EVACUEE ARTIST IN PHILADELPHIA

An exhibition of fourteen paintings by Masao Yabuki, formerly of the Central Utah Relocation Center, is being held until April 7 at the Women's University Club in Philadelphia.

His present exhibition in Philadelphia is composed of three paintings done in 1940-1941 at Berkeley; four paintings done at the Tanforan Assembly Center, San Bruno, Calif., in 1942; and eight paintings done during 1944-1945 in Philadelphia and Allentown, Pa., where Yabuki has gone several times on business.

Yabuki received his art training at the University of California in Berkeley from which he was graduated in 1941. He then studied with Eugen Nouhaus and Margaret O'Brien, and in 1942 received his Master's Degree in Art from the University. Before evacuation his work has been shown at the Oakland, Calif., art gallery and by the Delta Epsilon, an honorary society of the University of California. At Central Utah, he was the head of the Art Department of the Center High School and did some illustration work.

NISEI UNDAUNTED BY INTIMIDATION

Joe Takeda, whose San Jose home was fired upon and set afire, writes to the San Jose WRA officer that "it would take much more than the incident reported to convince us that we are not wanted in this community."

"We are satisfied the attack was perpetrated by a few individual thugs and that it does not in any way reflect the feelings of the people of Santa Clara County and San Jose against our family or any other returning evacuees.

"The report that we had left, or were about to leave our home is entirely without foundation."

SIXTH ARMY**Nisei Unit Gets High Citation**

SIXTH ARMY GROUP, FRANCE--For destroying the German main line of resistance in the rugged Vosges Mountains of Northeastern France, more than 300 members of the "O'Connor Task Force" of the 442nd Japanese American Combat Team have been awarded the Presidential Distinguished Unit Citation. Among the 300 are these three from Rivers:

Richard Y. Hiramatsu, block 40; Cpl. Yasuo Mori, 23-8-C; and Pfc. Frank K. Fujihara, 27-1-C.

This highest of group decorations in the United States Army was earned by the Japanese - American troops for breaking a two-day stalemate, routing at least three Nazi battalions and paving the way to the liberation of Belmont and Biffontaine, key towns straddling the roads leading into Germany through Alsace.

Members of the Task Force are now entitled to wear the blue and gold Distinguished Unit Badge. Men in the 100th Battalion of the Combat Team already wear this prized award.

The Task Force was commanded by Major Emmott L. O'Connor, 1235 Center St., Honolulu, Hawaii. Its mission was to encircle German positions along a railroad track and the forward slope of a hill.

To gain their objective, the Task Force swung south of the fighting lines and circled north, creeping up the narrow, forested ridgeline held by the enemy. The Task Force coordinated its surprise attack on the enemy rear with frontal assaults by the rest of the Combat Team.

**NISEI INDUCTEES
TOTAL 17,600**

The number of Japanese Americans inducted into the U.S. Army since Nov. 1, 1940, totaled 17,600, reported Dillon S. Myer, director of the War Relocation Authority. Half of these are from the American mainland and half from Hawaii.

SPORTSMANSHIP AWARD

The Butte Young Buddhists Association, being greatly concerned with the sportsmanship of young people on the field of friendly strife, has decided at a recent meeting to offer a sportsmanship award to an individual in the "A" and "B" division of the Butte Industrial Basketball League as an inducement to the young athletes that clean playing is just as important as clean living.

IT'S HOW YOU PLAY

It was decided the recipient will be chosen by the managers, sports writers, and a committee from the Y.B.A. It is the sincere hope of the Y.B.A. that sportsmanship be practiced, and hard, clean games be played without any inducement, but circumstance what it is, the Y.B.A. hopes this award will be an incentive.

The following is a message from the Y.B.A. to all athletes competing in the league. On the walls of the entrance hall to the Cadet Gymnasium at West Point Military Academy are inscribed the following words....

"On the fields of friendly strife are sown the seeds which, in other years on other fields will bear the fruit of victory." This was inscribed by General Douglas MacArthur while he was a superintendent at the West Point Academy. This statement was conceived by an American who believed in athletics and who recognized the importance of the various American sports to the American way of life.

... NOT WHETHER YOU WIN

On the baseball diamonds, football fields, basketball courts, and many other "fields of friendly strife," you develop the strength and stamina, the speed, the coordination, sportsmanship, the fighting spirit, and the "will to win" that makes you not only a great athlete, but a better citizen. If you think that you are only playing the game for the fun of it, you are greatly mistaken. Do not forget for a minute that the habits you acquire, the traits that you develop, the "seed" that you sow will show up on other fields in other years. It may be in the field of study; it may be in the field of work; or it may be in serving one's country. But somewhere in the field of life will be reflected the seed which you sow today.

On the "field of friendly strife" you will have learned to take it like a man; you will have learned to take victory and defeat in stride, and you will have learned the value of teamwork. It's not the individual that makes the team, it's the combined work of everyone that more often than not "bring home the bacon." You will have learned the value of friendship; you will have learned that dependability is the bottom rung to the top. Surely then when you play, be sincere, be earnest, and be a good sport. Always remember that when the Ono Great Scorer comes to write against your name, He writes not whether you won or lost, but how you played the game.

CLEVELAND GIVES AID TO EVACUEES

Resettlement assistance for evacuees in Cleveland has been assured by action of the Cuyahoga County commissioners, Dorothy B. Barber, district relocation officer, reported last week.

Are you in the mood for some laughs? The Junior Misses, a home economics club, will have four showings each night of their minstrel show.

Save your nickels and let's all come out to support a worthy cause, said Sam Morishita, commissioner of publicity.

The original difficulty arose when the County commissioners questioned their right to advance poor relief funds for the special resettlement assistance program. The Attorney for the commissioners stated, "This is rehabilitation and not relief. I question the use of poor funds for this purpose. However, if federal funds can be advanced, there is no question of the ability of county authorities to provide the necessary service."

Yamauchi Visits Long Beach Area

Mary Yamauchi of the education department returned Sunday from a week's visit to the Long Beach area in California. All her friends were happy to see her again.

The matter was worked out when the Ohio welfare Bureau requested an advance of funds from the regional social security board for use by Ohio counties in the assistance program. This met the technicality and enabled the county commissioners to give the green light to the program. Several evacuee families whose applications for assistance in purchasing furniture had been approved, but had been held up pending this decision, will receive checks within a day or so, Mrs. Barber said.

Miss Yamauchi visited the U.S. Employment Service there, where she was told there are clerical and secretarial jobs available in smaller establishments, but that there are very little openings for Nisei in larger firms.

She found that housing is next to impossible. One solution would be to work as a domestic.

The Oxnard region doesn't seem very receptive toward the return of evacuees, she learned.

FIRE DESTROYS APARTMENT IN CANAL THURSDAY

A fire of undetermined origin destroyed the apartment of Mrs. Fuji Yoshida, 27-3-B, Thursday afternoon about 2:30 o'clock.

The Yoshida unit and the property in it were a complete loss, and the adjoining units C and D were damaged by water, although the fire was confined to unit B.

Mrs. Yoshida left home at one o'clock Thursday afternoon to mess hall 7. When she returned at about 2:20 she noticed the blaze and called the fire department.

Police Chief John W. Nichol said the loss to the apartment is about \$800. The damage in personal property is not known.

PHOENIX

IMPORTANCE OF NUTRITION TOLD

Dr. Margaret Musgraves, head of the Women's section of the Arizona State Hospital, spoke on how malnutrition over a long period of time is often the cause of mental illness at a meeting of the Arizona Dietetics Association in Phoenix Tuesday. She showed how by eating the basic seven foods many who have been mentally ill for a long time have been restored to health.

Dr. Grace Lawson and Toshi Yamada from Rivers attended the meeting.

Mrs. Anita Campbell, director of the nutrition service, Pacific area, American Red Cross with headquarters in San Francisco, commended the Rivers' Basic Seven Cooking classes. She said that Rivers' classes are the only ones in the nation and that no one else has applied for nutrition course material to work among oriental people.

TEST FOR DEMOCRACY

Author Vanya Oakes describes the Japanese American problem on the West Coast as a "Test Case for Democracy" in the March issue of Asia and The Americas.

Oakes, who was for nine years a free lance correspondent in the Far East, and who has talked with people "up and down the West Coast," says our West Coast is "not part of a democracy" if equal opportunity is a fundamental principle of democracy.

He give reasons for discrimination as "partly economic, partly emotional," pointing out examples of both, such as an Imperial Valley American who voiced "pique" because those taking over Japanese property after the evacuation made only \$13,000 where the Japanese had made \$35,000 in corresponding period; and the fact that the prejudice does not include Italians and Germans.

He finds that, despite Gov. Warren's "clear-headed" admonitions the "oust-the-Japs" contingent has succeeded in making the Japanese afraid to return, unless, "ironically," the manpower shortage, already great, becomes so desperate that agricultural interests beg them to return.

Author says the Japanese American problem is a test case for all other minority problems. If we cannot solve them and prove ourselves more than a democracy "just for white people." Our enemies will have a dangerous weapon and we can expect to be treated with nothing but derision at the peace table.

"It is not a question of whether we want the Japanese Americans back on the West Coast--it is a question of whether we want democracy."

librarian. This is a historical novel covering the life of Queen Elizabeth of England while she is in her 'teen years."

CINCINNATI HAS NEW PUBLICATION

The evacuees and the Citizens Committee of Cincinnati, Ohio, have started a new monthly publication giving facts on the Cincinnati area, its activities, and its Japanese American population.

The publication, edited by Bob Hirano, costs \$1 for a year's subscription. Subscribers should write to Dr. James H. Takao, business manager, Eighth floor, Transportation Building, Cincinnati 2, Ohio.

VETERAN

HITS DISCRIMINATION

The following letter appeared in the San Francisco Chronicle of March 26, 1945.

Editor--I am an American soldier just returned to the United States after about three years' fighting in the Pacific. Lately I don't know whether to call myself an American or not--I should say; be proud to call myself an American. In a recent issue of Time there was a caption that read "American fair play?" It went on to tell of this American (?) Legion post in Hood River, Ore., that struck 16 names of Nisei from its public roll of honor and will not replace them.

There is also the matter of the big bad gun-twirling Sheriff of some town in California (I'm a native son), in Time a while back, that he would make it hot for any Nisei that tried to come back, or words to that effect. I would certainly like to meet this big-time operator and his pop-gun; yeah, I'd like to see him, this Legion post, and all other with the same kind of thoughts with a lot of popguns in the hot, steaming, stinking, sweating jungles against a real Japanese. Yes, I would like to see them against a real enemy, instead of another that can't help it if his skin isn't the same color as those around him, but probably has more right to be called an American.

Sgt. Don T. Nichols
 Sgt. Emmett R. Green-Camp Beale. well

ALIEN TRAVEL IN SOUTHERN CALIF.

The United States Attorney for the Southern District of California was requested to give a statement concerning the extent of alien travel without permit in his district. In reply to this request, he has made the following statement:

"In determining the travel by aliens of enemy nationality without the necessity of a travel permit, this office has established Metropolitan Los Angeles as the area within which such travel can be accomplished.

