Third Years Successful in Track Meet

INTER-CLASS TRACK MEET

"What's the matter with the Third Years? They're all right!"

This was proven Thursday afternoon when they carried away first place in the inter-class track meet; however, their victory was no "walk away." The Seniors not only hard pressed the Third Years, but led them by a few points until late in the day when some nice work by John Nix and Cedric Austin shoved the Third Years ahead.

The fight for individual honors between John Nix of the Third Year class and Dale Patterson of the Senior Class can be most highly commended, the former winning with a total of 23 points compared with the latter's 19 points.

The official results of the track meet are as follows:

Third Years, 54 points; Seniors, 47 points; Fourth Years, 15 points and Juniors, 5 points.

100-Yard Dash: Patterson of the Senior Class took first place with Brown (3rd Yr.) running second; Harris (Senior), third, and Gatlin (Junior), fourth.

Shot Put: Rollins of the Senior Class carried away first honors with a distance of 35 feet 7 3/4 inches; Austin (3rd), took second place with Lane (Sen.), third and Voelckel (4th), fourth.

Broad Jump: Patterson (Sen.), took first place with a jump of 17 feet 9 3/4 inches. Marsh (4th), second; Nix (3rd), third and Cole (Sen.), fourth.

120-Yard High Hurdles: Marsh, the Fourth Year star, took first place, time 20 seconds; Patterson (Sen.), came second, tying Marsh's time, but knocked over one more hurdle; Brown (3rd), came third with Nix (3rd), fourth.

220-Yard Dash: Patterson (Sen.), took first place, with Nix (3rd), second; Brown (3rd), third and Cole (Sen.), fourth.

In the Javelin Throw, Cedric Austin of the Third Year class smashed the state record with a throw of 148 feet 6 inches. Snodgrass (3rd), took second place with Rollins (Sen.), third and Voelckel (4th), fourth.

In the Low Hurdles Nix (3rd), took first place, time 31 seconds; Cole (Sen.), Harris (Sen.), and Marsh (4th), all tied for second place; time 32 seconds.

Discus: Cedric Austin took first place with a throw of 86 feet 8 inches, with Rollins (Sen.), second, Nix (3rd), third and Voelckel (4th), fourth.

440-Yard Dash: Nix (3rd), first
(Continued on Page Four)

TROPHIES PRESENTED

As a fitting sequence to the very successful field and track meet of Thursday, the beautiful silver loving cup and numerous other trophies were presented in assembly this morning.

With appropriate remarks Dr. Matthews presented the silver cup to the President of the Third Year class, John Nix. Mr. Nix showed greater pride and pleasure than he could even hope to express, but the way he held on to that cup indicates the improbability of any other class ever being able to take it away from the Third Years.

Mr. Cooper commented with feeling upon the great amount of the right kind of school spirit in evidence at the meet and the very noticeable absence of the wrong kind of class antagonisms.

Why weren't some of our Amazons present also on the rostrum this morning.

THE LYCEUM COURSE

The Redpath Lyceum Course will make its first appearance at Tempe Normal School this year on November 4th, in the Normal auditorium.

The Lyceum course comes here under the auspices of the Senior class. The class of '21 undertakes this proposition at a greater risk than have the classes of previous years, for the reason that the course has advanced in price four hundred dollars.

The class assumes the responsibility of selling the tickets to the people of Tempe, because it feels certain that the townspeople will be glad of the opportunity to witness such programs as are to be offered in the lecture course, having in mind the great benefit they will derive from the list of programs. They say "Variety is the spice of life," and so believing this to

be the truth, the course has been arranged on that basis.

The first number which is to appear, on November 4th, is the Montague Light Opera Singers. This is a company consisting of two men and two women who entertain along varied musical lines and are fully able to please even those whose taste is not musical—"There is music in all things if men have ears."

The next number comes on November 12th. This is a lecture program, and the lecturer is the noted William Rainey Bennett.

On January 19th the Redpath bureau presents the Artists' Trio.

The Colleens, well-known singers and players, perform on the night of February 11th.

Gay Zenola Maclaren, America's greatest impersonator, is the number scheduled for March 23rd.

ASSEMBLIES—SHORT, BUT—

On Monday morning, Oct. 4, before "The Star Spangled Banner" was sung, Mr. Matthews rushed in and told us to be sure to pay our board on time and not be delinquent. After this a few songs were sung and we were dismissed, wondering where the money is coming from.

The following Monday assembly was carried on in much the same manner. T. N. S. ought to turn out some fine singers, with all the practice. One of the boys has a desire to hear "Dardanelle" sung in the assembly.

There is one thing lacking in assembly this year, and that is the very small number of yells. What is the matter? Have the students become so dignified that they cannot yell?

Tiptoh!—Ho!

