COUNCIL

FIFTEEN TAKE OATH IN CANAL

Fifteen Canal councilmen were sworn into office and members of the executive offices chosen at the special session of the fourth community council in Canal, Tuesday, Dec. 26.

As a result of the vote for the executive offices, Ben Fukuzawa, Katsuji Kirihara, George Harada, and Mitsuzo Daita were all re-elected to serve as chairman, vice chairman, secretary, and treasurer, respectively.

The new council accepted the letter of resignation from the councilman-elect of block 26. Katsuji Kirihara was appointed to see that the vacancy is filled by the block.

The chairman will appoint the executive board and submit the appointments for approval at the meeting this afternoon.

The councilmen unanimously agreed to change the regular meetings to Mondays at 1:30 p.m.

National Citizens League Opens Office In S.F.

JACL ADVISES CAUTION IN RETURN TO COAST

Both Issei and Nisei were advised by JACL national headquarters to study carefully their own problems before making any move to return to the Pacific Coast.

As far as Nisei who are still within the draft age are concerned, it was stated that they should not return to their homes without clearing their status with the local draft board. If they are in essential work and return without obtaining releases from their employers, they will not be able to obtain new employ-

ment to qualify for deferment. Under such cases, the local boards would have the right to induct them immediately into

SILENT FILM

'America Koro' To Be Shown

A silent Japanese film, "America Koro," starring Minoru Takata, will be shown in both camps as soon as arrangements are completed.

The film consists of ten reels. Two cartoons will also be shown, making the movie about 2½ hours long. Residents are asked to watch the mess hall bulletins for further details.

will be in charge. She already has her army clearance and is in San Francisco to make the necessary arrangement.

The main job of the San Francisco office is to carry on the educational campaign to bring about a better understanding of the evacuation and the position of persons of Japanese ancestry in this country. The JACL job will be to supplement the work of the Caucasian friends on the Pacific Coast.

Also when the staff is completed, assistance will be given to evacuees in their problems of readjustment upon their return to the San Francisco Bay Region.

the armed forces.

Even in the cases where the evacuee is returning to his farm, it would be advisable to contact the local board to ascertain the status he may be able to obtain before making the move. This precaution may avoid considerable hardship in the event the local board is not friendly.

The Issei must remember that the contraband provision which was revoked by the Western Defense Command does not apply as to them. They are still subject to the restrictions of the Department of Justice which prohibits them from having short wave radios, cameras, and so forth.

Also on the Pacific Coast, because of numerous defense installations and factories, the Issei must be especially careful in complying with the travel regulations. When traveling more than five miles, they must first obtain permit from the United States district attorney. Also in changing their employ-

PEARL BUCK: 'MAY THE BLOT BE REMOVED'

Writer Pearl S. Buck, a member of the East and West Association, sent special Christmas greetings this year to those who are still in relocation centers.

Her message appears in the New York Resettlement Bulletin of December as follows.

"I send my Christmas greetings this year to those who are still in the relocation centers. I cannot do so without a deep sense of shame that there should still be these centers. I hope that by the time another Christmas rolls around they will be closed forever, and that American people everywhere will have welcomed into our life those who today are in these centers. I think we all feel that never again must there be such a blot upon our democratic life.

"Friends are waiting outside for you all. Indeed, I think that there is more friendly feeling today for the Americans of Japanese ancestry than there has ever been before. Part of this is because of the bravery of Japanese Americans in Italy. But much of it is due to the dignity and patience with which those who have been in the relocation centers have met their difficult lives there."

Price Of Shoes To Be Reduced

Drastic reductions on the price of shoes from next Wednesday Jan. 10, was announced by the Co-op this week. The special sale will be held in both shoe stores of Butte and Canal.

CHANCE FOR STUDENTS

Successful resettlement of individuals and family groups who plan to make this country their home is a necessity. But as important as such relocation is, there also is the most pressing need for student relocation at this very time.

Old people can wait for a little while until they can find readjustment on the outside by slow and careful planning. But for the young people, waiting too long is often disastrous. Many a high school graduate, fired with hopes for college, has waited—too long, and has found it impossible to get back into the old groove of books and midnight oil.

Letters from college students, Rivers' alumni, to Miss Mabel Sheldon and to other friends here about friendly campuses and students and how Gilans have been helped financially by the Student Relocation Council are facts that cannot be disputed.

Considering community acceptance, financial help, opportunities for part-time jobs, and the benefits of education, the time is now for young graduates to get higher education. If a young student has any persuasion at all, he should use everything in his power to persuade himself and his parents that the time for schooling comes only once in a lifetime, and when that time is past, the chance is usually gone forever. Of course hardships on parents must be considered too.

Thomas Rodine, student consultant, is here now, not to recruit or coerce. His being here is just another opportunity for Nisei students.

We don't want the next generation of Japanese Americans to face a post-war country uneducated, just because it happened to live at the time of evacuation and temporary confinement.

REV. YAMAZAKI CHRISTMAS LETTER

The Rev. John Yamazaki, former Gilan, sends the following Christmas message to all his friends:

Dear Friends:

"This is a letter which has allowed the seasons to pass. Since arriving in Cincinnati in July, we have experienced the turning of the leaves to varied colors of yellow, brown and red. Now we are witnessing for the first time in our lives the falling of snow flakes as it gently covers all our surroundings.

Throughout the six months I have been moving around Southern Ohio visiting resettlers, conducting services, speaking before churches, clubs, and conferences. The inspiration for our work has been the life with you and yours. You understood a young couple in the ministry and helped that our work might not be in vain. The emergence of goodwill and understanding that we have witnessed throughout this period of war before leaving our homes, while in the center, and now in the middle west testify to God's Hand in creation and history.

This Christmas Eve, as I conduct the Midnight Service at the Church of the Good Shepherd, in Cincinnati, whose rector is away, I shall be praying with you that the day of Peace and Good Will towards all men may come—through our unwavering belief that Christ is the Son of God."

Faithfully yours,

/s/ John H.M. Yamazaki

SENIOR PLAY

'MERRY DEATH' IN CANAL SAT

Seniors of Canal High will set off the spark of activities for the new year by presenting their class play at the auditorium this Saturday. Due to the inductee send-off that evening, the curtain will rise at 8:30 p.m. instead of 8 p.m. as previously announced.

The white tickets sold by the senior sellers for fifteen cents must be turned in at the Canal High School office for a reserved seat before 4 p.m. Friday, Jan. 5.

The following students will star in this class production:

Butte Hi Will Choose Rulers

A "King and Queen of Hearts" will be chosen by the students of Butte High School in a contest to be sponsored by the Butte High yearbook staff.

The selected king and queen will rule at the Valentine's Dance to be given next month in the auditorium.

The chairmen for the dance, who were appointed, are as follows:

DR. LAWSON

'BEGGING' YIELDS MOCHI

Because Dr. Grace Lawson went "begging" from mess hall to mess hall on Dec. 30, the patients in the Rivers hospital were able to enjoy the traditional "mochi," rice cake, on New Year's Day.

As she went from place to place, each block generously contributed, and in some blocks where "mochi tsuki" was in progress, she took her turn at pounding the rice cakes. She was very profuse, too, in making

VETERANS RISE AGAINST OREGON LEGION STAND

Hundreds of veteran American soldiers are indignant over an item in the Army newspaper, Stars and Stripes, which said that an American Legion post in Hood River, Ore., had advised Americans of Japanese ancestry to sell any property they own and

leave town, a U.F. dispatch states.

There was violent local reaction among doughboys of Lt. Gen. Alexander Patch's original divisions, the 36th and 45th, who know the gallant record of the 112nd Infantry Regiment with which the 36th fought in Italy.

Reaction was particularly vituperative against the Legion post's action among the 1st Battalion of the 111st Regiment of the 76th Division—a battalion which just two months ago was rescued from a German trap near Bruyeres by Nisei troops who slashed through German lines to the isolated battalion at great cost to themselves.

One of those rescued stated of Nisei, "Those boys deserve a hell of a lot more than the men sitting back in that Oregon town who don't want them around, and we feel pretty lousy having to fight for the rights and liberties of people who do something like that to these Japanese Americans fighting over here."

ment and place of residence even if it is across the street, a permit must be obtained first.

In case trouble arises, the first group to contact will be the WRA or the resettlement committee which the church groups and friends have set up or will be setting in most communities throughout the Pacific Coast. It is important that every returning evacuee should find out from the nearest WRA office where such committees are located and who are the leaders.

FAIR PLAY GROUP AIDS IN RETURN

The Committee for American Principles and Fair Play is sponsoring a coast-wide conference of all organizations interested in aiding the return of the evacuees to their former homes. This meeting is to be held on Jan. 10 in San Francisco.

The National JAACL was invited to send a representative. President Saburo Mido is expecting to leave Salt Lake City on January 8 to be present.

The area around New Orleans according to William Huso, relocation program officer, has abundant opportunities in various types of farming and in the fishing industry.

Vegetable farming has not been tried on an intensive scale in Louisiana. However sweet and Irish potatoes, celery, cabbage, shallots and turnips are grown successfully there, and a few Japanese are engaged in small vegetable operations.

Outside of New Orleans and along the Mississippi river the rainfall is 60

Seventy Tuleans Cast Citizenship

Seventy Japanese held at the Tule Lake Segregation Center have renounced their American citizenship and are being transferred to a camp for enemy aliens at Santa Fe, New Mexico, it was announced Dec. 27, by Ray R. Best, director of the Tule Lake project, according to the San Francisco Chronicle.

From now on these Japanese, some of whom were born in the United States and some elsewhere, will be under the direct supervision of the Department of Justice.

Renunciation of American citizenship was made possible by the recently enacted public law No. 405.

inches per year and water for irrigation can be piped from the river. On the average the weather in the winter is warmer than in California. There is an abundant market for all types of vegetables there, and while the marketing system in New Orleans is considerably behind time there is a splendid chance for evacuee farmers to make favorable contracts with various restaurants and hotels. There are very few nurseries and greenhouses and chances to get into the flower business are excellent. Those who would like to engage in dairy farming will find an excellent market because of the acute shortage of milk in Louisiana and the fact that the ordinary dairy herds are very mediocre. Poultry farming too has a bright future there since little has been done in the past to intensify operations in this occupation.

same day, previous to this game, the Gila Indians out-scored the Cubs 36-30 to become consolation titlists of the same tournament.

Saturday, Dec. 30, the Broncos downed the Gila Indians to a sad tune of 40-32 in a semi-final match for the tournament flag. Practicing for team work, they came up against the Olympic Club in the crucial tilt on New Year's Day.

Trailing at the half 13-11, the Broncos sparked up with Aki Kubo swishing 14 of his 17 points in the latter period and showing magnificent "pass cuttings" and ball handling. Taking the rebounds as they came was Akira Tsutsui, youthful center for the Broncos.

Smarting from the defeat on Saturday afternoon, the Gila Indians came back that evening to squeeze through a close 37-36 victory over the spirited Five Brands. Still not satisfied they outscored the Shamrocks the following day 37-27 in a semi-final consolation match. Ready for the final game with the Cubs in the Consolation title tilt, they were hotly contested, but their fast break proved to be fatal to the Cubs. This final game for Consolation crown ended 36-30 in favor of the jubilant Gila Indians.

Other games played over the weekend resulted in the Olympic Club downing Five Brands, 58-37, and the Shamrocks winning over Don Juniors on Saturday by forfeit. In a semi-final consolation game on Sunday the Cubs walked off with a 50-15 score over the Outcasts.

**FRANCE
 100TH RECEIVES
 RIVERS' CANDY**

From the 100th Infantry in southern France comes a letter to the Rivers Christian Church, thanking the World Friendship Workshop members who sent them Christmas gifts. Written by Chaplain Israel Yost, the letter reads:
 "Sgt. Leonard Takasugi of the 100th has given to me the candy from Rivers Christian Church, and I will distribute it just before Christmas to French children in our vicinity. We are trying to arrange a Christmas party for youngsters, and at that time the candy will be used. Many thanks to you and the people of the church for this gift. For the French children I say to you: 'Merci, Monsieur le pasteur!'
 "At the same time I want to send to you and the congregation sincere Christmas greetings from the 100th. May the season strengthen your Christian inner peace and joy."