"Roughly, the confines of Metropolitan Los Angeles are San Fernando Valley to the north; the Coast to the west, including all coastal towns down to Long Beach to the south, and, as for the east it includes beginning from the northern line of Sunland, Tujunga, Altadena, Sierra Madre, Arcadia, El Monte, Whittier, Artesia, joining the coast again at Long Beach.

"In similar communities within the Southern District of California, enemy aliens are permitted to travel to the immediate adjacent towns or communities which are considered the natural and logical place where residents of small towns go to, in the ordinary course of business."

RULES ON SHOE RATIONING GIVEN

In order for an applicant to be eligible for a special shoe stamp it is necessary that each member of the immediate family unit shall have used his regular stamp.

Those who want to buy baby shoes should get them before May 1, when baby shoes will be placed on the ration list.

The new ration stamp or ration period for shoes has not been released by the OPA.

CLEVELAND
Family Groups Needed On Farm

Family groups are wanted immediately to work on a number of Lorain County farms, 25 miles west of Cleveland, Dorothy G. Barber, relocation officer for northern Ohio, announced.

At a meeting called recently by several Lorain County farmers, the relocation officers were asked if evacuees would be interested in working on these farms. Besides general farming, there is orchard and greenhouse work. The jobs are year round. The farms are all located within a few miles of each other. Most of these offers have housing now or will build this spring.

EVACUEE HAPPY IN CINCINNATI

Mrs. Jack Y. Kiba, formerly of Rohwer Center, was recently elected publicity chairman of the Cincinnati, Ohio, St. Andrews School Parent Teachers Association.

She has two children--Lorraine, 11, and William, 9--attending St. Andrews. Her husband was formerly in the wholesale produce business in Los Angeles.

When asked about community acceptance in the city Mrs. Kiba answered.

"Cincinnati is not wonderful; it is just normal. The whole thing is this, the people whom we do value as friends here have been proven in time of need. They are not 'hello', 'goodbye' folks. I am gratified to be chosen an official in the PTA. There isn't much to say: I don't want the people at the centers to think this is a 'prop'. Acceptance depends on the individual no matter where he goes."

Brimhall Joins Nursing Staff

Mrs. Lilla Sarah Brimhall began working at the Rivers hospital as senior staff nurse entering on duty, March 27.

cook. 6 days a week at \$6.50 a day.

GREAT LAKES HAS JOB OPENINGS

A special job bulletin containing offers for domestics, cooks, gardeners, and caretakers in the Great Lakes Area has just been received in the relocation office and distributed to the block managers.

In a foreword letter to the bulletin, Robert M. Cullum, Great Lakes Area supervisor, stresses the advantages of these jobs:

"All these situations include maintenance thus eliminating the housing problem. Not only does such employment afford immediate security in terms of board and housing, but it also enables the newcomer to get a breathing spell when he may look around and decide what he might better do in the new community on a permanent basis.

"In the Cleveland and Detroit Districts, there are hundreds of domestic help offers. In other districts, there are as many openings as there are takers. It is possible in many cases for the interested person to describe in detail the kind of domestic employment desired, and to find just such an opening in a short while."

(This bulletin will be available in the block managers' offices.)

Cooking Class Resumes Tuesday

The Basic Seven cooking classes, which were not held this week because of Dr. Grace Lawson's illness, will be resumed next week from Tuesday.

Dr. Lawson states that additional material is available for the cook books. Those who want them should come to her office in Ward C of the hospital.

The Bronco Babes captured the C league title in Butte, taking two successive wins in the two out of three playoff series over the Don Babes on Wednesday and Thursday evenings by respective scores of 18-13 and 19-13.

In the first tilt, the Broncos utilizing their speed to full advantage scored mostly during the first half. At half time the Bronco Babes led by a commanding score of 15-3. The Don Babes threatened to overcome the victors' lead as they rallied 8 points in the final quarter while holding their opponents to 2 points, but the whistle blew ending the game in favor of the Bronco Babes.

SECOND GAME

In the second game, the Don Babes matched their opponents scoring as they trailed by a slight 15-13 margin at the end of the third quarter. The Bronco Babes iced the game in the final quarter scoring three points while holding their opponents scoreless throughout the entire quarter.

Coached by Sus Ishikawa, the Bronco Babes completed a successful season, winning 10 while losing 2. They were led by the sharp shootings of Teruo Kozaki and Butch Inouye who scored consistently while Marble Sakoi played outstanding defensive games throughout the season.

BAMBIS CAPTURE TITLE IN CANAL CASABA LEAGUE

Rockettes Win Second Round

In their final game of the second round, the Rockettes managed to keep their record clean by overwhelming the Checkerettes by a wide margin of 47-24 last Tuesday night.

Pacing the Rockettes were Southpaw Dotty Katako and ambidextrous Mich Kajikawa who scored freely showing through 18 and 17 points for the winners.

In their final game of the girls' cage league in Butte, the Delta Phis were successful in defeating the Winzotees by a score of 33 to 20, Wednesday night.

Spearheading the victors' attack were the usually consistent forwards Helen Osada and Sakiko Kato, who tanked 16 and 12 points. Despite the efforts of Ida Osada who succeeded in potting 11 points, the Winzotees were unable to approach the victors' early lead and found themselves 13 points behind at the close of the game.

With a lead never once relinquished, the Bambis ran away with a 50-37 decisive victory over the Seniors which gave the victors undisputed title as Champions of Canal Girls Basketball League.

Although the Seniors threatened to overcome their opponents several times during the game the Bambis' sharp shooting Shig Iohimoto's 22 points followed closely by team mate Helen Tanigawa's 21 proved to be too much for the ever potent Seniors even though Bernice Kane-naga took top honors for the losers by scoring 29 points.

On Monday night the Junior aggregation victored over the Teensters by a score of 27-14.

TRANSPORTATION, 65, CAS VICTORS

In an unusually lengthy game which required 15 minutes overtime last Thursday, the Block 65 quintet emerged a 1 point victor over the tough CAS 5 and thusly took over leadership in the Butte Industrial League.

It was a nip and tuck affair throughout the game with the Osada, brothers, Ralph and Willie, dropping in 14 and 12 points to aid in the win, while Kenshi Zenimura and Don Koda were contributing 18 and 12 points respectively for the losers.

In a previous night's game, with Kenshi Zenimura popping 14 points the CAS was successful in beating the Lil' Gus five by a close score of 33 to 31.

On Tuesday evening the Transportation team edged Blk. 48 by a narrow margin of 30-27.

STATEMENT GIVEN ON PROTECTION OF U.S. PROPERTY

Project Director Leroy H. Bennett yesterday issued the following notice concerning protection of government property:

"Every employee of the United States Government has a definite responsibility to protect property belonging to the United States. This responsibility extends to care, maintenance, and protection from theft.

"Whenever any type of government property is destroyed by fire, stolen, or willfully damaged, and investigation and prosecution of the offenders, if apprehended, is conducted by federal officers and trials and sentences are the jurisdiction of federal courts.

"It is my duty as Director to turn over the federal officials any information which may lead to the conviction of anyone at Gila who misappropriates federal property, carelessly permits its loss through fire, or willfully damages anything belonging to the Government.

"This is a notice to evacuee residents and appointed staff that such cases are outside of the jurisdiction of the Judicial Commission or mine as Director. Offenses will be rapidly investigated and prosecuted."

CALIFORNIA**RETURNEES FOUND
TO BE SATISFIED**

Recently the War Relocation Authority sent a reports officer out to find out how the largest groups of relocated Americans of Japanese ancestry in California were working out their resettlement problems.

The groups visited were in Fresno County. While individual answers and all the way from "wonderful" to "pretty good, so far," there was not one person unable to say he was glad to come back.

Interviews with former Gilans are described as follows:

"Our first call outside of Fresno was at the home of Harry Osaki near Selma. For a house that had been peppered with buckshot a few weeks ago, it certainly had a normal appearance. Those who worried about the effect of this attack on the elder Osakis would have been relieved if they could have seen them happily putting around in their garden.

OSAKIS

Mr. Osaki does not speak English fluently but he knows how to get over one point -- "This is my country", he said, scuffing his foot in the soil of his ranch, "this is where we belong."

"Not far from the Osakis are the Hiyamas. Mr. and Mrs. Hiyama and their two children got home a few days before Christmas and later other members of the family followed. Mrs. Hiyama and her sister-in-law were digging out in the vineyard when we arrived.

HIRAOKAS

"Around the corner and down the highway are the Hiraokas. Mrs. Hiraoka and her two daughters, Alice and Fusa, were doing chores in their comfortable home when we arrived. They sent out for Harry, the brother who is managing the farm. He is the only one of the four Hiraoka boys who has been spared by the Army to run the ranch. Harry came in with Howard Hatayama, a neighboring rancher, who like the Hiraokas, relo-

NISEI VETS ENTERTAINED

Wounded American soldiers of Japanese ancestry hospitalized at Dibble General Hospital, Menlo Park, Calif., are the special project of the San Jose Bible College, 306 So. Fifth Street, San Jose.

To make sure that the Nisei are not lacking for entertainment, workers from the college have instituted a program for the veterans, which includes entertainment in homes of persons of Caucasian and Japanese ancestry in Santa Clara County, seeing to it that flowers are placed in the men's rooms, taking them for automobile rides on sunny days and making available to all of them transportation so that they may attend church services.

Among those working with Rev. W. L. Jessup, president of the college and minister of the Church of Christ which sponsors the college, are Mrs. Alice Stilgebauer, Audrey Issacs, Eleanor Still, Mrs. Maynard Kennedy and Rachael Carlton.

The work is being co-ordinated so that no American veteran of Japanese ancestry is overlooked and that everything within financial means of the group is done to entertain them.

**MRS. LONGWELL
PHOENIX EDITOR
VISITS RIVERS**

Mrs. Maude Longwell, women's editor of the Arizona Farmer of Phoenix, visited Rivers last Friday to take pictures of camp and its children for publication. She also came to make arrangement for a broadcast by Dr. Grace Lawson over station KOY on the dinner bell program.

Accompanying Mrs. Longwell was Miss Esther McKinney of the War Food Administration program, who was interested especially in child nutrition.

They both showed enthusiastic interest in the children here and in the flowers and gardens around each barrack.

"During the day Pete Nakayama, from Rivers via Montana, dropped in to talk to Paul Fischer, relocation officer in Fresno. Nakayama and four other returnees are working for a Caucasian farmer in Kingsburg. The other workers are friendly Mexicans. Nakayama has been too busy to get around Kingsburg, but he says he can tell that Caucasians are friendly because they 'raise their hands to us' when they pass by."

**Family Returns
To Hood River**

Nineteen year old Mary Ogawa, a recent arrival in Hood River, completed preparations to receive her mother and sister who arrived March 31, and met them at the train.

