planes will encircle the entire state for effectiveness.

A standby generator in Canal will be turned on to supply both communities with domestic water during the blackout.

Everyone's cooperation will be greatly appreciated, Brown further added.

WR CENTER TRADE WOODS

Worthy notes from other centers tell us that in--
 ROHWER OUTPOST--

Japanese style bath tubs are being constructed for the men folks here. (Wonder why not for the ladies also?)--Rohwer took top honors in the recent march of dimes drive in Desha county with \$647.20 accredited to their contributions campaign.

MINIDOKA IRRIGATOR--

Since September, 1942, 102 students have been relocated, with 30 more leave clearances received.

GRANADA PIONEER--

A short concert by the senior high school pep band aided in the sale of \$485 worth of war bonds and stamps recently.

DAILY TULEAN DISPATCH

Sixteen persons left the project for maintenance work with the Northern Pacific railroad in near Spokane, Washington, with more to be recruited soon. Schools were closed one week to facilitate the registration of all eligible evacuees.

JEROME COMMUNIQUE--

Two-hundred and sixty-one non-essential evacuees from the various islands of the Territory of Hawaii arrived here last week.

One girl disclosed that it was relieving not to have to carry gas masks around.

HEART MOUNTAIN SENTINEL--

One evacuee compares notes of Heart Mountain proper and evacuation with Emerson's "Evermore. In this world is this marvelous balance of beauty and disgust, magnificence and rats." (What truer statement can be propounded than this.)

TOPAZ TIMES--

Election of permanent coop assemblymen and congressmen was held.

POSTON CHRONICLE--

"The horse has the last laugh--rather the horse laugh is on the people.--horse meat is considered a rare delicacy and is much higher in price than beef.--"

Net garnishing factory opens.

MEETING — Young Buddhist Hold Assembly

As the initial step toward the organization of an American Young Buddhist association in Butte, the first block representatives parley is slated for this evening, 8 o'clock, at the Buddhist Church, with the Temporary Church Council.

Important issues relative to nomination of cabinet officers, and designs for the adoption of the YBA constitution will be meted out at this assembly. Attendance of all representatives is requested by the Council. Anyone interested in attending tonight's meeting are cordially invited to do so.

Thespian Jo Discuss Play

The Little Theatre group will hold a meeting Saturday evening at 2 o'clock in 13-11-D to discuss the two one act plays, "Who Gets the Car Tonight" and "On the Air" which have been obtained for the group. Nettina L. Strobach, adviser of the thespian group, will be present.

INTERNAL SECURITY AIDE TRANSFERRED

F.S. Frederick, assistant chief of Internal Security, located in Canal, left Tuesday for Moab, Utah where he will assume duties under the Moab Relocation Authority.

EVACUEE COMPENSATION FOR FEDERAL EMPLOYEES ONLY

The Compensation Act provides for: (1) necessary medical treatment including hospital care; (2) payment of two-thirds of the worker's monthly wage as of the date of the ac-

cident; (3) in event of permanent partial disability resulting from the loss of limb, eye, etc., payment of grants in accordance with a schedule of grants prescribed by the U. S. Employees' Compensation Commission; (4) in event of death, burial expenses not in excess of \$200 and the payment of grants in accordance with a schedule of grants by the U. S. Employees' Compensation Commission.

SPEAKERS AT PTA SESSION

Canal's initial parent-teacher's meeting will be held Saturday, Feb. 20, in mess 16 at 2 p.m. Highlights of the meeting will be W. C. 'Tom' Sawyer and A. R. Hutchinson whose speeches will be translated by an interpreter, and entertainment by the elementary school children.

The public is cordially invited to attend.

EMPLOYMENT POSSIBILITIES

Thirty positions in varied fields are open to any prospective employee was disclosed by the Employment department. Needed immediately are 100 farm workers, with 150 more men in urgent call.

Possible placements in the accounting and secretarial fields are also revealed. Hospital work is available to those desiring such employment. Evacuees wishing any of the aforementioned jobs are requested to contact William Huso, placement officer, 42 rec.

ESTABLISH RIGHTS

It is important for the evacuees to establish their rights under the Compensation Act inasmuch as the act in some cases provides benefits in addition to pay for services after they are re-employed and benefits which may continue after the termination of the relocation program, states the instruction.

FEDERAL EMPLOYEES

Only an evacuee employed in the service of the United States is entitled to above benefits. People employed by the consumer enterprises or private enterprises are not entitled to benefits. However, other provisions are made for these cases.

An injured worker may choose to receive sick leave benefits rather than injury compensation grants, but not both.

EVACUEE FREE PROPERTY TRANSFER

(continued from page 1)
ing of traffic information and assistance, without cost to the evacuee, in connection with the storage and transportation of storage.

An evacuee residing at a project may request shipment of his household and personal effects from private storage, or from government storage, or from both. Also an evacuee may elect to have only part of his household and personal effects shipped, and may indicate that the balance of such property remain in either private or government

property, whether the evacuee resides at a project or elsewhere and an evacuee may have one transfer of their household and personal effects, without expense to the evacuee, from his former residence with the understanding that the one transfer will be in addition to the moving of his property from point of former residence or private storage to government storage as defined herein. The assistance receipt will be forwarded directly to him by regular mail by the Evacuee Property Office.

GUARDIANS OF PROPERTY OWNERS TO FILE REPORT

Guardians of minor children who own property in the state of California are required to file a report in the courts of that state not later than January 31 of each year, revealed Project Attorney James H. Terry.

A severe penalty is provided for failure to do so. This law applies to all guardians whether an alien appointed by a California court or a citizen. The laws of Arizona and Oregon provide similar requirements. Although the time is past for the filing of reports covering the year 1942, it is believed that no penalties will be imposed if the reports are promptly prepared and filed within a reasonable time.

Matsumoto-Yoneda Take Vows

Namiko Matsumoto and Tokio Yoneda were married at the home of the Rev. K. Imamura last night. The bride is a former resident of Ventura, and the bridegroom is from Santa Barbara. Close friends and relatives attended.

Mitsuye Nishimine and Pvt. Shizuo Kunihiro will be married tonight in Butte. Pvt. Kunihiro journeyed from Camp Savage in Minnesota where he is enlisted in the M. I. S.

Any person who has not filed such report and desires information or assistance in connection therewith should apply to the Project Attorney's office as soon as possible.

Cozzens Quoted On Registration

"We in the WRA have worked hard for months to put this over-worked from all angles, because we knew that it was the only logical means under present wartime conditions to sell the evacuees to the balance of the American people."

Thus, did one-time Project Director R.B. Cozzens and present chief of the San Francisco WRA office put the WRA's position in regards to the military registration.

"To me, it is an opportunity for all Japanese American citizens to decide their future in this country," he said.

Cozzens arrived from Manzanar Tuesday to assist in the registration program here.

WOOD WORK CLASS EVERY MONDAY

Adults are cordially invited to attend classes in wood carving, under the supervision of H.T. Misumi every Monday, 43-13-D, 7:30 o'clock, in Butte.

FEATURE

HORSEMEAT OR BEEFING

Imagine the surprises of the employees of the property department in Canal when they came to work one morning to find their prized possession, a nice green lawn with trees planted in the middle of it, all trampled and dirty. After what can be termed as major job of landscaping in the eyes of the employees, in the middle of the night, a stealthy figure, probably a nag or colt, came and trampled all over the grass.

Not being content with making huge hoof marks in

the grass, the dern creature had to even break down the tree. This is very well, but now we find that this instance has been repeated in other blocks. Now do you wonder why we are always having horse meat in the mess halls?

Moral to the story is: All those connected with horses, please keep them out of the lawns, because Fred Umade, Ground Division Worker, is contemplating eating a good meal of horse meat on Washington's birthday, Feb. 22. —S.O.

NEW CROPS

The Japanese farmers here are experimenting with crops that they have never handled before and perhaps the post war period may see many of them doing something else besides raising a few varieties of vegetables and fruits. The Gila farms at the present have planted practically every type of vegetable in addition to peanut, melon, grain, flax and cotton. Perhaps we may all see many nisei starting a dairy, poultry farm or hog farm.

FLAX

Teruo Hata, that ex-L.A. grocery store man who is at present unit foreman of Unit 4, has the privilege of experimenting with 80 acres of flax on field 38. At present, he has 20 men weeding the plants that stand about six inches and his present hopes are that they will start to bloom in about a couple of weeks. They will be harvested during May.

PEANUTS

For the first time, many of the farmers are trying their hand at raising peanuts—a favorite member of the nut family. More luck to them so that we may have peanuts next summer.

DEPARTURES

Tuesday, Mrs. Yoshiko Mayeda left this center for Camp Savage, Minnesota to join her husband, Tets.

Hayako, Kenji and Isamu Kihara, Masao Henry, Dora Yoneko, and Kuma Morishita departed for Brighton, Colorado to accept private employment.