**WELFARE SECTION
 ADDS COUNSELOR**

A new junior counselor for the welfare section, Lewis Knaggs from Flagstaff, Ariz., has joined the staff from this week. Knaggs has been with the state of Arizona welfare department. He arrived here Jan. 1 with his wife and child and will live and work in Canal. Mrs. Evelyn Swiggum is now the acting counselor, replacing William Tuttle, who transferred to the WRA relocation office in San Francisco.

**Block 8 Holds
 Special Vote**

Due to the declination of the three council candidates of block 8, a special election was held on Dec. 21. Tataro Shintani was elected to fill that office.

**Canal Changes
 Movie Admission**

No admission will be collected at the door for movies in Canal beginning this Friday. However, no one will be admitted without a ticket. Tickets must be obtained from each resident's own block manager and turned in at each showing. Adult's and children's tickets will be marked A and B, respectively. Those twelve years of age and under will be considered children.

All old tickets are void.

**Jobs Open In
 Louisiana Area**

(continued from page 4)
 officer in charge of the New Orleans office, has covered the fishing opportunities quite well. In talking to the owners of several large canneries he found that they were willing to hire evacuees, and presently there are quite a few boats available. A large sea food company stated that it would hire citizens if they were there on the spot. However, it did not seem interested in having them negotiate from the project. While in the state of Mississippi the fishing industry is largely controlled by unions; such is not the case in Louisiana. There are numerous jobs that a fisherman could accept pending his placement in fishing operations. Of course clearance by the army is necessary in all cases.

There are a few Japanese families in New Orleans, Baton Rouge, Eunice, and Alexandria, La., engaged as farmers, food merchants, photographers, school teachers, physicians, salesmen, etc. The families have become integral parts of the community and are well received. In this area like others where relocation has been substantially built up it is recommended that residents go in on an employee basis in order to determine for themselves just what business they should go into.

A short but very important Delta Rho Beta meeting will be held at 7:30 p.m. in rec. 3A tomorrow evening. Games and folk dancing will follow the program-planning business meeting.

FREEDOM WELL EARNED

This message to all American soldiers of Japanese ancestry was given last week by Harold L. Ickes.

"I have gained deep satisfaction, which must have come to you as well, from the announcement by the Western Defense Command that the West Coast mass exclusion orders have been lifted. This action is a well-earned recognition of the loyalty which the great majority of evacuee people of Japanese descent have displayed in the severest test that any group of

Americans have ever had to face. It is a victory of faith in the principles of real Americanism, and of unflinching patriotism so well exemplified by valiant American soldiers, from the mainland and Hawaii, whose parents come from Japan. You have made a magnificent record of

CITY ORGANIZES TO AID EVACUEES

Wholeheartedly endorsing the program to assist evacuees in getting established in Pittsburgh, a group of forty leading residents met in that Western Pennsylvania industrial city on Wednesday, Dec. 20, and formed the Pittsburgh Citizens Committee on Resettlement.

Among the Committee members were representatives of labor, industry, social and welfare agencies, governmental bureaus and churches of several denominations. Also a member is the wife of the mayor of the city.

Speakers at the meeting, which was attended by reporters from each of the city's three newspapers, included Dr. A. B. Kinsolving, chairman of the committee and leading Episcopal clergyman; Rev. Shunji F. Nishi, also an Episcopal clergyman, who works with the Cleveland Federation of Churches on relocation problem; and Robert M. Cullum, Great Lakes Area supervisor of the WRA. Cullum discussed the Government's program; Rev. Nishi, the evacuees' viewpoint; and Dr. Kinsolving, the attitude of the residents of Pittsburgh.

Outcome of the meeting was the appointment of a nominating committee which was empowered to formulate sub-committees on housing, public information, community participation and employment.

SIGNIFICANT YEAR

The year 1945 may well turn out to be the most significant even though a most trying one in the lives of Japanese Americans.

MOMENTOUS DECISIONS

It will be significant because the decisions we make here during next year may shape our environment and our lives. It is a good bet that many relocatees who have gone East to "look around" and have found something to their liking will decide to stay there even though the West Coast has opened. This year can decide what we do for a living, with whom we will associate, and in what part of the country we live for the rest of our lives.

In the face of difficulties are several reassuring factors. There are sympathetic groups and persons like the Friends of the American Way and church organizations to give us physical and spiritual aid. The WRA is still here to help us with job placements and financial support to a certain extent. Those who still have homes on the West Coast will be able to return.

GOV'T RESPONSIBLE

With the announcement that the WRA will close within a year, those who have no immediate means of starting anew will no doubt be disturbed. But so long as we have a democratic government, we can expect humane treatment. A government which carried out evacuation with reasonable order in a short time will surely be able to meet the resettlement problem without undue hardship on evacuees. Responsibilities of the WRA may end with its closing, but that of the government will continue.

With those things in mind, we face 1945 and the problems of resettlement with hopes for the best under difficult conditions.

ICKES TO NISEI SOLDIERS

(continued from page 1)

service of your country. All good Americans are proud of you.

RESETTLEMENT DIFFICULT

"The removal of the exclusion orders forecasts an end of the need to provide the refuge of the relocation centers for thousands of loyal and law-abiding people who are now free to live wherever they desire to make their homes in the United States. It is for their own best interests, and for the interests of all Americans of Japanese descent, that they should leave the centers as soon as possible. I am fully aware that departing from centers will involve difficult readjustments for some people, but they will be given ample time to make them and the War Relocation Authority will continue to give all of the assistance that it has previously given. Federal and state welfare agencies will aid families that need special help.

A FUTURE WELL EARNED

"This message is addressed to you with full confidence that you will continue to enlarge with the splendid record of America's fighting Nisei, which has been so effective in demonstrating that Americanism is not a matter of race or ancestry, and in winning the respect of all good Americans for their loyal fellow-countrymen of Japanese descent. I send to you my wishes for your safe return home, and for a future in America endowed with the happiness that you have so well earned."

CHICAGO SHOWS GOOD SENTIMENT

Chicago, Ill. - Almost without exception, newspapers in the Middle West have carried feature stories and editorials welcoming the Army's decision to permit persons of Japanese ancestry to return to the West Coast. The press in this part of the country has backed the relocation program from its inception and has evidenced great friendliness toward resettlers in almost every community. Since the Army's announcement on December 17, space given by newspapers to Japanese Americans has exceeded that of any previous period and every clipping received in the North Central Area has been favorable toward resettlers already relocated in this part of the country and, with only one exception, favorable to the Army's decision to permit return to the West Coast.

Mabel Paige, "Overland Mail," chapter II.

Jan. 26 and 27 - "Appointment For Love," comedy, Charles Boyer, Margaret Sullivan. "Overland Mail," chapter III.

CANAL

COUNCIL OKAYS COMMITTEEMEN

Chairman Ben Fukuzawa's appointments to boards, commissions, and committees were unanimously approved by the Canal council at the first session of the fourth community council. The four executive officers, who were elected at the special session on Dec. 26, will serve on the Executive Board. They are Ben Fukuzawa, Katsuji Kirihara, George Harada, and Mitsuzo Daita. Advisers to the chairman are Takato Hamai, Torata Hoshiko, Teizo Yahanda, and Frank Sasaki. On the Judicial Commission will be Hiroshi Hiratsuka, Kojiro Hamada, and Torata Hoshiko; Juvenile Board—George Onoda, Toyoko Ito, Masako Fukuda, and Kumakichi Sekiguchi.

CHAIRMEN

The Chairmen appointed were:

Masuzo Sano—public relations, Takato Hamai—Relocation Commission, Sam Mitsuyoshi—Manpower Commission, Fred Kobayashi—Health Board, Teizo Yahanda—Evacuee Property Commission, Shunsuke Uchiyama—Community Chest Fund Committee.

The council agreed that an all center conference to discuss problems that arise from the opening of the coast and the possible closing of centers soon is advisable. Selection of representatives, expenses, etc. were tabled for study.

The question of accepting Henry Yoshimi's resignation as community clerk was brought up but tabled until the next meeting.

CHEST FUNDS

As a result of the Community Chest Fund Committee meeting in Canal on Dec. 22, the YBA, YMCA, YWCA, Boy Scouts, Girl Scouts, USO, and nurses aides were recommended to

ARMY TO PLACE RESIDENTS INTO THREE CATEGORIES

All residents here will be placed in either the cleared, excludee, or segregated groups after the Army completes its investigation in Rivers.

Project Director Leroy H. Bennett issued the following statement to the community council, outlining the freedom of movement allowed for per-

sons of these groups:

"Any persons whose name appears upon the cleared list is free to leave the center and travel to any point within the continental United States. Such a person may also travel to Alaska and Hawaii if the Army approves the trip.

EXCLUDEES

"Persons on the excludee list may travel anywhere in the continental United States except in such areas defined by the Defense Command, roughly these restricted areas consist of the western half of Washington, the western half of Oregon and all of California. In addition they must not travel in the restricted area of Arizona which includes Tucson, nor in any county which borders upon the Atlantic Ocean or the Gulf of Mexico.

SEGREGES

"In addition there will be a segregated list. The determination of the persons on this list will be a function of the Department of Justice.

"In order to keep our records straight, we will expect everyone who leaves the center to secure a pass at the Leave office. By so doing a great deal of time will be saved for any evacuee who wishes to leave. The Military Police at the gate are required to be certain of the status of any person who leaves this center."

Gila Cows Are Free Of Disease

A test of the local dairy cows for tuberculosis and Bang's disease was completed Monday, January 1, 1945 by Dr. Thomas V. Coe and Dr. Earl B. Osborn, veterinarians of the United States Department of Agriculture. Only one suspect was found and it was disposed of after the test. The Gila herd has been almost entirely free of these diseases. This has been due to regular testing and isolation of the dairy cattle from other cattle.

Milk furnished by our herd has had a low bacterial count in the weekly tests made by Daniel B. Langford, project sanitarian. Don Stewart, livestock superintendent, states that the low count is a result of careful milking and pasteurization by the dairy workers. Mr. Senzaburo Ishimoto is the foreman in charge of the dairy.

the council for participation in the chest fund. The Senior Men's Club, Buddhist Sunday School, Christian Sunday School, and PTA were also submitted for further questioning. The council approved the committee's recommendation, but decided to leave the matter of the nurses aides, Sunday schools, and PTA up to the fund committee.

Butte Hi Plans Joint Social

Butte High seniors and juniors will get together at a joint social this Friday from 7 p.m. at the auditorium.

Special guests will include officers of the Canal senior and junior classes. This sports affair is open only to Butte High seniors and juniors.

Facts Given On Philadelphia

Several hundred copies of a newly issued Japanese edition of the pamphlet entitled "Facts About Philadelphia" have been received at the center. Residents interested in becoming informed about relocation opportunities in Philadelphia and in other communities in Pennsylvania and southern New Jersey are invited to obtain copies of this pamphlet from the relocation program office.

A number of photographs of Issei and their families who have resettled from various centers appear in the 20-page pamphlet, together with several pictures, of Nisei resettlers, a cover photograph of Philadelphia, and a map.

It also gives information about job opportunities in cities and on farms; living costs; educational, cultural, and recreational facilities.

FOUR RETURN TO SOUTHERN CALIF.

One more permanent Japanese-American resident is scheduled for return to Southern California, bringing the total to four since the effective date of the Army's decision to rescind regulations excluding persons of Japanese ancestry from the Pacific Coast, announced Paul C. Robertson, Los Angeles area supervisor for the War Relocation Authority.

He is Shizuo Shiosaki, from the Colorado River Relocation Center at Poston, Ariz., who will return to Riverside where he will resume his work as a gardener.

In addition, six persons of Japanese ancestry, three from the Manzanar Relocation Center and three from the state of Utah have arrived in Los Angeles for a short visit to inspect property owned by them.

From Manzanar went Henry Fukuhara and his father and a Mr. Muro. The three from Utah are Kenji Osaka, James Kobata, and John Takahashi.

RUMORS INVESTIGATED

The Naval Intelligence has investigated the reported beating up of an evacuee doctor in Los Angeles and the burning of a farm home near Fowler, Calif., and has found those rumors false and wholly unfounded. The Intelligence men will investigate any other reported discriminatory acts against evacuees, if the names and addresses of those involved are reported to them.

