House of Representatives,
Washington, D. C.

My dear Carl:-

There seems to be a great deal of sentiment throughout Arizona so far as I can see, regarding making of the Canyon a National Park. I happen to know that the bill has passed the Senate and is now in your hands. Quite a few of your friends have asked me to write and urge you to push the bill to a finish. I told them that I had no doubt but that you were already doing everything in your power and would continue to do so. However, in order to make my word good, I am now writing. Personally I believe such a law will be a great thing not only for Arizona but for the nation, and the sooner you can get this bill through and signed by the President the better it will be for everybody. I am sure it will be not only a worthy effort on your part but it will prove to be very popular.

With best wishes, I beg to remain,

Yours sincerely,

B. L. Akers
