

~~Atchley~~
December 15, 1922.

Mr. F. R. Goodman,
County Engineer,
Flagstaff, Arizona.

My dear Mr. Goodman:

Your letter of November 22nd was duly received, and I enclose herewith copy of a letter which I wrote to the Director of the National Park Service, and to which the ~~Times~~ Assistant Secretary of the Interior as replied. After you have read Judge Finney's letter, I shall be greatly obliged if you will further advise me relative to this matter.

I also enclose letter that I have received from the Forest Service relative to the Oak Creek Road, which states that no action can be taken until the amount of next years Forest road appropriation is known. Sometime ago I talked with the Chief of the Forest Service relative to this road and I am sure that if \$6,500,000 is made available for Forest roads and trails, that he will be able to find a way to allot the necessary funds for the construction of this project.

I was glad to learn that Governor Hunt decided to appoint you as State Highway Engineer and I hope that you will feel free to command me whenever I can be of any aid or assistance to the State Highway Department.

Cordially and sincerely yours,