HONEST PICTURE WANTED

In all fairness to former Californians who want a true picture of conditions there, they should be kept informed about actual cases of evacuees being beaten up or otherwise harmed. They should be given the facts, names, dates, and places where such incidents occur, just as they were in such cases as those in Hood River and Parker. And unless these facts can be verified, they should not be passed on as truth.

There are many evacuees, Central Californians for example, who are anxious to return to their grape vineyards, sentiment permitting. They have property and income at stake. They would like to be there in time for the next harvest. Any false rumor that would tend to keep them from going back to produce and share the benefits of wartime prices would be unfair to the evacuees.

FIRST HAND INFORMATION

Several evacuees are returning to California to re-establish themselves there. Residents would do best by learning first hand through them on the actual conditions in California instead of listening to rumor or propaganda.

Just as we would hate to have someone fool us into going out to a community where sentiment is bad, just so we don't like to be frightened about returning home if there is favorable community acceptance and benefits to reap.

THREE BRONX CHEERS

(A letter published in Time, Jan. 8, 1945)

Sirs:

In a world rife with many injustices, it is hard to single out any one as being worse than another, yet the action of a Hood, Ore. American Legion Post in erasing from the town's honor roll the names of 16 Japanese American servicemen seems to me particularly blameworthy (Time, Dec. 25).....

To erase their names without cause, other than the accident of birth and race, reduces our honor rolls to an array of meaningless painted boards. To the American Legion Post of Hood, Ore., three hearty Bronx cheer!

Tickets are now on sale at ten cents for the hypnotic show starring "The Valleaus," hypnotists and creators of Zombies. This hypnotic and telepathic performance, the second in a series of National Assemblies Programs, will be presented by the Canal High student body at 8:00 p.m. in the auditorium on Tuesday, January 16.

Only 650 tickets will be sold by members of the student body. There will be no reserved seats--first come, first served will be enforced, so everyone should purchase his ticket early.

New WRA Office Opens In Penn.

The Reverend Howard E. Mather, active in civic, industrial, labor and religious affairs in Pittsburgh, has been appointed relocation officer in charge of the Western Pennsylvania office in the City of Pittsburgh, Robert M. Cullum announced last week. The new office is located in the Fulton Building and was established after repeated requests by residents that they have an opportunity to participate in the relocation program.

Though continuously in charge of a pastorate in Pittsburgh, the Reverend Mather has held numerous important positions in addition. He was most recently employed in the labor division of the Pittsburgh War Fund and before that was in the personnel division at the Farrell Works of the Carnegie Illinois Steel Corporation.

Information will shortly be forthcoming to the centers about the city of Pittsburgh and the opportunities therein. As job openings are made, word of them will likewise be flashed to the centers so that evacuees wishing to

CANAL AYE MUNCIES HOLD FIRST PLACE

Playing practically unnoticed, the Canal Aye League has almost completed the first round of play with many promising youngsters "whipping the ball around" for the season of 1945 in Canal.

Playing up to now undefeated, the star-studded Muncies have six games under their belts with one more left to be played in the first round. This quintet is composed of all boys out of high school.

Holding the spotlight are George "Freezer" Furuya, last season's All Aye League forward, Charles Ajari, last season's All Bee League forward, and Mas Hiromoto, former All Bee League forward. Filling the other posts on the first string are John Watanabe and Akira Matsuo.

Others on this team, coached by players "Freezer" Furuya, are Osamu Minamide and Denby Kawahara. Former members of this tribe were Mike Kurata, who is in the army now and Hiro Takahashi, who has relocated.

SHAMROCKSHAVE YET TO IMPROVE

(Here is the sixth of a series of sum-ups of casaba quintets entered in the Aye League.)

The Shamrocks, consisting of mostly inexperienced players and having the much desired height, has yet to improve to give competition to any of the other teams.

Competing on the first string are the towering Towru Kobara, "Doaks" and Norio Moriwaki, Itto Yamauchi, and Kameo Watanabe.

On the relief list for this aggregation managed by Taro Kobara are Howard Tochiura, Shugo Nagao, Nob Kuwahara, Taro Kobara, Joe Kobara, and "Pop" Yamauchi.

LEAGUE STARTS AS BRONCOS WALK AWAY WITH 27-16 WIN

Amid cheers and yells, the Butte Aye Casaba League for 1945 was put well on its way last Monday, as the Bronco Ayes, the consolation tournament champions, pulled through to walk away with 27-16 victory over the Gila Indians, consolation champions of

the tournament.

With their point pilers seemingly "cold", the half time score was 11-7 in favor of the Broncos. From the half the Broncos steadily became "warmed up" to break the low scoring game up to a lopsided 27-16 mark.

Arki Hirota rang up 11 points to emerge as high point man of the tilt, but failed to receive support so causing the defeat.

In the opening league game of the season, the Bronco Y quintet, led by guard Harry Kozaki's 11 points squeezed out a close 30 to 29 win over the Eight Balls in a B league tilt Monday evening on the CAS court.

The Bronco Y's led with a comfortable margin all during the first half, but a number of swishers by forward Eddie Makimoto and guard Chico Masai in the second half made it "anybody's game" as the contest neared its dying moments. Holding a dangerous one point lead for the last few minutes, the Bronco Y quintet came through to win their first league game 30 to 29.

In the quarter-final matches, Sueda will challenge Nozaka, Mrs. Kawai will meet Yamamoto and Hori will cross rackets with Egusa.

少年犯罪と父兄の責任

(九)

為す事なき青少年は自然不愉快な時を過し結局不良化するやうになりなます。若し子供が罪を犯し困難に陥つた場合子供に充分理解のある指導者がよく説明し注意してやる事です。又その人は親子の調和もとつてやるかうして子供はその人の人格を習ひ遠からずして良い少年となることがあります。

其他我々社会人として彼等の爲になすべき事が多々あります。此所の市参事員会でも此の方面に色々のご尽力されてゐるごご存じます。然し我々親が先づ第一に力齎を入れなければならぬのであります。私が特に力説したのはあなたたがたの子供が立派な人間となる事こそ眞の幸福である以上、親は如何なる犠牲をはらつても子供が立派な人となるやうに人格養成の道を示し且つその機会を手へなくてはなりません。

現代の少年は未來の社会人でありませ。在界は今や子供の足踏みに依つて動かんとしてつあるを想ふ時、その子供の足が強く建設的であるべきか、それ共よるめき迷ふ千鳥足か破壊的かこれ總べて皆さんの双肩に懸つて居るのであります。茲に於て私達父兄の責任が如何に重大かつ大であるかを熟く痛感させられるのであります。どうぞ皆さん青少年指導のため一層の御努力あらん事を切望するものであります。

JACL Intermountain District Meet

Topping discussions to be held at the forthcoming JACL Intermountain District Council meeting set for Pocatello on Sunday, Jan. 21, is the expected influx of Japanese evacuees in this area and possible adverse effects.

Sentiment is strong in JACL that sacrifices of Nisei soldiers will avail little unless friendlier receptibility at home is cultivated. Benefits for war veterans and their return to normal living will be considered.

Making use of state college, experimental stations, and department of agriculture facilities are the subject of proposals for sectional conferences for Issei and Nisei farmers.

Of major importance will be JACL President Saburo Kido's report of the San Francisco conference called by the Committee on American Principles and Fair Play for Jan. 10.

Other paramount issues and information on WRA policies are slated for discussion, according to Tom Hatakeda, Pocatello chapter president who is host for the Intermountain District Council delegates.

Elementary PTA Decides Meeting

The January meeting of the Butte Elementary school PTA will be held 7:30 p.m., Tuesday, Jan. 30, at mess hall 41, the PTA cabinet decided at its last meeting Tuesday.

MAN CONTRIBUTES \$478 TO JACL

A Christmas present was sent to the national headquarters of the JACL from Boston, Mass. It was in the form of a check for \$478.79 which was sent by Godfrey L. Cabot, a business man of that city. The money was sent to defray partly the expense incurred by the National JACL in filing in brief in the Korematsu evacuation case carried to the Supreme Court. The total cost of the brief was \$1,114.

Last year when the JACL filed a brief in the Yasu-Hirabayashi cases, Cabot donated over \$1000.

Cabot expressed his deep concern over the civil rights of Nisei. He said his interest in minority problems was the reason he was aiding JACL.

SOLDIER WRITES FROM FRANCE

The following are excerpts from S/Sgt. Herbert Sasaki's letter to Frank C. Sasaki of Canal:

"We took up a collection of extra candy among the boys to fix up little Christmas presents for these unfortunate French children around here. I don't imagine Christmas would be much for them without candy. France and Italy seem to be alike regarding the food situation---no sugar, candy, butter, cocoa, etc. Italy is in much worse condition than France but that can be understood. People in the U.S. have never seen the misery and suffering that war has caused over here. In fact, very few of them are even concerned.

"...Harry came down to see me the other day...He received his promotion to Staff Sergeant after waiting for it since we left Shelby. He gave up hope in Italy and it doesn't interest him anymore. The boys in his platoon tell me that during enemy barrages he sits calmly in his slit trench and lights his pipe as though unconcerned about the matter."

'DID I GIVE MY ARM IN VAIN?'

The Los Angeles Herald Express carried a letter to the editor, "Back from Saipan" in the Dec. 15 issue. Signed by Sergeant E. J. Long, U.S. Marine, the letter reads:

"An article in your paper has been brought to the attention of 25 United States Marines who were at Saipan and are now back in the United States for certain reasons....It stated that the citizens of Altadena had refused to put the names of several Japanese American soldiers on their newly erected Honor Roll. Now don't get us wrong, but listen! Please! We HATE the Japs we've been fighting. We fought them to kill them. We fought them that our American way of living might be upheld. I'm no Jap lover. I killed them. But as I sat through a newsreel

FAIR PLAY URGED

Pleas for fair treatment of and tolerance toward Japanese-Americans returning to California are heard from all parts of the West Coast, despite the islands of protest from places like Marysville, Calif.; Hood River, Ore.; and the state Grange.

District Attorney Walter C. Haight of Visalia cautioned members of the Tulare County Peace Officers Assoc. to exercise common sense, tolerance, and an understanding of the rights of American citizens in dealing with returning Japanese Americans.

EQUAL PROTECTION

A state advisory committee on law enforcement in Sacramento reaffirmed a previously adopted resolution "to co-operate with Army authorities in dealing with the return of the Japanese residents of this state. All persons, regardless of race, are entitled to the full protection of the law."

Last week, an address before the City Commons Club of Berkeley, Dr. Monroe E. Deutsch, vice president of the University of California, stated that West Coast residents must differentiate between Japanese in Japan and Americans of Japanese ancestry here.

MONROE DEUTSCH SPEAKS

"Certain Americans charge that we cannot read a Japanese mind. I ask them, 'Can you read any mind?' We judge people by words and deeds and so we must judge the Japanese. It is not so long ago that the West Coast was demanding that the Chinese must go."

He said that 100,000 persons of Japanese ancestry, evacuated from the West Coast, are entitled to rights under the U.S. Constitution as upheld by the Supreme Court. He said that the losses of Japanese from evacuation is estimated at millions of dollars.

"Besides these evacuees were put in concentration camps surrounded by barbed wire and soldiers. They were granted only the poorest food and the smallest compensation for their services. Previously, they had lived here for years. They had become Americans in spirit. They had gone to our schools and colleges and the second and succeeding generations had become adjusted to our American standard of living. They associated on friendly terms with others."

Dr. Deutsch also cited the excellent war record of Nisei in the armed forces.

SHIMADA:

'I AM QUITE WELL'

"The knowledge has come to me that there is a rumor that I have been injured here in Hollywood, and I'd like to state here and now to all my friends in Gila that this report is false.

"I have never been hurt and everyone has been more than kind to me. /s/ Joe Shimada"

(The above letter addressed to the News-Courier comes from Joe Shimada, formerly of block 32, who now lives at 1615 No. Harvard, Hollywood, Calif.)

shown today of my 25 buddies at a convalescent show, I saw 500 Japanese American soldiers give their lives in France in order that 250 American soldiers might gain their freedom from the "Lost Battalion." The public seems to think that those

of us who have been fighting in the Pacific will return to hate every Jap we see. They are wrong. Many Japanese Americans enlisted. Let us remember we are Americans, tolerant people--or have I given an arm in this war in vain?"