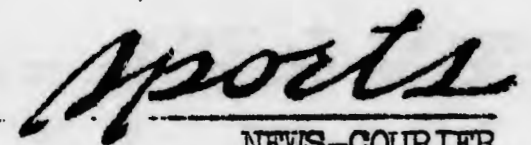

Chiyo and Kushiro Sakaguchi left temporarily for the Colorado project.

ARRIVAL--

Kazo Fukagai arrived from Topaz Relocation Center, Utah.

WANTED--

Practical nurse and cook in Chicago, Illinois at \$125 per month. May be couple or two evacuees. Private apartment with room and board furnished.

Led by Joe Shimada, who swished through 19 buckets, the seventh place Zephyrs soundly drubbed a unhappy Dukes five, 45 to 26, last Tuesday night.

By this win, the fast improving Zephyrs stepped into a tie with the Gila Indians for sixth place, while the Dukes further their strangle hold on the cellar. Although on the losing side, Dukes Miyamoto and Sakurai play good ball scoring 10 and 8 points.

High school nosed the Wildcats 30 to 28 in a national league game on the same night. Guard

Contestants Ready For Model Airplane Program

Through Shug Mizukami, chairman of Community Events, in the Butte CAS, the public is able to get a preview of the Big Airplane Contest of February 27 and 28. "No last minute stuff," says Shug, "for the eager contestants who are touching up their fastest ships for the coming event."

Norman Takusagawa and Akira Matsushita, both are among those who are diligently working day and night on their prize models. George Horii's Baby Shark and Tom Inouye's Baby Shark are set for a spectacular speed dual hoping to establish a new world's speed record. Tets Kawakami's popular "Zombie" and Pacer "Bay Ridge" with

Hideo Itabashi's Comet Interceptor hope to challenge all entries in all classes of A-B-C. Keichi and Kaz Egashira, who recently broke all towline glider of 14 minutes, will compete with all new comers. Among the many contestants from Canal is

Frank Watanabe to compete his famous P-40.

Registration is now well underway at the CAS office 51 and the Aeronautical Headquarter 36. Sing-ups will be taken until the deadline, Feb. 25. All novice entrants are encouraged to turn out.

Bucketees vs. Shooting Stars game has been postponed and all girls night games will start at 6:45 hereafter.

軍事登録に關しテリイ代言の意見

目下執行されて居る軍事登録で、問題廿七問と廿八問に關し、テリイ代言は意見を發表した。元より之は法律専門家の一家言であつて、決定的判定は陸軍省と司法省に依つて行はるべきものである。

質問廿七即ち、汝は命令されたる場合、戦闘義務に就いて合衆國武力として仕へやうと欲するが、と云ふのであつて、之に肯定的返事をすれば、二つの意味を持つ、徴集法に依る小心者が

宗教的理由等でない無條件に米國の徴集に服する、又同法に反抗したり違反したりしない。

テリイ代言が立會つた多くの当所の日本人は所謂小心者條項に該当しない。

又此申告は絶対に眞實でなければいけない。虚偽の申立は刑事事件になる。

本問に對する返事は右の小心者理由の外は、市民は否定すれば、それは徴集法違反になり、刑務所に行なるものである。元より肯定してもそれ

質問廿八

村米無條件忠誠と外國又及軍により攻撃せられたる場合忠実に米國を防禦することを宣誓されたい。

又日本皇帝その他の外國政府又は団体忠誠を服従の宣誓を拒否されたい。

本問は極めて重要なるのであつて之に對する否定的返事をし、帰國願を出せばそれは敵國外人となり切である。

帰國願を出さぬばそれは米國に對する反逆者となり、その科刑は極めて重く且、嚴酷である。

記者曰、此書面は極めて難解であり且、誤れば長文になる。区長事務所で原文につき熟読せらるゝがよい。

GEORGE WASHINGTON

FEDERAL STORAGE POSSIBLE EVACUEE RESPONSIBILITY ONLY

Relative to the new WRA Instruction regarding free transfer of evacuee property, Evacuee Property Supervisor Mich Yamamoto stated that an evacuee residing in a project may request Federal storage, or shipment of his household and personal effects from private storage, or from government storage, or from both, by filling forms WRA 155 and 156 at the administration office room 22, Butte.

Yamamoto stressed that while the authority will use reasonable care and

diligence, neither it nor its representatives will accept any liability in connection with storing, transporting, or otherwise handling the property of the evacuees.

RATION COUPON ARRANGEMENTS

WRA is making arrangements whereby residents will either receive ration cards or some similar form for proper allocation of shoes, stated James Shelly, Superintendent of Community Enterprises.

Col. Scoby Clarifies Separate Japanese American Unit

Featured below is a copy of Colonel Scoby's (Executive Officer to the Assistant Secretary of War) telegram to Captain Norman H. Thompson:

"The question that has arisen most frequently is 'Why is a segregated unit being formed and will the combat team fight in the same battle areas with Caucasian troops.' The Secretary of War had directed that the following reply be brought to the attention of all Japanese Americans within your center. 'It is only because the War Department desires to aid the loyal Japanese Americans that a separate unit is being formed. Millions of people are not familiar with the Japanese Americans. By forming an all Japanese American combat team on a voluntary basis the American people will be presented with incontro-

COMMUNITY ENTERPRISE OPERATIONS

Net profit from the Gila River Community Enterprise operations disclosed a great increase in the month of December, 1942 over the previous month to the extent of 8.36%, or \$22,426.51, according to a press release prepared by the Accounting Division.

Sales for the month of December totaled \$114,995.57, while purchases for the month, less returns and allowances, showed \$99,474.43.

Total assets of the Enterprises, including current assets—\$21,805.10, merchandise inventory—\$220,023.81, fixed asset—\$6,845.31, deferred charges—\$3,694.39 for the fiscal period tallied \$230,563.31. Current total liabilities in the same operating period was revealed to be \$192,162.95.

OPA order halting sales of canned meats and fish, Shelly said that rationed foods will be unavailable in the local canteens.

DRY GOODS HOLD CLEARANCE SALE

Beginning Monday, Feb. 22, and continuing through several weeks, will be the local dry good stores' annual February clearance sale. To be offered at very low prices are smart women's dresses, men's jackets and hosiery, in addition to other articles, such as umbrellas and underwear.

HISTORY SHOWS PROGRESS

In their present status as citizens in exile, nisei tend to forget certain truths which makes the United States a nation of hope. Many feel that they have been persecuted, so they harshly denounce the country for not practicing its ideals. Yet, history shows that this land has been one long uphill battle (with lapses, to be sure) for greater rights for its people. History shows, too, that there is yet to be a nation with democratic ideals which has not had its hypocri-
 cisms.

With the approach of Washington's birthday, (Monday, Feb. 22) there is no better time to reflect on the great accomplishments that have successfully pulled through despite overwhelming odds to an ever higher level of humanity.

Like all nations and communities America has been beset by die-hard reactionaries who have restrained the progress of liberalism. Washington and his compatriots freed the nation from the economic and political oppression of England in face of Tory insurrections. Lincoln, to mention another giant, freed a tenth of America's population from bondage. And history tells little of the unsung heroes who have, minute step-by-step, led America from the tight aristocratic semi-democracy to a more liberal land that it is today. They gave poor man a vote (except in some southern states); suffrage was granted to women; free public education was brought in; rugged individualism and the resulting wastage and unfair business tactics were curbed; living standards of the masses were raised--these and other achievements have been recorded in history.

Yes, there are iniquities, plenty of them (where is there none?) But who can deny that there are few nations which have given more to its people in the way of human dignity and still maintains it, then has the United States. It is a land worthy of the support of all liberal people of the world, not because it is perfect now, or may ever be, but because its strands have more future possibilities for the kind of a country that they seek than any other nation on the earth.

SCOBY ON COMBAT TEAM

(continued from page 1)

versible fact that there are loyal Japanese Americans who are willing to fight for the United States. If the volunteers were spread throughout the army their enlistment would attract little attention but the formation of an all Japanese American combat team composed entirely of volunteers will help tremendously to convince those who oppose the Japanese Americans. It is hoped that the Japanese American combat team will become one of the outstanding units of the American Army. This combat team will fight with and as a part of a Caucasian force. The War Department has faith in the loyal Japanese American. This is a splendid opportunity to demonstrate to the American people and to the War Department that Japanese Americans have faith in America. The success of the program and voluntary feature of induction will be a great step forward in the rehabilitation plans for Japanese Americans."