Mary was busy around the ranch house for the first few days last week with her housecleaning. She didn't even go into town to shop until Thursday, and she admitted she was a little bit worried.

"I went into the Safeway Store in Hood River and I certainly felt conspicuous. Imagine my pleasant surprise when the employees and the manager practically fell over themselves trying to serve me... Felt so good about the whole thing that I stopped in another shop.

"This shop, a small book and art store, was managed by a very friendly woman who called me by name, and talked with me for half an hour. I was sorry I couldn't remember her name."

Mary relocated from Tule Lake with her family in 1943 to Cleveland. Her brother is serving in the armed forces, and Mary's mother and sister plan to help her run the orchard until his return.

"Western Union College publishes an annual called 'The Eagle.' I loaned them the 1943 'Year's Flight,' which was referred to for the college's publication. And for the poem of the annual they used Tokiko Inouye's 'The Eagle,' a full page poem with her name on it."

I.D. CARD NEEDED BY JOB SEEKERS

Failure to carry the laminated identification cards obtainable at the centers, or failure to show them voluntarily to prospective employers, is creating needless hazards to prompt employment in Southern California, Los Angeles area supervisor, Paul G. Robertson, reports.

Most employers, after interviewing a prospective employee, go through the formality of checking by telephone to make sure that the particular individual is cleared by the Army.

Needless delays result, and it has been suggested to the area supervisor that he urge those returning to this area not only to obtain and carry identification cards, but to produce them voluntarily for the inspection of prospective employers.

If in some centers the issuance of these I.D. cards is no longer provided for, they may be obtained after arrival in Los Angeles by contacting the district relocation officer.

Both teams scored in every inning except the first, and leading the attack for the victors were Ryono and George Mukuno collecting 4 for 5 and 3 for 5 while Art Sugimoto, Joe Mori, and Bobby Nakamura slapped out grand slam homers for the losers.

Tets Hasegawa sacrificing reached first safely on fielders choice when the pitcher threw to third attempting to nab Zenimura. Both runners scored while George Kataoka's ground ball was being kicked around by the shortstop.

Right-hander Tyree was nicked for 2 run in the fifth and 1 each in the third and sixth by the local nine, while southpaw Tets Furukawa tightened in remaining innings to hold the opponents scoreless rest of the way except in the eighth when Tollerson touched him for one more marker.

Sharing hitting honors for Butte High were Kenso Zenimura and Tets Hasegawa garnering 2 hits apiece.

PRESIDENT ROOSEVELT DEAD

THREE RECEIVE ARMY NOTICES FOR ACTIVE DUTY

Three young men received notices to report for active duty in the U.S. Army effective Sunday, April 15.

The three are as follows:

Ray Mitsuyoshi 9-8-C
Iwao Yoshimoto 30-13-A
Harry Kuramoto 10-12-D

Albert Takeshi Nambu of 51-5-D has been added to the list of inductees to be sworn in at Phoenix on April 27.

REALIGNMENT

Relocation Will Handle Property

Evacuee property services, formerly directed jointly by the Administrative Management Division in Washington and the San Francisco field office has become the responsibility of the Relocation Division at all levels, effective April 10, WRA Director Dillon S. Myer announced.

Under a general realignment of basic functions outlined in Administrative Notice 239, West Coast area relocation offices in Arizona, California, Oregon, and Washington will report directly to the Relocation Division in Washington, and will function exactly as other area offices.

The assistant director in San Francisco reporting directly to the director, in a staff relationship will coordinate the problems of WRA over the entire West Coast, in dealing with state officials in California and federal officials, including the military; coordinate public relations throughout that area; and in general, expedite established policies and procedures with all WRA personnel.

HARRY TRUMAN SWORN IN AS 33RD U.S. PRESIDENT

Roosevelt is dead! The radio announcement was hard and blunt. There was no way to soften its blow, for the passing of the President was as stunning as it was sudden.

Thus Rivers learned that Franklin Delano Roosevelt had passed away at Warm Springs, Ga., 3:35, Central time, Thursday afternoon, April 12, from what was medically described as a "massive cerebral hemorrhage!"

The 63-year-old president was being sketched in his cottage at Warm Springs Thursday afternoon. At 1 p.m. he said, "I have a terrific headache." At 1:15 he fainted. At 3:35 he died without regaining consciousness. He had been at Warm Springs since March 30.

At 7:09 p.m. Washington time, just a few hours after the President died, Vice President Harry S. Truman of Missouri was sworn in by Chief Justice Harlan Fiske Stone as the thirty-third president of the United States. He takes over to complete what was to be Franklin Roosevelt's fourth term.

FUNERAL SERVICE

Funeral services will be held this afternoon in the East Room of the White House. Burial will be at Hyde Park tomorrow afternoon.

In Rivers, Project Director Leroy H. Bennett decreed a 15-minute period of respect from 9 to 9:15 o'clock this morning in respect and in memoriam. Churches will remain open today for prayer and meditation.

LIFE HISTORY

Roosevelt was born on Jan. 30, 1882, at Hyde Park, N.Y. In 1913 he was appointed assistant secretary of the Navy. In August 1921 he was stricken with infantile paralysis. The healing waters of Warm Springs, Ga., proved beneficial, and he established a foundation there to help other sufferers.

He was elected Governor of New York in 1928. In 1933, at 51, Roosevelt became president. He was elected for the fourth time in 1944 and was starting his thirteenth year as president.

Civil Service Test Next Week

Tom Sawyer announced that education in cooperation with relocation will conduct Civil Service examinations for simple clerical, typist, and stenographic employment. The tests will be held in Butte at 43-16-D on Monday morning, April 16, at 8:30 and in Canal at 13-13 Tuesday morning April 17 at 8:30. Typewriters will be furnished for the use of those taking the tests.

According to Lyston Black, personnel officer, an excused absence will be allowed for those who are employed on project jobs if the immediate supervisor is notified.

There will be a Civil Service representative to assist in the examinations. Anyone is eligible to take these tests, including high school students. Applicants should have form sixty (one copy) completed. This form may be obtained at the high schools, relocation offices, and at the personnel office.

CALIF.**LA WRA Office Gets Autonomy**

A streamlined decentralization of the War Relocation Authority, under which the Los Angeles office and its Southern California branches will operate as an autonomous unit directly responsible to Washington headquarters, becomes effective this week.

The announcement was made by Dillon S. Myer, director of WRA.

Headed by Area Relocation Supervisor Paul G. Robertson, the Southern California organization has been operating under jurisdiction of the WRA western field office at San Francisco since last December.

SEATTLE TOO

The WRA Southern California area consists of San Luis Obispo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside, Imperial and San Diego counties, and Maricopa county in Arizona.

Myer announced that the Seattle office henceforth will function directly under Washington.

Myer said the total number of evacuees who have already left the relocation centers now has climbed to 40,000. These have either returned to normal civilian life or, in the case of the younger men, are now serving in the United States armed services.

The War Department has informed WRA that approximately 17,600 Japanese Americans from the mainland and Hawaii have been inducted into the army since November 1, 1940.

1,196 RETURNEES

During the three months in which the Army's new order has been effective, Myer announced, 1,196 persons have severed permanently their connection with WRA relocation centers and have returned to homes, jobs, businesses and schools in California.

"There are still 55,000 persons remaining in relocation centers who have been wholly cleared by the Army, and are therefore eligible for relocation in any part of the United

SOCIAL AGENCIES HELP

Social agencies throughout the Midwest have been fully informed on the war's dislocation of our Japanese American population and have already assisted a number of center residents in resuming normal lives again, according to Miss Prudence Ross, acting supervisor of the North Central area. Services of both private and public agencies will be available to Japanese Americans long after WRA has been liquidated.

GRANTS ON NEED

Grants from the Resettlements Assistance Fund are not limited to emergency situations nor are they strictly "relief". Grants are made on the basis of need, and a need may be defined as any obstacle to resettlement. A number of employed resettlers have requested grants for their travel expenses to a relocation center for the purpose of helping their family or parents leave the center. Others have requested grants to purchase furniture or to rent larger apartments or houses on having their families join them in a Midwest community. Such financial assistance is not a loan but an outright grant to minimize for the evacuee undue stress and worry over finances in trying to begin life over again in the world outside the centers.

Future issues of the Field Bulletin from the Central Area will include the names and addresses of social agencies which have assisted resettlers either financially or in family planning.

MEDICAL SERVICES

Until recently most of the assistance grants to resettlers in the Midwest have paid for medical services—dental, eye and internal surgery—and hospital bills and daily living expenses for persons having long-term illnesses such as tuberculosis or infantile paralysis. In the case of several older Issei who suddenly had a stroke and died, Assistance grants paid for their hospitalization and funerals.

BOOK ON EVACUATION

Houghton Mifflin Company of Boston has just published a book entitled the "Moved Outers" dealing with the evacuation and life at Assembly and Relocation Centers. The author is Florence Crannel Means and the book contains illustrations by Helen Blair. The price is \$2.00. It is a small size book with approximately 150 pages.

The text deals with one family from the day before

CANAL LIBRARY ADDS 2 BOOKS

Two more books have been added to the rental shelf in the Canal library, announced Sally Seiji, head librarian. The books are "Young Bess" by Margaret Irwin and "The Ballad and the Source" by Rosamond Lehmann.

States", Myer said.

the attack on Pearl Harbor to the time the young daughter leaves Amache on student relocation and the one son joins the United States Army.

Much of the text is concerned with the emotional impact of what happens on the hearts and minds of those two young people. The father is detained and sent to Bismarck before the evacuation, later released and rejoins the family group in Amache. The young people feel keenly the manifestations of antagonism shown by certain people with whom they come in contact. They feel the safety of being inside the gates at times, yet fear the "Japanization" which may overtake them by constant association with the older people. Despite all the trials they emerge in the end loyal Americans.

TIDINGS FROM A REFUGEE CAMP

William Taylor, former design engineer at Rivers, wrote to Project Director L.H. Bennett from a refugee camp in Egypt to say hello to his friends here.

Taylor's V-mail letter, dated March 27, states:

"For the last four months I have been working in a large Yugoslav Refugee Camp at El Shatt in Egypt in charge of work shops and a little construction. The facilities are much different than at Rivers. Dormitory space for 16-18 people in a double desert tent is provided, 15' x 40. Several families live in one space without privacy or storage space. Mess-halls feed 1,200 people each, army field style. The camps are located in an absolutely barren desert where there is no possibility of agricultural production. Seven camps in the El Shatt group house 27,000 refugees.

"I have been recently reassigned to the Yugoslav country mission, division of Industrial Rehabilitation as Architectural Assistant Engineer. I anticipate a good deal of field work with supply requirements."

Four New WRA Offices Opened

To aid in carrying out final stages of the relocation program four new WRA district offices are being opened in the following cities:

Santa Barbara, to serve Ventura, Santa Barbara and San Luis Obispo counties; Santa Ana, to serve San Bernardino, Orange and San Diego, for San Diego county.

At the end of the summer Mrs. White says she can find domestic employment for them if they wish to relocate in that area, or who will pay their expenses to another place.