Pvt. Dan Kato, wounded veteran of the French campaign and holder of the Purple Heart, arrived in Rivers last Saturday from the Dibble General Hospital near Menlo Park, Calif., for a 30-day furlough. He is at present visiting his sister in block 32. He is the son of Mr. and Mrs. Genkichi Kato of 5-13-C.

Pvt. Kato, formerly of Suisun, Calif., was seriously wounded in France on Oct. 19, 1944. He had helped take one city and was advancing further when hit in the face near the right eye.

An informal tea party was held by the parents of relocated students in colleges, former graduates of the classes of '43 and '44 of Butte High School. Tom Bodine, field director of National Student Relocation Council of Philadelphia was the guest of honor. The evening was spent interchanging excerpts from letters from their children in college. All reports showed how happy the students are and how heartily they have been received on the various campuses throughout the country. Five Nisei, four boys and one girl are student body presidents, and more than 20 hold class offices, according to Bodine.

IN COLLEGE

Statistics show that sixty-eight families have children in college at the present, graduates from Butte High. Of these sixty-eight, twenty-two families have relocated. Forty-nine families are still in camp. Twenty-eight different families were represented at the party. This shows they are truly interested in the higher education of their children and in the future of the Nisei in the country.

CANAL PREPSTERS SWAMP BUTTE HI

The Butte High School varsity, B and C basketball teams lost their initial games of the season of 1945 to the opposing teams of their rival school, Canal High School, yesterday afternoon and the day before yesterday, in the Canal gymnasium.

The Butte varsity met with a crushing 40-23 upset at the hands of the ace ball handlers of Canal High, unable to get accustomed to the indoor atmosphere.

The Canal lads leading at the half by 8 points pulled away from the half to walk off with this jubilant 40-23 win.

The day before this, on Thursday, the Butte B and C teams were likewise turned back with disheartening defeats as they were greeted by the strangeness in an indoor court.

Building up an unrelinquishing lead of 22-8 at the half, the Canal B team easily downed the Butte prepsters.

With Kay Toyama leading, the Canal C eagers punched

BASKETBALL LEAGUES GET INTO FULL SWING

Come on you basketball rooters! What happened to all the team spirits?

The Butte Aye and Bee Leagues are now in full swing with games being played every night.

The potent Bronco Ayes added their second league win as they defeated the Cub quintet, 39 to 26, Thursday evening, with Akira Kubo, forward, who

stirred the nets for 12 points. Don Kode, guard, deserves much credit as he aided the win with 10 pts. and some clever ball handlings.

Cubs forward, Ted Morishita sparked his team with 10 points.

The Broncos took control from the starting whistle and led 16 to 13 at the end of the first half. The winners came back in the second half and steadily pulled away to a greater margin of comfort until the score stood 39 to 26 in favor of the Broncos when the final whistle blew.

In a B tilt that same evening, the Don Juniors defeated the Vandals by a score of 30 to 21. Forward, Hiro Adachi led the winners with 9 points.

On Wednesday, the Olympic Club outscored the Sires, 37-25, with George Odaka sparking for the CC's.

Holding scoring honors for the game were Tak Abo and George Odaka, both of whom scored 12 each for the Olympic Club.

Previous to this game, the 52 Clowns mixed with block 61 to emerge as victors by a low score of 25 to 19.

At the half the score was tied up, but the Clowns managed to pull away in time to win.

In their initial league encounter of the season, the Cubs defeated the Shamrocks by an overwhelming score of 30 to 18, led by Sam Morishita, forward, who swished the nets for 18 points.

The first half was played quite evenly as the Shamrocks matched their opponents bucket for bucket, but in the second half, the Cubs offensive proved to be too much for them as the winners scored 17 pts. to the Shamrocks 7.

In a B game just before the Cub-Shamrock tilt, the Five Brands squeezed thru to edge out a close 21 to 19 win over the Bronco Res.

Team Withdraws

The Eight-Balls have disbanded and withdrawn from the B basketball league recently and a quintet from Blk. 44 will replace it.

Pvt. Yoshihara is formerly of Guadalupe.

Genji Endo of 33-14-C has been notified that his son PFC. KOYO ENDO was wounded slightly in the left leg on October 27 in France and was confined in the field hospital. Pfc. Endo is the holder of the Purple Heart in France and the Combat Expert Citation for action in Italy.

He had been overseas since April 1944.

BOWRON GREETS EVACUEE IN LA

Mayor Bowron of Los Angeles Saturday officially welcomed a group of Japanese Americans back to the Southland in the public reception room of the Los Angeles City Hall, the L.A. Times reported this week.

A Times photo shows the Mayor shaking hands with Harley M. Oka, recently medically discharged, who was present in his Private's uniform and a cap bearing the insignia of the newly organized World War II Hollywood Post American Legion to which he has been admitted. Others who were present to shake the Mayor's hand were Henry Yoshimizu, Jack Yoshimizu, Mary Yoshimizu, Mrs. Melba Matsuura, and Miss Mariko Hoshiyama.

Mayor Bowron is quoted as saying:

"We want you and all other citizens of Japanese ancestry who have relocated here to feel secure in your homes and in your community life. Everything which local government can

Myer Defends Evacuee Rights

War Relocation Authority Director Dillon S. Myer went to bat for the rights of evacuees in Los Angeles last week at a conference with police officials over WRA policies involving the return of Japanese.

The L.A. Times, reporting the conference, states that Police Commissioner Al Cohn took issue with Myer on policy of allowing evacuees to return to that area without any identification by WRA or military authorities.

IDENTIFICATION CARDS

Myer had explained the evacuees have been divided into three groups consisting of aliens, others refused permission to return to coastal areas, and the majority over which no supervision will be exercised at all. He defended the policy of not insisting upon the latter group carrying identification upon grounds he did not believe they should continually be forced to produce credentials. He said they had been thoroughly "screened" by the Army anyway.

"But how are we going to tell without identification if they are not aliens or those excluded from the coast and who have disobeyed their orders?" Cohn is quoted as demanding.

ARMY RESPONSIBLE

Myer asserted it was an Army responsibility; Cohn thought it was also a WRA responsibility.

Myer said that Federal agencies, both civilian and military are prepared to uphold the rights of Japanese as they come back on Army permits.

do to make your relocation smooth and pleasant is being done. We want you to join in with us in our united effort for victory?

ARMY NOTIFIES SIX MORE GILANS

Three more young men have received notices to report for physicals on Jan. 19, and three to report for induction on Jan. 30. Those called for physicals are George Kunihiro Matsuda, 29-4-D; Tom Morodomi, 64-1-C; and Ben Fujinaga, 39-3-C. The three called for induction are Yoshiji Sugahara, 26-6-B; Itto Yamauchi, 48-3-C; and George Haruo Nakai, 34-2-B.

These additional names bring to 12 the total number of Gilans who will report for physical examinations in Phoenix this Friday and to 16 the total who will be inducted on Tuesday, Jan. 30.

Twenty-Two Go To West Coast

Twenty-two persons have departed on terminal (indefinite) leave to the West Coast and 23 others on short term for the same area from Gila River as of Monday, Jan. 15.

The total of approved plans for departures to the West Coast were 61 terminal leaves and 23 short terms up to Jan. 15, with more being approved daily.

The latest approvals to return to the evacuated area were granted to Lillian Yuriko Shimizu and four other members of the family, who are returning Jan. 24 to Selma, Calif.; to Nancy Saldana and her mother, who plan to return to Los Angeles on Jan. 19; to Ben Takeo Ono, who will go to Parlier, Calif.; on Jan. 18; Shotaro Takikawa, Selma, Jan. 16; Ben Taizo Iida, who plans to go to Los Angeles on short term Jan. 20; and Rose Keiko Takikawa and three children who will join Takikawa in Selma on Jan. 24.

Vital questions affecting the situation of persons of Japanese ancestry in the immediate future are slated for discussion at the forthcoming Intermountain District Council meeting to be held in Pocatello, Sunday, Jan. 21, at 2 p.m. at the Japanese Christian Church Hall, 145 North 4th.

The agenda calls for consideration of the following:

1. Public relations work in the intermountain area to which there is expected to be an increased movement of center residents.

a. Increased participation by Caucasian friends.

b. Public educational program through greater circulation of the Pacific Citizen.

c. Lecture tours.

d. Increased newspaper publicity of Nisei war contributions.

JAPANESE STUDY LICENSE ASKED

California State Senator Hugh P. Donnelly of Turlock announced last week that he will introduce a bill in the 1945 legislature to require the state department of education to license Japanese language schools, according to an INS report in the S.F. Examiner.

"I believe this will provide the answer to dual citizenship," Donnelly declared, "and all subversive activities can be closely checked through close inspection, which my bill would provide."

Donnelly asserted this action, if adopted by the legislature, would answer the problem now facing the state department of educa-

LEGION POST 591

The Hollywood American Legion Post No. 591, which became the first post to welcome in a Nisei veteran of World War II, unanimously adopted a resolution on Jan. 9, 1945, condemning discrimination based on race.

The resolution states in part as follows:

1. We the members of this Post condemn any discrimination of whatsoever type against any American citizen based on the stand that he or she is of Japanese or any other racial descent.

2. We as veterans of World War II have been fighting for the ideals of and principles guaranteed by the U.S. Constitution and are much concerned over the actions of certain groups and individuals who are attacking these very ideals for which we have been fighting.

3. We strongly condemn any efforts to establish a false distinction among American citizens based on race, color or religious creed, such distinctions being a complete violation of the constitutional provision that there be no such distinction established among American citizens.

4. We therefore condemn the action of the Hood River Post of the American Legion in effacing the names of American soldiers fighting overseas from their honor roster as a shameful act which discredits and humiliates the name of the American Legion.

5. We urge all comrades of our Post and all other American Legion Posts and all citizens who have the welfare of the nation at heart to safeguard the constitutional rights of all Americans regardless of race, color and creed.

YMCA'S SATOW

URGES JUST TREATMENT

Masao Satow, YMCA leader who is remembered as coordinator of the Rivers leadership institute held here last year, urged just treatment of evacuees in a talk before a YMCA group in Cincinnati, Ohio, last week.

A home that Nisei soldiers can fight for and return to, not a relocation center, must be permitted for American citizens of Japanese ancestry, stated Satow, staff member of the YMCA National Council and former executive secretary of the Los Angeles Japanese American YMCA.

Satow stated that the 25,000 American high school boys in the relocation centers and several thousand more in military service "are bewildered by a system under which we have one kind of America for one group of native-born citizens and another kind for a second group."

"These boys are being drafted as soon as they are 18", he said. "Are they coming back to relocation centers? Is that the kind of America they are asked to fight for, just because their parents or grandparents were born in Japan.?"

"There are 65,000 American citizens now confined behind barbed wire," he pointed out. "It is time to give this basic matter some consideration."

tion as the result of the expected mass return of Japanese to California and the Pacific coast. He explained the outright elimination of Japanese schools would be unconstitutional.

KEESEE JOINS RIVERS STAFF

Wallace Keesee has joined the Rivers administrative staff effective this Monday as subsistence storekeeper.

FISHERMAN

Japanese May Resume Work

Japanese fishermen returning to the Pacific Coast from relocation centers will get their vessels back and will be permitted to resume operations under prevailing regulations, Dillon S. Myer said last Friday, according to AP.

Myer, director of the War Relocation Authority, declared at a press conference that anti-Japanese feeling on the coast has decreased materially. Only certain groups retain their animosity, he said, identifying them as:

Those seeking Jap exclusion for political reasons since about 1905, those who are being "misled" by propaganda, those with an economic stake in the Japanese return such as owners of businesses with which Japanese may compete, and the sort of "red-faced" patriots who take names of dead Japanese American soldiers off war memorials."

NINETEEN CITED FOR HEROISM

Nineteen American soldiers of Japanese ancestry, all of the 100th Infantry Battalion, held Bronze Stars for "heroic disregard of personal safety" in action near Biffontaine Oct. 27, according to a UP report from somewhere in France.