BIG ATHLETIC RALLY AT AUDITORIUM

The Normal athletic season for 1920-1921 was welcomed with a loud hurrah last Wednesday evening when a "pep" meeting of all the classes was held in the Auditorium. Immediately after dinner in the Dining Hall each and every student (and a large percentage of the faculty members), marched to the assembly room where the several classes gave vent to their pent up feelings by singing songs, and giving class yells to their heart's content.

The object of this mass meeting of the student body was to get everything primed for the big Interclass Track and Field Meet on the following day.

Because of the lack of numbers among the male sex of the school this year it was impossible to put out a football team which could do the Normal justice. Therefore, Coach Cooper decided to start training the fellows for Track so that they would have the advantage of this training when Basketball season opened. At first it was not planned to have an inter-class meet, but the rivalry became so strong that Mr. Cooper decided that the best way to settle the matter of class superiority in track, would be to hold a big field and track meet between the classes.

Judging from the amount of noise at the "Rally" it would be hard to judge which class was most confident of victory.

Oh, No! reader, don't think that we were allowed to enjoy ourselves with singing and yelling, alone. There were speeches, but not the kind that put you to sleep.

Mr. Cole, the Senior representative, expressed great confidence in the Senior track team, and informed everybody present that there was not a particle of doubt but that his class would win.

"Friday" Gatlin, the Junior president, then told us that, "In number there is strength." "Friday" gave us to understand that "his" class would make more noise than all of the others combined, but he did not dwell at length upon the quality of the men in the Junior track team. We'll have to hand it to you (Juniors); you are surely showing the right kind of "pep" and

(Continued on Page Two)

BIG TIME AT BOYS DORMITORY

One of the most charming festivities of those enjoyed so far this year, was the party given by the boys at their dormitory Friday, evening, October 15. For entertaining the boys cannot be surpassed.

The parlor was turned into a gay ball room, and some soon found the front porch suitable for dancing, also. Those not participating in dancing enjoyed card and other games in the club room.

Mr. and Mrs. Cooper were delightful as host and hostess, while Mr. and Mrs. Fairbanks, Mr. and Mrs. Hiatt and Mrs. Robinson were the faculty guests.

Delicious refreshments helped to make the evening a memorable one.

Those guests who enjoyed the evening were the Misses Anna Dillman, Ruth Jones, Mary Fleming, Ronella Kruse, Beatrice Shoufelt, Beatrice Brooks, Asei Stukey, Virginia Powell, Mildred Moore, Gwendolyn Jones, May Watkins, Margaret Johnson, Lillian Richards, Helen Perkins, Gladys Benton, Joyce Adams, Marian Engalls, Lillian Graham, Blanche Adling, Hazel Alexander, Gladys Anderson and Alma Tabler.

THE DINING HALL

Of all the good things our school possesses the new dining hall stands out most prominently. We probably have the most modernly equipped dining hall of any school in the United States. It may not be as large as some, but it is certainly complete in even the most minute detail.

The dining room has a seating capacity of about two hundred and fifty people, and may readily be enlarged with little difficulty at any time. There is a very artistic border of white tile surrounding the cement floor. White marble wainscoting, extending up about four feet from the floor, adds greatly to the attractiveness of the room. Large French windows give an abundance of light and air. The skylights are to be of stained glass and will harmonize beautifully with the delicately tinted walls.

In the basement of the building we find a large steam boiler, which, by means of a funnel, sends warm air into the dining hall in winter. There is also apparatus for cool air to circulate through the building in summer. At all seasons this air is absolutely changed every two or three minutes, giving a perfectly even temperature all over the building at all times.

For sanitation and cleanliness our kitchen can not be surpassed. Going on a tour of inspection, the very first thing to meet our eye is the spacious

steam and electric dish-washer. The dishes are placed in racks, then put in the washer, and from that time on no hand touches them. They are washed by the circulation of 400 gallons of water which is regularly changed. They are then sterilized and rinsed.

To the left appears the gas broiler, which is a miracle in itself. It is sufficiently large to cook 140 steaks at one time. Near this is the aluminum jacket steam cooker, where immense quantities of preserves may be handled.

The potato and vegetable steamer, of considerable size, is also situated in this portion of the kitchen.

In the baking room is an Edison baking oven. One hundred and twenty loaves may be baked in this at one time. We find also an electric dough mixer and dough divider and an electric cake mixer and cake beating machine. All of these insure perfect cleanliness.

The cooling system, too, approaches perfection. We see a very delicately constructed automatic refrigerating machine, which is so sensitive as to be affected by even the slightest variation of two degrees. If set at the temperature of 30 degrees it will remain at that, starting and stopping itself.

The chilling room is kept at an even

temperature of 50 degrees, the freezing room at a temperature of 30 degrees. This enables the preservation of meats, vegetables or other edibles for an indefinite period. There is also the automatic milk and ice water cooler.