**ON
ECLIPSES**

clouds cannot slash off a portion of the moon in that precise arc. so we knew that it was an eclipse last night.

we can recall seeing eclipses in the pre-evacuation days of an America happy and gay, not opprest by the gloom of war...

days that only America has ever known, days that must wait till the war ends to return again...

long rides in the latest models over highways disappearing in the gleaming distance... sighing over lana and gable with your favorite girl...hamburger stands...crowded beaches..

stands gone frantic over a long broken field run...a long lazy wind, a called third strike, and kill dat bum...bowling until the dawn cracks...

you vote for roosevelt me i'll pick willkie... calling congress a bunch of grafters...hoover a short-sighted simpleton... no firing squads to face for shooting your mouth...

women in evening gowns; men well-groomed...coronation ball...palladium... glenn miller...make mine a scotchnsoda...

we know those days of an america at peace will return...our life is in eclipse but it will be whole again as the moon became last night. --ANON

SUMO MEETING

Sumoists meeting will be held tomorrow, 7 p.m. at rec. hall 54. Committees will be elected. Public is invited to attend.

REGISTRATION**Final Report**

Those who have not been notified for military registration in Canal report at registration hall Monday afternoon, 1 to 5 o'clock, without fail.

Certain individuals in Canal community who have already registered will be notified to report again beginning Monday at the new adm. building.

The Gila farms took on the airs of a bona-fide wild western cattle ranch during the last few days. On field 42 amid the bel-lowing of restless long-horned Mexican steers and through the infiltrating dust, one could smell the distinctive odors of burning hide as the hot iron met the skins of the steers. Here, Walt Emrick and his cowpunchers burned the U. S. brand on 700 odd heads of steer. In a few more months these Japanese cowhands will be regular bow-legged, tobacco-chewing punchers.

SHIPPING

The packing shed shipped out 2 carloads of cabbage and carrots this week to Poston and Colorado. This brings the total shipped out to 44 carloads.

Butte Linoleum Laying to Begin

Long-expected laying of linoleum on the floors of Butte resident barracks will start next week, stated Taki Asakura, evacuee supervisor in charge.

Linoleum has been on the project for some time, but the irregular shipments of paste delayed the laying. This week enough paste to cover ten blocks were shipped in. Paste for the balance of 33 blocks is expected soon.

Asakura disclosed that he will have approximately 40 workers under him, finishing a block in approximately 3 days.

SCOUT TROOP 63 MEET ANNOUNCED

Scoutmaster Frank Sakahira announced that a meeting of Scout Troop 63 will be held at mess 16 in Canal Monday evening, at 7 o'clock.

WANTED

PROMOTE WELL-BEING PARENT TEACHER ASSEMBLY

"To promote the moral, physical, and mental well-being of all children" as the dominating motive, Canal proper parents and teachers, and all persons interested in the welfare of the children will attend the meeting of the Parent-Teachers Association, Wed., February 24, in mess 13 from 7:30 p.m. W. C. Sawyer, J. P. McVey, Dr. G. P. Young, members of the faculty, block representatives, and student representatives will act as receptionists to greet the many parents. Entertainment and refreshments have been planned to add gaiety to the evening.

BLACKOUT ABROGATED

The blackout scheduled for the state of Arizona on Washington's birthday, Feb. 22, was banned under telegraphic orders from Lt. General John L. DeWitt, commander of the Western Defense Command, announced Firman Brown, deputy director.

Blackout plans prepared for the center under the general charge of W. C. 'Tom' Sawyer, Superintendent of Schools and present acting deputy director of Canal, have been scrapped.

LIVE SMARTLY ON LIMITED INCOME

Living smartly and happily on a limited income should be a topic of interest to everyone in Gila project. "All the matter is in developing the ingenuity," says Marjorie Hills in the book "Orchids on Your Budget."

"The Woman You Want To Be," by Marjorie Wilson, is a book in which she shows women how to develop better personality, poise, and charm. The two books are available on the rental list of the Butte Community Library.

Butte High Senior Banquet

Fumi Yoshihashi Chairman Tonight

Although there will be no midyear graduation exercises, the high senior of the Butte high school will have their banquet and dance tonight at mess halls 45 and 43 respectively, disclosed Fumiko Yoshihashi, general chairman.

An interesting program of many guest artists and speakers will highlight the banquet.

Guests will include Capt. Norman H. Thompson, Leroy Bennett, Fred Miller, W. C. 'Tom' Sawyer, Philip McVey, Mr. and Mrs. Nuggets Fujita; class advisers Henry Feland, Mabel Sheldon and Canal high school representatives.

LEAVES

To visit the Lordsburg, New Mexico Internment Camp were Mrs. Tsuya Ikenaga, Nobuzo Ikenaga, Mrs. Kuniye Osada, Tadashi Osada, Mrs. Kimi Nakatani and William Nakatani left Rivers yesterday.

Also leaving for a temporary leave for the Colorado River project was Masato Fujimoto.

VISITORS

February 18—George Oka from Camp Hale, Colorado, Pvt. Tadashi Yorezani from Camp Crowder, Missouri.

CHRISTIANS HAVE GUEST SPEAKER

The Rt. Rev. Walter Mitchell, D.D., Episcopal Bishop of Arizona, who has been very interested in the welfare of the Japanese evacuees, will visit Butte tomorrow. He will deliver a sermon at the 10 o'clock morning worship in Chapel 32, at which time there will be Holy Communion service and confirmation.

two popular books on the shelves of the reference section. "Post Haste" is a handbook of business and social correspondence for all modern letter writers. 1,500 games with full instructions and illustrations are contained in the new Game Book.

Resettlement Discussion

Highlights of other relocation centers and conditions of resettled evacuees will be the topic of Esther Briesmeister's talk when she appears before the Butte Young Peoples Fellowship at chapel 40 tomorrow evening at eight o'clock.

Miss Briesmeister, National YWCA Secretary of Japanese projects, will also discuss the type of personal equipment necessary for those who are planning to relocate in the near future.

More Cabbages Leave Colony

Field 59 harvested their crop last Thursday as they cut 250 sacks of cabbage. This field has just begun to produce their crop as it has 40 acres of extra quality cabbage still to be harvested in addition to 110 acres of potatoes, carrots, peas, lettuce, garlic and tomatoes.

T. Matsumoto, unit foreman, has 40 men working under him, 14 of whom are unit farmers.

BUDDHIST ELECTIONS

Instead of the regular Sunday evening services in the Church, the Butte Young Buddhist group will hold a special service at dining hall 63 from 7:30 o'clock tomorrow night with Tomio Sonoda as chairman.

Following worship services, election of Council officers will be held. On the same agenda will be the ratification of the constitution. Every one is extended a cordial invitation to attend this meet.

SOLONS THREATEN CARDS; ROCKETS MEET BLOCKHEADS

By Tsuneo Shimoto

The Canal City Athletic Conference's cage campaigns have entered the home stretch with the final outcome still obscure and unpredictable.

With tomorrow's fifth round of casaba warfare included, the Aye loopers have four unfinished engagements on schedule.

Tomorrow, the firm lead held by the Cards and Rockets will again be subject to the deadly threats of the Solons and Blockheads respectively.

Prospect of emerging out of the cellar spot is very dim for the Cyclones who meet the Roughriders and the Raiders who take on the Golden Bears.

The Vikings will spend their bye this week by playing host to Butte's Pasadena Gremlins.

BUTTE CARDS ENCOUNTER MEDICS GREMLINS ENGAGE POOP-OUTS

Commencing at 1:30, the Cardinals, paced by Yamada and the Tsuda brothers, will attempt to maintain their hot spot in the league standings when they meet a Medics quintet tomorrow afternoon. The Cards, in all probability, should win, but the Gremlins who they are tied with for league leadership may not find it easy going. Gremlins encounter Okuhara and the amazing Poop-Outs, who may again pull a surprise. It may be recalled that it was this same squad that upset the Bulldogs several Sundays ago, when they were leading the pack. The game is slated for 4:30.

The 2:45 Bulldogs-YMBA affair should prove interesting as both fives are evenly matched with plenty of offensive and defensive power. Dukes, who have yet to win a game will probably lose another when they meet the Firemen at 2:45.

独立部隊により 日本人の名を挙げよ

「何故日本人志願兵として、独立した戦闘部隊を組織して白人と同様に戦場を闘ふのか」と云ふ質問に對して、陸軍長官の旨を承けてスコビー大佐は左の通り答へた。理由は、たゞである。陸軍省が忠誠なる日系市民を援助するため独立戦闘部隊を組織するのである。米國民の大衆は日系市民だけの部隊を造ることによつて彼等が米國の爲めに戦はんとする忠誠の動かし難い事実を見せつけられるのである。志願の登録が非常に迅速になされ、陸軍内部のことであつて目に立たない。

「今年はずっと双が出ますよ」皆そう思つて居る様だ。だが、その豫防法に就いて語る比良人はない。パナマ運河の開闢にあたり、米國衛生官は熱病の媒介となる蚊を絶滅させることに先づ奮心した。この水を見た英人は彼等の逞しき科学的勇氣に驚嘆した。所が最近刊のブリタニカでは「從來不健康地帯に於ては、この國が今では熱帯地方での最健康地帯になつてゐる。」と云ふ一文がパナマの項に書き入れられるやうになつた。

科学的勇氣、科学的的不感症、考へさせられる話である。

NEW SEMESTER

ADULT EDUCATION OFFERS PERSONAL GAIN

With registration for Adult Education's second semester taking place all of next week, the Gila News-Courier is proud to present this special ADULT EDUCATION NUMBER.