The awards announced by Lt. Gen. Jacob L. Devers, Sixth Army group commander shortly after soldiers of the Seventh Army had been angered by reports of anti-Nisei discrimination at Hood, Ore. Ironically awards included one for George Akiyama who entered service from Hood.

Three other recipients, now missing in action, include Sgt. George W. Sakiyama of Helena, Mont.; Sgt. Harry H. Kamikawa of Oahu, T.H.; and Pvt. William S. Yamaka of Freeport, Ill.

SEVEN RECEIVE DSC AWARDS

Award of the Distinguished Service Cross to seven Japanese American doughboys all from Hawaii, including one who attacked a German position armed only with a shovel, was announced last Thursday by the War Department.

The Washington Post reports that one of the seven was Pfc. Kiichi Koda of Oahu, who lost his life in winning his DSC. He was killed by a hand grenade in Italy while leading his squad against a German machine gun nest.

Pvt. Jesse M. Fireto won his cross for charging an enemy sniper position with a shovel he had picked up after his rifle jammed. He captured the position and three German soldiers armed with a machine pistol, two rifles and grenades.

Others winning the cross were Staff Sgt. Yukio Yokota, Pfc. Haruto Kuroda, Pvt. Thomas Y. Ono, Pfc. Kaoru Moto, and Pfc. Robert H. Yasutako.

from 7 o'clock tonight at 42-5-A. A short business meeting will precede the talk.

LEGION

The first Japanese American veteran of World War II to become a member of the American Legion is Harley M. Oka, member of the American Legion Post 591, Hollywood World War II.

Oka, 28, voluntarily enlisted and was honorably discharged from the U.S. Army on Dec. 14, 1944. He has two brothers serving with the U.S. Army overseas. His parents are in the Poston Relocation Center.

Born in Santa Ana, Calif., Oka received his schooling at Huntington Beach and Woodbury Business College. After being medically discharged, he has been back in California since Dec. 27, 1944.

An Association Press wirephoto shows him being congratulated by his post commander, William F. Schneider. The Hollywood Post 591 is composed entirely of World War II veterans.

DUNWOODY

RAISES FEE FOR NON-RESIDENTS

The William Hood Dunwoody Industrial Institute of Minneapolis has announced an increase in tuition fees for non-residents of the State of Minnesota.

However, non-residents now in training at Dunwoody and those cases which have in effect been accepted as a matter of record will continue under the former lower non-resident tuition.

In explaining the raise in tuition, Dunwoody states as follows:

"We have recently entered into a contract for training large numbers of veterans of World War II. It appears now that in order to be eligible to carry out that contract it will be necessary for Dunwoody to charge not less than the same price for non-resident civilians as for veterans -- whether handicapped or non-handicapped.

"That minimum price is \$35 per month for training all non-residents and in the case of baking and welding, the charge for them will continue to be slightly higher than this

BROTHER, SISTER BOTH IN ARMY

When First Lieutenant Howard Y. Miyake, wounded Japanese American war veteran, arrived in Denver to visit his sister, Mrs. Duane Kimball, wife of a Seaman First Class in the United States Navy, she surprised him with news that she had joined the WACs and would be inducted January 16.

"Fine," commented Lieutenant Miyake. "It's everybody's war. There's nothing at the moment I'd rather have you do than join up and shorten this thing as much as possible!"

Lieutenant Miyake was sent overseas in August, 1943 and took part in the invasion of Italy. He was wounded by mortar fire June 4, 1944, within a day's march of Rome.

He was awarded the Purple Heart, the Silver Star, and the Combat Infantryman's Badge.

figure. During the life of Dunwoody's contract with the Veterans Administration, the same charge for training veterans will apply to non-resident students whether tuitions are paid by divisions of re-education or by students.

Hardware, children's toys, and sports equipment will no longer be sold at the Co-op stores beginning Feb. 1, but until then these various merchandise, which the Co-op has on hand, will be on sale.

The reason for taking these items off the stock is to prepare for liquidation, the Co-op stated. Because hardware, toys, and sports equipment will not be sold after Feb. 1, the stores will sell these respective articles for reduced prices.

If residents want any hardware after the closing of the hardware department, they may put in special orders to the managers of the respective stores for the articles needed.

NEW TERM FOR 'NISEI AMERICAN'

New York's liberal tabloid newspaper, PM, hereafter will not use the term Japanese American in referring to Americans of Japanese descent. The editors of PM announced that decision after being reminded by a reader, one Ida Riman, that no group of Americans should be singled out for such a classification.

Wrote Ida Riman, "I fail to see why any group of Americans should be singled out for such a classification. Americans of Japanese descent is far more appropriate.

"I hope you do not regard this as much ado about nothing. Here's a little more justice from a just newspaper."

Answered PM's editor, "PM has not used extensively the term Japanese American heretofore. But hereafter we will not use it at all."

GILA INDIANS, OLYMPICS EACH WIN EASY VICTORIES

The Butte Aye Casaba League entered its second week of play with the Gila Indians breaking loose with a 47 to 35 win over the Cubs, with Akira Hirota of the victors leading the attack by accounting for 20 digits.

The offense of the Gila Indians proved to be un-

stoppable by the Cubs, as Akira Hirota and Min Sakaguchi found their eyes to dump shots in continuously. Leading at the half 27-18, the Gila Indians steadily poured it on as the Cubs followed determinedly.

In conjunction with this game the Don Juniors brushed past the 52 Clowns 28 to 15 in a Bee game. Leading at the half time, 12-9, the victors pulled away to come out on the better end of the 28-15 score.

Aided by accurate set shots and some set ups in the last six minutes of play, forward Tak Abo unleashed a barrage of buckets to lead the Olympic Club to its second league game over the Lil' Gus aggregation by a score of 43-19 in the main tussle Sunday afternoon.

The losers, led by Moon Kikuchi, put up a stiff battle in the first half though trailing by a 3 point margin at the intermission, 16-13.

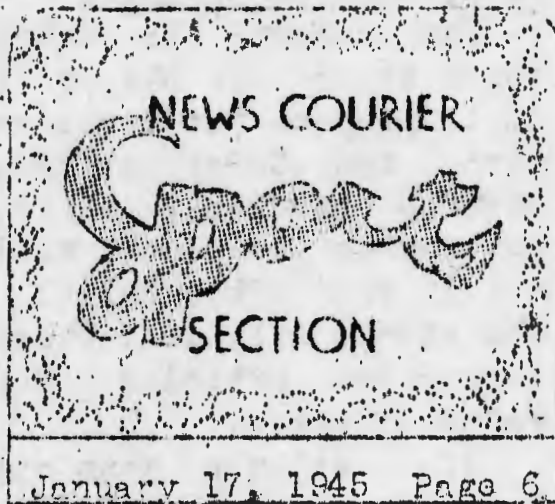

In the second half, the Olympic Club pulled into a comfortable lead with Tak Abo doing most of the scoring. He also copped scoring honors in the contest with 18 markers.

In the preliminary B league game that afternoon, the Five Brands also copped their second league tilt by downing the rangy lads from block 61 by a 37 to 28 score.

The winners were led by the sharp shootings of forwards Robert Fujii and Willie Fukano, each tanking 10 points. Center Tak Hamamoto aided the win with 8 points.

NISEI Nisei Soldiers Entertained

Earl M. Finch, the Hattiesburg, Miss., farmer who has befriended thousands of Nisei soldiers, entertained some 150 of them on Jan. 9 at a party in New York City's famous Hotel Aster on Times Square. Among the guests were four wounded Hawaiian-born veterans of the fighting in Europe, Pfc. Irving Okahoshi, winner of the Distinguished Service Cross; T/4 Robert Oda and Pvt. Tamotsu Shimizu, all of the 100th Infantry Battalion; and Pfc. Satoru Kato, of the 442nd Infantry Regiment. Most of the other Nisei honored were unassigned soldiers from Hawaii and the mainland in New York on furlough.

Two pictures taken at the party were published by the New York Daily News, which referred to Finch as a "one-man USO."

He is also remembered in Jerome and Rohwer for having sent 5,000 Easter eggs last year.

Yoshio Nakada, 27-year-old Gilan, who recently returned to his ranch home at 1001 W. Ponita Ave., Azusa, Calif., was told by the secretary of the Agricultural Conservation Association that he would be able to obtain implements, but must wait fulfillment of his orders from the dealer like every other farmer.

The machinery he had before he was sent to this relocation center had been requisitioned by the Federal government, subsequently sold, and the money given to Nakada.

BILL CALLED FOR CLOSING CENTERS

Associated Press reports this week that Representative Dworshak, Republican, Idaho, prepared a bill calling for the closing of virtually all war relocation centers by June 30--six months earlier than originally planned.

There is immediate need for the war effort of the thousands of Japanese Americans in the camps, Dworshak said, adding that such action also would divert 2,500 in personnel of the WRA into defense work channels.

"There will be less difficulty from the early closing of these camps than would result if their closing were deferred for periods of six months to a year," he is quoted as declaring. "Then, it is entirely possible that this country may be facing economic conditions as a result of the cessation of hostilities in Europe which will cause some confusion and conflict between these evacuees and other citizens, particularly returning veterans."

He advocated maintenance of camps for only those persons of Japanese ancestry whose loyalty to the United States is questioned.

Rumor Revealed Entirely Untrue

The rumor that Dr. Hatsuji J. Hara was assaulted and injured in California is entirely untrue, according to a letter to Project Director Leroy H. Bennett from Dr. Orlyn P. Pratt, medical director of the White Memorial Hospital in Los Angeles.

Dr. Pratt wrote as follows:

"Dr. Hatsuji J. Hara has not been in California since he left in 1942. He is at present in Hinsdale, Illinois. The rumor that he was assaulted and injured in this or any other neighborhood is entirely untrue. Doctor Hara's wife, who is a Caucasian, was recently in Los Angeles and is at present in Arizona.

SCHOOL OPPORTUNITIES

Officials of the University of California have expressed their personal opinions that the University will graciously accept those Japanese American students who are duly qualified for admission.

Indications are that the most pressing problem is not that of gaining admittance to the University but that of finding adequate housing.

Allen C. Blaisdell, director of the International House, states he will be glad to cooperate in any way to meet this problem as it arises and would be happy if individual students planning to come would correspond with him directly. He says that the cooperation of other housing units, such as the very fine students enterprise known as the Student Cooperative, will be sought.

Housing at the International House for all those applying cannot be assured. The applications will be acted upon individually and on the basis of qualifications, as are all other applications. The important thing is that those who desire to be considered should be in touch with House director just as soon as possible.

"The Surgeon General's office advises that citizen registered nurses of Japanese descent are eligible for the Army Nurses Corps."

"I do not know how such a rumor could have gotten started."

OREGON

REACTIONS ON NISEI RETURN

As evacuees began slow-
ly to return to the Oregon
area, the Associated Press
this week reports a varie-
ty of reactions from com-
munities near Hood River.

The report states that
placards warning returning
Nisei that "no Jap trade"
is solicited sprouted
throughout the Hood River
Valley, where the American
Legion post recently
erased the names of Japan-
ese American soldiers from
its honor roll. Groceries,
repair shops, and filling
stations joined in the
move.

Other cards were dis-
played in Gresham by a
grocery and a hardware
store, reading "no Japanese
trade solicited for the
duration."

Meanwhile Hood River's
Adell Methodist Church
adopted a resolution ask-
ing the Legion to restore
Nisei names to its honor
roll. At the same time
petitions were being cir-
culated among valley res-
idents stating signers
were "100 per cent behind"
the Legion.

Ray Sato, one of the
evacuees who have return-
ed to that area, said that
their neighbors were "more
than gracious" and that
they had begun pruning
their orchards.

"There's nothing like
being home," Sato said.
"Our Hood River Valley is
the most beautiful spot on
the face of the earth."

CINCINNATI**A BATTLE WOUND THAT'S ELOQUENT**

Our words can't be anywhere nearly as eloquent as Sgt. Sato's battle wound, writes Alfred Segal, Cincinnati Post columnist who writes Cincinnatus.

"There was a Japanese name yesterday in the local casualty list which the Post entitles 'Field of Honor' S/Sgt. George K. Sato, wounded in battle in France."