Directly outside of the cooling rooms we find an electric chopping machine. The revolutions are 1700 a minute, and it appears instantly to reduce distinct pieces of food into a solid mass.

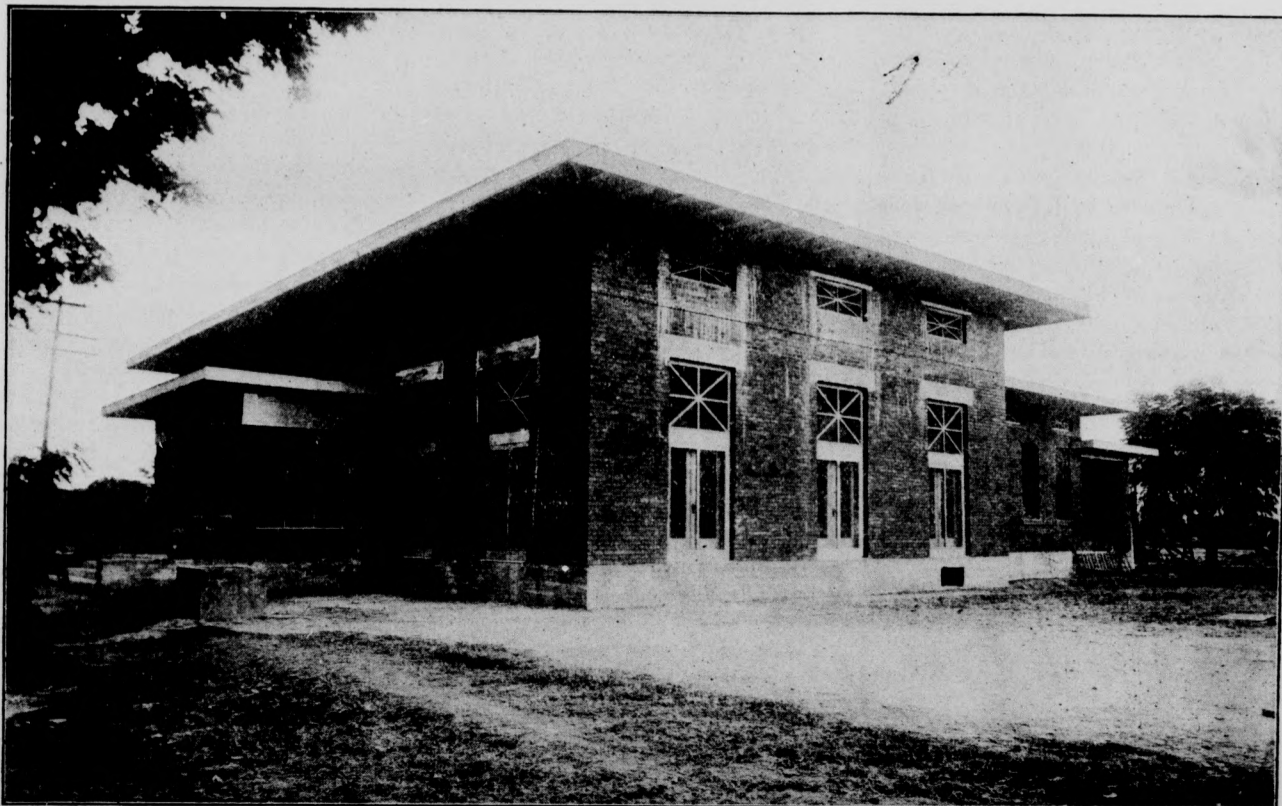

On the roomy back porch may be seen even an electric potato-peeling machine and attachment for the electric ice cream freezer. There is also an electric coffee-pouring device.

A large airy basement and store-room may be found.

Above the main hall will be the living quarters of the employes.

When the building is finished, which will be soon, it will be one of the most attractive buildings on the campus. The building itself is artistic and attractive, a beautiful lawn and well-arranged flower garden making it a paradise of beauty.

To Mr. Robert Krause we owe a great deal of praise and thanks. He is the man behind the gun in this case. It is his wonderful management and ideas that have given us such a creation of usefulness, sanitation and beauty. The new dining hall is a result of his active ingenuity.

EDITORIAL

How did you like it? Great! So did we. The spirit shown Wednesday evening at the Pep Meeting and Thursday afternoon at the track meet should be a sample of what will be exhibited during the entire year.

Through the effort our boys put forth, they have shown us what they can do.

Now—will we stay behind them? If we will, they will have little difficulty in carrying away first honors in inter-scholastic contests.

Basketball season is on its way. Decide now, and then let's all push together!

BIG ATHLETIC RALLY

(Continued from Page One)

"ginger," and if you continue in the manner that you have started, the other classes would better look out.

