

EMERGENCY CONSERVATION WORK

OFFICE OF THE DIRECTOR

WASHINGTON, D. C.

FILE REFERENCE:

February 26, 1936

Honorable Carl Hayden,  
Senate Office Building,  
Washington, D. C.

Dear Senator Hayden:

I have delayed replying to your letter of February 12 in the expectation that I would hear from the National Park Service on the subject.

While I doubt if we would be authorized to undertake the project suggested in the letter to you from Bishop Walter Mitchell, of Phoenix, Arizona, I would not care to render a definite opinion until I had heard further from the National Park Service.

Sincerely yours,

*Robt. Fechner*