YOUR ADULT EDUCATION

Every person has wants and desires--some large, some small. It is the job of Adult Education to lead to the attainment of those goals . . .

Is it an INCOME you want? Then Adult Education owes you leadership in the vocation of your choice . . .

Is it PRESTIGE you want? The educated man or woman commands respect, feels more assurance, possesses knowledge and skills that may mark him a leader.

Is it SOCIAL CONTACTS?

Successful HOME MANAGEMENT?

A HAPPIER, FULLER LIFE?

In whatever way you look for success.

Your Adult Education
is geared to help you attain it.

WE MAY HAVE YOUR BRAND OF SUCCESS.
COME IN AND TALK IT OVER.

Mendel H. Lieberman
Mendel H. Lieberman
Director of Adult Education

Phenomenal Growth

AT GILA, the program has grown from an enrollment of 300 on October 7, to over 1900 by the end of the year. One out of every four adults at Gila is an active participant in at least one learning group.

Demand has raised the number of subjects from 5 to 20; the number of group leaders from 19 to 43. **AND ADULT EDUCATION IS STILL GROWING--BECAUSE IT IS EFFECTIVE.**

WORLDWIDE

It is part of the fastest growing movement in the world. In a few short years Adult Education has swept every literate country in the world. In Europe it has been used by the Nazis and the Soviets for all of its psychological value--and the terrific wartime stamina of those two peoples is proof that it HAS WORKED!

DEMOCRACY TOO can make it work--FOR FREEDOM! Adult Education all over the United States is proving it. **AND GILA IS DOING ITS SHARE.** We are proud of our part in this great world movement. We are proud that WE are using it for the liberation of men's minds.

Volunteers Serve

Fourteen volunteers teach entirely without pay: Jack Imada, Mae Shirakawa, Tsugi Hamada, Jean Kawamoto, John Landward, Della Taylor, Grace Matsumoto, Mr. Sugano, Peter Marshall, Mr. Hasegawa, Midori Morooka, Ken Nishimoto, Robert Spencer, Shunki Shiraishi.

ADULT EDUCATION is a SCIENCE. People trained in it are specialists in GROUP PSYCHOLOGY and in individual reactions.

More and more adult educators are being called in by LEADERS, by administrators in all walks of life, to give counsel on the reactions and most effective methods of dealing with the people they must work with.

Not to mention the numbers who come with their individual problems, because:

Adult Education is not--can not be-- a dull-gray collection of prissy old maids and effeminate males. It is no longer restricted to stuffy classrooms. It can be everywhere; it can be everything. A BILLBOARD can be adult education. A PAMPHLET can be adult education. An ARGUMENT can be adult education. As well as classes and seminars

and project groups.

And to know how to fit that education to the needs of his community, the Adult Educator must KNOW that community, be a part of it, live it and with it-- and for it. That is what YOUR Adult Education has striven every moment to do.

There have been discouragements: supplies and materials are not plentiful in wartime; many were slow in discovering what a tremendous influence Adult Education was and could be; but as we go into our second semester, we can be quietly confident that progress has been made, that ADULT EDUCATION HAS ITS FINGER ON THE PULSE OF ITS COMMUNITY as perhaps no other activity has or can have, and that those who are part of adult Education may be increasingly recognized for their training in meeting community problems.

Servicemen Visits Must be Registered

Because a record of all entries and departures must be made to Washington, all soldiers visiting in the center must report to John Landward, leave officer.

Aliens 17-38. May Enlist In United States Armed Forces

Aliens in the 17-38 age bracket may enlist in the Armed Service of the United States, announced Captain Norman Thompson yesterday.

Any person desiring to enlist should execute form 304A in the Butte Administration Building, 7 p.m. to 9:30 p.m. any evening this week, he said.

Former Merchant Marine sailors with credentials to show experience may return to the sea in the same branch of service by contacting Captain Thompson at the Butte administration building between the hours of 7 p.m. to 9:30 p.m.

First Lt. Robert House, WAAC of Phoenix, Arizona, is expected in Rivers soon to assist in the military registration, according to Captain Thompson.

MATSUNAGA SELECTED COOP DIRECTORAL BOARD PRESIDENT

Tahei Matsunaga, member of the Board of Directors from Butte, was elected to serve as president of Consumers Coop at the inaugural meeting of the 10-man Board of Directors yesterday.

Vice-president is Canal's Hikotaro Kono. Secretary is Butte's Masato

Kato, who with Tadashi Iwamoto heads the Butte Study and Research Committee on Coops. Shobei Sasaki, Canal, is treasurer. Appointed to serve as head of the Educational Committee was Iwamoto.

Saturday night, six members of the Board of Directors from Butte were announced at the meeting of the Coop Congress of Delegates as follows: Shokichi Itabashi and Tahei Matsunaga-Section I; Ruihachi Ezaki and Yoriyuki Sato-Section II; Shimpel Tanaka and Yuhei Oshima-Section III. Canal members were named earlier as follows: Joe Omachi-Section I; Harry Kono-Section II; Isaburo Sugiyama-Section III; Shohei Sasaki-Section IV.

JANUARY PAY COMMENCES

Disbursement of a part of the January payroll commenced Saturday, Feb. 20, announced R. J. Slawson, Senior Administrative Officer. The rest is expected by March 1, and their distribution will be completed during the first week of next month.

The payroll for approximately 6,100 evacuee workers, including 900 in the \$19 category and 100 part-timers, totals \$97,539.26.

NEW ADULT ART CLASS SCHEDULE

The new schedule for adult art class will begin Monday, March 1, announced Jim Ishii, instructor. The schedule released is as follows: Monday-landscape, Tuesday-commercial, Wednesday-life, Thursday or Friday (depending on the movie schedule)-general art.

Classes will be conducted in 13-12-A from 7:30 p.m. to 9:30 p.m.

Hawaii Club meeting: Discussion: soldier entertainment, luau, membership; mess 64, 7:30 tonight.

FREE TRADE FORUM TOPIC

Pros and cons of free trade will be mooted at the Butte discussion group meeting by H. C. Freeland, Butte high school social science instructor, and John Welles, Canal CAS supervisor, tonight at 7:45, stated Tom Hirashima. Under the general heading of "World Trade Relationship in the Post-War World," the two speakers will be joined in the discussion by the audience. Hirashima will chair the event.

Entry Rule Relaxations Encourage Visitations

With the relaxation of regulations governing the entry of nisei soldiers into the center, furlough visits from Camp Savage, Minnesota, are on the pick-up.

On their arrival here, the soldiers are invariably astonished and indignant at the rumors of discontent among the men at Savage.

Pvt. Grant Ichikawa, in discounting the rumors of

mistreatment and bad morale, emphatically stated, "I don't know where they come from, but they are all false."

"We are invited out to private parties and to public socials of all kinds. Many nisei soldiers outshine the Caucasians at these functions. And, I might add, that some are taking blondes out."

WAKE UP EVACUEES !!

A few short weeks ago the big issue in the center was resettlement. The WRA had announced that relocation was to be given first priority, first consideration.

Now the sensation of that time has been almost completely obscured by the pressing military registration problem. Events are moving so fast that people are losing sight of the essential need of the community.

The military registration is also an application for leave clearance. The WRA has made that clear, but by and large, the community has overlooked that phase of it. Not only is it an application, but it is a step calculated to make possible a greater resettlement program, by the physical proof that the evacuees are also bearing the obligation of citizenship, and therefore should be given all the rights.

The real need for resettlement is evident. Even if the residents were released today to go where they pleased, the majority will not be able to return to their former homes and jobs. Those homes and jobs are occupied and held by others now. The acute housing situation in California will not be able to handle 90,000 former Californians. The inevitable question ever on the tongue of many evacuees is, "Why not stay here?"

There is no question quite so short-sighted, yet so tinged with pathos than this. In their bitterness the evacuees have become people to be pitied, have become self-pitied. They fail to see the moral disintegration caused by the easy life they lead here. They do not try to see that, particularly, the nisei, most of whom are still in the vitally formative years of their lives are not learning that life is one constant struggle--that, indeed, life loses meaning without real effort to survive.

The full horror of the degeneration of the nisei in whom the hope for a brighter future had been so confidently placed even a bare year ago will probably never be evaluated. The Gila colony, with the lessening control of the family discipline, the lax methods of work, the unconcern for schooling, the lack of a realization that on the outside throughout the world people are engaged in the greatest kind of struggle, is a real tragedy. In the normal man's fight to find a place for himself in organized society, the evacuees are being far outstripped. If the parents and the leaders of the nisei do not see to it that they resettle, they will indeed be a lost generation an idolent group incapable of meeting the tough post-war problems squarely.