The Fourth Years came in for their amount of praise when Charlie Hansen extolled, in a masterly fashion, the qualities of the academics. He, also, would have us believe that the track meet would be decided by no other team than his own.

The last, but noisiest of the class representatives, was none other than the "silver tongued" orator, William Richards. "Billie" proceeded with extreme deliberation, and sage-like discernment, to tell us that the "infants," commonly known as the Third Years, would have to be reckoned with in the coming track meet.

Mr. Fairbanks and Coach Cooper then followed with two very "peppy" addresses which all of the students like because of their directness.

After the meeting was over, each of the classes serpentine around the Campus and then went to bed to dream of the morrow. If you are interested in the outcome of the track meet, consult another article in this issue of the "Student."

MIGHTY "NIMRODS"

The lure of the wilds is responsible for so many of our faculty leaving the way of the "thronged street" to retire with rods or guns to the sequestered retreats where quails whistle or fish and ducks swim.

Mr. Ostrander and Mr. Christie went to the mountains and came back with quails enough for a pie—a big pie. As to the number—they say they got the "limit," what ever that means.

Pres. Matthews, Capt. Irish and others went to Blue Point to fish and "hunt bears." When asked how many bears they brought back, Dr. Matthews replied, "none, only the tales."

WALLFLOWER DANCE

The Wallflower Club gave their first dance of the season Friday night, Oct. 8, in the gymnasium. The music, coming from Phoenix, was unusually good. A large crowd attended, among which were a number of former students of the Normal. These were:

Sadie Palmer, Para Ellsworth, Verdell Metz, Florine Bishop, Amy Riggs, Beulah Standage, Capitola Roach, Robert Finch, Maurice Jones, Jess McComb and Elvin White.

SOCIETIES

K. K. A.

The entire program of October 13 was devoted to the study of Camp Lore songs, under the direction of Miss Gerish. "Burn, Fire, Burn," "Mummy Moon," "The Walking Song," "Our Guest" and others were studied.

Kalakagathia, true to time-old traditions, handed down by those who have gone before, will leave the campus Friday afternoon, October 22, and spend the week-end camping at Granite Reef.

In connection with the camping trip planned, on October 20 the following program will be given:

- Honors for swimming and diving..... Margaret Sealey
 - Honors for camp cooking.....Anne Henry
 - Fires and their meaning.....Reba Talbott
 - Blazing Trails.....Anita McLennan
 - Camp cooking.....Ronella Kruse
 - Preparing the camp bed..... Mildred Marrs
 - Camp dress.....Lillian Richards
- Songs—Society

ZETETIC

The first literary meeting of the Zetetic Society convened Oct. 6. A short business meeting was held, after which the following program was rendered: Study of "Pippa Passes"..... Robert Browning
Browning as a Dramatist..... Charlotte Hopkins
Piano Solo.....Irene Griffith
Type of "Pippa Passes"..... Gladys Hamilton
Criticisms of the Play.....Mary Fleming
Vocal Solo.....Mary Fleming
Monologue as a Dramatic Device..... Anna Dillman
At the conclusion of the program Edith Sargent was welcomed into our society by the president. After the reading of the program for our next meeting, the motion was made for adjournment.

Wednesday evening, Oct. 13, the Zetetic Society met and after a short business session, the continuation of "Pippa Passes" was given by the following members:

- Character of "Pippa".....Gertrude Haulot
 - Characters of Scene I.....Jessie Finch
 - Piano Solo.....Edith Sargent
 - Study of Scene II..... Dorothy Chamberlain
 - Questions on Scenes I and II..... Jeanette Johnson
- A short discussion was held, after

Y. W. C. A.

SERVICE FOR THE RECOGNITION OF NEW MEMBERS

On Thursday evening seventy new members were received into the Association with the beautiful and impressive candle service which has become an annual event in our Y. W. C. A. Old members and guests arose as the processional of new members, led by the choir and cabinet, all dressed in white, marched in singing, "The Hymn of the Lights." After a few opening remarks by the general secretary, the president welcomed the girls into a fellowship limited only by loyalty to a common purpose. As the new members came forward by rows, their candles were lighted by the cabinet girls "in token of the light which brings joy and life and gladness to us, the light which means thoughtfulness of others and unselfish service as we carry Christ's light to those about us."

The spirit of the meeting, which we trust will be the spirit permeating our Association this year, can be summed up in the words of the closing prayer, "And now with all our powers guided by the force of will, we go forth from this place to face our heritage of work and play, laughter, pain and service, and we go in Thy name and in Thy spirit, Christ, thou Son of the living God."

MEETING FOR OCTOBER 21ST

Several weeks ago the Y. W. C. A. girls tried to explain the place of the

which the motion for adjournment was made.