Three girls from this project were with her last year and they have recommended the place. Mrs. White is now in Tucson and would like to come to the project to interview applicants. The girls would accompany her in her drawing room on the train when she returns to Minnesota about June 1.

HEALTH

DESTROY FLOWER OF CASTOR TREE

Castor bean flowers should be cut as soon as they appear and burned to help prevent asthma and hay fever, the medical staff of the hospital announced this week.

The statement from the medical staff reads:

"We have observed for sometime past that there has been a decided increase in the number of asthma and hay fever cases in this project.

"We are of the opinion that the outstanding offender is the castor bean flower. If the residents will cooperate by cutting and burning the flowers as soon as they appear and the health of the community will be considerably improved.

Canal To Get Fish Tickets

Tickets for the Canal fish market will be distributed at 11 a.m. instead of at 1 p.m. beginning April 25, the Co-op announced this week. The sale of fish, however, will start as usual from 1 o'clock every Wednesday afternoon.

WRA TO AID HOSTELS BY LENDING FURNITURE

To help overcome the housing shortage, WRA will lend furnishings from surplus center stocks to non-profit hostels offering temporary shelter to 20 or more persons, Dillon S. Myer, director, announced.

Loans on bedding, chairs, kitchen utensils and table ware will be made to hostels in the states of California, Oregon, and Washington only. Loan arrangements can extend through January 1, 1946. The temporary use of this excess government equipment will be made available only to hostels operated by responsible committees or

representative groups others than evacuees or in addition to evacuees.

Transfer of beds, mattresses, blankets, pillows, straight chairs, cooking utensils, crockery and cutlery will be made at government expense. Dependent on the locality of the hostel, loans will be made from stocks at Colorado River, Manzanar, or Minidoka Centers, provided items are on hand.

Except in hardship cases which will receive special consideration, no evacuee may stay at such a loan-aided hostel for more than three weeks. Sponsors will be permitted to charge only what it costs to operate the hostel.

Such hostel operators will not be permitted to practice any discrimination, and housing must be made available to members of any religious group.

The supervisor in the area of the hostel's locality must approve the sponsors of the hostel and the utilization of facilities before transfer of furnishings is made. These hostels must be open for inspection by Authority employees, and their books and accounts available on request of a government representative.

Sponsors must receipt borrowed property, and will be held responsible for it for the duration of the loan agreement.

BLK 54 TOPPLES 46 IN "B" TILT

Using height and substitutes to full advantage the Block 54 aggregation pushed forward a 26 to 21 win over Block 46 in an Industrial League B game last Wednesday night.

With nine members of the team making from two to four points the winners maintained the slim lead throughout the affair.

However, for the losers, Harry Kozaki had a busy night shoving through 15 points.

ICE TO BE SOLD

Shaved ice will be sold by the Block 65 baseball team at today's and tomorrow's games at 28 field.

ROCKETTES WIN FIRST OF PLAYOFF SERIES; 41-30

The Rockettes, second round winners of the Girl's Cage League in Butte was successful in capturing the first game of the championship playoff by completely outclassing the Comets first round titlists by the score of 41-30 Wednesday evening.

INDUSTRIAL Transportation, 57, CAS Victor

The Industrial League was resumed last Tuesday night when the 57 quintet and Lil Gus five fought a 10 minute overtime game with 57 finally winning 50 to 44.

On Wednesday evening the CAS team edged Block 48 in a closely contested game by the score of 29-26.

The 57-Lil Gus tilt was deadlocked at 40 all at the end of the regular 40 minutes. In the first overtime a basket each knotted the count at 42-42. In the final period 57 slapped in 4 baskets, limiting Lil Gus to one.

In a closely contested basketball game, the Transportation five eked out a 33 to 27 win over the Block 45 quintet last Tuesday night.

With both teams making bucket for bucket, the 45'ers were behind one point at the end of the first half. In the second period the determined losers aggressively fought to keep up, but with Afari and Fukutaki potting 10 and 9 points, the winners managed to maintain their lead.

Tennis Club To Sponsor Tourney

All tennis players are invited to compete in the spring handicap round robin tournament sponsored by the Butte Tennis Club, beginning this Sunday morning at 8 o'clock. A trophy and a cup will be given to the best scorer and the runner-up.

The Comets forged ahead in the opening minutes of the tilt as Dottie Mizukami scored six successive points and Mitch Taniguchi added five points giving the Comets an 11-4 first quarter lead. That lead was short lived as the Rockettes forced them to relinquish their lead staging a rapid comeback in the second quarter, scoring 12 points, giving the winners a 16-13 half-time lead. The scorings throughout the third period were closely matched as the Rockettes swished through 4 field goals while the Comets registered 6 digits, 4 of which were scored on charity tosses. In the final fourth, the Comets on trying to regain lead which they had lost during the second quarter played aggressively, but the scoring powers of the Rockettes proved to be too great for them to overcome.

High scoring honors go to Sally Kajikawa, of the victors who tallied a total of 15 digits. Dottie Mizukami of the Comets followed closely with 13 points.

Tsuneko Mayeda of the losers played a brilliant game at guard while Yuri Fukushima and Kazuo Nishikawa sparked the victors' defense.

TOURNEY SLATED FOR TOMORROW

The "Akira Shima Trophy" golf tournament for all club members will start from 7:30 a.m. tomorrow morning at the Butte golf club course. The winner of the 36-hole tournament will get a trophy donated by Akira Shima. There will be second, third, fourth, and booby prizes.

GAME SHIFTED

The Block 55 nine will play the Taiyos on Sunday afternoon instead of Saturday as printed in the last issue of the News-Courier.

MANPOWER

PAYROLL UNIT NEEDS WORKERS

An urgent appeal calling for clerical workers was made to the Manpower Commission and personnel officer by William G. Graham, finance officer yesterday. It is especially imperative, he stated, that vacancies in the evacuee payroll and clothing sub-units be filled at this time.

Members of the Commission were deeply concerned over the situation and agreed to do everything possible to induce workers to apply for these positions.

Lyston S. Black, personnel officer issued a special call to all workers who have some knowledge of clerical work, typing, stenography or bookkeeping to report immediately to the personnel management office for assignment.

It is not necessary, Black pointed out, that a worker be an expert in this line of work in order to apply for such a position. In fact, he stated, this is a marvelous opportunity for a person to get the necessary job experience to qualify for a position after relocation.

ington office of WRA as follows:

1. To permit pupils to make up work or to complete fractional credit.

2. To provide program of remedial English for those who are weak in this field.

To accomplish these purposes the elementary schools will spend an hour and a half, from 8:00 to 9:30 on subjects in the English field for those students who are weak in the command of English and from 9:45 to 11:30 on other subjects in which students may have failed or have the mark "conditioned."

There will be no regular classes or tutoring during the afternoon but most school libraries, laboratories, and shops will remain open where there is an adequate demand for their use.

The high schools will likewise use the morning hours for assistance to students who have failed or who have fractional credit deficiencies to remove. They will offer full credit courses only to those few students who lack less than two units of graduation and who might, before Sept. 1, be graduated by summer school work.

Except for seniors, as indicated above, no students at either elementary or secondary level will be able to take work which would hasten their graduation by as much as one half year.

Summer school work will start on June 18.

MIDWEST**NISEI BUSINESS INCREASE RAPID**

Less than 20 persons of Japanese ancestry owned a small business in the Midwest at the outbreak of war, but today the number has jumped to 70 and more retail shops are needed, according to a booklet just published by the North Central Area. The booklet entitled "Business Opportunities for Issei in the Midwest" is available in an English edition and a special Japanese illustrated edition at the relocation center.

Every Midwest city can support one or more restaurants specializing in Oriental foods, and openings exist also in a wide variety of other businesses--laundries, hotels, rooming houses, produce markets, grocery stores, toy factories, handicrafts, dry cleaning and dress-making establishments, and specialty repair shops.

Resettlers who have set up a business in the last year or two and older Issei who have been in business for years were interviewed by Relocation Officers in the North Central Area. Their comments comprise this booklet. Every businessman interviewed stated that he would be glad to advise or assist Center residents interested in going into business.

EVACUEE THRIVES IN SOUTHERN GA.

"Why evacuees don't move to Southern Georgia instead of wanting to return to California is beyond my understanding," was the earnest comment of S. Butsuyen of White Oak, Georgia.

Butsuyen and his business associate H.I. Omaye went to work as their own farm hands several years ago on rented land known today as the Maryfield Plantation, located a short distance from the town of White Oak, Georgia.

Last week they were harvesting a 100-acre crop of head lettuce. It appeared that the crop would average from 175 to 200 cases per

CALIF. LAW ENFORCEMENT

(Excerpts from an address to the sheriffs of California by Robert W. Kenny, attorney general of California, sheriffs meeting, Sacramento, March 16, 1945.)

Today California is peculiarly in the eyes of the world. The San Francisco Conference, which will begin on April 25, is one of the most important international events that will take place in our time. Many hundreds of foreign leaders will be here. There will also be more than 500 newspaper correspondents, according to information presently available. These leaders and correspondents will represent every nation of the world with the exception of enemy and neutral countries. These visitors will hear the story of democracy, the story of equality among men. They will be working out the machinery to build a world democracy and a perpetual equality among men and nations---We must, therefore, make absolutely sure that nothing interferes with the welcome we extend.

PROTECT RETURNEES

With the determination by the War Department that military necessity no longer requires the exclusion of the Japanese Americans from the West Coast, and the decision of the Supreme Court of the United States that the rights of the Japanese Americans must be restored, these rights again are theirs. And it is the duty of law enforcement officials to cast aside any personal prejudices they may have and fully to protect the returning Japanese Americans....

Most of the incidents that have taken place are specifically prohibited by law and it has been possible to take prompt and definite steps to quell disturbances and take into custody those who transgress against the peace. I know from firsthand experience how promptly and efficiently all of you have moved. The Department of Justice has been and continues to be at your service for any assistance we can render. Offenders must be apprehended and quickly.

UPHOLD THE FREEDOMS

Whatever else reaches the ears of natives of Japan, we may be assured that treatment of persons of Japanese extraction is fully reported to them in every case where that treatment is contrary to our declared democratic principles. The atrocities which have been committed against American prisoners are unthinkable. We have the urgent duty of protecting them from additional hardships. Don't give the enemy Japanese a chance to visit worse horrors on our people who are still in their clutches. They may be looking for excuses which would to them justify further mistreatment.

The responsibility for the protection of these people does not stop with prevention of shooting. The protection of their basic rights - freedom from fear, freedom to earn their living, freedom to live as peaceful citizens - must also be maintained.

acre. The market price per crate at that time was \$4.90 per case. "And", stated Butsuyen, "we don't have to pay \$1.65 per crate freight charge from California to eastern markets."

"Sure we'll rent some of the cleared land to evacuees, and we'll clear and place behind dykes more of the land for evacuees," Butsuyen continued.