The first concern, the essential need of the community is resettlement--it is the foundation with which evacuees can best meet the future.

NEW ADMINISTRATION HALL HOUSES MANY DEPARTMENTS

After an approximate seven weeks of continuous labor on construction and beautification, the new administration building in Canal has been made ready for occupancy this week. W. C. 'Tom' Sawyer, superintendent of schools, is ably handling the moving and settling of the departments.

New Evening Classes Start

Additional subjects of general interest will be offered to the people of Canal community beginning March 1, according to Mendel Lieberman, principal of Adult Education.

New courses listed, and the respective teachers are as follows: Great Personalities-Caroline Welles (M & W); Basic Arithmetic-Warren Higgins (M & W); Basic English-Jane Lewis (Tues. & W); Dictation Practice-Warren Higgins (M & W); Shorthand Technique-Della Taylor (F); Art-Edna Mae Leggett and James Ishii (MTWF); Bookkeeping-Della Taylor (Tues.); Geography of Relocation-Mrs. Martha Little.

Classical Dance Group Gives Concert

A "Classical Dance Concert" will be presented by Yuriko Amemiya's dance group as a welcome to the spring season on March 20 at the Butte amphitheater.

Featured will be the "Nutcracker Suite" by the junior concert group and modern dances demonstrated by the senior group. A company of 70 performers will participate in a variety of twenty solo and group numbers. Miss Amemiya is a widely-known modern interpretive dancer and conducts regular classes at studio 60.

As a means of raising funds for recordings and costumes, bids will be sold at 5¢ per person. The public is heartily welcome.

The divisions that will not be situated in the new administration building are Internal Security, Fire Department, Mess Operations and the Enterprises. The building was constructed on the scale of the Butte annex and is railed off in the same manner. The high school art classes have been painting murals on the walls to give the room a western touch.

The southwest room will be occupied by Lewis Korn, Canal director; the northwest room, where the present re-registration is being held, will be for interviews; lower southwest room will be for Community Services under Luther Hoffman and M. J. Gaba, and the lower northwest room will be occupied by Project Attorney Terry and Social Services Head H. Tuttle. All other departments will be located in various sections of the room.

PIGGY HELPS MAGAZINE BUYS

The little piggy in the Butte library has again taken initiative to enlarge the periodical section with one-year subscriptions to four new magazines, Design-an art magazine, Hobbies-for collectors, Aviation, and Consumer's Union Report are among the recent additions.

NSRC PERMIT SUPERVISOR MAKES WHIRLWIND VISIT

On a whirlwind visit to Gila Friday afternoon and Saturday was Permit Supervisor Trudy King of the National Student Relocation Council, formerly with the San Francisco office, who was enroute to the new consolidated office in Philadelphia.

"The offices in San Francisco, Portland, and Seattle are being closed," Miss King said, "and all correspondence to the student relocation group should be directed to the new office in Philadelphia, Pa. at 1201 Chestnut St."

Miss King stated that

words, Miss Esther Briesemeister, National YWCA Secretary of Japanese project, urged nisei to relocate, at the Butte Youth Fellowship Forum, Sunday night. Community acceptance of evacuee will be materially aided by the manpower shortage in the nation. Whenever a people fill a definite need, there is no question but what their presence will be less resented.

Buddhists Elect New Council

At their first mass Young Buddhist Association rally held at mess hall 63, the constitution of the Butte Young Buddhist Association was ratified and adopted. Election of officers then proceeded with temporary general chairman Dr. John Koyama presiding.

Hiroshi Matsumoto, Ben Tsudama, and George Matsuura will serve on the Executive Board, and Mrs. Jane Imamura, Nash Masumoto, and Tomio Sonoda were unanimously elected music chairman, usher chairman, and property chairman, respectively, as a result of the voting.

Others elected to head the various activities are as follows: general se-

COTTON

...Cotton will be added to the long list of crops produced on the Gila farms by the Agricultural Production division. Canal Cards Whip Solons For 4th Win

Nob Doi's dominating Cards had a rousing field day last Sunday afternoon by staging a blistering scoring rampage against Butch Oto's threatening Solon congregation in a Aye league thriller. This 41-62 conquest is the fourth straight league win for the Cards. Pop Okada, Sad Masada and Sonny Teranishi of the conquerors and the Solon's John Muranishi deserve a big pat on the back for their performances.

Seichi Yamamoto and Ken Hamaguchi, always in the thick of the mess, successfully paced the unbeaten and high shooting Rockets to their fifth straight victory by squelching Mike Iwatsubo's battling Blockheads, 32 to 38.

Canal High's ever blossoming Golden Bears crushed the laboring Raiders, 36-48, to cause a further disintegration of their adversaries. Prepster, Bob Kozuki copped scoring honor with 22 digits.

George Furuya and Atao Mori urged the Roughrider quintet, who were winless

BULLDOGS DROP YMBA, 56-48 CARDS OVERRUN MEDICS

In a wild scramble for scoring honors between Mas Okumura and Bulldogs' Chuck Mayeda and Sid Inouye, the resurging Bulldogs outpointed a YMBA five 56 to 46 last Sunday afternoon. Twenty-five buckets by YMBA's Okumura and Mayeda's 22 markers were high. Sid Inouye tallied 19 digits. YMBA's big disappointment came when stallar guard Shun Ozono was forced out of action during the first minutes of play with a pulled leg muscle.

Victorious Cardinals stepped into undisputed hoop leadership as Mas Tsuda and Co. romped over the sad Medics 60 to 26. Besides Tsuda's 16 points, teammates Yamanaka and Yamada rung 10 apiece.

CITIZENSHIP RIGHTS FOR NISEI TO BE DEFENDED

Sign-Up Meets For Females

The first in a series of meetings during which registration of women will be discussed, is temporarily scheduled for tonight, announced Captain Norman Thompson.

Two meetings a night will be conducted in the various mess halls, and women between the ages of 21 and 44 will be issued invitations. Speakers will be Lieutenant Roberta House, Captain Norman Thompson and Project Director Leroy Bennett.

DOUCHA IS NEW SR. ENGINEER

Czechoslovakia-born John C. Doucha, Gila's new senior engineer, came into the center Sunday morning, and on Monday morning he was at his duties.

Confronting him are the problems of pushing WPB approvals for vitally needed buildings. Also requiring his attention is the construction buildings already approved.

GIFTS BESTOWED TO NEW-BORN

Gifts for new-born babies will be sent by many people in the country as an expression of their feeling of fellowship for the evacuees in the relocation centers, if the names of the infants can be forwarded to the Clothing Committee of the American Friends, according to a letter received by the Community Activities Section from the AFSC.

The gifts "might be complete layettes or some individual pieces of clothing, or whatever might be suggested," the letter said.

MYER WIRES REASSURANCE

Reassurance that citizenship rights of the citizen evacuees is being recognized and will be defended was given in a teletype from WRA Director Dillon S. Myer to Project Director Leroy H. Bennett. The message reads:

"I have been informed that evacuees at several centers have asked for reassurance that citizenship rights of those evacuees born in the United States will be recognized. You are authorized to inform the evacuees at your center that the War Relocation Authority recognizes and will continue to defend those citizenship rights."

Departers May Get Ration Books Upon Request

War ration books number 1 and 2 will be issued to evacuees leaving the center on indefinite leaves, provided they request for it at least five days prior to departure, stated John Landward, leave officer.

In event the evacuee does not obtain the book before departure, arrangements will be made so that he can get them. The evacuees who received ration books no. 1 before evacuation, will have it returned upon application if he leaves the center.

REVENUE AGENT EXPECTED SOON

A revenue agent will visit Gila during week of March 1 to give assistance in Federal Income Tax Matters. Exact days when agent will be here will be posted in block manager's office on March 1 or 2.

More Agitators Rounded Up In Centers

Evacuees suspected of fomenting disturbances were removed from two more centers, according to AP dispatches from Manzanar, California, and Klamath Falls, Oregon.

At Tule Lake Relocation Center, 27 evacuees were jailed, following several days of agitation over registration for job clearance and selective service. In Manzanar Relocation Center, 11 men were taken into custody as a climax to weeks of minor disturbances at the center.

Earlier at Poston and Rivers, the Federal Bureau of Investigation, with the aid of U. S. Deputy Marshals, had removed 7 and 28 men respectively.

Non-Registered Must Report

All male citizens and non-citizens between the ages of 17-38 who have not been notified and have not registered as yet, report without fail to mess hall 41 tomorrow, Feb. 26 between the hours of 8 a.m. to 12 noon, announced John Landward, administrative assistant.

Pumps Disposed of Long Fuel Lines

This week, another little inconvenience was gone. No longer were the evacuees hearing the raucous horn of the fuel-bringing trucks; no more were they forming long queues to wait patiently for their turn.