CLONIAN

The Clonian Society has planned for the coming school year, the most interesting and educative program it has ever yet prepared. The members entering into the activities with so much interest and enthusiasm, make the programs intensely interesting and entertaining for all.

The following program given October 12, was a forerunner of equally interesting programs to be given later, and was thoroughly enjoyed by all:

- 1. Song..... Society
- 2. Monolog..... N. Welch
- 3. Essay..... S. Evans
- 4. Song..... R. Stermer
- 5. Myth..... G. Hogan
- 6. Autobiography..... P. Pugh
- 7. Reading..... G. W. Dixon
- 8. Current Events..... E. Burton
- 9. Conundrums..... I. Hazelwood
- 10. Piano Solo..... G. Hogan
- 11. Travel..... L. Beck

FOUR SQUARE

On Friday afternoon, October 8, the Four Square Club entertained the Phoenix Girl Reserve Cabinet on a hike to the river.

The Phoenix girls came out in cars and the walk, after the sun was down, was enjoyed very much by all.

A large bon-fire was built, around which a delicious camp supper was eaten. After supper songs were sung and yells were given, after which the Phoenix girls entertained the Four Square with a cabinet meeting which was doubly interesting as real business was carried on. The girls who had gone to Iron Springs this summer gave most interesting accounts of the proceedings.

When this most enjoyable program was finished, the girls returned to the Y. W. C. A. rooms where the Four Square girls gave a stunt in pantomime. The characters were Joyce Adams, a coquette, Irene Griffith, Marian Ingalls, Margaret Staiger and Mary Kalil as suitors. The girls enjoyed this stunt very much.

The farewell songs and yells were given in the Y. W. C. A. rooms and the Four Squares accompanied the Phoenix girls to their cars and sang a last song. The Phoenix girls left, extending a cordial invitation to the Four Squares for a return visit.

Association on our campus and show the girls how they might share in the work. Next Thursday at 6:30 in the "Y" room several girls are going to explain something of the bigger organization, national and world, of which we are a part and show how you may also share in that work. The talks will be illustrated with pictures and stories. This is a meeting you will surely wish to attend.

Watch for announcements of meetings between October 24 and 28. Miss Amy P. Gordon, of the Pacific Coast Field Staff, may be with us at that time. Those who were here last year know Miss Gordon is above all a friend of girls and she is sure to have a message that it will be worth our while to hear.

THE CABINET

Miss Pilcher invited the cabinet girls to hold their regular weekly meeting at her home on October 3. Although the girls had to attend very strictly to the transacting of Association business, it was a happy hour and the dainty refreshments Miss Pilcher and her mother served just before we adjourned made the occasion a festive one, and one to be long remembered by the girls.

On October 11 the cabinet met in the "Y" rooms. Written reports of work accomplished and future plans were read and filed by each officer and chairman. The cabinet girls ap-

preciate the fine spirit of cooperation and willingness to help that the membership is showing and hope before this month is over that every girl will have found a place on one of the Y. W. C. A. standing committees.

The Y. W. C. A. cabinet is made up of the four officers of the Association and the chairmen of the standing committees. It meets every Monday at 4:45 p. m. in the Y. W. C. A. rooms to share plans, formulate programs and transact business for the Association. All meetings are open to the general membership and the cabinet hopes many girls will be interested enough to drop into these meetings during the year.

POPULARITY NITE IN THE "Y"

This is what it was called and this is what it proved to be last Friday night when more than thirty girls en-

joyed themselves from 7:30 to 9:30 in the "Y" rooms. Many novel games brought back from Asilomar were played. Creepy ghost stories and songs were sung in the dark, but the Japanese lanterns soon helped us to regain our composure. Tempe Normal and Y. W. C. A. songs and yells were given with lots of fun and "pep."

MEMBERSHIP SUPPER

Friday, October 15, 5 o'clock. What was it? Why, the Y. W. C. A. membership supper. Eats? Well, I should say so! And a good time? Just ask anyone who was there. And stunts? The cleverest ever. Singing? Didn't you hear us? And stories? Well, you know Mr. Murdock and Mr. Felton. A bonfire? A glorious one. And home again? Yes, tired and happy and ready for another one. Watch the bulletin boards!

CLASSES

P-E-P

That spells pep.
Do the Seniors have it?
Yep! Yep! Yep!

The pep sprinkled upon our participants in the track meet was merely a symbol of the real spirit of the Senior class. As the "best class ever," its members, both individually and collectively, feel exceedingly proud. Good old "Pat" and Billy and Chuck deserve special praise and lots of "pats" for the high honors they brought us at the track meet. The girls were well represented by Dot and her "burlap bag," and the climax of the day was reached when she scored the mark as first in the sack race.