"Cincinnatus hopes that certain people noticed the name to their spiritual benefit. They are people with prejudices against other Americans with different complexions or odd-sounding names.

"From the fact of Sgt. Sato, a soldier of Japanese descent, giving his blood for this country in the patriotic American way, they may learn something: That America is all kinds, that it is Sato and Schmidt, Jones and Levy, Murphy and Catanzaro, Lausche a Slovak and Jansen a Swede, Mikolovitz a Pole, and Washington who is Negro. These are America.

"Sgt. Sato's wound should be more eloquent to their minds than Cincinnatus' words can be."

An 80-acre ranch of which 55 acres are irrigable near Deaver, Wyoming, southeast of Cody, is for sale for \$3,500 or in exchange for a Southern California real estate. This ranch is under the U.S. Government Shoshoni Irrigation Project and is subject to construction bonds.

Crops that can be grown are alfalfa, beans, beets, potatoes and peas. Improvements are one small frame shack and a fence surrounding the ranch. It is directly below the Deaver City reservoir so that city water and also electricity are available.

L.A. CIVIL SERVICE ACCORDS RIGHTS

The Los Angeles County civil service board of supervisors this week decided that released Japanese Americans who seek their former civil service positions should be accorded the same treatment as any other county employee, according to the L. A. Times.

Supervisor John Anson Ford is quoted as saying:

"In the light of official F.B.I. and War Department statements concerning the Loyalty of Japanese American citizens being released from relocation centers, we feel these employees should be accorded the same treatment as any other county employee in a similar situation and that nothing will be said or done to justify delay in recognizing the rights of other Japanese who later may seek to return to county service."

Other members of the board concurred.

300 GRANADANS PLAN TO RETURN

About 300 evacuees at the Granada Relocation Center have plans for returning to the West Coast, while 14 will leave this week for their homes there, Project Director James G. Lindley announced according to a UP report.

These people, mostly farmers, have had their plans approved by the WRA for their return to the coast. Date of departure will depend upon the date housing facilities are available to them.

BUTTE YBA PLANS MORNING SERVICE

The Butte YBA church service this Sunday will be held at temple 42 from 10 a.m. instead of at the regular time of 7 p.m. The time was changed to avoid conflicting with other activities.

The Rev. Kokumin Fujinaga will deliver the sermon tomorrow evening. Geo. Ezaki, newly elected vice president of the YBA, will be the chairman for the service.

DR. LAWSON DIETARY AIDES MAKE GOOD

Dietary aides, who worked at the Rivers hospital under Dr. Grace Lawson, chief dietitian, are making good in outside hospitals after relocation.

May Sujishi, who was trained for nine months under Dr. Lawson here, is now a service kitchen attendant at the Herman Keifer Hospital in Detroit. Dr. Lawson states that May is making an excellent showing at the hospital.

Miss Mitsuko Dyo, who also worked on the Rivers dietary staff for about one year, is a much treasured member of the dietary staff of the Lake Forest Hospital in Illinois.

Rev. Kimura To Address YBA

The Rev. G. Kimura will give the sermon to the Canal Jr. and Sr. YBA members tomorrow morning from 10 o'clock at the Buddhist church.

All Bussei are urged to attend the services. The Jr. YBA group is in charge of tomorrow's service.

CANAL DEACONS EDGE TEN PINS 33-31

Coming up from behind in the last quarter, the Brother Deacons edged out the Ten Pins 33-31 in a cage thriller last Wednesday in the Canal Aye Casaba League.

"Maack" Takahashi of the victors accounted for 16 points to shine for the night. The Ten Pins were leading at the end of the half by a 19-14 count. They stretched the lead to a seemingly comfortable lead of 30-21 by the beginning of the last quarter but were sorrowfully turned back as the tide changed to leave them to score only 1 point while the Brother Deacons pulled together to come out ahead by a bucket. Kay Toyama was high scorer for the losers by potting 12 points.

Boasting a half time score of 21-9, the Solons trounced the X-Cellos by an overwhelming score of 50-24 the same night in the other Aye League tussle. The X-Cellos proved no match for the Solons, who were paced by Haruo Hiromoto, who dumped 12 points through the net.

TENNIS

SUEDA ELECTED TO PRESIDENCY

Frank M. Sueda was elected to yield the gavel for the coming months at an election held last week by the Butte Tennis Club.

He is to be assisted by vice president, Toshio Nakano; secretary, Kikuzo Hori; treasurer, Sosaku Uchida; tournament committee, Shigeichi Hara and Shoichi Kake; membership committee, Shigeki Murasaki and Sam Kawata.

OLYMPICS DOWN BRONCS, TAKE LEAGUE LEADERSHIP

The Butte Aye Basketball games this week proved very interesting as the two masters of the league met in a very important tilt Thursday evening and Lil Gus managed to pull

through with two wins.

The Shamrocks felt another discouraging defeat as the Lil Gus aggregation pulled through steadily to a 24-20 win in a low scoring game last night.

The Shamrocks were defeated in spite of Kameo Watanabe's 12 points.

The Olympic Club quintet stepped into undisputed Butte's Aye Casaba League leadership as they eked out a close, thrill packed 29-24 win in the closing minutes of play over the Bronco Ayes Thursday evening in the most important game of the week.

The winners were paced by the sharp shooting of Kenso Zenimura who accounted for 10 points. Brother Kenshi followed close with 9.

Akira Kubo of the losers copped scoring honors in this contest with 11 markers.

A day previously the Lil Gus aggregation led by Frank Tanaka's 15 digits hit the win column as they squelched a 37-33 win over the Sires in a nip and tuck battle.

Though of the losers, guard Ben Tamaki deserves some praise for his outstanding performances that evening with 10 points.

On January 16, the cellar Shamrocks felt the sting of a 40-19 walloping at the hands of the strong Olympic Club which was steered by the outstanding performances of guard Kenshi Zenimura who stirred the nets for 12 points.

Four days previously, the speedy Sires utilizing their speed to full advantage scored a win as they thumped the Shamrocks to a convincing 31-16 win.

BUTTE BEES HAVE WALLOPING TIME

The Butte Bee Basketball League has progressed successfully through two weeks of play showing many promising ball handlers.

Last night, the towering lads from Block 61, led by James Abe, edged out a close 29-24 win over the Block 66 Vandals to take their first league victory.

The leading Five Brands scored an easy win over the Block 52 Clowns Thursday evening by a lopsided score of 30-14, with Willie Fukano and Robert Fujii each potting 10 points.

A day previously, the Bronco Bees, led by the high scoring guard Tak Kiriyama's 18 digits, coasted to an easy 47-15 win over Block 44. Forward Masani Fukai aided the win with a close 16.

With Eddie Makimoto scoring freely, the Unknowns took their first league game by an easy 31-15 score on January 16.

Four days previously, the Bronco "Y" felt a 37-19 trouncing at the hands of the Bronco Bees.

日系人帰還に対する

反郷音 様々

オレゴン地方に漸次日系人が帰還するに従って、フレドリバー附近に様々な反響が見られる。A.P.は報じている。其の報道に依れば例の日系軍人除名で有名なフレドリバー平原一帯に亘って、ハイジャックツレ、日本人との高貴お断りとの貼紙を掲げて、二寺に帰還を警戒する運動が抬頭しつつある。雑貨店修繕所カソリンステーション等の運動に参加してある。尚グレイン地方では既に雑貨店や金物屋の店頭に日本人との取引は戦時中お断り申すの掛札が出してある。一方フレドリバーのAデル美以教会が彼の在郷軍人団に日系軍人名復帰の勧告を決議してあるが他方では在郷軍人団を全幅的支持の運動を起してある。

此の程同地方に帰つた撤退者の一入佐藤君は同地の近隣には非常に親切であり、果樹園の剪定をはじめ、おるが矢張り故郷程よい所は無い。古車中でフレドリバー程きれいな処はあるまい等々語つた。

FLAGSTAFF

JOBS AVAILABLE AT ARMY DEPOT

A variety of jobs were offered to Gila residents and their families by Captain Register of the Navajo Ordnance Depot of Flagstaff, Ariz., who visited the Project Monday. The Navajo Depot located in northern Arizona is similar to Tooele Depot in Utah, but the employment offered differs in several important details. Jobs available to men include truck drivers, auto mechanics, plumbers, diesel mechanics, fork lift operators, painters, gang bosses, laborers, and mechanic helpers. Women can be employed immediately as clerk typists, nurses' aides, stenography teachers, and gang bosses. In the latter category, Captain Register stated, women were preferred to men.

FOR DURATION

All jobs at the Depot carry civil service status. The Depot is expected to continue in operation longer than most of the other army posts of this type and employment will continue beyond the end of the war.

Captain Register stated that he is anxious to fill present vacancies immediately and believes that he can hire persons on the project cleared list without waiting for provost marshal clearance. He also wants as many applications as possible from persons now on the Army excludee lists. Employment is offered to single men as well as families.

WOMEN'S PAY

The women's positions are classified under civil service at a salary of a \$1440 to \$1620 per year for clerk typists, \$1200 for nurses' aides trainees, and \$2000 for stenography teachers. There is additional pay of approximately 20% which covers eight

RICE TO ARRIVE FROM ARKANSAS

Arrangements have been completed for rice to be shipped here from Arkansas, stated John D. Seater, head of mess operations.

It will be about the first of February when the shipments will start coming in to Rivers, Seater estimated. If everything goes as arranged, Rivers ought to get about four cars of rice between now and Feb. 10.

Canal Will See Talkie Tonight

Canal residents will see the Japanese talkie, "Futari Tsuma" tonight at the high school auditorium. There will be two showings. The south side of the camp will see the movie at 6 p.m. and the north side starting from 8:00 p.m. Tickets must be obtained at the respective block managers' office.

Sachiko Chiba is the leading actress of the film.

hours overtime for the 48-hour week which is now in operation. Other positions are paid on a daily basis.

OVERTIME PAY

The pay rates are the base pay received for an 8-hour day and a five-day week. All work on the 6th and 7th day of the week, or in excess of 8 hours per day is paid at the rate of time and a half. At the present time all workers at the Depot are working a regular 54-hour a week. This would mean that auto mechanics and diesel mechanics who have been on the job for two months would receive a weekly salary of \$68.93.

Applications for any of the above jobs are made on civil service blanks and can be submitted through either the Canal or Butte relocation offices.

GOV. WARREN

SCORES AUBURN ARSON ATTEMPT

Governor Warren of California Saturday called the attempted burning and dynamiting of a Japanese home at Auburn "atrocious" and said a repetition of such incidents might cause enemy retaliation.

"I can't conceive of people who claim to be good Americans trying to further the war effort doing a thing of that kind," the Governor said at a news conference.

"Every officer and every citizen not only should resent such conduct but do everything to prevent it.

"Such incidents not only give California a bad reputation throughout the world, but might cause our boys and civilians in enemy countries to suffer additional injury."

Central Calif. Returnee Happy

Families who have returned from Gila to Central California are being well accepted and are experiencing no difficulty in carrying on their business, according to a report by Walter Mewing, area supervisor, to R. B. Cozzens, in San Francisco.

James Morishige, his wife and two daughters, returned to their farm three miles northwest of Selma. Their tenant, Frank Salido, vacated the premises before their arrival and turned over complete possession to the evacuees. Morishige states that they are well received and their children are going to school and are receiving very fine treatment.

The Fresno relocation officer dropped in to see the Kazuo Hiyama family at their Fowler farm. They too are well pleased at the treatment they are receiving at Fowler.

ARABIAN NIGHTS

Four Horsemen Arrive In Egypt

The four men who left the Rivers farm section last September to head an agricultural mission in Arabia have arrived in Egypt, according to personal letters which have been sent to Rivers by Walt Emerick, "foreign correspondent."

David A. Rogers, Carl W. Quast, Raleigh J. Sanderson and Emerick compose the party formed by the War Food Division of the Foreign Economic Administration after the Arabian Government requested a group of agricultural men to assist in the farm production problems of that country.