Ex-Gilan Active In Cleveland

A Red Cross dance sponsored by the Cleveland Nisei on March 31 netted \$90, all of which was turned over to the Red Cross drive.

Among the dance committee members was Joe Shigezane, former Butte CAS director.

CHECKS?

HORST EXPLAINS CHECK QUESTION

Many workers have called at the finance office wondering why they had received smaller checks than they had anticipated. Donald Horst of the finance office states that this is explained by the fact that separate evacuee payrolls are being prepared for each activity at this Center.

This means a worker will get more than one check if he transfers from one activity to another during any one month.

Since it takes about two weeks to prepare an entire payroll, both checks will not come to the worker at the same time.

Adult Education Plans Exhibit

An exhibit of handiwork of the various classes of the Butte adult education will be held this week-end, April 21 and 22, at 43-4. Drafting, cooking wood-shop, and English classes will be among those displaying their work.

The exhibit will be open on Saturday from 9 a.m. to 12 noon, 1 p.m. to 4:45 p.m., and 6:30 p.m. to 9 p.m. On Sunday it will be open from 9 to 12 and 1 to 4:30.

POINTERS FOR

DRAFT CARD HOLDERS

Police and other investigators may, at any time, ask men who have left the centers to show their draft cards. And whether or not a man is detained for further questioning frequently depends, not only upon displaying the cards promptly, but also upon how long ago his classification notice was issued.

In order to clear up various misunderstandings, the Los Angeles area office interviewed the legal adviser of Selective Service in Southern California. Thus, the information which follows, although not official, represents the generally current practice of police with regard to the lengths of time clas-

SOCIAL

"DEEP PURPLE" NEXT SATURDAY

It will be "Deep Purple" at the Crystal Ballroom next Saturday night, April 28, when the Butte YBA and the Junior YBA join forces to sponsor their big social event of the year.

Elaborate plans were mapped Sunday night at the clubroom by the cabinet officers and block representatives.

It will be a stag-stagette sports affair from 7:30 - 11:30 p.m. Saturday in the school auditorium. Bids will be available soon for 15 cents for YBA card-holders and 25 cents for the general public. Members must show membership cards at the door.

General chairman, Ichiya Tsuchiyama, is being assisted by five committees composed of 32 persons.

nationwide acclaim, brought back with him, according to Charles Gotthard, New York correspondent for the Chicago Tribune.

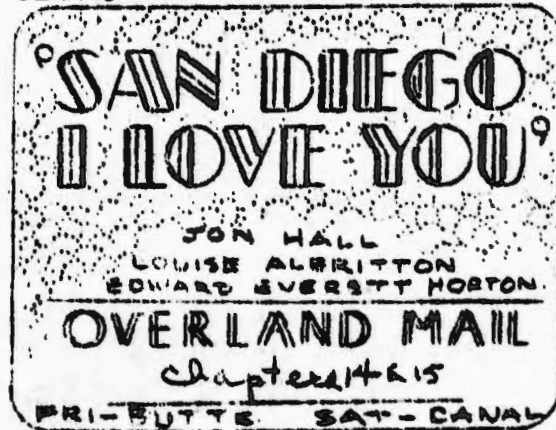

Rosenthal, whose daring in making the historic picture of the Marines raising the Stars and Stripes at the crater rim of Mount Suribachi after the bloody battle for the island caused Navy Secretary Forrestal to remark that Rosenthal was "as gallant as the men who raised the flag," told Gotthard:

"There are thousands of Japanese Americans in United States service in all theaters. All of those with whom I came into contact are anxious to prove their loyalty to this country. Often their anxiety is touching, for they volunteer for all sorts of dangerous missions.

DOUBLE RISK

"They work so close to the enemy on these missions that, along with the danger of being killed by Japs, they run the risk of being shot, unintentionally, by our own Marines. From a distance it's hard to tell them from the enemy. Their dungarees soon become ragged in rough country and the similarity of their physical appearance makes their job that much tougher.

Rosenthal condemned isolated instances of antagonism toward Japanese American fighting men by United States groups. He termed a "crying shame" the action by the Hood River, Oregon, American Legion Post in removing the names of Japanese Americans from the city's honor roll, a move that also was condemned by the National Legion organization.

Well Furnished Hostel In N.Y.

Family resettlement to Upstate New York is being facilitated by the availability of a completely furnished family-apartment hostel which the Rochester Resettlement Committee in cooperation with the First Baptist Church recently opened on a non-sectarian basis at the Church Parish House in the center of the city, according to Claude C. Cornwall, Rochester relocation officer.

Two families of resettlers have already made use of the apartment hostel until they obtained more permanent quarters Cornwall said.

A family may occupy the apartment hostel, which has sleeping accommodations for four persons, until permanent living quarters are found. No rental is charged, but persons occupying the apartment may contribute to the church fund if they so desire.

RETURNEE STORE IN LIL TOKYO

An important additional test of reception in Los Angeles, was met successfully on March 30, when the first business establishment to be owned and managed by a returnee in Bronzeville (formerly "Little Tokyo") opened its doors.

The Bronzeville Five and Ten Cent department store, at 246 East First Street, is the business venture of Kiichi Uyeda, who served as a buyer at Manzanar where he was a popular resident.

Uyeda had his store front and interior attractively painted, and he had succeeded in getting together "as a starter" a small but complete stock of notions, ranging from "unbreakable" kite strings to "holeproof" socks.

The proprietor has made friends in Bronzeville, including negro leaders who presented him with floral pieces to celebrate the opening of his store. "But," he says, "you can't just leave friendship to chance--you must actively go out of your way to cultivate it in this neighborhood."

L.A. Open House To Invite Japanese

Open house will be held April 23 from 7:30 to 9:30 p.m. at the International Institute, 435 S. Boyle Avenue, Los Angeles 33, to all Nisei and Issei returnees to Los Angeles.

The Institute, through the leadership of Miss Esther Bartlett, has extended to returning Japanese the facilities of the Institute for social or other purposes that may arise in the coming months.

Invitations are being extended not only to known evacuees in the city, through the hostels and residence addresses, but also to persons interested who expect to be in the city at the date specified.

RETURNEE GETS WHAT HE WANTS

How a self-reliant returnee from Gila solved his job and housing problem without help from others is disclosed by Relocation Officer Gerald Ash of the Los Angeles district office.

Ichitaro Okuda, 42-year-old Issei who arrived at the Pasadena hostel from Gila River on March 15, inserted a 38-cent advertisement in a Pasadena paper, asking for gardening work. He received over 60 replies, and has now contracted to care for 22 yards and gardens in Pasadena and vicinity.

Then, ignoring warnings that it would be a waste of time to try to find a house, he systematically followed up all promising newspaper advertisements in both Los Angeles and suburban papers. He succeeded in less than two weeks, in renting a desirable house in Los Angeles where Okuda and his family soon will be reunited.

GILANS WELCOMED IN NEW ORLEANS

"Howdy -- boys, ... We're happy to have you in New Orleans! Yes... we can get jobs for you. Do you have your draft registration cards with you?"

Those were the words which greeted Keiichi Nakamura, Morio Imanaka and Bob Ishikawa on their arrival in New Orleans from Gila River, Arizona.

The three new residents think it's fine, but Keiichi and Bob have to wait a few days before they can start filling their purses, because they were in such a hurry to get to New Orleans that they left their draft registration cards in the Center.

The four boys rented an apartment and are all set to enjoy life together and they have a new motto, ... "Keep your draft registration card on your person."

桑港會議と 人種平等論

去る三月十六日櫻井に於ける、州セリフ會議で加州檢察總長ロバートウェネー氏の挨拶の一節を左に紹介する。

現在加州は世界各國の注目の的になつてゐる。四月廿五日に開かれる桑港會議は現代に於て最も重要な万国的大行事である。何れも指導格の外國代表數百名が參集し協議するのである。今日までの情報に依れば新聞記者だけでも五百名以上出席するとの

事である。之れ等指導者或は新聞記者連は敵國及び中立國を除く世界の各國を代表する試みである。此の訪問団は米國を訪問して民主主義、即ち人種平等論を闡はし、永遠不朽の世界民主主義を鼓吹し人種平等機會均等主義を樹立せんと努力するものであるから、吾等は彼等の歡迎に支障なき様最善を盡すべしである。

太平洋沿岸より最卑日系人の除外は必要ないとの陸軍省の指令及び日系市民の權利を復歸せしむとの大審院の判決に照して、吾人は司法官吏たるの責任として個人的人種的偏見を棄て歸還日系人の權利を充分認識し保護せねばならぬ。

今日迄に起つた事件は殆ど法律に依り明白に禁止されて居る事柄にて騷擾は速に鎮定し犯罪者は檢査監禁されてゐる。

日系人の保証とは只無賴漢の奔弛を防ぐに止らず、彼等の權利を認めて恐怖を除き一般市民同等に活動の自由を與へべきなり。

私は經驗上諸氏が迅速に且つ效果的に行動して來た事とよく存知して居る。司法部は今後も出来る限り諸君の行動を支援し、犯罪者の出でたる場合速に逮捕処分しなければならぬ。

今年度 夏期學校課程

教育部長ソーヤー氏は今年度夏期學校の課程に就て尤の如く發表した。本年度の夏期學校は全て華府WRAの

指令に基き、極度に切詰められた時間内に於て平素成績の良くない生徒に補習の機會を與へるのが目的である。

生徒をして課目の補習及び半端な課目の修了をなさしむる事。二英語力の不十分なる生徒に其の補習をなさしむる事。右の目的を果す爲に小學校では朝八時から九時半まで英語を、時まで他の不得手な課目を勉強さす事になつてゐる。

午後は別に正規のクラスはないが、圖書館、實驗室及び手工工場等は必要に応じて開放する。高校の方も同様上前中は不得手な課目の補習が主である。但し此の夏期學校に依り與へられるクレジットは後之ユニットで九月一日に卒業出来る極く少數の生徒にのみ與へられるのであつて、他の生徒は小學校に於ても高校に於ても夏期學校で半年卒業を早める訳には行かない。

WEST COAST ATTITUDE

Despite 30 or 40 attempts at violence directed against them the 1500 Japanese Americans who have so far returned to West Coast communities have generally received fair treatment and often a friendly welcome, the Pacific Coast Committee on American Principles and Fair Play and the American Council on Race Relations reported in a joint release.

GROUPS AID RETURNEES

Reviewing the attitude of Coast residents to the returning evacuees the Committee and Council described how West Coast people are aiding the orderly return of Americans of Japanese ancestry and suggested "practical steps that may be taken by other people of good will who believe that Americanism is a matter for everyday action."

The statement was issued in form of a pamphlet titled "Homeward Bound".

The pamphlet cites specific instances of positive action taken by communities on the Coast.

In Berkeley, California "the inter-racial Committee made a community wide survey to discover housing, permanent or temporary, and work at standard wage levels. Two hundred replies were received offering 45 rooms for permanent occupancy and 25 for temporary use. Job offers came for gardeners, gas station attendants, a farm manager, couples for domestic work, secretaries, and clerks."