From the time that the class of '21 entered school as Juniors to the present, when the Seniors feel their dignity and their great importance as teachers, there has never been a class more representative of real normal school spirit. For the first time in our memory every Senior is entering into the activities of the year with a huge supply of vigor and unbounded enthusiasm. Each member of the class bound to the others by the common ties of loyalty and school spirit, is striving to make this year the most successful in the history of the school.

Plans are being laid for the best and biggest lyceum campaign ever undertaken by the Normal School. The tickets for this course, every number of which is entertaining, educational and full of spirit, are being sold by the members of the class. We expect every student and faculty member of the Normal School to get behind this course and push. The Seniors are pulling together—Come on, ye loyal Normalites, and give us your support! Yes, we are the mighty Seniors—And our work has just begun—And we're going to stick together Until Victory is won.

JUNIORS

Juniors! Juniors! Rah! Rah! Rah! Say we're not a lively bunch? The hike on Friday night, Oct. 1, certainly proved it.

We left the fountain at 6:30 and started on our long journey. Mr. Hiatt went ahead in the car to drive away the ghosts of the night and to see that the main feature of the evening arrived safely.

After following the long and winding road for several miles (?) we arrived at the flume. We soon prepared a fire for a big weiner roast, to satisfy our inner man, who was demanding food immediately. When we could eat no more we formed a large circle and exercised our voices with songs and yells.

As the moon came up we started home, arriving there at—well, it's best not to say.

A booster meeting of the Juniors was held Tuesday night, Oct. 12, in the Auditorium. After the general business was finished, Elizabeth Darling, Margaret Johnston and Loreen Botkins were elected yell leaders for the class. It was voted unanimously to have a serpentine dance and to "raise the roof

of the bleachers" at the track meet. Before adjournment a half hour was spent with a rousing yell practice.

FOURTH YEARS

The Fourth Years had a meeting Tuesday afternoon at 3:45. The members of the class were informed of the track meet and urged to be present to yell the class to victory. Owing to the fact that all of the class were on active duty, except the president, he consented to lead the yells of the class at the Olympic Meet Number Two.

Miss Irene Griffith was appointed as athletic representative of the girls of the fourth year class.

A few plans for a hay-rack ride were discussed; but no definite conclusion was reached. It seemed that there was no hay-rack with the motive power usual to such vehicles available. However our faithful horse detectives are still on the job and will find one if it takes twenty years. The members finally showed their ability to get together when the motion was made to adjourn till Monday morning.

THIRD YEARS

On the 28 of September At 3:45

We Third Years met In Mr. Felton's room.

We all sat down and waited To see what would happen.

Pretty soon we saw Sheldon Downey.

Our old president, Standing in front.

"Order"—says he.

"All right"—says we.

"We are going to elect New officers."

After much discussion, We chose—guess who—

None other than—

John Nix

For president.

We hope John will carry

Our fame To such a height

As his.

For secretary and treasurer, Snodgrass.

"This class must be awake To everything"—says Nix.

"You bet!" says the rest of us.

We hope

You'll all help

The Square Deal along.

Don't miss

Class meetings.

Be a booster!

Stick to your class!

Do you see now

What we Third Years

Stand for?

A sweet young thing at a dance (to Downey)—"You remind me of one of Whitman's poems."

Downey—"Which one?"

She—"Oh, any one! The feet are mixed in all of them."

Cement for a Joke!

Marge—"Let's eat."

Al—"Where'll we go?"

Marge—"Let's eat up the street."

Al—"No, thanks; don't care for asphalt."

LOCALS

Mrs. Waite spent a few days with her daughter in Tucson last week.

Miss Osee Stuckey, a former student of the Normal, has reentered school. Osee attended Lamson's last year, but has decided that Normal is the best place after all.

Dorothy Willson, who has been at her home on account of illness, is attending school again.

The Four Square girls had twenty Phoenix Girl Reserves for their guests last Friday night. A joint supper was enjoyed by the two clubs and then came the stunt! Such excitement as it did create!

North Hall has two new occupants—Osee Stuckey and Alice Cook. Miss Cook comes here from Nebraska and expresses herself as being much pleased with our school. We're glad you like it!

Virginia Powell spent the week-end at her home in Florence. We all know it does Virginia good to go home!

Mrs. Fleming visited her daughter, Mary, last Friday. Ronella and Mary spent Saturday in Phoenix with her.

Dudley Clements and Dave Hill were guests at the boys' dormitory last Sunday. Dudley attended the Normal year before last.

Miss Anna Mae Warren is recuperating after a slight attack of teacheritis.

Many girls enjoyed the delightful party given by the Y. W. C. A. last Friday night. We heard someone say: "Had a dandy time." So did we.

Pearl Parker has had to leave school on account of her eyes.