Instead, the evacuees were going to the fuel reservoir in each block and cranking the pumps for the tea-colored liquid.

WHICH IS IT TO BE?

Fear, privation, segregation! That is the last of the nisei in a world of turmoil and tribulation. Where do we stand? What is our future?

Throughout the annals of history, man has been confronted with like problems of equal import. Today, the question of "How can one remedy such a situation," comes to the apprehension of individuals. That inevitable "how" must be erased from the vocabulary of humanity in reference to perplexities of mind, for there is only one requisit necessary toward the discovery of any solution. That requisit is God. We as nisei must have a one-ness in the eternal savior of mankind. A unity with God. The nisei in this... "The Great Mistep of America," must continue on with that childlike faith in the lofty ideals of Americanism, and with the belief that this is God's will.

Surely even a simpleton can comprehend the significance of the roll of religion in any inflammation, whether it be of character, mind, or international unity. Yet we have those intelligent, clear thinking people, "the future backbone of America," floundering in states of depression, and sweating at their fate, when there is a job to be done. Today, more than ever before, there is an obvious need for calmness and the sincere promotion of the ideals of democracy.

Today, our generation has two paths leading from this threshold of disunity. One leads to an America where man need not fear the morrow. It leads to infinite peace in America and eternal glory with God. The other leads to the way of destiny. Of uncertain fearful fate. Nisei, the roads are set before you. Which is it to be?

THE Rambler

Did we say spring had sprung? It certainly did some springing! The stifling sandstorms of the past three, four days was rather the ultimate climax to the freezing winter season, it appears.—

'Tis a downright shame that the shoe ration caught yours truly totally unprepared—and so suddenly. Unless that no. 17 coupon is made available in the very near future, we'll have to tread a "barefoot path."—And that's something of an impossibility, come spring and summer heat burning the sands of Rivers.—

A few days ago we received a letter from a certain AHU, postmarked—"civilization."—We quote parts—"The follows outside seem willing to enlist, sacrificing an education which they had to work so hard to get back again—. Why the rumpus in camp?— Because of evacuation, one of my closest girl friends died; my mother became ill and has become hospitalized—. Yet, because of these things, I wouldn't fling citizenship out of the window like a piece of trash.—It's (citizenship) something to be carefully weighed and regarded."— Such is the general sentiment of those on the "outside" regarding the latest military registration.

HEALTH COLUMN

BY WILLIAM J. FURUTA

Rabies or hydrophobia is an acute specific disease which, unless cared for, brings forth death in practically one hundred percent of the cases. All mammals are susceptible, although the disease is most common in the carnivorous; hence rabies is primarily a disease of the lower animals which occasionally is conveyed to man. About 85 percent of animal rabies is found in the dog and the remaining 15 percent is distributed among coyotes, wolves, foxes, ground squirrels, rats, cats, cattle, sheep, and swine.

Human rabies occurs when an infected animal bites man, but sometimes infection is possible by the saliva of animals entering minute skin abrasions as in licking.

The virus (germ) of rabies is found in the saliva of the infected animal and when introduced into the human tissue, the virus travels along the nerves to the spinal cord and finally up to the brain resulting in certain death.

This state is an endemic area of rabies, that is, rabies is present at all times. The ultimate source of rabies is found in the wild coyotes, foxes and rodents of the open country. The domestic dog contracts the disease from these animals and gives the infection in turn to man. For this reason the stray dog is the major menace responsible for human rabies.

TROUPE APPEARS IN BROADWAY HIT

The former West Los Angeles Theatre Troupe will appear in the great Broadway comedy hit "Genji to Heiki" this Saturday night, Feb. 27, the outdoor community stage under the sponsorship of the Canal Engeibu. The show is scheduled to start at 6:30 p.m. Everyone is welcome.

GILA MESS OPERATIONS SETS PATTERN FOR OTHER CENTERS

Mess Operations in all ten relocation centers is being patterned after the system originally established at the Gila River Relocation Center, stated Frank W. Harding, Chief of Division of WRA Mess Operations and former supervisor of Mess Operations in Rivers, during his official visit to the center this week.

The system, Harding explained, was evolved by the combined talents of the appointed and evacuee personnel in Rivers, and is undergoing constant modifications as circumstances so dictate.

CAS SWITCHES MOVIE NIGHTS

Motion picture nights will be shifted to Fridays and Saturdays beginning next month, announced Shotarō Hikida, member of the Butte CAS executive committee at a recent block managers meeting.

The change was made following an appeal from the block managers that school students are not able to attend on week days. Canalites will see the movie on Fridays and Butte residents on Saturdays.

School Dance To Honor Officers

An installation dance for Canal high school student body officers will be held at mess 16 tomorrow night from 7:30 under the auspices of the student body for high school students only. J. P. McVey, principal of the high school, will formally induct the following students into their offices.

Richard Inokuchi-president, Satoshi Hata-vice-president, Emi More-secretary, Wilson Kumataka-treasurer, Natsu Ikeda-public relations chairman, Haruko Ishimine-yell leader, and George Iwatsubo-sergeant-at-arms.

Leroy Bennett, project director, W. 'Tom' Sawyer, superintendent of schools,

Tuesday night, Harding was given a dinner in his honor by the Mess Division in Canal. He left yesterday morning for Granada on his return hop to Wash.D.C.

KAWAHARA HEADS CANAL CITY PTA

George Kawahara will head the temporary committee formed by the newly organized Canal High P.T.A. Assisting him in his duties will be Mrs. Mary Fukuzawa - vice president; Mrs. Grace Sakai-secretary, Miss Nakashima-treasurer, Mrs. Tomoko Yamamoto and Masao Yoshitsu -advisers, and hostesses, evacuee teachers.

DOGS IN CENTER TO BE TAGGED

For public health reasons, all dogs in this relocation center will be tagged and recorded by the Internal Security Department of both communities.

Registration and tagging of dogs will commence on Tuesday, March 1, for a period of fifteen days, at the offices of Internal Security, Canal-16-12-A & B, Butte-block 64 rec hall. There is no charge for this service, it was revealed.

After March 15, any unlicensed dog on the project will be immediately seized and disposed by the Internal Security.

CONVERSATIONAL ENGLISH COURSE

A course in Conversational English, written as well as oral, will be conducted one night a week in 13-13-B by Jane Lewis. The time of meeting will be announced on date of registration.

Carolyn Welles will head a lecture-discussion group in Great Personalities beginning Monday. The time of meeting will be announced later.

and other notables have been invited to attend the gala affair.

CAS STREAMLINED THROUGH CREATION OF COMMITTEE

'Exchange Ship' Timely Novel

Relating his stirring life of 18 months of internment in Japan after Pearl Harbor, Max Hill, author of "Exchange Ship" discovers his trials and tribulations were trite in comparison to some less fortunate ones, who in many cases, have not been heard from yet. Hill consciously brings forth his reactions to the Japanese in this novel. The Canal Community Library personnel urges all to read this book.

Streamlining of the CAS organization was achieved through the creation of an executive committee composed of Shotaro Hikida, Jiro Oishi, Earl Yusa and the chairman of the CAS council, revealed Luther Hoffman, supervisor of services division.

The parallel powers formerly held by about 10 members of the council hindered effective operation, and the overlapping of powers caused a slowdown in the machinery which tackles one of the toughest community problems, recreation.

Through a centralization of power into a committee of three, the inevitable drawn out, indecisive discussions were largely eliminated. The CAS Council still remains.

PAYROLL...The farm personnel has really done some fast climbing since August 10, when only 60 were employed by the Agricultural Production Division. Today there are 830 full-time workers and 100 part-time workers employed in the offices and on the farms.

The farm gives the school students who desire employment, a great opportunity as this division is now employing the major part of the part-time workers.

FLOWERS...The floral shops at Canal and Butte have been receiving, from the two nurseries, a large quantity of flowers within the past two days. At present, stocks, sweet peas, and calendula make up the major portion of the bouquets, wreath, etc.

This conference, called by the CAS athletic heads, is because it was well felt that many teams and individuals are not showing much interest in the leagues. Many times recently, referees have failed to show up and in general, players have not shown sportsmanlike interest in the games.

According to the CAS, many teams continue play only because they think that the CAS is forcing them to continue, because of their agreements at the first of the season.