In Sacramento, "the Council on Civic Unity has made plans with the YMCA to set aside one of their recreation rooms as a dormitory for Japanese Americans passing through town. Members of the Council planned to redecorate a downtown store for use as a hospitality center."

FAIR PLAY URGED

The pamphlet quotes statements made by well known organizations in local communities that have influenced the attitudes of the town toward fair play. Among them is the one made by the San Joaquin County Farm Bureau, which reads in part: "We must always remember of that when we permit persecution of any citizen, or group of citizens we are laying the foundation for our own persecution."

"To pave the way for fair treatment of loyal Americans of Japanese ancestry," the joint statement suggests "a fair play committee or civic unity council can be formed." Suggestions for organization activity were made.

DISGRUNTLED FEW PETITION IN NEB.

Petty jealousy and eco-
nomic rivalry on the part
of a few local citizens in
the Shelton, Nebraska,
area were apparently the
causes leading to the cir-
culation of a petition
signed by 91 persons to
discourage the migration
of Japanese Americans into
Platte River Valley, Miss
Prudence Ross, acting re-
location supervisor of the
North Central Area with
headquarters in Chicago,
announced last week.

"A few disgruntled per-
sons appear to have at-
tempted to inflame their
neighbors with fears of an
extensive Japanese coloni-
zation scheme in the rich
Valley," Miss Ross stated,
"and a number of the per-
sons who signed the peti-
tion have since said they
regretted it."

WRA arranged a meeting
in Shelton, April 6, at-
tended by some 200 persons,
a majority of whom spoke
in favor of the Japanese
Americans, including Har-
vey Lippincott, now a re-
tired farmer, who had
originally employed the
Japanese farm workers.
Lippincott in his speech
reminded the local people
that he had a son fighting
overseas to eliminate ra-
cial persecutions and such
intolerance as they had
shown in circulating the
petition.

Beach.

The disabled veteran,
who attended Compton Junior
College near Los Angeles,
and played baseball on the

EX GILAN OPENS BEAUTY PARLOR

To Mrs. Miye Tachihara Ota, formerly of Santa Maria, Calif., and the Gila River Relocation Center, goes the credit for starting the first evacuee-owned business in Philadelphia. The beauty shop which she opened early in January at 841 Tainey Street, on the northwest edge of Philadelphia's main business section, has been keeping her so busy that she has not had enough free time to accept an offer to teach beauty culture at one of Philadelphia's biggest beauty schools. However, she hopes soon to make use of the teacher's license recently granted to her by the State of Pennsylvania, for her sister Mrs. Hama Itow, also a hairdresser, is coming from Chicago to join her in Philadelphia.

Mrs. Ota came to Philadelphia in December, 1943 and shortly thereafter found employment in a downtown beauty shop. She gave up her job there last November so that she could start her own business.

Mr. and Mrs. Ota were married in Philadelphia on March 14, 1944. Ota, who had arrived in Philadelphia the preceding September, later studied at the Peacock Welding School here and is now operating a lathe at the Jannoy Cylinder Company.

TRANSPORTATION, 57 DEADLOCKED IN CAGE LEAGUE

The results of the Butte Industrial A Cage League at the conclusion of the regular schedule reveal that Block 57 and Transportation are deadlocked for first place requiring a playoff between the two teams to determine the championship.

Paced by Ted Morishita who accounted for 20 digits, the Block 57 team handed the CAS quintet a 35-29 setback in their final game of the regular schedule Thursday evening, to tie for first place with Transportation.

In the following tilt, the Blk. 65 Gila Indians felt the sting of another defeat as the News-Courier team paced by Sam Morishita's 16 points tallied their first win of the season by the score of 32-24 in their final game.

On Wednesday evening the Blk. 57 team was again victorious as they defeated Blk. 48 by a score of 30-18. Ted Morishita was the high scorer with 14 points.

Blk. 65 was eliminated from the race for first place when they were edged by Transportation in an important tilt by a close margin of 38-36 in a thrilling overtime game

BUTTE DOWNS TUCSON IN 10-INNING THRILLER

In a story book ending, the yet undefeated Coach Ken Zenimura's Butte High Eagles squared off hickory sticks with the powerful Tucson High baseball nine last Wednesday at Zenimura Field with the former finally winning in the tenth inning 11 to 10.

The scene that confronted the spectators in that inning will be a memorable one which will not be forgotten for a long time. The score was deadlocked 10-10. With bases bulging and two outs, the count three and two, Kenshi Zenimura slapped a sharp single over third base to drive in Shimasaki for the winning run.

The whole game was like

Tuesday evening.

Despite the efforts of Ralph and Willie Osada, each potting 14 points, the Blk. 65 quintet was not able to outpoint their opponents during the crucial moments of the game.

Paul Ryono paced the winners with 13 points.

a fairy tale as Butte High came from behind three times to tie the score when at times the game appeared hopeless.

With Tets Furukawa chucking for the local nine, Tucson immediately took a 4 run lead. However, this was short-lived as Butte High came back smacking Lowell Baily for 4 runs to tie the score in the second inning.

TUCSON LEADS

Scoring a single marker in the fourth and banging out three long triples in the fifth, the visitors took a commanding 9-4 lead. Butte High came roaring back in the sixth inning with five big runs on five hits and numerous errors to even the score.

With both teams making a run apiece in the eighth, the score was 10-10 which was maintained throughout the ninth and first half of the tenth inning.

Then came the decisive climax of the game. Lead off batter Shimasaki worked relief chucker Tully for a base on a ball as Osada sacrificed him to second. However when the whole infield charged the ball leaving first base unguarded Osada was safe on first with Shimasaki securely on second. As Tets Hasegawa was grounding out to first, the runners advanced to second and third. To utilize strategy for a possible double play, Tosh Nishino was purposefully passed to fill the bases. While George Kataoka flied out, the runners held base. With dirt and sweat gripping his bat Kenshi Zenimura received three straight balls. As the fans calculated for sure that he would be walked forcing in the run, Tully threw two consecutive strikes.

WINNING RUN

With all runners on the go, Kenshi came through with his second hit to sew up the game.

Ushiro and Fukai slammed out three-base knocks apiece for the winning nine while Weinstein, Carey, Lopez and Vasey did likewise for the losers.

ATTORNEY TERRY TO SPEAK OVER RADIO PROGRAM

CAMP EXTENSION RUMOR SPIKED

Project Attorney James H. Terry is scheduled to participate in the "Arizona Speaks" radio program over KOY next Wednesday night, May 2, from 9:30.

The topic of discussion will be "What Restrictions, if any, should be imposed on Americans of Japanese ancestry?"

In favor of restrictions will be two men. One is M.O. Best, prominent member of the Arizona Farmer and Vegetable Growers Association and member of the Board of Regents of the University of Arizona. The other, Al Zellmer, former chairman of the Governor's committee to investigate the Japanese situation in 1943 and present member of the Americanization Committee of the State American Legion. Both men were witnesses in the Arizona Corporation Commission hearing after the revocation of the charter of the local Co-op.

Opposing restrictions will be Rivers' Attorney Terry and S. H. Feeny of Mesa, instructor of social science at the Mesa Union High School.

ANY CLOTHES YOU CAN SPARE

Girl Scouts of Butte will join the nation-wide drive for old clothing and shoes to send to refugees of war torn countries.

This Saturday morning, April 28, residents who have wearable old clothing or shoes are asked to have them out on their steps by 8 a.m. so that girl scouts can pick them up. The drive here will be held this Saturday only.

Shoes should be in pairs tied together so that they won't be separated. Any wearable clothing will be acceptable.

The rumor that relocation centers will remain open until July, 1946, is completely without foundation, Malcolm E. Pitts of the Washington WRA office, teletyped to the project this week.

The rumor seems to be based on a budget story published recently in the Colorado Times.

There has been no change in the announced policy of the center no later than Jan. 2, Pitts stated. Budgetary funds requested for use in the 1946 calendar year are for operation of the relocation field offices until March 1, maintenance of warehouse until April, and the additional necessary reconciliation and winding up of records and activities.

BUTTE HONORS SGT. TAKASUGI

About one thousand persons from all walks of life paid final respects to Sgt. Katsumi L. Takasugi in the flower-bedecked Butte High School auditorium yesterday. Sgt. Takasugi had fallen in battle in Italy on April 5.

The color guard posted the colors as the buglers played the taps with an echo in the background.

The scripture was read by the Rev. Clifford Nakadegawa and the Rev. Y. Oshita. Block and group representatives paid floral tributes to the fallen soldier. Words of sympathy were extended to the family by Leroy H. Bennett, project director, Frank Sasaki on behalf of the Canal-Parents - Relatives Assn., and Shinpei Tanaka for the Butte Parent's Relatives Assn. Michimasa Asami represented the Buddhist Church, while the Rev. Stewart of Mesa represented the Christian. The Rev. Yasaburo Tsuda

ARMY

**NISEI BATTALION
HIGHLY LAUDED**

The 100th or "Cno Puka Puka Battalion," rated by "Axis Sally" as the Seventh U. S. Army's "secret weapon," boasts officers with the highest I.Q. in the Army, that it has lost only three of its soldiers as prisoners-of-war, that it has approximately 1600 wearers of the Purple Heart, and that never has one of its soldiers gone absent without leave.

This is how Catherine Coyne, feature writer for the Boston Herald, described the Nisei battalion in an article of March 26, 1945. Parts of her article follows:

VITAL

"This infantry battalion of Americans of Japanese ancestry, with other units of the 442nd Regimental Combat Team, is holding the enemy at the Franco-Italian border, engaging in a containing action high in the Maritime Alps, not far from the Cote D'Azur, she writes. The place and the action are disagreeable, yet so great an improvement are they over the hell of Anzio and the Vosges, the boys hope they will be kept here, unless of course the War Department were to reverse itself, to let them demonstrate their Americanism by fighting in the Pacific theatre.

"Sixty-five per cent of the battalion comes from the Hawaiian Islands and, surprisingly to me at least, speaks with what approximates a New England accent.

CONSTRUCTIVE

"The front here is miserable; the boys live in foxholes built of stones and protected from the cold mists by blankets and tarpaulins. As in the typical combat outfits, they get three days rest every three weeks at a rest camp. Their camp is "the swankiest joint we could find," according to Maj. McKenzie, on the French Riviera, a large house in a setting of flowering mimosa and palms.

MYER'S COMMENTS

Director Dillon S. Myer's comments on the 21 recommendations submitted by delegates to the all-center conference at Salt Lake City arrived here last week in an eight-page mimeographed pamphlet.

Each of the 21 comments are long and in detail. Interpreted in concise terms they range all the way from "not feasible" to "will bend every effort to assist!" The full text will be distributed to blocks soon.

