Mr. W. W. Bass,  
Grand Canyon, Arizona.

My dear Mr. Bass:

On my return to Washington I found the enclosed letter from the National Park Service, discussing the objections raised in your letter to me relative to the ~~proposed~~ Grand Canyon National Park. I shall be greatly obliged if after reading this letter you will write me again suggesting specific amendments to the bill because I expect to re-introduce it at an early date. It is my desire to compromise the differences over this legislation if it is possible to do so.

With best wishes, I am,

Yours very sincerely,