LIKE FICTION

Reading like an Arabian Night fairy tale, Emerick's letter describes his trip over on a small cargo ship that rocked rolled, and at one point had them seriously wondering whether they would ever come through the storm. Emerick wrote at that time, "I would gladly give a thousand dollars to be home and forget this whole cockeyed deal." Throughout the trip all of them were required to wear life jackets at all times when on deck.

Rogers and Quast had sailed on a passenger liner, Emerick and Sanderson, had taken the cargo boat as "76 other kno t heads like we did."

ONCE IS ENOUGH

Emerick's last letter written on Dec. 5, 1944, states, "I am glad I had the experience of making the trip under such conditions, but I certainly don't want to go back that way!" Excerpts from Emerick's letters follow:

"This is a hurried note to let you know about my safe arrival in Cairo, Egypt. Met Dave (Rogers) and Carl (Quast). They were just about as glad to see us as we were to see them. They have both been here and worried about us for days."

"Nov. 24, 1944. Believe it or not tonight I am in Beirut (Lebanon) and last night I was in Jerusalem! Climate is so wild

FACTS ON DOI CASE

In view of rumors, newspaper and radio accounts of incidents at Auburn, Calif., involving returnee Sumio Doi, his father and mother, here are the facts as teletyped to Project Director Leroy H. Bennett from R.B. Cozzens of the San Francisco WRA office.

Doi's return was without incident until the night of Jan. 17 when he heard a noise in the outbuilding. Investigation showed that hoodlums had started a small fire which was promptly extinguished by Doi and his father. The incident was reported to the sheriff's office.

The following night buckshot was fired toward the house from a shotgun in the hands of an unknown person on the road. The sheriff was summoned. His investigation showed several sticks of dynamite planted in the packing shed.

Governor Earl Warren and State Attorney General Kenny appraised the facts and immediately requested full protection for the Doi family. This was followed up with a conference with Placer County superior court judge, the sheriff, and the district attorney who assured protection.

Doi's immediate neighbors are friendly, extending help, Cozzens states. Merchants in Auburn are cooperative. The Doi family will feel happier when other friends have returned to the area.

AUBURN**NISEI PREMISES GUARDED**

After marauders tried to burn and then dynamite a shed at the home of returnee Sumio Doi near Auburn, Calif., on Fri-

wonderful bananas are produced.

"The agriculture around Jerusalem and all over Palestine is very old. The poor Arab farmers were busy scratching in their winter grain crop with a wooden plow drawn by a camel, two oxen, or an oxen and an ass.

"The olive groves are grand sights. They look so old, and are.

"Soil isn't just real estate to these people; it is their life and they protect it with a great amount of hard work. Steep hill sides are even terraced where grain and grapes or fruit trees are planted."

Co op To Meet This Saturday

The regular monthly meeting of the Co-op delegates will be held Saturday, Jan. 27, from 1:30 p.m. at 42-2-A.

day, Jan. 19, Sheriff Charles H. Silva announced he had placed a twenty-four hour guard on the Doi premises, according to an AP report. Doi had returned with his parents on Jan. 6 from the Amache Center.

According to the AP report, Silva said the first attack on the Doi place was made Wednesday night, Jan. 17, when a wall of the shed was soaked with gasoline and set afire. Doi put out the blaze and did not report the incident immediately.

Early Friday he phoned the sheriff's office that several carloads of persons were parked on his property and shots were being fired over the house. When deputies arrived, the cars had gone, but nine sticks of dynamite were found under a cover of the packing shed, together with a litter of burned matches.

No arrests have been made, since there were no witnesses, but Silva said there may be some later.

HONDA RETURNS FROM CALIFORNIA

Fred Honda of Canal returned this week from an eight-day visit to his Fowler, Calif., farm reporting that community acceptance is good and that people he met are eager to have Japanese return.

Honda plans to resettle his parents on their farm in Fowler as soon as the tenants who now occupy their house move out. Housing shortage is quite acute in California, he said. After his parents are settled, he plans to return to his job with the Ryerson Steel Co. in Chicago.

Mrs. Bruner has spent 20 years in Japan and speaks Japanese fluently. Her husband was a former member of the American legation in Japan. He is now serving with Army Intelligence in Honolulu and works with many young men formerly from Poston and Rivers Centers.

SNAFUS WIN IN OVERTIME TILT

In a nip and tuck battle, the Snafus squeezed passed the Shamrocks 44-43 in an overtime contest and the Muncies defeated the Blue Streak 37-34 in last Saturdays encounters.

Paul Rycno's 16 points enabled the here-to-fore winless Snafus to keep a slim lead throughout the game but a final splurge by the Shamrocks knotted the count at 33-33 in the regulation game. Joe Mori led the Shamrocks scorers with 17 points.

With Charley Ajari producing 14 points the Muncie all stars kept their undefeated status clean at the expense of the Blue Streaks.

Monday night, the Muncies again showed their prowess by beating the Shamrocks 54-42. Charley Ajari and Freezer Furuya each made 17 digits to lead the Muncies while Joe Mori set the pace for the Shamrocks with 17 points followed by Sam Tanaka's 10 markers.

Tonight, the Snafus will meet the Solons.

KUBO

RELATES TRIP TO CALIFORNIA

Shig Kubo of 45-7-B and the project agricultural department returned Sunday night from two weeks visit to San Francisco, where he attended a three-day conference on inter-racial relations, and went to Sacramento and Placer county, where he visited old friends and investigated community sentiment.

The San Francisco conference held on January 10, 11, and 12, in the Palace Hotel was attended by nearly 200 delegates from all sections of the Pacific Coast from Seattle to San Diego.

Since Kubo was the only person at the convention who actually still resides at a relocation project, he was called upon to express the viewpoint of the center residents at a meeting of the entire group. He appeared on the same platform with Dillon Myer and other notables. He told the conference that considerable confusion arose in the minds of the Issei residents when the opening of California was announced, because the official Japanese translation of the WRA bulletin which was released from Washington was in very complex and unin-

CHEST FUND TO BE SHARED BY EIGHT ORGANIZATIONS

Eight organizations were approved to receive shares from the community chest fund at a meeting of the 1945 Chest Fund Com-

mittee held Tuesday.

The organizations approved for participation in the chest fund are the Young Buddhist Association, Young Men's Christian Association, Young Women's Christian Association, Girl Scouts of America, Boy Scouts of America, United Servicemen's organization, Nurses' Aide, and Senior Men's Club. These eight organizations had been recommended by a special committee chosen to select the organizations for participation in the 1945 chest fund, which was raised through the "Give a Day's Pay" drive conducted last year.

Allocation of funds will be determined by the Chest Trust Fund trustees, the Chest Fund Committee decided. It was further approved that the trustees be guided in their allocations by the same rules set last year, and that special requests by individual organizations for justification of allotment be considered.

Last year's chest fund was distributed with a ruling that these funds were not to be used for items such as (1) personal property of an individual such as wearing apparel, prizes, awards, etc.; (2) foodstuffs available or easily substituted on the project (use of food should be for refreshments only); and (3) funds for travel of any individual except under unusual circumstances.

telligible Japanese. He said that the Gila people were for the most part from small farm communities and that although some plan immediate return to California, many find it impossible to leave immediately because they have no housing or because they have lost a considerable portion of their savings as a result of evacuation, and because they are uncertain about the future. He told them that a great deal of help was needed from the government agencies and private groups, both in developing opportunities for people to return to California and in improving public sentiment.

EXCHANGE OF NATIONALS

ARABIAN NIGHTS

EMERICK WRITES
OF EGYPT LIFE

Walt Emerick, former Gilan who is headed for an agricultural mission in Arabia, writes of his experiences in Egypt.

Excerpts from his letters follows:

"This is truly a land where anything grows, oranges, vegetables, and fruits of all kinds.

"All prices here are 10 times what they were in normal times. There is no OPA or rationing. We used to cuss over OPA and rationing regulations, but I know now that they were a great help to the economic health of our nation.

"Egypt is a very interesting place: life is no different from that in the states. We go to work at 8 a.m. and work until 1 p.m. and then go home and back again at 3:30 p.m. and then stay on the job and go home after dark at 7:30. Dinner is not served until 8:30."

"Money here is a big puzzle. A pound is worth about four dollars and I do believe it goes about as far as one dollar. For ten dollars you can get a fist full of paper money of varying sizes and a

NIGHT RIDERS

The following editorial "Night Riders" appeared in the Jan. 22 issue of the San Francisco Chronicle.

"Night riding tactics like the attacks on the Japanese-American farmer who returned to his Placer County home come pretty close to an invitation to the FBI to take an interest in the matter.

"Such instances are not quite on a par with disturbances which, although they deal with constitutional rights, are held clearly and exclusively the responsibility of local authorities.

"American citizens of Japanese antecedents who were removed from their homes and held under military guard have been Government wards. No amount of legal sophistry can alter that practical aspect. If local peace officers cannot protect these persons in rights which were disturbed in the first instance by the Federal Government it seems to be up to the Government to find a way to do it."

pocket full of coin. In Syria we had both hands full.

"The country is filled to overflowing with the hardest working people I ever saw in my life. Everything, it seems, is done the hard way. They plow with oxen or donkeys with a wooden plow. In the cities there are many automobiles, many American make. But it seems there are about as many horse and donkey drawn carts, wagon and rigs as there are cars."

Kenny Requests
Law Enforcement

Robert W. Kenny, attorney general of California, has written to the law enforcement officers of the state calling upon them to see that returning Japanese American people are given full protection. In his letter he quotes the text of a statement issued by the State Law Enforcement Advisory Committee after a special meeting called at the suggestion of Governor Earl Warren. The statement follows:

"We consider it our sworn duty as law enforcement officers to fully cooperate with the Army authorities in dealing with the return of the Japanese residents of this state. All persons, regardless of race, are entitled to the full protection of the law. The Army has carefully investigated each person to be permitted to return and will not allow those who are potentially dangerous to return.

"There should be no difficulty involved in this transition unless incidents are provoked by intemperate words and thoughtlessness.

"During this period of adjustment the reputation of each of our California communities will be at stake. We confidently expect all citizens to join with us in furthering full respect of the individual rights involved."

DEAR NISEI SOLDIERS

To keep Nisei fighting on the far-flung battle-fronts informed of progress on the home front, Pasadena Friends of the American Way, through Marjorie Noble, executive secretary of that group, has sent letters to Nisei soldiers whose homes were in the Pasadena area.

Addressed to "Dear Nisei Soldier," the letters tell the names of the returnees and what they are doing. Here's a sample:

"In this first week after the lifting of the ban, thirteen Japanese Americans have come to Pasadena. They include:

"Ko Yamaguchi, age 10, living with the Emerson family and attending McKinley Junior High School. A clipping about him, from the Los Angeles Times is inclosed.

"T. Hata, who has found a gardening job, and housing for his family. He is temporarily living with the Emersons.

"Ruby Hori, who will be a freshman at U.C.L.A. next term, and has a housework job in Los Angeles.

"Akira Kagoyama, who will work at Caltech, living now with the Emersons.

"Mitsuko Koyama, living at the Morses', will attend P.J.C. next term.

"Francis Uyematsu and Francis Uyematsu Jr., now at the Carrs', are here to look over their nursery and make arrangements for reopening the business.

"Mr. and Mrs. Iida and Mr. Yamamoto, who may accept jobs offered them at Moody's mattress factory, in Los Angeles, With the Nicholsons.

"Mrs. Lily Moriguchi, who lived with Miss Fanning while she was here on business.

FARM

FIELDS WILL BE CONSOLIDATED

All vegetable fields except for fields 51, 61, and 65 will be turned back into the original alfalfa fields before the month of February, Robert Davidson, farm chief, stated.

The consolidation of the vegetable fields into three fields is to save labor, seed, and unnecessary use of fields. Due to the consolidation of the fields all the tractors, seeds, and other farm equipments of surplus use will be taken in and stored in the warehouse.

Livestock are being sold so that feed will be plentiful for the livestock necessary for the use of this camp. No vegetable will be planted during the month of February unless it is possible to have the vegetables harvested before July 1. This means that this year there will be no water-melons, honeydews, cantelopes, and casabas.

Seven carloads of vegetables have been sent to other centers, and fifteen more carloads will be sent during February.