Recommendations which were in effect termed "not feasible" are the following:

1. Special governmental agencies be established solely for providing assistance to evacuees who need funds in reestablishing.
2. The present relocation grant be increased. It should be given to every relocatee.
9. WRA accept for reinduction into centers those who relocate and who find themselves unable to make satisfactory adjustments.
11. WRA provide transportation of evacuee property door to door.
12. WRA negotiate for establishing old people's homes exclusively for persons of Japanese ancestry.
14. Short term leave rules be changed to permit 2 months absence with one month extension privileges.
18. WRA obtain establishment of some avenue of governmental indemnities for relocatees who may become victims of anti-Japanese violence in terms of personal injuries or property damage.

To the following recommendations, the WRA "will render assistance."

3. Long term loans at a low rate of interest be made available.
4. WRA give consideration to help evacuees get farm equipment.
5. WRA make every effort to obtain a return of evacuee property of evacuees who, due to evacuation, lost them because of inability to maintain installment payments.
15. WRA make every effort to release frozen assets (blocked accounts).

To the following Myer answers in effect that the recommendations are already being carried out and will continue to be: (continued on page 4)

HOLLYWOOD

NISEI RESIGNS FROM POST

Harley Oka, Nisei World the object of a malicious War II veteran who made headlines early this year for being admitted to the Hollywood Legion Post 591, resigned from that post this week.

In resigning Oka wrote the post commander in part as follows: "If we veterans of this war had not been disturbed by outside influences, we could have carried on harmoniously together. "But as soon as some of the veterans of the first world war in high places in the California American Legion learned the Post had enrolled me as a member, we became the object of a malicious attack. "The District Commander forced the Post to listen to a speech of hatred against Americans of Japanese ancestry. He accused you and other officers of our Post of being communists and made other false charges.

"Now that the world war I members of the executive committee of the American Legion of California have approved of the District Commander's action, and condemned our Post, I feel that an American like myself is not wanted in the American Legion of California."

For Returnees To Hawaiian Is.

It will be necessary for individuals, or heads of families, desiring to return to the Hawaiian Islands at government expense to initiate the following in advance of their arrival at the port of debarkation:

Such clearance is in addition to that required by the Provost Marshal General.

2. Application will be filled out and mailed by the individual, or individuals, in question to the Office of Internal Security, U.S. Navy, Iolani Palace Grounds, Honolulu, T.H.

ISSEI CLEANER'S SUCCESS STORY

Declaring that "any Issei could open a business in this city," Chuguro Aoki, Issei, formerly of San Francisco and the Central Utah Relocation Center, recently explained how he had opened his busy tailoring and dry cleaning shop in New York in a fashionable section near Fifth and Park Avenues with the help of a local union of the American Federation of Labor to which he had been referred by the New York WRA office.

"This city has room for more Issei tailors, cleaners, and laundry men," Aoki said, "and there is no need to do cheap, hard work here, either. These New Yorkers spend the money they make. We are going to stay here. My business is better than the one I had to sell in San Francisco when the evacuation came. Most of our neighbors can't tell us from the Chinese, but those who can are just as friendly as the ones who can't."

COMMENTS CONTINUED

(continued from page 2)

6. Some financial aid for defraying expenses of investigating specific group relocation possibilities.

7. WRA establish adequately staffed offices in important areas and employ persons of Japanese ancestry.

20. Provide students of Japanese ancestry with adequate protection and equal opportunities.

21. WRA make every effort to get work opportunities for returnees and relocatees on equal basis with Caucasians.

The following should be met by individual applications; WRA will assist:

13. WRA arrange so that former civil service employees will be reinstated, and so that persons of Japanese ancestry can secure business licenses as formerly.

17. Secure outright releases for parolees who relocate.

19. Arrange for adequate government compensation against losses to evacuee property while in government storage or transit.

To recommendation No. 10, that WRA establish hostels and build new housing through F.H.A., Myer says, "Every effort is being made to encourage hostel establishment...WRA is constantly working on the housing problem from various other angles."

Recommendation 8: Continue operation of evacuee property offices for duration. Comment: On the West Coast until April 2, 1946, but in no case beyond that date.

Recommendation 16: WRA negotiate so that alien parents may operate properties with powers of attorney issue by their children. Comment: We are investigating; will provide further information at later date.

NEWS COURIER DRUBBED BY 28

In typical batting practice fashion, the block 28 baseball nine overwhelmingly defeated the News-Courier nine by a lopsided score of 19 to 0 at Zenimura field last Sunday afternoon.

The victors showed no limit as they touched right-hander Buster Kawamura and Ted Morishita for assortments of hits supplemented with faulty fielding to score 3 runs in the first inning followed with 2, 7, 3 and 4 runs in the second, third, fourth and fifth innings respectively.

The losers couldn't seem to get hold of themselves as right-hander George Matsuda breezed through allowing 1 hit in four full innings, striking out 4, while relief chucker Tak Abo likewise breezed through issuing only 2 hits and fanning eight to hold the losers scoreless.

Meanwhile the victors collected 16 hits, smacking 12 from Kawamura and 4 from Morishita with Tets Hasegawa, Tak Abo, George Yamaguchi, and George Matsuda collecting 4, 3, 2 and 2 hits respectively. Ted Morishita of the losers banged out 2 of the losers 3 hits.

Blk 65 Edges Cardinals 6-5

Directly following the News-Courier Block 28 game, the Canal Cardinals and Block 65 engaged in a close scoring baseball game with the Block 65 team barely nosing out the visitors by a score of 6 to 5.

While right-hander Eddie Iwao was being touched for a single run, on a hit, fielders choice, walk and outfield fly, the home team wasted no time getting to right-hander George Egusa for 2 runs in the first and likewise in the second inning to hold a 3 run advantage. This three run lead was maintained throughout the third, fourth and fifth innings with Iwao allowing 2 hits and entering no trouble, but the sixth inning proved to be a hectic one as the Cardinals bunched 3 hits, 2 walks and an error to shove 4 runs and take the lead. But this was immediately relinquished as 65 came back in their half of the sixth employing a walk, safe sacrifice hit, and 2 errors to shove 2 runs over without the use of a single hit.

As Iwao again faltered in the seventh inning, allowing 2 walks he was relieved by George Kataoka who retired the side before damage could be inflicted.

Hitting honors for the game went to Joe Mori and Ralph Osada who collected 2 hits apiece.

BLK. 55 NINE DUMPS BEARS

In an inter-camp horse hide tilt at field 16 last Saturday, the Canal Golden Bears and the Block 55 nine clashed bats, with the latter finally emerging victorious by a score of 10 to 5.

It was a closely matched affair throughout the early innings of the game with right-handers Hiroshi Shinmoto and Tommy Yamamoto tossing for the winners and losers with equal effectiveness.

Block 55 jumped to a one run lead in the first inning and held it to the third, but this was momentary as Golden Bear first baseman Kiyoshi Kato bashed out a round-tripper in the end of the third to tie up the fray.

Taking the initiative Block 55 again scored 3 runs on 3 hits, coupled with an error and a fielder's choice to take the lead in the fifth inning, but this lead was whittled down to 1 run when the Golden Bears tallied once in the fifth and seventh innings. However, their threat was blown wide open when 55 came to life in the eighth inning to blast relief pitcher Ben Mitsuyoshi for 5 runs and seven hits to take a commanding lead.

The Golden Bears scored a run, each in the eighth and ninth innings, but the winners lead was unapproachable as Block 55 scored a digit in the ninth, to sew up the game.

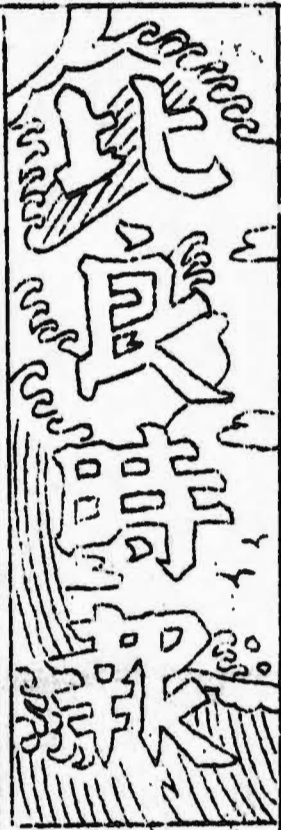

Hitting honors went to first baseman Kiyoshi Kato who smacked 2 home runs and catcher Joe Mori who socked 3 singles, while credit must be given to Hiroshi Shinmoto who got 2 hits as well as pitching an excellent game.

THREE ARSON SUSPECTS FREED BY AUBURN JURY

Two soldier brothers Alvin and Elmer Johnson, and James E. Watson, 38, bartender, were freed of charges of arson by a jury in Auburn, Placer County, California, after six days trial, in connection with attempted firing and dynamiting of a fruit shed on the ranch of Sumio Doi.

Army authorities took the soldiers into custody for court martial on charges of absence without leave, while District Atty. Tindall, who prosecuted the case, stated he would probably press charges of contributing to delinquency of minors against James Watson. Watson's brother, Claude P. Watson, is scheduled to appear for separate trial in connection with the attempted dynamiting of the Doi property.

San Francisco newspapers reporting the story pointed out that the Johnson-Watson defense Counsel said "This is a white man's country", stated that the Johnsons Army training was responsible for their display of hatred, made much of the Bataan March of death and atrocities committed by Japanese enemy.

District Atty. had pointed out that Doi's brothers were in the Army and were not AWOL.

CANAL

GRADES PREPARE BIG OPEN HOUSE

On Tuesday, May 1, the teachers of the Canal Nursery - Kindergarten and Elementary grades are throwing open the school doors to parents and public in general for the tenth and last open house in the three year history of the school, announced Principal A.R. Hutchinson.

The main purpose of this open house is for the parents and teachers to discuss the progress of the children. There will be exhibits in classrooms showing the performance of the children in the various subjects and class projects.

Visiting hours will be from 10 a.m. to 11:30 a.m., 1:30 p.m. to 4 p.m., and from 7:30 to 9 p.m.

Word has come from Washington that the summer program is to be a very meager one; the summer school will help only those youngsters who are considerably retarded and must have added instruction to properly prepare them for relocation. Principal Hutchinson points out that May 1 will be the last chance for Canal residents to see the school with its complete equipment. All except essential equipment will be shipped out during May and June.

W.C. Sawyer, superintendent of schools; Albert Hutchinson, principal; and all teachers are hopeful that Canal will support this final event.

Dr. Monika Kehoe, former head of the Rivers adult education department, will appear on a New York radio program on May 9 to act as moderator for a radio discussion on "A Square Deal for All Races."

This discussion is one of a series of six sponsored by the Brooklyn College in New York to be broadcast over WNYC from 8:15 to 8:45 p.m. every Wednesday night.

Among the distinguished guests who will discuss "A Square Deal for All Races" is the Rev. Alfred S. Akamatsu, pastor of the Japanese Methodist Church and member of the Advisory Board of the Japanese American Committee for Democracy.

The program will be spontaneous and unrehearsed. Dr. Kehoe is at present a member of the personnel department at Brooklyn College.