Edythe Dicus was delighted with a visit from her father during the week. Edythe acted like a very happy girl. Who wouldn't?

Anna Tabler and Yvonne Morrison were guests of Miss Tabler's aunt, Mrs. Bradley of Phoenix, during the week-end.

A number of Normal students enjoyed the picnic given by the Congregational church last Saturday.

There was a great display of class colors and spirit last Thursday. That's it! Keep it up!

Are you curious? We are. First, we thought it was going to be Tuesday; then we changed our minds to tickets, but now we don't know what to do.

John Barry and Wilfred Austin were visitors at the Normal Thursday. Both attended our track meet and seemed quite enthusiastic. Just like them!

Mary Lou Gates was the guest of Nela Holden at Tolleson during the week-end.

Don't forget the Lyceum.

Miss Leafy Longley was a visitor in the dining hall a few days ago.

The Y. W. C. A. entertained with a delightful little party Friday in the Y. W. rooms. Many of the girls were present.

Mary Harris spent the week-end in Phoenix with Gaynell Hearts

North Hall was a scene of determined arguing groups last Thursday. You see—it houses Third Years, Fourth Years and Juniors.

We hear the Democratic and Republican factions of our school "thrashing it out" quite often.

The big question at the boys' dormitory now, is: How are we going to pass the time since the World's Series Baseball Schedule has been finished? By way of suggestion: To those who lost on Brooklyn in baseball: Bet on Harding for President.

It does seem strange how people's minds will run in the same direction, but stranger still is how Bobbie Voelckel's and Earl Hancock's hearts fall in the same direction

Mr. John Barry, one of last year's graduating class, paid us a visit on Thursday. He acted as one of the officials in the Inter-class Track Meet. Johnnie informs us that he likes teaching in Prescott fine.

The proposed track meet with Tempe High will not materialize because of a conflict of dates. Normal will begin basketball at once.

Wanted by The Boys—Either an inventor to make a silencer for the various musical instruments of torture in the boys' dormitory; or, a music teacher to teach our boys to play them.

TO THE PUBLIC

Miss Agnes Barber and Miss Catherine Wood have opened a cardistry in East Hall. Don't be backward in having solved any problems of the heart, head, feet or pocketbook. Please bring your own cards as our are worn out.

CELEBRITY PASSES 22 MILESTONE

Dr. Patterson famous composer of Primary Melodies and popular hero of the younger set is receiving congratulations for having successfully lived 22 years in this cruel world of hardship and vicissitudes.

NOTICE TO THE K. K. A's

The K. K. A's will be glad to hear that Mr. Kalikak is still on the job at Granite Reef. Also his cousin, Mr. Kalikak II, is assisting him, so the camping trip will be doubly interesting this year.

After all, editing the paper isn't so bad, and then when the editor and assistant are entertained at a turkey dinner—why not publish it every week?

Tiptoh!—Ho!
Don't forget the Lyceum.
When?—Where?—Why? Tiptoh!

INTER-CLASS TRACK MEET (Continued from Page One)

place; Boetto (Jun.), second, Harris (Sen.), third and Rollins (Sen.), fourth. High Jump: Nix 3rd, carried away first place; Austin (3rd), second; Rollins (Sen.), third, and Patterson (Sen.), fourth.

Relay Race: Third Year team first; Seniors second; Fourth Years third, and Juniors fourth. The members of the teams were as follows: Third Years: Brown, Austin, Nix and Whitney. Seniors: Cole, Rollins, Harris and Patterson. Fourth Years: Vielckel, Hanson, Barker and Marsh. Juniors: Gatlin, Bode, McDaniels and Norcross.

A very interesting part of the meet was performed by the girls. The girls' sack race was won by Dot Burton, of the Senior Class while Vera Douglas, representing the Juniors, ran a close second.

In the Girls' Relay Marion Ingalls crossed the line first for the Third Years. The Senior team took second place, with the Fourth Years running third and the Juniors fourth.

The Senior girls will be awarded a pennant, having taken 8 points. The Third Years came away with 7 points; next in line were the Juniors with 4 points and lastly, the Fourth Years with 3 points.

The "pep" and spirit exhibited by all the classes through-out the meet, both on the field and in the grandstand, was the best T. N. S. has seen for many a day.

And did you notice the faculty. Every one of them was there and they had the spirit, too.

Most of the dinner hour was devoted to yells, and the loudest of all came when Mr. Irish announced that the gymnasium would be opened for dancing later in the evening. It was the grand finale of a wonderfully successful day, and the entire program will long be remembered.

SENIORS FURNISH FITTING MUSIC AT TRACK MEET

"Any ole bunch can get up pep." But the Jazz Band's got 'em all beat. Where did they come from? You should know by now. Of course the idea originated with some of the more or less brilliant Seniors. From the hearty reception given by the Student Body and the support given by the Faculty, it is assured the band has come to stay.