農園五一、六一、六五を除く他の野菜畑は二月に入る前に全部鋤返して元のアルファルパ畑にする計画である。

野菜畑を前記三區に縮小した理由は人力及び種子を節約する爲で之に依つて不安のトランクター、種子、其の他の農具を倉庫に保存する事が出来る。

家畜類も當館府の需要に充分にあて余分は売り出し、野菜も七月一日迄に収穫出来るものは時付けの馬になつてゐる。つまり今年には西瓜もキウイもハネーデューも食べない訳である。

既に他のセンターに七位魚の野菜を積み出し更に二月中には十五位魚輸送の予定。

亞州フラッグスタッフ、ナヴァア兵器工廠から去る月曜日當所に出張したレゲスマー大尉は、當センター住民に適した色々な仕事を紹介した。同大尉の語る所に依れば、本工場は大休ツエリー工場に似たものがあるが、仕事の性質は大に異なつて居り、男子高にはトラクター運転、自動車修繕、プラマ、ダイヤル枝手、フットクリフト枝手、ペンタ塗り監督、カニツク助手等であり、婦人向仕事としては、書記、タイピスト、速記手、看護婦助手、教師、監査員等がある。

同工場に於ける仕事はすべてシヴィルサー

同大尉は現在の人員不足を至急補充したいから、ビラの解放リストにある人は憲兵司令官の許可を待つことなく雇傭したい。又軍部の除外リストにある者をも出来る限り多く採用したいと語つた。仕事は独身者にも家族持にも提供される。

婦人の給料は年俸二千二百弗から二千弗で一週四十八時間オーバータイム一倍半支給する。現在の就働者は普通週一週五十八時間働いてゐるが、カニツクの給料に見比べると週所得六十八弗九十三仙になる割合である。

It is urged as a matter of cooperation that each person called to appear bring with them all documents tending to establish their immigration or citizenship status and residence in the United States, including Alien Registration Receipt Cards, Certificates of Identification (pink book), passports, marriage certificates, birth certificates of spouse and children, and any other papers or documents, such as fishing licenses, tax receipts, deeds, car registrations, drivers licenses, and letters of recommendation.

KUBO**Tells Of Trip
To California**

(Continued from last issue)

Shig Kubo, who returned from a tour of California, expresses surprise at the great amount of work being done to assist evacuees' return.

SAN FRANCISCO

Kubo visited the old Japanese sections of San Francisco and Sacramento and found that virtually all the living quarters in these sections were occupied by Negroes and that housing facilities are extremely crowded. A Negro delegate to the conference stated that Negro organizations in San Mateo County have passed a resolution welcoming the Japanese back.

Representatives of the Federal Housing Agencies stated that returning Japanese American would be treated on the same basis as other Americans, in so far as the facilities of government agencies are concerned.

IN AUBURN

Kubo spent the remainder of his visit in Auburn, the county seat of Placer County, where he interviewed the sheriff, the county agricultural commissioner, the vice principal of the high school, the tax collector, county assessor, the banker, and numerous businessmen, lawyers, and city officials.

SOME OPPOSE

Some people said that they did not favor the Japanese returning in large numbers but that they would provide the same services to those who return as to other persons with whom they

FSA TO AID EVACUEES

Scope of the services the Farm Security Administration (FSA) can make available to returning evacuee farmers has been outlined in a letter sent to WRA by R.W. Hollenberg, regional director of the FSA, it was announced today by R.B. Cozzens, assistant director of the War Relocation Authority.

Before a loan can be made to any applicant, the FSA county committee, comprised of three prominent local farmers, must pass on his eligibility, character and integrity, Hollenberg said.

FINANCIAL AID

Rural rehabilitation or operating loans are available to citizens who qualify as low-income farm families (including owner-operators, tenants, sharecroppers and farm laborers with sufficient family manpower for farm and home operations, except possibly at peak seasons) if certain other requirements can be met.

These other requirements include: The necessity of full-time farm operations effectively utilizing family manpower or part-time operations which may be supplemented by off-farm employment that will not interfere with successful operations in order to maintain full employment and a satisfactory level of living; a willingness to assume the necessary responsibilities in order to make an effective contribution to the Nation's war effort; a family background of rural experience and managerial ability; that the borrower be unable to obtain adequate farm and home financing at reasonable rates and terms from sources other than the FSA; that there be a reasonable possibility of repaying the loan and that the family's level of health and living can be maintained or improved.

HOSPITALIZATION

Heads of families eligible as standard borrowers can get loans for livestock, farm equipment, minor repairs and improvements for farm and/or home, participation in group health, hospital and/or dental services, for emergency health services and for correction of physical conditions when (continued on page 4)

have business or professional contacts.

Kubo said there was a small group of extremists, led by Deputy Sheriff John Shannon, who are organized to discourage the return of former residents by boycotting merchants who deal with returning evacuees. Kubo was convinced, however, that this group consists of an unrepresentative minority and he found no evidence that their campaign had achieved success for he did not encounter any instances of discrimination in restaurants and other public places on his whole trip, until Sunday afternoon where he was waiting for the project bus in a Chandler restaurant and was refused service.

WORLD WAR III VETERANS REFUSE TO EXPEL JAPANESE

Some 200 members of Post 591 of the American Legion, all veterans of World War II, stood their ground last week on the right of Japanese Americans to membership in the Hollywood organization according to the UP.

They accused Dick Horton, Legion district commander, of threatening to expel Harley M. Oka, a Japanese American with an honorable medical charge from the US Army, and William G. Schneider, youthful Post 591 commander who supported him.

The post gave Schneider a vote of confidence and said it would take no action against Oka.

Milton Luban, publicity chairman, said he did not believe the American Legion was a suitable organization for veterans of this war. He stated:

"I do not regard the American Legion as the organization for World War II veterans. It is going to be the old time reactionary legion. I expect to get kicked out of the organization for this statement, but I'm prepared for that eventuality."

NEW YORK CITY**ISSEI EVACUEES OFFERED JOBS**

New York City offers to Issei resettlers, a wide variety of excellent business opportunities in consumer industries and service trades, according to a report of the opinions of 30 New York business men and women of Japanese ancestry which has just been issued by the WRA relocation office in New York City. The business people who cooperated in the survey offered to advise Issei evacuees regarding business opportunities in New York and invited correspondence from them.

Copies of the English edition of the report, entitled "Business Opportunities for Issei in New York City," are now available from the relocation program office. A Japanese edition of the report is also being prepared for early distribution.

The business people who were interviewed, mostly Issei, recommended the following types of businesses for Issei newcomers to New York: restaurants, small rooming houses, art goods, dental laboratories, soda fountain, pet shop, toy factories, Oriental food stores, florists, produce, specialty foods, dry cleanings, dressmaking, dress shop, novelty store, manufacture of art and specialty goods, handicraft shop, nurseries, photographic studios, small truck gardens, and watch repair shops.

SNELLING BOYS TO GET LEAVES

Several hundred Nisei soldiers at Fort Snelling will be granted a week's furlough beginning Saturday, Feb. 17, to visit WRA centers and assist in the relocation of parents.

Many of these soldiers will probably visit Gila, states Elmer Isakson, WRA relocation officer, of Minneapolis.

FSA TO AID EVACUEES

(Continued from page 2)

the approved farm and home plan indicated that such expenditures are necessary to successfully conduct the family's war production program and rehabilitation of the farm family.

However, loans will not be made for refinancing, generally speaking, although exceptions may be made.

FARM PURCHASE

Farm purchase loans, which run for 40 years at three per cent interest, are available to veterans of the present war, farm tenants, renters and laborers who are citizens. FSA reports that due to the limited funds on hand for this purpose and the large number of applications already on hand it is unlikely that more than 12 farm ownership loans can be made in California this year.

Farm families, whose income for taxable purposes has average \$2,000, or less per year during the last five years, are eligible for prepaid medical and hospital care through membership in county health associations established by FSA in cooperation with California Physicians Service, county medical societies and local farmers.

UTILITIES LOANS

Water facilities loans, which run up to 20 years at three per cent interest, are available to farm families for repairing, rebuilding or constructing farm and irrigation water systems, provided the family cannot secure adequate financing from other sources.

Group services loans are available to farmers wishing to pool their resources for the purchase and use of services and equipment such as purebred sires and machinery which they cannot afford to own individually. These loans carry three per cent interest and in

BEE

BLOCK 44 TAKES SURPRISING WIN

The Butte Bee League filled with surprising outcomes, saw the heretofore winless Block 44 quintet pull through with a close 27-25 win in the last few seconds over the Block 61 aggregation last Tuesday.

At the half time, Block 44 found themselves 7 points ahead of the 61 lads, but from the half they found themselves in a terrific struggle to keep the lead.

The Vandals pulled thru their first league win in Butte's "B" League as they defeated the 52 Clowns by a close score of 24-23 in a sloppy nip and tuck battle Sunday afternoon.

On Saturday, the Don Juniors walloped the Bronco "Y" 35-19, to uphold their record of no losses in all their league games.

Piling points for the victors was Art Nakama with 11 markers who was closely contested by Harry Kozaki who notted 10 points for the losers.

DEACONS LEAD AYE LEAGUE; MUNCIES MEET FIRST LOSS

The Brother Deacons kept their position of first place in the Canal Aye League by defeating the Snafus 41-35 last Monday evening.

Aiding this win by dumping 12 points was the forward, "Mac" Takahashi. Taking scoring honor for the night was the forward of the losers Frank Katayama, with 14 digits.

The same night, the Blue Streaks outscored the Ten Pins, 45-35.

The cagers holding scoring honors for the night were as follows: "Curly" Yoshimi and Tommy Ehara potting 18 and 11 points respectively for the victors, John Yasumoto and Benny Toyama swishing 15 and 13 buckets respectively for the losers.

The thus far undefeated Muncies met with a very heart-breaking defeat to lose the hold on the league lead at the hands of the Solons. This close, crowd-raising thriller went into an overtime before the Solons could man-

BUTTE 'C' IS WELL UNDERWAY

In the Butte "C" League, the Bronco Babes, led by the high scoring forward Teruo Kozaki who accounted for 19 digits easily downed the El Lobos by the score of 31-16, Sunday morning.

The Q-Balls were also victorious, as they squeezed through a close 31-29 win over the Sloppy Joes. Shoji Hayeda of the Q-Balls took high scoring honors with 16 points.

This Saturday at 8:00 a.m., the Don Babes are scheduled against the Sloppy Joes, and the Bronco Babes will buck up against the Q-Balls from 10.

age to pull out ahead to a 50-43 count.

The score was knotted at the half and went on into the second half to see both sides score bucket for bucket. Tied at 40-40 at the sound of the final whistle, the squads got ready to go into an overtime period in which the Solons managed to pot 10 points to the Muncies' 3 markers. High scorers for the night were Charles Ajari, making 22 for the Muncies, and "Kug" Oto, swishing 17 digits for the winners.

The same day the Brother Deacons captured the first place by defeating the Blue Streaks, 44-40.

Point pilers for this tilt were Norio Aoki, dumping 16 buckets for the winners, and "Curly" Yoshimi, stirring the nets 19 times for the losers.

INTER CAMP TILT

The Five Brands from Butte went to Canal to be turned back by a 58-46 count Sunday at the hands of the Shamrocks.

OLYMPIC CLUB KEEPS AYE LEAD

The Olympic Club tightened its hold on the Aye League Championship as they decisively downed the Cubs 46-35 in a high scoring game last Monday evening.

With Kenshi Zenimura sinking 18 points and Takabo swishing 16, the OC's kept well ahead. Despite Mit's Taniguchi's scoring and towering, Ka meo Watanabe's able backboard controlling, the Cubs could not keep pace with their hustling opponents.

Picking up a quick 6 point lead in the opening minutes, the OC's stubbornly hung onto the lead to the half. From the half the tricky ball handling of Sab Yamada baffled the Cubs to enable them to pull out into the clear.

A day previously, the Lil Gus five smelled defeat again in a 36-29 beating at the hands of the fast breaking Gila Indians.

With Yosh Hazama hot on the long shots, Lil Gus had a lead of 17-13 at the half time. From the half the Gila Indians opened up with Arki Hirota breaking down the court at every change to sink a bucket. Hirota led the scoring of the day by stirring the nets for 14 points.