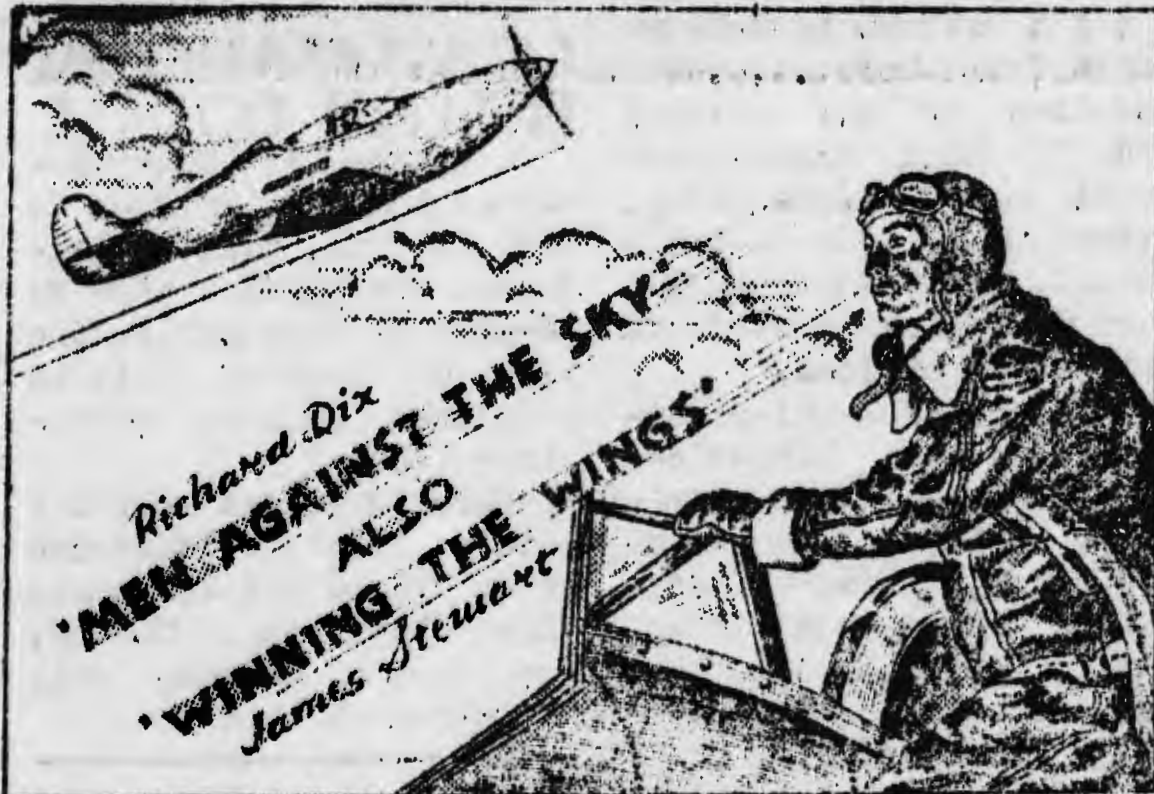

If it is decided that the teams don't want to continue the leagues, they will be disbanded.

RIDERS DROP CARDINALS IN OVERTIME 44-42

Invading Canal Roughriders came from behind to whip a cardinal five, 44 to 42, in an overtime thriller last Tuesday night. Trailing at half-time, 22 to 19, and tied with 37 at the end of regular playing time, the riders outlasted the cards who looked like anything but Cardinals.

Leading the Rider's comeback was Mori, who tanked 19 buckets, while the Card's Yamada was accounting for 13.

In a Monday game, a Oujies quintet dropped the Don Jrs. to a 21 to 18 tune.

CANAL DUKES TRIM ESQUIRES OCHIS DRUB BUCKAROOS 50-30

The high-stepping Dukes pushed over the Esquires, 15 to 25, while the growling Grizzlies inflicted an 18-46 beating on the Blockhead Bs and the high scoring Ochi quintet hit the 200 mark in their fifth encounter by downing the Buckaroos, 30 to 50 last Sunday afternoon.

The three above winners are still knotted on top of the Bee-Western Division. Either the Ochis or the Grizzlies will have to yield their position as they are slated to meet this Sunday.

As a result of their close 31-33 win over the Card Juniors, the Jeeps are now the sole occupant of second spot.

The rampaging Maharajah basketballers came through with a 27-44 conquest against the Poop-Outs and

are the only unbeaten quintet of the Eastern Division.

A determined Bruin five handed the Broncos a 13 to 24 setback, initial loss for the latter.

The Block 6 quint sputtered to their first win at the expense of Block 25. Score was 29 to 31.

BASEBALL

Guadalupe, Stockton In Season's Baseball Opener

Baseball at Gila will commence this Sunday afternoon, as a virtually intact Guadalupe YMBA nine encounters a strong Stockton aggregation at the newly-built baseball field near block 28. This practice game is set for 2:00.

The widely-known Guadalupe squad will field a well balanced team of many veterans and up-and-coming youngsters, against the comparatively less known Stockton Club. Guadalupe's head coach is none other than Butch Tamara, veteran catcher and former L. A. Wanjie's star.

Guadalupe's batteries will probably consist of Tom Murata catching, and either James Nishio, Ted Morishita or Mas Mitani pitching, while Stockton's batteries are yet unknown.

The newly-built field was built through the hard efforts of Ken Zonimura and supported by the CAS.

BY-LAW APPROVAL NEXT IN ORDER

Approval of the Articles of Corporation of the Gila River Consumers Cooperative was teletyped here from Washington Wednesday, announced the directors of the Consumers Coop yesterday.

The announcement signaled the legality of the board, and quickened the tempo of its work. Approval of the By-Laws to the Articles will be the next major task before the directors.

WAAC

Lt. R. House Gives Set-Up

Charming, petite Lt. Roberta House, WAAC of Phoenix, Arizona made her initial appearance in Butte before a capacity packed female throng in dining hall 59 last night. She addressed a similar group in Canal Thursday evening.

Lt. House spoke in detail of the purpose of the WAAC (Women's Army Auxiliary Corps) organization and its set up.

Organized and disciplined along military lines, enrolled members receive equivalent grades and pay of enlisted Army men. Upon completion of the basic training period of four weeks, a series of aptitude tests is given the enlistee to determine what type of work she is best fitted for.

An applicant must be a woman citizen of the U.S., between 21 and 44 years of age, inclusive, submit satisfactory proof of birth and citizenship, have an excellent character, pass a mental alertness test. Minimum standard for height is five feet, maximum six feet; minimum weight 100 pounds.

TAXABLE, NON-TAXABLE INCOME TO BE EXPLAINED

To advise residents on taxable and non-taxable incomes, and to assist residents and the administrative staff in filing their 1942 income tax returns, an Internal Revenue Agent will be present in Rivers during the week of March 1. Exact days will be posted on mess and block manager's bulletin boards at a later date.

SCHOOL CLOSSES FOR REGISTRATION

Roe H. Strickland, Butte Elementary School principal, announced yesterday that children in grades 1, 2, 3, 4, 5, and 6 will not have school next week, as registration will be conducted there.

All employees will report as usual.

Everyone wishing such assistance should watch for such notices as there will be no opportunity to obtain authoritative interpretation of the revenue act except when the agent is here.

The Bureau of Internal Revenue has ruled that all wages paid to evacuees by War Relocation Authority, Consumer Enterprise or any other employer must be reported as taxable income. Clothing Allowances paid to employed evacuees are also taxable income. The Bureau has also ruled that subsistence furnished evacuees including food, housing, medical care, and education, also public assistance grants, unemployment compensation, and clothing allowance paid to evacuees involuntarily unemployed are not taxable.

TWO JAILED ON GAMBLING CHARGE

Convicted on the charge of disorderly conduct contrary to the interests of the center--specifically, causing persons to congregate for the purposes of gambling--Mayemon Nakatani and Richard Okinaka were sentenced to serve 15 and 7 days respectively in the Pinal County Jail by Project Director Leroy H. Bennett yesterday.

Convicted on a second charge of operating or aiding and abetting a game of chance for profit against the regulations of this center, Nakatani was sentenced to 6 months and Okinaka 3 months in jail, and their sentence suspended during good behavior.

W. Williamson, chief of Internal Security Division, stated that the operation of games of chance for profit is against the law and any person arrested for violation of this law will be vigorously prosecuted.

Registration of women, 17-38, started Friday in Canal. Butte will begin Monday.

EMPLOYMENT RE-INTERVIEW

Most harassed, probably, of any administration division is the Employment Division with the shortage of labor and the outside employment problem confronting it.

William Huso, supervisor of employment, this week ordered the commencement of the tedious job of re-interviewing workers employed by the WRA. The reason is to get more information on skills relating to outside employment, and "due to shortage of labor" within the center. Huso stressed that the re-interview is not being conducted to check on anyone.

IS IT A RUMOR?

In a community as densely populated as Gila, gossip is rife—ordinary enjoyable tet-a-tetes, malicious scandal-mongering, whispering campaigns, rumor mills. So, yesterday, the latest in rumors spread through the camp like wild fire. Tobacco, they said, was to be rationed; the cigar counters as a result did a landslide business. There was actually nothing to it.

That sort of rumor creates a temporary inconvenience, but it also unconsciously adds a little more unrest to a community already restive.

However, what we are really concerned about are rumors that set the whole camp on edge. The most obnoxious of these has been the recurrent talk of relocating to another center, or being "kicked out and left to shift for ourselves."

