Mr. Ed. Hamilton,  
Grand Canyon, Arizona.

My dear Mr. Hamilton:

Referring to my letter to you of March 2 I enclose herewith a supplemental communication I have received from Mr. A. E. Demaray, Acting Director of the National Park Service, in which he quotes a report submitted by Superintendent Tillotson, relative to the road between Grand Canyon Village and Rowe's Well. You will note explanation is made by Mr. Tillotson as to how he might operate under his road maintenance program, but you will note he conveys the assurance that he intends to spend some money on this road just as soon as conditions will permit.

With best wishes, I am

Yours very sincerely,
