I was dis - con - tent - ed      How was I to know  
This is not a pas - time      More and more I see

What it was that made me so lone - ly?  
You are all in all to me, dar - ling.

Then we met, and I knew why.  
I have eyes for on - ly you;

Since my heart con - sent - ed On and on I go  
There won't be a last time While our world can be

Lov - ing you as days roll by.  
Just a lit - tle world for two.