There has been absolutely no basis for them. All the evidence has pointed the other way.

Why has so much effort been exerted to make this center as self-sufficient as it is, and will be? With the dairy, cattle, hogs, poultry, and the vegetable farm, including a great variety of crops, the center will be 80% self-sufficient by June. At a recent meeting, a high administrative official stated that this center will probably be one of the last, if not the last, to be maintained.

Why hurt ourselves by propagating rumors? What are they, but the means to disconcert ourselves?

FLOWER MAKERS

One foreman, 10 workers needed—artificial flower-making—New York City. Wages 50¢ to \$1 an hour

for 40 hours week plus time and a half for overtime, plus probability of increase for production at above rate of speed—shop under A.F.L. union.

EXPORTING
 ...The Gila farms are proving to be the source of winter vegetable supply for other similar centers as forty-six carloads of produce left Casa Grande since November of 1942. This week's 500 sacks of cabbage and 120 sacks of turnips, destined for the Tule Lake and Manzanar centers, left the siding Tuesday. Because of restrictions on the use of icing materials, the exporting has been limited to produce that can stand the journey without the elaborate ice packs.

OFFICE

...The farm management will maintain an office in the new administration building at the Canal community. R. Sanderson, head of the water distribution and pasture management division, and his assistant Sid Yamazaki, will have their desk and file along with the rest of the "white collar" men occupying the building.

Nuptial Rites

Shizuko Kanemoto and Ted Imura were united in a wedding ceremony conducted Wednesday, Feb. 24, at Canal. Mrs. Imura recently came from Heart Mountain, Wyoming.

Dolly Takayama and Pfc. Sam Ogami from Camp Walters, Texas, were married in a simple ceremony Wednesday at Canal. Both are former residents of Parlier, California.

ADULT EDUCATION

Starting with the second semester beginning March 1, Takashi Fukuda's intermediate English class will be taken by Mamoru Fukuma, three nights weekly on Monday, Wednesday, and Friday from 7 p.m. to 9 p.m. in Canal, 13-13-D.

A class in beef production will start Wednesday, March 3, at 7 p.m. in 13-10-B with C. A. Tyrrel as instructor.

COLONY BEAUTIFICATION CONTINUES THO HAMPERED BY LABOR SHORTAGES

Pressed for time with the impending approach of warm weather, Ellsworth Nichols, superintendent of grounds, yesterday stated that the shortage of gardeners and workers in his crew is seriously impeding the progress of city beautification.

INTERNEE

Visitation Regulations

Approval of the Project Director here and the Commanding Officer of the internment camp concerned, plus an application for short term leave is necessary to visit an internee, according to a telegram received by John Landward, leave officer.

The evacuee must pay his own expenses. However, in event an escort is required, it will be provided.

Mesa Oranges For Residents

The purchasing of a crop of oranges from an orange orchard east of Mesa was made last week, revealed H. E. Keadle, project steward. The agricultural division will take over the picking of these oranges next week.

'Say It With Flowers'--SOON

As the warm weather made more flowers available, the Canal and Butte floral shops have announced that each school class room and office will be given clusters of flowers.

He explained that trees and lawns for the landscaping of the two communities should be transplanted or sown before the hot weather makes successful propagation or germination impossible.

Nichols pointed with pride, however, to the fine work done by the residents and their block managers in their blocks, many of which are lawned between the barracks and show beautiful rock gardens.

The landscaping crew is at present at work on the hospital area, and have before them, the high school block and fire station to beautify in the immediate future.

The bare-limbed cottonwood trees lining the main street leading from the hospital to block 42, Nichols disclosed, was brought in from the Gila River by his own crew.

BLACKOUT DELAYS DISCUSSION MEET

Unable to attend when the blackout necessitated a last minute change of date, H. C. Freeland, Butte social science instructor, and John Welles, Canal CAS head and former social mentor, will discuss the timely free trade question Monday night before the Butte discussion group at 43-2-C.

"On the satisfactory solution of this (free trade) problem depends to a great degree, the durability of the place that will follow the present war," stated Tom Hirashima, chairman for the meeting.

each week in the future. On special school activities where flowers are needed they may be obtained at the two floral shops if approved by the principal.

The florists have also announced that when sufficient flowers are on hand they will be distributed to each block via systematic rotation.

INCOME TAX RETURNS MUST BE REMITTED BY MARCH 15

(continued from page 1)
 No one is excused from filing income tax returns because books of account and records are not available. Any person who does not have access to his books and records and cannot obtain them in time to file his return by March 15 should consult the Internal Revenue Agent as to what course of action to pursue. Residents of this center who formerly resided in California or some state other than Arizona will, in the opinion of the Project Attorney, be considered residents of the state in which they resided prior to evacuation and will be required to comply with the income tax laws of such state. While residents of this center who did not reside in Arizona prior to evacu-

SUCCESSOR

HAYWARD IS ASST. PROJECT STEWARD

Raymond Hayward was recently selected as assistant project steward to replace Cecil A. Wilder, who has been transferred to the Minidoka Relocation Center to become the chief project steward there, revealed Harold E. Keadle, project steward.

He added that Harold Emerson has been transferred to Canal Community as assistant project steward there.

ation are considered non-residents of Arizona, nevertheless, the Arizona income tax laws apply to non-residents as to that portion of their income received in Arizona, and any persons having taxable income on that basis should file a return and pay the tax required by law.

IRONWOOD EXHIBIT MARCH 3 TO 8

An exhibition of home-made ironwood swords and canes will be sponsored March 3 to 8 inclusive, by the Canal Single Men's Club at rec. hall 23. Residents desiring to make entries are requested to submit them to this locale by Monday, March 1, 1 p.m.

Five prizes will be awarded, with a silver cup going to the first place winner.

REMEMBER SLOPPY JOE HOP TONIGHT

"Sloppy Joe's Here" with a whiz of an entertainment list for the ball at 8:30 tonight at mess 45. Topping the program will be vocals by Yoshiko Iwashika, dance numbers by Ethel Eddy, "Sloppy Joe" and selected songs by Tad Yamamoto's orchestra.

A special treat awaits all at refreshment time. Couples only will be admitted.

HEALTH COLUMN

BY DR. WM. J. FURUTA

About 75 to 100 persons have died in the past annually from rabies in the United States alone. Statistical studies further show that occurrence of rabies is high in those communities where restrictions of dogs are lax. Rabid dogs are commonly called "mad" because they usually are irritable, restless and often vicious. There may be extensive salivation. This "mad" stage is then followed by sluggishness, paralysis and finally death.

The following suggestions should be followed if a resident of the center is bitten by dogs or other animals:

1. If one is bitten by a mad animal, he must be sent immediately to the hospital for attention. Notify the Internal Security so that the animal can be captured or killed and forwarded to the proper authorities for diagnosis.
2. If one is bitten by an animal which appears normal, he must be sent immediately to the hospital for attention. Notify Internal Security so that the animal can be placed under proper observation. Never kill or destroy an animal which appears normal or shows suggestive symptoms of rabies.

Rockets Meet Solons In CAC Sixth Round

Under the blazing Arizona sun, twenty-four 2 CAC quintets are on schedule to battle thru their sixth round of casaba warfare tomorrow afternoon.

The Solons, still in a mean mood, have a golden "hoopportunity" to regain a little prestige if they can upset the Rocket aggregation, pacing the league with five consecutive conquests.

A highly improved Canal Hi varsity squad will finally get a crack at the power-laden Cards' undefeated status.

Still sizzling with that spectacular victory over the Gremlins, the Viking cagers will tangle with the winless but potent Raiders, who are gunning for an upset.

As a result of last week's triumph over the highly regarded Butte Cards, the Roughriders will be in high spirit when they encounter an aggressive Blockhead five.

Cellar-dwelling Cyclones will face a revengeful Butte Cards in an inter-camp tussle.

A sudden scoring splurge in the final stanza by the Canal Hi Golden Bears proved to be the deciding blow in downing the rangy Jackrabbit quintet of Mesa Hi, 30 to 25, last Wednesday afternoon.

GUADALUPE ENGAGES BLOCK 30 B TEAM IN BLOCK 28 CLASH

Guadalupe YMBA baseball squad, managed by the veteran Butch Tamura, encounters tomorrow a youthful and peppery block 30, Stockton nine, led by Coach Ted Iwasaki. The game will commence at 2 p.m.

Iwasaki, former Fresno Athletic Club coach, will field a team mostly of youngsters, including pitcher Mas Okuhara, who starred in many American Legion baseball tournaments. On Mas' receiving end will probably be rookie Tonky Takeda.

YMBA aggregation will show many veterans with either Mas Mitani or James Nishino chucking with Tom Murata catching.

At 9:00, the Guadalupe "B" squad meets Ken Zenimura's block 28 team in the season's opener.