**Nisei Girls Get
Nurse Training**

"They're all outstanding students in the classroom and in all their nurse training work," Miss Clara Smith, associate director of the John Sealy Nurses Training Hospital of Galveston, Texas, stated recently when inquiry was made in regard to four Japanese American girls attending the school, a division of the University of Texas.

An interview later with Dorothy Kanenaga, formerly of Jerome Center now of Gila River; June Kashiwagi from Granada; Kimiko Kawano and Fukiko Horie, both formerly of Jerome Center now from Rohwer proved to add emphasis to Miss Smith's statement.

Each one of these girls are intensely interested in the knowledge and training she is acquiring and the services she will be able to render in the future.

"Yes, we would like to have as many of the Japanese American girls as students as our limited enrollment will permit," Miss Smith concluded.

LETTER TO THE EDITOR

Dear Sir:

It has become painfully evident that the military authorities on the west coast have issued individual exclusion orders against a great many American citizens of Japanese ancestry who are by no reasonable test disloyal. Many who were cleared by the War Relocation Authority after F.B.I. investigations are now excluded by the Army. This conflict between concepts of disloyalty, serious enough to justify exclusion from military zones or detention, plainly demands review by the courts.

The American Civil Liberties Union, as an organization interested in the protection of civil rights, is prepared upon request of those persons interested to aid any citizens of Japanese ancestry ordered excluded who have not applied for expatriation or repatriation to Japan and who did not give a negative answer to questions 27 and 28 in the questionnaire filled out by all evacuees. We would also consider as suitable court cases persons who did not answer these questions at all, or who later changed their answers from negative to affirmative. In addition, we understand there are some persons resident in other parts of the United States who have been ordered excluded from the west coast though they never resided there. Such persons would appear suitable also for court tests where no application for expatriation or repatriation has been made and where no clear evidence of disloyalty is found.

Several cases are already pending challenging individual exclusion orders in the federal court in Southern California. These may give us a ruling in the higher courts which will lay down principles for the military authorities. But these few cases are not enough to establish a rule applicable to a wide variety of persons.

Those citizens of Japanese ancestry who have further inquiries may address communications to the American Civil Liberties Union at 170 Fifth Avenue, New York City 10, New York.

Very sincerely yours,
/s/ Roger N. Baldwin
Director

ROHWER

SPECIAL CARS HELP RETURNEES

The Rohwer Center, too, is chartering special cars to meet the increasing demand of returnees to the West Coast.

One special car left last month, two more are slated to leave this month, and a fourth car may leave early next month.

The first special car, loaded with 58 returning Californians, left Rohwer on March 28 and arrived in Sacramento on April 1, making brief stops enroute in St. Louis, Kansas City, Denver, and Ogden. At Sacramento they transferred to trains or buses for their respective homes.

Relocation officers in those cities were wired full details as to time and date of arrival. At St. Louis, Relocation Officer Mary E. Brooks and a Nisei delegation met the train, transported the travelers to the YWCA for luncheon, then conducted them on a shopping tour of the city.

BUTTE COUNCIL APPOINTS COMMITTEES, OFFICERS

Several resignations were accepted and new appointments, made at the Butte Community Council meeting held Monday afternoon.

TOOELE OFFERS CLERICAL WORK

Facilities and employment are available at the Tooele Ordnance Depot for young women, whose husbands are in the Army, to establish a residence while earning at civil service rates of pay.

For instance, if two wives with children would arrange for one of them to work as a civil service employee and the other to take care of the children, they could live comfortably for the duration with the Army allotments and the income from this job.

In addition to typing and stenographic work, employment is available of a simple clerical nature, which requires no typing or shorthand and pays at the rate of \$1,752 per year. These jobs, of course, carry sick and annual leave benefits the same as all other civil service positions.

Strictly modern housing is available at rents which run less than comparable housing in the metropolitan area.

Transportation and shopping facilities are also available.

Anyone interested should call at the relocation office.

RETURNEE GETS GRANT

Putting an end to the skepticism concerning the availability of the Federal Resettlement Assistance Fund, the Los Angeles area office reports that the first grant to help a Southern California returnee has been made.

The beneficiary, a woman, is residing in Riverside County, where over 30 individuals had resettled permanently by the end of last month. She was referred to the area office by a center as a dependence case.

When the Riverside Coun-

The Council accepted the resignations of George M. Oye, block 56 representative and council treasurer; and John I. Fukushima, judicial commissioner. Replacing them will be Eiichi Taniguchi of block 47 as council treasurer, and Douglas Mitsushashi of block 63 as judicial commissioner.

Two new councilmen were introduced and sworn into office. They are Harry K. Masai from block 56 and Haruhisa Uchida of block 51, successor to G. Kawaguchi.

A five-man commission to prepare for the semi-annual election was appointed with Masakazu Aoto of block 34 as chairman. The four other members are Masao Nishimura of 29, Eiichi Taniguchi of 47, Masami Henmi of 57, and Roy Yagami of 72.

The chairman announced that a telegram of condolence was sent from the Council to Mrs. Eleanor Roosevelt on the loss of the President.

Others matters decided were as follows:

It was approved unanimously that letter of appreciation be sent to Messrs. Tom Ikemoto, Shobei Sasaki, and William Graham for the services given as trustees of the community camouflage trust fund.

Regular council meetings will be held on Monday mornings from 9 o'clock hereafter instead of in the afternoon, it was decided by majority vote.

ty Department of Social Welfare called on the returnee, it was learned that she urgently required a tonsilectomy, but needed no other help at this time. The operation was performed, and all costs of the surgery were paid for out of the Resettlement Assistance Fund.

"We hope this case will help convince the centers that funds really are available in Southern California," asserted Mrs. Esther Wood, Los Angeles Area relocation adjustment adviser.

FARM OPENING FOR FAMILIES

A project staff member owns 320 acres of vegetable land, located 4 miles south of Eloy, Arizona, which he would like to rent to several evacuee families. There are two houses, one four room and one ten room, on the land. The acreage is irrigated with a pumping plant. The land will be available on July 1. 200 acres of wheat are now in production. The best crops probably would be lettuce, cabbage, broccoli, cauliflower, carrots and peas. There are two packing sheds at Eloy to handle all produce.

Several neighbors have been contacted and community acceptance appears satisfactory. Children would go to Eloy schools. If any applicants would like to inspect this property they could be taken to the farm any Saturday or Sunday. Families would have to furnish their own farm equipment. Rental price is \$5000 a year.

SANGER WANTS EXPERT PACKERS

Leonard Bros., P 1, Box 101, Sanger, Calif., owners and operators of about 1400 acres of vineyard, are interested in employing about 40 to 50 evacuees, single men, ages 35 to 58, who before evacuation were employed by the Sierra Vista ranch near Delano, Calif., and packers and pruners.

Leonard Bros. are not interested in any other workers except former employees of the Sierra Vista ranch, and they must be expert packers and pruners and single men.

BURMA Yanks Denounce Racism At Home

American soldiers fighting as far away as India and Burma are conscious of what goes on at home and are attacking anti-American acts in the U.S.

The India-Burma theater Roundup of March 15, 1945, carries an editorial comment by Lt. Boyd Sinclair, acting editor, denouncing anti-Nisei acts like the Hood River incident. Discussing the action of Hood River in removing Nisei names from its honor roll and attempts to scare Japanese Americans away, Sinclair declares:

"From this perspective, where daily we go about our duties among American soldiers, quite a few of them Nisei troops, such conduct as the above seems clearly to be a violation of one of the tenets of democracy--that a citizen should be secure in his own home. It seems to us that no one should resist the efforts of American citizens to take possession of their own homes, which they had to vacate in the interests of American security.

"From this point half-way around the world, it seems that some American are confusing their enemies with their neighbors."

INTER CAMP TIIT WON BY BAMBIS

The Rockettes and Bambis, winners of the girls league basketball for Butte and Canal respectively, battled hammer and tong last Tuesday night with the Bambis squeezing through a basket in the closing seconds to take the game 31 to 30.

The Bambis took a quick lead with 2 abrupt baskets, but the Rockettes came zooming back to overtake and command, leading 19 to 14 at half time.

Trailing by 6 points with less than four minutes to go, the hard fighting Bambis unleashed a last minute blast of scoring dynamite that knocked off the Rockettes' lead and turned the game. Two successive buckets whittled the difference to 2. Tanigawa's free shot made it 1 to go. With seconds to go Bambis guards whipped the ball back to Ichimoto, who took a desperation shot, sensed miscalculation, followed up and went up for a set up and the winning point unmolested as the whistle blew.

High scorers were Helon Tanigawa and Shig Ichimoto of the Bambis making 14 and 11, respectively, while Dot Katako and Midge Kajikawa contributed 15 and 10 for the losers.

併し陸軍當局では無断欠勤罪として右兄弟を軍法會議に廻すべく再び拘留した。一方當事者を告発したテンデル地方檢察事はジームスワトソンに対し未了年誘犯の廉に依り更に之を告発するであらうと語つた。

桑港の一新聞は之に關し左の如く報じてゐる。此の國は白人の國で、

ジョンソン兄弟の軍事教練が彼等をして敵國日本のバタン半島に於ける死の行進に對する敵愾心を起さしめたものであると彼の弁護士は言つてゐる。之に對し同地方檢察は反駁して曰く「土井家の兄弟も米國軍人であるが彼等は無断欠勤はやらないと。」

WRAの 方針に変更なし

転住所が来年度の七月迄は存続するだらうと云ふ噂が専ら伝へられてゐるが、夫は全然根據の無い事である。華府WRA本局のビット氏は否定の電文を發してゐる。

多分この噂は先般一日字新聞に出たWRA予算案に起因してゐるもの、様なるが、明年一月二日迄に転住所を開鎖すると云ふWRAの既定方針には何等変化はないとビット氏は聲明してゐる。

一九四六年度請求予算の中には三月一日迄の外部に於ける再転住の地方局の費用、四月一日迄の倉庫維持費及び其

他の調節費、整理費等が組まれてゐるのであると。

親師會

来る五月五日例年の如く東三学年が上級生其他父兄教師を招待し晚餐會を開催するに付其準備援助の爲各區より一兩人の母様方と西三名の男親の協力を得る事となつた。

来月中にPTAが卒業生を祝賀する金の費用に高校生家庭から廿五仙宛の寄附を仰ぐ事となつた、各區の代表が集金される筈である。尚期日其他は近く會合決定する。

野球試合

明日曜日には当川の町カーデナル軍は山の町比良時報社軍を迎へて午後五時より十六區球場に於て激戦を交へる事となつた。時報社軍は未だ好成绩を示して居ないが日凌イナームが千軍万馬の強軍に對しての一二回の戦績のみで実力を評價する事は出来なハ回を重ねる毎に眞價を發揮して来る事明かであるから明日の試合は面白い場面を展開するであらう。

暑からず寒からず吹く風も羽蕩と遊ぶにも見るにも絶好の野球季節。白球は中空高く飛び若人は内外野に馳驅する。仕掛けを見て一週の勞苦を忘れるのも必要の事だ、見逃し難き一戦。