The following is the program which the Band rendered at the track meet Thursday:

- 1. Wedding March.....Tan Houser
2. Selection of Popular Airs..... Led by Miss Mid Marrs
3. Cavalair-In Rusty Cans..... Mas Keg Ney
4. In a Mess o' Macaroni..Nos Carry
5. Saxophone Solo-Weep No More, My Babies..... Miss Aggie Grogan-Soloist
6. Base Solo-Lullaby from Josh Lynn..... Miss Mid Marrs, accompanied by the Drums
7. Grand Finally-Praise God from Whom All Blessings Flow.....

Band practices are to be held every sixth and eighth Mondays in the month. A full attendance of band

members is desired. Please wear band costume.

A surprise in the form of a world renowned ballet dancer will be a feature of the next appearance of the Band.

We thank you!

ALUMNI NOTES

Below we have listed some of the class memorials which the various graduating classes have left the Tempe Normal School.

Class of 1896

This class planted the ivy in front of the Main Building. They also left the bust of Pestillozzi.

Class of 1901

Eust of Lincoln. 18 Psychological and Pedagogical books for the library.

Class of 1902

Winged victory. Class of 1904 Victory.

Class of 1913

Books on Psychology for the library. Class of 1915 Sun dial.

Class of 1918

War fund. They put the "N" on the Butte. 1919 Academics Academic Stone on the campus.

1920

Over \$220 for the Alumni Fund. Besides those mentioned many classes have from time to time planted trees on Arbor Day on the Campus.

Have we overlooked your class? What did it leave behind at T. N. S.

JOKES

He-"Shall we talk or dance?" She-"Let's dance; I'm tired."

Girl-"Have you ever kissed a girl?" Boy-"Is that an invitation, or are you gathering statistics?"

Maggie-"Chuck, they say the moon's a deady body." Chuck-"All right, let's sit up with the corpse."

The fudge you sent got here all right, but I was teaching at the time the postman brought it. My roommate and Deanie said it was fine. Next time mark it "books."

Yours, as never, WE.

"All I've done since I've been up here is break out in sores." "Gee! You should be glad that you can break out some place."

"Kenneth, you never comb your hair." Mid-"Yes, he does-on the square." Yes, Kenneth-on the square.

Anna May-"Kid, this surely is a good-looking stole." Marge-"Yes; that's how I got it."

At Jecker's-"Buy me a drink." "Go on; you flatter me by insinuating that I have the price."

"Do you know how he treats his girl?" "Hocks his watch and frat pin."

GABRIEL'S TRIUMPH

The young man led for a heart. The maid for a diamond played; The old man came down with a club, And the sexton used a spade. -Wampus.

"Your shell-like ears have ne'er been pierced?" I asked with kind intent. "No, only bored," the maid replied. I wonder what she meant. -Exchange.

A little bird sat on a tree And hopped from limb to limb, And kept his beady eye on me The while I looked at him. I stood and watched him much amused Until a thought occurred That it was very probable that I amused the bird. -Puppet.

Break, break, break, On thy cold grey stones, O sea, But I bet you could break For forty years And not be as broke as me. -"The Tag."

English Prof-"You know, gentlemen, that after all, the main objective in all wars is to get closer to the enemy than they are to you."

Joak

Height of optimism is discovered in a fat man who was hopefully inquiring what made the Tower of Pisa lean. -"The Jester."

Tempus-"I'm afraid Joe is a nut." Fugit-"He's got almond eyes, a walnut complexion, and he's always cracking chestnuts."

Nell W. (while witnessing broad jumping at interclass track meet)-"Wonder where they measure from if they don't land on their feet."

Recipe for Trouble: Let Cupid take a spoon and stir up something.

Margaret Johnson-"What time is it?" Bess Darling-"The clock's run down."

Margaret-"Not down here."

Parent-"Is my son well grounded in physics?"

Prof Irish-"I would put is even stronger than that. He is actually stranded in it."

Mr. Frizzell (in Geometry)-"I will instruct you in this problem. Look at the board and I will run through it quickly."

Lane-"Where did you get that bump on your head?" Penny-"Oh, that's where a thot struck me."

Father-"John, can't you possibly cut down on your college expenses?" Nix-"I might possibly do without books."

Prof-"Tell me about the Mongolian race."

Student-"I wasn't there; I went to a ball game."

Dale-"I admire the man who laughs at danger, don't you?" Chuck-"No; I think he has a mighty poor sense of humor."

She (trying on a ring which he had given her)-"I'm afraid it won't fit." He-"That's funny; I never had any trouble with it before."

He-"I bet I can make a worse face than you can."

Joyce Adams-"You ought to be able to; look at the face you've got to start with."
